

mack's
tracks
—by Dave

We all like to brag, but this week we had an experience concerning results in some of the advertising which is carried each week in the Star which we think, is unsurpassed anywhere.

Yep, if you really want results just try The Star. If you don't believe us, well ask Leo McLellan down at the post office.

Y'all know Leo; he is the chief wheel at the post office in Friona.

Well, last week his daughter, Mrs. Betty Louise Recker, who lives on a farm near the Hub community, called us and placed a classified ad advertising the fact that she had a dog she wanted to give away.

The ad, which read something like this—A GIFT—A loveable young dog will be given to the first person that calls 4061.

Anyhow Leo says you sure have to get up early to beat The Star's ads.

He says he has heard of a lot of papers that tell about articles being sold within an hour after the paper gets on the street, but The Star beat that record.

The dog was given away BEFORE the paper even got on the street. That's going some, don't you think?

After last week the Friona Cemetery has taken on a "new look."

This, we would like to point out, is just what can happen when everyone works together toward a common goal.

Prior to last week the cemetery resembled an overgrown trash dump, except for a few graves and spaces the lots were covered with weeds and the graves themselves were sadly neglected.

Saturday we took a tour of the cemetery and were pleasantly surprised by the job that had been done.

Flowers and artificial wreaths were present on most of the graves, the grass and weeds had been cut and each grave had been raked and leveled. The cemetery really looked neat as a pin.

We realize it is a hard job to keep the cemetery looking nice, and the city has been saddled with the job of keeping the area in shape.

But with machinery breakdown, lots of moisture and lack of water in the right spots, it has been hard for the city to put as many men as necessary on the job.

In addition, the city's employees are always elsewhere, consequently the state of the cemetery had gone from bad to worse.

The city is making efforts this week to repair a broken water line leading to the cemetery and this plus a new mower which is needed will aid greatly in making the cemetery look its best.

But, the work will still be needed to keep the place in shape perhaps every month or so if Claborn will be so kind as to donate his tent for shade the folks will find time to gather out at the cemetery and work toward making it a place of beauty.

Slap! Slap! %@/! — guess wot?

If you don't know, the above are quotes from the average citizen of Friona in general and a fan at the little league ball park in particular during the past few nights.

Tried sitting in the back yard, or the front yard, for that matter lately?

We used to hear tales of how big and mean mosquitoes were along the coastline of Texas, but knowing the Plains area as we do know them now, we admit that here again the Plains has the rest of the state bested.

Irrigated mosquitoes are worse than all the rest. We know they are bigger, and have the ability to bite through any number of layers of clothing and raise a welt about the size of a four-bit piece.

Perhaps some chemist will come up with something that the pesky insects can't build up a resistance to and we'll be done with them.

We hope it won't be long until Elvie Jennings will crank up one of his planes and buzz the town with some sort of death-dealing spray for the dad-ratted thunks. Until then reckon we'll just suffer and swat!

Brother Of Frionan Dies

Word was received in Friona late Tuesday of the death of R. T. Dill of Fairbury, Neb. He was a brother of Mrs. Lela Gilmer and Mrs. Ethel Adams. Mrs. Adams has been at her brother's bedside several weeks. Funeral arrangements had not been made Wednesday, but are expected to be Sunday.

Summer Water Rate Effective May 20

Members of the city council voted unanimously to put the summer water rates into effect as of May 20 at their regular meeting Monday night at the city hall.

In order that residents may get the benefit of the rates on this month's billing the rates were voted to go into effect as of May 20.

This move by the council has been done in past years to encourage residents of Friona to take better care of their lawns and grow more beautiful grass, shrubs and trees.

The rates, which will remain in effect until September 20, are as follows:

5,000 to 30,000—15 cents per 100 gal.
30,000 to 50,000—10 cents per 100 gal.
50,000 and up—5 cents per 100 gal.

In other business during the three and one-half hour session, councilmen discussed the city's grass cutting problems, settlement of the Strickland Service Station condemnation problem, received an interim audit

report, approved a re-zoning ordinance, approved a proposition from the highway department relating to the paving and widening of the West Loop, and discussed a request for street lights.

A representative of the National Mower Co. from Lubbock met briefly with the council at the beginning of the meeting and showed a film of his mowers in action.

This grass cutting problem is relative to the problems the city faces in keeping some 22 acres of grass on city property properly trimmed. The work is now being done by two small rotary type mowers which burn up when run as they have to be run to get over all the grass on the park, cemetery, around the water tower and the city hall.

Following a discussion the council voted to ask for bids from local merchants for a riding-type mower, with 30-inch cutting area and a heavy duty type motor for use by the city.

Residents of the West Loop will be encouraged to know

that the council received a letter from O. L. Crain, district engineer of District 5 of the Texas Highway Department, concerning the widening of the pavement along the Loop.

The engineer proposed to the city that as soon as the city had taken steps to put in curbs and gutters, move existing utilities and take steps to secure the necessary right-of-way, a contract would be let for the paving.

As a matter of record this has been done and all the city had to do was approve the resolution and send it to the engineer.

A matter which took up a major portion of the time Monday night was the Strickland Service Station right-of-way problem.

As the 10-foot right-of-way was condemned in a court of law and is now the property of the state, and the law prohibits the construction of any signs on this 10 feet of property, a representative of the highway department was in Friona re-

cently and told the city council that the Shamrock sign now in front of Strickland's station must be removed.

In the agreement for widening the highway the city guarantees the state the right-of-way and protects them from suits stemming from condemnation. All these problems rest with the city for settlement as in all contracts with the state.

The city has taken steps to settle and has offered Paul Strickland \$2750 for his property, which he has refused to accept.

Recently a sign was erected which conflicts with the state law and the state has directed the city to take steps to correct this situation.

Monday night the council directed the city manager, with the help of the city attorney, Bill Sheehan, to write Strickland a registered letter warning him that if the sign isn't removed within 10 days the city will take the necessary steps to have the sign removed. In other action the city fathers

approved a re-zoning request to designate blocks 1-12 in Block 61 original township from "C" zone to "E" zone.

A request for erection of street lights on the corner of 12th Street and Prospect and the corner of 12th Street and Bootleg Road was read and discussed, but action was deferred pending investigation for need of such lights.

During the audit report by Ginsburg, the auditor suggested the need for "better internal control" by designating one or two men only as the only persons that could sign for gasoline for the fire trucks and equipment.

The audit was received and accepted by the council and no action taken on the auditor's request about the gas purchas-

ing changes, as during emergencies the designated men may be at some other point and therefore the necessary gasoline would have to be bought out of an individual's pocket.

Those present at the meeting included Mayor Raymond Fleming, Councilmen Glenn Reeve, Eddie Meil, Ralph Smith, Auditor Ginsburg and City Manager Albert Field.

FIRST GRAIN ARRIVES

Black Receives First 1958 Grain

The first of the 1958 grain crop in the Black area was delivered to Black Grain Company Monday afternoon by W. L. Edelman, who farms southeast of Black. Elevator officials report that the barley which Edelman delivered was cut off a dryland field.

It has been estimated that the entire field would average approximately 30 bushels per acre.

First Barley In Friona Area Hits Elevator

Earl Drake, who farms a half mile south and three miles east of Friona, brought in the first load of barley this season to the Friona Wheat Growers Elevator late Monday afternoon.

Drake says the barley is Cordova Winter barley and was dryland production.

Moisture tests at the elevator showed a moisture content of 8 percent weighing 43 pounds per bushel. The first load weighed 7100 pounds. The yield was not known at press time.

KP DETAIL—Mrs. Ralph Wilson and Mrs. Kenneth O'Brian must've called the turn of the coin wrong as they "supervise" mess gear cleanup Monday morning at the first Girl Scout day camp outing at the Annex. The girls spent the first day making equipment to serve them during the week and seeing "how it should be done."

FIVE FLEDGLING SCOUTS AND THEIR BUDDY BURNERS—Proud as pie over their new "buddy burners" which they will use during the week to cook their meals on, these five beginning scouters seem to enjoy the first morning's Girl Scout day camp. Above, left to right, are sitting, Sharon Awtrey, Diann Gibson, Kathy Jones, Becky Turner, standing is Carol Lou Stokes.

★ ANYBODY FOUND A LOST DAWG?

Naturally it would be hard for youall to recognize a missing dawg just by looking at the pore beast, but ifn youall happen to spot a yellowish colored dawg with white markings on his chest and he answers to the name of "Skipper," well hold onto him.

That will be the 2-year-old dog lost by 11-year-old Jimmy Snead.

Jimmy has asked us to help him look for his dog and we hope that perhaps someone will find his dog for him.

Skipper was last seen near the Snead home in the west part of Friona Saturday night. If you see a dog answering this description phone 4421 and tell Jimmy. Thanks!

Girl Scouts Hold Annual Day Camp

Members of the several Friona Brownie and Girl Scout groups have been gathering each morning in the annex of the Methodist Church for their annual Day Camp this week.

The camp out begins every morning at 7:30 p.m. with the girls cooking their bacon and eggs and other breakfast foods over "buddy burners."

Monday morning 78 girls gathered to begin the first day's camp. As the week rolls by a busy schedule of activities has been planned which includes, for the Brownies such items as tree hikes, tree games, tree identification and tree sketches. Leaders for this group include Pearl McLean, Fern Awtrey, Ruth Bartlett and Deke Kendrick.

The new Girl Scouts, just graduated from the Brownies, are spending their time learning the art of knot tying and making hanging ivy planters. Leaders for this group include Edith Johnson and Mary Roberts.

There are four troops of older Girl Scouts and all are working together learning lashing of bed rolls and setting up prim-

★ ★ ★ Baptist Church Dedicates Auto For Missionaries

A miracle was performed as far as Mrs. A. L. McKenzie was concerned Sunday morning in Friona as members of the First Baptist Church gathered after Sunday services to dedicate a 1958 Chevrolet station wagon to be used in missionary work in Jamaica.

The story behind the picture above goes back to 1956 when Rev. L. A. Sartain, now pastor of the First Baptist Church in Friona, went to Jamaica on a preaching mission.

While there on the islands he met the McKenzies who had been there many years working among the natives without benefit of help from any denomination back in the United States.

The McKenzies sold their possessions 17 years ago to do their best to help the natives on the island of Jamaica.

After his visit to the islands in '56, Rev. Sartain and his family asked his church to bring the McKenzie's son, Charles, to the United States to attend school.

Church members agreed to help, while Rev. Sartain was at

Ethridge-Spring Agency Recognized For Service

Visiting in Houston at a recent insurance convention Bill Stewart of the Ethridge-Spring Insurance Agency of Friona was presented a bronze plaque in recognition of the agency's service in this area.

The plaque, the first to be awarded for such service by Cravens, Dargan and Co. of Houston, a general insurance company, commended the work done in this area by the agency.

The plaque reads as follows: "Ethridge-Spring Agency, in recognition of Outstanding Insurance Service to the Farm Property Owners of Friona Area 1940-1958 by Cravens, Dargan and Company."

Stewart, Dan Ethridge and Frank Spring were all grins in telling about receiving the plaque and have hung the trophy in their offices on Main Street in downtown Friona.

Sundown, and a short time later Charles arrived in Texas.

On a visit here to see her son, Mrs. McKenzie spoke in a number of churches in and around Amarillo and it was on this tour that she met Mrs. J. D. Ballew of Amarillo.

At this time members of the WMU of the First Baptist Church of Amarillo had begun a fund for the purchase of a new car for the McKenzies to use in their work.

This spring Mrs. Ballew renewed the efforts to gather funds for the new auto and with combined effort of Rev. Sartain and others at last the dream was realized.

The station wagon will be used to help the McKenzies travel in their duties from point to point on the island and as an ambulance.

ARNOLD L. SCHUELER

Schueler Receives Music Degree From University of Texas

Arnold L. Schueler, son of Mr. and Mrs. R. H. Schueler of Friona, has received his bachelor of science degree in music at graduation exercises at the University of Texas on May 31.

Arnold attended Friona High School and St. John's Academy at Winfield, Kans., before attending the university. He spent two years as a chaplain's assistant in the Army in Korea in 1953-55.

After spending the summer vacation with his parents in Friona, Arnold will begin graduate study in music, with concentration on piano, at North Texas State College, Denton.

Former Resident's Father Dies

J. M. Black of Killeen, father of Mrs. Lonnie McFarland, died May 28 in Killeen and was buried there May 30. Mrs. McFarland, a former Friona resident, now lives in Pierre, S. D.

Frieda Furbelow says some men don't like a woman for her mind, but for what she doesn't mind.

Baseball Action Swings Into Full Force

Hub Shellacks McCaslin 6-4

In spite of a homerun hit by McCaslin's Larry Stevick, which brought in two more scores besides the hitter's, Hub won Tuesday evening's Little League game by a score of 6-4. This hit was in the bottom half of the fourth inning and tied the game 4-4 at this point.

Gary Lou Renner was the winning pitcher and Bernie Deaton pitched for the losing team. Renner allowed only four hits, walked four players, and struck out 12. Deaton's tally was 10 hits, five walks, and 11 strikeouts.

Weldon Talley served as umpire calling balls and strikes

behind the plate. Umpire on first and second bases was Duane Lucas, and Roy Clements umpired at third.

Thursday—Little League
Claborn Ferrell (25) vs Reeve Chevrolet (9)

1st
CF got first bat and received three strikeouts. Reeve received three walks, one run and three strikeouts, two men left on.

2nd
CF received two hits, two runs and three strikeouts. Reeve got one hit, three walks, three runs, one strikeout and two outs on first base, one left on.

3rd
CF got five hits, four runs

and three strikeouts. Reeve got four hits, three walks, three runs, two strikeouts and one man out on base, three men left on.

4th
CF got seven hits, five walks, 10 runs, three strikeouts and left two men on.

5th
CF got four hits, two walks, five runs, three strikeouts and left one man on.

6th
CF got three hits, one walk, four runs, two strikeouts, one

out on base. (Kenneth Squyres got a homerun.)

Reeve got one hit, one walk, no runs, two strikeouts, one out on base and one left on.

Fairly even game until top half of 4th when CF got 10 runs which put them way out in front where they stayed.

Winning pitcher — Richard Bigger.

Losing pitcher—Bing Bingham.

Friday Night Intermediate League
McCaslin Lbr. (16) vs Bengor Air Park (1)

1st
McCaslin was first up and got six hits, one walk, two runs, one strikeout, two out on base

and left two men on.

Benger got one walk, one out on base, one fly out, one strikeout and one man left on.

2nd
McCaslin got four hits, one walk, one run, one strikeout, two out on base and three men left on.

3rd
McCaslin got two hits, five walks, five runs, three outs on bases and left one man on.

4th
McCaslin got two hits, two runs, one strikeout, one out on base and one fly out.

Benger got one hit, two walks, one run, three strike-

outs and left two men on.

5th
McCaslin got seven hits, six runs, two strikeouts, one fly out and one man left on.

Benger got one walk, two strikeouts, one out on base and one man left on.

Winning pitcher — Bernie Deaton

Losing pitchers—Bob Welch and Tommy Baxter

Friday Night (2nd game)
Hub (7) vs Black (2)

1st
Black got one hit, three strikeouts and one left on.

Hub got three hits, two walks, four runs, one out on base, two fly outs and one left on.

(Continued on Page 2)

THE STAR'S EDITORIAL COMMENT

Pity the Pore Railroads

There has been a lot of talk lately on the fate of the American railroad. Gone forever is the day of Casey Jones and the Old 99 and the like. Today's modern diesels are a far cry from the old wood-burning, cinder throwing engine of yesterday.

And gone, too, are the millions of dollars in profit that the American railroads used to carry home each fiscal year.

For years they have been crying about unfair taxes, subsidized truck lines, mounting maintenance costs and declining freight tonnages.

Gone is the day when the railroad could pull into a town and dictate policy and call the turn on which way the country could go—usually the choice was to either go with the railroad and live or buck the railroad and die.

This type of attitude is why the railroads are in the shape they are in today.

Too long they sat on top of the heap and skimmed off the cream, dictating their wishes to the general public. Yes, we needed the railroad, especially here in the Southwest. It is a long haul still today from Friona to the Eastern markets for cattle, cereal crops, and our other products in this area, but now the rails are hollering "uncle" in a big way.

No longer subsidized, they find it hard to make ends meet in this modern-day standard of hard compe-

tion. The trucker has taken away the short haul LCL business of the rails. True, the rails are hampered by restrictions of the government, but in looking back into the pages of history, who caused the restrictions to be placed on the rails? The people, yes, the people who for so long were horse-whipped by the tycoons and railroad magnates who got land by the sections for putting down their rails and for years have bled the South white by their outrageous rates.

Perhaps the rails have finally awakened to the fact that they are not expendable and to gain the people's trust and business once more they are going to have to kiss the hand they once slapped.

cookers to be tested from 10 a.m. to 5 p.m.

The T. J. Presleys and Helen Fangman have just completed storm caves.

Mr. and Mrs. Howard Elmore returned home Sunday from Mooreland where they went for Memorial Day and to visit Elmore's brother, Joe Elmore, and family.

Mr. and Mrs. John Farmer from Bowie visited in the Woodroe Whitaker home last week. Mrs. Farmer is a sister of Woodroe.

A strong wind struck in our neighborhood Sunday afternoon about 5:30. Limbs as big as three, four, and five inches thick broke off of trees. A cotton trailer turned over and a tree was uprooted at the Dick Rockey home. So far no hail or heavy rain has been reported.

Wayne Stark, Black depot agent, who had surgery last

Wednesday at the Parmer County Community Hospital, is getting along fine. If he continues to improve he will be going home soon.

J. R. Braxton of the Tri-County Elevator made a business trip to Dallas Monday.

Mr. and Mrs. Clyde Hays attended Texas Tech commencement exercises where their son, Clyde, received his degree. Also going from here were Mr. and Mrs. Ralph Price and Mr. and Mrs. Fern Barnett.

The Black Home Demonstration Club will be guests of the Progressive HD Club of Hereford Tuesday afternoon.

Gala Chicken-Asparagus Casserolettes

The "girls" will adore this novel food combination and the men will relish the wonderful chicken-mushroom flavor. You make these casserolettes early in the day so you're relaxed and pretty at party time. Each casserolette as a bubbly golden cheese topping. Underneath are layers of tender green asparagus, succulent chicken and tender white rice.

INGREDIENTS:

- 2 cups cooked white rice
- 1/4 cup chopped pimientos
- 8 spears cooked asparagus
- 1 to 1 1/3 cups diced cooked chicken
- 1/3 cup milk
- 10 1/2 oz. can condensed cream of mushroom soup
- 1/2 teaspoon salt
- 1/2 teaspoon black pepper

1/2 cup grated American or sharp cheese
METHOD: Grease four 10 oz. individual baking dishes. Place 1/2 cup cooked rice in each baking dish. Divide the pimiento between the four baking dishes. Halve the asparagus spears and divide between baking dishes. Top with the chicken. Mix together the milk, mushroom soup, salt and black pepper. Pour over the chicken. Divide the cheese between the baking dishes, sprinkling it over the soup. Cover and store in the refrigerator. At meal time, allow dishes to come to room temperature before placing in a 375° F. oven. Bake about 30 minutes or until the top melts and begins to brown. This recipe makes 4 generous servings.

Freezing is a quick, easy way to preserve fresh greens, asparagus and other spring vegetables.

Read and use the classified ads in your weekly paper. Attend church Sunday!

in & around FRIONA WITH JUNE

Have you noticed the progress being made on the new Allen's Jewelry building on Main Street? This is going to be a very good looking addition to the east side of our main thoroughfare. Another building that we keep an eye on is the one at the corner of Sixth and Euclid.

A great number have asked when we plan to move. At this time, we don't really know so we've just been telling everyone that it will not be very long.

After making a little trip down in central Texas over the weekend, we feel sure that those of us who live in West Texas need to take some lessons on mosquito control from someone down there. We didn't see or hear a mosquito from the time we got off the Plains until we got back upon them.

After all the tall tales we've heard about East Texas mosquitoes, we are beginning to wonder if they just moved to West Texas. With all the rain that section of the country has had this past spring, there must have been an abundance of water for the insects to hatch out in. The only way we can figure the lack of them is a good control program over a wide area.

We went to College Station by way of Plainview, Abilene, and Temple. Then returned by way of Austin, Lampasas, Comanche, Snyder, and Plainview. The weather was nice all the way and wasn't as hot as we expected it to be. The wild flowers along the roadsides were beautiful. It seemed that everything was blooming.

The bear grass was in bloom most of the way and was beautiful. A lot of flowers we saw were varieties that we didn't recognize. When we first began to see the various colors beside the road everything we came to was described as "beautiful" or "most beautiful." We ran out of adjectives to describe the flowers before we drove very far.

As much as we like to visit that section of the state, it is always good to get back onto the Plains. We especially enjoyed touring the capital building Sunday afternoon. The grounds around the building were very pretty, too. It is amazing to note the number of plants that grow there that we never think of growing except in pots inside.

Just across the street south of the capitol on the east side of the street large white banners with red letters marked the campaign headquarters of the Yarborough supporters. Think that was the only sign of political activity we saw.

The damage that had been done to crops at several places along the way by hail was anything but pleasant to see. Some farmers had lost wheat that was almost ready to harvest, cotton that had several leaves on it, and young row crop that was six or eight inches tall.

A lot of wheat and oats were being harvested and there were roasting ears ready to eat in several fields between College Station and Austin. It wasn't an uncommon sight to see several persons snapping beans in the breeze way or shade of the house.

The whole trip was a lot of fun for when you travel with two older persons, two teenage girls, and two younger girls in a group there is never a dull moment and always something to do or see. One of the most enjoyable things on the trip was a couple of hours when all six of us went swimming in the river between Austin and Lampasas. Surely do wish we had a river in Parmer County.

Has anyone found a billfold? Two friends of ours are looking for lost billfolds. Opal Baxter isn't sure whether she lost hers in Friona or between here and Elk City, Okla., but would like very much to get it back.

Anyone who enjoys wrestling should attend the matches at the Hereford Bull Barn Saturday evening of this week. This is a benefit affair sponsored by the Oasis Shrine Club. This organization has been working hard toward getting a crippled children's hospital located at Hereford.

Of course, this would be beneficial to residents all over the Panhandle of Texas. This effort is being made to enable residents of this area to get needed treatment without having to go so far away from home. The Shriners have worked long and hard on the project and will continue to do so until they have accomplished their goal.

If you like wrestling, be sure to go to the Bull Barn Saturday night. Some tickets have been left at the Star office and we would be most happy to sell you all you want. All tickets are \$1 and there will be a drawing for merchandise in the amounts of \$500, \$200, \$100 and four \$50.

The family of Rudolph Renner is very happy this week over the arrival of one of Renner's cousin's daughters and her daughter. For a long long time the Renners have been endeavoring to assist four of their relatives in immigrating to the United States. Mrs. Bianca Wilhelm and

daughter, Dagmar, whose home was in Hamburg, Germany, arrived at noon Wednesday and the others are expected within the next two weeks.

To the question, "What will a nickel buy?" the answer is "A Coke if you want to drive a few hundred miles southeast." That was one of the most noticeable signs we observed on our trip. At just about every place we stopped there would be a sign reading "Cokes 5c."

Isn't someone from Parmer County going on Cotton John's European tour? We keep listening for him to call someone's name from our town.

★ FALSE ALARM CAUSES 'ALARM' HERE MONDAY

A false alarm at the Friona Volunteer Fire Department had curious onlookers and Friona volunteer firemen breathless Monday afternoon.

The electrical switches on the fire siren were in the process of being changed in location and after changing the electricians wanted to see if the connections were all in order.

Naturally the only way this could be done was to set off the alarm. As one fireman aptly stated—"Oh, well, it made a good excuse to get a cup of coffee."

PORTALES, N. M.—A total of 186 first graders have been enrolled in the three Portales elementary schools, according to Melvin James, supervising principal. There were 97 boys and 89 girls.

The U. S. Navy commissioned 68 submarines in the year 1944 alone.

Texas Champs in 4-H Achievement

State honors for 1957 were received by two Texas 4-H'ers for outstanding records in the 4-H Achievement program. They were presented with certificates of recognition for their contribution in 4-H Club and community activities.

Clydel Young John Landers

The 16-year old winners are Clydel Young, of Cameron county, and John Landers, of Menard county. Clydel was a state delegate to the National 4-H Club Congress held recently in Chicago. Her trip as well as other achievement awards were provided by Ford Motor Co. Clydel participated in clothing and leadership. She organized and led a clothing club and was an officer in the 4-H Junior Leaders Club.

At the age of 10, John began 4-H work with a flock of sheep. He has since shown several grand champion animals. Helping younger members learn how to shear sheep has been one of the important contributions to his local 4-H work.

The Cooperative Extension Service directs the 4-H Achievement program.

Moved

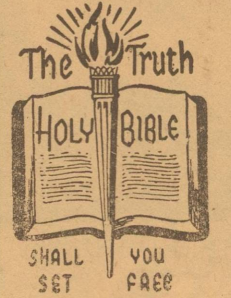

Mr. and Mrs. Jerry Morton have moved into Mrs. J. P. Wilson's house at 1110 Euclid Street. Mr. and Mrs. Melvin Dement, formerly of Tatum, N. M., have moved into the Schueler apartment house on Main Street.

Mr. and Mrs. L. B. McClain have moved from Berger into the house they purchased from Weldon Minchew on West Fifth Street. The McClains, who are parents of Mrs. I. T. Graves Jr., are former Friona residents.

Mr. and Mrs. Ben Taylor have moved from Seymour into the Schueler apartments.

Bill Tubbs is looking for an apartment. . . someplace where he can put up with his wife.

ETERNAL LIFE IS AN INHERITANCE

Legally speaking, an inheritance is obtained through the channel of a will. A person may be included in a will as beneficiary and still never receive the part willed to him.

Why? Because he may fail to obey the conditions of the will or testament. The fact that he is ignorant of what the requirements are does not excuse him and make him eligible. Pure neglect or deliberate refusal to meet its terms will disqualify him in the eyes of the court. Submitting to a false interpretation of a will does not qualify a person to receive its benefits.

The Terms of Christ's Will Must Be Met

A person may lose all the benefits of Christ's will because he failed to meet its conditions. If he fails to meet its terms because he is ignorant of them, what was his reason for being ignorant. Friend, what is your reason for not knowing the will of God? The Holy Spirit said, "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." II Timothy 2:15. He further says in Ephesians 5:17: "Wherefore be ye not unwise, but understanding what the will of the Lord is." Jesus said, John 8:32, "And ye shall know the truth, and the truth shall make you free." Neither will neglect excuse a person in God's sight. "How shall we escape, if we neglect so great salvation . . ." Heb. 2:3. Jesus said, "Blessed are they that do his commandments that they may have a right to the tree of life, and may enter in through the gates into the city," Rev. 22:14. In Mt. 7:21 he said, "Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven."

Come to The Sixth St. Church of Christ Where People Are Taught to Both Respect and Obey Christ's Will in its Entirety, Completeness, and Perfection, and Where the Blood of Christ is Upheld as God's Soul-Cleansing Power.

Works of Art on Display

MRS. WINIFRED HURST

MRS. IVAN ADKINS

MRS. J. H. WISE

ART EXHIBITORS—Now on display in the Friona State Bank is work by members of the art class of Friona. The display opened officially Sunday afternoon and there are numerous colorful works of art hanging in the bank this week.

An art exhibit, the culmination of a ten-lesson course taught by Dr. Emilio Caballero of Canyon, opened in the Friona State Bank Sunday and will continue through Saturday. The paintings are being shown in the lobby, behind the teller's cages, in Frank Spring's office, and in the director's room.

Thirty-five paintings are on exhibit. Everyone in the class exhibited except Mrs. Leo Ruzicka, who was unable to take part because of the illness of her daughter. The oldest exhibitor is Mrs. J. H. Wise and the youngest is Linda Brummett.

The show consisted of paintings done in eight different techniques which were evocative, pointillism, wet wash on burlap, sponge on mat board, black and white, painting on cheesecloth, by spraying paint on a textured surface made with texture, and spraying paint over stencils.

Dr. Caballero is head of the art department at West Texas State College and received his PhD from Columbia University in 1953. He has recently completed a mosaic mural for the Midland Public Library.

Refreshments of cold drinks and assorted snacks were served as a courtesy of the Friona State Bank. The informal serving table was covered with a pink cloth and centered with a wooden bowl filled with bottled cold drinks and colored ice cubes. Assorted crackers and nuts were also served in wooden bowls. The lobby was decorated with roses and an arrangement of roses in an antique silver bowl decorated the registration table. About sixty guests registered Sunday afternoon. Out-of-town visitors signing the register were from Farwell, Hereford, and Muleshoe.

As a result of this course an interest group is being organized and will meet the first Thursday in each month. The organizational meeting will be open to anyone interested in painting tonight (Thursday) at the Methodist annex at 7:30.

To New Home

Mr. and Mrs. Leonard Nettles and children, Charlotte and Danny, and Mr. and Mrs. Bill Wooley and sons, Mike and Scotty, were Sunday guests in the home of Mr. and Mrs. O. R. Phifer at New Home. The Phifers are parents of Mrs. Nettles.

Mr. and Mrs. Vialo Weis and sons of Amarillo were weekend guests in the home of Mr. and Mrs. Karl Bender. Weis is Mrs. Bender's son.

From Fort Collins

Mr. and Mrs. Roy V. Miller Jr. and son, Dan Roy, of Fort Collins, Colo., were weekend visitors in the homes of Mr. and Mrs. Roy V. Miller Sr., Mr. and Mrs. Ross Miller, and Mr. and Mrs. Clyde Tims. They also attended the Donna Miller-Sam Mears wedding Saturday evening. Miller returned Monday but Mrs. Miller and Dan Roy stayed for a longer visit.

FHA Sponsors Electric Cooking

The Friona chapter of the FHA is sponsoring an electric cooking demonstration at the high school gymnasium Thursday, June 12, at 2:30 p. m. Mrs. Jo Helen Cabbell, Southwestern Public Service Home Service adviser, of Amarillo will give the demonstration.

Everyone in the community is invited to attend. There will be no admission and the FHA girls will supervise a nursery for preschool age children. They will be assisted by Mrs. Eunice Ratliff, chapter adviser. Guests will register for door prizes.

More and more farm people are supplementing their incomes with off-farm employment, notes A. B. Wooten, extension economist. In recent years the ratio from non-farm sources, compared to farm sources, has been about one to two. This means that farm residents are making a \$1 from non-farm jobs for each \$2 they make on the farm.

Fifty-Four Girls Sign for Projects

Fifty-four home economics girls signed up early this week for summer experiences. They were given eleven fields to choose from. They were care and guidance of children; consumer buying; family and social relations; health, safety, and home care of the sick; home improvement, home management, laundry and personal finance; personal care and improvement; provision of food for the family; and selection, care, construction, and renovation of clothing.

Each girl is required to spend 100 hours on her project between May 15 and June 20. This work will count on credits toward graduation and is under the supervision of Mrs. Eunice Ratliff, FHA advisor.

Those who have enrolled for summer programs are Lavoida Newbrough, Donna Blackburn, Linda Brummett, Karen Treider, Eleanor Dodson, Darla Bingham, Cynthia Caffey, Mary Jane Grubbs, Kay McKee, Pat Ready, Kitty Black, Judy Fesser, Karen Bales, and Jolynda Stokes.

Also Sue White, Linda O'Brien, Mary Ann Stacy, Erma Lou Drake, Adelle Smith, Jenny McCathern, Maxine LaFavers, Charlotte Bock, Jean Wilson, Levada Hand, Virginia Fulks, Faye Scales, Marilyn

Potts, Carolyn Wines, Janie Parker, Sally Hough, and Margie Carlton;

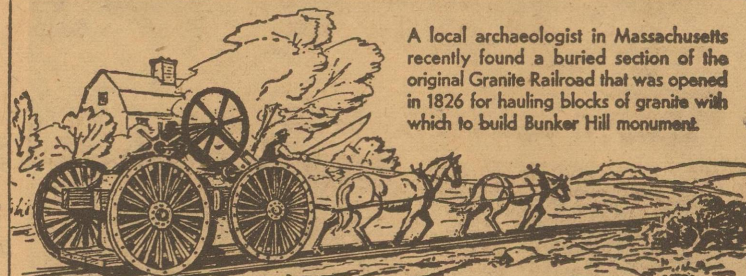

Also Lawana Houlette, Geneva Floyd, Jacquelyn Magness, Dolores Elmore, Janet Snead, Judy Smith, Joan Wheeler, Carle Levada Singletary, Gayle Knight, Winette Beaton, Virginia Patton, Suzanne Taylor, Cella Weatherly, Nelda Douglas, Lanelda Wall, Joyce Whitten, Carolyn Baxter, Lois White, Lawana Towery, Carolyn Parker, Pat Myers, Kay Struve, and Zaydene Deaton.

OTHERS SAY

The National Rural Electric Cooperative Association states that it is vigorously opposed to proposed legislation which would increase REA's two percent interest rate. That rate is less than the government has had to pay for the money it borrows—which means that the taxpayers at large must make up the difference when REA loans are made. (Brookville, Pa., Jeffersonian Democrat)

COLORADO CITY—Application for federal aid for slum clearance work here has been approved. Approval of the application clears the way for both slum clearance and low-cost housing work in Colorado City.

Rail oddities

A local archaeologist in Massachusetts recently found a buried section of the original Granite Railroad that was opened in 1826 for hauling blocks of granite with which to build Bunker Hill monument.

Last year 48 cents out of every dollar of operating revenue taken in by the railroads went to meet their payroll.

A railroad man's watch must meet high standards of design and precision. He is required to check at frequent intervals to make sure that its accuracy doesn't vary more than 30 seconds in 168 hours.

EARTH, TEXAS—Engineers have been in Earth working on a survey of the streets to obtain specifications, grade, etc. in regard to the paving project now underway.

Ez Tike's No. 2 son, Millard, entered our local amateur prize fights. . . had his opponent worried for a while, too. . . the fellow thought he'd killed Millard.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

ETERNAL VALUES

If one should give me a handful of sand with particles of iron in it, I might look long with my eyes and search with my fingers and never find the iron. Then let me take a magnet and sweep it through the sand and the magnet's mysterious power would draw the iron from the sand to itself.

Searching with our weak eyes and clumsy hands alone, we shall never be able to detect many of the particles of eternity in the sands of life. Let us take the mysterious power of Christ in our lives and that power will draw the eternal values of life to ourselves. As His attitudes of life and divine and human relationships become a part of us, the real and true values become apparent to us. "I am come that ye might have life, and that ye might have it more abundantly."—Jesus Christ (John 10:10)

Cake and Pie Baked in One

Molasses Sugar Pie has a crust like a pie, a filling like cake, and tastes like both. "Long sweetening" is what our grandmothers called molasses in the days when they used it to save sugar which was then expensive. Most of the good things they made with "long sweetening" didn't last long, though, because they tasted so good.

Take, for example, Grandmother's Molasses Sugar Pie. Most of us would call it cake, since the filling is like cake. But it is baked in a pie shell, and that makes it pie. The filling has a sort of gingerbread flavor.

Old time cooks learned some shortcuts, just as we do today. When you cut into Molasses Sugar Pie you'd think a cake batter had been poured into a pie shell to bake. But making it is much easier than making a cake batter. A crumb mixture made of flour, sugar and margarine is spread into a pasty-lined pan. Over this is poured a mixture of boiling water, molasses and soda. The crumb mixture is alternated with the hot molasses until all

the ingredients are used up. Surprisingly, baking transforms this unusual, easy-to-make filling into what looks and tastes like cake.

This pie makes a hearty dessert. It is at its best when served slightly warm, topped with a spoonful of whipped cream cheese. Add two or three tablespoons of milk to a small package of cream cheese and whip until fluffy. For an extra-special touch, fold in about a fourth of a cup of chopped candied ginger or orange peel. A topping of plain vanilla ice cream is good, too. It gives the pie a flavor that reminds one of New England's delicious Indian Pudding served hot with vanilla ice cream.

MOLASSES SUGAR PIE (19-inch pie)

- Pastry for bottom crust
- 2 cups sifted flour
- 1/2 teaspoon salt
- 1/2 cup sugar
- 1/2 cup margarine (1 bar)
- 1/4 cup molasses
- Line 9-inch pie dish with pas-
try. Trim and flute edge. Into
mixing bowl sift together flour,
salt and sugar. Cut in margar-
ine until mixture is like coarse
cornmeal. Mix molasses, boil-
ing water and soda, stirring to
blend and dissolve soda. Add
vanilla extract. Over bottom of
pastry in lined pie dish sprinkle
about one-fourth of the mar-
garine-flour mixture. Pour some
of the molasses mixture over,
- 1/4 cup boiling water
- 1 teaspoon soda
- 1 teaspoon vanilla extract
- 1 4-ounce package cream
cheese
- 1/4 cup chopped candied ginger
drizzling about one-third of it
over entire surface. Then add
another layer of the margarine-
flour mixture, more molasses,
continuing until both are used.
Alternate layers, ending with a
layer of the crumb mixture on
top. Bake in moderate oven
(375° F.) 45 minutes. Serve
warm. If desired, top with ice
cream or whipped cream cheese
into which candied ginger bits
have been folded.

Early Friday morning after graduation on Thursday, Friona seniors boarded a bus for Eureka Springs, Ark. They arrived in Oklahoma City about noon and lunched there.

After what seemed like a long but exciting trip, the seniors pulled into Eureka Springs singing "The Eyes of Texas." They were situated in cabins overlooking Lake Lucerne and settled down to a week of swimming, fishing, boating, dancing, ping-pong, hikings, games, horse back riding, sight-seeing, and eating. Residents of each cabin did their own grocery shopping and cooking.

One evening a special trip was made to White River, located several miles from Eureka Springs. Here the group enjoyed a wiener roast. Each night before retiring, the group assembled for a devotional period and on Sunday they attended church in town.

The class enjoyed the company of seniors from Booneville, Miss.; Archie, Mo.; and Friendship, Tex. Before the departure of the Booneville group, the Friona seniors joined with them for a group devotional.

The class presented gifts to the sponsors, C. R. Brown, Gene Ledbetter, Tacy Smith, J. B. Buske, Mr. and Mrs. J. T. Gee, and the bus driver, Johnny Harms.

On the return trip, the class again ate lunch at Oklahoma City and also spent an afternoon at Springlake Amusement Park there.

At about 11 p.m. Wednesday the seniors entered Friona singing the school song and "The Eyes of Texas" amid a few regretful tears. They were greeted by a reception committee of parents, teachers and a large percent of the senior class of 1959.

The class is planning a reunion at Christmas to recall the 12 years of hard work and fun that were culminated by the trip. Ask any senior how he enjoyed the trip and he'll tell you, "It was a ball!"

A touring Texan stopped at a Florida roadside fruit stand and asked, "What's the price of this cantaloupe?"

Glancing at the license plate, the clerk replied wittingly, "Take your finger off that olive!"

SIGHTS TO SEE IN TEXAS

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields,

biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

10 Friona Students Attending Annual ENMU Band Camp

Ten local high school students are attending the eleventh annual Sunshine Music Camp at Eastern New Mexico University which began Sunday and will continue through June 14. The ten Frionans are among some 550 students drawn from 35 cities in New Mexico and 36 cities in Texas in addition to representatives from Arizona, Kansas and Oklahoma.

Friona students attending the camp include Jobey Doil Claborn, cornet; Kathryn Sue Baxter, clarinet, twirling; Ann

Baxter, clarinet, twirling; Ira Parr, trombone; Mary Jane Grubbs, saxophone, twirling; Brenda Iris Collier, flute, twirling; John C. Miller, trombone; Pamela Sue Roden, clarinet, twirling; Linda Jo Castleberry, oboe; and Kitty Black, flute.

While attending the camp the students will participate in such activities as four bands, two orchestras, choir, two dance bands. The camp also offers class instruction in ensembles, theory, twirling, drum majoring and student conducting.

Antarctic sun energy is being used to operate a solar still for transforming salt water into fresh. An Australian firm has made an extremely simple still of compact design which can produce small quantities of purified water in any climate at low cost. UNESCO states that the apparatus can be erected in 30 minutes and can be packed for dropping by parachute. It needs only normal daylight to set it in motion.

A Chocolate Cake Of Great Renown

Destined to become a gastronomic classic is German's Chocolate Cake—a recipe that has swept across the country with incredible speed. Is it the rich, chocolate-y layers, the mouth-watering frosting, or the inimitable combination of both that make it so universally popular? Whatever the reason, once made, you'll everlastingly cherish this recipe for German's Chocolate Cake.

German's Chocolate Cake

- 1 package sweet cooking chocolate
- 1/2 cup boiling water
- 1 cup butter, margarine, or other shortening
- 2 cups sugar
- 4 egg yolks, unbeaten
- 1 teaspoon vanilla
- 2-1/2 cups sifted cake flour
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup buttermilk
- 4 egg whites, stiffly beaten

Melt chocolate in 1/2 cup boiling water. Cool. Cream butter and sugar until light and fluffy. Add egg yolks, one at a time, beating after each. Add vanilla and melted chocolate and mix until blended. Sift flour with soda and salt. Add sifted dry ingredients alternately with buttermilk, beating after each addition until batter is smooth. Fold in stiffly beaten egg whites. Pour batter into three 8- or 9-inch layer pans, lined on bottoms with paper. Bake in moderate oven (350° F.) for 35 to 40 minutes. Cool. Frost top and between layers with Coconut-Pecan Filling and Frosting.

Coconut-Pecan Filling
Combine 1 cup evaporated milk, 1 cup sugar, 3 egg yolks, 1/4 pound margarine, and 1 teaspoon vanilla in a saucepan. Cook over medium heat 12 minutes, stirring constantly, until mixture thickens. Remove from heat. Add about 1-1/3 cups flaked coconut and 1 cup chopped pecans. Beat until cool and of spreading consistency. Makes enough to cover tops of three 8- or 9-inch layers, or tops and sides of two 9-inch layers.

SCS Employees Take Long Weekend Trips

Since Memorial Day fell on a Friday this year, all employees of the local Soil Conservation Service had long weekends. All four of them took advantage of the time they had off and took trips to Central and South Texas.

Bob Crozier, work unit conservationist, visited his parents, Mr. and Mrs. Clyde V. Crozier at San Antonio, attended a family reunion at Gonzales, and visited other relatives and friends in those two cities and in Austin.

Mr. and Mrs. Bob Zetsche and son visited his parents, Mr. and Mrs. J. B. Zetsche at Bowie, and her parents, Mr. and Mrs. W. M. Williams at Fort Worth.

Jay Sanders, accompanied by his wife and sons, Ted, Tommy Jay, and David, visited relatives at Sherman and fished

OTHERS SAY

Are conditions as bad as some people paint them? We ask this question because we have heard people "poor mouth" so much that we are afraid they actually are making conditions worse than they are. (Bishopville, S. C., Lee Co. Messenger)

at Lake Texoma. The fishing was good and the entire family reported a wonderful trip.

The Glenn Floyds and daughters, Geneva, Frieda, and Susan, and Margaret Mabry went to College Station to see Gerald Floyd before he left for Fredonia, Ariz., where he will be employed by the U. S. Forest Service during the summer months.

On the return trip the group visited Marilyn Floyd at Austin, Mr. and Mrs. Clifford Reynolds at Comanche, and Mr. and Mrs. Ernest Harvey and children at Clairemont.

Fifty years ago the youth phase of Agricultural Extension Service work in Texas was established. The first boys corn club organized by a county agent—by the late Tom Marks in Jack County in 1908—set into motion an educational movement that is now known the world over as 4-H club work. The 50th anniversary observance will get a special send-off in Texas during the annual 4-H Roundup scheduled for June 10-12 at Texas A&M College.

C. H. Bates, extension farm management specialist, advises farmers who have been forced to replant to buy certified seed for the replanting whenever possible and to keep accurate records of all added expenses because of the weather.

A salesman is a man with a smile on his face, a shine on his shoes and a lousy territory.

SPEED THROUGH PLANTING
with a **JOHN DEERE Grain Drill**

Experts agree that, along with seed and proper seeding rate, the planting date has a big effect on the quality and the yield of the crop. Make sure that you get your seed in when soil and moisture conditions are just right—with a dependable, high-speed John Deere Grain Drill. Visit our store on your next trip to town and let us show you how to increase yields and build profits through proper planting with a John Deere Grain Drill.

Large Crowd On Hand for Meeting Of Wheat Growers

More than 1200 persons attended the annual barbecue and stockholders meeting of Friona Wheat Growers at the cafeteria and auditorium Tuesday evening. Frank Triplett, manager of the Producer's Grain Corporation of Amarillo, was guest speaker.

During the business meeting E. L. Fairchild was reelected to serve on the board of directors for a three year term. A. W. Anthony Sr., president of the board of directors, announced that individual checks will

SEGUIN — School trustees went to work recently on preliminary plans which will lead to construction of \$875,000 in new school buildings and other facilities. This action followed passage of a bond issue by voters of the school district.

The FFA motto—"Learning to do, doing to learn, earning to live, living to serve."

Reduce Delinquency

XIII MORE SEVERE PUNISHMENT?
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

In the face of shocking crimes and a wave of vandalism throughout the country, the cry has gone up for tougher laws to punish teen-age delinquents.

But treating young offenders like criminals isn't the answer. It has been tried before and it has failed.

Looking Backward
Less than 150 years ago all children over 7 were held responsible for their crimes. Severe punishment, or more aptly, retaliation, was the established pattern for a good many centuries.

As late as 1814 three boys in England, aged 8, 9, and 11, were hanged for the theft of a pair of shoes.

Classifying youngsters as criminals and imprisoning them does not do anything except complete their education as criminals.

They Liked the Attention
A royal commission in England found that far more youngsters officially whipped became repeaters than those who had not been. The whippings made them "heroes" to their friends.

Those who have studied the causes of delinquency and worked with teen-age offenders recommend probation in the child's home whenever possible—supervision, in other words. Otherwise, the youngsters should be put in an institution where there will be a program of education and rehabilitation.

And the younger and/or lesser offenders must be separated from the hardened repeaters, so that the contagion of badness does not result.

MILK

IS

NATURE'S

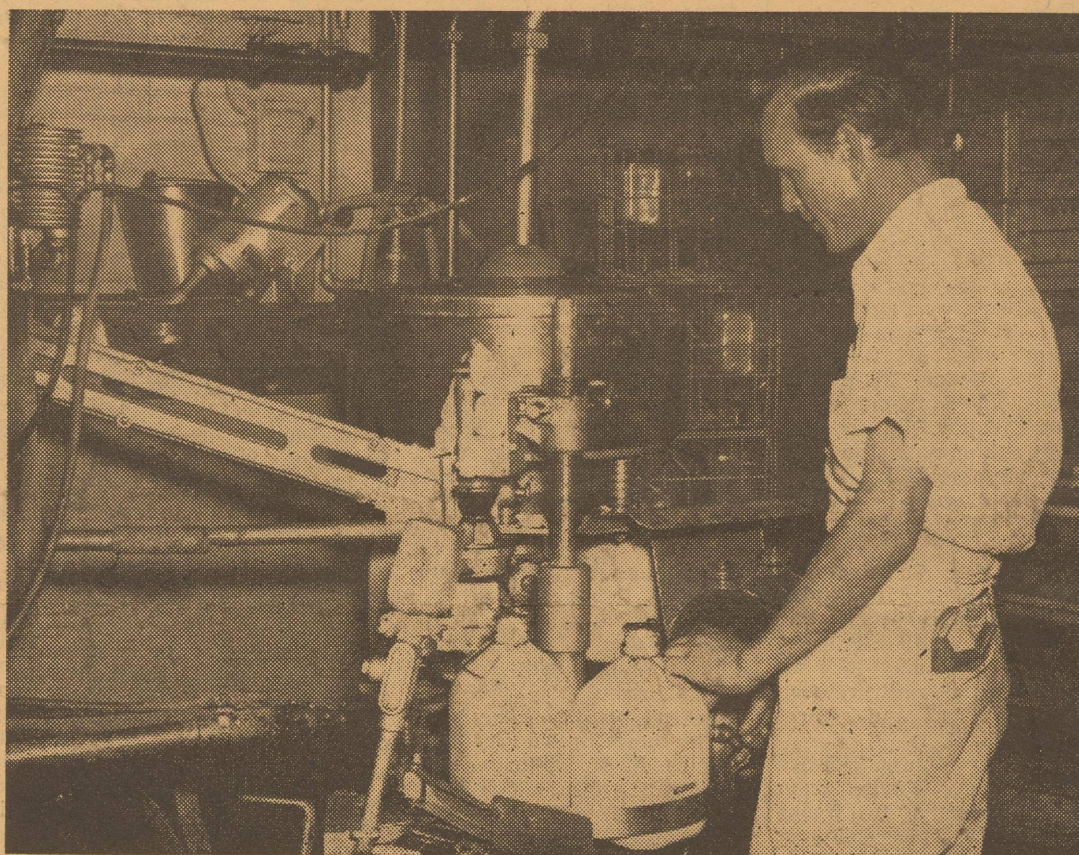

MOST

PERFECT

FOOD

Milk never touches human hands at the dairy, but is passed through the automatic milking machines, through stainless steel pipes directly to the bulk refrigerated tanks.

A refrigerated tank truck picks up the milk at the dairy and carries it to the creamery where again it is pumped through stainless steel pipes to the filling machine where attendants fill the bottles with milk.

From the creamery the milk is distributed to stores, homes and other points where the housewives buy the milk of their choice. All along the way the milk is kept cool so that it reaches your table within a minimum of time. The little one above shows that she realizes that milk is really Nature's Most Perfect Food.

NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

Miss Beatty Plans August Wedding

Mr. and Mrs. J. Hershel Beatty, Midland, announce the engagement of their daughter, Carolyn Sue, to James Lynn Gordon, son of Mr. and Mrs. Bert Gordon of Route 1, Friona.

Wedding vows will be exchanged in a double ring ceremony at 8 p. m., August 15, in the Calvary Baptist Church in Midland. Rev. Travis LaDuke will officiate.

The bride-elect is a 1956 graduate of Midland High School, and attended Texas Woman's University, Denton. She is now employed with the Texas Electric Service Company, Midland.

TWO EARN DEGREES

Misses Jimmie Frank Carpenter and Barbara Hinkson received degrees at the Texas Tech commencement Monday night in Jones Stadium.

Attending the commencement and baccalaureate services Sunday evening were Mr. and Mrs. Frank Hinkson and family, Mr. and Mrs. Mel Smith, Wanda Steinbock, Mr. and Mrs. Howard W. Carpenter and Sussie, and Mr. and Mrs. John Blomfield and boys from Clovis.

Mr. and Mrs. Finis Jennings and son, Al, spent the weekend visiting the Ernest Jennings family in Austin. On Saturday they attended the commencement at University of Texas in Austin. A nephew, David Hughes from Lubbock, received his degree from the University and also his commission as an ROTC officer the same day. Mrs. Al Jennings and children visited her mother, Mrs. Neta Powers in Earth, while the rest of the family was away.

Mr. and Mrs. Ralph Broyles and children from Farmington, N. M., visited Saturday night in the Gene Smith home. Other visitors were Mr. and Mrs. Bill Brown and children, Mr. and Mrs. Jimmie Black and son, Mr. and Mrs. Max Steinbock, Mr. and Mrs. Bobby Broyles and children, and Mr. and Mrs. Andy Fuqua.

Menefees Return

Mr. and Mrs. W. S. Menefee returned Friday afternoon after a two month's absence from their home here. They were at Port Aransas for the first month and then stayed in Houston for a few weeks where Menefee underwent throat treatments. He is feeling some better and was able to attend church Sunday for the first time in several weeks.

The Sam Longs from Hereford were here to meet her parents for a visit when they arrived home.

Mr. and Mrs. Joe Scott Menefee and Carolyn from Corpus Christi accompanied his parents home and are visiting here for several days with her mother, Mrs. Perry Barnes, and other relatives.

Former Resident Badly Burned

Mr. and Mrs. J. R. Harris

and family visited in Slaton Sunday with an uncle of Mrs. Harris, M. E. Heady. Mr. and Mrs. Heady, former residents of this community, were preparing to make their annual summer trip to Alaska, when the pickup truck Heady was working on caught fire and burned him quite badly. It is reported that he received third degree burns over approximately half of his body, and is a patient in the Mercy Hospital in Slaton. The Headys have been going to Alaska for the past nine years during the summer months, working and returning to the States for the winter.

Have New Daughter

Mrs. June Wagon and daughters are visiting with her parents, the J. B. Wrights, so Grandmother can help with the care of the Wagnons' newest daughter, Lana Jean. Lana was born Thursday, May 26, and she has an older sister, Sherry, 3. Paternal grandmother is Mrs. W. B. Wagon Sr. of Muleshoe. The Wagnons are former residents of this community.

Mr. and Mrs. Eddie Joe Hall, Mr. and Mrs. G. W. Fleming, and Mr. and Mrs. Wes Long of Friona all spent a long weekend at Ruidoso.

Doug Horsleys Parents of Son

Mr. and Mrs. Doug Horsley are announcing the arrival of a boy born Monday, May 26. He weighed 8 pounds and 2 ounces and has been named Tommy Lynn. Tommy has a brother and a sister, Max and Doris Jean. Grandparents are Mr. and Mrs. R. G. Horsley and Mrs. Maude Vivian, all of Muleshoe.

Mr. and Mrs. B. J. Trimble from Midland spent the weekend with her parents, the L. B. Hambrights.

Visiting in the Don Schumann home Sunday were Mr. and Mrs. Clayton Hunt and family from Aztec, N. M.

Mrs. Everett Peel and Pamela from Amarillo are visiting this week with her parents, Mr. and Mrs. J. F. Strickland. The Stricklands also have their son, Jimmie, a student at Hardin-Simmons, Abilene, home for the summer vacation.

Johnny Gammon, Jim Roy Daniels, Bobby Hall, Robert Henry, and Shorty Ivy were at Monument Lake Sunday water skiing.

Mr. and Mrs. C. D. Gustin and Ronnie visited over the weekend with relatives and friends in Anadarko and Apache, Okla. Sunday they attended a Gustin family reunion at Medicine Park and returned Sunday night.

Mr. and Mrs. Loren Howard and son, Danny Wayne, from Odessa, are spending two weeks vacation here with her parents, the J. D. Carpenters Jr. While the Howards are here they also plan to visit relatives in Olney.

Mrs. Cecil Malone, Ronnie and Agatha from Hereford, spent the weekend here with her parents, the O. M. Jenningses.

Attending the county-wide 4-H party at the Hub Saturday night were Dickie and Pat Chitwood, Cooper and Steve Young, Jim and Geraldine Broadhurst, Gary and Nedda Foster, Mr. and Mrs. D. Chitwood, Mr. and Mrs. J. B. Young and Mr. and Mrs. Nelson Foster.

Mr. and Mrs. Rufus Carter

left Friday morning to attend a family reunion in Chickasha, Okla., of Mrs. Carter's family. They also visited their mother and a sister in Willow and a sister of Mrs. Carter in Mangum before returning home.

Mrs. Billy Ray McGee and children from Grants, N. M., spent the weekend here with her parents, the Juel Treiders, and other relatives.

Mr. and Mrs. W. S. Mitchell from St. Joseph visited last Wednesday in the home of their son, the Euell Mitchell family.

Sgt. and Mrs. Ed Bowers and Patti from Oceanside, Calif., visited Thursday and Friday in the Pete and Dalton Mimms homes. Mrs. Gladys Gilstrap from Ralls, a sister to the Mimms men and mother of Mrs. Bowers, also visited here at the same time.

The Dee Browns recently attended graduation at West Texas State College in Canyon where their nephew, Bill Carmichael, received his B. S. degree and also his ROTC commission.

Reggie and Ronnie Crabtree from Levelland spent the weekend here with their grandparents, the R. L. Forresters.

Mrs. Raymond Mounce and children, Cecilia, Ronnie, DeWayne and Charles, from Lubbock and Mrs. Malcolm Mosley, Janice and Max from Slaton were visitors last week in the Neal Bradshaw home.

Mr. and Mrs. Euell Mitchell and children visited Sunday in Hart with his brother, the Avery Mitchells.

The Dee Chitwoods were at Conchas Lake Sunday, fishing. There they met Mr. and Mrs. Donald Bridge and family of Albuquerque for a visit.

Mesdames C. C. Graef, Artie Beavers and Efton Graham accompanied their mother, Mrs. J. J. Williams, to Big Springs last Wednesday to visit Clyde Ash, a brother-in-law of Mrs. Williams, who was recently injured in a car accident.

Mr. and Mrs. E. C. Jagers from Lubbock visited Sunday in the home of the Elbert Nowells. Other visitors were Mr. and Mrs. Zack Jagers from Spearman. The former couple are Mrs. Nowell's parents.

Mrs. Jack Smith, Katherine, Beverly and Jack Finley and Mrs. N. M. McCurdy left last Thursday for Tucson, Ariz., where they visited with Mrs. Katie Jeeter and other relatives. The Smiths returned home the middle of the week but Mrs. McCurdy went on to Bakersfield, Calif., for a few weeks visit.

Margaret White from Clovis visited Sunday night with the C. C. Graefs.

Eugene Broyles from Amarillo spent the long holiday weekend at home with his parents, the Owen Broyleses.

Neal Bradshaw and Lloyd visited the latter part of the week in Slaton with his mother, Mrs. Mae Melugian.

Don Watson spent the weekend in Dimmitt with Ted and Jim Collins.

Weekend guests in the home of Mrs. Lora Brown were Mr. and Mrs. E. M. Baldridge, Hyland and Carolyn, and her sister, Miss Elsie Simpson, all from Tulsa, Okla. Mrs. Baldridge is her daughter.

Mrs. L. L. Bewley from Dallas is visiting with Mr. and Mrs. Rhiney Steinbock. She is the mother of the local woman.

Miss Patsy Weaver from Odessa is on vacation and spending the time with her parents, the Quinn Weavers.

Mr. and Mrs. Jackie Brown, Sandy, Judy and Jody, and Mr. and Mrs. Allen Grusendorf, Penny and Jackie were at Conchas fishing over the weekend.

Mr. and Mrs. John L. Seaton announce the birth of a daughter, Olena Ann, May 12. She weighed 6 pounds and 4 1/2 ozs. She has two sisters, Jackie and Johmece.

Ivys Visit in Austin

Mr. and Mrs. Jimmy Ivy are visiting a few days this week in Austin with their son, Jimmy D., who attends the University of Texas.

Jimmy D. has been elected to serve on the Baptist Student Executive Council of the University Baptist Church in Austin for the 1958-59 school term. The sixteen student members of the council help plan and direct the religious activities of the 3800 Baptist students in the University of Texas.

Mr. and Mrs. Kenneth Seales and son, Kent, moved Monday of this week from Fort Worth to Clovis to make their home. Seales will be a member of the police force.

Mrs. Arnold Peterson from Lubbock visited last Tuesday with her parents, the Ernest Nowells.

Daughter Born 12th

Jerry Gleason arrived home Friday night from Texas A&M for a couple of month's vacation before resuming his studies again in late summer. Jerry, along with the rest of the family, spent the weekend at Conchas fishing and boating.

Mrs. R. M. Dunn from Amarillo visited last Monday in the home of her parents, the Paul Zahns. Mrs. Dunn's daughter, Mrs. Jim Hill from Lubbock, also visited in the Zahn home.

Mr. and Mrs. Johnny Crowe, Mr. and Mrs. Sig Kimbrough, and Mr. and Mrs. Bob Kimbrough spent last Thursday night at Alamogordo Lake.

Rev. Mitchell Is Transferred

A farewell party Tuesday evening at Fellowship Hall of the Methodist Church honored Rev. and Mrs. Aaron Mitchell and their daughter, Ara Ann. Rev. Mitchell has been pastor of the Methodist Church here for the past year and is being sent to Quitaque as pastor. The members of the church will miss the Mitchell family, but will welcome their new pastor who will arrive here this week. He is Bernard Seay. The Seays have two daughters who are 5 and 10 years old.

Vacation Bible School at the Methodist Church closed last Friday. A program was presented at the church Sunday morning. Mrs. J. B. Jennings was in charge of the school.

To Conference

Mrs. J. D. Carpenter Jr. was representative from the Lazbuddie church to the Methodist Conference in Lubbock the latter part of the week. She was accompanied by Mr. and Mrs. Frank Hinkson. Others going to the conference were Mr. and Mrs. Jimmie Seaton and John L. Seaton.

Y. B. Mayfield from Anson spent the weekend here with his son and daughter, the J. T. Mayfields and the Eugene Parhams. Mayfield was accompanied by his brother, G. W. Mayfield.

Mr. and Mrs. Pat Houston, Vicki and Terry from San Francisco, Calif., visited last Tuesday in the home of his uncle, Raymond Houston and family. Mr. and Mrs. R. B. Seaton and girls, Sharon Dalrymple, and Mr. and Mrs. Fred McKilip and Ronnie enjoyed a picnic in the Clovis park Sunday.

Elaine Otwell from Sudan and Gloria Hudson, Odessa, are visiting this week with Linda Lancaster.

Mr. and Mrs. Elmo Stevens from Pleasant Valley visited Sunday in the Glen Stevens home.

E. P. Todd from Fort Worth was a weekend visitor in the home of Mr. and Mrs. J. W.

Maddox. Also visiting in the Maddox home Sunday were her brother, Mr. and Mrs. A. C. Reese from Brownfield.

Weekend visitors with Mrs. T. D. Reed were her son-in-law and daughter, Mr. and Mrs. Fred Clements and Tommy of Littlefield. Other dinner guests Sunday were Mr. and Mrs. Short Ivy and Gail and Mr. and Mrs. Reed returned home with the Clementses Sunday afternoon for a few days visit.

Ernest Nowell and Jan drove over to Buffalo Lake Sunday for an outing.

Mr. and Mrs. J. B. Thomas and family visited last weekend with relatives in Albany and Seymour and went on to Fort Worth for a medical check on Thomas.

Mr. and Mrs. O. D. Spitzer, Darla, Denise and Steve were dinner guests Sunday with Mr. and Mrs. Pervis Miller and family in Clovis.

Susie Carpenter and Jimmie Brown from the Christian Children's Home at Portales are visiting here with different members of the Church of Christ for a couple of weeks. This is an annual treat for youngsters from the home. On Sunday, the Pete Mimms family, the Duane Darlings along with Susie, Jimmie, Kenneth McGehee, Lloyd Bradshaw and Becky Wilson all picnicked at the Clovis park.

Mr. and Mrs. Bryan Linville and family of Amarillo visited Sunday in the V. W. Rannals home. It was Bryan's birthday and they were treated to the traditional birthday cake and ice cream.

Weekend visitors in the Joe Paul home were Mrs. D. V. Bradbury, Clovis, Elmer Paul, Mrs. Vance Eason and boys, and Melba Langford, all from Roswell, Mr. and Mrs. J. Shaw, Hereford, and J. Lynn Shaw from Toadina, N. M.

Mr. and Mrs. J. B. Jennings, Joe Bryan and Tamra left Thursday for a long weekend in Galveston and other southern points of interest in Texas. They returned home Monday night.

The Lee Masons and E. A. Parhams were boating at Buffalo Lake Sunday afternoon.

Visitors last week in the Bill Jennings home were her parents, Mr. and Mrs. Jack Walker and daughter, Jackie, from Faith, S. D., also a brother, Gene Walker, from Farmington, N. M. Sunday they all visited another brother-in-law and sister, Mr. and Mrs. Ervin Robinson and family in Hereford.

Mr. and Mrs. Dale Lavender, Debra and Terri, formerly of Levelland, have moved to Seagraves for the summer. Mrs. Lavender is the daughter of the O. D. Spitzers Sr.

Baptists Conduct Vacation School

The vacation Bible school at the Baptist Church is being conducted this week each afternoon between the hours of 3:30 and 6:30. Youngsters 3 years of age through 16 years were registered Saturday and Monday. The number had reached 100. Friday evening the students will present a program at the church.

From Kilgore

Mrs. M. B. Laney of Kilgore arrived in Friona Tuesday evening for a visit in the home of Mr. and Mrs. Bert Shackelford. Mrs. Laney and Mrs. Shackelford are sisters. The visitor will also be a guest in the home of Mr. and Mrs. Gabe Anderson of Farwell before returning to her home.

Gores Attend Convention

Mr. and Mrs. R. N. Gore spent Saturday and Sunday attending a State Star Route Mail Carriers convention. Gore is the carrier on Route 3 out of Friona.

Before returning the Gores visited in Mineola with his parents, Mr. and Mrs. J. L. Gore, and a brother, S. N. Gore and his family. The couple returned to Friona late Tuesday.

To Andrews

Mrs. W. J. Nazworth, Mrs. Billy Wayne Nazworth, and Roy Nazworth all of Friona attended the graduation exercises at Andrews High School Thursday evening. Billie Margaret Nazworth, daughter of Mr. and Mrs. Willis Nazworth, and granddaughter of Mrs. W. J. Nazworth, was one of the graduates.

Hobby—a kind of hard work you would be ashamed to do for a living.

Despite tremendous increases in timber demand, no acute timber shortages are likely, says the U. S. Forest Service. This favorable condition in the nation's timber resources is due to the voluntary American Tree Farm System.

W. R. Riethmayer and son, Mike, and Bill Wooley and sons, Mike and Scotty, spent several days last week fishing, boating, and water skiing at Lugert Lake near Altus, Okla.

June is harvest-time for fall and winter planted small grains. One of the first loads in the Parmer County area this year was barley, and went to Lone Star Elevator at Texico-Farwell. John Lovelace, four miles east of town, was the producer, and brought it in at 4:30 Tuesday. The load was cut from matured spots and the yield is not known. Bill Dollar, left, Lone Star manager, congratulates Lovelace.

"Do it yourself" Egg Candler Plus Simple Scale Answers Grading Requirements of Texas Egg Law

Photo by Agricultural Development Dept., Southwestern Public Service Co.

A one gallon syrup can, a 40 watt clear light bulb and the ingenuity of Mr. and Mrs. R. T. Woods of Claude, Texas produced a satisfactory egg candler. An inexpensive egg scale solves the weighing problem. With this simple equipment, they are able to process between 500 and 600 accurately graded eggs per day, thus assuring them top market value.

Bible School Slated At Baptist Church

Mrs. Joe Talley, Bible school principal at the First Baptist Church, announced early this week that plans for the annual school had been completed. Seventy workers have been recruited to teach in the various departments. Classes will be daily June 12 through June 19 from 8:30 to 11:30 a. m.

Superintendents will be nursery, Mrs. Clayton Taylor, assisted by Mrs. Sam Bailey; beginners, Mrs. O. J. Beene; primary one, Mrs. Raymond Euler; primary two, Mrs. Leonard Coffey; primary three, Mrs. W. S. Crow; junior one, Mrs. Milburn Bennett; junior two, Mrs. Johnny Mars; and intermediates, Mrs. Steve Messenger.

All children in the area are cordially invited by Mrs. Talley and the superintendents to attend these classes.

BIRTHS
The following births were recorded with Justice of Peace Walter Loveless during the week ending June 3 in Friona:
Boy, born to Mr. and Mrs. R. A. Aguirre of Friona at 1:25 a.m. May 21 weighing 9 lbs. 5 1/2 oz.
Boy, born to Mr. and Mrs. F. R. Schuler of Friona at 1:37 p.m. May 21 weighing 6 lbs. 10 1/2 oz.
Girl, born to Mr. and Mrs. W. J. Charles of Bovina at 10:28 p.m. May 21 weighing 8 lbs. 1 oz.
Boy, born to Mr. and Mrs. S. B. Grider of Amarillo at 10:30 p.m. May 23 weighing 8 lbs. 1 1/2 oz.
Girl, born to Mr. and Mrs. J. M. Martinez of Friona at 12:07 p.m. May 27 weighing 7 lbs. 13 1/2 oz.

In June, 1854, the first formal graduation ceremonies were held at the Naval Academy at Annapolis. Although classes had been graduating for eight years, this marked the first formal ceremony to be held.

Pleasant Hill Gets New Elevator

Pleasant Hill's first grain elevator is scheduled to be in operation by next week. Worley Grain Co., with Farwell and Clovis locations, has constructed an office there and two storage tanks are slated to be completed in time for wheat harvest. Location of the new business is one mile east of Pleasant Hill.

Ray Ford, Farwell, who will manage the branch elevator, says the purpose of the elevator "is really not for storage." It will be a receiving point for grain which is harvested in that area.

The new elevator is distinctive in that it is not on a railroad.

As the grain is received at the Pleasant Hill location it will be trucked to Worley elevators at Farwell and Clovis, Ford says. "It will be a convenience to farmers in that area and will save them grain hauling mileage," he points out.

Iron Steed Similar To Horses and Mules
Today's farm youth are learning to curry a tractor instead of the old grey mare. What's more they find that the iron steed has much in common with the horses and mules used in the fields a generation ago.

Over half a million 4-H youth enrolled in the 4-H Tractor program discover that the modern iron steed needs food (fuel) for energy, clean air for full power, and daily care for peak efficiency.

Boys between the ages of 10 and 21 years receive training under the supervision of local 4-H Club leaders and County Extension agents. Representatives of the Humble Oil and Refining Co. also assist at special events.

Safety and skill in tractor operation are the main objectives. While "learning by doing" in machinery operation and maintenance, the young farmers are quick to realize that "care prevents repair," the Cooperative Extension Service points out.

Superior achievement brings rewards provided by Humble Oil and Refining Co. There are 12 national awards of \$400 college scholarships. The state champion will be a delegate to the National 4-H Club Congress in Chicago next December with all-expenses paid. County winners are presented with gold-filled medals of honor.

Additional information regarding the 4-H Tractor program can be obtained from the County Extension office. Program arrangements are made by the National Committee on Boys and Girls Club Work.

Hale Center, Tex., Man Reports— "A \$5.60 Investment Netted Me \$54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me \$54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

"With the automatic timer and perfect heat control, I can always count on taking eighteen perfect cakes from my double ovens every time."

"I have baked over 4,000 pounds of cake in my electric range and not a single failure."

"My double oven electric range turned my hobby into a business — thanks to the controlled heat in the ovens. The ovens are a big help in my baking business, but I use them for family meals, too. I can bake one dish at a low temperature while I'm baking bread at a higher temperature in the other oven. Incidentally, I used the first profits from my cakes to pay for my new electric range. Now they're put aside for a college educational fund for our children."

"For years I had the false impression that cooking electrically was a slower process, but my electric range proved to me just how wrong I was. One wonderful feature of cooking electrically is that it cooks clean. Pots and pans don't get that "burned-on" look and the range itself is so very easily cleaned. I like my electric range because it is fast, clean, thrifty and dependable. In fact, I like everything about it. The deep well has so many uses from baking potatoes to making pots of soup."

"Even after baking over 4000 pounds of cake, I still get a thrill when I take eighteen "just right" cakes from my ELECTRIC double oven!"
says Mrs. John Ward, 1907 W. 6th St., Plainview, Texas

Have you had your free demonstration of the electric range of your choice? If not, see your Buddy Kilowatt dealer and get your certificate for two free bug lamps. Yellow bug lamps, which fit ordinary sockets, eliminate most of the light that insects see, yet provide a soft, variable light for outdoor living.

Shower Honors Donna Miller

Donna Miller, who became the bride of Sam Mears Saturday, was honored with a bridal shower in the Clyde Sherrieb home on West Loop Drive Thursday afternoon from 2 to 4 p.m.

Hostesses with Mrs. Sherrieb were Mesdames G. B. Buske, Sloan H. Osborn, H. T. Magness, Ralph Smith, Leonard Coffey, Joe Talley, Raymond Euler, G. H. Brock, L. R. White, and Leonard Haws.

The bride's chosen colors, various shades of lilac and white, were used throughout the entertaining rooms. Guests were received by Miss Miller; Mrs. Pearl Hand, grandmother of the groom; and Mrs. Roy W. Miller Sr., mother of the bride. Guests were registered by Mrs. Clyde Tims, sister of the honoree.

Those attending and sending gifts were Mesdames Ross Miller, Claude Osborn, Forrest Osborn, Kenyth Cass, Elmer Euler, Hardy May, Bert Shackelford, L. F. Lillard, Roy Clements, Joe B. Douglas, Bert C. Day, Leona Wolfe, A. L. Black, W. S. Crow, Earl Chester, Paul Fortenberry, Lewis Gore, T. A. Sherley, and Ira Holt;

Also Mesdames Charley Turner, D. G. Hand, Charles Sanders, David Moseley, Herschel Johnson, Ed Boggess, Ralph Taylor, John Hand, Clyde Hays, Calvin Talley, T. E. Wood, Dan Laceywell, R. A. Castleberry, Douglas Connelly, George Baker, Curtis Murphree, Arthur Drake, Leon Hart, M. B. Bennett, H. L. Outland, and Cune Struve;

Also Mesdames Glenn Cun-

ningham, Charles Allen, C. A. Paul, Clyde Scarborough, J. L. Shaffer, Dan Ethridge, James Procter, C. W. Dixon, Carl Maurer, Louis Welch, Lucy Welch, Lucy Altman, Bill Stewart, Vergel Hughlett, Wright Williams, Dan Tims, Gordon Massey, and J. B. Taylor;

Also Mesdames Claude Blackburn, Ben Jordan, Otis Massey, Bud Reed, Jack Shirley, Bill Flippen Jr., Eddie Meil, Ernest Osborn, Truett Pool, Henry Lewis, Marvin Lawson, J. T. Gee, F. W. Barnett, Billy Baxter, Carl Fairchild, John Blackburn, V. M. Ferguson, Hoyt Smith, O. B. Moyer, and L. R. Dilger;

Also Mesdames M. A. Black, Ed White, Frank Spring, Sam Jones, Jean K. Anthony, Raymond Fleming, J. G. McFarland, Spencer Hough, Hugh Blaylock, Fred Dennis, Casey Dunn, Eugene Boggess, T. E. Lovett, W. F. Cogdill, Reeta Agee, Tommy Jones, Billy Joe Mercer, and Mack Bainum;

Also Mesdames Delmar Renner, Rudolph Renner, John Burrow, E. R. Day Sr., P. L. London, Dillie Kelley, Sam Williams, Russel O'Brian, Lloyd Prewett, John L. Ray, S. T. Thornton, Fay Reeve, Paul Daniel, Acel Renner, I. T. Graves Jr., W. A. Foster, Jake Lamb, L. R. Hand, Kenneth O'Brian, Burke Hand, Bill Buchanan, M. B. Buchanan, Johnny Hand, Monroe White, Clyde Tims, and Rose Anderson;

Also Mesdames Allen Stewart, L. C. Tims, Velma Stout, Johnny Mars, ElRoy Wilson, Buddy Lloyd, Foister Rector, and Newman Jarrell Sr., and Nancy Outland and Betty Agee.

New Officers Installed

Nineteen members of the Progressive Study Club met at the club house Tuesday evening for a salad supper, which was followed by installation of new officers. The invocation was given by Betty Rector.

The installation theme was the end of the rainbow. A large rainbow ended in a pot of gold. Rainbow colored cloths covered the tables and bouquets of roses and miniature pots of gold completed the table decorations. Place cards were rainbows.

The installing officer, Betty Jarboe, used the wheel of fortune for her ceremony. As each new officer was installed, she lighted a candle and a complete wheel resulted when all the officers were installed. The new officers are Lunell Horton, president; Thelma Johnson, vice-president; Sue Procter, secretary; Juanda Jarrell, treasurer; and Geneviva Riehmayer, parliamentarian;

The outgoing president, Betty Jarboe, was presented a potted plant from the club members. The presentation was made by Juanda Jarrell.

Committees appointed are as follows: Winifred Hurst, Juanda Jarrell, Ruthie Fite, and Fern Sanders, program; Betty Rector, Jo Nettles, Margie Herring, and Margaret Duggins, finance committee; Mamie Lou Welch, Reba Buske, Thelma Johnson, Iona Cook, Lynn Roberts, and Betty Jarboe, social; Mary B. Boussett, Sue Procter, Gay Jordan, Layvon Hughes, and Martha Mae Pruet, community service;

Geneviva Riehmayer, Juanez Green, and LaQuita Jackson, membership and club house; Lawana Crume, Lions Club. The club adjourned for the summer.

Also Mesdames Glenn Cun-

ningham, Charles Allen, C. A. Paul, Clyde Scarborough, J. L. Shaffer, Dan Ethridge, James Procter, C. W. Dixon, Carl Maurer, Louis Welch, Lucy Welch, Lucy Altman, Bill Stewart, Vergel Hughlett, Wright Williams, Dan Tims, Gordon Massey, and J. B. Taylor;

Also Mesdames Claude Blackburn, Ben Jordan, Otis Massey, Bud Reed, Jack Shirley, Bill Flippen Jr., Eddie Meil, Ernest Osborn, Truett Pool, Henry Lewis, Marvin Lawson, J. T. Gee, F. W. Barnett, Billy Baxter, Carl Fairchild, John Blackburn, V. M. Ferguson, Hoyt Smith, O. B. Moyer, and L. R. Dilger;

Also Mesdames M. A. Black, Ed White, Frank Spring, Sam Jones, Jean K. Anthony, Raymond Fleming, J. G. McFarland, Spencer Hough, Hugh Blaylock, Fred Dennis, Casey Dunn, Eugene Boggess, T. E. Lovett, W. F. Cogdill, Reeta Agee, Tommy Jones, Billy Joe Mercer, and Mack Bainum;

Also Mesdames Delmar Renner, Rudolph Renner, John Burrow, E. R. Day Sr., P. L. London, Dillie Kelley, Sam Williams, Russel O'Brian, Lloyd Prewett, John L. Ray, S. T. Thornton, Fay Reeve, Paul Daniel, Acel Renner, I. T. Graves Jr., W. A. Foster, Jake Lamb, L. R. Hand, Kenneth O'Brian, Burke Hand, Bill Buchanan, M. B. Buchanan, Johnny Hand, Monroe White, Clyde Tims, and Rose Anderson;

Also Mesdames Allen Stewart, L. C. Tims, Velma Stout, Johnny Mars, ElRoy Wilson, Buddy Lloyd, Foister Rector, and Newman Jarrell Sr., and Nancy Outland and Betty Agee.

Also Mesdames Allen Stewart, L. C. Tims, Velma Stout, Johnny Mars, ElRoy Wilson, Buddy Lloyd, Foister Rector, and Newman Jarrell Sr., and Nancy Outland and Betty Agee.

Woman's Club Has Luncheon

The Friona Woman's Club met Wednesday afternoon at the club house with 23 members and one guest, Mrs. W. B. Laney of Kilgore, present. The meeting opened with a covered dish luncheon.

Roll call was answered with program suggestions. Mrs. Leo McLellan installed the new officers. The retiring officers pinned corsages on the new members. Mrs. C. W. Dixon, retiring president, was presented a gift from the club members by Mrs. Mary Officer.

New officers are Mrs. Floyd Schlenker, president; Mrs. S. E. Beaton, vice-president; Mrs. Joe Moyer, secretary; Mrs. Bob Rule, treasurer; Mrs. Floyd Rule, parliamentarian; and Mrs. Ed White, reporter.

Mrs. Schlenker gave the president's welcome and appointed the following committees: Mesdames S. E. Beaton, Mary Officer, A. W. Anthony Sr., and H. C. Kendrick, program; Mesdames O. F. Lange, W. A. Tinney Sr., F. L. Reed, and E. S. White, finance; Mesdames V. R. Jordan, Mabelle Hartwell, Leo McLellan, and C. W. Dixon, club house; Mesdames Pearl Kinsley, L. F. Lillard, and T. E. Lovett, flowers and cards;

Mesdames Bert Shackelford, M. B. Buchanan, and Ed Boggess, social; Mesdames John Bengler, Charles Russell, and A. H. Boatman, community service; Mesdames Bob Rule, W. B. Stark, and Floyd Reeve, city beautification; Mesdames Joe Moyer, Jewell Woodward, and Carl Maurer, fine arts; Mesdames Mabel Jones, Daisy Miller, and S. E. Beaton, youth conservation; and Mrs. S. L. McLellan, federation counselor.

Also Mesdames Allen Stewart, L. C. Tims, Velma Stout, Johnny Mars, ElRoy Wilson, Buddy Lloyd, Foister Rector, and Newman Jarrell Sr., and Nancy Outland and Betty Agee.

Senior Students Present Recital

Mrs. Eva Miller presented her senior voice and piano students in a recital at the high school auditorium Sunday evening at 8. Those on the program were Cynthia Caffey, Donna Blackburn, Nelda Douglas, Kitty Black, Kay Johnson, Mikie Welch, Bobby Daniel, and Judy Taylor;

Also La Von Fleming, J. B. Douglas, Judy Fesser, Gerald Daniel, Luann Hardesty, Betty Agee, Nancy Outland, Judy Smith, Phila May Buske, Lila Gay Buske, Linda Gee, Eva Nell Thomas, Jacquelyn Magness and Luellen McLean.

Grandson Visits

Johnny Lynn of Fort Worth is visiting in the home of his grandparents, Mr. and Mrs. O. F. Lange. Mrs. Lange returned late last week from Fort Worth and Houston where she had been visiting Mrs. Carolyn Lynn and Johnny, Mr. and Mrs. George Downing Jr., and Mr. and Mrs. C. R. Conaway.

From Oregon

Rev. and Mrs. W. C. McKeehan of Hood River, Ore., were weekend guests in the home of Mr. and Mrs. Kenneth Houlette. McKeehan is a former pastor of the United Pentecostal Church here.

From Germany

Mrs. Bianka Wilhelm and daughter, Dagmar, arrived in Friona at noon Wednesday from Hamburg, Germany. They are related to Rudolph Renner and plan to make their home here.

Miss Betts Marries Ross Ayers Saturday In Lubbock Church

In a single-ring ceremony read at 3 p.m. Saturday in the library at Westminster Presbyterian Church Miss Flora May Betts of Dallas pledged wedding vows with Ross Ayers of Friona, formerly of Lubbock. Officiant was Rev. David Zacharias, pastor of the church.

The Lubbock home of Mr. and Mrs. Marion Sanford was the scene of a reception. Close friends were guests.

Joe Ayers served his father as best man and his daughter, Ann, was junior bridesmaid. She wore a pink bouffant dress and carried a nosegay of pink rosebuds.

The bride chose a Dior blue sheath dress with matching jacket, designed with three-quarter length sleeves and trimmed in metallic braid. She wore a harmonizing hat and carried a bouquet of white orchids and stephanotis.

Assisting with hospitalities at the reception were Dr. and Mrs. Valton Cox, Mr. and Mrs. Norman Snodgrass, and Mr. and Mrs. J. V. Beauchamp.

The couple will be at home in Friona where Mr. Ayers farms.

Mrs. Ayers, a graduate of Lubbock High School, has a bachelor of science degree from Texas Tech and a master's degree from the University of Texas. She is the daughter of the late Mr. and Mrs. J. W. Betts of Waxahachie. She has been teaching chemistry at Highland Park High School, Dallas.

Out-of-town guests included Misses Catherine Orr and Violet Dortsch of Dallas, Mr. and Mrs. Walker Nichols of Amarillo, Mr. and Mrs. Ed Yinger of Waxahachie, and Mr. and Mrs. Dan Ethridge of Friona.

Osborns Attend UT Commencement

Mr. and Mrs. Claude Osborn and Mr. and Mrs. Sloan Osborn and Robbie went to Austin Friday to attend the commencement exercises at the University of Texas. Joe Osborn, son of the Sloan Osborns, received his degree from law school. The group returned Sunday.

Have Guests

Visiting in the M. L. Howard home Sunday were Mr. and Mrs. Edd Koester of Hancock, Iowa, Mr. and Mrs. G. E. Koester, Edward and Debra Lyn of Lubbock, Mr. and Mrs. J. H. Brown of Slaton, Mr. and Mrs. Andrew Brown of Lazbuddie, and Mr. and Mrs. A. S. Howard of Clovis.

To Commencement

Mr. and Mrs. John Blackburn and Mr. and Mrs. E. H. Cummings attended commencement exercises at Eastern New Mexico University in Portales last Thursday night.

Wiener Roast Honors Guests

Mr. and Mrs. Bruce Ragan and children, Arlene and Jerry, from Littlefield were weekend guests in the home of Mr. and Mrs. Charles Scales and children.

They were honored with a wiener roast in the backyard of the Kenneth Houlette home Saturday evening. Mrs. Ragan and Mrs. Scales were high school classmates.

Interdenominational Women Meet

Women of the Methodist Church presented the devotion at the meeting of the Interdenominational Church Women at the Congregational Church last Thursday.

Speaker was Rev. M. Alvin Askins, pastor of the Assembly of God Church. Prayers were offered by the members from the Baptist Church and Mrs. Hank Outland sang a special number.

Refreshments were served by the women of the host church.

To New Mexico

Mr. and Mrs. Maynard Agee, Karen Ann, Dean, and Krystal Kay spent the weekend in the home of Mr. and Mrs. John Allen Jr. at Vernejo Park, N. M.

Guinns Entertain

Relatives are guests in the home of Mr. and Mrs. J. T. Guinn this week. They include Mrs. Guinn's brother-in-law and sister, Mr. and Mrs. Paul Creal of St. Louis, Mo., and

Women's Fellowship Has Final Meeting

The Congregational Women's Fellowship met for the last meeting of the season at the church basement Wednesday evening for a candlelight installation service presided over by Mrs. Alice Dean.

New officers installed were Mrs. O. F. Lange, president; Mrs. L. F. Lillard, vice-president; Mrs. Mike Pavalus, secretary; Mrs. Otho Whitefield, assistant secretary; Mrs. F. W. Reeve, reporter; and Mrs. Charlie Wise, reporter.

Refreshments of punch and cookies were served by the hostesses, Mrs. Bill Flippen Jr. and Lola Goodwine.

Mrs. Hyde Returns

Mrs. H. A. Hyde returned Monday after spending ten days with her grandchildren, Sharilyn, Phyllis, Mak, Tip, Kip, and Chris Kimbrough at Gotebo, Okla. Rev. and Mrs. Donald Kimbrough, parents of the grandchildren, attended the Baptist General Convention at Houston.

From Waco

Mrs. John Lamb and daughter, Su Zann, of Waco, accompanied Mr. and Mrs. Wesley Foster home from Dallas Friday evening. They are former residents and are visiting the Fosters, Jake Lambs, Ralph Smiths, and friends here.

To Oklahoma

Mr. and Mrs. Oscar Baxter, Carolyn, Willene, and John, and Mr. and Mrs. Troy Young and Jan spent several days last week visiting relatives and friends at Elk City, Okla. The group returned to Friona late Sunday.

Frionans Attend Relative's Wedding

Mr. and Mrs. E. R. Day Sr., Mr. and Mrs. Cason Jones, and Mr. and Mrs. Sam Jones and Vicky Wall went to Clovis Monday evening to attend the wedding of one of their relatives, Laquita Day, a cousin of Day, Cason and Sam Jones, was married to Robert Teel, also of Clovis.

Women's Fellowship Has Final Meeting

The Congregational Women's Fellowship met for the last meeting of the season at the church basement Wednesday evening for a candlelight installation service presided over by Mrs. Alice Dean.

New officers installed were Mrs. O. F. Lange, president; Mrs. L. F. Lillard, vice-president; Mrs. Mike Pavalus, secretary; Mrs. Otho Whitefield, assistant secretary; Mrs. F. W. Reeve, reporter; and Mrs. Charlie Wise, reporter.

Mr. and Mrs. Oscar Baxter, Carolyn, Willene, and John, and Mr. and Mrs. Troy Young and Jan spent several days last week visiting relatives and friends at Elk City, Okla. The group returned to Friona late Sunday.

Frionans Attend Relative's Wedding

Mr. and Mrs. E. R. Day Sr., Mr. and Mrs. Cason Jones, and Mr. and Mrs. Sam Jones and Vicky Wall went to Clovis Monday evening to attend the wedding of one of their relatives, Laquita Day, a cousin of Day, Cason and Sam Jones, was married to Robert Teel, also of Clovis.

Mr. and Mrs. Vernon Armstrong and Gordon of Corpus Christi were guests in the home of Mr. and Mrs. E. R. Day Sr. Armstrong and Mrs. Day are cousins. The visitors also spent some time with his aunt, Mrs. T. B. Armstrong.

Richard Bentz returned Monday from Grand Canyon, Ariz., and left Wednesday morning for Winterset, Iowa, where he plans to spend the summer.

M. B. McKinney Receives Degree

In commencement exercises at Eastern New Mexico University at Portales Thursday evening, M. B. McKinney of Dora, N. M., received a bachelor of arts degree. He has been a

student at the University for about a year and was on the honor roll the past two semesters.

McKinney, who is a former minister of the Sixth Street Church of Christ here, plans to move back later this summer and take over his former position. He and his wife and three children, Chuck, Connie, and Nick, moved to Friona from Plainview about five years ago.

Stanley Lockhart of San Angelo, also a former minister of the Sixth Street Church of Christ, was awarded his master of arts degree Thursday evening.

Teenagers are people who get hungry again before the dishes are even washed.

«The High Plains Farm and Home»

Hoppers Threaten Crops In Area

Grasshoppers, which have not been thought of as a real crop threat in recent years, but which have been known to seriously damage if not destroy crops on the High Plains ever since land here has been broken out, may be on their way back.

Many Parmer County area farmers are expressing concern at the great increase in grasshopper infestation. "They are considerably worse than in recent years," says County Agent Joe Jones.

He adds that the 'hoppers do not seem confined to any one wheat?"

Chances are they will make straight for the cotton and grain sorghum—or about any crop on the farm since 'hopper appetites are pretty broad.

Jones says, "In most instances these 'hoppers are the flying ones and not the old jumbo. Farmers should keep in mind that the best control for any grasshopper can be obtained while they are still small.

When you harvest our rows, and other such places, moving from there to cropland as they get larger."

Jones points out that there are a number of good insecticides that can be used for grasshopper control. Dieldrin, aldrin, heptachlor and toxaphene are four of the more popular.

"These chemicals are all good, so farmers should use the cheapest material available," believes the agent.

Jones reminds farmers that caution should be exercised when using the insecticides, especially on wheat or perhaps on garden vegetables around the house. A period of waiting before harvest is necessary in most cases.

Regulations on use of the chemicals should be checked before application is made.

Members Direct Games at 4-H Party

Members of various county 4-H clubs directed recreation at a county-wide 4-H party for members over 12 at the Hub Community Center Thursday night.

Approximately 30 persons were present. They were served sandwiches and pops. Adults attending played dominoes.

Directing games were Cooper Young, Richard and Pat Chitwood, Judy Billingsley, and James Stevens.

OTHERS SAY

There are several things that point to the fact that this "so called" depression or recession is a phony. This week it was announced that farm income had gone up again. A couple of weeks ago it was announced by the Federal Reserve Bank that savings deposits were at an all time high. Some businessmen I know were astonished when they took stock of business they did during April and found it was one of the best months they have had in a long time, and as good or better than a normal April business.

Of course, if we're bound and determined to have a depression, perhaps we can talk ourselves into it, we can refuse to do business, or drive it away with our sour complaining. The thing I notice about the fellows who say business is better is the fact that they are hustlers, and the tougher things get the harder they hustle. (Farwell, Mich., News)

Five Steps Left For High Quality

The Texas cotton farmer's opportunity this year will be in a high quality crop—not necessarily in quantity.

While there is a present surplus of cotton, the supply is mostly in the lower grades that sell for less. This cotton results in heavy mill waste and added cleaning costs. But the best demand—and biggest opportunity for profits—is for the higher grades.

Seven important steps are recommended to help the grower improve the quality of his cotton. As to the first two points, they are already in effect, but the other suggestions can still be used. These seven steps recommended by the Texas Department of Agriculture:

1. Plant cotton on the best suited land. The ideal field is inherently fertile, free of soil borne disease, warms up early, is well drained and yet not droughty.
2. Use best seed available of a recommended variety. Good seed may be somewhat short this year, but all of it should be treated with a good fungicide.
3. Use fertilizer to fit needs. Use your fertilizer at the rates, time, and manner recommended by Texas Experiment stations in your area. Both excessive and under use of some fertilizers can have a bad effect on the grade of harvested cotton.
4. Manage the crop for quality. Control weeds, insects and diseases. Discontinue irrigation early enough for the crop to mature before frost. Late irrigation can delay maturity and seriously reduce grade.
5. Pick promptly and carefully whether by hand or machine; avoid mixing good cotton and bad, wet and dry lots.
6. Deliver cotton to the gin as dry and clean as possible. The ginner, too, has a responsibility to keep his equipment in order, to use proper drying and take time to do a good job.
7. Sell on merit. Have cotton classed before selling; then sell on the basis of its grade and staple. This is the grower's means of assuring himself of the benefit of producing better cotton.

SOYBEANS INCREASING

Soybeans are showing a significant increase in Parmer County this year, reports County Agent Joe Jones. In checking with farmers who are busy with planting operations, he estimates that the acreage devoted to the beans will be double or more this year.

Soybeans can be fitted into the Parmer County agricultural picture in several ways, but the most accepted is as a crop rotation element. As producers of soil nitrogen, they have their land building characteristics. They are also credited with improving soil tilth.

However, in cases where soybeans are used strictly as a cash crop, their ability to improve the soil after the beans have been harvested from the plants diminishes considerably.

Also, soybeans have seldom been big yielders on the High Plains, and this has held cash crop possibilities down, adding another reason why they are at present best suited for rotation purposes.

Yields generally range from 20 to 30 bushels (irrigated), and in most years, cash profits from the beans is no better—if as good as—grain sorghums.

The real value of soybeans is shown in years following, when soil improvements make possible larger yields of true cash crops.

In the nation, soybeans are a billion dollar crop. They are grown on 22 million acres, and have become established as the fifth most important crop to the nation. The national average soybean yield is 21.8 bushels per acre.

When soybeans are planted following grain sorghum, they eliminate the volunteer feed problem if cotton is figured to follow the beans. A cropping system of sorghum-soybeans-cotton is recommended.

Soybeans are eligible for price support operations. In Parmer County, price supports have not resulted in large amounts of the total crop going into government storage, although last year, "a couple" of loans were made at Black, reports Prentice Mills, ASC office manager.

The 1958 loan rate has not been announced, and probably won't be until harvest time is near at hand this fall, but it will likely be in the vicinity of \$2 per bushel, which is where it has been for several years.

No soybeans have been stored on the farm in Parmer County. Mills says it's very difficult to store the beans and maintain quality unless they are given the best of care.

In most cases, the market demand has proved sufficient to move the beans into normal channels of trade, and the beans sell at or slightly above the price support.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Now that flowers are blooming in just about every yard, what better way could any homemaker find to freshen and beautify her home than with bouquets of flowers. They can add a lot to any room in the house if they are properly arranged.

Whether you have a beautiful display or just a bunch of flowers depends upon the arrangement. The place where you plan to display the flowers has a lot to do with the type vase you need. Nothing is more appropriate for a dining table than a low vase and short stemmed flowers.

One thing that should be remembered when planning bouquets is to cut the flowers late in the evening or early in the morning. If you place them in a deep container filled with cool water and out of drafts for several hours before arranging them, they will keep longer.

Some things that are useful when making bouquets are pieces of crushed chicken wire, thin wire, a stapler, scotch tape, green floral tape such as used in making corsages, and flower clippers.

When you want a different type vase, try using a sea shell, tea pot, or other object in the house that could be used for a different effect. Some study and practice with flower arrangements can have a beautifying effect on your home.

Mrs. George C. Ruof, who was selected Mrs. New York, says of her "Crumb Delight," "It's a delight to behold and a joy to eat." She adds that all five of her children agree with her.

CRUMB DELIGHT

- 2 cups milk
 - 4 egg yolks
 - 1 tablespoon cornstarch
 - 1/2 cup sugar
 - 1/8 teaspoon salt
 - 1 teaspoon vanilla or lemon extract
 - 1 box Zwieback (put through food chopper)
 - 1/2 cup melted butter
 - 2/3 cup sugar
 - 1/4 teaspoon ground cinnamon
 - 3 tablespoons sugar
 - 1/2 teaspoon baking powder
- In top of double boiler put the milk, egg yolks, cornstarch, 1/2 cup sugar, and salt. Cook until thickened, stirring constantly. Remove from heat and add vanilla. Combine crumbs, melted butter, sugar, and cinnamon. Spread 1/2 of crumb mixture on bottom of 9 inch baking dish.

Cover with custard while still hot. Beat egg whites with 3 tablespoons sugar and baking powder until stiff. Pile on custard. Spread remaining crumbs on top. Bake in slow oven 1/2 hour. Serve cold, garnished with maraschino cherries, if desired. Makes 8 servings.

Mrs. North Carolina, who is Mrs. Edward J. Campbell, submitted her favorite dessert.

NORTH CAROLINA CRACKER PIE

- 3 egg whites
 - 1 cup sugar
 - 1 teaspoon baking powder
 - dash of salt
 - 20 round buttery crackers, rolled very fine
 - 3/4 cup chopped walnuts
- Beat egg whites until stiff. Fold in sugar, baking powder, and salt. Combine cracker crumbs and chopped walnuts. Fold very lightly into egg white mixture. Pour into buttered 8 inch pie plate and bake in moderate oven. Cool and top with whipped cream or cultured sour cream.

From North Dakota comes Mrs. Anton Schmaltz's favorite main dish recipe.

PIGS IN CABBAGE

- 14 large cabbage leaves
- 1 lb. ground round steak
- 3/4 cup parboiled rice
- 1/2 cup minced onion
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1/3 cup sauerkraut
- 1 can (No. 2 1/2) tomatoes

As usual, some of the High Plains' best wheat is in the Black area of Parmer County. This excellent field of Concho is on the farm of W. L. Edelman, south of Black. "Preach" hopes that it will beat 60 bushels. Farmers in the Black area are well-known for their high grain yields. Johnny Wilson is on the right.

Steam cabbage until just tender. Combine meat, rice, onion, and seasonings. Place cabbage leaf, roll up and secure with toothpick. Place in greased shallow casserole.

Combine sauerkraut and tomatoes, including juice, and pour over cabbage rolls. Bake in moderate oven 1 1/2 hours. Add liquid to keep moist, if necessary. Makes 6 to 8 servings.

Distinguished Texan Ends Korean Agency

Lt. Gen. John B. Coulter of San Antonio, Texas, will relinquish his post as Agent General of United Nations Korean Reconstruction Agency on June 30th. He has held the office since 1952, and retires concurrently with the dissolution of the agency, as required by a

resolution of the General Assembly.

Immediately on his retirement from a very active and outstanding military career which took in both World Wars and the Korean War, he took over the direction of UNKRA. Thirty-nine nations have contributed \$140,000,000 towards assisting the postwar rebuilding and rehabilitation of Korea. Construction and installation of equipment at most UNKRA-aided projects will be finished by the end of June.

General Coulter graduated from the West Texas Military Academy and has served all over the world in administrative as well as military posts.

Eight County Men At Bureau Meet

Eight Parmer County Farm Bureau leaders attended a Farm Bureau conference in Dimmitt last week. The purpose of the meeting was to discuss the Farm Bureau legislative proposal for a long-term program for cotton and grain sorghum.

Hub King, state director, Brownfield, presented features of the program, along with a report on reception of the program in the congressional subcommittee. King is also a member of the AFB cotton committee.

King pointed up the importance of passing new legislation by presenting the picture that will prevail if the agricultural act of 1949 is allowed to continue through 1959. Due to the surplus of cotton in government warehouses, it will become mandatory that allotments be cut 30 percent. This means, he said, that the farmer with a present allotment of 100 acres would be cut to 70 acres in 1959. The support price would be 90 percent of parity. The minimum acreage provision of four acres per farm would end; there would be no four acre cotton farmers.

Under the present law, since CCC will have 8,250,000 bales of cotton on hand the first of August acreage for 1959 would be cut 30 percent with a support price of 90 percent of parity. Under the Farm Bureau proposal, the farmer would have a choice of accepting the above cut with 90 percent supports, or increasing his cut acreage by 40 percent and receiving a support price of at least 75 percent of parity. (75 percent of parity would, in 1961, yield the same dollars and cents price per bale as the 1958 prices,

due to rising parity factors.) The government would be allowed to sell cotton stocks at 82 percent parity plus handling and storage costs, thus making government stocks non-competitive with the market.

On August 1, 1959, under the Farm Bureau proposal, it is estimated that the government will have stocks of 6,250,000 bales. The government would be restricted to selling these stocks at no less than 82½ percent of parity plus carrying charges. The producer would still have the same choice of acreage and support ratio as in 1959 for 1960.

On August 1, 1960, it is estimated that there would be approximately 6,250,000 bales of cotton in government warehouses. This cotton would be frozen (could not be sold, but could be used to subsidize shipment of exported cotton).

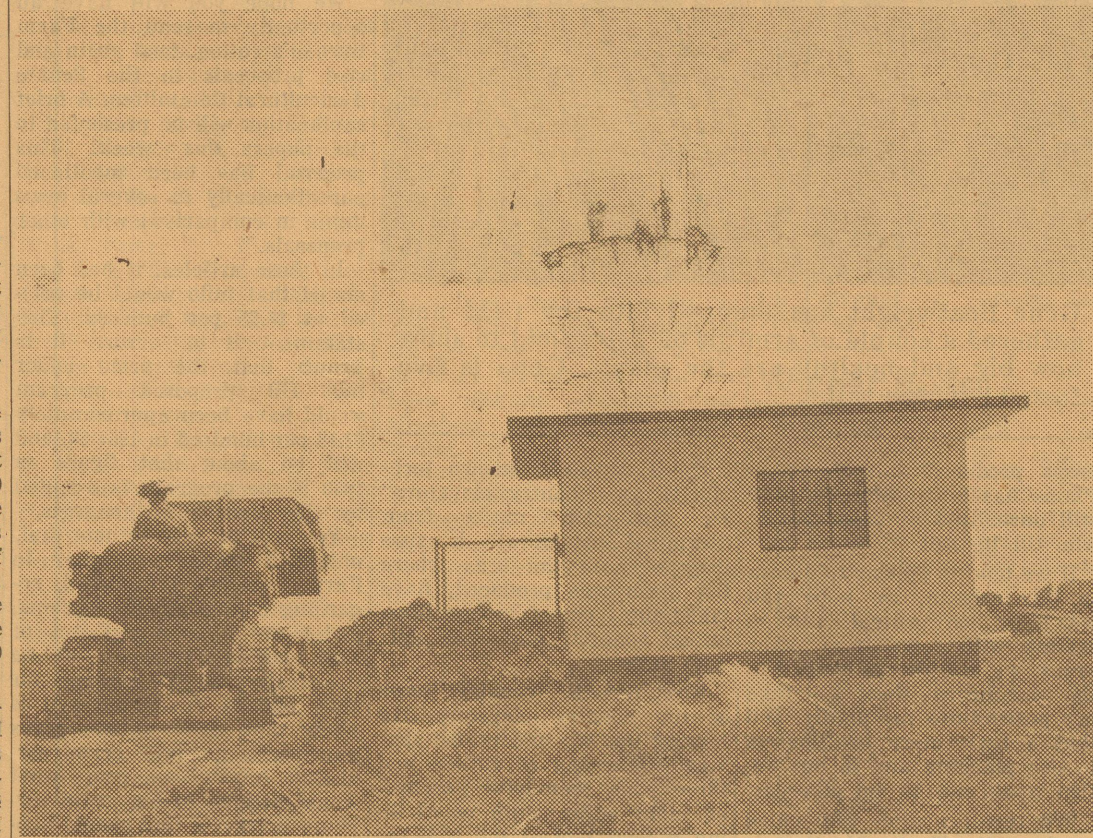

This would take government out of storage and merchandising. King says, giving the producer the advantage of a reduction of cost of storage and government handling. The purchaser would come to the producer for the cotton for his mills. The government support price for 1961 and future years would be not 90 percent of parity, but 90 percent of the previous three-year average weighted market price.

According to millers' reports, it is expected that cotton prices will not be so much dependent on the fiber length, or spotted grading, but on more important qualities, such as micronaire (resiliency), and fibre strength, which would be a favorable trend for producers of upland cotton. King pointed out that one of the most important factors of the Farm Bureau proposal is that it takes determination of cotton prices and acreages from the discretion of the secretary of agriculture.

If the present law is left in force, said King, there will be an additional 3,000,000 acres of grain sorghum in Texas in 1959, replacing that acreage of cotton reduction. It therefore becomes increasingly important that farmers write their congressmen urging their support of the Farm Bureau proposal.

The Farm Bureau proposal also includes tying of grain sorghums to corn, partly-wise, after removing acreage allotments from corn. If this provision had been in effect in 1957, the price of sorghums would have been approximately \$2.18 per hundred in 1957-58 and 59. Parmer County Farm Bureau President Gilbert Kaltwasser points out that some have confused this price with the price per bushel of corn, which would have been approximately \$1.35.

Representatives from Lamb, Castro, Bailey and Parmer Counties were present. Attending from Parmer County were Kaltwasser, Jack Patterson, Vernon Symcox, Franklin Bauer, Florian Jarecki, John Henderson, J. D. White, and Raymond Euler.

An elevator's elevator is this country unit of Worley Grain Company, now being constructed at the intersection of the east-west and north-south paved farm roads at the Pleasant Hill corner.

reau proposal is that it takes determination of cotton prices and acreages from the discretion of the secretary of agriculture.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

ONE-STEP CANNING

The latest method for canning vegetables is a one-step cold-pack method, according to extension foods and nutrition specialists.

Directions are simple. As an example, take snap beans. Begin by washing all pint or quart jars in hot soapy water and rinse well. It is not necessary to sterilize jars since the pressure canner must be used in canning all non-acid vegetables.

Use only fresh, young, tender beans. The bean should be just beginning to form in the pod. Wash thoroughly, trim ends and cut into 1-inch pieces.

Thus far there is nothing different from the old method of canning snap beans. Now you will note the fill is different.

Pack raw beans tightly into clean jars to ½ inch of top. Cover with boiling water, again leaving ½ inch space at the top of the jar. Add ½ teaspoon salt to pints and 1 teaspoon to quarts.

Close jar with two-piece lid and place it in the pressure canner. Exhaust canner for 10 minutes, close petcock and process at 10 pounds pressure—pint jars 20 minutes, quart jars 25 minutes. Remove canner from heat, let pressure return to zero and remove the jars.

This new one-step method can also be used for canning fresh lima beans, carrots, cream style corn, whole kernel corn, black-eye peas and summer squash.

For further information check with your local home demonstration agent. You may also wish to ask for a copy of B-194, "Home Canning—Fruits and Vegetables."

DRINKING ENOUGH MILK?
It is difficult to have a balanced diet without including a good deal of milk every day, according to foods and nutrition specialists.

Recent studies show that women especially are not drinking the milk they need each day—neither are their teenage daughters. This may be partly due to the fact that many people think milk is fattening. It isn't. A glass of whole milk has fewer calories than a serving of many other foods. There are only about 165 calories in a glass (eight ounces) of whole milk, and each ounce is packed with food value. Rich in calcium, milk also provides high quality protein, other minerals and vitamins.

Drink skim milk, if you're trying to lose a few pounds. It has approximately half the calories of whole milk, but you will still be getting the important minerals, vitamins and protein.

When energy lags—in mid-morning or afternoon—try a cold glass of milk for a "lift that lasts." Make sure all family members get enough milk every day.

THE PRICE IS RIGHT

One large glass of milk per day, supplied by the United Nations Children's Fund to millions of needy youngsters of the world, provides a nutritious basis for their otherwise scanty diets. The cost is only one-fifth of a cent for each, due to the purchase in bulk of vast quantities of dried skim milk from United States agricultural surpluses.

SOIL CONSERVATION DISTRICT NEWS

Native ranges or native pastures are no longer Parmer County Soil Conservation District's most important agricultural product; however, the native pastures that still exist will bear some attention.

For the most part there are two significant range sites in the district. One is the hard-land range site and the other is the mixed land range site. The hardland site consists of those lands containing tighter, less permeable soils. In good condition it will contain unlimited amounts of blue grama, side oats grama, and buffalo grass. In poor conditions these grasses will be less abundant and less vigorous. Invading plants such as loco and broom snake weed and other harmful or less palatable plants will be present.

Mixed land ranges in the district are more sandy and absorb water more readily. In an excellent or good condition they may contain blue grama, side oats grama, hairy grama, little blue stem and Indian grass in unlimited amounts of buffalo grass, three awns, sand dropseed and Tabosa grass.

In fair or poor condition these grasses will be in less abundance and show less vigor and an invasion of annual weeds and less desirable grasses will take their places along with a great infestation of yucca and sage brush.

To improve the condition of a range or pasture, the land owner should pick out his most desirable grasses, find out their growth habits, and manage grazing so that they are allowed to make seed every third year. It is never a good practice to graze more than half of the current year's growth of the most desirable grasses.

A good method of determining the carrying capacity of pasture is to select a spot where conditions are average, measure off a plot 3.1 feet square, clip all the vegetation on the spot and weigh it in grams. The weight in grams multiplied by ten gives the pounds of forage an acre has produced. This figure divided by the number of pounds of forage (20 to 30 pounds) a cow will eat per day will give the number of days that an acre will last for a cow.

If a range is in poor condition quite often the wise thing to do is to chisel or pit the range to help conserve moisture until it is re-established. Until a good amount of grass is present, grazing should be very limited in these areas and it should not be grazed when wet.

I fear explanations explanatory of things explained.—Lincoln

6 Boys Receive Gilts

Six Parmer County boys received registered Chester White gilts through Sears-Roebuck Foundation last week, County Agent Joe Jones announces.

This is another step in the Sears-sponsored year-to-year program.

To be eligible to receive the animals, the boys wrote essays. They will return a gilt from the first litter. It will be given to another deserving 4-H boy and thus broaden the program.

Boys receiving gilts this year were Edwin Taylor, Friona; Randy Price, Friona; Maynard Greeson, Friona; Roy Donaldson, Farwell; Ronald Ashford, Lazbuddie; and David Koeltzer, Lazbuddie.

MAURER MACHINERY CO.
FRIONA, TEXAS

O. E. Boatwright, Pleasant Hill farmer, is swallowed up by this field of Tetraploid rye, which grows to an amazing size. His six foot, one-inch frame is hidden in the field, but his hat which he hoists over the crop can be seen.

Tetraploid Rye Looks Promising

Every once in awhile an area farmer will plant a few acres of a crop in pure experimentation and come forth with some exciting results. That is happening this year on the farm of O. E. Boatwright of Pleasant Hill, near the Curry-Parmer County line.

Boatwright has a small patch of rye (six acres) that is raising eyebrows of everybody who stops to look at it. Its size is astounding and its growth has been phenomenal.

The rye, which is a lush green color and still far from maturity, stands from 6 1/2 to 7 feet high and promises to yield from 70 to 100 bushels per acre, believes the owner.

This particular variety of rye was obtained through a Texico-Farwell seed dealer and came from a stock in Oklahoma. However, the "home" of Tetraploid is Germany.

"I sure believe that this is the crop that I have been looking for all the years I've been farming," declares Boatwright. His enthusiasm for the crop is shown by his flat statement that if he had it all to do over again he would plant his entire farm to the crop this year.

Boatwright and his son, Gene, are, like many other High Plains farmers, looking for new crops to raise. "There's no profit left in milo," they say, and the planting of the rye is only a part of their plans for diversification. They have 30 acres of vegetables, too—watermelons and onions.

Besides its apparent heavy

yield, Tetraploid has a thick, strong stalk that carries the heavy head well in the winds of the High Plains. It matures slowly and will furnish pasture much longer than wheat.

The Boatwrights planted the rye in late September, with no pre-irrigation. It was watered three times but was not fertilized. The land on the Boatwright place is fairly tight and has been irrigated four years. Seeding rate was two-thirds bushel per acre.

It will be from three weeks to a month before the rye will be ready to harvest, and around the edges of the field, where a flock of chickens have been helping themselves to the green forage, plants that have been grazed down to only six to 10 inches by the fowls is heading and apparently ready to make grain.

The rye heads are long and fat, and the seed is more than double the size of normal wheat seed. Boatwright paid 10 cents a pound for his seed to get started and he thinks that it may sell for \$4 or \$5 a bushel. If the rye makes 70 bushels and sells for only \$2 per bushel, though, his profits would be way ahead of grain sorghum, he points out.

The Boatwrights pastured seven head of cattle on the patch—clear up into the spring when they would have long been taken off of wheat. The rye doesn't show it. The men believe that the unusual rye is very palatable to cattle and does not taste bitter as do some domestic varieties.

Gene Boatwright has stepped into the field and gathered a couple of armfuls of Tetraploid to show how big and healthy are the plants. Gene is five feet, 11 inches tall.

THE PARMER FARMER

By W. H. Graham Jr.

It's amazing how fast crops can grow with just a little bit of warm weather. We seem to forget this each year, then all of a sudden the crops spring from the ground as though pulled by some mystic power.

It won't be very many weeks until this part of the High Plains will take on its lush irrigated agriculture look that is famous the world over. There is no decoration more attractive than neat rows of well cared for crops as far as the eye can see, and this is the High Plains' No. 1 summer attraction.

In spite of a general belt tightening, most farmers we talk with are cheerful about their operations. Very few have become "soured" on farming and are ready to toss in the towel, although they object to high production costs and small profits just as do their business contemporaries.

If we can believe what we read, this is not true the country over, where many long-time farmers are calling it quits and selling out if they have any place to go.

Apparently, the average High Plains farmer is weathering the current economic storm better than many others in the nation.

With more than five million acres under irrigation from more than 40,000 irrigation wells on the High Plains, our area as a production unit should be—if it is not already—the second most important agricultural region in the United States today.

From the standpoint of dollar volume, California is still the kingpin, and even though we hate to admit it, we should realize that we can never hope to do what California has done with farm products because they have such a tremendous climatic advantage.

But the irrigated High Plains ought to rank right up alongside—if not ahead of—these terms of long standing and high repute: The Cotton Belt, The Corn Belt, and The Wheat Belt.

Our highly concentrated economy, which produces all three of the above commodities in quantity (if you'll excuse grain sorghum as a substitute for corn), can hold a par with ANY area of like size in the United States for dollar-per-acre crop volume, excepting fabulous California.

And as for California, the only things which cannot even be attainable for us are crops which must be grown with a year-round season (no freezes) such as citrus fruits, dates, olives, and the like.

Take a look at the American dinner table. Over 90 percent of the total items available for it can be grown under conditions which prevail on the High Plains.

It certainly is too ambitious to think that we can ever equal California in the diversity of

crops produced, but the High Plains has a quantity capacity still unrealized by most people who till its soil.

If we tend to appear to dream in this column, we hope you won't be too critical. But in talking with folks from other areas, we are always pushed to the conclusion that we take our possibilities too lightly, and that a little more imagination in our planning and in our action would not be out of order.

We recall a man who came up from the Texas Rio Grande Valley last year, and surveying a good sized carrot patch (35 acres) that was only a tiny corner out of an irrigated half-section—the rest of which was in grain sorghum—whistled quietly and said wondrously: "Man, you fellows don't know WHAT you could do with all of this land and water if you'd just put it to work."

Now, talk like that sets a fellow to thinking, and even though money and markets are the two big problems between daydreaming and putting plans to work, we have seen it illustrated many times that big things are done only by those persons who think big, act big, and ARE big because they know what can be done if somebody will just try it—and try it they do.

Ever since big-scale irrigation brought on our tremendous grain crops, big elevators, located on railroad sidings and at the junction of well-traveled highways, have characterized the High Plains.

These elevators, known technically as "country elevators" (a distinction made from "terminal elevators") because they were in the area where the grain was produced, have taken the form of multi-million bushel concrete and steel storage units.

Now, though, "country" units of the country elevators are turning up. We understand that Woody Fleming of Friona and three other men have purchased eight acres south of Fleming & Sons Gin at the Hub for the purpose of erecting an elevator of from 500,000 to 1,000,000 bushel capacity.

Worley Grain of Fawell has a new country unit going in at Pleasant Hill to the north. Carl Schlenker of Rhea has had a 70,000-bushel elevator there for the past year. There is talk that there may even be another small elevator put in at Hub.

All of these warehouses are nine or 10 miles away from railroad facilities, which shows the lessening dependence storage men place on railroads today. Twenty years ago a big elevator not on a railroad would have been unthinkable.

With all the talk about vegetables, sesame, and other "new" crops, we tend to sometimes forget that grain production is still a gigantic business on the irrigated High Plains.

Parents spend the first part of a child's life getting him to walk and talk, and the rest of childhood getting him to sit down and shut up.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

We hope you will have an opportunity to read the Farm Bureau's cotton, feed grain and rice proposals to the Senate Agricultural Committee. A brief explanation will be presented to the papers this week. This proposal has been mentioned parenthetically in several news items in comparison with other proposals.

In these articles, it has been stated that milo would be priced at \$1.35 per hundred. This statement is in error. It is known that the price under the FB proposed program would have been approximately \$2.18 per hundred in 1957-58, and will be about that figure in 1959 if the program is adopted by this session of congress.

You will be sure to note that, unless a program similar to Farm Bureau's is adopted, regarding cotton and feed grains, under the Agricultural Act of 1949, cotton farmers will be drastically cut in acreage for 1959, and in Texas alone it is likely that three million acres more will go into grain sorghums. Anyone can guess what would happen to the grain sorghum market if that should happen.

The agriculture committee has already stated that it will not give serious consideration to any single commodity program. That is because they can see that circumstances regarding one, will inevitably affect some others. This has always been the case since acreage allotments have been in effect on "basic commodities."

A trying together of the programs is necessary to maintain a balance. Your weed committee would like to remind you to see someone at the ASC office if you find bindweed on your farm, and see your county agent if there is bindweed in barrow pits on roads adjoining your farm. Any member of the weed committee would like to know of these locations, too, so that they can mark them on maps for future reference. You could tell one of the FFA boys of your school district, as he is interested in completing a map of location, too.

CONSIDER THIS: Many seek the ruler's favor; but every man's judgement cometh from the Lord. An unjust man is an abomination to the just; and he that is upright in the way is abomination to the wicked. Proverbs 29:26-27

Annual Bake Show Scheduled Friday

Members of 4-H clubs from all over the county will enter biscuits and two-crust fruit pies in the annual 4-H Bake Show tomorrow (Friday) at the Friona American Legion Hall.

Entries will be accepted between 1:30 p.m. and judging will be from 1:30 to 3:30 p.m. Mesdames Joe Buchanan and Tress Tannahill will be judges. Parmer County Wheat and Grain Sorghum Growers Associations will furnish prize money for the awards which will be made at 3:30.

The Tree Farm program of growing timber as a crop on taxpaying lands, sponsored by the forest industries, is helping thousands of small landowners to realize regular income from tree crops.

Political Announcements

The following political announcements are made subject to action of the Democratic Primary of 1958:

- For State Senator, 30th Senatorial District: ANDY ROGERS (re-election)
- KARL L. LOVELADY
- For State Representative, 36th Legislative District: JESSE OSBORN (Re-Election)
- For District Attorney, 154th Judicial District: BILL SHEEHAN
- For County Attorney: HURSHIEL HARDING
- For County Treasurer: MRS. MABEL REYNOLDS (Re-Election)
- For County Judge: A. D. SMITH (Re-Election)
- LOYDE A. BREWER
- WESLEY HARDESTY
- For County and District Clerk: HUGH MOSELEY (Re-Election)
- For Commissioner, Pct. 2: CHARLIE JEFFERSON (Re-Election)
- C. L. CALAWAY
- VERNON ESTES
- For Commissioner, Pct. 4: GEORGE CRAIN
- T. W. (TOT) BEWLEY
- For Justice of Peace, Pct. 1: J. R. THORNTON
- For Justice of Peace, Pct. 2: WALTER LOVELESS
- MRS. THELMA JONES
- E. B. BRANNON
- Justice of Peace, Pct. No. (Bovina): W. J. PARKER
- J. D. STEVENS
