One night recently a call got us out of the "favorite" chair in our living room and we journeyed down to the local "crowbar hotel" to take pictures of some "jailbirds" which had located there.

As we arrived upon the scene it looked as if it were indeed a gala affair.

The office was crowded to overflowing with laughing youngsters, all members of the Friona FFA Chapter.

By this time we knew something was up and sure enough, it turned out the jailbirds were not quite the criminals we expected when we left the house.

A look inside the cell block was a different world. There, crammed into a cell were several neophyte FFA members. It seems the culprits inside the cell were being initiated into the local chapter of the FFA and this was the result of one of their scavenger hunt forays.

The boys had been instructed to "borrow" a hub cap off the local police patrol car.

Unbeknowing to them, RUSS RENTFROW, night patrolman, had been informed of the nefarious plot to make away with the hub cap.

As the boys looked suspiciously about they worked feverishly to get the hub cap off the auto.

But—before they could get the thing away, up walked Russ!

Caught in the act, the boys were herded into the car and whisked away to the calaboose.

Russ was all seriousness and as the boys were checked in down at the station house, things really took a serious turn—as far as the boys were concerned.

When asked if they had enough money to post bail, they replied they didn't.

"Well, guess we will just have to phone your folks and let them come down and post bail bond," the boys were told. The boys were worried by this time and violently disagreed that their parents should be informed of their plight.

So, off to "jail" they went. By this time the older upper-classmen were gathering outside holding their sides with laughter.

After a few minutes the boys inside began to catch on that it was all "part of their initiation."

We will remember our initiation in high school!

With duck hunting and goose hunting just on our thoughts began to wander along that line last week and were over in Plains Hardware talking to ELROY WILSON when the phone rang the other day.

We "wished" our way through a gun catalogue on the desk as Elroy took the call and glanced up when he finished.

Elroy was grinning and laughingly told us of his conversation on the phone.

"Some guy wanted to know if it was against the law to shoot geese with a rifle," Elroy related.

"I told him yes it was, even during hunting season, which doesn't begin until Saturday morning."

"Y'know, he wouldn't even tell me his name when I asked who it was I was talking to."

Oh well, guess there's going to always be that ten per cent.

LEONARD COFFEY called us the other night to tell us about a strange thing at his house.

Leonard's wife, Thelma, got up Sunday morning and as Leonard tells it—began trying to get him out of the sack.

Naturally I resisted, Leonard says, and after awhile she gave up and left the room.

A few seconds later I heard her hollering down the hall. She rushed back into the room and informed me there was a sparrow in the bathroom.

By this time I thought it was just another one of her schemes to get me out of the sack and ignored her.

But—in a few minutes to satisfy her I got up and went to the bathroom and sure enough—there WAS a sparrow there.

How it ever got in has worried us all day long—

Well, Leonard, stranger things have happened, but we admit had it been our "boss" telling us that story we would've been the same as you and guessed it to be one of her schemes to get us up on Sunday morning.

TRICK OR TREAT--A couple of "Mikes" get all prepared for Halloween as they don their costumes and get in the mood for a real evening of "spooking" around. The boys are Mike Wilson and Mike Pavalus, sons of Mr. and Mrs. Johnny Wilson and Mr. and Mrs. Mike Pavalus, respectively, of Friona.

Amendments Top Election Talk

For Parmer County voters, the highlight of Tuesday's off-year general election will be voting for or against nine proposed amendments to the state constitution.

The only other interest on the ballot is Republican Roy Whittenburg's opposition to incumbent Ralph Yarborough for U. S.

Senator's post. Across the state, Whittenburg is given little chance of victory. However, the fact he is from the Panhandle has caused a smattering of local interest.

Save the formality, other candidates were chosen in the Democratic Primaries in July and August.

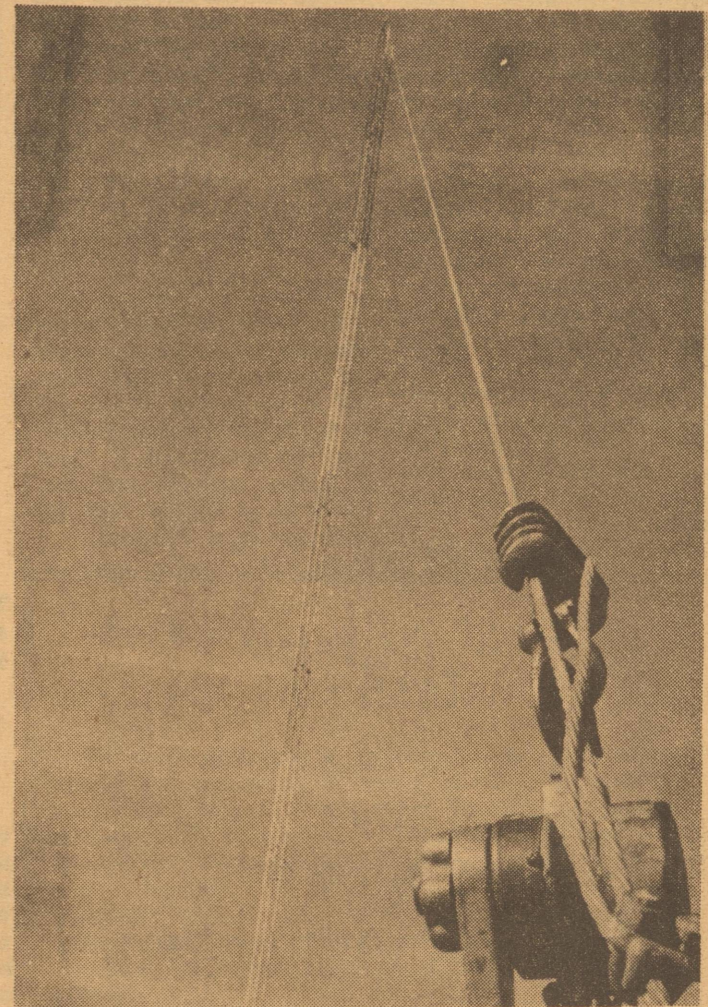

Polls in Parmer County's eight voting precincts will be open from 8 a. m. to 7 p. m.

Precincts, precinct chairmen, and sites of the polls are Black, John Benger, community building; Friona, Floyd Reeve, city hall; Bovina, Tom Rhodes, Legion Hall; Farwell, Albert Smith, courthouse; Lazbuddie, E. V. Crain, school; Oklahoma Lane, Harold Carpenter, Methodist Church; Rhea, Melvin Sachs, Parish Hall; and Lakeview, Otho Whitefield, Whitefield home.

In addition to the Whittenburg vs. Yarborough race, Edwin S. Mayer, Republican candidate is opposing Price Daniel for governor, Grover C. Carothers, Republican candidate, is running against John C. White for commissioner of agriculture, and Republican John Q. Adams has his name on the ballot opposite that of Robert W. Hamilton for Associate Justice of Supreme Court, Place No. 1.

Constitution party has nine names listed under its heading as candidates for various positions.

Chieftains Bow To Dimmitt 22-0

Friona's Chieftains couldn't get rolling Friday night and took a 22-0 licking at the hands of the Dimmitt Bobcats.

Playing one of their best defensive games of the season the Chiefs got all the breaks--against them--and with the game went all hope of a piece of the District IAA title this year.

Fumbles and an air-tight pass defense kept the Chiefs on the defensive most of the night as the stronger Bobcats did everything right.

A much closer game than the score indicated, the game was marked by vicious tackling and professional downfield blocking.

Beginning with an exchange of punts the Bobcats wound up with the ball on the Chiefs' 22 yard line following a beautiful punt return by Jimmy Curtis.

Punching their way two yards at a whack the Bobcats got their first break when an offside penalty moved the ball to 13. Two plays later Carlos Barnes connected with Curtis on a 10-yard pass for the first TD.

The Chiefs hard luck charm was working perfectly as on the second play following the kickoff a bobble sent the pigskin squirting along the ground and was recovered by the Bobcats.

The Chiefs held and forced Ministerial Alliance Names Officers

Rev. Fred Dean, pastor of the Union Congregational Church of Friona, was named chairman of the Friona Ministerial Alliance at their regular meeting last week.

Other officers named to serve with Rev. Dean for the coming year include Rev. Alvin Askins of the Assembly of God Church, vice-chairman; Charles Baldwin, educational director at the First Baptist Church, publicity chairman; Rev. Hugh Blaylock, pastor of the First Methodist Church, secretary and treasurer.

The try for yardage was unsuccessful and the Chiefs again took possession on their own 20.

The rest of the first quarter the teams exchanged punts with neither getting a drive going.

Going into the second quarter the ball exchanged hands a couple of times with the Chiefs losing possession on another fumble, this time on the Bobcat 24.

Jamming for short yardage through the Chieftain line and with third and four coming up the 'Cats called on Norman Nelson, a 153 pound senior who whipped through the Chieftain line, shook off two tacklers and raced down the sideline to the

LONG RIVALRY CONTINUES Chiefs, Steers Meet Friday

Farwell's high-riding, undefeated Steers will be the opponents of the Friona Chiefs Friday night at 8.

A non-district tilt will pit the high-scoring Steers, favorites and almost a clinch to win the District 3 A title, against the Chiefs who suffered two defeats and one tie this season.

The game, continuation of a rivalry which goes back for several years, is sure to be a sellout and will be played at Farwell.

Farwell is paced by Johnny Lovelace, a big 200 pounder at quarterback with a younger brother, Jerry, who is a freshman, running the fullback slot for the Steers.

A lightning quick team on offense, the Steers have averaged scoring 41 points per game this season and have racked up eight victories.

Bowling over the pre-season favorite, Anton, last Friday night 50-0, the Steers showed the power and ability to take to the air or score running whenever the need arises.

The Steers are sure to be

Chieftain one. Gary Goetz, junior end for Friona, was blocked out of the play initially but caught Nelson on the one.

The save was short-lived as the Cats scored on a lineplunge on the next play and the score was 14-0 at the half.

During the third quarter the Chiefs got moving a couple of times only to have the ball slip away at a crucial moment.

Going into the opening minutes of the last quarter the Chiefs stopped the Bobcats on the 11-yard line.

Jamming their way out on the third play the ball dropped loose and was claimed by a Bobcat lineman.

Youth Will Trick or Treat For CROP

Young people of the Assembly of God, First Baptist, Friona Methodist and Union Congregational churches have completed plans for a trick or treat party for CROP Sunday evening.

Donations of money will be accepted and will go toward buying food for hungry children overseas.

The party will begin at the basement of the Congregational Church at 5:30 p. m. and after the town has been canvassed, those taking part will return for a refreshment hour.

Young people of the Congregational Church will serve drinks and others are asked to bring sandwiches or cookies.

17 INDICTMENTS BY GRAND JURY

Parmer County grand jury, in a Monday session which lasted until about 11 p. m., returned 17 indictments.

Three cases were passed--no action taken--but none were no-billed.

A. C. Teter, former manager of Bovina Wheat Growers, Inc., was indicted on three counts--two of embezzlement and one of theft. His bonds were set at a total of \$4,000 which was the same as it was prior to the grand jury sessions.

Indictments were also returned against James Awbrey and Jackie Hyman for car theft, James Lewis for forgery, Roberta Eafon for forgery, Ben Cotton for forgery, Junior Parks for burglary on two counts, Benny Carr, William Cato and Roberta White for theft, Alfred Doshier and Elden Thatcher, burglary on three counts, and C. Elmer Altman for non-support.

Indictments were also returned against four individuals who have not yet been apprehended. Charges against them were fraud on two counts, swindle with worthless checks, forgery, and theft.

Some of the cases will possibly be tried in district court at Farwell this week. Grand Jurors were Clarence

Friona Band Wins Top Rating Tues.

Friona's Chieftain Marching Band came home with a top rating of Division 1 in the Inter-scholastic League's Fall Marching Contest held in Amarillo Stadium Tuesday night.

Competing this year in Class AA the Chieftains competed against bands from Canyon, Childress, Dalhart, Dimmitt, Perryton, Tulsa and Shamrock. During the afternoon, Friona

Church Group Plans Work Day

Plans were completed for a Work Day for Christ, which is being sponsored by members of the Pilgrim Fellowship of the Congregational Church. Anyone who is interested in having any kind of indoor work done Saturday of this week is asked to call 3211 or 2052.

All members of the organization will be available for baking, house cleaning, washing, ironing, baby sitting, or other household chores any time during the day.

Annual Dinner, Bazaar Slated

The annual election day dinner and bazaar will be held in the basement of the Congregational Church Tuesday. There will be a large assortment of handmade articles for home use or gifts for sale. The dinner menu will consist of baked ham, chicken, roast beef, dressing, vegetables, salad, and dessert.

Prices for tickets have been set at \$1.25 for adults and 50 cents for children under 12.

Student Council To Sponsor Trick 'r Treat

Members of Friona school system will participate in the annual "Trick or Treat" program Friday night in order to collect candy which will be given to the State School for Epileptics in Abilene.

Students will be competing in two divisions by home rooms, for prizes which will be awarded to the rooms according to the weight of candy which is brought in Monday.

Top prize of \$5, second prize of \$3 and third prize of \$2 will be awarded to the rooms which bring in the most candy.

Students are divided into two divisions, grades 1-4 will compete against each other and grades 5-8 will compete for duplicate prizes.

Prize money will be given by the student council.

twirlers Pam Roden, Sue Baxter and Mary Jane Grubbs competed in the twirling contest. This was held at Amarillo College.

Mary Jane Grubbs received a Division 2 rating and Pam Roden and Sue Baxter received Division 3 ratings.

"This was really good considering this was the first year these girls have twirled at all," says Dick Bentz, band director. "We were a tired, but happy bunch last night," Bentz says.

In addition to the Division 1 won by Friona, Dimmitt, Perryton and Tulsa bands also received the Division 1 rating in the Class AA competition. Canyon, Childress and Dalhart received Division 2 ratings and Shamrock received a Division 3 for their effort.

Members of the Chieftain Marching Band left Friona Tuesday afternoon and competed in the contest about 10 p. m. The band returned home about 1 a. m.

A total of 42 bands competed in the contest which took in the entire Panhandle Region.

The contest was divided into several categories: Class C, CC for junior high schools;

Class B, A, AA, AAA, and AAAA are the high school categories.

Of interest to residents of this area is the Hereford band who received a Division 3 rating in the Class AAA competition.

Judges for the contest included Pete Long, Ponca City High School, Okla.; Jim Jacobson, TCU of Fort Worth; and Charles Emmons, University of Missouri, Columbia, Mo.

Prior to marching, the band stood an inspection and received "very nice comments" from their judge, Bill Woods of Seagraves High School.

LaComa Gin Opens South Of Friona

Parmer County's newest member of the ginning business, LaComa Gin, is open for business this week, according to an announcement by the manager, Bill Boutwell.

Boutwell is no stranger to the Plains area of the state having spent a number of years in the cotton ginning business in Lamb County.

Prior to moving to Friona, Boutwell operated a gin near Raymondville, in the Rio Grande Valley of Texas.

"We are happy to be back here on the Plains," says Boutwell.

"We intend to offer top-quality ginning services here at LaComa and invite the local farmers to drop by for a visit."

The new gin is equipped with double Moss Lint cleaners and is located on the Muleshoe highway 14 miles south of Friona.

BILL BOUTWELL, LA COMA GIN MANAGER--Bill Boutwell, manager of the LaComa Gin south of Friona, picks a sample of the cotton which was the first to be ginned at the newly completed plant. Located south of Friona on the Muleshoe highway the gin is ready for business this week.

After a song session and the reading of a poem by Pearl McLean, gifts were presented by Jessie Gore. Mrs. Hilton, who has lived in Friona about 25 years, lived at Lockney before moving here with her husband, the late Arthur Hilton.

Mr. and Mrs. J. M. Watson returned Sunday afternoon after spending several days visiting in the homes of Mr. and Mrs. Dalton Teague at Canyon; Mr. and Mrs. R. L. Bates at Sunray; and Mr. and Mrs. Don Hunt at Pringle. They had been gone since Thursday.

Social Events of Interest

WMU OFFICERS—Mrs. Bill Stevens, president; Mrs. Leonard Coffey, second vice-president; and Mrs. O. B. Moyer, first vice-president, will lead the local WMU organization the coming year.

Mrs. Bill Stevens Heads Local WMU

In formal installation services, conducted by Mrs. Mae Magness, Mrs. Bill Stevens was installed president of the WMU of First Baptist Church. The installation service was held at the church Thursday evening after a progressive supper.

The first course of tomato juice and salad was served at

the home of Mrs. Spencer Hough. The main course of chicken, dressing, and cranberry relish was served at the home of Mrs. Clyde Sherrieb. Then the group went to the C. W. Dixon home for dessert of pie and coffee.

For her theme Mrs. Magness used a black circle to depict the world and as officers were installed each one

turned on a light in the circle. The lights were in the form of a cross and the caption, "The only light Jesus has is the one we make for him" was used.

Other officers installed to assist Mrs. Stevens were Mrs. O. B. Moyer, first vice-president; Mrs. Leonard Coffey, second vice-president; Mrs. H. A. Hyde, Mrs. W. S. Crow, Mrs. Joe Talley, Mrs. R. J. Renner, Jr., and Mrs. H. T. Magness, circle chairmen; YWA leader, Mrs. Charles Baldwin; GA director, Mrs. Johnny Mars; Sunbeam director, Mrs. T. A. Sherley;

Also the following standing committee chairmen: Mrs. L. A. Sartain, community missions; Mrs. C. W. Dixon, mission study; Mrs. Clyde Sherrieb, social; Mrs. Clyde Scarborough, prayer; Mrs. Elmer Euler, stewardship; and Mrs. Bill Sheehan, reporter.

Nighttime, daytime, all around the clock — this Electronic Secretary sees that you never miss a phone call when you're away from your office.

Automatically, it promptly answers every call with a courteous recorded voice — advises the callers that you're not available at present — asks them to speak the message which will be recorded. It's as simple as that!

All you do is play back the messages when you return. In fact, with a remote call-back attachment you can phone your own office and hear the playback of messages wherever you are.

Wonderful, isn't it? And most wonderful of all, you can have this dependable service, free of human errors, at a surprisingly low cost. For full details, phone our Business Office.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

A THOUGHT FOR THE WEEK

YIELD

"Know ye not, that to whom ye yield yourselves servants to obey his servants ye are to whom ye obey whether of sin unto death or of obedience unto righteousness." Romans 6:16. Everything yields to the voice of God but man. God said to the trees and all that grows "Bear fruit after its kind" and they obeyed.

The clouds yield the rain and the earth yields its strength to all living. The trees and plants of the field yielded fruit as God commanded. Paul said in Romans 12:1, "Present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service." The Lord said to Jeremiah, "Go down to the potter's house and there I will cause you to hear my words." God said, "Oh house of Israel cannot I do with you as the potter?" "Behold as the clay is in the potter's hand, so are ye in my hand." God uses us as we yield to him and he molds our lives as we yield to him in the hands of the potter.

In II Peter 1:4 we read, "Whereby are given unto us exceeding great and precious promises that by these ye might be partakers of the divine nature." Do we yield our lives to Christ?

PTA to Purchase Bleachers

Members of Lazbuddie PTA voted Monday night to erect 215 steel bleachers at the football field. Plans call for the bleachers to be installed in time for the last two home games.

Another project adopted by the organization is purchasing two sewing machines for home economics classes and paving the walk leading to the home ec cottage.

Announcement was made that merchants of the trade territory had contributed money to sponsor a young woman of the community as Mrs. Lazbuddie. She will be selected Thursday night when the school selects its king and queen.

Program was presented by

the high school chorus directed by Mr. Byers. Mrs. Eggers' fourth grade won the room count.

Mrs. Theron Vaughan entered the West Texas Hospital in Lubbock Sunday in preparation for surgery, Monday morning. Mrs. Riley Goodough is working at the Lazbuddie store while Mrs. Vaughan is unable to work.

Mrs. G. K. Bullock from Lubbock is visiting this week with her son, the Wyle Bullocks.

Mrs. Ann Pyritz was surprised recently on her birthday when Mrs. Demp Foster, Mrs. John McGehee and Mrs. Ed Steinbock, carrying a cake and gifts visited her.

J. W. Gammon and Pete White are in Colorado this week deer hunting. Mrs. Gammon and the girls are in Canyon with her mother, Mrs. G. W. Harwood, while J. W. is gone.

Mr. and Mrs. Tony Ivy and family from Bovina visited Sunday with the Wesley Barnes family. The women are sisters. Mr. and Mrs. D. A. Tartar

and Mr. and Mrs. Alton Morris and family visited in Brownfield Sunday with their daughter and sister, Mr. and Mrs. Dewey Clark and family.

Mr. and Mrs. Barney Floyd were in Memphis Sunday with her mother, Mrs. Martha Howard, and other relatives. On Monday, Mrs. Floyd's sisters, Mrs. Worth Howard and Mrs. Ott Misenheimer from Memphis, spent the day with her.

Mr. and Mrs. Homer Mangrum from Anaheim, Calif., former residents of the community, have been on vacation the past two weeks, and visited here and with relatives in Muleshoe. They also visited in Lubbock and parts of Arkansas.

Mr. and Mrs. Walter Edwards returned home last week from a hunting trip to Williams Creek, Colo. They were called home due to the death of a friend and they attended funeral services in Seymour Friday for Mr. Buckhand who was a resident of Artesia, N. M.

Sunday dinner guests in the home of Mr. and Mrs. E. T. Ford and children were Mr. and Mrs. Howard Cash from Tulsa, Mr. and Mrs. Joe Dement of Clovis, Mr. and Mrs. V. H. Bewley and Johnny Bagley.

Miss Jimmie Carpenter returned to her school at Vega, Sunday. She had spent almost a week in West Plains Hospital with pneumonia.

Enjoying a barbecue chicken supper Saturday in the Glen Scott home were Mr. and Mrs. Alfred Scott, Mr. and Mrs. Hubert Elliott and family, Mr. and Mrs. Leonard Elliott and family, Mr. and Mrs. Glen Stiles, Mr. and Mrs. Jack Smith, Beverly and J. Finley and Mr. and Mrs. Otto Weyer, Malcolm and Andy, from Dimmitt. After supper the group enjoyed movies made recently at the Alfred Scotts' wedding anniversary celebration.

Mr. and Mrs. Bobby Donaldson from Clovis and Mr. and Mrs. Bill Stigaulde from Muleshoe spent Sunday with their parents, the Bill Lancasters.

Mr. and Mrs. Leon Smith and family and Mr. and Mrs. T. O. Lesly and girls recently spent a day sightseeing at Palo Duro Canyon.

Sunday visitors with the T. O. Lesly family were Mr. and Mrs. Chester Conner from Lubbock, Mr. and Mrs. Wilmer Comer, Mr. and Mrs. P. D. Barron and Mr. and Mrs. Rouel Barron.

The R. L. Forrester home was quite a busy one over the weekend with visitors helping Mr. Forrester celebrate his birthday. Saturday supper guests were Mr. and Mrs. John P. Walter and Kenny from Lubbock, Mr. and Mrs. John R. Crabtree and Pamela, Reggie, Ronnie and Karen Crabtree, all from Levelland, Mr. and Mrs. Elvin Becker and Ronnie from Slaton and Mr. and Mrs. Gene Forrester, David, Darlene and Paul. Some of these were overnight guests and joining the group Sunday were Mr. and Mrs. W. R. Crabtree from Levelland and Mr. and Mrs. Red Horne from Soudown.

Joe Scott Menefee arrived Saturday from Corpus Christi to visit his mother and other relatives and to attend to business. He expects to be here about 10 days.

Mr. and Mrs. Purl Tippie, accompanied by the Bill Tipples from Hobbs, N. M., spent the weekend at Whitesboro with the J. W. Tippie family.

Another group of hunters at Pagosa Springs included Buck and Weldon Crim, accompanied by a brother-in-law from Clovis. While they were gone, Mrs. Buck Crim and Doyle visited in Amarillo over the weekend with her brother-in-law and sister, the Lowell Thompsons.

Mr. and Mrs. Ted Treider and boys were in Abilene over the weekend where they attended homecoming at Hardin-Simmons. They were accompanied by her sister, Marie Haught from Pampa. When they returned Sunday evening, their mother, Mrs. J. L. Altum came with them to help out with her grandsons while Mrs. Treider had her tonsils removed Monday morning.

Mr. and Mrs. Rhiney Steinbock left Sunday for Wichita Falls to return their granddaughter, Sheila Kyle, to her home. Sheila had been visiting here for several weeks.

Mr. and Mrs. C. K. Roberts from Lubbock visited Monday with Mrs. W. S. Menefee. He is a former pastor of Lazbuddie Baptist Church.

Mr. and Mrs. Gene Smith and Mr. and Mrs. Lois Fletcher are deer hunting in Colorado this week. They are stationed at Pagosa Springs and several more hunting groups are there from here also. Dan Smith, Andy Fuqua and Bill Brown are hunting together. Another group is Bob, Lee and Sig Kimbrough and John Crowe. Mr. and Mrs. John Littlefield and Mr. and Mrs. Raymond Houston left Tuesday morning for Pagosa Springs where they will spend the rest of the week hunting.

Visitors Sunday in the Howard W. Carpenter home were Mr. and Mrs. Neil Ross from Lubbock, Mr. and Mrs. John Blomsheld and children from Clovis and Mrs. B. E. Johnson and Nancy from Lubbock.

Mrs. Ben Foster was guest of honor Sunday at the home of Mr. and Mrs. Dean Hurd and family in Muleshoe, on her birthday. Others enjoying the celebration were her husband and Shan Foster, and Mr. and Mrs. Demp Foster and boys. Mrs. C. C. Graef was treated at the Clovis hospital Monday

morning but was not retained as a patient. She fainted Monday morning while working at her cafe, hitting the stove and causing possible damage to her teeth.

Mr. and Mrs. J. B. Wright went to Frederick, Okla., Friday to attend funeral services for Lloyd Thomas. Thomas was a long time friend of the family. The Wrights returned Saturday.

Sunday visitors in the C. M. Splawn home were Mr. and Mrs. Woodie Splawn from Whiteface, Mr. and Mrs. Glen Splawn of Muleshoe, Mr. and Mrs. Bill Collins of Clovis and Mr. and Mrs. Jackie Brown and girls.

Mrs. Claude Watkins, Mrs. W. G. Harlan and Lee Ann, Mrs. Bob Jones and Johnny and Mrs. R. L. Jones of Muleshoe visited in Lubbock last Friday with the Sikie Watkins family.

Mr. and Mrs. Wyle Bullock attended a Farmers Union banquet in Crosbyton last Thursday evening where Sen. Ralph Yarborough was the principal speaker.

Mrs. Shanks Ivy spent the weekend at Tipton, Okla., with her parents. She was accompanied by a brother from Pecos.

Mrs. Ruth Long from Hereford visited Thursday with her mother, Mrs. W. S. Menefee. In the afternoon the ladies returned home from Muleshoe, stopped at the garage, and heard a peculiar sound. Mrs. Menefee thought it was just the dry leaves blowing against something, but Mrs. Long decided it must be a tire "going down." When the ladies got out they saw a rattlesnake right by the car. They managed to kill it, but Mrs. Menefee says that now every time she steps out of the house, she "stops looks and listens."

Money doesn't talk today. It just goes without saying.

Moved

Mr. and Mrs. Charlie Phipps have moved into Mrs. Bertha Hurst's house at 808 Prospect.

CLUB MEMBERS EXCHANGE IDEAS

The feature of the Monday evening meeting of the Rhea Home Demonstration Club in the home of Mrs. Shirley Smith was an exchange of ideas for Christmas gifts. Plans were completed for the annual Halloween party in the barn on the Ray Martensen farm Saturday evening.

Refreshments of hot spiced tea, cookies and Halloween candy were served by the hostesses to Martha Schueler, Malinda Schlenker, Helen Potts, Emma Schueler, Dorothy Bauer, Sarah Dean, Velma Schlenker, and Eleanor Garber, who are

members of the club; Also, Cecelia Schueler and Lorraine Estep, who were visitors. The meeting was adjourned after a game session.

Weekend guests in the Willie Wall home were Mr. and Mrs. Norman Miller and children of Corpus Christi, Mr. and Mrs. Raymond Waldrop and Joan Sullivan of Clarendon, and Mr. and Mrs. Alton Kunkel and children of Dumas.

LUTHERAN CHURCH HOSTS ZONE MEETING

Men of the Rhea Lutheran Church were hosts to the zone meeting of the Lutheran Layman's League Sunday evening at the church. The program was opened by Rev. Stroebel, pastor. The welcome address was given by Florian Jarecki.

A panel discussion "Know Your Senate" was followed by discussions as follows: Melvin Sachs, missions; Elmer Ranza from the Trinity Church at Berger, educational agencies; Jay Thomas of the Zion Church at Pampa, stewardship of finance. The closing vesper were directed by Rev. Szegedin Sr. of Hereford. An evening meal was served to approximately 40 men from Amarillo, Canyon, Hereford, Pampa, Dumas, Berger and Lariat.

Mr. and Mrs. Walter Schueler and children attended the wedding of Mrs. Schueler's cousin, Miss Nella Mae Woolover of Littlefield, Friday of last week. Vicki was the flower girl and Wayne Allen served as ring bearer.

Residents of this community are very sorry to learn that Uncle Billy Alderson is very ill in the Parmer County Community Hospital in Friona.

OUT OF STATE GUESTS

Mr. and Mrs. Willard E. Schlenker of Lomita, Calif., are guests in the home of Mrs. Floyd Schlenker this week. Mrs. Willard Schlenker is Mrs. Floyd Schlenker's sister. Sunday guests in the Schlenker home were Mr. and Mrs. Elmo Dean, Gladys and Lindy, Mr. and Mrs. Carl Schlenker and children, and Mr. and Mrs. Cordie Potts and children, Marilyn and Jay.

Spooks and goblins were on the rampage Saturday night in the Ray Martensen barn. A large number of residents of the community gathered for the annual home demonstration club-sponsored Halloween party. After an evening of games, refreshments of popcorn balls, spiced tea, apples, and suckers were served.

Sunday guests in the home of Mr. and Mrs. Franklin Bauer and children were Mr. and Mrs. Irvin Bauer and Janelle from Happy, Mr. and Mrs. Leroy Bauer, Ricky and Sheryl from Canyon, and Joe Dean Harrelson of Friona.

Mr. and Mrs. Walter Schueler and family spent Sunday at Idalou, where they helped Mrs. Schueler's grandmother, Mrs. J. B. Mitchell, celebrate her 78th birthday.

Women from the Rhea Lutheran Ladies Aid attending the Missionary League Rally at Berger Thursday were Mesdames Ray Martensen, Herbert Schueler, Herman Schueler, Ruth Drager, and Walter Schueler.

Auto Total Loss In Wreck

One car was reported to be a total loss and slight damages were reported to three other vehicles in two collisions in the Friona area during the past week.

A 1953 Ford, driven by 15-year-old Mauro Nino, was a total loss following a collision Thursday night and the five passengers in the auto escaped without serious injury when the auto turned into a trailer truck.

This accident, which occurred at the entrance to the Elk Drive-in west of Friona about 7:30 Thursday night, could have resulted in several deaths had the truck overturned, according to investigating officers.

Miraculously keeping the vehicle, a loaded cattle truck belonging to the Stevens Truck Lines of Amarillo, headed down the barrow ditch, the driver fought the truck to a standstill with the Ford trapped beneath the trailer.

The accident happened when Nino turned into the drive-in at the same time the truck was

passing him. The light Ford was caught under the truck and was dragged for some distance down the highway.

No one in the car was injured.

Nino was charged with an illegal left turn.

The other wreck was a minor crash that occurred as John Frederick Williams, 57, driving a 1957 Buick, pulled from the curb from a parked position in front of Maurer Machinery on Main Street.

Wayne Jones, 19, of Friona was traveling south on Main in a '58 Chevrolet and struck Williams' auto.

Slight damage was done to both vehicles, but neither occupant was injured.

Judy Ann and Vicky Joe Cox of Hereford are spending this week visiting in the home of Mr. and Mrs. Waymon Wilkins and children. Their parents are Mr. and Mrs. Jimmy Cox of Hereford.

Lockney Man Fined For DWI

A Lockney man was convicted on a driving-while-intoxicated charge in Parmer County Court Monday morning.

Jesse Orville Roberson was arrested by Sheriff Chas. Lovelace in Farwell Sunday afternoon. He was fined \$100 and court costs by Judge A. D. Smith.

A DWI conviction carries with it an automatic six months' suspension of driver's license.

Friona Lions To Hold Ladies Night

Friona Lions voted to hold their annual Ladies Night meeting and dinner during the first week in December at their regular meeting last Thursday night.

The exact date will depend on which night the school cafe-

RENNER RETURNS

Rudolph Renner Sr., who has been a patient at the Deaf Smith County Hospital in Hereford several weeks, returned to his home here Friday afternoon. Renner was injured in a combine accident and will have to go in a wheel chair several more weeks.

teria is free. Members will be advised at a later date.

A special program for this event is planned, according to Wesley Foster, program chairman.

All Lions are urged to keep the Ladies Night affair in mind and plan to attend.

Dr. Lee Spring entertained the Lions at Thursday night's meeting with a program of colored slides which he took during his visit to the World's Fair in Brussels, Belgium, this past summer.

"Why Call Ye Me, Lord . . . ?"

A lord is one who has power or authority; one who is a master or ruler. In every field there is a master. In religious matters Jesus is the Lord. Did he not say, "All authority in heaven and on earth is mine . . ." (Matthew 28:18)? We recognize his superiority and worship him as the Lord when we do what he wants us to do and leave off that which does not please him.

Jesus put the teaching into a parable. He said that everyone who heard and did his words was like a wise man who built his house on a solid foundation. When the elements beat on the house it did not fall because it was well-built. The man, however, who hears the words but does not do them is like a man who builds a house on the earth and when the stream brakes against it it falls.

To those that he had taught so diligently and who had refused to govern their lives by his teachings, he said, "And why call ye me, Lord, Lord, and do not the things that I say?" This showed them their hypocrisy. Their religion was a sham and a farce. They wanted to be associated with the Lord but did not choose to do what he wanted them to do.

CLEAN THE SHOTGUN Duck Season Opens Saturday

Thirty minutes before the sun rises Saturday morning, the season will officially open for the hunting of duck and geese in the Friona area and across the state.

This moment, which has been long awaited for many hunters, will probably be noticed by the ringing of shotgun blasts across the many play lakes which dot the Plains area.

Licenses are required for hunters who plan to do their shooting out of their home counties and all hunters going after ducks and geese are required to have a duck stamp.

Licenses are on sale at the Plains Hardware Company in Friona for \$3.15 each. Duck stamps may be purchased at any post office for \$2 each.

Although the regular season opens Saturday morning and continues through January 14 the season on some fowl will not open until November 16 for particular species.

Limit for ducks in this state are as follows:
Daily bag limit on ducks is

five of all kinds provided that in this limit there will be no more than one wood duck, one hooded merganser and no more than two canvasbacks or two redheads or one canvasback and one redhead.

Any person may possess not more than 10 ducks in the aggregate of all kinds, including not more than one wood duck, not more than one hooded merganser, and not more than four canvasbacks or four redheads or four in the aggregate of both canvasbacks and redheads.

Geese limits are defined in the game laws as follows:
The daily bag limit on geese and brant is five, provided such limit shall not contain more than two Canada geese or its subspecies, or one Canada goose and one white fronted goose. Possession limit is one day's kill.

November 16 the season will open on white fronted geese and Canada geese with the shooting hours of one half hour before sunrise to sunset the same as for ducks.

WITH JUNE

The Friona Chiefs supporters are still loyal in spite of the fact that the boys didn't win the ball game Friday night. Most everyone who mentions the game says that the boys played a good game and are to be commended for doing a good job and being good sports.

Just in case you haven't noticed the beauty in the trees around over town, this is a reminder that now is a good time to walk or drive around and observe the beautiful coloring in many yards. Some of the trees in front of the auditorium are turning various shades of yellow and gold. Then some others are still green making a beautiful sight.

Others that we have noticed are in the Karl Bender yard just across the street north of the postoffice. The fall flowers are also beautiful right now. By the time this is printed all of the flowers may be frost bitten. If they are not, everyone should take time to drive around and look before frost does kill them.

There may be some Friona residents who doubt that results can be obtained by using the classifieds in the Star, but we feel sure that we have one little girl, who isn't even large enough to read them yet, that is sold on them.

Early last week Fran Dodd's little dog disappeared and she was very much upset. Of course, she was most anxious to get him back. After looking for him in the neighborhood, her daddy ran an ad in the Star. Fran got her dog back in a few days and is very happy about it. We're happy too.

The first meeting of the Friona PTA was well attended by the teachers and a goodly number of parents were present. However, due to a lack of publicity the crowd probably wasn't as large as it would have been had more parents been informed that a meeting was being held.

Meetings have been planned for the third Thursday in each month during the school year except December. Those of

you who have trouble finding time to attend all the meetings you would like to attend, might like to make a note of this in your diary or calendar. Since the meetings have been scheduled for 4 in the afternoon, most everyone who is interested should be able to work them in.

Interesting and informative programs have been planned and each parent who attends is sure to be benefitted.

A strange sight in town these days is to see a cross country bus drive through. We had just about decided to petition the City Council

to remove the "Reserved for Buses" sign in front of the bank so that others could use the parking space.

A letter came in the morning mail that was addressed Glenn Floyd, Farmer, Texas. It was postmarked Amarillo Saturday and put in the box at the post office Sunday. Apparently it wasn't too hard for some postal clerk to determine that it was meant for Friona.

A note from Mrs. George Brock says that she and Mr. Brock plan to stay in Utah for some time yet. Their daughter, Sandra Roots, has been ill but is making satisfactory progress now. Sandra's husband is doing missionary work in a small town near Salt Lake City.

In the past we have had a

number of calls for a bound receipt book with a large number of receipts in them. Last week we were able to secure such a receipt book. It is the Rediform receipt book and sells for \$1.20.

Each book contains 200 numbered receipts.

We have also added a new line of white bond paper. It comes 500 sheets in a box and is a fine quality water-marked paper. Anyone interested in purchasing a box of this high quality white paper for \$2.40 should stop at the Star office at your earliest convenience.

For a few days it seemed if something had come along to take the place of the hula hoop. Just about every youngster in town as well as some of the grown ups were seen playing with a wooden gadget to which a wooden ball was

attached. The object of the game was to throw the ball up and then catch it in a cup on the end of the wooden gadget.

These playthings were given as favors at the showing of the new Chevrolet at Reeve Chevrolet Company. The Floyd family spent one enjoyable evening trying out the skill of the thing. As it passed from one member of the family to another, it seemed that the mother always had to make more tries than anyone else.

Children are a great deal more apt to follow your lead than the way you point.

FAIRCHILD PLAYS IN FRESHMAN GAME

Friona's Weldon Fairchild will be on the West Texas State Calf team when they collide with the Texas Tech freshmen in Jones Stadium at Lubbock at 1 p. m. Saturday.

Admission to the game, a benefit for the National Football Hall of Fame, is \$1 for adults, and 50 cents for others.

Players on each team will include a lot of the last year's stars from South Plains and Panhandle high schools; Another Farmer County man who will play with the West Texas Calves is Farwell's Tom Lovelace.

Troop 226 met at the club house Saturday morning and went to Palo Duro Canyon for a day of nature study. Leaders making the trip were Mesdames Meryle Massie, W. L. Long, H. C. Wells, and Estis Bass. Senior Scouts who went were Sally Hough, Donna Fields and Su Zan Harper.

Each person going took a sack lunch and spent the day observing rocks, trees, birds and flowers. Members of the troop who went were Betty Ann Bass, Dixie Lynn Chitwood, Janice Cunningham, Linda Davis, Miranda Drennan, Donna Fulks, Colleen Harper, Anette Jennings, Barbara Lloyd, and Sheryl Long; Also, Natalie Marruffo, Merylene Massie, Kay McBroom, Pamela Moorman, Karen Osborn, Linda Rector, Jeannie Taylor, Jan Wells, and Sherri Woodley.

Troop No. 358 met Monday afternoon with 30 members present. We were happy to have Linda Stone as a new member. Mrs. Roy E. Foster and Susan visited with us. Roll call was answered with the name of a tree.

The troop continued its work with spatter prints and nature study. They also played games. Refreshments were served by Alvena Marruffo, Kathryn Garth, Jolynda Stokes and Katie Foster.

Brownie Troop No. 358: Twenty-eight Brownie scouts and their leaders met Monday afternoon. The history of the flag of the United States was discussed and then the flag ceremony was performed. This was our first flag ceremony for this year.

Shirley Stokes was flag bearer, Margie Stewart and Alvena Marruffo were the color guards. Jolynda Stokes directed the ceremony. The flag was saluted, the pledge of allegiance was given then the Brownie scout promise was repeated. America was then sung. Refreshments were served

Local Merchants Attend Markets

Friona merchants who are attending the showing of spring merchandise in Dallas this week are Mr. and Mrs. Jesse Sinclair of Ware's; Mr. and Mrs. Wesley Foster of Foster's; Mr. and Mrs. Andy Hurst Jr. of Hurst's; and Mrs. Nora Welch of LuNora's.

Mr. and Mrs. Jim Ware of Kerrville are substituting for the Sinclairs while they are away. The Sinclairs flew from Amarillo Sunday morning and plan to return today (Thursday).

by Linda O'Brian, Kathy Renner, Becky Lou Coffey, and Shirley Stokes. Mrs. Leonard Coffey, Mrs. Ancel Renner, Amy Sue and David, and Raymond Cook were visitors.

The troop was dismissed with the singing of "Taps."

Mrs. Foster went Saturday with her daughter, Mrs. Ed Lovick of Dallas.

The Hursts and Wesley Foster drove down Sunday. Mrs. Welch spent several days last week visiting in the home of her son, Louie Welch, and his family at Houston, then came back to Dallas.

Mr. and Mrs. Newman Jarrell Jr. of Jarrell's 5 & 10 attended market at Lubbock over the weekend and returned to Friona late Sunday.

Mrs. Nannie McAdams spent last week visiting with her son, James Dale Temple, and his family at Plainview. Then she went to Amarillo to spend a few days visiting relatives there.

CHIEFS DOWNED

Taking over on the 13 Dim-
mitt crunched over the goal
five plays later to lead 20-0.
The ball was stolen from Gary
Brooks on the kickoff and once
again the Bobcats had the ball
in Friona territory.
Pushing their way down to the
10 the Chiefs stiffened and held
off the score.

The Chiefs took possession on
the 10-yard line and immedi-
ately got two 15-yard penalties
in succession which moved the
ball back to the one-foot line.
From this point Jim Clem-
ents attempted to punt out and
the try was blocked. The Bob-
cats got a safety and led 22-0.

The Chiefs ran four pass at-
tempts from this point and as
the ball went back to the Cats
the gun sounded ending the
game.

Four plays later the ball went
over on downs.

Is Oblivion The Answer

We hear a lot of talk, or rather read a lot about the dangers of "creeping Socialism" in the United States today.

Really we changed from "talk" to "read" above, because to tell you the truth we wonder if most folks are even aware of this effect--we don't hear too much talk along this line as such.

But--before we get to wandering around on our thoughts on this train of thought perhaps we should define our picture of Socialism.

Our definition is one which has stuck with us a long time--we first heard it in a high school history class sometime in the past.

Our teacher had this to say about the definition of this particular "ism."

"Socialism is like this.

"A man had twelve sons. At the end of every month they pooled their earnings and split them 12 ways. This way they were all equal.

"But--four of the sons were good workers and made the best of their opportunities. Pretty soon they were earning, each in their own right, more than the other eight put together.

"Before long they squawked about having to divide their earnings with their brothers who by this time had 'wisened' up and were loafing on the job.

"Therefore four were doing all the work, and at the end of the month were paying the bills for all 12.

Perhaps this is a crude way to define a word, but this is still what we think of when someone mentions the word socialism.

Personally, we have always had the great-

est respect for a man, or woman, who gets out and works.

And, we have always had the greatest contempt for the so-called freeloaders who always come whining around for a handout.

It is our way of thinking that a person should stand on his, or her, own two feet and fight their own battles.

A sugar-tit always comes back in one form or another to haunt the person who depends upon them.

A nation is no better than the citizens who compose that nation.

Then, perhaps it may be wise to change from the adjective "creeping" Socialism when referring to our nation, and say that this danger had quit creeping and has begun to "Run" or "Fly."

Today, as never before, our nation is in danger of becoming dependent upon Uncle Sam for a handout.

From our schools on through we take handouts from Uncle Sam.

Where does the milk come from that our youngsters drink in school?

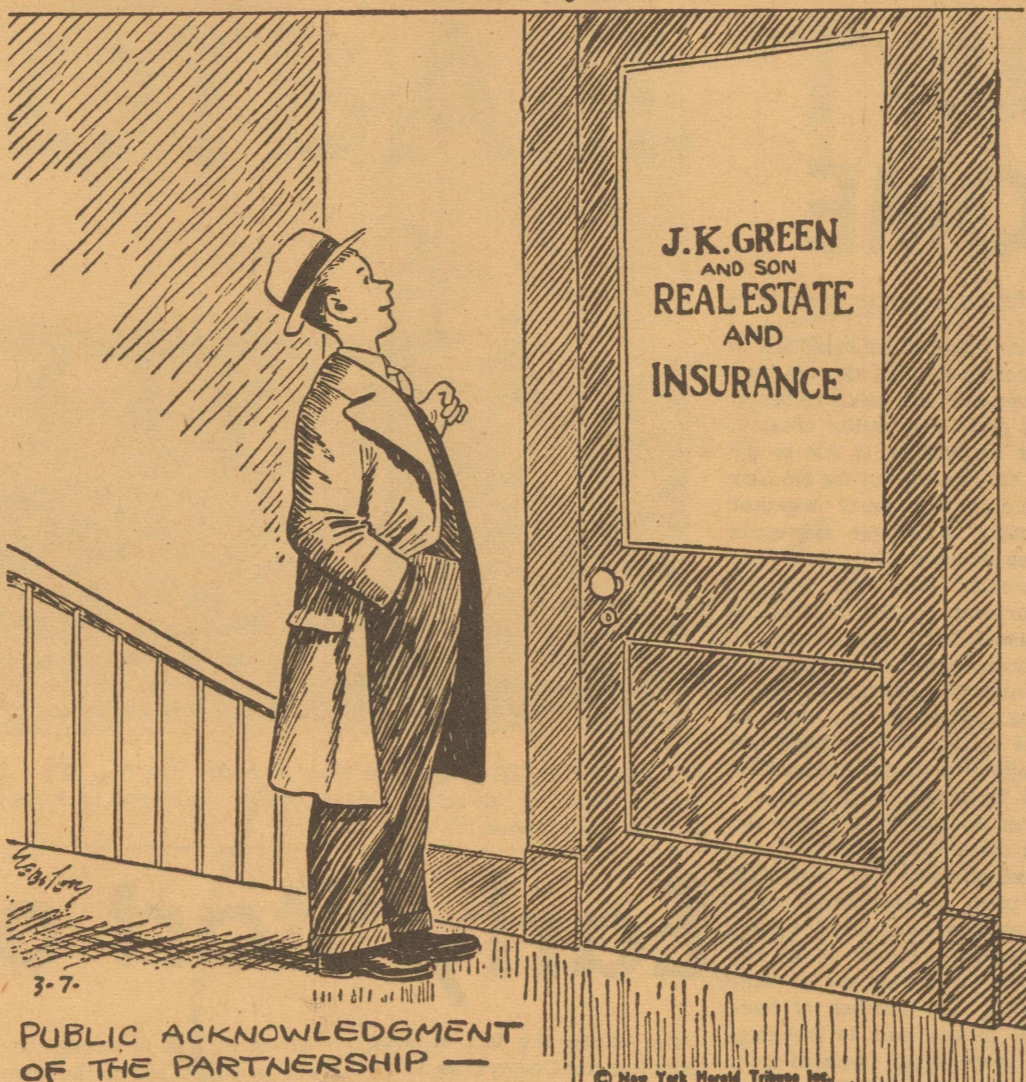

From Uncle.

Where do we look when we don't have the guts to go it alone?

To Uncle.

When will we wise up and face up to our challenges and begin to walk alone. Throw off the shackles of Washington bureaucracy and stand on our own two feet and fight our own battles.

It is OK to ask for help, but the trouble is, when Federal Aid comes in for a "little help." Well--usually it stays and then grows into an incurable cancer for which death is the only cure.

WHAT OTHER PAPERS HAVE TO SAY
CLIPPED QUOTES

(ED NOTE:---This is a reprint from the Hawkeye Gazette of Burlington, Iowa. Supposedly written by a society editor who had had a hard day at the office. She called this story "The Wedding Report I Would Like To Write.")

"Susie Slatz, the head hash-slinger at the Bon Ton Cafe & Grill, was united in marriage this morning with Fred Fink, son of Mrs. Arthur Fink of Upper Oquawka and of Mr. Fink who went west to hunt uranium in 1951 and hasn't been heard from since. The ceremony was performed in the rear of Bill's Bike Shop by Justice of the Peace Sam Yokel, who was sobered up in time for the occasion.

"The bride was attended by her sister, Mamie Slatz, who was paroled by Judge Dunkel for the wedding, and by her parents, Mr. and Mrs. Peter Slatz, operators of a catfish bait concession at Hannibal. The bride's mother was attired in a resort costume of blue denim shirt and jeans, and her father was wearing overalls by H. D. Lee.

"Both bride and groom were dressed in traveling costumes with black pants, black leather jackets and wide belts decorated with rhinestones. They left on a motorcycle trip to Lower Wever after the ceremony.

"The bride is well known in this community, having won the title of Miss Gravy Stain of 1954, the year she discovered that Henry Ham, trucker for Pan-Am, has a wife in Seattle. The groom has been employed most of the past year, digging clams on the Muscatine mudflats.

"A reception was held after the ceremony at the Bon Ton. Goldie Finch, cashier, handled the guest book and Perry Winkle, genial host of the Bon Ton presided at the beer tap. The bride was kissed by 37 male guests, including Henry Ham, who was afterwards slugged by the groom.

WE KNOW WHAT HE MEANS! An item from Orlando Blackburn's LaMarque Times:

I am reminded of all this when a man said: "I wish you hadn't printed that picture of my daughter. It was a poor one and didn't look like her at all."

I said, "I'm sorry."

It wasn't long after that a man complained that I was showing favoritism when I failed to print a picture that he was interested in, yet had printed a similar one of a different group later.

I said, "I'm sorry."

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words) detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

Another fellow sometime later asked, "How come you passed up that story on that particular civic activity?"

I said, "I'm sorry."

And then there's the time the irate young matron called on the phone and in no uncertain tones said that we had misspelled the name of her new baby.

I said, "I'm sorry."

Another member of the gentler sex called the Times and informed me that we had omitted a name from her party guest list and she wanted to cancel her subscription since we never get anything right.

I said, "I'm sorry." Then checked the subscription list and learned she was in arrears.

Still another called one day last winter and indicated that we had intentionally failed to print the story of his vacation trip.

Then there is the fellow who informed me that they didn't want the story of their vacation trip printed in the paper "because someone might steal our chickens while we're gone and besides, it's nobody's business."

I said, "I'm sorry."

And still another told me once he thought we used "too much of those little social items. They don't amount to anything and besides, nobody reads them."

I said, "I'm sorry." Then one day, while in our shop to renew his subscription, a man said to me, "We sure like your newspaper. It's so full of news and good pictures, has so many fine departments, so clean and so well printed. No wonder you have such a large circulation."

By golly, I couldn't think of a thing to say.

More Drill Wells: More Wells to Drill--The rapidity with which this locality settling up has produced a demand for more wells that one equipment is not able to supply. J. H. Drager, living near Rhea school house northwest of Friona and whose advertisement is now running in this paper, is prepared to give prompt and complete service in well drilling.

R. H. Kinsley, the veteran well driller of this locality, has had one outfit continuously at work and has bought a new machine which arrived Monday as was put into immediate service. He has also had his old drills put in good repair and will soon have three outfits at work, and yet the demand is not supplied.

A gentleman from Amarillo was here Tuesday and expressed the intention of landing an outfit here within the next few days, which he will at once put into operation in supplying wells for those who are coming to make their homes here.

Owing to the hurry occasioned by rush of work we failed to get in account of the burrlarizing of the Friona Oil Co. which occurred on Monday night.

Early Tuesday morning, Rube Catrel, who is one of the employees of the company and who boards at the hotel just across the street, noticed the front door was open. Thinking it had been left unlocked accidentally he went across the street to close it. Having done so he went through the office room to let himself out at the front door, his feet struck something on the floor and turning on the light he found it to be the inner door of the safe which had been broken off the hinges.

The company lost about \$50 cash, a battery and some other smaller articles. A few of the cars in the garage were opened and articles taken from them.

One of the cars rifled was the Hudson Coach belonging to Miss Carmen Brewer, from which a robe, a small lighter and about \$5 cash which was in a purse in the car. No trace has been found of the thieves.

Badly Decomposed Body Found One Mile East of City ---About four o'clock Sunday afternoon a sheep herder, working for Walter Overton on land being farmed by J. R. Walker, a mile east of town, discovered the badly decomposed corpse of a man lying in the weeds and grass about 150 feet south the grade on Highway 60.

The herder came to town and announced what he had seen and County Attorney Perry T. Brown of Farwell with Justice of the Peace L. H. Ruth and the night watchman, C. M. Jones of Friona and about 100 other citizens went to the spot to make an investigation.

The St. Clair Variety Store opened here for business Monday morning with a large stock of new merchandise in the building formerly occupied by the E. V. Rushing variety store.

The new store is in charge of Mr. and Mrs. W. L. Stell both of whom are of that kindly and cordial disposition so calculated to win and hold friends among those with whom they associate, and our people will find it a pleasure to do business with them.

Friona's play lovers will have an unusual opportunity to enjoy this means of recreation Friday night October 20, when the play, "You're Telling Me" will be presented by the Junior Women's Club of this city at the grade school auditorium. The proceeds will be devoted to some object of public welfare.

The play will be under the direction of Mrs. H. T. Magness and will offer many ingenious situations and will prove a full evening of entertainment. In addition to the play several entertaining numbers between acts are being arranged for the program.

Those taking part are: Mrs. A. C. Echols, Misses Wanda Walker, Estella Welch, Margaret Goodwine, Orma White, Thelma Osborn and Messers. Bob Fleet, Ralph Roden, Bob Clements and Millford Alexander.

PRO & CON

Proposed Amendments

Texans will vote on nine proposed amendments to the Constitution in the general election November 4. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to law-making. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expense of office" could open the door to "fat-cutting" with public funds. Sen. Dorsey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only ap-

pointive officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term--or less--and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials--U. S. senators, state senators, railroad commissioners and others with more than two-year terms--can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not) the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

Fall's First Frosts Arrive on Time

Jack Frost is right on schedule this year. The signs of his first visit were evident in the Parmer County area early Wednesday morning, October 22.

As is usually the case, Jack hitched a ride with a cold front from the north to make his first appearance. He was somewhat timid Wednesday morning, however, and didn't treat any green growth too severely.

This is also typical of his behavior.

A killing frost usually occurs along about October 25 in the Parmer County area. Much earlier freezes have been recorded, and, as you might expect, some later. However, that's about the average killing frost date.

Before the first "killer" though, usually light and spotted frost visits two or three times, causing light to no damage to vegetation. That is the kind that was here last week.

The first frost date had no particular significance to grain sorghum this year, but it did affect the growth of cotton plants. The freeze was of not long enough duration or severe enough to kill the plants outright, but most farmers report their crop "nipped" in low-lying areas, and further plant development at a standstill.

Here again the freeze has been of no particular consequence so far as the lint itself is concerned. More than the cold weather, the drizzle and high humidity readings that have come in with the cold front have been the main hindrance.

Hand boll pullers are still in short supply and most farmers have been figuring on finishing their harvest with mechanical strippers. In fact, stripping of the crop would have moved right along toward the end of last week if the weather hadn't intervened.

Moisture itself has been very light. What areas did receive what could be classified as showers have reported no more than a quarter of an inch. The rain and drizzle has come very calmly with no whipping winds. Consequently, farmers and ginners feel that the cotton quality has not been too adversely affected.

The weatherman has been

promising the return of sunny skies since Monday, but as late as Tuesday night the weather continued very cool and the sky overcast, threatening rain or even snow.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

There are many factors that enter into soil fertility. One of the most important factors is the organic matter content of the soil.

Virgin soils of Parmer County contain approximately three to five per cent of organic matter. Under cultivation this percentage is reduced. The average dryland farm has about one per cent. The average content of the irrigated land is about 0.7 per cent. These figures are considerably lower than the figures for the virgin pastureland.

Organic matter present in the soil directly affects the water-holding capacity of the soil. The small fragments of organic matter have the ability to hold up to ten times as much water as a soil particle the same size. Therefore any increase in the organic matter content will increase the amount of water a soil can store. This is extremely valuable to the dryland farmer who depends on water stored in the fall and winter to produce the next crop and to the irrigation farmer who pre-irrigates. Crop production depends on the water stored in the soil.

Organic matter increases the water intake rate of the soil. During the process of decomposition of the organic, there is given off a glue-like substance. This substance tends to stick the soil particles together in small clumps called aggregates. A soil that is well aggregated will take water more rapidly than will a soil in poor condition. This is especially true in tighter soils.

To increase the permeability of a soil is helpful in this area

where many of the rains fall in a short period of time. A well aggregated soil tends to resist both wind and water erosion. This resistance is due to the fact that several of the smaller particles are stuck together creating a larger aggregate which is not easily moved.

Another important function of organic matter is the increase in bacterial activity. An abundant supply of microscopic bacteria is necessary for plants to be able to use the nitrogen plant foods. The bacteria use decaying organic matter for food to supply the energy required to change the nitrogen to a form that plants can use.

Bacteria are also helpful in the plant utilization of phosphates by storing the phosphorus in their bodies to be released all during the growing season. The number of bacteria in the soil is amazing. One gram of soil contains from 100,000 to several billion. This means that there are approximately 5,000 pounds per acre on dryland and 20,000 pounds or more per acre on irrigated land of these bacteria in our soils.

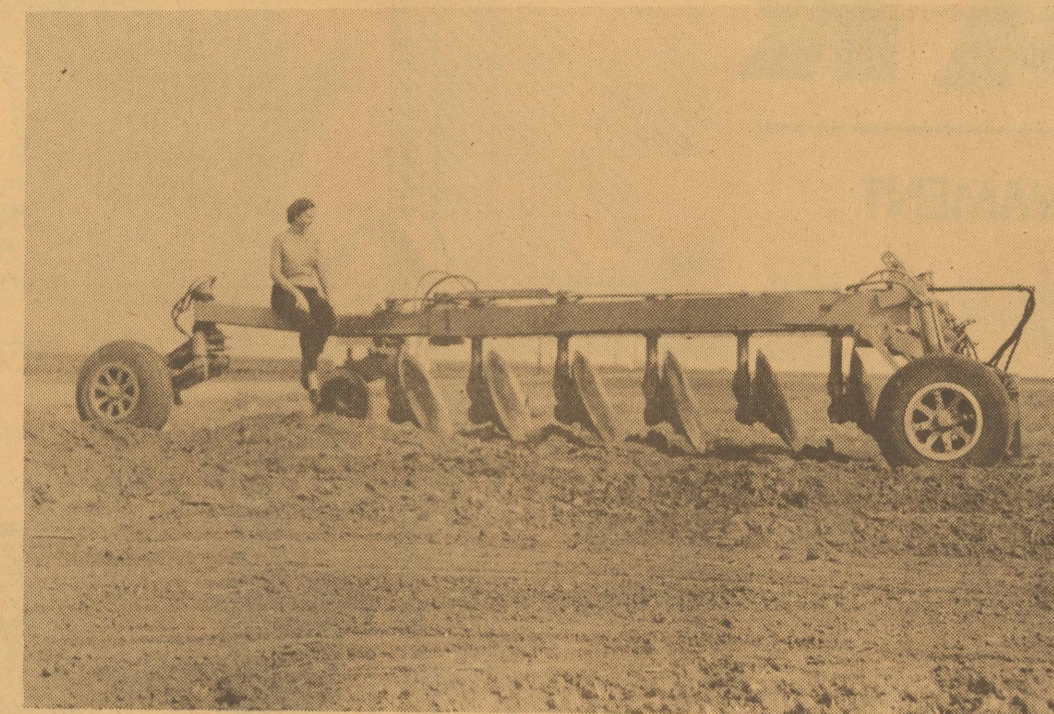

Without these bacteria working for us our soils would be infertile. Any way that we can increase the food supply of these bacteria will increase our soil fertility.

The most economical way to supply this needed organic matter is by the efficient use of crop residues and green manure crops. The addition of organic matter increases the amount of plant food available to the plant by speeding the breakdown of the rocks and minerals of the soil. Acids are given off in the decomposition of organic matter. These acids help eat away these minerals leaving the plant foods.

The organic matter content of a soil is related to the ease of tillage. Soils that are low in organic matter tend to pack and form clay pans or plow pans much more rapidly than soils high in organic matter. A packed soil reduces the infiltration of the rain and restricts the development of plant roots.

The addition of organic matter will not solve all of your fertility problems; however, it is a step in the right direction.

Motor vehicle accidents take the lives of a person every 14 minutes, according to the National Safety Council. One person is injured in a motor vehicle mishap every 23 seconds.

NO TRICK PHOTO--Nope, the plow is really that big. It's a disc-type breaking plow from New Haven Farms northwest of Bovina, used to really roll back the tight High Plains soil of the area. Bannah Boyd proves it's a big 'un.

Early Start on Next Year

Not since the fall of 1956 have Parmer County area farmers set themselves to the task of preparing for another crop with such vigor as they have been doing in the past two weeks.

Shredders have chewed their way along through the grain sorghum stubble almost before the dust produced by the combines had settled. Some farmers have even completed their fall land plowing in early-harvested grain sorghum fields.

Many are using or are contemplating the use of commercial fertilizers to speed decomposition of stubble that has been returned to the soil, thus increasing the organic matter content of their land. Organic matter plays a vital role in farming--especially under irrigation.

As a general rule, area farmers still believe that breaking land regularly in the fall is a part of good irrigation farming, but records indicate that there were a lot of them that didn't get around to it, just the same.

1957, then, lent itself well as a "leave out" year, but 1958 is already seeing many farmers return to intense land work practices that have paid off so well since the advent of large scale irrigation on the High Plains.

Urges All Eligible To Vote in Election

"Vote for whom you please for governor in the coming general election, but please vote," Gilbert Kaltwasser, president of the Parmer County Farm Bureau, urges.

The reason a person's vote is important, he says, is because the number of votes cast for governor in the general election in a precinct determines the number of delegates that precinct will have in the party's county convention in 1960. In turn, it also determines how many delegates a county will be able to send to the state convention.

"It is in the interest of good government that the individual should participate in his political party's activities," Kaltwasser says. "For if the majority does not exercise its citizenship responsibilities, there is a real danger that a minority faction can take over the party machinery. And, if we are to keep our democratic form of government the majority must always rule."

Farm Bureau has been carrying on a "good citizenship" program on local, state and national levels this year. In addition to get-out-the-vote campaigns, the organization has made available to high schools recordings of the National Anthem and is sponsoring a nationwide essay contest.

Safety devices are usually installed on the equipment to

All of this is in strong contrast to conditions on the farm just a season ago. Beset with one of the most dreary falls in history for harvesting, area farmers soon fell far behind in their after-harvesting chores.

In the belief that it is not always necessary to shred, disc, plow, or otherwise work land without ever missing a year, many chose to hold this type work to a minimum or even omit the practice altogether.

For income tax purposes, gifts of agricultural products such as grain sorghum or cotton may be deducted on the basis of their market value, and farmers may also choose not to report this value as taxable income on their reports.

Therefore, point out county CROP officials, farmers should not count the value of donated commodities as income, should not count the costs of producing this commodity as an operating expense, but can deduct the cost of the feed or fiber as a charitable contribution.

All elevators and gins in Parmer County are cooperating with the CROP movement this year. Forms are available there.

Interestingly enough, land breaking is the only farm operation on the High Plains that has ever been proved wholly adaptable to all-automatic techniques.

Because of the large acreage and uniform lay of the land on the typical High Plains farm, many dreams of "push button" farming have been enjoyed, but none has come as close to reality as the guide-operated tractor pulling a land-breaking plow.

In this work, a farm tractor of conventional design is fitted with a special attachment which "feels" its way along the furrow just plowed, guiding the tractor in order that another two, three, or four rows may be plowed out.

FARMERS CAN RECEIVE "DOUBLE DEDUCTION" ON GIFTS TO CROP

Farmers who choose to support charitable organizations such as CROP (Christian Rural Overseas Program) are in the unique position of being able to obtain a "double deduction"--and it all is quite within the law.

For income tax purposes, gifts of agricultural products such as grain sorghum or cotton may be deducted on the basis of their market value, and farmers may also choose not to report this value as taxable income on their reports.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Rat poison sold like hot cakes. We will have some more in about Friday if we can get it to sell at the same price. We hope everyone who has rats will take measures to get rid of them right now. We are told that the Friona city dump grounds are infested with them, and this is probably true in other city dumps. It seems that this would be a good place to do some work before they all come to town or to your house. Besides the damage they do to feed and other things, rats carry diseases.

Mose Glasscock was among Parmer County men who attended the Amarillo meeting on livestock sanitation and disease prevention Monday morning. According to a report we received that same morning, not a single county in the state of Texas is certified brucellosis-free.

To livestock producers and dealers, this is an important thing. It is doubtful if Texas can eat all the livestock products they produce. If it becomes impossible to ship livestock out of the state because of disease, it will work a great hardship on a great industry.

County 4-H Group Plans Coming Events

Special events discussed and planned at a recent meeting of the County 4-H Council included 4-H Achievement program, National 4-H Club Week, and a Method Demonstration Day. The latter will precede 4-H contests in the spring.

Attending the meeting in the courthouse were Mikala Austin, Peggy Martin, Roy Donaldson, Jimmy Terrell, and Paula Wingard of Farwell; Richard Chitwood, Pat Chitwood, Linda Gleason, and Mrs. Dee Chitwood of Lazbuddie; Terri Sue Mabry, Johnny Mabry, and Mrs. Mabry of Friona; and Rose Ann Green and Brenda Deaton of Black.

Five or six couples will leave Parmer County as delegates to the Texas Farm Bureau Convention the ninth of November in Corpus Christi. This is where policies of the state organization will be developed and adopted. Officials of the organization will spend the next year carrying out these policies. They will not change any of them unless the membership says to next year.

It is important that you vote November 4.

THE PARMER FARMER

by W. H. Graham Jr.

Ever since the 1930's America has had more than its share of farm planners. Most of these planners have been in or associated closely with the federal government.

There are still a lot of people in the nation today who have ideas that they think could help shape agriculture into a more profitable pattern. However, they all don't come from the government.

A "new twist" in this department is the farm planning being done by the Doane Agricultural Service of St. Louis. Doane is an old and respected name in farm counseling---private enterprise style.

Up in Sherman County folks got together and hired the Doane people to put them down on the balance sheet for an unbiased appraisal of what their county agriculture has and what it needs. The service agency is coming through with some interesting recommendations.

Sherman County farmers, like those of this area, were bothered by a declining farm income due to declining prices, rising costs, and acreage restrictions.

The purpose of farm programming was to determine the most profitable combination of enterprises for selected representative farms in the county. Guides were developed to adapt those plans for the individual farms.

It required six months to make the study. Factors taken into consideration included the climate, soils, topography, markets, water, size of farming operations, availability of labor, capital, experience of farmers, and the attitudes of farmers.

The Doane people raised some eyebrows when they brought into use an electronic "brain" to figure out the best possible solutions to the problems of the Sherman County farmers.

Now, don't get excited. Of course, the brain cannot really "think." What it does do, though, is to carry out "linear programming" which is a mathematical means of determining the combinations of enterprises that can return the greatest net profit to a farm operator, depending on the amount of land, labor, and capital available. (The same thing can be done with pencil and paper---it just takes longer, that's all.)

The number of enterprise combinations fed into the electronic brain was 2604. The electronic computer used was an IBM 650.

Combinations that came from the brain will furnish the basis for decisions that Sherman County farmers may make to shape a new agricultural future for them. Possible markets for the enterprises studied were a basis in their recommendation or elimination. Over 20 potentially good market outlets were located by Doane's for the products from different enterprises recommended.

Here is what we think is important about all of this over in Sherman County: Doane's prophecies that "Future prosperity of many counties in the nation will depend on how well they adjust to changing trends in agriculture."

We don't necessarily believe that it takes an organization such as Doane's to point that out, but we certainly believe that it is true. We further feel that although independent surveys such as the one we are discussing here are very valuable in special situations, the greatest protection we can have against the time when such services will be needed on an EMERGENCY basis is simply good farm education and an alert, well-informed farm public.

A young man today is certainly not wasting his time to

go to college and get a degree if he intends to farm when he obtains it. Of course not. A college education will sharpen him and help him prepare for and adjust to the resolutions that are now taking place in our production, marketing, and consuming of food and fiber.

Agriculture is still basic to the American economy. The farmer is not about to be pushed out of business by synthetics or any new tool of science. For the farmer who is really intelligent, things are going to get better, not worse.

But there's one thing for sure in today's agriculture, and that is that it's no longer a static, take-it-easy life. Agriculture is as dynamic and full of change as any industry, and for those who can not see and adjust to change things are going to be rough ahead.

Most fatal auto accidents involve only one car, according to the National Safety Council.

Amarillo Hearing May Affect Location

Friday, October 31, will be the day that a hearing will be held in Amarillo which will help determine if the Bushland Experiment Station will become the site of a large USDA-backed research center.

The meeting, which will be in the Herring Hotel at 9:30 a.m., is called "vital" to those who want to see such a center located on the Plains.

Cotton Quota, Allotment, Referendum Date Set

A national marketing quota of 12,167,000 bales, a national acreage allotment of 16 million acres and a date, December 15, for a farmer referendum on marketing quotas for upland cotton have been set by Secretary of Agriculture Benson.

All are in accordance with present legislation covering cotton. In setting the national marketing quota figure the Secretary found that the total supply of upland cotton exceeds the normal supply needed by 4, 379,000 bales. The national acreage allotment for 1959 will be apportioned to the states, the state allotment to the counties and the county allotments to farms according to the pro-

visions of the law.

If marketing quotas for 1959 are approved---it takes a two-thirds favorable vote---in the December 15 referendum, the cotton grower will have a choice between two allotment-price support programs known as choice A and B.

Under A, growers who comply with their regular acreage allotment will have available price support at not less than 80 per cent of parity. Growers under choice B receive larger farm allotments---40 per cent above the regular allotment---but with a reduction of 15 per cent of parity in the support price as compared with choice A.

If marketing quotas are not approved for the 1959 upland cotton crop, only the regular allotment program will be in effect. Price support will be

available to cooperators at 50 per cent of parity as provided by law.

Under the 1959 quota program and in accordance with controlling legislation, growers who exceed their chosen farm acreage allotments will be subject to penalties of 50 per cent of the cotton parity price as of June 15, 1959 on the farm's excess production. Too, all cotton produced on the farm will be ineligible for price support.

According to J. E. Montgomery, program specialist, Texas ASC office, notice of individual farm allotments under both choice A and B will be made available to producers prior to the December 15 referendum.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

For a long time we have been hoping someone would come up with a solution to the ironing problem. It seems that with each season the manufacturers of materials approach a solution to the problem.

Every homemaker should read the instructions on each garment and use the suggested method for washing and ironing.

Of course, it takes longer to drip dry cottons, but the time you will spend saves time at the ironing board, so is really worthwhile in the long run. If we shop carefully for materials that require a minimum of ironing, we will be well rewarded in time saved.

One of the new magazines shows patchwork blocks used in different ways for decorative purposes. Almost any patchwork pattern can be worked up to make attractive covers for floor pillows, chair cushions, or other articles used in the house.

For a long time it has been our desire to piece a quilt out of the new cotton scraps. Wouldn't a Flower Garden, Rocky Road to Jerusalem, or Dutch Mill pattern be pretty worked up in print and plain colored scraps?

Long winter evenings always call for hot drinks and cookies are always welcomed by members of your family as well as

guests. For spicy cookies that are a little different, try

MINCEMEAT COOKIES

- 1 cup moist mincemeat
- 1 cup butter
- 1 1/2 cups sugar
- 2 eggs
- 3 1/4 cups flour
- 1/2 teaspoon salt
- 1 teaspoon soda
- 1 cup nuts

If using dry mincemeat, first break into pieces, add water, heat and stir until lumps are thoroughly broken up. Bring to brisk boil and cook about three minutes.

Cream shortening; add sugar and continue to cream. Add slightly beaten eggs and blend into sugar mixture. Add sifted dry ingredients. Add nuts and mincemeat. Drop by spoonfuls onto greased cookie sheet. Bake at 425 degrees for ten minutes.

Another cookie recipe that any homemaker should have in her file for use any time she desires to make spice cookies is:

MOLASSES COOKIES

- 3 cups sifted all purpose flour
- 1/2 teaspoon baking soda
- 3/4 teaspoon salt
- 1 teaspoon ground ginger
- 1/2 teaspoon ground cinnamon
- 1/4 teaspoon ground nutmeg
- 1/4 teaspoon ground cloves
- 1 cup shortening
- 1/2 cup firmly pack dark brown sugar
- 1/3 cup molasses
- 1 egg
- 1 tablespoon vinegar

Sift together flour, soda, salt and spices. Cream shortening and sugar until fluffy. Add molasses, egg, and vinegar and beat until smooth and light. Add dry ingredients in several portions, stirring until smooth after each addition.

Chill dough in refrigerator 1 or 2 hours. Divide dough in 3 portions and shape each into a roll about 2 inches in diameter. Wrap each roll in waxed paper and chill in refrigerator overnight. Slice 1/8 to 1/4 inch thick and place on cookie sheet. Bake in moderate oven 10 minutes.

If you are one of the homemakers who say, "My family just doesn't care for cooked cabbage," you might like to try this recipe for Skillet Cabbage:

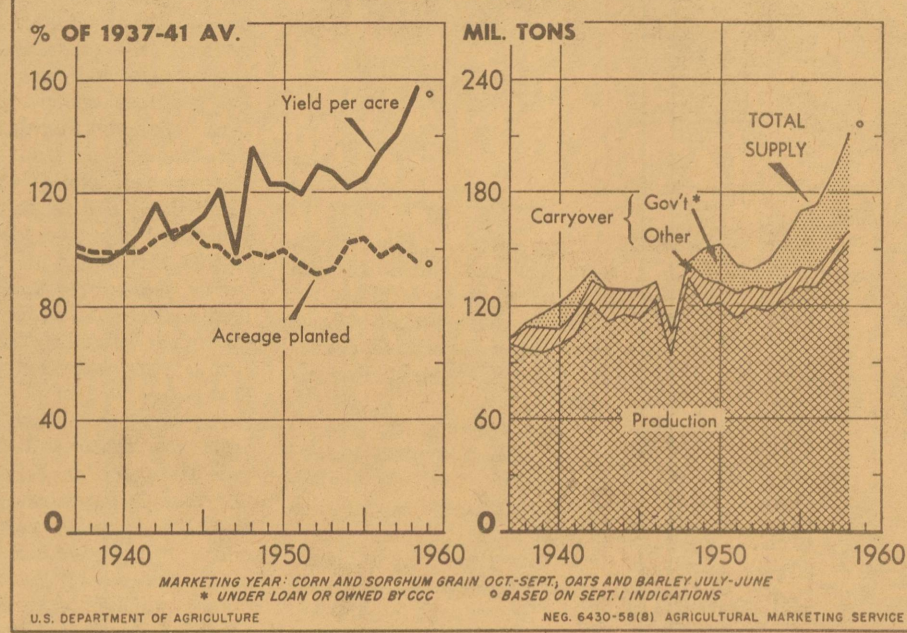

- 1 medium onion
 - 1 green pepper
 - 3 stalks celery
 - 2 large tomatoes (drained canned tomatoes may be used.)
 - 1 small cabbage
 - 2 tablespoons bacon fat
 - 3/4 teaspoon salt
 - 1 teaspoon sugar
 - 1/4 teaspoon pepper
- Chop onion, celery, pepper, tomatoes and cabbage. Heat bacon fat in skillet with cover. Toss in vegetable and seasoning. Mix well. Cover, cook over moderate heat for 8 minutes or until cabbage is tender, but still on the crisp side.

One of the cleverest household gadgets we have seen advertised recently was a Wet 'n Dry measuring cup. It would certainly be a welcome addition to the utensils in any kitchen. When you change from liquid to dry measure, there's no need to wipe the cup dry.

All you need do is turn the cup over and use the other end. This item comes in two cup and one cup capacity with graduations clearly marked. It also has a pouring lip for filling steam irons and baby bottles.

FEED GRAINS

Rise in per acre yield of feed grains is the major influence in the upward trend in production. National average yields of each of the four feed grains in recent years have trended upward. The average yield of the four feed grains reached a new high point this year of over 1 ton per acre. More acreage has been seeded to oats, barley and sorghum grains in recent years than before World War II, but this was about offset by a steady decline in corn acreage. The domestic feed grain supply for 1958-59 totals 211 million tons, 100 million more than just prior to World War II. Mounting stocks under the Government price support program has accounted for about half of this increase.

As we have said before, a true sponge cake is made with the whites and yolks of the eggs. The recipe we especially like is for a

HOT MILK SPONGE CAKE

- 2 eggs
 - 1 cup sugar
 - 1 cup cake flour
 - 1 teaspoon baking powder
 - 1/2 teaspoon salt
 - 1/2 cup milk
 - 1 heaping tablespoon shortening
- Beat whole eggs until double in bulk. Gradually add sugar beating until all the sugar is dissolved. Heat milk and shortening almost to boiling point. Sift flour and measure one cup. Sift again with baking powder and salt and fold into egg and sugar mixture. Fold in hot milk mixture a little at a time. Pour in 8x8x2 inch square tin which has been greased on bottom but not on sides. Bake in 350 degree oven for about half an hour.

When cool, cover with White Syrup Frosting

- 1/2 cup white syrup
- 1 egg white

Heat the white syrup almost to a boil. Beat egg white until stiff. Gradually pour in the hot syrup, beating all the while. Continue beating until it holds its shape. It becomes consistency of marshmallows and will hold up well for days.

Farmers Union Report

We don't know whether you've ever heard of Parkinson's law or not, but a year or so back an English history teacher wrote in Reader's Digest that government bureaus had a tendency to expand regardless of the amount of work to be performed.

This fact was again brought to light by Sen. Murry (D-Mon.) when he cited in a recent Washington speech the tremendous growth of the U. S. Department of Agriculture under Benson's management. While net farm income was falling from \$16 billion annually to the \$12 billion mark or less, the number of USDA employees went from 62,000 up to more than 80,000.

Included in this number are men with attitudes such as that held by Mr. Don Paarlberg, who in 1955 told farmers they were living in a dream world and that they shouldn't have expected such prosperity to last, anyway. Now he has been promoted to Mr. Eisenhower's personal economic adviser.

Nebraska farmers were advised by Mr. Benson not to increase the number of hogs now on hand, even if feed is cheap and plentiful. He said "The only way favorable hog prices can be maintained is to hold production to the quantity and quality that the nation's consumers will buy at a price profitable to farmers." But later when asked by a

farmer, "What are we going to do with all this corn?" he replied, "Feed it. We can't keep storing it in government warehouses."

No doubt the farmer went off talking to himself, wondering just how he was going to do that without increasing his hogs.

No Cadillacs in Nixon's campaign tours. The reason given was that the Cadillac is a symbol of affluence which conflicts with the "regular fellow" image which is being created for the vice-president.

The Lazbuddie Local held a box supper in the school cafeteria last Tuesday night in which a considerable amount of money was raised. This could be a hint to other county locals as a means of sweetening the wampus bag. Doesn't cost anybody much and everybody enjoys it. If you happen to be interested see T. O. Lesly. He knows a good auctioneer.

Remember: If you are getting a big charge out of life, your wife has probably been shopping.

Another Good Start On The Wheat Crop

It's just like old times. The Parmer County area is behaving like the wheat-growing country that it used to be. Back in the dryland days, that is. In 1954, in 1955, and in 1956 wheat farmers about threw up their hands at the thought of getting a crop up and started off with enough moisture. They had to turn to irrigation wells to provide the water.

In 1957 it was different, though. The wheat went into the ground with an abundant supply of moisture, and very little supplemental irrigation

was required to produce a crop. The same appears to be the case this year. Pre-irrigation (before planting) has been the exception rather than the rule. And the crop--somewhere around 90,000 acres--is off and going strong. In fact, it's seldom looked better.

County Agent Joe Jones has warned farmers against judging a book by its cover, though. He says that farmers should not make the mistake of letting their wheat go into a hard winter without enough water to

see the crop through. In other words, he advocates using the irrigation well before the need becomes painfully apparent. Some cattle are being put on the lush pasture that the booming wheat has produced. However, there is still lots and lots of grazing going ungrazed. Favorable livestock prices will doubtless push more cows into the fields but it is unlikely that their numbers will approach the grazing capacity of the wheat.

When area wheat is good it more than meets the requirements for grazing.

CHOOSE ACCESSORIES CAREFULLY

Accessories should accent or compliment a costume--not call or hold attention to themselves, according to extension clothing specialists.

Choose them to add spice to a simple solid color dress or suit, or to supply the unifying note with a striking print dress or plaid suit.

Plan your accessories carefully before you buy--remembering the color and design of your basic dresses or suits. Avoid bargains with which you have nothing to wear.

Avoid too many colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times--generally two are smarter; for example, shoes, bag and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The

more brilliant or intense the color, the smaller the area in should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best dressed women are often the most simply dressed.

Always look for the word "enriched" on the bread wrapper or the sacks of flour you buy. It means that specified amounts of good iron and three important B vitamins have been added. It assures extra food value at no added cost.

Quick loaf breads add extra energy and interest to meals--delicious served hot, in sandwiches, or as toast for breakfast.

To make tasty banana nut, prune, orange nut, or peanut butter bread, get a copy of Extension Bulletin, "Quick Breads" from your local home demonstration agent or write the Agricultural Information Office.

Try new garnishes for soup--Everyday food items which make unusual soup garnishes are thin strips of pimiento, paper thin slices of lemon, orange or lime, slices of stuffed olive, and grated or crumbled cheese.

Whipped cream with a dash of horseradish is good with some types of soup. With tomato soup try popped corn.

Eating tossed green salads is an easy way to "take" vitamins and minerals. Dark green and yellow vegetables are excellent sources of vitamins A and C. High on this list of vegetables are fresh cabbage and other salad greens, carrots, asparagus, broccoli and green peppers. All vegetables will give a greater return on your investment when they are served fresh and raw.

Leftover cooked vegetables can be put to good use by adding them to salads. Green beans, beets, cauliflower, broccoli, English peas and other cooked vegetables taste better in salads than they do warmed over. For extra flavor marinate cooked vegetables in French dressing.

One person in 40 is injured each year in a home accident, according to the National Safety Council.
