WEATHER
Fair and cold Monday night; low temperatures 14-24 in Panhandle and South Plains and 23-27 elsewhere. Tuesday fair and not so cold. Maximum temperature Sunday 60 degrees; minimum Monday 24 degrees.

UN Mounts Three-Pronged Drive

Wildcat in Midland, Tex-Harvey Stepout Slated For Drilling

Applications requesting permission to start drilling immediately on a Spraberry wildcat in Midland County and on a long stepout to production in the south extension of the Tex-Harvey field of Glasscock County, have been filed with the Railroad Commission of Texas.

F. E. Ferguson and Edwin W. Frueby will drill the Midland wildcat 800 feet from south and east lines of section 42, block 36, T-3-S, T&P survey.

That makes the closest Spraberry production one and three-quarters miles to the west and in the Tex-Harvey field.

Lang Stepout
El Capitan Oil Company No. 1 Wraga-Hendrickson will be the long stepout to production.

It will be drilled 660 feet from south and west lines of section 41, block 36, T-3-S, T&P survey and one-half mile south of the nearest production. Three-quarters of one mile north of the drillsite, York & Harper, Inc., is testing to complete at its No. 1 Wraga-Hendrickson.

The wildcat and the stepout are contracted to go to around 8,000 feet to test the Spraberry.

Phillips Petroleum Company staked location for its No. 2 Floyd inside production in the Tex-Harvey field.

It will be drilled 664 feet from north and 1,948 feet from west lines of section 15, block 37, T-3-S, T&P survey.

York & Harper, Inc. No. 2 Wraga-Hendrickson is to be a one-location south offset to the same concern's No. 1 Wraga-Hendrickson.

Drillsite has been set 660 feet from west and 1,980 feet from north lines of section 41, block 36, T-3-S, T&P survey.

Contracted destination is 8,000 feet.

Additional Pipeline Facilities Slated In Spraberry Area

The Tex-Harvey Pipe Line Company of Midland is to start at once to lay 56 miles of 12-, 8- and 6-inch trunk line in Midland, Glasscock and Upton Counties to provide a pipe line outlet and a market for the rapidly spreading Spraberry oil producing areas in the Midland Basin.

The new lines will supplement the present 8-inch and 6-inch trunk line from the Tex-Harvey field in Central-East Midland County to the Basin Pipe Line System's tank farm in East Midland which was put in operation several months ago.

That line is now moving approximately 6,500 barrels of oil per day. It can handle a peak load of 15,000 barrels each 24 hours.

When the new line is completed the Tex-Harvey Pipe Line Company will be able to transport 50,000 barrels of oil per day.

The Tex-Harvey Pipe Line Company is a jointly owned operation of Tex-Harvey Oil Company and Ashland Oil & Refining Company.

The oil it gathers and moves is turned over to the Basin Pipe Line System at the East Midland station and is transported through that concern's big trunk carrier to refineries in the Midwest for the account of Ashland Oil & Refining Company.

Surveys are now being run for the new lines. Pipe for them has been secured and actual laying of the carrier will start at once.

A new 12-inch discharge line will be laid from the Basin System's station in East Midland to the Tex-Harvey field. It will parallel the present line between those points, Midland, Glasscock.

From that point 8-inch and 6-inch will go to the east side of the Tex-Harvey field in Central-West Glasscock County; to the Germania field in Northeast Midland County and to the Pembroke field in Central-East Upton County. All those pools produce from the Spraberry pay.

The Tex-Harvey to Pembroke line will serve the areas between those two fields which have recently been opened by Ted Weiner, et al, No. 1-18 Driver in Midland County and Ted Weiner and J. H. Floyd No. 1 Braden in Northeast Upton County.

That line will also be able to handle the oil from the Midkiff and from the Magnolia Petroleum Company No. F Preston, which is now testing to try to complete, after indicating a discovery from the Spraberry sand.

Officials of the Tex-Harvey Pipe Line Company indicate that they expect the full capacity of 50,000 barrels of the present and proposed lines, to be needed in a few months.

Wildcat Is Staked In NW Loving Area

Intercoast Petroleum Corporation has spotted a 4,000-foot wildcat in Northwest Loving County as its No. 1-3, D. Johnson.

Location is 2,310 feet from north and 800 feet from east lines of section 41, block 36, T-3-S, T&P survey.

BRIEF GLORY—It was a moment of glory for statuesque Lois Ingram, winning a beauty title at Miami Beach, Fla. The title: "Miss Brevity." Lois won it because she was so well briefed.

Air Guard Units Slated For Call-Up

WASHINGTON (AP)—The Air Force Monday announced it is calling to active duty in the next nine months 19 non-flying Air National Guard units composed of 10,000 officers and men.

The first of the guard units will be called into service within two months. The others will be brought in during the following seven months.

The Air Force did not disclose the identity of the future assignments of the units.

The 19 units include eleven aircraft control and warning groups, five signal-light construction companies and three communication squadrons.

This call to non-flying units is in addition to the mobilization orders which have gone out to 22 fighter and light bomber wings of the Air National Guard. More than half of these flying wings already are on duty, the Air Force said, and the remainder will be in service within a month.

The call-up of the 19 units will complete the mobilization of the Air National Guard's aircraft control and warning groups. One such group was ordered into service several months ago.

All officers and men brought into service under Monday's order will serve 21 months unless the period is extended by Congress.

U. S. Grabs Control Of All Tin Supplies

WASHINGTON (AP)—The government Monday made itself the sole importer and seller of tin to end what a Senate committee has called price "gouging" by foreign sellers.

The National Production Authority also ordered all American users of pig tin under allocation control as of May 1, but made possible a temporary increase in tin usage, starting next month, to provide for the packing of perishable crops.

SOS Calls Stir Hope For Missing Airmen

WIESBADEN, GERMANY.—(AP)—Paint SOS signals heard by rescue planes Monday spurred the air search for a U. S. Air Force B-29 missing with its crew of 12 in the Mediterranean area since Friday.

U. S. Air Force officials here said the plane, based at Lakenheath, England, last was heard from Friday afternoon while on a routine navigational flight.

The SOS signals may have come from an emergency radio aboard a liferaft.

NPA Orders Priorities On Steel For Oil

WASHINGTON (AP)—The National Production Authority Monday set up a priority program to permit drilling 43,400 oil and gas wells a year.

The program for the oil and gas industries will channel 157,000 tons of drill pipe, steel casing and tubing products to operators each month, starting in April, NPA estimated.

These wells must be drilled to tap new supplies of oil and gas to provide the petroleum and petroleum products needed for defense and essential civilian needs, the agency said.

The program takes effect in three steps, as follows:

1. Effective at once, operators may use the priority rating to get repair, maintenance and operating supplies. A special provision for the industry is necessary because the usual maintenance priority does not meet specialized needs of oil and gas producers.

2. Effective April 1, operators will be permitted to use an emergency priority rating (DO-4ER) to obtain casing, tubing and pipe for emergency drilling purposes.

3. On and after July 1, operators will be permitted to use a standard-type priority (DO-4S) to buy the products for normal operating purposes, in amounts previously approved by the Petroleum Administration for Defense.

Cattlemen Gather For Annual Meet

DALLAS (AP)—Cattlemen from 16 states gathered here Monday, and they're expected to stampede vocally when talks start on price control.

Most of the 4,000 ranchers due at the Texas and Southwestern Cattle Raisers Association convention are against controls. They contend they will force the small producers out of business and bring back a black market in meat.

Controls, price ceilings and inflation are the most important topics Association President Ray W. Willoughby of San Angelo expects to be discussed.

"Howdy" is password
The 75-man Board of Directors of the association met Monday. The convention proper begins Tuesday.

Most of the ranchers arrived early. You could tell them by the big, broad-brimmed hats they wore.

They gathered in little knots in hotel lobbies to talk and renew acquaintances.

The principal speakers Tuesday will be Speaker of the House Sam Rayburn and Texas Gov. Allan Shivers.

The Resolutions Committee of the association holds Tuesday afternoon. This is where policy on controls may be formed. The resolutions will be presented to the convention Wednesday, final day of the meeting.

Most of the convention is of a serious nature. But Tuesday night the cattlemen will hold their annual ball and it promises to be a dilly. They've taken over the whole mezzanine floor of the Baker Hotel.

200 Area Doctors Due Here Tuesday For District Meet

More than 200 doctors from West Texas are expected in Midland Tuesday for the annual meeting of the Second District Medical Society.

Opening at 9 a.m. in Hotel Scharbauer, the meeting will honor Dr. William Gambrell, president of the State Medical Association of Texas, who will be one of the principal speakers at the one-day convention.

Mrs. Gambrell, president of the state auxiliary, will also be honored at the women's meeting to be held in the Midland Country Club.

The meetings will continue through the day with a luncheon at noon and a dinner at night, both in the Crystal Ballroom of the hotel.

Dr. James W. Rainier, Odessa, president of the district society, said the speakers include Dr. Lloyd R. Hershberger of San Angelo, Dr. C. Ray Thorpe and Dr. Paul T. DeCamp of New Orleans and Dr. Tate Miller and Dr. Gilbert B. Forbes of Dallas.

LATE NEWS FLASHES

WASHINGTON (AP)—The House Armed Services Committee Monday approved lowering the draft age to 18 years and six months, and lengthening of the service term to 26 months.

AUSTIN (AP)—Three bills proposing a minimum price on natural gas were skipped over Monday by the Senate Committee on Oil and Gas after Committee Chairman Hill Hudson of Pecos had posted them for public hearings.

WICHITA FALLS (AP)—Chester Davenport, bragging Texas badman arrested here Sunday, was arraigned Monday on kidnap charges. Bond was set at \$12,500.

OSLO, NORWAY (AP)—Norway's Parliament (Storting) Monday approved this country's joining the North Atlantic Pact Army.

HE STILL CAN SMILE—Nineteen-year-old Pvt. Hubert E. Reeves, who lost both feet and fingers on both hands from frostbite in Korea, smiles a greeting to Flight Nurse Capt. Georgiana Russell as he is made ready to leave Percy Jones Hospital in Battle Creek, Mich. He has been taken to Valley Forge Army Hospital at Phoenixville, Pa., for plastic surgery.

Three Men Injured By Gas Explosion

Three workmen were burned seriously Monday when an explosion, blamed on an open gas pipe, rocked a two-bedroom home nearing completion in the 300 block of Pecan Street.

The injured are: James Parr, 49, 203 East California Street, a painter.

J. W. Arrant, 44, Park Motel, a painter.

Darrell Boen, 302 South Big Spring Street, a carpenter.

The house, which was being built by C. L. Cunningham, was described as a total loss, although the walls were left standing.

Parr told Police Officer C. W. Dabney the explosion occurred when he started to light a cigarette in the kitchen of the new house.

"All Hell Broke Loose"
"We were working in the kitchen," Dabney quoted him as saying, "when I put a cigarette in my mouth and struck my lighter to light it."

"Suddenly, all hell broke loose." A giant flame flashed across the kitchen, knocking the men to the floor. Windows were shattered and the four walls of the house were pushed several inches out of line.

Parr and Arrant were taken to Western Clinic-Hospital while Boen was taken to Midland Memorial Hospital.

All three were reported suffering first and second degree burns and shock.

Aside from the initial flash, there was no fire.

Cunningham said someone applying (Continued On Page Nine)

Abiding Faith Gets Solid Boost

A \$5 bill and an unsigned message received by Miss Lydia Watson, who has been teaching music here almost half a century, has strengthened over her always-abiding faith in humanity.

The message said: "I left Midland 40 years ago and did not pay you for my music lessons. Thanks."

The envelope in which the note and currency were enclosed, bore a Sweetwater postmark.

"I now have more faith than ever in the old-time mourners' bench," Miss Watson said.

British Units Near Chinese Red Fortress

TOKYO (AP)—Allied troops Monday hurled a three-pronged spearhead at the heart of Chinese Red resistance in Korea.

The center prong stabbed to within five miles of Hongchon, a huge Communist troop marshalling point and once reported to be Chinese general headquarters.

Red rear-guard fighting stiffened, hinting that the Communists would make a last-ditch stand before Hongchon, an important highway town.

Allied field officers expected a counterattack from the Red staging area.

British, Canadian and Australian troops advanced to within five miles of Hongchon from the south. They were 22 miles south of the 38th parallel. That is the northernmost advance of the current Allied major offensive.

The U. S. First Cavalry and First Marine Divisions drove on the Red supply center from the southwest and southeast. The cautiously advancing Marines were reported about six miles from Hongchon. The cavalrymen were reported about seven miles southwest of the town.

Mount Tsangli Sided
On the right side of the 76-mile United Nations front, Red resistance evaporated suddenly. Allied troops quickly captured towering Mount Tsangli, a mile-high vantage point. Not a shot was fired.

Seizure of the commanding peak straightened out the east-central front. It was denied five miles (Continued On Page Nine)

High Court Turns Down Hiss Appeal

WASHINGTON (AP)—The Supreme Court Monday refused to review the perjury conviction of Alger Hiss.

The refusal lets stand Hiss' conviction and five-year sentence given him in a jury's findings that he lied in denying he had government secrets to Russia from his high State Department office.

Justices Reed, Frankfurter and Clark disqualified themselves from considering Hiss' appeal.

Reed and Frankfurter testified as character witnesses for Hiss at his first trial in federal court in New York but not at the second trial, which resulted in the conviction.

Free On \$10,000 Bail
Clark was attorney general at the time the government prepared its case against Hiss.

Hiss was convicted on Jan. 21, 1950, has been free on \$10,000 bail pending Supreme Court action on his appeal. His first trial ended July 8, 1949, with the jury deadlocked 8 to 4 for conviction.

Hiss now can ask the high court to reconsider its refusal to accept his appeal.

If that request is turned down—and the court's agreement to reconsider is rare—the former high level State Department official will have to go to prison and begin serving his sentence.

Midlander's Mother Dies In Tulsa, Okla.; Rites Here Monday

Mrs. Sophia Swenson, 94, longtime social service worker and at one time a missionary to West Africa, died Friday in a Tulsa, Okla., hospital following a brief illness.

She was the mother of F. E. Swenson of Midland.

Interment was to be Monday afternoon in the Fairview Cemetery in Midland following services at 3 p.m. at the Newbie W. Ellis Chapel with the Rev. Sam Malone, pastor of the Seminole Baptist Church, officiating.

Mrs. Swenson was born in Sweden, Nov. 16, 1856. She came to this country in 1882 and studied at a missionary training college in New York. In 1895 she was sent as a missionary to West Africa, where she met Fridolf E. Swenson. They were married in 1898. He died the same year and was interred in the interior of West Africa.

The widow returned to Sweden and then to New York, where she did social work. She moved to Tulsa in 1947.

In addition to the son, she is survived by a grandson, Edward Swenson, a student at Texas Christian University, and a granddaughter, Sandra Swenson of Midland.

Funerals selected were Allen Watts, W. A. Yeager, George Glass, Holt Jewell, Henry Conkling and Dr. Kenneth F. Campbell.

Latin American In Critical Condition After Being Slashed

A Latin-American visitor from Tahoka was in critical condition Monday after being slashed in the hand and abdomen in an early-morning fight at a Latin-American cafe.

The victim is Jesus Bells, who was found wandering around in the 100 block of West Wall Street, seeking aid.

Police took him to Western Clinic-Hospital, where he immediately underwent an operation in an effort to save his life.

Another Latin-American was being held by police in connection with the attack.

March Freeze Spills Light Snow, Sleet, Rain Across Texas

By The Associated Press
A March freeze swept through most of Texas Monday. The cold will continue through Tuesday.

Snow, sleet and rain accompanied the northerly sweep through the state Sunday and Sunday night. But Monday skies were clearing.

Some light snow fell at Austin early Monday. Sherman, in North Texas, reported rain. Snow fell at Ardmore, Okla., just across the Texas line. Rain fell at Alice and Beaumont.

Strong northerly winds were expected to continue through Monday night.

Precipitation was not heavy enough to count except in the Crystal City and Palacios areas and in East Texas. Palacios reported 1.61 inches in the 24 hours ending at 6:30 a.m. Crystal City had an inch and a half—the first good rain there since September. The rain was expected to benefit cotton, oats and the Spring vegetable crop. Tyler, in East Texas, had 1.03.

Valley Escapes
The freeze did not reach the lower Rio Grande Valley during the night. At Brownsville the lowest reading was 45.

Panhandle and South Plains temperatures are expected to fall to 14 to 24 Monday night. The rest of West Texas is expected have 23 to 23 readings.

Low readings early Monday included Dalhart 14, Abilene 28, Amarillo 17, Big Spring 27, Dallas 30, El Paso 31, Wichita Falls 26, Lubbock 22, San Angelo 30, Childress 24, Salt Flat 29, Wink 28, Midland 24, Mineola 23, Junction 22, Tyler 21, Palestine 19, Galveston 27, Laredo 27, Victoria 31, Texarkana 14, Lufkin 46, Bryan 58, Mineral Wells 28, Junction 25, Cotulla 26.

Austin Man Will Address Realtors' Meet Monday Night

L. D. Ransom of Austin, executive secretary of the Texas Real Estate Commission, will address members of the Midland Real Estate Board and their guests at a ladies night meeting of the organization scheduled at 7 p.m. Monday in the Crystal Ballroom of Hotel Scharbauer.

More than 75 persons, including guests from neighboring cities, are expected to attend. All members of the Midland association and their wives are invited and urged to be present. President Roy McKee said.

Problems faced by the Real Estate Commission in regulating real estate activities in Texas will be discussed by the guest speaker. The purpose, objectives and functions of the commission also will be discussed.

Skelton Gets 'Camera Fright' As The Big Day Approaches

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Edna Skelton's bow-out as top writer and manager for her ex-hubby Red is only temporary and on advice of her medics. Scoffing at permanent rift rumors, Red told me: "Edna will be back with me when my TV show starts in October."

MGM is planning to star Liz Taylor in "Give the Little Girl a Break." That's what MGM screamed during her matrimonial troubles with Nick Hilton.

Katharine Hepburn has been drawing \$4,000 weekly on her road tour of "As You Like It" — a new high for stage emoting.

The deal to release Douglas Fairbanks' vintage swashbucklers for TV is being held up by negative complications. Douglas Fairbanks, Jr., who is in on the transaction with Mrs. Clark Gable and other family members, says: "Some of the negatives are torn and unusable. Several of the best films have only one negative left. Laboratory experts are now going over the films to see what can be done."

Yvonne de Carlo, who's never had

one, is about to hire an independent Hollywood press agent. Back Again

Fredie Gloria de Haven's career is on the upgrade again and she'll make two movies annually for Fox as a musical comedy queen. In "Friendly Island," she plays a war correspondent. "I sing while I'm filing my war front dispatches," she grinned. "A real horrible character."

Matrimonial plans for the former Mrs. John Payne? "Not for two years at least."

They're telling about the strictly-from-irma staries who was invited by a producer to read for a movie role in his office at midnight. "Don't do it," she was advised. "He's a terrible wolf. It's known that he has young girls in his office after working hours." The bird-brain thought it over and said: "That's all right. I'll just pretend that I don't recognize any of the girls and go on with my reading."

Western writer W. C. Tuttle made Hashknife Hartley famous as the hero of his sagebrush operas. Now producer Harry Sherman, about to film the Tuttle books, is changing Hashknife's name to Beau Tyler. A Gregory Peckish-looking newcomer named Duff Whitney will play the lead in the series.

Charlie Chaplin's classified ad for a leading lady for his new picture, "Limelight," has the town's agents all steamed up. Come to think of it, a new casting trend may be in the making. I can see the ads: WANTED: Strong, virile leading man to play opposite Jane Russell. Must have bigger chest measurement than Jane and look like Robert Mitchum.

WANTED: Male co-star for new Shelley Winters picture. Combat veteran preferred.

WANTED: Beautiful girl for bathtub scene in new Cecil B. DeMille film. Auditions Saturday night.

WANTED: TV cameraman to film Washington Irving's "Ichabod Crane, the Headless Horseman."

WANTED: Leading man for Tallulah Bankhead musical. Cotton stuffing for ears furnished by studio.

WANTED: First aid man for new picture co-starring Olivia de Havilland and Joan Fontaine.

Wanda Hendrix, whose divorce from Audie Murphy becomes final April 8, says she's playing the field. "I have nothing against marriage," she says, "but this time it's not to be loved—and for keeps." Wanda's now playing the inn-keeper's daughter in Alfred Hayes' "The Highwayman" for Allied Artists.

An electric harpoon for killing whales, developed in England, is attached to the vessel by a line which carries an electric current. This humane device kills almost instantly and saves time for the whalers.

LIFE'S WORK GONE—Mrs. A. H. Harris, former Midland resident, and her dog sit forlornly by the hot embers of the Harris ranch home near Achille, Okla., after attempts of volunteers forming a bucket brigade failed to snuff out the flames. Her husband, pensioned for disability, had invested his life's savings in the home.

Oklahoma Fire Wipes Out Six-Room Home, Life's Savings Of Former Midland Couple

ACHILLE, BRYAN COUNTY, OKLA.—A roaring fire that swept through a six-room ranch house near here destroyed a life's savings of a former Midland couple.

Heretic efforts of Mr. and Mrs. A. H. Harris went for naught. The Harris' came here a year ago from Midland. Mrs. Viola Harris is a native of Midland and her husband worked 30 years in the oil fields there before suffering an injury that left him permanently disabled. It was after that injury the Harris' put their life savings in the half-century old ranch home and 80 acres of rich Red River Valley bottom land.

But even the furious work of a score of Achille men, who formed a human bucket brigade from a nearby well, couldn't save the frame dwelling.

Four hours later, with flames still licking among the ruins, Mrs. Harris sat among a pitifully small amount of furniture that was saved and surveyed the ruins. Her husband was off searching for something to fill in gaping cracks in the largest of four sheds that was saved. It was to be their new home. Like End Of World

"It's like the end of the world had come," said Mrs. Harris, fighting back tears. "I don't know what we'll do. I just don't know."

Harris, an overseas veteran of World War I, had only a tiny monthly pension to support them. He was \$60 a month pension to live on now," said Mrs. Harris. "It was enough when we had a house to live in. But without a home..." She sobbed.

Mrs. Harris explained how the fire was discovered. After lunch, she and her husband went outside to set out some onion plants. They were working when she smelled smoke. She looked up and saw a tiny flicker of flame at the southwest corner of the roof.

Quickly, she and her husband rushed to the blaze. They had a large barrel of rainwater. They threw water on the fire but it seemed only to fan the blaze. Bucket Brigade Futile

Achille residents were quick to see the smoke and a truckload of men rushed to the scene, a mile east of the business section of town. The volunteer firemen formed a bucket brigade but it didn't help. Finally, they rushed into the collapsing house and pulled out what furniture they could. They saved a kitchen table, four chairs, a radio, a rocker and a mattress.

The Harris had purchased the well-kept six-room and bath ranch home from Tom Templeton a year ago. Templeton had passed 60 and decided to retire to city life.

But he was killed by a runaway bull in an ironic accident at the Texas State Fair in Dallas last fall. The Harris' have two children, a son in the Army at Fort Sill and a married daughter in California.

38 Passengers Are Removed From Ship Which Runs Aground

HONOLULU —(AP)—Thirty-eight passengers, including one baby, were taken off the stricken American freighter Andrea F. Luckenbach early Monday.

The 8,000-ton ship ran aground three miles off the Hawaiian Island of Kauai Sunday night. It was reported in a sinking condition. Names of the passengers were not announced.

Still aboard were 35 to 40 crew members. The Coast Guard here said two of its boats were standing by to take off all but a skeleton crew.

A Coast Guard plane hovered overhead, setting off flares to light the rescue scene. A skeleton crew was to try to take the freighter to Port Nawiliwili on Kauai, about nine miles away.

A Coast Guard spokesman said there was little hope of saving the ship. He said: "She is listing badly and shipping water very rapidly in her holds and engine room. She will need all the luck in the world to make it, but with the boats now alongside the danger to life and limb is slim."

The Andrea F. Luckenbach is a cargo ship of the C3 type. First fragmentary reports had not mentioned her passengers. The freighter, struck a reef after leaving Honolulu Sunday afternoon. The ship was in charge of the first mate, Capt. C. Holtman was left in Honolulu when he became ill.

The passengers were taken off by the Coast Guard auxiliary boat Mokihana. A patrol boat was standing by.

The freighter was carrying undetermined cargo from San Francisco to Yokohama. She was under charter to the Pacific Far East lines.

THE WAY TO CALVARY

One of the memorable moments in the Upper Room, scene of the Last Supper, occurred when Jesus washed the feet of His apostles. They had been arguing over their own rank and importance—His gesture humbled them. When Peter balked at the rite, Jesus said, "If I wash thee not, thou hast no part with me." Peter submitted, "Lord, not my feet only, but also my hands and head."

★ THE DOCTOR SAYS ★

Rheumatic Fever Is Important Cause Of Heart Disease

By EDWIN F. JORDAN, M.D.
Written for NEA Service
One of the great scourges of children, and one of the most important causes of heart disease, is rheumatic fever. It is too soon to say that the conquest of this disease is just around the corner, but there certainly have been some encouraging developments in the last few years.

The first of these lies in the direction of prevention. Although the exact cause of rheumatic fever remains elusive, a large number of attacks start after an infection—often of the throat—with a kind of germ called the streptococcus. It has been suspected for a long time, therefore, that if these streptococcal infections could be stopped in their tracks, it might be possible to eliminate or at least reduce the number and severity of the attacks of rheumatic fever.

With the discovery of the sulfa drugs and the antibiotics, including penicillin, we have received powerful new weapons against the streptococcus. Many of these drugs have now been tried in various combinations and doses in places where both streptococcal infections and rheumatic fever were particularly bad. The results are encouraging.

But there are many unsettled problems. For example, it hardly seems likely that it would be wise to give all children such powerful drugs just on the chance that they might get a dangerous germ infection and rheumatic fever sometime.

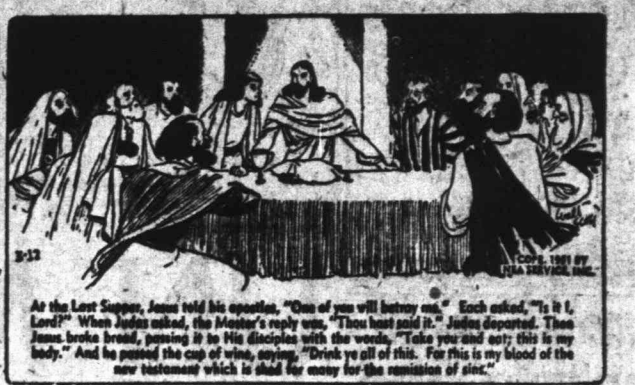

Nevertheless for the youngster who has had one attack of rheumatic fever, and perhaps for a few others, these new discoveries offer hope of cutting down on rheumatic fever and thus on the risk of developing the worst complication—heart disease.

The other hopeful development lies in the discovery of and work now being done on cortisone (compound E) and ACTE, both of which have been discussed in this column and many other places. What we know now is only that these substances if given to a person suffering from an attack of rheumatic fever usually bring a rather quick and remarkable improvement in most of the symptoms such as joint swelling, pain, and fever.

Takes Time
It is not known yet, however, whether they will prevent the development of heart disease, because this can be found out only after a long time of observation.

Of course there are also many things to find out about how much to give, when is the best time to give it, about possible undesirable side effects and other things. But even what is known now gives hope that both prevention and treatment of rheumatic fever are not as far away as was feared only a few years ago.

In the Upper Room

At the Last Supper, Jesus told his apostles, "One of you will betray me." Each asked, "Is it I, Lord?" When Jesus said, "The one who has dipped his bread into the bowl with me," Jesus broke bread, passing it to His disciples with the words, "Take ye and eat; this is my body." And he passed the cup of wine, saying, "Drink ye all of this. For this is my blood of the new testament which is shed for many for the remission of sins."

Expanding School Plant Reflects Midland Growth

Tracing the expansion of the physical plant of the Midland Independent School District, the growth and development of Midland is reflected directly.

The first two school buildings in Midland were of frame construction, and were replaced in 1896 by a \$9,000 brick building paid for by public subscription. In 1918, this building was replaced by the present junior high school structure.

When the junior high building was constructed, it housed six regular classrooms, a science laboratory and a home economics room. The system now boasts a million dollar high school, with gymnasium, shop building and auditorium; the junior high building, with gym and cafeteria; the North, South and West elementary schools; Latin American school; Carver high school, elementary school and shop building; David Crockett elementary, Memorial Stadium and bus barn.

The buildings are constructed of brick and tile, are fireproof and steam heated. The equipment on the playgrounds and the furniture in the schools are modern in every respect.

The high school building was completed in 1949. It has 40 classrooms, in addition to a library with 5,000 volumes. Of the rooms in the building, some are specially equipped for science laboratories and home economics rooms.

The senior high gymnasium was erected in 1949. It has a seating capacity of 1,800 persons, with adequate locker space for both boys and girls. Adjoining the gym are two tennis courts, which are used for instructional purposes as well as for recreation.

The modern high school auditorium was completed in January, 1950. It has a seating capacity of 1,800 persons, a band room, seven sound-proof practice rooms, a work room, a room for vocal music, a property room for stage equipment and two dressing rooms. At the rear of the building is the cafeteria.

In 1949, the junior high school was enlarged to contain 23 regular classrooms, with a library of 1,650 volumes and an auditorium which will seat 612 persons. The junior high school also has a cafeteria and gymnasium.

North Elementary was built in 1937, and now has its own auditorium and cafeteria. The new South Elementary building was constructed in 1947 at a cost of \$187,000. The West Elementary building was constructed in 1947 and enlarged in 1949.

The Latin American school is being enlarged and remodeled and will be called De Zavala School in the future. The project now underway will cost \$150,000.

Carver Elementary School consists of nine classrooms, and the new Carver High School, completed in 1950, includes a completely equipped gymnasium - auditorium, library, home economics room, shop and science laboratory.

David Crockett Elementary school, in the Northeast section of Midland, has been in use since September. It has 20 classrooms and a cafeteria, and is the pattern for the new elementary school, Sam Houston, which is under construction at the present time.

Fight Against Low Oxygen Supply Won For Polio Patient

BIRMINGHAM, ALA. —(AP)—A lurching, swaying 150-mile race against a falling oxygen supply was won Sunday night by an ambulance bringing a young polio victim to a hospital here.

Highway Patrol cars were called upon for a screaming escort over the last 30 miles and Birmingham police manned key intersections into the city when it appeared the supply of oxygen being administered to seven-year-old Betty Joyce Merritt, of McKenzie, Ala., was giving out.

During the wild ride through rainy, Sunday night traffic from a hospital in Greenville, in South Alabama, the child's father, David Merritt, was trying to hold the tank steady while a nurse, Mrs. Virginia Cassidy, administered the oxygen. Bumpy roads jarred the system out of action several times, however, and the ambulance was stopped until the flow could be started again.

Little Betty Joyce was placed in an iron lung on arrival at the hospital here. Doctors said her condition was undetermined.

During the early days of World War I, airplanes were used for observation purposes only.

Community Theater Appoints Committees, Works On Sets

Committees have been appointed and sets are near completion for the Community Theater production of "The Hasty Heart," scheduled to run from Wednesday through Saturday in the City-County Auditorium.

Stage settings will achieve a novel effect through the use of real and simulated bamboo and matting. For realism in creating the mosquito netting to hang over the beds, the stage crew depended on the war experience of the workers. The play, which has been called the ideal production for the lazy actor, uses in its setting six beds on which the actors lounge during half of the play.

E. J. Elliott is the stage manager. Committees working with her are L. S. Meizer, Karl Nichols, C. F. Henderson, Gene Brusenhan, Jim Roach and Sam Geffen, construction; Bill Laird, lighting; Julie Rindsig, Bill Adam, Russell Ford, Betty Gaines and Dorothy Meader, painting; Mrs. Laurence F. Lees, Verda Bartlett and Betty Gaines, properties; Mrs. William T. Schneider, costumes; Phyllis Gifford, sound, and Maelelle Roberts, makeup.

Charles F. Henderson, Perry Pickett, Albert S. Kelley and Joe Koegler are the house managers. Others working in front of the curtain are Mrs. Jack Bradford, Mrs. George Gibson, Mrs. O. J. Colwick, Mrs. Art Cole, Mrs. H. C. Hood, Mrs. A. B. Jenks, Mrs. J. Harvey Herd and Julie Rindsig, reservations and box office; M. O. Gibson, Mrs. W. F. Pennebaker and

E. J. Elliott, casting committee; Bill Adam and Mrs. I. A. Searles, publicity; and Donald Bell and Mrs. Slocum, technical advisors.

Members of Epsilon Sigma Alpha sorority will be the ushers. The staff of the "Prompter" includes W. F. Pennebaker, editor; Mrs. I. A. Searles, advertising; Mrs. W. H. Thams, layout, and Mrs. R. S. Bogardus, art work.

Community Theater members may obtain tickets at the box office Tuesday. They will go on general sale Wednesday.

Coming Events

TUESDAY

The Iota Beta Chapter of Beta Sigma Phi will meet at 7:30 p.m. in the Palette Club. Mrs. Inez Parker, high school art teacher, will talk on "Silk Screens."

The Chi Omega Alumnae Association will have a game party at 8 p.m. in the home of Mrs. Fred Forward, 1802 West Kentucky Street.

The South Elementary Parent-Teacher Association will meet at 3:45 p.m. in the school auditorium.

The Perennial Garden Club will meet at 8 p.m. in the home of Mrs. J. E. Sanders, 315 East Hart Street.

The Terminal Homemaking Study Group will meet at 9:30 a.m. in the home of Mrs. N. E. VanFossan.

The Willing Workers Circle of the Asbury Methodist Church will meet at 7:30 p.m. in the home of Mrs. John Henderson, 2603 West Kentucky Street.

The Symphonic Music Group of the American Association University Women will meet at 7:30 p.m. in the home of Mrs. F. F. Kotzya, 1503 Harvard Street.

The Twentieth Century Club will meet at 3 p.m. in the home of Mrs. Harlan Howell on the Andrews Highway.

The North Elementary Parent-Teacher Association will meet at 7:30 p.m. in the school auditorium.

The Welcome Wagon Club will meet at 1 p.m. in the Ranch House. Reservations may be made by telephone. Mrs. K. A. Moore at 2724-J by noon Monday.

The Kappa Alpha Theta Alumnae Association will meet at 7 p.m. in the home of Mrs. O. J. Colwick, 303 North F Street.

The Order of the Eastern Star will meet at 7:30 p.m. in the Masonic Hall.

The Circle Eight Square Dance Club will meet at 8 p.m. in the American Legion Hall.

The Promenaders Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

The Daleth Delphian Society will meet at 9:30 a.m. in the home of Mrs. Bates Hoffer, 1307 West Kentucky Street.

The Boys' Choir of the First Methodist Church will practice at 4:15 p.m. in the children's building. The Methodist Men will meet at 7 p.m. in the educational building.

Mrs. Robert S. Dewey, Mrs. P. D. Douglass and Mrs. John M. Hills will be in charge of the Children's Service League Room in the Red Cross headquarters.

The Women's Missionary Union of the First Baptist Church will have a meeting at 9:30 a.m. in the recreation hall, followed at 10 a.m. by a program in the auditorium. The Janelle Doyle Business Women's Circle will meet at 7:30 p.m. in the home of Sue Hamilton, 1508 1/2 West Missouri Street.

The executive board of the North Elementary Parent-Teacher Association will meet at 10 a.m. in the home of Mrs. Hal Rachal, 1410 Country Club Drive.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 12, 1951-3

Betty Stultz And Oran Simmons Wed

In a double-ring ceremony Sunday afternoon, Betty Jean Stultz became the bride of Oran Jack Simmons. The wedding took place in the home of the bride's parents, with the Rev. Earl Rice, pastor of

the First Assembly of God Church, officiating.

The bride is the daughter of Mr. and Mrs. O. L. Stultz, 423 South Fort Worth Street. Simmons is the son of Mr. and Mrs. Oran Simmons of Seminole.

The home was decorated with floor baskets of white gladiolus, stock and ranunculus.

Attendants Listed
Mrs. Roy Rotan, sister of the bride, was matron of honor and Roy Rotan was best man.

For her wedding the bride chose a navy blue silk dress fashioned with large cuffs on the sleeves and a peplum designed with a large rhinestone buckle. She wore ice blue and red accessories. Her corsage was of white carnations.

Mrs. Rotan wore a gray gabardine suit with red accessories. For her daughter's wedding Mrs. Stultz chose a rose chantung dress with a corsage of gardenias and yellow roses.

Luncheon Held
After the wedding a luncheon was held in the home. The table was covered with an ecru lace cloth and centered with an arrangement of pink flowers.

The couple will live in Midland. Mrs. Simmons attended Midland High School and the Hine Business College. She is an employee of The Reporter-Telegram, where she is secretary to the publisher.

Simmons attended Lamesa High School and served in the U. S. Army during World War II.

Guests at the wedding and luncheon were Mr. and Mrs. Vinton Newberry and family, Mrs. Earl Rice, Mr. and Mrs. J. O. Rotan and Freddie Stultz.

Children Hear Four Stories

Eleven children attended the story hour Saturday in the Midland County Library. Mrs. Lamar Eschberger, narrator, told the following stories: "When Cricket Was Little," Rowlett; "Flicka, Ricka, Dicka and Their New Skates," Lindman; "Smoky," Raymond, and "Surprise For a Cowboy," Bulla.

Those attending were Travis Johnson, Ann Woods, Billy Brown, Sylvia Hebert, Jerry White, George Hebert, Jo Ann Rust, Nancy Ann Savage, Carol Ann Leake, Jimmy Caille and Nancy Kay Kyser.

Scout Leaders Club Elects Officers

ANDREWS—Officers for the Girl Scout Leaders Club were elected at a meeting Tuesday in the home of Mrs. L. D. Collingsworth.

Officers elected were Mrs. Ray Frazier, president; Mrs. Roy Brown, vice president; Mrs. Ray Knot, second vice president, and Mrs. Collingsworth, secretary-treasurer.

Mrs. Brown gave a demonstration on weaving and Mrs. A. L. Casbeer exhibited a wastebasket made from cardboard covered with wallpaper.

"How to be 39 and like it," concerning the Girl Scouts 39th birthday was discussed. A picnic was planned for Monday.

McCamey News

McCAMEY—Mrs. J. R. O'Callaghan recently visited in Pecos with her brother, Sam W. Phillips, and family.

Mrs. Bertha Fulton now is making her home with her brother, Bill Brown, in Richmond, Calif.

The J. C. Moores of Killeen visited recently with Moore's parents, Mr. and Mrs. J. A. Moore, and other relatives here.

John Marquis, son of Mr. and Mrs. L. E. Marquis, is visiting here while on furlough. He is stationed at Camp Cook, Calif.

Mrs. Bill Button visited recently in San Angelo with her mother, Mrs. J. E. Poynor, who is ill.

Mr. and Mrs. James Robinson announce the birth of a son, Jimmy Don, who weighed seven pounds, 15 1/2 ounces at birth.

Mrs. Leslie Pool of Grvin has returned home after being hospitalized in Fort Stockton.

Soldier Transferred
According to word received here, Pvt. Robert H. Fowler now is stationed at Fort Jackson, S. C.

Explorer Post 31 met recently to plan a trip to the Big Bend National Park later this month.

Jim Keffer, manager of the Continental Supply Company store here the last four years, has been transferred to San Angelo. The Keffers already have moved to San Angelo.

Lola Jones recently visited with her niece, Darlene Loftin, in San Angelo.

Mr. and Mrs. Cecil Faulkner are visiting in Port Neches with Mr. and Mrs. Eugene Cox.

Orville F. Penwell is the new manager of the Bender Hotel. He replaced Fred Lutruil, who moved to Sulphur Springs.

Art Exhibit Slated
Reproductions of 150 masterpieces of art will be exhibited in the elementary school Wednesday and Thursday. The McCamey P-TA is sponsoring the art show.

The 112th District Court, presided over by Judge Garland Casebler of Fort Stockton, will open Monday at Rankin. Civil cases set last month will be heard.

McCamey golfers recently won four of six matches against Iran golfers.

Lewis Gene Burnett, Ann Courtney, James Franklin Fowler, David Roy Stacy and Jack Strickland are attending Hardin-Simmons University this semester.

Music Club Has Program

A program of piano solos was given at the Moment Musical Junior Music Club meeting Saturday in the Watson School of Music.

Patsy Hickey, second vice president, presided in the absence of the president, Jimmy Mashburn acted as secretary.

Don Stephenson became a new member.

The program included "Hide and Seek" and "The Sky Pilot," played by Sara Pickett, "The Fairy's Court," Hazel Kay Long and "The Chimes," Nancy Prout. "Musical Cinderella" from the Junior Keyboard was read by Lorraine Carlson.

Sue Ackers was a guest. Other members present were John Whittington, Fray Lee Hardgrave, Juanda Bradshaw, Richard Whittington, Jean Hawkins, Pam Woody, Barbara Timmons, Walter John Miller, Patsy Wilkerson and Giner Cooper.

The meeting closed with the club motto.

Garden City Churches Fill Pulpit Vacancies

GARDEN CITY—Two Garden City churches now have pastors for the first time in several months.

The Rev. C. A. Baldwin has arrived to occupy the pulpit of the Cumberland Presbyterian Church and the Rev. W. A. Pendergrass is pastor of the Garden City Baptist Church.

Mr. Baldwin and his wife moved to Garden City from New London, Iowa, and will reside with Mr. and Mrs. E. Teale until remodeling of the church manse is completed. Mr. and Mrs. Pendergrass and their two young daughters moved here Saturday.

Mr. Baldwin was ordained at the Bonebrake Theological Seminary in Dayton, Ohio, 36 years ago. A son is a policeman at the White House and their four daughters reside in California. They also have seven grandchildren.

Mr. Pendergrass has held pastorates at the Caraden Baptist Church in Mills County and the Plainview Baptist Church in the Mitchell-Scurry Association.

CALLED TO DALLAS

Mr. and Mrs. W. G. Keeler and children left Sunday for Dallas, where they were called by the serious illness of his brother, Jack Keeler.

SPANIARDS RIOT AT HIGH COST OF LIVING

BARCELONA, SPAIN.—A general strike against the high cost of living began here Monday.

Police welding clubs charged into a crowd trying to prevent employees from entering a bank, and several persons were injured.

Dr. Davis Speaks On Politics At AAUW Branch Meeting

"Politics is the greatest vocation in which a person can engage in a democracy," Dr. William Davis, professor and head of the government department at Texas Technological College, told approximately 60 members and guests at the Saturday branch meeting of the American Association of University Women.

Dr. Davis discussed "Politics and Politicians." He was introduced by Mrs. Ernest Sidwell.

He said there are two broad types of politics: the "palace" (dictatorship) type, and the "popular" (democratic) type. The latter, the speaker said, is based on the principles that the people shall govern and that all adults are eligible and have a responsibility and duty toward politics.

Adopted Attitudes
"It seems we have adopted attitudes which may be unhealthy," he declared. He named three attitudes of the American citizen toward politics: the "dirty hands" attitude—the feeling that politics is corrupt and evil; the "gimme" attitude—whereby the individual seeks to

profit, and the "democratic" or moral attitude. Dr. Davis said he believes the last is proper.

The speaker described the "process" of politics and said there are about four phases. He said politics starts with the individual and "goes all the way up."

"If you as individuals do not participate in politics then we agree to turn that participation to someone else. And the further away it goes from us the nearer it gets to the dictatorship concept of politics."

Process Of Politics
He said the next process of politics is that of groups; the next of political parties which is "based on the compromise of various pressure groups." This phase, he said, is the "working method" through which comes to focus and then to success the aims of the individual, and all this without a "splintering of views."

Government officials are the last phase of politics, he said, adding, "it is a shame the term politician is in such disrepute." Concluding, he said, "the politician is the man who speaks for us in our sovereign capacity and is the one who can make democracy work."

Prior to Dr. Davis' speech, incoming officers for the 1951-52 AAUW season were introduced. They are: Mrs. Terry Tidwell, president; Mrs. Thomas Hendrix, first vice president; Mrs. Ernest Sidwell, second vice president; Mrs. James Marberry, recording secretary; Sylvia Cearley, corresponding secretary; Mrs. Ray Hurst, treasurer and Mrs. C. R. Gaylord, parliamentarian.

The next branch meeting will be held in April at Donohoo's.

Shower Honors Mrs. Patterson

Mrs. Johnnie Joe Patterson was honored with a bridal shower Friday in the home of Mrs. Andy Brooks, 108 East Pennsylvania Street. The hostesses were Mrs. Brooks and Mrs. Raymond Wright of Lawton, Okla.

The honoree, the former Anna Lee Brooks, wore a brown cotton taffeta dress with green accessories.

The serving table was covered with a lace cloth and centered with a crystal punch service.

Approximately 35 guests attended.

When Acid Indigestion, Poor Appetite Leave You TIRED WEAK AND RUNDOWN

S.S.S. Tonic Helps Stomach Digest Food—Restores Appetite. If you worry about a bothersome stomach, or suffer from nervous indigestion—if you feel your food does you no good—here is what thousands have done for generations: they take S.S.S. to help the stomach supply vital digestive juices. Food digests better and you may expect to eat better, feel better. The very first dose of S.S.S. introduces you to the grand warming comfort that millions enjoy.

ONLY S.S.S. Gives You This Special Stimulating, Strengthening Action. S.S.S. formula, distilled from natural medicines of field and forest while they are fresh, has never been excelled. S.S.S. goes straight to work where stomach weakness often begins, gives blessed relief from non-organic stomach ailments. Ask at any drug store for S.S.S. FAVORITE FAMILY Blood Tonic for 71 Years

Col. Plavsic To Be P-TA Guest Speaker

Col. Milan Plavsic, director of public safety, will be the guest speaker at the West Elementary Parent-Teacher Association meeting at 7:30 p.m. Tuesday in the school.

Colonel Plavsic will speak on "Youth Programming On the Community Level."

The devotional and music will be given by the Girl Scouts.

PALETTE CLUB TO HAVE MEETING

Midland artists and art patrons are asked to attend a special meeting at 3 p.m. Tuesday in the Palette Club Studio, 604 North Colorado Street.

The purpose of the meeting is for better organization for efficient art activity in the community.

"I GET SO NERVOUS, RESTLESS TIRED, CRANKY several days before my monthly period . . . but I find Lydia Pinkham's Vegetable Compound wonderful to relieve this distress"

"I find that several days just before my period I feel so nervous, irritable, so restless and tired—due to female functional monthly disturbances. But thank my lucky stars my druggist told me about Lydia E. Pinkham's Vegetable Compound. I now get simply amazing relief. Lydia Pinkham's Compound also relieves monthly pain. Taken regularly—it helps build up resistance against such distress.

"What I like about Lydia Pinkham's Compound is that it's made strictly from nature's own roots and herbs (plus vitamin B.)—there are no harmful drugs in it. I can honestly say I feel like a different woman since I've been taking this amazing medicine. I wish girls or women troubled this way would give it a fair trial."

P. S. Pinkham's Compound tastes sweet in a little fruit juice. Or you may prefer Lydia Pinkham's TABLETS with added iron—easy to carry in your purse.

The Order of the Eastern Star will meet at 7:30 p.m. in the Masonic Hall.

The Circle Eight Square Dance Club will meet at 8 p.m. in the American Legion Hall.

The Promenaders Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

The Daleth Delphian Society will meet at 9:30 a.m. in the home of Mrs. Bates Hoffer, 1307 West Kentucky Street.

The Boys' Choir of the First Methodist Church will practice at 4:15 p.m. in the children's building. The Methodist Men will meet at 7 p.m. in the educational building.

Mrs. Robert S. Dewey, Mrs. P. D. Douglass and Mrs. John M. Hills will be in charge of the Children's Service League Room in the Red Cross headquarters.

The Women's Missionary Union of the First Baptist Church will have a meeting at 9:30 a.m. in the recreation hall, followed at 10 a.m. by a program in the auditorium. The Janelle Doyle Business Women's Circle will meet at 7:30 p.m. in the home of Sue Hamilton, 1508 1/2 West Missouri Street.

The executive board of the North Elementary Parent-Teacher Association will meet at 10 a.m. in the home of Mrs. Hal Rachal, 1410 Country Club Drive.

The 112th District Court, presided over by Judge Garland Casebler of Fort Stockton, will open Monday at Rankin. Civil cases set last month will be heard.

McCamey golfers recently won four of six matches against Iran golfers.

Lewis Gene Burnett, Ann Courtney, James Franklin Fowler, David Roy Stacy and Jack Strickland are attending Hardin-Simmons University this semester.

Mr. and Mrs. Cecil Faulkner are visiting in Port Neches with Mr. and Mrs. Eugene Cox.

Orville F. Penwell is the new manager of the Bender Hotel. He replaced Fred Lutruil, who moved to Sulphur Springs.

But to him that worketh, not, but believeth on him that justifieth the ungodly, his faith is counted for righteousness.—Romans 4:5.

False-Front Spectacle

While U. S. sports pages were carrying accounts of the Pan American Games at Buenos Aires—devoted presumably to the ideals of fair play—Argentine President Juan Peron was busy in another part of town making a mockery of the event.

For more than a month a boycott by the Peron-controlled news vendors' union has clamped a tight lid on publication of the world-renowned La Prensa, an independent newspaper which dares to criticize the Peron regime.

The other day, however, the printers decided to return and it looked like the stoppage was ending. But violence broke out on the picket line, resulting in one death.

No reports have come through of any of the offending picketers being jailed. Since they are pro-Peron, this is understandable.

Also caught up in the melee were an American and a Briton, both employes of Time-Life, one a photographer who had been taking pictures of the fighting around La Prensa's plant.

It is interesting to note that the printers had been assured of police protection upon their return to work. Instead they were met by about 20 men armed with .45 caliber pistols, who tried to block the way and then opened fire on them.

In the light of Peron's whole conduct of the La Prensa affair, it is a mystery why the U. S. Olympic Association saw fit to fly 150 American athletes to take part in the Pan American Games.

As sportswriter Harry Grayson of NEA has observed, the event is a travesty on international competitive athletics. Our participation is especially ironic when it is realized that it was hard to raise the plane fare for American athletes to make the trip.

If competitive practice is what our athletes need, there ought to be some way of providing it for them without subjecting them to the contaminating atmosphere of the Peron regime.

The Argentine dictator's grand gesture of alleged international good will offered at the very moment he is stifling what's left of a free press gives us a good gauge of his contempt for the ideals of freedom.

We in America can talk a lot about Peron's raw deal against La Prensa, but there's not too much we can do right now in the realm of action. We should have snubbed his false-front sports spectacle so the world would have a dramatic sign of what a great and free people think of El Presidente's minor league totalitarian tactics.

Whistle Has Blown

If you saw the pictures of those New York basketball players who took bribes to "fix" games, you must have had a feeling of heart-sickness.

Senator Kefauver, head of a Senate crime investigating committee, says New York is not a special case, that rigged basketball games are being reported in other sectors. But every decent American, every father and mother of a healthy boy who is or might be an athlete, must hope the practice is not widespread.

Commercialization of sport must take a good deal of the blame for these scandals. When you virtually professionalize a game, it shouldn't be too great a surprise to find some of the youthful contenders responsive to the money lure.

Apparently a fair share of our youngsters feel too heavy a strain on their moral fiber when this lure steadily is put before them. First, we'd better remove the attraction. Then we can think about our failure to make more of our young men resistant to this sort of thing.

Health hint: in dropping remarks be mighty careful whom they hit.

No self-made successful man ever left out the working parts.

You can climb to real success simply by being boosted up the family tree.

People who drive with bad breaks are the ones most likely to have them.

Happiness comes quicker when you're too busy raising children to look for it!

D-Days For Uncle Joe

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1951, By The Bell Syndicate, Inc.) Drew Pearson says: President Truman's temperament is major topic abroad; Hasty replies to oral questions at press conferences worry Europeans; Impact of American ways noticeable in Greece.

(Ed. Note: Drew Pearson is on a flying tour of Europe and the Middle East, surveying the world situation.) ATHENS—The chief subject every American is asked about, no matter what country he is traveling in, is Harry Truman's temperament.

Few people in the United States realize how widely the President's letter to Paul Hume, Washington music critic, was published—from London to the smaller cities of the Balkans. In Turkey some newspapers, having heard that the President once hurled an uncomplimentary epithet in my direction, got mixed up and thought the Hume letter had been written to me.

A couple of weeks ago, Truman was asked at a press conference whether the United Nations forces in Korea would cross the 38th Parallel. He replied that he was leaving this entirely up to General MacArthur. Now, it so happened that this was not true. But true or not, nothing he could have said could have injured our relations more with other UN nations, for several reasons.

First, they feel important political decisions of this kind involving further embroglio with China and Russia are not up to the American military commander but to the entire UN. Second, both the French and the British repeatedly urged, requested and begged us not to go above the 38th Parallel prior to MacArthur's previous disastrous advance.

The other Truman press-conference boner was his famous statement that we are considering dropping the A-bomb on Korea which brought British Prime Minister Attlee hotfooting it to Washington. Questions Sometimes Loaded Most people don't remember that the three most recent Republican Presidents refused to answer oral questions at press conferences and that it is only a man of extraordinary versatility, such as Franklin Roosevelt was, who can get away with it.

WRONG: Arrive a few minutes before four and stay as long as you like. RIGHT: Time your arrival so that you can take your leave by four o'clock.

Carts used daily in many areas of the world have approximately the same form as the earliest wheeled vehicles used by man.

Questions and Answers

Q—Why is the day before Ash Wednesday called Pancake Day?

A—The holiday pancakes had their start as "shriving cakes." At the tolling of the bell, housewives in old England rushed to prepare pancakes according to a prescribed formula.

Q—How popular are intercity motorbuses?

A—Intercity motorbuses now carry more passengers a year than the railroads.

Q—What is the origin of the expression "so long"?

A—This colloquial phrase is without definite meaning, but it is thought to be a corruption of the Moslem salutation, Salam aleikum. The phrase is supposed to have been brought to America by Negro slaves from Arabic-speaking North Africa.

Q—What type of bird is a brant?

A—A brant is a small type of goose about the size of a mallard duck.

So They Say

The demand on our resources have been stupendous... and the bottom of the barrel has almost been reached in some instances. We can never again afford to gorge and waste.

—Oscar L. Chapman, Secretary of Interior.

Accounts of flying saucers have been either tall tales or reports from reliable observers who were either looking at the "skyhooks" (plastic balloons 100 feet in diameter used in atomic research) or misrepresenting what they saw.

—Dr. Urner Liddel, chief of Navy's nuclear physics research.

Increased religious activity is keeping people away from isolationism, mostly because the basic concept of religion is the brotherhood of man throughout the world.

—Harold E. Stassen, president, U. of Pennsylvania.

International experience shows us that we best serve peace by warning any would-be aggressors of the consequences of their acts before they make them.

—Anthony Eden, British Conservative Party leader.

The UN organization is not now so much a world organization as an organization for the Americans.

Cereals Research Proves Profitable

WASHINGTON, D. C. — (AP) — When it comes to research in cereals, even a penny's worth may produce a bonanza.

The annual cost of federal research in cereal crops costs only one-third of a cent per acre cultivated, says Dr. K. S. Quisenberry, plant scientist of the U. S. Department of Agriculture. The money spent on all federal and state research in soil and agronomy amounts to only 17 cents for each \$100 of the total farm value of the cereal crops, Quisenberry declares.

Pennsylvania has more miles of improved highways than any other state in the Union.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service

It sometimes is a disadvantage to be known as a very sound bidder. When East bid six hearts in the hand shown today, it was obvious to everybody at the table that he must have exceedingly good reasons for doing so.

West opened the king of hearts, and dummy won with the ace. South then considered the nature of East's hand.

WEST EAST (D) ♠ J654 ♠ None ♣ KQJ10 ♣ 987632 ♦ A J10 ♦ 9 ♦ 53 ♦ AQJ984

SOUTH NORTH 12 ♠ A987 ♠ K6 ♣ K ♣ K10762 ♣ KQ1032 ♣ 9 ♢ Q875432 ♢ None ♣ None ♣ None

E-W vul. East South West North Pass Pass 1♥ Double Redouble 2♠ Pass 3♠ 5♥ Pass Pass 6♠ Pass Pass Double Pass Pass Pass

Opening lead—♥K

on a very freakish two-suiter in hearts and clubs. It was a cinch that East was void in spades and it was possible that he was also void in diamonds.

Armed with this information, South did not make the mistake of drawing trumps prematurely. At the second trick he led the king of diamonds from the dummy.

West properly refused the first round of diamonds but won the diamond continuation with the jack.

West returned a heart, and South ruffed with the deuce of spades.

South continued by ruffing out the ace of diamonds with dummy's seven of spades, and returned to his hand by ruffing a club with the three of spades.

Now South was in position to lead his established diamonds through West.

Whenever West ruffed, dummy could over-ruff with the eight, cash the ace of spades, and allow South to draw the rest of the trumps with the king and queen.

Thereupon South would be in position to run the rest of the diamonds.

It is interesting to note that South must deliberately bring both the dummy and his own hand down to only three trumps even though his eventual plan is to draw all four trumps held by West.

It would be a mistake for South to reach his hand with a trump after ruffing out the ace of diamonds with dummy's eight of spades.

If South then led diamonds, West would discard his two clubs before ruffing a diamond. Dummy could over-ruff, but South would be unable to re-enter his hand without setting up a sure trump trick for West.

CARD Sense

Q—With neither side vulnerable, you deal yourself these cards: Spades K-10-4, Hearts Q-7, Diamonds A-Q-J-3, Clubs A-J-9-3. What do you do?

A—Bid one diamond. The weak doubler in hearts rules out an opening bid of one no-trump. If your partner bids hearts, you can bid no-trump later on. Otherwise, you must let the first no-trump bid come from your partner.

TODAY'S QUESTION With both sides vulnerable you

she said, almost wistfully. "Why couldn't he have fallen for her?"

"Could we play Cupid, perhaps?"

Jean sighed. "I'm afraid not. She's right out of the corn. Runs around in overalls and pigtail and looks about as little like anything to tempt a man with our friend's taste as you can imagine."

"Suppose we sent her a costume or two? Think it would help?"

"Might," Jean was interested. "It's a little late but it's a thought."

"Don't spare the purse," Mr. Panciera urged. "It might prove a good investment."

Jean nodded. "I'll pick out a couple of things and we'll send them up. They won't help now but they might work for us while we're gone. Tomorrow," she said flatly, "is still tomorrow."

TOMORROW came, and Jean Roland made the trip to Cedarbrook with foreboding. Apprehensively, she entered the little reception room where Tim Reese was waiting for her.

He was at the window in his wheel chair, pulling the last touches on a sketch. Beyond him the day was brilliant and the countryside glittered with snow.

So intent was he on his work, he was not aware of her entrance for a moment.

Then, when he discovered her, his face was bright with pleasure and his mood, she saw immediately and with great relief, was very much in the sunny spirit of the landscape outside.

"I've never enjoyed making any of the sketches as much as I've enjoyed making this one," he told her when she was seated. "It'll be finished with in a minute."

He made several swift brush strokes and passed the design, with the colors still moist, over to her.

WASHINGTON COLUMN

See Amortization Speed-Up Abused As Tax Loophole

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—A very timely second look is being taken at what's known as "accelerated tax amortization" allowances. Intended originally to encourage the expansion of defense production facilities by private capital, this provision of the Internal Revenue Act of 1950 now has taken on the appearance of a beautiful new tax loophole.

More than \$8,000,000,000 already is involved in some 2,500 applications for accelerated amortization. More applications are bound to be received as the defense program grows. This indicates what kind of money is at stake.

Only 300 of these applications so far have been approved, for a total of \$2,000,000,000. So there still is time to save other taxpayers considerable sums of money, if administration of the tax amortization program can be tightened up.

Interior Secretary Oscar Chapman has been taking the lead in urging that this be done before it's too late.

Final responsibility for administering the program rests with the Defense Production Administration, under William H. Harrison. Originally it was under Stuart Symington, in National Security Resources Board.

Looking At The Record Currently, regulations governing tax amortization are being reviewed to see if too generous allowances may not have been made. Nothing can be done to recapture or renegotiate allowances already made. But if a check can be made in some future applications, it will be that much of a help.

Of the allowances made thus far, \$1,500,000,000 have been for iron and steel plant expansion. The average amortization allowance has been 75 per cent.

This is a typical example of how the system works: Suppose the government wants a new steel plant built, to cost \$100,000,000. If the life of this plant would normally be 20 years, the government would allow a depreciation deduction for income tax purposes of five per cent, or \$5,000,000 a year for the 20 years.

The steel company might argue, however, that building this additional plant involved an extra risk. There might not be a demand for its production after the defense effort was over. Also, since construction costs now are abnormally high, the company might say it could not obtain a fair return on its investment.

To provide an incentive for the steel company to build this plant, the tax laws now say that part of this cost may be amortized over a five-year period. If the allowance is 75 per cent, it would mean that 75 per cent of the cost of the mill, or \$75,000,000, could be written off in this period. This would be at the rate of \$15,000,000 a year, or three times the normal depreciation allowance.

Subsidy For Business What this amounts to is, in effect, a subsidy from the federal treasury. Also, it means that while taxes are reduced for any company having a depreciation allowance, the treasury has to collect from other

deal and bid one diamond. Your partner bids one spade. The opponents pass throughout. You hold: Spades J-4, Hearts A-J-3, Diamonds K-Q-9-5-2, Clubs K-8-4. What do you do?

Answer Tomorrow

There was a thrifty farmer who fed his horse a mixture of 90 per cent oats and five per cent sawdust. He kept increasing the amount of sawdust and decreasing the amount of oats but just when he got to 100 per cent sawdust, the horse died.

It is estimated there are more than 50,000 lumber mills now operating in the United States.

Have a Laugh

By BOYCE HOUSE, A Scotchman went to a social affair. After he had three drinks, he went around shaking hands. He explained, "I'm telling everybody good-bye while I can still recognize them."

There was a thrifty farmer who fed his horse a mixture of 90 per cent oats and five per cent sawdust. He kept increasing the amount of sawdust and decreasing the amount of oats but just when he got to 100 per cent sawdust, the horse died.

It is estimated there are more than 50,000 lumber mills now operating in the United States.

The Gold Mannequin

By Myles Connolly, COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: Tim Reese, a crippled veteran, in the town of Cedarbrook, had a small shop "Jean Paul's" where he made and sold costumes for women.

It was a sketch of a winter white evening gown. "She looked at it in surprise. 'You've never gone all-white before,' she said. 'It's not like your other stuff.'"

"This is a man's dress. I mean it's the sort of dress a man likes to see on a woman."

"But up till now you've drawn dresses for women to knock the eyes out of other women."

"I've taken a day off." He laughed. "Do you know that for most men about the prettiest girl around is a pretty nurse in a white uniform?"

"She indicated the sketch with a brush of her slender fingers. 'There's something childlike about this, I think.'"

He was disturbed. "That's curious. I planned the dress for a woman, a beautiful woman of the world."

"Really?" She pretended great surprise. "It seems so—so virgin-al!"

"I think the all-white may have misled you." He watched her face. "The lines were drawn for a woman with a lovely body, thoroughly physical and feminine. There is no contradiction in that she is as wholesome and natural as the snow out there." He managed a smile. "I might as well tell you: it was you I had in mind. I thought you might have guessed."

(To Be Continued)

Hadacol Leads The World In Sales

Exceeds All Other Formulas of Its Type in Sales Popularity

HADACOL, first stirred with a paddle in a barn by Senator Dudley J. LeBlanc only a few years ago, is now the world's largest selling preparation of its type and is made in three great plants with the finest chemicals and the most modern machinery.

Senator LeBlanc first made the now famous HADACOL formula to help himself overcome deficiencies of Vitamins B1, B2, Niacin and Iron. After he felt so much better he prepared HADACOL for his friends. News of HADACOL'S blessings spread so fast that soon he was making his vitamin and mineral formula in commercial quantities for folks with such deficiencies suffering aches and pains, general run-down condition, gastric disturbances, indigestion, loss of appetite, nervousness and inability to sleep.

But not even Senator LeBlanc ever believed in his wildest dreams that HADACOL would soon become the world's largest selling formula of its type. Shipments of HADACOL have increased almost twenty times over in only two short years and in 1950 folks used an amount of HADACOL equal to about twenty-seven million \$1.25 bottles. Yet HADACOL was limited to only 27 states but Senator LeBlanc is striving to make HADACOL available to the rest of the nation by the end of the year.

"In the words of President Lincoln, 'you can fool some of the people all the time and all of the people some of the time, but you cannot fool all of the people all of the time,'" said Senator LeBlanc. "Our advertising and promotion sold the first and even the second bottle of HADACOL to many folks, but only the merit of the product could have made possible the sale of an amount of HADACOL equal to almost twenty-seven million \$1.25 bottles in a year."

3 Great Hadacol Plants

All with the same goal—to produce more HADACOL for more millions! The two great HADACOL plants at Lafayette, Louisiana, are shown in the top sketch, and the newest addition to the HADACOL properties, the new California plant located in Claremont, near Los Angeles, is shown in the bottom sketch. Employing more than 1,000 folks the three plants are modern and the last word in efficiency. The California home of HADACOL will supply HADACOL to eleven Western states, Hawaii and the Philippine Islands. The two Lafayette plants will continue to strive to meet the demands of the Middle West, Southern and Eastern states for America's great name in family formulas—HADACOL. Plans call for four more HADACOL plants to be erected in Lafayette in the near future—foundations are now being poured for the first one on a ten acre tract adjoining Lafayette.

Senator Dudley J. LeBlanc Called Humanitarian, Statesman, and Great Friend of The People

THE ACHIEVEMENTS OF DUDLEY J. LeBLANC need no detailing here. Statesman, industrialist and philanthropist, the accomplishments of SENATOR LeBLANC have made him the outstanding citizen of Louisiana and a national figure for his attainments in the field of commerce, industry, politics and the humanities. In all his activities SENATOR LeBLANC has always championed the cause of the oppressed, the poor and the underprivileged. Politically, he is known as the first candidate for governor to advocate Old Age Pension. Through his untiring efforts, the deserving senior citizens of Louisiana are now receiving a monthly pension of \$50.00.

Likewise, his activities in behalf of War Veterans are well-known facts of public record. While a state representative, he successfully enacted into law a measure providing for the selection of a service commissioner whose duties it is to see that every deserving veteran of any war receives his or her dues from the State or Federal government.

SENATOR LeBLANC'S many efforts in public and private life in behalf of the working man are too numerous for mention in this brief statement. It is said of him that during his entire political career, he has never cast a ballot or vote against a man or woman who must toil to earn his or her livelihood.

And, because his heart has always beat in sympathy with the cause of the oppressed, the infirm, the lame and the sickly, through endless effort and study he has developed today's great HADACOL, one more addition to his long record of service to humanity. When you buy HADACOL, please bear in mind that you are buying a product which is the result of the efforts of a man who, by his past activities, has demonstrated beyond the shadow of a doubt that he is your friend, in fact, the best friend that the poor people have ever had.

REPORTS POUR IN TELLING HOW HADACOL IS HELPING FOLKS ALL OVER THE COUNTRY

HADACOL Relieves the Cause of Stomach Distress, Aches and Pains, Weak, Run-Down Conditions and Nervousness When Due to Deficiencies of Vitamins B1, B2, Niacin and Iron

Mrs. Arthur Heber, 4306 Hays Avenue, Cincinnati, Ohio: "After I got on my feet I was still unable to eat anything. I knew my not being able to eat or digest foods properly was a result of a nervous condition. Then my husband heard how other folks were being helped by HADACOL. I started taking HADACOL immediately. Now I am on my seventh bottle of HADACOL. I can eat anything I want and actually enjoy it. My nerves are very steady and I know my nerves are all right because things that once irritated me don't bother me in the least now. I just can't thank HADACOL for making me feel so wonderful again."

Mrs. Aaron Owens, 904 Herron St., Montgomery, Alabama: "I was nervous and run-down and had no energy or appetite. I couldn't sleep and had aches and pains. I am a housewife and pretty soon I got to where I didn't feel up to doing my work. I heard about HADACOL on the radio and began taking it. With the first bottle I began to feel better. I have now taken about 17 bottles, and I can truthfully say it has helped me a lot. I am no longer nervous or run-down and have plenty of energy. My appetite is excellent. I rest soundly at night. My aches and pains are gone. Another thing, too, that had bothered me before taking HADACOL was indigestion and sour stomach. I had a full, 'gassy' feeling. My stomach would bloat and I lost some weight. Now HADACOL helped all this, too. Now I am not troubled by indigestion or sour stomach. I think HADACOL is wonderful."

Mrs. Homer Hanes, Route 1, Newport, Ohio: "I have been having pains for a time. I took three bottles of HADACOL and now my pains don't bother me. I sure feel good now. I couldn't hardly do my housework before, but now I can get my work done good. I got me a job at the American pottery and really don't feel tired at the end of the day. I can sleep good at night now. Thanks a million for HADACOL. I wouldn't be without it. I am 32 years old."

Rev. F. M. Garrett, Route 1, Box 28-A, Starke, Fla.: "I am a minister, 76 years old, and can truthfully say that HADACOL was a God-send to me as I could not sleep, and could not eat anything without suffering. One of my brothers-in-law said: 'Why don't you get some HADACOL and take it?' I did, and now I feel like a different man and can work all day. That has been 5 months ago. Before I took half the bottle, I could tell a wonderful change had taken place for the better. I can gladly recommend it to anyone."

Luther Harris, 516 Chestnut Street, Bowling Green, Kentucky: "For quite some time I was nervous and run-down, and I suffered from aches and pains. I was weak, and I couldn't hardly do a day's work. I started taking HADACOL, and from my first bottle I felt better. Now I feel good, and I can do a good day's work. I am still taking HADACOL and I wouldn't do without it. I praise HADACOL very highly."

Delmar E. Callaway, Box 151, Church Point, Louisiana: "I am 13 years old and I am in the 8th grade in the Church Point High School. Last Summer I didn't have a bit of energy. I didn't want to ride my bike and I didn't want to play baseball. Mother tried everything to get me to eat a good meal—but I just didn't feel like eating. Food just didn't taste good and lots of times food would upset my stomach when I did eat. Mother says I was underweight for my age. Then mother started giving me HADACOL. I know that in just a little while I started feeling a whole lot better. Now I am center on the football team. I like baseball and basketball, and I ride my bike every evening after school. Mother says she has never seen anyone with such a huge appetite. I like to take HADACOL. Mother says she is never going to let me be without HADACOL."

Guy H. Housley, 641 14th St., San Diego, Calif.: "I am 40 years of age and have had a nervous stomach condition for quite some time. Couldn't eat hardly anything. Back in my home town, I bought a bottle of HADACOL and before the first bottle was gone, I could tell a difference. Then I came to San Diego and couldn't get it here. I sent back to Atlanta for it. Now, thank God, they have it on the market here and I have a supply in my house. Not only that, but I'm telling all my friends what HADACOL has done for me. I sleep well, eat anything I can get and feel wonderful. I could go on and on praising HADACOL. It's done so much for me."

James Keenan, Jr., 5565 Labadie Ave., St. Louis, Mo.: "In recent years I had been troubled with heartburn and indigestion. But since taking HADACOL, I no longer suffer from heartburn. Now I can eat anything without ever suffering after-meal distress. I have recommended HADACOL to a number of my fellow workers."

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

Mrs. J. P. Macarea, 408 Radiance St., New Orleans, La.: "I have taken at least 5 bottles of HADACOL. Before I took HADACOL, I was very nervous. My family was affected, too, because I was so irritable. Then my sister suggested I take HADACOL and I started taking it immediately. After the second bottle I felt like I had taken all the troubles of the world off my shoulders. My nerves are now as steady as ever. My family thinks HADACOL is wonderful because my disposition is 100% better and I am not the least bit irritable. That's because I always have a bottle of HADACOL on the kitchen shelf. HADACOL is the most wonderful product on the market."

Mrs. A. Plonka of 3202 S. Aberdeen, Chicago, Ill.: "My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays she suggested I give Carmelita HADACOL. I bought and was amazed at the change in a large bottle of it that same day Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it."

Mrs. Emil Anderson, 3632 Wabash, Detroit, Mich.: "I have had aches and pains... I know a person couldn't have felt as miserable as I did. Then, while visiting my son and his wife in Morton-Gap, Ky., he told me how his mother-in-law had been helped so much by HADACOL. I brought HADACOL all the way home to Detroit with me. I could tell a big difference after the second bottle. So far, I have taken 6 or 7 bottles of HADACOL. What a wonderful change has taken place—there is hardly an ache or pain in my whole body. Yes, HADACOL is wonderful—and you can bet your life I will never stop taking HADACOL."

Mrs. La Roy Gillum, Mound City, Kansas: "I gave HADACOL to my little boy. He had no appetite and was listless, pale and nervous. HADACOL began to help him have better color and appetite is better. He is feeling good now, thanks to HADACOL, and is starting on the second bottle now. It sure has brought him out of it."

Mrs. Lydia Pfeifer, 3115 Third Ave., Detroit 1, Mich.: "Before taking HADACOL I had aches and pains and could not sleep well at night. I have taken three small bottles of HADACOL and feel so much better in all ways. I can never thank you enough. Now I can sleep and feel more like working. Again I thank you."

Edward Jakubowski, 1622 No. 75th Court, Edgewood Park, Ill.: "I have been driving a truck since 1919. For awhile I was bothered with aches and pains and felt run-down after a long drive. It just seemed to hang on. One day one of the other drivers suggested I start taking HADACOL. I bought a bottle and started taking it. It has relieved my pains, they've almost completely disappeared, and no longer prevent me from sleeping well. This was three years ago that I took my first bottle of HADACOL. I still continue to take it and have recommended it to many of my friends. I truly think HADACOL is a good product."

Carl Schaffrin, 217 Ferry St., St. Charles, Mo.: "I have been a shoe cutter for over 22 years—I am now working for the Boyd Welsh Shoe Co. in St. Louis. For quite some time now I haven't had any appetite at all. It seemed like I didn't have enough energy to do my work. I was tired all the time—and really didn't enjoy doing anything. It affected my work, too. Then I heard how other folks who took HADACOL had increased their appetite and seemed to have a limitless amount of energy. I tried HADACOL and it is amazing what a change it has made. Now I feel like eating everything on the table, my disposition is 100% better and my work—in fact, everything I do I now enjoy. For an entirely new outlook on life, I recommend HADACOL."

Francis C. Hood, 4419 Wabash, Kansas City, Mo.: "Before I started taking HADACOL I was very nervous and sleepy all the time. Seems like no matter how much sleep I tried to get, it didn't work. I would just toss and turn all night. Then in the daytime I would be groggy and sleepy—I just felt miserable all the time. It really got me down—I was beside myself in knowing just what to do. Then one day I heard how HADACOL had helped many other folks. 'Now, after taking 6 bottles of HADACOL, I get a wonderful night's sleep and never wake up once during the night. I'm not a bit nervous any more. In fact, right now I feel better than I have ever felt, thanks to HADACOL.'

Mrs. L. D. Lovett, a registered nurse who lives at 2295 Walnut St., Philadelphia 3, Pennsylvania: "I was down in Florida for the past month. I had no energy so several members of my family told me to try a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I tried a bottle. I feel fine since taking HADACOL. I do private duty here. I am 50 years old."

Mrs. Zina Lee Bowman, Route 6, Clee Ferry Road, Nashville, Tenn.: "I was so weak I could hardly do my housework. I am 30 years old. I am the mother of 9 children. I was so nervous I hardly wanted the children to speak. I had to rest after I got breakfast and before I cleaned my house. After my baby came I didn't feel like walking around, and even one bottle has helped me so much. I want to keep on taking your wonderful HADACOL. I will certainly recommend it to all patients I come in contact with."

Mrs. W. H. Morion, Route 1, Murfreesboro, Tenn.: "HADACOL has helped me so much I feel I have to write about it. Before I started taking HADACOL, I had a very nervous stomach and couldn't eat without being sick. So I heard about HADACOL on the radio. I got a bottle to try and began to feel better and could eat anything I wanted to. I feel so much better now. I am always telling my friends how HADACOL has helped me. And I just can't think of enough to say about HADACOL and what it has done for me. I am 28 years old and a steady user of HADACOL. I have been taking HADACOL for about a year."

Mrs. Leona Mayo, 12505 Bennington Avenue, Cleveland Ohio: "I have suffered aches and pains and couldn't seem to find the remedy for them. One day listening to the radio I heard of what HADACOL did for so many people, so I thought I'd try it. After the first bottle I noticed the difference. I've got a good appetite, and seem to be gaining weight after taking a few more bottles. I am on my tenth bottle and will continue to take HADACOL. Thanks to HADACOL for such wonderful results. I've told all my friends about HADACOL."

Maurice H. Rannels, Mabelvale, Arkansas: "I was working so hard, and just didn't seem to have any appetite at all. I started having aches and pains at about the same time. I decided to give HADACOL a trial. Right away, my aching was greatly relieved and my appetite picked up. I started eating regular meals, sleeping well and my general condition was greatly improved. I have since continued taking HADACOL regularly, and feel that it is a wonderful product. I freely recommend HADACOL as a good product."

Don't Be Satisfied With Symptomatic Relief! It's Possible To RELIEVE THE CAUSE OF YOUR AILMENTS

When Lack of Vitamins B1, B2, Iron and Niacin Cause Stomach Disturbances, Gas, Heartburn, Indigestion Annoying Aches and Pains & Certain Nervous Disorders

Just a Few Reports of How HADACOL Is Helping These Conditions When Due to Such Deficiencies

Mrs. R. H. Holder, 221 Columbus, Montgomery, Ala.: "I am the mother of two children and has two grandchildren. This young grandmother works as an inspector at a glass company in Montgomery. She says: 'I was nervous and run-down and I had lost weight and had no appetite—food just didn't interest me. I had aches and pains. I felt miserable. My mother started taking HADACOL and it did her so much good that I decided to give it a try. After the first bottle I noticed an improvement. I have now taken six bottles and feel grand. I am no longer nervous or run-down. I have loads of energy. I have a big appetite and have regained the weight I had lost. No more aches or pains either. Today I feel wonderful, just wonderful, and I owe it to HADACOL for it has done so much for me. I just can't praise it enough.'

Dan Goldsmith, 3824 Curran Road, Louisville, Ky.: "Before I started taking HADACOL I was run-down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest—HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill.: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy." HADACOL does not bring just symptomatic relief, HADACOL now makes it possible to actually relieve the cause of annoying aches and pains, certain nervous disturbances, and a general run-down weakened condition when due to deficiencies of Vitamin B1, B2, Niacin and Iron.

Mrs. Flavia C. Kaufman, 2436 70th Ave., Baton Rouge, Louisiana: "I have been taking HADACOL for over a year. Before I started taking HADACOL, I was terribly nervous and upset all the time. I was underweight and just couldn't eat at all. My appetite was so lax that I ate irregularly at all hours of the day. Then I started taking HADACOL. After the third bottle I felt 100% better. I have gained weight, my appetite is tremendous and, best of all, I sleep well nights and my nerves are steady as can be. HADACOL is a very wonderful product. I just can't praise HADACOL enough."

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill.: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy." HADACOL does not bring just symptomatic relief, HADACOL now makes it possible to actually relieve the cause of annoying aches and pains, certain nervous disturbances, and a general run-down weakened condition when due to deficiencies of Vitamin B1, B2, Niacin and Iron.

Why wait? Why experiment? Why give up? Why suffer from a lack of Vitamins B1, B2, Niacin and Iron? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money? You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL right away. Trial size bottle only \$1.25; large family economy size \$3.50. There is only one true and genuine HADACOL. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Daddy Ringtail And Bird On The Wing

The Huffen Puffen, the friendly wolf, lives in a hollow tree house. He lives in the middle of the Great Forest, on down the Elephant Path from the very tall tree where Daddy Ringtail lives in his monkey house.

The Huffen turned off his radio. He thought a minute about the something the man on the radio had said.

AT HOME AT WORK AT PLAY

ENJOY CHEWING EVERY DAY!

Daddy Ringtail **
By Wesley Davis

had said, and then the Huffen began to laugh. The laugh was only a chuckle at first, and then it got bigger and bigger and more and more.

tail said with a little chuckle all his own. "What is so funny?"

Said the Huffen: "The man on the radio said—Ho-hohohoho! He-hahahaha!" There the Huffen was laughing so much he could not say what the man on the radio had said.

"Now, now, now, Huffen Puffen," said Daddy Ringtail.

The Huffen tried again to stop his laughing enough to say what he had to say. At last he did stop, and he said: "The man on the radio said, he did: 'Spring will soon be here again, and the bird will be on the wing again!' " And again the Huffen burst out with a "Ho-hohohoho! He-hahahaha!"

He knew, he did, that Spring soon would be coming again, but the funny words were the words that would soon be on the wing again. "Why, everyone knows," said the Huffen, "that the bird is never on the wing. It's the ying that is always on the bird."

Daddy Ringtail laughed to hear it, and you can laugh if you want to, especially if you think it's funny. Whether you laugh or not, let's do be happy together with the thought that spring very soon will indeed be here again. Doesn't it help you to be happy about it, knowing that others are happy too? Happy day!

Daddy Ringtail slid down to the ground when the Huffen called. "Ho-hohohoho!" laughed the Huffen. "Huffen Puffen," Daddy Ring-

more. The Huffen slapped his hands against his legs to help him laugh better.

He was still laughing when he hurried away to find Daddy Ringtail. The Huffen was wanting to tell, he was, the funny thing the man on the radio had said. How very funny it was!

Daddy Ringtail slid down to the ground when the Huffen called. "Ho-hohohoho!" laughed the Huffen. "Huffen Puffen," Daddy Ring-

Thief Ruins Own Plans For Getaway

LONG BEACH, CALIF.—(AP)—A thief here ruined his own getaway plans by locking himself out of his car.

Mrs. Jesse R. Fuentes told officers a tall man knuckled her down and snatched her purse when she stepped from a bus. She said he ran to an auto parked nearby, fumbled at the door handle, searched in his pockets then ran away. Police identified the car as stolen property.

Sand Hills Champ Calf Brings \$2,048; Hereford Sale Active

ODESSA—Odessa John Putty's champion steer of the Sand Hills Hereford Show brought \$2 a pound at the sale Saturday which concluded the livestock event here. The 974-pound champion calf brought \$2,048, including bid and bonus. It was sold to a group. The grand champion lamb, shown by Janet Pauley of McCamey, brought \$125 per pound. It was bought by the J. C. Penney Company. The lamb weighed 108 pounds. Almost \$37,000 changed hands in the annual Hereford sale. Forty bulls were sold for an average of \$504 each and 15 females for an average of \$530 each. T. E. Smith of Marfa paid top price of \$2,000 for a yearling bull, Larry Fuy 330. John Ales of Monahans paid \$1,525 for May D III in the top female sale. Glenn Brunson and Arnold Scharbauer of Midland were among leading buyers. Average price for the 53 show calves and 64 lambs was a fraction more than \$1 cents for both with calf price almost 32 cents a pound.

Dinner To Launch Scouter Clinics

A dinner at 6:30 p.m. Monday will launch a clinic for members of operating committees, commissioners and executive board members of the El Centro District in the First Christian Church. J. M. McDonald, district chairman, will preside at the dinner. The clinic will be held under the direction of staff members of the Buffalo Trail Council. P. V. Thorson, Scout Executive, and H. D. Norris, Joe Niedermayer, S. O. Painter, Jim Hale and Bob Eastus are the council staff members who will direct group discussions at the clinic. The clinic here is one of a series scheduled for each district in the council.

Regan Claims Results In Drive For Savings In U. S. Operations

WASHINGTON—Rep. Ken Regan of Midland, Congressman from the 16th District, says he is getting results from his campaign for more economy in government bureaus. Last week, after Regan criticized the military procurement officials for waste of materials, he said he received a telephone call from Army procurement officers saying they were investigating the instances the Congressman mentioned. Regan recently commended Secretary of Agriculture Brannan for his plan to bring about more economy in that department by consolidating bureaus. "Brannan's plan is the news an overburdened taxpayer public has long wanted to hear," Regan said, "and I believe he can do away with some of these offices and achieve more efficiency."

TREATED FOR FRACTURE
J. W. Davis of Stamford was treated for a fracture of the left shoulder Monday at Western Clinic-Hospital, Davis, an employee of the S. B. Roberts Drilling Company, was injured while working in the Tex-Harvey field.

ADMITTED FOR TREATMENT
Minnie Bouldin, four-year-old daughter of Mr. and Mrs. O. R. Bouldin of Rankin, was admitted to Western Clinic-Hospital Sunday as a medical patient.

Permian Basin Oil And Gas Log—(Continued From Page One)

tion 12, block 55, T-1, T&P survey. That makes it 18 miles north-east of Orla. Combination rotary and cable tools will be used to drill, beginning immediately. Projected depth of the wildcat is calculated to take it into the Delaware sand.

No. 1-B Johnson is two miles northwest of the Mason field in Loving County and one and one-half miles south of the Texas-New Mexico line. NE Upton Opener Is Coring Ahead
Sinclair Oil & Gas Company No. 1 McElroy Ranch, Ellenburger discovery in Northwest Upton County, cored from 12,150 feet to 12,174 feet. Recovery was 18 feet of Ellenburger dolomite. The section at 12,150-52 feet was fractured and porous. From 12,150-55 feet the formation was hard and from 12,165-66 feet it was fractured and from 12,168-74 feet it was hard. There was a total of 10 feet of fractured dolomite. Operator reamed out core hole and has now cut another core which started at 12,174 feet. This core is now being pulled to check recovery. The project is preparing to ream core hole down to bottom and take a drillstem test Tuesday. This project has already shown for prolific flowing production from the Ellenburger and has also shown for flowing production from the Strawn lime of the Pennsylvanian. Drillate is 600 feet from south and 1,900 feet from east lines of section 129, block D, CCSD&RGNG survey. That makes it 18 miles northwest of Rankin and 20 miles northeast of McCamey. It is also 12 1/2 miles south of the Pegasus-Ellenburger field that runs along the northwest line of Upton and southwest line of Midland County.

Discovery Offset In Terry Drilling Ahead
Union Oil Company of California is drilling below 10,000 feet in Canyon reef at its No. 1 Laura Schrengost, one location east stepout to its No. 1 Laura Cotten, discovery well of the Brownfield, South-Canyon field in Central Terry County. The reef was topped at 9,865 feet, elevation 3,257 feet. It was correlated to be high to the discovery well. Samples show that the prospector will make an oil well. No tests of the Canyon have been made. Location is 600 feet from south and west lines of the northwest quarter of section 72, block T, D&W survey and four miles southeast of Brownfield.

North Flanker Set For Midland Oiler
Ashland Oil & Refining Company No. 1 Ben Winkelman is to be a prospector one location north of the recently completed Barnett, Hanson & Sweeney of Rowell No. 1 Winkelman, one and one-half miles west of production in the Tex-Harvey field of Central-East Midland County. Ashland's No. 1 Winkelman will be at the center of the southeast quarter of section 18, block 37, T-3-S, T&P survey. The Barnett, Hanson & Sweeney well is producing from the lower section of the Sprabery. The new exploration is contracted to go to around 8,000 feet. Standard-Fryer Drilling Company has the rotary contract. Drillate is 12 1/2 miles southeast of the City of Midland.

Location Staked In Midland Germania
W. W. Cumberland and Ted Weiner, et al spotted location for their No. 2-18-A Andrew Fasken, which is to be drilled as a project at the extreme south side of the Germania-Sprabery field of Northeast Midland County. Location is 687 feet from south and 875.3 feet from west lines of the

and west lines of section 22, block TT, TC survey and one location diagonal southeast of the discovery. C-SE Stonewall DST Makes Water
Kewanee Oil Company No. 1 T. E. Hart, Central-Southeast Stonewall County wildcat, drillstem tested the Ellenburger from 6,470 to 6,485 feet with tool open five hours. There was a good blow of air to the surface for a part of the period. Gas came to the surface in one hour and 40 minutes. Recovery was 2,705 feet of gas, oil and water out mud and 2,875 feet of salty, sulphur water. Top of the Ellenburger was at 6,473 feet on a minus datum of 4,871 feet. Operator is now taking electric log and will probably plug and abandon. No shows of production were found in any of the upper sections. It is six miles northeast of Seaboard Oil Company of Delaware No. 1 Edwards, recently completed Pennsylvanian lime discovery which has been designated as the opener of the Double Mountain field. Location of the failure is 1,900 feet from east and 600 feet from north lines of the southwest quarter of section 270, block D, H&TC survey and eight miles southwest of Aspermont.

Thralls Of Tulsa Is To Address PBGS At Tuesday Meeting
H. M. Thralls of Tulsa, an official of Selamograph Service Corporation will address a meeting of the Permian Basin Geological Society at 8 p.m., Tuesday night in the auditorium of the Midland Junior High School. His subject will be, "A Selamograph Survey of the Ceres Shoestring Sand Pool." That pool is in Noble County, Oklahoma. It is nine miles long and 1,000 feet wide. Informal sources say that a selamograph survey revealed the existence of the field and showed that its limits would be before it was drilled. Thralls address will be illustrated with slides and other material. E. L. Mount, president of the PBGS, will preside at the Tuesday night session.

Large Attendance Is Due For Meeting Of WTGS Monday
A large attendance is anticipated for the meeting of the West Texas Geological Society at 8 p.m., Monday night in the auditorium of the Midland Junior High School. Dr. F. R. S. Henson of London, will be the speaker. He will address the meeting on the subject of "Oil Occurrences in Relation to Geological History in the Middle East." Henson is research geologist for Iraq Petroleum Company and has wide and extensive experience in the Middle East. He is being presented by the WTGS under the auspices of the Distinguished Lecture Committee of the American Association of Petroleum Geologists. The West Texas society is a regional affiliate of the AAPG. To Nominating Representative
W. Dave Henderson, president of the WTGS announced Monday that nominations would be received from the floor at the Monday night meeting for the place as South Permian Basin district representative to the AAPG for the two-year term which begins at the annual meeting of that organization in St. Louis in April. W. H. (Henry) Conkling of Midland has held that place for a two-year term which will end at the St. Louis meeting. Names of all AAPG members nominated at the Monday night meeting will be forwarded to the association's headquarters in Tulsa, and that office will send out a mail ballot to all members of the body in the South Permian district. Europe, which had about 100,000,000 people in 1850, today has about 600,000,000 people.

SE Borden Wildcat Is To Be Plugged
Hopes for P. R. Rutherford & Sons No. 1 W. E. Murphy, Southeast Borden County wildcat extending the proven limits of the Redneck field one mile to the north and one-half of a mile to the east have been drowned out with sulphur water and the prospector is to be plugged and abandoned. This exploration was located 467 feet from west and south lines of section 82, block 25, H&TC survey, and six and one-half miles northwest of Vincent. It had indicated a possible producer in a drillstem test at 6,904-23 feet. A string of 5 1/2-inch casing was cemented at 6,915 feet. The plug mud was drilled and the open hole between 6,915 feet and 6,923 feet was washed with 500 gallons of mud acid and treated with 1,500 gallons and with 5,000 gallons of regular acid. After those injections the project swabbed salt water with slight shows of oil and gas. Operator then deepened to 6,929 feet and took a four hour drillstem test. The packer was set up inside the casing at 6,879 feet. Total depth was 6,929 feet. Gas was drilled in 30 minutes. Fluid started flowing out at the top in one hour and 30 minutes. The hole flowed drilling mud and salt water for 30 minutes. There were no shows of oil. There were slight signs of gas. Operator is pulling all of the 5 1/2-inch casing which can be salvaged and will then plug the wildcat.

Explorers Staked In C-N Schleicher
In the Huldade-Strawn field of Central-North Schleicher County, Standard Oil Company of Texas staked location for its No. 1 and No. 2 H. F. Thomson Estate. The company's No. 1 Thomson will be drilled 600 feet from north and 467 feet from east lines of the north half of the northeast quarter of section 71, block TT, TC survey. That makes it a north offset to Delta Gulf Drilling Company No. 1 Thomson, the discovery well of the field. The No. 2 Thomson will be 600 feet from north and west lines of the north half of the northeast quarter of section 71, block TT, TC survey and one location west of the Standard of Texas No. 1 Thomson. Operations are to start at once on the two explorations, which are slated to go to 6,000 feet to test the Strawn. The Huldade field is approximately nine and one-half miles north and slightly east of Eldorado. Potential Staked
American Republics Corporation No. 1 H. F. Thomson, assured second producer in the Huldade field was to start official potential test Monday morning. It kicked off Saturday night after pulling the swab seven times and flowed at the rate of 14 barrels of oil per hour for 13 hours on a one-quarter-inch tubing choke. Flowing tubing pressure was 450 pounds. The well had flowed at the rate of 33 barrels of oil per hour for two hours on a one-half-inch choke, with flowing tubing pressure at 250 pounds. There was no water made with the 40-gravity oil. Perforated section at 5,835-40 feet had been washed with 500 gallons of mud acid before the flow started. Location is 467 feet from north

Sulphur Water In Irion Prospector
A drillstem test of the Ellenburger at Atlantic Refining Company No. 1 W. M. Noelke Estate, wildcat in Central-South Irion County, developed 1,620 feet of sulphur water with no shows of oil. The prospector is now being drilled below 7,465 feet. The drillstem test was made over the interval from 7,361 to 7,387 feet. The tool was open for one hour. Total recovery was 90 feet of drilling mud and the water. The No. 1 Noelke is 4,671 feet from south and 3,329 feet from west lines of block A-562, Tom Green County school land survey. Ellenburger was topped by samples at approximately 7,360 feet.

SE Borden Wildcat Is To Be Plugged
Hopes for P. R. Rutherford & Sons No. 1 W. E. Murphy, Southeast Borden County wildcat extending the proven limits of the Redneck field one mile to the north and one-half of a mile to the east have been drowned out with sulphur water and the prospector is to be plugged and abandoned. This exploration was located 467 feet from west and south lines of section 82, block 25, H&TC survey, and six and one-half miles northwest of Vincent. It had indicated a possible producer in a drillstem test at 6,904-23 feet. A string of 5 1/2-inch casing was cemented at 6,915 feet. The plug mud was drilled and the open hole between 6,915 feet and 6,923 feet was washed with 500 gallons of mud acid and treated with 1,500 gallons and with 5,000 gallons of regular acid. After those injections the project swabbed salt water with slight shows of oil and gas. Operator then deepened to 6,929 feet and took a four hour drillstem test. The packer was set up inside the casing at 6,879 feet. Total depth was 6,929 feet. Gas was drilled in 30 minutes. Fluid started flowing out at the top in one hour and 30 minutes. The hole flowed drilling mud and salt water for 30 minutes. There were no shows of oil. There were slight signs of gas. Operator is pulling all of the 5 1/2-inch casing which can be salvaged and will then plug the wildcat.

NE Glasscock Test Gets Sulphur Water
Ralph Lowe No. 1 Neal-Ballinger, wildcat in Northeast Glasscock County, developed 2,195 feet of salty-sulphur water on a drillstem test of the Ellenburger from 10,208-10,336 feet. A top of that formation has not been called. The test tool was open two hours. Total recovery was 1,060 feet of mud and the water. No shows of oil were in the recovery. Operator is now running electric log surveys. Location is 600 feet from south and east lines of section 48, block 33, T-3-S, T&P survey and 10 miles northeast of Garden City.

SE Ector Project Finds Sulphur Water
Vina Bagley Estate No. 1 E. W. Cowden, Southeast Ector County wildcat, is circulating waiting for orders after developing 350 feet of muddy-sulphur water with a chloride content of 125,000 parts per million in a drillstem test of the Ellenburger. The interval from 14,016 to 14,038 feet was tested for two hours. A 3,000-foot water blanket was used. Total recovery was the water blanket, 350 feet of muddy-sulphur water which was slightly gas cut and no signs of oil. Open flowing bottom hole pressure was 1,380 pounds. Shut-in pressure after 15 minutes was 1,450 pounds. Operator took electric log surveys and corrected the top of the Ellenburger from 14,014 to 14,016 feet, elevation 2,987 feet. Location is at the center of the northwest quarter of section 48, block 42, T&P survey, T-3-S and four miles northwest of the Sweetie Peck field of Southwest Midland County.

Hadaool King Builds Big Business Empire; Credits Advertising
Senator Dudley J. LeBlanc, the Hadaool medicine king who has built a multi-million dollar business on testimonial advertising, gave his first testimonial this week and it concerned The Midland Reporter-Telegram advertising. The senator said: "Three years ago I was broke. All I had was a very meritorious prop-rietary medicine, and many out-standing testimonials. I had heard about the advantages of newspaper advertising but only had \$2,500 to spend. I went to ten newspapers and paid them for ten days ad-

vertising if they would credit me for another 20 days. Within 90 days my volume was running at the rate of more than \$250,000 per year. "Among the first newspapers used was The Midland Reporter-Telegram. I have used 36,909 lines of advertising space in The Midland Reporter-Telegram in the last 18 months and consider it one of the most important newspapers carrying the Hadaool message to millions. The Reporter-Telegram reaches all classes of our customers at a minimum line cost. I want to thank The Reporter-Telegram for what it has done for Dudley LeBlanc and Hadaool. I plan to continue using The Midland Reporter-Telegram advertising."

Senator LeBlanc has built his great business in less than three years. He now operates two great Hadaool plants in Lafayette, La., and is opening a new one in Claremont, Calif. Hadaool now is merchandised in 27 states and is being extended to other parts of the nation as supplies become available. More than 300 foreign countries have requested supplies of the now famous Hadaool.

Rail Slowdown Cuts Vital Steel Production
PITTSBURGH—Steel production vital to the nation's defense was shut off Monday at the Pittsburgh works of Jones and Laughlin Steel Corporation by what the company called a "slowdown" of 500 members of the Brotherhood of Railroad Trainmen in a pay dispute. The trainmen are employees of the Monongahela Railroad, an inter-connecting line which serves the steel plant. It is a subsidiary of Jones and Laughlin. Almost 12,000 employees of the steel company were furloughed. Only a few maintenance men went to work.

Odessa, Bradyite Head Credit Groups
BIG SPRING—T. F. Erickson of Brady and John W. Evans of Odessa are new presidents of district credit organizations. Erickson Sunday was named president of District 2, Retail Credit Executives of Texas. Evans heads the Associated Credit Bureaus of the same district. The groups picked Lubbock as their 1962 convention city.

ADMITTED FOR SURGERY
Mrs. J. H. Steele of Terminal was admitted to Western Clinic-Hospital Monday for major surgery.

Wichita Falls Officers Capture Texas Desperado
WICHITA FALLS—A Texas toughie who broke out of an Oklahoma jail bragged that wasn't so rough. But Chester Davenport, 26, surrendered meekly Sunday when found hiding in a closet at the home of a relative. He faced arraignment on kidnaping charges Monday as officers hunted over North Texas for his jail-breaking brother, Norman, 25. "The FBI revealed with Chester's arrest that the brothers had been accused of kidnaping under federal law. The FBI said they kidnaped Coy Jean Scroggins, 23, from a farm near Locust Grove, Okla., Friday night and forced him to drive them here. Scroggins was released early Saturday. He was not harmed. "They said they hadn't eaten for three days and had been sleeping in fields and in the woods." Charged With Kidnaping
The two brothers broke out of the Mayes County jail at Pryor, Okla., last Tuesday, overpowering a jailer. They took the turkey's gun and fled in his automobile, later abandoned. "It was nothing to it," Chester told Emmett Collins of the Wichita Falls Record-News. "The doors were wide open. It was just like walking out of a house." Chester was arrested on a warrant issued in Tulsa early Sunday by U. S. Commissioner E. Lawton Bragg. Both brothers are charged with kidnaping. Detective Charles E. Wilson found Chester hiding in a closet at the home of a sister. They had searched his father's house next door and told his father they didn't "want to hurt Chester." The father led officers into the sister's house, calling "Use some sense, Chester."

Laughs At Hearse Story
Wilson found Chester in the closet. "Okay, okay, I haven't got a gun," Chester said. "Well, I do," said Wilson. Chester came out holding empty hands in front of him. The brothers had been held in jail at Pryor on armed robbery charges in connection with the six-hour abduction February 13 of Oklahoma Highway Patrolman Loyd Francisco. Cattle theft and armed robbery charges are on file against them in this area. Chester laughed at tales that accumulated during his flight. "According to all the rumors, I've been out honky-tonkin' in a big, black hearse," he told one officer. This started after an ambulance was stolen at Bowie, Texas, and the brothers were reported seen in it. "That ambulance!" said Chester. "Where did they get all that stuff? I got a big kick out of reading about it."

He said he last saw his brother in Fort Worth Friday night. The Civil War was followed by inflation. Still steak only cost 15 cents a pound; ham, 18 cents; a dozen eggs, 22 cents; and a quart of milk, eight cents.

Beware Coughs Following Flu
After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Longhorn Loop Adds Class Man

BIG SPRING—Longhorn League officials voted to add another veteran to the player-limit for the 1951 baseball season here Sunday afternoon in a four-hour meeting.

The additional veteran boosted the player-limit from 15 to 16, and left the squad balance at five class men, eight limited service players and three rookies.

Speculation was that the class limit would be raised even more, but Loop Prexy Hal Sayles' announcement that it required the vote of all eight clubs to raise the limit, according to the League Constitution, put a crimp into the discussed eight or nine class men.

Loop officials turned down a proposal of Vernon Business Manager Harry Faulkner, calling for five class men, seven limited service men and three rookies. The motion died for lack of second.

Likewise spurned was a motion by Roswell's Potay Allen for five class men, eight limited service players and two rookies. His motion that six class men, eight limited service players and two rookies make up the squad rosters likewise was killed by lack of second.

The group voted 8-0 against adopting a waiver rule for the Longhorn League. President Sayles had brought the motion before the assembly.

Promotional plans were discussed and club officials reported on the progress of advance sales. Radio and newspaper men from the Longhorn League cities reported on publicity and public relations work going on. All eight clubs were represented at the meeting. Attending from Midland were H. W. Donohoo, co-owner of the Midland baseball club, J. M. McDonald, manager of radio station KCRS, Doyle Elliott, sports editor of that station, and Larry King, sports editor of The Reporter-Telegram.

Champs, Runnersup Dominate All-State Girls Cage Squads

AUSTIN —(P)—Claude, Denton Valley of Clyde, Comanche and McLean dominated all-tournament selections made here Monday by sportswriters covering the Inter-scholastic League Girls' basketball tournaments.

Comanche won the Class A championship, beating McLean 50-49. Claude took the Class B title on a 43-40 victory over Denton Valley. The Class A All-Tournament Team:

Forwards: Florence Jo Coan, Comanche; Dorothy Gudgel, McLean; Wilhemina Bechmar, Fredericksburg.

Guards: Bonita Bailey, McLean; Joyce Bruner, McLean, and Nita Myrl Smith, Comanche.

Honorable Mention: Linda Glasgow, Comanche; Jean DeWitt, Comanche; LeJune Chilton, McLean; Doris Curtis, West Columbia; Peggy White, Carrizo Springs; Ruth Bingham, Comanche; Mary Graham, McLean; Barbara Davidson, Plano; and Vernell Dietrich, Fredericksburg.

The Class B selections: Forwards: Yvonne Averyt, Claude; Faye Wilson, Duncanville; Patsy Crow, Denton Valley; Jean Farmer, Denton Valley.

Guards: Ann Gotcher, Denton Valley; Juanita Smotherman, Claude; Barbara Corbin, Claude.

Honorable mention: Jane Averyt, Claude; Raye Wilson, Duncanville; Patsy Williams, Troy; Gale Harrill, Duncanville; Annie Smith, Troy; Harlene Davis, Denton Valley; Mary Gillham, Claude; Maxeline Chambliss, Warren.

St. John's Eyes Third NIT Crown

NEW YORK —(P)—St. John's of Brooklyn, with a chance to make basketball history, tangles with St. Bonaventure Monday night in the quarter-final round of the National Invitation Tournament.

No team ever has won the Invitation title three times, but St. John's is seeded No. 1 and is favored over St. Bonaventure. The Brooklyn Redmen won the NIT in 1943 and 1944.

This game will be preceded by the match between third-seeded Brigham Young and St. Louis.

St. Louis is unseeded, but Ed Hickey's speedsters made an impressive showing in Saturday's opening round, whipping a good La Salle quintet 73-61.

Arizona vs. Dayton Tuesday night's quarter-finals send second-seeded North Carolina State against Seton Hall and fourth-seeded Arizona against Dayton.

Seton Hall and Dayton moved up Saturday along with St. Bonaventure and St. Louis.

Seton Hall surprised Beloit 71-57 with a brilliant second-half attack. Rayton ousted Lawrence Tech 77-71, and St. Bonaventure took a foul-filled, double-overtime thriller from Cincinnati 70-67.

Coach Ed Milkovich of St. Bonaventure doesn't have any illusions about Monday night's tilt with St. John's.

"Our boys are tired," he said, "and we're going against a good, consistent team that is well-coached. We'll play the usual Eastern style running game of give-and-go—if they'll let us. Our big problem, though, is how to stop Bob Zawoluk."

Confirmation Given Anti-Communist Ala As Premier Of Iran

TEHRAN IRAN —(P)—Iran's parliament Monday approved 69-27 the appointment of a new premier —anti-Communist Hussein Ala. The appointment was made Sunday by Shah Mohammed Reza Pahlavi.

There was no indication yet of when the new premier would name his cabinet.

Western diplomats viewed Ala as a good choice to resist Russian pressure on this oil-rich country. A former foreign minister, he has been a national hero since his vigorous stand against the Soviets before the United Nations during the 1946 squabble over Iran's Azerbaijan Province.

The 68-year-old Ala at first refused the appointment due to poor health. He was persuaded to reconsider after the Lower House of Parliament turned down Khalil Fahimi, named temporarily premier following the assassination Wednesday of Premier Ali Razmara by a religious fanatic.

Ala will need a strong hand to cope with the complex internal problems facing Iran.

Main domestic issues are the nationalization of oil, chiefly the Iranian Oil Company; bettering the woeful economic condition of the people, and restoring confidence in law and order which was badly shaken by Razmara's assassination.

Many Parliament deputies have been reluctant to go on record against oil nationalization since the slaying of Razmara by a member of the Nationalist terror organization Fryydan Islam (Crusaders of Islam).

Ala is expected to line up with the West on international issues. He has been outspoken in his determination to prevent Iran from being swallowed up by Soviet Russia, her northern neighbor.

The new premier has been serving as a court minister and chairman of the special commission set up by the Shah to carry out a program for distributing his royal estates to the peasants.

ACES OF DIAMOND—If these pitchers pick up where they left off, the Giants will be hard to head off. With Jim Hearn, left, and Sal Maglie, right, showing the way, Larry Jansen barely missed giving the New York Nationals the first three places in the earned-run averages. These three and several other pitchers, both seasoned and promising, are well ahead of schedule on the Polo Grounds side of St. Petersburg, Fla. (NEA)

Training Camp Briefs

Senators Look For Pascual 'Manana'

LAKELAND, FLA.—(P)—Manager Bucky Harris of the Washington Nationals was ready Monday to begin working his regular pitchers in exhibition games.

Sid Hudson, Bob Kuzava and Gene Bearden were lined up for mound duty against the Detroit Tigers. Conrado Marrero showed up in camp Sunday from Cuba. He brought news that Carlos (Potato) Pascual, another Cuban hurler, is due "manana."

YANKEE BIG GUNS EACH GET GRAND SLAM PHOENIX, ARIZ.—(P)—The major leagues' two top home run hitters — Joe DiMaggio and Johnny Mize — are at it again.

The New York Yankees' one-two punch pinch-hit in Sunday's 13-8 victory over Cleveland, and each smacked a home run. DiMaggio's was a solo blast, but Mize's came with two mates on. These two sluggers have hit more homers than any other active major leaguers — including Ralph Kiner and Ted Williams.

ILLNESS, INJURIES HIT BROOKLYN MOUND STAFF MIAMI, FLA.—(P)—The training season is only two weeks old, officially, and the Brooklyn Dodgers pitching staff has plenty of injuries.

Don Newcombe was hit in the knee with a line drive Saturday night, but X-rays were negative. Ralph Branca's right arm is tight again. Bill McCann is suffering from an upset stomach. . . . and Jack Banta's sore, sore arm still is ailing.

FLU BUG RETURNS TO PESTER GIANTS ST. PETERSBURG, FLA.—(P)—The flu bug has bitten Catcher Wes Westrum and Coach Frank Shellenback of the New York Giants — again.

Both have recurrences of the fever that hit them in Sanford.

Collegians Open NAIB Tournament KANSAS CITY —(P)—College basketball's most grueling test, the National Intercollegiate (NAIB) Tournament, opened a week-long show in Municipal Auditorium Monday.

Answering the first whistle in the 13th annual meet were New Mexico A&M and Glenville (W. Va.) State at 11 a.m.

The schedule Monday, Tuesday and Wednesday features four games each afternoon and night. Then come the four quarter-finals Thursday and two games both Friday and Saturday nights.

GANGWAY!—Angus Cameron seems to be taking off downfield in Edinburgh with the ball tucked under his arm—a la American football, but the feet Scotsman isn't lugging the leather. Soccer rules prohibit that. A frustrated Irishman hits the turf, another gives serious chase. Ireland shaded Scotland before a tremendous crowd, 6-5. (NEA)

Sports

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 12, 1951

Pecos Takes Stockton Meet

FORT STOCKTON — Pecos High School's star-studded track team romped off with the team title here Saturday in the annual running of the Comanche Relays.

The Eagles massed 56 points, almost 30 more than second-place Iraan, which had 25 5/6 points. The rest of the 13-team field finished in this order: Wink 16, Kermit 10 1/4, Blackwell 9 1/3, Reagan 8, Odessa 'B' 6, Marfa 6, Crane 5, Sanderson 3, Buena Vista 2, Monahans and Fort Stockton 1 each.

Four meet records fell by the wayside. Pecos' quartet of Patterson, Kisenwine, Langham and Christian broke its own mark in the 440-yard relay, with a time of 45.5 seconds. The old mark was 46.4.

Huddleston, Iraan, broke his own record in the 220-yard low hurdles, skimming the distance in 22.4 seconds. His old record was 23.4. He also set a new mark in the 120-yard high hurdles, finishing in 15.4 seconds, easily breaking the old record of 16 seconds flat. Wink's Dodd erased the old shot put mark of 43 feet, 13 1/4 inches, heaving the iron ball 43 feet, 5 1/2 inches.

Shot put: Dodd, Wink, 43 feet, 5 1/2 inches. High jump: Culvahouse, Kermit and Wright, Pecos, tied at 5 feet, 9 inches. Broad jump: Huddleston, Iraan, 19 feet, 1 1/2 inches. Pole vault: Card, Pecos, 10 feet, 2 inches. Discus: Hook, Crane, 132 feet, 4 inches. 120-Yard high hurdles: Huddleston, Iraan. Time: :15.4. 100-Yard dash: Christian, Pecos, and Shaw, Iraan, tied. Time: :10.3. 440-Yard dash: Lara, Blackwell. Time: :54.2. 220-Yard low hurdles: Huddleston, Iraan. Time: :22.4. 440-Yard relay: Pecos (Patterson, Eisenwine, Langham, Christian). Time: :45.5. 880-Yard run: Wilkes, Pecos. Time: 2:15.6. Mile relay: Pecos (Sutton, Arnett, Bryan and Gray). No time reported.

A&M has a season record of 16 victories, 10 defeats. Texas has won 12 and lost 13 this year.

These three teams tied for the conference championship. Conference rules called for the playoff to determine the NCAA team. It was A&M's inability to lick Texas here that forced the playoff. The Aggies could have won their final conference game of the season. But they lost it—by two points.

If Texas wins Monday night, the third game of the series also will be played here.

Andrews News ANDREWS—Mrs. Bill Pinnell recently underwent surgery in the Midland Memorial Hospital.

Mr. and Mrs. Ray Payne announce the birth of a son.

The Andrews schools were dismissed Friday and the teachers attended the District 4 Convention in Lubbock.

I. C. Milliken, formerly of El Paso, was appointed full-time county agent by the commissioners court.

A revival is underway at the First Christian Church and will continue through March 25.

Several members of the Andrews Rebekah Lodge attended a "friendship meeting" recently in Leveland.

Luther M. McCrea of Cisco was a visitor here recently.

Mrs. Carl Betenbough visited recently in Portales, N. M., with her brother, G. A. Braswell and family.

Mrs. and Mrs. William M. Peoples celebrated the formal opening of their new service station.

Mrs. A. C. Mize has returned from a business trip to Houston.

The Progressive Study Club met in the community building with Mrs. H. O. Smith and Mrs. M. J. Smothers as hostesses.

Mrs. Gene Irwin was hostess to an all-day meeting of the Fullerton Home Demonstration Club.

Yugoslavia Prepared To Fight, Says Tito BELGRADE —(P)—Premier Marshal Tito told 1,000 war veterans Sunday this country is ready again to "saturate" its soil with blood to repel Russian-inspired aggression.

"Every foot of our land is saturated with blood, but — if it is necessary—we will saturate it again with blood and it will remain ours," he told the veterans rally.

WICHITA COACH QUILTS WICHITA FALLS —(P)—J. Weldon Bibb has resigned as basketball coach and assistant football coach at Wichita Falls High School to enter the contracting business.

S. VAUGHAN RECEIVES 10-YEAR SERVICE AWARD S. Vaughan, operator of the Culligan Soft Water Service in Midland, received a 10-year service award Monday at a company meeting in Fort Worth.

The award was presented by Harold F. Werhane, president of the Culligan Zeolite Company in continuation of an industry tradition of saluting those who have made contributions in water conditioning.

See the new 1951 model Cushman motor-scooter now. We also have used motor scooters and new and used motorcycles and carry parts and accessories for both.

FOLLOW THROUGH — Coach Charlie Roof shows John Klippstein how to follow through in pitching and be in position to field the ball. A promising young collection of Chicago Cubs are assembled at Santa Catalina Island Calif. (NEA)

King's Row

By LARRY KING

There was heap big smoke but very little fire in the Longhorn League meeting at Big Spring Sunday.

Comment was plentiful and talk was cheap. After hours of wrangling the loop dads finally elected to add a class man to the player-limit for the '51 season.

But most interesting was the talk that flowed freely before the decision was reached.

It even got to the point where Vernon's fiery business manager, Harry Faulkner, proposed that the Cuban limit be set at five for each club.

"Out of order," said Loop Prexy Hal Sayles. He went on to say the league might run into trouble from the government by trying to pass such a rule.

"I don't think so," reported Faulkner. "I already have investigated." But he was overruled by Sayles.

For the most part, however, the discussion was rather mild and the clubs seemed willing to cooperate each with the other to help the league.

Each club was willing to add a class man, though Artesia, Sweetwater and Big Spring didn't want to exceed that limit.

Odessa Owner A. D. Ensey was full of good will and promised to vote for "anything that will help the league."

Most of the time was spent in discussing "promotional" operations. The clubs decided to wear the National Baseball Association emblem on the arms of all uniforms this season, and Sayles said the umpires also will wear it.

Since this is the 50th (Golden) anniversary of the minor leagues, some clubs stated they intended to paint the foul lines and home plates gold this season instead of the conventional white.

We saw Eddie Meilillo, infielder recently signed by the Indians, at the meet. He told us to give the fans here his greetings, and assure them he'll "do the best I can" this season.

Ernie Nelson, veteran pitcher with Midland and Vernon was present. Ernie says he won't play this season. But we imagine his ole left wing is beginning to itch.

Summing it up, the Longhorn League seems set to go. All owners look for a great season—and so do we.

Traffic Accidents Bring Death To 12 In Texas' Weekend

By The Associated Press

One smashing car-truck collision killed five persons—almost one-third of Texas' violent death toll over the weekend.

There were seven other traffic deaths. Two persons burned to death, an elderly woman was killed by a hard blow or a fall, one man was shot to death and a high school football star hanged himself.

Bill Bryan, 18, a football star at Robert E. Lee High School in Baytown, hanged himself Sunday in the bathroom of his Channelview home.

Justice of the Peace R. R. Zierlein returned a verdict of suicide. No one was able to give a motive.

The only possible clue was a nearby pocket edition of George Orwell's "Nineteen Eighty-Four," a book describing life as it might come under a Communist regime.

The five-fatality wreck occurred Saturday near Abilene. Killed in the car-truck collision were Perry Kinner; his sister, Mrs. H. V. Hodges; her son, Bibby; Mrs. E. V. Huckabee, and her daughter, Betty, all of Abilene.

Two Burned Fatally

Pete Rochelle, 25, of Lubbock died Sunday of injuries suffered late Saturday, when the convertible he was riding in overturned near Snyder.

Mrs. Perry Lee Hawkins, 40, and Peggy Jean Jackson, eight, negroes, burned to death Sunday when fire destroyed their home near Greenville.

Miss Charlotte L. Stabler, 72, of La Porte was found floating in Clear Lake near Seabrook Saturday. Officers said Sunday she died of concussion. They said she might have fallen against a hard object or might have been struck. They were looking for clues, suspecting possible robbery and homicide.

Mrs. Vera Landers, 28, of Dora, N. M., died Saturday in a car-truck crash on fog-shrouded U. S. Highway 84 near Post.

Reduicno Villareal, 68, of Littlefield was killed instantly Saturday when he chased his hat into the path of a car during a blinding rain.

Mexican National Shot

Gussie Martin, 45, negro, of Lubbock was killed Saturday night when a car hit her on the highway a mile northwest of Shallowater.

A man identified as Salvador Martinez, illegal immigrant from Monterrey, Mexico, was shot to death Sunday near Cameron. Constable Ed Sexton said he fired when the man attacked him with a razor.

Allen Esaw Fox, 59, a mesquite carpenter, died Saturday in Dallas of injuries suffered Friday when his car hit a concrete culvert.

Carl Lee Junnell, 29, Cleburne, and Glen McIntyre, 23, Alvord, were killed Sunday night in Fort Worth when hit by a truck as they attempted to uncouple the locked bumpers of their automobiles.

'The Big Grab'

The last of a series exposing the Federal Government's confiscation of the oil-rich Tidelands

(Copyright, 1951, The Dallas Morning News)

By ALLEN DUCKWORTH

Twenty-four per cent of all the land in the United States is owned by the Federal Government.

The Federal Government is reaching for more land and power. Unless Congress stops the trend, the individual states are threatened with an eventual draining of their power and wealth.

The new threat is part of the general scheme to whittle away powers of the states and invest the Federal Government with unlimited authority.

Recent decisions of the Supreme Court of the United States point the way. This country has been nosed onto the road to nationalization.

Already possessing almost a quarter of all the nation's continental lands, the Federal Government will confiscate an underwater territory as large as the New England states combined if Congress does not slap down the court reasoning.

The court has said the Federal Government can claim the submerged oil lands off the coasts of Texas, California and Louisiana as a matter of national necessity. Nationalization in Policy

Valuable though they are, those Tidelands are pittance when compared to the other possibilities of nationalization.

Do the Tidelands opinions really point toward a growing nationalization policy in Washington?

Some of the nation's greatest legal authorities interpret the Supreme Court decision that way.

They fear the court has pointed the way for greater grabs.

Next on the grab list, they fear, will be harbors, river beds, inland lakes and streams, and perhaps basic industries.

Already the states have been rocked by Supreme Court decisions clipping their powers on everything from conduct of elections to running their universities.

Now that the states' political powers have been weakened, the attack shifts to the states' finances.

Strip the states of both power and income, then the Federal Government will emerge supreme in everything.

Only The Beginning

The "divide and conquer" method has been used.

That was the strategy to prevent a general uproar throughout the country.

Few Americans were especially excited when the Federal Government won Supreme Court approval for confiscation of California's submerged oil lands. But that was only the beginning.

In spite of statements designed to lull Texas into a feeling of security about its own lands, Texas was next on the list. And Louisiana.

The Supreme Court again stamped its okay for federal confiscation in an opinion that disregarded both law and precedent. The court wrote its own law to fit the occasion, thus stepping out of its judicial role and invading the province of Congress.

The court's reasoning could be extended to ownership of the iron ore deposits under the Great Lakes, kelp (an iodine source) from the coastal states, copper and precious metals of the Western states, coal of the Eastern states.

"It can happen here," warns Robert Lee Bobbitt of San Antonio, former attorney general of Texas and chairman of the Texas state bar committee to fight the Supreme Court decision.

"If you have any doubt, then take a look at once proud and powerful old England. That once great empire stands socialized and paralyzed."

No End, No Limit

Gasped Senator Tom Connally of Texas after the Supreme Court decision last year:

"Is there no possible end or limit to arbitrary power?"

When the Federal Government

extends ownership of lands it does more than acquire property.

The more property the government owns, the fewer taxes the states can levy on lands and resources.

Reduce the tax dollar income of a state and it becomes less powerful as it becomes poorer. It must look to the central government for financial help. And with that financial help comes greater federal powers over the states and their citizens.

The stakes in the "big grab" scheme are tremendous.

Each year, Pennsylvania scoops from 800,000 to 1,500,000 tons of coal from river beds.

Delaware has 50,000 acres of oyster beds, leased out by the state government for revenues.

More Than Just Oil

While the suits against Texas, California and Louisiana involved Tidelands oil, it must be remembered that the Federal Government claims all Tidelands—not merely those containing oil.

Only 15 miles of the California coast is producing oil, but the federal government is fighting to obtain control over the other 1,185 miles.

Long Beach, Calif., is a classic example of what other harbor cities, such as Boston, Mass., are threatened with. More than 20 square miles, or 37 per cent, of the entire area of Long Beach is Tidelands. They include the public harbor, the beach, the amusement zone, the Municipal Auditorium, Public and private investment on these lands is estimated at more than \$200,000,000 by Board of Harbor Commissioners.

Maine has more of its Tidelands under kelp leases than Texas has under oil leases.

Removed From People

Florida, with the longest coastline, receives far more money from the use of its Tidelands resources of fish, shell sand, hotel and pier sites than Texas does from Tidelands oil.

Government will be further removed from the people, instead of being brought closer to them, if fishing, cultivating oysters, building docks and ports, removing seaweed, oyster and conchina shell, digging oil wells and engaging in all other activities in the marginal sea are controlled by bureaus in Washington," observed the University of Florida Law Review. "Yet the decision leads to precisely this."

Equally alarmed was the Marquette Law Review.

The Supreme Court's Tidelands decision language was so broad that "it could be held to apply to other state-owned property, if not to private property," said the Marquette Review.

Steady Whittling Away

Carried to its logical conclusion, this doctrine of national ownership could be applied to almost any kind of property—state or privately owned.

"The steady whittling away of the rights of the states is a cause for concern of everyone."

Aside from certain federal officials, including President Truman, whose philosophy supports greater powers for the Washington government, the "Big Grab" campaign has been encouraged by those who hope to profit from federal leases if they can upset state titles.

Resolutions are pending in Congress that would repudiate the Supreme Court decisions against the states.

Such legislation will have to hurdle the White House.

Although Congress, in 1948, passed a resolution by overwhelming vote to give the states undisputed title, President Truman slipped on a veto. His excuse was that the matter was pending in court and Congress should not interfere while the court was deliberating.

Truman probably will veto the new resolution if Congress passes it. He'll have to think up a new excuse this time.

And there is a good chance that states can muster the votes to veto his veto.

The End

CORPORATIONS DISSOLVED

AUSTIN — Secretary of State John Ben Sheppard has announced the dissolution of three domestic corporations in Midland. They are the A&L Housing & Lumber Company, Basin Drilling Corporation and Starr Gas Company, Inc.

Dunlap's

Scottish Pigeons Like Their Scotch

LEVEN, SCOTLAND —(AP)—The Town Council gave its 200 recalcitrant pigeons a liquor party Saturday night, but not a bird was in hand Monday for the anticipated pigeon pie.

The pigeons have been making a nuisance of themselves from perches in the town hall. The council fed them grain soaked in Scotch whisky, expecting to get the birds drunk and then catch them.

But the birds gobbled up the whisky-grain, soared drunkenly back to their rooftops and teetered there until they sobered up.

Said Borough Surveyor A. V. Samuel, author of the plan for alcoholic disposal:

"Either the whisky is watered down these days or these birds are old drinking hands."
