Ellenburger Wildcat Set For S-C Scurry

V. A. Brill of Houston has spotted his No. 1 Harris Winston and others as a wildcat in South-Central Scurry County about five miles south of the south side of the Kelley-Snyder pool.

Drill site is 487 feet from south and east lines of northeast quarter of section 7, block 1, J. P. Smith survey and six and one-half miles south of Snyder.

Brill filed an application to drill to 3,000 feet which would take the project into the Ellenburger.

Rotary tools will be used to drill, beginning at once.

SE Borden Tester Indicates Extender To Reinecke Field

A major extension to the northeast side of the Reinecke reef line oil field in Southeast Borden County has been indicated at P. R. Rutherford and Sons No. 1 W. E. Murphy.

This stepout, located one mile north and approximately one-half of a mile east of the nearest completed reef producers on the northeast side of the Reinecke field.

It topped the reef at 4,899 feet. Elevation is 2,299 feet. That gives it a datum of minus 4,829 feet on the top of the reef.

The generally accepted top of the reef water level in the Reinecke field is on a datum of minus 4,680 feet. That would give the Rutherford project 31 feet of section above the water.

It drilled to a total depth of 6,923 feet and took a one-hour and 20-minute drillstem test at 6,904-23 feet.

Gas surfaced in 23 minutes and continued for the remainder of the period. No fluid came to the top while the tester was open.

Recovery was 120 feet of oil and 130 feet of heavily oil cut drilling mud. There were no signs of water.

Operator is to cement 5 1/2-inch casing at the top of the reef and then sidetrack the open hole and test and try to complete the exploration as a producer and an extension to the field.

Location is 487 feet from west and south lines of section 22, block 25, H&TC survey. That makes it six and one-half miles northwest of Vincent.

Corrigan Stepout Flows Oil On Test

Tide Water Associated Oil Company No. 1-B J. P. Nystel flowed 12 hours on a 10 3/4-inch choke and made 222 barrels of oil. Production is coming from open hole at 11,520 feet where five and one-half-inch casing is set and 11,522 feet, total depth.

On a previous gauge, the well flowed four hours through a one-quarter-inch choke and made 163.63 barrels of fluid which was cut 10 per cent basic fluid.

All flowing tests have been natural.

This project is in the Corrigan field of Southeast Terry County.

It is located 660 feet from south and 685 feet from west lines of section 8, block C-38, red survey.

That makes it one location north of the discovery well of the field, and puts it immediately adjacent to a dry hole on total depth of 5,282 feet in San Andres lime which was drilled several years ago.

SW Cochran Test Swabbing New Oil

Blackwood & Nichols Company No. 1 Dean, Southeast Cochran County wildcat, two miles west of the southwest side of the Slaughter field, swabbed 45 barrels of new oil in six hours after the open hole at 4,998-5,432 feet had been treated with 800 gallons of acid.

All acid load and residue had been swabbed out before the 45 barrels of new oil were recovered. Operator was continuing to swab to test and complete.

No formation water has been developed.

Location is 576 feet from north and 747 feet from east lines of the east half of the west quarter of section 21, Lipscomb County School Land survey. That makes it 12 1/2 miles south of Whiteface.

The project has the oil string cemented at 4,998 feet. The section between that point and the total depth of 4,823 feet was drilled with cable tools.

Shallow Wildcat Is Staked In SW Upton

Fearson-Seibert Oil Company of Texas and others of Midland, have staked location for a wildcat in Southwest Upton County.

It is No. 1 J. H. Shirk and is located 990 feet from south and 2,210 feet from west lines of section 13, block E, MEAT survey. It is one and one-quarter miles northeast of the McCamey field and the same distance southeast of the Herington field.

Cable tools will be used to drill to 3,000 feet, beginning immediately.

Pioneer Co-Pilot Plunges To Death

Joseph Dowd Is Victim Of Air Accident

DALLAS—(P)—A youthful Air Force veteran, checking an unlatched door on a Pioneer Air Lines plane, plunged 4,000 feet from the craft early Friday.

Around him were 20 sleeping United States airmen, unaware that the flier had fallen.

The body of Joseph Henry Dowd, 27, of Dallas, co-pilot of the chartered plane, was recovered near the Exell Helium Plant, about 30 miles northwest of Amarillo, it

was spotted at 10:05 a.m.

by an aerial searching party.

The plane was enroute from Lackland Air Force Base, San Antonio, to Lowry Field, Denver.

Jack Kemp, Pioneer public information director, quoted this story as told by the plane's captain, Glenn C. Edds of Dallas:

The plane, taking off from Amarillo, was airborne when Edds noted a warning light on his instrument panel showing an unlatched rear door. He sent Dowd to the rear to investigate.

When Dowd failed to return, the pilot awoke one of the airmen. The serviceman could not find Dowd.

The plane then had been in the air about 15 minutes and was at 4,000 feet. The pilot estimated the plane was over Exell, about 40 miles northwest of Amarillo.

Felt Plane Lurch

Edds said he felt the plane lurch shortly after Dowd went to the rear to check the door.

The plane returned to Amarillo. Another plane was flown from Dallas to carry the airmen to Denver. Kemp said the original plane, a DC-3 twin-engine craft, would be checked thoroughly to find the cause of the mishap.

Pioneer records show Dowd was born in Miami, Fla., attended high school in Fall River, Mass., and went to college at the University of Connecticut and Marshall College of Huntington, W. Va. He was a first lieutenant during World War II with the Army Air Force for three and a half years.

He had logged 3,000 hours in single-engine plane and 150 hours in twin-engine craft before being employed by Pioneer Oct. 30, 1950.

Survivors include the widow and a child.

Marines Oust Red Chinese From Two Hillside Dugouts

TOKYO—(P)—American Leathernecks, fighting their way with bayonets into hillside dugouts Thursday, won two key heights from the Chinese Reds near Hoeng-sung.

Other Marines fought slowly up nearby hills in a renewed drive on the heart of a 40,000-man Communist force in Central Korea.

The Reds counterattacked fiercely at 3 p.m. southwest of Hoeng-sung.

In the air, four U. S. F-80 Shooting Stars damaged three Russian-type MIG jets near the Manchurian border. The F-80 jets tangled in a 10 minute dogfight with 12 MIG's over Northwest Korea. The Fifth Air Force said no F-80's were damaged. It was the first jet fight reported since early February.

Allied warplanes shot up enemy troops, vehicles, buildings and gun positions. The Fifth Air Force's score by late Thursday afternoon: 170 Reds killed or wounded, two tanks destroyed, and 69 other vehicles, 300 buildings, four gun positions and a supply dump destroyed or damaged.

Near Seoul, American troops invaded San Island in the Han River but withdrew after a five-hour fight. They had landed in assault boats on a mission to clear the way for tank crossings.

Reds Fight Back

The main ground action was on the central front, in the sector where Allied officers have predicted.

Kickoff Breakfast Officially Launches Red Cross Campaign

The 1951 Red Cross finance campaign was in full swing here Thursday, following a "kick-off" breakfast held at 9 a.m. in the Crystal Ballroom of Hotel Scharbauer.

Gerome Grayum presided at the meeting. G. E. Mershon is the general campaign chairman.

Team captains and workers of the business district, and office building divisions attended the session. Murray Fasken is captain of the business district division, and Bill Thoms is the office building chairman.

Alden S. Donnelly is chairman of the non-residential corporation division; Holt Jowell, special girl; Charles F. Mathews, schools; S. J. Clark, Jr., Terminal; Mrs. Robert E. Stripling, residential, and Bill Chancellor, Jr., publicity.

Board Members Listed

Members of the board of the Midland County Red Cross Chapter are John Hills, chairman, Thornton Hardie, Jr., Mrs. Grace Waldschmidt, treasurer; Mrs. Clara Rogers, secretary; Henry Murphey, Grayum, Dr. Richard Harrell, disaster relief, and Mrs. J. J. Black, Junior Red Cross chairman.

Campaign leaders stressed the fact that 75 per cent of the funds collected remain in Midland County. The percentage which remains in the county is determined by its population, they said.

Red Cross services were listed as follows: aid to members of the armed forces and their families, service to veterans and their families, disaster relief, first aid, safety, swimming safety, home nursing, and blood bank program.

40-Mile Strip Is Sought In Vacancy Claim

By COPE ROUTH

A vacancy claim on a 40-mile-long strip of oil-rich land running through Midland and three adjacent counties has been filed with the state's General Land Office in Austin.

The vacancy claim, which questions the ownership of an estimated 2,000 acres of land, some of it in proven oil production areas, was filed by James C. Wilson, Jr., a Fort Worth attorney.

Placed on record more than a month ago, the vacancy claim already has halted plans for at least one proposed drilling operation and forced other oil companies to proceed cautiously in the area.

The entire question brought the possibility of a long court battle since a total of 179 individuals and firms are listed as being interested either as owners or lessees.

Wilson himself conceded that, should his applications to lease and to purchase the "unsurveyed lands" be approved, the questions undoubtedly would be thrown into court.

"It would take months and possibly years," he said, "before it is finally determined."

Filed In January

The vacancy claim was filed January 23 in the form of applications to lease and to purchase.

In his applications, which also were placed on file with the county surveyors of the respective counties, Wilson asked to lease or purchase land "believed to be unsurveyed land belonging to the public free school lands."

"The action was filed, he said, under the provisions of a legislative act approved June 19, 1939.

He then described the "vacant lands" as lying between Blocks 36 and 37 and in Townships 1, 2, 3, 4 and 5 South by the Texas and Pacific Railway Company survey.

"The exact width of this strip," said Wilson, "would have to be determined by a survey. I have guessed—and it's just a guess—that it is approximately 800 feet wide."

Bidault Asked To Succeed Plevin As Premier Of France

PARIS—(P)—President Vincent Auriol Thursday called on former Premier Georges Bidault to try to form a new French government.

Auriol tapped the suave, dapper, experienced politician for the job after Rene Plevin, who quit with his coalition cabinet Wednesday night in a dispute over a new election law, had turned down an offer to try again.

Bidault was France's first postwar foreign minister and was premier twice—for five months in 1946, and again from October, 1948, to June, 1950.

He is a leader of the Catholic Popular Republican Movement (M.R.P.).

Grube Files As Council Candidate

B. H. Grube, Midland businessman, Thursday officially entered the race for a post on the City Council.

Grube, who previously had announced his candidacy, officially filed for Place No. 1.

Two other candidates, incumbent Frank N. Shriver and J. B. McCoy, already have entered the race in the April 3 city election.

Filing period for the election ends at noon Saturday.

Thorpe Named Judge For 132nd District

AUSTIN—(P)—Gov. Allan Shivers Thursday announced appointment of Ben F. Thorpe of Snyder as judge of the new 132nd District Court of Scurry and Borden Counties.

Robert S. Davis of Snyder was named district attorney.

The new court was created by the present Legislature.

Wire Track Bares Noble, Binion Feud

LOS ANGELES—(P)—The Kefauver Senate Crime Committee Thursday had in the record a wire recording of a sinister underworld plot to avenge the dynamite death of Mrs. Herbert Noble, wife of the widely-known—and often shot at—Dallas, Texas, gambler.

The dynamic testimony came Wednesday night from Dallas Police Lieutenant George Butler—last witness of the Senate crime probe's two-day stand here.

Butler said the wire tapping was made March 9, 1950, at a Dallas motor court. He said police had word that Harold (Hal) Shimley was in town to effect peace between Noble and Benny Binion, ex-boss of the "million-dollar-a-year" policy Rigged For Noble.

He said the Flamingo Hotel crowd of Las Vegas, Nev., was unhappy about the publicity that resulted from Mrs. Noble's death Nov. 29, 1949. She had stepped into her husband's car—an unusual practice—and was literally blown to death when she pressed the starter. "The car had been dynamite-rigged for Noble."

Butler said the Flamingo crowd is the "Western headquarters" for the Frank Costello gang of New York. (Continued On Page Seven)

Stanton, Cayuga Advance

AUSTIN—(P)—Stanton and Cayuga Thursday rolled into the semi-finals of Class B in the State High School Basketball Tournament.

Cayuga piled up an early lead, then beat back a Woodboro rally to win 42-33.

Stanton knocked out tiny Adrian 43-34.

Adrian, which has just 29 students in high school, made a ball game out of it the first quarter and half the town's population of some 200 whooped it up. But from there on, the tall Stanton team pulled away, paced by Kenneth Henson, who scored 19 points. Henson made good on each of nine free throw attempts.

Jimmy Brown was Adrian's high scorer with 11 points.

Tommy McColium and Kelly Jim Duncan sparked Cayuga to one-sided, 27-7 lead at the half but Woodboro caught fire in the second half. In just two minutes it scored eight points, then behind Keith Hoffman and James Smith, made a ball game out of it the rest of the way.

Air Base Holdup Car Is Recovered

WICHITA FALLS—(P)—The getaway car used by a lone bandit Wednesday in robbing a Sheppard Air Force Base paymaster of \$33,000 was found early Thursday in a residential section here.

Police here said the license number of the car (LL-169) identified it as belonging to Capt. Ray D. Harwood of the 378th Student Squadron. Harwood had just checked out the money from the finance office when the robbery occurred.

Police were checking the car, a 1950 blue Ford coupe, for fingerprints.

Truman Stands Pat On Wilson In Face Of Labor's Boycott

WASHINGTON—(P)—President Truman Thursday said Charles E. Wilson will remain as defense mobilization director despite labor's walkout from the program.

Truman told a news conference he has full confidence in Wilson.

Although labor's refusal to have any further part in the present set-up threatened to imperil the whole defense program, Truman indicated he felt no sense of crisis.

He told reporters he saw nothing in the current situation to prevent his flying to Key West, Fla., Friday for a vacation. He plans to stay about three weeks.

The top men of labor decided Wednesday night to boycott the program in what amounted to a "no confidence" vote in the way it is being run.

'Legalized Robbery'

The United Labor Policy Committee—made up of representatives from the big labor union organizations—protested what it termed "legalized robbery" in price control, "unjust" wage ceilings and "big business domination" of the defense drive.

Their break from the mobilization agencies, as they are now constituted, carried with it the ominous threat of widespread industrial unrest.

Reporters, on meeting with Truman, put a series of questions about the situation.

Did he plan any public appeal to the labor leaders, one asked.

Truman said he couldn't comment on that.

"Do you regard it as a very serious situation?" No, the President said, I do not.

Midland County Has 6,908 Qualified Voters

Midland County officially can claim 6,908 qualified voters.

County Tax Assessor-Collector J. M. Speed reported Thursday that number had paid 1950 poll taxes or obtained exemption certificates.

The figure fell below the previous estimate of 7,500.

Speed said 4,628 persons paid the poll tax and 460 obtained exemption certificates.

Trio Named In Lustron Plant Steal

WASHINGTON—(P)—Carl G. Strandlund Thursday accused an RFC director of working with "financial wolves" he said had brought his Lustron prefabricated housing plant to financial ruin in efforts to enrich themselves.

He named RFC Director Walter L. Dunham, E. Merl Young, Washington insurance man, and Rex Jacobs, Detroit manufacturer, as leaders of "a small clique" bent on wresting from him control of the Lustron Corporation's big plant at Columbus, Ohio.

Strandlund told his story to a Senate Banking subcommittee which is investigating charges that the RFC, huge government lending agency, has yielded to political pressure.

Truman Declines Comment

Much of the subcommittee's hearings, now in the second week, have centered about activities by Young, whose wife is a White House stenographer. There was testimony earlier this week that an attorney, interested in RFC loans, paid for a \$9,540 mink coat Mrs. Young got from a New York furrier last fall. Young and the lawyer both said the payment was a loan to Young.

While Strandlund was testifying at the Capitol, reporters were asking President Truman at his news conference whether Mrs. Young (Continued On Page Seven)

Fitting Seeks Board Of Education Post

R. U. Fitting, Jr., Midland consulting petroleum engineer, has filed as a candidate for a place on the Board of Education of the Midland Independent School District in the April 7 election. Mrs. Ernest Sidwell, secretary of the board, announced Thursday.

The three-year terms of Mrs. W. H. Gilmore and V. C. Maloy expire this year. Maloy has announced he will not seek reelection.

Robert M. Payne, oil operator, announced recently as a Board of Education candidate.

Fitting has lived in Midland since 1938. He has three children, two in the Midland public schools and one of pre-school age.

He said he believes he can be helpful to the school district, particularly in view of the fact he is trained as an appraisal engineer of oil property, a matter in which the school district is interested. Fitting was also a candidate in the 1950 school district election.

OPS Reported Set To Grant Increase In New Car Prices

WASHINGTON—(P)—The government Thursday was reported ready to allow a three and one-half per cent increase in the prices of new automobiles.

The order was expected to be issued by the Office of Price Stabilization before nightfall.

Earlier, an OPS spokesman said the agency expected to issue an auto price order Thursday and that it would be "more than just an extension of the present order."

The spokesman would not elaborate on this.

But it was learned from other officials who are thoroughly familiar with the forthcoming order that a three and one-half per cent increase had been approved.

Russia Agrees To Big Four Deputies Meeting In Paris

MOSCOW—(P)—Russia agreed Thursday to a Western proposal for a Big Four deputy foreign ministers meeting in Paris March 5 to lay the groundwork for a Big Four foreign ministers meeting.

The Russian acceptance was handed to the ambassadors of the United States, Britain and France. They were called to the Soviet Foreign Office to receive a reply to parallel notes their governments sent February 18 suggesting such a meeting.

The deputies will try to map out an agenda for a proposed Big Four Council of Foreign Ministers meeting to discuss problems causing world tension.

Proposed City Bus To Be Shown Friday

Midland residents will have a chance Friday to get a look at one of the buses on which they may be riding within the next three months.

C. C. Spinks and Leroy Spinks, who are negotiating for the bus transportation franchise here, are scheduled to meet at 4 p.m. Friday with the City Council.

They promised to have on hand for inspection one of the buses they plan to use if granted the franchise.

Lion Or Lamb? March First Weather Is Puzzle For Followers Of Ancient Fable

Texas weather Thursday threw a subtle double-cross at tradition. March came in on the heels of a mild cold wave, neither a raging lion nor a gentle lamb.

"In like a lion, out like a lamb," or vice versa, had to give way to "In a question mark, out—your guess is as good as mine."

Southeast Texas was cloudy with light rains forecast Thursday night and possibly Friday.

The extreme western half of the state was clear. The rest had high, thin clouds. No rain was predicted.

Temperatures reached a sweltering 92 degrees at Alice Wednesday. Early Thursday the mercury dropped to 77 degrees at Salt Flat. Other areas with early morning freezing readings included Lubbock with 31 and Dalhart with 28.

The menu features jumbo shrimp, stuffed crab, flounder, red snapper and many other seafoods. You may be planning an evening at the movies, but to make it complete, start with a fine dinner at Park Inn Cafe.

Tune-Up For Spring—
Get new car pep and power after sluggish winter driving with a guaranteed and complete motor tune-up. Expert mechanics at BLAYLOCK'S GARAGE, 908 East Illinois, will give your car the "once-over." They'll have that motor purring with gratitude. Take your car in now for happier, safer motoring this spring. Complete auto repair service is offered by the garage. These men can save you money, for they immediately diagnose the trouble without any guesswork.

Knocks 'Em Dead!—
Yes, Sir! Johnson's No-Roach, sold at MIDLAND HARDWARE AND FURNITURE COMPANY, eliminates roaches in short time. It's so easy to use. Just brush it on wherever the pests appear. It's odorless, colorless and safe for home use. Get a pint bottle for \$1.69 or an eight-ounce bottle for 89c. Keep it in a convenient place for immediate use. Just ask for Johnson's No-Roach.

Having Menu Trouble?—
Does your husband ever ask, "Remember the steak we had last Thursday?" When you buy steaks and chops at EASLEY'S GROCERY, 924 North Dallas, your dinners are always memorable. If you're having difficulty pleasing your family, try shopping at this neighborhood grocery where you'll find aisles banked with quality foods priced at gratifying savings. You're familiar with these proven name-brand staples and you only have to visit the store to be convinced of the quality of the meats and produce. Hens and fryers are featured on week ends.

"Made-For-You" Cosmetics—
Your springtime complexion means new cosmetic shades on the dressing table. Let Mrs. Roberta Bain, Your Beauty Counselor, Andrews Highway, acquaint you with BEAUTY COUNSELOR COSMETICS. For a youthful, natural looking complexion you need make-up that blends with your own skin tone. Beauty Counselor Cosmetics are "made-for-you" in shades that give you the natural coloring of youth. Creams and lotions are also available to give your skin the special care so important during the season of early spring. Call 3028-W and let Mrs. Bain demonstrate Beauty Counselor cosmetics for you in your own home. "Try on" the different shades to be sure of the correct shade for your particular color type.

A World Of Enchantment—
You'll wonder at beauty of centuries ago and be enchanted by the objects of art displayed at HESTER GALLERIES, 321 North Colorado. Carefully collected from far-away places, the objects are brought here by Hester Galleries for you who appreciate their beauty and significance. You'll probably find just the lamp, picture, mirror, vase or bric-a-brac to fill that vacant place in your home. Original Gourd Hummingbird Prints, beautifully framed, are available. Genuine antique furniture is featured in all its original beauty and artistry.

Curtains Require Gentle Care—
Spare yourself the tedious job of ironing curtains. Let WALL'S LAUNDRY, 215 South Lorraine, keep them fresh and crisp. Curtain laundry is a specialty and they are washed and hand finished with the greatest of care. We know you demand perfection when it comes to the laundering of your precious curtains and we agree most emphatically. Curtains require gentle care to retain their shape, color and beauty of finish. Call 581 and let Wall's Laundry pick up your curtains. They will be returned ready to hang again.

Beautify Your Home—
Looking for a favorite shade of paint? It's easy to find at C. VELVYN LUMBER COMPANY, 20 North Fort Worth Street. The huge stock of famous DuPont Paints carries the range of the rainbow. With this easy-to-apply paint you can brighten and freshen your home inside and out at moderate cost. Car and truck motors are completely rebuilt and you can depend on the shop to do every repair job, big or small, expertly and efficiently and at moderate costs. Expert technicians specialize in Kwik-Way Precision Motor Repairs and Rebuilding.

Weatherstripping Is A Wise Investment—
Who would be more unpleasant than the blowing sand that sifts into your home, causing extra work and damage to your furniture? Metal weatherstripping keeps your house snug. It keeps out drafts, sand and rain that blows in around windows and under doors. Metal thresholds add to the appearance of your home when you have them in aluminum or brass. Let WEST WEATHERSTRIP COMPANY, 204 East Pennsylvania, install metal thresholds and weatherstripping. Call 3634 for estimates.

Colorful Flagstone—
Make your grounds more attractive by using flagstone in your garden. You'll find a colorful selection at HELBERT AND HELBERT, BUILDING CONTRACTORS. This company will set up the stone and lay it for you. Flagstone flag ponds create rustic beauty in the garden, flower beds; walks and curbs add charm to your grounds, too. Flagstone has a beauty all its own that never depreciates but is enhanced by the years. Call 2624 for more information.

All Kinds Of Time—
When you select a clock for your home or office, you look for a standard name-brand. G-E long has been a standard brand in clocks and you'll find every type featured at PHILLIPS ELECTRIC COMPANY for home or office. There is a clock for every room in your home—wall clocks, mantel type, ornamental and plain clocks, alarm clocks, kitchen clocks, desk clocks in a variety of designs and sizes.

Something New In Place Mats—
Add a colorful note of festivity to your table settings with the charm of place mats designed in English scenes. MIDLAND HARDWARE AND FURNITURE COMPANY, GIFT DEPARTMENT, has received a supply of exclusive crystal processed, plastic place mats. They are resistant to dirt, grease, alcohol and various other stains. A little soap and water will remove all blemishes. The print is permanently protected against fading or washing off. There are hunting scenes and English coaching scenes.

Getting Along With Your Budget—
The best way to get along with your budget is to shop and save at your friendly neighborhood grocery store. Pack your basket with tempting, low-cost foods from PRINCE GROCERY, 405 South Marienfield. The store stocks meats, farm-fresh produce and famous brand name staples, all arranged for your shopping convenience. There's plenty of parking space. Delivery service is also offered. Call 390.

Easy To Clean As Porcelain—
See the selection of fabrics for auto seat covers featured now by MILLER BROTHERS TRIM SHOP, 114 East Wall (rear). For Strength And Beauty—
Building a new home or remodeling your present one? Let ABELL-McHARGUE, MILLWORK DIVISION supply you with lumber cut right, seasoned right, priced right. Give your specifications to the company for door and window frames. Your order will be delivered promptly, sized or made to order. The company makes a specialty of built-in, breakfast nooks, doors and windows of the finest materials and workmanship. Visit the millwork division or call 3330 for estimates.

Protection For Your Family—
If polio should strike your family, could you afford the huge cost of medical care plus the worry for the welfare of your loved one? Here is a low-cost means of avoiding financial worry. NEELY AGENCY, in the Crawford Hotel, telephone 1850, offers a policy covering medical expenses for polio. This policy covers the entire family. The cost for the first year is \$12.00 and for the second year \$10.00. You are protecting your family for less than 3c per day.

A Homecooked Meal Away From Home!—
Take your business associates to PANSY'S INDUSTRIAL LUNCH, 118 East Kentucky, for a delicious homecooked meal. You'll find it an adventure to go eating. Every dish is prepared with culinary know-how for your dining pleasure. Eat a whole, nutritious lunch and top it off with a serving of that wonderful homemade pie and a cup of good coffee brewed fresh. The restaurant is open from 8 a.m. 'til 8 p.m. and closed Sundays. Homemade pies are also sold to take out.

Leave Your Car In Storage—
Let MIDLAND AUTO STORAGE, 107 North Baird, take care of your pride and joy and be free of parking problems. When you leave your car in storage, you may have it washed and greased while you're doing your shopping, attending to business or attending a social affair. When you return, your car will be spic and span inside and out. You'll be proud to drive it home. It costs very little to store your car by the hour or over night, and you know it's in good hands. Call 2623 for more information.

Civic Music Association Sponsors Symphony Concert

The San Antonio Symphony, conducted by Franco Auteri, will give a concert at 8 p.m. Friday in the Midland High School Auditorium.

The symphony will appear under the sponsorship of the Midland Civic Music Association.

Franco Auteri, will be the guest conductor. He is the regular associate conductor of the New York Philharmonic Symphony. He has been musical director and conductor of the Chattanooga Symphony since the summer of 1944 and for nine years was head of the Buffalo Philharmonic.

Born in Naples, Italy, Franco Auteri has lived in this country for over two decades. He has been an American citizen since 1936.

Founded by Reiter
The San Antonio Symphony was founded 12 years ago by the late Max Reiter, its permanent musical director and conductor until his death in 1950. The symphony has come to be recognized as one of the great musical organizations of the nation. In past seasons the San Antonio Symphony has served as host to many celebrated musical personalities.

"San Antonio has given a wonderful orchestra," declared Dimitri Mitropoulos, conductor of the New York Philharmonic Symphony, after service as guest conductor. "The San Antonio Symphony can compete with any orchestra in this country and Europe," he added.

Mrs. Douglas Is Guest Reader

Mrs. Delo Douglas was the guest play reader at the Wednesday meeting of the Progressive Study Club. The group met in the home of Mrs. John W. Thomas, Jr., 2000 West Holloway Street.

Following the program, refreshments were served. Mrs. John H. DeFord, president, presided.

Guests were Mrs. H. B. Welch, Mrs. F. A. Nelson, Mrs. Kenneth Newton, Mrs. G. Y. Bowman, Mrs. Harry Gossett and Mrs. F. D. Richardson.

THE BUNNY TRAIL—Peter Rabbit and his family pause in front of their tree stump house to discuss the children's style show, "Along the Bunny Trail." The style show will be presented at 7:30 p.m. Thursday in the high school auditorium by the St. Ann's Mothers Club. Members of the cast pictured are, left to right, Anne Canon, Julia Harrell, Dicky Dixon and Lou Ann McGee.

Pee Wee Hunt To Play At Midland Country Club

Pee Wee Hunt and his "Twelfth Street Rag Band" will play for dances Thursday, Friday and Saturday at the Midland Country Club.

An informal dance, starting at 9 a.m. will be held Thursday and Friday. Dinner will be served from 7 until 10 p.m. Dinner music will be played by Onan Vaudell. A buffet style supper will be held Friday night instead of the previously scheduled midnight breakfast.

A formal dinner dance is scheduled for Saturday night beginning at 9 p.m. Dinner will be served from 7 until 10 p.m. with dinner music by Vaudell.

Reservations must be made for the dances.

Oldest extant Sanskrit play, "The Toy Cart," dates from the end of the second century.

Style Show Cast Announced By St. Ann's Mother's Club

The cast of the children's style show to be presented Thursday will be announced by the St. Ann's Mothers' Club, sponsors of the show. The revue, "Along the Bunny Trail," will be presented at 7:30 p.m. in the high school auditorium.

It will be presented in pantomime with Mrs. Frank L. Thompson narrating. Mrs. Fred S. Wright, Jr., wrote the script.

The story centers around the adventures of Peter Rabbit, his brothers and sisters, Flopsy, Mopsy and Cottontail, and his mother. The bunny family will be played by Lou Ann McGee, Dickie Dixon, Julia Harrell, Ann Canon and Ann Kennedy.

Diana Daugherty, organist, will be the accompanist and also will play several selections before the show begins. The St. Ann's School Choir under the direction of Mrs. Ben Dancy will sing several numbers during the final scene.

Members of the choir are Nicky Rich, Michael Buckley, Larry Malion, Barry Ferrell, David Reed, Kenneth Fletcher, Jack Hughes, Arthur Jerome, Donald Kelly, Dennis Kelly, Peter Ruff, Jack Buckley, William Buckley, John Fisher, James Brodigan, Gerald FitzGerald, Mike Lillis, David Ratcliff, Joel Smith, Kurt Von Osinski, Mary Jane Wilson, Louise Eddleman, Jean Margaret Cappadonna, Teresa Kent, Diann Dorsey, Carla Ruff, Lou Ann McGee, Margaret Mary Kent, Priscilla Simons, Patricia Wilson, Jeannine Connolly, Judy Beesley, Beverly Burleson and Jenny Lynn Woodyard.

The action begins when Diann Dorsey starts reading to her brother, Bucky Dunn, a story about Peter Rabbit. Between the scenes three studios will present their pupils in dances.

Becky Blackman, a student of Nadyne Griffin, will do a tap solo. Her students will also present two

group selections, "Taps and Turns," and "Rhumbogie." Those participating are Kay Mackey, Judy O'Neal, Lilly Little, Ann Mackey and Ardis Joy Griffin.

A Tyrolean dance will be presented by three pupils of Georgia Goss Harston: Missie Herd, Susan Speers and Eve Northup. Also, solos will be danced by Jackie Collie and Susan Harston.

A novelty tap number will be presented by Sally Cooper, Sara Pickett, Shirley Robertson, Sally Taylor and Andrea Bea Cole. They are students of Bob Richards.

Carolyn Cook will dance a solo specialty, "Little Rock Get-Away," and Bobbie Ann Majors, Sharon Shaw, Audrey Young, Jan Ball and Paula Smith will be presented in a syncopation number.

Displaced 'Liberals'

Communism always has presented a difficult problem to a lot of people who style themselves liberals.

In plain truth, they have bought the goods that Stalin and Company are selling.

Russia's postwar career of imperialist expansion, of ceaseless undermining of other governments, of brutal oppression wherever it has gained control, threw these "liberals" into a state of complete bewilderment.

They could not in good conscience accept these things, even in the name of the great Communist experiment.

A good many of these befuddled citizens have not figured out how to resolve their dilemma.

According to one reliable newsman, Walter Reuther, president of the United Auto Workers, has been lured into this kind of thinking.

"I am not interested in fighting world communism. I'm only interested in fighting Communist imperialism.

Only a badly confused man would attempt to draw such a distinction, for in fact it does not exist.

What men really are saying when they seek to cleave a fine line between communism and Communist imperialism is that they are bankrupt as political thinkers.

They do not like what they see about them. They can conceive of no solution to our and the world's problems which does not add up to socialism.

No one pretends our system is perfect. It has many flaws. But isn't it conceivable that the imaginations of earnest men would be put to better use improving a system founded in liberty, rather than in searching for ways to scrap that system?

Until the self-styled liberals stop making apologies for systems of enslavement and devote their energies to making a free government and a free economy work better, they're unlikely to command much attention as serious and responsible men.

Some Of Their Own Medicine

The State Department reports that innocent-looking sports pamphlets being circulated in Hungary are in fact anti-Communist propaganda.

It's an old trick of course to slip propaganda material into books with fake titles or covers.

But, anyway, it's gratifying to know that the great masters of modern propaganda techniques, the Russians and their Red satellites, are not themselves proof against these stunts.

You can imagine how some brave Hungarian handling programs in a Budapest sports palace would hawk his wares.

Out loud, for the benefit of any Russian guests, their Hungarian lackeys and assorted Communist hangers-on: "Get your program! Get your program here! You can't tell the players without a program."

Then, in a hoarsely whispered aside to the inconspicuous rebels among the crowd: "Get your program. Get your program. You can't tell the truth about these dirty Communist carpetbaggers without a program."

king of hearts from dummy. Much to South's dismay, East ruffed the king of hearts. South was obliged to over-ruff.

Since the diamond loser was still with him, South next led a club to dummy's ace and returned the queen of hearts from dummy.

By this time, South was in the swing of things. He therefore led a third club from his hand.

West dared not ruff with the ace of trumps, since then dummy would discard the losing diamond.

Businessman Tells His Woes; Wants Uncle Sam To Move

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—This is the gripe of a medium-sized manufacturer. It probably could be duplicated a thousand times all over the United States.

It comes by prepaid long-distance phone call from I. Schlesinger, production manager of the S. & S. Corrugated Paper Machinery Company, of Brooklyn, N. Y.

Schlesinger was in a jam and he desperately was trying to get information on what the government's stabilization policies were going to be, so he'd know which way to turn.

S. & S. was in the midst of an employees' election, ordered by National Labor Relations Board to determine collective bargaining agent.

One of the main issues was the government's wage stabilization policy, at this writing hung up on Economic Stabilization Director Eric Johnston's desk in Washington.

Were cost of living escalator agreements to be allowed or weren't they? Hundreds of labor agreement negotiations are hung up all over the country, with employers and employees getting sorer by the hour.

One Jump Ahead Of Union
The union has been defeated in previous shop elections at S. & S. The management has tried to give a little bit more than the unions offered and so it has not been organized.

Employees were sore. Labor organizers were maintaining that the only way cost of living increases could be obtained was through a strong union.

Questions and Answers

Q—What is peculiar about the 21st chapter of the Book of Acts?

A—This chapter ends with a comma, the subject-matter remaining unbroken by the introduction of the succeeding chapter.

Q—By whom was the Order of the Purple Heart established?

A—It was created by General Washington, August 7, 1782, and was revived by the War Department February 22, 1832, on the First President's 200th birthday.

Q—Would it be possible to have a Winter in New England without snow?

A—It is very doubtful that a Winter without snow in some parts of New England could occur. It is conceivable that some parts of southern New England, particularly along the coast, might experience a snowless Winter, though even this is unlikely.

Q—How far is the English shore from continental Europe?

A—It is about 18 miles from Dover to Calais.

The Gold Mannequin

THE STORY: Just as Paul Panclera and Jean Roland had decided their dream of a successful gown shop in Paris had exploded, they receive some sketches from an unknown artist, who signs the drawings "Teresa" and who lives in Cedarbrook, an upstate New York town.

But Teresa was nowhere to be found. The postmaster, a sour and uncooperative character, declared there were so many queer names invented for General Delivery he could never remember any of them.

NOBODY in the town had ever heard of anyone who designed clothes. Even the name, Teresa, sounded alien and unreal to the residents.

Mr. Panclera's amusement grew. "Some lovely day, sweet, we'll hire an Indian guide and go up to Cedarbrook! It can be found quite easily on a clear day. After you've been there you'll understand all."

School And Troop Chairmen For Cookie Sale Announced

Chairmen for the Girl Scout cookie sale to be held March 3-10 have been announced by Mrs. S. F. Haalip, chairman.

Troop chairmen will compile the orders which members of their troops turn in Saturday, give the orders to the school chairmen and receive the cookies to fill those orders. A leader has been named from each school to organize and coordinate the work of the troop chairmen. The ordered cookies will be delivered March 10.

School chairmen are Mrs. William F. Beck, West Elementary; Mrs. Robert Payne, North Elementary; Mrs. Jack Locke, David Crockett; Mrs. C. E. Bissell, South Elementary; Mrs. Haalip, junior high school, and Mrs. Howard Ford, senior high school.

Chairmen of the sale for West Elementary are Mrs. Neal Maris, Troop 17; Mrs. Gordon Gray, Troop 18; Mrs. Victor Horne, Troop 34;

Music Club Has Business Meet And Program

Mr. and Mrs. John W. Hughes were voted into the Midland Music Club when it met Tuesday night in the home of Mrs. C. F. Henderson. Ann Crenshaw reported on the trip made by seven of the club members to the Veterans Administration Hospital in Big Spring where they entertained the veterans.

Mrs. R. P. Morrison of Odessa, ninth district president of the Texas State Federation of Music Clubs, spoke to the group on the state convention to be held April 11 in San Antonio. Mrs. R. W. Sewell, president-elect of the Odessa Music Club, also visited the meeting.

Mrs. Hermann D. Williamson was named chairman of the National Music Week program to be held in May.

During the program Miss Crenshaw sang "Summertime" by George Gershwin and "The Little Wren" by Bach. She was accompanied by Mrs. Frank Miller. A piano solo, "Donny Brook Fair," was played by Verda Hartlett.

The next formal program of the Midland Music Club will be held March 13 in the junior high school cafeteria.

Mrs. Willaby Giyes Bible Class Lesson

Mrs. L. M. Willaby taught the lesson at the Wednesday meeting of the Ladies Bible Class of the Bible Baptist Church. Mrs. C. B. Bounds gave the public reading.

Others attending were Mrs. B. A. Dunn, Mrs. A. D. Morris, Mrs. R. L. Miller, Mrs. J. E. Jasper, Mrs. A. B. Smith, Mrs. H. D. Leake and the Rev. and Mrs. J. Marion Hull.

Lemon, Berra Ink Contracts

NEW YORK—(AP)—Bob Lemon signed a Cleveland Indian contract just before the Wednesday midnight hold-out deadline that probably makes him the "highest paid pitcher in baseball."

Marsh Samuels, Indian publicity man, said early Thursday the star right-hander okayed a figure "above Bob Feller's \$50,000 salary."

SWC Officials Plan Playoff To Select NCAA Tourney Entry

AUSTIN—(AP)—A playoff between Texas, Texas Christian and Texas A&M for a place in the NCAA Basketball Tournament in Kansas City was being arranged here Thursday.

Abb Curtis, supervisor of Southwest Conference officials, was due to arrive here at noon for an immediate meeting with coaches of three schools.

The trio ended in a tie for the conference basketball championship. One must be picked as the conference's automatic entry in the NCAA Tournament.

Plans for the playoff are being made regardless of how members of the Texas squad vote on competing in the playoff. Texas officials said Wednesday Texas would not join the playoff unless team members voted to do so. A team vote on the matter was postponed until Thursday.

Curtis said a coin flip would decide which team would draw a bye. The winner of the game between the other two teams would play the bye team in a three-game series.

A coin flip also would allow one team to choose between one game at home and two away or the first game away from home and the next two at home.

Curtis said the possibility of Texas withdrawing would not change playoff plans materially.

"We only set up the machinery for a playoff and if Texas doesn't care to participate it can forfeit and the other two teams can play," he said.

Advertise or be forgotten.

Rotary, Hale Favorites In Cage Joust

ODESSA—The home boys, Bill Hale Motors, and Midland's Rotary Engineers are expected to make it to the finals in an eight-team invitation cage joust here this weekend.

Hale opens with Crane Sheriff's posse at 7 p.m. Thursday to get the meet underway and Phillips Odessa plays Western Plastic of Midland at 9 p.m.

Friday, Holder Grocery of Odessa tests Rotary at 7 p.m. and the 9 p.m. game will pit the Garden City All-Stars against McCamey News Publishing Company.

At 1 p.m. Saturday, the Hale-Crane winner will play the McCamey-Garden City victor and at 3 p.m. it's the winner of Rotary-Holder against the Phillips-Western Plastic winner.

Saturday night, losers in the Saturday afternoon clashes will play for the third-place trophy at 7 p.m. and the winners will meet for the championship. No consolation bracket is scheduled.

Argentina Pulls Ahead Of U. S. In Second-Day Games

BUENOS AIRES—(AP)—Surprising Argentina Thursday held what may be an insurmountable lead over the United States going into the third day of the Pan American Games.

Of nine championships won Wednesday, Argentina took four, the U. S. two and Cuba, Colombia and Mexico one each.

The unofficial point standings on the customary basis of 10-5-4-3-2-1 for six places now give Argentina 111; U. S. 97; Mexico 39; Brazil 27; Peru 24; Chile 23; Cuba 15; Colombia 11; Trinidad 5; Ecuador 5; Jamaica 3; Panama 3 and Guatemala 2.

Newly-crowned games champions are:

100-meter dash—Rafael Fortun, Cuba, 10.8.

400-meter hurdles—Jaime Aparicio, Colombia, 53.4.

Women's javelin—Hortensia Lopez Garcia, Mexico, 129 feet, 4 1/2 inches.

Hammer throw—Emilio Ortiz, Argentina, 157 feet, 7 3/8 inches.

Broad jump—Gay Bryan, U. S., 23 feet, 7 inches.

50,000-meter walk—Sixto Ibanez, Argentina, 5 hours, 6 minutes, 68 seconds.

Epee fencing—Fulvio Galimi, Argentina.

Small bore rifle—Arthur C. Jackson, U. S.

Small bore rifle, team—Argentina.

Eddie Melillo

Melillo Signed

Eddie Melillo, the little "pepper pot" infielder, is coming back to Midland and the Indians.

Melillo, who helped put the only Longhorn League championship flag in Indian Park with that famous blistering playoff and payoff single in 1948, performed in the Rio Grande circuit last campaign. He was with McAllen.

He was at Lamesa in 1949 in the Texas-New Mexico League.

The stocky infielder is a 300 hitter and is good enough with the glove. It is his eternal hustle that fans like.

Harold Webb announced Thursday he had signed Melillo. And Eddie indicated he was very happy indeed to come "home."

Oklahoma U Prexy Promises Crackdown On Betting Athletes

NORMAN, OKLA.—(AP)—Dr. George L. Cross, University of Oklahoma president, Thursday promised a rigid crackdown on Sooners athletes caught betting on sporting events.

Dr. Cross threatened to bar the athletes from future university competition after seeing published reports that parlay cards have been displayed in the athletic dormitory and players openly discuss betting both on basketball and football games.

"I don't know to what extent athletes bet on contests," the president said, "but I am going to suggest to Athletic Director Bud Wilkinson that any athlete caught betting on athletic events or using parlay cards be barred from future competition."

Wilkinson was out of town Thursday and could not be reached for comment.

Sooner Cagers Cleared

The Daily Oklahoman said Thursday in a story by Reporter Glenn Wilson that betting among Oklahoma athletes is commonplace.

Cross' crackdown on betting came only a few hours after he officially cleared six Oklahoma basketball players of any connection with the Eastern basketball fix scandal.

The president in a statement said there was no evidence a bribe was offered or accepted. He said Salvatore Sollazzo, accused of giving bribes to New York basketball players, apparently made only social overtures to four Oklahoma players.

Cub Scouts Have Blue And Gold Party

The Terminal Cub Scouts, Pack 53, Dens 1, 2, 3 and 4 held a blue and gold party for parents and Cub Scouts Tuesday night in the Boys Club.

Those receiving Bobcat pins were Marvin Lee Holly, Jeffrey Wilton, Charles Burks, Lew C. Bullion, Richard Kennedy, Jack Rice, John Ray Watson, Muriel R. Smith, Jerry Hal Smith, Bobby McGregor, Ralph Skelton, James C. Lewis, John Webster and Jim Tom Hardaway. Ray Pierce received his Bear badge.

Others attending were Johnny Fisher, Ray Morgan Carter, Gene Wilton, Bradford Moss, Larry Turner and Tommy McElligott.

Schoolboys Start Play In Tourney

AUSTIN—(AP)—Class B schools Thursday opened Texas' biggest basketball show—the annual state high school tournament.

Cayuga met Woodsboro, Stanton tangled with Adrian, Marfa took on Big Sandy of Livingston and Blum met Moulton in the first session of the three-day tournament.

Twenty-four teams seek three division titles—Class B, A and the big one—AA.

Class A schools were to open action Thursday afternoon with Class AA teams getting underway Friday night.

One Defending Champion

There's just one defending champion back—Canyon in Class A—and no clear favorite in any division.

The teams playing here are survivors from 16 Class AA districts, 32 Class A and 96 Class B.

The morning-to-almost-midnight tournament is nothing new to many of the entries. This is the sixth straight year for Marfa to try for the Class B title, the second in a row for French of Beaumont, Cayuga, Canyon, Texarkana, Harlingen and Highland Park (Dallas).

The pairings for the first round in Class A matched Gatesville vs French; Coleman vs Bowie; Sinton vs Canyon; Van vs Brenham.

In Class AA Friday night, Texarkana tangles with Port Arthur, Harlingen meets Lubbock; San Angelo plays Borger, and Austin takes on Highland Park.

Wade Walker Named Texas Tech Assistant

RALEIGH, N. C.—(AP)—Texas Tech has a new assistant varsity line coach Thursday, Wade Walker of Gastonia, N. C.

He has been freshman line coach at North Carolina State College. Walker was an All-America tackle at Oklahoma and helped install the Oklahoma Split T offense at State.

Former Seminole Mentor To Winters

WINTERS, TEXAS—(AP)—Morris Southall has become head football coach of Winters High School. He succeeds Gordon Wood, who resigned to go to Stamford as coach.

Southall, former Hardin-Simmons University football player, coached at Seminole last fall.

200 Expected At TCU Gridiron Clinic

FORT WORTH—(AP)—The second annual football clinic at Texas Christian University Friday and Saturday is expected to attract about 200 coaches.

Head Coaches L. R. Meyer of TCU and J. B. Whitworth of Oklahoma A&M will do the lecturing.

WEST CAGERS TAG SOUTH

West Elementary's cagers whipped their South Elementary rivals, 8-4, Wednesday afternoon. Bill Farris and John Williams scored South's points. West's point-makers were not reported.

Something we hadn't noticed—till now—department:

There is not one doubleheader carded on the Longhorn League baseball schedule!

That's right, not even Sundays, Labor Day or July Fourth.

Count the dates, if you want to confirm it. Midland has 70 separate dates listed at home and 70 of the same listed away.

Of course, rain and bad weather may force some doubleheaders to be played—that's virtually certain. But no twin bills are carded as such.

Baseball owners will take a loss here, too, in additional concessions. Fans devour drinks, hot dogs and what have you at an astonishing clip during the doubleheader ball games.

Harold Webb dropped in for awhile Wednesday and tells us he will go to Monroe, La., several days before the Indians swing South March 10 for the Spring diamond antics.

He said Eddie Jacome, Leon Hayes, George Fimback and Gus Pena will make the trip—providing they all have signed by then. Kenny Jones, Scooter Hughes and Jim Prince, all sold conditionally to Oklahoma City, also are due to be at the camp when the Oklahoma City and Midland teams gather.

Oklahoma City is reported to have 43 players at present. Midland is looking to the Indians for help, and perhaps the Texas League club will have some good boys for Webb and H. W. Dornhoop to use this season.

Tugboat Jones predicts Sophomore Robert Kestling will be state champion hurdler before he graduates, "if he works hard."

The Midland mentor also is counting on Jack Burris in the 440-yard dash and Billy Medart in the mile run for good performances.

Tugboat made the same sort of prediction for Harrie Smith in the Spring of 1949, even though Smith wasn't doing much at the time.

Smith made his coach look good last Spring by capturing the state title in the hurdles.

Texas Team Leads In Gloves Tourney

CHICAGO—(AP)—The Golden Gloves light-heavyweight division Thursday had two more dynamite-punching lads glistening as bright pro prospects.

They are defending 175-pound champion Jesse Brown of Toledo, Ohio, and Richard Jones, an Army corporal from Fort Custer, Mich., who seem destined to meet for the 175-pound crown in the Golden Gloves finals at the Chicago Stadium March 9.

Brown and Jones, who represents the Grand Rapids, Mich., team, copped the spotlight Wednesday night as quarter-final combatants.

petition produced 32 survivors for the combined semi-final and title rounds on March 9.

Jones, a 22-year-old negro from Mt. Vernon, N. Y., scored two technical knockouts in his third and fourth stadium starts Wednesday night.

Brown won his quarter-final bout with a third-round technical knockout over Addie Schmidt of Minneapolis in a pier six brawl.

The two stole the show from a lack-luster heavyweight class in which Chicago's Toxey Hall and Cleveland's Ernest Pann seemed the best of a plodding surviving quartet.

Matching Brown, the only other returning champion, Cleveland's Nate Brooks, advanced to the semi-finals in impressive fashion. Brooks, the 112-pound winner last year, was favored heavily to capture the 118-pound crown after his three-round decision over James Hairston of Kansas City.

Standout Semi-Finalists

Other standout semi-finalists include 112-pound Pat Riley, rangy southpaw from Fort Worth, Texas; 128-pound Junior Franklin of Oklahoma City, a 1950 finalist; Jerry Brownrigg of Oklahoma City, and Bobby Bickle of Kansas City at 135 pounds; Detroit's Eddie Jenkins at 147, and Chicago's Dick Guerrero, 1948 and 1949 welter champion at 160 pounds.

Fort Worth led the team standings on a point basis (one point for each bout won) with 18. Gary, Ind., Fort Worth and Toledo each had three semi-finalists. Second in the point standings with 16 each were Cleveland, Gary, and Great Lakes, Ill., while Toledo had 15 and Grand Rapids, Mich., and Kansas City 13 apiece.

Non-Operating Unions End Wage Dispute With Rails

WASHINGTON (AP)—Presidential Assistant John R. Steelman Thursday announced a settlement of the wage dispute between the railroads and 15 non-operating unions. It calls for a 12 1/2-cent hourly pay increase for 1,000,000 workers.

Steelman's announcement came after a night-long session at the White House, climaxing negotiations which had begun last October 25.

The carriers estimated the increase will cost them \$280,000,000 annually.

Another increase, estimated at four to five cents an hour, will be added to the 12 1/2 cents around April 1, based on the government's cost-of-living index of February 15.

Efforts are still being made to settle the dispute between the carriers and the operating unions.

The Great Comet of 1811 was larger than the sun.

City Mail Delivery Extended 30 Blocks

Residents of 30 additional blocks in the northwest section of the city began getting their mail delivered to their homes Thursday.

Postmaster Noel G. Oates said foot delivery for the area was started Thursday. He requested residents to install mailboxes and numbers on their homes.

The new areas include Blocks 1800 to 2100 on West Storey, Culbert, Country Club Drive, Bedford Drive and Harvard and Blocks 1200 to 2100 on Princeton Street.

Officers Prove They Mean Business In DWI Crackdown

City and county authorities meant business last month when they announced a crackdown on drunken driving in Midland County.

Figures in the office of County Clerk Lucille Johnson proved that Thursday.

They showed that 18 persons were charged during the month with driving while intoxicated and that all but one immediately pleaded guilty.

State Highway Patrolman Mac Stout, deputies of Sheriff Ed Darnell and city police cooperated in the drive against what County Attorney Reagan Legg has termed "our No. 1 law enforcement problem."

The 17 who pleaded guilty paid fines ranging from \$75 to \$250, with one of them drawing a 15-day jail sentence in addition. The average fine was \$136.77.

40 Mile Strip-

(Continued From Page One) at the north end and approximately 250 feet wide at the south end."

The claimed strip commences at a point about six miles west of Stanton in Martin County, runs in a southerly direction through Midland and Glasscock Counties and terminates at a point in Reagan County at a point about six miles southeast of the common point of Midland, Glasscock, Upton and Reagan Counties.

Spraberry Trend Such a strip runs through the Germania and Tex-Harvey oil fields and closely follows the path of the Spraberry trend.

Wilson said Thursday in Fort Worth he is familiar with the West Texas areas but declined to divulge other information concerning his claim.

Under customary procedure, the filing of an application such as Wilson's is followed by the appointment by the state land commissioner of a surveyor.

This surveyor makes a reurvey of the disputed areas and after his field notes and report are submitted, a hearing is held by the land commissioner, after which he either approves or rejects the application.

The disputed strip lies in the 80-mile-wide reserve surveyed by the Texas and Pacific Railway in 1876. The strip begins, in fact, at the centerline of the reserve, and extends to its southern boundary.

It is reported that two sets of corners—survey monuments—form the basis of Wilson's claim.

One source said that at one point along the line, two sets of markers were found approximately 595 feet apart, indicating the railroad company, in a survey subsequent to the original one, had established another boundary line, leaving a small strip as "vacant lands."

"I have only guessed," emphasized Wilson, "at the width of this strip. It will, of course, take a survey to determine just how wide it is."

Wildcat Locations In addition to the two proven fields lying in the path of the strip, other affected areas have been spotted for possible wildcats and all of it is under lease to operators.

Under study, too, after the filing of the application, was the resulting benefit to Wilson should his applications be granted.

Under the old Texas law, he could lay claim to the entire strip—and such claims have brought wealth to more than one man.

But another law was passed in 1939 limiting the interest of the applicant and protecting the rights of adjacent landowners.

It is not believed, however, that this law ever has been interpreted by the state Supreme Court.

Attorney Resigns Land Office Post To Live In Midland

AUSTIN—Bascom Giles, commissioner of the General Land Office, Thursday announced that John Campbell had resigned as chief of the land office legal division to enter private practice in Midland.

Campbell had been associated with the land office since 1944.

Campbell, a 34-year-old native Texan, graduated from Tyler High School, Tyler Junior College, and received his law degree from the University of Texas in 1941.

Campbell will be replaced in the legal division by J. Michael Rowan, who has been serving as executive secretary of the Veterans Land Program. Laurence C. Jackson, a retired Army lieutenant, was named to succeed Rowan as head of the veterans division.

Girl Scout Program Heard By Rotarians

Members of Mrs. F. A. Searles' Girl Scout Troop 12 entertained the Midland Rotary Club with a program of songs at its regular meeting Thursday noon in Hotel Scharbauer. The Girl Scout program, arranged by Ray Upham, was presented by Mrs. Jack Ewing.

Girl Scouts taking part in the program were Janet Hoffer, Mary Ann Searles, Virginia Webb, Ruth Bleyberg, Jane Beakley, Jean Turber, Barbara Long, Peggy Reed, Georgia Stumps and Jackie Ewing. Miss Reed introduced the singers and their selections.

Mrs. Searles announced the Girl Scout cookie sale to be conducted Saturday. Proceeds will go to the Girl Scout Little House fund.

New Members Presented J. M. Orman and the Rev. Luther Kirk were introduced as new members of the club.

Chester Shepard was named by president James N. Allison as chairman of the "On To Atlantic City" committee, and Dr. J. O. Shannon was appointed "On To Lubbock" committee chairman.

A nominating committee was appointed, including R. L. Miller, chairman, James T. Smith, Ray Upham, Hilton Kaderli, T. Paul Barron, Roy McKee and Tom Sealy. The committee will report March 29.

City To Open Fire House Bids March 23

Bids on two new fire stations will be opened March 23 and the contracts will be awarded March 27, City Manager W. H. Oswalt said.

The dates were set Thursday after the City Council earlier in the week approved final plans for the two facilities and authorized the advertising for bids.

The successful bidder must furnish bond in the amount of 100% of the contract price from an approved Surety Company holding a permit from the State of Texas and acceptable according to the latest list of companies holding certificates of authority from the Secretary of the Treasury of the United States, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clarity in any bid, the price of the bid, the Owner reserves the right to instruct the bidder to clarify or to reject the bid. Unreasonable or unbalanced unit prices shall be cause for rejection of the bid. Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions and conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas and subsequent amendments concerning the wage scale and payment of prevailing wages established by the Owner. Said scale of prevailing wages is set forth in the specifications.

Instructions to bidders, proposal forms, specifications, and plans may be examined at the office of the County Judge, Midland County, Midland, Texas, and may be obtained at the office of Homer A. Hunter, Consulting Engineer, 4704 Grand Avenue, Dallas, Texas, or the office of Hunter and Student, Consulting Engineers, 210 West Indiana Street, Midland, Texas, upon the deposit of Twenty-five Dollars (\$25.00) which sum so deposited will be refunded, provided: (1) all documents are returned in good condition to the Engineer not later than 48 hours prior to the time for receiving bids, or (2) if Contractor submits a bid and returns all documents in good condition to the Engineer not later than 3 days after the time bids are received.

Dallas Man Speaks At Public Meeting Here

Al Badger, Dallas businessman and former West Texas resident, addressed a gathering of Midlanders and area citizens Wednesday night in the Cowden Junior High School Auditorium.

"Education of Alcohol" was his subject.

Badger also addressed high school students at an assembly Wednesday morning and spoke at the Lions Club meeting at noon.

School Census Is Underway In City

The taking of the annual school census was underway in Midland Thursday afternoon by teachers of the Midland Independent School District. Public schools were dismissed at noon.

Results of the census help in determining the enrollment and the number of students for whom the schools will receive state apportionment next year.

Children to be enumerated are those who will be between the ages of six and 18 September 1.

Services Are Held For Mrs. Conant

Funeral services for Mrs. A. M. Conant, 64, were held in the North Side Church of Christ Thursday morning with interment scheduled Thursday afternoon in Stamford.

Mrs. Conant, who came to Midland five and a half years ago from Stamford, died in a Midland hospital Wednesday of a heart ailment.

She was born Feb. 2, 1847, in Mason County, and lived in Stamford 30 years before coming to Midland in 1945.

J. Woodie Holden, Church of Christ minister, officiated at the funeral services here.

Survivors include the husband, two daughters, four sisters, two brothers, five grandchildren, and four great-grandchildren.

Large Turnout Seen For Political Meeting

A large turnout of Midland citizens is expected for the city-wide political meeting Thursday night in the county courthouse, Col. J. E. Wright announced.

The meeting will begin at 7:30 p. m. Candidates for city offices in the April 3 election have been invited to attend and to make brief speeches, Wright said.

(Continued From Page One) would continue as a White House employee. The President said he had no comment.

Truman also brushed aside with a refusal to comment other questions about the RFC investigation. One question was whether he still regards asinine a report the Senate subcommittee made to the Senate last month.

\$37,500,000 Loan That report said the RFC had yielded to influence in making loans and named Young and White House Aide Donald Dawson as among those who had influenced the big lending agency.

Strandlund is the man who borrowed \$37,500,000 from the RFC to undertake at Columbus, Ohio, mass production of prefabricated houses.

He put up only \$1,000 of his own cash, but says he also sank a fortune of \$1,250,000 into patent rights which were pledged as security on the loan.

Lustron went bankrupt a year ago after the RFC foreclosed on the mortgage and seized his huge Columbus plant. Strandlund charged the firm had met "deliberate destruction" at hands of Dunham and others who, he declared, had tried unsuccessfully to wrest control from his hands.

Wire Track-

(Continued From Page One) The transcript planned the death of Mrs. Noble on a convict now serving a life sentence and three convict pals. It added that "the boys" had connections to avenge the death, even behind penitentiary walls.

Noble has been shot at nine times in the last five years.

His feud with Binion dates from 1945. Butler testified, when Binion upped his take from Noble's policy game from 25 per cent to 40 per cent.

Still Runs Rackets Binion fled to Las Vegas in 1946 when a new chief of police and district attorney took office and threatened to put the heat on. Butler added Binion still runs the Dallas policy rackets.

The transcript told of Binion's remorse at the death of Noble's wife and how he had spent \$10,000 trying to find the killers. The wire recording disclosed how the finger of suspicion was pointed at Binion because of his known feud with Noble.

Butler said, Shimley, the Las Vegas emissary, now was in the oil business in Tulsa, Okla.

PICTURE of the MONTH AT The First National Bank

"LADY MARY CAVENDISH" By Sir William Beechey, Royal Academician

Sir William Beechey was born in Burford, Oxfordshire, Sept. 12, 1733. He was left an orphan at an early age, and an uncle placed him with a solicitor to study law. He did not remain long in this environment as his mind was set on drawing and painting, and in 1772 he became a student in the Royal Academy, where he studied under the direction of John Zoffany.

From 1776 until his death in 1839, he was a regular exhibitor at the Academy. He was elected an associate in 1793 and in the same year was appointed portrait painter to Queen Charlotte. The honor of Knighthood was bestowed upon him in 1798, after he had painted his famous "Review of the Horse Guards," in which the portraits of George III, the Prince of Wales and the Duke of York were introduced. He also was elected an Academician in 1798.

One of the most popular portrait painters of his day, his paintings are included in famous collections the world over.

THE BEAUTY, PERMANENCE AND ECONOMY OF MAINTENANCE OF A Brick Home May Now Be Yours!
 The section of Parklea Place devoted exclusively to brick homes is developing rapidly. The homes are in all stages of construction, a few are ready to move into, and some are already sold. These homes provide the ultimate livability in the most important investment you'll ever make — your own home! With payments as low as \$70 per month, there is no need to be satisfied with less than the best!

THESE THREE WILL BE VACANT MARCH 15th!

CONVENIENT
 Within walking distance to elementary and high school. This newly-painted white frame home is going to be vacant very shortly. It has two bedrooms and a den, with lots of storage room via hidden stairway to attic. Summer will be here soon, and you'll enjoy the trees in the back yard. Shown by appointment only.

SPACIOUS
 This beautifully landscaped corner location is being paved on one side now, and will be paved on the other street in the near future. You will appreciate the living quarters in the garage should you have overnight guests. Back yard is fully fenced. The two bedrooms are spacious. Wall-to-wall carpeting in both living room and dining room. The kitchen is the best arranged one you have seen in a long time, and has a breakfast nook in one end. The automatic garbage disposal and dishwasher will allow you to spend more time in your favorite chair, enjoying the large living room. Shown by appointment only.

IMMACULATE
 Paving is in progress now, and already paid for. This two-bedroom home, which was built less than three years ago, has had only one occupant, who has kept the interior immaculate. Carpeting in living and dining room combination. The bathroom contains built-in facilities for automatic washing machine. This home is ideal for the small family. Shown by appointment only.

SE Scurry Project Plugged, Abandoned

Amerasia Petroleum Corporation No. 1 Jap Beck, Southeast Scurry County wildcat, has been plugged and abandoned at 7,810 feet in Ellenburger.

Operator took a drillstem test at 7,800-7,810 feet. Tool was open four hours. There was a medium blow of air for two hours and a weak blow for the balance of the test.

Recovery was 25 feet of drilling mud plus 270 feet of salt water. On a previous drillstem test from 7,250 feet to 7,560 feet, with the tool open one hour and 35 minutes, recovery was 12 feet of drilling mud.

Location of the dry hole is 660 feet from north and west lines of the northeast quarter of section 234, block 3, H&O survey and four miles south of Hermleigh.

It is seven miles south and a little east of Doswell and Pettigrew No. 1 Chorn, Ellenburger failure at 7,650 feet.

SE Hockley Venture Plugged, Abandoned

Honolulu Oil Corporation and Signal Oil & Gas Company have plugged and abandoned a one-location well offset to production in the Ropes-Pennsylvanian field of Southeast Hockley County.

The failure is the No. 1 o/mnoe, 664 feet from south and east lines of labor 7, Wilbarger County school land survey and four miles south of Hermleigh.

It was abandoned on total depth of 9,748 feet in lime and shale after testing water in the Pennsylvanian.

Swenson, Conkling, Day, Made Officers Of New Oil Concern

General headquarters for a new petroleum industry concern have been established in Midland.

State Exploration Company of Texas is the new organization. It is a recently organized company and it is a sister organization of State Exploration Company of California, which maintains its headquarters in Los Angeles.

Three men who have had long and varied experience in the oil business are the officers of State Exploration of Texas.

Swenson Is President F. E. (Swede) Swenson, for the last five years head of the Jang department of Deep Rock Oil Corporation at Tulsa, is to be president and head of the land department of the new concern.

Swenson is moving his family to this city in the near future. Mrs. Swenson is the former Leola Bingham of Midland.

Prior to his service with Deep Rock Swenson was employed by Mid-Continent Petroleum Corporation for 15 years on assignments in West and South Texas.

Conkling Is Officer W. H. (Henry) Conkling is to be first vice president and chief geologist. He recently resigned the position of district geologist in Midland for Sun Oil Company after having been with the concern for 17 1/2 years.

Conkling has been a Midland resident for eight and one-half years. He was district geologist for Sun the last four years of that period.

Conkling started work in the oil business in West Texas in 1924. Day Returns Here James R. Day, a former Midlander, who has been living in Abilene for several years, while acting as district geologist for Pan American Production Company, is returning to this city as a vice president and geologist for State Exploration of Texas.

Headquarters offices for the new company are to be located in a new building now under construction at 2417 West Indiana. Officials of the company expect to be able to move in the new place about March 15.

To Deal In Blocks State Exploration of Texas will specialize in assembling drilling blocks which have geological background for possible production and will then arrange for the development for such properties.

L. E. Smith is to succeed Conkling as district geologist in Midland for Sun Oil Company. He comes here from McAllen where he has been district geologist for the concern in that area for several years.

EMERGENCY APPENDICTOMY Mrs. O. L. Stultz, 423 South Fort Worth Street, was admitted to Western Clinic Hospital Wednesday for an emergency appendectomy.

Her condition Thursday was termed "satisfactory." One apple tree with 100,000 leaves needs about 96 gallons of water in a single day.

Regional Scouters Meeting Discussed

Discussion of the Regional Meeting of the Scouters to be held in Mineral Wells next month featured a staff meeting of the Buffalo Trail Council in Big Spring Wednesday.

P. V. Thorson, council Scout executive, said indications point to a large representation at the regional session this year.

The Buffalo Trail Council has won the flag awarded to the council with the most man-miles in attendance the last two years. If it wins the award this year, it will gain permanent possession.

Thorson reminded that all Scouters, including women, are invited to attend the April 8-9 meeting. Midland is expected to be represented by 12 to 15 Scouters.

The council's finance campaign and future Scout activities also were discussed at Wednesday's staff meeting.

Recruiter Receives Enlistment Quota For U. S. Air Force

T/Sgt. Shelby Wheelus, Army and Air Force recruiter here, announced Thursday he has been given a quota for four Air Force enlistments for March.

Wheelus will send one man to Abilene Friday for induction, another March 16 and two March 23. Only two men had filed applications for the Air Force with Wheelus and they will be inducted this month, according to the recruiter.

Applications for enlistment in the Air Force will be accepted at the recruiting office here, Wheelus said, and men who are not called this month will be placed on a waiting list for future quotas.

Wheelus said he expects to have a similar four-man quota next month.

Nursery Project Is Considered By City-County Affairs Panel

Financing of the negro day nursery being operated by the negro federated women's clubs was discussed at a meeting of the City and County Affairs Committee of the Midland Chamber of Commerce Wednesday afternoon.

It was pointed out approximately \$150 per month for the next 10 months is needed to finance the project.

Members of the committee decided to contact various civic and service organizations to interest them in assisting in the program.

J. Harvey Herd, chairman, presided at the meeting. Others present were Robert M. Payne, Judge R. W. Hamilton, Roy Minear and Chamber of Commerce Manager Delbert Downing.

Meeting Scheduled For Organization Of New Lions Club

The first step toward official organization of another Lions Club in Midland will be taken at a dinner meeting at 7:30 p. m. Thursday in the South Elementary School Cafeteria.

The club will serve the south sector of the city. It will be a separate and distinct unit from the Midland Lions Club. The Midland club, however, is sponsoring the new organization.

Marlowe Fisher, executive secretary of the state Lions setup, will be present at the meeting Thursday night.

A delegation of members from the Midland Lions Club also will attend. Businessmen and others of the south sector, who are interested in such, are urged to attend.

Thorson To Address Boy Scouts At Wink

P. V. Thorson, Scout executive of the Buffalo Trail Council, will address boys of Cub Scout Explorer ages and their parents at 7:30 p. m. Thursday in the Wink High School.

R. L. Lipscomb, superintendent of Wink schools, invited Thorson to speak to the group on Scouting. New units will be organized in Wink if sufficient interest is shown to warrant such action.

Chef Kills Daughter, Then Tries Suicide

ATLANTIC CITY, N. J. —(P)—A part-time chef, fearful his pretty, 21-year-old waitress daughter "wouldn't remain a good girl," shot her to death Wednesday night. He then pumped a bullet into his chest.

The father, 46-year-old Joseph Carbone, was found several hours later on a church rectory steps mourning for a priest. Placed under police guard at Atlantic City Hospital, he was expected to live.

Assistant Atlantic County Prosecutor Emory Kless said Carbone admitted shooting his daughter, Kathryn, and himself "because the girl wouldn't come home and he was afraid she wouldn't remain a good girl." He said Carbone would be charged with murder.

Texan Wounds Wife, Then Ends Own Life

SANTA MONICA, CALIF. —(P)—a retired Texas highway superintendent killed himself Wednesday and critically wounded his wife. She filed for divorce two weeks ago.

William W. Roberts, 65, died with a bullet in his head. Mrs. Irma Lee Roberts, 52, was shot in the head and chest.

"I have a present for you," officers quoted Mrs. Roberts as saying her estranged husband said. He opened a box, produced a pistol and started shooting. Roberts went to Amarillo several months ago to visit a daughter and undergo an operation. He learned of the divorce action when he returned. The Roberts couple had lived with their daughter here, Mrs. Sol Fremond.

Elmer's Grocery Sets Formal Opening

Elmer Shultz is opening his remodeled and enlarged grocery store Friday.

For several years Shultz has operated the West Florida Grocery and Market at 300 West Florida Street.

It was a popular neighborhood shopping center, but the customers acquired the habit of referring to it as Elmer's store.

So when the remodeling and enlargement program was completed, Shultz decided to add Elmer to the official name of the store.

So now it's Elmer's West Florida Grocery and Market and offers a complete selection of groceries and fresh meats.

Coffee will be served beginning at 8 a. m. Friday and Saturday.

State Panel Orders Winkler Farm Road

AUSTIN —(P)—Roads costing \$339,000 were ordered Wednesday by the State Highway Commission.

The largest was for \$60,000 for a farm road in Winkler County. The projects included:

Winkler—Farm road designated from State Highway 82 north of Kermit to State 115 south of Kermit, 8.9 miles, \$60,000.

Taylor—Flexible base shoulders on U. S. 80, from Abilene to State Highway 36, \$23,400.

Magazine Salutes Girl Scout Little House

Midland's Girl Scout Little House gets a salute in the March issue of The Progressive Farmer.

"Girl Scouts of the area are proud of their new home... The entire community points with pride to this accomplished dream after nine years of working and planning," says the article.

It goes on to tell how the City of Midland leased a block of land to be called Girl Scout Park and how citizens of Midland raised funds to help pay for the building and furnishings.

New Well Finaled In C-E Stonewall

West Central Drilling Company No. 1 F. M. Johnson, offset to production in the Old Glory field Central-East Stonewall County, has been completed for a potential of 264 barrels of oil.

Gravity of the petroleum was 40 degrees. The well flowed 24 hours through a 14 1/4-inch choke.

There was a packer on the casing and flowing tubing pressure was 690 pounds. Gas-oil ratio was 743-1.

Production is coming from perforations at 5,882-90 feet. It is located seven miles north of Old Glory and in G. W. McDow survey.

Producer Assured In Schleicher Pool

The Huldale field in Central-North Schleicher County was assured its second producer when American Republics Corporation No. 1 H. F. Thomson estate flowed at the rate of 70 to 80 barrels of oil per hour on a drillstem test from 5,733 to 5,817 feet.

Gas was at the surface in six minutes and mud in nine minutes. Oil started flowing in 13 minutes. It flowed for 23 minutes at the rate of 70 to 80 barrels per hour.

Top of the Strawn was picked from samples at 5,720 feet, on a datum of minus 3,329 feet and 31 feet higher than the same formation in the discovery well of the field.

LOST 28 POUNDS WITH THIS HOME RECIPE

Barecetrato is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and ask for a ounce of Barecetrato. Pour the contents into a quart bottle—add enough grapefruit juice to fill bottle. Then take just two table-spoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if you lose pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You need never know a hungry moment while taking Barecetrato. No starvation diet. No printed diet list to buy. No vitamins to fortify you against hunger, for you WON'T be hungry.

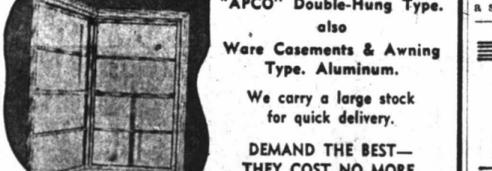

LOST 28 POUNDS

"As a grateful user of Barecetrato, I can recommend it to anyone," writes Homer Roman Tristram, Box 616, Sabinal, Texas. "I have taken 5 bottles and lost 28 pounds—from 197 to 169."

Oil Editor

Midland Tex-Harvey Gets New Location

Frank & George Frankel have spotted location for their No. 2-F L. E. and Jay H. Floyd in the undeveloped area between the Tex-Harvey field of Central-East Midland and Central-West Glascock Counties.

It will be dug 665.8 feet from north and 680 feet from east lines of section 19, block 26, T-3-S, R-2-P survey and 18 miles southeast of the City of Midland.

It will be drilled to a possible bottom of 8,000 feet to test the regular Spraberry pay of the field.

Reagan Wildcat Is To Test Spraberry

Union Oil Company of California No. 1-76 University, wildcat failure in the Ellenburger and Wolfcamp in Southwest Reagan County, is preparing to plug back and test a section in the Spraberry.

On the last swabbing and flowing gauge in the Wolfcamp, the prospector made 58.93 barrels of fluid which was from 90 to 98 per cent salt water.

The exploration is 660 feet from south and east lines of section 10, block 11, University survey and three miles west of Big Lake.

Scurry Gets Four New Explorations

Four new locations have been staked for immediate drilling in Scurry County.

Two of the new projects are in the Diamond M-Canyon field of Southwest Scurry County and are projected to 7,000 feet with rotary tools.

Stroube Oil Company No. 11 H. H. Eiland is located 1,960.7 feet from west and 2,018.3 feet from south lines of section 146, block 25, H&TC survey and 15 miles southwest of Snyder.

Drillate for Skelly Oil Company No. 2 Hugh Birdwell is eight miles southwest of Snyder and 1,530 feet from west and 487 feet from north

lines of section 177, block 97, H&TC survey.

H. R. Bright No. 1 Scurry County, et al. is a new tester in the Kelley-Snyder field. It is located 1,190 feet from south and 580 feet from east lines of tract 21, section 40, Kirkland & Fields survey.

Projected depth is 7,000 feet. Rotary tools will be used to drill the explorer.

It is three and three-quarter miles northwest of Snyder.

In the North Snyder-Strawn field of Scurry County, Standard Oil Company of Texas spotted its No. 11-2 A. C. Martin, 4,880 feet from south and 287 feet from west lines of section 386, block 97, H&TC survey.

That makes it seven and one-half miles north of Snyder.

Rotary tools will be used to drill to a depth of 7,500 feet.

SE Stonewall Test Is Set To Plug Back

Skelly Oil Company is preparing to plug back for completion in the Canyon sand on its No. 1 Dalby, east offset to the recent discovery in the Flowers pool of Southeast Stonewall County.

On a drillstem test of the Ellenburger at 6,448-6,484 feet, recovery was 2,910 feet of salt water in two hours.

Location of No. 1 Dalby is in section 19, block D, H&TC survey and five miles southeast of Aspermont.

Five miles southeast of the Mount-Moore area in Southeast Stonewall County, Oxford Drilling Company No. 1 J. W. Hines has been plugged and abandoned at 4,407 feet.

This wildcat was located 330 feet from north and east lines of section 171, block 1, H&TC survey. That made it one-half of a mile north of the Jones County line.

Shallow Wildcat Is Set For East Pecos

Stanford Oil & Gas Company has staked location for a 3,000-foot cable tool wildcat in East Pecos County, four miles southeast of Iran and one and one-half miles southeast of the Yates pool.

It is No. 1 M. H. Yates. Location is 5,290 feet from west and 680 feet from south lines of section 844, block 1, I&GN survey.

The drilling contract was let to Brown & Thorp.

Distillate Developed In North Pecos Test

A show of gas and a recovery of distillate and gas-distillate cut mud were reported on a drillstem test in C. H. Vaughn Production Company No. 1 Iowa Realty Trust Company, wildcat in North Pecos County.

The exploration, two miles north of the Helmer-Ellenburger field and one and one-half miles south of the North Helmer field, took a two-hour and 12-minute test from 6,771 to 6,846 feet.

Gas was at the surface in five minutes.

Recovery was 210 feet of distillate and 60 feet of gas-distillate-cut mud.

The test was made in an unidentified formation.

Drilling is continuing below 6,900 feet.

Location of the No. 1 Iowa Realty Trust Company is 1,890 feet from northeast and 660 feet from southeast lines of section 37, block 10, H&GN survey and 10 miles west of Buena Vista.

Pool In C-N Sutton Gets New Location

C. L. Norsworthy and Lone Star Producing Company No. 17 R. M. Thomson is a new location in the Brushy Top field of Central-North Sutton County.

Location is 330 feet east of the northeast corner of section 61, block A, HE&WT survey.

Cable tools will be used to drill to projected depth of 1,200 feet, beginning immediately.

Ellenburger Wildcat Staked In Crockett

Neville G. Penrose, Inc. of Fort Worth is to drill an 8,750-foot wildcat in West-Central Crockett County.

It will be dug as the No. 1 University, 1,980 feet from south and 660 feet from east lines of section 1, block 29, University land survey.

The contract depth is calculated to take the prospector into the Ellenburger.

It will be drilled two miles southwest of the shallow Lancaster Hill field and one and one-quarter miles southwest of Gulf Oil Corporation No. 1-0 University, an 8,965-foot Ellenburger failure in the northeast corner of section 12, block 23, University land survey.

The acreage that the wildcat will be drilled on was accumulated by Penrose during several auctions of leases on University of Texas land.

NW Howard Wildcat Plugged, Abandoned

Pan American Production Company and Forest Oil Corporation No. 1 Mildred Jones, Northwest Howard County wildcat, is being plugged to abandon on total depth of 8,364 feet in Pennsylvania line reef.

The prospector had indicated that

SW Concho Flanker Plugged, Abandoned

Ray Oil Company No. 1 M. B. McVay, southeast offset to CB Drilling Company and Jack D. Collins No. 1 Walter Pfleger and Raymond Pfleger, which is the discovery well of the Pfleger field of Southwest Concho County, has been plugged and abandoned at 2,313 feet.

Recovery on a drillstem test from 2,090 to 2,126 feet was 1,400 feet of salt water.

The No. 1 McVay topped the Pennsylvanian sand at 2,111 feet elevation, 2,093 feet. That made it about four feet high to the discovery.

CB Drilling Company and Collins No. 2 Pfleger, northwest offset to the discovery missed the sand and was abandoned recently at 2,660 feet in the Ellenburger.

Central Coke Project Plugged, Abandoned

Hunt Oil Company has plugged and abandoned its No. 1 J. F. McCabe, Central Coke County wildcat, at 6,821 feet in Strawn.

It is located 1,980 feet from east and 660 feet from north lines of section 28, block Z, D&SE survey.

It was seven and one-half miles southwest of Robert Lee and eight and one-half miles southeast of the Millikan-Strawn field. That made it two and three-quarter miles east and slightly north of Southern Minerals Corporation No. 1 Fred McCabe, a 7,398-foot Ellenburger failure.

Tetraethyl Lead Allocation Decried

WASHINGTON — (AP) — Tetraethyl lead used in high octane gasoline went under an allocation system Thursday. The Petroleum Administration for Defense announced this in a move to save scarce lead.

Refiners who used more than 1,000,000 pounds in motor gasoline last year will be restricted to a base of 1,000,000 pounds plus 80 per cent of their 1950 consumption over the base. Those who used less than 1,000,000 pounds last year will be allowed the full amount of their consumption last year.

CZECHS COUNT CALORIES

PRAGUE — (AP) — Inhabitants of Czechoslovakia consume an average of 3,228 calories of food a day, says the newspaper "Svobodna Slova." In Britain the paper says, the average is 3,030 calories, in France 2,740 and in Italy 2,640. It cites no sources.

SAFEWAY

THE "BIG PUSHER" AND ITS GRANDDAD—Two pusher-type airplanes got together at San Diego, Calif., to give us this graphic picture of 40 years of progress in aviation. The Consolidated B-36D bomber—the big punch of our Strategic Air Force—has six pusher-type and four jet engines, for a total of 42,000 horsepower. The 1912 Curtiss-type biplane has an 80-horsepower engine.

CLAIMS THE YANKEE SIDE—

"Aunt" Crosha Is Visiting Midland; Civil War Widow

By TANNER LAINE

Aunt Crosha is visiting in Midland, and we're mighty happy to have you with us, mam.

Aunt Crosha is a Civil War widow of the Union side, but she was born in Texas.

"Rebel or Yankee?" we asked her.

"Yankee," she said rather proudly.

And that's all right, too, she's a grand old lady.

Aunt Crosha is 87. She will be 88 in September. And she asked the Lord for four more years.

She is visiting in Midland with Mrs. Nancy Collier at 308 East Michigan Street.

She lives at a home near Ellsworth, Kan., for disabled war widows. There she is Mrs. Crosha Lynes, widow of Henry B. Lynes, who served honorably with the Third Iowa Cavalry in the War Between the States.

Lynes died in 1924.

At the home, Aunt Crosha lives in a nice, three-room brick cottage and keeps her own yard. She's very proud of her trees and flowers for which she alone is the caretaker.

"How many of your Civil War widows are there at the home?" we asked.

"Twenty-two," she says, "two have died since I have been away on this visit."

"I had a friend, who was 106 years old. When my grandson visited me, he asked her to a

dance," says Aunt Crosha with a twinkle.

Bright As New Money
"Some of us have minds still as bright as new money," she says of the home residents.

We believe her, because she is an example. Although crippled a bit with arthritis, Aunt Crosha gets around. She goes to church. She travels alone on trains and buses.

"Everyone is very nice," she explains. "They see my ticket and know who I am. They treat me like a queen."

Aunt Crosha is a Quaker. While in Midland, she has visited several of its churches, however. She likes to go to different churches.

Crosha Whitaker was born in Clarksville, Texas. She was one of 13 children. Her father was English and her mother Irish. She was married to Henry B. Lynes in 1880 at her home.

"We married at home then, not in churches," she reminds.

"My husband had to whip my daddy to get me," she laughs.

Her father, Robert Whitaker was a great Texan. At the age of 17, he came with David Crockett from Illinois to Texas. He was with the avengers of the Alamo.

Following the battle of San Jacinto, Whitaker carried a wounded Mexican trooper to a nearby ranch house and revived him. Years passed and Whitaker went into Mexico with a racing stable of horses. He was taken prisoner and was condemned to execution. He was carried before a Mexican general before the execution. This general recognized Whitaker as the Texan who saved him.

Of course, the execution was stayed.

Whitaker stayed in Mexico for a while and was in business. But when the Mexican general offered him either of his two daughters in marriage, Whitaker got away from there.

With the profits of his Mexican venture, he purchased an 800-acre plantation in northeastern Texas. It was here Aunt Crosha was born.

She grew up and in the mean-

time her mother died and her father married again and so there were 22 children. There were no schools and the 22 children grew to maturity with little knowledge other than what they got themselves.

Crosha married her young cavalry veteran from Iowa. They moved to Kansas and joined the Friends. The Lynes moved then to Pond Creek, Okla., and established a church in their barn. The burden of the work fell on Mrs. Lynes. She could not read. Undismayed she entered a subscription school at the age of 35 and began to learn. Her school work was interrupted.

But Aunt Crosha made herself learn to read.

An interesting bit of her life occurred before she established residence in Pond Creek. She and her husband made the famous Cherokee Strip land run. She "ran" for townsite lots and he "ran" for a homestead farm. Both made it fine.

"I was really a-going," says Aunt Crosha. "My bonnet flew back but I kept on. I was in a wagon. A trumpet blew to set off the race. There were lots of folks in the run."

The Lynes adopted several children.

"I went to college after the death of my husband," says Aunt Crosha. "Had always meant to go to college." She attended Friends College, a Quaker school.

Then she was bitten by the "travel bug." She made a world tour and visited 22 foreign countries. Of these travels, she loves to talk.

She was impressed by Gibraltar. She enjoyed Europe most, where she sat in the old Penn pew of an old church.

"Was Burted John Penn" "Under my feet was buried John Penn," relates the Midland visitor. Aunt Crosha will go back to her "home" following her extended visit here with Mrs. Collier, a niece. She's anxious to see how her flowers are doing and how the other "girls" are faring.

"They call us the mothers of our country," Aunt Crosha says of the Civil War widows. "I guess, they pet us a little."

We can see why. It was nice to talk with the grand old lady.

"Goodbye, boy," she said, "be a good boy."

A minister, who had gone with us to visit her, teasingly said, "You be a good girl."

"I will," she said, smiling.

THE MODERN AGE

MONTREAL (AP)—The McGill University outing club put 16 undergraduates to the test when the volunteers moved into the woods assigned to chop trees, build shelter and fires and cook their own meals. The party spent one night in the woods.

JACOBY on Canasta

By OSWALD JACOBY
Written for NEA Service

For the last week or so we have been discussing the changes in the canasta laws recently made by the official laws commissions in this country and in South America. Some of these changes have to do with red threes.

What happens if you draw the last card of the stock-pile and discover that the card is a red three? According to the new law, you just put that red three down on the table; and the hand ends right there. You don't meld, and you don't discard. All play is over for that hand.

In other words, you don't really get a turn to play in this situation. It's just as though the hand had ended before you drew — except that you have one more red three down on the table.

Another point clarified by the new laws has to do with a meld-out on the very first round of play. What happens if the first player melds right out before anybody else has had a chance to put red threes down on the table? In this situation, the other players show their hands. If anybody has a red three, it is put on the table. (Nobody is penalized for failing to put down a red three, because nobody has had the chance to put the red threes down.) Any red three put down by the other players in this situation is scored exactly as though it had been put down normally in an ordinary hand.

For example, suppose each of the four players has one red three. The first player melds out at his very first turn to play. How are the red threes scored? To begin with, each player puts his red three on the table. Nobody

draws a replacement card, because the hand has ended. This means that each of the three remaining players is chargeable for only ten cards instead of a normal hand of eleven cards.

The first player, who melded out, gets 100 points credit for his red three. His partner, the third player, also gets 100 points credit for his own red three. The reason is that their side has melded; and you get a credit for your red threes if your side has melded by the time the hand ends.

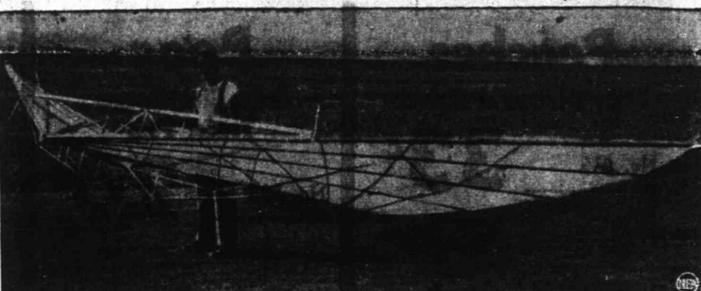

The second and fourth players lose 100 points each for their red threes. (They also lose points for the other cards in their hands, of course.) Their side has not melded, and they therefore are debited for each of their red threes.

What happens if you fail to put down a red three at your first chance to do so? (This is something that should happen only by accident, because it is considered very, very bad form to break any law deliberately.)

At your next turn to play, you put the red three down and draw from the stock to replace it. You also make your regular draw from the stock. However, you are not allowed to take the discard pile at that turn. Incidentally, if the hand ends before you make your correction, your side is penalized 500 points. This is a big penalty, so it's very unwise to get careless with your red threes.

SNAIL SIGNS

That prehistoric man in North Africa depended chiefly on snails for food is evidenced by huge mounds of snail shells excavated by members of several scientific expeditions into that region.

"WING THING" BEATS DARIUS GREEN—Rolo Ewers, wealthy La Junta, Colo., inventor, realized a 50-year dream when he flew his nylon-and-spruce "wing" a distance of 150 yards at an altitude of 30 feet, all under the power of his own muscles. The 30-foot wing—built for \$100—gets its power when the pilot bounces on a sponge rubber cross below the "cockpit." Said Ewers after his flight, which was his first trip off the ground in "any kind of flying machine": "I don't care what the world thinks. We've done it, that's all."

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Why The Sea Is Salty

Mugwump Monkey, the monkey boy, had gone down the Whispering River in the riverboat. Daddy Ringtail was with him, of course, and together they had tied the boat not far from where the river emptied into the sea.

Rivers are funny things. They begin far away somewhere at a place that is called the river's end. Yes, and the river actually comes to an end at the mouth where it empties itself to keep the ocean full to the top.

But the ocean was the thing that Mugwump was wanting to hear about. He could see it away across the sand from the boat where he was. The waves of the ocean were white, white, and more, more more kept coming to stop at last on the shore.

Yes, and why was the ocean water

salty? That's what Mugwump wanted to know. And now was a wonderful time for Daddy Ringtail to tell him. The rain was falling down, and so of course they could-

n't leave the boat to go swimming because of the rain that would get them wet.

"Daddy Ringtail," said Mugwump, "why is the ocean water salty? The river water here going into the ocean isn't salty at all."

Oh, Mugwump was sure that the ocean water was salty indeed. He had tasted it once before to see if

the water were as salty as the salty words that people said about it. Mugwump had thought that someone some day might do something about the salty taste, but that very morning he had tasted the ocean water again. Nobody had done a thing about it. Salty salt it tasted still.

"Daddy Ringtail," said Mugwump again when he had finished with his talk of the salty taste. "Daddy Ringtail, what makes it taste that way?"

Daddy Ringtail was going to answer, but Mugwump started again with his question-asking. He asked if the salty taste went all the way across the ocean, and if it did, how did Daddy Ringtail know about it? Why, Daddy Ringtail never had traveled all the way across the ocean to do the tasting.

Well, I guess you can see what a problem a boy or girl can be with their question-asking, but that's the way to learn about things, and so of course we are glad that Mugwump asked. We won't be provoked at all that we have to wait until tomorrow to hear the why of the sea being salty. Happy waiting. Happy day!

True Prospect

About the only thing that can't be stopped by an atom bomb is a press agent. To these gentry an atom bomb is just a peg for a gag. So it's not surprising that after the recent A-bomb test explosions in Nevada, this picture promptly popped out of Las Vegas. If you'll look to the left for a moment, you'll see a bewhiskered guy who is supposed to be Smiley Washburn, prospector, who has been seeking uranium ore with a Geiger counter for years. He's supposed to be Geiger-counting Terry True to learn if she had become radioactive as a result of the nearby bomb tests.

TEC Announces Job Vacancies

J. D. Bechtel, manager of the Texas Employment Commission office here, Wednesday announced several job vacancies as the labor market in Midland continued to become tighter.

An opening for an experienced automotive bookkeeper and an assistant bookkeeper, both females, are listed.

Other vacancies calling for women include a Burroughs bookkeeping machine operator (bank), an IBM machine operator (proof), stenographers and good typists.

A male bookkeeper for an automobile parts firm, experienced mechanics and automobile body repair men also are needed to fill vacancies in Midland.

The stubborn dirt in handkerchiefs will yield to this pre-wash treatment. Put them in a porcelain pan and cover them with cold water to which one-third cup of soap and two tablespoons of bleach have been added. Heat the water just to the boiling point, then remove the pan from the flame. Rinse the handkerchiefs well under warm running water before adding to your regular wash.

If your linoleum has become scratched and unsightly looking, try this treatment occasionally. After the floor covering has been thoroughly cleaned, rub it well with boiled linseed oil. Remove excess oil with clean cloth, and allow the floor to dry for 48 hours. Give it another washing then to remove all surface traces of oil.

Give Children A Thrift Party

ICE CREAM PARTIES are a sure-fire way of entertaining children.

By GAYNOR MADDOX
NEA Staff Writer

Give the youngsters an ice cream party now and then. It will take their minds off all the war talk. For an easy, inexpensive party serve the children creamy cherry vanilla ice cream with fig cookies. Ice cream, being a dairy food, carries its weight in good nutrition, so let the youngsters have it frequently.

Cherry Vanilla Crown
(Serves 6-8)

One package cherry-flavored gelatine, 1 1/2 cups hot water, 1/2 cup canned cherry juice, 1 cup canned drained cherries, 1 quart cherry vanilla ice cream (bulk), fig cookies.

Dissolve gelatin in hot water. Add fruit juice and pour a thin layer in ring molds and chill until firm. Chill remaining gelatin until slightly thickened, add cherries and pour into mold. Chill until firm. Unmold and fill center with cherry-vanilla ice cream. Garnish with fig cookies around the outer edge of mold.

Fig Alaska

One quart cherry-vanilla ice cream (bulk), 1 box fig cookies, 5 egg whites, 10 tablespoons sugar.

Place ice cream in freezing compartment until ready to use. Cover small bread board with heavy waxed paper. Arrange fig cookies on board to form base 1 1/2 inch wider and longer than ice cream block. Beat egg whites stiff, gradually add sugar, beating constantly. Place ice cream on cookie base and cover with fig cookies. Entirely cover with meringue. Bake in a very hot oven (500 degrees F.) 2 to 3 minutes, or until meringue is brown. Serve immediately. Serves 6-8.

II Tim. 1:7-8; 2:1-5; 4:2, 5
THE AIM OF THE CHRISTIAN DISCIPLINE

In the remaining days we have left for our meditations we must gather up the strands we have been weaving. Perhaps the verse that would sum up what we have been saying is this one: "Whereas the aim of the Christian discipline is the love that springs from a pure heart, from a good conscience, and from a sincere faith." (I Timothy 1:5, Moffatt.)

The Christian discipline: The Christian way is a discipline and not merely a doctrine. The doctrine gives direction and content to the discipline. Doctrine that does not discipline is dead. Christianity is therefore not merely something that you believe, but something that you believe in enough to act upon. Your deed is your creed—the thing you believe in enough to put into practice. You do not believe in what you do not practice. Theory and practice are one. Your theory is your practice.

The future of the world is in the hands of disciplined people. The undisciplined waste their energies with themselves and their own tangles. But the statement that the future of the world is in the hands of the disciplined needs to be corrected by the addition: The future of the world is in the hands of those who are disciplined to the highest. If one is disciplined to less than the highest, then the discipline will exhaust itself—it isn't backed by the ultimate. The Christian is disciplined to what? The preceding verse tells us—"the divine order which belongs to faith." The divine order is the Divine Order—the Kingdom of God. That Divine Order

was embodied in the Divine Person—Jesus Christ. We are, therefore, disciplined by a Person who embodies an Order, an embodiment which makes our discipline at once personal and at once social—personal in that it is related to a Person, and social in that it is related to a new Order embodied in that to out-think, to outlive, to outdo, because the Kingdom out-experiences every other way of life. We can give ourselves without question to the Christian discipline!

O God, this discipline to which I have given myself is it! Help me now to be disciplined in this way with no reservations and with no hesitations. May I fling every doubt and fear and hesitation to the winds. As the ancient Hebrew said: "I take the yoke of the Kingdom." I know I shall find that yoke easy, for it is my life! Amen.

Crime Decrease Claimed By Czechs

PRAGUE —(AP)—Divorce and common crime are both decreasing in Czechoslovakia, says the minister of Justice, Dr. Stefan Rals. In a recent speech, he told a conference of people's—or non-professional judges—that between January and July last year, the number of common crimes had fallen 30 per cent in Bohemia and Moravia and 15 per cent in Slovakia. He said divorce figures had been dropping off ever since 1946. He gave no exact statistics for either crime or divorce. But he said the number of divorces was still too high.

Remove rolls from wrapper. Place in moderately hot oven for just a few minutes until golden brown.

You know that to bake *good* rolls you must use eggs. Mrs. Baird's *HomeBake* rolls are made with whole eggs for richer flavor... finer texture

As every good cook knows, eggs add flavor richness... lightness and smooth texture to hot rolls. Mrs. Baird's Home Bake Rolls are made with whole eggs and other fine quality ingredients because Mrs. Baird knows that you want more than just convenience in an oven ready roll... you want good eating too. Like all things good... Mrs. Baird's Home Bake Rolls are worth asking for.

Athletes Need Good Breakfasts

TEEN-AGE ATHLETE starts day with fruit, cereal, bread and butter, milk or cocoa.

By GAYNOR MADDOX
NEA Staff Writer

The pay-off for good eating habits is stronger bodies. Teen-agers need a lot of body building protein and calories, particularly if they hope to achieve success in their studies and athletic activities.

A day's plan for good eating starts at a breakfast that provides from 1/4 to 1/3 of the day's total food needs. Athletes use up lots of energy and draw on their store of nutrients at a fast rate, and need to get about 1/3 of the day's total at breakfast.

Their breakfast should include fruit or a fruit juice, cereal topped with milk and sugar, an egg or breakfast meat, bread, butter, jam, and milk to drink. For a budget breakfast, a double portion of cereal may be used in place of an egg or meat.

A nationwide survey shows that about 70 per cent of the older boys interviewed, as compared with only 52 per cent of the older girls, believe in good breakfasts. About one out of four older boys did not eat an adequate breakfast. About half of the older girls had either no breakfast or an inadequate one. Skipping breakfast can bring on weakness and irritability and dulls energy.

Here are three balanced breakfasts for the active teen-age boy:

1. Sliced bananas in orange juice,

wheat flakes, molasses, milk, baked egg, upside-down oat muffins, butter, honey, hot chocolate.

2. Spiced apple juice, farina sunshine slices, syrup, grilled Canadian bacon, rye toast, butter, blackberry jelly, milk.

3. Baked pear with lemon garnish, corn flakes, honey, milk, scrambled eggs, fruited bran muffins, butter, jam, cocoa.

Farina Sunshine Slices

(6 Servings)
Four cups milk, 3/4 teaspoon salt, 2 1/2 cup farina, uncooked, 1 cup chopped, dried apricots.

To milk in top of double boiler add salt; scald. Add farina slowly, cook 10 minutes. Add apricots, stir well and cook 10 minutes longer. Pour into loaf pan. Chill until firm. Unmold, slice thinly.

Pan fry in a greased skillet, turning to brown; or slices may be brushed with butter and browned lightly in broiler for 10 to 12 minutes, turning once; or brown in hot oven (450 degrees F.) for 15 minutes. Dust with powdered sugar and serve with syrup and additional apricots, if desired.

When purchasing a cookie sheet, make certain its small enough to fit comfortably into your oven. At least an inch on every side is needed for proper circulation of hot air around it.

Mrs. Loring Is Guest Speaker

"Self Improvement in Style and Poise" was the topic of a talk given by Mrs. Milton Loring at the Tuesday night meeting of the Iota Beta Chapter of Beta Sigma Phi. The group met in the home of Clyde Farmally, 407 North Lorraine Street.

"The main purpose in a woman's life," Mrs. Loring said, "is to gather her years gracefully. This can't be done with envy."

She added that, in the way of fashions, she expected the skirts and hair styles to be short.

Following her talk, a business meeting was held during which plans were made for a cake sale. Mrs. Bryan Denison, president, was elected representative to the convention which will be held May 18-20 in Fort Worth. A report was made to the group by those who attended the installation of Mrs. Amelia Anthony as an honorary Beta Sigma Phi member. The service was held recently in Odessa.

New Unit Discussed
It was decided not to have the usual Spring rush this year, but rather to wait until Fall. Plans were also discussed for the new unit of Nu Phi Mu which the group expects to organize in March. Dorothy Raines will be in charge. Mrs. Denison was appointed registrar for both groups.

Those present were Mrs. Charles Lanehart, Maxine Harrison, Glenda Brown, Nellive Clark, Mrs. Morris Donelson, Mrs. Jimmy Gaines, Mrs. Vic Hartwig, Melba Knippling, Betty McWhorter, Mrs. Joe H. Minna, Mrs. Charles Patterson, Mrs. John W. Rhoden, Jr., Mrs. Otto Wing, Mrs. Calvin Percy, Mrs. Harry Murray, Jr., Mrs. Ernest Nance, Mrs. David Balmbridge, Mrs. Jack Davis, Jane Patterson and Mrs. Lee Holman.

The next meeting will be held in the Palette Club. Inez Parker, high school art teacher, will talk on "Silk Screening."

Orla T. Hutt Rites Are Held Wednesday

SHERMAN —(P)—Last rites were held here Wednesday for Orla T. Hutt, 75, father-in-law of Gov. Thomas E. Dewey of New York.

Dewey arrived in Dallas by plane Tuesday night and left almost immediately for Sherman.

Mrs. Dewey, her two sons, mother and brother, Dr. Harold D. Hutt of Holly, Mich., accompanied her father's body by train. He died last Sunday of a heart ailment while visiting the Deweys at Albany, N. Y.

Korea Casualties Rise To 50,675

WASHINGTON —(P)—Announced U. S. combat casualties in Korea reached 50,675 Wednesday with the addition of 1,543 in the week ended February 23.

The Defense Department's summary reported 7,639 killed in action, 23,401 wounded and 9,636 missing in action since the start of hostilities last June.

The wounded total included 886 who later died of wounds and 85 of those reported missing now are known to be dead, making a total of 8,612 combat deaths.

Sunday School Class Meets For Luncheon

Group One of the Dorcas Sunday School Class of the Calvary Baptist Church gave a luncheon Tuesday in the church honoring the members of Group Two. Following the luncheon a short business meeting was held.

Those attending were Mrs. Lory Absher, Mrs. Preston Vest, Mrs. Albert Smith, Mrs. Don McPeak, Mrs. Evelyn Bamber, Mrs. E. D. Snody, Mrs. Neva Newman, Mrs. J. D. Robbins, Mrs. Dale Hines, Mrs. Nelson Adams, Mrs. Frances Anderson, Mrs. Myrtle Widner and Mrs. A. L. Teafri, the class teacher.

Check your sheets before purchasing them by holding them up to the light. Threads should be of even thickness and should run from selvage to selvage with no thin, weak spots and no knots.

Highway Committee Will Meet Thursday

A meeting of the Highway Committee of the Midland Chamber of Commerce was to be held at 4 p.m. Thursday in the directors room of The First National Bank, chairman John P. Butler announced.

Other members of the committee are Walter Beardsley, R. M. Barron, M. W. Collie, Judge C. C. Keith, Barney Greathouse, Jack Wilkinson, Robert L. Wood and Clarence Scharbauer, Jr.

Scraps of velvet from your sewing basket will make excellent dusting cloths. To free them of lint and dirt after use, wash them in sudsy water and hang them up, quite wet, to dry. Wrinkles will fall out as the water evaporates, leaving you a clean, non-wadded duster for your next housecleaning.

NEWEST OF THE "FRUIT SALAD"—That new blue and white ribbon may begin to spot on the chests of servicemen in the Korean Service Ribbon, recently authorized by executive order of the President. The award is given to all troops permanently assigned to Korea or adjacent waters, or for temporary duty of 30 consecutive days, or 60 days not consecutive.

54-Year-Old Auto Placed Up For Sale

PARIS —(P)—The demand for used automobiles in France has reached the point where a woman decided to see if she could sell a car that is 54 years old. The antique automobile is a Leon Bollee of 1897. The owner is one Madame Mathieu.

"I own the automobile," she said, "and things being what they are I thought perhaps someone would like to buy it."

Madame Mathieu inherited the car from her father.

"It'll run all right," she explained. "All it needs is a little fixing up. There is something else I should warn you about," explained Madame Mathieu. "The driver sits in the rear. With the proper gasoline and care it should achieve up to five miles an hour."

Resettling Project Is About Completed

NEW DELHI —(P)—The vast job of resettling more than half a million rural families who fled Western Pakistan after the partition of this subcontinent has almost been completed.

The rehabilitation ministry has announced that of 631,000 families who abandoned their farm homes in Western Pakistan in 1947, all but 5,000 have been given land in India. In addition, 185,000 displaced families from eastern Pakistan have been resettled on farms in India. Ministry officials figure the number of people involved at about 4,000,000.

17 WT Counties Share 68 New Locations

Seventeen West Texas counties shared locations last week for 68 new oil wells including five wildcats. Applications listed the preceding week totaled 81.

The new wildcat locations were divided one each among Andrews, Floyd, Garza, Glasscock, Howard, Scurry County was first in field starters with 15 new locations. Drill sites were established for 12 new projects. Seven new explorations were reported in Midland.

Crane and Pecos Counties each listed five new locations. Three new projects were staked in each of Garza and Winkler Counties. Andrews, Gaines, Howard, Kent and Yoakum counties each gained two new locations.

The remaining new explorers were distributed one each to Borden, King and Upton Counties.

Seven amended applications were filed. Ector got three amended locations and Cochran, Pecos, Scurry and Ward Counties each got one.

Girls Flunk Breakfast Test

TEEN-AGE GIRLS eat a much better breakfast when someone prepares it for them.

By GAYNOR MADDOX
NEA Staff Writer

Teen-age girls definitely flunk the breakfast test.

A survey of breakfast habits made in the Phoenix, Ariz., elementary and high schools, shows that only 17 per cent had a good breakfast.

A Minneapolis-St. Paul survey among elementary and junior and senior high school pupils showed that the poorest breakfast habits were found among junior and senior high school girls.

A West Virginia diet survey made among fifth to tenth graders showed that the breakfasts of nine out of every 10 children were lacking in fruit, cereal, or milk and often all three.

A nationwide study of teen-agers' breakfast habits made by Elmo Roper showed that 48 per cent of the older girls as compared with 24 per cent of the younger ones, either had no breakfast at all or one without such foods as breakfast cereal, eggs, meat or pancakes.

A good deal of concern about weight exists among girls. Forty-seven per cent of one group interviewed said they are now overweight. Scientific studies proved that skipping breakfast, in itself, will not lead to a loss of weight.

It's smarter to get the nutrients you need for keeping good health during this important period of growing and development. A fruit, cereal, milk, bread and butter breakfast gives most people the food they need at breakfast. Teen-age boys and active men need to increase the portions of these foods, or add other foods to the basic pattern.

The following breakfast menus were planned for teen-agers in a breakfast study at Purdue University:

1. Orange slices, farina, milk, crisp bacon, raisin bread toast, butter, cocoa.
2. Fresh sugared pineapple, wheat flakes, milk, fried egg, baking powder, biscuits, marmalade, butter.
3. Sugar-broiled grapefruit, wheat and barley kernels, milk, whole wheat toast, butter, milk with nutmeg garnish.
4. Chilled half orange, baked apple in corn flake nest, milk, soft-cooked egg, whole wheat toast, butter, jam, cocoa.
5. Pears in syrup, oatmeal, spiced sugar, milk, grilled liver with sausage links, toast, butter.

Eastern Star Has Memorial Service

A candlelight memorial service under the direction of Mrs. Lula B. Wyoff was held by the Order of the Eastern Star Tuesday in the Masonic Hall. The service was dedicated to former members of the Eastern Star.

Twenty-five year pins were presented to the following four members: Mrs. Wyoff, G. G. Hazel, Mrs. Ellen Williamson and Mrs. Lillian Hazel. Guests were Mrs. Hazel Bruton of Kansas and Mrs. Anna Swanson of Oklahoma.

Approximately 40 members and guests were present.

Will Benefits Church And Welfare Setups

DALLAS —(P)— F. V. Faulkner, Dallas oil man who died January 31, left more than a million dollars in stock and bond holdings to a Dallas Lutheran church and four Dallas health and welfare agencies.

Faulkner, 64, had been an executive of the Magnolia Petroleum Company since 1918.

Blaze Comes To Firemen In Montana

MISSOULA, MONT. —(P)— A fire came to the fire station here. Unable to dump a load of garbage set ablaze by hot ashes, a garbage man raced his truck three miles from the city dump, rushed into the fire department and said he had a fire right outside.

Firemen opened the station door, started the engine of a fire truck and with a booster line extinguished the blaze.

"The garbage man went back to the dump with a load of water," a fireman said.

Treatment Of Polio Called Family Affair

ATLANTA, GA. —(P)— The battle against polio is a family affair, says Dr. Robert L. Bennett, head of the department of physical medicine at Emory University Hospital.

Many children stricken with the disease, he states, must be treated over a period of years, and therefore the parent must learn the importance of rest and planned activity for the child. The doctor recommends that parents help the stricken child adjust socially as well as physically in the home environment.

Youth Center Chatter

By Joyce Howell and Gail Baker

Six week's tests are over again and many are breathing a sigh of relief—that is, until next Wednesday when the report cards are issued. The seniors are bemoaning the fact there are only 12 more weeks of high school days left, while the Freshmen anxiously are looking forward to the day when they will be Sophomores.

There were a couple of well-known visitors at MHS and the Center last week. Don Pyle who is stationed at Sheppard Air Base in Wichita Falls, and George Capps who is stationed with the Air Force in San Antonio, were home for a few days. Bill Adams, Duane Haneaway and Jimmy Greene are in the same squadron with George, while Bill Newsome, Jim Chauncey, Arthur Mayfield and Billy Jo Pyle are in San Antonio. Don told us Johnny Patterson and Frank Shepard also are stationed in Wichita Falls.

Another ex-Midlander we had the pleasure of seeing this last week was Roy Mann who was home from the Navy for 10 days. Roy is stationed in California.

No Haircuts
The members of the Senior play, "Icebound," still are practicing after school each day. The play will be presented March 15 and 16 in the auditorium. Miss Harris, the director, announced the boys will not be allowed to get haircuts before the play is presented and that date still is two weeks away. Tony Dunagan and Joe Barnett immediately launched into arguments about just how long their hair will be by that time. Well, boys, you always can roll it up at night!

"The Chimes of Normandy," the first opera to be presented in Midland High School was given last Friday night. Everyone who saw the opera agreed it was just wonderful. We hope this will become an annual event.

The Catoico staff, our high school annual, really has been working hard this week. Today (Thursday) is the deadline and the staff met it with flying colors by mailing the copy two days early. When we passed by the room in which they have been working, we noticed Miss Boyd, the sponsor, Peggy Reed, Sue Francis, Eugene Cooper and Wanda Burnside coming in the building from the direction of the fire escape. Say, just what were you all doing?

Book reports were due this last week as a part of the six-week grade. We saw Beverly Kelting trying to explain her book, "Passing Dream," to Bobby Peters rather unsuccessfully. Later we noticed that Bob, who had read "The Golden Hawk," was explaining the plot of his book to Beverly. We just hope you had a little better success, Bob.

Band Concert Slated
Friday is the date for the first band concert of the year. In assembly at 1:30 p.m., the band will play several numbers, among them the contest numbers for this year's Interscholastic League contest.

The seniors all have been wearing short white pieces of adhesive tape on their arms the first three days of this week. The reason? The TB patch tests were given all seniors.

The Style Show, sponsored by the Women's Auxiliary to the Midland Memorial Hospital attracted quite a crowd Monday night in the high school auditorium. Several YC members modeled in this event.

Last Saturday night the Presbyterian Young People had a progressive dinner. Salad was served at Robert Stubbeman's home; the main course in the church, and desert in the home of Maxine Hill. Everyone had a wonderful time. Walking—and running—to Robert's home helped a lot of the teeners to work up a huge appetite.

We have seen quite a lot of Harold Drew lately. It seems as though Harold, who was attending Texas Tech in Lubbock the first semester, has transferred to Odessa College. We now know that Odessa can lose! Even if it wasn't the high

school team, there was an Odessa team which was defeated when it played in the Junior High School gym last week. The Odessa (Phillip's Petroleum) team was defeated by the San Angelo (Checker Cab) basketball team.

Bobby Wood, pulcass, won't you give poor little Reed Gilmore back his fifteen cents! We think it really hurt Reed when you borrowed it the other night.

Habit Turns Into Hobby
It seems that Sara Hendricks had a habit which has grown into a hobby. This strange hobby—or habit—is chewing from eight to ten pieces of chewing gum at one time.

Have you ever noticed the bulletin board in the Center? If not, next time you're in, look at it. There are several clever jokes and articles and a lot of teen-age names are attached to the jobs. Watch it. Yours may be on there next time.

There was quite a bunch of boys downtown Saturday night. Most of the boys often are seen at our Center. McKinsey, Pat Douglas, Arnold Drake, Dale Stice, Giffert Alstrin, Dan Black, Gary Throckmorton, Jim Ervin, Billy Morningstar, James "Ery" Wallace, Joe Brodigan and Stanley Krist were a few we saw.

Why was Bill Franklin so red during the song sung by Isleta Terry in the opera? Well, it's like this. It had been planned ahead of time, without Bill's knowing it, for "Terry" to go up and tickle Bill under the chin. When she did, Bill really did blush. Say, Bill, we did not know you were so bashful.

While cleaning up the sets and other things left over from the opera Friday night and Saturday morning, some mysterious pieces of paper were found in the jewel-treasure box which "Gaspard" (Stan Coker) used during the opera. Later it was discovered that Stan had put pieces of his long speeches in the box, so that while he was rummaging through the box of "jewels," he also could remember his lines. Pretty clever, eh?
Movie Fans

Most of the Y. C. members enjoy Sunday afternoons by taking in a show. The top balcony at the Yucca is a meeting place for many of the teeners. Last Sunday we saw "Pitt" Pryor, Lavone Bell, Pris Fields, Tommy Underwood, Jane Beakey, Georgia Stump, Ann Ashby, Nancy Steedman, Jackie Brady, Sara Hendricks, Jane Stuart, Larry Mayfield, Allan Harris, Speck Culpepper, "Fella" Patterson, Bill Aldrich, Paxton Howard, Atrelle Pace and Jerry Lands.

There was quite a "social gathering" in front of Tommy Vanaman's house Sunday afternoon. Don (Timber) Forrest, Darrell Spivey, Rusty Rutledge and Tommy were playing "pitch."

Eddie Arnold's new record, "There Has Been a Change in Me," has been quite popular in the Center. One could go in at just about any time during the day, or night, and hear this song playing on the juke box.

Conner Discovery
One Youth Center member who really does like this song, "There's Been a Change in Me," is Preston Conner. This song is number one on his personal hit parade. A few days ago he discovered he had been leaving out one verse of the song. We just hope you learn all the words of this song and then tire of it, Preston.

A certain group of girls who are juniors have been "christened," as of two years ago. "The Do Righters." Not to be outdone for fancy names, there is another group of junior girls who now are named the "Do Wrongs."

Have you noticed the two new additions to our Y. C.? We now have a newly covered couch. It is covered in wide stripes of various shades of green. Another new addition is the coke machine. The coke machine is welcome for it saves many teeners a lot of steps during the noon hour.

Spring Formal Planned
The Junior Council of the Youth Center had a meeting last Tuesday night. Tentative plans were made for a big Western dance. It was

Willing Workers Have Program

A covered dish luncheon and yearbook program were held by the Willing Workers Circle of the Asbury Methodist Church in the home of Mrs. C. W. Lawrence.

Shirley Bunt gave the opening prayer and Mrs. C. W. Holleman gave the devotional, "Sharing With Others." Mrs. Carmel Pirtle was in charge of the program on the Navajo Indians. Others participating in the program were June Pirtle, Mrs. John Henderson and Shirley Bunt.

Others attending the meeting were Mrs. Charles Blakely, Mrs. Lucille Howell, Mrs. Joe Casada and Mrs. Jim Horton.

decided that the Spring Formal should be held during the month of April. Do you have any suggestions for an unusual type of party or any event you would like to have take place at the Center? If so, mention them to Mr. Glidewell, and they will be discussed at the next meeting of the Junior Council.

That's about all for this week. We'll be back again next Thursday.

Mrs. E. Halfast Is Square Dance Caller

Mrs. Ed Halfast was the caller at the Tuesday meeting of the Circle Eight Square Dance Club. The group met in the American Legion Hall.

Mr. and Mrs. Jim Blackwood and George James were guests. Others attending were Mr. and Mrs. C. E. Oure, Mr. and Mrs. W. L. Crothers, Mr. and Mrs. Earl W. Chapman, Mr. and Mrs. Dean J. Corley, Mr. and Mrs. Robert T. Cox, Mr. and Mrs. H. J. Davis, Mr. and Mrs. R. S. Dewey, Mr. and Mrs. T. C. Frick, Mr. and Mrs. O. H. Hardy, Mr. and Mrs. Raymond E. Howard, Mr. and Mrs. G. R. James.

Mr. and Mrs. John B. Mills, Mr. and Mrs. Robert Pine, Mr. and Mrs. Ralph Troseth, Mr. and Mrs. W. T. Webb, Mr. and Mrs. C. A. West, Mr. and Mrs. Tommy Withrow and Mr. and Mrs. Mervin Haag.

Clothes outgrown and discarded by older brothers and sisters will be received more gratefully by younger children if they are first given a home dye-dip to remove that hand-me-down look.

Biscuits Top Salmon Pie

SALMON PIE with cornmeal biscuits makes meatless main dish.
By GAYNOR MADDOX
NEA Staff Writer

Meatless days without regret and here's a delicious solution. Corn meal biscuits, with crisp texture and corn flavor get baked on top of a salmon pie. There's grated cheese in the biscuits, too.

Salmon Pie
(6 Servings)

Base: Two cups milk, 1 1/4 cup sifted flour, 2 cups flaked salmon (approximately 1 pound), 2 cups cooked peas, drained, 1/4 cup chopped pimiento, 1 tablespoon minced onion, 1 teaspoon Worcestershire sauce, 1 teaspoon salt.

Biscuits: One and one-half cups sifted enriched flour, 1 1/2 cup enriched corn meal, 3 teaspoons baking powder, 1 teaspoon salt, 1/4 cup shortening, 1/2 cup grated American cheese, 2/3 to 3/4 cup milk.

To make the base, scald 1 1/2 cups of the milk. Blend the flour with the remaining 1/2 cup milk to form a paste. Add flour paste to scalded milk, stirring until thickened. Add the rest of the ingredients for the base. Place salmon mixture in greased baking dish (2 quart size). For the biscuits, sift together dry ingredients into medium-sized bowl. Cut in shortening until mixture resembles coarse crumbs. Add cheese. Add milk, mixing lightly until mixture is dampened. Turn out on lightly floured board and knead gently a few seconds. Roll out to 1/2-inch thickness; cut with floured biscuit cutter. Place

Banker Jailed On Embezzlement Count

LOS ANGELES—(AP)—A man listed by the FBI as Homer E. Medford, vice president of the State Bank in De Kalb, Texas, was under arrest Wednesday on embezzlement charges.

The FBI arrested him after tracing him to a hotel in nearby Monrovia.

FBI Agent Richard B. Hood said Medford, 56, left Texas with \$3,000 of the bank's money. He had \$100 when arrested. Hood quoted Medford as saying he had been to the Santa Anita horse races.

When buying poultry, avoid a chicken with a long thin body. This is usually a sign there's a large proportion of bone and a small proportion of meat. The body should be plump, with a well-covered breast bone.

By making hardwood covers for your laundry tubs, you can provide, inexpensively, valuable counter working space in your kitchen or basement.

It's often more convenient, when you're boiling chicken, to finish its cooking in an oven; but use moderate heat (350 F.) for this finishing touch.
