**THE COMMUNICATOR**

The tornado season is upon us again, and several of the death-dealing, destructive twisters have already made the news this year. Are you familiar with tornado safety precautions? It might be a good idea to brush up on your knowledge — it could save your life.

The peak months for the severe twisters are April, May and June, but they can occur in any month of the year. In fact, in January of this year there were 46 tornadoes, a record high for the month.

The National Weather Service offers these recommendations on action to be taken immediately when a tornado is approaching:

**In the home:** the basement is the safest place. If you don't have a basement, go to the center part of the house on the lowest floor, stay in a small room such as a closet or bathroom or crawl under heavy furniture.

**In an office building:** go to an interior hallway on the lowest floor or to a previously designated shelter area.

**In a factory:** workers should proceed to the area offering the greatest protection, in accordance with advance plans.

**In a school:** wherever possible follow advance plans and go to an inside hallway on a lower floor. Stay out of auditoriums or gymnasiums or other structures with wide free-span roofs.

**In open country:** if there is no time to find suitable shelter, lie face down in the nearest depression such as a ditch or ravine. If you are in your car, get out and follow the same procedures.

**Alerts.** Keep in mind two types of tornado advisories: A *tornado watch* means weather conditions are ripe for tornadoes to develop; stay tuned to radio or television and listen for weather bulletins. A *tornado warning* means that a tornado actually has been sighted or indicated by radar. If it is nearby, seek shelter immediately—and stay away from windows.

"GROW WITH A CLEAN SPEARMAN" is the theme for the week of April 28th thru May 5th which has been set for the Citywide Clean-Up. This will precede the Hansford County Celebration in May. Attending the Civic Beautification Meeting in the Chamber of Commerce April 10 were: Chairman J.L. Brock, Chamber secretary, Mary Lou Wysong, and representatives from clubs and organizations: Virginia Head, Alva Garner, Joe VanZandt, Marilyn Plain, Susie Hand, Karen Countiss, Sammie Bishop and Patty Spoonemore. Committee chairman were appointed and plans are being made for activities to be conducted during the Clean-Up Week. Saturday April 28 is the day set for the town to join together for one purpose, "Clean-Up Spearman". Schedules for that day's activities will be posted at a later date. All citizens are urged to take a good look at their property and ask themselves "What Needs To Be Done?"

In case of rain the picnic will be held in the high school cafeteria.

Baseball players are selling tickets for the big picnic.

### "BIG BIRD" To Be Here For Little League Picnic

There will be an important guest (for the children anyway) at the picnic April 27 for Little League at the Little League Park. "Big Bird" of Sesame Street fame will be here to visit with everyone. Serving hours at the picnic will be from 5 to 7 p. m. The menu will consist of sloppy joes, Fritos, soft drinks, coffee, and home baked cookies. Cost of the meal is \$1.00 for adults and 75¢ for children.

This is a money making project sponsored by the Little League Auxiliary and they are hoping for a big turn out of parents, friends, of Little League players.

Little League season opens April 23 but due to the Easter holiday the picnic was set for Friday, April 27. Teams playing that night will be minor league--Cardinals vs. Pirates; major league--Indians and Astros.

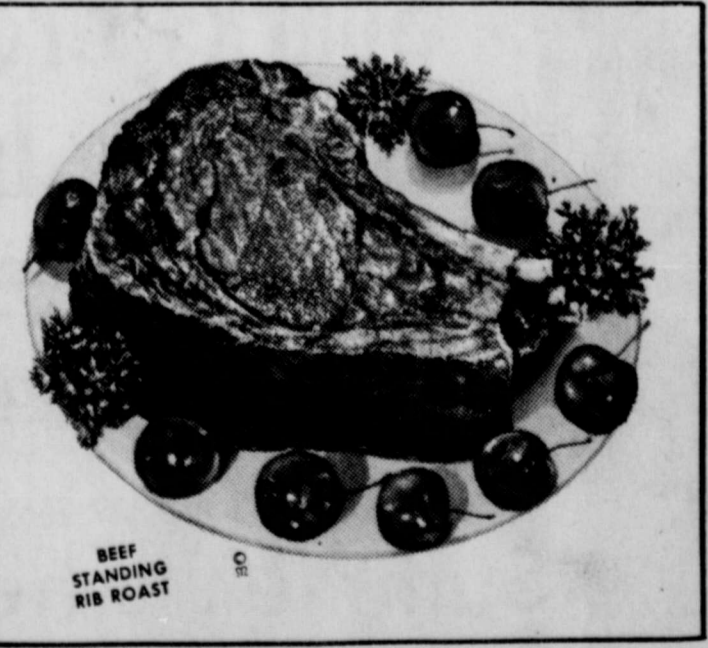

### HOSPITAL Notes

Patients in Hansford Hospital are Richard Southern, Verna Hutchison, Elizabeth Nitschke, Nancy Phillips, Roscoe Nelson, Marian Upchurch, Laura Lowell, Edward Uptergrove, Eula Bakehouse, Cary Neilson.

Dismissed were Elwana Eaton, Ellen Babbs, Virginia Rooney, Jolene Thompson, Joe Evans, Lola Gonzales, John Ewing, Herb Butts and Georgia Gaither.

MRS. MARY PETTITT celebrated her 97th birthday April 21. A resident of Pioneer Manor Nursing Home, Mrs. Pettitt received many nice gifts from friends and a party, complete with birthday cake hosted by a group of women from a Graver church who honor each nursing home resident on the occasion of their birthday. Mrs. Pettitt, who will enjoy good physical health, is the mother of Clarence Pettitt. She has been a resident of this county since 1918.

**ENGAGEMENT IS ANNOUNCED**

Mrs. Jenna V. Ownbey, 1115 Bell, Amarillo, is announcing the engagement and approaching marriage of her daughter, Jane, to Mr. Gordon H. Grubbs of Graham, Texas. The wedding will take place at the Graham Methodist Church of Graham on June 16, 1973.

Jane is the daughter of Mrs. Jenna V. Ownbey and the late Robert J. Ownbey, and the parents of Mr. Grubbs are Mr. and Mrs. Hugh Grubbs of Graham. Jane is a junior at the University of Texas, majoring in Deaf Education, and Mr. Grubbs is a graduate of the University of Texas with degrees in Public Health Education and Government. He is presently stationed at Sheppard Air Base at Wichita Falls with the United States Air Force.

**WILL BE JUNE BRIDE**

Miss Linda Smith will become the bride of Kent Green in a June 9th ceremony to be read in the First Christian Church of Spearman. Parents of the couple are Mr. and Mrs. Don E. Smith of Spearman and Mr. and Mrs. Raymond Green of Plainview, Texas.

**Mrs. Lee Hosts Bid-A-Bit Club**

Mrs. R. E. Lee was hostess for the Bid-A-Bit Bridge Club Thursday, April 19 in her home.

high score and Mrs. Lee had second high. Attending were members, Mmes. John Berry, Herb Sutt, Richard Holton, Leonard Jamison, W. L. Russell, Owen Fred Lackey, a guest, Mm. Preston Scott and the hostess.

**Aldermen Take Oath Of Office Monday Evening**

Three aldermen were sworn in at the regular city meeting Monday evening. Oath of office was administered to Dan Desimone, Ronnie Hicks and Alton Ellsworth by Terry Pittman, assistant city manager of Spearman. Appointed as mayor pro tem was Alderman Roscoe Nelson.

During the swearing-in ceremonies a fire was reported, and it was at the new home of Owen Montgomery on Linn Drive. City firemen quickly put out the fire, which was caused by a pan of grease on the stove. There was quite a bit of smoke damage.

Firm on the agenda Monday was discussion of lighting the tennis courts at Spearman high school. The city will publish for bids on the lights in the Sunday Plainman, with bids to be let for May 14.

The new water meter assessment ordinance was read and approved, and will go into effect the first of June,

charging \$66 extra for each water meter, the money to be used for the new swimming pool.

A report on delinquent taxes was given and the budget report was given. The budget is operating pretty close to perfection having any major disaster, it was learned.

The zoning board appointments, and zoning commission appointments were made subject to approval. It was learned that the next board meeting will be held at 8 p.m. because of the change in time coming up this weekend. Bob Skinner gave a report on a trip to Austin concerning the Palo Duro Dam for Hansford and Ochiltree counties. He reported that the need for water is so great in this area, that little trouble is expected in getting the dam. Skinner stated that the purpose of the meeting was to be sure the legal publication had been made in the newspapers, as this is the law. Also, he stated that a bond issue for construction of the dam will be held in the near future. Most of the money for the Palo Duro project will come from Federal funds, according to the report by Skinner. City officials thanked Mr. Skinner for his report.

**SAVINGS BONDS SALES ARE GOOD**

In releasing Treasury figures, County Bond Chairman C. A. Gibner, announced today that sales of Series E and H United States Savings Bonds in Hansford county during March totaled \$1,488,000. Sales for the first three months of 1973 were \$16,625,000 for 18% of goal achieved.

Texas purchased \$19,117,945 in Savings Bonds during the month. First quarter sales amounted to \$64,265,996, 11.3% above 1972 sales of \$56,927,138.

**New Name For Respiratory Center**

American Lung Association of Texas will be the new name of the Texas Tuberculosis and Respiratory Disease Association. The announcement came today from Glynn S. Roland of Amarillo, President of the Top of Texas Branch Office which serves the panhandle area.

The new name of American Lung Association more accurately reflects our central purpose in the prevention and control not only of tuberculo-

**news from your HOME DEMONSTRATION AGENT**

by Nellie Evans

What a wonderful weekend we had for dandelions and dandelion digging. As I was busy with the boxing battle of digging the weed I tried to think of something they are good for. All I could come up with is that they mean spring is here and they are the only

flowers some yards over have. So much for the weed situation.

At several home demonstration club meetings lately the hostesses have served strawberry nut bread. This has resulted in requests for me to again put the recipe in my column. We sure do appreciate Linda Close sharing the recipe with us in the first place.

Cream 1 c oleo, 1 1/2 c sugar, 1 t vanilla and 1/4 t lemon extract. Beat until fluffy. Add 4 eggs one at a time, beating well after each. Sift together 3 c flour, 1 t salt, 1 t cream of tartar and 1/2 t baking soda. Combine 1 c strawberry jam and 1/2 c dairy sour cream. Add jam mixture alternately with dry ingredients to creamed mixture. Stir in 1 c chopped walnuts. Pour in greased and floured loaf pan. Bake at 350 F for 1 hour or until done. This bread is delicious and gets better after a few days. Sure is good toasted for breakfast too.

While spring housecleaning remember refrigerators need regular cleaning too. First, empty the refrigerator. Remove crispers, meat keeper drawer, shelves, egg contain-

**NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES**

NOTICE IS HEREBY GIVEN that IRVING P. KRICK, INCORPORATED, OF TEXAS, of Suite 216, 611 S. Palm Canyon Drive, Palm Springs, California, 92261, who holds License No. 714 of the State of Texas, is now applying for a permit to engage in operations and to locate ground-based generators for operational purposes in certain counties of the State of Texas on behalf of farmers and ranchers located in the State of Oklahoma and for the purpose of augmenting precipitation within said areas of Oklahoma. These operations shall be by means of ground generators as follows:

1. Area in which equipment will be operated is the following: Counties in Texas consisting of: Dallas, Lipscomb, Hansford, Roberts, Hemphill, Oklahoma, Logan, Sherman and Wheeler.
2. The target area will be the farm and ranch lands within counties in the State of Oklahoma consisting of: Texas, Beaver, Harper, Woodward, Ellis, Custer, Washita, and Kiowa.
3. The areas adjacent to target area which may be subject to the effects of the operation are within the State of Oklahoma and in general within 15 to 20 miles of the target area. The maximum intended effect is in the target, but some downwind effect may occur in Oklahoma mostly to the immediate northeast of the target. There would be no significant effect in Texas from the operation of any of these ground generators. It is important to note that this notice is not to apply for permission to locate generators in Texas, but to increase rainfall in the target area located in the State of Oklahoma.
4. The materials and methods to be used in conducting the operation are silver iodide crystals (Model 1750) ground-based generators that have an output of an optimum amount of 11 grams per hour per generator.
5. Person who will be in charge of operations is Mr. Nevin L. Stone.
6. The operations will be performed in the State of Oklahoma for the following counties: Henry C. Elton Ranch, Inc., Beaver County Weather, Inc., Harper County Weather, Inc., Woodward County Grounding Assn., Ellis County Weather, Inc., Custer County Weather Assn., Washita County Weather Modification Assn., and Kiowa County Weather Modification Assn.

The operation will extend during the period beginning around June 1973 and continue through June 1974. Individuals, organizations or agencies who consider that the interest will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

## CONGRESSMAN BOB PRICE 18TH DISTRICT—TEXAS

This week, the House of Representatives voted on two bills which have generated a great deal of interest in the 13th Congressional District. On Monday, the House considered H. R. 6168, the amendments to the Economic Stabilization Act of 1970. One of the amendments to this act which proposed a roll back in the prices of all industrial and agricultural products to January 10, 1973 levels, stimulated a great deal of alarm—and rightly so. In my Washington office alone, I received over 500 letters, telegrams and phone calls protesting the passage of a rollback amendment. As

reported from the House Committee on Banking and Currency, H. R. 6168, presented the wrong answers to the highly complicated problems of inflation and foreign trade that our country is now experiencing. At a time in our Nation when American farmers and ranchers have increased their productivity more than any other industry in order to meet rising consumer demands, a price roll back and freeze would have crippled farm and ranch operations by not allowing the farmer and rancher the ability to recover their losses incurred by increases in the cost of production. Luckily, sufficient strength was mustered on the House Floor to defeat the rollback and other damaging amendments and pass a simple one year extension of the Economic Stabilization Act of 1970. The citizens of the 13th Congressional District of Texas may be assured that

while I am placing my efforts behind straightening out our country's financial problems, I will always fight against those attempts, such as H. R. 6168, which can only result in the loss of great sums of money and possible bankruptcy for some, the loss of jobs and decreased production that could lead to even higher prices and perhaps a black market. Thursday, the House voted on another issue which has long been of interest to the 13th District, the Federal Aid to Highways Act. Once, again, the House was successful in defeating those amendments to this Act which would have diverted funds from the highly successful and necessary Highway Trust Fund for use in urban mass transit projects. While I clearly recognize the plight of the urban areas, I could not and will not support measures which in the long run only serve to take from rural America. If people are to return to the farms and small towns, one of the most essential requirements must be the existence of a comprehensive and modern highways system by which goods and persons can be efficiently transported and economic development encouraged and made feasible. A conference between Members of the Congress will now be held on the House and Senate-pass-

ed versions of the bill, I will continue to support rural America by opposing any attempt to permit the breaking up of the Highway Trust Fund.

### Mrs. Floyd Gives Program On Lilies

The Dahlia Flower Club met April 23 at 3 p.m. in the home of Mrs. Garrett Allen. Mrs. Lowell Denman, president, presided at the regular meeting. Mrs. John Bishop gave a report on the beautification program. Every one is urged to help clean up our town. Mrs. Virgil Floyd presents the program on lilies, their care and use. The Lily is mentioned in the Bible. They grow wild in Palestine and are a symbol of humility. They are used for burns.

The hostess served angel food cake with strawberries and whipped cream, coffee and tea to Mmes. John Bishop, Deta Blodgett, Frank Davis, Lowell Denman, Mabel Edwards, Virgil Floyd, Mary Gillispier, Hazel Lott, Guy Remy, Roy Russell, H. M. Shedeck, Olin Sheets, C. W. Smith, J. W. Walker, Ceril Barton by the hostess, Mrs. Allen. The next meeting will be May 7 with Mrs. Olin Sheets.

### 4-H Builds For Tomorrow

4-H Builds For Tomorrow Young people and their adult program leaders in Hansford County are literally "building for tomorrow" as they attempt to make a dream become a reality.

These young people and their program leaders believe that Texas 4-H members need a permanent home where many educational programs and activities can be conducted throughout the year. Many other states operate year-round centers for 4-H.

Thus, youth and leaders of Hansford County are joining with others from throughout Texas to help bring about a 4-H center for Texas. "Put it all together with a 4-H Center" is the theme selected for the current 4-H Center campaign. Hansford County young people some time ago assisted in the first phase of the campaign to raise funds for a state 4-H Center. They conducted a massive chocolate sales campaign, and with the help of leaders and local citizens they raised \$690 for the project.

The enthusiasm of the young people and their adult leaders apparently motivated other business and industry groups around the state to join in the project. This spirit of cooperation is again needed as local citizens move to complete the building fund program. A 79-acre site overlooking scenic Lake Brownwood has been selected, and architects have drawn the plans for the proposed Center.

If county 4-H members and adult leaders or committee members assisting with the Center project contact you within the next several weeks, you'll have an opportunity to help them realize their building fund goal. The educational facility will serve other youth as well as 4-H, and will help mold our leaders of tomorrow.

Let Me See by Sybil

Fendorf and Maylynn Schubert have just returned from a week's vacation in Rome, Italy. They enjoyed the trip which was sponsored by Amarillo Hardware Company for their dealers and employees of dealers and will be glad to tell you all about it if you ask them! They got pretty shook up aboard the big jet

airliner on their trip home. It happened not too far from Amarillo when the jet struck that terrific wind storm we will remember for a spell! Fendorf said that big plane "bucked and pitched" just like a small one-engine job. Man alive, that shakes me up just to think about it. I can just see myself enjoying a great trip abroad and then dying from heart failure just before I reached home!

IN THE ANNUAL 'visitor Industry Report' the Tex. Highway Dept. reveals the fact that out-of-state vacationers to Texas are dropping more dollars in our state each year! That shakes our state's economy a lot! Texas's visitors expenditures mount up because they spend on the average of 6.0 days here per vacation. I imagine this is because the state is so large they find themselves driving farther than expected! I remember one summer we made a quick trip up into Colorado and stopped about 6 a.m. for coffee just over the N.M. state line. Two of the most bedraggled, red-eyed, tired individuals you ever saw came into the cafe and asked where they were. When told they were in N.M., they were simply jubilant. The man remarked, in a very ill-humored tone, that they had been driving for 10 days trying to get out of Texas. They had planned to traverse several states on their vacation trip and wound up spending it every bit trying to get across Texas. Of course, this pleases the Texas Highway Dept., very much. Last year visitors to Texas spent equivalent to \$136.40 for every resident

Texan! All we gotta do is get 'em here and they are stuck!

THE ROLLING PLAINS Mule Train people are polishing up the brass knobs on their double-trees, oiling down their harness and wagon wheels, fattening up their mules and shaking the wrinkles out of their old-time attire. All this is getting ready for the first trip (of many) this year. The train will leave here at 9 a.m. May 2 on its way to Guymon for the big celebration blow-out. At 8 p.m. Thursday, May 3, the train will be camped at the Mark Vantine Ranch 7 miles south of Guymon on Highway 136. As usual, everybody is invited out to the camp fire party that night. After a big chuck wagon supper, square dancing by the jeans and Janes dance club will highlight the evening.

I WONDER IF Mrs. Mary Pettitt is not the oldest resident of Hansford County! Does anyone know? Mrs. Pettitt, a resident of the nursing home here, celebra-

ted her 97th birthday last Saturday. This dear, petite little woman is really something for her age. So independent. She simply wants to do everything for herself... and is so very disgusted if she has to call for any assistance. She makes 3 trips daily up and down the hall (in her walker) just to get exercise! Some people pity her for having to walk, and get along so slowly! If they only knew, she refuses to be pushed in a wheel chair. A group of ladies from a Gruver Church came over Saturday and honored Mrs. Pettitt with a birthday party, complete with cake and very nice gifts. This church does this for every resident at the home on the occasion of their birthdays. Mrs. Pettitt has been here since 1918, and other than the natural age process of failing eyesight and hearing, is in very good physical health. Best of all, she has retained her sweet, gentle, kind nature, which makes her a joy to be around. She is the favorite of every one at Pio-

neer Manor because of this. I hope to be able to say the same things about Mary on her 100th birthday.

BACK IN 1916 when all food was in short supply and high-priced because of World War I in Europe, Texas Ag. commissioner Fred Davis ordered his staff to study the feasibility of commercializing jackrabbits. The rabbit was regarded as a pest because it would insist on eating the farmer's grain and it looked like a chance to decimate the rabbits and fight high costs of beef at the same time. A banquet was given by Commissioner Davis at the Austin Driskill Hotel and was duly reported to be a success. Rabbit was served... in soup, fried country style, broiled in a fricassee and served in a salad. All praised the rabbit which they had eaten and endorsed rabbit meat as an offset to the high cost of living. What they said about the jack rabbit and his cousin the cotton tail, would have made the bunnies blush with pride, had they not been in the stew! BUT IT didn't work. No mat-

ter how much endorsing the jackrabbit got, people are not fools. Everyone knows you simply cannot beat Texas steaks. Before I give up beef, I'll give up my laundry detergent and go back to making lye soap. If you think that won't save money, try it!

#### LIFESAVING RADIO

Two New York City ambulances have been fitted with electrocardiographs which can be monitored by radio by doctors, enabling heart attack victims to receive intensive care treatment on the way to the hospital.

Easter Sunday visitors in the Louie Karns home were his brothers, Harry Karns, Elk City, Okla., Charlie Karns, Mooreland, Okla., and his sister, Mrs. Eva Stewart, Mooreland, Okla., and his uncle, Charlie Peterson, Mooreland, Okla. Also Mrs. Ruby Taylor and children, Mrs. Marcella Allen and children, Mrs. Bea Taylor and children, Woodward, Okla.; Mr. and Mrs. Frank Shields and daughter, Mr. and Mrs. Bob Breeden and children, Mr. and Mrs. Roy McBride, and Mrs. Herb Shields and children, Perryton, and Ernest Newcomb.

#### Dere Vanse:

It seems like ever time I turn around I'm havin' tar trouble. I final decided to send Mag over to yore Snider and Pearson's Conoco stashun to get a new set of Farstone tars put on the old Model T. It seems like Mag went and forgot what kind of tars I told her to ask for when she got there. She told Merle that I had sint her to git sum tars but she never recollected what kind I had sint her to git.

Merle ast Mag what she thought of Goodyears. Mag told him we aint had no good years and we hav had sew minny bad wone we wuzzint expectin no good ones. She sed she never cum over there to talk about the future no how. She infam sized that what she cum over for quz a set of tars for the model T and sence Merle never had no time to do nuth-in but pass the time of day, she wood cum on back home and start all over agin.

On the weigh back she stoop off at Owens Service Senter to see if they had emy thing in the weigh of tars. Whin she got there she seen Jim Morley but she sed he wuz bizzy talkin to a Holkerwood agent who wuz trying to sine him up for a part in a movin pitcher show to pay her no atenshun.

I am sindin this apostel back by Mag to explaine to you that all I want is a plane set of Model T Farstone tars put on and charged to the Peabody Ranch in Gruver County.

DAYLIGHT SAVINGS TIME will arrive again the last weekend of April. Officially, DST begins at 2 a.m., Sunday, April 29. However, it will be a lot easier on you if you simply move the hand of your clock forward one hour when you retire on Saturday night, April 28. For example, if you go to bed at 10 o'clock, reset your clock to 11 o'clock before you hit the sack. You will lose an hour, but don't worry about it. You'll get it back next October when the hands of the clock move the other direction to end DST.

(YOU NAME IT)

I enjoy attending the city meetings in Spearman. It is quite an experience, and I recommend that you as citizens attend some of them. Each week, it seems that the city is full up to capacity, with about 30 people gathered in the small city hall meeting room, and there is always "lots of action" taking place.

At Monday's meeting, a group of local men and women gathered with the city fathers to see what could be done about beautifying our city. The main thing they wanted was for the city to see that some "teeth" were put into the weed ordinance, and the junk car ordinance in the city. Well, this is almost next to impossible to enforce in Spearman. If a car is abandoned on the streets, the city can pick it up. But, if it is on someone's private property, it takes "due process of law" to accomplish the task. I have had some personal experience concerning this ordinance. I accidentally mowed my neighbors lots on two occasions, and it ended up in total disaster, loss of friendship and costing me the entire bill. Both of these owners were quite capable of paying for having their lots cleaned up, but neither were concerned, as they didn't have to even drive by and look at the lots. Absentee land owners really DON'T CARE what their property looks like in our town, and it has been the root of our problem for some 30 to 40 years. It really isn't the city's business to clean up private property, and the land owner should assume this responsibility. And, if you go and mow their lots, and collect the money, please let me and the beautification committee know how you got it done! But, still I wish the committee all of the luck in the world, and admire each and every one of them. There is a way, and I bet if they don't give up, they will get it done! Please, if you own some property in the city, try and get it cleaned up as soon as it gets dry enough to mow.

The big clean-up will begin here Saturday morning, at 8 a. m. at Womble Park. If you have a truck or a man that you can spare, send him to the

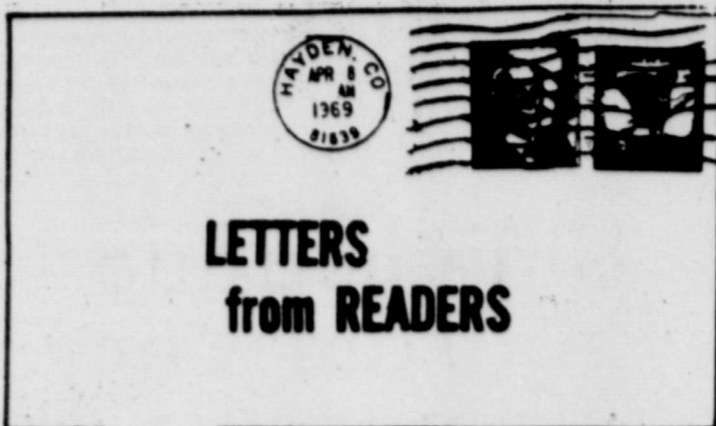

park with a sack lunch, and the committee will use him all day Saturday.

The Spearman mule train will have some wagons in the big Gruver Celebration this Saturday and Sunday. Gruver is planning a big blow out and you are invited. Plan to attend the rodeos and parade this weekend in Gruver. You will enjoy the big event.

After making KVII TV for 6 straight nights, I feel like some sort of celebrity. It all started when an Indian woman, who lives near Gruver, wrote a letter to the editor of the Gruver paper, Mrs. Fran Maupin, and Fran and I thought we would hold the letter up until we could visit with Mrs. Stipes. That was when we made a mistake. Bill Tel Zortman informed us by phone in a day or two that she had called Channel 7, and that I would be featured on Hot Line. I told him the situation, and to "rake us over the coals" real good. That I intended to put out the best papers in the state of Texas, and once in a while my crew needed working over! Instead of working Fran over, Bill "raked me over the coals real good" and I must admit that the 6 nights of TV publicity sure did make me feel famous. Anyway, we are going to print the famous Indian letter, and here it is in full for my readers...

## Wesley Garnetts Visit In Dallas

Mr. and Mrs. Wesley Garnett, Sr. have returned from a visit in Dallas with their daughter, Lynner and son-in-law Andy Riley, Jr. Andy and Lynne treated them to a concert in the Venetian Room of the Fairmont Hotel, where they heard Johnny Mathis. He has a beautiful voice and sang in a "no generation gap" manner. The Garnetts also enjoyed the Rileys first new home and had a chance to offer Lynne some aid on plans during her Easter break from teaching school.

I appreciate very much Mr. Miller, your agreeing to publish my article on Wounded Knee, and yes, I AM Indian. Yazoo-Cherokee-Seminole; and recently adopted into the Eastern Remnant of the Shawnee Nation. So in writing this I am speaking for the Shawnee Nation, not just myself.

Many people in this area have ask me questions on the events taking place at Wounded Knee, mainly, what is behind it all? When white society demands better living conditions, schools, and government, it is called progress. When the American Indians demands the same thing, they are called militants and trouble makers. When factories, housing units, etc., is built on the Reservations the tribe has to furnish the land and money from tribal funds; But the Indian has little say so in how it is operated.

The Bureau of Indian Affairs, formed in 1824, has ever since told the Indian where they can eat, sleep, go to school and work, and who will run their tribal government. This is what our people are trying to change.

Treaties made with our people have never been kept, and this can be easily proven. The people at Wounded Knee are demanding what is rightfully theirs, a reform in government and living conditions.

The present tribal chairman, Dick Wilson, was appointed by the BIA, by the Sioux tribal council. There was an election, but it was fixed, votes were brought in from

off the reservation. AIM, (American Indian Movement) did not go to Wounded Knee uninvited. They were ask to help when the Sioux learned that they would be stuck with Wilson another four years. They felt there was no other solution. Russell Memas, leader and spokesman for AIM, has been called a militant, a trouble maker, and most likely several other things. BUT... Mr. Means, like a good lawyer, is asking for more than he expects to get... so that at least he will get a compromise. He has been beaten, shot, and spat upon, by the red and white alike. He has ruined his health, and is broken... but will walk with the Chief's in the here-after. Perhaps Mr. Means and AIM is not going about this in the right way, but does anyone have any other ideas on how to handle it? Any ideas that the BIA would accept, that is, because believe me one would have to come up with a goodie if they accepted it.

The news insist on using the words "occupied" and "take-over" when referring to Wounded Knee. This is misleading to the general public, because most of the people involved are Sioux and that is their country, and their reservation; how can they suddenly "take-over or occupy" a place that has been theirs for centuries?

There is a definite split between what the government classifies as "urban" and "reservation" Indians. Indians who have left the reservations, gone to the cities and tried to, as the elders of our tribes

would say: "follow the white man's road", has learned many things the hard way; and when they go back to their reservations and try to explain it, they find they are completely misunderstood, especially by the older members of the tribes. But gradually they are learning that "if you don't blow your own horn, nobody is going to blow it for you"; this is bugging the Federal Government, and they do not know how to cope with the fact that they cannot completely run the Indian's lives any more. A cartoon in a leading tribal newspaper explains it best of all. It shows high-ranking government officials around a table; one is holding a book and says, "Isn't there anything in the manual on how to handle these Indian Uprisings besides forming the wagons into a circle?"

Mrs. Joyce E. Stipe  
E pekon dawask Lam Thain We  
Warm Night Wind

"JODY" ROBERTSON AND JIMMY HESTER-Substitute postal clerks who also perform city delivery services are shown at the local post office during U.S. Postal Week.

## MAIL SERVICE NEEDS PUBLIC'S UNDERSTANDING

April 29 through May 5 has been set aside as Postal Service Week and Monday, April 30, has been set aside as Postal People Day.

"Since Congress created Postal Service as an independent agency of the Federal Government, we have set upon a course of reform and renewal designed to bring to all Americans a uniformly good mail service at prices that sustain efficient and responsive operations. Your Postal Service is one of the world's largest enterprises. Its success directly depends on each person doing his or her part to help move the mail. It's success depends on you, our customers, doing your part by using ZIP code, mailing early in the day and by addressing and packaging properly," said Elmon Jacobs, Spearman Post Master.

In his message designating this week and day of recognition, Postmaster General E. T. Klassen said the mail service needs the informed understanding, cooperation, support, and constructive suggestions of every citizen and community. It is our hope that this week, by its recognition of all who form the mail service team, will help every citizen understand better what his mail service is about. Through improved understanding, we ask you to join with us to find even more constructive ways to carry out our privileged obligation of public service. We ask you to realize just how dependent you are on mail service. Without the dedicated service of your Postal People, American would come to a halt.

Would a long-term Land Bank loan be right for you... right now?

SPEARMAN-PAMPA FLBA  
J. E. GUNN, MANAGER

## 18 Year Olds Must Register With Selective Service

AUSTIN, Texas -Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, has issued a statement reminding young men of their responsibility under Federal Law to register with Selective Service.

"The recent nationwide announcement that the draft has ended has misled some of our young men into thinking they no longer are required by law to register with Selective Service. This is incorrect," Glantz said.

The State Director pointed out the fact that Selective Service is being reorganized into a stand-by operation to keep draft machinery operative and ready in case of a national emergency that requires the drafting of young men again in the future. He pointed out that although inductions have ended--the Selective Service System continues to operate and the law continues to require each young man to register with Selective Service within 30 days before or after his 18th birthday.

Failure to register makes a young man subject to prosecution under Federal Law with a severe penalty upon conviction.

During the reorganization of the System into a stand-by basis, registration may be completed at any one of the 63 Selective Service System Area Offices that will remain open in Texas--or at points in every Texas County where volunteer workers will assist the young man in the simple steps of registration.

The registrars for Local Board No. 99 in this area are: Johnny Vernon-Courthouse, Spearman; Noma Hulsey-Courthouse, Perryton or Mary Waller, 304 S. Main, Perryton.

## Jaycees Elect New Officers

Officers were elected at the newly reactivated Jaycees on April 10. They are: President-Mike Crawford, Vice President-Rusty Tindell, Treasurer-Don Smith Jr.; treasurer on Youngblood; publicity-Andy Graham.

An awning over the building at Little League Park was donated by the Preston family in remembrance of Daniel Smith.

Celebration plans are being way calling for a barbecue to be served in the courtyard square, a pancake race for women, sack races and a chip throwing contest. The will be held at the community building Saturday, May 5 from 9 until 1.

A Jaycee member, Robertson, was injured at the high school rodeo, and went surgery in Amarillo, Sunday April 16.

## Combine Clinic

Gene Cudd of Hansford Implement and Gravel Deere Service Center is all farmers from the surrounding area to attend a clinic.

The clinic will be held May 1 at 7:30 P.M. at Hansford Implement. Engineers from the John Harvester works at Moline, Ill., will conduct the clinic which will cover service adjustments on John Deere combines.

Mr. Cudd invites all interested persons to attend clinic.

## Modified "Eaglepass" Travel Plan" Extended

The Travel plan will allow you to travel for one month at \$149.00 or \$199.00 for two months.

Effective Thru April 30, 1974

The "Eaglepass" program introduced the convenience of bus travel to many new customers. In some instances Continental Trailways arranged the passenger's entire trip including accommodations and sightseeing. The special ticket allows the customer to be flexible in his travel, to stop and go or change directions as they desire.

## Nite-Liter... more than a night light

(It saves electricity, too) The mercury vapor Nite-Liter spreads light over an area up to 100 yards in diameter to help provide convenient light during the nighttime. And because it turns itself on at dusk and off at dawn, the Nite-Liter helps save electricity. The Nite-Liter unit will be placed on a tall wooden pole wherever you wish, completely maintained and the electricity furnished all for only \$4 per month. No investment required. Call our office soon and have a dependable Nite-Liter installed on your property.

# Orientation Classes Rescheduled For Hospital Auxiliary

Hansford Hospital Auxiliary met Monday evening, April 23, 1973 at the State Bank building at 310 4th St. with president, Mrs. Latta, presiding, Minnie Latta, secretary, Mrs. Latta, and approximately 25 women representatives, Mrs. Morse, and Mrs. Wilson Mc-

Clellan, who will be conducting the orientation sessions for active members. Mrs. McClellan stated that classes will be held Wednesday evening, April 25 at 8 p.m. and Thursday afternoon, April 26 from 2 until 4 p.m., and Friday morning, April 27, from 9 to 11 and Friday afternoon from 2 until 4. Also, Mrs. McClellan stressed that members would need to attend additional 30 minute sessions in groups of not more than seven individuals to fully complete the orientation sessions set up by the Hansford Hospital. All members not present will be contacted by phone concerning these sessions.

president, then read the work schedule for active members who had turned in applications and paid for their dues, uniforms and patches. These work schedules will begin on Monday, April 30, 1973. Also Mrs. Mires had a mannequin display of the uniform to be worn by active members while performing their duties at the hospital and the women were given an opportunity to select their sizes so that the uniforms could be ordered.

April 4 was meeting date for Girl Scout Troop #190 at the Scout House. Leaders present were Mrs. Billy Close and Mrs. Jack Moran. Refreshments were served by Tammy Baker. Girls present were Sue Close, Sherrie Cook, Trena Cook, Jamie Morely, Jamie Thomas, Connie Bentley, Jennifer Umphress, Jonell Moran, Tracie Keetch, Joyce Cummings and Cindy Cook.

The troop played a cooking scout-o-ringo and selected patrols--the 6 musketeers and the Grapevines. Each patrol was given "Sealed Orders" to work on to present at the next meeting.

April 11th found Girl Scout Troop # 190 meeting with Mrs. Jack Moran and Mrs. Billy Close in the Scout House. Each patrol presented their "sealed order" activity. The Musketeers offered an activity to make the troop think and the Grapevines offered an activity that took the troop on an adventure.

The troop filled out a Junior Scout inventory questionnaire so ideas could be gotten for further activities. Refreshments were served by Trena Cook to Sue Close, Sherrie Cook, Cindy Cook, Tracie Keetch, Jennifer Umphress, Joyce Cummings, Jamie Thomas, Jamie Morely, Connie Bentley, Tammie Baker, and Jonell Moran.

The April 18 meeting for Girl Scout Troop # 190 was held at the Scout House with leaders Mrs. Jack Moran. The troop had planned to pitch tents but the wind prevented this so plans were made for the Troop to Bridge into Cadettes. Other activities were planned.

Melvin Suenn. A leaders cook out was planned for the May meeting. Information and Camp folders were passed out. Leaders present were: Barbara McClellan, Linda Davis, Sharon Wate, Ivone Baker, Doris Perkins, Nicki Suenn, Jean Close, and Barbara Moran.

## Little League Program Very Expensive

Little League baseball is a "big" thing in Spearman and is one of the best programs for boys any community could sponsor.

But there is more to a successful LL program than the general public would ever imagine. First and foremost, it takes SPONSORS. Sponsors are people willing to give money, and lots of it. It also takes people willing to give donations of money, and women who will volunteer to work in the concession stand which brings in additional (and badly needed) funds.

It takes mothers using extreme caution in caring for uniforms which must last at least 3 years, and seeing to it that these are checked back in at the end of each season. In round figures, Spearman's Little League expenses run around the six thousand dollar mark EACH SEASON. Much of this is paid for by sponsors.

Each sponsor is asked to take a team for a three year period. One reason for this is that uniforms will last about 3 years

Mr. and Mrs. R. E. Lee visited in Colorado Springs last week. While there they attended a Greek play "Lysistrata" directed by their granddaughter, Linda Robertson. Miss Robertson recently received her degree in speech and drama.

(with luck) and it costs to have sponsor's names made up and sewed to shirts. Team sponsors pay \$150.00 per year. Out of this money comes their share of accident insurance, charter fees, and score pads. They buy uniforms for their team, plus caps, balls, gloves and equipment. Caps are another expensive item on the Little League expense records. Caps for the League cost around \$300.00 each season. At the end of the season, each player is allowed to keep his cap. Fielding around 180 boys in 5 major and 4 minor teams plus 3 pony league teams does not just happen. It costs money.

So if you are one of the many who enjoy this outstanding program for boys in Spearman, you can thank any one of the following team sponsors: Tri-State Pipeline, PIRATES: Spartex Grain, CARDINALS: Barnes Feed Lot, BRAVES: Snider-Pearson Co., SOX: Excel Chevrolet-Old, JETS: Cut Rate Thriftway, DODGERS: Lyon Insurance, ASTROS: Lions Club, YANKEES: Anthony Electric, INDIANS. Pony League sponsors (boys ages 13 and up) include: Babe Ruth League, Jr. Lusby Cats and First State Bank and the American Legion sponsor is Davis Oil Co.

# BAKER & TAYLOR DRILLING COMPANY

## Rates its employees No. 1

WAYNE BAKER

### Your Baker-Taylor Employee of the Week

The Baker and Taylor employee of the week, is Wayne Baker, another young man who loves his work. Wayne is formerly from Dumas, Texas, and graduated from Dumas High School in 1971. Wayne stays with his aunt and uncle in Spearman, Nancy and Lee Phillips. His work includes driving the "hot shot" truck, and working with the "nipple-up crews." Also, Wayne works with Raise Drillers, which he also enjoys very much. This is his second year with Baker and Taylor. He says that the most enjoyable part of his job, is the different parts of the United States that he job affords him to see. Wayne enjoys driving to the many different parts of the U. S. that Baker and Taylor works in. He recently drove to Boston, Chicago, and Chatanooga for Baker and Taylor. Hobbies include collecting model trucks, which is why he likes truck driving so well. Wayne is a member of the Baptist Church. Wayne was a member of the Dumas High School band, and a member of Vocational Agriculture, while attending Dumas High School.

Baker and Taylor joins in urging everyone to come to Womble Park Saturday morning, at 8 a. m., to assist in the big city wide "Clean Up" program this week. We are proud of our employees, and we are proud of Spearman. We want to help keep our town clean, and healthy for everyone...

THURSDAY, APRIL 26, 1973

Mr. and Mrs. Ray Robertson have just returned from a two weeks vacation down state. In Austin they visited their son and wife, Mr. and Mrs. Danny Ray Robertson.

Easter Sunday dinner guests in the home of Mrs. W. A. Schubert included Mr. and Mrs. Fendorf Schubert, Mr. and Mrs. John Schubert, Mrs. Nova Bair of Amarillo, Mr. and Mrs. Fred Groves and family, Mr. W. O. Groves, Mr. and Mrs. Burton Schubert and family.

Art Lynch, student at NTSU Denton, spent the Easter vacation at home with his mother, Mrs. Faye Lynch.

Carol Booth, student at TWU, Denton, spent Easter vacation at home with her parents, the John Booths.

Mrs. Garrett Allen flew to Austin April 19 for a couple days to visit with her granddaughter, Patricia Schnell, and to attend the Alpha Lambda Delta sorority meeting. Patricia has been invited to become a member of the National Honorary sorority. To qualify for membership a student must have a 3.5 average the first semester of their freshman year.

Mrs. Lena Stephenson, former Spearman resident and a member of the Spearman Baptist Church, is in the Coronary Intensive Care Unit at Northwest Texas Hospital in Amarillo following a heart attack, Thursday, April 19. She continues gravely ill following a recurrence of the attack Sunday night, the 22nd. She is in room 442.

FARM & RANCH NEWS

A Texas-style dinner and plenty political and consumer talk are on the agenda for a beef conference set for April 26 and 27 at the Amarillo Civic Center, according to Cal Parrot of Amarillo, area livestock specialist with the Texas Agricultural Extension Service.

Steak will be the menu for the Thursday night dinner, and it'll be the main topic of discussion the next day.

Addressing the gathering will be such notables as the Honorable Tom Foley, chairman of the Livestock and Grain Sub-Committee of the U.S. House of Representatives, Virginia Knauer, President Nixon's special assistant for consumer affairs, Tom Herreck, president of the Texas Cattle Feeders' Association, Bill Donnell, president of the Texas and Southwestern Cattle Raisers' Association, Dr. John E. Hutchison, director of the Texas Agricultural Extension Service, and numerous educators.

Several noted people will preside at the four sessions of the conference, including Dr. Jarvis Miller, director of the Texas Agricultural Experiment Station.

Consumer concern over beef prices, cattle death losses on the High Plains, politics and beef, new diseases in cattle, and research developments in several key areas of cattle feeding and growth are among the topics to be discussed.

The meeting gets underway at the Amarillo Civic Center at 7:30 p.m. Thursday, and resumes the next day at 8 a.m.

Cattle on feed up 5 Percent-Cattle and calves on feed for slaughter market on April 1, 1973 in 23 major feeding States is estimated at 13,414,000 head--5 percent above a year earlier. The number on feed decreased 4 percent from January 1 to April 1 this year compared with a 4 percent decrease during the same quarter last year.

There were 6,145,000 cattle and calves placed on feed January through March in the 23 states--an increase of 4 percent from the same period in 1972. Marketings of fed cattle for slaughter during January through March totaled 6,651,000 head--up 3 percent from the same period in 1972 in the 23 States.

Cattle feeders plan to market about 7,037,000 head during April, May and June. The anticipated marketings are 5 percent higher than those actually sold during the same period last year.

Fed Cattle 22 Percent Above Year Ago-Cattle being fed for slaughter market totaled 2,259,000 head on April 1, according to the Texas Crop and Livestock Reporting Service. This is 22 percent above the 1,854,000 head on feed a year earlier, 3 percent above the 2,184,000 head on feed March 1, and 1 percent above the 2,245,000 head on feed January 1.
