

Miss Hansford County To Be Named Tonight

VOLUME 65, NO. 25 THE SPEARMAN REPORTER, Hansford County, Texas 79081 THURSDAY, MAY 10, 1973

Many hours have been spent in preparation for this year's Miss Hansford County Beauty Contest, to be held May 10th at 8 p.m. in the Spearman High School auditorium. There are 24 contestants in this year's pageant, including girls from Gruver and Spearman. Contestants are between the ages of 16 (before July 1) and 21 years old. They will be modeling in street and formal wear.

Entertainment will be provided throughout the evening by students of Kackie Rupprecht's Dance Class, Debra Clawson, reigning Miss Hansford, will sing a selection of numbers accompanied on the piano by Mrs. Lon Godley of Hardisty. Rosemary Burkhart will be singing a tribute to the 1973 Miss Hansford County accompanied by Rick Land. Mrs. Max Clawson will be the accompanist for the contestants.

Several citizens and businesses of Hansford County have donated supplies and labor in order to make this year's contest the best yet. Special contributions were given by the following merchants: Cates Men & Boys Wear donated the first place trophy; Spearman Appliance Center donated the congeniality trophy; Gordon Drug donated the crown; P. A. Lyon Insurance donated the flowers for the five finalists; Berry Cleaners and Excel Chevrolet-Olds donated the charms to be given to each contestant; Garza Welding and J. L. Brock Agency donated the funds for the Queen's robe; Spearman Jewelry provided the engraving for the charms; and Spearman Reporter took the pictures of the contestants that have been featured in the papers weekly.

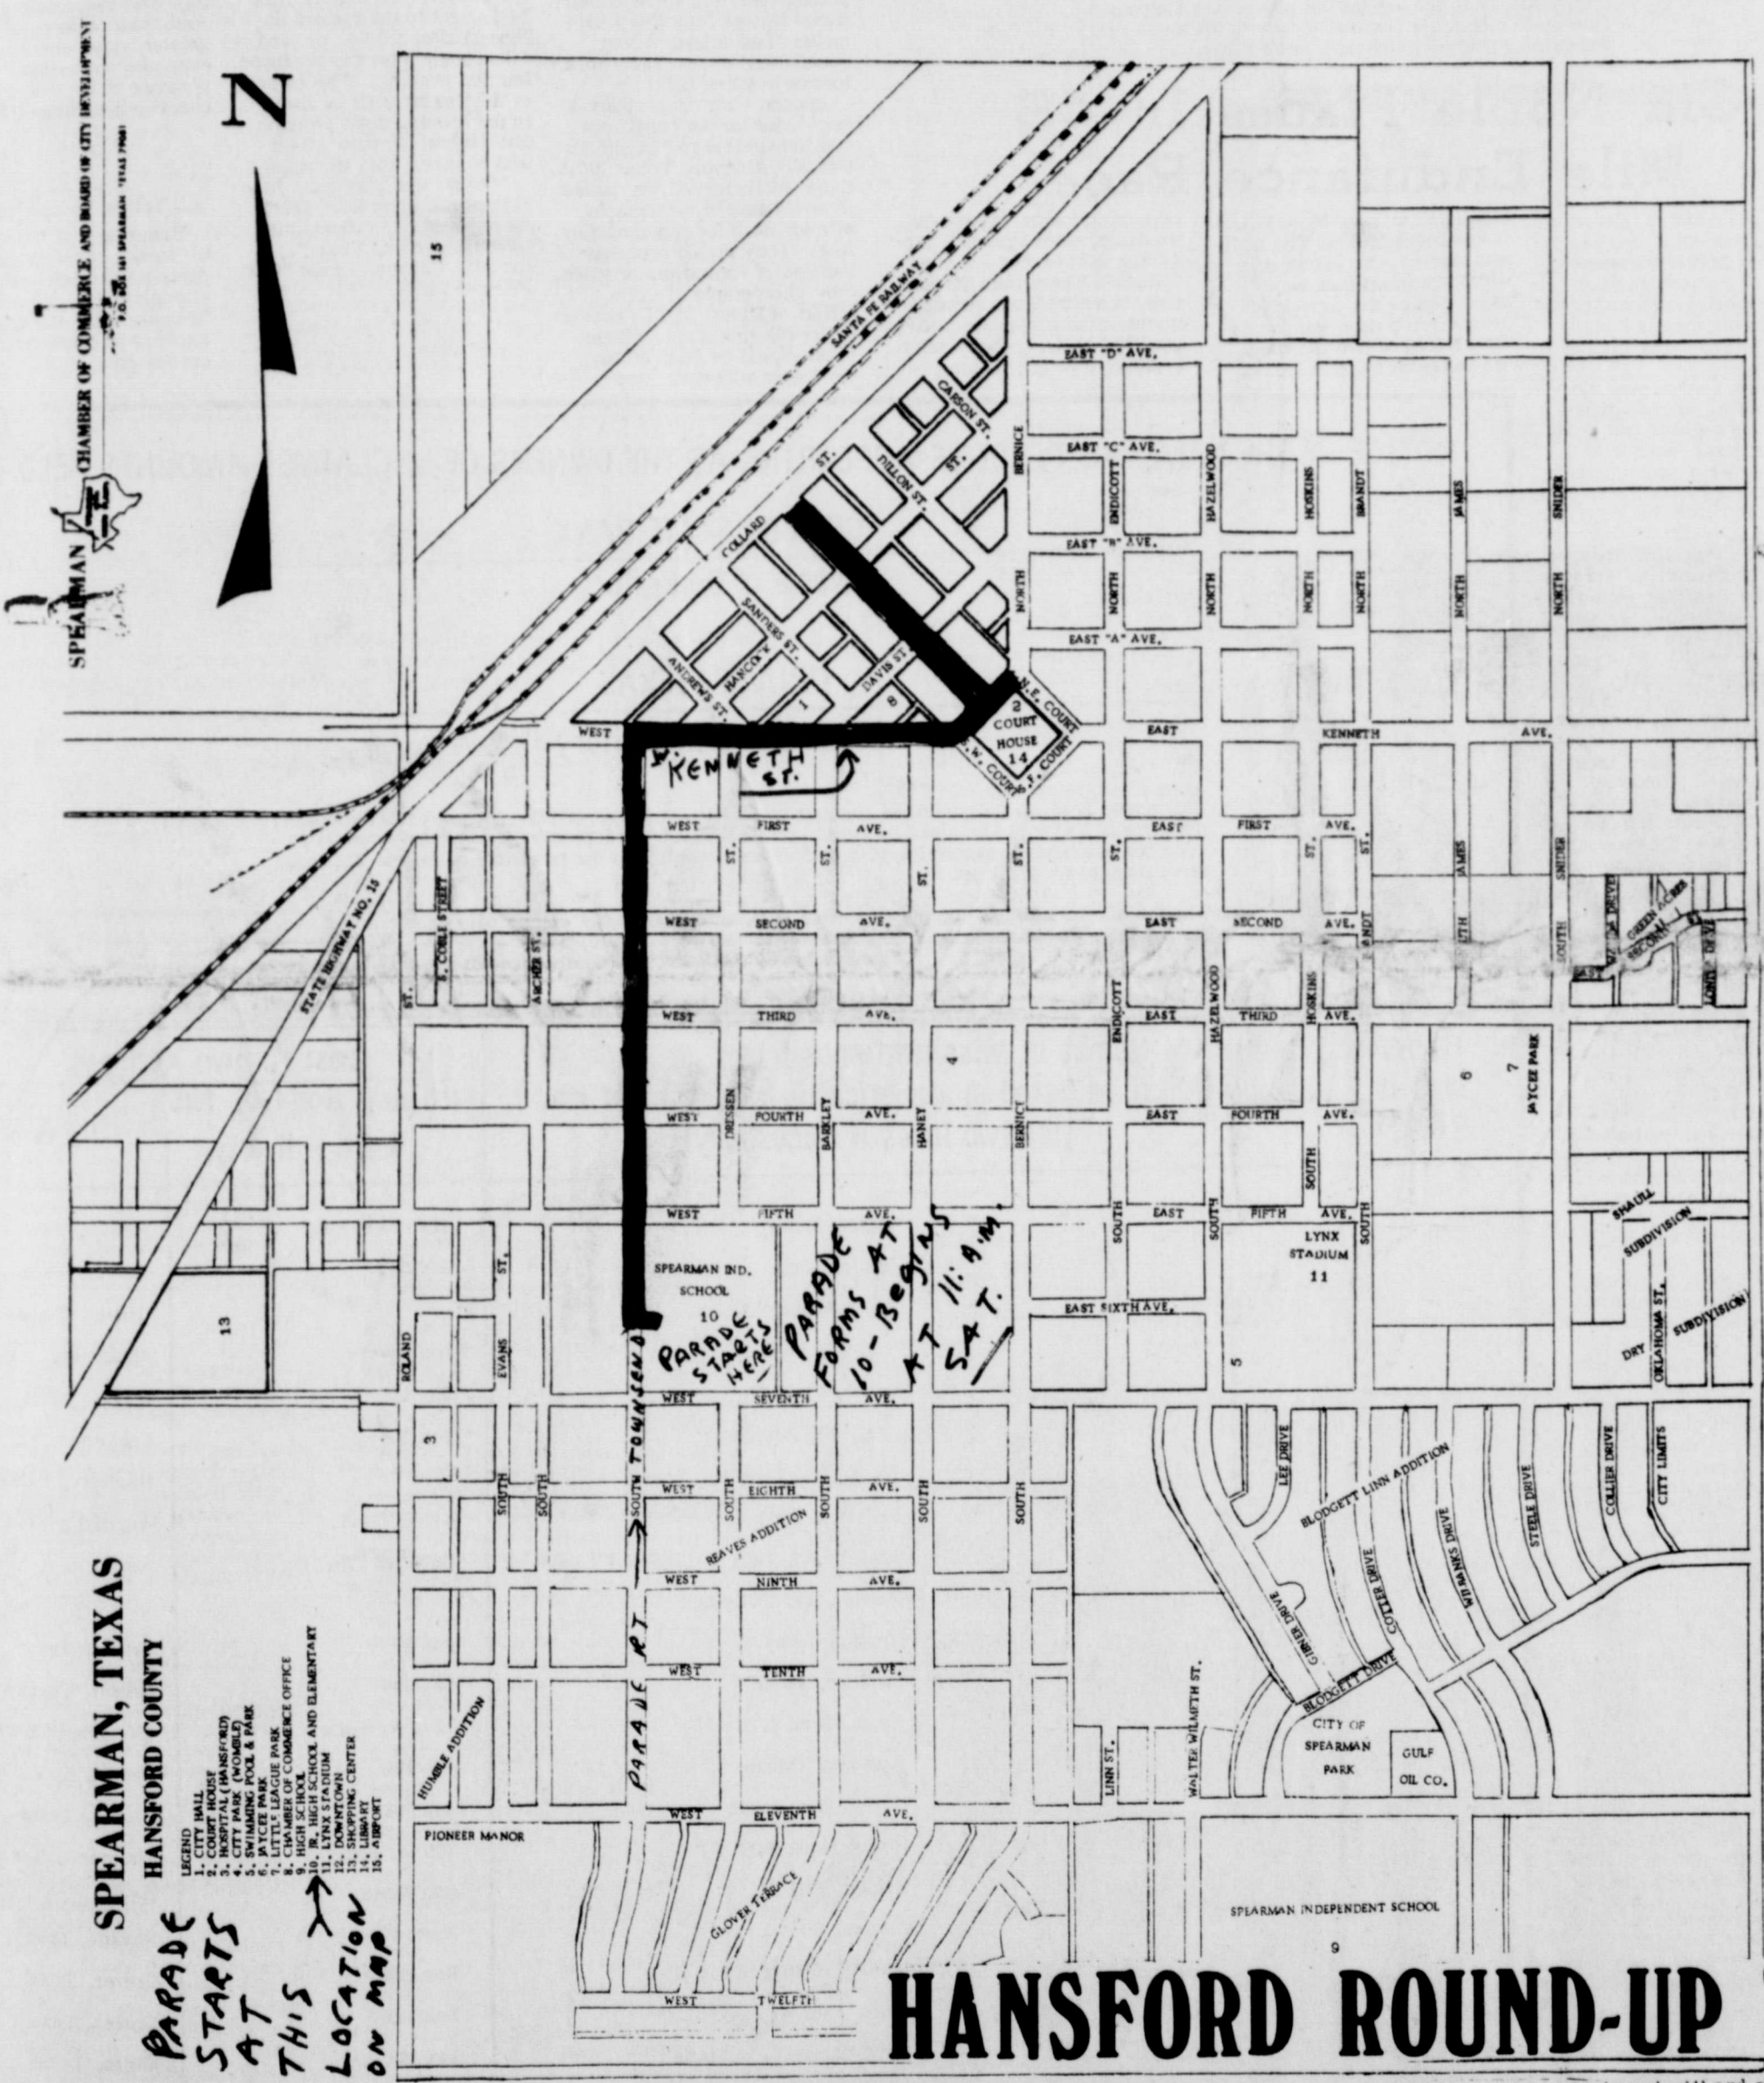

The Queen's robe was beautifully designed and made by Mrs. Roy Bulls and Mrs. Paster Kirk of Borger assisted

the contestants in modeling. Special Contributions for stage decorations has been provided by Mr. and Mrs. B. E. Briley, Reba Phillips, Mrs. Jerrold Thomas, Chambers Dry Goods, Anthony Electric, Neely's, White House Lumber co., Idella Randall, Blackburn Flowers, Spearman Floral and Dorothy Buzzard.

Each of the contestants will be given a gift certificate provided by the following merchants: C & B Studio, Reed's Family Shoes, Evelyn's Beauty Salon, Wynn's Beauty Salon, Sharon's Beauty Shop, Cinderella Beauty Salon, Douglas Dud's, Massad's Ladies & Childrens Wear, Gift Box, Interstate Savings & Loan, Western Auto, Golden Thimble, Spearman Drug, Tena's Restaurant, Joe's Exxon & Cycle, Gibson's, Neely's, Chambers Dry Goods, Lynx Den, Snider & Pearson Conoco, Nelson's Builder's Supply, Owens Sales, Sears, God's Corner, Lyric Theater and Wardrobe Cleaners.

Mickey Owens has been the general chairman for this year's pageant sponsored by the Lions Club, with Mrs. K. C. Loftin, co-ordinator, and having charge of the contestants, Mrs. Huberton Plain has been in charge of stage decorations and designing the programs. Backstage assistance for the evening's performance will be Mrs. K. C. Loftin, Mrs. Allen Alford, Mrs. Ken Guthrie of Spearman, Mrs. Kevin Roper and Mrs. Peggy Sullivan, Gruver, Lions Club members working backstage will be Bob English, Billy Miller, Allen Alford, Mickey Owens and Eugene Yarbrough.

The public is cordially invited to attend the Beauty Pageant set for May 10th and the New Miss Hansford County and her court will be featured in the Hansford Roundup parade scheduled for May 12.

HANSFORD ROUND-UP '73

chips will be disqualified.
 8. An ample supply of flinging greenery will be on hand for participants. Leftovers will be sold as souvenirs at a nominal price.

ENTRY FEE: 25¢. Cash prize of \$5.00, plus a gold plated Cow Chip.

Opening the annual Hansford Roundup festivities will be the Miss Hansford County Contest to be held Thursday, May 10 (tonight) at 8 p.m. in the high school auditorium. There are 24 contestants in the pageant this year. The Lions Club is sponsoring the contest this year and have done a lot of work to make it one of the best pageants ever staged in Spearman. Girls from Gruver and Spearman will be competing in street wear and formal dress.
 The Strate Midwest Shows carnival set up their rides Tuesday night and were open Tuesday night. They will be here all week.
 Friday's event will be a rodeo that evening.
 Saturday will be the big day of the Roundup beginning with the Old Timers registering at 10 a.m. at Joe Trayler's Ford. The parade will start at 11 a.m. at the Spearman Junior High and will proceed down Townsend to Kenneth to

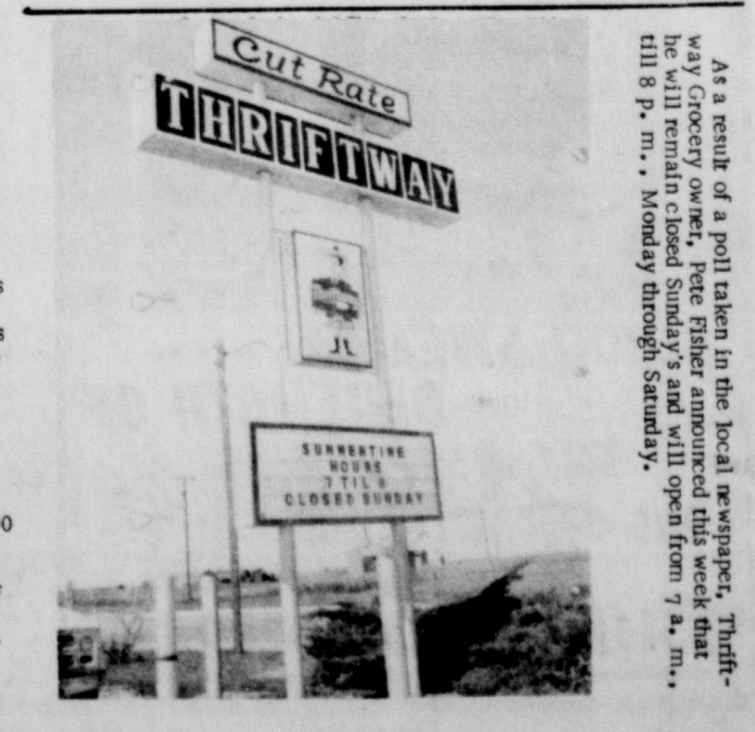

Main and will end at Collard & Main. Entries in the parade include the Rolling Plains Mule Train, 5 floats, Spearman High School Band, horses, bicycles, and the old prospect or who has made such a hit in year's past will also be in the parade. The Chamber of Commerce invites anyone who has a dune buggy, motorcycle, bicycle or whatever to enter the parade.
 The Jaycees have a delicious barbecue set up for Saturday noon, including USDA boneless rounds, beans, applesauce, onions and pickles. The Rebekah Lodge will be serving cold drinks.
 The Old Fiddlers contest will be held in the community building at 3 p.m. Prizes will be 1st-\$40.00, 2nd-\$30.00 and 3rd, \$20.00, 4th and 5th \$10.00 each.
 The evening performance of the rodeo Saturday and the dance with Eloy and the Troubadours of Clayton, N.M. will end this year's Roundup.

Welcome Banners Stolen

WELCOME banners meant to greet visitors to the Spearman Celebration were hung last week by most Spearman business houses, Saturday night five of these were stolen. C.D. Riggins and G.K. Rupprecht hung the banners and then Sunday morning had to repair them after the high winds.

Spearman merchants went all-out to purchase WELCOME banners to decorate the town for the Spearman Celebration. But no sooner were these put up than five of them were taken down--by persons unknown.
 These banners were rented from the Perryton B&PW organization by the Spearman Women's Division of the Chamber of Commerce. The Spearman women sold the banners to business men for \$13.00 each. Business men will not be responsible for the banners, but the Women's Division will--and unless the banners are returned, the money-making endeavor will turn out to be a complete loss.
 Five Welcome banners were taken sometime Saturday night from the Spearman Auto (two were stolen here); Garnett Veterinary Clinic, North Plains Truck and Burton's TV.
 G.K. Rupprecht, president of the Spearman Chamber, said if the people who took the banners would return them, no charges would be filed.

As a result of a poll taken in the local newspaper, Threeway Grocery owner, Pete Fisher announced this week that he will remain closed Sunday and will open from 7 a.m. until 8 p.m. Monday through Saturday.

Mr. and Mrs. Harold Groves To Speak At Fellowship Meeting

Mr. and Mrs. Harold Groves of Spearman will be the speaker for the Spearman Full Gospel Business Men's Fellowship at the HD Clubroom for their regular meeting Monday, May 14 at 8 p.m.

Mr. and Mrs. Groves are Spearman residents. Harold is active in farming northeast of Spearman. They have four children who have received Christ as their savior, have been water baptized and baptized in the Holy Spirit.

Harold is an elder of the Presbyterian church in Spearman where they are members. He has also been a teacher of the Jr. Hi youth for the past 11 years.

Dorothymae is president of

the Women's Aglow Fellowship here in Spearman. In 1959 and 1960 Harold and Dorothymae served two complete years thru the Church of the Brethren Volunteer Service at New Windsor, Maryland Church World Service and Inner City Protestant Parish Youth Camp near Cleveland, Ohio.

This year they have been very active in home prayer fellowship and other similar ministries. Some include ministry of the "Baptism" and miracles of healing. They believe according to John 14 that those who ask from the Lord shall receive.

Texas Livestock Lot Losses Noted

AUSTIN--Cash receipts for the 1972 crops and livestock totaled \$3,803,000,000 Agriculture Commissioner John C. White has announced.

From figures compiled by the Texas Crop and Livestock Reporting Service, the breakdown included totals of \$1,442,000,000 in crops and \$2,361,000,000 in livestock, Commissioner White reported.

Value of production figures revealed increases over 1971 for all major crops except American Pima cotton, hay and grapefruit.

Weather influenced some of the increases. Fewer acres were planted in grain sorghum, but good weather produced a four-million-dollar crop. Yield per acre was down to 373 pounds in rice because of bad weather, but better prices raised the year's total to \$146 million. Peanuts and pecans both had increases because of improved weather, with pecans at \$66 million and pecans at \$25.5 million.

When cotton was destroyed by hail, acreage in soybeans was doubled, producing an increase of \$11 million over 1971's \$8-million figure. Increased acreage also accounted for a higher production value in wheat, set at \$67 million. Also prices dropped slightly.

Vegetables drew better prices this year with \$125 million value. Oranges brought an increase of \$4 million over 1971's total of \$8 million. Due to lower yields and somewhat lower prices, grapefruit de-

creased from \$20 million in 1971 to \$16 million in 1972.

Livestock figures were about the same in spite of the hard winter. Death losses were up. From October to January about 50,000 head were lost, Commissioner White reported. Total death losses for 1972 have been estimated at 175,000 mature cattle and 260,000 calves, 81,000 over the total for 1971.

Texas ranks about third in the nation in farm income. In 1972 we were close to the 4-billion-dollar mark. If we can get our crops in, and prices hold; we can go above that figure in 1973, Commissioner White predicted.

What We Could Do

Right now, without learning a new thing from the research laboratories we could save 100,000 additional lives this year from cancer, if everyone got the American Cancer Society's message about the importance of early diagnosis and prompt, proper treatment, and had regular health checkups.

Warning Signal

The woman over 40, the woman in her change of life, should be alert to unusual bleeding or discharge. It's probably not, but could be a sign of uterine cancer - but only a physician can make the diagnosis. Give him a chance, urges the American Cancer Society. It could save your life.

L.H. (GID) NOBLE, 89 year old Gruver resident, won a trophy Sunday in the annual Canadian River Endurance Ride of 45 miles. He is shown here with his seven year old gelding Dudley which he himself broke.

Gid Noble Places In 45 Mile Endurance Race

L.H. (Gid) Noble, Gruver's octogenarian plus 9 and one half years attained deserved area fame this past Sunday when he participated and placed in the annual Canadian River Endurance Ride of 45 miles.

Gid rode a seven year old black gelding named Dudley that he had broken. Both man and beast fared better than many who were mere children, compared to Mr. Noble as they crossed the finish line a bit over four hours for the long arduous ride. Mrs. Don Hudson was another Gruverite who took part in the Canadian race and finished a bit behind the others but well within the time allotted to qualify. She was the recipient of a trophy for "tail-end rider" with Gid receiving a trophy for the oldest rider to finish.

Winner of the famed race was Mark Mayo of Beaver, Okla., who rode the course in a record 3 hours and one minute. He won the race last year with a thirty minute slower time. Remarkable as the time was, Mr. Mayo's performance was even more outstanding for he rode bareback. (Interesting side note is that when Mr. Noble arrived across the finish line, Mr. Mayo took the gelding and cared for him, having already attended to the needs of his own horse after the race).

Thirty-five riders, twenty three women and twelve men, filed entries in the 2nd Annual Canadian River Endurance Ride which left from the Canadian Rodeo Grounds at 6:30 A.M. Sunday. Awards were made to the winners at 5 p.m.

Six states were represented in the entry list with riders coming from Texas, Oklahoma, New Mexico, Colorado, Missouri and Arizona with ages of the riders spanning from 13 years old to 89 years. Gid Nobles, who is of the vulnerable 89 years, says he rode 100 miles in one day when he was 19 years old and he proved that he can still ride half that distance at 89 plus.

T.A. Preston, Jr., known in sporting and gambling circles as "Amarillo Slim" and in Las Vegas as the World's Champion Poker Player, was reputed to have won a \$32,000 bet by finishing way under the seven hour set. He, indeed, could have sweetened his winnings considerably by making a sure bet that Gid would also be among those finishing!

Twenty-five out of the original 35 who started completed the race and were given spur tie pins as a token of winning their spurs. Part of the trail was an unfenced country road but over 20 miles of it was over range land on the beautiful waterfield

Calendar Note

The American Cancer Society wants to intrude on your calendar once a year like this: Memo--have an annual check-up including cancer tests.

After Surgery

The days after surgery can be difficult for the cancer patient but the American Cancer Society has volunteers able to make a hospital visit who can say, "I've had the same thing myself but I'm back enjoying life. You can, too." Check with the ACS for more information.

Latest Methods

Mammography, thermography, xeroradiography, these long words spell fast methods for detecting breast cancer in its earliest stages when it is most curable. The American Cancer Society wants every woman to know about them.

Gala Festival To Feature Windmills

"Texas", the musical drama of Texas history which plays in the Palo Duro Canyon on the high plains near Amarillo and Canyon, Texas, will open its eighth season on Thursday evening, June 21, 1973. In its first seven seasons, "Texas" has played to crowded houses and during the opening night ceremonies of 1973, the 242nd. person to enter will be given special recognition as the 500,000 member of the audience to see the production.

The opening night of each season is a Gala Festival, emphasizing some phase of pioneer life. The theme this year will be "Windmills". These giants of the plains made life possible in this dry country and are described in the script of the show, so the Board of Directors of the Heritage Foundation is bringing together equipment for the pumping of water in the early days, and is sponsoring a competition for the best paintings, drawings, photographs, and three dimensional figures depicting windmills. The winners of the contest will display their creations on opening night.

Anyone who wishes to enter may write for the conditions and instructions to "Windmills", Box 268, Canyon, Texas 79015. Those who enter will be asked to send slides or photographs of their work for consideration first. They should note that because of limitations of space, only photographs of works (prints or slides) will be accepted for the first stage. These prints should be 8x10 or less. The judges will study the

reproductions and then ask the winning ten in each class to bring their original work on opening night to be judged for the awards. All entries must be brought to the theatre on June 21 after 5:00 p. m. and taken home after the production that evening. The names of the finalists will be listed in the opening night program and the best-of-show award will be given from the stage.

"Texas" will play from June 21 through August 25, nightly except Sundays, this summer. For tickets write "Texas", Box 268, Canyon, Texas 79015. 806-655-2182.

Alive And Well

There's one number the American Cancer Society loves - 1,500,000. That's the number of Americans alive today who are cured of cancer. And, their ranks could be greater, says the Society, if everyone understood the importance of an annual physical checkup including cancer

Taking Up The Habit

Youngsters will be urged to smoke cigarettes and parents and teachers are urged to give "good example" and do not smoke, says the American Cancer Society.

Oil Development Finally Came In Fifties

The decade of the 1950's will be remembered as the era of the long awaited oil development that changed the economy.

It came at a time when relief was sorely needed, too, because the decade of the Fifties came in with drought, dust, breakdown in cattle prices and crop failures.

While the rest of the country was marking up record retail sales and the economists were busily toting up figures to prove that an unprecedented wave of prosperity was sweeping the nation, it wasn't that way out here.

The very first year of the decade of the Fifties gave the wheat farmers a jolt.

The 1950 wheat crop looked good all fall and looked pretty good during the winter, even though it was somewhat dry.

A dry spring further weakened it, but it came as a surprise, a downright shock, to learn about the destructive ability of the greenbug.

The greenbugs ate up the 1950 wheat crop that spring, almost before anybody took them seriously enough to combat them. Nobody thought much about aerial spraying and if they had thought of it, probably would have considered it too expensive.

The county had been predicted to make several million bushels of wheat, but marked up the lowest crop in history, about 100,000 bushels.

The next few years were not much better. Dry weather set in and people began to study their weather records and it appeared that we were in for another one of these seven year dry cycles like the thirties.

The summer of 1951 was wet and those farmers foresighted enough to plow their wheat early in the spring and plant milo made a good harvest.

In the next few years neither wheat nor milo made a crop. To make matters worse, the pastures dried out and the cattlemen had to have help. A government hay program, providing disaster relief, shipped in tons of hay and other feed so that area stockmen could keep herds alive.

Along about this time, in early 1955, some relief came in the form of oil people who moved into Spearman because housing was full up in other towns where the oil play was under way.

Seismograph crews and drilling crews helped local merchants that summer.

In September came the big strike. The Woodson Oil Co., an independent outfit, brought in their No. 1 Perry well just a mile southeast of the city limits, and it blew in for 1,500 barrels a day, setting off a wave of excitement that didn't die down.

This situation sent the independents into this area to pick up these leases, and as the oil development continued.

The area south of Farnsworth developed rapidly with Union Oil Co. taking the lead there. The Waka field followed and before long there were producing oil wells dotting the countryside.

For years there had been attempts to find oil in this immediate area, but the machinery of earlier years simply wasn't able to drill to pay sand. In the 1930's, several attempts were made by W. R. Norris, and Henry Coffee organized several wildcat attempts.

Their wells went down about 3,500 feet where Hutchinson county pay was, but lacked a long way of finding production here.

LOOK AT THAT OIL!--Members of the Baker and Taylor drilling crew at the Woodson Oil Co. No. 1 Perry, southeast of Perryton, were happy when this picture was made in 1955. It was a historic moment as this well set off the oil play in the Perryton area. The crew is composed of Bud Derrick, Tom Austin, M. G. Moore, toolpusher Jack Simmons, Rocky Lane, Nephew Stevenson, Floyd Bird, Well Testers and Bill Dukes, Woodson company geologist.

news from your HOME DEMONSTRATION AGENT

By N. D. Evans

This is an excellent time of the year for your furniture refinishing projects. Antiquing is one method of refinishing furniture. If you wish to learn how to antique come to the workshop in Gruver on Friday, May 18. It will begin at 9 a.m. in the barn north of Barbara (Bill) Henderson's home. Bring your furniture and supplies to spend the day working. Bring a dish of food for the pot luck lunch at noon. This will be an excellent opportunity to get that project done and have fellowship as we work together. Anyone who is interested is invited to attend and participate.

With the end of school there are outdoor activities which include picnics. In the warm summer time picnics may result in food poisoning unless precautions are taken. If you will follow these guidelines you will do your part to prevent illness from spoiled foods

in the summer.

1. Wash hands before preparing food and following any interruptions during food preparation. Wash hands again after handling raw meat, fish, poultry or eggs.
2. Wash utensils and food containers in soap or detergent and the hottest water available, preferably in an automatic dishwasher. Wash chopping blocks and counters before and after each use.
3. Do not wash pet dishes in the kitchen sink if it can possibly be avoided. If you have no choice, scour the sink and adjacent areas thoroughly.
4. Exterminate flies, insects and rodents.
5. Use separate sponges or dishcloths for counter-wiping and dishwashing.
6. Cook foods thoroughly and serve immediately after cooking or refrigerate. Store leftovers promptly in the refrigerator or discard. Food that has thawed must be cooked, never refrozen. Plan picnic menus with the least perishable foods. Avoid serving foods containing eggs such as custards or sauces, and salads made with mayonnaise unless they can be refrigerated as soon as they are prepared.
7. Scrub picnic tables and benches, vinyl tablecloths and placemats, and serving utensils. Wash meat grinders and slicers immediately after using them.
8. Learn to keep hands out of food and away from dish and utensil surfaces that come in contact with people's lips. Do not taste with the cooling spoon or lick your fingers.
9. Insist that all campers and family members wash before eating. Remember that more precautions must be taken during the summer when conditions for bacteria growth are more prevalent. Following these guidelines may prevent food poisoning this summer.

Graduate Extension Classes At PSC

Graduate extension classes for Oklahoma State University will be offered this summer on the Panhandle State College campus. This is the first time graduate courses have been offered in the summer.

Four graduate classes, totaling nine hours, will be taught. Enrollment will be held Monday, June 4, from 8 a.m. to 1 p.m. in the Student Union Ballroom.

The following courses will be offered: Education 5053, Fundamentals of Curriculum Development, 3 hours credit, MTWTHF, 10:15 a.m., 209 Hamilton Hall, taught by Dr. Norland Strawn; Education 5732, Seminar in Education, 2 hours credit, MTWTH, 8:05 a.m., 219 Hamilton Hall, taught by

Dr. Jim Griffin; Educational History of Oklahoma, 2 hours credit, MTWTH, 11:20 a.m., 209 Hamilton Hall, taught by Dr. Wilbur Jones; Psychology 5452, Vocational Information, 2 hours credit, MTWTH, 9:10 a.m., 219 Hall-Looftbourrow, taught by Royal Bowers.

A representative from Oklahoma State University will be present for the purpose of advising extension classes for 1973 Spring Semester. All persons who are interested in graduate study by extension are invited to meet at the office and on the day listed above.

The enrollment fee is \$100 per semester hour (subject to change by Oklahoma Board of Higher Education). The regulations under which credits may be earned toward a master's degree will be discussed at the time of enrollment.

For further information, contact Royal H. Bowers, Director of Instruction, Panhandle State College, Goodwell, O. K. 73939.

Give mom a ringing sensation.

Now is the time to give mom a little of what she's always given you. An easier life. For years she's been running the house. Literally, that is. Running to toddling toddlers and to ringing phones. For Mother's Day you can solve one of her moving problems with a gift extension. She can have it located conveniently so that when it rings, it'll be a pleasure to her ears and a relief to her feet.

Some of the Beauty contest sponsors, and contestants enjoy a fine meal, served at the Jr. High cafeteria in Spearman Tuesday evening sponsored by the Lions Club.

MONTANA TEX has really been working hard getting ready for the big HANSFORD ROUNDUP. He invites everyone in the whole county to hitch up and attend the big celebration, and enjoy all the activities scheduled for this weekend in Spearman.

Baby pigeons are called squabs and squeakers.

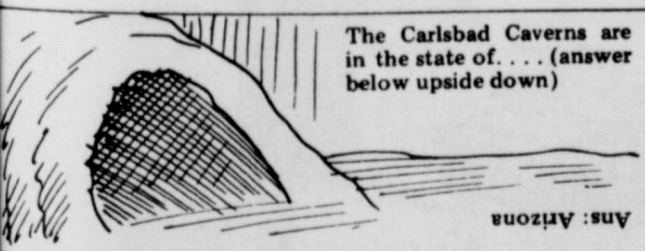

HOORAY FOR WATER!

EVERY YEAR, BEGINNING SECOND SUNDAY IN AUGUST, IT'S BETTER WATER FOR AMERICANS WEEK. BETTER WATER FOR YOUR STATE, YOUR PROVINCE, YOUR CITY. IT'S CELEBRATED WITH MUSIC, DANCING, FIREWORKS.

1. VISIT YOUR WATER UTILITY DURING BETTER WATER FOR AMERICANS WEEK AND YOU'LL DISCOVER A LOT GOES ON BETWEEN THE RIVER AND THE TAP. THE BUSINESS OF MAKING MORE AND BETTER WATER DEMANDS MORE HIGHLY TRAINED MEN AND THE MOST ADVANCED TECHNOLOGY.

2. EVERYONE IS HAPPY THAT WE ARE BLESSED WITH THE WORLD'S BEST WATER SUPPLIES. MANY WATER UTILITIES HOLD OPEN HOUSE SO PEOPLE CAN SEE HOW WATER IS MADE - AND WATER IS INDEED A MANUFACTURED PRODUCT.

3. NO MATTER HOW BAD POLLUTION GETS, ISN'T IT NICE TO KNOW THAT, WITH OUR SUPPORT, OUR COMMUNITY UTILITY WILL CONTINUE TO PROVIDE WATER THAT'S PURER AND SAFER THAN ANYTHING NATURE OFFERS. THEIR PLEDGE IS ACTION NOW TO PROVIDE BETTER WATER FOR AMERICANS!

The Carlsbad Caverns are in the state of... (answer below upside down)

Ans: Arizona

Here Vase:
Me and Mag has done wint and converged the old Model into a doom buggy. In case yew don't no what is a doom buggy, and yew probable don't, I will explaine it to yew a little later on.

I done the brane werk in makin the alternation on the model T and Mag done the rinch and screw driver werk.

Now a doom buggy is used fer runnin up, and down sand drooms which is found in such places as the little Sahari which is low-cated in Oaky territory. I recolect that you can see that in runnin up and down them sand dooms the buggy has got to have grate big tars. This is sew that whin the tars hit the sand, they wil stay on top and not sink down.

I'm askin yew to ask Loid Buzard if he ain't got sum tractor tars that ain't got much tred left on them which he wood like to give away or sell cheep. It don't make no diffeence whut size the tars are on account of Mag aims to war them to the rims with sum bobbed war.

We are allsew lookin for a bar. I ain't talkin about a bar that yew drink out of but a bar which yew put in frunt of yew to kepe yew frum fallen out of the sete in case yew hit sumthin or run over sumptin like a pile of rattlesnakes. If yew can find us a bar, make shure it's a swingin bar.

Yores trewly, Chester L. Peabody the Third-Doom-Spert

Some of the Queen contestants hold a future "Miss Hansford County", Jill Watson, daughter of Mr. and Mrs. W. M. Watson, of Spearman, at Jr. High School cafeteria, Tuesday evening.

McCloy Named To Livestock Committee

Waco-- Texas Farm Bureau President J. T. (Red) Woodson announced May 4 the appointment of a seven-member Livestock Purchasing Advisory Committee and the employment of a manager for the newly-created TFB Livestock Purchasing Division.

This means that the Livestock Purchasing Division is ready to become operational, Woodson said. The program, which will deal primarily in stocker and feeder cattle, is to be operated by the TFB's marketing affiliate, the Texas Agricultural Marketing and Development Association, in 18 Panhandle and South Plains counties.

The manager will operate out of an office to be located somewhere in the Panhandle, Woodson said. He will be employed full time in purchasing cattle for Farm Bureau members who are also members of TAMDA. Employed to manage the program is Jim O'Neal, 40, of Madill, Okla. A native of

Midland and a graduate of Southern Methodist University, O'Neal was active in ranching and cattle feeding in the Ada, Okla., until October of 1969.

At that time, he was named director of market development for the Oklahoma Farm Bureau Federation. In this position, he was responsible for organizing and developing a livestock marketing program. He became manager of AgMarkets, Inc., Oklahoma FB's marketing affiliate, in August of 1970.

He built a successful livestock marketing program that includes a livestock auction market, direct sales, contract sales and order buying service with operations in Holdenville, Woodward, and Guymon, Okla., home.

O'Neal left Oklahoma Farm Bureau in September, 1972, to devote more time to personal business interests and is currently a partner in a ranching operation.

Named to the State Livestock Purchasing Committee were

J. D. Skaggs, Pampa, Gray County, chairman; J. E. Birdwell, Lubbock, Bailey County; J. D. Kelly, Jr., Panhandle, Carson County; Glen Odom, Dimmitt, Castro County; Frank Campbell, Childress, Collingsworth County; Willard McCloy, Morse, Hansford County; and A. C. Whitmire, Kress, Swisher County.

Woodson's announcement climaxes efforts by Farm Bureau leaders in the Panhandle and South Plains during the past 18 months to initiate a Livestock Purchasing Division. To make the program operative, members of TAMDA in the 18 counties comprising the Division had to make commitments to buy a total of at least 30,000 head of cattle and raise at least \$50,000 in debt-free sales to underwrite the program. These goals were met two months ago, Woodson said.

The new Division was organized under guidelines of the TFB's Expanded Program adopted by voting delegates in a special session in March, 1971. They provide that all TFB marketing programs are to be administered under the authority and direction of TAMDA and its Board of Directors, with

the advice and counsel of producer advisory committees. Counties in which the program will operate include Armstrong, Bailey, Carson, Castro, Collingsworth, Deaf Smith, Floyd, Gray, Hale, Hansford, Hartley, Lamb, Moore, Ochiltree, Pomeroy, Randall, Swisher, and Wheeler.

The Spearman Scout House, on April 25 was the meeting place for Troop 190 with leader Mrs. Billy Close.

Circulars for Spearman Clean Up were given to the girls for distribution throughout the town. Refreshments were served by Connie Bentley.

Games were enjoyed by Sue Close, Jennifer Umphress, Sherrie Cook, Trena Cook, Tammie Baker, Joyce Cummings, Jamie Moran, Jamie Thomas, Connie Bentley, Cindy Cook and Jonell Moran.

May 2 opened the last month of scouting for this term for Girl Scout Troop 190. The meeting was attended by Leaders Mrs. Jack Moran and Mrs. Billy Close at the Scout House.

Mrs. Nelle Evans, Hansford County Extension Agent, started the troop in a child care program. The knowledge from this course can be used toward badge work and also will help the girls become better sisters at home and better baby sitters.

Present were Sue Close, Sherrie Cook, Cindy Cook, Trena Cook, Tracie Keetch, Joyce Cummings, Jamie Moran, Jamie Thomas, Jennifer Umphress, Tammie Baker, Connie Bentley, and Jonell Moran.

A bridging ceremony for Girl Scout Junior Troop 190 was presented at the Spearman Scout House by Perryton Cadette Troop on May 4.

Troop 190 prepared a cookout supper for the visiting troop. Girls enjoyed preparing hot dogs with chili, beans, potato chips, and baked apples. Girls being bridged were Jonell

Moran, Jennifer Umphress, Jamie Moran, Jamie Thomas, Connie Bentley, Tracie Keetch, Sherrie Cook, Joyce Cummings, Trena Cook, Sue Close and Cindy Cook.

Spearman Neighborhood Council held its last meeting for the year May 3 at the Scout House with Mrs. R. L. McClellan presiding.

A financial report was given and discussion held on how to meet upcoming obligations.

A short discussion was held on the attendance of leaders at the Established Camp in Woodward, Oklahoma in June. A reminder of Spearman Day Camp to be held in August was given.

Equipment needs for a training course in Perryton at Camp Parnell on Lake Fryer was studied and decided upon.

The topic of better leaders for quality scouting for the future was discussed.

The leaders cooked their noon meal outside for further cooking skills then spent the afternoon setting up and taking down tents and packing them properly.

Mrs. Jack Moran attended a Yucca Girl Scout Council Board of Directors meeting at Guymon, Okla. May 7.

Rodeo Club Members Enter McLean Rodeo

Bailey Patterson was All Around Cowboy at the recent Gruver High School Rodeo. He was 1st in bareback riding, tied for 2nd & 3rd in team roping, 4th in chute dogging, 4th in bull riding and 5th in calf roping. Cindy Patterson tied for 1st in barrel racing and 2nd in calf dogging.

At Claude the same weekend, Cindy Patterson received 6th in pole bending and 6th in barrel racing.

At Stinnett Bailey Patterson was 2nd for All Around Cowboy. He was 2nd in bull riding, 2nd in ribbon roping, 2nd in chute dogging, and 5th in bareback riding. Cindy Patterson got 6th in barrel racing.

The Tri-State Rodeo this week is at McLean. Members of the Spearman High School Rodeo Club riding in that rodeo are Regie Robertson in bull riding and bareback riding, Bailey Patterson in bull riding, bareback riding, calf roping, ribbon roping, team roping and chute dogging. Roy Jackson is entered in bull riding, and Cindy Patterson in barrel

racings, pole bending and goat tying.

Members of the S.H.S. Rodeo Club have tickets on sale for \$1.00 for the Tri-State finals which are June 1 and 2.

City Police Report

On May 2, Mr. E. R. Girard, foreman of Wes-Tex Construction Co., reported a toolbox stolen from a storage trailer. The toolbox and contents was valued at \$700.00. The box contained specialized tools for laying gas and high pressure lines. The theft is under investigation by the City Police Dept.

On May 2 at 3:55 p.m. on West Hancock, in front of the Post Office, a collision occurred involving a 1970 Buick 4-dr driven by Anita Anthony, 1001 S. Roland, and a 1971 Pontiac-2 dr. driven by Marvella G. Henry, 321 S. Endicott. Minor damage, no injuries.

On May 5, Dr. Wesley Gannett reported two red, white and blue welcome banners stolen from the front of his clinic. Several were taken during the night, including banners at Burton's TV, North Plains Truck and Implement, Spearman Auto Supply.

Lynx Annuals Now On Sale

Kurt Hergert, editor of the Lynx Annual, announces that the 1973 Lynx yearbook is now in. The staff has a few extra annuals for sale at \$7.00 each.

These annuals will be sold on a first come, first serve basis. So if you missed out and didn't order an annual, you can get one now. Just call the high school and leave your name and phone number and the staff will try to get you an annual.

Our Readers Write

Dear Mr. Miller, or perhaps this should be addressed: To Whom It May Concern, As a tax paying citizen of Hansford County we are interested in knowing what sort of project the County has in progress on the vacant lots next to the Car Wash located on the Spearman to Stinnett Highway. We noted and photographed our County machinery, people and material being used to level

and caliche this area. FEEL SURE this must be a COUNTY PROJECT--so why let us in on the PROGRESS. After all, we do like to know how our tax monies are being used---OR DO WE? If anyone knows or has the answers--why not write all tax-payers via Letter to the Editor in our own Spearman Reporter. Sincerely, Max Gidley

Rebekah Lodge Met April 26

Spearman Rebekah Lodge #290 met April 26 at IOOF Hall. Rose Cummings, Noble Grand and Ruth Caro, Vice Grand conducted the meeting.

The lodge will be in charge

of the concession stand at the barbecue during the Hansford County Celebration. All members are reminded that lodge will begin at 8 during the summer months. May hostesses will be Rose Weaver and Faye Hickman. A social hour following the meeting was held with Max Weckesser serving refreshments.

CAROL JEAN BOOTH received her nurses cap at convocation services held in the main auditorium, Texas Women's University, Denton, Texas on April 29. She will begin a year hospital training course at Parkland Hospital, Dallas, on June 6. Carol was a 1971 graduate of Spearman High School and has been a recipient of a scholarship for the last two years of the Gladiola Flower Club of Spearman. Her parents are Mr. and Mrs. John Booth of Spearman.

Wedding Plans Revealed

Mr. and Mrs. Robert A. Burke are announcing the engagement and approaching marriage of their daughter Sandra Jean to Ricky Dean Holt of Hugoton, Kansas, son of Mr. and Mrs. Hugh Holt. The ceremony will be held May 26 at 6:00 p.m. in the First Baptist Church of Spearman, Texas.

Appliance Gifts Nice For Mother's Day

COLLEGE STATION---Mom might like a gift of time this Mother's Day--time for joining family fun and enjoying life more. "Portable kitchen appliances from toaster/ovens to fondue sets--can cut time spent in the kitchen," Lillian Cochran, home management specialist with the Texas Agricultural Extension Service, Texas A&M University, noted. She offered some guidelines concerning selection of such appliances. "Choose a toaster/oven with convenient controls, signal light which indicates the unit is on, automatic shut-off, and crumb tray for easy cleaning. This handy appliance toasts, bakes, and broils. "An electric skillet, on the other hand, fries, bakes, fondues and just about anything else desired. "Many models feature detachable controls and handles for dishwasher use and tilt legs for simplified draining or basting. A dome lid allows enough room for roasts. "A third kitchen helper is the blender--which chops, grates, crumps, and mixes. Although many speeds are available, only a few are actually used, Miss Cochran contended. Blender containers should have easy-to-read graduations, easy-pour spout and handle. Other popular features include detachable blades, removable cover insert for adding ingredients, and various attachments, she said. "Look for electric knives with off-on switches and safety locks. Used in slicing bread, cake, meat and other foods, many have releasable blades for easy cleaning and storing. Some stainless steel blades feature serrated edges. "Portable mixers should be lightweight with comfortable handles--they're great for whipping, beating and blending. Fingertip controls, chrome-plated beaters without center shafts, stable heel rests and permanently lubricated

motors also are desirable. "The final group of appliances Miss Cochran discussed consists of special-purpose items generally for entertaining--fondue sets, electric woks and slow cookers. "Choose fondue sets which are safe and stable to prevent tipping--and possible burns. Select a set with readable temperature controls, immersible pot, non-stick interior, and fuel container large enough to last an entire meal. "Refueling a hot fondue set is dangerous," she warned. "Woks--popular in oriental cooking and for preparing certain foods--should utilize the same safety features as fondues. In addition, they need a wide-range temperature control. "Slow cookers, on the other hand, stew or simmer foods for long periods of time--all day or night. Made of either crockery or metal, they're ideal for stews, soups or pot roasts. For convenience, consider immersible cookers. "Any of these gifts should please Mom on her special day and give lasting pleasure throughout the year. "Select the gift with care--and it will serve for many years," the specialist concluded.

last college or university they attended. The ACT test will be given at 8 a.m. Saturday, June 2 in Room 127 Hamilton Hall. A broad selection of courses are being offered, plus workshops and short courses. For further information, contact the Office of the Registrar, Panhandle State College, Goodwell, Okla. 73399.

596 Cases of TB Reported In 1973

Mrs. Mary Brock, a local director of the American Lung Association formerly called the TB and Respiratory Disease Association, today revealed that Texas reported a total of 596 cases of tuberculosis as

of April 21. "Fifty-three cases of tuberculosis were reported between April 13 and April 21," she said, stating that over a five year period, a median of 59 cases per week, state-wide, were reported. The Christmas Seal organization recently changed its name to include all lung diseases and such related disease factors as air pollution and cigarette smoking. "TB remains one of our high priorities," she explained. "With over fifty cases per week sprinkled throughout the state, TB is far from being whipped." Mrs. Lois Shieidknight serves with Mrs. Brock on the Lung Association board.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN, that IRVING P. KRICK, INCORPORATED, OF TEXAS, of Suite 216, 611 S. Palm Canyon Drive, Palm Springs, California, 92262, who holds License No. 73-4 of the State of Texas, is now applying for a permit to engage in operations and to locate ground-based generators for operational purposes in certain counties of the State of Texas on behalf of farmers and ranchers located in the State of Oklahoma and for the purpose of augmenting precipitation within said area of Oklahoma. These operations shall be by means of ground generators as follows:

1. Area in which equipment will be operated is the following: Counties in Texas consisting of: Dallam, Lipscomb, Hansford, Roberts, Hemphill, DeWitt, Moore, Sherman and Wheeler.
2. The target area will be the farm and ranch lands within counties in the State of Oklahoma consisting of: Texas, Beaver, Harper, Woodward, Ellis, Custer, Washita, and Kiowa.
3. The areas adjacent to target area which may be subject to the effects of the operation are within the State of Oklahoma and in general within 15 to 25 miles of the target area. The maximum intentional effect is in the target, but some downdraft effect may occur in Oklahoma mostly to the immediate northeast of the target. There would be no significant effect in Texas from the operation of any of these proposed generators. It is important to note that this notice is simply to apply for permission to install generators in Texas, not to increase rainfall in Texas, and for the sole purpose of increasing rainfall in the target area located in the State of Oklahoma.
4. The materials and methods to be used in conducting the operation are silver iodide electric arc (Model 1730) ground-based generators that have an output of an optimum amount of 0.5 grams per hour per generator.
5. Person who will be in charge of operations is Mr. Newton C. Stone.
6. The operations will be performed in the State of Oklahoma for the following clients: Henry C. Hitch Ranch, Inc., Beaver County Weather, Inc., Woodward County Cloudseeding Assn., Ellis County Weather, Inc., Custer County Weather Modification Assn., and Kiowa County Weather Modification Assn.

The operation will extend during the period beginning around 6 June 1973 and continue through 2 June 1974. Individuals, organizations, or agencies who consider that their interest will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Witnesses Attend Meet

Govah's Witnesses returned following a weekend camp, where they met witnesses and visitors 23 congregations for semi-annual circuit assembly. The first session's attendees exceeded our expectations for the entire assembly," said Harlan Nixon, presiding officer of the Perryton congregation. The highlight was the Publication, "Decide Now For Your Future." This was by 1,544 Sunday afternoons, he continued, and he is pleased to see the growth in the circuit. Individuals from our congregation

had the opportunity to share in the convention departments. In fact, all of the program, except for that of the traveling circuit overseer and district overseer, was cared for by witnesses from the area congregations. "Our District Overseer, John P. Sutherland, explained that God has by virtue of his creatorship, the right to rule the universe. Human governments have shown they are incapable of cultivating a lasting peace. Man must advocate Divine Rulership, for only Jehovah God can, and will, bring permanent peace and happiness to the earth." Mr. Nixon concluded saying, "We hope to apply what we've learned in our ministry and share this information with our neighbors."

Thoughts

By Mormon Elder's Snell & Furnell

In these days many people go by what others of the world say. We must learn of God first, and when we do so, he will help us in our learning of the world. "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths." (Proverbs 3:5, 6)

Even so, the tongue is a little member and boasteth great things. Behold, how great a matter a little fire kindleth. (James 3:5) As this scripture points out, our tongue's do kindle great fires and start bad rumors. Gossip is not of the Lord. Gossip can only do bad to someone or something. We will have a hard time trying to control our tongues. "If any man think it a small matter to bridle his tongue, he is much mistaken." (Plutarch) We can always try, even though we may not be able to hold it. Because a little is better than none.

Robert Jantzen, local barber was scheduled for surgery at 10:30 a. m., Wednesday morning. As we go to press, we understand that he will undergo surgery in an Amarillo hospital.

PSC SETS SUMMER SCHOOL

Summer school enrollment at Panhandle State College has been set for June 4. Classes will start June 5. Schedules are available at the Office of the Registrar. Enrollment will be held in the Student Union Ballroom from 8 a.m. to 1 p.m. All students must obtain a permit to enroll at the Registrar's Office before reporting to the Ballroom to enroll. The permits were made available starting May 1. Students should have on file, before enrolling, an application for admission, medical form, ACT test results, and a high school transcript or a transcript from the

PIONEER BRAND
8417

Yellow Sorghum stands stress!
... lifesaver when stress threatens!

Planted as late as June 1 (June 15 in some areas), medium maturing 8417 yields big like full-season varieties. Strong stalks stand up to wind. Uniform height, full open heads make threshing easy. Irrigated or non-irrigated, 8417 makes big yields.

To every thing there is a season, and a time to every purpose under the heaven: A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted; A time to kill, and a time to heal; a time to break down, and a time to build up; A time to weep, and a time to laugh; a time to mourn, and a time to dance; A time to cast away stones, and a time to gather stones together; a time to embrace, and a time to refrain from embracing; A time to get, and a time to lose; a time to keep, and a time to cast away; A time to rend, and a time to sew; a time to keep silent, and a time to speak; A time to love, and a time to hate; a time of war, and a time of peace. (Ecclesiastes 3:1-8) Now if it we are sinning it is time to repent so follow the words of King Benjamin. And again, believe that ye must repent of your sins and forsake them, and humble yourselves before God; and ask in sincerity of heart that he would forgive you; and now, if you believe all these things see that ye do them... And behold, I say unto you that if ye do this ye shall always rejoice, and be filled with the love of God, always retain a remission of your sins; and ye shall grow in the knowledge of the glory of him that created you, (Mosiah 4:10, 12)

Farmer and the Feedlot Blues

When the farmer gets a break, as the price begins to rise, Some begin to cuss him, and blast him to the skies, As he's stuck out in the feedlot, in mud up to his knees, Just the butcher's latest markup, is what the housewife sees.

As the farmer plants his seed, he cannot make it sprout, 'Cause it takes a Higher Power, to start the seedling out, When the farmer sells his good, he sells at wholesale price, He has to buy at retail, pay a profit fat and nice.

He gambles that the rains won't wash his land away, Or the searing summer sun won't burn his crops by day, He gambles with the weather, and with the prices, too, Placing food upon your table, it's always good for you.

And as he buys a new machine, or maybe some new part, When he starts to pay the bill, sure makes him lose his heart, Don't bite the hand that's feeding you, is good advice to-day, All is not gold that glitters, 'bout all that I can say.

Go follow him in the feedlot, in your twenty-dollar shoes, Try to keep up for an hour, and you'll get the feedlot blues, Now I'm just a small-town Texan with a little bit of news, Don't always blame the farmer, till you walk in feedlot shoes!

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN--One of the most important cogs in our credit-based economy is the well-managed credit bureau.

In many Texas communities, retail merchants sponsor their own bureau. In some places, they depend upon and cooperate with reputable independent bureaus.

The function of a credit bureau, regardless of who runs it, is to be an objective third party, performing the task of gathering information from business with whom the consumer has traded, and making that information available to other creditors.

The credit bureau is important to you, because it literally is the keeper of your financial reputation. An error in credit reporting could result in the loss of a property choice, a purchase bargain--or a job.

In the past, there were frequent reports of abuses by some unscrupulous or careless keepers of credit records. The Congress responded to those reports by enacting the Fair Credit Reporting Act, which sets standards for proper operation of credit bureaus and firms which engage in credit record checks.

The Fair Credit Reporting Act prohibits the collection of credit data for any purpose other than for the granting of credit.

If a merchant is given a

"bad" report on your credit rating, you should be informed, and you have the right to inquire as to the reason.

If you have innocently overlooked payment on an account, that gives you an opportunity to take care of it, and clear your record. If, for some reason, you have had to delay payments to your creditors, the negative report could prompt you to clear up the problem.

In the event that someone merely has ignored his responsibility as a credit user, of course, knowledge of an unfavorable report would give him the impetus to reassess his financial situation.

The Texas Legislature went an extra step in 1971, and passed a law to make it a misdemeanor crime to "knowingly" give a false credit report.

That left room for human error, which could occur in a credit bureau as easily as it could in any other type of business operation.

Honest mistakes do happen. I know of one case in which a man with an excellent salary and an excellent payment record moved into a new city. He bought his wife a washer and dryer on installment, and before the first installment was due, the merchant's delivery truck arrived to repossess the appliances with the explanation that the man was

behind in his payments. It turned out that the firm had our friend confused with another man who bore exactly the same name--middle initial and all; same age; same profession, and same place of birth. That was straightened out--with the help of the local credit bureau manager.

A good credit record is one of the most important assets a consumer can have today. It is the magic key to free choice in major purchases decisions, such as a home and a car--sometimes, even the financing of a youngster's college education.

Some people who are not short of cash take out bank loans, or make an installment purchase, just to maintain a "live" credit record.

But if you are the average consumer who is dependent on the credit system, you should make it work to your advantage: When you are planning an installment transaction, be frank with the credit interviewer about your job history, your salary and other income, and your credit obligations. If family illness or some other problem caused slow payment in the past, don't be afraid to explain it. It's much better to

let the creditor base his decision on facts, than to find out you "fudged."

If you do run into any practices which violate the Fair Credit Reporting Act, or the Texas law, do not hesitate to complain to the Consumer Protection Division of the Attorney General's office.

Students May Qualify for Credit Via Examinations

Beginning this fall, students at Amarillo College may qualify for credit by way of examination.

The College Council on Instruction approved a recommendation for credit by examination as presented by Louis Synck, associate professor of mathematics, and chairman of a faculty committee which has been studying advanced standing policies during the past year.

The college will grant credit for satisfactory scores on the College Entrance Examination Board (CEEB) Advanced Placement Examinations in American history, English, calculus,

biology, chemistry, physics, French, German and Spanish. These tests are administered by high schools to participating seniors during May.

Credit also will be granted for subject examinations in the series of College Level Examination Program Tests (CLEP) in American government, American history, English, biology, chemistry, geology, algebra, trigonometry, and calculus. CLEP tests will be given on the AC campus a month before the regular registration this fall.

Credit for three semester hours of English also may be earned by scoring high on the English composition achievement tests of the Scholastic Aptitude Test (SAT).

Grades will not be recorded for any course in which credit is earned by examination, but a notation as to the type of test taken will be noted on the student's transcript, Synck said.

The council also approved a special policy that would extend the availability of credit by examination to any student enrolled during the 1972-73 school year at AC to which these provisions might apply with respect to any course for which the student has not yet

enrolled. For further information, telephone the registrar's office or the Testing and Counseling Center on the AC campus.

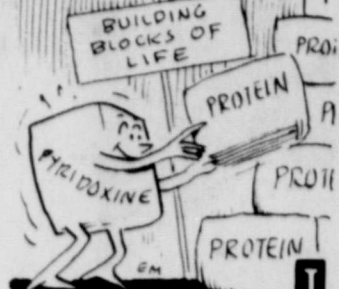

In describing the way a man should conduct himself the apostle Matthew wrote: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you."

THE IMPORTANCE OF VITAMIN B6

You may not know it, but vitamin B is really a whole family of vitamins.

Actually, so-called vitamin B is a mixture of more than 10 different vitamins, which makes it easy to understand why doctors call it "vitamin B complex."

And, though you're probably familiar with the names

of many B complex vitamins like thiamin, riboflavin and niacin -- chances are you've never heard of pyridoxine, the name science has given to vitamin B6.

Unheralded and, for the better part, unknown to the general public, pyridoxine is an important vitamin required by human beings. Without it, our body tissues would be unable to use the

"building blocks of life called proteins."

Present in meats, grains and vegetables, vitamin B6 is only needed in minute quantities for good health. Though the exact human requirements for it has not been determined, it is believed that about 2.5 milligrams daily should be enough for most adults.

Recent medical findings, however, indicate that many women who use oral contraceptives require ten times more vitamin B6 than do women who are not taking birth control pills. And since it is highly unlikely that an average diet contains the increased amount of pyridoxine, vitamin B6 supplementation appears to be in order when oral contraceptives are prescribed.

As a result of these findings, a special dietary supplement has been developed that not only contains 25 mg. of vitamin B6 but also all of the other vitamins and minerals women who use oral contraceptives are known to need each day. The new supplement is now available at drug counters everywhere.

FRIENDS OF PIONEER MANOR, a recently organized group of Hansford County citizens, plan to visit and plan activities for the residents at Pioneer Manor. Veneta Willis of Gruver is shown here visiting with Manor residents, Miss Ella McGuirey in the foreground and Mrs. Mary Pettitt.

"The Friends Of Pioneer Manor"

If the prime purpose of the establishment of the Pioneer Manor was for "rest" the residents might do well to stem the tide of enthusiasm which a group of Hansford County citizens have evidenced by the organization of "Friends of Pioneer Manor" for their sole purpose is to indicate by visits, attentions, parties, sing-songs, conversations, letters, etc., how much the lives of the residents of the Manor mean to each of us. It would appear from the plans that "rest" per se may be a thing of the past,.... not that anyone is planning on uprising or any such activity for the group---but they have pledged attention and fun for everyone involved.

The organizational meeting for the group was held last Tuesday night at the LaCasita Room of the Gruver

State Bank with a goodly group of interested women attending. Election of officers was held with Mrs. Archie Nelson being the choice for president of the group, Mrs. Del Cluck, vice-president; and Mrs. Alma Gruver, treasurer. Those attending indicated when they would be available for visits to the Manor and it was decided that dues of \$5.00 per year for active members and \$10.00 for sustaining members (those who might wish to be included but would not be active participants). Monies would be spent in special parties, and for other expenses which might arise.

Special note was made of the offer of various beauticians from Gruver and Spearman to aid in the good grooming and beauty needs of those residents of the Manor who are unable to get out or do for themselves and a schedule has been set up to take care of this very vital part of the program by Mrs.

Wes (Helen) Whitaker. A "Get-Acquainted-Party" has been planned for 3:00 P.M. (DST) Monday, 30th of April at the Pioneer Manor and after that time, member will be on the regular schedule which they have indicated with several planning on going the 1st and 3rd Mondays of each month, the 2nd and 4th Mondays, the 1st and 3rd Thursday afternoons.

Several have indicated that they will be over at the Pioneer Manor the 2nd and 4th Wednesday nights of each month and this group includes Mrs. Lola Mae Cator, Mrs. Edna Marie Williams, Mr. and Mrs. O. V. Walker, Jr. Mr. and Mrs. Howard Nash, and Mr. and Mrs. W. L. Maupin. This group plans to ask guest couples to join them for their visits.

Those who are members of the "Friends of the Pioneer Manor" so far include Mesdames Archie Nelson, Jerry Williams, Leon Hobbs, Gene Fletcher, Richie Fletcher,

Charlene McClellan, Donnie Thoreson, Del Cluck, Kermit McKee, and Edna Marie Williams.

Also included are Mesdames Howard Nash, W. L. Maupin, Lola Mae Cator, O. V. Walker Jr., Alma Gruver, Charmine Lyle, Don Hart, A. R. Henderson, D. G. Cluck, Veneta Willis, Pauline Winger, and Wes Whitaker who represented the various beauticians in Spearman & Gruver. Lucy Mundy from Spearman is one of the members who attended the organizational meet.

If anyone in the community is interested in joining the group either as an active or sustaining member, please contact Mrs. Guy (Alma) Gruver, 733-2449; Mrs. Archie Nelson, 733-2649; or Mrs. Del Cluck, 733-2176, at which time one can indicate what time one would like to visit the Manor.

Amarillo Site Of New Ice Arena

(Amarillo, Texas) Officials of the Apple Corporation-- a Colorado Springs Investment firm-- announced last weekend Amarillo will be the site of a new ice skating facility.

The Ice House of Amarillo will be built in the southwest side of the city at Arden and Bell. When completed, it will include an ice surface bigger than the Amarillo Civic Center's. In addition to the 200 by 85 foot surface, the all-metal structure will feature seating for 1800 spectators, a skate rental shop and pro shop for skating wear and equipment.

Construction will start on the new building in early June. The facility if expected to open for the general public in September. Officials of the Amarillo Figure Skating Club estimate the cost of the project to be in excess of one-half million dollars. The club will manage and operate the new arena.

Linda Dee Hughes, a veteran of professional touring with the Shipstad's and Johnson's Ice Follies and ice instructor at the Civic Center for the past five years will be the Ice House's chief of instruction and head pro.

Mrs. Lois Nix of Amarillo is the skating club's Executive Secretary and will serve as spokesman for the arena until a full-time manager is announced. The arena not only offers year-round opportunities to learn figure and pleasure skating, but will also serve as a center for the Amarillo area's growing amateur hockey program.

(Further information on the Ice House and programs it will offer can be had by contacting Mrs. Lois Nix, Executive Secretary, Amarillo Figure Skating Club, Box 2653, Amarillo. The phone number is 352-0213)

Cattle Rustlers Caught

A case involving theft of a horse trailer and 12-head of cattle was cleared last week by Sheriff J. B. Cooke with the major lead coming from officers in Johnson County, Texas.

The horse trailer, belonging to Irvin Davis of Spearman, was stolen March 16. On that same date a load of 5 head of steers was reported missing from FMW Feedlot. Another 7-head of cattle were stolen on March 30, from FMW, a cattle feeding firm.

Charged in the theft is Harvey Locke, a former Spearman resident, and Allen Blakeley, Jr. Both men gave their address as Joshua, Texas.

Blakeley was caught in Johnson County when he was involved in the theft of more cattle there. Through that arrest, officers in Johnson County made a check with Hansford County Sheriff J. B. Cooke and the thefts which occurred here in March were cleared.

Both men are being held under bond awaiting action of the district Grand Jury.

Blakeley has been charged in Johnson County with cattle theft.

Mrs. Allen Is Guild Hostess

Mrs. Garrett Allen was hostess for the Arts & Craft Guild Friday, May 4 in her home.

Attending were Mesdames, Deta Blodgett, F. J. Daily, Pope Gibner, Bill Gandy, C. A. Gibner, W. L. Russell, Bruce Sheets, Ned Turner, Sada Hoskins, Nolan Holt, Joe Trayler, P. A. Lyon and the hostess.

Mrs. Bill Gandy will be hostess for the club Friday, May 11.

Twirling Camp Set At PSC

Applications are still being taken for the Panhandle State College Twirling Camp to be held June 10-15 and sponsored by the National Baton Twirlers Association. The clinic is open to all age groups.

Instructors include five top experienced NBTA teachers. They are Renee Tarbet, Borger, TX; Kay Hobbs, Lubbock, TX; Jean Tarbet, Borger, TX; Meg Martin, Amarillo, TX; and Sarita White, Dimmitt, TX.

Instruction includes hoops, knives, flag, fire, 2-baton, dance-twirl routines for band arrangements, and marching routines for field presentation. All of the routines can be used in contest or halftime shows.

Room, board, and tuition is \$65 for the week with a \$15 room deposit mailed in by May 15. Off-campus tuition is \$40. Check-in time is 2 p.m. June 10. Twirlers are asked to bring batons, notebooks, pencils, tennis shoes, shorts, tops, and swim suits.

Private lessons are available. Contest will be held two evenings for best camp twirler, best strutter, and best camp majorette line.

For entry forms, write to the Office of Public Relations, Panhandle State College, Goodwell, OK 73939.

Burglary Charges Filed

A riding lawn mower, reported missing from a quonset north of Gruver on the night of Nov. 5, 1972, was recovered this week by Sheriff J. B. Cooke in Arlington, Texas.

Law enforcement officers in Arlington were investigating other articles of allegedly stolen merchandise supposedly taken in a cross-country spree by Marvin Lee Brown and his wife Marilyn Brown.

Earlier, the couple was tried in a Garden City, Kansas court trial where both had been charged with various other farm thefts throughout Kansas. In that trial, Brown was sentenced to 10 years in prison and his wife received a 10-year probated sentence. He is now serving his term.

Both Brown and his wife have been charged in Hansford County with "burglary" and are awaiting action of the Grand Jury.

The large mower belonged to Jim Draper of Guymon, Okla.

Mr. and Mrs. Brown gave their home address as Arlington, Texas.

Morse Wreck Leaves Borger Man Critical

A 20-year-old Borger man was in critical condition late Tuesday in High Plains Baptist Hospital in Amarillo after being injured Tuesday morning in a one-car turnover a mile north of Morse on Texas 136.

Roger Dale Lafferty was taken to Hansford Hospital here after the 5:30 a.m. accident for emergency treatment and was transferred to the Amarillo hospital about noon.

Officers said Lafferty was driving north across a bridge when his car went out of control and hit the right side of the bridge, then bounced to the left side.

The car ran off the bridge and overturned.

Kindergarten Pupils Enjoy Closing Party

Children of Mrs. Hoskin's kindergarten enjoyed a party Friday, May 4. The party had two purposes, it was a closing of school party and also honored the children who will have birthdays in the summer. They are Nick Windsorfer, Jeff Gressett, Carla Latta and Ross

Donahue, Nick and Jeff chose as their partners Tiki Jackson and Jo Ann Odegaard. Carla and Ross chose each other. Mothers of the birthday honorees served refreshments, and gave favors and the children played games. Others attending were Adam Anderson, Danny Close, Stephanie Friemel, Jeff Graves, Julie Hays, Judith Jackson, Travis Patterson, Tammy Savage, Chad Guthrie, Donald Howk was absent that day.

Let Me See by Sybil..

It is the consensus of at least one man I know that if you are not an habitual user of swear words its because you never raised hogs. Everybody seems to hate hogs--and you can't list all the reasons why. But they are good for something. Pigs are helping treat human burns. The Burn Treatment Skin Bank, Inc., of Phoenix, Arizona, shipped about 50,000 square feet of pigskin last year to hospitals and doctors around

the world for treatment of severe human burns. Their source is the Jimmy Dean Sausage Co. of Plainview, Texas which ships by air 50 to 100 strips of pigskin (3" wide and .015" thick) daily to Phoenix. There the strips are treated and rolled on sterile gauze before sending to burn victims upon order.

Now that warm weather is here and we can enjoy the delicious odor of spring-budding plants and shrubs. I can't help but wonder how we could have endured the gentle breezes had it not been for the dead animal trucks! If you have never driven down the highway behind a dead animal truck--you don't know how to appreciate fresh, clean air. The countless dead cattle which have dotted out fields and road-ways for the past 2 months are slowly being picked up by the rendering company. I hope you say a prayer of thanks for the dead animal men. Surely no one in this world has so terrible an occupation as one which requires you to jostle dead, stinking carcasses around.

The rendering company has certainly rendered Hansford county a great favor this year by giving free pick up service on dead cattle. Else our atmosphere would have been permanently polluted.

The rendering plant gets the cattle free--but did you ever wonder what they do with all these dead, stinking bodies? They sell them. And grab hold of yourselves girls! their best customer is a famous cosmetic firm. The majority of the fat rendered from dead animals is purchased by cosmetics companies. Just think, by this time next year that new lipstick you smear on might have at one time been that big red steer that laid down and died in your wheat pasture this winter.

Rendering companies utilize every part of a dead animal carcass. What doesn't go into lipstick and face cream (the label calls it Mink Oil) is made into dog food, bone meal, glue, and leather items. Hair is used for brushes. Presto--when the processing is all complete that truck load of dead cattle was converted into expensive, useful merchandise items. It all makes for a miracle story--resurrection (sorta). Reincarnation for sure when you consider that ole' bossie is walking around in the form of shoes, paint brushes, eye shadow, and healthy dogs.

I'll continue to use cosmetics until and unless they begin to perfume it with Musk Oil. Dead livestock odor I can take. Musk Oil makes me ill. Cleopatra is said to have bathed in it. No wonder that old gal

met with foul play. Let me get down wind on Musk Oil and my poor stomach churns. That persistent odor (obtained from the sac of the male Musk deer) is used by perfumers as a fixative. I rue the day the American women began to use it as a fragrance.

ONE, FINAL zinger which might make you feel a little better after you buy your groceries Wednesday is the fact that Americans spend 15.8 per cent of their income on food--the English 22 percent; the Japanese 29 percent and the Russians 45-50 percent.

Japanese Flower Arranging Is Program Topic

The Dahlia Flower Club met May 7 in the home of Mrs. Olin Sheets. Mrs. Lowell Denman, president, presided at the business session. Mrs. John Bishop reported on Clean Up Day held April 28.

Mrs. Mabel Edwards was program leader and she presented Mrs. Ceril Batton who gave the program on Japanese flower arrangements. Mrs. Batton spent 6 months in Japan with her daughter who lives there. The Japanese teach a 2 year course in flower arranging in their schools. The program was very interesting.

The hostess served delicious refreshments to Mmes. John Bishop, Deta Blodgett, Lowell Denman, Mabel Edwards, F. J. Hoskins, A. F. Loftin, Earl Riley, Guy Remy, H. M. Shedeck, C. W. Smith, J. W. Walker, Ceril Batton, and Garrett Allen. The club will meet May 21 with Mrs. Mary Gillispie at her home in Morse.

Mr. and Mrs. Martin Joe Kennedy of Stinnett are the parents of a son born May 6 in Hansford Hospital. He weighed 6 lbs. 11 oz. and has been named John Thomas.

Mr. and Mrs. Jimmie D. McCreary of Perryton are the parents of a son, Calvin Dean, born May 4 in Hansford Hospital. He weighed 6 lbs. 13 3/4 oz.

Miss Trindle To Graduate From TCU May 13th

Connie Jo Trindle of Spearman is among approximately 970 Texas Christian University students who expect to complete degree requirements and receive their diplomas during spring commencement on May 13.

Spring baccalaureate and commencement services, combined into one event for the second consecutive year, will begin at 11 a.m. in Daniel-Meyer Coliseum.

Honorary doctoral degrees will be conferred upon six persons. They are Mrs. Beeman Fisher of Fort Worth, lecturer, bookreviewer and former English instructor at TCU; Beeman Fisher of Fort Worth, former chairman of the board of Texas Electric Service Co. and TCU trustee; H.B. Fuqua of Fort Worth, honorary chairman of Fort Worth National Bank and TCU trustee; Mrs. J. Lee Johnson III of Fort Worth, civic leader and chairman of

Engagement Is Announced

Mr. and Mrs. Eugene Wade Duryee of Spearman wish to announce the engagement of their daughter, Gyuleen Sue, to Mr. Steven Wayne Snow, son of Mr. and Mrs. J.L. Snow of Spearman. An August wedding is being planned.

August Wedding Is Planned

Mr. and Mrs. Orvil Brummett announce the engagement of their daughter, Dalynn, to Gary Johnson, son of Mr. and Mrs. Dillard Johnson of Ada, Okla. August 19 has been chosen for the wedding date. The bride-elect is a graduate of Spearman High School and is a student at the School of Pharmacy, Southwestern State College, Weatherford, Okla. Mr. Johnson is a graduate of Ada High School and is currently attending East Central State University at Ada, Okla.

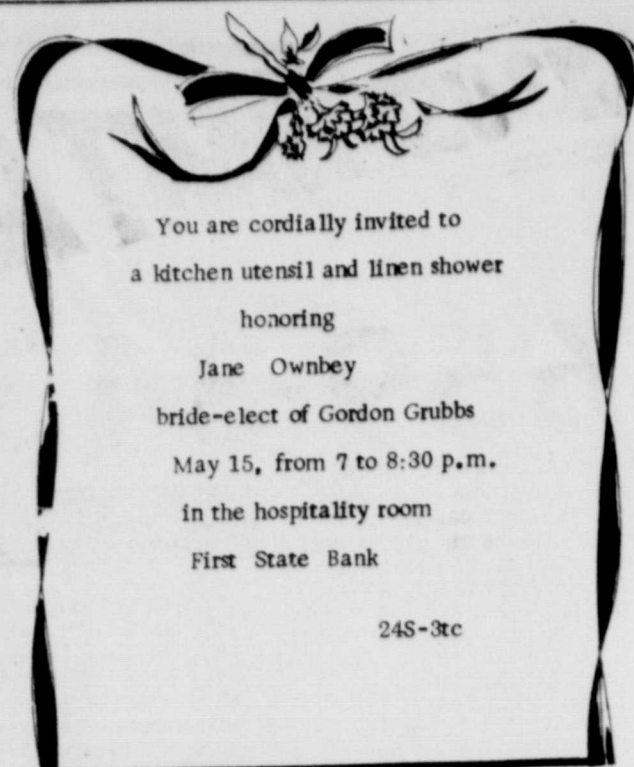

Thel Daniel To Receive Degree

ABILENE----Thel Daniel, of Spearman is among 211 McMurry College students receiving degrees at May 20 commencement exercises. Dr. David Maxwell of A and M University is scheduled to speak.

Of the members of the graduating class, 186 are from Texas. The remaining are from other states. Thel, whose parents are Rev. and Mrs. Wesley Daniel of Spearman will receive a bachelor of science Cum Laude degree with a major in business education.

Mrs. Pittman Is Bridge Hostess

Mrs. Bill Pittman was hostess to the First Thursday Bridge Club in her home May 3. High score prize went to Mrs. Dick Countiss, second high to Mrs. Larry Butts, and low to Mrs. Bobby Archer. The traveling prize was won by Mrs. Dennis Nelson. Refreshments were served

You are cordially invited to a kitchen utensil and linen shower honoring Jane Ownbey bride-elect of Gordon Grubbs May 15, from 7 to 8:30 p.m. in the hospitality room First State Bank 24S-3tc

by the hostess to a guest, Mrs. Jack Lasater and members, Mmes. Bobby Archer, Larry Butts, Dick Countiss, Ted Godfrey, Kent Guthrie, Eddie Healer, Britt Jarvis, Bob Meek, Dennis Nelson and Bill Strawn.

Gaines and Freddie, Owen & Maude Rosson.

Mr. and Mrs. Bruce Peek and Mrs. Lorene Williams of Commerce were Friday and Saturday night guests of their sister, Mr. and Mrs. Doc James of Stinnett. Saturday morning the Peek's and Mrs. Williams visited their aunts, Mrs. Benda Holt and Mrs. Bertha Jenkins.

Mr. and Mrs. Dan Jackson were Wednesday night guests of their brother-in-law, Walter Baade of Enid. They also visited Mrs. Baade who is very ill and in the Enid hospital. They returned home Thursday.

Mr. and Mrs. Lorrin Morris of Longview, Wash. were Wednesday and Thursday night guests of Maude Rosson. The Morris' have spent the winter in Port Isabel, Texas so they were enroute to their home. So Herbert Kirk, Mr. and Mrs.

Owen Pendergraft and Mr. and Mrs. C.W. Kirk enjoyed visiting Thursday night with the Morris' and Maude Rosson. Garland Tucker and Glenda Mayfield of Amarillo were weekend guests of Mr. and Mrs. Richard Gaines and family.

Mrs. Myrtle Loveless of Childress visited from Saturday to Thursday with her sister, Mr. and Mrs. Ray Moore of Spearman.

Mr. and Mrs. Elmer Griffin of Erick, Okla. were weekend guests of Vernie Rosson of Spearman.

Peggy Jo Gaines, daughter of Mr. and Mrs. Richard Gaines, won 2nd place in UIL shorthand in district at Frank Phillips College in Borger. She won 2nd place at the regional meet held at Lubbock April 14. Then, she earned the right to advance to the State UIL Shorthand Literary Meet which was held at the University of Texas in Austin Saturday May 5 and won 4th place. After the contest she flew from Austin to Amarillo. Peggy is secretary of the 1973 Stinnett high school class, also editor of the Rattler Annual and a member of the Rattlerette basketball team. She arrived home in time to help with the weekend senior class Rodeo and Sunday barbecue dinner. She plans to enter college in the fall.

Myrtle Stephen of Borger, who has been in North Plains Hospital in Borger, is now visiting her daughter, Mr. and Mrs. Phil Jenkins.

Mr. and Mrs. Doyle Jackson, Terry, Randy and Scott Janzen visited Sunday afternoon with Mr. and Mrs. Robert Janzen in Amarillo. Robert is in the Northwest Texas Hospital in Amarillo. Mr. and Mrs. Dean Rogers spent Sunday night in Amarillo. They also visited Mr. and Mrs. Robert Janzen. The

Rogers returned home Saturday. Dale Reger was Saturday night guest of a friend Allison of Stinnett.

14 New Programs Scheduled at FPC

BORGER---- Frank Phillips College is initiating for 1973-74 year, fourteen new programs in the Technical- Vocational Field. These programs are Management, Law Enforcement Science, Agri-Business Technology (Feedlot Mgmt.) Agri-Business Technology (Livestock and Ranch Option), Engineering Technology (Petroleum Option), General Business (Accounting Option), Two Year Secretarial Course, One Year Secretarial Course, Licensed Vocational Nurse, Drafting Technology, Graphic Arts, Surveying Technology, Water & Sewage, and Instrumentation.

The excellent facilities available and the location of Frank Phillips College, in the center of the Panhandle of Texas, make these programs readily accessible and a real educational opportunity for everyone. These programs cover a wide variety of courses essential to many segments of various job requirements and are meeting the educational demands of the area. Also, these courses with others offered at Frank Phillips College meet the needs of students with varying abilities and provide training for gainful employment in the Panhandle.

Harris-McDonald Vows Solemnized

Douglas McDonald, assistant manager of the local TG&Y store, was married last Friday morning in Amarillo.

The bride is the former Roberta Harris. She is the daughter of Mr. and Mrs. R.J. Harris of 4412 49th Street, Lubbock, Texas. Mr. Harris is district manager of the TG&Y stores in this area, in charge of 40 stores.

The bride is a graduate of Coronado High School in Lubbock and has been studying chemical engineering at Texas Tech for the past two years.

The young couple are at home at 430 S. Bernice in Spearman.

Women's Aglow Fellowship Meet Is To Be May 14

The Women's Aglow Fellowship will meet May 14, at 9:30 in the Library meeting room. Mrs. Dennis Schulz of Hartley, Texas will be guest speaker. Mrs. Schulz is Baptist minister's wife and comes to us highly recommended as a speaker. Everyone is invited to hear and share her Christian testimony.

Prayer Guides P.O.W.

Air Force Captain Larry Chesley stands 5 feet, 8 1/2 inches tall and weighs 142 pounds--but to his family and friends, he is a giant of a man. Captain Chesley, an LDS (Mormon) prisoner of war in North Vietnam for seven years, who was released February 12, is a war hero and the people of America love him. An estimated 30,000 persons lined the streets of his home town, Burley, Idaho, to honor him at a homecoming parade. That's more than four times the population of this city of 7,508. On Sunday, he spoke in the sacrament meeting of the local Church of Jesus Christ of Latter-day Saints telling of his personal experiences. Since Captain Chesley's release, letters have poured in to the Chesley home from all parts of the United States. They now fill four cardboard boxes. One letter he received came from a nine-year old boy, who wrote, "I have prayed for you for many years and finally God answered my prayers. I would give my life for you, but I don't think my mommy and daddy would let me." In December 1965, he received orders for Vietnam, and four months later, on April 16, 1966, he was shot down just above the Demilitarized Zone. Upon ejecting from the plane, his back was broken. "As I was descending to the ground (in his parachute) I saw the Vietnamese coming from all points of the clock to capture me and I could see that there would be no rescue for me." "When I landed on the ground, I was knocked out momentarily, and was captured almost immediately." "The Vietnamese stripped me to my underwear and took by boots. They cut my clothes off with machetes because they didn't know how to work the zippers on my flight suit." "They got my clothes off and I just looked toward heaven and said, 'Oh, God, I may have to walk for many miles and I can't walk without those boots they just took from me,' and about one minute later God answered my prayers and they brought them back." "Later that night, they tied me on a truck with my arms behind my back, and then they tied my wrists to the top of the bed of this truck, so I just was sort of hanging by my arms." "I said, 'Oh, Lord, I can't go this way. This is just hurting too much, and we'd only gone about five miles until the knot came untied, and I fell back to the bed of the truck and had no more problems." "It took 21 days for Captain Chesley, clothes only in his underwear and boots, to be taken northward to Hanoi. "When I got to Hanoi, they took us out of the back of the truck into what is known affectionately by prisoners and military men as the Hanoi Hilton." Among Captain Chesley's blackest days was the period shortly after he was incarcerated, and he contracted beriberi. "From April of the

next year I had beri-beri real bad." "I was in pain almost all the time, and I would get 20 to 30 minutes sleep out of a 24-hour period. That's when sheer exhaustion would overcome the pain." "I just hurt so bad, I couldn't even think, I just kept saying, 'Man, I don't want to die... I don't want to die. I'd rather have this pain than die.'" "During '66, '67 and '68, I prayed a lot, but starting about '69, I was beginning to think that God didn't care where I lived, and I don't feel like I was getting any answers to any prayers, and I sort of slacked off for a while through '69 and '70. I would communicate with Him some through '71. In '75, I decided that I'd been slacking off too much, and I started doing a lot of praying again. During the first year in prison when he was confined, alone or in small groups, a signal would be sent out on Sunday mornings and everybody in the building would have church service. "We would all kneel down in our rooms at the same time and pray, and then we would say the 23rd Psalm or the Lord's Prayer. Then we would face east and pledge our allegiance to our flag and our country." Captain Chesley said that for use in the non-denominational church services the prisoners held, he made a cross out of a towel and some handkerchiefs sewn together using a homemade needle and thread pulled from a blanket. "That cross was uplifting for some of the men, and we would hang it up every time we met together for our church services. It has been turned over the possible display in the Air Force Historical Museum." Captain Chesley taught Sunday School in camp for a year, teaching things he remembered from his church training. Locally here in Spearman, the representatives of the Church of Jesus Christ of Latter-Day Saints are two young men, Elder Snell of Los Angeles and Elder Furnell of Sedalia, Mo. These young men come on missions for the Church for two years and are currently knocking door to door

Prayer Guides P.O.W.

here in Spearman so that we might "all come to a unity of the faith." Further information on the church can be secured by calling the Elders at 435-2197. As Captain Chesley returned to America he said, "REMEMBER, THIS COUNTRY IS WORTH DYING FOR--DON'T YOU EVER FORGET THAT."

FUN WITH FIGURES

In a chicken-plucking contest held in 1970 at Masaryk-town, Florida, a team of four pluckers, all women, plucked three chickens naked in the time of 6 minutes 31 seconds to establish a new record for team plucking! The largest kidney stone recorded in medical literature was removed from an eighty-year-old woman by Dr. Humphrey Arthur at London's Charing Cross Hospital. It weighed 13 pounds 14 ounces! When businesses export American-manufactured goods, the U.S. balance-of-payments position is improved. To help out, Dun & Bradstreet publishes two International Market Guides -- one containing 350,000 business prospect listings in 19 European countries and another containing listings of 190,000 potential customers in 33 Latin American countries! The world's largest producer of mineral water is France's Source Perrier, with an annual production of over 1,400,000,000 bottles. It is helping to feed the average Frenchman's huge appetite for mineral water, which runs to about 38 quarts per year!

PUBLIC SALE

OCHILTREE COUNTY COURTHOUSE
Perryton, Texas

FRIDAY, MAY 18, 1973

1:00 P.M.

With everybody saying they've got the best sorghum seed, Niagara has just one thing to say about Oro: Try it.

Niagara SEEDS ORO HYBRID SORGHUM (GRAIN)

With all the claims everybody's making for their sorghum seed we just ask you to do one thing with our new Oro yellow endosperm hybrid. Try it in a test planting. You'll get a yield that will really open your eyes.

You'll get a head section of from 4 to 7 inches, blooming in 60 to 70 days and ready to harvest in 100 to 125 days. Plus, Oro has more open heads of 8 to 10 inches.

One also brings you good threshability with high test weight. As well as a exceptional tolerance to heat and soil conditions. On top of all that Oro is available in 100 lb. bags for home use and in 50 lb. bags for farm use. There's no one else out there who's really worth a try.

Now Hear This!

While it's often best for children to be seen and not heard, you'd have a hard time convincing the U.S. Coast Guard that the same rule should apply to boats.

And that's because there's a Federal law requiring powerboats over 16' long to carry a whistle "or other

sound-producing mechanical appliance" to prevent collision in crossing and passing situations, and for giving signals in fog.

There is, however, a simple way to meet U.S. Coast Guard standards without straining your pocketbook or remodeling your boat. A new device called the Falcon Commander-2 boat horn, unlike other sound-producing appliances, is totally rust-proof and non-magnetic. Available at boating supply outlets for about \$7.50, the unit is powered by a replaceable aerosol can and sends out sonic blasts that can be heard a mile away. Easily triggered, the Commander-2 also has a sliding lock mechanism to prevent accidental use.

FOOT NOTES

Years ago the foot was always covered up... by heavyweight stockings and by completely closed shoes. Summer was the only time anyone would get even a glimpse of the bare foot.

"Times certainly have changed!" exclaims Jann Johnson, the bright young designer who has just returned from Greece with a bag full of new ideas for an exclusive shoe collection for Henri Bendels in New York. "The

Bright young designer, Jann Johnson believes feet are first this fashion season and they should be kept pretty.

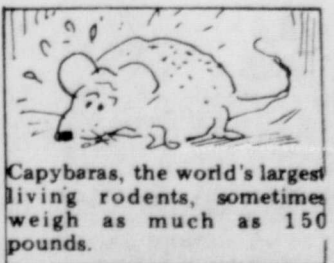

sandal is no longer a 'summer-time thing' but an all-year fashion. Therefore, a woman's foot must look as pretty as her hands so that she can show off her foot fashions properly."

Miss Johnson recommends that her shoe models do exercises to help keep their feet in shape. One of the simplest tricks is picking up marbles with the toes and another is to rotate the foot at the ankle.

"I also suggest that my models use 'Pretty Feet.' This gentle cream softly removes dead skin that creates red patches and smoothes down the rough calloused areas."

So every modern woman, active as she is, can be as problem free when it comes to her feet as the barefoot contessa.

For your special trial offer of a regular size of "Pretty Feet," send 50 cents with your name and address to Cooper Laboratories, Department B, Bedford Hills, N.Y. 10507. Allow three weeks for delivery.

Capybaras, the world's largest living rodents, sometimes weigh as much as 150 pounds.

The term "checkmate" comes from the Arab "shah mat," meaning "the king is dead."
