Life has many moments which include a few of those moments which are termed in the Reader's Digest as "Life's Most Embarrassing Moments."

This writer doesn't know for sure, but I'd bet that one of the most embarrassing moments for Wynn Holcomb came last Sunday afternoon out at Benger Air Park.

Wynn is one of the many flying enthusiasts hereabouts and is often seen flying about in a Beechcraft in the afternoon when he isn't farming.

But -- getting back to a red-faced Holcomb, Sunday must've been one of "those days" for Wynn and apparently he was present just in body and not in spirit as he came in for a landing at the Friona field.

Onlookers gasped as the big Beech neared the ground, for on this type of plane the landing gear is retractable, and Wynn hadn't lowered his gear.

On dived the plane, getting closer to the ground every second.

Those on the ground shouted, waved handkerchiefs and jumped in the air -- at the end of the runway Lloyd Messenger and a student in a Cub tried to chase Holcomb off the runway by zig-zagging down the field.

All to no avail. (Oh yes, on the instrument panel when the plane nears landing speed and the wheels aren't down a light flashes and a horn honks.)

But -- nothing daunted Wynn. As he flared out and lost flying speed, Wynn later told witnesses that "it dawned on me the gear was up, but it was too late then."

With the sound of a tin can rolling down a fire escape the big plane hit the ground and skidded down the field leaving a wake of dust in its path.

The crowd of folks ran to the plane and dust raised. Wynn got out of the cockpit, a little shaken but none the worse for the experience.

As one fellow put it -- that was one of the few times I ever saw Wynn speechless.

Luckily no one was hurt, and the plane wasn't damaged badly and everyone but Wynn got a laugh out of it.

One of the lighter moments at the Lions Ladies Night last week included a battle of wits, jello and spoons between our illustrious DA, Bill Sheehan and Pete Buske.

As most of y'all know, there isn't hardly anyone that can raise as much cain as Pete. But -- this time he met his match.

In an effort to sneak a spoon into Sheehan's pocket, and thus get the DA fined for "swiping tableware" Pete was unsuccessful but he didn't realize just how unsuccessful he was for a few minutes.

Apparently Sheehan knew Pete put the spoon in his pocket and while talking to Pete turned tables by pouring a spoon, plus a bowl of jello into Pete's coat pocket.

By this time the Taitwister was on the scene and when he asked Pete what was in his pocket you can imagine Buske's

SANTA'S COMING DECEMBER 5TH-

## Squaws Defeat Happy 53-35

The Friona Squaws defeated the Happy Cowgirls Tuesday night at the Friona High School gymnasium by a score of 53 to 35, but had to come from behind to do so.

The Cowgirls took a quick lead and held this advantage until shortly before the end of the second quarter of play.

The score at the end of the first quarter was 12 for the Happy team and nine for the Squaws.

However, toward the closing minutes of the second quarter, the Friona girls pulled out in front by a score of 22 to 19,

(Continued on page 4)

## Chamber Sets Plans For Christmas Season

A program for the Christmas season including the traditional visits by Santa Claus, Christmas decorations and entertainment downtown has been slated by members of the Friona Chamber of Commerce and Agriculture.

The group, meeting in the Community Room of the Friona State Band Friday morning, has set up a schedule of events for the downtown section of Friona beginning December 5.

Saturday, December 5, Santa Claus will arrive in Friona for his first visit of the holiday season. On that day Santa will be in downtown Friona to take area kiddoes for a ride in his sleigh and take their orders for Christmas.

The following weekend, Saturday December 12, special music has been planned for the afternoon at the city park. Friday, December 18, Santa will return and pay his traditional visit to the schools (visiting the first four grades) and give away Christmas candy and fruits.

On Christmas Eve, at a time to be announced later, the 1960 Corvair will be given away to some lucky person at the City Park in Friona. Carols and other musical entertainment have been tentatively planned for this afternoon also.

In conjunction with the Christmas season quickly approaching merchants have asked that all businessmen and their employees park their vehicles off the streets downtown in order to facilitate

Christmas shoppers.

Spaces behind the downtown stores along the alleys have been designated as businessmen and employee parking areas.

Also for the first time in several years Friona will have a residential decoration contest.

The Best Home Decoration Contest will be judged by

December 15 and prizes of \$25 \$15 and \$10 will be awarded to the owners of the most decorated homes in Friona.

In addition merchants will decorate their windows and although no prizes will be awarded to the best decorated windows, special recognition will be given the businesses having the prettiest windows for the Christmas season.

CHIEFTAIN BASKETBALL SQUAD--Squadmen for the 1960 version of the Friona Chieftain basketball squad are, left to right, Coach Roy Simmons, Ronnie Castleberry (only returning regular), Jackie Hight, Glendol Jones, Tom Sanders, Teddy White, Gary Bradley, Bobby Daniels, Larry Crow, Floyd Reeve and Ronnie Wood. Managers are Jim Bainum, left and Mike Ellis, right.

### 24 BOYS REPORT FOR SQUAD--

## Chiefs Begin Basketball

The Friona Chiefs held their first basketball workout of the season Monday afternoon in the high school gymnasium, reported head coach, Roy Simmons.

Simmons further stated that 24 boys were out for both the A and B teams, and that Earl Smith will coach the B team boys for this season.

Only one letterman will be returning from last year's squad. This is Ronnie Castleberry, senior guard.

Other seniors who have a good chance to make the traveling squad are Gary Bradley, forward; Ronnie Wood, guard; Glendall Jones, forward; Jackie Hight, forward; Teddy White, guard; and Larry Crow, for-

ward. Only two juniors have reported for workouts. These are Dean Nazworth and Jerry Rankin. However, Rankin will miss the practice sessions and games for awhile due to injuries sustained to his ankles.

The sophomores who have reported for basketball, and who are trying to win a berth on the squad are Floyd Reeve, E. C. Wilson, Lee Gibson, Jim Carl Lillard, Tommy Roberts, Phil Phipps, Donald Stubbs, James Perkins, John Miller, Charles Ray, Charles Love and Cleatus Rhodes.

Discussing the outlook for the season, Simmons said, "We seem to have been hurt more by losing boys that didn't grad-

uate. Boys such as Frank Spring, who has withdrawn from high school in Friona to attend a private school, Jackie Oldham, who moved to Hereford, and LaVerne Mabry, who also has entered a private school. Both Spring and Oldham were starters before the season ended last year and Mabry showed real good promise before the year was out.

"Also, Gary Goetz, who possibly could have been a senior starter, elected not to participate in the high school athletic program for the rest of the year.

"I do feel the boys who have reported for the basketball program really have the desire to play and with a great deal of

team effort we could have a successful season."

Simmons will be in his first year as head coach, although he has been girl's head coach prior to moving to Friona. For three years in the Springlake school system, he was the B team basketball coach and it was in this same system that he was the girl's coach.

For the past three years, he has been assistant football coach in Friona and has worked with the Freshmen and B team basketball players.

The Friona Chiefs will play their first game of the season Friday night in the local high school gym when they meet the

# Drive Short; Plan Cleanup

## Lion Ladies Night Termed Success

With a total of 150 Lions, their wives and guests the Friona Lions Ladies Night was termed a success by Boss Lion George W. Jones following the Thursday night event.

A total of 30 Lions and their wives from Bovina were guests of the Friona Club at the event. With lots of hilarity and horse-play most of the members present were fined for reasons varying from having on the wrong color of tie to talking to his neighbor's wife.

Editor Dolph Moten, of the Bovina Blade, had to pay a \$3 fine to keep his tie in one piece.

Entertainment along the serious side of the program included a selection of four numbers presented by a piano quartet which included Pat

Foster, Donna Blackburn, Nelda Douglas and Janet Smith.

Guest speaker for the evening was Charles Dean of Plainview who spoke on the value of Lionism in this dynamic world.

Dean traced the history of the Lion emblem from the time before written history to the present day.

Speaking to the crowd in the Friona School Cafeteria, Dean pointed out that today, as never before the code of high moral standards of the Lions and the right of the individual is being challenged as never before in history.

Boss Lion Jones presided at the dinner, Ross Ayers introduced the guest speaker.

The meal was served by members of the 1960 Senior Class of FHS.

## Fund Efforts Total \$4,000 Tuesday Night

Friona's Community Fund Drive fell short of the goal of \$5,565 by an estimated \$1,500 according to the last reports early Wednesday morning turned in by J. C. Claborn and Steve Bavouset, co-chairmen of the drive.

The drive began Tuesday morning at 6 a. m. with a total of 52 drive workers gathering in the Fellowship Hall of the Friona Methodist Church for a kickoff breakfast.

### Dr. Eugene Mann To Speak Tonight

Guest speaker at the PTA meeting at 7:30 tonight will be Dr. Eugene Mann, director of public relations of Eastern New Mexico University at Portales.

Members of two third grade classes will present a program. Mrs. Andy Hurst Jr., president, urges all parents, friends and others to attend the meeting and hear Dr. Mann.

After a run-down of the campaign plans, workers got busy by 7 a. m. and the morning returns indicated that the drive would reach the goal.

However, during the afternoon the drive lagged and by night had fallen short of the \$5,500 budget by about \$1,500.

Proceeds of the drive will not be used to send off elsewhere in the state and nation, drive officials pointed out, but will be used right here in Farmer county for the benefit of local residents.

The proceeds of the drive will be used as follows:

Boy Scouts	\$ 1200
Girl Scouts	1190
Red Cross	1200
Salvation Army	900
USO	150
Heart Cause	75
Cancer Cause	50
Cerebral Palsy	50
Emergency Fund	750

TOTAL \$ 5,565

Wednesday, Claborn indicated that a "cleanup campaign" to contact those persons who were out of town, or otherwise missed during the drive Tuesday will be planned in an effort to raise the additional \$1,500.

## Next Star Day Early

Next week's Star will be a day early.

So that subscribers who live on rural routes will receive the issue prior to Thanksgiving, the newspaper will be mailed Tuesday afternoon instead of the scheduled time of Wednesday afternoon.

The Star staff requests that news sources keep this early deadline in mind about next week's issue.

### NEXT WEEK TELLSTALE --

## Watkins, White Defy Upsets

Defying the upsetting slate of football games this past weekend the Watkinses, Thelma and Kenneth, came up with the top two entries in last week's contest followed closely by Doris White.

Kenneth, winning first place by missing only one game on his entry won first prize of \$7 followed by his wife, Thelma, who along with Doris White missed two, but got closer to the score of the tie breaker. This is the first time Mrs. White has broken into the winner's circle, but the Watkinses have finished on top of the weekly contest several times.

Kenneth Watkins missed only the Muleshoe Abernathy contest. His wife missed this pick and also the SMU-Arkansas battle. Mrs. White missed the results of the Texas-TCU and the Oklahoma State vs Kansas tilt.

In the contest for the Grand Prize of an all-expense paid trip for two to the New Years Day Football game to be held in Dallas Martell LeVeque still leads the crowd of armchair quarterbacks by a margin of three games over his nearest competitor, J. S. Clark.

Laura Hart, who led the field for several weeks has fallen behind the leader a total of 6 games.

With only one more week to go the contest is narrowing down

to LeVeque and Clark and if the games someone else could sneak in at the last minute.

SAME SONG, ANOTHER VERSE -- This seems all too familiar, at least with Kenneth and Thelma Watkins, first and second place winners respectively in the football contest. Doris White, right, placed third in this week's football-guessing. This isn't a first experience for the Watkinses this year.

**COMMUNITY PLANS UNITED FUND DRIVE**  
Members of the Black community organization met at the community house Thursday evening for a pot luck supper. About 30 persons were present for supper and the business session which followed.  
Plans for assisting with the United Fund Drive were made. Tom Lewellen was elected to represent Black in this drive. Roscoe Ivie, Mrs. Ellis Tatum and Mrs. J. R. Braxton were

Sunday were the Joe Jeskos of Lazbuddie and Mr. and Mrs. Mike Betzen and family of Hereford.  
Teddy Fangman left Saturday morning for Fort Ord, Calif., for a six-months tour of duty in the Army reserve.  
Mr. and Mrs. Calvin Ivie and daughter, Christi, spent Thursday night with Mr. and Mrs. Roscoe Ivie before moving from Lubbock to Fort Worth on Friday.  
Mr. and Mrs. Weldon Tatum and Pam of Canyon spent the weekend with Weldon's parents, Mr. and Mrs. Ellis Tatum.  
Mr. and Mrs. Dick Rocky left Friday for Fort Worth to meet their son H. V. and then go on to Austin Saturday to attend the ball game between TCU and Texas.

L. W. Gibson and Charles Meyers have gone turkey hunting down around Wheeler and J. R. Braxton, Harland Frye and Bill Carthel went goose hunting Monday over around Dawn.  
Mr. and Mrs. Gene Welch and children visited Sunday in the home of Mrs. Welch's parents, Mr. and Mrs. F. B. Harkins at Plainview. Mr. and Mrs. Leon Harkins and family of Happy Union were also there.  
Mr. and Mrs. Fern Barnett and Betty and R. E. Barnett left

Thursday and went to Sherman to see Mrs. W. L. Duckworth who is ill. Mrs. Duckworth is R. E. Barnett's sister. The group returned home Sunday night.  
Ray Gene Braxton recently spent the night with Dwight Whitaker in the Woodrow Whitaker home.  
Mr. and Mrs. Sam Carter and family of Wellington spent the weekend with Mrs. Carter's parents, Mr. and Mrs. Roden Smart.

### Only One In Courts During Week

Only one person appeared in justice of the peace cases at the courthouse during the past week of light activity in law enforcement circles.  
E. G. Martinez, 51, Dumas Latin American, was fined \$20.50 on a charge of disturbing the peace. He was picked up by Sheriff Chas. Lovelace on Farwell's main street Sunday afternoon. He had been drinking.

He pled guilty in his appearance before Judge Roy Thornton Monday. Martinez paid his fine and has been released.

Another Latin American, Max Guzman, 32, of Edinburg, was picked up by the sheriff's department on a call from police in that South Texas city. They wanted him for allegedly writ-

### LAST DISTRICT BATTLE - Wolves Down Chiefs 50 - 32

The Friona Chiefs kicked off to the Dalhart Wolves Friday night at Dalhart and the Wolves moved the ball across the pay dirt line before ever giving it up, and went on to defeat the Friona Chiefs by a score of 50 to 32.

The touchdown and the extra point, which was kicked, made the score seven for Dalhart and nothing for the Chiefs early in the first quarter of play.

In the same quarter of play, the Wolves kicked to Friona, and after handling the ball a few times, the Chiefs fumbled.

ing a worthless check in the amount of \$200. He was arrested at the Bovina labor camp and was turned over to Edinburg authorities Saturday.

Dalhart recovered, and once again, before giving up the ball, the Wolves crossed Friona's goal line for the six points. They ran the extra points over and the score was then 15 for Dalhart and nothing for the Chiefs.

However, Friona came back during this same quarter when Castleberry scored six points. The Chiefs ran the extra points over, and the score then stood at 15 for Dalhart and eight for Chiefs.

During this first half of play, both teams scored once again, making the score at the half time at 23 for the Wolves and 16 for the Friona Chiefs.

This was the story all evening long in the cold night air. Both teams had a scoring affair, with Dalhart coming out on top by the above margin.

It was the final game of the season for the Chiefs and the defeat left them in the cellar for district play. The Chiefs lost all district games they played this year.

Five different Friona players made the scoring column that night with Castleberry scoring 16 points, Jackie Hight scoring six, Gary Goetz having six points to his credit and Gary Bradley and Gary Brooks scoring two points each.

From one-fourth to one-third of the nation -- 40 to 50 million Americans -- are believed to be infected with the germ that causes tuberculosis.

### Study Made Of Alaska

Featured on the program at the Wednesday afternoon meeting of the Friona Woman's Club was a study of the forty-ninth state, Alaska. Mrs. Ed White discussed medicine and dentistry; Mrs. Bill Baxter gave a report on homesites and homesteads; and Mrs. Wesley Hardesty discussed teaching in public schools.

Mrs. Estes Beaton chose for her topic of discussion, "Land Of The Midnight Sun." She also presided during the brief business session.

Refreshments of apple cheese cake topped with ice cream and coffee were served by the hostesses, Mrs. A. H. Boatman and Mrs. O. F. Lange.

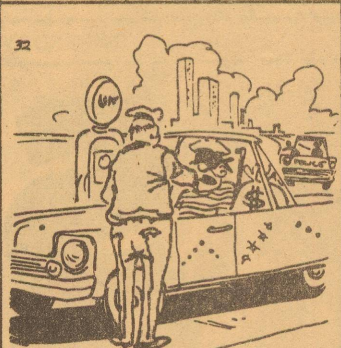

ected to serve on the committee with Lewellen.

Mr. and Mrs. John Bengler, Mr. and Mrs. Clyde Hays, Arnold Fangman and H. V. Rocky were elected to serve as the program committee for the Christmas meeting.

Ellis Tatum, Fern Barnett, Dick Rocky and John Hays were elected to serve on a committee to prepare treats.

Host couples were the Roscoe Ivies, Delton Lewellens, Helen Fangman and Mr. and Mrs. Otey Hinds.

Visitors in the home of Helen Fangman, Arnold and Charles,

**Importance Of Education Studied**

Twenty-four members of the Progressive Study Club and two guests, Wana Brewer and June Rhodes, learned about the importance of education at the Tuesday evening meeting at the club house. The program was developed around the quotation: "Every man must educate himself; his books and teachers are but helps."--Webster.

Roll call was answered by helpful hints. Phyllis Anderson presented the devotional. A symposium composed of Jane Benge, Geneiva Riethmayer, Betty Rector, Virginia Martinez and Phyllis Anderson discussed "What teachers expect from children."

"What parents expect from teachers" was discussed by Phyllis Anderson and Geneiva Riethmayer. Group discussion followed.

Special music was presented by students of Mrs. Eva Miller. Donna Blackburn, Nelda Douglas, Pat Foster and Janet Smith presented several piano numbers.

During the brief business session plans were made to assist the other federated clubs in the United Fund drive.

There's a man with the angles, for every girl with the curves.

**Letters To Santa**

Dear Santa:  
I would like a fire truck and a jeep.

**Squaws**

(Continued from Page 1)

and the half ended with this score.

During the third quarter of play, the Squaws scored 19 points while holding the Cowgirls to five, to take a 41 to 24 lead at the end of this quarter. The game ended with the final score, 53 for Friona and 35 for Happy.

High scorer for Friona was Charlotte Bock who dumped in 20 points, followed by Jacquelyn Magness who had 17 points to her credit. High scorer for the visiting Happy team was Francey, who was credited with scoring 19 points.

The Friona B team defeated the Happy B team Tuesday night by a score of 35 to 29. The score at the end of the first quarter of play was 10 for Friona and seven for Happy; at the half time, the score was 15 for the Squaw's B team and 12 for Happy; at the end of the third it was 24 for Friona and 17 for the visiting six and the final was 35 for Friona and 29 for Happy.

**Weatherly Injured**

Philip Weatherly, son of Mr. and Mrs. Clyde Weatherly and husband of the former Phila May Buske, received injuries in an accident while on a hunting trip recently.

Weatherly, a student at Texas Technological College at Lubbock, was taken to an El Paso hospital. Mr. and Mrs. Clyde Weatherly and Mrs. G. B. Buske went to El Paso where young Weatherly had surgery to repair a broken leg.

Latest reports indicate his condition is satisfactory.

High scorer for the B team contest was Su Zan Harper who tallied 22 points followed by Pam Roden who hit seven. High scorer for Happy was Linda Soles who had 16 points.

The Squaws will play their next game Friday night when they meet the Bula team at 7 p. m. in the Friona High School gymnasium.

**Gun Club Plans Shoot**

Hams and turkeys will be given away to local sharpshooters at a Turkey Shoot sponsored by the Friona Gun Club slated for Saturday and Sunday afternoons at the Gun Club range.

The range is located one mile west, and two miles north of Friona.

Shooters will vie for prizes of hams and turkeys at the shoot, slated to get underway both afternoons at 2 p. m.

Rifles and shotguns will be used in the shooting and local "powder burners" are urged to attend the meet.

Proceeds of the shoot will be used to improve the range of the local gun club.

**Basketball**

(Continued from page 1)

Bula five. Game time for the Chiefs will be immediately following the Squaw's game, which begins at 7 p. m.

The Chiefs have also accepted invitations to play in three tournaments this year, Simmons said. These tournaments, which do not include district play, will be held at Olton on December 3, 4, and 5th; White Deer on December 10, 11, and 12th and Claude on December 31, January 1 and 2nd.

The high school basketball team will not hold a tournament in Friona this year, but there will be a Freshman and eighth grade tournament to be held on January 18, 21 and 23.

Explore the WINTER WONDERLAND of MODERN GAS APPLIANCES

Make it a "Green Christmas" with the money you save on Gas appliances... go "buy" your dealer's, now... or visit...

fuel for a growing empire Pioneer Natural Gas Company

O'KEEFE & MERRITT

**GAS RANGE**

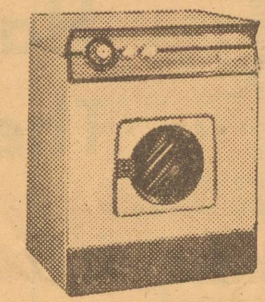

A cold winter's day... a streamlined kitchen filled with delightful food aromas... and mom relaxing in front of her favorite TV soap-box opera while an amazing automatic range tends to the pot-watching chores of cooking the family meal... Another amazing fact: Gas ranges cost less to buy... far less to operate!

GASLITE

**GAS LIGHT**

A frosty night with the warm and merry glow of a Gas Light by the front steps! It says the happiest things about a home -- and it's so economical it can burn continually to welcome guests... warn trespassers. Useful as well as charming, Gas Lights provide ideal illumination along driveways, steps, swimming pools, patios. Wonderful for Christmas giving, too! Priced from \$49.50, installed.

RCA-WHIRLPOOL

**GAS DRYER**

Raw winds may howl, but your most fragile clothes are gently tumbled dry in a well of warm air when you have a new Gas clothes dryer! Gas blows moisture away instead of baking it out... hygienically preserves colors, fibers! Gas is so dependable, and so is your Gas dryer! Fewer complicated parts mean longer, trouble free service. And Gas economy saves you up to \$24.95 a year.

## Barbara Ann Sheets Is Bride Of Joseph Fritz Jr.

First Christian Church in Grants Pass, Ore., was the scene, Oct. 29, of the marriage of Miss Barbara Ann Sheets, daughter of Mrs. Emil Berg of that city and Joseph Leroy Fritz, son of Mr. and Mrs. J. L. Fritz Sr. of Phoenix Ariz.

The double ring ceremony was performed at 7:30 p. m. by the Rev. William C. Piper of Medford, Ore. and the Rev. Robert L. Neal, pastor of the local church, in a setting adorned with baskets of autumn flowers.

The soloist, Mrs. Henry J. Yost, sang "As We Two Have Joined Our Heads" and "Wedding Prayer," accompanied at the organ by Mrs. J. A. Schiefelstein, who also played traditional wedding music.

The bride, who was given in marriage by her father, was gowned in white Chantilly lace, fashioned in ballerina length with fitted bodice, long sleeves, and a Sabrina neckline embroidered with pearls and sequins. Her fingertip veil was held by a crown of sequins and pearls. She carried a white orchid encircled by white stephanotis.

Miss Lyndia Dian Sheets, as maid of honor, wore a ballerina length gown of pastel blue with matching crown.

The flower girl, Pam Weaver, wore a frock of blue nylon with headpiece of pink rosebuds and ribbons and carried a cornucopia basket.

Candles were lighted preceding the ceremony by the Misses Sandra and Sonja Fritz, sisters of the bridegroom. Both wore frocks of pink taffeta and net with wristlets of matching carnations.

Best man was Don McSwan of Grants Pass and ushers were Dick Rice of Grants Pass and Clinton Steiger of Medford.

For her daughter's wedding, Mrs. Berg wore a light blue brocade suit with black accessories and Mrs. Fritz, mother of the bridegroom, was attired in white wool with accessories of blue. Both wore corsages of pink and white carnations. Mrs. Berg was escorted down the aisle just before the ceremony by Ed Boggess, grandfather of the bride.

The church reception rooms were decorated with fall flowers for the reception which followed the ceremony. The bride's table was covered with a lace cloth belonging to the bride's grandmother, Mrs. Ed Boggess of Friona, Texas.

Mrs. C. N. Steiger of Medford cut the wedding cake. Mrs. Cliff Ralston and Mrs. Addison Baird served coffee and presiding at the punch bowl were

Mrs. Helen Notley and Miss Loryane Ralston. Mrs. Hazel Hall was at the gift table, and Miss Pat Diemert had the guest book. Assisting at the reception were Miss Judy Krumholz and Miss Connie Hughes.

For the wedding trip the bride changed to a suit of brown wool, which she wore with accessories of green. The newlyweds will reside in Arizona.

MR. & MRS. JOSEPH FRITZ JR.

## Surprise Party Honors Jarrells

Mr. and Mrs. Newman Jarrell Jr. were surprised with a housewarming party in their new home on West Sixth Street Saturday evening. Gifts were presented and refreshments were served by the host couples, Mr. and Mrs. Hollis Horton and Mr. and Mrs. Steve Bayousett.

## Baxters Observe 59th Anniversary

Mr. and Mrs. J. W. Baxter were guests of honor at a dinner in observance of their 59th wedding anniversary in the home of Mr. and Mrs. Larry Martin Sunday. Martin is a grandson of the couple.

Mr. and Mrs. Baxter, longtime Friona residents, were married in Arapho, Okla., November 15, 1900.

Other dinner guests were Mr. and Mrs. Bill Baxter, Sue and Ann; Mr. and Mrs. J. W. Baxter II; Mr. and Mrs. Clarence Martin and sons; Mr. and Mrs.

## Sings With Choir Class Members Fete Families

Betty Agee Wetsel, a 1958 graduate of Friona High School and a sophomore student at ENMU, is a member of the Eastern New Mexico University Choir. Her husband, Eldon, is also a student at ENMU.

Earl Clark of Elk City, Okla.; and Mr. and Mrs. Calvin Martin.

Afternoon visitors in the Martin home were Mr. and Mrs. Charley Baxter and sons of Clovis, Mr. and Mrs. Louis Baxter and Mr. and Mrs. Eugene Nidey and daughters.

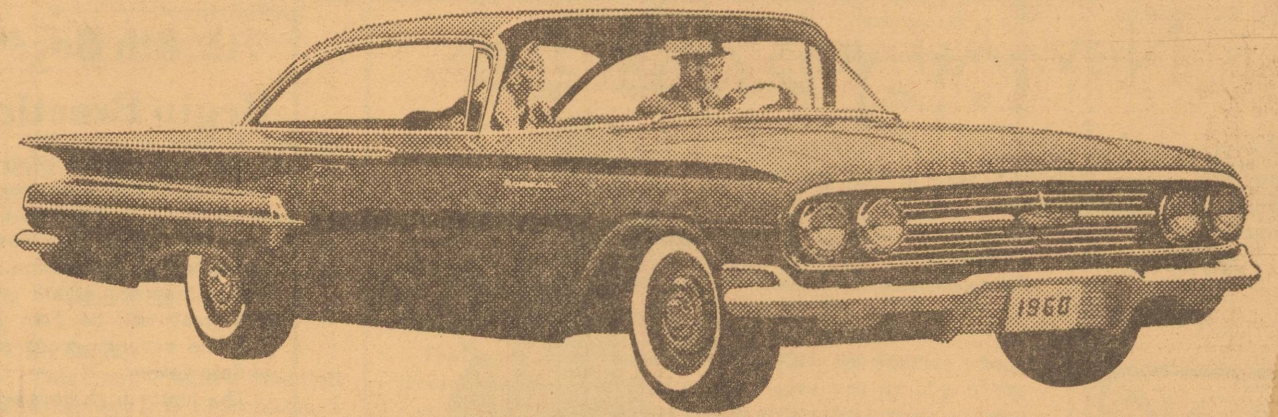

Members of the T.E.L. Sunday School class of the First Baptist Church honored their husbands and children with a turkey dinner in the educational building of the church Monday evening.

Special guests were Mr. and Mrs. Charles Baldwin and children. Table decorations of dried flower arrangements were made by Mrs. Jay Sanders and Mrs. Joe B. Douglas. Prayer was directed by Wesley Hardesty.

Class members and families present were Mr. and Mrs.

George Taylor and Lisa, Mr. and Mrs. Wesley Hardesty and Luann, Mr. and Mrs. Roy V. Miller Sr., Mr. and Mrs. Jay Sanders and David, Mr. and Mrs. Joe B. Douglas and Royce, Mr. and Mrs. Ralph Taylor and children, Jeannie and Mike, Mr. and Mrs. Spencer Hough and Charles;

Also Mr. and Mrs. John Wright and Jarrell; Mr. and Mrs. Grover Googins, Mr. and Mrs. Sam Williams, Mrs. Paul Fortenberry, Paula and Don, and Mrs. J. T. Carroll.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupel

## PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

**"Price, that's what's uppermost in my mind."** All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

**"And how about operating economy? And resale value?"** You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

**"Give me plenty of good old-fashioned comfort."** There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

**"Safety—don't forget safety!"** You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

**"Let's keep upkeep down, too."** More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid *thunk* of Chevy's big doors. Of course, if you *should* need service, you're always near efficient, economical attention to your needs.

**"I want a car that will stand up to the driving I do."** For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

**"Me for a sweet-handling car."** Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

**"... a car you can look at and be smug about buying it."** Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

**"And performance. Let's have a hot one!"** Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came . . .

Ride test '60's best—at your local authorized Chevrolet dealer's

# Seventh, Eighth Girls Win

The seventh and eighth grade basketball girls officially opened their season Monday night in the local junior high gym with decisive victories over the Morton junior high teams.

The seventh graders came out on top in their contest by a score of 17 to five. Scoring honors for the local team went to Linda Jo Davis who had seven points to her credit. Named as outstanding on defense in this game was Barbara Bracken.

The eighth graders won by a score of 36 to 14. High scorers for this contest were Marca Lynn Massie and Rose Ann Greenon, who each scored 10 points.

Both of these teams will open district play next Monday when they meet the Canyon junior high teams in the Friona junior high gym. Game time has been set at 5 p. m.

There are about 100,000 unknown cases of tuberculosis in the United States.

## Frosh Boys Begin Tryouts

The Friona Freshmen basketball team began workouts this week under coach Bill Adams. Adams reports he has 20 boys trying out for a spot on the team and that he will have one manager.

The boys who are trying for a starting place on the Frosh five are Robert Houlette, Billy Don Thomas, Dewain Phipps, Angel Aleman, Max Reeves, Dwight Bates, Harold Dickerson, Phillip Covarrubias, Tommy Tatum, David Lowry, Rex Bracken, Cary Jackson, Neal Parsons, R. L. Duke, Weldon Massey, Larry Potts, Dwight O'Brien, Darrell Patterson, Freddie Beaty and Mike McKee. The manager for the team this year will be Keith Blackburn.

## J. D. Massie Sr. Buried Tuesday

Funeral services for J. D. Massie Sr., long time resident of the Claude area, were conducted at the Claude Methodist Church at 2 p. m. Tuesday. He was born October 24, 1883 and died at an Amarillo hospital Sunday evening.

Officiating clergymen were Rev. Cecil Hardaway and Rev. J. J. Allison. Pallbearers were T. J. Parsons, Clarence Dawkins, Leonard Winkcomplex, Charles Stewart, R. C. McElroy and Lee Curry.

After Masonic gravesiderites burial was in the Claude cemetery.

## Dennis Returns To States

Bill W. Dennis, aviation electronics technician second class, USN, son of Mr. and Mrs. Fred Dennis of Friona is serving with Air Anti-Submarine Squadron 38 at North Island Naval Air Station, San Diego, Calif.

On October 9, the squadron returned to the United States after a six month tour of duty with the U. S. Seventh Fleet in the Western Pacific.

Remember when you used to go to bed with the curfew? Today they just blow it to wake you up.

## 7th, 8th Boys To Begin Practice

The seventh and eighth grade basketball boys began workouts on Monday of last week. Approximately 65 boys have reported for the two teams.

Coaching the eighth graders this year will be Tom Jarboe and the seventh grade mentor is Sam Green.

The junior high boys will begin district play next Monday when the travel to Canyon to meet the junior high teams in that city.

Weekend guests in the home of Mr. and Mrs. Karl Bender were Mr. and Mrs. Sam Uhrlich of Antioch, Calif.; Mr. and Mrs. Delmar Dieter of Dimmitt; and Mr. and Mrs. B. D. Fortner and sons of Happy.

Survivors include three sons, J. D. Jr. of Lubbock, Meryle of Friona, and Floyd of Claude; one daughter, Mrs. Norman Millegard of Hurley, S. Dak.; two brothers, Bill and Ed Massie of Friona; and two sisters, Mrs. Ross Pollard of Oklahoma City and Mrs. D. M. Ballard of Eads, Colo.

Sunday dinner guests in the home of Mr. and Mrs. Jim Baxter were Mr. and Mrs. Oscar Baxter and children, Mr. and Mrs. Troy Young and daughters, Mr. and Mrs. Sterling Graham and Gail and Martha Ann Martin.

Mrs. W. F. Dingler of Palestine, Texas, is visiting in the home of Mr. and Mrs. Dave McReynolds and sons, David and Tommy.

### FREEDOM TO WORSHIP

This expression "Freedom to Worship" has come to mean much to all of us in America. Yet by the action of some they interpret it to mean "Freedom FROM Worship." There are no freedoms that we have but which are maintained by the eternal vigilance. A freedom neglected will soon be lost even as any other thing that is neglected. So, we challenge each person to take advantage of the "Freedom to Worship" and not make it a "Freedom FROM Worship."

"And ye shall know the truth, and the truth shall make you free." John 8:32

L. A. Sartain

## Kindness--The Difference Between Teasing And Ridiculing

Kindness is a virtue which we all appreciate in others, but that we sometimes forget to cultivate within our own personalities. Kindness determines how much we like being around another person--how comfortable we feel around him.

Oftentimes we feel excused for not being kind if we do unkindnesses under the veil of teasing or "poking fun." Teasing a person about things to which his nature is sensitive is often done and many times it can cause much embarrassment and hard feelings to the one on the receiving end.

Even the person who appears to be the easiest going and most jovial is sensitive about certain things and teasing him about those things is being unkind. Perhaps, the case may be that we don't intentionally hurt someone's feelings, but cruel teasing will.

If you can't decide whether or not to tease a person about something, just think, "Would I mind being teased if I were him?" This is one case where that little proverb about "unto others" certainly applies.

Be kind and treat EVERYONE alike, even if the person may be that horrid Greek teacher that you abhor, or that girl who's always bragging. Just remember there are those who may not like you, also; but most of them usually have the courtesy not to let you know it and make you miserable -- just because they don't like you.

Try liking everyone, even if it does seem hard to do. If you really try, you will soon begin to notice that person's good points and will truly like him.

No one is so dumb that they can't tell if you don't like them; you may tease them unmercifully and think they don't know why you are doing it; but they do.

Teasing and having fun is a fine American thing, but it can be carried too far. It is only good when it is used with all kindness and caution. It becomes bad when it develops into ridiculing.

The next time you start to say something unkind to someone, remember how you would feel if you were he. After all it really isn't worth it if someone is hurt in the process, is it?

*Dear Millie:*

Dear Milly:  
 My parents want me to go to college and I don't want to. I would consider going to business school, but I don't want to go to college. I feel that I had a hard time getting out of high school and I am reasonably sure that I would flunk out of college. What should I do?  
 Flustered

Dear Flustered:  
 If your parents are so set on your going to college go and try it a semester, at least. Then if you feel that you just can't go back bring up the matter of business school again. You might be surprised at how well things turn out for you in college.  
 Milly

Dear Milly:  
 I have a problem. I just can't seem to figure my girl out. She acts like I am the only boy in the world sometimes and then at other times she just ignores and makes me feel like a heel. What should I do to make her appreciate me more?  
 Baffled

Dear Baffled:  
 "Turn about is fair play," as the old saying goes. Use the same tactics on her for a while and see how she likes it. Then maybe you can compromise.  
 Milly

Dear Milly:  
 I am going with this girl and I really do think a lot of her. I have ask her to go steady, but she won't do it. She doesn't go with anyone else and I don't either, so why shouldn't we go steady? She gives the excuse that everything is going fine and if we start going steady we will ruin everything. I don't see her point on this. What would you do if you were in my shoes?  
 Anxious

Dear Anxious:  
 Don't keep after her to go steady. If everything is going fine then why not let "well enough alone"?

# Defenses Crumble In Last Game

## WHO'S WHO IN FHS

BY JANETTE JOHNSON  
 Andrea Sue Milligan has been selected for this week's girl of the week. She is the daughter of Mr. and Mrs. L. A. Milligan of Friona and has a brother, Larry Milligan, who graduated last year.

Andrea is a freshman in Friona High School this year. She is participating in the band, FHA, and Thespians. She played the part of Injun Hattie in the recent Thespian play. Andrea is also a member of the Future Teachers Organization. She has been elected class reporter and was nominated for the title, "Most Likely to Succeed."

Andrea's favorites are the following:  
 Food . . . . . Mexican food  
 Actor . . . . . Sal Mineo  
 Actress . . . . . Natalie Wood  
 Song . . . . . "Sleep Walk"  
 Singer . . . . . Frankie Avalon  
 Subject . . . . . Science  
 Teacher . . . . . Miss Scott  
 Sport . . . . . Football  
 Hobby . . . . . Running around  
 Book . . . . . DIARY OF ANNE FRANK

Color . . . . . Blue  
 Pet Peeve . . . . . Boy's who don't act their age.  
 Ideal Boy . . . . . 5' 8 1/2", brown hair, flat top, brown eyes.

\*\*\*\*  
 BY FAYE CALES  
 Bob Sanders has been chosen as the boy of the week. Bob is a junior in high school and his parents are Mr. and Mrs. B. E. Sanders.

He has taken part in the following activities: junior class president; thespian president; FFA treasurer; Thespian play; science play, and band.

Bob's favorites are:  
 Food . . . . . Roast beef  
 Movie . . . . . Mardi Gras  
 Actress . . . . . Jane Wyman  
 Actor . . . . . Tommy Sands  
 Sport . . . . . Track  
 Song . . . . . "I've Had It"  
 Singer . . . . . Elvis Presley  
 Subject . . . . . Chemistry  
 Pet Peeve . . . . . Unclean lockers

Bob has had the honor of having the highest male average in his studies his freshman and sophomore years.

\*\*\*\*  
 BY JANETTE JOHNSON  
 Mrs. Helen Smith, librarian, is this week's teacher of the week. She is study hall teacher and is sponsor of the pep club.

Mrs. Smith is the wife of Coach Earl Smith, who also teaches plane geometry. She was born in Levelland, Texas in 1935. She graduated from Hereford High School.

The Smiths have lived in Friona a year and a half. They have twins David and Debbie 3 years old. The family attends the Baptist Church.

Mrs. Smith likes to eat Mexican food. Some of her favorites are skating, reading, and sewing. She says her ideal student is one who is considerate of others. She dislikes people who are always trying to run the business of others.

JUST THE PLACE  
 Mistress -- "Good gracious, Annie, what's all this mess in the oven?"  
 Maid -- "I dropped the candles in the water, ma'am, so I put them into the oven to dry."

## Junior Play Cast Picked

BY DONNA FIELDS

The cast for the junior play was picked November 9, 1959. They are as follows:  
 Dean Garrett . . . . . Jobe Claborn  
 Reginald D'Arcy . . . . . Dale Johnson  
 Viola Campton . . . . . Suzanne Taylor  
 James . . . . . Bob Sanders  
 Mr. Gordon . . . . . Larry Evans  
 Mrs. Lancaster . . . . . Virginia Patton  
 Mrs. Hardin . . . . . Carolyn Parker  
 Marie Blake . . . . . Judy Taylor  
 Miss Effie Cramer . . . . . C. A. Caffey  
 Dulcey Lane . . . . . Pat Ready  
 Mrs. O'Leary . . . . . Rita Turner  
 "Floppy" Smith . . . . . Tommy Barker  
 "Tip" McCarty . . . . . Dean Nazworth  
 "Spike" Jones . . . . . Eddie Bradshaw

The play is a comedy in three acts called "Everybody's Getting Married." The date for the play is Friday, December 4.

BY: BETSY FRYE AND BRENDA DEATON

For the dictionary quiz this week the word vamp has been chosen. These are a few of the answers the students gave:  
 Andrea Milligan . . . . . Female vampire.  
 Mary Knight . . . . . Vampire.  
 Charles McKenzie . . . . . To store away.  
 Moose Dickerson . . . . . A new kind of hair oil.  
 Martha Knight . . . . . Some kind of animal or bird.  
 Joy Ingram . . . . . A male vampire.  
 Danny Carmichael . . . . . Beatnik talk for a teacher.  
 Sander Hoover . . . . . Vampire kingdom.

Pat Barker . . . . . A shoe or foot.  
 Kat Burleson . . . . . A crazy thing.  
 Carol Ray . . . . . A kind of large spider.  
 Janet Buckley . . . . . Something that's a little off.  
 Kay Johnson . . . . . Cat-eyed monster.  
 Iva Parr . . . . . Big monster.  
 Ranza Boggess . . . . . Sondra Burleson.  
 Mike McKee . . . . . Short for a vampire.  
 Max Reeve . . . . . Some kind of a swamp.  
 Miss Scott . . . . . To classify or put away.

The word vamp means a flirt.  
 A Western TV actor noticed a small boy who was visiting the set with his parents. He went up to the lad and put his arm around him. "Well, son," he said, "I guess you would like an autograph."  
 "No," the little boy answered, "but what do you do with the horses after the riders are shot?"  
 There's nothing faster on the take-off than a bus you've just missed.

STUDYING UP FOR SIX WEEKS' TESTS -- Charles McKenzie is pictured in the library studying for six weeks' tests. On the agenda for this particular period is trigonometry.

Friona played their last game of the season Friday night, November 13, 1959, at Dalhart. The final score was 50 to 32 in favor of the Dalhart Wolves.

The Wolves made two touchdowns and three extra points before Friona could score. In the second quarter each team made one touchdown and two extra points. The half ended with the score 23 to 16 in favor of the Wolves.

The Wolves kicked off to Friona to start the second half. In the third quarter Dalhart made the only touchdown to make the score 29 to 16 going into the fourth quarter. In the fourth quarter Friona score 16 points and Dalhart scored 21 points to end the game at 50 to 32.

## Football Banquet Slated

BY JANETTE JOHNSON

LUTHER METCALF  
 Football season has come to an end for another school year. To end the season with a bang, the traditional football banquet for the entire football team has been scheduled for November 21, at 8:00.

This year, the program represents the football game in general. Time Out will be taken after the second quarter for the boys favorite time, eating. Some of the speakers will be Mr. Alton Farr, Mr. Raymond Cook, J. T. Hammonds, and the coaches--Earl Smith, Roy Simmons, and Bill Adams. A duet consisting of Jacquelyn Magness and Gwen Green will also be featured throughout the evening.

The banquet will be concluded with a serious thought and the singing of the school song.

## Combination B, Frosh To Play Boys' Ranch

BY RONNIE WOOD AND RONNIE CASTLEBERRY

The Friona B team and some outstanding Freshmen traveled to Boys Ranch Thursday night to play Boys Ranch's B team, in their final game of the season.

Scoring began early in the first quarter when Boys Ranch scored. Richard Dale carried the ball from 6 yards out on a dive. Richard Norman, fullback, scored the extra points on a fullback dive.

Friona came back later in the same quarter with Connie Dodson, Friona fullback, scoring on a give play. The try for points failed.

The final score in the ball-

game came when Larry Elmore scored on a dive play midway through the second quarter. The try for points again failed. This made the score 12 to 8 in favor of Friona.

Outstanding players for Friona were: tackle, Joe Reeve; center, Max Reeve; end, Angel Aleman; and halfbacks, Larry Elmore and James Perkins.

Outstanding on defense were Tommy Sanders and Don Stubbs. Congratulations to the B team for fine game and a successful season.

Humor is a rare gift. If you can laugh at the world and at yourself, you are lucky.

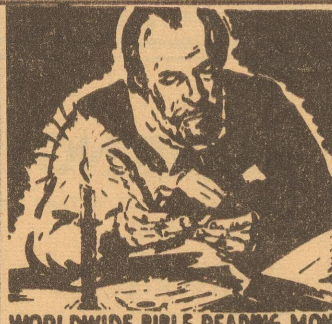

## You're In The Army Now

Wednesday, November 11, Sgt. Wood from Clovis, New Mexico, came to Friona to talk to the senior boys about the reserve system of the regular army.

Sgt. Wood discussed several programs in which you can serve your six year military obligation. The following chart shows the different ways you can serve your military obligation:

	Active	Ready	Standby
DRAFT	2 yr.	2 yr.	2 yr.
ENLIST	3 yr.	1 yr.	2 yr.
ENLIST	4 yr.		2 yr.
ENLIST	5 yr.		1 yr.
RESERVE	6 mo.	3 yr.	4 1/2 yr.
RESERVE (over 18 1/2)	6 mo.	5 1/2 yr.	

The reserve and regular enlisted programs offer a high school graduate an opportunity to obtain training in many fields without having to go to college. In the enlisted program you are given a choice of fields in which you are interested. Also, you are given your choice of overseas assignment. In the draft you have no choice.

## COUNTY 4 H NEWS

### LAZBUDDIE 4-H NEWS

By Buddy Embry  
The meeting was called to order by President Steve Young. Eugene Vaughan read the minutes. Joe Jones took over the meeting and talked to us about demonstrations.  
The following are giving demonstrations at our Dec. meeting: Ronald Ashford and Gary Graves, Soil and Water; Lloyd and Eugene Vaughn, Tractor Safety; Max and Gary Eubanks, Electric Wires; and Buddy Embry and H. W. Moore, Soil and Water.

### LAZBUDDIE 4-H NEWS

By Craig Schumann  
The meeting was called to order by Joe B. Jennings. The 4-H members elected a new reporter, Craig Schumann.  
The boys who have barrows to show in the spring show are: James Koelzer, Timmy Foster, Ronald Mayfield, and Bobby Gleason.

The following boys are going to give demonstrations: Hoppy Jennings and Craig Schumann, Safety; Timmy Foster and Terry Prahm, Soil and Water; Mike Hinkson and Bobby Gleason, Fire Safety; Danny Miller and Mike Ward, Soil and Water; and Bobby Redwine and Larry Davis, Electricity. Johnny Marrow is going to give one on Tractor Safety.

### FARWELL SR 4-H NEWS

By Jimmy Terrell  
The Farwell Sr. boys 4-H Club was called to order the 12th of November by Joe Jones. Roy Donaldson was elected president, and Mike Carthel was elected secretary. Others elected were Jimmy Terrell, reporter; and Bruce Billingsley, vice president.

Dudley Roberson and Steven Hillock will give a demonstration on raising hogs at our next meeting.

### FARWELL JR 4-H NEWS

By Mike Watkins  
The following officers were elected at a recent meeting: Doyle Johnson, president; Larry Gregory, secretary; Michael Watkins, reporter; Randy Robertson, vice president; and Richard Trantham, pledge leader.

We talked about demonstrations and the following will give demonstrations at our next meeting: Charles Wade Norton and Glenn Kersey, "Safety with Fireworks," and Richard Trantham and Charles Morton "Safety with Electricity and Wires."

## Jones Sounds Warning On Cottonseed In Milo

Parmer County and all of the High Plains is becoming increasingly dependent on Pacific Coast markets for grain sorghum. In fact, it is from the west that the most promising market development for this, the major cash crop of the area, is coming.

California is quite strict on its agricultural imports, however, and one of the things that has been bothering them is the recurrence of cottonseed in grain sorghum shipments. County Agent Joe Jones says there is a danger that the big Pacific Coast importer may even place an embargo on grain from this area unless the condition is remedied. Besides that, contamination with cottonseed is very expensive to correct. He makes these suggestions (which were directed to all elevator operators last week):

Perhaps all of you are aware of the quarantine California has on cottonseed from pinkbottle worm areas entering that state. This same quarantine holds for grain sorghum containing cottonseed. The tolerance of cottonseed in a load of grain sorghum is "ZERO", if one seed is found in a truck load or freight car load it must be fumigated. This cost is born by the shipper and usually cost \$50 to \$100 per load. California is our best market for grain sorghum and precautions should be taken by farmers, elevator operators, truckers, and the railroads to insure cottonseed free grain going West.

From October 1, 1958 through Sept. 30, 1959, 5,321 certificates were issued for grain sorghum passing through Farwell going west. Every means should be taken to keep this market open. California continues to threaten us with an embargo if they continue finding cottonseed in grain. Even though they require fumigation of all loads found to contain cottonseed in them they realize it is impossible to detect cottonseed in every case and are letting some unfumigated seed in.

Contamination can occur in many ways so I'll list only a few of the most common: farmers hauling cottonseed and grain with the same truck, storing cottonseed and grain in the same barn, elevators located near cotton gins where grain is stored on the ground, grain cars or trucks not being properly cleaned before being loaded with grain. Grain cars and trucks are usually cleaned before loading, but in most instances by people who do not understand what we are up against on this cottonseed contamination problem. Farmers must also become more conscious of this problem and see to it that their grain does not get contaminated.

I feel sure you can think of many other ways cottonseed could be mixed with grain sorghum so let us always be conscious of this problem and do our best to prevent such occurring.

## PCG Adopts \$174,000 Budget

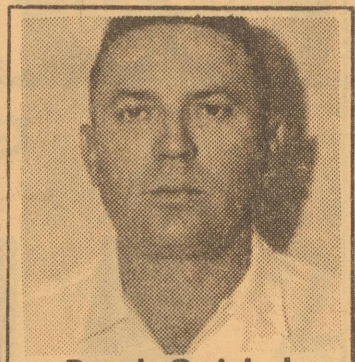

More than 500 delegates and visitors attending the third annual meeting of the Plains Cotton Growers, in Lubbock, heard directors reelect W. O. Fortenberry as president, and adopted a 1959-60 budget of some \$174,000.

Fortenberry, in announcing the PCG budget, pointed out that the budget includes \$10,000 for an educational program based on quality, \$5,000 for the PCG's monthly publication, \$10,000 for national promotion and advertising of area cotton and \$2,500 for an all-cotton style show.

Cotton research is earmarked for \$46,000, including \$20,000 for fiber and spinning research of the area crop at the pilot plant at Texas Tech College. Other grants include \$10,000 for cotton breeding, \$5,000

for fertilization studies, \$7,000 for crop production practices, \$2,500 for water conservation studies and \$1,500 for a harvesting economics study.

Also included in the budget are \$76,700 in operating expenses, \$2,000 for a crop quality survey, \$2,500 for tests.

Dutch Quikel, Representing MUTUAL Life Insurance Company Of New York

# Bigger Yields Than Ever On 1959 Crop

With the 1959 maize harvest over in the Parmer County area, farmers are looking forward to an even bigger year in 1960. This year's crop was the biggest in history.

Farmers report that higher quality seed and utilization of proper cultivation practices have accounted for the increases and will result in even larger yields in the future. Most farmers say their yields are higher now than they have ever been. Farmers reporting

yields, all feel that the overall average is about 4500 pounds an acre or even higher.

Some were selling, but most farmers were putting their grain into government loan. Nearly all raised maize on land used for the same purpose last year.

L. D. Pope of Friona, says his 105 acres of maize averaged better than 4000 pounds an acre. He reported a 54-acre plot that averaged 4523.

"It's going to run 4000 or

better," he says of the overall area average.

The crop of 660 variety was planted on May 10 and was raised on land that grew maize last year. Pope says he pre-irrigated and his planting rate was around 7 pounds an acre. "I think eight would be better."

Pope used 100 pounds to the acre of anhydrous ammonia fertilizer before pre-watering and planted normal 36 inch rows.

He says the crop was harvested from Nov. 5 to 7.

"I put it into the government loan."

Irrigation dates on the Pope crop were April, June 1 and June 20. Pope's farm is one mile northeast of Friona.

He forecasts the price to be about the same next year with even better yields.

Clyde Hays, whose farm is two miles south of Black, reports his crop averaged 6000 to 7400 this year.

"The yield is more than any I have ever had."

The 7400 was made on 34 acres and 6000 on an 130-acre plot. The maize on maize land was planted the last week in May.

Hays pre-watered and irrigated three times after planting during a period from July 15 to Sept. He used 100 pounds an acre of anhydrous ammonia and planted 7 to 9 pounds to the acre using 40 inch rows except for a 34-acre

## Lazbuddie Girl's 4H Club Meets

Members of the Lazbuddie girls' 4-H club met in the fifth grade room Tuesday for a regular meeting.

The 4-H motto and pledge were recited to open the meeting.

During the business meeting the 1960-4-H calendars were given out. Jenny Steinbock, president, presided at the meeting.

The program on "Health" was given by JimmieLou Wainwright, Parmer County Home Demonstration Agent.

on maize ground.

Lesley planted about May 20 after fertilizing with 100 pounds an acre of anhydrous ammonia in March and pre-watering. He irrigated three times in the period from July 15 to Sept. 1.

Using 40-inch rows, Lesley says he had no trouble with insects or lodging. He put the crop in the loan.

"I sure believe we will have better yields next year."

## THE FARMER COUNTY IMPLEMENT CO.

# NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, November 18, 1959

Mr. and Mrs. M. L. McFarland of Pierre, South Dakota, are visiting relatives here. They left South Dakota ahead of a reported snow storm because they were bringing a trailer with four horses behind their car.

In Nebraska, however, they ran into a snow and ice storm and at every steep hill the horses were unloaded, led to the top of the hill, then the car and trailer were brought up, the horses were re-loaded and the trip was resumed.

To build the right truck for the right job has long been a philosophy behind the world's most complete truck line. That's why International trucks offer you the model with the ability to do your job best. See our International trucks and pick-ups before you buy. International trucks cost less to own.

Human nature remains always the same. Anthropologists have unearthed some old stone tablets with laws passed during the reign of Hammurabi, who was a king of Babylonia 2000 years before the birth of Christ. One of the laws sets the prices of basic commodities such as oil and grain.

If you ever buy your Christmas fruit cakes, you might like to know that members of the Modern Study Club are selling deluxe fruit cakes -- even better than mother makes. These cakes are baked in Corsicans, Texas and are really delicious. If you would like to have one, call 2481 or see any member of the club.

Two new home owners were pleasantly surprised over the weekend. Friday night friends of the Newman Jarrells, junior, that is met at their home for a housewarming. Saturday night Mr. and Mrs. J. P. Sims were surprised with a house-warming for their new home.

End winter driving woes. Get more traction in snow, mud or where it's needed. For any road, any weather, use the Goodyear new suburbanite. Get yours at the Parmer County Implement Company today -- and check your anti-freeze. Better have too much than too little.

Save your tractor from abrasive wear. Check your oil filter elements -- pre-cleaners -- fuel tank cap -- exhaust caps -- air intake cap -- oil breather cap. We have genuine IH replacement parts. Come in soon.

The auxiliary of the Parmer County Community Hospital wishes to express their appreciation to all the people who helped with the rummage sale. To all the workers and to all the folks who donated rummage they send their sincere thanks. This organization plans to hold another sale next fall and asks that you save your rummage for that sale.

We're headquarters for Farmalls -- right for any job, this tractor really eats up the acres, but is easy on fuel. Phone or come in soon and see this really great tractor for yourself. We'll be glad to

give you an on the job demonstration.

It takes over 3,000 bolts to hold an automobile together and only one nut to scatter it all over the landscape.

Goodyear tires are tailor-made for your tractor. That's why they give such outstanding service and performance at such big savings. Come in soon and choose your Goodyear tires from our complete line.

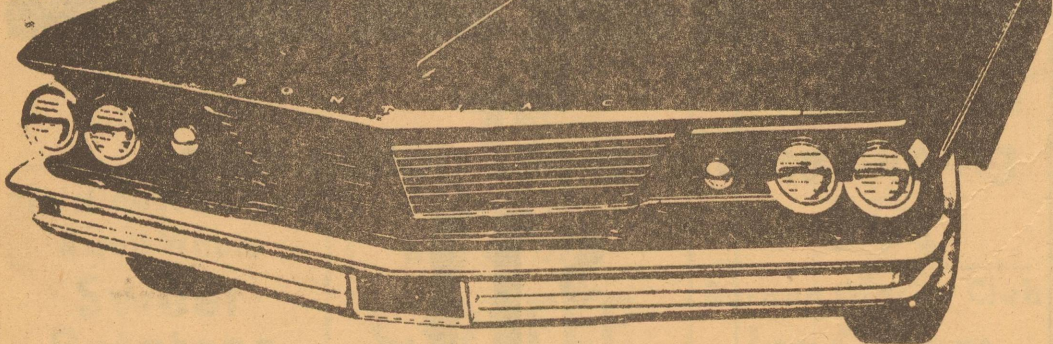

"What's wrong?" cried the wife when her husband yelped from the bathroom. "My razor -- it won't cut!" "Oh, don't be silly," she responded, "Your beard can't be tougher than the inoleum."

Anti-freeze is one of the necessities for farm machinery. Be sure you have plenty on hand. We carry the best kind of anti-freeze at the best prices.

New passenger car registrations in Friona for the first seven months of 1959 were Oldsmobile, 29; Pontiac, 11; Chrysler, 1; DeSoto, 1; Dodge, 1; Mercury, 3; Buick, 1; Chevrolet, 34; Ford, 36; Plymouth, 1; Rambler, 1; and one other for a total of 121 new cars.

The county registration of new cars was Oldsmobile, 44; Pontiac, 31; Chrysler, 1; DeSoto, 1; Dodge, 7; Mercury, 7; Buick, 8; Cadillac, 11; Chrysler Imperial, 4; Chevrolet, 67; Ford, 76; Plymouth, 10; Rambler, 6; others, 7, for a total of 270.

A FEED MILL nears completion in Friona. Cumming's Feed Store is building the new unit to facilitate grinding and mixing of feed for area cattle feeders. The store already has a small unit in operation to process feed for hogs. The new mill has a molasses mixer.

# Wanna Grow Garlic?

The reported production of garlic in the U. S. was over 20 million pounds in 1958, and sold for an average of \$10.72 per hundred-weight. During the same period approximately 35 million pounds were consumed. The difference of 15 million pounds was made up through imports.

Latest acreage estimate for Texas was 300 acres in 1952. Since many areas of the state are well-adapted to garlic production, this acreage could be profitably increased. Through the use of good seed and proper cultural practices each acre could be expected to produce

# Delegates Being Picked For Farmers Union Meet

Seven delegates have been named from the Lazbuddie community, and others are due to be selected from Farwell, Bovina, and Friona, to attend the state meeting of Farmers Union in Fort Worth December 4.

T. O. Lesly, county FU president, says that O. D. Spittler, Fred Bunch, Duane Darling, J. R. Harris, Clayton Graef, C. C. Matthews Jr. and Wayne Clark are the Lazbuddie men who have been picked.

"Considerable interest has been evidenced in this convention, especially since Senator Hubert Humphrey of Minnesota will be the main speaker," says Lesly. "The senator is recognized as one of the most outspoken members of the senate in behalf of family farm agriculture."

U. S. Senator Ralph Yarborough of Texas will also be on the program, and is due to introduce Humphrey. The Midwesterner is mentioned in some circles as a possible darkhorse candidate for the Democratic presidential nomination this year.

Lesly indicated that interest will be running high in the convention, especially in regard to price support policies and other phases of national agricultural problems. The fact that an election year is approaching will help guarantee interest in legislation, and, hence, the convention.

Other high-ranking personalities to appear at the convention will be Glenn Talbot, vice-president of the national Farmers Union; Jerry Holleman, president of the Texas AF of L-CIO; and several Texas congressional leaders.

Keynote address will be Alex Dickie, president of Texas Farmers Union.

Mr. Lesly stated that after labor, rolled barley, vet expense, irrigation and miscellaneous expenses were taken out, the net return per acre was \$76.90. The sheep have not been sold as yet. This is on a Pullman silty clay loam.

An adequate amount of good litter is an essential requirement for floor type poultry production. The cost of gambling on insufficient litter can be hazardous, says Ben Wormeli, extension poultry husbandman.

Here is some information sent down from WUC Don Newman in Hereford that may be of interest to you.

Mr. Luther Lesly, cooperorator of the Tierra Blanca SCD (Deaf Smith County), has 22 acres of Blackwell Switchgrass in 38" rows which he uses for irrigated pasture. About April 1, Mr. Lesly stocked the grass with 49 head of calves whose average weight was 510 pounds, plus about 50 head of sheep. The only water the grass received was on spring watering, rainfall and tail water. On July 27, Mr. Lesly supplemented the grass with 5 pounds of rolled barley per head per day. The 22 acres were divided into two pastures so he could practice rotational grazing.

On August 27, Mr. Lesly sold the calves at an average gain of 248 pounds per calf or 550 pounds of beef per acre in

the state meeting of Farmers Union in Fort Worth December 4.

"Growing Garlic" is a new leaflet released by the Texas Agricultural Extension Service. It discusses garlic production from selecting the variety to harvesting. Contact the county agent.

considered in the selection of delegates to the convention.

Those who attended State Convention in San Antonio last week were President Herman Gerles of Bovina; former president Gilbert Kaltwasser, Ernest Kube, a member, and Vernon Symcox, all of the Farwell-Oklahoma Lane community; and Raymond Schlabs, director, and John Henderson, former director, of the Black Community. Symcox and Kaltwasser returned early because of the death of Kaltwasser's father.

These six constituted the authorized voting delegates for Farmer County, the president and one for each additional one hundred members plus twenty five. We have not had a complete report from these delegates, but expect to have it to pass on to you next week.

We do know that it was the best attended convention in the history of the organization, with more than a thousand voting delegates registered besides interested persons visiting. We hereby express our appreciation to KGNC's Cotton John for his direct reports from the convention site each morning. He

had "Goose" Ramey with him throughout the convention to provide the humorous side of things.

Texas Farm Bureau membership was 79,414 the first of November. This was just 586 short of the goal of 80,000, an increase over 1958 of 3,382. We are not sure yet whether this makes Texas fourth in size or not. We know that 80,000 would have for sure. Texas Farm Bureau has grown steadily, annually, since 1952, when membership was 48,650.

### THE PARMER FARMER

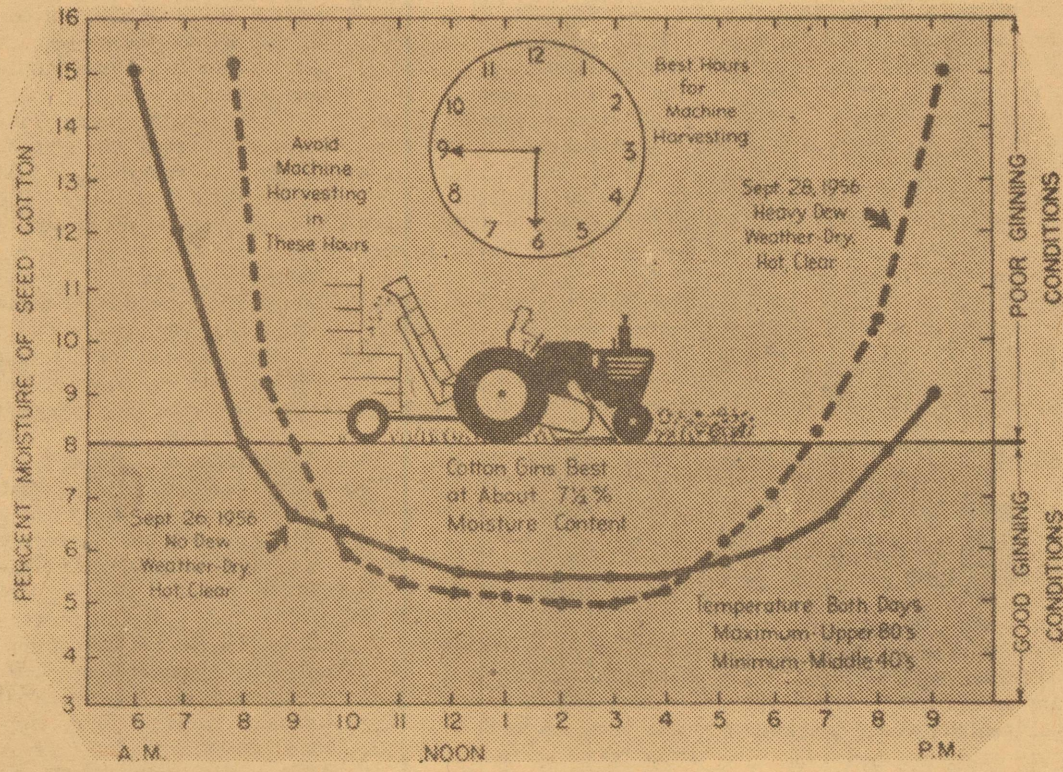

by W. H. Graham Jr.

Safflower, the oilseed crop that everybody had their hopes up about this year, turned out to be pretty much of a "flop crop" so far as the irrigated Plains is concerned. It does appear to have promise as a dryland crop, but its response to both water and fertilizer has been very disappointing.

We chanced to fall into conversation with a friend visiting in the family over the week who is from Montana. He works at the Montana state experiment station at Havre, which is in the north-central part of the state. Eventually, our talk got around to crops, and we happened to ask about safflower. It turned out that we had bumped into a man from a part of the country where safflower production is very heavy. He figures there must be around 100,000 acres of safflower in his home county.

That's an awful lot of safflower -- or at least it would seem so to us. Consider, for example, how much safflower we'd have if we had a patch of it equal to every field of wheat in Parmer County. That'd be about the same thing.

Ken says the average yield (dryland) in that part of the

KEEP COTTON DRY, LOOSE, CLEAN says Plains Cotton Growers, who have run extensive tests to determine ideal harvesting conditions. "The condition of seed cotton at the time it reaches the gin largely determines the final grade of the lint in the bale," they say. Here is a chart that will be helpful to cotton farmers of the High Plains.

country runs "about 20 bushels an acre." That would be somewhere in the vicinity of 1200 pounds, which was a yield our farmer's were hard-put to match even with their irrigation and fertilization.

He reports that there are a number of oil mills in the area and that safflower has been grown in those parts for a long time. It is increasing in acreage

in recent years, he says, and that is mostly because of reduced wheat allotments.

Ken also tells us that a big money crop for Montana farmers in his neck of the woods is canary seed, of all things. He says that the big boom in parakeets as household pets has pushed the demand for canary seed to new records, and that the farmers have been cashing in on this trend.

According to him, the yield (on a poundage basis) is very low, but the price is high enough to make it well worth a farmer's efforts to grow the unusual crop.

Why not birdseed in Parmer County? Strange things have happened!

One thing that we've noticed about other parts of the country is that they usually speak of their crop yields in bushels rather than pounds. Montana isn't any different. When we asked about the corn yield, it was given in bushels (which is customary), but when we in turn supplied yield information for grain sorghum, we found ourselves speaking in terms of hundred-weights when he was accustomed to bushels.

By the way, this mix-up of measurement terms occurs in other departments, too. Ken told us of hooking a 7 1/2-pound trout. We have always thought of trout sizes in terms of length, rather than pounds. Bass we figure in pounds, but trout in length only. He wasn't sure of the trout's length, but estimated it was around 27 inches. Any way you look at it, that's a good-sized fish.

A story we're working on and will have out in a week or so concerns "dry edible beans" -- which to most of us gringos around here means pintos. The

bean crop is pretty disappointing in the area this year, at least from a yield standpoint, but the future on pintos seems worth looking into.

Apparently, the main reason for this is the rapidly expanding Mexican market. Mexico is lifting itself rapidly up the scale of economic progress, and its fast-expanding population is eating more and more. "Frijoles" are still the mainstay of the Mexican diet, even though Jose has a few more pesos in his pocket these days.

On that account, the demand for beans is growing much faster than the Mexican domestic bean production. The Agricultural Marketing Service of the USDA notes that bean exports to Mexico have jumped from nothing in 1952 to just under a million bags yearly. That is phenomenal expansion in anybody's market.

And here's what gripes us. Those U. S. beans that are going to Mexico are coming right through our back door from Colorado, Wyoming, Idaho, and some other "Yankee" states. If the Mexicans want to eat U. S. beans, then how come we Texans and New Mexicans don't grow them?

There's a support price on beans, but it's so far under the market that it doesn't have any effect on their movement. Last time we checked the market was around \$7 for pintos. The support price is only a little over half of that.

With the price good and the market expanding for pintos, maybe we'd better get busy and learn how to grow them. If they can grow pintos in Colorado, surely we can do the same here . . . more and off earlier too.

### H. D. AGENT'S CORNER

Jimmie Lou Waincott

"EAT" OR DRINK SOME MILK DAILY . . . You can eat your milk as well as drink it, says Louise Mason, Extension food and nutrition specialist of Texas A&M . . . So there really is no excuse for not getting enough of this important food daily.

Dairy foods, such as cheese and ice cream and dishes made with milk, can bring milk's important nutrients into your meals. Everyone needs milk. It's an excellent source of protein -- the same kind of protein found in red meats. And, it's very important for riboflavin, one of the B-vitamins, as well as many other food values. Milk's major contribution, however, is calcium; it accounts for nearly three-fourths of the total in average diets. Grown-ups as well as children must have calcium to keep their bones and teeth strong and healthy.

Adults need about 2 cups of milk a day, or other foods that give the same amount of calcium. Children need at least 4 cups . . . Youngsters in the family go for such combination refreshers as - milk shakes, floats or other drinks made from milk and ice cream.

Recipes for some tasty milk drinks and dishes are given in the extension bulletin "Get More Good From Milk."

You can get a copy by writing or calling your county home demonstration agent's office.

MAKE THE MOST OF PLENTIFUL PORK . . . Pork is a thrifty food by these days because it's in plentiful supply. What's more, it's versatile and easy to prepare in simple or "dressed-up" dishes, says Marie Tribble, extension foods and nutrition specialist of Texas A&M College.

Pork shoulder, both fresh and cured, for example, can be used in many thrifty ways. The two shoulder cuts commonly sold at meat counters are the picnic and the Boston Butt. Either cut can be roasted whole or cut in slices for pan frying or braising. A shoulder containing bone furnishes 2 to 3 servings per pound, while one with bone removed furnishes 2 to 4 servings per pound.

Fresh pork shoulder - either "butt or picnic - with bones removed can be roasted and stuffed for an attractive and flavorful main dish. Here is the recipe for this special treat. Select a 5 to 6-pound shoulder. Have butcher remove the outside skin and the bones. Make a bread stuffing. Sprinkle salt and pepper on the inside opening of the meat and pile in some of the stuffing. Begin sewing the edges of the shoulder together to form a pocket and

gradually work in the rest of the stuffing but do not pack tightly. Sprinkle the outside with salt and pepper, and, if desired, with flour. Place roast, fat side up, on a rack in a shallow pan. Do not add water and do not cover. Cook until tender at 325 degrees F. (slow oven). Allow 4 hours for a 5-pound shoulder. Turn the roast occasionally for even cooking. Remove strings used to hold in stuffing before serving. Make gravy with the pan drippings.

SAVORY STUFFING. Ingredients for a 5 to 6-pound shoulder: 1/4 cup chopped celery and leaves; 1 tablespoon chopped onion; 1 tablespoon chopped parsley; 2 tablespoons fat; 2 cups soft breadcrumbs; 1/4 teaspoon savory seasoning; salt and pepper to taste.

To make: cook the celery, onion and parsley in the fat for a few minutes. Then add the breadcrumbs and other seasonings and stir until well mixed and hot.

WHAT ABOUT BETWEEN MEAL SNACKS? . . . Ever stop to think how much you eat or drink between meals? . . . And even more important perhaps - what KIND of food or beverage are you adding to your food intake this way?

Between-meal nibbling and snacking accounts for as much as one-fourth of the daily food intake in some instances, according to Maeona Cox, extension foods and nutrition specialist of Texas A&M College. This may not be bad if such eating provides good nutrition - not merely "empty calories," say the specialists. Sweets, potato dips and carbonated beverages are "empty calories." They provide little or no nutrients.

Snacks after school, during late study hours, at the party or after the show can be tasty as well as nutritious. If you are on the heavy side or want to maintain your normal weight, eat foods low in calories or energy value. Fresh fruits and vegetables are excellent, carrot sticks, celery curls, cucumber slices, radish roses, and a variety of fresh fruits are always on hand.

For between-meal beverages try fruit juices -- plain or in combination. Milk is an excellent beverage containing many nutrients. Serve it plain or combined with fruit juices or

flavorings. Cheese, like milk, is a good source of calcium. At snack time, arrange a tray of various kinds of cheese slices, open up jars of cheese spreads or make a cheese dip. Serve with crackers or strips of vegetables like celery or carrots when the gang drops by after school.

Nothing can be done to improve the quality of an egg after it is laid, but much can be done to maintain its original quality, says Marshall Miller, extension poultry marketing specialist. He suggests a visit with the local county agent for details on a quality maintenance program for eggs.

The 1959 Yearbook of Agriculture -- Food -- has been released by the U. S. Department of Agriculture. Distribution is mainly by Members of Congress. Copies can be bought at \$2.25 each from the Superintendent of Documents, Washington 25, D. C.

Plant breeders of the Texas Agricultural Experiment Station have released a new cream pea, Texas Cream No. 8, which is adapted to all sections of Texas. It has many advantages over varieties now grown. A new lettuce variety, Valverde, has also been released. It is especially adapted to the Lower Rio Grande Valley. Leaflets are available on both from the Agricultural Information Office, College Station, Texas.

# RESOLUTIONS

The basic underlying reason that farmers are seldom able to earn more than half of a parity income is their largely defenseless bargaining position in the administered-price, and administered-production general economy, which requires the farmer to sell for what he is offered and to buy at the price that is asked of him. We recognize that the strong bargaining power of industry, organized labor, and food processors has been acquired by their strenuous efforts to expand domestic and export demands and by adjusting market supply of commodities and services

## A. GRAIN SORGHUM, CORN, AND OTHER FEED AND FORAGE CROPS:

- We favor setting up a parity income program for producers of grain sorghum, corn and other feed grains and of forage along the following lines:
  - Allot each feed grain and forage producer a feed grain and forage acreage allotment of not less than 60 per cent of plantings in previous 8 years adjusted for abnormal production conditions such that the national total allotment will equal the total production, with average yields, that will be consumed in the year ahead with price maintained at the parity income equivalent level for the different feed grains and forage by operation of this program could not be used for commercial production of other farm commodities during the crop year.
  - The farm prices of grain sorghum, corn, and other feed grains should be maintained at the parity income equivalent level by means of price support loans, purchases and purchase agreements.
  - WE URGE REPEAL OF LAWS APPLYING THE SLIDING SCALE TO FEED GRAINS; and we urge immediate classification of all feed grains as "basic crops" and their support at parity of income.
  - We also urge that commercial storage handling charges and storage rates be maintained at a fair and competitive level.

## B. COTTON:

- We regard the recent Federal legislation pertaining to cotton as being more favorable to processors than to family farm producers. THEREFORE, WE URGE IMMEDIATE REPEAL OF THE LEGISLATIVE AMENDMENTS PROVIDING THE QUOTA ALTERNATIVES KNOWN AS PLANS "A" AND "B". Viewing with disfavor any scheme to promote greater production for lower returns, we urge the early establishment of a comprehensive cotton program conducted along the following lines and designed TO KEEP SUPPLY IN LINE WITH EFFECTIVE DEMAND AND THUS TO RAISE PRICE TO A PARITY-OF-INCOME LEVEL:
  - Allot each cotton producer a marketing quota for domestic U. S. use with return to producer maintained at the parity income equivalent price by means of incentive payments to build up market prices to the price goal. The domestic marketing quota should be set to equal the volume of cotton that will be consumed in the United States at the competitive market price.
  - Allot each cotton producer a marketing quota for export with return to producers maintained at the price goal by means of export subsidies. The export marketing quota, should be set to equal realistic export needs, considering world conditions and an International Cotton agreement, when such is set up.
- WE ASK THE REPEAL OF THE LAWS APPLYING THE SLIDING SCALE TO COTTON and that Congress enact legislation to provide for full income parity protection. We urge that basis be established on 7/8 inch middling cotton, and that "plus" cotton should be considered as a separate grade and that it have a separate price rate.
- We urge the installation and use of machine sampling devices at all gins and the universal adoption of machine grading as soon as possible. We request our Texas Farmers Union officials to write to Texas' two U. S. Senators and all House members in Congress, urging a rapid solution to the perennial cotton classing problem. In view of losses from classing delays, amounting to several million dollars annually to Texas cotton producers, all possible measures should be considered including offering of additional incentives to attract more individuals into the cotton classing profession and the further encouragement of machine classing.
 

In order to eliminate the inequities in marketing cotton on the "green card" class, we urge that a system be initiated under which the only date appearing on such card is that entered by the ginner on the date of ginning.
- WE URGE THAT THE FARMERS UNION PROMOTE A MORE ACTIVE PARTICIPATION OF THE INDIVIDUAL PRODUCER IN A COTTON RESEARCH AND PROMOTION PROGRAM AND URGE THAT CONTRIBUTORS REMAIN ALERT TO SEE THAT FUNDS ARE USED ONLY FOR PROMOTION AND RESEARCH.

## C. WHEAT:

- We favor setting up a parity income program for wheat producers by amending the existing wheat price support program along the following lines:
  - Allot each producer a marketing quota for domestic U. S. use with return to farmers maintained at the parity income equivalent price by means of incentive payments to build up the market prices to the price goal. Such program to be financed by a wheat milling tax. Domestic marketing quotas would be set to equal the volume of wheat that will be consumed in the United States at Parity income equivalent prices.
  - Allot each producer a marketing quota for export with return to the producer maintained by export subsidy payments. The export marketing quota would be set to equal realistic export needs in relationship to the International Wheat Agreement.
  - The individual producer would be informed of his domestic marketing quota and his export marketing quota prior to planting time. If the individual producer chooses to produce and sell more wheat than the total of his domestic plus his export marketing quotas, he would be required to purchase overquota marketing certificates for his excess sales and would not be eligible to receive incentive payments on his domestic quota nor export subsidy payments on his export quota.

## D. FARM-TO-MARKET ROADS:

We favor the farm-to-market roads program as it is presently constituted. We will strongly oppose any attempt to divert these funds to any program other than new farm-to-market road construction.

## E. RURAL ELECTRIFICATION:

- We urge the continuation of the Congressional investigation of the power field and request that Congress authorize a large scale investigation of monopoly in the electric and power industry.
- We urge that REA be continued as presently constituted with adequate administrative and loan funds.
- No electric or other utility should be allowed to count as cost in rate making and expenditure for tax deduction purposes, the money they spend, either directly or indirectly, to influence political action at any level.
- We urge continuation of efforts to block implementation and enactment of Administration's power policy.
- WE ARE STRONGLY OPPOSED TO ANY INCREASE IN THE INTEREST RATES OF REA LOANS.
- We favor adequate funds for REA loans and administration.
- WE INSIST THAT ELECTRIC COOPERATIVES SHOULD HAVE EQUAL RIGHTS WITH POWER SUPPLIERS IN RURAL AREAS; that a cooperative should be permitted to serve any consumer desiring services in an area in which the cooperatives may have lines, which thereafter may be annexed to a municipality, provide that such municipality shall grant a franchise to the cooperative; that a cooperative shall have 10 years in which to move out of an area which has become annexed by a municipality; in the event that such municipality shall refuse to grant a franchise to such cooperative; and that the Texas Farmers Union lend such aid and assistance as may be necessary to secure equal rights for the electric cooperatives.

## F. WATER

- We favor the placement of agricultural use of underground and surface water second only to domestic use as distinguished from industrial use.
- In recognition that soil and water conservation cannot be separated, we urge adoption of a program of proper land use and land treatment as a part of any overall state water program.

# RECOMMENDED BY THE LAZBUDDIE FARMERS UNION

to effective demand, THEREBY CONTROLLING PRICES AND MAINTAINING PROFITS. We feel that farmers in self-protection must learn to build and use similar devices, such as a workable proration system involving both farmer-controlled private and public commodity marketing operations. We, therefore, adopt the following resolutions at the local level as a means of accomplishing this kind of control over the market supply and price of our products. THE LAZBUDDIE LOCAL OF FARMERS UNION RECOMMENDS THE FOLLOWING RESOLUTIONS:

## G. FARM WATER:

We feel that each farm should be allowed to store within its boundaries at least 200 acre feet of water for irrigation purposes as well as other uses on the farm without prior approval from any board, body, or commission.

## H. NOXIOUS WEED CONTROL:

We urge each Texas Farmers Union Local to pursue noxious weed control methods in their respective counties with attention directed to the present State Laws which allow noxious weed control districts supported by a small tax on land included in the district or county.

## I. FARM TRAILER LICENSE.

Present law requiring licensing of trailers over 4,000 pounds gross weight should be amended to provide exemption of farm trailers up to 12,000 pounds gross weight.

## J. TAXES:

- We urge enactment of an additional \$1,000.00 per student of personal exemption for parents of children in college.
- As additional sources of State Revenue are required in order to provide the kind and quality of services in education, welfare, highways, conservation of natural resources, and protection comparable to that supplied by other states of the union, we favor tapping the following sources of state revenue in the order listed:
  - Natural Resources Tax
  - Corporate Profits Tax
- WE ARE UNALTERABLY OPPOSED TO ANY FORM OF STATE OR NATIONAL SALES TAX.
- We believe that the internal revenue department should accept the fact that underground water for irrigation purposes in the southwest is being fast depleted, therefore, we ask that a fair value for such water be established on each farm and that it be depreciated over a reasonable period of time.
- Farmers should be allowed to average their incomes over a five year period and pay income taxes on the basis of this average.
- We recommend the amendment of the Federal personal income tax law to (a) eliminate exemption of profit corporation stock dividends, and (b) RAISE PERSONAL EXEMPTIONS FROM \$600.00 TO \$1,250.00.

## K. STATE GAS TAX REFUND:

- To carry on mechanized farming at present high costs, we recommend that gasoline tax refunds be continued. We urge repeal of the law prohibiting gasoline dealers from handling and filing exemption certificates as a service to the farmer. We oppose any additional tax on gasoline and recommend that the state limitation of six months on gas exemption certificates be extended to 12 months.

## L. SEEDS, FEEDS, FERTILIZERS, AND INSECTICIDES:

We urge that the State Department of Agriculture be financed to the extent that it can more effectively enforce the Certified seed laws and other laws governing purity, safety, and labelling of production items such as feeds, fertilizers, and insecticides. We further recommend better supervision of seed cleaning and sacking plants.

## M. SURPLUS SALE:

We recommend that the Secretary of Agriculture be restrained from selling surplus crops in CCC storage immediately before, or during, the harvesting season for such crops. This practice has had much to do with depressing prices during the harvest.

## N. POSTAL COST

We oppose any additional increase of regular first class mail and parcel post rates and urge elimination of the Federal subsidy for unsolicited advertisements and propaganda.

## O. POLL TAX:

We urge that the Locals in Texas Farmers Union immediately start a campaign to get all citizens to pay their Poll Tax and to vote; and that every County Farmers Union put on a Poll-Tax Drive immediately. We recommend that a voter be required by state law to register his party affiliation.

## P. LABOR RELATIONS:

- We commend labor organizations for their efforts and progress in contributing toward raising the standard of living of the working man. We support the efforts of all those who work for employers to obtain Federal and State Legislation to protect their rights to organize, bargain collectively and protect their organizations.
- We urge the establishments of a National policy to eliminate illegal immigration, while at the same time modernizing the legal immigration quota system.
- The child labor law as applied to farmers should be changed to make parents or the guardian of underage children share equal responsibility with the farmer who hires them.
- Because agricultural mechanization is not keeping pace with the diminishing supply of American "stoop" laborers, we feel we must temporarily continue to import foreign labor. As long as the importation of foreign labor is necessary, we favor the "bracero" program as presently constituted and urge the U. S. Department of Labor and other appropriate Federal agencies to negotiate with the Mexican government a contract impartial both to the worker and employee. We feel that the Mexican workers should be willing to share the contracting insurance and transportation costs because the privilege of contracting is equally advantageous to both parties. Realizing that the "bracero" program only makes available a temporary emergency work force, we urge that each individual producer take part in an accelerated and continuing project to completely mechanize cotton and those other crops presently requiring hand laborers.

## FINALLY,

WE URGE EACH FARMERS UNION LOCAL TO INITIATE A CONTINUING PUBLICITY AND PUBLIC RELATIONS CAMPAIGN AMONG THEIR CITY NEIGHBORS, DESIGNED TO EDUCATE CONSUMERS OF FARM PRODUCTS ON THE FARMER'S PROBLEM, AND ON THE SPREAD BETWEEN THE FARMER'S MARKET PRICE AND THE CONSUMER'S PURCHASE PRICE.

# READ THESE - STUDY THEM CAREFULLY

# If they COULD'VE, they WOULD'VE...

## ... Shopped Piggly Wiggly for Thanksgiving Dinner!

When the Pilgrims planned their first Thanksgiving Dinner, they couldn't go down to Piggly Wiggly and select choicest turkeys, the tenderest, most flavorful fruits and vegetables and fine holiday desserts. They couldn't enjoy Piggly Wiggly's quick-to-fix foods... they spent days preparing their feast.

... But IF THEY COULD'VE, THEY WOULD'VE!

You can! You can select finest Thanksgiving foods (at low costs, too) from Piggly Wiggly's enormous variety of the tastiest, most appetizing holiday delicacies! So shop early this week for the most exciting Thanksgiving dinner you've ever prepared. The family'll love it!
