**Seaboard Stakes
Deep Wildcat In
C-E Dawson Area**

Seaboard Oil Company of Delaware and others have staked location for No. 1 R. O. Guff as a wildcat in Central-East Dawson County.

Location is one and one-half miles east of the Spraberry-Deep field and 700 feet from east and 600 feet from north lines of the 200-acre lease in southeast quarter of section 43, block 33, T-5-N, R-6-P survey.

That makes it 19 miles southeast of Lamesa.

Projected depth is 9,000 feet. That is calculated to take the wildcat through the Mississippian and into the Devonian. Rotary tools will be moved in and drilling will begin soon.

**Lower Spraberry
Makes Good Flow
At Reagan Project**

Flowing production from the lower Spraberry has been assured at Reagan Petroleum Company No. 1 Leonard Proctor wildcat in Northwest Reagan County. The strike, 13 miles north of the closest lower Spraberry production which is in the Weddell field, is now shut in for bottom hole pressure surveys. As soon as the surveys are complete, operator will put the discovery on potential test.

From Perforated Zone
Perforations in five and one-half inch casing at 7,565-96 feet were treated with 1,500 gallons of Hydracast treatment.

During the last 10 hours of flowing the well made 215 barrels of fluid, mostly new oil, and the rest was load oil. At the end of the 10 hours of flowing it was making 22 barrels of new oil per hour. The flow was through a 24/64-inch tubing choke.

Location for No. 1 Proctor is at the center of the northwest quarter of the northeast quarter of section 22, block 28, T-9-S, R-6-P survey.

**Devonian Discovery
Indicated By Crane
Deepening Project**

A discovery from the Devonian in Southeast Crane County has been located at Placid Oil Company and Callery & Hurt, Inc., No. 1 A. B. Eppanauer.

This project is three and one-half miles west of the shallow McCamey field, and 600 feet from north and east lines of section 14, block 6, R-20-T survey. That makes it ten miles south of the town of Crane.

Devonian Tested
It had its shows of oil in the Devonian in a drillstem test at 5,199-5,226 feet. The tool was open three hours.

Gas surfaced in 11 minutes. No fluid came out at the top while the tester was open.

Recovery was 40 feet of slightly oil and gas out drilling mud; 80 feet of oil cut mud, estimated to have been 80 per cent oil, and 150 feet of 42-gravity free oil.

Open Flowing
Open flowing bottom hole pressure was 75 pounds. Shut-in bottom-hole pressure after 15 minutes was 1,450 pounds. The prospector is to drill deeper into the Devonian.

This wildcat was originally completed in January of this year as a flowing discovery from the San Andres-Permian, to open the Eppanauer-San Andres field.

Already A Discovery
It made a 24-hour potential of 134 barrels of 38-gravity oil, flowing through a 3/8-inch tubing choke. The production came from perforated section at 2,710-30 feet. Total depth is at 3,901 feet. The 7 7/8-inch casing is cemented at 3,901 feet. It is now being drilled deeper to check the lower zones.

**Midland Operators
Shallow Prospector
Shows As Opener**

Don Jerome, Kenneth Rice and E. Rice, all of Midland have a small shallow prospecting discovery in prospect at their No. 1 Pettway, Central-East Cole County wildcat.

The prospect is expected to be completed for a daily pumping natural yield of about 30 barrels of oil per day from Brenecks sand pay at 1,244-54 feet.

No Water Appeared
Preliminary testing has shown a recovery of at least one barrel of oil per hour halting. No water has appeared.

The new discovery is nine miles south of Santa Anna and 200 feet from south and 190 feet from east lines of the S. D. Harper survey.

Operators are now preparing to install the pump and take potential test and complete.

**CRMWD Attacks
Validity Of Martin
Water Regulations**

AUSTIN—(P)—A 126th District Court restraining order Tuesday temporarily blocked an attempt by Martin County to keep its underground water from being piped to Midland, Snyder and Odessa.

The order was granted the Colorado River Municipal Water District which seeks to pipe water temporarily from wells in Severy County.

County's Water Conservation District No. 1 was granted a ground water designation by the Board of Water Engineers. The designation gave the district control over a reservoir subdivision within the county and south of the Canadian River.

The district set up spacing rules on water wells, an action that tied up the Colorado River District's pipe line plans.

The petition asked the court to declare void the ground water designation by the Board of Water Engineers and the spacing rule by the Martin County Water District.

Hearing for the Martin County district officials was set October 29 and for the State Water Board November 12.

AMBASSADOR TO VATICAN—Gen. Mark W. Clark, whose appointment by President Truman as the first U. Clark Appointment Sets Off Growing Wave Of Concern In Texas, Capital

By The Associated Press
President Truman's appointment of Episcopal Bishop Gen. Mark Clark as U. S. ambassador to the Vatican brought outspoken comment—mostly in protest—from several Texas Protestant groups.

Statements from religious leaders followed the announcement of Senator Connally that he would oppose Senate approval of Clark.

Senator Johnson called the action a "radical departure from our traditions and policies of the past."

Methodist ministers of the Fort Worth District passed a resolution declaring the action "on the grounds that it violates the principles cherished by America of the separation of church and state."

The Galveston District Conference of the Methodist Church passed a resolution to "protest the appointment of General Mark Clark as a revolutionary departure from the traditional separation of church and state and as a dangerous precedent."

Most Unfortunate Act
The conference advised its pastors and laymen to make individual protests of the appointment.

Dr. J. Howard Williams of Dallas, executive secretary of the Executive Board of the Baptist General Convention of Texas, called Truman's appointment "one of the most unfortunate acts of his ill-fated Administration."

He said "Our government has no constitutional right to form an official relationship with any religious organization, whatever its beliefs."

The San Antonio Council of Churches objected Monday night. The council opposed the President.

Third Russian Atom Explosion Reported
WASHINGTON—(P)—A third atomic blast has occurred in Russia, the White House said late Monday, and "there may be more such explosions from time to time."

White House Press Secretary Joseph Short said the new atomic blast in the Soviet Union was "apparently x x x part of a test series."

The White House announcement about the Soviet explosion did not use the word "bomb" which was employed October 3 in the announcement of a second Russian blast.

**Former Prominent
University Student
Quizzed In Slaying**

AUSTIN—(P)—A man identified as former prominent student at the University of Texas was questioned Tuesday in the pistol-slaying of Douglas Kinser, 33, golf course owner.

Connally based his fight against the appointment on Clark's World War II command of the 36th Texas National Guard Division in the bloody Rapido River crossing in Italy.

But a Democratic senator who usually supports Truman's proposals told a reporter he and others hope for renunciation of the military honors raised by the President's move to give full diplomatic recognition to the Vatican.

Had Political Spot
This senator, who asked that his name not be used, said he believes the President's action has put on a hot political spot every senator running for reelection next year in states where the result is in doubt between Democrats and Republicans.

A vote for confirmation of Clark would anger Protestant elements which have opposed giving diplomatic recognition to the Roman Catholic Church State, the senator said, while a vote against Clark might arouse Catholics who hold the balance of power in some areas.

As a result, the Democratic senator said he and others hope the President will decide to name Clark his personal representative to the Vatican. Myron C. Taylor held that status from 1940 until last January.

This would not require Senate action on Clark's appointment, nor would it require action by both houses in a bill to waive the law against a military officer's appointment to a civilian post. It also would not involve official diplomacy.

Shamrock, TESCO Pay Protested Tax
AUSTIN—(P)—Two more protests of natural gas tax payments were made to Comptroller Robert S. Calvert Tuesday.

They were \$2,342.46 from the Shamrock and Gas Company of Amarillo and \$1,561.97 from the Texas Electric Service Company of Fort Worth.

The first such protested payment was made Monday. The tax is on natural gas gathered at the rate of less than half a cent per thousand cubic feet.

Several large gas gatherers are expected to pay under protest before Wednesday's deadline.

Midland To Observe UN Day Wednesday
Wednesday is United Nations Day in Midland.

As the city's churches prepared to observe the day, Mayor Perry Pickett issued a formal proclamation Tuesday.

"This day," said the mayor, "has been designated as a time when communities throughout the world are urged to stir wider interest in, and deeper concern for the United Nations, churches and other religious agencies in the community are carrying on a program for the day's observance."

"The churches of the city will be open throughout the entire day for all to come and worship."

Two West Texans Die In Plane Crash
SAN ANGELO—(P)—Capt. Alex F. Sears of Abilene and Lt. Royce C. McGarr of San Angelo were killed Monday night when their plane crashed about nine miles west of here.

The two flight instructors, stationed at Goodfellow Air Force Base here, had been recalled to service as Air Force reservists.

The plane was on a weather check flight.

Red Feather Crews Wait For Kickoff

Can Midland raise \$55,000 in 30 days?
This challenge will greet Community Chest volunteer workers at 7 p.m. Tuesday in the Crystal Ballroom of Hotel Scharbauer. It's the kickoff time for the annual campaign to finance a year's worthy activities of seven organizations in Midland.

Chest leaders, urged on by General Chairman Pat Ruckman, said the job could be completed within 30 days.

"But it will depend upon everybody in Midland," Ruckman said. Midland residents have been urged to turn on their porch lights Wednesday night so volunteer Chest workers may complete their residential solicitation quickly.

Red Feather headquarters reported Tuesday that division chairmen and their groups were poised for the opening signal. Every phase of Midland industrial, business and residential life will be contacted to contribute to the Chest fund, which needs \$55,447.25 to meet minimum requirements.

John E. Reid, campaign coordinator, with offices at the Boy Scout Headquarters, 318 North Colorado Street, said volunteers have kept the Chest telephone—4-6006—busy with offers to take on a share of the work load.

"Many persons are taking time from their business to do this job for Midland," Reid said. "We know we can reach the goal in 30 days provided everybody pitches in."

The Rev. R. J. Snell will open the Tuesday night meeting with a prayer for the quick success of Community Chest drive. Speakers will include Mayor Perry Pickett, Harold Bourland, Ruckman and Reid. Workers' campaign kits will be ready for distribution.

Most of the Chest funds will be used in fostering good citizenship among the youngsters of Midland, Ruckman emphasized. The Boy Scouts, Girl Scouts, two Youth Centers, the Colored Day Nursery, Goodfellows and Salvation Army will receive the funds to meet their budget needs.

Respected British Newspapers Swing Support To Tories

LONDON—(P)—Two of Britain's most respected newspapers, the Times of London and the Manchester Guardian, swung their support to the Conservative Party Tuesday in last-minute decisions before Thursday's general election.

Neither is affiliated with one of the two major parties.

The Times was neutral in the 1950 election. The Guardian supported the Labor Party.

In leading editorials, they advanced the same reason for their decisions—namely, that the Labor Party and its Socialist policies no longer will serve the best interests of the country.

The campaign moved into high gear in these last two days before the election. Britons awaited with considerable interest the final major speech—Tuesday afternoon—from Winston Churchill, who again will be prime minister if the Conservatives take over the government.

Major personalities in both parties headed for strategic areas to make closing appeals to voters. Both organizations sent teams of doorbell ringers from house to house, seeking support in a large number of districts classed as "doubtful" throughout the country. The consensus of opinion still held that the Tories would win.

**At Least 14
Enemy Craft
Knocked Out**

EIGHTH ARMY, KOREA—(P)—Communist airmen hurled 150 jets at UN warplanes Tuesday and lost at least 14 destroyed or damaged in history's largest jet battle.

Two American planes were shot down and at least two damaged.

The Fifth Air Force estimated 246 jets, plus an undisclosed number of B-29 Superforts, were involved.

The previous record in a single jet battle was 199 on September 26.

Mobs Roar As British Seal Canal

CAIRO—(P)—Egyptian mobs roamed Cairo Tuesday shouting for arms to settle their differences with the British. It was a nationwide "day of mourning" to honor 16 Egyptians killed in last week's disorders.

The crowds in Cairo were fairly orderly, but in Alexandria, Egypt's second largest city, police were forced to fire shots into the air and backshot into the ground to keep demonstrators in check.

The new demonstrations followed a British move, sharply cutting rail and traffic and banning road movement in the disputed Suez Canal area.

"We want arms!" the demonstrators yelled: "We want arms." One of the crowd held up a gun and shouted: "This is how we will talk to Atlee."

All shops were closed in Alexandria and Cairo.

An open car filled with demonstrators attempted to drive to the Garden City area of Cairo, where the British and American embassies are located. A guard of 50 Egyptian police turned them back.

The British seized the harbor and railway station at Port Suez Monday night.

A limited number of trains will be permitted to cross the canal to supply Egyptian troops on the east side of the canal, the British said. Food trains for Egyptian civilians throughout the canal zone also will operate.

The British denied Egyptian reports that they used a squadron of tanks to take the railway shops and station at Port Suez. Only "six or seven" armored vehicles were on the move in the area Monday, the spokesman said.

But British troops are stationed at switches and crossings from Port Said to Suez, along the full 104-mile length of the canal, he disclosed.

Master Control For Traffic Lights To Be Installed

Installation of a master control for 28 traffic lights in Midland's business district will begin this week.

City Manager W. H. Oswald Tuesday said the control equipment, ordered almost a year ago, has arrived and will be installed by the Texas Electric Service Company.

The control, which will be located at the City Hall, will permit the coordination and regulation of all the lights.

Shep (Abdullah) King Drolls Over Desert Love, Champagne

HOUSTON—(P)—Red-haired Sheppard King III came home bubbling over love on a moon-kissed desert and not too concerned at the wrath of his socially prominent mother.

The husky Texan, who won a beautiful Egyptian belly dancer in three hours, said he was going to start divorcing his wife Tuesday.

The intriguing love story of the 26-year-old ex-Marine and dancer Samia Gamal entered a new phase when Sheppard closed the door of the imposing family home shortly after midnight.

"Mother says that the doors and turn out all the lights so we won't be bothered by reporters," he told newsmen. Then he went back into the house to see her.

Mrs. Bonner King, 51, his ailing and widowed mother, has threatened to disinherit him if he didn't "get rid of that woman."

"She can't disinherit me," said Sheppard, admitting his family is "very wealthy." "I'll take it to court."

He has no intention of getting rid of Samia.

"I'm flying to Cairo the day I get a divorce," he said. "I'm going to get married the day after I get there."

He plans a small wedding in Cairo, but a lulu of a reception at Auberge's Les Pyramids Night Club. "There'll be buckets of champagne," he promised.

King's mother has declared her son had no business but "play business" and that if he married Samia she was disinheriting him. She didn't mind his becoming a Moslem.

Sheppard said he was glad of this because he was going to insist on (Continued On Page 10)

Street Work To Start Wednesday

Seal-coating of three downtown streets in Midland will get underway Wednesday.

City Manager W. H. Oswald Tuesday said Big Spring Street, from Illinois to Missouri Street will be closed to traffic Wednesday while the work is being done.

Seal-coating will be done Thursday on Marionfield Street from Illinois to Wall Street and on Texas Street from the alley west of Colorado Street to Carline Street.

Reds Let Another Day Slip By Without Accepting Talk Rules

MUNSAN, KOREA—(P)—Red China's Peiping radio quoted Premier Mao Tse-tung Tuesday as saying the Chinese will continue to "assist America" until the U. S. accepts Red peace proposals in Korea.

The Red Chinese premier added that armistice negotiations "will be a success if America takes a rational stand in true talks."

The broadcast was heard in Tokyo as the Reds let another day slip by without approving an agreement to reopen cease-fire talks which they broke off two months ago.

Two Generals Replaced
Mao's remarks were taken to mean the Communists haven't changed their position during the two-month break in negotiations. Red negotiators had insisted on a cease-fire line along the 38th parallel. They said the United Nations emphasis on a battle-line truce was irrational.

Helping radio also reported two generals of the five-man Communist delegation have been replaced. A United Nations spokesman said the changes may indicate the Reds plan to place greater emphasis on military considerations and less on political phases of an armistice.

Reorganization of the Communist delegation was announced as the Reds ignored a UN challenge to ratify new truce talk rules quickly. That was the only thing still needed to reopen negotiations to end the fighting in Korea. The Red delay ruled out the possibility of a meeting before Wednesday.

Seal-coating of three downtown streets in Midland will get underway Wednesday.

City Manager W. H. Oswald Tuesday said Big Spring Street, from Illinois to Missouri Street will be closed to traffic Wednesday while the work is being done.

Seal-coating will be done Thursday on Marionfield Street from Illinois to Wall Street and on Texas Street from the alley west of Colorado Street to Carline Street.

Have a Laugh

By BOYCE HOUSB

Gov. Jeff Davis of Arkansas was a past master at ridicule. In a speech, he once said, "I have a little boy, God bless him, a little pale-faced, white-haired fellow. I love him better than anybody on earth except his mother."

"If I find that boy is a smart boy, I'll make a preacher out of him. If I find he is not so smart, I'll make a lawyer out of him. And if I find that he hasn't a bit of sense, I'm going to make an editor out of him and send him to Little Rock to edit the Arkansas Gazette!"

Two men who had been friends for years were talking. One said, "I saw Ruth today—first time I'd seen her since we graduated from high school together."

The friend asked, "Has she kept her girlish figure?" The first one said, "Kept it! She's doubled it."

Harvest Moon Shines On Again

LAGUNA BEACH, CALIF. —(AP)—Composer Jack Norworth, 72, who wrote the song hit, "Shine On Harvest Moon," and Mrs. Amy Swer, 64, widow of comedian Bert Swer, are newlyweds.

Norworth revealed Monday that they were married last Wednesday at—most appropriately—Livingston, N. M. His first wife was Vera Bayes, one-time musical comedy star, who died last year. Norworth, who also wrote "Take Me Out to the Ball Game," was a vaudeville celebrity in the early 1900's.

Nurse Gives Life To Save Actress' Tot

SANTA MONICA, CALIF. —(AP)—A 66-year-old nurse gave her life saving the three-year-old son of comedienne Cass Daley from death under an automobile.

Mrs. Mary Strook died in a hospital Monday after she pushed Dale F. Kinseida from the path of the family car when it started rolling backward down a driveway. The nurse was pinned under the wheels.

Miss Daley, wife of Frank J. Kinseida, told police she heard the nurse scream and turned to see the woman shove Dale from the path of the moving and driverless car.

Four Airmen Killed, Two Hurt Critically In Transport Crash

SAN ANTONIO —(AP)—A huge Air Force transport plane crashed and burned Monday at Kelly Air Force Base, killing four of the six crew members aboard. The two others were injured. The dead were: Capt. James E. Reese, 34, instructor pilot, San Antonio; Sgt. Benjamin K. Holeman, 30, flight engineer instructor, San Antonio; Lt. Col. Samuel S. Nuckols, chief pilot of the Military Air Transport Service Continental Division, Fort Worth; Sgt. Elwyn M. Underwood, 28, flight engineer, Locks, N. Y.

Very critically injured was Capt. J. C. Ambrose, student pilot assigned to MacDill Air Force Base, Tampa, Fla.

Critically injured was Sgt. William C. Moore, Jr., student flight engineer, San Antonio.

Witnesses said the plane—a C-97 Stratofreighter—was taking off on a training flight. When it was between 50 and 100 feet up, the craft banked off the runway, and the right wing hit the ground.

Maine Sends Potato Baron To Congress

BANGOR, MAINE —(AP)—A big Aroostook potato man who never sought public office before is Maine's new congressman-elect.

Republican Clifford G. McIntire, 43, of Perham will take office January 8 as successor to Rep. Frank Fellows (R) who died last August.

McIntire, a grower and executive of the world's largest potato cooperative, defeated two opponents in a special Third District election Monday.

12 Crewmen On Riddled Superfort Hit Silk To Safety

TOKYO —(AP)—One of the nine B-29 Superforts which attacked the new Communist air base at Taechon Monday was shot down by Red anti-aircraft fire. The Far East Air Force said all 12 crewmen were rescued.

One of the plane's four engines was knocked out and another was set afire. Capt. Lyle B. Bordesup, the pilot, knew he could not stay in the air long enough to reach Allied-held territory so he headed toward the Korean West Coast.

Lt. Donald A. Birch, the bombardier, signaled the crew to bail out over a small, offshore island.

Birch's aim was almost perfect. Nine of the 12 men hit the island and the other three landed nearby.

A few minutes later a rescue Amphibian picked up the 12 men and took them back to a United Nations base.

Vacuum-Style Boot To Warm GI Feet

WATERTOWN, MASS. —(AP)—A new-style rubber boot which operates on the principle of the vacuum bottle will be worn by the American GI in Korea this winter to keep his feet warm, even at 45 degrees below zero.

The new boot—designed to be worn with only one pair of socks—consists of two layers of rubber with two piles of 19-ounce knitted wool insulation between them.

A one-half inch of wool felt insulates the inner bottom of the boot.

The boots have been shipped to Korea after three seasons of testing in Alaska.

IN HOLLYWOOD

Dramas Are Fine, But Ann Blyth Wants To Try Musical

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—Ann Blyth, who has the game and curves for it, has slipped the word to her studio bosses and agents that she'd like a whack at a typical Betty Grable musical frolic.

Scanty costumes, singing, dancing and all.

Getting ready for the heavy histrionics with Gregory Peck in "The World In His Arms," Ann confided: "I'm grateful for my wonderful dramatic chances. But I keep hinting for musicals. I've kept up my vocal lessons and I could brush up on my dancing with a little practice."

Edgar Bergen's burning over the Army's cancellation of his three-week tour of camps. His radio sponsor was ready to pick up the check for the entire junket but at the last minute, Army brass decided they might be criticized because of the commercial tie-up.

Ella Raines has made a New York hospital reservation at a New York hospital for the stork's landing. It's their first for Colonel and Mrs. Robin Olds. No truth to those Peggy Lee-Dave Barbour reconciliation stories. David Nivins' first novel, "Once Over Lightly," hits the stands Nov. 12.

Maybe Hollywood's "live" invasion of the hinterlands to hippo "Movietime U. S. A." wasn't such a good idea after all.

The meet - the people tours, dreamed up by the exhibitors, have brought a fine reaction to the movie contingents in some cities and horrible public relations in others.

The pelting of Dorothy ("I just forgot to duck") Lamour, Director Alfred Hitchcock and Debra Paget with limes at Brockton, Mass.—the crowd objected to an hour

and a half delay in getting the program under way and a plea for "no autographs"—was a sour note Hollywood would ill afford.

Preview Note: Paramount's "Detective Story," produced and directed by William Wyler, is slick, adult celluloid with three really great performances by Kirk Douglas, Eleanor Parker and Lee Grant in the featured role of a shop-lifter.

Television's sagebrush heroes can start blushing over MGM's "Callaway Went Thataway," a satire on video cowboy heroes. Howard Keel plays a cowboy who's taken right off the range to become a national hero.

"But I never did any acting," he protests to Fred MacMurray, a Hollywood agent.

"Who said anything about acting," replies Fred. "You're going to be a cowboy star. All you need are two expressions—hat on and hat off."

Stan Laurel is back to 140 pounds and is anxious to resume his career. He never expected to leave that Paris hospital alive.

John Howard and Rochelle Hudson are teaming up for a TV film series, "Ship From Macaboo." Rhonda Fleming's penciled in for Cleopatra in Columbia's "Serpent of the Nile."

Ann Sheridan's chuckling over the memories brought back by a TV revival of "Winter Carnival," a movie she made at the peak of her "Oomph Girl" publicity. As she tells it: "Walter Wagner borrowed me from Warner's but he'd have nothing to do with the 'Oomph Girl' ballyhoo. Instead he paid \$22,000 for a full-page ad in a national magazine and labeled me 'America's No. 1 woman of allure'."

"I went back to Warners and the 'Oomph Girl' title and no one ever mentioned the word 'allure' again."

Hollywood did a double take when Director Stuart Heisler cast one-armed Donald Gray as Linda Darnell's lover in "Saturday Island." Would audiences accept a physically handicapped hero opposite luscious Linda?

The answer is coming from previews of the film, where Gray's being cheered by audiences. He lost the arm as a soldier in North Africa.

Modern-day movie acting? Francis X. Bushman, the Clark Gable of his day, didn't mind having his say-so on the subject.

"In the old days, we were individualists. We turned our heads the way we felt it. It was real. I make a gesture today and they tell me that I'm corny and an old-school actor. Old school, my eye. I was reacting naturally.

"Today you have a big scene. A mother dies in an upstairs room. The daughter turns to her boy friend and says, 'She's gone.' Then she takes out a cigarette, and says, 'Do you have a light?' Oh, no, give me the good old days."

Recruiter Announces Change in Schedule
The schedule for visits to Midland by Marine Corps Recruiter M/Sgt. A. B. Sealy has been changed. Sergeant Sealy will be in the recruiting office located in the post office basement here Saturday morning each week and all day on the first and third Mondays of each month.

The schedule change is effective November 1.

Casualties in Korea

WASHINGTON — Two Texans killed in action and three wounded are included in Korean casualty list No. 424, released Monday by the Defense Department. All are Army personnel.

Killed in action: Pfc. Grover T. Dickerson, Marshall; Sgt. L/c Andrew C. Rivera, Melvin.

Ballet Theater Will Feature Prominent Dance Artists Here

The Ballet Theater, now on its thirteenth annual cross-country tour, will be presented in Midland Wednesday by the Ballet Theater Foundation, headed by Eivins Davis.

The performance, under the auspices of the Midland Civic Music Association, will be held in the high school auditorium.

A native of Independence, Mo., Davis is a director of the American National Theater and Academy and a well-known figure in American stage, film and radio circles. He served as the National Broadcasting Company's special representative and commentator at the coronation of King George VI in England and following his return he became supervisor of NBC's public service and educational programs.

Since 1941, he has devoted much of his time to the legitimate theater, producing plays in New York and other cities throughout the country. Among his recent productions were "Skipper Next to God," starring John Garfield, and "Elizabeth the Queen," with Jane Cowl. He is an active participant in the International Theater of UNESCO.

The theater is under the direction of Lucia Chase and Oliver Smith. Miss Chase serves as administrative director, co-producer and featured dancer. Two seasons ago she was elected to the Board of Directors of the American National Theater and Academy and was specially cited by Look Magazine for her devotion to the cause of the ballet in America.

Smith, a Broadway veteran of seven years standing, first came to ballet attention through his set-

Mrs. Campanella Named President

Mrs. Charles Campanella was named president of the Woman's Auxiliary of Postal Clerks, Local No. 1696, when it met with Mrs. Edward Knabe Saturday.

Other officers chosen were Mrs. Knabe, vice president; Mrs. Wayne Campbell, secretary-reporter; Mrs. Joe Pharris, treasurer; and Mrs. William Metzger, historian and Chaplain.

The new officers will be installed at 6:30 p.m. November 8 at a dinner in the Blue Star Inn honoring the past presidents, Mrs. Ralph Stubblefield and Mrs. Ed Zantow.

Plans were made for a bake sale to be held November 3 and a party to be given Thursday in the home of Mrs. Zantow, 303 West Estes Street. Mrs. Ray Wright will be co-hostess.

The Halloween theme was carried out in the decorations with black and orange replicas of witches, moons and pumpkins used in the entertaining rooms.

In addition to Mrs. Knabe, hostesses were Mrs. Campanella, Mrs. Campbell and Mrs. Pharris. Others attending were Mr. and Mrs. Wright, Mr. and Mrs. Metzger, Campbell, Mr. and Mrs. Zantow, Pharris and Campanella.

Mrs. Frank Ashby, Jr.

Frances Hubbard, Frank Ashby Wed

Frances Marilyn Hubbard of Ozona became the bride of Frank Charles Ashby, Jr. of Midland Saturday in the First Baptist Church in Ozona. The Rev. Clifton Tennyson officiated.

The bride is the daughter of Mr. and Mrs. C. B. Hubbard of Ozona. Ashby is the son of Mr. and Mrs. Frank Charles Ashby, Sr., of Midland.

The double-ring ceremony was performed before an altar banked with greenery and flanked by large arrangements of white chrysanthemums and candelabra.

Mrs. Henry Wither, organist, played wedding music and accompanied Mrs. H. B. Tandy and Jeanene Thompson who sang "Because" and "Through the Years."

Attendants Listed
Mrs. Lee Crenweige of Lovington, N. M., was the matron of honor. Bridesmaids were Ruth Sparks of Ozona, Ann Ashby of Midland and Serita Obelgover of Hallettsville.

Junior bridesmaids were Janice Spencer of Ozona and Georgia Hubbard of Ozona. Lynn Crenweige of Lovington was the flower girl and Kim Hubbard was the ring bearer.

Holt Priddy of Stanton was the best man. Ushers and groomsmen were Fate Keising of Stanton, Allan Olson of Midland and Jack Rothwell of San Antonio.

The bride, given in marriage by her father, chose a gown of white chintilly lace designed with a tiered skirt trimmed in accordion-pleated nylon net. The neckline of the fitted bodice was outlined with seed pearls. Her cap of white lace was trimmed with seed pearls and was caught to an elbow length veil of illusion.

The matron of honor wore a pale green satin dress with green lace jacket. The junior bridesmaids wore

coffee brown satin gowns with capes and the bridesmaids wore gowns of Fall green satin with lace jackets. The flower girl wore a gown of white net over white taffeta.

Reception Held
A reception was held in the church parlor. The table was centered with an arrangement of white asters and baby breath. The three-tiered wedding cake was topped with figurines of the bridal couple. Baskets of chrysanthemums completed the decorations.

The house party included Mrs. Joe Hubbard, Mrs. Carl Stevens, Mrs. C. O. Spencer, Mrs. Lowell Littleton, Mrs. Tom Mitchell and Mrs. Armond Hoover, Jr.

When the couple left for a wedding trip, the bride was wearing a black velvet suit with a white feather hat and matching accessories. The couple will be at home in Austin where the bridegroom is a student at the University of Texas.

Mrs. Ashby is a graduate of Ozona High School and attended the University of Texas. Ashby is a graduate of Midland High School.

Those attending from Midland were Mrs. Roy Lockett, Mrs. J. J. Travis, Mr. and Mrs. George Turner, Mr. and Mrs. B. R. Schabrum, Madalen Schabrum, Mr. and Mrs. William Potts, Lloyd French, Mrs. J. G. McMillan, Jean McMillan, Mrs. C. W. Paris, Mr. and Mrs. Leiland Davison, Mrs. E. H. Davidson, Mr. and Mrs. W. H. Gilmore and Mr. and Mrs. R. L. Hughston.

Guild Has Dinner, Biblical Program

The Wesleyan Service Guild held a dinner meeting Monday, followed by a program on the first two chapters of the Book of Acts.

The group met in the Scharbauer Educational Building. Mrs. Ed Smith was in charge of the lesson. Guests were Glenyth Herring, Hester Williams and Mrs. Smith. The devotional was given by Mrs. Ruby Trammel. Approximately 24 members attended.

Methodist Have Covered Dish Supper, Auction

The Fellowship Class of the First Methodist Church held its annual white elephant auction and covered dish supper Thursday in the church, with Mr. and Mrs. Curtis Hicks serving as hosts.

They were assisted by Mr. and Mrs. Keith Stuart and Mr. and Mrs. L. K. Stout.

Proceeds from the auction will be used for the support of a 13-year-old boy in the Methodist Home in Waco, as well as for Midland projects.

The class forwards donations to the home each Spring and Fall to buy the boy's clothing and necessities. They also furnish him with birthday and Christmas presents and monthly spending money. He is one of three children at the home supported by a First Methodist Sunday School class.

One of the class' local projects is the redecoration of its class room. Because of its size, the class was divided recently. The new group thus formed was named the Mr. and Mrs. Noel Oates is the teacher and E. B. Seawright is president. There are approximately 150 members.

The next class party is a dinner to be held during the Thanksgiving season at the Blue Star Inn. Mr. and Mrs. Hugh McCullough will be in charge of arrangements. They will be assisted by Mr. and Mrs. Fred Uhrig, Mr. and Mrs. Guy Willis and Mr. and Mrs. Boyd Crain.

Approximately 60 members were present.

GROUP POSTPONES MEET

The Midland Writers Group announced recently it has postponed its Wednesday meeting due to a conflict with the Midland Civic Music Association program.

Budget Test a Mercury for Proof of Value!

Does it have a down-to-earth first price? Mercury's price tag you can easily understand—a really big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has continually proved its more-miles-per-gallon by winning in officially sponsored economy tests.

Will upkeep stay low? You save money year after year. Mercury's famous stamens keeps repair bills at a rock-bottom low.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercurys continue to keep their value year after year; used car market reports consistently prove it.

Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

3-WAY CHOICE! For "the drive of your life!" Mercury offers you a triple choice in dependable transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease synchronized standard transmission.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Tracks In The Sand

Daddy Ringtail, your monkey friend, had made friends with an Indian man whose name was Trailing Arbutus. Together they ate a fine supper of scrambled coconut there at the monkey house, and then Trailing Arbutus said he would have to be trailing away to find some tracks to follow and trail and trail and follow away.

Daddy Ringtail and Trailing Arbutus slid down to the ground, and away they walked down the Elephant Path until they came to the

Trailing Arbutus looked. "Digh!" said he. He saw the tracks, all right, and he was very excited to see them. He explained that the tracks were made by another Trailing Arbutus Indian, except he had never heard of another, and so of course he would have to find him.

"Let's hurry and follow his tracks and catch up with him," said Daddy Ringtail, and so he and Trailing Arbutus hurried along and followed the tracks to try to catch up with the someone who had made the tracks. The tracks began to turn and seemed to be going almost in a circle.

"Look!" said Daddy Ringtail, and he pointed with his hand at the sand. Why, there were more tracks on the ground now, and the new tracks belonged to a monkey. "Why, those are my tracks," said Daddy Ringtail, "and the other tracks are yours. We have been walking in a circle, and following the tracks we made ourselves."

Yes, and Daddy Ringtail was right when he said it. They had walked around and around to follow their own tracks in the sand, but would Mr. Trailing Arbutus believe it? No sir, he wouldn't. He first had to run as fast as he could—around and around and around—faster and faster until he caught up with himself, and then he knew, poor boy. He knew he had followed his own tracks after all. Happy day!

Whispering River. Yes, and along by the river's edge was golden sand which would show the tracks where anyone had walked. Yes, and the Indian Trailing Arbutus would not find some tracks, he would, to trail along and follow after.

"Look!" said Daddy Ringtail of a sudden, and he pointed with his finger at tracks in the sand.

Why, there were more tracks on the ground now, and the new tracks belonged to a monkey. "Why, those are my tracks," said Daddy Ringtail, "and the other tracks are yours. We have been walking in a circle, and following the tracks we made ourselves."

Permian Basin Oil And Gas Log— N-C Midland Strike Is Taking Potential From Pennsylvanian

During the first 18 hours of a scheduled 24-hour potential test, The Blackwood & Nichols Company No. 1 Hotterkamp, Pennsylvania strike in North-Central Midland County, Tex., and one-half mile northwest of the city of Midland, made 100 barrels of oil flowing through a 3/16-inch tubing choke. No water was being recovered with the oil at last report.

The potential test was to be completed at 1 p.m. Tuesday.

Gravity of the oil recovered during the first 18 hours of testing was 46 degrees. Tybing pressure ranged from 375 to 750 pounds.

Location is 1,900 feet from south and 600 feet from west lines of section 19, block 28, T-1-S, T&P survey.

Two Failures Are Quit In Crockett

Two wildcat projects have been plugged and abandoned in Crockett County.

Southland Royalty Company and associates No. 1-8 Todd, Central Northwest Crockett County wildcat, has been abandoned after testing 100 per cent salt water from perforations at 6,524-6,870 feet.

It earlier tested salt water in the Ellenburger which was topped by samples at 7,410 feet. Elevation is 3,550 feet.

Location was four and one-half miles southwest of the Todd multipay field and 1,923.3 feet from south and 600 feet from east lines of section 8, block WK, OC&SF survey.

Pease Has Failure

Neville G. Pease, Inc. of Fort Worth has quit No. 1 University, West-Central Crockett wildcat, at plugged back depth of 7,000 feet.

A drillstem test was taken from 6,528 to 7,000 feet. Tool was open four hours. Recovery was 800 feet of very slightly gas cut mud.

The failure was drilled to 8,230 feet in barren Ellenburger before it was plugged back.

It was located 1,980 feet from south and 600 feet from east lines of section 1, block 29, University survey and two and one-quarter miles southeast of the Lancaster Hill pool.

Brown & Thorp Is Name Of New Clear Fork Field In Pecos

The new oil producing area in Northeast Pecos County which was recently opened for development by the Brown & Thorp Drilling Company of McCombs No. 1 O. R. White Gulf has been officially designated the Brown & Thorp-Clear Fork field.

The designation was made by the Railroad Commission of Texas.

The discovery well has been given an allowable of 80 barrels per day. Purchaser Trucking Oil.

The oil from that well and from others which have already been completed in the area is being purchased by Eastern States Petroleum Company, Inc. of Houston.

That concern is trucking the oil from the wells to the Abell pump station of the Texas-New Mexico Pipe Line Company. It is being moved through that system to Houston for the account of the purchaser.

Stanolind Is To Dig 9,500-Foot Wildcat In Central Howard

Stanolind Oil & Gas Company No. 1-D TXL is to be a 9,500-foot wildcat in Central Howard County to try for production in the Pennsylvanian formation.

It is to be four miles southeast of Big Spring and 1,990 feet from north and west lines of section 23, block 32, T-1-S, T&P survey.

Operators are to start by December 1.

Shallow Wildcat Is Staked In Crockett

The Texas Company has staked location for a 1,790-foot rotary wildcat in Northeast Crockett County.

It is No. 1-Y University and is two miles northeast of the opener of the Block 44 Shallow field.

Drillrite is 330 feet from north and east lines of section 25, block 40, University survey. That makes it 23 miles north of Osona.

Operations will begin at once.

Fisher Is To Get Ellenburger Test

Seaboard Oil Company of Delaware and General Crude Oil Company staked a 7,000-foot Ellenburger test, three miles south of Claytonville in Fisher County.

No. 1 Ralph Collins will be 600 feet from south and west lines of R. Clayton survey.

NW Rannels Wildcat Is Plugged In Lime

G. W. Strake and Robinson-Pickett No. 1 J. D. Smith, Jr., wildcat five miles southeast of Wingate in Northwest Rannels County, has been plugged and abandoned at 3,851 feet in lime.

The failure was 900 feet from south and 330 feet from west lines of section 85, Col Tap RR survey. It was one and one-half miles southeast of the North Winters pool.

TO SUEZ—Gen. Sir Brian Robertson, above, British commander in the Middle East, has flown from London to the Suez Canal Zone with orders to keep British forces there. Egypt's efforts to evict Britain from the Canal Zone have led to rioting and bloodshed.

Benedum And Jones Hiawatha Heads, Visiting In Midland

Paul G. Benedum and William J. Jones, executives of Hiawatha Oil & Gas Company are in Midland visiting the officials and staff of the Company's organization in this city.

Benedum is from Pittsburgh, Pa., and Jones makes his headquarters in San Antonio.

Benedum, in addition to being president of Hiawatha is president of Penn-Ohio Oil Company, Bentex Oil Company and Melban Oil Company. He is also a vice president of Plymouth Oil Company.

Other Connections

Jones is vice president and general manager of Hiawatha and of Penn-Ohio. All of the concerns with which the two visitors are connected are affiliated with Benedum & Trees Oil Company of Pittsburgh.

Gail H. Stoddard of Midland is chief geologist for Hiawatha. C. R. (Chuck) Reglin is the concern's district superintendent in this area.

FORBIDDEN ITEMS

In the 17th century, the use of tobacco, opium, coffee and wine in the Ottoman Empire was punishable by death, according to the Encyclopedia Britannica.

MAD SURE OF SUPPLY

In Hawaii, when planters offered cash for all rat tails, to rid the country of the destructive rodents, the plan backfired. Natives were cutting the tails off, but freeing the live rats for future breeding stock.

NIAGARA'S ROAR

Normally, the roar of Niagara Falls does not carry more than two or three miles. Boatmen on the Niagara River have heard the roar of the falls when they were eight or ten miles away from them.

Mrs. Harrison Bickey talked on the "Right to Education" and Mrs. O. R. Kinard spoke on Payne College.

LaVera Ford, vice president, presided over the business meeting. Mrs. Tuba Powers gave the opening prayer.

Mrs. Preston Pirtle was in charge of the yearbook program. The opening song was "Forward Through The Ages."

The group sang "The Voice of God Is Calling" and closed with the Lord's Prayer.

Andrews News

ANDREWS—An agreement with the State Highway Department of Texas recently was effected here at a meeting of the commissioners' court and city council concerning the widening of paving of the Big Spring-Kermit highway within and near the town of Andrews.

The approximate one-half mile of paving will cost approximately \$60,000. The highway department asked Andrews and the county for curbing and gutter on the highway along the designated one-half mile strip.

Approximately 130 blocks in Andrews recently have been paved in addition to the widening of Highway 87 and 51 through the town.

A special term of district court was held this week before Judge G. C. Olsen. A civil case, styled Mrs. Lillie Collins versus Jeannette Andrews Saunders, involving title to royalty in Andrews County, was tried.

The Andrews High School Band won first place in Class A competition at a festival recently held in Brownfield. Sixteen bands were entered and were joined by the bands of Texas Tech and McMurry College in a parade.

Mrs. J. G. Strawn and Mrs. B. E. Ireland were honorees at a recent shower in the Humble Recreation Hall. Hostesses were Mrs. T. Jones, Mrs. D. N. Standefer, Mrs. W. R. Daniels, Mrs. Lynn Mitchell, Mrs. Bob Gardner, Mrs. Ed Barnes, Mrs. J. L. Elmore and Mrs. W. W. McQuatter.

"ATOMIC" FIRST-AID KIT—Every family should have a first-aid kit for use in emergencies or atomic disasters, according to the Cleveland Academy of Medicine's relief and disaster committee. Dr. Roscoe D. Leas, head of the committee, recommends that such a kit be made up of the items shown above—items usually found in the home—and stored in the place that would be the family's air raid shelter. Don't forget the First Aid book, and you may want to include a flashlight, scissors and paper drinking cups in the kit.

Nu Phi Mu Has Installation Service

Pledges, new members and new officers were installed at the Nu Phi Mu Founder's Day Banquet Saturday in Hotel Scharbauer.

The main theme was the crowning of the Silver Star Queen.

Six members were installed with the ritual of the badge and 10 pledges were installed in the ritual of colors.

Officers installed for Unit II include Barbara Roberts, president; Mrs. Jack Clark, vice president; Doris Thomas, treasurer; Ruth Eckert, recording secretary; and Wilma O'Leary, corresponding secretary. Elizabeth Know was installed as advisor of Unit I.

The table was centered with an arrangement of pink roses and pyranthia and blue candles completed the decorations.

Twenty-five persons attended.

Junior Class Gives 'Ever Since Eve'

More than 1,000 persons attended the initial performance of the play, "Ever Since Eve," presented by the Junior class of Midland High School Monday night.

Anna Bess Doyle and Charles Whitmore take the parts of the parents, while Agatha Tabor and Robert Stubbeman portray the journalism teacher and the principal, respectively. Bill Robitsek, Evelyn Hej Robert Stubbeman, John Petty, Katherine Carter and Barbara Wilson played problem teen-agers. Other members of the cast were Royce Measures, James Johnson, Benny Bedford, Tommy Miller, Billy Beauchamp, Walter Cremin, Bill Aldrich, Randall Gibson and Don Forrest.

The second performance will be given at 8 p.m. Tuesday.

Commissioners Buy New Road Equipment

Midland County Commissioners Court Monday awarded purchase contracts on more than \$31,000 worth of new road equipment.

County Judge Clifford C. Keith said a \$15,025 low bid for a motor grader was submitted by the Road Machinery Company of Midland and a \$16,195 bid for a crawler tractor was accepted from the Plains Machinery Company of Odessa.

Vatican Post—

(Continued From Page One)
matic recognition of the Vatican.
Clark's nomination was submitted Saturday and Congress adjourned about three hours later without acting on it.

Many prominent Protestants have objected to the action, arguing that establishment of full diplomatic relations with the Vatican violates a constitutional injunction that church and state affairs be kept separate. The White House said "a few hundred" letters and telegrams had come in, most of them critical.

First Senate Opposition
Connally's was the first opposition voiced by a senator to Clark personally. In a statement Monday, Connally said the nomination "is dead" unless a recess appointment is made. White House sources indicated none would be made because of doubt that Clark would serve and retain his military status. He has said he will not give that up.

Connally heads the Senate Foreign Relations Committee, which would have to pass on any subsequent nomination.

Connally asserted Clark had "mistreated and discriminated against the Texas 36th Division and other Texas troops" in the Rapidio crossing.

"He showed himself unfit to fill any high position, either military or civil," Connally declared. Former Secretary of War Robert Patterson has defended Clark's conduct of the Italian campaign.

Clark, a four-star general, now is serving as chief of the Army's field forces.

Dedication Of Snyder Gasoline Plant Is Set For Wednesday

SNYDER—This booming oil town, the center of production activity in the Scurry area oil fields which furnished the industry's biggest boom in 1949-50, will become the focal point of news interest Wednesday when the operators formally dedicate the new Snyder Gasoline Plant to the general purpose of oil progress and conservation of natural gas resources in particular.

More than 2,000 oil men and other visitors from a wide West Texas area and from Oklahoma, California, New Mexico and the Gulf Coast of Texas, are expected to attend the ceremonies at which City Commissioner chairman of the Railroad Commission of Texas, will deliver the address. Governor Allan Shivers also will attend the dedication.

To Start At 1:30 P.M.
The dedication ceremonies start at 1:30 p.m. on the plant grounds about two and one-half miles from the town of Snyder, and will be opened by a band concert from the Snyder high school band, raising of the American flag, and welcoming remarks by Ralph Gelsomier, director of the Scurry County Chamber of Commerce, and Snyder bank official.

Speaking for the Fluor Corporation, Ltd., contract builders for the project, will be James Wiseman, Los Angeles, Calif., a Fluor vice president, who will review briefly the processing features which made this plant unique and possibly the largest producer of natural gas liquids in the world at this time.

To Conduct Tour
Following Commissioner Gulsberson's address, W. W. Valentine, Pasadena, Calif., president of the Fullerton Oil Company, one of the co-owners, will present "keys to the plant" to H. W. Manley, vice president of the gas-gasoline division of Sunray Oil Corporation.

Sunray is operator of the plant for the 30 companies and 60 individuals who own the \$8,000,000 project. Superintendent of the plant for Sunray is E. J. Mills.

L. M. Ford is assistant superintendent, and Jim Philip is chief clerk. At the conclusion of these ceremonies, guided tours of the plant site will be conducted for all dedication guests.

At a rated production capacity of some 500,000 gallons of gas liquid products per day the Sunray operated plant, although still in testing stage, was up to approximately 450,000 gallons per day production this week, while processing some 50-million cubic feet of gas daily.

Truman Gives Jessup Recess Appointment

WASHINGTON—(AP)—President Truman has given Philip C. Jessup a recess appointment as delegate to the United Nations, asserting charges Jessup has favored Communist causes are "patent falseness" that "bordered on fraud."

"The objections to Mr. Jessup's appointment made during the hearings of the Senate (Foreign Relations) subcommittee seem to me to be erroneous, and in some cases, simply the result of partisan politics," Truman said. He called Jessup "outstandingly well qualified."

Police Recover Loot From Home Burglary

Recovery of diamond rings valued at \$500 and stolen within the last two weeks from a Midland home was reported Tuesday by city police.

The rings, along with a wrist watch, a gun and a suit of clothes, were taken from the home of L. C. Link, 1411 West Texas Street.

Detective Harold Wallace said a negro ex-convict was being held in connection with the theft.

Wallace said the negro had given the rings to his girl friend.

Siding Also Provides Insulation

The Shepard Roofing and Sheet Metal Company, 1811 West South Front Street, has sold five railroad carloads of insulated siding to home builders in Midland in recent months.

Such a sales record is a sure-fire indication of a product with substantial merit, say representatives of the company.

Available in four colors, the siding comes in three-fourth-inch widths and provides greater insulation value.

Old shabby sidewall can be magically transformed into new beauty with the insulated siding.

Another product which Shepard Roofing and Sheet Metal Company is proud to pass on to their customers is new Alsynite.

Alsynite can be used on awnings, skylights, wind breakers, shower doors and bathroom walls. The new product is fireproof, shatterproof, waterproof and rockproof.

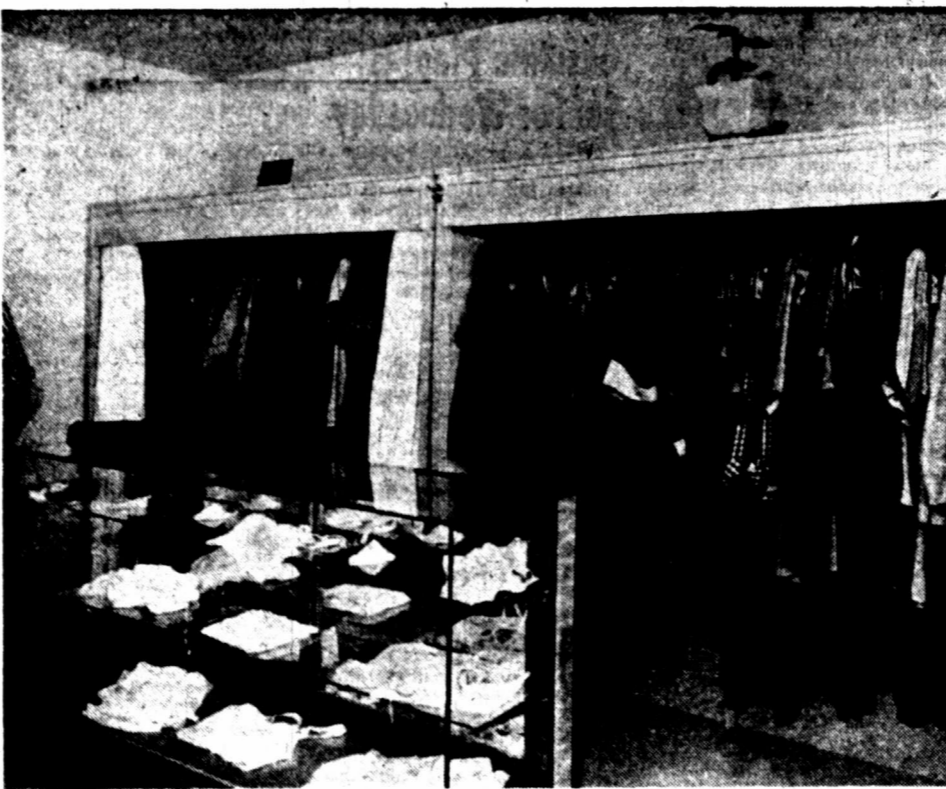

Also gaining favor with home builders is new color-grained asbestos siding and Ruberoid insulated siding. Available in a variety of colors, the siding increases the home value and makes the home cooler in Summer and warmer in Winter.

For further information you are requested to telephone 4-4241 and competent salesmen will give you estimates gladly.

C. H. Shepard is the owner of the Shepard Roofing and Sheet Metal Company. David Cole is the manager.

The concern is a bonded roofing establishment and also performs sheet metal work of all kinds.

All quality roofing, including clay tile, is handled by Shepard Roofing. Remember, on that next roofing, siding or sheet metal job, you will be wise to check with Shepard first.

MATERNITY WARDROBE—Expectant mothers can find a wide assortment of maternity clothes at The Maternity Shop, located at 501 West Texas Street. The management extends an invitation to stop in and look over the variety of beautiful Fall maternity clothes, designed for top comfort and appearance.

Midland Shop Stocks Full Line Of Maternity Togs

An expectant mother is more radiantly beautiful while awaiting motherhood than at any time during her life, is a saying heard often. A good way to accentuate that natural beauty is to wear lovely maternity dresses from The Maternity Shop, located at 501 West Texas Street.

The Maternity Shop is unique in that it is the only specialty shop of its kind within a 100-mile radius of Midland.

A complete line of maternity clothes, including dressy evening jackets, smocks and taffetas, maternity slacks or lingerie is available.

Mrs. Doris Gray is the owner of the unique shop for expectant mothers and she has recently moved the shop to its present location so she could have more room and thereby carry a greater variety of maternity clothes.

Nationally-known clothes, styled by such makers as Page Boy, Phil Jacobs, Natalie Nolder, Edith Phillips and others are carried by the firm.

Beautiful Fall maternity suits, dresses and skirts are carried in a wide variety of colors and styles to fit the taste of the most discriminating buyer.

Many expectant mothers have looked the city over for clothes in the maternity line when their needs could have been filled in one stop at The Maternity Shop.

Mrs. Gray invites you to stop in and look over the wide selection of goods. Better still, you can call her at 2-3111 for free information about desired goods.

Quonset Buildings Available

A large stock of Quonset metal buildings in a variety of sizes is available at the Midland Tractor Company, 301 South Baird Street.

These buildings, especially desirable for farm and ranch use, come in 24, 32 and 40-foot widths, in any length desired and are available for immediate delivery.

The Quonset Huts are sold "knocked down" or will be erected by the firm if the purchaser desires.

The Midland Tractor Company handles Berkeley Irrigation pumps and pressure systems and maintains service and parts on them.

The company also carries Ford tractors and Dearborn farm equipment and in addition operates a repair shop for farm implements and tractors. In charge of the repair shop is Roy Marvin Cox, Lindsey Manager.

R. J. Lindsey is manager of the Midland Tractor Company. The telephone number is 3-3771.

The concern has a large stock of repair parts, supplies and accessories for tractors and implements.

Authorized agent for Ford tractors and Dearborn equipment, the Midland Tractor Company has been serving Midland and area more than 10 years.

The repair department, staffed with highly-trained mechanics for special tractor and other repair work, is equipped to take care of any job in this line with the least possible delay.

You are invited to call for free estimates on repair work as well as to get a comparison of prices on parts and repairs.

Great American Dish Isn't Pumpkin Pie, It's Ketchup

By HAL BOYLE

NEW YORK—(AP)—Americans are a strange nation of people united by a red cement called ketchup.

It is doubtful if anything has done more to hold them together. Long debates have been held on what is the great American dish. Apple pie? Pumpkin pie? Fried chicken? Turkey with cranberry sauce? The hamburger? The hot dog?

All these have their passionate defenders. But to any one who regularly travels these United States, there can be but one answer. The great American dish isn't a dish at all. It's a bottle, a bottle containing the flavor in widest favor—ketchup.

Ketchup, also known as catchup and catsup, is no more native to these shores than folks named Smith, Jones, Johnson or O'Houlihan. It is an immigrant. It originated in Malay. It usually was made of mushrooms, unripe walnuts and ripe tomatoes, and was used to flavor soups, meat and fish.

Comes Into Its Own
Only after migrating to America, however, did ketchup come into its own. Here its ingredients are tomato puree, vinegar, spices and sugar.

And the scarlet, gooey, semi-fluid graduated from a flavoring substance into an all-purpose food. Your true ketchup fan today will eat it through a straw. He will doze it on everything from chicken a-la-king to ice cream, and only an iron tradition keeps some enthusiasts from using it to cool their coffee.

In times of prosperity the poor man uses it to anoint everything on his full plate. In times of hardship

ketchup is the poor man's surest fodder. He can go up to a cafeteria counter, ask for a cup of hot water, take the steaming cup to the nearest table, pump some ketchup in it—and he has a bowl of tomato soup for nothing.

Overwhelming Popularity
"During the last depression," a Florida cafeteria owner told me, "that ketchup soup trick almost caused me to go broke. I think it started with a damyankee visitor, but he sure did spread the custom fast through the South."

What explains the overwhelming popularity of ketchup? Many restaurant owners have a cynical answer.

"Because it's free," they say. "Anything that's free is bound to be popular."

The biggest problem is how to thump it out of the bottle without getting it on your necktie. But that can be solved easily.

Simply wear a bow tie. Then you get it on your shirt. Instead of your necktie. And if you're so finicky that even that bothers you, well—wear a red shirt.

Navy Will Test Rocket-Powered, One-Man 'Copter

PASADENA, CALIF.—(AP)—A one-man, 100-pound helicopter powered by rockets in the ups of two small rotor blades will be tested soon by the Navy.

"It is the nearest approach that has been made to strapping a pair of rockets upon the back of a man and shooting him into space in comic strip fashion," said designer Gilbert Magill. Magill is president of the Rotor-Craft Corporation of Glendale, Calif., which is making the machine for the Office of Naval Research here.

The liquid-fuel rockets are controlled by a throttle. The rotors are fixed to a steel tube which supports fuel tanks and an open-air pilot's seat. The Navy said the baby helicopter will carry a man aloft at a rate of climb never considered possible for that type craft.

One-man helicopters have been tested before, but they were powered with gasoline engines, not rockets.

HEADS PAKISTAN—Al-Haj Khwaja Nazimuddin, above, former governor-general of Pakistan, resigned his post to take over the premiership following the assassination of Premier Liaquat Ali Khan. Nazimuddin, friendly to the U. S. and Britain, is considered a moderate who avoids inflammatory statements.

Troops Close Net On Guerrillas Who Slew British Chief

SINGAPORE—(AP)—Gurkha soldiers fought their way in heavy tropical rains through the dense jungles of Central Malaya Tuesday, close on the trail of Communist guerrillas believed responsible for the killing of British High Commissioner Sir Henry Gurney.

The force of almost 2,000 troops and police was swelled by 250 home guards—armed with shotguns, rifles and grenades—from the area of Pahang State in which the hunt was underway.

The Gurkhas found new camps abandoned by the fleeing Reds. They now appeared to have only a three-hour lead on their pursuers. Royal Air Force planes bombed and strafed suspected Red flight routes.

Lt. Col. A. K. Crookshank, directing the search for Sir Henry's killers, said the terrorists were led by two Chinese, Kan Min and Chin Loy. He identified them as leaders of the 30th and 24th Companies of the "Malayan Republic Liberation Army."

Big rewards were offered for their capture. Gurney was slain October 6 by guerrillas who ambushed a convoy in which he and his wife were traveling to a hill resort north of Kuala Lumpur. Mrs. Gurney escaped injury.

Poisoned Moonshine Brings Death To 15, Puts 18 In Hospital

ATLANTA—(AP)—Fifteen negroes died here as a result of weekend moonshine liquor parties and 18 others were hospitalized in critical condition, police reported.

L. L. T. Bullard of the Detective Homicide Squad said four negroes were arrested Monday and charged with suspicion of manslaughter in connection with the poisonings.

Three of the victims died soon after reaching Grady Memorial Hospital Monday. Victims collapsed while along streets or in alleyways, and by nightfall the procession to the hospital's emergency clinic had become steady.

"We've never seen anything like it," declared Detectives J. E. Helms and W. M. Holland, veterans of the homicide squad. "They arrived so fast that hospital attendants didn't have time to complete entrance records."

Hospital physicians said the deaths were caused by "acute acidosis resulting from internal consumption of methyl alcohol."

Illegal liquor seized by police working on the case contained the deadly poison, said Dr. Herman Jones of the Fulton County (Atlanta) Crime Laboratory.

★ THE DOCTOR SAYS ★ Many Factors Can Cause Abnormal Blood Pressure

By EDWIN P. JORDAN, M. D.
Written for NEA Service

One trouble which comes from measuring the blood pressure is that far too many people pay too much attention to whether the blood pressure goes up or down a few points.

It is natural for the blood pressure to vary somewhat, and normal blood pressure is not always fixed at one certain level. Although one should not worry about the blood pressure too much, it is worth while knowing just what it is and what causes it to go up or down.

The blood flowing through the arteries presses on the walls of these tubes just as water does on a rubber hose. The degree of pressure is measured by tying a band or cuff around the arm and inflating it with air until the air pressure equals that in the artery.

When the heart contracts, it forces the blood out into the arteries and this produces the high point of the pressure. When the heart relaxes, the pressure of blood in the arteries falls somewhat. The high point of the pressure is called "systolic" and the low point is called "diastolic." This is why doctors give two figures for the blood pressure, such as 120/80.

The amount of blood present, the condition of the arteries—especially their elasticity—the thickness of the blood, and the nerve supply to the walls of the arteries also influence

the blood pressure. The blood pressure does not remain the same all the time. Nervous disturbances, cold, exercise and excitement, all tend to increase the blood pressure. For this reason, it often is true that the first test of the blood pressure in any doctor's office may be higher than normal, just because of the excitement of the visit.

A constantly high blood pressure can come from heart trouble. It can come from a disease which thickens the blood. It can result also from a decrease in the elasticity of the arteries caused by deposits of calcium which have made them hard and brittle.

This is the high blood pressure which accompanies hardening of the arteries. There are many other kinds of high blood pressure in some of which the cause can be discovered and in others not. One sure thing is that worrying about high blood pressure does not help in the slightest.

Vols Voted Number One Team; Aggies, Texas, Fade Away

NEW YORK—(AP)—Tennessee, the pre-season favorite, regained the top spot Tuesday among the nation's college football teams in the fourth Associated Press poll.

Unbeaten Baylor climbed to seventh. Texas, victim of Arkansas, slipped from fourth to tenth. The Texas Aggies plummeted to sixteenth and Arkansas gained the nineteenth round.

Sport writers gave SMU 12 points, Rice 10 and TCU 4.

California, last week's top team, dropped to No. 9.

The Tennessee Volunteers, who clouted Alabama 77-13 Saturday, received a whopping total of 70 first-place votes out of 161 cast by the nation's sports writers and sportscasters to take over the No. 1 ranking.

This gave Tennessee 1,354 points—a comfortable margin over Michigan State, the No. 2 team, with 1,204 points. Michigan State, a 32-21 winner over Penn State, had 28 first-place votes, and moved up from third-place ranking a week ago.

The rough weekend for several top-ranking teams caused some juggling of the standings among the top 10, but only Texas A&M dropped out of the select group. The Aggies slipped from No. 6 last week to No. 16, after being upset by TCU, 20-14.

Another team moving up is Baylor, now No. 7 after a No. 10 ranking last week. The Bears thumped Texas Tech, 40-20, Saturday.

All of the top 10 teams except Southern California, California and Texas are undefeated and untied.

The first 10, with first-place votes in parenthesis:

1. Tennessee (70) 1,354
2. Michigan State (28) 1,204
3. Georgia Tech (16) 1,022
4. Illinois (12) 878

Marquette Coach Blasts At Tulsa

MILWAUKEE—(AP)—Accusing Tulsa University of employing "flagrant illegal tactics" on the gridiron, Marquette Coach Leslie Blackburn said Monday night he would act to end the series between the two schools.

Blackburn studied movies of the Hilltoppers' 27-21 Saturday night loss to Tulsa and declared:

"I don't make Marquette's football schedules, but I won't have a team I am coaching play against such flagrant illegal tactics as the Golden Hurricane employed."

Boudreau To Plug Red Sox Obvious Gaps

BOSTON—(AP)—Lou Boudreau did not even mention pennant while making his formal debut as the Boston Red Sox manager for the next two seasons.

Recalling the seven years he required to make the Cleveland Indians the 1948 world baseball champions, Boudreau's only promise was to plug the Red Sox' obvious gaps.

"Our first need is an established catcher, then a dependable double-play combination," Boudreau said Monday when General Manager Joe Cronin made the long anticipated announcement concerning Steve O'Neill's successor as Red Sox pilot.

"And we'll trade any one of our players to get the strength we need," Boudreau continued.

"Does that include Ted Williams?" he was asked.

"Yes," Lou replied. "Everybody, Ted included, will be used as trading material to get the players we want."

Williams bears an extraordinary price tag in Boudreau's new managerial books.

Drove in 128

"You don't give away a player like Williams who drives in 128 runs for you," he explained. Then, admittedly, he fended a query concerning a Williams deal for Ned Garver and Sherm Lollar, the St. Louis Browns' star battery.

Lou also ignored questions concerning the salary terms on his new two-year contract. They, however, can be assured to be the \$65,000 he signed for last Fall when he tied himself to the Red Sox for two years as a utility infielder.

Lou did admit that he turned down managerial offers from the Pittsburgh Pirates and Browns to succeed O'Neill, who will remain in the Red Sox organization, probably as a scout.

PRAY BALL—Miracles do happen and Mary Ethel Leonard, left, Johnson City high school, N. Y., cheerleader, is praying for just that as she watches her team lose its first game in 29 starts. Four-year-old Barbara Miller can't bear to look, is consoled by cheerleader Bartie Tasber. Elmira Free Academy won, 26-12 Johnson's City's victory streak started in 1947. (NEA)

When Texas Christian University upset Texas A&M last Saturday, Coach L. R. (Dutch) Meyer said: "That was my sweetest victory ever—throughout my entire coaching career."

That covers a lot of territory, since Meyer has been at TCU for these many years. "He's been there," one was told us, "since memory of man runneth not to the contrary."

During his many Fort Worth years, the Dutchman has upset more strong teams with TCU teams which were supposed to be weak than his opponents care to remember.

In recent years, there have been many of these Dutch Meyer-inspired reversals.

In 1949, it was Texas—14 to 13. In 1948 it was a 7-7 tie with SMU. In 1947 it was that stirring 19-19 tie with the Doak Walker-led Mustangs, in 1946 it was Texas again, 14 to 0.

Oklahoma felt the brunt of a sudden TCU attack in 1945, 13 to 7. Texas, supposed to win the title, got a 7-6 setback in '44 and TCU consequently took the conference crown. Texas—a favorite of Meyer when it comes to upsets—got it 13 to 7 in '42 and then that stunning 14-7 loss in 1941.

Rice was a victim in 1937, 7 to 2.

TCU also has had some good "team" years under Meyer, especially the 1938 team which was unbeaten and licked Carnegie Tech, 15 to 7, in the Sugar Bowl.

The 1935 outfit lost only to SMU's Bobby Wilson and crew, 20 to 14, then took LSU in the Sugar Bowl, 3 to 2.

Small wonder that the Dutchman has a lifetime contract at the Fort Worth school if he waits it.

In answer to a fan's query, Arkansas last defeated Texas in 1938 (before Saturday that is), and by a whopping score of 42 to 6.

Texas took a 14-13 decision the following year, and then went on to win 12 straight. The Longhorns' largest victory-margin in this span was in 1942, when it was 47 to 6.

Out of the past and back to the present: Jerry Millsaps, Lamesa's ace quarterback, is called by some experts as the best passer in West Texas.

We doubt if he is any better than Leondous Fry, the Brownwood whiz.

If he is, we hate to think of Friday night.

That's when Millsaps and his Lamesa Tornado mates invade Memorial Stadium for a joust with the Midland Bulldogs.

Guess we'll just have to wait and see.

That proposed formal opening of the new Midland Country Club golf course still hasn't been held, but the club officials hope to have things in shape soon.

Boyd Huff, MCC golf pro, tells us business is going to pick up in a golfing way when the large course officially is opened.

Snead To Lead U.S. Ryder Cup Golfers

NEW YORK—(AP)—Sam Snead, who made his start with the American team 14 years ago, will lead United States Ryder Cup golf forces against Great Britain at Pinehurst, N. C., November 2-4.

The PGA champion was elected by team members Monday night. Snead won singles matches in 1937, 1947 and 1949 and shared in a doubles victory in 1949. There were no matches during World War II.

The West Virginian succeeds National Open Champion Ben Hogan, who led the Americans against Britain as non-playing captain two years ago when the U. S. won, 7 to 5.

Hogan was the only member absent at the gathering of the two squads Monday night. He sent his regrets from his Fort Worth home.

Other U. S. players are Lloyd Mangrum, Jack Burke, Jr., Jimmy Demaret, Ben Hogan, Ed Oliver, E. J. Harrison, Henry Ransom, Clayton Heafner and Skip Alexander.

Bill Chontos, Brandeis University freshman halfback, is the smallest man on the team. But he hails from the town of Large, Pa.

Sauer Says Baylor On Hot Spot

WACO—(AP)—George Sauer says being coach of the only undefeated, untied team in the Southwest Conference is like the prisoner waiting for the electric chair.

Sauer is coach of Baylor, which in four games is unbeaten but which now faces what the coach considers the toughest obstacle of the season.

Baylor meets Texas A&M Saturday and it will be on the Aggies' home field with them in a savage mood over losing to Baylor last year and being tumbled from the unbeaten ranks by twice-defeated Texas Christian last week.

At least that's how Sauer sizes it up.

"Of course I want an undefeated team but when we beat Texas Tech last week to keep our record intact it was just like getting a reprieve," said Sauer. "In this conference, an undefeated record is the signal for everybody to be after you twice as hard."

Bears Injured

Baylor won't be at top strength for the Aggies Saturday, Sauer said. He has about given up on two of his best men. They are Harold Riley, offensive end, and Walter Bates, outstanding guard. They have been out with injuries several weeks and apparently won't be in condition for play Saturday.

Otherwise the team, which seeks Baylor's first Southwest Conference championship in 25 years, is ready and Sauer said he believed they would be "up" for this one without any urging.

A&M is a traditional foe and its game with Baylor always is a season highlight. A capacity crowd of 40,000 is due as A&M makes its last stand in the conference race. A defeat now would eliminate the Aggies from the title running.

Writers Pick AP Dream Team; Maglie, Roe Named Pitchers

NEW YORK—(AP)—A power-packed outfield, a tight inner defense and crafty pitching backed by that rare diamond commodity—a hard-hitting catcher—make up the 1951 Associated Press All-Star baseball team.

Eight of the 16 big league clubs are represented on the sixth annual AP dream team, chosen by 186 members of the Baseball Writers' Association of America.

The Brooklyn Dodgers salvaged some glory from the '51 season by placing three players on the squad—the only team with more than one representative.

The all-star team (with votes in parenthesis):

First Base—Ferris Fain, Athletics (111).

Second Base—Jackie Robinson, Dodgers (180).

Third Base—George Kell, Tigers (144).

Shortstop—Phil Rizzuto, Yankees (79).

Left Field—Ted Williams, Red Sox (102).

Center Field—San Musial, Cardinals (179).

Right Field—Ralph Kiner, Pirates (105).

Catcher—Roy Campanella, Dodgers (167).

Left Handed pitcher—Preacher Roe, Dodgers (116).

Right Handed pitcher—Sal Maglie, Giants (82).

PCL Officials To Hold Meeting

LOS ANGELES—(AP)—The Pacific Coast Baseball League will hold a meeting of "utmost importance" here next Thursday.

The circuit has threatened to secede from the major leagues because the draft system enables the big league clubs to claim one player from each coast team for \$10,000 each.

Dick Turner Low Pro In Pro-Am Play

Amarillo's Dick Turner, who last year finished second in the Westex Pro-Am Golf Tournament among the pros, Monday fired a 67 for low pro score as the 1951 Pro-Am got underway at Ranchland Hill Country Club.

Turner's 67 was three strokes better than the 70 fired by J. C. Hardwicke of Midland Country Club. Foy Fanning, Abilene, and Van Deussen, Denver, Colo., fired 71's to tie for third and fourth.

Gene Towery of Brownfield was the pro in the low team, which scored a 61. Others on the team were: Roy Minear, Midland Country Club; Al Dillard, Ranchland Hill Country Club, and Dick Stranahan, Roswell, N. M.

Two teams were tied with 62's. One team was composed of Warren Cantrell, Plainview; John Hill Lewis, Midland; John Friberg, Ranchland Hill, and Herb Dysort, Plainview.

The other group: Fred Atkins, Vernon; Vann Ligon, Midland Country Club; Al Orr, Abilene, and Inez Roden, Odessa.

Small Turnout

The tournament concludes Friday. Only 60 contestants registered for the event, little more than half of the expected number.

Officers elected by the Westex Pro-Am members Monday night included: Dode Forrester, Hobbs N. M., president; J. D. Taylor, Clovis, vice president; Walter Thompson, Ranchland Hill, tournament chairman and Ab Beckman, Ranchland Hill, secretary-treasurer.

Poll Rates Odessa As Top Grid Team

DALLAS—(AP)—Odessa, Lamar (Houston), Lubbock and Pampa rate 1-2-3-4 in the statewide high school football poll by the Dallas News.

Odessa plays Pampa Friday night. Port Arthur, Ray of Corpus Christi, Baytown, Texarkana, Wichita Falls and Austin round out the top 10. Texarkana and Wichita Falls play each other this week. So do Ray and Austin.

It was the first appearance of the season of Wichita Falls in the top 10. The Coyotes got there with a smashing 34-0 victory over Waco last week.

Of the 60 football players listed on Duke's early varsity roster, 33 were from North Carolina.

Stork Soars To New Records All Over U. S. As Birth Rate Approaches Boom

WASHINGTON (NKA)—The stork is flying high this year, and along some new routes.

If the number of births continue as high for the rest of the year as they have this far, 1951 will set an all-time record for the number of babies born in the U. S.

For the first seven months of this year there were 2,320,000 births in the U. S., including an estimate for unregistered ones. If the rate continues for the last five months of the year, the record of 3,376,000 set in 1947 will be exceeded.

Government population experts give two big reasons for this marked increase in female fertility, as they call it. The obvious one is the Korean War. All wars cause a quick increase in the marriage rate, with a consequent increase in the birth rate along about a year later or when the men return from the fighting.

Rate Goes Up
The Korean affair has caused almost the same pattern of increase in birth rates as has other wars. The marriage rate has gone up but because men aren't rushed overseas as quickly as during World War I and II, the rate has shot up even faster, according to the experts.

With a lot of men beginning to go to Europe now, however, a slight drop might be expected in the rate next year and the year after. Then when the men may return in large numbers if the tension with Russia relaxes, the birth rate should really soar.

Perhaps even more important than the effect of Korea on the birth rate increase, many population experts say, is the possibility that the country is entering a long-time baby-boom trend. The birth rate has kept constantly high since the 1947 peak—3.7 million in 1948, 3.72 million in 1949 and 3.54 million last year.

Easier And Safer
The fact that it's easier and safer to have babies now than it was before the war, due to medical advances and more medical facilities, is given as one reason for suspected long-time trend toward more babies. Women are more willing to endure childbirth, a spokesman for the U. S. Children's Bureau says. "Still another factor is the country's prosperity since the war. In contrast to the depression, when

East Texans Auction Off Black-Eyed Peas To Relieve McCarthy

HOUSTON (P)—The bill for General MacArthur's June trip to Texas may be unpaid but there is no scarcity of offers to make up the deficit.

The offers range from \$193 raised in Henderson County by public auction of a can of black-eyed peas to prosperous oil men who say they will make all or any part of the balance—if no one else does.

Just who will end up with the tab has not been announced by those in charge of MacArthur's visit.

A rumor Monday night was that the hat was being passed among prosperous Houstonians to raise the money.

Glenn McCarthy, chairman of arrangements for the visit, thanked the Henderson County people for the \$193 but said nothing else. It was McCarthy who asked the Houston City Council to help pay \$8,010.55 still unpaid. The council contributed \$2,500.

H. R. Cullen, wealthy Houston oil man, said his offer still stands to pay the deficit if nobody else does.

Sam E. Wilson, Jr., wealthy Corpus Christi oil operator, mailed a check for \$5,010.55, marked for use only if Houston and the Houstonians who invited MacArthur here fail to pay the bill.

One-Man Crime Panel Blasts Air Base Commander

BILOXI, MISS.—(P)—A one man Senate subcommittee wrapped up an investigation of vice conditions along Mississippi's Gold Coast Monday night and said he would submit "a highly critical" report.

Senator Lester Hunt (D-Wyo) closed out his investigation of gambling, liquor and prostitution conditions around Keesler Air Force base for the Senate Preparedness Committee.

Before reading a summary report at a hearing windup, Hunt criticized the commanding general of Keesler for failing to adopt a vigorous policy to stop gambling on the Gulf Coast.

"I'm not critical of your work on the training center," the senator told Maj. Gen. James F. Powell. "But I do criticize your limited action to stamp out gambling and I am discouraged by your attitude about what happens to the boys off the base."

Hunt's report said the voluminous testimony would be turned over to the seven member Preparedness Committee and the Senate Armed Services Committee, and that "proper corrective measures will be evoked."

New baby: In 1951's first seven months, 2,320,000 births, the birth rate reached an all-time low, most people can now afford to have at least one child, and generally have bigger families.

Another significant fact spotted by the experts in the current figures disproves the old saying that the rich get richer and the poor have babies. Women with college educations, generally in the higher income brackets, have increased their production of offspring 77 percent over their 1940 figures. Women with grade school or less education have only increased their production 24 percent.

And for no explainable reason city women have increased their birth rates four times as much as rural women.

About the only person worried about this baby boom are the country's educators. The World War II crop of babies hit school last year and they will be swamping the school systems from now on.

Grand Canyon's Beauty Draws 688,673 Visitors

AP Newsfeature
GRAND CANYON, ARIZ.—The vast beauty of the Grand Canyon first seen by white men more than 400 years ago, this season drew a record number of visitors to this national park.

In 1950, Don Lopez de Cardenas and his party first viewed the mile-deep chasm dug by the Colorado river in its search for the sea. The 1950-51 travel year, which started on Oct. 1, 1950, was the greatest in history, with 688,673 persons entering the park. This was an increase of 34,325 over the previous year.

Facilities on the south rim of the canyon are open the year around but heavy snows force the winter closing of those on the North Rim.

Entirely within the state of Arizona, the Grand Canyon National Park was established by Act of Congress, Feb. 26, 1909. It contains an area of 1,000 square miles. One hundred and five miles of the Grand Canyon's rim are within the national park limits. The average width is 10 miles but varies from four to 18.

Little change has been made in the canyon itself since Cardenas first arrived. Most geologists estimate it took from 7,000,000 to 9,000,000 years to cut the gorge to its present size and depth—the greatest example of erosion and one of the greatest spectacles in the world.

Giving the Grand Canyon its name often has been credited to Maj. John Wesley Powell, a one-armed veteran of the Civil War who led the first boat expedition through the gorge in 1869.

Powell began what has now become a regular summer sport but one which has cost more than 10 lives. This year several parties made the trip from Lees Ferry through the canyon to Lake Mead behind Hoover Dam—a distance of about 300 miles.

You Can Pet Deer
There have been 180 species of bird life recorded at the park, 60 species of mammals and 25 of reptiles. Deer roam the surrounding forests and many are tame enough to be petted.

The helicopter has gone into competition with the time established burros as means of viewing the canyon and going into its depths but the sure-footed animals remain the favorite.

Facilities include modern lodges in addition to public camp grounds. Occasionally there's an unexpected thrill for visitors. This summer an Indian girl, distraught because her boy friend dated another, jumped over the edge of the canyon in front of a main lodge. Fortunately she chose one of the few places where she could dive and lived. A ledge about 100 feet below stopped her rolling descent before she reached a sheer drop.

Earlier in the year three burglars attempted to rob the safe of the Fremont Hotel, which overlooks the South Rim facilities. An alert guard shot and killed one and the two others were caught before they could escape.

Those who take pictures discover in the Grand Canyon a challenge found nowhere else. The bright colors in the walls of the canyon, caused by stains from various minerals, are given variations as the sun's rays change their direction.

Indians On The Job
Indians in the Grand Canyon region represent four distinct nations. In addition to the little known Havasupai, tribesmen from the Navajo, Hopi and Paiutes often work in the area while others display and sell handicraft.

Approximately 500 ruins of prehistoric Pueblo dwellings of prehistoric people have been found in the National Park, and the oldest rocks known to man, those of the Archaean age, are exposed in the area.

Excellent roads, foot trails and bridge paths present view after view of the canyon's colorful panorama. To familiarize visitors with the canyon, its history and points of interest, lectures are held daily by the park rangers.

Keeping the park ready for the tourists provides a never ending job for the service force under the direction of Superintendent H. C. Bryant.

NEED NOURISHMENT
Trees must eat and their food is manufactured by their leaves. When the foliage is reduced by insects, nourishment is cut off, and slow death may result.

A giant African land snail can eat a whole head of lettuce in a night.

Proposed Livestock Organization Moves Nearer To Reality
The proposed Midland County Livestock Association was a step nearer reality Monday afternoon when members of the 4-H and FFA Committee of the Chamber of Commerce adopted a constitution and by-laws for the new organization.

R. L. Miller, vice chairman of the Livestock-Agriculture Division of the Chamber of Commerce, presided at the session. He reviewed briefly the purpose, function and general objectives of the livestock association. The big job of the organization, he said, will be the sponsorship of the annual stock shows for club youth of Midland County.

Officers of the livestock association will be elected at a later date.

Erratic Weather Front Shows Signs Of Breaking Up
By The Associated Press
An erratic weather front which brought chilling winds and welcome moisture to most of Texas showed signs Tuesday of breaking up gradually.

The northerly gusts apparently hit hardest Monday night at Ranger, topping over an 80-foot oil derrick which had been the Eastland County city's proud symbol for many years. A total of 3.04 inches of rain fell during the brief storm.

The front appeared almost stationary Tuesday, southwest from Texarkana to Austin and south of Austin to Del Rio.

Rain was falling Tuesday at Beaumont, Lufkin, Victoria, Houston, Palestine and Galveston, and in Northeast Texas.

Rosser, in Kaufman County just southeast of Dallas, reported 2.48 inches of rain. Fairview, had 2.24; Dallas averaged 1.25. Texarkana had 1.31; Houston, .43; San Antonio, .84; Victoria, 1.52; Austin, .60; and Corpus Christi, .49.

Amarillo, San Angelo, and Laredo reported light showers.

The high temperature Monday was a 91 at College Station while the overnight low was a 29 at Daltart.

A MANSION IN COLORADO This beautiful country estate, a delightful French Provincial house was planned for convenience, distinguished atmosphere and for perfect harmony with the pines and spruce, in the most spectacular setting in the Rocky Mountains. Magnificent view of snow capped Mt. Evans and many other peaks. This house was built by one of Colorado's wealthiest families and no expense was spared in the superior construction and appointments. It has dignity, charm and structural integrity. It stands the most rigid inspection. It is what you would call a large small house. 6 rooms, 3 baths, fascinating interior details too numerous to mention. In excellent condition. Graded casement windows, asbestos slate roof, quick vapor heat, automatic oil burner, all interior hardware and light fixtures especially designed. A most livable patio, 33 x 33 feet, a large portion roofed over, flagstone floors, many beautiful hand-carved stone pillars, large pine tree in center, with breathtaking views in all directions. Why not drop by office today, and let us show you our complete set of photographs of this outstanding estate?

Crude Production Again Sets Record

TULSA—(AP)—Crude oil production rallied to a new high of 6,200,415 barrels a day for the week ended October 20. The Oil and Gas Journal estimated Tuesday.

Production in Texas at 2,864,475; Nebraska at 7,560 and Utah, 3,900, remained unchanged.

Kansas recorded the greatest gain, up 10,400 barrels to 322,500 per day. Michigan lost the most, down 2,500 barrels to 36,700 daily.

Other increases: Illinois, 3,700 to 171,000; Indiana, 3,100 to 35,300; Colorado, 1,900 to 77,700; Mississippi, 1,515, to 104,755; Kentucky and Oklahoma, each up 1,200 to 33,000 and 508,300, respectively; Louisiana, 450 to 618,850; Arkansas 360 to 77,900; Montana, 200 to 25,000; Alabama and New Mexico, each up 100 barrels to 3,000 and 144,875.

Other declines: Wyoming, down 2,000 to 186,000; Eastern fields, 500 to 59,850; California, 200 to 987,100; and Florida, off 125 to 1,550 barrels daily.

Texas GM Plant To Assemble Cars, Build Navy Planes

FORT WORTH—(AP)—General Motors has received a contract to produce a "Grumman-designed" war plane for the Navy at its Arlington plant, east of here.

GM said Monday about 6,000 workers would be employed to make the plane and to assemble Buicks, Oldsmobiles and Pontiacs at the plant.

The employment is almost double the prediction made recently by Charles E. Wilson, president of General Motors.

"A dual purpose plant to manufacture the plane and assemble the automobiles will be built on a 255-acre site at the eastern city limits of Arlington," said James E. Goodman, general manager for the Buick-Oldsmobile-Pontiac Assembly Division of General Motors.

Goodman said construction would begin as soon as possible with completion of the facilities due early in 1953.

Varied Accidents Plague Midlanders

A composite Midlander, if she or he had received all of the injuries reported last weekend at two hospitals here, would have been sorely injured indeed.

Had all of the injuries plagued one imaginary Midlander, he or she would have: lacerated fingers, arms and legs, forehead and face; sprains of back and all limbs; head injuries of all kinds from a hammer blow on down; a smashed hand requiring amputation of several fingers; fractured fingers; bruises of all kinds; an ear injury; mumps, influenza and assorted ailments.

The composite Midlander would have been choked by a friend, cut with a knife, thrown from a horse and kicked, knocked down by a truck, have an eye blackened by a fall on a table, hit by falling drill pipe, struck by a board and finally bitten by a dog.

Western Clinic-Hospital and Midland Memorial reported 28 emergency cases treated during the weekend, 29 each.

IPAA Elects New Officers, Calls For Higher Crude Prices

HOUSTON—(AP)—Independent oil operators—on record asking higher crude prices and no government controls—end their convention Tuesday.

The Independent Petroleum Association of America by resolution Monday asked for a higher OPS ceiling price on crude oil, scored low allotments of steel, and called for a sound government policy toward the oil industry.

Charlton H. Lyons of Shreveport was elected president to succeed J. Ed Warren of Midland.

The resolution asking higher prices noted that the present \$2.56 price per barrel of crude is less than in 1948, "while the prices on many items related to the production of oil have increased."

The resolution said a low price was no encouragement for increased production.

New Directors

Vice presidents elected for areas include:

Texas (North), W. Ridley Wheeler, Fort Worth; Texas (North Central), Creston Alexander, Dallas; Texas (Northeast), Brian W. Payne, Tyler; Texas (Southwest), E. L. Ames, San Antonio; Oklahoma, T. H. McCasland of Duncan and Theo N. Law of Tulsa; and New Mexico, F. J. Faulkner of Lovington.

New directors include:

E. W. Funkhouser, Abilene; Lester Clark, Breckenridge; G. R. Whitney, Breckenridge; William P. Castleman, Jr., Dallas; R. L. Foree, Dallas; Jack Frost, Dallas; R. T. Dockrey, Colorado City; Robert M. Payne, Midland; K. G. Ellis, Artesia, N. M.

Five Persons Split Swag From Sigmund Engel's Underwear

CHICAGO—(AP)—The \$5,555 found in the underwear of Sigmund ("Swindling Sam") Engel while he was in jail in 1949 was divided among five persons in circuit court Monday.

Three of the women in the life of the 76-year-old Romeo each got a portion, but not the amount they sought. Engel is serving a two to 10-year prison sentence for a confidence game in connection with the complaint of one of the women, Mrs. Reseda Corrigan.

Mrs. Corrigan, a 41-year-old redivorced widow, sued for \$3,700 which she said she gave Engel after he promised to marry her. She was awarded \$600.

Mrs. Pauline Langton, who claims she is Engel's only legal and loyal wife, also was awarded \$600. She sued for \$7,550, plus five per cent interest and said she gave him the money while he was awaiting trial.

The biggest award, \$2,500, was to Mrs. Florence C. Barrete, 52. She had sued for \$12,000 which she said she gave Engel for safekeeping after he promised to marry her.

J. Edward Jones, Engel's former lawyer, who sued for \$5,000 in legal fees, was awarded \$1,355. Mrs. Mina Jones, his mother, was awarded \$500. Her late husband furnished Engel's bail.

Rites Held Tuesday For Mrs. Bill Davis

Funeral services were to be held at 3 p.m. Tuesday for Mrs. Bill Davis, 1504 North D Street, who died Monday after a year's illness.

The services were to be in the First Baptist Church with the Rev. Vernon Yearby officiating. Interment was to be in Resthaven Memorial Park.

Mrs. Davis is survived by her husband, mother, two children, two brothers and two sisters.

Baptist Convention Opens Tuesday Night

HOUSTON—(AP)—The annual session of the Baptist General Convention opens Tuesday night.

Annual sessions of the State Brotherhood and the Women's Missionary Union continued Tuesday.

The main business sessions will be held Wednesday and Thursday. An estimated 5,000 delegates will hear reports on all phases of Baptist affairs.

her calling him Abdullah, the name he took when he became a Moslem.

He said he was serious about his conversion, prayed five times a day, but admitted that as a Moslem he had the "modern concept" that is, he is not off liquor.

"I don't mind giving up ham, but not liquor," he said.

Devout Moslems neither drink alcoholic beverages nor eat pork.

Sheppard indicated champagne and romance blended beautifully.

"You take about six bottles of champagne, get on a camel and ride off across the desert. There's nothing like the desert in the moonlight. Then you get off at some sand dune and the camel driver brings you champagne every time you clap your hands."

The only thing that might compare with this, he figures, was "sailing down the Nile in the moonlight."

He talked animatedly at the airport, said Samia would continue her career—dancing in night clubs—after they were married, and wouldn't be surprised if she turned up dancing in Houston in mid-January.

His wife already has accepted a settlement and Sheppard said they would continue the best of friends. He didn't say how much of a settlement. He is giving Samia a \$30,000 dowry.

Lili's Bubble-Bath Act In Transparent Tub Brings Lift To Highbrow Eyebrows

BEVERLY HILLS, CALIF.—(AP)—Lili St. Cyr got her picture in the papers Monday, and that was news for two reasons:

1. It didn't cost her anything—yet. (Usually, when you see Lili's picture, it's in a paid advertisement.)

2. This time, she had her clothes on.

Lili is a stripper. She looks almost as good with her clothes on as she does with them off.

But, human nature being what it is, most folks prefer Lili in the raw.

That's what got Lili in trouble. She went highbrow not long ago and began stripping at a plush night club, the patrons of which wouldn't be caught dead in Lili's old Main Street haunt.

Taft Sounds Off Against Excessive Spending, Taxation

DES MOINES—(AP)—U.S. Senator Robert A. Taft (R-Ohio) warned that the "whole economic stability of the United States" is threatened if the present reckless military spending is continued.

In what he called a "non-campaign" speech before about 1,200 persons at the Iowa Bankers Association Convention Monday night, Taft said:

"I doubt if under this Administration, which believes so largely in spending for spending's sake, there ever will be a cut in the military program before the whole country is wrecked," adding that "Up to this time Mr. Truman has only one remedy—more and more taxes."

The senator, the only announced major party presidential candidate for 1952, made two recommendations for solving the nation's financial difficulties.

"We should set up a combined military and civilian commission to determine whether this tremendous military program is really necessary to its present extent.

"We should seriously consider the proper limits of government spending in the United States. The only real solution is to cut expenses, balance the budget, and limit taxes to 25 per cent of the nation's income."

BRITAIN'S SHAKY 'EIGHTY-EIGHT'—Chart above shows 88 Parliament seats that were won by precariously slim majorities and could go either way in Britain's October 25 election. Of seats won by less than 100, Labor has one, the Conservatives, six. Majorities of less than 1,000 and 2,000 find Labor with 19 and 21 respectively; the Conservatives with eight and 13. Labor also has 20 seats that were won by a majority of less than 3,000. Leading the Conservatives by only 315 seats to 297, Labor must steady its 61 shaky seats in order to repel Churchill's forces.
