

# THE STAR'S EDITORIAL COMMENT

## WANTED - PEOPLE

This week misunderstanding and misrepresentation combined to once again throw a monkey wrench into the plans of a local builder.

It took place at the site of the construction of a beauty shop on the east side of town and happened because a number of people just forgot, put off, or just plain didn't care.

Our city is growing, we want it to grow, but at the same time this growth presents problems.

The beauty shop is just one example of how difficult it is becoming for Friona to be governed because of the city's ever-increasing complexities.

We have no quarrel with the people who are in office in our city—rather we have admiration for them—but at the same time it has become apparent that these people need our help to govern a growing city.

What sort of help?—the confidence of the people.

They want your opinion and your ideas.

Filing dates for Friona's city elections are getting closer, only two weeks in the future.

Who will enter the race—or will there be a race—for the places on the commission and mayor's chair?

Speculation is beginning to mount on who will be named and who will win.

This, to the Star, doesn't matter as much as the question of "Do the PEOPLE OF FRIONA really care who, yes, and HOW the city is run?"

When the city officials meet it is rare to see a citizen in attendance unless it is the case of where something is being discussed which bears directly on the individual in question.

## The Friona Star

In Parmer County ..... \$3 Per Yr.  
Elsewhere ..... \$4 Per Yr.

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

These meetings are open to the public.

Rather than sit around the coffee shop the next day, or the day after and grouse about something the commission passed, or how they think on an issue, why not attend the meetings and tell them how you think and feel?

At heart these men are no different from you and me. Sure their eyes may be a different color and they may cut their hair different—if they have hair—and it may be another color, but at heart these men are doing their best and giving of their time to shape the future of Friona.

They want to know how you feel about things. Don't be afraid to get up out of your chair and say something if you feel so moved.

Our country is a Democracy—and with God's help it will remain so—but only if you and I and our neighbors care enough about it to see that it remains that way and care enough to work at this job of Democracy and being Free.

Do your part. If you have the talent or the notion go down and file your name or support your candidate . . . but whatever you do, don't just sit there and gripe, then never move from your coffee cup.

## PROCLAMATION

WHEREAS, World Day of Prayer will be observed this year in many places throughout the world where humble peoples, living against a background of universal tension and uncertainty, will bow their heads and lift up their hearts to Almighty God in prayer, and

WHEREAS, The Church Women of Friona will join on this occasion with church women in communities throughout the nation and the world to form an articulate and inspiring chain of human prayer.

NOW, THEREFORE, I, A. W. Anthony Sr., Mayor of the city of Friona, Texas, do hereby proclaim

**FRIDAY, FEBRUARY 21, 1958**

as

**WORLD DAY OF PRAYER**

and I urge our citizens to observe this day by attending February 21, 1958, wherever possible, World Day of Prayer services, or pausing for a minute of prayer at high noon to ask God to give us, in all our humility, the wisdom and courage to meet and successfully solve the profound problems of our times.

Signed: A. W. Anthony Sr.

Mayor  
City of Friona, Texas

### Den IV Has

#### Regular Meet

Cub Scout Den IV had its regular weekly meeting at the Allen Stewart home Monday afternoon. The boys went on a neighborhood bottle hunt. Cold drink bottles were collected and \$4 was added to the den treasury.

The den mothers, Emma Lou Stewart and Neola Reed, appreciate the cooperation of all who participated in the project. Next week the boys plan to finish invitations, centerpieces, and plate favors for the Blue and Gold banquet.

After a game session, Robert Allen Stewart served refreshments to the two den mothers, Dwayne Reed, Richard Biggers, John Baker, Sammy Bailey, Jerry and Wade Coker, and Billy Edelman, the den chief.

### Credit Union Pays Dividends

At the annual meeting of the Friona Credit Union Tuesday evening, the members voted a 4 percent dividend to be paid on their savings. According to information from the outgoing president of the board of directors, Ralph O. Taylor, the organization ended the year 1957 showing assets of \$30,778.98 and paying \$722.67 dividends to the members.

The area membership has been extended to include anyone living within a 22-mile radius of the Friona post office. The total share balance at the end of January was \$24,931.46. This amount represents the savings of the members since the organization began operation in November, 1954.

Mack Balnum has been elected president of the board of directors for this year. "We know the credit union will continue to grow under his capable leadership," says Taylor.

## FHA NEWS

by Geneva Floyd

Mrs. Eunice Ratliff, Friona homemaker teacher, attended an in-service homemaker teachers meeting at Tulia Saturday. Miss Esther Doransen, area supervisor, was in charge of the program.

Mrs. Ratliff had as her guests Mrs. Whelan, Bovina homemaker teacher, and Mrs. Mary Grover, Farwell homemaker teacher. Jacquelyn Magness has been nominated for area FHA song leader. The election will be at the area meeting March 1.

## Girl Scout News

Troop 235 met Monday afternoon at the Congregational Church. During the business meeting new officers were elected. Those present were Mary Knight, Martha Knight, Wilene Baxter, Nawassa Parson, Kay Johnson, Wanda Ready, LaVoyce Burrow, Sharon Reeve, and one leader, Mrs. Kenneth O'Brian. Mrs. Cordie Potts was unable to attend because her son, Jay, was ill.

The spontaneous feeling of brotherhood is a mark of human maturity.—Oveta Culp Hobby

### 2185 Pay Poll Tax

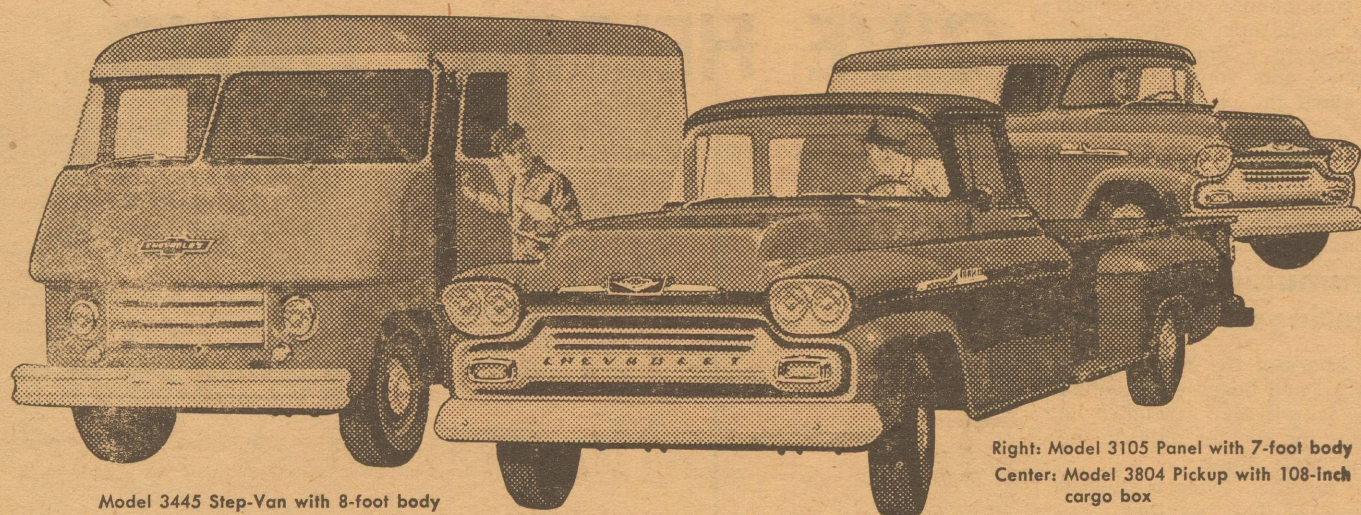

County Tax Assessor and Collector Lee Thompson said that 2185 persons paid their poll taxes for 1958. "This number," he said, "does not include the exemptions for first year voters nor for those exempt for overage privileges."

Those who get the free vote for the first time number 45; those over the age limit are not required to register, so their number cannot be accurately predicted.

"We can't tell exactly how many free voters there are, but there are quite a few if they all come out and vote," said Thompson.

**Petty Thefts Reported**

Charley Lovelace, Parmer County sheriff, reported little action on the crime scene during the past week.

Petty auto thefts, (stripping of abandoned cars and the taking of auto hub caps), continue to be major pursuit of Parmer County law violators.

One person, to be tried later for forgery in the district court, resides in the county jail.

The next visit of district judge has not been set.

**THIS IS A POST CARD?**—Young Trip Horton looks questioningly at his older sister, Kathy, as they examine one of the "Texas-size" post cards which are available at the Friona Wheat Growers Elevator. The giant cards are in color and show the "World's Longest Country Elevator" against the backdrop of the city of Friona. They are free for the asking at the elevator office.

**H. V. Rocky Attends School**

Army Pvt. Howard V. Rocky, son of Mr. and Mrs. R. V. Rocky of Rt. 3, Friona, was recently graduated from the I Corps non-commissioned officer academy in Korea.

Rocky, regularly assigned as a radio operator in the 1st Cavalry Division's 13th Signal Battalion, received instructions in leadership, map reading and other military subjects. He entered the Army last March and completed basic training at Fort Carson, Colo.

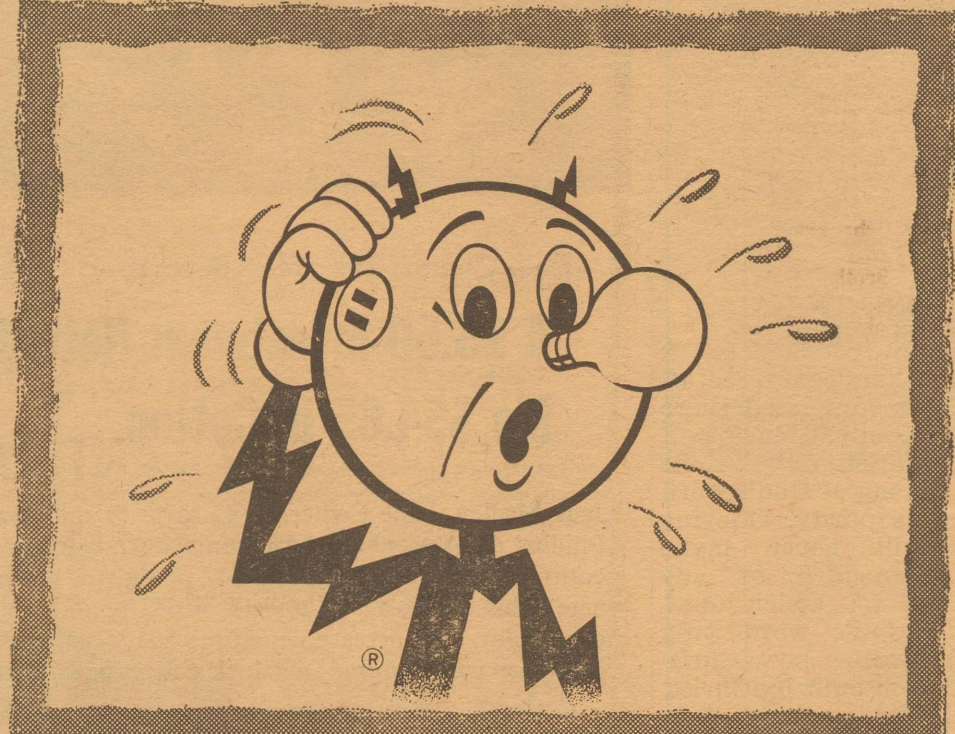

The 22-year old soldier was graduated from Friona High School in 1953. He later attended Texas Christian University, Fort Worth.

**Adelle and Judy Smith Host Party**

Adelle and Judy Smith were hostesses at a Valentine party in the home of Mr. and Mrs. Hoyt Smith Friday afternoon from 4:30 to 6. After a game and record session, refreshments of heart-shaped mints, Valentine cake, punch and nuts were served.

Those present were Marilyn Potts, Janet Snead, Dolores Elmore, Carolyn Wines, Charlotte Bock, LeVada Hand, Jacquelyn Magness, Geneva Floyd, Monty Baker, Erma Drake, Jolynda Stokes, Phyllis Bainum, and Betty Barnett.

**Cards Boost Friona**

Arriving only this week the colored "Texas-size" post cards showing the Friona Wheat Growers Elevator and the city of Friona have become the topic of conversation in local barber shops and among the citizenry.

Plenty of the cards are available just for the asking at the elevator office and Arthur Drake, manager of the elevator, says he welcomes people to drop by and pick up one of the cards.

The picture was taken from an airplane and shows the "longest country elevator in the world" against the background of the City of Friona.

NEWS FROM

# Rhea

By MRS. FRANKLIN BAUER

## Sunday Visits

Mr. and Mrs. Abraham Drager and Paul, and Mr. and Mrs. George Drager of Hereford visited in the Albert Drager

home. Mr. and Mrs. Ray Martensen and family drove to Sunray to visit with the Alton Kunkel family. Mr. and Mrs. Bill Gibson and family spent the day in Portales visiting with Bill's mother and sister. Visitors in the Jack Patterson home were Mr. and Mrs. Willard Patterson and children of Bovina, Mr. and Mrs. Claude Mears and children and Jaquette Wall. Mr. and Mrs. F. W. Reeve of Friona were dinner guests

in Malinda Schlenker's home. The group spent the afternoon in Farwell visiting in the John Guyer home. Mr. and Mrs. Walter Schueler and family were weekend guests in the home of Mrs. E. H. Woolever of Levelland. Mrs. Woolever is the grandmother of Mrs. Schueler. Mr. and Mrs. Herman Schueler, Mr. and Mrs. Raymond Schueler and family and Mr. and Mrs. Gilbert Schueler and family visited in the L. H. Hoffman home at Hereford. Melvin Sachs attended a Lutheran Layman's League executive board meeting in Amarillo Sunday afternoon.

## Ladies Aid Meets

Rhea Lutheran Ladies Aid met Thursday night at the parish hall with Mrs. Ray Martensen as hostess. The meeting was opened with the singing of a hymn and scripture reading and prayer by Pastor Stroebel. It was decided that each member should bring an article she had sewed to our April meeting to sell in the gift shop at the "Good Shepherd Home." The group is also to begin on a quilt to be sent to the home. After the other business matters were taken care of, Mrs. Herman Schueler led the group discussion on the topic "Discipline."

## Church Has Work Day

The men of the Rhea Lutheran Church had "Work Day" at the church Thursday and Friday. More storage space was added in the parish hall and more new furniture placed in the church.

## New Residents

Mr. and Mrs. Dale King moved on the Cordie Potts farm. They are living in the house previously lived in by Mr. and Mrs. Bill Gibson and family. The Kings moved here from Pampa, after spending some time with King's mother in Hereford. Mr. and Mrs. Bill Gibson moved on the farm south of Cordie Potts.

## Celebrates Birthday

Wayne Allen Schueler celebrated his sixth birthday February 14 with a party given by his mother in their home. Mrs. Walter Schueler, mother of the honoree, led the group in various children's games after which Wayne Allen opened his gifts. Refreshments of cake and ice cream were served to Roger and Allen Martensen, Gay Lynn Sullivan, Dwayne Bauer, Floyd Schlenker, Carlene Schlenker, Vickie and Wayne Allen Schueler, and Mrs. Ray

Martensen. Favors of Valentine suckers were given to the children.

## Mrs. Cordie Potts Hostess to HD Club

The regular meeting of the Rhea HD Club was Monday night in the Cordie Potts home. Mrs. Walter Schueler presided at the business meeting. It was decided to sponsor a bake sale on March 8. After the business meeting a pink and blue shower was given for Mrs. Elmer Deyke. Refreshments of doughnuts, coffee and tea were served by the hostess to the three guests, Mrs. Virginia King, Mrs. Oscar Schlenker and Marilyn Potts, also to members Shirley Brown, Emma Schueler, Velma Schlenker, Mary Gibson, Dorothy Bauer, Nola Drager, Ona Patterson, Nat Martensen, Billy Frances Vaughn, Malinda Schlenker, Mildred Deyke and Martha Schueler.

land visited in the Walter Schueler home Monday and Tuesday. Mr. and Mrs. Franklin Bauer and family spent Thursday in Lariat visiting with Mr. and Mrs. Ernest Ramm. Mr. and Mrs. Gilbert Schueler and family visited with relatives in Amarillo Friday.

## FIRE ANT GUILTY OF MANY CRIMES

The imported fire ant can't be accused of arson, but other charges against it are easy to prove — damage to crops, destruction of wildlife, reduction of land values, and painful attacks in human beings. Because of the fire sting it delivers to people or to animals that get in its way, the fire ant has become one of the most dramatic insect pests in America. Fire ant colonies now extend over thousands of acres stretching from Texas to North Carolina and are reported to be spreading north at a rapid rate. Some Southern Congressmen are now urging the use of pesticides in an immediate mass eradication program to rid the nation of this painful and destructive pest. The fire ant was imported here from the Argentine.

Debts and lies are generally mixed together.—Rabelais Housecats were probably imported into Etruria by the Phoenicians.

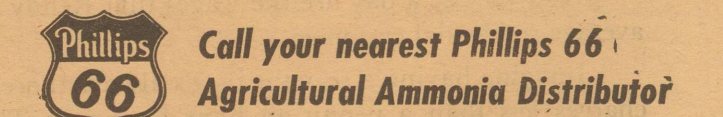

Hale Center, Tex., Man Reports—  
"A \$5.60 Investment Netted Me \$54.85 In Cotton."

Jack Shelley, Hale Center, Tex., says: "I put down Phillips 66 Agricultural Ammonia on my irrigated cotton and got an average of 847 pounds of lint per acre. This compared to a yield of 633 pounds on a check plot. My increase netted me \$54.85 an acre. I got more well matured, five-lock cotton bolls, too."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

## THE BULWARK OF A COMMUNITY IS ITS CHURCHES

### THE ROBIN AND THE SPARROW

Elizabeth Cheney has written a poem which reads in part:

"Said the robin to the sparrow,  
I should really like to know  
Why these anxious human beings  
Rush about and worry so.  
Said the sparrow to the robin,  
Friend I think that it must be  
That they have no Heavenly Father  
Such as cares for you and me."

To this might be added, No, it is not that we have no Heavenly Father. It is that, being human, we all too often forget Him. His love and care are around us constantly. His strength is always present. It is for us to remember, to keep Him in our hearts at all times, that we may call upon Him and gratefully receive the help which all humans need. Attend the church of your choice on Sunday.

**REV. FRED DEAN**

### UNDENOMINATIONAL CHRISTIANITY

For several hundred years after the Bible was completed there was no such thing in existence as a denomination. Christianity in its purity existed as long as God's word was taught in its purity. Obeying God's word will never make any person a member of any denomination. If so, which one? All who obey God's word only (the Bible) will be Christians only and members of the church built by Christ, Matthew 16:18, and to which he adds people, Acts 2:47. The church established by Christ is no denomination. It is impossible to follow the Bible in its purity and become a member of a denomination as a result.

#### Doctrines of Men

No denominations existed until the doctrines and creeds of men began to be taught and obeyed. They came into existence as a result of departing from the Bible and obeying man-made doctrines. Teaching and following different kinds of man-made doctrines will result in different kinds of man-made organizations or denominations.

#### Return to the Bible

The most needed things in the religious world today are huge bonfires to burn all the creeds, manuals, disciplines, confessions of faith, catechisms, etc., and for all people to have a love for God that will cause a wholesale return to the word of God (the Bible) and obey it in its purity. When that is done denominations will vanish from the face of the earth and true Christianity will be restored as is set forth in the Bible.

Before you resent what is taught in these articles, why don't you check the Bible and see if we are teaching the truth?

Is Not This the Right and Honorable Thing to Do?  
By S. A. FREEMAN, Minister

### Charles Kirk Honored Again

Charles Kirk, AN, has been selected as ATU-206's plane captain of the month for January. This is the third time he has gained this achievement since the program was inaugurated in October of 1957. Kirk, who is a 1956 graduate of Friona High School, is the son of Mrs. Cleola Kirk of Portales. He is also the grandson of Mrs. J. F. Miller. Kirk reported to ATU-206 in July, 1957, from AD "A" school in Memphis, Tenn.

## How to Keep a Free Press FREE

SELDOM does Freedom of the Press disappear in one annihilating blow.

In countries where the Press has been chained, there was first a period when it failed to realize and resist the beginnings of its end — the first encroachments on its freedom. There were powerful interests which wanted certain facts "kept out of the newspapers." There was pressure here and pressure there to have the truth withheld.

Before the Press of any nation succumbs to tyranny, there always has been a period of failure to speak out.

Here in America there is only the limitation of national security — the necessity to protect and preserve confidential military and scientific information — which can be accepted by a Press that is determined to stay free.

America's newspapers have made, and will continue to make, a conscientious effort to protect that security — at the same time keeping the people informed as fully as possible on all matters concerning their welfare. So long as American newspapers pursue that policy fearlessly, our Press, our people and our country shall remain free of tyranny.

More trees are being cut down for industrial use and fewer for firewood. The Food and Agriculture Organization reports that 2 percent more wood was produced for industry in 1956 than in 1955. Cutting of wood for fuel decreased by about 3 percent.

### NEWS FROM BLACK

MRS. DICK ROCKEY

### Boy Scouts Honor Families

Boy Scout Troop No. 54 entertained their families with a steak fry at the community house Wednesday evening. They served steak, gravy, salad, French fries and pie. The meal was cooked and served by Randy Price, Billy Edelman, Larry Elmore, Johnny Miller, Dean Nazworth, Ira Parr, Kenneth Duncan, Jim Braxton, Johnny Highfill, and Tommie Tatum.

After supper Johnny Miller and Ira Parr showed slides that were made on their trip to the National Jamboree at Valley Forge last summer.

Those present were Bud Elmore and Larry; Mr. and Mrs. Ralph Price, Randy and Jeff; Mr. and Mrs. Claude Edelman, Billy and Judy; Mr. and Mrs. Claude Miller and Johnny; Mr. and Mrs. J. R. Nazworth, Dean and Billy Ray; Mr. and Mrs. J. R. Braxton, Jim and Ray Gene; Mr. and Mrs. Ellis Tatum and Tommie; Mr. and Mrs. Coy Patton and Virginia; Mr. and Mrs. Dewey Duncan and family; and Mr. and Mrs. Jack Highfill and family.

### Community Group Meets Thursday

A regular meeting of the Black Community organization was held at the community house Thursday evening with about 35 persons present. After the business meeting, cheese sandwiches, coffee and cold drinks were served.

Bruce Parr was appointed to make a study of what part the community should take in the

### countywide March of Dimes campaign.

The next meeting will be March 13. Entertainment will be provided by the Boy Scouts. Everyone in the community is invited to attend this meeting.

### Back To Black

Mr. and Mrs. J. C. Joyner and daughter, Barbara Dianne, from Roanoke, N. C., arrived here Saturday to make their home. They were met at Amarillo by Mrs. Joyner's parents, Mr. and Mrs. K. E. Deaton. This was the first time the Deatons had met their granddaughter, Dianne, who is three months old.

### To Hereford

Mr. and Mrs. Claude Edelman, Billy and Judy, were guests in the home of Mr. and Mrs. J. M. Edelman at Hereford Sunday. They also attended open house at the Church of Christ in Hereford in the afternoon.

### To Amarillo

Mr. and Mrs. J. R. Braxton, Jim and Ray Gene, took an outing Sunday. They went to Amarillo in their little Red Bug, the Isetta.

Sunday dinner guests in the Woodrow Whitaker home were Mr. and Mrs. T. J. Presley and Roden Smart.

To Mrs. Roden Smart, who has been ill for several days, we wish a speedy recovery.

Mr. and Mrs. L. L. Deaton and daughters, Glenda and Brenda, visited with relatives in Hereford and Amarillo Sunday.

Sunday visitors in the home of Mr. and Mrs. Lester Dean and children were Mr. and Mrs. S. B. Dean of Muleshoe and Mr. and Mrs. Coy Jeeters and family of Friona.

Wise Mother Nature gave you two ears and only one tongue.

Speech is great; but silence is greater.—Carlyle

### Cheap Proteins For Asiatics

In a protein-starved region of Thailand, there is a small village called Nongkhorn where 150 families are receiving, under the supervision of nutritionists of the Food and Agriculture Organization, a daily ration of 15 grams of fish meal to supplement their meagre diets with protein.

The meal, or flour, which is a good source of calcium as well as protein, is locally produced at Chumporn, about 450 miles from Bangkok by the Fish Marketing Organization. The factory can process approximately 28 tons of fish into 5 tons of flour a day. One of the advantages of the process is that it can use the smaller fish which previously had little or no market value.

One cannot hunt eels and hares at the same time.

Idleness is the sepulcher of the living man.

NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

Post-Nuptial Shower Fetes Mrs. Watkins

Mrs. Glen Watkins, the former Katherine Surratt, was honored recently with a post-nuptial shower in the home of Mrs. Dee Brown...

neq, Bub White, Roy Daniels, J. G. Ward, A. E. Redwine, Wendol Christian, Elmer Downing, Windbourn Hardage, Grady King, Elmer Blankenship, Dan Cargile, C. M. Splawn and W. E. Verner;

Class Has Party

The eighth grade was treated to a skating party Monday evening at the skating rink at Muleshoe. Parents going along were Mr. and Mrs. Leland Ivy, Mrs. Dee Brown, Mrs. E. D. Chitwood Sr., and Mrs. J. B. Young.

Eighth graders attending were Paul Wilbanks, Cooper Young, Jimmie Broadhurst, James Mason, David Smith, David Koeltzer, Sammy Blackwell, Larry Strahaan, Joe Neil Tartar, Jimmie Dale Seaton, Donnie Smith, John Agee, Gary Foster, Don Watson, Richard Chitwood, Wanda Bean, Candy Burreson, Janice Darling, Debbie Hawkins, Eva Dean Ivy and Ann Mitchell.

Other students were Sharon Parham, Gayle Robinson, Pat Peterson, Johnny Ivy, Steve Young, and Gary Mack Brown.

Little Timmie Black, young son of the Jimmie Blacks, spent the latter part of last week in the Muleshoe hospital with bronchial pneumonia.

Mr. and Mrs. Robert Kimbrough accompanied her parents, Mr. and Mrs. R. G. Horsley, to Fort Worth last week where they will stay for awhile.

Welding Course Completed At School

The Vocational Agriculture Department at Lazbuddie High School has just completed a successful three-day short course in electric acetylene welding.

Robert Cates of the Forney Acetylene Welding Co. instructed all the boys in high school and many adult farmers in the community. This type of instruction has been in line with meeting the changing demands upon our public school systems.

According to the Texas A&M vocational agriculture teacher training department, vocational agriculture is confronted with a series of problems entirely new to our modern times and can be summed up with a few words:

Vocational agriculture can provide agricultural understanding for a large part of the 87 percent of the people who live in cities, can provide useful and gainful self employment, training for citizenship, leadership, business and management training. It is also a strong supporting field for both math and science and gives preliminary training for young men and women employed in agriculture production and industry.

Cates has been holding welding schools in many of the high schools of our area. He thinks Lazbuddie is to be commended for having one of the most efficient vo-ag buildings in the area and the indications are that it will soon be among the best equipped departments.

Son Born Friday To James Robinsons

Mr. and Mrs. James Robinson are the proud parents of a boy born Friday, February 14, in the Clovis Memorial Hospital. He has been named James Robert and weighed 7 pounds and 15 ounces. Jimmy is scheduled for a lot of attention as he has four older sisters, Glenda, Gayle, Sherry, and Vicki, who will each be doing her part to help spoil him.

Frosh Have Party

The freshman class enjoyed a party in Clovis Saturday evening. Skating was first on the agenda and after supper they went bowling. Making the trip were Ronnie Gustin, Debbie Hawkins, Odie Bradshaw, Janice Darling, Jerry Smith, Marilyn Aduddell, Roy Max Miller, Corretta Watkins, Ronnie Johnson, Penny Grusendorf, Norman Brantley, Judy Brown, R. L. Porter, and Jerry Don Glover. Also Mesdames Jackie Brown, Neal Bradshaw, and Allen Grusendorf.

LUNCHROOM MENU WEEK OF FEBRUARY 24

Monday, barbecued pork, buttered potatoes, green beans, apple and celery salad, bread, milk, cherry pie.

Tuesday, red beans, sliced beets, buttered cabbage, steamed rice, hot rolls, butter, milk, banana pudding.

Wednesday, creamed turkey, English peas, cranberry sauce, hominy, bread, milk, pear halves.

Thursday, meat balls and gravy, candied sweet potatoes, mixed greens, tomatoes, corn-bread, butter, milk, fruit Jello.

Friday, salmon croquettes, catsup, whole kernel corn, sliced apples, carrot sticks, hot rolls, butter, milk, ice cream.

Mr. and Mrs. J. D. Carpenter and James spent the weekend in Odessa with their son-in-law and daughter, Mr. and Mrs. Loren Howard.

Mr. and Mrs. Willis Ray Woodard and family from Ralls and Mr. and Mrs. Quince Cole and family from Anton were recent visitors in the home of their brother-in-law and sister, Mr. and Mrs. Jeeter Garner and family. The occasion was a birthday celebration for Woodard and Mrs. Garner who are twins.

Sunday dinner guests in the Owen Broyles home were Mr.

and Mrs. J. D. Taylor, Bobby, Gary and Geraldine, Hereford; Mr. and Mrs. Donald Petty from Sansford, Fla.; Mr. and Mrs. Vernon Petty, Vernell and Vernetta, Friona; Eugene Broyles, Amarillo; Mr. and Mrs. Beardean Broyles and Becky, and Mr. and Mrs. Max Steinbock.

Mr. and Mrs. Donald Gene Petty left Tuesday morning for Sansford, Fla., where he is stationed with the Navy. The Pettys have been here on leave for the past two weeks.

Mr. and Mrs. Bob Kimbrough and Mr. and Mrs. Johnny Crow were in Lubbock Sunday evening and attended a show while there.

Mr. and Mrs. Glen Stevens visited their son-in-law and daughter, Mr. and Mrs. Carroll Poole in Plainview Saturday evening.

Dinner guests Sunday in the E. T. Ford home were Mr. and Mrs. Hugh Alexander, Scott and Kevin from Lariat, Mr. and Mrs. Bernie Hurley, Morton, and Mr. and Mrs. W. O. Wood from Earth.

Mr. and Mrs. Jeeter Garner and family moved this past week from the T. R. Smallwood place, where they have made their home for several years, to the Oklahoma Lane community, where he is engaged in farming. Mr. and Mrs. I. V. Pierce from Muleshoe have moved into the house vacated by the Garners. We hope they will enjoy living in the community.

Mrs. Rose Meyers from Buffalo, N. Y., is visiting in the home of Mr. and Mrs. Dee Chitwood Jr. and family. Mrs. Chitwood is Mrs. Meyers' niece.

Mr. and Mrs. John McGehee and Kenneth and Mr. and Mrs. Raymond McGehee and Jeanne visited Sunday in Denver City with their brother, Leroy McGehee and family.

Mr. and Mrs. Billy Watts from Farwell visited Sunday with their parents, Mr. and Mrs. Finis Jennings.

Mr. and Mrs. H. H. Briggs and Mrs. Jarrett Pinckley and Sue spent the weekend in Abilene. While there they attended the wedding of their niece, Lafon Jowers, to Frank Sims. The women were accompanied home by their mother, Mrs. Mary Jowers, who will visit with them for awhile.

Mrs. Wayne Clark received word that her brother, Jack Templer, is in a Tulsa, Okla., hospital with a broken foot. Templer was attempting to put in a new light fixture in the REA office where he works when the ladder slipped out from under him and he fell on a concrete floor thus causing the broken foot. Templer is a former resident.

Mr. and Mrs. J. T. Eubanks and Max visited Sunday in Tulsa with her sister, Mrs. A. B. Weeks. They were met there by Mr. and Mrs. Oscar Weeks from Silvertown.

Mr. and Mrs. Gene Phillips were among the guests attending a housewarming in Texico Sunday honoring Mr. and Mrs. John Carson who have recently moved to Texico from Olton.

Mr. and Mrs. Boots Reed and son have moved in a house on the E. E. Engleking farm to live until the present school term is out.

Mr. and Mrs. C. C. Graef visited Sunday in the home of his brother, Mr. and Mrs. Pat Graef in Clovis. In the afternoon they all visited their parents, the Will Graefs.

Mr. and Mrs. Albert Clark are moving into the community this weekend. The Clarks are from Amarillo and are moving on the Boots Reed farm. We are sure the Clarks will enjoy living here as Albert lived here before his marriage. Mrs. Clark will be used in the school system as a substitute teacher.

Mrs. Lora Brown returned Monday from Tulsa, Okla., where she has been visiting the past month with her son-in-law and daughter, Mr. and Mrs. E. M. Baldrige and family. She also visited with her sister and brother in Tulsa.

Mr. and Mrs. Andy Brown and Sonya spent the weekend in Slaton with his parents, Mr. and Mrs. J. H. Brown.

Mr. and Mrs. Leland Gustin are vacationing in Truth or Consequences, N. M., this week.

Mr. and Mrs. Tice Hugg visited Sunday in Amarillo with the A. J. Foster family.

Mr. and Mrs. Howard Splawn and Pam from Muleshoe visited Sunday with his parents, Mr. and Mrs. C. M. Splawn and with the Jackie Browns.

Mr. and Mrs. Howard Carpenter and Sussie visited Saturday in Lubbock with Mr. and Mrs. Ross Neal and Miss Jimmie Frank Carpenter. The women are daughters of the local couple.

Mr. and Mrs. Charles Neeley from Tulsa returned to their home Monday after visiting about three weeks in the home of their son-in-law and daughter, Mr. and Mrs. Raymond Treider and girls.

Mr. and Mrs. T. O. Lesly, Linda and Hazel Gay, spent the weekend in Ralls with her parents, Mr. and Mrs. Leon Conner, and with her grandparents, Mr. and Mrs. Walter Harris. On their way to Ralls they stopped in Lubbock and visited with Mr. and Mrs. Donald Ray Barron.

Sunday visitors in the C. A. Watson home were Mr. and Mrs. Harvey Bass and girls, and Mr. and Mrs. Morris Nowlin and daughter all from Muleshoe.

Mr. and Mrs. Jack Black, Mr. and Mrs. Joe Briggs, Mr. and Mrs. Roy Daniels, and Mr. and Mrs. John Gammon and Marianna all attended the Arkansas State-Texas Tech game in Lubbock Saturday evening.

Mr. and Mrs. Jim Templeton from Amherst and Grandpa Templeton from McKinney visited Sunday in the Paul Templeton home.

Mr. and Mrs. V. H. Bewley visited Sunday in Olton with her brother and family, Mr. and Mrs. Luther Alexander and Sherrill.

Weekend guests in the Jess Pendergrass home were her brother and family, Mr. and Mrs. J. E. Hester, Gary and Cindy from Amarillo.

Mr. and Mrs. Gene White and daughters, Loretta and Jenny Lynn, left Wednesday morning for Corpus Christi where they will make their home. They have lived in the community most of their lives and will be missed but we hope the very best of luck for them in their move. A going-away party for the Whites was given Tuesday evening in the Herman White home in Muleshoe.

Mr. and Mrs. Wayne Clark and Loy Dale spent last weekend in Young County on a fishing trip.

Mr. and Mrs. Bob Hansen and son, Bob, returned to their home in Halstead, Minn., after a two-week visit with her brother-in-law and sister, Mr. and Mrs. Judd Clark.

Mr. and Mrs. W. S. Menefee were in Lubbock on Friday for a check up for Menefee. They report the doctor was well pleased with the way he was doing. On Sunday the Sam Long family from Hereford visited in the Menefee home.

Mr. and Mrs. De Whitt Tiller and family from Bula were Sunday dinner guests in the home of Mr. and Mrs. John Aduddell and family. In the afternoon other visitors were Mr. and Mrs. Tom Lewis from Dimmitt and John Aduddell and children from Muleshoe.

Mr. and Mrs. Lonnie Merriott

are in Fort Worth this week where Lonnie is receiving treatment and possible surgery on his leg.

Mr. and Mrs. Larry Burns have moved into E. R. Day's rent house at 1107 Main. Mr. and Mrs. F. D. Carter have moved from 1202 West Fifth to Bovina and Mr. and Mrs. Clyde Sherrieb and Gary have moved from a farm northeast

of town to the house the Carters moved out of.

Women, like princes, find few real friends.

It seems improbable that we, or any nation or group of nations, will attain peace until each man, in his mind and heart, treats all men as his brothers.—Eddie Cantor

If you really believe in the brotherhood of man, and you want to come into its fold, you've got to let everyone else in, too.—Oscar Hammerstein II

# Bill Brookfield Sustains Injury

Bill Brookfield, son of Mr. and Mrs. H. W. Brookfield of Friona sustained an injury last week which will put him out of action for the rest of the Adams State College, Alamosa, Colo., basketball season.

Brookfield received an ankle injury in the closing seconds of the second Adams State-Idaho State basketball game but is expected to recover in time to participate in the baseball season.

He was one of the highest rated halfbacks on the Indian football team last season and was high man in total ground gained figures. Brookfield also rated high in passing, pass receiving, and was high scorer on the Indian squad.

Although he started basketball practice late because of the overlap with the football season, Brookfield has played in all basketball games this year before his injury. Statistically he is well up in most categories,

especially in field goal percentages, where he maintained a .361. Brookfield has scored 133 points for the Indians in 13 games and picked up 53 rebounds.

With basketball season almost over, fans are looking toward baseball season at Adams State, and here, once again, Brookfield is expected to come through for the Indians. He is reputed to be a top notch shortstop and will certainly add to the Indian diamond team.

## Trade Commission Rules on Packers

The Federal Trade Commission recently upheld a hearing examiner's contention that a chain store which holds an interest in a meat packing plant amounting to five percent of its total assets is, in effect, a meat packer and not subject to its jurisdiction. Trade practices, advertising and similar activities are under jurisdiction of the Packers and Stockyards Act and the Secretary of Agriculture.

During the last Congress there were several bills proposed to transfer the jurisdiction over the meat packing industry from the Department of Agriculture to the Federal Trade Commission and one of the arguments was that there was a "shadow zone" where non-packers could avoid FTC jurisdiction.

There are two proposals now in Congress that will correct this situation, especially in light of the recent FTC decision. One, advanced by Senator Dirksen of Illinois, which would re-define jurisdiction over the meat packing industry, leaving the retailing industry under the FTC; or another approach along the same lines advocated by the House Committee on Agriculture. It is apparent that this decision now calls for legislative action. It is hoped that such action will solve it without impairing agriculture and the meat packing industry.

## Why Don't Camels Drink Like Fishes!

Duke University in North Carolina has come up with the answer - helped by UNESCO (United Nations Educational Scientific and Cultural Organization) scientists. Dr. Knute Schmidt-Nielsen of Duke spent twelve months in the Sahara associating with this worthy beast, and discovered that the camel's unique ability to resist water is the result of several curious and unsuspected qualities. The most surprising; an ability to exist without perspiring, since he is unable to cool any skin surface by evaporation. Instead, he seems to be constructed to suffer a higher body temperature than other animals. Another characteristic: an ability to digest without releasing water from the blood stream.

PATSY ANTHONY

## Rostrum Club Reorganized

Patsy Anthony of Friona, a student at Stephens College in Columbia, Mo., is a charter member of the newly organized Rostrum Club. She is a freshman student at the college and is the daughter of Mayor and Mrs. A. W. Anthony Sr.

This speech organization, dissolved before World War II, has recently been reorganized due to the signing of a petition by 31 girls and the approval of the campus legislature. Membership is based on a sincere interest in oral speaking.

The club was organized to encourage such activities as debates, poetry reading, group discussions, after dinner speaking, contest judging, and brainstorming within the halls.

## Second Youth Meeting Slated

The Youth Direction Committee of the Modern Study Club has slated two more meetings for freshmen and seventh graders who are interested in learning folk games and square dancing. Freshmen are invited to meet at the club house from 7:30 to 10 p. m. Friday.

Saturday afternoon from 5 to 7 seventh graders are to meet at the same place. Parents are welcome to attend these meetings, says Mrs. George Jones, member of the committee.

## Housewarming Fetes Mrs. A. S. Curry

Mrs. A. S. Curry, a long time resident of Friona who has resided in Amarillo the past few years, has returned here to make her home. She was honored with a surprise shower in her home Wednesday afternoon. Refreshments of cake, coffee and tea were served by the hostesses.

Those present were Mesdames

## Going Away Party Honors Two Couples

Mr. and Mrs. Bert Steffens and Mr. and Mrs. Archie Wright, who are moving to Dumas this week, were guests of honor at a going-away party given by the Assembly of God Church at the American Legion Hall Monday evening.

The two families, who have been living southwest of town, have farming interests in the Dumas-Stratford area. Mr. and Mrs. Steffens have purchased a home in Dumas and the Wrights will live in the same town temporarily.

After a supper of sandwiches, cakes, pies, cookies, and cold drinks, the group played games. Some pictures of a tacky party for the young people were shown. After the presentation of gifts to the guests of honor, a devotional was given by the pastor, M. Alvin Askins. The meeting was closed with prayer in unison.

Those present besides the honored couples were Mr. and Mrs. J. T. Stowers and Ineta; Mr. and Mrs. T. L. Houston and Jerry Don; Mr. and Mrs. C. K. Carter, Joy, Judy, Pete, and Kenneth; Mrs. John Wilson; Mr. and Mrs. Ernest Beavers; Also Mrs. C. H. Veazey; Mr. and Mrs. LeGrand Morton and Gary; Mr. and Mrs. Kenneth Williams, David, Ronnie, and Terri; Rev. and Mrs. M. Alvin Askins and Gayla; and Mr. and Mrs. J. A. Loflin, Larry, Norma Lee, and Ken of Bovina.

## Day Of Prayer To Be Friday

Interdenominational Church Women's Union will observe World Day of Prayer Friday with a joint service at the Assembly of God Church. Mrs. Hugh Blaylock will have charge of the service with members of the other churches participating.

Christians around the world are united on this great day in a common service of prayer and praise to the Father of us all. Services begin at sunrise on Tonga Islands where Queen Salote leads her devout subjects in prayer and continues throughout the day closing with the observance on St. Lawrence Island, Alaska.

The group invites all Christians to meet at 3 p. m. in the Assembly of God Church. If this is impossible, citizens are asked to pause for a minute of prayer at 12 noon when the church bells of the town will be rung. This request is made by Mrs. W. M. Stewart, Mrs. Carl Maurer, and Mrs. Elmer Euler of the organization.

## Frionans Elected Council Members

Officers and executive council members of the Baptist Student Union for 1958 at Texas Tech at Lubbock have been announced. Of the sixteen members two are from Friona.

Deann Buske, junior home economics education major has been elected promotion vice-president and Denise Magness, junior music education major will serve as music chairman.

## Brownie Notes

The Brownies of Troop I met at Fellowship Hall of the Friona Methodist Church Monday afternoon. Leaders are Mrs. Latta, Mrs. Awtrey, and Mrs. Vestal. The troop had a Valentine party and elected officers. They are Becky Coffey, president; Sharen Awtrey, secretary; and Jan Welch, reporter. After they played games Alveda Marriesso served refreshments.—Jan Welch, reporter.

## Missionary Society Meets in Rule Home

Mrs. Ben Rule was hostess at the Tuesday afternoon meeting of the United Pentecostal Missionary Society in her home in the Hub community. The Bible study was taken from the third chapter of II Peter and the tenth chapter of I Corinthians. Prayer in unison followed the Bible study.

Following the business meeting Mrs. Kenneth Houlette read a report from the general conference at Little Rock. A poem, "Count Thy Blessings," was read by Mrs. Arthur Lutz.

Refreshments of congealed salad, hot chocolate and party sandwiches were served by the hostess to Mesdames T. L. Speir, Arthur Lutz, Kenneth Houlette, Frank Griffith, J. B. Buske, and P. L. Hughes;

Also Joyce Houlette, Karen Hughes, and Patsy Rule. The next meeting will be in the home of Mrs. J. B. Buske.

## Tech Students Home

Some of the Frionans who attend Texas Tech were home over the weekend. They included Ardith Rolen, Joe McLeelan, Don Reeve, Phillip Weatherly, and Wesley Barnett.

MR. AND MRS. BEN KONIS  
★ ★ ★  
EUGENIA LANDRUM WEDS BEN KONIS IN CANDLELIGHT CEREMONY

In a candlelight ceremony at the First Baptist Church in Friona at five p. m. Saturday, February 1, Eugenia Landrum, daughter of Mr. and Mrs. M. Ray Landrum of Gruver, became the bride of Ben Konis, son of Mrs. Mary Paul Konis of Perth Amboy, N. J.

The double ring ceremony was read by Rev. Joe Snead of Conway, before an archway flanked by candelabra and baskets of carnations. The altar and kneeling bench, which were in the center of the arch, were entwined with greenery.

Mrs. B. I. Crosthwaite of Hereford presented an organ prelude. She also accompanied Joel Landrum, brother of the bride, as he sang "Because." Polly Dixon of Mosca, Colo., cousin of the bride, was the flower girl, and Trina and Corky Dixon, also cousins of the bride of Mosca, Colo., were ring bearers.

The bride's sister, Miss Margaret Landrum of Gruver, was her only attendant. She wore a gown of pink tulle and velvet over taffeta and carried a bouquet of white carnations.

Joel Landrum of Albuquerque served as best man and Eugene Dixon, uncle of the bride of Mosca, Colo., Jim Dixon of College Station, also an uncle of the bride, and Dempsey Watkins of Friona were ushers.

The bride, who was escorted to the altar and given in marriage by her father, was attired in a gown of ivory slipper satin and Chantilly lace. The fitted bodice featured embroidered lace over satin with a tiny collar of seed pearls. The sleeves, tapered to petal points

at the wrists. Lace panels highlighted the skirt which draped into a chapel train. Her veil of illusion was shoulder-length and she carried a satin and lace covered Bible topped with a single orchid. The Bible, a possession of the bride's great grandfather, the late W. S. Dixon of Dimmitt, has been given to her as a keepsake and she carried it for something old.

Mrs. Landrum, mother of the bride, wore a red crepe dress with white accessories and a white rose waist corsage. The groom's sister, Mrs. James Shornock, wore a white jersey dress with white accessories and a corsage of pink roses.

Immediately following the ceremony, wedding guests attended a reception in the home of the bride's grandparents, Mr. and Mrs. C. W. Dixon. Decorative appointments carried out the bride's chosen colors of ivory, pink and violet. Mrs. Shornock of Woodbridge, N. J., and Mrs. Eugene Dixon of Mosca, Colo., presided at the serving table. Guests were registered by Miss Margaret Landrum.

Mrs. Konis, a 1957 graduate of Friona High School, will graduate from the Fashion Institute of Technology in New York City in June. Konis, a graduate of Jamaica High School and Catan-Rose Institute of Fine Arts, is employed as an art director for a New York City firm.

After spending several days in the Landrum home at Gruver, Mr. and Mrs. Konis left for New York City to make their home.

## To Clovis

Mr. and Mrs. J. L. Stowers and Ineta were Sunday dinner guests in the home of Mr. and Mrs. L. R. Capps and sons. In the afternoon the two families drove to Clovis and toured the zoo.

## From Pampa

Mr. and Mrs. Dan Johnson of Pampa spent Saturday attending to business and visiting in the homes of Mr. and Mrs. David Moseley, and Mr. and Mrs. Joe Collier, and other relatives and friends. Mrs. Johnson is the former Jo Moody.

The state of Oregon produced over-all income of slightly more than \$3 billion last year. Of the sum, the Oregon Voter reports, \$1,165,000,000 was absorbed in direct taxes, fees, licenses, contributions and other forms of compulsory or mandatory assessments, not including hidden taxes.

## Reduce Delinquency YOU ARE IMPORTANT II.

(A distinguished Texas judge offers pointers on combating our fast-increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

Many more individuals are needed for work with young people. You can volunteer to serve in one of the numerous organizations crying for help on every hand—the Scouts, the YW and YM, club activities for boys and girls.

Does your town have a community center where teenagers can hold meetings and play games? It takes work to establish such a center, but it doesn't need to be elaborate. Sometimes a very simple one is the best, but somebody has to sponsor it.

You Are Needed

We should also remember that after a community center is established, your help will be needed. It doesn't just run itself, of course. Ideas and volunteer help are a MUST.

There is need likewise for constructive activities for boys and girls in the churches. Get together a group of young people. They will have ideas about what they want to do, but they need your suggestions as well as your assistance.

Gathering at Home

Make your home a center for young people. Have a barbecue party in the back yard; start a song fest around the piano in the living room—or sing without a piano. Teen-agers enjoy home more than we imagine—if there is something to do.

This job of promoting activities for young people is a tremendous one, but it is well worthwhile.

My article next week: The Law and Juveniles.

## SECTION II

# The Friona Star

## Shower Honors Eugenia Landrum in & around FRIONA WITH JUNE

The principal topic of conversation recently has been the weather. Just about every farmer you hear talking is lamenting the fact that he isn't getting his work done. Friday we ran onto Jimmie Buckley, who farms in the Black community.

After talking with him a few minutes without him even mentioning how far behind he was with his farm work, we asked him if he had it all done. When he replied in the negative, our next question was why he was not complaining about the weather. His answer was, "Well, I've just decided that I've complained enough, so I have decided to just wait patiently for it to dry up."

Someone has defined life as a matter of knowing what to select and what to pass by. This statement was arrived at by the following reasoning. Since we haven't time for everything, we should choose that which will count most for ourselves and others in the long run.

A little piece of prose we ran onto recently just about fits most of the people we know. It seems that perhaps we have not yet chosen the thing which will count most. The title of it is "Rushing."

Rushing to the office; rushing out to eat; rushing back; rushing home; and rushing down the street; rushing up and rushing down, rushing in and out. Say, what's all this rushing for? What's it all about?

Rushing after money, rushing after fame, climbing, pushing, shoving. It's a dizzy game. Stepping on each other's heels—"Let me by!"—"Look out!" Say, what's all this rushing for? What's it all about?

Let us loaf awhile, watch 'em push, run, and grab. We'll just set and smile. As they scramble down the road, gaily we will shout: "Say, what's all this rushing for? What's it all about?"

We see by some of the weekly papers which cross our desk that several neighboring towns are having gasoline wars. It has been a long time since we have heard of gasoline wars. At one town not too far away gasoline was selling for less than seventeen cents this week. Surely conditions like this cannot continue very long.

What causes wars of this kind? From our observation they generally happen at a time when business is at a standstill. It seems that at these times merchants would need to receive a margin over their cost in order to stay in business.

Since our knowledge of matters of this kind doesn't add up to much, it would probably be wise for us to leave the solving of financial problems to someone with more know how.

But I sure would like to buy a few tanks full of 16.9 cent gasoline. Wouldn't you?

March 3-7 has been officially designated by Governor Price Daniel as Public Schools Week in Texas. Since there is so much concern right now over the lack of training our children are receiving, this might be a good time for all of us to sit up and take notice.

How long has it been since you have done anything constructive for the school which your child attends? Most of us do enough criticizing, but fail miserably when it comes to doing anything to improve conditions.

During this particular week, let's each one at least visit school and see what is being done. If our children leave high school unprepared for college, some of the blame will belong to us whether we accept it or not.

The Floyd Brookfields are moving into their new home in the northeast part of town soon. Another new home is under construction in the west part of town. Mr. and Mrs. O. B. Moyer, who live northwest of town, have purchased two lots from Randol Allen and are building on them.

The question most farmers' wives are asking this week is, "Why do we have to pay income taxes when we had almost no income?" We wonder too.

## WSCS Has Covered Dish Luncheon

The WSCS of the Friona Methodist Church met Tuesday morning at 9 for the regular monthly business meeting in Fellowship Hall. A request by Mrs. James Boyle that the meeting be opened with a silent prayer was granted. This was followed by the opening prayer led by Mrs. A. A. Crow.

The devotional was given by Mrs. J. T. Gee. Plans were made for the sub-district WSCS meeting which is to be here Thursday. The next business meeting will be Monday, March 17. Mrs. U. S. Akens discussed part of the Quadrennial.

Hostesses for the covered dish luncheon at noon were Mesdames C. L. Vestal and Newman Jarrell Jr. There were 32 members and one guest present.

## From Canyon

Gladys Armstrong, teacher-trainer for homemaking teachers at WTSC at Canyon, was a weekend guest in the home of Mr. and Mrs. Harry Ratliff. Miss Armstrong and Mrs. Ratliff were classmates at Oklahoma State College at Stillwater.

True friends appear less moved than counterfeit.—Horace

## Houstons Return

Mr. and Mrs. H. G. Houston and daughter, Debra, returned home late Sunday after spending several days visiting in the homes of Mr. and Mrs. Robert Dickey of O'Donnell and Mr. and Mrs. Ruben Gandy of Tahoka. Mrs. Dickey is Mrs. Houston's sister and Mrs. Gandy is Houston's sister.

Land conditioning problems are a lot different this year from those of the previous four or five. High soil moisture and the freezing and thawing process of Mother Nature mellowed the soil considerably. However, many farmers went ahead with plowing as is the usual custom. This field is "flat broke," and shows the characteristic large clumps of soil turned up in such plowing.

# «The High Plains Farm and Home»

## Farm Bureau Membership Drive Begins Next Week

The annual membership drive of the Parmer County Farm Bureau will be launched Monday of next week. It will begin with a kick-off banquet Monday night in the Farwell school cafeteria.

To appear on the program for the banquet will be J. H. West, Texas Farm Bureau president. This will be West's second appearance in Parmer County. He was here in 1954 to make an appearance with J. Walter Hammond, who was then TFB president.

West is a long-time Farm Bureau worker, having served on the board of directors of the state organization longer than anyone else. He was elected vice-president in 1956 and president in 1957. He is a member of the governing board of the National Cotton Council. He farms and is in the elevator business in the Coastal Bend area of Texas.

The Monday night meeting will bring together workers for the drive. Gilbert Kaltwasser, county Farm Bureau president, says 53 families will be working on the drive this year.

Their goal is 650 members. Kaltwasser says membership now is about 600, but that 200 memberships are due to expire in March. These 200 will be

sought to renew, and another 50 new memberships will be the aim of the workers.

H. L. "Hub" King of Brownfield, district Farm Bureau director, county agricultural officials, and Wilma Norton, county FB queen, will be special guests of the banquet. An attendance of about 100 is anticipated.

The drive will last all of next week, and a "report-back" meeting will be held in Friona on March 3.

Jack Patterson, county vice-president, is membership chairman and will direct the drive. Areas and worker captains: RHEA AND BOVINA—Jack Patterson, Dennis Williams, and Donald Christian.

F A R W E L L, OKLAHOMA LANE, AND LAZBUDDIE—M. T. Glasscock, John Range, J. D. White, and L. F. Bruns.

NORTH FRIONA AND BLACK—Ernest Anthony, Roy Miller, and John Henderson.

LAKEVIEW AND HUB—Harry Hamilton and Gilbert Kaltwasser.

President James Buchanan was a bachelor.

He who would search for pearls must dive below.—Dryden

JAMES H. WEST

### FOREST CROPS WASTED

The reduction of losses and waste in forest crops is a growing problem, since it is estimated that less than 20 percent of the timber felled reaches the consumer.

Fire fighting courses have been offered by the Food and Agriculture Organization of the United Nations, attended by foresters from eighteen countries, to study United States methods of forest fire control.

The FAO wood chemistry committee has recommended methods for the conversion of logging and manufacturing waste into packages and building materials. Not long ago, prefabricated houses were manufactured from the waste of tropical forests and shipped to Burma in an attempt to alleviate the housing crisis in that country.

# Champ Cotton Growers Due Honor at Meeting

The champion 4-H and FFA young cotton farmers in Parmer County will be recognized for their efforts at an awards night banquet Monday night at the Hub Community Building.

This is the wind-up of the yearly cotton production contests, sponsored jointly by the Parmer County Cotton Improvement Association and the Plains Cotton Growers.

To be speaker for the program, which begins at 8 o'clock, will be George Pfeiffenberger, executive vice-president of PCG, Lubbock. Listening will be 4-H and FFA boys and their supervisors from over the county.

Topping the contest this year were Duane Rea of Bovina, who won the FFA division, and Tommy Tatum of Black, winner in the 4-H competition.

Tatum had the highest yield of any contestant—1056 pounds of lint cotton per acre. He produced this cotton on land that was in mite in 1955 and cotton in 1956. He shredded and disced stubble, "flat broke," floated, listed, watered and planted on May 6. His planting rate was 32 pounds.

Then Tommy rotary hoed two times, and cultivated. He watered July 19 and August 15, and fertilized with 50 pounds of anhydrous ammonia. He used 38-inch rows, and had 11 1/2 inches of rain during the season.

Rea, planting Paymaster 101, got his yield of 945.53 pounds from land that was in wheat last year. He disced, "deep broke," floated, listed, and wa-

tered. Duane used a nitrogen-type fertilizer, also. His planting date was May 9.

The other FFA winners:  
2—Duane Rea, 892.12 pounds.  
3—Jimmy Mabry, Hub, 878.8 pounds.

4—Duane Rea, 871.02 pounds.  
5—Duane Rea, 853.82 pounds.  
6—Bomar Stacy, Friona, 843 pounds.

7—Duane Rea, 835.74 pounds.  
8—Duane Rea.  
9—Arnold Kriegel, Bovina, 664.48 pounds.

10—Arnold Kriegel, Bovina, 601.4 pounds.

Other 4-H winners:  
2—Johnny Mabry, Hub, 1040 pounds.

3—Cooper Young, Lazbuddie, 971.5 pounds.

4—Joe Bob Johnson, Friona, 957 pounds.

5—James Brown, Lazbuddie, 858 pounds.

6—Gary Mac Brown, Lazbuddie, 792 pounds.

7—Johnny McCuan, Farwell, 748.1 pounds.

8—Jerry McCuan, Farwell, 708.7 pounds.

9—Johnny Miller, Friona, 693 pounds.

10—Randy Price, Friona, 660 pounds.

Business to be transacted at the meeting will include the selection of officers for the county organization for the coming year, and election of two directors—one businessman and one farmer—for the PCG.

Coffee and doughnuts will be served.

## Plains Ginnings Beat 1 1/2 Million

The U. S. Department of Commerce, Bureau of the Census, recently announced ginnings of the 1957 crop prior to January 16, 1958. Ginnings on that date of Plains Cotton Growers 23-member counties totaled 1,534,094 bales.

This compares to approximately 1,650,000 bales harvested on that date a year earlier.

Significant are the noticeable decreases from a year ago in Castro, Cochran, Crosby, Floyd, Hale, Lamb, Lubbock, Swisher, Terry and Yoakum counties. Biggest increases are in Dawson, Garza and Lynn counties, all southern counties with only one-third of the cotton acreage irrigated, as compared with 75 to 90 percent irrigated in the central and northern sectors.

All noticeable is the fact that even in a poor year such as 1957, the 23-member counties of the PCG produced more cotton than the entire states of California with 1,527,144 bales; Mississippi with 1,032,485; Arkansas with 920,179; Arizona with 718,854; Alabama with 526,182; Louisiana with 342,982; and Oklahoma with 256,100 bales.

Texas had ginned 3,540,304 bales as of January 16. The PCG member counties harvested 42 percent of the Texas crop in 1957.

Below are ginnings on the 1957 crop and the 1956 crop.

	1957	1956
Bailey	70,266	72,867
Borden	8,000	not avail.
Briscoe	13,180	11,763
Castro	39,734	54,404
Cochran	46,936	55,734

Crosby	94,878	104,856
Dawson	117,803	81,833
Deaf Smith	12,000	not avail.
Dickens	18,247	17,467
Floyd	72,551	92,433
Gaines	30,432	31,910
Garza	18,332	10,414
Hale	137,793	199,574
Hockley	164,247	174,067
Howard	28,226	6,297
Lamb	139,925	172,222
Lubbock	203,290	225,612
Lynn	136,766	90,057
Motley	11,264	6,068
Parmer	49,623	58,505
Swisher	28,873	44,046
Terry	73,448	93,447
Yoakum	18,280	26,815
<b>Totals</b>	<b>1,534,094</b>	<b>1,630,391</b>

### WHAT'S IN A WELL

"The use of man-made tritium to determine the content of well water is likely to prove valuable in predicting drought conditions," says Dr. William Libby, a member of the United States Atomic Energy Commission. Dr. Libby's statement was made at a recent United Nations conference in Paris, attended by over 1,000 scientists from twenty-one countries and devoted exclusively to the field of scientific research.

This kind of scientific knowledge in its practical application would provide effective help toward conservation efforts throughout the world.

Corporation profits before taxes have been declining. Where they amount to 13.1 percent of the national income in 1955, they dropped to 12.4 percent in 1957.

**chips**  
 1 tablespoon shortening  
 1 cup sour cream  
 1/4 teaspoon vanilla  
 Combine chocolate chips with shortening. Melt over very low heat. Cool slightly. Blend in sour cream, salt, and vanilla. Spread on two 9 inch round layers or on cupcakes.

**Chocolate Malt Icing**  
 1 cup chocolate malt powder  
 2 tablespoons milk  
 1/4 cup soft butter  
 3 cups sifted powdered sugar  
 1 teaspoon vanilla  
 Shaved chocolate  
 Combine malt powder and milk in small mixer bowl. Add butter, powdered sugar, and vanilla. Beat at medium speed until light and smooth. Add little more milk, if necessary, for spreading consistency. Spread on two 8-inch round layers. Stack and sprinkle with shaved chocolate.

**Butter Crunch Topping**  
 In heavy saucepan combine 1/2 cup butter and 1 cup firmly packed brown sugar. Stir over medium heat until sugar is dissolved. Remove from heat and add immediately 1/2 cup chopped English walnuts, 1/2 cup flaked coconut, and 2 cups ready-to-eat puffed rice cereal. Pour onto baking sheet to cool, breaking into crumbs with fork as mixture sets.

Spread your favorite cake with instant pudding. Sprinkle Butter Crunch generously over pudding. Keep Butter Crunch on hand for easy cake topping.

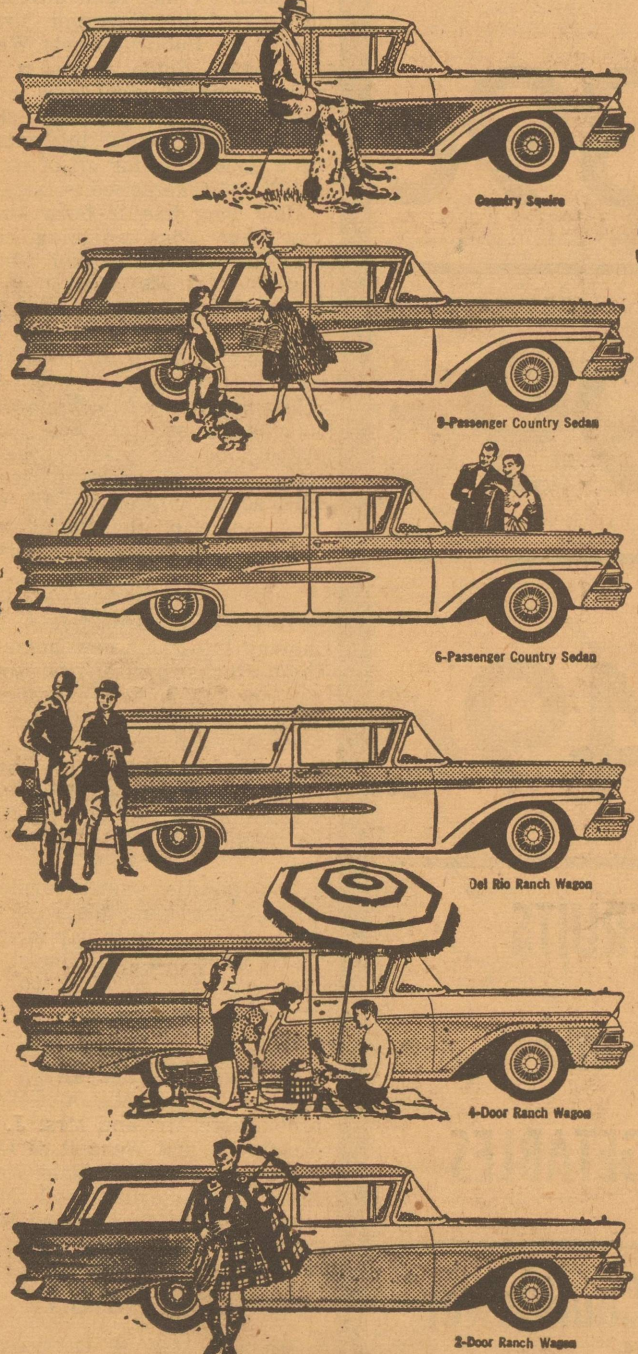

**Rocky Road Crunch**  
 1 cup vanilla wafer crumbs  
 1/3 cup firmly packed brown sugar  
 1/3 cup butter  
 1 package chocolate chips (6 ozs.)  
 1/3 cup chopped blanched almonds  
 Combine crumbs and sugar. Cut in butter until mixture is crumbly. Add chocolate chips and nuts. Sprinkle evenly over white or chocolate cake batter in two layer pans. Bake and cool layers. Then stack with whipped cream, ice cream, or cream cheese if desired.

**Peanut Butter Cream**  
 1/3 cup chunk style peanut butter  
 1/3 cup soft butter  
 1/3 cup firmly packed brown sugar  
 1/3 cup whipping cream  
 1 cup chopped peanuts  
 Beat peanut butter with butter, brown sugar, and whipping cream. Spread on 9 inch square cake. Sprinkle peanuts on top. Broil 3 minutes—watch carefully.

There are also a number of spread-on toppings that are very easy to make. If you want chocolate frosting, try this one.

**Chocolate Frosting**  
 1 package (12 ozs.) chocolate

**Meet the Six Savingest Wagons: under the sun!**

With new Interceptor V-8 power plus new Cruise-O-Matic Drive,\* you're in for some wonderful savings

Ford wagons will go like no other wagons you've ever known . . . and on less gasoline. Their new Interceptor, V-8's teamed with Cruise-O-Matic Drive can save up to 15% on gas. Ford offers the lowest-priced wagon of the low-price three, too. And just look at all you get: Smooth, new passenger-car ride . . . easy, new Magic-Circle steering . . . plus exciting, new high fashion styling. And beneath Ford's beauty there's a solid "Inner Ford" that's built for keeps . . . to keep your upkeep cost down, your trade-in value up. No wonder the majority of all wagons on the road are Fords.

\*Optional at extra cost  
 \*Based on comparison of manufacturers' suggested retail delivered prices

**PCICN**

This joke we lifted from Art Linkletter's new book, "Kids Say The Darndest Things." A small boy came home from his first day at Sunday School and began to empty his pockets of money—nickies, dimes and quarters—while his parents gaped in surprise. Finally his mother said, "Where did you get all that money?" "At Sunday School," replied the boy nonchalantly. "They have bowls of it."

# 1957 Grain Loans Exceed \$11 Million

Late-season estimates on the county grain sorghum production—figured to be something on the order of 14 million bushels—appear not to have been inflated.

Grain sorghum loans processed through the ASC office in Farwell have now topped \$11 million for the 1958 crop, and a few more loans are yet to be figured in before the February 28 deadline.

Prentice Mills, ASC office manager, says that "ninety-nine percent of the loans are in." He says he is anxious to compare the Farmer County statistics with those from other High Plains counties.

Mills appears confident that this county's loan total will exceed all others for 1958. This is in spite of the fact that some of the early crop moved out through normal channels of trade, too.

Mills believes that from 10 to 15 percent of the county milk crop was sold this year. This is down substantially from the heavy selling of last year, but is a bigger percentage than went to market in many other High Plains counties, which were more troubled with bad weather.

Parmer County has always ridden near the front in the grain loan statistics. Previously, Hale County has been beating out Parmer for the top rank in this department.

The closest the two counties ever came was in 1955 when only a half million dollars separated them. Hale was tops that year, but placed a considerably higher percentage of the total crop into the loan than the Plains, believes the water

authority.

Occasionally, we receive a compliment on the coverage that Farm and Home gives the agricultural news in Parmer County. We appreciate very much the generous comments that many of our friends have made.

It always gives a person a big boost of satisfaction concerning his work if he is occasionally complimented on the results of his efforts.

Every time we travel any distance from home, we return again convinced that the High Plains is the best place in the world to live and work.

Among the great natural resources that we always are bragging about, we should never overlook the greatest one of all: our people. They just aren't like the people of anywhere else we have ever been.

We should guard our reputation as a friendly and progressive people as jealously as we hold our soil and water resources. The human element is the irreplaceable ingredient in any region's makeup.

# Soybeans Tested By Plains Station

Tests were conducted at the High Plains Station of Texas Research Foundation in cooperation with Baker Castor Oil Company to determine the highest yielding varieties and nitrogen needs of castor beans in this area.

Twelve varieties of castor beans were planted June 8 in four-row plots on hundred feet long at the rate of ten pounds of seed per acre. There were four replications of each variety placed at random in the field so as to eliminate differences due to soil and watering variations. No fertilizer was applied prior to planting and 50 pounds of nitrogen per acre as anhydrous ammonia was sidedressed June 28.

Due to the rainfall during the spring of 1957, no preplant irrigation was applied. However, four post-plant irrigations were made making a total of 12 inches of applied water. There were 17.4 inches of rain during the period of April 1 to October 1 making a total of 29.4 inches of water which could be considered available to plant growth.

It appears that earlier planting and at least one additional irrigation would have appreciably increased the yield of all varieties.

Castor beans are considered to be heavy feeders on nitrogen. Therefore, a nitrogen test with four rates of nitrogen on each of the two varieties was conducted to determine the nitrogen needs of castor beans.

Other than differences in fertilization, these plots received the same treatment as did the variety test. The two varieties used were Baker 296 and Dawn with each receiving four rates of nitrogen as anhydrous ammonia. These rates were (1), no fertilizer; (2), fifty pounds N at planting; (3), one hundred pounds N at planting; and (4), 50 pounds N at planting with 50 pounds N sidedressed July 10.

Table 2 shows no significant increase in yield due to fertilizer applications. However, this test was on Pullman clay loam which had previously been dryland farmed and the available nitrogen may have been sufficient. Soils which have been heavily cropped under irrigation should show increased yield with the use of nitrogen.

Table 1. Behavior of twelve varieties of castor beans at the High Plains Station in 1957.

## NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Governor Price Daniel proclaimed February 16 to 22 Farm Bureau Week in Texas. Our local membership drive is the week following this, but we consider it an honor for our governor to give special recognition to this effort to strengthen what he referred to as the most powerful organization in Texas. It occurs to us that this is a distinct honor to the farm people of this great state.

The general rule is that farmers are considered the least unified group of people anywhere. Here is a case where the state's highest elected official refers to them as the best organized and unified group in the state. With the future of REA and farm to market roads at stake, we hope this strength will be increased by new membership that will assure victory over those who seek to destroy these hard-earned rural benefits.

Texas Farm Bureau President, J. Harrell West, of Bishop, Texas, was recently elected to the board of directors of the National Council. He is

the first Texas Farm Bureau official to serve in this capacity. He was also named to the board of the Cotton Council International. We consider these nominations marks of confidence in the membership's selection of leadership in the state.

Well, if you have bought eggs in the past that had to be broken in a separate dish before you had the nerve to put them into the skillet or your favorite recipe, we believe the new Texas Egg Law, which went into effect Tuesday will please you. Texas Farm Bureau was the chief supporter of this law, which had a lot of opposition in the last regular legislative session by those who liked to ship rejected eggs from other states, who all had egg laws, to our state. All eggs passing through retail stores will be graded, and you will know what you are getting.

We noted in the paper, Texas Agriculture, that the Farm Bureau at Lamesa had been successful in getting direct phone service from one exchange to the other. We wonder if this might be possible in Parmer County. It seems a little strange that country folks have to pay a toll to talk to a neighbor who happens to live in a different area than the caller, while us city folks can call them all toll free.

Consider this: He that covereth his sins shall not prosper:

Bartow, Fla., Polk County Democrat: "... 25,000 surgical operations are being performed in the United States every day in the year... and most of the surgery done today would have been declared impossible by even the best physicians 50 years ago... Few professions have made greater changes or achieved more beneficial progress than has the art of medicine."

# A Message to Farmers From Your County Farm Bureau

This is a time of great concern to the farmers of America, and also to the farmers of Parmer County. Although in the past ten years we have managed to attain one of the highest standards of living of any agricultural region in the nation, we are beset with problems of what the future will hold.

The problems which the farmers of today are facing are problems of the type that cannot be dealt with by individuals, no matter how hard they may try. Our problems are wrapped up in economics, in politics, and in world affairs. No one person or small group of persons can hope to cope with them. The time has come when farmers must unite and speak out together for what the majority believe is in the best interest of agriculture as a whole. This is a completely democratic process, and has proved very successful in practice in the many years that Farm Bureau has been the leading farm organization.

Parmer County Farm Bureau is only a small voice—but it is a voice that can and will be heard if we will make use of our

opportunity to express ourselves. Our county-wide membership drive is at hand. We need and seek the support and opinions of every thinking farmer in our area. Join with your neighbors this year to present a united front for the things you believe. Join your Parmer County Farm Bureau and participate in the activities of the farm organization that can and does get things done for the farmer.

You, as an individual, can have a very real part in shaping the destiny of agriculture as we know it if you add your voice to the millions of others who proudly display the Farm Bureau emblem.

Help yourself—help your neighbor—by getting in and staying in Farm Bureau. You will find that one of life's most rewarding experiences is participating in group effort... in employing the principles of democracy. You will help build a better, brighter future for yourself and your children when you take an interest in and help chart the course of our area's most important industry.

## Farm Bureau Accomplishments and Aims

### On the County Level

- Parmer County Farm Bureau inaugurated the program making natural gas available for multiple well use.
- Helped set up REA and RTA in the county, and sponsored enabling legislation.
- Parmer County Farm Bureau Weed Committee, for the past four years, has led in working with commissioners' courts, railroads, the state highway department, and others to control and eradicate noxious weeds on private and public lands. Negotiated with dealers to provide soil sterilants at reduced rates for use in the control program.
- Multiple Service Program for members at actual cost of administration: Gas Tax Refund service, Plains Cotton Cooperative Pool and Loan Service.
- \$5 of your dues stays in the county to support your local organization.

### On the State Level

- Texas Farm Bureau sponsored and helped pass legislation enabling farmers to receive 5 cents per gallon refund on road tax for non-highway used fuels.
- Texas Farm Bureau sponsored and helped pass legislation making possible Farm-to-Market Roads. Farmers are in danger of losing some funds set aside for these F-M roads. TFB is helping retain these funds for their intended purpose.
- Texas Farm Bureau is protecting our present REA system.
- Many other bills were sponsored and passed by your organization on the state level. Two full time men are employed

by Texas Farm Bureau to defend your interests according to your resolutions in Austin during every legislative session. No other farm organization has ever done this.

- \$4 of your dues go to Texas Farm Bureau.

### On the National Level

- American Farm Bureau has sponsored or favored every major piece of farm legislation put on the books in Washington since 1936.
- American Farm Bureau presently supports and urges increased acreage for cotton... believes support prices for grain sorghums should be comparable to those for corn, with deletion of corn acreage allotments... Commodity Credit Corporation should sell government stocks at no less than 110 percent of cost to avoid loss and dumping of surplus stocks which lower markets for farmers.
- American Farm Bureau believes farmers should have a REAL CHOICE in a marketing referendum.
- AFBF helped defeat many harmful programs (such as the Brannon Plan), which would have been disastrous to agriculture.
- AFBF secured price supports designed to eliminate disastrous seasonal price slumps.
- AFBF championed Public Law 480—for exchanging surpluses for foreign currencies.
- Your national Farm Bureau helped authorize funds for agricultural research and education.
- \$1 of your dues goes to American Farm Bureau Federation.

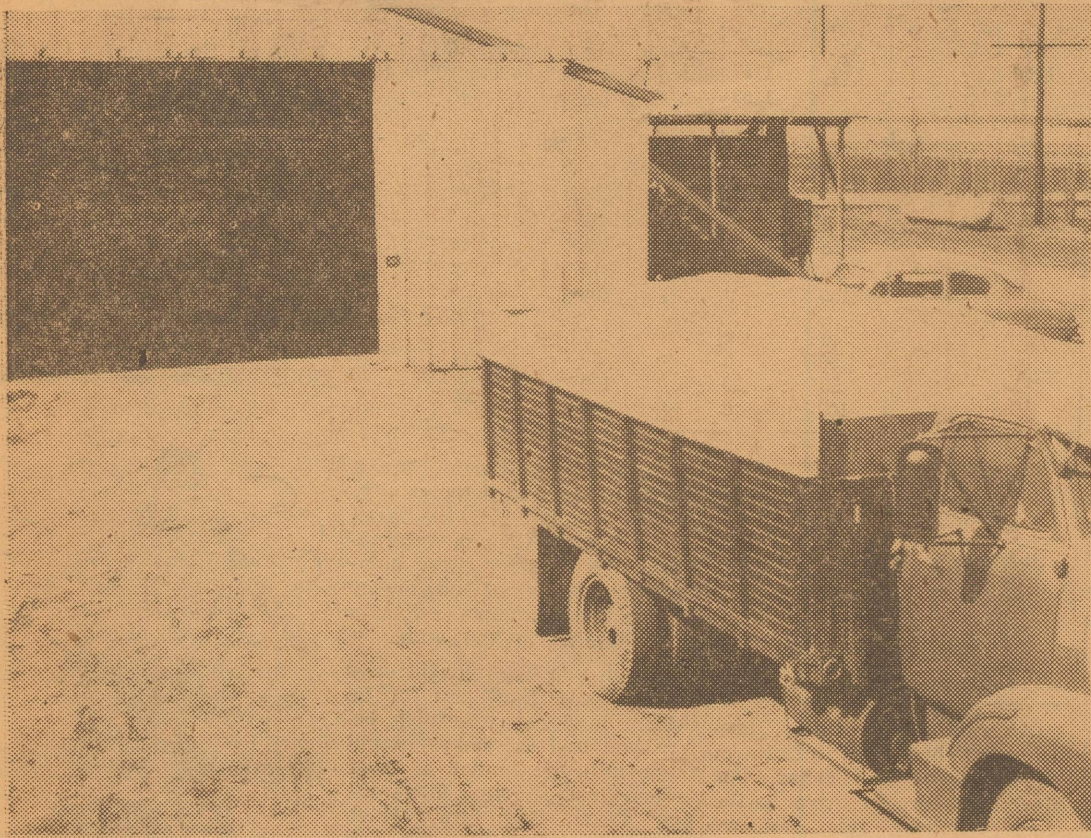

## What Still Needs To Be Done

- Improve national farm program
- Support economy in government
- Obtain adequate farm credit
- Get a fair share of the national income
- Expand domestic, foreign markets
- Get income in sound dollars
- Protect agricultural water rights
- Have less government control

Farm Bureau Is Working for Higher Net Increase with a Minimum of Controls

Join Your FARM BUREAU Next Week

Corn growers are still struggling to get their 1957 crop dry enough to qualify for the loan. Lloyd Thompson of Friona, whose plant is shown above, unexpectedly became a "custom dryer" this year. He is handling about 40,000 bushels of corn, reducing it from about 18 percent moisture content to about 13, at a cost of 10 cents a bushel. He dried 20,000 bushels for one man—Gene Boggess. The dryer, which is butane-fired, handles 400 bushels an hour.

## Corn Loan Program Extended to Feb. 28

Parmer County corn growers, who have registered great concern over the wet condition of much of their 1957 crop, will be some relieved to learn that the loan program for that commodity has been extended to February 28.

Prentice Mills, ASC office manager, announced this week that loans will be made on corn eligible for such a program, or purchase agreements will be signed with farmers who still can't get in under the February 28 deadline on account of high moisture or some other contingency.

"Producers are advised to contact the ASC office for further information, particularly if they are interested in a farm-stored loan," comments the manager.

He estimates this week that about 70 percent of the county-produced corn had been placed in the loan program (or purchase agreements made), to date, and of that amount, about 60 percent had been in the form of advance purchases.

Several businesses and individuals who purchased grain dryers this year have been surprised at the demand for such equipment, and they have been busy working not only on grain sorghum, but the biggest part of the corn crop as well.

Those who have done drying on a custom or commercial basis in the area include Friona Wheat Growers and Lloyd Thompson of Friona, Carl Schlenker of Rhea, and El Rancho in Clovis. The biggest part of the area corn that has

been made acceptable for the loan program has been artificially dried.

The Parmer County ASC committee has requested that the deadline be extended to March 31 to accommodate those who are still having trouble getting their corn to qualify for the loan, but it is unknown whether their request will have the desired effect.

February 28 is also the deadline for grain sorghum, but that time is considered sufficiently late for all growers even after a late harvest year.

### 4-H News

#### LAZBUDDIE JUNIOR 4-H Rowland Barnes, reporter

At the Bovina Auditorium Saturday night, February 8, awards were given to boys in the Junior 4-H club.

Receiving a special crops award was Gary Mac Brown. Pins were given to Brown, Hoppy Jennings, D. H. Foster, Craig Schumann, Loyd Bradshaw, Steve Young, Darrell Mason, Larry Morrell, and Rowland Barnes.

#### REAL COOL CHICK

Sinton, Tex.—When a friend gave Mrs. Laura Hollon a fryer in a paper bag, she put it in the refrigerator, then went downtown shopping.

Returning a couple of hours later, she took the sacked chicken out, assuming it was ready to prepare for the frying pan. At the kitchen sink, as she removed the fryer from the sack, its head moved and Mrs. Hollon saw its eyes wink. The unexpected had happened. The friend had given her a live chicken and it had survived two hours on ice!

No great man ever complains of lack of opportunity.—Emerson

## Cotton Prices To Rise

The U. S. Department of Agriculture last week announced it will support glucose prices of 1958 crop cotton at an average of about 81 percent of parity.

This means the price of middling 7/8 inch grade will be 30.75 cents a pound. This compares with 28.81 cents for the 1957 crop which was supported at 78 cents of parity.

Better grades will be supported at premiums and poorer ones at discounts from the base grade. The schedule of premiums and discounts will be announced later.

W. O. Fortenberry, president of the Plains Cotton Growers, Inc., explained that the USDA after announcing this support of the 1958 crop at 81 percent, has the privilege of raising the percent of support later this year, probably this summer, if the cotton situation at that time indicates a need for a higher support price. However, the USDA cannot lower the support percentage from the announced 81 percent.

A possible alternative for cotton producers this year may be offered if a proposed cotton bill, introduced by Senator James Eastland, (D. Miss.) is adopted and passed by Congress. Senator Eastland's bill calls for a referendum to the cotton farmer whereby he would be offered a choice between the announced 81 percent of parity on his crop, or a possible increase in acreage of approximately 25 percent to be supported at 75 percent of parity.

Few cotton observers feel this bill can be passed in time to be effective on the 1958 crop, since planting is already underway in the Rio Grande Valley.

## 50 in Farwell Local

Membership of the Farwell local of the Farmer's Union is now 50, officers announce. A meeting was held at the City Cafe Monday night to acquaint new members with Union policy. Fifteen new members were signed at the meeting, which was presided over by Frank Seale, president of the local. Speaker at the meeting was Clayton Graef of Lazbuddie, who is the county FU president.

Elmer Hargrove of the Farwell local and T. O. Lesly of the Lazbuddie local have been appointed delegates for the annual Farmer's Union bus trip to Washington. They left this week and will return March 2. Guy Austin, also of Farwell, was listed as a possible delegate.

A discussion of grain sorghum price legislation now pending in Washington was the main discussion of the evening. Resolutions adopted at the state convention were also reviewed. Recreation and publicity directors for the Farwell local were appointed also.

## Incentive Deadline April 30

All farmers who have sold or will sell wool or unshorn lambs during the 1957 marketing year for wool are reminded that the final date for making applications for incentive payment is April 30.

"This is very important to wool producers, and should not be overlooked," points out Prentice Mills, ASC office manager. The agricultural official be-

lieves that interest in wool production in the county is increasing. He estimates that about 50 percent more farmers will be keeping sheep this year than were tending herds just a year ago.

Mills also feels that those who already have been in the sheep business will be expanding operations.

"We already have more ap-

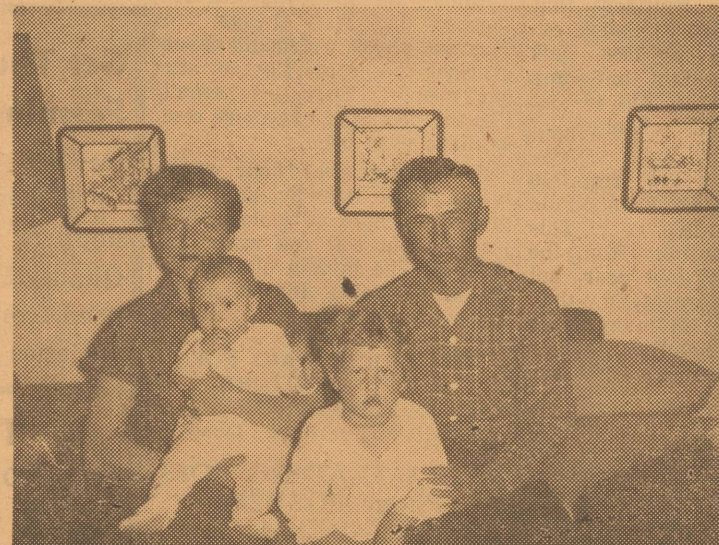

plications than in all of last year," he notes, "and, usually, we get most of our applications right at the last minute."

Good company in a journey makes the way to seem the shorter.

I don't think much of a man who is not wiser today than he was yesterday.—Lincoln

## The J. W. Gammon Family Of The Lazbuddie Community

### Parmer County Farm Family of the Month

Although only being married since 1952 J. W. and Letha Gammon have managed to build an elaborate home, complete to every detail, and are well on the way to raising a family which now consists of two young daughters, Sarah Lyce, age 3 and Cynthia Kay, 8 months.

Residing in the Lazbuddie community J. W. moved to this section of the state from Oklahoma with his family at the age of 5. His attractive wife was raised in Canyon. After their marriage they built the home they now live in 8 miles east of Hub in the Lazbuddie community.

A heavy user of electricity, Mr. Gammon and his wife have designed their home in such a way to make ready use of the cheap and easy source of power.

"I learned early about the uses of electricity," Mr. Gammon says. His fully equipped farm shop, complete with bench lathes, a welding set and other equipment is all powered by electricity. "I've always gotten good performance out of my electric powered machines and even have an electric lawn mower," Gammon says.

Mrs. Gammon is a strong believer in electricity as her modern, up-to-date kitchen is equipped with an electric range, deepfreeze, washer, dryer and the water system for the home depends upon "Willie Wirehand" for power.

Other farm equipment powered by electricity on the Gammon place includes a heat lamp for the pigs and an electric grain loader.

When the time comes for entertainment the young family gathers in the living room to watch television, again made possible through the medium of electricity.
