A Proclamation

WHEREAS the week of October 28 through November 3, 1951, has been designated as National Girl Scout Week, and
WHEREAS the observance commemorates the birthday anniversary of Juliette Low, founder of Girl Scouting, as well as the fortieth anniversary of the Scout movement, and
WHEREAS Girl Scouts throughout the nation will celebrate the week-long occasion in various ways to demonstrate the many and varied activities and the worthwhile benefits of Girl Scouting, and
WHEREAS the Girl Scout organization has gained recognition as one of the world's greatest youth organizations, and
WHEREAS the Girl Scouts of Midland, Texas, joining with their sister Scouts throughout the nation have planned a community-wide program in observance of Girl Scout Week, now,
THEREFORE I, Perry D. Pickett, Mayor of the City of Midland, Texas, do hereby proclaim the week of October 28 through November 3 as Girl Scout Week in Midland, and do hereby call upon our citizens to join with our Girl Scouts in celebrating this memorable occasion.
(Signed) Perry D. Pickett Mayor

LEGAL INSTITUTE SPEAKERS—Several state and federal representatives will appear on the program at the regional institute to be held here Tuesday under the sponsorship of the State Bar of Texas. Among them will be Dr. Alfred L. Seelye of Dallas, Office of Price Stabilization; Tass Waterston of Dallas, National Production Authority, and L. H. Flewelen of Austin, Industrial Accident Board.

Slayer Of Little Patricia Jean Hull Sentenced To Die

SANTA ANA, CALIF. — (AP) — Henry Ford McCracken, hillbilly guitarist, has been sentenced to die in the California gas chamber for the murder of 10-year-old Patricia Jean Hull, whose body was found in a shallow canyon grave last May.
Judge Robert Gardner, passing sentence Friday, said McCracken had been proved guilty of "a most inhuman crime by the most overwhelming evidence I have ever seen presented in court."
The judge also sentenced McCracken's young defense attorney, George H. Chula, to five days in jail for contempt. Gardner said Chula carried out "a well-planned design to heckle and badger me."
McCracken, 34, who has a record of sex crimes, was accused of enticing the Hull girl to his motel cabin at nearby Buena Park after meeting her at a movie matinee. The prosecution charged he beat her to death and then disposed of her body in an isolated canyon area. McCracken claimed the girl was injured in a fall in the cabin.

Lost Wild Goose Turns Shepherd

COMMERCE, TEXAS. — (AP) — A lost wild goose is herding sheep for Fred England, superintendent of the Post Office at East Texas State Teachers College.
A flock of wild geese were heading south last week over England's farm, three miles north of Commerce. One big gray fellow zigged while his companions zigged. He was discovered on the England farm next day.
The goose promptly took over a flock of sheep. Now, almost a week, Curtis Crow of Odessa was given leads then to water and swims while they drink. Then he leads them back to pasture.
Sometimes, when the goose's short legs cannot set a fast enough pace, an impatient ram will butt him out of the way. The bird will fly a short distance ahead of his charges before he settles to the ground to take command again.

Yugoslavia May Get U. S. Heavy Weapons

WASHINGTON. — (AP) — The United States reportedly has agreed to send modern heavy weapons to Communist Yugoslavia, focal point of growing Balkan military tensions.
Officials here said Friday night that weeks of secret negotiations have resulted in a military supply pact that will be signed formally in Belgrade "within a few days."
Details of the agreement remained undisclosed.

Teddy Roosevelt, Too, Had Vatican, Far East Worries

By JOHN B. KNOX
CAMBRIDGE, MASS. — (AP) — What did President Theodore Roosevelt worry about 50 years ago? Criticism over sending an envoy to the Vatican.
Political corruption.
The effect of war in Asia upon the United States.
Regulation of "organized capital and organized labor."
Racial discrimination.
Getting congress to raise enough revenue to balance expenditures.
Coal strikes.
All these things—and more—according to more than 1,700 Roosevelt letters published Saturday by Harvard University in the third and fourth of eight volumes of "The Letters of Theodore Roosevelt." They cover the period 1901-1905.
But above all, in the opinion of Historian Elting E. Morison of the Massachusetts Institute of Technology, who edited the letters, Roosevelt sought to resolve the conflict between culture and barbarism in an industrial society. He set about trying to achieve what he "look to be the right kind of civilization," Morison said.
Roosevelt saw "in a society that rested upon industry the constant danger of barbarism," commented Morison. "Unhappily prominent in American life, he wrote a friend, was the spirit of x x x the bankers, the broker, the mere manufacturer, the mere merchant." x x x

Housewife Plans Lady Godiva Ride To Protest Taxes

SACRAMENTO. — (AP) — A housewife says she plans to protest high taxes by emulating Lady Godiva's unclothed ride, but Sheriff Harry Knoll says he has other plans.
If Mrs. Jerry Coburn, 29-year-old wife of a plumbing contractor, does emulate the 11th Century ride of Lady Godiva through the streets, she'll wear clothes, he warned.
The tall, blue-eyed blonde defined her protest as a good way "to emphasize the plight of the public."
Her husband agreed and then added "it might help the attendance" at the Sacramento County Horsemen's Association show Sunday, when the ride is scheduled.

Three Persons Die As Private Plane Dives Into Potomac

WASHINGTON. — (AP) — Investigators Saturday sought the cause of a private plane crash which took the lives of a wealthy Cleveland financier-sportsman, his wife and daughter-in-law Friday.
The victims were Thomas H. White, 57, president of the Commonwealth Corporation, who was enroute to visit Gen. George C. Marshall; his wife, Mrs. Kathleen York White, 56, and their daughter-in-law, Mrs. Robert York White, 29.
The single-engine, four-passenger Beechcraft Bonanza flipped over and fell in the shallow waters of the Potomac River as it approached the runway of the National Airport.

★ IN HOLLYWOOD ★
Hollywood's Jig-Saw Puzzle Movie-Making Fools Russians
By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Exclusively Yours: Scenes for a Hollywood movie satire on communism were filmed in the Russian zone of Vienna, it now can be told, and there will be red faces on the Reds when the word gets around in the Kremlin.
Viveca Lindfors and a Camera crew invaded the Red zone for three hours this Summer for a sequence in the anti-Communist film, "No Time for Flowers."
Producer Mort Briskin and his associate, Maurice Sucas, who made the film in Vienna's British and U. S. zones, unspooled their lips about fooling the Russians, now that the film's negative is safe in Hollywood.
"The Russians," Sucas said, "never did discover that we were making an anti-Communist film because of the way we broke down the script in jig-saw puzzle fashion. We shot the few scenes we needed in the Red zone and got out fast."
There will be no splashing around in a portable tank at the London Palladium or elsewhere for Esther Williams for at least five years. Ducking rumors of an aquaduct tour, Esther told me:
"I just signed a new 10-year contract at MGM. The last five years of the contract permits me six months off each year to go on tour if I want to. I'm not even thinking about a tour until then."
Joe Pasternak's turned Keefe Brasselle into a crooner for "Skirts Ahoy."
"A male Durbin?" I asked him.
"No," said Joe, "a man's Sinatra."
The wags are saying that if Elizabeth Taylor and Nicky Hilton reconcile, MGM will change the name of Betsy von Furstenberg, reported engaged to Hilton a month ago. She will be known as Betsy von Seconderber.
Newlyweds Howard Duff and Ida Lupino have more joint movie plans, it now can be told, than Wald-Krasna. One is for Howard to star in Ida's production, "The Man Who Talked to God." Another plan calls for Duff to direct a picture for the production organization headed by Ida and her husband, Collier Young.

The British press is hopping mad at Jack Carson, back on TV after a Palladium stunt. They no like Jack's quotes about English women to American newsmen.
Larry Parks' wife Betty Garrett just underwent a second nose-bob operation.
Betty Grable, the subject of Hollywood's biggest guessing game since her suspension from 20th Century-Fox six months ago, whacked a spike right through the rumor that she has any intention of playing kiss-and-make-up with her studio boss.
Her latest sizzling quote:
"I'm disillusioned with my studio. I've fought against all kinds of opposition to make good pictures. I'm an easy-going girl. Why fight?
"Right now I'm not interested in making films. I won't starve. My husband can support me."
The grapevine, meanwhile, is hinting that Betty will whiz back if the studio buys "Guys and Dolls" for her.
Lucille Ball isn't worried over whether Hollywood film executives will give her the thumbs-down sign for leaping into TV. She knows:
"Hollywood. What does Hollywood care about me? Hollywood doesn't miss you whether you're coming or going."
Gene Nelson's on TV despite the Warner studio ban. Look quick and you'll see him as a rugby player in "Tom Brown's Schooldays," filmed 11 years ago.
The fan magazines are screaming about the ruling from RKO and MGM against any home layouts on Stewart Granger and Jean Simmons . . . Mario Lanza's \$4,000 investment in a Nevada tungsten mine just brought him a \$100,000 cash offer. He turned it down.
Columbia quietly re-shot the ending of the William Holden starrer, "Boots Malone." Now he's a living, breathing man instead of a corpse at the fadout.
Vaughn Monroe's due for an all-out movie-star build-up when he starts that long-term contract at Republic.
Howl of the week: A trained seal breaking out with spontaneous applause after Gregory Peck did a big dramatic scene in "The World In His Arms." Director Raoul Walsh plotted the rib.

Culberson Tosses Hat In Ring For Reelection In '52

TYLER. — (AP) — Olin Culberson, chairman of the Railroad Commission, will seek reelection next year. Some 750 East Texas oil men, farmers and businessmen heard Culberson make the announcement Friday night at a banquet in his honor.
Culberson told the group that since he became chairman of the commission, there had been no hearings held behind closed doors. If he is reelected, he said, he will continue that policy.
Friday was "Olin Culberson Day" in Tyler, proclaimed so by City Commission Chairman Claude Holley.
Culberson avowed his faith in the federal government but told the East Texans the only way to prevent further federal intervention in state affairs is to conduct state affairs in such a way as to make outside aid needless.
He told the group the Railroad Commission would strive for greater industrialization of Texas through the use of natural gas.

Superfort Takes Off From Terminal

A B-29 Superfortress took off from Midland Air Terminal Saturday after having made an emergency landing earlier in the week.
Airport officials reported that the big bomber, on a practice mission with a crew of 18 aboard, landed late Thursday after one of its engines caught fire near Midland.
The plane was kept here until necessary repairs could be made.
The bomber is based at Randolph Field near San Antonio.

Midlanders Open Grandview Nursery

A. A. Manning and Troy Ethredge have announced the opening of the Grandview Nursery at 2800 West Golf Course road.
Well known in Midland, both men have been engaged in yard work for some time.
A complete line of shrubs, evergreens, fruit and shade trees, seeds and bulbs, will be handled by the firm.
They also will be equipped to handle all types of landscaping, residential and industrial.

Girl Shot Fatally By Former Suitor
BURBANK, CALIF. — (AP) — A pretty girl who was to have been a bridesmaid at her brother's wedding Saturday night was shot to death at the wheel of her car early Saturday.
A former suitor surrendered shortly afterward, saying he had fired a shot but didn't know whom he had hit, if anyone.
The victim, Virginia Pauline Thomason, 24, was driving alone. Her car careened 150 feet, then ran into an embankment. She had been shot in the head.
William Frank Cairns, 28, was then booked on suspicion of murder. Cairns said their friendship broke up last March.
EMERGENCY PATIENT
Mary Flores, 510 North Lee Street, received emergency medical treatment Friday at Western Clinic-Hospital.
SUFFERS HAND WOUND
Curtis Crow of Odessa was given emergency treatment at Western Clinic-Hospital Friday for a puncture wound of the hand suffered when a wire stuck in it.
World War I cost the United States about \$1,500,000 an hour from April, 1917, to April, 1919.

Political Ramrods Think GOP To Carry State If Eisenhower Is Candidate

AUSTIN—(AP)—Seven of 12 Texas political manipulators polled by The Associated Press last week believe the Republicans could carry Texas in 1952 if General Eisenhower is their candidate.

The off-the-record questions put also assumed that President Truman would be the Democratic nominee.

FBI Checks Case Of Chicken-Buying Hot Check Artist

HOUSTON—(AP)—Houston FBI agents Saturday launched a probe into the case of a Harris County chicken buyer who allegedly "flew the coop" to Mexico with the proceeds of some \$50,000 worth of rubber checks.

A. L. Lorton, Jr., FBI agent in charge, said "We are checking into that case to see if there is a possible violation of a federal statute forbidding the transportation of more than \$5,000 in stolen money across a state line."

Lt. William Isbell, of the Harris County sheriff's department, and Shelby County Sheriff Earl B. Adams Friday night received information that the missing chicken dealer, William C. Massey, 47, crossed the border into Mexico at El Paso Friday.

Massey, said by police to be a five-time ex-convict, is charged in two cases of felony swindling before Justice J. J. Jackson in Center. The justice said the charges were filed by J. T. Massey, no relation, the operator of the Massey Feed Company at Center, Texas.

Korean War Vets Entitled To Rights Mrs. Rosenberg Says

SENDAI, JAPAN—(AP)—Mrs. Anna Rosenberg, assistant U. S. secretary of Defense, told 40th Division soldiers Saturday that service men ordered to duty since the start of the Korean war are entitled to all the benefits of the GI Bill of Rights.

"And you are going to get them," she said.

In addition, Mrs. Rosenberg said, a 10 per cent pay raise for all service personnel, retroactive to November 1, will be the first order of business before Congress in January.

"There is every reason to believe it will pass, she declared.

She spoke briefly from a parade ground rostrum then, instructing officers to remain behind, went among the troops to answer questions and get the picture on division personnel problems from the men themselves.

COTTON

President Accepts Resignations From Security Commission

WASHINGTON—(AP)—President Truman Saturday accepted the resignations of the commission he had assigned to make an over-all study of subversive activities and accused Congress of blocking the project.

His decision was made known in a letter to Adm. Chester W. Nimitz, chairman, and the eight other members of the Commission on Internal Security and Individual Rights. The whole group had resigned May 8.

The commission never acted. The members said they could not operate without a law exempting them from the "conflict of interests" statute which forbid persons whose private business might have some connection with government activity from serving the government.

The President told the commission members said it would be extremely difficult to select a commission for this task "without including members whose private business or professional activities might result in a technical violation of those statutes."

No New Appointments

"For these reasons," Mr. Truman said, "I have decided, therefore, not to appoint new members of the commission to replace those whose resignation I am accepting."

The President did not say why he waited more than five months to accept the resignations, but told Nimitz and the others:

"I had hoped that the Congress would be as anxious as I am to make sure that our procedures for maintaining the security of the government service are working effectively."

"I had hoped that the Congress would be as anxious as I am that the Bill of Rights is not undermined in our eagerness to stamp out subversive activities."

"These were not the only purposes for which the Commission on Internal Security and Individual Rights was established, but they were among the most important."

Young Couple Has Bedroom Intruder

LOUISVILLE, KY.—(AP)—A young couple had a rude awakening early Saturday when an automobile crashed into their bedroom.

Mr. and Mrs. James Smyser, both 24, awoke to the roar of splintered wood and flying plaster to gaze into the glaring headlights of the car. It was within arms' reach of their bed.

Then the couple watched as the auto backed out and vanished—leaving a gaping hole in the wall of their apartment.

The frame apartments, covered with clapboard and asbestos siding, were built less than a year ago.

Police said tracks indicated the car had hopped a curb and crossed a 50-foot lawn.

Colorado Ponders State Tax On Dogs

DENVER—(AP)—A move to slap a new state tax of \$1 a year on every dog in Colorado is being treated gingerly in official circles.

Money collected from the tax would be paid to farmers and ranchers who claim man's best friend has caused damage at their places.

The damage? Chasing and killing poultry and running the fat off sheep and sometimes even cattle.

The tax would be in addition to locally levied dog taxes.

Greenwald Rites To Be Held Sunday

Funeral services for R. E. Greenwald, 74, who died Friday at his home in Midland, will be held at 2 p.m. Sunday in the Newbie W. Ellis Chapel. The Rev. Clyde Lindsey, pastor of the First Christian Church, will officiate. Interment will be in Fairview Cemetery.

Survivors of Greenwald, who lived in Midland more than a quarter century, include a son, a daughter, a stepdaughter and seven grandchildren.

Charles Taft Says He Spurned Vatican Post

CINCINNATI—(AP)—Charles P. Taft, brother of U. S. Senator Robert A. Taft, disclosed Saturday President Truman last January offered him the job as United States ambassador to the Vatican.

"I declined and advised against it," Taft said.

The position was the one for which President Truman recently nominated Gen. Mark Clark.

MacArthur Refuses To Enter Primaries

BARABOO, WIS.—(AP)—Gen. Douglas MacArthur will not enter the presidential primary in Wisconsin or any other state, an aide has disclosed.

Harlan W. Kelley, Sauk County district attorney who placed MacArthur's name in nomination at the 1948 Republican National Convention, said he had been informed of MacArthur's decision by Maj. Gen. Courtney Whitney.

Kelley quoted Whitney as stating in a letter MacArthur "feels he can be of greater assistance to the American people if he continues addressing various centers of the country on an entirely non-partisan basis."

FOR YEARS OF SERVICE—R. C. Reynolds, right, district manager of Western Union, presents service pins to Pauline Schatz, left, and R. O. Smith, center, of the Midland office. Miss Schatz's pin is for 15 years, Smith's for 25 years. E. O. Brooks, plant employe of Midland, recently received a 10-year pin.

Persistence Pays For Chest Workers

LOUISVILLE, KY.—(AP)—Two Community Chest canvassers and two detectives arrived at the same time, and thereby compounded the usual confusion of a handbook raid.

It happened in downtown Louisville when the canvassers walked in the front door of the place as the officers entered from the rear.

Apparently unaware a raid was in progress, the Chest workers tried to solicit several persons—who appeared in a hurry to leave.

Unsuccessful, the Chest workers turned to two men busily shuffling papers around as if they owned the place.

"Don't you work here," a Chest worker asked one of the men.

"No, I'm a policeman," replied the man.

But the Chest workers' persistence wasn't in vain. They collected \$10 from a man docketed as James Wilcoxson, 40, just before he was led out by Detectives Charles Gray and Bruce Dodge.

Attorneys—

(Continued From Page One)

Tass-Waterston of Dallas, National Production Authority; Dr. Alfred L. Seelye of Dallas, Office of Price Stabilization; a Reconstruction Finance Corporation representative, yet to be designated; Elbert Morrow of Austin, Secretary of State's office; and Leighton M. Reed of Austin, Veterans Affairs Commission.

The federal and state officials will be on hand to discuss individual problems with lawyers and to participate in panel discussions.

The institute participants will arrive here from Lubbock, where the tour will open Monday. After the Midland meeting they will leave for Waco.

Secretary of State John Ben Sheperd of Gladewater and C. Burt Potter of Corpus Christi are in charge of details of the tour. The program in Midland will be under the direction of Boyd Laughlin, president of the Midland County Bar Association.

The morning and afternoon programs will be held in the Midland City-County Auditorium.

Varied Activities

Thornton Hardie, Jr., of Midland is in charge of registration and Hamilton McRae is in charge of hotel reservations.

Lawyers may have private conferences with the various federal and state officials at the conclusion of the afternoon program, about 3:30 p.m.

Other activities during the day will include a citizenship program at the high school, a conference of local bar association officers and meetings of various law schools alumni, and a luncheon with service club members at noon in Hotel Scharbauer.

Most of the State Bar officers will be on hand for the meeting. These include Burney as president; Homa S. Hill of Fort Worth, vice president; William J. Park of Austin, secretary-treasurer; and Traylor Russell of Mount Pleasant, chairman of the board of directors.

SURGICAL PATIENT

Mrs. A. D. Gilbert, of Patricia, Texas, was admitted to Western Clinic-Hospital Friday for surgery.

MEDICAL PATIENT

Mrs. Ralph Hernandez, 1007 East South Front Street, received emergency medical treatment Friday at Western Clinic-Hospital.

Midland DeMolay Installation Rites To Be Held Sunday

Public installation of new officers of the Midland chapter of the Order of DeMolay will be held at 2 p.m. Sunday in the Midland High School gymnasium.

The installation ceremony is open to all friends of DeMolay. Masons, members of the advisory board and the public in general.

The installation ceremony will be performed under the direction of the Odessa chapter.

New officers include Pete English, master councillor; Robert Stubbeman, senior councillor; Wesley Pittman, Jr., junior councillor; Tommy Vannaman, scribe; Robert Keisling, senior deacon; David Breith, junior deacon; Joe Cates, senior steward; Bobby Pittman, junior steward.

Tommy Miller, orator; Tommy Erdington, chaplain; Buzzy Bray, sentinel; Gregory Lovelady, marshal; Waldo Leggett, standard bearer; Clayton Tatom, Almoner, and James Johnson, Orman Hubbard, Robert Pine, George James and Horace Adams, preceptors.

Also present will be three new members of the advisory board, A. H. Vineyard, Raymond Monkress and Charles Shaw.

Other members of this board include Lester Short, president; Dan R. Carter, chapter advisor; O. J. Hubbard, H. N. Phillips, J. M. McDonald, H. C. Avery, Jr., and James W. Mims.

Long-Stemmed Gals Joining Organization

LONDON—(AP)—The British "Association of Women with Large Feet" reported Saturday it is becoming a power in the land under a new name: "The Association of Tall Women."

Long-stemmed women throughout the United Kingdom are joining up at the rate of 50 a week.

Dress manufacturers have hastened to heed the association's dictum that big girls can't wear frocks styled for the average dumpy doll of five feet three.

Shoemakers who specialized in footwear for the feet of cops and postmen have hurried into production with a line of oversized women's wear.

"We have even," the association said in a statement to the press, "found a small man who makes long beds for tall people."

HEADING FOR MIDLAND—Number 1,000,000 fell onto the family of Alexander Ranezay, refugees from Slovakia and formerly of Hungary. As the one-millionth displaced person to be resettled by the International Refugee Organization, Ranezay and his family are being brought to Midland by Mr. and Mrs. William Y. Penn, 810 West Storey Street. Shown checking their baggage at a Munich, Germany, airport, the Ranezays are, left to right, Mrs. Maria Ranezay; daughters, Lydia, 21; Erika, 11, and Alexander.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugstore and ask for 4 ounces of liquid Barcetrane. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 39 Pounds

"I was really happy and surprised with the results obtained taking Barcetrane," says Mrs. Lillian Flowers, 214 Burnett St., San Antonio, Texas. "I have lost 39 pounds and feel so much better and look 10 years younger."

Lost 15 Pounds

Mrs. D. C. Baker, Box 31, Bryson, Texas, writes us as follows: "I weighed 215 pounds when I commenced to take Barcetrane. After one month I have lost 15 pounds and am going to continue taking it until I am down to 160 pounds. I have several of my friends taking Barcetrane and they are losing weight also."

Low Fares For Tourists

Next month at Nice, France, the international airlines will meet to discuss the proposed 1952 inauguration of air tourist class service between Europe and America.

In September the lines met once more in London. And here 10 carriers, while still voicing adherence to the "principle" of tourist flights, blocked action on the pending plan.

At this point Pan American World Airways stepped forward to declare that, regardless of opposition, it would launch low-fare tourist service to Europe next April 1.

It was fitting that Pan American should take the lead in forcing action, since it was the original proponent of transatlantic tourist service.

Everyone interested in wider travel for more people at lower cost, in broader international education and understanding, in expansion of Europe's dollar-earning opportunities, must hope Pan American succeeds in establishing this service.

ECA and finance ministries and travel associations in Britain, France and other nations are among those who see in a promised enlargement of the tourist trade a superb chance to swell Europe's scanty dollar supplies.

The opponents argue that tourist flights would steal traffic from first-class flights and that the service could not pay for itself.

A look at the record suggests their position is basically weak. Wherever tourist or coach service has been introduced—with reasonably good equipment (minus frills), frequent schedules and high seating density—it has been uniformly successful in tapping wholly new travel markets.

At stake here is a service which would bring transatlantic air transport within range of the pocketbook of the average American with just two or three weeks' vacation time.

It is a prospect eminently to be desired for both Europe and this country. The figures projecting the size of the untapped market are impressive. The weight of evidence is on the side of those who want to establish the service.

We Could Use More

The other day the first of a new breed of American soldiers got into uniform. They were aliens from European lands, mostly refugees from Iron Curtain territory.

There's only one thing wrong with this law. Its ceiling is too low. Europe is jammed with able-bodied young refugees eager to serve the cause of peace in the American Army.

Overtime Of Envy?

When Princess Elizabeth and Prince Philip were in Windsor, Ont., the other day, Governor Williams of Michigan slipped across the Detroit River to greet them.

Hereupon the mayor of Windsor piped up: "He can't need any luck. He's got his job for life."

The admiring mayor made it clear he knew he was the presence of a man who had entered the politician's order of Eden: that narrow zone where public jobs go forever without painful need of reelection.

We only wish money talked loud enough to give it away.

"How About Pulling In Your Own Belt For A Change?"

The Washington Merry-Go-Round

Copyright, 1951, By The Bell Syndicate, Inc. Drew Pearson says: Harry Truman appreciates Tallulah Bankhead; General Ridgway has revolutionized South Korean army; Attorney General balks at use of income-tax files.

WASHINGTON—President Truman beamed about daughter Margaret's singing, kidded congressional leaders about going home and talked Texas steers with Speaker Sam Rayburn the other day at a private luncheon on Capitol Hill.

It was a farewell luncheon that had to be delayed a couple of days so the President could attend. As a result, congressional leaders had to hang around to say their good-byes after their colleagues had gone.

Next, Ridgway broke up the South Korean corps and wedged individual South Korean divisions between American divisions. Then, one by one, he began to pull the South Korean divisions out of the line for 10 days rest and 30 days training under three crack American brigadier generals—Cornelius Ryan, Arthur Champany and Thomas Cross.

It was General Van Fleet's suggestion to bring a cadre of battle-tested Americans out of the line time to do the training. At the same time, Ridgway also recruited and trained brand-new South Korean divisions at the rate of one each month.

The President buzzed privately with Speaker Rayburn about the speaker's heretofore. But Truman looked up and beamed broadly when Senator Hill of Alabama interrupted to tell about hearing Margaret sing on Tallulah Bankhead's radio program.

"Tallulah has taken care of Margaret as her little girl," smiled the proud President. Ridgway's Genius

It has been obscured by the public's general apathy toward the Korean war, but the fact remains that Gen. Matthew Ridgway is emerging as one of the outstanding military leaders of recent times.

His accomplishments do not make spectacular headlines, because he does not go in for sudden dashes and grandiose press communiques. Nevertheless by careful organization and training he has cut casualties to a minimum, continued to gain ground, and done an amazing job of training Korean troops.

The South Koreans always have been the weakest link in the UN line. They fought like tigers while

Income-Tax Files Called on the carpet behind closed doors, Attorney General McGrath at first refused, then backed down about giving congressional investigators tax information from the Justice Department files.

"I have drafted for the committee a brief which shows that since the time of George Washington, these files have been kept confidential," protested the attorney general at a closed session of the King

There are still a lot of Hitlers in the world. A lot of guys like the Longs and Talmadges, the tobacco-spitting Southern senators who try to perpetuate racial hatred.

When visiting in a friend's home you say: "I really must be going." WRONG: Sit and talk a while longer.

RIGHT: Once you start to make the first move toward leaving, keep moving. The guest who "really should be going" but doesn't makes everyone feel awkward and uncomfortable.

What's RIGHT? When visiting in a friend's home you say: "I really must be going." WRONG: Sit and talk a while longer.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

The bidding of today's hand was very instructive. South's response of three no-trump showed balanced distribution, strength in each of the unbid suits, and high cards equal to a minimum opening no-trump bid.

North did not make the mistake of thinking that South had made a "closing" bid. He thought to himself: "How high would I bid if my partner had opened the bidding with one no-trump?" The answer was obvious, so North promptly bid six no-trump.

The play was as thoughtful as the bidding. South won the first trick with the king of hearts and

set to work on the clubs, knowing that he needed four club tricks to make his slam.

If the contract had been a grand slam, South would have finessed the jack of clubs at once. But South could afford to lose one club trick. Hence he took precautions against losing two tricks.

Declarer began by leading a club to dummy's ace at trick two. Then he led a low club from dummy towards his king-nine. When East played the eight, South finessed the nine, not caring whether or not the finesse held.

Actually, of course, the nine of clubs won. South then cashed the king of clubs, entered dummy with a spade, and gave up one club trick to East. The rest of the tricks were clearly declarer's.

South's line of play was safe against queen-ten-x-x of clubs on either side. If West had held the four clubs, East would have been unable to follow suit when dummy led the small club. Thus warned, South would have put up the king of clubs and returned a club towards dummy's jack.

Q-With North-South vulnerable, the bidding has been: East South West North 1 Heart 2 Spades A-Q 2-7-3, Heart A-Diamonds J-9-4-2 Clubs A-J-5. What do you do?

A-Double. The takeout double is safer than a spade overall. If your partner has a weak hand, you will discover his best suit, and little damage is likely to result. If partner has a good hand, you will get a chance to show your spades later on.

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades A-Q-9-7-3-2, Heart 4, Diamonds J-9-4, Clubs A-J-5. What do you do?

Answer Monday

A fire breaks out in the United States every 43 seconds.

NO SURVIVORS BY WILL HENRY

"It is no use, Cetan. I am done." A hard chill racked her frame. "I care not, even so, for he is alive. Your son is alive, Cetan, and so beautiful." I had forgotten the baby.

"Tasina will return quickly. My words sped with desperation. My cannot be here."

"Cetan—" Another trembling shudder ran over her. "Will you leave me now? Will you go out, letting Yunke-lo come in? Cetan, you are my life, Cetan!"

QHE was going now. Her arms clamped in spasm around me, then slacked away. I let her back on the robe, tucked it gently around her still figure.

She still breathed, very thinly. A flush of high color mounted her cheeks, brightening feebly with it the remembered berry-bloom of other days. For a magic moment then, I saw the face which guided me safely past Death's gate those many moons ago; which gazed in startlement up at me that long-gone morning in the forest above the bathing pond; which peered, wide-eyed, at me in Slatemeyer's fugitive camp; which blazed at me that wild, fire-lit instant when I flung the heart of the renegade into the flames at her feet; the face which had blessed my last night, on a thousand nights since.

The face whose memory I would take with me as the most beautiful thing God ever made and man ever looked upon.

I ecstatically heard her voice. "Cetan, take the charm. Her pale hand moved to the Arctic amulet around her neck. "It is for him. Name him 'Hawk' for his sire." She paused, a quiet peace lighting her features. The thin arms reached out.

"Cetan—my love." "That haunting half-smile was on her curving lips. I covered them with mine. And when I brought my lips away, hers still held their graceful, taunting arc. Would hold it forever.

Yunke-lo had entered behind me as I held her. I picked up the bundle containing my Indian son and went out into the night.

WASHINGTON COLUMN

SHAPE Playing For Time To Build Defensive Force

By PETER EDSON
NEA Washington Correspondent

PARIS—SHAPE—General Eisenhower's Supreme headquarters Allied Powers in Europe—has to be seen to be believed. The building itself is a one-story ramble and strictly temporary, with a long central corridor behind a plain reception center, and a dozen wings leading off at either side. Ike and his personal staff of brain-trusters occupy fourth wing left.

To build up European morale, the SHAPE staff—while emphasizing readiness to meet a Soviet surprise attack with present NATO forces—keeps pointing to the future. They emphasize what forces will be one, two and three years from now.

While Russia might overrun Europe now, it would be the first battle of what would be a long war. The Soviet would be subjected to a devastating strategic air attack. That further would weaken Russia's industrial potential, which even now is considered inferior to the West's.

In 1946, Stalin stated the Russian industrial goal as 80,000,000 tons steel capacity a year. They now have 40,000,000. The goal for oil capacity was 60,000,000 tons. They now have 40,000,000 tons. The goal was 500,000,000 tons of coal. They now have 285,000,000 tons.

In the meantime, Western European military and economic strength have improved greatly.

Military budget of The Netherlands has been increased 61 per cent over pre-Korea. The Belgian increase has been 69 per cent, the British 72 per cent, the French 85 per cent. And in the U. S. and Canada, the increase has been more than 200 per cent.

Conscription has been increased by the Dutch from 12 to 24 months. By the Belgians 12 to 24 months. By Italy, 12 to 18 months. France has increased conscription from 10 to 12 months. It could be higher, but it is believed that is coming.

These are some of the principal factors which keep the spirit of the SHAPE general staff high, although their problems are many.

Q—Is it possible for human beings to sleep with their eyes open? A—Experiments have proved it can be done; but comparatively few persons can sleep with open eyes unless they are extremely tired.

Q—What did the initials V. D. R. on the 1908-S Lincoln penny signify? A—They are the initials of the designer of the coin, Victor D. Brenner.

Q—Who were the Conquistadores? A—Any one of the leaders in the Spanish conquest of America, especially of Mexico and Peru, in the 16th century.

Q—The songs sung by the Venetian gondoliers have given us what musical term? A—Barcarolle.

Q—Who invented the rocking chair? A—Benjamin Franklin.

Little Rhode Island had 20,000 milch cows on its farms during 1949.

TEXAS WEATHER FORECAST SUBDIVISIONS (effective November 7, 1951)

U. S. DEPARTMENT OF COMMERCE - WEATHER BUREAU

NEW WEATHER PLAN—The United States Weather Bureau in Washington has announced Texas will be divided into four geographical sections for localizing weather forecasts. The new plan, effective November 1, will replace the East Texas-West Texas plan now in use.

Midland's Building Permits Push Near \$13,000,000 Level

Building permits in Midland for 1951 are pushing the \$13,000,000 mark.

Construction grants last week totaled \$127,390 to bring the year's figure to \$12,826,471.

Largest permit of the week went to C. L. Cunningham, builder for L. L. Hanks, for a \$28,000 masonry market-grocery-variety store at 301 North Pecos Street. Size will be 114 by 75 feet.

The Bellview Baptist Church received a \$20,000 permit for an asbestos siding structure at 200 Hart Street.

The Western Company was issued a permit for \$10,000 for a steel station office and truck shop on U. S. Highway 80 truck route.

Other permits of the week included: D. C. Harrell for F. R. Spaulding, \$9,000, frame residence at 1301 South Baird Street; Olive Johnson, \$8,000, public tile and brick self-service laundry building at 307 Dodson Street; C. L. Cunningham, \$5,000, frame residence at 209 South Pecos Street; C&M Construction Company, \$5,000, frame residence at 2715 Delano Street; C. A. Douhet, \$5,000, frame residence at 610 South Jackson Street; Acme Lumber Company, \$4,500, frame warehouse at 1400 South Rankin Highway; J. A. Elwood, \$4,000, frame residence, 1401 South Baird Street.

Smaller Permits

C. L. Cunningham, \$4,000, frame residence at 101 East Pecan Street; J. L. Davis for C. C. Hiett, \$3,550, frame structure at 1401 West Tennessee Street; Harrell Hipps for Mrs. R. O. Walker, \$3,500, frame residence at 304 West Eugene Street; City of Midland, \$3,390, remodel central fire station; Alfred Walker, \$3,000, public tile garage at 2001 West Kentucky Street; E. E. Kitis, \$3,000, frame residence at 423 Dornard Street;

A. E. Hindman for E. E. Garrett, \$2,950, move frame residence to 1907 Bryant Street; Harry Simpson, \$2,500, move frame residence to 303 George Street; James E. Merrell, \$2,000, frame servants quarters at 1008 West Carter Street; N. C. Coimett, \$1,800, frame cafe structure at 210 North Lamesa Road;

W. B. Moore, \$1,400, add to frame residence at 908 South Colorado Street; E. C. Hollingshead, \$500, frame garage at 1108 South Johnson Street; J. W. Williams for Baird's Bakery, \$300, storage room at 606 South Pecos Street; M. R. Rodriguez, \$200, move frame structure to 507 North Lee Street.

Youth Electrocuted In Drilling Accident

DALLAS —(P)—An Irving youth was electrocuted and a companion was injured Saturday when a drilling rod with which they were working touched an overhead power line.

Jack Pierce, was killed. Sid Fuller, Jr., 17, was injured slightly.

The youths were drilling a well. Sheriff's deputies said the boys had pulled the wet drilling rod from the well and it became entangled in the power line.

ANNOUNCING...

The Opening of Swail's Gulf Service

1600 Rankin Highway

Carrying a full line of Gulf Gasoline, oils, greases, tires and accessories.

For Delmas Decker To Be Held Tuesday

Funeral and memorial services for Pvt. Delmas G. Decker of Midland, who was killed in action in Korea, will be held here at 3 p.m. Tuesday in the Rev. W. Ellis Chapel.

The Rev. F. W. Rodgers, pastor of the Nazarene Church, will conduct services at the chapel with members of Woods W. Lynch American Legion Post serving as pallbearers. Military rites will be held at interment in Resthaven Memorial Park.

Private Decker was killed March 16, 1951, in combat. He was wounded twice but had returned to action.

He attended Midland schools and was employed at a food store here and at a bowling alley. He enlisted March 7, 1948, at Neosho, Mo., and took basic training at Fort Knox, being immediately sent overseas.

Survivors include his mother and stepfather, Mr. and Mrs. Harmon of Midland; two brothers, G. W. Decker and Ken Autry Decker, both of Midland; two sisters, Betty Decker and Linda Harmon, both of Midland.

Also survivors include his father, A. A. Decker of Tulsa, Okla., and grandparents, Mr. and Mrs. M. P. Friday of Midland.

Private Decker was born Nov. 18, 1932, at Terrell.

Former Comal Sheriff Starts Term In Prison

NEW BRAUNFELS —(P)—W. A. "Doc" Scholl, former Comal County sheriff, has surrendered voluntarily at the state penitentiary to start serving a two-year sentence.

Scholl was convicted in January, 1950 on charges of accepting a bribe. He was denied a new trial by the Court of Criminal Appeals, and the U. S. Supreme Court refused a review.

Casualties in Korea

WASHINGTON — Korean casualty list No. 42, released Saturday night by the Defense Department, includes the names of 19 Texans wounded in action and two injured.

Wounded, Army: Pvt. Robert C. Dowdy, Austin; Cpl. Darrell R. Jones, Comanche; Pfc. Jack C. Lee, Jr., Dallas; Cpl. Richard Marquez, El Paso; Cpl. Melvin M. Myrick, San Benito; Pfc. Ponziano Sanchez, Mathis; Pfc. Leon Showers, Jr., Lubbock; Pfc. Frank Zabala, Pleasanton.

Wounded, Navy: Hospitalman William J. Golden, Houston; HO 1/c Lionel G. Porter, Beaumont.

Injured, Army: Pvt. Floyd D. Paul, Dallas; First Lt. Donald J. Swelmer, El Paso.

Gray Sees Danger Of Russian Coup In Middle East

SAN FRANCISCO —(P)—Henry F. Grady, America's retiring ambassador to Iran, says there's danger of a Soviet coup in the Middle East in the Anglo-Iranian oil dispute.

He is not optimistic about chances of a reasonable settlement of the issue between England and Iran.

Grady said Saturday he favors a solution that would nationalize Iran's oil but leave the industry under management of an experienced foreign country.

If Iran takes over complete control of the Abadan Refinery, he said, oil production will fall off 80 per cent.

He said the great danger is a financial crisis that would bring disintegration of the Iranian government.

"Under conditions of confusion anything can happen," he said.

"Certainly the Russians have in their plans for imperialistic expansion the Persian Gulf area, which represents 50 to 60 per cent of the world's oil resources."

Girl Triplets Born In 13-Minute Period

ROCHESTER, N. H. —(P)—Girl Triplets were born within 13 minutes Saturday to Mrs. James Cofferen, who has three other children—also girls.

The 32-year-old mother, wife of a railroad worker, was fine and the new trio were doing well in incubators.

The smallest weighed two pounds, 12 ounces and the others, three pounds, 14 ounces and four pounds, four ounces. They were six weeks premature.

INJURES KNEE

Vernis Jones, 1609 East Illinois Street, employe of a lumber company, suffered a knee injury Friday while unloading lumber. He was given emergency treatment at Western Clinic-Hospital.

Mrs. J. H. Williamson, 79, Recalls Early-Day Midland

On a cool, blustery night in November 1900, a young East Texas woman from Morgan came to Midland with a neighborhood girl friend to visit.

On awakening the next morning, the visitor, now Mrs. J. H. Williamson, looked out the window and all she could see were "windmills and mequite brush."

She was unimpressed by the struggling little town which then had cattle raising and farming as the principal means of livelihood for the sparsely settled residents.

Midland might have lost her as a citizen except for the fact that a young man whom she later married, caught her fancy, persuaded her to stay and she's been here since.

She and her husband, the late J. H. Williamson, were to watch the "cotton" develop and to play a prominent part in its progress.

Williamson, a contractor, built many of the buildings which still stand along Main Street, as well as numerous residences.

Recalling life in early-day Midland, Mrs. Williamson said, "It was nothing but just a cotton town. There was no paving and the streets were so rough that you could hardly give a buggy over them."

Rocking to and fro in an old-fashioned rocker, she recalled incidents of the last 42 years to mind with ease, occasionally calling on her daughter, Mrs. C. W. Cole—"She remembers much better than I"—to verify her recollections.

Oil Started Growth

"The first few years we lived in Midland, the town didn't seem to grow at all," Mrs. Williamson said, "but after they found oil just before the depression the town really grew."

"Why this place has grown so now that I don't dare get stranded on the other side of town by myself," she declared. "I just wait for someone to come get me."

And she is not one to have Midland return to the way it was in the old days.

"I don't care how big it gets, I like the town the way it is now," she said.

Stately and agile for her 79 years, Mrs. Williamson says she has very little occasion to "get out much."

Still living in the same house where she and her husband moved in 1912, she said she has no desire to move.

"I'd never be satisfied any other place but in this old house. Why it's the most comfortable place a person could want."

Mrs. Williamson rents out apartments in her house. With improvements now being made to the interior, she supervises the work.

Gray-haired, with large, alert eyes, Mrs. Williamson's age often is deceiving to even her closest friends.

"People won't believe my age. They think I'm joshing when I tell them how old I am," she said delightedly.

Asked what her hobbies and interests are, Mrs. Williamson chuckled and said, "I'm too old for hobbies and my eyes are not good enough to do any reading."

"I just spend most of my time visiting with friends."

COTTON

NEW YORK —(P)—Cotton turned reactionary Saturday. Selling was attracted by weakness in securities and a lower trend in grains. Futures closed 35 to 75 cents a bale lower. December 37.68-70, March 37.45, May 37.23.

Bronco Razzle-Dazzle Upsets Porkers, 21-12

LITTLE ROCK, ARK.

(AP)—Santa Clara's oft-beaten Broncos fired themselves up with a touchdown on the first scrimmage play and razzle-dazzled their way to a 21-12 upset of Arkansas here Saturday night.

While the favored Razorbacks were far from the team that whipped Texas last week, Santa Clara didn't look like a ball club that had lost four games this season.

The Bronchos, at a weight disadvantage of 20 pounds per man, turned loose a set of fast backs and a brilliant aerial attack to keep the intersectional scrap under control throughout.

Amazing Ground Defense
The Bronchos also threw up an amazing defense that held the Razorbacks to only 20 yards on the ground.

On the first scrimmage play of the game, Bronco halfback Del Rasmussen took a handoff, drifted to the sidelines and when his blockers formed a protective wall, speeded straight for the goal 73 yards away. No one laid a hand on him.

Near the end of the first quarter, Santa Clara capitalized on a fumbled Arkansas pitchout for another quick touchdown. Bill Payne grabbed the ball for the Bronchos on the Razorback 29. On the next play, Quarterback Johnny Pasco spotted Rasmussen standing alone on the five and threw to him for the score.

A 45-yard punt return by Johnny Cole put Arkansas on the Bronco 25 and touched off a Razorback rally. Buddy Sutton scored on a two-yard leap over right guard.

Pasco passed six yards to Oern Nagler for a third-period touchdown that insured the West Coast-ers a victory.

Arkansas was able to make it close only with another brilliant punt return by Cole. This time he went all the way—67 yards.

Fans Carry On When Gridders Quit At Bowling Green

BOWLING GREEN, OHIO —(AP)—Fans and players slugged it out in a seven-minute brawl Saturday at the end of a football game in which Toledo beat Bowling Green, 12 to 6. Flying fists accounted for about 20 black eyes, a number of cut faces and a lot of scorched tempers before coaches and officials ended the melee.

President Ralph W. McDonald of Bowling Green blamed the fracas on Toledo players. Toledo Coach Don Greenwood said Bowling Green started it.

In 1934, the two schools broke off football relations after a similar brawl. None of the casualties was believed serious.

Auburn, Parks Put It To Tulane, 21-0

NEW ORLEANS —(AP)—Auburn tucked its senior quarterback, Allan Parks, behind a fast moving line and the skinny youngster sent Tulane to a crushing 21-0 Southeastern Conference football defeat Saturday.

Slashing on offense and immovable on defense, Auburn's tough forward wall combined with Parks' generalship and passing proved the difference.

Auburn roared to two quick touchdowns with 75 seconds in the second quarter and added a third for good measure in the final period.

In the third quarter, Tulane drove to Auburn's one but couldn't buck it over, and again in the fourth period the Greenies went to the Auburn eight and then fiasco.

Georgia Pass Orgy Sinks Boston College

ATHENS, GA. —(AP)—Georgia's great passing battery—Bratkowski to Babcock—came awake Saturday against Boston College to boost Georgia to a 35-28 victory.

Five wild minutes with Zeke Bratkowski throwing brilliantly to Harry Babcock were exactly what Georgia needed to break Boston College's scoring spell and snap out of a 21-21 tie.

Boston College scored again late in the game on a fine pass play of its own, but the Eagles never were the same after Bratkowski and Babcock finished with them in the third quarter.

Princeton's Mentor Cools Off In Lake

PRINCETON, N. J. —(AP)—Football Coach Charlie Caldwell cooled off in Lake Carnegie Saturday after his red-hot Princeton Tigers' performance.

All-American Dick Kazmaier, Team Captain Dave Hickok and End Len Lyons tossed Caldwell into the lake before 200 spectators after the 53-15 victory over Cornell. Caldwell had promised his team the privilege if it beat Cornell.

ACC Wildcats Rally In Closing Quarter To Nip Midwestern

WICHITA FALLS, TEX. —(AP)—Last-quarter touchdowns allowed Abilene Christian College to come from behind and nip Midwestern 21-13, Saturday in a homecoming game.

The Indians broke into the scoring column on the next to last play of the first quarter as Harold Murock completed a pass to Salty Thomson covering 39 yards. Harry Hansler was wide with his extra point attempt.

Midwestern widened its edge when Don Smith of ACC fumbled on his 28 and John Sorio recovered for Midwestern. The Indians moved the ball into paydirt in two plays. Jackie Robinson going one yard for the marker. This time Hansler booted the extra point.

Later in the quarter, Tommy Wilson bulled three yards for a touchdown for the visitors. Faye Treadway converted.

AOC went ahead halfway through the fourth period when Quarterback Ted Sittion went four yards to cross the double stripe. Treadway's kick was good.

The Wildcats added their final touchdown and extra point just before the game ended with Sittion passing to Ray Hansen for six points. Treadway converted.

Maryland Skims Over LSU, 27 To 0

BATON ROUGE, LA. —(AP)—Maryland's unbeaten Terrapins, skinned over "biggest hurdle" Louisiana State University, 27-0, Saturday night in a bang-up football game.

About 38,000 fans saw Maryland's razzle-dazzle split T so for four touchdowns.

Quarterback Jack Scarbath scored two on a four-yard buck and a 54-yard buck off tackle. Halfbacks Bob Shemonaki and Chet Hanulak ran one and nine yards respectively for the others.

Specialist Don Decker kicked three extra points, running his year's record to 16 in 23 attempts.

Iowa State Downs Bright-Less Drake

DES MOINES —(AP)—Iowa State, plagued by fumbles and a rugged enemy defense, staggered to a 13-0 victory over Drake Saturday.

Iowa State wasn't on safe ground until Mel Meling rambled 25 yards for a touchdown with only 36 seconds left. Up to that point Drake, its offense impotent with Johnny Bright sitting this one out with a broken jaw, had given the Cyclones a stiff defensive battle.

REBOUNDING OHIO STATE FINCHES IOWA, 47 TO 21

COLUMBUS, OHIO —(AP)—Tony Curcillo passed for four touchdowns, mostly on long heaves, and sneaked over for two more to lead rebounding Ohio State to a 47-21 victory over Iowa Saturday.

Curcillo completed 10 of 14 passes for 292 yards to highlight the wide open game. Iowa's Quarterback Burt Britzmann put on a show of his own, completing 11 of 19 tosses for 101 yards and one touchdown and bucking over for another.

ILLINOI TAPS INDIANA

BLOOMINGTON, IND. —(AP)—Halfback Johnny Karras, the worst thing that ever happened to Indiana's football team, scored three touchdowns for Illinois Saturday to beat the Hoosiers, 21-0.

Marciano Wants Lick At Walcott

NEW YORK —(AP)—

Rocky Marciano, boxing's latest sensation as the result of his eighth-round knock-out of Joe Louis Friday night, said Saturday he'd like to fight Heavyweight Champion Jersey Joe Walcott for the title. Jersey Joe said he'd like to fight Marciano.

But right now it appears Walcott will fulfill his contract to give Ezzard Charles, the former title-holder, the return title shot in June. Charles Comes First

President Jim Norris of the International Boxing Club said a Walcott-Marciano scrap was out of the question for the time being and that Charles would get his deserved chance first.

Marciano, who appeared at the IBC to pick up his \$49,805 check and talk to Norris, said "Sure, I'd like to fight Walcott for the title. That's my ambition—the championship."

Charles, who watched Friday night's Madison Square Garden bout, said, naturally, that he didn't want to step aside. He said too he'd be very happy to fight Marciano.

"He's a good fighter, a hard hitter," said Ezzard. "Sure, I'd fight him. I'll fight anyone."

Again, Michigan State Rallies To Whop Pitt, 53-26

EAST LANSING, MICH. —(AP)—Michigan State's flashy runners provided the comeback push and finally subdued pass-happy Pittsburgh, 53 to 26, in a homecoming football game here Saturday.

Michigan State, No. 2 team in the nation trailed, 20-19, at the half but ran wild for three touchdowns in the third quarter. It was the fourth successive Saturday that the Spartans have had to come from behind to win from inspired opposition.

The uncanny passing of Pitt Quarterback Bob Bestwick made it look for awhile as if the Spartans might finally be in for an upset. Michigan State took a 13 to 0 first quarter lead, then Bestwick started hitting his ends with long ones. His 16 completions in 21 tries for 235 yards in the first half accounted for three Pitt touchdowns.

Single-Wing Tigers Bury Cornell, 53-15

PRINCETON, N. J. —(AP)—Princeton's single-wing scoring magic, with Dick Kazmaier and Dick Pivrotto as the chief magicians, overwhelmed Cornell, 53 to 15 Saturday to extend the Tigers' winning streak to 18 consecutive games.

Thus Princeton, ranked eighth in the nation, established itself as favorite to retain the Ivy League championship.

Cornell never was in the game after the first quarter.

It was Kazmaier all the way as the Tigers led 7-6 at the end of the first quarter, 20-6 at the half and 40-8 at the close of the third.

Pivrotto, a speedy wingback, helped Kazmaier with a couple of runs and fine catches of his passes.

Michigan Hands Minnesota Beating

ANN ARBOR, MICH. —(AP)—Michigan and Minnesota threw everything but the Little Brown Jug at each other in a wild forty-second renewal of their famed gridiron feud here Saturday. But Michigan delighted 86,200 homecoming fans with a record smashing 54-27 victory.

It was a day for explosive long runs and Michigan's lithe Junior End Lowell Perry took the honors. He caught touchdown passes for 71 and 25 yards and ran back a Minnesota punt 75 yards for a third score.

College Gridder Dies Of Game Injury

BILLINGS, MONT. —(AP)—Wesley C. Salonen, 23, center for Montana School of Mines, was fatally injured Saturday when in Eastern Montana College of Education's homecoming football game.

Injured on a punt play near the end of the first period, Salonen was taken to a hospital where he was dead on arrival.

Word of his death reached the field just before halftime. Officials announced his death and suspended play with Eastern Montana leading, 7-6.

All other homecoming festivities were cancelled.

TIGERS RAP NEBRASKA

COLUMBIA, MO. —(AP)—The Missouri Tigers mustered power for five touchdowns for their first Big Seven Conference football success in beating Nebraska Saturday, 36-19.

TACKLE COMING UP—Roy Kimsey (18) sets to tackle a Lamesa ball carrier in the 1-AAA battle with Lamesa here Friday night, won by Midland 34 to 7. The other Midland boy shown approaching from the rear is Jimmy Linebarger (52).

Villanova Downs Houston, 33-27

HOUSTON —(AP)—Villanova threw its touchdown punch in short, lethal doses Saturday night to edge the University of Houston, 33-27.

It struck for two touchdowns within 22 seconds in the first quarter, needed but one play to make the scoreboard click on three different occasions and never needed more than eight plays to tally.

Quick reaction to Houston mistakes and the uncanny ability of Joe Rilo to get behind Cougar pass de-

'Wrecks' Extended By Vandy, Win, 8-7

NASHVILLE, TENN. —(AP)—Georgia Tech's unbeaten Yellow Jackets wallowed to a squeaky 8-7 victory over Vanderbilt in a sloppy, rain-soddened battle here Saturday.

Tech, the nation's third-ranking team, dominated the Southeastern Conference contest and led, 8-0, on a blocked punt and a safety until the final eight seconds, when Quarterback Bill Wade fired an 18-yard pass to end Ted Kirkland for Vanderbilt's only score.

Vanderbilt got its only scoring chance seconds before the game's end when Larry Ruffin fumbled on the 32.

Wade took the ball to the 19 and then fired to Kirkland, who took it into his arms between Jacket defenders for the score.

PENN SINKS NAVY

PHILADELPHIA, PA. —(AP)—Butter-fingered and injury-riddled Pennsylvania overcame a bad case of "fumbleitis" to score two fourth period touchdowns Saturday and further humiliate frustrated, winless Navy, 14-0.

Sam Villareal and Izzy Jimirez were the difference. The two Marfa backs rambled for yards and yards. McCamey's only score came on a pass, Billy Stokes to Johnny Boggs. Raymond Garrison kicked goal.

Shorthorns Shock McCamey, 18 To 7

McCAMEY—Marfa's Shorthorns shocked the McCamey Badgers here Friday night, 18 to 7, in a 5-A ball game.

Sam Villareal and Izzy Jimirez were the difference. The two Marfa backs rambled for yards and yards. McCamey's only score came on a pass, Billy Stokes to Johnny Boggs. Raymond Garrison kicked goal.

Bulldog B Team Downs Lamesa, 13-6

A touchdown in the last

minute of play gave the Midland B team a 13-6 win over the Lamesa Bees here Saturday night in Memorial Stadium, and consequently gave Midland a clean sweep of the Lamesa "series" this weekend. Midland took C, junior high and varsity titles in addition to the B win.

Rusty Rutledge dropped back to pass, ran upfield to his right and scampered 65 yards to the Lamesa 10.

MIDLAND B **LAMESA B**

4 for 40 Penalties 8 for 25

three-yard line in the fading moments. Three plays later, he scored from the one to break a 6-6 deadlock. Jim Hammett converted.

Midland went ahead in the second quarter after Jerry Green ran a punt nicely 25 yards to the Lamesa 35-yard line to set up the score. Hammett went to the left for a 25-yard dash to the 10. Rutledge scoring up the middle on a keeper play.

Game Tied Up
Lamesa tied it up in the third frame, after pass interference gave the little Tornados the ball on the 15-yard line and a Bartlett-to-Cole pass scored.

John Crowley, end, played a fine game for Midland both offensively and defensively. Paul Davis and Clinton Hamlin also turned in good games for the winners.

Stanford Tribe Nips Washington Huskies

SEATTLE —(AP)—A penalty-plagued tribe of Stanford Indians, led by Gary Kerkorian and Bob Mathias, romped a rugged 64 yards Saturday in the final quarter to trounce the favored Huskies of Washington, 14-7, and remain unbeaten.

The versatile gang from Palo Alto bounced back for its sixth football victory after losing two touchdowns by penalties and after Hurrayin' Hugh McElhenney had galloped 69 yards for Washington to tie the score at 7-7.

The Stanford defense grabbed off a share of the glory when it threw back Washington's only first-half threat. The Huskies had powered 72 yards to Stanford's four, only to be checked by the smashing Indian line.

Yellow Jackets Get By Monahans, 27-6

By COPE ROUTH Reporter-Telegram Staff

KERMIT—The Kermit High School Yellow Jackets celebrated their homecoming here Saturday night by overpowering the Monahans Lobos, 27 to 6, and moving into the lead in the District 8-AA Conference race.

In a rough contest which saw at least six players ejected from the game, the powerful Yellow Jackets of Coach Neil Dillman moved

against them, scored twice in the first quarter and twice more in the third.

The Lobos never moved past the 50-yard line until well into the third quarter and failed to score until six minutes before the end of the game.

Kermit struck late in the first period after a Monahans punt was partially blocked and went out of bounds on the Lobo 27-yard marker. Although set back 30 yards in penalties, the Yellow Jackets moved on down to score with James Harmon going over from the four-yard line after he had gained 17 yards on a pass from Don Handlin.

Monahans Fumbles
A few minutes later, Monahans fumbled and Keith Wharton, guard, recovered on the Lobo 12-yard line. After Bennie Carr went for five, Handlin twisted over left tackle for the touchdown, and Bobby Almond converted.

It was a see-saw battle in the second quarter.

Early in the second half, after the Lobos were forced to kick, Kermit drove to a touchdown in five plays with Jack Krodell pulling in a pass and scooting on across in a drive which covered 41 yards. Almond again converted.

The next time they got the ball, the Yellow Jackets scored again. Two 22-yard runs by Billy Mitchell carried to the 25-yard line, then Handlin broke up the middle and galloped to paydirt. Almond's toe made it 27 to 0.

In the fourth quarter, aided by penalties, Monahans moved on a long scoring drive with Arlow Neims going practically all the work, running for 14 yards, completing two passes and setting up the play which sent Fullback Jimmy Jenkins around left end four yards for a touchdown.

Sid Harnesk, former Washington Jet roller derby star, is now coaching the Chicago Westerners. Harnesk has been skating for the Roller Derby for seven years.

BOTTOMS UP—Jockey John Cotter hangs on precariously as Monterey, after leading the field at the three-quarter mark, slips in the mud at Belmont Park and sends them both spinning. Though out of running, the rider remounted and finished the race. (NEA)

Big Spring Gets 21-20 Upset Win Over Plainview

BIG SPRING—A fired-up Big Spring ball club, underdog by six touchdowns, rallied for a stirring 21-20 win over Plainview's big Bulldogs in a 1-AAA conference game here Friday night.

Donald Mack Richardson, a junior back who recently had a light attack of polio, kicked the three extra points which supplied the margin of victory.

The game clearly was Big Spring's. The Steers rolled up 12 first downs to six for Plainview and carried the fight to Plainview all the way. One Big Spring scoring dash of 72 yards was wiped out by a penalty.

Plainview got off to a 13-0 lead, but Big Spring bounced back with two touchdowns on passes from Bobby Hayworth to Raymond Gilstrap, to take a 14-13 halftime lead.

Early in the third quarter, Don Caylor ran 51 yards for a Plainview TD and the Bulldogs were in front, 20-14.

But the Steers ground out a 91-yard scoring march late in the fourth quarter. Dick Prahm blasting the final yard.

Richardson then kicked the game-winning extra point.

RANCH HAND INJURED
Estes McIntosh, a ranch hand for Roy Parks, was given emergency treatment at Western Clinic-Hospital Friday for neck and shoulder injuries suffered when he was lifting objects.

Wink Wildcats Blast Alpine, 55 To 19

ALPINE—The high-scoring Wildcats of Wink, who haven't been held to less than 40 points in four district contests, rolled over the Alpine Bucks here Friday night by a 55 to 19 margin.

Wink tallied at the end of six minutes of play, then rolled at will. Don Barnes, Dan Villarreal, Dale Dodd and Puss Herring divided Wink's scoring, crossing the goal line a total of eight times.

Lubbock Dumps San Angelo, 40-6

SAN ANGELO—Lubbock's power dumped the San Angelo Bobcats here Friday night, 40 to 6.

James Sides and Charles Brewer pced a mighty Lubbock ground attack to roll up a 20-0 Lubbock lead at halftime. Both teams had 15 first downs in the tilt, but Lubbock used reserves freely.

Huddleston Stars As Iraan Rips To 35-7 Win Over Crane

IRAAAN—Billy Pete Huddleston started it early with a 57-yard ramble, and Iraan's Braves made scoring a habit as they trounced the Crane Golden Cranes, 35 to 7, here Friday night.

Huddleston scored two more times on runs of 15 and 25 yards to pace Iraan.

Crane tallied in the final minute. Malcom Garrett scoring on an end sweep.

Big Lake Wins On Pass Run-Back, 7-6

BIG LAKE—A 35-yard touchdown dash with an intercepted pass by Don Barber in the third quarter, and a conversion by Jackie Holmes, gave the Big Lake Owls a slim 7-6 win over Fort Stockton here Friday night.

Fort Stockton marched 40 yards to score in the second quarter. James Huckaby scoring over guard the final six yards.

Vernon Pounces On Sweetwater, 14 To 7

SWEETWATER—A touchdown in the last minute of play gave the Vernon Lions a hard-earned victory over Sweetwater High School, 14-7, in a 1-AAA conference game here Friday night.

Sweetwater fumbled on its own seven yard line late in the game, and in one swift play Vernon won. A pass from Duang Blair to End Criss Crebs was the payoff and Fullback D. Dillingham then converted.

The Mustangs got behind in the early moments, fumbling on their own 30. Vernon took it on down to score with Billy Blair sweeping end for the tally.

Sweetwater knotted it at 7-7 in the second quarter. Fullback Olivera climaxing a 45-yard drive with a one-yard scoring lunge. Don Reagan made the point.

It rocked along even—Stephen until the Mustangs fumbled and Vernon quickly took advantage. First downs were even at 10 each.

Meyer Reappointed Pittsburgh Pilot

DELAND, FLA.—(AP)—Billy Meyer was reappointed manager of the Pittsburgh Pirates Saturday.

General Manager Branch Rickey said Meyer was given a one-year contract identical with the one which expired at the end of the 1961 season. Meyer's salary has been reported at about \$40,000 a year for three seasons.

Rickey gave Meyer his contract at a luncheon for rookie Buc players who have been attending a training camp here.

Read The Classifieds

Pampa Trips Odessa, 14-7

PAMPA—Powerful Pampa shocked Odessa's big red Bronchos, 14 to 7, here Friday night in the state's top schoolboy football game and in a 1-AAAA conference encounter.

Odessa drove within the Pampa 15-yard line three times in the fourth quarter, but lost the balls on downs twice and fumbled away a third attempt.

Pampa recovered a Broncho fumble at the Odessa 11 late in the first quarter, and punched down to the one. It took four plays to gain the yard, but Billy Davis battered over on the last attempt.

Pampa drove 53 yards for its second TD, this in the second quarter, scoring again from the one with Davis cracking over.

The last half mostly was Odessa's, although Pampa had it when the chips were down. Odessa's only touchdown came after a fumble had been recovered at the Pampa 38. Quarterback Carl Schlemmer going over from the two on a sneak play.

Louis, Knocked Out By Marciano, May Quit Boxing Game

NEW YORK—Tears flowed openly and unashamed in Joe Louis' dressing room Friday night—but not from Joe.

There wasn't a dry eye—except those of the former great heavyweight champion. His were bright and clear.

Middleweight Champion Ray Robinson sobbed softly. Ex-Heavyweight Champion Ezzard Charles blinked and blinked. Others in the sweaty room, some newspapermen, had large lumps in their throats. The only lump Louis had here on his cheeks and forehead.

They all realized it was the end of an era. Louis' glorious and history-making ring days were over.

Everybody hated to see it end that way—Louis sprawled out, flat on his back on the ring apron in the eighth round, his legs tangled around the ropes—knocked out by Rocky Marciano, a rough, tough, hard-punching kid out of Brockton, Mass.

Rocky was just a kid, who three years ago was digging ditches, working in a shoe factory, washing dishes—never dreaming that one day he would be fighting against the great Joe Louis, let alone knocking him out. But he did it decisively, putting Louis down for an eight count, just before the crusher, at 2:36 of the eighth round.

Secretly, however, those in the hot steaming room, listened to the balding, 37-year-old gladiator mumble replies Friday night to countless questions, were glad Joe had lost. **Maybe He'll Quit**

Maybe now, they reasoned, Louis would see the light. Maybe now, they hoped, Joe would realize he is but a shell of his former self. Maybe now he would decide once and for all to quit before he suffered serious injury.

"Please, Joe, quit," they were thinking. "Say it is so."

But Louis, his face bloated, his lips and nose puffed, his left hand swollen and in pain, his legs and body weary, would not say.

Joe parried this question. "I'd rather not say now," he muttered in a voice that was barely audible. "I'll let you know Monday in the IBC office."

"I don't want to make a hasty decision. I had an exhibition tour planned (to Tokyo and Korea). It all depends upon whether the people will still want me to go through with it.

"Maybe they won't want me now."

RECEIVES HAND INJURY
Herbert Young, a roughneck for Joe Dixon Drilling Company was treated at Midland Memorial Hospital for a hand injury suffered when his hand was caught in a spinning chain.

The 1924 Quantico Marine football team rolled up 183 points to 13 for its opponents. Vanderbilt scored all 13 of the points.

Midland Smothers Lamesa Team, 34-7

Canines Get Off To Fast 1-AAA Start

By LARRY KING
Reporter-Telegram Sports Editor

A brutally efficient Midland High School football team stilled the Lamesa Golden Tornado to a gentle breeze with a polished performance here Friday night, pushing to a 34-7 win in the opening District 1-AAA contest for both teams.

Revenge was sweet, as the Bulldogs atoned for a 13-12 loss last season which knocked them from a share of the conference title.

And they were sharp in gaining it.

A deadly aerial game featuring Ralph Brooks on the throwing end with Robert Keisling and Jimmy Lineberger on the receiving end, coupled with a strong ground attack, pushed Midland into a 20-0 first-quarter lead.

After those first, swift strikes there was no doubt as to the outcome. The only question was: How much?

Lamesa's heralded passer, Jerry Millsaps, hit his receivers for 159

MIDLAND	LAMESA
14 First Downs	7
205 Gained Rushing	64
22 Lost Rushing	52
183 Net Rushing	12
126 Gained Passing	139
18 of 13 Passes Completed	9 of 23
5 for 29.5 Punt, avg.	6 for 34
6 for 50 Penalties	9 for 75
309 Net Offense	171

yards—including a 66-yard scoring play in the fading moments of the first half—but the Midland line roughed him up on other attempts. As a result, he lost much of his famed effectiveness.

This same rough and ready line held Lamesa to a net of 12 yards running for the night.

Foremost in this defensive line play were Tackles Stan Coker and Bill Leonard, Guards Terry Fuglaar and Pete English and End Bill Mims.

There were others, but these were the terror-spreaders who ripped Lamesa to shreds.

Midland struck swiftly in the first quarter as a result of this tight defensive play, taking over on the visitors' 25-yard line where Larry Friday fell on a fumble.

Brooks rambled for a yard. Then lightning struck.

From the 24, Brooks started into the line, jumped, tossed to Keisling over the line of scrimmage and it was good for six points as Keisling

Midland and Lamesa bands and pep units put on interesting half-time activities.

The Bulldog Band and Half-Timers went "Hallowe'en" and came up with a ghost and skeleton and jack-o-lanterns, with music and outlines in lights.

The Lamesa band outlined Texas in lights and dotted her with green light letters for the schools of District 1-AAA. Then the Texas border moved round and round.

cut deftly to his left and danced 14 yards into the end zone. Friday's kick put Midland in front, 7-0, at 5:40 of the first quarter.

A short kick by Lamesa's Ray Taylor sailed out of bounds on the Lamesa 35, only two and one-half minutes later.

Again, the Bulldogs got one yard, then struck for the distance.

The 34-yard ramble was turned in by Friday who faked a handoff, spun, bootlegged into the line and slipped 10 yards before Lamesa knew who had the ball—and then it was too late. That made it 13-0, when he crossed the goal line, compliments of a key block by Pete English.

Two minutes later, the tally mounted to 20-0 as Brooks romped for seven, Roy Kimsy reversed for 27 and Brooks then hit Jimmy Lineberger for a 27-yard gain and a touchdown, Lineberger running the last 15 steps.

In Three Plays

That drive covered 61 yards in three plays.

In the second stanza, the Purple moved 69 yards with Keisling accepting tosses of 29 and 11 yards, the last for a touchdown as he turned in a fine bit of running on the scoring play. Friday toed the score to 27-0.

Lamesa, though, came right back. On the first play after the kickoff—and the last play of the first half—Millsaps tossed 26 yards to End Ray Taylor, who did a man-sized job of running 40 more yards to pay dirt. Jones' successful conversion pulled the Tornadoes to within 27-7 at the intermission.

Midway in the third quarter, Midland moved the lighter Tornadoes back with a 59-yard scoring spurt.

Brooks ripped 20 yards to the 12-yard line to set up the score, after a pass to Kimsy had gained 16. Kimsy then went to the five-yard line, and Brooks' thundered over the goal line to increase his total number of points for the year to 80. Friday converted, and it was 34-7.

Good For 54 Yards

Still another touchdown play, a Brooks-to-Keisling pass, tallied a touchdown good for 54 yards in the final quarter, but a penalty erased it.

So completely did Midland dominate play in the last 10 minutes, Lamesa had the ball but one play—and that to kick from its own one-yard line where a Midland drive had stalled after a 53-yard advance.

With the first liners on the bench, a team of Midland reserves showed off for the crowd of 9,000 fans by moving for a first down as the game ended, Jesse Hatfield showing the way in the backfield.

STILL BLOCKING—Bill Erskine (13) and Jim Lineberger (52), throw blocks at Lamesa players in the tilt here Friday night, but End Ray Taylor of Lamesa already has tackled ball carrier Ralph Brooks. Midland won, 34-7.

USC Trojans Nose Out Horned Frogs In Final Minutes

LOS ANGELES — (AP) — Texas Christian almost knocked Southern California loose from its new-found national reputation Saturday, but the Trojans came from behind with counter-brilliance in the last quarter and emerged on the top end of a 28-26 score.

The game, pitting the top teams of the Pacific Coast and the Southwest Conferences, and witnessed by 50,732 fans, was not decided until the final gun.

Two invaluable points missed on attempted conversions and two touchdowns fumbled away in the end zone, cost the Horned Frogs victory.

The vaunted Trojans, rated number six last week in The Associated Press poll, went into the inter-sectional battle favored to whip the Frogs by 13 points, at least.

Instead, USC was held to a 7-7 tie at halftime, and only the heroic play of tailback Frank Gifford and an awakened wingback Al Carmichael brought USC its fifth collegiate triumph of the season.

The outstanding star for TCU was its 19-year-old sophomore, Ray McKown, who led his team to an upset win over Texas A&M last weekend and almost did it again Saturday.

USC Scores First

USC took a 7-0 lead in the second quarter. Getting across the 50-yard stripe for the first time, Gifford led the Trojans 48 yards in six plays and scored the first of his two touchdowns.

TCU came back with an 82-yard thrust, as Halfback John Medanech raced 20 yards from a closed formation for the tally.

TCU scored twice in the third period, cashing in quickly on a Trojan fumble on its own 24. McKown netted 12, five and seven yards for the touchdown.

The Trojans kept to the ground on a 67-yard drive, with Pat Duff scoring from the one. It gave USC a 14-13 lead.

Soon after, McKown lofted a long pass to End Bob Blair and he went all the way—73 blazing yards—to send the Frogs in front, 20-14.

Came the final period and the Trojans twice battled for tallies in only a little over a minute. One drive lasted 39 yards, the other started from TCU 27 after a Frog fumble fell into the hands of Halfback Harry Welch.

Frogs Knock at Door

McKown then sent the Texans 75 yards in eight plays, the biggest gain being a 43 yard pass to End Ted Vaughn. Another to Vaughn, for five, brought the score up to 26-28.

In the final two minutes, TCU took over on its 20, and was back deep in Troy territory when time ran out.

Gifford converted for all of USC's extra points, but Keith Flowers of TCU was unsuccessful on two of his tries.

The Frog offense gained 436 yards running and passing to 371 for USC. On the ground, it was 178 for USC, 147 for TCU. In the air, McKown gained 289 yards to 193 for USC.

Stranahan, Maxwell In Mexico Finals

MEXICO CITY — (AP) — Veteran Frank Stranahan and U.S. Amateur Champion Billy Maxwell won their way Saturday to the finals of the Mexican Amateur Golf Tournament. Stranahan, of Toledo, Ohio, defeated Dick Perk of Indianapolis, 7 and 6, in the 18-hole quarterfinals over the 6,615-yard Mexico City Country Club course Saturday morning. He then disposed of defending champion Joe Conrad of San Antonio, 3 and 2, in the afternoon semi-finals.

Maxwell, of Odessa, Texas, eliminated Buster Reed of Denton, 7 and 5, in the morning, but had harder going to beat Dale Morey of Dallas, one-up, in the afternoon. Stranahan and Maxwell play the 36-hole finals Sunday.

Read The Classifieds

Dick Turner Wins Golf Title Here

As expected, Amarillo's Dick Turner won the Westex Pro-Am Golf Tournament Friday at Ranchland Hill Country Club, firing a 79 score to end with a four-day total of 277.

Turner, who was low pro with a 67 the first day of the meet, was tops every day except one. Last year he was runner-up in the same meet.

Abe Beckman of Ranchland Hill came in with a 282 total and Gene Towery, Lamesa, finished third with a 286 total.

Bob Wortman of Ranchland Hill took the top amateur spot with a 287 total and Russ Milne, Roswell, was second with 295.

Other top pro scores: J. D. Taylor, Clovis, N.M., 288; J. C. Hardwick, Midland, 292; Kenneth Wright, Littlefield, 292; Herb Schroder, Levelland, 293; Joe Lopez, Amarillo, 294; W. O. Maxwell, Big Spring, 294; Fred Atkins, Vernon, 297; Foy Fanning, Abilene, 297; and Bill Keith, Carlsbad, N.M., 297.

J. R. Freeman, Big Spring, capped the Class B amateur crown with a 314 total and Chester Sheppard, Ranchland Hill, took the Class C marbles with a 342 total.

Cowden Team Wins Fifth Straight As Jim Owens Sparkles

LAMESA — John M. Cowden Junior High School of Midland, seventh grade team, won its fifth straight game here Saturday with a 19-0 triumph over Lamesa Junior High School.

All the scoring came in the first half, as Jim Owens paced the attack with three touchdowns.

Owens' first two TD's came as a result of end sweeps in the first quarter on dashes of 60 and 45 yards. He took a pass from Larry Cooper and ran 40 more yards for the third tally. Dennis Patton plunged for extra point after last score.

Coaches O. C. Penn and Glenn Rhodes used 30 boys in the tilt.

Notre Dame Uses Beardless Marvels To Crush Purdue

SOUTH BEND — (AP) — Notre Dame touched off a group of teen-aged thunderbolts, fused by freshman Paul Reynolds, that shot through Purdue Saturday for a 30-9 football victory.

The youthful Irish, trailing 9-7 in the third period, opened up with 3 points within the next 20 minutes to frisk off with their fourth in five starts.

Four players romped into touch-down territory and sophomore Mel Mavrides booted a field goal and three conversions. The triumph was punched out before 57,890 fans ho sat through a cold drizzle.

Notre Dame went ahead, 7-0, at a half, watched its lead overweekend and one-half minutes of the first, then uncorked a field goal of three touchdowns. Two of the ones came in the final period.

Reynolds, a 180-pound halfback, pumped life into Notre Dame after the veterans slugged through a relentless first quarter.

He gained 49 yards in seven trips giving a 75-yard scoring surge in his second. Reynolds capped his work with a three-yard stab for a touchdown.

Texas Longhorns Stagger To 14-6 Victory Over Owls

AUSTIN — (AP) — The Texas Longhorns sputtered and fumbled as if they were going to give the game away in the first half, but finally unleashed a passing attack to whip Rice, 14 to 6, Saturday.

Left Half Oib Dawson, who ran his legs off to no avail in the first two quarters, took an eight-yard pass across the goal line from the hand of running mate Don Barton for the tying touchdown. June Davis kicked the extra point to insure victory just four minutes shy of the end of the third period.

A third-string quarterback, Buddy Grantham, guided Rice to its lone touchdown three minutes before the midway mark.

Bill Burkhalter slashed off left tackle to send Rice ahead. Bill Wright's try for point was wide.

Texas pulled itself together to march 72 yards in the third period after quarterback Dan Page took over the signal-calling duties.

Dawson was the big gun in saving Texas from elimination in the Southwest Conference race. He ran 28 yards to put the first touchdown drive in motion, threw an 18-yard pass to Jimmy Pace, the lad who later added Texas' second touchdown, and threw a 10-yarder to End Tom Stohhandke to set Texas up at the Owl three.

Texas drew a five-yard penalty, but then Barton found Dawson open on the goal line.

Pace's one-yard plunge over the goal in the fourth period terminated a 75-yard drive.

Page tossed 23 and 19-yard passes to Buddy Calhoun and Stohhandke to keep the second scoring drive moving, and galloped 10 yards to the Rice one before giving it to Pace to crack over.

Crib-Wrecked Army Breaks Into Black, Whips Lions 14-9

WEST POINT — (AP) — Army's crib-wrecked football team pulled itself together for one gallant effort Saturday to topple favored Columbia 14-9, for its first victory. Time ran out with Columbia inches away from a second touchdown.

With the final seconds ticking off, Columbia smashed three times, from the Army four only to fall inches short of victory.

Frank Toner churned inside the one as the game ended. Nobody knows yet exactly how far he went. It wasn't a touchdown and he started from the one.

Lou Little's Columbia Lion, 15 points favorites, failed 10 times inside the Army 10 in that final quarter of frustration. Twice Army tumbled by John Wing gave them another chance.

Twice Columbia held the lead and twice Army snatched it away. Then, in those desperate final seconds, it hunk on to save the game.

West Elementary Rips North, 20-6

Edwin Nixon's West Elementary eleven whipped North Elementary, 20 to 6 in a grid go Saturday morning.

North took an early lead in the first quarter, but West scored off a quarterback sneak by Ben Carson, to knot the count. A safety just before halftime made it 8-6.

In the third quarter, Tinker Downing scored from the six-yard line for West, and went over from the seven in the final quarter.

The hard-charging West line completely throttled North's attack after the opening moments.

End Sonny McCury recovered for Rice on the Texas 19 in the fourth period.

Owl Quarterback Leroy Fenstermaker was thrown for an eight-yard loss by End Paul Williams and Tackle Bill Wilson. A fourth-down pass by Dickie Bob Haddock was intercepted by Texas Center Jack Barton to end the Owl threat.

The great Isbell, a wizard T quarterback who gambles forever, connected with 14 passes out of 31 for an amazing 184 yards. He surpassed the entire Aggie air game in which Dick Gardemal, Ray Graves and Yale Lary tried 20 and completed 10 for 154 yards. Isbell also was Baylor's leading ground-gainer with 51 yards.

Raiders Clobber Arizona

LUBBOCK, TEXAS — (AP) — Texas Tech smashed University of Arizona's Border Conference championship hopes here Saturday afternoon with a 41-0 homecoming football victory.

The Red Raiders, turning in one of their better performances, scored twice in the first period, added two more tallies in the second and chalked up another pair in the final quarter.

Quarterback Junior Arterburn was the genius in Tech's first shutout victory of the season. The little Ranger, Texas, senior scored three of the first four touchdowns on runs of 37 yards, one yard and 49 yards.

Arterburn operating behind a line that was badly outweighed but not outfought, rolled to a net of 128 yards rushing. He also completed six of nine passes for 139 yards, making a total of 267 yards for which he personally was responsible.

Tech scored touchdowns on marches of 56, 58, 62, 75 and 12 yards, with the final two being set up by intercepted passes.

The Raiders smeared virtually every Arizona running thrust and it wasn't until late in the game, when the Raider reserves were playing, that Arizona was able to score effectively.

Arizona staged two drives during the game. One carried 55 yards from the Arizona 20 in the third period but the Tech line stiffened and the Raiders took over on downs.

The other went 58 yards in the fourth but ended on a pass interception.

KU Whips State In 'Battle Of Kansas'

LAWRENCE, KANSAS — (AP) — Rugged line play led Kansas to a 33 to 14 victory over Kansas State Saturday on a soggy field.

It was a case of better KU lines, the Kansas offensive platoon mauling the Wildcats on running plays and its defensive line did a surprisingly good job against the K-State offensive maneuverers.

The Jayhawkers dominated play throughout, scoring three touchdowns in the first 16 minutes.

TOP AMATEUR — Bob Wortman of Ranchland Hill Country Club was the top amateur golfer in the Westex Golf Tournament which concluded Friday at Ranchland Hill. Wortman, club champion at Ranchland Hill, had a total score of 287 for four rounds.

That man in the sports jacket—the one you saw waving his arms above his head and yelling from the bench at the Midland-Lamesa game Friday night—wasn't cheering about the British election or auctioning off tobacco.

It was Tugboat Jones, mentor of the Midland Bulldogs, leaving no doubt about his feeling toward the outcome of the District I-AAA contest.

"I just had so much energy tonight I couldn't control myself," Jones grinned in the dressing room after his team responded to the cheer-leading with a 34 to 7 win.

"That was a team victory out there tonight," Jones mused afterward. "The kids on the bench played an important role too. They had as much spirit as the boys in the game."

Jones said he felt that Lamesa had a fine ball club and said the Tornadoes probably will cause some headaches in district competition yet.

"We were just ready for them this time," he said. But even as he congratulated the players on their victory, Jones was looking ahead to Friday's contest with the Vernon Lions.

"Now I'm scared to death of Vernon," he said. A short while later, he got the word that Vernon had defeated Sweetwater, 14 to 7.

"Oh my lord," Jones groaned, "and we have to play them in Vernon." But he hastened to add that he would be satisfied with a performance such as Midland turned in against Lamesa.

Baylor Bears, Aggies Battle To 21-21 Tie

COLLEGE STATION — (AP) — Baylor's Golden Bears rode, with lanky Larry Isbell to two touchdowns in the final period Saturday to tie Texas A&M, 21-21, and remain unbeaten.

The nation's number seven team stormed back when all seemed lost—after Billy Tidwell, the great Aggie back, had put them behind with touchdown runs of 49 and 66 yards.

The crowd of 40,000 never shut up as one of the most thrilling of Southwest Conference games was played—a game that spelled virtual doom for A&M's title chances.

The result Saturday left Texas Christian on top of the conference race, since the games count a half-game won and half-game lost, as Rice, the other team unbeaten until Saturday along with TCU and Baylor, was licked by Texas.

Isbell passed for two touchdowns in that glittering last-quarter surge and his passing had set up the first Baylor touchdown, but none was greater Saturday than Tidwell. The stubby youngster, who runs like a rabbit, not only scored two Aggie touchdowns but his 43-yard jaunt with a pass put A&M on the way to its third.

Time Runs Out And on the last kickoff, Tidwell ran from his nine to the Baylor 33, almost getting loose for what would have been the winning score.

As time ran out, Darrow Hooper of the Aggies was trying a field goal from the Baylor 40-yard line. It was short.

A&M soundly trounced Baylor in the first half but could not keep the poised Isbell, who backed up his cockiness in check all the time. The last half belonged to Baylor.

Besides Tidwell, Charley McDonald scored an Aggie touchdown, and Hooper kicked all three extra points.

Dick Parma, Baylor fullback, got the first Bear touchdown on a four-yard plunge, while Stan Williams and Harold Rice scored the other two on passes from Isbell.

Brocato kicked all extra points. Baylor scored first after the Aggies had thrown away two opportunities. The Aggie's Glenn Lippman had swirled around right end on a 41-yard sprint but fumbled on the Baylor six. Bob Trout fell on the ball on the two. When Isbell punted out, Charley McDonald skittered back to the Baylor 28. But the Bears braced and on fourth down Gardemal fumbled on the 31, the ball going to Baylor there.

Bears Tie It Up Then Baylor, with Isbell passing to Stan Williams, chipping in with a 24-yard run around end and sending Dick Parma and Don Carpenter through the line, stormed 69 yards to its touchdown. Parma made the last six yards in two smashes.

But from then on until the half ran out it was all A&M. Tidwell sped 49 yards through a gaping hole at right tackle for the first touchdown.

Bufs Are Blanked Again; Whiteface Wins By 12-0 Score

WHITEFACE — Stanton High School received its sixth football loss of the year and its sixth blanking in seven games here Friday night, bowing to the Whiteface eleven in a district game, 12-0.

Stanton has a 0-0 tie with Grandfalls in addition to its six losses. Whiteface drove on the ground to scores in the first and final quarters, although Glenn Cross played fine defensive ball for the losers.

Stanton threatened on the last play of the game when a pass from Eldon Hopkins to Bobby Creach gained 30 yards to the Whiteface 15-yard line.

Dead-Eye Dick Is Wake Forest Spark Trouncing Tar Heels

WAKE FOREST, N. C. — (AP) — Dead-Eye Dickie Davis scored two touchdowns and passed for another as the poised and polished Wake Forest football team headed North Carolina a 39-7 trouncing in a Southern Conference game Saturday.

Davis got his first touchdown of the period on a quarterback sneak from one foot out.

A few plays later he passed to End Jack Lewis 18 yards for another.

OU Bruises Colorado In 55-14 Maul

NORMAN, OKLA. — (AP) — Oklahoma Quarterback Eddie Crowder threw four touchdown passes in the first 18 minutes to demoralize Colorado Saturday and send the Sooners on to a 55-14 victory.

It put Oklahoma well on its way toward a fourth consecutive Big Seven Conference football title.

Proving once again the hand is quicker than the eye, Crowder played hocus-pocus with the ball until suddenly it was sailing through the air straight to the receivers. His four touchdown tosses tied the school record and gave him a total of six out of seven for 185 yards.

Colorado's single wing was chewed up by Oklahoma's big, charging line and it wasn't until the third quarter that Colorado marked up two touchdowns.

No Duel The duel between Fullbacks Merwin Hotel of Colorado and Buck McPhail of Oklahoma failed to develop. Hotel was bottled up except for a 66-yard run and scored seconds later with an eight-yard romp. McPhail carried 10 times for 56 yards.

Books Are Now Closed—Charge Purchases Payable Dec. 10th

Wisconsin Tumbles Northwestern, 41-0

EVANSTON, ILL. — (AP) — Wisconsin's Jerry Witt, a "B" team unknown two weeks ago, scored four times as the Badgers smashed Northwestern from the unbeaten ranks, 41-0, in a one-sided Big 10 game Saturday.

Witt, 194-pound sophomore halfback, scored on runs of 69 and four yards and on two passes from whip-armed Quarterback John Coatta covering 60 and 16 yards.

Northwestern, winner of four straight, was completely outclassed, its defense torn to shreds by the prancing of Witt and Freshman Alan (The Horse) Ameche, and Coatta's deadly passing.

Pokes Get Revenge On Bufs, 27 To 6

CANYON — (AP) — The Hardin-Simmons Cowboys Saturday struck for touchdowns in each quarter to trim West Texas State, 27-6, in a Border Conference football game.

Gaining revenge for two straight licks at the hands of the Buffaloes, the Cowboys moved into a tie with Texas Tech for the conference lead. Each has won two and lost none in conference play.

The lone West Texas tally came in the third period after the winners had a comfortable, 20-0 margin.

Comeback California Thumps Oregon State

BERKELEY, CALIF. — (AP) — California's Bears thrashed down football's comeback trail Saturday with a thumping, 35-14, victory over Oregon State.

Beaten last week by USC for the first time in four seasons in conference play, the Bears cracked the defense of OSC for four touchdowns in the first half and another in the third period.

California yielded two touchdowns to the fighting Beavers in the final quarter.

Big Red Wakes Up To Win 7-0 Battle

STARKVILLE, MISS. — (AP) — Alabama found its long lost lurch in the second quarter Saturday and pierced Mississippi State's great football defense for a 7-0 victory.

For Coach Red Drew's Alabama Crimson Tide it was the end of a four-game losing streak—the longest since 1910.

Washington State Sops Maul Oregon, 41-6

PULLMAN, WASH. — (AP) — Sophomore Wayne Berry scored three times Saturday as Washington State mauled Oregon 41-6.

Berry and another sophomore, Fullback Jim Head, ran easily through a flimsy defense to give WSC a big lead and then the one-sided affair was turned over to the freshman.

DURHAM, N.C. — (AP) — Underdog Virginia, stunned by a second period Duke touchdown, came back magnificently with a dazzling second-half attack Saturday and handed the heavily favored Blue Devils a 30-7 defeat.

Houston Attorney To Contest Gloria's Annulment Request

HOUSTON — (P) — A Houston attorney Saturday filed a petition asking Mrs. Gloria King's request for an annulment be denied because it mocked the integrity of Texas courts and Texas judges.

This brought a heated denial from her attorney and her husband, Sheppard (Abdullah) King III, the red-haired Texan whose romance with an Egyptian belly dancer has intrigued millions.

Two Texans Named For Carnegie Hero Fund Bronze Medals

PITTSBURGH — (P) — Two Texans have been named by the Carnegie Hero Fund Commission to receive awards for acts of heroism.

Bronze medals have gone to Dr. Hannibal L. Jaworski, 49, of Waco, and Russell H. Bowdoin, 41, of Lindale, the commission announced Friday.

Jaworski, who was ill and had been warned by a physician to avoid exertion, saved two men from drowning after their motor boat capsized and sank in Lake Waco, No. 15, 1950.

The Waco surgeon, on hearing cries for help, paddled a row boat which had no oars 225 feet to where Adderson J. Sharp, 35, and Charles M. Warren, 30, were floundering in the water. After helping Sharp, hold on the boat, Jaworski submerged himself under water to find Warren. Holding the arms of the unconscious Warren against the inside of the boat with his knee, the physician paddled the boat to shore.

Warren and Sharp recovered. Jaworski, who fractured two ribs when he struck the boat in attempting to rescue Warren, recovered in three weeks.

Bowdoin was cited for saving Bobby J. Manziel from a burning cabin cruiser at Lake Tyler, Sept. 27, 1950.

Bowdoin and Manziel, 45, an oil producer, were on a cabin-cruiser moored in a boat house when gasoline fumes exploded below deck.

Manziel was stunned and knocked to the floor of the cabin. Bowdoin rushed from the stern through flames to the cabin and carried Manziel to safety. Manziel was hospitalized six days. Bowdoin had second degree burns on the hands, arms, neck and face and recovered in three weeks.

Egyptians Demand Britain Evacuate Suez Canal Area

CAIRO, EGYPT — (P) — Egypt formally demanded Saturday that the British pull out of the Suez Canal area immediately.

A note handed to the British charged that continued British occupation of the Suez is a "shameless violation" of the United Nations Charter. The note also contained formal notice that the old treaties giving the United Kingdom rights in the Suez and the Sudan have been scrapped by Egypt.

The formal notification of the treaty abrogation by Egypt's Parliament on October 15 and 16 was made as these other developments in the British-Egyptian dispute took place:

1. The Sudan Legislative Assembly, elected under British supervision in 1948, in a resolution voted down union with Egypt.
2. Gen. Sir George Erskine, British garrison commander in the Suez Canal Zone, said he hoped there would be no clash with Egyptian troops and pointedly warned, "We are stronger than ever."
3. Egypt, in its note to the British Embassy, rejected a British ultimatum for damages from rioting at Sidi Barrani on October 20 and entered a third series of protests regarding alleged incidents in the canal area in the last few days.

The arrest of a negro ex-convict last week in connection with burglary of diamond rings from a residence has cleared up five other residence burglaries. City Detective Harold Wallace said Saturday.

Wallace said the negro had admitted burglarizing five other residences in Midland. Articles taken from the burglaries were valued at several hundred dollars.

The residence belongs to Glenn Lloyd and was rented to another person.

OFF TO A GOOD START—President Truman accepts, from the American Bible Society, the first major book gift for the projected Harry S. Truman library at Grandview, Mo. The gift consists of every translation of the Scriptures made by the society since its formation in 1816 and now in print. One hundred and twenty languages are represented in the 240 volumes. Line of light-colored volumes in rear is one Bible—a Braille edition for the blind. Making the presentation are Dr. Gilbert Darlington, left, publisher-treasurer, and Rev. James W. Claypool, promotion secretary of the society.

Brooding Pessimism Settles Over Britain After Election

By RELMAN MORIN LONDON — (P) — A brooding sense of dissatisfaction, streaked with pessimism about the future, settled over Britain Saturday in the aftermath of the general election.

Winston Churchill, again prime minister, announced his cabinet Saturday afternoon. There were no surprises in his choice of ministers. Most of them are experienced men with proven qualifications for government. And there is a great magic in the very name "Churchill" for all classes of Britons.

But this government confronts the same two towering problems that faced the defeated Socialist Laborites — economic anemia and

some badly deteriorated relations with other countries.

Many persons wonder whether the new Conservative regime will be better equipped to handle them.

The essential fact about Britain today is this: It is a divided country governed by a minority party. More men and women voted Labor than Conservative.

Three Unreported This political incongruity may be redressed when the final totals in the popular vote are compiled. (Three remote districts have not yet reported). Even so, the government will not have received an overall majority. It was the pattern of districts, won and lost, that returned the Tories to power.

The Tories captured 21 districts — each representing a seat in the House of Commons — from the Socialists.

Except for the four in East Anglia, a majority of these were industrial areas, coal mining in Scotland, cotton spinning in Lancashire and so on. That was good news for the Conservatives, since Labor policies, naturally, had favored the laboring population.

But most of the industrial districts stood solidly with the Socialists. It seems obvious the great majority of British workmen would still prefer a labor government.

During the campaigning, Socialists dropped a few hints that a Conservative victory might be a signal for strikes and widespread industrial unrest. It was phrased less bluntly — that a Tory government could not expect the same "loyalty" from the workers — but the meaning was no less clear.

Majority of 27 Today, Churchill has a majority of 18. Many close observers suspect that this is not a workable majority. The Tories do not have the same tight discipline that labor had. Many of the new MPs are business and professional men with commitments outside the Commons.

So there already is talk of harassment by the Socialist opposition, long sessions, a political war of attrition.

In political circles in London, it is considered not unlikely that these tactics could result in the necessity for another general election within six months.

A British government is permitted, by law, to remain in office without an election for five years — provided it has the confidence of the House and the people. If the majority does not prove to be workable Churchill might have to go to the people, as Clement Attlee did, hoping for a vote of confidence from the electorate as a whole.

Hence, you already hear some dissatisfaction over the relatively inconclusive result of the election.

A Conservative official said Saturday: "They're already talking about another election. The least that could have been expected was a period of more or less peace and quiet. It doesn't appear that we shall have it."

Because of the slim majority, there are rumors that Churchill might try two maneuvers to strengthen his position.

One is restoration of the university seats in Commons. They probably would be filled mainly by Conservatives. In the past, these seats numbered 12. They were filled by the votes of university staffs and graduates and were over and above the regular constituency seats. They were abolished by the Labor government.

The other possibility is that the prime minister might bid for the support of the six Liberal members of the house. He has not, however, taken any Liberals into his cabinet.

FUNNY BUSINESS

"I sold the dining room table and bought this—at least I'll be sure of warm food on your club days!"

Red Feather—Snyder, Dunlap Next To Be Questioned In Tax Office Probe

(Continued From Page One) the combined operating budget of seven youth and welfare organizations for 1952.

He explained that the Boy Scouts, Girl Scouts, Youth Center, Salvation Army, Goodfellows, Latin American Youth Center and Colored Day Nursery depend entirely upon the Community Chest for operating funds, and that if the Chest budget is not subscribed the activities of the participating agencies necessarily will have to be curtailed.

The individual budgets of the seven Chest agencies are as follows: Boy Scouts, \$17,447.25; Girl Scouts, \$11,400; Goodfellows, \$850; Latin American Youth Center, \$6,000; Salvation Army, \$3,000; Midland Youth Center, \$12,744.30; Colored Day Nursery, \$2,700, and campaign expenses, \$1,000.

"It is a seven-in-one campaign," Ruckman said, "with your contributions going to support the ever-increasing activities of seven worthwhile organizations."

"Our Organizations" "They are our organizations. It is our Community Chest. The success of the campaign is up to us."

A report luncheon was held Friday noon and another is scheduled Tuesday noon for all chairmen and co-chairmen.

The campaign office has been established in the Boy Scout Building, 318 North Colorado Street. The telephone number is 4-6009.

John Reid is the campaign coordinator, and Libeth Farris is the secretary. Miles Hall is the president of the Midland Community Chest.

Sectional chairman include: Tom Prick, general solicitor; Cal Glass, industrial; H. C. Jones, commercial; Edwin T. Stitt, residential; R. C. Michener, schools; Noel Cason, attorneys, and Dr. D. L. Patton, medical.

Roy Minear, big gifts: E. N. Giddison, office buildings; James Mims, government offices; Woody Campbell, Terminal; Ted Witte, suburban; Barney Greathouse, advertising; Wick Fowler, publicity; J. M. McDonald, radio; Allen Wemple, signs; Perry Pickett, speakers, and Mrs. J. H. Chapple, co-chairman of Latin American activities.

Dixie Democrats' 'Stop-Truman' Rally Plans Get Setbacks

MONTGOMERY, ALA. — (P) — A cloud of uncertainty hung heavy Saturday over the Dixie Democrats' widely advertised pre-1952 "Stop Truman" rally.

There were indications the "strategy conference" scheduled next Thursday at Selma, Ala., might be called off.

The three men whose names come to mind whenever anti-Truman Southerners talk of putting up their own presidential candidate have made it known that they don't plan to be around for any such meeting.

Senator Byrd (D-Va.), the No. 1 choice of many Administration critics below the Mason-Dixon Line, will be at Selma Thursday to speak at the annual meeting of the Dallas County Farm Bureau. But he sent word Friday that he must leave immediately afterward.

Invitations Turned Down The anti-Truman discussions were arranged to start after the farm bureau affair. And State Rep. Walter Givhan, who called the conference, had said it could develop into a "Draft Byrd" movement.

After he talked with the Virginia senator, however, Givhan declined even to discuss prospects of a Dixie strategy meeting. In a prepared statement, he spoke only of the Farm Bureau meeting which, he said, is "non-political and will remain so."

Byrd's notification that "serious illness" in his family requires him to depart shortly after his speech obviously dulled if not killed plans for the anti-Truman conference.

Even before then, invitations were turned down for one reason or another, by South Carolina's Gov. James F. Byrnes and Senator Russell (D-Ga.), along with other Southern congressmen and governors.

Churchill—

(Continued From Page One) pointment. Eden is expected to head Britain's delegation at the United Nations meeting in Paris November 6. Eden also will be deputy prime minister and leader in the House of Commons.

Richard Austen Butler, 48, as chancellor of the exchequer, ranks third in the new cabinet.

Food, Agriculture The wartime food minister, Lord Woolton, 68, becomes lord president of the council with special supervision over the food and agriculture ministries.

The marquis of Salisbury, 58-year-old blue blood, is the new lord privy seal. He will be Churchill's troubleshooter and leader in the House of Lords.

Sir David Maxwell Fyfe, war crimes prosecutor at Nuremberg and former attorney general, was handed two jobs as home secretary and minister for Welsh affairs. He will be responsible for the nation's internal security.

Gen. Lord Ismay, Churchill's war time chief of staff, was named secretary for Commonwealth relations.

Sir Walter Monckton, 60, got the thankless task of the Labor Ministry, where he will have to deal with labor unions suspicious of Tory rule.

More Appointments Due Oliver Lyttelton, 58, former president of the Board of Trade, a government department, is the new colonial secretary.

Lord Ismay and Monckton also were named to the Privy Council, Britain's highest court of appeal.

In the next few days, Churchill is expected to fill out the cabinet, which under Prime Minister Clement Attlee numbered 17. Altogether, Churchill will name 50 or 60 ministers, junior ministers and high officials.

Churchill's overall majority in the new House of Commons stayed at 18 Saturday night, with three districts still to report.

This gave the Conservatives 320 seats in the House, Labor 293, the Liberals six and Independents three.

In the popular vote, the Conservatives trailed Labor by 200,172. Labor had 13,893,618 votes, or 48.74 per cent, as against the Conservatives' 13,693,446, or 48.03 per cent. Labor's larger popular vote was piled up in district which elected Labor members overwhelmingly.

Buffer Zone—

(Continued From Page One) of their battle-worn present positions in the 16-month-old war because these make up the most defensible line in event of a Red doublecross after an armistice.

Maj. Gen. Henry I. Hodes, chairman of the Allied subcommittee, bluntly told the Communists the UN had gained by force the territory it had failed to get by bargaining at the old Kaesong truce talks last Summer.

Difference Of Opinion Complicating the issue is a difference of opinion as to where the line of combat exists. The UN buffer zone is drawn on the actual fighting line—where patrols clash, rather than along the respective main lines of resistance.

Both sides agreed Saturday to pin-point on maps their patrol contact points. Communist willingness to discuss this added to the feeling of optimism in Munsan.

The battle line extends diagonally and irregularly—from several miles south of Parallel 38 in Western Korea, to a point more than 35 miles north of the parallel on the east coast.

HEADS CANCER SOCIETY NEW YORK — (P) — Dr. Charles C. Lund of Boston was elected president of the American Cancer Society Friday night.

HOT STUFF—Two G.I.'s who shivered through last winter in Korea instruct members of a UN tank company there on how properly to wear the new winter clothing that will be issued shortly. (Photo by NEA-Acme Staff Photographer James Healy.)

U. S. Plans Major Effort To Settle Iran Oil Dispute

WASHINGTON — (P) — The United States is planning a major effort this week to produce a settlement in the British-Iranian oil crisis.

Prime Minister Winston Churchill's new Conservative government may be asked to send a high level British team here to undertake formal negotiations with Iranian Premier Mohammed Mossadegh's chief technical expert on nationalization of the huge Anglo-Iranian Oil Company's holdings, arrived in the United States Saturday on special summons from the premier.

It was understood American officials had prepared to tell Britain's Foreign Minister Anthony Eden that in their view the only settlement possible is one which provides for a complete end of Britain's organized oil operations in Iran and a final liquidation of the old Anglo-Iranian Oil Company's holdings.

WILL UNDERGO SURGERY Mrs. Ella McGilbray of Odessa entered Midland Memorial Hospital for surgery.

The "sky survey" of the California Institute of Technology will cover the sky as far south as the latitudes of Buenos Aires and Johannesburg, South Africa.

BERGMAN'S FORMER AGENT IS SUICIDE SAN FRANCISCO — (P) — Police Saturday blamed an overdose of sedatives for the suicide death of John Vernon, 48, former business agent for actress Ingrid Bergman and Dr. Peter Lindstrom.

The body was found in a hotel room Friday alongside a long note filled with bitter attacks on a woman named Lydia, who police said was his wife.

LOST ART . . . ALMOST—Rep. Richard Bolling (D. Mo.) sits at his Washington desk with autographed Thomas H. Benton, lithographs that he rescued from congressional trash baskets. The pictures, depicting the suffering caused by the Kansas-Missouri flood of July, were sent by the artist to members of Congress who were working on flood relief measures. Bolling plans to auction off the salvaged art work, with all proceeds going to flood victims.

Barkley's Secretary Must Testify, Says Nixon Of California

WASHINGTON (AP)—Senator Nixon (R-Calif.) Saturday said Vice President Barkley's secretary and the former counsel of the Senate Small Business Committee "will have to" tell under oath and publicly the story of their contacts with government loans.

Nixon said he will insist on public hearings before the Senate Investigations subcommittee, of which he is a member, with Mrs. Flo Bratten, the vice president's secretary, and Charles E. Shaver as the primary witnesses.

Shaver resigned Wednesday as the small business group's staff lawyer.

Mrs. Bratten and Shaver have acknowledged publicly they visited the Reconstruction Finance Corporation huge government lending agency on many occasions in connection with loans to certain applicants.

Both have denied they exercised any improper influence on the agency, and both have said they derived no profit from the negotiations.

Nixon disclosed Saturday that the Investigations Committee staff has seized records of long distance telephone calls from Shaver's office in the basement of the Capitol, and has started a detailed study of his bank account records.

"The staff investigation," he said, "has shown some substantial bank deposits by Shaver, which will have to be explained." Nixon said, "Nixon contends it would be only fair" to hear Shaver and Mrs. Bratten under oath and publicly "to clear the air" in view of their visits to the RFC on loan matters.

Defense Contracts Cut GM's Earnings

NEW YORK (AP)—Failure of defense production to offset cutbacks in civilian production is cited by the big General Motors Corporation as a major factor in third quarter earnings less than half those of a year ago.

The lower commercial volume, combined with higher costs and taxes and lower profit margins on defense work, said the company, resulted in net income of \$92,207,179, compared with \$217,377,767 for the corresponding 1950 quarter.

Women's Defense Leaders Appointed

WASHINGTON (AP)—Civil Defense Administrator Millard Caldwell Saturday night announced appointment of directors of women's activities for the nation's nine regional civil defense offices.

They include: Dallas, Texas, Region 6 Mrs. Margaret Brand Smith, Dallas; Denver, Region 7, Mrs. Ruth Falkenberg Kirk, Albuquerque.

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, OCTOBER 28, 1951

SECTION TWO

TWIST ME, TURN ME AND SHOW ME—With these words from the investiture ceremony, little girls become Brownie Girl Scouts. Conducting the ceremony at the Little House are Brownies Mary Waldon, Judy Hawkins, Anita Frizzell, Willson Erwin, Clara Lou Butcher and Betsy Monroe.

Girl Scout Week

This is Girl Scout Sunday — the opening day of National Girl Scout Week.

The Midland Scouts will begin their week by attending the church of their choice Sunday. They will wear their uniforms and sit in a group during the service.

Window displays will be featured in downtown stores during the week. Displays will include badge work, handicraft, camping equipment and other activities of Scouting. Mrs. Cecil Snodgrass is the general chairman of window displays.

Father-daughter banquets will be held at 6 p.m. Friday in the cafeterias of the various schools. After the banquet each troop will participate in a program.

"Growing Years," a Girl Scout film, will be shown at 4:15 p.m. each day in the Little House.

The Scouts will conduct a clothing drive for the Children's Service League the week of November 5. Clothing will be collected at the Little House with special emphasis on children's clothes. Mrs. Robert Payne and Mrs. S. P. Hazlip are co-chairmen.

There are more than 1,000 Girl Scouts in Midland, with approximately 250 adult leaders, officials said. Midland has 59 troops with headquarters at the Little House, 1100 West Washington Street. More troops are being formed as soon as leaders can be obtained.

ADULT LEADERS—Girl Scout leaders take time out for refreshments at one of the many meetings of adult leaders. Mrs. James Martin, organizational chairman of the council, serves Mrs. Karl Nichols and Mrs. J. H. Steedman while Mrs. Fred Scott jots down notes on troop meetings.

WEST TEXAS NEVER WAS LIKE THIS—One group of the hundreds of Midland Girl Scouts watches a movie on Girl Scout Camping in Canada. The mountains can't be brought to Midland Scouts, but they can be visually taken there via the movie projection equipment. Scout leaders have equipment for practically every game and every handicraft available for their troops' use in Midland's well equipped Girl Scout Little House.

LEARN TO COOK, TOO—Jane Neill and Gail Crosby, members of Intermediate Troop 6, cook on the new 10-burner double-oven range in the Little House. The stove was purchased for the Girl Scouts with money donated by the Sheriff's Department, which operates the soft drink machines in the courthouse to assist the Girl Scout organization. Midland Girl Scouts will observe Girl Scout Week beginning Sunday with programs throughout the week.

RECEIVES CERTIFICATE—Diane Neissl, senior troop leader, receives her certificate at the completion of a Leader's Course. Mrs. I. A. Searles, councillor, presents the certificate. Assistance is available at all times for adult workers and leader courses are given periodically.

BROWNIE LEADER—Mrs. Gordon T. Buskirk is one of the new Midland Girl Scout leaders. She is busy selecting equipment from the stores at the Little House for her new Brownie Troop meeting.

New! Different!

TUSSY

STICK DEODORANT!

Just dab it on...you're protected!

Miller, Hanson Wed. In Episcopal Church

Mrs. Bernold Morris Hanson

In a double-ring ceremony Saturday in the Trinity Episcopal Church, vows were solemnized for Marilyn Miller and Bernold Morris Hanson. The Rev. R. J. Snell, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Milward Miller, 604 West Kansas Street. The bridegroom's parents are Mr. and Mrs. Morris Hanson of Mayville, N. D.

Bob Baugh, organist, played the wedding music which included "Ave Maria," "Serenade," Schubert, and "Traumeri," Schumann. Mary Jane Noland, soloist, sang "O Per-

fect Love," Barnby Tall candelabra, holding yellow candles, and arrangements of chrysanthemums in Fall colors, formed a background for the ceremony. Baskets of chrysanthemums, flanked the chancel steps and the chancel was banked with greenery.

Bridal Gown Described
The bride, given in marriage by her father, wore a gown of ivory satin designed with long sleeves which came to a point over her wrists and a cathedral-length train. The flesh net yoke was edged with quilted bow knots embroidered in

seed pearls and the full skirt was worn over crinoline. Her veil of imported French illusion fell from a coronet of orange blossoms which had been worn by the bride's mother, grandmother and great-grandmother.

Her bridal bouquet was a white orchid surrounded by shatter carnations and decorated with strands of looped pearls.

Patricia Ruckman of Midland was the bride's maid of honor. She wore a light tangerine-colored, strapless faille dress, fashioned with a pleated cuff top and full skirt over crinoline. The pleated stole jacket, which matched the pleats on the cuff of the dress, extended into puffed sleeves.

She wore a hat with a pleated faille band, forming a bow in back, and carried a bouquet of yellow spider chrysanthemums tied with green ribbon.

Bridesmaids were Mary Jane Miller and Marjorie Jean Miller of Midland, sisters of the bride, and Marjorie Noble of San Mateo, Calif. They were dressed like the maid of honor, in faille dresses of a darker tangerine color. Their bouquets and hats also were identical to those of Miss Ruckman.

Wayne Ashmore of Midland was the best man. Candlelighters were Philip Slough and Joe Turner, both of Midland, and ushers were Earl Perkins and James B. Kelley of Midland and Robert Aaker of Roswell, N. M.

A reception was held in the parish house following the ceremony. The mothers of the bride and bridegroom and the members of the wedding party assisted the couple in receiving the guests.

House Party Named
Other members of the house party were Mrs. L. W. Ashmore, Mrs. J. P. Ruckman, Mrs. J. E. Bucher, Edith Ann Foster, Diana Niessl, Shirley Lones, Grace Baker, Pat Garner, Bobbie Rodgers, Mrs. J. J. Burris and Mrs. J. R. Miller.

The refreshment table was centered with a three-tiered white wedding cake, decorated with white flowers, and flanked with baskets of Fall flowers. A white cloth covered the table.

Out-of-city guests attending the wedding were Mr. and Mrs. Morris Hanson of Mayville, N. D.; Mrs. J. R. Miller of Denver, Colo.; and Mrs. J. J. Burris of Houston.

Mrs. Furr Speaks To Church Auxiliary
McCAMEY—The Women's Auxiliary of the First Presbyterian Church met recently in the home of Mrs. Fred Senter. "The Treasure" was the title of a missionary story presented by Mrs. O. K. Furr, president.

The lesson was taken from the last five chapters of the Book of Judges.

Mrs. Furr appointed the nominating committee for the annual Christmas dinner.

For a wedding trip to New Mexico and Colorado, the bride chose a brown suit, worn with brown lizard shoes and bag and a tangerine-colored hat and gloves. After November 3, the Hansons will be at home in Midland.

The bride is a graduate of Midland High School. She attended Oklahoma College for Women in Chickasha, and was graduated from the University of New Mexico in Albuquerque, where she was a member of Kappa Alpha Theta Sorority. She is employed in Midland by Magnolia Petroleum Company.

Hanson is a graduate of Mayville High School and the University of North Dakota where he belonged to Tau Kappa Epsilon social fraternity, Sigma Gamma Epsilon, national honorary geological fraternity, and Scabbard and Blade, national honorary military society. At present he is employed in the geological department of Magnolia Petroleum Company here.

The bride was honored with a miscellaneous shower Thursday given by Senior Girl Scout Troop 4 in the home of Mrs. L. A. Kuykendall.

Mrs. Milward Miller, mother of the bride, and Mrs. Kuykendall served the refreshments. A color scheme of orange and white was carried out.

Those attending were Anna Bess Doyle, Martha Frick, Jan Houck, Nell Currin, Diane McDonald, Yvonne Shain, Grace Bole, Betty Bolton, Dana Roper and Mary Jane Miller, sister of the bride.

Russ Morgan Band To Appear At VFW Hall Thursday Night

Music in the Morgan manner will be brought to Midlanders Thursday night when Russ Morgan and his celebrated band of musicians appear at the VFW Hall on West Highway 80.

Dancing will be held from 8 p.m. to midnight. Twenty-one musicians and entertainers will appear. The sponsor is VFW Post No. 4149.

Tickets will go on sale at Wembley's Monday. The price of admission is \$2.40 a person, tax included. Morgan is the composer of several international song hits, including "Does Your Heart Beat For Me?" "Somebody Else Is Taking My Place," "So Tired," and others.

Music in the Morgan manner has weathered all fads, styles and crazes of musical forms and despite all conflicts between the passions of "sweet" versus "swing" the American public never has wavered from its adherence to straight music, which is rhythmic, melodic and easy-on-the-ears, sponsors of the band's appearance here said.

Russ Morgan and his band have filled a three-year engagement at the Edgewater Beach Hotel in Chicago and a two-year engagement at the Biltmore Hotel in New York City, in addition to stands in many other leading cities of the nation.

Stuff pear halves with a cream and olive mixture and serve on salad greens with French dressing. Or use pimiento cheese and finely chopped nuts with which to stuff the pears.

Brother, Sister Are Reunited In Rankin After 23 Years

RANKIN—Kathi Bieri and her nephew from Switzerland are visiting in the home of Mr. and Mrs. Chris Bieri.

This is the first time in 23 years that Miss Bieri and her brother have seen each other. Bieri came to the United States in 1927 and made his home at that time in Rankin.

The Bieri's have returned recently to Rankin from Clovis, N. M. Miss Bieri is planning to make her home in Rankin.

Miriam Circle Has Potluck Luncheon

A potluck luncheon was held by the Miriam Circle of the St. Mark's Methodist Church Thursday. The luncheon was held in the home of Mrs. T. J. Smith.

Halloween decorations were used. The circle completed the study of "The Book of Acts."

Guests were Mrs. J. B. Sharp and Mrs. N. J. Rabensburg. Other members attending were Mrs. Joe Snow, Mrs. W. C. Hammit, Jr., Mrs. A. E. Patterson, Mrs. J. A. Parker and Mrs. Leonard Storey.

Games will be provided for each grade.

Make a different kind of peanut butter sandwich for lunch for youngsters. Blend a little mayonnaise or salad dressing with the peanut butter and then mix in some finely diced celery, grated raw carrot, and chopped see less raisins.

Mrs. Charles Welch

Eiland and Welch Exchange Vows

In a double-ring ceremony Saturday, Lois Dee Eiland became the bride of Charles Edward Welch. The ceremony took place in the Calvary Baptist Church, with the Rev. A. L. Teaff, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Troy Eiland of Poyote. Welch is the son of Mr. and Mrs. Harry Welch of Goldthwaite.

The church was decorated with three baskets of white gladiolus, asters, chrysanthemums and greenery flanked with candles.

Mrs. C. R. Welch, organist, played traditional wedding music and accompanied Mrs. James B. Williams who sang "Through The Years."

Because "Other selections played were "Traumerl," "Through the Years," "The Sweetest Story Every Told," "O Perfect Love," "Love's Old Sweet Song," "I Love Thee" and "I Love You Truly."

Attendants Named
Troyce Eiland, sister of the bride, was the maid of honor. Bridesmaids were J. Ruth Welch, of Goldthwaite sister of the bridegroom, and Mildred Rogge of Sweetwater. C. R. Welch, cousin of the bridegroom, was the best man.

Ushers were Bethel Eiland of Poyote and Pvt. Carlos Welch of Fort Hood. Candles were lighted by the bridesmaids.

The bride, given in marriage by her father, chose a white weighted taffeta gown with satin applique design on the skirt and cathedral length train. The yoke was nylon net and the sleeves extended to points over the hands. She carried a bouquet of white roses and stephanotis on a white ribbon.

The maid of honor wore a yellow taffeta gown with a rounded yoke of net outlined in a net ruffle. She wore yellow taffeta mitts and carried a colonial bouquet of blue carnations. She wore a bandeau of yellow net fastened with blue carnations.

The bridesmaids dresses were identical to the maid of honor in blue taffeta. They carried yellow carnations with a bandeau of blue net and yellow carnations.

Reception Held
A reception was held in the home of the bride's sister. The couple was assisted in receiving by their parents and the bridal party.

Those in the house party were Jimmie Rita Simpson of Goldthwaite, Mrs. R. C. Cauble of Midland and Mrs. Byron Brown of Roswell, N. M.

For the wedding trip to Monterey, Mexico, the bride chose a red crepe dress with navy blue accessories. She wore a corsage of white roses.

After the wedding trip the couple will be at home at 406 1/2 North Marienfeld Street. Welch is employed by the American Trading and Production Corporation and Mrs. Welch is an employee of the Humble Oil and Refining Company.

Mrs. Welch is a graduate of Midland High School and attended Hardin-Simmons University. Welch attended Goldthwaite High School and North Texas Agricultural College.

Out of city guests were Mr. and Mrs. Welch, Bill Welch, Mr. and Mrs. C. S. Welch of Goldthwaite, Louelle Welch, Brady; Mr. and Mrs. Wade Knight, Mr. and Mrs. John Knight and family of Jal. N. M., Mr. and Mrs. H. J. Walls and family, Big Lake; Mr. and Mrs. Rex Mahan, Brownwood; Mr. and Mrs. W. H. Sims, Kermit, Mr. and Mrs. Carl Gentry and Mr. and Mrs. J. T. Estes of Pecos.

Girl Scouts Complete Plans For Hallowe'en And Banquet

With the approach of Hallowe'en, Girl Scout Brownie Troops turned their attention to the planning of parties and decorations in meetings Tuesday and Wednesday.

Several troops made decorations and plans for their part in the father-daughter banquet to be held November 2.

Intermediate troops worked on various projects and one senior troop discussed its Christmas Dance.

Brownie Troop '2 will not meet at the scheduled time October 30. The members will attend the Hallowe'en party in the Scout Little House at 7 p.m.

Brownie Troop '6 also will meet in the Little House for a Hallowe'en party at 7 p.m. Tuesday.

Games were played and the Brownie Story read at the meeting of Troop 62.

An investiture service was held by Brownie Troop 30 for Shirley James, a new member. "The Brownie Story" was read and a candlelight ceremony was held.

Officers elected were Judy Hawkins, chairman; Nancy Conner, vice chairman; Wilson Ervin, reporter, and Jackie Gibbs, treasurer.

The members of Brownie Troop 10 held a cook-out.

Brownie Troop 28 practiced its part in the father-daughter banquet program at its meeting. The Brownie Story was read and games were played. Officers were installed.

Finger painting was set up as a project for Intermediate Troop 2. The troop also practiced on arts and crafts.

A cook-out was planned by Intermediate Troop 23. Mrs. I. A. Searles demonstrated the presentation of colors to the girls.

Another intermediate troop made a scrap book for a window display, under the direction of Mrs. W. C. Kimball.

Pictures of the activities and Scout uniforms of foreign countries were shown during the meeting of Intermediate Troop 33.

A discussion of badges was held by Intermediate Troop 15.

Intermediate Troop 6 worked on the troop's part in the father-daughter banquet.

The intermediate troop under the direction of Mrs. Fred Burleson is to present the flag at the father-daughter banquet. The ceremony was practiced as well as the singing of songs.

The next meeting of Senior Troop 7 will be held at Vosatko's at 7 p.m. October 29.

★ RUTH MILLETT ★

Start Early To Train Child To Be Self-Reliant

By RUTH MILLETT
NEA Staff Writer

Explained one mother who had made up her mind to give her grade-school son more responsibility and to let him do more things on his own instead of trying to protect him against all kinds of danger.

"It just dawned on me that actually I've only got eight more years—and then the Army will have him. So I have to let him start making some choices and taking some chances. Otherwise, I'm going to turn a baby over to the Army."

"That is sound thinking. And if you substitute 'life' for 'Army' it is sound thinking any time. And it is equally true of your young daughters as well as of your young sons."

When you catch yourself doing your child's thinking for him or telling him he can't do this or do that because you know you would worry about him, stop and figure up how many years there are left before you are going to have to turn him loose completely.

The answer will probably startle you. And it may make you suddenly realize that for the child's good you mustn't wait and try to let go of him all at once.

You've got to let go gradually. And the sooner you start the gradual process of letting go, the easier it is going to be on your child to step into manhood or womanhood.

Don't Take the 'Easy' Way
The easiest thing in the world for a mother to do is to overprotect a child. It is easier to say "No" than to say "Yes" and worry about a child's being able to look out for himself in some situation that is frightening to the parent but that the child insists he is capable of handling on his own.

It is easier to make all of your child's decisions for him than to let him make his own as often as possible, even though sometimes this means he has to learn from a wrong choice or a wrong decision.

It is easier on you to overprotect, but some day it will be much harder. And that is when you have to turn the child loose completely. Think it over. How many years are actually left to you to begin a gradual process of turning loose?

Mrs. Hefren Is Chairman Of High School Carnival

Mrs. F. D. Hefren is the general chairman of the high school Parent-Teacher Association Halloween Carnival Wednesday night.

This will be the first year hot food has been served at the carnival. All food will be sold in the cafeteria.

The food concession is under the direction of Mrs. Robert Payne and Mrs. J. B. Ashmun, with the junior class room mothers as assistants.

The high school talent show is under the direction of the senior class room mothers, with Mrs. W. H. Black as chairman of the show and Mrs. R. E. Throckmorton chairman of the room mothers.

The freshman and sophomore room mothers are in charge of the fun booths.

The picture show, which always accompanies the carnival, will be shown at 7 and 8 p.m. in the band room.

The carnival will get underway at 6:30 p.m.

U. S. mints are located in Philadelphia, San Francisco and Denver.

League Will Sponsor Discussion Group

The League of Women Voters of Midland is sponsoring a discussion group for negro women. City Government is the topic which will be studied.

The league will furnish literature for the members. The first meeting will be on the subject of Water and Sewer Departments.

Meetings will be held the second and fourth Thursdays of the month at the Hollowell Methodist Church.

Modern Study Club Sponsors Book Review

Mrs. Herbert Emery of Sanger Brothers in Dallas will review "The Scandalous Mrs. Blackfoot" (Hartnett Kane) November 30.

Mrs. Emery is being sponsored in Midland by the Modern Study Club. Tickets may be purchased from any of the club members.

The benefit will be held in the Tower Theater.

Buttered bread crumbs are delicious over asparagus, broccoli, or creamed cauliflower.

Art Club Plans Annual Festival

The Palette Art Center will hold its annual art festival for adults Saturday through Monday in the club studio.

The event will be part of the club's observance of National Art Week. Any citizen of Midland County is eligible to enter as many as two original compositions, which never have been exhibited here before. Palette Club members living outside of the county also are eligible to enter their work.

All entries must be delivered to the studio by Friday. The center will be open from 7:30 to 9 p.m. Tuesday and Thursday and from 2 to 6 p.m. Friday. Mrs. R. B. Bogardus will be in charge of hanging the pictures.

Entries will be judged by a committee of out-of-city artists.

Three level teaspoons of instant coffee dissolved in one and one-half standard measuring cups of boiling water is a good proportion to use in preparing iced coffee. Pour into tall glasses that have been packed with ice cubes and pass the cream and sugar.

Mrs. Bassett Daniel Keller

B. D. Kellers Are At Home In Abilene

Mr. and Mrs. Bassett Daniel Keller have established a home in Abilene following their return from a wedding trip to Carlsbad, N. M.

The couple exchanged vows recently in a double-ring ceremony in the First Methodist Church here. The Rev. Luther Kirk, pastor, officiated.

The bride is the former Mary Lola Thompson, daughter of Mr. and Mrs. George W. Thompson of Gulf Tank Farm. Keller is the son of Mr. and Mrs. Robert H. Keller of El Paso.

Ruth Ann Farrer, organist, played "Air," Handel; "Ave Maria," Schubert, and "O Promise Me," De-Koven. Natalie Walton, soloist, sang "O Perfect Love," Barnby, and "Wedding Prayer," Dunlap.

Baskets of gladiolus and asters flanked the altar. The organ held an arrangement of gladiolus and the communion table, an arrangement of bronze chrysanthemums. A ceiling installation furnished a soft, red lighting effect for the ceremony.

Attendants Listed

Mrs. Bob Hunter of Midland was the matron of honor. She wore a wine-colored gabardine suit with black shoes and hat and a pink carnation corsage. Jane Crockett, also of Midland, served as the maid of honor. She wore a green gabardine suit with black hat and shoes and a red rose corsage.

Martha Jean Keller of El Paso, sister of the bridegroom, was the bridesmaid. Her suit was of dark grey, worn with black shoes and hat and a corsage of pink carnations.

J. Harvey Clark of Abilene was the best man. Ushers were Joe Jones of Dallas, uncle of the bride, and Bob Hunter of Midland.

The bride, given in marriage by her father, wore a grey gabardine suit with a peacock blue blouse and a rhine-stone trimmed hat to match. She wore brown alligator shoes and carried a white satin-covered Bible topped with yellow and white split carnations fastened with white satin ribbons tied in love knots.

A reception was held in the fellowship hall of the church. Guests were received by the bride and bridegroom, their parents and the bridal attendants.

House Party Named

Mrs. Earle Jones, aunt of the bride, served the punch, and Mrs. Joe Jones, also an aunt of the bride, served the cake. Mrs. L. C. Rose presided at the guest register. Other members of the house party were Mrs. M. A. Horne, Mrs. A. C. Barnes and Mrs. Luther Kirk.

A white linen cloth covered the refreshment table which was decorated with an arrangement of white gladiolus and white candles and a three-tiered wedding cake topped with bride and bridegroom figurines.

For traveling the bride wore her wedding suit with a yellow carnation corsage. She was graduated from Midland High School in 1948 and McMurry College in 1951. While at McMurry, she was a member of Delta Beta Epsilon.

Keller was graduated from Abilene High School and later attended McMurry College. He is employed by the Abilene Reporter-News.

Out-of-city guests attending the wedding were Albert Weissinger and Fred Weissinger of Waco; Mr. and Mrs. Joe Hauze of Harlingen; Mr. and Mrs. Dwight Minney of Tucson, Ariz.; Mr. and Mrs. Guy Thompson of Nampa, Idaho; Mr. and Mrs. E. A. Jones and Mrs. H. Jones of Electra; Wanda Jones of Crowell; Mr. and Mrs. T. A. Singleton and Mr. and Mrs. Jim Young of Roscoe; Mr. and Mrs. Dan Heller of Houston.

Mr. and Mrs. H. C. Roberts, Mr. and Mrs. Milton Humphreys, Mr. and Mrs. Ed Lewis and Joy, Mr. and Mrs. R. L. Conder, Mr. and Mrs. Bob Kuykendall, Mr. and Mrs. J. Harvey Clark and Mrs. L. T. Hawsey, all of Abilene.

AAUW Will Have Monthly Luncheon

The November luncheon of the American Association of University Women will be held at 1:30 p.m. Saturday in Ranchland Hill Country Club dining room.

Mrs. Earl Johnson is the social chairman and is in charge of all arrangements.

The telephone committee will contact the AAUW members. Mrs. James Pliska is chairman of this committee.

Dr. C. L. Sonnichsen, professor at Texas Western College, will be the guest speaker. His topic will be "Lore and Legend of the Southwest."

Dr. Sonnichsen said about the lecture: "I regard the Southwest as the richest and most interesting region in the country for the production of folk lore, legend and history. I wish the Southwesterners could be made more aware of the richness and variety of their own heritage."

Midland historical plates will be on sale to AAUW members at the luncheon.

LADIES GOLF ASSOCIATION PLAYS BRIDGE

Mrs. James H. Chapple and Mrs. B. R. Schabarum were hostesses at the Ladies Golf Association luncheon at the Midland Country Club Friday. Mrs. John Skinner was a guest. Others attending were Mrs. J. L. Carr, Mrs. Bill Coleman, Mrs. T. J. Jerome and Mrs. W. W. Barker.

Here's A Detour You Shouldn't Take

Much has been said of late about Midland's progress. Some of that progress . . . in the form of road improvements . . . is taking place right now on the streets adjoining our location. Regular traffic is being routed by us BUT you can easily get to our building via the streets marked as "no thoroughfare." Travel them for money- and labor-saving laundry service!

. . . marks, we believe, a year of progress in laundry service in Midland. We hope you have tried the expert laundry work we have constantly striven to improve. If you haven't, we invite you to bring this week's bundle to us . . . or call 2-1821 for prompt pick-up.

We've enjoyed working for you the past year . . . and hope you've liked us and our work.

Pick-Up and Delivery 3 DAYS

Bachelor Service..Same Day (If you BRING it to us before 9 a.m. you can pick it up at 5)

SAMUEL HART GALLERIES

PROUDLY ANNOUNCE

A MOST INTERESTING

AUCTION

of

Period and Antique

Furniture

and

Rare Art Objects

It is a pleasure to bring another collection of fine period and antique furniture, rare English, Continental and Oriental porcelains, antique English solid silver, Sheffield and Victorian plate, unusual pieces of crystal, French chandeliers, rare old prints and other items of unusual interest to Midland. Only recently we received the greater portion of this superb assemblage direct from London, England, and Paris, France, and in our opinion it far surpasses any collection that we have had the privilege of bringing to West Texas in the past. As is our custom all will be sold to the highest bidder regardless of actual worth. Whether you are interested in obtaining the ultimate in fine home furnishings or only enjoy reviewing the unusual, your attendance at the exhibition will be one long to remember, as many items would require searching the far corners of the world to locate. Only a partial listing follows.

PARTIAL LISTING

FURNITURE FROM ENGLAND
Original Georgian hall clock with Westminster and Whittington chimes, Georgian chests, secretaries, slant-top desks, corner cabinets, three tier tables, drop-leaf tables, console card tables, tripod tables, etc. Victorian grandfather and grandmother chairs, sets of dining room chairs, desks, breakfast tables, lamp tables, fern-aries, chair cabinets, etc.

FURNITURE FROM FRANCE
Commodore in various sizes, curio cabinets, chairs of every description, sofas, tea tables, four tables, occasional coffee and lamp tables, Buhl cabinets and credenzas, etc.

AMERICAN TRADITIONAL REPRODUCTIONS
Breakfronts, desks, commodes, lamp, coffee and occasional tables, bachelor chests, club, wing and occasional chairs in the XVIII century, and French Provincial Periods, genuine leather chairs, etc.

PORCELAIN AND GLASS
Meissen, Dresden, Sevres, Bisque, Augustus Rex, Royal Vienna, Old Paris, Wedgwood, Crown Derby, Royal Worcester, Minton, Royal Doulton, Rockingham, Belleek, Satsuma, Rose Medallion, Cloisonne and other rare continental and oriental porcelains in candelabras, compotes, figurines, groups, dessert sets, urns, jardinières, clock sets, etc. Waterford, Overlay, Bohemian, Opaline, and Bristol glassware in lustres, compotes, liquor sets, vases, urns, etc.

SILVER AND SILVER PLATE
Antique English solid silver, Sheffield and Victorian plate and modern reproductions in tea services, trays of every size, candelabras, wine coolers, supper dishes, revolving tureens, eggcracks, meat covers, tea-urns, kettles, oversized Lazy Susans, spoon warmers, silver jugs, vegetable and entrée dishes, serving spoons, tantalus sets, punch bowls, cups, candlesticks, etc.

MISCELLANEOUS
Sevres, Dresden, Baccarat and gold bronze chandeliers, antique pistols, signed bronze groups and figurines, antique English and French fireplace equipment, interesting items in old brass and copper. Of special interest is a collection of antique English prints and colored engravings, and other items too numerous to mention.

EXHIBITION AND AUCTION REGARDLESS OF WEATHER

SAMUEL HART AUCTIONEER

Mrs. Averitt Is Shower Honoree

CRANE—Mrs. Bill Averitt was honored at a pink and blue shower recently in the home of Mrs. Marion Brunette. Co-hostesses were Mrs. Revis Griffith, Mrs. O'Riley May, Mrs. Bob McCortley and Mrs. Grover Bright.

The table was centered with an arrangement of Fall flowers.

Others attending were Lucille Boyd, Martha Preston, Minnette Rowland, Madge Conger, Mrs. Burt Strickland, Mrs. Ray O'Gwen, Mrs. Bob Abernathy, Mrs. A. L. Hood, Mrs. E. R. Arent, Mrs. Frank Corbell, Mrs. Doug Smart, Mrs. Bud Porter, Mrs. Lou Tennison, Mrs. Lloyd Henderson and Mrs. Floyce Underhill.

North Carolina, during 1949, had 356,000 milch cows on its farms; South Carolina, 156,000.

Crane P-TA Gains In Membership

CRANE—Membership in the Crane Elementary School P-TA was raised to 185 in a recent meeting in the auditorium.

Mrs. J. A. Peyer led the panel discussion on "Freedom Through Discipline" with Mrs. Herb Curry, Mrs. Brady Nix and Mrs. Helen Carroll participating. It was stressed that child discipline in the home affects the child in school.

The third grade, directed by Mrs. Della Griffith, entertained.

Mrs. Hubert Mills, president, presided over the business meeting. It was voted to have a School of Instructions in November. Refreshments were served.

ne giraffe has no voice box and cannot utter any sound even in extreme danger or injury.

Mrs. Ernest Stokey Is Coffee Hostess

Mrs. Ernest Stokey was hostess to the wives of employees of Lynes, Inc., at the group's bi-monthly coffee Wednesday.

Out-of-city guests were Mrs. Stokey of Houston, mother-in-law of the hostess, and Mrs. Oakes of Roanoke, Va., mother of Mrs. Dee Phelps, a member of the group. Others attending were Mrs. Phelps, Mrs. W. E. Barber and Mrs. George

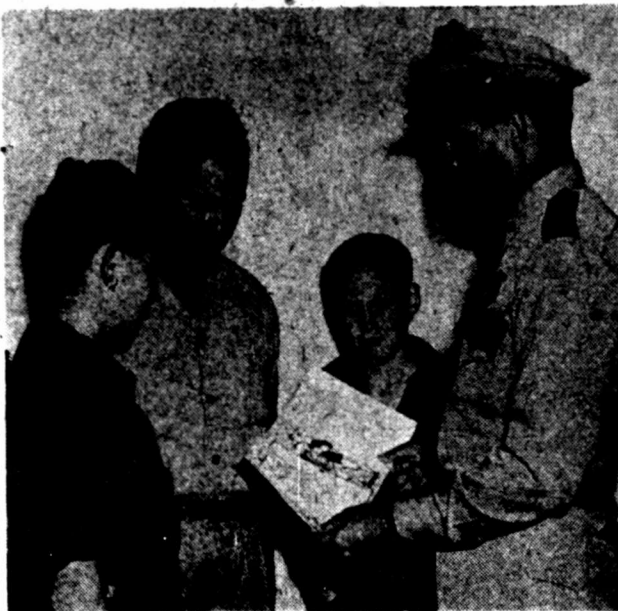

Mrs. Stevenson Is Book Reviewer

CRANE—Mrs. O. E. Stevenson reviewed the book, "The Big Fisherman," by Lloyd C. Douglas, recently at a meeting of the Ladies of the First Christian Church in the Gulf Recreation Hall.

The book was based on the life of the Apostle Peter. Mrs. Wood Stevenson and Mrs. J. F. Kendrick sang "Peace, Be Still," accompanied by Mrs. Gayle Hill, pianist, and Mrs. Sam Edwards led the prayer. Vari-colored cut flowers decorated the hall. Mrs. Jeff Robbins presided over the guest table which was covered with a lace cloth. Mrs. Stevenson created the guest book which was designed to look like an old-fashioned legal scroll. Guests signed their names with an old-style quill pen.

Mrs. Sam Edwards, Mrs. M. C. Shingleton and Mrs. Lee Turner presided over the refreshment table, which was covered with a lace over aqua cloth. The central arrangement was a crystal punch bowl resting on a mirror base which reflected the floral arrangement around it.

Forty-two guests were present.

'PAY OFF THAT MORTGAGE, BOYS'—Police Officer Bill Keel explains the "mortgage" plan of a Scout roundup for membership to Assistant Scoutmaster O. R. Cokerell and Scouts Preston Butcher, left, and Lionel Craver, right, of Troop 152. All Midland Scout units are participating.

Western Theme Used By Scouts To Get Members

Midland, Boy Scouts of Troop 152 recently were impressed when a police car wheeled up to their meeting place at the First Methodist Church with sirens wailing.

Officer Bill Keel jumped out of the car and entered the meeting. "No... no laws had been broken. It was just part of a program being launched by Scouts in Midland to increase membership in Cub packs, Scout troops and Explorer posts.

Using the color and appeal of the western cowboy, each Scout unit will be known as a ranch. Unit leaders are foremen and the boys are the cowhands.

Slap On Mortgages
Scouts can pay off a "mortgage" slapped on their ranches by Officer

Keel, Commissioners R. O. Smith and W. R. Upham. They can pay it off by recruiting 12 new members to a unit.

At his visit to the Troop 152, the police officer charged Scout Leaders James Cotton and O. R. Cokerell and their boys with responsibility of paying off the "mortgage" as soon as possible. This will be due at other units.

The "mortgage" plan is being used by most of the Scout units in the Buffalo Trail Council area. A special ceremony will be held in December when the "mortgages," if paid, will be burned and the "mavericks" will be burned. "Mavericks" are new members.

Also, the western theme is being used throughout the nation as Scout units are being enlarged to full strength. More Scout leaders also will be "rounded up."

McCAMEY CHURCH GETS PROPERTY FOR MANSE

McCAMEY—Ethie Eagleton recently gave the First Presbyterian Church of McCamey title to a 66-foot lot on Upland Drive.

A manse will be erected on the property.

Fires in the United States annually burn over forest lands equal in area to New York state.

Good accompaniment for soup or salad; cut off crusts from bread slices and spread each with a little mayonnaise; toast in a hot waffle iron until lightly browned and cut into strips.

Only the U. S. and Canada have real Indian Summer with bright days and chilly nights in proper proportion.

Among certain South African tribes, a young man must earn his bride by working as a servant for her father.

Church Council Plans Program

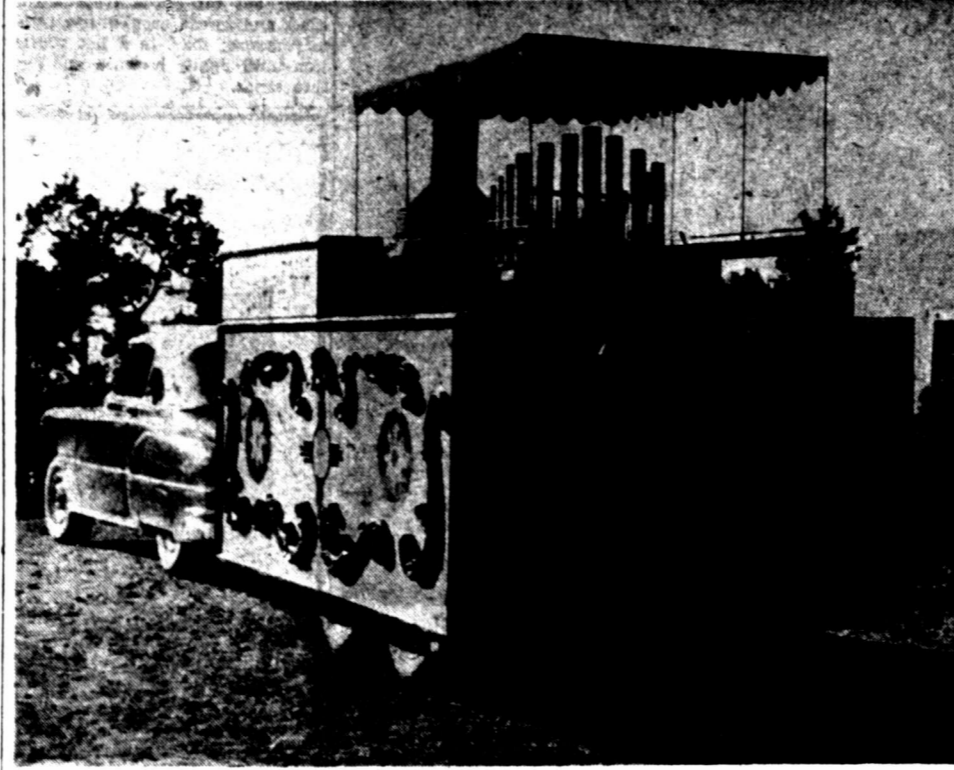

The Midland Council of Church Women has announced the program for World Community Day to be observed at 3 p.m. Monday in the Trinity Episcopal Church.

This year's theme is "Live Thy Faith." Featured on the program will be a panel discussion under the direction of Mrs. Earl Chapman, assisted by Mrs. A. E. Patterson, Mrs. Charles Gaylord and Mrs. George F. Vannerman.

Mrs. C. H. Ervin will give the opening prayer and Mrs. P. N. Shriner will conduct the business session. A talk on "Projects and Introductions" will be given by Mrs. E. B. Van Suan. Mrs. James G. Nolan, accompanied by Mrs. R. S. Dewey, organist, will sing a solo, and Mrs. W. G. Ataway will give the devotional. The benediction will be delivered by Mrs. C. C. Hardaway.

Following the meeting, tea will be served in the parish house. The public is invited to attend. Members are asked to bring blankets, shoes and good, used clothing for shipment to homeless and displaced persons in Korea and other parts of Asia and Europe. A nursery will be provided for small children.

Oldest incorporated town in Tennessee is Jonesboro, which was incorporated in 1779.

OUT OF THE PAST—Mr. and Mrs. Paul Rutledge of Santa Fe, N. M., will bring one of the few existing circus calliope to Midland for the Kiwanis Parade at 4:30 p.m. Monday. The parade is in connection with the Minstrel Show being presented this week.

Lionel Craver Heads Grand Staff Club

Lionel Craver was named president of the Grand Staff, Music Club Friday when it held an election and program meeting in the home of Wynne and Billie Warren.

Other officers are Sally Hughton, vice president; Sylvia Metz, secretary; Linda Davis, treasurer, and Mary Wynn, reporter.

Mrs. E. S. Hitchcock talked on "The History of the Viola" and played both viola and violin solos. A contest was held to determine which student maintained the best position at the piano and Lionel Craver and Sue Mast were named winners. Mrs. Hitchcock served as the judge.

The next meeting will be held November 17 in the home of Sue Metz, 1606 Princeton Street. Those participating on the program were Sarah Martin, Alvin Bowen, Billie Warren, Barbara Puffer, Mary Ann Price, Betty Gay Burton, Russell Smith, Ann Elder, Tommy Barrett, Nancy Hitchcock, Carolyn Vanden Bark, Tommy Houghton, Sue Mast, Jimmy Lynch, Patricia Stafford, Tommy Craver, Alice Runsey, Lionel Craver, Wynne Warren, Prissy Walcher, Martha Howard and Dana Young.

Country Club To Have Party

The Midland Country Club will hold a special Halloween party Tuesday night.

Dancing will be held from 8 p.m. until midnight to the music of Leighton Noble and his orchestra, featuring songs by Mac McGraw and the Noblemen. Breakfast will be served from midnight until 1 a.m.

MIDLANDER NOMINATED FOR CLASS FAVORITE

Peggy Whitson, daughter of Mr. and Mrs. R. A. Whitson, has been nominated as a candidate for junior class favorite at McMurry College in Abilene. The election will be held Tuesday.

To prepare green peppers for stuffing cut off the stem end of each pepper, remove seeds and white membranes, and cook about five minutes in boiling salted water.

Calliope Will Be Featured In Parade For Minstrel Show

In connection with the opening of the general performances of the Kiwanis Minstrel Show Monday night a parade will be held at 4:30 p.m. Monday.

One of the highlights of the parade will be a circus calliope which is one of the few in existence. The mobile steam organ is the property of Mr. and Mrs. Paul Rutledge of Santa Fe, N. M.

It is the only calliope in the Southwest that is played in duo. It formerly was the major musical attraction of the Ringling Brothers Circus.

Another highlight of the parade will be the old Ford that has been used in past years. It is the property of Bill Pennebaker.

Several high school students will furnish the music and Kiwanians will be dressed in minstrel costumes. They will be acting in typical minstrel parade fashion.

This is the fifth year the show has been presented in Midland. It was started in 1947 as a musical revue in two acts. The same year that the Kiwanis Club was organized by Dr. H. A. Ireland, Art Cole and Ireland decided that the Minstrel Show would be an annual event for the benefit of underprivileged children.

The first year the show was called "Running High" and was based on the inflation theme. In 1948, "Running Higher" was produced. It dealt with the oil boom in West Texas.

Shows Revued

The following year the production was about the Iron Curtain and the atom bomb and was called "Up And At 'Em." In 1950, "Stop, Laugh and Listen" previewed the last 50 years of life in the United States.

This year the show is about the new "fad" called television.

The title of the show comes from the song "Take a Look" which opens the show. It is an invitation for the audience to "take a look" at television.

Bill Pomeroy has written the original music for the shows since they began.

The theme of the show takes the audience to all modes of life.

The sets that have been created for the show are in true television fashion. Joe Koegler, stage manager, said "the Hawaiian scenery is a production of which Midlanders can be proud."

The 58 members of the cast and the 30 members of the stage crews have constructed and painted the scenery in less than two weeks.

To Open Monday

Crane Couple Plans Wedding

CRANE—Mr. and Mrs. W. T. Cantrell announce the engagement and approaching marriage of their daughter, Wynne, to Billy Dean Cornelius, son of C. C. Cornelius of Eastland.

The wedding will be held December 21.

The bride-elect is a senior at Crane High School. Cornelius is employed by the Durham Drilling Company here.

Surprise Party Honors Mrs. Preslar

CRANE—Mr. and Mrs. L. W. Preslar were hosts recently at a surprise party honoring their daughter on her eleventh birthday.

A Halloween theme was used in the decorations. The special chair for the honoree was draped in orange with black letters spelling Patsy.

Ten guests attended.

Advertise Or Be Forgotten

Latin America Youth Center Plans Dance

The Junior Board of the Latin American Youth Center recently announced plans for a record dance to be held Saturday night, with proceeds going to the Community Chest camp.

The Center is one of the participating agencies of the Community Chest.

Plans also were announced for a Halloween party to be held Tuesday and a city-wide hobby show scheduled for November 11.

The Junior Board of Directors plans the activities of the center and makes recommendations of policy to the Senior Board of Directors, headed by Mrs. George Byrnes. Eddie Jacome, former Midland Indian baseball player, is the adult advisor of the group.

The center recently was re-decorated and new furniture was purchased for the lounge. Recreational activities available include football, volleyball, ping pong, table games, leathercraft and other handicraft projects.

Ray Freyman is the director of the center.

Edna Earl Lynch, L. C. Netherlin Wed

Edna Earl Lynch, daughter of Mr. and Mrs. T. F. Lineberry, recently became the bride of Larkin C. Netherlin, son of Mrs. Ollie Mae Stroud.

The double-ring ceremony was read in the First Baptist Church by the Rev. Vernon Yearby, pastor. The bride's only attendant was Mrs. Lillian Lamar. Best man was Julian Stroud of Odessa. Ushers were John Friberg, Jr., Jim Watson, James Hill, Cooper Daugherty, A. G. Neeley and Joe Stickney.

Mrs. Netherlin wore a purple gaudy suit with black shoes and purse and a purple hat. Her corsage was a fuchsia orchid tied with pink tulle and fuchsia streamers.

Mrs. Joe Mims was the organist and the soloist was Wanda Glocum. Traditional wedding music was played. "Because" and "Thine Alone" were sung.

A reception was held at Ranchland Hill Country Club. The bridal couple was assisted in the receiving line by their parents, the matron of honor and best man.

The wedding ring cake was decorated with a garland of fuchsia and purple chrysanthemums centered with pink rose buds.

After a wedding trip to Ruidoso, N. M., the couple is at home at 3011 West Ohio Street.

Mrs. Netherlin is employed by Phillips Petroleum Company and Netherlin is an employee of Erskine Motors.

The bride was graduated from Midland High School, attended Texas Tech and was graduated from Chillicothe Business College in Missouri. Netherlin is a graduate of Midland High School and attended Texas Tech and Texas University.

Marmalade, made out of peaches or ripe tomatoes now, will come in handy during winter months. Be sure to store the marmalade in a cool, dry, dark place.

Qualls, Sanders Wed In New Mexico

McCAMEY—Mr. and Mrs. H. H. Qualls announce the marriage of their daughter, JoAnn, to J. L. Sanders, son of Mr. and Mrs. Frank Sanders of El Paso.

The Rev. Frank Jones, Presbyterian minister in Las Cruces, N. M., officiated at the ceremony, which was held in Las Cruces.

The bride wore an orchid taffeta dress with matching duster and accessories. Her corsage was a white orchid.

Matron of honor was Mrs. Sam Jenkins of El Paso. Bridesmaid was Mrs. Jim Hoffman of El Paso.

The bride is a graduate of McCamey High School and attended San Angelo Junior College and North Texas State College in Denton. She is employed by the El Paso Natural Gas Company.

Sanders is a graduate of Austin High School in El Paso and Texas A&M College. He served in the Air Force during World War II.

After a wedding trip to Ruidoso, N. M., the couple is living at 7657 East Highway 80, El Paso.

School Names Booth Chairmen For Carnival

Booth chairmen for the South Elementary Halloween Carnival were announced at a recent meeting of the South Elementary room mothers, with Mrs. Vinton Newberry, carnival chairman, presiding.

Chairmen and their projects are: Mrs. D. D. Zachry and Mrs. Ernest Morgan, chairmen of the grab bag booth sponsored by Mrs. Marjorie Galbreath's and Mrs. Alice Fletcher's rooms; Mrs. Elmer Martin and Mrs. T. A. Swick, penny booth, Pat Harrison's and Mrs. Alpha Tillman's rooms; Mrs. M. L. Houston and Mrs. Dorothy Derrington, game booth, Helen Harrison's and O'Gene Gill's rooms; Mrs. Gaines and Mrs. W. D. Henning, fish pond, Mrs. E. R. Powell's and Mrs. Pat O'Brien's rooms.

Mrs. John Snow and Mrs. Austin White, country store, Mrs. Evanelle May's and Lucille Carroll's rooms; Mrs. E. C. Hollingshead, beauty shop, Annie Rose Wirz's room; Mrs. B. O. Howard and Mrs. C. C. Martin, spook house, Dorothy Hendrick's and Mrs. Ruth Bedford's room; Mrs. C. R. Scrivener, movies, Dorothy Summer's room; Mrs. Robert Currie and Mrs. Aubrey Bowman, cake walk, Helen Adams and Mary Agnes Stinson's rooms; Mrs. P. A. Brooks, novelty stand, Phoebe Willhite's room; Mrs. Fred Jones, snack bar, Mrs. Ida Stracener's, Mrs. Jack Ellington's, Mrs. Otis Fuller's and LaRue Ross' rooms; and Mrs. W. E. Johnson, kitchen, Mrs. Laura Clemens, Alice Ellington's, Lillian Jackson's, Mrs. Frances Hatton's, Dan W. Goodson's and Mrs. Cook's rooms.

NEWLYWEDS — Mr. and Mrs. Kenneth Brandon Curry are at home in Big Spring following their recent marriage in Midland. Mrs. Curry is the former Patsy Lou Blanscett, daughter of Mr. and Mrs. William J. Blanscett of Midland. Curry is the son of Mr. and Mrs. Brandon Curry of Big Spring. The Rev. F. W. Rogers officiated at the ceremony held in the home of the bride's sister, Mrs. L. A. Snodgrass of Midland.

Koenig Named Club President

John W. Koenig was elected president of the Palette Club Art Center in a called session Thursday following the resignation of A. T. Barrett.

Koenig, an employee of the Phillips Petroleum Company, currently is supervising the night art classes in the center's studio at 604 North Colorado Street.

Committee chairmen were appointed to work on the November Art Festival. Mrs. R. S. Bogardus will be in charge of hanging the pictures and Mrs. H. L. Swords will make arrangements for the judges' committee. Social events, including a tea to be held in the exhibit hall November 4, will be planned by Mrs. R. M. Barron.

It was announced that a five-week art school to be conducted by Clayton Henri Staples of Wichita, Kan., will open November 5. A call was issued for models to pose for the art classes. Persons willing to pose for portrait work are asked to contact the instructor of the classes.

Tea And Shower Honor Baby

CRANE — Clyde Wesley, the infant son of Mr. and Mrs. Clarence Key, was honored at a tea and miscellaneous shower recently in the parlor of the First Baptist Church.

Hostesses were Mrs. Gordon Smith, Mrs. Gilbert Griffin, Mrs. R. B. Booth, Mrs. C. E. Deaton and Mrs. N. O. Hart.

Pastel yellow and green were used in the floral arrangements.

WHY A "Registered" Jeweler?

Your best assurance of true value and beauty in diamonds and jewelry comes from a jeweler with unquestionable integrity. The reputation of a REGISTERED Jeweler firm is passed upon by a Board of outstanding Retail Jewelers. A REGISTERED Jeweler must pass established examinations in the fundamentals of Gemology—the science of all precious stones and metals—and in new scientific methods of grading diamonds.

Now you can be sure to be safe when you select a diamond because you benefit by our scientific study of Gems through the American Gem Society.

To maintain the title of REGISTERED Jeweler requires yearly "customer-protection" examinations.

Mrs. Ramsey Is Tea Honoree

CRANE — The Women of the Church of the First Presbyterian Church were hostesses to a tea of introduction recently honoring Mrs. Jack Ramsey.

In the receiving line were Dr. and Mrs. Ramsey, Mrs. E. H. Craner and G. E. Mobbe.

The table was covered with a damask cloth and centered with an arrangement of yellow flowers and yellow tapers.

Approximately 40 guests attended.

Tacky Party Given By Training Union

The Devoted Heart Training Union of the Calvary Baptist Church was entertained with a tacky party Friday in the church.

Games were played and refreshments were served to Mr. and Mrs. Raymond Barker and daughter, Raylene; Mrs. Preston Vest; Mr. and Mrs. Eugene Taylor; Mr. and Mrs. Glynn Stewart and children, Sandra and Gale; Mr. and Mrs. A. T. Bryant and Nancy; Mr. and Mrs. Dale Hines; Mrs. Albert Widener; Mrs. J. D. Robbins and children, J. D. Vivian, Mildred and Jerry; Mrs. Fern Dawkins and children, Jean and Don, and Mr. and Mrs. Don McTeak and Jerry Don.

Dessert Bridge Honors Mrs. Gaylord

Mrs. Charles R. Gaylord entertained with a dessert bridge Friday in honor of her mother-in-law, Mrs. C. E. Gaylord of San Diego, Calif.

The table was decorated with a Fall bouquet of chrysanthemums.

Mrs. James Gaines won first prize and Mrs. Ray Howard, second.

Others attending were Mrs. O. P. Albright, Jr., Mrs. Ray Seifert, Mrs. Jack Kern and Mrs. W. L. Crothers.

In Great Britain the autumn foliage seems dull when compared to North America's.

Party Honors Bernold Hanson

Bernold M. Hanson was honored Thursday night with a stag party in the Ranchland Hill Country Club. The party was given by a group of Magnolia geologists.

Hanson was married to Marilyn Miller Saturday in the Trinity Episcopal Church.

Guests attending were Wayne Ashmore, James Montgomery, Eric Bucher, Jack Locke, Al Ward, Ben Wiseman, Jim Kelly, Alvin Paterson, Joe Fryer, Dick Rector, Chuck Raip, Chuck Juni, Don Erickson and Harold Holmquist.

MIDLAND GARDEN CLUB CHANGES MEETING

The Midland Garden Club will meet at 10 a.m. Thursday in the Educational Department of the First Presbyterian Church. A film called "Springtime in Holland" will be shown.

When you're serving chilled canned vichyssoise for a soup-starter grate a tiny bit of nutmeg over each serving just before you pass the bowls.

EVERY WEEK IS PHARMACY WEEK AT CAMERON'S

It's perfectly proper that one week of the year be designated as National Pharmacy Week, during which recognition is taken of the profession of pharmacy.

But every week is "Pharmacy Week" at Cameron's, because pharmacy is the cornerstone of our business.

OUR GREATEST SERVICE . . .

and our greatest privilege . . . is the compounding of accurate prescriptions for the people of this community.

THE CONFIDENCE expressed by a continually-expanding prescription department over a period of years is gratifying. In the future, as in the past, you may be assured that we will consider the filling of your prescription as the most important job we have to do.

CAMERON'S Rexall PHARMACY

FILLING PRESCRIPTIONS IS THE MOST IMPORTANT PART OF OUR BUSINESS

Halloween Party Honors Children

Mrs. Roy C. Jeter and Mrs. Melvin Haney entertained their children with a garage Halloween party Friday at the Jeter residence. Honorees were Judith Ann and Mary Susan Jeter and Tommy and Donny Haney.

The decorations were done in orange and black with the corner decoration centered around a pumpkin.

Costume prizes were awarded, as well as prizes for the best talent on the talent show. Judges were Mrs. Jack Parker and Mrs. Carl Reeves, Jr.

Prize winners were Carol Forest, Jackie Bingham, Sharon Bingham, M. R. Bingham, Bruce Bartley, Steve Bartley, Bob McClendon, Dave Humphries, Sally Lindsey, Ruth and Mary Dunham, Jim Wilson, Jerry Witty, Jerry Lynn, Robin Reeves, Mathias Ann-Forest and George Lindsey.

The 45 party guests went out to "trick or treat."

RECENTLY MARRIED—Lt. and Mrs. Robert C. Adkins were married recently in the Base Chapel at Reese Air Force Base, Lubbock. Chaplain R. L. Jones officiated. The bride is the former Lee Cooke, daughter of Mr. and Mrs. S. G. Barnard of Crane. Lieutenant Adkins is the son of Mr. and Mrs. T. W. Adkins of Norwalk, Ohio. After the wedding the couple left on a wedding trip to Ohio.

Nine Scout Troops Meet For Parties, Elections And Study

Nine Girl Scout Troops met Thursday and Friday in the Little House. Some troops had Halloween parties, others election of officers, while one troop celebrated its birthday.

The first birthday of Brownie Troop 51 was celebrated. Mrs. Madge Beadle read "The Brownie Story" and Brownie pennants were distributed among the 13 members present.

"Captain Jinks," a folk dance, was taught to Brownie Troop 68 in its meeting.

Officers elected for the first six weeks by Brownie Troop 64 are Carole Holly, chairman; Diane Busby, program chairman; Carol Lynn Windham, refreshment chairman, and Cheryl Griffin, monitor. November 7 the troop will hold its investiture service.

The eleven members present at the Brownie Troop 52 meeting were given a Halloween party by Mrs. Mayfield and Mrs. E. S. Hitchcock. Brownie Troop 41 also had its Halloween party.

A cook-out and sing song session was held by Brownie Troop 25.

The program which Intermediate Troop 57 is giving at the father-daughter banquet Friday was rehearsed and a new song was learned. Intermediate Troop 11 practiced the song it is to sing at the banquet and discussed the Girl Scout laws and promise.

A kaper chart was made by Intermediate Troop 37. A new member of the troop is Barbara Lane. The retreat of colors was held.

Devised ham is good mixed with cream cheese and finely chopped celery for a sandwich spread. Or mix the ham with finely mashed hard-cooked eggs and salad dressing.

Mrs. Phillips Speaks To Altrusa Club

Guest speaker at the Thursday meeting of the Altrusa Club in Hotel Schubarbauer was Mrs. H. N. Phillips. Mrs. Phillips has been the International Relations Chairman of the Midland club since it was organized. She also is the chairman of District Seven.

Mrs. Phillips returned recently from a three-week trip to Mexico where she visited Mexico City, Toluca, Morelia, Patzcuaro, Urapan, Paricutin, Leon, Guadalajara, Guadalupe and Cuernavaca.

She was a special guest of the Mexico City Altrusa Club where she spoke on "Friendship in Altrusa." The meeting was held in English for the benefit of Mrs. Phillips.

Yearbooks were distributed to the members present at the meeting by Maurine Mims, president Mrs. Alma Thomas and Mrs. Lewis Thomas

were special guests. Dr. Abdullah Rodriguez, who is a recipient of an Altrusa scholarship was another visitor.

Members present were Agnes Park, Kay Williams, Emily Akkison, Nettie Romer, Virginia Hoff-

man, Lucille Johnson, Helen Goldsmith, Iva Cox, Nettie Johnson, Bertie Boone, Faye Gwyn, Hella Mae Williams, Annie Ford, Lucy Masburn, Lennie Davidson, Fae Houck, Pauline McWilliams, Irma Manceil, Winifred Beal and Grace Wallace.

Community Leadership Training School To Open Thursday

The first annual Community Leadership Training School will open Thursday in the First Presbyterian Church. It will continue through November 7.

Churches cooperating in the school include Asbury Methodist, Church of the Nazarene, First Christian, First Methodist, First Presbyterian, St. Andrews Presbyterian, St. Mark's Methodist, Trinity Baptist and Trinity Episcopal.

Four courses will be taught. "Guidance in Christian Homemaking" will be taught by Dr. C. W. Hall, director of the Wesley Foundation at the University of Texas in Austin. The course is specifically for young unmarried people, young married couples and leaders of young people. It will seek to provide a wholesome Christian basis for lasting Christian marriages.

Acting Dean To Teach
The Rev. Gray M. Blandy, acting dean of the Episcopal Seminary in Austin, will teach the course, "How the Bible Came To Be." This course will deal with the occasions which led to the formation of the Scriptures and the probable manner in which the early stories circulated and came to be written.

Another course will be "On Understanding Youth." The instructor will be the Rev. Chester Crow, director of the Texas Christian Church Board of Religious Education in Fort Worth. This course is designed to meet the every-day need of leaders of intermediates, seniors and young people.

"Ways of Teaching" will be taught by the Rev. C. Ellis Nelson, professor of education at the Austin Theological Seminary in Austin.

This is a practical course covering the basic principles of guiding children, young people and adults as they learn.

The school will be open to the public. A nursery will be provided for pre-school children and a study hall will be maintained for children in school.

OPENS SERVICE STATION
J. T. Swails, long-time Midland resident and businessman here, has opened a Gulf Service Station adjacent to his grocery at 1600 Rankin Highway.

The oldest of the U. S. Mints was established in Philadelphia in 1792.

Pi Beta Phi Chapters Support Settlement House In Tennessee

The Midland chapter of the Pi Beta Phi Alumnae Association, along with the active and alumnae chapters, has announced plans to contribute to the Pi Phi Settlement House in Gallatinburg, Tenn.

Each year the association assists the school through the sale of native handicraft from the little mountain community.

The purpose of the settlement school is to give to the mountain area educational advantages that the county finds it impossible to provide and to enrich and improve the community's living conditions.

The location for the school was chosen in 1912. From the beginning the Pi Phi's have supplemented the education provided by the county. In 1913, a teacher was hired for the full eight-month term instead of the previous five-month term. Today the county supplies enough teachers to meet the basic educational requirements. Teachers are furnished by the organization for the following subjects: arts and crafts, woodworking, physical education, health and music.

The school also maintains dormitories, administered on a cooperative basis, for students who live too far back in the mountains to ride the school buses.

The teachers have encouraged the mountain dwellers in the revival and preservation of their old crafts and customs. When the school was first established, the sale of handicrafts was hindered by the community's almost impassable roads and rugged mountains, but in 1913 the school began the sale of hand-made baskets through Pi Beta Phi.

To the alumnae clubs goes the credit of creating a market for the work, thus making it possible to revive the fireside industries in the Gallatinburg area.

Today 100 women support their families through the sale of their handicrafts. The women receive threads and yarns from the weaving department for the work which is done in their homes. The work is sold through the Arrowcraft Shop, with 50 per cent of the sales distributed locally and the other 50 per cent dependent on the Pi Phi alumnae clubs throughout the country.

In lieu of a hospital, the Pi Phi's operate a health center with a qualified registered nurse. Her work includes community nursing, public health instruction in hygiene and home nursing and regular health inspections and inoculation visits to the area's four schools.

Began approximately 40 years ago with only 14 students, the school today has an enrollment of more than 500.

Women's Clubs To Sponsor Safety Meet Here Thursday

A Safety Conference, sponsored by the Texas Federation of Women's Clubs and the Texas Safety Association, will be held from 9:30 a.m. until 12:30 p.m. Thursday in the Midland High School Auditorium.

The work conference was announced by Mrs. C. M. Goldsmith, who has been appointed general chairman by Mrs. Joseph Best of Wink, retiring district president of TPWC. The meeting is one of a series being held over the state.

Mrs. Agnes Beaton of Washington, D. C., director, Women's Division, Automotive Safety Foundation; J. O. Musack of Austin, general manager, Texas Safety Association, and Mrs. Harwood Keith of Big Spring, district president-elect, TPWC, will be the principal speakers. They will be introduced by Mrs. Jud Collier of Mumfords, Texas, state safety chairman for the federation.

"The Federated Women's Role in the Safety Picture" will be Mrs. Beaton's subject. Music will be on the subject, "The Texas Safety Problem Assisted by the Federated Clubs."

A special film on safety also will be shown at the gathering.

Parents Are Invited

A prize of \$5 is being offered the school room having the most parents present at the conference. The award is offered through the Civic Committee of the Midland Woman's Club, of which Mrs. John B. Mills is chairman. Mrs. Guy Orington, safety chairman of the P-TA City Council, is cooperating with safety chairmen in each school to see that every student in the public school system is advised of the meeting.

Pupils of Sue Whitten, art teacher in the Terminal school, are preparing posters for downtown store windows.

Mrs. Goldsmith has named the following committee chairmen to assist in arranging and staging the conference: Mrs. Joe V. Birdwell, publicity; Mrs. B. B. Mathews, registration; Mrs. Harry Rhoads, representation of clubs; Mrs. J. J. Black, Parent-Teacher Association; Mrs. I. A. Searles, Scouts; C. R. Hemingway, city officials and police; and Mrs. Mills, posters and arrangements.

Mrs. Goldsmith said all persons interested in the safety problem are invited to attend the session.

Mr. and Mrs. Percy Larkin, Jr.

Orchid Grower To Talk Here

Percy Larkin, Jr., a Fort Worth orchid grower, will speak to the Pyracantha Garden Club November 6 in the Midland Officers Club.

His lecture on "Orchid Growing" will be illustrated by colored slides. Larkin, who has been growing his chosen flower for more than 10 years, has a collection valued at \$20,000. It includes more than 500 full-grown orchids and more than 3,000 small ones.

A member of the American, Dallas and California Orchid Societies, Larkin once sponsored an orchid show in cooperation with the Dallas group featuring approximately 40 varieties blooming at the same time.

Party Honors Child On Fourth Birthday

CRANE — Beckie Hogsett was honored recently on her fourth birthday by her mother, Mrs. W. E. Hogsett.

The white cake was assembled to represent a colonial girl with a story book doll for the head and the cake as the skirt.

A Halloween theme was used, with paper hats and masks as favors. Those attending were Mike and Randy Robbins, Judy Simmons, Julianna Strain, Sandra Jane Moore, Vickie Cook, Glennette Jones, Dixie Hendricks, Rita and Billie Wood, Sandy Todd and Barbara Haley.

Out-of-city guests were Mr. and Mrs. W. E. Hogsett, Sr., of Monahan, Mr. and Mrs. John B. Mills and Mrs. J. J. Hewitt, all of Midland.

P-TA Group Hears Superintendent

McCAMEY—Supt. H. S. Fitzgerald spoke at the McCamey Parent-Teacher Association meeting Thursday. His topic was "Who Bends the Tree?"

Mrs. Dee Locklin gave a short talk on "Founders Day of P-TA in Texas." Mrs. Joe Conger, Jr., presented her pupils in a musical interlude.

Committees were appointed to work on projects for the year in each school. In the grade school Principal Max Henry is chairman. Others on the committee are Mrs. Locklin, Mrs. H. A. Sneed and Mrs. George Ramer. In the high school, Principal Fred Pauling is chairman and Mrs. J. Daniels, Mrs. Conger and Mrs. Doc Adams are assistants.

The MATURE PARENT

Encourage Them To Feel Outraged At Injustice

By MURIEL LAWRENCE

Her daughter is 19. The boy with whom she has been "going steady" broke his promise to take her to the school dance. He explained he didn't like the girl he was escorting. He was inviting her, he said, only because she was the daughter of friends of his parents, who insisted that he do so. But at the dance, he introduced the girl he didn't like as his new "steady."

This mother has advised her daughter to treat the boy as though nothing had happened. She has warned her that her only chance of winning him back is to hide her hurt and indignation.

"But she won't listen," writes the mother. "She is refusing to return to school."

Of course she's refusing. It's bad enough to be hurt without being told that you have to pretend you like it.

It's unwise to encourage youngsters to continue relationships with friends who have proved themselves dishonest. It's a mistake to urge them to solve the problems of dishonest friends by being dishonest themselves.

We should be pleased when our young people feel outraged by injustice. Instead of suggesting that they hide their indignation, we should encourage them to accept it as a natural and self-respecting reaction.

When this daughter has accepted her indignation, she will know what to do with it. She will know whether she wants to express it to the boy, or whether she doesn't want to be bothered.

Adolescent love affairs are not always happy ones. We should take advantage of their disappointments to teach vital lessons to Ellen and Tom.

Although we may listen sympathetically to Ellen's excuses for the "date" who stands her up without explanation, Ellen needs stronger stuff than sympathy. Ellen needs a mother who can convince her that attachments to irresponsible people will not make her happy.

Ellen needs a mother who will say to her, "Perhaps you had better re-examine Tom as a person. He was rude and slighting once. Maybe that's his true nature, and you'd better figure out why you excuse his treatment."

Pretty often, young people's acceptance of slight and hurt from friends is not due to affection for the friends at all, but to fear of losing the "date security" and social prestige that the friends' attention gives them.

Understanding this fear in herself will help Ellen recover from her unhappy love affair.

Wet weather tones down the fall color brilliance in trees.

Hike In Sugar Beet Production Studied

DES MOINES, IOWA—The possibility of increasing sugar beet acreage in Iowa is being explored by U. S. agricultural leaders.

T. N. Baslow, of the U. S. Production and Marketing Administration, said in Des Moines recently that experimental work to eliminate beet root rot is underway. He said it should be possible to boost Iowa's beet acreage to 10,000 acres.

Last year 2,672 acres of beets were grown in five counties.

Howard, Armstrong Wed In Carlsbad

PECOS — Margaret Elizabeth Howard became the bride of Bobby Charles Armstrong in a candlelight ceremony recently in the Grace Episcopal Church in Carlsbad, N. M. The Rev. R. H. Chammon, rector, officiated.

The bride is the daughter of Mr. and Mrs. Jesse Howard of Sabinal, Texas, and the bridegroom's parents are Mr. and Mrs. Webb Armstrong of Pecos.

The bride wore a grey suit with gold and grey accessories. She carried a white prayer book and a white linen handkerchief belonging to the bridegroom's grandmother.

Mrs. F. L. Green, the bride's only attendant, chose a brown fall suit with accessories. F. L. Green served as best man.

Following the wedding a reception was held in the Webb Armstrong home. Arrangements of autumn flowers decorated the entertaining rooms.

The bride's table was covered with an ecru lace cloth and centered with a two-tiered wedding cake surrounded by an arrangement of fern and daisies and topped with miniature bride and bridegroom figurines. The cake was baked by the mother of the bridegroom.

After the wedding trip, Armstrong will report to Camp Atterbury, Ind., and Mrs. Armstrong will resume her duties as a teacher in Pecos High School.

Portrait of a Soul

Did you think a soul was invisible? Did you even suspect that it was a theological concept that only ministers could understand? Well, look into this boy's eyes! Do you see happiness... the certainty that life is full of beauty and truth? Do you see hope... the assurance that every tomorrow will be better than every today? Do you see courage... the fortitude that will look through defeat to victory? Do you see faith... the confidence that God hears, and knows, and cares, and helps? You're looking into a soul! You're seeing the spark of Himself which God has put into every one of us. And you're seeing it still unblemished by the cares and disappointments of life. You can see a soul through your own child's eyes. But unless you give that soul a chance to grow up with the body and mind that possess it... soon you'll no longer see it in your child's eyes... and perhaps, someday, you'll no longer see it in his life. The Church, through careful religious education, develops that spiritual inner-being which we call the soul. Your child deserves the advantage of the Church's instruction. And, in church worship, you will rediscover the beauty and strength of your own soul.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SAFER DRIVING—Midland High School driver education has been given a boost by the presentation of a driver training 1951 Ford by Murray-Young Motors. This is the fifth year the firm has contributed a car for this purpose. The keys are being given School Supt. Frank Monroe, right, by H. S. Murray of Murray-Young. At extreme left and right are Howard Mechlign, the firm's service manager, and Don Mitchell, high school principal.

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

Cattle market at the Midland Livestock Auction Company sale Thursday was slow to steady on 1,074 head. Butcher cattle were slightly higher than the previous week but stockers generally were lower. More railroad stock cars were available.

Fat calves and yearlings sold for \$30 to \$34, mediums \$26 to \$30, commons and culls \$20 to \$26. Fat cows brought \$23 to \$26, heiferettes to \$28, medium cows \$20 to \$23, canners and cutters \$14 to \$20. Bulls auctioned for 24 to \$27.50. Stocker steer calves cleared at \$33 to \$37.50, heifer calves \$31 to \$36, stocker cows \$16 to \$25.

Cotton ginning is off to a very slow start in Midland this year—in fact the gins have not even had occasion to really get steamed up for the harvest, which will be one of the shortest in years. You will recall that DSG's rain forecasts failed to materialize during the growing season, or since, for that matter. The three Midland gins, up to Wednesday afternoon, had ginned a total of only 906 bales of cotton—less than half the total ginned at this time last year, and less than a third of the figure reported in late October, 1949.

Shortage of Pickers And the chances for a sharp upturn in the ginning figures appear none too bright. One observer says a noticeable increase cannot be expected until after the first frost. One of the main difficulties, another observer stated, is the shortage of pickers. The crop is so short it is not profitable enough to attract pickers, and there is a possibility some of the cotton in the county will not be gathered. Every effort is being made to obtain sufficient labor to gather the crop, as short as it is.

The three gins reported ginnings as follows: Planters—218 bales; Midland Co-Op—300 bales, and Farmers' Co-Op—388 bales.

Midland has been invited to have a special "day" at the 1952 Southwestern Exposition and Fat Stock Show. The invitation is conveyed in a letter from President-Manager W. F. Watt of the Fort Worth exposition (January 25 through February 3) to the Chamber of Commerce. The letter declares:

"Because of the fine help which your city gave, the 1951 Southwestern Exposition and Fat Stock Show was a record-breaker in many ways. The purpose of this letter is to say 'Thank you'; to tell you we are hard at work on plans to make the show coming up the best one yet; and to extend a special invitation to your city to have a 'day' designated in your honor."

"Selecting a market for his livestock is one of the stockman's most important decisions," points out Dr. John G. McNeely, agricultural economist with the Texas Agricultural Experiment Station. Dr. McNeely recently made a study of comparative beef cattle prices at the three major Texas public livestock markets—Fort Worth, Houston and San Antonio—for the period 1946-50. The findings of this study are given in Miscellaneous Publication 78.

In this bulletin Dr. Neely compares prices for all grades of livestock in each classification steers, cows, bulls, calves, and heifers—at each market, and for each grade at the three markets.

Transportation costs by rail and truck are included in the bulletin also, so the producer can evaluate prices in terms of additional costs of shipment to more distant markets.

"The purpose of this publication is to give the livestock producer an analysis of recent price behavior on the three leading livestock markets of Texas," said Dr. McNeely. Miscellaneous Publication 78 is available from the Publications Office, Texas Agricultural Experiment Station, College Station.

Snipper W. owned by E. P. Waggoner of Fort Worth and ridden by Pine Johnson won the championship of the State Fair of Texas as open cutting horse contest last Sunday afternoon, but failed to take top honors in the two added special contests.

A total of 428 points gave the Fort Worth horse the championship, followed by Straw Boss T, owned and ridden by Roy Tharp of Mesquite with 424 points, while Chickasha Mike, owned and ridden by Buster Welch, placed third 422 points.

In an added match after the regular contest, with over 15 horses participating, Royal King, owned by Earl Albin of Comanche and ridden by Milt Bennett took top

money with Snipper W placing fourth. In the "championship match of champions" staged late in the afternoon with five top horses participating, Buster B, owned by B. C. Bilbo of Dallas, and ridden by Bob Burton, was top horse with Snipper W finishing fifth. In the last contest Royal King was second with 142 points. In the regular contest, ridden by young James Buster, Royal King had finished ninth.

Steel and more steel is needed by industries of the nation engaged in building weapons for defense, as well as items for civilian use. Steel mills can increase their output if greater supplies of scrap iron are made available to them. New steel is approximately half scrap and half pig iron and reports from the steel industry point out that supplies of scrap now on hand at the mills are dangerously low.

During the next month, farmers are urged to collect and sell all scrap that cannot be used on the farm. According to B. F. Vance, chairman of the Texas Agricultural Mobilization Committee, farm scrap is the special demand since it includes some of the heavier scrap iron and steel now needed by the mills.

Check-List Cited Vance suggests that farmers check the farm for such scrap as worn-out plow points and shares, horse-drawn equipment which has been replaced by tractors, unuseable wire and cables, old storage batteries and other items that no longer are used on the farm.

Farm machinery or equipment that can be repaired should not be scrapped, Vance says nor should metal that can be used for making repairs on other implements or equipment. Farmers are urged not only to make the best possible use of all machines and tools now on hand but to conserve all essential materials.

Canadian Weather Not Good For Films REGINA, SASKATCHEWAN—The weather is poor in Western Canada for making motion pictures in the opinion of two Danish movie men.

"Sunny Alberta isn't sunny. Dry Saskatchewan isn't dry and beautiful British Columbia is foggy," Paule Bojesen of Copenhagen, film producer for the Danish Film Board, lamented.

Bojesen and Erik Olsen, cameraman, are making a one-hour color film called "Canada, Sea to Sea." The pair had been in Canada seven weeks and had poor picture-making weather since they arrived in the West.

Three Midlanders Enrolled At Tulsa U

TULSA, OKLA.—Three students from Midland, Texas, are enrolled for Fall classes at the University of Tulsa, according to a report just completed by registrar George V. Metzler.

More than 4,000 students are attending classes on the university campus and in TU's downtown college. University of Tulsa students this fall represent 43 of the 48 states and at least three U. S. territories.

Delbert C. Brooks, Jr., son of Mr. and Mrs. D. C. Brooks, is a junior in the University of Tulsa College of Engineering.

A senior in the College of Engineering is James T. Coleman. He is the son of Mr. and Mrs. M. V. Coleman.

David S. Weaver, son of Mrs. Dixie Weaver, is a sophomore in the College of Business Administration.

Soviet Army's Aid Needed For Control

LOS ANGELES—The Communist Party in France could not gain control of the country without the help of the Soviet army. So says Dr. Robert G. Neumann, assistant professor of political science at UCLA. Recently returned from France where he made an extensive study of political parties, he believes the 4,000,000 Frenchmen who voted Communist did so in protest to the present regime. Most of them are actually wary of political action, he says.

Spindletop Group's Official Proceedings Are Told In Volume

BEAUMONT—How Texans celebrated the fiftieth anniversary of their most important oil well has been set down for history in a trim little book entitled "Spindletop—where oil became an industry." The 201-page book comprises the official proceedings of the spindletop fiftieth anniversary commission. With their historic photographs and a lively introduction by John W. Newton, commission chairman, these are among the most interesting official proceedings ever published.

"The beginning of a new era in civilization" came at 10:30 a.m. Jan. 10, 1901. At that moment a well drilled on the low, flat mound called spindletop blew a column of oil 200 feet into the air. For nine days the well went wild. It flowed at the rate of 100,000 barrels a day, about 16 times the volume of any previous well in world history. A lake of oil formed—about 800,000 barrels covering 100 acres. The lake caught fire and burned up but not until the well had been capped.

Capt. Anthony F. Lucas, who drilled on spindletop against the advice of leading geologists, galloped up on a horse minutes after the well blew in. His dreams had borne greater fruit than he expected. The spindletop story has been

told and retold, but this slender, cloth-bound volume goes beyond that. It tells how the Lucas gusher led to the growth of an oil and chemical empire on the Gulf Coast. A new way of life—automobiles, propellers and then jet planes, fast ships—depended on oil. Without oil the free world could not have won two world wars nor could it face a third with much confidence. And most of that oil came from the Southwest area in which Captain Lucas was the outstanding pioneer.

All this is told in the words of those men who guide the industrial giants of modern America... David R. Rockefeller, Charles E. Wilson, E. DeGolyer, John G. Pew, Glenn H. McCarthy, Walter S. Carpenter. These leaders of the nation's business world came to Beaumont early in January to take part in the historic fiftieth anniversary celebration, and texts of their speeches are in the book.

"Spindletop—where oil became an industry" also gives an insight into the immense amount of work and money involved in a big celebration. Innumerable committees worked to provide decorations, supervise slogan contests, line up speakers, etc. A high-priced professional public relations firm in Houston was retained to "coordinate and direct the numerous activities."

Newton, the Magnolia executive who headed the anniversary commission, tells in his introduction why the industry extended itself on this occasion.

"All in all, spindletop is symbolic of the rise and growth of American industry. It is the typical American story. It is the story of democracy and the unlimited opportunities to be found when men of vision and courage are permitted to work in an atmosphere of free competitive enterprise. Therefore it was felt that the fiftieth anniversary of spindletop in 1951 was worthy of more than passing recognition."

Midlander Elected To State Office

Mrs. Malcolm O. Gibson of Midland recently was elected to the Board of Directors of the Texas Society for Crippled Children at the annual convention held in San Antonio. Mrs. Gibson spent two years at the Maternal Health Center in New York and two years with underprivileged children in the church school there.

Frankincense and myrrh, gifts of the wise Men in the Bible, are still listed as basic perfume ingredients.

Shadows That Menace at Night

When Nurse Elisabeth Brownell looked in on her patient during her first night on a new job, she saw a menacing shadow in the room. She did not realize that this was the beginning of an adventure that was to lead her into mystery, terror and romance. Nor could Elisabeth decide whether her patient was a murderer or an intended victim. Read the exciting new serial story

SECTION THREE

New Producing Formation For Scurry Is Found By Humble; Warren Will Re-Drill Failure

Discovery of a possible new producing formation and the starting of an attempt to develop production from another new zone were reported for Scurry County Saturday.

Humble Oil & Refining Company found clean oil and some water in the Wolfcamp at its No. 3-B Sorrel, prospector in the Sharon-Ridge Canyon field of Southwest Scurry County.

Warren Oil Corporation will re-enter an Ellenburger failure in the central portion of the county and re-drill to a lower Pennsylvanian section, below the Strawn, and try to develop commercial production. The dry hole was drilled to a total depth of 4,177 feet by L. M. Glasco, Fred Chambers, R. J. Zonne and Olson Drilling Company as No. 1 Jess Green. It will be re-drilled by Warren under the same fee name.

Gas To Surface
Humble took a drillem test from 5,410 to 5,466 feet in the Wolfcamp. Tool was open one hour and 36 minutes. Gas was at the surface in 38 minutes. No fluid surfaced while the tool was open.

Recovery was 250 feet of gas-cut mud, 1,800 feet of slightly oil and gas-cut mud, 3,000 feet of clean oil and 600 feet of slightly salty water.

Open flowing bottom hole pressure ranged from 1,500 to 2,400 pounds. Shut-in pressure after 15 minutes was 2,450 pounds.

After the above test, operator drilled to 5,486 feet, still in the Wolfcamp, and was preparing to take another drillem test.

At present there is no Wolfcamp production in Scurry County.

Location for No. 3-B Sorrel is 660 feet from south and 1,980 feet from west lines of section 97, block 25, H&TC survey.

Some Shows
Warren No. 1 Green, according to some geologists' reports had some shows of oil in the Pennsylvanian section below the Strawn when that formation was drilled. Operator believes it will make a producer from the lower section.

No. 1 Green is 660 feet from north and west lines of section 157, block 3, H&GN survey and two miles north of Snyder.

O'Neill Schedules Wolfcamp Wildcat In S-C Terry Area

Joseph I. O'Neill, Jr., of Midland will start drilling operations in the near future on a 10,500-foot wildcat in Central-South Terry County.

It is to be dug as the No. 1 Lyons, 467 feet from north and west lines of section 10, block C-36, pal survey. It is to try for production in the Wolfcamp reef which is producing in the Wellman field about one mile to the northeast.

No. 1 Lyons is on a farmout from Sun Oil Company. The wildcat is being supported by Coline Oil Company, Union Oil Company of California, Shell Oil Company, Continental Oil Company and Honolulu Oil Corporation.

Humble To Complete Andrews Discovery As Pumping Oil Well

Humble Oil & Refining Company is preparing to complete a small pumping discovery from the Wolfcamp section of the lower Permian at its No. 1-0 University, Southeast Andrews County wildcat.

This exploration, located nine miles southeast of the town of Andrews and 660 feet from south and 1,980 feet from west lines of section 20, block 1, University survey, is four miles northwest of the Midland Farms field which produces from the Grayburg-San Andres sections above 3,000 feet.

Humble No. 1-0 University swabbed a total of 131 barrels of fluid in the latest 24-hour period reported. All of that fluid was new oil except a 10 per cent shakedown of salt water.

Made Four Barrels Hourly
During the last two hours of that 24 hours the well recovered an average of four barrels of fluid per hour. It was 90 per cent oil and 10 per cent water.

Swabbing is continuing. Operator will probably install a pump and complete in a short time.

The production is coming from perforated section in Wolfcamp at 7,082-7,104 feet. That interval had been treated with two injections of acid.

The wildcat had drilled to a bottom of 11,907 feet, and it then plugged back to 7,250 feet and cemented 5 1/2-inch casing at that point for the Wolfcamp testing.

(Continued On Page Three)

Permian Basin OIL & GAS LOG
James C. Watson
Oil Editor

Russell C. Conkling, Midland Geologist, Featured In Article In Benedum-Trees Publication

Russell C. Conkling of Midland was featured in the "Personnel" section of the October issue of "The Pioneer," publication of the Benedum-Trees organization of Pittsburgh.

Conkling is chief geologist of Plymouth Oil Company, a Benedum-Trees operation.

His Office Is In Midland
Despite the fact that his company's general headquarters are in Pittsburgh,

Conkling is a past president of two years Phillips Petroleum Company had his services on detail surface work in Oregon and on the Canadian border.

The Canadian camp was located just off the Alcan Highway which had been completed only a short time. Russell recalls much walking and slow work due to muskies.

An active participant in civic affairs he is a past president of the Lions Club, an Elk, a Mason, member of Sigma Chi Alumni Club, West Texas Geological Society, and the American Association of Petroleum Geologists.

Is A Sports Fan
In school he was active in sports, especially baseball and is still an ardent baseball and football fan. He is in the professional class as a cook—especially on charcoal broiled steaks.

"Russell has done a fine job of raising two sons to follow in his footsteps. In 1947 Joe joined his father as an independent geologist, and in 1949 the other son, Bob, came to Midland from Oklahoma, also as a geologist."

(Continued On Page Three)

Other oil concerns in the Benedum-Trees group include Hawathia Oil & Gas Company, Big Lake Oil Company, Melben Oil Company and Republic Oil Refining Company.

The feature article on Conkling was written by Betty Wright of Midland, a former employe in Plymouth's West Texas district headquarters in this city.

Smoke Cloud Follows
Text of the article is—
"If you see a cloud of smoke trailing through the corridors of the bustling McClintic Building, in Midland it is probably Russell C. Conkling's cigar accompanying him to one of his many conferences."

Known to everyone in the Permian Basin and acknowledged as an outstanding geologist in sub-surface work is a thumbnail description of Plymouth Oil's chief geologist, associated with the company since 1949.

Start With Roxana
"Russell started in the geological profession specializing in detail surface work with the Roxana Company in Wyoming, Colorado and New Mexico."

After three years in the San Juan Basin and Rocky Mountain area he was off to Colombia, South America, with Tropical Oil Company to undertake surface and surveying duties.

"This being pioneer country for the oil business, the initial work for the company made the job tougher. It meant trail cutting through dense jungle and fighting tropical insects."

"Often the camps were burned

by competitor companies. Upon returning to the United States Russell met by his fiancée, the former Miss Pauline Roselius, and they were married in Key West, Fla.

"For the next 18 years Russell was on sub-surface and surface work with Shell Oil Company in Oklahoma, Central Texas, finally locating in West Texas in 1925."

"From 1935 to 1949, except for a period during World War II, Russell was doing independent geological work."

Worked In Canada
"During the war period for two years Phillips Petroleum Company had his services on detail surface work in Oregon and on the Canadian border."

The Canadian camp was located just off the Alcan Highway which had been completed only a short time. Russell recalls much walking and slow work due to muskies.

An active participant in civic affairs he is a past president of the Lions Club, an Elk, a Mason, member of Sigma Chi Alumni Club, West Texas Geological Society, and the American Association of Petroleum Geologists.

Is A Sports Fan
In school he was active in sports, especially baseball and is still an ardent baseball and football fan. He is in the professional class as a cook—especially on charcoal broiled steaks.

"Russell has done a fine job of raising two sons to follow in his footsteps. In 1947 Joe joined his father as an independent geologist, and in 1949 the other son, Bob, came to Midland from Oklahoma, also as a geologist."

(Continued On Page Three)

Preliminary Work Is Started On Big Phillips Gas Plant

Preliminary work on the construction of Phillips Petroleum Company's multi-million-dollar Spraberry natural gasoline plant in Midland County has begun, with bulldozers clearing the plant site 22 miles southeast of Midland, according to K. S. Adams, chairman, and Paul Endacott, president.

The new plant will ultimately process in excess of 100,000,000 cubic feet of gas per day and will serve principally the Tex Harvey, Germania and Drifter areas in Midland and Glasscock counties. The plant will be extended proportionately to handle additional gas discovered, as developments continue.

Surveys for pipe lines and other field facilities have been made and the necessary equipment has been purchased. Phillips received the necessary governmental approval some time ago for the required materials to construct this plant.

This is the first of two new plants, planned by Phillips to handle Spraberry gas. Phillips plans to serve these two plants with its product pipeline.

the west line of Chaves County. Although the new record exceeds the number of active rigs during the Canyon reef boom by 134, no one county, has reached the proportions of the activity in Scurry County. That area had 215 rigs running October 15, 1950.

At the present time, Upton County leads all others covered by the survey with 126 explorations. That is a record for the area since Spraberry activity started booming.

Scurry County now has only 33 rigs going.

After the reef boom, drilling activity dropped off to 302 on January 1, 1951. Activity since that time increased steadily as new Spraberry fields were opened.

Upton County enjoyed the biggest increase in number of rigs during the fifteen day period ended October 15, with 27 more rigs running.

Midland County jumped from 68 to 78 and Reagan County climbed from 19 to 27.

Midland County's 78 operations October 15 made it the third most active drilling area at that time—

WORK UNDER WAY—Clearing land of brush and preparing sites for construction of Phillips Petroleum Company's new gasoline plant in the Spraberry Trend in Midland County, Texas, is under way. One of the bulldozers is shown here clearing ground for the first construction. R. C. Pickles, right, and H. M. Faulconer, Phillips engineers, are shown at the transit. Bulldozer operator is V. L. Conatser.

Spraberry Trend Lists 646 Oilers

The Spraberry Trend of the Midland Basin listed 646 producing wells Saturday.

The past 10 day period ended on that day saw an increase of 41 oilers from 605, or an average of 4.1 new wells per day.

The Tex-Harvey field of Central-East Midland and Central-West Glasscock Counties accounted for 365 of the producers and the Drifter-Spraberry field in the Four Corner area, chipped in with 98.

New IPAA President Is Louisiana Native

Charlton H. Lyons of Shreveport, recently elected president of the Independent Petroleum Association of America, is a native of Abbeville, La.

After attending Louisiana State University, he received Bachelor of Arts and Bachelor of Laws degrees from Tulane University.

Lyons entered the oil business as an independent after practicing law in Shreveport.

Lyons has been director of the Shreveport Chamber of Commerce, president of Children's Service Bureau; director of the YMCA; director of the National Conference of Christians and Jews; president of the Shreveport Community fund and Vestryman of St. Mark's Episcopal Church.

He has served IPAA both as vice president of Louisiana and as a member of the executive committee. He also has served as vice president of the Louisiana-Arkansas Division of Mid-Continent Oil & Gas Association.

He succeeded J. E. (Ed) Warren as president of IPAA.

HAND INJURED
James Tate of Stanton, an employe of the Layne-Texas Company, received emergency treatment Friday at Western Clinic-Hospital for a hand injury suffered when it was struck by elevators at a rig.

In order to create artificial underground storage suitable for storage LPG, Sunray engineers cored the shallow Permian formations which underlie not only Scurry oil fields but almost all of the West Texas basin. At a depth of 630 feet, a section of evaporites was found with a thickness of almost 600 feet.

Individual layers of solid crystalline salt were found to occur in thicknesses from two to 22 feet. Interspersed within these salt layers were a mixture of red beds, insoluble anhydrites, and shales.

A string of casing was set at a depth of 630 feet. Surface equipment was installed to inject fresh water through the tubing string into the Permian salt beds to wash out a huge underground cavity. In the first well, 198,000 barrels of fresh water were employed to dissolve an estimated 25,000,000 pounds of salt.

The brine which contained the salt dissolved from the salt series

New Underground Savings Banks Feature Scurry Liquid Gas Conservation

One of the largest underground projects employed in the storage of liquefied petroleum gases in the nation is in the operation adjoining the new Scurry Gasoline Plant of Sunray Oil Corporation and associates, located two miles northwest of Snyder.

The new plant was dedicated here Wednesday in impressive public ceremonies at which Olin Cuberson, chairman of the Railroad Commission of Texas was the principal speaker.

Sunray as operator for itself and 30 other companies and 60 individuals in the Scurry gasoline plant, operates three storage "wells" which afford access to a man-made underground "savings bank" with a combined capacity of 3,700,000 gallons.

These artificial subterranean caverns are equivalent to the capacity of two huge steel storage tanks seen on crude oil tank farms. Sunray contemplates doubling the storage facilities within the next year.

Successful development of this type of liquefied petroleum gases (LPG) storage means not only a tremendous saving in capital investment for above-ground storage tanks but also a major savings in steel which is so critically needed for the national defense.

Above ground storage which requires handling of pressures ranging from 50 to 225 pounds per square inch of gas for LPG costs in the order of \$20 per barrel. Thus to store 60,000 barrels of LPG in steel spheroidal tanks aboveground an investment of \$1,200,000 would be required involving more than 3,000 tons of steel.

In contrast, underground LPG storage costs from \$1.25 to \$1.50 per barrel or about 15 per cent of the above figures. Moreover, the only steel requirements are the casing, tubing and wellhead equipment.

Shallow Salt Bed
In order to create artificial underground storage suitable for storage LPG, Sunray engineers cored the shallow Permian formations which underlie not only Scurry oil fields but almost all of the West Texas basin. At a depth of 630 feet, a section of evaporites was found with a thickness of almost 600 feet.

Individual layers of solid crystalline salt were found to occur in thicknesses from two to 22 feet. Interspersed within these salt layers were a mixture of red beds, insoluble anhydrites, and shales.

A string of casing was set at a depth of 630 feet. Surface equipment was installed to inject fresh water through the tubing string into the Permian salt beds to wash out a huge underground cavity. In the first well, 198,000 barrels of fresh water were employed to dissolve an estimated 25,000,000 pounds of salt.

The brine which contained the salt dissolved from the salt series

was conducted to an open asphalt-lined surface storage pit having a capacity of 200,000 barrels; in this fashion contamination of surface water supplies was prevented. In a like manner, two other wells were completed to create man-made underground caverns with a capacity sufficient to handle up to 89,000 barrels of liquefied petroleum gases.

Conservation Angle
Development and general adoption of underground LPG storage will have very important and far-reaching effects upon the LPG industry. If adequate storage is available it will not be necessary to flare surplus gas during the Summer months nor to sell these products at depressed prices during the mid-year season of low demand.

Stabilization of the LPG market by means of adequate storage underground will bring increased profits to the royalty owner, the oil producer as well as to the LPG dealer. The consumer, too, benefits through lower prices and improved convenience.

Forest Wildcat In NE Lea Flows Oil On Wolfcamp DST
Forest Oil Corporation No. 1 H. L. Lowe, wildcat in Northeast Lea County, N. M., developed flowing oil on a drillem test of the Wolfcamp through perforations at 10,142-10,152 feet.

Tool was open seven hours and five minutes. Gas surfaced in 30 minutes and mud came to the top in two hours. Oil flowed at the top in two hours and five minutes. It took two hours for lines and tank bottom to fill up. After that the well flowed three hours before tool was closed. The first two hours it made from 12 to 14 barrels. The last hour five and four-tenths barrels were recovered.

At last report, operator was preparing to wash the above perforations with 250 gallons of mud acid. No. 1 Lowe was drilled to total depth of 13,145 feet in the Ellenburger where it made only salt and sulphur water.

It was then plugged back to the Wolfcamp where it had flowed at the rate of 50 barrels of oil per hour on a drillem test taken when the section was drilled through.

Location is at the center of the southwest quarter of the southwest quarter of section 25-13a-37e. That makes it about midway between the Gladiola multipay field to the north and the Denton multipay field to the south.

Texas Pipeline Will Expand Facilities In Gulf Coast Area
HOUSTON—(AP)—R. B. McLaughlin, president of the Texas Pipeline Company, has announced plans to modernize and expand oil facilities of the company in the Gulf Coast area.

The program will be carried out in the Texas Pipeline System, a subsidiary of McLaughlin's company.

Reports from Washington indicate the cost will be about \$18,000,000.

The company said approval of the Petroleum Administration for Defense would be needed before work can start.

McLaughlin said a contract would be awarded within 30 days after PAD's approval for a 220-mile, 22-inch oil line between Houma, La., and Port Arthur, site of the Texas Company's refinery.

The company also will construct a new 12 3/4 inch oil line from Houma to Conrod, La., and a gathering system to serve the Saint Elaine, Lake Barre, Lake Palto and Catlow Island fields in the Terrebonne Bay area of Louisiana.

Nine New Producers, 15 Tests Are Added To Spraberry Trend

Nine new producers and 15 drillem sites have been added to the Spraberry Trend.

The Four Corner area, which includes Southeast Midland, Southwest Glasscock, Northeast Upton and Northwest Reagan Counties, received three of the new wells and seven of the projects.

Amerada Petroleum Corporation and General American Oil Company each completed a producer in the North Pembroke field of Northeast Upton and Northwest Reagan Counties.

Amerada No. 1-1 V. P. Tippett was finished through a one-half-inch tubing choke and from open hole at 7,075-7,261 feet for a daily flowing potential of 364 barrels of 35.9-gravity oil and no water. Gas-oil ratio was 878-1. Open hole was treated with 4,500 gallons of Hydratrac. Location is 860 feet from south and east lines of section 1, block M, EL&RR survey, that puts it in Upton County.

On the Reagan County side of the field, General American No. 1 L. C. Proctor was finished on the pump for a 24-hour potential of 35.88 barrels of 35.3-gravity oil plus 30 per cent water. Production was from open hole at 6,861-7,125 feet. That section received a 4,500-gallon Hydratrac treatment. Gas-oil ratio was 330-1. Location is 660 feet from south and west lines of the north-west quarter of section 40, block 37, T-5-S, T&P survey.

Open hole also was treated with 2,000 gallons of acid.

In the Upton County side of the North Pembroke pool, Phillips Petroleum Company spotted location for its No. 9-A Tippett, 668 feet from north and 2,014 feet from west lines of section 26, block 38, T-5-S, T&P survey.

Ashland Oil & Refining Company staked locations for two tests in the same area. The firm's No. 2-45 B. Sherrod will be dug 1,980 feet from north and east lines of section 43, block 37, T-5-S, T&P survey. No. 2-48 B. Sherrod will be dug 660 feet from north and 1,980 feet from east lines of section 49, block 37, T-4-S, T&P survey.

Also in the North Pembroke field of Northeast Upton County, American Republics Corporation No. 1-44 V. P. Tippett and others will be drilled 1,980 feet from north and east lines of section 44, block 38, T-5-S, T&P survey.

Oiler, Site
One producer and one site were added to the Pembroke pool of East-Central Upton County.

Magnolia No. 7. C. W. Ryburn will be drilled 660 feet from north and 1,980 feet from east lines of section 1, block O, EL&RR survey.

Evenstar Oil Company No. 2 Anna Wells, the new oiler in the Pembroke pool, was finished for a daily flowing potential of 208 barrels of 38-gravity oil through a 26/64-inch tubing choke and from open hole at 7,229-7,258 feet. Operator used 2,250 gallons of Hydratrac to finish the well.

Location is 660 feet from east and 1,980 feet from south lines of section 18, block N, HE&WT survey.

Two locations east of Atlantic Refining Company No. 1-B J. D. Sugg, recently completed Spraberry strike in Northeast Reagan County, Texas Pacific Coal & Oil Company will drill No. 2 J. F. Holt.

Exact location is 660 feet from north and 1,980 feet from west lines of section 110, block 2, T&P survey.

Stanolind
In the Four Corner area, Stanolind Oil & Gas Company will drill No. 4-B Leonard Proctor. Site is 660 feet from north and 1,985 feet from west lines of section 23, block 37, T-5-S, T&P survey. That puts it in Southwest Glasscock County.

Sinclair Oil & Gas Company will drill three 7,500-foot tests in the Four Corner area and in the Northeast Upton County portion.

No. 44-B Lillie Midkiff will be dug 660 feet from south and 1,980 feet from west lines of section 14, block 28, T-5-S, T&P survey.

No. 45-F Lillie Midkiff will be dug 1,980 feet from south and 660 feet from west lines of the same section. No. 46-F Lillie Midkiff is 660 feet from north and west lines of the same section.

Benedum-Trees Oil Company No. (Continued On Page Four)

Six West Texas Oil Discoveries Named Officially By RRC

Six more new oil fields in West Texas have been named by the Railroad Commission of Texas.

In Runnels County, the pool opened by Miami Operating Company No. 1 Joe Ashton, has been named the Ashton-Lower Gardner field. G. W. Strake No. 1-B Mrs. Lillian Seeligion Winterbotham in Irion County is the opener of the Dove Creek-Canyon pool.

In Martin County, the new area opened by Pan-American Production Company No. 1 Breedlove has been designated the Breedlove field. Magnolia Petroleum Company No. 1, Chilton, discovery in Gaines County, has been named the opener of the Chilton-Pennsylvanian pool.

Humble Oil & Refining Company No. 3-D Cowden area discovery has been designated the discovery of the Roepke-Fusselman field.

The Cox-Canyon reef pool of Scurry County, which was opened by Imperial Production Company, has been changed to the Vernon Cox-Canyon Reef field.

Well Completions Above Last Year's
AUSTIN—(AP)—Texas calendar day allowable oil production jumped 14,354 barrels daily last week.

The total Saturday was 3,128,709 compared with 3,114,358 barrels daily on October 20, the Railroad Commission reported.

Oil well completions for the week totaled 221; there were five gas wells and 154 dry holes. Seven wildcats were brought in and 81 turned out to be dry holes.

Completions for the year so far total 9,030 compared with 8,754 in the same period last year.

HOME FROM SMU

WASHINGTON OIL— Solutions To Industry Problems Will Be Aired

By JOSEPH HUTTLINGER
Reporter-Telegram Washington Oil Correspondent
WASHINGTON—The American petroleum industry will offer its solutions to a series of major problems facing the industry in the present emergency at the quarterly meeting Wednesday of the National Petroleum Council in Washington.

At the same time, the industry, through the council, will be asked by the Petroleum Administration for Defense, to make studies and give its advice on new problems ahead for oil and gas.

A study of steps needed to move up to 2,000,000 barrels a day of crude oil and products from producing centers to the East Coast in the event war shuts down shipping lanes will be asked of the industry group. A possible conversion of one or both of the "inch" lines from natural gas to oil, which they carried in the last war, would be part of this study.

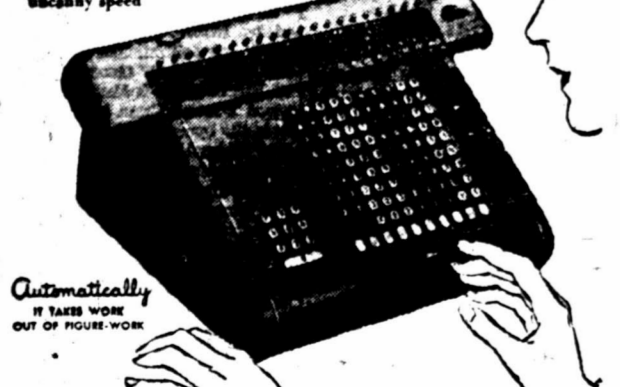

The PAD also will ask the council to make a study and report on the sizes, footages and tonnages of oil country tubular goods needed by producers, presumably to have a document to lay before steel mills for their guidance. It has been claimed by some producers that present output emphasizes size, five and a half inch casing rather than footage, and that more is needed.

The next day, the 60-man Gas Industry Advisory Council to the PAD will meet in Washington to receive requests from the government for studies in five areas affecting oil and gas as they strive to meet the needs of the emergency.

Friden The Thinking Machine of American Business

The Friden Automatic Calculator "thinks" its way through figure problems—to provide answers—with uncanny speed.

Exclusive features enable the Friden to perform more ways in figure-work without operator do, more than any other calculating machine ever developed. To business firms and industrial plants—large or small, and no matter how specialized—Friden brings amazing short cuts in calculations.

asked the council to find out its cost in dollars and materials. Since then, the shutdown at Abadan, rising civilian and military demand, and the continued emergency—even heightened feeling of energy—have prompted PAD to decide that the million barrel expansion is no more than enough to keep up with demand. It is said to allow little room for getting ahead, and building up a reserve.

The supply of steel and other materials, meanwhile, has been such that the industry is not able to keep up with the million barrel rate of growth. This is despite the fact that the industry itself, according to plans before the PAD, is ready to far exceed the PAD program. The council's report is expected to be a strong argument, in the future, for more steel for the industry.

The synthetic liquid fuels study is expected to report that crude petroleum furnishes the most economical source of petroleum; that the supply is ample at this time; that when need and economies justify, the petroleum industry itself will turn first to oil shale, then to coal as alternate sources of liquid fuels; that in the event of emergency, an additional 1.5 million barrels of oil products could be found by substituting coal in all plants now using residual fuel, and then cracking the residual into lighter products.

Secretary of the Interior Oscar Chapman, who also heads Petroleum Administration for Defense, early this year asked the council to study the economics of synthetic oil production. Before he had the council's report, he asked the Defense Production Administration to put up \$450 million to guarantee to buy at cost plus price, the output of two proposed plants, one operating on oil shale, the other on coal. The program since has been blocked, at least for the time being, partly because there is question of its soundness, partly because of the cost in terms of steel.

Nevertheless, the PAD now has completed two studies, both of which take a sympathetic view of the idea of synthetic liquid fuels. One on the oil shale process has been made public, and it calls for government incentive "at the earliest moment" for a synthetic plant. The other, on coal, hydrogenation, is "classified" and thus kept secret from oil and coal men, but it is understood to be generally favorable.

The PAD's drive to gear the nation's oil and gas transportation systems to the demands that might be posed in event of all-out war are behind the transportation study requests to the petroleum and gas councils.

The request to the gas council will be confined to the effect and the wisdom of converting the "inch" lines or one of them in the event all-out war comes, but not before. The request to the council involves this, and also a request to analyze other forms of transportation to move about two million barrels of crude and products to the East Coast by inland water, truck and pipe line.

A conversion of the "inch" lines would provide an extra 550,000 barrels a day transportation capacity, and make up only part of the capacity lost in the event tankers completely were shut down. Tankers now carry about three times that amount from the Gulf to the East Coast.

Since the conversion would cut off natural gas supply, now being carried through both lines by the Texas Eastern Transmission Corporation, from Texas to the East, a substitute gas line would have to be laid speedily, according to PAD officials. In fact, a proposal for a new "inch-size" natural gas line recently was filed with the Federal Power Commission by the Texas-Ohio Gas Company, of which Frank Champion, Houston, is president.

PAD officials insist they have made no finding, however tentative, on whether it would be advisable to convert the "inch" lines. R. H. Hargrove, president of Texas Eastern, pointed out some months ago that the lines are subject to a recapture-for-oil clause, but that he thought it unlikely the reconversion would be thought wise by the government. The lines were built during the last war to carry crude at a time when tankers were being sunk.

NE-C Chaves Area Is Scheduled For San Andres Tester

HOBBES, N.M.—Joseph I. O'Neill Jr., of Midland No. 1-A Federal is to be drilled as a 3,000-foot San Andres wildcat 25 miles northeast of Roswell and in Northeast-Central Chaves County.

It will be dug 660 feet from south and west lines of section 7-7s-27e. That puts it six miles north of a small San Andres discovery recently completed by Earl Levick as the No. 1 State.

Drillsite is eight miles north of the town of High Lonesome. The project is to be drilled on a block of 1,280 acres and is to be supported by Honolulu Oil Corporation and by Gulf Oil Corporation.

Ray Oil Company No. 1 Kirk Hoover, 3,500-foot wildcat in the northwest corner of the extreme west side of Quay County, has spudded and is drilling below 600 feet in red beds.

Location is 1,980 feet from north and east lines of section 30-11n-28e.

Aurora Gasoline Company No. 1 C. O. Davis, Central-East Lea County wildcat, three miles east of Hobbs, has been completed for a producer and a new discovery from an upper Permian lime at 4,449-68 feet.

On the completion test the well flowed at the rate of 30 barrels of oil per hour for an extended period. The flow was natural and through a one-half-inch tubing choke. There was no formation water. No other details of the completion test have been reported.

The discovery is 990 feet from south and 330 feet from east lines of section 29-18s-39e.

It is less than one-half of a mile west of the East Hobbs field in Central-West Gaines County, Texas, which has production from the Queen sand and the Glorieta and the Clear Fork of the Permian.

Up to now none of the wells which have been completed in the East Hobbs field have found production in the zone which has been discovered in No. 1 Davis.

Aurora will drill a one-half-mile north outcrop to its No. 1 C. O. Davis.

The outcrop, contracted to 6,370 feet to test the Clear Fork, is No. 2 Davis, 1,980 feet from north and 330 feet from east lines of section 29-18s-39e.

Between the Gladola and Denton areas of Northeast Lea County, casing has been perforated, opposite the Wolfcamp, from 10,142 to 10,152 feet for completion attempt at Forest Oil Corporation and others.

No. 1 H. H. Lowe, Devonian failure at 13,143 feet.

The wildcat flowed out at the rate of 50 barrels per hour on a drillstem test of the Wolfcamp when that section was drilled.

Location is at the center of the southwest quarter of the southwest quarter of section 25-13s-37e.

Jackson, Douglas and Richie No. 1 State, wildcat eight miles northwest of the Bagley pool of Northwest Lea County, took a drillstem test in the San Andres at 4,046-4,131 feet. Tool was open one and one-half hours. Recovery was 450 feet of slightly salty mud with no shows of oil. It is now drilling below 4,131 feet.

Location is 660 feet from north and 1,980 feet from west lines of section 27-10s-32e.

Continental Oil Company No. 1-5255-W. Hawk has been completed as a north extension to the Hare pool of Central-East Lea County. It was finished for a daily flowing potential of 60 barrels of oil per day through a one-half-inch tubing choke. Completion was through perforations in five and one-half-inch casing, opposite the McKee sand, at 7,588-7,676 feet.

The McKee sand was topped at 7,520 feet, elevation 3,464 feet. Location is 810 feet from south and 660 feet from east lines of section 3-21s-37e.

The Texas Company has spotted two offsets to Amranda Petroleum Corporation No. 1-ECB State, active wildcat in Northwest Lea County.

Texas No. 1-BD State will be drilled as a north offset. That

makes it at the center of the southwest quarter of the northeast quarter of section 16-12s-32e. It will be drilled to around 11,300 feet for a test of the Devonian.

Location is 660 feet from south and east lines of section 33-11s-33e. Mid-Continent Petroleum Corporation No. 1 Tyson Field, project at the south edge of the Gladola-multiphase field of Northeast Lea County, has been plugged and abandoned on total depth of 9,894 feet in the Pennsylvania.

Location was 660 feet from north and west lines of section 25-12s-37e. G. H. Hamill No. 1 Pippins, wildcat in Central-East Quay County, was quit as a failure on total depth of 5,815 feet in lime shale and chert.

Drillsite was at the center of the northwest quarter of the northwest quarter of section 35-12s-34e.

Tide Water Associated Oil Company No. 1 Grady Best, wildcat in Northwest Roosevelt County, has been plugged and abandoned on total depth of 7,277 feet in granite. The project was plugged back to 3,069 feet for tests of the San Andres, but it failed to make oil in that horizon.

Location was 1,980 feet from north and east lines of section 27-2s-29e.

In Grant County, C. D. Murphy No. 1 Schmitz, located at center of the northwest quarter of the southwest quarter of section 31-20s-14e, is at total depth of 1,607 feet in sandy lime awaiting orders.

Texas No. 1-RE State will be drilled as a west offset, at the center of the northeast quarter of the southwest quarter of section 6-12s-32e. It also will drill to around 11,300 feet for a test of the Devonian.

Atlantic Refining Company No. 1-R State has been completed as a new Pennsylvania producer in the Saunders field of Central-West Lea County.

It was drilled from depths of 9,932 to 10,000 feet for a daily flow potential of 534 barrels of 41-gravity oil and 177 barrels of salt water. Production was through a 5 8-inch tubing choke.

Pay was topped at 9,932 feet. Operator used 2,500 gallons of acid to complete the oil.

The project was drilled to 14,147 feet in an unconsolidated formation and then plugged back to 19,039 feet for completion.

Location is 1,980 feet from south and west lines of section 27-14s-33e. Shell Oil Company No. 1-A State, project in the Bagley-Pennsylvanian field of Northwest Lea County, has been completed as an 11,000,000 cubic feet of gas per day producer from total depth of 9,843 feet. The gas flow was gauged through a one-quarter-inch choke and from perforations at 9,895-15 feet. Operator used 2,000 gallons of acid in the well.

Sun Oil Company No. 1 Yutoria Land & Cattle Company, wildcat in Sierra County, is drilling below 120 feet in clay. Location is at the center of the southeast quarter of the southwest quarter of section 2a-10s-1w.

Thomas Gastland No. 1 Davis Matthews, another Sierra wildcat is at total depth of 7,126 feet awaiting orders.

Drillsite is at the center of the northwest quarter of the southwest quarter of section 8-12s-40e.

J. H. Blackstone No. 1 Mimms, another Sierra County wildcat, is at total depth of 2,255 feet in shale awaiting orders.

Drillsite is at the center of the northwest quarter of the southeast quarter of section 2-13s-49e.

New Mexico Land Auction Announced For November 10

Guy Shepard, commissioner of public lands for New Mexico, will hold sealed bid and oral auction of oil and gas leases on 13,119 acres in 35 tracts in his office, Capitol Building, Santa Fe, November 10, starting at 10 a.m.

Sealed bids will be accepted, not later than the above date, on 9,460 acres of land in 28 tracts, and 3,719 acres will be sold by oral bidding.

Eighty distinct processes, requiring months of time, are necessary in tanning sole leather.

PLYMOUTH-BIG LAKE OLDTIMERS—The persons in the picture are employees of Plymouth Oil Company and its affiliate, Big Lake Oil Company. All of them have been with one or the other of the concerns for 25 years or more and all of them are still working. Most of them are on jobs in West Texas. The picture was made at a recent party in Midland when those who qualified for their 25-year watches during the last 12 months were honored guests. Bottom row, left to right: Trigg Housewright, electrician, Big Lake Oil Company, Texas; O. E. Goebel, assistant chief clerk, Big Lake, Texas; Herman Gregg, field superintendent, Plymouth Oil Company, Klesh, Texas; Big Springs, R. C. Howard, tool repair man, Big Lake, Texas; L. M. (Boob) Davis, truck driver, Big Lake, Texas. Second row, left to right: H. H. Talley, pipe yard foreman, Big Lake, Texas; Charles Oldham, deep well switcher, Big Lake, Texas; D. T. (Tom) Reed, field superintendent, Plymouth, Olson, Texas; Iraan, W. S. Hallahan, president, Plymouth, Lubbock, Texas; J. J. Isbell, chief clerk, Big Lake, Texas. Third row, left to right: W. D. Lane, superintendent, West Texas district, Plymouth, Midland; H. E. Smelser, machine shop foreman, Big Lake, Texas; C. C. Sandy, tool repair man, Big Lake, Texas; W. A. Bird, well tester, Big Lake, Texas; George Lantrip, field superintendent, Plymouth, Bennett, Texas; Denver City, Fourth row, left to right: Luther Ham, pumper, Big Lake, Texas; W. M. (Jack) Stephens, pumper, Big Lake, Texas; R. H. (Hal) Burton, chief clerk, Plymouth, Midland; Bert Rogers, truck driver, Big Lake, Texas. Fifth row, left to right: W. H. Satterfield, foreman, gasoline plant, Big Lake, Texas; F. B. Shepard, lead machanic and electrician, Big Lake, Texas; Troy Gambill, plumber, Big Lake, Texas; Clint Satterfield, field superintendent, Big Lake, Texas. Back row, left to right: H. L. Adams, chief gauger, Big Lake, Texas; W. J. Grissett, general manager, Big Lake, Texas; W. M. Griffith, vice president and general manager, Plymouth, Sinton; Roy F. Gardner, landman, Plymouth, Midland; Raymond Thompson, pumper, Big Lake, Texas; L. B. (Blondie) Mandle, drilling superintendent, Plymouth, Benedict, Texas; J. A. McCollum, switcher, Susan Peak field, Plymouth, San Angelo and Howard (Kato) Mann, farm boss, Susan Peak field, Plymouth, San Angelo.

Sinclair To Deepen C-N Crockett Test

Sinclair Oil Company will continue to deepen its C-N Crockett test well in the Permian Basin of West Texas. The well is located on the southeast quarter of section 27-14s-33e, T-10N, R-30E, S-33E, and is currently being drilled to a depth of 11,300 feet. The project is being completed as a north extension to the Hare pool of Central-East Lea County.

Stentz Equipment Expands Permian Basin Activities

Stentz Equipment Company has expanded its Permian Basin activities by acquiring a new wellhead and tubing head for a well in the Permian Basin of West Texas. The well is located on the southeast quarter of section 27-14s-33e, T-10N, R-30E, S-33E, and is currently being drilled to a depth of 11,300 feet.

Plymouth And Big Lake Honor 16 West Texas Employees Who Have Worked For 25 Years

Honored at the recent 1951 annual company party of Plymouth Oil Company and its affiliate, Big Lake Oil Company, were 16 West Texas employees of these two concerns who completed 25 years of service during the last 12 months. The affair was held at the Permian Club in Midland. After a dinner, diamond brooches were presented to the 16 honorees by Walter S. Hillman, president of Plymouth Oil Company.

Strake Schedules Runcles Venture

G. W. Strake, president of the Northwest Runcles, is scheduled to drill a new well in the Permian Basin of West Texas. The well is located on the southeast quarter of section 27-14s-33e, T-10N, R-30E, S-33E, and is currently being drilled to a depth of 11,300 feet.

Tom Green Wildcat, Drilling After DST

Fidelity Oil Company No. 1 J. L. Harris, wildcat in Central-South Tom Green County, is drilling below 120 feet in clay. Location is at the center of the southeast quarter of the southwest quarter of section 2a-10s-1w.

Conkling—

(Continued From Page One) An independent geologist. Both sons are alumni of the University of Oklahoma as is Russell. His Outside Interest "Since Russell claims his grandchildren as his main outside interest, and we have information on good authority that Russell has a "way" with his grandchildren, the Permian Basin is looking forward to two more geologists from the Conkling family, in the not too distant future."

New Sewage Plant Bid Opening Set

Bids on the proposed new sewage disposal plant for Midland will be opened again Monday afternoon. The project was readvertised after the firm which was low bidder at the initial opening was unable to fulfill the contract because of the death of one of the partners. City Manager W. H. Oswalt Saturday said the first shipment of steel for the project has arrived and that, if a satisfactory bid is received Monday, construction work will begin within 10 days. The project is scheduled for completion within nine months.

N-C Schleicher To Get New Explorer

The Grey-Wolfe Company of Houston will drill a North-Central Schleicher County wildcat, seven miles northeast of Eldorado. No. 1 Al P. Groebel is located 1-980 feet from north and west lines of section 5, block M, GHS&A survey. Operator is moving in materials and is to begin drilling at once on the 6,000-foot destination.

New Formation In Scurry—

Ashmun-Hilliard To Drill Clear Fork Test In SW Crane

Ashmun and Hilliard of Midland have staked location for their No. 1 Evan B. Jones and others as a 4,200-foot wildcat to explore the Clear Fork-Permian in Southwest Crane County. It is approximately one-half of a mile east of Clear Fork production in the Tucker multiphase field and is an east offset to George P. Livermore, Inc., No. 1 Jones, which showed a little oil and gas at 4-096-4,170 feet in the Clear Fork, but not enough to make an oil well. Location of the Ashmun and Hilliard No. 1 Jones is 1,998 feet from northwest and 1,993 feet from southwest lines of section 12, block 3, H&TC survey. It is to start drilling in the near future. It is 20 miles west of the town of Crane.

C-W Midland Field Gets New Oil Well

Magnolia Petroleum Company has completed its No. 5 Roy Parks as a new producer on the east side of the Paris-Pennsylvanian field of Central-West Midland County. The well flowed 24 hours through a 16 64-inch choke to make an initial production of 449 barrels of 43.4-gravity oil. No water was present. Gas-oil ratio was 1,530-1. Tubing pressure was between 1,200 pounds and 1,100 pounds and there was a packer on the casing. Through Perforations Top of pay is at 10,480 feet and total depth is 10,558 feet. Five and one-half inch casing is set at 10,558 feet. Production is coming through perforations between 10,480 feet and 10,532 feet. These perforations were acidized with 2,000 gallons. Location of the new oil is 880 feet from west and 660 feet from north lines of section 11, Charles F. O'Neal survey, A-894. That makes it 11 miles southwest of Midland.

Gulf Plugs Back To Spraberry In Martin Venture

Gulf Oil Corporation No. 3-B George W. Glass, a one-half mile east outcrop to the proven limits of the Glass multiphase field of Southwest Martin County, has plugged back to 8,800 feet and will perforate casing and try for production in the Spraberry zone. Operator failed to establish production in the Pennsylvania after extensive tests in the open hole from 10,440 feet to 10,738 feet, total depth. Drillstem tests in the Spraberry, made when that section was drilled, did not look too encouraging. Location is 660 feet from south and 1,980 feet from west lines of section 10, block 38, T-1-N, T&P survey. That makes it 13 miles north of Midland and 17 miles west of Stanton.

SW Crane Is Due New Prospector

Cabot Carbon Company has spotted location for its No. 2 J. B. Mayberry as a wildcat in Southwest Crane County. Drillsite is 650 feet from northwest and 593 feet from northeast lines of section 3, block 31, H&TC survey and four miles northwest of Girvin which is in Pecos County. Rotary tools will be used to drill to projected depth of 5,500 feet, beginning at once. No. 2 Mayberry is 1,320 feet north of the same company's No. 3 Mayberry, a dry hole.

Brennard And Hall Acquire Lease In Pembroke Field

Robert S. Brennard, Jr., and G. E. (Blondie) Hall, both of Midland, have acquired the Derby Oil Company lease in the west side of the Pembroke-Spraberry field in Central-East Upton County. No official information is available regarding the consideration involved in the trade. It is understood that there was a cash payment, plus an override.

Central Pecos Gets New Permian Test

The Texas Company has staked location for a 3,450-foot rotary tool wildcat in Central Pecos County. It is No. 1 J. M. Montgomery. Location is 3,300 feet from north and 1,980 feet from west lines of J. A. Miller survey No. 217. That puts it approximately four and one-half miles northeast of Fort Stockton. Projected depth is calculated to take the venture into the upper Permian. Operations will begin at once.

NE Pecos Wildcat To Plug Back And Test Clear Fork

Tide Water Associated Oil Company No. 1 White-Baker, three-quarters of a mile southwest of Brown & Thorp Drilling Company of McCamey No. 1 G. R. White-Gulf, Clear Fork discovery in Northeast Pecos County, is preparing to plug back to 3,235 feet and set pipe and test the Clear Fork. Operator recovered sulphur water in the lower Permian on a drillstem test from 4,606 to 4,662 feet. Tool was open two hours and it started flowing sulphur water at an unestimated rate in one hour and 25 minutes. Had Shows In Clear Fork The wildcat had shows of production in the Clear Fork when it was drilled through. Total depth is 4,662 feet. Location of No. 1 White-Baker is 2,243 feet from south and 2,283 feet from west lines of section 49, block 11, H&TC survey and two and one-half miles south of Girvin.

C-S Lubbock Tester Plugged, Abandoned

Seaboard Oil Company of Delaware has plugged and abandoned its No. 1 Edna Davis, Central-South Lubbock County wildcat at 10,950 feet in dry Mississippi lime. Geological markers are: top of the anhydrite 1,915, top of Yates 2,320, top of San Andres 3,780, top of Spraberry 7,028, top of Dean 7,950, top of Pennsylvania line 10,122 and top of the Mississippi 10,550 feet. Elevation is 3,229 feet. Location was 15 miles south and slightly west of the city of Lubbock and at the center of the southwest quarter of the northeast quarter of section 36, block 20, HE&WT survey.

Fourth Producer Is Fined In Weddell Field Of Reagan

Scho Petroleum Company No. 1 Bard has been completed as the fourth oiler in the Weddell-Spraberry field of Northwest-Central Reagan County. It was finished for a daily flowing potential of 281.46 barrels of oil. Gas-oil ratio was 750-1. Tubing pressure was 220 pounds. No gravity was reported. Operator used 1,500 gallons of Hydracrac to complete the well. Location is 660 feet from south and west lines of section 16, block E, HE&WT survey. That puts it one location north of the discovery well.

Stonewall Wildcat Dry And Abandoned

Continental Oil Company No. 1 C. S. Springer, wildcat in North-West Stonewall County, has been plugged and abandoned at total depth of 6,938 feet in Ellenburger lime. The dry hole is 660 feet from south and west lines of section 201, block F, H&TC survey and nine miles northeast of Jayton. That makes it six miles northwest of the Peacock-Pennsylvanian field.

New Yoakum Field Has Second Oil Well

York & Harper, Inc., of Midland No. 2 J. E. Wright has indicated as the second well for the Prentiss-Glorieta field of Northwest Yoakum County. The pay section from 5,922 feet to 6,012 feet was treated with 5,000 gallons of acid and swabbing tests recovered from 24 to 29 barrels of new oil per hour. Testing is continuing. Five and one-half inch casing is cemented at 5,910 feet. Location is 1,920 feet from north and east lines of section 13, block D, John H. Gibson survey and 16 miles northeast of Plains. That makes it a one-location west offset to the same concern's No. 1 Wright, discovery of the Prentiss-Glorieta pool.

Central Pecos Test Plugged, Abandoned

Superior Oil Company has plugged and abandoned its No. 1-4 J. L. Nutt, wildcat in Central Pecos County and 23 miles east of Fort Stockton, at total depth of 9,111 feet in the Ellenburger. Operator took a drillstem test in that section from 8,959 to 9,111 feet. Tool was open one hour. Recovery was 210 feet of drilling mud, 882 feet of muddy sulphur water and 1,500 feet of sulphur water. Location was 1,980 feet from south and 660 feet from east lines of section 4, block 144, T&STL survey.

World Oil Production Climbs In August In Spite Of Iran Shutdown

TULSA—World crude-oil production climbed upward in August in spite of a further dropping-off of production in Iran.

Oil-producing nations of the world reached a level of 11,710,800 barrels per day during August, a gain of 47,000 barrels over July but still almost 300,000 barrels per day under the all-time record of 12,003,900 barrels daily produced in June.

The August gain was in spite of a drop in Iranian output from 116,000 barrels per day in July to a dribble of 9,200 barrels. Normal producing operations ceased in July, but Anglo-Iranian Oil Company, Ltd., announced that a total of 38,000 long tons was run from the fields in August.

Offsetting the Iranian loss were gains of 90,000 barrels daily in the United States, 40,000 barrels in Kuwait, and 18,000 barrels in Saudi Arabia. In addition to Iran, small losses were shown in Venezuela and Mexico.

While August's production of 11,710,800 barrels daily above the August production of a year ago of 10,821,500 barrels per day.

A further increase in world production is expected to be shown for September as a result of a planned step-up of production in Middle East countries, notably Kuwait and Saudi Arabia, and a continuation of the upward trend in Canada.

CRUDE-OIL PRODUCTION, DAILY AVERAGE OUTPUT IN BARRELS OF 42 GALLONS

Country or Area	1951	1950	1949
United States	6,230,000	6,140,700	5,864,300
Venezuela	1,709,000	1,717,100	1,563,900

Nine New Producers—

(Continued From Page One)

A. J. Douglas will be dug in the Midland County side of the Four Corner area. Site is 1,980 feet from north and east lines of section 11, block 38, T-3-S, T&P survey.

El Capitan Oil Company and Tide Water Associated Oil Company each spotted location for a spirerberry test in the Four Corner area of Southwest Glasscock County.

El Capitan No. 8 Whitehouse will be drilled 1,980 feet from south and 660 feet from west lines of section 47, block 37, T-4-S, T&P survey.

Tide Water No. 3 Norma Calverley will be dug 660 feet from south and west lines of section 3, block 36, T-5-S, T&P survey.

In the Midland County side of the Four Corner area, Cabot Carbon Company No. 2-A TXL was completed for a 24-hour flowing potential of 192 barrels of 36.5-gravity oil. The flow was through a 24 64-inch tubing choke and from open hole at 7,017-7,080 feet. Gas-oil ratio was 313-1. Location is 660 feet from south and east lines of section 7, block 37, T-5-S, T&P survey.

Sinclair Oil & Gas Company No. 17-E Lillie Midkiff was finished in the Southeast Midland County Four Corner area for a daily potential of 207 barrels of 36.1-gravity oil flowing through open tubing from open hole at 7,135-7,188 feet. Production was through a 3,000-gallon Hydratrac treatment.

Location is 1,980 feet from north and west lines of section 12, block 38, T-3-S, T&P survey.

Amerada Petroleum Corporation No. 1-H-35 TXL is a new oiler in the Southwest Glasscock County side of the Four Corner sector. It was completed for a calculated 24-hour flowing potential of 593 barrels of 36.7-gravity oil. Production was through a one-half-inch tubing choke and from open hole at 6,990-7,100 feet. Gas-oil ratio was 539-1 and tubing pressure was 180 pounds.

Location is 660 feet from north and west lines of the lease in section 35, block 37, T&P survey.

In the Tex-Harvey field of Central-East Midland County, Forest Oil Corporation will drill No. 2-E TXL, 665 feet from south and east lines of the northeast quarter of section 37, block 37, T-3-S, T&P survey.

In the same section, Seaboard Oil

Company of Delaware will dig No. 1-4 TXL, 660 feet from north and west lines.

Sohio Petroleum Company's No. 1 and No. 3 M. H. Fisher are new oilers in the Tex-Harvey field of Central-East Midland County.

No. 1 was finished for a 24-hour flowing potential of 392 barrels of 38.4-gravity oil through a three-quarter-inch tubing choke and from open hole at 7,017-7,108 feet. Gas-oil ratio was 703-1 and tubing pressure was 50 pounds. Operator used 1,500 gallons of Hydratrac to complete the well.

Location is 1,980 feet from north and 660 feet from west lines of the lease in section 32, block 36, T-2-S, T&P survey.

Sohio Oiler No. 3 Fisher, 660 feet from north and 1,980 feet from west lines of the lease in section 32, block 36, T-2-S, T&P survey, was finished for a daily flowing potential of 335 barrels of 38-6-gravity oil through a 3/4-inch tubing choke and from open hole at 7,030-7,116 feet. Gas-oil ratio was 779-1 and tubing pressure was 50 pounds. Operator used 1,500 gallons of Hydratrac to complete the well.

Amerada Petroleum Corporation No. 4 Hugh Dixon, 1,980 feet from north and 660 feet from west lines of the lease in section 7, block 36, T-3-S, T&P survey, and in the Central-East Midland County side of the Tex-Harvey field, was finished for a 24-hour flowing potential of 193 barrels of 37.5-gravity oil. Production was through a 24 64-inch tubing choke and from open hole at 6,920-7,070 feet. Gas-oil ratio was 761-1 and tubing pressure was 200 pounds. Operator used Hydratrac to complete the oiler.

John B. Thomas is the new office manager for Western Natural Gas Company's district headquarters for the Permian Basin in Midland.

He came here a short time ago from Houston, where he had worked in the concern's office in that city.

Mrs. W. S. (V. Estelle) Nelson, veteran oil company secretary, is now employed by Gibson, Leeper & Cole as office secretary.

She has previously worked in Midland for Huntfield Oil Corporation and for Rich Oil Company.

The "sky survey" being made at the Palomar Observatory of the California Institute of Technology is designed to set astronomical standards and guideposts for astronomers for the next 100 years.

Matter Is Named VP For Exploration By British American

J. E. Matter has been made vice president in charge of exploration for The British-American Oil Producing Company.

C. D. Miller, general manager of the firm, announced the promotion is now in effect and Matter has taken over his new assignment.

Matter comes to the head office from Fort Worth where he has been

division exploration manager of the Southwest division.

He is a native of California and was graduated from U.C.L.A. with a degree in geology. He spent two years studying in Germany at the University of Munich and the Freiberg School of Mines.

After two years in Shell Oil Company's geology department, he came with British-American doing geology work in the Rocky Mountain Area and California. In 1945, he was made exploration manager for the California division. He remained there until January, 1950, when he was transferred to Fort Worth to organize the Southwest division which includes all West Texas and New Mexico.

Most people just call them hills, but after climbing them all day long I insist they're mountains. It wasn't too bad, the sort of thing any Boy Scout would have enjoyed.

One remarkable day we spent digging foxholes and covering them up again. As soon as I'd get one dug some sergeant would cram me into it and then run a tank over it. After the tank would fire its fun some joker would have a machine gun at me.

Herbert Harris, Jr., whose family resides at 1120 North Colorado, recently was awarded the Purple Heart in Korea.

His wounds were not serious and Harris has returned to duty.

Lt. Col. Walter H. Walne, Jr., now serving in Korea, has a new mailing address. It is "G-2, Seventh Infantry Division, APO 7, care of Postmaster, San Francisco, Calif."

They've been catching fish from cars on the Sturt Highway, on the border of New South Wales and Victoria.

Floodwaters from the Murray River a mile away have been bringing the fish up to the side of the road. Anglers have been able to sit in their cars and catch fresh water catfish and reelin fish up to 21 pounds.

One family caught 100 in a week-end. The fish have been hooked on everything from a bent pin to a first-class fishing gear.

NEW YORK—Some colleges have courses that teach the best way to catch a fish, or instruct a lady in how to get along with one after she marries him.

You also can go to college and learn how to play an old Roman band instrument, figure your income tax, cook without garlic, or run for public office.

But so far no university has started a class in how to judge a beauty contest. It's about time for a few to do so.

Judging beauty contests is one of America's most rapid-growing industries. If you haven't been asked to be a judge in a beauty contest yet, don't ask; you will be. There are too many for you to escape.

In judging beauty every man wants to do his duty. He is as wholly honest then as he ever will be in his life. He wants to be fair to the fair.

No Set Standards
But the trouble is he doesn't have any standards to go by except his own.

Judging a heifer is a different matter entirely. The stock experts look the critter over for certain fine points everybody agrees are prime requirements of the breed. Then they slap it on the flank to be sure it is round and firm and fully packed. And they are then ready to score it.

You can't operate in a beauty contest in this scientific manner. When it comes to judging ladies, every man comes to the tournament with a different idea.

There is no advance agreement among them as to what they are looking for. And the contests are altogether too formal. The beauties parade back and forth in a stilted walk.

Research by judges is discouraged. They no longer are allowed to bring their own tape measures to check on the figures given. If they have a suspicion that some of the statistics are false or padded, they can do nothing about it. The girls are anything they say they are—and that's that.

The whole problem ought to be dumped in Harvard's lap. The profs there are good at figures.

But the beauty contests are run now the average winner isn't necessarily the most beautiful. She merely is the one that a majority of the judges would most hate to be caught out with by their wives.

At times of extreme flood, Guayra Falls on the Parana River between Paraguay and Brazil, has more than 8 times the water volume of Niagara.

With The Services— Ex-Reporter Gets All Rain He Wants

Bill Woods, former reporter for The Midland Reporter-Telegram, is undergoing his basic training with the Army in Hawaii these days and, for once, he's getting all the rain he wants.

"It's drenching us more and more each day," Woods wrote recently. "As I understand it from the local boys, this rain we're having now is only a prelude to the sure 'nuf rainy season due to start any time now."

"A couple of weeks ago we had to survive a six-day bivouac in one of the mountainous areas around the post.

"Most people just call them hills, but after climbing them all day long I insist they're mountains. It wasn't too bad, the sort of thing any Boy Scout would have enjoyed.

One remarkable day we spent digging foxholes and covering them up again. As soon as I'd get one dug some sergeant would cram me into it and then run a tank over it. After the tank would fire its fun some joker would have a machine gun at me.

David N. Jerome, son of D. L. Jerome of Midland, has been appointed to the temporary rank of cadet warrant officer and assigned to the duty of Squadron E in the Texas Tech Air-ROTC at Lubbock.

Herbert Harris, Jr., whose family resides at 1120 North Colorado, recently was awarded the Purple Heart in Korea.

His wounds were not serious and Harris has returned to duty.

Lt. Col. Walter H. Walne, Jr., now serving in Korea, has a new mailing address. It is "G-2, Seventh Infantry Division, APO 7, care of Postmaster, San Francisco, Calif."

MIDLANDER ON DIVISION STAFF—In Korea, the 7th Infantry Division's all-Texas staff, discusses a tactical situation with Maj. Gen. C. B. Ferenbaugh. Seated, left to right, are Lt. Col. William R. Lynch, Jr., Huntsville; Gen. Robert F. Sink, assistant division commander; General Ferenbaugh, and Lt. Col. Walter H. Walne, Jr., Midland. Standing are Maj. Albert C. Lawrence, El Paso; Lt. Col. Edwin M. Sayre, Breckenridge, and Lt. Col. Charles A. Toliver, San Antonio. Colonel Walne, who served as vice president of the Moore Exploration Company here from 1946 to 1950, is division intelligence officer.

IN KOREA—Sgt. Frank W. Merritt, son of Constable and Mrs. Jack Merritt, 500 East New York Street, had an anniversary last Tuesday as he completed four months on the front lines in Korea on that day. With the First Cavalry Division, Sergeant Merritt is chief of section on a 155 howitzer. He was promoted to sergeant on October 1 after entering the service last January. He is a graduate of Midland High School.

Pioneer Reports Boost In Income

DALLAS — Pioneer Air Lines' net income before taxes for the first nine months of 1951 was \$181,777.11, as compared to \$123,656.12 earned for the same period in 1950. E. W. Bailey, secretary-treasurer, announced.

Net income after taxes for the three quarters of 1951 was \$89,563.80 or 99 cents a share on the 90,000 shares of outstanding stock. This compares to \$72,875.16 or 81 cents a share in the 1950 months.

Passenger revenues increased 247 per cent for the period while air cargo (express and freight) revenues increased 19.8 per cent. Revenues for transporting the U. S. mail decreased 16.9 per cent, providing \$816,506.23 in 1951, as contrasted with \$983,115.53 in 1950, Bailey said.

Total operating income increased 10 per cent from \$2,407,322.58 for the first three quarters of 1950 to \$2,637,033.20 for the 1951 period, while operating expenses increased 8.44 per cent from \$2,286,345.73 to \$2,479,515.85.

Korean Kids Study Regardless Of War

PUSAN, SOUTH KOREA—(P)—More than 3,000,000 South Korean youngsters are continuing their schooling despite the war in Korea, the South Korean government has announced.

Of the total, at least 2,500,000 are going to primary schools. Most of the classes are held in tents and barracks.

MY SINCERE CONGRATULATIONS TO THE BRITISH PEOPLE FOR THROWING THE RASCALS OUT

Socialism is a theory of system of social organization which advocates the ownership and control of the means of production, capital, land, etc., in the community as a whole. It operates on the premise that a bureaucratic government can assume the obligations of a private citizen and perform them better and more economically. I do not believe it is the best form of government.

We in this country have more of everything than the people of any other country, and it is my conviction that such an estate is the result of the competitive system of private enterprise. I believe that socialism kills private initiative. I think it removes the honest dignity which comes from the ability to stand on your own two feet.

We have a creeping socialism in this country which is operating primarily for the benefit of the administrators who are trying to extend it. The efforts to continually enlarge the scope of government largely stems from the desire of the politician and the political job holder to increase his power. As bureaucracy is extended, those who have dishonest tendencies have a field day; morals are at a new low, and this can largely be attributed to everyone expecting something for nothing. Someone must produce the goods to pay the bills these people are heaping on us and our children.

The British people are to be congratulated for admitting that the socialist form of government isn't the best... they are not the first to make this discovery: the New Zealanders were the first to throw the Socialists out. Then the Australians threw them out. And now the British. It is time we realized that we are nursing the posterior mammary gland. It is time we thought about some changes in the administration of our country. You will have an opportunity to express yourself in 1952. Pay your Poll Tax. If you feel as I do, you will follow the lead of our overseas cousins.

BAR COMMITTEE CHAIRMEN—T. Kellis Dibrell of San Antonio, J. Chrys Daugherty of Austin, and James R. Norvell of San Antonio are among the committee chairman of the State Bar of Texas who will submit reports at the association-sponsored regional institute scheduled here Tuesday. Several hundred West Texas attorneys are expected to attend the session at which the Midland County Bar Association will be the host organization.

Midlanders Urged To Get Ready For Wintry Blasts

Old Man Winter, who already has been making the usual threatening gestures with chilly mornings and grey skies, is going to come roaring through Midland's broad streets one of these days.

And, when he does, a lot of people are going to wake up some freezing morning and find out they are not ready for Winter.

The heater in the bathroom will be broken.

Something will be wrong with the water heater and the best it can do is send out a trickle of unsatisfying lukewarm water.

Or the wind will be whistling through that crack in the wall where the weatherstripping was pulled out last July.

"It happens every year," said one hardware man.

"Everybody waits until the cold wave gets here.

"Then they find out they need a stove or a water heater and they all come in at once and they all want the new appliance installed immediately.

Plenty Of Appliances

"Obviously that isn't possible and some of them will have to sit around shivering two or three days before we can get to them."

In spite of material shortages, hardware men say they have plenty of stoves and other Winter appliances on hand.

Even in the best-run home, there are routine preparations which must be made before Winter arrives.

Most important, of course, are the heating facilities.

Home-owners with central heating plants should have them tested carefully, before the cold wave strikes, to see that there are no leaks and that the heating unit itself is operating properly.

The ducts should be checked and

cleaned so the first blast of warm air will not send shocking clouds of dust and sand through the house.

Those with individual heaters in each room should test each heater carefully and replace any broken parts.

Checkpoints Listed

And the connections should be tight to prevent the escape of dangerous gases into the room. Old tubes—whether they be rubber or copper—should be replaced while there still is time.

Experts also point out that householders should make a careful check of all windows and doors to see that all cracks are covered and that all weatherstripping is in its proper place.

Water heaters, too, may supply an adequate supply of warm water in the summertime and then falter when Winter comes. These should be checked carefully and replaced or repaired if necessary.

If all these precautions are taken, Winter will hold no discomforts for the family.

Let Old Man Winter blow his hardest and the Midland home will be just as warm and cozy as a basket of hot rolls fresh out of the oven.

Chamber Manager At Pecos Faces Ticklish Situation

PECOS—Duties of any Chamber of Commerce manager are widely varied, but Alton Hughes of Pecos last week faced the most ticklish problem of his career—that of exposing to an out-of-stater the probability that a fellow Texan was trapped in an outright lie.

Hughes received a letter from a young woman in Cheyenne, Wyo., wanting to know more about a Texas "jackalope," allegedly a wild animal running loose on the plains of the Lone Star state. The letter revealed there had cooked up a pretty convincing story about the fictitious animal.

Somewhat disillusioned, Hughes replied, in part:

"It hurts to the core to even think about a Texan lying about anything, but it hurts a lot worse to actually accuse a fellow Texan of slight exaggeration.

"If there is such an animal, I have never been introduced to one. But if there is, I'm sure it would be found in Texas.

"He (the sergeant) knows that it is perfectly all right to lie about Texas, particularly West Texas, but it is an unforgivable sin to get caught," he continued.

On second thought, Hughes added in a post script:

"I am just about to convince myself that there is such an animal. Tell your friend to send me a good description of a 'jackalope.' I might even find one."

Schools Buy More Than 2,000 Books

Midland schools have purchased more than 1,000 new library books and an equal number are on order for later delivery.

The library at Midland High now has 4,859 books on its shelves. According to Mrs. Inez Winton, librarian, the library meets the needs of the students.

Her premise is the library never should be a place to study routine books. Rather, it should be a quiet place to do research and to read for pleasure, she believes.

With room space at a premium, the libraries of the elementary schools are on a classroom basis. The classes exchange books from room to room. West Elementary has plans for a mobile library. A wheeled wagon with shelves is under construction at the high school shops and it will be given to the school for book exchange purpose.

Students and teachers work with the various principals and the librarians in choosing books.

Mayor Proclaims Tuesday 'Lawyers Day' In Midland

With attorneys throughout this area scheduled to meet for a regional Law Institute, Mayor Perry Pickett Saturday proclaimed next Tuesday as "Lawyers Day" in Midland.

The mayor said every courtesy of the city would be extended on that day to members of the bar attending the institute.

"We as Americans," said the proclamation, "enjoy more rights and more freedom than the citizens of any other country in the world today, the most distinctive characteristic of our system of government and our way of life being the ideal and practice that the dignity and welfare of the individual citizen transcends in importance all demands for power incident to the day-to-day functioning of our government bodies."

"We are truly indebted to the legal profession, which has played a glorious role in history as an indispensable factor in attaining this ideal and as the guardian of all our traditional rights and liberties."

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)
Drew Pearson says: Truman compliments Jimmie Byrnes via Bernard Baruch; Byrnes is for Eisenhower on either ticket; Tennessee feudist McKellar adds another round to his record.

WASHINGTON — Jimmie Byrnes, spry 70-year-old ex-secretary of State, ex-Supreme Court Justice, ex-senator, and present governor of South Carolina, has a nickname for his fellow South Carolinian, Bernard M. Baruch. Byrnes calls the 81-year-old Baruch "Old Man Diem."

The other day "Old Man Diem" telephoned Byrnes from New York to tell him about a surprise meeting he had had with President Truman at the home of Gen. George Marshall at Leesburg, Va. Despite the fact that Truman once had written Baruch a bitter letter, he was quite cordial at the meeting, and Baruch so reported to Governor Byrnes.

"The President," he said, "was very cordial and I greeted him the same way."

"I knew you'd get in his camp at the first opportunity," wisecracked Byrnes, who has not noticeably warmed up to Truman following his own quarrel.

"Our conversation," said Baruch, continuing his telephone conversation to Byrnes, "hadn't been going

long when your name came up. And the President remarked: 'You know, in all my public life, I have never met a man more capable than Jim Byrnes.'"

"Will you say that again?" asked Governor Byrnes, half-joking, half-pretending not to hear.

Baruch repeated the President's complimentary remark.

"I haven't been reading the papers carefully," replied the governor of South Carolina, "but it seems to me that I've heard somewhere that there was going to be a presidential election next year."

Note — Complimentary remarks or uncomplimentary remarks, Jimmie Byrnes will not be for Truman. He's for Eisenhower—on either the Republican or Democratic ticket.

Democratic Pipe Line
Ousted as baseball commissioner, unhappy "Happy" Chandler has been making the rounds of his Democratic friends seeking the new job of Democratic National Chairman.

Ed Flynn Democratic boss of the Bronx, slipped his candidate, Paul Fitzpatrick, in the White House side door for a secret talk with the President about becoming Democratic chairman. However, insiders say the President privately favors Robert Butler, the St. Paul ship-builder.

Outgoing Democratic Chairman Bill Boyle is taking no chances on having the Democratic National Committee electing a dark horse to succeed him. He has sent out invitations to all national committeemen to attend the election meeting or send their proxies on October 31. At the bottom of the invitations, however, Boyle has typed the following postscript: "Unless you wish to make the proxy out to any particular person, it would simplify our handling of the meeting if you omit any name and permit me to fill it in."

Tennessee Feudist
The incident was hushed up, but shortly before Congress adjourned, 82-year-old Senator McKellar of Tennessee added round six to his record as the Senate's most bellicose member.

In past encounters, McKellar has tried to bean one victim with a gavel, boot another in the pants, fall another with a roll of newspapers—and once he landed a surprise left hook.

This time, however, McKellar attacked with his walking stick. The incident took place behind closed doors of the Senate Appropriations Committee. The victim was Displaced Persons Commissioner Harry Rosenfield, who made the mistake of interrupting a McKellar harangue.

The old man had been hounding Displaced Persons Chairman John Gibson, who had difficulty understanding "I beg your pardon, sir?" he kept repeating.

Finally, McKellar snapped: "Isn't there anyone around here who understands anything about this?"

Rosenfield jumped to his colleague's defense.

"If the chairman of the Displaced

Persons Commission doesn't know anything about displaced persons," Rosenfield began.

"You can't talk to me like that!" he shrieked. "You sit down! I don't want to hear another word from you at this meeting!"

Shaking with anger and shouting incoherently, McKellar picked up his cane and lunged at Rosenfield. The commissioner ducked and the blow narrowly missed his head.

This was round six for McKellar, whose other publicly disclosed brawls include:

Round 1 — McKellar started to pull a clasp-knife from his pocket and advanced toward the late Senator Copeland of New York on the Senate floor. Colleagues restrained him.

Round 2 — McKellar took offense at United Press reporter Dayton Moore's questioning, whopped him over the head with a roll of newspapers.

Round 3 — Nashville publisher Silliman Evans greeted McKellar courteously in a Washington Hotel, but the old man landed a poke that caught Evans off balance.

Round 4 — A representative of this column asked McKellar his age. The aged Tennesseean replied by raining blows on the reporter's head.

Round 5 — McKellar got into an appropriations argument with Congressman Cannon of Missouri, tried to settle it by crowning Cannon with a gavel.

It's getting so that both congressmen and newsmen find it safer to steer clear of the senator from Tennessee.

Washington Pipe Line
The freshman congressman's dinner for Senator Taft was switched the last minute from the Congressional Hotel to the Hotel 2400—because Murray Olf, the Washington lobbyist for racketeer Frankie Costello, lives at the Congressional.

Congressional investigators, checking on scandals inside the Internal Revenue Bureau, are using assumed names. They think they are being watched by Treasury agents.

Senator Taft's forces have lost one of the key backstage GOP advisers, John G. Bennett of Rochester. Bennett now is working full time for Eisenhower. Although unknown to voters, he knows the inside of the Republican Party better than anyone in Washington.

Russia isn't waiting for the United Nations to decide who owns the Kurile Islands extending out in the Pacific between Japan and Alaska. Large groups of immigrants already have been sent to the Kuriles to colonize them.

The army has picked up information that, in public, Russia has been calling for a Korean truce while privately urging the Chinese to continue the war. The Russians argued that the Korean war was splitting the American people. (Maybe they are right).

ABOUT TIME
Standard time is reckoned from the Royal Observatory at Greenwich, England, which stands at the first meridian; hence, Greenwich time.

Veteran Usher Is Giving Way To Young Successor

WACO—(AP)—Fifty years ago W. H. Jenkins, Jr., a tall handsome youth of 21 years, showed up 45 minutes early at Waco's First Baptist Church. It was his first day as head usher.

Now graying and 71, Jenkins is turning the responsibility over to one of a corps of 30 young men who have been installed as ushers. Jenkins had some advice for his successor, Tom Joseph, Jr. An usher's greatest problem, said Jenkins, is to persuade people to sit in the front row seats.

"Sometimes you can get the women up front with a couple of comments," Jenkins added. "I used to greet them with, 'let's put these good-looking people up at the front of the church to inspire the preacher.' It almost always worked."

Must Give Up Seat
Stepping down as head usher means Jenkins must give up the seat unofficially reserved for him these many years. It is the seat first to the right as one enters.

Jenkins still will be an official greeter. He is deacon and associate superintendent of Sunday school. But he no longer is an usher during regular church services.

The smiling Jenkins told his successors of one problem he encountered a half century ago.

The people apparently did not like the implication that they could not find a seat without help. Very often, Jenkins recalled, he would walk down the aisle, find empty seats, turn around and discover the worshippers he was leading already had found seats elsewhere.

Most persons are educated to ushers now.

Dog Ordinance's Enforcement Slated

PECOS — Ordinances governing dogs in the Pecos city limits will be enforced as soon as the city hires a dog catcher, probably at the November 6 council meeting.

City lawmakers have authorized Councilman James McCain to instruct Sanitation Officer A. R. Elliott to locate a qualified man for the job and to ascertain the salary.

The action resulted from an incident last week, when four-year-old Jan Cooksey, daughter of Mr. and Mrs. Dudley Cooksey, was attacked by a dog. About 30 stitches were taken in the child's face.

One ordinance, passed in 1912, requires all dogs running loose on the city streets to be equipped with a muzzle. Another law, enacted in 1947, rules that all dogs must be registered, vaccinated and bear license tags.

Auto Inspection Should Be Made Before Winter Arrives

May the cold winter winds have mercy on some of Midland's fine automobiles!

For these automobiles, which purr happily along all summer, are treated like dogs in the winter. And it's all so senseless—not to mention being expensive.

With winter just around the corner, the automobile owner should start giving a little thought to getting his sturdy and faithful vehicle ready for the cold winds.

He will be happier and more comfortable and his automobile will respond by giving its best performance.

First, some owners have the idea that "winterizing" means tossing a can of anti-freeze into the radiator and letting it go at that.

Such a thought brings shudders to the hearts of the men who know automobiles best.

"Why," one mechanic said, "that would be just like me drinking a hot cup of coffee and then strolling out into a winterizzard in my shirt sleeves expecting to keep warm."

Terrible Flight
"My stomach might be warm for a few minutes but I'd wind up with my feet frostbitten and my chest aching with a siege of pneumonia."

Anti-freeze—in sufficient quantities—is, of course, important in preparing the automobile for the winter. Midland service station operators feel there will be an adequate supply this year although some still are waiting for orders expected within the next few days.

But there are many other items to attend to before the automobile is ready to go out and endure comfortably and efficiently the rigors of winter.

There is the little matter of changing oil.

Without going into the technical aspects of this problem, it can be noted that the heavier oil used in the summer will become even thicker in cold weather and the engine and gears are about as efficient as a watch movement embedded in chewing gum.

The battery, too, should be checked and checked repeatedly through the winter.

Other Suggestions
Winter operation, with the heater going constantly, makes additional demands on batteries and most motorists know the misfortune that

"BULLY" BLUEFISH
There are several instances on record of voracious bluefish that have driven schools of menhaden on to the shore until they were piled knee deep.

WANTED (BY TELEPHONE)—Will the thief who broke into Washington, D. C.'s All Souls Episcopal Church please call Rev. Blackwith before curiosity kills the congregation? Chances are that until he does the Rev. Blackwith will not disclose the nature of the message advertised above. And passersby and parish members will have to go on scratching heads and hazarding guesses.

Enterprising Midland Men Launch Firewood Business

What is so inviting on a cool evening as a fireplace in the home—filled with wood that crackles and pops as it burns?

Such a scene in Midland, for those who like the old-fashioned comfort of a fireplace, formerly had been only a smoke dream. They were likely to find wood scarcer than in Brooklyn where the fabled tree grows.

And except for the farsightedness of two Midland men, fireplace enthusiasts would still have to settle for the uninspiring mechanical warmth of gas or electrical heaters.

Mere circumstance brought the wood scarcity problem to light.

When Albert Kelly moved into a new home early this year, he found himself with a lovely fireplace but—no wood.

"Where in the world can I get some wood for my fireplace?" Kelly inquired of his friend, Raymond Leggett.

It so happened that Leggett was clearing pasture land on which there was a large supply of wood. But the spot where he was working was located 200 miles from Midland.

Both men decided that if they were going to haul enough wood for Kelly's fireplace that they might as well haul a whole load.

If Kelly had a home with a fireplace but no wood, there must be others, they reasoned rightfully.

Inquiries among friends proved their hunch about the fuelless fireplaces to be correct.

They hauled in a truck load, put it in a wood shed and formed a partnership. As word got around about a source of wood, their business picked up and still is growing.

Method Haphazard

Elaborate new homes were and are still being constructed with built-in fireplaces, they discovered, but the method of supplying them with wood was very haphazard.

"Usually a fellow would haul in a truck load of wood, park his truck until the wood was sold, then take off," Leggett said.

He said wood customers had no way of knowing where and what time they could rely on wood.

"But now we have a good supply of slow-burning oak in two, three and four foot lengths," Leggett said.

And both agree that once people enjoy the companionship of a fireplace with its pleasant aroma of burning oak, they'll want to put any idle fireplace in working order.

Is Leggett enjoying his fireplace during these cool Fall evenings?

"I don't have one," he replied, "but I'm going to have an addition built on to my house soon and it will definitely contain a fireplace."

Crane Dance Club Is Host To 200

CRANE—The Crane Button and Bow Square Dance Club was host to 200 dancers recently in the Community Hall.

The decorations were carried out with the Halloween theme. Orange and black crepe paper was draped on the ceiling with cats and bats swinging from streamers. The stage held the register table covered with orange crepe paper. It was edged with black cats and was centered with a black vase of orange flowers.

Refreshments were served.

Those on the committees were Mr. and Mrs. P. O. Vines, Mr. and Mrs. Hubert Mills, Mr. and Mrs. L. T. Moore, Mr. and Mrs. Garland Lovelace, Mr. and Mrs. W. E. Hogsett and Mr. and Mrs. Bob Floyd.

Out-of-city guests were present from San Angelo, Ozona, Big Lake, Alpine, Marpha, Midland, Odessa, Big Spring, Fort Stockton, Grandfalls, McCamey, Kermit, Monahan and Rankin.

Standard Oil Net Earnings Up Sharply

NEW YORK—Standard Oil Company (NJ) Friday reported its estimated net consolidated earnings for nine months ended September 30 amounted to a record \$403,000,000, equal to \$6.65 a share on 60,571,092 shares of stock outstanding.

In the same period a year ago, the estimated net was \$274,500,000, or \$4.53 a share after giving effect to the two-for-one stock split of June 12, 1951.

Building Boom In Singapore Reported

SINGAPORE—There's a building boom on in Singapore, even though this British crown colony is beset on all sides by the political unrest and wars of turbulent Asia.

Extensive government and armed services housing projects are underway, but that's no all. Hard-headed business men and international financial concerns are demonstrating their faith in the future by pushing big construction jobs.

Three skyscraper business buildings are among the projects now under way. These involve an expenditure of many millions of dollars.

FIRE BUNDLE

African natives carry fire in the bakonjo, or fire bundle. The banana-leaf bundle is stuffed with dry grass and tinder, which is ignited before the ends are tied up. When a fire is desired, one end of the bundle is opened and the grass bursts into flame.

HEAVY EATER

The average American eats 106,400 pounds of food during an average life span of 56 years. His total meat consumption consists of about 22 hogs, six steers, five sheep, and three calves, according to statistics.

WILL-O'-THE-WISP

The will-o'-the-wisp phenomenon has been known for centuries, but no one knows what it is actually. It occurs in swampy areas, and appears in various forms of wavering light, suspended in midair.

DADDY RINGTAIL

Daddy Ringtail and New Baby

The Huffen Puffen, the friendly wolf, came walking down the Elephant Path. He was walking his Huffen Puffen walk, and he was singing his Huffen Puffen song, all to show how important he was. At last he stopped by the very tall tree where Daddy Ringtail, your monkey friend, lives in the top.

The Huffen called out: "Daddy Ringtail! It is I, your old friend, the Huffen Puffen."
Daddy Ringtail came sliding down to the ground and said a happy day. The Huffen chuckled to hear it, and then he said: "Happy day to you, Daddy Ringtail. Happy day from your old friend, the Huffen Puffen." The Huffen chuckled again, and said: "Me! Me! Me! Huffen Puffen, Puffen! Me! Me! Me! And I like to talk about me, I do, because I am a very important fellow!"

Ah me, and the Huffen kept laughing and chuckling and saying the words of "Me! Me! Me!" and of how very important he was, he thought. Yes, and so Daddy Ringtail knew the Huffen was having

Some kangaroos live in trees and can jump as far as 50 feet to the ground.

By WESLEY DAVIS

a day of thinking of nothing except himself.

"Huffen," said Daddy Ringtail, "on a day like this when you can think of nothing except yourself, won't you please try to think of something else?"

"Think of something else?" asked the Huffen. "Think of something besides me, me, me? What else is there to think about?"

Ah me, because you can see for yourself how much the Huffen was having a day where he couldn't think of a thing but the Huffen, Daddy Ringtail said it, but Daddy Ringtail said: "Here, Huffen. Take this newspaper. See if you can find a something written in it to make you think of something beside yourself."

The Huffen took the newspaper Daddy Ringtail held out to him, and the Huffen began to read it. "I know!" shouted the Huffen, and he said he knew he liked to read in the paper about new babies who had come to live with people. A newspaper, you know, tells each day of all the babies who are new that day. And why did the Huffen like to read about them? Because the babies some day would grow up big enough to read the stories in the paper about how important the Huffen was. That's what the Huffen said with a "Me! Me! Me!" (The rascal!) Happy day!

(Copyright 1951, General Features Corp.)

Dollar Hoarding Inflation Weapon

PITTSBURGH, PA. (AP)—The American consumer is advised to take up the hoarding of dollars instead of consumer goods to combat inflation in the coming year. This was the recommendation of Walter J. L. Ray, president of the United States Savings and Loan League, in a speech before the Pennsylvania Savings and Loan League.

"Whether we will have more or less inflation in the next year is squarely up to 150 million American consumers," he said. Price inflation since Korea has been caused chiefly by panicky consumer buying "spurred on by the crisis of shortages and higher prices."

Some kangaroos live in trees and can jump as far as 50 feet to the ground.

ONE-MAN COPTER UNDERGOES TESTS — A rocket-powered, one-man helicopter, weighing less than 100 pounds, may give a tremendous lift to the fighting man. Depicted above, the desk-top-sized "pinwheel" would enable one man and special armaments to climb faster than an airplane, and noiselessly float or glide to earth. The self-starting, throttle-controlled contrivance has fuel tanks in the tips of its two small rotor blades, leaves no telltale flame in the sky and could be mass-produced. Developed for the Navy, it is being tested near Los Angeles.

Series Of Medical Addresses Opened

A series of informal radio talks to the residents of Midland and its territory on the problems which beset the public in medicine is being given by various physicians of the city as a public service.

The series began Thursday evening when Dr. R. L. Penn, pediatrician, discussed "Feeding Problems in Children."

A talk will be given weekly at 10:15 p.m. on Thursday over Station KCRS. Eight talks are scheduled.

The aim of these programs is to enlighten and to answer some of the common questions which confront the layman in the various phases of medicine.

The scope of the program tentatively includes talks on diseases of the blood, the heart and blood vessels, diseases of the chest, the role of the family doctor, the role of X-ray diagnosis, common causes of deafness, treatment in medicine and others.

The public is invited to respond with questions which will be taken up in a panel discussion among physicians at the conclusion of the radio series.

Smart Business—A Hearty Lunch

It's especially true in winter—that a hearty lunch makes for a better work day. Drop in at THE PETROLEUM COFFEE SHOP, in the Petroleum Building on North Colorado, and enjoy a delicious hot lunch on your work day. The management is proud of its service and we know you'll like it, too. It's smooth, quiet and efficient... adds perfectly to your enjoyment of the meal. Drop in for a snack and a complete dinner. When you are in a hurry, you can depend on prompt service.

Water-proof And Grease-proof Wallpaper Coating

At last there is a water-proofer for wallpaper—"Protex-It," which is grease-proof and absolutely colorless. For only a few cents you can coat the area behind your wiper or around your bathtub. Just paint or wipe the "Protex-It" on your wallpaper or your water-painted wall and forget water and grease stains. This coating makes non-washable surfaces washable but does not change the color or sheen. See it at MID-TEX PAINT COMPANY, 121 East Wall.

Winter Is Time For Knitting

The housewife usually has more time to attend to her knitting in winter, so be a "knowing knitter"—visit THE YARN HOUSE, North Big Spring and Hart, where you'll find all the supplies you need to create high style from your hobby. You can get wool yarn, nylon, needles and needlepoint yarn, ribbon, chenille and cord for bags. Patterns include those for argyle socks and other knitted garments. Dial 4-4339 for more information.

See What's Cooking

Tappan Gas Range is the range with all automatic features on one control panel—the exclusive Tel-U-Set that starts, times and stops your cooking. The Visualite door on the oversize chrome-interior oven lets you see what's cooking. The divided top gives counter space. Tappan is easy to clean and has lasting beauty. There's a range for every home and every budget at PIERCE APPLIANCE AND FURNITURE COMPANY, 603 West Missouri, and easy terms can be arranged.

Warm Up To Comfort

Enjoy the secure comfort of a modern heating system. Check the complete line of famous-name gas heating units at GOODE PLUMBING SHOP, 109 West Florida. You are sure to find the very heating unit that suits your home needs and your budget. All types of heating units are featured by the company as well as a wide choice of water heaters and bathroom fixtures. See the display and select the plumbing fixtures to suit your needs. Installations are made by the company. Dial 4-8481 for more information.

Fall—Time For New Draperies

Frame your windows in made-to-measure drapes designed to match your upholstered pieces. WILSON'S WORK ROOM, 504 East Florida, specializes in custom made drapes and bedspreads. Mrs. Wilson will work with your decorator or she will work for you individually. She also designs and covers cornice boards and headboards for Hollywood beds. All you do is provide your material—Mrs. Wilson does the rest. The Work Room also features Traverse Rods. Dial 4-5362.

Get Ready For Winter

Let HALL'S GARAGE, 210 South Fort Worth, put new life into last year's costly horsepower. Expert, scientific tune-ups by experienced mechanics, assure you of many miles of service-free motoring. Will your brakes hold satisfactorily in any kind of weather—in front of school children? Be doubly safe, have your brakes checked by expert mechanics at Hall's Garage. Complete brake service is offered for your protection.

Could You Afford This Fire?

Even if your possessions are few... you can less afford to lose them than to pay the small price of fire insurance. Get the low-down on a low-cost fire insurance from C. O. TORGERSON, INSURANCE ROOM, 138, Allen Building. It's just good sense to protect your home or business with adequate fire insurance. The company can offer a policy that costs so little you can't afford to do without insurance. Consult C. O. Torgerson for full coverage.

Sleeping Comfort For Winter

The General Electric and Everhot Electric Blankets at BASIN SUPPLY COMPANY adjust themselves to changing temperature, giving you protection from colds when there's a sudden drop in the temperature. Your electric blanket does not interfere with your bedside radio, either. When you find a setting that pleases you, no more adjustments are necessary. They are available in lovely colors, each with a satin binding. You may put them on lay-away now at Basin Supply Company.

Custom Made Home Appointments

If you can't find the cabinet you want for your kitchen, let DAVIS CABINET SHOP build it especially for you. It will cost less than you think and materials and craftsmanship are the finest. You can have a kitchen custom planned to the size and shape you desire. Mr. Davis is experienced in designing fine woodwork. Let him make you an estimate on the cabinet you want. Dial 4-8511 for more information.

"I'm Through Paying Rent"

"I've had enough of being a slave of a landlord. Now I know where to hang my hat!" TED T. THOMPSON COMPANY, 1300 West Wall, has a home loan plan for a man like this. This company can help him to own the home of his dreams through a convenient loan. The service takes care of all the usual detail problems for quick commitments and your satisfaction. F.H.A., G.I. Conventional and Farm and Ranch Loans are handled by the company. Dial 2-3811, 2-2869 or 3-3749 for further information.

Terms To Suit Your Budget

Furnish your new home or re-dress your present home with a handsome first-quality bedroom suite from the collection offered at NIX TRADING POST, 202 South Main. New furniture can be ordered for you from almost any price range. Choose from good looking light finish or a dark lustrous traditional finish. Terms can be arranged to suit your income. The store also features used furniture in a wide selection including living room furniture, bedroom suites, dining room suites and miscellaneous household items.

Complete Decorating Service

Planning a new home or redecorating your present one? Let ELMO ELAM, at the House of Carpets, 1502 Lamesa Road, help you select the furnishings and color schemes that suit your moods and your taste. This decorating service is complete from floor to ceiling and includes drapes, floor covering, wall finishing and furnishings. Furniture can be custom made if you prefer it. Elmo Elam is a consultant specializing in the decoration of homes and offices. Dial 4-6622 for further information.

Office Machines Service

Small repair job or large... when your office machines need service or repairing, call WEST TEXAS OFFICE SUPPLY, telephone 4-6651. Expert factory trained mechanics are ready to put your office machines back in business in a jiffy. All work is guaranteed. All makes of machines are repaired by the service department, including adding machines, dictaphones, check writers, duplicators, mimeograph machines and typewriters.

Harvest Moon Special

Just see how your friends who dance seem to have the most "dates" and have the most friends. It costs so little to learn and enjoy the latest dance steps. We can say that two can dance as cheaply as one at TOWN AND COUNTRY DANCE STUDIO, 219 North Colorado. Dial 2-3142 and ask about the Harvest Moon Special which enables two people to take lessons for the price of one. Be in the swing at Christmas and New Year's dances.

For Unique Color Schemes

To decorate any interior successfully, careful consideration should be given to color harmony. The floor is the natural starting point as it is the largest single color area. Armstrong's Inlaid Linoleum, featured at STOREY FLOOR COVERING COMPANY, 402 South Main, offers an exceptionally wide selection of color and design. Embossed designs include stone effect, Old World tile, Greek spiral motif and wreath patterns. There are Jasper and Marbelle patterns, also. Installations are made by the company.

Can I Afford To Remodel?

We answer "Yes!" Because MID-WEST LUMBER COMPANY, 2010 West North Front Street, has helped many others to fix-up their homes as they wanted to. New porches, fences, interior decoration, new flooring, new roofing, all play a part in the modern appearance of your home. The company features a complete line of paints for interior and exterior painting. They are mixed properly to insure a smooth, even coat that will retain its luster for a long time.

A Smooth Stitching Beauty

In addition to ordinary sewing, Necchi does all the novel tricks with no extra attachments. It makes buttonholes, embroiders, monograms, sews on buttons, does zig-zag stitching, blind stitching, sews backward and forward with instant control. It has drop feed adjustment for darning, floater pressure foot, self-releasing bobbin winder and thread tensions are numerically calibrated. Dial 4-7918 for a demonstration. THE NECCHI SEWING MACHINE COMPANY is located at 203 South Main with Patrick Evans as manager.

Your Baby's Smile

Water is one of the most important elements in baby's diet. Keep him healthy by giving him Vito Water from SPRING VALLEY WATER COMPANY. This water is recommended for babies and is fine for mixing the formula since it serves as a supplement by supplying calcium and minerals so important to baby's well-being. Don't risk discolored teeth and physical ailments caused by improper drinking water. This water is sold in 5-gallon bottles for only 70c. Dial 4-4891 and it will be delivered to your home.

Everyone's Favorite

No wonder you meet someone you know when you eat at THE CRAWFORD COFFEE SHOP, in the Crawford Hotel Building. Come in with the gang every day and enjoy not only their company, but the tastiest food ever. The menu features everything from a snack to a full meal. Top off your meal with a delicious serving of rich homemade pie and a cup of good coffee. There's extra enjoyment these Autumn days when you dine at The Crawford Coffee Shop.

Your Furniture Restyled—Rebuilt

It's a new season—a welcome change. Bring it into your home by changing the dull drabness of your living room suite into a new looking and colorful one. It's easy and inexpensive. Reupholstering will do the trick and DAVIS UPHOLSTERING SHOP, 600 East Florida, will do the upholstery. You can give the inside of your home a new personality with custom made draperies and slip covers from the beautiful new fabrics at the shop. Dial 2-4932 for more information.

It Can All Be Arranged

Build that extra room or garage, repaint or re-roof. It can all be arranged with a Title 1 Loan made through FELIX W. STONEHOCKER LUMBER COMPANY, 405 North Baird (in alley). The company features the most complete building service you'll find anywhere. Millwork includes window units and doors of birch, gym and fir. Paints and oil colors for interior and exterior painting are featured, in Glidden, Pratt and Texolite. Flooring and roofing, and a complete line of builder's hardware are also featured. Dial 2-4031.

There's No Slack—No Slip!

When experts at MILLER BROTHERS' TRIM SHOP, North West Front and K Street, fit your car with seat covers there's no slack—no slip. And there's no high cost either! If you have a new car, with new upholstery, you'll want to keep it that way. If your car is older, you may want to dress up the interior. Stain-resistant, easy-to-clean Saran seat covers are the answer. For all its exquisite luxury and beauty, Saran has a wear story and a care story to cheer the heart of any car owner. Dial 4-8461 for estimates.

Rug Cleaning

Let NINE-WOOD UPHOLSTERING SHOP, 206 North Marienfeld, do all the dirty work! The company will clean your rug; extract every ounce of dirt—leave them excitingly new again! Dial 4-8412 for free estimates and pick-up and delivery. The company also does carpet binding and carpet laying. Every service for the inside of your home is available. Expert mechanics guarantee to lay your carpets to your complete satisfaction.

Save Fuel And Money

Install the latest in automatically controlled heating systems and you invest in comfort, economy and convenience. See the complete line at SANITARY PLUMBING AND HEATING COMPANY, 2416 West Wall. There is a selection of quality, Mission, Holly, Panel-Ray and Sunair Wall Heaters and Empire and Hollyflair Floor Furnaces. The company installs and services all types of heating units. Dial 3-3011 for needed repairs and installations.

Check Your Plumbing Before Winter

If your hot water heater fails to function—if your faucets spout sizzling steam instead of hot water, call PLUMBING REPAIR SERVICE, telephone 4-5895. Licensed plumbers are your guarantee of proper installations. The company can supply Pro-Heat Water Heaters in capacities to suit every family need. The 20-gallon capacity sells for \$65.00, accompanied by a one-year guarantee. All popular lines of modern plumbing fixtures can be purchased through the company.

Where Do All The Spooks Go?

On Halloween Night you'll see a lot of them at THE RENDEZVOUS for even "spooks" know a treat when they see it and there's no trick to the treat you'll get when you dine here. Expert chefs are always on the alert for a new trick to tempt your appetite and the menu is chock full of surprises. The restaurant is open late so if you want to start your Halloween celebration with fine dinner or end it with a tasty snack stop at The Rendezvous.

Voice Culture

Your success as a vocalist depends largely upon your early training. Take advantage of the opportunity offered by LILLIAN CHRISTOPHER'S VOCAL STUDIO, 1103 West Kansas. Dial 4-7685 for appointments and auditions. A well trained voice is a social asset even if you do not have a career in view. Miss Christopher can offer you the advantages of her own background as a vocalist and teacher. She offers you an opportunity rarely available in your home town.

"Dressing Up" For Halloween

Halloween is a night for fun and "dressing up" in costumes that are out of this world. Of course, Mom or Dad will object to "goblins" wearing their best gown or "clowns" dressed as if you want a costume. THE CLOTHING MART, 304 East Illinois, has all kinds of good, clean used clothing. Think what fun it would be to create your own Halloween costume by choosing it from the racks of clothes at The Mart.

Are You Haunted By Spots?

Dust, stains, and soil don't stand a ghost of a chance in the modern cleaning plant of McCLATCHY CLEANERS, 513 West Texas. The thorough, yet safe, dry cleaning process protects clothes from needless deterioration. Try this deluxe service next time. Dial 3-2892 for pick-up. Clothes come clean at McClatchy Cleaners, the favorite of fastidious people. You can count on prompt service.

Drive Without Risk

Now—see the fleet of latest model cars that answer your need for business transportation as well as for pleasure. Select a 50 or '51 Ford or Chevrolet from HERTZ DRIVE-UR-SELF SYSTEM and drive without risk for the cars are fully protected by insurance. The company takes care of garage fees and servicing. Rates for these rental cars are low. Dial 4-4001 and a car will be delivered to you ready for driving. Rent a car by the hour, day or week.

Quicker, Better Heat

Foraire Air-Conditioner furnaces incorporate the latest refinements of heating design, the result of years of research and exhaustive tests. Scientifically designed burners get every last heat unit out of the gas. Inexpensive, easily removable filters take out dirt, pollen and germs. A quietly-operating fan blows the air to wherever it's needed. The Foraire Air-Conditioner Furnace is featured by AUSTIN SHEET METAL COMPANY, 3510 West Wall, in a model for every heating need.

A New Paint Job To Face The Winter

Dress up your car with a "winter overcoat"—a new paint job! Rich, smooth paints individually mixed are applied with factory methods at GREEN'S BODY SHOP, 1415 East Highway 80. Expert technicians can also restore smashed fenders and dent bodies to original, smooth finish. Winter takes its toll of your car's appearance. A good paint job applied now will make your car look good as new—take years off its age.

Better Car Performance This Winter

Rough winter conditions call for special attention to your car. Drive in at WOODY ASCUE'S HUMBLE SERVICE, 702 West Wall, and let attendants give your car a "going over" for top performance this winter. Be safe from freeze-ups, frozen radiators and cracked engines with anti-freeze in your car. It's time now for a change over to pre-winter lubricants for safe driving and extra mileage. Point-by-point lubrication will help your car perform better—last longer.

Stock Trailers

Farmers and stockmen, here are the stock trailers you need. Contact GRAY TRAILER COMPANY for good stock trailers. W. L. Clark at Midland Feed and Supply Company, 403 East Florida, is the representative for Gray and other trailer types. There is a good choice of both new and used. They will serve your needs well. For further information, dial 4-5341.

Snap Your Fingers At Cold Snaps

Keep your family comfortable no matter what the weather, by ordering fuel now. If you do not live where city utilities can reach you, JONES BUTANE SERVICE delivers promptly. Let the company fill your fuel tank now and be sure of having an adequate supply in case of a sudden cold spell. Butane Gas is your answer for a superior, all-purpose fuel. It's adaptable for cooking, heating — it's clean and economical. Dial 4-8431 for deliveries.

Hallow'en Headlines

Happy days are here again! The shelves at SNODGRASS GROCERY, 617 East Illinois, are crowded with a tempting variety of quality foods... values are better than ever... prices suit your budget. During one shopping visit you'll want to stock your pantry with a supply. Shop at Snodgrass Grocery and treat yourself to an economy buying spree. Quality meats, crisp fresh vegetables and fruits and your favorite brands in canned foods are featured in a wide selection. Bottled drinks are already cold.

Better For Mixing Concrete

HELBERT AND HELBERT, 310 South Colorado, can supply you with fine quality sand and gravel for mixing concrete. The best grade of washed sand and gravel can be delivered right to your building site. The company has its own fleet of gravel trucks. Dial 4-7321 for prompt deliveries. All types of concrete work are done by Helbert & Helbert, including foundations or other concrete construction.

"I Would—if I Were You"

Ask almost anybody what vacuum cleaner they would buy — see if they don't say, "I would buy the Hoover if I were you." When you get right down to brass tacks we're not asking you to take our word for it that you'll be happier with a Hoover. See the New Hoover AERO-DYNE Tank Cleaner, Model 51, at MIDLAND HARDWARE AND FURNITURE COMPANY. It's complete with extra-cleaning tools for \$64.95. Dial 3-5291 for information on low down payments and easy monthly terms.

THE BULLDOG

Written By The Journalism Class Of Midland High School

Twirp Season Is On!

Heavens, what's this? Tall Timber Tessie is asking Biceps Maiden Swoon for a date to the Hallowe'en Carnival. There is only one time during each year that could produce a situation like this—Twirp Season! Tessie is turning a bright red and Biceps seems to be enjoying every minute of it. Still he is taking it better than some. Several boys have been found hiding in various places around the campus, places even we hesitate to name.

Many interesting activities have been planned during Twirp Season. The plans included a bonfire at the Midland Stadium, the Twirp dance at the Youth Center on November 2, the Lamesa and Vernon football games, and the Hallowe'en Carnival.

Students Offered Choice Of Clubs

At home room on October 18 students were given a chance to choose the clubs they would like to join this year. They can belong to one local club, and as many national clubs for which they qualify.

The clubs were divided into two groups. Clubs will meet every Thursday; therefore each of these clubs will meet twice a month.

Each student belongs to more than one club meeting on the same day he may attend the meetings alternately.

Clubs Group I and sponsors are: Theatricals, Verna Harris; Future Teachers, Sarah Ward Connally; Future Business Leaders, Fannie Reeves and Mrs. Evelyn Wink; Brush and Palette, Inez Parker; Library, Mrs. Inez Winton; Model Airplane, Raymond Stroh; Los Habladores, Mrs. Fae Campbell; Future Homemakers, Mrs. Faye Massey and Mrs. Evelyn Cox; Science Clubs, Louis Bohm, Edward McDonald, and Mrs. Lucy Valentino; Future Farmers, J. R. Cuffman; Junior Red Cross, Mrs. Betty K. Cotton, and Band, Ralph Mills.

Clubs Group II and sponsors are: Altruism, Josephine Weaver; Junior Classical League, Lucy Moore; National Honor Society, Theresa Klapproth; Geology, John H. Armstrong; Pan American, Minnie Jackson; Music appreciation, R. C. Michener; Slide Rule, Mrs. Elsie Macee; Bible, Mrs. Mae Dunagan; and Camera Club, Gwen Gordon.

Hallowe'en Pageant Presented At Game

Following a signal from the drum-major, Alan Harris, the Midland High School Band marched half way down the football field Friday night and presented a Hallowe'en Pageant. First, they played a Hallowe'en fanfare and then went into the outline of a pumpkin to which they played, "Peter, Peter, Pumpkin Eater."

Next they formed an oval and to the special song music the majorettes ran around as ghosts. Then the band outlined a skeleton with their cap lights and the Half-Timers zigzagged their way on either side of the band carrying jack-o'-lanterns. Then as the band played "Dry-Bones," the Half-Timers' majorettes appeared holding luminous skeletons. Next the stadium lights came on and the Half-Timers presented a special routine.

The band left the field playing the familiar "March Gloria."

Martha Frick Is Featurette Subject Of Week

Who's this coming down the hall? None other than Martha Frick—otherwise known as "Tubby." "Tubby" is five feet, four inches short, and has green eyes and blonde hair—real cute! No wonder Dick Spencer has beaten a path to her doorstep!

Her favorite color is blue, and she likes fried shrimp. When asked what she thinks of Twirp Season, Martha said, "Great! Except for expenses." She was president of her home room in her sophomore year and is on the Catoico Staff and Student Council this year.

Martha is considered a "neat" girl and a fine friend.

SNAPSHOTS WANTED
Students who have interesting or humorous snapshots of themselves or their friends are requested to send them to the Catoico to be published. Any good quality snapshots of parties, picnics, trips, etc., are wanted. Snapshots can be given to Louise Boyd, sponsor, or any member of the Catoico Staff.

What Catoico Has To Offer

Are you wondering whether or not you should buy a Catoico? If there is any doubt in your mind you should look at what a Catoico has to offer.

First, each class—freshman, sophomore, junior and senior—is represented and individual pictures of each student are shown.

Also pictured are the favorites you elect; such as the Catoico Queen, most popular boy and girl, most representative boy and girl, best all-around boy and girl, friendliest boy and girl, and the class favorites. There is a section in the annual devoted entirely to sports. Midland's football, basketball, tennis, volleyball, track, and golf teams are shown with some action shots of the teams at work.

All the clubs are represented and the members of each club are pictured. Such organizations as the Student Council, the band, Half-Timers and the A Cappella Choir also are pictured.

The school board, the administration and the faculty members are shown.

Then there are numerous snap-shots which are sent in by the students, many of which provide amusement for the Catoico reader.

For \$2.50 you get all these in a beautifully bound volume which will be one of your most cherished possessions in future years.

Junior Class Presents Its Annual Play

The Junior class presented its annual play Monday and Tuesday nights in the Midland High School Auditorium. The play, "Ever Since Eve," was presented in three acts. The story revolved around John and Clover, newly-elected editor of the "Penguin," the Preston High School paper, and Spud Erwin, his business manager. Their success was marred somewhat by Susan Blake, whose ambition was to be a Career Girl, the measles, and the inevitable "new girl," Lucy Belle Lee. Before the story ends, the Clover household is in a riot, but the ruffles are smoothed before the final curtain is pulled.

The cast is as follows: Mrs. Clover, Anna Bess Doyler; John, played by Bill Roberts; Mr. Clover, played by Charles Whitmire; Spud Erwin, played by Robert Stubbart; Susan Blake, played by Evelyn Holt; Brisk Erwin, played by Katherine Carter; Martha Weiland, played by Anita Taylor; Officer Simmons, played by Rovey Massey; Henry Quinn, played by James Johnson; Lucy Belle Lee, played by Barbara Wilson; Preston Higgins, played by John Petty; Fatty, played by Benny Beardon; Nook, played by Tommy Cremin; Bill, played by Bill Aldrich; Little John, played by Randall Gibson; Tiny, played by Don Forre.

The play was directed by Verna Harris. Student Director was Grace Boles, and stage managers were Benny Bedford and Wanda Legett. Inez Parker and the Art Department were in charge of the advertising.

Junior class officers are: Robert Payne, president; Robert Keasling, vice president; Jim Ten Eyck, secretary; Kirk Kluckendahl, treasurer; and A. W. Booth, sergeant at arms.

Nothing much is happening in the physical education classes except for the football tournament now being run off. The champion will be determined by elimination at a later date.

Version Of Fable Is Given At Rally

The Midland High School cheerleaders presented their version of the well-known children's fable, "Little Red Riding Hood," at the pep rally Friday. With Sadie Nugent narrating, Corky Moss as Little Red Riding Hood, Pat Boles as the wolf, Larry Mayfield as the grandmother, and Maxine Hill as the hunter, the avoided tragedy, and happy ending of Little Red Riding Hood was shown to the student body.

Realistic features were added to the skit by the wolf representing Lamesa, Little Red Riding Hood representing the MHS Student Body, Grandma representing Dean Jack Mashburn and the hunter representing the Midland Bulldogs. Grandma and Little Red Riding Hood were threatened by the wolf but the hunter stepped in, shot the wolf, and saved the day. By this the cheerleaders were showing that the Midland Bulldogs would cause the defeat of the Lamesa Tornadoes at the football game Friday night.

Charles' interest in speech is shown in the many activities in which he participates. He is now taking his second speech course. He has appeared on several radio programs, assemblies and his most recent role was that of Mr. Clover, the father in the Junior play, "Ever Since Eve."

Charles says that speech work has helped him a lot plus being fun and would recommend it to every one.

This active junior is a true Midlander, as he was born here 16 years ago. His favorite color is blue and food is banana pudding. He lists Thespian first among clubs. His pet peeve is a practical joker. Because of Charles' great interest in radio he plans to follow it as a career.

October 31st

Annual Hallowe'en Carnival Scheduled Wednesday At MHS

Many members of the Midland High School P-TA have been giving much of their time and effort to the successful presentation of the annual Hallowe'en Carnival, to be held Wednesday night at Midland High School.

This year, a variety of fun booths, a spook house, Twirp dance, picture show, and the annual talent show, comprise an evening of fun.

The Editor Speaks

The Junior play surely went over with a bang! Monday and Tuesday nights of last week. Almost everyone in high school, along with many, many adults, went and enjoyed themselves tremendously. Congratulations to the cast, the stage crew and last but certainly not least, Verna Harris—the high school speech director.

Twirp season is going along fine, too. Many girls, who were believed to have been quite bashful, found out they COULD get up nerve to ask "him" after all.

Bulldog Requests
"The Loveliest Time of the Year" to all the girls of MHS during TWIRP SEASON. "Hey, Good-Looking!" to Bill Mills from one freshman, one sophomore, one junior and one senior girl. "I'm Waiting Just for You" to Maxine Hill from Norma Gwyn after third period.

"Rose, Rose, I Love You" to M. A. Rose from Yvonne Sham. "To Think You've Chosen Me" to Maxine Hill from Jimmy Linebarger.

National Education Week Is Scheduled

National Education Week will be observed October 28 through November 4. During the week all schools in Midland will have separate displays in the windows of downtown merchants. The art classes of Midland High School have prepared a display worthy of representing our school.

Don Mitchell, principal, said the purpose of National Education Week is to bring the public into closer relationship with the public schools. He also extends an invitation to everyone interested to tour the school plant to see for themselves the progress of the educational facilities in Midland.

Football, Baseball Favorite Hobbies Of Loren Roberts

Those who are well-versed on football players have no doubt noticed a rather comical-appearing pair who are often seen together in the halls of Midland High School. This week they will take the tall, skinny, (2) one of this pair, and next week feature the other. At six feet, two inches, and 170 pounds, Loren Perrell Roberts appears to be a vociferous, care-free person. He seems that way because he is. He was born in Midland on Nov. 17, 1923. He has lived here all his life. He states that baseball and football rank as his leading hobbies and he had lettered two years in baseball before the school dropped it and this is his third year on the A football squad.

Apple pie and cheese rank tops in his foods and purple is his favorite color. The brown haired, brown-eyed senior plans to go to Baylor University and become a Baptist minister. He says that his favorite at the time is a brown-haired, green-eyed most energetic cheerleader. His pet peeve is "people who say they don't do something, then turn right around and do it."

Rambling Rows

By MARION SEVIER
At last, girls, its our chance! Twirp Season is here again. It began Wednesday and will be closed with a big, Girls Tag, Twirp Dance at the Youth Center November 3.

Our congratulations to the Lion of the Week goes to Charles Whitmire. Two of our ex-students married last week. Carolyn Cook and Ray Downey of Odessa, Frank Ashby and Marilyn Hubbard of Ozona. Monday was "school day" for the teachers. Much against our will, of course, school was turned out at 2:30.

Midlanders enjoyed the annual Junior play Monday and Tuesday. There was a large and appreciative audience both nights. Girls, beware if Tommy Miller tries his "line" on you. "Hello, baby, remember me? I'm the boy who sits behind you in history class." (It's only his part in the junior play.) There was a cast party Tuesday night at Barbara Wilson's.

A big bonfire and pep rally celebrating our first conference game was held Thursday night and the person who brought the most wood won a Catoico.

The Drivers education course has been given a new Ford by Murray Young. I suppose with so many people learning to drive it takes a new one real often—!

The Student Council traveled to San Angelo Saturday to an interesting and profitable West Texas Forum.

In case anyone thought the girls had started track they are wrong. Mrs. Blair was "letting" them take five laps around the football field.

Peggy Simmons and Ann Ashby were both bridesmaids in weddings Saturday.

Ardrith Campbell had a little slumber party Friday night. (and little slumber party can be taken two ways.) I think Atrelle Pace got some shots with her flashlight camera. Girl Scout Troop 13 had a slumber party at the Little House on the same night.

Charles Worthen, Bobby Hudson, Mike Chase and Orville Burks were seen "flexing their muscles" by carrying huge stacks of elementary school books Wednesday afternoon.

On the fashion side last week we put the spotlight on Nancy Cooper and Bob Harris. Nancy was seen wearing a cute red blouse with college pennants sewed all over it and Bobby wore a bright, multi-colored, striped, cowboy shirt to school.

The ambitious tennis players have already started practicing for the Spring tennis season. Those who have been playing are Nancy Roberts, Pat Boles, Mark McKinsey, Pat Douglas, Stanley Krist and John Zant. Guess that means keeping training too!

Joe Turner let us in on his secret of how he spends his spare time. Wednesday, he told me there were exactly 1,633,042 holes in the cafeteria ceiling.

Just a little hint for October 31—! Be sure to bring 10 cents to school Wednesday morning.

Offices Of Principal And Dean Vital To Executive Division

Two of the most essential parts of the executive department of Midland High School are the office of the dean of students and principal's office. Here, Jack Mashburn, dean of students and Don Mitchell, principal, with their separate staffs of office workers, contribute their part to keeping the school running smoothly.

The Dean's office is concerned primarily with attendance and discipline, but here also are handled all accumulative records; and this year Mr. Mashburn will be in charge of the ability, achievement and interest inventory tests that will be taken by students.

Throughout the day, Mr. Mashburn has a total of 14 girls to assist in handling the attendance and files. These girls are: First period—Robert Stewart, Martha Frick, and Joan Fitzgerald. Second period—Sadie Nugent and Jean Waddell. Third period—Dot Hightower and Meba Presto. Fourth period—Ros. Sanchez and Barbara Whitson. Fifth period—Jackie Brady, Martha Stone, and Tommie Underwood. Sixth period—Jackie Ewald and Maxine Hill.

Mr. Mitchell, aided by his staff including Ruby Wilson, secretary, and 13 office girls, takes care of the general administration of the school. Here are handled many files and records, all enrollments and withdrawals and receipt and expenditure of money.

The girls at work in the principal's office help with filing and checking of transcripts; keeping the supply room in order; and do some typing. Girls working in Mr. Mitchell's office throughout the day are: First period—Ann Fitzgerald and Gail Baker. Second period—Charlotte Frasher and Nancy Steadman. Third period—Diana Daugherty and Margaret Gibson. Fourth period—Carolyn Farris and Georgia Stump. Fifth period—Mona Sue Biggs and Carla Mae Lee. Sixth period—Jane Stuart, Peggy Simmons and Helen Golladay.

All girls working in both offices volunteered their services, and two credits are allowed for office work. A girl desiring to continue work in an office after two years does so without receiving credit for this work.

Cafeteria Menu

Monday—Roast with gravy, sweet potatoes, lima beans, combination salad, hot rolls, peaches, fruit juice.
Tuesday—Chicken and dressing, green beans, corn, carrot strips, hot rolls, cookies, milk.
Wednesday—Hungarian goulash, potatoes, buttered carrots, cabbage slaw, hot rolls, honey and butter, milk.
Thursday—Tamales, Spanish rice, Pinto beans, combination salad, cornbread, fruit cobbler, milk.
Friday—Mulligan stew or fish, green beans, potatoes, cabbage and carrot salad, hot rolls, rice pudding, milk.

Coming Events

October 31—Assembly—A Cappella Choir; Annual Hallowe'en Carnival in the Gym.
November 2—Pep Rally; Game with Vernon at Vernon.
November 7—Assembly.
November 9—Pep Rally; Game with Big Spring at Big Spring.
November 14—Assembly—National Book Week.

October 31st

A Short Story

By CAROLYN DAVIS
This morning, just as every morning, my best friend will stop by for me to go to work with him because we both work in the same department, and my house is right on the way from his.

For some odd reason, today seems hotter than usual. Since we work in the food chamber, it is going to be warmer, because the foods are way back in the back and there is hardly any ventilation.

But just the same, my pal and I work there every minute, second and hour of the day and year. We don't mind it so much because it is for our benefit.

It is about 8:30 now and it is the usual time for my friend to come by. I see him coming up the walk and now he has rung the doorbell.

When I answer the door, as I am doing now, my pal always says the same greeting as do I.

We are walking down the street now and on the way we see Miss Hoggel! I don't see how in the world anyone can stand her.

Of course we see the cute girl in the next block on the way. We do every morning. There is sort of a duel between my friend and me over her.

Anyway, we walk on and catch sight of the F. D. which is short for foods department.

Smells Are Mixed
As we enter the department, we notice the same smell of bread and food of every description. In a way you can't tell which food is which because they are all so mixed.

There is the boss man grinning at Hugo as usual. Everyone is scurrying to and fro as if he has but a minute to live.

We start in our usual tasks. My friend goes from stack to stack to check on how things are coming, and I have the dreadful job of stacking!

As time goes on, we have both worked up a sweat; so the boss says that since we have both worked so hard, we can take lunch early and, believe me, after working in such a hot stuffy room we certainly eat heartily.

Now that we have finished lunch, we take to our routine job and everything is going fine until a nauseating smell creeps through the small chamber and to the food department. Along with all the other workers, we hurry to see what curious thing this new odor is. We have never smelled anything like this before.

As we emerge from the department, we notice yellow powder all over the ground. My friend asks me what I think it is. "Heavens! I haven't the slightest idea!" I answered, and indeed I don't!

Never in my life have I smelled anything as sickening as this. I am getting sick at my stomach now, and my head feels like a ton of bricks. I look at my best pal and I notice his face is beginning to look a little pale.

My friend just punched me to look all around. You see, we have been too busy to look around at the other workers because of the yellow powder.

As I look around in the heat of the day, I see that people who were once my best friends are dying like flies on sticky fly paper.

Crumples In Heap
The boss who has always picked on Hugo had dropped to the ground and Hugo is looking pale. He gasps—and falls—crumpled in a heap by the side of the boss—dead as a doornail!

My best friend is looking at me with such a strange, far-away look in his eyes. He is pale and he is trying to say something—to me. His words are clogged in his throat and his eyes seem to be bulging. Then he catches my arm, but not for long for he is dying. I didn't know until he curled on the ground and had his last breath.

This has made me sicker than ever. I ask myself, "Way I have to suffer as I am. Let me die—let me die!" I exclaimed.

I feel my throat closing now and the heat is tremendous. I must say I can feel my skin sizzling as if being fried. I am thinking of my friend and wondering if I look like him in my last breaths.

I am thinking of everything, my friends, working, and just about everything. I am in tears now.

Yes, I can feel the tears oozing from my eyes, in ghostly paths. Not only for my friend but for the pain.

The pain—is killing me! I can't last much longer. I am forgetting now! Forgetting everything! Help me! I'm dying. This is my last breath—I—m—must say—this—is—the massacre of an ant colony! How could anyone be so heartless?

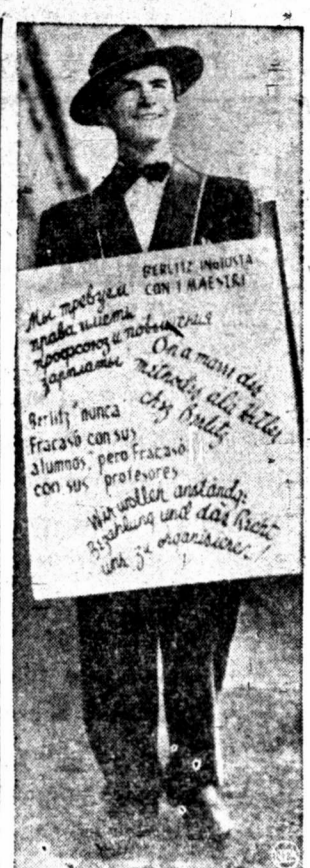

Thought Of The Week

Before you repeat something that has been told to you about another person, consider this: One word may spoil a day; one falsely told tale may wreck a life. If you are tempted to reveal a tale told by another, make it pass, as the Arabians say, three gates of gold: Is it true? Is it needful? Is it kind? If it can't pass these three tests, then forget it!

FILM IS SHOWN

"Man the Land," a film showing man's struggle to make land and nature work for him, was shown in assembly, Wednesday. The film showed the importance of agriculture as the basis for all other professions. Progress of farming was traced from prehistoric times to modern times.

October 31st

IN ANY LANGUAGE — Hernando Santana-Marre, on strike at a Chicago school of languages, uses half a dozen languages to advertise his complaints. Other pickets used standard English on their signs.

MHS Civics Class Attends Hearing

Miss Weaver's civics class was represented at the Richard McGee sanity trial, October 18 by Alan Harris, Jerry Wallace and Harold Atkinson. These boys took notes during the trial and made an oral report to the class.

The civics class is looking forward to attending a trial later on in the year. They also will hold their own "murder trial" sometime this year.

Graves Of Pinheaded Coven Are Found

ROME—(AP)—The 5,000 year-old graveyard of a whole village of pint-sized pin-headed coven has been found near Verona in the foothills of the Italian Alps.

Prof. Francesco Zorzi of the Natural History Museum of Verona says these neolithic men must have lived in an age when elephants roamed Europe at least 3,000 years before Christ.

The burial ground was found in a clay deposit within a few miles of Verona, in fields where for several years farmers have been digging up bits of archaic stone work and fragments of elephant bones.

Type Heating System Should Match Size, Cost Of House

By HENRY J. WINGATE
Nationally-Known
Architectural Engineer

Whether a family's preference be for a steam, hot water or warm air heating system, there is no reason why the preference should not be followed if the system can be efficiently and economically adapted to design of the house.

Warm air is most popular, about 80 per cent of all installations being of this type. Initial cost of the system is lower than the two types of wet heat, humidification is more easily accomplished, and warm air ducts use less scarce metal than the heavy pipes and radiation required for wet heat.

A warm air system is more applicable to the small, compact home than to the long, rambling type. But when heat must be conveyed several hundred feet the practice is to install steam or hot water.

In an ordinary steam system the radiators will be either hot or cold.

They heat and cool off equally fast. With hot water, heat comes more slowly but radiators remain hot long after the fire goes down. Hot water has enjoyed widespread use in basementless houses which have concrete slab floors. Loops of copper pipe are embedded two inches or three inches below the surface of the concrete floor and the circulation of water through these pipes comfortably warms the floors and the entire house.

Within the last three years, efficient methods of heating basementless houses with warm air have been developed. A warm air duct is embedded in the concrete slab around the perimeter of the house, about 18 inches from the edge of the foundation. This location of the heat duct, which supplies registers in the exposed walls, eliminates large heat losses through the edge of the slab.

Winterizing Needed
No matter what type of heating system is used, fullest efficiency cannot be obtained unless the house is properly insulated. Weatherstripped and equipped with storm windows or insulated panes of glass. Mineral wool, most widely used insulating material, cannot burn, has a high insulating value, and provides no haven for vermin.

Choice of fuel has no relation to the amount of heat a furnace produces. Whether a room is comfortably warm depends upon the amount of radiation or number of warm air registers, and upon how tightly built and how well insulated the house is.

Door Canopy Keeps Out Rain, Improves Home

By MR. FIX
Distributed by NEA Service

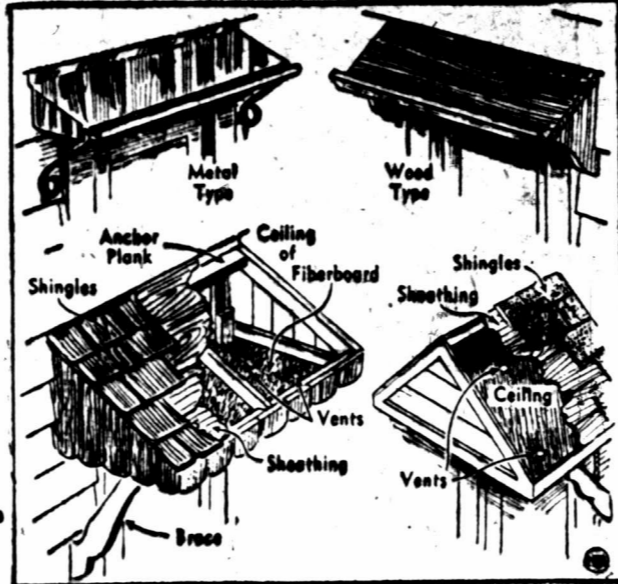

If you've ever stepped out of your back door during or shortly after a rain and had a pint or so of water suddenly fall on your head and run down inside your clothes, you'll be interested in these suggestions for keeping rain out of the top of the doorway.

The simplest arrangement is a miniature awning made of wood or metal with a trough on the lower edge which will divert the water to either side of the door.

These can be bought from your hardware store or made at home. A sheet metal one is easy to secure to a frame house. Just be sure that the top edge is back under the lap of the siding so that water won't get in behind it. On a brick or stone house it is more difficult in that you must drive a wooden dowel between the bricks to take the fastenings. This means using a star drill to make the hole for the dowel, also that the finished job must be caulked.

Attractive Solution
A full canopy makes the most attractive solution to the problem but entails considerable more labor and material. If you prefer to build this type, be sure the canopy is wider than the door opening by a foot on each side to give more protection from a driving rain. If you have some shingles left over from the roofing of the house, they will make the canopy look less like an afterthought.

The construction should be simple and as light in weight as possible for obvious reasons. Two triangles form the ends. When the after edges are notched to fit the face of the siding, they may be secured to an anchor plank on the house. The roof sheathing, of light material, may then be applied.

Here are several types of door hoods that can be made by the home handy man. Choose one that harmonizes with your type of house.

For more support, attractive braces may be run from a point about two-thirds of the way out the canopy down to the siding and fastened through into the studding.

While a drain along the leading edge would be necessary in the full canopy just described as well as in the smaller type, it would not be necessary in case you prefer a peaked type. You'll have to decide which type suits your style of house. Perhaps you have a paneled or naturally finished gable on the front of the house and wish to match it. In any event, this addition to your house will be well worth the effort.

Student Vets Can Tell How To Run City

AP Newsfeature

CARBONDALE, ILL.—If you're looking for tips on how a town should be governed, a group of student veterans at Southern Illinois University have the answers. Not only will they tell you about it, but they can show you a working example.

They call their community "Southern Acres." It is populated by young men—all veterans, their wives, and lots of children. Located near Crab Orchard lake is part of World War II munitions plant it is not a boom town exactly, but it came into being almost overnight when several hundred married veterans enrolled at SIU after the war.

The University obtained a lease on a group of the vacant ordnance plant buildings. At first it was just a group of run-down buildings, furnishing nothing more than a place to live. Many of the wives were reluctant to move several miles out of town. Now the wives are the most enthusiastic residents.

The project resulted from an experiment in self government set up by a sociology professor at the university. The former administration building of the munitions plant was turned into the main set of apartments. Roofs leaked and an overburdened heating plant worked spasmodically.

Government Organized
By organizing a government and electing officers, the vets set up a basis from which they began to make improvements. One student, a former naval electrician's mate, checked and repaired the wiring. Another, an ex-paratrooper, organized a crew of painters-experienced and otherwise, and an odd assortment of "carpenters" joined the work brigade.

A building which served as a former cafeteria, was turned in to a recreation hall. The kitchen part of the building became a nursery, and another part of the long barracks-like building was turned into offices for the mayor and city council.

Now the men take shifts in staffing a maintenance crew. The wives take turns in managing the nursery while others go shopping catch up on household tasks, or just relax.

A constitution was drawn up for the 300 residents. Mayor and councilmen are elected for six month terms. This plan gives almost every resident a chance to serve as a city official some time during his residence.

Town meetings are held once a month, presided over by the mayor and councilmen. Usually the whole family turns out. If a resident is dissatisfied, he can say so.

A weekly mimeographed newspaper, the "Southern Acres Journal," is staffed entirely by the ladies. A reporter from each wing of the unit turns in the news each week. The editor usually writes an editorial.

Since Southern Acres is located 10 miles out of Carbondale, transportation was necessary. The university bought a war surplus bus which makes eight runs daily. In the evening a special "shopping run" is made.

On Sundays church is held in the recreation hall. Ministers from nearby towns take turns in delivering sermons. In the summer afternoons are spent fishing, boating, and swimming in the lake near the housing project.

Garage Useful For Drying Clothes In Bad Weather

An umbrella-type revolving clothes-dryer in the garage is useful for drying clothes in stormy weather.

This type of dryer usually has a metal sleeve in which the central upright fits and rotates. If it is not so equipped, a length of pipe can be used.

A small hole the size of this sleeve easily is drilled through the garage floor. The hole should be of sufficient depth to bring the top of the sleeve flush with the floor surface. The dryer can be quickly inserted and removed.

Cold Bathroom Walls Are Cause Of Much Winter Discomfort

Although great progress has been made in bringing beauty and convenience to the bathroom, it is still often the most uncomfortable room in the house. It is too cold in winter and too hot in summer.

Winter discomfort, sometimes is caused by lack of sufficient radiation, but more often is due to loose-fitting windows and cold walls which lack insulation. The cure is to weatherstrip the window and to blow the concealed wall spaces full of mineral wool, which will bring the walls to within two or three degrees of room air temperature.

Oppressive heat in summer also is usually caused by lack of insulation.

STREAMLINING DUE FOR DIPLOMATIC CORPS

TOKYO—(P)—The Japanese foreign office is drafting legislation to give this country a streamlined diplomatic corps when she regains international status.

The new legislation will provide that ambassadors and ministers may be named from qualified men in government, business and public life. Before the war, only career diplomats could hold these posts.

Lackland WAF's Take Great Pride In What They're Doing

By MARTHA COLE

LACKLAND AIR FORCE BASE, SAN ANTONIO—

(P)—The "ma'm" part of the Air Force means business. The 1,000-enlisted WAF's taking their eight weeks of basic training at Lackland Air Force Base southwest of San Antonio are mighty proud of what they can do.

As a matter of fact, they took a dim view of my trying to march with them—might spoil their appearance.

So I got up—fell out, I mean—at 4 a.m. and stood by while they showed how it should be done.

You must leave the barracks ready at any time for white glove inspection. Bed made so tight you can bounce a dime on it. Then it's a dash outside for morning reveille in the gray of the morning.

The work-a-day uniform of an enlisted WAF is a brown and white seersucker dress, a tan pith helmet for the hot Texas sun, olive hobby socks and high-topped brown shoes.

All present and accounted for, "ma'm," somebody told the flight chief. The flight chief—the airman in charge of snapping a bunch of teen-agers into military precision—wears white gloves with her uniform.

Only Two Minutes
It took only about two minutes of hup, two, three, four toward the mess hall to find out that those high-topped shoes, known as "L1 Abners" hereabouts, are the thing to wear around here.

Marching to breakfast, allowances are made for us new young things who can't turn a square corner or haven't found out that "hup" means left foot.

But woe to the WAF who's been here eight weeks and hasn't learned those fundamentals.

The 3743rd squadron has having drill competition this particular morning. About 48 girls in each flight. That word should be "airmen." Down here they're not girls, not airwomen, not female airmen; they're just plain "airmen"—in a dress.

I walked with two WAF lieutenants up and down the rigid lines of the 300 residents. Mayor and councilmen are elected for six month terms. This plan gives almost every resident a chance to serve as a city official some time during his residence.

How those airmen stood there, staring straight ahead while the lieutenants looked them over from head to toe I'll never know. It's the kind of situation where the usual teen-ager always gets tickled and giggles.

Asks Question
The lieutenant in front picked out one girl in each line and asked her a question.

"How many general orders are there?"
"Eleven, ma'm."

"Who is your squadron commander?"
A long silence from a thin little airman. Finally—"I don't know ma'm," but I will endeavor to find out."

The airmen in trousers tell me that the officers in skirts are much tougher in inspection.

I believe them. How much stricter can you get when you write down on a clipboard that one airman wore her stocking seams on the outside when regulations say they should be worn on the inside? That they are straight is taken for granted.

Lt. Col. Della J. Angst, commanding officer of the WAF basic training group, says this drill business is just one part of the training program. Gets them used to group living.

Class In Leadership
For the rest of the day we went to a class in leadership, took a guided tour through a C-99 airplane, went to the medical building for typhoid shots, met the chaplain, went to a class on personal appearance, went to an exhibit of clay models showing the different kinds of work open to an airman, went to a class on citizenship and another on math.

In between times the airmen march to classes with the guiding white-gloved hand of their flight chief. But there are no white gloves on those commands.

You learn mighty quick to say "ma'm" and to salute an officer.

The 48 ladies of the first officer training school of the women's Air Force, are "Ladies" because they already have their commissions. Any WAF officer is a lady.

These OTS ladies were directly commissioned from civilian life as first or second lieutenants and then brought to Lackland for eight weeks of training to find out what military life is all about.

Two days with them, and I found out this much: you can't be lazy; you must think and you must conduct yourself like a lady.

Third From South
The only drill was in the afternoon at the class for voice and command. That's where we practiced on each other saying "to the rear, Ma'march!" About one-third of the ladies were from the south, and that command in the second week of training was still coming out: "To the rear, ma-ach." And in a soft little voice, at that.

But the ladies have got to learn how to command if they become squadron leaders as the Air Force wants them to be.

They don't have to muster every morning after breakfast and then march to the first class at 7:30 a.m. They don't have to muster again after lunch outside the bachelor officers' quarters but they do because it's good practice.

All the ladies have at least one college degree. All have had at least three years of experience in managing people. About half were school teachers. They're between 24 and 32 years of age.

Lt. Virginia Smith of Chevy Chase, Md., was an instructor in Spanish at the University of Maryland. "I signed up because I thought it offered a very purposeful career," she said.

Lt. Donna Ottenden of Freeport, Long Island, N. Y., trained employees at a gyroscope company. "I wanted a chance to get a different kind of education and at the same time help out."

Classes are on administration, management and plain old current affairs. "How strong is Russia" was the topic for a student panel, the argument drifted to whether the Russian people were happy.

Management was on how to induct a new individual, and how to get a job done properly.

"What would you do if a superior officer gave you a 40-foot flagpole and 40 feet of rope and said get it up?" The instructor asked.

Shut Them Out
"Sir, I would get two strong men, explain the job to them, show them how and follow up to see they did it," said one young lady.

"Sir, I would yell at my first sergeant: 'Get that flagpole up, sergeant,'" another answered. That's correct.

The Air Force wants the women who wear its uniform to be poised, good-looking and feminine.

"You've seen these radiator caps?" asked brig. Gen. Wycliff E. Steele.

He stood on one foot, thrust one arm in front of him and waved the other behind him.

"That's the way I like to think of women in the Air Force. That's the spirit of it."

General Steele is the husky commanding general of Lackland Air Force Base, where all WAF's are trained.

In October the women in training there included approximately 1,000 enlisted WAF's, 80 in officer candidate school and 46 directly commissioned from civilian life in officer training school.

Eventually the Air Force hopes to have 40,000 enlisted airman and officers in the Women's Air Force. It has about 4,000 now.

Fireplace Pays Dividends In Good Cheer, Contentment

A fireplace is an expensive feature for a home, but like a vacation, it pays dividends in contentment and good cheer that can't be measured in money.

Maybe a fireplace does not produce much heat for a room, but it does for the heart. On that account, it's still one of the most desired of all home features.

To give its users fullest benefit, the fireplace must be one of the most carefully planned parts of the house. Here are major points to consider:

Soil conditions. A fireplace, its foundation and chimney are a concentrated load, consistently greater than that of the other parts of the house. Soil conditions therefore must be suitable to take great weight.

Location within room: A fireplace can't be moved around a room like a piano or sofa. It should not be so placed that traffic from door to door has to go between it and furniture.

Materials: Fireproof materials should be the first choice for the fireplace facing. One of the most satisfactory is clay tile, since it is unaffected by heat and at the same time contributes color and form to the over-all design.

Proper Emphasis: The fireplace can be either the dominant feature of a room or a definitely secondary one. Decide which you want it to be before you build.

Proportion: The fireplace should be neither too big, too small nor too squat for the room. If it is too large for the room, it will "dominate" and depress people, and make them feel uncomfortable.

Facing: For fireproofing, the clay tile or other non-combustible material used for facing the fireplace should extend at least eight inches from the sides of the fireplace opening, and at least a foot above it.

Hearth: A material that won't be affected by sparks and small embers should be used for the hearth. A quarry tile hearth won't be damaged by fire and will provide pleasant coloring for the room. It should extend eight inches to a foot beyond each side of the fireplace opening.

McCamey News

MCCAMEY—Mrs. W. E. Cathey, sister of Mrs. Lois Jones, is seriously ill in the Throckmorton Hospital. Mrs. Cathey is the former Mrs. Nora McDonald of Rankin and McCamey.

The Pecos-Upton County P-TA Council held its first meeting of the year in Rankin recently. Mrs. W. A. Kay, president of the council, presided. Those attending from McCamey were Mrs. H. T. Bonney, Mrs. J. P. Baker, Mrs. F. E. Carter, Mrs. Lawrence English, Mrs. Elton Joyce and Mrs. John Menefee.

Mrs. Noel Joyce and son, Bobby, visited Mrs. Joyce's sister, Mrs. E. D. Williams, in Midland over the weekend.

Mrs. Bertha Williams of Carlsbad, N. M., is visiting in the home of her sister, Mrs. Cara Moore and family.

Mr. and Mrs. C. C. Carril visited with relatives in Taft, Texas, over the weekend.

Roy C. Taylor, who moved to McCamey recently, is opening a jewelry store here.

Sid Hoffman returned Tuesday from a trip to Dallas.

Mrs. Ross Smith left by plane Wednesday for Austin where she will visit Mr. and Mrs. Terry Roach. She will go from there to Houston and stop in Dallas on her return.

Mr. and Mrs. Jimmy Hayes of Post, Texas, are visiting in the home of their parents, Mr. and Mrs. J. W. Hayes and L. L. Edwards of McCamey.

Mr. and Mrs. J. L. West attended the press convention in Austin.

Mr. and Mrs. R. V. Selby and daughter, Lorraine, who recently moved to McCamey, are living in the Adrian Apartments.

About 60 couples attended the dance held at the McCamey Country Club Saturday night. The dance was sponsored by the American Legion Auxiliary. Dixie Williams' Orchestra furnished the music.

First Lt. Holace L. English and family of Rising Star visited in the home of Mr. and Mrs. Lawrence English last week. The two are brothers. Lieutenant English recently returned from Japan where he had been stationed with the 344th Bomber Squadron.

Mr. and Mrs. Hal Holmes, accompanied by Mr. and Mrs. W. J. Polard of Rankin, attended the Texas State Fair in Dallas last week.

In 1924-25 the Institute of Agricultural Engineering, Oxford, England, investigated the performance of windmills as a means of generating electricity.

Hidden Errors In Housekeeping Rob Hours And Energy

Watch for hidden errors in your housekeeping habits.

Home economists warn that the insidious thing about some faulty homemaking procedure is that the woman making the time-consuming mistakes is unaware that she is doing so. In spite of her best intentions to be the world's most efficient housekeeper, she wears herself out needlessly.

But the experts don't just scold, they also offer some constructive ideas to help homemakers to make the most of time and energy while doing the routine chores that keep a house clean. First of all, they suggest replacement of cracked, dirt-catching surfaces, such as sink drainboards and work counters, with a durable, easy-to-clean material such as clay tile, which requires no tedious, time-taking scrubbing.

Don't Delay Repair
Second, the home economists say that postponing equipment repair can rob a housewife of valuable time. Much better to keep appliances in top-notch condition so that they can perform their jobs in seconds when they are needed most.

Third, it's wise to learn little tricks, such as dusting windows periodically. This system not only takes it unnecessary to wash windows so often, but also, by reducing the dust deposit, makes washing them easier when the time comes.

Another time-saving tip is this: take on one job at a time and follow it through. If you're cleaning the kitchen, for example, don't do it in dips and dabs sandwiched between other activities. Make a project of kitchen-cleaning by removing grease and stains from the range, taking a few seconds to wipe the counters and splashboards with a damp cloth, cleaning the toaster of accumulated crumbs, washing the garbage container thoroughly, and going through the cupboards for little-used dishes which are collecting unsanitary dust.
