Reds Retake 'Heartbreak Ridge'

Loss Of Hill Is Bitter Blow To Tired GI's

EIGHTH ARMY, KOREA—(AP)—A savage Red counterattack Monday hurled American infantrymen off the highest peak of "Heartbreak Ridge" in Eastern Korea.

The Americans had gained control of the peak late Sunday night. Three doughboys—remnants of a platoon (about 40 men)—had stormed to the top. Reinforcements came up fast and threw back a Red charge.

But, AP Correspondent Stan Carter said, "an overwhelming mass" of Reds then struck from behind a curtain of grenade explosions.

UN Again Asks New Talk Site

TOKYO—(AP)—The United Nations command Monday told the Communists Kaesong is unsuitable as a site for any future Korean armistice negotiations.

Allied liaison officers gave these reasons in a note handed Red liaison officers at Kaesong:

1. Kaesong is too close to the main Red supply line, under attack by Allied warplanes.
2. Red and Allied ground forces are in constant maneuver around the five-mile Kaesong neutral zone.
3. Uncontrolled partisan groups, responsible to neither command, are active in the area and could take action at any time which again would cause a break-up of talks.

For the second time in seven days the Reds recaptured the strategic height overlooking Communist supply lines to the north.

Elsewhere on the east-central sector, the Reds tapped at Allied lines in a series of stiff probing attacks. All were thrown back.

The remainder of the 150-mile front was relatively inactive Monday, although scattered patrol clashes were reported.

A leaden sky with warmer temperatures covered most of the front.

Loss of the "Heartbreak Peak" was a bitter blow to the weary doughboys. They first captured the height September 17 after a bitter hand-to-hand battle. They lost it the next day.

UN Faces Hard Choice

Monday's setback came just as it seemed the Allies were sounding out their five-week conquest of strategic high ground on the east-central front.

It left the United Nations with a hard choice: Hurl still heavier attacks against the deadly slope, or end the offensive without one of its greatest prizes.

Thirteen men powered the drive that captured the peak for the Americans. They were all that was left of a platoon. Only three dead-stared doughboys made it to the top through the hail of Red mortar and small arms fire.

The Communists fought stubbornly from their deep log and earth bunkers, despite smashing Allied artillery barrages.

West of "Heartbreak Ridge," another UN outfit fought toward the

Britain's King Rallies After Lung Surgery

LONDON—(AP)—King George VI was reported in good spirits Monday and confident of recovery from a major lung operation.

A palace spokesman said Queen Elizabeth spent the morning with her husband, but that no other members of the royal family have been permitted to see him.

The spokesman was much more cheery than an earlier medical bulletin which merely reported that the king's condition was "as satisfactory as can be expected."

He told a reporter: "The king is in good spirits, as far as one can be after an operation like this. He seems confident of his recovery."

The queen has been with him this morning.

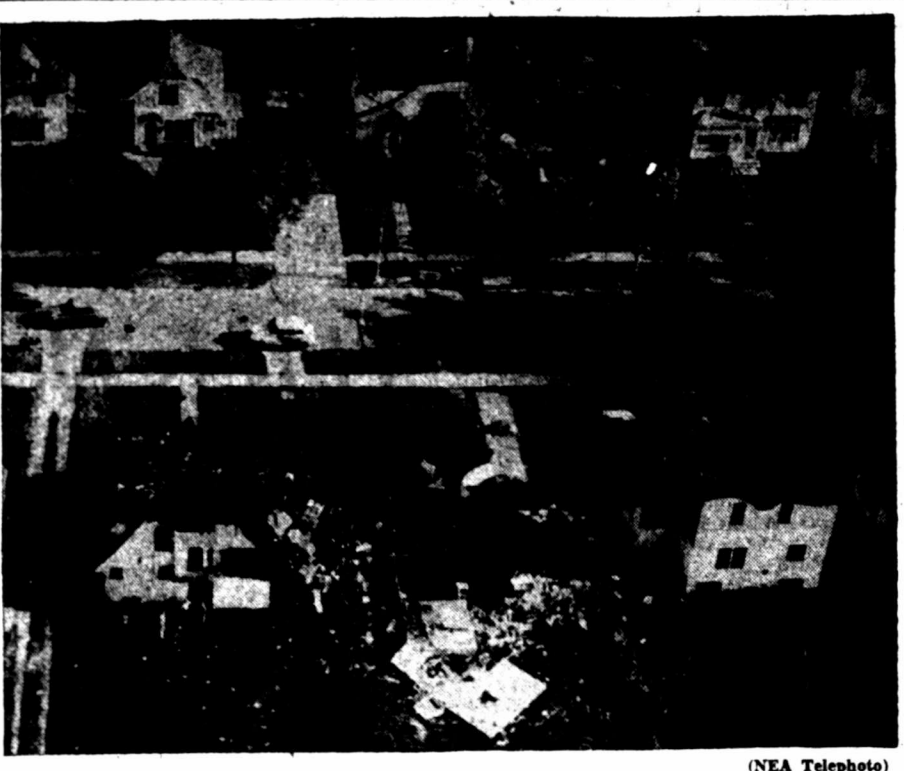

A morning medical bulletin said the king "has had a restful night."

It came after a Buckingham Palace source had reported that the king "made it safely" through the first crucial night after his operation Sunday morning.

Anxious Britons Pray

Anxious Britons, who had prayed for the safety of their beloved monarch, got no indication of the king's exact condition in his battle against the after-effects of the surgery.

SCENE OF TRAGIC BLASTS—This is an overhead view of Antlers Drive in Brighton, N. Y., one of the streets hardest hit in a series of gas explosions that ripped apart 30 homes, killing three persons and injuring scores of others. The picture, taken from a Gannet Newspapers helicopter, shows one house blasted in center foreground and one on each side burned. Across the street is another hit by blast and two damaged by flames.

'51 Building Passes Ten Million Mark

A flurry of large building permits for residences in the 1951 construction mark more than the \$10,000,000 mark in Midland last week.

Permits issued totaled \$28,263 for the week and brought the year's mark to \$10,099,293.

The large residence building grants went to: L. F. Mullins for Arthur Allen, \$27,000, brick veneer residence at 1515 Douglas Street; L. F. Mullins, builder, \$20,000, brick veneer residence at 2203 Princeton Street; G. C. Ponder, \$25,000, brick veneer residence at 1703 East Club Drive; Cliff Hall for Ralph Lee, \$25,000, brick veneer residence at 1714 Community Lane; S. P. Clark for Ralph Getler, \$22,000, brick veneer residence at 1710 Community Lane; W. M. Conner, \$20,000, brick veneer residence at 1573 Princeton Street; Floyd Pace, \$20,000, brick veneer residence at 2004 West Tennessee Street.

Additional large permits were: Velvin Construction Company, \$19,000, brick veneer residence at 1902 North D Street; Floyd Pace, \$18,000, brick veneer residence at 2006 West Tennessee Street; L. F. Mullins, \$17,000, brick veneer residence at 3103 Douglas Street; Scott Tallifero, (Continued On Page Twelve)

New Security Curbs To Be Clamped Upon Non-Military News

WASHINGTON—(AP)—The same security guide posts now used to curb on military news, with all agencies "classifying" certain security information—at their own discretion—as secret, confidential or otherwise restricted.

The proposed order has been shown in confidence to a small group of editors who, officials concede, don't like it.

And, one official said, it "isn't foolproof, by a damn sight." He meant it was subject to abuse or over-use, possibly to hide blunders or errors.

But informed persons say there is virtually no question but that Truman will issue the order within days or weeks.

The program was worked out by an interdepartmental committee on internal security. Officials say the White House hopes it will be kept so free of abuse newspapers will learn to live with it.

FBI, AEC NOT TALKING—Uranium Chunks Found At Dalhart Recall Spy Cases

ALBUQUERQUE—(AP)—The only thing known for sure about almost 100 pounds of refined uranium found in two chunks at Dalhart, Texas, is that very little is known for sure.

The FBI and the Atomic Energy Commission presumably know something about it. But they're not talking.

One piece was found early this summer by three boys playing in a tree. The FBI found the second later on a scrap heap. The finds were announced Saturday night by University of New Mexico scientists, who established that the metal was uranium.

This much is known: One piece weighs 33 pounds, the other 65 pounds. The metal has 18.6 times the density of water. It's black and tough. It's commercially pure uranium. And the AEC has it.

But the big questions remain unanswered:

Where did it come from? The AEC says probably from a government installation. The nearest one to Dalhart is Alamogordo, heavily guarded Los Alamos, N. M., some 300 miles away.

How much is it worth? Anywhere from \$6 a pound (AEC estimate) to almost \$3,500 a pound (commercial chemist estimate).

How did it get to Dalhart? Theories range from theft by an atom spy to the falling of a flaming green "fireball" of uranium. Some think a souvenir hunter may have ditched it in Dalhart.

Was the uranium stolen? The AEC prefers the word "taken."

Four Diseases Cited As Possible Causes Of Lung Resection

NEW YORK—(AP)—There are only four diseases for which portions of lungs, or entire lungs, are removed, as has been done with King George of England.

They are cancer, lung abscesses, tuberculosis and cysts. The first three are standard operations, and in themselves not especially dangerous. The fourth is rare because the lung cysts don't show up often, and when they do they already have done most of their damage in other organs.

It is possible to do other lung operations, but they would be pioneering, and it is unlikely doctors would risk a king as a guinea pig.

Cancer Most Frequent

Most frequent cause of lung resection (the medical term for cutting out part or all) is cancer. The first of these operations that succeeded was done only about 20 years ago, in St. Louis. Before that, lung cancer operations failed. In this case, a tough-minded doctor, whose lung was hopeless, told his surgeon to go ahead and take it out.

Since then, such skill has been developed in removing whole lungs that it is a standard operation and success is expected. Partial lung removal for cancer and for tuberculosis caused a good many problems, but surgery finally solved these too.

Operations for tuberculosis are frowned on by many physicians, except when they are a last resort. And such operations come after a long history of tuberculosis. In numbers, TB lung operation probably rate third.

Eighth Army Boss Says Reds Suffer 58,000 Casualties

EIGHTH ARMY, KOREA—(AP)—Gen. James A. Van Fleet Monday said his Eighth Army has killed or wounded 58,000 Communist soldiers in Korea since August 18.

The report covered the entire 150-mile front.

About 80 per cent of the Red losses were in the bloody "Battle of the Hills" in Eastern Korea.

The figure represents almost six Red divisions.

Van Fleet said 2,800 Reds were taken prisoner.

Since the Allies pushed off on limited offensives in Eastern Korea, they have captured enough materiel to equip almost a full Red division, the Eighth Army said.

Most Red losses were incurred after the Reds broke off the Kaesong truce talks, August 23.

During this period United Nations losses have been comparatively light.

Construction Starts On Office Building

Construction was started Monday on a modern \$500,000, three-floor office building at the intersection of Illinois and North Big Spring Streets, with the main entrance to be on Illinois Street.

Gaylord & Bishop, designers and builders, are constructing the building for firm members Charles R. Gaylord and George A. Bishop and W. W. West.

It will be 100 by 130 feet in size and will contain 39,000 square feet of office space. It will be built of concrete, tile and steel with a brick facing.

The building will be completely air-conditioned and with central heating.

Designer is George A. Bishop, and completion is scheduled about January 1.

Masked Men Smash Red Newspaper Plant

HAVANA—(AP)—A group of 15 to 20 masked men forced their way into the offices of the Communist newspaper Hoy early Monday and destroyed equipment valued at \$80,000.

The men used sledge hammers on linotype machines, press equipment, typewriters and desks. The newspaper reappeared August 26 after being suspended almost a year.

City Manager Returns From Two-Week Trip

City Manager W. H. Oswalt returned to his office Monday following a two-week vacation.

During his period of absence from his office he attended an International City Managers Conference, held in Poland Springs, Maine.

Elizabeth And Philip: Royal But Real

LONDON—When people of North America see the most romantic royal couple of the Western World for the first time next month, they will discover that talking with Elizabeth and Philip of England is as uncomplicated as a visit with the folks next door.

For all the glamor and dignity that surround her as the first girl to stand directly in succession to the British throne for more than a century, Princess Elizabeth has the unfailing ability to put people immediately at their ease.

To her husband, Prince Philip, who has spent most of his life among the ordinary people of many lands, easy and informal conversation is as natural as breathing and as unpatronizing as a high school class reunion.

The 26-year-old princess with the peach complexion has what is described as the "most generous smile in Europe." Her 26-year-old sailor prince is six feet tall, athletic, and Viking-blond. Together, they are more than a man and woman destined to some day rule the vast British Commonwealth of Nations as queen and consort.

Youth, Hope

In austere Britain—and even much further afield—they are an effective symbol of youth and hope, of domestic happiness, good looks, easy natural charm, and all the other factors that go to make up a real belief in the future.

Pessimists who said kings, queens and royal families are museum pieces have been silenced by the dedicated services of the present king and queen. They are likely to continue silent when Elizabeth is called upon to occupy the throne.

Although both Elizabeth and Philip are great-grandchildren of Queen Victoria, the fam-

Jury Being Chosen For Murder Trial

A jury to hear the trial of James Abram, Midland negro man charged with murder, was being selected Monday before Judge R. W. (Bob) Hamilton in 70th District Court.

Abram is charged in the March 14, 1950, fatal stabbing of Marie Jackson.

A panel of 175 prospective jurors reported as the first of three capital cases was called for trial. Scheduled for trial later in the week are Philip Benjamin, charged with murder, and John Winston Prince, charged with rape.

Songwriter Found Overcome By Gas

NEW YORK—(AP)—Hit songwriter Harry Revel, 45, was taken to a hospital Monday after he was found in the bathroom of his Manhattan apartment partly overcome by gas fumes.

He has written the scores for many Broadway musicals, and authored numerous hit songs, such as "Did You Ever See a Dream Walking?", "Stay As Sweet As You Are," "Wake Up and Live," and "Goodnight My Love."

Iran Readies New Ultimatum For 300 British Technicians

TEHRAN, IRAN—(AP)—An Iranian government official Monday said British technicians in the Iran oil refinery at, Abadan will be expelled in a week or 10 days unless they sign individual contracts to work for the nationalized Iranian Oil Company.

The announcement was made by Ali Shavegan, member of the Parliament Oil Board.

He said the decision was taken in a three-hour meeting of the board with Premier Mohammed Mossadeq early Monday.

"We will make no further concessions to the British government concerning the position of the 300 technicians in the closed-down Abadan Refinery," he said.

Shavegan said the temporary board of directors of the National Iranian Oil Company—which has taken over from the Anglo-Iranian Oil Company (AIOC) under Iran's nationalization law—would set a definite time limit.

The action Monday was taken after Britain rebuffed an Iranian government "feeler" for renewal of oil talks.

Devonian Extender Finaled By Magnolia In NE Lea Sector

Three-eighths of one mile north-east of Devonian production in the Crossroads-multipay field of extreme Northeast Lea County, N. M., Magnolia Petroleum Company completed its No. 1-B Santa Fe as a Devonian producer.

The new well finished for a 24-hour natural flowing potential of 395 barrels of 44.3-gravity oil and no water through a three-quarter-inch tubing choke.

Production was from open hole at 12,130-12,137 feet.

Gas-oil ratio was 21-1 and tubing pressure was 21 pounds. Pressure on casing was six pounds.

This new field extender is 860 feet from north and 1,980 feet from west lines of section 26-98-36e.

Snowden Schedules Outpost To Opener In NW Dawson Area

James H. Snowden and Associates spotted location for a northwest outpost in the recently completed The Oil Company No. 1-96 Briley, Pennsylvania discovery in North-West Dawson County.

The new project will be No. 1-95 W. J. Classen. Site has been set 660 feet from south and east lines of section 95, block M, ELARR survey. That puts it two locations northeast of the new field operator which was finished through perforations at 8,515-90 feet for a daily flowing potential of 735 barrels of 40-gravity oil.

No. 1 Classen is contracted for a 9,000-foot destination. Drilling is to start by September 29.

Ellenburger Opener Indicated At Moore Test In S-C Irion

A new Ellenburger field for South-Central Irion County has been indicated at Moore Exploration Company No. 1 W. M. Noelke.

Operator swabbed open hole 28 hours before the well kicked off and unloaded 39 barrels of fluid, mostly load oil. There was some new oil in the 39 barrels.

Operator then swabbed and flowed the well six hours at the average rate of 8.7 barrels per hour. Casing pressure was 600 pounds on the last stage.

Operator shut the flow off at the end of the six hour period and started running electric log surveys. As soon as that job is complete, operator will acidize the open hole section at 7,806-7,838 feet and resume testing.

The Ellenburger was topped at 7,804 feet, elevation 2,498 feet.

Location is 660 feet from south and west lines of section 1150, TC survey and two and one-half miles north of the Scheiwer County line and 10 miles southwest of Mertzon.

SW Kent Venture Preparing To Test

Humble Oil & Refining Company is preparing to make a test from 7,200-7,250 feet at the No. 1 W. M. McLaury, one location east extender to the East Polar-Pennsylvanian field in Southwest Kent County.

On a drillstem test from 7,142-7,200 feet recovery was 650 feet of heavily oil and gas-cut mud and 400 feet of sulphur water.

Gas was at the surface in 15 minutes.

Drillsite is 1,980 feet from north and 660 feet from west lines of section 14, block 4, H&GN survey. It is 2 1/2 miles north and slightly west of Snyder.

SW Martin Wildcat Plugged, Abandoned

The Blackwood & Nichols Company No. 1 Stimson & Burley, wildcat in Southwest Martin County, has been plugged and abandoned at total depth of 10,860 feet after making only salt water in perforations opposite the Pennsylvanian at 10,550-565 feet.

Location of the failure is seven miles north of Midland and 660 feet from west and south lines of section 36, block 39, A-1-N, T&P survey.

Andrews Explorer Has Water On DST

Gulf Oil Corporation is drilling below 7,822 feet in line on its No. 1-LLL Texas University, wildcat in Central-South Andrews County, after taking a drillstem test from 7,780 to 7,827 feet.

Tool was open one and one-half hours. There was a small blow of air throughout the test. Recovery was (Continued On Page Seven)

Australian Voters Reject Amendment To Outlaw Red Party

SYDNEY (AP)—The majority against giving the Australian government power to outlaw Communist Party was reduced slightly Monday, but final rejection of the proposal seemed assured.

With about 770,000 votes still to be counted, there was an overall majority against the proposed constitutional amendment of 107,409.

The vote now stands at 1,976,381 for and 2,083,770 against.

The Conservative cabinet plans to meet Tuesday to discuss other methods of combating communism.

Swanson Boiling At Hollywood Talk About 'Limited Ability'

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Gloria Swanson got hopping mad at Hollywood recently and let the snipers have it right between the eyes.

"I'm the boy who stirred Gloria up."

Gloria, in a blue negligee with a lot of glitter to it, was stretched out on her dressing room couch after wrapping up a scene for her new picture, "Three For Bedroom C."

"I took in the Swanson curves and said it was jim-dandy to have her back in Hollywood."

"Thanks, darling," murmured Gloria, running her fingertips over her spectacular eyelids and flexing her toes.

"Certain people around town . . . I cleared my throat. "Well, they said that you'd never do another picture after 'Sunset Boulevard'."

Gloria's eyes opened slowly—those fabled, glistening, wet-tilted eyes.

"Really?"

I nodded and said that maybe I'd better shut up.

"No, no, go on."

"They said that you were a special vehicle actress."

"Huhmmmmmm," from Gloria.

"They said that you were—er—limited."

"Oh, they did, did they?"

"I don't want to upset you."

"Why no, darling, of course you don't."

Gloria sat up, cradled her knees with her arms and started to smolder. "It's crazy," she rared.

"Crazy?"

Can Do Anything

"Certainly," Gloria snapped, curling the corners of her squared-off mouth. "Go back through my career from Keystone to Triangle to DeMille and pseudo-DeMille. I played everything and never the same thing twice. I was a French actress in 'Zaza' a gum-chewing clerk in 'Manhattan', I wore boys' clothes in 'The Humming Bird'."

"Every part—Stage Struck, 'Manhattan', 'Society Scandal', 'Madame Sans-Gene' and later 'Rain', 'Music in the Air', 'Indiscreet' and 'Father Takes a Wife'—every role was different. I don't know anyone who's played more varied roles than I have."

I muttered that I was convinced "Humph," snorted Gloria.

She was percolating, full-blast now.

"Oh, I know," Gloria said, Hollywood decided after 'Sunset Boulevard' that I was a good actress. Look, I was a good actress before 'Sunset Boulevard'."

"Sure, you were."

"People forget. I played character roles for DeMille. I've played character roles all through my movie career. On the stage, too."

Gloria narrowed her eyes.

"What else did they say?"

I fidgeted and looked toward the door.

"Come, come," commanded Gloria, waving her long cigaret holder.

"There was the story that nobody had offered you any pictures after 'Sunset Boulevard'."

Plenty of Offers

"Rot," snapped Gloria. "I could have done 'Alice-Sit-By-The-Fire'."

side' with my daughter for Paramount. Walter Wagner came up with 'The Ballad and the Source.' I passed up 'Sudden Fear'—now Joan Crawford is doing it—'Another Man's Poison' and 'Exclusive Model.'"

Gloria caught her breath.

"What else?"

"The story about your temperament."

"Oh, that! Look, the man who wrote it was sorry afterwards. I'm not temperamental. The only time I ever walked off a set was when Adolph Zukor promised me a letter and didn't give it to me. I stayed away for three days. But that was the only time. I'm not temperamental."

Gloria inclined her head toward the big sound stage outside, where electricians were lighting a new set.

"Ask the people I work with," she said. "You can't fool them."

I changed the subject and asked about the crowds who had waited outside the stage door when she was electrifying Broadway in "30th Century."

"It was amazing," she said. "The old matinee girls, all dressed like my mother. Hundreds of them. I knew why they were there. They'd seen me looking no more than 30 years old on the stage and it bothered them."

"They were at that stage door waiting for me to be carried out on a stretcher."

Captain Receives Bachelor's Degree 43 Years Late

LOS ANGELES (AP)—Forty-three years after starting his college education, Capt. Clarence S. Williams won his bachelor of arts degree Monday.

Captain Williams, 61, retired Naval reserve officer, began his studies at the University of Minnesota in 1908. He ran out of money and had to quit before finishing his freshman year.

In the years since then, Williams has been a newspaperman, lawyer, teacher and salesman. Despite his lack of formal education, he invented equipment to compensate airplane compasses. Among his clients were such famous fliers as Art Goebel, Amelia Earhart, Paul Mantz, Ira Eaker, Lauri Ingalls and Jacqueline Cochran.

After World War II, Captain Williams found time to go back to school. He enrolled in the University of Southern California's School of International Relations.

His new degree won't end the captain's studies. He's staying on for a master's degree.

suspect Confesses During Jewel Theft

NEW YORK (AP)—The self-described "best burglar in North America," police say, has admitted last week's daring, daylight theft of \$65,000 in gems from a show-case in the crowded lobby of the Waldorf-Astoria Hotel.

Police said Joseph Ireland, 31, declared he stole the jewels so he might buy narcotics.

Ireland, police said, is "a very good thief" and is known to "the trade" as one of the nation's top burglars. Authorities said he admitted taking \$300,000 worth of jewels in New York since last March.

... a most unique eating place serving and specializing in genuine "old style" real Western Pit Barbecue ... will open its doors for business.

The eating out public in general knows that a few people around the country just seem to have what it takes, when it comes to serving food that's just a little more tempting . . . a little more appetizing . . . a little better . . . and gives you a thoroughly enjoyable satisfaction that your money has been well spent.

Operating Hours:
DAILY
10:00 a.m. to 10:00 p.m.
SUNDAY
4:30 p.m. to 10:00 p.m.

Well, if you ask the old timers here about such a place, they will tell you, without hesitation, that here in Midland, it's Cecil King's Fine Foods.

Yes Sir . . . we're opening again . . . but this time we are not going to scatter our shots or waste our talents. We are going to specialize and feature exclusively.

THE FINEST BARBECUE ANYWHERE! Sandwiches and Special Plates

of
Beef — Pork — Spare Ribs — Beef Ribs — Ham — Chicken — Steaks
... and when the weather turns cool we'll serve chili 3 ways—plain and with beans, with spaghetti and with steaming hot tamales . . . and that's all.

Oh, of course we will have drinks such as coffee, tea, milk, shakes, malts, sodas and the like . . . and, although we cannot obtain a beer license on account of being out of the zone, you are welcome to bring your own.

Our atmosphere is strictly Western . . . you'll like it. Our service will be Help Your Self Style . . . you'll like that, too, because it's lightning fast. And the cleanliness and sanitation will be second to no place.

NOTICE
The present supply of the Market's Best Beef is inadequate for us to have barbecue by the pound to go . . . at a later date we will no doubt have this service. However, we are in a position to furnish you now with the most delicious sandwiches in town to go at all times.

Try us once and you will be back often!

Annual Family Fair To Be Held Saturday

St. Ann's School's second annual family fair will be held from 5:30 to 10 p.m. Saturday on the school grounds. Proceeds will go to the school.

Sponsors of the fair are the St. Ann's Altar Society, the St. Ann's Mothers' Club and the Knights of Columbus.

Events will be planned around the theme of the old-fashioned country fair. Included in the program will be turtle races, bingo and booths featuring hot dogs, cakes and candy as well as dolls, used books and sewing.

A special event, and the only one for which tickets are required, will be the barbecue dinner. Movies also will be shown for the children.

METHODIST WSCS WILL STUDY LATIN AMERICA

RANKIN—The Woman's Society of Christian Service of the Methodist Church began a study on "Latin America" Monday.

Mrs. Walton Harrel will teach the course on "Latin America." She attended the School of Missions in Kerrville in August and the WSCS Seminar in Eden early this month. These schools were held for the preparation of teaching the course.

Fairways of the golf course at Cloudcroft, N. M. are laid down amid a dense forest.

B&PW Holds Annual Emblem Breakfast In Hotel Scharbauer

The Business and Professional Women's Club held its annual emblem breakfast Sunday morning in the Crystal Ballroom of Hotel Scharbauer. Flossie Vaughn, president, presided.

The new club plaque bearing the organization emblem formed the centerpiece. Tables also were decorated with pyracantha arrangements. Place cards were invitations to the annual teacher's tea to be held from 4 to 6 p.m. Sunday in the home of Neta Stovall, 1604 Bedford Drive. Green napkins, with the emblem, were used.

Mrs. Eleanor Luton read the club collect and the president traced the history of the organization. For the program, five members portrayed the symbols of the emblem while Mrs. Looksey Hall, program chairman, explained its significance.

Symbols Portrayed
Symbols and those portraying them were Mrs. Stovall, torch of wisdom lighting the way for all who follow; Faye Carson, the winged hand of mercy heralding a new era of opportunity for women; Dorothy Thompson, the ship of commerce carrying our message into all lands; Cordelia Taylor, the open scroll of learning recording our ideals and our faith, and Eleanor Luton, Nickie, the winged victory of Samothrace typifying the courage of women facing the future unafraid and, with strength and wisdom combating the winds and waves of ancient prejudice.

Vera McLeroy led the group in singing the emblem song. New members introduced were Wanda Lewis and Helen Anderson. Guests were Mrs. Owens, Mrs. Vera Storey and Mrs. Emma Vick.

Fannie Bees Taylor asked for volunteers to assist her with her work as chairman of the women's payroll savings committee for the county's defense bond drive.

The church leaders who have met for planning include the Rev. J. H. Goins, Bellview Baptist Church; the Rev. R. S. Watkins, First Methodist Church; the Rev. Luther Kirk, First Methodist Church; the Rev. J. B. Sharp, St. Mark's Methodist Church; the Rev. J. Q. Woodard, First Baptist Church; the Rev. C. C. Hardaway, Asbury Methodist Church; the Rev. F. W. Rogers, Church of the Nazarene; the Rev. G. C. Becker, Lutheran Church; Mrs. D. M. Secor, First Presbyterian Church; the Rev. Lewis O. Waterstreet, St. Andrews Presbyterian Church; and the Rev. Alton Towery, West Side Baptist Church.

CRANE GIRL GIVEN FAREWELL PARTY
CRANE—Ginger Maxwell was honored with a farewell party by Mrs. L. L. Marshall recently.

Games were played and refreshments of ice cream and cookies were served.

Those attending were Rita McCasland, Gayla and Carla Shanor, Donna Lee Haven, Donna Quisinger, Ann and Nan Crittenden and Mary and Rosie Marshall.

A Great American

Gen. George C. Marshall is one of the most completely selfless public servants the United States ever has had.

He was the designer of victory in World War II. And after the conflict his was one of the few voices raised against the too-hasty demobilization of U. S. forces.

As secretary of State, he conceived the Marshall Plan of economic aid to foreign countries and laid the groundwork for the important North Atlantic alliance.

When a storm of criticism swept Louis Johnson out of the Pentagon last Fall, President Truman called on Marshall to come out of retirement to become secretary of Defense.

Yet, like any other human being, Marshall has made mistakes. He has been involved in the most controversial aspect of U. S. foreign policy—the Far Eastern phase.

On two widely separated occasions during his tenure as defense secretary, however, the general was the object of bitter censure which impugned his patriotism.

But all that is behind the general now. Once again he has turned toward richly merited retirement, this time perhaps for good.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

WASHINGTON—Five years ago I was in the Luxembourg Palace in Paris when a delegation representing defeated Italy entered the peace conference and doubled back.

Japan and Germany were not permitted to send delegates to the peace conference and doubtless would not have dared to do so even had they been permitted.

De Gasperi emerged from the Vatican library after 14 years in exile to take part in guerrilla fighting against the Germans and to be elected premier of Italy in 1945.

It is a tribute to his common-sense political sagacity—and some people say his youthful training in balancing above Alpine precipices—that De Gasperi still is in office today.

Such is the man who has pulled Italy through the rigorous post-war period with a pro-American government, despite the fact the largest segment of the Communist Party outside Russia is under his rule.

It's very hard to say whether West should bid three hearts. He has fine distribution but miserable strength.

West cannot really be sure which is the case if South is a sound bidder, the chances are that he has good spades and that East, consequently, cannot have too much in that suit.

So far I have been rather vague, but the time has come to make a definite statement. If West does enter the bidding, he has to stay in it.

GOP's Charges At Boyle Backfire On Gabrielson

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—The \$645,000 question of whether Democratic National Committee Chairman William M. Boyle, Jr., did wrong in helping American Lithofold Corporation of St. Louis get a Reconstruction Finance Corporation loan of that size still has to be answered by Boyle's own testimony and the verdict of his senatorial peers.

Aside from that, the Senate Expenditures Committee investigation into this deal reveals that politics are as usual.

The charges against Chairman Boyle backfired, however, when Committee Counsel Frank Flanagan brought out that Republican National Committee Chairman Guy George Gabrielson also had done a little fixing on an RFC \$18,500,000 Carthage Hydrocol loan after he became head of the GOP organization in August, 1949.

Rep. Wayne L. Hays, Ohio Democrat, charged that Gabrielson got \$100,000 in fees for obtaining the Hydrocol loans from RFC.

Gabrielson was attorney for the company, later its president. He got \$34,000 in legal fees for work on the RFC loan. He still gets a \$10,000 annual legal retainer as Hydrocol counsel and a \$15,000-a-year salary as its president.

Gabrielson also has retained his law office and practice in New York. And with a business partner he has retained his interests in an asbestos mine, a roofing company and a steel products company.

What is new on the record is that since becoming GOP chairman, he has continued to represent Hydrocol before the RFC. He has kept the government informed on the company's progress, carried on certain negotiations about repayment of the loans and changes on the loan terms.

When Harry Truman was elected vice president in 1944, Bill Boyle, who had been his secretary when he was a senator, opened law offices in Washington. He worked around Democratic headquarters during the 1946 and 1948 campaigns, without salary.

Then on Aug. 24, 1949, he was made Democratic National Chairman at a salary of around \$35,000 a year.

Have a Laugh

By BOYCE HOUSE
A man at a social affair remarked to a stranger, "Dull party, isn't it?" "Yes," the other agreed. "Why don't we go home?" the first one asked. "I can't," was the reply. "Because I'm there already."

And that reminds me of the man at a party who remarked to a stranger, "Isn't that a homely woman over there?" The other said, "That's my sister." The first one exclaimed, "I don't mean the one on the left; I mean the woman with the other eye."

"Right!" shouted Fetterman. Within minutes the stockade gates swung open and Capt. W. J. Fetterman rode out at the head of his 80 men to keep his date with destruction.

He disobeyed his orders before he was out of sight of the fort. Ten Indian decoys showed themselves in the brush along Big Piney Creek. They were so close to the fort Carrington actually threw a couple of cannonshots at them.

"Fetterman, take every precaution to withstand assault. I want the powder magazine stocked with rations for the women and children. They are to retire there when the attack begins. Mine the magazine so that it may be blown up if the Indians get over the stockade. Hold Phillips in readiness to carry a dispatch to Fort Laramie." ★ THE DOCTOR SAYS ★ Left-Handedness Isn't Believed To Be A Serious Handicap

By EDWIN P. JORDAN, M. D.
Written for NEA Service

It would be interesting to know if being left-handed was an advantage or disadvantage in life. Are there more successful south-paws in baseball, golf, tennis, and other sports than one would expect? What about left-handedness among executives or professional people? Whatever the answer to these questions, most of us know enough left-handed people who are hasn't bothered them very much.

On the average, about one person in 10 is left-handed. Left-handedness is twice as common in men as it is in women. Why some people are born left-handed rather than right-handed is not clear.

Hand preference may be related to eye preference. Most people who

New CAA Policy Forbids Air Shows

WASHINGTON —(AP)—The government will not permit air shows or exhibitions from now on unless they contribute to the advancement of aviation and public confidence in it.

The Civil Aeronautics Administration, announcing a new policy Sunday, said it will not sanction aerial acrobatics not under direct radio control, delayed parachute jumping, dog fighting, intentional aircraft crashes and similar hazardous operations.

Charles F. Horne, CAA administrator, said the new policy is "based on a study of the whole air show question," not just on the recent air show accident at Ft. Collins, Colo., where 20 persons were killed when a plane flew into a crowd of spectators.

"I do not feel it is good public policy today to authorize departures from the carefully framed civil air regulations solely for the sake of thrills," Horne said in a statement.

Animal Plasma Used On Human Patients By Japanese Doctor

TOKYO —(AP)—The claim of a Japanese research physician that he has used animal blood plasma successfully in transfusions to more than 600 human patients caused a flurry of interest here Monday.

Dr. Kunio Kawahashi of Kawahashi Clinical Institute of Hiroshima Medical College told a medical meeting in Tokyo he effectively uses the processed plasma of cows, horses and pigs when patients require transfusions.

He made his statement before the reputable Japan Epidemics Institute, an association of physicians from all sections of this country.

Dr. Kawahashi said he adds formalin and caustic soda to animal plasma and also uses a heat process. In occasional cases, he noted, the animal plasma caused slight ill effects such as rash or vomiting.

He found his plasma "especially effective" after operations, in burn cases, and in treatment of patients who lost blood through knife wounds. The newspaper Yomiuri quoted the physician as saying he found "practically no difference" in results obtained as compared with human blood plasma.

During World War II Dr. George J. Stein, chief of the Army's 406th Medical General Laboratory and Blood Bank in Tokyo, said Monday he had heard of Kawahashi's experiments and added: "I have an open mind about these experiments but at the same time it must be recognized that the doctor's claim is counter to all we know about immunological principles."

Dr. Kawahashi began his experiments during World War II, when there was a shortage of blood for transfusion. He was then chief of the medical department of Taipeh College, Formosa, and occasionally attended air raid victims.

Surgeons Deliver Baby After Mother Succumbs To Polio

SHREVEPORT, LA.—(AP)—A 23-year-old expectant mother died of polio Sunday night but her six-pound baby boy was saved by a post-mortem Caesarean operation.

Dr. George Wolfe, medical director of the Shreveport Polio Center, said, "This is one of the rare instances in medical history that a baby has been saved when the mother died in the respirator. It's exceedingly rare."

The mother was Mrs. Shirley McCarthy, wife of Sgt. Raymond McCarthy of Barksdale Air Force Base here. McCarthy, 24, is from Natchitoches, La.

Mrs. McCarthy, eight months pregnant at the time of death, was transferred to the polio center from the Barksdale Hospital September 16.

Dr. Wolfe said her condition steadily became worse and it was apparent she would not recover.

"The only alternative we had was to try to save the baby," the director said.

He said plans were made for the Caesarean operation and physicians and nurses were standing by when Mrs. McCarthy died. Seconds after her death, physicians opened the respirator and completed the operation in three minutes.

The baby was placed in an incubator "and is doing very well," Dr. Wolfe said. "It's amazing to us."

Go Ahead and Order It!

Right at this moment, there are thousands of people in America who are just about ready to end all compromise insofar as motor cars are concerned—and order a Cadillac.

If you are one of these—go ahead and order it!

It will be the wisest motor car decision you ever made—and the facts in support of this statement can be attested by almost everyone who owns a Cadillac.

First of all, consider the car's reputation. Wherever highways lead, there is general recognition that Cadillac is the Standard of the World. Not only is this an endless source of pride and satisfaction to the Cadillac owner—but it is incontestable proof of Cadillac's historic quality. Such a reputation could come only from long-continued superiority.

And then consider what Cadillac brings you in terms of every-day satisfaction.

Every mile you drive, or ride, is a sheer delight. The word for it is *wonderful*—and the proof of it can be found in an hour at the wheel. To ride is to rest—and to drive is to relax. People who own Cadillacs are free to admit that they actually think up excuses for taking to the highway!

But over and above all this is an argument in favor of Cadillac so practical and conclusive that it should be hard for anyone to ignore:

The lowest-priced model of this great and distinguished motor car is priced competitively with numerous and varied models produced by other manufacturers. Yes—every day—scores of people actually pay the price of a Cadillac—and still don't get one!

Add to this moderate cost the further fact that few cars—of any price—will run farther on a gallon of gasoline—and even economy points to Cadillac!

So—if your heart is set on a Cadillac—come in and order it. There isn't a single logical reason why you shouldn't do so.

Weekend Violence Texas Traffic Take At Least 15 Lives

By The Associated Press
At least 15 persons were killed in Texas traffic accidents and other violent mishaps during the weekend.

Ray Brumelow, 32, died late Sunday night after his car was hit by a locomotive in Amarillo.
Mrs. Ruth Brown, 40, of Tyler was killed Sunday night near Tyler when the car she was driving smashed into a pickup truck.

Mrs. Molly Maddox Hornburg, 30, was killed Sunday in an automobile accident near Houston.
A baby died Saturday after being given beer at Dallas.
Mrs. A. Z. Motley, 32, of Fort Worth shot and killed her 38-year-old husband Sunday.

A training plane from Reese Air Force Base at Lubbock crashed near Levelland Sunday, killing Lt. Archie N. Walters of Santa Cruz, Calif., and Lt. William H. Malone, 22, of Pasadena, Calif.

Morris Smith, 28, was stabbed at a Houston cafe and died in the yard of his home a few blocks away Sunday. John Kirk, 26, was charged.

John Moore, 33, was found stabbed fatally in Houston. Exter Ben Parker, 34, was charged.

Head-On Collision
O. B. Frazer, 50, of San Antonio was killed Sunday in a head-on crash at Leon Valley. Six others were in hospitals. The driver of the other car, Mrs. Lenora George of Temple, was hurt slightly.
J. W. Sheguit, 49, of Cameron, an oil field worker, was killed Saturday in the collapse of a heavy loading ramp on the Wegenhof lease, northeast of Columbus. Two others were injured.

Alton Porter, 25, an advertising man, was killed and Dixon Coulborn, 52, was injured critically Saturday in a head-on crash north of Port Arthur.

John Allan Hinant, 31, interior decorator from Burkburnett, was killed and six others were injured Saturday night in an auto collision near Wichita Falls. His wife, Jane, 28, and daughter, Jo Ann, five, were injured seriously. The driver of the

Committee Report Flays Rent Gouging At Training Bases

WASHINGTON—(AP)—Local communities must provide the final solution for housing shortages which lead to "shameful profiteering" at the expense of service men at big posts in this country, a Senate subcommittee said Sunday night.

But Congress and the government "must give those communities every legitimate aid within our power," an Armed Services subcommittee on preparedness, headed by Senator Lyndon Johnson (D-Texas), said.

The group's report came after an investigation at 16 Army, Navy, Air Force and Marine training camps. It was a follow-up to an earlier inquiry which covered three installations. Johnson said the second inquiry was made to determine the extent of "this shameful profiteering from American service men." He added:

"There can now be no doubt that it is widespread—so widespread that corrective action must be taken."
The group's report said substandard housing and rent gouging were "shocking enough," but it added: "The implications were far worse. Every case of rent gouging, every instance of an American soldier forced to choose his family in a hovel or a chicken coop represented a crack in the structure of the national unity. Enough cracks could topple the whole structure."

The subcommittee proposed that the Defense Department set up a committee of the best men obtainable in the housing field to devise ways of solving the housing shortage.

Scout Leaders Plan Closer Coordination

Plans for closer coordinated service to Cub packs, Scout troops and Explorer posts in the El Centro (Midland) District were laid at a recent meeting of Scout leaders and officials.

Civic, school, church, business and professional leaders attended the dinner meeting.
W. R. Upham, district commissioner, presided. Other officials present included Don Galbreath, executive; J. M. McDonald, district chairman; H. D. Williams and the Rev. Clyde Lindale, district vice chairman; G. W. Brennehan, a council vice president, and J. L. Kendrick, neighborhood commissioner.

Upham emphasized the importance of stimulating the program of Scouting in existing units and the need for more civic and service groups to help serve the growing number of boys in the city.

New neighborhood commissioners, appointed at the meeting, include Richard W. Smith, George Phillips, R. O. Smith, Dr. Herman Schlichting, Jr., Wallace Wimberly, Theodore Whitehead, Harold Bolland is to serve in an advisory capacity.
A meeting of Scout leaders will be held at 8:30 a.m. Tuesday in the Hotel Scharbauer Coffee Shop Blue Room. At the breakfast meeting, final unit appointments and service appointments of Scout leaders will be made.

3,661,915 Bales Of Cotton Ginned

WASHINGTON—(AP)—The Census Bureau Monday reported 3,661,915 bales of cotton from this year's crop were ginned prior to September 18.

This compared with 1,465,249 ginned to the same date last year and 2,895,465 to the same date two years ago.
Ginning by states this year and last, respectively, included:

Texas, 1,457,702 and 730,389.
Arkansas, 116,166 and 16,703.
Louisiana, 311,948 and 121,447.
New Mexico, 1,282 and 894.
Oklahoma, 6,818 and 190.

Three Persons Hurt In Car Accidents

Three persons were given emergency treatment at Western Clinic-Hospital during the weekend for injuries received in separate automobile accidents.

H. N. Pittman, Andrews Highway Trailer Courts, was treated for injuries suffered in an accident on West Louisiana Street.
Kenneth Mayfield, 406 West Cowden Street, received chest contusions in an accident on North Big Spring Street.

Donald Green was treated for head lacerations received in a collision. None of the injuries was serious, hospital attendants said.

Yanks Increase Lead As Cleveland Folds In Stretch

By JOE REICHLER
Associated Press Sports Writer

New York's onrushing Yankees and Brooklyn's backpedaling Dodgers are all but mathematically certain to meet, for the fourth time in 11 years, in baseball's top classic, the World Series.

Both came closer to clinching their respective championships Sunday. The Yankees increased their American League lead over Cleveland to two and a half games, beating the Red Sox in the rubber game in Boston, 6-1. The revenge-minded Tigers meanwhile thumped the Indians for the third straight time in Detroit, 9-1.

Southwest Elevens To Play Rugged Foes This Weekend

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Southwest Conference plunges into its international football schedule this week with only a bare majority in the first games. Delighted that it could win the big one—Texas' 7-6 decision over seventh-ranked Kentucky—but rather put out because SMU and TCU failed to come through as expected, the conference could be pleased with an identical majority this week.

That will be tough to attain. SMU plays mighty Ohio State at Columbus, Ohio. TCU battles high-powered Nebraska at Lincoln, Nebraska. Texas takes on Purdue at Lafayette, Indiana, and Rice engages Clemson at Houston.

About the only one the conference feels reasonably sure of winning is a melee planned at Fayetteville between Arkansas and Arizona State of Tempe, a Border Conference outfit.

Texas A&M did itself proud in beating UCLA 21-14. TCU was whipped by Kansas—a team that never had been able to beat the Frogs before. Jerry Robertson, former Dallas schoolboy star and the top quarterback of the Texas' freshman team in 1948, passed Kansas to a 27-13 victory. Texas could use Robertson this season. He withdrew from there because of scholastic difficulties.

SMU ineffective. SMU went down before Georgia Tech, 21-7, being quite puny on the ground and too ineffective with a slippery football. Take away SMU's passing and what have you, anyway? Arkansas, apparently quite underrated this season, slashed Oklahoma A&M, 42-7, last week, showing ground power, neat passing and manpower to burn. The Porkers appeared too much and too many for Arizona State, which last week edged Utah State, 33-27.

Clemson warmed up for Rice last week with a 33-6 victory over Presbyterian. Ohio State, Nebraska and Purdue haven't played yet.

Baylor opened the season against Houston. Larry Isbell was sharp and the Bayloris showed a good Cougar team, 19-0. It could have been more decisive.

Baylor rests this week but Texas A&M plays Texas Tech at Dallas Saturday night. Tech showed a lot more than anticipated in slugging West Texas State, 46-7, last week. The Red Raiders might prove a hard nut for the Aggies to crack.

Don Carpenter, Baylor halfback, jumped away to the conference scoring lead when he made two touchdowns.

Turnesa Wins In Reading Open; Jack Burk Is Runnerup

READING, PA.—(AP)—Jim Turnesa tossed away a mallet head putter for an ancient family blade held together by friction tape and the results paid off. He's \$2,400 richer now.

Turnesa, one of six brothers of golf's most famous family, won the fifth annual \$15,000 Reading Open Golf Tournament Sunday with a 72-hole total of 280, four under par.

Jack Burke, the blond youngster from Houston, finished runnerup, three strokes behind careful stroking Turnesa and \$600 less.

Skee Riegel and Jimmy Clark picked up \$1,300 each for a third place tie with 285.

First prize will be \$1,000, with money being given for the first six winners.

STRATEGY—Garvin Beauchamp, Abilene Christian College coach, gets in a huddle of strategy with a couple of his husky Wildcats. Beauchamp and crew meet Texas Western College in Memorial Stadium October 6, in a game sponsored by the Midland Optimist Club.

Wink-Pecos Among Top West Texas Schoolboy Tilts

Wink's Wildcats, all the rage after their stunning but decisive win over the Kermit Yellow Jackets last weekend, get a rugged test again this weekend in one of the top games in West Texas.

The Wildcats will meet the Pecos Eagles, who romped to a surprisingly one-sided 41-14 win over the tough Mc-

Camey Badgers last Friday night, displaying some of the awesome power that figured to carry the Eagles to the 8-AA title this season. The game with the 5-A club will be played on Wink's home field Friday night.

Here at home, Midland takes its two-game unbeaten skid into battle against winless Crozier Tech of Dallas at 8 p.m. Friday in Memorial Stadium.

Capitol Hill of Oklahoma City will play Odessa on the Broncho home field Friday night, affording some measure of comparison between Lubbock and Odessa, co-favorites in District 1-A-AAA. Lubbock successfully passed the test against the Oklahomaans last week, winning 29 to 13.

Monahans, who broke into the win column with a 12-6 victory over Fort Stockton last Saturday night, plays McCamey in Monahans.

Seminole, tied surprisingly by Tahoka, takes on little Roby in Seminole. Andrews goes to Crane to play the unbeaten Cranes, Colorado City plays Boscoe at home. Fort Stockton goes to Sanderson and Stanton plays Coahoma in Stanton, in other area games.

B Team Plays —Saturday night the Midland B team, which powered over Snyder B, 46-6, here Saturday night meets the Big Lake varsity in Big Lake.

Also Saturday—but in the afternoon—the C team goes against Bowie of Odessa here.

Other games of interest around the state include: Big Spring at El Paso Bowie, Sweetwater at Lubbock, San Angelo at Breckenridge, Borger at Wichita Falls, Paschal (Fort Worth) at Amarillo, Pampa at Vernon, Conroe at Abilene, Plainview at Poly (Fort Worth), Lamesa at Thomas Jefferson (El Paso) and Forest (Dallas) at Highland Park.

SPARTAN SPARK —(NEA)—EAST LANSING, MICH.—(NEA)—Football Captain-elect Bob Carey of Michigan State received 45 passes for 791 yards and two school records in his first two varsity years.

Isbell Is Offensive SWC Leader

DALLAS —(AP)—Lamar McHan leads ground-gainers in the first week of play in the Southwestern Conference.

The Arkansas sophomore back whipped up 95 yards in seven runs Saturday against Oklahoma A&M. Hal Bowler of TCU, who gained 91 yards in 14 runs against Kansas, is second, and Frank Bouldin of Baylor is third with 73.

Larry Isbell of Baylor leads in total offense. He ran for eight yards and passed for 178 against Houston.

Isbell is the passing leader. His 178 yards came on eight completions in 23 tries. Ray Graves of Texas A&M is second with 142 yards on nine connections in 17 throws and Jom Rinehart of Arkansas is third with 131 yards on seven completions in 10 passes.

Bill Tidwell of A&M caught four passes for 92 yards against UCLA and that made him the leading pass-receiver. Stan Williams of Arkansas is third with 74 on three receptions.

Arkansas tops the offense with 412 yards. Baylor is second with 386 and A&M third with 367.

Boosters To Meet At 8 P.M. Monday

The Bulldog Booster Club will meet at 8 p.m. Monday in the Midland High School Cafeteria, president Tex Carleton announced.

Films of the Midland-Ysleta game will be screened and Coaches Tugboat Jones, Red Rutledge and Audrey Gill will comment on the game. Scouts also will report on the Crozier Tech team, the Midland foe for this weekend.

Carleton urged and invited Midlanders to attend.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 24, 1951

Bulldogs Go Back To Work; Crozier Tech Here Friday

It was back to work for the Midland High School Bulldogs Monday after their 7-0 win over Ysleta last Friday night on the border.

Crozier Tech of Dallas will furnish the opposition for the Bulldogs this week. The game is scheduled at 8 p.m. Friday in Memorial Stadium here.

Coach Tugboat Jones Monday said he was "glad to win" the Ysleta game and added: "It looks like we have a pretty fair ball club, but we'll have to continue to improve."

He said scouts reported that Crozier Tech uses screen and shovel passes and the spread formation to a great degree. The Dallas team has dropped two games, losing to Tyler, 25 to 6, and to Milby (Houston), 19 to 12.

The Midland boys appeared to be in good shape Monday, with only minor bumps and bruises resulting from the Ysleta clash.

Border Conference Teams To Tangle With Grid Giants

PHOENIX —(AP)—Three Border Conference teams take on football giants of major conferences next Saturday.

This is the lineup: Arizona vs. Oregon at Eugene. Arizona State of Temple vs. Arkansas at Fayetteville.

Texas Tech vs. Texas A&M at Dallas.

The Arizona Wildcats, whose hopes took a big skid in Saturday night's 27-7 loss to Utah, will find a tough customer in Oregon, which threw a scare into Stanford last weekend. Stanford won, 27-20.

Arizona State's Sun Devils will run into an avalanche of power in Arkansas. The Razorbacks, with neat running and hard-hitting, overwhipped Oklahoma A&M, 42-7.

The Sun Devils' offensive rolled in high gear, but its defensive work was not impressive, in their 33-27 triumph over Utah State Saturday night.

With a slashing attack, Texas Tech opened its season by crushing the Border Conference defending champions, West Texas State, 46 to 7, in its opening game.

New Mexico Aggies and Texas Western meet in the only game matching Border Conference teams next Saturday. Texas Western was clubbed, 33 to 6, by North Texas State. The Aggies were idle.

Arizona State at Flagstaff will be host to Cal Tech. Hordin-Simmons will engage Trinity, and West Texas will meet McMurry to round out action by conference teams.

Hardin-Simmons was beaten, 33-0, by College Of The Pacific. Stephen F. Austin walked the New Mexico Aggies, 27-7.

SEASON STRADDLERS —TUCSON, ARIZ.—(NEA)—Arizona began its football season earlier, September 15, and closes it later, December 21, than any other major college.

EXPERIENCED ORANGE —SYRACUSE, N. Y.—(NEA)—Syracuse has 26 football lettermen returning.

Proposed WT-NM, Longhorn Series Not To Be Played

ABILENE —(AP)—There will be no inter-league playoff between winners of Shaugnessy series in the West Texas-New Mexico and the Longhorn Leagues.

Odessa, winner of the Longhorn playoff at Roswell, declined Sunday to represent the league. Several players were reported anxious to return to their winter homes and jobs.

DONELLI'S DEAL —BOSTON —(NEA)—Buff Donelli's four-year record as Boston University's football coach is 20 victories and 12 defeats.

YOUTHFUL YELLOW JACKETS —ATLANTA, GA.—(NEA)—Nine seniors, 18 juniors, 26 sophomores and three freshmen make up Georgia Tech's football varsity.

Something was wrong at Memorial Stadium Saturday night, and it wasn't anything to do with the Midland B team.

The kids did their part by swamping Snyder in a remarkable performance, 46-6.

But the Midland fans and yours truly were at fault. Only a small crowd of about 150 persons showed up for the game—and that's hard to understand. Those boys are same kids who will make up part of the varsity team next fall.

Bill Leonard, Red Cast, M. A. Rose, Dick Spencer, Charlie Patterson and several of the other current varsity boys last year tolled with the B bunch—it will be the same situation next year.

We'd like to see a large crowd out to witness Coaches John Higdon and Keith Bobo's boys when they next play at home.

The other blunder was the one we made. We said Jerry Grimes ran for touchdowns of 28 and 80 yards for the Midland B—when actually it was Jerry Green. Excuse please, Jerry.

All boys who played in the Little League here during the Summer months will be admitted free to the ACC-Texas Western game here October 6. Also, boys who work in the Optimist-sponsored boys workshop may come in without paying.

Here's some late Saturday night scores that were not available when the Sunday edition of The Reporter-Telegram went to press: Florida 27, The Citadel 7; Drake 20, Denver 7, and North Texas State 33, Texas Western 0.

Clyde Perry, ex-Midland shortstop who now plays for Dallas, set a new Texas League record during the baseball season just over. Perry accepted 556 assists and 289 putouts for a total of 845 chances, exactly one more than Jack Tavener of Fort Worth gobbled up in 1924. However, Tavener played in only 149 games, while Perry was in 151—but both are busy infielders.

Several fans who saw the Texas Tech-West Texas State tilt Saturday tell us the Red Raiders looked better than any team played at Tech in years and years.

Blocking was vicious, tackling brutal and the Raiders had speed to burn, we hear.

Bill Glidewell, ex-Tech tackle and now director of the Midland Youth Center, predicts Texas Tech to upset Texas A&M this weekend. If Glidewell hits this one, we'll let him call our shots from now on. He called SMU's defeat at the hands of Georgia Tech and Kansas over TCU when talking to us Friday.

Wife Kills Husband For Alleged Attack On 18-Month-Old Son

FORT WORTH —(AP)—A Fort Worth wife told officers she shot her husband to death after he grabbed their 18-month-old son by the hair and threw him across a room.

A. Z. Motley, 38, a service station operator, was killed Sunday by two 38 caliber shots in the chest. No charges have been filed. Mrs. Alma Motley will be taken before the grand jury later this week.

Deep ocean depths are measured with an "echo sounder."

Stay Recommended For Convicted Rapist

AUSTIN—(P)—The Pardons Board Monday recommended a stay of execution of Billie George McCune from September 26 until November 3.

McCune was given the death penalty last year for the beating and rape of a 39-year-old Fort Worth housewife.

The stay was recommended to permit a sanity hearing scheduled in Fort Worth October 12.

FIRE DAMAGE SMALL

City firemen extinguished a blaze shortly after midnight Monday in the office of the W. E. Howard Drilling Company, two miles south of Midland on the Rankin Highway. Only minor damage was reported.

67 Texans Arrive From Korea Monday

SAN FRANCISCO—(P)—The Army said 67 Texans are among 750 combat veterans from Korea arriving Wednesday aboard an unidentified transport.

The Texans include Cpl. Hardie Matthews, Jr., San Angelo.

FINGER CRUSHED

Robert L. Henson, Jr., an employe of the Black Drilling Company, received treatment in Midland Memorial Hospital Sunday for a crushed finger. The injury was received in an oil field accident.

SUFFERS BURNS

Ernest Owens of Odessa, pipe line worker, received emergency treatment at Western Clinic-Hospital Sunday for first and second degree burns of the neck and face.

Royal Couple—

(Continued From Page One) ally connection between them is too remote to be clearly defined in everyday terms.

Elizabeth descends in the direct line of English kings from her great forbear, Philip's family tree, however, is intricately interwoven with the noble—and mostly exiled—families of Greece, Germany and Denmark. Through his aunt, Lady Louis Mountbatten, Philip can even claim a family connection with Pochontas.

The marriage of Elizabeth and Philip in 1947 was no "royal match" made in the chancelleries of Europe.

Genuine Love Match

Elizabeth's father, King George VI, is far too liberal a monarch, too fond a parent and too conscious of his own happy marriage to permit anything other than a genuine love match for his daughter and heir presumptive.

Yet it would be difficult to find a royal couple with such strangely different childhood backgrounds and such contrasting personalities who, at the same time, are a constant complement to each other.

While it is true that each was born in line of succession to a throne, no one foresaw even a remote possibility that either individually or together they would ever have to prepare for constitutional rulership.

Philip was a four-year-old royal exile in Paris when Elizabeth was born in 1926.

That year was to Britain more significant for the general strike which shook the nation than for the birth of a daughter to the quiet, home-loving duke of York. The duke's dashing, 31-year-old elder brother, then prince of Wales, had a firm grip on the hearts of the British public as their future king.

But if in 1926, industrial strife overshadowed Elizabeth's birth, Philip's already had been overshadowed by the bitter, Turkogreco-Greco war into which he was born in 1921—on the island of Corfu.

No Grecian Blood
Officially, he was Prince Philip of Greece, yet his veins knew no heritage of Grecian blood. Because of the strange and apparently illogical manipulation of the royal houses of Europe in the early 1900's, the king of Greece—Philip's grandfather—was a Dane.

His father, Prince Andrew, had married English-born Princess Alice, sister of the fabulous Lord Louis Mountbatten—brilliant sailor & leader of men in war and peace—who was eventually to have a tremendous influence on Philip's career.

Before Philip was a year old, he had his first experience with the Royal Navy—escape from "revolutionists, with his parents and five sisters, to England on a British destroyer.

When his father moved the family to Paris, already a city of sanctuary for royal exiles, Philip was a boy without a surname—just Prince Philip of Greece.

For him, the "Prince" was out. He was "just Philip," and so he studiously told his schoolmates in the American school at St. Cloud.

In turn, the schoolmates respected his independence and self-reliance, a trait which he still possesses in full measure. It made it possible for him to hold the comradeship and respect of his shipmates—both subordinates and superiors—throughout his naval career.

It was a great factor in gaining first the interest and later the deep fatherly affection of his uncle, Lord Mountbatten. It was also at the Mountbatten house that Philip first met Elizabeth although both have forgotten the exact circumstances.

THREE MEN TREATED FOR STEEL IN ARMS

Three Midlanders were treated at Western Clinic-Hospital during the weekend for steel fragments in their arms.

Taylor Paden, 710 North Main Street, a carpenter, caught a steel fragment in the elbow while using a hatchet.

J. D. White, an employe of BB&M Drilling Company, was treated for a piece of steel in his arm received while hammering at a rig.

Willie Watson, 1010 East Texas Street, a tire company employe, received a piece of steel in his arm while repairing a tire.

None of the injuries was serious.

TREATED AT HOSPITAL

Mary Ann Bullard, 309 East Cedar Street, was given emergency medical treatment at Western Clinic-Hospital during the weekend.

HOSPITALIZED

F. B. Sims of Odessa was hospitalized during the weekend at Western Clinic-Hospital for treatment of an old injury to his leg suffered at work on a pipe line.

EMERGENCY TREATMENT

E. Goldman, an employe of Carl B. King Drilling Company, received emergency medical treatment at Western Clinic-Hospital during the weekend.

Infant Dies After Being Fed Beer By 17-Year-Old Youth

DALLAS—(P)—Officers hoped to learn Monday if a year-old baby died because a beer-drinking teenager fed it half a bottle of brew.

The child, Leslie Fletcher, died Saturday night.

A 17-year-old boy was placed in jail without charge after he told Detective Capt. Will Fritz he gave the infant boy the beer—then tried to revive it with orange soda pop.

Blood tests were to determine Monday to determine the alcoholic content of the baby's blood. A physician said the baby might have been so intoxicated he strangled on the soda pop.

The infant was left with a 16-year-old girl baby sitter in South Dallas by the mother, Mrs. Clifford F. Fletcher. The child's father is in the Army.

Brew From Bottle

The baby sitter was joined by another girl about her age and two boys, 17 and 16. As the two couples sat in a car in front of the house, the older boy held the infant in his lap and gave it beer from the bottle.

"The baby started turning greenish blue and I gave him an orange drink and he went to sleep," the boy told Fritz.

Later he said in a signed statement that the baby's finger "was drawing up and his face discolored."

The youth called a doctor and was told to wrap the baby in a blanket. An hour later the baby "still was groaning and waving his hands and his fingers were still drawing." He called the doctor again and was told to take the child to a hospital.

The boy was dead on arrival at the hospital at 10 p.m.

Bandit Gets \$400 At Western Union Office In Odessa

ODESSA—An unmasked bandit Sunday afternoon held up the Western Union office here and escaped with more than \$400 in cash.

Jean Gable, who was on duty alone at the Western Union office, said the man drew a .38 caliber revolver, handed her a paper sack and told her to put the money in it.

She emptied the cash drawer, mostly \$10 and \$20 bills, and the bandit turned to leave.

As she reached for a phone, he turned around and ordered her not to telephone.

Although the man, described as between 35 and 40 years old, escaped on foot, he reportedly was picked up a short distance away by a woman in an automobile. An automobile answering the description was found abandoned here a short time later.

Uranium—

(Continued From Page One) If stolen, who took it? The FBI is investigating.

The AEC places the age of the pieces at seven or eight years. That would make them current about the time when the Army's Manhattan Project was developing the first atomic bomb at Los Alamos.

Unofficial smiles from the FBI and the AEC are given to the souvenir hunter theory.

Observers point out that David Greenglass, now serving a 15-year term for giving atom secrets to Russia, worked at Los Alamos in 1945-46.

Dr. Klaus Fuchs, convicted by a British court on a similar charge, worked there in 1943.

The 33-pound chunk was found at Dalhart in June by Jodel Golden, 13, Don Monroe, 12, and Walton Fowler, 13. They dug it up from under a tree so they wouldn't hurt their bare feet on a piece sticking out.

Flow to Los Alamos
After a series of homemade tests, it was turned over to Albert Law, editor of The Dalhart Texan. Law shipped it to the University of New Mexico, thinking it might be a meteorite.

Dr. Lincoln Lapaz called in Dr. Carl Beck, a mineralogist, and Dr. Milton Kahn, a radio chemist with three years experience at Los Alamos. They found it was uranium and called the FBI and AEC.

Agents visited Dalhart and turned up the second piece. Both were flown to Los Alamos.

A check revealed that no one had suffered any ill effects from handling the metal.

The announcement caused a stir in Dalhart. An extra edition of Law's paper—normal circulation 2,500—sold 2,000 copies in an hour. Dalhart's 6,000 citizens were amazed that they had been handling the stuff of which the atomic bomb is made for three months.

OIL WORKMAN HURT

Carl McDearmon, 1111 Midkiff Drive, was given emergency treatment at Western Clinic-Hospital Sunday for hand lacerations and contusions suffered in an accident at a rig.

Crusadin' Dale Turns Evangelist

HOUSTON—(P)—The baseball bat-swinging ex-consigliere from LaPerte has forsaken his political ambitions in favor of a career in the pulpit.

Six-foot Dale Richardson, who made headlines when he took out after the marble machines with his sturdy baseball bat, Monday told his pastor, he has decided to "live and work in the service of the Lord."

"No more politics," Dale declared.

Dale decided to turn evangelist after he attended a revival Sunday. He will make his first appearance in the pulpit Sunday.

Republican Senator Asks For Look At Boyle Tax Returns

WASHINGTON—(P)—Senator Nixon (R-Calif.) Monday demanded that William M. Boyle Jr., Democratic national chairman, be asked to submit his income tax returns to senators looking into charges of political influence on RFC loans.

Nixon said there should be a full exploration of financial dealings between Boyle and his former law partner, Max Siskind.

Nixon said the Senate inquiry should go into the sale of Boyle's share of the law practice to Siskind, and added:

"It becomes very important to see the income tax returns for 1949 and 1950 filed by both men."

Chairman Hoey (D-NC) said the investigations subcommittee would consider Nixon's proposals at an afternoon closed meeting.

Hoey also said he expected to call Siskind as a witness Tuesday, and that Boyle might be heard Wednesday.

The subcommittee is making a general inquiry into the RFC, big government lending agency, and its relations with the Democratic and Republican national chairmen, and with government employes.

Thriving Industry

The inquiry centers now on a \$565,000 RFC loan to American Lithofold Corporation, a St. Louis printing firm. Boyle, as a lawyer, was getting \$500 a month from American Lithofold before taking the Democratic party chairmanship.

Senator Capehart (R-Ind.), a subcommittee member, said he believes it is plain that "the sale of political influence on RFC loans has become a thriving industry in Washington."

"Certainly it is a well practiced trade," he said.

Hoey said the committee will take up the case of Republican Chairman Guy G. Gabrielson as soon as it winds up the investigation of Boyle, possibly next week.

Kiwanis Plans Birthday Meet

The Kiwanis Club, hearing its fifth birthday Monday heard a few words from some of its charter members Monday.

Next Monday is the birthday and the program will be under the direction of the Sweetwater Kiwanis Club, which will be guests for the luncheon in Hotel Scharbauer.

Among the charter members speaking briefly Monday at the club's regular luncheon - meeting were Lester Short and Wesley Martin.

President Henry Conkling named Harley Head as chairman of the education and fellowship committee, succeeding Thornton Hardie, who withdrew as an active member due to the press of business.

Perry Pickett was in charge of the program.

EMERGENCY TREATMENT

Lewis Rogers of Stanton was given emergency treatment at Western Clinic-Hospital during the weekend after mud and other materials were blown into his eyes by gas at a rig.

OIL WORKER INJURED

Harley Hammond, a driller for Hall and Stewart, suffered injuries to the chest and face Sunday when struck by a cat line at a rig. He was treated in Midland Memorial Hospital.

TREATED AT HOSPITAL

Mrs. J. W. Stewart, 402 South Pecos Street, was given emergency treatment Sunday at Western Clinic-Hospital for a facial injury.

SUFFERS FOOT INJURY

Thomas R. Johnson, 503 South Baird Street, suffered a foot injury Sunday at work on a derrick in the oil field. He was given emergency treatment at Western Clinic-Hospital.

INJURED IN FALL

W. H. Glenn, 1405 East Missouri Street, a service station attendant, suffered a head injury in a fall Sunday. He was given emergency treatment at Western Clinic-Hospital.

ADMITTED TO HOSPITAL

Robert Evans, 413 East Magnolia Street, was admitted to Western Clinic-Hospital Monday as a medical patient.

AUXILIARY TO MEET

The Ladies Auxiliary of the Fraternal Order of Eagles will meet at 8 p.m. Tuesday in the Eagles Hall.

EMERGENCY PATIENT

Howell Simpson, 709 West Ohio Street, received emergency medical treatment Sunday at Western Clinic-Hospital.

Italy's De Gasperi Says United Europe Can Defend Itself

WASHINGTON—(P)—Premier Alcide de Gasperi of Italy Monday told Congress a united Europe would be able to take care of its own defenses.

He addressed a joint session a few hours after arriving for three days of talks with President Truman, Secretary of State Dean Acheson and others.

"Europe once solidly united," the 70-year-old premier said, "will relieve you of your sacrifices in men and arms, for she will herself contrive the defense of her peace and common freedom."

De Gasperi reaffirmed Italy's desire that Trieste be returned to Italy, as recommended by the Big Three in 1948. But this does not mean, he said, that Italians "are victims of a narrow nationalism."

Earlier he explained, it was evidence of Italy's wish "to consolidate our Western, coalition in Europe."

"As free men," he said, "we wish to tell you we are grateful to you because, by demanding revision of our unfair peace treaty, you have acknowledged that an effective and staunch alliance can not exist without equality of rights and full recognition of the independence, sovereignty and dignity of a nation."

The premier paid tribute to American aid to Europe.

"Without your generous contribution," he said, "Europe—at least most certainly the anti-Communist front line of Continental Europe—would already have collapsed."

President and Mrs. Truman and their daughter, Margaret, and several cabinet officers met de Gasperi as his train pulled in from Detroit.

Reports were that the United States, Britain and France are drafting a joint declaration of their plans to change the arms limitation provision in the Italian peace treaty. The announcement is expected to climax his visit.

New Cool Wave Expected To Stall In Texas Panhandle

By The Associated Press

A cool wave moved into the Texas Panhandle early Monday, but the Weather Bureau said it wouldn't go very much farther south.

Temperatures dropped before dawn to 46 degrees at Dalhart and 51 at Amarillo. Most other minimums over Texas were in the 70's, ranging up to 80 degrees at Galveston.

Showers cooled off scattered areas Sunday.

The norther, described as a "mild one," entered the Texas Panhandle a few hours after the official entry of Fall at 2:38 p.m. Sunday.

Maximum temperatures as Summer bowed out officially ranged from 98 degrees at Presidio to 79 at Texarkana. Readings generally were in the upper 80's or low 90's.

Rainfall reports for the 24-hour period ended at 6:30 a.m. Monday included:

Corpus Christi 68 inch; Alice 28, Palestine 24, Houston 15, Victoria 10, College Station .07, Waco .06, Marfa .04, Austin and Salt Flat .02, and Galveston and Palacios .01.

Ridge—

(Continued From Page One) top of a huge mountain northwest of Yangu.

By nightfall Sunday, they were halfway up. The Reds fought back with rifles and grenades.

Air Forces Busy
Allied warplanes Sunday destroyed 375 Communist motor vehicles.

Far East Air Force planes flew 850 sorties in their round-the-clock attacks on Communist supply lines.

B-29 Superforts attacked a rail bridge at Suncheon. Carrier-based planes hit Red rail yards on the northeast coast, and the battleship USS New Jersey pounded enemy installations below Kansong on the east coast, off the Sea of Japan.

No jet aerial battles were reported.

In Washington, the U. S. Air Force said American jet pilots have shot down 72 Russian-type MIG-15's since the first one was sighted last February. American jet losses in air battles were given as 16 through September 11.

Officers said reason for the lopsided score was better pilots, not superior planes.

CHILD SUFFERS BURNS

Thomas Williams, age eight, of 904 South Baird Street, received emergency treatment at Western Clinic-Hospital during the weekend for first and second degree burns of the hand suffered when playing with a cigarette lighter.

EMERGENCY PATIENT

Ruth Dennis was given emergency treatment at Western Clinic-Hospital during the weekend as a medical patient.

OBJECT IN EYE

J. H. Castleberry, a trucker, was given emergency treatment at Western Clinic-Hospital during the weekend for removal of a foreign object from his eye.

EMERGENCY PATIENT

Robert Fisher, 208 South Lamesa Road, received emergency medical treatment Sunday at Western Clinic-Hospital.

RANCH HAND INJURED

Buck Wilson, a ranch hand, suffered a fractured arm and other injuries in a fall from a windmill during the weekend. He was hospitalized at Western Clinic-Hospital.

five doctors who had spent the night at the king's bedside. Handwritten with soft lead pencil, the bulletin was posted on a board attached to the fence in front of Buckingham Palace.

A tall police inspector read the bulletin aloud over the heads of the jostling throng. People then lined up and filed slowly past for a first-hand look.

The 55-year-old king spent the critical night under the watchful eyes of doctors and nurses. Watchers were understood to include five of the eight doctors who took part in the two-hour operation Sunday.

Dr. Clement Price-Thomas, who performed the actual lung resection, did not remain in the palace. Disease Not Named

Lung resection is the term used for surgical removal of the whole lung or part of it. It has not been indicated how extensive the operation was or which lung was affected.
