FIRE SWEEPS FAT STOCK SHOW

Rebels Hasten Preparations for Big Conflicts

VOTE ON ROAD BOND PLAN WAITS

Lack of Sufficient Supporters of Issue in House Today Causes Delay in Final Action on Bill

AUSTIN, March 11.—With barely a quorum of all members present in the house of representatives this morning, advocates of the \$175,000,000 state road bond issue were unable to get enough bond supporters to risk a final vote on the proposal.

R. M. Hubbard of New Boston and Walter Beck of Fort Worth announced that no attempt would be made to force a vote until afternoon.

The claim was made that there are sufficient votes promised for the bond issue. Whips were out trying to get them in the house.

One hundred votes for the bonds must be cast in order to submit the proposal to popular vote next September 7 as the resolution proposes.

Meanwhile the house worked on its lottery calendar. The bill for establishment of a state cancer and pellagra hospital was finally passed. It was amended to require the location near a city with a similar institution or a recognized medical college.

New names were given the state elementary institutions and their superintendent's terms were made four years.

Insane hospitals are changed to "state hospitals" and distinguished by the names of the cities where located. The reform schools are made "training schools." The orphan home is made "Corsicana State Home; the dependent children's home is made the Waco state home and the deaf and dumb institute the Texas school for the deaf.

The doings of the senate during the special session will not be broadcast over radio as result of the senate turning thumbs down, 19 to 7, on a resolution by Senator Tom Love of Dallas, calling for installation of microphones on each senator's desk.

In support of his resolution Senator Love rose to point of personal privilege and declared that the people of Texas have a right to know exactly what the senate is doing without having to depend on "colored press reports."

Senator J. W. Stephenson of Victoria interrupted him with the suggestion that the senate try out the idea by putting a microphone on Senator Love's desk.

The senate put some force into the words "separate property" in the marriage contract by adopting Holbrook's bill on marriage rights for women. Under provision of the bill the wife as well as the husband has control of their separate property, respectively. The community property shall be in the hands of the husband unless the wife files an objection.

Voting unanimously the senate adopted the conference report on the senate and house University of Texas land bills just before noon Monday. This report puts control of the lands of the University of Texas in the hands of two regents and the state land commissioner.

Two Factors Combine to Endanger Seriously Position of Mexican Government in Present Revolt

By RALPH H. TURNER.

NUEVO LAREDO, March 11.—Two factors developed today to endanger seriously the position of the Mexican central government in its fight to suppress the revolution that was a week old today.

First, the reported defection of General Juan Almazan threatened to rob the government of one of its most able military leaders and a man with a great personal following. Reports from Mexico City that Almazan's men had deserted him and continued loyal to the government were discounted here because Almazan possesses material personal influence, and, next to Calles, is probably the leading military figure of the Mexican government.

Second, the delay in arrival of bombing planes and other war materials from the United States was beginning to impede the government cause and delay the drive calculated to end the revolution by terrifying and exterminating the rebels from the air.

If Almazan and any considerable number of his cohorts have fled to the rebel side the government's chance to rout the rebels in the north has been seriously impaired. Almazan is a 40-year-old, six feet tall, well groomed, wearing neatly cropped mustache, the type of Latin general that Hollywood might produce in a movie scenario.

He is a masterful person, frequently called the lion tamer, because he plays with a full sized Mexican mountain lion, one of his domestic pets. His personality appeals to the Mexican people.

The Gil and Calles government no doubt is unduly irked by the

MOVIE KISS COLDER

HOLLYWOOD, March 11.—The movie kiss is 33 years old today and growing colder with age. The first osculation was fifty feet long and was the entire action of the feature when released. It was a sensation and broke all box office records. Nowadays, according to the Paramount research department, which unearthed the data, the screen kiss is cold in comparison, measuring only ten feet of film. Short kisses often are three feet in length.

The "box office wow" was recorded on March 11, 1896.

FRITTS EFFORT TO KILL SELF UNSUCCESSFUL

ANSON, March 11.—Falling to end his life while awaiting a verdict in his trial for murder, Bill Fritts, Haskell county, was recovering in his cell in the county jail today from razor wounds.

Although Fritts bled profusely he was able to walk to the court room Sunday morning to hear a verdict of guilty and death sentence for the slaying of Earl Hamilton, 17, last October.

Earl Hamilton and his father, D. W. Hamilton, were shot down at their home after the son, according to state testimony, had testified against Fritts before a grand jury investigating liquor matters.

KINGS ARE NOT OBSOLETE IN AMERICA

SAN ANTONIO, March 11.—The weight of a king's command was heard in America again today when Frank Mitchell, a gypsy, of San Antonio, appealed to Sheriff Alfonso Newton here for protection from King Binbo, ruler of all gypsies in the United States, who he claimed was en route to San Antonio to inflict punishment for disregarding a tribal law.

Mitchell told Sheriff Newton that a friend had warned him that King Binbo was on his way to San Antonio to wreak vengeance on him because he married without the king's consent and ignored the gypsy monarch's command to pay a fee to the gypsy treasury for permission to wed.

He explained that it has long been a custom among gypsies for the groom to purchase the bride from her father, with a portion of the dowry going to the king after he had approved the pact.

Mitchell said he married his gypsy sweetheart several months ago, and was not disturbed until word of the wedding got to King Binbo. The latter immediately wrote to Mitchell severely criticizing him for violating the tribal law, and demanding that he forward a specified sum of money to him immediately.

Mitchell ignored the command, and was notified that King Binbo was on his way here to enforce the tribal law.

Sheriff Newton assured Mitchell protection.

SHOOTS WIFE AND SELF. CORSIANA, March 11.—An argument over possession of their children reached a tragic climax when Henry Durbin, 38, of Rice, Texas, fired three shots into the body of his wife and then turned the pistol on himself, firing one bullet through his head. Durbin died instantly and his wife is not expected to live. One bullet punctured her lung and the other struck her in the face and arm.

TROOPS ARE RUSHED TO NEW FRONTS

NOGALES, Ariz., March 11.—Preparing for major conflicts in the present revolutionary movements, rebel troops were moved with the greatest haste to the west coast and to north central Mexico today.

General Rancisco Manzo, in command of northern Sonora, left here with 2,000 insurgents, many of them Yaqui Indians, to join forces with General Escobar, supreme head of the revolution, now operating in the state of Durango, San Luis Potosi and Coahuila.

Three columns of Mexican rebels converged on Mazatlan, Sinaloa, rich west Mexico coast town, today, for a concerted attack. General Francisco Borquez, revolutionary commander in Nogales, Sonora, just across the border, said.

The rebel forces number about 5,000 men, General Borquez said, and the town is defended by about 2,500 federals under General Jaime Carrillo.

FREEDOM IS OBJECT REVOLT SAYS ESTRADA

BY DENNIS LANDRY. (Copyright, 1929, by United Press.)

NOGALES, Sonora, March 11.—Freedom of thought, freedom of religion and separation of church and state, are three reasons for the present revolution, General Enrique Estrada of Los Angeles, told the United Press today in an exclusive interview.

Estrada has donned his old uniform and said he is at the command of rebel leaders.

He recently was released from prison in California for his part in an abortive revolution two years ago when he invaded Lower California. He has been in exile in the United States since 1923 following the de la Huerta uprising. At that time he was in command of the de la Huerta forces in Guadalupe, Jalisco.

He denied that he was here as a representative of de la Huerta, who is teaching voice in Los Angeles. "I am here," he said, "to aid in this fight to free Mexico of the yoke of reactionism fostered by Plutarco Calles. Every good Mexican ought to be here." He waxed eloquent in broken English over the insurgent cause and denied that religion insofar as freedom of the Catholic church is concerned, is the cause of the revolution.

FEDERALS MOVING STEADILY NORTH

MEXICO CITY, March 11.—Mexican federal troops moved northward to attack the city of Torreón on the central northern front today as insurgent forces passed steadily southward toward the west coast city of Mazatlan, state of Sinaloa.

Clashes at Torreón—in Coahuila state—and at Mazatlan were expected within the next 24 hours.

Meanwhile, the federal government expressed complete confidence in a communique issued here that the rebellion was rapidly nearing the end. "The capital placed its trust in the power of Plutarco Elias Calles' army which was advancing steadily into rebel territory.

The government described the rebels as "completely routed" in Zacatecas after the fall of Canitas, where 1,000 rebels surrendered and joined the federals without firing a single shot.

HIDALGO CASE TO BE HEARD ON MARCH 21

AUSTIN, March 11.—The case in which Gordon Griffin of McAllen will attempt to prevent issuance of certificate of election to Judge J. E. Leslie, 93rd district, Hidalgo county, by Mrs. Jane Y. McCallum, secretary of state, was set for March 21 by Judge George Calhoun, 53rd district court, this morning.

This case is an outgrowth of the muddled election affairs of last November in Hidalgo county.

Griffin and Judge Leslie were opponents in the race for judge of 93rd district. Griffin claims that the Weslaco box, which was thrown out, should be counted, and in that case he claimed victory by about 500 votes. Without the Weslaco box Griffin lost by 14 votes. On motion of Judge Leslie, the case will be heard before a jury.

SEVERELY BURNED. FORT WORTH, March 11.—Dr. S. R. Boone, Fort Worth, was burned severely and bruised when the automobile in which he was a passenger left the Fort Worth-Dallas pike near Arlington, and was destroyed by fire Sunday night. Other passengers in the car escaped injury. Dr. Boone is at a Fort Worth hospital.

OPERA BOUFFE. EL PASO, Tex., March 11.—An opera bouffe touch was added to the Mexican revolution today when the following telegram was received by the El Paso Post from a newspaperman in Erie, Pa.

"Have option five thousand old Knights Pythian uniforms. Can you sell them to rebel generals?"

Flames Brought Under Control After Two Exhibit Buildings Are Destroyed; One Fireman Missing

FORT WORTH, March 11.—After an hour's battle firemen had under control a fire which destroyed two buildings and their exhibits at the fat stock show here shortly before noon today.

The automobile and poultry buildings were in ruins. All chickens in the latter were burned.

The coliseum and cattle pens at noon were said to be safe.

The fire broke out in the auto building at 11 a. m. Police and volunteers blocked a panic but for more than a half hour fire fighters were hampered by lack of water pressure.

The show will go on and the rodeo will not be affected.

One fireman was injured. Another was missing and was thought lost in the blaze, but the ruins were too hot for an initial search.

PRUITT TRIAL OPENS TODAY AT DALLAS

DALLAS, March 11.—Completely subdued and looking more like a college boy than a Texas bad man, William (Digger) Pruitt, who earned the reputation of staging a one-man crime wave in Dallas, went on trial in Judge C. A. Pippen's criminal district court today for the alleged murder of William Mann, 19-year old high school student.

Both sides announced ready for the trial after Judge Pippen overruled a motion filed by attorneys for Pruitt seeking a change of venue. A special venire of 400 men has been summoned from which a jury will be chosen.

Pruitt is now under ninety-nine year prison sentence for robbery of a drug store. William McCraw, district attorney, announced he would ask the death penalty in the present trial.

Young Mann was shot to death on the night of Jan. 6 in an attempted holdup. Witnesses to the shooting identified Pruitt as the slayer. Besides the Mann killing and the drug store holdup, Pruitt is credited by police with scores of other hijackings, several of which he was admitted.

Hoover Intends to Make Proposed Prohibition Investigation Inquiry Into Whole Federal Legal System

WASHINGTON, March 11.—President Hoover intends to make his proposed prohibition investigation a great national inquiry into the technicalities of the present judicial system, rather than an inquiry into the question of prohibition, it was learned from one of his close friends with whom he has discussed the subject.

All wet and dry agitators are to be barred from the commission. Its membership will be made up largely of attorneys of national reputation, at least one federal judge, perhaps a member of congress, a representative from the justice department probably the attorney general, national economists and authorities in welfare work.

Efforts of the commission will be directed particularly to such problems as whether federal judges should pick juries and thus speed up the administration of justice, whether jurists may give their opinions to juries regarding evidence and facts in a case so as to shorten the length of jury deliberations and such other technical questions of court procedure.

According to this source, the popular conception of the inquiry as an investigation of the workings of prohibition, is erroneous. There will be no attempt made to go into the question of whether prohibition is being enforced, how widely the law is being violated, or any of those questions into which congressional authorities investigating prohibition, have delved in the past.

TWO BANDITS KNOCK OFFICER FROM BRIDGE

WICHITA FALLS, March 11.—Two bandits, fleeing after a successful holdup in Walters, Okla., were not to be defeated when they saw their way into Texas blocked by an armed officer standing in the middle of the Burk Burnett free bridge across river.

The bandits crashed into the officer, hurling him over the bridge railing head first into a bed of quicksand 25 feet below.

Dr. R. J. Dice, companion of Police Chief Bill Garland of Burk Burnett, the victim of the assault, lowered himself from the bridge with a rope and rescued the officer. Garland was brought to a Wichita Falls hospital suffering with numerous bruises.

The bandits, who early Sunday morning slugged and bound a Walters, Okla., dentist in his office and escaped with his car, robbed him of a \$3,000 diamond ring. They were captured later by Sheriff C. O. Hooper, of Walters, three miles from the bridge.

One of the men was taken to Walters and the other was held here.

JOHNSTON GIVES RECORD IN DEFENSE

OKLAHOMA CITY, March 11.—The record of the Oklahoma state highway department for the last two years was offered by Governor-suspend Henry S. Johnston today as defense testimony in his impeachment trial on charges of corruption and incompetency.

FOUND DEAD. MARLIN, March 11.—Julian Williams, 30, manager of the Williams garage here, was found dead in a hotel room Sunday night with a bullet wound through his heart, believed self-inflicted.

FUNERAL FOR SOLOON. FAYETTEVILLE, Ark., March 11.—Funeral services for ex-Congressman John H. Tillman, 70, who died Saturday night, were to be held this afternoon. Tillman was elected to office seven consecutive times. He was once president of the University of Arkansas. Besides his wife, two sons and a daughter survive.

RAILROADS VICTORS. WASHINGTON, March 11.—Railroads won in supreme court today a test case involving \$49,000,000 shares awarded them by the I. C. C. for carrying the mails.

THE WEATHER

West Texas—Partly cloudy, rain in southeast portion; colder to night; Tuesday generally fair, colder.

East Texas—Cloudy with rain and thunder storms tonight and in east portion Tuesday; colder north and west portions Tuesday.

Arkansas—Rain, warmer to night; Tuesday rain and colder in north-western portion. Strong prohibition, have delved in the past.

POT SHOTS —AT— POLITICS

—By— Col. Hugh Nugent Fitzgerald. —AUSTIN—

There is a bitter fight on in these Republican ranks which involves the control of federal patronage to be distributed to the faithful or the near faithful under the skies of Texas. Creager and Furbach are the principals. There was a nasty thrashing out of Republican linen before the senate investigating committee with Sen. Brookhart chief laundryman and a Democratic senator, McKellar of Tennessee, giving Furbach all the aid and encouragement possible for one holding a high position. A partisan of the rebel type this Republican chairman of an important senate committee disclosed himself to be. He is for the smashing of the Creager machine and no doubt he would substitute the Furbach organization for that of Creager.

Creager has had the ear of two presidents and through Capt. Janes L. Lucy, he expects to have the ear of a third president. When Brookhart descended from a high line and attacked Creager, the man struck back and he struck hard. He did not ask for quarter. He did not give quarter. Furbach was just as vehement and just as vindictive. He charged that Creager poisoned Harding and Coolidge against him, that Creager instigated a federal grand jury sitting at Waco to indict him and that he is as pure as a angel as to the charges pressed against him by the Creager organization.

Capt. Lucy, it appears, is not only the bosom friend of Creager and Hoover, but he is the personal friend of Sen. McKellar, the Tennessee Democrat. As for the investigation itself, it has closed its hearings in Washington and is coming to Texas before the opening of the special session of the congress. Furbach was granted at San Antonio Saturday and made bond. In giving his testimony Creager declared the an Antonio Democratic organization "the worst machine in Texas." Then the best machines must be the Alvin Karpis machine, the Tom Love machine, the Dallas and the Cato Sells-J. Frank Norris machine at Fort Worth.

These machines all landed in the Republican camp in November and doubtless they have been purified in the Republican pool of righteousness. The truth is there is a powerful personal machine, a spoils-seeking and office-holding machine in all the larger ties of Texas and many smaller ties. All machines are alike, they employ the same methods, they know what they want and they lead go and take it if the taking is good. As has been stated in the Creager-Wurbach contest a war-to-the-knife battle for control of the Texas Republican organization and the federal plums office to be distributed by Pres. Hoover.

An important meeting of the national Republican committee was held in the city of Washington, Ill. Chairman Brookhart was contributing to the gaiety of the soiree in punching Creager and raising Wurbach. Dr. Hubert Wark presided. A resolution was adopted that every legitimate citizen should be put forth to hold the Democratic convention. The Hoover cause in order to build up a powerful Republican army in each of the states that deserted Democratic moorings in November.

On the heels of this came the announcement that three of Sen. Thomas E. Love's able lieutenants could be rewarded if the Creager program goes over, or rather, if it is acceptable to President Hoover. Bascom N. Timmons, a lawyer, able and accurate correspondent has let it be known that the lieutenants of the Hoover cause can be connected with the department of justice; that Cato Sells would either have his former

THE CISCO DAILY NEWS

Published By THE CISCO PRINTING & PUBLISHING CO. 304-306 D Avenue, Cisco, Texas.

A. B. O'FLAHERTY, President and General Manager; B. A. BUTLER, News Editor; W. H. LA ROCHE, Advertising Manager; H. D. LOCKE, Circulation Manager.

Entered at the Postoffice at Cisco, Texas, as second class mail matter. Publication Days: All months (except Saturday) 3d & 5th day morning. Subscription Rates: Per month (delivered in Cisco), 75c. If paid in advance: Three months, \$2.25; six months, \$4.00; twelve months, \$7.20.

MEXICO AT THE CROSSROADS.

Is the armed uprising in Mexico to be a revolution or merely a revolt? The answer largely depends upon whether it is actuated by a unifying patriotic motive or by selfish ambitions.

The rebels cannot charge Calles with seeking reelection, but they claim he has in effect perpetuated his rule through Portes Gil, the provisional president, and through the National Revolutionary party.

Another factor known to affect the situation is the Obregonistas' growing dissatisfaction with the leaning which Calles has manifested toward labor, and particularly toward Luis M. Morones.

Mexico stands at the crossroads. What it most needs, perhaps, is free elections. The orderly transfer of office from Calles to Portes Gil—a civilian—and the present government's action in permitting political exiles to return and openly denounce its rule.

It has been said that a nation gets the kind of government it deserves. The next few weeks should show whether Mexico deserves anything better than the rule of military chieftains.

TEXANS IN THE BIG PICTURE.

Representative John N. Garner of Texas is minority leader of the house Democrats. He was elected to the position without opposition.

voted for Hoover and Curtis through the leadership of State Senator Thomas B. Love, but the Democratic voice of Texas will be heard in the house when Garner speaks and in the senate when Sheppard cracks his whip.

MALE CEDARS ESCAPE DEATH.

Texas lawmakers will not be asked to enact a law for the elimination of the male cedars in the city of Austin and the county of Travis. Originally there was a demand for legislation to do away with all male cedar trees within a radius of 15 miles of Austin.

COTTON THEFT A FELONY.

There are bank robbers in Texas, poultry robbers in Texas, cattle thieves in Texas, auto thieves in Texas and cotton thieves in Texas. Doubtless there are thieves of all descriptions in Texas.

COMPENSATION FOR COTTON FARMERS.

West Texas farmers in the pink boll worm area will receive compensation under the new law for their extra expense in growing the 1928-29 cotton crop.

BUTLER PLANS TO REMAIN IN MARINE CORPS

CHESTER, Pa., March 11.—Thirty years of active service on the nation's far-flung battle line or in the whirlpool of Philadelphia politics.

mandant of Paris Island, N. C., if this isolated post is offered him. General Butler has gained an international reputation as a soldier.

NOTE The ladies of the Church of God are making and selling doughnuts at 610 West Tenth street.

OLD BANKHEAD HIGHWAY SQUABBLE BREAKS OUT AGAIN

Metcalf Gap Question Center of New Flareup as the State Highway Commission is Brought Under Fire

The old squabble over the Bankhead highway question, once thought settled, has been taken up on a new front. Announcement by the Broadway of America highway association that what is known as the north loop of the Bankhead would be excluded from the designation of the Broadway route brought to an end a fight which had been waged bitterly by cities of the Broadway for observance of the proper designation of the route.

With what victory attained the question was thought to have been satisfactorily solved.

But over in Strawn they have set off another firecracker and this time it is the state highway commission that has been brought under fire. The Strawn Tribune takes up the cudgels in a new battle to prevent the highway commission from carrying out its announced intention of rebuilding Metcalf Gap.

It is maintained that the north loop is a dangerous and discriminatory curve. According to the Tribune the commission proposes to rebuild the road in such a way that the condition will be remedied and the Bankhead highway discriminated against.

At a meeting held at Strawn last week it was decided to meet with commissioner Ely, of the highway

TWO "OUR GANG" KIDS HERE TODAY

Two movie princesses are in Cisco. When the train arrived in this city yesterday morning it brought as guests of Cisco two charming little ladies in the persons of Peggy Lenore and Lassie Lou Ahern.

These charming little ladies—both of whom have delighted millions with their screen performances—are to appear in a clever little sketch entitled "Breaking Into the Movies" at the Palace theater today.

You will all possibly remember Peggy Lenore as the little leading lady with the famous "Our Gang Comedies," the members of which are so beloved by everyone.

Peggy and Lassie Lou will appear on the stage at 3:30, 6 and 8:30. Come and give these kiddies a royal welcome.

John William Butts Post of Legion to Celebrate 10th Year of Signing of Versailles Treaty

"The American Legion of this city will celebrate the tenth anniversary of the Legion's birth in the Paris caucus by bringing home to every veteran of this community the fact that for a decade our organization has labored tirelessly, without thought of reward, for his welfare."

This announcement was made by C. C. Clifton, post commander of the Legion here today.

"The Legion came into existence in Paris at conferences held March 16 and 17, 1919. The conferences were attended by representatives of all the armed forces of the United States. It was a little more than an idea then. The idea grew. Substantive was given to the movement when the returned soldiers, sailors and marines immediately began their unselfish service to God, country and their comrades in peace time."

"For ten years the Legion has continued this service. Every bit of legislation that has been put on the statute books for the benefit of veterans came through the Legion's tireless efforts. The Legion has never failed in any legislation it has attempted. Some of it has been delayed, but each delay has only added enthusiasm and determination to the veterans' efforts, because all of it is just and right."

"The Legion has worked for all veterans, not alone those who are members of our organization. In legion child welfare work, all children are benefited by the legislation that the Legion is sponsoring for the aid of widows and dependent children."

"The Legion has led in great civic movements throughout the country, and has ever been ready

better than to subscribe to Legion principles, Legion ideals, and Legion service by joining his former comrades in this great work. Every veteran needs the Legion and the Legion needs him. No better birthday present could be given the Legion than for him to take out a Legion membership card—a card that is a key to the door of every ex-service man's heart wherever he may be met."

FAR EAST AIR SERVICE.
HARBIN, Manchuria, March 11.—Air service to be inaugurated shortly between Dairen and Tokyo may be co-ordinated with the arrival and departure of the trans-Siberian express, thus affording through passengers the facility of air travel to and from Japan, in preference to the longer rail journey over Chosen.

Zonite
For Cuts and Wounds

Prevent infection! Treat every cut, wound or scratch with this powerful non-poisonous antiseptic. Zonite actually kills germs. Helps to heal, too.

WED 68 YEARS.
GRAIN VALLEY, Mo., March 11.—Mr. and Mrs. W. L. Douglas have observed their 68th wedding anniversary. Douglas served as a Confederate soldier during the Civil War.

ROSE BUSHES—25c

Heavy, four year old monthly bloomers—while they last! Red and Yellow Canmas 30c per doz. Don't ask questions on the phone, come and see them. A shade tree FREE with each purchase. We are not "bootleg" nurserymen—we grow it in Cisco.

Cisco Floral-Nursery Company
You Can Pay By the Month.

MISHAPS IN COMMERCIAL FLYING RARE

WASHINGTON, March 11.—Aircraft operated for pleasure met with nearly seven times as many accidents in the last half of 1928 as those flown on established air lines, the department of commerce has found by a survey of air mishaps during this period.

Of 672 aircraft accidents reported to the department, 33 occurred to miscellaneous pleasure planes, 191 to miscellaneous commercial planes, 32 to experimental craft, 63 during student instruction flights, and 51 to planes flying a scheduled course over regular airways.

Because of the mishaps 127 persons died, 98 were severely injured, 106 suffered only minor injuries, while 366 were unhurt.

The report covers all categories of accidents, both those occurring while the planes were in flight and while they were "taxiing" on the ground.

Poor flying technique accounted for nearly one-third of the accidents, while 12 per cent were blamed on errors of judgment, 10 per cent on negligence, 2 per cent on disobedience to orders, and the remainder on miscellaneous causes.

The report showed there were 4,887 licensed pilots on January 1, 1929. Their average age was nearly 29 years.

CLLOUDINESS AND MILK.
ASHLAND, Wis., March 11.—To determine whether cloudy weather has any bearing on milk production, Prof. G. C. Humphrey of the Wisconsin college of agriculture will make a study of conditions in Ashland county in connection with the farmers' short course session at the experimental farm.

CISCO STEAM LAUNDRY

First Christian Church Calls Rev. E. L. Miley, of Union City, Tennessee, to Take Pastorate Left by Rev. Lenox

Rev. E. L. Miley, of Union City, Tenn., has been called to the pastorate of the First Christian church at Cisco. The call was sent after the congregation of the church at a worship banquet at the church last Friday evening had accepted the recommendation of the official board that Mr. Miley be called. Mr. Miley's acceptance he will begin his pastorate here April 1st.

Until that time Dr. John W. Miley, now conducting a series of lectures at Randolph college, will probably preach for the congregation. Rev. Thomas Lenox has pastored the church until he accepted call from the Corsicana church.

A large percentage of the congregation attended the banquet which was held for the purpose largely of organizing financial work of the church.

Twenty-five teams were chosen from the membership and each of these was given a quota to raise. The end in view is the liquidation of an entire church debt and a goal of \$6,000 has been set. The campaign, which will not be intensive, will continue over an indefinite period.

The committee in charge of the banquet was composed of Jack Winston, E. L. Love and Eugene Ford.

SLOTH MILLION YEARS OLD.
NEW HAVEN, Conn., March 11.—What was termed "the most remarkable fossil that has ever come to light" has been placed on exhibition at Yale's Peabody museum. It is a Northrotherium, a type of ground sloth that lived in Arizona 1,000,000 years ago. The sloth was trapped in a pit and even portions of its hide and sinew were preserved in the accumulations of ages in which it was buried.

SNOWS DRIVE OUT DEER.
HOBSON, March 11.—Severity of snowstorms and cold in this region during the past two months drove wild deer into civilization, and many are the tales of ranchers who regularly fed the wild animals along with domesticated cattle

FOOD TIME GUY—"What Is It?"

HE'S IN THE OTHER ROOM—STILL UNDER THE INFLUENCE OF A BUMP ON HIS THINK-TANK! MAYBE YOU CAN'T RECOGNIZE HIM—IT'S HARD TO TELL WHERE THE BUMP LEAVES OFF AND HE STARTS!

WHY DID YOU BRING HIM HERE?

SOMEONE LIKES HIM WELL ENOUGH TO OFFER A BIG REWARD FOR HIM—I THOUGHT WE COULD HOLD HIM AWHILE UNTIL THE REWARD GETS BIGGER!

WHEN THE REWARD GETS BIGGER, THAT BUMP WILL GET SMALLER, AND HE'S LIABLE TO RECOVER HIS SENSES!

RECOVER HIS SENSES? SAY, TAKE ANOTHER LOOK AT THAT DUMB FACE!

REGARDLESS OF MONEY, THE PHANTOM DON'T WANT NOBODY BROUGHT TO HIS HIDE-OUT. REMEMBER, HE SAYS THAT THERE'S A PERSON UNDER EVERY TOMBSTONE THAT THIS WORLD GETS ALONG WITHOUT—AND YOU DON'T LOOK INDISPENSABLE!

Hitt and Runn — Beat it for the Encyclopedia—Can You Define the Pangs of Hunger? — BY HITT

HERE IT'S JUST 18 HOURS—AND THIRTY MINUTES—SINCE THE LAST ATOM OF FOOD WENT INTO MY STOMACH—

REMAINS ME OF 1892 WHEN I RAN A SOUP HOUSE

MY WATCH IS ALREADY IN ROCK—AND SOMEBODY SWINDLED MY RAZOR—

AIN'T THERE A WAY THAT WE CAN RAISE A BUCK—HIT?

BULL—THE LANDLADY'S CAT—!!

HOW WILL YOU HAVE YOUR PORTION HITT?

WELL DONE—RIGHT TO THE BONE BULL!

MY OLD DAD

Used to tell me that where there was a will there was a way and I have come to believe that there is a lot in that old saying. If you will to have the good things in life you will come pretty near having them, and when you start out in life and it is your intention to have a good home well furnished, you'll have it.

It is our business to help you to make this come true. What higher aim could a man have in this world than to have a good comfortable home, well furnished, wherein to rear his family. And if you are holding out on the wife and saying, just wait a little longer, cut it out and come down to our store. Let's get together and begin to enjoy some of the comforts that are available now.

Dr. Guy Gillespie of Abilene was a visitor in Cisco Sunday.

Miss Louise Smith has returned from a short visit with Miss Lucile Dabney in Dallas.

Mr. and Mrs. Jack Cabanes spent Sunday afternoon in Putnam.

Mr. and Mrs. Dave Perry and John McGrady have returned from a short visit in Fort Worth.

G. C. Rosenthal of the Humble company left this morning on a business trip to Winkler county.

Mr. and Mrs. E. M. Scott of Dallas spent the week end with Mr. and Mrs. J. T. Scott.

Mr. and Mrs. Ernest Gude of Mertzon are Cisco visitors. They will return home tomorrow.

MINISTER'S SON THEORY. NEW HAVEN Conn., March 11.—Far from becoming "black sheep," according to popular tradition, many ministers' sons become ministers, statistics compiled by Rev. Henry S. Huntington of Scarsdale, N. Y., and published in *Eugenics Magazine* show. Of 104 clergymen questioned, two-fifths reported themselves sons of clergymen and many more descendants of ministers.

TO POST ON HORSEBACK. PARIS, March 11.—Captain Batschadze of the Romanian army is a cavalryman of the old school.

When he was named military attaché at the Rumanian legation in Paris, he set out for his post on horseback. He has arrived in Paris after a hard ride, having spent three days to get through the Saxon pass in the Swiss Alps where his road was blocked with six feet of snow.

ARCTIC WINTER IN EUROPE HAS HAD PRECEDENT

BERLIN, March 11.—If Europe thinks the Arctic weather of the first months of 1929 offered anything like a real record-breaking winter, it has only to turn to "Winter in Western Europe," a book which has just been published in Leyden, to learn that in the last 800 years there have been other cold spells which make the present season look like an afternoon in May.

"Winter in Western Europe" is the work of Dr. C. Easton, member of the Netherlands Meteorological Institute and president of the Meteorological and Astronomical Society of Holland. It is a study based on weather records and meteorological observations dating back to the 13th century. Curiously enough, though doubtless unintentionally, its publication date came at a time when Europe was shivering and suffering as a result of the coldest weather recorded in many decades.

Merely noting that the 13th century had a few hard winters and that the years 1408 and 1435 were likewise noteworthy in this respect, but passing these by because of the absence of sufficient data, the book described five winters in later centuries which probably were the coldest in history. The first of these came in 1564-65, the records available showing, for example, that Paris was blanketed with snow and with a below-freezing temperature from December 20, 1564, to March 24, 1565. The Scheide and several other rivers of Western Europe froze solid throughout this period.

Winter of 1687. According to all accounts, however, the winter continued, the winter of 1688 must have been the most terrible in a thousand years. From the middle of December until the middle of March stayed below zero (centigrade) throughout most of Europe from the Scandinavian countries down into France and Italy. All the larger rivers were frozen through; the Zuyder Zee could be crossed on foot without peril; in north Holland the cold split and killed many trees.

The other three record-breaking winters were those of 1709, 1740 and 1830. In the first of these hard winters Prussia, Holland and England laid for months under deep snow, the ground being frozen to a depth of 12 feet. Many people, animals and birds were frozen to death; in Paris alone 2,000 persons died from the cold. In 1749 virtually all the fruit trees, vines, grain and grapes in Prussia were destroyed, while bushes and trees did not become green until June. Famine and epidemic followed the cold weather.

The last of these "Siberian" winters presented a paradox; the meteorological records of 1830 showed that the far north was much warmer than most of Europe the whole winter long. In Berlin all traffic was put on runners, the extraordinarily heavy snow making the use of wheeled vehicles impossible. In Spain all traffic ceased, while in the usually warm Andalusia 14,660 head of cattle succumbed from the cold.

CARD OF THANKS. As long as we live there will be in our hearts a grateful memory of the friends who were so kind to us in the loss of our dear one, Nat Terry. Their sympathy lightened the heaviest of our grief, and their lowly flowers made its darkness beautiful. May God bless them all. Mrs. Nat Terry, Herman Terry, Mr. and Mrs. Frank Terry, Mrs. H. C. Saunders. 18

LARGE CROWD AT RITES FOR NAT TERRY

A large concourse of Cisco people yesterday afternoon followed the body of Nat Terry to its final resting place in Oakwood cemetery while a profusion of beautiful floral offerings piled upon the casket attested the esteem in which Mr. Terry was held here. The services, conducted by Rev. F. E. Singleton, pastor of the First Methodist church, were held in the Green Funeral Home.

Pall bearers for the service were K. H. Pittard, W. D. Brechen, A. B. O'Flaherty, H. S. Drumwright, Bob Mancill and Fleet Shepard.

Mr. Terry died Friday night at 11 o'clock from injuries received when he was struck by an automobile in the 700 block on West Ninth street Wednesday night. At first not believed seriously injured, Mr. Terry became suddenly worse Friday morning, dying that night. He is survived by a wife and two sons, Frank Terry, of Wichita Falls, and Herman Terry, of Cisco.

Mrs. Terry is leaving this afternoon to make her home temporarily with her son, Frank, at Wichita Falls. There is in the minds of a large number of Cisco people, many of Mr. Terry's best friends, a good deal of doubt that the car driven by C. S. Karkalits was the first to have struck Mr. Terry. The conditions under which the accident occurred have led many to express the opinion that Mr. Terry had been struck earlier in the evening and was prone on the pavement when Mr. Karkalits, returning with his family from the theater, felt his car encounter an obstacle and, investigating, found Mr. Terry unconscious on the pavement. Medical examination revealed that Mr. Terry had been struck about the knees and that the most serious wound was one about the head sustained, no doubt, when he struck the pavement in his fall.

EASTLAND COUNTY WINS FIFTH PLACE

Eastland county placed fifth among the 11 counties exhibiting agricultural displays at the Pat Stock show at Fort Worth, according to a message from J. C. Patterson, county agent, who, with the national agents of the county, is in charge of the exhibit. "Highland Beauty" sweet potatoes grown and exhibited by W. B. Starr took first, second, third and fourth places in their section. Eastland county won first in milo maize and first and second in ferretta.

JAPANESE TO SERIES. NEW YORK, Mar. 11.—Among the various activities, the Omaha Mainichi has outlined for 1929 a proposal to organize a tourist party of about 25 baseball fans to see the world series. The tentative plan is to leave Yokohama on September 13th. The party also will visit the large cities and points of interest.

YOU CAN MAKE YOUR SKIN CLEAR AND ATTRACTIVE! If you are dissatisfied with your complexion because of unsightly blemishes, such as pimples, rashes or eczemic infections, here is the way to have a clear and attractive skin.

Go to your druggist, ask for Black and White Ointment and use it according to directions. It is pleasant to use, highly beneficial and scientifically safe. For best results use Black and White Skin Soap with Black and White Ointment. All dealers sell them at small cost.

PRIEST SLAIN; YOUNG WOMAN FACES CHARGE

CANTON, O., March 11.—Mrs. Mary Guerrieri today faced a first degree murder charge for the fatal shooting of Rev. Joseph Ricciardi, 32, as he concluded 8 o'clock mass Sunday morning in St. Anthony's Catholic church here.

Despite long questioning by police Mrs. Guerrieri clung to her story—that she shot Father Ricciardi for his alleged abuse of her five-year-old daughter, Palmena. As parishioners filed out of the church yesterday morning Father Ricciardi was detained by Mrs. Guerrieri in the vestibule. A short conversation followed. Five shots rang out and Father Ricciardi crumpled to the floor, mortally wounded. Two of the five bullets found their mark—one in the priest's neck and the other in his abdomen. He died last night following an operation for the removal of the bullets.

MANY HURT IN WEEK. CHICAGO, March 11.—Twelve persons were taken to Cook county hospital and 29 others were treated at the scene of the accident today after two wooden cars had been wrecked in rear-end collision on the Chicago elevated lines at the Marshfield station. A Logan square express train ramed into the rear of a Humboldt park train which was standing at the station, wrecking the rear of the latter train and the front car of the former.

BOY SOPRANO EXTINCT. MIDDLETOWN, Conn., Mar. 11.—The boy soprano is extinct in the city of 22,000 persons. The church of the Holy Trinity has abandoned its boy choir after more than 35 years because of lack of talent.

UNHURT IN FALL. DECATUR, Ind., March 11.—Phyllis Gene McFarland, baby daughter of Mr. and Mrs. Greg McFarland, suffered only a slight lip cut when she plunged two stories down a clothes chute at her home. She landed in a basket of clothing.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Calk.)
