THE SPEARMAN REPORTER, Hansford County, Texas, 79081

THURSDAY, APRIL 18, 1968

THE TALISMEN, a musical group from McMurry College, will perform at the Community Building Saturday night, April 20, beginning at 8 p. m. The group has been signed to perform this summer at Six Flags Over Georgia.

## The Talismen To Appear Here Saturday Night

The Talismen, a musical group from McMurry College Abilene, will be performing at the Community Building Saturday night, April 20, 8 p. m. They are being sponsored by the MYF of the Methodist Church.

This group, of which Lloyd Whitten, a local boy, is a member has been signed to appear at Six Flags Over Georgia beginning May 31

and running through Labor Day. The other two performers are Bill Huth and Tim Faulkenberry.

Admission to the dance is 75¢. The MYF will have a concession stand during the break.

Everyone is invited to attend and hear the folk songs and music these young men have to offer.

## Farm Bureau Queen Contest Set For April 30 In Gruver

Hansford County Farm Bureau board of directors announced this week that the annual Queen contest will be held this year in Gruver at the high school auditorium on Tuesday April 30.

All girls who are single and between the ages of 16-22 and are sisters and/or daughters of a farmer or rancher is eligible to enter.

The winner of the Hansford County contest will be eligible to enter the district FB Queen contest held in Amarillo August 22. The district winner will be entered in the state contest held in Dallas November 11, 1968.

Last year the contest was

held in Spearman. Miss Diane Stedje was crowned queen and went on to win second place in the district.

In 1966 Miss Judy Bayless of Gruver was the county winner as well as the district winner.

All girls who are interested in entering the county contest are asked to attend a Coke party in the FB meeting room in Spearman on Monday, April 22.

In conjunction with this year's queen contest, there will be a Talent Find contest. Anyone interested in entering the talent contest, please contact the Spearman Farm Bureau office.

## Attend Rites For Uncle

Mr. and Mrs. Kenneth Williams attended funeral services Saturday in Hydro, Okla. for Mr. Frank Williams, an uncle.

Mr. Williams, 78, passed away April 10 following a heart attack. He had been a long time resident of Hydro and was a retired carpenter.

## Boy Scout Finance Drive Postponed Until April 24

The Boy Scout independent finance campaign has been postponed until April 24 according to Wilbur Hull, community campaign chairman.

The Adobe Walls Council is supported entirely by the generosity of those, like yourself, who are interested in the youth of our community.

The Adobe Walls Council is responsible for the training and organization of over 1,700 adults who are registered. These people bring the program of scouting to the boys.

The hard work and many meetings of adults make possible these activities: regular weekly meetings, camporees, national jamborees, summer camp, aquatic camps, cub pack outings, canoe trips, Order of Arrow activities.

How much should you give this program? Only you can decide that question. However, you should remember that it costs much less to build boys than to mend men.

How much will you help scouting to build boys?

In the area of the Council 13, 171 boys are currently available for the three phases of the scouting program. The Council has for the past several years served over 40% of the boys available. To continue this record of service your financial support is needed now.

Please hand your check or pledge to the campaign salesman calling on you.

## Little League Baseball Program Largest Ever

James Lair, president of the Little League baseball program, announced today that 122 boys had signed up for summer play.

This is the largest number of boys to ever sign up for the program. One complete team has been added to the Minor league.

Tryouts are scheduled Thursday and Friday, April

18-9. Player auction will be held Sunday April 21 by the coaches and L-L officials.

The first game has been set for May 6. A complete schedule of games will be published as soon as coaches have worked out the summer program.

The Minor League will field four teams, the Majors five.

## Babe Ruth League Tryouts Set For Thursday Friday

Tryouts for selections of teams for Spearman's Babe Ruth Baseball teams will continue Thursday and Friday evenings under the direction of Coaches Dean Weese and Allen Simpson.

All boys over Little League age (not being 16 before August 1 this year) are encouraged to participate in these workouts.

It is expected Spearman will field three teams in the Spearman-Stinnett League this summer.

Present plans are for the

three local teams to begin practice games on Monday April 29 after a week of individual team practice. League play will probably start some four weeks later which will give teams considerable practice and actual games before rosters are set for league play.

It is hoped that this will enable more boys to participate in games when not for the league title.

All interested boys should sign, and have their parents sign, the application by or before April 18th.

## Hansford Hospital Plans Open House Tour May 5th

People who contribute to patient care will be spotlighted during observance of National Hospital Week by Hansford Hospital May 12-18.

Theme for the week is "Your Hospital—People Caring for People," according to S. M. Anderson, administrator of Hansford Hospital.

"In recent years," Mr. Anderson said, "the public's attention has been focused on the tremendous technological advances hospitals have made in patient care. Certainly, new and sophisticated machines have helped immeasurably, but unfortunately it is too often that human hands must operate the machines, and that technology is useless without technologists."

Mr. Anderson pointed out that in the average community hospital, the skills and knowledge of 261 persons are needed to provide care for each 100 patients. "In short," he said, "we need nearly three employees to care for each patient admitted to Hansford Hospital."

Mr. Anderson added that there are more than 200 job classifications within a hospital's walls, ranging from accountant to X-Ray technician. Others are laboratory

technician, engineer, house-keeper, maintenance worker, dietitian, cook, kitchen helper, purchasing agent, therapist, pharmacist, chaplain, personnel officer, clerk, medical record librarian and social and welfare worker.

"While the personnel filling these job classifications vary in background, education and skills," Mr. Anderson stated, "they have a common goal—better patient care—and a firm belief that a hospital is truly caring for people."

National Hospital Week, sponsored by the American Hospital Association is celebrated annually to emphasize the vital community role played by the more than 7,000 hospitals throughout the nation. This year, the observance begins on Florence Nightingale's birthday, whose efforts led to the establishment of the first hospital schools of nursing.

This week will be preceded by a hospital tour and open house on Sunday, May 5. The reason for open house being on this date is to enable some of the nursing personnel to attend the convention of the American Nurses Association in Dallas during that week.

Danny Robertson, WTSU student, spent the weekend at home visiting his parents, Mr. and Mrs. Ray Robertson. He celebrated his 19th birthday Saturday. Dinner guests present for the occasion included Mr. and Mrs. S.W. Robertson, Mr. and Mrs. Billy Miller, Miss Susan Uptergrove, his parents and sister Brenda.

Joining Mrs. Edd Wilbanks for Easter dinner were Mr. Joe Don Shockley and daughters of Amarillo, Mr. and Mrs. Don Shockley and Chuckie of Perryton, Mr. and Mrs. Jerry Floyd and Stephanie, Jim David and Joe Ed Crawford. Afternoon visitors were Mr. and Mrs. Carl Lucas of Amarillo.

## HOSPITAL NEWS

Hansford Hospital patients: Mona Schubert, Lurah Rhodes, Susan McLeod, Lucy Mundy, Rock McLeod, Sandra Collier, Robert Brooks, Cleffie Pemberton, Thelma Jackson, Thomas Ortiz, Hazel Martin, Delores Ohmes, Ernest Taber, Ethel Davis, Delphia Chambers, Mae Garrett, Myrtle Mayfield and Lillie Sloan.

Dismissed were James Means, Clarence Winder, Trudy Goodheart and son, Thomas Roper, Pat Jackson, Mary Langley and Lara Harbour.

SGT. MARTIN IS HOME ON LEAVE

Sgt. Eddie Gale Martin, son of Mr. and Mrs. J. H. Martin of rural Spearman, is enjoying a 16 day leave here with his parents and friends.

Sgt. Martin, who entered the US Army nearly two years ago, will receive his discharge in two more months.

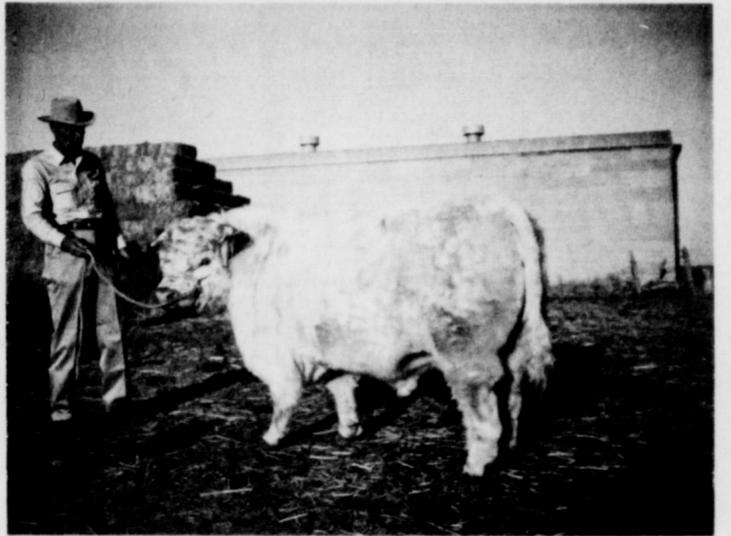

For the past year he has been stationed at Ft. Belvoir, Va. where he is the Non-Commissioned Officer in charge of the Staff Chaplain section. He serves as the administrative assistant to the Staff Chaplain.

Following his leave he reports back to Ft. Belvoir to await his discharge.

## Pastor Hill Will Attend Convention

Pastor Bill Hill of Faith Lutheran Church will attend the Eighth Annual Convention of the Southern District of The American Lutheran Church, this week, April 15-18, in New Orleans. More than 500 pastors and lay delegates of the District's 258 congregations in Texas, Arkansas, Louisiana, and New Mexico are expected to attend this convention.

Mr. and Mrs. Leroy Meisenheimer and family of Kingman, Kansas spent the Easter weekend here with her sister, Mr. and Mrs. Porky Holland and boys.

Troy Sloan and J.W. Jenkins purchased the top selling registered shorthorn bull at the Great Plains Shorthorn Breeders Auction sale Saturday in Texhoma. Sixty-five shorthorns were offered for auction at this first annual sale.

## Spearman Stockmen Buy Registered Shorthorns

THE REGISTERED SHORTHORN bull, calved April 14, 1966, was purchased by J.W. Jenkins and Troy Sloan at Texhoma's first annual Shorthorn sale held Saturday. Jenkins is pictured above with Colomeadow Silver Sea.

NOTICE  
The Time for Fun Party scheduled for Monday night, April 22 has been postponed until April 29. The Hansford Home Demonstration Club is sponsoring the party at the HD Clubroom.

Mrs. A.D. Parsons and Diana spent a long weekend in Wayne, Nebraska visiting her son, Robert Parsons. They also visited in Omaha with Mrs. Parsons' mother-in-law, Mrs. C.W. Parsons and Mr. and Mrs. Bill Carey.

The shorthorns brought an average of \$326, with the 30 bulls averaging \$353.

John Shuman and Son of Beyer, Colorado consigned the top two bulls, with J.W. Jenkins and Troy Sloan of Spearman paying \$975 for Colomeadow Silver Sea, a two-year old.

Joe and Roy Milhoan of Wildorado, Texas consigned the top two cows. David Harris of Pampa bought the top selling cow. The Van Dee Cattle Company of Spearman bought the second cow for \$550.

The sale attracted buyers from Arkansas, Colorado, Texas, New Mexico and Oklahoma.

## Credit Course Open To All

Thirty-eight persons this week enrolled for the forthcoming Consumer Credit Procedure course which is slated for April 22 thru 25.

This is a ten-hour course—four nights of 2½ hours each—designed for any person or business firm doing business on a credit basis. The fee is \$6.00 per person.

Original plans called for the classes to be held in the Farm Bureau room, but due to the large enrollment the meeting place has been changed to the HomeE room in the Spearman high school. Classes start at 7:30 p. m.

This is a course to help business firms effectively use credit as a selling tool; open new accounts properly; reduce bad debt losses, etc.

Theron Lee, credit management training specialist on the staff of Distributive Education, Texas University, will be the instructor.

The course, sponsored by the Credit Bureau of Hansford County, Chamber of Commerce and DE program, is open to all business firms and professional offices in Hansford County.

## May 1 Call For 41 Men

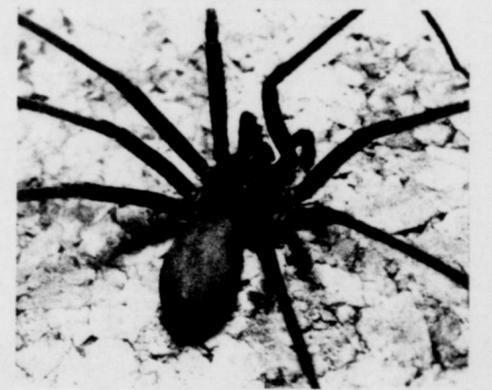

Selective Service officials from the local draft board received a call Monday of this week to send 8 men for induction and 33 for physical examinations on May 1.

The spokesman said this was a "late call" and that it would really push board officials and the men too to meet this May 1 deadline.

Names of those called will be published next week.

Guests spending several days in the home of Mr. and Mrs. N.W. Cayton have been Mrs. Zula Gilliam of Abilene and Mr. and Mrs. Wallie Cayton and daughters of Amarillo.

## Brown Recluse SPIDER

## More Poisonous Than The Black Widow!

Take a close look at this sneaky brown recluse spider (Loxosceles reclusus); then try to avoid it.

"Our research data indicate that this spider produces a poison much more potent than any known snake venom, and probably more toxic than venom from the black widow spider," said Dr. Paul N. Morgan, research microbiologist at the Little Rock VA Hospital and professor of microbiology and medicine at the University of Arkansas School of Medicine.

The brown recluse tries to stay away from humans, but it hides in places where it can hardly avoid them—in shoes, blankets, rolled-up newspapers, dark corners of manmade structures; states a news release from the American Medical Association.

The brown recluse is slightly smaller than the black widow and has an oval body with four long legs on each side of the thorax. It varies from light fawn to dark-chocolate brown in color, and its body is covered with short hairs invisible to the naked eye. The dark violin shaped band over the thorax that begins just behind the eyes, with the handle pointing toward the abdomen, is the one distinguishing mark that identifies this one from other brown spiders.

The brown recluse has been found in an increasing number of Southern states—North Carolina, South Carolina, Georgia, Alabama, Mississippi, Arkansas, Louisiana, Kentucky, Oklahoma, Texas, and some midwestern states.

"So little is known about spider venom it is impossible to estimate a fatal dose," explained Dr. Morgan. "It is known that the female brown spider ejects about twice as much venom as the male. (Only the female black widow is venomous.)"

When the brown recluse spider bites, there may be a mild sting; but in many instances, the victim doesn't know he has been bitten. Pain, extreme nausea, cramps, and high fever may be noted in two to eight hours after the bite. Often there will follow swelling, blistering, or even hemorrhage and ulceration around the bite. Surgery is sometimes needed for the gangrenous area that develops around the bite. Swelling seems to spread downward.

Some investigators recommend prompt and large doses of corti-costeroid drugs, followed by an injection every other day until two or three more have been given. Hospitalization is required for severe cases of spider poisoning.

Now take a second good look at this dangerous critter so that you can recognize it if your paths should cross.

SHS VOCATIONAL AG judging team will take part in contests this weekend at Canyon. Next week the team goes to Lubbock. Pictured above L to R: Kenneth Banks, Jock Lee, Bill McClellan, Vernon Pipkin and Carl Kunselman. The team will be entered in livestock, crops, dairy products and land judging.

### Bob Price Here April 18 For Town Hall Meeting

Congressman Bob Price announced plans today to spend a scheduled Congressional Easter Recess in the Panhandle area unless the recess is canceled.

Price said he had scheduled Town Hall meetings in Spearman to visit with area citizens to discuss first hand opinions on critical problems facing the nation, particularly since the renewed outbreak of violence over the nation.

He will be in Spearman Thursday, April 18th for two meetings—the first one to be held from 2-4 p.m. in the hospitality room at the Farm Bureau building. He will deliver a 30-minute speech on Vietnam, race riots and the country's financial policy. Following his talk, he will open the meeting for a public discussion. Everyone is invited.

His next meeting is scheduled for 6:30 p.m. in the Plains Restaurant in Spear-

man with the North Agriculture Advisory committee including about 20 members. Buddy Cockrell is chairman.

### Presbyterian Women Meet

The United Presbyterian Women were in the home of Mrs. Chris Bosecker for the regular meeting April 10. Mrs. Lewis Koerselman gave the devotional and Mrs. Jack Wood presided over the business.

Mrs. Nelson Turnbull continued with the study on Mark and showed a film strip titled "Come, Learn and Go." Others attending were Meses, Henry Cornelius, Jimmy Davis, Chalmers Porter, Glen Bohanan, Leland Wood, Walter Spoonemore, Willes Burgess and W. H. Neilson.

### Microphone Is Missing

City Police Chief Leland Woods said this week that high school principal Kenneth McKay reported the theft of a microphone from the high school auditorium. The mike was supposedly taken the night of the talent show.

Two bicycles were reported stole last week. These were recovered and returned to the owners.

A vehicle accident, the only one this month, occurred April 13 on the parking lot at the Shopping Center. A 1967 Olds, driven by William Bentley of Gruver, was in collision with a 1966 Pontiac driven by James Lemons of 1121 S. Haney. No injuries. Estimated total damages to both vehicles, \$390.00.

### Mrs. Renfro Gives Review

Mrs. Jim Burks was hostess for the First Baptist Church Round Table Book Club recently.

Mrs. Toye Renfro gave the review of "Road to Andorra" by Shirley Deane, the story

of a small country near Spain.

Attending were Meses, J. D. Helms, C. Green, Abbye Ownbey, R. H. Gray, Woodville Jarvis, Ray Devers, Roscoe Nelson, Don Jones, Mrs. Renfro and the hostess.

Mr. and Mrs. Clyde Bair of Amarillo spent Friday in Spearman visiting her mother, Mrs. W. A. Schubert who is a patient in Hansford Hospital.

Mr. and Mrs. Peyton G. Grier and family were in Spearman, Louisiana Easter week end visiting her parents, Mr. and Mrs. D. H. Stinson.

### Kiff White and Son Among Top Sorghum Producers

Kiff White and Tommy White of Spearman, were recently awarded a plaque in recognition of their participation in the 1967 DeKalb Sorghum Masters Club.

Their yield of 9632.83 pounds per acre with DeKalb Brand F-65 earned them the honor. These Spearman men were among 238 sorghum growers from throughout the sorghum belt who were involved in the Sorghum Masters program.

Other participants from the Spearman area: John Cole, F-65, 9794.13 lbs. acre; Mike Garnett, F-65, 8520.79 and Larry Williams, B-32 brand, 6591.83 lbs.

Graver participants included: Robert Ferguson, DeKalb F-65, 10,020.26 lbs. per acre; Robert Dahl, F-65, 8797.75 lbs.; and Archie Nelson, F-65, 8143.97.

The Sorghum Masters Club was initiated in 1963 to promote friendly competition as well as discussion and idea exchange among the nation's outstanding sorghum growers.

Many yield records were shattered as thirteen entries in the club went over 10,000 pound per acre mark. All were on irrigated land.

Top individual producer among the 1967 entries was Hal Keeler of Deming, New Mexico who harvested 11,489 pounds from a measured acreage. Keeler planted at a

Mr. and Mrs. Don Jones and family were in Pampa Easter weekend visiting in her parents home, Mr. and Mrs. W.R. Morrison.

12-pound rate in 25.3 inch rows and applied 200 pounds of nitrogen plus 92 pounds of phosphate. He cultivated twice and irrigated 5 times, including one pre-irrigation. A common characteristic of all these sorghum masters is their ardent desire to smash existing records and produce even higher yields. For 1968, they are out to crack the 12,000 pound barrier.

Mr. and Mrs. Jerry Holland and Lori of Amarillo were Easter visiting Mr. and Mrs. Otto Holland and for dinner which the chef grilled in the backyard.

Mrs. Faye Miller and Steve Hicks enjoyed Easter Sunday dinner in the home of Mr. and Mrs. Everett Tracy and Richard.

Mr. and Mrs. Jim Fowler, Connie, Sandra and Jan were in Oklahoma City for Easter weekend visiting Mrs. Fowler's parents, Mr. and Mrs. W.W. Reed.

Mrs. J.L. Brunson was here from Bronte visiting in the home of her daughter, Mr. and Mrs. Sid Evans over the weekend.

Mr. and Mrs. James Lair and family spent the Easter weekend in Canyon with his mother, Mrs. Tom Lair and other relatives.

### Enjoyed Visit To HemisFair

Dr. and Mrs. Damon Gregg and children, accompanied by Mrs. Ben McIntyre, Nanette and Ford, spent three days in San Antonio last week visiting the HemisFair. The Spearmanites report a very enjoyable time but said they just simply did not have enough time to take in all the highlights of their visit. The exhibit sponsored by China and Japan and the scenic boat trip down the river. Mrs. Gregg said visitors to the HemisFair need at least 5 days in which to tour the grounds if they want to see it all.

Let Me See ... by Lybil

And after working all week long putting this newspaper together... I guess THEN I need to sit down and READ it. I won't miss the hospital list from now on!

—Rex Jones, wheat farmer north of town, tells a story on his neighbors, Mr. and Mrs. Charles Polaski, which is a little stinking! It seems the Polaskis were watering their wheat the other day and in assembling their gated pipe a striped kitty cat got trapped in one of the sections. When the water was turned on, the kitty was washed to the end of the line and blocked off the last valve. Mrs. Polaski offered her husband a real, genuine, pure silver half dollar to reach in and pull the trouble out! Anxious to make an easy half dollar (as all wheat farmers are) Charles did. What happened shouldn't happen to anybody... but it did... and he got it right in the schnoz. I doubt if Charles' mind was dwelling much on that silver 50¢ piece right at that moment. But he did smile about it while remarking that the next time he reached in to pull out a polecat he would first see which end was pointed in what direction. Bryan Jones says he knows this story is true for he SMILED the victim.

We enjoyed a note this week from Randol and Lynn Nichols, the city policeman who resigned recently to take a job at the Medina Texas Children's home. Their life's ambition has been to care for "homeless children." The note says in part: "We are happy and very busy in our new home. We have 12 girls in our cottage ranging in age from 5-18. It takes some doing to fix breakfast for this bunch, pack school lunches and have everyone ready for the school bus at 8 a.m. This country is really something different. Deer feed in our backyard, there is much to see. We have squirrels, wild turkey, armadillos, raccoons and peacocks. We see all kinds of birds, brilliant reds, bright yellows, sky blues. We can sit on our porch and watch ducks in the ponds, and all of this is fascinating to our entire family. There is never a dull moment with this many children. Last Saturday one of the many Dude Ranches in this part of the country gave the campus 400 fresh rainbow trout. I have never seen so many fresh fish in my life and by the time they were cleaned it seemed

like 800. There are creeks and rivers all over the place. One of the favorite pastimes is fishing and mountain climbing."

### Chamber Chatter

The Spearman Chamber of Commerce has been busy these last few weeks. We sponsored a slogan contest for the City of Spearman and had 69 entries. The winning slogan was: SPEARMAN, TEXAS -SPEARHEAD OF THE NORTH PLAINS and was submitted by Mrs. Mary Schumann. She was presented with a check for \$25.00.

We had a successful membership drive with four teams competing for a fishing trip. They brought in 112 new members. This is the most successful drive in the history of the Spearman Chamber of Commerce. The winning team donated their \$200 for the fishing trip to the Spearman Little League.

The Spearman Chamber of Commerce sponsored a Talent Show in the Spearman High School Auditorium on April 5, with 850 people in attendance and all proceeds went to the Hansford Library Building Fund. Total ticket sales amounted to \$617.55. This was a community project with the Spearman Lions Club, Rho Rho Chapter of Beta Sigma Phi, Gladiola Flower Club, Music Club, Spearman Jaycees, and Xi Zeta Chapter of Beta Sigma Phi assisting the Spearman Chamber of Commerce to make this show a huge success.

We also sponsored a Motivational Selling course presented by Mr. Pat Batis of the University of Texas Division of Extension Distributive Education in cooperation with the Texas Education Agency.

A board of directors meeting will be held at 1 p.m. today, April 18 in the Chamber of Commerce office.

Mr. and Mrs. Pete Fisher spent the weekend in Roswell, N.M. with their son Tim who is a Cadet at New Mexico Military Institute. Open house parties were staged for parents and guests and cadets and their dates attended a formal military ball Friday evening. Miss Mindy Murrell of Gruver accompanied the Fishers.

THE ELMER HILTON FAMILY

Spec./5 and Mrs. Elmer Hilton and sons, Charles and Peter arrived in Perryton last week from Frankfurt, Germany, where Hilton has been stationed for five years. This is their first time home during that time.

The Hilton family is visiting his mother Mrs. Claude Hilton of Perryton, and other relatives who live in the area. The Hiltons are former residents of Spearman. They moved to Perryton during World War II. Elmer grew up in Spearman and graduated from high school here.

Hilton served in the Navy for two years during World War II and was living in Williston, North Dakota when he was called into active duty with the National Guard in 1958 and then went into the army. He was stationed at Ft. Riley for two years before going to Germany.

He and his wife Mary were married at Scooby, Montana twenty-two years ago. They adopted their sons while they were in Germany. Charles, who will be six years old in July, has been with them for three years. Peter, who will be four in August, was adopted two years ago.

ATTENDED RED CROSS MEETING

Mrs. Bud King attended a Red Cross meeting Monday in Borger.

The meeting which concerned all northern Panhandle counties, was to instruct Red Cross chapters as to what type services can be rendered to families of service men.

Mrs. King is executive secretary for Hansford County Red Cross Chapter.

### Haden's Honored With Reception

Mr. and Mrs. J.E. Haden were honored with a reception the evening of April 12 on the occasion of their 40th wedding anniversary. The reception was held in the Home Demonstration Clubroom by Mr. and Mrs. Billy Haden and Mr. and Mrs. Chester Cunningham of Dalhart.

A red and white carnation arrangement centered the serving table which was laid with a white cutwork cloth. Silver coffee and punch service completed the appointments. The three tiered cake was decorated in white and tipped with yellow and green flowers with the numerals 40 on the top tier.

Carnations were also used in the white corsage given Mrs. Haden and the white boutonniere presented to Mr. Haden.

Attending were Mrs. Faye Dawson, Mrs. W.L. Mackie, Mr. and Mrs. Glen Mackie and family, Mr. and Mrs.

Ed Ogle of Borger, O. J. Hoel and Cindy of Gruver, Mr. and Mrs. Danny Riley and Annette of Austin, Mr. and Mrs. Shorty Husted, Mr. and Mrs. Bill Hall all of Perryton, Mr. and Mrs. Joe Day, Mr. and Mrs. Roy Jones, Mr. and Mrs. Don DeArmond and family, all of Spearman, and the hosts and their families.

Mr. and Mrs. Frank Haas and family of Blackfoot, Idaho returned home the first of the week after visiting here with her mother Mrs. Rose Porter, and brothers Chalmers and Frank Porter.

THIS IS SPEARMAN

through the eyes of chet wise

Two little old ladies were enjoying music in a city park. "I think it's the minuet from Mignon," said one. "I thought it was a waltz from Faust," replied the other. The first little lady went over to what she thought was a board announcing the numbers. "We're both wrong," she said when she got back. "It's a refrain from spitting." I suppose you can't believe everything you hear and many things you see, but here are some of the people I saw around Spearman, during the past few days...

NEW! For clean Sorghum... spray weeds when you see them! with BANVEL

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessweed (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!

### Brown Returns From Duty Tour

J.R. "Dick" Brown, candidate for United States representative, 18th Congressional District, Texas, returned this past weekend from two weeks active duty for training aboard the U. S. S. Haleakala in the San Francisco Bay area.

During Brown's tour of duty, the U. S. S. Haleakala (AE 25) was undergoing pre-deploy-

ment inspection and exercises prior to reassignment to Vietnam. When Brown departed the ship, she was loading ammunition at Port Chicago, preparatory to leaving for Vietnam.

Brown is a Lieutenant in the U. S. Naval Reserve, attached to the Reserve Center in Amarillo. He particularly noted the high morale and spirit of the officers and men, in regard to the Vietnam situation.

## ELECT Ben Barnes Lt. Governor

(Pol. Adv. - Paid for by the Committee to Elect Ben Barnes Lt. Governor, Ralph Wayne, Chm.)

ation. He said that the results of high caliber training was evidenced by the efficiency, readiness and willing attitude of the officers and men of the ship. Brown added that there was general disgust with the "peacenik" demonstrators who paraded within view of the ship while it was docked.

### Wounded Soldiers Need Bags

The National Red Cross has put out a plea for un-filled ditty bags for wounded soldiers who are in hospitals in the battle zone, Vietnam.

Mrs. Bud King, Hansford County Red Cross secretary, is asking everyone who will to sew some of these bags for June shipment.

These bags are badly needed by soldiers so they may keep bed-side supplies close at hand. These are for wounded men who are unable to wait on themselves.

Spearman Home Ec girls have agreed to sew 50 and another supply has been promised by Gruver.

The bags can be made from any strong cotton fabric and must measure at least 12 x 13 inches (with draw string at top) when finished. Notify Mrs. King by telephone, 3167, if you will sew some bags. If you have some cotton materials you would donate, she will pick the fabric up and deliver it to someone who will sew bags. Any color will be accepted.

Just as a house is not a home without people, a large well equipped building is not a hospital without people caring for people. The modern hospital has people in 200 different occupations caring for people, directly or indirectly. Hansford Hospital open house: Sunday May 5, 2-4 p.m.

## THE PEABODY LETTER

HIWAY CAFE CHESTER L. PEABODY III ROOSTERBURSKA, GRUVER COUNTY

Dear Bill:

Me and Mag has helt our annoyall Easter egg hunt for all the younguns under seven yeers of age in Gruver County. The hunt wuz helt on the Peabody farm on Easter Munday. Mag hid a hole barrel full of eggs and the kids must of found most of them before the party busted up for reasons which I will explain. Mag wooden let me chain down the Old Red Rooster, so as to keep him out of the way and the hunt had just got started when the first minor accident ook place. A little squirt, by the name of Percival Pentax, decided he wood rather pull out Red's tail feathers, than hunt eggs but Red had another idear. When Percy started to pull, Red clonked him across the eyeballs with his wood leg. The kids mammy kicked up such a fuss, that Mag had to set her down at the conference table. We agreed to lock Red up in the tool shed for the duration and Mag warshed Percy's eyes out with warm salt water. He final stopped screamin and the only harm done wuz that he had two black eyes. About that time we herd another yougoun let out a holler like a smashed wild cat. We run to see whut had took place and seen this kid ringin his hand where he had pulled it out of a hole. His mammy said he had bin snake bit, when he reached down in the hole for a egg. I final explained that he had only bit but by a gofer on account of where he had stuck his hand down, wuz a gofer hole. By this time Mag had rubbed his hand with arnica salve and rapped it up. All of a sudden we herd a hole lot of hollerin and screemin comin from over by our swimmin pool, where we found out that four kids had fell in the pool. We pulled them out and found that a bunch of them wuz playing whip, when the four of them broke loose and fell in. It wuz our good fortune that none of them drowned on account of there wuzn't no water in the pool. They fell on their heads which sort of broke their fall. Mag hosied them off but they seemed to have lost interest in the egg hunt. Across the yard, a bunch of kids had started a fite and wuz throwin eggs at one another. I seen one of the pappys, "Bill Lentz" run in to brake up the fite, but he never got very far, on account of one kid let go with a hard fast throw that got him between the eyes and laid him out cold. I found out later that whut he had been hit with wuz a pool ball that had accidental got mixed up with the eggs. After we brung him around, we all went out to the barn where one kid said another kid had climbed up in the barn loft, where he had found a mamma cat with a hole bunch of baby kittens. I hollered up for the kid to drop the mamma cat down and the kittens wood come down by their selfs. I helt up my hand, but whut he dropped down wuz a skunk and that wuz the end of the egg hunt.

### Postal Patrons May Curb Offensive Mail

Mail patrons offended by pandering advertisements can now take steps to curb such mail, Postmaster Elmon Jacobs said today in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet--"How You Can Curb Pandering Advertisements"--which is now available at the Spearman post office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that when a patron receives an advertisement which is, in his opinion, pandering, he

must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

"This new law should give some protection to American families offended by advertisements they believe to be morally harmful, particularly to their children."

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most cases the ads were not legally obscene and were therefore available, they are often offensive and are usually not the type of material one would want his children to read," Postmaster Jacobs said.

He added that "because the law gives a mail patron the sole right to decide what is offensive, and does not deny others the right to receive the same mail, the Congress felt it does not violate Constitutional guarantees of freedom of speech."

While the patron's complaint will only be directed to the sender, Postmaster Jacobs believes that one or two complaints will provide substantial protection because "the great bulk of this adver-

tising comes from fewer than 20 so-called 'smut dealers' who are frequently swapping mailing lists."

If a mailer does not strike a complainant's name from this mailing list, and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster issuing the initial order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.

# It's YOU (not a FLUE)

who decides where a flameless electric water heater goes.

Why should you let an old fashioned flue dictate to you where you put your water heater? Choose a flameless electric water heater that needs no flue or ventilation and the choice is yours. Put it where you want it, not where it has to go. In a linen closet, kitchen cabinet . . . wherever it is most convenient for you. You can place it closest to points of greatest hot water use and eliminate long heat-wasting pipe runs. An electric water heater gives you abundant hot water because the immersed heating elements heat the water, not the tank. And, because it's flameless, it is noiseless, clean and safe. You have a choice in models, shapes and sizes, too. See your dealer or call our office for information.

# CITY of SPEARMAN Water and Sewer Improvement Revenue Bond ELECTION

APRIL 27, 1968

### II WATER SYSTEM

(a) A recent study reveals that certain facilities must be added so that Spearman will be assured of adequate water for consumer and industrial use.

The old wells have been falling off in production, due to a decline in the Water Table, and per-capita increase in water usage has been increasing. Thus leaving Spearman dangerously low on water on peak summer days.

In order to alleviate this condition, it has been recommended that the following improvements be made immediately:

(A new well is already drilled and test pumping indicates a good 8-inch well. Drilling and test pumping has been paid for out of current operating funds.)

But to make use of the well, the following equipment is needed:

1. Water Pump, electric motor and controls, valves, meters, piping, pump base, automatic controls and miscellaneous.
2. Booster Station: Complete - steel piping, meters, electric controls, building, chlorinator, automatic controls. Two 750 GPM Turbine-Pot Type Pumps, 40 H.P. Motors.
3. One 300,000 Gallon Steel Reservoir Tank and Foundation. (Ground Storage)
4. Funds to acquire additional Water Rights, for future development are included in this issue.

Your Questions

Obsolete Chlorinator house at present sewage plant was constructed in 1927.

### I HOW WILL THE BOND FUNDS BE USED?

A To Replace the Present Obsolete and Inadequate Sewage Treatment Plant.

(a) The present sewage treatment plant was constructed in 1927 - designed to serve a population of 2,000. In addition to being obsolete, present plant has for several years been over-loaded by over 200%. The Texas Water Quality Control Board, after official inspection, stated that the polluted condition of the Sewage discharged from this plant, due to the over-loaded condition, **MUST CEASE!** And immediate steps must be taken to remedy the situation. The Board has further informed the City Commission that when steps are taken for construction of an adequate Sewage Treatment Plant, they will share in the construction cost in an amount equal to 30% of the construction cost.

### THE AMOUNT TO BE VOTED FOR THIS PROJECT WILL AMOUNT TO 70% OF THE TOTAL COST.

According to our Consulting Engineers, and the Texas Water Quality Control Board - with new design standards - it would be less expensive to construct a complete NEW PLANT that can be expanded than to attempt to revamp and expand the present obsolete plant.

The existing plant will remain in place and be used only as partial treatment of by-passed sewage from a new plant. All effluent from a new plant will still pass through the old plant, thus affording a more thorough treatment.

(b) The proposed new facilities would be of the oxidation ditch type, and would consist of the following units: (1) Bar Screen and Grit Chamber; (2) Flow Measuring Device; (3) Oxidation Ditch with Aerators (concrete lined), designed for 8,000 population - and can be expanded to care for 10,000 population; (4) Clarifier, designed for 10,000 population, whereby no future unit will be needed; (5) Sludge Return Pumps; (6) Sludge Waste Pits; (7) Miscellaneous Piping and by-pass lines; (8) Chlorination Equipment.

All of the above units or equipment will be designed to meet requirements of the State Health Department, Texas Water Quality Control Board and Federal Water Pollution Control Board.

### ABOUT THE ELECTION

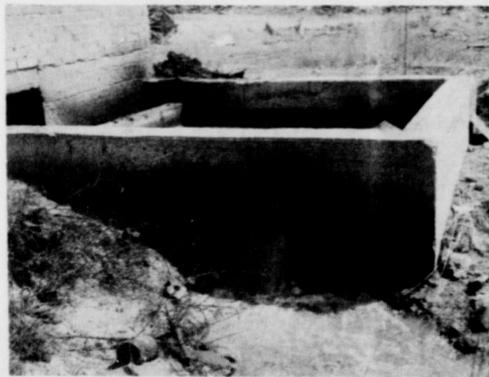

1. When will election be held?  
On Saturday, April 27, 1968
2. When will the polls be open?  
From 8:00 A.M. to 7:00 P.M.
3. Where will the election be held?  
City Council Chamber - City Hall
4. Can a voter vote absentee?  
Yes - from 8:00 a.m. to 5:00 p.m. from April 8 to April 23, at City Hall (except Saturdays, Sundays and Official Holidays)
5. Who may vote in the election?  
Any person who is a resident of the City of Spearman (actually resides within the City Limits), who has rendered property (personal or real) for City Tax Purposes, who has lived in Texas for one year, Hansford County for six months, and in the City of Spearman on day of election, and who is a currently registered Voter or has an exemption.

**the Reporter's PERSONALITY OF THE WEEK**

According to legend, our subject of today, once mistook Chester L. Peabody's Old Red Rooster for a pheasant and thereby shot off his leg. Contrary to this story, our personality of the week, is an excellent pheasant hunter and seldom if every, has failed to identify and bring down the bird of his choice. Claude Owens has proven his ability as a successful business man as well as a huntsman. He has followed the blueprint of other accom- plished business men and that is the simple pattern of surround- ing ones self with capable employees and letting them do the job. On your first visit to Owens Sales and Service, you'll get the true impression that everyone on the staff is on the go and they fully enjoy their efforts in serving every customer. You'll also note that each man seems to know exactly where to lay his hands on the desired item. Our personality, who on the surface seems to be a very sober man, has a great sense of humor and enjoys a good joke, whether it's on the other fellow or on him- self. Recently, Claude acquired a pool table and he greatly en- joys evening games with friends and neighbors. He admits to being a pretty fair pool shooter, but says it's somewhat of an embarrassment, when he occasionally gets beaten in his own home. Come harvest time, when the grain turns to that golden hue, he'll loudly acclaim that this part of the west is the most beautiful place on earth. Later on, when the frost covers the country side, the only way to settle him down is to hide his shotguns. This is quite a chore, because he has several good ones and his wife, contrary to reports otherwise, knows about all of them. One story he has told so often and so well, is one that I almost have accepted as fact. This is the story of a cat that some children had trained to flush out and retrieve birds. He claims he actually hunted with this cat and whether you are inclined to believe this story or not, you'll have to admit it's for the birds. Some people might use him as a time table as they see him make his usual ten thirty stroll down Main street, where he stops off for coffee, on his way to the bank. This sched- ule is broken up on days when he goes on a rare hunting expedi- tion or when he makes a routine trip to his branch store in Beaver, Okla. Last season, he raised some very healthy looking tomato plants. This season he's going to try for tomatoes. Once you know him, you'll like Claude Owens.

Mr. and Mrs. Bud King spent the weekend in Cache, Okla. with her mother Mrs. Mary Saxson who returned home with them. Tuesday Mrs. Saxson became ill and was admitted to Hansford Hos- pital suffering with pneumon- ia.

Mrs. Vernon Estes of Bovina came last week to visit her daughter Mr. and Mrs. Bill Strawn and children. Shelly and Scott went back home with her where they will also be visiting paternal grandpar- ents, Mr. and Mrs. Orville Strawn.

**County Ag Demonstration Results Now Available**

Another year of hard work and effort has been put into the completion of actual result demonstrations on farms in Hansford County, reports County Agricultural Agent Robert Adamson. And the findings of these demonstra- tions are now complete and have been compiled into a handbook available at the County Extension Office.

The overall agricultural demonstration program is sponsored by the County Pro- gram Building Committee, points out Mr. Adamson. Chairman of this committee is W. L. Johnson. In charge of the overall Crops Commit- tee is John Trindle.

"We fell that our result de- monstration program has pro- gressed especially well over the past year," says the Agent. "Last year was a good crop year and a number of significant findings came out of our demonstration pro- gram."

The demonstrations which should be of particular inter- est to most county producers are the following: Grain Sor- ghum Fertilization and Wheat Fertility.

All producers and agribusi- nesses in the county will receive a copy of the 1967 agricultural demonstrations handbook in the mail, adds Mr. Adamson. Additional cop- ies can be obtained at the County Extension Office.

The committee is working with Educational Reading Ser- vice, a professional book fair company, to furnish an indi- vidual selection of books for the fair.

**BRIDGE CLUBS -**

Mrs. J. E. Womble enter- tained the Blue Monday Bridge Club April 15 in her home.

Mrs. Sam Graves won high score and Mrs. Gwenfred Lackey won the traveling prize.

Guests attending were Mmes. Delon Kirk, W. B. Seitz, Major Lackey and Wil- is Lackey. Members were Mmes. R. W. Morton, Pope Gibner, W. H. Gandy, Gwen- fred Lackey, Deta Blodgett and Carrie Clement.

Mr. and Mrs. James Hicks and Mr. and Mrs. Garland Head were hosts for the Satur- day dinner club April 13 at the Home Demonstration club- room.

High scores were held by Mrs. Hicks and Bob Skinner. Low scores went to Mrs. James Lair and Joel Lee Lackey.

Attending were guests, Mr. and Mrs. Tommie White and members, Messrs. and Mmes. James Lair, Charles Cox, Ed- ward Dear, Richard Holton, Roy Bulls, Bob Skinner, Joel Lee Lackey and the hosts.

Mrs. Vi Whitson was hostess for the Bid-A-Bit Bridge Club in her home Thursday evening, April 11.

Mrs. Faye Lynch had high score and Mrs. Jesse Davis had second high.

Attending were Mmes. John Berry, Nikki Cotter, Gwenfred Lackey, Leonard Jameson, and guests, Mmes. Lynch, Davis and Bill Gandy and the hostess.

**Book Fair Opens Mon.**

The Spearman elementary school will sponsor a student book fair from April 22 to April 26. The book fair will be open during the hours of 3:05 p. m. when books will be on display in the all purpose room at the elementary school. At this time students will be able to browse and purchase books of their choice.

The book fair committee invites all students, parents and visitors to attend the fair. This will help spur student in- terest in reading and building home libraries.

The book display will in- clude attractive new books from many publishers in all popular price ranges. All reading areas of interest to stu- dents will be represented, in- cluding classics, fiction, bio- graphics, adventure stories, science, nature, crafts, my- stery and reference books.

**Crop Insurance For Farmers**

COLLEGE STATION. Texas farmers in increasing numbers are finding that federal all- risk crop insurance is the next best thing to a good harvest and far more dependable.

The voluntary program ad- ministered by the Federal Crop Insurance Corporation does not guarantee farmers a profit, but it does allow those hit by natural disaster to re- cover their production costs and stay in business.

All-risk insurance does not cover loss due to negligence or poor farming practices. But when nature causes low yields or poor quality that drops crop values below guaranteed lev- els, crop insurance makes up the difference in cash.

Early attempts by private companies to insure against crop disaster generally were unsuccessful because of com- plexities and extreme risk in guaranteeing crop production. As a result, there was in- creasing demand that the Gov- ernment provide such protec- tion.

Since the first wheat insur- ance was introduced to Texas in 1939, FCIC, an agency of the U. S. Department of Ag- riculture, has expanded oper- ations to 66 counties. Eligible crops in 1968 include wheat, grain sorghum and cotton. Plans are underway to add

more counties in 1969 and to extend coverage to citrus and rice crops.

Today's farmers must wor- ry about far more than get- ting his seed back. The tech- nological revolution that in- creased his productive ability to unprecedented heights in- creased his loss potential as well. In fact, the average farmer's margin of profit is so small and costs so great that it would take the profits from several good years to get back the investment lost in a single year of crop disaster.

Benefits of all-risk crop in- surance extend far beyond the farmer. The economy of en- tire rural business communi-

ties is severely affected when widespread crop disaster strikes. Insurance indemnities paid to farmers at these times greatly relieve the fi- nancial struggle toward recov- ery and prevent loss by banks, equipment dealers and many other business establishments. Since the program began, FCIC has protected farmer investments - totaling more than \$560 million and has paid more than \$95 million in crop loss claims.

In Texas, the Federal Crop Insurance Corporation is ad- ministered from College Sta- tion by State Director Ben A. Jordan, Jr.
