# Envoys Agree On Truce Agenda

## Initial Talks On Armistice Already Held

UN ADVANCE HEADQUARTERS, KOREA—(P)— Allied and Red delegates agreed Thursday on the exact limits of Korean armistice negotiations.

United Nations spokesmen said negotiations approved a five-point program and immediately disposed of the first item. A Communist spokesman heralded this as a "progressive move toward an armistice."

But a UN announcement cautioned: (1) Delegates are far apart on the remaining four points; (2) nobody knows how long it will take for them to agree, and (3) shooting will continue until an armistice is signed.

## Agreement Viewed As UN Victory

By JOHN M. HIGHTOWER

WASHINGTON (P)— Military and diplomatic officials here consider that United Nations negotiators got everything they sought in the first round of the Korean armistice talks without making any concessions on vital issues.

In fact, it was the Communists who gave ground by backing down from positions they had taken.

Yet despite these initial successes, responsible officials here are only mildly optimistic about the chances the negotiations actually will produce an armistice. Many difficult problems remain to be solved in the round now starting.

## Field Names Lattimore As Sponsor

WASHINGTON (P)—

Millionaire Leftist Frederick Vanderbilt Field testified Thursday the U. S. Army offered him an intelligence commission in 1942. He said the commission was blocked by persons outside the Army because of a "certain problem."

Field was in the witness chair at a Senate inquiry into whether there have been subversive influences on U. S. Far Eastern policy. He was called as a former official of the Institute of Pacific Relations, a private organization.

## Battle Casualties Near Record Low

WASHINGTON (P)—

Announced U. S. battle casualties in Korea reached 79,723 Thursday, an increase of 584 since last week.

Only two previous casualty reports showed a lower one-week rise since the Defense Department began issuing its summaries last August 7.

The smallest one week total—413—was reported last week, reflecting the comparative lull in fighting since the first efforts to achieve a cease-fire. The second smallest—574—was reported February 7.

## Cage Scandals May Bring Revision Of Schedule At TCU

FORT WORTH (P)—

In the light of the new basketball scandals, TCU will re-examine its schedule for next season, according to L. R. (Dutch) Meyer, athletic director of the university.

The Frogs are scheduled to play two games in New York, one with Manhattan College in Madison Square Garden and another with Canisius College at Buffalo. A game tentatively scheduled with Syracuse University has been canceled, but not because of the scandals.

Manhattan is one of the four New York colleges involved in the fixes exposed at the Garden the last two seasons. Canisius never has been involved.

TCU was named Wednesday as one of the 1949 opponents against which the "fixed" Bradley University team went all out to win 85-49. Players of the Peoria, Ill. team were paid a bonus by gamblers to play their best against TCU.

## State Board Orders Sweeping Changes At Corsicana Home

AUSTIN (P)—

Sweeping changes in the operation of the State Orphans Home at Corsicana were ordered Thursday by the State Board for Hospitals and Special Schools.

It relieved Superintendent M. E. Dumas of his duties effective September 1, and named Educational Director O. R. Scott as acting head of the home.

It accepted the resignation of Business Manager A. W. Laird, effective August 15, and recommended that the possibility of sending high school-age students to Corsicana High School be looked into immediately.

## Old Soldier Serves Defiant Notice He Has No Intention Of Fading Away

BOSTON (P)—

Gen. Douglas MacArthur Wednesday night charged Soviet propaganda "completely dominates" American foreign policy and claimed the result of the war in Korea has been "indivisible."

Coupling a blistering attack on Administration policies abroad with what he called "reckless" spending at home, the five-star general laid down these major joints:

1.—The United States has no foreign policy.

2.—Costs of government have risen at "an accelerated, alarming and reckless rate" with no plan for curbing taxes or inflation.

3.—"The survival of the free world is infinitely more dependent upon the maintenance of a strong, vigorous, healthy and independent America than upon any financial aid which we might provide under our own existing stringencies."

**In Presidential Fight**

In the eyes of Massachusetts politicians, MacArthur has thrown himself into the 1952 presidential fight—either as a candidate or a campaigner.

Both Republican and Democratic leaders see the 71-year-old general as far from "fading away."

And MacArthur himself—while claiming "neither partisan affiliation nor political purpose"—served defiant notice he intends "to raise my voice as loud and as often as I believe it to be in the interest of the American people."

Whether the general hopes to run himself in 1952—or merely take the stump as a champion for his policies—drew divided opinions in this historic countryside.

MacArthur chose a bi-partisan (Continued on Page 12)

## FBI Roundup Grabs 11 Red Lesser Lights

WASHINGTON (P)— The Justice Department Thursday launched a new roundup of secondary Communist Party leaders in Los Angeles, San Francisco and New York City.

The department announced 11 arrests have been made.

FBI Director J. Edgar Hoover said those arrested have been active in Communist Party work, largely in California.

The new move against party leaders followed the arrests of 17 Eastern Seaboard Communists last month.

All of those taken are accused of conspiracy to teach and advocate the violent overthrow of the U. S. government.

This is the charge on which 11 top officials of the party were convicted and given sentences ranging from three to five years.

Four of these top officials now are listed as fugitives from justice because they failed to surrender for imprisonment after their convictions were upheld by the Supreme Court. In addition, the FBI is seeking four others who slipped through the dragnet when the 17 arrests were made in New York City and Pittsburgh on June 20.

Among those arrested Thursday was William Schneiderman, chairman of the California Communist State Committee and a member of the party's alternate national committee.

The Justice Department said the alternate committee was formed to take over the leadership from the convicted 11. Shortly before seven of the convicted group gave themselves up to go to prison, the department said, Schneiderman was (Continued on Page Six)

## Youth Dies In Drilling Rig Mishap

WASHINGTON (P)— An 18-year-old oil field worker was killed Wednesday night, apparently from electrocution, at a drilling rig in Glasscock County, Midland police and sheriff's officers reported.

The worker, identified as Jackie D. Shipp of Morton (Cochran County), was pronounced dead on arrival at Midland Memorial Hospital at 10 p.m. Wednesday. He was employed by the R. L. Manning Drilling Company.

Justice of the Peace L. C. Stephenson said Shipp was found by fellow workers about 8:30 p.m. at the rig on the 4-A X. B. Cox, a drilling well southwest of Garden City. He was brought to the Midland hospital by a driller, C. W. Fourniquet.

## Optimistic Oil Men At Midland Call Their Shots

The optimistic oil industry at Midland was right!

On June 22, a company reported to the oil department of The Reporter-Telegram, it was "staking location for a wildcat discovery well drilling to start immediately." June 24 the well was started.

Came a report Thursday, the well has been brought in, as you guessed it—a discovery well. It was completed in 29 days, as a commercial producer and the opener of a new oil pool.

It is the Ferguson & Pauley No. 1-21 W. E. Hunt in Northeast Upton County.

Would you say the oil boys call their shots?

## Light Rains Drive Mercury Downward In Midland Section

A light rain preceded by strong winds and blowing sand cooled Midland and surrounding areas late Wednesday afternoon.

The Civil Aeronautics Administration office at Terminal reported only a trace of rain fell there.

An east wind began picking up about 4 p.m., with gusts reaching 44 miles per hour by 4:30 p.m., the CAA said. Swirling sand was brought in with the winds.

Rain first started in light showers approximately two hours later, dropping temperatures as it fell.

The CAA thermometer registered 91 degrees at 3:33 p.m.; it had dropped to 81 and at 6 p.m. the mercury was down to 74.

Midland's maximum temperature Wednesday was 96 and the low Wednesday night 69.

Shows Not Widespread

Reports from Atlantic Pipe Line Company indicated the showers were not widespread. The company said no rain fell at its stations near Monahans, Wink, Andrews, Crane and Hobbs, N. M.

A light shower was reported near (Continued on Page Six)

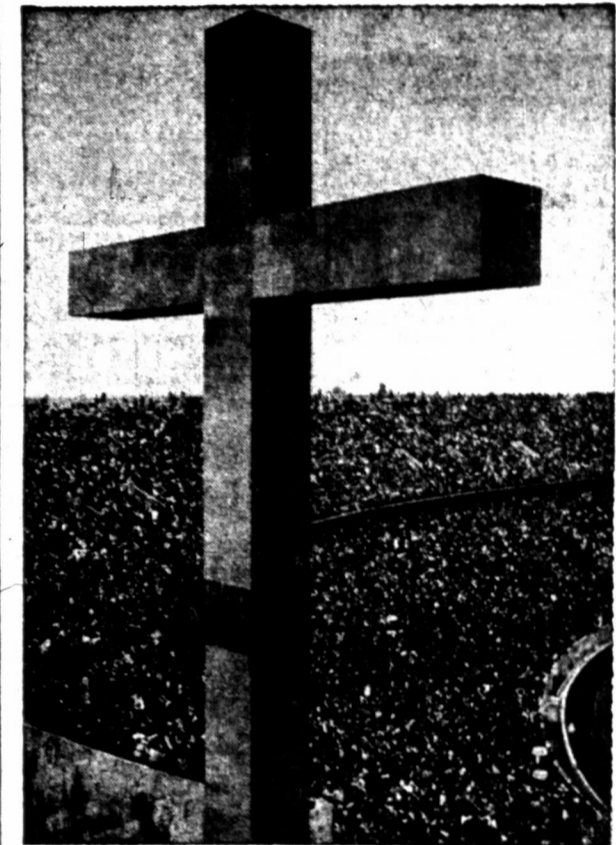

## Acheson Pleads For Approval Of Foreign Aid Bill

WASHINGTON (P)— Secretary of State Acheson said Thursday it will take about \$25,000,000,000—spread over the next three years—to provide defense "capital equipment" for U. S. Allies.

Urging that Congress approve a pending \$8,500,000,000 foreign military and economic aid bill, Acheson said two more such programs will be necessary to equip Allies in Europe and Asia.

The secretary of State testified before the Senate Foreign Relations Committee.

He said the Korean armistice negotiations, regardless of their outcome, will not affect the need to rearm the free world against Communist aggression which "is no less real than it was a month ago."

**UNITED IN FAITH**—A huge cross stands over the Olympic Stadium in Berlin, symbol of the faith that drew 300,000 lay and clerical delegates from all parts of Germany for the third postwar Evangelical Church Congress. It was the largest religious gathering in Germany since the war ended. The body voted to condemn Communist infiltration of youth and forced labor in the Soviet Zone.

## Trumanites Win Initial Ballot On Rent Rollbacks

WASHINGTON (P)— The Administration won a round Thursday when Senate-House conferees voted to permit rent rollbacks to the May 24-June 24, 1950, level in newly-declared critical defense areas.

A conference committee approved that provision in the Economic Controls Bill passed by the Senate and decided to junk a House bill provision which would have barred rent rollbacks in those areas.

Stabilization Director Eric Johnston had appealed to the committee last weekend to adopt the Senate plan.

The version approved by the conferees authorizes the secretary of Defense and the mobilization director to designate critical defense areas.

These areas, such as sections near military posts, then could be brought under rent control.

The conference committee is ironing out differences between separate Senate and House control bills. The present law—covering wage, price, rent and other curbs—expires at midnight next Tuesday.

The rollback provision approved Thursday still is subject to ratification by the Senate and House. It applies only to new areas being brought under rent control.

The Senate and the House bills contain identical provisions authorizing rent increases up to 20 percent above the 1947 level. That provision, however, applies to dwellings now under control.

Still before the conferees is the question of livestock slaughter quotas, banned by House and Senate bills.

Senator Maybank (D-SC) said he is confident the group will vote to scrap the ban in a move "to block meat black markets."

## Rentzel Asserts Oil For U. S. Defense Is Number 1 Problem

Delois W. Rentzel, U. S. under-secretary of Commerce for transportation, told Midland oil industry leaders, businessmen and civic officials Wednesday night, "Oil for defense is the number one problem today and the Permian Basin must be prepared to continue producing as it now does or increase production if necessary."

The government official, on a whirlwind tour of the Basin with a party of oil industry leaders from Houston and other cities, spoke at a private dinner at the Midland Country Club.

His six-hour tour of the Permian Basin showed him a busy sector of the oil industry at work. He was impressed by the size of Midland's office space in tall buildings. He frankly said so.

"With the Iranian oil situation what it is, we could be called upon for a great increase in production" (Continued on Page Six)

## Martin Indicator Swabbing To Test

Ryan Consolidated Petroleum Corporation No. 1 Willie Peters, indicated Spraberry discovery in Southeast Martin County, is being tested by swabbing.

Operator is swabbing from open hole at 7,038-7,167 feet.

During the period from 2 p.m. Wednesday to 10 a.m. Thursday the project made 46 barrels of new oil and 15 barrels of Midland water. Operator pulled the swab one time every two hours. It did not flow.

Interested observers do not believe the water is formation water.

The open hole section was given a 1,500-gallon Hydracrac treatment.

Location is 690 feet from north and east lines of section 11, block 36, T-1-S, T&P survey and one mile north of Stanton.

## Pennsylvanian Well Finaled In Midland

Magnolia Petroleum Company No. 3 Roy Parks is a new producer in the Parks-Pennsylvanian field of Central-West Midland County.

Operator reported a daily potential of 852 barrels of oil and no water, flowing through a 20/64-inch tubing choke.

Gravity of the oil is 44.8 degrees. Tubing pressure during the test ranged from 1,550 to 1,200 pounds.

Completion was from perforations. (Continued on Page Six)

For your office furniture call Baker Office Equipment Co., Dial 4-6068, 511 West Texas.—(Adv.)

## C-S Martin Test Is Seen As Discovery From Ellenburger

Tide Water Associated Oil Company may have an Ellenburger discovery in Central-South Martin County at its No. 1 E. B. Dickerson, deep wildcat nine miles west of Stanton and 12 miles north and slightly east of Midland.

This exploration recovered 2,844 feet of free 81.5 gravity oil and no water in a three hour drillstem test in the top of the Ellenburger at 12,090-115 feet.

Operator was circulating while waiting on orders, at last report. It is probable that casing will be run and a production test made of the Ellenburger pay so far drilled.

Some interested observers think that project could be completed as a commercial oil well as it now stands.

Location is 690 feet from north and east lines of section 44, block 37, T-1-N, T&P survey.

This wildcat had some good shows of oil in the Spraberry and also in a thin section in the Devonian.

Top of the Ellenburger is at 12,090 feet. Datum on the marker is minus 9.344 feet.

## SE Gains Wildcat Is Flowing Oil From Pennsylvanian Lime

Oil is flowing from the Pennsylvanian lime reef at the rate of eight barrels per hour at Magnolia Petroleum Company No. 1 Gertrude Chilton, Southeast Gaines County wildcat.

The flow started after operator washed perforations at 11,354-375 feet with 500 gallons of mud acid. The acid residue and load was swabbed out and it was then swabbed and flowed 15 hours, during which time it made 145 barrels of new oil and no water.

Operator will probably re-acidize the formation through the above set of perforations.

This well has a 12 foot section of pay higher in the reef which developed some free oil on a drillstem test. That section will be tested through perforations as soon as the full producing ability of the same now being tested is determined.

No. 1 Chilton is at drilled out total depth of 11,410 feet.

Location is 690 feet from north and 2,500 feet from east lines of league 288, Gray County school land survey.

## Honolulu, Signal Are To Dig Deep Hockley Explorer

One and one-half miles north of production in the Hopes-Pennsylvanian field of Southeast Hockley County, Honolulu Oil Corporation and Signal Oil & Gas Company spotted location for a 9,500-foot wildcat.

It will be drilled as the concern's No. 1 W. F. Brown, 694 feet from north and west lines of labor 23, league 4, Jones County school land survey.

The 9,500-foot depth is calculated to take the wildcat into the Pennsylvanian.

Work is to start by August 1.

## Bratin Postpones Decision On Iran

LONDON (P)— The British cabinet met Thursday to discuss the Iranian oil nationalization crisis but delayed a decision on whether to accept an Iranian offer to talk things over with a British government mission.

Official sources said the cabinet wants more information from Sir Francis Shepherd, the British ambassador in Tehran.

**\* LATE NEWS FLASHES \***

WASHINGTON (AP)— The Senate Thursday voted \$280,000,000—\$55,000,000 more than the House approved—for soil conservation payments to farmers this year.

ST. LOUIS (AP)— The Post-Dispatch Thursday took sharp issue with a statement by Democratic Leader William M. Boyle, Jr., that he had nothing to do with negotiations for a \$565,000 RFC loan granted a St. Louis firm on its fourth try.

WASHINGTON (AP)— The government Thursday set up an Aircraft Production Board, headed by General Motors' Harold R. Boyer, to crack bottlenecks in the program to triple warplane production in the next year.

WASHINGTON (AP)— Gen. George C. Marshall, in a letter made public Thursday, turned down a suggestion by Senator Young (R-ND) that servicemen be given emergency furloughs to aid in harvesting this year's crops.

ROME (AP)— Premier Alcide de Gasperi and the ministers of his seventh cabinet took their oaths of office before President Luigi Einaudi Thursday.

### Galveston Punishes Gamblers—But Easy

**GALVESTON**—(AP)—Three dice dealers arrested July 18 by Texas Rangers during a raid on the plush Kemah Coffee Club have been fined \$25 and costs in justice court.

Felony gambling charges against the trio were reduced Wednesday to misdemeanors. Justice of the Peace Paul Labadie also fined 11 others charged with misdemeanor gambling \$1 each and costs. The total fine for each was about \$14.

### IN HOLLYWOOD

#### Janis Carter Is Hollywood's No. 1 Traveling Saleswoman

By ERSKINE JOHNSON  
NEA Staff Correspondent

**HOLLYWOOD**—In collaboration with a blonde movie dish named Janis Carter, I've whipped up a little science-fiction opus about the Heds, Greers and Lanas of the future.

And if it's all right with Janis, who did the research, we'll call it: "MOVIE QUEENS 25 YEARS A. T."

That A. T. means AFTER TELEVISION.

No sponge rubber and plexiglass fashions whipped up by tomorrow's Edith Head and Jean Louis will be necessary.

Just a trait that wasn't wrinkle in the derriere too much when a dell hops aboard the space ship that will take her to the movie theaters where her new picture is playing.

Miss Future will sell the first thousand tickets at the box-office, pose with the winner of the local better babies contest, recite Lincoln's Gettysburg address on the stage for five performances and do everything but grab a megaphone and yell:

"Step right inside the big tent to see my latest picture."

Johnson being fantastic again? Not according to Janis.

She's been living out of her trunk for a couple of years now as Hollywood's No. 1 traveling saleswoman for movies and she told me:

"The big stars will have to start traveling. Competition's too keen." On Way Out

The glamor of Hollywood is going fast. People no longer go to see a star because he has a yacht.

"They don't put the ropes up in theaters because a star has written a magazine article about the curse of Janis' travel," she said.

Janis' travel job started when Columbia sent her out to whip up yodel interest in "The Petty Girl." "I don't know why they sent me. I know every mayor and governor in the country," Janis confided. "And I've been to towns where nobody's ever seen a movie star. I felt like the man from Mars in a couple of places.

"But it does one big thing. It creates interest in the picture you're selling. The theaters are packed."

Janis will match her collection of keys to the cities with anybody in Hollywood. Some mayors are always handing Janis a lock-keeper about the size of the Washington monument and Janis is always saying:

"How perfectly sweet."

She groaned:

"I've never found out what these keys open. Another dozen and I'll have to move out of my apartment. You'd think they'd make them a little smaller and stick them with diamonds. Why don't they hang one in old mink tail on the thing?"

She likes to travel. "And you build a big following for yourself, too," she whispered. "The exhibitors get out and root for you. You sell pictures and you sell yourself."

Columbia signed Janis, clashed the cymbals that proclaim that a new star has been hatched in "Framed," then consigned her to home-breaker roles "because I happened to be on the lot." She moaned:

"Those heavy roles. I was getting to be a psycho about the whole thing. Then along came Technicolor and freed me. They

can't make a no-good wench out of me now that I've found color. I photograph all pink and blonde with violet eyes."

She's even singing, at long last, in "Half Breed."

"I never saw so many men around in a movie set in my life. Put on as little as you can get away with and the men are right there. And for the rest of the time not one Joe comes near you. The bumps."

Impersonated gamblers Joe Adonis and Frank Erickson, also indicted Wednesday by a federal grand jury for allegedly defying Senate crime probes, went to be arraigned Thursday or Friday.

After the jury handed up the indictments, Costello hopped a subway to the federal courthouse to give himself up before Federal Judge F. X. McGohey.

Fingerprinted in the U. S. Marshall's office, Costello, who admitted he served several months in prison in 1917 for illegally carrying a gun, asked, "What have they got against me now?"

The indictments against the trio of underworld characters resulted from their refusal to answer questions put to them by the Senate Crime Committee during its televised hearings here last March.

**POTTER CONFIRMED**  
WASHINGTON—(AP)—Frank B. Potter was confirmed by the Senate Wednesday as federal attorney for Northern Texas. He is serving under an appointment which expired July 21.

President Frank Hawk Thursday urged all JayCees to attend the luncheon.

"We are all, in one way or another, connected with the oil industry," he said, "and this promises to be a film of great interest."

### Ex-Convict Leads Officers To Hidden Dynamite Bomb

DALLAS—(AP)—Claude Thomas Wright, an ex-convict, led police and Texas Rangers late Wednesday to an armed dynamite bomb of the type he had admitted using on five negro properties in South Dallas.

The bony, slim, 42-year-old clothes presser directed officers to a weed patch south of the city limits where the bomb was hidden. A few hours earlier, Wright's half-brother, Arthur Eugene Young, 42, had signed a statement admitting a part in the bombings. Both Wright and Young have been charged with arson by explosive.

Wright said in a signed statement in Austin Tuesday he "had a part" in bombing three buildings in South Dallas and in placing two other bombs that didn't explode.

Officers returned him to Dallas Wednesday and he took them directly to the cached bomb in a week pack. Wright told them it was the last of his explosives. The bomb was taken to Ranger headquarters in Dallas for dearming.

The bomb was made of dynamite in gelatine form, like that used in oil fields. It was wrapped tightly in a paper bag. A 16-inch fuse was attached to one end. Officers said the fuse would last about one minute if lit.

The bomb itself was about eight inches long.

Dallas police and the Rangers said they still are looking for the ring-leaders. Police Chief Carl Hanson said, "There are others. We do not believe these (two) men are the leaders."

**JayCees To View Oil Industry Film**

### New Opinion On County Treasurer's Salary To Be Submitted To Commissioners Court

An opinion by the state attorney general's office Wednesday pertaining to the salary which may be paid the Midland County treasurer is to be referred to the county's Commissioners Court.

County Auditor Nette C. Romer, who requested the opinion, said Wednesday afternoon she will submit her copy of the opinion to Commissioners Court as soon as she receives it.

The attorney general's office said the present maximum compensation for the Midland County treasurer, Mrs. Minnie Dosier, is \$3,800 per year.

But on June 11, Commissioners Court authorized an increase in salaries for all county elected officials. Including the treasurer, to \$6,750 a year. The increase was allowed under a state law which provides an additional 25 per cent increase over the statutory salary.

However, according to the attorney general's opinion, the Commissioners Court may pay the treasurer "any reasonable sum" after September 7, but not less than \$2,400 annually.

**McGee Gets Third Clemency Hearing**

AUSTIN—(AP)—A third hearing in the Richard W. McGee case was scheduled before the board of pardons and paroles Thursday afternoon.

McGee is sentenced to go to the electric chair August 2 for the slaying of H. L. Allston, Lubbock grocery executive. McGee and Allston had argued over McGee's proposed marriage to Betty Jane Allston.

One clemency hearing brought appeals from McGee's attorneys and family for commutation of his sentence to life imprisonment. They contended he was insane.

The second hearing produced opposition to clemency, officials who prosecuted McGee denying he was insane at the time of the murder.

Building a new home or remodeling your present one? Let ABELL-MCHARGUE MILLWORK DIVISION, supply you with lumber, cut right, seasoned right, priced right. Give your specifications to the company for door and window frames. Your order will be delivered promptly, sized or made to order. The company makes a specialty of built-ins, breakfast nooks, doors and windows of the finest materials and workmanship. Visit the millwork division or dial 2-3911 for estimates.

**Leave Your Car In Storage—**  
LET MIDLAND AUTO STORAGE AND GARAGE, 107 North Baird, take care of your pride and joy and be free of parking problems. When you leave your car in storage, you may have it washed and greased while you're doing your shopping, attending to business or attending a social affair. When you return, your car will be spic and span inside and out. You'll be proud to drive it home. Dial 2-3341 for more information.

**Polio Policy—**  
With one policy you can protect your entire family in the event of polio. NEELY AGENCY, in the Crawford Hotel, offers a low-cost insurance policy that provides medical care for every member of your family for only \$12.00 per year. The first year and \$10.00 per year thereafter. Dial 4-7291 and let a representative explain this protection plan in detail. In the event of polio, the medical bills are paid for by the policy.

**Foods For Health's Sake—**  
There are foods prepared to supplement the nutrition lost in the refining process of the foods we use today. For all kinds of health foods, visit MIDLAND HEALTH FOODS, 807 West Kentucky. You can obtain fresh yeast, unrefined flour and meal, fresh vegetable juices, wheat germ, Black Strap Molasses, Brewer's Yeast, Soybean Powder, Multi-Soy, salad dressings prepared with lemon and herb teas. Books on nutrition and preparation of foods are also available. Dial 2-1892 for more information.

**Domestic And Commercial Cabinet Work—**  
Hand tooling, finishing, skilled craftsmanship at its best. MIDLAND PLANING MILL, 415 South Baird, gives you custom-built workmanship. All types of woodwork are designed and built to order at the planing mill, including commercial fixtures. Cosmetic counters, restaurant counters and all types of shelves are designed and built by skilled craftsmen. Dial 2-3230 for estimates.

**Knocks 'Em Dead—**  
Yes, Sir! Johnston's No-Roach, sold at MIDLAND HARDWARE AND FURNITURE COMPANY, eliminates roaches in short time. It's so easy to use. Just brush it on wherever the pests appear. It's odorless, colorless and safe for home use. Get a pint bottle for \$1.99 or an eight-ounce bottle for 99¢. Keep it in a convenient place for immediate use. Just ask for Johnston's No-Roach. Dial 3-3391 for more information.

**Rustic Charm—**  
The quaintly charming "Town And Country" Pottery, by Red Wing, featured at MIDLAND HARDWARE AND FURNITURE COMPANY GIFT DEPARTMENT, comes in unusual shapes and refreshingly modern colors—metallic brown, rust, chertreuse and sand. Red Wing Pottery lends an air of intimacy to your table settings. Its rustic beauty seems to radiate warmth and hospitality. Versatile and functional, it blends with modern decorative schemes. You can buy this pottery from open stock and add new pieces to your set from time to time.

### Oklahoma 'Poke Wins First Major Purse At Cheyenne

CHEYENNE, WYO.—(AP)—An Oklahoma cowpoke, Des Burke of Comanche, is the first big money winner of Cheyenne's 1950 Frontier Days Rodeo.

Burke's 14.7-second throw and tie put him in top spot in the first round of calf roping and he received \$1,260 for his trouble.

Other first round results, times and prize money:  
Calf roping—2. Sonny Edwards, Big Springs, Texas, 15.9, \$945; 3. Jack Shaw, Ruidoso, N. M., 16.6, \$630; 4. Jess Goodspeed, Wetumka, Okla., 16.8, \$315.  
Bulldogging—1. Lex Connelly, Benson, Ariz., 11 seconds, \$672; 2. Joe Madden, Torrington, Wyo., 12, \$504; 3. Dan Moore, El Centro, Calif., 12.7; \$336; 4. Del Haverty, Benson, Ariz., 13.2, \$168.  
Steer roping—1. George Wilder-spin, Fort Worth, Texas, 23 seconds, \$920; 2. Buddy Neal, Balmorhea, Texas, 23.6; \$693; 3. (tie) Everett Shaw, Stonewall, Okla., and Clark McEntire, Kiowa, Okla., each 24 and \$346.

The first go-round of bronc and Brahman bull riders was expected to be completed Thursday.

### Record Budget For Maintenance Of Highways Set

AUSTIN—(AP)—The largest appropriation in history was authorized by the State Highway Commission Wednesday to maintain the state's growing road system next year.

The appropriation totaled \$25,076,900.

That was \$3,400,000 more than last year's budget.

Chairman E. H. Thornton, Jr., said the increase was to cover the 3,952-mile increase in the road system as well as the added age of the roads.

Included in the maintenance program are 12,691 miles of Farm-to-Market roads, 25,623 miles of the State Highway System and 26 miles of expressways in large urban areas.

## Scouts Plan Rally Program

A Rally Program for "Camp Scout About," the Girl Scout Day Camp, will be held at 8 p.m. Saturday in the Girl Scout Little House.

The girls will register for day camp and be assigned to their units. The camp will open Monday in Cole Park and continue through August 4.

The Senior Scouts, under the leadership of Mrs. Howard Ford, will lead the group in Scout songs and games. After the program there will be a marshmallow roast. All Girl Scouts are urged to attend.

## Guest Wins Top Prize At Tally Hostess Club

A vacation and travel motif was featured in the decorations for the Tally Hostess Club luncheon at Club meeting Tuesday, in the Ranch House.

Mrs. David C. Chambers and Mrs. Jack M. Moore served as hostesses.

Mrs. W. N. Little took the high score prize for the afternoon, and Mrs. A. L. Attaway won second prize. Mrs. H. L. Huffman also won a prize.

Guests included Mrs. Ralph Smith, Mrs. E. T. Anderson, Mrs. Raymond Howard and Mrs. Little. Other members present were Mrs. R. E. Morgan, Mrs. Perry Gill, Mrs. J. C. Williamson, Mrs. J. K. Massey, Mrs. Clarence Sykes, Mrs. W. E. Lyle, Jr., and Mrs. J. V. Hardwick.

## Coming Events

### FRIDAY

The Young Adult Class of the First Methodist Church will have a swimming party at VFW pool. The group will meet at 5:30 p.m. in the church for transportation.

The ex-students and friends of Texas Technological College will meet for a "get-together" at 8:15 p.m. in the Crystal Ballroom of Hotel Scharbauer. There will be dancing, football films and other entertainment.

The Ladies Golf Association of the Midland Country Club will have a progressive bridge luncheon at 1 p.m. in the clubhouse. Reservations should be made by Thursday night.

The Fellowship Class of the First Methodist Church will have an ice cream supper at 8 p.m. in the home of Mr. and Mrs. N. G. Oates, 610 North Main Street.

### SATURDAY

The Naomi Circle of the St. Mark's Methodist Church will hold a cake sale at Collins Food Service, 1402 North Big Spring Street.

The Children's Story Hour will be held at 10:30 a.m. in the children's room of the Midland County Library and in the library's Dunbar Branch. At Terminal the time will be 10 a.m.

The Midland Officers Club will have a barbecue at 7:30 p.m. in the clubhouse.

## Newcomer Is Coffee Honoree

Mrs. Grover C. Rhodes, who recently moved to Midland from Minneola, was honored with a coffee Wednesday morning in the home of Mrs. W. Harry Rhodes, 800 North Pecos Street.

Those assisting the hostess in entertaining were Mrs. R. J. Snyder and Mrs. James Adamson.

Those presiding at the coffee service were Mrs. C. M. Dunagan, Mrs. Ernest Neill and Mrs. Clarence E. Nelson. Mrs. Adamson presided at the guest book.

The table was covered with a green cloth and centered with a silver fruit dish filled with California fruit. Silver appointments were used.

Approximately 50 guests were present.

## Mrs. Horton Is Circle Hostess

Mrs. Jim Horton was hostess to the Willing Workers Circle of the Asbury Methodist Church when it met Tuesday in her home.

Mrs. C. C. Hardaway gave the opening prayer. Mrs. Jewel Tanner gave two chapters from "So Sure of Life" and dismissed the meeting with prayer.

Others attending were Mrs. S. Charles Lynch, Mrs. J. E. Skelton, Mrs. Carmel Pirtle, Mrs. Woodie Nix, Mrs. Elvia Hughes and Mrs. Bill Holleman.

## Eastern Star Told 'What Not To Do'

CRANE—A program on "What Not To Do" was presented by Mrs. J. D. Buchanan, Mrs. L. R. Mills and Mrs. John Willis at the Monday meeting of the Order of the Eastern Star in the Masonic Hall.

Mrs. S. G. Barnard presided over the business session. Plans were completed for the entertainment of Eastern Stars and wives of Masons during the Masonic Hilltop meeting August 18 in the Community Hall.

The Crane County library will be opened August 18. It will be equipped with game tables.

Mrs. Quin Sharp was appointed chairman of the registration committee.

Mrs. L. R. Mills and Mrs. Harry Cowden were hostesses to 35 members.

## Henderson Circle Elects Officers

Officers were elected at the Wednesday meeting of the Henderson Circle of the First Christian Church. The circle met in the home of Mrs. Tom Campbell.

Mrs. Campbell was elected chairman, Mrs. Ed Pierce, co-chairman; Mrs. C. R. Webb, program chairman; Mrs. D. D. Downing, co-chairman; Mrs. Clyde Lindsey, hospital social secretary; Mrs. D. L. McDonald, co-chairman.

Mrs. E. L. Melzer, visitation chairman; Mrs. Harry Douglas, co-chairman; Mrs. Robert Christy, World Oil chairman and Mrs. V. E. Chapman, secretary-treasurer.

The opening prayer was given by Mrs. Downing and the devotional, "The Master Prayer" by Mrs. Lindsey.

Others attending were Mrs. Wade Heath, Mrs. W. P. Z. German, Jr., and Mrs. Dallas of Fort Worth.

## Crane Bride Honored With Coffee, Shower

CRANE—Mrs. Ward Christian, recent bride, was honored with a morning coffee and bridal shower Monday in the Gulf Recreation Hall.

Hostesses for the occasion were Mrs. B. J. Jones, Mrs. A. B. Corley, Mrs. K. H. Gray, Mrs. Myrtle E. Cook, Mrs. S. G. Waller, Mrs. Howard Evans and Mrs. John North.

An assortment of yellow flowers centered the refreshment table which was covered with lace. Bouquets of fresh garden flowers were placed throughout the hall.

Mrs. Miller presided over the bride's book, designed by Mrs. Gray. Marena Don Robinson and Martha Cook assisted in serving.

Mrs. Christian and her husband are residing in Goldsmith.

Approximately 36 guests attended.

## Dorcas Clubs Holds Business Meeting

CRANE—Mrs. Alice Freeman, recently elected president, presided over the business meeting of the Dorcas Club Monday in the home of Mrs. W. G. Slater.

Other new officers of the club are Mrs. S. Mulvey, vice president; Mrs. Clyde Orr, secretary-treasurer; Mrs. R. Shaffer, team captain; and Mrs. Slater, reporter.

The club decided to present a quilt to the Old Folks Home in Ennis.

Mrs. T. V. Garrett, vice grand of the Rebekah Lodge of Crane, is a new honorary member of the club.

Others present were Mrs. J. V. Nealey, Mrs. R. H. Modisett, Mrs. Ralph Shanor, Mrs. W. D. Gooch and Mrs. Roy Hazle.

## MIDLAND VISITOR

Miss Lydia Watson returned recently from Dallas accompanied by Mrs. W. C. Watson of Hot Springs, Ark. Mrs. Watson is the wife of the late Dr. W. C. Watson, who has preached many times in Midland. Mrs. Watson is visiting Ned and Lydia Watson.

## WILL MEET FRIDAY

The Senate Class of the St. Mark's Methodist Church will have a picnic at 6:30 p.m. in Cole Park. In case of rain, the class will meet in the church.

## HIT BY HAMMER

Jesus Valdez, a construction worker, was treated at Western Clinic-Hospital Wednesday for a thigh injury suffered when he was struck by a jackhammer at a work site.

## EMERGENCY TREATMENT

Sandra Lois Boone, year-old daughter of Mr. and Mrs. Bob Boone, was given emergency medical treatment Wednesday at Western Clinic-Hospital.

## OIL WORKER HURT

Lee Roy Bodein, 1501 South Fort Worth Street, an employe of Parker Drilling Company, suffered a bruised chest Wednesday when he fell from a catwalk at a rig. He was given emergency treatment at Western Clinic-Hospital.

## FINGER FRACTURED

## EMERGENCY TREATMENT

Mrs. M. L. Ellis, 405 South Mineola Street, received emergency medical treatment Wednesday at Western Clinic-Hospital.

## TREATED AT HOSPITAL

J. E. Croley, Rankin Highway, was treated at Western Clinic-Hospital Wednesday as an emergency medical patient.

## MEDICAL TREATMENT

Melaine Miller, 19-month-old daughter of Mrs. Gulla Miller, Rankin, was given emergency medical treatment Wednesday at Western Clinic-Hospital.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JULY 26, 1951—3

## 'Gold In The Hills' To Open Friday

"Gold In The Hills," or "The Dead Sister's Secret," a nineteenth century melodrama, will open at 8:20 p.m. Friday in the American Legion Hall. A special performance for the employes of Shell Oil Company will be given Thursday night.

## Coffee Honors Club Sponsors

The Cotillion Club was organized at a coffee Tuesday in the Ranch House. The club is being organized to bring the popular ballroom dances and dance floor etiquette to the younger set of Midland.

Hostesses were Emerald Green and Josephine Lovings.

Honorees were Mrs. H. L. Henley, Mrs. R. R. Herrill, Mrs. Robert Payne, Mrs. George Sturmes, Mrs. Ellison Tom, Mrs. B. R. Schabrum, Mrs. W. H. Pryor, Mrs. F. D. Hefren, Mrs. Jack Wilkinson, Mrs. Paul Hicks and Mrs. B. F. Black, sponsors of the club.

The first session for the Fall membership will be held August 8 in the Town and Country Dance Studio, 319 North Colorado Street.

## NEWCOMERS Mrs. Puckett Likes Life In Oil Camp

Life in an oil camp is like living in a small city for it has all the modern conveniences, including a children's playground. This is the picture of the oil camp near Andrews given by Mrs. Ray H. Puckett, another newcomer to Midland.

"I really liked it there," continued Mrs. Puckett.

The Pucketts have built a home at 2603 West Storey Street. Her three sons are enjoying their new neighborhood, especially the 24 boys and eight girls that live there.

Puckett, who is now division electrical foreman for Humble Oil Company, is no newcomer to Midland, having worked here in 1935. It was just coming home for her husband, Mrs. Puckett said.

Puckett has joined his brother, Collin, who also worked here in 1935. Both brothers moved away, but now have returned to live.

Mrs. Puckett, a registered nurse, was graduated from Memorial Hospital in Houston, her home town. Her husband, a graduate of A&M College, is from Big Lake.

Mrs. Puckett said that one of the things she likes best about her new city is the school system. The Pucketts have three boys, Ray Jr., eight; Don six; and Richard, four.

**Political Predicament**

Reports are growing in the capital that President Truman now is thinking seriously about dropping Secretary of State Acheson from his cabinet.

According to hints from several sources, the President would replace Acheson with John J. McCloy, able U. S. commissioner for Western Germany.

If there is any truth at all to these rumors, they reflect a distinct change in Truman's attitude. Up to this time he adamantly has refused all appeals for Acheson's removal. He has answered each one by declaring that Acheson is the best man for the job and deserves to stay.

A month or two ago, many worried Democrats high in party councils began trooping into the White House to beg for Acheson's ouster. Some, like Senator Connally of Texas, have reelection battles ahead in 1952, and they see the secretary as a grave handicap at the polls.

Despite his firm turn-down of their request, the President seems to have been moved by the Democrats' 1952 predicament. Certainly he is too much a party man to pass over the situation lightly.

In the event he actually does make a change, speculation will be rampant on the issue of what decided him. Perhaps it will prove to be his conviction that a really satisfactory replacement was at hand. Or possibly it simply will be that party considerations took on increasing weight with passing time.

Whatever the explanation, Truman is sure to time any acceptance of Acheson's resignation carefully. He will not want the Republicans to claim credit for forcing him out of office. So the move, if it comes, probably will coincide with a period when foreign affairs are going fairly well and the secretary seems to be free of immediate pressure.

The Republicans, of course, will take credit for an Acheson ouster anyway. He has been their chief political target more than two years. And there can be no question that it is they who have made Acheson a political liability to the President.

Thanks to the GOP, Acheson has become the most controversial secretary of State in twentieth century American history. Whether the campaign against him will pay off in Republican votes next year, only the boldest political soothsayer would care to guess.

Should he be allowed to resign by the end of 1951, it is conceivable that by the following November he might be pretty faint in the voters' memory. On the other hand, the GOP might be highly successful in keeping his name vivid until voting day.

This is not the place to review the arguments for and against Acheson. But every American must hope that the next secretary of State, for his own good, for that of his office and that of his country, will be a man who somehow can escape becoming the raging storm center that Acheson has been since 1949.

"Is This A Private Fight Or Can Anyone Get In?"

**The Washington Merry-Go-Round**

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)  
**Drew Pearson says: Chief mobilizers philosophical over new controls bill; surprise oil vote may salvage tidelands; report on lobbyists gathers dust.**

WASHINGTON—The demoralized mobilization chiefs met behind closed doors the other day and tried to be cheerful about the gutted controls bill which congress voted down.

The meeting was called by Economic Stabilizer Eric Johnston, but it was jolly price boss Mike DiSalle who tried to cheer up his colleagues with some of his famous wisecracks.

"Hello, fellow sufferers," he boomed cheerily. He said his feeling about the new controls bill was best illustrated by a Berryman cartoon.

"A guy went into the gas station to get some gas, and they took two tires off his car," quipped DiSalle.

DiSalle was philosophical, however, and remarked ruefully: "We went in for an operation. We thought we might lose our life, but we only lost an arm."

Leon Keyserling, the President's chief economic adviser, agreed. "After many years of observing legislative battles," he commented, "I can see that when the smoke of battle clears away, the defeats are not as great as imagined."

DiSalle reported that slaughter quotas are so important in keeping down the price of meat that he would submit a special bill in another last-ditch attempt to get congress to restore slaughter controls.

Turning to Wage Stabilizer George Taylor, DiSalle wise-cracked again: "George talks about our dealing with inanimate objects, and he deals with the animate. The only trouble is, the inanimate objects are handled by the animate."

The other mobilization officials made brief, technical reports, and Johnston adjourned the meeting.

**Surprise Oil Vote.** Tidelands oil lobbyists are planning a neat trick in order to win the wealthy submerged oil lands off the coast of Texas, California, and Louisiana.

They are secretly planning to bring up their bill for a surprise vote Friday when northeastern congressmen begin their Friday exodus to New York and Philadelphia.

Northeastern congressmen for the most part favor the plan proposed by Ex-Secretary of the Interior Harold Ickes and pushed by Senator Hill of Alabama and others, to use royalties from submerged oil lands to aid the schools and colleges of the entire nation.

The supreme court has ruled that tidelands oil belonged not to the three states which have large deposits off their shores, but to the entire 48 states.

However, the oil lobby has introduced a bill which would reverse the supreme court. This is the bill set for a surprise vote on Friday.

Note 1—Several hundred thousand teachers, school boards, and parent-teachers associations will be watching to see what congressmen are absent on Friday and how the others vote.

Note 2—Senator Case of South Dakota, Republican, who went on record several years ago for the use of Tidelands oil royalties for education, is now helping the fight for the improvement of schools and colleges.

**Protecting The Lobbyists**  
Though the law requires that congress publish quarterly reports on lobbyists in the congressional record, giving their names, incomes, and affiliations, no report has been made so far this year.

However, a report on the lobbies for the first quarter of this year has been gathering dust at the government printing office for almost three months—all because Senator Carl Hayden of Arizona, chairman of the joint committee on printing, has refused to permit its publication. Senator Hayden claims that it

could cost too much to print the full report in the congressional record. However, the Arizona senator hasn't raised his voice against filling the record with page after page of form letters against price controls which these lobbyists have inserted through friendly congressmen at the taxpayers' expense.

Naturally, the National Association of Manufacturers, the National Association of Real Estate Boards, the American Medical Association, and other big lobbies agree with Senator Hayden in not wanting the names of their pressure men, or their fees, made public.

However, the law is quite clear, and at the moment Senator Hayden is violating the law.

**Pipe-Dream**  
Rep. Donald O'Toole of New York, who experienced many boyhood thrills as the son of a fire chief in Brooklyn, got an even bigger thrill last week.

The popular Brooklynite presided over the House as "acting speaker" during a brief period in the hectic debate on price controls. However, O'Toole was dreaming of greater glories as he wielded the gavel.

During a lull in the debate he majestically summoned another New York congressman, Abe Muller, to the speaker's dias and remarked:

"Abe, this may sound a little gruesome, but if Truman and Barkley were to die at this particular moment while I am acting speaker, did it ever occur to you that under the rules of succession I'd be President of the United States?"

Certain shipping lobbies are frantically pulling wires against the St. Lawrence Seaway, by which Labrador iron ore could come by boat to the Great Lakes and make Chicago a great inland seaport. This would cut the cost of producing steel and reduce the risk of submarine attack on iron ore that's shipped down the Atlantic coast.

Last week, the anti-seaway lobby failed by only one vote to pigeon-hole the St. Lawrence project permanently in the house public works committee. Here are the congressmen who voted secretly against this important defense seaway: Fallon of Maryland, Pickett of Texas and Quinn of New York, Democrats; and Angell of Oregon, McGee of Ohio, Auchincloss of New Jersey, Beall of Maryland, Vursell of Illinois, George of Kansas, Bray of Indiana, Baker of Tennessee, Wood of Idaho, and Scudder of California, all Republicans.

Q—When the postal system was first established, what was the charge for mailing a letter?

A—Pepper. At one time it was so expensive that it replaced money in business transactions. Alaric the Goth, in 408 A.D. demanded not only gold and silver, but 3,000 pounds of pepper as part of the ransom of Rome.

Q—From what is Russian caviar made?

A—Sturgeon eggs.

Q—When the postal system was first established, what was the charge for mailing a letter?

A—Among animals, the North American opossum and the lungfishes of Australia and South America are often cited as living fossils.

Q—What present day animals are often cited as "living fossils"?

A—Among animals, the North American opossum and the lungfishes of Australia and South America are often cited as living fossils.

**Blue Cross Slates Enrollment Meet**  
An area enrollment meeting will be held in Midland Friday by representatives of Blue Cross.

The meeting will open at 8:30 a. m. in Hotel Scharbauer. Blue Cross hospitalization plan representatives are expected from Amarillo, Lubbock, El Paso, San Angelo and Abilene.

G. A. Walters, Blue Cross representative in Midland, said civic leaders of Midland would be invited to a luncheon at noon Friday.

W. R. McEee of Dallas, an executive director of Blue Cross, and H. B. West, enrollment director, are to speak at meeting sessions here.

**JACOBY ON BRIDGE**

By OSWALD JACOBY  
Written for NEA Service

"Please settle a percentage problem," requests a San Jose reader. "My husband played the South hand at three no-trump. If West had opened a spade, we'd have been beaten almost before we could get started. But West gave us a chance by leading a heart."

"My lord and master decided that this was a good time to finesse the heart, so he played low from the dummy. East naturally won with the king of hearts and shifted to the five of spades.

"It was almost worth being set just to see the look on my husband's face. Down two on a hand we should have made.

"Before I could say a word (and I had quite a few ready to deliver), my alibi expert said that percentage favored the finesse; that even if the heart finesse lost all was

<b>NORTH</b>		<b>WEST</b>		<b>EAST</b>	
♠ 8		♠ Q1072		♠ A9853	
♠ A84		♥ 10852		♥ K73	
♥ QJ1072		♦ K83		♦ A763

well if the diamond finesse won; even with both kings wrong all would be well if East had both the ace and queen of spades or more than five spades.

"Could he possibly have a point—or is this just his regular double talk?"

He had a point—but it's not quite good enough. If South puts up the ace of hearts at the first trick and goes right after the diamonds, he cannot be beaten. At worst he is sure of a heart, four diamonds, and three clubs; and then nothing can prevent him from developing either a heart or a spade for his ninth trick.

The immediate heart finesse will gain only one overtrick as against putting up the ace. If the finesse loses, South may lose the 600 points for game and rubber together with an extra 100 points for being set.

In short, South risks 700 points to gain 30 points. He needs better than 20 to 1 odds to take such a risk. He had pretty good chances, as he pointed out, but the contract was not even close to a 20 to 1 shot.

All the same, I'm happy to see that the spirit of adventure still lives in our Western male!

**♥CARD SENSE♦**

Q—With East-West vulnerable, the bidding has been:  
West North East South  
1 Heart Pass Pass ?  
You, South, hold: Spades K-J-10-6-3, Heart 8, Diamonds K-Q-7-4-2, Clubs 8-3. What do you do?

A—Bid one spade. Your hand is far better for offense than for defense. Hence you prefer to bid rather than to re-open with a take-out double.

**TODAY'S QUESTION**

The bidding has been the same as in the question just answered. You, South, hold: Spades A-K-J-

**WASHINGTON COLUMN**

**Strong Controls Needed To Help Curb Inflation**

By PETER EDSON  
NEA Washington Correspondent

WASHINGTON—Another round of wage increases is in store if Congress passes a weak anti-inflation bill. This prospect arises principally from three factors:

1. If Congress does not put effective controls on prices, organized union labor leaders will demand additional wage increases to make up for increases in the cost of living. Many unions—principally in the automotive industry—will get these increases automatically through escalator clauses in their contracts. Others will demand them through new collective bargaining agreements.

2. If there is no effective price control, organized labor leaders will stage another walkout and refuse to cooperate with the government's stabilization program. The group of union leaders who met in Washington in a futile effort to persuade Congress to continue a tough price-control law, made this a definite threat.

3. Texas Rep. Wingate Lucas' proposed amendment to the Defense Mobilization Act, reorganizing the Wage Stabilization Board, probably would break that organization and its already badly bent efforts to hold the line on the wage front. The Lucas amendment would change membership of WSB from equal representation of six public, union labor and management representatives to a predominantly public board with only advisory status.

**Complete Walkout**  
Not only would the union representatives walk out from such a body, but management representatives have indicated they'd bow out too. Finding any capable citizen of good reputation to head up a public wage advisory committee would be difficult.

Dr. George W. Taylor, present chairman of WSB, is leaving the organization in September. Getting a successor for him is already a tough problem for stabilization officials.

This combination of circumstances is what makes another round of wage increases on the giddy inflationary spiral seem almost inevitable. Kick-off for this increase might well come with the CIO Steelworkers.

Their current contract expires Dec. 31, 1951. It may be reopened for discussion 60 days before expiration, or about November 1. Rubber, packinghouse and textile workers' unions also have new negotiations coming up. Coal runs to March 19, 1952.

Total labor income, including wages and salaries, now is running at the rate of about \$165,000,000,000 a year. Another 10 per cent wage increase applied across the board for a full year would add \$16,000,000,000 to the inflationary pressures.

Cutting that figure in half for a sane estimate still would add \$8,000,000,000 to the nation's wage bill. File it on top of the \$12,000,000,000 to \$15,000,000,000 which Economic Stabilization Director Eric Johnston says straight price increases will cost without adequate controls. What you come up with is a total in the neighborhood of \$23,000,000,000 a year as the added costs of inflation.

Another round of wage increases, if it comes, would be roughly the 10-6-3, Heart 8, Diamonds K-Q-J-4, Clubs 8-3. What do you do?  
Answer Tomorrow

Are we to carry through mobilization for peace under a (controls) law which treats all alike, or under a law which invites every pressure group to put selfish interests above the national interest?  
—Bernard Baruch.

The 1948 election so went to the President's head that he has consulted with no Republican leaders on foreign policy since that date.  
—Sen. Robert A. Taft.

Organized groups do collectively what no man in them would do personally. Wholesale killing by war must be made a social crime just as personal killing has been made a crime.  
—Dr. Ava Taylor.

Publishers don't know from one day to the next what price they're going to pay for their raw materials and we, who work for them, bear the effects.  
—Samuel B. Eubanks, former executive vice president of American Newspaper Guild.

When the right man comes along I'll gladly take my cadenzas into the kitchen.  
—Margaret Truman.

**OIL-PRODUCING PLANT**  
MEIPORT, SASKATCHEWAN—(AP)—Safeflower from India, which produces an edible oil, is being grown in Saskatchewan this year on an experimental basis.

and smell of them, and I could hardly blame her when she made me turn up collection over to a filling station man who was stocking a roadside zoo."  
"Oh, so she caused you to abandon your studies of them?"

"Yes," Sam Colton answered. He eyed the prosecuting attorney a little odd. Baker leaned forward.

"Now, Mr. Colton, couldn't you have decided to maintain a Gila Monster unknown to your wife and right here in this country?"  
"Sam Colton looked puzzled, then anger colored his face.

"I think your inference is rather poor," he replied with dignity. "I have already told you I have collected Gila Monsters for more than 20 years and then only in the region of their habitat. Your question, in view of this information and coming on cross-examination, as it were, can only mean that you suspect me of my wife's murder."

**PAUL BAKER** realized that he had gone out on a limb, that he was dealing with a very astute and much underestimated man. He had the presence of mind to say quickly:

"I humbly apologize, Mr. Colton. I was thinking that if you did maintain a Gila Monster here in this country, someone else might have stolen it and placed it in the glove box of Mr. Colton's car."

"Your apology is accepted," Sam Colton saidardonally.  
Paul Baker asked no further questions. He resisted the temptation to wipe perspiration from his brow as he turned away. The truth was that he had been thinking that Sam Colton might have used a Gila Monster to effect the death of his wife. He certainly had motive enough. Dr. McCracken concluded the inquest and declared the death of Laura Colton to be due to accidental causes. Nobody was satisfied. Nobody believed that a Gila Monster could get into a glove box of a car parked in a Middlewestern parking lot by accident. Somebody had put the lizard there and for the purpose of murdering Laura Colton.

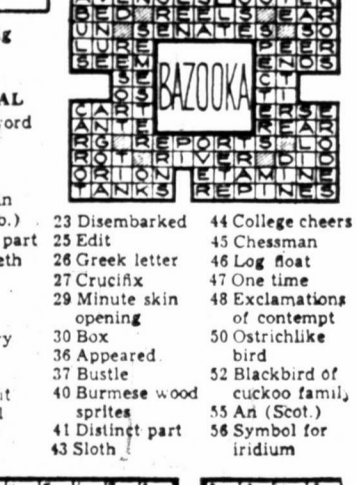

"Quite."  
"And Mrs. Colton knew it?"  
"Oh, yes. She abhorred the sight

**Permian Basin Oil And Gas Log—**  
(Continued From Page One)  
**W-C Upton Field Gets Third Oiler From Ellenburger**

Drillbit is 660 feet from north and 900 feet from east lines of section 10, Matt Daugherty survey, A-88.

**Humble Prospector In Crane Indicates Fusselman Opener**

Humble Oil & Refining Company appears to have a discovery from the Fusselman line of the Silurian at its No. 3 Jack Cowden, Southeast-Central Crane County wildcat.

This prospector, located nine miles west of Crane and 600 feet from south and west lines of section 47, block X, OCS&D&RGNG survey, swabbed and flowed 115 barrels of fluid in 24 hours through a 25 64th inch tubing choke.

Shakeout was 8.8 per cent basic sediment and water. The other 91.2 per cent of the fluid was new oil.

The production is coming from perforations in the upper Fusselman at 7,388-7,425 feet. That interval had been washed with 500 gallons of mud acid and treated with 5,000 gallons of regular acid.

During the 14-hour test operator had to pull the swab only two times to keep the well flowing steadily. Flowing to test and clean out was continuing.

There is another pay at 7,440-80 feet in the lower Fusselman which had shown some free oil. It is shut off from the upper section at 7,388-7,425 feet with a bridging plug.

Operator is expected to knock out that plug and test both Fusselman zones together soon.

Has Other Possibilities  
This wildcat drilled to a total depth of 8,984 feet in the Ellenburger. That zone made only water.

Informed sources reveal that No. 3 Cowden has logged interesting shows of oil in the Devonian and in two sections of the lower Permian lime.

However, if the Fusselman will continue to produce as it is now doing the well will probably complete from that pay and not try to test the shows in the higher horizon.

**Renewal Is Urged Of Rotary Creed**

Denunciations of public officials weaken confidence in our system of government, William L. Kerr, Midland attorney, told the Rotary Club Thursday.

Kerr, himself a Rotarian and a past president of the club, urged community service of his listeners, to rededicate themselves to the principles upon which Rotary was founded.

"There was then—when Rotary was founded—and now, a need for friendship and a sharing of problems," he said. "We should become personally acquainted. As men begin to do something for their community and then the world."

"We should try to contribute within our community those things we demand throughout the state, nation and world."

Kerr said there is need in this country, as in the world, for proper, right thinking and said much of the public controversies should be "taken with a grain of salt."

Urges Defense  
"We should have programs in this club and in other clubs in support of our form of government—to defend the legislative right to make the laws, the judicial right to construe them and the executive right to enforce them."

"It would bring in a renewal of belief in those institutions and I think we'll accomplish something."

"I believe, in this community we should direct our efforts and our thoughts toward those things we can do something about. Our responsibility is to inspire men to give of themselves to their community," Kerr said.

Out-of-town guests of the club included Densel Dean, immediate past president of the Amarillo Rotary Club, Louis Fischbein of El Paso; J. J. Willis, Tom Scott and O. D. Albright, all of Odessa; Bill Preston, Harrison, Ark.; Aldred D. Hill, Dallas, and Don M. Conley of Pampa. Kerr was introduced by Lily Pratt.

**Youths Reported Drowned In Pond**

LUBBOCK.—Two young brothers were reported to have drowned Thursday in a tank four miles northwest of Petersburg, in Hale County.

They were Don Burns, 13, and Louis Burns, 11. They disappeared while swimming with two friends. Searchers started dragging the pool at 10 a. m.

A squad from the Lubbock Fire Department was requested and left for the scene.

**Livestock**

FORT WORTH.—Cattle 1,800; calves 1,000; market steady. **Envoys Agree—**  
(Continued From Page One)  
immediately after the agreement on the agenda." Ridgway's headquarters announced.

They will go into it more deeply in the eleventh session scheduled at 10 a. m. Friday (6 p. m. CST Thursday).

The announcement emphasized that agreement on the agenda "is merely the initial step for the final goal of a military armistice and resultant cease-fire."

Major Hurdles Loom  
The second and third points listed on the agenda offered the biggest hurdles negotiators will have to overcome.

Setting a buffer zone raises the question of whether it is to be along the present battle lines in North Korea, as the UN wishes or along the 38th parallel, as the Reds want.

These two possible demarcation lines are 20 or 30 miles apart in some places.

In setting this single point, negotiators will outline the exact position to be assumed by each army "so as to establish a demilitarized zone as the basic condition for cessation of hostilities in Korea."

Third Point Most Complex  
The third point is the most complex and reaches to the heart of Communist sensitiveness to any foreign groups acting as supervising agents in territory they control.

Officially, Point Three was listed as: "Concrete arrangements for the realization of cease-fire and armistice in Korea, including the composition, authority and functions of a supervising organization for carrying out the terms of a cease-fire and armistice."

The United Nations wants adequate supervision and actual inspection by some international commission on each side of the cease-fire zone.

Allied spokesmen have identified this as an absolute must to guarantee against possible preparations for a surprise attack or a buildup for new advances if subsequent truce negotiations break down.

The Allies have indicated they want both air and ground supervision. And in Korea, there have been specific intimations of protest against supervision in the air, which was ruled by the UN through all the fighting.

Exchange Of Prisoners  
Point Four—exchange of prisoners—also could offer unexpected obstacles.

The Allies have indicated they want to exchange prisoners on a man-for-man basis. The Reds have intimated they think all prisoners of war should be sent home.

The UN has some 163,000 prisoners, compared to about 10,000 Allied prisoners held by the Reds.

The fifth point presumably is the Communist-suggested answer to the big stumbling block in the first 10 cease-fire sessions.

That was the Red demand that armistice terms include withdrawal of all foreign troops in Korea.

North Korean Gen. Nam Il, chief Red delegate, presumably presented the Red solution Wednesday. And it was accepted by the Allies Thursday.

Informed sources indicated the Communists dropped their demand for immediate settlement of the issue in return for a UN pledge that it would be taken up later.

Precise wording of this recommendation would, presumably, be worked out at Kaesong.

Agreement on the five-point agenda was reached in nine minutes of Thursday's tense session at Kaesong.

Immediately after they agreed on it, the two delegations began actually working on it "in order that the potential for halting bloodshed in Korea may be realized as soon as possible."

**Mrs. Harris Wins Compensation Suit**

A civil and a criminal case were heard in 70th District Court Wednesday afternoon, with Judge Garland Casebeer of Pecos County's 112th District Court at Fort Stockton presiding in the absence of Judge R. W. Hamilton.

Judge Casebeer ordered the American Automobile Insurance Company of Dallas to pay \$2,300 to Mrs. Jessie Mae Harris, of Ward County, as compensation in the death of her husband.

Mrs. Harris alleged in her compensation suit that her husband, I. V. Harris, died of a heart ailment February 10, when he was at work at a drilling rig as an employee of Big West Drilling Company.

The heart seizure occurred at a well six miles southwest of Midland, the suit contended, and Harris died within two hours. The suit named the American Automobile Insurance Company as the firm that issued Harris' employer a policy of workmen's compensation insurance.

Jordan was indicted by a Midland grand jury on June 4.

FOR MEDICAL TREATMENT  
Mrs. Naomia Hollingshead of 1106 South Johnson Street was admitted to Midland Memorial Hospital for medical treatment Wednesday.

EMERGENCY PATIENT  
Billy Ray Morgan of the Midland Hotel was given emergency treatment at Midland Memorial Hospital Wednesday after a nail punctured the third finger of his left hand.

MEDICAL PATIENT  
Paul Stiles of Tulsa, Okla., was admitted to Midland Memorial Hospital Wednesday as a medical patient.

**Agreement—**  
(Continued From Page One)  
forcement, of an armistice, once it is established.

The agreement on an agenda was possible only because the Reds abandoned their previously insistent demand for an agreement, prior to an armistice, on removal of all foreign troops from Korea. That broke the week-long deadlock of the Kaesong meetings.

The price the United Nations paid for this apparently is covered in Point Five of the agenda. The point provides that the negotiators later can make recommendations to the governments on both sides.

Light Rain—  
(Continued From Page One)  
Garden City, and the company station at Bronte, in Coke County, said less than a quarter of an inch of moisture fell.

A motorist traveling between Stanton and Midland said heavy showers fell between the two cities.

The forecast for West Texas calls for partly cloudy skies Thursday night and Friday with widely scattered and mostly daytime thunder showers. Not much change in temperatures is expected.

Wednesday's maximum temperature was registered in Laredo, where the mercury hit 103 degrees. The Associated Press reported, Presidio, Del Rio and Corsicana reported 101 degrees. Alice and Cotulla sweated under 102 degrees, the AP said.

The coolest spot in Texas Thursday was Galveston with a maximum of 86 degrees.

WORKMAN INJURED  
J. E. Matlock of Terminal, an employee of Gaylord Contractors, suffered forehead lacerations when struck by a board while at work Wednesday. He was treated at Western Clinic-Hospital.

**FBI—**  
(Continued From Page One)  
called to New York City to act as the top Communist executive in the national headquarters.

His arrest early Thursday was made in New York.

These other arrests were announced: Rose Chernin, 48, Los Angeles, executive secretary of the Los Angeles Committee for Protection of Foreign Born.

Los Angeles Editor Philip Marshall Connelly, 47, Los Angeles, Los Angeles editor of "Daily People's World."

Ernest Otto Fox, 45, San Francisco, waterfront section organizer of the San Francisco County Communist Party.

Dorothy Ray Healey, 36, Los Angeles, chairman of the County Communist Party.

Carl Rudie Lambert, 54, San Francisco, chairman of the Security Review Commission for the party's District 13.

Albert Jason Lima, 43, Richmond, Calif., East Bay regional party chairman.

Al Richmond, 37, San Francisco, executive editor of the "Daily People's World," published there.

Loretta Starvius Stack, 38, San Francisco, former organizational secretary for California.

Henry Steinberg, 38, Los Angeles, county legislative director.

Oleta O'Connor Yates of San Francisco, California state secretary for the party.

to offset any loss there, and we must be prepared to do so," Rentzel pointed out.

Arriving here by private plane Wednesday afternoon, Rentzel and party had time for a visit to the Basin Pipe Line System's modern pump stations near Midland, Thursday morning, the entourage visited Shell's TXL Gasoline Plant at Notrest.

With Rentzel here were O. Q. Lomax, president of the Humble Pipe Line Company; Ralph McLaughlin, president of the Texas Pipeline Company; Charles Fitzgerald, vice president of Sinclair Pipe Line Company; Robert Thomas, formerly of the Whitaker Oil Company and now a pipe line official; and T. E. Swigart, president of the Shell Pipe Corporation and vice president of the American Petroleum Institute, division of transportation.

The party was scheduled to depart for Corpus Christi Thursday afternoon by plane. There, it was to tour Humble's Harbor Island installations.

Getting Rid Of Pesky Worms Is Apt To Be Delicate Job

By EDWIN P. JORDAN, M.D.  
Written for NEA Service

I always am somewhat astonished by how many people seem to be troubled with worms of various kinds — pinworms, threadworms, roundworms, tapeworms and others. And they certainly seem to have a hard time getting rid of them, even if they have had several treatments.

All these "worms" really are small animal parasites and many of them can live only part of their lives in the human body. The rest of the time the parasites may spend in the ground, in the bodies of lower

animals or elsewhere. One variety is called the tapeworm or intestinal flat worm but of this, too, there are several different kinds.

At any rate, parasites of this family are widespread throughout the world and are one of the things one has to think about if a child is not doing well and the reason is not obvious. Adults can get them too and infestation particularly is common in places where the sanitation is below modern standards.

Tapeworms enter the body with the food. In some cases, like that of the beef tapeworm, both the fully grown form of the parasite and the larva or young stage can become established in the human intestinal passageways. The tapeworm has a head which hooks onto the wall of the intestines and then grows "sections" which form a sort of tail.

The particular kind of parasite can be identified by finding these sections—or the eggs—in the human waste. They have characteristic and different appearances when viewed under the microscope.

So far as treatment is concerned the problem is to loosen the head and get rid of it. This involves poisoning the parasite without poisoning the person. It is a delicate job, but there are several drugs which do this fairly well though they may have to be given more than once and sometimes one drug substituted for another.

Keep Sanitary

Part of the trouble which people have in ridding themselves of tapeworms undoubtedly comes from the fact that they reinfest themselves or get some new parasites from other members of the household. Careful washing of the hands and sanitary methods of handling the food will cut down this danger.

It isn't possible to describe any very definite symptoms because these may be vague or there may be none at all. A feeling of mild digestive discomfort is not unusual and sometimes there are such things as disturbed sleep, diarrhea, loss of weight, or anemia.

Program To Assist Mentally Retarded Pupils Is Studied

An expanded educational program to provide separate and special classroom training for mentally retarded pupils in Midland is under study.

Any child who is mentally retarded to the extent an educational program of the regular classroom is unsuitable or inadequate, may be eligible for this program in Midland.

In cases where there is a doubt whether the child can profit from special education, several types of tests showing social, performance and mental abilities will be used to determine the placement of the child. In every case, admission to the special class will be made only after careful study of the individual child, school officials pointed out.

Parents are reminded that this special class will be separate and apart from regular classroom instruction.

The adding of education for mentally retarded children to the educational program for exceptional children was authorized by the Fifty-Second Legislature.

Parents interested in this program should contact Charles F. Mathews in the office of Frank Monroe, superintendent, at the high school or by dialing 2-3761, at the earliest possible date, officials requested.

Sammy The Seal Spurns Noted Life On An Ocean Wave

FOLKESTONE, ENGLAND —P—Life on an ocean wave is not for Sammy the seal.

Maybe it's because the channel swimming season is just getting underway, but Sammy wants no part of that body of water.

Sammy is a baby seal who wandered away from his mother and turned upon the beach at Walmer on Monday, barking plaintively.

A policeman turned him over to an RSPCA (Royal Society for the Prevention of Cruelty to Animals) agent, who put him in a boat and dumped him out in mid-channel.

Back swam Sammy—this time to Seabrook, 20 miles down the Kent coast from Walmer. Another copper hauled him to the police station. The next day a fishing boat dropped him off once again, midway between England and France.

Wednesday Sammy turned up at Hythe, still trying to make a permanent landing.

The Folkestone RSPCA sighed and decided to rear Sammy with a baby bottle until he gets old enough to learn his proper element.

St. Mark's Sets Dedication Of Pipe Organ On Sunday

A new pipe organ will be dedicated at St. Mark's Methodist Church Sunday evening.

The organ was given anonymously by a Midland couple. The amplification system for the organ also was donated.

Mrs. Holt Jewell will be at the organ Sunday night at the dedication service. The regular organist is Mrs. Charles Reeder.

The new organ was tested and first played recently during the church's one-year anniversary observance. The Rev. James Sharp, pastor of the church, will dedicate the organ.

Boyle Denies Aiding St. Louis Firm Get \$565,000 RFC Loan

WASHINGTON —P— Chairman William M. Boyle, Jr., of the Democratic National Committee says he had nothing to do with negotiations for a \$565,000 government loan granted a St. Louis firm on its fourth try.

Boyle Wednesday acknowledged he represented the company, the American Lithofold Company, "in legal matters not connected with the company's application for an RFC loan."

The Reconstruction Finance Corporation (RFC) granted the firm the loan in question in 1949, but none of the money was advanced until Jan. 6, 1950. The loan was to have matured Jan. 6, 1953, RFC said, but it was paid off in full last

August 30, after the printing company obtained private financing.

The St. Louis Post-Dispatch had reported Wednesday that Boyle, a close friend of President Truman, received \$8,000 from the company, the payments being made in monthly installments beginning shortly after the RFC loan was granted.

In his statement, Boyle said nothing about fees from the printing firm. He said he severed his relations with the company, and with all his other law clients, shortly after assuming full-time duties as executive chairman of the Democratic National Committee in April, 1949.

**GOP Solon Sounds Off**  
He later became chairman of the

committee. In both positions, his salary has been \$30,000 a year.

Senator Williams (R-Del.), reading newspaper accounts of the Post-Dispatch story in the Senate, said the case showed "just how low the morals of this Administration have deteriorated."

Williams asserted that preliminary decisions not to grant the loan were reversed, it was granted, and James P. Finnegan "was placed on the company payroll." He added "This could not have been done without some assistance here in Washington."

Finnegan's administration as collector of internal revenue for Eastern Missouri now is under investigation by a federal grand jury. The

Church Launches Fund Campaign

ANDREWS — A building fund campaign for construction of a Nazarene Church here got under way this week.

Contributions so far have amounted to \$175.80 in cash and pledges.

A committee headed by the Rev. Ralph Bates and composed of Jim and Roy Spert and J. T. Trimble is soliciting funds with which to build the church for the newly-organized Nazarene group.

The flag of Denmark is the oldest one in use today.

# McKenzie Wins In Relief, 7-6

## Two-Run Homer Hit By Manager Bonura

By LARRY KING

Dave McKenzie, Midland's "hard luck" pitcher, won himself a ball game Wednesday night with a neat relief performance.

After dropping low-run contests all year, McKenzie relieved Ernie Nelson and took a 7-6 nod from the Big Spring Broncs at Indian Park.

The stubby right-hander blanked the Broncs and held them hitless, as Scooter Hughes scooted home from second base on an infield error in the seventh inning with the deciding run. Midland had erased a 4-1 Big Spring lead with a five-run outburst in the sixth inning. Zeke Bonura's ponderous home run over the left-field wall with a man on base being the big blow, to give Nelson a lead. The Broncs tied it up in the next inning, and McKenzie went in to put out the fire. Hughes then scored as newcomer Julio de la Torre sent a skimming ball down to the shortstop, who allowed it to roll through his legs as Hughes romped home.

Nelson had the Broncs swinging without success until the sixth, holding them scoreless. But four hits—including a double by Pat Stasey, gave the Broncs a lead. Bonura's lads went in front, 6-4, in the same frame. Hughes started with a walk, advancing to second on Escobar's infield out. De la Torre then drew a walk. Hayden White singled, took second on an error and two runs scored. Gordon Tanner—the former nobby as the Tribe catcher—smacked a double to center field, scoring White.

Then with one swing of his powerful shoulders, Bonura parked the ball over the left field wall. Big Spring tied it up in the seventh. McKenzie came in, struck out the Broncs centerfielder, Manny Junco, and went on to get the win. It was his fifth triumph against seven defeats.

Midland moves to Big Spring for a game Thursday night.

## Midland Country Club Tournament Is Underway

Charlie Wallace and Vann Ligon posted 73's to tie for medalist honors in the qualifying round of Midland Country Club's Men Club Tournament Wednesday.

But one of them will lose out, however, as a playoff to determine the medalist was scheduled between the two Thursday afternoon.

Sixteen golfers qualified for the championship flight. All scores were extremely bad, due to sand and a smattering of rain over the course throughout the day.

The tournament will run through Sunday. Eighty-four Midland Country Club golfers are entered.

They were to lineup this way in the first round of match play Thursday:

**Championship Flight**  
Graham Mackey vs. Dick McKnight; Earl Wilson vs. Glib Payne; Fred Inman vs. Joe O'Neil; Henry Shaw vs. Evans Dunn; Charlie Wallace vs. Raymond Leggett; Holt Malone vs. Sandy Davison; Roy Lockett vs. Bobby Walker and Don Woodford vs. Van Ligon.

**First Flight**  
Ed Stephens vs. Bill Barker; Miles Hall vs. John Pringle; Harry Lawson vs. W. O. Henderson; Bill Stewart vs. Charlie Wilson; George Sient vs. Dick Gile; Jack Mathews vs. O. J. Colwick; Lee Durrell vs. P. J. Lee; Tex Carleton vs. Calvin Glass.

**Second Flight**  
Bob Byars vs. Roy Minear; Don O'Shaughnessy vs. W. L. Meadows; Fred Chambers vs. J. P. Wilkinson; Bill Chancellor, Jr. vs. Bill Fitch; Hugh Wallace vs. Paul McGarue; Cret Inman vs. Joe O'Neil; George Sient vs. Dick Gile; Jack Mathews vs. O. J. Colwick; Lee Durrell vs. P. J. Lee; Tex Carleton vs. Calvin Glass.

**Third Flight**  
W. B. Yarbrough vs. Bob Franklin; Jim Logan vs. Clem George; Dell Taylor vs. Bum Gibbins; Frank Flournoy vs. Paxton Howard, Jr.; Waldo Leggett vs. Carl Westlund; Fred Burleson vs. Charles Linehan; Vaughn Masey vs. Mike Patton and John Casey vs. Bill Liedtke.

**Fourth Flight**  
Olin Prathar vs. Ralph Cooley; Fred McMurry vs. John Healey; Paxton Howard vs. James Brown; Herschel Brown vs. Maurice Kennedy; W. G. Keeler vs. Bob Dickey; Paul Anderson vs. Ed Borys; Don Wiet vs. P. V. Anderson and Bob Payne vs. Bill Reeder.

## WT-NM League—One Man Show Is Staged By Pitcher

Ed Arthur, Lamesa pitcher, is a handy man to have around a baseball team. He can turn in a good job on the hill—he's won 18 this season—and is plenty tough at the plate.

By The Associated Press  
Ed Arthur, Lamesa pitcher, is a handy man to have around a baseball team. He can turn in a good job on the hill—he's won 18 this season—and is plenty tough at the plate.

Arthur turned in his eighteenth in a 10-inning battle with Abilene and it was all his. He singled home the run that broke a 4-4 tie in the tenth.

Albuquerque waited until one was away in the ninth inning to push across the run that beat Clovis, 4-3. Pampa took a 2-1 lead in the current series with Lubbock, notching an 8-3 victory.

Amarillo made it five straight with a 7-4 decision over Borer.

## King's Row

by Larry King

Waving his arms emphatically and with a glint in his eye, Manager Zeke Bonura stoutly defended his two new Cuban ball players, Julio de la Torre and Israel Ten, Wednesday night.

"Those boys are gentlemen from the word go," Bonura said. "They're as fine as any boys you could want anywhere. All they want to do is play baseball the best they can, if given a chance—and they are going to get that chance."

"A lot of talk has been going around about their fight with Stubby Greer at Artesia," Zeke related, "but the real story isn't out. Greer's a high strung individual, and the truth is these boys didn't fight with him. He had a fight with another one of the Cuban boys, got down on the whole bunch and ate them out. They wouldn't take it. That's why he let them go."

"I could have had six players from Artesia, all Cubans, but I only picked these two boys because they are gentlemen as well as top flight ball players."

"All this talk about not playing Cubans simply because they are Cubans makes me sick. It's the smallest thing I ever heard of," the large indifferently steamed.

"If some of the fans don't want to attend the games because these boys are Cubans, then let them stay away. If the Cubans go, I go. I left my business and came here to help him. I'm buying ball players, not because they are Cubans, but because they are A-1 performers. I'm thinking of next year, and I can give Midland a top flight club.

The directors approved of the transaction, and I'm proud to have de la Torre and Ten on my squad. I'll put them against any players in the league, on or off the field."

"Sure," Bonura boomed, "there's going to be a few sore heads who complain. But did you see the hand de la Torre got when he came to bat tonight? The majority of the fans will like those boys. They'll deliver and help us out. We want the fans to be satisfied with the club, but I'm the manager and I'll do what I think is right and what the board of directors say is right."

"If the fans have complaints, let them call me," said Zeke. "I'll be glad to talk to them about it."

"We've put a lot of money into those boys, and we're going to keep them," Bonura stated emphatically. "I have all the confidence in the world in those boys, and I'm sure the fans will too, in time."

De la Torre received a good hand from the crowd when his times at bat came. He handled five assists without error. Ten has not yet made his first playing appearance here.

Bonura said the Midland players all liked the Cuban lads. They met them at the door and all shook their hands," he said. "Don't worry about them. They'll turn out all right."

**Defending Champ Wins In USGA Junior Tournament**  
CHAMPAIGN, ILL.—(AP)—Defending Champion Mason Rudolph, the youngster to beat in this year's USGA National Junior Golf Tourney, gave his challengers some more worries Wednesday.

Rudolph, 17-year-old Clarksville, Tenn., golfer, beat tough young Don Lundquist of Minneapolis, 4 and 3, in the opening round of the tournament's match play at the new University of Illinois course.

Wednesday's play out the field to 64. Upsets were rare and no highly-regarded contestants faltered.

**Texans Win In Broadmoor Tourney**  
COLORADO SPRINGS, COLO.—(AP)—Jack Mungler of Dallas sought Howard Creel of Houston sought second-round conquests Thursday in the Broadmoor Golf Tournament.

Rufus King and Bill Thomas of Wichita Falls were sidelined. Mungler prevailed over Chick Bennett of Colorado Springs, 3-1. Creel beat Duke Garey of Denver, one-up.

Gene Reizer of Denver topped King, one-up, in 19 holes. Thomas bowed out, 2-1. Dick Billicus of Colorado Springs, 2-1.

**MASHED FINGER**  
Willis Brookshire, an employe of Superior Oil Company, was given emergency treatment Wednesday at Western Clinic-Hospital for a mashed finger. It was caught between two joints of drill pipe.

**CHILD INJURED**  
Kenneth Epperson, three-year-old son of Mr. and Mrs. J. W. Epperson, suffered scalp wounds in a fall on a concrete slab while at play Wednesday. He was given emergency treatment at Western Clinic-Hospital.

**FOR SURGERY**  
William T. Hoey, of 618 West Storey Street was admitted to Midland Memorial Hospital Wednesday for surgery.

## All-Stars To Meet Thursday

Shorthorn League youngsters play their annual all-star game at 8:15 p.m. Thursday in Indian Park. The contest will go seven innings.

Bill Glidewell, Youth Center director, will present a trophy to last year's winner before the game, and Mayor Perry Rickert will make a short address.

John Redfern, Jr., loop president, said children 14 years of age and under will be admitted free to the contest. Adult tickets are 50 cents each, with all money going to the Midland Junior Baseball Association.

Redfern will manage a team composed of youngsters from the Rotary and Comanche teams, while Charley Goodson will handle the Traveler-Bronc nine. Each team will have three members of the first-place JayCees.

## League Standings

San Angelo at Odessa.  
Vernon at Sweetwater.

**EAGLES WIN ON FORFEIT**  
The Eagles won a 6-0 forfeit in Little League baseball Wednesday, when the Realtors failed to field a team for the scheduled contest.

(NEA Telephone)  
BASKETBALL STARS ACCUSED—District Attorney Frank Hogan has charged in New York that eight Bradley University basketball players were involved in throwing games during the last three years. Hogan said the players admitted accepting bribes when questioned by Peoria, Ill., police. Hogan named only four of the men, Bill Man, 34, left, and All-American Gene Melchiorre, 23, right, among them.

## Yanks Find Tribe Easy Mark; Bums Increase Margin

By JACK HAND  
Associated Press Sports Writer  
If Cleveland wins the American League pennant, they'll never believe it in Yankee Stadium.

The Tribal warhorse is only an empty echo in the Yanks' concrete warroom on the Harlem, where Cleveland has lost 13 straight ball games since July 14, 1950.

Failure to whip the Yanks in New York has been costly this season. They've dropped eight straight in '51 with only three to play.

Big John Mize was the villain in the Indians' current disaster. His eight-inning homer won the opener Tuesday, 3-2, and his ninth-inning double punched home both runs of Wednesday's 2-1 verdict over tough luck Mike Garcia.

Because Chicago snapped its five-game losing streak and whipped Boston at Fenway Park, 6-2, the Yankees opened up a full game lead on the Red Sox. Cleveland is another game back and the White Sox are three and one-half games off the pace.

In sharp contrast to this wild struggle, the National remains a Brooklyn waltz with the Dodgers, 6-2 winners over Chicago, now nine full games in front of New York, which won a June 17 "suspended game" from Pittsburgh, 7-6, in 10 innings but lost the regularly scheduled contest, 5-4.

Garcia pitched a fine game against the Yanks, holding a 1-0 lead over Eddie Lopat going to the ninth. Then that man Mize did his stuff.

Don Lenzhard, the ex-Browns, smashed a three-run homer off Mel Parnell in the sixth to nullify a 1-0 Boston lead. Parnell gave up an error run in the seventh and Chicago got to Walt Masterson and Harry Taylor for one each in the last two innings to nail it down.

Del Garver won No. 13 for the last-place St. Louis Browns, who have taken only 28 all season. The talented right-hander held Philadelphia to seven hits for a 5-4 edge in a night game at Shibe Park. Washington hopped on Freddie Hutchinson and three successors for 14 hits and a 7-4 decision over Detroit.

Preacher Roe, edging toward his first 20-game year, won his fourteenth by downing Chicago, 6-2. It was the twelfth complete game for the Dodgers' ace lefty.

Gil Hodges, back on the home run beam with his second in two days after an 18-day slump, slugged Bob Rush for No. 30 in the second inning. The blow put him even with Babe Ruth's record pace for 91 games.

Lose Ground  
The Giants lost ground in splitting two decisions. They went 10 innings to finish out the "suspended game" with Larry Jansen's thirteenth victory. It was tied, 6-6, in June when the game was called because of the Pennsylvania Sunday curfew.

Robin Roberts racked up his second straight shutout for the Phillies, holding St. Louis to four singles for a 2-0 victory.

Del Wiber's homer off Cliff Chambers broke a scoreless tie in the seventh.

Cincinnati and Boston were not scheduled.

## Rendezvous Dumps Western Plastic

Jack Smith tossed a brilliant one-hitter Wednesday night as he pitched the reinforced Rendezvous team to a 2-1 verdict over Western Plastic, winner of the softball crown here.

Two home runs—both with the bases empty—accounted for the Rendezvous team's runs. They were hit by Will Salmon and Les Cobb. Jack Dunlap, the loser, allowed but four hits. He singled in the lone Plastic run.

Rendezvous will play a double-header in Andrews Saturday night, meeting Stanolind Oil in the first game and going against the Andrews All-Stars in the second contest.

## Melchiorre Involved In Shady Deals

PEORIA, ILL.—(AP)—The ugly spreading story of college basketball bribery has fixed its shady glare on an All-American player at Bradley University who went shopping for games to "fix" last season.

Gene (Squeaky) Melchiorre, graduated king-pin of Bradley's nationally renowned team the past two seasons, was accused by the practice session with a message that of visiting New York last November to tell gambling henchmen he had three other Bradley players lined up to manipulate scoring at \$4,500 a game.

The fact that the fix was on in only one game last season, after a besmirched 1949-50 campaign in which at least nine Bradley games were gambler-touched, did not lessen the disgusting aspects of Melchiorre's "business deal" last season. Melchiorre during the season talked with gamblers over some 10 to 12 Bradley games.

Bold Contacts  
Vincent A. G. O'Connor, assistant New York district attorney, disclosed Tuesday night that there was boldy-made contact between Melchiorre and Nick (The Greek) English and Jack West, a pair of gamblers, throughout the 1949-50 and 1950-51 seasons.

At one time, O'Connor said, English and West appeared at Peoria in the 1949-50 season and lured Melchiorre out of a secret Bradley practice session with a message that "this uncle from Chicago is here to see him."

A total of \$6,300 was paid to at least five players the last two seasons for control of point spreads in Bradley games. Already confessing imprecation are Melchiorre, Aaron Preace, Jim Kelly, Bill Man and Bud Grover.

## Texas League—Fort Worth Moves Into Flag Picture

By The Associated Press  
There's a new contestant moving into the picture in the battle for first division berths in the Texas League. The Fort Worth Cats have been improving their position steadily.

The "Little Dodgers" swept a doubleheader from the Shreveport Sports Wednesday night to close in on the coveted fourth-place spot. The Dallas Eagles fell into fourth place and lost a game and a half of their advantage by bowing to Beaumont.

Fort Worth nipped Shreveport, 2-1 and 4-0, in the only twin bill of the night. Beaumont blanked Dallas 3-0, while San Antonio edged the OC Indians, 3-2, to take sole possession of third place. Houston's margin over Tulsa was 3-1.

McCamey Schools Hire Two Teachers

Mrs. Mamie Ballard, home economics instructor at Iraan for the last three years, was named to fill a similar position in the McCamey schools for the coming year. Prior to teaching in the Iraan schools, Mrs. Ballard was Pecon County home demonstration agent for 13 years. Henry Lee Hord, 26, was named as instructor for social studies in high school. Hord is from Waco and will receive his masters degree this summer.

Mrs. E. B. Garverick resigned as librarian to join her husband in Cisco where they will make their home.

Mrs. F. O. Senter, fourth grade instructor last year, resigned.

Aluminum Plant Planned In Texas

WASHINGTON—A sprawling new aluminum plant about 85 miles south of Waco, Texas, is expected to employ 1,000 persons. The Aluminum Company of America announced plans for the plant in Milam County Wednesday. It will cost \$80,000,000 to \$100,000,000. Secretary of Interior Chapman must approve and grant a certificate of necessity, but Representative Poage of Texas and an Alcoa spokesman both expressed confidence this would be forthcoming.

The plant is expected to start work early in the Fall of 1952.

McCAMEY HIGH SCHOOL BAND MEETINGS CALLED  
McCAMEY—Charles Vick, newly-elected band instructor for McCamey High School, has called a special meeting of drum majors, majorettes and junior and senior band members for Sunday.

MacArthur—

(Continued From Page One)  
Massachusetts Legislature—a Republican Senate and a Democratic House—to lash out with one of the bitterest attacks on American policy since President Truman fired him from his Far Eastern commands. Grim-faced, determined, determined and even more determined than when he addressed Congress, the old soldier charged the United States has "no plan"—either for Korea or at home.

While skirting around the current cease-fire negotiations underway in Kaesong, he declared:

"Now that the fighting has temporarily abated, the outstanding impression which emerges from the scene is the utter uselessness of the enormous sacrifices in life and limb which has resulted."

Plenty Of Moisture Greets Collins Family As Annual Vacation Jaunt Gets Underway

By BILL COLLINS  
SANTA FE, N. M.—(Monday)—Here it is vacation time again, and again the Collins family is out to see part of New Mexico and Colorado.

And that first day out may be the most enjoyable of all—it rained, and the trusty car was wet for the first time in months.

Yes, we were in moisture practically all the way from Anton (Lubbock County) to Vaughn, New Mexico, a distance of more than 200 miles. The nearest thing to a general rain your correspondent had seen in months. And it also had rained Sunday night over most of the country. A downpour at Amherst slowed traffic considerably, but we didn't mind.

Reports Indicate Traffic Fatalities Below 1950 Level

During the first six months of this year, Texas had fewer traffic accidents and resulting deaths than were recorded for the same period in 1950, according to counts by the Texas Department of Public Safety.

The death figure this year was lower by only seven fatalities, with 1,063 deaths listed.

However, the death figure for 1951 is incomplete, the department says. It is estimated that when the final reports are received for the first half of 1951 the figure will be three per cent above 1950's figure.

Qualifying Score For Services Eased

The minimum qualifying score again has been lowered for entrance into the U. S. Army and Air Force, it was announced Thursday by Sgt. Shelby Wheeler, recruiter stationed here.

He added that those who previously failed to qualify in written tests may reapply.

Further information may be obtained from Wheeler, whose office is located in the basement of the Post Office.

Good Samaritan Act Proves Costly

It cost B. W. Wyatt \$32 to be a good samaritan Tuesday night.

Wyatt, who lives at 602 East Maiden Lane, reported to police Wednesday afternoon that about 10 p.m. he was driving south on Lamesa Road when he saw a small negro boy attempting to push an automobile.

He stopped to offer assistance. Immediately four negro men stepped from behind the stalled automobile, pulled out knives, relieved him of \$32, threw away his car keys and fled.

Oil Compact Slates Fort Worth Meeting

AUSTIN—(AP)—A two-day meeting of the Interstate Oil Compact Commission has been scheduled in Fort Worth September 10 and 11.

Gov. Allan Shivers, commission chairman, announced the meeting Wednesday. Headquarters will be at Hotel Texas.

Committees will meet in all-day sessions September 10. Committee reports will be heard and a business session held September 11, Shivers said.

TEXAN TO RETIRE

WASHINGTON—(AP)—Rear Adm. Ralph S. Riggs of Amarillo, Texas, will retire August 1 as assistant chief of Naval operations for the Naval Reserve. He is a native of Paris, Texas.

### IRAN: Cockpit for Conquest

Even 137 years ago, Iran feared her Big Brother to the north. In 1814, Napoleon's mission was dismissed and a magnificent reception held for Britain's Sir Harford Jones, a representative of the Crown who induced Persia to sign a treaty directed against Russia. The big power rivalry was on.

During the next 14 years, Persian troops twice fought the Russians for the possession of Georgia, Stalin's native province, a territory lying between the Black and Caspian seas. But the Persian cavalry was no match for Russian artillery and suffered defeat. Great Britain and Russia signed a treaty guaranteeing Persia's independence.

As rivalry grew keener, Great Britain and Russia agreed to confine their commercial operations to the spheres shown above. In 1909, Britain formed the Anglo-Persian Oil Co., encouraged by Wm. D'Arcy's strike.

At the end of the war, Russia invaded two Caspian provinces and formed a Bolshevik republic. A Cossack leader, Kheza Khan, marched on Teheran, overthrowing the government. Minister of War Kham then nullified the Anglo-Persian treaty of 1814 and signed a pact with the Russians.

During World War I, both powers occupied Persia and battled the Germans and Turks.

### Burmese Conduct Bootleg Red Trade

RANGOON —(AP)—Traders here are getting tires into Red China by driving trucks across the border and selling the trucks. An informant from the border town of Kyaukok said neither the moon nor anything else has restricted trade between the two countries. He said the Chinese have built small trading posts at 20-mile intervals on their side of the border. These are manned by military personnel. Most payments are made in gold bars, he said, but Burmese goods sometimes are exchanged for opium or raw silk. According to him, more traffic moves towards China than in the Burma direction. The Burmese government last year banned the export of petroleum and tires to China except by special permit.

**YOUNGEST BISHOP**—Thirty-year-old David Emery Richards, of Schenectady, N. Y., is pictured kneeling as he was consecrated the youngest bishop of the Protestant Episcopal Church at All Saints Cathedral, Albany, N. Y. Inducting the new bishop are, left to right, Rt. Rev. Frederick L. Berry, Bishop of Albany; consecrating bishop the Rt. Rev. Harry Knox Sherrill, of New York; presiding bishop of the Episcopal Church in the United States; and the Rt. Rev. Robert Erskine Campbell, of St. Andrews, Tenn., retired Bishop of Liberia.

### Big Spring Junior Rodeo To Be Held August 2, 3 And 4

**BIG SPRING** — The annual World's Championship Junior Rodeo will be held here August 2, 3 and 4. Two age groups of young cowboys and cowgirls will compete in eight events during the three-day show. Youngsters under 15 will make up one group while the maximum age for competition in the other group will be 20. Calf roping, bull riding, ribbon roping, barrel race, hat race, bareback bronc riding, stake race and a special feature—wild mare race—will be on the program each evening in Big Spring's new concrete Rodeo Bowl.

The Junior Rodeo is under the sponsorship of the Howard County 4-H Club and members will produce and direct all activities. A downtown street parade will be held at 5 p. m. on opening day. Entry in the rodeo may be made in person or by mail to County Agent, Box 790, Big Spring. Entries will be accepted until 5 p. m. August 1. Stock for the event is to be furnished by the Ward Brothers Ranch of Seminole.

**STORING MEAT**—When you're storing meat in the refrigerator cover it lightly with waxed paper; never wrap it up tightly. If the meat is cooked before it's stored, cover it tightly.

### The MATURE PARENT How To Combat Jealousy: First, Call It Hate

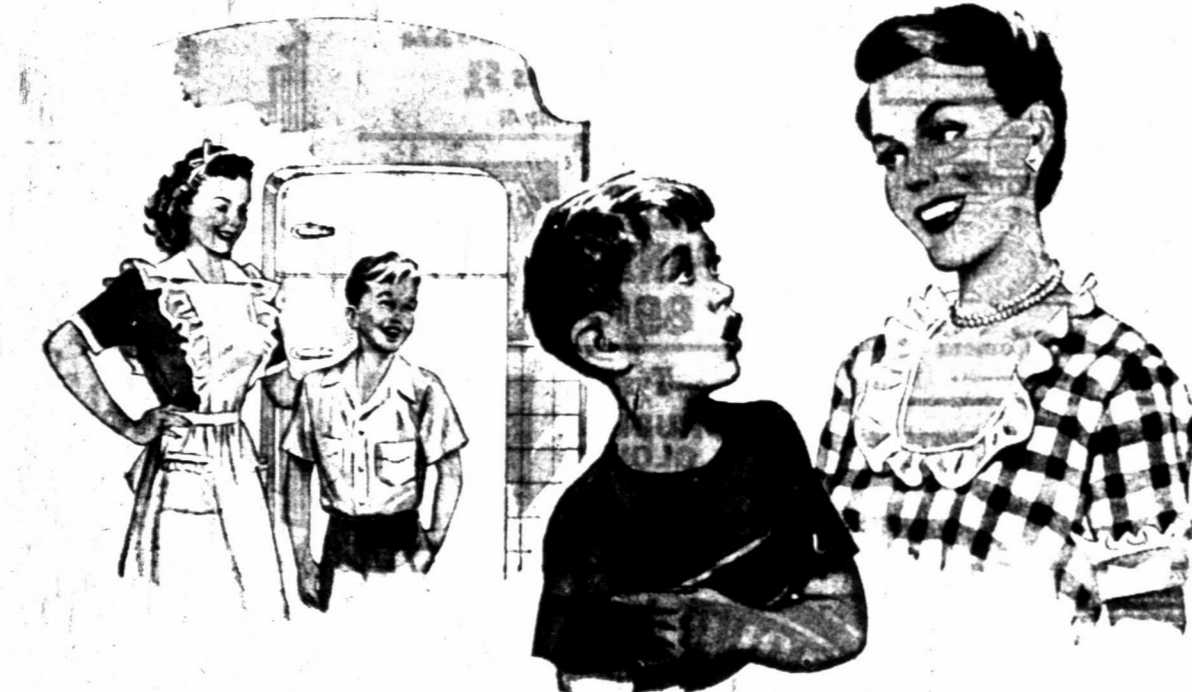

**By MURIEL LAWRENCE**  
In a recent column I said that children resent parents who say, "Oh, Mary is jealous of you"—and then forget to tell the young what to do about Mary's jealousy. Several mothers have written me asking for suggestions on what we should tell Jane to do about her jealous friend. Jane must begin by doing two things. First she must call jealousy by its right name—hate. Second, she must be helped to see that hate, not Mary is the enemy. Only when she can detach hate from the person who feels it will Jane be able to go places. Nothing is so monotonous as hate. It always behaves in the same way. There is nothing creative about it. Once we get on to its technique, it's licked. It has no more rabbits to pull out of the hat and gives us up as a poor prospect for business. The Bible gives us the best definition of hate I know. It defines it as The Accuser. Jane should be informed of this definition. Jane's mother should say to her, "The Bible uses the snake to symbolize hate. It uses this symbol because snakes have to hypnotize their prey before they can devour it. Hate has to hypnotize us to make us unhappy." Often hate charges youngsters

with being unattractive, awkward, stupid and inferior. Its charge should be exposed as false. Jane's mother's whole effort should be directed at helping Jane affirm the truth about herself in the place of the lie. The more confidently Jane and her mother affirm the facts about Jane, the quicker hate will lose its power to delude her.

**"DECEIVER OF WORLD"**  
In Kipling's novel "Kim," the story is told of how Kim met the final test of admission into British India's secret service. When his teacher told the boy to bring him a jar of flowers, Kim tripped and broke the jar. "It is unbroken," said his teacher. "Look, the jar is whole, all in one piece."

To the boy's horror, this seemed to be true. Before his eyes, the broken jar was re-shaping itself; the flowers moving back into their original place. How did Kim smash this illusion presented to him by hypnosis? He closed his eyes and said, "Two and two are four, three and three are six..." Jane should read this chapter in "Kim." It offers her an excellent lesson in truth's power to destroy illusion. Hate feeds on the child's self-doubt. We should never become emotionally disturbed by it ourselves. If we do, we won't be able to take our own positive position against it as impotent and powerless. In the Biblical chapter that defines hate as The Accuser, it is further described as the "deceiver of the whole world." That is what jealousy is, too. (All Rights Reserved, NEA Service, Inc.)

### Police Aid Pilots In Filing Flight Plans

WASHINGTON—Colorado is cooperating with the Civil Aeronautics Administration in making it easier for pilots to file and close flight plans, Charles F. Horne, Administrator of Civil Aeronautics, reports. Pilots now can open or close a flight plan with a state highway patrolman or a patrol radio station. The opening or closing is then radioed to the Highway Patrol Station in Denver which turns it over to the CAA Denver Station. CAA officials say the new plan will eliminate many unnecessary searches resulting from the shortage of reporting facilities. Previously, pilots often were suspended lost when they were merely unable to report because communication facilities were not available to close a flight plan. One patrol station alone handled 20 flight plans in the first five days the new arrangement was in effect, and personnel of the station expressed enthusiasm at this opportunity to contribute to safety. New boiled potatoes and cooked green peas may be sauced with a can of condensed mushroom soup that's been mixed well with a third cup of milk and heated.

North America contains 22,000 pure-blooded bison.

**SAFEWAY**

**SIDE GLANCES**

"Wake Dad and tell him he's got five minutes more to eat or sleep—then leave the room at once!"

**Ice Cream Is Nutritious Desert**

Celebrate the 100th birthday of ice cream manufacturers with this "confectioners" ice cream cake.

By GAYNOR MADDOX  
NEA Food and Markets Editor  
Ice cream is our favorite dessert by every survey. One hundred years ago, 1851, a man named Jacob Fussell of Baltimore first manufactured this dairy food commercially. Today, with millions of quarts being made annually, ice cream manufacture has become one of our major food industries. That may be one reason why our children are the happiest and best nourished in the world.

How about celebrating the ice cream centennial with a gala birthday cake.  
**Ice Cream Birthday Cake**  
(Serves 10 to 15)  
One and one-half quarts strawberry ice cream (bulk), 1 quart vanilla ice cream (bulk), decorating candy.  
Keep ice cream in freezing compartment while preparing candy decorations.  
To make ice cream "cake" Pack the strawberry ice cream into a chilled layer cake tin 2 inches deep and 9 inches in diameter. Pack the vanilla ice cream into a chilled, deep round bowl or fancy mold about 7 inches in diameter.  
To serve, place serving plate over cake tin, then invert to unmold ice cream. Place another flat

plate over deeper mold, invert, then slide vanilla ice cream off plate onto center of strawberry layer. Decorate with candy trimming and serve at once.  
Note: If large freezing compartment is available, ice cream may be hardened and store right in the molds. To unmold, invert and cover mold with towel wrung out of hot water until it can be lifted up, or dip quickly in hot water before unmolding.  
Decorate cake with a candy crown and a big candy 100. If used to celebrate ice cream's 100th birthday.

**TEEN TALK**  
By VIVIAN BROWN  
AP Newfeatures

Pretty dark-eyed Anna Maria Alberghetti knows she is a very lucky girl. Not because at 15 she is a sensational Italian soprano and has made her American concert, television, and screen debut, but because her parents "are so strict."  
Sounds funny doesn't it—and the last thing an American girl would hope for. But here's the way Anna Maria analyzes it:  
"True when parents are too strict, you might look childish by American standards. Look at me, I'm not sophisticated like American girls of my age with my little-girl clothes, and all. But my parents guide me. If it weren't for my father's persistency, I wouldn't be singing today. He keeps me working every minute."

None of the Alberghetti youngsters ever have enough time on their hands to get into trouble. Papa and Mama Alberghetti keep them busy all the time, a cue American parents might take.

Anna Marie practices the piano for 2 hours every morning, voice in the afternoon for 2 hours with her mother accompanying her. She does setting up exercises and watches her diet as Papa won't let her eat fried things when she performs.

Papa Alberghetti, a famous musician (tenor and cellist) and teacher says through his interpreter:  
"I made up my mind when Anna was in the cradle that she would sing. And when I started training her at four years of age, everyone said that I was doing the wrong thing. At 7 she made her concert debut, and music directors said I was crazy. But I have trained her slowly and carefully. I believe in training the voice from babyhood while the muscles are relaxed. This is a controversial point, in the music world."

In spite of criticism Papa has gone dazedly on. But he is not rushing his Anna Maria. Although she can send her coloratura notes soaring 2½ octaves to G over high C, her practice and appearances have been limited by her father to avoid strain. The responsibility of the parent, says he, is not only to put the child on the right road but to guide it carefully.

At the moment another star is eminent in the household, as brother Carlo, aged 7, recently led the 91 piece orchestra of the Robin Hood Dell concert at rehearsal in Philadelphia. And there are tremendous possibilities, too, for Carla, 12 who wants to paint and sing.

Back home in Pesaro and Rome, Anna has fun playing tennis, basketball or swimming, when she has time. But there are no boys in her life, and there won't be for a long time, says she:

"In Italy a boy comes to call when he asks to marry the girl. Sometimes by 18 or 19 we can have boys to the house at family parties. But young girls do not have dates. When families let young girls go out with boys we call that 'the American way.'"

Even in America, Anna Maria has not been on a party with boys—well not little boys. Out in Hollywood where she made "Here comes the Groom" with Bing Crosby, she went to many parties. But she shrugs her shoulders and says "only old men go to them."

In America she stays out a wee bit later, perhaps, than her 8 o'clock curfew enforced at home. But she doesn't mind rules which curb her social life. Says she:  
"I will have plenty of time for boys and marriage after I have a career. But I do not expect to have both unless I meet a boy..." and Anna Maria glances at Papa, who speaks no English but seems to understand, and she says:  
"Papa always says, there are boys, always—but not voices, always."

**REDS GET THE POINT**—The Air Force is making life miserable for drivers of Communist vehicles in Korea by strewing roads with ingenious "tacks" seen in photo. Inset sketch shows their simple construction—two pieces of bent pipe, with sword-sharp ends, welded together. They are so built that no matter how they fall, there is always a sharp point sticking up. Because they are hollow, they cause blow-outs in even self-sealing tires.

**Gotham Fashions May Go Oriental**

RANGOON —(P)—The influence of the Burmese longyi may soon be seen on shapely American hips if Carolyn Schnurer, New York dress designer, can hit the right idea.  
Miss Schnurer recently visited Rangoon to buy Burmese textiles and study local fashions. She plans to adopt the longyi, a wrap-around garment worn here both by men and women, for costume styles suitable to American women.  
This means hand-woven Mandalay silks, costly even in Burma, are likely next Spring to appear in New York salons either as formal evening gowns or the more convenient cocktail dress.

# DADDY RINGTAIL

## Daddy Ringtail And Brother Sleep

Mugwump, Monkey, the monkey boy, was thinking a thought of how he was going to stay awake all night. Oh, yes he was! He said he was going to stay awake all night. He said it to Daddy Ringtail, your monkey friend.

"Now, now, now" said Daddy Ringtail with a happy smile. "Surely you don't want to stay awake all night."

But Mugwump said he did too want to stay awake all night for fun. Yes, and he said he didn't care how sleepy he would be the very next day. He didn't care at all, he said.

"Yes," said Daddy Ringtail, "but what about Brother Sleep?"

"What about him?" asked Mugwump, and so Daddy Ringtail explained about Brother Sleep. Daddy Ringtail explained how Brother Sleep is a magic, friendly fellow whose face is so very sleepy—why,

it puts everyone to sleep who sees it.

"Do tell!" said Mugwump.

"Oh my yes!" said Daddy Ringtail.

"Humph!" said Mugwump. "I won't even look at his face. No sir, I won't. That's the way I'll stay awake."

By WESLEY DAVIS

**PACIFIC RULER**—Ex-Sen. Elbert Thomas, of Utah, will be the boss-man for Uncle Sam over three million square miles of South Pacific Ocean, the islands therein and the people thereon. He is high commissioner for the United Nations Trust Territory of the Pacific Islands, which pass on July 1 from U. S. Navy government to civil administration under the Department of the Interior.

When Brother Sleep comes walking along, I won't even look at his sleepy face for it to make me sleepy enough to have to go to sleep.

Daddy Ringtail said it might be a good idea for Mugwump to put on his pajamas when bedtime came, all to fool Brother Sleep just in case the old fellow might be walking by. And so Mugwump put on his pajamas. Mugwump said maybe he'd better get in his bed, all for fooling Brother Sleep some more. Yes, if Brother Sleep came walking by, he would see Mugwump there in bed, and think that Mugwump was asleep. Mugwump laughed to himself with a thought of how he would fool Brother Sleep. Yes, if Brother Sleep was going to stay awake all night, he thought.

"Happy sleeping!" said Mugwump, and he closed his eyes so he wouldn't be seeing Brother Sleep, but somehow—somehow Mugwump fell asleep. Brother Sleep came by and touched his eyes with a sleeping feather. I guess, but oh! what happy sleeping it was, and Mugwump dreamed a happy dream. Happy day!

Wolves no longer are to be found in any of the many national parks in the United States.

## Student Research Blasts Theory

MORGANTOWN, W. VA.—A West Virginia University graduate student says research he conducted proved false a belief that industrial waste such as fly ash might be used successfully as a component of glass.

The study was made by Robert D. Bittle of Oakland, Md., to meet requirements for a master's degree. He is an employee of the Allegheny Ordnance Works at Frostburg, Md.

"A variation in composition, a major factor in glass production, makes the industrial use of fly ash discouraging," Bittle says.

He recommends, however, a continuation of research with particular emphasis on the contribution of specific oxides to the properties of glass. Bittle used fly ash from the Morgantown Ordnance Works and a soda lime glass for base material in his experiments.

### From Bloomers To Bikinis—No. 8

This was 1925. This was the age of the flapper. And at left, presumably, is a flapper doing her flapping on the beach. She wears the suit that was most common throughout the latter half of the 20's—the one-piece knitted suit with the strap buttoning over one shoulder. Still brief trunks under the brief skirt, too. But there is a definite tendency toward femininity—there is no doubt whatsoever that this is a girl. But there were still diehards, including the Miss America of 1925, Miss Fay Lanphier. She's still wearing the loose-fitting suit and long stockings that most 1925ers had discarded. Plus a belt with a long tassel. The winsome miss at right shows off high fashion in the mid-1920's. The stylists were considered daring with this number. It had hips and waist! Let you be fooled, be advised that the model is wearing long, hip-length stockings. She's a decent girl.

#### SUNDAY DINNER MENU

Here's a delicious menu to serve for Sunday dinner when guests are coming: A first course of fresh pineapple cubes with mint; chicken fricassee with hot biscuits—and a green vegetable; hearts of lettuce with Roquefort dressing; and dessert of vanilla ice cream rolled in salted peanuts and accompanied by chocolate sauce.

When you are disconnecting an electric appliance do so at the outlet; don't pull the cord out of the appliance.

TEA offers you this PLUS VALUE!

Big, beautiful TULIP TEA GLASS! Teas without extra cost with each 8-ounce package of White Swan Tea.

#### Crane News

CRANE—Four members of the Auxiliary of Crane's American Legion Post recently visited the veterans hospital in Big Spring, taking 20 cartons of cigarettes and refreshments. The members were Mrs. Bob Hutson, Mrs. R. D. Shaffer, Mrs. H. T. Tanner and Mrs. Roy Hazle. Among the patients at the hospital was a former Crane boy, Red Widson.

Ken Spencer, Crane attorney, recently addressed the Methodist Men organization at McCamey. His subject was "Be Proud of Your Faith." A series of revival services is underway at the Assembly of God church here. New pastor of the church is the Rev. David F. Powell, who came here from Arkansas.

Mrs. Howard Evans, Mrs. Kenneth Watkins and Mr. and Mrs. H. G. Hale have returned from Hobart, Okla., where they attended funeral services for Steve Triska. Interment was at Cordell, Okla.

Jim Nevins, Mr. and Mrs. W. R. Hamblett and Mrs. B. F. Ware recently went to Abilene where Nevins' father is hospitalized. Mr. and Mrs. Doug Smart and family are vacationing at Junction and Brownwood. Jim Wilson, son of Mr. and Mrs. R. W. Wilson, accompanied Mr. and Mrs. C. W. Gilbert to Fort Worth. The boy will visit relatives there for two weeks. Return From Vacation Mr. and Mrs. Grover Bright and son, Jimmy, have returned from a vacation at Hot Springs, Ark. Mr. and Mrs. Clarence Key are on a vacation trip to Biloxi, Miss., where they will visit Dr. and Mrs. Gordon Smith, formerly of Crane.

**SOURCE OF VITAMIN C**  
The tomatoes on the market now have soaked up plenty of Summer sunshine and so they're higher in vitamin C than are Fall and Winter greenhouse tomatoes. Use plenty of them in Summer meals; our bodies do not store any appreciable amounts of vitamin C and so we every day need to eat foods that contain it.

**NEW SUNDAE TOPPING**  
Any day now you'll be able to try a new kind of sundae—vanilla ice cream topped with luscious Pear Crush and Chocolate Sauce. The Pear Crush is made from whole ripe fruit grown in the state of Washington; it's pureed, sweetened, and marketed in No. 2 1/2 and No. 10 size cans for soda fountain use. Guayaquil is Ecuador's only port of consequence.

#### NEW FLAVOR

Want a new flavor for whipped cream for Summer fruit tarts? Add two tablespoons of dark brown sugar and a few drops of vanilla to a quarter cup of cream; beat with a rotary beater until thick—but be careful not to overbeat. This will make about half a cup, enough to garnish four tarts.

#### MORE NUTRITIVE VALUE

You get the most nutritive value from green sweet peppers when you eat them raw. Cut them in fine strips and use them in salads, or dice them fine and use as a garnish for creamed eggs or potatoes.

Refrigerator manufacturers recommend that the refrigerator stand a few inches away from the wall. The reason for this is that the condenser needs air circulation so that heat being removed from the refrigerator may escape freely.

#### U. S. Gift Parcels Still Go To Germany

FRANKFURT —(AP)—Americans are still sending about 250,000 gift parcels to Germany every month. Since the war more than 45,000,000 gift parcels worth about \$390,000,000 have come here from the United States. The peak was in November, 1947, during Germany's severe food shortage, when 1,700,000 packages were received.

#### EXTRA FLAVOR

Opening a can of beans to serve with cold ham for a porch supper? Then add extra flavor to the beans by mixing a little green pepper and onion (both minced) and a few tablespoons of molasses before heating.

Springtail insects leap through the air by means of their spring-like tails.

#### 'Stay Up Late' Group Formed In Denmark

COPENHAGEN —(AP)—An international cliniphobian society has been formed in Denmark: Its members, from three nations, rally around a common wish not to go to bed until the early hours of the morning.

So far the society members are less than half a dozen but they remind each other, on all suitable occasions, not to forget to stay up late.

The society president, Alfred Olsen, a Copenhagen businessman received on his seventy-fifth birthday recently this cable from the other members.

The International Cliniphobian Society greets its honorable president cordially, prohibiting him to go to bed at all tonight.

When soiled discloths get sour and musty smelling it's a sign of mold growth. Boil the discloths for a few minutes in a quart of water to which two teaspoons of baking soda has been added.

#### SUMMER SUPPER

For an easy-to Summer supper serve rounds of corned beef hash topped with a poached egg, corn on the cob, and a big bowl of carrot and cabbage slaw.

# RRC District 8 To Drill Total Of 85 Explorations

Locations for 85 new petroleum explorations in district No. 8 of Texas were reported to the Midland office of the Oil and Gas Division of the Railroad Commission of Texas during the last week.

Ten wildcats were reported in the area. They were divided one each in Andrews, Crane Howard, Midland, Pecos, Reeves, Scurry, Sterling, Terry and Yoakum Counties.

Midland County led the list with a total of 18 new field projects. Scurry County was next with eight new drill sites listed.

Andrews County reported six new projects. Ector, Glasscock and Pecos Counties each reported five explorations.

Four new locations each were listed in Cochran and Kent Counties. Drill sites were established for three locations in Winkler County. Borden, Crane, King, Sterling, Ward and Yoakum Counties each gained two new explorations.

**Andrews County**

Mrs. E. L. Robinson has been discharged from the hospital, where she underwent surgery.

Mrs. Hugo Huffman, superintendent of Crane Memorial Hospital, was admitted as a medical patient Tuesday.

Mrs. and Mrs. Lloyd Turner of McCamey are the parents of a daughter, Martha Janell, born Sunday at Crane Memorial Hospital.

Mr. and Mrs. R. A. Archer are the parents of a daughter, Kathy Sue, born at Crane Memorial Hospital July 18.

Mr. and Mrs. J. T. Dugan of McCamey have announced the birth of a son, James Thomas, at the hospital July 19.

Mary Nell Horne, daughter of Mr. and Mrs. Walter Horne, has been dismissed from Crane Memorial Hospital, where she was a medical patient.

**FAVORED TURKEY**  
The eagle became the national emblem of the United States when it was placed on the Great Seal adopted by the Continental Congress on June 20, 1782. Benjamin Franklin thought the eagle was too common for a national emblem and preferred the turkey, a peculiarly American bird.

662 feet from west lines of east half of section 23, block 77, psi survey, rotary, 8,550 feet depth.

### Rural Banks Work In Harmony With Farmers, Ranchers

Rural banks of Texas have worked closely with farmers and ranchers and have given wholehearted support to agricultural programs such as soil conservation and pasture improvement, according to the Agricultural Commission of the American Bankers Association.

A report of the commission points out that one of the most effective ways to fight inflation is to increase production of basic commodities such as food, feed and fiber. The report uses a comparison of farm and ranch marketing income as a gauge of production levels.

During the five years ending Dec. 31, 1950, it says, cash income of Texas farms and ranches advanced 70 per cent from \$1,188,618,000 to \$2,018,197,000.

#### Within Framework

"The increase was made, however, within the framework of sound farming practices—better operating methods, diversified production of crops and livestock, and a high degree of merchandizing," the report added.

The report contends that bank loans which increase production and farm efficiency are one of the greatest weapons against runaway inflation.

"In carrying out their individual projects of mechanization and better land use," it continues, "our farmers and ranchers have found bank credit increasingly useful tool. The improvement programs have placed the state's agriculture in such a strong financial position that farmers and ranchers found it necessary to borrow less money from banks in 1950 than in 1949, despite rising production costs."

#### HELP FOR BUDGETEERS

Modern automatic gas ranges help food budgeteers these days because they maintain constant low temperatures; it's these low temperatures that reduce meat shrinkage as much as 20 per cent. In roasting beef, lamb, or veal, keep the oven temperature of the gas range at 325 degrees Fahrenheit, and vary the cooking time according to the weight and cut of the meat, and the degree to which you wish it done.

Primer for Brides: A kettle is a covered or uncovered cooking utensil with a ball handle. Its capacity is usually stated in liquid measurement. A Dutch oven is a deep, heavy cooking utensil with a close-fitting cover. It is sometimes equipped with a trivet or rack, and may have a ball or a side handle.

### Serve Blueberries For Breakfast

CONTINENTAL BREAKFAST is blueberry sauce over plain, dark bread and Swiss cheese.

By GAYNOR MADDOX  
NEA Food and Markets Editor  
A new idea for breakfast. Serve it Continental style with giant cultivated berries from New Jersey and Michigan, Switzerland Swiss cheese and thinly sliced dark brown bread. Sound different? Try it and you'll find that it tastes just as good.

**Blueberry Sauce**  
(6 Servings)  
One pint large cultivated blueberries, 3/4 cup sugar, 1/4 cup water. Wash and drain blueberries. Place in sauce pan with sugar and water. Bring to a full boil, shaking pan occasionally to prevent sticking. Reduce temperature and simmer 10 minutes. Strain. Return juice to high heat and cook until thick and syrupy, stirring well, about 6 minutes. Pour over cooked berries. Cool. Makes about 1 1/2 cups sauce.

Four cherries are plentiful this season. The New York State Extension service prepared this recipe.

**Sour Cherry Pie**  
Three cups fresh, pitted sour cherries, 1 3/4 cup sugar, 1 tablespoon cornstarch, 1 1/2 teaspoon salt, 1 tablespoon butter, and pastry for one 9-inch pie. You can substitute 2 tablespoons flour or 2 1/4 tea-

spoons of quick-cooking tapioca for the cornstarch. Combine sugar, cornstarch and salt. Sprinkle mixture over cherries and stir gently until they are well coated.

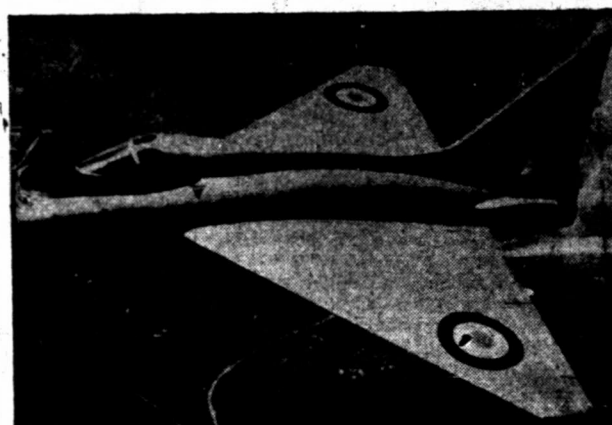

Pour cherries into the pie crust and dot with butter. Cover with a top crust in which you have made slits for the steam to escape. Bake pie at 450 degrees F. for 15 minutes. Then lower the temperature to 350 degrees F. and bake for 20 minutes. This recipe yields 1 pie (9-inch).

When you're preparing a pan for a sponge roll fit a paper lining into the pan, then grease the paper all over so it won't stick. Fill the roll with fresh fruit and whipped cream.

**ON THE SANDS OF TIME**—Recently discovered in the rocky hill country along the Guadalupe River near Kerrville, Tex., were huge dinosaur tracks like that pictured above, dwarfing a man's hand. It was made, some millions of years ago, by a monster called Tyrannosaurus Rex, fiercest and most terrible of the prehistoric animals. From 40 to 50 feet long and 18 feet high, it was a carnivorous killer with a melon-shaped head that was mostly mouth and sharp teeth. As seen in sketch, below, it walked erect, supported by its huge alligator-like tail and used its comparatively small and weak forelegs for grasping its prey.
