**Completion Try Set
For Reagan Tester**

Union Oil Company of California is to try to complete a commercial oil well and a discovery from the Wolfcamp lime of the lower Permian at its No. 1-76 University, Southwest Reagan County wildcat, three miles west of the town of Big Lake. This prospector flowed oil from the section at 9,097-9,118 feet on a drillstem test. It flowed for 30 minutes at the estimated rate of eight to ten barrels per hour. It drilled on to a total depth of 10,267 feet in the Ellenburger. That formation made 9,000 feet of sulphur water on a one hour drillstem test at 10,240-267 feet. It did not show any signs of oil or gas in that horizon or in any zone between the Wolfcamp and the Ellenburger. Operator now plans to plug back to the Wolfcamp, set casing and make production tests. Location is 660 feet from south and east lines of section 10, block 11, University survey.

**Midland Wildcat Is
Testing Spraberry**

G. H. Vaughn Producing Company No. 1 Elsie and Clara Campbell, 10,700-foot wildcat in North-Central Midland County, is at total depth of 7,847 feet in Spraberry sand and shale taking a drillstem test. The prospector was cored from 7,800 to 7,847 feet. Recovery was only three and one-half feet of sand and shale. The core had vertical fractures and the sand was tight with a slight stain and a taste of oil. The Spraberry was topped at 7,780 feet, elevation 2,788 feet. The No. 1 Campbell is three miles southwest of the City of Midland and 660 feet from south and east lines of section 16, block 39, T-2-S, T&P survey.

**Deal Working For
Project In Yoakum**

Max Pray of Chicago and associates are working on a deal to drill a 12,000-foot wildcat to test the Ellenburger in Central-Northwest Yoakum County about seven miles northwest of Plains. It is to be on a farm owned by Tide Water Associated Oil Company. The wildcat would be in the southeast quarter of section 248, block D, John H. Gibson survey. Tide Water has agreed to give acreage and dry hole money. Simond Oil & Gas Company, which owns the lease on the north half of section 248 has agreed to give dry hole money. The deal has not been definitely worked out. No other information is available.

**E-C Terry Steput
Is Taking Potential**

Union Oil Company of California No. 3 Stitt, on the southwest side of the Brownfield, South-Canyon field in East-Central Terry County has shown for a producer and an extension to the field in a test of the section at 10,110-128 feet. That section had been treated with several acid injections. After the last treatment of 500 gallons the acids had and the well then kicked off and flowed 154.3 barrels of new oil in six hours. Flowing tubing pressure was 100 pounds. Shut-in pressure was 775 pounds. Operator was taking potential test to complete at last report. Location is 1,980 feet from south and west lines of section 91, block T, D&W survey. It is four miles southeast of the town of Brownfield.

**Flanker Staked To
North Pecos Opener**

C. H. Murphy & Company No. 3 Maude E. Ford is to be a 6,000-foot exploration well to go to the Ellenburger in North Pecos County. It is 1,256 feet south of the same operator's No. 2 Ford, recently completed flowing discovery from the McKee sand at 5,175-83 feet. The Murphy No. 2 Ford was barren in the Ellenburger—but it made an initial potential of 336 barrels per day from the McKee. Location of No. 3 Ford is 390 feet from east and 1,886 feet from north lines of section 3, block 3, H&TC survey. It is four miles east of Imperial. Drilling is to start at once.

**Prospector Set In
Tex-Harvey Sector**

York & Harper, Inc., of Midland is to begin operations immediately on a one-location east steepout from the nearest active operation on the northeast side of the Tex-Harvey field, in Central-West Glasscock County. It will be York & Harper No. 3 K. S. Boone. The drillsite is 660 feet from north and east lines of section 17, block 36, T&P survey, T-3-S. That makes it 17 miles southeast of the city of Midland. It is projected to 7,500 feet to try to develop (Continued On Page Three)

**Troops-To-Europe
Plan Would Prevent
War, Says Acheson**

WASHINGTON—(AP)—Secretary of State Acheson Friday said "The combat forces of our European Allies may be expected to double in the next year." He gave no figures in testimony calling upon the Senate Foreign Relations and Armed Services Committees to support the Truman Administration's plan to send 100,000 additional United States troops to Europe to bolster defenses against Communist aggression.

Acheson said the United States must use the time it has—by virtue of its lead over Russia in air power and atomic weapons—to build up with its Allies "balanced collective forces" needed to deter aggression. He added that "the value of our lead" in atomic weapons will decline but he said balanced land, sea and air forces in Western Europe will help offset the loss of that advantage. Acheson said America's Allies "are now taking steps which bring us measurably closer to realization of our ultimate goal" of an adequate defense force.

"Roughly speaking," he went on, "the combat forces of our European Allies may be expected to double in the next year." Secretary of Defense George Marshall told the committee Thursday of the plan to send to Europe four more American divisions plus supporting troops to reinforce the two already in Germany. Marshall's disclosure of the definite figures took much of the steam out of the opposition in the troops-to-Europe controversy. The size of (Continued On Page 7)

**Ben Ramsey To Sit
In Governor's Chair**

AUSTIN—(AP)—Texas will get a new acting governor Saturday. Gov. Allan Shivers announced plans to leave Friday afternoon for a week in the East. When he crosses the state line, Lt. Gov. Ben Ramsey by law takes over reins as the state's chief administrator. It will be Ramsey's first service in the governor's office since becoming lieutenant governor last month. Governor Shivers, accompanied by his wife, plans to travel by train to Atlantic City and then to Washington. In Atlantic City he will address the National Convention of the American Association of School Administrators on progress of the state's Gilder-Alkin education program. In Washington, he plans conferences with congressional leaders concerning renewal of the Interstate Oil Compact by Congress this year. The governor said he also plans to make a personal check on the status of the civil defense and Tidelands problems as they affect Texas. He will return to Austin February 26.

**Visitor Foils
Daring Effort
To Break Jail**

A daring attempt to break out of the Midland County jail was averted narrowly Thursday afternoon after two prisoners threatened a deputy sheriff with a "soap pistol" and then slugged him with a home-made blackjack. Hero of the attempted jail break was 24-year-old Dick Rowan, former University of Texas football star and the son-in-law of Sheriff Ed Darnell.

Attracted by cries from Deputy Sheriff F. S. Buckalew, Rowan arrived at the jail cell in time to slam shut the cell door and keep it closed until other officers arrived.

Rowan has been visiting with the Darnells at the apartment in which they live on the fourth floor of the Midland County Courthouse, adjoining the jail. Buckalew, who suffered a head injury in the attack, said he had gone to the jail to give the prisoners their lunch. Deputy Unarmed As usual, he had left his own gun in the sheriff's office on the first floor. "I put the dinner on the table in a hall up there," he explained, "and then Jimmy Parks came out of the cell to take it in to the other prisoners."

Parks is awaiting trial in connection with the armed robbery last October of the Western Union office here. Twelve prisoners, including Elmo Coleman, awaiting trial on charges of the theft of wire from the Southwestern Bell Telephone Company, were in the cell. "As Jimmy came out," related Buckalew, "I stepped behind the door and held it open. That way, I can shut it in a hurry if any of the other prisoners start acting up. The door locks itself when you close it."

Parks, walking out of the cell, suddenly whirled around, a tiny, dangerous-looking black "automatic pistol" gripped in his hand. "Put up your hands, Buck," he said, "we're going to leave you." At the same time Coleman, still in the cell, started for the door. As he reached the doorway, Buckalew slammed the door, catching Coleman halfway through the doorway. "Coleman was trying to get through," continued the 43-year-old (Continued On Page 7)

**Crane Enthusiasts
Join Midland Group
On Highway Junket**

A delegation of good roads enthusiasts from Crane was to be in Midland early Friday afternoon to join members of the Highway Committee of the Midland Chamber of Commerce in touring a proposed highway route from Midland to Crane, through the Pegasus oil field to the south-southwest. The road, from Crane, would intersect State Highway 348 south of Midland. The Midland-Crane group will end its tour in Crane, where a meeting with Port Stockton highway representatives is scheduled at 7:30 p.m., following a dinner session. Route Outlined The Fort Stockton and Crane groups are interested in a possible link in the road 18 miles southwest from Crane to the Pecos River and two miles on the other side of the Pecos to connect up with the state road now under construction. The road is projected northeast to Midland, Lamesa and points north. Midlanders scheduled to make the tour include John P. Butler, chairman of the Chamber's Highway Committee, Stanley M. Erskine, C. C. president; County Judge C. O. Keith and Chamber Manager Delbert Downing.

**State Checks Weights
On Packaged Meat**

AUSTIN—(AP)—Texas housewives are going to get all the high priced meat they pay for, if State Agriculture Commissioner John C. White has his way. White said Friday he is making a survey of packaged meat weights in Texas grocery stores. A report on results will be ready in about a week, he said. Preliminary reports from checks in Austin show most weights are off from two to three ounces, he said.

**Uncertainty Hangs
Over Control Plans
As Labor Quits WSB**

WASHINGTON—(AP)—Uncertainty clouded the whole government effort to control prices and wages Friday after labor members of the Wage Stabilization Board walked out in protest over a recommendation for a ten per cent ceiling on wage increases. By a six to three vote, the board Thursday came forth with a long-awaited formula which would limit wage increases to ten per cent between Jan. 15, 1950, and next July 1. Thus if workers had already had their pay hiked eight per cent, they would be held to a two per cent boost until July 1. The three public and three industry members, who approved this formula, promised to review the entire wage picture before July 1 and revise it if necessary to keep wages in line with the mounting cost of living. The labor members, who had been holding out for a 12 per cent ceiling, promptly withdrew from the board in protest.

**White-Walled Tires
Due To Be Banned**

WASHINGTON—(AP)—The National Production Authority (NPA) Friday prepared for issuance an order under which manufacture of white-walled tires and the fancier lines of some other rubber products would be stopped. As projected, it would ban the use of new rubber in the making of more than one line, style or color of products for any one purpose. Items affected would be tires, rubber hose, industrial belts for conveyors and elevators, wire and cable. White-walled tires would be banned specifically under the order, designed to save rubber for military and essential civilian needs. Officials said solid dark tires can be made with 10 per cent less natural rubber than those with white walls.

**Labor Party Again
Survives Test Vote**

LONDON—(AP)—By a surprising 21-vote majority, the British Labor government Thursday night defeated the eighth Conservative attempt in a year to drive it from office. The parliamentary test came in an attack on the \$13,160,000,000 three-year rearmament plan. In the 308 to 287 vote, Labor kept its ranks solid despite an earlier threat by left wing Socialists to bolt on the arms issue. Six Liberals also voted with the government majority.

**Soldier Found Slain
In Pif Near Toyah**

EL PASO—(AP)—The body of a Fort Bliss soldier from East St. Louis, Ill., was found Thursday with the throat slashed and skull fractured. Officers at Pecos said the body of Cpl. Dennis E. Miller, 36, was discovered in a gravel pit near Toyah, about 54 miles west of Pecos on U. S. Highway 80. The officers found signs of a struggle but no trace of Miller's 1950 Studebaker sedan, Texas license B33142. Fort Bliss officers reported Miller took leave January 23 to visit his home and that he had been overdue at Fort Bliss since February 5. Sheriff Jimmy Hicks of El Paso expressed belief Miller had been killed by a hitchhiker. A search is underway for Miller's car. Miller's body was identified from papers found with it.

**Chinese Hit
At Flanks Of
Eighth Army**

TOKYO—(AP)—Allied bayonets Friday slashed back Red attempts to outflank both ends of the Central Korean warfront. On the left flank, southeast of Seoul, American infantrymen—almost out of ammunition—bared bayonets and charged. They chased the fleeing Chinese survivors half a mile. The Doughboys killed some 56 Reds. Artillery already had killed about 100 of a dug-in force of 300. On the right flank of the relatively quiet central front, South Korean infantrymen used bayonets and grenades to throw back Chinese troops north of Chechon. But Communist pressure in that mountainous sector continued.

**Dazed Girl
Tells Story
Of Murder**

LOS ANGELES—(AP)—A pretty, terrified nurse Friday told police a story of sudden murder of her girl friend, her escape and hours of wandering through the night. Police issued an all-points broadcast for a car they believe is occupied by two heavily-armed men, which their informant said contained the body of the other woman, crammed on the rear floor under a Nevada blanket. Officers booked Rebecca Adams, 28, on a charge of intoxication, but Detective A. L. Thornberry said: "We needed something to hold her. She tells a straight, coherent story." Met On Blind Date Miss Adams said she is a graduate nurse from Amarillo, Texas, and that the dead girl was Marjorie Williams, 24, of Galveston. She said she and Miss Williams met the two men on a blind date several months ago, and for weeks have been touring the country. They arrived here Thursday from Waco, Texas, she said. Miss Williams and her boy friend quarreled bitterly Thursday night, she said, and the latter suddenly whipped a .45 caliber automatic pistol from a shoulder holster and shot her dead. Then he pushed her body onto the car floor. Miss Adams said she asked her boy friend to stop at a service station and she fled through a field. A passing motorist found her early Friday, wandering shocked and dazed near Vermont Avenue and 183rd Street. She refused to name her boy friend, but gave police the name of Miss Williams' companion, whom she described as "good looking."

**New Congressional
Proposal Would Cut
16th District Area**

The huge 16th Congressional District, extending from Midland to El Paso and which is represented in Congress by Ken Reagan of Midland, would lose five counties and would become the new 22nd Texas Congressional District under a reassignment measure introduced Thursday in the House of Representatives at Austin, according to Associated Press news releases. The bill, introduced by Rep. W. R. Chambers of May, redraws all district boundary lines. Under the 1950 census, Texas is entitled to 22 instead of the present 21 U. S. congressmen. Houston would get the new representative. Under the proposed measure, the new 22nd District would include Midland, El Paso, Hudspeth, Culberson, Reeves, Jeff Davis, Pecos, Presidio, Brewster, Terrell, Crockett, Val Verde, Ector, Crane and Upton Counties. Val Verde now is in the old 21st District. Congressman George Mahon of Colorado City would get Glasscock, Loving, Reagan, Ward and Winkler Counties, which are included in the present 19th District. Mahon's new 21st District also would include Cochran, Hockley, Lubbock, Lynn, Yoakum, Terry, Garza, Gaines, Borden, Dawson, Scurry, Andrews, Martin, Howard, Mitchell, Sterling and Irion Counties. Congressman O. C. Fisher's San Angelo District, now the 21st, would become District 16. He would lose Kinney and Uvalde, while picking up six counties to the southeast.

**Automobile License
Plates Sell Slowly**

Approximately 900 automobile license plates have been sold in Midland County since they went on sale February 1. County Tax Assessor-Collector J. M. Spessard said Friday the plates are selling "very slow" and urged motorists to purchase them as soon as possible to avoid a last-minute rush. He pointed out that more than 6,000 were sold in 1950 and that the deadline for their purchase is April the first.

**N. O. Allen Home
Destroyed By Fire**

The N. O. Allen farm home 21 miles southeast of Midland on the Garden City highway was destroyed completely by fire late Thursday, according to information received here. All clothing and other belongings of the family were lost in the blaze. Mr. and Mrs. Allen reportedly were in Midland at the time of the fire. The five-room dwelling was of frame construction.

Catholic Edition Of 'In Our Image' Wins Christopher Award

By The Associated Press
"In Our Image," a Texan's book revealing the human traits of people in the Bible, is one of five works chosen for Christopher awards for 1951.
The \$5,000 awards go to publications doing most to bring Christian principles to America.
Houston Harte, San Angelo publisher and Bible student for many years, planned "In Our Image," and selected and edited the Bible narratives in the book. The 43-four color paintings were done by Guy Rove. Publication of the Catholic edition of "In Our Image" followed the 1949 Protestant edition.
The Catholic Edition has the imprimatur of the Most Rev. Laurence J. Fitzgerald, bishop of Amarillo, who also wrote a special preface to the edition.

Jack Carson Joins Stars Who Swear Allegiance To TV

By ERSKINE JOHNSON
NEA Staff Correspondent
Here are a couple of facts author Arthur Miesner will disclose: Fitzgerald's dream girl in his early movietown days was Lois Moran. Lois once persuaded the handsome writer to take a screen test. She wanted him to co-star in a picture with her.
The last movie script turned out by Fitzgerald was the screenplay of his own "Balyon Revisted," which never has been filmed. As late as 1947, Producer Lester Cowan called in a writer to revise the script. The writer told Cowan that it was the most perfect movie scenario ever written.
"I guess you're right," Cowan told the writer. "I'll pay you \$2,000 a week to stay out here and keep me from changing one word of it."
Katharine Hepburn may be calm about it, but Humphrey Bogart's all excited over the idea of co-starring with Kate in "The African Queen." He says "It's a good combination, I think. I've admired her for a long time. She's a wonderful actress."
The novel by C. S. Forester calls for Bogey to speak in a cockney accent, but moviegoers will hear pure Americanese when he plays his slaying love scene with his new co-star. Bogey's here's why:
"Playing a cockney would be above and beyond my talents. I could do no more do it than Gagney could get away from being Gagney or Grable from being Grable. We're all kinds comic strip characters. You know, Gable on the Mississippi, Gable on a boat. Get off the beaten path and they smack you back. People don't like it."
Lauren Bacall will await at test-tube files right along with her hubby on the location trek to Africa. She'll do a film for Fox when she returns.
Dan Dailey's wood-chopping at the Menninger clinic may land him a pinch-hitter in studio musicals earmarked for Dan.
A baritone with Nelson Eddy pipes, Bill hits stardom level as Vera Ralston's co-star in Republic's "Belle Le Grand."
"But I'm always singing duets with John Carroll," he groans. "Why don't they give me a dame?"
Bill bolted a UI contract — "I was always opening doors for Yvonne de Carlo" — then landed a role with Bogart in "In a Lonely Place." "All that was left was a flash of me opening a door for Bogart. It was worse than opening doors for Yvonne de Carlo."
UI asked him to change his name to William Brooks on the theory that Ching sounded like the owner of a chop suey place. Spattered Bill, whose ancestors came from Chingford, England:
"I said nuts to William Brooks. All you need is one good picture in Hollywood and your name can be Joe Jerk."

Marfa Hereford Is Grand Champion Of El Paso Show

EL PASO.—(P)—A Hereford calf bred by W. B. Mitchell and Sons of Marfa is grand champion of the Southwestern Livestock Show.
The 1,305-pound beast was shown by Will Slaven, 4-H Club member from Fort Stockton.
The Lubbock Sheriff's posse Thursday won the Parade of Rancheros, which opened the Southwestern Championship Rodeo, held in connection with the livestock show.
It was the second straight year for the Lubbock posse to win. The posse needs just one more win to keep the trophy.
The Midland Sheriff's posse also rode in the parade.

Legislature Takes Weekend Holiday

AUSTIN.—(P)—The Legislature quit work for the weekend Thursday with finances and redistricting on its mind.
The House Committee on re-aligning representatives' districts according to the last population count still hoped its bill would come up for floor debate Monday. It was approved by the committee this week.
The House Revenue and Taxation Committee will talk about the gasoline, motor vehicle and sulphur taxes Monday night.
The Senate, with its state senatorial districts already realigned and sent to the House, has to wait on the House on taxing bills. The Constitution says all tax measures must originate in the House.
A driver responsibility law is the next big piece of legislation expected to draw controversy in the Senate. The bill is set for public hearing before the Senate State Affairs Committee at 2 p.m. February 26. It would require drivers of cars involved in accidents to show proof of financial responsibility for damages, injuries or deaths up to \$11,000.
The undivided in heart see God. Where other men see dead matter, they see the Creator's delicacy of touch; where others see history as a mere matter of meaningless events, they see history as His Story; where others see the tragedy of a good man dying a martyr, they see the triumph of the God who redeems through His own death.
But they not only see; they also have the positive power to get people to see and change and come to a reconciliation on a higher level. The third positive quality is peacemaking.

Casualties in Korea

WASHINGTON.—(P)—One Texan was reported wounded and one missing in action in the Defense Department's latest casualty list (27) on Korean fighting.
Wounded is Army Pfc. Francisco Coronado, San Antonio.
Reported missing in action is Marine Pfc. Charles E. Marburger, Yoakum.

Karen Nelson Found Innocent Of Murder

SANTIAGO, CUBA.—(P)—Attractive, Georgia-educated Karen Nelson, 26, was acquitted by a Cuban court Thursday on charges she plotted the death of her sugar planter husband to claim \$30,000 insurance.
The acquittal of Mrs. Nelson, former Miss Nelson, wife, and the two co-defendants—Foreman Luis Montero and Storekeeper Hector Marreto—came automatically after the public prosecutor withdrew the murder charges.

Arkansas Ratifies Ban On Third Term

LITTLE ROCK, ARK.—(P)—Arkansas Thursday ratified a proposed amendment to the U. S. Constitution limiting the President to two full terms. It was the thirtieth state to do so.
When and if six more states approve, making a three-fourths majority of the states, the amendment will become law.
The amendment will not affect President Truman, but any future President would be limited to a maximum of 10 years in office.

Make No Mistake About It, Germ Diseases Are Spread By Contact

By EDWIN F. JORDAN, M. D.
Written for NEA Service
not well supported with scientific evidence.
The germ diseases are spread by direct contact or by breathing or swallowing the germ. I thought most people knew this but the first question shows that some still do not.
Q—Is there any danger of contracting tuberculosis from kissing a person who has an active case of the disease?
A—Indeed there is. Many cases of tuberculosis are contracted from close contact.
Q—Do saccharin tablets hurt anyone who uses them year after year.
Q—This question keeps cropping up. It has been studied scientifically, and the regular use of saccharin has been shown to be harmless. Any claims to the contrary are
Q—I have heard that whichever parent is the strongest and in the best health at the time of conception, child will be of the same sex. Is there anything to this?
A—There is almost certainly nothing to this theory. The sex of a particular child is determined by the germ cells of the parents, and this is not altered one way or the other by the state of health of the parents.
Q—Is walking during pregnancy important to the health and well-being of the unborn child, and does it make the delivery easier for the mother?
A—Many doctors recommend a moderate amount of exercise during pregnancy. Walking is often good
because it is not violent, and yet helps keep the mother in good condition. Anything which does this is good for the unborn child, and probably makes delivery easier.
Q—The other day my 10-month-old grandchild was in his playpen holding on with his right hand when I offered him a pretzel. He reached out with his left hand but I made him take it with his right. His mother was there at the time and reprimanded me, saying that I should let him use whichever hand he wanted. Shouldn't he be trained now to use his right hand?
A—I believe the mother is right. The general feeling today is that a child should be allowed to use whichever hand he wishes. Certainly at 10 months old, a youngster ought to be able to reach for a pretzel with either hand.
Q—Kindly let me know if marathon racing is injurious to the heart or general health.
A—Although very few readers of this column indulge in marathon racing, I presume, this is an interesting question. The only brief answer possible is that a good many people have done it, and apparently have not harmed themselves in any way.
Q—Is it possible to have gallstones dissolved or have them pass through the bile without an operation?
A—Sometimes gallstones pass of themselves but there is no medicine or chemical which can be given to dissolve them. Surgery is the only way to get rid of gallstones.

THE CENTER OF THE CHRISTIAN GOSPEL — RECONCILIATION
The undivided in heart see God. Where other men see dead matter, they see the Creator's delicacy of touch; where others see history as a mere matter of meaningless events, they see history as His Story; where others see the tragedy of a good man dying a martyr, they see the triumph of the God who redeems through His own death.
But they not only see; they also have the positive power to get people to see and change and come to a reconciliation on a higher level. The third positive quality is peacemaking.

Diagnostic Clinic For Children To Open Here Tuesday

The Children's Diagnostic Clinic, bringing Midland's best medical skills to underprivileged children, will open Tuesday at the Midland Memorial Hospital.
A joint project of the Midland Service League and the Children's Service League, the clinic was granted its charters last week and arrangements were completed for its opening.
The clinic will be open each Tuesday afternoon and examinations will be made only by appointment.
Members of the clinic's executive committee said Thursday a number of children already are on the waiting list for the opening session.
Other information concerning the services of the clinic and appointments may be obtained from Mrs. Tom Potter, clinic nurse at No. 156-J.
Members of the two organizations will assist in the operation of the clinic and any other women, outside of the organization, wishing to offer their services should call Mrs. Daniel Johnston at No. 560 or Mrs. Leland Thompson, Jr., at No. 2963-W.

Hal Boyle Wins VFW Gold Medal

WASHINGTON.—(P)—Associated Press Columnist Hal Boyle is the 1950 winner of the Gold Medal Award given by the Veterans of Foreign Wars for the most distinguished contribution to national security.
The award was presented Thursday night by Gen. Omar N. Bradley, chairman of the joint chiefs of staff, who described Boyle as "one of the best friends the GI ever had."
The 39-year-old newspaperman—a native of Kansas City now living in New York—received the award for his writing on military matters and his human interest dispatches from the Korean war front.
Bradley won the award last year and the medal now is called the Omar N. Bradley Award Medal.

NW Kent Wildcat Tests Only Water

Jake L. Hamon No. 1 Girard Trust estate, Northwest Kent County wildcat, seven miles west of Girard, and 668.34 feet from west and 661.1 feet from south lines of section 56, block 1, H&GN survey, showed for only water in a drillstem test in the Pennsylvania lime at 6,925-55 feet.

The tool was open one hour. Recovery was 650 feet of drilling mud cut with sulphur water and 5,050 feet of salty, sulphur water. There were no shows of oil or gas.

The prospector is drilling deeper. Up to now it has not logged any shows of oil or gas.

C-E Upton Field Gets North Offset

Humble Oil & Refining Company staked location for its No. 4 Ralph Pembroke, which will be drilled as a one location north offset to Havenstrite Oil Company No. 1-B Pembroke - Beal, recently completed south extension to the Pembroke-Spraberry field of Central-East Upton County.

Drillsite was made 660 feet from south and 1,980 feet from east lines of the north half of C. C. DeWitt survey No. 1, block X, and 16 miles north of Rankin.

It will be drilled with rotary to around 7,300 feet.

C-N Sutton Gets Shallow Wildcat

W. W. Meeker of Midland will drill his No. 1 Christina Mittel at a 1,000-foot cable tool wildcat in extreme Central-North Sutton County.

It will be dug 50 feet from south and 100 feet from west lines of section 97, block A, HE&WT survey and one and one-half miles west of the opener of the Brushy Top-Permian field.

It will also be eight and one-half miles north of Sonora.

Ellenburger Failure Reported In Fisher

Stanolind Oil & Gas Company has reported its No. 1 J. S. Edwards as an Ellenburger failure four miles east of Rotan in Fisher County.

Operator quit the prospector at a depth of 6,541 feet after no shows of commercial production were found.

The Ellenburger lime was topped at 6,479 feet.

The failure was in section 116, block 2, H&T&C survey.

N-C Ector Project Plugged, Abandoned

Paul and William Moss have plugged and abandoned their No. 1 J. Lee Johnson, outpost to production in the Donnelly field of North-Central Ector County, at total depth of 4,400 feet.

Location was in section 43, block 43, T-1-S, T&P survey.

C-W Pecos Wildcat Dry And Abandoned

Hunt Oil Company has plugged and abandoned its No. 24 Elaine Royalty Company, wildcat in Central-West Pecos County, at the total depth of 1,844 feet.

Location is four and one-half miles southeast of Chancellor and 1,320 feet from south and east lines of section 28, block B, GC&SF survey.

Dry Project Listed In NE King Region

Stanolind Oil & Gas Company has plugged and abandoned its No. 12 R. B. Masterson in the JY field of Northeast King County.

Operator drilled to total depth of 4,235 feet without finding any shows of oil and gas.

Location is 116 feet from east and 2,001 feet from north lines of section 52, F. P. Knott survey and 15 miles northeast of Guthrie.

Tremendous Supply Handicap

When the Chinese Reds pulled back last November after their first thrust into Korea, U. S. military men felt pretty cocky.

Our cocksureness vanished with the drive that hurled us out of North Korea and then out of Seoul and key points to the south.

But suddenly, Red pressure eased again. After several see-saw battles, we took Osan, Suwon and Wonju and pushed within half a dozen miles of Seoul.

Nobody, of course, knows the full story of this mysterious behavior, any more than they understand the Reds' November actions.

But, at risk of being wrong again, many of our top military experts ventured the opinion that the Chinese had been badly hurt by our counter-blows.

Apparently the talk is not wholly fanciful. Red rail and motor transport is being pummeled around the clock.

One veteran gunner says that in the war's early days his crew used to knock out 50 to 80 vehicles and up to three trains a night.

Another Air Force man says when the Chinese first came down we could attack convoys in long strings and bag 15 to 20 vehicles at one try.

Official Air Force statistics show that in the first two weeks of December our planes destroyed 2,000 vehicles.

All this doesn't mean some Red supplies aren't getting through. The Chinese truck them as far as they dare.

The Chinese yet may muster the overwhelming numbers and the equipment they need for an effective drive outward.

Shots Heard Round The World

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Airon Jukebox Company went bankrupt eight months after obtaining RFC loan; Starrett Television pulled wires to obtain Airon properties; Negro sets new record for March of Dimes.

WASHINGTON — The political Reconstruction Finance Corporation is hoping that another of its juicy deals will not make headlines.

Though the Jukebox business is not considered one of the stanchest pillars of our national economy, the RFC, on Jan. 23, 1947, loaned \$1,500,000 to the Airon Corporation.

One interesting thing about this deal is that the latter part of it was concluded even while the news headlines were sizzling over the Fulbright report about two weeks ago.

Here is the inside story of Airon, which smells of politics from beginning to end: Eight months after the RFC advanced it \$1,500,000 in 1947, Airon went bankrupt.

After this contact was made, Starrett Television seemed to have a fairly easy time closing a deal with the RFC to buy the Airon Jukebox plant for \$700,000—though another bidder, New England Industries, Inc., had offered \$770,000.

This oversight was unfortunate, for it turned out that Starrett's owner, Jacob Freidus, was under indictment for income-tax frauds aggregating almost a quarter of a million dollars.

Yet despite these shocking discoveries, the RFC hedged for a month before rescinding its contact with Starrett.

In the end, however, it appears that Krock did a good job. He brought in \$732,760 for the piecemeal auctioning of the Airon plant.

WASHINGTON COLUMN

Move Is On To Make Honest Taxpayers Out Of Politics

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Senator John J. Williams of Delaware has a bill intended to make honest taxpayers out of President Harry S. Truman, Vice President Alben W. Barkley, Speaker of the House Sam Rayburn, Senator Williams himself and the 530 other senators and representatives who now enjoy tax-exempt expense allowances.

The President's present tax-free expense allowance is \$50,000 a year. That of the vice president and speaker of the House is \$10,000 apiece.

When the President invites a bunch of buddies down from Capitol Hill to deal a few cards of foreign policy, with the cards stacked, or to play a little bi-partisan poker, somebody has to buy the bourbon, the cheese and the crackers.

Senator Williams admits that if it were handled his way, it might cost the government more money in the long run. The tax on \$150,000 a year would be about \$60,000.

Senator Williams says the time to stop it now, before it gets any worse. Because the President has asked that all other citizens be taxed until it hurts in the present defense emergency, Senator Williams thinks that the Chief Executive and the members of the legislative branch of government should be taxed to hurt, even though it costs the government more money in the long run.

Assuming that daughter Margaret now is self-supporting from her singing, the President with his good wife Bees as his only dependent, would pay this year a tax of around \$52,000. That would leave him \$48,000 pay, or \$4,000 a month, which ain't hay.

Writes Owa Travel Ticket The President also gets a \$40,000 allowance for official travel. This isn't figured as income because it also covers transportation of his staff on many occasions and it could be deducted as a business expense anyway.

But in addition to all this, two years ago—when President Truman got a 33 per cent increase in salary from \$75,000 to \$100,000—Congress also voted him the extra \$50,000 expense account, tax free. He doesn't have to make any report to Congress on how he spends the money.

With both sides vulnerable, the player at your right deals and bids one heart. You hold: Spades K-8-3, Heart 4, Diamonds A-K-J-9-8, Clubs K-10-9-5. What do you do? Answer Sunday

"It's because of your father," he said unhappily. "You're angry with me for telling the police about seeing him on the ridge. You didn't understand my position."

"But Court, you know that my father would never murder!" SHE tried to keep her voice gentle, knowing that if he were the man she loved nothing he could say or do would disturb her and she would be saying or doing any of these things.

Crimson Holiday

By Jane Holsinger COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: The murderer of Lavinia Grenable was most certainly someone else to her. No father said harshly.

"That diary of Lavinia Grenable's brought everything out into the open," he said. "I don't see how more harm can come from discussing it. I just didn't want to say too much—I know how you must feel."

Lisa looked at her father quickly and then realized he didn't mean her feelings toward Angus Kent. Henry Farwell thought it was her fear for Court Grenable, of course.

"You actually talked to Lavinia that afternoon?" Lisa asked. He nodded. "Elizabeth telephoned me and I went over immediately. She and Lavinia had quarreled over Court Grenable's asking you to marry him and Lavinia pulled her old threat about committing Elizabeth to an institution. I think Lavinia believed that if she frightened Elizabeth thoroughly she would call me and she did."

"But why did Aunt Elizabeth...?" Lisa slipped into her child-hood title for Lavinia's sister.

Amazed she watched him drive past her, cross the clearing, and take the right fork toward the Grenable house.

With a quick thrust of anger that she couldn't quite explain, she followed Court. He was halfway to the door when she drove in the driveway and deliberately honked at him.

CRANE—A program centering around truths was given at the Eastern Star meeting held recently in the Masonic Hall.

Plans for Washington's Birthday dinner were discussed at the business meeting. The dinner will be held in the Community Hall for Eastern Stars and Masons. Plans for a study class were made.

Those on the program were Mrs. Peggy Hill, Dorothy Marlowe, Mrs. M. G. Sales, Jeanne Abernathy, Dorothy Pettit, Edythe Wetzel and Bessie Crittenden.

After the meeting a reception was held. Ida Louise Anderson and Jewel Hogan were hostesses.

AUXILIARY PLANS PARTY

The annual Valentine dinner and game party for the Ladies Auxiliary of Post Office Clerks is scheduled to be held at 7 p.m. Friday, Mrs. Carl O. Hyde will be the hostess in her home, 1401 West College Street.

Strips And Straps For New Footwear

Resort shoes that will step lightly into summer are airy in feeling, their slim lines set off by polished leather soles. Sandals (upper left) have multi-colored uppers, with heel in solid color and two-toned ankle strap. For evening, there's a silver kid strip sandal (lower left) with rhinestone-studded circles and heels. The sling-back brown-and-white spectator pumps (center) with shaped high heel are worn with a linen sheath dress with knitted top, a Brigance design. Spectator pumps (upper right) have a tartan plaid inlay to contrast with deep red leather trim. The sheath look in shoes (lower right) is found in hot orange unlined glazed kid casuals.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off weight and helping to bring back slurring curves and graceful slenderness. Just get from your drugstore, four ounces of liquid Barcostrat. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

lections are open, therefore. Stripping and strapping create a different look; shells and fake shells provide the very minimum in shoes. Pumps often are more open, more decorative even though they frequently have the closed back.

Warm weather shoes are made of mesh, of pleated pastel lines, plain and printed shantung, straw, gingham and denim, among other fabrics. Black and white, separately or teamed, are important. So are the ombre colors, the vivid purples, the pale neutrals, and the mauve-to-purple palette.

A pair of ankle-strap sandals have uppers in multi-colored kid, a slim heel in solid color and an ankle strap in two tones. Though the toe is closed, this shoe is extremely airy in feel.

A strapping sandal in silver kid, ideal for warm Southern evenings,

The spectator is no longer traditional in design. This season, particularly, it's a good distance from the standard fare. One pair of sling-back spectators with closed toes is in the classic brown-and-white. Otherwise, they are slender, graceful shoes, able to go many

places barred to the spectator shoe of the past.

The plaid pad carries over into women's weather wear in a simple closed pump which is interesting for its tartan inlay. Toe, collar, back and heel are all in deep-polished calf for contrast.

Hot orange—the right color under sunny blue skies—is used for a pair of unlined glazed kid casuals with the sheath look. The entire front is closed; the entire sling-back is open. This shoe is very light and flexible.

Stripling Is Women's Club Guest Speaker

Robert Stripling spoke on "Government and Women" at the Midland Woman's Club meeting Thursday in the Midland Country Club. Mrs. B. R. Mathews and Mrs. Raymond Leggett were hostesses for the Twentieth Century Club to the Women's Club.

In his speech Stripling said, "As responsible citizens it is you who have failed and not taken advantage of your great heritage." After his speech a question and answer period was held.

Mrs. Lindley Martin presided at the tea table. She was assisted by Mrs. H. H. Redding, Mrs. Duke Jimerson, Mrs. Carl Hyde and Mrs. Charles Snare.

A patriotic motif was carried out in the table decorations. The table was centered with an arrangement of red, white and blue flowers flanked with candles.

A short business meeting was held. Mrs. George Kidd gave a report from the committee for new officers of the Women's Club. Those nominated were Mrs. W. A. Rhodes, president; Mrs. Ernest Sidwell, first vice president; Mrs. L. G. Byerley, second vice president; Nita Stovall, treasurer; Mrs. Bert Cole, recording secretary; and Mrs. Bryan Demson, corresponding secretary.

The next meeting will be held March 15 in the home of Mrs. George Glass.

These Are Some Things That Make Tired Businessmen Tired

By RUTH MILLETT
NEA Staff Writer

"What Makes a Tired Businessman Tired?" asks Look Magazine. Well, here are a few possible answers.

His wife meets him at the door to remind him that they're due at the Jones' for dinner in an hour, and he'd better get a shower and get going. That news is almost guaranteed to make a businessman decide he's worn to a frazzle.

He comes home to find the kids squabbling again, and Mama says they have been driving her crazy all day. You can see Papa start to droop with tiredness when that is his welcome home.

He comes home, drops in a chair, picks up the evening paper, turning directly to the funnies and his wife says: "John, how about taking out the ashes, or fixing Junior's sled, or shoveling the driveway—or whatever."

He comes home and finds Mama's bridge club is still going strong. That makes him so tired, he sneaks off to his own room for a little nap. He asks: "What's for dinner?"

What's RIGHT?

A friend takes you to a party or meeting in her car, and you notice that she seems ready to leave.

WRONG: Take your time about getting ready to leave, stopping to chat while your friend waits.

RIGHT: Don't hold up the person who has been kind enough to drive you to and from the party. Get your coat the minute she gets hers, and be ready to leave as soon as she is.

Congratulations To

Mr. and Mrs. William S. Kotch, Magnolia Tank Farm, on the birth Thursday of a son weighing seven pounds.

MacArthur Happy At Truman Declaration About Crossing 38

TOKYO—(AP)—Officials at General MacArthur's headquarters Friday expressed gratification that President Truman had cleared "muddy waters" concerning a military crossing of the 38th parallel in Korea.

The President told his news conference Thursday that General MacArthur still has authority to decide whether to thrust north of the political boundary.

Key officers here said there never had been any doubt of that in the general's headquarters. The United Nations approved the first drive across 38 by Allied forces and this decision has not been altered, they said.

Adler Says Jazz No Rage In Israel

TEL AVIV—(AP)—"What surprises me most in this country is that nobody seems to care for jazz," Larry Adler, famed harmonica player, said here.

At the end of each concert here, which ranges from Bach to Stravinsky, Adler usually asks his audience what else they would like to hear. Jazz music, he says, is generally a favorite. But not in Israel.

People here, he said, ask for Mozart, Brahms, Schubert, Tchaikovsky and for "Bab el Wad" a soldier's song from the Arab-Jewish war.

DADDY RINGTAIL

Daddy Ringtail And Goose Eggs

Mugwump Monkey sat down on a rock to watch while the game was about to happen. It was a game of see-who-can-hit-the-hardest-with-a-hickory-stick. Two brothers were going to play the game. Their names were Winkledink and Wankledank—silly boys!

can-hit-the-hardest-with-a-hickory-stick. Mugwump wouldn't do it. Why, the hitting of a someone on the head with a hickory stick will make a bump as big as a goose egg. Mugwump knew it. He didn't want a goose egg bump on his head. No sir, and no indeed. He didn't care

either if anyone said he was a sissy. He would rather be a sissy without a bump on his head—than to be a silly someone having a great big bump like a goose egg where a goose egg bump was never supposed to be.

"Ready?" asked Winkledink. "Ready!" said Wankledink to Winkledink.

Mugwump watched while the brothers drew back their hickory sticks. The sticks were high up over their heads, all ready to do the kerbooping and seeing of who could hit the hardest. What a noise "kerbop" was about to happen Mugwump put his

fingers in his ears so as not to hear it. "Kerboop!" "Kerboop!" "Ah-ooo!" shouted Winkledink. "Ah-ooo!" shouted Wankledink. They both sat down on the ground from the big kerbops they had had on their heads. They sat there on the ground to look at each other. How very silly!

"Yessir," said Mugwump, "that's what happens. That's what happens when people play the game of see-who-can-hit-the-hardest-with-a-hickory-stick. It makes a goose egg on the head."

Mugwump watched while the goose eggs grew and grew and grew. They were really only the bumps on the head, but they grew real big until they were as big as goose eggs. And that is the sad, sad story of Winkledink, Wankledink, and the Goose Eggs, all on a very fine day. Happy day!

Researcher Studies Crabs' Parasites

LOS ANGELES (AP)—Colonies of single-cell parasites which attach themselves to crabs ordinarily are not considered harmful, but Dr. Gordon H. Ball, zoologist at the University of California declares his researches show the tiny life units produce damaging effects.

When they gather around the small ducts in the crab's body, the parasites completely close the duct opening and destroy certain cells, Dr. Ball states. He added the parasites are harmless to humans should the affected crabs be eaten.

King's Row

By LARRY KING

This is the real slack season in Midland sports—and in all West Texas towns, for that matter.

High school basketball is over—except for schools winning championships. Spring football training hasn't started and won't here until April 26, the initial track meet isn't until February 16, there's no more Golden Gloves, golf tournaments won't start until the weather gets warmer, and Spring baseball isn't due until March 10.

Add to that the fact that no baseball transactions are on the fire right now, and there's not much left.

—KR—
But the Midland High School golf team keeps the day from being a total loss. The Audrey Gill-coached lads will invade Abilene for a team match with Eagle golfers Saturday morning. Play will start at 9 a.m. at the Abilene Country Club.

Gill will have four lettermen making the trip. The lettermen are Graham Mackey, Johnny Ward, Roane Puett and Bill Franklin. Other Midland High candidates were to shoot for qualifying scores Friday, with the best two golfers joining the four lettermen at Abilene Saturday.

Gill's golfers defeated the Abilene squad two times last season, then lost by one stroke to the same boys in the regional meet. Abilene has a new crew this season, having lost most of its fine squad by graduation.

—KR—
Something we didn't know till now—department:

—Joyce Beasley, guard for the Midland Flying Susters fem basketball team, has passed her physical and will report to the WAF soon. The WAF stands for Women of the Air Force.

The San Angelo Red Chick basketball team may come here next week to play a game with the Sisters. Bad weather kept the Red Chicks at home when a game was scheduled here a couple of weeks back. San Angelo defeated the Midland Sisters 23-24 early in the season.

—KR—
There is an independent basketball tournament opening here Wednesday. Eight teams are entered in the tourney.

Teams slated to see action are Western Plastic and Rotary Engineers of Midland, Bill Hale Motors, Holder Grocery and Phillips Company of Odessa, Checker Cab 'B' of San Angelo, T&P Railway Company of Big Spring and McCamey News Publishing Company.

The tournament will continue through Saturday night. Consolation and championship finals will be held that night, with trophies going to the two winners and the championship runner-up. An all tournament team of 10 players will be awarded individual medals.

—KR—
And Monday night the City Hall will be the site of a meeting to work out additional plans for the operation of the three boys baseball leagues here this Summer. It starts at 7 p.m.

It's a worthwhile project, this boys Summer baseball program, and any Midlanders who will help as managers, sponsors, officials or in any way are urged to be present.

—KR—
From Roswell Scribe Rusty Ayers, we hear the Austin Pioneers have shipped Catcher Ray Sanders to the Rockets.

Sanders was the number one catcher with Austin last season, but since Tom Jordan left the Rockets to take over the Pioneers and will do the catching, Sanders moved on to Roswell. He's 26 years old and is reported to hit a long ball.

—KR—
The Carver High School here took in \$574.70 at the basketball game during January.

That's compared to \$772.42 at Midland High School. Coaches around West Texas tell us Midland High drew better than most schools in the area.

Considering the small enrollment at Carver, the Hornets did all right at the gate, too.

Woman, 91, Gets High School Diploma

LEOMINSTER, MASS.—(AP)—Miss Hannah Johns finally became a high school graduate—at 91 years of age.

A Salvation Army worker for a quarter of a century, she decided two years ago to complete her high school education and had attended classes since.

Thursday night, she marched proudly with the Leominster Evening High School graduating class and received her diploma.

U. S. ANNOUNCES 1951 GRAIN SUPPORT PRICES
WASHINGTON—(AP)—Corn support prices for this year's crop will be \$1.54 or more. The Agriculture Department fixed the figure Thursday.

The department also announced oats will be supported at an average of 72 cents a bushel compared with 71 cents last year; rye at \$1.30 compared with \$1.28; barley at \$1.11 compared with \$1.10; and grain sorghums at \$1.88 for 100 pounds compared with \$1.87.

Marty Furgol Sets Valley Open Pattern

HARLINGEN—(AP)—The \$10,000 Rio Grande Valley Open pushed into its second round Friday with the field chasing Marty Furgol, a golfer who's looking for a job.

The tall Long Beach, Calif., professional who has won only pocket-change thus far on the seven-week tournament trail, Thursday whipped par by six strokes over the battered, muddy 6,095-yard Harlingen Municipal Course and his 65 stood up as the lead.

He was just one stroke ahead of veteran Henry Ransom of St. Andrews, Ill., and Chuck Klein of San Antonio when 125 players of the original field of 146 answered the call to the tee Friday.

Marty grins all over. Last week, when he failed to finish in the money of the Texas Open at San Antonio, he said he guessed he'd just have to quit. His total bankroll on the Winter tour was a puny \$480—earned by taking tenth in the Los Angeles Open. But a new sponsor came along and he found he could go through this tournament and also the Houston Open next week.

Par Beats Experts
Furgol is after the top money—and then he'll be interested in a good club job somewhere.

Some of the top-rated raters failed to get into the par-cracking bracket. Lloyd Mangrum of Chicago, for instance, did an even par 71 as did E. J. (Dutch) Harrison of St. Andrews, the Texas Open champion. Maugrum, leading money-winner of the year, has been the big favorite for \$2,000 first money here.

Jack Burke, Jr. of Houston, another favorite—he's the defending champion—did quite all right. He had a two-under par 69 and was in seventh place, in good position. A stroke better were Ed Furgol of Royal Oak, Mich., the golfer with the withered arm; Glenn Teal of Jacksonville, Fla., and Max Evans of Detroit.

Brown Bomber Rates Ezz Charles Sixth Among Former Foes

SAN FRANCISCO—(AP)—Old Joe Louis, who ruled the heavyweight ranks longest of 'em all, rates Ezz Charles, current champion and the one who beat him in his comeback attempt, as only the sixth best man he ever fought.

The Brown Bomber never pulled a punch in the ring and he wasn't pulling verbal ones either as he pulled over a distinguished boxing career and decided Title Holder Charles was only No. 6 in a lengthy list of opponents.

Of Joe, who will be 37 come May and is fighting his way into another championship match with Charles, picked Billy Conn as the best of all those who have faced him.

No Doubt About It
"No doubt about it, that Billy was the best. He was winning that title right away from me when I managed to get him. He sure could box and he had a good punch," Louis said.

The ex-champ was referring to their 1941 meeting when challenger Conn was well ahead on points but made the mistake of trying to slug with Joe in the thirteenth round. Louis kayoed Conn again in 1946, this time in eight sessions.

Behind Conn, the man who wore the crown from June, 1937 until he retired in March, 1949, rated the best men to face him as follows:

- No. 2—Max Baer.
- No. 3—James J. Braddock.
- No. 4—Max Schmelling.
- No. 5—Tommy Farr.
- No. 6—Ezzard Charles.
- No. 7—Primo Carnera.
- No. 8—Jersey Joe Walcott.
- No. 9—Bob Pastor.
- No. 10—Arturo Godoy.

Securities Licenses Issued Midlanders

AUSTIN—Securities licenses have been issued to two Midland men by Secretary of State John Ben Shepherd.

They are: Millard B. Arick, oil and gas dealers securities license, and John L. Mercer, general securities dealers license.

Shepherd's office must approve, qualify and license a securities salesman or dealer before he is eligible to sell stocks and bonds in Texas. Licenses must be renewed yearly.

Frank Smith, University of Miami's brilliant halfback, has a younger brother on the Hurricane frosh team who is also a top halfback prospect.

Andrews Wins 5-A Crown

PECOS—The District 5-A basketball crown belongs to the tall Andrews Mustangs.

The Mustangs, North Zone winner in the loop, defeated Pecos 38 to 30 here Thursday night to sew up the crown. Pecos, South Zone champion, had dropped a 50-48 game to the Ponies at Andrews Tuesday night in the first of the two-of-three series to determine the loop representative.

Pecos got off to an early lead and was in front 9-7 at the end of the first quarter. The Eagles maintained a small lead and were in front 17-15 with but one minute to play in the first half. But lanky Bob (Tree) Summerwell, six-foot, seven-inch Andrews center, went on a scoring spree to sack up six points in the final minute of the half. Pecos never recovered after that and Andrews built its margin to 29-21 by the time the fourth quarter came around.

Summerwell paced Andrews with 12 points. Billy Patterson scored the same number to lead the losing Pecos five. The game was the eighteenth win in 20 starts for Andrews.

Morris Williams In Tie For Fifth In Mexican Open

MEXICO CITY—(AP)—Jimmie Demaret and Stan Dudas headed into the second round of the Mexican National Golf Tournament Friday a stroke ahead of the field with 68.

Tony Holquin of San Antonio, defending champion, had a 34-35—69 for third. Roberto de Vicenzo of Argentina had a 70.

Morris Williams of Midland, Texas was tied for fifth with a 36-35-71. A stroke behind was Gene Towry of Lamesa, Texas, with 72.

McCamey Lions To Sponsor Benefit Tilt For Joan Edwards

MCCAMEY—An overflow crowd is expected to turn out here Saturday night to see the colorful House of David team in its clash with the News Publishing Company at the McCamey High School gym. The game gets under way at 7:30 p.m.

The game is sponsored by the McCamey Lions Club and net proceeds will go to the Joan Edwards Recovery fund. Miss Edwards, a Rankin girl, was injured seriously in a car wreck two years ago and never has regained consciousness.

Admission to the benefit game is \$1 for adults and 50 cents for children.

PUT UP OR SHUT UP—

A&M Wants 'Facts' In 'Stiteler Case'

COLLEGE STATION—(AP)—Texas A&M College demanded The Houston Press and Reporter Jack Donahue give it the "facts" it claims to have on "Who hit Harry Stiteler."

The college said its president and athletic director made the demand. In a lengthy statement Thursday, A&M said it wanted these "facts" in the interest of "common decency."

Stiteler, Texas A&M football coach, was beaten December 15 while enroute to a banquet for his team at the Shamrock Hotel. He said he did not know the man who attacked him as he stepped from a taxicab at the Shamrock.

A&M's statement Thursday said a Houston Press story quoted Ranger John J. Klevenhagen as saying "Stiteler was beaten up within a short distance of the Municipal Airport . . . and nowhere near the Shamrock."

Klevenhagen said he couldn't comment on the matter, that such statements would have to come through the proper channels. He named Capt. H. V. Purvis, head of the Houston Office of the Department of Public Safety, as the "proper channel."

Purvis told The Associated Press he had no knowledge of Klevenhagen making such a statement. Editor Stands Pat

The editor of the Houston Press, George Carmack, said "We stand on our feet."

Texas-SMU Tilt Is Top Cage Attraction

By The Associated Press
The University of Texas Longhorns Friday night risk their share of the lead in the Southwest Conference basketball race against the tough Southern Methodist University Mustangs.

The Steers may be raking more than that. If they drop this one they may never catch up with the high-flying Texas Christian University Horned Frogs.

Texas Christian Saturday night takes on Rice, a team it humiliated by a lopsided score earlier in the season.

In another conference game Saturday, Baylor meets the improving Arkansas Razorbacks.

The Razorbacks Thursday night handed Louisiana State a 64-50 licking at Little Rock. They held the LSU five to just four field goals in the first half.

D. L. Miller led Arkansas to the easy win with 20 points. He made good on eight out of nine free shots.

Off-season from football, Detroit Lion end Leon Hart, former Notre Dame All-American, is engaged in the commercial asphalt business.

St. Andrews Church Meets in Auditorium
The St. Andrews Presbyterian Church, beginning Sunday, will conduct its morning worship services in the auditorium of the David Crockett Elementary School, the Rev. Lewis O. Waterstreet, pastor, announced.
Services previously have been held in a classroom of the elementary school building.
The auditorium has a seating capacity of 200 persons, according to Mr. Waterstreet.

STARTING EARLY
PETERBOROUGH, ONT. —(AP)—A pretty blonde who went to the national employment offices here was taken to the police station. The girl, who had never worked before, was given a box of popcorn there while waiting for her father. She is three years old.

All-Out Support Given Polio Fund
BALTIMORE —(AP)—A Baltimore publisher, who regularly turns over all profits from his newspaper to the March of Dimes, has donated to the polio fund \$180 in prize money he won on a radio quiz show.
The publisher is Robert P. Fleishman, editor, reporter and entire staff of "The News Hound," a mimeographed weekly. He is eleven years old.

ANNOUNCE NEW PLASTIC
PRAGUE —(AP)—Czechoslovakia has produced a new plastic called polyvinochloride that will be sold under the trade name of novodur. The raw materials are limestone and coke. The substance, says the newspaper "Lidova Demokracie," can be used in the manufacture of tubes, pipes, phonograph records, curtains, aprons and table cloths.

Speeding Is Main Traffic Violation
NEW HAVEN —(AP)—A total of 34,668 persons, about one for every 8,100 of the state's population, were convicted of traffic violations in Connecticut during 1950.
Fines assessed totaled \$699,829, or about \$28 per violation. Speeding was the leading complaint, causing 8,446 arrests. Arrested for reckless driving were 1,765 and for drunken driving 1,802.

BRITONS HEAD FOR HOME
SINGAPORE —(AP)—Passenger accommodations aboard ships traveling from Singapore to Britain are fully booked from February through July, travel agents Thomas Cook and Son, report here. Indications were that all available shipping space to Britain in particular and to Europe in general would be fully taken.

+ Crane News +
CRANE—Mrs. R. E. Westberry, Jr., continued the study, "Near East," at a recent meeting of the WBOC.
Mrs. F. W. Brown of McCamey, who recently underwent surgery here, has been dismissed from the Crane Memorial Hospital.
Mrs. James Rice recently underwent minor surgery.
Jess Miller was appointed city marshal by the City Council at a recent meeting.
Occupancy of the Crane Memorial Hospital during January was 92.3 per cent, according to Mrs. Louella Huffman, superintendent.
Mrs. E. P. Thompson recently underwent major surgery here.
Mr. and Mrs. L. D. Ervin announce the birth of a daughter, Elaine, who weighed seven pounds, 12 1/2 ounces at birth.

INFANT DEATHS DECLINE
LONDON —(AP)—The infant mortality rate in England and Wales fell to 24 per 1,000 births in the last three months, according to statistics recently released here. The figure is the lowest ever recorded in England for infant deaths.

The churches of America are making a united appeal during Lent to share our plenty with the less fortunate of other lands. It is a challenge for us to help the millions who need food and warm clothing, who are destitute and homeless. Can we look at this living picture of suffering humanity and still say no?

The rewards of giving are many! In helping others we help ourselves. That is one of the paradoxes of life. For it is in giving that we receive. We receive joy in giving gifts to our friends and to the needy near us for whom we have compassion. A mother finds joy in giving to her child even if it means a sacrifice for herself. We need to extend the scope of our giving to include those in far away lands made homeless and helpless by war and calamity. We in America, a land of comparative plenty, need the priceless blessing, the spiritual enrichment that rewards Christian charity.

But that is not all. Helping others means helping extend the Kingdom of God. "Verily I say unto you, Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me." These are the words of Jesus asking for our help. Can we refuse?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his children's sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Second Lions Club For City Studied

The establishment of a second Lions Club for Midland is being surveyed and studied.

Ed Frichard, president of the active Lions Club here, said Friday he had appointed a committee to work on the project. Committee members include J. E. (Kit) Carson, Jr., L. V. Basham and James L. Daugherty.

Preliminary reports from the committee indicate an interest in the new club, which would serve the South sector of the city.

A meeting of the downtown Lions Club with prospects for the new club may be called soon. It would be held at the South Elementary School.

Closer Atlantic Pact Ties Are Considered

WASHINGTON — (AP) — Careful consideration is being given here to the possibility of tying Spain, Yugoslavia, Greece and Turkey more closely to the Atlantic Treaty defense setup in Europe. Officials said Friday, however, extremely difficult problems stand in the way.

The possibility of action along this line was pointed up by a brief exchange Thursday during Secretary of Defense Marshall's testimony before the Senate Foreign Relations and Armed Services Committees.

Marshall was asked what he thought about bringing such nations as Spain and Turkey into the defense system. He replied that "any acquisition of battle-worthy troops would be tremendously helpful at a time like this."

Jail Break—

officer, "and Parks was pulling at me from the rear."

The second prisoner finally slipped through the door and, as Buckalew tussled with Parks, slugged him over the head with the home-made blackjack.

The blackjack, made of bed ticking, was loaded with lead pellets dug from the jail plumbing.

"When he hit me I went down," said Buckalew. "I wasn't unconscious but I saw 500 stars and was pretty groggy. I started yelling for help."

Rowan To Rescue

Rowan, in the adjoining sheriff's apartment with Mrs. Darnell, heard the shouting and rushed into the jail.

He saw Buckalew on the floor and the main jail door standing open. He slammed it shut and thrust his arms through the bars, so it couldn't be pulled open.

The prisoners, milling around in the hallway, finally returned to their cell.

Mrs. Darnell, meanwhile, called the Midland police headquarters and city police threw a ring of officers around the courthouse.

When police arrived at the county jail, Buckalew finally locked the prisoners in their cell again.

He recovered the tiny "automatic pistol," about four inches long, blackened with ink or shoe polish, and carved carefully from a bar of soap.

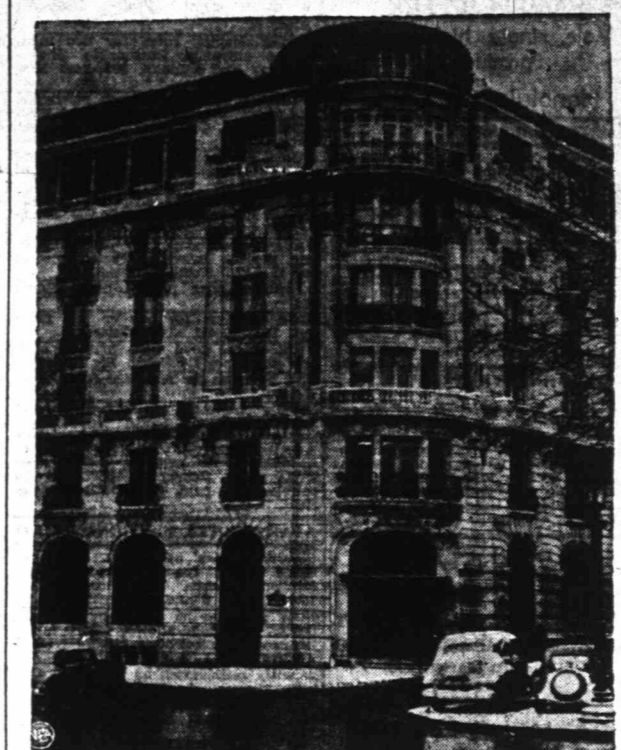

District Attorney W. A. Shafer of Odessa investigated the attempted jail break, but no charges had been filed against the prisoners Friday morning.

Sheriff Darnell was out of the city on a trip to Florida to return a prisoner to Midland.

CHARMIN' SHORMAN IS A WOIKIN' GAL—Shorman Douglas, right, daughter of former U. S. Ambassador to England Lewis Douglas, checks appointment book of actress Jean Simmons, left, as she embarks on her new public relations job at RKO studios in Hollywood. One thing the 28-year-old Miss Douglas won't publicize, however, is her rumored romance with film star Peter Lawford, according to NEA Hollywood correspondent Frankie Johnson.

General Eisenhower's Temporary Paris Office Overlooks Unknown Soldier's Tomb

SHAPE's Temporary Headquarters: Inside the hotel MPs and gendarmes; down the street, a police van.

Paris — (NEA) — From the temporary headquarters of his new military command, General Dwight D. Eisenhower, Supreme Commander of the Allied Powers in Europe, has an undisturbed view of two famous monuments of other wars—the Arc de Triomphe and the tomb of the Unknown Soldier.

The big semi-circular room on the first floor of the Hotel Astoria, which the general will use as his personal office, overlooks one of the most famous sites in the city: the tomb of the Unknown Soldier.

He helped liberate—also as an Allied commander—six years ago.

Although the balcony, six-story high will serve only as temporary headquarters for SHAPE, it underwent a complete overhauling before Eisenhower's arrival.

Once rated among the leading hotels of Paris, its luxury had been tarnished by Army use during World War II. Painters and decorators went to work on round-the-clock shifts just before Christmas; a delicate beige wall-to-wall carpet was put down in Eisenhower's office, and furniture was moved in from the French government's Garde Meuble National—the National Furniture Storehouse.

The storeroom includes a vast collection of historical furniture, priceless antiques, and modern pieces. Exactly what went into the general's office, however, is something of a military secret. No outsider is allowed to peek inside, or even tarry anywhere on the first floor of the Astoria.

Although it is on the edge of the Place de l'Etoile, one of the notable landmarks of Paris, the hotel has been out of bounds for tourists for a long time. It was built with German capital around 1906, became an Army hospital in World War I, was occupied by the Germans in World War II until Paris was liberated, and has quartered U. S. Army units ever since.

Now it is more impregnable than ever. Two MPs and two Paris gendarmes stand guard in the lobby;

outside the French police keep a 24-hour watch.

There is a police van kept in readiness nearby, which is somewhat disconcerting to patrons of the fashionable bar a few doors away run by Georges Carpentier, the former prize fight champion. The van is parked near the entrance to the bar, but customers have been assured there is no connection.

Depends On 'The'

How long the SHAPE signboard stays up at the Astoria depends on Eisenhower. He will look around for permanent headquarters and consult with the SHAPE planning group before making any further move.

Historic Versailles appears to be at the top of the list of possibilities, with Metz and Strasbourg as alternates. Anywhere SHAPE goes will present a considerable housing problem, since there will have to be room for officers, enlisted men and civilian personnel of the staffs of the 12 Atlantic Pact nations.

When Eisenhower and the rest of SHAPE headquarters move on, the van probably will disappear from in front of Carpentier's bar. But the Astoria, which now is simply 131 Avenue Champs Elysees, will still retain its MPs and other military atmosphere. The U. S. Army plans to "keep the hotel as a center for travel arrangements and similar facilities."

JayCees Visit New Telephone Building

Jim Monk, district manager for Southwestern Bell Telephone Company, and Al Case, Midland manager, appeared before the Midland JayCees Friday at the JayCees luncheon in Hotel Scharbauer and told of the progress being made on Midland's dial telephone system.

Case gave a brief description of the company's work and said the installation of dials in Midland was 75 per cent complete. He said Southwestern Bell employees now are in the process of contacting business houses in Midland to determine their extension plans.

"I feel our new program will be large enough to take care of Midland for some years to come," Case said. He reported that the dial system will be ready to go into effect here "by late June."

Immediately after the luncheon, the JayCees left by bus for the new dial office to inspect the building under the guidance of Monk and Case. Western Electric workers accompanied the group to explain the mechanical end of the dial system. President Art Joseph presided at the luncheon.

ADMITTED TO HOSPITAL.

Dorothy Connally, 511 South Carver Street, was admitted to Midland Memorial Hospital Thursday as a medical patient.

The Jones Law, enforcing National Prohibition, was enacted March 2, 1929. The 18th (Prohibition) Amendment was repealed Dec. 5, 1933.

HEADS KOREA RELIEF—J. Donald Kingsley, above, director general of the International Refugee Organization, has been named agent-general of the United Nations Korean Reconstruction Agency. Kingsley planned consultations in New York and Washington before leaving for Korea where he will take over the UN's reconstruction and relief program.

Johnston Ponders Wage Hike Freeze

WASHINGTON — (AP) — Economic Stabilizer Eric Johnston Friday studied whether or not to order in effect a 10 per cent ceiling on wage boosts despite a labor walkout on the proposed national wage-control formula.

There were strong indications Johnston, hoping to patch up the split in his Wage Stabilization Board, would not make up his mind Friday.

350 Persons Attend Elks Dinner, Party

More than 350 members and prospective members of Midland Lodge 1628, Benevolent and Protective Order of the Elks, attended a buffet dinner and stag party Thursday night in the Officers Club. The affair was given in honor of prospective members of the recently-organized club here.

Applications from more than 60 persons were received during the gathering.

C. W. Chancellor, Sr., exalted ruler of the Midland unit, termed the session "most successful and enjoyable."

Activities, Services

Charitable activities and community services of the Elks Lodge were explained during the business meeting which preceded the dinner.

Other officers of the club are Myrl Thompson, leading knight; John Casey, loyal knight; N. B. Larsh, lecturing knight; H. L. Price, iller; Roy Jeter, esquire; John B. Mills, chaplain; Lynn Durham, inner guard; Jorma Partanen, organist; P. L. Prout, secretary, and Ray Krusemark, treasurer.

Red Thrusts—

three miles through South Korean positions but fled after a 55-minute hand-to-hand encounter.

The communique said another force of some 1,000 Chinese was moving toward Chechon on a twisting mountain trail eight miles northwest of the town.

The flanking development came after a chips-down battle at Chip-yong, 20 air miles northwest of Wonju. Allied reinforcements bolstered the finger-in-the-dike force of French and Americans at Chip-yong that badly crippled three Chinese divisions in checking the main Red push on the central front earlier this week.

To the east of Chip-yong, an American-Dutch force stood off mauling Red forces above Wonju. Some of those Communists were believed to have taken to the high ridges in the southeast to threaten Chechon. The Reds had no artillery support in their new threat.

But a menacing build-up of Chinese and Korean Red forces was reported in the hills and valleys above the central front—the area beyond Chip-yong and Wonju.

AP Correspondent John Randolph reported Eighth Army intelligence estimated the Red strength at five army corps.

Troops—

(Continued From Page One)

the forces contemplated was smaller than had been anticipated.

But Senator Taft (R-Ohio), who wants to put some kind of a limit on the number of troops to be sent, was ready with a lot of questions for Acheson.

Taft told reporters he wanted to know particularly whether there was any agreement on the size of the ground forces to be furnished by each of the North Atlantic Pact nations. If no ceiling is imposed on the American troop contribution, Taft said, he might propose that none be sent until Western European nations agree formally to take on most of the defense burden.

"To Preserve Peace"

Marshall had opposed setting any limit on the size of the American contingent. President Truman later said Marshall's statement represented the White House views.

Acheson also attacked proposals for limiting American help as well as suggestions for concentrating American defenses in this hemisphere and for insisting that Europe prepare its defense first and get American aid second.

He also responded to the issue raised in Congress over whether North Atlantic Treaty commitments provide for American troop participation in the Western European defense force.

Acheson said the fundamental purpose of the Atlantic Pact is "to preserve peace." He said it provides for mutual help among the members and for consideration of what should be done before any attack as well as after an attack should occur.

Fate Blame On Reds

Repeatedly, Acheson put the blame for the need of building up Western defenses on the threats raised by Russia and its satellites. He cited their military power and their demonstrated willingness, as in Korea, to use either open or indirect aggression against free nations.

In brief, Acheson said the job of protecting the United States breaks down into three parts—(1) to prevent war, (2) to prevent Russia from "accomplishing its aggressive purposes" by means other than war, and (3) to assure the victory of the free nations if war is unavoidable.

"Our primary concern is not how to win a war after it gets started, but how to prevent it, and how to help Europe stay free in the meantime," he said.

Carpenter Feels Good Once More

Gets Appetite Back And Feels Fine. HADACOL Supplied Vitamins B1, B2, Niacin and Iron Which His System Lacked

W. L. Berry, 5420 West 33rd Ave., Little Rock, Ark., is a carpenter and a good one and he's mighty proud of his work. Mr. Berry says that to do a good day's work and do it right, a man has got to feel good. That's why Mr. Berry began to worry when he began losing weight, had no appetite and felt just generally run-down. But Mr. Berry didn't sit around worrying; he did something about it. Mr. Berry started taking HADACOL. In a week's time he noticed a wonderful improvement. Many folks from all over the country have found that HADACOL has relieved the real cause of their troubles, when they are due to deficiencies of Vitamins B1, B2, Niacin and Iron, and continued use of HADACOL helps keep these troubles from coming back.

Here is what Mr. Berry says about today's great HADACOL:

"It was run-down, had lost weight and just didn't have an appetite. I just couldn't even force myself to eat at all. I heard about HADACOL on the radio and tried a bottle of it. In a week's time I noticed a big improvement in my appetite—I was actually hungry and wanted to eat. I have now regained the weight I had lost, and have an amazing appetite. I have since taken about twenty-five bottles of HADACOL and do recommend HADACOL to all my friends. I always have HADACOL in the house and just wouldn't be without it."

Western Allies To Propose 'Big Four' Meeting In March

PARIS — (AP) — The Western powers' latest note to Russia, due to be sent to the Kremlin Monday or Tuesday, will propose March 5 as a date for deputy foreign ministers to meet in Paris to arrange a Big Four meeting on world peace, a government source said Friday.

Russia has told the West she has no objection to a meeting of deputies of the U. S., France, Russia and Britain to work out the time, place and agenda for a meeting of the foreign ministers.

Russia began the exchange of notes last November, proposing a Big Four meeting on German questions. The West has been insisting that the scope of the meeting not be confined to Germany alone.

The deputies, in the preliminary meeting, would not discuss matters of substance, but will try to agree only on what subjects the four foreign ministers would consider.

Russia has given a hint that she might be willing to discuss "other subjects" besides Germany, but insists that the questions of German reunification and German unity have top priority.

Truck Driver Charged In Negligent Death Posts \$2,500 Bond

ODESSA — J. B. Ratliff, Andrews truck driver charged with negligent homicide in the highway death of an Odessa man Wednesday night, was released on \$2,500 bond Thursday.

Funeral services for Eugene Howard Miller, 24, the fatality victim, were pending at the Hubbard Funeral Home here Friday.

Critically injured in the car, driven by Miller, were Samuel Whittington, 22, Baxter Gene Tankersley, 22, and Robert Dillon Becton, 41, all of Odessa. All were reported "slightly improved" today in Ector County Hospital.

The men, members of a rough-neck crew, were on their way to work about 9 o'clock when the car smashed into a truck driven by Ratliff about five miles north of here.

Parked On Highway

Ratliff parked the truck on the highway, police said, and Miller's car, also headed north crashed into the rear of it.

The charges filed against Ratliff alleged performance of an unlawful act on a number of counts: Operating a truck without a red light on the extreme rear end of the load; leaving a motor vehicle in a disabled condition on the road without displaying a warning device; leaving the truck parked on a public highway; and failing to leave flares by the truck.

Miller was employed by the Permian Drilling Co. He had lived in Ector County one year. He served in the Army Air Force from March 13, 1946, until Feb. 28, 1949. Surviving are his father, E. H. Miller, Sr., Odessa; his mother, Mrs. L. E. Mount, Abilene, Kan., and a sister, Mrs. H. W. Woodward, Monahans.

Cornbelt Farmer Handy With Hammer

DES MOINES — (AP) — When Hans Hansen, a native of Denmark, acquired a 70-acre tract near West Branch, Iowa, 41 years ago, there wasn't a building on it—not even a fence post.

Today Hansen has 240 acres, 80 of which are tillable, and every building and fence on the place was erected by the former immigrant. These include a home, woodshed, garage and workshop, double corn-crib, chicken house, two barns, hog-house, tractor shed and fuelhouse, a sawmill shed and a machine shed. Around the farm are five miles of solid fences erected by Hansen. He even fitted five bedrooms in the home with furniture he made himself.

Island-Hopping Vet Goes To Dogs And Cows By Air

James Leach and patient: Once he took 587 cows to sea.

EASTHAM, MASS. — (NEA) — When James Leach goes to the dogs, he goes by air. Also when he goes to the cows.

That's because Leach is a flying veterinarian. Dividing his practice between his own farm-hospital here and the island of Nantucket, off the Massachusetts coast, Leach travels in a light airplane.

At least once a week, he takes off from the bay in his pontoon-equipped plane for his Nantucket patients. He averages about 20 to 25 calls on the island, then flies back.

Sweetwater Wives Organize Meat Strike

SWEETWATER — (P) — "We'll eat no meat" might be the slogan for a group of Sweetwater housewives next week.

They've pledged not to buy any meat in an effort "to do something" about high prices.

Mrs. W. E. Kirkpatrick, leader of the group, said she hopes women in other communities will form clubs of their own.

BIG SPRING TO LET NEW SCHOOL CONTRACTS
MEIG SPRING—Bids for the construction of two additional elementary school buildings will be received here March 1.

Big Spring voters on January 23 approved a bond issue of \$375,000 for the construction.

H-Bomb Blows Ellenton's Boom Dreams Sky High: It's Like A Death In Family

ELLENTON, S. C. — (NEA) — The people in the little South Carolina town along the Savannah River, a little southwest of Augusta, Ga., knew something was up.

Since April, strangers had been turning up, asking about the soil, the crops, the land values. Farmers kept running into surveyors in the fields and on the rutted country roads. Planes circled over the cotton fields and pine woods, buzzing like inquisitive flies.

In Ellington, Jackson, Dunbarton, Meyers Mill and Snelling, word began to get around a great in-

Mike Cassels: It's like having a death in the family.

dustrial plant was going to be built somewhere in the area. By Fall, after three years of bad crops, everybody was talking about a boom, and the people were planning their lives accordingly.

Recently the bubble burst, and today instead of a boom they are getting ready for the funerals of the peaceful towns in which most of them were born and have spent all their lives.

Ellenton's Mayor H. W. Risher got the news when he walked into his hardware, home appliance and auto supply store and took a look

Plans For German Rearmament Will Influence Russians

By EDDY GILMORE
PARIS — (P) — As surely as there's a face on the Kremlin clock German rearmament is going to ring an alarm bell in the Russian Politburo.

This does not necessarily mean the Soviet leaders will go to war over it. What they are going to do is one of the world's top secrets, carefully arrived at and zealously guarded. It's doubtful if any foreigner knows the answer.

As someone once said, there are no experts on Russia—just varying degrees of ignorance. However, nine years' residence in the USSR gives license to guess.

It appears the Russians would first like to talk over the question of Germany—and in all its phases—with the U.S.A., Britain and France. A four-nation foreign ministers meeting has been proposed by the Soviets. At it the Russians unquestionably would say their piece in the bluntest language—probably more bluntly than they've ever stated it.

See Good Chance
A number of highly-placed Western diplomats believe there's a good chance of such a four-power meeting being held, but they don't give it much chance of succeeding. These diplomats say the Russians may try to dialogue France and Italy from their present close cooperation with the United States.

This belief is one of the things which led to the big European diplomatic rumor of the past week—that Russia already had made offers to Italy and France, offers of non-aggression in exchange for less dependence on the U.S.A.

It would be difficult to over-emphasize the importance Russia gives to German rearmament.

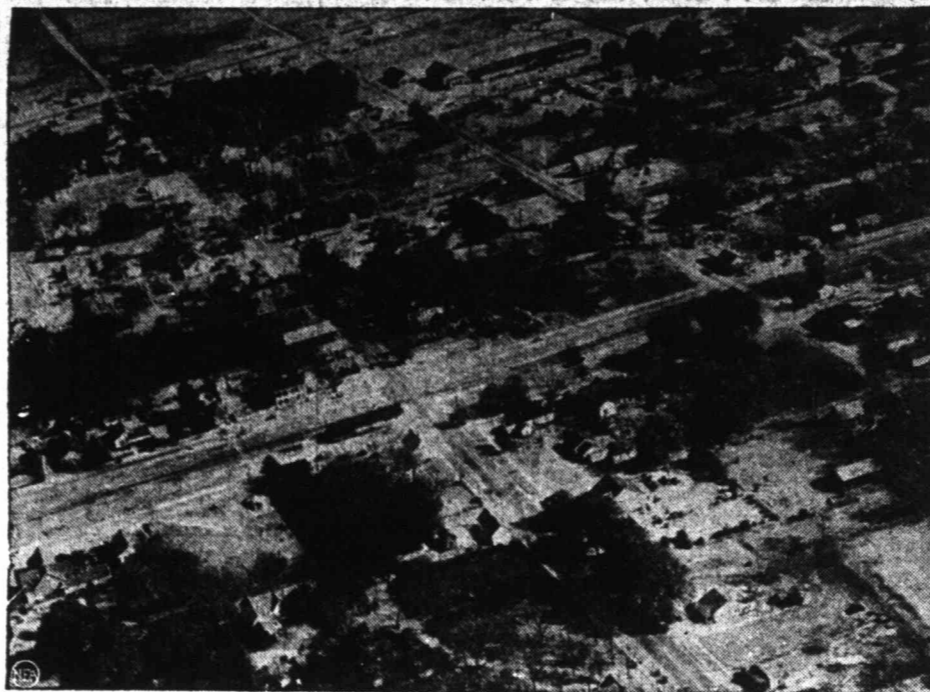

Several Possibilities
Should the U.S.A. and her friends go along with the idea of such rearmament and the continued division of Germany, several things could happen:

1. Something akin to the Berlin blockade.
2. A serious demand from Eastern Germany for a unified nation, and this time backed up by action.
3. Trouble between one of the stern European nations and Western Germany.

One should remember that Russia, in mutual assistance pacts with friendly neighbors, agrees to come to each nation's assistance in case of trouble with Germany, or any country or countries allied with Germany.

Many persons in Western Europe believe the proposed four-power meeting is just about the last chance—that war should almost be inevitable if it fails. But the Russians do not appear to think that way. And there are some Westerners who share the view—that the two sides can live in a perpetual crisis, or state of armed peace, for a long time.

First Victim Of The H-Bomb: From the air, Ellenton sprawls on both sides of the Charleston & West Carolina Railroad. Schoolhouse (top center), which just got a \$30,000 addition, will disappear with the rest of four South Carolina towns when the H-bomb plant is built.

at the headlines Cubie A. Hill, his partner, waved at him.

A big industrial plant was coming, all right. But it was to be an Atomic Energy Commission plant to produce materials for development of a hydrogen bomb. It would swallow up 250,000 acres in Aiken and Barnwell counties. Ellenton, and the four smaller towns where they had been talking boom, would be swallowed up, too.

More than 5,000 persons—businessmen, farmers, sharecroppers, woodcutters and their families—will have to pull up roots, some of them within six weeks, some in the next four months, all of them within the next year and a half.

Before they go, they'll have checks from the Army Engineers for the homes and land they're leaving behind. For some, there will be a chance to work on the construction of the \$260,000,000 project, to be known as the Savannah River Plant. But E. I. du-Pont De Nemours & Company, which is building the plant for the A.E.C., says many of the 8,000 construction workers will have to be skilled men brought in from outside.

Not Protesting
In Ellenton and the smaller towns, which will be nothing but memories on an out-dated map when the project is finished, they are calling themselves the "first DP's of World War III." But, patriotically, they are not protesting.

"We're all heartsick at being displaced," says Miss Louise Cassels, one of Ellenton's leading citizens. "But if it's really for the good of the country, we'll cooperate 100 per cent."

Miss Cassels is a church leader, musician, and president of Cassels' Company, focal point of Ellenton's business life. She also teaches sixth grade at Ellenton school, a labor of civic zeal.

Her brother, big, white-haired Mike Cassels, operates the business his father founded 60 years ago, says he feels as if they'd had a death in the family. The Cassels store, a unique landmark 110 feet long where townfolk can buy yard goods or frozen spinach, cattle feed or shoelaces, will be engulfed by the

Commies May Be Battle-Testing Speedy New Jet

WASHINGTON — (P) — Is the Red Air Force battle-testing a new, ultra-high-speed jet fighter in Korea?
American airmen, it became known Friday, recently have caught a few brief glimpses of a mysterious, unusually fast jet fighter, presumably half to the north where the Communist jet Air Force prefers to make its sallies from fields in the Manchurian sanctuary.

Whether the fighter is an entirely new design or an improvement on some known type, such as the MIG-15 or the IA-17, is not yet known. Because the United States Air Force is not yet sure, it has tabbed the Red plane with an arbitrary type number but without attempting to designate it as a product either of the design team of Mikoyan and Kurevich (from which the names MIG comes) or of Lavochkin. Those two organizations are Russia's foremost designers of jet fighter types.

What concerns American fliers is the report that the mysterious Red jet was able to keep ahead (one report said it pulled away from) the fastest operational jet fighter the USAF has, the F-86 Saber.

C. OF C. MANAGERS VISIT IN MIDLAND

Highway Is Main Street
In Dunbarton, 15 miles east, route 64 is the main street. There Mrs. Pauline D. Roundtree stood with her son outside the country store that's supported Roundtrees for half a century, and observed that it's mighty hard to pull up roots.

While the other towns disappear, Dunbarton is expected to become the railroad depot for the Savannah River Plant, with eight rail lines leading into the project and a dual highway on either side of the tracks.

Former Midland CC Manager Addresses Big Spring Banquet

BIG SPRING — (P) — No citizen fails to profit from the Chamber of Commerce and its work," Paul T. Vickers, manager of the McAllen Chamber of Commerce and a former manager of the C. of C. at Midland, told a crowd of more than 300 persons attending the annual banquet of the Big Spring Chamber of Commerce here Thursday night.

Vickers, in a rousing, revival-type "sermon," denounced the disbelievers in civic work and lauded the efforts of loyal citizens who "usually belong to the Chamber of Commerce."

The speaker was introduced by James H. Greene, manager of the Big Spring Chamber of Commerce. Midlanders Attend

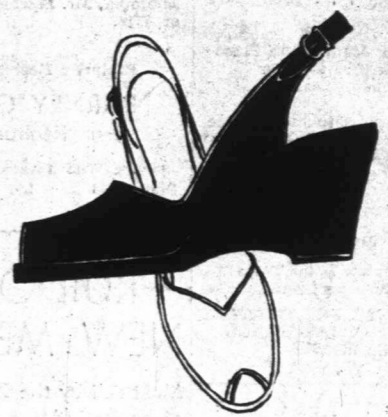

Thirty visitors from Midland, Abilene, Colorado City, Odessa, Snyder and Lamesa attend the event. The Midland delegation included Stanley M. Erskine, president of the Midland C. of C., Mr. and Mrs. Carl Covington, Mr. and Mrs. Lee Weathers, Mr. and Mrs. James O. Simmons and Bill Collyns.

Houston Crump, manager of the Odessa Chamber of Commerce, presented a western-style hat, "symbolic of friendship, confidence and cooperation," to Bob Piner of Big Spring, president of the Colorado River Municipal Water District.

Truman Jones was presented a JayCee award as Big Spring's "Outstanding Young Man of 1950."
Dr. M. H. Bennett was installed as president of the Chamber, succeeding Adolph Swartz, who presided at the banquet. R. W. Whipkey is the new vice president.
