CISCO, TEXAS, FRIDAY, MAY 11, 1928.

FIRST SECTION—TWELVE PAGES

\$1.50 PER YEAR

TEXAS

By WILL H. MAYES, Austin.

CISCO'S GREAT VISION — A committee of Cisconians having returned from an inspection of the great milk plants of the country, that enterprising city and the surrounding country are being aroused to the value of a huge plant for making powdered milk, condensed milk and sweet cream butter. As a first step the Cisco News is suggesting a census of all cows in a radius of 30 or 40 miles of the city. An approximate count of cows in a radius of 8 miles shows 3,000 cows, and the News believes that within a radius of some 30 miles the milk from 13,000 to 15,000 cows could be pledged to such an enterprise on a proper showing as to prices and profits, and this would be sufficient to interest capital in a plant of the magnitude contemplated. The committee visited milk plants owned by the Borden, Carnation and Pet Milk companies and the Kraft Cheese company at Carle, Ark., Fayetteville and Lewisville, Tenn., and Starkville, Tupelo, Kosciusko, Durant and Aberdeen, Miss. At Kosciusko there is a Pet Milk plant representing a million dollar investment. Cisco is using big figures in its calculations, but they are based on what the committee saw resulting from plants in operation.

MILK PLANTS NEEDED — First of all such enterprises want to be assured enough milk with which to begin profitable manufacturing. They do not ask capacity production at the start, for experience shows that in a year of operation the milk supply will be doubled. They want an ample supply of good water. Cisco has that. They want good sewerage to insure cleanliness. Cisco has that. They want good roads to insure a steady milk supply. The News says that next to San Antonio, Cisco has the best road system in Texas. They want pasturage for cows. That is available in greatest abundance. They want railway shipping facilities. Cisco is fortunate in that respect. Cows need feed and especially good hay and silage. The Cisco territory can grow this in greatest abundance.

MILK PLANTS MAKE WEALTH — That Cisco committee was composed of shrewd business men. They reported that they found that the opening of milk and cheese plants did more to develop the communities in which they were located than any other industry these places have. They found that such plants not only enriched the dairymen, but added to the wealth of everybody in their communities. They said "Farms and city real estate in the communities that have plants have increased from 50 to 150 per cent in value. There hasn't been a single loss in the financing of customers for the milk plants."

ENCOURAGING REPORT — The communities all over Texas that are now studying the advisability of building creameries, cheese factories or milk plants of any kind or that have recently planned such enterprises, should feel encouraged at the report of the Cisco committee and should get busy in the early culmination of their efforts. Here is what the committee has said to Cisco in summing up its conclusions: "What these milk plants have done for other communities they can do for Cisco. We have much in our advantage to start with. It's up to the people here to help themselves. We can't recommend too strongly that we all co-operate toward developing the dairy business to the end that we may bring milk plants here. It can be done—but we've got to do it ourselves."

BOX STILL FIGHTING — Congressman Box is planning wide distribution of an 800 page printed copy of the hearings of the house immigration committee on the Box bill placing the 2 per cent restriction on immigration from Mexico. The book, issued at government expense is to be sent all over the country as a means of creating sentiment in favor of Mr. Box's pet measure. He says he has requests for thousands of them. At his own expense he is having a 250 page digest printed and circulated. He announces he is doing this as his contribution in furthering the immigration restriction causes. A bitter fight is expected at the next session of congress if Mr. Box gets back, as keeping Mexican labor from assisting in making and saving the crops of South Texas and from aiding the stockmen in their busy seasons appears to have become a Box obsession.

VENERABLE AGE — With hat in hand and head bowed in respect for age and success, this columnist, the youngest of the employees of the Mineral Wells Index in point of service, extends congratulations to that paper, and especially to C. W. Wilson, the general manager, and Sam E. Miller, the editor, for having successfully reached its 25th birthday. It has been

CHINESE FACTIONS MAY UNITE

Websters Buy 2 Wooten Groceries

Cisco and Breckenridge Houses Are Involved in Business Deal; Purchase Price Around \$100,000

One of the largest mercantile deals in Cisco in recent years was consummated Wednesday afternoon with the purchase of the stock, buildings and business of the H. O. Wooten Grocery Co. by J. P. Webster & Sons. The business of the Wooten firm at Breckenridge was included in the transaction. The purchase price is understood to have been around \$100,000.

A. A. Webster, of Weatherford, and J. G. Webster, of Dallas, members of the firm, who have been in Cisco for several days adjusting the five losses from the recent blaze, went to Abilene Wednesday afternoon and closed up the sale with the H. O. Wooten Grocery Co., whose headquarters are maintained there. It was stated at the Webster offices Thursday that the Wooten headquarters here will be occupied until the Webster building is rehabilitated, moving from their temporary quarters in the Sessions building, but it was not stated what disposition will be made of the Wooten building later on. The work of repairing the burned building will be started at once, as the contract has been let to W. W. Johnston, who has already begun moving in material to commence the work. No change is contemplated in the repairs to be made, it was stated, as the interior will put in its former state.

The purchase of the Wooten

business was decided on only while the Websters were in Cisco. J. B. Cate, local manager, said. The matter was briefly discussed and the Websters then went to Abilene where they made their proposition which was accepted. The transfer will be made May 15, Mr. Cate said, which will give Cisco only two wholesale grocery houses in the future instead of three.

J. P. Webster & Sons are the pioneer wholesale grocery people of Cisco, having been in business here for some 30 years, since which time other branch houses have been established. Radford Grocery company is the other house, which has also been operating in Cisco for several years. The Wooten branch house was established here during the oil boom days. The Wootens have been in business at Breckenridge since the purchase of the Purcell grocery business six years ago.

It was not stated what changes will be made in the personnel because of the merger.

All adjustments have been made of the fire and water losses on the building and stock. Mr. Cate said, which approximated \$100,000.

"This will not be a total loss to the insurance companies, as they will be able to salvage considerable from the damaged stock, which was taken over by the companies carrying the risk. I understand the stock will be sold some time today," Cate said.

COMMITTEE TO PASS FRIDAY ON BAYLOR ANGLE

DALLAS, May 10.—The Baptist educational commission will meet Friday morning at 10 o'clock at the First Baptist church here to decide whether the removal of Baylor university from Waco to Dallas shall be referred to a called session of the general Baptist convention or shall lie over until the regular fall convention.

SPORT HORSE IS BOUGHT BY EASTLAND MAN

EASTLAND, May 10.—Joe Bailey, famous sport horse stallion, has been purchased by Carl Swearingin of Eastland, who has the devotion of a Kentuckian for fine horses. Some of the fastest horses in Texas are Joe Bailey's colts. E. P. Waggoner, who is spending a fortune in building a race course and stables near Fort Worth, owns several of Joe Bailey's colts. This horse is of the finest breed.

Mr. Swearingin's purpose in buying him is to get good polo stock in the county. West Texas is well adapted, of course, for polo because of the fact that it can be followed here by men of reasonable means whereas in the East it is the pastime of millionaires. A polo horse that Mr. Swearingin sold for \$125 later brought \$1,500 in the East.

Several men are active in fostering interest in polo here and it will be only a matter of time until it will be firmly established. Eastland will have a strong team and big crowds will gather to view this sport.

U. S. CONTROL OF PRIMARIES ASKED IN BILLS

WASHINGTON, May 10.—Two constitutional amendments and three new election laws, intended to stamp out the use of slush funds and prevent corruption in the election of presidential tickets, senators and representatives, were introduced in the senate this afternoon by Senator Cutting, Republican, New Mexico. The measures would give congress the power to control nomination primaries and make any candidate who violated the proposed election laws ineligible for the presidency or for congress.

STEWART WON'T COMMENT UPON ORDER TO "GO"

CHICAGO, May 10.—Colonel Robert Stewart, chairman of the board of directors of the Standard Oil company of Indiana, arrived here today and refused to comment on the demand of John D. Rockefeller, Jr. that he resign "for the best interests of the company" because of revelations in the recent oil inquiry.

12 FISHERMEN FLOAT ON ICE INTO OPEN SEA

ST. JOHNS, N. F., May 10.—Twelve men were reported drifting seaward on ice cakes which broke away from the shore today while they were seal hunting. The steamship Kyle is rushing here to make a search for them.

Stage Set for Coronation of Lobo Royalty; Princes, Princesses, Dukes and Duchesses of Ceremonial Named

SMITH HASN'T SPENT CENT, HE SAYS AT QUIZ

NEW YORK, May 10.—Governor Al Smith today told senate campaign funds committee that he had not authorized anyone to act as chairman or treasurer of any national campaign for him, that he has done nothing personally about the boom started by friends, that he hasn't contributed personally to any funds in his behalf and that he doesn't intend to leave the state of New York. He also said that he has made no patronage promise.

George Van Namee, public service commissioner in charge of Smith's campaign in New York, followed the governor and declared that the biggest individual contributor to their \$103,000 campaign fund was William Kenny, Brooklyn contractor who contributed \$70,000, \$50,000 of which is a loan.

LEONARD BANK IS ROBBED OF OVER \$4,000

BONHAM, May 10.—Three armed men bound the night watchman of the National Bank of Leonard, in the southern part of Fannin county, at 3 o'clock this morning, waited until employes arrived for work, bound them and forced the cashier to open the vault and escaped with more than \$4,000.

They escaped in a Buick automobile, the first license tag number of which were one-seven-six. They are believed to have headed for the Oklahoma line.

RICE, TEXAS U. TO BATTLE FOR TRACK HONORS

AUSTIN, May 10.—Rice Institute and the University of Texas loom as the most likely contenders for the title, when some 130 athletes, representing seven southwestern conference schools meet here Friday and Saturday for the conference and field meet May 11-12.

Friday, the qualifying heats will be run off, starting at 3 p. m., and the main events will be held Saturday afternoon.

The university's prospects are considered improved since its decisive defeat of the Texas A. & M. squad last Friday.

Rice's hopes seem pinned to some extent at least, on the redoubtable Bracey, joint holder with Paddock of the world 100 yard dash.

While university supporters are viewing with some measure of alarm Rice's apparent supremacy in the sprint chapters, the university feels confident it will have an edge in the weight events, with Baldwin and Hargin entered in these events.

The estimated entries of each school at the meet are: Texas University, 30; A. & M., 26; Rice, 23; Southern Methodist University, 20; Baylor, 18; Texas Christian University, 10; Arkansas University, 7.

MEXICAN GIVEN 15 DAY STAY FROM DEATH CHAIR

AUSTIN, May 10.—Juan Flores, Mexican who was scheduled to be electrocuted tonight for the murder of Manuel Fernandez, another Mexican, was given a 15 day stay today by Governor Moody so that he may investigate his application for commutation of sentence.

Under the experienced and skillful direction of Principal H. V. Niemo, elaborate preparations are going forward toward the coronation ceremonial of Her Most Gracious Highness, Queen Lobo IV, by His Royal Highness, King Lobo IV on Friday evening.

The Cisco high school gymnasium is being "metamorphosed" into an ornate and picturesque Japanese garden. Silver lakes of pond lilies, winding walks over convex bridges and under festoons of wisteria blossoms, and all lighted with the soft glow of Japanese lanterns, make the boomer a fitting abode for any royal presence, a suitable setting for any royal occasion.

The heralds for the evening have been chosen: Lady Elsie of the House of Glenn and Lady Adelle of the House of Ford. The royal jester, who will furnish the amusement for the "merric company" will be Sir Quincy of the House of Lee. The Prince and Princess of Cisco, immediate attendants of King and Queen Lobo IV, will be Lord William of the House of Smith and Lady Charlie Mildred of the House of Taylor. Crown bearer is to be Little Lady Mary Ann of the House of Simon.

Names of representatives of neighboring realms already received are: Abilene—Prince Le Verle of the House of Andrus and Princess Dixie of the House of Frost.

Roscoe—Prince Cecil of the House of Pendleton and Princess Lady Frank Wain.

Crain Plains—Prince Jackie of the House of Lamb and Princess Bonnie of the House of Adams.

McMurry College, Abilene—Prince Gilmer of the House of Addison and Princess Dorothy of the House of Garrett.

Georgetown—Prince Paul of the House of Jones and Princess Edith of the House of Gray.

Mingus—Prince Elton of the House of Kenney and Princess Wilda of the House of Duke.

The names of the representatives of the high school classes are:

Senior Class—Prince Willard of the House of Miller and Princess Marion of the House of Mayer.

Junior Class—Prince Municy of the House of Pinkerton and Princess Gertrude of the House of Van Horn.

Sophomore—Prince Harold of the House of Pippen and Princess Maxine of the House of Terrant.

Freshman—Prince Chester of the House of Norvell and Princess Lulu Grace of the House of Kellogg.

Representatives of high school organizations will be:

Choral Club—Duke Leonard of the House of Meadows and Duchess Maxine of the House of Williams.

"C" Association—Duke Warren of the House of Edleman and Duchess Edith of the House of Qualls.

Gusher Staff—Duke Marselle of the House of Bedford and Duchess Marion of the House of Anderson.

Junior Dramatic—Duke Chuck of the House of Van Horn and Duchess Athelene of the House of Loney.

Senior Science Club—Duke Eugene of the House of Henderson and Duchess Ruby of the House of Tolle.

Senior Dramatic—Duke Dorn of the House of Holland and Duchess Marie of the House of Maulle.

Debate Club—Duke Charles of the House of Lanford and Duchess Mattie Lea of the House of Kunkel.

Latin Club—Duke Denney of the House of Mount and Duchess Harriett of the House of Angus.

Spanish Club—Duke Ocie of the House of Leveridge and Duchess Louise of the House of Yates.

Home Economics Club—Duke Alvis of the House of Gunn and Duchess Serena of the House of So Relle.

Public Speaking Club—Duke Garland of the House of Franks and Duchess Thelma of the House of Richards.

Band—Duke Milton of the House of Connally and Duchess Agnes of the House of Tombs.

Junior Science—Duke Clifford of the House of Turkneit and Duchess Olena of the House of May.

Tennis Club—Duke Le Roy of the House of Stockard and Duchess Elizabeth of the House of Kellogg.

WEATHER

West Texas—Tonight and Friday local showers, cooler.

East Texas—Tonight and Friday cooler, local thunder showers.

EASTLAND, May 10.—An industry that will mean much to Eastland is now being established.

A creamery building is being constructed at a cost of \$20,000 by the Ideal Dairy of which Carl Swearingin and A. F. Lindsey are the owners. The building is located at the corner of Bassett and Lackland and will be 30 by 60 feet.

Installation of a churn will be one of the features and Ideal Sweet Cream butter will be manufactured. A pasteurization plant will be another feature.

An unlimited cream market will be provided and there will be a greater market for milk—provided of course, that the milk comes up to the standard set by the city regulations.

The new plant will mean a payroll of \$1,500 a month for Eastland. The Ideal also will sponsor a cream route.

Poppy day will also be observed. May 26, when ten high school girls will sell poppies on the streets. Every friend of the Legion is urged to buy a poppy.

Ben J. Dean, commander of the

old story. When a multimillionaire, rated the third richest man in the world, travels by air, people really gain confidence in flying. They figure that if it's safe for anybody with all that money, it's safe enough for them.

ROADS FOR THE FUTURE

Federal engineers, assigned to the job of making a traffic survey in a populous county whose highways were choking the life out of it, made a report which was duly filed and forgotten by most of the communities affected. One small town in the county, however, has just surprised everybody by taking that report literally and adopting its recommendations, especially those for laying out main traffic arteries and straightening and widening all important thoroughfares.

LIFE FOR LIQUOR

A housewife in Lansing, Mich., is facing life imprisonment for two pints of liquor, found in her home by deputy sheriffs. This is in accordance with a new Michigan law which provides the life penalty for "habitual criminals" and makes possession of liquor a felony.

INDICTING COUNTRIES

American criticism of India, culminating in Katherine Mayo's celebrated book, has got under the hides of Hindoos. One of them, Prof. Rajaram Gogate, an instructor in the New Jersey Law School, takes a little turn at criticism himself.

THE GOLDEN STREAM

American gold continues to flow away from this country. The export movement in April was the greatest ever—\$94,800,000. That makes \$345,000,000 which went abroad since the present movement began last September.

THE "BECALMED" OIL BURNER

A becalmed sailing vessel of olden days had nothing on "The Western Ocean," an oil-burning Shipping Board vessel. On April 18, off the Virginia capes, the Western Ocean ran out of fuel.

WEALTH FLIES

So rapid is air progress now that there is hardly a week but sees some new chapter unfolding. Since the recent trans-Atlantic flight from Europe, perhaps the most notable development has been the flying of Captain Alfred Loewenstein, the Belgian capitalist.

14TH DOLLAR FROM STATE SCHOOL FUND UNRECEIVED

The fourteenth dollar of the state school apportionment has not yet been remitted by the state educational department to the Cisco school board, according to information given out at the business secretary's office Wednesday.

and vocational work in the high school, and will receive \$800 additional some time in June from the federal government, and \$400 from the state," Secretary Vaughan stated.

LAND CHIEF IN RACE

AUSTIN, May 9.—Land Commissioner J. T. Robinson has filed with the Democratic chairman his announcement for re-election and application for a place on the ticket, he said Tuesday.

Presbyterians and Methodists to Consider Union of Churches Involving Fourth of Population

CHICAGO, May 10.—The greatest church union in the history of the world, involving a fourth of the people in the United States, will be launched this month, it has been announced here.

The Presbyterian and Methodist Episcopal churches will attempt a merger both of members and of property. The two churches, in all their branches have 10,000,000 active members and 14,000,000 adherents, including Sunday school members.

Property involved in the giant spiritual combine totals nearly a billion dollars, in 35,000 churches throughout the country, as well as schools, hospitals, philanthropic enterprises and other interests.

Millions of Members
In the northern branches of the two churches there are 7,900,000 active members and 10,000,000 adherents; in the southern branches 3,900,000 members and 4,000,000 adherents.

Commissions in both churches will be appointed immediately, it was learned, to investigate the problems connected with the proposed union.

During the month the proposal will come before the general conference of the Methodist Episcopal church at Kansas City, and the general assembly of the Presbyterian church at Tulsa, Okla.

For the first time in the history of American religious history, according to local officials of both churches, the difficulties attendant to a merger are not looked upon as unmanageable.

Various attempts at such a union have been made before, but minor disagreements on teaching as well as property involved blocked action.

Property of the Methodist Episcopal church is estimated in value at \$350,000,000, in 25,000 churches. The Presbyterian church has 10,000 churches valued at \$200,000,000.

These tremendous valuations constitute one of the most complicated problems to be solved, it was understood. In many communities there are churches of the two denominations close together, and the merger might mean elimination of some of the duplications in religious service.

Serious Problem
Division of the Protestant churches, with resultant weakening of all sects, has been a serious problem in the minds of ecclesiastical leaders.

The recent merger of Canadian churches, including the Congregational church and the two involved in the proposed American merger, has been successful, it was pointed out. A similar plan is proposed in this country.

Completion of the unification would be made as quickly as possible, it was understood, after the preliminary differences were ironed out.

Most of these differences, however, do not involve questions of teachings or dogma, but merely adjustments necessary in such a large combination.

Leaders of both churches in Chicago district have expressed approval of tentative plans which are expected to mature into a definite policy this month.

From other leaders in both churches it was learned that other denominations are expected to follow into the merger when it is seen to be successful.

The completed merger, according to those church leaders would include more than half the persons in the United States, as members and adherents.

NO DEATHS IN CISCO IN APRIL, DR. BRICE SAYS

There were no deaths in Cisco during April, according to the vital statistics report of Dr. John H. Brice, city health officer. Reports were made of 14 births but some of these were in previous months which attending physicians had not registered. Of the births recorded eight were of girls and six of boys, as follows:

Mr. and Mrs. R. E. Grantham, April 5, girl; Mr. and Mrs. Mack McGuff, April 10, a girl; Mr. and Mrs. H. L. Williams, April 2, a boy; Mr. and Mrs. C. C. Clifton, April 24, a boy; Mr. and Mrs. Virgil H. Conlee, April 12, a girl; Mr. and Mrs. Carl L. Mix, April 14, a girl; Mr. and Mrs. W. M. Grozier, April 1, a girl; Mr. and Mrs. R. M. Rich, Jan 26, a boy; Mr. and Mrs. B. R. Wilson, April 29, a girl; Mr. and Mrs. P. A. Cone, Jan. 27, a girl; Mr. and Mrs. E. W. French, April 27, a boy; Mr. and Mrs. R. C. Baldree, March 4, a girl; Mr. and Mrs. E. J. Clements, April 16, a boy; Mr. and Mrs. Harry Durham, April 7, a boy.

MOTION SUBMITTED IN EASTLAND COURT CASE

AUSTIN, May 10.—The motion of Ed S. Pritchard, Eastland county judge, for leave to intervene as "friend of the court" for rehearing of the supreme court's holding that his county court-at-law is unconstitutional was submitted Wednesday. The court's decision was made recently in a case involving the state and P. G. Gillett.

SUNSHINE SINGERS WILL MEET IN JUNE

The T-P Sunshine district singing convention, which includes Eastland and some twenty or more adjoining counties, will be held at Sweetwater on June 9 and 10. Judge R. L. Rust of Eastland is president of the convention.

PUTNAM

Mr. and Mrs. Raymond Hale of Cross Plains spent the week end with Mrs. Hale's parents, Mr. and Mrs. C. K. Peck.

Friends of Miss Mary Yeager will be glad to learn that she has been given a place in the faculty of the public schools of Abilene for the coming year.

Messrs. W. H. Norred and Fred Farmer attended a merchants' banquet at the Hilton hotel in Abilene Monday.

Mr. and Mrs. J. R. Burnett of Cisco, spent Sunday with Mr. and Mrs. J. S. Yeager.

Earl Bowers of Rising Star visited here Sunday.

Miss Beryl Webb, of Miles, Texas, spent a few days this week visiting her brother, Russell Webb, principal of the high school.

Mrs. H. V. Vittitow, of Jayton, visited her sisters, Mrs. G. P. Gaston and Mrs. Clyde King, this week.

Mrs. Bess McCool and Mrs. Ernest Whitaker were shopping in Cisco Saturday.

Joe Neumann, of Abilene, was in Putnam Saturday transacting business.

A unique sandwich shop has been erected on Main street and is now open to the public.

Mr. J. S. Yeager and daughter, Mrs. Mildred Yeager, spent Monday in Moran.

J. A. Sharpe, proprietor of the Mission Cafe, has purchased the new Highway Cafe and is now open for business.

Mrs. Clyde Hicks and children, of Abilene, are visiting Mrs. Hicks' parents, Mr. and Mrs. W. A. Buchanan.

Miss Faye Cuerville, teacher in the public schools, was called to the bedside of her brother at Midland, this week.

Burnell Osborne, of Cisco, visited in Putnam Sunday.

Miss Eva Moore, of Baird, spent the week end with homefolks.

"Red" Wilbank, of Brownwood, was a business visitor in Putnam Monday.

Mrs. Jewel Huey, teacher in the public schools, spent the week end in Ranger.

The P. T. A. held "open house" at the high school Saturday night. Cake, punch and sandwiches were served the visitors. A large number of school patrons were in attendance.

Rev. J. B. Baker and Clyde King were in Abilene this week taking a Sunday school course.

Mrs. D. E. Renfro and Mrs. G. P. Gaskin spent the day in Eastland Saturday.

The young people's department of the First Methodist church of Abilene presented a program at the high school auditorium Thursday night.

Mr. and Mrs. Ray Wilbank, of Brownwood were in Putnam Saturday.

The Senior B. Y. P. U. of the First Baptist church was reorganized last Sunday evening. The following officers were elected: Miss Faye Pratt, president; Clarence Day, first vice president; Truett Little, second vice president; Jessie Tatum, third vice president; Mildred Yeager, recording secretary; Joe Belle Black, corresponding secretary; Mildred Yarbrough, reporter.

The Thursday afternoon Bridge club met at the home of Mrs. L. B. Williams this week. Mrs. J. M. Cribbs won high score and Mrs. W. R. Hamlin, second. Mrs. W. A. Harder took the guest prize. A delicious salad course was served to the following: Mesdames Pierce Shackelford, James Cribbs, W. R. Hamlin, W. A. Harder, Misses Lois Kennedy and Ted Moore.

STOP THAT ITCHING

Use Blue Star Remedy to relieve Eczema, Itch, Tetter, Ringworm, Poison Oak, Pimples, Hand-ruff, Sores on Children, Cracked Hands, Sore Blistered Feet, Red Bug bites and all itching skin diseases. It penetrates the skin, kills out the germs, stops the itching at once, and restores moist cases to a healthy condition. Blue Star Soap may be used as a cleanser before applying Blue Star Remedy. 3,205 Mile Highway Reaching from Atlantic to the Pacific Is Ready for American Tourists

WASHINGTON, May 10.—Westward in the path of Empire, along routes traversed by the pioneers of America from the Atlantic to the Golden Gate, and including, in the Ohio valley, the longest stretch of practically straight road in the country, United States Route 10-40, crosses 14 states, and offers to the transcontinental motor tourist a panorama of the mid-section of the country that epitomizes the westward expansion of the nation from Colonial days to the present.

Details about this route have just been issued by the bureau of agriculture. From its eastern terminus at Atlantic City this highway following for 3,205 miles the same course or one closely parallel to that of the earliest settlers of the Ohio, Mississippi and Missouri valleys. It touches on the two great gold fields of California and Colorado which accelerated so greatly the settlement of the western half of the continent. It traverses also the Mormon settlement in Utah, the great pioneer agricultural experiment sponsored by Brigham Young.

From Wilmington, Del. to St. Mary's, Kans. the highway is paved for the full distance, 1234 miles. From Salt Lake City to San Francisco—890 miles—it is surfaced. Less than 14 per cent of its length is unimproved. This road, designated United States route 40 by state and federal highway officials runs a central course through the country. East of the Rockies the road is passable the year around. In the passes of the Rockies and in the Sierras it has not proved feasible to keep the road open in the winter and the route is not to be depended on from October 15 to April or May.

Federal aid has played a large part in the improvement of this road. The United States government has contributed nearly \$12,000,000 to its improvement. Federal aid projects on this route include 700 miles of pavement, 723 miles of surfaced road, 132 miles of graded road, and more than 4 miles of bridges. Although not yet completed the highway is everywhere in passable condition except when blocked by snows in the mountains.

"SAVE-A-LIFE" PERIOD IS SET MAY 19-JUNE 9

AUSTIN, May 10.—Governor Dan Moody has issued a proclamation designating May 19 to June 9 as Save-A-Life period, and has asked that every motorist in Texas make a similar proclamation.

Governor Moody's statement follows: Whereas, experience has demonstrated that a considerable portion of the accidents involving motor vehicles is directly chargeable to defective mechanism or equipment; and

Whereas, these accidents leave in their wake untold suffering and loss of human life and limb, entirely aside from wanton waste of and damage to property; and

Whereas, a feasible plan has been worked out to aid highway departments and state officials and ably aided by the automobile industry and the garages and service stations, has arranged for such inspection, free of charge, to include examination of brakes, horns, lights, steering mechanism and mirrors during the period May 19th to June 9th;

Now, therefore, I, Dan Moody, governor of the state of Texas, do proclaim the period May 19 to June 9 as a Save-A-Life period.

And I earnestly urge that all owners of motor vehicles avail themselves of this opportunity of free inspection of such vehicles and the elimination of all defects.

I respectfully commend to the mayor of each city, town and village that they make similar proclamation to their townspeople, that presidents of chambers of commerce, luncheon and motor clubs and civic organizations, stress the significance of this safely movement, and I further recommend the subject of public safety as an appropriate theme for clergymen and public speakers during the public safety period, to the end that greater success will attend the effort to reduce car accident hazard.

Purchasing Power of Dollar Is Highest Now in Nearly 5 Years; Business Conditions Improved

NEW YORK, May 10.—Business conditions in the United States have shown improvement since the first of the year, particularly in the automobile, steel and building industries, according to monthly reports received by the National Conference Board from 2300 manufacturers throughout the country.

Living costs are gradually declining, wages remaining comparatively high, unemployment is disappearing and the purchasing power of the dollar is higher today than it has been for nearly five years, the board reports. The board is maintained by thirty national and state organizations for the purpose of exchanging information and experience and to provide a forum for discussion of matters of economic significance.

Food, rent and clothing are cheaper. "The people are living better; they have more luxuries than ever. Savings banks are doing a prosperous business. Savings banks, building and loan associations and life insurance premiums paid show an increase in 1927 of 23 per cent of population over 1914.

The cost of living, according to the board's figures, is today at the lowest point since June, 1923, when it was about the present level.

Reports at Methodist District Conference Are Quite Pleasing

300 Recent Additions to Church Are Made; Indebtedness Is Cut by \$10,000; 200 at DeLeon Sessions

Reports pleasing to church officials of the Cisco district were made at the district conference at De Leon Tuesday and Wednesday. Rev. C. O. Shugart, Cisco, presiding elder, said Thursday on returning to Cisco. Two hundred delegates were in attendance besides visitors from other sections. The Cisco district comprises Eastland and Stephens counties and parts of Brown, Comanche and Erath counties.

Among the delegates from Cisco were Rev. and Mrs. P. T. Stanford, G. P. Mitcham, Rev. and Mrs. Stuart of the First Methodist church and Rev. W. L. Connell, M. H. Spohn, Mrs. O. D. McDonald and Mrs. Arthur Armstrong from the Twelfth Street church.

Reports were entirely reassuring, Rev. Shugart said. "Although the revival season is yet to come, there have been some 300 additions to the church, nearly 100 of these on profession of faith. Collections are normal in spite of rather difficult financial conditions in town and country. Some \$10,000 has been paid toward the indebtedness of the churches. New buildings are under construction at Dublin and Carbon to replace those lost by fire. The beautiful new church at Eastland was formally opened by Bishop John M. Moore on April 22.

"The cultivation program of the church is progressing well. A large attendance is certain at the district standard training school, which will be held at Eastland May 27 to June 1. Of the seven courses to be offered at the school, five will deal with specializations subjects.

"George Winsten of Cisco was included in the list of lay delegates elected to represent the district at the annual conference, which meets at Ranger November 14.

"Among the prominent speakers who addressed the conference were Dr. Frank Brandon, of Atlanta, Ga., Dr. W. B. Andrews, of Fort Worth, Rev. O. F. Sensusbaugh, formerly

SEQUIN CAPES ARE
MADE FOR EVENING

PARIS, May 11.—Sequin capes are a bright feature of the evening made in Paris this spring. They are a charming little addition to the plain evening frock of georgette or chiffon hanging in a deep round effect from the back of the shoulders with a little standing fold of the plain material extending around the neck and thickly embroidered in an old-fashioned design reminiscent of the "palm leaf" in sparkling sequins.

One of the loveliest of these is in corn colored tulle embroidered in gold paillettes and worn with a frothy frock of the same material. Another in garnum red georgette has the cape embroidered in red sequins.

Margaret Shotwell, American "cigarette princess" from Oklahoma is wearing a charming little sequin cape in shined blue embroidered in silver with a brook of black velvet.

Black tulle has its cape embroidered all over in wavy lines of sequins and crystal beads, with there a line of sparkling rhinestones.

Bronze colored sequins making the charming collar and cuffs of a beige crepe dancing frock made chemically alike. Another novel neck trimming consists of black tulle embroidered in silver or gold paillettes, tied with a wire bow and having long ends. It is worn with a gown of black tulle and lace. Flaring cuffs embroidered in sequins are another novelty, worn with all-evening gown.

VICTOR RAMOS GIVEN LIBERTY; BOND IS MADE

ABILENE, May 10.—Victor Ramos, the Mexican wounded last December 23 at Station in an early morning shooting that claimed the lives of his two companions, is a free and happy man. He was released under bond through arrangements made by J. P. Cunningham, counsel in the prosecution of Lee Smith and Bob Black, district attorney.

Ramos, an unfortunate Mexican laborer who was led into an alleged death trap, has been held in jail since the shooting. During the trial he voiced his yearning to be released from the confinement of jail. "I didn't do anything," he explained. He said officer had treated him with kindness and sympathy.

Ramos came down the steps of the courthouse, a big smile on his face. "I am free," he explained in his accented English.

Our operations in Nicaragua thus far have cost \$1,600,000. This does not include the newspaper space taken by objectors.—The Lansing State Journal.

TEXAS U. EXES PLAN REUNION FOR JUNE 2ND

AUSTIN, May 10.—University of Texas ex-students will meet here for their annual reunion and business meeting at the University June 2.

Final reports of the University Union campaign for \$500,000 to be used in construction of three campus buildings will be made at the meeting. Under present conditions the exes will have no meeting hall of their own but will meet in the University Y. M. C. A. for their business session and at the University cafeteria for luncheon.

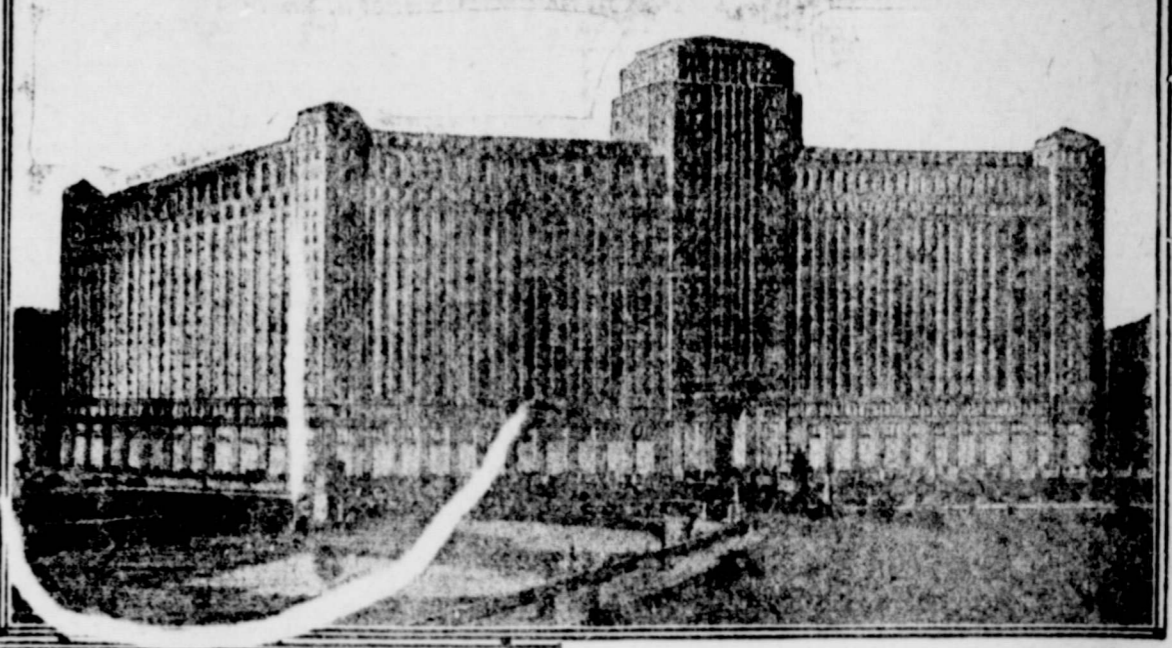

T. W. Gregory, of Houston, president of the association will make his final report of the union campaign.

There is only \$12,000 in Chicago's treasury to meet obligations of more than a million. But what is money to new found virtue?—The New York Sun.

An optimist is the fellow who called them easy payments.

GREAT MERCHANDISE MART WORLD'S BIGGEST BUILDING

New \$30,000,000 Project for Chicago's Great Central Market—Foremost Manufacturers, Wholesalers and Importers Under One Roof—Freight Station in Building—Club for Merchants in Tower—Biggest Single Development of Air Rights.

CHICAGO, (SPECIAL).—Chicago is to have a gigantic Merchandise Mart housed in its own building, which will be twice the size of the largest business building in the world. This mammoth structure, two city blocks in length, 18 to 25 stories high, is planned for the service and convenience of merchants, buyers of the United States and to achieve for Chicago a still greater prestige as a Great Central Market. It was declared today. It will cost \$30,000,000. Construction will begin immediately.

The project will be the largest single development of air rights. The property of the building except for cat-suits begins 25 feet above "downtown."

The big business of the country is now done mainly in concentrated market places, as evidenced by the Garment Center and Cotton Goods Center in New York City, automobile rows in all leading cities, financial buildings, and the Furniture Mart in Chicago, where more than 700 furniture manufacturers show their products side by side, in the most honest, manner and under ideal conditions. Business men have learned that the center they are to the centers of these market places, the greater is their opportunity for volume and profit.

The establishment of the Merchandise Mart is a dramatic development in the program to make Chicago the Great Central Market, a movement which the Chicago Association of Commerce started a number of years ago and a goal toward which it has been devoting its energies continuously ever since, under the leadership of its Foreign and Domestic Commerce committee.

Bird's-Eye View of Chicago's New Business District Carrying Out the Theme of the City Beautiful in Which the Merchandise Mart Will Be a Dominant Factor.

- ### The Ten Largest Business Buildings in the World
- Comparison of the cubage of the largest buildings in the world shows the Merchandise Mart, to be erected in Chicago, will be more than twice the size of the largest business building ever constructed. Here are the figures in cubic feet:
1. The Merchandise Mart, 53,000,000.
 2. Chicago Furniture Mart, 25,370,000.
 3. Equitable Building, New York City, 24,000,000.
 4. General Motors, Detroit, 20,411,000.
 5. Union Trust, Cleveland, 20,000,000.
 6. Railway Exchange, St. Louis, 18,650,000.
 7. Illinois Merchants' Bank, Chicago, 17,850,000.
 8. Continental & Commercial Bank, Chicago, 13,200,000.
 9. Woolworth Building, New York City, 13,200,000.
 10. Straus Building, Chicago, 10,000,000.

Located on River Front.

This great Mart, which will house sales quarters and merchandise displays of several hundred of the country's foremost manufacturers, wholesalers and importers, will be located in the rapidly developing new river district, and will occupy a distinctly conspicuous position just across the river from Wacker Drive at Wells street, where the southern facade of the structure will be visible for blocks. The site was formerly that of the Chicago and North Western Railway Company's passenger station. The building will extend 724 feet on Kinzie street, 577 feet on the river front and 324 feet on Wells street.

The diagonal frontage facing Orleans and Franklin streets. It will be set back from the river about 80 feet to accommodate a broad upper level drive extending from Wells to Franklin. The main entrance of the building will face the river and the drive.

The Merchandise Mart will have a total floor space of about 4,000,000 square feet, as compared with slightly less than 2,000,000 square feet, which is the floor area of the Furniture Mart, the next largest building. Each of the eighteen main floors will have an area of more than 200,000 square feet.

Within the walls of this huge edifice the retail merchants of the United States, Canada and foreign countries will be able to see, under one roof, hundreds of lines of the world's best merchandise. The manufacturers' exhibits will include textiles, ready-to-wear, toys, laces, gloves, carpets, military, silverware, glass, rugs, knit goods, hosiery, shoes, men's wear, fancy goods, sport goods, art and antiques, jewelry, trunks, toilet articles, house furnishings, office equipment and scores of other merchandise displays. Among the largest tenants will be the wholesale and manufacturing sales departments of Marshall Field & Company.

Time Saver for Merchants.

Every possible facility will be provided for the comfort and convenience of the retail merchant, who under one roof will be able to see hundreds of lines, thus saving time and money by doing in a few hours what ordinarily would take him days to accomplish.

On all floors of the Mart will be great corridors, with all the appearance of boulevards, more than 600 feet in length, on either side of which will be the shops displaying their varied lines—veritable business streets. These great corridors will be impressively lighted architecturally, and with the large space available it will be possible to house

The Merchandise Mart of Chicago, Twice the Size of the World's Largest Business Building, to Cost \$30,000,000.

ties for receiving and shipping merchandise as the new Merchandise Mart. The entire ground level below the street floor will be a modern freight station. Private tracks for incoming carload freight will extend under the center of the building. The Chicago and North Western Railway will operate an inbound freight station for less than carload lots, as well as an out-bound station, which will connect with all other roads through its new Proviso yards. The merchandise as it comes into this big freight station will be loaded into high-speed conveyors and transported immediately to the exact floor and aisle of the merchant for whom it is intended.

Connection will be made with the Illinois Tunnel Company's system of freight transportation, which has more than sixty miles of tracks beneath the streets and buildings of the city, reaching all other railroad terminals. A river dock for vessels will connect with the south freight elevators of the building.

Club Planned for Tower.

One of the interesting features planned for the Mart will be a Merchants' Club in the tower of the building, with lounging rooms, reading and smoking rooms, where the retailer may relax and meet his friends. The Mart will provide the retailer with everything but a place to sleep. He can go direct from the train to the Mart with his luggage. Here his hotel reservations will be taken care of, his baggage transported to his hotel and placed in his room. Restaurants, lunch rooms and grills in the Mart will further economize his time. He will have the facilities of a barber shop, and a branch postoffice, telegraph office and public stenographers will afford him the opportunity to handle his correspondence without leaving the building. One of the biggest telephone exchanges in the world will be installed in the Mart.

Many other unique features are being considered for the Mart, including an Assembly Hall, where trade meetings, business conferences and fashion shows may be held from time to time. As the plans are worked out, many other novel features may be decided upon.

Within recent years Chicago's central business district has been developing northward across the Chicago river. East of State street, along North Michigan avenue, Cass, Rush and other streets, this development has reached impressive proportions, evidenced by more than twenty large buildings. To the west of State street, a comparable development is under way. The site of the new Merchandise Mart is in the direct path of this northward movement. As the development to the East is devoted chiefly to office buildings, retail buildings, hotel and apartment buildings, it is pointed out that the development to the West logically is being devoted to the accommodation of the wholesale district in its northern expansion.

LaSalle street is being widened to one hundred eight feet, north to Lincoln Park. The LaSalle street bridge is now under construction. The Franklin-Orleans bridge and the Wells street bridge give easy access from Wacker Drive. A new drive, harmonizing with Wacker Drive, is planned to run along the north bank of the river straight west to widened Canal street, giving additional access to the principal north, west and south traffic arteries.

In the new river district where the Merchandise Mart is to be located, many great buildings have been erected, and others soon will be begun. The Builders' Building, the Engineers' Building, the Chicago Evening Post Building, have been completed opposite the new Mart on Wacker Drive. The new Chicago Daily News Building and the great new opera house of the Chicago Civic Opera Company are being constructed on the river three blocks south

OF A SOCIAL NATURE

Freebyterian Church Circle
Met Tuesday Afternoon.

Mrs. R. B. Carwell entertained Circle Two of Presbyterian auxiliary Tuesday afternoon at her home in Humboldt. Mrs. J. M. Carter read the devotional, Rev. B. C. Boney then offered prayer, followed by an interesting talk from him on "Home Missions." Mrs. W. R. Simmonds, the chairman was in charge of business session. Several business matters were disposed of, at which time the study book for the coming year was selected. After an interesting meeting, the circle closed with a prayer by Mrs. C. H. Fee. The hostess served delightful refreshments to twelve members and two guests.

Y. H. T. H. Bridge Club
Annual Party.

The members of the Y. H. T. H. Bridge club were entertained with a 1 o'clock luncheon Wednesday afternoon at the home of Mrs. R. C. Hayes with Mrs. Nina Phillips as hostess. The rooms were attractively decorated with roses and flowers of the season. The tables were decorated with vases of roses and the silver appointments. After a delightful luncheon, the guests enjoyed several hours of bridge. Mrs. A. Hamfield had the high score for the year with Mrs. E. E. Jones' second high. Those present were: Mesdames E. J. Anderson, Will Cunningham, James Bates, Hoyt Arnes, C. D. Robart, E. E. Jones, Roy Stover, H. I. Stock, A. Hamfield, R. C. Hayes and the hostess.

Wednesday Study Club
Met With Mrs. Tichenor.

Mrs. Jim Tichenor was hostess to the Wednesday Study club Wednesday afternoon at her home on West Seventh street. The president, Mrs. Jack Kelly, called the meeting to order and the secretary, Mrs. J. L. McMurray had the roll call with nine members answering with the name of a famous pottery maker. During the business meeting plans were discussed for the luncheon to be given May 21, at Acorn-Acres. This is the annual luncheon given by this club to close the club year. Mrs. Tichenor had charge of the program and the following interesting papers were given: "History of Pottery" Mrs. M. C. Williamson; "American Pottery," Mrs. Martin Matson; "European Pottery," Mrs. John Duker. The round table discussion was led by Mrs. McMurray. The club adjourned to meet May 23, with Miss Mary Fox, at her home on West Sixth street.

Mrs. Porter Hostess to U. D. C. Chapter.

Mrs. R. C. Porter entertained the U. D. C. chapter at her home on U. D. avenue Wednesday afternoon. During the business session this chapter voted to entertain the old soldiers once a month on the third Thursday. This will be a get-together for the old soldiers and no programs are being planned; they will be entertained among themselves. The chapter is planning a picnic Thursday, May 17, at U. D.

C. park on D avenue. A most enjoyable social hour was held, following the business session, at which time the hostess served cake and ice cream to 10 members.

Mrs. Farmer Hostess to Baptist Circle.

Circle Three of the Baptist W. M. S. met Tuesday afternoon at the home of Mrs. J. B. Farmer, 1001 West Seventh street. Mrs. Farmer opened the meeting with a short business session, after which Mrs. Fisking Lee read the devotional. This was followed by a short prayer by Mrs. C. H. Van Eman. The remainder of the afternoon was devoted to the grading of the papers on the study course, "Baptists in Italy." The hostess served refreshments to 11 members, after which the circle adjourned to meet May 15, at the church.

South Ward P. T. A. Meet in Last Meeting of the Year.

The members of the South Ward P. T. A. met Wednesday afternoon at the school in the last meeting of the club year with Mrs. George Simpson, president, presiding over the business session. The P. T. A. voted to have a picnic, Wednesday, May 16, for the entire South Ward school with their parents. All are requested to meet at the school at 6 o'clock and will go from there to the picnic grounds. The following program was given by the students of the Fourth grade: Reading, Billie Barnum; reading, June Schwarz; song "Fishing," by the girls of the Fourth grade; song, "The Texas Canary," by the boys of the Fourth grade. There were 20 members present.

LIVESTOCK SHIPMENTS ON TUESDAY

Tuesday, May 16, is the regular monthly shipping day for the Cisco Cooperative Livestock association, when the members of the association will ship out three cars of hogs and one car of cattle. It is not definitely ascertained at this time just how many head will be shipped, as the shippers have not all been seen, but there will be sent out about 40 to 45 head of cattle and around 335 head of hogs, it is thought. The last shipment the association sent to market contained 333 hogs and 44 cattle, netting the shippers over \$7,500.

PAUL CASE, Dept. S-226, Brooklyn, Mass.

Fight on Pollution of Streams Around Breckenridge Is Begun by Game Commission Official

BRECKENRIDGE, May 10.—Pollution of streams in the vicinity of Breckenridge is the issue in a vigorous campaign which S. R. Thrasher, of the Game, Fish and Oyster commission of the state is waging here. Thrasher, who is also working in connection with the attorney general's department asserted that unless those who are responsible for polluted condition of surface waters here take steps to remedy the conditions action will be brought against them immediately.

He declared that numerous complaints especially against the tailing of waters with oil and salt have been received and that fish life in many instances is being destroyed while stock waters are ruined.

He said that the conditions are traceable in most instances to oil companies operating in the vicinity of such waters and that no means of preventing the conditions complained of have been taken in the majority of cases.

Notice is being issued at this time, he said, to enable those responsible to correct these conditions without being forced to do so through a resort to legal pressure. However, he added, a close inspection of polluted districts is

by Mrs. Smith, who lives in North Chico. "Of course not all the hens in the flock are laying eggs of these dimensions, nor are all of this hen's eggs this size, but all eggs this hen lays are extra large," Mrs. Smith stated.

Anyway, Mussolini believes in the liberty of the suppress.

PYTHIANS TO MEET IN 1929 IN BEAUMONT

AUSTIN, May 10. — Beaumont was selected as the 1929 convention city and Henry Miller of Weatherford was elected Grand Keeper of Records and Seals for the fortieth year's service Wednesday by the Grand Lodge, Knights of Pythias, in joint annual convention here with the Pythian Sisters.

Mrs. F. Gordon, Dallas, was elected grand chief of the Pythian Sisters of Texas Wednesday at a business session of the order which is in a joint five-day convention here with the Grand Lodge, Knights of Pythias.

Other Pythian Sisters officers elected were Mrs. Belle Boyd, Houston, grand senior; Mrs. Alta Lacey, Denison, grand manager, and Mrs. Elsie Moore, Fort Arthur, grand protector.

P. O. Beard of Marshall was elected grand chancellor to succeed L. S. Lacey of Denison; A. L. Leonard of Beaumont was elected grand vice chancellor; W. F. Skillman, Dallas, grand master of exchequer; Ellis P. House, Dallas, grand prelate; Royal G. Phillips, Tyler, grand master at arms; John L. Smith, Throckmorton, grand insur-guard; L. L. Hoge, Austin, grand outer guard.

Breckenridge was the only other active bidder for the next convention, although Amarillo and Greenville had been mentioned as contenders.

FUNERAL FOR O. W. FORD IS HELD TODAY

The funeral service for the late O. W. Ford are being held this afternoon at 3 o'clock, at the First Methodist church, conducted by Rev. B. M. Morton, of Abilene, assisted by the pastor, Rev. P. T. Stanford. Burial will be in Oakwood cemetery, under Masonic auspices.

Ford died Sunday night at the home of Mrs. Ford's parents, Mr. and Mrs. J. A. Elliott, 704 West Ninth street, to which place he was brought from his home at Nimrod. He was a driller, employed by Fred Moellendick on a well in the Cross Cut field, and shortly after going to work Sunday afternoon, complained of being ill, and returned home, where he rapidly grew worse. Mrs. Ford brought him to Cisco, where he died at 9:30 o'clock that night. He was 29 years of age, and was a member of the Desdemona Masonic blue lodge; the German Masonic chapter, and the Cisco Commandery. His widow, who is a sister of the Elliott brothers, well known Cisco business men, and one child survive, besides his father, several brothers and sisters.

Dairying Development Greatest Project, Druggist Says

Milk Plant Will Bring Year Round Industry and Side Lines of Profit to Farmers, View of Leon Maner

Druggist Leon Maner, who has spent over a year in the study of the dairying industry, thinks the greatest benefit to be derived from the building of a great dairying business for Cisco territory. The project is great because of its far reaching benefits to every class of business and farming interest. There is no form of occupation that will not be benefited by a large milk plant, which will take the milk from more than 10,000 cows every day, 365 days in the year. Cotton is no longer dependable as a staple crop; truck is subject to the caprices of our Texas seasons which are more dry than wet and which give us winter when everyone is expecting summer, while if the temperature is right and the rains do come as ordered, bugs and weeds are still to be reckoned with as a constant menace.

This section is about as sure as any state in the union for hay, legumes and other feed crops. With plenty of feed, where could we find a better market than through the feeding of good dairy cows?

Every poor farming section in the United States has found its redemption from poverty through dairying and poultry. And they go hand in hand. Skim milk is highly essential to a cheap diet for chickens. The waste from ten cows will furnish sustenance for a large flock of hens who in turn will convert that waste into profitable eggs.

North Carolina, long recognized as one of the poorest states in the Union, has climbed to second place in the production of dairy products. Land has increased in fertility because of the pasturing of dairy herds on every small farm. The nitrogen content of the soil has been increased from the raising of sweet clover and other nitrogen retaining legumes.

Mr. Maner further states that sweet clover thrives well here. He has tested its growth in his back yard and has given seed to several of his friends, who have also made satisfactory tests on small tracts of land. This adaptability of sweet clover to this section is another argument in favor of the dairy industry here. A small clover pasture will keep cows grazing contentedly throughout the year.

Then, with every argument in favor of milk development in this section, why, says Mr. Maner,

\$36,000,000 TO BE SPENT THIS YEAR BY BELL

The Southwestern Bell Telephone company, which operates in Missouri, Arkansas, Oklahoma and Texas, has authorized gross additions to its plant, or telephone property and equipment, to the amount of \$9,012,586 for the first quarter of 1928. These authorizations, on estimates approved for the first quarter of this year, provide that \$4,947,582 worth of worn and obsolete equipment will be removed, leaving a net addition to the company's telephone property of \$4,065,004. The estimate total expenditure by the Southwestern Bell telephone company for plant additions in the five states in which the company operates, during 1928 will amount to \$36,000,000.

SWEETWATER FARMER HELD AFTER KILLING

SWEETWATER, May 10.—Bert Trammell, about 35, farmer and breeder of polo ponies, surrendered to Nolan county officers Wednesday in the fatal shooting of Charles Wells, cattle buyer. Wells was unarmed, an examination of the body showed, officers declared.

Justice J. W. Brashear at Trammell's examining trial held the latter on a charge of murder under \$10,000 bond. On advice of counsel, Trammell declined to make a statement.

Wells had been acquitted of the murder of Philip Trammell, uncle of Bert Trammell, slain a little more than a year ago.

DEMOCRATS TO USE JUDGMENT AT BEAUMONT

The Eastland county delegation to the Democratic state convention at Beaumont instructed as to any candidate for the presidential nomination. The only instructions given the delegation at the county convention in Eastland Tuesday afternoon was that it vote as a unit and use its own judgment in casting its vote for the best interests of the party. No proxies will be permitted from this county, the delegates having to attend personally.

Forty-six delegates were elected to attend the Beaumont convention. The majority of those in attendance will decide how Eastland county's five votes will be cast. A majority of the delegations is favorable to the candidacy of Governor Al Smith of New York. Texas will have 40 votes in the national convention at Houston.

J. M. Williamson of Cisco was chosen as chairman of the county convention and Judge A. E. Firmin of Ranger secretary. After appointment of credentials, resolutions, on estimates approved for the first quarter of this year, provide that \$4,947,582 worth of worn and obsolete equipment will be removed, leaving a net addition to the company's telephone property of \$4,065,004. The estimate total expenditure by the Southwestern Bell telephone company for plant additions in the five states in which the company operates, during 1928 will amount to \$36,000,000.

Business of Sweet Cream Route Nearly Tripled in 2 Weeks

Patrons Will Receive Average of Over \$500 for Year on Present Basis; Possibilities Are Great

By E. H. VARNELL

Our first sweet cream route operated out of Cisco by Paul Weiser is growing daily. It is interesting to figure the value of the cream being marketed by means of this route at the present time.

Only 73 pounds of cream were brought in the first day, while two weeks later the average daily haul of sweet cream had increased to approximately 200 pounds daily, and the number of people patronizing the route increased from seven to twenty. While the amount of cream and the number of customers may seem small, it is interesting to note that a daily average of 200 pounds of cream testing 35 per cent at 40 cents per butterfat pound, which was the net price received by producers last week, will bring producers in one year \$10,220, or an average of over \$500 per year for each of the twenty patrons now using the route. This means an average monthly income of approximately \$42 for present producers.

The above mentioned facts only emphasize the possibilities of the daily industry around Cisco, and the representative of a small beginning. If one route out of Cisco can gather cream at the rate of \$10,000 worth per year when it has only been in existence two weeks, what are the possibilities of several routes covering territory in every direction from Cisco? At present there is not available a suitable market for the volume of either cream or whole milk that might be produced in such a territory. However, the problem of providing such a market is being carefully studied and every effort made to locate some form of milk

plant at Cisco. Members of the Cisco committee who visited 10 such plants in Mississippi, Tennessee and Arkansas report that Cisco offers as good advantages to such a plant as any of the 10 communities visited.

It is hoped that many others will patronize the sweet cream route now in operation. "It has many advantages over selling butter," says Mr. O. J. Weiser, who has been churning half of his cream and selling the other half as sweet cream, as a means of finding which is most profitable. Mr. Weiser made a total of 11c more from his butter than from the sweet cream and "this 11c represents the pay I received for my extra care of the cream, the labor of churning, the time used in hauling the butter to market and selling it, the expense of operating my car and other items. I am expecting to sell sweet cream in the future. When you figure it up there are too many items of expense in making good quality summer butter and marketing it the usual way."

"We certainly should have at least one or two well developed, well supported cream routes in operation when the time comes to invite the milk plant people here," says Mr. J. E. Spencer, a member of the Cisco committee. Other members of the Cisco committee, including J. E. T. Peters and L. A. White, were equally as enthusiastic about the necessity for early development of one or two good routes. The more Jersey cows, the more good bulls, the more cream patrons Cisco has the better chance we have to get a large plant.

CAPTAIN PAYNE IS DEAD AFTER LONG ILLNESS

Capt. N. E. Payne, well known Cisco insurance man, died last Saturday evening at 6 o'clock at his home, 1005 West Broadway, after an illness of several months. The funeral was held Sunday afternoon at the residence, the services being conducted under the auspices of the Cisco Elks lodge, of which he was a charter, as well as a life member. Burial was in Oakwood cemetery.

The malady that ultimately caused his death began to give him serious trouble last year, and he went to Washington, D. C., where he was treated in a government hospital, but returned home apparently worse than when he left. A week previous to his death he was at his office, attending to his regular business, and the morning of his death was able to be about the house.

He is survived by his widow, brothers and sisters. He was born in Bonner, Freestone county, Jan. 15, 1877; was married to Miss Ruth Church at Corsicana, Dec. 12, 1912. They moved to Cisco in 1919, and both soon became prominent in business and social circles.

Captain Payne served with distinction in the Spanish-American war. He had a wide acquaintance over the state, and possessed many warm personal friends in Cisco and elsewhere.

"We are going to miss Payne," was the comment of Dr. W. P. Lee, whose office is next to that of Captain Payne formerly occupied. "Payne was a likable fellow, loyal friend, and splendid neighbor" was the tribute of Dr. Paul M. Woods, whose offices are also in the Huey building. These expressions are the sentiments of most of those who knew "Neff" Payne, as he was familiarly known to Cisco intimates.

work to begin as soon as the new ware rooms are completed. The new ware rooms and offices will be erected on the quarter block owned by the West Texas Utilities Co. on the corner of E. avenue and West Fifth street, purchased some time ago on which to build the new headquarters offices of district B.

The first work to be done will be the erection of a new rooming house, Mr. Shepard said. This unit of the building will be erected on the alley back of the Cisco Steam Laundry, leaving ample driveway along the alley, and will be 64 by 48 feet. Work will start just as soon as the construction crews complete other jobs now nearing completion. The ice plant at Albany will be finished in about 45 days, Mr. Shepard said, and the crew at work there will be transferred here.

The office buildings will have

be commenced before next fall, according to Mr. Shepard. Plans have been prepared but it is probable that changes will be made between now and the time the construction begins. The present plans call for a frontage on Fifth street of 128 feet, with a depth of about 30 feet. A plaza and paved driveways will be reserved at the northeast corner of the block, with an entrance to the building from both Fifth street and E. avenue. The plaza will be planted to shrubs and flowers, which will make this site attractive as well as a business establishment.

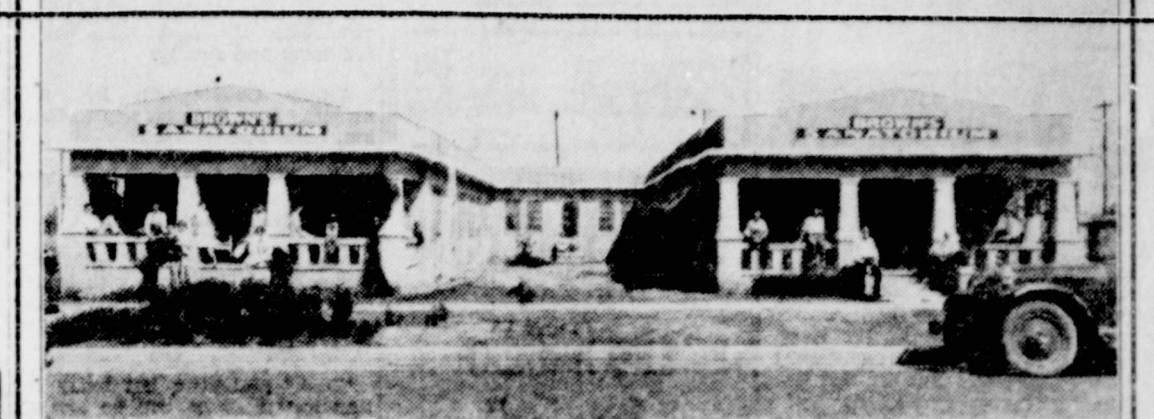

CISCO WELL REPRESENTED AT THROCKMORTON FETE

Cisco was well represented at the celebration at Throckmorton May 4, when a crowd, estimated at 15,000 people, gathered to wel-

come the first train of the Cisco & Northeastern railroad. Col. R. Q. Lee and Mrs. Lee were prominent guests on the occasion. It was Colonel Lee and associates

who built the road into Breckenridge, and it was Colonel Lee who commenced the extension of the road from Breckenridge into Throckmorton, prior to its sale to

the Texas & Pacific. Both Colonel and Mrs. Lee were given a royal reception by the citizens of Throckmorton and those who had assembled for the celebration.

WHAT HAS BEEN DONE

Ablene, Texas, April 22, 1922.

To Whom it May Concern:

It is with pleasure that I recommend Dr. Brown's treatment to the public. I was stricken with Sciatic Rheumatism after which I took Dr. Brown's treatment, and it was immediately after his magic touch that all pain ceased and I was able to walk around. I would recommend to anyone who is afflicted to take this treatment without delay. This treatment cured me after others had failed, and it can do the same for you.

CLYDE DANIEL,
Sec.-Mgr. Jones Co. Farm Bureau.

CONSULTATION FREE!

Rheumatism, Paralysis, High Blood Pressure, Catarrh, Constipation, Neuralgia, Lumbago, Gout, Nervousness, Female Complaints, Stomach and Liver Troubles, Tonics, Sinus Troubles and Kindred Ailments.

This treatment has been successfully applied for years in this locality. Practice has grown until this institute is known over Texas and other states, and in many instances people get relief after other treatments fail. We invite your investigation. Rates reasonable.

PERSONAL MAGNETISM—Personal magnetism is a scientific method of healing and has been practiced as far back as history dates. It is not an experiment but a natural law of healing. So we must turn the hands back on the dial of time and let nature prevail in her liberating of suffering humanity. Men have recognized the existence of this power of force and given it various names. History says this force is "Life." Physicians say it is "Thought" or "Electric Energy," and Philosophy as represented by Herbert Spencer, who says it is "An infinite energy from which all things proceed."

Bluff Branch School Boy Wins \$5 Prize for Best Essay Describing Benefits of Visit to Lee's Farm

The following story, written by A. V. Thames, sixth grade, in the Bluff Branch school near Dotson, was judged the best number submitted and is winner of the \$5 prize given by the Cisco chamber of commerce for the best essay on the visit of school children to R. Q. Lee's farm. The committee thought that this is a remarkably good story to be written by a sixth grade pupil.

Winners of \$1 cash prizes in other schools are: Friendship school, Sidney Smith; Okra, Roy Cox; Reagan, Almeda Lawrence.

The essay follows:

WHAT I LEARNED DURING MY VISIT ON MR. R. Q. LEE'S FARM, FRIDAY AFTERNOON, APRIL 6, 1928.

We got an invitation that all the rural schools of Eastland county were invited to Mr. R. Q. Lee's farm Friday afternoon, April 6, 1928, at 1:30 o'clock. We were delighted to go for we knew we would enjoy the visit very much.

I learned many things of interest to boys and girls of farm life. I think Mr. Lee has a beautiful farm. I also think he has it arranged thoroughly modern.

I was in his milking house and

think he has it arranged nicely. I never thought of such a thing as measuring feed for each cow. It saves many bushels of feed and keeps the cows doing much better than when their feed is just thrown around any way. Individual drinking fountains for each cow are much more sanitary for all stock concerned and less work for the one who operates the milk house. Both methods are very practical and useful, I think.

In the poultry yard, at the laying house, I learned how to cull hens so that one may keep only the good layers to increase the egg yield and build up the flock. I also learned how to care for baby chicks so that you might raise them without a great deal of loss.

But the thing that interested me most was the canner. I learned that an old fowl could be cooked to a nice tender juicy meat in only 30 minutes. If I am ever a home-maker, I certainly aim to own and operate a canner. They save endless time and drudgery and all food is sealed sanitary.

I visited the barn, and the hog lots and learned how to keep the pigs on a growing ration that one

UTILITIES CO. TO ERECT NEW HOME IN CISCO

P. P. Shepard, Cisco manager of the West Texas Utilities Co., announced this week that he had received notice that the work order for the initial building of the new offices and ware rooms of the company has been granted, and the work will start in about two months. With this authority Manager Shepard also had instructions to install seven additional cold storage vaults to take care of the custom storage of perishable produce. These cold storage vaults will be installed in the present work shop and ware rooms of the company fronting on the alley just south of the ice plant, the

might get them finished for the market at a minimum cost to the farmer.

Altogether it was an enjoyable and instructive trip which I am justly proud of participating in, and take this measure of thanking the chamber of commerce and others who were so kind and courteous to all the rural children present.

A. V. THAMES,
Cisco, Texas, Route 1, Box 31.

OF A PERSONAL NATURE

Judge Joe C. Jones, former judge of the Eastland county court at law, now running for county attorney, was here Wednesday visiting the Democrats in the Cisco country.

F. E. Blackmon, former book-keeper at the Cisco headquarters of the West Texas Utilities Co. has been transferred to Albany as cashier at that station.

Old Roberts, of the firm of Pritchard & Roberts, was a business visitor to Moran Wednesday.

Mrs. J. M. Williamson left yesterday morning for a visit with Mr. and Mrs. Walter Sikes at Amarillo.

R. E. Doyle of Dallas was a business visitor in Cisco Wednesday.

Mrs. Margaret Simmons and Miss Lena Simmons, of Waxahatchie, visit with Mr. and Mrs. W. R. Simmons and family.

Arthur Cunningham left this morning on a business trip to Rankin.

Mrs. F. D. McMahon and Mrs. Jamison were visitors in Breckenridge Tuesday afternoon.

Misses Tita Bell and Elizabeth Simmons will entertain with bridge Saturday afternoon, honoring their cousin, Miss Lena Simmons, of Waxahatchie.

"Dink" Matthews left today for Rankin where he will be located.

Mrs. J. J. Butts, Miss Mary Jane Butts, Mrs. Forrest Wright and Billy Butts spent yesterday with friends in Fort Worth.

Mrs. R. F. Gillman is spending a few days with friends in Dallas.

Mrs. James Frank Bell of Fort Arthur, E. L. Graham, Huyler Lee and P. A. Blankenbiller were visitors in Fort Worth Wednesday.

Forrest Wright is in Fort Worth this week on business.

Mrs. H. H. Claysen left Tuesday for her home in Pittsburg, Pa. after a visit with Mr. and Mrs. Mike Davidson and Miss Helen Claysen.

Mrs. M. M. Ansel, of Dallas, is in the city for a few days visiting relatives.

Mrs. C. B. Williams is entertaining the members of the 1928 Bridge club this afternoon at her home on Leggett avenue.

Rev. C. O. Sluwart has returned from a several days' stay in DeLeon.

Mr. and Mrs. J. A. Clements spent Tuesday with relatives in Cross Plains.

J. H. Erwin returned Tuesday night from a week's stay in El Paso.

E. M. Groce, of Toyah, is in the city visiting relatives for several days.

Miss Blanche Paulette returned Wednesday from a several days' stay in Fort Worth.

Mrs. McClinton and two children of Babel, were the guests of Mrs. W. M. Purcell Wednesday.

Mrs. Bell Elnhart returned from a month's stay with her brother in Toyah.

Mr. and Mrs. Robert Hurt have returned to their home in Dallas after a three weeks' stay in Cisco the guests of Mr. and Mrs. Gomez Williams.

LEVERIDGE IS CONVALESCING FROM INJURIES

W. T. Leveridge, living southwest of Cisco in the Nimrod community, was able to be in town this morning for the first time since he was a victim of an auto mishap when his car collided with the auto of Mrs. Maggie Mae Dalbey, about three weeks ago, on Ninth street, and several ribs broken. He stated that he is recovering slowly, but is still quite sore in his chest.

LOW GRAVITY OIL MARKET IS STRENGTHENED

ADILENE, May 10. — That the market for low gravity oil produced in West Texas, particularly in Winkler county, has been strengthened materially within the past week is indicated by reports gathered from authoritative sources. This in spite of the fact that the Winkler production plan restricting production to 150,000 barrels daily has barely been put into effect.

Producers that have been selling Winkler crude for 89 cents a barrel and paying 10 to 12 1/2 cents per barrel to move it from the field and load it in tank cars are now demanding 75 cents per barrel, loaded on cars, it is learned.

That Premier Mussolini of Italy and Sir James Currie of England may contract for more than 50,000,000 barrels of West Texas crude for distribution in Italy as refined products, is another report that tends to prediction of better market conditions. W. B. Davis, well-known in the oil fraternity, is reported to have interested Sir James Currie in the proposition.

Other West Texas oil producing counties, notably Pecos, Crane and Upton, have reflected improvement in the sulphur oil market. The Crane and Upton market has been aided by purchase by the Warner-Quinlan Company of Texas, a recently organized subsidiary of the Warner-Quinlan company of approximately 7,500 barrels daily production and 2,000,000 barrels of stored oil in the Church & Fields area, Crane county, from Escondido Oil company, Collett & O'Keefe and the Church-Fields and Weekly interests. This deal is expected to further improve the market by creating greater competition.

Steps taken to extend production in the Yates pool, Pecos county and for a cooperative development program in the Howard county deep line area have further improved confidence in the future market.

MORAN FARMER APPROVES PLAN OF MILK PLANT

A. M. Smith, of Moran, who was in Cisco on business Tuesday, said that dry weather is hindering farming operations in his section. Grain has been cut very short, but where feed crops are up they are growing nicely.

He said he believed that the dairying business would be the salvation of all of this country, where cotton and small grain, and so uncertain. With a sure market for all the sweet cream that could be produced, large flocks of chickens and a few hogs would naturally follow on each farm to make use of the skimmed milk. Then farmers would have a combination that could not fail to bring them wealth, and they would gradually add more cows to their herds as they became financially able to do so. This matter should receive aggressive action at once, he said. Moran would enter into a pool of this kind, he was sure, and it would receive the hearty support of all farmers if the matter was brought to them in a business way.

BUILDING FUTURES

One of the pleasures of giving banking service is the knowledge that we are aiding our customers to build not only a bank account but a future as well. And we are always glad to offer a welcome as well as our aid and facilities to new "future builders" who join those that are now our clients.

HOOVER'S CAMPAIGN COST HIGH

EYES ON EAST TEXAS.—East

light this week. In fact, East Texas has awakened in the last two years to the fact that it doesn't pay to hide its light "under a bushel," and has been proclaiming to the world the wonderful opportunities of that section of the state. Crowds variously estimated at from 25,000 to 30,000, largely from East Texas, but with numbers drawn from "all over," have been in Greenville reciting the achievements of the past year and making plans for still greater accomplishments for the coming year. In enthusiasm and sheer joy for all that has been done for their section, through the activities of the East Texas chamber of commerce and its allied local organizations, the East Texans have been showing their ebullient happiness with parades, brass bands and the delight of every East Texan's oratory.

PRESIDENT KELLY SPEAKS—President R. M. Kelly of Longview, to whose untiring energy much of the success of the two-year-old organization is due, recounted the achievements of the past and told of future plans. He was able to say that every one of the sixty-seven counties of East Texas that were originally invited to join in the association work has shown belief and faith in East Texas and its regional chamber of commerce by giving whole-hearted support. He called on every one who heard him to testify "that a new light is sweeping East Texas; that the section is undergoing perhaps the most revolutionary change in its history." "This change," President Kelly said, "is noticeable in a score of physical manifestations. There is hardly a community in East Texas without a building program; there is hardly a community that has not joined the ranks of development and progress by organizing a local chamber of commerce. East Texans are beginning to appreciate the possibilities and potentialities of their section."

MOODY'S TIMELY WARNING—Governor Dan Moody has the happy knack of striking the right note, whether speaking on politics, on business, on education, moral or other subjects, of getting right into the heart of things and saying in a few words something that needs saying. He did this at Greenville. He told the East Texans that rivalry is a fine thing, but instead of any one section becoming jealous of its resources and wealth, all Texas should work together as a state, through three state chambers of commerce organizations are needed to handle easily the tremendous business of Texas. A careful reader of the newspapers occasionally sees slight evidence of a localism that if not checked may result in harm. The three regional chambers of commerce are not to blame for this, but in our enthusiasm for our immediate section or even our own city or community there is danger that we may overlook the fact that Texas as a whole. Let's not forget the statement made some time ago by Carl Estes, a Tyler newspaper man, as applied to Texas: "United we stick, divided we're stuck," and be careful not to allow our local enthusiasm to lessen our efforts for all Texas.

POINT ISABEL PORT—The Lower Rio Grande Valley is encouraged with the prospect of early action by congress in providing funds for dredging the harbor at Point Isabel. The board of Army engineers has definitely recommended an appropriation of \$1,000,000, and \$150,000 annually for maintenance of the port, on condition that the valley raise \$600,000. Plans to raise this fund will be started immediately after final assurance of federal aid, and it is considered almost certain that the fund will be secured.

NEW BRAUNFELS VISITORS—New Braunfels "put one over" on the rest of the state when that enterprising city entertained some 200 officials of short line railways of the United States. The party was en route to Mexico and stopped over in New Braunfels Sunday on the invitation of Mr. and Mrs. Harry Landis as their guests. The officials were met at the train by Mr. and Mrs. Landis and their New Braunfels friends, were welcomed, and taken to beautiful Landis park, one of the prettiest spots in America, where a barbecue and picnic dinner was served. A band furnished music and appropriate talks were made. While no other place in Texas had the privilege of entertaining these tourists, Texans have no complaint to make, as they are entirely willing to let any visitor form an opinion of all Texas from what he sees and hears at New Braunfels.

TAYLOR'S SOLID VOTE—That Taylor believes strongly in municipal ownership of its utilities was

Tim Ingram Convicted of Robbery

10 Years in Prison is Sentence, Same as Imposed on Brother for Holdup of Storekeeper at Nimrod

Tim Ingram, indicted jointly with his brother, Buford Ingram, for robbery with firearms in connection with the theft of \$50 from D. L. Allen, Nimrod storekeeper and postmaster, on the night of March 6, was convicted by a jury in the 88th district court at Eastland Thursday. The jury assessed his punishment at 10 years in the Texas penitentiary, after about 30 minutes deliberation. J. T. Barry, a member of the jury, said, "Buford Ingram was convicted when his case was retried the first of the week, and sentenced to 10 years in the penitentiary, the jury returning a verdict Wednesday morning. In the first trial of Buford Ingram the jury failed to agree, and a mistrial was ordered. These two convictions set a record in recent criminal jurisprudence in Eastland county district courts—two penitentiary sentences in less than a week.

The Ingram brothers were indicted after Allen reported that he had been called from his home

"DAILY NEWS IS WOLF"

"The Daily News is a wolf. The paper is getting better every day, and everyone in Cisco should feel proud of the paper, and feel complimented that a newspaper of such high quality is published in this city," said Old Roberts Friday. "I read most of the West Texas papers, but none are better and few are the equal of the Daily News and Weekly American and Roundup. Yes, sir, the paper is a wolf."

U. C. V. TO MEET NEXT YEAR IN CHARLOTTE, N. C.

LITTLE ROCK, Ark., May 11.—A youth who left college to fight for the Confederacy, A. T. Goodwin of Elmore, Ala., now 86 years old, is the new commander-in-chief of the United Confederate Veterans.

He was elected at the reunion here Thursday to succeed Gen. J. C. Foster of Houston, Texas. Charlotte, N. C., was elected as next year's reunion city, thus taking the assembly of aged warriors to that state for the first time.

The Sons of Confederate Veterans, who also wound up the business of their reunion Thursday, elected E. R. Wiles of Little Rock, general chairman of the reunion and chairman of the trans-Mississippi department, as their commander-in-chief to succeed Dr. S. L. Lowry of Tampa, Florida.

The business session of the veterans' reunion ended without any further action having been taken on a resolution providing for perfection of plans with the Grand Army of the Republic for holding their reunions jointly in the future. At the morning session the resolution first was tabled and later a motion to reconsider was adopted.

The Sons of Veterans, however rejected by a unanimous vote that they support a bill now pending in congress for a joint reunion of Northern and Southern veterans.

General Goodwin, who fought at Lookout Mountain, Chickamauga and Missionary Ridge, was elected to head the forces of veterans over Col. R. A. Sneed of Oklahoma City. The vote was 707 to 306.

Department commanders of veterans were elected as follows: W. L. Stephens, Couchatza, La.; Yeager, Tulsa, Okla.; trans-Mississippi department; Homer Atkinson, Richmond, Va.; department of Northern Virginia.

CHICAGO GIVES WELCOME TO BREMEN TRIO

CHICAGO, May 11.—Thousands of Chicagoans today gave an enthusiastic welcome to the German trans-Atlantic fliers, Baron Gunther von Huenefeld, Major James Fitzmaurice and Captain Hermann Koehl in one of the greatest celebrations in the history of this city.

WASHINGTON, May 11.—The United States army has made arrangements to send two airplanes to Greenville Island to bring back the trans-Atlantic plane Bremen.

WEBSTER STOCK DAMAGED BY WATER SOLD TO JONES
The fire and water damaged stock of groceries of J. P. Webster & Sons was sold Thursday to S. C. Jones, of Dallas. This merchandise was sold by the insurance companies carrying the risks when the fire of April 29 spread over the building. The consideration was not announced by Jones, who was here and personally bid on the stock, but it is understood that the price was around \$36,000. Several bidders, including local people, participated in the bidding.

LOCOMOTIVE BOILER EXPLODES; ONE DEAD
CHICKASHA, May 11.—An exploding boiler of a Frisco switching engine today killed Arzo Johnson, a hostler, and injured several persons, none of them seriously. The walls of nearby houses were riddled with bits of steel.

Rotarians Promise Support to Chautauqua to Be Given Under Auspices of Lions Next Week

HAGEN AGAIN WINS BRITISH GOLF CROWN

SANDWICH, England, May 11.—Walter Hagen, American debonair golfing king, won the British open title for the third time today with a total of 292 strokes. It was the fifth straight triumph for American golfers in this classic.

CHINESE KILL MISSIONARY OF M. E. CHURCH

LONDON, May 11.—Mrs. W. T. Hobart, American Methodist missionary in China, was killed by Chinese at Tainfu April 29, according to advices received from Peking today.

NEW YORK, May 11.—Dr. William B. Towers, member of the Methodist board of foreign missions, today confirmed advices that Mrs. W. T. Hobart, American missionary, was killed at Tainfu two weeks ago. The confirmation was contained in a telegram which stated that the missionary was killed by bullets fired through the mission window by Chinese soldiers.

RESTRICTION OF PARKING ON D AVE. ASKED

A meeting of all business men on D avenue was called to meet with Mayor Williamson in the auditorium on the second floor of the city hall at 5 o'clock this afternoon at which the parking question will be discussed. Whether automobiles shall be parked only in the middle of the street or along the curbing is the question on which the business men's advice will be asked.

Many complaints have been made of the congestion along the street when parking is permitted both in the middle and at the side of the street.

MOTHER'S DAY MUSIC TO BE M. E. CHURCH FEATURE

Mother's Day will be observed at the First Methodist church at Sunday school and at the 11 o'clock hour Sunday. Beautiful flowers, inspiring music and soul stirring messages will be had. Rev. P. T. Stanford will speak on "A Mother's Reward." Miss Zella Blanche McClinton will sing "Mother Machine," a quartet will render a beautiful number and Miss Lucille Spruill will read "Rock Me To Sleep, Mother." The largest attendance of the year is expected at the Sunday school hour. The men are invited to hear J. J. Youngblood lecture in the main auditorium at 9:45. A committee will have flowers for all who forget them or who are unable to secure them.

Rev. C. O. Shurtart will preach at the evening hour. A large crowd is expected to hear him. Visitors and strangers are especially invited.

WEATHER
East and West Texas: Tonight and Saturday local thunder showers; cooler.

Nomination Fight to Cost Over Quarter Million Dollars, Says Manager Before Senate Probers

WASHINGTON, May 11.—Herbert Hoover's campaign for the Republican nomination for the presidency will cost over a quarter million dollars, the senate campaign fund investigation committee was informed today by Hoover's principal manager, former Congressman James W. Good of Indiana.

It was revealed at Hoover headquarters that Senators Moses of New Hampshire and Sackett of Kentucky were the "go between" with Senator Goff of West Virginia in negotiations in which Goff intimated that Hoover would remain out of the West Virginia primaries if Goff named him second choice.

Oklahoma Preacher Spends \$8.95
DUNCAN, Okla., May 11.—Rev. Alonzo P. Workman, preacher-farmer candidate for the Democratic nomination for president, today wrote the senate committee investigating expenditures of candidates that he had spent \$8.95 in his campaign.

GENEVA ASKED TO OUST JAPS OUT OF CHINA

GENEVA, May 11.—The Chinese nationalist government at Nanking today appealed to the league of nations to order Japan to withdraw its troops from China and cease hostilities, pointing out that the league can act under article II of the league's covenant. The Peking government holds membership in the league but the nationalists do not.

Court House Cornerstone to Be Laid Saturday by Odd Fellows; Principal Address by Ciscoan

Judge Victor Gilbert, of Cisco, will deliver the oration of the occasion of laying the cornerstone of the Eastland county court house at 3:30 o'clock Saturday afternoon, by the Odd Fellows of Eastland county, in which the Cisco Odd Fellows will take a prominent part.

The petition for the Odd Fellows to conduct the cornerstone laying ceremonies was signed by Victor Gilbert, Walter Clements, H. C. Bolinger, J. A. Jensen, of Cisco; H. A. Collins, of Eastland; E. L. Reeves, of Gorman; W. L. Nowell, W. F. Taylor, J. A. Robinson, J. R. Barclay and C. J. Stallings, of Ranger. The petition was filed November 14, 1927, by County Judge Ed S. Pritchard, and Commissioners Rust Britain, J. T. Poe, W. M. Burns and V. V. Cooper. The order, No. 8, was duly recorded in book 19, page 118, of the official records of the county by R. L. Jones, county clerk, W. Gray, deputy.

Bolinger first suggested that the Odd Fellows of the county officiate at the laying of the cornerstone, and the movement was promoted by Jensen, while Collins looked after the records during the formative stage. The lodges that will participate in the ceremonies include those of Cisco, Rising Star, Ranger, Gorman, Flatwood, Scranton, Desdemona and Eastland, with the associate Rebekah, Encampment and Canton lodges.

The program committee for the cornerstone ceremonies is composed of J. E. McGlothlin, J. H. Rushing, Jr., Bolinger, John Usery, A. J. Treadwell, Reeves and Collins who formulated the following:

3:15 p. m.—Leave Eastland Odd Fellows hall led by the Boys' band of the I. O. O. F. Widows and Orphans home, march to the court house where the ceremonies will begin at 3:30 by the following grand lodge and grand assembly officers

SUCCESS FOR CHAUTAUQUA IS PREDICTED

According to reports of the various committees of the Lions club, the chautauqua will be a great success, from the standpoint of good, wholesome entertainment and amusement and from the financial angle.

Many contributions have been made by people who are in sympathy with the efforts of the club to build a gymnasium, but can not attend the chautauqua.

Lion Nick Miller, on the general committee, has issued an appeal to the citizenship of Cisco to purchase as many season tickets as possible. Breckenridge, Eastland, Abilene and Ranger are sponsoring wonderful programs, absolutely free of charge. All the proceeds from the sale of tickets will be deposited in the bank as an initial fund to build the gymnasium. Each of the clubs of the four adjoining towns are devoting much time and effort to make the chautauqua a success. Miller particularly urges that the people of Cisco show their appreciation of the efforts put forth by the adjoining towns, by purchasing tickets and attending each of the performances.

Season tickets are being sold for \$3, which includes all five entertainments. Single tickets for each performance will be sold at 75c each. It is the desire of the club to raise \$1,500 out of the sale of tickets.

who will officiate: James D. Basler, G. M. Sherman; Ben C. Richards, D. G. M., Dallas; Ray Reeves, W. War., Stamford; E. Q. Vestal, G. Sec., Dallas; John A. Ker, G. Treas., Fort Worth; C. L. Braehfeld, G. R., Henderson; J. W. Chancellor, G. R., Bowie; E. Walker, G. Mar., Amarillo; T. A. Asten, G. Con., Sherman; S. C. Reed, G. Guard, Dallas; F. M. Gilbert, Walter Clements, H. C. Moore, G. Her., Stamford; John A. Rowan, G. Ch., Beeville; Mike J. Breckenridge; Mrs. Annie Savage, president Rebekah assembly, Dallas; J. R. Ode, J. A. G. Wichita Falls; C. A. Gerloff, ad. G. Dallas.

At the conclusion of the grand lodge ceremonies tokens will be deposited in the cornerstone, to be followed by music and the oration by Hon. Victor Gilbert, of Cisco.

"At the conclusion of the oration the program will be continued by the Odd Fellows and Rebekah lodges of the county, with display drills in the street. First will be decoration of chairs, by the uniform rank; the Rebekah "Three Links" drill by Goodwill lodge, of Cisco; "F. L. T.," by Ranger; "Breckenridge," by Breckenridge; "Pioneer," by Pioneer; "I. O. O. F.," by Rising Star; "Eastland," by Eastland.

Forming the letter "U" the several bodies participating will pose for the photographer in the following order: Outer line, canton; second line, encampment; third line, subordinate; F with line, auxiliary; fifth line, Rebekah; sixth line, Boys' band.

After the picture the participants will return to the I. O. O. F. hall for the grand lodge assembly called session to confer the past grand, grand lodge and grand assembly degrees, after which there will be a banquet at 6:30 o'clock.

The cornerstone ceremonies will conclude with a program of music, orations and readings, in the evening, which will be open to the public.

To the Sheriff of Any Constable of Eastland County—Greeting:
You are hereby commanded to summon King & Fordtran and all of the unknown persons who on the 5th day of July, 1887, and at all times thereafter composed and constituted the firm or copartnership of King and Fordtran, the unknown heirs of the said King and Fordtran and the unknown heirs of all persons who on the 5th day of July, 1887, and at all times thereafter composed and constituted the firm or copartnership of the said King and Fordtran, W. L. Andrews, Geo. A. Audenreid, W. L. Andrews & Company, and all of the unknown persons who on the 30th day of June, 1881, and at all times thereafter composed and constituted the firm or copartnership of W. L. Andrews & Company, the unknown heirs of W. L. Andrews, the unknown heirs of Geo. A. Audenreid, the unknown heirs of W. L. Andrews & Company, the unknown heirs of J. H. Ables, Mrs. E. T. Parker, the unknown heirs of Mrs. E. T. Parker, and the unknown heirs of the unknown heirs of each and all of the said persons are defendants, said petition alleging:

That on the 1st day of January, 1928, plaintiff was and still is the owner in fee simple of the following described premises situated in the City of Cisco, County of Eastland, and State of Texas, to-wit: Lots one, two and three, in Block 48, in said City of Cisco.

That on said day and date plaintiff was in possession of said premises and on the same day the defendants, unlawfully entered upon and dispossessed plaintiff of said premises and withheld from him the possession thereof; that the defendants have occupied and used such premises under such unlawful possession for a period of four months, and that the rental value thereof during such occupancy, is the sum of \$1,000.00.

That plaintiff ought to have and recover possession of the said above described property for the reason that he has had peaceable, continuous, adverse possession of said described land and premise for more than ten years, and hereby pleads the ten years Statute of Limitation to establish his title to same.

That plaintiff ought to have and recover possession of the said above described property for the reason that he has had peaceable, adverse, continuous possession of the said described land and premises for more than twenty-five years, and hereby pleads the twenty-five years statute of limitation to establish his title to same.

That defendants are asserting some right, title, interest in, or claim to said described premises.

Wherefore, plaintiff prays that the defendants be cited by publication to answer herein, and that he have judgment against each and all of said defendants for the title and possession of the hereinabove described land and premises, and that the cloud cast upon plaintiff's title by the right, title, interest and claim in and to said premises asserted by the defendants and each of them and all of them be removed by a proper decree herein, and that plaintiff have his writ of possession, etc.

Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Eastland, this 4th day of May, A. D. 1928.

WILBOURNE B. COLLIE,
(Seal)
Clerk, District Court, Eastland County Texas.

WAMBA COFFEE
MORNING-NOON-NIGHT
A full round, rich flavor
You'll know COFFEE SATISFACTION when you taste it
MAGNOLIA COFFEE CO. HOUSTON, TEXAS

Heals Eczema In 7 Days or Less

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Moore-Shepard Drug Co.

Back to Normal!

Texarkana, Texas.—"I was in a serious condition of health when I arrived at middle life and as I had heard of so many being wonderfully benefited by Dr. Pierce's Favorite Prescription at that age I decided to try it. It proved to be the proper medicine and I cannot praise it too highly for the benefit I received. It relieved my aches and pains—saved me a lot of suffering, and left me in good health which I still enjoy."—Mrs. C. E. Shipp, 307 Oak St. All druggists, Tablets or Liquid.

Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial pkg. of the tablets and write for free advice.

YOU ARE TO BLAME FOR A PIMPLY FACE!

If your skin is marred by blemishes or discolorations you have only yourself to blame.

Pimples, rashes and blotches may be quickly cleared up with ease and safety. Simply go to your druggist, ask for Black and White Ointment, and use it according to directions. It is pleasant to use, highly beneficial and scientifically safe.

For best results use Black and White Skin Soap with Black and White Ointment. All dealers sell them at small cost.

KLEIMAN'S

First Subscriptions to Be Turned in Saturday for 500,000 Points to Count on 1,000,000 for Next Week

Nominations still continue to come in for the Cisco Daily News and Weekly American and Roundup country-wide subscription campaign. Numbers of readers have

from these papers, and no doubt many will subscribe after they have read them.

good for 10,000 points and sending them in for the ladies who have been selected to participate in the drive. Saturday is the starting day for turning in subscriptions. The highest amount of points that will ever be offered for the payment of subscriptions, which is 500,000 for any class of subscription secured Saturday or Monday, is offered to those who wish to make a start with a high number of points. Three months, six months or yearly subscriptions to the Daily News with the Weekly American and Roundup or subscriptions to the Daily only or the Weekly will count for the extra points. In addition, same will apply on the offer for a slab of \$10 made up of any class of subscriptions which is good for the additional 1,000,000 points and is the offer for the coming week.

The drive for subscriptions to the Daily News and the Weekly American and Roundup is being made with ladies who reside outside of Cisco and the territory is divided into two districts. There are 30 valuable prizes, two new Chevrolet cars, a coach and touring or roadster, one car to go to each district for the highest number of points; a Viva-Tonal Columbia, the largest \$275 phonograph that the Columbia has just made; an Atwater Kent, \$150 Radio Set complete, the Columbia to go to one district and the Atwater Kent to the other district; two complete courses of business training in the Draughon's Business College at Abilene, Dallas or Wichita Falls; one scholarship for each district; winners to take their choice of the class of scholarship. There are two courses in the Randolph College, one for each district which will no doubt be very interesting to a great many of the young ladies who will take part in the drive. There are many other useful awards besides the cash to be given to the workers who do not win one of the prizes that will go to the ladies who will take an active interest in putting the drive over to a successful finish.

Secure one or more subscriptions Saturday, save the coupons appearing in the paper every issue and send in names of friends and neighbors for sample copies so that the coupon can be secured

FINAL SPRING GRID GAME TO BE SATURDAY

The last game of the spring training season in football for the Lobos will be played at Chesley Field Saturday afternoon at four o'clock. Ballinger High school will furnish the opposition to Cisco High school.

The Lobos journeyed to Ballinger a few weeks ago and were held to a tie by that husky team. Since then the Ballinger team has played two games with San Angelo and each game resulted in a tie. The Ballinger team is one of the heaviest in this section and scored on the Lobos by using some very clever lateral pass plays. A game even better than the 7 to 6 game with Anson is looked for by football fans. Ballinger depends a great deal upon Wright, 210 pound tackle, for their power and drive.

Baylor Will Remain in Waco; Bitter Fight Is Ended

Baptist Educational Commission Reverses Its Recommendation to Remove Church School to Dallas

DALLAS, May 11.—One of the most bitter fights that Texas Baptists have ever taken part in ended Thursday night when the Baptist educational commission reversed its previous recommendation that Baylor University be removed from Waco to Dallas. The action came as a climax to a struggle between the two cities that threatened to disrupt the Baptist organization of the state.

Less than two weeks ago the commission recommended, with but two dissenting votes, that the Dallas offer of cash and land for the removal of the university to this city be accepted. The commission's recommendation Thursday night that the institution remain in Waco was unanimous.

Members of the commission unanimously expressed accord with the statement of Cullen F. Thomas of Dallas that the Baptist general convention would ratify the commission's new recommendation.

"There isn't a doubt in the world about that," Thomas said. "Baylor will remain in Waco for all time."

Dollar for Dollar
The commission at the same time entered into an agreement with representatives of the Waco chamber of commerce covering a 7-year financial program, in which a feature of matching dollar for dollar with Waco contributions is included.

The agreement also subject to adoption by the Texas Baptist General convention, will bring to Baylor \$1,000,000 in seven years from Waco citizens alone, and in the same time an annual amount from Baptists outside of Waco under the feature of matching Waco's contributions dollar for dollar.

The agreement retains the university at Waco under the chartered name "Baylor University at Waco," and its finances continue to be handled separate and distinct from the medical branch of the institution at Dallas.

\$1,000,000 for Building
Under the agreement Waco promises to expend on a building program for Baylor \$1,000,000 within seven years, conditioned upon the Baptists of Texas raising within the same or lesser period a like sum.

In this connection also, a covenant has been reached providing that the women's memorial dormitory for which the W. M. U. of Texas has already secured in cash and pledges approximately \$200,000, shall be a part of this program, but money paid by citizens of Waco to

this fund shall be a part of Waco's million dollar program, while monies paid by Baptists outside of Waco shall be claimed by the denomination for its dollar-for-dollar matching program.

This covenant is based on a further agreement that "it is understood that all the money secured by Baptist residents of Waco through their churches or otherwise for educational purposes generally shall during the period of this program be counted a part of Waco's contribution."

Chapel to Be First
Under the new agreement Waco inaugurates the program by building the promised chapel building at a cost of approximately \$350,000, but thereafter Waco need not renew its contribution to the million dollar 7-year program until the \$350,000 cost of the new chapel building is matched by the Baptists of Texas outside of Waco. All money from Baptists which matches the Waco contributions must go to the payment of present indebtedness of Baylor at Waco or to the permanent endowment of the university.

The agreement culminates in formal conferences which have been going on in Waco and Dallas for several days past and is the direct result of overtures from members of the relocating commission made to Waco chamber of commerce Wednesday night.

NORMA TALMADGE ONE OF MOST "WRITTEN UP" WOMEN

Norma Talmadge, star of "The Dove" at the Palace theater Sunday and Monday, has been the subject of many newspaper and magazine stories. She has, in fact, been called one of the most "written up" women of all times. Perhaps there is not a phase of her career that has not been gone over by feature writers, combed over and over by syndicate writers, commented upon by editorial writers and pictured by photographers.

Ten thousand and one newspaper reporters have asked Norma Talmadge numberless questions about numberless things, and always she has given what she sincerely thought on any subject she has been asked about. There is hardly a phase of Norma Talmadge's character that a thousand writers have not, at some time or other, used as copy for a story. Probably there are millions of people throughout the world who imagine they know all about Miss Talmadge that there is to know.

OF A PERSONAL NATURE

TELEPHONE 585J.

Rev. P. T. Stanford has been called to Winters, where he was formerly a pastor, to conduct the funeral of W. B. Wood, who died suddenly Thursday.

The baccalaureate sermon for the May high school will be preached Sunday evening at the First Methodist church of May, by Rev. P. T. Stanford, pastor of the Cisco Methodist church.

It is rumored that some parties are selling advertising matter for a church directory using the name of the First Methodist church. No such authority has been given and no directory has been ordered.

The West Ward P. T. A. will have its last meeting of the year in the auditorium of the old building next Monday at 8:30. Patrons are invited to attend and to bring some one with them. A good program has been prepared.

In the report of the south ward P. T. A. meeting of Wednesday mention of the hand painted, blue bonnet picture given by Mrs. Clarence Tume for the member who had the best record for the year was omitted. Mrs. B. E. Morehart received the picture.

S. A. Bird and D. S. Ross of Kansas City were visitors in Cisco Thursday, looking after business interests.

Mrs. J. L. McMurray expects to leave Saturday for a week's visit in San Antonio.
