

Members of the Friona Lions Club were all "shook up" last week and came near to impeaching the secretary-treasurer Bill Nichols.

The only reason they didn't, it is rumored, was that the members were afraid they couldn't find anyone else who would be elected to fill the job.

Seems that Bill sent out the bi-annual statements for dues to the club in those "familiar white envelopes" with the Friona State Bank signature up on them.

We're sure y'all know the kind we're talking about—the kind the bank uses to inform you that you've overdrawn your account.

Anyway, you could spot the members of the Lions Club just by the way they left the post office. They would walk down the street, thumbing through their mail and then spot the white envelope.

They would stop short, look around and quickly tear open the white envelope and then after seeing what it was would continue on their way muttering various oaths under their breath.

As a victim of the white envelope we were among those who caught their breath, and hope the Lions will furnish Bill with some envelopes the next time he needs to correspond with the members.

We've heard many tales about the weaker sex and mice, but recently we heard one from a member of the male sex which just about broke up shop down in one of the booths in the drug store.

A local farmer and friend, Ralph Smith, was telling of an experience which we believe is unique.

Smith says one night after coming in from the fields during harvest he and his family had stopped by to visit with some friends.

They were all sitting around the living room talking and visiting when he kept noticing a peculiar sort of feeling around the pit of his stomach.

He described the feeling as that of a nerve which sorta twitches and said it kept twitching and ran from his stomach to his chest.

He was dressed just as he had left the field, with a set of coveralls over his clothes, so after sitting there for about an hour he thought he'd go into one of the bedrooms, pull off his shirt and observe this "twitching nerve."

This he did, and much to his surprise what jumped out of his overalls but a field mouse. Smith says he sure was relieved to find that there was nothing wrong with him after all, but still mad at the mouse for homesteading in his coveralls.

Reading some of our mail this week we noticed a few little "jewels" which we figured were too good to keep to ourselves and would pass on for your judgment.

From the LeRoy, Illinois, JOURNAL comes this tidbit—"Down through the years newspapers, and their editors and publishers, have been accused of a good many things not excluding libel, dishonesty, tactlessness, sensationalism, and lack of principle and ethics. But one thing of which they haven't been accused is not being out-spoken. One of our favorite examples of that last trait comes from a paper where personal journalism is featured as a virtue and not a crime. Under the mast-head the editor says:

"If you feel you have been stabbed unduly, come in and we will take it back, unless the stabbing was intentional."

Last week we felt like robbers when we read our column then looked at one of the jokes in the Parmer County Implement Company News.

We stand guilty, we reckon; we thought we had read that joke somewhere but couldn't remember just where until Mrs. McFarland reminded us.

Anyway, we thought it was funny.

From the pages of the Mantoville, Minnesota, EXPRESS, comes this bit of philosophy—"The trouble with today's dollar is that it seems to have been built more for speed than for endurance."

### Three Firemen Attend Annual Firefighters Course

Three members of the Friona Volunteer Fire Department are attending the week-long Firemen's Training School in College Station.

They are Ray Strickland, Buddy Squires and Assistant Fire Marshal Clyde Fields.

The men will attend classes and practical demonstrations on the various methods of fighting fires and receive instructions on the up-to-date methods of combating fire damage.

They are due to return to Friona Sunday afternoon.

PARMER COUNTIANS are reminded not to forget the big Democratic Primary Saturday. Attractive Bonnie Warren, an assistant in the county clerk's office, shows how it's done. She is depositing the ballot's "corner" with her name on the back. The office this week completed receipts of absentee ballots, which indicate high interest in the primary this year.

## Labor Camp Plans Heard by C of C

Plans and financing a labor camp for Friona were discussed at a special meeting of the board of directors of the Friona Chamber of Commerce and Agriculture Tuesday morning at 6:30 a.m.

Board members discussed the possibility of locating such a camp about half a mile south and half a mile east of Friona on land now owned by C. W. Dixon.

The chamber indicated they were interested in such a project and members thought that such a project would help solve many problems which now face area farmers in securing proper help during harvest and planting seasons.

This will help our vegetable growers, processors and then remove the possibility of having "labor camps" all over the town, members said.

As it now stands there is but one central camp for workers which is owned by Friona Growers & Shippers and this building is not large enough to accommodate all the workers which the vegetable shed needs.

The discussion grew out of a petition by property owners on the east part of town to keep the shed from building a new camp near their homes.

The labor camp which chamber members figures would best do the job for Friona and local residents would eventually house around 300 workers and their families, or a total of about 1200 people.

Although no definite type of construction was discussed, members felt that a steel-construction with concrete floors and foundation type building would be the cheapest and eas-

iest to erect. Initial plans were discussed and the chamber indicates they intend to try to erect a 100-worker unit at first.

The cost of the camp is expected to eventually climb to around \$50,000 for the 300-worker unit.

Various ways of raising the money necessary for the camp were discussed with nothing definite being arranged.

Members of the board at the meeting asked that if anyone in this area has any recommendations to make to the chamber on this project it would be appreciated.

Members present at the meeting included Hollis Horton, Bill Nichols, Pudge Kendrick, Joe Ferrell and J. C. Claborn.

## Bill Taylor Has No-Hitter

Bill Taylor pitched his first, and what proved to be the first in the four-year history here, no-hit ball game Monday night in Little League play as Co-Op downed Reeve Chevrolet 7-0.

At the end of five and a half innings of play the Co-Op boys had piled up a score of 7-0 and the game was called.

In this the first of its kind here in Friona, fans thrilled as Taylor and his sure-fire team came through with a new record.

Delbert Davis and Anthony Gutierrez made up the losing battery.

Co-op, 4 vs Claborn-Ferrell, 2.

In Little League action Thursday night Co-Op downed a fighting Claborn-Ferrell team 4 to 2 in an action-filled game.

Taylor pitched for the winners with Johnny Claborn tossing for the losers.

Black, 17 vs Herring, 4

In Intermediate League action Black downed Herring Implement 17-4 in a slug-fest Friday night.

The Black team gained a three-run lead in the first inning and went on to lead and pull away from the game Herring players.

Ray Braxton pitched for Black with Danny Carmichael

catching. Carmichael's batting average rose during the game as he hit a double to score two runs in the first, another double in the second to bring in two more runs and tripled in the third to bring in three runs. His total RBI's for the season is now 14.

Hub, 9 vs Bengel, 4  
Hub downed Bengel Air Park in the second game Friday night by a score of 9-4.

Gary Lou Renner and Doyal Mabry made up the winning battery for Hub with Tommy Baxter pitching with Wayne Cason and Danny Murphree catching for the losers.

### BIRTHS

The following birth was recorded with Justice of Peace Walter Loveless during the week ending July 22:

Boy, born July 12 to Mr. and Mrs. Robert Leon Lloyd of Hereford at 6 p.m. weighing 10 lbs., 9 ozs.

Also Uncle Sam discourages hoarding for even though you have a supply of two-cent cards, they will still require three cents postage after August 1.

For the second time in as many years "penny" post cards will increase in freight charges as will letters mailed for local delivery.

First class airmail postal cards will go from four to five cents and airmail letters will cost seven cents for the first ounce as opposed to the current rate of six cents.

Although new denominations of postage stamps are being issued to meet the increased rate these new stamps will not be necessary just so long as the correct amount of postage is affixed to the letter, card or package, McLellan says.

There will be no need to throw away all the old two-cent post cards and three-cent stamps. Just add one cent stamps and they will do just

fine, McLellan says.

# Polls Open Saturday For Primary Election

by Dolph Moten  
Texas' Democratic Primary Election, 1958 version, is Saturday.

Parmer Countians will cast their ballots in eight different boxes. Polls will be open from 8 a.m. until 7 p.m., G. D. Anderson, Democratic executive committee chairman, announces.

Absentee voting this year indicates interest in the election is higher than it was two years ago. County Clerk Hugh Moseley reports that some 115 absentee ballots had been marked when the absentee voting time expired Tuesday afternoon.

County voting precincts and their chairmen are Black, O. B. Roberson; Friona, Nelson Welch; Bovina, O. W. Rhinehart; Farwell, Albert Smith; Lazbuddie, M. O. Treider; Oklahoma Lane, Clyde Perkins; Rhea, Melvin Sachs; and Lakeview, Otho Whitefield.

The eight voting places will be Farwell, courthouse; Bovina, Legion Hall; Friona, school; Rhea, parish hall; Lakeview, Otho Whitefield home; Black, community building; Lazbuddie, school; and Oklahoma Lane, Methodist Church.

Precinct conventions will be held at 2 p.m. on election day, Anderson says.

### Precinct Convention Set This Saturday

There will be a meeting of all interested persons for the Democratic Precinct 2 Convention in the Friona High School Cafeteria Saturday afternoon at 2 p.m.

Delegates will be elected to attend the county convention slated to be held at Farwell, Saturday, August 2, Friona will be eligible to

send 28 delegates to the county convention.

In turn, at the county convention, eight delegates will be elected to represent the county at the state convention to be held in San Antonio, September 8.

Eligible voters in the county, paid and exemptions, total 2230. This is a smaller number, surprisingly enough, than was in effect in 1956.

Interest in the elections seems to be as high, if not higher, than it was two years ago in spite of the fact that there are fewer qualified voters.

Interest-creating races are going on in the state, district, county, and precinct levels. Snaring the spotlight in those divisions are races for US senator, state senator, county judge and county commissioner in Bovina and Lazbuddie precincts.

The governor's race is possibly getting its share of attention considering that incumbent Price Daniel is expected to win with ease. Though it is, of course, improbable that he will win without a run-off.

Opposing Daniel are Henry B. Gonzales who is expected to make a strong showing in South Texas which may enable him to run second to Daniel. W. Lee O'Daniel, once-popular Texas politician, can be considered a darkhorse in the race because of his past record. However, his chances are considered slim.

Fourth man in the gubernatorial race is Joe A. Irwin, a comparative unknown from Dallas.

Ralph Yarborough, a prominent figure in Texas elections for years, is attempting to retain his US Senate seat while William A. Blakley, who has served a fill-in senate term, is campaigning hard for the position. Early in the

race, Yarborough's chances seemed excellent. As the campaigns have progressed, Blakley seems to be gaining and this one may be considered a tossup by election time.

For Lieutenant Governor, long-time incumbent Ben Ramsey is running against George Nokes of Waco. Nokes' best chances seem to ride on the feeling that Ramsey has held the job too long and has done too little to stop corruption in state government.

Will Wilson is unopposed for the attorney general slot.

Joe Greenhill and Sarah T. Hughes are battling for Associate Justice of Supreme Court, Place No. 4. Greenhill is given the nod here since he has been endorsed by the state bar association and he is serving in this capacity now.

Another state race drawing attention is for Commissioner of Agriculture. Incumbent John C. White, only slightly scandal scarred, is opposed by Tom Griffin of Bastrop County and Glenn H. Kothmann of San Antonio.

For 30th District State Senator, three candidates, Andy Rogers, Childress; Leroy Saul, Kress; and Karl Lovelady, Muleshoe, are running hard. A run-off is almost a cinch to develop here and gamblers can pay their money and take their choice from there on in.

In the Parmer County judge's race, A. D. Smith, present holder of the office, is running against two Friona men, Loyde A. Brewer and Wesley Hardesty. Controversy as to the outcome of this race is also easily come by.

The commissioner's race in Bovina precinct is an unusual one. Two men, C. L. Calaway and Vernon Estes, have their names on the ballot. Incumbent Charlie Jefferson is not

listed on the ballot, but is making an active campaign to retain his job. His name is not on the ballot because of a failure to file.

At Lazbuddie, G. W. Crain and T. W. Bewley are attempting to win the seat on the commissioners court which was left vacant when Henry Ivy chose not to seek re-election.

Two Justice of the Peace races are going on in the county—at Bovina and Friona. At Friona, incumbent Walter Loveless is opposed by Thelma Jones and E. B. Brannon. The Bovina post will be created January 1. Running for it are W. J. Parker and J. D. Stevens.

Unopposed candidates in the district and county are Jesse M. Osborn, state representative, 96th district; E. A. Bills, district judge, 154th judicial district; William H. Sheehan, district judge, 154th judicial district; Hurshel R. Harding, county attorney; Hugh Moseley, county and district clerk; and Mabel Reynolds, county treasurer.

Second Democratic Primary—the run-off election—will be the fourth Saturday in August—August 23.

### Lt. Jim Dixon Reports For Duty

Lt. and Mrs. Jim Dixon left Friona Monday for Tyndall Air Force Base at Panama City, Fla., where he will report for active duty August 1.

The Dixons planned to tour several places of interest on the way as they drove through the southeastern section of the United States. Dixon is a spring graduate of Texas A&M College at College Station.

## Council Hears Plans For New City Well

Members of the Friona City Council heard Red Smith of Parkhill, Smith & Cooper, consulting engineers, and Ed Franklin, of Dittmar & Company of Dallas outline their recommendations for drilling and financing a new well for Friona before next summer.

The plans were told at a special meeting of the council Wednesday night in the city hall.

Smith estimated a new well plus the necessary sandtrap will

cost around \$25,000.

Going into more detail Smith said that he would recommend that the city go ahead and put in a 500,000 gallon concrete storage tank at the same time in order to stay ahead of population growth and insure the best return for the investment.

A new well, plus storage and additional mains, booster pumps and a chlorinator will cost in the neighborhood of \$72,000, Smith said.

He told the council that the above figures were merely estimates and the final figures may vary slightly, but such an investment would solve Friona's

water problem for a number of years to come.

After Smith finished Franklin spoke to the group about the financing of such a project and according to him "this is a good time to sell bonds."

Franklin says that Friona now has out \$68,000 in bonds at an interest rate of 4 1/2 percent. He feels that the city could vote a bond issue of \$140,000, recall the \$68,000 4 1/2 bonds and sell the total for 4 percent or less and realize a saving on interest.

This way the city would be able to recall the \$68,000 bonds now out, plus an additional \$72,000 and pay for the new

water source.

The bonds, Franklin says, could be sold now easily and at a much lower rate of interest than previously.

The council did not take any action on the plans, but met with Smith and Franklin in order to learn more about how to go about solving the water shortage for a number of years instead of the stop-gap measures the city has been forced to use in the past.

Council members present included Mayor R. L. Fleming, Ralph Smith, Eddie Meil, Glenn Reeve Sr. and city manager Albert Field in addition to Smith and Franklin.

## Final Rites Held For H. T. Magness

Final rites were held Friday afternoon at 3 p.m. for H. T. (Tiny) Magness, 51, of Friona who was killed in the crash of a plane 13 miles west of here last Wednesday morning.

Artis Fallwell, also of Friona, was injured in the crash but is reported to be recovering from a broken leg, severe lacerations about the head and a fractured vertebra.

The two men were hunting coyotes from the plane when the crash happened about 7:30 a.m.

Mr. Magness was born April 25, 1907, and moved to Friona in 1928 and was the first man to begin the distribution of Phillips 66 products in this area.

At the time of his death he was active in real estate, farming and cattle and was an ardent flyer having received his private pilot's license in the early 1940's.

A member of the First Baptist Church, Mr. Magness was a former member of the school board and active in civic and church activities.

The Rev. Dr. John Freeman, president of Wayland College of Plainview, officiated at the services and was assisted by Rev. L. A. Sartain, pastor of the First Baptist Church, and Rev. Hugh Blaylock, pastor of the Friona Methodist Church. Interment was in Friona Cemetery.

Pallbearers included Pete Buske, Noyle Wood, A. L. Black, Frank Spring, Paul Fortenberry, and Carl Maurer.

Mr. Magness is survived by his wife, Eula Mae Magness of Friona and two daughters, Deniese and Jacquelyn; his mother, Mrs. J. D. McMillan of Friona; two sisters, Mrs. Marie Roden and Mrs. Dot Boatman, of Friona and a grandson, Cliff Magness.

## THE STAR'S BALLOT

During elections and dog fights, a man's mind is apt to wander, but despite this we shall attempt to pick the men that we feel will fill the job of representing the people best in the elections Saturday.

Governor—Price Daniel. We think Price is heads above the three others contesting this race; at least he doesn't use a little brown jug and a fire engine.

Lt. Governor—George Nokes. United States Senator—Bill Blakley. At least he isn't a pawn, yet, of the labor unions of other states.

Associate Justice Supreme Court, Place 1—Robert Hamilton of El Paso. Associate Justice Supreme Court, Place 4—Joe Greenhill of Travis County.

Land Commissioner—Bill Allcorn. We feel this man has done an outstanding job in a time where the office was smeared by scandal and fraud.

Commissioner of Agriculture—Glenn Kothmann of Bexar County. We feel that Glenn is a man more suited for the job and has the understanding, education and ability to fill the needs of our farming population.

State Senate, 30th District—Andy Rogers of Childress. Although we have only met Andy on two occasions he has always impressed us and we feel that he deserves another term of office.

County Judge, Parmer County—Loyde A. Brewer of Friona. A man who proved his ability in the county clerk's office and a man who will do his best to serve the PEOPLE, not the chosen few, of the county.

Justice of Peace, Precinct 2—Walter Loveless of Friona. Judge Loveless has impressed us as we have worked with him at all hours of the day and night and he has proved to us the ability to carry out his office in the manner in which it should be handled.

## One Intelligent Vote . . . Is Freedom's Price

(ED. NOTE: — with election day coming up Saturday we have clipped the following article from an issue of the Canadian Record which we think brings out the importance of our duty on this day.)

(Author unknown)  
If Washington could endure the famine and frostbite of Valley Forge, and . . .

If Patrick Henry could face the scorn of the Tories, challenging them to do their worst, and . . .

If Jefferson, Mason, Madison and others could give us the Declaration of Independence, the Bill of Rights, the Constitution, and . . .

If our grandfathers could stagger home after Appomattox, putting together the broken pieces, without the benefit of a Marshall Plan, Lend-Lease or other aid, and in spite of carpet bagger and scalawag interference, and . . .

If our fathers could breathe the poison gas of Chateau Thierry and Belleau Wood, and . . .

If our brothers could hit the beaches at Normandy and Anzio or scale the heights of Tarawa, and . . .

If countless mothers could endure the anguish and heartbreak that always comes when men fight and die for the things they hold dear;

For these and thousands more, the price of liberty came high. But for you and me, in 1958, it is:

### ONE BALLOT

cast intelligently and according to the dictates of a good conscience. Is the price too high?

## NEWS FROM BLACK

MRS. DICK ROCKEY

### HD CLUB SERVES BANQUET

The Black Home Demonstration Club served the Tri-County Elevator's annual banquet Tuesday evening in the Community House. A hundred or more attended.

### HAS SURGERY

Mrs. Merler Shirley of Friona had surgery at Deaf Smith County Hospital in Hereford last week. She is getting along as well as possible. She is the mother of Mrs. Lester Dean.

Pfc. Arnold Fangman left for Fort Lewis, Wash., Monday morning. He has been on a thirty-day furlough and has been visiting his mother and brothers, Teddy and Charles. Arnold hopes to have his time of service up in January and be home for good.

We are glad to have Mr. and Mrs. Delton Lewellen and family back in our community. They moved into their new house last week.

Mrs. Ellis Tatum, Mrs. Weldon Tatum and Mrs. Jerry Houlette and Debbie were shopping in Clovis Wednesday.

Sunday visitors in the J. R. Braxton home were Mr. and Mrs. P. O. Southall of Friona, Mr. and Mrs. Gene Smith of Dallas, Mr. and Mrs. Aub Tucker of Borger, Mr. and Mrs. Gene Southall of Amarillo, and Mrs. Benthall Miller and family of Clovis.

Visitors last week in the John Benger home were Mrs. Mertie Kelley, Riley Edward Kelley and Joan Terrel of San Francisco, Calif. Mrs. Kelley is Benger's sister-in-law and Riley and Joan are his nephew and niece. Sunday the group all went to Canyon and visited in the home of Mr. and Mrs. Harry Green and family.

Mrs. Helen Fangman and Charles went to Muleshoe Thursday to see Alfred Hicks, an accident victim in the Muleshoe hospital. They went from there with Mrs. Joe Jesko to Farwell to visit Mrs. Susie Jesko and then to Clovis shopping in the afternoon.

Visiting in the Johnie Benger home last week were Mr. and Mrs. Truitt Smith and son, Danny, of Seagraves and Mrs. Katie McMillan of Borger. Mrs. Smith is Mrs. Benger's sister of Mrs. McMillan is her mother. They attended the funeral of Mr. Tiny Magness of Friona Friday.

Mrs. Gordon Shackelford and grandson, Jeffery Price, went to Pampa last week to visit Rose Decossantes, Benjamin Estep.

Mrs. Shackelford's daughter and family, the Dick Hannas. It was Jeffery's first train ride and he sure enjoyed it.

Mr. and Mrs. John Key and sons of Levelland visited Sunday in the Dick Rockey home. Mrs. Key is Rockey's sister.

Judy Price of Hereford visited last week with Brenda Deaton. Iva Ben Parr was a Sunday guest in the home.

Mr. and Mrs. J. R. Nazworth and sons just returned from a two-week vacation in Oklahoma and Arkansas. They picked up the family of Plase Vernable at Tulsa to go with them. From there they went to Mt. Pine, Ark., and fished two or three days. They toured that state coming back to Eureka Springs and spent a few days.

Mrs. Tom Presley, Mrs. Dick Rockey and Mrs. Howard Elmore were shopping in Clovis Wednesday.

public highway. John R. Gilbert, drunk on public highway. Robert Edward Smith, overloaded truck.

Jerry Lee Cooper, speeding. Johnny Burke, overloaded truck. Raymond Dickey, overloaded truck.

### CORPORATION COURT

The following cases were heard before Judge Walter Loveless in city court during the week ending July 22:

Henry L. Bustellar, improper parking. Gary Sherrieb, failure to yield right-of-way.

By MRS. CLYDE MONK

**Congratulations!**

Mr. and Mrs. Don Edwards are announcing the birth of their first child, a boy, Sunday, July 21, in a Clovis hospital. He weighed 7 pounds and 2 ounces and has been named Bobby Don. Grandparents are Mr. and Mrs. Claude Blackburn of Lazbuddie, and Mr. and Mrs. Robert Edwards of Muleshoe.

**ATTEND FUNERAL**

Mr. and Mrs. T. O. Lesly and girls attended the funeral of her grandmother, Mrs. W. G. Harris, in Ralls last Monday. "Grandpa" Harris died earlier this year.

Mrs. David Brown and daughter, Connie Lee, from Denver City are visiting her mother, Mrs. Laura Treider, this week. Derrell Jennings, Patsy Cox, Janis Clark and Laurence King spent Sunday at Monument Lake, boating and skiing.

Mr. and Mrs. Finis Jennings and Mr. and Mrs. Miles Warren returned Thursday night from a trip to Truth or Consequences, N. M., and El Paso where they visited Mrs. Jennings' sisters, Mr. and Mrs. Paul Pittman and Mr. and Mrs. F. W. Williams. Another sister, Mrs. John Hughes, of Lubbock was also there. The Warrens left Monday morning for their home at Vero Beach, Fla., by way of Hot Springs, Ark., where they will visit for a few weeks.

Mrs. J. P. Wilson and son, Mr. and Mrs. Elroy Wilson and Terry Lynn from Friona, visited Sunday with Mr. and Mrs. Ralph Cox and family.

The Jackie Browns were in Muleshoe Sunday visiting with Mr. and Mrs. Merle Brown and girls.

Karen and Sharon McGehee from Post are visiting this week with their cousin, Gerald McGehee.

Mr. and Mrs. Roy Daniels and Mr. and Mrs. Garvin Thorn left Friday morning for a week's vacation at Lake City, Colo.

Weekend guests in the J. D. Carpenter Sr. and Howard W. Carpenter homes were Mr. and Mrs. Neil Ross from Lubbock, Mr. and Mrs. John Blomfield and boys, Johnny and Carl, of Clovis and Mrs. B. E. Johnson and Nancy, Lubbock.

Visiting from Maud, Okla., last week in the home of Mr. and Mrs. V. W. Rannals were Mr. and Mrs. Claude Cross.

Mr. and Mrs. Bill Jennings and family visited in Friona Sunday with the Mike Pavalus family.

Leon Watson spent the weekend in Dimmitt with his brother-in-law and sister, Mr. and Mrs. Preston Cargile and girls.

Visiting with the Gene Smiths and enjoying homemade ice cream recently were Mr. and Mrs. James Butler and girls from Morton, Mr. and Mrs. Andy Fuqua, Mr. and Mrs. Macy Fuqua, Mr. and Mrs. Max Steinbock, and Mr. and Mrs. John Littlefield and Carroll.

Mr. and Mrs. Frank Hinkson and family and Wanda Steinbock were in Dumas Sunday visiting with Mr. and Mrs. James Haynes and boys.

Mr. and Mrs. Sikkie Watkins and family from Lubbock visited Sunday with his parents, the Claude Watkinses.

The Edgar Hartleys had as their guests last Thursday Mr. and Mrs. Norman Singer and family from Littlefield.

Mr. and Mrs. O. M. Jennings spent the weekend in Hereford with the Cecil Malones. On Sunday they were dinner guests of Mrs. Addie Stallings in honor of Obie Malone's birthday. Gay and Joan Jennings from Friona are spending this week with the Jenningses.

Mr. and Mrs. Hoyt Eubanks and family enjoyed a dinner and get-together of a few former classmates in the home of

## Wheat Supports Increased 4 Cents

The Department of Agriculture has announced that because of an increase in wheat parity price, the support price to producers for 1958-crop wheat will be \$1.82 per bushel—an increase of four cents per bushel above the "advance" minimum price for this year's crop announced in April 1957.

The 1958-crop average support of \$1.82 per bushel compares to a national average support of \$2 per bushel for the 1957 crop.

When the minimum price was set in accordance with "favored pricing" provisions of law, the USDA announced that the support price would be re-determined as of July 1, 1958, the beginning of the 1958-crop wheat marketing year, on the basis of the current wheat parity price and the percent level of support as indicated by the relationship of the total supply of wheat available to a determined normal supply for the marketing year.

In Parmer County, wheat loans have climbed to \$1,797,769.98, according to Prentice Mills, ASC office manager, who made the report on Monday. That amount was advanced on a security of 1,057,000 bushels of farmers' wheat placed in storage.

"We are about 70 percent complete," estimates the official. He believes that there will be about another 150 loans made. To date, 879 loans have been made.

In 1958, \$1,980,584.41 was made in loans on wheat to farmers, and the grain totaled 1,043,000 bushels. There were 486 loans made last year. More wheat has already gone into the loan this year than did last year, but the dollar volume is down because of a price differential of nearly 30 cents a bushel in the two seasons.

Also on the subject of wheat, planting time is not far away and Mills is cautioning farmers to remember that ASC personnel have been instructed to

count as "wheat" any planting mixtures that have wheat in them.

"No matter if the wheat is only about 10 percent of the seed and the rest is rye or barley or something else, we will have to call it wheat," says Mills.

Farmers who contemplate planting mixtures will want to keep this in mind in planning their planting, especially if allotments have been a restriction to their seeded wheat acreage.

### Farmers Union Urges No Change In Labor Bill

Alex Dickie Jr., president of Texas Farmers Union, states that the executive board has voted unanimously to support a three-year extension of Public Law 78 as now written, without amendments. The board heard a report by five county presidents of Texas Farmers Union who attended the bracero labor users conference in San Antonio last month.

The San Antonio conference was attended by some 50 farmers and co-op managers representing most of the state farm organizations and it was agreed that all should present a united front in asking for an extension of P. L. 78.

Dickie sent the following telegram to Senators Yarborough and Johnson and ten members of the house of representatives in Washington: "Texas Farmers Union urges your support of Public Law 78 for a three-year extension without amendments."

Using and enjoying is true having.—Whichcote

### STAIN REMOVAL

Special finishes now being used on many cottons, linens and rayons give wrinkle-resistance, extra sheen and body to these fabrics.

Problem now is, how to remove stains from fabrics that have these special finishes. Chlorine bleaches may be used on some, according to extension clothing specialists. Other finishes are damaged by such treatment because special resins in the finish absorb and retain chlorine.

Best rule to follow, according to the USDA Agricultural Research Service, is to look for directions regarding use of bleaches on the garment. If no information is given, avoid use of chlorine bleaches on fabrics with special finishes.

Some stains cannot be removed without bleaching. In such cases use sodium perborate or a powdered bleach that contains it. Soak washable color-fast fabrics for several hours, or overnight if needed, in a warm solution containing one or two tablespoons of sodium perborate to a pint of water. Another method is to sprinkle dry bleach on the dampened spot, then dip in a pan of very hot water for a few minutes.

This reminder from the clothing specialists: Always check garments for stains before laundering, and remove. Otherwise hot water may set stains.

Planning a new color scheme for your home? Choose colors for the large areas first, says Charlotte Tompkins, extension home furnishings specialist. This includes floor covering, walls and large upholstered pieces. In most cases, these should be your most livable colors, or colors that are greyed in intensity.

Next, choose colors for small upholstery and the window treatment. This may be a blend of the room colors, or match or

contrast with the walls. Lastly, choose your colors for accessories and small areas—pillows, lamps, pictures, ash trays, etc. Usually this accent color is the brightest color.

For something different in picnic fare, try beef kabobs. You don't need a recipe. Just cut beef into inch-size chunks and stock an assortment of mushrooms, onions, tomatoes, and what-have-you. Spear the ingredients alternately on metal skewers or long green sticks about one-fourth of an inch thick. Broil over hot coals until done. This way, everyone does his own cooking.

Want a low-calorie salad dressing for your summer green salads? Mix together ½ cup tomato juice, 2 tablespoons lemon juice or vinegar, 1 teaspoon salt, ½ teaspoon dry mustard, 1 teaspoon grated onion and ½ teaspoon Worcestershire sauce. Store covered, in the refrigerator. Shake well before using. One clove may be added if desired. The entire recipe contains 25 calories.

Get your money's worth when you buy fresh vegetables. . . Consider price, quality and use as well as good nutrition and convenience when you buy, suggest extension foods and nutrition specialists.

Distinguish between blemishes that affect appearance and those that affect eating quality. Vegetables to be used in soup, casserole dishes, or in mixed salads, need not be as large and free from blemishes as those to be served alone.

For freezing or canning select only fresh, top-quality vegetables at the right stage of maturity for eating.

Milk is one of the best foods you can get, according to extension foods and nutrition specialists. It furnishes about 100 different nutrients—a long list of vitamins, fats, sugars, and high-quality proteins.

It is outstandingly important for three nutrients: the mineral calcium, the vitamin riboflavin and protein. Children under 16 need ¾ to 1 quart of milk daily; adults need at least a pint.

Cotton producers will find that such practices as weed, disease and insect control; fertilizing at rates based on research findings; irrigating for good maturity in areas where it is done with special attention given to cutoff dates; careful harvesting and ginning; keeping low grade and high grade fiber separate and selling on grade can boost the income from this year's cotton crop.

In selecting fabrics or garments be sure to check the labels for washability before buying. Extension clothing specialists remind us that much of the success or failure in laundering synthetic fibers lies in following directions given by the manufacturer.

Adding to the capacity of the commercial elevators in Parmer County is a huge addition to the Sherley - Anderson facilities at Lariat. Here workmen finish off a foundation which will support the heavy concrete tanks. The 2,000,000-bushel addition will bring the elevator to a 3,670,000 - bushel capacity.

in Texas. The rapid development of vegetable production on the High Plains has been largely dependent on information obtained from vegetable research and grower knowledge in the Rio Grande Valley, Arizona and California. For sound development of the vegetable industry on the High Plains, research is urgently needed to evaluate locally the principal factors that influence yield, quality and marketing-ability of crops such as (1) adapted varieties, (2) soil fertility levels, (3) insect and disease control, (4) weed control, (5) irrigation and water management and (6) cultural practices.

Lack of information on the control of insects and diseases in 1957 alone reportedly reduced the income of the growers by several million dollars.

Moreover, for the High Plains commercial vegetable industry to develop and compete effectively with other areas of production will require the development of sound technical and scientific information. In no other agricultural enterprise in the area can a single practice return greater profit per dollar invested. At the present time very little organized vegetable research work is being conducted on the High Plains.

## Vegetable Council To Meet Tuesday

Parmer County area farmers may be interested in attending a meeting of the High Plains Vegetable Council, which will be in Dimmitt July 29, at the district court room.

The meeting, which will begin at 8 p.m., is to discuss vegetable research which the council has asked the Lubbock Experiment Station to undertake. The station has agreed to cooperate with the request, but an appropriation from the legislature will be required, and the meeting is called to gain support for this effort.

The Council's over-all objective is to work with groups such as the Extension Service, in an attempt to help stabilize the vegetable growing industry on the High Plains.

Pinpointing the program of the council is their request for establishment of a vegetable research program for the High Plains. It is as follows:

The proposal for expansion of research work conducted by the Experiment Station in cooperation with Texas Tech to include a vegetable research program has been developed at the request of the Texas High Plains Vegetable Growers Council. This organization represents growers in Hale, Floyd, Lamb, Lubbock, Swisher, Bailey, Crosby, Cochran, Castro, Deaf

- (1) realization of greater economic returns from vegetable per inch of water used (2) rising costs of producing farm crops, (3) development and expansion of markets for vegetables produced on the Plains, (4) the need for diversification to raise farm income by more efficient utilization of land and irrigation equipment, and (5) lack of competition from vegetable producers of other areas.

"The Place Where Most People Trade" Friona, Texas Wednesday, July 23, 1958

Soon you may be able to "Drive Better—Electrically," says the Electric World Magazine. The electric auto, forgotten the last 50 years, may soon appear on the highways in a sleek, safe, and economical version. Top speed could be 35 miles per hour.

Farm equipment is our business and we'd enjoy helping you get the most out of yours. If it's parts you need, we've got them. If you're thinking about a new tractor we can help you there, too. Why not stop in next time you are in town? Let's talk about farm equipment.

Mr. and Mrs. Jimmy Baxter and family from Littlefield were visiting friends in Friona Thursday.

The best way to kill Johnson grass and bindweed is with plenty of sodium chlorate. Ask us about our prices.

Farmer Jones—"Well, Maggie, now that we struck oil, I want you to have some decent clothes."

Maggie—"Nothing doin'. I've worn decent clothes all my life—now I'm gonna' dress like other women."

See us for Goodyear tires and tubes. They're tailor-made for your tractor. That's why they give such outstanding performance at such big savings.

Chatter at our house—David: "That man at the filling station didn't even charge me for the air in my new bicycle tire." John Bill: "It's always free—there's air everywhere." David: "How do they catch it?"

The all new McCormick

No. 46 is the greatest twine baler ever built—greater capacity, dependability, easy adjustment, ruggedness and low cost!

Glenn Herring was repairing his lawn mower Wednesday when he got his hand caught in one of the chains.

Glenn's hand was pretty badly smashed, but what is worrying him is that the finger that was hurt the most is his trigger finger. Glenn and his dad, D. C., have been rabbit hunting lately and he is looking forward to quail season. He has a new gun, too.

There's new McCormick Harvesting Equipment just right for your acreage, crops, and conditions. Whatever your harvest needs, come in, see us now.

If you think old soldiers just fade away, try getting into your old army uniform.

Now is the time to kill Johnson grass and bindweed on your farm. We have plenty of sodium chlorate.

Farmers today consume about 15 billion gallons of petroleum products per year, more than any other industry in this country and by far more than any other user outside the United States.

Need a new battery? Why not trade for a new Auto-Lite battery at the Parmer County Implement Company?

A young mother we know asks, "Why is it that when you have both hands full, chicken frying, and company coming for dinner, your husband or children want to have a confidential talk?"

Before you buy sweeps see the ones we have at the Parmer County Implement Company. They are genuine I-H—the very best.

Company at the Frank Spring home this week were Mrs. Spring's nephew and his wife, Mr. and Mrs. Tommy Christian of Claude.

When you buy farm equipment specify Goodyear tires—it pays.

Mr. and Mrs. Louis Welch and Mr. and Mrs. H. H. Horton went to Conchas over the weekend and enjoyed skiing on the lake.

The cheapest hay baler gets more hay baled per hour. Ask about prices on the New McCormick baler.

A newcomer in Texas, seeing all the dry, arid land asked a native, "Doesn't it ever rain here?" "Sure does," answered the Texan. "When?" Inquired the newcomer. "Well, you've read about the time it rained forty days and forty nights—we got an inch and a half that time."

See us for all your farm equipment needs. Spark plugs, starter switches, oil filters, governor springs, or for a big overhaul job. Call 2091 and ask for Ben Woody.

Dr. Lee Spring has perfect home grown tomatoes right now. His were the first we'd heard about and he planted them way back in January.

An extra belt can save you hours; get yours now. Have a spare on hand and save at the same time. Get I-H fan and generator belts at the Parmer County Implement Company.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Chances are 18 to 1 that the driver of a tractor involved in a public road accident will die. With this chance of survival in mind, watch for approaching, fast moving vehicles in the rear. Pull off the right-of-way until they have passed, particularly if vehicles are also approaching in front. It is difficult to determine the slow speed of farm machinery on the road, and you may save the

life of yourself and others. Be careful in operating machinery in the field too, and be sure to caution your employees regarding these safety measures as well. Farming is the most dangerous occupation in the United States. Only the farmer and his workers can change this, but we hope it will be done.

President Gilbert Kaltwasser came back from the Commodity Committee Meeting in Waco last week, urging Farm Bureau leaders and other farmers to wire Senator Lyndon Johnson immediately, supporting him, and urging passage of Senate Bill Forty Seventy One. It was delayed a week, but it was believed that enough support could be gained to assure its passage this week. By the time you read this,

the news will probably have revealed the outcome. Texas and other Farm Bureau leaders were in Washington, presenting petitions from farmers in an effort to gain this forward movement that would prevent drastic acreage cuts that we know would take place under existing legislation still in effect. Telegrams that we know about were sent by Kaltwasser, Hamilton, Bauer, Raymond and Walter Schueler, Patterson, Donald Christian, and Symcox. We hope there were many others, and believe there were, from this area.

We take this last opportunity to urge you and every other Farmer County citizen to cast your ballot this Saturday, July 26. When you have done that, urge everyone you know to

quality for future elections by paying their poll tax for next year. It is important that everyone qualify and vote.

Mrs. C. V. Potts and her committee are working toward the Queen Contest August 22, hoping that a winner can be obtained to go to Texas Contest. If you know of such a girl, give her name to the chairman in your community, or let the office in Friona know. All of Farm Bureau joins in extending sympathy to the family of Tiny Magness, father of the first PCFB Queen, Denise.

CONSIDER THIS: A faithful man shall abound with blessings: but he that maketh haste to be rich shall not be innocent. Proverbs 28:20

Farmers May Hurt Future Allotments By Overplanting

Farmers who comply with their 1959 farm wheat acreage allotments will receive credit for the acreage "diverted" from wheat production this year in establishing future wheat allotments, according to Prentice Mills, ASC office manager.

Legislation enacted in recent years provides that a farm's "base acreage" will be used as the wheat acreage history for 1959 and future years if the farmer complies with his wheat acreage allotment. The "base acreage" is the farm allotment plus the acreage considered diverted from wheat for the year.

On the other hand the farmer who exceeds his farm's wheat acreage allotment in 1959 will be credited only with the allotment in determining future allotments for the farm.

In other words, a farmer who exceeds his 1959 wheat allotment would possibly cause the future wheat allotment on that farm to be reduced and of course cause the wheat production on that farm to be ineligible for price support.

Under a marketing quota program, approved for the 1959 wheat crop in a farmer's referendum on June 20 of this year, price support in commercial wheat states is available only on wheat produced in compliance with farm wheat allotments.

"Excess" wheat, produced on farms with more than 15 acres of wheat and not in compliance with the wheat allotment, is subject to a marketing quota penalty.

Who's angry at a slander makes it true.—Jonson

SOIL CONSERVATION DISTRICT NEWS

There are several ways of determining the amount of water that is being applied during irrigation. The Soil Conservation Service has a method that appears very effective for this area. A sheet of metal with a certain size hole in it, known as an orifice, is placed in the water furrow.

This determines the amount of water running down the furrow and the variation in height of the water on the side of the orifice will determine the rate in which the soil is taking water. Soil samples are taken before and after the irrigation.

Irrigation trials were run on the E. M. Jack farm northwest of Friona last Thursday. Stanley Bishop is farming the place. The check was made on a deep, fine textured, moderately permeable soil with a row length of 800 feet. The orifices were set 200 feet apart in the same furrow. The crop being irrigated was grain sorghum. The results will be published as soon as the data is compiled.

Raymond Schueler has a 21-acre level border system on his farm in the Rhea community that was constructed last year. This area where the bor-

ders were installed had so much slope that it was very difficult to irrigate. With assistance from the Soil Conservation Service, a system of level borders was designed to fit his soil and farming needs. Dirt work was completed last September. Schueler reports that the system paid for itself this year from the barley that was harvested.

R. L. Douglas Jr. has interplanted mung beans with grain sorghum on his place southwest of Hub. The seeding rate that he used was 100 pounds of grain sorghum to 45 pounds of mung bean. Both are looking good. This is a highly recommended soil improving practice of this area.

This week is National Farm

Safety Week. Let's keep safety in mind not only during this week but every week in the year.

Obstinacy is the strength of the weak.

You know his record. He is the only one we can trust. Why Change? Why Guess? Why? Why? This notice is not paid for by any machine but by citizens of Parmer County who believe in good government! Yarborough is a senator for all the people, Vote for him!

LET'S ELECT LOYDE A. BREWER COUNTY JUDGE

### THE COUNTRY EDITOR

By H. M. BAGGARLY

Publisher, The *Tulia Herald*

ONE OF THE most vital races in Saturday's Democratic primary is that of State Senator. There is much more involved than mere personality. Since the issues have been clouded by gossip, slander, false rumors and even defamations of character, the voter has a tremendous personal responsibility to sift truth from fiction, prejudice from objective appraisal, and fact from fancy.

WE ARE NOT supporting Senator Andy Rogers, the incumbent, because we think he is perfect, because he has pleased us all the time, because we think he is the only resident of the 30th Senatorial district capable of serving with ability and integrity. We are supporting him because he towers head and shoulders above the two men who now seek his place in the Senate. So completely objectionable are the other two men, in our opinion, that we would have to scratch both names if the name of Senator Rogers did not appear on the ballot.

HERE ARE SOME of our reasons for having to support Rogers. He is the incumbent, having served only one complete term in the Senate, and it is our belief that an incumbent deserves re-election unless there is a good reason why he should not be re-elected. In the case of a Senator, seniority is of utmost importance. It would be extremely unwise for a district to throw its seniority in the Senate to the wind. Senator Rogers already has the job. We owe nothing to a person, even a friend, who covets the job of his neighbor.

Secondly, anyone who studies Rogers' record carefully will soon find that he thinks like the typical resident of the 30th district. We have not always seen eye to eye with Rogers on every issue that has come up, in fact, on occasion we have attacked some of his decisions editorially—but we have approved his actions in a huge majority of cases. In voting, our choice is not to select the perfect candidate, according to our own specifications — our choice is to vote for the man who most nearly reaches perfection.

While Senator Rogers' batting average in the Senate is high, in our opinion, the voting records of his opponents are completely unpalatable in too many instances.

ONE OF ROGERS' opponents has represented big business interests, including the utilities monopoly, much more effectively than he has represented the farmers and smalltown businessmen of the 30th district.

The other man in the race, when he was in the Legislature, voted for exempting utility companies from the license fee (required of other appliance dealers) for the privilege of selling gas and electric appliances, parts and repairs in towns of 3,000 or less. He voted for a two per cent gross receipts tax on soft drink bottlers which Gov. Shivers offered. It was adopted 15-14, so his was the key vote. Later, the Senate reversed itself and killed this tax. He also voted to table Aikin's effort to reduce this bottle's tax to one per cent. Then Aikin tried to exempt milk from the bottle's tax and this candidate voted not to exempt milk.

THIS CANDIDATE introduced a bill to give the state a first lien on any property owned by old-age assistance recipients and to require that it be foreclosed on their deaths and the state welfare department would get back all they had been paid. This idea has been pushed by anti-pension folks ever since. He also introduced a bill regulating sale, distribution or possession of oleomargarine which hurts every cotton farmer. And most objectionable of all, he supported a two per cent income tax proposal!

This is to say that Senator Rogers, the incumbent, is much better qualified to serve an agricultural district than either of his opponents. Ask any informed farmer who is familiar with REA and other major farm problems. Ask informed leaders of any farm organization who have had occasion to make trips to Austin in the interest of farm problems.

IN THE THIRD place, we would have to vote for Andy Rogers because the special interests groups, the gas pipeline group, the utilities monopoly, the anti-farm group, those who would like to have federal and state control of underground water, those who consistently try to keep the lid on Austin scandals, those who do not want practitioners of the healing arts controlled or licensed by the state, those who have proved themselves enemies of

## Weed Committee At Work Again

The Farmer County Farm Bureau weed committee is in operation again this year, after two successful seasons. Their No. 1 enemy is bindweed, and their work has consisted mostly of spotting and urging control of infestations, and enlisting cooperation among individuals, the county, the state, and the railroads.

Last Friday the committee prepared a county-wide map pinpointing bindweed plots, and this map will be helpful to individuals and agencies planning to take control action.

Those who are serving on the committee, and their "beats" include:

Gus Schlabs, Friona east to the Castro County Line on Hwy. 60.

Ralph Smith, Friona north to Deaf Smith County Line, State Road 214.

Raymond Schueler, Friona west to the 10 mile corner on Farm to Market Road 1731.

Charles Calaway, Bovina north to 10 mile corner.

Spencer Hough, Friona south to Hub.

Bruce Parr, from Friona to Bovina on Highway 60.

Lester Norton, Bovina to Farwell on Highway 60.

Wilbur Charles, Bovina to New Mexico State Line on Farm Road west.

James Mabry, from the intersection of Highway 60 at Bovina to Hub on Highway 86.

Rene Snead, Hub to Castro County Line on Highway 86.

Joe Jesko, Hub to Clay's Corner on 299.

E. E. Engleking, Clay's Corner south to Bailey County Line on 299.

Bud White, Clay's Corner east to Castro County Line.

Walter Kaltwasser, underpass to Oklahoma Lane.

Dee Chitwood, Oklahoma Lane to Clay's Corner.

G. T. Watkins, Oklahoma Lane to Bovina.

John Aldridge, Farwell, to R. D. Dale, Oklahoma Lane south to Bailey County Line.

Wash plums and remove pits. Chop or finely slice plums—you should have about 4 cups—into a large preserving kettle. Add water, cover, and simmer for five minutes. Then add lemon juice, finely crushed candy, butter, and all of the sugar. Bring quickly to a full boil and boil rapidly for 1 minute, stirring constantly.

Remove from heat, add liquid pectin, and stir frequently for 5 minutes to prevent floating fruit. Ladle into hot, sterilized jars and seal at once with melted paraffin or use sterile jars with vacuum-type seal. Makes 4 pints. For spicy plum jam try this variation. Substitute ½ cup red cinnamon candies for the peppermint candy. Add cinnamon candies to the raw plums when you add the water. Proceed as above.

\*\*\*\*\*

**AP0 MARMALADE**

1 can (13 oz.) frozen pineapple  
2 oranges  
2½ cups thinly sliced ripe apricots  
1 box powdered fruit pectin  
7 cups sugar  
½ teaspoon butter  
1½ teaspoons grated orange rind

Thinly slice pineapple if it's the chunk style. Peel oranges, removing all the white membrane. Dice finely and combine with apricots and pineapple in large preserving kettle. Add powdered pectin. Bring mixture to a boil and simmer gently for 1 minute.

Add all of the sugar and the butter. Place over high heat and boil rapidly for 1 minute. Remove from heat and stir in grated orange rind. Stir frequently for about 5 minutes to prevent floating fruit. Pour marmalade into hot, sterilized jars and seal. Makes about 4 pints.

\*\*\*\*\*

Another two fruit conserve that is very delicious is **TOMATO-APPLE CONSERVE**

2½ cups tomato pulp  
½ cup apple juice  
1 package powdered fruit pectin  
5 cups sugar  
½ teaspoon butter  
2 teaspoons vanilla

Use fully ripe red or yellow tomatoes. Use mainly the meaty part of the tomato—squeeze out seeds and as much of juice as possible. Dice 2½ cups tomato pulp into large preserving kettle. Add apple juice and powdered pectin. Bring mixture to a boil and cook gently for 1 minute.

Add sugar all at once and butter. Bring to a full rolling

## BILL BLAKLEY

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Fort Arthur News* says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest..."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

It isn't too early to start sewing school clothes for our children who will be starting to school in the very near future. Much thought should be given to the selection of materials and patterns to be used for children just starting to school as well as those who have gone a few years.

Too many times we as mothers over dress our daughters when they are starting to school for the first time. We seem to lose sight of the fact that being comfortably dressed is just as important as being neatly dressed. With the wide selection of beautiful materials that are available, it is no problem at all to make simple styles that are very becoming.

At times it seems a pity that we cannot be as practical about dressing our girls for school as we are about dressing our boys. Neatly made shirts that are clean and blue jeans are the most popular school outfit for boys of any age.

Some of the things we should keep in mind when making or buying clothes for our daughters are that the garment is comfortable, that it is easily washed and ironed, that there are no large buttons on the back, and that the frills are kept to a minimum.

Any homemaker who hasn't discovered the pleasure of planning a school wardrobe for her son or daughter and then making as many of the garments as possible has missed one of the greatest thrills of home-making. Anyone who can sew a plain seam can make clothing suitable for children to wear to school.

Not only is home sewing of school clothes a pleasant experience, but it is also an economical idea. By making your child's school clothes he or she can have better clothes without the parents having to spend nearly so much money for the child's wardrobe.

\*\*\*\*\*

Everyone of us should keep in mind that cotton is Texas' biggest money crop and much of it is grown in our area. Any time we go shopping we should check labels and buy cotton products in preference to synthetics every time it is possible. There is no better way for us to help keep the price of cotton

# Four-Crop Deal Shapes Vegetable Future at Bovina

From coffee cup conversation and idle street talk last winter has come a new enterprise to Bovina, and one that is attracting no little interest from citizens of that community, and the farmers who surround it.

Vegetable growing has come to Bovina for the first time—on a commercial scale—and is getting off to a fast start. Just six months ago the farmers of the Bovina area were 100 percent grain sorghum-cotton-wheat producers, just like they have been for a long long time.

In 1958, this story is being repeated, but there are 39 farmers who are getting their feet wet in a different kind of farming, one that means more

work, more investment, more risk, but topped off with luscious profits when everything goes favorably.

These 39 farmers (and there will be more added every week) are exciting the pulse of the whole community with their ambitious venture into truck farming.

Already they have 610 acres of cantaloupes growing, 280 acres of tomatoes, and are at work planting the first of what is estimated to be 400 acres of lettuce—more than a fair start for the first year of vegetable growing around Bovina.

In fact, if the vegetable deals now cooking for Bovina area farmers result in anywhere near reasonable profits for the producers, Bovina may burgeon in-

to the county's vegetable center overnight. There is an intense interest among farmers about efforts being made this summer, and bystanders predict that farmers willing to take a plunge next year—if they are encouraged by this year's results—can be numbered in the hundreds.

Bovina's current interest in vegetables is riding atop the program of the Gateway Produce Company. Gateway, with home offices in Laredo, is expanding its operations on the High Plains. They headquarter their Plains efforts at Plainview, and have a deal there and at Lockney.

Gateway, looking for new territory on the Plains, meshed gears with Bovina boosters in the winter of last year. They visited Bovina, talked with farmers and got the drift of the wind, and the farmers checked out their offers.

Following those first meetings, Gateway decided to come ahead. They bought land near the edge of town and are now winding up their big open-sided \$30,000 packing shed.

Meanwhile, farmers went ahead with cantaloupe and tomato planting, on the strength of Gateway's pledge to cooperate with them in finding a market for their produce.

The Gateway plan differs radically from producing cooperatives and companies that already are in operation in Friona, Hereford, Muleshoe, and elsewhere on the High Plains.

heavily. That is the risk that is involved in this kind of farming.

At Bovina last week to check on how things are going was Charles T. Flynn, owner of Gateway Produce Company, who will be living in Plainview while his Plains vegetable deals come off.

He seemed to feel that everything is going satisfactorily at both the shed and in the fields, where the crops are hastening toward maturity. Flynn says there are several reasons why he is interested in vegetables on the High Plains.

California is the big competitor in the truck farming business, and the High Plains present a real challenge to that area in this field, Flynn is convinced. Located midway between the productive California fields and the tremendous markets of the Midwest and East, the High Plains have a distance advantage freightwise. Flynn says there is often a difference of between \$200 and \$300 per car in freight alone.

Also, this part of the country lends itself well to producing vegetables cheaply and on a large scale. Open, clean land and plenty of irrigation water mean low-cost production expenses. Expenses farmers are out for insect and disease control are much less here than in California, the Rio Grande Valley, and many other big vegetable producing areas.

Something else is the human factor. "Most of the farmers out here are young, and are ready to try something else," says Flynn. "If it can be done, they are willing to try to do it." He says that is an important factor, especially where vegetables are just catching on, as here.

As to the farmer's hopes

Cantaloupes are only about 10 days away from harvest in the Bovina area, where farmers have planted over 600 acres of the luscious melons in this their first venture into vegetable growing. Showing off the 'lopes is Charlie Flynn, owner of Gateway Produce Company. Less advanced are the 280 acres of tomatoes, which are coming along nicely however. They will simply be a later crop, following the cantaloupe deal. On the right is Otto Ables, Bovina manager for Gateway, who works with both production and packing phases of vegetable production.

for success, Flynn believes: "If a farmer will get in and grow four or five crops every year, he'll make out."

It is Flynn's plan to give farmers that chance. Three vegetables are being promoted this year. Next year, carrots will be added, to give the deal a four-vegetable outlook.

"We thought about bringing in carrots this year," says Flynn, "but there were so many being planted that I was afraid of them and decided different."

Gateway's choice of crops makes it possible for farmers and processors to stagger their operations. The cantaloupes will come off first—from August 1 until about September 1-10. Then, the tomatoes will roll in from about September 10 until October when the lettuce will begin to be harvested. Carrots, when added next year, will come off even later, giving the farmers and the shed an approximate six-month stretch.

Large labor forces are required for all phases of vegetable production, and Gateway will be responsible for the big crews that will be necessary for harvest.

Weather has had some adverse effects on the vegetable crops this year, just as other crops have been hit. Otto Ables, in charge of the Gateway Bovina shed, says that about 16 acres of cantaloupes have been damaged by hail, and about 30 acres of tomatoes. None of the acreage has been abandoned, however, and damage from the

weather is still considered negligible.

Rough weather from now until harvest could still cost the farmer plenty, though, they say. Not just hail, but rains can reduce the quality and yield of vegetable crops.

"Most all vegetables are what you would call 'desert crops,'" says Flynn. "The dryer the better." He was not referring to irrigation water which is, of course, necessary.

Bovina and the rest of Parmer County have a long way to go to attain the volume vegetable production of California, Southern Arizona, Texas' Rio Grande Valley, or even such developments as Hereford on the High Plains. But the trend in that direction is unmistakable, and, if growers have any luck at all this season, truck farming is certain to mushroom on this part of the Plains.

A relatively small cotton allotment and low prices for all grain crops, matched against our great natural resources virtually assures this if farmers feel there is a reasonable chance that they can profit by the switch.

According to most young children, grandmothers are nice old ladies who talk mothers out of giving children spankings.

**GOOD GOVERNMENT CRUSADER**—Today, more and more Texans are working with Ralph Yarborough for good government in Texas. The growing number of men and women who stand with Senator Yarborough include both liberals and conservatives: they are Texans who believe in government that opposes theft and corruption, whether it is in the capitol or in the elections. They are honest people who believe honest votes should count.

Above all else, those interested in good and honest government in Texas know that in Ralph Yarborough they have a courageous fighter who is not afraid and who will not quit. His experience in life has been wide and varied. Farm and wheat harvest hand, oil field worker, country school teacher, lawyer, assistant Attorney General of Texas, district judge, overseas soldier and civic servant—Senator Yarborough has been all of these. He is a well-qualified "people's Senator."

"... I know of no Member of this body (the U. S. Senate) who has a more intense interest in solving our farm problems and in seeing that those who till the soil receive a fair share of the national income." Reference to Senator Yarborough made by the U. S. Senator Herman Talmadge of Georgia on the floor of the U. S. Senate and printed in the Congressional Record of April 23, 1958.

**LEGISLATIVE PROGRAM**—He has been most concerned with legislation to help:

**CUT INCOME TAXES**—End the recession by lowering per-

sonal income taxes by raising exemptions from \$600 to \$800, establishing a fund for federal low interest rate loans for local public works projects, an expanded FHA program and stepped-up federal public works programs including water and soil conservation development projects and the federal highway program;

**RAISE OLD AGE ASSISTANCE**—Improve the position of elderly Texans by making it easier for folks over 40 years old to get jobs, and by extending and raising old age assistance grants \$5 more per month per person.

**FAMILY FARMS**—Protect the farmer and family size farms by introducing a Senate resolution calling for the resignation of Agriculture Secretary Ezra Taft Benson, increasing cotton acreage allotments, maintaining wheat and other farm product price supports at current levels, extension of the Wool Act, appropriating funds to rebuild drought and flood damaged farmland;

**OPPORTUNITIES FOR YOUTH**—Give millions of more Americans the opportunity to secure a college education by extending the educational provisions of the GI Bill of Rights to cover all of those who honorably serve in the armed forces; establishing a federal scholarship program to encourage more students to study science, engineering and math; and founding a college loan fund from which students needing money for college could borrow funds at 2 per cent interest to secure their education.

Gateway meets the producer in the field and takes the crop from the time of harvest, making a flat charge to the farmer for the numerous services they will perform.

The vegetable company assumes the responsibility for harvest, getting the crop to the shed, processing and packing it, contracting selling orders, and shipping it to market.

That relieves the farmer from the big headache of getting labor to harvest his crop. He also will not have to be concerned with the intricacies of selling. His job will be to produce. Gateway takes it from there.

Of course, the farmer is expected to pay for these valuable and often expensive services.

The Bovina growers and Gateway enter into an agreement that specifies the responsibilities of each. Gateway furnishes seed, and the grower takes the seed and brings the crop to maturity. Production supervision is furnished by the shipper. The farmer is out the use of his land, water, cultivation, fertilizer, and ordinary production expenses.

Gateway is responsible for harvesting and hauling expenses, and the costs of these services are deducted from the proceeds of the crop's sale. Gateway grades, packs, and sells the crop. On cantaloupes, the charge is \$2 a crate, on tomatoes 1 1/4 cents a pound, and on lettuce \$1 a crate.

The shipper also receives 15 percent of the sales to cover seed and supervision expenses. If the market goes sour or Gateway believes the quality of the crop too low to merit harvesting, they notify the farmer and the crop becomes his. He can dispose of it himself in that event, not being obligated to Gateway for any further expenses.

Cantaloupes will be the first crop to come off, and prospects for the sweet melons are pretty good. They are selling for \$4.50 a crate in the Pecos area where harvests are now under way. When harvest begins here within another 10 days, if prices are that good farmers will do quite well. They will be producing cantaloupes at a volume that will run somewhere between 200 and 300 crates on the average.

In the vegetable business, though, things can go from good to bad in a hurry. It is conceivable that the market may drop out from under cantaloupes and the farmers lose

## KNOW YOUR SENATOR! 900 Attend Program And Tulia's Biggest Banquet

Citizens from a broad area of the High Plains produced what many termed an unprecedented show in Tulia, March 31st. The area -- the fifteen county Thirtieth Senatorial District of Texas. The "Show" -- an Appreciation Dinner-Program honoring State Senator Andy J. Rogers of Childress. 30 to 100 persons from each of the 15 agricultural coun-

ties turned out for the evening-long program in the cafeteria and auditorium of Tulia High School. 75 business and farm leaders from outside the district joined in the "Chorus Of Thank You's" to the Senator. A majority of the Panhandle-South Plains Representatives and Senators, also two major daily newspaper representatives were present.

### ANDY ROGERS: Senator With A . . .

## 'SIX - ROW POLITICAL TRACTOR' WHO THEY ARE:

**Jimmy Willson, mayor of Floydada, in charge of Program Arrangements. Dr. Harlan Harris, Pastor First Baptist Church of Plainview. Dr. Claude Killingsworth, State VFW Surgeon. Rev. Joe Allen, First Baptist Church, Senator Rogers Pastor, Childress. L. Dean Butler, past President Swisher Farmers Union. Judge Luther Gribble, Presiding Judge of the 7th Supreme Judicial District. John Stapleton, District Attorney and Master of Ceremonies. Joe Cowan, Insurance man, State Democratic Committeeman 30th Senatorial District. Leo Purvis, President Hale County Teachers Association. Claude Wells, Owner and Publisher Memphis Democrat, Past President Panhandle Press Association. Joe Sooter, Past President Bailey County Farm Bureau. Paul Spillman, Past State Vice Commander American Legion.**

## INDEXING

By MORRIS HIGLEY  
Andy Rogers may be defeated some day. He may not run for re-election. At least he has not announced.

But win, lose or draw, Andy Rogers has something to remember that is fine and wonderful.

His most memorable moment must be the Appreciation Dinner and program given Monday night at Tulia.

I have never seen anything like it in my life. I do not think anyone who attended has ever seen anything like it.

—Mr. and Mrs. N. D. Rogers, along with Georgia Ann and, of course, Andy must have felt wonderful Monday night. And still do.

The idea for the Appreciation Dinner did not originate in Childress. In fact, as far as I know, Childress residents did not have anything to do with it.

And when Andy heard about the proposal, he said that it could not be done.

Andy was wrong. And I imagine right now he is happy that he was wrong. I would be.

SMILES GREET SENATOR ANDY ROGERS (Right) AT TULIA EVENT IN HIS HONOR. With him; Morris Higley (left) Rotary Governor, R. A. Yarborough, Rural Electrification Manager, (center).

## WHAT THEY ARE SAYING:

A dozen leaders in the district were programmed to speak. They, typically, represented a cross-section of Plains life.

One was the Senator's pastor. He lauded the honoree for his fight against liquor, narcotics, and lewd literature. "Senator Rogers is always on the right side of every moral issue," said the churchman. "He wants and works for a high moral atmosphere to prevail."

A county teachers' association president called attention to Senator Rogers' work in behalf of public education. A Memphis druggist related that Rogers has always had an "open ear" for the small businessman.

A district judge praised the quality of legislation introduced and supported by the Senator. A mayor and insurance man emphasized the value of Andy Rogers' fight against corruption in Austin, particularly in connection with the insurance investigations.

Said an official of one of the veterans' organizations: "Andy told us for a long time there was serious trouble in the veteran's land program. He was right. And when this was cleaned up, Andy worked hard to see that this good program was not scrapped."

A newspaper editor and publisher, a former president of the Panhandle Press Association, observed: "This is the first time I've ever heard of people traveling so far just for a state senator. But it's fitting," he added, "for Andy Rogers for a job well done."

Spokesmen for the major farm organizations expressed approval of the Senator's record on farm-to-market roads, local ownership of underground water, rural electrification, and other legislation of concern to agriculture. Said the farm spokesman who rounded out the program:

"In view of all Andy Rogers has done for agriculture, I'm amazed to hear from the other speakers here this evening that he's had time for such effective work for so many others, too." The farmer concluded:

"Andy Rogers must use a six-row political tractor!" The Senator acknowledged the praise-filled evening with obvious humility. He spoke humbly, too, of his "close personal friend"—Lewis B. Taylor of Austin and Waco—who had been stricken with a fatal heart attack there a few minutes earlier.

To the series of "thank you's" which had been expressed during the evening, Rogers responded:

"What's been accomplished, you've done. The credit belongs to you, to my parents, and to my wife who have all supported me so strongly. I really feel like I owe you all an appreciation dinner."

## Your VOTE For Andy Rogers Will Be Appreciated

"Why Trade A Record For A Promise"

(Paid for by Parmer County Friends of Senator Rogers)

Ever chase one of these? It's a perfect example of how the wide open spaces of the High Plains deceives the eye. This picture was made from one mile west of the Hub. It shows a column of smoke on the horizon to the northwest. It was a stubble field fire. The editor chased this plume 16 miles before he finally got to the scene, which was north and west of Bovina. The fire seemed only a mile or two away all the time.

Wheat stubble fires such as this, are, unfortunately, not too uncommon. Conservationists say they deplete the soil of organic matter. Some fires develop accidentally. Most are set intentionally. The farmers who burned this field said the burning was necessary because of severe grasshopper infestation.

*Elect A Man  
Who Is . . .*  
**QUALIFIED**

Elect a man who has had years of experience.  
Elect a man who will devote himself to his office.

ELECT . . . **A. D. SMITH**  
For  
**COUNTY JUDGE**

**HERE ARE HIS QUALIFICATIONS:**

- Born and reared on a farm near Grand View in Johnson County, Texas.
- Graduated from Grand View high school, attended Texas University two years, and taught school two years in Texas.
- Moved to Ft. Sumner, New Mexico, where he taught school for a number of years.
- County Superintendent of Schools in DeBaca County, New Mexico for four years.
- Was Superintendent of Schools at Melrose, New Mexico.
- Graduated from New Mexico Normal University (now Highlands) with an A. B. degree.
- Attended law school at Cumberland University, Tennessee, was graduated with the degree of Bachelor of Laws.
- Passed State Bar Examination at Austin, and received licenses to practice law in all Courts of the State of Texas.
- Began practice in Friona, October 1, 1931, and practiced there five years until elected County Attorney. Held that position until May of 1945, when the Commissioners Court appointed him county judge to succeed Judge LeeThompson, resigned.

I am your County Judge. The duties of this office are a full time job, and in order to discharge these duties properly it is necessary that I stay on the job as much as possible. Therefore, it is almost impossible to see all of you personally, so, I will appreciate it if you would consider this my personal request for your vote and support.

A. D. SMITH

PARMER COUNTY PEOPLE ENDORSE  
**PRICE DANIEL**

OF LIBERTY COUNTY

For a Second Term as Governor

**PRICE DANIEL'S FIRST TERM  
RECORD HAS EARNED HIM  
A SECOND TERM:**

- ★ Honesty and integrity in Austin; lobby control, reorganization of Insurance Department; Law Enforcement Commission

**WINTROATH PUMPS** prove it costs less to own the best

Your Wintroath pump is an important investment. Its true value is measured by year after year economy. Higher quality construction assures long trouble-free service, and because a Wintroath pulls lighter, power requirements are less. Years of pumping records prove this Wintroath quality and durability actually lowers pumping costs. Call us. Let us show you the features that make Wintroath the world's finest pump.

**THE  
PARMER  
FARMER**

by W. H. Graham Jr.

You will notice a rather lengthy and detailed story on vegetables in the Bovina area in this week's Farm and Home. With Bovina's entry into truck farming this year, that leaves only Texico-Farwell, in the southwestern part of the county, without what could be called a vegetable "deal."

This community has all the reasons that any other Parmer County area community might have in getting into vegetables, plus some that the others don't. The Twin Cities have by far the best rail and highway connections. The land is on the sandy side, not only well suited to vegetables, but incapable of producing the exceptionally high grain yields of the tight lands to the north without very intense farming methods.

Just this past week a group of farmers has come forth with a plan—or at least a hope—that might help get vegetable development started there. They have learned that the government is to dispose of some warehouses near the railroads that have been used for grain storage.

The flat-style units could be converted into ideal buildings for vegetable processing, we believe, and we are very pleased to note the interest among farmers in working toward this end.

Truck farming will not make every farmer rich who gets into it. It may, in fact, break some farmers who would otherwise make out fairly well. However, it offers a chance of profits that are no longer attainable in farming such as we know on the High Plains.

Vegetable farming can and will help stabilize our basic agricultural economy if we will get into it on a scale we can afford and stick with it through the thick and thin years

Apparently enjoying the fast-moving job of processing potatoes are these women employed at Friona Growers and Shippers. The Friona shed has extended its facilities and now has the potato deal in a separate building.

that characterize the industry.

We notice by way of our exchange papers that the maize harvest has already started in the South-Central part of the state. The Hondo Anvil-Herald carried a story to that effect last week.

Prices for this early part of the nation's big grain sorghum crop were reported to be running from \$1.70 to \$1.80 a hundred there. That is a pretty good indication that our own milo prices this fall will be at or around the support prices, which are just slightly under those of a year ago.

As we have reported before, there is an enormous amount of feed grains in circulation

or available for sale that were left over from last year. That has kept the price of grain sorghums down on the market, in spite of a sizeable increase in feeding brought on by the expansion of the livestock industry.

There is a liberal sprinkling of politics in farming these days, and area farmers are taking no little note of the Democratic Primary which will be coming off very soon now.

The races most attracting the attention of the farmers are for U. S. Senate, where Ralph Yarborough wants to be re-elected and is opposed by Bill Blakley of Dallas; and the state senatorial race, in which incumbent Andy Rogers, who seeks re-election, is facing a challenge from Leroy Saul of Kress and Karl Lovelady of Muleshoe; and the post of state commissioner of agriculture, which will be sought once again by John White, but for which Tom Griffin of Bastrop and Glenn Kothmann of San Antonio also are gunning.

These are not the only races, of course, but they are the three about which area farmers will be most interested. The election which will have the most far-reaching effect on the farmers is the one for the U. S. Senate.

The state has precious little say in how the affairs of agriculture are to be run these days. Nearly all of the big decisions are made on Capitol Hill, where our two-house legislature forms laws generally referred to as "the farm program."

Farmers will have the difficult task of sifting the chaff from the wheat in trying to pick the best candidates this year. There seems to be more mud-slinging and unfounded charges in the air than usual.

Ralph Yarborough is supposed to be socialism's agent, and Bill Blakley is the corporation stooge. Other, more serious,

stories have been circulated about the personal integrity of these, plus several candidates in the other races mentioned.

When a person does not know the candidates personally, it is difficult if not impossible, to make really intelligent decisions about voting. Politics has always been mixed up like this, of course. But this only compounds the problems of farmers, who also are plagued with a mixed-up farm program.

There do not seem to be any straight, clear-cut paths for farmers to choose.

The great and the little have need of one another.—Fuller

**Officers Elected  
By County Council**

Officer election and plans for future events were on the agenda of the county 4-H council at a meeting Friday.

Serving as president for the coming year will be Barbara Rea. Vice-presidents are Pat and Dickie Chitwood; secretary is Judy Billingsley. Treasurer and reporter are David

Watkins and Virginia Rea. The latter two are also council delegates.

Appointed to a committee to plan for an exhibit in the annual Friona Maize Days celebration were Dickie Chitwood, Watkins, Edwin Taylor, Miss Billingsley, Pat Chitwood, Virginia Rea, Jim Roy Wells, Iva Ben Parr, Diana Taylor, and Johnny Mabry.

Plans for the 4-H achievement day in November were also discussed. Knox Parr, district agent from Amarillo, will be guest speaker.

Other events announced included a senior 4-H party for September 27. Next council

meeting, at which new officers will be installed, is to be October 18.

**Recap Tire Sales  
Double This Year**

The sale of recapped tires have doubled during 1958, according to Henry Hathorne and Blackie Richardson, tire servicemen of H&R Tire Service, Clovis, N. M.

They cite as reasons for the increase a change in buyer's habits because of economy, and a recognition that recapped tires are safe to have on a car for any kind of driving.

A recapped tire costs about half as much as a new tire, and drivers that really want to save should consider this advantage.

"We invite drivers to see us for having tires recapped."

• Endorsed by the local Bar.

**VOTE FOR JOE GREENHILL**

Texas Farmer and Friend

The man on the left builds and plows the soil of a family-size Texas farm to provide food and fiber with which to clothe the people of this nation and the world. To do this, he must fight the weather, flood and drought, erosion and insects, high prices for what he buys and low prices for what he sells. To live and farm and provide for his family and the nation, he must also fight an antagonistic administration in Washington, which wants to drive him off the farm to the city—where the same administration has provided an army of unemployed for him to join. The man on the right cannot do anything about the weather; but he helps his friend fight that antagonistic administration in Washington—as hard and as effective as any living man. The farmer's friend is Ralph Yarborough, United States Senator from Texas.

# Social Events of Interest

## Club Members Entertain Guests

Tuesday evening of last week the Hi-Point Home Demonstration Club met at the Herford swimming pool for the annual family picnic. Members of the families of the club members and friends of the families were special guests.

Following the swimming party a picnic supper was spread on the tables on the swimming pool patio. Present were Mr. and Mrs. Glen Mings, Glenda and Vicki; Mr. and Mrs. David Smith and Sharon Sue; Mr. and Mrs. Eugene Bandy, Johnny and Clay; Mr. and Mrs. R. J. Renner Jr. and family, and Lynette Gulley;

Also Mr. and Mrs. Rene Snead and family; Mr. and Mrs. Lloyd Rector and boys; Mr. and Mrs. Gene Awtry and daughters; Mr. and Mrs. Floyd Rector; Mrs. F. M. Woolbright and family; and Patsy Anthony;

Also Mrs. Doyce Barnett and Cindy; Mr. and Mrs. R. J. Renner Sr.; Mr. and Mrs. Lloyd Mings and children; Mr. and Mrs. Wes Long and family; Mr. and Mrs. Lee Renner and Dickie Lee; Mr. and Mrs. John Renner and children; Elizabeth Worley; Beverly Sinclair; and Brenda Collier;

Also Mr. and Mrs. Billy Baxter and family; Sue and Ann Baxter; Mrs. Elmer Oldham and family; Mrs. W. H. May and family; Jerry Rankin; and Linda Rector.

## WSCS Circles Meet Tuesday

All three circles of the Woman's Society of Christian Service of the Friona Methodist Church met for business meetings Tuesday morning. There will be no August meetings of these circles. The next meeting will be a joint meeting in Fellowship Hall Tuesday, September 9.

The Maggie Hamlin Circle met in the home of Mrs. Ed White. The program was directed by Mrs. H. K. Kendrick. The topic of discussion was "Our Life in the March of Missions." Mrs. Hugh Blaylock led the opening prayer. The group sang "I Am Thine, Oh, Lord." A group discussion on deaconesses in the Methodist Church was followed by a business meeting. The closing prayer was led by Mrs. H. K. Kendrick.

Visitors present were Mrs. Ruth Cruse, Sally Kendrick, and Sue White. Members present besides the hostess, who served coffee and cake, were Mesdames Dick Rockey, H. C. Kendrick, Deon Awtry, H. K. Kendrick, A. W. Anthony Sr., Ernest Anthony, Eugene Ellis, Ella Sulser, and Hugh Blaylock.

Twelve members of the Meka Circle met in the home of Vera Bainum. Three youths were guests and assisted in the program entitled "The March of Youth in Missions," which was led by Fay Reeve. Ada Beth Akens sang "Teach Me to Pray," accompanied by Judy Bock at the piano. Youth work in the Methodist Church was discussed by Jimette McLean. Phyllis Squyres and Beegy Ginsburg presented a dialogue. Those present were Winifred Hurst, Dorothy Hough, Ora Mae Anthony, Fay Reeve, Blanche Boyle, Lucy Vestal, Eula Akens, Addie Moyer, Phyllis Squyres,

## Verba Bainum, Doris Sides, and Beegy Ginsburg

Circle No. 2 has a new name. Highlight of the meeting in the Arthur Drake home was the selection of a permanent name for the circle. During the business meeting, which was presided over by Mrs. W. M. Stewart, the name "Kolwvia" was selected.

This is a Greek word and the English pronunciation omits the v and w which follow the l and makes the sound Kol-via, which means fellowship.

The program on "The March of Youth in Missions" was directed by Patsy Anthony. She was assisted by Erma Drake, Janiece Bock, and Betty Drake.

Those present were Mesdames W. M. Stewart, Bob Gore, Roy Siagle, Floyd Rector, J. L. Shaffer, Wayne Stark, Tommy Jones, Howard Ford, and Kenyth Cass.

Dry-fly rods have a fast action, while wet-fly rods have a slow action.—Sports Afield

## Californians Visit Here

Mrs. Mattie Adams, Mike Adams, Mrs. Clarence Weidner, and Bill Donovan of Five Points, Calif., were guests in the homes of Mr. and Mrs. Raymond Adams and Mrs. Ethel Adams last week.

The visitors were honored with a barbecue supper in the backyard of the Raymond Adams home Wednesday evening. Others present were Mrs. Ethel Adams and Mr. and Mrs. Waymon Wilkins and family. The Californians left Thursday morning for their homes.

## Mays Return

Mr. and Mrs. Hardy May and Arlen returned Monday of last week after spending several days at the bedside of May's mother, Mrs. Oscar May, at Rush Springs, Okla. Her condition is reported to be much improved at this time.

## Joe McKissicks Have New Son

Mr. and Mrs. Joe McKissick became parents of a baby boy at the Lovelland General Hospital Saturday afternoon of last week. He weighed nearly five pounds and was named Joseph Burton.

Mrs. McKissick and Burt are at the home of her parents in Lovelland. The couple has a daughter, Sherry, who is almost five. McKissick, a Church of Christ evangelist, has been working with the Sixth Street Church of Christ here during the month of July.

The McKissicks have spent four years in the mission field in South Africa and plan to return about the first of October.

## Dixons Have Weekend Guests

Rev. and Mrs. David Crow of Melrose were weekend guests in the home of Mr. and Mrs. C. W. Dixon. Rev. Crow, who is pastor of the First Baptist Church in Melrose, has held several revivals here in recent years.

Other visitors in the Dixon home were Mr. and Mrs. Leiland Boyd of Bovina and Mr. and Mrs. H. E. Brawley of Glen Rose. The Brawleys are Mrs. Boyd's parents.

## Frionans Attend Ski Exhibition

Some of the Frionans who attended a water ski exhibition at Buffalo Lake Sunday afternoon were Mr. and Mrs. Sam Williams, Mr. and Mrs. Wilburn Carlton, Mr. and Mrs. Oscar Baxter and children, Patricia Baxter, and Mr. and Mrs. Louis Baxter and sons; Also, Mrs. James Mabry, Chuck McKinney, Johnny Mabry, Gary Hand, Larry Buckley, Margaret Mabry, Geneva Floyd, Connie McKinney, Terri Sue Mabry, Mr. and Mrs. Calvin Martin, Mr. and Mrs. Clarence Martin and children, Mr. and Mrs. Dick Baxter and daughter, and Mr. and Mrs. Larry Martin and children.

### New Granddaughter For Mrs. Nora Welch

Mrs. Nora Welch received word Wednesday evening of last week that she had a new granddaughter. Mr. and Mrs. Louie Welch of Houston became parents of a baby girl at 5:13 p. m. Wednesday. She weighed eight pounds and seven ounces and was named Tina LaJoy.

Other children in the family are Gary and Guy, Gil, and Shannon.

### Shackelfords To Perryton

Mr. and Mrs. Bert Shackelford were called to Perryton early Saturday due to the illness of one of their grandsons, Danny Shackelford, son of Mr. and Mrs. G. E. Shackelford of that city.

The Friona Shackelfords stayed with Molly and Terry Shackelford while their parents took Danny to Oklahoma City to see an ear specialist. Mr. and Mrs. Shackelford returned home Monday and report that Danny's condition is much improved.

### Party Honors Donna Howard

Mrs. Bob Howard honored her daughter, Donna, with a party in observance of her fifth birthday in the family home Monday afternoon. The serving table was centered with a white birthday cake with pink icing and blue elephant candle holders.

After a game session refreshments of individual birthday cakes, punch and ice cream were served to Gay and Holly Welch, Kathy Lynn, Amy Sue and David Renner, Kay and Jill Riethmayer, and Mesdames Louis Welch, Ancel Renner, and W. R. Riethmayer.

Favors were Japanese fans.

### From Lamesa

Mr. and Mrs. Harold Wilkerson of Lamesa were Sunday dinner guests in the home of Mr. and Mrs. W. R. Riethmayer and children. Mike Riethmayer went to Lamesa with the Wilkersons to visit his paternal grandparents, Mr. and Mrs. Otto Riethmayer.

### Moving To Clovis

Mr. and Mrs. Joe Brummett and daughters, Jo Beth, Lynda, and Debbie, are moving to Clovis in the near future. Brummett is attending a training school at Roswell this week and will be employed as television, washer, and dryer serviceman at Sears, Roebuck & Co.

### From El Paso

Weekend guests in the homes of Mr. and Mrs. Hardy May and Arlen and Mr. and Mrs. Ross Miller and Kent were Mr. and Mrs. F. J. Schoch and children of El Paso. Schoch is Mrs. May's brother.

### To Palestine

Mr. and Mrs. Dave McReynolds and David and Larry Hollis Squyres went to Palestine Wednesday. McReynolds and Larry returned Thursday but Mrs. McReynolds and David remained for a visit in the homes of her parents, Mr. and Mrs. W. F. Dangler, and her mother-in-law, Mrs. C. A. McReynolds.

### Sneads Return

Mr. and Mrs. R. E. Snead and children, Janet, Gary, and Jimmy, returned Friday of last week after a week's vacation trip which took them to Conchas Dam, Taos, and Tres Ritos in New Mexico. At Tres Ritos they were joined by the Paul Daniel and T. I. Burlson Jr. families.

### Mortons Have New Baby Boy

Mr. and Mrs. LeGrand Morton became parents of a baby boy at Neblett Hospital in Canyon Saturday morning. He weighed 5 pounds and 7½ ounces and was named Larry Dale. He has a brother, Gary Lynn, 2½.

Grandparents are Mr. and

Mrs. Bill Sims of Happy and Mr. and Mrs. Virgil Morton of Hereford.

### To Plainview

Mr. and Mrs. Claude Edelman and children, Billy and Judy, were weekend guests in the home of Mrs. W. B. Rogers and Curtie Mae at Plainview. Mrs. Rogers is Mrs. Edelman's mother and Curtie Mae is her sister. Mr. and Mrs. Edelman and Judy returned home late Sunday but Billy remained for a longer visit.

### On Vacation

Mr. and Mrs. Howard Mayfield left Tuesday morning for an extended visit in the home of Mr. and Mrs. W. L. Jeffers at Brighton, Colo. Mrs. Jeffers and Mrs. Mayfield are sisters. The two couples plan to attend the Frontier Day celebration at Cheyenne, Wyo., the last of the month.

### From Austin

Nancy Faught of Austin is visiting in the home of Mr. and Mrs. Vernon Roberts and children, Tommy and Mary Ann. Her parents, Mr. and Mrs. R. C. Faught, plan to spend the weekend here and Nancy will return home with them. Mrs. Faught and Mrs. Roberts are sisters.

### New Baby Boy For Crosby

Mr. and Mrs. Jimmy Crosby of Amarillo became parents of a baby boy at Northwest Texas Hospital in that city June 22. He weighed 6 pounds and ½ ounce and was named Michael Patrick.

Crosby, a former Friona resident, is the brother of Mrs. George Grant of this city.

### To Red River

Mr. and Mrs. Keith Blackburn and daughter, Jill, and Keith Lynn Blackburn spent the weekend vacationing at Red River, Tres Ritos, and other points of interest in New Mexico. Blackburn did some fishing, but reports a poor catch.

### Take Weekend Trip

Mr. and Mrs. John Smith and daughters of Dimmitt, Mr. and Mrs. Glen Mingus, Vicki and Glenda, and Mrs. David Smith and Sharon Sue spent the weekend at Conchas Lake in New Mexico.

### NOTICE OF PUBLIC HEARING

Notice is hereby given to all property owners within the city limits of the City of Friona, Texas, and to all other interested persons as provided by law and Section 24 of Ordinance No. 118 of the City of Friona, Texas, that the City Council of the City of Friona, Texas, will hold a public hearing on the 4th day of August at 8 p. m. in the City Hall in Friona, Texas, to consider amending zoning ordinance No. 118, presented to the City Council by and approved by the Planning and Zoning Commission of the City of Friona, Texas, and said proposed amendment proposes that all Lots 3 and 8, Block 1, Baxter Addition to the City of Friona, Parmer County, Texas, be changed from an "A" to an "E" zone, and that this notice is particularly to all owners of the property described above and to all owners of property within 200 feet of said property in all directions and

that all property owners in the City of Friona and all interested persons will be given an opportunity to be heard.

R. L. Fleming, Mayor  
ATTEST:  
Albert L. Field, City Manager  
40-3tc

### Equalization Board Hears Complaints

Members of the Board of Equalization of the Friona Independent School District met in regular session Saturday morning at the school from 9

a.m. until 11. The board heard two complaints and answered questions concerning assessments and approved the rendition of taxes as presented by tax assessor and collector Dan Ethridge.

Total evaluation for the district totalled \$11,984,910, with an assessment of \$1.50 per hundred bringing in a total of \$179,519.98 of revenue to the district "on paper."

This revenue represents an increase over last year of approximately \$5,000. This is due to normal growth in the population and building,

according to Ethridge.

Members of the board authorized Ethridge to make up the 1958 tax roll and have it and receipts ready by the deadline of October 1.

Members present at the meet-

ing included Clyde Goodwine, chairman of the board, Wright Williams, M. B. Buchanan, D. C. Herring, Hoyt Smith, Cordie Potts, Clyde Weatherly and Ethridge and his deputy, Bill Stewart.

### DETRIMENTS TO UNDERSTANDING THE BIBLE

#### BIBLE IN HANDS OF "CLERGY"

Are you putting too much confidence in your preacher? It is sad to know that the majority of the people who claim to be Christians very seldom do much studying in the book written to them — they leave it in the hands of the "clergy." "Study to show thyself approved unto God" and "Be ready always to give an answer to every man that asketh you" are passages of scripture completely overlooked, for we are too ready to let the preacher study and answer for us!

Remember, the preacher cannot answer for you in the JUDGMENT. I am afraid that preachers, or so-called preachers, will be the cause of more souls being lost than any other group of people.

Remember, the preacher is not infallible. The Word of God IS infallible, and YOU CAN UNDERSTAND IT.

#### TO PROVE A DOCTRINE

We are too prone to have a set idea about the Bible in our minds, and then we go to the Bible simply to prove what we already believe. Such is a most disastrous and condemnable practice, but it is so.

Have we lost our humility that is necessary to a proper understanding of the Word, and the love that is essential to teach and save souls — just because we want to prove a doctrine?

#### KEY TO UNDERSTANDING

"God resisteth the proud, but giveth grace unto the humble." (Jas. 4:6). "If any man will do his will, he shall know of the doctrine." (Jn. 7:17). **Desire, humility and obedience** are three great pre-requisites to and understanding of God's divine will.

If we would but think of our life as a perfect circle, with God as its center and humility as its circumference, always willing to bow before God, saying, "Not my will but thine be done, O Lord," we would have little difficulty in understanding and obeying the things the Lord would have us to know and do.

**THE BULWARK OF A COMMUNITY IS ITS CHURCHES**

In these days of world tension, with aggressor nations attempting to force their will and form of government upon smaller nations, it is well that we re-examine ourselves. The powerful atheistic forces of the Soviet Union not only deny God, but would compel all men everywhere to deny Him, and worship at the shrine of communism, and especially its high priest Krushchev. The events of this last week in the Middle East might well plunge the entire world into a war of total destruction. Only in Christian faith and prayer is an answer to this problem to be found. Only in the teaching of the man of Galilee can we find any hope for a peaceful future.

Therefore, should we not take Paul's advice "Put on the whole armor of God." We must fight the good fight of faith, be strong and courageous and pray unceasingly that His peace may return.

**Fred Dean**

**FRIONA**

WITH JUNE

As most of you probably know by now, the dates for our 1958 Maize Days have been set for September 29 through October 4. Think these days were chosen because that is about the usual time we begin our maize harvest here.

If you have driven around over the county in the past few days, you have surely noticed the large number of maize fields that are already headed out. Maybe this isn't unusual, but it surely does seem early for maize to head. Judging from this fact, it seems that a lot of the maize will be harvested in September.

At any rate, we are looking forward to Maize Days and feel sure that everyone who attends the celebration will enjoy the program which is being planned.

Saturday will be election day. Let's all make plans to go to the polls and cast our ballots and then encourage our neighbors and friends to do likewise. Voting is one of our greatest privileges and we should never neglect to exercise this right.

Billy Edelman, son of the Claude Edelmans, is visiting in the home of his grandmother,

**FRIONA MOTORS EXPANDS** — To make room for the addition of Ford autos and trucks in addition to their line of Ford tractors, Friona Motors' new shop and office addition is taking shape. Slated for completion by early September the new addition will enable the motor company to offer service and parts for tractor, trucks and automobiles.

Mrs. W. B. Rogers, and aunt, Miss Curtie Mae Rogers, at Plainview this week. Billy is an ardent baseball fan and his aunt shares his enthusiasm.

In addition to attending all games of the Plainview club which is a part of the Kansas City Athletics, Billy and Miss Rogers plan to attend the East-West All Star game which is to be played at Midland. Paul Dean's son plays in this game and Dizzy Dean expects to at-

tend it. What greater thrill could a baseball fan ask for than getting to see Paul Dean's son and Dizzy Dean? Billy's young friends will be anxious for him to return home and relate some first hand information to them.

Our thanks this week go to everyone who called to offer to give us cats. As usual, when you let your wants be known, there's always someone waiting

to assist you. It would be impossible for us to accept all the offers, but makes us feel good that so many read the column and want to share their cats with us.

It will not be very long until school is in session again and activities will be humming all around. It is always good to hear the band practicing and to see the enthusiasm all the students have for football games and other such things.

Friona students will have much added classroom space and improvements have been made at the cafeteria during the vacation period. A few of the teachers who have been on vacation have returned and several new teachers will be mov-

ing in. Bob Rule has moved a house in next door to the Tom Jarboes and it will be occupied by Mr. and Mrs. Aubrey Rhodes and Timmy. Aubrey is an employee of Parmer County Implement Company, and his wife, June, will be a third grade teacher this fall.

Peaches take top billing on the August plentiful foods list. Supplies are large and they are expected to be favorably priced for consumers. Other August plentiful are fresh and watermelons, potatoes, tomatoes, sweetcorn, snap beans, lima beans, cucumbers, lettuce, onions and vegetable new teachers will be mov-

**Phillips 66 Ammonia...**

Leo Bezer, Bushland, Tex., reports: "I put down 80 pounds of Phillips 66 Ammonia per acre on 104 acres of irrigated maize. I cut slightly more than 21 tons of ensilage per acre."

**Gives Southwest Farmers...**

Morgan Sturgess, Tulia, Tex., reports: "I side dressed my irrigated maize with 150 pounds of Phillips 66 Ammonia per acre and harvested 7,000 pounds of grain per acre."

**More Grain Sorghum**

From all over the Southwest, successful farmers report higher yields and bigger profits using Phillips 66 Agricultural Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through higher grain yields and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Here's Why To

**Vote for**

**BILL BLAKLEY**

for

**U. S. SENATOR**

One of the many popular beliefs that Bill Blakley has is that there will never come a time when the farmer will receive too much compensation for his investment and effort.

That alone is enough to justify a Parmer County vote for this successful, self-made man who has already demonstrated his abilities as a senator during his fill-in term. Blakley's beliefs — and his senate record proves it — are for individuality among the people and LESS government control to encourage this individuality.

Blakley, a rancher himself, knows of, and understands, the problems of agricultural people... and he will work for their interests. Blakley stands not for the efforts of organized individuals who attempt to better minority groups for selfish interests.

**BLAKLEY BELIEVES IN MAJORITY RULE!**

Blakley was the man, you'll remember, who cast the deciding vote which kept the U. S. Senate Democratic.

**BLAKLEY WANTS RED TAPE CUT FOR BRACEROS**

A bracero program unhampered by federal red tape is advocated by William A. Blakley, candidate for the U. S. Senate, and he blames "outside labor organizing influence" for delays which have interfered with an efficient program.

He wants a coordinated bracero program which will provide a supply of Mexican farm hands for work in Texas when needed, where an adequate number of workers can't be obtained from the domestic labor market. "I think it can be done," Blakley says about the program.

**BILL BLAKLEY BELIEVES THAT:**

"The right to work — and the right to educate your children — without restraining regulation or interference — from government or private associations and organizations — must be re-established, protected and maintained — if the nation is to continue to be the land of the free."

"Neither labor — nor capital — nor any private association or organization — should dictate the destiny of the American people."

Democrat Blakley is in favor of a farm program which works in the best interest of the farmer himself... not in the best interest of the government or the Secretary of Agriculture.

In Parmer County, let's join the rest of Texas in electing a man to the Senate who will serve the interests of the majority and not the interests of organized groups and associations!
