Inquiry Bares Ridgway Support Of Mac

Demand For Use Of Chinese Troops Backed By 'Matt'

WASHINGTON—(P)—Gen. Matthew B. Ridgway, now Far Eastern commander, supported last December the demand of Gen. Douglas MacArthur for use of Chinese Nationalist troops against the mainland of China.

This was developed Friday at the Senate inquiry into MacArthur's dismissal for publicly advocating use of the Nationalist troops and other direct blows at Red China.

Senator Knowland (R-Calif) put into the record a communication that Ridgway, then field commander under MacArthur, sent late in December to Gen. J. Lawton Collins, Army chief of staff.

In it, Ridgway said he was "convinced of the logic" of MacArthur's contention that a Nationalist offensive in South China would "even if only moderately successful, relieve pressure on our force in Korea."

This was at a time when United Nations forces had been driven back in Korea by overwhelming numbers of Chinese Red troops which entered the war unexpectedly.

Knowland produced the paper while the senators were hearing testimony from Maj. Gen. David G. Barr, former commander of the Seventh Division in Korea. Barr had given them a personal story of the sudden Chinese assault on United States forces last fall when they had ranged up to the Korean-Manchurian border.

Rep. Percy Priest of Tennessee, whose job as majority whip is to see that all the Democrats are on hand for crucial votes, told a reporter: "There's no question but that we can pass the bill, but the vote on the motion to recommit may be close."

On that tally, the Democratic leadership expects to drop not more than six to 10 Democratic votes, and is hopeful of picking up almost that many Republicans in favor of the bill. On that basis, they figure the current Democratic majority of 33 members ought to be sufficient to dispatch the legislation to the Senate.

Further unpredictable delay would result if the bill were recommitted. (Continued On Page Five)

Air Force Academy Funds To Be Asked

WASHINGTON—(P)—Chairman Vinson (D-Ga) of the House Armed Services Committee said Friday he was introducing legislation to establish a \$20,000,000 Air Force Academy.

Vinson did not say where the academy would be located. He said his bill would authorize the air secretary to determine the permanent location of the academy and to appoint a commission to aid him in selection of the site. The bill, however, would authorize the secretary to establish the academy at a temporary location until construction at a permanent site could be completed. Initially, Vinson said, the Air Force contemplates establishing the academy at some existing Air Force installation or at a civilian institution which could be leased to the air force at a minimum of expense.

Dial Phones Go Into Use Here Sunday

A \$2,000,000 giant made of hundreds of miles of wires and thousands of intricate switches stood silent and poised Friday, ready to usher in a new era of communications for Midland.

The last test was completed Thursday afternoon and engineers were waiting only for the signal at midnight Saturday to place the Southern Bell Telephone Company's dial telephone system in operation.

The final test marked the end of a two-year construction program, which included the erection of a modern two-story telephone building at West Missouri and South Marientel Streets.

The business office moved to the new location weeks ago, even as technicians rushed to completion of the job of installing the thousands of tiny relays which are the heart of the new system.

Ready For Change And thousands of Midland residents, their nerves on edge from long and irritating waits because of the present manual-operated system, are present to greet the new dial system.

Telephone company officials expect the new system to get a thorough workout within a few minutes after the cutover to dials is made at midnight Saturday.

"A lot of people," predicted Midland Manager Al Case, probably will stay up until after midnight to try out their new telephones.

"We expect no trouble once the cutover is made."

The dial system has been thoroughly tested and with our new equipment we have called every telephone in Midland to be sure they were in working order."

For the \$200,000 telephone subscribers, the cutover will mean (Continued On Page Five)

Wilson Young, Auto Crash Victim, Dies

Wilson Walker Young, 37, died Friday morning in a Midland hospital of injuries received in an automobile accident last Saturday night on U. S. Highway 80 six miles east of here.

He suffered head and body injuries and was found beside his overturned automobile at the side of the highway. He was brought to a Midland hospital by ambulance and never regained consciousness.

Young had only been in Midland about a month and a half at the time of the accident. He was a mechanic for the Ford Motor Company and resided at the Skyhaven Trailer Courts.

Funeral services are pending. The body will be sent to Decatur for services and interment. Newell W. Ellis Chapel is in charge of arrangements.

Survivors include: the widow, Mrs. W. W. Young of Snyder; the parents, Mr. and Mrs. Omar Young of Decatur; three sisters, Mrs. Homer Hook of Fort Worth, Mrs. Merle Lewis of Oklahoma City, Mrs. Nell Milligan of Decatur; three brothers, Ray of Decatur, Johnnie of Decatur and Vern Lee of Baltimore, Md.

Young was born June 15, 1914, at Decatur.

Old timers say this is one of the hottest sustained periods in many years, perhaps in the history of Midland.

Air-conditioners are at a premium in the city. Water consumption and usage are at record highs. Lawns looked "sick."

Citizens have their pet methods for beating the heat. Youngsters are seen around town in the briefest of clothing. Swimming pools are doing a rushing business.

A workman at a construction site collapsed from the heat. He was treated at a hospital.

Even the coffee hours downtown have been hurt by heat. Ice drinks are called for by office workers and clerks.

Jacome On Mound

Eddie Jacome, Midland Indians pitcher who will be honored at an appreciation night event at 8 p.m. Friday, will start for the Indians on the mound against Sweetwater, Manager Zola Bezum announced. The game is scheduled to get underway at 8:15 p.m.

EVER SOUTHWARD—Korean family moves southward with belongings along main road past a knocked out British tank, which is being inspected by an Australian soldier. This tank is part of task force that tried to extricate the enclosed Gloucester regiment of British fighters which almost was annihilated by the Reds. (NEA Telephoto)

Reds Beaten Again In Air Over Korea

TOKYO—(P)—The Red Air Force was beaten for the fifth day this week in two roaring jet battles over North Korea Friday. American Sabre jets shot down two Russian-made jets and damaged three, the U. S. Fifth Air Force announced.

That raised Red losses this week to 11 planes shot down, one probably destroyed and 17 damaged—a total of 29.

Eighty-nine jets were involved in the two battles, which were fought within 12 hours of the first fire bomb attack on United Nations troops.

As Reds stepped up their air war to new heights, their troops pushed Allied forces back in the two biggest ground actions reported.

Thirty red-nosed MIG-15's roared out of Manchuria and across the Yalu River Friday morning to renew the jet war after a one day lull. Twenty-eight Sabre jets swooped down on them 30 miles from the Manchurian border.

No Mention Made The Fifth Air Force did not say whether any American jets were lost.

The Far East Air Forces announced 245 American planes have been lost in the war, which will be a year old Monday, and 391 Communist planes destroyed or damaged.

Inland, North Korean attacks twice forced Allied forces to pull back in two attacks north of Inje. One attack came at mid-day the other in the early evening.

More stubborn resistance was reported by AP Correspondent, Nate Polowetzky in other sections where there had been little action before. Failure of telephone lines between Tokyo and 8th Army headquarters delayed reports.

Polowetzky said patrols tried to find out the intention of Communists along the west, where officers have predicted an attack by Monday's anniversary of the war. But briefing officers said they failed to find the Reds in strength.

Three Crewmen Die In Fiery Explosion Of Superfortress

SAN ANTONIO—(P)—Because someone apparently released his parachute prematurely, three crewmen died in the fiery explosion of a Superfortress Thursday.

Five other crew members, including the pilot, parachuted to safety after an engine of the B-29 caught fire during a routine training flight. The crash occurred about 6:40 p.m. (EST) eight miles northeast of Randolph Air Force Base, which is a few miles northeast of the San Antonio city limits.

Brig. Gen. Carl B. McDaniel, Randolph commander and chief of the B-29 training program, advanced the theory that the premature parachute release trapped three men who were in the rear compartment. He said the billowing parachute would have blocked effectively the escape route.

The five who were saved were in (Continued On Page Five)

MHS Band Members Summoned For New Uniform Fittings

A call for all band students who will be in high school next year to be at the band hall at 9:30 a.m. Saturday to be measured for new uniforms, was sounded Friday by Ralph Mills, new MHS Band director. He said it is important that all bandsters be present promptly at that hour.

The new uniforms will be the finest and most attractive ever used here, school officials said.

★ LATE NEWS FLASHES ★

TOKYO—(P)—The Army announced Friday enlisted reservists will start going home from Korea in mid-July.

TEHRAN, IRAN—(P)—The Anglo-Iranian Oil Company warned the Iranian government Friday its refineries at Abadan—the world's largest—may be forced to shut down because of "mass resignations" of British technicians.

NEW YORK—(P)—American Airlines pilots have given notice here they will not fly DC-6-B ships after midnight Sunday, June 24, unless they get more pay for flying the larger and faster craft.

City Council Orders More Wells Drilled To Ease Water Crisis

Immediate drilling of additional wells in Midland's three water-well fields as a "stop-gap measure" to meet the current water emergency was ordered Thursday afternoon by the City Council.

At the same time the council, undertaking a long-range program to find possible new ground water supplies, agreed to make further tests in areas recommended by the West Texas Geological Society.

In ordering the immediate drilling of new wells at Cole Park, Rosedale and Wadley, the council acted on a recommendation of the city's own water engineers.

Production from these wells, according to City Manager W. H. Oswald, is expected to provide enough water to meet the peak demands this Summer and possibly next Summer.

"But this would be just a stop-gap measure to take care of our immediate needs," said Mayor Perry Pickett.

The council met in a four-hour session to discuss the water emergency as Midland, for the fourth day, used more than 9,000,000 gallons and strained the capacity of present water production facilities.

And during the meeting, word was received that a new booster pump, which will give the city another 1,500,000 gallons of water daily, had been delivered.

Without preliminaries, the councilmen plunged into the immediate (Continued On Page Five)

100-Degree Weather Continues In City

Midland sweltered through its fifth straight day of temperature above 100 degrees Thursday—the mercury hit 106.

The current heat wave hit last Sunday when the thermometer reached 103 degrees. Other readings of the week were: Monday, 107; Tuesday, 107; Wednesday, 109; Thursday, 106.

Old timers say this is one of the hottest sustained periods in many years, perhaps in the history of Midland.

Air-conditioners are at a premium in the city. Water consumption and usage are at record highs. Lawns looked "sick."

Citizens have their pet methods for beating the heat. Youngsters are seen around town in the briefest of clothing. Swimming pools are doing a rushing business.

A workman at a construction site collapsed from the heat. He was treated at a hospital.

Even the coffee hours downtown have been hurt by heat. Ice drinks are called for by office workers and clerks.

At Snyder, the wind lasted about five minutes after striking about 6 p.m. a blinding dust storm occurred. Electric lines were blown down in places and the state highway patrol blocked off danger areas.

Big Spring carrier had winds that reached a steady 60 miles an hour and whistled up to 80 miles in gusts. No damage was reported.

Final Arrangements Are Made For Third Mass X-Ray Here

Final arrangements were being made Friday for Midland County's third mass X-ray survey to begin Saturday.

General Campaign Chairman Hulon B. Brown said the X-ray unit would be set up on the first floor of the Midland County Courthouse and would be ready for operation at 9 a.m. Saturday.

The survey will be held for 10 days, from Saturday through July 5. It is designed to detect tuberculosis of the chest by X-ray.

All Midland County residents have been urged by Brown to take advantage of the free chest X-ray. Transportation will be furnished each day of the survey from 9 a.m. until 5:30 p.m. for those who have no way to get to town. The free transportation will be provided by the Midland JayCees. Thornton Hardie, Jr., chairman of the transportation committee, said persons may ask for transportation by telephoning 2310 Saturday, and after Saturday by dialing 2-3211.

Volunteer workers, who will report for clerical work at the X-ray unit Saturday, are members of Beta Sigma Phi, professional women's organization.

The State Department of Health X-ray unit will be operated by Peter Ezza of Austin, technician for the health department. The unit was brought here under the sponsorship of the Midland City-County Health Unit and the Midland County Tuberculosis Association.

The plane was more than 10 hours overdue at Roberts Field near Monrovia, the capital of Liberia, after leaving Accra on the Gold Coast.

(Pan-American said in New York the plane, carrying 31 passengers and a crew of nine, had been due at Roberts Field at 9:45 p.m. (EST) Thursday, but that it reported 45 minutes later it was unable to sight the field. This was the last word from the missing sky giant.

(The plane was piloted by Capt. Frank J. Crawford of Huntington. Most of the crew members were from the New York metropolitan area.)

A dozen French planes and other craft scoured land and sea areas for trace of the plane. Dakar Airport said at 6:45 a.m. (EST) that the plane still had enough fuel to remain in the air.

The nearest U. S. Army rescue bases which could be useful in the search are at Port Lyautay in French Morocco and Tripoli on the Mediterranean.

Strong Winds Hit West Texas Points

Turbulent weather raked Snyder, Big Spring, Colorado City and other West Texas points Thursday night, blowing down buildings and slightly injuring two persons.

What was described as a small twister struck Lake Colorado City, five miles from Colorado City, and damaged several cabins.

J. A. Sadler said no one was injured. The worst wind damage appeared to be at Snyder, where a cafe and a drive-in theater were demolished and another drive-in theater damaged. The wife of the cafe owner, Mrs. R. L. Murray, became hysterical and was hospitalized. Rosa Lee Patterson, a cook in the cafe, suffered cuts on the face. Mrs. Laura Whitmire, 49, suffered bruises when struck by a sign.

At Snyder, the wind lasted about five minutes after striking about 6 p.m. a blinding dust storm occurred. Electric lines were blown down in places and the state highway patrol blocked off danger areas.

Big Spring carrier had winds that reached a steady 60 miles an hour and whistled up to 80 miles in gusts. No damage was reported.

At Colorado City, the twister was accompanied by half an inch of rain.

Constellation With 40 Aboard Missing

DAKAR, FRENCH WEST AFRICA—(P)—A Pan-American World Airways Constellation with 40 persons aboard vanished Friday along the West African coast on a flight from Johannesburg to New York City.

The plane was more than 10 hours overdue at Roberts Field near Monrovia, the capital of Liberia, after leaving Accra on the Gold Coast.

(Pan-American said in New York the plane, carrying 31 passengers and a crew of nine, had been due at Roberts Field at 9:45 p.m. (EST) Thursday, but that it reported 45 minutes later it was unable to sight the field. This was the last word from the missing sky giant.

(The plane was piloted by Capt. Frank J. Crawford of Huntington. Most of the crew members were from the New York metropolitan area.)

A dozen French planes and other craft scoured land and sea areas for trace of the plane. Dakar Airport said at 6:45 a.m. (EST) that the plane still had enough fuel to remain in the air.

The nearest U. S. Army rescue bases which could be useful in the search are at Port Lyautay in French Morocco and Tripoli on the Mediterranean.

Mrs. Folger, 65, Dies; Rites Pending

Mrs. Katherine Folger, 65, died Thursday at the residence of her son, Houston Folger, 904 West Louisiana Street.

She was visiting here and had been in the city about a month. Mrs. Folger lived in Portland, Ore.

Funeral arrangements are pending. Newell W. Ellis Chapel is in charge.

Survivors include the son of Midland; a sister, Mrs. Grace Noeth of Portland, Ore.; and six grandchildren.

Woman Sentenced For Drowning Child

EL PASO—(P)—Mrs. Pearl Johnson, 29, was sentenced to 15 years in prison Thursday night in connection with the death of her newly-born infant March 24.

The jury was out six hours and 45 minutes.

She was charged with drowning the child in a bathtub, burning the body and interring the remains in the desert just outside the city.

West Expansion Is Assured For Spraberry Trend

MIDLAND, Texas — West expansion of the Spraberry trend in Midland County has been assured in two Sohio Petroleum Company wildcats.

The company's No. 1-A Hutt, slightly over one mile west of the closest completed well in the Driver-Spraberry field, is at total depth of 7,323 feet swabbing to test with 2,500 feet of oil in the hole.

The Spraberry was topped at 7,228 feet. Operator cemented seven-inch casing at 7,195 feet.

The open hole section is being swabbed natural. Operator will treat the test with Hydracraft before a completion try is made.

Location for No. 1-A Hutt is at the center of the northeast quarter of the northeast quarter of section 8, block 37, T-4-S, T&P survey.

One and one-half miles north of No. 1-A Hutt, Sohio is drilling in the Spraberry below 7,240 feet with 100 feet of oil in the hole.

The Spraberry was topped by samples at 7,230 feet. The oil rose in the hole while it was being drilled from that point to its present drilling depth of 7,240 feet.

Casing is cemented at 7,175 feet. This expected producer is one and three-quarter miles northwest of the closest production in the Driver-Spraberry field and two and three-quarter miles west and slightly south of E. E. Fogelson and Edwin W. Pauley No. 1-48 Judkins-Walton, recently completed one and one-half miles southwest extension to the Tex-Harvey field.

No. 1-B Hutt is located at the center of the southwest quarter of the southeast quarter of section 6, block 37, T-4-S, T&P survey.

C-S Lubbock Gets Deep Prospector

Seaboard Oil Company of Delaware has staked location for a Central-South Lubbock County wildcat 15 miles south and slightly west of the city of Lubbock.

No. 1 Edna Davis will be at the center of the southwest quarter of the northeast quarter of section 36, block 20, H&T survey.

It is on a large block of acreage which Seaboard owns in that area. Contract depth is 10,000 feet to test the Pennsylvanian. Operations will start in the near future.

Norsworthy Stakes Tom Green Project

C. L. Norsworthy, Jr. of Dallas will drill the No. 1 J. W. Duff in Southwest Tom Green County nine miles southwest of Christoval.

The wildcat will be located 2,420 feet from north and 1,890 feet from west lines of section 15, block 21, H&T survey.

It will be projected to 7,500 feet with rotary tool.

The project is five miles southwest of two failures drilled by J. K. Dorrance on C. D. Adkins land.

The deep wildcat is on a farmout from American Republics.

Pennsylvanian Test Spotted In Scurry

American Republics Corporation and others have staked location for their No. 1 Allen Simmons and others as a wildcat in Central-East Scurry County.

Location is 660 feet from north and west lines of section 99, block 2, H&T survey and three miles north of Camp Springs.

Rotary tools will be used to drill to 8,500 feet to test the Pennsylvanian. Operations will begin at once.

Wildcat Staked In NW Glasscock Area

Stanolind Oil & Gas Company No. 1-A H. A. Houston is to be drilled as an 8,000-foot Spraberry wildcat in Northwest Glasscock County.

Drill site is 680 feet from north and west lines of section 2, block 36, T-2-S, T&P survey and six miles southeast of Stanton. That puts it one location south of E. E. Fogelson and Edwin W. Pauley No. 1 Houston which is an active wildcat.

Location also is two and three-quarter miles northeast of production in the Germania-Spraberry field of Northeast Midland County and 10 miles north of production in the Glasscock County side of the Tex-Harvey-Spraberry field.

Locations Spotted In Midland Driver Texas Crude Company and James H. Snowden have each staked location for a test in the Driver-Spraberry field of Southeast Midland County.

The Snowden project will be approximately one mile east of production at the north side of the field and 1,980 feet from north and east lines of section 15, block 37, (Continued On Page Two)

LAST PHONE IS TESTED—Mrs. D. I. Strickland, 1104 East Golf Course Road, finally got to talk Thursday afternoon over the telephone for which she had waited a year. Her phone was the last one tested before the new dial system was reported ready to go into operation at midnight Saturday night.

Decision Giving Land To Texas Is Upheld

NEW ORLEANS—(P)—The U. S. Fifth Circuit Court of Appeals has upheld a decision that 16,909 acres of land along Laguna Madre in Texas belong to that state and not to the huge Kenedy Ranch.

It ruled in an opinion handed down Wednesday and made public Friday that leases on part of the land, sold to Sun Oil Company, stand. It held that Humble Oil Company and Kenedy Ranch must relinquish claims which cast a shadow on the state's title and the Sun Company leases.

Which Comes First, Location Or Rig?

The optimistic oil industry at Midland: Reporting plans for digging a well, one company declared: "We are staking location for a discovery well in so and such field, drilling to start immediately."

Their Old Films On TV Don't Fret These Actresses

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — (NEA) — At least two movie queens don't care about old movies haunting their new star-spangled careers. Sally Forrest, who delivers an Oscar-quality job in "Hard, Fast and Beautiful," blushed when I brought up the claims of an independent producer that she cavorted around in her birthday suit in a little film number tagged "The Daring Miss Jones" several years ago. "I was 14 or 15 when I did it," she said, "and the film was so bad no theatre wanted to show it then. But anybody with good eyes can see that I'm fully clothed."

Ruth Roman laughed about an early western, "White Stallion," now being shown on TV. "I think it's fun," she said. "But I'll really hide my head if they ever show an old serial I made called 'Loethal, Mystery Queen of the Jungle.' "They had me in a lava pit, they shot me six times and then they let me get caught in an avalanche. This dame could never die. But I died. I was awful!"

John Boles and George Temple, Shirley's pop, will soon announce the opening of a big industrial war

from another world

Short Takes: Sam Goldwyn's "I Want You" is now in its fourth rewrite. Wags have retitled the story. "I Want You Again. Again, and Again." Alan Ladd's first independent, for his own company, will be a western, "Shadow Riders of the Yellowstone." The supper club dancing hit, Marge Champion, it's just been revealed, is the kid sister of Lina Basquette, one-time star. Lana Turner is reading a Civil War script, "When We Live Again."

Permian Basin Oil And Gas Log-

(Continued From Page One)
T-4-S, T&P survey. It will be dug as No. 1-15 Driver.
Texas Crude will drill No. 8-16 Driver one location north of production in the field.
Drillite is 600 feet from north and 1,800 feet from east lines of section 16, block 37, T-4-S, T&P survey. Both ventures are to be drilled in order to test the Spraberry which is the regular pay of the field.

Oil Stain Found In Crockett Venture

Additional oil staining and odor in fractures in cores continue to be recovered at Continental Oil Company No. 1-A J. M. Shannon, wildcat in North-Central Crockett County.
The latest core from 7,161 to 7,170 feet recovered 18 feet of dolomite with light oil stain and odor in fractures. Operator was preparing to core deeper.
Oil had previously been logged on a drillstem test from 7,100 to 7,180 feet.
Estimated recovery was 2,200 feet of clean oil and 510 feet of oil and gas-cut mud. After this test a core to 7,151 feet recovered eight and one-half feet of dolomite carrying oil shows.
The Ellenburger topped at 6,949 feet yielded some gas on a drillstem test from 6,900 to 7,000 feet.

Wellman Field To Get New Project

Anderson-Prichard Oil Corporation No. 1 Harmon Scales is a new project one-location outside of production on the northeast side of the Wellman-Wolfcamp field of Southwest Terry County.
Drillite is 600 feet from north and west lines of northeast quarter of section 12, block C-36, pal survey. That makes it approximately 10 1/2 miles southwest of Brownfield.
Projected depth is 10,000 feet. Rotary tools will be moved in and drilling will begin in the near future.

This Is No Bubble Bath....
it's delightful, refreshing
Soft Water
Far more luxurious than a bubble bath — more refreshing — more cleansing, is a bath in soft water's voluminous silky suds. It's delightful, relaxing and saving on expensive bath soap. Leaves skin so smooth, so clean, so soft from head to toe. No bath tub ring either.
Lindsay Automatic Water Softner
Yours for as little as
\$17.00 Down — \$5.55 a Month
LAUNDRY — Sparkling white washes with half the soap and much less work.
DISHWASHING — Dishes, glassware dry to a sparkle without toweling.
SHAMPOOS — Soft water shampoos reveal true hair beauty. Leave no ugly, dull film.
SHAVING — Soft water gets beards off easily and comfortably. No razor pull.
See For Yourself
Without cost or obligation, see Lindsay soft water in action with your dishwashing, your own laundry. Try it on your own skin in your own home. You'll be amazed and delighted, particularly when you discover you can own a Lindsay for only a few cents a day.

VFW MEETING OPENS

DALLAS —(AP)— Ten thousand Texas Veterans of Foreign Wars and their wives are expected for the thirty-first annual convention of the VFW which opened here Friday. The convention will be closed Monday morning when Gov. Allan Shivers addresses the group.

EMERGENCY PATIENT

John David Yess of 1008 West Dakota Street was given emergency treatment Thursday night at Midland Memorial Hospital for a finger injury sustained while he was rolling pipe at an oil field.

SHOULDER, WRIST INJURED

Charles W. Clifton of 600 East Florida, an oil field worker, was given emergency treatment at Midland Memorial Hospital Thursday night for shoulder and right wrist injuries. A pick-up line fell 30 feet, striking him a glancing blow on his shoulder. He injured his wrist as he fell.

Police Decide Tough Case With Confidence

A Midland woman took one look at the dark clouds Thursday afternoon, glanced over at the carpenter she had hired and immediately called city police. "I wish you would send someone out here to make that carpenter work faster," she said. "He's supposed to be putting on a new roof and I'm afraid he's not going to get through before it starts raining."

JARRETTS HAVE DAUGHTER

Mr. and Mrs. Ronald Jarrett of Midland are the parents of a daughter, June, born Thursday. The baby was born on the birthday of her paternal grandmother, Mrs. Walter Jarrett of Oklahoma City. Mrs. Susie G. Noble of Midland is the maternal grandmother.

UNDERGOES SURGERY

Mrs. J. D. Livingston, 406 South Main Street, underwent major surgery Thursday at Western Clinic Hospital.

Custom Made Drapes and Bed Spreads. All work done under supervision of Mrs. Myrl Smith, formerly with La Nell's, Interior Decorators of San Angelo. Phone 860

Mrs. Cowden Is Guest Speaker

ANDREWS—Mrs. W. E. Cowden, president of the Midland Garden Club Council, was guest speaker Tuesday at the organizational meeting of the Andrews Garden Club. The group met in the Community Building.

The speaker was introduced by Mrs. J. P. Roach, temporary chairman. Accompanying Mrs. Cowden to Andrews were Mrs. Willard Bumpass, president of the Midland Garden Club; Mrs. Harry Murray and Mrs. H. W. Mathews, chairman of the horticulture committee.

Mrs. Cowden told the group the purpose of such a club was to create interest for the beautification of the home, city and county. She named the various offices and committees and explained their duties.

It was decided to hold an election of officers at 2:30 p.m. Tuesday. Mrs. Roach appointed the following committees: Mrs. A. C. Mize, Mrs. C. G. Carruth and Mrs. Claude Neely, nominating; Mrs. Otwell Ogden, Mrs. C. G. Gerber and Mrs. L. Z. Brown, constitution and by-laws; and Mrs. Henry Shirley, Mrs. John Lee and Mrs. W. B. Frazier, naming.

Others present were Mrs. Maurice Triplehorn, Mrs. Ray Porter, Mrs. J. L. Williford, Mrs. Hal Lonis, Mrs. Lawrence Ogden and Mrs. Percy Morrison.

Grey Heads Southern Baptist Convention

SAN FRANCISCO —P— A former Denton Texas pastor, Dr. J. D. Grey, heads the Southern Baptist Convention as president.

Dr. Forrest Freezer, pastor of Waco's First Baptist Church, and Dr. W. B. White, president of Baylor, are first and second vice presidents.

Dr. Grey, 44, is the youngest president in the conference history. He has been pastor of the First Baptist Church in New Orleans since 1937.

Miriam Circle Elects Officers

Officers were elected for the coming year at the meeting of the Miriam Circle of the St. Mark's Methodist Church held Thursday in the home of Mrs. A. E. Patterson.

Mrs. T. J. Smith was elected to serve as chairman and Mrs. Patterson, as co-chairman. Other officers are Mrs. Dale McReynolds, secretary-reporter, and Mrs. Nat Terry, treasurer.

Mrs. Patterson reported on the WSCS West Zone meeting held in Andrews, and plans for the new year book were discussed.

The next meeting of the circle will be a covered dish supper Wednesday at 7:30 p.m. in the home of Mrs. Patterson, 401 West Parker.

1950 Class Reunion Held In Andrews

ANDREWS—The class of 1950 of Andrews High School held a reunion Saturday night in the County Park.

Approximately half of the 35 members of the class were present at the weiner roast held in their honor.

Guests were Bob Fowler, Janette Huxton and Tom Burks of Eunice, N. M.

Others present were Berry Neal Nixon, Millie Ree Nix, Barbara Hamilton, Anna Lou Jones, Eugene Stephenson, Royce Stewart, Mrs. Minnie Lois Fowler, Charlene Goodall, Jimmie Strickland, Virginia Ann Brown, Margaret Duncan, Gilbert Madison and Mary Ann Brown, class sponsor.

That Pain, Junior, Is Nothing Funny

Reilly Bryant called on police Thursday night to help keep youngsters from a pear tree at his home at 101 North C Street.

It wasn't, he explained, that he'd miss the pears so much. But they were still green and he was afraid the youngsters would wind up with a stomach ache.

Calf Show Change To Be Discussed

Club Calf Show leaders were to meet at 4 p.m. Friday at the Chamber of Commerce to discuss a proposed change in operation of the annual event.

At the meeting will be the 4-H Club and FFA committee of the Chamber of Commerce, headed by Bob Coffey, and a Midland County Club Calf committee headed by A. G. Bohannon, president of the group.

BROKEN ARM

Mrs. J. E. Bruce, a night nurse at Western Clinic Hospital, suffered a broken arm Thursday in a fall on concrete steps at her home in the Magnolia Camp near Midland.

TREATED FOR SUNBURN

Bill Repman, aged 21 months, was treated at Western Clinic Hospital Thursday for extreme sunburn of the back and shoulders.

Mrs. Borland Is Methodist Hostess

Mrs. Clarence Borland was hostess to the Naomi Circle of the St. Mark's Methodist Church Thursday at a meeting in her home.

Mrs. J. W. Graham, program leader, presented the Book of Ruth from the Bible. The next meeting will be held July 5 in the home of Mrs. Richard Venator, 404 West Parker Street.

Those attending were Mrs. R. H. Richard, Jr., Mrs. William Matthews, Mrs. Sam T. Crews, Mrs. Cy Curry, Mrs. G. C. Merket, Mrs. G. Aham, Mrs. G. L. Dawkins, Mrs. Tanner Laine, Mrs. John C. Luccock, Jr., Mrs. Venator and Mrs. William Owens, a guest.

Beauceants Initiate Mrs. Bernice Hughey

Mrs. Bernice Hughey of McComb, Miss., was initiated Thursday into the Social Order of the Beauceants. The group held a business meeting in the Masonic Hall.

Following the meeting and initiation, the Beauceants had a pot-luck supper with the Knights Templar.

This meeting will be the last for the club until September.

WSCS West Zone Meets, Elects Head

ANDREWS—Representatives from Midland, Stanton, Big Spring, Sweetwater, Ackerly and Welch were guests of the local chapter of the Women's Society of Christian Service as West Zone delegates met recently in the Methodist Church.

Mrs. R. C. Baker of Midland, zone leader, presided throughout the day. Mrs. G. N. Brown was elected zone leader for next year.

Mrs. W. O. Miller, district promotion secretary, conducted an officers training program during the afternoon session.

A luncheon plate was served during the noon hour.

Shower Given For Jaundell Chesney

ANDREWS—Juandell Chesney, bride-elect of Mack Middleton, was complimented with a bridal shower Saturday afternoon in the Community Building.

Co-hostesses for the affair were Rosamary Stewart, Jean Nelson, Mrs. W. L. Thompson, Mrs. Henry Shirley, Mrs. C. V. Campbell and Mrs. N. W. Williams.

The bride's chosen colors of pink and green were carried out in the decorations and refreshments. Seasonal flowers filled the rooms.

Miss Nelson presided at the guest register.

Miss Stewart and Mrs. Shirley alternated at the refreshment table which was laid in lace and centered with a lovely arrangement of pink gladiolus and fern.

Approximately 75 guests called during the afternoon.

PLANS SUNRISE BREAKFAST

The First Methodist Fellowship Class will have a sunrise breakfast at 7 a.m. Sunday in the home of Mr. and Mrs. Charles Reeder, 507 North San Angelo Street. The breakfast meeting will take the place of the regular Sunday morning class. N. G. Oates is the teacher.

ADMITTED FOR SURGERY

Mrs. Bill Countiss, Route 1, was admitted to Western Clinic Hospital Friday morning for minor surgery.

FALLS FROM BIKE

Bill Roberts, 2800 Franklin Street, a high school student, suffered a broken collar bone in a fall from a bicycle Thursday. He was given emergency treatment at Western Clinic Hospital.

GLASS IN FINGER

Nathaniel Green, a dishwasher for Rendezvous cafe, was given emergency treatment at Western Clinic Hospital Friday for removal of glass from fingers received while he was at work.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 23, 1961-3

Community Theater Presents Barry's 'Philadelphia Story'

Fashionable Philadelphia came to Midland Thursday night in the Community Theater's spirited presentation of "The Philadelphia Story."

Philip Barry's comedy played to a full house of appreciative Midland first nighters in the City-County Auditorium. Curtain time was 8:30 p.m.

The story concerns an eventual 24 hours in the lives of the Seth Lords, bulwarks of Philadelphia society. And, particularly, it concerns the soon-to-be-married daughter, Tracy Lord, capably played by Elizabeth Pennebaker.

Complications center around the three men in her life, C. K. Dexter Haven, George Kittredge, and Macaulay Conner. Charles Dixon takes the role of Haven, Tracy's first but not-to-be-ignored husband. Her fiance, Kittredge, is played by Fred Reiter and Robert C. Whitaker is cast as Conner, the cynical writer sent to Philly for an inside story on the town's so-called upper crust.

Tracy's little sister, Dinah Lord, is played by Carolyn Paris and her understanding brother, Alexander, by William Cumberland, Jr. Sonya Birmingham takes the part of Tracy's mother, Margaret, and William Pomeroy, Jr., is cast in the role of the girl's father, Seth, whose passion for an exotic dancer is just one of the complicating factors.

Uncle Willie Tracy, convincingly played by Randolph Cronyn, is the lovable family reprobate with a tendency to pinch pretty girls. Donna Conkling takes the part of Elizabeth Imbrie, girl photographer who accompanies Conner on his assignment and consequently becomes a victim of Uncle Willie's habit.

Dorothy Meadows, Dolores Franklin and James Hogan are cast as family servants, Elsie, May and Thomas, and Hal Shaner is the night watchman, Mac.

Life for the Lords leads from mere confusion to near-chaos, but it's amusing for the audience and the novel twist at the end solves the problems quickly. All the members of the cast turned in polished performances.

The play, under the direction of Art Cole, will be presented at 8:30 p.m. Friday and Saturday in the City-County Auditorium. It is the theater's last regular production until Fall.

Tickets are on sale at Tallorline and at the theater box office in the auditorium on performance nights. Reservations must be picked up by 8 p.m. on the night of the show.

Coming Events

SATURDAY

The Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Dunbar Branch. At Terminal the time will be 10 a.m.

Rushings Plan Andrews Home

ANDREWS—Jean Nix, daughter of W. A. Nix of Odessa, and Pat Rushing, son of R. E. Rushing of Monahans, were united in marriage recently in the parsonage of the First Baptist Church in Raymondville. The Rev. Kendrick read the single-ring ceremony.

For her wedding the bride chose a powder blue dress of salyna with rhinestone trim at the neckline. Her hat was of blue milan straw trimmed with a similar rhinestone arrangement. She chose pink and navy accessories and a corsage of pink roses.

Dr. and Mrs. Ralph Rushing, brother and sister-in-law of the bridegroom, were the attendants. The couple will be at home in Andrews.

Mrs. Rushing is a graduate of the Hendrick Memorial School of Nursing in Abilene. For the last year she has been employed at the Andrews County Hospital. Rushing is employed at the Stanolind Gasoline Plant.

Girl Scout Day Camp Will Open In Andrews

ANDREWS—Girl Scouts in this area will begin their first day camp, June 25. The camp, which will last until June 29, will be held on the M. J. Thornberry Ranch, 18 miles east of the city on the Kermit Highway.

More than 20 girls have registered for this camp. Mrs. Ralph Ramsey, business manager, said.

Mrs. Roy Brown, camp director, has announced that the camp will last four hours a day. The girls will cook one meal out each day.

Lashing and rope tying will be taught as well as outdoor cooking and camping. Other camp activities are featured in a display this week in the St. Clair Department Store window.

A campfire will be held on June 29 as part of the final camp program. All parents and other persons interested are invited to attend.

It was announced that Girl Scout Troops 3, 4 and 5 will disband for the summer following the close of day camp at the monthly meeting of the Girl Scout Council held in the Community Building.

After the council meeting, the Leaders Club discussed final plans for the day camp.

The next council meeting will be held July 23. A meeting of the by-laws committee is called for July 27 in the home of Mrs. Ray Frazier.

Present at the meeting were Mrs. Floyd Weir, Mrs. Charles Vincent, Mrs. Cecil Gerber, Mrs. Henry Shirley, Mrs. Roy Brown, Mrs. Ralph Ramsey, Mrs. Deral Brewer and Mrs. Frazier.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's Pills have helped you feel better. Doan's Pills—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

Guide For Free Speech

It is being said by some earnest men that the Supreme Court has seriously abridged free speech in upholding the conviction of the 11 top U. S. Communists.

The issue at stake is fundamental to American freedom, and none of us dares pounce upon the sincere doubters as if their disagreement throws them automatically into the category of subversives.

At the start we have to remember that freedom of speech never has been pure and absolute. You may not recklessly defame your neighbor, you may not incite to riot, you may not libel in the public prints.

In 1940, Congress passed the Smith Act, which added another restriction. That act declares that you may not teach or advocate the overthrow of this government by force or violence. Until now it has not been tested in the high court.

Overt action aimed at overthrowing the government long has been guarded against by the courts. The late great Justice Oliver Wendell Holmes set forth the guiding principle: the government may move to stop or to penalize any act which represents a "clear and present danger" to the state.

The Smith law is in effect an extension of this principle. It placed "teaching and advocating overthrow" in the same class with overt action toward overthrow.

The Supreme Court, by a six to two margin, has declared that extension legitimate. It has said, in other words, that men who teach and advocate the overthrow of our government can represent just as distinct and immediate danger as men who are about to pick up guns in revolt.

If you read even a small portion of the trial testimony in the 11 Communists' case, you can conceive why they might conclude thus. The testimony established beyond doubt that Communist leaders in this country teach a ruthless scientific technique of revolt and sabotage, and that they teach it with the intent that it shall be used.

As Chief Justice Vinson observed in his majority opinion: "It would be . . . wrong to treat it (the conspiracy) as a seminar in political theory." The teaching and practice of communism is no mere exercise in ideas. It is a highly refined planning and preparation for revolution.

By the same token, in a very important sense every Communist is an agent of the Soviet Union, since the allegiance of the U. S. Communist Party to the Kremlin also was well established by the trial. The difference between a Russian spy and a full-fledged party member is only one of degree.

Consequently, the question is: At what point in the development of this conspiracy may you move in to disrupt it? Must you wait until men are about to pick up guns against the government?

In the Smith Act, Congress said "no." It said you may curb the revolt in its formative stages, for to delay too long may be to give too much advantage to highly trained, iron-disciplined professional revolutionaries.

The Supreme Court now endorses this view. It says in effect that it is naive, foolish and downright dangerous to look upon the activities of the Communist Party as the reasonable doings of a legitimate political party. It labels the party—properly—as a society of practicing revolutionaries.

The court does not believe such men and such a party can rightfully cloak their conspiratorial plotting with the protections of the U. S. Constitution. The free speech Communists now demand for themselves, would die the day they came to power.

The Supreme Court wisely has decreed that American freedoms may not be used by men bent upon obliterating them. It has denied that democracy must carry within it the seeds of its own destruction.

'New Year' Resolution

It's too late for New Year's resolutions, but maybe July 1 would be a good date for a fresh resolve, since that's the start of the federal fiscal year, if nothing more.

Anyway, here's a thought: Let our senators and congressmen resolve not to utter again that battered, shopworn, overworked political cliché—"our American boys."

To be brutally frank, too many of those who intone this phrase don't have any real idea what "our American boys" are going through in Korea. They are interested in the political value of the emotions stirred by those words.

If these lawmakers did care about our young men, they would have hastened to enact new taxes and other anti-inflation measures, they'd have voted for a real, immediate UMT, they'd support a big defense program without invoking false arguments for economy, and they'd work for the most iron-clad system of political alliances with other free peoples—for our own selfish interest.

Until they have taken this kind of courageous action, they cannot rightfully pose as the protectors of American youth.

The Road Back

The Washington Merry-Go-Round

By Drew Pearson - (Copyright, 1951, By The Bell Syndicate, Inc.)

Drew Pearson says: Tax gravy on war contracts should end; German manufacturers work with Communies in shipping to Russia;

Truman threatens veto of appropriations if funds are cut. WASHINGTON—Defense Mobilizer Charles E. Wilson has sent letters to about 20 government agencies cautioning them on one of the worst scandals of mobilization—unjustified tax amortization.

This is the system whereby manufacturers are permitted to write off the cost of a new factory for tax purposes in five years instead of 30. While this tax concession is a big boost to war production, a House subcommittee headed by Congressman Porter Hardy of Virginia recently issued a scathing blast against tax favoritism for certain firms.

After issuing the report, the committee called on Mobilizer Wilson and made a flat-footed demand that he change some of the personnel who had handed out tax concessions, among them Frank Creedon of the National Production Authority. Creedon was revealed by this column in 1946 as the official who permitted the Tanforan Race Track to be rebuilt when housing materials were scarce, and who permitted construction work on a burlesque theater in Columbus, Ohio, and the Burger Brewing Company in Cincinnati. Despite this, he was placed in a key spot in the NPA, where he now has come in for criticism by the Hardy committee.

Urged by Congressman Hardy to shake up the personnel who handle tax amortization, Mobilizer Wilson hesitated. Noting the hesitation, Congressman Hardy snapped: "Mr. Wilson, we are here to work out suggestions in a friendly way. But if we don't get cooperation, we will have to shift our target." Wilson looked up over his glasses, a little startled at this implied threat that he would be next to come under the committee's guns.

"I agree that we will have to make some changes," Wilson finally replied. "But the problem is to get the right men to serve." The committee, which included Jack Shnelley of California, Dick

Boiling of Missouri and Walter Riehlman of New York, went away believing that Wilson will improve the situation.

Smuggling To Russia Inside fact about the war materials being smuggled into Russia is that some of the biggest German firms are guilty. This is confirmed by a confidential report given the State Department by U. S. High Commissioner John J. McCloy who estimates that \$250,000,000 worth of ball bearings, chemicals, carbon black, nickel, machine tools, airplane parts, steel tubing, bomb cases and scrap iron is moving behind the Iron Curtain every year.

McCloy's probe reveals the stage was set for mass exports to Russia at a secret meeting in Dusseldorf in November, 1949, when an unnamed East German Communist met with Ruhr industrialists and promised them an unlimited market for steel products and machine tools in China, Czechoslovakia, Rumania, Hungary and Austria. Present at this meeting were a number of Ruhr manufacturers who played ball with Hitler.

The evasion of American prohibitions against shipments to the Iron Curtain became so open that Ruhr businessmen took advertisements in Eastern German Communist newspapers, as I reported from Germany last winter. At least two of these firms, Guethhoffnungs Werke and Demag, both large recipients of Marshall Plan aid, advertised in the Communist press. One newspaper even reported in detail how manufacturers might evade U. S. restrictions on shipping behind the Iron Curtain.

Truman Will Veto President Truman privately has advised congressional leaders that he will veto all appropriation bills that have been slashed by the so-called "horizontal," 10 per cent, across-the-board method.

Such a veto is extremely difficult for any President because to hold up an appropriation bill may mean that a large part of the government will be stymied for lack of funds. However, Truman talked as if he meant business.

He pointed out that the technique of GOP Senator Ferguson of Michigan and other economyites who want to prune federal expenditures without the bother of considering appropriations item by item operates more like a scythe than a pruning knife, since worthy, or even vital items must suffer the same percentage slash as less important items.

The President added that he intended to veto any or all appropriations reduced in this manner even if it meant tying up funds for the government's entire domestic program. In that event, he emphasized, the responsibility would be on Congress, not on him.

"I have decided to do this for two reasons," Truman explained. "One is that Congress is not doing its duty when it arbitrarily reduces an appropriation by the horizontal method. The other reason is that cutting funds for the executive departments in this way may be unconstitutional."

"I am doing my duty when I send carefully drawn budget estimates to the Congress on what we need to run the government. Congress is evading its duty when it makes an across-the-board reduction in these estimates. Its job is to consider each item on its merits and make specific cuts."

Washington Pipe Line The Defense Department is preparing a bill for Congress, freeing all present reservists in the Armed Forces Reserve. However, World War II veterans will not be called except in case of a congressional declaration of emergency. . . . Senator Wiley of Wisconsin has asked the Labor Department to investigate racketeering in the labor unions and to assist the Senate Crime Committee in uncovering hoodlums who infiltrated into the labor movement. Wiley cited the recent series of killings, bombings and beatings in the Chicago Teamsters' Union. . . . Pat Hurley wartime ambassador to China, tried to get appointed special counsel to the Republican senators investigating the MacArthur controversy. He offered to prepare the case against Secretary of State Acheson and to supply them with embarrassing questions to ask Acheson. However, the Republicans decided they could handle Acheson alone. . . . GOP strategy on Acheson now has been reversed. Instead of trying to prove Acheson appeared the Communists, Republican senators ironically are accusing Acheson of provoking the Korean war against the Communists. . . . Maine's Senator Brewster is demanding an investigation of the Army Engineer's Boston office because Maine contractors are not getting their share. Brewster's son, Charles, is counsel for the big T. W. Cunningham Construction Company of Bangor.

So They Say Administration spokesmen state we will not be in a position to defend ourselves against Russian attack until 1953. The implication. . . is that until that time we invite aggression. —Sen. Richard M. Nixon (R., Calif.). Like scarecrows in a cornfield (Republicans are) blowing whichever way the wind blows in an effort to get partisan advantages. —Charles F. Brannan, secretary of Agriculture.

The belief that miracles of luck can be substituted for honest effort and solemn work. . . . must not win in the contest with Christian conscience and character. —Dr. Hugh I. Evans, Presbyterian minister, Dayton, O.

Today's mission of the medical sciences looks far beyond its traditional healing functions to the social and environmental factors which cause physical, mental and emotional disability and thus undermine our social institutions. —Dr. Raymond B. Allen, president, U. of Washington.

To be an actress you have to think like a man, have the viewpoint of a man and the independence of a man. It's hard with a guy to put up with that. —Joan Blondell, movie actress.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

When you get a bad result in ordinary rubber bridge you can often mumble an excuse that will often sound plausible. In tournament play, however, your excuse may be disproved by what happens when the same cards are handled by other players.

For example, today's hand was played in a team match. In the first room East put in an overall of two clubs. South promptly doubled, and East took a loss of 800 points.

"Very unlucky," said East. "However, the chances are that the same thing will happen at the other table. If they don't bid clubs there, South will get to three no-trump and will score 600 points. So my bid won't cost more than 200 points—if that much."

A nice try at an excuse, but not good enough. In the other room

Bridge score table with columns for NORTH, WEST (D), EAST, SOUTH, and Pass. Opening lead—4 10.

East did not bid clubs. But West made the galling lead of the ten of clubs anyway. His reason for the choice is quite instructive.

West had one of the most hopeless hands ever held on land or sea. He knew that he couldn't beat three no-trump unless his partner had a very good hand. Why hadn't East bid if he had such a fine hand?

This was the core of the problem. East might have had a good hand and a suit that could be shown at the level of one. East might be afraid to bid if his only decent suit would have to be shown at the level of two. This, of course, was exactly what had happened. In short, West reasoned that the contract was probably unbeatable unless his partner had a good club suit and a hand that was just short of a safe bid.

When West led the ten of clubs, East signaled enthusiastically with the seven. South ducked, and West continued the suit. East put up the jack, and South won with the king. South could not make his contract without developing either hearts or diamonds. In either case East was bound to gain the lead, whereupon his clubs defeated the contract.

This result made the first East player look pretty sick. He had lost 800 points on his table on cards that had won 100 points in the other room.

What really is needed to clear up this situation is some testimony from John Foster Dulles. He was in Japan when the Korea war broke out, and he knows exactly what General MacArthur thought about it at the time. This might show that Ambassador Dulles had an equally important part in getting this war started.

2. Air Force Chief of Staff Gen. Hoyt S. Vandenberg's testimony also presented some puzzles. He declared the U. S. Air Force was operating on a "shoestring" basis. He said the Korean war wouldn't be conclusive even if U. S. bombers knocked out Manchuria and the principal cities of China.

This doesn't sound at all like the statements being issued when the Air Force was feuding with the Navy a couple of years ago.

3. Senator Taft and Lt. Gen. Albert C. Wedemeyer also would seem to be at considerable odds over how to end the Korean war, or else Senator Taft has greatly changed his views.

4. Most of the eight days Secretary Acheson was on the stand were spent in trying to hang full blame on him for the China debacle. But General Wedemeyer went a long way in his testimony in placing primary responsibility on General MacArthur.

That came through General Wedemeyer's revelation that in 1945 he wanted seven U. S. divisions to defend Manchuria. General MacArthur, as Pacific supreme commander, turned down the request. If approved, it might have prevented the rise of the Chinese Reds.

5. In recommending that the U. S. push the Korean war harder, General Wedemeyer even advocated bombing the Manchurian railroad and breaking with Soviet Russia. This is one to ponder.

As a basis for comparison, consider what would happen if the Russian air force dropped just one bomb on the 470-mile Alaska railroad that runs from Seward to Fairbanks. Would that start World War III?

6. General Wedemeyer was dead right, though, when in 1947 he prophesied that the Russian-controlled North Korean Reds would attempt an invasion of South Korea. He was way ahead of the pack on that one. And nobody paid him any attention.

But what all these cases prove, if anything, is that nobody but nobody can have all the right answers all the time.

WASHINGTON COLUMN

MacArthur Testimony Shows Nobody Has All The Answers

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Senate double-committee investigation into the firing of Gen. Douglas MacArthur now has reached a pretty confusing state. So much testimony has been taken that every witness appears to have stood on all sides of every question. It's possible to prove almost anything you want to by quoting only from parts of the testimony you may happen to agree with, or wish to believe.

Since the only fun of getting into an argument is to get everyone completely balled up, there are cited below a few examples on how the MacArthur dispute now can be reduced to near-absurdities. These are some of the points that will have to be cleared up if this marathon inquisition is to produce anything constructive at all:

1. Former Defense Secretary Louis Johnson testified that when the Korean war broke out, Secretary of State Dean Acheson was for opposing the aggression with U. S. air and sea-power alone. If that strategy had been followed, all of Korea of course would be in the hands of the Communists today.

Republican Senator Robert A. Taft up to now has been one of the principal advocates of using air and sea-power as deterrents to Communist aggression. So, at the start of the fight, Senator Taft and Secretary Acheson apparently held similar views on this point.

It was General MacArthur, according to Secretary Johnson, who first declared that air and sea-power alone would do no good. It was General MacArthur who said American ground troops would have to be used.

Whose War? That would seem to make it General MacArthur's war as much as Secretary Acheson's war. And it points up a possible great difference in views on strategy between Senator Taft and General MacArthur.

What really is needed to clear up this situation is some testimony from John Foster Dulles. He was in Japan when the Korea war broke out, and he knows exactly what General MacArthur thought about it at the time. This might show that Ambassador Dulles had an equally important part in getting this war started.

2. Air Force Chief of Staff Gen. Hoyt S. Vandenberg's testimony also presented some puzzles. He declared the U. S. Air Force was operating on a "shoestring" basis. He said the Korean war wouldn't be conclusive even if U. S. bombers knocked out Manchuria and the principal cities of China.

This doesn't sound at all like the statements being issued when the Air Force was feuding with the Navy a couple of years ago.

3. Senator Taft and Lt. Gen. Albert C. Wedemeyer also would seem to be at considerable odds over how to end the Korean war, or else Senator Taft has greatly changed his views.

4. Most of the eight days Secretary Acheson was on the stand were spent in trying to hang full blame on him for the China debacle. But General Wedemeyer went a long way in his testimony in placing primary responsibility on General MacArthur.

That came through General Wedemeyer's revelation that in 1945 he wanted seven U. S. divisions to defend Manchuria. General MacArthur, as Pacific supreme commander, turned down the request. If approved, it might have prevented the rise of the Chinese Reds.

5. In recommending that the U. S. push the Korean war harder, General Wedemeyer even advocated bombing the Manchurian railroad and breaking with Soviet Russia. This is one to ponder.

As a basis for comparison, consider what would happen if the Russian air force dropped just one bomb on the 470-mile Alaska railroad that runs from Seward to Fairbanks. Would that start World War III?

6. General Wedemeyer was dead right, though, when in 1947 he prophesied that the Russian-controlled North Korean Reds would attempt an invasion of South Korea. He was way ahead of the pack on that one. And nobody paid him any attention.

But what all these cases prove, if anything, is that nobody but nobody can have all the right answers all the time.

You know that you are much more efficient than many of your friends. WRONG: Point out better ways of doing things, whenever you are tempted to by their lack of efficiency. RIGHT: Remember that it is fine to be efficient if you don't try to boss other people around or continually offer unasked for advice. Advertise or be forgotten.

MISS MEADOWS entered the Hall of Mirrors and walked gravely down the aisle. She was wearing a gown of her impeccable city blacks, yet she gave off an almost overpowering suggestion that a train bearer followed behind her. She halted in front of the basket of diplomats, blocking Miss Dottle from the view, and swiveled a brilliant smile at the audience. She began, in an opulent contralto, "We at Beautiful-You wouldn't dream of having a graduation without our students' favorite people looking on, and that applies above all to husbands." She swiveled the smile again. "Because husbands pay, and you're all smart businessmen, so I know you want to be sure you get your money's worth. Tell me honestly, aren't you men pretty well satisfied? Do any of you want to trade in the new model for the old one?" A man's voice said huskily, "It's too late now," but this was taken as a joke.

Paris carried herself safely, even regally, across the platform. Nobody, seeing her, would have guessed she'd been the recent recipient of a black eye.

"And now Miss Green will say. . . ." At this point Miss Dottle nudged her employer, to indicate Miss Green was not one of the talking models. Miss Meadows shifted suavely: "Please accept this diploma with my personal congratulations."

PARIS took the beribboned object, and grinned toward the far wall. As she went back up the aisle, she leaned over and motioned to Lucilla, then pointed a thumb across the room. Lucilla thought Paris must be pointing out Harry, and pretended obligingly to look in that direction.

"Next, Miss Cleery," Miss Meadows said. While she was speaking, the lights in the Hall of Mirrors went out; the motion-picture screen flickered into action. Lucilla, squinting at the screen, could just make out the rump-sprung outline of Mrs. Cleery's Before. When the lights came on, the black-velvet shower curtains at the opposite end of the platform were being drawn apart by Miss Dottle, to disclose Miss Willitt ducking out the back, after having arranged the exhibit: Mrs. Cleery stood in the fish, while a soft pink spotlight shone on her.

Mrs. Coips came next. "And this student receives a special prize for Devotion to Diet," Miss Meadows announced. "A handsome crystal flask of our own Fountain of Youth astrigent." As she presented this token of esteem, there was a burst of clapping that sounded like a claque. That must be Harry, Lucilla thought, beating her own hands together until the palms stung. Paris must have told him about Mr. Coips. The rest of the audience joined enthusiastically.

"Start down now," Miss Willitt hissed from behind the draperies. Lucilla obeyed mechanically, but she was too giddy with happiness to have any notion of where or how she moved. Halfway down she skidded, missed a step altogether, reached out desperately to save herself, and landed like a dog on her hands and knees. There was a concerted gasp from the audience; Miss Dottle was stupefied with horror. Miss Meadows' mouth sagged open; perhaps she was thinking no Hollywood star had ever descended so low.

Lucilla wasn't conscious of any feeling in her legs—they might have been stilts—as they carried her to the center of the platform and up the nine steps. She was on the top one when she heard the clear little voice that rose like a bird cry: "Daddy, look, it's Mommy!"

"Venny if Lucilla's eyes didn't actually pick out Hoopy and Arthur in the front row, her heart recognized them in one violent beat. She stood on the top step smiling at them tremulously and unbelievably.

"Start down now," Miss Willitt hissed from behind the draperies. Lucilla obeyed mechanically, but she was too giddy with happiness to have any notion of where or how she moved. Halfway down she skidded, missed a step altogether, reached out desperately to save herself, and landed like a dog on her hands and knees. There was a concerted gasp from the audience; Miss Dottle was stupefied with horror. Miss Meadows' mouth sagged open; perhaps she was thinking no Hollywood star had ever descended so low.

(To Be Concluded)

Questions and Answers

Q—When were the radio and phonograph combined?

A—The radio and the phonograph, originally competitors, were combined for the first time into a single unit about 1926.

Q—Has the United States ever had a half-cent coin?

A—Minting of half cents began in 1793. However, they were not issued continuously and reports are not in agreement about the number coined annually and whether all of them in existence are genuine coins. Minting of these coins stopped in 1867.

Q—Was a fine actually imposed on Susan B. Anthony for voting in a presidential election?

A—Susan B. Anthony cast a vote in the presidential election of 1872, for which she was arrested and tried. She was found guilty and fined \$100. She said she would never pay a dollar of the fine, and she never did.

Q—What town is known as the "maple sugar capital of the United States"?

A—St. Johnsbury, Vermont.

Q—Where was the late Sinclair Lewis buried?

A—His ashes were buried in his home town of Sauk Center, Minnesota, the locale for many of his stories.

By BOICE HOUSE A negro man obtained a job moving timbers and cross-ties. At the end of his first day, he was about exhausted. He went to the foreman and asked, "Boss, is yo sho' you got my name right?" The foreman looked over the list and replied, "Yes, here it is—Simpson, John Simpson." The negro said, "Yes, suh, dat's me. I thought maybe you had me down as Sampson."

Answer to Previous Puzzle

Archbishop Pleads Guilty To Plotting Reds' Overthrow

BUDAPEST, HUNGARY (AP)—Archbishop Josef Groesz, Cardinal Mindszenty's successor as head of the Roman Catholic Church in Hungary, pleaded guilty Friday to plotting the overthrow of his nation's Communist government. For an hour he poured a full confession into courtroom microphones. The archbishop and eight other defendants went on trial before Judge Vilmos Otti, who sent Cardinal Mindszenty to prison on similar charges in the same courtroom. He also sentenced American businessman Robert A. Vogeler to 14 years imprisonment on spy charges. (Thus, the West faces the puzzle of another in the long series of "confessions" by defendants in Communist courts. Some believe these confessions are extracted by physical torture or through the use of drugs. Others think they are obtained simply by constant and skillful questioning by constant and without food and sleep. Vogeler, released recently, branded his confession "rubbish." He said he was worn down physically and mentally.) Groesz' confession was delivered in cool, collected tones, and included full admissions that he had plotted the overthrow of the Communist government. He linked American diplomats to his statements and a letter was introduced in which Pope Pius XII was pictured as urging the archbishop to resist the regime.

Inquiry—

(Continued From Page One)
thru for publicly advocating a naval blockade of China and bombing of Manchurian bases as well as use of the Chinese Nationalist troops. Ridgway then was appointed to succeed MacArthur. The Administration contends the steps MacArthur proposed would increase the risk of World War III and has instructed Ridgway to continue fighting a limited war in Korea. Barr told the senators he believes the nation never has had "a finer or more efficient Army" than the American Eighth Army in Korea. Barr headed a special China mission during World War II and held commands in Asia. One of the questions the senators wanted to explore with him is why the Chinese Nationalists were defeated in their struggle with the Communists. Barr has been quoted as saying the Nationalists never lost a battle for lack of U. S.-supplied ammunition. Barr now is commanding general of the armored center at Fort Knox, Ky., although temporarily here at the Army Medical Center at Walter Reed Hospital because of an operation. For a time, he commanded the Seventh Division in Korea, but was returned to the United States under rotation. As for Korean strategy, Barr told the inquiry committee that: 1. He is against bombing Chinese supply bases in Manchuria at this time. 2. Use of the Formosa-based Chinese Nationalist troops in the Far Eastern conflict would leave Formosa—last stronghold of the Nationalists—defenseless. 3. He favors a United Nations blockade of the China coast, but is opposed to the United States "going alone on it." 4. He believes the strategic value of Formosa is "principally in not letting the other fellow have it."

Bushnell Stresses Good Programs In JayCee Talk

H. D. Bushnell, new program chairman for the Midland JayCees, gave club members an outline of the basic organization of the new program committee for the coming year at the club's regular luncheon meeting Friday. Bushnell said a good program is one of the most important functions within the JayCee organization. He succeeds Dr. E. W. McCullough, who was program chairman for the past term. Frank Hawk, club president, announced that the JayCees will play the Midland firemen at 8 p.m. Saturday at Indian Park. Plans also were announced for the JayCees' part in Midland County's third mass X-ray survey that will be held for 10 days from Saturday through July 5. The JayCees have volunteered to provide free transportation to and from the X-ray unit for persons who want to have their chests X-rayed as a check for tuberculosis. Transportation may be had by telephoning 2310 Saturday, and after Saturday by dialing 23211. A car and driver will be on duty each day of the survey from 9 a.m. until 5:30 p.m. JayCee Thornton Hardie, Jr., has been selected chairman of the transportation committee.

City Council—

(Continued From Page One)
problem of assuring the city of enough water. "How much water will the city need this summer," asked Councilman J. W. McMillen. "Our peak demand, based on the increase during last Summer," answered Oswald, "will probably exceed 11,000,000 gallons daily. "Right now, we're able to produce approximately 1,500,000 more than we can pump into town. With the installation of the new booster pump, we will be able to pump into the city all the water the wells can produce at this time. "In fact, the new booster pump will give us an average of some 2,500,000 gallons." "This means that the booster will be able to pump that amount more than the wells can produce. Oswald then said the water engineering firm of Layne Texas had made surveys of the Cloverdale (Cole Park) field and recommended that the wells could be re-worked to produce more water. Our Recommendations? "I'd like to know," said McMillen, "if our own water department and engineering staff have any recommendations." "Yes, they have," said Oswald. "They recommend we drill at least one new well at Cloverdale and one at Wadley and at least one at Rosedale." "How soon can we drill them?" "If we made arrangements immediately, we could drill them in two weeks. Getting pumps and motors is something else." The council, all of whose members were present, then authorized the immediate drilling. Oswald asked the opinion of the council members on rationing the use of water in the city. He said sprinkling at the city's parks is now limited to twice weekly and he is discussing with school officials the possibility of limiting their use of water for school lawn purposes. Kept in Reserve He also said the city was keeping approximately 8,000,000 gallons of water in reserve in two storage tanks for use in the event of a fire or other emergency. Members of the council agreed that, as long as water was available for emergency purposes, rationing should not be undertaken at this time. Then, in considering the long-range water development program, the council listened to a report by Ed Reed, who heads a committee named by the West Texas Geological Society to make a study of ground water supply in the Midland area. Reed recommended further exploration work in certain areas believed to contain large water supplies and the council agreed to proceed in that direction. While the Colorado River Municipal Water District was discussed as another source of water supply, it was agreed to withhold action until the results of further ground water exploration are known.

Grayum Is Elected To Head Red Cross

Gerome Grayum, department store manager, was elected chairman of the Midland County Chapter of the American Red Cross for 1951-52 at a meeting held Thursday night in the ARC Building on West Indiana Street. Other officers chosen include R. M. (Bob) Payne, independent oil operator, vice chairman; Mrs. V. W. Rogers, secretary, re-elected; Mrs. W. A. Waldschmidt, treasurer, re-elected. Glenn E. Mershon, merchant, was chosen as a new member of the board of directors. Holdover directors are John M. Hills, retiring president of the chapter, and Thornton Hardie. A financial report was made at the Thursday night meeting and members inspected a new classroom addition to the Red Cross Building.

Congratulations To

Mr. and Mrs. Thomas A. Davis, 1508 North Loraine Street, on the birth Thursday of a son weighing eight pounds, six ounces. Mr. and Mrs. L. P. McCarter, 407 South O Street, on the birth Wednesday of a son weighing six pounds, four ounces. Mr. and Mrs. W. T. Witt, 917 North Weatherford Street, on the birth Thursday of a son weighing six pounds, seven ounces. Mr. and Mrs. Ronald Jarrett, 1114 North Big Spring Street, on the birth Thursday of a daughter weighing six pounds, two ounces. EMERGENCY TREATMENT Jack Betz of Houston was given emergency treatment at Western Clinic-Hospital Thursday for an injured hand suffered when a wire stuck in it. LACERATED FINGER D. J. Fobrecht, 303 East New York Street, an employe of the BB&M Drilling Company, was given emergency treatment at Western Clinic-Hospital Friday for a lacerated finger received when it was caught between the pulley chain and pipe at a rig.

Western Cavalcade On Stage Saturday

"Western Cavalcade," a hillbilly and western stage show, will be presented by the Disabled American Veterans Saturday at 8:15 p.m. in Midland High School auditorium. The cavalcade will feature Floyd Tullman, western recording star; Leon Payne; Bill and Joe Callahan, comedy team; Howdy Dawes and Lora Neeks. General admission will be \$1.30, reserved section price will be \$2, and children's admission 60 cents, according to an announcement by E. N. Beauchamp, commander of J. O. Rotan Chapter No. 48 of DAV.

ADMITTED TO HOSPITAL

Don De Pore of 1500 South Camp Street was admitted Thursday night to Midland Memorial Hospital for surgery.

Mrs. EARL CAMPBELL of 2115 West Louisiana Street was released after emergency treatment at Midland Memorial Hospital Thursday night.

HAND IS INJURED

George Ray Chapman of Midland was given emergency treatment at Midland Memorial Hospital Thursday night for a hand injury received while laying tile.

GETS 99-YEAR SENTENCE BROWNWOOD (AP)—Maxwell (Billy) Pomeroy, 17, was given a 99-year penitentiary sentence here Thursday on charges of murder in the slaying of a Dallas policeman. He was the third man convicted in the case.

Dial Phones—

(Continued From Page One)
the end to the long waits for the operator to say "Number please." For 1,200 other Midland residents, it will mark the end of their wait for any kind of telephone service. Their instruments already are installed and will go into operation the instant the dial system swings into action. The process of effecting the changeover will be very simple. Little or no ceremony is expected although Mayor Perry Pickett has been invited to be on hand with telephone company officials when the change is made. At a given signal, workmen will begin pulling strings that will rip out the fuses on the operator's old switchboard. Then, for an instant, Midland will be without telephone service. Persons who happen to be talking on the telephone at that time will find their phone dead. But an instant later, the signal will be relayed to the new exchange and once again workmen will begin pulling strings. Only these strings will be attached to tiny "picks" inserted in the thousands of relays. Once the "picks" are pulled Midland's new dial telephone system will be in operation. Numbers To Change At the same time, all telephone numbers will change, according to those listed in the new telephone directory which becomes effective on Sunday. Aside from the use of the dial, there will be a few other changes which telephone users might remember. The telephone company's time-service will be abolished, for instance. Under the present system, a subscriber can get the time of day by just picking up the phone and getting the operator. "But we will have to eliminate that," explained Case. "It would just tie up too much equipment and personnel." Pay phone subscribers, who now wait until the operator tells them to before dropping in a coin, will have to deposit the coin first, before they dial. Until the coin is dropped the telephone is simply dead. There will be a special number—113—for information and another number—0—for the long-distance operators. To Be Deserted A few minutes after the cutover to the new system, the old exchange building will be deserted. The operators will leave the old switchboard deserted. But, Case said, the cutover will not mean the loss of jobs for anyone. Work is expected to begin next week on the job of tearing the equipment out of the old building and remodeling it for the installation of an inter-toll dialing system—the next phase of the company's modernization program here.

Walkout—

(Continued From Page One)
arose as a result of a union demand to place any proposed wage increase in escrow until such time as the WSB approved or ruled against the increase. Under WSB regulations, Hardie said, such an increase would not be permitted without prior approval by the board. It was agreed Thursday the escrow demand would be withdrawn. The new contract, which lacks only signatures for consummation, further provides that the union and contractors would re-negotiate the wage scale in the event the WSB does not rule upon the requested increase by December 30, 1951. Negotiations began on a new contract June 13 with the arrival here of H. D. Minton of El Paso, president of the local union. The local has jurisdiction over sheet metal workers in the Midland-Odessa area, El Paso and all of New Mexico. When the old contract expired at midnight Tuesday, Brooks said, he wired a union representative in Odessa that negotiations were to be terminated and instructed the representative to act in accordance with Minton's previous instructions concerning a walkout. However, the contractors said not all the union men had left their jobs. The contractors said there was some confusion concerning the strike order and that not all the workers had been instructed to leave.

3 Crewmen—

(Continued From Page One)
the forward compartment. Randolph officials gave this account of the crash: The plane came into the field for a ground controlled approach landing, then pulled up to make another circle of the field. Engine Catches Fire As the plane pulled up, the left outboard engine caught fire. The pilot radioed that he would climb to give crew members sufficient altitude to parachute. The crash followed a few minutes later. The plane crashed on the farm of Mrs. Pius Friesenhahn. Otto Friesenhahn said the plane came in in a shallow glide and the right wingtip snagged the ground. The plane cartwheeled, burst into flames and exploded. Henry Kilgore, pressroom foreman of the San Antonio Express, also witnessed the accident. He said the blast was so great it tore a big hole in the corn field where it hit. He said the bomber literally was blown to bits. Killed were: S/Sgt. Wesley MacMullin, Seguin, Texas. Cpl. Joseph Edward Gibbons, Jr., Philadelphia, Pa. Pfc. Oscar Eugene Grover, Jr., Jackson, Ohio.

Residence Damaged By Fire And Smoke

Extensive fire and smoke damage was reported Friday morning when a fire broke out in the residence of Ronald Jarrett, 1114 North Big Spring Street. Firemen reported one room, in which the blaze apparently started, was a complete loss. Other rooms were damaged badly by smoke.

Scribe Becomes Expert On Bugs

Bill Woods, Reporter-Telegram staff reporter, can put a bug in your ear about bugs in the ear. Friday morning, he had one removed from his at Western Clinic-Hospital. On his courthouse beat, the reporter was talking to a group of persons when the "miller" made a direct flight into his ear. Woods excused himself, explaining: "I've got to go get a bug out of my ear." He thus became Midlander victim number 30 or more, who have had bugs removed from their ears in the last two weeks. Always the reporter, Woods gave a first-hand account of his "operation." A doctor pulled out the bug and Woods said he wanted to be sure it was dead and could not fly again to zip into his other ear.

Democrats—

(Continued From Page One)
The says and means group has been studying the 1951 tax bill since early February. It calls for a \$2,847,000,000 increase for individuals over a full year's operations, \$2,855,000,000 more corporate income and excess profits taxes, and a boost of \$1,252,000,000 in excise taxes on such things as whiskey, cigarettes, gasoline and automobiles. The balance of the revenue increase would be achieved by a variety of miscellaneous changes, including source withholding of income tax payments on dividends, royalties and some interest. Special Defense Tax A special 12 1/2 per cent "defense tax" would be added on to every taxpayer's income tax liability, effective September 1. Corporation tax boosts would be retroactive to January 1; excise tax changes would go into effect shortly after the bill became law. President Truman asked last Winter for a \$16,500,000,000 tax increase, later scaling down his request to \$10,000,000,000 on the strength of unexpectedly large collections from the existing rates. TREATED AT HOSPITAL Mrs. L. L. Newsome of Stanton was given emergency treatment Thursday at Western Clinic-Hospital after she had bitten into food at a cafe and discovered glass chips in it.

TOMORROW at midnight MIDLAND'S DIAL TELEPHONES GO INTO SERVICE
Tomorrow at midnight, your new dial telephone will be placed in service.
At the stroke of 12, men will pull a network of strings at the telephone central office. Hundreds of switches on the new dial equipment will click into place... and Midland's new telephone system will come to life.
Until midnight tomorrow, continue to give your calls to the operator. After midnight tomorrow, please dial all calls.
REMEMBER THESE THINGS IN DIALING
1. Look up the number in your new GREEN directory. All numbers will be changed.
2. Wait for the "hum-m-m" of the dial tone before you dial.
3. Dial according to instructions in the front of the GREEN directory.

WANTED: SCHOLAR TO TEACH CHINESE

SINGAPORE—(AP)—The University of Malaya is making inquiries all over the world, including Hong Kong and the United States, for a professor of Chinese Studies to head its newly-created Department of Chinese Studies.

Dr. O. V. Allen, vice chancellor, said "A well-known man with a reputation as a Chinese scholar—a man with profound knowledge of the Chinese language and literature," is required.

The normal tide wave is about four feet high in the open ocean.

DADDY RINGTAIL

Daddy Ringtail And Look Me In The Eye

The Huffen Puffen, the friendly wolf, was puffing on the lion tamer. He was wanting to have a lion to make it do a trick like jumping over a box.

Yes, and the Huffen now was tipping closer to the Duck Pond where a great yellow lion was asleep. The lion was sleeping curled up like a great big cat. He was yellow all over except for the black fur on the tip of his tail and the

black fur around his head and shoulders.

The Huffen chuckled to himself. He would look the lion in the eye to show the lion that he, the Huffen Puffen, was really the boss. And so the Huffen tiptoed close: until he put down the box for the lion to jump over when the Huffen looked him in the eye. Oh yes!

"I am ready to wake the lion up, I am!" called out the Huffen. He was calling to Mugwump Monkey who stood close by a tree to watch. "Wake up, lion!" cried the Huffen. "Wake up now and look me in the eye!"

But the lion did not wake up, and he did not look the Huffen in the eye. The lion slept on and on like a great big cat that was sleeping, and so what now should the Huf-

fen do? Well, the Huffen shouted, and the Huffen whistled, and then he whistled and shouted and clapped his hands, but the lion would not wake up. Huffen even picked up a piece of gas to tickle the lion in

the ear to try to waken him, but the end of the lion's tail came around to smack the grass from the Huffen's hand. What on what should the Huffen do?

Well, next he picked up a stick to hit the lion on the tail just hard enough to wake the lion up. "Bumpety-bump-lump!" went the stick as the Huffen did the hitting, but he wasn't hitting the lion's tail at all. Oh no! The lion's tail would move over fast each time the stick came down, and so the Huffen was really hitting the ground "ker-bumpety-bump!"

The Huffen sat down at last on the box which was for the lion to jump over if only the Huffen could wake him up and look him in the

eye to make him do the jumping. Yes, and don't blame me that the Huffen couldn't wake up the lion. No sir, it isn't my fault that the story will have to wait till Sunday to finish. Happy waiting: Happy day!

(Copyright 1951, General Features Corp.)

A new iron remover to clear pipeflowing liquids of tiny particles that might damage such processing equipment as refiners, pumps, and grinders, uses permanent magnets. These are set up in a flow-interrupting unit, which makes 30-degree angles with the pipeline.

COMMUNISTS OVERLOOK RAT TRAPS IN FLAN

BERLIN—(AP)—East Germany is a trap-land for mice. Communist state planners forget to include mouse traps in their economic plan, so none are being made. There are not enough old ones left to combat the rodents effectively. Millions of mice are busily gnawing. So what can be done?

"Keep cats," is the best advice the Communist farmers' association can give at the moment. One of the most popular pastimes in Turkey is fishing where the Black Sea flows into the Mediterranean. Many types of salt water fish can be hooked here.

COAL SHIPS NEEDED

SYDNEY—(AP)—Victorian Premier John G. McDonald will ask the government to buy at least two Liberty ships from the United States, to help to bring coal from India to Victoria. McDonald said that the recent Victorian mission to India to buy coal showed that there was plenty available, but the problem was to get ships to bring it to Australia. If these ships were available, Victoria could get 1,000,000 tons of coal a year from India.

Fluoridation of water supplies ultimately may reduce the tooth decay problem to a point where the present dental personnel and facilities may be able to control this almost universal disease.

British Have Best Red Shooting Month

SINGAPORE—(AP)—The British war against Communist terrorism in the Malayan jungle had its best month in April when 107 terrorists were killed, highest of any month since start of the emergency here in June, 1948. A government review of operations also said that 19 Communists surrendered, also a high mark for the past 12 months; 55 were wounded and five suspects captured. Sixty-two food dumps were found. During the month the army lost 23

men killed and the police 42 killed. Civilian totals were not given for April but it was announced that the number of civilians slain since the start of the emergency has reached 1,492 with 887 wounded and 385 missing. Of that total 68 dead and 43 wounded were Europeans. In Portugal visitors can see "humane" bullfights in which the bull is never killed. In Lisbon's arena, toreros display their skill in escaping injury and let it go at that.

Hour radio program over E.J.B.C.
7:30 p.m.: Evening worship.

CHRISTIAN SCIENCE SOCIETY
407 North C Street
9:30 a.m.: Sunday School.
11:00 a.m.: Church service with the lesson-sermon topic on "Is the Universe, Including Man, Evolved by Atomic Force?"
The Golden Text will be "We give thee thanks, O Lord God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast reigned." Revelation 11:17.

Also included in the topic will be Psalms 103:18—"The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all."
The reference in the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be "The notion of a material universe is utterly opposed to the theory of man as evolved from Mind. Such fundamental errors send falsity into all human doctrines and conclusions, and do not accord infinity to Deity" (page 346).

FIRST METHODIST CHURCH
300 North Main Street
Rev. E. Luther Kirk, Pastor
9:45 a.m.: Sunday School.
10:50 a.m.: Morning worship. The sermon will be by the pastor.

Could THIS happen in our community?

TWO LITTLE GUINEA-PIGS

PARENTS OF TWINS PLAN RELIGIOUS EXPERIMENT

Mr. and Mrs. J. D. announced yesterday their intentions of conducting a novel experiment with their recently-born twins.

They plan to give one child every possible advantage of religious training in one of the local churches. They will deprive the other child of all

religious training, keeping him away from Christian example and influence as far as possible. The parents said they are interested in observing the differences in character, behaviour, and outlook which the experiment should reveal as the twins reach maturity.

Actually it didn't happen!
But if it were to happen in our community, we'd lose no time in doing something about it!
Children are SOULS, not guinea pigs. To deprive a little child of the right to religious training is a crime unthinkable.
And yet, right here in our own community there are many parents who BY SHEER NEGLIGENCE are depriving their children of the opportunities our churches offer.
Can't we, in a Christian and neighborly way, DO SOMETHING ABOUT THAT?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MAJOR LEAGUES—

Chicago White Sox Defeat Yanks 5-2

By The Associated Press

Four days ago baseball men said the New York series, four games in three days, would make or break the Chicago White Sox. Now the Sox move on to new pastures with a split in the series.

The White Sox gained the split with a 5-2 victory Thursday after they had divided a doubleheader to open the stand, then lost to the Yankees in the third set. They moved out of Yankee Stadium still with their three and one-half game lead.

Saul Rogovin limited the Bronx Bombers to four hits in a magnificent mound performance. Two of the four hits were home runs by Johnny Mize to rob him of a shut-out.

The White Sox also gained a game on the Boston Red Sox as the Sox lost to Cleveland, 8-4. Detroit trimmed Philadelphia, 9-4 and Washington beat St. Louis, 9-2. The latter game was the only night game in the majors Thursday.

Over in the National League Preacher Roe won his tenth of the season as he pitched Brooklyn to a 6-4 win over Cincinnati. The St. Louis Cardinals blanked the New York Giants, 3-0, with Gerry Staley giving up only five hits. Philadelphia's Phillies blasted Pittsburgh, 10-5.

Boston at Chicago was rained out.

Amateurs, Pros Hook Up In Women's Open

PHILADELPHIA — (AP) — It will be two of golf's career girls versus a former newspaper bookkeeper and a judge's daughter in the semi-final round of the 22nd Annual Western Women's Open Golf Championship.

Money and professional prestige are the goals for Louise Suggs and Patty Berg, a pair of methodical and tournament wise pros.

Glory, medals and a precious cup are the rewards for Pat O'Sullivan, who plays Miss Berg and Marjorie Lindsay, who goes against Louise.

No amateur has won the title since 1947.

Miss Suggs eliminated National Amateur Champion Beverly Hanson 7 and 5 Thursday without giving her blonde, bespectacled opponent a single hole.

Miss Lindsay eliminated smooth playing Helen Detwiler of Indio, Calif., in the quarter finals, 2 and 1.

The other half of the semi-final bracket sends Miss Berg against Miss O'Sullivan, a slick shooting amateur who resembles Margaret Truman despite the fact her father is a republican judge.

Advertise or be forgotten.

King's Row

by Larry King

Bill Hornsby, Midland center fielder, has been released by Manager Zeke Bonura and has reported to Oklahoma City of the Texas League.

According to reports, Oklahoma City officials were on the verge of recalling Hornsby for another shot at the Texas League pitching when Bonura decided to let him go, so perhaps he'll catch on with the OC Indians. We understand OC is in a pretty difficult situation financially, and a couple of their outfielders recently were drafted.

Hornsby turned in some sparkling outfield catches here, but just couldn't hit the ball.

There's a human interest angle to the release of Hornsby. Bonura knew his father—the famed Rogers Hornsby—years ago.

Bill then was a tow-headed youngster who hung around the ball player and Zeke used to play catch with the kid. Now, some 20 years later, Bonura found it necessary to release the boy.

"It was a hard thing to do," Bonura says.

But that's baseball. You've got to do what you're convinced is right in order to build a winner.

Roy Price, a Midland boy, now is working out with the Indians trying to make the grade as a pitcher. Price has pitched some semi-pro ball and has hopes of breaking into the professional side of the game.

Al Kelley, of Tallorine clothes, will give a \$10 sport shirt to each Midland pitcher hurling a shutout. A \$10 shirt also will go to any Midland pitcher hurling a five-hitter or less.

Tanner Laine, fellow-worker of ours at The Reporter-Telegram, gave us the first Longhorn League all-star ballot of the year.

Orland Sims, Jr. sent the first mail vote, beating Mrs. Eddie Melillo by five minutes. Other ballots came from Mrs. C. J. Jensen, John L. Higdon, Eugene Brown and Bill Robitsek.

Latest donations to the Eddie Jacome appreciation night came from H. W. Donohoo of Donohoo's Restaurant and Tanner Laine.

Donohoo has promised a dinner and an evening of entertainment at his supper club for Jacome and wife. Laine plunked \$2 in the pot.

EDDIE JACOME
... He'll have a night

Eddie Jacome To Be Honored By Midland Fans Here Friday

The Longhorn League's "winningest" pitcher — Eddie Jacome — will have a special night at 8 p.m. Friday in Indian Park.

Fans will show their appreciation to Jacome for his outstanding record of 13 games won this season and four games saved in relief appearances.

Fifteen minutes before the Midland-Sweetwater game, Chamber of Commerce Manager Delbert Downing will present Jacome with gifts from generous Midland fans.

Contributions for the Jacome Appreciation Night at Indian Park Thursday night totaled \$86.23.

Other gifts include: The Reporter-Telegram, \$10; Pay Coll, \$10; Mrs. C. J. Jensen, \$5; W. E. King, \$7.50; Jerome Grayum, J. C. Penny Company, \$10; A Midland fan, \$10; a \$50 pledge from Harold Webb, former owner of the Midland Indians; a Gruen watch from Ted Kruger of Kruger's Jewelry; a \$10 gift certificate from Grammer-Murphy; sport shirts from Dunlap's; \$10 worth of dry cleaning from Copper Daugherty of Excel-Sure cleaners and a \$12.50 hat from Kenneth Johnson of Johnson's Hat Shop.

Other contributions will be accepted at the ball park prior to the Friday ceremony, or by Larry King at The Reporter-Telegram.

WT-NM League
First Division Clubs Hop On Weak Sisters

By The Associated Press
First division clubs won, second division clubs lost Thursday night in the West Texas-New Mexico League as games went according to the books. High scoring contests resulted in most instances.

First place Abilene breezed to an easy 17-4 win over Amarillo. The Albuquerque Dukes snapped a losing streak with a 6-1 win over Pampa in the closest thing to a low score on the card.

Lamesa's Lobos made it five in a row and they did it the easy way. The Lobos whammed Berger, 14-1 behind the clutch pitching of Juan Navarro.

Lubbock and Clovis tangled in the real battle of the night but it was a scorer's nightmare. Lubbock came from behind to win, 14-13.

Chewing Gum King Says 'No Policeman'
NEW YORK — (AP) — P. K. Wrigley, Jr., owner of the Chicago Cubs, called today for a new charter for the baseball commissioner's job as a search for a successor to A. B. Chandler began in earnest.

"Before we can pick the man we must decide what the job is," said Wrigley in a telephone interview from Chicago. "Up to now the duties have been negative. The baseball commissioner should not be a policeman. He should be a leader." Chandler resigned effective July 15.

Flournoy Loses To Pat Garner; Gloria Ezell Advances

BROWNWOOD — (AP) — The semi-final round of the West Texas Women's Golf Tournament was to be shot Friday with favorites battling for the final round.

Mrs. C. D. Lee of El Paso, defending champion, and Pat Garner of Midland, medalist, are early favorites to survive. Others in the semi-finals are Mrs. Herschel Ezell of Midland and Mrs. W. R. Wisler of Abilene.

Mrs. Lee defeated Mrs. T. L. Sampson of Lubbock, 3 and 2, in the quarterfinals Thursday. Miss Garner defeated Mrs. Bybil Flournoy of Midland, 4 and 3; Mrs. Wisler beat Mrs. Bill London of Brownwood, 1 up, and Mrs. Ezell defeated Mrs. R. E. Winger of Fort Worth, 5 and 4.

Texas League—Eagles Gain Half Game On Houston

By The Associated Press
The Dallas Eagles increased their lead in the Texas League to a full game Thursday night—but did it mainly because the second place Houston Buffs lost to the Tulsa Oilers. The Eagles split a doubleheader with Beaumont to add a half game to their margin.

Beaumont took the first game of the bargain bill, 6-2, to hand the faltering Eagles their third setback in a row. But the Meyermens fought back to take the afterpiece, 3-2 in a 12 inning thriller.

San Antonio continued its charge back into the thick of the first place fight with their third victory in a row. The Missions shutout Oklahoma City, 4-0 when Bill Elbert and John Pavlick teamed to stop the Indians with only two bingles.

Shutouts were the order of the day with Fort Worth chipping in the third in five games. The Cats blanked the Shreveport Sports, 3-0 in a mound duel between the Cats' Bill McCann and Hugh Sooter of the Sports.

North-South Grid Squads Boast Bit Of Everything

BEAUMONT — (AP) — The personnel of the 1951 North-South all-star football squads, which will meet at San Antonio Aug. 3 as a feature of the Texas Coaching School, can boast of both stars and oddities.

The North has Ed Bernett, Highland Park (Dallas) end who was voted outstanding schoolboy football player in the state by the Texas Sports Writers Association.

Rick Spinks, the Kermit star back, was the only class A player in the state to receive unanimous all-star nomination. His teammate, Don Kay Brown, also was an all-star and will be snapping the ball to Spinks in the all-star contest.

The unique in the North's squad is Tommy Fields, fullback of State Class AA Champion Wichita Falls. During the regular season last fall, Fields played a definite second fiddle to the great Ed Beach, at tailback. But the all-star committee felt that it needed Fields' ability to handle the ball and spin in the single wing offense more than it needed Beach's other abilities. Although Fields made neither first nor second all-star and Beach was on the first team, Fields received the invitation.

The south is proud of its all-star back Frank Eldom of Port Arthur. His roster also lists Ed Hennig, Jr., son of the high school coach at Tyler, and Bobby Page of Leverett's Chapel. Sine Page was on a class B team and no all-star is named in that classification. He comes to the game without portfolio. That he is the quarterback, punter and passer is not too unusual, but that he plays tackle defensively in addition to his offensive chores puts him in a class by himself.

Kyle Rote Added To All-Star Team

CHICAGO — (AP) — Kyle Rote, the all-America from SMU, has been added to the collegiate squad for the all-star football game August 17 with Pro Champion Cleveland Browns. Rote belongs to the pro New York Giants.

PFC GIVES GRID ORDERS
HOUSTON — (AP) — Jack McBride, former Rice Institute star, has been named head coach at Ellington Air Force Base for 1961. He is a Private First Class.

WELDER JOINS LONGHORN UMP'S
ABILENE — (AP) — Charles Welder, an umpire with five years of professional experience, was signed for the Longhorn League Thursday by league president Hal Bayles. He worked his first loop game at Midland Thursday night.

YE'RE OUT—But where's the ball? Abe Fleitas, Artesia first baseman, speared the pellet from the air in time to nip Midland's Hayden White at first base Wednesday night. Midland won the game, 10-2.

Midland Firemen, JayCees To Have Diamond Battle

The Midland Fire Department baseball team—conquerors of the Midland Police Department team by a 20-8 count recently—will play the Midland JayCees at 8 p.m. Saturday in Indian Park. Admission is free. Returns from a collection will be split between the two teams for the Fire Emergency Fund and the JayCee Charity Fund.

J. L. Brooks probably will pitch for the firemen. Burris, Walter, Clatt, Thomas, and others will perform for the fire department.

Frank Hawk, Doc Brady, J. P. Marchioli, Roy Price, Hulon Brown, Red Petty, Johnny Roden, Charlie Patterson, Hugh Reynolds, Chuck Heringer, Larry King and others will make up the JayCee team.

No starting lineups have been announced.

Indians Given Barbecue By New Club President

Marion Flynt, president of Midland Baseball Club, Inc., honored members of the Midland Indians, Manager Zeke Bonura and directors of the ball club with a barbecue at Cole Park at noon Friday.

Approximately 50 Midlanders were present.

Don Cherry Loses To Schoolboy Golfer

FORT WORTH — (AP) — Don Cherry of Odessa, a favorite in the River Crest Country Club Invitational Golf Tournament, fell before 17-year-old Floyd Addington in first round play Thursday.

The Dallas youngster defeated Cherry, 6 and 5. Addington, who won the Dallas State Schoolboy Invitational Tourney this year, was two over par through the 13 holes. Cherry was eight over.

In another upset, lefthander Bobby Malone of Fort Worth tripped Trans-Mississippi Champion L. M. Crannell, Jr., of Dallas, 2-1.

Defending champion Bud McKinney, Dallas, took a 2-1 victory over 18-year-old Ken Edwards of Fort Worth. Tournament Medalist Henry Coger of Wichita Falls had the same margin over Julian Arnold of Corsicana.

Other results included: Royal Hogan, Fort Worth, defeated Gene McBride, Wichita Falls, 2 up; Phil Powell, Wichita Falls, defeated Don Matheson, Wichita Falls, 2-1; Sammy Reynolds, Wichita Falls, defeated Charles Miller, Fort Worth, 6-5.

Heafner, Palmer Lead In Inverness

TOLEDO — (AP) — The field was chasing two slow-moving, drawing North Carolinians Friday as the second round started in the \$15,000 Inverness Best-Ball Round Robin Golf Tournament.

Out front with a plus five rating, four ahead of their nearest foe, after a nine-under-par 62 in Thursday's play—were Clayton Heafner of Charlotte, second place in last week's National Open, and Johnny Palmer of Badin.

Henry Ransom of St. Andrews, Ill., and Roberto Devicenzo of the Argentine, with a one-up conquest over Jim Demaret and Jack Burke, two torrid Texans, were the only other winners.

Murray Evans Returns To HSU
ABILENE — (AP) — Murray Evans, coach at Kingsville High School, is returning to Hardin Simmons University as line coach. He held the position for three years following his discharge from the Navy, resigning to go to Kingsville.

Evans was an all-border conference quarterback at Hardin Simmons.

Indians Defeat Swatters 12-2 With 14-Hit Attack

Midland will conclude its current home stand with a game at 8:15 p.m. Friday against Sweetwater. Emil Ogden probably will hurl for Midland. Eddie Jacome will be honored with gifts from fans at 8 p.m.

Longhorn League—Colts, Dusters, Oilers, Tribe Win

By The Associated Press
Two torrid battles are raging in the Longhorn League although neither of them involve the lead in the pennant chase. Two clubs are locked in a tight fight for the runner-up spot and two others are fighting for fourth place.

The San Angelo Colts have the race sewed up for all practical purposes as they hold a nine and one-half game lead. But second place Vernon is only a half game in front of challenging Odessa. Fourth place Roswell had a like advantage over Big Spring.

Vernon and Odessa each won Thursday night to keep the fight hot. Roswell and Big Spring lost to do likewise.

Vernon spanked Big Spring, 9-1, to stay out in front of Odessa, victor over Artesia, 11-4. Roswell lost to San Angelo, 9-7 to miss its chance of gaining on Big Spring.

Midland whammed Sweetwater, 12-2 in a second division battle.

Artesia led Odessa going into the seventh inning but the Oilers gushed for five runs in the top of the seventh and four more in the ninth.

Vernon scored early and led all the way against Big Spring.

San Angelo had three big middle innings to beat Roswell. The Colts scored three runs in the fourth, three in the fifth and two in the sixth.

It was strictly no contest as Midland scored at will against Sweetwater. The Indians failed to break the plate in only two frames.

Big Spring 010 000—1 9 3
Vernon 204 030 00x—11 33
Campy, Ramalizzi and Valdes; Esperson and Herring.

San Angelo 000 332 100—9 13 1
Roswell 400 000 210—7 14 2
Soldano, Tinkler and Schneegold; Morris, Grajada, Drake and Sanders.

Odessa 000 020 504—11 5 1
Artesia 102 001 000—4 8 5
Ortega and Castro. Ten, Miller and Brown.

Citation Impressive In Track Workout
INGLEWOOD — (AP) — A sizzling six-furlong workout in 1:12.2.5, breezing, indicates that Citation, the money-winning champion of the Turf, is fit and ready to go after more long green for the Calumet stable.

Citation was full of run Thursday as his exercise boy, Freeman McMillan, put his through the final tuneup for Saturday's \$25,000 Inglewood Handicap at Hollywood Park. The race will be at a mile and one-sixteenth. Big Cy stepped a half mile in 48 seconds and five eighths in 1:00.3/5.

Bill Reed Wins—

The upsurging Midland Indians made it three in a row Thursday night, with a convincing 12-2 victory over the Sweetwater Swatters. Midland's third straight moved it into a sixth place tie with Artesia.

Lefty Bill Reed scattered eight hits in going the route, and gained his third win. It was the third consecutive night a Midland hurler had gone all the way to win—the first such time that has happened all year.

Doubles by Hayden White and Kenny Jones sent Midland ahead 1-0 in the second inning. A second tally was scored in the third when Rudy Escobar singled and came home on a double by Scooter Hughes.

Reed tripled in the fifth as the Tribe added two more runs. Woody Pennington, Dick Campbell and Flott, a new arrival to the Midland team, all hit safely in the sixth to increase the Midland lead to 7-1. Three more in the seventh added to the Indians' total. A walk to Escobar, doubles by Hughes and White and Mellillo's single brought in the final Midland tallies to run the count to 12-2.

Safe Blow
Mellillo's safe blow in the eighth was the twenty-third consecutive game in which he has hit safely.

The win for Reed left him with a 3-6 record. He struck out five.

Warren Sliter smacked three hits in four trips to the plate, including a booming triple, for Sweetwater. White and Hughes both were 3 for 4 for Midland.

Midland Realeteria

Offering a Modern, Economical Service

We have something here that you all have been hunting for and it sure won't last long. This delightful home has two nice size bedrooms, large living room and a roomy kitchen. Located in a good part of town on a good size lot. The owner says to sell his G.I. equity cheap, so let's get together. Requires a low down payment.

Here's a little 2 room cottage with 416 square feet of floor space. Has a bath. This cute little thing sets on rear of the lot. Buyer can build large home on front of lot. Price is right.

It's Easy to Shop... It's Easy to Buy AT

Medical Professor Addresses Doctors

Dr. Mavis P. Kelsey, associate professor of clinical medicine, University of Texas post-graduate school, Houston, was guest speaker at a dinner meeting of the Six-County Medical Association held Thursday evening at the Blue Star Inn here.

Dr. C. S. Britt of Midland, president of the society, presided. Dr. Lex Smith of Midland is secretary of the society. The speaker was introduced by Dr. Fred Gaarde.

The Midland Doctors Wives held a business meeting, following the dinner at the Mast Clinic. In charge of arrangements were Mrs. Milton Lorink, Mrs. Tom Marinis and Mrs. Clarence Mast. Mrs. F. E. Sadler of Midland is president of the auxiliary.

Dr. and Mrs. C. S. Britt and Dr. H. D. Oilliam entertained Midland doctors and their wives at an informal gathering preceding the dinner at the Britt home, 710 West Kansas Street.

Shepperd's Visit Stirrs Political Talk

WASHINGTON — (AP) — Politicians talked Friday about Senator Connally, Governor Shivers of Texas and the Senate race in that state in 1963.

The visit of Texas Secretary of State John Ben Shepperd started the gossip. Connally gave him a capitol luncheon. Shepperd asserted he was here only to talk of bills on the Tideland and oil compact.

Shivers has been suggested as a candidate for Connally's seat. He has said that as of now, he isn't running. Connally has said he will announce for reelection "at the proper time."

Politicians speculated Shivers might decide to run for reelection as governor, having the support of Connally's friends. Shepperd could have been checking further into Connally's plans in behalf of Shivers, it was said.

The Senate passed Connally's bill extending the oil states compact. The House Judiciary Committee failed to act on a bill declaring the states owners of their own Tideland.

SWIM POOL THIEF IN HOT WATER HERE

Police Dispatcher Sabre Thorne was a little startled, to say the least, when someone reported a swimming pool stolen Thursday afternoon.

But A. T. Tedders, 401 Maple Street, hastened to add it was one of those small plastic swimming pools used by children.

Airman Survives 11-Hour Ordeal Following Crash

BAYTON — (AP) — William C. Cloes, 36, was recovering Friday after an agonizing, eleven-hour crawl with a fractured hip and badly cut arm.

It required the 11 hours for Cloes to travel 300 yards - - from his crashed plane to a highway - - pulling himself along by his hands.

Cloes, a pilot for Anderson Bros. Inc., pipeline construction firm, struck a tree near here at 8 p.m. Wednesday as he circled above a blanket of smog.

"I had lost my bearings," he said. "I just had to sit up there and circle until the engine had burned out of fuel."

He said he "just sat by the wrecked plane until daylight and then started crawling."

His agonizing crawl began about 5 a.m. Thursday. He reached the highway 300 yards away at 4 p.m. and was picked up by Glen Schreiner, a high school instructor.

Cloes had left the La Porte airport Wednesday morning to fly the pipeline back to Shreveport. He returned to Beaumont before dark and tried to stretch the flight to La Porte but the smog closed in.

Nickel steel first was used in a locomotive boiler shell in 1904.

New York Life Offers Accident, Sickness Insurance

Accident and sickness insurance now is being offered by the New York Life Insurance Company, Herschel F. Ezell, Midland district agent for the company, announced Friday.

The company's new accident and sickness program, Ezell said, is being launched simultaneously through the Fort Worth branch office and 135 other branches across the United States and Canada.

New York Life, one of the world's largest insurance concerns, is offering "coverage in these related insurance fields for the first time in its 107-year history," he stated.

Purpose of the company's move, he added, is to make available a more complete program of personal and family protection than previously has been offered.

"There has been a growing recognition of the need to provide against financial loss of earnings arising from accident and sickness," Ezell said.

"New York Life believes it can help meet a significant social need by making available voluntary insurance protection in this important field."

Roldal Amundsen journeyed to the South Pole to raise funds for a trip to the North Pole.

GETS LIFE SENTENCE

DALLAS—(AP)—A sentence of life imprisonment was handed down by a criminal district court jury here Thursday against J. A. Keeton, 47, charged with statutory rape of his nine-year-old step-daughter.
