CARD OF THANKS

At a time like this we search for the proper words to express our heart-felt thanks to everyone for each and every act of sym-pathy shown us during our bereavement. For all the floral and food offerings, for the many cards and words of sympathy, we will be forever grateful. May God's richest bless-ings be with you all. The families of Cotton Thompson

Seaman 2nd Class Kenneth Taylor and a friend Seaman 2nd Class Jerry Pitkins from Beville, visited last week with Kenneth's parents, Mr. and Mrs. Orville Taylor and his brother and family, the Max Taylors. Jerry returned to Beville Monday. Kenneth is spending a few days visiting in Altus, Okla. and will be back in Spearman the last of the week before returning to Beville.

A LOOK AT FOOD COSTS

COLLEGE STATION-- Texas consumers and producers of agricultural products closely parallel the national picture, Charles K. Baker, Extension general marketing specialist at Texas A&M University notes.

A new report, issued by the U. S. Department of Agriculture's Economic Research Service, summarizes recent trends in farm and retail costs, marketing costs and the relationship between what people earn and what they pay for food.

There has been a rise of 14 percent during the 1960's in the cost at the grocery store for U. S. farm foods. The largest upswing in cost has been since 1964. During the same period the consumer Price Index rose 20.4 percent.

The standard used to measure changing cost, called the Market Basket, is a fixed amount of food produced on U. S. farms that is bought by an average household in a year. This gauge shows food costs rose at an annual average of .6 percent between 1957-59 and 1964. The increase averaged 2.5 percent every year between 1964 and 1968.

However, the food costs did not rise as much as the wages of food buyers. Percent of income spent by average Americans for food declined from 20.7 percent to 17.4 percent from 1957 to 1967.

Both U. S. and Texas farmers received about 39 cents from every dollar spent for food in 1968. This, Baker noted, was an increase of one cent over 1967. The farmer's share, arranged by food groups, varied from 19 cents out of the dollar for bakery and cereal products to about 55 cents for poultry and eggs.

Animal products usually return more to the producer than any other because of the increased cost input. Processors, packagers, transporters and all other persons involved in bringing the food from the farm to the retail store check out counter divided the remaining 61 cents.

Mrs. Maude Mathews was admitted to the St. Anthony's Hospital in Amarillo March 17.

Welcoming Ceremonies

A CROWD OF enthusiastic fans and Chamber of Commerce officials met the chartered bus carrying Coach Dean Weese and his famous Lynxettes home from Austin late Sunday evening. A truck and sound equipment, furnished by Burton Schubert, was set up on main street for the welcoming ceremonies. Each Lynxette was in-

duced by Orvil Bram-mett, C. of C. President, and presented with a long stemmed white mum trimmed with purple. Mayor D. E. Hackley spoke to the large crowd and told Coach Weese and his team how proud all of Spearman was of this outstanding team and their record. The Lynxettes were runner-up in the State Tournament.

Mr. and Mrs. Otto Hol-land spent the past week visiting relatives in Texas with their son Jerry Hol-land of Amarillo. They visited Otto's brother and family in Dallas, his sister and family in Corpus Chris-ti, Mrs. Holland's father, Mr. Terry in Emory, Texas and the Oddfellows Child-ren's Home in Corsicana, Texas.

Mr. and Mrs. J.D. McCoy enjoyed a visit from her brother and family, Mr. and Mrs. El-ward Hall and son Terry of Perryton, Sunday.

Mr. and Mrs. E.J. Callaway, Mr. and Mrs. Roy Jones and Clint May-field of Spearman, and Mrs. Willard Weese and son Linden of Higgins attended the basketball games in Austin this past weekend.

House Gives Nod To Texas Water Plan

K. B. Watson, Water, President, stated that the bill has just been received at 12:30 p. m. March 19, 1969, that the Constitutional amendment authorizing \$3.5 billion in bonds for the Texas Water Plan has been passed by the House of Representatives by a vote of 215-15. This is further evidence of the widespread support of the Texas Water Plan to replace our depleting ground water and in addition will provide other areas of the state with their long-range requirements. The Constitutional amendment was changed on the floor of the House to provide for submission to the voters in 1970 rather than 1970 as originally suggested.

Monty Lusby and Catherine Lyon, who attend Texas Tech in Lubbock, attended the state tourney in Austin over the week-

Glass Door Tragedies Promote Action

COLLEGE STATION--Three children recently were killed when they ran through glass doors. Their parents have urged a new federal safety commission to recommend preventative legislation. Pleas were directed to a seven-member National Commission on Product Safety, which reported that "100,000 people in this country are hurt, too many of them fatally, from accidents related to just one type of product--glass doors and other architectural glass in the home."

In each case cited to the commission, the child received fatal cuts by running full force into a

sliding glass door, reports Mrs. Jane Berry, Extension housing specialist. The Architectural Aluminum Manufacturers Association, which includes about 70 percent of the manufacturers engaged in making aluminum sliding glass doors, has stepped up efforts to promote safer use of glass in residential, commercial and institutional construction, Mrs. Berry says.

Since January 1969, all sliding glass doors carrying the Association's seal of certification contain safety glass.

The Federal Housing Administration, convinced of the merits of safety glass, now requires all sliding patio doors, shower stalls and tub enclosures in houses financed under its loan program to include this protection feature. Local building codes in many communities currently are being revised to include the use of safety glass.

Tempered safety glass is of the same thickness of ordinary glass, but it is stronger and disintegrates into granular parti-

cles when broken, thus minimizing serious personal injury, adds the Extension specialist at Texas A & M.

DEPARTMENT PUSHING TEXAS BEEF

The most intensified promotional campaign in agricultural history has been opened by the Texas Department of Agriculture to make Texas grain-fed beef a household word.

"By the time the next two months are over, we hope that housewives will ask for Texas beef and not just beef," Agriculture Commissioner John C. White said in announcing TAP would turn its attention to beef promotion in March and April.

"We are going to do everything short of tying a string around the finger of the housewife to help the consumer remember to watch for the TAP

symbol," White said. The Department, with the help of private associations, will place more than 500 outdoor billboards across the major arteries of the state and will install more than 40,000 full color posters and case strips in 10,000 grocery stores.

The TAP--Texas Agricultural Products--program has proved very successful although still relatively new. It is being used throughout the state to promote home-grown products, with emphasis changed each two months.

Besides the billboard and grocery store displays, the Agriculture Department is providing inserts on Texas beef to be included in bank statements and utility bills.

The campaign was kicked off with a series of news briefings across the state, giving TAP officials a chance to explain the benefits of Texas beef and make available recipes on beef to food and agriculture editors.

Following the news

briefings, the Department began a "Beef A Rama" series, using meat processing specialists and home economists to give students and teachers the latest in meat-cutting and food preparation. It is all part of the department's program to promote Texas beef.

"Texas is the number one cattle-producing state in the nation and there is no reason anyone should eat beef from other states," White said. "We have more of it and it is just as good if not better than any other."

WAIT AND SEE--The Apollo 9 astronauts may bring information that could help solve the problems of hunger. By using a battery of special cameras, they have photographed farm lands in the U. S. From these photos, it is hoped information can be derived which will show signs of drought and plant disease on crops and also on timber and grazing land.

GO FLY A KITE? NOT IN THE RAIN Many Americans are fond of telling people to "Go fly a kite." But there are times when people should be told "Don't fly a kite."

The Insurance Information Institute cites certain precautions which should be taken when planning to unfurl kites into the brisk winds of March.

Use dry string, wood and paper, never wire or metal, for kite equipment. Fly the kites in open areas far away from power lines.

And most important, never fly kites when it is raining. Failure to heed this advice could result in tragedy.

Mr. and Mrs. Charles Prutsman of Pitkin, Colo. visited last week with his mother, Mrs. Nan Prutsman and his sister and family, the Robert Stewarts

"Willy, get your paw's hat out'n that mud puddle." "Cain't, Maw. He's got it on too tight."

FOOD COSTS--A recent USDA reports costs at the grocery store for U. S. farm foods have risen 14 percent during the 1960's but during the same time, wages of food buyers rose faster. The percent of their income used to buy food declined from 20.7 percent in 1957 to 17.4 percent in 1967. Farmers in 1968 received 39 cents out of the food dollar, an increase of 1 cent over 1967. The farmer's share varied from 19 cents out of the dollar for bakery and cereal products to 55 cents for poultry and eggs.

Secretary to salesgirl at perfume counter: "I'd like something that will bring out the mink in a man without disturbing the wolf."

A New Jersey company conducted a contest among youngsters with the theme "The Nicest Thing My Father Ever Did For Me." One answer: "He married my mother."

Enemy Arms Cache Reveals Very Unusual Weapons

SPRING FESTIVAL PLANNED

Retail Merchants Chamber of Commerce is making plans for the SPEARHEAD SPRING FESTIVAL April 3, 4 and 5. Merchants who participate in the sale and window display contest will be placed in order so the public can see their way to the SUPER SPRING SALES.

Third Marine Division infantrymen operating northwest of the Ashau valley in South Vietnam are discovering that the enemy is using some unusual weapons. A 16-man patrol from 9th Marine Regiment, discovered an enemy arms cache that included six 1936 vintage French service rifles, four hand-made crossbows and two spears. "We found the weapons hidden under a large North Vietnamese Army (NVA) living hut," said Cpl. Charlie Brown, Nashville, Tenn., the patrol leader. "Although none of the men of the patrol had ever seen the enemy employ the antique weapons in combat, they all felt that they could be effective." Lance Col. Lerov Fanning, Cincinnati, Ohio, theorized that the enemy might have used the crossbows and spears to hunt game. The spears were made from long wooden shafts and had sharp cutting edges on each side. The crossbows were skillfully handcrafted from polished wood and each had a bamboo quiver containing small arrows of thin slivers of bamboo. The arrow points varied from blunt ends to barbs, and sharp points that were cut from the shaft itself. Although small, the crossbows proved to be very effective. Fanning fired one of the thin wooden shafts at a tree and the arrow buried itself deeply in the hardwood tree trunk. "I sure wouldn't want to get hit with one of them," said Fanning.

For infantrymen in the field it is sometimes impossible to get to the dentist. Members of 3rd Dental Company have alleviated this problem by traveling to where the patients are—in the field. A two-man mobile unit, consisting of dental officer, Lt. Cmdr. R. C. Turhane, Salem, Ore., and Dental Technician Third Class L. Gerringer, South English, Iowa, travels around the 3rd Marine Division area to provide dental care for Marines operating in the field. "We got the idea after talking to several Marines who had to come in from the field for dental treatment," explained Dr. Turhane. "We learned of the time lost in traveling back and forth from the field and decided to do the traveling ourselves." After arriving at a field location, it's just a matter of choosing a site and a few minutes later the clinic is open for business. Their equipment consists only of a small dental chair with head rest and a dental first aid kit. Besides performing extractions and temporary fillings, the two-man team also makes routine dental checkups and distributes new toothbrushes to the men to replace their old and worn-out ones.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN--Ever heard of the Texas Interagency Council on Smoking and Health? If you haven't, you will because it's the nation's pace-setter in bringing smoking and health education to the state's youth and adults alike. Here's the way the concept works to achieve a coordinated effort: The Council is comprised of the Texas State Department of Health, Texas Education Agency, Texas Division of American Cancer Society, Texas Heart Association, Texas Tuberculosis and Respiratory Diseases Association and Texas Medical Association. The Texas Parent-Teachers Association is a cooperating member. It coordinates the regional conferences in developing leadership within individual school districts, making available to teachers and students special resource materials, consultants and activities relating to the hazards of smoking. The goal of the Council is to bring to the state an increasing awareness of the health hazards of cigarette smoking with emphasis given to youth. And the goal is being rapidly reached in Texas.

There are 20 regional education service centers over the state where 10 conferences on smoking and health have already been completed; and five more will be completed by Spring. This will total 75% of the state. This is more in one state than in all other states combined. A special resource kit is provided those school district representatives who attend the conferences and they take the material directly back into their classrooms. This way, education starts immediately after a conference, and no time is lost in further meetings with local personnel. Both national and state authorities in the education field are used as instructors at the conferences. Recently two noted authorities in the education field met with the Council in Austin to evaluate its progress and stated that Texas is "by far the leader in this endeavor." What this means then, is that of all information concerning public health being brought to our students, the hazards of smoking are becoming uppermost in the curriculum. And again, Texas is leading the way.

Mr. and Mrs. Jimmy Shieldknight, LeAnn and Freddie attended the games in Austin over the weekend. Charles Shieldknight, who attends SMU, and Lawrence Brown of Plano, joined them in Austin Saturday. Eddie Gail Martin who is attending WT in Canyon and Darla Weston of Amarillo visited in the home of Mr. and Mrs. Homer Martin over the weekend. Mrs. Bob Meek and children were in Austin the past weekend attending the state girls basketball tournament. Mrs. Richard Shedeck who has been hospitalized in Ochiltree County Hospital and an Oklahoma City hospital for the past eight weeks, was able to return home this week.

The big rush for introducing bills is winding up. Friday was the last day you could introduce bills without any strings attached. Now, except for local bills, it is necessary to get permission from four-fifths of the members to get a bill in. Something in the area of 1,200 bills got in under the wire. When you think that last session our bill total was about 1,350 it is obvious that we will probably have way over 1,500 bills dropped in. So, you can easily see that when you ask about bill number "so and so" the chances are excellent that I don't have any instant idea of what you're talking about. We don't have much chance to look at the bills when they are first dropped in. Actually, it's kind of a waste of time except for something that you are especially interested in or something that concerns the district. Fortunately about 2/3rds of these bills are killed in Committee and usually the others have a number of amendments tacked on. Often a good bill comes out as a bad bill and a poor one can become a good one with the help of the Committee. We have had a pretty hot and heavy session this past week. We passed the Texas Tech Medical School Bill on to third reading with a little heat. We voted down two amendments and were afraid there might be a bunch get started cutting the bill up. Sometimes a rather un-complicated bill can really stir up a big hassle for no particular reason. The big fight was on the Torts Bill which takes legislative immunity away from the Cities, Counties, and Schools, etc., on personal injuries caused by motor vehicles. Finally, we were able to get a couple of amendments on to it out of about 15 introduced but the bill passed by a big margin. So, the old law that "the King can do no wrong" is about out the window if an accident is caused by a motor vehicle. We are going full blast now and the Committees are working hard. Sat in on a Midland-Odessa College fight well past midnight the other night. Still don't have anything new as to where the budget money is going to come from. The Spearman Girls Basketball team is down trying to win State. The Perryton Rangers came close last week, in a fine effort.

Texas Politics

by Rep. Malouf Abraham

Traffic Deaths Now Exceed US War Deaths Since 1775

AUSTIN--Col. Wilson E. (Pat) Speir, director of the Texas Department of Public Safety, reported today that motor vehicle traffic deaths reached an all-time high of 3,481 in 1968, an increase of three percent over the 3,367 deaths recorded in 1967. The previous high was 3,406 deaths in 1966. However, Speir said, due to an increase of eight percent in the total number of miles traveled on Texas streets and highways, the death rate per hundred million miles was reduced to 5.5 deaths, compared to 5.8 in 1967. On the rural highways of the state where the DPS has primary jurisdiction, he added, traffic fatalities rose only one half of one percent, increasing to 2,146 from 2,136 in 1967. The rural traffic death rate dropped from 6.1 deaths per hundred million miles in 1967 to 5.7 deaths in 1968. Traffic deaths statewide during November and December 1968 totaled 355 and 369 respectively, exceeding previous highs of 305 in November 1966 and 363 in December 1965. In announcing the official traffic data for 1968, the DPS director noted these facts: traffic deaths in urban areas increased eight percent, from 1,231 in 1967 to 1,335 in 1968; those in towns increased from 214 to 226 for a six percent increase; those on interstate highways decreased two percent from 191 to 188; those on US and state highways increased seven percent from 1,171 to 1,251; those on Farm to Market highways decreased 12 percent from 331 to 293; and those on county roads decreased 18 percent from 229 to 188.

Speir said that during the last year total estimated accidents on the streets and highways of Texas came to 940,268, compared to 885,268 in 1967. In the same comparison, there were 216,972 injuries in traffic accidents against 205,308 in 1967, and the estimated total economic loss was \$836,802,000 in 1968 compared to \$793,094,000 in 1967. In addition to the 3,481 traffic deaths on public streets and highways during 1968, 11 persons were killed and 1,090 were injured in 19,364 accidents occurring on parking areas such as shopping villages. "In order to point up the tremendous losses suffered in America through traffic tragedy, our Statistical Services Bureau figures that from 1900 through 1968, a total of 1,721,754 persons have died in traffic accidents in the United States, compared with a total of 1,161,007 American deaths in all the United States wars from 1775 through 1968," Speir said. "Further, the economic loss in traffic accidents in Texas in 1968, estimated at \$836,802,000, would buy 10,000 homes at \$20,000 each, 10,000 refrigerators at \$400 each; 10,000 electric ranges at \$350 each; 10,000 television sets at \$500 each; 10,000 dishwashers at \$300 each; 10,000 automobiles at \$3,000 each; 10,000 central air conditioning units at \$1,400 each; and furnish the head of each of the 10,000 households with a bank account of \$57,730."

Price Checks Out In New Combat Plane

Panhandle Congressman Bob Price, who flew jet fighter planes in Korea, checked out in another Air Force combat plane recently. The new plane, the North American OV-10 Bronco, is now in use by both the Air Force and the Marine Corps in Vietnam. It is being used for close ground support, helicopter escort, paratroops, airborne control strike aircraft, and evacuation. Powered by twin turbojet engines, the plane has a speed of 400 miles per hour and has established high performance dependability records in Vietnam, according to Price. After a familiar flight from Andrews Air Force Base near Washington, D. C., Price, on the plane for it's projects with its short take-off and landing capability to Valorie munitions load-out DeArmond, the maneuver fighter and AH-1L Boyd and time makes giney. Platform for Mrs. Woodville gun or rock Sunday callers patrols, sm, and Mrs. Vern and tanks, fell. Price had Mrs. G.G. the control Mr. and Mrs. D. the F4-C and Mrs. Ed Vern-work-horred Sunday after-for the Ajith Mr. and Mrs. H. and Marid.

Get on the beam with the brightest new tractor deal anywhere...

This year—before you buy that new tractor—why not say: "This time I'm seeing them all—especially Case. I've heard that Case has more to offer... now's the time to get the facts." Welcome! Your Case dealer is itching for a chance to show you the biggest tractor value you'll find anywhere.

GET THE FACTS!

Compare. You get bigger engines from Case in every power size... high-torque engines that do the job with less slowdown and strain. Lower rpm engines that don't have to race their heart out to deliver their full rated power. Case quality that shows up in long life and low maintenance.

GET THE DEAL!

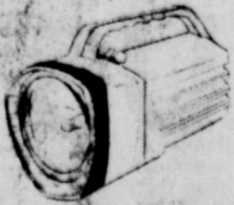

Your Case dealer is determined to give you the best deal you've seen in many a year. He'll quote a trade-in allowance that will bring a smile to your face... and tailor a Crop-Way Purchase or Lease Plan that could put you in the seat of a new Case this spring.

SEE THE LIGHT!

A brief visit with your Case dealer! That's all he asks to give you some facts that could save you hundreds of dollars. And he'll thank you for your time—whether you buy or not—with a

TEN FEET TALL!

There's a record they play over and over in athletics—but it will never make the "Hit Parade" or the "Fabulous Forty"!
The name of the record is "Sportsmanship."
Where do you begin to talk about sportsmanship?
You can start anywhere—better yet you can start with anyone!
Maybe you ought to start with yourself—
No matter what your role—player or coach, ardent rooter or ordinary spectator, administrator or representative of the news media—no matter who you are, yours is this singular challenge:
"Rise above the superiority and haughtiness of winning and above the prejudice, the alibi-ing and the self-pity of losing."
Sports has become an integral part of your life, and one thing sports cannot sacrifice is dignity. Ignore sportsmanship and you undermine the dignity, the self-respect and even the justification of sports as a part of our existence.
If you can't stand "ten feet tall" after winning or losing, you never had the right to play the game!

A 16-day Florida-Bahama tour will conclude for two Spearman women this weekend. Mrs. Mable Edwards and Mrs. Addie Novak boarded this ship S. S. NEW BAHAMA STAR from downtown Miami for a 3-day cruise and tour of Nassau and the Bahamas. The Spearman women report a "wonderful, exciting time."

Time-For-Fun Parties Are Rescheduled

Time For Fun Parties will be held each 4th Monday of the month beginning with March 24

in the HD Clubroom. The Spearman HD Club will host the March party for senior citizens of Spearman at 7 p.m.

Any club wishing to be host for a party is asked to contact Mrs. Claude Jackson of the Spearman HD Club, phone number 2752 or the County HD Agent, 2030. The HD

room is rent free for these parties.

Harold Larson of San Antonio attended the basketball games in Austin over the weekend and visited with Spearmanites. Harold is a former resident of Spearman.

Antique Show & Sale

Members of the Twentieth Century Cotillion of Pampa will welcome the public to their annual "Spring Antique Show and Sale" on Friday, April 11, at 10:30 a.m. The Starlight Room of the Coronado Inn in Pampa is the scene of the show which has attracted dealers from all over Texas, Kansas, New Mexico, and Oklahoma. The dealer's collections cover a wide range of antiques; including jewelry, china, cut glass, pewter, brass, copper, art objects, furniture and oriental pieces, according to Mrs. Jim Alexander, general chairman of the show.

Showings are scheduled from 10:30 a.m. until 9:00 p.m. on Friday, April 11 and Saturday, April 12, and from 1:00 p.m. until 6:00 p.m. on Sunday, April 13.

The tickets are \$1.00 per person and all proceeds will be presented to the Opportunity Plan, Incorporated, located at West Texas State University.

The 1969 Show is the seventh annual show the Twentieth Century Cotillion has sponsored. At the present time, ten students are attending school on the proceeds provided by the Antique Show.

This student loan plan was developed and designed into a program whereby any worthy high school graduate of the Golden Spread could have the opportunity to attain a higher education. The plan is specifically designed for students who possess ability, ambition, and character; and yet, for financial reasons cannot further their education. The plan offers no free ride to an education, but is only for those who want to help themselves and have the courage to do so.

PRICE ON ADVISORY COUNCIL

Panhandle Congressman Bob Price was named to the Texas State Republican Advisory Council at a recent meeting of the GOP State Executive Committee.

The twenty-five member council includes the state chairman, national committeeman and woman, and the state finance chairman. Members assist the state chairman and others in coordinating party activities, selection of qualified candidates and in fund raising.

Galleries Schedule Art Auction

The annual Spring Art Auction of High Plains Galleries, Amarillo, grown into the status of a public demand institution, will be held at the Galleries, 4535 Canyon Expressway, at 2 o'clock Saturday afternoon March 22. The International Auction Co., will be in charge.

Approximately 40 paintings will be offered and seating capacity is limited to 80 buyers. Among the artists represented will be Kenneth Wyatt, Carl J. Smith, Harold Bugbee, Clarence Kincaid Sr., Marvin Moon, A. L. Eagleston, Patton, Jean Bois, Norty, E. Parmentier, Max Courtney, Miller, Fr. Scherman, L. Markus, Pierce, and others.

The work of a surprise artist will be introduced. In the past artists whose work was first enthusiastically accepted by the auction public, at High Plains Galleries have become outstanding sales successes and their paintings have greatly appreciated in value.

Mr. and Mrs. Roy L. McClellan were in Amarillo last weekend attending the hardware convention which was held in the Civic Center and the Villa Inn.

Guests Prefer Gifts To Dancing

Among guests at the first White House Congressional Reception Tuesday evening were Congressman and Mrs. Bob Price.

Guests were received in the Blue Room by the President and First Lady. Music for dancing was provided in the East Room but most of the guests were more interested in a display of gifts the President received on his recent five-country trip to Europe. Among the guests were Vice President and Mrs. Agnew and Cabinet members and their wives.

MRS. GATES WINS
Mrs. Eddie Gates, area manager with World Book Encyclopedia, attended the Southwest achievement conference for Field Enterprises Educational Corp. March 4-6 in Dallas. She won second in area manager competition out of 400 entrants.

ONE OF THE MANY Waka P-TA projects is purchasing books for the school children. These children, 3rd & 4th grade pupils of Mrs. Clyde Yeary, watch as 22 books were unpacked Monday. Standing: Mary Ann Martinez, Lori Shipman, Dudley Boese, Gwenna Wilson. Seated: Verna Mosier and Tim Ramsey.

Mrs. Frances Hudson, FHA Instructor, Thel Daniel, State FHA President and Supt. James Cunningham discuss the upcoming Area I Convention in Lubbock.

Local Chapter To Attend Area I FHA Convention

The old adage, "Pretty Is As Pretty Does" will come true in both forms in Lubbock March 21-22 when more than 3,000 Future Homemakers of America will converge on Lubbock for their annual convention. These youth have both the beauty of person and beauty of action. Miss Vicki Jo Davis, from Roosevelt Rural High School, is Area I President. The theme for the convention will be "The World Is In Your Hands." In every phase of the program the youth are departing ways in which they will influence the world by the use of their hands.

Approximately 20 FHA members, their instructors Mrs. Frances Hudson and Mrs. Joy Barkowsky; FHA state president Thel Daniel; Area Historian Deanna Sheets; and FHA Choir members, Jody Healer, Jane Ownbey, Jane Welch and Debbie Thomas will attend the convention. These sponsors will also attend the 2 day meetings: Mr. and Mrs. Troy Sloan, Mrs. Willis Sheets and Supt. and Mrs. James Cunningham.

A talent festival featuring "Hands for FHA" will be staged at the Municipal Auditorium March 21 at 7:30 p. m., with Lyn Sinclair, Follett senior, as emcee. The Dunbar High School Stage Band will give a performance.

Twenty-five candidates are seeking offices and this election will be held in the Home Ec building on the Tech Campus.

The Saturday program will be in the municipal auditorium beginning at 9 a. m. with a concert by the Clarendon Stage Band, under the direction of Mr. Larry D. Kingsley, former director of bands at Lubbock Christian College. Kingsley, a Spearman man, is the son of Mr. and Mrs. R. F. Kingsley.

Greetings to the large membership of FHA members will be brought by W. D. Rogers, Mayor of the City of Lubbock and Miss Jan Wilkerson of Tulla will give the response. The topic RIDE THE WILD HORSES has been chosen by the main speaker, Rev. Frank Pollard, pastor of the First Baptist Church in Tulla. His emphasis will be for the youth to meet the challenges of the times as the pioneers of the past. At Saturday afternoon's

session a little spice will be added to the program when two boys perform for the girls. The Cotney Brothers from Follett High School, who were the talent winners for the Top of Texas FFA District, will perform preceding the presentation of Honorary Membership to the Area I Association and the State Association. State honorary membership will be presented by Miss Vicki Davis to Mrs. Marjorie Mitchell, Consultant to Homemaking Education, Lubbock; Mrs. Richard M. Cade, a chapter mother from Cooper Rural High School, and Mrs. Frances Hudson, homemaking teacher, Spearman and advisor to the State FHA Convention in Dallas, May 2. Area honorary membership will be presented to several people preceding the installation of officers for the 1969-70 term by Miss Thel Daniel, State FHA President, Spearman.

Let Me See ... by Sybil

I never suffered through such a weekend in my life. Billy walked the floor so long he wore out a new pair of shoes and I developed an ulcer during the final game at the State Tournament in Austin.

We were to fly down (as were several others) early Friday morning and when we awoke at 5 a. m. Friday and saw all that snow falling. Billy hit the ceiling so hard I had to scrape him down... in fact we scraped him off the ceiling several times Friday. When there was

no let-up in the weather by noon Friday, Chalmers and Betty came on into town and spent the day with J. L. Brock and Ralph Blodgett consoling one another. I'm convinced that NOBODY hurts so bad as weathered-in pilots. Ralph Blodgett's daughter Marilyn was really upset with him, especially since she tried her best to get him to leave Thursday.

Well, heaven knows we TRIED... three times we tried to get to Austin... and couldn't get out of Spearman. Friday night we decided to take the bus, but because of the roads, it couldn't make connections with the one in Amarillo. Billy wasn't convinced, so I repacked for the second time and we took off down the road, with the intentions of driving all night. We made it south about three miles before we had to turn back. By Saturday noon Chalmers decided they could make it in the plane... so off they took (I was not aboard - I share Junior Lusby's feelings on flying through clouds) and they were gone exactly 40 minutes; 20 minutes South and 20 minutes back. This time, everyone really gave up and we marked it off as a lost cause. Once more I unpacked bags. Billy wore his shoes out... I wore out our clothes packing and unpacking.

So we weathered out the storm by a cozy fireplace and listened to the game over Goy Palmer's KRMF radio station and by the time the game was over, we had worn out more than shoes and clothes.

TODAY... Thursday March 20 is the first day of Spring, believe it or not! Did it really get here? But don't get your hopes up too high that we have finished our winter for we almost always have another cold spell before Easter and that's two weeks off, April 6.

WE HAVE been reading alot about paper dresses. I've yet to see one but I understand they are both pretty and cheap. Wouldn't it be nice to be able to purchase a beautiful, cheap, paper wedding dress? What with the cost of women's clothing continuing to soar, wedding gowns are absolutely the most expensive garment on the market, especially since it's worn about 30 minutes and put away forever. Now, storage units, draperies, rugs, chairs and tables of paper products are on the market. These items are made from a material new to home furnishings... paper. It is so strong you can stand on it, sit on it, store in it and then throw it away when you get tired of it. This paper is reinforced with nylon and impregnated with glass fibers. What ever happened to cotton, sheep, silkworms and trees? Someday we might really forget that wool, wood, etc., was ever used.

THIS BIT of humor will make all of us delinquent TOPS club members feel better... A woman stepped off the penny scale and turned to her husband. Eying his wife he asked: "Well, what's the verdict, a little overweight?" "Oh no," said the wife. "I wouldn't say that. But according to that height chart on the scale, I should be about 8 inches taller."

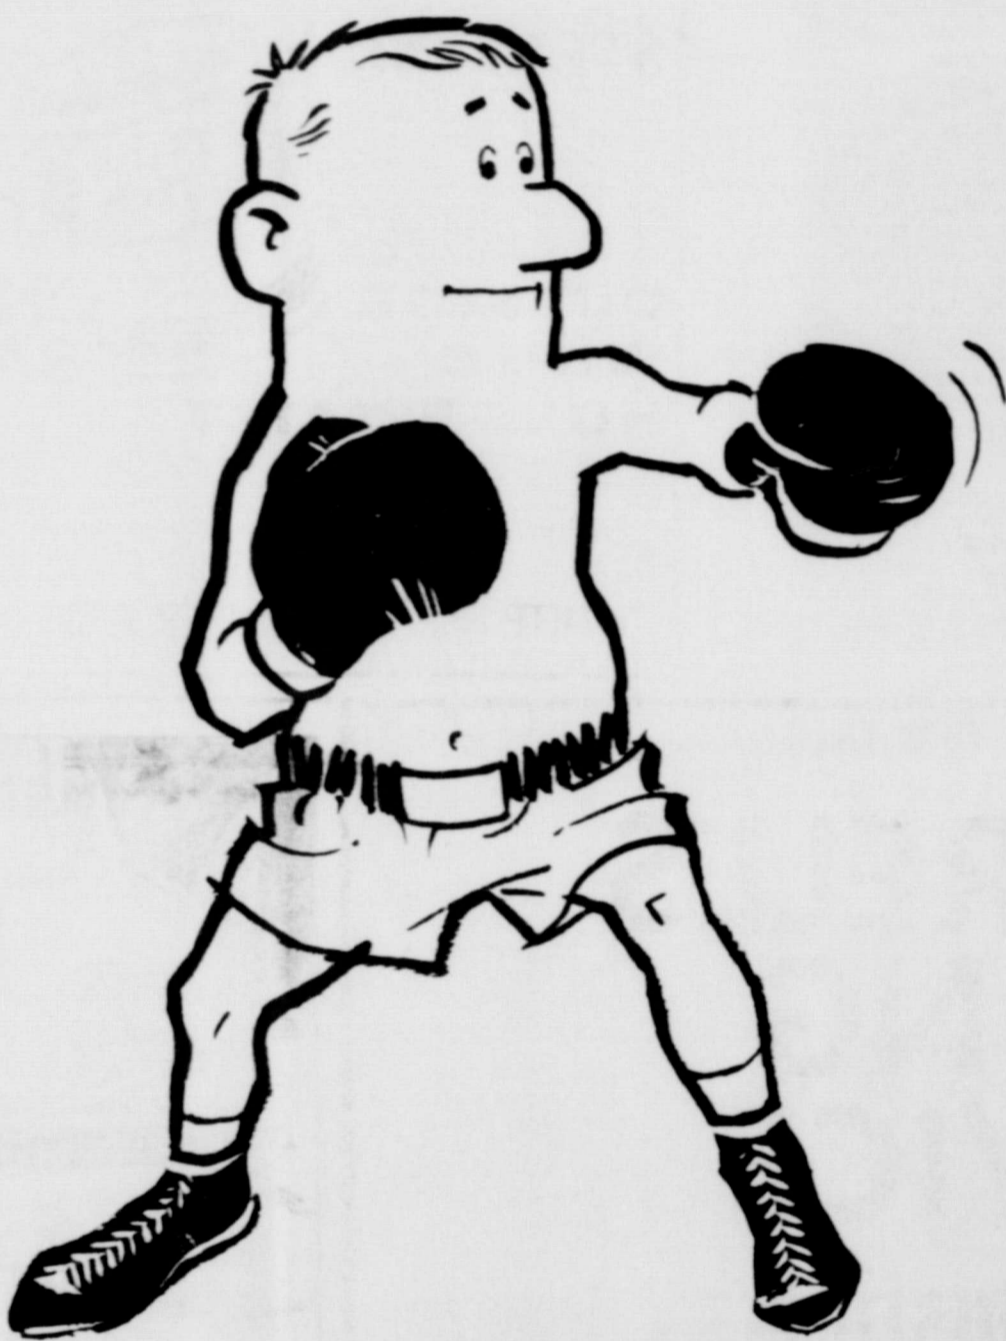

Mr. and Mrs. E. L. Taylor visited the past weekend in Liberal, Kansas with the Jack Taylors.

HANSFORD COUNTY STOCK SHOW

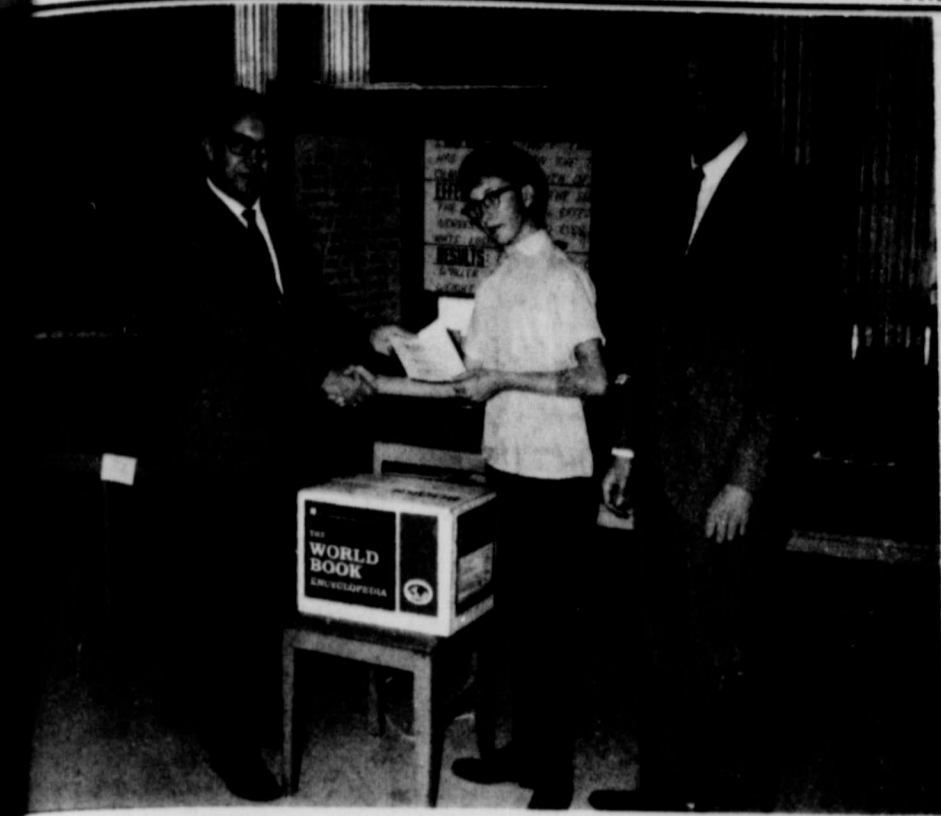

At The Community Building

Monday March 24th

IT WILL BE A KNOCKOUT...

EQUITY

Willy Giles, winner of the top award in the Junior High division of the regional science fair, receives his set of World Book Encyclopedias from a representative of Field Enterprises. Dr. Lynn Gardner, director of the fair looks on.

Mr. and Mrs. Ray Martin spent the past weekend in Austin where they attended the state basketball tournament.

Mrs. Bassel W. Hembree of Spearman was admitted to High Plains Baptist Hospital in Amarillo March 17

IOOF Lodge Met Monday

The Spearman Oddfellows Lodge met in regular form Monday evening March 17 in the IOOF Hall with L. B. Robertson presiding as Noble Grand and Howard Goodrich as Vice Grand.

Members discussed the upcoming friendship meeting to be held in Canadian, March 21. Several members of the Spearman Lodge will attend. Brother O. M. Holland told of his visit to the Oddfellows Children's Home in Corsicana last week. He also told of visiting the IOOF Lodges in Wills Point and Forney. Lodge closed with the Friendship, Love and Truth ceremony.

Mr. and Mrs. L. D. Mead and Mrs. Bud Welch returned Monday from a long weekend in Omaha, Nebraska. Mr. and Mrs. Mead attended the Potentates Ball in Omaha while there.

H&H School Credit Union Had Meeting

The H & H School Employees Federal Credit Union Board of Directors held its regular monthly meeting March 12 at the home of Mrs. Stanley Freriks in Stinnett.

Applications of five new members were accepted. Information concerning a recent Credit Union Institute held in Amarillo was reported by three board members who attended. Regular monthly reports were presented and discussed.

A drawing for \$70 was held. The name of Mr. Paul Thomason of Borger was drawn, but he was ineligible to collect the money. The drawing for the April meeting will be

for \$75. To be eligible to win the money, a member must have deposited a minimum of \$5 in his credit union shares during the previous month.

The next regular Board of Directors meeting will be held April 9. Any member is invited to attend.

Surprise Party Honored Two

Friends of Polly Hoobler and Marian Upchurch surprised them with a birthday party, Monday evening, March 17 at 716 Cotter Drive.

The serving table was decorated in green and white following the St. Patrick's Day theme. The centerpiece consisted of an arrangement of lilies of the valley in a green

vase topped with a miniature green and white leprechaun. Green tapers in crystal candle holders flanked the arrangement. The cake, baked and decorated by Mabel Jameson and Gertrude Archer, was covered with white icing and decorated with green shamrocks. It was placed on a musical server which played "Happy Birthday". After presenting the honoree with wrist watches,

refreshments of chips and dips, cake and punch were served by the hostesses Carolyn Davidson and Freddie Largent to Martha Latham, Mabel Jameson, Jane Meek, Gertrude Archer, Myrtle DeArmond, Ruth Caro, Pamela Largent, Evelyn Kingsley, Colleen Jeffries, Lenell Cummings and the honorees, Polly Hoobler and Marian Upchurch.

Mrs. J. L. Brock and son Todd visited the past week with Mrs. Brock's daughter, Debra in Austin. Debra attends Texas University there. They flew down and Todd enjoyed his first commercial flight. While there Mary enjoyed attending some of the classes with her daughter. Over the past weekend they attended the basketball games.

NOTICE

THE PERRYTON EQUITY IS OFFERING CASH PRIZES OF \$50.00, \$25.00, and \$15.00 RESPECTIVELY FOR THE THREE BEST IDEAS IN OUR "DESIGN THE SIGN" CONTEST. THE SIGNS ARE TO BE USED AS FIELD MARKERS FOR PERRYTON EQUITY HYBRID GRAIN SORGHUM. THE SIGNS SHOULD HAVE THE VARIETY DESIGNATION (SUCH AS PE 800) AND ANY OTHER WORDS OR PICTURES NECESSARY TO CONVEY THE MESSAGE. SIGNS MAY BE ANY SHAPE. THE SIZE OF THE SIGNS SHOULD BE SMALL ENOUGH TO BE ECONOMICAL, BUT LARGE ENOUGH TO BE SEEN AND READ FROM A PASSING VEHICLE.

THE CONTEST IS OPEN TO ALL JUNIOR HIGH AND SENIOR HIGH SCHOOL STUDENTS.

ENTRIES WILL BE JUDGED ON ORIGINALITY AND EFFECTIVENESS. WE WOULD LIKE TO HAVE IDEAS RATHER THAN JUST EMPHASIZE ARTWORK.

ENTRIES MUST BE IN THE OFFICE OF THE SPEARMAN EQUITY BY 5:00 P. M., MONDAY, MARCH 24.

IF YOU HAVE ANY FURTHER QUESTIONS ABOUT THE CONTEST, PLEASE CONTACT E. J. COPELAND AT 659-2420.

Helpful Hints From Me To Thee

By Vivian Warminski
Hansford Co. Home Demonstration Agent

Easter is just around the corner. Now is the time to gather your ideas. Try this idea.

LEMON RABBITS
Make lemon rabbits for table centerpieces or for children's Easter baskets. Choose a large, firm California lemon for each rabbit. To make the long pointed ears, start about 1/2 inch from top of lemon and outline ears with pencil or knife, drawing two lines for each ear about 1/4 inch apart at top and tapering to meet far down on the side. Cut just through peel to form ears. Carefully loosen and peel the ears upward and fasten in an erect position with piece of wooden pick. With pin or pick, attach small puff of cotton at base of lemon

for tail. On other side of lemon, cut out pieces of peel for eyes, nose and mouth. Cloves, raisins and cuts from colored gum drops can be used to give expression to your lemon rabbit's face.

Hint: Preparation is made easier if lemons are at room temperature or placed in hot water for 5 minutes before cutting. Here's the Secret to Picture Perfect Ham.

Follow these simple rules for perfect, juicy baked ham every time!

Place ham on rack in shallow pan. Do not score or remove outer rind. Do not season or baste. Refer to all-purpose cookbook for roasting chart that recommends oven temperature of 325 degrees. Select the length of time

suggested for the kind and weight of ham you are cooking. (Follow label on canned hams). About 40 minutes before ham is done, remove from oven. Transfer to cutting board and cut away outer rind, leaving an even layer of fat about 1/4 inch thick. Score surface in diamond design, and garnish with orange peel flower if desired. Return to rack; brush or spoon entire surface with glaze. Return to oven and continue baking 40 minutes longer, basting with glaze two or three times. **Orange Peel Flower:** Pour hot water over orange. Let stand 5 minutes. Score peel into quarters, remove with fingers. With kitchen shears or paring knife, cut into tulip or poinsettia shapes. Let stand in water until ready to use. Attach to ham with wooden picks just before glaze is added. Remove picks before serving. Flowers will cling to ham.

TWO IN ONE HAM GLAZE
AND SAUCE
3/4 cup red currant jelly
1/8 teaspoon nutmeg
2 teaspoons freshly grated orange peel
1/2 cup freshly squeezed orange juice
3 tablespoons freshly squeezed lemon juice
1/2 cup apple cider or brandy
several drops red food coloring
1 tablespoon cornstarch
1/4 cup cold water
2 California oranges, peeled, cut into bite-size pieces.
In small saucepan, combine jelly, nutmeg, grated peel and 1 tablespoon each of orange, lemon juice and cider. Bring to a boil, stirring frequently, boil hard 5 minutes. Remove from heat, add food coloring. Pour off 1/2 cup syrup and reserve for basting. It will thicken as it cools and be just right for basting. Follow glazing instructions above.
For sauce: Mix cornstarch and water together until smooth. Blend into

syrup in saucepan along with remaining juices. Bring to a boil over medium heat, boil 2 minutes, stirring constantly. Just before serving, add orange pieces. Makes about 1-2/3 cups sauce.

VEHICLE INSPECTION DEADLINE
AUSTIN--Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today reminded motorists that only one month remains before the 1969 motor vehicle inspection deadline.

To date, an estimated 2.8 million vehicles have received the inspection required by state law. The Department of Public Safety said some 3.2 million additional vehicles remain to be inspected prior to midnight, April 15.

Speir said 42.2 percent of the vehicles inspected so far required mechanical adjustments prior to issuance of an inspection sticker. The defect found most often has been misalignment of headlights.

The Department of Public Safety urged motorists to get the inspection soon to avoid long lines which will develop at inspection stations as the April 15 deadline approaches. Texas has 5,466 licensed inspection stations. The required inspection fee is \$1.75.

To open the meeting the girls held the flag ceremony. Plans were made to begin work on doll clothes and cat and dog sweaters at the March 24 meeting.

The Investiture Ceremony was held for Lori McAdams, making her officially a Brownie Girl Scout.

Pam Grayson and Cindy Gressett served refreshments to Tammy Robertson, Kim Rinker, Leslie Groves, Cherise Partridge, Teri Prentiss, LeAnn Biles, Gerri Lynn Kendrick, Terrie Bowen, Donna Goff, Donna Schmeier, Teresa Neal, Cindy Lesly, LaVon Kunselman, Julie Douglas, Jan Fowler, Kelly Simpson, Kelly Dunn, Lori McAdams and Denise Ware.

Thirty home demonstration members recently attended a county wide meeting on "What's New In Appliances" The program was presented by Mrs. Florence Fiskin, Community Public Information Service Advisor.

Mrs. Fiskin showed and care of the blender, fry pan and roaster. Some of the dishes prepared were: dips, cole slaw, powdered sugar, up-side down cake and broiled chicken.

This program served as the March Home Demonstration Meeting.

The Spanish detective were standing over the body of a man named Juan Zales. "How was he?" inquired the first.

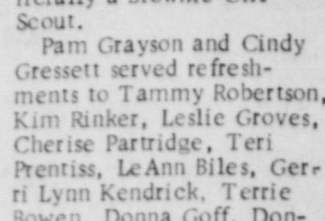

"I think eet was a golf gun," said the second.

"But what ees a golf gun?"

"I don't know, but ees sure make a hole in jeans."

Mr. and Mrs. Irvin Davis, Mr. and Mrs. Don Smith, Jerry Pat Davis and Billy Giles attended the state girls basketball tournament in Austin over the weekend. While there they visited with Bill Davis and his family who reside in Austin.
