Truman Calls For Quick Tax Hike

Five-Day Cold Storm Loosens Grip On Texas

By The Associated Press
The big cold storm slowly and grudgingly loosened its hold on Texas Friday. Temperatures began a gradual and reluctant rise. Travel lanes, free of new snow or sleet since Wednesday night, were opening. Farmers bundled up and looked at their fields—and usually didn't like what they saw.

It was bitter cold Friday morning throughout Texas, from 10 below zero at Amarillo in the Panhandle to a frosty 19 at Laredo on the Texas-Mexico border. But the readings weren't quite as low as predicted. The forecast was for rising temperatures throughout the day, another cold night, but not so cold as Thursday night, and a warmer Saturday.

Below-zero readings moved into East Texas early Friday. It was two below at Texarkana and Lufkin. Even Junction, in the South Texas Hill Country, had a frigid five below zero.

Paris in North Texas reported five below zero at the air station five miles east of town—the lowest reading there since 1930. The Southwest Bell Telephone Company boosted to \$1,600,000 its estimate of damage to phone facilities in the South Texas ice area. Bell said almost 1,000 extra repairmen now are trying to make repairs there. More than 1,200 long distance circuits still are out in South Texas, about 2,900 poles down and about 6,900 wire breaks to repair.

City buses at Houston were returning to schedules but airlines did not expect to resume normal service there until Saturday. Flights were running from two to ten hours late Friday. At 11 a. m. Friday Houston marked 100 consecutive hours of freezing temperatures—a new record.

Fort Worth also had a record low for February 2 when the thermometer dropped to eight above. Fort Worth hasn't had above-freezing weather since last Saturday night—also a record.

Roads were in good shape in the Panhandle Friday and few stock losses were reported. Hundreds of residents of the usually-warm gulf island city of Galveston still were without water. (Continued On Page 12)

Midlanders Start Thawing Process As Temperatures Rise

Midlanders began swapping topcoats for lighter garments mid-morning Friday as the temperature climbed steadily to 25 degrees at 10:30.

A low of zero was recorded by the CAA Communications Station at Midland Air Terminal around 7 a. m., and at 7:30 the mercury had risen to two above zero.

Beginning at 8:30, when the thermometer stood at five, the mercury

As the sunshine and rising mercury drew Midlanders away from stoves and topcoats, the groundhog slipped out of his winter hibernation den. Seeing his shadow, the little prophet returned to his hole—thus promising six weeks more of winter.

Jumped 10 degrees an hour until 10:30. Clear, sunny skies promised a continued rise in temperature.

As the thawing period began, the City Water Department reported an increase in the number of broken water lines but no extensive damage.

A water main at the intersection of Loraine and Dakota Streets burst early Friday. Water trickled to Main Street, where ice formed, causing a hazardous traffic condition.

A broken water line at 1810 West North Front Street was reported at 3:10 a. m. Friday, causing slight damage.

The U. S. Weather Bureau forecasts rising temperatures Friday afternoon, night and Saturday in West Texas, with the lowest temperatures between 8 and 18 degrees.

SHELL OFFICIALS VISIT—The Permian Basin Empire was the major topic of conversation as Bert L. Ryan, left, area manager for the Shell Oil Company, entertained H. L. Curtis of New York, center, assistant to H. S. M. Burns, Shell president, and head of the company's Public Relations Division, and Hugh F. Mulvaney of Houston, regional public relations representative, in his office here. The visit was Curtis' first to Midland. He and Mulvaney left Thursday for Houston after spending several days here.

Traffic Tieups In Switchmen's Strike Grow More Critical

By The Associated Press
Rail links between New York and the rest of the country were breaking apart Friday.

Elsewhere, the crisis caused by the switchmen's "sick call" strike was growing more critical.

With the nation's economy threatened, the government pressed to end the walkout.

Twenty-five major trains connecting New York with the West were cancelled.

Both the New York Central and the Pennsylvania shut off vital commuter service between New York and many suburbs.

Other cities had similar problems. Cincinnati, a union terminal official said, will be without passenger train service within 24 hours unless the strike ends. Normally, 111 passenger trains daily move in and out of Cincinnati.

An Army spokesman said only the Rock Island and Chicago Great Western roads were operating normally at Chicago. Others, he went on, were "hobbling along" with supervisors throwing the switches.

Partial Mail Embargo

A shutdown of eight Ford Motor Company plants because of parts and materials shortages resulting from the freight tie-up threw some 12,500 Ford employees out of work.

The government pressed to end the walkout. A federal court hearing was scheduled Friday afternoon in Chicago in one of the government's legal actions against the rail union and its officers.

President Truman was reported to be doing everything possible to get the strikers back to work. Two congressmen urged Truman to intercede.

As the strike grew, forcing additional layoff of thousands of workers in other industries, the government imposed a partial embargo on mail.

Mail, freight and express piled high as freight yards in many major cities remained idle. Embargoes earlier had been clamped on freight and express at many places. The "sick" walkouts of rail workers have spread to more than 42 railroads in 40 cities.

War shipments were halted and a tieup of fuel oil shipments threatened a shortage for many homes. Combat rations for the forces in Korea were tied up in Chicago's freight yards.

New Atomic Flash Visible 425 Miles

LAS VEGAS, NEV.—(P)—A new atomic test Friday rocked Las Vegas with the force of an earthquake.

Residents said it appeared to be the heaviest of four felt here in the last week as a result of experiments at a new government atomic range on the desert northwest of here.

"It was just like a quake," said one observer. "The building rocked and the concussion blew in swinging windows." The first damage here from any of the shocks was reported to police a few minutes after the blast. It was the shattering of a big window in a downtown department store.

It took the concussion six minutes to reach here, after a brilliant orange-yellow flash lit the northwestern skies, etching buildings in this gambling resort town and the mountains which ring it.

The flash was timed at 7:49 a. m. (GST). It was visible in a pale orange flash as far distant as Los Angeles, some 300 miles away.

Tests Come In Pairs

Since Saturday, the government has been testing atomic weapons of undisclosed nature at the new 5,000-square-mile range on the desert. The Atomic Energy Commission consistently has declined to comment except to confirm that tests have been held.

The tests have been made in pairs: a fairly light explosion Saturday, a heavy one Sunday; a fairly light one Thursday, a heavy one Friday.

All have occurred at about the (Continued On Page 12)

Area Meet Of Society For Crippled Children Slated Here Saturday

Representatives from throughout West Texas are expected in Midland Saturday for an all-day area meeting of the Texas Society for Crippled Children.

The meeting, which will be held in Hotel Scharbauer and is open to the public, is sponsored in cooperation with the Children's Service League of Midland.

The opening session will begin at 9 a. m. there will be a noon luncheon meeting and the closing session is scheduled at 2 p. m.

Particular emphasis during the meeting will be placed on problems surrounding the cerebral palsied children, with Miss Roberting St. James, Galveston, director of the Moody State School for Cerebral Palsied Children, as one of the principal speakers.

Mrs. Fred M. Cassidy of Midland, a director of the state society, will be chairman of the morning session. Speakers listed during the morning will include James L. Tenney, Austin, administrative assistant of the State Health Department's Crippled Children's Division; H. E. Robinson, Austin, director of special education; Mrs. John M. Hills, Midland, and Mrs. R. D. Drake, Midland.

Mrs. R. S. Dewey, president of the Children's Service League, will serve as chairman of the luncheon meeting.

The principal speaker will be Dr. Dorothy Wyvell, head of the pediatric section of the Midland Memorial Hospital staff.

Chairman of the afternoon session will be Martin M. Ricker, Dallas, executive secretary of the Texas Society.

Speakers at the afternoon session include Dr. Edward T. Driscoll, Midland; Miss St. James; and Mrs. Paul Zedler, San Marcos, director of the speech clinic at the Southwest State Teachers College.

One of the features of the morning session will be the presentation of a motion picture, "A Day In The Life of a Cerebral Palsied Child."

Clovis Air Base To Be Reopened

WASHINGTON—(P)—The Clovis, N. M., Air Base will be reopened as a single engine training base, Representative Dempsey (D-NM) said Friday.

He added in a statement Air Force officials told him the opening date is "very indefinite."

About 3,000 civilian and military personnel will be stationed at the base, Dempsey said.

Quadruplets Born To Policeman's Wife

BOSTON—(P)—Quadruplets—two boys and two girls—were born Friday to Mrs. Helen Allen, 31, wife of a Boston policeman.

The babies, all under five pounds, were born within 15 minutes of each other at Audubon Hospital. They were in good condition and were ordered transferred to the Children's Hospital.

Doctors said the mother, who has two other children, is in good condition.

Army To Call 80,000 Draftees During April

WASHINGTON—(P)—The Defense Department has asked that 80,000 men be drafted into the Army during April—the same number requested for each of the first three months of the year.

The Navy and Air Force are continuing to rely on volunteers.

Fort Worth Champ Sells For \$6,000

FORT WORTH—(P)—Meadow Gold, grand champion steer of the 1951 Southwestern Exposition and Fat Stock Show, sold for \$6,000 Friday to the Amon G. Carter Foundation, equaling the show record.

The grand champion, an Angus, weighed 1,115 pounds and was owned by C. E. Yoder and Son of Muscatine, Iowa. The steer will be given to the Lena Pope Home for Children.

UN Allies Again Go Forward

TOKYO—(P)—Tank-led Allied assault forces advanced through thick fog Friday night to points north of Anyang, which is only eight and one-half miles south of Red-held Seoul.

Two to two and one-half miles south of Anyang, however, two companies of Chinese Communists (possibly 400 men) counter-attacked at 10 p. m. and still were fighting at midnight.

No details were available on this relatively small Red effort to check the United Nations drive, which has gained about 20 miles since it began January 25. Enemy opposition has been slackening daily.

Advance patrols of the Allies have been reported only seven miles from Seoul.

Heavier forces were moving up cautiously, wary against flank attacks which are the favorite Red tactics.

6,650 Enemy Dead

An Eighth Army spokesman estimated that 6,650 Chinese and North Korean Communists had been killed by ground action between January 25 and 31. Air reports listed casualties for that period at 1,442, but some may be duplications.

Even so, there was a difference of military opinion as to whether the Allies have cracked the main enemy defenses, despite notable losses in manpower and shrinking morale among the Reds.

In Washington, there were reports that high officials have decided UN troops should stop at Parallels 38, presumably pending further efforts toward political settlement of the conflict.

An Eight Army spokesman declined to confirm or deny the Washington report.

Chopped up are the Chinese 50th and 38th armies. Resistance has slackened even though the Communist 39th and 40th armies are in immediate reserve, Allied commanders said.

Reliable sources said the (Continued On Page 12)

Second Big Boost To Be Sought Later

WASHINGTON—(P)—President Truman Friday asked Congress for a quick \$10,000,000,000 tax increase and said he will ask still another increase later.

In a message to the legislators, Truman set out this program for raising the \$10,000,000,000:

1. A \$4,000,000,000 increase in individual income taxes, already scheduled to yield a record \$26,000,000,000 in the fiscal year starting July 1.
2. A \$3,000,000,000 increase in corporation income taxes. These, with excess profits taxes included, are scheduled to hit a record \$20,000,000,000 next year.
3. A \$3,000,000,000 increase in excise (sales) taxes—to be "concentrated upon less essential consumer goods." These taxes are estimated to yield \$8,222,000,000 next year, under present tax laws.

The schedule outlined would mean a total tax take of \$64,200,000,000. This is almost a third more than the record collections of World War II, when the take reached \$43,000,000,000 in 1945.

The understanding among Congress members is that the further increase Truman is to request later would raise government revenues to more than \$71,000,000,000.

The President left details of how the proposed \$10,000,000,000 increase is to be made for explanation by Secretary of the Treasury Snyder.

Snyder will go into this at public hearings to be opened Monday.

Truman did give one detail. He said the present \$600 exemption should be retained.

Word in informed quarters was that Snyder will ask that normal corporate income tax rates be raised to 55 per cent from the present 47 per cent top.

Pay-As-You-Go Basis

The President did not specify any rate increase Friday.

Four Negroes, One White Man Die In Mass Electrocution

RICHMOND, VA.—(P)—Four of seven Martinsville negroes, denied an eleventh hour stay by a U. S. Circuit Court, were electrocuted Friday in the old state penitentiary here for the rape of a white woman. Three others are to die Monday.

They paid with their lives for the brutal mass assault on Mrs. Ruby Stroud Floyd two years ago in a "shanty town" section of Martinsville. The electrocution of the four required, exactly one hour.

First of the negroes to die was Joe Henry Hampton, 22, who was strapped in the chair at 8:05 a. m. and pronounced dead seven minutes later. Then at 15-minute intervals, Howard Lee Hairston, 21, Booker T. Millner, 22, and Frank Hairston, Jr., 21, were executed. The last was pronounced dead at 9:05 a. m.

Three Others Doomed

Executed with the negroes and the first to die was George Thomas Halley, a 27-year-old Halifax County white man, sentenced for murder in the rape slaying of Marian Lloyd, a 14-year-old school girl.

The other three Martinsville men to die Monday are Francis DeSales Grayson, 40; John Clabon Taylor, 24, and James Hairston, 23.

The men went quietly to the chair, comforted by spiritual advisers, unaware of the frantic last minute efforts to save their lives.

Frank Hairston, the last to be electrocuted, was the forty-ninth negro to die in the same electric chair for rape since 1908, when the chair was installed.

A separate panel of 12 witnesses saw each man die from the white man, Halley, to the second Hairston—the largest mass execution in Virginia prison records.

Warren Named On Study Committee

WASHINGTON—(P)—The National Petroleum Council Friday appointed a committee to study the financing and materials the oil industry would need to increase production of petroleum products by 1,000,000 barrels a day. Members included J. Ed Warren of Midland, Texas, Jake L. Hammond of Dallas and L. F. McCollum of Houston.

Secretary of the Interior Chapman asked for such information as preparation for a possible emergency increase in the military and civilian demand for oil, gasoline and other fuels.

Council Chairman Walter S. Halahan appointed Robert E. Wilson of Chicago, chairman of the board of Standard Oil Company (Indiana), chairman of the new committee.

American AA Group Arrives In England

SOUTHAMPTON, ENGLAND—(P)—The U. S. troop transport C. H. Muir docked Friday with 820 members of the 16th Anti-Aircraft Artillery Group from Fort Bliss, Texas, and Fort Meade, Md. The men are believed to be only the advance contingent of some 3,000 American anti-aircraft gunners slated for training here this year.

McCarthy Pays Record \$17,800 For Champ Steer

HOUSTON—(P)—Oil Man Glenn McCarthy Friday paid a record \$17,800 for the grand champion steer of the Houston Fat Stock Show.

The 820-pound Hereford was exhibited by Louis Reyes, 15-year-old H clubber from San Antonio.

The previous record price for the Houston show was \$15,400, paid last year by McCarthy.

Houston stock show officials said McCarthy's grand champion purchase Friday and last year set new world's records for bids submitted by individuals for a single steer at stock show auctions.

Two Prisoners Break Out Of Stanton Jail

STANTON—(P)—Two prisoners escaped Thursday night from the Martin County jail here.

The sheriff's office here reported the two, the only ones in the jail, were discovered missing Friday morning.

Descriptions of the pair were broadcast.

Their means of escape was not determined immediately.

Howard Accepts Prison Sentence In Negro's Slaying

BELTON, TEXAS—(P)—Wash Howard, Jr., former University of Houston student, Friday was sentenced to the state penitentiary for two to five years here in the slaying of Carter Boyd, Houston negro yardman.

District Judge Wesley Dipe overruled Howard's motion for a new trial.

Howard told Dipe he would accept the sentence and not file notice of appeal.

There were 51,000 casualties at Gettysburg, many of them killed and buried hastily or not at all.

Accordingly, they chose Edward Everett, of Boston, distinguished cultural figure, for the sacred and delicate duties of orator of the day.

It was decided to dedicate the National Soldiers' Cemetery at Gettysburg, Nov. 19, 1863. Selection of a speaker presented a problem. The committee agreed that President Lincoln was lacking in intellectual distinction and oratorical polish.

Governor Curtin of Pennsylvania set aside 17 acres on Cemetery Hill, where the honored dead could lie decently buried, state by state.

Presbyterians Approve Budget; Elect Officers

A 1951-52 budget totaling \$64,565 was approved by members of the First Presbyterian Church at a congregational meeting held Thursday night in the church's Fellowship Hall. The church's 1950-51 budget totaled \$59,945. The proposed budget was presented by Harry Gossett, chairman of the Budget Committee. Dr. R. Matthew Lynn, pastor, presided at the meeting, which followed a family-night supper attended by 172 persons. H. L. McClintic and R. L. Miller were named trustees of the church. Exiled Yugoslav King Offers Division For U. S. Foreign Legion

WASHINGTON —(AP)—Exiled King Peter of Yugoslavia has offered to supply "at least one division" for a United States "foreign legion" in Europe. The offer was received by Senator Edwin C. Johnson (D-Colo.), who has proposed the U. S. Army recruit 1,000,000 foreign anti-Communists for service in the North Atlantic defense force. Johnson made the offer in a letter to the public Friday. He said: "I intended to contact General (Dwight D.) Eisenhower's local headquarters with an identical plan when The Associated Press reported you were introducing legislation about an 'Atlantic Pact' foreign legion. At least one division. "I am most anxious to place all available data at your disposal. As you probably know, my chancellery keeps track of enough able-bodied anti-Communist Yugoslav fighting men outside the Iron Curtain for manning at least one division. "Do let me know if I should supply you with a detailed breakdown of draftable men in England, France, Italy, Austria and Germany—or if you require other data unavailable through other channels." The letter, sent from Paris, was signed "Peter II, King of Yugoslavia." Johnson said he was "gratified" by the offer and would answer the letter later. Johnson suggested organization of a foreign legion by the U. S. "would make it unnecessary to draft either 18-year-olds or young fathers."

'Picture Of Month' On Display At Bank

The First National Bank's "Picture of the Month" for February, "The Doctor's House," by Henrie Eugene Le Sidaner, French impressionist, is on display in the banking room of the financial institution. The painting was exhibited in the Carnegie International Exhibit in Pittsburgh in 1938, and recently was acquired from the famed Walter P. Chrysler collection. It is a superb example of the French impressionist tradition. The artist was born at Ile Maurice in 1862, and gained prominence in the 1900 Paris Exhibition Salons and in Munich and Pittsburgh. He was made an officer of Legion d' Honneur in 1914, and in 1930 was elected to the Academy des Beaux-Arts, Paris. He previously had been elected to the Royal Academy of Belgium. Le Sidaner died in Paris in 1939. His works have been acquired by many of the world's most famous galleries and museums.

Navy Club To Show Nazi Secret Weapon

One of Hitler's secret weapons—a two-man midjet submarine—is coming to Midland. The Navy Club of the U. S. A. will have the submarine on exhibit at Wall and Loraine Streets Saturday and Sunday between 10 a.m. and 10 p.m. There is no admission charge, although contributions will be accepted to help carry on the organization's welfare and rehabilitation program. The midjet submarine was known in Germany as the "Seehund" and was one of the secret weapons the Nazis developed in their futile effort to conquer the world. The Seehund is 39 feet long, weighs 21 tons and carries two torpedoes, each 22 feet long. The submarine had a speed of eight knots on the surface and four knots submerged. The exhibit is being toured nationally by the Navy Club, a veterans' organization incorporated by an act of Congress.

Leviness, Assessed Life Sentence For Murder, To Appeal

ANAHUAC, TEXAS —(AP)— Alex Leviness, 32, asked a new trial after receiving a life sentence in the 1948 slaying of Mrs. Eloise Twitchell, Beaumont housewife. A Chambers County jury Thursday returned the verdict after 19 hours deliberation. It was the Orange man's second trial. He and Darius Golemon of Hempstead received death sentences in a joint trial in 1948. The Court of Criminal Appeals later ordered a new trial. Golemon is to be tried April 10. Mrs. Twitchell's body was found near Kountze on Oct. 4, 1948, six days after she had disappeared from Beaumont.

Inadequate Blood Circulation May Cause Painful Cramps At Night

By EDWIN P. JORDAN, M. D.
Written for NEA Service
Anything that disturbs the sleep is perhaps even more annoying than the troubles which come in the daytime. One of the most common of these is described in the first letter published today.
Q—What is wrong with my husband? He gets awful pains in his knees and the calves of his legs which wake him in the night. He has to get up and walk the floor and is most miserable.
A—This unpleasant condition seems to be quite common. The cramps probably are caused by inadequate local circulation of blood and perhaps they are more common at night than in the day because the muscular action of walking around helps the circulation.
At any rate they often are relieved by getting up and walking or even by stretching in bed. When such cramps are bad, it may be wise to study the local circulation by taking X-rays and perhaps performing other tests. The treatment depends on what is found from such examination.
Q—Please describe spinal anesthesia and the results afterward.
A—The purpose of spinal anesthesia is to eliminate the sensation of pain in the lower part of the body so that operations can be performed on these regions. It is accomplished by injecting into the spinal canal some substance which temporarily deadens the nerves supplying the lower part of the body.
This procedure is carried out thousands of times every year with great success. After a while the anesthetic wears off and unpleasant after-effects from it are exceedingly rare.
Q—Is there any way to build up the blood sugar? My doctor says that mine is low.
A—There are some people who apparently use up their blood sugar rather rapidly so that it is lower than normal. Some of them become quite fatigued and lack pep at those times when the sugar is low. If the condition has been studied, so that one can be sure that a disease is not at fault, it often is possible to

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unattractive weight and helping to bring back alluring curves and graceful slenderness. Just get your drug store, four ounces of liquid Borax, and enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without sick breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Those attending the meeting were Mrs. Floyd Bales, Mrs. Bert Goodman, Mrs. C. C. Hazel, Mrs. L. C. Stephenson, Mrs. John Hughes, Mrs. Dewey Pope, Mrs. Phillip King, Mrs. R. L. Cline, Mrs. John Luccous and Mrs. H. B. McNeil.

Study Group Has Open Forum Meet

An open forum was held at the West Elementary Pre-School Study Group meeting Thursday in the teachers' lounge.

The next meeting will be held February 15 and "Profanity" will be discussed.

Those attending the meeting were Mrs. Thurman Jones, Mrs. R. C. Baker, Mrs. J. B. Bain, Mrs. Marshall Bagwell and Mrs. Charles Mathews.

Fullerton Club Has Tailoring Course

ANDREWS—The Fullerton Home Demonstration Club continued its tailoring course at an all-day meeting recently in the home of Mrs. H. B. Graves. Hattie G. Owens, home demonstration agent, met with the group.

Those attending were Mrs. C. F. Kirkpatrick, Mrs. Dick Pruett, Mrs. E. G. Stephenson, Mrs. J. F. Stephenson, Mrs. H. C. Taylor, Mrs. L. L. Shartie, Mrs. J. B. Millsap, Sr., Mrs. Percy Morrison, Mrs. Floyd Carter, Mrs. Buck Eppler and Mrs. Elmo McDougal.

Grocers Warned Not To Hike Meat Prices

HOUSTON.—P.—Meat prices, except chickens and turkeys, are frozen, grocers were warned.

Charles H. Wimerich, Jr., Houston District price stabilization acting director, Thursday said grocers had reported being told by wholesalers the January 26 freeze order permits them to increase the price to retailers in proportion to cost.

That is not true, Wimerich said. Poultry, fresh fish, seafoods and game are, the only meats not included in the price freeze.

'I'll Be OK,' Says Quadruple Amputee

OAKLAND, CALIF.—"It will take time, but I'll be OK," said a thin, quiet Texan—a quadruple amputee from the Korean front.

Marine Cpl. Werner Reininger, 21, of San Antonio lost his right leg above the knee, the left leg below the knee and all ten fingers.

Here in the Oakland Naval Hospital Thursday he was neither bitter nor optimistic.

"It depends on how it all turns out," he said. "I have a future. It will take time but I'll be OK."

Scouts Set Up Training Course

A training course for women who are interested in the Girl Scout organization will be initiated from 9 to 11 a.m. Monday in the Girl Scout Little House.

The 12-hour group leadership course will be conducted by Mrs. W. P. Crosby, volunteer trainer and training chairman of the Scout association.

Information given in this course includes troop organization and government, record keeping, how to take the troop out-of-doors, the fundamental aims and philosophy of the Scout organization and the program carried on in Brownie and Intermediate troops.

Girls from seven years old through high school age are eligible to enroll in the Girl Scout program. All women are welcome to attend the sessions whether they are interested in becoming leaders or not.

The dates of the two-hour meetings are February 12, 14, 16, 19, 21 and 23. Further information can be obtained by calling the office at 4183.

Auxiliary Plans Valentine Dinner

Mrs. Ed Zantow, president, presided over the meeting of the Postal Clerks Auxiliary Thursday night in the home of Mrs. Charles Campanella.

Plans were made for a Valentine dinner and game party to honor the husbands and new members. Mrs. Carl Hyde, chaplain, read the club collect. Mrs. B. B. Seawright reported on new members.

The next meeting will be held March 1 in the home of Mrs. Wayne Campbell, 201 Circle Drive.

Youth Fellowship To Have Dinner

In observance of Shrove Tuesday, the Youth Fellowship of the Trinity Episcopal Church will give a spaghetti dinner Tuesday in the parish house. The dinner, planned for 6 p.m., is open to all those desiring to attend.

Tickets are \$1 per person and may be purchased at the door or from any member of the fellowship. Further information may be obtained by calling Emily Hamilton at 46.

Youth Rally Is Postponed

The World Fellowship Meeting of District 4 of Christian Churches, scheduled to be held Friday and Saturday in the First Christian Church, has been postponed until March 9 and 10, the Rev. Clyde Lindsley, pastor, announced.

Picture of the Month at The First National Bank

"THE DOCTOR'S HOUSE"
By Henri Eugene Le Sidaner

Henri Eugene Le Sidaner, French impressionist, was born at Ile Maurice in 1862. In 1900, he was a laureate of the Paris Exposition Salons and won distinction at Munich and Pittsburgh. He was made an officer of the Legion d'Honneur in 1914. A member of the Royal Academy of Belgium, he was elected to the Academy des Beaux-Arts, Paris, in 1930. He died in Paris in 1939.

His paintings have been acquired by famous galleries and museums the world over.

He exhibited with French artists in the National Society of French Arts and the Salon of the Twileries. In 1891, he received a medal in the Bourse de Voyage, and in 1900 was awarded a medal in the Paris Salon Exhibition. One of his paintings was the first place winner in the Carnegie International in Pittsburgh in 1925.

The Picture of the Month for February was exhibited in Pittsburgh in 1938, and recently was acquired from the Walter P. Chrysler Collection.

Midland Tractor Company Serves Farmers, Ranchers

The Midland Tractor Company, ever-alert to take care of its customers' needs, has stocked a plentiful supply of repair parts, supplies and accessories for tractors, trucks and implements in anticipation of requirements.

In addition, the Midland Tractor Company has a repair shop staffed with experts.

Authorized agent for Ford tractors and Dearborn farm equipment, the concern has been serving Midland and area more than 10 years.

The repair department, which is staffed with highly-trained mechanics for special tractor and implement repair work, is equipped to take care of any job in this line with the least possible delay.

R. J. Lindsey is manager of the Midland Tractor Company.

Irrigation Pumps Stocked
Layne-Bowler irrigation pumps, Berkeley water systems and Kelly-Springfield tires for tractors, truck and automobiles are other items handled by the firm.

MacMillan motor oils are handled. The telephone number is 1688 and you are invited to call for free estimates on repair work as well as to get a comparison of prices on tires and parts.

The management suggests that you try the Midland Tractor Company's repair department which operates on the principle of providing the speediest service possible without sacrificing efficiency. It is their belief that it means a saving to the operator to get his machinery back into operation as quickly as possible.

EQUIPPED TO SERVE—The Midland Tractor Company, 301 South Baird Street, authorized dealer for Ford tractors and Dearborn farm equipment, is prepared to take care of farmers' and ranchers' Spring needs. In addition, the concern carries a large stock of supplies and accessories and operates a first-rate repair shop.

Plamor Lanes, Coffee Cup Offer Recreation, Fine Foods

Home-made pies and other fine foods are as close as the Coffee Cup, 111 North Weatherford Street. The restaurant's excellent foods and superb service have made it one of the favorite eating establishments in Midland, and it is open from 6 a.m. to midnight.

If it is a sandwich or snack you desire, then the Coffee Cup also is able to satisfy your needs.

The Coffee Cup is owned by Al Boring, who also is the owner of the Plamor Lanes, in the same building. The Plamor Lanes is one of the finest bowling alleys in West Texas.

The restaurant is a convenience to bowlers who desire a snack or refreshments, but non-bowlers always are welcome at the Coffee Cup.

The Plamor is equipped with 12 Brunswick alleys, four of which are devoted to open play, making it possible to take care of non-league players during all hours the establishment is open.

Finest Equipment
Other equipment includes 12 semi-automatic pinsetting machines, 12 electric-eye fouling devices and two shuffleboards.

Restrooms and lockers are other facilities for the bowlers' convenience.

West Texas Office Supply Has Served Area 23 Years

West Texas Office Supply, the complete office outfitter, has been serving West Texas the last 23 years, having grown from a small concern employing three persons to its present size, employing 32 persons.

Co-owners are C. W. Chancellor and C. W. Chancellor, Jr., who point with pride to the part West Texas Office Supply has had in the growth of this area.

James Turner is store and sales manager and Vic Chancellor is manager of the purchasing department. Ray Hanway is the manager of the Odessa store.

Among the complete lines handled are equipment for draftsmen, surveyors, petroleum engineers, civil engineers and others. Eugene Dietzgen, Charles Bruning, E&E and Frederic Post are among the leading designers of equipment featured by the West Texas Office Supply, in addition to drafting tables by Hamilton.

General fireproof steel office furniture also is stocked by the concern.

Royal typewriters, Clary adding machines, Swift portable adding machines, Wolber duplicators, Speed-O-Print mimeograph machines, Mosler safes, calculators, dictaphones, check writers and duplicators are other items among the long list carried by the company.

The manager of the printing department is Edward Sperl. Wade R. Ingraham is manager of the machine department.

All prices in the furniture department are factory list prices or less, according to Chancellor. Office furniture is in steel or oak and walnut.

The printing department is staffed by experts and specializes in printing for the oil industry.

Blank forms, oil and gas leases, assignments, proof of possession, mineral leases, affidavits and more than 100 different blank forms are obtainable at West Texas Office Supply.

Repair of any make or model office machine is done by factory-trained experts. A full guarantee of correct and accurate operation of repaired office machines is given.

Crickets Bring In Cash For Carolinian

SIMPSONVILLE, S. C. —(P)—A cricket on the hearth symbolizes good luck to some people, but to Ted Green the crickets in his breeding box are just like money in the bank. Green raises the yellow, wingless variety to retail for \$1.50 per hundred as fish bait.

Principal expense in cricket culture is heating the box to 80 or 90 degrees all the time. This is accomplished by a continuously-burning electric light. If the temperature drops, the crickets start looking for a place to hibernate. As long as they're warm, they keep turning out off-springs in two-week cycles.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Shadow From The Sun

Old Man Winter has brought the snow and ice and the cold north wind and icicles too to all the land about us. He plays a game of come and go, freeze and thaw, freeze and thaw, until we wish for the Spring again—Spring with its gentle morning of soft sounds like the drip of a warm rain outside our bedroom window—when the earth and all in-

side it seems to stir with life again of green things waking at last. You are, I guess, and so are our friends in the Great Forest. Yes, and today is the day when people

tell a story of a little animal who lives in the ground. All Winter long he has slept in his den. Today is the day when he peeps out at last to see what he can see.

If the clouds are in the sky to hide the sun, then there are no shadows on the ground. Why, if that little fellow fresh out of his den should happen to see a shadow today—Bing-o and Presto-o! Back he will scurry in the ground again, fright-

ened half out of skin. And then the Winter will return for six more weeks, people say, play-like.

The Huffen Puffen, the friendly wolf, thought it was true, and he wasn't wanting the little animal to see any shadows today. Yes, and so last night he decided to do something about it. He was going to be sure that Winter went away to stay. Why, there came the Huffen with a big, big stick in his hand. Daddy Ringtail watched to see what the Huffen would do. It would be a silly something, of course, for the Huffen was going to be sure that the certain little animal from the ground never would see the shadow. The Huffen was going to stand by the dog with the stick in his hand, and when the certain little somebody popped his head out at last: "Kervop!" Not a single shadow would he see, not when the Huffen had finished.

Well, the Huffen didn't do this dreadful thing. Daddy Ringtail didn't let him, and I'd rather have a few more weeks of Winter than to have anyone hurt, wouldn't you? Happy day!

Manitoba Speaks With Authority

THE PAS, MANITOBA — (P) — Few persons in Northern Manitoba have more faith in its future than Dick Davidson, pioneer farmer, fur trader and merchant. He lives in Wabowden, a thriving little town 137 miles northeast of The Pas on the Hudson Bay Railway to Churchill.

He speaks with authority on its fish, fur and mineral wealth but it is Northern Manitoba's agricultural possibilities that fire his enthusiasm.

It is his hope the heavy stand of pine, spruce and tamarack hugging the railway right-of-way mile after mile, from The Pas to far north of Wabowden, some day will be pushed back far enough to allow space for farms.

Mexicans Assist Guards On Border
WASHINGTON, D. C. —(AP)— Mexico is cooperating with the U. S. in efforts to suppress the citrus blackfly and to protect citrus areas north of the border, the U. S. Department of Agriculture announces.
Travelers have been known to carry infested leaves north from danger spots to Northeastern and Northwestern Mexico and in the area just south of the Arizona border. Inspectors stop travelers at bus stations, tourist courts and restaurants to inspect plants being carried north for evidences of the destructive pest.

NELSON DESCENDANT DIES
SINGAPORE —(AP)— Wing Commander Henry E. R. Nelson, great grand nephew of Admiral Lord Nelson, has died in Singapore at the age of 51. One of the most popular RAF officers in Singapore, Wing Commander Nelson joined the RAF in 1931. During the Battle of Britain he flew Sunderland for the combined weight of five elephants.

Camel Meets Jet, Explosion Results
WITH THE FIRST MARINE DIVISION IN KOREA —(AP)— Flying his Grumman Panther along a Communist supply road in search of enemy supply vehicles, First Lieutenant Weldon Mitchell, of Laguna Beach, Calif., came across a camel loaded down with ammunition boxes.
He wheeled his plane around for a second look, then let go with a short burst from the jet's guns. When the dust settled, there wasn't enough left of the beast to make a camel's hair brush. The camel literally exploded with the ammunition on its back.
Weight of a single large blue whale is said to be more than the combined weight of five elephants.

PRAYER and REFLECTION

If you have ever had the idea that prayer was like Aladdin's magic lamp, then the chances are you have stopped praying. When we confuse faith with fortune we are soon disillusioned.

Real prayer always leads to reflection. When we lay our honest needs before God humbly, we cannot help but see our lives in a different light. Often we will comprehend truths which had eluded us, will become aware of a strength we didn't know we had. Gradually a way opens, a plan forms, a new confidence is born.

That isn't the whole story of prayer. But, it's the way God answers many a prayer.

If you really have stopped praying, and yet you believe such a spiritual resource is worth cultivating, try prayer again! And try the Church again! For the Church helps men both to pray and to reflect.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Abundant Living

By E. STANLEY JONES

In reading the Word each morning let us take these steps:

1. Relax. You are receptive only when you are relaxed. Nothing is connected with daily cultivation. When helping another get that person to enroll in the School of the Word. On board ship I saw two men begin the day in different ways: One, a businessman, came down early, eagerly picked up the newsheet and turned at once to the stock-market report. His face lit up as he fell with the market. His happiness was dependent on happenings, so it went up and down. Another man leaned over the rail each morning reading the Word, and then he looked out over the open sea in meditation. His face wore calm and peace and strength. His happiness was dependent on eternal relationships, not subject to temporal happenings.

Daily Newspapers Have Record Year

NEW YORK —(AP)—Daily newspapers in the United States had "another record year" in 1950, Editor and Publisher reported Thursday night.

The report was based on findings in a national and Canadian survey and was printed in the thirty-first edition of the Editor and Publisher International Year Book.

"Total circulations," Editor and Publisher said of 1950, "went to a new high, with the year recording the largest postwar increase since 1946."

"Total advertising lineage set another new record, putting newspapers ahead as the number one advertising medium for the second year in a row."

Dropped Pistol Kills Three-Year-Old Child

HOUSTON —(AP)—A three-year-old girl was killed Thursday when a .45 caliber pistol fell from her father's coat pocket and fired accidentally.

The child was Dorothy Bea Clark, daughter of Mr. and Mrs. James Clark, who live near Conroe.

Mrs. Clark said her husband carried the pistol when he traveled.

Shortage Of Coal Threatens British Rearmament Plan

LONDON —(AP)—Britons yelled "crisis" Friday. But they were thinking about coal—not war.

A worsening coal shortage—500,000 tons more are being burned than are being dug each week—threatens an industrial breakdown that would undermine Britain's rearmament program. Many fear a recurrence of the coal crisis which in the winter of 1946-47 closed factories and threw almost 3,000,000 men out of work.

Trying to stretch fast dwindling coal stocks, the Socialist government ordered a 15 per cent cut in coal deliveries to industry—including defense plants and key export factories.

The government, which runs the nationalized mines, also boosted the price of coal by five per cent and warned some power plants they may have to shut down unless they get more coal soon. Earlier, the government had cancelled 2,500 train services of the nationalized railways.

In the House of Commons Thursday night the Labor government, by a vote of 300 to 289, squeezed by Conservative Party charges it had bungled Britain into a critical fuel shortage.

But though Prime Minister Attlee's government rode out the Tory motion of censure, disclosures in Parliament of the nation's coal plight brought editorial howls of indignation in the nation's press.

Lime Section Found In C-E Hockley Test

George P. Livermore, Inc. No. 1 Wells-Haskell, Central-East Hockley County wildcat, three and one-half miles northeast of the Ropes-Pennsylvanian field, and five miles southeast of the town of Smyer entered its first Pennsylvanian lime at 9,960 feet, which gives it a datum of minus 6,005 feet on that marker.

The prospector, which is located 510 feet from south and west lines of labor 13, league 3, Jones County (School) Land survey was making hole below 10,940 feet in the lime. No shows of oil or gas had been reported since the formation had been entered.

Informed sources reveal that the Livermore project is approximately 650 feet low on the top of the lime to the top of the first Pennsylvanian lime in the Ropes field discovery well.

The Ropes field gets its oil from the Cisco-Canyon section and the lime. The lime which has been encountered in the No. 1 Wells-Haskell is said to be of Strawn age, the upper limes having apparently been missing.

Texas Wins Right To Retain Millions In Tideland Cash

AUSTIN —(AP)—Texas has won the latest round in the Tideland dispute, Attorney General Price Daniel announced Friday.

Texas will not have to account for \$8,297,707 in Tideland revenue received before the Supreme Court ruled ownership lay with the federal government, he said.

"The federal attorneys have changed their minds about filing a motion for rehearing on that part of the judgment which was favorable to Texas," Daniel said.

"The balance of the decree, which was unfavorable to Texas, will be changed by an act of Congress restoring the Tideland to Texas if we continue our determined and united efforts in this direction," the attorney general said.

U. S. Invites Japan To Join In Defenses Against Communism

TOKYO —(AP)—The United States Friday invited Japan to join a collective defense agreement based on American power after a peace treaty is signed.

Ambassador-at-large John Foster Dulles made the offer in a careful and official speech before the American-Japan Society. Top government and business leaders were among several hundred persons present.

Dulles said Japan could decide for itself. But he warned Japan must choose between joining the United States or inviting Communist aggression.

Fork, Fusselman and Simpson formations.

The prospector was drillstem tested for one and one-half hours in the Ellenburger. Recovery was 900 feet of salt water. The Ellenburger was topped at 11,110 feet, elevation 3,236 feet.

The test was taken from 11,110-130 feet.

A drillstem test in the Clear Fork from 7,880 to 8,080 feet developed 1,370 feet of heavily oil and gas-cut mud.

When the Fusselman was being drilled a test from 9,930 to 10,042 feet. Recovery was 1,410-foot water blanket heavily gas cut and slightly oil cut and 900 feet of heavily gas and slightly oil cut drilling mud.

Location is at the center of the Southwest quarter of the northwest quarter of section 38, block 45, T&P survey, T-1-S.

Failure Abandoned In NW Tom Green

Mrs. C. C. Daniel and associates of San Angelo have plugged and abandoned their No. 1 Ohio-Wedell, Northwest Tom Green County wildcat, on total depth of 1,460 feet.

The failure was located 330 feet from north and east lines of section 50, block 5, H&T survey and one and one-half miles north of the depleted Punk field and seven miles southwest of Water Valley.

Midland Cagers End Losing Streak; Take Stanton Buffs 45-36

ODESSA—The Midland Bulldogs found a team they could best here Friday morning in the Odessa Invitational Basketball Tournament and whacked the Stanton Buffs 45-36.

The win broke a Midland losing skid that had extended through 14 straight games. Stanton came into the tourney with 15 wins and no defeats, but fell to Big Spring Thursday and then to Midland.

The Midland-Stanton game was a first round consolation affair.

Little Bob Burks meshed 22 points to lead Midland's attack. His sterling performance gave him a total of 39 points scored in two games played in the meet. Reed Gilmore scored eight for Midland, Roy Kinsley six, Buddy Johnson three, and Robert Keisling, Dale Sule and Norman Drake two each.

Kenneth Henson topped Stanton with nine. Other Buff scorers were LeRoy Gibson eight, James Tunnell eight, Earl Koonce six and Bobby McClain five.

Midland led at the end of the first quarter 9-6 and at halftime 18-17. But Stanton tied the score at 21-all at the end of three quarters, forcing Midland to rally for the win.

Midland now will play the winner of the Crane-Kermit tilt at 9:30 a.m. Saturday. Kermit and Crane were scheduled to meet at 2 p.m. Friday. Stanton is eliminated from the tourney.

Midland Tex-Harvey Gets New Location

Tex-Harvey Oil Company has staked location for an 8,000-foot test in the Tex-Harvey field of Central-East Midland County.

It is No. 4-10 Mrs. B. W. Floyd, et al. and is located 660 feet from north and east lines of southwest quarter of section 10, block 37, T-3-S, T&P survey.

Drillsite is 18 miles southeast of Midland.

Rigging tools will be moved in and drilling will begin immediately.

Extender Indicated In W-C Stonewall

Edward C. Lawson No. 1 J. D. Patterson has indicated as a one-half mile west extension to the Carlisle field six miles north of Peacock and in West-Central Stonewall County.

Recovery on a two hour test over the interval at 5,060-80 feet was 640 feet of oil. Gas appeared at the surface in an hour and 15 minutes. There was a strong blow throughout.

Shutin pressure in 20 minutes was 1,820 pounds. Flowing pressure was 175 pounds.

Geologists reported the extender was 20 feet high to the Carlisle producers.

Location is 467 feet from north and east lines of the southeast quarter of section 320, block D, H&T survey.

Fred Asher Dies; Rites Held Friday

Funeral services for Fred Calvin Asher, 50, of Snyder were to be held at 3 p.m. Friday in the Newnie W. Ellis Chapel. Interment was to be in Fairview Cemetery.

The Rev. Luther Kirk, pastor of the First Methodist Church, was to officiate at the services.

Asher died Thursday at his home in the Sun Oil Camp at Snyder. The Ashers had lived in Snyder four months.

Survivors include the widow; three sons, Don C. and Richard Asher of Snyder and J. B. Asher of Houston; two brothers, Emmitt of McCamey and William Asher of Hobbs; a sister, Mrs. Henry Ford of Abilene, and the father, James Asher of Abilene.

Jailed Man Owes Thanks To Officers

A Midland man wound up in the city jail early Friday but he can thank a couple of sharp-eyed policemen he wasn't in the hospital.

Lt. Dick Hemingway and Patrolman Clarence Hollis, on routine patrol, noticed the man sitting in an automobile near the bus station.

Investigating, they found the man asleep behind the wheel and his trousers just catching fire from a cigarette in his hand.

They put out the fire and took the man to the police station, where he was booked on a charge of drunkenness.

Motorists Seeking Low-Numbered Plates Will Have To Wait

Midland motorists looking for low-numbered 1951 Texas license plates will have to wait a few weeks.

County Tax Assessor-Collector J. M. Speed reported Friday he has received a number of requests for such plates.

But the plates, which went on sale Thursday, begin with BS 7100 and will have to reach BS 9999 before a new set, with low numbers, is available.

"So anyone wanting low numbers," he explained, "will have to wait until we have sold 2,899 license plates before getting to the low numbers again."

11 Bangtails To Shoot At Pot Of Gold

ARCADIA, CALIF. —(AP) —Money may not be everything but it will be the most important feature of all when the Santa Anita Maturity is staged Saturday for a purse of more than \$200,000.

Shooting at the golden target, the richest in the history of horse racing, will be the finest field of four-year-olds which can get up to the post out here.

If all goes according to pattern when entries are made formally, the array will include Alfred G. Vanderbilt's favored entry, Next Move and Bed O'Roses, the King Ranch's Beau Max, Thomas G. Benson's Lotowhite, James N. Crofton's Billy Special Touch, and Sudan, Blue Reading, Akimbo, Great Circle, Last Round and Grandfather.

If 11 parade to the post Saturday afternoon, the gross value of the race will be \$205,700, and the winner will net either \$144,325 or \$134,700.

The Vanderbilt entry figures to be the choice of a crowd expected to number 50,000 or more, with Beau Max probably the next in public fancy. Next Move is high weight at 121 pounds, Special Touch next at 117, Lotowhite 116, Bed O'Roses 110 and the remainder get in at 112.

Agencies, Colleges Protest Budget Cuts In Public Hearings

AUSTIN —(AP) —The 52nd Legislature quit for the weekend Thursday, but hardworking House and Senate subcommittees continued hearings on requests for money.

Emphasis on economy marked discussion of the Senate Finance and House Appropriations groups—with one commission fighting for its life and a college president protesting a proposed cut.

Previously rebuffed for seeking \$92,000 a year for his department, Agriculture Commissioner John C. White said he was ready to get by on \$50,000 a year. He told the House Subcommittee on Departmental Appropriations he couldn't do some things that should be done but could do "a pretty good job" on the reduced budget.

Facing possible abolition, the Veterans Affairs Commission trimmed its original request from \$475,840 to \$380,732. Commission Director Charles L. Morris told the Senate Finance Subcommittee his agency does a big job as a clearing house for veterans' claims for benefits.

Dr. Wiggins Testifies

The Legislative Budget Board has suggested indirectly, by recommending no funds for continued operation, that the state does not need a Veterans Affairs Commission. The Senate group asked for a breakdown of claims serviced by the commission before deciding the agency's fate.

Dr. D. M. Wiggins, president of Texas Tech in Lubbock, said his school could not operate on the Legislative Budget Board's proposed allowance of \$214 per student. Even if military needs cut college enrollment 20 per cent, that does not mean colleges can operate on 20 per cent less money, he warned the Senate subcommittee.

Sammy Baugh Named To Texas Tech Board

LUBBOCK —Sammy Baugh, West Texas rancher and professional football star, has been named to the Texas Technological College Foundation Board of Directors, Chairman C. T. McLaughlin announced.

The Foundation was revived early last year as an emergency to receive gifts to the college and to promote research and other college functions.

Members already serving on the board are McLaughlin of Snyder; Obie Bristow, Big Spring; Dr. Clifford B. Jones, Lubbock; O. B. Ratliff, Lubbock; Robert Bass, Kilgore; Sam Young, El Paso; Eddie Chiles, Midland; Raymond Bueck, Fort Worth; Jack Frost, Dallas; Don Harrington, Amarillo; Ray Willoughby, San Angelo; J. E. Cunningham, Amarillo, and Spencer Wells, Lubbock.

Midland's School Enrollment Increases

Enrollment in the Midland public schools totaled 5,218 students January 26, an increase of 17 over the previous week when the six-week records showed a net enrollment of 5,199.

The percentage of attendance for the six weeks was 91.84, a decrease of two per cent from last year's record. Last year the net enrollment was 4,226, almost 1,000 less than the current enrollment.

This represents an increase of 20.4 per cent over the same period last year.

Turnesa, Burke Pace Pros In Tucson Open

TUCSON, ARIZ. —(AP) —Jim Simpson of Fort Worth and Jack Ellis of Tucson paced the amateurs Friday into the second round of the Tucson Open Golf Tournament.

Jim Turnesa, a pro, held the lead at 64. Jack Burke, Jr., of Houston was a stroke back at 65.

Andrews Golf Club Is Reorganized

ANDREWS —The Andrews Golf Club recently was reorganized after a long period of inactivity. The meeting was held at the Community Building.

With Charles Carruth acting as chairman, the 24 members present voted in favor of a golf course with sand greens.

A committee consisting of L. A. Warden, Jake Roach, Knox Irwin, Charles Carruth, Charles W. Roberts, Sr., and Thomas D. Hamilton was appointed to meet with the commissioners court and ask for county equipment to help in the construction of the fairways and greens.

Mal Everett, C. D. Huckabee and A. L. Warden make up the finance committee.

Three Midlanders On Monahans-Wicket Schools Committee

Two teachers and an administrator from the Midland public schools have been invited to serve on the visiting committee of teachers to evaluate the Monahans-Wicket schools Monday and Tuesday.

Hazel Lyles of the David Crockett and Wesley Martin, principal of Cowden Junior High, will serve on the board for evaluating elementary schools, while Mrs. Gabe Massey of the high school will be in charge of evaluating the homemaking department.

Martin also will help evaluate pupil activities in the school system.

Object of the program is to help raise school standards and to help the school review its own physical plant, techniques of teaching and how much the school system provides for development of the individual. Teachers also will be evaluated.

Man Hitchhikes To Korean Warfront In Effort To Join Army

U. S. EIGHTH ARMY HEADQUARTERS, KOREA —(AP) —A 26-year-old man who said he came all the way from New York to join the Army was brought from the battlefront Friday to take a physical examination.

He is Zigmond (Red) Mihalic, reported to be near a nervous breakdown brought on by spectators' taunts.

The red-tinted referee won't comment on his troubles. But Basketball Commissioner Dave Fawcett said the situation is serious and Mihalic isn't the only official shying away from Gardens assignments.

RANCHLAND MEMBERS TOLD TO MAKE RESERVATIONS

Officials of Ranchland Hill Country Club Friday urged all members of Ranchland Hill to pick up reservations to the Tex Beneke dance to be held there February 7, no later than Sunday.

A sell out is anticipated by the officials and they said it would be necessary for all members to secure the desired reservations for themselves and their guests by that date.

Picked Up By Battery

Earlier, Newton showed 27th Infantry Regiment officers a paper entitled, "United States Government versus William Jesse Newton alias Guglielmo San Sebastian."

Asked what that meant, Newton said: "Aw, that's nothing. To fly in Mexico, you must be a Mexican citizen. I had to buy myself a Mexican name."

His own account of why he came over:

A plane he had rented at Teterboro, N. J., landed in the sea off New Jersey last year. He was picked up by the Polish ship Battery, aboard which Gerhard Eisler, Communist leader, escaped to Europe.

"Ever since, everyone still thinks little Willie is a Red spy," Newton elaborated.

"I came out here to shoot the Communists. People back home will think that's a funny way for a Communist to act. They will have to change their opinion of me."

Confident of Passing

Newton's faith in his ability to get into the Army wavered a bit after he was returned from the front and placed in custody of a military police officer, Lt. James Dwyer, Curtis, Mich.

"I suppose they are going to take me to Fort Dix," he said. "I guess you have to fight this Army before you can fight Chinese."

But, having worked his way to Korea on \$50 "more or less," he was confident he could pass Army examinations.

"I've been examined before," he said, "and I find I'm usually a little saner than the psychiatrist who examines me. Don't think the FBI didn't examine me after the Battery thing."

Billiards, Ping Pong Meet Underway

A gala billiards and ping-pong tourney at the Midland Youth Center, attracting more than 200 contestants, got underway Thursday afternoon at the Youth Center under the direction of Bill Gidewell.

The tourney features both boys and girls billiards and ping-pong. Play will continue through Friday and Saturday, with the finals being held Monday night.

Biggest surprise of the tourney was 14-year-old Don Roderick's billiard victory over Fred Harvey, 20-year-old "charlie."

First round results, boys billiards: Billy Grisett defeated John Corner, Jim Erwin defeated Asa Bland, John Crowley beat Tom Spencer, Charles Hendrix defeated Paul Davis, Paxton Howard beat Larry Friday, Loren Roberts turned the tables on John Blackman, James Howard took Bobby Hudson, Bobby Stanley defeated Jack Burris, Jimmy O'Neal beat Lee Snead, Ted Kerr took Bill Grisett and James Clayborn upset Leon Cline.

Boys Ping Pong

In boys ping pong, Bobby Hudson defeated Loren Roberts, Jerry Culp took Snookie Roberts, Raymond Leggett slipped by Don Roderick, Cecil Smith defeated Paxton Howard, Gwyn Graham banged Jimmy Erwin, Ted Kerr took Bobby Stanley, Jerry Culp beat Bobby Hudson and Ted Kerr continued his winning ways by blasting John Crowley.

Tommie Underwood defeated Louanne Bell and Shirley Pulliam in girls billiards play.

Agatha Tabon defeated Sarah Hendricks in the only girls ping pong match played Thursday.

PHILLIPS COWBOY

Loy Doty, six-foot, three-inch former University of Wyoming star, now is a mainstay of the Phillips 66 cage team. Doty was selected for the All-Skyline Six team when he performed with the Cowboys in 1949 and 1950. This is Doty's first season with the Phillips team, which plays H-SU here February 13.

Lubbock, Odessa Impressive In Opening Games Of Meet

By LARRY KING

ODESSA — Lubbock and Odessa cage squads copped a pair of games here in the opening day of the Odessa Invitational Basketball Tournament, as the Westerner and Broncho cagers paced the field of 24 entries.

The powerful Westerners—seeded number one in the tourney—toyed with Kermit Thursday morning in winning 54-37, then romped over Levelland Thursday night 78-45. Carl Inee, a ball-hawking wizard, paced the Westerner cagers in both wins. He scored 14 points in the win over Kermit and tabbed 16 against Levelland. Sammy Adams tallied 17 for the Westerners against Levelland. Levelland's Dan Wise managed 15 tallies against Lubbock while Kermit's best man against the

Point Happy Rotary Smashes Odessa Five

Rotary's Engineers burned the nets here Tuesday night as the John M. Cowden Junior High School gym, outscoring Phillips of Odessa 128 to 62.

Bennie Rutherford waxed hotter than a two-bit popgun in scoring an amazing total of 40 points. Leland Huffman continued to burn the cords, popping in 30 points. Bill Hooper tallied 22 for Rotary and Jim Collins meshed the same number. Jack Thrall led the Odessa team with 27 tallies. The Rotary team led 46-17 at halftime, and easily racked up win number 12 in 14 starts.

Western Plastic of Midland lost to T&P of Big Spring 63-38. Bryan Clark paced the Midland team with 17 tallies, but the Big Spring team led all the way. The loss was the sixth in nine attempts for the Western Plastic quintet.

National League Celebrates Birthday

NEW YORK —(AP) — Baseball's greatest living players, headed by the great Ty Cobb and Rogers Hornsby, took over the town Friday as the National League celebrated its seventy-fifth birthday at the Broadway-Central Hotel.

Ceremonies in front of the hotel, where the circuit was born Feb. 7, 1876, were scheduled for noon CST. Ford Frick, president of the league, was to act as master of ceremonies and his initial chore was the reading of a message of greeting and congratulations from President Truman.

Mayor Vincent Impellitteri was to be on hand to make a dedication speech and unveil a plaque sponsored by the New York Historical Association.

The birthday party sets in motion a whirl of events lasting over the weekend that promises to close the off season in a blaze of action.

Saturday, the club owners of the National and American Leagues will hold their annual February meetings, separately. On Sunday, some 1,400 guests, including Commissioner Albert B. Chandler will attend the twenty-eighth dinner of the New York City Chapter of the Baseball Writers Association.

Pittsburgh Fans Hard On Arbiters

PITTSBURGH —(AP) —A top basketball referee has refused to officiate at the Duquesne-Chicago Loyola game in Pittsburgh's Gardens Monday because howling, booing fans make life too miserable.

He is Zigmond (Red) Mihalic, reported to be near a nervous breakdown brought on by spectators' taunts.

The red-tinted referee won't comment on his troubles. But Basketball Commissioner Dave Fawcett said the situation is serious and Mihalic isn't the only official shying away from Gardens assignments.

Four Texas Girls Come Through In Four-Ball Tourney

HOLLYWOOD, FLA. —(AP) —Four Texas girls crashed through with triumphs Thursday in the Women's Invitational Four-Ball Golf Tournament.

Betty Rawls of Austin and Betty Dodd of Fort Sam Houston downed Elizabeth Reid and Frances Rich 7-5.

Poley Riley of Fort Worth teamed with Bea McWane to beat Mrs. Charles Hartung and Mrs. Maurice Flick 3-2.

Betty MacKinnon of Mt. Pleasant and Claire Doran downed Jeanne Dobbins and Ann Sparrow by the same score.

Midland-Andrews Staged One Of The Better Games Of The First Day

Midland and Andrews staged one of the better games of the first day action, with Andrews winning 46-43. Bob Summerwell, six-foot, seven-inch center, tallied 18 points for Andrews—10 of them coming on free shots. Bob Burks led Midland with 17. The lead changed hands seven times in this ball game, and the score was tied twice.

San Angelo, with six-foot, six-inch Jimmy McGill scoring 26 points, was impressive in a 59-33 win over Wink. Paul Jett played a fine game for Wink and scored 13 points. The Bobcat team never was behind in the contest and held a comfortable 32-16 halftime margin.

Abernathy featured a tall squad of boys and broke away in the last half to beat Crane 32-24, after both teams missed many shots in the first half that saw Abernathy lead by only 12-10. Murray Sandorfer grabbed 16 points for Abernathy. Hugh Green and Malcolm Garrett scored seven each for Crane.

Ozona High School won "ghost" ball games appearing on the court and working out for an hour when their opponent, Brownwood, failed to appear for the contest. Brownwood school officials called Odessa and said the roads were too bad to make the trip.

Iraan also withdrew from the tourney, but gave no reason. Iraan was to have played Abernathy. Crane was moved from a bye position to play Abernathy, and Odessa's "B" team was added to the tourney entries.

Stanton Had 15-Game Winning Streak Snapped, Losing To Big Spring 34-29

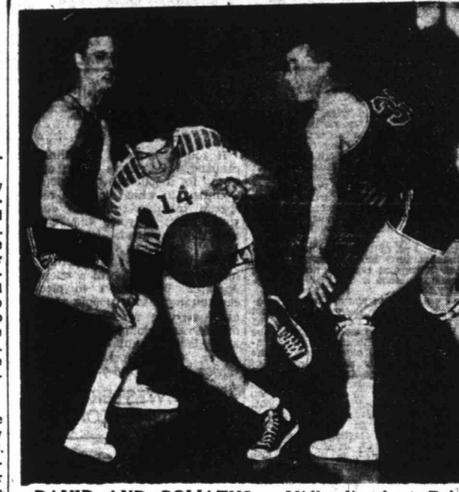

Stanton had a 15-game winning streak snapped, losing to Big Spring 34-29. It was Coach Leo Fields' first crack at Class AA competition. The game was close throughout, but Big Spring controlled the backboards to win. The Buffs led at one time 11-9 and 13-12, and pulled to within 29-27 with two minutes to go, but Bobby Malmes sacked 12 points to give the Steers a victory. Earl Koone tallied nine for Stanton and Kenneth Henson tallied eight points. Stanton made but seven field goals, but scored 15 of 21 free shots attempted.

Longhorn Loop Sked Still Undecided

The Longhorn League still has not decided officially on its schedule, even though one was "adopted" by a 5-3 vote at a loop meeting two weeks ago in Big Spring.

Midland owners Harold Webb and H. W. Donohoo have received a schedule sent from Hal Sayles, Longhorn League president, and all owners are requested to compare the card with the one voted in at Big Spring.

The Midland owners report sale of box seats at Indian Park are progressing nicely.

DAVID AND GOLIATHS — Midland's short Bob Burks dribbles between Andrews skyscrapers Bob Summerwell (36), six-foot, seven-inch center, and Jack Smith, six-foot, four-inch forward, in the Odessa cage meet Thursday morning. Burks was fouled by Summerwell as he made the basket, then made the free shot. But Andrews won the contest 46-43.

King's Row

By LARRY KING

The Midland Bulldogs turned in their best basketball game of the season Thursday morning in a 46-43 losing effort to Andrews—at least we think it was their best and Coach F. D. Rutledge was pleased with the performance.

The Mustangs, winners of 16 of 17 contests this season, had more height than the Storm Troopers—towering Bob (Trees) Summerwell, six-foot, seven-inch center; Jack Smith, six-foot, four-inch forward and Don Floyd, six-foot, three-inch guard.

Midland's tallest is Buddy Johnson, six-foot, two-inch center. The rest of the Bulldogs are "shorties"—Bob Burks, Norman Drake, Reed Gilmore, Dale Stice, Roy Kimsley and Robert Keisinger.

Spring football drills. Coleman's lads were scheduled to start workouts Monday—the day the current cold flurry arrived.

"Sure glad we didn't start," he grinned. "We'd be doing nothing but blackboard work."

The Odessa grid tutor has 14 lettermen returning for 1951—only three backs, but 11 good linemen.

Ben Peeler, the Odessa American's 5-A expert, tells us Pecos will be one of the roughest grid teams in West Texas next Fall.

Peeler reports that Coach's Mifflord Johnson and Don Mouse hit about the same team that lost but one game—to powerful Kermit—during the 1950 season.

We saw that "other sports writer" while in Odessa too—but he didn't tell us a thing other than it was hard to write a daily column.

—KR—

Bud Wilkinson, coach of those Oklahoma powerhouse grid teams, was in Midland Thursday and in our absence a couple of our Reporter-Telegram buddies went around to talk to him.

Jim Lawson and Richard Venator talked to Wilkinson, who was here visiting Eddie Chiles, Jr., and ex-Oklahoma University man.

In a brief review of the 1950 grid season, Wilkinson said the University of Texas was the roughest team the Sooners met all year—in fact, he said the Longhorns have been the toughest the last three seasons.

Bud said he didn't feel any pressure when his team was riding a 31-game win streak that ended when Kentucky beat the Sooners in the Sugar Bowl.

"Winning streaks build up confidence," the Sooners mentor said.

—KR—

Plamor Bowling Lanes will be the site of a meeting Sunday afternoon to make plans for the annual City Bowling Tournament. All team captains in Midland bowling leagues are asked to be present at 2:30 p.m. Plamor officials say the tourney is due to be bigger and better than ever this year.

—KR—

Audrey Gill tells us 15 boys are working out for the MHS golf team this year. Midland had one of the best teams in West Texas last year, and the linksmen are due to be tougher than ever this time.

Four lettermen return. They are Graham Mackey, Johnny Ward, Roane Puett and Bill Franklin.

Gill reports he looks for the best golf team ever turned out here to emerge from the practice sessions.

—KR—

We spoke to Odessa Football Mentor Joe Coleman at the roundball tourney in Broncho City Thursday, and he tells us the cold weather forced him to cancel the Odessa

Pin-Up Queen Betty Grable Polishes Pins for Cheesecake War

By BOB THOMAS
HOLLYWOOD—A few pounds heavier but still as well-proportioned as ever, pin-up queen Betty Grable is gearing for her second war.
Betty's pictures were posted in more barracks and ship lockers than those of any other film star during World War II. Now, several years and one war later, she remains top girl in the pin-up parade, as evidenced by a recent poll of a national magazine.
The beautiful blonde is ready to take care of the new demands of mobilization. Because her studio won't go the expense of sending out photos, she maintains a fan service of her own. It is headed by her mother, who keeps two secretaries busy answering the mail and dispatching pin-up pictures.
This service is a large expense, even though it's tax deductible. But the outlay has paid off for Betty's career. She still is the No. 1 girl at the nation's box-offices.
"I haven't had any bathing suit pictures taken in some time," she admitted. "I guess I'll have to take care of that soon."
But no matter what the new pose, it is doubtful if she (or any other glamor girl) will be able to top her most noted photograph—the rear shot of her looking over her shoulder. It still is the most popular of her photos; her studio estimates 2,500,000 copies have been dispatched to mooning males.
"Sounds exaggerated, but it could be true."
I asked if the Grable dimensions are the same now as during the last war.
"I guess so," she replied, "because they still use the same dress-maker's dummy for me in the wardrobe department. But I have put on a few pounds. That's the trouble with me: no self-control. I love to eat. If I didn't keep working, I'd be as big as a house."

Two Autos Stolen, But One Recovered

Two automobiles were reported stolen early Friday but only one man was the eventual loser.
Shortly after 1 a. m., the Yellow Cab company reported one of its cabs had been stolen from in front of the bus terminal.
Two hours later, Earl King, 206 West Washington Street, drove up to the police station in the stolen cab.
He explained the cab had been left at the site of an oil well in the Tex-Harvey oil field, where he was working.
The automobile thieves had exchanged it for his own, a green-colored sedan, and escaped.

Cold Storm—

(Continued From Page One)
As a result of broken pipes, Galveston's 18 Friday and 16.8 Thursday marked the coldest weather in ten years.
Known Dead Total 24
Transportation resumed in many sections isolated Wednesday, but telephone lines in some places in South Texas were still tangled wires.
The Rio Grande Valley already had written off its citrus and vegetable crops and growers wondered if they could save their trees.
Twenty-four persons had died as a result of four days of bitter cold, sleet, snow and biting winds.
Fires continued to plague the state.
Worried ranchers and farmers waited for a complete thaw before figuring damages.
Panhandle cattlemen said they came through the storm in fair shape—because winds weren't too high and snow was dry instead of wet.
The snow didn't help the Panhandle and North Texas wheat crop very much. There wasn't enough of it to snap the long drought that has haggled this growing area.
Thursday's sunshine made snow-covered streets, fields and highways glisten.
But the sun gave little warmth. Because of ice-covered roads, many cities had closed their schools. And some colleges delayed second term registration.
Valley Area Suffers
The Red Cross allocated \$2,500 in cash and 500 blankets for victims of snow and ice in Cameron, Webb and Victoria Counties.
And there was a refugee as well as crop loss problem in the lower semitropical Rio Grande Valley.
All Salvation Army and Red Cross posts in the upper valley were appealing for clothes and blankets for people caught ill-clothed and ill-housed.
Most water pipes in this area are buried only six to 24 inches. They were freezing and bursting everywhere.
Some valley fruit trees were being plowed up to make room for cotton plantings. Estimates on the citrus loss ranged up to seven million dollars.
Ray Losh of the State-Federal Citrus Inspection Service at McAllen said it was too early to tell about damage to trees.
Low gas pressure was reported in some towns and power failures were numerous.

UN Allies—

(Continued From Page One)
Threat of typhus has made its appearance among North Korean troops, and that tuberculosis, trench foot, frostbite and other wartime diseases likewise were taking a toll among the Chinese Allies.
Prisoners of war said 30 to 100 per cent of some North Korean companies are infected with typhus, a disease transmitted by vermin from rats. However, U. S. Eighth Army investigators said there was no evidence Chinese troops have been affected seriously by the disease.
No typhus cases were reported among inoculated UN troops. Army officials in Washington said Russian satellite countries have had difficulty perfecting an effective vaccine.
On the Allied right flank, near the juncture of western and central fronts, French and American elements smashed their way out of a trap set by thousands of screaming Communists who leaped wildly into hand-to-hand combat 12 miles north of Yajin.
The fight took a heavy toll among enemy remnants—about 6,000 men—who spent 12 hours Thursday trying to squeeze UN troops into submission by attacks on three sides.
HERE FROM EL PASO
Mr. and Mrs. Walter W. Scott of El Paso were Midland visitors Thursday and Friday. Scott is vice president of the State National Bank of El Paso.

HOME DESIGNED FOR BETTER LIVING—His plan for a three-bedroom, basementless home won top prize among 2728 entries and \$8250 in awards for Bruce Walker of Spokane, Wash. Pal's Plea For Boy In Murder Trial May Bring End To Gangs

"No Place To Go" Anthony Scarpati, 17, breaks down and weeps as he meets with his mother in Brooklyn, N. Y., court after hearing a 20-year-old friend plead for leniency for Anthony, awaiting sentence for a teen-age gang murder.

+ Jacoby On Canasta +

By OSWALD JACOBY
Written for NEA Service
"How much should I meld when I pick up a fair-sized discard pile?" asks a Milwaukee correspondent. "Should I meld only what is necessary to take the pile, or should I meld as much as possible of the pile itself?"
It's a good question, but a complete answer easily could fill a book. Perhaps we can dig out a few general principles.
To begin with, never put down on the table more than you need to pick up the pile. You always can meld additional cards when you get the pile in your hand, but you can't take cards back.
Now suppose that you've picked the pile up and that it's still your turn to play. How many more cards—if any—should you meld? At the very beginning of the hand, there is no need to meld anything else. Your melds will be just as good a few minutes later. Nobody will give you a medal for putting your meld down before anybody else can.
Later in a hand, when both sides have melded, you must be guided by the state of the score, by the likelihood that you can keep control on the table more than you need to pick up the pile. You always can meld additional cards when you get the pile in your hand, but you can't take cards back.
In general, you tend to meld liberally if an opponent is likely to meld out very quickly. You tend to keep melds in your hand instead of putting them down if it seems likely that you can keep control.
What should you do if you think that you can keep control but that one of the opponents may meld out quickly? Use your judgment. Balance one probability against the other and act according to what seems more likely to happen. You probably should compromise by putting down some but not all of your meldable cards.
The score may affect your decision in various ways. If you already have reached 5,000 points, you should tend to meld rather than hold up. It would be foolish to get caught and then have to start the next hand with 4,900 points or thereabouts.
If you have somewhat less than 3,000 points, you should tend to hold up. If the hand develops well, you will make a bigger score by holding up than by melding quickly. If the hand develops poorly, you don't mind staying under 3,000 points and you'd hate to go barely over that mark.
Q—My friend and I were playing two-hand Canasta. He kept putting down black threes and picking up the pile as soon as he'd put three or four of them down. I therefore never got a chance to pick up the pile. Was this fair?
A—It was perfectly fair and also very good tactics. It is always fair for an opponent to make the legal play that horseshoves you most. Although it isn't much fun for you to be shut out in this way, just smile sweetly and wait for your chance to do the same thing to him. If you think this is a "buddy" or unbecomingly attitude, remember that it's just a card game. It's better to let off steam in this way than to be unbecomingly in some other ways.

Sign Language Still Being Used

MOOSE FACTORY, ONT.—A system of writing the Cree language, developed 100 years ago by a Methodist missionary, is used by practically everyone who speaks Cree along the more than 3,000 miles of barren shoreline of Hudson Bay. Its use also has spread to some of the Indians of the Western plains and British Columbia.
It consists of 14 phonetic signs, with four variations for each sign, one for each vowel. There are four other variations for each sign to accommodate unusual vowel sounds.
The script is picturesque, with reversible triangles, squares and half squares. Anyone who knows Cree can learn to write it in half an hour.
The score may affect your decision in various ways. If you already have reached 5,000 points, you should tend to meld rather than hold up. It would be foolish to get caught and then have to start the next hand with 4,900 points or thereabouts.
If you have somewhat less than 3,000 points, you should tend to hold up. If the hand develops well, you will make a bigger score by holding up than by melding quickly. If the hand develops poorly, you don't mind staying under 3,000 points and you'd hate to go barely over that mark.
Q—My friend and I were playing two-hand Canasta. He kept putting down black threes and picking up the pile as soon as he'd put three or four of them down. I therefore never got a chance to pick up the pile. Was this fair?

Mussolini's Cook Spurns Memoirs

ROME—(AP)—The man who was Benito Mussolini's cook for 18 years recently got his picture in the newspapers for refusing to write his memoirs.
The cook, 47-year-old Mario Ercoli, turned down a publisher's offer with a shrug and the remark that he could cook the best plate of macaroni and cheese ever tasted.
Ercoli is alive today because an American Army officer kept partisans from executing him when his dice was shot and strung up by his heels.
WIDOW GETS ANNUITY
NEW DELHI—(AP)—The Government of India has granted an annuity of \$1,000 and a monthly pension of \$42 to the widow of Col. Umri Nair, United Nations official, killed by a land mine in South Korea on August 13. Prime Minister Jawaharlal Nehru said Colonel Nair's two-year-old daughter also has been given a monthly pension of \$6. This will be paid until she attains the age of 21 or marries, whichever is earlier.

BROOKLYN, N. Y. —(NEA)—A murder, a courtroom plea and a borough-full of crossed fingers may be the first steps in wiping out Brooklyn's notorious teen-age gangs.
It was on May 12, 1950, that a gang "rumble" resulted in the death of 18-year-old James Fortunato of the Tigers. One of the South Brooklyn, Anthony Scarpati, 17, was accused of the murder. At Scarpati's trial, Judge Samuel Leibowitz asked skinny Joseph Senatore, leader of the South Brooklyn, if he wanted to say anything before sentence was passed on his pal.
"Look, judge," said 20-year-old Senatore in a nervous voice, "you're not going to reform him by sending him to jail for a long time. You're just going to make him bitter. Just as bitter as I am. I was in jail. I know what they did to me there. His Enfranchisement."
"You can't stop this trouble. It's the neighborhood, the environment. We've got no place to go, nothing to do. If the cops had more understanding, maybe this wouldn't have happened. They come out of their cars swinging their sticks, instead of asking us to move."
"What can we do? We can't stay home seven days a week. Look, we go into a poolroom or some place and the cops break in on us. Judge, we've got no place to go."
The judge deferred Scarpati's sentence for further study.
Senatore's plea made a deep impression on the judge and the jurors. An even deeper impression was made two days later, when a tipster told the police the Tigers were out to avenge Fortunato. They had even picked out which one of the South Brooklyn they were going to get.
The police called in 100 members of the South Brooklyn, Tigers and another perennially troublesome gang, the Coonanus Boys. They called Judge Leibowitz to sit in at the meeting, too, along with Assistant District Attorney John Cone and religious and social leaders of the neighborhood.
Wait Outside
While most of the gang members waited in an anteroom, dressed in the accepted uniform, pegged pants, oversized golfing caps and bright-colored jackets—two representatives of each gang went in to confer with the civic leaders.
The meeting produced results. The gangs agreed to call off their wars, among themselves and with the police. They said they'd turn in all their weapons—home-made zip guns, switch knives and the rest. The police said they'd ask no questions when the arsenals were brought to them.
Weekly meetings between gang committees and the police were agreed to.
They boys said they'd organize basketball teams to play in the Police Athletic League's winter tournaments. Later, maybe they'd play baseball, too. The authorities beamed, figuring the boys could let off competitive steam throwing basketballs instead of fists and rocks.
Invited To Dances
They were invited to church dances, too, and Father Edward O'Connor said he'd let Senatore be cashier. That brought a big grin to Senatore's face; he'd complained that because of his prison record, his boss wouldn't let him handle any money. Father O'Connor wanted to give him a vote of confidence.
The meeting adjourned with everybody happy, and hoping that here was the first constructive step to breaking up the anti-social gangs.
Come, the assistant DA who's done most of the work with gangs in the past, says he has his fingers crossed. He thinks the whole thing is an excellent idea, but—well, he has his fingers crossed.
He points out that the Tigers have had chances before. They've participated in some of these same neighborhood dances. But, always, they've behaved like rowdies.
"They literally took the dance hall apart," he says. "But this time they've pledged themselves to act like gentlemen, not rowdies. And we'll see what we'll see."

Atomic Flash—

(Continued From Page One)
same hour, just before dawn.
Friday's flash faded quickly in a core of orange.
In town Thursday were Gordon Dean, chairman of the Atomic Energy Commission; Dr. William Webster, head of the Research and Development Board of the Defense Department; Senator Clinton P. Anderson (D-NM), a member of the Joint Congressional Atomic Energy Committee; Brig. Gen. A. R. Ludecke, and Rear Adm. C. F. Coe, among others.
Several Las Vegas were convinced it was the strongest jolt of the four.
Blinding White Flash
Cashier Jo O'Donnell at one of the big gambling clubs said it "shook hell out of the building."
"There was a blinding white flash of light that got deeper orange and finally faded away," was the way she described the sight that loomed in the distance despite a maze of neon signs.
"After the flash, everybody was set for the jolt and a policeman said: 'Here it comes!'"
Some 75 players in the club stopped their games for a minute or two and then resumed. This was in contrast to previous tests, when the wheels went right on spinning in this town of quick divorce and many gaming tables.
Night Clerk Fred Worthen at the four-story Sal Sagev Hotel said: "It shook the whole building and blew in the swinging doors." Many occupants of the hotel were awakened.
Thirteenth Explosion
This is the thirteenth atomic explosion since the first went off in the New Mexican desert in mid-July, 1945. Two were dropped on Japan, five others were exploded in Pacific island tests, the Russians set off one and four have been detonated here.
There has been speculation without AEC confirmation that the Nevada blasts are experiments in using atomic explosives in such weapons as guided missiles or shells with atomic warheads.
In contrast to Thursday, when not a single citizen phoned police to complain about the jolt, the switchboard lit up quickly Friday.
The flash was seen in the San Francisco-Oakland, Calif., region—425 air miles from Las Vegas and across the 14,000-foot Sierra Nevada.
The Oakland Tribune said it had dozens of telephone calls.
First report of the flash in the San Francisco area came from Radio Operator C. B. Smith at The Associated Press listening post at nearby San Lorenzo.

Truman Calls—

will ask for a "second installment" following congressional action on the first installment of \$10,000,000,000.
He pointed, however, to the fact that a \$18,500,000,000 increase in revenue would be necessary to balance the \$71,800,000,000 spending budget he has proposed for next fiscal year.
And he hinted the second installment request will be \$6,500,000,000 by declaring it is "my firm conviction that we should pay for these (budget) expenditures as we go."
Some Congress members already have launched a campaign to cut proposed government expenditures, aiming for a balanced budget without any increase in taxes beyond the \$10,000,000,000 "quickie" bill.
Senator Byrd (D-Va.), who has advocated cutting some \$7,000,000,000 from the President's spending budget, said that with proper economy the "first package" tax bill would be enough.
Representative Harrington (D-Va.), a member of the Ways and Means Committee, proposed in a statement a \$6,500,000,000 budget cut and \$10,000,000,000 in new taxes.
Should Congress cut the President's budget, it would appear Truman would consider a smaller second installment increase acceptable.
