Austin.

ACTIVITY AT TEXAS PORTS—

If you have any doubt about Texas business being in a healthy condition you have only to look over the papers from time to time and note the increase in business at all Texas ports. Not many years ago practically all the steamship business of Texas was handled through the Galveston port with very limited facilities. Port Arthur, Houston, Corpus Christi, Aransas Pass, Point Isabel and minor shipping points that now do a considerable business have since then come to play important parts in Texas import and export shipping, while Galveston's facilities have been increased manyfold. From all these points huge ships now go out on regular schedules to all parts laden with wealth from Texas soil and with oil products. Most of these return with goods for the people of Texas and adjoining states.

CORPUS CHRISTI SHIPPING—

When efforts were first made to secure deep water at Corpus Christi many Texans regarded the expenditure as useless, because they thought that Galveston's shipping terminals were sufficient for all time. There were others who laughed at the efforts of Houston to secure a deep water channel as being as impractical as deep water in the Trinity river at Dallas. Both Houston and Corpus Christi now rival Galveston as ports and Port Arthur has become the greatest oil shipping port on the western continent. Items like this from Corpus Christi, appearing almost daily, show what is doing there: "Approximately 1,400 tons of cargo will be brought here by two barges in tow of the tug Bascobel, which has sailed from Mobile. Of this, 811 tons will be for the Humble Oil and Refining company while the rest will be for the Alamo Iron Works of San Antonio and Corpus Christi." "The S. S. Elmsport of the Texas Oceanic company of Liverpool is loading 6,000 bales of cotton to be taken to Liverpool and 500 tons of lead for the West."

Business like this is being shipped through the numerous ports of Texas is adding much to the wealth of the state.

CALLING A HALT—

The people of Texas believe in liberally supporting their educational institutions and all departments of the state government, but they will give hearty approval to the action of the legislature in refusing to make deficiency appropriations. It has gotten so that when the legislature refuses or fails to appropriate all the funds that certain institutions or departments want, expenditures are made freely in excess of the appropriations in the expectation that the legislature will pay the difference on the plea of "emergency" or "deficiency." No agency of the government should feel free to spend money without legislative appropriation except in extreme emergency and then strictly in accordance with the law. Those who can't do this should resign and leave public trusts in the hands of those who recognize legislative authority.

TEXAS GRAPEFRUIT—

The whole country are eating Texas grapefruit because it is known to be the best that is grown, just as it will in time come to eat Texas pecans and many other things grown better in Texas than anywhere else. The Rio Grande Valley shipped 2,820,040 pounds of grapefruit by express in the one month of December, 1928, the equivalent of 118 carloads. This was a gain of 819,590 pounds over the same month of 1927. This did not include the large shipments made by trucks to many parts of the state for consumption in Texas, and Texans have become great eaters of Texas-grown grapefruit.

ENLARGING CHEESE FACTORY—

At the risk of mentioning the Round Rock cheese factory so often in this column that readers may come to think I am selling agent for the plant, I am going to call attention to the fact that after about a year this co-operative cheese factory has proved to be small and is now being enlarged. It does look like cheese making pays in Texas.

HARD WEEK IS AHEAD OF SENATE

Prize Fight Once Planned to Settle Boundary

REPARATIONS CONFERENCE BEGUN

14 Experts Representing Seven Nations Begin Task of Deciding What Germany Shall Pay Allies

RICHARDS FORGERY CASE WITH JURY

DALLAS, Feb. 9.—The Ben C. Richards forgery case was in the hands of the jury tonight after a week of sensational testimony and before many hours Richards will probably know whether he shall be adjudged a felon or whether he shall walk from the court room a free man. The case was placed in the hands of the jury at 6:15 this afternoon, and deliberations began immediately.

Judge Grover C. Adams read his charge to the jury this morning and the balance of the day was taken up with attorney's arguments.

DALLAS, Feb. 9.—Judge Grover Adams explained the principle of forgery in his instructions to the jury this morning in the trial of Ben C. Richards, Jr., former official of the Ku Klux Klan, who is charged with having aided in a \$2,000 election bet forgery.

Judge Adams said the defendant was tried on one count of forgery in connection with one of the \$1,000 checks which figured in the bet.

"If you believe that A. A. Crabb prepared the forged instruments and that the defendant, Richards, was present and aided by word or gesture, you shall find him guilty and fix his sentence at not less than two nor more than seven years," the charge said.

"If you believe the defendant, Richards, caused the name of Clyde R. Vest to be endorsed on the instrument, you shall find him guilty."

The court instructed that A. A. Crabb was an accomplice to the alleged transaction and that the defendant, Richards, could not be convicted on Crabb's testimony alone unless it is corroborated.

APPROPRIATION APPROVED.

WASHINGTON, Feb. 9.—The senate today approved the conference report on the agricultural department appropriation bill carrying \$194,000,000.

PARIS, Feb. 9.—Fourteen financial and economic experts representing seven nations met today to begin the task of settling finally how Germany shall bear the staggering burden of reparations for the world war.

A preliminary conference was held in the gold room of the bank of France. After the experts discussed matters at luncheon, the following communique was issued: "During the first unofficial meeting, matters of a practical nature regarding future meetings were discussed and will be definitely adopted at the first official meeting on Monday at 2 p. m. in the hotel Astoria."

DAUGHTER OF STREET PLEADS WITH GOVERNOR

AUSTIN, Feb. 9.—Mrs. Walter C. Wilson, sister of Mrs. R. B. Allsup, daughter of Detective Chief Sam Street of San Antonio, who was shot to death by "Pete" McKenzie, pleaded with Governor Dan Moody this morning that he not loose sight of justice.

McKenzie is sentenced to die March 23 for the death of Street. Petitions signed by more than 4,000 San Antonians asking for commutation of McKenzie's sentence have been filed with the governor. The move to save McKenzie is being sponsored by Rev. Rolfe P. Crum, of St. Mark's Episcopal church and Rev. W. H. Joyner of Beacon Hill Hospital church, both of San Antonio.

RUSSIA SIGNS. MOSCOW, Feb. 9.—Soviet Russia, Poland, Roumania, Ethopia and Latvia signed the Litvinoff protocol today, making the Kellogg anti-war treaty effective immediately among those countries.

Reported Attempt to Assassinate Berman, Chief Witness in Keyes Trial, Frustrated by Detective

LOS ANGELES, Feb. 9.—An attempt was made last night to assassinate Jacob Berman, who turned state's evidence to aid in the conviction of Asa Keyes and two others on charges of bribery. District Attorney Byron Fitts announced today. Only the presence of guards who have been with Berman since he first decided to testify against Keyes, former Los Angeles district attorney, prevented him from being shot, Fitts said.

Although he refused to comment on the attempted guilplay it was obvious that Fitts believed the action to be a vengeance move. Berman's life has been threatened a dozen times since he turned state's evidence, Fitts said.

C. E. STALKER

Charles E. Stalker, Cisco independent oil operator, grew up in the oil business. He was born, December 31, 1875, in the heart of the Pennsylvania oil fields at Butler, Pa., and went directly from school to an active part in the industry which had been his environment from babyhood.

In 1913 the lure of the southwest and its pioneer fields drew him to Tulsa, Oklahoma. Until 1925 he remained in that oil metropolis, operating successfully in the large fields that have been developed in the Spence state. In 1925 he came to Cisco where, as head of the Stalker Oil company, he conducts extensive operations in Throckmorton, Shackelford, Callahan, Brown, Coleman and Eastland counties.

In 1902 Mr. Stalker was married to Miss M. Irene Farquar at her home in Millerstown, Pa. They are the parents of two charming daughters, Misses Mary Louise and Gertrude.

As for fishing the oil business does not offer fishing jobs in plenty. Mr. Stalker includes fishing as one of his hobbies. He likes duck hunting, too.

LEGISLATIVE SESSION 120 DAYS SOUGHT

AUSTIN, Feb. 9.—A joint resolution seeking to amend the constitution to provide for a 120-day legislative session was reported favorably by the committee on constitutional amendments today. The first 30 days would be devoted to introduction of bills, next 30 for committee meetings and the last 60 for legislation.

BILL PASSED TO MODERNIZE BATTLESHIPS

WASHINGTON, Feb. 9.—A bill authorizing modernization of the battleships Arizona and Pennsylvania was passed today by the senate. Chairman Hale of the naval affairs committee, secured unanimous consent for its immediate passage in order that necessary appropriations may be included in the navy department appropriation bill received by the senate today.

WOULD HAVE FORCED ISSUE INTO COURTS

AUSTIN, Feb. 9.—How an attempt was made to settle the Texas-Oklahoma boundary dispute by a prize fight was revealed this afternoon in the Texas house of representatives.

A survey of the 100th meridian gives Texas the land. Oklahoma is trying to buy it back. Representative Young of Collingsworth county tried to pass a bill to prevent filing on the tract as vacant land pending negotiations between the Texas and Oklahoma legislatures.

Representative George Purl, of Dallas, asked delay on the Young bill until Tuesday in order that Gus Wortham, of Houston, may be heard. Purl narrated how the late John Wortham of Dallas was first to claim that the tract belonged in Texas and spent \$70,000 trying to establish the claim. Gus Wortham is his heir.

Unable to force the matter into court Wortham planned the "title" battle. Jee Gans was selected as one of the fighters and the promoter expected Oklahoma to try to stop the fight. Then they would contest Oklahoma's jurisdiction and the title to the land would be decided. For some unexplained reason the plan was abandoned.

LINDBERGH STARTS BACK THIS MORNING

BALBOA, Panama Canal, Feb. 9.—Col. Charles A. Lindbergh will leave tomorrow at 6 a. m. on the northbound mail trip through Central America to Miami, Fla., over the same route he used in his pioneer flight from United States to the canal zone with air mail which landed him at Cristobal Wednesday at 4:03 p. m.

KING TAKEN TO BOGNOR TO CONVALESCENCE

BOGNOR, Sussex, Eng., Feb. 9.—The King of England, who shadow of himself, was brought here today to be nursed back to vigor and strength. The king was lifted carefully from the luxurious ambulance which had brought him the 63 miles from London over roads cleared of all traffic and carried into Craigwell House, where the queen waited with a smile to receive him.

Because of the care with which he was handled, it was understood that the king stood the journey well. He arrived at 1:24 p. m., just 30 minutes after the queen, who sped ahead in another car. The trip took a little less than three hours. It was followed with eagerness by the British public, which for more than two months has been in distress and anxiety over the king's condition.

STUDENT LOST

Douglas Wade, popular freshman at the University of Wisconsin, disappeared from school on Jan. 18, and all efforts to locate him have been fruitless. It is known that young Wade left Madison for Chicago on the 18th to keep an appointment with a girl friend.

FURTHER PLANS PROBE STOCK MARKET MADE

WASHINGTON, Feb. 9.—The sensational slump of the stock market during the last few days again was called to the attention of both houses of congress today, when further plans for an investigation were proposed.

As Senator Heflin of Alabama was trying unsuccessfully in the senate to get action on his resolution calling upon the federal reserve board to tell why it issued its statement of Thursday advising against speculative loans. Representative Loring Black, Democrat, New York, introduced a resolution in the house asking the same information and demanding to know if Montague Norman of the bank of England had anything to do with the reserve board statement.

Both moves were blocked temporarily but such a concerted effort was made for action that leaders felt some action in the matter may have to be taken when the question comes up again Monday.

Three Miners Reported Missing After Explosion That Came Near Snuffing Out Lives of 21 Men

HELP THE POLICE. Mayor J. M. Williamson said Saturday that citizens who know of vagrants coming into Cisco will materially help the police department in its efforts to keep down crime and delinquency here by promptly notifying the sergeant at the city hall. The city is endeavoring to protect local people from the depredations of transient "ne'er do wells" and the co-operation of Cisconians is earnestly sought.

Prison Bills, Utilities Measures and Other Important Legislation Due to Bring on Bitter Battles

AUSTIN, Feb. 9.—Following its procedure this morning the senate in its afternoon session will discuss its calendar passing local bills and measures to which there was no opposition.

In this manner the four page calendar was cleared. The calendar next week will be prolonged, however, as a number of major bills scheduled for consideration will retard progress.

Among the bills which might pass up next week and which will turn the senate into a battlefield will be the prison bills, measures relating public utilities, the "sackcloth and ashes" bill and the proposed road bond issue.

An amendment for an appropriation of \$887,800 to provide for the treatment of tubercular children will be offered to the \$11,101,500 appropriation for the state "charitable" institutions when it comes up for consideration by the senate next week.

AUSTIN, Feb. 9.—The senate, after a week of "dilatatory tactics" on its calendar, got busy Saturday morning and passed 15 measures, all of which with the exception of the supreme court resolution, concerned local matters.

They tabled subject to call several bills which brought about an argument. One of these related to transportation of livestock.

With a unanimous vote of 24 the senate Saturday passed the house resolution calling for an amendment to the constitution to increase the supreme court to nine members and to provide for a continuous session of the court. If the resolution gets the signature of the governor, it will be submitted to a referendum of the people in July.

With a unanimous vote of 24 the senate Saturday passed the house resolution calling for an amendment to the constitution to increase the supreme court to nine members and to provide for a continuous session of the court. If the resolution gets the signature of the governor, it will be submitted to a referendum of the people in July.

TEXTILES TO BE INCLUDED IN TARIFF BILL

WASHINGTON, Feb. 9.—The new tariff bill will be based primarily on an agricultural rate boosting plan but will include a great number of increases for textiles and manufactured articles, Chairman Reed Smoot, of the senate finance committee, said this afternoon, upon his return from a series of conferences with President-elect Hoover.

CHARLESTON, W. Va., Feb. 9.—Twenty-one men miraculously escaped death when Bower Mine No. 5 at Gassaway near here, was wrecked by an explosion early today, the state department of mines here was advised. One man was missing. Twenty-two were in the shaft when the explosion occurred. The explosion occurred at 6 a. m. one mile from the main entry. The cause has not been determined.

HOOVER ON CRUISE TO MEET EDISON

MIAMI BEACH, Feb. 9.—President-elect and Mrs. Hoover left here today for a yachting cruise which will take them to Fort Myers Monday for the Thomas A. Edison 82nd birthday celebration. They motored down the coast to a landing near Key Largo to go aboard the Jeremiah Milbank yacht Saunterer for the trip about the southern end of Florida, through the keys, and up the west coast. An old friend and former partner of the president-elect, Oscar Ricard, accompanied him.

DEPOSITORY BILL SIGNED BY GOVERNOR

AUSTIN, Feb. 9.—Governor Dan Moody yielded to the demand for a new county depository law before county commissioners meet Monday to choose depositories and today signed the bill. Before his signature was attached the governor got the pledge of proponents of the bill that an amendment will later be offered to further safeguard counties.

Objection to the bill as now passed is that it permits directors of the depository banks to be sureties. If the bank fails the directors are ruined anyhow and their bonds as sureties are worthless. One Texas county is said to have lost the proceeds of a \$300,000 road bonds issue in such a way.

The house for the second time refused to heed a woman member and voted down Mrs. Laura Burleson Negley's attempt to limit the vote on establishing junior college districts to real estate owners. Last week they refused to heed Mrs. Helen Moore's plea for old age pensions.

Mrs. Negley won a majority of the house to her view but as the bill was on final passage her amendment needed a two thirds vote. Vote was 66 to 42. The bill authorizes formation of junior college districts where the property values amount to \$25,000,000 or a majority vote of the people in the district.

SON OF CHAIN STORE MAGNATE SAVED IN FIRE

MEMPHIS, Tenn., Feb. 9.—Lee Saunders, 22 son of Clarence Saunders, chain store magnate, and his young wife were saved from death by quick work of firemen when their home here burned today. Saunders and his wife were trapped in a room on the second floor by the blaze and smoke. They were almost overcome by smoke when rescued by firemen. Neither was seriously burned. Their \$15,000 home was completely destroyed.

POWER ABUSED.

The movies are doing their part toward idealizing criminals and glorifying crime.

A beautiful heroine appears; she falls hard for the handsome crook, and the handsome crook tumbles for her.

And what is the effect of such a picture on girls? According to the story, the heroine regenerates the commendable crook, the love which she inspires in him for her works a wonderful change in his whole moral scheme.

The other day the writer saw a movie of the kind he is talking about. Crime was there at every turn, though it was varnished over and made to look pretty.

The general idea was that it is all right for young men to be dashing criminals as long as they want to be, then turn to legitimate pursuits and marry a wonderful woman.

One of these days film producers will be squalling that censorship is so severe it hampers them at every turn; that art is being hamstrung and genius hog-tied.

Movie and talkie producers are abusing privilege whenever they present unwholesome suggestions to young people.

BAR STANDARDS.

A bill introduced in the New York legislature aims to raise the qualifications for admittance to the bar. Every candidate would be required to furnish proof of a four years' academic course in college.

ABOLISHING CRIME.

"It is well known," says a minister, "that criminality survives through families and moves on a low grade of mentality. Over against honored lines in family trees are those of dishonor.

LITTLE JULIUS SNEEZER

the government in producing better hogs, or getting more grain per acre, the criminal-born and criminal-blood could be discovered, segregated, sterilized. In 100 years of scientific application, criminality would be practically extinct.

ORDERLY SAVERS AND SPENDERS.

Another authority upholds installment buying. Prof. A. L. Bishop of Yale says that the American people have accepted it as useful and socially respectable. He concludes that "the plan is based on sound economics and is here to stay."

MEAT OR VEGETABLES.

The Childs restaurant chain has become involved in a scramble for stock proxies, to control management and policy, almost as spectacular as the Indiana Standard Oil fight. People are always interested in eating. Now a considerable segment of the eating public sits up and takes a personal interest, for the first time, in the people who have been purveying its food, and the ideals at stake.

DO YOU REMEMBER?

American and Roundup, March, 1913. The school board met Monday night in Dr. Gregory's office. All members of the board were present. After going over the financial report and finding they had plenty of funds to run the school the complete term, they elected J. N. Johnson for two more years as superintendent.

BABY TAKEN FROM MOTHER SUDDENLY DEAD

ALBANY, N. Y., Feb. 9.—Mrs. Rose Peltier, of Cohoes, near here, died today in the agony of heart attacks, but a few minutes later, a physician performed a cesarean operation to bring into the world a normal 6-pound baby boy. Dr. A. M. Brault of Cohoes, performed the operation and 20 minutes of resuscitation were required before the child was breathing normally. Dr. Brault received a frantic call from the Peltier home where he found Mrs. Peltier on the kitchen floor suffering heart attacks. He worked with heart stimulants vainly and a priest administered extreme unction.

MAYOR SEES VAGRANCY THREAT TO SOCIAL SYSTEM

Cisco's Method of Dealing With Idle Transients Is Based Upon Desire to Cure and Not Punishment

The present wave of extremely cold weather has laid added burdens upon the city police department and the corporation court by increasing to a large extent the number of vagrants and mendicants who have been driven to shelter by the freezing temperatures.

Mayor Williamson said Saturday morning that approximately 50 cases of the character have been handled through the municipal court during the week, the larger percentage of this number having been dealt with during the latter part of the week.

The freedom of Cisco's streets from the element of people who subsist on the charity of others is a situation that has occasioned the wonder of visitors as well as the gratification of the citizenship. The method employed by the city in bringing about this condition is as simple as it is effective. It consists of giving mendicants a legitimate occupation as soon as they "hit town."

The remedy is so effective that rarely does a subject return for a second application. Among the professional class the words seem to have gone forth that Cisco is no place for beggars. There is nothing severe in the method. It merely embodies in a concrete form the principle that "God helps those who help themselves" in contravention of the much distorted and misunderstood Scriptural verse, "The Lord loveth a cheerful giver."

The seriousness of the situation that confronts us in this matter is badly neglected," said Mayor J. M. Williamson Saturday. "There are at least 200,000 vagrants in the country, who do no work and who subsist entirely upon the charity of the public. I refer to professional beggars and vagrants, not to the class who are thrown out of jobs by factory shut downs or those who are continually changing jobs and beating their way from one to the other."

"Somebody foots the bills for this 200,000, buys their meals, furnishes them transportation, shelter. The economic phase of the question is serious. When you consider what it costs to travel a mile, what lodging costs and the cost of food you are able to think to some conclusion as to what an economic burden this places upon the public who are paying for the idleness of these people. This conclusion is startling even from the basis of the most modest result."

"But if this economic consideration represented no waste, if the parasitic exactions of these people represented only what is necessary to keep them clothed, fed, sheltered and transported, the question would not be so serious."

But that is not all. These 200,000 who float from place to place, begging their way through life, are extremely wasteful. One of them will come into a city, beg

little and apparently unimportant scenes that take place practically every morning in the corporation court of Cisco. It appears unimportant now, and few of us stop to trace the condition back to the little defects in our public institutions and in our homes. But some day, most likely after you and I are gone, the country will realize the tremendous seriousness of the situation and then it may be too late to apply a remedy.

"There is a remedy at hand right now, a remedy that would rid the country of the trouble in 60 days. If every city in the country would deal as Cisco is dealing with this class of people the element would become as scarce as the Dodo bird in a wink."

ROME ASTIR FOR SIGNING OF ACCORD

ROME, Feb. 9.—The entire city was a scene of prodigious activity today as preparations were made for the final step in the settlement of the Roman question—the signing of the official accord between the Vatican and the Italian government on Monday.

Monday, Cardinal Gasparri, papal secretary of state, will affix his signature to the official document of accord together with Premier Mussolini. The amount of indemnity to be paid the holy see under the terms of the accord was announced as approximately \$32,325,000 in cash and the same amount in state bonds—a total of \$104,650,000.

This sum will be used by the Vatican in all likelihood, for embellishing, repairing and restoring a number of churches throughout Italy and improving economic conditions among the poorer sections of Italian clergy.

"There is a civic side of the question. Not a one of these fellows care a hang about the government, about the public and social institutions upon which they prey. In fact, it is quite certain that they would welcome a disorganization of the political system. It would enhance their chances of success in their disreputable profession. They do not contribute to the maintenance of public institutions; they are parasites, forming an underlying, dangerous stratum that will eventually, if it remains unchecked, disease the whole social system."

"That is what I see beyond the

TARIFF ASKED ON CRUDE OIL IN RESOLUTION

AUSTIN, Feb. 9.—The senate federal relations committee, which, according to Thomas Pollard, vice chairman, had not functioned since the civil war, may be forced to come to life. A concurrent resolution, introduced this morning by Senator E. E. Witt, asking that congress include crude oil in its revised tariff lists was referred to this committee. This committee now has two matters before it for consideration. The other measure was a concurrent resolution asking that Texas join with Florida in establishing a memorial to Southern women.

POSTPONE VOTE ON NOMINATION OF PAT NEFF

WASHINGTON, Feb. 9.—After a 529-hour discussion in executive session the senate interstate commerce committee today decided to postpone until Monday a vote on the nomination for former Governor Pat Neff of Texas to be member of the railway board of mediation. Chairman Watson said the vote was delayed because of absence of Senator Mayfield, Democrat, Texas, who is contesting Neff's nomination. Mayfield was ill but was expected to be present Monday.

Raisins, soaked overnight in lemon juice, make a novel addition to breakfast food. Serve the food thin and do not use milk over it.

Secretary of State?

Recent portrait of Henry L. Stimson, Governor-General of the Philippines, who according to persistent reports will be the Secretary of State in the Hoover Cabinet.

LIBERTY, Texas, Feb. 9.—A county-wide meeting has been called in the court house here for Monday night to discuss the proposed \$2250,000 bond issue for a lateral road system. It will be the opening shot by those backing the bond issue which will be voted on next Saturday. Plans for an extensive week of campaign are expected to be made at Monday's rally.

HOUSTON, Feb. 9.—Houston was moving swiftly today as the coldest weather of the year held the city in its grip. The mercury reached a low of 23 degrees at 7 a. m., a drop of 26 degrees from 49, Friday's maximum at 10 a. m.

Class Rioting in Bombay Grows More and More Serious as Toll of Casualties Mounts to 110

NOMINEES FOR OFFICERS OF TEXAS-EXES

AUSTIN, Feb. 9.—William McGill of Austin was the sole nominee for president of the ex-student association of the University of Texas, submitted by the executive council here today. Nominations for first vice president were: Joe Elter of Sherman, Palmer Huttenlocher of Houston and Roy Bedelick of Austin.

Nominees for second vice president were: Mrs. Jay Lee Davis of Waco; Miss Katherine Boone of Corpus Christi and Miss Tilly Francis of Corsicana. Third vice president: Charles Francis of Wichita Falls, L. D. Brown of Houston and Miss Carrie Reeves of Brownwood. Nominations for executive council were: George S. Wright of Dallas, C. A. Pickett of Mt. Pleasant, Claude Hill of Austin, Joe B. Dibrell of Coleman, Elmer Triplett of Waco, I. W. Wortham of Paris, O. M. Smith of Cameron, Scott Key of Eastland, Mrs. M. B. Aldrich of Dallas, Vernon Hill of Mission. The nominees will be voted upon at ex-student dinner March 2.

Chocolate and cocoa stains may be removed by borax and cold water, or by bleaching if necessary.

LONDON, Feb. 9.—An Exchange Telegraph dispatch from Bombay today said that there had been approximately 110 persons killed and 600 injured since rioting began here last Sunday between Hindus and Pathans. The dispatch said that the situation today was worse than at any time.

Thirty persons were killed in mob fighting last night when police were forced to fire into the crowds. More than 100 were wounded. Last night's outbreaks originated when attacks were made on mosques and temples. Fighting has been general throughout the native quarters since Hindu mill workers attacked Pathans whom they accused of kidnapping young boys for sacrificial purposes. Pathans have struck back at the Hindus by a series of murders in outlying and isolated sections. Stabbings, beatings and killings are almost hourly occurrences about the streets. Rioting, looting and incendiarism continues in the native bazaar section this afternoon and several were believed to have been killed when police fired on a mob of rioters. Four Hindus and one Mohammedan were found stabbed to death this afternoon. The contents of looted stores were thrown about the streets. The chief presidency magistrate prohibited any gathering of more than five persons. Flashing emeralds are very rare. These stones cost about twice as much as diamonds of the same size.

CURIOSITY OF SQUAD CAUSES ANNOUNCEMENT

DALLAS, Feb. 9.—An inquisitive Arkansas university basketball squad was the reason for the premature announcement yesterday of the acceptance by Francis Schmidt, present Razorback coach, of the position as head football and basketball coach at Texas Christian university, Fort Worth.

Although final arrangements had been made several days ago, Schmidt had asked that no announcement of the change be made until after his charges had finished their two games with the University of Texas at Austin this week end, fearing that breaking the news before the series might affect the morale of his team.

Strong rumors linking his name with the post at T. C. U. reached his boys, however, and caused such curiosity that it was thought best to tell the Razorback players yesterday. They won their game last night. The terms of Schmidt's contract have not been divulged, except that he is to remain in Fort Worth for three years. The only mention of the financial arrangement was that the coach had bettered himself by the change. He is to take charge of T. C. U. athletics September 1, this year.

Cotton Market Shows Signs of Improvement During Past Week With Decrease in Selling Pressure

NEW YORK, Feb. 9.—With a decrease in the selling pressure which has been exerted in recent weeks, the cotton market showed signs of distinct improvement during the past week after a break of over \$1 a bale in the initial session. Main factors in the early session were heavy selling, particularly in March and weaker cables. There was a lack of demand from any quarter and reports from the southwest stated that the basis was weaker and demand poor. Trade buying however, contributed to steadiness in subsequent sessions and while selling of March contracts may continue to some extent, the liquidation was steadily absorbed by Wall Street, the trade and scattered agents. The spot markets were quiet throughout, but a much better undertone in both spots and futures markets was evident in the latter part of the week, mainly on expectations that the week end figures would be more bullish than for some time. A jump in exports to the west and indications of a more rapid falling off of the into sight movement due in part to smaller spot receipts were stabilizing factors.

Memphis. General opinion at the end of the week was that the liquidation had run its course and that the market had touched bottom and was about due for a recovery.

AGED RANGER WOMAN DEAD.

RANGER, Feb. 9.—Mrs. Sarah E. Thurman, 76, pioneer resident of Eastland county, died at the home of her daughter, Mrs. T. J. Melton, 313 First street, at 10:25 o'clock Friday morning. Pneumonia was given as the cause of her death. Funeral services were held at the First Methodist church, Carbon, Saturday afternoon at 2 o'clock. She is survived by three daughters, Mrs. J. L. Hooker, Albany; Mrs. T. J. Melton, Ranger; Mrs. Lee Wilson, Olden; two sons, J. M. and H. H. Thurman, Carbon. Fifteen grandchildren and two great grandchildren also survive. Mrs. Thurman was born in Bledsoe county, Tennessee, October 16, 1853. She was married to Martin Thurman in 1879 and in 1873 moved to this county. She was a member of the Methodist church of Jewel, Texas.

The Neighbors will KNOW without being told . . .

PEOPLE don't go around telling their neighbors, "I'm progressive. I'm looking for finer things." Yet neighbors have ways and means of knowing. And one of their surest signs is the family automobile.

That's why the New Pontiac Big Six offers so much to up-and-coming Americans. It represents progress. It embodies big car luxury, performance and style. It constitutes an impressive step up from lower-priced transportation.

The New Pontiac Big Six is a real innovation—a brand new car from beginning to end. It offers big car performance produced by a big, new L-head engine, accurately balanced rotating parts, new and silent internal four-wheel brakes, Hotchkiss drive and many additional mechanical features of equally high quality.

It provides the style, comfort and luxury of a car 167 inches in overall length and equipped with masterly new bodies by Fisher.

And in this way it appeals to those thousands of Americans who are looking ahead. Some of them could pay up into the thousands for their automobiles. Sometime they may. But this year, for reasons of their own, many of them who could pay more will not do so. For them the New Pontiac Big Six offers a happy solution—big car qualities at prices which make no great drain on the purse.

Prices \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

COLD WAVE GRIPS TEXAS FROM PANHANDLE TO RIO GRANDE

Several Deaths Laid to Extreme Cold; Snow and Sleet Add to Rigors of Sub-Zero Temperatures in Places

DALLAS, Feb. 9.—All of Texas from the Panhandle to the Rio Grande Valley was in the throes of severe winter weather today. Roads generally were in a bad condition and traffic was at a standstill in many sections owing to ice-covered streets and snow banks.

At least one person was frozen to death in the blizzard which struck the state Thursday night and has continued without letup ever since. Trinidad Lopez, 70, Mexican, was found dead in his shack at San Angelo. He had frozen to death.

The mercury dropped to 3 degrees below zero in the Panhandle and West Texas points reported near zero weather over the whole area. Cities reporting low temperatures included: Pampa, 3 degrees below; Quitaque, 2 degrees below; McLean and Borger, zero; Clarendon, 3 degrees above; Amarillo 5 above; Lubbock 7; Big Spring 6; Wichita Falls, 12; Brownwood 14 and San Angelo 18. West Texas suffered most by the cold wave and stockmen took extra precautions to protect livestock. Snow in West Texas fell to a depth of more than a foot in some sections.

Icy streets and exposure resulted in two deaths and scores of injuries. Troy E. Green of Seymour was killed when his truck overturned near Haskell. J. L. Wheeler of Lockney died of exposure while trying to start his motor car which had frozen.

DEATH LAID TO COLD WAVE.
FORT WORTH, Feb. 8.—The cold wave took a toll of one life here. Mrs. A. Z. Lewis, 67, died Friday night from burns. Her clothing caught fire when she stood too near a stove at her home. She owned a clothing company.

Rep. Fred Britten of Illinois, chairman of the Naval Affairs Committee of the House, illustrating his remarks with a photograph showing of the type of the proposed 13 cruisers now before the Senate. Britten is the author of the "Time Limit" clause in the bill which he evoked so much comment, and is urging a definite date for the launching of the new vessels.

LIVESTOCK MARKET

FORT WORTH, Feb. 9.—Hogs—Receipts, 206; market steady to 5 cents higher; top \$10.05; bulk medium to choice 180-230 lb. rail hogs \$9.35 to \$10.65; good to choice light weights truck hogs up to \$9.50; packing sows unevenly higher, mostly \$8.25 to \$8.75, smooth sows up to \$9. Medium to choice: Heavyweight (250-350 lb.) \$9 to \$10.05; medium weight (200-250 lb.) \$9.20 to \$10.05; light weight (160-200 lb.) \$8.90 to \$10.05; light hogs (130-160 lb.) \$7.50 to \$9.25; trade nominal. Market for week: Slaughter steers steady to 25 cents lower; declines mostly on cattle listed upward of \$10.25; slaughter yearlings 15 to 25 cents lower; butcher and beef grades steers steady to 25 cents lower; low cutters cows about 25 cents higher; bulls fully steady; slaughter calves around 50 cents higher. Week's top: Slaughter steers \$11.25; slaughter yearlings \$12.20; fat cows \$8.85; heavy bulls \$8.75; choice heavy slaughter calves \$11.85; choice heavy stock steer calves \$12.25. Bulk of prices: Short fed steers \$10.25 to \$10.75; slaughter yearlings \$9.50 to \$11; butcher cows \$6.25 to \$7; low cutters \$5 to \$5.25; bulls \$7.50 to \$8.25; heavy slaughter calves \$10.08 to \$11.25.

Sheep—Receipts, none; today's trade nominal. Market for week: All classes steady to strong; good to choice woolled fat lambs \$15.75 to \$16; fresh and fall shorn fat lambs \$14 to \$14.50; fresh shorn fat wethers \$8.50 to \$8.75; fall shorn fleshy feeder lambs \$14.25; woolled feeder lambs \$14; woolled feeder wethers \$8.90.

EVOLUTION BILL WAITS.
AUSTIN, Feb. 9.—Consideration of the anti-evolution bill before the Texas house was postponed until Tuesday when the bill by Rev. Jas. W. Harper of Mount Pleasant was reached on the calendar today.

It is estimated that British workers spend \$150,000,000 yearly in traveling between home and place of employment.

BOWLING MATCH

DALLAS, Feb. 9.—Three teams of local bowling wizards are to make their bow tonight in the fifth annual Southwestern Championship in Oklahoma City. The fifteen men left by train last night and will be on hand for their match at 6 o'clock this evening.

OIL NEWS OF SOUTHWEST

SAN ANTONIO, Feb. 9.—Gulf Production company's No. 1 Allen was brought in this week, flowing 1,392 barrels of oil in 24 hours from a total depth of 2,699 feet. The new well is responsible in a large measure for the increase in production in the Joe Bruner field, which has now passed the mark of 18,000 barrels daily. In the south part of the field, No. 6 Merriweather, of the Texas company, is down to 2,703 feet. The derrick is up for No. 3 Merriweather. Humble's No. 2 Johnson, in the northeast part of the field which swabbed 125 barrels, is to be put on the pump and a gauge of the production should be available soon, and will determine the amount of new drilling in that section of the field. The Bruner field now has 74 producing wells.

PALESTINE, Feb. 9.—What oil men say is one of the best wells yet

found in the Boggy Creek field came in Friday when the Todd B-1 well of the Humble company was deepened a few inches, causing it to start producing at a rate of 1,500 barrels daily through a small rheke. Another well located in the producing area, the Lizzie Smith No. 3 of the Humble company, drilled into the sand Thursday.

CISCO STUDENTS.

THE U C C PLAN

BLEASE MOTOR CO., Inc.

ABILENE SKYSCRAPER

ABILENE, Feb. 9.—Plans for construction of a 15-story hotel and a \$250,000 theater were announced today by H. O. Wooten, pioneer Abilene resident, whose career as a constructive business man is one of the absorbing real life dramas of the development of West Texas.

The hotel building, to be located at North Third and Cypress streets, one of the finest locations in the city, will cost \$500,000 to \$550,000. Equipped covering ground space measuring 140 by 75 feet it will be in the vertical or "skyscraper" style developed in America in recent years and especially adapted to skyscraper buildings.

Both the theater and hotel are being designed by the David S. Castle company local architects and engineers. Castle, head of the firm, is a pioneer West Texas architect who has designed a large portion of the region's principal buildings.

1,800 people. Its height will be equivalent to that of a four-story structure.

CISCO COMPANY WILL BEAUTIFY COURT GROUNDS

EASTLAND, Feb. 9.—The commissioners court has let a contract to have the court house lawn leveled, terraced, sodded and planted to trees and evergreen shrubs to the Cisco Floral Co. That the planting will be a fine representation of the landscaper's art is attested by the fact that over 320 varieties will be planted. Acacia from the shade trees and some choice blooming shrubs, the plants are all evergreens. Some rare and beautiful varieties, not seen in this section before, will be used. Some of these are native of far corners of the earth, imported as small seedlings and acclimated here in the native nursery. The whole planting will then be placed under the care, for one year, of the Cisco Floral company, who were the successful bidder for the contract. J. R. Ely of that company drew the landscape plan. Work will begin the first of next week and will be completed in time for the dedication of the court house.

CISCOAN IN NEW YORK. Mrs. Alice Cunningham, well known in local circles as the president of the Sport Shop, is visiting the week in New York, examining the latest models in gowns and hats, preparatory to offering her selections to her patrons. Mrs. Cunningham will attend the Elsie Show at the Hotel Astor, where the most chic and smart inspirations will be shown to the buyers in the country. It is safe to say that the ladies of Cisco, and surrounding towns as well, will eagerly await the return of Mrs. Cunningham, who is planning to present her purchases at an early day.

ALLEN FILES APPEAL FROM DEATH VERDICT

AUSTIN, Feb. 9.—Appeal from a death verdict for robbery with firearms has been filed by V. Allen, convicted as one of two men who held up the First State bank of Carbon, Eastland county, December 13, 1927, and obtained \$5,676.

LIVESTOCK IN TEXAS VALUED AT \$416,689,000

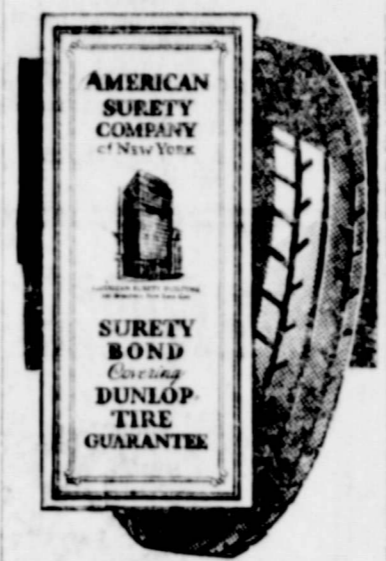

AUSTIN, Feb. 9.—Total value of Texas livestock is \$416,689,000 compared with \$386,543,000 a year ago, says a report issued today by Federal Statistician H. H. Schultz. The number of cattle is 5,807,900.

770 BALES OF COTTON GINNED IN CISCO GINS

The season's ginning in Cisco, according to the Moss Gin Co., was 770 bales, Ranger 424, and Cross Plains, Moss gin, 750 bales. Eastland county ginned 6,659 bales of cotton during 1928, according to a report compiled by the department of commerce, through the bureau of census. The report included cotton ginned prior to January 16, 1928. The county had an increase in 1928. In 1927 there were 3,277 bales ginned or 2,922 bales less than was ginned in 1928. The quantities are in running bales, counting round bales as half bales. Linters are not included. The total for the state is 4,906,025 bales for 1928 and 4,131,248 for 1927, showing a substantial increase for 1928.

CALLAHAN GINNINGS 10,479 BAIRED, Feb. 9.—As reported by Ben. L. Russell, Jr., special agent department of commerce at Baird, there had been 10,479 bales of cotton of the 1928 crop ginned in Callahan county prior to Jan. 16, 1929, as compared with 7,972 for the same period last year. Up to February 1, the two local gins report the number of acres ginned as 1,817 bales. The crop is about all in at this date, but a few hundred more bales of the 1928 yield may be added to the total for the county.

Thunder does not sour milk, but the same condition of the atmosphere which causes thunder does sour milk.

DUNLOP'S SURETY BOND versus Mileage Guarantees

USUALLY the poorer the tire, the longer the mileage guarantee. What you really want is a certainty that your tires will keep rolling. That is what you get with this new Surety Bond. It's backed both by Dunlop AND the American Surety Company. It is as clear as crystal. In effect it says that for the first 12 months we will take all responsibility for your Dunlops giving perfect service. It doesn't matter whether a tire fails through accident, or collision or blow-out, or misalignment, or stone-bruise, or road-cuts, or rim smash, or side-wall injuries, or tube-pinch, or valve-tearing or faulty toe-in, or under-inflation. We repair it free, OR you get a new tire at a reduced price, depending on the time you have run it. You just know the Surety Bond will be fulfilled. You just know that Dunlop Tires must be finer and stronger and better... other wise how could they be backed by a Surety Bond like this. Come in and read a copy. You will find it refreshing in its directness and its liberality.

Dunlop's new Winterized Tire now in stock... This does away with Chains. CARROLL AUTO SUPPLY CO.

LEGAL TRICKS PRECEDE BOUT FOR BIG TITLE

By FRANK GETTY.

MIAMI BEACH, Fla., Feb. 9. — Tex Richard's best big fistie spectacles always were preceded by plenty of legal battles, injunctions and what-nots, and the one the late promoter started today here at Miami Beach gives no indication of proving an exception.

Accordingly, Jack Dempsey, the new promoter, is hauling Young Stripling into court today to settle with writs and injunctions and all the rest of the red tape the question of whether the Georgia contender for the heavyweight title is or not to refrain from riding in airplanes and on motorcycles until after the fight with Jack Sharkey February 27.

The whole business is just so much ballyhoo. Young Stripling is no more interested in breaking his own neck than the promoters. But Tex always used to say that these legal squabbles did no harm and kept the old publicity pot boiling. The injunctions which preceded the Tunney-Dempsey fight at Philadelphia and later on the one at Chicago were of a somewhat more serious nature. They were brought by outsiders, for one thing. The present affair has thus far been surprisingly free from outside interference. The reason is that this fight is going to be good for Florida real estate business, and no one anywhere else cares enough to start anything.

FIRE VICTIMS.
ROCKWELL, Feb. 9.—Fire which destroyed the home of L. E. Bruner here Friday resulted in serious burns to Bruner and his small daughter. The fire started when a can of kerosene oil exploded.

There were 25,800 automotive accidental deaths in 1927.

Lincoln Contemporary

UP—Underwood

Yet living in Anderson, Ind., is Mrs. Elizabeth Chandler, who was a White House bride and who was given away by Abraham Lincoln. She and her young husband were Virginians. He was about to join the Union Army and the couple decided to go to Washington and be married in the White House. They called and Lincoln obligingly consented, sent for a Baptist clergyman and the knot was tied. Mrs. Lincoln gave a wedding dinner for the young couple and they went on their way rejoicing. Mrs. Chandler has been a widow for 25 years.

MINISTER IS AT LIBERTY AFTER SLAYING

LAMESA, Feb. 9.—Rev. W. E. Duke, charged with the slaying of J. A. Cox, filling station operator, today was at liberty on \$5,000 bond signed by fifteen residents of his town. He waived preliminary hearing. Cox was shot and killed in front of Duke's Klondyke store, 15 miles southwest of here Wednesday night. No reason is known for the shooting.

GROUND BROKEN FOR CHURCH
LEON, Feb. 9.—Members of the Church of Christ are making progress with their plans to have a new church building soon. Ground was broken last week for the foundation and it is planned to have the rock work commence soon. The building will be constructed of native stone and the plans indicate that it will be a very attractive structure. The new building will be on the lot formerly occupied by the old Presbyterian church, on the corner nearest the Bills hotel.

Boon to Bridge Players

UP—Engelwood

Stanley Briggs of Los Angeles, using the unique card holder with indicator for bridge, called the "Memo-Aid." It consists of a fan-shaped celluloid container for a hand of cards with a loop to attach to the finger. In the center is a sliding indicator which enumerates the bid and shows what is trump, while on the extreme right and left are small eye indicators telling how many tricks are needed for game and how many are needed to set the bidder. It was invented by G. A. Youngren.

RANGER LEGION TO BANQUET ON FEBRUARY 22

RANGER, Feb. 9.—Final plans for the sixth annual Washington birthday banquet to be given by the Carl Barnes Post No. 69 of the American Legion, February 22, were made at the regular meeting of the organization held Thursday night. B. H. Murphy, post commander of the Ranger organization, will be master of ceremonies at the banquet. Rufus J. East, Jr., state commander of the Legion, resident of Paris, Texas,

will be the principal speaker. Ben J. Dean, Breckenridge, state officer and announced candidate for the office of state commander, will make presentation of awards. R. C. Winters, Abilene, past state commander, also will speak. He will respond to the address of welcome, to be delivered by Dr. Harry A. Legdon, past post commander.

The world supply of radium is estimated at 500 grammes.

Right vs. Left; Left vs. Right

TILDEN BACK IN TENNIS AS AMATEUR

BOSTON, Feb. 9.—William T. Tilden is back in the ranks of the amateur tennis players, ready to carry the stars and stripes in quest of the Davis cup next summer. The spectacular fight which he has carried on with the United States Lawn Tennis association since his suspension last summer for alleged infractions of the player-writer clause of the amateur rules came to a dramatic close last night when the executive committee of that body, by an almost unanimous vote, agreed to his reinstatement.

Twenty-one members of the committee were present at the meeting here and of that number 20 voted in favor of the former national champion. The remaining member did not vote. Tilden's suspension came while he was in Europe preparing for the final round match of the Davis cup series with Italy. He was not allowed to compete against the Italian team but later was instated for the challenge round match with France, at the request of French tennis officials and players.

After the unsuccessful challenge round Tilden returned to the United States where he was met with a formal suspension which remained in effect until last night. The infractions upon which the suspension was based occurred in England while Tilden was taking part in the Wimbledon tournament. He wrote a series of articles for a newspaper

LINDY UNABLE EXTEND VISIT TO COLOMBIA

WASHINGTON, Feb. 9.—Col. Charles A. Lindbergh has informed the American Legation at Bogota that it will be impossible for him to extend his Central American flight to Colombia, the state department said today. Lindbergh telegraphed Jefferson Caffery, American minister at Bogota from Panama as follows:

"Due to my spending the last two days on the Saragoga during maneuvers a reply to your message has been delayed. As much as I wish to visit Colombia and other South American countries I find it impossible at present to do so due to the fact that I must leave with Airmail Sunday for the United States."

ASA KEYES IS CONVICTED OF BRIBERY

LOS ANGELES, Cal., Feb. 9.—For the second time within two weeks, the law today claimed one of its prosecutors—Asa Keyes—convicted by a jury of ten women and two men of accepting bribes while district attorney of Los Angeles county.

Keyes, prosecutor of William Hickman and Albee Semple McPherson, was found guilty of three charges of accepting \$165,000 in bribes to direct prosecution of the Julian Petroleum corporation cases in such a manner that the defendants would be acquitted. Two of the acquitted Julian defendants, Ed Rosenberg and Ben Getzoff, who allegedly paid Keyes \$125,000, also were found guilty and with the possible prison sentences of from one to 14 years.

Thus while Arlie O. Boswell, former state's attorney of "Bloody William" county, Illinois, was beginning a two-year prison sentence for conspiring to violate the prohibition law, Keyes found himself in a tiny cell in the Hall of Justice building five floors above the office where he once ruled as district attorney.

There he will remain with Getzoff and Rosenberg until Monday morning when Superior Judge Ed-

ward Butler will pass sentence and unless legal defense moves intervene, another week may see the former prosecutor behind the walls of San Quentin penitentiary or Folsom prison with hundreds whom he successfully prosecuted.

ALDERMAN, TRICKED, IS CONVICTED

CHICAGO, Feb. 9.—A Chicago alderman and four of his aides who were tricked into inviting two revenue agents to join them in their \$5,000,000 bootlegging business, were found guilty by a jury in federal court today of conspiring to violate the prohibition law. The alderman was Titus A. Haffa of the forty-third ward, described by the government as the "master mind" of the syndicate, Joe Bagheria, who supervised the making of the alcohol, Henry Murray, the alcohol cooker, and Sam Simon and Edward Hutz salesmen. Under the terms of the verdict the defendants are liable to fines and prison sentences ranging up to five years.

GAP PAVED.
AUSTIN, Feb. 9.—The "Foney Gap" between Forney and Dallas on highway 13 is to be paved. Bids were today called for the grading and drainage structure on the three miles of road. Bids will be opened Feb. 19.

RUMOR OF ROBBERY IS UNCONFIRMED

A rumor was current here Friday that a store at Nimrod was burglarized Wednesday night and a quantity of merchandise and a small amount of cash taken. Sheriff Foster stated that he had not been able to make an investigation and knew nothing about it, though he had heard of the reported robbery.

In response to a telephone call to Nimrod the Daily News was informed that no robbery had taken place there, so far as the informant was aware, who had heard nothing of the burglary.

Sheriff Foster said that there had been some new developments in the recent burglaries committed at Cisco, Oden, Eastland and other towns, for which four men are now in custody at Breckenridge and Odessa. He said indications were that the right men were being held, but could give out nothing at this time.

W. K. Johnston, whose store on West Broadway was burglarized said Friday that he had recovered the larger portion of the merchandise taken. That he recovered some canned goods that had not been missed. The hams and bacon taken had been nearly consumed by the house breakers before their capture. His loss was covered by insurance, he said, which totaled about \$269, including the damage to the safe. No part of the \$185 in cash taken was recovered, as officers thought the man who escaped carried the money. Officers think this man will also be apprehended, as he is known.

DALLAS MAN OFFERS TO PROVE ADAM DIDN'T EAT THE APPLE

Says He Will Show Fundamentalists Who Announced \$1,000 Reward That Parts of Bible Are Not Correct

CHICAGO, Feb. 9.—From Dallas, Tex., comes the first bid for the \$1,000 reward which Paul Rader, evangelist, has offered to anyone who can produce scientific proof that Adam didn't eat the apple. Rader made his offer through the Fundamentalist organization known as the Defenders of the Christian Faith, extending it to apply to any scientific proof that any of the statements of the Bible are in error.

In a letter addressed to Rader, received today by the United Press, W. S. Dunbar, Dallas insurance man, asks the evangelist to notify him when the \$1,000 has been deposited with and to give him 20 days in which to produce the scientific proof.

DALLAS, Feb. 9.—"I need that \$1,000 and as soon as I find that

Paul Rader has put up his money, I'll show him parts of the Bible that are not correct," W. S. Dunbar, Dallas insurance man, said today in connection with Rader's purported offer to pay \$1,000 to anyone who can produce scientific proof that Adam didn't eat the apple.

"I don't want anyone to think I don't believe in the Bible for I certainly do," Dunbar said, "but Rader is said to have made the offer to anyone who would prove that one scintilla of the Bible is not true. No man ought to be that foolish."

Dunbar said he had in mind certain verses in the Bible which he would prove are not correct but he preferred not to disclose which verses they are until he finds out whether the offer is genuine and the money posted.

HERO MEDAL GIVEN COUSIN CISCO LAWYER

The Memphis Commercial Appeal of February 4, carried a picture of Mrs. Mary B. Lankford, of Norfolk, Va., with a notice that this young lady had just been awarded the Carnegie medal for a heroic act. Miss Lankford is a relative of Judge Eugene Lankford, attorney of Cisco, whose father, Dr. Burnley Lankford, was a cousin of Judge Lankford.

The act for which Mrs. Lankford has just been awarded the Carnegie medal was the rescue of her cousin, Nan Burnley, 10 years of age, and her mother from drowning, and the near rescue of her father, about one year ago. An account of this tragedy in which Dr. Lankford lost his life was published in the Cisco Daily News at the time Miss Lankford, accompanied by her parents and two younger relatives, composed a bathing party that were enjoying a swim in the Atlantic, off Cape Henry, when the party were carried out to deep water by an unusually high sea. Miss Lankford, and ascertaining that her father was missing, went back to rescue him. She had succeeded in getting him within a few yards of the shore when a swell of the sea carried him from her back into the ocean where he was drowned. His body was recovered the next day. While carrying her cousin through the rough sea to safety, she also assisted her mother in reaching the shore, and doubtless saved her life.

Miss Lankford was but 15 years of age at the time, and for a girl of that age to win a hero medal is a distinct honor. She is an expert swimmer, and was made a life saver at the age of 13.

It was at the home of Dr. Lankford that Judge Eugene Lankford first met his wife.

Ambassador on Vacation

An informal snapshot of Ambassador and Mrs. Dwight Morrow, American Ambassador to Mexico, who has been prominently mentioned in Hoover's Cabinet, photographed at Nassau where they were the guests of General J. J. Morrow, brother of the diplomat.

OF A SOCIAL NATURE

South Circle. The South circle of the Methodist Missionary society met Tuesday afternoon at the church. The program was taken from the study book, "What's Next in Home Missions." The meeting was opened by the reading of the Twenty-third Psalm and the prayer by Mrs. John Shertzer. The following papers were given on the program: "Look Two Ways," Mrs. John Shertzer; "Early Churches in America," Mrs. L. E. Vaughn; "The Beginning of Home Missions," Mrs. Latch; "A Force to Reckon With," Mrs. H. B. Hackle; "Expression," Mrs. Maule; "The Indians," Mrs. L. S. Jenkins; "The Negro," Mrs. Ed Aycock; "The Frontier Settlers and New Frontiers," Mrs. Joe Wilson; "Devoting Enterprise," Mrs. H. E. Pyle; "In the Wake of a War and Growing Social Adaptations," Mrs. Sherman Roberts; "What's Next in Home Missions," Mrs. F. E. Singleton. Mrs. C. G. Winston of Birmingham, Ala., was a visitor at the meeting and made an interesting talk on the things they are doing in her home church society. The meeting was closed by repeating the Lord's Prayer in unison.

Thursday Forty-Two Club. Members of the Thursday "42" club were entertained Thursday afternoon at the home of Mrs. J. B. Cate. Despite the inclement weather, the interior of the Cate home, decorated with ferns, pot plants, Valentine colors, soft shaded lights and a brisk fire in each room, furnished a cozy atmosphere. Partners were chosen by matching Valentine pictures, which were used as callies. At the close of a series of spirited games of "42" the president of the club, Mrs. Cate, announced there would be a short business session and suggested that the members respond to roll call with a tribute to Mrs. R. Q. Lee, a long time member of the club, who is leaving soon to make her home in Washington. Many clever responses were given. Among those deserving special mention was that of Mrs. J. T. Anderson, which was:

"Friendship is a wonderful thing; It will stretch from sea to sea. So we know Mrs. Lee won't forget us Up in Washington, D. C. And we hope her fondest dreams come true. Though we'll be lonely as can be, And I sometimes hear, ladies, Why we voted for R. Q. Lee."

Mrs. Lee was then presented with a lovely red satin heart-shaped box filled with dainty handkerchiefs, as a gift from the club members and she, in turn, fittingly responded with well chosen words. Refreshments were then served, consisting of a salad course, individual cherry pies and coffee. Mrs. Cate was assisted by Mesdames J. W. Mancill and J. T. Anderson. Those present were: Mesdames R. Q. Lee, J. T. Anderson, T. J. Dean, Charles Hale, L. A. Harrison, J. W. Mancill, Ben McClinton, William Reagan, Joe Shackelford, C. R. West, J. J. Butts and B. W. Patterson.

Industrial Arts Club. The First Industrial Arts club met Thursday afternoon at the home of Mrs. C. L. Orn with twenty members and one visitor, Mrs. Maggie Mims, present. An interesting feature of the afternoon was the relic display of home made rugs, pillows, pettary, dresses, shawls and numerous other articles. This is an annual custom, each member brings to the meeting any articles of interest, which are hand made and of the required age. A report from the magazine committee was made. They stated eight dozen magazines had been turned in to be given to the rural women, also two one year subscriptions had been received from Mrs. P. P. Shepard. Mrs. C. O. Shugart reported that the Cisco band, which recently broadcast over WBAP had been heard in Ontario, Canada according to a message received from there. Mrs. A. J. Olson, who is compiling data for a year book for the City Federation, proposed that the club accept the offer of the federation for a one page descriptive

will make their home, was a surprise supper given by a number of friends Saturday, February 2, at the Green Lantern tea room. Each attendant carried an article from a well planned menu and when all had assembled tables were spread and the supper was thoroughly enjoyed by all. Following this dancing was enjoyed for the remainder of the evening, with music furnished by a colored orchestra.

Christian Society. The Women's Missionary society of the First Christian church observed its annual "Guest Day" at the home of Mrs. Bob Winston Tuesday afternoon from 3 to 5 o'clock. Members and guests were cordially greeted at the door by Mesdames T. T. Roberts and K. H. Pittard. Mrs. Jack Carpenter, president, presided during the business session. The devotional period was conducted by Mrs. Ina Querry. Latin-America was the subject for the mission study topic, with the following program given: "Discussion of the Disciples of Christ's Mission in Mexico, The Argentinians, Paraguay and Porto Rico," leader, Miss Hallie Strange, teacher of Spanish at Randolph college; "Domestic Life in Mexico," Mrs. J. E. Elkins, song sung in Spanish by two Randolph college students, Misses Lizzie May Hale and Maurine Martin; "The Unemployed Woman," Mrs. C. R. West. During the social hour coffee was poured by Mesdames Thomas Reid and F. E. Shreckley, and in keeping with the Latin-American program, chili and wafers were served to approximately 60 members and guests. Others assisting in the dining room were: Mesdames Charles Brown, C. B. Powell, J. W. Love, Allen Wood, Roy Wilson and Ruby Miller.

Pivot Bridge Club. Mrs. J. H. Moyer was hostess to the Pivot Bridge club Thursday afternoon. During the progress of the games delicious home made candy was served. Mrs. B. S. Huey was the winner of high score and received a beautiful rose crystal tree ornament. Among those present were: Mesdames J. A. Bearman, Charles Brown, Jack Kelly, B. S. Huey, Gay Merrivether, Homer McDonald, W. B. Chapman, A. C. Green, G. C. Tidale, Charles Trammell and E. S. Wilkinson.

Abbott-Holleran. The marriage of Miss Freda Mae Abbott, of Cisco, and Joe W. Holleran, of San Antonio, was solemnized yesterday afternoon at 2 o'clock at Ranger, Rev. Michael Collins, officiated. The bride was dressed in a blue and pink ensemble, with accessories to match, and carried a bridal bouquet of pink Killarney rose buds. Miss Laura Waring was maid of honor and E. V. Richard

Olympic Hurdler Weds

Lord David Burghley, winner of the 400-meter hurdles in the 1928 Olympics, son and heir of the Marquess of Exeter, with his bride, the former Lady Mary Scott.

MR. AND MRS. LEE LEAVING FOR CAPITAL

Congressman and Mrs. R. Q. Lee, accompanied by their son, Stein Lee, of Cisco, will leave early this afternoon for Washington, D. C., where Mr. Lee will enter upon his duties as representative from the 17th congressional district of Texas in the lower house of congress. The party will make the trip by automobile, with Mr. Stein Lee driving.

Mr. Lee said Saturday that by reason of the swollen streams in Arkansas a detour of about 17 miles through that state will be necessary, according to telephone reports furnished him regarding the route.

MUSICALE AT PRESBYTERIAN CHURCH TODAY

The Twilight Musicale, directed by Grover C. Morris, will be given this afternoon at 4 o'clock by juvenile artists from the grammar and ward schools of Cisco, pupils of Mr. and Mrs. Morris, in the following program:

In Dreamland—Jane Morehart. Three Little Boys: A Boy Who Was Afraid of His Dad; A Wakeful Rip Van Winkle—Thomas Wilson, Lullaby—Violin, Bettie Fee Spear.

Sun Dried—(Story), Ann Dowell. Orientation in Music Methods—(I) Beginning; Alice Slicker. (II) Transposition; Margaret Dwyer, Betty Jo Heile, Lillian Jane Smith, Mary Elizabeth Tomlinson, Martha Jay Childress, Thomas Wilson, Joe Slicker, Deborah Hopkins, Paulette Ruppert. (III) Modulation and Cadences; Jane Morehart. March—Violin, Bettie Fee Spear.

Pictures of Memory: What Grandma Says; Life's Mirror—Ann Dowell.

SHIP CHANNEL AT HOUSTON IS INSPECTED

GOOSE CREEK, Feb. 9.—Dream of the tri-cities for a port was believed to be a step nearer realization today following an inspection Friday of the Houston ship channel from the turning basin to Morgan's Point by officials of Goose Creek and Pelly and Major R. W. Putnam, Chicago port engineer. Officials refused to discuss results of the inspection until something definite could be announced. It is believed other conferences are planned soon, possibly looking toward obtaining future cooperation in congress to get funds.

Boarding a tug at the turning basin, they studied points along the channel at which a branch channel might be dug. Officials of Goose Creek, Pelly and Baytown have adopted \$3,000,000 as the probable cost of a port, half to be appropriated by the federal government, if support can be obtained, and half to be raised locally.

WEST TEXAS UTILITIES GIVES ALLEY

The West Texas Utilities company is dedicating to the city of Cisco a strip 12 feet wide off the rear portion of its property between Fifth and Sixth streets on E avenue to be used for a north and south alley. P. P. Shepard, manager of the Cisco headquarters of the company said Saturday a number of progressive citizens owning property fronting on D avenue will pay half the cost of this strip, Mr. Shepard said, while the city will pave the alley, assessing the cost of this paving against the property abutting.

This will give this business block two alleys, one running east and west, and the other north and south. The West Texas Utilities company will shortly build its headquarters office on the property it owns in the block.

SHIP AGROUND

PENSACOLA, Fla., Feb. 9.—The shipping board steamer Afronidia ran aground on Santa Rosa Island early today. Tugs went to her assistance and reported she was not in immediate danger. The vessel's position was several hundred yards off the beach, four miles east of Pensacola lighthouse. The Afronidia was inbound from England.

EAST TEXAS SHIVERS

NACOGDOCHES, Feb. 9.—The coldest weather of the winter in this section today brought a temperature of 18 degrees and the hardest freeze in several years. The cold wave followed a rainy spell of a week's duration. Farmers are reported behind with their preparations for a new crop.

NEW OIL PAY IS FOUND IN SHACKELFORD

It is believed that the Tannehill Oil company, drilling in the northeast quarter, section 28, ETRR curve, Shackelford county, has picked up a new sand at 1,400 feet. This is about 250 feet below the Cook sand, the ordinary oil producing horizon in Shackelford county. The well is now fishing for two joints of casing dropped in the hole.

Shackelford county, according to production reports, has stepped ahead of Brown county in daily average with a lead of approximately 2,500 barrels.

Stop That Cough Quick!

Famous Prescription Has A Double Action

The phenomenal success of a famous doctor's prescription called Thoxine is due to its double action. It immediately soothes the irritation and goes direct to the internal cause not reached by patent medicines and cough syrups. The very first swallow usually relieves even the most obstinate cough. Thoxine contains no chloroform, dope or other dangerous drugs. Safe and pleasant for the whole family. Also excellent for sore throat. Quick relief or your money back. 35c., 60c., and \$1.00. Sold by City Drug Co., and all other good drug stores.

As a vacation from the making of "Coquette," the first picture which she abandons her "doll" roles, Mary Pickford visited the Del Monte, Cal., golf course and spent a week of two polishing up her game.

BIBLE MARATHON AT RANGER.

From Genesis to Revelations in 70 hours was the record hung up in the non-stop bible reading contest conducted by the First Methodist church of Ranger recently. Here is a picture taken during the contest. Rev. P. T. Stanford, formerly of Cisco whose he was one of the most popular pastors this city has had, is pastor of the Ranger church and conducted the marathon.

Treatment of Claim for Title to Alleged Survey Vacancy Complained of Before Solons Land Investigation

AUSTIN, Feb. 9.—Treatment of a claim for title to an alleged survey vacancy between Daisworth and Grand Prairie was complained of by W. R. Hanaway of Dallas before the legislature land investigating committee yesterday afternoon. The tract of 25 acres is cut up into town lots and now has residences on it. Hanaway who described himself as a "foot surveyor" said he discovered the vacancy and when he first filed a claim to it was notified the time to complete his survey had expired. When he renewed it he said he was notified that the land belonged to the T. & M. railroad. Robison in answer produced the files on the tract showing a railroad grant antedating the Hanaway claim. Complaint of J. C. Davis of Dallas that he had received back neither a \$1 fee nor papers after seeking transfer of titles to oil field lands was answered by showing that the land was in receivership and not by him. J. R. Morgan of Lambert complained that the land office violated the law in dividing excess values.

COLDEST WAVE OF WINTER AT KANSAS CITY

KANSAS CITY, Mo., Feb. 9.—The coldest weather of the winter struck Kansas City and the southwest area generally today, with light comfort in the forecast that warmer days were imminent and spring but less than a month distant. Falling to zero shortly after midnight, the temperature in Kansas City had descended to four below by 8 a. m.

Record low temperatures for the year also were established in various parts of Kansas and Missouri. In south central Kansas the mercury fell to two below. Snow which has covered the ground for several days, protected the Kansas wheat and will do it a vast amount of good.

In many centers the sun shone today for the first time in a week or more. Cold weather records in Nebraska brought the thermometer to 12 below zero and to 10 below at Omaha. Dispatches from Omaha described the coldest winter since 1912. Oklahoma at one half degree below zero, suffered from the lowest temperature in four years.

WOULD BOOST GOVERNOR'S PAY TO \$12,000

AUSTIN, Feb. 9.—The governor's salary is raised to \$12,000 in an amendment adopted by the senate committee today in the proposal for a \$10,000 salary. The senate also changed the date for the proposed referendum on the salary to coincide with the next general election. The same committee reported in favor of limiting the term during which new bills can be introduced to the first 30 days of a legislative session.

WORRY SENDS MOTHER LOST GIRL TO BED

AUSTIN, Feb. 9.—Worry over the fate of her sixteen year old daughter, Fannie Lee Minter, pretty university co-ed, missing two weeks this coming Tuesday, has sent Mrs. T. I. Minter to bed. Police have only been able to pick up meager traces of the girl, who is believed to be accompanied by Jack Griffin, alias Jack Freeth, professional swimming star. He is charged with her abduction. The girl's parents, Mr and Mrs. T. I. Minter, believe that Fannie Lee was lured away by the promise of a good position at a time when she was despondent over passing in her university work. Freeth was known in Austin as the "human fish" and he was an expert swimmer despite a withered leg. A search extending not only through the nation but into Mexico is being conducted by the police in an effort to locate the missing pair.

Physicians advise that the chief danger of this year's epidemic lies in the after-effects. Colds attacking the weakened system so often lead to bronchitis, sinus trouble, pneumonia, or even meningitis. This is especially true of children or old folks. These colds must be checked immediately. And yet too much dosing may upset the digestion which is already disturbed by the toxins of influenza. Vicks VapoRub is especially valuable here. As it is applied externally it can be used freely at the first sign of a cold without upsetting the most delicate digestion. Just rub it on the throat and chest at bedtime.—Adv.

Send It To— TULLOS BROS. The dog didn't know his feet were dirty.

CHURCHES

FIRST PRESBYTERIAN.

Sixth street at H avenue. Bruce C. Boney, minister. A warm, cheerful building will greet those who attend each service here today. At 9:45 Sunday school. At 11 "A Mistaken Idea of Stewardship." Not a money sermon. At 7:30 p. m. "Abraham's Idea of Interest in His Boy." At each hour music will be a feature. "Sing Jehovah's Praises," an anthem, with Mrs. Jamison and Mrs. Wallace in a duet of unusual beauty will be heard at 11, and at 7:30 Mrs. Ben McClinton will sing the soprano obligato in "Bless the Lord." The stereopticon scripture lesson at 7:30 will show the story of Abraham's interest in a happy marriage for his son. As God has preserved and prospered us, let us worship today.

CHURCH OF GOD.

F. Avenue at Eleventh street. "The church of full salvation, unity and truth." "What if Christ Should Come to Cisco?" will be the subject for the evening service. How would He like the place? What would He find? What church would He attend? What would He preach? Who would become His disciples? You will enjoy this message of truth. Sunday school at 9:45. Morning service at 11. Young people's meeting at 6:30. A warm welcome awaits you. — JOHN BATTORF, Minister.

GRACE LUTHERAN.

The building will be warm and comfortable. Sunday school begins at 10 o'clock. Morning service at 11. Topic, "Natural Man." What is the condition of natural man? What about the good moral man? Is he within or without the kingdom of God? At this service the Lord's supper will be celebrated. Night service at 7:30. Topic, "Joseph." With this sermon the Old Testament series will be discontinued until after Easter. For the next six Sunday nights there will be a special pre-Easter series on "The Redeemer, the Redeemed and the Redemption." Six sermons full of the glorious gospel message to the full and free salvation for each and every sinner. Everybody welcome to any and all of our services.—H. F. PEIMAN, Pastor.

FIRST BAPTIST.

E. Avenue at Ninth. Acker C. Miller, pastor. Sunday school at 9:45 with E. E. Hittson as general superintendent. Separate class room for all ages and congenial groups. "We teach the Bible." Preaching services at 11 a. m. and 7:30 p. m. Young people meet at 6:30; attendance of over a hundred each Sunday evening. Boy Scouts will assist in the evening service in

keeping with Anniversary week of the Boy Scout movement. They will sit in a body and some will serve as ushers. The house will be warm and the welcome sincere at all services.

FIRST METHODIST.

Frank E. Singleton, the pastor will preach at both morning and evening services today. At 11 a. m. "A Special Message to the Church." At 7:30 there will be a special service in the interest of young people. "Easily Gullied" will be the theme for this hour. The Boy Scout troop will have a place in the program to demonstrate the great work they are doing. All interested in our boys are urged to attend. There will be special music under the direction of Professor Reid. Every one is cordially invited to worship with us and will receive a hearty welcome.

To Cabinet Post?

Dr. Ray Lyman Wilbur, President of Stanford University, who according to California reports, has accepted the offer of a post as Secretary of the Interior in Hoover's cabinet.

TO ATTEND FUNERAL.

R. A. Jake and J. F. Courtney expect to leave some time today for Hamilton to attend the funeral of their Uncle, William Cook, who died at the home near there Friday night. A message announcing Mr. Cook's death was received by the Cisco relatives Saturday morning. Mr. Cook was near 90 years of age and one of the oldest settlers and pioneer citizens of Hamilton county.

COLDEST IN YEARS.

LONGVIEW, Feb. 9.—The mercury dropped to 14 degrees here last night, the coldest since Friday, Feb. 13, 1889, according to reports. Rain which fell Friday turned to sleet and covered everything exposed to the weather with ice. Farmers reported that truck crops had been killed by the freeze and that they are behind with their spring plowing.

EDDLEMEN ANNEX DEAL IS PENDING

A real estate deal now pending, which probably will be consummated in the next few days, is one in which Jake Courtney and Paul Miesley, proprietors of the Cisco Shoe hospital are negotiating for the purchase of the brick building north of and adjoining the Eddleman building, occupied by the Southwestern Telephone Co. As soon as the title to the property is passed the Cisco Shoe hospital will move from its present location on West Broadway, next to the Police building, to the new place. The new home of the Shoe Hospital is on E. Avenue, has solid glass front and will make an ideal location for the shoe. The building is owned by Jim Eddleman, who erected it as an annex to the telephone building. Mr. Courtney said there was mostly a possibility of the deal falling to materialize, as all preliminaries have been discussed and arranged. Consideration was not given. The present location of the shoe hospital will be occupied by the Elder, who will move his hardware case into this building. Conley casts in Schaefer here, readed risk, price \$1.50 to \$2.75. MASTER OF THEM ALL FOR WINTER DRIVING. Like the teeth of a powerful bull-dog, those big, deep, sharp blocks of tough rubber cut in and engage on slippery roads, bringing your car to a sure safe stop. Note how these blocks or "teeth" are placed IN THE CENTER of the tread. Note how the "teeth" also extend UP THE SIDES—to prevent skids on turns—to take hold in ruts—to pull out when tires sink deeply into mud, sand, slush or snow. More than 20 winters have proved the All-Weather the safest and best of all non-skid treads. Now comes this extra-deep, extra tough super-edition of that same famous tread to master the very worst driving conditions. It is one of many super features, exclusive to the Goodyear DOUBLE EAGLE The Tire of Tires. 31st Anniversary Achievement of The world's largest Rubber Company. Blease Motor Co., Inc. Service Station

SLAYER OF OBREGON EXECUTED BY FIRING SQUAD SATURDAY

Assassin of President-Elect of Mexico Faced Death Calmly Still Professing to Be Christian Martyr

MEXICO CITY, Feb. 9. — Jose de Leon Toral, professing to the last that he was a martyr to the cause of religion, died his "second death" facing the rifles of a squad of soldiers. Toral was executed in the Patio Alvaro Obregon at the federal penitentiary for the assassination last July 17 of Gen. Alvaro Obregon, president-elect of Mexico. He was shot at 12:35 p. m.

The prison was surrounded by 200 police, mounted and on foot, to prevent any possible demonstration. The crowd outside the walls was comparatively small, but thousands through the city waited for news of the execution. Toral faced the firing squad at 12:33 p. m. and was shot less than two minutes later. He wore a light colored cap which he removed with his right hand just a second before the command to fire was given.

Then he placed his left hand over his heart to guide the shots. He cried "vivi" apparently intending to utter the rallying cry of the Catholic extremists, "viva Cristo Rey," but the shots cut him off. Capt. Jose Rodriguez Haberia, commanding the firing squad, stepped forward and delivered the coup de grace with a pistol which had been given to him by Obregon. A bullet from the pistol of the man he had assassinated penetrated Toral's brain and the state was satisfied that he was dead.

When Toral was led in for the execution, he was guided to a wall of the prison and stood with his back to it. A heap of sand, stacked against the wall, was behind him. The bullets tore a hole in the victim's body and he toppled forward on his face. The bullets passed through his back and opened the sacks from which a stream of sand poured out and ran over the prostrate body.

Toral, after a morning of prayers and saying farewells to his faithful relatives, was taken out of the death cell five minutes before the execution. The death order was read to him in the prison and he received instructions as to how to march to the place of execution. He wore a black coat and striped trousers and was freshly shaven. He smiled twice at the officials as though he considered the orders an ironic joke. The order then was taken back to his cell.

The few officials and reporters who witnessed the execution then

were taken through winding passages a hundred yards to the execution place, which was only 20 feet from the hospital where the nun, Maria Concepcion lies. She is under a life sentence accused of being the instigator of Toral's crime. Guards held the spectators in a semi-circle ten yards away from the firing squad. After a wait of barely two minutes, Toral appeared from another passageway, accompanied by guards. The Rev. Father Rafael Ruiz Soto was at Toral's side, whispering words of consolation. Toral walked slowly.

FRIDAY NIGHT COLDEST HERE IN LONG TIME

Despite the bright sun that shone nearly all day Saturday there was only a slight thaw in the Cisco Country, and only in spots had the mantle of snow disappeared from the streets and sidewalks. Friday night was the coldest here in several years, the Daily News thermometer registering 8 above zero at 7:30 Saturday morning. At 10 o'clock Friday night the mercury registered 9 1/2 above.

Near zero weather is rare in this part of the state, as some of those with weather recollections, say that the last zero weather in this section was probably the cold spell that visited West Texas in 1900.

Farmers and stockmen report no damage to stock. All are feeding livestock extra rations, but cattle, especially, are holding up well. The long and continued freeze will be beneficial to fruit and farm crops, as much insect life has been destroyed, and the ground is in fine shape for early plowing.

TRIBUTE TO DENBY.

DETROIT, Mich., Feb. 9.—Tributes to Edwin Denby, former secretary of navy, poured in today as arrangements were completed for his funeral services. He died here yesterday. The services will be held Monday in the Christ Episcopal church, with the Rev. Dr. William D. Maxon, officiating. Flanked by a sailor and marine guard, the body will lay in state at the church for an hour before the services Monday.

Young Stribling in Training

Young Stribling and Pa Stribling as they appeared before a big crowd on the day of Stribling's first workout at Miami Beach, Fla., for his fight with Jack Sharkey. The bout will take place Feb. 27.

Lobos, With Eastland County Cage Flag Safely Tucked Away, Seek Wider Fields; Meet Buckaroos Next

The Big Dam Lobos of Cisco high school won the basketball championship of Eastland county Friday night by defeating Scranton by the score of 26 to 8. For six consecutive years now the Lobos have led the county in the race for the basketball title. In the game Friday night the Lobos were off form offensively but played a great game defensively, led by their captain, George Van Horn. Scranton was so closely guarded by the Lobos that they were able to ring only two field goals. Offensively, Ray was the big gun for the Lobos. He hit the basket for three field goals and three foul goals for a total of nine points. The Lobos were minus the services of three regulars due to illness. Price, "Chuck" Van Horn and Yeager all played good games in their stead. Price and Yeager tied for second in the scoring with six points each. "Chuck" Van Horn played a great game at guard. The feature of the game was the guarding and floor work of George Van Horn. Purvis and Sawyer were the stars for Scranton and each made three points. Sawyer made the first field goal of the game by a long shot from the center of the court. The Lobos had taken the lead on free tosses and kept the lead, the first quarter ending 12 to 2. In the second quarter the Lobos were scoreless and Scranton made four points, making the score at the half 12 to 6, in Cisco's favor. The Lobos came back in the third quarter and held Scranton scoreless and added five points to their total. In the final quarter the Lobos added nine points to one for Scranton. The Scranton team all played a nice game but could not score against the close guarding of the Lobos.

The Lobos had won the class A title of the county by defeating Ranger, Eastland and Desdemona in straight games without losing a contest. Scranton had fought through the class B elimination and won the right to meet the Lobos in the finals for the county flag. The Lobos won their first county title in 1924 under the coaching of E. H. Whitehead and were runners-up in the district tournament. In 1925 and 1926 the Lobos were coached by H. V. Niro, now principal of Cisco high school, and won the county flag. They were also runners-up in the district tournament, being eliminated by the powerful Stephenville team that made such an excellent record in the state races. In 1927 Coach W. L. Goughly took charge of the Lobos and coached them to the county championship. In that year the district tournament was done away with and the county winners played bi-county games. The Lobos won over Stephenville in the Cisco gym and defeated Colorado City in the bi-district elimination. They then journeyed to the state meet and were eliminated by the team that won the state championship, Athens high school. In 1928 the Lobos won the county and then decisively took the district tournament held in Breckenridge, winning easily from Stephenville in the final game, after Stephenville had eliminated Breckenridge. In the bi-district contest the Lobos met the Abilene Eagles and in two fiercely contested games the Lobos won out. The first game was won 19 to 18 in Cisco and the second 21 to 18 played in Abilene. The Lobos then journeyed to Austin for the state meet. In the first round they defeated Lubbock and then were

LOBO QUEENS, BUCKARETTES PLAY MONDAY

Due to the fact that the Cisco Lobos will play the Breckenridge Buckaroos for the bi-district basketball championship of Stephens and Eastland counties Tuesday evening the game between the Cisco Lobo Queens and the Breckenridge Buckarettas, scheduled for Tuesday night, has been moved up to Monday night at 7:30. It was announced last night by H. V. Niro, principal of the high school and coach of the Queens.

The Queens have already defeated the Buckarettas once by a narrow score, and a fast and furious match is certain to result in tomorrow night's meeting between the two rivals.

The proceeds of the game will be used to defray the expenses of taking the Queens to the West Texas tournament at Snyder. The contest will take place at the high school gymnasium.

TREATED HERE.

Mrs. W. E. Spencer and daughter, Miss Margaret, are in Cisco from Lubbock for medical treatment by their former family physician for the young lady, who is a patient at the Graham sanitarium. She has an infection in one of her hands, caused by a cut inflicted by broken glass when she broke a bottle of oil. Mrs. Spencer is the guest of her mother, Mrs. Dan J. Smith, 409 West Fourth street.

Senate Quizzes Wealthiest Indian

Jackson Barnett, aged Creek Indian of Oklahoma, who admits he does not know how great his wealth is, faced the Senate Committee on Indian affairs at Washington. Barnett and his white wife had been subpoenaed to testify regarding an alleged conspiracy involving the Commissioner of Indian Affairs and Mrs. Barnett in mishandling of the old Indians property. Photo shows Mr. and Mrs. Barnett leaving the hearing, apparently the best of friends despite the charges made against Mrs. Barnett.

CARAWAY BILL ON FUTURES IS UP MONDAY

WASHINGTON, Feb. 9.—The Caraway bill to prevent sale of cotton futures markets will be debated in the senate Monday. Senator Caraway, Democrat, Arkansas, consented to all consideration of all unopened calendar bills today on the condition that his measure should be brought up Monday.

PLAYS POSTPONED.

The plays announced by the Randolph College Dramatic club for last Friday night, which were not given on account of the inclement weather, will be given Tuesday night at 7:30 o'clock at the college auditorium. Miss Zella Blanche McClinton announced Saturday. Announcement of this entertainment for last Friday night was published in the Daily News at the time. The postponement has enabled the members of the cast to perfect their parts, and a splendid evening's entertainment is promised.

The first Christmas pantomime was produced at Drury Lane Theatre in 1702.

HERE TO AID IN WORK AT FISH HATCHERY

Joe Dickson, superintendent of the state fish hatchery at Wichita Falls, and former superintendent of the Cisco hatchery, is greeting friends in Cisco this week. Mr. Dickson's visit here, at this time, is to assist Superintendent S. B. Wright of the Cisco hatchery, in making the fish in the spawning pools. He and Superintendent Wright will make the fish just as soon as the weather will permit.

Mr. Dickson has just left Kerrville where he assisted the superintendent of the Kerrville hatchery in making the fish.

TRUCK CATCHES FIRE

The fire department was called to A Avenue and East Fourth street at 5:10 Friday afternoon, the alarm being caused by a truck on fire. In making the turn at the curve in the highway at this point the truck went into the ditch and caught on fire. The blaze was extinguished by those near the scene before the department arrived, and the damage to the truck was slight, only the wiring and part of the upholstery being burned. The truck was brought to the Southwestern Motor Co., where it was being repaired Saturday. The damaged machine bore the name of the Oil Well Supply Co., presumably of Eastland.

'ROUND ABOUT THE TOWN

Mrs. Will St. John has as her guests Mrs. C. B. Cunningham of Fort Worth and Miss Romie Roper of Plainview.

The City Federation will meet Monday afternoon at three o'clock at the club house. The Mothers' club will have charge of the program.

Little Miss Alice Estel Spencer is confined to her bed with a severe cold.

Gay Merrivether spent Friday in Abilene on business.

J. B. Morrison has returned from several days' business visit in Fort Worth.

Circle two of the First Baptist church will meet Tuesday afternoon at three o'clock at the home of Mrs. L. A. Harrison.

Alex Artzt of Dallas has returned to his home after a business visit in Cisco.

Mr. and Mrs. H. O. Westerfield and family are now located in the H. C. Poe home at 511 West Broadway.

The American Legion auxiliary will meet Monday afternoon at one o'clock at the home of Mrs. J. H. Meyer.

Mrs. Maud Coleman of Miles is the guest of her nieces, Mesdames J. T. Anderson and W. J. Foxworth.

H. S. Speed of Dallas transacted business in the city Thursday.

Ira Muller of Rising Star is a week end visitor in Cisco.

J. Whitney Lewis of Fort Worth, former of Cisco transacted business in the city Thursday and Friday.

C. B. Poe of Carbon, who has been ill at the home of his daughter, Mrs. J. E. Spencer, is now reported to be recovering nicely.

Circle one of the Presbyterian auxiliary will meet Tuesday afternoon at three o'clock with Mrs. O. G. Mortimer at 511 West Fifth street.

The north circle of the Methodist Missionary society will meet Tuesday at one o'clock with Mrs. Charles Yates at 1003 West Seventh street.

Mrs. M. A. Northup is enjoying a visit with her five sons who arrived Friday by motor from their homes in Oklahoma and Kansas. They are Fred Northup of Oklahoma City, Frank D. Northup of Enid, Okla., Will Northup of Washington, Kansas, Tom Northup of Quinter, Kansas, and L. O. Northup of WaKeeney, Kansas. They are all guests in the W. B. Statham home, where Mrs. Northup resides.

Norman Smith spent Friday and Saturday in Abilene on business.

Mrs. Ernest Domm is confined to her home on account of illness.

The south circle of the Methodist Missionary society will meet Tuesday afternoon at three o'clock at the home of Mrs. N. W. Noel at 501 West Ninth street. Important business meeting, all members are urged to be present.

The West Ward P. T. A. will hold its regular meeting at the Grammar school Monday, February 11, at three p. m. All patrons of the school are urged to attend.

As soon as the new West Ward school is completed the P. T. A. will hold an open house for the public. This will be an evening social hour with the privilege of inspecting the new building. Later announcement of the day and hour for this meeting will be given through the Daily News.

J. W. Fryar was on the sick list Saturday.

Mrs. B. F. Anthony and children, Ben and Catherine, left Saturday night to join Mr. Anthony in their new home at Wickert, near Monahans. Ben Anthony was one of the Lobo stars during the past gridiron season.

Mr. and Mrs. W. B. Statham are entertaining five of her brothers, who are to arrive in Cisco Friday afternoon. They make the

trip here by automobile. The brothers are Fred B. Northup, of Oklahoma City; Frank B. Northup, of Enid, Okla.; W. M. Northup, of Washington, Kan.; T. M. Northup, of Quinter, Kan.; and L. O. Northup, of WaKeeney, Kan.

Circle No. 3 of the First Christian church will meet Tuesday afternoon with Mrs. W. J. Armstrong. The meeting will take place at 3 o'clock.

Mrs. C. H. Fleming is now working during the morning hours in the insurance and real estate offices of J. M. Williamson & Co.

J. W. Tripitt returned Saturday night from a business trip to Fort Worth.

Mrs. Fred Cook of Putnam who is a surgical patient in a Fort Worth hospital, was recovering nicely from an operation performed last Tuesday, according to Mrs. Velma Hayden, sister of Mrs. Cook, who returned home Friday night after having been with Mrs. Cook for several days.

C. H. Fleming will be in charge of the office of Congressman R. Q. Lee while the latter is attending the sessions of congress.

MARIONVILLE, Mo., Feb. 9.—Patience of four bandits who waited all night at the home of the cashier of the Bank of Marionville for the time lock to open the bank safe, tonight had netted them \$3,363. No trace was found of them.

Non-phased after they learned that R. C. Turntine, cashier, was unable to open the safe because the time lock was set for 8 a. m., the four youths returned to his home, forced the cashier, his wife, three children and nursemaid to go to bed and took turns at guarding them. They enjoyed the comforts of the home during the long vigil, two of them taking a shave and all of them eating a lunch. Just before 8 a. m. two of them forced Turntine to go to the bank with them. When the time lock was sprung at 8 o'clock they scooped up the money, returned to the home where the other two were guarding the members of the family, locked the six in a closet and fled. Neighbors later released the family.

Protect Your Credit

The use of credit is constructive, helpful and useful—a blessing to mankind—the abuse of credit is destructive, harmful and useless—leads inevitably to economic disaster.

PATIENCE OF BANDITS NETS THEM \$3,363

MARIONVILLE, Mo., Feb. 9.—Patience of four bandits who waited all night at the home of the cashier of the Bank of Marionville for the time lock to open the bank safe, tonight had netted them \$3,363. No trace was found of them.

Non-phased after they learned that R. C. Turntine, cashier, was unable to open the safe because the time lock was set for 8 a. m., the four youths returned to his home, forced the cashier, his wife, three children and nursemaid to go to bed and took turns at guarding them. They enjoyed the comforts of the home during the long vigil, two of them taking a shave and all of them eating a lunch. Just before 8 a. m. two of them forced Turntine to go to the bank with them. When the time lock was sprung at 8 o'clock they scooped up the money, returned to the home where the other two were guarding the members of the family, locked the six in a closet and fled. Neighbors later released the family.

BAD LIQUOR MURDER LAW HELD ILLEGAL

OKLAHOMA CITY, Feb. 9.—Sale of intoxicating liquor to a person which results in his death is not murder under Oklahoma laws, the criminal court of appeals held today. The opinion was handed down in granting a writ of habeas corpus to A. H. Bales, Oklahoma county.

Bales is held in the Oklahoma county jail charged with selling liquor to E. J. Vermeir, which resulted in the latter's death. Chapter 2 of the Session Laws, 1923, which provide "any person who sells, gives away or otherwise furnishes liquor which results in death shall be guilty of murder," was held unconstitutional.

It is estimated there are 5000 amateur weather prophets in Great Britain.

Sore Throat? Don't Gargle

Quicker and Better Relief With Famous Prescription

Don't suffer from the pain and soreness of sore throat—gargles and salves are too slow—they relieve only temporarily. But Thoxine, a famous physician's prescription, is guaranteed to give relief almost instantly.

Thoxine has a double action—relieves the soreness and goes direct to the internal cause. No chloroform, iron or other harmful drugs—safe and pleasant for the whole family. Also wonderfully effective for relieving coughs. Quick relief guaranteed or your money back 35c., 60c., and \$1.00. Sold by City Drug Co. and all other good drug stores.—Adv.

There are ten million accidents in the United States each year.

Strange pals—a dog and a cat who shamelessly display affection even though a camera is looking on.

It is Better to Have it and Not Need it Than to Need it and Not Have It—

SERVICE

Sometime during the early hours of February 5th or the late hours of February 4th, the safe of the Johnston Grocery was broken into and a sizeable sum of cash taken.

At two forty-five on the afternoon of February sixth, we delivered to Mr. Johnston a check in the sum of Two Hundred Thirty-six Dollars and Ten Cents, covering all loss or damage sustained by his grocery by virtue of the building entered and his safe being burglarized.

Pleasant Dealings—A Feature We Like to Advertise.

Women, Weak, Tired, Rundown and Nervous.

or who suffer ovarian pains, pains in the lower part of the stomach, bearing down pains, female weaknesses, headaches, backache, melancholia, despondency, nervous dejections, flushes of heat, frequent and indefinite pains, whilic painful or irregular periods, should write to Mrs. Ellen Lovell, 7701 Mass., Kansas City, Mo.

She will entirely FREE and without charge to the inquirer advise of a convenient home method whereby she and other women say they have successfully relieved similar troubles.

The most common expression of these thankful women is "I feel like a new woman." And others, "I don't have any pains whatever anymore." "I can hardly believe myself that your Wonderful Method has done so much good for me in such a short time." Write today. This advice is entirely free to you. She has nothing to sell.

KLEIMAN'S
