SUPER STARS BLAST FOLLETT 71-37

Spearman basketball fans were treated to the battle of the "Super Stars" at Lynx Stadium (Gym) Tuesday evening, when the AA state runnerups Lynnettes, met the Class B state champion Follett team. The Super Stars from Spearman trounced Follett 71 to 37. It could have been 100 to 30. It is impossible to say which girl, or group of girls is the most effective or outstanding on this 1970-71 team. Three super forwards are on the team, but the guards are coming along so fast, they must be noticed also.

To sum up this years Lynxette team, we like the words of last year's Dalhart coach. I have a real good senior team of girls." I come down to Spearman, and get beat 4 points by a bunch of Freshmen and sophomore girls." What "in the name of heaven" are we supposed to do?" And, this just about sums up the Lynxettes for this year, & for several years to come! No hope for the opposition!

What makes this team of super-stars so super? Hard work and sacrifice and hard devoted work on the part of Coach Weese and his coaching

A powerful B team, under Coach Harley Lewis, is still undefeated this year. Such future stars as Phyllis Randall, Carol Bivens, Denise Standerfer, Patty Blanton, Mary Lee Ooley, Peggy Floyd, Gaye Daniel, Kathy Dear, Debbie Weaver, Donna Fryrear, Vicki Scribner, Dixie Sheppard, Monette Slater, and Nancy Lair, make up the B team roster. They defeated Follett's state championship B team 52-31, with Coach Lewis using all of his players to keep the game under 100 points.

In the feature game at Lynx gym Tuesday night Patterson, Shieldknight and Smith hit in the double figures, all three used sparingly. Other forwards scoring were Schell and Brummett, who look very impressive in their games already this year.

The starting guards for this year's Lynxettes are Hohertz. Daniel, Scimell and Ricketts.

In the big game against Follett Tuesday night, Patterson hit 25 points; Smith 14 points; Shieldknight 23

points. Shieldknight was extremely accurate from the free-throw line.

Also, Shieldknight is the wild-card for the Lynxette team. She can be used everywhere on the court and will be used as a guard in future games, if necessary. most sports fans feel.

Sheila Patterson, the "machine" is used to score points. Sheila is not human when it comes to basketball. She is an accurate computer type basketball player. She is only a Junior. It is almost beyong human comprehension to watch her shoot the ball. Her percentage of field goal shooting is so high, and her teamwork is so effective it is impossible to stop her from scoring.

Also belonging to the computer-type team, is Anita Smith, the only Sr. on the forward end. She is equally effective as the other two forwards, and was actually leading the team in scoring when she left the game Tuesday evening. Anita is graceful under the basket, accurate, and is able to score at any time in the game.

But, possibly the most im-pressive part of this year's Lynxette team is the guard department. There are no super stars" in the guard dept. yet. It is going to take about 2 more games to develop these guards into super stars. And, there are some fine prospects in the guard-end of the team. They will be tough in another game or two.

The Lynxettes will go to Friona this weekend along with the Lynx team. Bot of these teams are the defending tournament champions. Both teams plan to win again this year. Check the bracket in this week's paper, and see when the teams play.

The Lynxettes are undefeated this year. But, they have had one or two close games. Their old foe Robinson will be back at Austin and also at Duncanville. But, we won't go that far in the future this week, we will just concentrate on the Friona Tourna ment, and you can bet the Lynxettes will be the team to watch this weekend.

If you want to see some

ball, come out and watch this super team of girls. You will not be disappointed.

I asked if she could tell me where to find Santa Claus. She suggested the North Pole.

Eleven twenty-I wore my space cadet uniform to REED'S FAMILY SHOES, Iglided through the door and asked Mrs. Reed if she had seen Santa. She replied: "No, but he left his boots here."

WHERE YOU ALWAYS BUY THE BEST FOR LESS"

I just have to get Thanksgiving out of the way before I even want to hear the word "Christmas". And this year they rushed the season earlier than ever. Back before Halloween some stores had old Santa Claus displayed and I have heard some of my friends say they finished Christmas shopping last July! This sorta makes me ill. But now that Thanksgiving is

over, I will start, to commence. to begin to think about the next up-coming event, I have to! Peter & Betty Jo Vernon already have up all their Christmas decorations and I pass their home at least 4 times a day. The house and yard glows with lights and it looks real pretty. I overheard a lady say yesterday that she had her Christmas tree decorated already! Mercy, I'll never get caught up, Now I am thankful that I never got around to taking down my Christmas lights from last year and if I don't forget to attend Ora Lee Blackburn's Christmas Open House Sunday, I can pick up some red ribbon to tie around my outside gas light, Joel Lee Lackey told me he had mantels, chimneys and extra glass sides for these gas lights so I hope everyone will light theirs up. There are a lot of these yard lights in Spearman but many have been dark since John Bishop closed his hardware store. Now we can buy mantels!

I also hope the Chamber of Commoer will get on the ball and string up some Christmas lights across main street. However, if they look like they did last year I vote to forget about it. Each string of lights had about 3 bulbs burning and many had none. Looked worse than nothing at all.

I'm trying real hard to work up some Christmas spirit in plenty of time this year. Last year I finally got in the mood a couple of days before the main event, but this is too late. It takes me two days to

erate and by that time a week has passed. I don't have that much time to spare.

Today I brought down my Christmas carol records and Eugene furnished his stereo, so drop by the newspaper office if you want to hear some good music. I think this is helping. Anyway, I seem to be in the mood to bake my traditional English plum pudding and George Washington fruit cake. The cake calls for Apricot brandy and the pudding calls for rum. I don't have any. Looks like I'm going to have to send Billy down to the river. One time I stopped at that liquor store to purchase my cooking ingredients and got so embarrassed I swore I'd never go back. I felt like a fool going in to such a place anyway, and hoped that I wouldn't be seen. I opened the door and there stood no one but Spearman's famous John Martin. Now it doesn't matter if mention his name for John doesn't read, nor write, so he won't know this unless you tell him, Well sir, John greeted me like some long lost friend and in a loud voice said "Hello Sybil., I didn't know you ever came down year. Come back some Saturday night so I can daince with ya." I quietly made my purchases and slunk out. The state John was in I figured he wouldn't remember even seeing me. But I wasn't so lucky and several days later he greeted me loud and clear from half-way down main street "been back to the

That's been several years ago and I need some more Apricot Brandy and Rum, so if you happen to be going thata-way, give me a ring.

wondered (I am sure) just when

So glad to report that "everybody's friends" Dan Archer and Bruce Sheets are both home. Dan underwent heart surgery in Houston on Nov. 18...and Bruce had the same surgery on the 19th. Both got home this week, and seem to be doing just great. It is a miracle... this heart surgery. Physicians told Dan he got along so well because he was in such good shape, physically. Dan has lost 20 lbs. of weight, but doctors told him to reduce until he weighed what he did when he got out of college. Guess none of us realize how important it is to get rid of all this excess baggage, If Drs. Cooley and DeBakey would learn how to cut out our appetitie, they wouldn't have to do so much cutting on our hearts.
