City Council Looks Over "Trash" Bids

City Aldermen met Monday night and opened bids received on the proposed new trash truck, the packer body for the truck and some 350 con-

tainers. Truck bids received included Excel Chevrolet-Olds \$7, 285, 00; North Plains Truck \$7, 700.00; Joe Trayler

Ford, \$7,699.00. Bids received on the 350 3-cu. yd. containers were: Fabit Corp., unit price per container \$133.71; for a total of \$46, 798.50

Allied Millwrights Corp., unit price \$196.00 or \$68,600. Ladd Engineer, unit price
\$162.16, for \$55,736.00.
Cleburne Truck& Bodu, per
unit \$131.75 or \$46,112.50.
Modular Technology Metal,
per unit \$127.50 or \$44,625.00.
Pak-Mor, per unit \$150.00
for a total of \$52,500.00.
Only one bid was received.

Only one bid was received for the packer body which goes on the truck. This came from

Pak-Mor for a total of

All bids were tabled until Monday night when city aldermen will meet in a special session to decide whether or not to accept any, or all bids. A final decision will be made at the 7:30 p.m. meeting on March 22.

A city spokesman said the original cost estimation for the proposed new trash system was around \$80,000 so the amount of bids received Monday night "came as a pleasant surprise." The total cost will probably be less than was esti-

think that more than 350 containers will be needed. Around

Next Monday night's meeting will likely determine the outcome of the new trash system for Spearman.

LITTLE LEAGUE PLANS REVEALED

Men Needed Saturday To Work At Park

Kenneth Johnson, president of Spearman's Little League baseball program this year, announced today that all boys who plan to play ball must re-gister between March 18 and April 2. Registration will be

held at Douglas Dry Goods. All Little League and Minor League players must re-regist-

er every 6th year, and this is "that year" in Spearman. ALL PLAYERS must register this year so that new cards can be submitted to the national office. If a boy fails to register between March 18 and April 2, he will not be eligible to

This Saturday, March 20, has been set as a "workday" at the baseball park. President Johnson said at least 20 men will be needed Saturday to help set posts and pour concrete for the new six-foot chain link fence which will

play ball this year.

Forgery Charged

Hansford County Sheriff J. B. Cooke this week arrested Agapita Ramon who has been charged with forgery.

Ramon, who passed a forged check at Cates Men's Store, is being held in jail awaiting action of the Grand Jury which will meet here Tuesday.

Probation

granted to William Spencer who was tried here Monday in an 84th judicial district criminal appearance. District judge Max W. Boyer presided

at the court session. Spencer was given the three-year probation for embezzlement of funds from the Fina Service Station. He had been indicted on these charges here some months ago.

surround the park. "Please come out and help us, " John-

son urged. Player try-outs are schedul-ed for April 8 and 9 at 4:30 p.m. at the baseball park. The player auction will be at

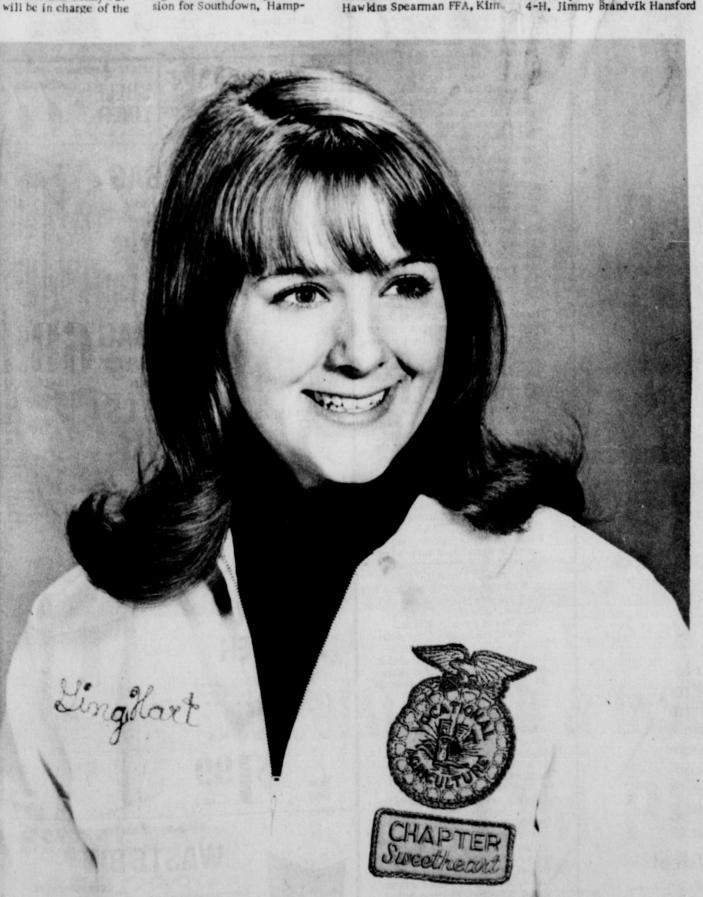

1:00 p.m. April 11. Little League season begins April 26 and ends July 9 with play-offs set for July 13 and 16 and (July 19 if needed). Coaches are badly needed

for the four minor league teams and if any man will serve in this capacity he may get in touch with Kenneth Johnson.

Major league coaches in-clude: Dodgers--Murphy Allen and Earl Goodheart; Astros--J. M. Kenney; Yankees-Bob Ho-hertz; Jetts-Bill Douglas; Indians-Calvin Bodey.

Most urgent right now is the need for men to help get the

fence up Saturday and the field ready to "play ball."

inger Hart, Gruver FFA Sweetheart, will welcome you to the show in Spearman

Teacher Wilbur Hull and the entire school system at Spearman high school, was extremely proud of the Vocational Industrial Club of America students, as they placed high, in the district meeting held in Amarillo Friday and

Saturday.

Easter Seal Program Helps Handicapped

Persons with physical handicaps who need treatment and services in Hansford County may find the services they need through Mr. Freeman Barkley who is the Hansford County Representative of the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to children and adults with physical disabilities including speech and hearing problems, according to Mr. Barkley.

The Society also operates an information and referral

dents of Hansford County to other appropriate sources of health and welfare aid in the area, he said.

He urged parents, doctors, nurses, clergymen and other individuals and organizations to refer handicapped persons who need assistance to the Easter Seal Society by contacting him at the First State Bank, Spearman.

The Texas Easter Seal Society helps support 20 treat-ment centers where services are provided to crippled children and adults regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped to overcome their disabilities.

The Easter Seal program is financed by contributions made during the Easter Seal Campaign which is now underway and will continue until April

11, Easter Sunday.
During 1970, the Texas Easter Seal Society provided treatment and services to over 21,000 children and adults with a variety of physical handicaps.
Mr. Barkley urged that con-

tributions to the Easter Seal Appeal be made as soon as possible.

Once again the new model cars have failed to provide that one extra we've needed for years: An automatic choke for backseat drivers.

Rise in Consumer Spending Locally

To get an idea of just how much the Hansford County economy has grown in recent years, it is necessary to look back beyond 1970 and note the changes that

have taken place. The extent of that growth since the beginning of 1965, is brought out vividly in figures released by Sales Mana-

They show that retail business in the local area, a major indicator, went up 93 percent in the five-year period since 1965.

The gain was made despite consumer feelings over the war in Vietnam and des-pite domestic problems and higher taxes, which led them to be more conservative in their spending during the last year or two than they

would have been otherwise. The amount of business done by retail stores in the Hansford County area rose from \$13,524,000 to \$26, 103, 000 in the five-year period, according to the findings. Part of the increase was due, of course, to inflation.

The local increase of 93 percent was relatively high. It compares favorably with the gains made at the retail level in many parts of the

Country.
Throughout the United States, the rise was 33 per-cent and, in the West South Central States, 40 percent.

The growth in retail activity in the local area is attributed to several factors. A principal one was the marked rise in disposable

income per family since 1965, notwithstanding price hikes, bigger taxes and the larger deductions for social security.

The figures in the report show that total net income

in Hansford County went from \$17, 014, 000 to \$23, 373, 000 after taxes, in the five years. It was a 37 percent jump. For the near future in the United States, most economists forecast a slow but steady improvement in the

economy, with a return of

some of the zip that was lost

in the last year or two. The signs are already in evidence. Interest rates have been dropping, consum-ers have begun to loosen their purse strings, housing starts are up and automobile prospects are favorable.

Divorce Laws

COLLEGE STATION -- For more than a year, a new does has governed marriage and divorce practices in Texas, announces Jane Fleischer. Extension family life education specialist at Texas A&M University.

The new Family Life Code, which became law in Jan. 1970, emphasizes reconciliation in divorce cases. For example, when the judge receives a divorce petition, he can order the couple to consult a marriage counselor. The couple, in turn, must report their progress to the judge, who may then postpone the hearing up to 60 days for additional

The new code also alters divorce courtroom proceedings, attempting "to remove the battlefield nature of these cases, Miss Fleischer said. The cases, for instance, are now titled, "In the matter of the marriage of John Doe and Mary Doe," rather than "John

Doe vs. Mary Doe.' Gounds for divorce have been expanded under the new code. If a marriage fails because of personality conflicts, the couple does not have to contrive cruelty as a defense. Insupportability is also grounds for divorce under new law. Insupportability means that the marriage is unbearable for both parties.

The new family code also affects marriage practices in Texas. A man 19-years old can now legally marry without parental consent; the age for women, however, remains

Boys, 16, and girls, 14, have always been able to form common law marriages without parental consent, if they meet three requirements: agreeing to be husband and wife, living together as huband and wife. and holding themselves out to

the public as husband and wife. The only change in the new law is a provision for recording these common law marriages. This practice will preserve the existence of the marriage in order to prove legitimacy of children and to obtain bene-

fits, such as social security. The new law actually gives parents a greater control over their teen-agers, " Miss Fleischer says. Parents can now file annulment suits when underaged youths marry without consent. These suits apply to both ceremonial and com mon law marriage. Under the old law, parents had no legal right to sue for annulment.

Other provisions of the new Family Life Code include requiring that a spouse be absent only a year instand of 3 years to qualify a divorce on grounds of abandonment; allowing former in-laws to marry; abolishing counter-claims of misconduct as a defense in divorce suits; and providing that condonation, if proved, is a valid defense in divorce

The latter provision con-cerning condonation is acceptable only if reconciliation is probably. The old law stated that reconciliation, once a divorce suit had been filed, proved that the plaintiff con-doned whatever misconduct the defendant had been accused of. If reconciliation failed, the plaintiff then had to find new grounds and file an entirely new suit. Lawyers criticized that this practice discouraged couples from trying to recon-cile their differences.

As happens in times of re-cession, when people are more concerned than usual about their future, residents of Hansford County took

Highest Average In U.S.A.

as a contract of the first

First In Dist. Local Insurance Protection

teps in the past year to bol-ter their financial security. They tightened up on their non-essential expendi-

tures, put more of their dis-posable cash into their savings bank accounts, more into life insurance and health insurance and reduced their installment debt. As a result, they entered

the current year with more safeguards than ever, especially with respect to cash savings and life insurance. For the local community

as a whole, life insurance holdings are now placed at more than \$57,801,000, a Data on the number of policy holders and the ex-

tent of their coverage is given for each of the states and for the United States as a whole in the current Life Insurance Fact Book and in

other reports.

They show that families boosted their protection in this direction by an average of \$1,600 during the past year.

As a result of the large increase, the overall amount of life insurance in force in the United States reached \$1.4 trillion (yes, trillion) or nearly 10 percent more than in 1969.

In the State of Texas alone, the reports show, the total is \$71,525,000,000, as against \$66, 227,000 a year

For the majority of families, there is a direct relationship, it is found, between their annual income and the amount of insurance they carry. In Texas, the amount now held is equivalent to about 27.2 months of after-tax income.

Applies to Hansford County and to the average in-

come listed for the area, the life insurance holdings locally are an estimated \$24,100

per family.
This is well above the average per family through-out the United States, \$21, 100. In the State of

Texas, it is \$20,300.

Another big factor accounting for the surge in insurance protection is the big increase, recently, in the number of marriages taking place. These young couples with their new responsibilities, are quick to provide themselves with such protection.

The ability to lie differs among people. For instance, a short-armed fisherman isn't as big a liar as a long-armed

Pigweed (carelessweed)? Cocklebur? Sunflower? Morning glory?

BANVEL GETS TO THE ROOT OF YOUR WEED PROBLEM

BANVEL TRANSLOCATES/SPRAYED 7th OF MONTH

More and more grain sorghum producers find certain deep-rooted weed populations building up. Neither other weed killers nor cultivation give effective control of extra-tough and resistant pigweed (carelessweed), sunflower, cocklebur, morning glory, lambsquarter, purslane, other costly broadleafs.

Banvel, the post-emergent herbicide, does control them. For one simple reason. Banvel translocates. Absorbed by foliage and roots, Banvel moves with plant fluids from leaf tip to roots, and back again. Destroys as it goes.

Cost of Banvel? As little as \$1.90 per acre broadcast. Spray 10 to 25 days after emergence of sorghum, when weeds are young, growing most actively. Sorghum, when used as directed, is completely tolerant to Banvel. Ask dealer or custom sprayer for full information on Banvel. Every container of Banvel carries the Velsicol guarantee of sorghum tolerance to Banvel.

Farmers that have installed diversions under the Great Plains Conservation Program are: John Betty, George collard, Ruth Garner and H. H. Hudson.

Texas Cattle Feeding Industry Continues Growth

OLLEGE STATION, -- The ge commercial feedlot is ning more and more imortant to the Texas cattle ding industry.

Feedlots with capacities of under 8,000 head (at one time) decreased in number while lots with capacites between 00 to 15, 999 head made the biggest gains in 1970, according to Dr. Ed Uvacek, Extension livestock marketi 3 specialist.

Feedlot marketing in the U.S. reached a record 24.9 million head during 1970, ac-

cording to recent USDA "Cattle on Feed" report. Texas feeders turned out 3.1 million head in the calendar year 1970. Last year Texas had 306

feedlots with a 1,000 head or more capacity operating at any one time. Dr. Uvacek indicated that these feedlots accounted for 97 percent of the

fee cattle marketed in the state. Five large feedlots, with capacities of over 16,000 head, were also in operation last year in Texas.

A separate report issued by the Packers and Stockyards Administration shows that almost 11 percent of the 2.7 million cattle and calves fed in Texas in 1969 were owned by or fed for meat packers. Texas ranks as the leading state for packer feeding, Dr.

Uvacek said. The Texas feeders figure represents an increase of 432, ooo head over last year, considerably smaller than the year earlier gain, Dr. Uvacek com-

He indicated that Texas re-

mented

mains the third largest feeding state in the nation, surpassed by Iowa and Nebraska. Dr. Uvacek added the ranking of the top, ten cattle feeding states remained about the same as the previous year, with Minnesota edging out Arizona for the eighth position.

CATES REPORTS ON YOUTH COMMITTEE

Two House subcommittees have undertaken study of two bills that deal with the youth of Texas.

House Bill No. 466 would set up a Commission on Services to Children and Youth that would coordinate the activities of all state agencies that are concerned with children and youth. Hope fully, this will lead to more effective programs. Similar commissions are in effect in thirty other states. The commission shall be composed of nine state agency and department heads plus eighteen lay members, five of whom must be twenty-five years of age or younger. Their duties shall consist of holding periodic meetings to assist state agencies in youth related programs, make recommendations to the legislature, and undertake any other appropriate youth related activities. The commission will also be responsible for making an annual written re-

on Sunday.
All of the proceeds from port on or before December 1 of each year. The other bill, House Bill No. 80 authored by the show have annually gone to the Opportunity Plan, Inc Representative James Cole of corporated at West Texas State Greenville, would allow a 21 year old a chance to have a marijuana felony conviction removed from his record if he was convicted only once while

University in Canyon. This is a student loan plan that assists worthy and financially troub-led students through college. The Opportunity Plan Inc. is comprised of 42 divisions, of which our fund is one division. This fund grows through contributions only, as there is no interest involved. Because of

the rotating nature of the funds,

our account, which totals

\$8,853,50 from the past eight antique shows, has enabled 25 students to use this money for their education. As these funds are repaid to the account, other students are then able to borrow from it. According to Milton (Buff) Morris, director of the Opportunity Plan, more than 2700 students from virtually every town in the Texas Panhandle have been recipients of the loan aid. Our fund now has 15 students using this money to complete their education. Tickets to the show are \$1.00 and are available from any 20th Century Cotillion memer or at the door. Mrs. S. Gene Hall is the show chairman, with Mrs. Don Morrison co-chairman and Mrs. Jim Hughes, publicity chairman. President of the women's organization is Mrs. Ralph Mc-

ATTACK ON ALCOHOLISM IN NATION. A public hearing on the

needs of alcoholics and methods by which communities can face "the number one public health problem" as defined by President Richard Nixon will be held in Amarillo on March 23, 1971.

All Panhandle counties are asked to participate by the Rev. Alan Conley, Chairman

for Region 1.

Conley and three others were named by the Texas
Commission on Alcoholism to prepare a regional report which will be incorporated in-to a "Texas State Plan" for submission to the Federal Government.

Other members of the regional committee are Mrs. Claudette Landis, a member of the United Way of Amarillo Budget Committee; Bill Cooke of Clarendon; Louise Evans, Coordinator for the Amarillo Mental Health-Mental Retardation Regional Board of Trustees. Consultants are John Raef, Director of the Amarillo Council on Alcoholism, and the Rev. Fred Howard, Local Alcoholism Coordinator for the Deaf Smith Council on

Alcoholism. Recently enacted federal legislation to provide a massive attack on alcoholism in this country necessitates each state's presentation of a state plan as to how the state intends to implement a comprehensive program of rehabilitation, prevention, and treatment of alcoholism and alcohol abuse.

'We want to give every interested Texan an opportunity to tell us how they see the needs of their particular part of the state", says Ken Bea-

han of Austin, Executive Director of the Texas Commission on Alcoholism, who notes that a committee of 100 Texans have been named to direct the work of the regional plan. "This is the reason we have divided our committee of 100 into seven sectional regions of the state and have obtained a knowledgable person in each of the state's planning regions to serve as a regional chairman."

The Rev. Conley is Vice-Chairman of the Amarillo Medical Alcoholism Committee of the Mental Health-Mental Retardation Board, which has been devising a comprehensive alcoholism treatment program for the Panhandle area. A grant -in aid from the National Insti-tue of Mental Health has been approved for the Panhandle project, but the funding has not yet been made. Conley is also a past President of the Amarillo Council on Alcohol-

The public hearing will be held in the City Commission Chambers at 7:30 p.m. on Tuesday, March 23. Invita-tions will go out to govern-mental and voluntary association leaders, but the public is urged by the Reverend Conley to attend the meeting.

We must present the problem, the programs we have underway to meet the problems, the other elements of a massive attack in our regional report," Conley said. Unless Panhandle residents are willing to contribute their time and talents to the writing of this State Plan, we cannot hope to have our own "grass root opinion" reflected.

Plains Agricultural Council Is Formed

The Plains Agricultural Council was formed Monday, in Plainview, Texas, for the purpose of formulating policy and methods of working with the environmental protection agency in Washington.

The council was formed from 3 representatives of the following organizations: Grain Sorghum Producers Association, Southwest Texas Cattle Feeders Association, Plains Cotton Council, Texas Wheat Producers. Texas Sorghum Producers, Texas Soybean Association,

Texas and New Mexico Sugar Beet Growers, and Vegetable Growers Association.

The first problem is pesticides and control of insects. and the problems presented by H.B. No. 4152 now before Congress. New officers in the council

are President Don Anderson, Crosbyton, Texas; Vice President A. W. Anthony, Friona, Texas; and Secretary Troy Sloan, Spearman, Texas.

Mr. and Mrs. Roberto M. Frescas of Waka are parents of a baby girl born March 10 in Hansford Hospital. She weighed 5 lbs. 42 oz. and was nam-

OWN A MONTGOMERY WARD CATALOG STORE FRANCHISE

How would you like to start your own business...and open the doors with a trusted 96-year reputation the very first day? Now you can! Here's a unique opportunity for you to become your own boss in a bold new business...a business that offers virtually risk free income, from a remarkably small capital investment.

Montgomery Ward is looking for Sales Agents. If you're a stable, ambitious man ... or a husband-wife team, with an urge to break out on your own in a catalog store we're looking for you. We've developed a unique program requiring a very small initial investment in which all the agent immediately supplies is the locationleased or owned-plus a portion of the expenses and his ability and strong desire to sell! We make available everything from store fixtures and display material to free management training and plenty encouragement. We want you to succeed. You'll retain a favorable percentage of the profits, so the size of your earnings is determined by your ability to run an efficient business.

If you're interested, we're interested in you!

Maternal grandparents are Mr. and Mrs. Oscar Schneider of Spearman. Paternal grandparents are Mr. and Mrs. Ned Turner, also of Spearman.

PRPC WORKSHOP HELD THURSDAY

CANYON -- Criminal justice personnel from the Panhandle State Planning Region have been invited to attend a regional workshop dealing with long-range improvement plans for criminal justice in Texas.

The session will be Thursday (March 18) at the new Activities Building, West Texas State University in Canyon, beginning at 9:30 a.m. It is especially designed for mayors, city managers, police chiefs, sheriffs, and county judges of the 25 county region, which comprises the counties of Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchison, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher, Briscoe and Hall. Sponsor of the workshop is

the Panhandle Regional Planning Commission. The purpose is threefold: to increase participants' knowledge and understanding of the long-range plan for improvement of criminal justice in Texas; to further knowledge of the grant programs available in 1971. and to encourage use of avail-

able grant programs to achieve goals of the long-range plan. Members of the state criminal justice planning staff will be on hand to discuss the programs which may be funded by the Criminal Justice Council, including Judge Joe Fraz-ier Brown, Denny Pace, Robert Hill and Peter Kleck.

The Criminal Justice Council, responsible for statewide planning, advises Governor Preston Smith on administration of grants to units of state and local government to assist them in carrying out pro-jects for improving the criminal justice system.

To be discussed at the meeting are the 11 broad programs contained in the 1971 Criminal Justice Plan for Texas: upgrading law enforcement personnel, prevention of crime, prevention and control of juvenile delinquency, improvement of detection and apprehension of criminals, improvement of prosecution and court activities and law reform, increase in effectiveness of corrections and rehabilitation, reduction of organized crime, prevention and control of riots and civil disorders,

improvement of community relations, research and development and improvement of information and communications system.

BILL CAN HELP SCHOOL TEACHER SELECT MATERIAL

the opportunity to negotiate, tatives, with school boards ture by Senator Joe Bernal, San Antonio, and Representative Clyde Haynes, Vidor. operation with Texas Classroom Teachers Association.

Teachers who are willing to get involved in seeking solutions to educational problems should have the assurance that their recommendations will be considered by local school boards, " said Bernal and Haynes in a joint state

At the present time, only some 70 of the 1, 250 school districts in Texas have formal agreements between teachers ers in Texas can enter into discussion with boards even if the majority of teachers are

YOUTH ATTITUDE TOWARD MILITARY STUDIED

COLLEGE STATION, Feb. 25--who is more receptive to military service -- a lower class youth who wants to get some-where in life, or a youth of higher class status who wants

to get somewhere?
If the question appears too easy, try this one: Who would have a more positive attitude toward the service -- a rural Negro youth who lives in the traditional South, or a rural white youth who lives in the same community?

Most readers will probably go along with the first part

of each question because they assume that the lower class youth would view the military as a way out of his predicament or a means to get training or a career. In either case, the assump-

tion would be wrong, according to a study reported by Dr. William Duvlesky and Jane Dameron in the January issue of the "Journal of vocational Behavior." The research team from

Texas A&M University's Agricultural Economics and Rural Sociology Department found that Negro and white boys were "more alike than different in their orientations and projections for military service than youth of higher class status.

Kuvlesky and Dameron evaluated the students' attitudes toward military service by measuring their agreement and disagreement to such statements as "Every Amarican male should want to serve in the military"; "One should not complain if he is drafted"; and "Anyone who enlists in the service is foolish.

They found that both Negro and white rural boys similarly desired military service, had strong positive attitudes about it, and "almost expected to be involved in some type of military status," although a major-ity were uncertain about their expected involvement.

The major difference between Negroes and whites is in their expectations of how they're going to be involved. Many more whites think in terms of either no military involvement or part-time com-mitment in the Reserves than did Negroes. Also, more Negroes than whited expected to either enlist or to enter officer's training in college.

Lower class youth with a aspirations to get somewhere are not necessarily more tively oriented toward in tary service than others, A&M team learned. The as well as other responde are equally positive in the orientation toward the mile although other studies indi-

Mr. and Mrs. Ross White of
Amarillo, West Texas State directors will be talking with those present concerning getting this children's TV program on the Amarillo station weekly. There will be lunch furnished and the film will be shown during the noon hour if you are unable to come earlier.

The meeting will be dismissed at 2:00 p.m. but if you have to leave earlier, do so. This is open to the public and the area director, Mrs. D.H. Kelly of Morse, Texas would like to see a large group out to ask questions and see what it is all about.

Babe Ruth League Sets Play

Coaches are badly needed to help with the Babe Ruth baseball league this year, and a new president is yet to be

In a Babe Ruth meeting held in the James Lair home Sunday afternoon, tournament dates and places were named.

The 13-year old boys tour-nament will be played in Spearman this year on July

The district tourney will be a home-and-home affair to played July 19-22. Pampa, Canyon and Spearman each tossed a coin and Spearman drew a bye for the first game. Pampa & Canyon then tossed to see where the first game would be played and Pampa won and elected to play in Canyon the first game, and in Pampa the 2nd. Spearman won the second toss and chose to play the championship game at Spearman Thursday night, July 22.

The State tournament will be held in Dumas this year, as District One is to be host,

The Regional tourney will be at Carlsbad, N. M. Aug. 8-14 and the Babe Ruth World Series will be in Albuquerque

Aug. 22-28.
Towns represented at the Sunday meeting included Pam-pa, Spearman, Dumas, Stin-nett, Fritch, Canyon and

Also present was the District Director, Wayne Jones of Pampa.

Grand Jury Will Meet Tuesday

An 84th District Court Grand Jury will meet Tuesday March 23 at 10 a.m. The Grand Jury will probably not be in session long. The jury is expected to consider evidence in several

forgery cases. Grand Jurors include: Fred Cooper, Sara Messer, Elvin Cooper, Sara Messer, Elvin Wright, Juanita Logsdon, Gordon Stedje, J.L. Brock. Tom Dortch, Clementine Renner, Alma Gruver, Pat Dear, Dorothy Hudson, Robin Giblin, Helen Etter, P.A. Lyon, Richard Shedeck, Dee Jackson, Frances Rhodes, E. A. Williams, Hershel Jones A. Williams, Hershel Jones and F. W. Thomas.

Funeral Rites For Mrs Turner's Father Were Held Monday

Word was received here early Saturday morning of the death of Mr. J.P. Quattlebaum, 68, a long time resident of Frederick, Okla. He was the father of Mrs. Bill Turner of Spearman.

Funeral services were conducted at 2 p.m. Monday March 15 from the Church of Christ in that city.
Mr. Quattlebaum is surviv-

ed by his wife, and one other daughter besides Lil Turner, 4 grandchildren and one greatgrandchild.

ets, made 10 arrests and investiaged 6 motor vehicle acci-

dents in February. Volunteer Firemen had two regular drills last month and made two fire calls: one in the city and one in the county. The city fire was a "smoke scare" at 1011 S. Dressen on Feb. 21. The heating unit was smoking. Firemen answered the county call at the Alexander Ranch north of Spearman where a barn burned.

The general public is invited to attend a special "Open House" staged by Spearman volunteer firemen on Sunday, April 4 at 2:30 p.m. Go by and get acquainted and look over the equipment at the City Hall fire station.

Enjoying the event were Mrs. Harley Lewis, Mrs. Roger Ocegaard, Mrs. Britt Jarvis, Danny Carroll, Mark Nichols, Jack Carroll, Messrs, and Mmes. James Green, Ellzey Vanderburg, Edwin Pearcy,
Calvin Bodey, Wayne Ware,
Bob Crawford, Albert Clark,
Ted God rey, Charles Shieldknight, Monte Lesly, Hoyt
Siles, Claude Sheets, Ir Biles, Claude Sheets, Jr., and Bill Turner.

Frankie Sloan and second by

Hansford

County Library

The Hansford County Library Board met March 10. Book circulation for the month of Febryar was 1, 222. The decision was made to purchase 75 new children books for the Summer Reading Program. The Texas State Library loans for the summer will be about 100 books for the program. Due to the postal regulation en-forced law on the free copy of the Spearman Reporter to the Library being cancelled, it was voted to continue the pa per with a subscription. After the purchase of the McClellan Memorial bookshelves there were still some funds left so it was decided to purchase more

Mrs. Frank Davis presented the Library with a decoupage her sister had made of the

burned mortgage.
Board members in attendance were Chairman Dick Countiss; secretary Mrs. Peyton Gibner; Mmes. Frank Davis. Dick Kilgore, Henry Cornelius, R. E. Lee, Jack McWhirter and Librarian Mrs. Thompson.

IDEAL TO PUT RECIPES ON MEAT PKGS.

Starting right now, Ideal Grocery will feature Better Homes and Gardens recipes right on their fresh meat packages. This consumer service should be of tremendous help to the homemaker whose never-ending cry is "What shall I fix for dinner tonight?"

These recipes have been developed and tested by Better Homes and Gardens, publishers of the naton's best selling cookbook.

Mrs Lillie Hacker ISTEL Hostess

Mrs. Lillie Hacker Sanday hosted the monthly meeting for the TEL Sunday School class of "e First Baptist Church.

Mrs. Alma Kizziar, president, conducted the business meeting during which the class voted to contribute \$25,00 to the church building fund. This class has contributed \$75.00 to the fund thus far.

Mrs. Billy Miller, class teacher, gave the devotional following which the hostess served refreshments to Mmes: Berdie Lewis, Susan Wagnon, Ethel Baley, Alma Kizzier, Hattie Mackie, Lera Langston and Sybil Miller.

Mrs. Kizziar will host the next meeting on April 10.

Mrs. Helen Fisher spent the weekend in Hall County visiting her son, Mr. and Mrs. Zack B. Fisher and family. Helen said they had a real old-time dust storm there Saturday when it got so dark you had to torn the lights on to see.

Arthur Godfrey, with his ex-planation of how Women's lib began: "After all these years, they just got tired of dancing backwards.

Waka P TA will be represented in the District 19 P-TA Cultural Arts contest with a visual arts entry by Jimmy Ladd, third grade student. His entry is a log cabin constructed from an old lattice and painted. Also displayed with it

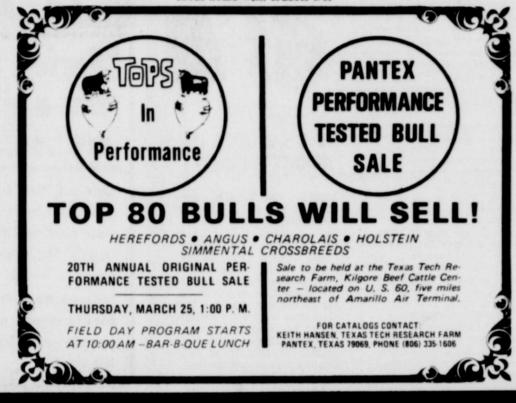

are wild animals around the cabin. Winners of the District contest will be sent to the state contest to be judged.

Brownie 'i'n 149 met Thursday March 11 at the scout house with leaders Dor-

is Perkins and Ann Flowers. The girls are making animals from rocks collected on a recent field trip they took. Refreshments of toasted apples with caramel sauce were served by Debbie Perkins to Shannan Bowling, Pamela Dry, Debbie Eller, Connie Etheredge, Jan and Jane Flowers, Tammy Ford, Tammy Freeman, Joann Reed, Me-

lissa Robertson, Karen South-

ern. and Lvonne Sullivan.

Move up to Flameless Electric water heating and

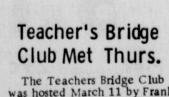

on installation costs

A special \$25 installation allowance is available for customers of Community Public Service who switch to electric water heating and select one of the fast recovery electric water heaters now on display in our office. These flameless electric water heaters are quiet, dependable and efficient. They are guaranteed 10 years . . . if the tank should fail within 10 years, the manufacturer will furnish you a replacement electric water heater free. No ventilation or flue is required, so these flameless electric water heaters may be installed almost any-

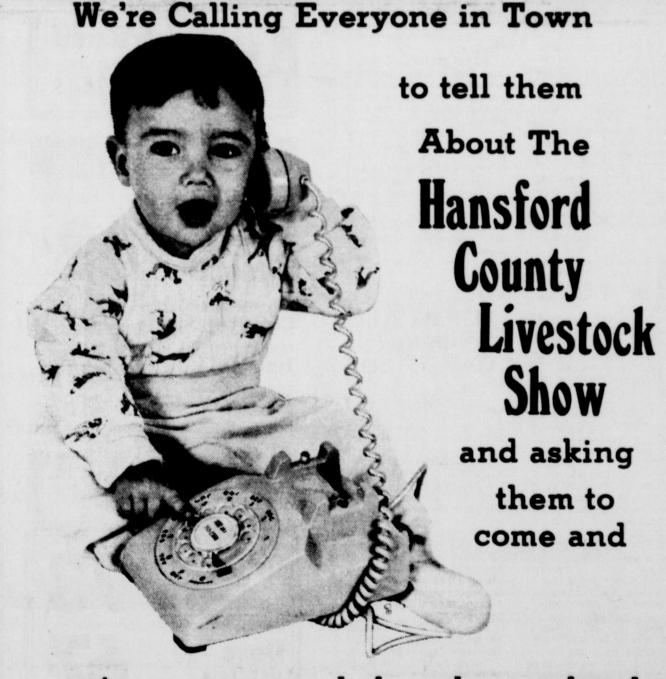

1

where in your home. Visit our office soon for more information on the advantages of heating the modern electric way . . . and ask about the money-saving special rate for electric water heating.

The Teachers Bridge Club was hosted March 11 by Frank-ie Sloan in her home. Members in attendance were Fern Robinson, Martha Latham, Betty Hazelwood, Sonja Rags-dale, Felma Evans, Frankie Sloan and a guest Sylvia Rob-ertson. High score was won by Fern Robinson.

enjoy a very good show by our local FFA & 4-H Clubs. Remember the Date March 22 nd.

1 got a kick out of reading the official report of the 1970 census recently mailed us by the Department of Commerce. Especially the statistics on population characteristics for Hansford County. The show this county with a total population of 6, 351. 6,342 of these are "white' three are negro and the other six are listed as "other." where the three negro people are no one seems to know. but everybody knows we have more than six Spanish people living in this county. A real conservative estimation of the number of Spa ish AMILIES in Spearman would be at least seventy-five, and most of these families have from three to six children.

Many counties re getting a laugh out of such population figures in the census report. Harold Hudson, Perryton Heral ! publisher, said he wondered where the census bureau found the 27 Negro residents supposed to be living in Ochiltree county. Over in Lipscomb county, the 1970 census fi jures lists 153 Neg-roes as living in the county but no one has yet been able to find them either! Ben Boren, editor of the Booker news figures Lipscomb county has been intergrated throu h computer error and that these 153 Negroes belong in some other county and have been placed in Lipscomb county by computer error. Boren says that Lib comb county's population rose from 3,406 in 1960 to 3,486 in 1970. Subtract the 153 which the computer gave them from some other county and there is actually a drop in population to 3, 333 or 2.1 per cent under 1960 which is more realistic and in line with other counties and cities in the Panhand'e

MEN WITH long hair and paisley pants you've seen. But can you believe men's pantyhose? It's hard, sure, but they are on the market! in Illinois and Wisconsin is laughing --- all the way to the bank. They report booming sales of men's one-piece under-wear-hose at all stores to men of all ages. The lightweight dual purpose long johns are said to be a good item for men who have to work both outside and inside during the day. They are nylon, sell for \$6.50 and, presumably, get runners just like milady's.

REMEMBER ALL those letters you wrote protesting Madeline Murray O'Hare's suit to get NASA to forbid astronauts to read the Bible in space? Well, this atheist crusader is at it again. She obtained 27,000 signed let ers protesting the decision of the astronauts to read the Bible as a Christmas message to the world from their space craft orbiting the moon in Dec. of 1968. She used these to back her lawsuit to require NASA to censure the astronauts and to eprive American leaders of their right to express their faith in any way in public. Her suit was denied, but she is appealing to higher courts.

A counter-effort in cooperation with other groups and organizations seeks to secure 100,000 signed letters commending the astronauts and thus off-setting Mrs. O'Hare's efforts to force her atheism upon our leaders. Lest we take this lightly, we should be reminded that largely through this woman's effort, we awoke one morning nine years ago to find it illegal to read the Bible in he phulic schools and we would be very sorry if, through default, s'ie were successful in this latest effort to influence national policy on behalf of her "religion" which she avows to be atheism.

Your letter is again needed. It should be sent to the National Aeronautics and Space Administration, Manned Spacecraft Center, Astronaut Office, Houston, Texas 77058.

The above article was printed in Rev. Wesley Daniel's Church letter the past week and Wes was urging EVERYONE to write

a letter.
I GOT a kick out of reading George C. Scott's reply to the academy of Motion Picture Arts when he learned this agency had nominated him for an Oscar Award. Those of you who saw the movie PATTON

know what a great job Scott did in playing the part of Gen-eral Patton. But he says he is like General Sherman about the oscar bit, and sent his reply as follows "If nominated, I won't run. If elected, I won't serve." Scott said he thinks the "oscar awards are a meat parade and pure nonsense." We saw the show and personally I think

Scott did a great job in his portrayal of Patton, but it will tickle me to death if he ignores the nomination and refuses to accept it if he is celected. Any blow against Hollywood is good.

Billy and I went to see Sherlock Holmes the other night, thinking we would see a good mystery. Right off they had him a main-Uner dope, addict, and when they ran in the bit which questioned him to be a homo sexual, we got up and went

HAL SANDERS IS DEBATE WINNER

ABILENE -- Hal Sanders, son of Mr. and Mrs. H.L. Sanders of 209 S. Barkley, Spearman, was one of wo Abilene Christian College seniors who recently won the Texas intercollegiate debate championship.

Sanders and Randy Morrow of Goodland, Kans., won the varsity division title at a tournament in Austin at the University of Texas March 12-13. Sanders also tied with Bob

Malone of University of Tex-

as at El Paso as outstanding speaker in the tournament. Twenty-two colleges and universities in Texas participated in the tournament. After six preliminary debates Sandes and Morrow defeated the University of Texas in the semifinals and Texas Tech in

the finals. A 1967 graduate of Spearman High School. Sanders is a communications major at Abilene Christian. He serves as vice president of the ACC Debate Association and is vice president of Blue Key men's honor society. Sanders has also been recognized in "Who's Who Among Students in Ameri-

can Universities and Colleges.' Sanders and Morrow have also placed at other debate tournaments at Baylor University, Oklahoma State University and the University of Texas this se-

DISTRICT UIL SPRING MEET CONTESTS SET

James Cunningham, Supt. of Spearman Schools and general director of the District UIL contests, has announced

the dates for the annual event. One-Act play contests will be held at Frank Phillips College on April 15. Mrs. June Porter of Spearman is play chairman for the district and Mr. Guy Yates, WTSU, will be the critic judge. Literary high school events

will be at Frank Phillips College April 16 and 17. The elementary school literary events are set for the same dates at the Phillips elementary school.

High school track contests are set for April 6 & 7 at the Panhandle high school field. Tennis matches will be held at the school tennis courts in Borger April 15 and golf competition is scheduled for April 16 at Panhandle.

All entries for the District 1-AA 1971 UIL Spring Meet must be postmarked at least 10 days prior to the date of the particular meet or con-

Rebekah Lodge Met March 11

Spearman Rebekah Lodge met March 11 in the IOOF Hall at 7:30 p.m. Noble Grand Mona Slater and Vice Grand JoAnn Weaver were presiding officers for the short business meeting. Refreshments were served by Marie Sparks and Ruth Caro to members in at-

tendance.

TOURNAMENT HERE FRIDAY

B-TEAM STILL UN-DEFEATED IN GOLF PLAY

Spearman's undefeated B team golfers, continued their winning ways at the local course Saturday, when they blasted the Canyon B team 345-388, beating them rather easily. The varsity team tied the AAA Canyon team with both teams shooting a 308, and this is a very rare occurance to tie a score like this. Tony Harper, Jr. Salinas, Phil Windom, Mike Floyd and Scott Latham were on the var-

sity Saturday. Tony Harper had low score with 71. The B team consisted of Pat Sloan, Edgar Womble, Kent Benton, Randy Denham and Martin Hendrick. The B team is one of the few teams in the state of Texas that has never lost a

Coach Mickey Owens an-nounced this week that the annual Spearman High School in-viti ational golf tourney will be held this Friday morning with tee off time at 11:00 a. m. Spearman is the defending champion of their tourney held here last year. There will be 14 teams

entered in the big Spearman High School tourney this weekend. The teams are

Spearman, 2 teams; Perryton, 2 teams; Dumas 2 teams, Guy-mon, 2 teams; Liberal, Kansas 1 team; Hugoton, Kansas, 1 team; Sanford-Fritch 1 team; Booker, 1 team; McLean 2

Liberal was runner-up to the crack Spearman High School team last year.

Individual scores in the match with Canyon are as follows: Tony Harper 71, Jr. Salinas, 76; Phil Windom 79; Mike Floyd 82; Scott Latham 84; Martin Hendrick 85; Edgar Womble 90; Randy Denham 91; Kent Benton 96; Billy Haz-

GORDON'S DRUG

What good is a newspaper?

You probably never gave much thought to the question but, if you get right down to the bare faced facts, a newspaper like the Reporter is good for many things.

For instance: how many times have you wondered what day of the month it was and then picked up your paper to ascertain the date? How many times have you checked the grocery ads to pick the best buys for the family table?

You might have heard on TV or by some other audible source that the Junior Livestock Show was going to be in Spearman on Monday and an hour later you forgot when the man said the show would take place or where it would be or what time it would start or when the auction would begin or the names of the youngsters participating in the event.

Now, if this has happened to you, it's a lead pipe cinch you can't go and turn the broadcasting instrument back and get a repeat of the announcement but you can pick up your Reporter and review all the information at will.

You may have heard about a sale at Reed's Shoes and you want to refresh your memory on prices and styles. If the ad was in the Reporter, it's as simple as picking up the paper.

Who was running that special price on flash bulbs? Look in the paper. It was Gordon's Drug. The name and the price didn't disappear into thin air. It's still right there in front of you.

The Reporter is mighty handy for posting you on forthcoming events and lots of people enjoy reading about events that have already taken place.

Reading the Reporter is sort of like the old pastime of listening in on the party line. The only difference is: you can't very well interrupt on the party line and say: "Will you please repeat what you just said?" With the Reporter, you just re-read what you might have passed over.

We're first to admit that life would be pretty dull for some people if everything went smooth as silk. It breaks the monotony when you can find fault with or criticise.

That's another feature about the Reporter. You can often times find fault with something you see in that paper.

You might see someone running for office of whom you don't approve. You might dislike the person so much that you throw the paper on the floor and stomp it. After that, you can pick it up, read it again and proceed to throw it down and stomp it once more.

One word of caution: If you see that same candidate on your TV screen, don't try giving it the same treatment you gave the Reporter. You might destroy a pretty expensive picture tube.

Your best bet will be to go pick up your Reporter and get mad again at the paper.

Spearman Team Wins Tournament

Team, dressed in their purple and white colors won the Top of Texas tournament, at Pampa, Thursday night. The game was a thriller from the beginning. The local all-stars were playing the tall talented First National Bank team from Pampa, and won the game 52-

The Pampa bank team jumped into a 13 point lead over the locals at one time in the first half, but Spearman closed the gap and took a five point lead late in the fourth quarter. The Pampa five closed the gap to 52-50, and as the buzzer sounded, a Pampa player literally threw the ball through the hoop, but the goal did not count, giving the Spearman all stars-the "Top-O-Texas" Champforship.

The all-stars featured local players Coach Allen Simpson, who made 18 points in the championship game; Charles Shieldknight, who hit 6; Lynch from Phillips hit 3, but was outstanding in rebounds and his floor work for the Spearman team; N. Simpson of Borger hit 6, Darrell and Bill Douglas, the Arkansas twins, combined for 3 points, and played outstanding on defense;

Larry Reed of Phillips hit 10 points; and Johnson hit 5 for ' the newly crowned champions.

The tournament results were as follows: First Baptist 64-Hot Tuna 55 Pantex 79-Stinnett 58 BakerTaylor 71-Celanese 54 Spearman 60-St. Mark's 43 First Baptist 62-Hot Tuna 57 First Baptist 57-Celanese 72 Spearman 73-Pantex 67 Stinnett 67-St. Mark's 63 First National 61-Baker Tay:

CREDIT BUREAU EXPLAINS REPORT

The credit bureau industry supports the objective to protect consumers against invasion of privacy as outlined in a recently-published study by the AFL-CIO Maritime trades Department, Susie J. Hand, Manager, of Credit Bureau of Hansford County, Inc. said today.

SPECIAL NOTICE

Farmers

Friday, March 12th we sold 3073 cattle and calves. The sale started at 12:30 p.m. and the selling finished at 6:00 p.m.

"However, we are deeply concerned about the large amount of false information about credit bureaus included in the study, "Mrs. Hand said." Many of the statements about credit bureaus in the wire service story from Miami Beach reporting the study were erroneous as they relate to Credit

Bureau of Hansford County, Inc. 'The credit bureau industry has an enviable record of support in the U.S. Congress to provide protections against the in-

Feedlot Operators

vasions of privacy cited by the study group" Mrs. Hand went on. "We supported the Fair Credit Reporting Act and were commended by Senator Proxmire. author of the Act, and other legislators, for the contributions our industry made to the new

Mrs. Hand said most of the complaints cited by the AFL-CIO study were problems associated with the investigative reporting industry which the study group confused with the credit bureau industry.
"For example, the study cha-

rges that credit reports contain subjective information such as personal habits, gossip, etc., which simply is not true,"
Mrs. Hand said. "Our credit reports consist only of objective information about a consumer's identity, employment, credit experiences and public record information -- and no more. dit ranters who use the services of the Credit Bureau of Hansford County, Inc. neither want nor request the type of information referred to in the AFL-CIO study, " Mrs. Hand

'While some business organizations may feel the need for personal habit information in order to make their business decisions, the Credit Bureau of Hansford County, Inc. does not use outside investigators.

"The sole type of report issued by our bureau which contains any opinion on subjective matter whatever is a Personnel Report, " said Mrs. Hand, "And

such reports are carefully segregated from regular report in-formation and furnished only in response to inquiry from a bona fide prospective employer.

Mrs. Hand pointed out that only twelve out of every 1, 000 reports issued by the local bureau is a personnel report.

"Our industry adopted the 'Credit' Bureau Policies to Protect Consumer Privacy' several years ago which are a requisite for membership in Associated Credit Bureaus, Inc., our trade association, " Mrs. Hand added. These policies, most of which were subsequently incorporated in the Fair Credit Reporting Act, formally ban every one of the complaints listed by the study

Boy Scout Troop 51 had a patrol race at their weekly meeting recently and the win-ner of the race along with each patrol leader and assist-ant would get to attend the roller derby in Amarillo. The Beaver patrol won. Thursday March 11, Messrs, and Mmes, Gordon Cummings, Earl Goodheart, Harry Stumpf, Bob Farr and Ronnie Burke took the boys to the Derby.

33¢

Fresh

Green Onions

Boy Scout Troop 51 under the supervision of Robert Crawford planted 2, 500 red cedar trees Saturday March 13 res to the Panhandle Animal Clinic. The boys are working of the Soil and Water Conservation Merit Badge. These the will be cared for by the boys of the troop for the next year or two. At the end of one year the red cedars can be bought for windbreaks, decorations, wildlife, etc. for 50 at the end of two years the price will be \$1.00.

Two basketball games will be played March 23 at 7 p.m. in the varsity gym between the FTA members and the faculty. 75¢ and 25¢

KNOW YOUR SPEARMAN FIREMEN...

Tommy Jack Bruce, member of the Spearman Volunteer Fire Department, is a well-known young man around Spearman. He may well be called a native Spearmanite having been born in nearby Waka.

Bruce attended school in Spearman and was active in football and basketball.

He has learned the automotive repair business through actual work in Bruce Garage operated in a partnership with his father during 15 odd years.

Tommy has been a member of the local fire department for better than nine years and has served as President dent for the past four years.

He and his wife Daveeda are mem bers of the Church of Christ. They are parents of two children: "Donna" age 9 and "Danna" age 7.

Tommy Jack's favorite sports are hunting and fishing. His favorite spectator sport is football.
