## CELEBRATION FRIDAY AND SATURDAY

Plans were finalized early this week by Spearman Jaycees for the annual Memorial weekend celebration.

The Hansford County celebration week got off to a good start Monday when a large carnival set up for entertainment throughout the week. It is located across from the court house.

Activities actually begin with the Miss Hansford County Beauty Pageant for Thursday night at 8 p.m. in the High School auditorium. Contestants will be entertained at a 6 o'clock tea Thursday afternoon at the Bank hospital room. This will give the judges a chance to meet the girls personally and score them on personality.

The only activities scheduled for Friday will be the Rodeo which begins at 8:30 p.m. and the grand dance scheduled for 8:30 p.m. in the Community buildings.

Saturday's events begin at 9 a.m. with the Old timers reunion in the Joe Mayler Ford building on main street. Everyone is invited to attend and visit with many of the areas pioneers. This reunion is sponsored by the Hansford County Historical Society.

Leon Wilson, parade chairman, asks that all entries assemble at the elementary school building ready to march by 9:30 a.m. The parade will march down main street at 10:30 a.m. headed by the famous Rolling Plains Mule Train.

Everyone is invited to attend the noon barbecue. The serving line will be set up in the usual location in the street next to the court house. Dr. Tom Latta, barbecue chairman, said tickets would sell for \$1.75 adults, and \$1.25 for children. The barbecue committee will start their 2,000 lbs. of Texas grain-fed beef cooking over trench fires Friday afternoon. The meal promises to be one of the best yet!

Saturday afternoon at 2 p.m. will be the dedication of the Memorial Monument. Max Sherman, a candidate for the State Senatorial race, will dedicate the monument which honors all Hansford County soldiers who have given their lives fighting for their country.

Saturday evening the rodeo gets underway at the lighted arena in north Spearman at 8:30 p.m. Eloy and his Troubadours will entertain both Friday and Saturday nights with music for the round dance which begins at 9:30 p.m. in the Spearman Community Building.

There were plans made for a star-light square dance to be held on the parking lot at the court house, but this dance has been cancelled.

### Pioneer Reunion

Everyone is urged to stop by the Joe Traylor Ford building at 9:00 a.m. Saturday and visit with all the old timers. This event is being sponsored by the Hansford County Historical Society with Mrs. J. R. Keim and Mrs. Gus Renner in charge. The Chamber of Commerce and Jaycees are helping sponsor the affair. Old timers who came to this area before 1895 will receive gold ribbons. Those coming to the community between 1895 and

1910 will be presented with silver ribbons.

The Society feel there might not be many to receive the gold ribbon award, but many persons will qualify for the silver ribbons. It will be interesting to see just how many do.

Refreshments will be served but the main attraction will be the renewing of old acquaintances. Be sure and attend!

### Parade

Leon Wilson, Jaycee parade chairman, said he expected many riding clubs to participate in the 10:30 a.m. parade Saturday. The Dalhart XIT Rangers, the Sheriff's Posse from Borger and the Rolling Plains Mule Train will head the parade. Riding clubs from Canadian, Pampa, Guymon and Dumas will also participate.

Floats will be decorated around the theme "Decade Of Progress." All parade entries will assemble at the Elementary school building, ready to march, by 9:30 a.m.

### Barbeque

Dr. Tom Latta, Dr. Hal Rinker, Dr. Bill Barnum and Jerry Floyd head up the barbecue committee this year.

Some 2,000 pounds of Texas grain-fed beef will be wrapped and placed in the cooking pits Friday afternoon to slowly simmer and cook until noon Saturday.

The barbecue will be staged in the street next to the court house at 12 o'clock noon, Saturday. Tickets are now on sale for \$1.75 and \$1.25 or may be purchased in the line Saturday.

### Monument Dedicated

One of the highlights of the Memorial Day celebration will be the dedication of the monument which honors all Hansford County soldiers who have given their lives in service.

Spearman Jaycees have been working on this project for the past several months and now the \$2,200 monument is ready for dedication on Memorial Day, May 30. The 2 p.m. ceremony will be conducted Saturday on the lawn at the court house. Mr. Max Sherman, Amarillo, democratic candidate for the State Senatorial race, will officially dedicate the monument in memory of the following Hansford County service men: World War I, Sullivan R. Spivey, World War II, Felix Pearce, C. P. Archer, R. D. Smith, Clarence Gill, Leroy Sheets, Jesse Ralston, Harlon Roper, Gunter Stavlo, Walter Hart, T. J. Utly, Ira Tomlinson and Adlee Wright.

Vietnam War: Lynn Buzzard, Thomas Gibner, Bobby Williams and Billy Thomas. Also inscribed on the monument is a portion of a letter from President Richard Nixon written to the Spearman Jaycees which says in part: "on behalf of all your fellow Americans I express the nation's pride and enduring gratitude for the supreme sacrifice they made."

Everyone is invited to attend this dedication ceremony which pays fitting gratitude and humble appreciation to those who gave their lives in service for their country.

### Dances

The celebration dance committee has been able to secure Eloy and the Troubadours to furnish music for the dances which are scheduled for 9:30 p.m. both Friday and Saturday nights. The community building will be the scene for these round dances. Everyone is invited.

### RODEO

The sound of horse hooves in the grand entry will signal the opening performance of the rodeo Friday and Saturday night. The performances will begin at 8:30 each evening in the arena located in north Spearman. A lineup of good events and competition producing stock is on the agenda.

An event of special interest is the "greased pig contest" open to all boys and girls under 12 years of age. No entry fee is needed, and the winner will be awarded with ten dollars cash.

Silver belt buckles will go to winners in these events: Barrel Racing, Bareback riding, bull riding, saddle bronc riding, bulldogging, dally team roping, and calf roping.

Rodeo chairmen Eddie Stewart and Dale Hawkins said they particularly wanted to give a big vote of "thanks" to the following business firms who donated belt buckles: H&H Cattle Company of Gruver; Cattleman's Cafe, Golden Spread Sale's Company, Alton's Gulf Station, Equity Elevator, Excel Chevrolet-Olds Co., Hansford Implement, and the Spearman Reporter of Spearman.

Rodeo contestants must submit their entries between 8 a.m. and 8 p.m. Thursday, May 28 (today). Entry blanks are available at the Chamber of Commerce office on main street.

Stewart said that the books would be closed after 8 p.m. this evening. A large crowd is expected at the Rodeo performances and everyone is urged to come early to find a seat.

### POST OFFICE CLOSED SAT.

The Spearman Post Office will be closed Saturday, May 30, in observance of Memorial Day. No deliveries will be made on city or rural routes.

## Miss Hansford County Pageant, Tonight At 8

Fourteen beautiful girls will be vying tonight for the title of Miss Hansford County in the annual beauty pageant set for 8 p.m. at the Spearman High School auditorium.

The Spearman Lions Club is sponsoring the event this year in conjunction with the annual Hansford County celebration. Contestants will be honored at a tea at 6 p.m. this evening (Thursday), May 28 to give the judges a chance to meet each one personally and be able to score them on personality. The social will be held in the hospitality room at the First State Bank. Girls will be judged on the basis of beauty, poise and personality.

### Wrecks Pickup On Curve

Lloyd "Duke" Roberts, an employee at Equity Elevators in Spearman, was only slightly injured Monday evening when he wrecked his pickup. Roberts failed to negotiate the sharp curve which approaches Hansford Golf Course, going east, and his pickup rolled completely over. Damage to the pickup was not severe and he received a slight back injury. He had his seat belt fastened or would possibly have been hurt badly. He was brought to town by Newell Allen and was treated and released from a local doctor's office.

### RODEO ENTRY DEADLINE IS TONIGHT

RODEO CONTESTANTS are reminded to submit their entry blanks by 8 p.m. tonight which is the deadline for cowboys to enter rodeo events scheduled for Friday and Saturday nights. Eddie Stewart, left is rodeo chairman. He looks over the silver belt buckles which will be awarded the winners in each event. Chamber manager Bill Walker, right, said Rodeo headquarters have been set up in the Chamber of Commerce office on Main Street.

### MONUMENT TO BE DEDICATED

MONUMENT TO HONOR WAR DEAD---At ceremonies scheduled for 2 p.m. Saturday on the courthouse lawn, this memorial honoring Hansford County servicemen who have paid the supreme sacrifice will be unveiled.

### Baseball Contest Winners Named

The hit pitch and throw contest for Hansford County Small fry was held at the little league park in Spearman on Saturday May 23rd.

A point system was used in judging the youngsters. All judging was conducted by coaches of the various teams.

In the twelve year old group, Roger Jones capped first place with Jeff Beedy scoring second.

Rusty Summerville topped the eleven year olds followed, in second place, by Mark Cunningham.

Top scorer in the age ten group was Alan Hull with Jim Jones taking second place honors.

Winner of the age nine group was Andy Ott. The number two spot was taken by Danny Dear.

The winners in each age group will compete in Amarillo for district honors on June 6th.

Winners in district competition will compete in the astrodome.

The pitch hit and throw contest is sponsored in Hansford County by Golden Spread Sales Company in conjunction with the Phillips 66 Petroleum Company. The contest is sponsored on a national basis by Phillips 66 and their dealers.

Everett Tracy of Golden Spread Sales Company expressed delight at the turn out for the competition and the enthusiasm shown by the boys.

This is all that was left of Bill Hughes' shirt after a butane explosion Monday at Tri-State Pipeline building. Hughes is in Hansford Hospital suffering 2nd degree burns on his face and hands.

## Bill Hughes Injured In Butane Explosion

Bill Hughes, employee at Tri-State Pipeline Service in Spearman, received 2nd degree burns in an explosion at

the headquarters building Monday at 5 p.m.

Hughes was using a tractor fuel tank which had leaked and was ignited by flames from the hot water heater. He was burned badly around the face and hands.

The force of the explosion lifted the roof from the building and badly damaged doors, walls and ceiling. There was no fire.

R. C. Bentley, owner-manager of Tri-State Pipeline, said that it was a miracle Hughes was not killed in the explosion.

### Victim Of Mini-Bike Accident

Curtis Hays, 13-year old son of Mrs. Vera Mae Hays of Spearman, is in Hansford Hospital recovering from injuries received Monday evening when he wrecked his Mini-bike.

The accident happened on the dirt road just east of the Buzzard farm home. Kim Archer, another bike rider who was with Curtis, was quite a ways ahead of the Hays lad when he looked back and saw him lying in the road. Kim rode his bike back to the highway and attracted the attention of a passing motorist who reported the accident to the Sheriff's office.

The Hays boy was taken to the Hospital where he was admitted suffering from various cuts and bruises and concussion.

Tuesday evening he was taken to Northwest Hospital in Amarillo so that specialists could examine head injuries but family members said doctors pronounced Curtis as doing fine.

### .36 Rain Fell Sat.

For all practical purposes, the month of May has ended and if, within the next 4 days moisture does not fall we will have experienced the driest May since 1966. That year, only .15 was recorded.

May is usually one of the wettest months in the Panhandle, with the weather chart showing all the way from three to six inches, as a rule.

This May (as of Wednesday, the 27th) only .36 has been recorded by the official rain gauge.

April ended with a grand total of 1.70 inches of rainfall and in case you have already forgotten it did rain, the dates and amounts are as follows: April 1, .36; April 2, .05; April 4, .42; April 5, .05; and on the 18th .82 was measured.

April's 1.70 and the .36 which fell May 24 brings the year's total moisture to only 2.36. This is the driest five months on record since 1902.

### Absentee Voting Underway

Absentee voting started Wednesday, May 27 for the June 6 runoff primary.

The contest in this area is the runoff between Max Sherman and Jack Hazelwood for the Democratic nomination for state senator for the 31st District.

In the 79th District, which includes seven counties in the Panhandle, Ray Trospert of Higgins and Phil Cates of Lefors have a runoff for the Democratic nomination for state representative.

Voters may cast absentee ballots at the county clerk's office in the court house through June 2.

The primary runoff election is set for June 6.

### W.T.S.U. Graduates

Commencement exercises were held Saturday for more than 800 graduating students at West Texas State University. Dr. Clark D. Ahlberg, president of Wichita State University addressed graduates and visitors at the ceremonies, speaking on "Back To Methuselah."

Dr. Corneille, assisted by Dr. Walter H. Juniper, academic vice president, conferred degrees on approximately 765 bachelor's candidates and 67 master's candidates.

Several Hansford County students received their degrees, as follows:

Patricia Kingsley of Spearman, Bachelor of Music Education. James Brown and Larry Dale Butt of Spearman, Bachelor of Business Administration. Bachelor of Science graduates include Mark Anthony Anchondo, William D. Blackburn, Nancy Lynn Butler, Tom Hoobler, Susan Kidder, Barbara Kate Kilgore, Janie Kirkland, Johnny Jo Phillips and husband Robert J. Phillips, Eva Lee Plemons, and Frances Ellen Whitson all of Spearman and Otho Gammill Jr. of Gruver.

### MIKE SANDERS GRADUATES FROM U. T. LAW SCHOOL

Michael Rue Sanders, son of Mr. and Mrs. Rue Sanders of Spearman, will be one of the 200 students to receive the Doctor of Jurisprudence degree from the University of Texas School of Law at May 30 Commencement exercises.

Mr. Sanders, a 1963 graduate of Spearman High School, studied two years at West Texas State University before entering the University of Texas where he received his BA degree in 1967.

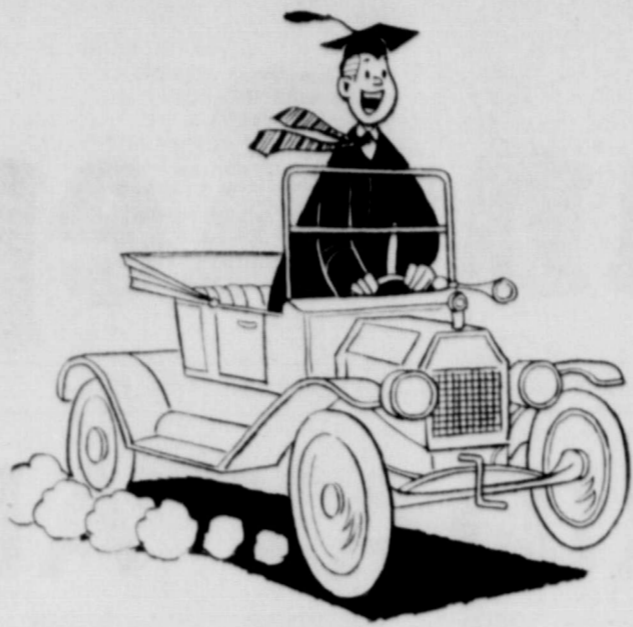

He passed his bar examination in March and attended the swearing in ceremonies May 18 at the Supreme Court building in Austin.

Sanders was presented a certificate declaring him an attorney and counselor at law.

Mr. and Mrs. Rue Sanders and Julie will attend commencement ceremonies for their son Saturday. Sanders plans to locate in the Panhandle area.

"Tis said that the bigger a man's head, the easier it is to fill his shoes.

### AMERICA IS PROUD OF ITS YOUTH

Today, more than ever before, our country needs its youth. We need youth's inquiring mind . . . youth's unquenchable desire to excel. There is a better tomorrow for our nation only if there is vitality in our youth today. The new Graduates personify these ideals to a high degree. We are sincerely proud of each of them. They have proven themselves to be eager for tomorrow . . . and ready for whatever challenge tomorrow brings. We salute the new Seniors and are proud to offer to them our heartiest wishes for continued success and happiness.

### to a brand new GRAD!

Congratulations and the best of things to come.

**Let Me See**

by Sybil

It was bound to happen sooner or later. America's leading magazine, "The Reader's Digest," has "discovered" America's leading state, Texas. In its June issue, the Digest carries an eight-page feature article extolling the virtues of the Lone Star State.

Among the factors that make Texas unique says author James Stewart-Gordon in the article, is the great collection of breezy, informal, happy-go-lucky people--the best on earth, with a language all their own. They pronounce "oil" to sound like "all" and the word "coward" is transmogrified into "card".

Its a state which covers 276,600 square miles with more than 11 million people; three cities--Houston, Dallas and San Antonio--rank among the 15 largest in the USA; 90 mountains more than a mile high; the biggest producing oil fields in the Western Hemisphere; at least three cattle ranches larger than some states.

Noting that "everything in Texas moves on oil"--about \$6 billion worth a year--the article says that the heart of Texas is still bound up in cattle ranching and "cowboyin". Ten gallon hats and six-guns still abound in such rural cities as Ft. Worth. (six guns?)

The Digest tour tells of big banks where the atmosphere is so relaxed "that tellers have been rumored to suggest that a customer set and rest a spell while they process his million-dollar check."

The article tells the story

of a young high flier who needed money for a business proposition so he went to Dallas' largest bank for a \$50,000 loan. The loan officer heard his story, then asked about collateral. The young man bristled. "I am not accustomed to talk about small loans," he said. The official excused himself and reported the details to the chairman of the bank. "Give the boy his money," this experienced Texas replied. "With that kind of confidence he's as good an investment as a straight flush."

Then, there's the report the author gives of visiting NASA on the afternoon the Apollo 12 was swinging toward lunar orbit. He was in the nerve center of the NASA complex--the inner computer chamber where each tick of each astronaut's heart and the performance of each tiny part of their hurtling spacecraft is recorded and studied by experts. He sidled up to an off-duty scientific brain and glanced at his tiny TV screen expecting to see the astronauts tensely soaring through space. Instead, he saw a football field on which the Dallas Cowboys were ripping off yardage against the Washington Redskins. He tapped the mad technocrat on his shoulder and said: "What about the astronauts?" The man with such a scientific brain carefully considered the question and answered: "If they want the score they are going to have to wait until half time."

And the story goes on--and on--and is really nothing more than a lot of Tall Texas jokes and stories of millionaires. But, Texans will probably like it even though it does make us all look like a bunch of rich numb-skulls.

The article is interesting and is worth your reading time.

In case you are wondering what the huge shrouded figure is on the Courthouse lawn, it is the monument the Spearman Jaycees are placing there honoring all Hansford County men who have died on foreign battlefields fighting for their country. Each name is inscribed on the huge stone and there is room for more if the need arises--God forbid!

The Jaycees placed the monument on the lawn Saturday and veiled it with a black covering which was to be taken off at the dedication ceremonies set for 2 p.m. Saturday May 30, Memorial Day.

It didn't take long for some smart-alec bunch of vandals to start their malicious work, for sometime Sunday evening the black veil was ripped away and the sacred monument pasted with mud. Just what kind of a mind it takes to get a kick out of doing something like this is more than I know. One thing for sure, Deputy Sheriff R.L. McFarlin better not find out who these vandals are. He and the Jaycees are plenty mad at such a disgraceful act.

The monument will later be surrounded by a chain link fence and the ground around it covered in white crushed rock. Jaycees hope some local garden club will landscape the plot with rose bushes.

Did you read the story from Plainview about a potentially dangerous storm cloud being seeded with silver iodide? It seems a weather modification firm, Atmospherics, Inc., literally scared the hail out of the clouds. Really, weather officials reported that the hail cloud "softened out" or dissipated within 30 minutes.

The point is, did the cloud just simply go away, or did the silver iodide do the job. Who can tell???

**TEXAS LUNCHEON FEATURES STATE PRODUCTS ONLY**

AUSTIN--Can an elegant luncheon be prepared if you're only allowed to use products from one state?

If the state is Texas, the answer is "yes!" Mrs. Mary Cook of the Texas Agriculture Department faced the problem when officials of the Reader's Digest came to Austin on May 25 for a "Reader's Digest Salutes Texas" luncheon. The lunch, timed to coincide with publication of an eight page

**DYNAMIC LEADERSHIP FOR THE 70's**

**JACK HAZLEWOOD FOR STATE SENATOR**

JOIN HAZLEWOOD'S FIGHT AGAINST HIGHER INSURANCE & UTILITY BILLS

Pol. Adv. Pd. for Jack Hazlewood

article about Texas in the Digest's June issue, was held at the Commodore Perry Hotel in Austin. Governor Preston E. Smith attended, along with members of his staff and with representatives of the Legislature, leading businessmen and travel and tourist officials.

All those concerned with planning the luncheon thought it would be a great idea to use Texas agriculture products exclusively. Working with banquet officials at the Commodore Perry Hotel, Mrs. Cook came up with this menu, which was served buffet style.

Cocktails with Rio Grande Valley Fruit Juices; Texas Gulf Shrimp; Luling Watermelon Filled With Fresh Fruit from the Valley; Choice of Poppysseed or Strawberry Dressing; Native Rice Salad; Tenderloin of Texas Heavy Grain-Fed Beef Basted in Claret; Tenderloin of Texas Pork with Burgundy Sauce; Lone Star Turkey Mornay; Fresh Vegetables from the Rio Grande Valley; Jalepena Corn Bread; Hot Fresh-Baked Biscuits; Texas Pecan Ice Cream Balls in Hot Fudge Sauce; and Ranch House Coffee.

To enhance the all-Texas menu, tables at the luncheon were decorated with fresh Texas wildflowers. The Texas motif continued when Reader's Digest Senior Editor John M. Allen gave Governor Smith a special presentation piece containing the pages of the Digest article in a glass enclosed frame, with a scroll signed by the Editors of the Digest.

Now visiting in the home of her daughter Mrs. Cecil Crawford is Mrs. Miller. Mrs. Miller has been gone for the past 6 months visiting in the homes of her other children in California and Colorado.

**MEXICAN AUTO INSURANCE NEEDED BY MOTORING U.S. TOURISTS**

DALLAS—Thousands of vacationing Americans will be driving their cars into Mexico this summer. Many of them will be falsely confident that they have proper liability protection in case of an accident in that country, the Insurance Information Institute warns.

When planning to drive South of the border, U.S. residents should check with their insurance agent or broker about obtaining an official Mexican automobile liability insurance policy.

Unless properly informed and insured, their pleasant vacations could turn into costly nightmares. Tourists should be warned: "Don't drive into Mexico without auto liability insurance from a Mexican company!"

Most Americans are unaware that only insurance companies located in Mexico are recognized under Mexican law. And contracts of insurance written by non-Mexican companies are not in force in that country.

A tourist involved in an accident in Mexico could be faced with a large cash outlay, informal detention, or even jail, under the strict provisions of the Mexican law—even if he has the "Mexican auto endorsement" attached to his U.S. policy.

The "Mexican endorsement" on some U.S. policies is designed for a limited purpose and its application to vacation use should be thoroughly discussed with an insurance agent or broker before a person drives across the border.

Without proper Mexican coverage, the motorist has four alternatives if he is in-

involved in an auto accident which results in even minor personal injury or property damage. They are:

1. Post a cash bond with the local officials.
2. Post a commercial bond from a Mexican bonding company (a possibility if the tourist speaks Spanish, knows someone locally and has enough money).
3. Contact a U.S. insurance agent, via telephone or telegram (but, under Mexican law, it is illegal for the agent to settle the claim in Mexico. He may, however, advance the cash necessary to post bond.)
4. Face legal detention and

impounding of the automobile.

As visitors to Mexico, Americans are bound by Mexican law, just as Mexicans traveling in the U.S. are bound by its law. Compliance with those laws can make for a happier vacation in Mexico.

Here are some additional pointers for traveling South of the border.

--Obtain a tourist card from the office of the Mexican Bureau of Tourism, the Mexican consul or at the border.

--If you have an auto accident in Mexico, look for help from one of the green Turismo jeeps that patrol the highways. The driver will assist insureds in contacting an adjuster for

the Mexican company which issued you insurance.

--If no patrol car arrives in a reasonable time, call the nearest police officer. The policy should be shown to the chief of police and no officer should be paid for his services. That is the responsibility of the Mexican insurance company.

**DROWNINGS CLAIM 78 THIS YEAR**

AUSTIN--Boating accidents and wandering children have accounted for many of the

78 drownings in Texas since Jan. 1, according to the Texas Parks and Wildlife Department.

"People keep making the same old mistakes and paying for them with their lives," said George Cook, director of Water Safety Services for the Department.

"They ignore wind warnings on the lakes and on the Gulf. They either don't have life preservers, or they don't wear them. They pay no attention to load specifications for their boats, and the result is tragedy, according to Cook.

Apartment swimming pools, private pools and irrigation ditches have claimed the lives

of several small children recently. "Wherever there is a body of water parents should keep a tight rein on their children," said Cook. "Children are naturally attracted to water, and all too often the trouble in."

Cook cited two recent instances in which small children toddled off from their families during picnics and drowned in nearby waters.

Mrs. Troy Sloan and Mrs. Orville Latham were in Arroyo Arillo Tuesday.

**UP ON NORTH SLOPE OILMEN CARE FOR LAND**

NEW YORK--When Angus Gavin first saw the barren Arctic Coast it was a beautiful, but harsh and lonely land. That was in the late 1920's when as a Scottish immigrant he went to work for the Hudson's Bay Fur Company. Today things are happening on at least one section of that Coast, Alaska's North Slope, where dozens of petroleum companies are

drilling for oil. And Gavin, a 60-year-old Winnipeg, Canada, resident who still has a trace of burr in his voice, is one of many ecologists who have been hired by the oil companies to help them keep the land beautiful. Gavin found himself roaming the areas around the rigs, studying how the presence of men and machinery was affecting the birds, animals and the land itself. He even inspected garbage disposal, he related in an article in the magazine Petroleum Today. "Actually," he said, "I found that some of the camps up on Prudhoe Bay have more modern waste-disposal systems

than most of the municipalities in the United States." Gavin also discovered that the great caribou herds, an essential food source for the Eskimos, seemed undisturbed. "Even when the wells are busy and the fillers and roustabouts are banging away," he said, "I've seen caribou only a few hundred yards off, grazing quietly." One of the big problems for the oilmen is the area's tundra, ground which has a skin of moss, lichen and grass and not much else underneath but permafrost. In the short Arctic summer, the tundra thaws to depths up to three feet.

Oilmen have to support drilling rigs on piles of gravel. They construct roads and airstrips by laying gravel on top of the tundra without breaking the surface of the vegetation. When a well is completed and the rig moved off, the site is cleared and returned to a condition much like its original appearance. "Years from now," Gavin says, "this may be one of the more remarkable things that will be said about the North Slope Oil field development--the oilmen cared for the land, too."

**SELECTIVE SERVICE QUESTIONS**

Editor's note: Below are questions now being asked at draft boards. The answers are by Colonel Morris S. Schwartz, State Selective Service Director, 209 W. Ninth Street, Austin, Texas 78701. He will welcome your questions. Q--If I appeal an action of the draft board, may I appear in person before the appeal board? A--No. Only your record

goes before the appeal board. You can put anything in your record you wish. Q--When I appeal my draft board's decision, may I retain an attorney to counsel me? A--You may have a private attorney if you desire. The government appeal agent of the local board can render you this service free. He is charged with the duty of advising you of your rights and he can assist you in taking an appeal. No attorney may represent you before the board as legal counsel. Q--I am a conscientious objector and have completed the special form for a consci-

entious objector, which I have forwarded to my draft board. Now the board has asked that I appear to explain my views in more detail. Does this interview count as one granted under the law as a personal appearance, or may I have another appearance if I desire? A--Your board may, if there is any question about granting you a conscientious objector classification, invite you to meet with the board for an interview prior to classification. The primary purpose of this interview is to develop further facts on which the claim is based and the sincerity of it. The inter-

view does not take the place of the personal appearance after classification. Mrs. Zella Close of Van Nuys, Calif. and Mrs. Connie Phillips of Denver, Colo., have been visiting in the home of their mother Mrs. Hettie Davis in Spearman. Mrs. Reba Colley and children Jeff, Dana and Justin of Midland, visited last weekend in the home of her parents, Mr. and Mrs. H.A. Sloan.

Back row: Bo Dunn Jimmy Vernon, Raymie Porter, Steve Donnell, Roger Brown, Jeff Beedy, Lance Anthony, Terrell Evans. Coaches for the Dogers are Jim Nicholson and Oscar Donnell.

### Oral Roberts To Preach Revival In United Kingdom

NEW YORK--Oral Roberts, the internationally-known evangelist minister of the United Methodist Church, will take his worldwide ministry to the United Kingdom in a Mission at London's Westminster Methodist Central Hall on Tuesday, June 16, through Sunday, June 21.

High points of the Mission will be six evening worship services in Westminster Methodist Central Hall at which Dr. Roberts will speak. On Friday evening, June 19, the program will be a Youth Rendezvous at which Dr. Roberts will address the young people of Great Britain on the relevancy of Christianity in today's world.

A special four-day seminar on the work and ministry of the Holy Spirit will be conducted for members of the clergy attending the Mission. Dr. Roberts will lead the seminars with a number of prominent British Baptist Church and the British Methodist Church. These will include the Archbishop of New York; Dr. Leslie Davidson, Secretary of the Methodist Home Mission Department; Dr. C. R. Beasley-Murray, principal of Spurgeon's College, and others.

The Mission will be Dr. Roberts' first extended appearance in London where his work is known through his film and radio ministry. Preparations for the Mission began 18 months ago upon

Dr. Roberts' receipt of invitations from the British Methodist Church and Westminster Methodist Central Hall.

According to Dr. Maurice Barnett, Superintendent Minister at Westminster Methodist Central Hall, "The Church in Great Britain needs some new invasion of power. We would like to think that, under God, what we are planning and praying for in this Mission with Dr. Oral Roberts will result in just this invasion of power."

Dr. Roberts directs an extensive ministry through the Oral Roberts Evangelistic Association, which has headquarters in Tulsa, Oklahoma, and foreign offices in Canada, England, India, South Africa, New Zealand and

Australia. Dr. Roberts is also president of Oral Roberts University, a liberal arts university in Tulsa, Oklahoma.

Mr. and Mrs. Bob Spears of Central City, Kentucky are visiting in the home of her son and family, Mr. and Mrs. Porky Holland.

Mrs. James Cummings visited her parents, Mr. and Mrs. J. O. Murray this week in Zapata, Texas.

Mr. and Mrs. Sammy Kemp and son Joey returned recently from a weeks visit in Fort Worth with her sister Mr. and Mrs. Harley Fowler and Lisa. They returned via Crosbyton and Floydada visiting friends and family.

Mrs. Loretta Boyd of Amarillo visited her mother Mrs. Edd Wilbanks last weekend. Sunday they had dinner in the home of Mrs. Wilbank's daughter and family, Mr. and Mrs. Don Shockley and Chuckie in Perryton.

Mr. and Mrs. Andy J. Rhodes recently visited in the home of their son and family, Andy Gene and family in Irving, Texas.

Navy Lt. JG James Walker and family are visiting in the home of his parents Mr. and Mrs. M. W. Walker.

THE RAY TROSPER FAMILY

RITA RENE RAY

#### SOME POINTS FOR CONSIDERATION . . . . .

- ★ I think it is absurd that many murderers and other lawbreakers are constantly getting off on bond, receiving short prison terms, or getting suspended sentences and then are allowed to roam our streets again. I am against this, and I favor strengthening our court system and changing our laws, which presently allow this to occur.
- ★ I believe that the greatest threat to America is Communism. I recommend legislation to prevent Communists from speaking on our college campuses. I also believe that our public education system should keep a loyalty oath to prevent Communists and Socialists from teaching anti-American propaganda in our schools and universities.
- ★ I believe that children should be allowed to pray in public schools.
- ★ I am against going head-first into costly government programs which are initiated and then are either forgotten about or are abandoned, wasting huge sums of our tax money. Thus, I would support legislation which would allow for maximum economy in state government and I would work to see that every citizen received a dollar's worth of benefit for every tax dollar which is spent.
- ★ I oppose bussing school students to foreign school districts. If a family lives in a location which is conveniently located near a school of their choice, I don't see why their children should be forced to attend a school on the other side of town, or on the other side of the county.
- ★ I am against gun control by the federal government.
- ★ I believe that responsible people can handle their own local affairs without interference from people in the federal government who do not really understand the problems in our rural towns and communities.

These ideas can and must be accomplished. With your help, I will do everything I can to see that these challenges are met and handled to the best of your wishes.

Milford Lambright  
Pringle 878-2765

THE SHERMANS --- HOLLY, MAX, GENE ALICE and LYNN RAY

AS YOUR STATE SENATOR . . . .

## MAX SHERMAN

.. will protect your local district schools!

From interview in THE MOORE COUNTY NEWS, Dumas, on Feb. 22, 1970:

"I attended a non-city school, and I see the financing threat that non-metropolitan schools in Texas faced a year ago as a major problem in the Panhandle district, and it is one on which I have strong convictions," he told a group here Friday in an outline of his campaign.

"It will come up again in the next legislature, and the district needs to be prepared. My position is that every school student in Texas, whether he

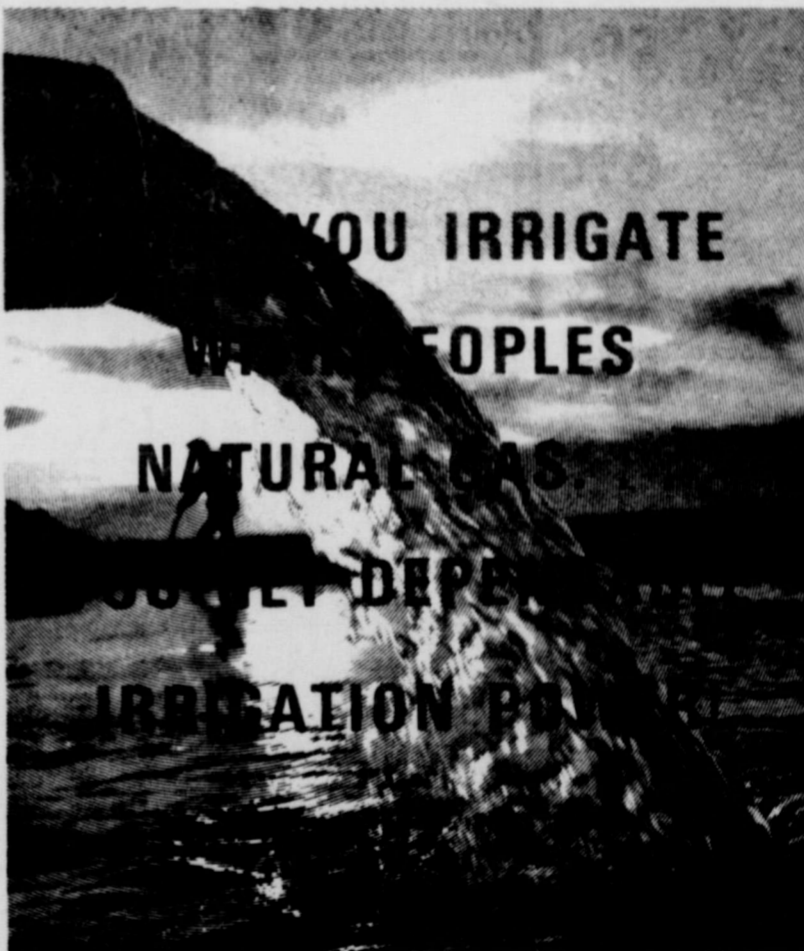

lives in a small community, or in Houston or Dallas, has the same right to equal education. The large population areas of Texas dominate the legislature today, but this does not mean that they can shortchange school students in the smaller counties.

"I have studied this school problem with concern, and I am prepared to advocate strongly the position of the non-city schools, who will need a concerned and vigorous advocate. Their cause is right, and I will uphold it vigilantly, to the fullest of my ability, if I become your state senator," Sherman added.

1. SPECIALIZATION  
We are specialists in just one thing ... the business of Agri-Services. We supply Well-Side Natural Gas and we buy, lease and maintain heavy-duty irrigation engines to fuel and power High Plains irrigation wells and other Agri-Businesses.

2. NO INVESTMENT  
With the very high cost of bor-

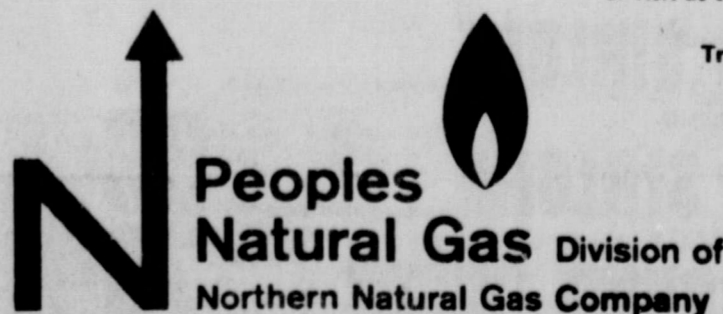

rowed capitol these days and the equally high cost of natural gas distribution systems and heavy-duty irrigation engines, our Agri-Business customers are pleased with the Peoples' No Investment policy. Peoples pays investment, installation and regular maintenance costs for its Well-Side natural gas systems and its Agri-Engine lease installations, including protection from gas leakage costs.

3. NO MAINTENANCE  
Peoples is long on its ability to provide complete maintenance for its natural gas distribution systems and Agri-Engine lease installations. We are pleased to report that many of our customers tell us they like the guaranteed maintenance portion of our Agri-Services best of all. Each Well-Side natural gas distribution system we install is carefully engineered for trouble-free dependability and safety.

4. FLEXIBILITY  
Peoples Well-Side natural gas systems and Agri-Engine leasing programs are customized to meet the specific fuel needs of your irrigation wells and other Agri-Businesses. Our Well-Side natural gas installations carefully consider property boundaries, crops, fences and other property. Any special equipment or conditions can be quickly negotiated into your lease. That's the kind of flexibility you need ... the kind Peoples offers. We are geared to move fast. Our credit checks are usually completed in a few days and no time is lost through red tape. We honestly believe no other company can offer more Agri-Business fuel and power benefits. For more information about Peoples Well-Side natural gas systems and Agri-Engine leasing programs, call or write: PEOPLES NATURAL GAS at Amarillo, Guymon, Dalhart, Spearman, Clarendon, or Hereford.

**HANSFORD FAT CATTLE TOP MARKET**

Bob Collier smiles, as he prepares to deliver the first fat cattle out of the Hansford Feed Yards in Spearman. Bob is the manager, and he informed the press that the cattle would be delivered to National Packing Co., Liberal, Kansas. The cattle topped the market at 30¢, and weighed 1100 lbs.

**Draft Call Issued**

The June draft call for local selective service board number 99, is two men for induction and 5 for physical examinations. The draft board, however, is sending 9 men for physicals since there has been such a high majority of men failing to pass their physicals. In April, for instance, 24 men were forwarded for examinations and only 3 passed and were qualified. Usually at least one-third or one-half of the men sent from this board fail to pass the physical exam at the Amarillo examination center, but never has there been this high a percentage qualified.

William Williamson and Max Stabel are the men who will be inducted into the army.

Richard Hodges, Phillip Renner, Herman Wiebe, Darrel Strowd, Donald Moyer, Rocky Thomas, Richard Miller, Robert Ives, Russell Mitchell (a volunteer) will be forwarded for pre-induction physicals.

The June draft call for Texas is 801, and no man will be selected and ordered for induction with a random sequence number higher than 170, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

The June quota is down from 834 in May, which is being filled with men having random sequence numbers no higher than 145.

The state quota for pre-induction physical and mental examinations in June is 2,320, down from 5,828 in May. Men sent for these examinations will be limited to those with random sequence numbers 1 through 215.

Deferred or exempt men, such as teachers, college students, and vocational or trade school students, with random sequence numbers 1 through 215, may be forwarded for these examinations if they are likely to lose their deferred or exempt status during the next six months, Colonel Schwartz said.

No men with random sequence numbers above 215 will be forwarded for examination until further notice. Men born in 1951, who have no random sequence numbers, will not be called for this

purpose. A drawing will be held later this year to establish the numbers for the 1951 group.

All volunteers at the draft boards must be inducted ahead of the non-volunteers selected and ordered to report for induction by random sequence number.

The Texas induction quota of 801 for June is the state's share of a national call for 15,000 men, all for the Army.

**Tractor Course Offered**

A tractor safety course for the youth in the 14-15 year age bracket will be conducted June 2 and 3 in Spearman according to Robert Adamson, Hansford County Agent.

This course will permit a youth to drive a tractor and exempt them from Section 5 through 10 of the Hazardous Occupations in Agriculture, Order of the Department of Labor.

Children driving a tractor from their parents on their own farm are not required to take this course.

"The boys or girls should be familiar with the operation of a tractor," Adamson stated. "This course is not designed to teach a person how to drive, but is a safety course."

The course will begin at 9:30 a.m. in the court room in Spearman on Tuesday, June 2.

All youth interested in taking the course, who have not already signed up, are asked to contact Mr. Adamson at the court house or phone 659-2136, and be at the meeting June 2.

Mr. and Mrs. Gordon Cummings and children were in Guyton, Okla., May 17th visiting with his mother Mrs. Ruth Baker and his sister Donna. Gordon took part in ceremonies initiating Donna into the Rainbow Girls. His daughter Penny was the crown bearer in the activities.

**THESPIANS IN ALL-STAR CAST**

For the first time in its history, the Spearman High School Speech Department was represented at the State Inter-scholastic League Meet in the one-act play contest. "The Chairs" written by Eugene Ionesco, won first place at the district & regional tournaments in order to qualify for the state meet.

Wade Parks and Rosemary Burkhardt, chosen as best actor and actress at regional, were placed on the all-star cast at State. The judge chose the Spearman play as the 2nd place entry at State. Mr. Roy Brown, State one-act play director, commented that about 150 AA plays were originally entered in this contest.

Gary Miller, the other member of the cast, placed 3rd at State in the Boys Prose Reading Contest. Crew members for the play were: Danny Carroll, Mary Hazelwood and Jean Porter. Loading crew were Kenneth Buchanan and Lynn Pierce.

Other entries at State were the two debate teams, Jean Porter & Camille Bagerly, and Buddy Dossett and Richard Tracy. Both teams lost in the semi-final round.

It seems there is even a gap in the young generation. To some teenagers "bread" means "money". But to another group of youngsters bread means just that!

It means savory home-baked loaves and hot rolls made from a yeast dough, set to rise in the warmth of the kitchen, and baked to a golden brown. It means a treat for mom, dad, and the kids.

Among the group who says, "bread is bread" is a half-million 4-H members whose bag is baking bread. In the process they experiment with pizzas, rolls and coffee cakes. In order to learn the necessary baking skills, they join a 4-H group where individual projects are set up as part of the national 4-H bread program.

And this kind of bread pays off, too, in cash, companionship and demonstrations. What's more, it is generously supported by one of the nation's leading business firms, Standard Brands Incorporated.

The cash is in the form of annual scholarships of \$600 each presented to the six best teenage bakers. Companionship is enjoyed on an award trip to Chicago and the National 4-H Congress with the top girls and boys from each state.

Demonstrations are given at various 4-H events on how to bake a batch of rolls, mix the bread batter, or explain nutritional value of bread products.

Medals also are very much a part of the scene. About 6,000 honor awards are expected to be handed out this year to deserving 4-Hers as county awards. Besides all that, a lot of teens achieve popularity sharing their home baked goodies by gifting shut-ins, friends, and the needy with holiday baskets of fresh breads and cakes.

"The finished product is a beautiful sight," says an 18-year-old national scholarship winner. "And best of all, the tasty things you create are marvelous." She completed nine years

of 4-H membership before qualifying for this top award, and has used her scholarship at the University of Maryland where she is enrolled in a pre-nursing course.

With lack of adequate nutrition for teens being a major concern of parents, teachers and others, the 4-H bread program offers one solution: Get more youngsters involved. And it's easy. Simply get with a 4-H group.

Information on how and where may be obtained by contacting the county Extension Service with program awards arranged by the National 4-H Service Committee, Chicago.

**FAMILIES ELIGIBLE TO BUY HOME**

AUSTIN, TEXAS—Many families are eligible to buy a new three or four bedroom home with a down payment of only \$200.00, but are not taking advantage of this opportunity because they are not aware of the provisions of Section 235 of the National Housing Act.

"Financial help is available to enable low income families to buy their own home," according to Tom Yager, president of the Lumbermen's Association of Texas, "but many are not familiar with this program. To get complete details on the provisions of this section of the National Housing Act," Yager advised, "see your local lumber dealer."

The program offers assistance in the form of monthly payments by the Department of Housing and Urban Development to the lending institutions to reduce interest cost on a market rate home mortgage insured by FHA if a homeowner cannot afford to make a conventional loan.

FARMER EFFICIENCY & FOOD COSTS—Consumers pay less for food because their farmer friends are producing 20 percent more on 6 percent fewer acres than they did in the period from 1957-59. Each of the nation's farm workers is now supplying the food and fiber for 45 persons compared with 23 in 1957-59 and his output per man-hour has increased 83 percent over the past decade, reminds Extension Economist W. E. Black.

**DARRELL TOPE RECEIVES WTSU SCHOLARSHIP**

Darrell C. Tope, graduating senior, is the recipient of a music scholarship for the 1970-71 academic year at West Texas State University. Tope, son of Mrs. Av...

Top of Spearman was named for the scholarship award after an audition before a faculty committee. A committee spokesman said the Spearman High School music student "demonstrated outstanding performance capability playing cornet."

Previous music honors and awards won by Darrell while he has been in Spearman High School include being named to All-Region band the past 3 years and all-state alternate this year; and a member of the Tri-State band his junior year. He received "first" solo ratings his sophomore and junior years, and a second rating this past semester. He plans to enter WTSU next year to major in music.

**4-H Girls Home Sewing Champion**

**SPECIAL-**One of the booming home arts today is sewing. Technology has made available a wide array of miracle fabrics, invisible thread, hidden zippers, and sewing machines that all but sew by themselves.

Learning to sew is no longer the tedious, baste-and-rip, time-consuming chore it once was. More young girls are making their own clothes today than ever before: In school, at home, and especially through 4-H Clubs.

Nearly one million girls from 9 to 19 are working on 4-H clothing projects, reports the National 4-H Service Committee. They decide what to make, get pointers from their volunteer clothing project leaders, salesclerks, Extension Service personnel, sewing bulletins, and the educational department of Coats & Clark Inc.

This 156-year-old firm, which started out making cotton thread and now is a leader in sewing notions, has a 30-year record as sponsor of the national 4-H clothing program. In this time span, company officials have personally congratulated some 1,500 teenage girls for excellence in making their own clothes.

These talented young seamstresses were top state award winners and guests of Coats & Clark Inc. at the annual Na-

tional 4-H Congress in Chicago. More than 300 received national clothing scholarships.

Again this year, 51 girls, one from each state plus Puerto Rico, will travel to Chicago at the expense of this long-time 4-H friend. A Coats & Clark official will be on hand once more to present \$600 scholarships to six new national champions.

Girls who would like to be a part of this teen home fashion scene can get into the act by contacting a local 4-H Club or the county extension office. The Cooperative Extension Service supervises all 4-H programs.

**Buchanan Family Met Sunday For Annual Reunion**

The annual reunion of the J.H. Buchanan family was held Sunday May 24 in the home of Mrs. Helen Fisher.

Attending from out of town were Mr. and Mrs. J.W. Buchanan of Dumas, John Buchanan of Lubbock, Mr. and Mrs. Mac Ward of Lawton,

Okl., Lee M. Buchanan of Fredrick, Maryland, Mr. and Mrs. Clarence Vaught and Jeanne of Amarillo, Prestine Wells of Amarillo, Mr. and Mrs. Tom Jarvis and family of Stinnett, Mr. and Mrs. Dave Wilson and family of Waka, Mr. and Mrs. Don Rapp and family of Guymon, Mr. and Mrs. Bob Moss and family of Turpin, Okla., Mr. and Mrs. Paul T. Buchanan and Allen of Pampa, Mr. and Mrs. Tom Buchanan and family of Hereford, Mrs. J.D. Bassell of Brenham, Texas, Mr. and Mrs. Zack Fisher and family of Memphis, Texas, Mr. and Mrs. Mitchel Clements and daughter of Dumas; from Spearman were Mr. and Mrs. J.B. Buchanan, Mr. and Mrs. Burl Buchanan and family, Mr. and Mrs. John Allen, Mrs. Fisher and Mr. and Mrs. Pat Gates and Charles.

**SCHOOL IS OUT**

The 1969-70 school term officially ended Tuesday when students completed their final exams. Teachers worked Wednes-

day to complete their records and mail report cards to all students.

The summer holiday will be cut short by several days, however, for school students will register for next year's term on August 18. Classes begin August 21.

Most schools in this area have gone to a "10 month period" but actually there will be only 5 more school days than usual.

All school offices will be closed May 29 and 30 for Memorial Day weekend.

**Wilkerson Receives Award**

**CORSICANA--**Anthony C. Wilkerson of Spearman has been recently honored in the tenth annual Awards Day Program at Navarro College.

Ninety-three awards were presented to outstanding students in the areas of Presidential, Departmental (academic and technical), Institutional for activities,

citizenship and school spirit, Leadership and/or Unselfish Service, and Who's Who.

Wilkerson received his award in the area of Offset Duplicating.

**OLD MONARCH INJURED---**The huge plaster model of a Lion, emblem of the Spearman Lions Club, had to undergo quite a lot of plastic surgery before the statue could be presentable for the upcoming celebration parade. Charles Gilliam spent most of the day Tuesday repairing old Leo. The statue had been stored in the community building and someone had given the golden image quite a working over. The nose was caved in, one eye was missing and many other major wounds had been inflicted. Lion Gilliam is pictured above with the 25 year old Monarch.

Mr. and Mrs. Johnny Crawford and children are home from Tech in Lubbock. Johnny received his degree this semester and is going to make his home in Spearman.

Mr. and Mrs. Victor Rook are in Houston this week where Mr. Rook will undergo his routine physical check-up. Mrs. Carl Kizziar accompanied them to Houston and will visit awhile with her son and family.

Mr. and Mrs. Gary Davis and family were in Amarillo last Saturday on business.

**Arts & Crafts Guild Meeting**

Mrs. Joe Traylor was hostess to members of the Spearman Arts and Crafts Guild the afternoon of May 22.

Those attending the china painting session were Mmes. Guy Fuller, P.A. Lyon, Sr., Bruce Sheets, Kiff White, W.L. Russell, Clay Gibner, Pope Gibner, Deta Blodgett, Bill Gandy, Ned Turner, Freeman Barkley and the hostess.

Mrs. Jesse Womble will host the next meeting of the Guild.

**Mrs. V.W. Hull H D Hostess**

Mrs. V.W. Hull was hostess Friday May 22 to the Spearman Home Demonstration Club.

Mrs. Claude Jackson, president, presided over the business meeting. Mrs. Hull gave the devotional, roll call was answered with "A Childhood Memory".

R.L. McFarlin, Hansford County deputy sheriff, presented a very interesting and informative program on "Narcotics".

Attending were guest Mrs. Alta Morse and members, Mmes. H.H. Crooks, Claude Jackson, W.H. Tarbox, A.D. Reed, Joe Smith, Richard She-deck and V.W. Hull.

**Mrs. Lackey Bridge Host**

Mrs. Major Lackey was hostess May 25 to members of the Blue Monday Bridge Club, for the final meeting of the year until Fall.

Mrs. F.J. Daily held high score for members and received the prize and Mrs. Payte Grigsby held high score for guests.

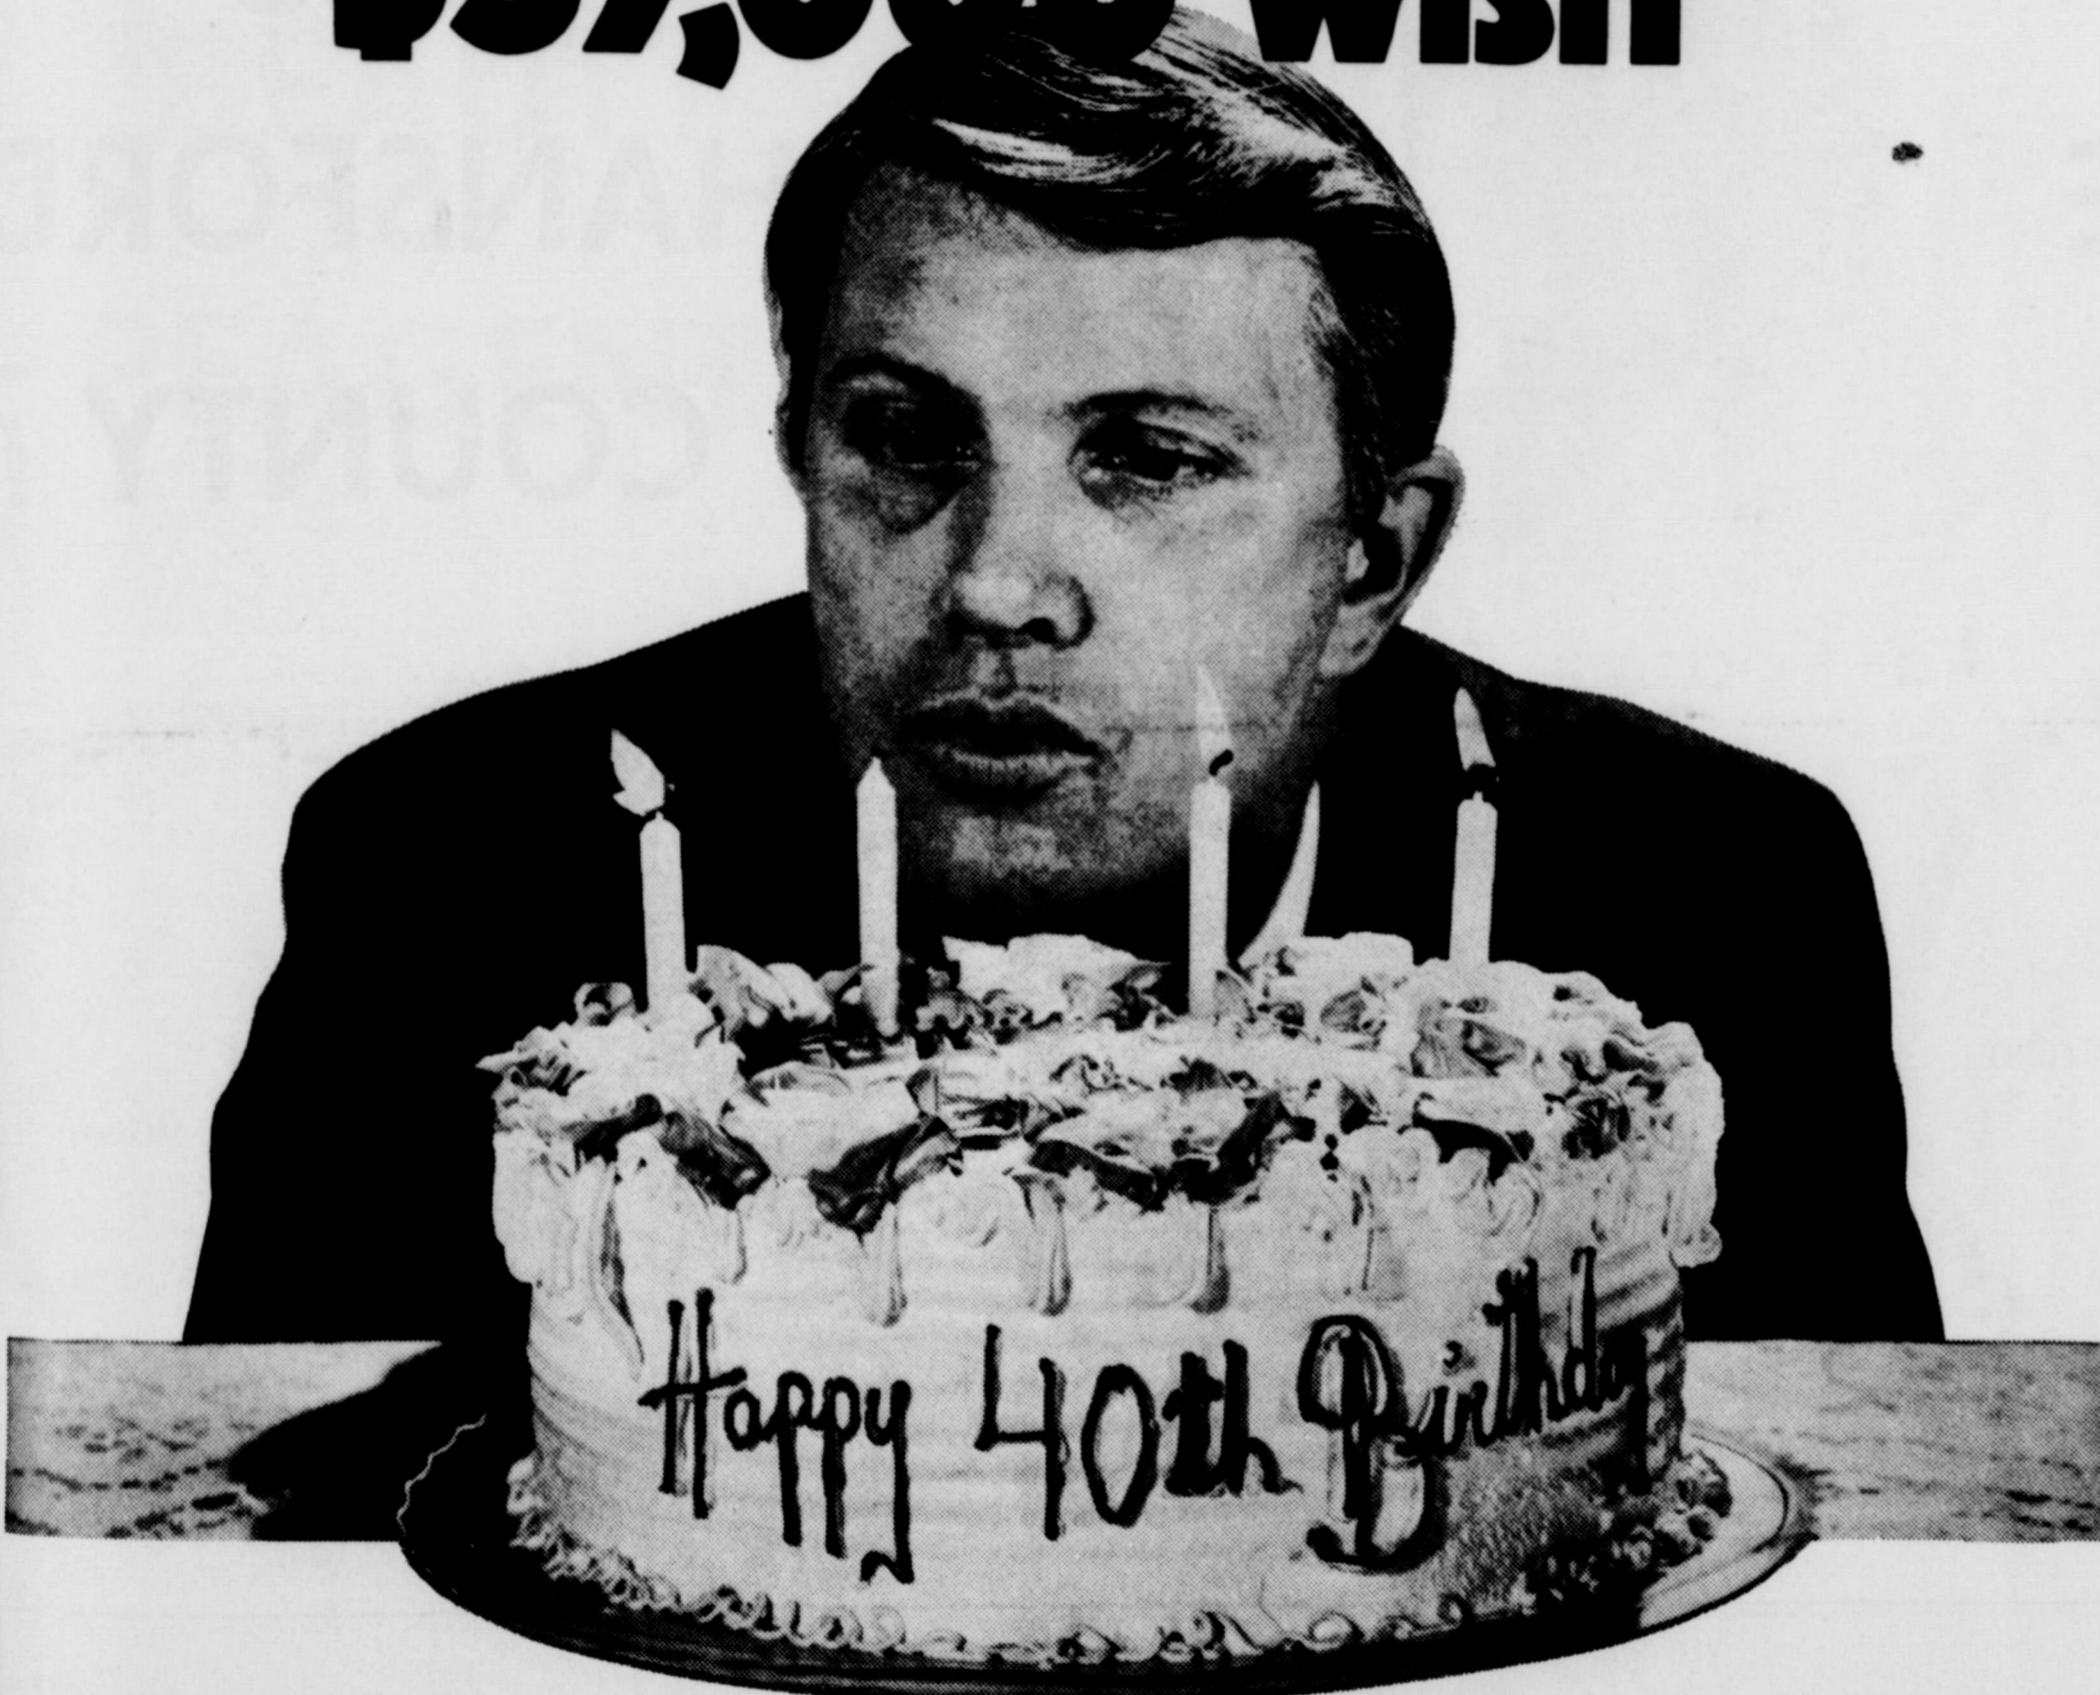

Attending were 2 guests, Mrs. Delon Kirk and Mrs. Payte Grigsby. Members present were, Mmes. Bill Gandy, E.D. Clement, Sam Graves, L.S. McLain, Owenfred Lackey, Willie Seitz, Deta Blodgett, F.J. Daily, Pope Gibner and the hostess.

**FARMERS PAY MORE FOR GOODS & SERVICES USED--**

From 1967 to early 1970, the index of prices farmers pay for commodities, interest, taxes and wage rates increased 31 percent. Taxes were up to 129 percent, hired wage rates 81 percent, motor vehicles 35 percent, fertilizer 7 percent, and feed 6 percent to name a few. Thus, the cost-price squeeze continues to keep their earnings below those in other industries.

**THE FOOD DOLLAR---**Farmers received an average of 41 cents out of each \$1 spent for U.S. Farm produced food in 1969. This was about 2 cents more than in 1957-59, but 8 cents less than in 1947-49. The farmer's share of the consumer's dollar varies widely among products. It is smaller for a highly serviced product such as bread than for an unprocessed product such as eggs. When \$1 was spent in 1966 at the grocery store, 41 cents went for product and 59 cents for marketing service.

**\$57,000 wish**

**Guarantees peace-of-mind.**

Your 40th birthday—time to begin thinking about your 65th. A growing savings account puts your mind at ease now, and assures you that you'll enjoy life then.

Set aside \$100 a month. In 25 years your savings, plus earnings compounded at our current rate will grow to more than \$57,000. Then when you're 65, you could withdraw over \$225 a month for the rest of your life—and still have your \$57,000 balance.

**ELECTRIC HOUSEWARES BEST SAY "CONGRATULATIONS"**

Give the June bride on your list a practical electric gift—something she can use for many anniversaries to come. Whether you choose a frypan, toaster, blender or can opener, she's sure to be pleased if it's electric. She'll think of you every time she turns on one of these work-saving appliances. Make a hit with both the bride and groom by giving something modern electric. See these and other practical electric wedding gifts at your appliance dealer's, soon.
