The new Dairy Queen in Spearman will be open for business on July 4th, at 10 a.m. The new and beautiful cafe will be open until 11 p.m. on July 4th. Mr. Mires and Jackson invite you to try some of their new "Dairy Queen" Shakes and Burgers.

The new time and temperature sign is now up at the First State Bank in Spearman. Drop in and tell banker Gibner who you appreciate this new addition to the bank.

Kenney Loftin, Baker and Taylor employee displays a string of walleyes he caught at Lake Meredith over the weekend. Kenney is an outstanding fisherman, and knows how to catch the big ones. He takes his wife along to bait the hooks for him.

Rotarians Install New Officers

The Rotary Club Installation Banquet was held Thursday, June 28 at the Perryton Country Club for members and their wives.

Steak with all the trimmings, tea and coffee was served to those attending.

Out-going Spearman President, Wesley Garnett, Jr., turned his gavel over to incoming president, Jack McWhirter and out-going Perryton President, Josh Hopkins, turned his gavel over to incoming president, Leo Meyers.

Gilbert Mize from Perry-

ton who was honored for 21 years perfect attendance, installed officers.

Spearman officers are: Jack McWhirter-President; Peyton Gibner, Vice President; Chet Wise, Secretary. Board of Directors are: Wilton Youngblood, L. F. Hand, C. D. Riggins, J. L. Brock, Peyton Gibner, Chet Wise, and Wesley Garnett, Jr.

Mr. Sander of Perryton presented the program by showing slides of his trip to Europe. Approximately seventy-five people attended.

Spearman Legion Team will play at Canadian, July 4th.

Firemen put up the hose after a farm fire this week. Notice the windmill in the center of the picture. This was made at a farm home where a farmer was burning stubble this week.

No fifths this Fourth.

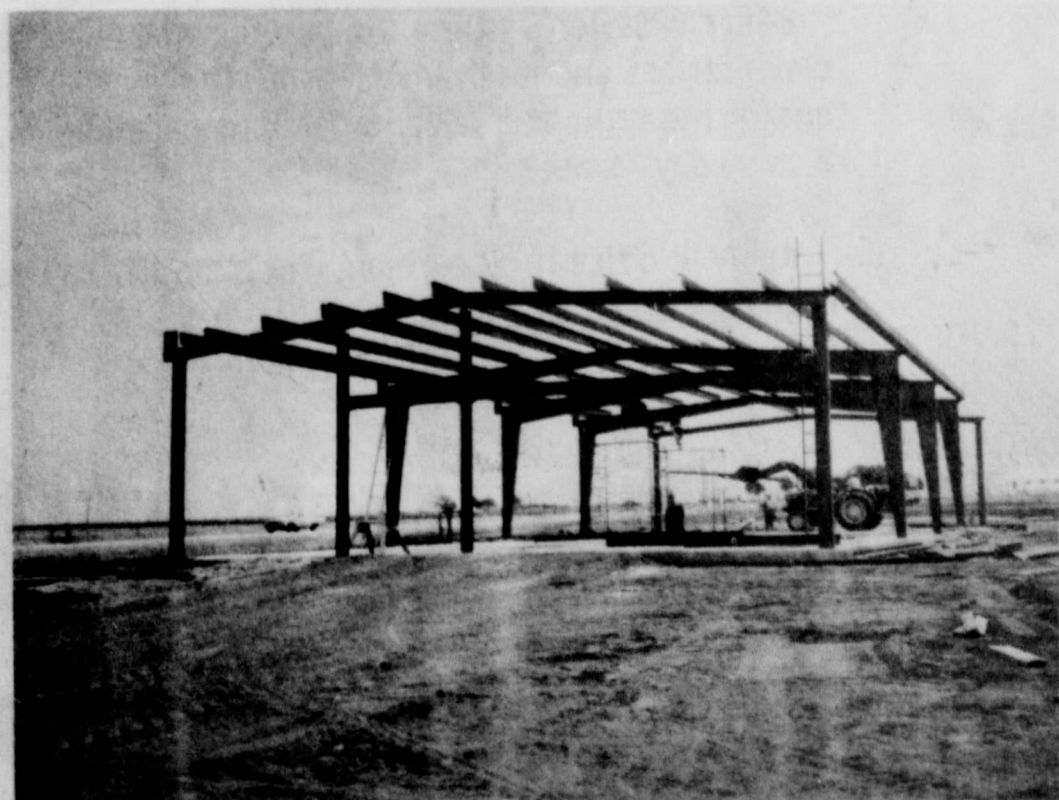

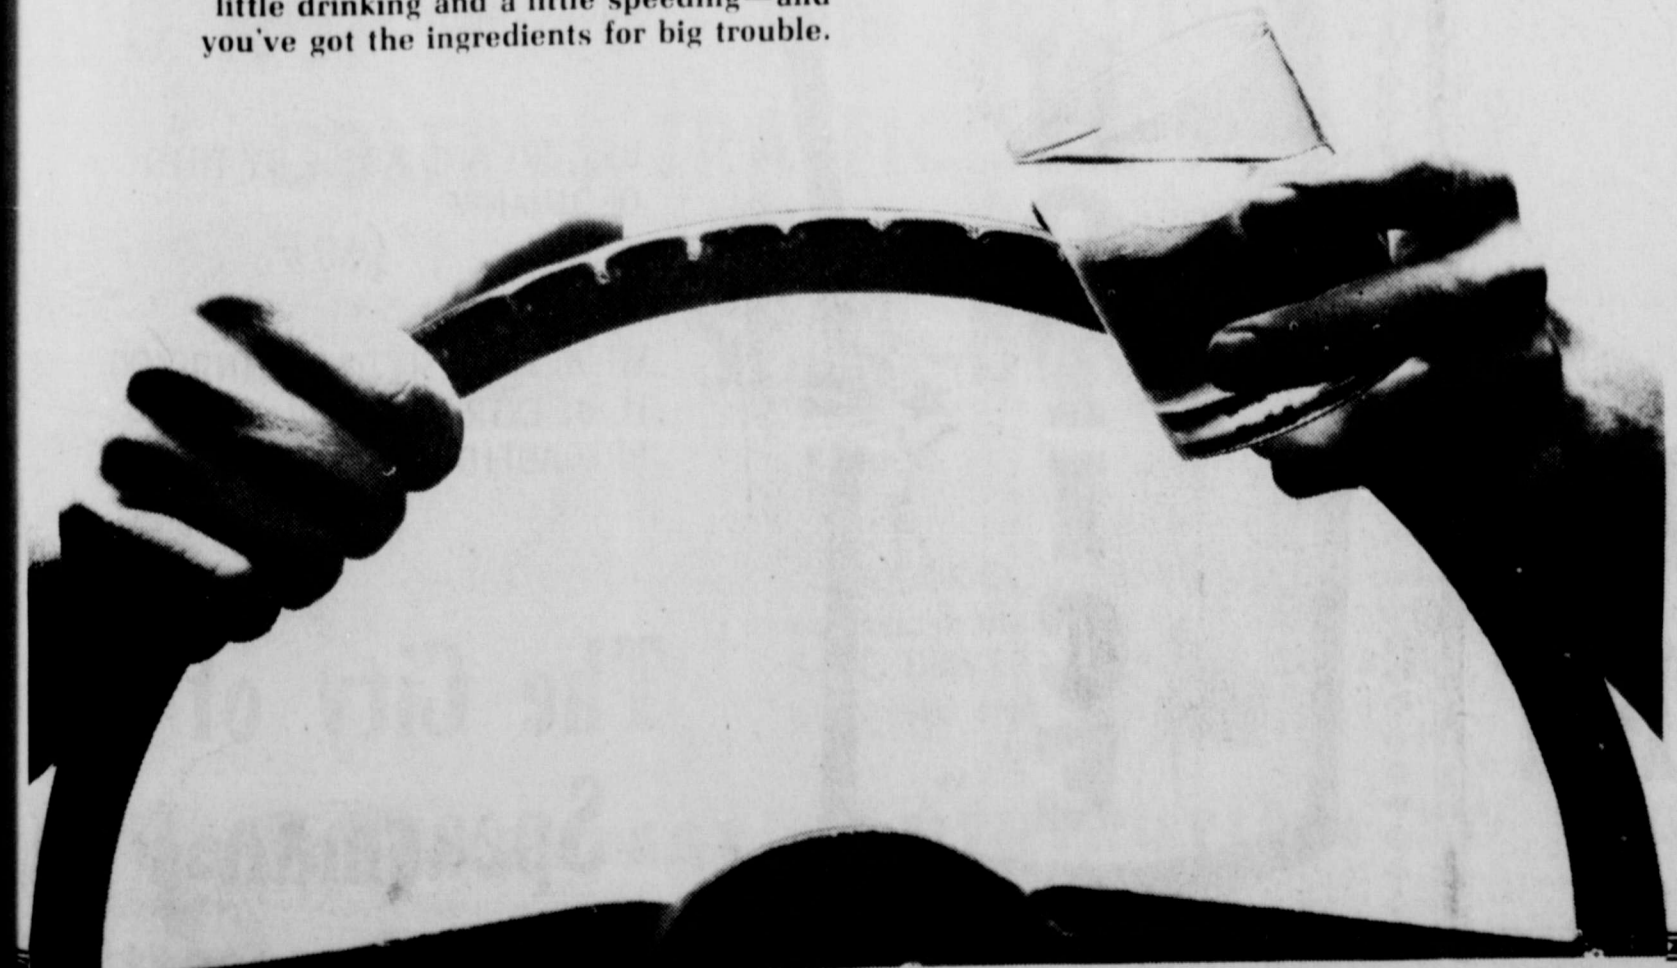

There used to be a saying at Fourth of July picnics that fireworks and fire-water don't mix. Well, neighborhood fireworks are pretty much a thing of the past. So this year let's keep in mind that driving, drinking and speeding don't mix either.

That's what we mean by "No fifths this Fourth." All it takes is a little driving, a little drinking and a little speeding—and you've got the ingredients for big trouble.

This Fourth if you want to drink, get somebody else to drive. And take your time. That's DRIVING FRIENDLY.

The Texas Office of Traffic Safety Administration
Dolph Briscoe—Governor

The new Spearman Bi Products building is going up fast. The used cow dealer should be in business soon as is evidenced by this picture.

Teletype Network Gets Action Grant

Governor Dolph Briscoe to-
day awarded grants totaling
\$70,181 for improvement of
law enforcement and crime
prevention in the region serv-
ed by the Panhandle Regional
Planning Commission, Ama-
rillo.

The money will come from
the Criminal Justice Council,
which administers the state's
block grant from the Law En-
forcement Assistance Adminis-
tration under the Omnibus
Crime Control Act.

One of the action grants,
\$28,881, is for continued sup-
port of the law enforcement
teletype network serving 20
police and sheriff's depart-
ments in the region. Partici-
pants will provide an \$18,498
cash match.

The network has been term-
ed "highly successful" by its
users, who have found it of
particular benefit when weath-
er conditions interfered with
radio reception.

The second award, \$12,000
is to Deaf Smith County for
jail improvements. The pro-
ject will develop plans to ex-
pand physical facilities, at the
same time effecting improve-
ments in the jail program.
The county will provide a
\$2,000 cash match.

A \$29,300 planning grant
will continue to provide a

DRIVE SAFELY

DEATH A'GO-GO

Don't Be a Holiday Week-End Statistic —
Drive with Care . . . Make Vacation Time
Happier and Safer for Everyone . . .

Highways jammed with people in a hurry to get to fun and relaxation can spell disaster . . . during the holiday week-end or any week-end. Remember the responsibility you have behind the wheel of a car. Drive slowly . . . keep your eyes on the road . . . stop when you become tired . . . be considerate of other drivers and go cautiously in residential and children's play areas. Extra traffic demands extra care and caution. Drive safely . . . as if your life depended on it!

- GIVE PROPER SIGNALS • STAY ALERT
- DO NOT SPEED • DIM HEADLIGHTS
- OBSERVE TRAFFIC SIGNS
- USE SEAT BELTS

YOUR COURTESY AND CONSIDERATION on the road will SAVE LIVES, not smash them out! Be a SAFE DRIVER and be PROUD of it. YOU can be a SAFE DRIVER if you use COURTESY AND SAFE DRIVING RULES. Stay alert and stay alive!

YOUR GREATEST CONTRIBUTION TO HIGHWAY SAFETY IS COURTESY

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

National and International Leader... Poultry Declines Noted... Vaccinate Horses Now.

Texas, already recognized as a giant in agricultural production in the nation, will become a major factor in international agriculture in the years ahead. With exports becoming an increasing part of this nation's agriculture, Texas will be a key state in supplying farm products as well as providing facilities from which commodities will be shipped.

Texas has excellent port facilities along the Gulf Coast. The Port of Houston was utilized in shipping the 400,000,000 bushels of wheat to Russia. Texas now has excellent export livestock pens which will increase the state's dominance in the livestock industry.

The pens are already in use in Houston, Del Rio and Eagle Pass. Additional pens are to be built soon at Brownsville, El Paso, and Laredo.

The pens have specially designed loading and inspection chutes, concrete floors throughout, offices and laboratory space, a new hydraulic-type multi-vat for dipping animals as well as other accessories which exceed federal regulations. The pens are also covered.

"Through use of these pens, you can be assured Texas will be a leader in the world in international agriculture affairs," Texas Agriculture Commissioner John C. White said.

The Texas Department of Agriculture is responsible for operating the pens. Texas livestock export business this year is expected to exceed \$40,000,000.

Throughout the nation, Texas continues to be the number one livestock state. Texas has more than twice as many cattle and calves than the second place state. It has almost three times more beef cows than the second ranking state.

The cattle and calf production population for Texas as of Jan. 1 this year is 15,350,000 head; this is an increase of about 2,500,000 head from 1972.

Beef cows--the factory of the livestock business--numbered 6,320,000 in Texas; this compared with second place Oklahoma's 2,283,000 head.

Texas is also first in the nation in cattle on feed and first in the nation in numbers of sheep and lambs.

THE MAY hatch of egg-type chickens in Texas is down nine per cent from a month ago. The May hatch of broiler chicks is down two per cent from a month ago. The total turkey poult hatch was up eight per cent from a month ago.

Egg production in Texas during May was seven per cent below a year ago, but four per cent above a month ago.

Nationwide, egg production during May was three per cent below a year ago. Layers on hand declined four per cent from May a year ago and two per cent below April.

VACCINATE your horse now for the three types of equine encephalitis. The types are Eastern and Western equine encephalitis (EE and WEE) as well as Venezuelan (VEE) which ravaged horses in Texas in 1971.

The three diseases are caused by different viruses that are carried by mosquitoes, and can be transmitted to humans. Effective vaccines are available for all three. However, vaccines for EE and WEE do not protect against VEE; likewise, VEE vaccine does not protect against the other two.

Outward signs of the three diseases include depression, lack of appetite, and drowsiness. Animals may frequently grind their teeth and stagger when moving. Death is common.

TFB Market Study Will Tour W. Europe

Western Europe--purchaser of one-third of all U. S. farm exports, will be the destination of the 1973 Texas Farm Bureau European Tour, according to TFB President, J. T. (Red) Woodson.

The tour, which departs from Dallas September 5 and returns there on September 19, is the first the Texas Farm Bureau has sponsored to this area since 1967.

Tour price of \$1885 in-

cludes all transportation, rooms, meals, tips, transfers, and sightseeing. Further information about the tour may be obtained by writing Texas Farm Bureau European Tour, Box 489, Waco, Texas 76703, or call (817) 722-3030.

Countries to be visited include France, Switzerland, Germany, Belgium, Holland, and England.

The 13-day tour affords not only the opportunity to study markets and agriculture, but also has plenty of sightseeing, the TFB leader said. Lee Travel Service of Waco, which conducted TFB tours to Eu-

Andy Graham and Tommy Jack Bruce are pictured above as they fight the fire that almost engulfed the Jack Whitson farm home South of Spearman, Monday. Bobby Jo Grayson's car burned up also on Monday, 2 miles south of Spearman, and the department answered several stubble fires that got out of control.

rope, South America, Australia, Africa and around the world, is handling the travel arrangements. Briefings on marketing opportunities and trade policies of the various countries are planned for Paris, Brussels and London. Visits to farms are also on the itinerary. Woodson said that agricul-

tural producers and their wives who want to learn more about marketing possibilities in the Common Market countries are especially invited to join the tour. "As agricultural producers, it is important that we learn as much as possible about our

customers abroad--their preferences in quality, grades, packaging, etc.," Woodson said. "It's good for us to understand the economic and political climate in the countries that buy our products.

Crime Rate Is Reduced In 1972

Texas' crime control projects aimed at improving police response to special law enforcement needs was spotlighted June 19 in a four-year progress report on application of the Omnibus Crime Control and Safe Streets Act, Governor Dolph Briscoe announced.

The report, "State of the States on Criminal Justice," was prepared by the National Conference of State Criminal Justice Planning Administrators.

It was presented by Charles L. Owen, National Conference chairman, to U. S. Attorney General Elliot Richardson in Washington Tuesday morning.

"The Texas SPA" (Governor Briscoe's Criminal Justice Council), said the report, "has developed a number of programs aimed specifically at improving police response to the special law enforcement needs of minority-group neighborhoods."

"In Fort Worth, for example, SPA funds were used to establish police-community relations storefront offices in five high-crime, minority-group neighborhoods. A new system of two-man foot patrols, each including a minority group member, was instituted.

"The storefront offices and foot-patrol teams are designed and officers are trained to provide a wide range of community services--including acceptance of citizen complaints, youth recreation organization, and employment counseling--in addition to the traditional law-enforce-

ment functions of the police. "Index crime in the project areas was down 26 percent during the first year of operation and accounted for over half of a city wide crime decrease of 7.6 percent," the report said.

The Fort Worth project first was funded by CJC in July, 1970. The award was \$40,110. It has been refunded twice since, expanding the operation to other parts of the city.

A similar project was funded the next year in Laredo. Just this month, the CJC Executive Committee recommended to Governor Dolph Briscoe the funding of another in El Paso.

CJC, as the 54 other state and territorial planning agencies, is charged with comprehensive statewide planning to guide units of state and local government in their efforts to control crime and improve justice. It also administers the state's block grant from the Law Enforcement Assistance Administration under the Omnibus Crime Control Act.

Projects planned and funded by CJC encompass the broad criminal justice spectrum comprising police, courts and corrections.

The Texas effort also was noted in the national report for its part in effecting legislation to authorize law enforcement mutual aid compacts, revise the penal code (recently signed into law by Governor Briscoe), bring about a unified court system and

revise the judicial system. CJC achievements in the system were mentioned in specific reference to training. The agency funded peace-officer academies in each of the state's 24 planning areas in cooperation with the Commission on Law Enforcement Standards and Education. Estimated 85 percent of the state's law enforcement officers now have been trained on the basis of training standards. Since the start of the act, in 1970, 1,580 action programs have been initiated. Texas has been awarded a total of \$82,072,200 in 1973.

While crime is down percent during the year, actual number of crimes committed in the state has dropped 2.2 percent from the previous year, according to the Texas Department of Public Safety.

The picture, says, has been the same nationwide. "First, the crime rate was reversed and there was an actual

Highway Dept. Cancels Contracts

The Texas Highway Department today cancelled the monthly contract letting scheduled for July 24-25. The Department had planned to let contracts for 18 highway projects at the regular monthly letting.

L. DeBerry, State Highway Engineer, said that following the act in the House of Representatives on July 24, the State with no alternative, but to cancel the letting.

The Congress adjourned

last year without approving a highway bill when the House of Representatives was unable to muster a quorum on the final day of the session during a debate over diversion of Highway Trust Fund revenues to urban mass transit.

Both Congressional bodies have approved highway bills this year, but they are tied up in conference committee in a dispute over basically the same issues.

In recent months the Texas Highway Department has been financing all highway construction with pure State funds under an interim Congressional action which provided that the State would be reimbursed for such costs when the regular bill finally is approved.

Yesterday, the House of Representatives approved another interim measure to provide \$1 billion for Interstate highway construction and \$500 million for other primary and secondary highway building. Earlier, the Senate had approved a similar measure which would have provided temporary reimbursement for the States who already had committed funds. The measure still must go

back to the Senate for final approval because the House added a technical amendment.

DeBerry pointed out that the temporary measure will not solve the financial problems facing the Texas Highway Department.

"This bill simply provides funds for Interstate projects for which we have already committed ourselves under the earlier legislation," DeBerry said. "The interim bill would provide a small amount of money for primary and secondary highway construction when it is approved."

"That means we will have to have contracting authorization and approved funds in a final Federal-Aid highway

bill before we can proceed further."

The July letting was expected to include approximately \$22 million for highway construction in 18 contracts.

At one point it appeared that the Congressional conference committee might be close to resolving differences between the Senate and House versions of the highway bill. However, Congressmen now expect to take a July 4 recess, which will further delay passage of a final bill.

ing so, I took this action because I believe that the United States is making every diplomatic effort possible towards securing the peace we all seek to end the fighting in Cambodia. Our air operations in Cambodia are the principle elements, as they were in North Vietnam, of our leverage to end the fighting there short of a communist victory. Bringing an immediate halt to these operations without a gesture of reciprocity by the other side would be shortsighted on the part of the Congress.

This week I have also held as well as attended meetings with the Cost of Living Council, concerned Members of Congress, Department of Agriculture officials, and farmers and ranchers for the purpose of discussing the serious problem being faced by livestock, hog, poultry, and dairy producers as a result of Phase IV price control regulations. For instance, I have been receiving daily reports from feeders in our 13th District of Texas who are losing as much as several thousands of dollars per day because of the freeze. These people have been trapped in a situation whereby they are forced to pay higher amounts for feed and materials while the price they can charge for

feeding livestock remains frozen. If action is not taken by the President with the help of the government through the Cost of Living Council, these acute shortages of dairy and poultry and meat products will begin to hit the consumer with higher prices and limited supply in the months ahead.

Recently, I have also testified before the House Subcommittee on Public Lands urging that they approve my bill, H. R. 8774, which would allow the construction of the trans-Alaskan Pipeline. In my opinion the construction of the pipeline is necessary in view of the energy crisis now faced by our Nation. We cannot as a Nation afford to procrastinate for another period of years thereby placing our Nation at the mercy of foreign suppliers of petroleum. We must instead confront the critical problem of our dwindling energy supplies through positive action such as developing our domestic supplies.

Congressman Bob Price today issued a report on the meeting which he sponsored yesterday afternoon in the U. S. Capitol to discuss the serious problems facing livestock and poultry feeders and producers as a result of the recently imposed price freeze. The meeting was attended by representatives of the Cost of Living Council, the American Cattlemen's Association, the Texas Cattle Feeders Association, numerous members of Congress and representatives from the Department of Agriculture.

In summarizing the results of the meeting, Price said: Fact sheets and personal testimony by Members of Congress as well as representatives of the livestock feeding industry were submitted directly to Cost of Living Council officials to underline the magnitude of the critical problems facing the industry as a result of the price freeze.

Although I do not question their concern for the problem or genuine desire to be of assistance, in my opinion, I believe the Cost of Living Council representatives lacked a sufficient understanding of the details relating to the problems of livestock, poultry, and dairy producers to fully grasp the impact of the freeze on these businesses. Unfortunately, it is difficult for anyone to fully understand the operations of a business in a new short hours or days ever if he is deeply concerned for the well-being of the business.

As discussed in the meeting, the problem of the feedlot operator under the present price freeze is basically one of the inability to pass along to his customers increases in the cost of grains which he is being forced to pay. While raw agricultural products including grains are exempt from the freeze, feedlot operators cannot increase their charges for fattening of livestock and feeders of cattle, hogs, poultry, and dairy cows have the prices of their products frozen at the retail level, resulting in a serious cost price squeeze and tremendous loss.

Unless some relief is forthcoming within a week to thirty days, many of these operators and producers will face bankruptcy or be forced to close down their operations entirely, which can only lead to a shortage of beef, pork, poultry, and dairy products and a further increase in prices.

Representatives of the cattle

CONGRESSMAN BOB PRICE 18TH DISTRICT-TEXAS

The week of June 25 has been a packed and busy one for the Congress. This week we have attempted to deal with those appropriation bills approved by committee action and pending before the Congress. The most controversial of these pieces of legislation was H. R. 7447, the Second Supplemental Appropriations Act, to which an amendment requiring a total halt of U. S. air operations in Cambodia was attached. This bill managed to pass both the House and the Senate as amended, but was fortunately vetoed by the President. When this bill was returned to the House, I voted to sustain the President's veto and we were successful in do-

ing so, I took this action because I believe that the United States is making every diplomatic effort possible towards securing the peace we all seek to end the fighting in Cambodia. Our air operations in Cambodia are the principle elements, as they were in North Vietnam, of our leverage to end the fighting there short of a communist victory. Bringing an immediate halt to these operations without a gesture of reciprocity by the other side would be shortsighted on the part of the Congress.

This week I have also held as well as attended meetings with the Cost of Living Council, concerned Members of Congress, Department of Agriculture officials, and farmers and ranchers for the purpose of discussing the serious problem being faced by livestock, hog, poultry, and dairy producers as a result of Phase IV price control regulations. For instance, I have been receiving daily reports from feeders in our 13th District of Texas who are losing as much as several thousands of dollars per day because of the freeze. These people have been trapped in a situation whereby they are forced to pay higher amounts for feed and materials while the price they can charge for

feeding livestock remains frozen. If action is not taken by the President with the help of the government through the Cost of Living Council, these acute shortages of dairy and poultry and meat products will begin to hit the consumer with higher prices and limited supply in the months ahead.

Recently, I have also testified before the House Subcommittee on Public Lands urging that they approve my bill, H. R. 8774, which would allow the construction of the trans-Alaskan Pipeline. In my opinion the construction of the pipeline is necessary in view of the energy crisis now faced by our Nation. We cannot as a Nation afford to procrastinate for another period of years thereby placing our Nation at the mercy of foreign suppliers of petroleum. We must instead confront the critical problem of our dwindling energy supplies through positive action such as developing our domestic supplies.

Congressman Bob Price today issued a report on the meeting which he sponsored yesterday afternoon in the U. S. Capitol to discuss the serious problems facing livestock and poultry feeders and producers as a result of the recently imposed price freeze. The meeting was attended by representatives of the Cost of Living Council, the American Cattlemen's Association, the Texas Cattle Feeders Association, numerous members of Congress and representatives from the Department of Agriculture.

If the freeze is to remain in effect as it is today, the only possible alternative discussed at the meeting would be for the President to curtail exports of grain as a temporary measure to hold down grain prices. This, however, would be a disappointing choice after we have worked so hard to secure foreign markets which are so badly needed to help correct our international balance of payments deficit.

Protein supplements such as soybean meal and cottonseed meal are so high priced at the present time that it is impossible in most instances for any livestock producer to use these products as protein supplements. The price of soybean meal has increased 400% over last year. It is now selling close to \$100 a ton with cottonseed meal advanced close to the \$200 per ton mark, and in many instances more. This is why the President today announced a temporary embargo on the export of these products.

Those present at the meeting were assured that our request for a relaxation on the price freeze for feedlot operators will be taken under close study and that a decision will be forthcoming within a week. Hopefully this decision will be favorable, and we anxiously await the Cost of Living Council's reply.

Addressing the Country and District Clerks Association in Corpus Christi, the Governor said, "We will be in the communities for many purposes. We will be there to listen to what the public has to say... to answer questions... and... to help inform the public on matters of special interest to their communities."

Governor Briscoe pointed out that "the doors to this office will be open to everyone." The public will be encouraged to take advantage of this opportunity to communicate with their government.

Among other assignments, those staffing the office will help to inform the public of ways and means of conserving energy; will establish face to face communications with local governmental officials; and will search for ways of improving the overall delivery of government services to the communities, the Governor said.

"By establishing this close link to the people in the Governor's Office, it is my belief that the Governor's Office will be in a better position to serve all the people."

Governor Dolph Briscoe announced Friday he will initiate a new Mobile Field Office as an extension of the Governor's Office sometime in July.

The Governor's Mobile Field Office will be located in every County seat in the State at least one day during the coming year and will be staffed on an alternating basis by the top members of the Governor's staff.

Mobile Field Office Statewide

GREETINGS TO ALL CATTLEMEN

FRIDAY, JUNE 29, WE SOLD 5604 CATTLE AND CALVES THRU THE ARENA. THE AUCTION BEGAN AT 10 AM SHARP AND WAS COMPLETED AT 8:10 PM. BUYERS WERE AGAIN HERE FROM MANY STATES TO READILY ABSORB THE OFFERING.

--NOW REMEMBER--

WE WILL BE CLOSED THE NEXT THREE FRIDAYS FOR PAVING ALLEYS, ARRANGING NEW WATERING AND FEEDING FACILITIES IN MANY ADDITIONAL PENS, EXTENSIVE REPAIR TO PRESENT YARD STRUCTURE AND THE CONSTRUCTION OF SEVENTEEN ADDITIONAL PENS SUITABLE FOR YARDING 2000 MORE CATTLE AT ONE TIME.

REOPENING CATTLE AUCTION

OUR NEXT CATTLE AUCTION WILL BE FRIDAY, JULY 27--and EVERY FRIDAY THEREAFTER. YOUR CONTINUED FINE COOPERATION WILL BE APPRECIATED BY ALL OF US.

DURING THE TIME WE ARE CLOSED WE WILL BE TAKING CONSIGNMENTS, BOTH LARGE AND SMALL, FOR FRIDAY, JULY 27, FRIDAY, AUGUST 3 and FRIDAY, AUGUST 10. CONTACT RAYMOND CHOATE HERE AT THE YARDS, OR ANY OF OUR OFFICE PERSONNEL DURING THIS PERIOD, TO ARRANGE YOUR CONSIGNMENT FOR ANY OR ALL OF THESE SALES.

Me and Mag has bin plannin on our vacation which we aim to start takin come next week.

We seen where the President has ast ever body to travel at fifty miles a hour sew we won't be able to go no wheres on account of our Model T won't run that fast.

We have decided to stay at home fer our vacation and jist set on the back porch where we can watch the old red rooster hobble up and down the chicken lot on his wood leg whilst the hens scratch up worms fer him.

We bin gitten a lot more aigs out of the hen house sense we started feedin him that laying mash. Old Red, wuz feelin mitey poorly fer a while when Mag wuz feedin him sum of that hard Sider shemaid fer him. I thought fer awhile he wuz goin to have a stroke of apple pley but I give him sum of them rooster booster pills and pulled him threw. I give him a extra dose of them pills and the shock might high kill him.

I recon yew or Merle or sumbody better send me a set of shock absorbers in case it happens to him agin.

Mag wood also like yew to send her a can of axel grease sew she can shine up the Model T sew we can use it when the gas shortage is over. She also wants to no what it will cost to put on a new set of break shoes.

Dub Hanners' Have Weekend Visitors

Visiting in the home of Mr. and Mrs. Dub Hanners over the weekend was their son, Mr. and Mrs. Gerald Hanners and Jennifer Robin from Dimmitt, Texas. Also visiting is their daughter, Mrs. Bob Griffin from Abilene. She will be visiting while her husband attends two weeks summer camp at Ft. Chaffee, Arkansas. She also plans to visit her brother, Mr. and Mrs. Gerald Hanners in Dimmitt.

Virgil Hull's Had Visitors Last Week

Visiting in the home of Mr. and Mrs. Virgil Hull last week was their daughter, Mr. and Mrs. Ellis Robison and Terri from Dayton, Texas and their great-grandson, Jeff Fort from Pine Bluff, Arkansas. Wednesday, the Hulls, Robisons, Mr. and Mrs. Roy Seitz and Jeff Fort enjoyed supper in the home of Mr. and Mrs. Robert Novak. Thursday, the Novaks, Hulls, Robisons and Jeff went to Lake Meredith and enjoyed boating and fishing.

Roscoe Nelson's Honored By Family

Mr. and Mrs. Roscoe Nelson were honored Sunday, July 1 in the Fellowship Hall of the First Baptist Church with a reception given by their daughters, Mr. and Mrs. Charles Eaton, Mr. and Mrs. Jack Vanderburg, and Rhonda Nelson. The Nelsons celebrated their thirty-fifth wedding anniversary. Mr. Nelson was presented a boutonniere of pink miniature carnations. Mrs. Nelson was presented a corsage of pink miniature carnations accented by mint net and ribbon. The serving table was laid with an egg shell with silver trim cut work table cloth. The table was accented by a floral arrangement of pink and white miniature carnations with accents of mint green in a candelabra centerpiece with pink candles. The cake was white trimmed in pink and green with Marguerite's and Roscoe's initials. Punch, cake and coffee were served by Joanne Eaton and Donna Vanderburg. Out of town guests were Mrs. Clarence Morris from Perryton, Mrs. Dennis Carroll from Blackwell, Oklahoma and Mr. and Mrs. Berlin Heller from Pampa, Texas. Also from out of town was Mr. and Mrs. Jack Vanderburg and family from Dalhart.

Sharon by her hostesses. Miss Hamilton was presented a corsage of yellow daisies, yellow net, white bow and accented with a tiny gold wedding ring. The mothers, Mrs. Hamilton and Mrs. Archer, and grandmothers, Mrs. Alta Morse and Mrs. B. D. Vaughn were presented corsages of white daisies with yellow net and yellow ribbon. Hostesses were Mesdames: Gale Good, James Hargis, J. C. Jackson, Harold Frost, Jack Whitson, Richard She-

deck, Jim Fowler, Jack Kemper, Walter Woolley, Don Denham, Jim Thomas, Jim Davidson, and Miss Dorothy Roden. Special guests were Miss Hamilton's grandmother, Mrs. Alta Morse of Spearman and Joe Archer's grandmother, Mrs. B. D. Vaughn from Le-fors, Texas. Out of town guests were Linda Davidson, hostess from Perryton, Teresa Parker from Lubbock and Mrs. H. L. James from Canadian.

news from your HOME DEMONSTRATION AGENT

by Nell Evans

With company and busy summer schedules hamburger meat is popular. Its economy and versatility are more points in its favor. It is important that we care for it properly. Begin at the store by picking up your meat items last then get it home as quickly as possible to refrigerate or freeze it. Why? Because gringing the meat, which makes even tough cuts tender, also multiplies the surface where bacteria can grow. Thus proper storage is of utmost importance. Hamburger may be refrigerated as it comes in transparent wrap. If in butcher paper, unwrap, place in a container and cover. Store in the meat keeper or coldest part of your refrigerator. For a period of 2 weeks or less ground meat may be frozen in the transparent wrap. For longer storage wrap in foil or freezer wrap. It may be frozen at 0 degrees for 2-3 months. Like all meat hamburger

should be thawed in the refrigerator. This keeps the meat cold enough to slow bacterial growth. To thaw quickly put meat in a watertight wrapper in cold water or in a closed double paper bag at room temperature. Finally be sure your hands are clean when you handle and cook the meat. Remember all meat contains some bacteria so don't eat raw hamburger or ground beef. All meat shrinks when cooking. Cook hamburger at 325-350 F to reduce shrinkage. Salting after cooking is also helpful as salt draws juices out of the meat, so increasing shrinkage. If there are leftovers be sure to refrigerate them immediately. Especially in the summertime we must take extra precautions in food handling and preparation. Bacteria thrive at 45 degrees -115 degrees so keeping food cold is important. Lets make an extra effort to keep our families free from

food poisoning this summer. This means helpful youngsters may need reminding to wash their hands before helping to eat.

Patients in Hansford County are Maynard Phillips, my Nollner, Oneida Symon, Faye Fitzer and daughter, Minnie Nicholson, Guy Joe Day, Leonard James, Randy Eddleman, Lawrence Phillips and Tom Jones. Dismissed were Fusan, Dan Shrader, Herman Boone, Ward Spivey, Leta Garza, Clela Ellison, John Miller, Pat Gruver, Gabe Fred Lackey, Carolyn Roe Dale Clark, Robert Albert Clark, Walter E. J. Callaway, Jr. George Buzzard was transferred to Amarillo.

THE JOY DANCERS WILL BE DANCING AT 8 P.M. SATURDAY AT THE COMMUNITY BUILDING. J. D. WILBANKS WILL BE THE GALLER.

BAKER & TAYLOR DRILLING COMPANY

Rates its employees No. 1

MR. AND MRS. LEE SHAVER and Maleea

Lee Shaver is the Baker and Taylor employee of the week. Lee was born in Colony, Kansas, a small town, and moved to Spearman when he was in the 2nd grade; so, you might say that Spearman is really the only home that Lee has known. Lee's wife is Marsha, the former Marsha White, a local Spearman girl. Their daughter, is 7 months old, and she is named Maleea. Lee is a mechanic for Baker and Taylor, and has 2 years of schooling on diesel mechanics in Amarillo, before he went to work for Baker and Taylor, in January of this year. Lee likes to work on all types of engines, but his first love, is rig work in the field. Marsha's hobbies include yard work and riding a bicycle. She also likes to paint and wants to start tole painting in the near future. Lee's hobbies include water skiing, and boating. The Shaver's are members of the Methodist Church. On this 4th of July, Lee will be "on duty" at Baker and Taylor, along side most all of the Baker and Taylor employees. We salute this fine family, on July 4th, and once again say, we are proud to salute such a fine family, and such a fine Company this 4th of July. It is families like this, and a Company like Baker and Taylor that makes us all proud to be Americans...

BIG JULY 4 CELEBRATION SCHEDULED

The Chamber of Commerce is sponsoring activities for a at-home 4th of July. It is hoped that people will all at home, conserve fuel and save lives so often on highways during holi-driving. A old time threshing bee will be held at 2:30 p. m. at the D. Wilbanks farm 4 miles east of Spearman on Market Road 759. This has held this threshing for several years and it ways a big attraction. There will be a fireworks at Lynx Stadium after by Burnett Fireworks of Okla. Display features include Snoopy and the Baron. There will be no charge for

the threshing bee which will also include a rope making demonstration. The fireworks spectacular will also be free to the general public, however donations will be accepted at the Spearman Chamber of Commerce office to help defray the cost of the fireworks display. City officials urge parents and children to be extremely careful with fireworks this year because of the dry conditions of the past month and also for safety of the children. Fireworks outlawed within the city limits include firecrackers over 2", Roman candles with over 15 balls and Skyrockets containing over 6 oz. filler.

buys food here. In fact, food is about the principal thing that the U.S. has to export to pay for the heavy amount of manufactured products plus the fantastic volume of oil coming in from the Middle East.

So it appears that food prices are going to stay up. The cost of food will have to bear a relationship to the costs incurred in producing it. An artificial freeze on food prices can only compound the bad situation because a price freeze does not produce more food, merely produces more shortages and an unfair situation where the rich and unscrupulous can secure it through a black market.

Bill Lance told the Lions Club last week that in 1947 he and his brother bought a new tractor after that harvest. It cost the equivalent of 400 bushels of wheat to pay for it. This year, a new tractor will cost around 3,000 bushels, maybe more. This gives some idea how the cost of things needed to produce food have risen in comparison to the price of food produced. The farm program that was cussed and discussed for the past 35 years or so was as much of a subsidy to the consumer as the farmer because the amount of tax money spent on "surplus commodities" and the food stamp program and school lunch program actually benefitted a lot of people other than farmers.

We believe that the production of food will have to take some sort of priority in this country. Farmers need to be encouraged to produce

more food, but you can't blame them for being suspicious of any program that asks them to produce more merely in order to drive the price down for consumers. They need to be assured that when they produce more, it will be worth more.

Agriculture and those involved in it have lost most of their political muscle with the shift in population from farm to city. Yet when food gets in short supply, the politicians are waked up by urban constituents and try to find out how to get on the good side of farmers.

We believe that agriculture has another future besides that of foodstuffs. Alcohol, produced from wheat, milo or corn, contains the same chemical elements found in petroleum products used in making plastics and other industrial products. The reason commercial alcohol made from grain hasn't found much of a market is because it is expensive, compared to cheap petroleum. With the nation using up petroleum at a fantastic rate and with the supply dwindling, it may be that the costs will become comparable sooner than we think, in which case there will be plants established in farming areas that will convert grain into alcohol and other products.

And this would assure the nation of a source of supply that can be produced year after year and not mined as a depletable resource. We are fortunate to live in a rich agricultural area, one that can grow almost anything. Right now, there is a worldwide shortage of soybeans, and the price has gone from \$2.50 per bushel to \$8.00 and signs are that it will get higher. At this price, Ochiltree county farmers might be encouraged to get into soybean production. There have been successful crops of soybeans grown here, but due to the less-than-expected yield, the low price at that time, and the difficulty in marketing soybeans, it didn't get much of a start. But at the present prices, surely some farmers will take another look.

Vegetable farming is another possibility, although thus far this kind of farming has been such a gamble, such a high cost of putting in a crop, that vegetables haven't caught on around here. Yet this is possible, and we venture to say that if the food situation continues, we may see crops of this nature.

We are in the midst of a gigantic feedlot development which is turning out thousands of head of cattle yearly. A swine

feeding industry could come very easily because of the same favorable factors of feedgrain production, climate, and location to markets as has boomed the cattle feeding industry.

Mrs. Delk's Brother Buried In Perryton

David Regier, long time Ochiltree County farmer and operator of the 8th Ave. Cleaners in Perryton passed away in St. Anthony's Hospital in Amarillo Saturday, June 23. Funeral services were held at the Full Gospel Church in Perryton, June 25. He is survived by his wife, of the home, Lena; and one son, Cecil and two grandchildren; four brothers Frank and George of Reddy, California, Jacob of Perryton, Henry of Springfield, Mo; two sisters, Mrs. Erwin Delk of Spearman and Mrs. Wayne Huff of Oklahoma City.

German Festival Set In Darrrouzett

THE DEUTCHES FEST (German Festival) will be July 7 in Darrrouzett. Activities begin at 11:00 on Main Street with a parade. At 11:30 a typical German Dinner will be served in the school gymnasium with tickets on sale at the door. Tickets sell for \$2.50 for adults and \$1.50 for children through eleven.

AFTERNOON ENTERTAINMENT:

Street entertainment-German Band
Trophies and prizes will be awarded in Polka Contest, Accordion contest, Moustache contest, domino tournament, and horseshoe contest. A antique farm machinery, including a threshing stone will be on display.

There will be an art exhibit and anyone wishing to display their arts and crafts should have it there in the morning. There will be an arts and crafts sale also.

A Kiddie Carnival for the children and a Beer Garden, Concession for all.

Bingo will be played all day at the American Legion Building.

EVENING ACTIVITIES:
A dance will be held on the tennis court at 9:00 featuring Gary and the Barons appearing at the Embens in Amarillo.

The Cowbells are giving away 50 pounds of FREE beef. A historical exhibit will be on display at the First National Bank.

HONORED GUESTS for the day is the John Darrrouzett family from Austin, Texas.

Visiting in the home of Mr. and Mrs. Eddie Gates last week was their foster daughter, Mr. and Mrs. Jerry Dawson and sons, Bryan and Rick from Parsons, Kansas.

Pre-Enrollment Dates Set At PSC

Three days have been set aside in July for pre-enrollment of students for the 1973 fall semester at Panhandle State College. These dates are July 6, 9, and 16. These dates have been established as the days that a beginning Freshman may come to the campus to enroll and get acquainted with some of the faculty and administration, and visit the facilities.

Please report to the registrar's office, room 101, Sewell-Loofbourrow (administration building) by 9:30 a.m. At the registrar's office you will file an application for admission, medical report form, application for housing if you are planning to live in college housing, and check to see whether you high school transcript and ACT test scores are on file. The registrar, Mr. Willard McDaniel, and his staff will be glad to assist you with the enrollment process, and will assign you to an advisor in order to fill out a schedule of classes for the fall semester.

There is a decided advantage in pre-enrolling, because you have a better choice of classes prior to the regular enrollment in the fall.

Upper-classmen who have been students at Panhandle State College, or college students who are transferring to Panhandle State College may enroll at Panhandle State College on the dates listed above. When you come to the campus to pre-enroll, report to the registrar's office for a permit to enroll and then go to your advisor for the completion of your trial study.

New transfer students will need to fill out an application for admission, medical report form, application for college housing if you plan to live in college housing, and have a copy of a transcript of previous college work sent to the registrar of Panhandle State College.

There will be two pre-enrollment dates for students to enroll in August. These are August 22 and 23. For those students who plan to enroll at Panhandle State College for the fall semester and who have not taken ACT test, it will be given at 8:00 a.m. on Saturday, August 25 in room 127 Hamilton Hall. The dormitories will be open

on Sunday, August 26, 1973. The regular enrollment at Panhandle State College for the 1973 fall semester will be on August 27 and 28 in the Student Union Ballroom. The Freshman Orientation Program is scheduled to begin at 9:00 a.m., August 27, in Hughes-Strong Auditorium. All freshmen are required to attend. Class work begins at 7:30 a.m., August 29, 1973.

Traffic Fatalities Estimated At 19

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents in Texas over the July 4th holiday will claim 19 lives. Speir said the toll should be less than that recorded on previous July 4th holidays

because this year's observance falls in mid-week. The official DPS count of fatalities will begin at 6 p.m. Tuesday, July 3, and run through midnight Wednesday, July 4, 1973. Speir said all available Department of Public Safety patrolmen will be on duty during the holiday period in an effort to reduce accidents. He said they would be especially watchful for hazardous traffic violations including speeding and driving while intoxicated.

In addition to stepped-up highway patrols, Speir said the DPS would conduct its special "Operation Motorcade" program in cooperation with local law enforcement agencies throughout the state. Fatal accident summaries will be released three times on July 4th to help focus public attention on the traffic situation. The DPS director urged

motorists to make the holiday safe by obeying all traffic laws, avoiding fatigue, and by not drinking if driving. He also noted that drivers can reduce the severity of accidents and conserve gasoline supplies by reducing their speed under maximum limits. Mr. and Mrs. Jimmy Hall and daughters, Sherri and April from Borger are in Spearman this week visiting with her parents, Mr. and Mrs. Aaron Love. The Halls have been painting and fixing the home of newlyweds, Mike and Diane McLain.

Mr. and Mrs. J. C. Langston and daughter, Renee, of Rockport, Texas visited his mother, Lera Langston this past week. They also visited two of his brothers, Frank of Fritch and Curtis of Skellytown.

EQUITY

HONOR AMERICA

Let us pause to remember with gratitude the Americans, both past and present, whose bravery, courage and dedication have kept our nation free. And by taking pride in our great American heritage... uniting individual efforts... our country can remain great and strong with a bright future for generations to come.

DPS Actively Recruiting Applicants

The Texas Department of Public Safety is actively recruiting applicants to fill the ranks of its uniformed services. Major C. W. Bell, Regional Commander of the DPS, announced that the training school for new uniformed law enforcement personnel will begin September 25, 1973.

The Major noted that the DPS has been increasingly successful in recruiting persons from minority groups to these positions and said efforts in this direction will continue.

Also in keeping with the current trend, female applicants will be considered for these rewarding careers in law enforcement.

Major Bell said general qualifications for DPS officers are these: applicants must be 20 through 35 years of age; height not less than 68 inches; weight not less than two pounds per inch of height; visual acuity of 20/40 correctable to 20/20; and a minimum of 45 semester hours of college credit.

Applications may be obtained by contacting a DPS employee or any DPS office. The completed application form should be taken to offices in Lubbock, Amarillo or Wichita Falls where the competitive examination is given each Tuesday and Wednesday at 9:00 A. M.

Major Bell said persons selected as cadets will be assigned to Austin for training at the DPS Academy. The salary during training will be \$625.00 per month. Upon being commissioned the salary is raised to \$719.00 monthly with the opportunity to advance to \$848.00 per month.

Uniformed personnel receive additional longevity pay for each five years of service to 25 years. They are also granted a monthly uniform cleaning allowance, and receive travel expenses when away from their station.

Uniforms, vehicles, weapons, ammunition and related equipment are furnished. Group life and hospitalization are paid for the employee and dependent coverage is available at reasonable rates. Officers participate in the Employees Retirement System of Texas as well as Social Security. Vacation, holidays, and sick leave are as provided for all State employees.

Successful graduates will be assigned to the Highway Patrol, License and Weight Service, Motor Vehicle Inspection Service, or Drivers License Service, according to the needs of the DPS and consideration of personal performance.

All officers are eligible to compete for promotions after two years of service. Experienced uniformed DPS personnel interested in criminal investigation may apply for appointment to positions in the Criminal Law Enforcement Division, which includes Narcotics, Intelligence, Motor Vehicle Theft and Texas Ranger services as vacancies occur.

Arrangements will be made for a physical examination. A character investigation will be conducted and those persons who are accepted for employment will be notified prior to the beginning of the September recruit school.

Eight Youth Attended Revival At Dalhart

Eight youth enjoyed a trip to Dalhart for a youth revival sponsored by the First Baptist Church of Dalhart, at Lake Rita Blanca.

Those attending enjoyed baseball, volleyball and a cookout before services conducted by Josef Solc from Czechoslovakia.

Those attending were: Mr. and Mrs. Mark Gilliland, the new youth director, Allen Uppergrove, Mark Cunningham, Jay McMullan, Micky Gates, Donna Boatwright, Johnette Lee, Pam Grayson, and Lori McAdams.
