### Iris Jecker And Jack Berman Wed

In a single-ring ceremony Sunday, Iris Jecker of Midland and Basle, Switzerland, became the bride of Jack E. Berman of Midland. The wedding took place in the First Presbyterian Church with the Rev. Lewis Waterstreet, pastor of the St. Andrews Presbyterian Church, officiating.

The bride is the daughter of Mr. and Mrs. Alfred Jecker of Basle, Switzerland. Berman is the son of Mr. and Mrs. Edward W. Williams of Rochester, Mich.

Mrs. Felix Bentz, sister of the bride, was matron of honor. The best man was Dr. Felix Bentz, brother-in-law of the bride.

The wedding was performed before a background of white gladiolus with white tapers on each side of the mantle.

Mrs. Bruton Plays  
Mrs. A. Bruton, pianist, played traditional wedding music.

For her wedding, the bride chose a two-piece dress of brown metallic cloth flecked with green. The dress was fashioned with a sweetheart neckline and short, puffed sleeves. The jacket, worn over the dress, had three-quarter length sleeves with large cuffs and a small collar. She wore brown accessories and a white gardenia corsage.

Mrs. Bentz wore a black afternoon dress with black velvet accessories and a gardenia corsage.

A reception was held in the home of Mrs. Marguerite Pierce.

Mrs. Pierce and Dr. and Mrs. Bentz assisted the couple in receiving the guests. Others in the house party were Mrs. David Sheridan and Bernice Webb.

The bride's table was covered with a white nylon shadow stitch cloth and centered with an arrangement of white gladiolus. The wedding cake was topped with miniature bride and bridegroom figurines. White tapers completed the decorations.

For the wedding trip to Carlsbad, N.M., the bride chose a gray suit with black accessories and a white

gardenia corsage.

After Monday the couple will be at home at 1202 North Colorado Street.

Mrs. Berman previously was employed as a nurse at the Midland Memorial Hospital. Berman is a geologist for the Atlantic Refining Company.

The bride finished high school at Basle, Switzerland, is a graduate of Lausanne College in Switzerland. She also is a graduate of the Children's Hospital in Basle. Berman is a graduate of the Ohio State University.

Among the out-of-city guests were William Mohler of Switzerland.

### Painful cramps of "Monthly Periods" stopped or amazingly relieved

**in 3 out of 4 cases in doctors' own tests!**

Women and girls who suffer from those functionally-caused cramps, backaches and headaches of menstruation—who feel upset and irritable on certain "particular days"—may often be suffering quite unnecessarily!

Such is the conclusion from tests by doctors in which Lydia E. Pinkham's Vegetable Compound gave complete or striking relief from such distress in 3 out of 4 of the cases tested!

Test Medical evidence shows Lydia Pinkham's thoroughly modern, in action, is exerting a remarkably calming effect on the uterus—without the use of pain-killers or drugs!

The effectiveness of Lydia Pinkham's needs no proof to the millions of women and girls whom it has benefited. But how about you? Do you know what it may do for you? Take Lydia Pinkham's through the month. See if you don't get the same relief from the pains and weakness of "those days"! See if you don't feel better before and during your period!

Get either Lydia Pinkham's Compound, or new, improved Tablets, with added iron! If you're troubled with "hot flashes" and other functional distress of "change of life"—you'll find Lydia Pinkham's wonderful for that, too!

Buy skin. "My skin had been dry, before I tried Noxzema's Home Facial," says Mrs. Ellen Sloan of Raleigh, N. C. "It helped so much, I follow this beauty routine daily. Now! Noxzema is so refreshing to use, too."

### Look Lovelier in 10 Days with Doctor's Home Facial

**Easy, New Beauty Routine Quickly Helps Skin Look Softer, Smoother, Lovelier!**

No need for a lot of elaborate preparations... no complicated rituals! With just one cream—Noxzema—you can help your problem skin look lovelier!

The way to use it is as easy as washing your face. It's the Noxzema Home-Facial developed by a skin doctor. In clinical tests, it helped 4 out of 5 women!

See how it can help you! Morning—Apply Noxzema. With a damp cloth, "creamwash" as you would with soap and water. No dry, drawn feeling afterwards!

Now, smooth on Noxzema for a powder base. It's greaseless! Evening—"Creamwash" again. How clean your skin looks—without harsh rubbing! Now, lightly massage skin with Noxzema to help soften, smooth; help heal externally-caused blemishes.

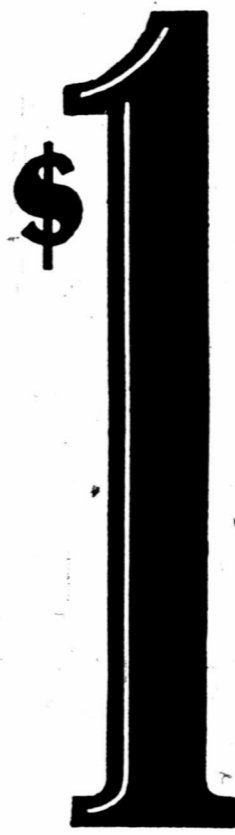

**Your Money Back!** If this Home Facial doesn't help skin look lovelier in 10 days, return your jar to Noxzema, Baltimore, Md.—and get your money back.

# DADDY RINGTAIL

By WESLEY DAVIS

THIS MAN'S NEVER  
"IN A STEW"  
KEEPS NERVES STEADY—  
LIKES TO CHEW...  
WRIGLEY'S SPEARMINT!

## Daddy Ringtail And Eskimo

Mugwump Monkey, the monkey boy, and the Huffen Puffen, and the friendly wolf, were sitting at a table at the Huffen's hollow tree house. Because the day was a hot, hot day, Mugwump and the Huffen were talking about the ice and snow of Eskimo-land.

"Huffen Puffen," said Mugwump, "What would you do if an Eskimo came to knock right now at your door?"

"I will have to think about that, I will," said the Huffen, and so he thought about it. Why, an Eskimo-

man is one who lives in Eskimo-land of ice, and snow. The Eskimo even lives in a house all made of ice.

Oh, ice is everywhere there in Eskimo-land. The air is so cold that water is changed into ice that never melts. Why, building a house is the easiest thing in the world. All you do is saw some ice like wood into blocks. Then you build the house with the blocks, and the blocks of ice should fit close together to keep out the snow and cold, cold wind. Oh, the wind is very cold indeed, there in Eskimo-land.

For the door of the house that is made of ice, all you need is a warm fur to stretch across the place to go in. Better still, maybe there should be a block of ice to roll against the hole that the fur is covering. Then the wind cannot come in, or even a great white polar bear. The ice

will be much too heavy for the bear to push away, we hope. And then the snow will fall and fall from the sky to cover the house that is made of ice, and so the house will be snugger and warmer and safer inside. Yes, and you will go to sleep at last in a bed of furs to sleep through a long Winter night while the bears are prowling about on the ice outside, or maybe a reindeer even goes running by.

"Huffen Puffen," said Mugwump, "I asked you what you would do if an Eskimo knocked on your door right now."

"Oh!" said the Huffen, because he had been thinking of all these things about Eskimo-land, and he really did not know just what he would do if an Eskimo knocked at his door, he said.

Oh, but the Huffen had better decide what he will do, because an Eskimo now is about to knock (oh yes!), and that is the story I'll tell you tomorrow. Happy day!

**How does it feel to drive a Buick?**

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you've never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please.

It spurts when you want to spurt—rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive\*—that feeds power in a steady, falterless flow—lets you ride relaxed in busy traffic or on a day-long cross-country drive.

**No other car provides all this!**

- DYNAFLO DRIVE\*—saves strain on driver and car
- FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel
- PUSH-BAR FOREFRONT—combines smart, distinctive style and unsurpassed front-end protection
- WHITE-GLOW INSTRUMENTS—greater clarity at night
- TORQUE-TUBE DRIVE—steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
- DUAL VENTILATION—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
- DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models

Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

When better automobiles are built BUICK will build them

### Little Girl's Cries End 'Kidnap' Hunt

LOS ANGELES—(P)—Natalie Ann Wisniewski, three, woke up in a strange place Tuesday night and started crying.

Her cries ended a city-wide "kidnap" hunt, started a half-hour earlier when her parents, Mr. and Mrs. Harry Wisniewski, reported the child and their auto gone.

The Wisniewskis parked their car beside the garage after coming home from the grocery store. They left Natalie sleeping in the car while they carried in the food packages.

While they were gone, a finance company agent had the car moved to a garage seven blocks away. He told police he did not notice the child in the car.

Natalie's presence in the automobile was not discovered until she awoke and started crying. Garage attendants called police, and the "kidnap" scare was ended.

Police took Natalie home. The car remained impounded.

Excellent trout, grayling and salmon fishing is found in Alaska's Katmai National Monument.

### Scout Fellowship Barbecue Slated

The Scout family will be guests Saturday at the fourth Annual Fellowship Barbecue at the Buffalo Trail Scout Ranch near Balmorhea. Some three hundred visitors will be present to take part in demonstrations showing the activities carried on by the Scouts during the Summer and Winter camping seasons.

Following the barbecue at 6 p.m., a fellowship program will be presented, featuring a mountain-side tableaux depicting the history of the Davis Mountain area in which the 6,000-acre Scout ranch is located.

Entitled "Mountain Men," the spectacle will trace the succession of periods from the time of the basket makers to the present Scouting program at the ranch. It will be planned and directed by S. G. Painter, Scout field executive of Odessa.

The annual fellowship event is designed to acquaint all Scouters with the facilities and program available to all Boy Scouts and Explorers of the Buffalo Trail Council.

### ★ THE DOCTOR SAYS ★

### Ask Your Doctor's Advice On How Often To Have Check

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

A conscientious businessman, who wants to keep himself in the best possible health for the sake of his family and his business associates, wants to know how often he should visit his doctor and have a routine physical examination. The question is a good one but the answer is difficult.

A routine physical examination cannot absolutely guarantee health, nor even always prove that no obscure disorder is present.

Nevertheless this does not mean that the periodic physical checkup is not worth-while. How often it should take place depends upon the age and physical condition of the patient, his occupation, and the judgment of the physician.

What tests should be made at the time also have to be left to the physician, since it is impossible to make every conceivable test which is in the books. From the patient's point of view, therefore, he or she must take the advice of the physician consulted with regard to how often routine checkups should be made, and of what they should consist.

A person who visits the doctor regularly should report any symptoms or suspicious signs which developed since the last visit. Gain or loss in weight is particularly important.

Examination of the blood pressure should be included in every routine examination of grown-ups. A few simple laboratory tests on the blood and urine generally are made also.

Many Special Tests

Up to this point, the routine physical examination is fairly simple. However, there are so many special tests possible that it would not be practical to apply them to every person once or twice a year.

How often, for example, should it be necessary to take a basal metabolic test, an X-ray of the stomach, an electrocardiogram, or examination of the chemistry of the blood? Such tests as these cannot be included in routine examinations unless there is some particular reason to do so. They would cost too much and take too much time.

### American Negro Faces Swiss Trial As McCarthy 'Spy'

GENEVA—(P)—A tubercular young American negro is to be tried in the Federal Swiss Criminal Court on charges of political spying in behalf of Senator Joseph W. McCarthy (R-Wis).

The Swiss government has accused Charles E. Davis, 24, of Pasadena, Calif., of violating Swiss sovereignty by gathering information about John Carter Vincent, U. S. minister to Switzerland, until his transfer last February, and supplying it to McCarthy.

Davis also was charged with leaving his landlady with a bill for more than \$100 for telephone calls to the United States.

His trial is scheduled to begin at Lausanne Monday.

Davis was arrested by Swiss authorities last November and for the last several months has been treated in a Geneva tuberculosis hospital, where he has been kept in the prison ward.

Davis told U. S. Consulate officials here he was a correspondent for a Communist newspaper in California.

McCarthy repeatedly has attacked Vincent with assertions he followed the Communist line, particularly when the State Department sent him to China during the war.

### Senate Approves New Federal Judgeships For Eastern Texas

WASHINGTON—(P)—Creation of a new judgeship in Texas' Eastern District to handle a big increase in the number of cases there was approved by the Senate Tuesday.

The additional judgeship, one of 19 approved in a bill passed by the Senate, was asked by the Texas Bar Association. The bill also made permanent Judge Joe Sheehy's judgeship in the East Texas District.

### Elizabeth, Philip Visit Capital City

OTTAWA—(P)—Princess Elizabeth and the duke of Edinburgh led the royal tour into Canada's capital city Wednesday and plunged immediately into a program of lavish entertainment by the dominion's dignitaries.

Highlight of the day's program—and most important "VIP" function of the entire Canadian tour—was Wednesday night's state dinner at Government House with the governor general, Viscount Alexander of Tunis, and his lady presiding, and top officials and the diplomatic corps attending.

Tuesday night in Quebec, the brunette heiress presumptive to the British throne and her blond husband were honored at a dinner by Quebec's Prime Minister Maurice L. Duplessis.

### LEGION COMMANDER

John F. Crooks of Odessa will preside over the Fall convention of the 20 American Legion posts of the 16th Congressional District of the American Legion in Alpine, October 13 and 14.

### Bowles Confirmed After Senate Fight

WASHINGTON—(P)—Chester Bowles weathered a caustic Republican attack in the Senate Tuesday night to win confirmation as this country's ambassador to India.

The vote was 43 to 33. Five Republicans joined 38 Democrats to uphold President Truman's nomination of Bowles, former Democratic governor of Connecticut and wartime price administrator. A lone Democrat, McCarran of Nevada, opposed confirmation.

### Draft Board Quits In Protest Of New Induction Policies

LEXINGTON, KY.—(P)—A three-man local draft board has resigned in protest of a national Selective Service policy of inducing childless married men while deferring college students.

The board quit Tuesday, labeling the order as "discriminatory and one which we would not subscribe to."

Gov. Lawrence Wetherby was unavailable for comment or action.

The board included accountant Sam W. Eskew; Stuart G. Levy, clothing store executive, and tobacco broker E. J. O'Brien, Jr.

All three also were critical of the Kentucky Appeal Board's recent refusal to uphold the board when it rejected the deferment of 18 college students.

### Kiwanians Pick New District Governor

OKLAHOMA CITY—(P)—The Texas-Oklahoma District of Kiwanis International Tuesday selected Austin, Texas, as the site for its 1952 convention.

The site was picked at the conclusion of the district's three-day 34th annual convention.

Dr. Lewis H. Fouts of Lawton, Okla., was named governor of the district to succeed Luman Holman of Jacksonville, Texas.

### USC Guard, Aggie Tackle Named As Week's Top Linemen

NEW YORK—(AP)—Pat Cannamela, Southern California guard, and Jack Little, Texas A&M tackle, were picked Wednesday as the linemen of the week in the first Associated Press linemen poll for the 1951 football season.

Cannamela gained defensive honors for his work in helping to stop the University of Washington in an important Pacific Coast conference game at Seattle. Little took the offensive laurels for his sterling play against Oklahoma at College Station.

Little, playing 50 minutes, both offensive and defensive, in the Aggie's 14-7 triumph over Oklahoma, was very effective in opening holes in the Sooner line. Ray George, the Aggie's coach, said afterward: "I was very impressed and pleased with the way Jack played. He looked awfully sharp to me."

Gene Moeller, Tennessee center, and Tom Hanlon, Pennsylvania end, received high praise in the voting.

Other linemen nominated were Centers Dick Hightower, Southern Methodist; Hugh Meyer, Texas A&M; Tom Hugo, Denver, and George Tarasovic, Louisiana State; Tackles Bill "Pug" Pearman, Tennessee, and Bob Evans, Pennsylvania; and Guards Harley Sewell, Texas, and Les Richter, California.

**FISH-STORY TELLER**—Harvey Teller of San Francisco poses triumphantly beside the 333-pound tuna he took off Wedgeport, N.S. It's the second largest bluefin ever caught with rod and reel. Teller's previous "great catch was a 43-pound salmon. (NEA)

### Yanks Move In For Kill

NEW YORK—(AP)—Flexing their muscles after the 13-1 victory over the Giants at the Polo Grounds Tuesday, the New York Yankees Wednesday moved in for the kill with Vic Raschi (21-10) primed to face Dave Koslo (10-9) of the Giants in the sixth World Series game at Yankee Stadium.

A 12-hit barrage by the Yankees Tuesday sent them away to their one-sided triumph, as Larry Jansen, twice a loser in the series, received shoddy backing from his teammates. Still, he hurt himself with four walks and a home-run ball to Gil McDougald, which came with the bases full.

Eddie Lopat was plenty cute Tuesday, sprinkling five hits. Monte Irvin and Alvin Dark collected hits and now have 11 and nine, respectively. Irvin's 11 hits for one series now is only one short of the record. Joe DiMaggio continued his fine hitting after getting off to a bad start.

Phil (Scooter) Rizzuto smacked a home run for the Yanks in the loosely-played game.

### Pat Garner Draws Betsy Rawls; 'The Babe' Leads Field

FORT WORTH—(AP)—Mildred (Babe) Zaharias entered match play in the Women's Texas Open Golf Tournament Wednesday after capturing medal honors Tuesday with a three-under-par 72.

The five-day tournament starts the Babe against fellow Pro Betty Mackinnon, attractive swinger from Dallas who posted an 81.

Rawls tackles the long-hitting Midland star, Pat Garner, who came in with 82 blows.

Beverly Hanson, seeking her third straight title in this event and her second victory since winning the eastern open, is scheduled to meet Mrs. H. C. Reidel of Dallas, an 83 shooter.

The Bauer Sisters, Marlene and Alice, also of Midland, both strong contenders to capture the sixteenth annual edition of the event, aren't expected to encounter too much opposition in their first matches. Marlene faces Frances Rich of Bainbridge, Ga., who shot an 88, and Alice tackles 15-year-old Martha Leonard, a young Fort Worth competitor who shot 87.

The tournament continues through Sunday's 36-hole championship grid.

### Midland, Kermit, Odessa, Wink Get Nods As Winners

It's Midland 83, Poly Fort Worth 20, in The Reporter-Telegram Sport Department's crystal ball this week.

Midland has flashed a powerful ground attack. Poly has shown an inability to halt the opposition on the ground. Poly has shown a fine aerial game. Midland hasn't been too effective in stopping aerial thrusts. That should make for a real high-scoring in the Saturday night go at Fort Worth. Kickoff time for the contest—to be played on Farrington Field—is 8 p.m.

First action in state play gets underway Thursday, with three tilts being unreeled.

But Friday night is the big night of action, as area teams and Midland's 1-AAA brothers begin another round of play.

Sweetwater entertains Childress, and the rapidly-improving Mustangs should win this one, 26 to 6.

Vernon, with a tough defense, should get by North Side Fort Worth, 7-0, while Lamesa expects to have little difficulty in routing a weak Mineral Wells team, 33 to 7. Big Spring and Plainview, other District 1-AAA teams, are idle this week.

District 1-AAAA

In District 1-AAAA, its Odessa 28, Borger 12, Abilene 45, San Angelo 6, Lubbock 33, Amarillo 21, with Pampa idle as district play opens in the "Little Southwest Conference." All teams concerned, with the exception of San Angelo, take unbeaten records into the conference play.

Kermit and Andrews play in Andrews in the first 8-AA loop test, with Kermit's defending champion Yellow Jackets figured too strong for the Andrews eleven, 27 to 7.

Monahans has a chance to win one, as two strong-defense, weak-offense eleven gets together when Lakeview comes to Monahans. Make it 6-0 for the Lobos.

Seminole, beaten last week for the first time this year by Brownfield, gets another rugged test in Littlefield and could fall again, but we'll pick Seminole in a 14-13 mild upset. Peecos should have little trouble at Ozona, winning 34 to 9.

In District 5-A, its the second round of conference play with all eyes turned toward the Iraan-McCamey clash. The winner expects to fight Wink for the district title along later in the season, and Iraan gets a 27 to 20 nod here. Wink, meanwhile, plays Marfa at Wink and ex-

### Handicapper Hoople Dusts Off McGinty's Heliacal Hypothesis

By MAJOR AMOS B. HOOPLE

Egad! Throughout the land the hapless fellows competing with me at the pastime of picking football winners are gnashing their molars—and no wonder!

All the handicapping systems used by the mine-run selectors have played them false. Only your correspondent still is dependable, and

It is Dr. Gottwald McGinty's heliacal hypothesis!

Years ago I used this to handicap polo matches and stock-chases, but I had solved it as too complicated for football.

With things so topsy-turvy in the pigskin world, however, it has been recovered, dusted off, and my millions of readers will find it sure fire! No, folks, I can't explain it to you—not yet, that is!

Now get on with the forecast of games for October 13:

Army 26, Dartmouth 7.  
Navy 13, Ely 6.  
Nebraska 21, SMU 11.  
Michigan 56, 24, Marquette 7.  
Texas 21, Oklahoma 28.  
Wisconsin 20, Ohio State 14.  
Washington 21, Oregon 7.  
Michigan 14, Indiana 7.  
Minnesota 28, Northwestern 11.  
California 20, Wash. State 6.  
Yale 27, Columbia 12.  
Penn 19, Princeton 14.  
Maryland 14, Georgia 6.  
LSU 11, Georgia Tech 7.  
Stanford 20, UCLA 12.

The Old Pint-A-Minute Man that is because he has found a new and well nigh infallible law to apply to grid combat.

Alas! I have tried Avanzani's laws of the falling plate, the law of averages, Avogadro's laws of gases, the law of absorption, Kepler's laws of planetary motion, and the law of cosines. All of these have been found to have a fly in them.

But I am carrying on, undaunted, my coat-of-arms still unswayed. This week I really have discovered what the boys in the back room are wont to term, "the McCoy!"

the most talked-about girdles in the world

**WARNER'S STA-UP-TOP**  
never rolls over  
always stays up

- \* the only girdle that never rolls over... always stays up... lets you bend naturally below the band.
- \* the only girdle that comfortably allows your waist as it trims your hips.
- \* the only girdle with the easy-stretch waistband that always stays snug... never spreads.

At a wonderful the way Warner's Sta-Up-Top girdles trim your hips and whittle your waist as well. Wonderful the way that patented elastic waistband grows like a grin with every breath you take. Wonderful the way it inches you in... never pinches you in. Choose your Sta-Up-Top from soft-knits or paneled-perusers—from step-ins or panties—with 2- or 3-inch waistbands—nylon or not. Be sure it's 3-Way-Sized to fit you perfectly in length, hip size and control.

**Wink Justice Dies In Kermit Hospital**

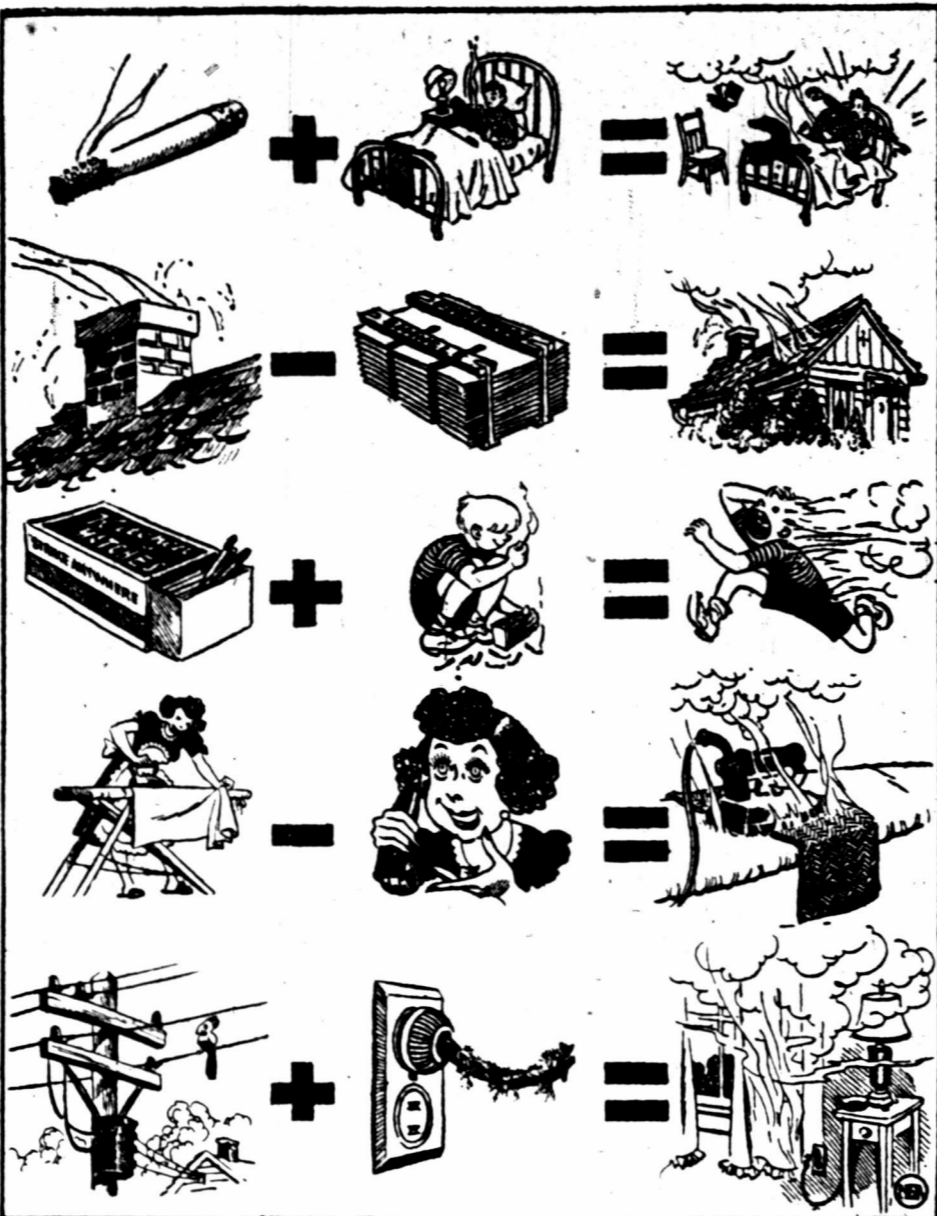

KERMIT — Edward Vaughn, 70, who was serving a second term as justice of the peace at Wink, died Tuesday in a hospital here. He had been in ill health the last two years due to a heart ailment. A native of Indiana, Vaughn had lived in Wink since 1931. He was chief engineer 40 years with the Standard Oil Company and retired several years ago. He was a life member of the Methodist Church, a Shriner and a Thirty-Second Degree Scottish Rite Mason. Survivors include the widow and a step-daughter, Mrs. Jack Collins of California. Funeral arrangements were pending the arrival of relatives. Services will be held in the Wink Methodist Church with interment in the Kermit Cemetery.

**Riots Break—**

(Continued From Page One) the scene of the riots and had some difficulty dispersing the crowds. The mobs broke up into small groups and went off shouting for cancellation of the Anglo-Egyptian alliance. Steel-helmeted police, wielding clubs, patrolled the main Cairo streets. Shopkeepers hurriedly lowered their shutters. All factions united. All Egyptian factions appeared united behind the government's decision to cancel its alliance with Britain. Parties opposing the government of the Prime Minister pledged unreserved backing if the government carries out its threat to cut off supplies to British troops encamped along the Suez Canal. The opposition leaders also condemned proposals for a Middle East Defense Command, to include Egypt, under the North Atlantic Treaty. The newspaper Rosa Al Youssef, a strong foe of Nasser Pasha, called for a holy war—jihad—against Britain if the British refuse to evacuate. That refusal seemed certain. British Foreign Secretary Herbert Morrison announced in London Tuesday that Britain intends to maintain its "full rights" under the treaties which Nasser Pasha denounced Monday.

**Court Official—**

(Continued From Page One) Great Dissenter" on the Texas Supreme Court, Associate Justice Smedley's record shows otherwise that he has stood with the majority opinions of the state's highest court about 90 per cent of the time. He is known, however, for his insistences on justice and his demands that the "letter of the law" be followed. One of his dissenting opinions brought Smedley a lot of publicity two years ago. He disagreed with a majority of the courts were closed to William Hagedorn, a Caldwell County farmer who had to pay for damages caused by a mule he did not own. The majority decided the farmer slept on his rights and could not undo the decision. The Smedleys also lived in Wichita Falls and Fort Worth nine years, then returned to Austin, where he was appointed to the Supreme Court's Commission of Appeals. When the court was enlarged from three to nine members in 1945, he was elected in 1946 to a six-year term. Born in Kentucky, Judge Smedley is a graduate of the University of Virginia Law School. Mrs. Smedley came from Mississippi. Judge Smedley recalled that he lived in a number of Midland rent houses, including one owned by S. O. Richardson, where the Petroleum Building now stands. In 1910, he bought a small cottage in the east part of the West End Addition. His first law office was on the second floor of a two-story brick building immediately north of the old Llano Hotel. During part of the time he lived here, Upton and Andrews Counties were not organized and were attached to Midland County for judicial purposes. After they were organized, he recalled that he attended court in Upland, first county seat of Upton County and at Andrews, Odessa, Barstow, Pecos, Stanton and other West Texas cities. Judge Smedley was to come to Midland from El Paso, where he was honored with a banquet. Thursday he will visit friends in Kermit, Wink, Barstow and Pecos, where he will be guest speaker at the Rotary Club. He was to spend Wednesday night in Hotel Scharbauer.

**FIRE SAFETY ARITHMETIC**—Fires, which annually take a terrible toll of American lives and property, can almost always be explained by simple addition or subtraction. In two of the illustrations above, proper precautions and watchfulness were removed from the presence of fire hazards. Carelessness and negligence were added to three other situations with the same result—tragedy. National Fire Prevention Week, October 7 to 14, is your cue to rid the home of the mathematical ingredients of fire, a terrible sum that can be avoided with simple safety measures.

**Texas Fire Prevention And Engineering Bureau Has Big Job Checking Buildings**

DALLAS — Buildings and people have a lot in common when it comes to the business of insurance. A man must stand a rigid physical examination to prove his good health before he can buy a life insurance policy. Some buildings do, too. The job of checking the "health" of Texas buildings and their operations belongs to 30 specially-trained inspectors of the Texas Fire Prevention and Engineering Bureau. Maintained by the fire insurance companies to supply information to their underwriters, the Bureau has offices here and in six other Texas cities. Last year, bureau inspectors checked more than 3,000 industrial plants, warehouses, office buildings and hospitals in Texas. Their reports helped fire insurance companies decide the amount of insurance each would accept. The reports also enabled the companies to suggest improvements in fire prevention practices. It's also the bureau's job to keep a trained eye on the fire defenses of Texas towns and cities. The water supply, alarm systems and fire-fighting equipment of more than 200 communities already have stood the rigid inspection of bureau experts. Cities which have followed bureau recommendations not only have saved thousands of dollars in lower fire insurance premiums but have preserved property that might otherwise have gone up in smoke. A detailed report on the city's fire protection services always is handed municipal officials when the inspectors complete their check. With it goes the bureau's suggestions for improving the defenses. Cities find it good business to act on bureau recommendations. Often the money saved on insurance premiums in one year will exceed the costs of the improvements in municipal fire defenses. Businessmen have learned that the bureau's inspectors also can help them prevent fires and the shut-downs and loss of profits that follow. That's why they welcome the rigid examination of their properties. This year, the Fire Prevention and Engineering Bureau has been doing a special job designed to save lives. Cooperating with other fire insurance organizations, the American Hospital Association, the Bureau has been directing the inspection of every hospital in the state. Bureau engineers, together with almost 500 special agents of the capital stock fire insurance companies, have just about completed the checking of Texas' 750 hospitals and nursing homes.

**Service Awards Made To Lions**

Recognition by the awarding of Old Monarch Chevrons for 10 or 20 years of service was given 11 members of the Midland Lions Club at its luncheon meeting Wednesday in Hotel Scharbauer. Honored for 10 years of service were R. C. Baker, J. M. Cox, James L. Daugherty, Jerome Grayum, Frank Monroe, Conrad Reeves, Dr. Henry L. Schlichting and John A. Sewell. Honored for 20 years of service were Bill Collins, Frank Stubbeman and S. C. Dougherty. Ernest Sidwell was program speaker. He lauded the men for their service: "These men who stay in there and pitch for year after year, deserve recognition that we are giving them today." Collins spoke on the highlights of 20 years in Lionism. He said, "Lionism does something for a man, if he puts something into it." Dougherty spoke on the friendships acquired in his years of service to Lionism. J. P. Carson, Jr., presided and the invocation was by Morris Howard. Larry Mayfield was introduced as Junior Lion of the Week. C. E. Nelson reported a profit of approximately \$675 made in sponsoring a circus recently. Midland Lions were invited to attend an anniversary event of the Andrews Lions Club, October 13.

**Gus Hall—**

(Continued From Page One) was arrested in Mexico City. The Mexican Communists had called a meeting of their executive committee Wednesday. Moscow Trained The quick movement of Hall across the border took the matter out of the hands of Mexican authorities. Mexican authorities had tried to keep the arrest of Hall a secret until he was out of the country. The Mexican Communist Party announced it. Hall and the other fugitives are American-born but Moscow-trained. William D. Clark, 28, son of Gen. Mark Clark, was wounded seriously Sunday West of "Heartbreak Ridge" by Communist mortar fire. Clark, operations officer of a battalion in the U. S. Ninth Infantry Regiment, was hit in the back and chest. His unit was attacking a Red hill at the entrance to the Munding Valley. He was taken to a mobile Army hospital unit. A doctor said his condition was serious but not critical. Clark's father is chief of Army field forces with headquarters at Fort Monroe, Va. Captain Clark was wounded once before in Korea.

**Toastmasters Hear Talk On Football**

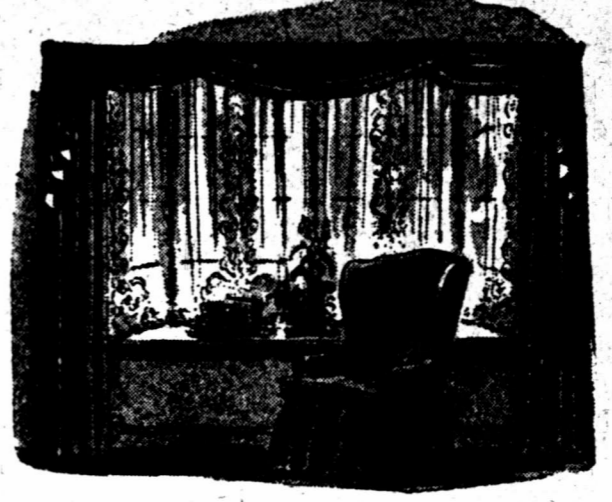

Current football practices was the topic of discussion of the Midland Toastmasters Club at the regular dinner meeting Tuesday night at Donaloo's Restaurant. Paul Hicks was toastmaster. Principal speakers for the club program were John C. Brane, Malcolm Breneman, Howard E. Davis and R. A. Connolly. W. Lionel Carver, vice president, presided in the absence of President Henry J. Schlichting. Club guests were John Culber and F. H. Walker.

**Practice FIRE PREVENTION**

Prevent fires at home by cleaning up rubbish. The majority of home fires start in trappables, rubbish or stored odds and ends that have accumulated around the house. Don't stop when you have cleaned out the inside of your house. Go after rubbish in your backyard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn you if an enemy bomb or city. You can get additional training in home fire prevention through your local civil defense organization.

**Dr. Hubert Hopper Named Moderator Of Texas Presbyterians**

Dr. Hubert H. Hopper, pastor of Houston's Memorial Oaks Presbyterian Church and a former pastor of the First Presbyterian Church of Midland, was elected moderator of the Synod of Texas, Presbyterian Church, U.S., as it opened its centennial meeting in Austin Tuesday afternoon. He succeeds Dr. R. Matthew Lynn, pastor of Midland's First Presbyterian Church, who preached the sermon opening the meeting of Synod.

Dr. Hubert Hopper

Delegates representing the 350 Presbyterian Churches in Texas are attending the session, which will continue through Thursday. The Synod was organized 100 years ago this month in Austin, by seven ministers representing the 35 Presbyterian Churches then in existence in the state. Members of the church in Texas today total more than 81,000. The 20 Texas Churches more than 100 years old will be specifically honored at the meeting of the Synod. Synodical, the state organization of Presbyterian women, also is meeting in Austin this week. Mrs. Paul Lavery and Mrs. Lynn are representing Midland's Women of the Church at the gathering. Mrs. Lynn is a member of the executive board. The Rev. Lewis O. Waterstreet, pastor of Midland's St. Andrews Presbyterian Church, is attending the Synod meeting. Dr. Hopper was pastor of the Midland church from 1941 to 1946.

**Fly Control—**

(Continued From Page One) they haven't kept up with the needs. The trouble is that too many people are trying to live here with too little housing, too little water and too little sewage facilities. "In the last eight months, things have just gone to pot." Open Privies, Garbage Cans He complained of open privies in some sections of the city and open garbage cans all over the city, both of which are breeding places for flies. "We've had our share of communicable disease," said Cass, "but fortunately we've had no epidemics. I think Mr. Von Zuben and Mr. Ogden can tell you we have the mechanical framework for an epidemic. We have a critical situation." City Manager W. H. Oswalt expressed surprise at learning of the condition. He said three months ago he had asked Dr. F. E. Sadler for a report of conditions. "At that time," he added, "the gravity of the situation was not impressed on me. I didn't come away from that meeting with the same impression I have received here today." Oswalt explained, too, that the city had been waging a campaign with chemicals the last two years. "Chemicals," said Von Zuben, "will not handle the situation, alone. DDT was developed during the war and it performed miracles. But the public got the idea that here we have magic chemicals and don't have to worry anymore. "It does kill flies, but when conditions are such that they breed so prolifically, it is not enough." He said the breeding places of the flies must be removed and recounted his experience with a fly control program carried on in Corpus Christi to combat an outbreak of polio. "We do have a potentially bad situation here, he added. "There are literally acres of breeding places, many open privies and other such things. And when a fly comes from an open privy he is simply loaded with pathogenic organisms." He outlined a program calling for a trained man to direct the fly control work, a crew of workmen, an educational program and stronger laws to require covered garbage cans and sewer connections. Dr. Tom Bobo, city health officer, also attended the meeting and expressed the hope such a program will be carried out.

**Allies Smash—**

(Continued From Page One) men and officers—flanked the tanks. A smaller Second Division tank-infantry force shot up Heartbreak Ridge bunkers from Satae Valley, east of the ridge. They hammered Chinese in the valley and to the west and shot up North Korean bunkers on the east. U. S. Second Division infantrymen on the ridges ran into fierce resistance to the east, but captured two hills west of the valley. A counterattack by 1,000 Chinese forced the 38th Regiment to withdraw from one mountain on Kim II Sung Ridge, near Heartbreak. Attacking units on the 23rd Regiment were stopped cold on a small ridge west of the northern tip of Heartbreak. The UN Command announced U. S. First Division cavalrymen beat back a 1,000-man Red counterattack northwest of Yoncheon and scored small gains of their own. B-29 Superforts blasted two airfields at Pyongyang, the Korean Red capital, with 130,000 pounds of high explosives in the continuing campaign to keep Communists from basing their growing air force in Korea.

**Committee—**

(Continued From Page One) Crockett, and Reagan Counties lying south of the south line of Township 3 South in Midland and Glasscock Counties. Although the regulations of the development and production of the Sprberry is a matter for the Railroad Commission, the operators committee felt suggestions and recommendations which are discussed Thursday, if approved by Sprberry operators, would prove useful to the Commission.
