Oil Editor

Mississippian Yields Clean Oil On DST In C-N Dawson Wildcat

A four-hour drillstem test in Mississippian lime and chert developed 370 feet of clean oil at Amerada Petroleum Company No. 1 Adcock, wildcat in Central-North Dawson County.

The section from 10,291 to 10,373 was tested. No top of the Mississippian has been picked.

Total recovery on the test was 630 feet of gas, 1,350-foot water blanket cut with oil and gas, 370 feet of clean oil and 160 feet of slightly oil and gas-cut mud.

Open flowing bottom hole pressure was 600-645 pounds. Shutin pressure after 15 minutes was 2,790 pounds. Gravity of the oil recovered was 34.9 degrees.

The No. 1 Adcock is now being drilled below 10,396 feet.

Location is 1,530 feet from west and 467 feet from south lines of section 108, block 34, D&SE survey, T-7-N.

The possible Mississippian discovery tested salt water in the Sprawn, Spraberry, and the Pennsylvanian reef.

N-C Borden Tester Tops Pennsylvanian; Indicates Discovery

Stanolind Oil & Gas Company No. 1 Miller, North-Central Borden County wildcat, five and one-half miles north and slightly east of Gall has found some indications of production in the top of the Pennsylvanian lime reef in the zone at 7,990-8,019 feet.

A drillstem test was run on that interval. The test was open two and one-half hours. Gas surfaced in 24 minutes.

Recovery was 270 feet of free 44-gravity sweet oil and 180 feet of oil and gas cut drilling mud. There were no signs of water.

No open flowing bottom hole pressure was reported. Shutin bottom hole pressure was 1,650 pounds. Length of the shutin was not reported. Operator is preparing to drill deeper.

Tentative top of the reef line has been called at 7,995 feet.

Location is 680 feet from south and west lines of section 3, block 30, T-5-N, T&P survey.

Extension Assured Tex-Harvey Field

A two miles south extension to the southeast side of the Tex-Harvey oil field has been assured at Fred M. Allison and associates No. 2 Judkins-Walton, Central-West Glasscock County wildcat, which is less than one-half mile east of the Midland County line.

The prospector took a seven and one-half hour drillstem test in the top of the Spraberry at 6,896-6,935 feet.

No fluid came to the surface while the tool was open. However, when 15 dry stands of drill pipe had been pulled it started unloading oil.

The pipe unloaded oil three more times while the tester was being pulled. Operator calculated that the pipe had filled up with 43 barrels of new oil during the seven and one-half hour test.

There were no signs of formation water. Shutin bottom hole pressure after 30 minutes was 2,100 pounds. No open flowing bottom hole pressure gauge was reported.

The project is to drill to 7,030 feet and Hydracraft the open hole between the bottom of the 7-inch oil string, which is cemented at 6,896 feet, and the total depth and then make production tests.

Top of the Spraberry is at 6,890 feet. That is on a datum of minus 4,303 feet.

Location is 1,980 feet from west and 660 feet from north lines of section 43, block 36, T-3-S, T&P survey. It is 20 miles southeast of the City of Midland.

SW Terry Explorer To Test Ellenburger

Anderson-Fritchard Oil Corporation has filed a supplemental application with the Railroad Commission of Texas for permission to continue drilling until the Ellenburger is reached and tested in its No. 2 Seales, assured producer in the Wellman-Wolfcamp field of Southwest Terry County.

The project topped the Wolfcamp reef at 9,346 feet, to give it a datum of minus 6,033 feet on that marker.

That makes it the highest well on top of the reef for that field. Water level in the reef in the area is at a minus 6,825 feet. That should give

Chinese Reds Retreat Across 38

Regan Sparks Opposition To Depletion Cut

WASHINGTON—(P)—More than a score of oil-states congressmen were ready to testify Monday as the House Ways and Means Committee again took up the subject of the oil and gas depletion allowance.

Under existing law, oil and gas operators can deduct 27 1/2 per cent from their earnings in federal income tax returns. The Administration wants the figure trimmed to 15 per cent.

The legislators, particularly those from such major producing states as Texas, Oklahoma, Louisiana and California, headed for the committee room with figures to back up their contention that the present rate should be retained.

Among them was Rep. Ken Regan (D-Texas), who was active in the oil business before coming to Congress.

In a statement prepared for delivery before the committee, he emphasized that the 27 1/2 per cent allowance had been approved by Congress more than a quarter century ago for two basic reasons.

These, he stated, are: (1) the value of oil and gas holdings diminishes as the irreplaceable natural resource is developed; (2) operators are subject to unusual financial hazards peculiar to their industry.

"It takes a lot of money to carry on the search for oil and drilling of new wells in an area like West Texas," he said.

"In 1950 there were more than 4,700 wells drilled in one area of the state. The cost of that drilling was probably about \$250,000,000, a good deal of which was spent on dry holes."

Earlier this month, petroleum industry spokesmen denounced the Administration's tax proposal in testimony before the committee, saying the proposed cut might result in decreased production when more oil is needed for defense.

Some congressmen, who were pessimistic when the Treasury first recommended the depletion rate reduction, express the belief now that there is little likelihood it will be disturbed at this time.

Representative Morris (D-Okl.) was to testify on behalf of the entire Oklahoma congressional delegation which, he said, unanimously opposes any change in the depletion allowance.

The benefit of the allowance to independent companies was to be stressed by Rep. Omar Burslem (D-Texas).

"They are the backbone of the petroleum industry," he said in a prepared statement, "and should they be denied the consideration now recognized as necessary, there is no question but that we shall experience less exploration, resulting in fewer discoveries and lower reserves."

Although expressing confidence the present rate would be left unchanged, he declared that if any reduction ever is made it should be on a graduated basis similar to income tax brackets.

SHADOWS OF WAR—Fortieth Infantry Division soldiers at Camp Cooke, Calif., make a dramatic contrast to the phosphorous grenade explosion against which they are silhouetted. The former California National Guardsmen are undergoing realistic training before embarking for Japan late in March.

Little Action Is Recorded In 83 Hours

TOKYO—(P)—South Korean troops swam the chilly Hongchon River in Central Korea Monday in pursuit of Communist forces pulling back toward the 38th parallel.

The Republic of Korea (ROK) soldiers were spearheading the central front drive of the U. S. Eighth Army, which has set up strong forces in a holding line only 17 miles south of the politically sensitive parallel.

The ROK's faded back when they first met the Reds.

But they sent strong patrols out in a flanking movement until they were north of the Chinese. Then they smashed the Reds simultaneously from the front and rear.

American liaison officers with the South Koreans counted 251 dead Chinese after the battle.

The ROK's captured a battery of 75-mm howitzers, several mortars and rifles, and large quantities of ammunition.

It was the first action of any size along the Korean front in 83 hours.

Mystery Of Red Plans In Korea Grows

CENTRAL FRONT, KOREA—(P)—The big enigma of the Korean war—what goes on in the Chinese Communist military mind—grows more puzzling by the day.

One school of Allied front line thought holds that the Reds are in full-scale retreat—bordering on confusion as the United Nations push north from Seoul three last enemy position that attacked it 20 miles south of the parallel on the western front.

Another group says the Reds have something up their sleeves and are withdrawing for a purpose, leaving small pockets of resistance at vital points to fight delaying actions.

Those who go along with the disorganized withdrawal theory point to the number of Chinese who have surrendered—tens of thousands—prisoners' tales of Chinese hardships—shortages of food, medical supplies and ammunition. They cite the seizures of Red arms and equipment.

And they say no further proof is needed than the intricate system of defenses the Chinese have been giving up without a serious fight.

Some of these entrenchments are (Continued On Page Nine)

The brief announcement said patrols were operating "miles north" of the five points and in all other sectors. It did not say how many miles.

Whether the UN would drive back across 38 was a knotty problem before the world's diplomats and military leaders.

The Chinese appeared to have given up their last main military base south of the parallel—Chunchon, eight miles below the line in Central Korea.

Reports to Eighth Army headquarters also indicated the Reds had abandoned well-prepared defenses along the Hongchon River, south of Chunchon.

Flashing Air Action

There was flashing air action Monday.

Twenty-four F-80 Shooting Stars, flying under cover of 12 F-84 Sabres, jets, firebombed, rocketed and strafed the airfield at Sinju on the Yalu River boundary between (Continued On Page Nine)

Six Nations Sign Schuman Plan For Coal, Steel Pool

PARIS—(P)—Six nations of Western Europe Monday initiated the Schuman Plan for pooling most of their coal and steel.

The agreement, coming after nine months of negotiations, constituted one of the most ambitious economic proposals made in Europe in this century.

The plan for an international control of West Europe's major resources were initiated at noon Monday at the French Foreign Ministry by technical experts of the six nations—France, Italy, Belgium, Luxembourg, The Netherlands and West Germany.

The signing still leaves the plan a long way from realization. The cabinets of the six nations next must approve it. Then the plan faces its greatest obstacle—ratification by the six national parliaments.

There is still much opposition to the proposal. Negotiators believe it will take months—possibly a year—before it can be called finished.

Foreign Ministers To Convene In U. S.

WASHINGTON—(P)—Western Hemisphere foreign ministers meet here next week for a conference expected to produce a new basic strategy for the defense of Central and South America.

Secretary of State Acheson, as United States representative, is expected to urge such of the 21 nations:

1. Not only to prepare its own defense but also, through the Inter-American Defense Board, to join in developing an overall strategic plan.
2. To increase and speed up its military program with possible U. S. assistance.
3. To designate some units for United Nations service to oppose aggression anywhere in the world, on the theory that the strength of the UN is an essential part of hemisphere security arrangements.

The principles of joint defense and troop contributions to the UN have been adopted in previous inter-American and United Nations meetings. Acheson and his aides hope practical steps now will be ordered by the foreign ministers to make these principles effective.

Shivers Signs Two Redistricting Bills

AUSTIN—(P)—Gov. Allan Shivers' signature Monday assured Texas of the first legislative redistricting in 30 years.

Final legislative action on the House redistricting bill came March 6. Final action was taken on the Senate realignment measure March 5.

Two Officers Hurt In Woolly Weekend

Two Midland police officers were recovering Monday from knife and brass-knuckle wounds after a wild weekend of disturbances landed 28 men in jail with a collection of weapons ranging from knives to blackjacks.

The two officers, Sgt. Clyde Allison and Patrolman Scott Clay, were wounded in separate incidents while attempting to arrest negro men.

Price Daniel Calls Parley To Plan War On Organized Crime

AUSTIN—(P)—Attorney General Price Daniel Monday called a conference of local prosecutors to wage war on organized crime.

Daniel called for action to stamp out organized gambling, and said he wanted to serve notice that racketeers bring ruin out of other states are not welcome here.

One of the speakers at the March 30-31 conference here will be Chairman Fred Meridith of the House Crimes Investigating Committee. Another will be Col. Homer Garrison, Jr., director of the Department of Public Safety.

Daniel's call went out to 315 prosecuting attorneys.

"I know of no group which can sound the warning and back it up better than the county and district attorneys acting in cooperation with their local law enforcement officers," Daniel said.

"Recent bomb killings aimed at Fort Worth and Dallas gamblers and charges of corruption of local officials by gambling interests in other areas indicate that the situation is already bad enough to be of statewide concern," he added.

Tahoka Soldier Dies In Oklahoma Accident

SALLISAW, OKLA.—(P)—Pvt. Harold B. Craddock, 25, of Tahoka, Texas, was killed Monday in an automobile accident which injured his companion.

A car in which Craddock was riding went out of control east of Gore on U. S. Highway 64.

Pvt. Ken Ewell Williams, 22, of Halls, Texas, was in a serious condition in a Sallisaw hospital.

Both soldiers were stationed at Camp Chaffee, Ark.

Iran Ex-Official Is Shot, Wounded By Student Fanatic

TEHRAN, IRAN—(P)—Dr. Abdul Hamid Zanganeh, former education minister and close friend of the late Premier Ali Razmara, was shot and wounded Monday by a student he had caught cheating on an examination. A Communist tie-up with the attack also was sought.

Police arrested the gunman, a young Moslem divinity student at the University of Tehran, and began an investigation to determine whether he was a member of the Communist Tudeh Party—the bitter enemy of Zanganeh.

The 46-year-old educator, president of the university law faculty, had been the target of frequent leftist student demonstrations in the last two years.

Police also sought to determine if the student, Nurattullah Abdul Hossen Qumli, was linked with Fadayay Islam, the fanatic Moslem group from whose ranks came the gunman who assassinated Premier Razmara March 7.

Zanganeh, however, had not been involved in the oil nationalization dispute which was responsible for the premier's death.

U. S. Officers Hold 'Col.' Jack Lively, Ex-Midland Newsmen

ALBUQUERQUE, N. M.—(P)—Alonso G. Lively, 31, is being held here under federal charges of impersonating an Air Force officer.

He told reporters he was a native of Virginia and was a former Texas newspaper man. He was associated with The Midland Reporter-Telegram from January to June, 1945.

Lively entered a plea of guilty Sunday at his arraignment before U. S. Commissioner Owen J. Mowrey. Percy Wily, II, New Mexico FBI chief, said Lively also may face charges of fraud against the government, illegal wearing of a uniform and passing bogus checks.

Wily said Lively was known at Kirtland Air Base for 18 months as "Colonel Jack"—a retired Air Force colonel. He was thought to have served with the Royal Canadian Air Force, won the Victoria Cross, and finally retired from the U. S. Air Force with 70 per cent disability. Actually, Wily said, Lively served only six months in the U. S. Army in 1940.

Wily said the FBI entered the case when Kirtland officers received reports that a Maj. Jack Lively, who said he was stationed here, had passed some bogus checks in Texas.

NPA Field Men Set Midland Visit

Milton E. Hopper and Hibbert H. Dancy, field representatives of the National Production Authority of the U. S. Department of Commerce, will be in Midland Tuesday night and Wednesday morning to confer with interested persons concerning the various NPA orders and regulations.

Harlan Howell, chairman of the Industrial Committee of the Midland Chamber of Commerce, said all businessmen and others of Midland and vicinity who have problems or questions relating to NPA matters, are invited and urged to contact the government representatives.

Hopper and Dancy will be at the Chamber of Commerce office in Hotel Scharbauer from 7 to 9 p.m. Tuesday and from 8:30 to 10:30 a.m. Wednesday.

MGM Scores A Bull's-Eye With Esther The Mermaid

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Movies Without Popcorn.

The movie master-minds, stumped for years on the problem of how to get Esther Williams in and out of the water, come through with flying colors in MGM's "Texas Carnival."

Esther's the mermaid in the collapsible swing who gets dunked whenever a midway customer scores a bull's-eye and even Red Skelton and Howard Keel, her co-stars, mutter "Poor Esther," her co-baseball fly and she gets drenched.

It wouldn't surprise me a bit if Esther followed "Texas Carnival" with other movies that pack a Horatio Alger wallop. Imagine her as a humble lass who dreams of glory while cleaning out the swimming pools of Hollywood stars.

Mickey Rooney, Sally Forrest and Monica Lewis are the stars of MGM's "The Strip." I watch Monica do a song-and-dance number at Ciro's for the picture. The studio has taken over the Sunset Strip glamor lean-to for the day. A sequence featuring Vic Damone already has been shot at the Mocambo.

I note that Monica, who first attracted movie attention with her plunging necklines, is wearing a high-necked gown.

"It has to be that way for movies," she explains. "They've taken the slit in the neckline and transferred it to my skirt." She shows me an expanse of gam and grins:

"This is a plunging neckline."

Traffic, Varied Violence Take 16 Lives In Weekend

By The Associated Press

A spectacular plane crash and a gun battle between a detective and an ex-convict were part of Texas' 16 violent deaths over the weekend.

Nine persons died in traffic accidents. Shootings, fire, clubbings, and stabbings accounted for the others.

The plane—a jet fighter—lost its power shortly after taking off Saturday from Goodfellow Air Force Base at San Angelo. The plane smashed through a house, set fire to it and hit a car. The flames destroyed the plane, the house, the car and another house and car.

Joseph O. Harris, who lived in one house and was the only person in either one at the time of the crash, died of burns. The pilot was injured critically.

El Paso Gun Battle

In El Paso, Detective Ralph Marmolejo, 26, gave chase to two suspicious characters he spotted in a dark alley late Saturday night. Marmolejo's partner said this happened: A shot from the darkness hit the detective in the stomach; he dropped to one knee and fired four rapid shots, then slumped forward and died. Not far away, Oscar Richards, an ex-convict, was found critically wounded by Marmolejo's bullets.

Lloyd Nash, 57, district manager of the Tidewater Associated Oil Company in Midland, was found shot to death in his backyard.

Melvin (Red) Motley, about 35, was shot to death on a street in Rotan Friday night. W. D. Ernest, 33, was charged with murder.

Wave Gets Leave To Visit Husband, Told Of His Death

FORT WORTH —(AP)—A WAVE who had planned to spend a weekend leave with her sailor husband Monday was making arrangements for his funeral.

Bert Thomas Fox, 21, photographer's mate, third class, was one of six men killed Saturday in the crash of a Navy plane near Calhoun, La.

His wife, Mary Lou Fox, had come here from Corpus Christi Naval Air Station. Sunday she was given a 15-day emergency leave, to complete arrangements for her husband's funeral.

They met while attending a photography school at Pensacola, Fla., and were married in Fort Worth in December, 1950.

Also killed in the crash was John F. Hanrahan, 20, airman apprentice and former Fort Worth High School football star. He was making his first airplane ride and was enroute home on a surprise visit.

Another of the victims was Ensign James F. Mahan, co-pilot, of Texarkana, Ark.

\$35,000 GRAIN FIRE

SWEETWATER —(AP)—Eight cars of grain and an elevator of the Moore-Eldson grain Company were destroyed by fire Sunday. Damage was estimated at \$35,000.

THE WAY TO CALVARY

Before Pilate delivered Jesus to be crucified, the Nazarene was taken to be scourged by the soldiers of the governor. Tied to a pillar, He was given forty lashes. It was a murderous punishment and left Him barely able to stand.

Then He was crowned with thorns. The soldiers plaited a circle of coarse thorns and pressed it on His brow. Putting a purple cloak on His shoulders, and a reed in His hand for a scepter, they knelt to Him and mocked Him as a king.

Finally restoring His own garments, the soldiers led Him into the street where He was forced to stand, and a crude, heavy wooden cross was placed on His shoulder. The journey to Calvary began.

Rainbow Girls Have Initiation

The Rainbow Girls held initiation services Saturday in the Masonic Hall for Betty McNulty and Barbara Munson. Mrs. George A. Burnam, worthy matron from the Eastern Star Chapter in Marble Falls, was a special guest. Mrs. Burnam is the aunt of Wanda Greene, the worthy advisor.

Those attending were Harriett Higgins, Mr. and Mrs. R. S. Higgins and Yvonne Cry of Stanton; Shirley Roberson, Dana Roper, Deneva Merrill, Sue Talkington, Nancy Lou Kilgier, Ruth Ann Rhodes, Mary Sue Adams, Barbara Long, Mary Ann Searles, Simone Walker, Sara Ann Cameron, Anne Billingsley, Lavonne Bell, Peggy Oresthouse, Mrs. Jesse K. Baker, Mrs. Ray Gwyn, Mrs. Ophie Pope, Mrs. J. B. McCoy, James J. Johnson, G. O. Hassel, Mrs. W. M. Keisling and Mr. and Mrs. E. W. Clemens.

Plans were made to observe the organization's anniversary April 8 by attending the First Methodist Church as a group.

Fifteen Children Attend Story Hour

Fifteen children heard stories told by Mrs. William Donnell at the Children's Story Hour Saturday in the Midland County Library.

The stories told were "Red Rooster," by Boutwell; "The Big Noise," Weir, and "The King's Stills," Dr. Seuss.

Children attending were Jimmie Callie, Joan Davis, Eddy Davis, Linda and Judy Six, Mary Caldwell, Betty Caldwell, Douglas Hamlin, Ernest Fuller, Linda Everts, Joanna Beadie, Cap Beadie, Vicki Tom, Sandra Taylor and Evelyn Schafer.

SANCTUARY CHOIR TO GIVE CANTATA

The Sanctuary Choir of the First Christian Church will present an Easter Cantata at 8 p.m. Thursday in the church.

Holy communion will be observed in conjunction with this service.

Advertise or be forgotten.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 19, 1961-3

Nu Phi Mu Has Installation Tea

Unit One of Nu Phi Mu Sorority honored Unit Two with a tea Sunday in the home of Mrs. John Rhoden, Jr. The tea was for the purpose of installing advisors and Unit Two pledges.

The table was covered with a cream-colored lace cloth over blue and centered with an arrangement of pink roses. Blue candles in silver holders carried out the sorority's colors.

Thelma Denson was installed as registrar of both chapters and as such she will serve as the representative from national headquarters to Midland.

Mary Lynn Cliff was installed as co-advisor of Unit One and Mrs. Randy Rubin took office as advisor of Unit Two.

In the receiving line were Mrs. Rhoden and Mrs. Paul Haskins. Mrs. Denson poured.

Pledges installed were Ramona Clark, Ruth Eckert, Anne Kiebold and Jean Slaughter. Others attending were Mrs. Jack Clark, Joan Wallace, Clyde Parnelly, Louise Harless, Verda Bartlett, Mrs. Louis Pinkerton, Dorothy Raines, Ellen Hartwick, Mrs. Alton Brown and Martha Patterson.

Discussion Of Girl Scout Program Opens

ANDREWS—Mrs. J. E. Starley of Pecos, area executive director of Girl Scouts, was due to be here Monday through Friday to discuss organization of adult work with the scouts.

The meetings were to be held at 1:30 p.m. daily in the Community Building and adults interested in the Girl Scout program were urged to attend. Mrs. Ray Frazier, Mrs. M. J. Smothers and Mrs. Roy Brown formed a committee to furnish information to interested persons.

Parents of small children would find a baby-sitter on duty at each meeting, the sponsors said.

METHODIST CHOIR TO GIVE CANTATA

McCAMEY—"The Resurrection Morn," an Easter cantata by Esie D. Yale and Lawrence Keating, will be presented by the First Methodist Church Choir Sunday night. It will be under the direction of Mrs. Lewis West.

Mrs. C. L. Nettleship will be the accompanist.

Music Club Has Program And Business Meet

The Moment Musical Club met Saturday in the Watson Studio for a business session and a program with Patsy Hickey, second vice president, in charge.

The program was as follows: A hymn played as a trombone solo, Donald Stevenson; "The Life of Schumann," a talk by Juanda Bradshaw; "Guitar Obligato," Ned Watson, and "Zacapecas," a piano solo by Juanda Bradshaw. Several Irish jokes were told in honor of St. Patrick.

Sandy and Ted Kubie were the guests of Walter John Miller and Rusty Bonds was the guest of Juanda Bradshaw. Ann Skidmore attended as the guest of her sister, Bonny, and Bobby Majors was the guest of Patsy Hickey.

Members attending were Fraylyce Hardgrave, Linda Breith, Jean Hawkins, Pam Woody, Jimmy Mashburn, Hazel Kay Long, Lorraine Carlson, Patsy Wilkerson and Nancy Prout.

P-TA Study Group To Sponsor Film

The North Elementary Pre-School Study Group will sponsor the showing of a film on "Personality Development of the Young Child" at 10 a.m. Tuesday in the visual education room of the high school.

The film is supplied by New York University. Charles Dent, of the University of Texas, in-service instructor for public schools in education and psychology, will show the film and lead the discussion.

Anyone interested is invited to attend.

Baptist WMS Honors Andrews Senior Class

ANDREWS—The 1961 Senior Class of Andrews High School was honored Thursday with a banquet given by the Women's Missionary Society of the First Baptist Church.

The Rev. Cecil J. Pearson, pastor of the Monahan First Baptist Church, was guest speaker. The group was led in singing by Bryan Baker, choral director for Andrews High School. Max Ramsey served as master of ceremonies. Robert Forbes, senior class president, spoke for the class.

SMALLFRY MODELS—Judy Gay Briston and Joe Pennell will model in the Children's Style Show to be given at the David Crockett Parent-Teacher Association meeting at 7:30 p.m. Tuesday. Judy models a dark green linen suit with a batiste blouse from Teen Haven. Joe wears a Tom Sawyer suit of natural colored sharkskin from S&Q Clothiers.

P-TA To Have Style Show

The David Crockett Parent-Teacher Association will have a Children's Style Show at its regular meeting at 7:30 p.m. Tuesday in the school. Juanita Stinnett is in charge of the style show.

This meeting has been designated Father's Night and room prizes will be given to the room having the most fathers present.

The nursery will be open.

NAMED SORORITY PRESIDENT

Shirley Lee Winter, daughter of Mr. and Mrs. N. B. Winter, recently was elected president of the University of Texas chapter of the Delta Zeta Sorority. She also was chosen secretary of the Faultfinders Club, the university geological society. Miss Winter and her brother, Niles, both students at the university, will arrive in Midland Thursday to spend the Easter holidays with their parents.

"I WANT TO TELL THIS TO WOMEN IN YOUR 40's"

I find Lydia Pinkham's Vegetable Compound wonderful to relieve distress of 'change of life'

"Any woman between the ages of 38 and 52 should be interested in my experience. I was going through functional change of life and found myself terribly embarrassed from hot flashes, and I felt so nervous, easily upset because of this. "What really shocked me was when I overheard my husband explaining my shortcomings behind my back. He said, 'Don't mind Louise—she's going through change of life.' That made up my mind. I had heard how effective Lydia Pinkham's Vegetable Compound was for relieving such symptoms, and I decided then and there to try it. Thank heavens I did. "I find Pinkham's Compound simply marvelous to relieve embarrassing symptoms due to this cause. In fact I now take Lydia Pinkham's Compound regularly to help build up resistance against hot flashes, tense emotions, flighty, nervous, tired feelings—due to this cause. I wish anyone when troubled this way would try this great medicine." F. S. Pinkham's Compound tastes well in a little fruit juice or plain water. A wonderfully effective medicine made especially for women.

Housewarming Honors Barbers

Mr. and Mrs. V. C. Barber were honored with a housewarming Saturday night in their home. The party was given by friends in Midland and Big Spring.

Mr. and Mrs. Barber recently moved to Midland from Big Spring. Guests from Big Spring were Mr. and Mrs. George Grimes and son, Mr. and Mrs. R. S. Grimes and Dickie, Mr. and Mrs. Roy Spivey and Judy, Mr. and Mrs. Thomas Gill and Jimmy, Mr. and Mrs. Leroy Findley and Sara Lea, Mr. and Mrs. J. L. Stephens and Sherry, Mr. and Mrs. Neil Bryant, Dick Hooper, Mr. and Mrs. A. B. Jernigan, Mary and

Patsy, Mr. and Mrs. George Franklin, Mr. and Mrs. John E. Brown and Mrs. R. I. Findley. Midland guests were Mr. and Mrs. J. O. Langston and Linda, Mr. and Mrs. Lory Absher, Len and Lory Jay, the Rev. and Mrs. A. L. Tefft, A. L., Jr., and LaLee.

Not Question Of Money

The so-called "great debate" on sending more U. S. troops to Europe still rages. Every American concerned for his own and his country's future must hope it is wisely resolved on its real merits.

With that objective in view, it is possible here and now to eliminate from the argument one element that has been injected by some of the debaters. That is the issue of cost.

Senator Taft and some others who oppose leaving the troops-for-Europe question to our military leaders have many reasons. And one of them is that we cannot send too many men abroad because we cannot afford it.

To say that this issue doesn't belong in the debate is not to say that we should be indifferent to the cost of our military ventures, in Europe or anywhere else. On the contrary, we should monitor the expenditure of every dollar spent for defense.

That's not the point. What is the point then? It's that the debate over troops-for-Europe is basically an argument over how and where we can best commit our strength for the defense of America and the whole free world.

Does a free people shrink from the cost of preserving its liberties? At what stage can you no longer "afford" to save freedom?

This country spent \$350,000,000,000 to win World War II. Is there any American who doubts we would have put out twice that sum if it had been necessary to keep Germany or Japan or both from conquering this country?

The answer is evident to all. You can always "afford" the costs of guarding freedom. When you decide that you cannot, you already have yielded your liberties and succumbed to tyranny.

As we spent in World War II to snuff out the menace of Hitler and Tojo, so today we will spend to gird the free world to meet the threat of Russian global ambition. The only matter to decide is how we shall spend to do this job.

If the United States Senate, in its considered wisdom, votes to support Administration proposals for the dispatch of a greater armed force to Europe, then there can be no hesitation about our providing the money needed. Whatever the reasonable cost, we shall HAVE to afford it.

It would be small recompense to know we had balanced our national budget if in the pursuit of this goal we had lost our priceless heritage of freedom.

Waking Up At Last

The British have made a very bold decision. They have agreed with American officials, that "small incursions" by United Nations troops over the 38th parallel in Korea will be permissible, at the discretion of General MacArthur.

This means that should the general want to send any force from a patrol up to perhaps a platoon to explore or raid enemy positions, he may do so. The British acknowledge that whether to do this or not is a matter for military, not political, judgment.

Thus for the first time in many a month the British have taken a step which suggests they may be something less than totally embarrassed and chagrined at the UN's persistent efforts to penalize Communist aggression.

It's a minor triumph, to be sure. It won't have any lasting meaning until the British recognize that the UN forces are in Korea to whip the enemy—if that is possible. Failing that, they are there to prevent him from winning.

Certainly they are not there as a prelude to a "settlement" which would give to the North Koreans and the Chinese what they would have attained had the UN never stepped in to balk their aggression.

How far the UN armies shall go northward in pursuit of their military aim to crush the enemy is fundamentally a military decision. The British now have one eye slightly open to this reality. The free world will be waiting to see if they can wake up completely.

Ingenuous Buck-Passing

Russian logic is often wondrous to observe. Andrei Gromyko, a specialist in the Soviet Union's corkscrew brand of reasoning, produced a veritable gem the other day at the Paris Big Four meeting.

Though it is well known that Russia has delayed unendingly an Austrian peace treaty whose terms already are largely agreed upon, Gromyko offered a different explanation. Since the negotiations for this pact are "multilateral"—engaged in by many nations—then all parties to the talks are automatically equally responsible for their success or failure.

In other words, Russia's stubbornness is beside the point. The Soviet negotiators could walk out 50 times and it still would be EVERYBODY'S FAULT.

To Brother Gromyko, the 1951 Pulitzer Prize for the most ingenious buck-passing operation of the year.

WASHINGTON COLUMN

Touchy Questions Dealt With At First Manpower Meeting

By PETER EDSON
NEA Washington Correspondent
WASHINGTON—Following the first meeting of the government's Advisory Committee on Manpower in Washington, labor hiring and placement policies for the national defense effort will begin to take shape.

Manpower control has been a principal bone of contention in the union labor leaders' walk-out from participation in the defense program. The United Labor Policy Committee has wanted manpower direction left in the Department of Labor.

Because of the ruckus stirred up by the Labor Policy Committee, Dr. Fleming has kept pretty well in the background since coming to Washington for his new job.

It brought together the operating heads of manpower agencies in Departments of Defense, Labor, Agriculture, Defense Production Administration, Selective Service, Federal Security Agency, Wage Stabilization Board, Housing and Home Finance Agency.

Principal administration will be under ex-Senator Frank P. Graham, just named manpower director in the Labor Department, which already has started to get up labor-management advisory committees.

So far, no one formally has advanced the need for a "work or fight" universal service plan. Union labor leaders have tried to institute that this move was coming.

Among the problems before the Fleming office and the Manpower Advisory Committee are:

1. A quick training program. With fuller employment now, there are more skills to draw on. During the last war 14,000,000 working men and women had to be given vocational training. It won't have to be that big a program this time.

2. Unemployment insurance. As civilian industries close down for lack of materials, there may be some unemployment. President Truman previously has requested increased unemployment insurance benefits and lengthening the insured period.

New recommendations again may go to Congress. So far, however, employment has increased from month to month. If this keeps up, the transition to defense production may be smoother and with little disruption.

3. Change the work week. If a manpower shortage develops, demands for a longer work week will be heard. So far, the only proposal is to go from 40 to 44 hours before starting overtime rates. In the last war the drive for a 48-hour work week fell flat.

4. Plant location. There is today no area in which a new defense plant can be put to draw on surplus labor. Every new site selected in the future will have to be determined by a shift of labor from non-

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1951, By The Bell Syndicate, Inc.)
Drew Pearson says: German big business cuts own country's throat by aiding Communists; Strategic materials shipped to Soviet satellites help arm Red army; Germans mystified by Patterson's switch on handling cartels.

(Ed. Note: Drew Pearson is on a flying tour of Europe and the Middle East, surveying the world situation.)

FRANKFORT — At the same time that the West Germans want more American troops to protect them against the threat of the Red Army, a steady stream of strategic materials is rolling out of Germany to help arm that Red Army.

This secret aid to Russia does not represent the real sentiment of the West German people or their new Bonn government. But it does represent the sell-both-sides-down-the-river attitude of the big industrialists.

At the same time that the West Germans want more American troops to protect them against the threat of the Red Army, a steady stream of strategic materials is rolling out of Germany to help arm that Red Army.

Here are a few examples of how German big business is cutting its own throat by aiding the Communists.

Up to May 10, 1950, all exports of German machinery were controlled by the Allied High Commission. On that date, however, the orders were relaxed and the Bonn government was given export control.

Significantly, during the first 21 days after May 10, more ball bearings and more rubber compounds were sent to the Russian satellites than had been smuggled out in the previous five months.

Also huge quantities of crude black, precious nickel, lead, crude iron and pig iron were exported—much of it going to Communist Hungary.

These shipments continued in June, totaling twice as much as in May—even though May had set a record and even though the German government previously had agreed to ban these shipments.

Finally, High Commissioner McCloy caught one barefaced shipment of American army trucks to Communist Hungary. Nine thousand surplus trucks had been acquired by Truck and Spare Motor Vehicles, Ltd., for \$314 each. This was a legitimate sale by STEG, the agency which sells American army surplus.

But Truck and Spare Motor Vehicles, Ltd., turned around and sold 356 Army trucks to Hungary, making the sale with an official O. K. from the German government, despite the fact that this was against the regulations surrounding the sale of U. S. property.

Fortunately, alert American troops on the German border got suspicious and stopped the truck shipment. It never reached Hungary.

"Insurance" With Reds
Meanwhile, Tell Berna of the National Machine Tool Builders Association in Cleveland reports that machine-tool plants in Western Germany, financed by the Marshall Plan, are shipping vital machine tools both to Russia and its satellites.

"Tanks in North Korea," he said, "may have been made on machine tools produced by ECA money."

In Munich also, the American-published newspaper Neue Zeitung quoted the U. S. high commissioner for Bavaria, George Shuster, on leave as president of Hunter College in New York, that the Ruhr industrialists were taking out insurance with the Communist Party and that the coffers of the Communist Party were filled with their money.

U. S. officials now have informed the German government that they are distressed by leaks of strategic material to Russia and have called

on Chancellor Adenauer to have them stopped.

"Soft And Sentimental"
In the Winter of 1945, as the Russian and American armies were advancing toward Berlin, I happened to be talking to Robert Patterson, the undersecretary of War, when he remarked: "I hope the Red army gets there first and executes about 20,000 of Germany's top leaders. If we get their first well, wait, get soft and sentimental, and then let them go, soot free."

The other day the same Bob Patterson came to Germany to carry out his own prediction. He had gotten soft and sentimental toward the German cartel owners who had armed Hitler and who now are shipping goods covertly to Russia.

Have a Laugh

By BOYCE HOUSE
Little Mary ran to greet her father when he came home one evening but he held her away and said, "You mustn't hug daddy. Daddy has caught a cold and you'll catch it if you hug him."

The little girl asked, "Who did you hug, daddy?"

A housewife who was hiring a new maid inquired, "Can you serve company?"

"Yes, ma'am, both ways."
"What do you mean?"
The maid answered, "So they'll come again, or stay away."

Questions and Answers

Q—What is the earliest known wage-price ceiling law in this country?

A—As early as Dec. 31, 1776, a wage-price ceiling law was adopted by the general assembly of the State of Rhode Island and Providence plantations.

Q—How accurate has the radio-carbon clock proved in determining prehistoric dates?

A—Some of the most important time determinations now reported are of Egyptian antiquities, the date of some of which were known from history with fair accuracy. In almost every case the radio-carbon clock checked very well.

Q—Are avocados a seasonal fruit?

A—Avocados are available the year around; its Florida harvest season is from June through the Winter, and in California the season is in the Winter and Spring.

Q—Is infantile paralysis a worldwide disease?

A—Infantile paralysis appears in all parts of the world, even in the tropics and in the frigid zones.

Q—Does the cooking of carrots with the skin on prevent the loss of vitamins?

A—Carrot skin gives little protection to nutritive value in cooking. The nutritive value of pared and unpared carrots is about equal.

Lions Club Elects New Officer Slate

ANDREWS—Dr. Z. W. Hutchen-son, Jr. has been elected president of the Andrews Lions Club for the 1951-1952 term.

Dr. Hutchen-son, who succeeds Max Ramsey, attorney, will take office July 1.

Other new officers include James Roberts, first vice president; J. A. Ulmer, second vice president, and C. V. Campbell, third vice president.

The Rev. Raymond Van Zandt was reelected Lion tamer and Russell Johnson was named secretary-treasurer.

CARD Sense

Q—With both sides vulnerable you deal and bid one diamond. Your partner bids one spade. The opponents pass throughout. You hold: Spades Q-4, Hearts A-Q-J, Diamonds K-Q-J-5-2, Clubs A-K-4. What do you do?

A—Bid three no-trumps. You have all the unbid suits well stopped and high cards slightly better than twice the value of an average hand (one that contains one ace, one king, one queen, one jack, and one ten). There should be a good play for game, and your balanced hand should play well at no-trump.

TODAY'S QUESTION

With both sides vulnerable, you deal yourself the following cards: Spades Q-7-5-3-2, Hearts A-K-J-

THE STORY: Tim Reese, a scribbled veteran, has kept an excellent record since the war. He's a business with his dealings. With- out a doubt, he's the best. The cops kept him in the back of the station with Jean Reined, an ex-convict who is half-owner of the firm, who leads Tim to believe she cares for him, although her interest is purely business. The Gold Mannequin

By Myles Connolly
COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: Tim Reese, a scribbled veteran, has kept an excellent record since the war. He's a business with his dealings. Without a doubt, he's the best. The cops kept him in the back of the station with Jean Reined, an ex-convict who is half-owner of the firm, who leads Tim to believe she cares for him, although her interest is purely business. In the winter of this year, Jean Reined, who is a beauty, is going to get married. Tim Tim Reese always that he'll be able to walk again. When he can, he goes to New York to see Jean. He is received at the dress establishment by Miss Major, who tells him Jean is attending the Continental Hotel. At the Continental Hotel, Tim Reese, who is a beauty, is going to get married. Tim Tim Reese always that he'll be able to walk again. When he can, he goes to New York to see Jean. He is received at the dress establishment by Miss Major, who tells him Jean is attending the Continental Hotel.

The doorman was puzzled. "I've been hanging my hat up at the Veteran's Hospital in Cedarbrook," Tim explained. "Thought I'd like to compare it with the layout in the Empire here."

"I see," the doorman, understanding, nodded slowly. A bellboy who had just carried a guest's suitcases to a car was scurrying back to the doors.

"Jigger!" the doorman called to the bellboy. The bellboy, shivering, stopped. The doorman went to him. "Jigger," the gentleman here is with the television unit in the Main Ballroom." He winked at Jigger. "Show him in, will you? You'll find them up in the balcony."

"Okay-doke. Turned this way," Jigger, coif, righted quickly back to the entrance. "Thanks, chief," Tim, grateful, fumbled for his wallet.

The doorman shook his head. "Don't use the stuff. Give it to Jigger."

SO, Tim Reese found himself comfortably seated in a corner of the balcony of the Main Ballroom, looking down on the splendor that whirled to the music on the floor below. A few feet away from him the television men had their cameras set up and Tim to all appearances was one of the unit.

If the elegance and opulence Tim had seen at the canopied entrance of the Empire a few minutes back had seemed a fiction to him, the scene below now was pure fantasy.

It would have been an extraordinary spectacle to anybody except one jaded with luxury and weary of pageantry. But to a man who had spent years knowing only hospital walls and a rustic landscape, it could only be fantastic.

The men in their flawless formal black and white seemed like

marionettes supporting brilliantly jeweled and gorgeously gowned creatures in some sort of celestial ballet. The glowing wall lamps; the glittering chandeliers; the sumptuous flower decorations; the romantic music, added to the grand illusion.

Tim searched the whirling mass beneath him for sign of Jean Roland, followed with his eyes each flashing face, each tossing fair head, but he could not find her.

The minutes whirled by with the dancers and the evening was half over before Tim realized it. Then, the dancing and the music and the gaily stopped. The time had come to choose the dress of the year.

Jean had not been dancing. She had been saving herself till the time came for the evening was half over before Tim realized it. Then, the dancing and the music and the gaily stopped. The time had come to choose the dress of the year.

Jean had not been dancing. She had been saving herself till the time came for the evening was half over before Tim realized it. Then, the dancing and the music and the gaily stopped. The time had come to choose the dress of the year.

Jean had not been dancing. She had been saving herself till the time came for the evening was half over before Tim realized it. Then, the dancing and the music and the gaily stopped. The time had come to choose the dress of the year.

Funeral Services For Lloyd Nash, 57, Held Here Monday

Funeral services were to be held at 2 p.m. Monday for 57-year-old Lloyd Nash, district land manager for the Tide Water Associated Oil Company.

Nash, who had been in ill health for several months, died from a bullet wound through the heart at his home Saturday morning.

The services were to be held at the New W. Ellis Chapel with the Rev. Robert Small, rector of Trinity Episcopal Church, officiating.

Interment will be in a Dallas cemetery.

Born February 7, 1894, in San Antonio, Nash came to Midland in 1948 from Houston.

He was a Scottish Rite Mason and a Shriner.

Surviving are the widow; a daughter, Mrs. Joe Butt of Evansville, Ind., and three sisters, Mrs. Scott C. Rummels of Glaremont, Calif., Mrs. S. A. Williams of Dallas and Mrs. May Laves of San Antonio.

Palbearers named were: Walter Collins, Jo Butt, Bob LeBlond, Jack Creswell, O. C. Harper, Henry Shaw, Maynor G. Aham, Charles Marsha, Reese Cleveland, Arthur McEreath, John Parker, Bob Payne and Fred

Presidio Youth, Wounded In Tiff With Officers, Dies

EL PASO —(AP)— Jack Edward Jennings, 19, of Presidio, wounded February 28 in a scuffle with a deputy sheriff and a justice of the peace, died here Sunday.

Justice of the Peace J. C. Poole of Presidio was charged with assault on murder and freed on \$2,500 bond shortly after the shooting, which occurred at Presidio.

The shooting occurred after Deputy Sheriff Mack Tarwater picked up Jennings to ask why there was no license plates on his truck.

Witnesses said a scuffle followed. The deputy was shot in the hand. Poole is accused of having then shot Jennings. Jennings was taken to an El Paso Hospital March 6.

Large Turnout Views Art Work

More than 200 persons called Sunday afternoon at the residence of Mr. and Mrs. J. E. (Eddie) Simms where 20 paintings by Walter Lane, young Midland artist, were on exhibit. Lane is a nephew of Mr. and Mrs. Simms.

Lane, who studied at the famed Minneapolis Art Institute in Minneapolis, Minn., Monday placed his paintings on display at the Midland Hardware and Furniture Company, where they will remain through Wednesday. He has opened a studio at 505 North Colorado Street.

Members of the houseparty at the Sunday afternoon tea and art exhibit included Mrs. Walter Lane, Mrs. Troy Ethridge, Mrs. A. J. Norwood, Mrs. Lee O. Manning, Mrs. J. E. Lane, Fannie Bees Taylor, Cordelia Taylor, Mrs. Susie Nobles, Mrs. R. C. Maxson, Mrs. Holly Friberg, Mrs. Fred Fromhold, Mrs. John Dublin, Sr., Mrs. George Putnam and Mrs. J. W. Christian.

Entertainer Paul Wellbaum, 57, Dies

DALLAS —(AP)— Paul Wellbaum, 57, entertainer whose career went back to minstrel show days, died here Sunday.

A pianist and composer, Wellbaum toured the South with minstrel troupes. He wrote the song, "Whispering."

At one time he was staff pianist for WFAA and other radio stations. In recent years he had played with Dallas orchestras.

Council Boy Scout Clinic Scheduled

Boy Scout training clinics being conducted in the Buffalo Trail Council's 10 districts will be moved to Kermit Monday night, P. V. Thorson, executive, announced.

Clinics are scheduled at Odessa Tuesday night, Pecos Wednesday night and Monahan Thursday night.

The one-night clinics, one for each district, include conferences with various committee chairmen and members by the Buffalo Trail Council staff members.

Cotton

NEW YORK —(AP)— Monday noon cotton futures were unchanged to \$1 a bale lower than the previous close. March 45.39 bid, May 45.39 bid, July 45.37.

WEEKEND ACCIDENT

Robert DiGullio, four-year-old son of Mr. and Mrs. Fred DiGullio, 421 East Magnolia Street, received emergency treatment at Western Clinic-Hospital. The child's hip was cut by a rusty can when he was playing at home.

Coming Events

TUESDAY

The Business and Professional Women's Club will meet at 7:30 p.m. in Hotel Scharbauer.

The Terminal Parent-Teacher Association will meet at 3:45 p.m. in the school auditorium. Reagan Legg, county attorney, will speak on "Cultivating in Children a Taste for the Good."

The Pyraantha Garden Club will have a meeting followed by a covered dish luncheon at 10:30 a.m. in the Midland Officers Club.

The Willing Workers Circle of the Asbury Methodist Church will meet at 7:30 p.m. in the home of Mrs. C. W. Holleman, 2900 West Washington Street.

The Beta Delta Chapter of Beta Sigma Phi will have a pledge training program at 7:30 p.m., followed at 8 p.m. by the regular meeting in the home of Mrs. I. W. Pratt, 911 West Kansas Street.

The Child Development Study Group of the American Association of University Women will meet at 7:45 p.m. in the home of Mrs. E. J. Ferris, 2713 Franklin Boulevard.

The Adult Choir of the Trinity Episcopal Church will practice at 7:30 p.m. in the church.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 19, 1951-5

LIBRARY RECEIVES LIST OF RECORDS

Lucile Carroll, Midland County librarian, announced Monday the library has received a 1950-51 annotated list of phonograph records for children from the kindergarten through the ninth grade.

VFW AUXILIARY PRESENTS FLAG TO CARVER SCHOOL

The Veterans of Foreign Wars Auxiliary recently presented the Carver School with a United States flag. The flag is an outdoor nylon type.

GILMOURS HAVE GUESTS

Mr. and Mrs. Hugh B. Gilmour, 110 Club Drive, have as their guests Mr. Gilmour's father and mother, Mr. and Mrs. Hugh K. Gilmour, and their son, Anthony, of Hermosa Beach, Calif. The visitors plan to remain until Saturday.

IN HOSPITAL

Mrs. A. C. Midkiff, 2406 West Washington Street, was admitted to Western Clinic-Hospital Sunday as a medical patient.

First Presbyterian Pre-Easter Services Attract Large Crowds

Large crowds attended the morning and evening worship services Sunday at the First Presbyterian Church as its series of pre-Easter services got underway. Dr. John F. Anderson, Jr., pastor of the First Presbyterian Church of Tyler, is the guest minister.

Three services are scheduled each day this week—men's Bible class at 7 a.m.; women's Bible class at 9:45 a.m., and worship service, 7:30 p.m. The public is invited to attend. More than 65 persons attended the 7 a.m. service Monday, with a near-capacity attendance also recorded at the initial meeting of the women's class. "Problems That Only Christians Have" is the general theme of the Bible classes.

MRS. COWAN CIRCLE HOSTESS

The Kate Oates Circle of the First Methodist Church will meet at 7:45 p.m. Monday in the home of Mrs. Tom Cowan, 2107 West Louisiana Street.

Shower Plans Are Upset By Stork

McCAMEY—The stork pulled a fast one on Mrs. Bobbie Plato Wednesday and it looked for awhile as if the pink and blue shower which friends were planning to hold in the Park Building would have to be cancelled.

Everything worked out all right, though, and the gifts were opened in Cooper Hospital. Of course the nicest one of all, was the six

pound, 12 ounce son, Bobby Dale, Jr.

Mrs. Plato is the former Dorothy Todd of McCamey. The Platons live in Reedsville, N. C., where Plato is employed by the Fish Construction Company.

Minneapolis, Minn., is half-way between the North Pole and the Equator.

PLANS FRIENDSHIP NIGHT

The Business and Professional Women's Club will observe Friendship Night at 7:30 p.m. Tuesday in Hotel Scharbauer. Ruby Braly, district supervisor, will be the honored guest. All B&P.W. clubs of the area are invited. Reservations will be taken through Tuesday morning.

The world's largest plate accordion, a German product, has a range of 1,328 notes.

Not feeling up to par?

MOTHERS FRIEND

Livestock

PORT WORTH —(AP)— Cattle 1,600; calves 500; stocker and feeder cattle and calves slow; slaughter cattle and calves were slow but about steady; good and choice slaughter steers and yearlings 32.00-36.00; fat cows 24.00-37.00; good and choice slaughter calves 32.00-35.50; stocker calves 30.00-40.00; stocker yearlings 28.00-36.00; stocker cows 24.00-30.00.

Hogs 1,500; butchers 25-50c above Friday; sows steady to 50c lower; pigs steady; good and choice 190-300 lb butchers 21.50-22.00; good and choice 160-185 lb hogs 20.00-21.25; sows 18.00-19.00; feeder pigs 15.00-19.00.

Sheep 3,000; milk fed lambs steady to weak; other sheep unchanged; good shorn slaughter yearlings moved to feedlots; feeder lambs with No. 2 or No. 3 pc's 31.00-32.50.

TREATED FOR CUT

Martha Ann Stewart, eight-year-old daughter of Mr. and Mrs. B. P. Stewart, 805 North Fort Worth Street, received emergency treatment at Western Clinic-Hospital over the weekend. She was treated for a cut on the leg from broken glass.

DON'T TOUCH PIMPLES!

You may make them worse

Science shows that famous **S.S.S. Family Blood Tonic** brings purifying relief when Pimples, Blackheads, Bumps are caused by Low Blood Count and Weak, Poor Blood.

It's dangerous to squeeze pimples or blackheads! It's safer to try S.S.S. blood tonic... and see how it helps clear your skin. Nature's way from the inside out. S.S.S. goes right to work in the blood stream where many skin troubles often begin. As your blood conditions improve, unsightly pimples may disappear.

PROMPT RESPONSE NOTED IN ALL CASES TESTED!

In laboratory tests by University doctors on persons with different degrees of skin eruptions, sharp improvement was noted after the use of S.S.S. Tonic. So, if you are bothered with unsightly pimples, blackheads and other skin "bumps" on the face, neck and shoulders, try S.S.S. Tonic first. Millions have enjoyed the relief it brings. Look for S.S.S. in the big red box at any drug store.

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show **\$115,282,344** was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for **Civilian and Military** use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J.

Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocket-books of the Texas taxpayers.

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.

DADDY RINGTAIL

By Wesley Davis

**Daddy Ringtail And
Mystery On The Farm**

Sing it: "Old MacDonald had a farm, ee ee I oh!" Those are the words of the song that Daddy Ringtail, your monkey friend, was singing out loud with the Huffen Puffen, the friendly wolf. Yes, Old MacDonald had a farm, and on that farm was a cow, and a rooster, and some chickens, and some pigs, and also a great big mystery about a dangerous noise.

Oh, the dangerous noise indeed sounded like great danger, Old MacDonald said. He said he wasn't coming home to his farm until Daddy Ringtail had found out all about the mystery of the noise, and frightened the noise away. "And there was no light inside. "Bahhh!" whispered Daddy Ringtail, stopping close by the back door.

"Oooh," said the Huffen in a little voice of fright.

And then they heard the dangerous noise. The noise was a noise of weeping and wailing and a dangerous rattling of chains. It was coming from inside the house. What on what could the noise be?

"Huffen Puffen," whispered Daddy Ringtail, "we'll have to go inside and see."

"O--h no!" said the Huffen. "Daddy Ringtail, you go inside and see, and I will wait out here to see that nothing happens to me."

And so the Huffen waited outside, but he shouldn't have done it, he shouldn't, he decided, because a witch, play-like, was standing behind him. Ah yes, and tomorrow, I'll tell you what happened next. (Don't worry.) Happy day!

Malaya Desires More Air Strips

SINGAPORE — (AP) — Rubber planters in Malaya are being asked to build air landing strips on their estates.

The Malayan Airways needs more landing places in line with its expanded program and the potential military value is being considered. All airstrips, however small, in many cases could be adapted for use as emergency landing grounds for fighter aircraft.

Because bird migrations were not understood, the belief that many birds hibernated in winter persisted well into the 19th Century.

If you miss your Reporter-Telegram, call before 6:30 p.m. week-days and before 10:30 a.m. on Sunday and a copy will be sent to you by special carrier.

Hey, Kids! Win Prizes In This Bugs Bunny Easter Coloring Contest

Here is a chance for every boy and girl up to 12 years old to have some fun with crayons and at the same time win a prize in The Reporter-Telegram Bugs Bunny Easter Coloring Contest.

Today we give you the first of three sketches with Bugs himself playing the part of the Easter Bunny. Your job is to color all three sketches. It's as simple as that.

Save this first sketch and watch for the other two. Then, color all three of them, write your name, age and address on a separate slip of paper, clip the whole works together and mail to the BUGS BUNNY EASTER COLORING CONTEST EDITOR, THE REPORTER-TELEGRAM, MIDLAND.

Complete rules for the contest appear below. Here are the prizes which will be given for the nearest coloring jobs: First Prize—\$10.00; Second Prize—\$5.00; Third Prize—\$3.00; Fourth Prize—\$2.00.

CONTEST RULES

1. All youngsters up to 12 years old, except children of employees of this newspaper, are eligible.
2. Clip all three Bugs Bunny sketches and color them.
3. Write your name, age and address on a separate piece of paper, clip to the three colored sketches, and mail to the BUGS BUNNY EASTER COLORING CONTEST EDITOR, THE REPORTER-TELEGRAM, MIDLAND.

All entries must be received by midnight Friday, March 22, 1961. Judging will be on the basis of neatness and nice coloring. Winners will be announced Easter Sunday, March 25, 1961.

Midland Truck Driver Jailed In El Paso After Story Of Hijacking Is Proved Hoax

A 39-year-old Midland negro truck driver was being held by El Paso authorities Monday after admitting that his story of being robbed of \$180 cash was a hoax.

The driver, Dock E. Ransom, employed by the R and R Produce Company of Midland, reported Saturday to the sheriff's office in El Paso that he had been robbed of the money by hijackers. He said he had pulled off the side of Highway 80, three miles east of Fabens, to take a nap. He had reported to officers that someone entered his cab, hit him on the head and grabbed \$180 in money and

checks. Checks totaling \$75 were found near the truck.

Sheriff's officers questioned him further and finally he broke down, admitting his story was a hoax.

"I slept for only an hour," said Ransom. "When I awoke, I decided to frame up the story that someone knocked me over the head and kept the money."

Charges of theft more than \$50 have been filed with Justice of the Peace Charles Windberg in El Paso.

District Lions To Hold Three-Day Convention Here

Some of the finest Lions Club private banquets is scheduled to be on hand Sunday for the opening of a three-day district convention of the organization.

One of the opening features of the meeting will be an All-Star District Talent Show set for 8:30 p.m. Sunday in the Midland High School Auditorium.

Delbert Downing, who is arranging the show, has invited each Lions Club in the district to enter contestants in the show.

The show will include individuals or groups playing, singing, dancing or talking.

OPS Chief Promises Crackdown On Price Chiselers By July 1

COLUMBUS, OHIO —(AP)— Some 4,000 agents will be checking price violations by July 1, the nation's price chief said here Sunday.

Price Stabilizer Michael V. DiSalle told newsmen of plans to hire that many enforcement agents while building the OPS force from 3,874 to 16,000.

He promised that those who violate price regulations knowingly will be prosecuted, "and there will be no fix."

But technical violations, when made the first time because regulations are not understood, will be overlooked, DiSalle said. "We'll look a little more lenient if they made the same technical violation twice," he added.

Increase In Business Reported By Pioneer

Pioneer Air Lines reported Monday that its business during January and February showed increases ranging from 11 per cent to 87 per cent above the first two months of 1960.

Harding L. Lawrence, vice president of traffic and sales, said the air line transported 24,834 passengers during the two-month period, a gain of 87 per cent.

At the same time passenger miles increased from 4,404,521 to 8,248,227.

Area Newsmen Hear Journalism Teacher At Spring Clinic

ABILENE—The place of the small city newspaper in the world of today was discussed by Olin Hinkle, journalism professor at the University of Texas, at the Spring clinic of the West Texas Press Association here Sunday. Representatives from 18 area newspapers attended the gathering.

"Small city newspapers will never slip, and will not be on the way out, if they are shared with readers," Hinkle stated.

Ideas, standards and trends were discussed at the all-day journalism clinic. Plans also were made for the organization's annual convention which will be held August 10-11 in Sweetwater.

Midland Optometrist Picture On Cover Of Association Magazine

Dr. Brandon E. Rea, Midland optometrist and president of the West Texas Optometric Society, is pictured on the cover of the Southern Optometrist, a magazine published in the interest of Southern optometrists.

In the "Spotlight" column appearing in the magazine, Dr. Rea is described as a man who has been active both in optometry and its organizations since his graduation from the Northern Illinois College of Optometry in 1948. He is a native of Somerville, Mass., was graduated from Southeastern High School, Detroit, Mich., and attended the University of Michigan. He is a veteran of World War II. He took the Texas State Board examinations in 1948 and began his practice in Midland in March, 1949.

Dr. Rea, the magazine story relates, served a partial term as a director of the Texas Optometric Association and now is serving as editor of the Journal of the state association. He also is a member of the American Optometric Association.

Annual Report Of Socony-Vacuum To Show Reserves Hike

DALLAS—Begun many years ago, a search by the Socony-Vacuum Oil Company, Inc., of which Magnolia Petroleum Company is an affiliate, for new domestic sources of crude oil paid off again for the company in 1960. Socony-Vacuum's 1960 annual report, soon to be distributed to stockholders and employees, will show the company's domestic reserves increased 111 million barrels during the year.

With the 111 million barrels of 1960 and 186 million in 1959, these two are the best in the company's efforts in recent years to obtain new domestic reserves.

The 1960 additions brought Socony-Vacuum's total domestic reserves to an estimated 1,491,000,000 barrels. Gross production during 1960 was about 75,000,000 barrels. Socony-Vacuum refineries processed about 172 million barrels of crude oil in the same period.

New Fields Discovered
Last year saw the discovery by Socony-Vacuum and affiliated companies of a number of new fields, the most important being two in the Gulf of Mexico where the company has a joint venture with two other companies; in Beauregard Parish, Louisiana; in the Parks Ranch area of Midland County, Texas, and in the Big Horn Basin of Wyoming. Outside of the United States, Socony-Vacuum also located an important new field 40 miles southeast of Edmonton, Canada, known as the Duhamel Field.

A relatively small development program, according to the 1960 Socony-Vacuum stockholders' report, "could quickly increase the production of the large Middle East reserves and make additional supplies available" if it should be needed.

Shell Wins National Safety Council Award

HOUSTON—Shell Pipe Line Corporation has won first place in the National Safety Council's 1960 Petroleum Contest, Pipe Line Division, R. G. Benson, staff representative of the National Safety Council, has announced.

This award marks the third time in four contest years that Shell Pipe Line has placed first in Group A, Oil and Gas Pipe Line Department, Petroleum Section Safety Contest.

Second place was won in the fourth contest. For 1960, Shell Pipe Line had an accident frequency rate of 1.03 disabling injuries per million man hours worked, the finest record in the history of the Pipe Line Division of the National Safety Council.

Sailor Is Freed After Assault On Air Force General

HONOLULU —(AP)— Sailor Edward C. Burt, Jr., of Hibbing, Minn., thought he found a Communist on a Waikiki street in the early morning hours. The man, in civilian clothes, was asking a group of sailors if they were happy, and advising them to "join my group."

Burt recalled the Navy program: "Be alert for anyone running down the Navy or trying to get servicemen into a subversive group."

He slapped the man, dumped him into a taxi and hauled him off to a police station.

The man identified himself as Maj. Gen. David M. Schlatter, commanding general of the U. S. Air Force Research and Development Section. He was enroute to Washington from Korea.

General Schlatter declined to press charges. Burt was released with a Navy commendation for his motive but a reprimand for his course of action.

Oil Find May Link Sooner, Texas Fields

ELK CITY, OKLA. —(AP)— A new show of oil production in Roger Mills County in Western Oklahoma may link the large Elk City field with the Lips Ranch field in Roberts County, Texas.

W. A. Delaney of Ada and Associates announced Sunday their No. 1 Ewton, southwest of Berlin, Okla., flowed 12 to 15 barrels of crude through tubing while cleaning out. Testing will continue through Tuesday and the well probably will be completed if the flow continues.

Production is from a perforated zone at 10,762-786 feet, believed to be the lower Pennsylvania sands.

The well is on a trend between the Elk City field and the Lips Ranch field. The trend cuts through the south end of the four-state Anadarko Basin, believed to be the nation's largest untapped oil reservoir.

Berle Signs 30-Year Contract With NBC

NEW YORK —(AP)— Milton Berle has signed a 30-year contract with the National Broadcasting Company.

The contract gives NBC first call on the 42-year-old comedian's services, either as actor, producer, writer or director, in both radio and television. It is subject to his present contract with The Texas Company for next year.

Berle's attorney, Irwin W. Rosenberg, said the contract will run into "seven figures"—\$1,000,000 and up—over the 30-year period.

The contract is the longest ever signed in the radio and television field. The previous record was a 20-year contract reserving the services of Don McNeil, star of the "Breakfast Club" program, to the American Broadcasting Company.

Andrews Employs New City Secretary

ANDREWS — O. G. Weatherby, who served as city secretary since Andrews was organized in 1937, has resigned.

Weatherby was succeeded by L. B. Parrish, city secretary for five years in Mineral Wells.

Midland Store Seeks Owner Of Lost Ring

Pauline's Style Shoppe, 217 North Main Street, is holding a diamond ring that was left on a counter by a customer Saturday.

The ring, set with "more than one diamond," probably was removed by a woman customer trying on gloves, said Ben Tamney, owner of the store. He is holding the ring for the rightful owner to identify and claim.

Its Great Name is Free!

Standard equipment, accessories and trim illustrated are subject to change without notice.

If there were some way to strip a Cadillac of every identifying emblem it possesses, and judge it solely by the way it rides and handles and performs—it would still be quickly recognizable as the "Standard of the World."

But think what a Cadillac brings you in addition to the solid value of its engineering and performance and comfort and handling ease—the wonderful Cadillac name!

Perhaps in all the world, there is no inanimate object which speaks so eloquently as the Cadillac shield. It talks of background, of progress, and of faultless workmanship.

It proclaims a promise of years and years of the utmost motoring satisfaction. It speaks, as nothing else, of its owner, and identifies him, wherever he chooses to drive, as a man of accomplishment and discrimination.

In fact, there is nothing good and wonderful a motor car can bring that isn't promised or implied by the beautiful Cadillac shield. And it speaks a universal language, which is understood and appreciated the wide world over.

And remember, you pay no extra penalty for this great and distinguished name. It comes as a "special dividend" with every Cadillac car.

We deeply regret that we are unable to deliver new Cadillac cars without some delay. But the demand for the car is unprecedented—and much of the company's energies and materials are now being devoted to the needs of national security. Once the car is delivered into your hands, however, we know you'll agree that—patience never brought a richer reward.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 19, 1951

Oklahoma Aggies Face Tough Going In NCAA Playoff

NEW YORK—(AP)—Kentucky and Oklahoma A&M, college basketball's potent one-two punch, are strong favorites to wade through divisional playoffs this week and meet for the NCAA championship.

But the road to the title game at Minneapolis March 27 appears much more hazardous for Hank Iba's deliberate Aggies than for the Blue Grass Wildcats, who were No. 1 in the final Associated Press poll.

This Kentucky team which Coach Adolph Rupp compares with his finest productions—and he has had many—is expected to breeze through the Eastern eliminations open Tuesday night at Raleigh, N. C., and New York's Madison Square Garden.

The Aggies, champions of the fast Missouri Valley Conference and second ranked nationally, are figured to have far rougher sailing in the Western playoffs at Kansas City, beginning Wednesday night.

Two developments during the last few days radically changed the complexion of the tournament at Kansas City:

1. Kansas State, the Big Seven titlist, sounded a warning by overwhelming Illinois, the Big Ten champion, in a warmup game 91-72.
2. Brigham Young, kingpin of the Skyline Six, impressed the basketball world with an impressive sweep to the National Invitation championship at Madison Square Garden.

Columbia meets Illinois Kentucky will open its bid against Louisville at Raleigh Tuesday night in the second game of a doubleheader that also features crippled North Carolina State and Villanova.

Columbia's unbeaten Ivy League champions, only major unblemished team in basketball, play Illinois in New York as part of a doubleheader also involving St. John's and Connecticut. St. John's won third place in the Invitation by beating Seton Hall in a double overtime 70-68.

The schedule, Western NCAA, at Kansas City:

March 21-8 p.m.—Kansas State (22-3) vs. Arizona (24-5); 9:45 p.m.—Brigham Young (27-7) vs. San Jose State (18-11).

March 22-8 p.m.—Oklahoma A&M (27-4) vs. Montana State (22-12); 9 p.m.—Texas A&M (16-11) vs. Washington (22-5).

Youth Center Nine To Play In Odessa

ODESSA—The Odessa Broncho baseball team will see its first action of the 1951 season Tuesday, playing the Midland Youth Center nine on the newly-conditioned Odessa diamond. The contest is to start at 4 p.m.

Broncho Coach Julius Johnson has several lettermen returning from the team that captured the state championship last year.

The Midland Youth Center team will be made up mainly of boys who would have played for Midland High School this season if the Midland school had not decided to drop baseball.

Midland's Youth Center coach has not named a starting nine, nor indicated who would pitch for the visiting team.

Big 10 Conference Chiefs Okay New Rose Bowl Contract

CHICAGO—(AP)—The Big 10 will continue doing business in the Rose Bowl the next three years. If individual member schools don't veto Sunday's action by the conference athletic chiefs.

The faculty representatives, the policy-making group, and athletic directors voted to continue the post-season football classic with the Pacific Coast Conference, provided each loop limits a school to one Pasadena appearance every two years. The PCC had proposed a three-year extension to follow an expired five-year agreement.

In the five-year bowl series which ended last New Year's Day with a clean sweep by the Big 10, the Pacific Coast Conference had no limit on the number of times a team could compete, while the Big 10 had a once-every-three-years restriction.

Subject To Review
The Big 10 group also expressed willingness to continue the bowl agreement on the once-every-three-years appearance limit. This apparently was a "rider" to keep an ace-in-the-hole in case the once-every-two-year-proposal is sidetracked.

Sunday's action must be reviewed by the governing body of each institution within 60 days. Disapproval by even a single school will require another vote by the faculty representatives and athletic directors at the Spring meeting in Evanston, Ill., May 25-26. However, a majority vote at Evanston will certify Sunday's recommendation on the Rose Bowl, but still to be specified is whether there will be a two or three-year repeat limit.

Sisters Win Award For Sportsmanship; Colbert Is Honored

VICTORIA, TEXAS—(AP)—Bill Walters is a track coach's dream. Two big meets and 34 points later Victoria Junior College finds it has one of the top cinder path performers in the country.

Walters leaped to prominence March 10 in the Border Olympics at Laredo when he scored 17 3/4 points to pace his team to an easy triumph in the junior college division. Bill made more than a third of the Victoria points.

Last weekend he rolled up 16 1/4 points as Victoria had no trouble at all capturing top honors in the junior college division of the Southwestern Recreation Meet in Fort Worth.

Walters is one of the most versatile tracksters to come along. He'd been even more so if he could just put on a few pounds and grow a couple of inches. He weighs only 155 and is but five-10 in height. Otherwise, he'd probably be throwing the shot, discus and javelin.

Anyway, here's what he's done this season to date: 100-yard dash—9.8 seconds; 220-yard dash—21.6; high jump—5 feet, 7 inches; broad jump—21 feet, 10 inches; 120-yard high hurdles—14.7.

He doesn't run the 440-yard dash in competition but does do the anchor lap on the mile relay. He runs the quarter in under 51 seconds.

Hahn To Play Exhibition Match At Midland CC

Paul Hahn, famed trick shot artist of the fairways, will appear at Midland Country Club Tuesday and at Ranchland Hill Wednesday.

Hahn and Midlander Van Ligon will play a nine-hole exhibition match against golf Pro Abe Beckman and Assistant Pro Boyd Huff on the Midland Country Club greens at 3 p.m. Tuesday. Hahn will start his golf trickery at 5 p.m.

Midland Negro In Lamesa Tryouts

LAMESA—Approximately 60 negroes started baseball tryout drills here at 9 a.m. Monday under the watchful eye of Lamesa Lobo Manager Jay Haney.

It is the first such camp ever to be held in Texas. Haney has stated he will use "any of the negroes who are good enough to play" on his West Texas-New Mexico team.

Included in the tryout camp was John Hall, pitcher, from Midland.

Southwest Circuit Baseballers Tangle With Out-State Foes

By The Associated Press
Southwest Conference baseball teams turn inter-sectional this week. Ten games against outside foes will be played by four teams.

Texas, the conference championship favorite, as usual, has the biggest inter-sectional card. The Longhorns play Ohio State at Austin Monday and Tuesday, then meet Oklahoma at Austin Friday and Saturday.

Texas Christian plays Oklahoma one game and Ohio State two, Rice engages Ohio State in two and Baylor takes on Oklahoma in one.

The two other members of the conference—Southern Methodist and Texas A&M—each play Brooke Medical Center of San Antonio two games.

Last week found Rice opening the season with two victories over the season with two victories over St. Thomas University at Houston to become the only conference member unbeaten for the season to date. Texas' loss, however, was to Milwaukee, a professional club, and the Longhorns got revenge for that reversal by licking Milwaukee in the second game.

Last week's results:
Rice 10-15, St. Thomas University 4-5; Texas A&M 3-3, University of Houston 1-7; Milwaukee 10-3, Texas 4-4; Southern Methodist 8-8, Hardin-Simmons 6-1; Texas Christian 2-1, Sam Houston State 0-3.

Victoria JC Has Answer To Coach's Dream In Walters

VICTORIA, TEXAS—(AP)—Bill Walters is a track coach's dream. Two big meets and 34 points later Victoria Junior College finds it has one of the top cinder path performers in the country.

Walters leaped to prominence March 10 in the Border Olympics at Laredo when he scored 17 3/4 points to pace his team to an easy triumph in the junior college division. Bill made more than a third of the Victoria points.

Last weekend he rolled up 16 1/4 points as Victoria had no trouble at all capturing top honors in the junior college division of the Southwestern Recreation Meet in Fort Worth.

Walters is one of the most versatile tracksters to come along. He'd been even more so if he could just put on a few pounds and grow a couple of inches. He weighs only 155 and is but five-10 in height. Otherwise, he'd probably be throwing the shot, discus and javelin.

Anyway, here's what he's done this season to date: 100-yard dash—9.8 seconds; 220-yard dash—21.6; high jump—5 feet, 7 inches; broad jump—21 feet, 10 inches; 120-yard high hurdles—14.7.

He doesn't run the 440-yard dash in competition but does do the anchor lap on the mile relay. He runs the quarter in under 51 seconds.

Hamline Grabs Third NAIB Tourney Title

KANSAS CITY—(AP)—Hamline University's towering and durable Pled Pipers are the National Intercollegiate (NAIB) basketball champions for the third time.

Coach Joe Hutton's St. Paul, Minn., team beat James Millikin University 69-61 in the finals before 9,500 persons Saturday night.

Hamline teams previously had won the 1942 and 1949 national meets.

13 Angelo Colts Depart For Camp

SAN ANGELO—A squad of 13 players departed Monday noon for Mercedes as the San Angelo Colts initial step toward Spring baseball training got underway.

First workouts will be held Tuesday morning.

Players making the trip included: Manager Dutch Funderburk; catcher; Pitchers Durwood Cox, Jimmy McClure and Clarence Tinkler; Outfielders Bob Crues, Billy Joe Kiser, Steve Follett and Fern French; Infielders John Tavano, C. H. Perkins, Morty Dolley and Don Schneegold, catcher.

Enrico Caruso, famed opera tenor, once sang on the "radio" in 1910 experiments conducted from backstage of the Metropolitan Opera House.

King's Row

No word from Harold Webb at the Spring baseball tryouts in Monroe, La.

So we don't know if the Midland team members are burning up the training camp or sitting around playing Old Maid and Blackjack.

The last we heard—and reported early last week—rains had been slowing the training session down.

Perhaps that's still the case and the reason Webb hasn't called us.

It's possible Rogers Hornsby's son could be wearing a Midland Indian uniform before the season is over.

The Rajah's son, Bill, has signed for a trial with the Oklahoma City Indians, we hear, and will report to the camp at Monroe within a few days.

Probably young Hornsby will need some seasoning before he is ready for Texas League ball.

And if he does, Midland may be the place he will get it.

He should be a great drawing card. And, if he has one whit of the talent Hornsby Senior possessed, he should be one whale of a ball player.

Odessa baseball Owner A. D. Ensey has been quoted as saying his new manager, Jackie Sullivan, "had better beat Roswell every time this season or else."

Ensey wants to beat the Rockets so badly because the Roswell club lured his ace pilot, Al Monchak, away.

Recently at a Longhorn League meeting Ensey said "I feel kinda like the fellow in that hill billy song you know, the one that says 'My friend stole my sweetheart from me.'"

But we don't expect Ensey seriously expects the Oilers to defeat Roswell and his "Sweetheart" every game.

State University For Negroes Gets TISA Membership

COLLEGE STATION—(AP)—Texas State University for Negroes was accepted Saturday as a member of the Texas Intercollegiate Students Association.

Other members of the association are schools for whites, Prairie View A&M, another negro school which sent a visiting delegation, did not seek membership.

The association also voted Saturday to admit as members Wayland College of Plainview and Southwestern University of Georgetown.

Frank Lady, delegate from Baylor University, was elected president at the closing session. Other new officers are Harold Brannan of Texas Tech, vice president; Evelyn Hargrove, Austin College, secretary; George New, University of Houston, treasurer, and E. J. Ritchie, Stephen F. Austin College, parliamentarian.

Next year's convention will be held at Texas Western College in El Paso.

If he does, he'll be writing hill billy songs of disappointment himself, we think.

Warren Sitter, the Sweetwater first sacker now residing in Midland, is "near terms" with the Sweetwater club, according to scribes Bud Worsham of Sweetwater and Tommy Hart of Big Spring.

Sitter, who is within a job to first base of our desk daily, still won't make a statement on whether or not he will sign.

That affords us a prediction department chance:

Sitter will sign with the Swatters soon.

Football note:
When Big Spring "Gold" and "Black" squads battled to a 20-20 tie in a Spring game Saturday, Richard Prahm scored three touchdowns for the Gold team.

Prahm, who will be a junior next Fall, was a star on the Steer 'B' team during the '50 season.

NICE WORK—Big Jim Ferrier is well paid for taking fresh air and sunshine. The Australian's latest, the \$2000 top prize in the \$10,000 Miami Beach Open, keeps him among golf's leading money-winners, where he winds up annually. (NEA)

Track Team Will See More Action

Tough competition still is plentiful for the Midland High School track team this week, as the Bulldog thin-clads journey to Brownwood to compete in the Blue Bonnet Relays Saturday.

After struggling with 52 top teams in the Southwest Recreation Meet at Fort Worth last week, the Bulldogs jump smack into the middle of a 55-team melee this weekend.

Big Jim Ferrier Is Far Out Front In Jacksonville Open

JACKSONVILLE, FLA.—(AP)—Jim Ferrier, a man who never plays a careless golf shot, carried a five-stroke lead into the final round of the \$10,000 Jacksonville Open Monday.

After 54 holes Ferrier had 204 strokes—12 under par. His nearest competitor was Art Wall, Jr., of Bronxville, N. Y., at 209. About the only other serious threats were Jack Shields of Cedar Rapids, Iowa, at 210 and Lloyd Mangrum of Chicago at 211.

The rest of the field was far back at 214 or more.

Ferrier shot the 6,508-yard Hyde Park course in 68 for the third straight time Sunday. His short irons were so true to the pin they didn't leave him many long puts.

One iron shot, a pitch from a trap, he holed for a birdie. But it mostly was steady golf.

This is the third time in the last year Ferrier led by five strokes starting the final round. He broke even in the first two. At the Masters in Augusta last year he ran into a series of bad breaks and lost to Jimmy Demaret.

Every plant and animal on earth, from microbe to man, would die of suffocation without oxygen.

MEDICAL PATIENT

Felix Stonehocker, Midland contractor, is a medical patient in Western Clinic-Hospital. He was admitted Sunday.

Atomic Clock Changed One Second In 20,000,000 Physicist Made New One

WASHINGTON (NEA)—Dr. Harold Lyons, a 37-year-old physicist with horn-rimmed glasses and a precise moustache, is a stickler for accuracy. He built an atomic clock two years ago which operated with about one second change in 20 million seconds, a scientific achievement which was widely heralded.

Even then he had his eye on greater precision in telling time. Now he's almost ready to make preliminary tests on a new atomic clock he expects to be about 600 times more accurate than the original version.

Dr. Lyons, of Buffalo, N. Y., heads the micro-wave department at the National Bureau of Standards, the government agency responsible for keeping accurate time. The official system still is based on astronomy, which may show a variation of as much as several thousandths of a second within 20 years.

While such slight variations won't affect your soft-boiled eggs or make you miss trains, they do make a big difference in the accuracy with which intricate communications instruments can be tuned.

That's because time also means frequency, the basis of modern communications equipment such as radar and television. In these, the slightest variations magnify into extreme importance. In television relays, for example, it is vital that "drift" in frequencies be avoided to keep signals strong and clear.

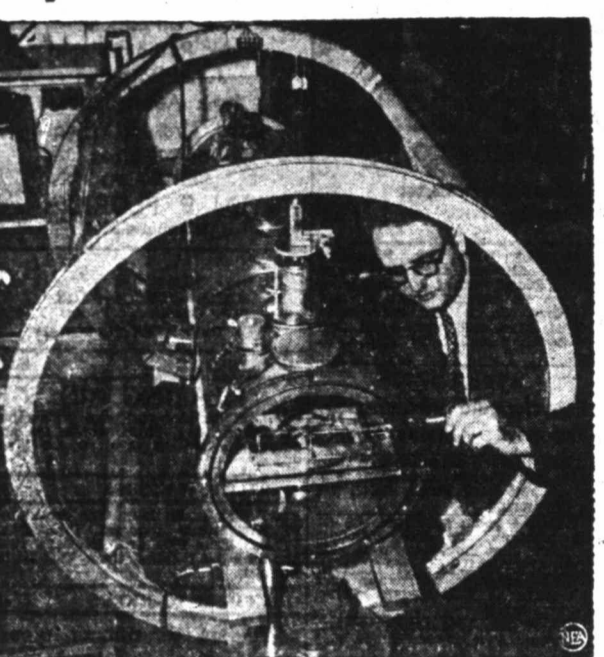

Dr. Lyons' new clock is one of four in various stages of construction. Other clocks probably will follow, but there's no chance you'll ever have one of his atomic timepieces to wake you up in the morning. They're a bit unwieldy for the average home.

The original one, for instance, was based on the constant, natural vibration frequency of atoms in the ammonia molecule. It depended on a quartz crystal oscillator, and in a second version, Dr. Lyons is substituting an oscillator using ammonia itself, which has a frequency of 24 billion times a second. The improvement will need three new amplifier tubes which cost \$30,000 each.

The new one he thinks will be most accurate of all is what he calls a cesium clock. This uses the atomic beam technique which is 600 times more accurate than the ammonia system. It works like this: Cesium, an extremely active silvery metal, is heated until it vaporizes in an "oven" at one end of a metal tube about a foot in diameter. The vapor is shot as a narrow beam toward a wire detector at the other end of the tube.

As long as the beam hits the detector wire squarely, the clock is "on time." If it misses, a chain reaction is set up in the rest of the clock until the frequencies mesh so that the clock corrects itself automatically.

A fourth clock, just being started, is called the nuclear quadrupole clock and uses iodine. It won't ever be as accurate as the cesium timepiece, but it will have a greater practical value. It will be semi-portable and thus can be used by the military for checking communications on the spot.

On The Beam is Dr. Harold Lyons and his new cesium clock. A vapor beam is shot at a wire detector; as long as the beam hits the wire squarely the clock is on time.

Dr. Lyons, of Buffalo, N. Y., heads the micro-wave department at the National Bureau of Standards, the government agency responsible for keeping accurate time. The official system still is based on astronomy, which may show a variation of as much as several thousandths of a second within 20 years.

Child Missing From Midland Home Found Wandering Along Street In Big Spring

A 10-year-old Midland girl went to bed at her home Sunday night and, less than three hours later, was found wandering along a street in Big Spring, 40 miles away.

How she got there, she said, she didn't know. Her mother discovered her disappearance at 10:45 and notified police. A general alarm was broadcast.

An hour later, Big Spring officers reported they had found her. She was wearing a dress over her pajamas.

She told officers, as she was being returned home, she didn't remember a thing from the time she went to bed until the police picked her up. Police said she apparently was unharmed.

Western Deputies All Set For Showdown On Big Four Parleys

PARIS (P)—The Western deputy foreign ministers prepared Monday for a showdown with Russia's Andrei Gromyko on agenda proposals for a Big Four conference.

If Gromyko shows no real change of heart toward accepting the agenda the West has modified and redrafted several times, a Western official indicated, a move will be made to bring the talks to a close.

RANCH HELPER INJURED

Joe Ed Filler, 22-year-old helper on the Foy Proctor Ranch, was admitted to Midland Memorial Hospital Monday morning with injuries suffered when he was thrown from a bucking horse.

Five thousand bees weigh one pound.

Russians Ahead Of U. S. Tax Collector

WASHINGTON (P)—Laugh at your tax collector: the Russians are a big step ahead of him in grabbing revenue.

The most formidable levy that faces the Russian muzik is a "turn-over tax" on consumer goods that runs as high as 75 per cent on wheat and rye and 85 per cent on sugar.

Secretary of the Treasury Snyder recently described the Russia tax system to the House Appropriations Committee by request of Rep. Canfield (R-NJ).

Snyder said the turnover tax, which amounts to a sales tax, furnishes roughly 60 per cent of the Soviet government's budget receipts. It is levied almost entirely on consumer goods.

Since the Bolshevik bureaucracy keeps store as well as collects taxes, this turnover tax is a real ruble raiser.

For example, the government buys a quantity of grain for 100 rubles. The selling price is 400 rubles—including a tax of 300 rubles.

After that going-over, the Russian taxpayer scarcely can mind an income tax which runs as high as 45 per cent on farmers, or a government bond sale program which Snyder said brought "strong social pressure" on the citizens to subscribe three or four weeks' salary every year.

NEAT—Mexico's smiling Idelma Ramirez teamed with Gustavo Palofex to win the mixed doubles tennis championship in Buenos Aires' Pan-American Games. They defeated Argentina's Enrique Morcia and Felisa Piedrola Zappa, 6-4, 6-4. (NEA)

Congratulations To

Mr. and Mrs. Robert G. Halpin, 1808 W. 1st St., Louisiana Street, on the birth Monday of a son.

Mr. and Mrs. Frank Repman, 606 Kent Street, on the birth Monday of a son.

Mr. and Mrs. Epimeno Rodriguez, 719 North Terrell Street, on the birth Monday of a son.

LEGAL NOTICES

NOTICE TO BIDDERS Sealed proposals addressed to the Mayor and City Council of Midland, Texas, will be received at the office of the City Secretary of Midland, Texas, until 3:00 p.m., 9th day of April, 1961, at which time they will be publicly opened and read aloud, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing approximately 96,218 linear feet of curb and gutter, 233,211 sq. yd. of excavation, 207,956 sq. yd. 6-inch caliche base and 207,956 sq. yd. Hot Mix Asphaltic concrete surfacing, for the improvement of certain streets and alleys in the City of Midland, Texas, for the City of Midland, Owner.

Any bids received after the closing time will be RETURNED UNOPENED. Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, in the amount not less than five (5%) per cent of the largest possible bid as a guaranty that Bidder will enter into a contract and execute bond and guaranty on the forms provided within ten (10) days after notice of award of Contract to him. Bids without required check or Proposal Bond will not be considered.

Instructions to bidders, proposal forms, specifications and plans are on file at the Office of the Director of Public Works of the City of Midland, Texas, and may be examined without charge at that office. They may be obtained from the Director of Public Works upon the deposit of Thirty-five (35.00) Dollars, which deposit will be returned to each bidder immediately upon return of the plans and specifications in good order. No refund on contract documents and plans returned later than five (5) days after the bids are opened will be obligatory.

The City reserves the right to reject any or all bids, to waive all formalities and to accept the bid deemed best to represent the interests of the City of Midland.

THE CITY OF MIDLAND City Secretary. (MARCH 16, 1961) TOO LATE TO CLASSIFY

LINEMEN WANTED

White, age 19 to 27, good health, draft classification, 1-A or better. For telephone construction work in West Texas. No previous experience necessary. Apply Wednesday, March 21, 203 South Fort Worth. See Mr. Cunningham.

Andrews News

ANDREWS—A mud school for oil field workers opened here Monday and will continue through March 30. Brought to Andrews from Odessa at the request of the Stanolind Oil and Gas Company, the classes, open to oil field personnel, begin at 9 a.m. daily. Night classes will start at 7 p.m. The school, at the Stanolind Camp, will award certificates to those completing the course.

Mrs. E. F. Seay and Mrs. Carl Ham were delegates of the Andrews Study Club to the annual convention of Eighth District, Texas Federation of Women's Clubs, in Marfa.

Mrs. Bob Cook was called to Waco by the illness of her father, E. R. Alexander, who suffered a heart attack.

Mrs. Joe Albright had as her guests recently her parents, Mr. and Mrs. F. T. McCollum of Temple. John Harrell, Andrews, and Tom Stewart of Big Spring, have returned from a fishing trip to Del Rio.

The Andrews High School student council has been elected president of the West Texas Forum of Student Councils at a recent meeting in Kerrville. One member of the council will be chosen titular head of the organization and serve as a delegate to the national meeting to be held in Massachusetts. Joe Sue Stell, Joyce Crews, Billy Roach and Robert Forbes attended the Kerrville meeting.

Mr. and Mrs. C. H. Pettis have returned from Biloxi, Miss., where they visited their son, Dana, who is stationed there in a radar school conducted by the Air Force.

Mr. and Mrs. Jimmie Nelson and children are vacationing in Louisiana.

Letter Disappointing To Officer In Korea

AN AIR BASE IN KOREA (P)—The mud was calf deep all the way to the Army post office. But Naval Lt. Edward Farrar of Birmingham, Ala., made it—was that eager for a letter from home.

There was one letter. Came from Fort Benning, Ga. The post office said he owed them three cents postage on a newspaper that had come for him—and it wanted that three cents, in advance.

Mystery—

(Continued From Page One) regarded by veteran Allied officers as the best they have seen—capable of holding out for an indefinite time.

Those who think the Red pullback is leading up to something don't put so much stock in the Red abandonment of prepared defenses. They insist the Communist battle plan was changed after the bunkers and foxholes were finished.

They also discount the Chinese prisoners' stories as deliberate ploys to deceive the Allies or as reports from soldiers who don't know what they're talking about.

A certain credence can be given this last argument. The Chinese in the past have employed second-rate troops in the front line. Behind them are superior troops ready to take advantage of any breakthrough made by the scrub team.

The threat of a full-scale Spring offensive by the Chinese has been hanging over United Nations armies for two weeks. It remains.

Wanted OPERATORS WANTED

Girls—if you have a neat appearance and pleasant personality, there is an opportunity for you to join a training class for top telephone operators. Earn \$135.00 per month, while you learn; make as much as \$165.00 per month by the end of the first year. You'll have a pleasant place to work and other congenial girls to work with. For more information, drop in and talk it over with Mrs. Ruth Baker, Chief Operator, 123 Big Spring St., Southwestern Bell Telephone Company.

Advertisement for Midland Map Company featuring various items like Bubble Gum, Book of Matches, Trolley Transfer, and Some Parking Meters. Includes a map of Midland and surrounding areas.

Congress is now considering a postal economy bill that may do away with one of the nation's few remaining one-cent bargains—the penny postcard. But of some consolation is the knowledge that a penny will still buy, in most places, the items pictured above. In areas where none of these purchases can be made, the man with a penny is advised to win appointment to the U. S. Naval Academy, where coppers are tossed at Tecumseh's statue for good luck by Middies marching to their final exams.

MIDLAND'S STORE FOR MEN AND WOMEN!

Texas Woman Held For Observation After Money-Tossing Spree

NEW YORK —(AP)—A woman, tentatively identified as a resident of Longview, Texas, is being held for mental observation here after an incident on a railroad train. Police said that shortly before her New York Central train arrived at the Grand Central Terminal Sunday the woman began screaming and tearing up bills and throwing change on the car floor. Officers quoted her as saying she was enraptured with her two small children to her brother's home in Gloversville, N. Y. The brother was not identified further. At Bellevue Hospital, police said the woman told them of suffering a nervous breakdown in 1941.

Bifocal lenses for eye glasses were invented by Benjamin Franklin in 1784.

Abundant Living

By E. STANLEY JONES
Josh. 1:5-9; Acts 4:13, 29; 5:41-42
DISCIPLINED BEYOND TIMIDITY
Before we end this study of the Christian discipline, we must look at another passage on discipline written to the same person, Timothy: "Hence I would remind you to rekindle the divine gift . . . for God has not given us a timid spirit but a spirit of power and love and discipline." (II Timothy 1:6-7, Moffatt.) The first passage (I Timothy 1:5) begins with discipline, and this one ends with discipline. The Christian way begins and ends in discipline—the discipline produces a disciplined life. The discipline may be so hidden in habit and outlook as to be almost unnoticeable, just as one can look straight through revolving blades on a plane which are spinning so fast and so rhythmically as to be unseen. The end of the Christian discipline is to hide it away into habit, into the subconscious, so that the disciplined person appears to be and is spontaneous. A musician's creative spontaneity is co-ordinated discipline which has become second nature. Paul puts his finger on the thing that dims the spiritual life more than any other: timidity. If I had one gift to give myself and others, I would unhesitatingly give courage. For more people grow dim and need rekindling of the divine gift through lack of courage than through any other thing. First of all, the courage to take from God what He offers. That is the supreme courage: to pay the price and take the gift. That takes courage, for it

FBI Arrests Eighth Man In Six-State Auto Theft Ring

ALBUQUERQUE —(AP)—Preston Elmo Shoffner, 27, was arrested Sunday in Childress, Texas—the eighth arrest by federal agents in breaking up what they call a six-state car theft ring. Shoffner was charged with interstate transportation of a stolen automobile. Percy Wyly, FBI agent, said two more men are sought in the case. Wyly said statements from some of the seven other men taken into custody earlier, accused Shoffner of driving a stolen car from Dallas to Taos, N. M. A brother, Edward Shoffner, Jr., 21, also of Childress, and two others pleaded guilty Saturday to federal charges in the investigation. The government charges the ring handled about 50 stolen cars in Texas, New Mexico, Oklahoma, Colorado, Arkansas and Missouri.

MOTHER OF TEXAS STATE AUDITOR DIES
CORPUS CHRISTI —(AP)—Mrs. Kate Buchanan Cavness, 75, the mother of Texas State Auditor C. H. Cavness of Austin, died here Sunday after a long illness. Another son is Dr. R. M. Cavness, president of the University of Corpus Christi. Between 1598 and 1633, Spanish padres built 90 churches in New Mexico.

Children Of Divorce Are Put Under A Terrific Handicap

By EDWIN P. JORDAN, M. D.
Written for NEA Service
Children of divorce have one strike against them before they start. Every child needs two parents but divorce or separation of the parents has an even worse effect than loss of a parent by death. Nervous people are more likely to develop ulcers, intestinal disorders, high blood pres-

sure and a host of other troubles than those who are emotionally well adjusted. And youngsters with only one parent cannot feel secure. They not only are candidates for all kinds of physical and nervous ills later in life, but are likely to be irritable, unstable and perhaps lose weight as a result of their insecurity.

Casualties in Korea

WASHINGTON —(AP)—The Department of Defense Monday announced the names of four Texans killed in action in the Korean fighting (casualty lists Nos. 253 and 254). Thirteen were listed as wounded and 12 missing in action.
Killed in action, Army: Pfc. Teddy C. Marsh, Camp Wood (previously missing); Pfc. James H. Zahorik, San Antonio; Sgt. 1/c Raymond Klusmann, Lyons (previously missing); Pvt. Curtis E. Vestal, Seiman City (previously missing).
Died of wounds, Army: Cpl. Loyd W. Everts, Georgetown.
Wounded, Army: Pfc. Danny D. Campion, Gainesville; Capt. James D. Cook, Houston; Sgt. Jose A. Enriquez, San Marcos; Pfc. R. H. Hawthorne, Hubbard; Pfc. Floyd A. Jenkins, Spuriger; First Lt. Albert R. Moses, Houston; Sgt. Ricardo Oropeza, El Paso; Pfc. Herman G. Sandmann, Lindsay; Capt. William G. Day, El Paso; Sgt. Jose T. Barzenas, San Antonio.
Wounded, Marine Corps: Pfc. Guadalupe J. Esparza, McAllen; Pfc. Bruce J. Farr, Harrison.
Wounded, Navy: Hospital Corpsman 3/c William E. Leet, El Paso. Injured, Army: Sgt. Waymon W. Womack, Velasco.
Missing in action, Army: Pfc. Dennis R. Armstrong, Wichita Falls; Sgt. Thomas A. Barton, Gatesville; Pfc. Edwin A. Bilbeck, Weimar; M/Sgt. Guenther A. Burre, Fredericksburg; Pfc. Jimmy L. Chavez, Borger; Pfc. Charles J. Kline, Hankamer; Cpl. George A. Miles, Brenham; Pvt. Jesse B. Perkins, Big Spring; M/Sgt. Robert H. Reames, Dallas; Pfc. Coy W. Price, Corpus Christi; Pfc. Arville E. Wilfong, Haskell.
Missing in action, Air Force: Capt. James D. Heath, Denton.
Returned to military control, Army: Pfc. Gedion P. Lyda, Jr., Georgetown (previously missing and prisoner of war).
Returned to duty, Army: Pvt. Ernest H. Reeves, Jr., Dalhart (previously wounded).

This is a big problem today. Divorce is breaking up marriages much more often than it used to and when children are involved the husband and wife are not the only ones to consider. Parents considering divorce should realize that the records of juvenile courts show that all kinds of crimes and misdemeanors are more frequent in youngsters with unsatisfactory home lives.

Today there is an increased awareness of the close relations between the emotions and physical disorders (psychosomatic medicine). A stable, secure, and healthy childhood influences the entire later life and parents have the responsibility for doing the best they can in these early years.

Divorce is not the only thing that can go wrong. In many homes the parents constantly are quarreling in front of the children and this is bad for the youngsters too. In this column I am urging neither for or against divorce. The law recognizes certain causes for divorce and even from the standpoint of the children, separation of parents may be better sometimes than constant bickering and fighting.

Responsibility
Children do not ask to be born and those who bring them into the world have some responsibility to give them as good a start as possible. One of the things they can do is not to deprive their children of the two parents to which they are entitled without compelling reason. Marriage should not be entered into lightly by anyone who has the wellbeing of their unborn children at heart. Students of marriage believe, too, that there are ways of telling in advance whether a marriage is likely to lead to a reasonable happiness and contentment which plays so large a part in the lives of children.

FORD WINS AGAIN!

V-8 TAKES FIRST PLACE IN CLASS "A" 1951 MOBILGAS ECONOMY RUN

Both Ford V-8 and SIX Deliver more than 25.9 miles per gallon

Gruelling 840-mile test proves Ford Economy

Again this year . . . it's high honors for Ford! In the most important economy trial for American stock model cars . . . the famous annual Mobilgas Economy Run . . . a Ford 100-h.p. V-8 equipped with Overdrive took first place competing against all cars in its price class, making 54.587 ton-miles per gallon* and 25.994 miles per gallon. And its companion in quality, the new Ford SIX with Overdrive, was right up there with the winner. In fact, both cars averaged better than 25.9 miles per gallon.

Traditional Ford economy, for the second straight year, has been proved in open competition. Proved on the tough 840-mile grind from Los Angeles to the Grand Canyon . . . a course that included city traffic, below-sea-level desert heat and 7,000-foot mountain passes. Ford's Automatic Mileage Maker, standard equipment on all Ford V-8's and SIXES, contributed to this great achievement by squeezing the last mile out of every drop of gasoline.

Why not "Test Drive" the new Ford at your neighborhood Ford Dealer's? There's no better way to be convinced that "You can pay more but you can't buy better!"

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.
