**Sinclair Schedules Spraberry Wildcat In SE Midland Area**

Two and one-eighth miles south-east of Humble Oil & Refining Company No. 1 Little Midkiff, recently completed producer and opener of the Midkiff-Spraberry field in Southeast Midland County Sinclair Oil & Gas Company is to drill a 7,800-foot wildcat.

It will be drilled as the concern's No. 1-A Little Midkiff, 1,980 feet from north and 690 feet from east lines of section 2, block 38, T-5-S, T&P survey. That puts it 25 miles southeast of the City of Midland.

The Spraberry prospector is slated for immediate drilling.

**Discovery Indicated In SW Martin Sector**

Gulf Oil Corporation reported flowing production from the Pennsylvanian lime at its No. 2-E-B George W. Glass, 13,000-foot Eslenburger wildcat in Southwest Martin County.

On a drillstem test from 10,412 to 10,521 feet, with tool open 12 hours, gas was shown to the surface in five minutes at the rate of 533,000 cubic feet daily, followed by a light spray of distillate in four and one-half hours. During the next seven and one-half hours, the wildcat flowed 53.82 barrels of 46-gravity oil, with gas volume rated at 800,000 cubic feet per day.

Recovery was 2,600 feet of fluid, which included 1,980 feet of clean oil, 610 feet of oil and gas-cut mud and 30 feet of fresh water.

Flowing pressure ranged from 975 to 375 pounds and shut-in pressure was 3,825 pounds in 15 minutes.

Operator was drilling the prospector deeper. It is 2,950 feet north-east of Gulf's No. 1-E-B Glass which is being treated with hydrofracture through perforations opposite the Spraberry sand from 8,270 to 8,780 feet for completion attempt.

Exact location of the No. 2-E-B Glass is 662 feet from south and 670 feet from east lines of section 12, block 39, T-1-N, T&P survey.

**NW-C Midland Dean Discovery Completed**

Ralph Love No. 1 J. E. Hill, opener of a new oil field in Northwest Central Midland County, five miles southwest of the City of Midland, has been officially completed as a commercial oil well with a 24-hour potential of 276 barrels of oil, flowing through a 16 5/8 inch tubing choke.

There was no water. The production is from perforated section at 9,125-9,240 feet in the Dean sand of the lower Permian. That section had been hydrofractured.

The wildcat discovery is to be put on regular production. It is 660 feet from north and 1,980 feet from east lines of section 30, block 30, T&P survey, T-2-S.

This exploration has shown good signs of commercial production in the Wolfcamp section of the Permian at 9,440-9,850 feet. That zone is now shut-off from the upper pay by a retainer.

It is possible that the Wolfcamp pay will be produced in the future.

The No. 1 Hill drilled to a bottom of 13,043 feet in the Ellenburger. That zone made only water. This new discovery is six miles northeast of the Parks-Pennsylvanian field in Central-West Midland County.

**NW Howard Hill Seen As Discovery**

Operator was to set casing and try to complete the Pan American Production Company and Forest Oil Corporation No. 1 Jones as a discovery of a new Pennsylvanian reef pool in Northwest Howard County.

The wildcat flowed at the rate of 10 to 15 barrels of oil per day to pits in 30 minutes during a two-hour and 30-minute drillstem test from 8,326 to 8,339 feet.

On the test, gas was at the surface in nine minutes and oil in two hours. Most of the recovery was circulated out, but when the tester was pulled, operator found 120 feet of drilling mud and 60 feet of salt water.

The reef lime was topped at 8,326 feet. That gives it a datum of minus 8,883 feet.

Location of the possible field opener is 467 feet from south and west lines of the southwest quarter of the northeast quarter of section 38, block 33, T-3-N, T&P survey and two miles west of the Vealmoor-Pennsylvanian pool.

**Shallow Tester Is Staked In Crockett**

Eleven miles north of Ozona and in Central Crockett County, Sinclair Oil & Gas Company staked location for a 1,850-foot wildcat which is to start immediately.

The contracted destination is calculated to take the exploration into the San Andres. The nearest prospect is at the Vealmoor-Pennsylvanian pool.

**Mail To Eight States Now Freed Of Embargo Order**

With the easing of the railroad strike Tuesday, Postmaster N. G. Oates said the embargo on mail to several states in this area will be lifted.

Oates said the embargo now does not apply to mail destined for cities in Texas, Oklahoma, Arkansas, Louisiana, Missouri, Kansas, Alabama and Mississippi.

The embargo still is in effect, however, for mail which must be routed West through El Paso, the postmaster said.

**Two Midlanders Leave For Army**

Hal A. Finch and G. Ooss Yeager, 19-year-old Midlanders, were sent to Indiantown Tuesday where they will be inducted into the Army.

T/Sgt. Shelby Wheeler, Army and Air Force recruiter, said the men will be sent to Fort Sill, Okla., for processing and to Camp Chaffee, Ark., for basic training.

Yeager graduated from Midland High School in 1949, and attended Southwestern University at Georgetown one year. Finch completed his high school education in Amarillo and attended Notre Dame two years.

**Senate Bill Would Remove 18 Counties From 29th District**

The 29th Senatorial District, which includes Midland and area counties, would become a nine instead of a 27-county district under the Senate's proposed re-districting bill introduced Monday in Austin.

Hill D. Hudson of Pecos is the 29th district senator.

Most of the 18 counties deleted from Senator Hudson's district would go to Senator Dorsey Hardeman's 25th District. Senator Hardeman is from San Angelo. His district would become the largest in the state.

Discontent reportedly rumbled over the Senate's first attempt at redistricting.

Under the proposal, the 29th District would include Midland, Ector, Ward, Winkler, Loving, Reeves, Culberson, Hudspeth and El Paso Counties.

The district now includes the above named counties and Brewster, Crane, Crockett, Edwards, Glasscock, Jeff Davis, Kinney, Maverick, Medina, Presidio, Reagan, Real, Pecos, Sutton, Terrell, Uvalde, Val Verde, Edwards, Kinney and Uvalde Counties.

Other West Texas Districts

Other proposed West Texas districts are: 24th—Dickens, Garza, Kent, Stonewall, Borden, Scurry, Fisher, Jones, Shackelford, Howard, Mitchell, Nolan and Taylor.

28th—Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Gaines, Dawson, Andrews and Martin.

The Senate bill, according to a spokesman, is expected to pass.

(Continued On Page 12)

**Dr. J. W. Edgar To Speak At School Dedication Here**

Dr. J. W. Edgar of Austin, Texas, commissioner of education and a nationally-known educator, will be the principal speaker at the dedication of the new Carver High School at 8 p.m. Wednesday in the school's auditorium.

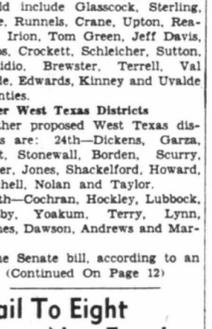

Frank Monroe, superintendent of Midland public schools, said Dr. Edgar will arrive here by plane Wednesday morning.

Judge R. W. Hamilton, president of the Board of Education, will introduce special guests at the dedication program, which is open to the public. Following the program, the new school will be open for inspection.

Dr. Edgar, a native Texan, received his BA degree from Howard Payne College in 1928 and his MA from the University of Texas in 1938. He received his Doctor of Education degree, with a major in educational administration, from the university in 1948.

He taught in various Texas schools before becoming superintendent of schools at Orange in 1939, serving in that capacity until 1947 when he was named superintendent of Austin public schools. He held that position until last year when he was named commissioner of education by the Texas Education Agency.

He holds memberships in the Texas Association of School Administrators, Texas State Teachers Association and the American Association of School Administrators. He is a member of the editorial board of the School Executive Magazine, and is a member of the Boy Scout's national committee on Scouting in the Schools.

Dr. J. W. Edgar

**Mail To Eight States Now Freed Of Embargo Order**

With the easing of the railroad strike Tuesday, Postmaster N. G. Oates said the embargo on mail to several states in this area will be lifted.

Oates said the embargo now does not apply to mail destined for cities in Texas, Oklahoma, Arkansas, Louisiana, Missouri, Kansas, Alabama and Mississippi.

The embargo still is in effect, however, for mail which must be routed West through El Paso, the postmaster said.

**Two Midlanders Leave For Army**

Hal A. Finch and G. Ooss Yeager, 19-year-old Midlanders, were sent to Indiantown Tuesday where they will be inducted into the Army.

T/Sgt. Shelby Wheeler, Army and Air Force recruiter, said the men will be sent to Fort Sill, Okla., for processing and to Camp Chaffee, Ark., for basic training.

Yeager graduated from Midland High School in 1949, and attended Southwestern University at Georgetown one year. Finch completed his high school education in Amarillo and attended Notre Dame two years.

**Crippling Rail Walkout Eased In Some Areas**

Railroad switchmen returned to work in many important centers Tuesday but there was no general back-to-work move.

The crippling "sick call" strike ended in the New York area.

Switchmen went back to their jobs in large numbers at Philadelphia, Boston, Washington, Baltimore, Chattanooga, Buffalo, Dallas and other large cities.

But the walkout kept a stranglehold on much of the nation's war-gear economy.

Idle switchmen still pile up in Chicago's vast freight yards, the biggest in the world.

Many other cities also noted no back-to-work trend despite Defense Mobilizer Charles E. Wilson's plea to the workers Monday night.

Wilson told them their strike could hurt the United States "more than all the Communist armies in Korea put together."

Speaking with President Truman's approval on a nationwide broadcast from the White House, he said a "creeping paralysis" of the rail system was crippling the country's defense effort.

Earlier W. P. Kennedy, president of the Brotherhood of Railroad Trainmen, said "hundreds of our men throughout the country are responding to my appeal" to return to their jobs.

**Embargoes Continue**

But mail, express and freight embargoes continued.

Some 250,000 industrial workers remained idle, including some 130,000 automobile workers.

Layoffs threatened thousands of other workers.

At the peak of the rail tieup, some 250,000 industrial workers were laid off.

(Continued On Page 12)

**U. S. Grabs Priority On Truck Lines**

WASHINGTON — (P) — The Defense Transport Administration Tuesday ordered motor freight carriers to give the armed forces, the Atomic Energy Commission and the mails first claim on their services.

DTA Administrator James K. Knudson said in a statement the action was required by the railroad tieup resulting from the walkouts of switchmen.

The result, he said, has been a large-scale diversion of rail freight to the highway truckers. He said the government had to step in and make sure the most vital freight has top priority on motor carriers.

The freight order was the first general directive issued by DTA since its creation last September.

It was directed to all truckers operating for hire under either interstate or intrastate licenses. They were told to take care of Army, Navy, Air Force, Marine Corps, Coast Guard, Atomic Energy and postal needs first.

It was emphasized the truckers may continue to handle private commercial shipments—if they have space left.

The order is effective immediately.

**Truck Driver Charged In Woman's Slaying**

HOUSTON — (P) — A 37-year-old truck driver is in city jail charged with the murder of Mrs. Lola Coleman Kiser, about 54, found strangled Sunday night in a room at a Houston hotel, police said Tuesday.

Robert K. Gamble, the driver, made a written statement to police Monday night.

**But It Was Only An Afterthought**

Even the airlines are becoming conscious over the tug-of-war between Midland and Odessa over Midland's Municipal Air Terminal.

A passenger on a weekend flight reported that as the plane prepared to land at the Midland Air Terminal, the hostess walked down the aisle, announcing: "We are now coming into Midland."

A few seconds later she hurried back through the aisle, adding: "Oh, yes, and Odessa."

Dr. J. W. Edgar

**★ LATE NEWS FLASHES ★**

**BRUSSELS, BELGIUM**—(P)—A girl was born Tuesday to Princess de Rethy, commoner wife of King Leopold III.

**AUSTIN** — (P) — The House Tuesday voted 140-1 to add \$75,000,000 more to the Veterans Land Program, while the Senate refused, by an 18-10 vote, to send a senatorial redistricting bill back to committee.

**PARIS**—(P)—Air France Tuesday announced all 29 persons aboard its plane which crashed Saturday in the French Cameroons had been killed.

**WASHINGTON** —(P)— A suggestion to draft 18-year-olds but require that they be given six months non-combat training appeared to be gaining favor with the House Armed Services Committee Tuesday.

**DENVER**—(P)—Denver police Tuesday captured three men they said were fugitives from the Arkansas Insane Hospital. A fourth suspect eluded officers.

**SNYDER EXPLAINS NEW TAXES**—Secretary of Treasury John Snyder, left, proposed a 20 per cent tax on new automobiles and a 25 per cent levy on radios, refrigerators and other home appliances. Snyder said these new taxes are needed to help pay for the rearmament program. He is shown with Rep. Robert L. Doughton, chairman of the House Ways and Means Committee.

**New Atomic Blast Rocks Vast Areas**

LAS VEGAS, NEV.—(P)—Windows shattered in this Southern Nevada city Tuesday as two separate shocks from the fifth atomic test in 11 days rocked the city.

Police reported big windows in two automobile agencies splintered by sound waves.

There were no reports of injuries, residents having been forewarned of the possibility of glass-breaking shocks.

In Los Angeles, some 300 miles distant, windows rattled in residences and on the campus of the University of California at Los Angeles 24 minutes after the flash.

Television cameras picked up the flash through a fog in Los Angeles and relayed it to their watchers.

Las Vegas Police Capt. George Thompson called Tuesday's shock "the worst yet." Officers were on street patrol because of an AEX warning of danger, and patrol cars quickly converged on the two damaged auto agencies.

**Flash Visible 450 Miles**

The Atomic Energy Commission would confirm only that a test had taken place.

The white light was seen in Oakland, on the edge of San Francisco Bay, where one witness described it as terrifying. Oakland is some 450 miles from Las Vegas.

An irregular sort of white cloud appeared over the horizon to the northwest, above the Frenchman Flat area where the atomic tests are being conducted. It was different in appearance from any seen in the previous four tests seen and heard here.

Two distinct shocks were felt, following about five and one-half minutes after the now-familiar blinding white flash in the pre-dawn sky.

The Atomic Energy Commission, in an unprecedented pre-test announcement, had warned residents to stay away from windows. Highways were lined by hundreds who

(Continued On Page 12)

**4,150 Texans Due April Draft Calls**

AUSTIN —(P)— Texas' share of April draft inductions will be 4,150 men, Brig. Gen. Paul L. Wakefield, state director of Selective Service, announced Tuesday.

The quota Tuesday by state headquarters runs to 27,062 the number of Texans called since the start of war in Korea.

This latest call exceeds calls for 4,145 men in March, 4,137 in February and 4,142 in January.

General Wakefield also announced pre-induction physicals for 8,857 men during March. A total of 73,584 Texans have been ordered for pre-induction physicals since August, 1950.

Reports from joint examining and induction stations indicate the January call of 4,142 men will be filled, the draft director said. Reports from a few local boards still are out.

**Cool Front Brings Soaking Rains To East Texas Areas**

A cool front brought soaking showers to a strip along the top of East Texas Tuesday, but no general relief from the drought was in sight.

The Paris News said the drought was broken locally when 1.17 inches of rain fell before 8 a.m. Rain still was coming down later in the morning.

Other big rainfalls in the same area included 1.69 inches at Sherman and 1.15 inches at Bonham.

The Weather Bureau said small amounts fell at Dallas, Fort Worth, Palestine, Mineral Wells and Tyler.

The cool front which brought the rain was not expected to be severe. Temperatures of 15-25 were forecast for the Panhandle Tuesday night and 20-30 was indicated in the South Plains.

**Grand Jury Still In Session Tuesday**

The Midland County grand jury continued its deliberations Tuesday with its second foreman in two days.

The jury was sworn in Monday by Judge R. W. (Bob) Hamilton in 70th District Court, with H. E. Chiles, Jr., as foreman.

Chiles was absent Tuesday, so J. T. Baker was named to take over as foreman.

Those serving with him are W. D. Anderson, John Y. Francis, A. G. Bohannon, A. E. Cameron, R. D. Scruggs, C. P. Yaden, J. C. Velvin, Floyd Coles, E. J. Wicker and Paul McHargue.

**Second Of Boston Quadruplets**

BOSTON —(P)— The second of Boston's famous Allen quadruplets died early Tuesday in the Children's Medical Center.

Timothy, who weighed two pounds, three ounces at birth last Friday, died of respiratory trouble, doctors said.

Karen, who weighed slightly over one pound, died Sunday night.

Hospital officials released the information of Timothy's death after they notified the quadri's father, Patrolman Robert Allen, 41.

They withheld the sad news from their mother, however, because, the doctors said, "She still was broken up over Karen's death."

**ROK Forces Push Almost Back To '38'**

TOKYO —(P)—Allied tank columns chewed into the main Red defense lines south of Parallel 38 Tuesday and ground ahead against Chinese resistance that stiffened with the dawn of their New Year.

United Nations air, naval and artillery barrages paved a fiery path for the attacks. Allied foot soldiers, slogging behind the tanks, wiped out nests of Reds.

The Chinese threw tanks into the battle for the first time in this phase of the Korean war. They rushed reinforcements south from Seoul over a plank bridge spanning the Han River. There were indications that this was the big effort to salute the outset of the new "Year of the Rabbit."

On the western front, a daylong battle raged northwest and northeast of Anyang, nine miles south of Seoul.

On the central front, American troops blasted a hole through a Red battalion on the Hoengsong-Hoengchon road. Then South Korean regulars rolled through the gap to a point only 25 miles from the old Parallel 38 border.

This was the northernmost thrust of Allied forces since they regained the offensive in Korea 13 days ago.

The Americans locked in battle with an estimated 1,000 Reds at mid-afternoon Tuesday on the northern outskirts of Changsong, 52 air miles east of Seoul.

Double Employment

"The Chinese and North Koreans know what we are doing," said a division commander. "We are going up this 40-mile sector in Central Korea, biting off big chunks of land in double enveloping movements. We are isolating these units and killing as many as we can."

Other fights flared throughout the area east and west of Hoengsong.

(Continued On Page 12)

**Oil Field Theft Ring Is Broken**

A well-organized oil field equipment theft ring—complete with spotters and salesmen operating throughout West Texas—was reported broken Tuesday by Texas Rangers.

Operations of the ring were described by Texas Ranger John Wood after the arrest of four men in connection with the theft of \$12,000 worth of oil field pipe from a Borden County well location.

The men are being held by Sheriff Sid Reeder of Borden County. Credit for spotting the organization, believed headed by a 32-year-old ex-convict, was given to an alert Albany trucking contractor, whose trucks innocently transported the pipe more than 100 miles to another location.

**Turns Down Reward**

The trucking contractor, D. L. Rose, turned down the \$1,000 reward posted for information leading to the recovery of the pipe.

Here is the way Ranger Wood, who is stationed in Midland but who worked with other officers in solving the January 27 theft, described the operations of the ring.

One of the ring's spotters noted the 123 joints of casing on the lease in the extreme southeast corner of Borden County, owned by L. H. Amer.

The pipe had a normal value of \$12,000 although, it was estimated, it would bring \$16,000 on the black market.

(Continued On Page 12)

**OPS Boss Promises Plenty Of Meat At Legitimate Prices**

TOLEDO —(P)— The government assured housewives Tuesday they will be able to buy adequate supplies of meat in the future at legitimate prices.

Black marketers in the meat business, said Price Chief Michael V. DiSalle, will find profiting difficult. He called them "first class fifth columnists" and said he would "hate to be the first one to get caught."

Within a few days, DiSalle told about 250 Toledoans in a speech Monday night, his Office of Price Stabilization will issue two orders designed to keep these meat price chisellers out of business.

One order will regulate the slaughter of livestock. The other may require meat wholesalers and retailers to make regular reports on operations, his aides said.

**Through Regular Channels**

The first order, officials of the agency said, will distribute animals to established slaughterhouses, preventing black marketers from setting up fly-by-night slaughter houses.

The second, DiSalle continued, will "keep meat supplies moving through legitimate channels of distribution and enable the housewife to buy adequate meat supplies from her regular butcher or market at legal ceiling prices."

DiSalle himself, who chose his hometown, Toledo, to make his first major speech since he was named OPS chief, did not say exactly what this second order would require.

However, if, as his aides say, it makes meat dealers tell the government their transactions, it would provide a check on those selling above ceiling prices.

**P. F. Bridgewater Is First Candidate To Announce For Mayor**

Midland Tuesday had a candidate for mayor in the April 3 election. Percy F. Bridgewater, a Midland resident 23 years, announced as a candidate to succeed Mayor William

P. F. Bridgewater

**Texan Dies In Fall From Hotel Window**

NEW HAVEN, CONN. — (P) — John Gray Kendall, 43, of Waco, Texas, alumni director of the Hill School, Feltstown, Pa., was killed when he fell four stories from his room at the Hotel Taft here early Tuesday.

Dr. Sterling F. Taylor, acting medical examiner, who called the death accidental, and police said Kendall, partly undressed, apparently fell out of the window of his room when he opened the window for some fresh air preparatory to retiring for the night. His body landed on the roof of a one-story building on the College Street side of the hotel.

B. Neely, whose term of office expires in April. Neely has indicated unofficially he will not seek a second term.

Long active in civic and service affairs here, Bridgewater served as a member of the Board of Education of the Midland Independent School District nine years and was chairman of the board two years. He is a past president of the Rotary Club and Midland Country Club and has been active in Boy Scout and Chamber of Commerce work.

He is secretary-treasurer of the Midland Federal Savings and Loan Association.

"My friends have talked me into running for the office and if elected I will do my best to serve the city to the best of my ability," Bridgewater said.

He has a wife, a son and a daughter.

Three councilmen also will be elected in the April balloting.

### Monahans Radio Station, Swept By Fire, Carries On

MONAHANS — Radio Station KVVM was still on the air Tuesday despite the loss by fire early Monday of its downtown operating equipment, including a library of 8,000 recordings.

The fire, with damage estimated at \$20,000, swept through the main offices as firemen found their work made more difficult by the gas from the burning phonograph records.

Operations were transferred to the transmitter station on the Wink-Kermitt Highway and officials said the 250-watt station will continue to operate until the office can be rebuilt.

The station was established here in March, 1947.

#### Peter Lawford's Mother May Do Stint In Filmland

By ERSKINE JOHNSON  
NEA Staff Correspondent

**HOLLYWOOD** — Don't be surprised if Helen Hayes and Charles MacArthur legally adopt young actress Bethel Leslie, a close friend of the late Mary MacArthur. Bethel has become Helen's inseparable companion.

Peter Lawford's mother, Lady Lawford, is serious about a movie career and is asking agents to mention her name around the studios.

Ginny Simms, who denied our exclusive on her separation from Hyatt Dehn, now has admitted that it's true.

Eye-openers: Alan Curtis and his bride of six weeks at the Palm Springs Doll House. The Curtis' are living at the home of Alan's first wife, Ilona Massey, while Ilona is in New York.

Helen Miller's costume party with invitations reading: "Come Dressed As The Movie Star You Hate Most."

Look for pigskin star Glenn Davis to put an engagement ring on Terry Moore's finger any day. She told me: "He's the sweetest, most modest fellow I've ever known."

MGM wants Larry Parks for another film after his co-starring stint with Liz Taylor.

Robert Young is negotiating for the movie rights to the biography of Dr. Clarence Cook Tuttle, the famous cancer specialist.

The advertising catch lines for "Valentino" will read: "So Many Women—So Little Time."

Geraldine Brooks is hot for the femme lead in "Skid Row" at Fox. Pretty model Jean Calder—she's in the trailers for "The Mudlark"—is testing at the same studio.

Director Lloyd Bacon to a feminine extra: "Either that neckline is too low or you're in it too high."

One of the major supporting characters in "Meet Me After The Show" is described by script writers Richard Sale and Mary Loos as follows:

"She is slightly overfed, over-dressed and over-ambitious and the fact that she is a young, rich widow does not help to inhibit her. She is a walking mantrap, rich, earthy and, to say the least, eager."

After considering the matter carefully, Producer George Jessel came up with an actress he considered just right for the part—Luis Andrews, his ex-wife.

Celeste Holm and George Sanders have been demoted by Fox from star status in "All About Eve" to supporting player category for the purpose of Oscar voting.

Hope Emerson and Franklin Pangborn have teamed up for a TV series.

Spike Jones' latest: "I started to

### Odessa Sues Gulf For \$125,000 In Oil Field Accident

ODESSA—Damages totaling \$125,000 were asked in district court here Monday for injuries received by an oil field worker last October south of Penwell.

The damage suit was filed by Ray Wyson of Odessa against the Gulf Oil Corporation and the Western Drilling Company.

Wyson, a member of a casing crew, said he was struck by a piece of pipe being snaked from a pipe rack upon the derrick floor.

### Elephants Stranded By Strike Certain To Get Plenty Water

GRAND RAPIDS, MICH.—(AP)—The rail strike is an inconvenience to Ruth, Marcella, Little Babe, Little Jewel and Trilby.

The five are cramped up here—all 20 tons of them—in a railway baggage car which now should be in Cleveland.

And at this time the New York Central representatives here aren't saying when the five—they're elephants—can leave.

The elephants, stranded here since Saturday, are part of the cast of the Saladin Shrine Circus.

Henry Demuth, the trainer, said the elephants are good natured as long as they are fed and watered.

"Believe me, I see that they get plenty," Demuth said.

Read The Classifieds

### Gulf To Build Huge Ethylene Unit At Port Arthur Refinery

PORT ARTHUR —(AP)— Gulf Oil Corporation officials Tuesday announced plans to build here the world's largest single unit for manufacturing ethylene.

The plant will produce daily almost 2,500,000 cubic feet of a gas used in production of ethyl alcohol, plastics, synthetic rubber, anti-freeze fluids and gasoline anti-knock compounds.

The Gulf announcement said the plant will increase United States production of the gas by approximately 12 per cent.

Gulf officials in Pittsburgh, Pa. did not reveal the cost of the plant. Construction is to begin within two months, with completion scheduled within a year after the ground breaking.

The project includes an eight-inch pipe line 76 miles long and a six-inch line of 32 miles to transport the gas to Gulf coast chemical plants.

Ethylene produced at the plant will be made from by-product gases from Gulf's huge oil refinery here.

The plant's two-acre site will include a series of fractionating towers for separating ethylene, ethane and other hydrocarbons from refinery gases, and a series of cracking furnaces for converting the ethane to ethylene.

Napoleon had little to do with drawing up the Code Napoleon which revised the laws of France in 1807.

You get all 6 packets for 25¢ plus an end from a Sunnybank carton.

## Mrs. Black Talks On Convention At P-TA City Council Meeting

The City Council of the Parent-Teacher Association met Monday in the superintendent's office. Mrs. J. J. Black, district president, discussed the forthcoming district convention in Odessa.

The convention, which will be held April 27-28, will consist of a workshop the first day, followed on the second day by a panel and roundtable discussion of the questions brought up during the workshop.

Mrs. Black announced one of the state convention projects would be joining with the Texas Safety Commission in working out rules for children's safety. She told the group the state handbook was being re-

written. She also discussed the three-year administrative theme, "Safeguarding Our Freedoms Through Responsible Leadership."

It was announced the state convention will be held November 14-18 in Dallas, while the national convention is scheduled for May 21-23 in Miami, Fla.

Plans were made for school Valentine parties for which the children and the teachers will make the Valentine boxes. Plans also were announced for high school students to tell stories in the elementary schools during the Easter season.

A nominating committee was elected to choose the slate of officers for next year. Those named were Mrs. M. O. Gibson, Charles F. Mathews and Mrs. Vernon Bottoms.

It was announced the North Elementary Preschool Study Group will show a film, "Meeting the Child's Need Through Play," at 7:30 p.m. February 14 in the school. Mr. Carlin of the Midland Memorial Hospital will give the commentary. All schools are invited.

Frank Monroe, superintendent, talked on House Bill No. 9.

Others attending were Mrs. Stanley Erskine, Mrs. Allen Cowden, Mrs. Clyde Gwyn, Mrs. Hal Rachal, Mrs. Raymond Leggett, Mrs. J. Earl Wilson, Mrs. Robert L. Wood, Mrs. T. McElligott, Mrs. George H. Logan, Jr., Mrs. J. C. Rinker, Mrs. E. J. Murphy, C. W. Johnson and Leslie R. Hinds.

## Dinner Honors Bridal Party

Mr. and Mrs. W. H. Clingman, Sr., gave a rehearsal dinner for Mary Jane Wheeler, W. H. Clingman, Jr., and their wedding party Monday night in the Petroleum Club.

The couple was to be married at 4 p.m. Tuesday in the Trinity Episcopal Church.

The T-shaped table was decorated with two centerpieces of white stock and pink carnations. Silver candelabra holding white tapers completed the decorations.

Relatives, out-of-city guests and the bridal party attended.

Others attending were Mrs. Stanley Erskine, Mrs. Allen Cowden, Mrs. Clyde Gwyn, Mrs. Hal Rachal, Mrs. Raymond Leggett, Mrs. J. Earl Wilson, Mrs. Robert L. Wood, Mrs. T. McElligott, Mrs. George H. Logan, Jr., Mrs. J. C. Rinker, Mrs. E. J. Murphy, C. W. Johnson and Leslie R. Hinds.

**CUB PACK TO MEET**  
Cub Scout Pack 155 will meet at 7:30 p.m. Tuesday in the St. Mark's Methodist Church. Charles Poole, leader, asks that the parents of the members also be present.

## Bride-Elect Honored With Tea

Mary Jane Wheeler, bride-elect of William Clingman, Jr., was honored Saturday with a tea in the home of Mrs. Ed Alstrin. Mrs. Wallace Ford was the co-hostess.

An all-white color scheme was carried out in the decorations. White tulips and sweet peas were used in the living room, while an arrangement of white tulips centered the refreshment table. Mrs. Dana Whitton of Abilene and Mrs. Wendell Matthews poured.

Approximately 60 out-of-city guests and close friends of the bride-elect attended. Out-of-city guests were Mrs. William Clingman, Sr., and Mary Clingman of Grand Rapids, Mich.; Mrs. Duane Wheeler of Minneapolis; Mrs. Clarence Fredell of Chihuahua, Chihuahua, Mexico; Mrs. Richard Smith of Dallas; Mrs. Wilford Lehman and Ann Lehman of Sterling, Ill., and Mrs. Whitton.

**CHANGES MEETING PLACE**  
The Junior Woman's Wednesday Club will meet at 3 p.m. in the home of Mrs. Irby Dyer, 1809 West Illinois Street, instead of in the home of Mrs. Fred Kotzky, as announced previously.

A rubber spatula will help you get every bit of batter out of a mixing bowl when you are making cake, cookies or a quick bread. Or you can use one of the inexpensive new spatulas made from plastic.

## Asbury Church Circles Meet

The Women's Society of Christian Service of the Asbury Methodist Church met in circles Monday.

Mrs. J. P. Carson, Jr., led the study, "We Seek Him Together," at a meeting of the Friendship Circle in the home of Mrs. J. A. Andrews. Mrs. R. L. Bowman talked on "Surroundings of Worship" and Mrs. G. H. Lawless read the scripture. The opening prayer was given by Mrs. W. A. Jackson.

Members answered roll call with a scripture reading. Mrs. Dennis Ford closed the meeting with a prayer.

Others attending were Mrs. Clyde Gwyn, Mrs. W. T. Wilson, Mrs. Theo Ferguson, Mrs. Loy Busby and a guest, Mrs. C. L. Stephenson.

Led by Mrs. J. S. Grimes, the Builders Circle continued its study of the book, "So Sure of Life." The group met in the home of Mrs. Jess Hooper, 711 South Loring Street.

The devotional, "Home Missions Look to the Community," was given by Mrs. J. B. Stewart. Mrs. Grace Wright spoke on "Home Missions and the Community Join Hands." Plans were made to attend the zone meeting in Stanton Tuesday and to participate in the World Day of Prayer service Friday. Mrs. Hooper gave the closing prayer.

The next meeting will be held at 3 p.m. Monday in the home of Mrs. J. B. Stewart, 606 South Loring Street.

Others attending were Estelle King, Mrs. G. W. Damron, Mrs. Preston Pirtle, Mrs. W. A. Hughes and Mrs. H. H. Bickley.

To French-fry six small sized potatoes (pared and cut in strips), you'll need about one pound of fat. Count on one or two potatoes for each person you are serving.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, FEB. 6, 1951-3

## Mrs. Hodge To Be Honored At 'The Party Of The Year'

Mrs. J. Howard Hodge said, "I immediately got my hat and put it on so I wouldn't get the big head," when asked how she felt when told she was to be one of the nine women in Texas honored at the second annual "Party of the Year." The dinner will be held Friday night in the Baker Hotel in Mineral Wells.

Mrs. Hodge said she had read and heard about this dinner but "it didn't occur to her that I would be one of the chosen ones. I was indeed surprised."

As president of the Texas Federation of Women's Clubs, Mrs. Hodge said she felt it was a recognition due the federation rather

## Margaret Daniel, Harry L. Gunn Exchange Vows

**CRANE**—In a double-ring ceremony Saturday Margaret Ruth Daniel became the bride of Harry Lewis Gunn. The ceremony was performed in the Sacred Heart Catholic Church in McCamey with the Rev. Frederick Doreon, M.I.F., officiating.

The bride is the daughter of Mr. and Mrs. M. A. Daniel of Gold-

Mrs. Harry L. Gunn smith, Gunn is the son of Mr. and Mrs. W. B. Gunn of Crane.

Baskets of gladiolus and white tapers decorated the church. Mrs. A. E. Galloway played the organ. Willis Gunn of Albuquerque, N. M., was his brother's best man. Ann Merle Daniel was her sister's maid of honor. Ushers were Dr. Marvin Wells of Dallas and Kenneth Daniel.

Given in marriage by her father the bride chose a rose beige suit with navy and beige accessories. She carried a white orchid and hyacinths on a white Prayer Book.

**Bouquet Of Carnations**  
The maid of honor wore a gold suit with navy and gold accessories. She carried a bouquet of wine carnations.

After the wedding a reception was held in the Gunn home. Assisting the couple in receiving were their parents, the maid of honor and Mrs. Marvin Wells and Mrs. Willis Gunn. Mrs. Thomas Hogan served the cake and Mrs. J. H. Davis presided at the silver service. Mrs. Irl Glass registered guests.

The table was covered with a lace over satin cloth and centered with an arrangement of wine carnations. Irl Glass played during the reception.

The couple was graduated from Crane High School and Texas Technological College in Lubbock. Mrs. Gunn formerly was employed by the Lubbock Avalanche-Journal.

**Westminster Choir To Be In Odessa**  
The Westminster Choir of the Westminster Choir College in Princeton, N. J., will present a concert February 19 in the Odessa High School gymnasium. Tickets may be purchased in Midland from Mrs. Marian Alles at 3506-J or from George L. DeHart at 1410 or 428.

The appearance of the choir, under the direction of John Finley Williamson, is being sponsored by Odessa Junior College. Reservations also can be obtained by writing Mrs. Doris Edwards, Westminster Concert, P. O. Box 3752, Odessa.

Early orthodox Moslems regarded coffee as an intoxicating beverage and its use is prohibited in the Koran.

than a personal honor. Mrs. Hodge added she hoped many Texas clubwomen would be on hand for the public dinner.

Mrs. Hodge also is co-chairman with Gov. Allan Shivers of the Gonzales Warm Springs Foundation and a trustee of Howard Payne College at Brownwood.

The Midland clubwoman now is busy with plans for the district convention to be held soon and the international convention to be held in Houston in May. She is general chairman for the international convention Delegates from many countries and all over the United States will be in Houston for the convention.

The convention will feature such speakers as Celo Dawson, Governor Shivers and others. The Midland Lions Club Band has been asked to play.

Before becoming TPWF president Mrs. Hodge served as a club president, district president and member of the state executive board.

After being elected president she chose as her theme "Education For World Citizenship" and has carried it out through her administration.

Her election as federation president last fall also gave her top claim to the title "Woman of the Year in Midland," and placed her in a high position among Texas women. It also marked a climax to her years of interest and work with federated clubs.

Now she has been named "one of the nine outstanding women of Texas."

## Letha Sanders Talks To WMU

Letha Saunders, missionary to Brazil, talked to the Women's Missionary Union of the Calvary Baptist Church Monday on her work. The meeting was held in the church.

Members present were Mrs. A. L. Teaff, Mrs. Glenn Stewart, Mrs. Preston Vest, Mrs. Hoyt Burris, Mrs. B. L. Mason, Mrs. G. D. Johnson, Mrs. J. C. Porter, Mrs. Kirby Thompson, Mrs. W. G. Flournoy, Mrs. Luther Martin, Mrs. J. D. Robbins, Mrs. J. C. Crowe, Mrs. F. E. Conner, Mrs. Ulys Barber, Mrs. Claude St. John, Mrs. L. C. Conner, Mrs. J. T. Meeks, Mrs. A. E. Bowman and Mrs. Lory Absher.

Guests were Myrtle Saunders, Mrs. M. M. Subbiefeld, Mrs. R. C. Fraser, Clara Campbell, Elsie Campbell, Mrs. J. C. Skelton, Mrs. Tom Wood, Mrs. O. C. Lester, Mrs. Delbert Wells, Mrs. Nolan Carroll, the Rev. A. L. Teaff, Mrs. B. F. Carson, Mrs. Nelson Adams and Mrs. F. A. Hargrove.

Better Late Than Never

When Senator McCarthy of Wisconsin was pressing his charges of communism in government, many responsible men in and out of Congress urged that the inquiry be transferred from a Senate committee to an independent, non-partisan commission.

Many months later, President Truman now has created such a commission—a nine-member board to be headed by Adm. Chester Nimitz. The delay is not surprising, since the President seldom yields to pressure demands while the heat is on.

The American concerned for the safety of his country and the inviolability of his rights surely may wish this commission had been at work long ago. For much damage has been done in recent years by reckless, ill-founded charges against individuals. And one can only guess at the undermining of U. S. security which may be taking place constantly as a result of our ineffective checks on spying and subversion.

Truman's grant of authority to the new commission appears broad enough to enable it to do a competent job.

The group, to be composed of qualified educators, lawyers and others with experience in security and civil rights, will canvass all our laws against treason, espionage, sabotage and other matters affecting internal security. Where they are not adequate, the commission is called upon to recommend new laws to give us proper protection.

Had such a study been made a year or two back, Congress could have acted to combat subversion much more wisely than it seems to have done in the Anti-Subversion Act sponsored by Senator McCarran and others.

The commission also will examine the government's security and loyalty programs to measure their value and fairness. Here the group will be invading the field explored so vigorously last year by McCarthy. To do its chore thoroughly, Truman will allow the commission to delve into individual case files held secret by loyalty and security officials.

Since the members presumably will be high-minded, patriotic citizens, their report on this phase of U. S. security will may prove to be the final, definitive one on the extent of disloyalty and espionage in government departments.

It is significant, too, that their work is not to be one-sided. Security means restrictions, and restrictions impinge upon personal liberties. We must strive always to maintain the necessary balance between security and freedom, if we are not to lose our reason for fighting tyranny.

The commission is asked to consider the need for "protecting individuals from unwarranted attacks and unwarranted infringement of their rights and liberties in the name of security."

No group of Americans ever had a more delicate task than guiding us toward an attainment of that vital balance. May it undertake its work completely sensible of its heavy responsibilities.

No Red Herring About This, Eh, Harry?

DREW PEARSON ON 'The WASHINGTON MERRY-GO-ROUND'

Drew Pearson says: Pentagon debates big army vs. Air armada; Truman tax conference resulted in sharp clashes; Gov. Jimmie Byrnes will fight for his program.

WASHINGTON — An all-important debate is going on inside the Pentagon. On its outcome will depend whether we keep on building up a huge land army; also whether we draft more married men and have a continuing policy of drafting 18-year-olds.

The debate is over the basic military question of whether it takes a big army of foot soldiers or a big air armada to win a war.

Old line Army men, led by Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, together with Gen. Lawton Collins, the Army's chief of staff, both favor building a huge army, claim that final victory will be decided on the ground.

The Air Force, on the other hand, argues that we can never outdistance the Red hordes of Asia and Russia; that our only chance to win is to produce superior weapons and airplanes. Russia, they claim, never can be whipped on the ground. Her manpower reserves are too limitless and the Russian value of life too cheap.

There is a very honest difference of opinion about this, and the men who differ do so not to promote their own type of warfare but with the interest of their country at heart.

The debate now has gone one step beyond the Pentagon to the National Security Council, composed of President Truman, Vice President Barkley, Secretary of Defense Marshall, Secretary of State Acheson and Security Resources Board Chairman Stuart Symington.

Inside the National Security Council, Symington is leading the fight to put most of our defense eggs in the aviation and tactical weapons basket. He is opposed chiefly by General Marshall, a former infantryman, who argues for a big land army.

So far the President has stuck with Marshall.

However, the outcome of the atomic tests in Nevada may help to settle the question. One of the most important weapons the scientists are reported testing in Nevada is atomic artillery shells which General Collins announced we were developing. If atomic artillery shells are proved practical in the Nevada test, it will make the Red Army's famed artillery old fashioned overnight and will mean that a big land army is not so necessary.

Unrecommended Reading: Two ex-Roosevelt aides, George Allen and Judge Samuel Rosenman, were traveling from New York to Washington and had a literary argument in the diner.

Noticing a man at the next table deep in a book, Judge Rosenman remarked: "Now there is a citizen improving his mind on his way to Washington. What kind of book do you suppose it is?"

"George," continued Rosenman in deep horror, "the country is going to the bowwows. It's that terrible low-brow book of yours, 'Presidents Who Have Known Me.' Here I write a serious, scholarly book about government, and haven't found more than ten people who ever read it. But this terrible thing of yours is every place."

"There are only two pieces of reading matter in the entire dining car," concluded Rosenman, "the menu and your book. Personally I prefer the menu!"

The President's private tax conference with members of the House Ways and Means Committee, wasn't improving his mind on his way to Washington. What kind of book do you suppose it is?"

"George," continued Rosenman in deep horror, "the country is going to the bowwows. It's that terrible low-brow book of yours, 'Presidents Who Have Known Me.' Here I write a serious, scholarly book about government, and haven't found more than ten people who ever read it. But this terrible thing of yours is every place."

"There are only two pieces of reading matter in the entire dining car," concluded Rosenman, "the menu and your book. Personally I prefer the menu!"

Jacoby On Bridge

By OSWALD JACOBY, Written for NEA Service. A jump shift bid is not only forcing to game; it also hints emphatically at a slam. The hint may be so strong that the partner is compelled to go past game even though he has a very weak hand.

For example, consider the South hand shown today. At first glance, it is almost worthless; but it seems to grow in value as the North player makes one powerful bid after another.

When North finally shows support for a spade suit that has been bid only once, he promises a strong four-card spade bidding. Moreover, North has opened the bidding in hearts and therefore must have a five-card heart suit. The jump shift in diamonds should show at least three cards in that suit.

Hence North cannot have more than a singleton in clubs.

When the hand was actually bid, South read the message. He knew that North was trying to show hand that was just short of an opening

diamonds. The opponents pass throughout. What do you do next? A—Bid five spades. The bidding is discussed in today's hand.

TODAY'S QUESTION With both sides vulnerable, your partner deals and bids one heart. The next player passes, and you hold: Spades K-J-7, Hearts 10-4, Diamonds A-J-8-6, Clubs K-Q-7-3. What do you do?

Answer Tomorrow

So They Say

I've never doubted yet (on the air), but cab drivers are always asking me what would happen if I did.

—Snooky Lanson, cigarette smoker for television commercials.

Too many communities that undertake solutions to the problem of alcoholism have their programs wrecked—either by over-enthusiasm or not enough of it.

—Dr. Selden D. Baker, of Yale.

The United States does not have the power to win ground wars against foes... whose manpower is inexhaustible and to whom human life means little or nothing.

—John Cowles, publisher.

It is a mistake... to think the Marshall Plan has failed. After... two or three years it (communism) grew weaker. In my own country now, communism is no longer a political force.

—Paul Henri Spaak, former Foreign Belgian Minister.

two-bid, with the distribution just described. Hence South nerved himself to bid the slam even though he had three small cards in the unsuit and a generally weak hand.

The play was as interesting as the bidding. West opened the king of clubs, holding the trick, and then shifted to a trump. It looked easy for a moment, but South thought the problem through to the end.

It looked as though South should simply ruff two clubs in dummy, draw trumps, and cash all the high cards. But if South tries that plan, he may stub his toe.

For example, suppose South wins the first round of trumps, ruffs a club in dummy, gets back to his hand with a trump, and ruffs another club in dummy. Now, how does he get back to his hand to draw the last trump? Three rounds of diamonds might permit an opponent to ruff; while three rounds of hearts might give West an over-ruff.

To guard against these dangers, South won the first trump trick with dummy's ace, cashed the ace of hearts, and then led to the king of spades. Next he led the ten of hearts to dummy's king and ruffed a heart in his own hand. West could not over-ruff the ten of spades, so South discarded. South next led to the king of diamonds and ruffed another heart with the queen of spades.

It was now easy to get to dummy by ruffing a club (without any serious danger of an over-ruff). Dummy could then draw the last trump, and the hand could be shown.

PETER EDSON'S Washington News Notebook

Sauce For The Gander: Washington May Put Leash On Red Diplomats

WASHINGTON — (NEA) — New restrictions on the movement of Russian diplomats in the United States are being considered. U. S. government now limits movement of Roumanian and Hungarian diplomats in this country. But Russians are allowed to go and come as they please. This in spite of the fact that American diplomats in Russia are limited strictly in their movements by Soviet government.

Questions and Answers

Q—Who discovered Lake Erie? A—Louis Joliet is honored as the first white man to see the waters of Lake Erie. All five of the Great Lakes were found by explorers who sailed and marched under the flag of France.

Q—What is the highest rank ever created in the United States Navy? A—The rank of Admiral of the Navy was created in 1899 for George Dewey. It expired upon his death in 1917.

Q—Was Grieg's "Peer Gynt" originally composed for the piano? A—The Peer Gynt music was originally written as incidental music for Ibsen's play "Peer Gynt." Later Grieg arranged it in two concert suites.

Q—In what year was the great Charleston, S. C., earthquake? A—On Aug. 31, 1886, Charleston suffered the greatest earthquake in its history. The disturbance caused a property damage of more than five-million dollars and many lives were lost.

## Minister Feels Good Again

HADACOL Supplies Vitamins B1, B2, Niacin and Iron Which His System Lacked

Here is something worth remembering. When you are not feeling well, you are unable to accomplish very much, your working power is limited, your ambition is deadened and you feel like you want to quit doing anything. F. M. Garrett, Route 1, Box 28 - A, Starke, Fla., is a minister and when he began feeling bad, he did something about it. Rev. Garrett began taking HADACOL and he says he now feels good. HADACOL supplied Vitamins B1, B2, Niacin and Iron in which his system was deficient. Here is what Rev. Garrett says about HADACOL: "I am a minister, 76 years old, and can truthfully say that HADACOL was a God-send to me as I had been, sick, could not sleep, and could not eat anything without suffering much pain. I was not able to work any and I felt bad all the time. One of my brothers-in-law said: 'Why don't you get some HADACOL and take it?' I did, and now I feel like a different man and can work all day. That has been 5 months ago. Before I took half the bottle. I could tell a wonderful change had taken place for the better. I can gladly recommend it to anyone." Copyright 1951, The LeBlanc Corp.

## Mrs. Halfast Calls For Silver Spur

Mr. and Mrs. Dean Corley and Mr. and Mrs. Dell Taylor were hosts to the Silver Spur Square Dance Club when it met Monday night in the Midland Officers Club. Mrs. Ed Halfast called. A short business meeting was held. Guests were Mr. and Mrs. Richard Hughton and Ed Halfast. Members present were Mr. and Mrs. Martin Deuth, Mr. and Mrs. G. N. Donovan, Mr. and Mrs. Jess Laminack, Mr. and Mrs. Jess Lindsey, Mr. and Mrs. Don McKibbin, Mr. and Mrs. T. L. Stall and Mr. and Mrs. B. W. David.

Americans are expected to consume 8,000,000 tons of sugar in 1961.

## KNIGHTS TEMPLAR OFFICIAL VISITS MIDLAND CHAPTER

A large gathering of Knights Templar attended a meeting Monday night in the Masonic Temple when H. B. (Jake) Beard, eminent grand warder of the Grand Commandery, Knights Templar of Texas, paid his annual visit to inspect the Midland Commandery. Holt Jowell is the eminent commander of the Midland unit.

The length of the northern boundary of the United States, excluding Alaska, is 3,987 miles.

## Farewell Party Honors Couple

The Rev. and Mrs. Monroe Peters were honored with a farewell party in the home of Mr. and Mrs. J. S. Patton. Mr. Peters is pastor of the Greenwood Baptist Church. A valentine theme was used in the decorations. Refreshments were served to approximately 25 guests. Rev. and Mrs. Peters are moving to Keyes.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Who Is A Monkey?

There came the noise of a fire-truck. It was coming down the Elephant Path, and the siren was making a siren noise. Closer and closer came the firetruck, and then it skidded to a stop in a cloud of dust.

"Yoo-hoo!" said a silly voice from the driver's seat. The voice was the Monkey Catcher calling to the bushes there by the side of the Elephant Path.

Out came Daddy Ringtail, our monkey friend. "Happy day, Mr. Monkey Catcher!" he called.

Said the Monkey Catcher: "I'm going to catch me a monkey, I am, and take it home to my zoo." Oh, he was going to catch him a mon-

key indeed, except he didn't know what a monkey looked like. He said he didn't.

"Well," Daddy Ringtail explained,

ed, "a monkey has great big ear-like mine."

"Do tell!" said the Monkey Catcher.

"Yes," Daddy Ringtail said, "and

a monkey has a tail—like mine. In fact, a monkey looks exactly like me."

"Gotta!" said the Monkey Catcher, and there he began to tie Daddy Ringtail tight with a rope from head to foot.

Oh, it was serious business indeed. Daddy Ringtail couldn't climb a tree, or run away. It was much too late for those things, because the rope was tight around him. Why, he couldn't even wiggle a finger. The thinking muscles in his head were the only muscles left to use. Daddy Ringtail used them.

He said: "Monkey Catcher you can't catch a monkey without a Monkey-Catcher cap on your head. It wouldn't be fair."

Now the Monkey Catcher wanted to be fair, and so he pulled his Monkey-Catcher cap from out of his pocket. He put it on his head. He pulled at the rope to get Daddy Ringtail in the fire-truck.

"Wait! Wait!" Daddy Ringtail said. "Today is Tuesday, and it's against the rules to be catching a monkey on Tuesday."

The Monkey Catcher stopped his pulling at the rope. He began to untie it. The day was Tuesday indeed, and he wanted to obey the rules. Everyone should. And so Daddy Ringtail lives there still in the Great Forest. Happy day!

**SIDE GLANCES**—An American Optical Company employe at Southbridge, Mass., models unique "side glance" spectacles especially made to aid a person with a partially-blind right eye. The wearer's eye is reflected in a tiny mirror. Objects approaching on the blind side are reflected onto the still-functioning portion of the eye's retina, thus widening the restricted field of vision. The glasses were designed by Dr. Eric Bell, of Cleveland, Ohio.

**Long Staple Cotton Price Support Set At \$1.04 Per Pound**

WASHINGTON — (AP) — American-Egyptian long staple cotton will be supported by the government this year at base rates averaging \$1.04 a pound. The long staple product is grown in the Pecos Valley of Texas and in Arizona, California and New Mexico.

The long staple used in making threads and fibers needed by the Army brought about 76 cents last year. The government wants 78,000 bales. Agriculture Department officials said without the supports they feared the crop would total only 10,000 bales. It was not supported last year.

★ THE DOCTOR SAYS ★

**Children Should Be Checked For Rheumatic Heart Disease**

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

Heart disease caused by rheumatic fever is responsible for at least half of all cases of heart trouble in children. About one youngster in 250 is afflicted with rheumatic heart disease. This is even worse in certain mountain areas where rheumatic fever is particularly common and may rise to more than one in 100.

Rheumatic fever has been called childhood's greatest enemy. It also attacks grownups and is one of the most important causes of heart disease in later life as well as in childhood. In its typical form it produces swelling, pain, and redness of the joints, usually skipping from one to another. The joints recover entirely, but permanent damage to the heart all too often results.

Both the heart muscle which

causes this organ to contract and expand thus producing its pump-like action, and the inner valves of the heart may be injured. The valves which lie between the heart chambers serve an important purpose in the circulation of the blood. If they are damaged in such a way as to cause the blood to flow backward into a chamber which it is supposed to have left, the heart of course is subjected to extra strain.

Until medical science has discovered the cause of rheumatic fever, or at least some good way of preventing it, the important thing is to diagnose its presence as early as possible so that proper treatment can be outlined. Rheumatic fever is not always a dramatic thing and sometimes rheumatic heart disease can arise without any illness which has been recognized by the parents.

In order to find it promptly all school children should have an adequate physical examination at least once a year. This can be done well by the school physician because practically every child comes under his observation at regular intervals. This challenge is being met with increasing success.

Treatment of rheumatic fever is also not yet wholly satisfactory. Complete rest in bed is necessary as is good nursing care, such as would be used for any acute infection or illness. Drugs of the salicylate family, such as aspirin by mouth and oil of wintergreen externally, have been used for many years and still are used in this disease.

The principal aim of whatever

**Casualties in Korea**

WASHINGTON — (AP) — One Texan was listed as killed, one wounded and eight missing in action in the Defense Department's latest casualty list (No. 219) on Korean fighting. All were Army personnel.

Killed in action: M/Sgt. Lloyd L. Sutton, Fort Worth (previously reported missing).

Wounded: Pfc. Willie Johnson, San Antonio.

Missing in action: Pvt. Earl D. Gorka, Houston; Pvt. Richard E. McCurley, Thalia; Sgt. Charles V. Pettigrew, Fort Worth; First Lt. Alain L. Settle, Kilgore; Pvt. William E. Smith, Lubbock; Sgt. Gene E. Swanger, Texarkana; Pfc. James O. Taylor, Mount Pleasant.

**Jet Pilot Escapes In Crash Landing**

LUBBOCK — (AP) — First Lt. Leiland G. Anderson of Kansas City, Mo., escaped injury Monday when his F-80 jet fighter crash landed at Reese Air Force Base near here and burst into flames.

Anderson, enroute from Oklahoma City to Albuquerque, N. M., decided to land at Reese when he became low on fuel. The wheels of the plane hit an embankment at the end of a runway, lofted the plane in the air and it crashed on the runway. Anderson jumped out as the plane burst into flames.

treatment is employed is to prevent heart damage or at least keep it to a minimum and also to speed recovery from the acute attack.

DANIEL B. COGSWELL DIES IN CALIFORNIA  
ALAMEDA, CALIF. — (AP) — Daniel B. Cogswell, 68, who spent most of his life in the oil and gas industry in Texas and Kansas, died Monday of heart disease.  
He laid one of the first natural gas lines. It was from Kansas to Michigan.

### Midwest Receives Cold Blast, Snow

By The Associated Press  
Another blast of snow and cold strong winds whipped across the Northern plains into Minnesota Tuesday and headed for other parts of the Winter-weary Midwest. Blizzard conditions prevailed in the Eastern Dakotas and Northern Minnesota. Temperatures were below zero. Freshly fallen snow was blown by winds up to 35 miles an hour. The cold also hit parts of the Eastern Rocky Mountain region. It was -14 at Dickinson, N. D., and -10 at Bismarck, N. D.  
Heavy snow was in prospect for Northeastern Iowa to Lake Superior. Rain and snow was the forecast from the Southern Great Lakes to the Middle Mississippi Valley. Cold weather was forecast for the entire North Central region.  
Much of the Eastern half of the nation had comparatively mild weather early Tuesday as temperatures moderated after last week's blustery cold weather.

### Scout Anniversary To Be Celebrated

CRANE—The 41st anniversary of the Boy Scouts of America will be celebrated in Crane with a full week of activities, beginning Tuesday. A "kick-off" party, sponsored by the Rebekah Lodge, is set for 8 p.m. Tuesday.  
A campfire ceremony at the display camp which will be set up all week across the street from the Methodist Church, is scheduled for 7 p.m. Wednesday.  
A parade through the downtown district Saturday, with all Scout units participating, will begin at 9 a.m. Following the parade, Scouts will take over the city government and rule the city for a day.  
The father and son banquet will be held at 7 p.m. Saturday in the Community Hall. All men are urged to attend. Men who do not have sons are urged to bring a neighbor's son.  
Church services for the Scouts will be held Sunday in the First Christian Church.  
Parents' night and open house is scheduled Monday in the Scout Hut to conclude the Scout Week activities.

### MISSING — Cpl. William G. Thomas, 21, has been reported by the Department of Defense as missing in action while fighting with the 6th Infantry Division in Korea. He is the son of Mr. and Mrs. R. S. Thomas of Terminal. Corporal Thomas has been missing since January 22.

### 75-Year-Old Man Given Prison Term For Mailing Bombs

TYLER, TEXAS —(AP)— A 75-year-old man was sentenced to 18 months in prison after pleading guilty to sending three explosives-packed parcels through the mail. Frank B. Kucyn told Federal Judge Randolph Bryant Monday he mailed the packages "as a practical joke."  
"That's a pretty serious joke," Bryant said.  
Kucyn was arrested and charged shortly after he mailed a package at Edom, Texas, near here, last September 20. The Edom postmistress became suspicious and opened the parcel. Inside she found three smaller packages, each containing a table model cigarette lighter filled with black powder and a dynamite cap.  
U. S. Attorney Warren G. Moore said the large package was addressed to Angelo Saldana in Los Angeles, Calif. It contained a note asking that the smaller packages be remailed.  
Moore said the smaller packages were addressed to Homer Carey, Marshall, Texas; Beatrice V. Ylarkis, Los Angeles, Mrs. Kucyn's daughter by a former marriage, and Harry O. Nelson, Shreveport, La., Carey's brother-in-law.  
The Suez Canal connects the Mediterranean with the Red Sea and is 104.50 miles long.

### Minister Announces Three-Year Defense Program For Canada

OTTAWA —(AP)— Canadian Defense Minister Brooke Claxton announced in Parliament Monday night a \$5,000,000,000 three-year defense program providing a 40-squadron air force and more than 3,000 planes.  
The proposed military expenditure overshadows anything Canada has ever known in peacetime. It amounts to more than a quarter of Canada's World War II costs.  
The program places the accent on air power as Canada's major contribution to Gen. Dwight D. Eisenhower's Atlantic alliance forces. Eleven of the 40 active and reserve squadrons planned are to be assigned to Europe with some 800 jet planes.  
Claxton told the House of Commons the defense budget for the next fiscal year will exceed \$1,600,000,000. That is double this year's figure.  
The three-year program provides for:  
1. Stepping up the Navy from 30 ships now in service to 100 ships and doubling the present naval personnel of 10,000 men to handle convoy and patrol duties and defense of the Canadian coasts.  
2. Sending to Europe this year an Army brigade group or regimental combat team of 5,000 to 6,000 men. But this contribution will be overshadowed in time by Canada's air support.  
3. Building about one-quarter of a joint Canadian-American early warning radar screen, using the most modern and powerful apparatus.  
4. Replacing British-type armament with U. S.-type equipment. British arms now in use, enough to equip four divisions, are being sent to other Atlantic pact nations.  
5. Maintaining an army division (18,000 men) in combat strength and organizing some new units, particularly anti-aircraft.  
Claxton said the program envisages a 35,000-man Air Force—larger in time than the Army is now—with regular and reserve squadrons, a 20,000-man force.  
The total strength of 48 squadrons compares with 48 Canada raised in World War II. The active service squadrons will have 25 jet fighters each, either short-range F-86 Sabres or long-range Canucks.

### Workers Set Off Burglar Alarm

Police were dispatched quickly Monday night when The First National Bank's burglar alarm sounded.  
Bank officials hastily explained, however, that it was a false alarm and that workmen were repairing the burglar alarm system.

### Jim Carlson Attends Continental Meeting

Jim Carlson, station manager for Continental Air Lines here, attended a meeting of Continental managers from three states in El Paso Monday.  
The managers studied improved operation methods, training of new employees and revised reservation control at the all-day session.  
Officials from the general offices in Denver led the discussions.  
Station managers from El Paso, Denver, Colorado Springs, and Pueblo, Colo.; Santa Fe, Albuquerque, Carlsbad and Hobbs, N. M.; Midland, San Angelo and San Antonio attended the meeting.

### TRADE TERRITORY COMMITTEE MEETS

A meeting of the Trade Territory Relations Committee of the Midland Chamber of Commerce was held at 4 p.m. Tuesday in the Chamber of Commerce office. President Stanley Erskine announced.  
Plans for a goodwill trip to the Glasscock County Livestock Show in Garden City Friday were discussed at the session.

### Tryouts To Begin For 'Hasty Heart'

Tryouts for the next Community Theater production, "The Hasty Heart," will be held at 8 p.m. Tuesday in the City-County Auditorium.  
There are parts for eight men and one girl. Anyone interested is urged to attend the tryouts. They will be held again at 8 p.m. Friday.  
The play will be given March 14-17. The story tells of a wounded Scotch soldier whose last few weeks of life, spent in a convalescent ward of a hospital in the Orient, are changed by the persons around him.

### New Ector, Dawson Fields Designated

AUSTIN —(AP)— The Railroad Commission Tuesday set discovery allowables and new field designations for two West Texas oil fields.  
The commission designated as TXL (Tubb) field Texas Gulf Producing Company's Woodward et al well No. 1, Ector County. The commission designated as Smith (Spraberry) field Standard Oil's M. V. A. Smith well No. 1, Dawson County.

### Workers Set Off Burglar Alarm

Police were dispatched quickly Monday night when The First National Bank's burglar alarm sounded.  
Bank officials hastily explained, however, that it was a false alarm and that workmen were repairing the burglar alarm system.

### U. S. Wants Larger Castor Bean Acreage

WASHINGTON —(AP)— The government wants 90,000 acres of Texas and Oklahoma dry land planted to castor beans. Castor oil is valued highly as a lubricant for high altitude planes.  
The Agriculture Department said it will pay at least a dime a pound for hulled beans. It wants 90,000 to 100,000 acres planted this year compared to 10,000 last year.

### Christian Laymen Hear Mrs. Sidwell

Experiences and highlights encountered on her recent trip to Europe were related by Mrs. Ernest Sidwell, a member of the Board of Education of the Midland Independent School District, at the regular meeting of the Laymen's League of the First Christian Church Monday night.  
A large crowd attended the dinner-meeting, which was held in the church.  
Mary Ann Searles furnished the musical program, playing several accordion selections.

### Livestock

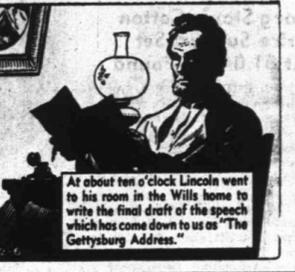

FORT WORTH —(AP)— Cattle 1,600; calves 500; active and strong; good and choice slaughter steers and yearlings 31.00-33.00; common and medium 25.00-30.00; fat cows 23.50-26.00; good and choice slaughter calves 31.00; culls 20.00-24.00; stocker calves 25.00-37.50; stocker yearlings 25.00-35.00; stocker cows 22.00-26.50.  
Hogs 1,300; steady; good and choice 190-290 lb butchers 22.00; good and choice 160-185 lb hogs 20.00-21.75; sows 18.00-50; feeder pigs 15.00-18.00.  
Sheep 2,000; steady; good slaughter lambs with No. 1 or No. 2 points 32.00; medium slaughter ewes with No. 2 points 16.00; good woolled feeder lambs 36.00; Fall shorn feeder lambs 33.50; shorn feeder lambs with No. 2 points 29.00-31.00; mixed fat and feeder lambs 31.00.  
GLENN MURRAY'S MOVE HERE TO MAKE HOME  
Mr. and Mrs. Glenn Murray and young son, who was born January 17, have moved to Midland from Fort Worth to make their home. Murray, son of Mr. and Mrs. C. G. Murray, formerly resided here. He has been attending Southwestern Baptist Seminary at Fort Worth.

Lincoln planned to write his speech on the train to Gettysburg. How- ever he was occupied with military problems, and had no time to compose his thoughts.

In Gettysburg, the President was a guest of Chairman Wills of the Cemetery Committee. Serenaders asked Lincoln to speak. He said: "In my position, it is important that I should not say foolish things." A voice cried: "If you can help it!"

At about ten o'clock Lincoln went to his room in the Wills home to write the final draft of the speech which has come down to us as "The Gettysburg Address."

### Dr. Rodgers Smyth To Address TB Association Meet

The State Tuberculosis Sanatorium at Carlsbad—its operation, rules and regulations—will be discussed by Dr. Rodgers Smyth, superintendent, at the February meeting of the Midland County Tuberculosis Association at 8 p.m. Tuesday in the commissioners courtroom of the courthouse.  
Dr. C. S. Britt, association president, said the meeting is open to the public. He particularly urged all TB association members, Midland County physicians and representatives of welfare organizations to attend.

### State Approves Shift Of CRAM Dam From Mitchell To Scurry

AUSTIN — The state Tuesday had approved the shifting of the proposed site for the Colorado River Municipal Water District's dam across the upper Colorado River.  
The State Board of Water Engineers Monday put its stamp of approval on a plan to create a lake in Southwestern Scurry County, instead of in Mitchell County.  
Bids on construction of the dam will be opened Wednesday.

### U. S. Wants Larger Castor Bean Acreage

WASHINGTON —(AP)— The government wants 90,000 acres of Texas and Oklahoma dry land planted to castor beans. Castor oil is valued highly as a lubricant for high altitude planes.  
The Agriculture Department said it will pay at least a dime a pound for hulled beans. It wants 90,000 to 100,000 acres planted this year compared to 10,000 last year.

### 27 States Ratify Amendment Limiting Presidential Terms

NEW YORK —(AP)— A constitutional amendment to limit future presidents to 10 years in the White House has gained ground in recent weeks and may become the law of the land this year.  
Twenty-seven states already have ratified it, leaving nine to go for the necessary three-fourths majority of 33.  
Latest to approve the change in the Constitution were Indiana on January 19, Montana on January 25 and Idaho on January 30.  
The proposed twenty-second Amendment has been kicking around state capitols since the Spring of 1947, when it cleared Congress with the stipulation that it must be ratified by 36 states in seven years (by March, 1954) to become effective.  
It is on many legislative calendars this year.  
Legislative leaders in Arizona and Wyoming say they expect their states to ratify it soon. In Arkansas, the resolution passed the House overwhelmingly and no opposition has developed in the Senate.  
Texas Doubtful  
Indications are that at least six states will not ratify. They are Alabama, Tennessee, Rhode Island, North Carolina, Nevada and Maryland.  
In the doubtful column are Massachusetts, West Virginia, Texas, Oklahoma, South Carolina, Minnesota, Utah, New Mexico, Georgia and Washington.  
The purpose of the amendment is to make compulsory the two-term precedent that began with George Washington and ended with Franklin D. Roosevelt.  
It provides that a President may serve only two elected terms. A man who served up to two years of another President's unexpired term still could serve an additional eight years.  
Truman Exempted  
But a vice president succeeding to the presidency and serving more than two years before the term expired would be eligible for election only once.  
None of these restrictions would apply to President Truman. He was exempted specifically by the Congress.  
Besides Indiana, Montana and Idaho, these other states have ratified (with the date of ratification): Maine (1947), Michigan (1947), Iowa (1947), Kansas (1947), New Hampshire (1947), Oregon (1947), Illinois (1947), Delaware (1947), Vermont (1947), California (1947), New Jersey (1947), Wisconsin (1947), Ohio (1947), Colorado (1947), Pennsylvania (1947), Nebraska (1947), Missouri (1947), Connecticut (1947), New York (1948), Virginia (1948), Mississippi (1948), South Dakota (1949), North Dakota (1949), Louisiana (1950).

### Crude Oil Output Takes Heavy Slump

TULSA, OKLA. —(AP)— The nation's crude oil production averaged 5,870,950 barrels daily during the week ended February 3, a slump of 118,240 barrels from the preceding week's all-time high. The Oil and Gas Journal reported Tuesday.  
Eighty-eight per cent of the net drop was in Texas, which fell 104,000 barrels to 2,554,700 barrels. Kansas was next in the decline, down 17,450 barrels to 304,100, while Colorado slipped 4,100 to 77,200.

### Presbyterian Men To Hear Travelogue At Thursday Night Meet

Mrs. Ernest Sidwell and Mrs. L. W. Sager, who returned several weeks ago from a tour of Europe, will be the speakers at the February meeting of Presbyterian Men of Midland at 8:30 p.m. Thursday in the Fellowship Hall of the First Presbyterian Church.  
The Midland women will review highlights of their trip and will show colored slides taken during their travels. The Passion Play, which they saw in Germany, will be described in detail.  
President Al H. Vineyard urged a large attendance of men of the church.

### Life Underwriters To Attend Sales Meeting

A number of Midland life underwriters are expected to be in Fort Worth Thursday to attend the 22nd annual sales conference sponsored by area associations in cooperation with the Texas Association of Life Underwriters.  
Joe C. Davis, president of the Permian Basin Life Underwriters Association, said six dynamic speakers with practical, workable selling ideas will address the gathering.

# Lubbock Invades Tuesday

The top dog and the little man will clash Tuesday night in the MHS gym, as league leading Lubbock visits the last place Midland Bulldogs. The 3-AA leaders are heavily favored to repeat with a win in the neighborhood of the 55-32 count they ran up against Midland earlier in the season. Lubbock now has won 20 of 23 contests. Midland has managed but five wins in 21 starts.

Coach John Higdon's Bulldog 'B' team will clash with the Lubbock reserves in the opening contest at 6:30 p.m. The 'B' team has won nine of 13 games, and holds a win over the Lubbock 'B' team.

For the varsity Bulldogs, Bob Burks, Dale Sice, Buddy Johnson, Norman Drake and Roy Kimsey probably will start. Coach Higdon's starting lineup probably will consist of Bobby Culpepper, Jesse Hatfield, Bill Erskine, Johnny Kennedy and Bobby Johnson.

# City Bowling Meet Dates Set; Keglers Rules Announced

At a meeting of the City Bowling Association Sunday at Plamor Lanes, February 24-25 and March 1, 3 and 4 were set for the annual City Bowling Tournament.

The first two days of the tournament will be devoted to two-man events, then single events will follow.

Team play will begin Monday February 26, and continue on regularly scheduled league nights. The tournament will conclude March 3-4 with only doubles and singles being rolled.

Listed below are rules and regulations for tournament bowling, as given by Secretary Copper Daugherty:

1. Entries must be mailed or delivered to Copper Daugherty, tournament secretary, Box 1255, or 2205 West Texas Street, on or before midnight February 22.
2. Total fees for five-man, two-man and singles events will be \$2 per man per event. The fees include bowling, 90 cents, secretary 25 cents and 85 cents to the prize fund. All events fee will be \$1 with 75 cents going to the prize fund and the remaining portion to the secretary.
3. This will be a handicap tournament and the handicap will be 75 per cent of the difference between entrant's season average, as of February 22, and a base average of 200. In the five-man team event the assigned average will be that average held by the entrant in the league of which that team is a member.
4. In all other events the assigned average will be the highest average that the contestant holds as of February 22 in the City Association as certified by the league secretary. All contestants must have bowled in at least 21 games of the 1950-51 season.
5. All rules of the tournament, including those cited above, will be strictly in accordance with tournament rules of the American Bowling Congress.

# King's Row

By LARRY KING

Leo Fields, mentor of the Stanton Buffs, was unhappy with the officiating at the Midland-Stanton basketball game in the Odessa tournament last week.

We heard Leo was burned up after the game and called him to see how he felt about it.

It previously had been reported Fields stated that "with good officiating I could beat Midland any day of the week."

But Leo told us Tuesday morning, "I don't think the officials beat us—it broke about even, but the officiating could have been better."

Fields, by the way, thinks he should have defeated Midland even though his team came out on the short end of a 45-36 count. He said his boys made "mistakes they never should have made."

The Stanton team now has a 15-2 win loss record and is a heavy favorite to set up its Class B title at the district tournament in Porsan this weekend.

Answering another inquiry as to where tickets to the Phillips 66-Hardin-Simmons University basketball tilt may be obtained:

The tickets are available at the Midland High School principal's office. Charles Mathews is in charge of the sales. At \$1.20 for adults and 60 cents for students, they are reported to be going fast.

So if you want to see the contest, you'd better get in the ticket line.

Several exhibition baseball games have been lined up for the 1951 Midland Indians. The dates are tentative now and could be changed, but thus far four contests appear to be set—and three of them are carded for Indian Park. Others probably will be added, but here's the games arranged to date:

April 13—Roswell, here.  
April 15—Odessa, there.  
April 16—Odessa, here.  
April 17—Clovis, here.

Clovis is a member of the West Texas-New Mexico League. Another member of that loop—Albuquerque—may play the Indians an exhibition tilt too.

And speaking of coming events, Coach Tugboat Jones has released the Midland High School 1951 track schedule. The Bulldog thin-clads will go to Fort Worth March 16-17 for the Southwest Field and Track Meet, then enter the Bluebonnet Relays at Brownwood March 24. April 7, Midland will enter an invitational meet at Big Spring, then go to Odessa April 14 for the district meet. One week later, April 21, Lubbock will be the site of the regional meet. The state meet in

# Kentucky Widens First-Place Edge In AP Cage Poll

NEW YORK—(AP)—Kentucky gained new support Tuesday as the country's No. 1 college basketball team and lost a serious challenger when Long Island University dropped completely out of the top 10.

These were the principal developments in The Associated Press' eighth weekly poll of sports writers and broadcasters.

# Golf Tourists Test San Antonio Layouts Before Texas Open

SAN ANTONIO—(AP)—Most of the golfing tourists were testing San Antonio courses Tuesday for the \$10,000 Texas Open with a pro-amateur carrying \$2,500 in prize money the main attraction.

Many of those on the tour which moved into Texas this week from Arizona were participating in the pro-amateur.

Par over Brackenridge Park course, where most of the Texas Open will be held, already has taken a beating and the start of the big tournament is two days away.

Monday, a pro-amateur for members of the Texas section of the PGA produced a flock of par-shattering scores. The best one being a five-under 66 by Sam Schneider of Houston. He won \$100.

Ray Gafford of Dallas had a 68 and Elroy Marti and Dudley Bell of Houston, Chuck Klein of San Antonio and Carl Gustafson, Jr., of Austin each fired a 70.

Schneider's 66 equaled the best score turned in over the weekend—that of Ed Oliver of Seattle, Wash., who fired his over the Oak Hills Country Club course.

# Army De-Emphasizes Sports Competition

WASHINGTON—(AP)—The Army has ordered a "de-emphasis" on sports events between posts and Army areas in line with a policy of fuller utilization of military manpower.

The instructions went out in a recent circular which said that in cutting down on competition between posts and Army areas more attention should be given to meets between units at local posts.

A spokesman said the de-emphasis already had started. As an example, he said that in the fiscal year ended last June 30 the Army conducted seven service-wide competitions in which men from all commands participated, with winners of the various commands getting together for the finals. These events were in baseball, tennis, golf, boxing, basketball, softball and bowling.

In the current year only four Army-wide competitions were scheduled.

In only one of its 11 games in 1949 did the College of the Pacific football team score less than five touchdowns.

Street, manager of the St. Louis Cardinals in the early 1930's had been in a weakened condition since an operation last Summer.

Mrs. Street was at his bedside in a hospital when he died at 3:55 a.m.

# A&M Shoots For Top In Game With TCU; Sooners Bop Steers

By The Associated Press

Texas A&M, riding in a tie for the lead with Texas in the South-west Conference basketball race, shoots for first place Tuesday night in a battle with Texas Christian at Fort Worth.

The Aggies beat TCU before at College Station then, however.

Defeat for Texas Christian virtually would kick the two-time losers out of the championship race. Defeat for A&M would shove Texas into the undisputed leadership.

Texas Monday night played an inter-sectional game and lost it. The Longhorns fell before Oklahoma 49-47. It was Texas' second defeat of the season by Oklahoma.

The conference's inter-sectional record is now 16 victories against 32 losses.

Arkansas Beats Rice

In a conference game played Monday night Arkansas whipped Rice 50-42. It was Arkansas' second victory in the championship race and got the Razorbacks out of cellar danger.

Oklahoma stormed back in the second half to whip Texas. The Sooners were behind 21-20 at intermission. Marcus Freiberg, the Greenville, Texas, giant who went to Southern Methodist then left for Oklahoma before doing a nyp playing, pitched in 21 points to lead the Sooner triumph.

Joe Falk flipped in a field goal for Texas in the last 30 seconds that would have tied the score but the points were erased by a personal foul.

Toar Hester counted 18 points in Arkansas' win over Rice. The seventh center spent part of the last half on the bench but already had done the damage.

Southern Methodist and Baylor play at Dallas Tuesday night in a conference game meaning little in the championship race.

# Oklahoma Aggies Take Kansas 46-41

LAWRENCE, KAN.—(AP)—Oklahoma A&M, engaged in a seething, two-team battle with Kentucky for national basketball honors, Tuesday was one victory up on the Wildcats.

Hank Iba's Aggies, ranked No. 2 in Tuesday's Associated Press poll, defeated Kansas 46-41 here Monday night. It was Oklahoma A&M's nineteenth victory against only one setback. Kentucky is 18-1.

Phog Allen, Kansas coach, continued his practice of waving foul shot—and it was a costly maneuver. Kansas waived 21 free throw attempts for possession, but got only four field goals out of it. That means the loser got the equivalent of eight successful free throws in 21 attempts, an extremely poor average.

In a game in 1883, three members of the Chicago Cubs collected three base hits in a single inning.

# BOWLING

Plymouth Oil swept three games from West Texas Reproduction to stay in front in the Petroleum Bowling League in the last round of action. Stuart's Photo team took a 2-1 split from Union Oil to keep a grip on second place. Sun Oil took Seaboard Oil 2-1 to vault into third place.

Other results: Ohio Oil won three games from Skelly Oil, Phillips 66 won three from Tex-Harvey, Rotary Engineers took a 2-1 split from Core Laboratories, Superior Oil grabbed a pair from Browne's Magnolia, Ralph Lowe won over Mabee Drilling 2-1, Standard of Texas took Hamilton Oil 2-1 and Tide Water prevailed over Shell Oil by the same margin.

Stuart's Photo keglers took high team series honors with 2,520 and then took high team game with 870 pins. Fred Rylee rolled 677 for high individual series and amassed 237 pins for the high individual game crown.

Team standings:

Team	W	L
Plymouth Oil	42	18
Stuart's Photo	40	20
Sun Oil	38	22
W. Texas Reproduction	34	26
Core Laboratories	34	26
Ohio Oil	34	26
Rotary Engineers	33	27
Mabee Drilling	32	28
Union Oil	31	29
Standard of Texas	31	29
Phillips 66	30	30
Tex-Harvey	29	31
Seaboard Oil	28	32
Ralph Lowe	28	32
Shell Oil	26	34
Browne's Magnolia	23	37
Superior Oil	23	37
Skelly Oil	22	38
Honolulu Oil	22	38
Tide Water	21	39

# Ezz Charles Kayoes Camp Polk Soldier

CAMP POLK, LA.—(AP)—Heavy-weight Champion Ezzard Charles unleashed a lethal right hand to knock out Pvt. Jimmy Brown of Baltimore in an exhibition bout here Monday night.

The end of the scheduled three-round match came at 1:58 of the second round. Brown, who had fought 73 amateur bouts before entering the service, carried the fight to Charles before the champion sent a flurry of left jabs and then ripped over a hard right.

# Weaver Is Named Tech Grid Coach

LUBBOCK—(AP)—DeWitt Weaver, who learned his football under Gen. Bob Neyland at Tennessee, is coming to Texas Tech as head coach and athletic director.

Dell Morgan resigned as coach last Fall after a season that saw the Red Raiders win only three games. Weaver, assistant coach at Tulsa University, Monday was named to succeed him and also to take the job held by Morley Jennings as athletic director.

Jennings, who came to Tech from Baylor University, where he was football and baseball coach, was offered the job of assistant athletic director or of business manager of athletics. Jennings is thinking it over and will make a decision shortly.

Five-Year Contract

Tech gridiron fortunes fell very low last Fall. The Raiders, who annually play four or five Southwest Conference teams, couldn't win against that league and also couldn't win in their own conference—the Border, in which West Texas State carried off the title.

Tech, one of the largest colleges in Texas, has been seeking admittance to the Southwest Conference for years.

Weaver, who played three years at Tennessee, has coached at Tennessee, Centre, Mississippi State and Tulsa but this is his first head coaching job. He tutored the freshmen at Tennessee and was line mentor at Centre, Mississippi State and Tulsa.

He signed a five-year contract at Tech. Salary was not disclosed but reportedly he will get between \$10,000 and \$12,000 a year.

Weaver reports to Tech immediately.

# The 'New Taste' in beer!

## PALE DRY IS THE REASON WHY!

A little over a year ago we deliberately changed our formula for making GRAND PRIZE beer and began brewing a new and different product—different from any beer sold in Texas—a pale dry beer! The response was immediate. Pale Dry GRAND PRIZE became the most-talked-about beer in Texas as folks everywhere began to enjoy it.

**What does 'Pale Dry' mean?**  
Pale Dry is the name for a new and specific kind of beer—pale gold in color, and sharply dry in flavor, as opposed to old-style, sweeter, darker beers heavy with malt and fattening solids.

**How is it brewed?**  
The GRAND PRIZE master brewer uses only the very best hops, the finest malt, top-grade Texas rice, the purest strains of yeast culture and pure deep-rock artesian water in brewing GRAND PRIZE. It takes such quality ingredients to produce a truly pale dry beer. Every barrel of Pale Dry GRAND PRIZE is given abundant time to age.

**We believe...**  
that if you once try Pale Dry GRAND PRIZE you will join the ranks of the hundreds of thousands of Texans who prefer it to any other beer!

**GRAND PRIZE Pale Dry BEER**

Tune in The Texas Roundup every Friday, 7-8 p. m., over these stations: KPRC, WFAA-820, WOAI, KRIS, KRGV.

**Permian Basin Oil And Gas Log-**

(Continued From Page One)  
duction from that formation is in the Vaughn field, five and one-half miles to the southwest.

The drillite is 330 feet from north and west lines of the south-east quarter of section 35, block OP, GC&SF survey.

**SE Extender To Tex-Harvey Finaled**

A three-quarter mile southeast extension to the Tex-Harvey field of Central-East Midland County has been completed by J. H. Floyd and A. N. Hendrickson.

The new well is their No. 1-24 Kendrick-Gentry, 674 feet from east and 2,000.1 feet from south lines of section 24, block 37, T-3-S, T&P survey and 19 miles southeast of the City of Midland.

It was completed for a daily potential of 313 barrels of 37.8-gravity oil, flowing through 28 64-inch choke from open hole at 6,970-7,165 feet.

The interval was hydraulized with 4,500 gallons.

Gas-oil ratio was 542-1 and tubing pressure ranged from 300 down to 125 pounds.

**Producers Added To Midland Tex-Harvey**

In the undeveloped area between the Tex-Harvey field in Central-East Midland County and the field extension in Glasscock County, E. E. Fogelson has reported completion on his No. 8-12 Boone.

The producer is three-locations east of production on the Midland County side and two miles from production on the Glasscock County side.

The well was finished for a daily potential of 500 barrels of oil and no water, flowing through a 32 64-inch choke and from open hole at 6,990-7,064 feet.

The open hole section was treated with hydrafrac.

Gas-oil ratio was 550-1. Gravity of the oil is 38.1 degrees. Tubing pressure on the completion test was 135 pounds.

Location is 622.7 feet from east and 1,989.3 feet from south lines of section 12, block 37, T&P survey, T-3-S.

On the side of the field in Midland County, A. N. Hendrickson and E. E. Evinger completed their No. 1-12 Boone-Perkins for a potential 162 barrels of oil per day through a 21 64-inch choke.

Gas-oil ratio was 549-1 and tubing pressure ranged from 510 to 95 pounds. Gravity of the oil is 37.8 degrees.

Production is from hydraulized open hole at 7,015-7,075 feet. Location is 663 feet from north and 688.5 feet from west lines of section 12, block 37, T&P survey, T-3-S.

**Ellenburger Tester Staked In SW Ector**

Amerada Petroleum Corporation No. 6 Carlinville National Bank is to be a new exploration to the Ellenburger on the south side of the Yarbrough & Allen field in Southwest Ector County.

The location is 660 feet from south and 1,980 feet from west lines of section 18, block 46, G&M survey. That makes it seven miles southwest of Judkins and puts the site almost on the north line of Crane County.

Drilling to 11,000 feet—or a test of the Ellenburger at a lesser depth is to start immediately.

**C-N Sutton Area Gets SW Outpost**

Lone Star Producing Company No. 1 E. E. Steen estate is to be a one location southwest outpost to production from the upper Permian time pay in the Brushy Top field in Central-North Sutton County, about eight and one-half miles northeast of Sonora.

It will be 330 feet from north and east lines of the northwest quarter of section 66, block A, HE & WT survey.

Drilling to approximately 1,000 feet to try for production in the Brushy Top producing formation is to start soon.

Discovery well of the field is C. L. Norsworthy, Jr. and Lone Star No. 1 R. M. Thomson.

**Sweetie Peck Is Assured Extender**

A one-location east extension to the proven limits for production from the Pennsylvania line in the Sweetie Peck multiphase field of Southwest Midland County has been assured at Gulf Oil Corporation No. 1-P Peck.

This development, located 660 feet from north and 1,980 feet from east lines of section 21, block 41, T&P survey, T-4-S, flowed 390 barrels of clean oil in 24 hours through a one-quarter inch tubing choke.

Gas-oil ratio was 836-1. There was no water reported with the oil. Operator is continuing to flow the well to clean it thoroughly and then complete.

Pay Was Treasred

This project is producing from the sections at 10,388-424 feet and at 10,436-468 feet, in the 5 1/2-inch liner which is set from 9,137 feet to 10,599 feet.

The perforated intervals had been treated with 1,000 gallons of acid.

This exploration drilled to a bottom of 14,219 feet in the Ellenburger. That formation made only salt water. The project then plugged back to 10,900 feet and set the liner.

Cement in that pipe was drilled out to 10,500 feet before the perforating.

This new producer is 30 miles southwest of the city of Midland.

**Officers Seek Three Presumed Drowned In Flood-Swollen River**

ENREKA, CALIF. —(P)—Humboldt County officers Tuesday tried to recover an automobile containing three persons that plunged into the flood swollen Mad River about 15 miles north of Eureka Sunday.

Presumed dead in the accident were Betty Beck, her husband, Billy, 19, and Beck's father, W. A. Beck, 43. They lived in Arcata, near here.

A fourth passenger, Adolphus Beck, 36, the elder Beck's brother, was thrown clear. He is in Arcata Hospital with head injuries and possible internal injuries.

**MGS Holds Meeting In Midland Tuesday**

More than 160 geologists and their guests saw the film, "Maps We Live By," at the semi-monthly luncheon meeting of the Midland Geological Society Tuesday.

The film was prepared under the direction of the United Nations and emphasized the importance of maps throughout the development of civilization.

A short business meeting was held before the picture was shown.

John Galley is program chairman for the organization.

The luncheon was held in the Crystal Ballroom of Hotel Scharbauer.

**Offset In Coke Finds Flowing Oil**

Union Oil Company of California No. 4 Jim McCutchen, 1,320-foot well to Union No. 3 McCutchen, recently completed Cisco sand producer in the McCutchen field of Central Coke County, indicated as a producer on a drillstem test from 3,963-85 feet in Cisco sand.

The tester was open for one hour and 26 minutes. Gas showed at the surface in nine minutes and oil in 66 minutes. It flowed oil for 20 minutes at an estimated rate of between 30 and 35 barrels per hour.

The flow was gauged through a five-eighths-inch bottomhole choke and a one-inch top opening. Fluid remaining in the pipe was circulated out.

Operator has cemented five and one-half inch casing on bottom and is preparing to perforate and attempt to complete the No. 2 McCutchen.

Location is at the center of the northwest quarter of the southwest quarter of section 44, block 1-A, H&TC survey and two and three-quarter miles east of Robert Lee.

**Extension Seen For SW Stonewall Field**

Seaboard Oil Company of Delaware No. 2 Sparks, one location south offset to the discovery well of the Double Mountain field in Southwest Stonewall County, was assured as a producer on a drillstem test from 5,271-95 feet.

The Pennsylvania prospect was tested for three hours. Gas was to

**Perkins Speaks To Optimist Club**

Col. John Perkins, Midland attorney, told the Optimist Club at its luncheon Tuesday that all citizens have obligations along with their freedoms and "one of these is the obligation to vote."

"If you have failed to vote you not only failed to exercise that privilege but also failed to exercise that obligation," he pointed out.

Perkins added that obligations are necessary if we are to have freedom.

W. P. Z. German, Jr., introduced the speaker. V. M. (Pete) Van Horn presided at the luncheon, held in Hotel Scharbauer.

Jimmie Velvin reported on the Boys Hobby Shop project and asked for volunteers to assist in excavation at the site Saturday afternoon.

Guests were Bill Barry and W. F. Chesnut.

**Stepout Is Staked To Tex-Harvey Pool**

El Tee Oil Company No. 1-23 Floyd Estate is to be drilled as a one-half mile southwest stepout to production on the south side of the Tex-Harvey field of Central-East Midland County and Central-West Glasscock County.

Drillite has been set 746.4 feet from west and 967.7 feet from south lines of the northeast quarter of the southeast quarter of section 23, block 37, T-3-S, T&P survey.

That puts its 17 miles southeast of the City of Midland. Operations to a possible bottom of 8,500 feet will start immediately.

**Ellenburger Tester Staked In SW Ector**

Amerada Petroleum Corporation No. 6 Carlinville National Bank is to be a new exploration to the Ellenburger on the south side of the Yarbrough & Allen field in Southwest Ector County.

The location is 660 feet from south and 1,980 feet from west lines of section 18, block 46, G&M survey. That makes it seven miles southwest of Judkins and puts the site almost on the north line of Crane County.

Drilling to approximately 1,000 feet to try for production in the Brushy Top producing formation is to start soon.

Discovery well of the field is C. L. Norsworthy, Jr. and Lone Star No. 1 R. M. Thomson.

**Allied Tanks—**

(Continued From Page One)  
the Allied Monday morning jump-off point six air miles south of Changbong.

South Koreans farther west gained eight miles with tank and artillery support. The precise location was not given.

But the stiffest fighting raged on the western front, north of Anyang, almost to the outskirts of Seoul.

An intelligence officer estimated that the two Allied columns striking out of Anyang killed 700 Reds and wounded 900 to 3,000 Reds.

No Longer Any Doubt

The western column gained four miles.

The eastern column thrust northeast and west of Anyang. Foot soldiers captured a hill three miles west of Anyang across which bitter fighting had swirled for three days. An officer said they found shallow graves all over the hill. Other Chinese and Korean Red dead sprawled where they had been killed. The hill had been held by 3,000 Reds.

Chinese tanks dualed with both Allied columns.

Chinese anti-aircraft fire knocked down one Marine Corsair over the front lines.

"There no longer is any doubt about the whereabouts of the enemy," an Allied officer said. "They are right here where we are."

The hills are alive with Chinese and Korean Reds. They were digging in everywhere, despite an estimated Allied toll of 57,000 dead and wounded in 13 days.

100-1 Loss Ratio

The Chinese were showing little willingness to fight generally. Lt. Gen. Matthew B. Ridgway, Eighth Army commander, said Allied forces have inflicted casualties at a rate as high as 100 to 1 since late January.

The general told newsmen his aim was to inflict on the Reds maximum loss at minimum cost.

The Eighth Army commander said the reputation of Chinese soldiers has been inflated greatly. They are submissive to orders, have great endurance, understand the art of camouflage and can get along with little food. But they are not invincible, he said.

Ridgway described the American, British, Turkish, Greek, French, Dutch and South Koreans in the United Nations forces as topflight, self-reliant soldiers. He said they know how to do a job and they are doing it.
