Hansford Auxiliary Hospital Activated

Pinewood Derby Held Here Sunday

Approximately 30 Cub Scouts from Gruver, Morse and Spearman were entered in the Pinewood Derby Sunday afternoon. The event was held at the Community Building at 2:30 p.m. First place winner was John Guthrie of Guymon. His parents are Mr. and Mrs. Jerry Guthrie. 2nd place winner was Terry Davidson, also of Guymon. His parents are Mr. and Mrs. George Davidson. 3rd place winner was Kent Castor of Gruver. His parents are Mr. and Mrs. Jim Castor. Another Guymon boy was 4th. He was Bobby Cooper, son of Mr. and Mrs. Bob Cooper.

THE NEWLY ORGANIZED Hospital Auxiliary began to function at Hansford Hospital Monday morning. Boasting some 60 active members, each volunteer will spend some 4 hours per month helping with small jobs and patient needs at the local medical center. Above with Supt. of Nurses Eloise Renner is Mrs. Elsie Mathews and Mrs. Delphine Erling chatting with patient Robert Jantzen.

Beginning Monday morning, April 30, patients and staff at the Hansford County Hospital will be pleasantly assisted by the first of the volunteer workers who claim membership in the recently formed Hansford County Hospital Auxiliary. The hospital will be staffed with these volunteers during week days with the evening hours, and weekends in the planning for the future. Excellent orientation classes were conducted this past week by Mrs. Wilson McClellan, R.N. who spent many hours conducting the groups through the hospital, familiarizing them with various departments and duties, and then offering helpful assists to each in a lecture portion of the orientation. Officers for the group include Mrs. Tom Latta, Spearman, president; Mrs. Eulie Mires, Spearman, 1st Vice-President; Mrs. Barbara Collier, Spearman, Secretary; Mrs. Emmett Sanders, Spearman, treasurer. Dues for the group are \$3.00 per year for active members; \$10.00, sustaining members; \$100.00 for a lifetime membership. The charter members are: Mmes. Jeanette Allen, Dorothy Baggerly, Charlene Bulls, Rosa Lee Butt, Vivian Clark, Dorcas Collard, Barbara Collier, Karen Courtis, Mary Cornelius, Willie Craig, Ruth Crawford, Betty Jean Davis, Eva Jean Dixon, Delphine Erling, Josephine Evans, Beth Fox, Alva Garner, Glenda Guthrie, Pauline Hale, Ilo Jo Hart, Verna Gail Keim, Giggia Knox, Linda Latta, Lynnie Maize, Elsie Mathews, Fian Maupin, Charlene McClellan, Gwen McLain, Dolly McWhirter, Eulie Mires, Judy Nelson, Fay Palmer, Donna Pittman, Clementine Renner, Lola Reynolds, Kaedie Rupprecht, Eleanor P. Sanders, Edith Smith, Hazel Taylor, Altha Townsend, Virginia Trindle, Linda Veneman, and Coda Zachiesche. Any Charter Members Names left off this list is apologized for and the auxiliary officers would appreciate knowing immediately about this error, as a list of members signed up by April 23, 1973 are to be considered Charter Members and a list of these names are to be kept in our official handbooks. There are several women who have signed up since April 23, 1973, as active members and for this we are very grateful and welcome anyone who wishes to become an active or sustaining member to contact an officer also. The Charter-Sustaining members are S.M. Anderson, Hospital Administrator, Mmes. Delma Barnum, Sammie Bishop, Helen Etter, Gertrude Gruver, Johanna Kleeberger, Mary Lee, Margaret Shedeck, Dora Womble, and the Woman's Division of the Spearman Chamber of Commerce. Many clubs and businesses have expressed a desire to become sustaining members. This may be done by clubs by donating \$1.00 per active club member. Businesses may donate a minimum of \$25.00 for a sustaining membership. Most of the above sustaining members have volunteered to work as substitutes for active members as needed and for this we are most grateful.

DOUG PORTER

The Spearman Study Club has named their selections for Boy and Girl of the Month for May. They are Valorie Uptergrove and Doug Porter. Valorie is the 17 year old daughter of Mr. and Mrs. R.L. Uptergrove. She is a member of the First Baptist Church. Special interests include sewing, playing the piano, cooking and swimming. She has been secretary of the Student Council, member of DECA, National Honor Society, FHA, Band, FTA, Spanish Club, and Class Treasurer. Valorie during her high school years has been Sophomore Favorite; DECA Sweetheart, Lions Club Sweetheart and won the UIL Typing award. She works at Spearman Drug and plans to go to Clarendon College. Doug is the 17 year old son of Mr. and Mrs. R.C. Porter. He enjoys basketball and tennis. He is a member of the First Presbyterian Church. Doug was vice president of FFA this year and received the English III award.

EUGENE RENEAU TO GRADUATE

Eugene Windell Reneau, son of Mrs. Selma Reneau of Spearman, is included in the graduates at Frank Phillips College. He plans to continue working toward a degree in Special Education at Texas Tech.

Senator Max Sherman of the 31st Senatorial District will be the speaker for the 25th graduation at Frank Phillips College. Graduation exercises will be in the auditorium of the Fine Arts building on Friday, May 4 at 7 p.m.

Damage To Trailer Home

Resembling the mile and one half of the killer tornado of April 9th, 1947, the fast moving turbulent weather Monday raised fears and high winds in most communities across the Texas Panhandle. This same system spawned a tornado and flung baseball size hail at White Deer. In Spearman, this cloud left pea size hail and 0.16 of an inch of rain. This wasn't everything though while the Little Leaguers were getting to shelter, two blocks away, the porch of the Jerry Chisum trailer home was ripped from its brick foundation and was blown up and over the trailer, then into his neighbor's back yard. The neighbor Mrs. Daniel Hall said, "I saw something that looked like a tin roof, and I grabbed the children and went to the courthouse."

Inter-faith Prayer meet Scheduled

Mrs. Harold Groves invites all who are interested to attend an inter-faith prayer meeting to be held each Thursday at 9 a.m. in her home at 302 E. 11st street, Spearman. The first prayer meeting is set for this Thursday morning. All interested women are cordially invited to attend.

Hansford Roundup Set For May 10-12

The big Hansford Roundup plans are well underway. The annual celebration will be held this year May 10 thru 12. The first of the events will be the Miss Hansford County Beauty Pageant on Thursday, May 10 at the Spearman High School Auditorium. The Lions Clubs sponsors this event annually and they have made big plans for the beauty pageant this year. There are approximately 26 Hansford County girls entered this year, with contestants entering from Spearman and Gruver. There will be rodeo performances nightly Friday and Saturday at the local rodeo arena. These rodeos draw contestants from all over the area and is always a highlight of the celebration. A carnival will be here beginning Tuesday, May 8, set up across from the court-house. This is the same carnival that was here last year. Saturday is always the big day and this year is no exception. The Old Timers Reunion in the Joe Traylor Ford showroom will begin at 9 AM. This is an annual feature and

is sponsored by the Hansford County Historical Society. The parade will feature floats, the Spearman High School Band, the Spearman Rolling Plains Wagon Train, various bicycle entrants, etc. The parade will be at 11 a.m. Prizes will be awarded for the best floats and also for the best decorated bicycles. After the parade there will be various forms of street entertainment, sponsored by the Spearman Jaycees. They have planned a cow chip throwing contest, sack races, and a pancake race. Entrance fees for these events will be 25¢ and there will be cash prizes for first place in all events. An additional grand prize in the cow chip throwing contest will be a genuine Hansford County gold plated cow chip presented to the winner. Second prizes in all events will be barbecue tickets and tickets to the circus to be held here May 16. The circus is also being sponsored by the Jaycees. The barbecue will be held at noon. The Jaycees promise a good feed, serving boneless

USDA rounds, beans, apple-sauce, onions, pickles. Members of the Rebekah Lodge will be serving cold drinks. Jaycees chairman Mike Crawford is enthusiastic about the meat this year and hopes to have plenty left over after all are fed so that barbecue will be available for those wanting to buy it to take home. An Old Fiddlers Contest is scheduled for Saturday at 3 p.m. in the Community Building. Saturday evening, besides the rodeo performance, a dance will be held in the Community Building. Eloy and His Troubadours will be playing for the dance. Everyone makes plans to attend any and all of these events and let's make this the biggest celebration Hansford County has ever seen.

Cityans Experience Tornado

Mr. and Mrs. Don Schumann, Michele, Mrs. Anna Haun, and Mrs. Barbara Gurski and her two children spent the Easter holidays with the Clayton Hauns, a son of Mrs. Haun, and a niece, the John La Rue family in Harrison, Ark. While there Mrs. Haun, Mary and her sister-in-law had a harrowing experience. They were caught in the tornado that tore up a path 1/2 mile wide and 35 miles long. All that morning, Good Friday by the way, the weather was mucky and dark and raining. It would get so dark my brother's night light came on a couple of times. Then a little before 10 a.m. my mom decided to step out on the front porch and check the weather. She heard this roar like a train or a jet, and pretty soon she could hear a thump, thumping sound in the rear, and she rushed back inside and told my sister-in-law to get to the cellar, there's a tornado coming, do you hear it and I sure did hear the roar.

We didn't waste any time rushing to that basement. No sooner did we get down there till it hit. Leaves and wind were hitting the windows. My sister-in-law was down on her knees praying, Moma and I were pretty calm, not knowing what was going on outside. We didn't realize it was so devastating or we would have been scared too. The tornado struck at 9:55 a.m. It took walnut trees three to four feet in diameter and pulled them up like weeds. All my brothers out buildings were gone, a barn, trees, the back porch we had walked through to get to the basement, all the glasses in the windows was blown out. A bedroom door was pulled off and all the porches gone. Quite a few shingles on the roof were blown off and it leaked very badly after that. Don and my brother were gone for cigarettes at a little store, one was closed and they went to another, otherwise they could have been in the path of it on their way home. Michele was about 3 miles

away and for 2 hours we had no word of the rest. They had to walk in as big trees were laying across the roads from both ways. A house was completely destroyed about a mile on down the road. The woman who lived there was at work in Harrison Hospital where she is a nurse. Lucky for her. So after we all saw each other and everyone was safe we shed a few tears. So don't take a tornado lightly and find a hole or a ditch to bay flat in. Any way seek cover and fast.

Mr. and Mrs. Orville Link had as their weekend guests her parents, Mr. and Mrs. C. E. Leak of Seiling, Okla., their son, Lyle Link of Amarillo. Their daughter and family, Mr. and Mrs. Lenzie Anderson of Spearman were Sunday dinner guests.

Mr. and Mrs. Jerald Ray Hall are the parents of a daughter born April 25 in Hansford Hospital. The baby has been named Catherine Anne Hall and weighed 8 lbs. 11 oz. at birth.

TEXAS BALD EAGLE NEST IDENTIFIED

AUSTIN--Amid declines in the nation's symbolic bird, Texas' population of bald eagles appears to be holding its own in the seclusion of Southeast Texas.

Parks and Wildlife Department nongame biologist John Smith has located five active bald eagle nests in Texas. The eagle population is considered to be a continuation of birds which nest in Florida and Louisiana.

An additional 10 eagle nests were discovered in a survey conducted last spring but they appear to be unused. Smith says the birds prefer tall trees located in openings.

The river bottoms of Southeast Texas shelter the state's only nesting eagle population.

The nests are huge structures: six-to-eight-feet across and three- to six-feet deep.

Eagles usually nest near large bodies of water where they feed on nutria, ducks, geese, coots and fish.

Birds using the five active nests reared five young in 1972.

Eggs are usually laid in December and January and the young fledge in April

and May. Adult eagles arrive at their nests in the fall and depart with their young in May or June.

Where the eagles go with their young is a mystery. Smith speculates that they move to the East Texas lakes or even further north and out of the state.

The nesting population of eagles is not to be confused with eagles which winter in

Texas and return to the southern United States or Canada to nest in the summer. Smith will continue to locate eagle and osprey nests this spring by mailing some 6,500 questionnaire postcards to departmental field personnel, landowners, members of the Audubon Society and anyone interested in the fate of these endangered birds.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN, that IRVING P. KRICK, INCORPORATED, OF TEXAS, of Suite 216, 611 S. Palm Canyon Drive, Palm Springs, California, 92262, who holds License No. 73-4 of the State of Texas, is now applying for a permit to engage in operations and to locate ground-based generators for operational purposes in certain counties of the State of Texas on behalf of farmers and ranchers located in the State of Oklahoma and for the purpose of augmenting precipitation within said area of Oklahoma. These operations shall be by means of ground generators as follows:

1. Area in which equipment will be operated is the following: Counties in Texas consisting of: Dallam, Lipscomb, Hansford, Roberts, Hemphill, Ochiltree, and Custer.
2. The target area will be the farm and ranch lands within counties in the State of Oklahoma consisting of: Texas, Beaver, Harper, Woodward, Ellis, Custer, Washita, and Kiowa.
3. The areas adjacent to target area which may be subject to the effects of the operation are within the State of Oklahoma and in general within 15 to 20 miles of the target area. The maximum intentional effect is in the target, but some downwind effect may occur in Oklahoma mostly to the immediate northeast of the target. There would be no significant effect in Texas from the operation of any of these proposed generators. It is important to note that this notice is simply to apply for permission to install generators in Texas, not to increase rainfall in Texas, and for the sole purpose of increasing rainfall in the target area located in the State of Oklahoma.
4. The materials and methods to be used in conducting the operation are silver iodide electric air (Model 1730) ground-based generators that have an output of an optimum amount of 0.5 grams per hour per generator.
5. Person who will be in charge of operations is Mr. Newton C. Stone.
6. The operations will be performed in the State of Oklahoma for the following clients: Henry C. Hitch Ranch, Inc., Beaver County Weather, Inc., Harper County Weather, Inc., Woodward County Cloudseeding Assn., Ellis County Weather, Inc., Custer County Weather Assn., Washita County Weather Modification Assn., and Kiowa County Weather Modification Assn.

The operations will extend during the period beginning around 6 June 1973 and continue through 5 June 1974. Individuals, organizations, or agencies who consider that their interest will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Equity

You're over the hill, pal, when it takes longer to rest than it does to get tired. I read that some place, and it worries me more than some, for I understand perfectly what it means. We made a quick jaunt to Okla. City over the weekend. Was really in the City only 4 hours, but we did run into little Jimbo Linn while there. Only he isn't "little" any more by any means. He's the biggest, best looking guy you ever saw and tho he has been away now for several years, he recognized us old folks. This always pleases the past-30 age groupers, for a youngster to remember who you are!

Never saw the country so

wet, and so green. One thing we noticed through Oklahoma was that every little hamlet, every farm home and city dwelling had neat, weed-free, mowed surroundings. Everybody mows there and it certainly makes for country-side beauty. We never saw one single lion's tooth in Oklahoma. For those of you who might wonder what a lion's is, that's the literal meaning of the "herb" dandelion. Did you ever in all your life see as many dandelions? If you are a newcomer to Hansford County and perhaps among the few who never saw one of these yellow-flowered plants, drive by the Hodge-Linn park on east 11th street. That city park grows enough dandelions to plant the whole earth with an abundant crop. And it has. Dandelions are like elm-leaf beetles. It doesn't do any good for YOU to rid your yard of these, unless your neighbors do the same. Twice the City has borrowed equipment from the school to spray that park, but you can see what good this did. With the abundance of moisture this winter and spring has provided, we may as well give up on ridding our yards of these weeds. I've decided on a new angle. I'm going to begin cultivating my dandelion crop and seeing if I can come up with some sort of a hybrid. Then, just watch them all die. Some people do this you know. Cultivate dandelions. After all, this plant is one of the potter's--as is lamb's quarter. A potter's is an herb whose leaves or stems are cooked for use as greens for food! Most of us know

what a good pot of early, tender lamb's quarter greens tastes like. Cooked slowly with a hunk of sowbelly, eaten with a slice of corn bread, this is soul food. Many people can lamb's quarter by the quart, for tasty out-of-season meals. Why not dandelions? I did a little research on dandelions, and I find that this plant is good for almost everything--the whole plant, roots, flowers & leaves. "Good?" The dandelion? How could this be? And, yet, we read in Genesis 1:29 "And God said, behold I have given you every herb upon the face of the earth, to you it shall be for meat." And a few verses later it says that God saw everything He had made and thought it was "very good". Now I ask you, did God deliberately MAKE THE DANDELION, or is this herb a result of the curse? I have my own ideas. Nevertheless, in my search to exalt the lowly dandelion, I find in my old book of home remedies that the dandelion is recommended for biliousness, chronic inflammation of the liver, constipation and coughs. Behold, who would of thought it? You would collect the root in July, August or September, make a strong infusion by boiling roots in water and drink this freely two or three times a day. I can think of at least a dozen other ills this would cure--all of which are brought on by constipation, so I suppose the medicinal value of dandelion root juice is beyond imagination. If taken only for constipation, consider the peace of mind the drink would afford just knowing you would

never be bothered with coughing, biliousness or an inflamed liver. Now for the leaves and stems. Pick these early in the morning when the dew is still covering the tender plant. Wash well to remove the ants, leaf beetles, and other unsavory bugs. Cover with water and cook until the fluid becomes green. Pour off. Cover again with water, add a hunk of bacon and stew gently until tender. Eat and enjoy. Now, here is a great way to utilize the yellow flowers (and at the same time guarantee no re-seeding). This recipe comes from an old cook book belonging to Mrs. John Wilde. Now, Mrs. Wilde is a Baptist, and a teetotaler, but she told me she intends to try this Dandelion Wine: Pour one gallon of boiling water over 3 quarts of dandelion flowers. Let stand 24 hours. Strain and add 5 pounds of light brown sugar, juice and rind of 2 lemons, and rind of 2 oranges. Let boil 10 minutes and strain. When cold, add half a cake of yeast. Put in crock and let stand until it commences to work. Then bottle and put corks in loose and let it work. In each bottle put one raisin, after it stops working. Cork tight. So you see, every part of the dandelion can be utilized. You can't whip 'em, so eat 'em, drink 'em and be merry! When looking for quality furniture, check doors, fasteners, finishes and hardware, suggests Patricia A. Bradshaw, housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A & M University.

ENGAGEMENT IS ANNOUNCED

Mr. and Mrs. L.C. Craig, Jr. announce the engagement and approaching marriage of their daughter, Cheryl Barrett to Ronald Garrett Tennison, son of Mr. and Mrs. Floyd Tennison of Amarillo. The wedding will be June 1 at 1 p.m. in the First Baptist Church here. The groom graduated in 1965 from a Fort Worth high school, spent 4 years in the Navy and now is employed by Continental Telephone in Santa Fe, N.M. Cheryl graduated from Spearman High School in 1971 and is presently living in Amarillo where she attends Amarillo College. She also works for Southwest Osteopathic Hospital. The couple will make their home in Santa Fe.

July Wedding Is Planned

Mr. and Mrs. G.R. Kilgore announce the engagement and approaching marriage of their daughter, Barbara Kate, to Paul Allen Hiebert of Haskell, Texas. The bride-elect graduated from West Texas State University, where she was a member of Delta Zeta Sorority, Alpha Chi and Kappa Delta Pi, National Honor Fraternity. She is currently teaching at Travis Elementary in Midland, Texas. Mr. Hiebert graduated from the University of Texas at El Paso. There he was Attorney General of the Student Association and was elected to Who's Who in American Colleges and Universities. He is completing his Master of Science in Accounting at Abilene Christian College and is employed by Darrel Knight and Company, C.P.A. The couple will exchange wedding vows July 14, Frisco, Texas.

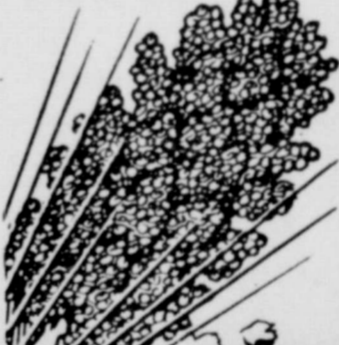

Birthday Party Held

Mr. and Mrs. F. E. Sutton had as their house guests recently their daughter Linda and granddaughter Michele Lea from Clovis, New Mexico. While they were here Michele celebrated her 1st birthday with a cake and ice cream party. Several small guests attended along with their mothers who were, Mrs. Kathy

Slater and Scott, Mrs. Bill Harnish, Lance and Shane, Mrs. Vanessa Slater and Wendy, Mrs. Aileen Kirby and Melissa, Mrs. Marsha Shaver and Makea, Mrs. Charla Sims and Christa who were also here visiting from California.

It doesn't take a "crack shot" to shoot an insulator.

A "crackpot" can do it

It doesn't take much of a man, nor any particular skill, to win a shoot-out with an insulator. It's a wasteful, irresponsible act . . . and an obvious offense. And it can't be shrugged off as kid's play. Anyone old enough to shoot a gun is old enough to respect its use. Insulator shooting can knock out electric service, costing untold losses to farmers, businesses and families. It could even be vital to the medical well-being of someone. If you see anyone shooting at insulators, report the act to your county sheriff. You'll be helping in a crackdown on crackpots.

DAVID HARBOUR won the highest individual score in Livestock Judging at the district FFA contest at WTSU over all of the 67 teams which included 201 individuals. A SHS senior, David is the son of Mr. and Mrs. Monte Harbour.

FFA Teams Judge At District Events

Fifteen schools in the Top of Texas District have just completed their annual FFA Agriculture judging contests and the Spearman chapter made an outstanding showing in all classifications.

David Harbour, a senior and President of the FFA chapter made a name for himself by scoring more points than any other individual in Livestock Judging at WTSU. David, son of Mr. and Mrs. Monte Harbour, scored higher than the other 201 judges out of the 67 teams entered.

The fifteen schools in this district entering various classifications of FFA contests include Follet, Booker, Perryton, Gruver, Pampa, Miami, McLean, Canadian, White

Deer, Shamrock, Mobeetle, Allison, Briscoe, Wheeler, and Spearman.

At WTSU, Canyon, the team of Lillian Ralston, Scott Pipkin, and Roy Harbour won second in Grass Judging.

Other judging teams and their scoring at district contests included the following:

At Pampa: David Harbour, David Thomas, and Doug Porter, 3rd in Livestock.

At WTSU: Glen Mackie, Adrian Barrera and Tex Kopke, 2nd in Dairy Cattle Judging.

At Texas Tech: Randy Jantzen, William Porter, and Robert Diffie, first in Meats.

At WTSU, Teresa Oakes, Amy Brillhart and Mike Pack, 1st in Poultry.

OTHER FFA judging teams shown above L to R include: Jerry Boatwright, Kirby Brillhart, Jeff Platt, William Porter, Robert Diffie, Randy Jantzen. Seated: Lillian Ralston, Scott Pipkin, and Roy Harbour.

WINNING FFA JUDGING TEAMS: pictured L to R: David Harbour, Doug Thomas, Ronny Womble, Doug Porter, Glenn Mackie, Tex Kopke, Frote Brillhart, Mike Pack and Teresa Oakes.

Mag has bin thinkin about this grand openin which she heered yew hav cumin up in the near future and she has decided to sum refreshments for, yew to serve when yew have it.

Whut she is doin is to boil up a hole bunch of poke salad frum out of our garden. I hav went and trap a big fat rabbit to throw in the pot when it gits to a full boil. The rabbit wil serve to bring out the flavor in the pot likker.

Mag sez she aims to strane off the ppt likker and bottle it up in a hole bunch of demijons. She sez yew should serv the pot likker over ice sew it will be kule and refreshen to yore geats.

She is also makin you a speshul, green persimmon kake which will have rote on the top of it. "Best wishes to Owins Sails Company."

I am sendin sum of my speshul maid candy to Lloyd and Merle but sense you don't like candy, nuts to yew.

YOU NAME IT!
by Billy Miller

James Cunningham led me Tuesday of this week to the recommendations for a basketball coach, a speech therapist, a person he wants for jobs, and the school will act upon his recommendations at the next meeting.

Coach Mires turned in this to the Superintendent's Tuesday evening:

The purpose of this letter is from my present position of Athletic Director, Football Coach, Biology and Activities Co-

ordinator in Spearman schools. I submit this resignation with the intentions of going into private business in Spearman. This was a most difficult decision as I believe I have the best school job anywhere. It was indeed a pleasure to work with James Cunningham; he is without a doubt, the finest, most sincere school leader anywhere. I have enjoyed my work with my three principals who are most efficient. My experiences with the faculty of all three buildings have been great. I also leave the finest coaching staff anywhere. Much of our success is due totally to their hard work and dedication.

You, the school board members and the townspeople have done much in the last two years to give the kids good athletic facilities. I believe our school board is second to none. But the hardest part of this

decision is to quit teaching and coaching our fine young people. My experiences with the youth have been profitable and enjoyable.

The group of fine co-workers; the hard sincere work of the board; and the great kids make this a difficult decision. I do believe however, my potential in business outweighs all the strong points in coaching. Also, my family wants to make Spearman our home and this would be unlikely in coaching. I also believe it would be impossible to do justice to both jobs.

I look forward to supporting Spearman Schools--the best school system anywhere.

Once again thanks to each of you for making the last two years the best of my life.

Sincerely,
Clark Mires.

I am glad that Coach Mires

is going to make Spearman his home. He is opening a drive-in in the near future, that will serve all of the finest in hamburgers, and dairy products. The new drive in will be located next to the car wash near Excel Chevrolet on the highway.

So, the school is now needing a new head coach and athletic director for Spearman schools. So, if you are hunting this job, it is probably available. I do want to mention, however, that this letter that Coach Mires has written to the school, has not been acted on in an official capacity by the school board, but we do appreciate the local school officials turning it in to the local news media before the big boys get the information. We have great cooperation with our local news media from our school, and we do appreciate it here at the paper. Thanks to each of you!

3rd Grade Presents Operetta

The Spearman PTA sponsored an operetta presented by the third grade. The Operetta was entitled "Cowboy On The Moon" and was directed by Mrs. Wilma Clark.

There was no admission but donations totalling \$312.17 were made which will go in the scholarship fund given each year to a deserving graduating senior. The cast of "Little People" did a very fine job entertaining the older folks which therefore

made it all very easy to donate to the cause. And, of course, Mrs. Clark is also responsible for the fine quality of performances.

Also, at the play, next year's main officers were introduced. They are: Pres.-Myra Berner 1st V. Pres. Charlotte Ford 2nd V. Pres. Charlene Bulls Secre.-Sandy Russell Treas. Bobby Novak Hist. Adaline Barnes Parl. Edith Smith Other officers will be appointed at a later date. A special thanks should be given to all those who helped in building props and helping dress the children.

With everybody saying they've got the best sorghum seed, Niagara has just one thing to say about Oro: Try it.

Niagara SEEDS ORO HYBRID SORGHUM (GRAIN)

With all the claims everybody's making for their sorghum seed, we just ask you to do one thing with our new Oro yellow endosperm hybrid.

Try it in a test planting. You'll get a yield that will really open your eyes.

You'll get a head size of from 4 to 7 inches, blooming in 60 to 70 days and ready to harvest in 100 to 125 days. Plus large, loose, open heads of 8 to 10 inches.

Oro also brings you good threshability with high test weight. As well as

exceptional tolerance to head smut, MDMV virus, and anthracnose. On top of all that, Oro is versatile; it's adapted for both dry land and irrigated conditions.

There's an Oro dealer near you. He and Oro are really worth a try.

Arts & Craft Guild Met In Turner Home

The Arts and Craft Guild met in the home of Mrs. Ned Turner April 27 for their weekly meeting.

Chicken salad was served by the hostess to Meses, Pope Gibner, Bruce Sheets, C.A. Gibner, Sada Hoskins, W.L. Russell, Deta Blodgett, Joe Traylor, Guy Fuller, Nolan Holt, Garrett Allen and P.A. Lyon.

The next meeting will be May 4 in the home of Mrs. Garrett Allen.

GREETINGS TO ALL CATTLEMEN
FRIDAY, April 27, we sold 4246 cattle and calves. The action began at 10:00 AM and was completed at 7:00 PM. Buyers were here from a great distance to absorb the offering.

"OUR MAY SCHEDULE"
FRIDAY, May 4, we are expecting 3000 cattle and calves. The auction will start promptly at 10:00 A.M.

Every FRIDAY in May will be a consignment-arranged sale. We already have some consignments for each FRIDAY thru May.

Advise us as far in advance as possible of your plans. It helps us tremendously with our advertising and indirectly certainly pays off for our consignors.

WYONA OWENS

Your Baker-Taylor Employee of the Week

Mrs. L. C. (Wyona) Owens, is the Baker and Taylor employee of the week. Wyona has been working with Baker and Taylor for 8 years. Her husband, L. C. is also employed with Baker and Taylor. Mr. and Mrs. Owens have one daughter, Darrie, who is a freshman this year, at Spearman high school. Darrie is a future Lynxette, and loves to play basketball. Wyona has several hobbies, including sewing, riding horses, swimming and fishing. Wyona is also the radio and switch board operator at the Baker and Taylor headquarters office in Spearman. Of course, Wyona says that the most "trying" times for her, are duing the bad snow storms and blizzards, when some of the men cannot get through the snow to a safe place.

The Owens are members of the 1st Baptist Church in Spearman. Wyona loves and appreciates her work with Baker and Taylor in Spearman. She has attended several luncheons in Amarillo with Mr. and Mrs. Max Banks, and she says that they are the finest people in the world. And, Mr. Banks personally donated most all of the steel and pipe plus the equipment to literally build the two Little League Parks in Spearman. This newspaper joins in saluting Max Banks and Baker and Taylor for the efforts and equipment that they used, plus the materials in building these two fine parks. And, every time we watch a little League game, we think what a great contribution Max Banks and his fine organization have made to our town...
