Texaco Completes Strawn Discovery In Scurry Sector

The Texas Company No. 178 P. L. Fuller, Canyon reef failure outside of production in the southeast side of the Cogdell field of Central-North Scurry County, has been completed as a small pumping discovery from the Strawn B Zone.

Operator reported a daily potential of 57 barrels of 34.6-gravity oil plus 57.85 barrels of basic sediment and water on a full 24-hour pumping gauge through perforations at 7,211-7,217 feet.

This discovery is six and three-quarter miles north and slightly east of the closest Strawn production in the Brown-multiphase field. No. 178 Fuller is 16 miles northeast of Snyder.

The test was taken into the Strawn C Zone where it failed to make an oil well.

Location is 1,980 feet from south and 1,987 feet from west lines of section 650, block 97, H&TC survey.

Pennsylvanian In Upton Flows Oil And Gas In DST

Wilshire Oil Company, Inc. No. 14-118 Windham, on the east side of the Wilshire-Ellenburger field in Central-West Upton County developed a good flow of oil and a good show of gas in a drillstem test in the Strawn lime of the Pennsylvanian at 9,570-9,710 feet.

Gas surfaced in five minutes and oil started flowing at the top in one hour and 10 minutes. The oil was flowed to tanks for three hours and it gauged 39 barrels of 49.8 gravity petroleum during that period. The flow was through a three-quarter inch tubing choke.

At Rate of 312 BOPD

Gas volume was at the rate of 1,345,000 cubic feet per day. That gives the section a gas-oil ratio of 4,350-1. The flow of 39 barrels of oil in three hours was at the rate of 312 barrels per day.

The fluid left in the drill pipe when the test was closed was reversed out. There were no signs of formation water. The project is to drill ahead to around 13,000 feet to test the Ellenburger.

Location is 660 feet from south and west lines of section 118, block D, C&S&RNG survey. Top of the Strawn lime is at 9,560 feet. That is a datum of minus 8,794 feet.

Spraberry Wildcats In Upton, Reagan Are Seen As Discoveries

Two more Spraberry sand wildcats, one in North-Central Reagan and one in East-Central Upton County, have indicated as possible producers.

Paul F. Barnhart No. 1 Patterson, the Reagan County test, is at total depth of 7,577 feet in the lower Spraberry flowing to tanks to test through a one-half-inch tubing choke.

Open hole was hydraulically fractured with 4,500 gallons. Five and one-half inch casing is cemented at 6,551 feet. The lower Spraberry was topped at 7,212 feet, elevation 2,678 feet.

No Estimate

Operator did not make an estimate on the amount of oil being produced in No. 1 Patterson, but said it would make an oil well from the lower Spraberry.

The project is 860 feet from north and west lines of the southeast quarter of section 13, block C, L&SV survey. That puts it five and one-half miles south and slightly west of Sohio Petroleum Company No. 1 Leonard Proctor, the closest producer from the lower Spraberry. It also is eight miles north of the Weddell-lower Spraberry field.

Sohio Wildcat

Sohio No. 1 Mildred Smith, wildcat two miles northeast of the closest production in the Pembrock-Spraberry field of East-Central Upton County, is drilling below 7,107 feet in the Spraberry with cable tools, after natural clean oil fillup assured production from that formation.

Oil started rising after operator had reached 7,091 feet. During the next 16 feet of drilling clean oil filled the hole up to 300 feet off bottom.

Location for No. 1 Smith is 660 feet from south and 1,980 feet from east lines of section 23, block D, E&R&R survey.

Two Killed As Car Dives Into Ditch

Deaths Break City's Traffic Safety String

Two persons were killed here early Friday and four others injured when the automobile in which they were riding crashed over a dirt barricade at the end of a dead-end street and plunged into a 10-foot-deep drainage ditch.

The dead were identified by police as Mrs. Lola Orozco and B. B. McGuire, both of Lamesa.

Mrs. Orozco was dead on arrival at a hospital while McGuire died at Midland Memorial Hospital eight hours later.

Tough Talk Alarms UN Small Fry

PARIS—(AP)—Small nations pleaded for greater collective security against the possibility of another Korea Thursday in speeches before the United Nations Assembly. Their pleas followed discouraging new tough talk by the United States and Russia.

As they spoke, U. S. Ambassador Philip C. Jessup, in a special news conference, challenged the Soviet Union to start disarmament talks in the UN now—not to wait until some time before June 1, 1952, as the Russians proposed Thursday. Jessup also accused the Russians of trying to bypass the UN in asking a world-wide arms conference.

"Deeds As Well As Words"

Russia's proposal was in answer to a U. S. plan—also put before the UN General Assembly Thursday—for a census of armaments and progressive reduction of both conventional and atomic weapons.

Jessup said the U. S. and her British and French Allies would push for quick UN action on their proposal.

In the General Assembly meeting Friday, F. W. Dodge of New Zealand urged increased measures of collective security to give the free world strength to repel any future aggressions such as occurred in Korea.

In his policy speech he called on all UN members to "pull their weight in deeds as well as words" for an effective system of world-wide collective security.

Any hope that the small nations had entertained that a lessening in East-West tensions might come about in this session was shattered by the hard-hitting policy speeches of Russia's Andrei Vishinsky and U. S. Secretary of State Dean Acheson.

Both said they wanted peace. But they were worlds apart in their approach to the problem.

Two Midland Youths Held In Auto Theft

Two teen-agers from Midland were being held by New Mexico authorities Friday after an automobile was taken from the streets of Midland Thursday afternoon.

R. C. Vest, 900 North Colorado Street, reported to police that his car had been stolen at 9 p.m.

A description of the automobile was broadcast over the police radio and several hours later the car was spotted and stopped by officers in Tatum, N. M.

Longshoremen End Wildcat Walkout

NEW YORK—(AP)—Striking longshoremen flocked back to freight-jammed piers Friday after their leaders agreed to end the port's billion-dollar, 25-day wildcat walkout.

R. C. Vest, 900 North Colorado Street, reported to police that his car had been stolen at 9 p.m.

A description of the automobile was broadcast over the police radio and several hours later the car was spotted and stopped by officers in Tatum, N. M.

Murray Relected President Of CIO

NEW YORK—(AP)—Philip Murray, 65-year-old former coal miner, Friday was reelected to his twelfth year as president of the CIO after a confetti-throwing demonstration by shouting convention delegates.

Election of officers followed the passage of resolutions calling for intensified political action next year and authorizing Murray and other officers to pursue whatever avenues toward labor unity that may develop.

Possibility of a CIO-AFL merger appeared remote, however.

Jets Busy As Reds Move In Fresh Troops

EIGHTH ARMY, KOREA—(AP)—Allied warplanes sent three Communist jets crashing to the ground in flames Friday, the U. S. Fifth Air Force reported.

Two other Russian-made MIG-15's were damaged. The Air Force said all Allied planes returned safely to base.

Two aerial duels were fought over Northwest Korea, with 52 American jets pitted against about 50 Communist planes. It was one of the few times the two sides have met on near-even terms.

On the ground, Chinese forces threw a series of small attacks before daylight at Allied positions near Yonchon and Kumsong. Yonchon is in the west, Kumsong on the central front.

The temperature dipped to 17 degrees Thursday night. The ground was white with frost.

AP Correspondent Milo Farnet reported a new Chinese division was in the line south of Kumsong. An Allied officer said a fresh Red Army corps—about 30,000 men—was believed moving into the area.

The recent surge in Red activity around Kumsong may have been a screen for the shifting of Communist troops, the officer said. The Eighth Army estimated that 610 Reds were killed and 527 were wounded Thursday in the Kumsong sector fighting.

The Reds also were reported building up their tank forces around Yonchon in the west.

And there was heavy movement of Communist traffic behind the lines. Allied warplanes Thursday night attacked more than 1,300 vehicles. Most were on the highway running south into Pongryang, and along an Eastern Korean road between Majon and Ichon.

Despite continuous pounding by Allied artillery, the Communists Friday morning still held two peaks, near Yonchon, wrested from the Allies Sunday.

The cold wave cleared the Korean skies and brought good flying weather. But it also brought out the MIG's.

Two of the MIG's destroyed Friday were shot down by F-80 Shooting Star jets which supposedly are no match for the speedier Communist jets.

The three MIG's shot down gave the Allied jet pilots their biggest score since October 23, when three Red jets also were destroyed.

Bus System Decision Due On Saturday

Midland voters will go to the polls Saturday to decide whether the city shall grant a 20-year franchise to the Midland Transportation Company.

The company proposes to operate a bus system here to give Midland its first public transportation in more than a year.

The polls will open at 8 a. m. at the City-County Auditorium and will close at 7 p. m.

Voting is open to all registered voters, and the issue will need only a majority to carry.

The election was called after the transportation company, composed of Raymond Thomason, Sr., Raymond Thomason, Jr., and Carl Acklund, all of Abilene, submitted their proposal to operate the bus system here.

Under the city charter, a franchise for a period longer than five years must be approved by the electorate.

City officials said that if the franchise is approved immediate orders for the buses will be placed and delivery is expected in about 90 days.

The company will use modern pusher-type buses.

Red Stalling Slows Truce Negotiations

MUNSAN, KOREA—(AP)—Truce negotiators cancelled their afternoon meeting Friday after an "inconclusive and unproductive" morning session.

A United Nations command communiqué, which described the talks as fruitless, said negotiators would meet at 11 a. m. Saturday (8 p. m. Friday CST).

Brig Gen William P. Nuckols, UN spokesman, said he got the impression Communist representatives might be stalling.

Allied sources suggested the Reds might be waiting for new instructions in view of Soviet Foreign Minister Andrei Vishinsky's proposal Thursday in Paris for a cease-fire within 10 days. Vishinsky suggested all troops withdraw from the 38th parallel and foreign units leave Korea within three months.

Nuckols said neither Vishinsky nor the 38th parallel were mentioned during Friday's two-hour and 45-minute meeting in a dirty yellow tent in Panmunjom.

Three Persons Die In Shootings Ruled Murder, Suicide

HUBBARD, TEXA—(AP)—Three persons died Friday in a double murder and suicide in this Hill County town of Central Texas.

The shootings occurred in a Hubbard cafe.

The dead are Walter W. Dunlap, 50; his wife, 38, and his 16-year-old stepdaughter, Ernestine Phelps.

Dunlap died at 11:25 a. m., several hours after the shootings. Before his death, Justice of the Peace Cecil Stewart had returned a verdict of double murder and attempted suicide.

Witnesses said Dunlap shot his wife and stepdaughter with a pistol soon after they entered the cafe, where the stepdaughter was employed. They said Dunlap then shot himself in the head. He was taken to a Corsicana hospital.

ARE ATOM TESTS TO BLAME?

Unusual Number Of Unusual Meteorites Puzzle To Experts

ALBUQUERQUE—(AP)—An unusual number of unusual meteorites flashing through Southwestern skies these Autumn nights has the experts puzzled.

In the last 11 days, seven fireballs of exceptional size—and with some other exceptional aspects—have zoomed through the skies over a seven-state area. The Institute of Meteoritics at New Mexico University said that frequency never has been equaled in history.

"In fact," said Dr. Lincoln La Paz, head of the Institute, "there has never been a rate of meteorite fall as high as the present fall. If that rate should continue, I would suspect the phenomenon is not natural."

The fireballs reported by observers in Arizona, New Mexico, Oklahoma, Texas, Colorado, Utah and Nevada don't behave like ordinary meteorites at all, Dr. La Paz said. He noted that pieces are recovered from only about one in 10 large meteorites.

Thursday's show in Southern Arizona and New Mexico was described as perhaps the oldest of the whole series. Dr. La Paz said two objects, flying parallel, crashed near Cloverdale, N. M., in the Southwest corner of the state, sending up a double mushroom of smoke. Again there was no noise.

"Such a case of two meteorites falling together without noise would be hard to duplicate in history," he said.

"I just don't know what to make of it," he added. "I'm almost inclined to ask those fellows out in Nevada (where atom bomb tests have been held recently) what they are doing."

Three Airmen Die, One Is Missing In Night Bomber Crash

SAN ANTONIO—(AP)—Three airmen were killed and one was missing in the crash of a B-29 Thursday night, but 11 men parachuted to safety.

The survivors said the No. 3 engine caught fire while the ship was on a routine training mission from nearby Randolph Air Force Base, a Randolph spokesman said.

The Superfort fell in a gravel and sand pit on the western outskirts of San Antonio.

The plane carried four instructors and 11 student airmen.

It was obvious to first arrivals at the scene that no one could have survived if they rode the plane down. Wreckage was scattered over a wide area.

Bursts Into Flames

A Randolph spokesman said it could not be determined immediately whether the missing man parachuted and could not be located or whether he died as the plane crashed.

The craft burst into flames when it struck the ground.

Public Information Officer Major J. G. Fussell of Randolph AFB identified two of the dead. They were Pfc. Verle W. Williams, 18, Winter, Wis., student fire controller, and Pfc. Dennis J. Kembrock, 21, Dorchester, Mass., student radar operator.

A third dead man remained unidentified.

Taft Brother Seeks Ohio Governorship

CINCINNATI—(AP)—Charles P. Taft, brother of Senator Robert A. Taft (R-Ohio) Friday announced his candidacy for the Republican nomination for governor of Ohio.

Charles Taft, 54, who like his brother is an attorney, has been prominent in church work, in politics and in civic enterprises for many years. Robert, 62, is a candidate for Republican nomination for president.

Texas, Pennsylvania GOP Chieftains Fail To See Eye-To-Eye

FREDERICKSBURG—(AP)—A Texas Republican leader and one from Pennsylvania were nursing figurative black eyes Friday after each uncocked his Sunday punch Thursday in a word-fight that has split Texas GOP ranks badly.

The combatants, who battled from a distance of several hundred miles—Houston to Fredericksburg—were: 1. Henry Zweifel, Fort Worth, Texas' national GOP committeeman. 2. Senator James H. Duff of Pennsylvania.

The Pennsylvania senator, in an interview here, said Zweifel had been "ugly and ungracious." He called him a type of "contemptible political boss."

The outburst came after Zweifel, in a speech at Houston, said Duff was a "phony" on these counts: "It's (Duff's trip to Texas) sole (Continued On Page Four)

Eisenhower Could Carry Texas, Duff Tells Midlanders

U. S. Senator James H. Duff predicted confidently here Friday that Gen. Dwight Eisenhower will be able to carry Texas as well as several other traditional Democratic strongholds if he becomes the Republican candidate for President of the United States.

Enthusiastic over the Republican chances in general and General Eisenhower in particular, the prominent Pennsylvania Republican arrived shortly after noon at Midland's Airpark.

"With Eisenhower as the Republican candidate," he told newsmen, "I'm absolutely positive the GOP can carry Texas, North Carolina, Virginia and Florida."

"I don't think Taft can carry any of these states, although I have nothing against the senator from Ohio."

Senator James H. Duff

Meeting him were R. S. Brennand, Jr., Robert Conway, Cliff Wilderspin, Mr. and Mrs. Jack Bliss, Mr. and Mrs. Richard L. Hughton and Richard Gile.

After talking to newsmen for a few minutes he and his party were whisked to the Petroleum Club for a luncheon in his honor.

World War II Ace Named Head Of Fighter Wing

FIFTH AIR FORCE, KORLA.—(AP)—Col. Francis S. Gabreski of Oil City, Pa., America's top active flying ace, Friday was made commander of the 51st Fighter-Interception Wing.
The stocky, 32-year-old veteran has been deputy commander of the crack Fourth Fighter-Interception Wing.
In World War II, Gabreski shot down 28 German planes in aerial combat and destroyed three on the ground. His Korean score is three Russian-made MIG-15 jets destroyed and one damaged.
He has flown 53 Korean missions in the swept-wing F-86 Sabre jet.
Gabreski succeeds Col. William P. Litton of Benoit, Miss., who is listed as missing in a jet flight over Japan.

Handless Holdup Man Is Arrested

LOS ANGELES—(AP)—Police Thursday night reported the arrest of a handless holdup man.
Two officers said they arrested James T. DuPriest, 31, after he robbed a market of \$234 by threatening a clerk with a plastic toy revolver pointed through a hole in his right coat pocket. DuPriest apparently held the gun with his double-pronged mechanical hand.
DuPriest fled with the money but was chased and hauled down by Robert Sherry, the market owner, who said he suspected the gun was a toy.
Officers said DuPriest told them he lost both hands at the wrist a year ago when they were caught in a punch press he was operating at Folsom Prison. They quoted DuPriest as saying he was serving a five-year term for bank robbery and was released last June.
He was booked on suspicion of robbery.

Until 1896, Princeton University was called officially the College of New Jersey.

Story Of Truman Overtures To Eisenhower Described As 'Plant' For Benefit Of Taft

NEW YORK—(AP)—The New York Times Friday said Democrats have visited Gen. Dwight D. Eisenhower in Paris twice within five weeks and promised him President Truman's support for the 1952 presidential nomination.
The visits, the Times said, appeared to be part of a "much more active and organized campaign than has been generally known" to get Eisenhower as the Democratic nominee.
Arthur Krock, the Washington correspondent for the newspaper, wrote that he received his information from a Republican who should know and whose "standing in the nation is very high indeed."
First, the article said, Eisenhower was approached by a Democrat "described as very influential in the party and not associated with the Southern opponents of the President."
Later, Krock quoted the Republican source, "a group of similar type" also called on the general.
On each occasion, the story said, the same statement was made to Eisenhower. Krock elaborated:
"It was that if, at any time before the Democratic National Convention, he would say he would accept its presidential nomination, his visitors were convinced they could guarantee it and he could count on the support of President Truman.
Always Republican
"General Eisenhower's reported reply was: 'You can't join a party just to run for office. What reason have you to think I have ever been a Democrat?'"
The story said Eisenhower told about the proposition to a friend on his recent visit to this country, with the remark:
"You know I have been a Republican all my life and that my family has always been Republican."
Krock said evidence was growing that President Truman had offered to support Eisenhower in "the culminating point in a major enterprise by important Democrats that seems to have failed."

The writer made his statements in a follow-up to an article published Thursday in which he had said a "thoroughly reliable and informed source" told him Truman had offered such support.
The President commented: "There's not a word of truth in it."
And, in Europe, aides at Eisenhower's supreme Allied headquarters described the original story as "purely fictional."
There was no immediate comment from Truman or Eisenhower on Krock's second story.
In Kansas City, Senator Taft (R-Ohio), avowed candidate for the Republican presidential nomination, said he had great respect for the accuracy of the Times and thus thought "there probably was something" to the story.
But Senator Anderson (D-N.M.), an old friend of the President and former secretary of Agriculture, said he had talked by telephone with Truman, who convinced him "there wasn't a word of truth in it."
Interviewed on a radio program, Anderson said the President thought the story might have been a "plant" by "someone wishing to damage Eisenhower."
Replying to a question, Anderson said the story had been "of benefit to the Taft forces."
He said "the sky had begun to cloud up a little for Taft" when Eisenhower supporters became active. So, Anderson said, "fortunately" out came this story "which puts Eisenhower in a very, very strange light."
Krock's first article said the general implied rejection of Truman's offer, but neither specifically accepted nor rejected it.

Bobby's Bird Can Go Mary's Little Lamb One Better

CARSON CITY, NEV.—(AP)—Mary had a little lamb that followed her to school one day—but eight-year-old Bobby Anderson can do better than that.
Bobby has a raven that follows him to school every day.
The big, black bird named "Smoky" flies right up to the door and, on occasions, flits right into Bobby's third-grade classroom.
And as in the tale of Mary's lamb, that's very much against the rule. "It's too much of a distracting influence," says Principal John Blakie.
But to the children the bird is a gay companion. Dozens of youngsters surround it at every recess, happily tossing pebbles which the raven neatly catches with its beak.
The three largest birds in the United States are Trumpeter swans, whooping cranes and California Condors.

Hollywood's 'Cutting Spree' Won't Affect Blanche Thebom

HOLLYWOOD—Hollywood's on a shearing spree and the cries of "cut" have cost Adolphe Menjou and Gilbert Roland their mustaches and Gene Evans his beard.
But there will be no snipping at the king-size mane of Met opera star Blanche Thebom—44 measures five feet four inches in length—if she signs a movie contract.
Now that Mario Lanza has proved that popcorn and operatic warbling can be dished up together at the movie houses, Blanche's phone is buzzing with big movie talk. But she says it'll be written above the dotted line that the studio barber can't reach for his scissors.
"Not even a starring movie can get me to cut a single hair," Blanche announced.
If there is a movie career around the corner for the mezzo soprano, she says the story will be the old Marcia Davenport novel, "Of Lena Geyer," about the daughter of a charwoman who becomes an opera star.

Cattleman Declares Regan Misinformed On Aftosa Campaign

SAN ANGELO—(AP)—The foot and mouth disease campaign in Mexico is not now and never has been a hoax, the president of the Texas Southwestern Cattle Raisers Association says.
Ray W. Willoughby of San Angelo told the San Angelo Standard Times in a telephone interview that Rep. Ken Regan of Midland had been misinformed about conditions in Mexico.
Regan told the Texas Sheep and Goat Raisers Association in El Paso Wednesday as the aftosa control program was a "hoax and a racket."
He said there had not been a legitimate natural outbreak of the disease in the last two and one-half years and that he would oppose further appropriations for the program.
Willoughby Thursday night said there were two outbreaks of the disease late last Summer.
"I think this period of vigilance is the most important of the program," he said.
"The government has spent \$160,000,000 in the last six years to eradicate the disease. It would be false economy to stop short now of complete eradication due to the small expenditure needed to complete the program."
Rep. O. C. Fisher of San Angelo said he felt experts should be relied upon to determine whether the program was a "hoax and a racket."

Abilenian Arrested In Punchboard Case

OKLAHOMA CITY—(AP)—A. R. Brown, Abilene, Texas, was arrested here Thursday and booked for possession of gambling equipment after Oklahoma County Sheriff Bob Turner seized more than 1,900 punchboards.
The sheriff took possession of the boards at a barber shop after receiving a tip they were to be transported by a truck line.
Brown, arrested at the barber shop, said the boards were owned by the B&J Sales Company of Abilene and that he and his brother owned the company.
Brown was freed on \$500 bond pending filing of a formal charge.

Taxicab Driver Loses Race To Stork

MAYWOOD, CALIF.—(AP)—Taxicab driver William J. Barbour, 28, ran 10 stop signals and defied a police red light—but the stork still won.
When he arrived at Maywood Hospital with Mrs. Opal Maddux in the back seat and was told her baby had been born a few minutes and a few miles away, Barbour fainted.
The baby was a girl, six pounds, 12 ounces, and is doing fine.

Mrs. Gibson Gives Program On Decorations

Mrs. George Gibson presented a program on "Christmas Decorations" Thursday at the meeting of the Welcome Wagon Garden Club in the home of Mrs. L. W. Randerson.

Mrs. R. B. Cornell was co-hostess. The group made plans for a Christmas party to be held December 13. Each guest was presented with a booklet on suggestions for Christmas decorations.

Those attending were Mrs. M. F. Barber, Mrs. J. W. Benn, Mrs. E. F. Blake, Mrs. J. R. Davis, Mrs. L. T. Derrington, Mrs. George Gibson, Mrs. W. D. Gill, Mrs. O. C. Griffith, Mrs. W. E. Hollis, Mrs. M. L. McMillan, Mrs. Sam Montgomery, Mrs. R. M. Nugent, Mrs. C. H. Pearson, Mrs. James Terry, Mrs. R. W. Walls, Mrs. L. L. Worden, Mrs. K. W. Erickson, Mrs. H. R. Smith, Mrs. Charles Lockley and Mrs. John Kershner, a guest.

RUTH MILLETT Marriage Needs Occasional Dissonance In Order To Thrive

Newweek Magazine reports the theory of Dr. Edward Little, physicist, that "mild dissonance is a key ingredient in the blend which adds up to pleasing music." In other words, that there is some disharmony in the most satisfying harmony.

What the scientist says of music is certainly true of marriage. The aim isn't for perfect harmony. That would be as "dead" as Dr. Little says a piano sounds when it is tuned with high precision.

The only way a couple could get perfect harmony in marriage would be for one to "Yes" the other continually—or for the two to pretend to agree when they actually have entirely different feelings about a matter.

That makes for a "dead" relationship—bound to count the growth

A Slim, Simple Wool Dress Is Wardrobe Must For Fall

New York—Even for the woman who lives in suits all Fall and Winter, the slim and unaffected wool dress is a wardrobe must. There are days in the Fall when nothing else seems quite right. There are days when this dress, under a companion coat, provides just the right weight and warmth.

The simpler the dress, the longer it will survive fashion's changes. And, if it's unadorned, it's a ready partner to accessory changes.

Coat-and-dress ensemble (left) by Eisenberg includes a collarless wool dress with three-quarter sleeves. Skirt is straight; waist is encircled by a snakeskin belt. Big tortoise buttons appear at the neckline and trim the stand-out hip pockets. The coat that goes over the dress has full back falling from a yoke, roll collar and huge turn-back sheared beaver cuffs.

Another wool dress by this same designer (right) is in gray wool flannel with long, tight sleeves and stand-up collar. Smoke jewel buttons glitter from neck to hem and sparkle on slit pockets at the hips.

Banquet Honors Past President

The Ladies Auxiliary of the National Federation of Postal Clerks held its annual banquet party Thursday night in Hotel Scharbauer. The banquet was in honor of the two past presidents, Mrs. Ralph Stubbiefield and Mrs. Ed Zantow.

A Thanksgiving theme was used in the decorations. The table was centered with a "horn of plenty" filled with fruit, nuts and vegetables. Corsages and favors were given to each guest.

The program included a Thanksgiving prayer by Mrs. Edward Knabe; toast to the past presidents, Mrs. Wayne Campbell; toast to the officers, Mrs. Campbell and "Autumn Thoughts," Mrs. Zantow. Gifts were presented to Mrs. Zantow and Mrs. Stubbiefield.

Others attending were Mrs. Carl Hyde, Mrs. B. B. Seawright, Mrs. Charles Campanella, Mrs. William Mettscher and Mrs. Charles Robson.

Theater Lists Cast For Play

The cast of characters for the Fall production of the Children's Theater was announced recently by Art Cole, director.

"Circus Day," the story of a little boy who runs away to join the circus, will be presented November 15, 16, 17 and 18 in the City-County Auditorium.

The initial performance will be a benefit show for Midland negroes. A special matinee for Midland's Latin American residents also is scheduled.

Heading the cast will be Bill Crothers as the young runaway, Johnny. Others and the roles they will portray are Wendy Bradley, Cathy; Bill Robitsek, Grandpa; Frances Hefren, Grandma; Randal Gibson, foreman; Nancy Warren, Rhodina; Tommy Dilday, Bruno; Joe Young, Barker; Dick Gibson, Fritz; Joe Hills, Joey; Harry Harrison, Jacko; Diane Perkins, Elsie; Glen Goddard, first roustabout; George Pelletier, second roustabout; and Charles Rumsey, third roustabout.

Matinee performances will begin at 2:30 p.m. and evening shows at 7:30 p.m. The group is under the sponsorship of the Midland Community Theater.

Artists Schedule Exhibit, Auction

The Midland Palette Club Art Center made plans Wednesday for an exhibit and auction of art work to be held in the club studio.

In addition to the works of Midland artists, the auction will offer several paintings by artists who have been sponsored in art instruction classes here.

Mrs. A. Farley was named chairman of the social committee which was commissioned to plan a costume ball for the purpose of raising club funds. K. E. McFarland, city planning engineer, discussed choosing a site for the proposed civic art center. The club voted to appoint a special committee to confer with members of other interested groups and representatives of the city council and county court on the best location for the center.

Mrs. Jack Lawton resigned as secretary and Mrs. John Brown was elected to succeed her. Signing of the charter was postponed. Approximately 15 members attended.

Mrs. Smith Is Hostess To Circle

The Friendly Builders Circle of the First Methodist Church met Thursday in the home of Mrs. Velma Smith. Mrs. J. H. Smith was co-hostess.

Two visitors, Mrs. A. J. Norwood and Mrs. Fay Carson, were present. Refreshments were served to Mrs. E. L. Messersmith, Mrs. Elsie Magee, Frances Parker, Mrs. A. B. Stickney, Mrs. R. S. Watkins, Mrs. Roland Gray, Mrs. L. B. Manning, Mrs. J. L. Baker, Mrs. E. J. Bollivar and Mrs. N. B. Beauchamp.

City Voting Precincts

The city election, scheduled Saturday, brings to mind that the City of Midland—Ever-Growing Midland, that is—still has but one voting place, the same as it had when Midland had only a handful of eligible voters.

Today, the city is spread out in all directions and the population is estimated at 30,000. Yet, the city has only one voting place.

Perhaps that is one reason balloting in a city election usually is way below average here. In fact if even 50 percent of the eligible voters showed up for a city election, the voting place would be swamped, and besides, there would be no place to park.

South Midland, which had grown by leaps and bounds the last few years, should have a balloting place. Voting precincts also should be established in the West, Northwest, North-Northeast, and East parts of the city, all of which have developed even beyond expectations.

Welcome, Senator Duff

The Hon. James Duff Friday brings his "Eisenhower for President" campaign to Midland, and the distinguished Republican senator from Pennsylvania perhaps will discover here as much or more support for General Eisenhower as anywhere in the nation.

It is the same over most of Texas, according to news dispatches. Senator Duff reportedly has found, since his arrival in Texas several days ago, that Eisenhower interest already is high in the Lone Star State.

In fact, the U. S. senator doubtless has discovered that a multitude of Texans favor the nomination of General Ike by the Republicans, the Democrats or by both.

Senator Duff, himself, is quoted as saying he is "for Eisenhower for everything in the book."

He also has indicated he thinks Texans feel right kindly about the general. And so they do.

But the big question remains, "Will Eisenhower run for President?"

The general, playing his political cards closely, flew back to Europe after his visit in the States without divulging his political plans—leaving the political soothsayers guessing. There is no doubt the general is the key enigma in the 1952 presidential race, and many politicians had viewed his recent visit as the appointed hour for General Ike to make known his intentions. But such was not the case, and the guessing game continues.

Meanwhile, Ike is back at his European headquarters, busy at the job he says is far from finished.

And here in Midland and throughout Texas and the nation, many Republicans, Democrats and Independents yet are hopeful General Ike sooner or later will announce his intentions to seek the highest office in the land.

But regardless of all that, Midland, the headquarters city of the Permian Basin Empire, welcomes Senator Duff, and Midlanders, proud of the fact their city was included on his itinerary, hope the visit here of the senator and former governor of Pennsylvania will be most pleasant.

This Ought To Smoke Out Something

The Washington Merry-Go-Round

By Drew Pearson
Copyright, 1951, by The Bell Syndicate, Inc.
Drew Pearson says: Ike most enjoyed grandchildren and bridge; Would oppose Taft as Republican nominee; Republicans will play up tax graft.

WASHINGTON — Next to his grandchildren, what General Eisenhower enjoyed most in Washington was playing bridge with Chief Justice Fred Vinson, ex-White House Jester George Allen and Sid Richardson, the Texas oil man.

Early in the game when Allen was winning, he remarked to Eisenhower, who is supposed to be one of the best bridge players in the country.

"I'm going to take an hour off every day to give you lessons." Later Eisenhower started winning.

"I think I had better arrange for you to come over to Paris and play cards," he remarked solemnly to Allen.

Lunches Eisenhower had with President Truman was highlighted by the general's view both on peace and the difficulties of the job in Europe.

Eisenhower told Truman he had no intention of leaving his post in Paris until his job was done. Then emphasizing his agreement with Truman that peace is the greatest issue in the world and that we can achieve peace only through strength.

"You know I don't badger Ike about politics," replied Allen in his Mississippi drawl. "I just play cards and joke with him. But if I were to go away out on a limb, I would say on the second ballot."

This somewhat inconclusive comment was interpreted as meaning that Eisenhower would run, but only at the last minute. He cannot leave Europe until sometime next Spring.

"You know I don't badger Ike about politics," replied Allen in his Mississippi drawl. "I just play cards and joke with him. But if I were to go away out on a limb, I would say on the second ballot."

This somewhat inconclusive comment was interpreted as meaning that Eisenhower would run, but only at the last minute. He cannot leave Europe until sometime next Spring.

The rearmament program is dragging and he feels he cannot launch a political career until he has the job reasonably well under way.

Whether Republican politicians, Mr. Bolloch, the GOP states: "Included only because during revelations of irregularities, Bolloch requested resignation for reasons of health, August 14, 1951. No charges have been made against Bolloch." These were the only underlined passages in the pamphlet.

Thus the pamphlet has laid down the line that GOP speakers will be following on the soapbox circuit.

The Administration has turned with enthusiasm from spending at home to more spending abroad and to huge spending for the armed forces. The whole policy is intended to corrupt the people—it is not strange that it has corrupted the politicians who believe in it.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
Safety plays are seldom made in tournament bridge because extra tricks are usually just as important as making the contract itself.

Ruth Sherman was the shrinking violet who went to four hearts with the South hand. It was at a crucial point in last year's mixed

Bridge hand diagram showing North, West, East, and South cards and tricks.

pair championship, and Miss Sherman decided that she needed a good result to win. She got a good result, and she did win the championship.

West opened the king of spades, East followed with the seven, and Miss Sherman dropped the six.

West glared at her suspiciously, but Miss Sherman looked the very picture of innocence, so West continued with the ace of spades.

West realized he had made a mistake, but he was still afraid to break a new suit, so he continued with a third round of spades.

Miss Sherman won with the queen of spades and decided that normal defense would take three spades and a diamond against any heart contract.

Therefore she was going to make sure of her game contract by making a safety play in trumps.

The safety play is to cash dummy's king of hearts first. If only small cards fall, declarer gets back to her own hand with the ace of clubs and leads a small trump towards dummy's jack.

This play gives up one trump trick, to be sure, but it assures the contract against any 4-1 trump break. Later on, the losing diamond is discarded on dummy's nine of spades.

The surprise twist came when Miss Sherman led a trump to dummy's king. East's queen fell. Now the rest of the hand was easy.

West eventually won a trump trick, but declarer threw her losing diamond on the nine of spades and made her contract.

At most tables the opening lead was the nine of clubs. This was taken in the South hand, and the jack of hearts was immediately finessed.

Now declarer had to lose two trump tricks, three spades, and a diamond—down three.

CARD Sense

Q—The bidding has been: East South West North 1 N.T. Pass 3 N.T. Pass Pass Pass

You, South, hold: Spades Q-10-7-5-3, Hearts K-J-4, Diamonds Q-7-5, Clubs A-2. What do you lead?

A—Lead the five of spades. The fourth-highest card (counting down from the top) is the accepted card to lead from a long suit that is not headed by a sequence of honors.

Kitten in the Woods

By Kathleen Briggs
The story: The visit of Courtney Benson, a family friend, and Aaron Riggs, trustee of the Black Fir, to the Black Fir, where Elizabeth Steinhart is nurse to Mrs. Lucien Steinhart, brings an unexpected visit to Elizabeth. Elizabeth, smiling, replies, but is awkward later by Lucien, grandnephew of Mrs. Steinhart, who says that reason is missing.

AFTER Lucien's tempestuous departure, Elizabeth fell asleep almost at once. Seeing the girl enter the room uninvited and launch into an emotional tirade about Courtney Benson had been amusing. Lucien was almost as transparent as the lacy chiffon frock that peeked above the bodice of her starting negligee.

Obviously, she had decided that Courtney was the handsome, worldly glamor boy she had been waiting for all her life.

In Mrs. Steinhart's room, the night light's dim orange glow outlined the small hummock in the center of the four-poster. It faded only once when a figure passed between it and the bed. A stocky round-shouldered figure that stood silent, gazing downward. Then slowly the arms rose, almost in entreaty. The hands were clasped together, clasped fearfully as though to suppress a possible uncontrollable gesture.

As though the realization of a presence beside her penetrated her sickbed dreams, Emily Steinhart mumbled softly in her sleep. One side of her hand, resting outside the counterpane, lifted as though to grip or ward off the clasped hands above her. Then clenched convulsively and fell back on the spread. The man watching her grew tall. His fists went up to his mouth, still a soft cry of anguish escaped him.

Quickly he moved away. Again his figure momentarily blotted out the night light. Reflected in the mirror facing Elizabeth, the shadow passed swiftly across her closed lids. With a subconscious knowledge

WASHINGTON COLUMN

Italian Armed Forces Buildup Presents Key NATO Problem

By PETER EDSON
NEA Washington Correspondent

ROME—Rebuilding Italy's armed forces presents one of the most serious problems of the entire North Atlantic community.

"They are poorly equipped and they have a long way to go before reaching the standards we require," says U. S. Adm. Richard B. Carney, commander in chief, Allied forces, Southern Europe.

Admiral Carney is, however, hopeful. Italian manpower has been untapped. Economic surveys have indicated there is nothing the Italians can't make. Their technical skill is exceeded in Europe only by the Germans.

The Italians have the spirit and the willingness to do what is asked of them. The American aid program will help some. But mostly it is a problem for the Italians themselves.

U. S. congressmen, members of a House Military Affairs subcommittee who have been touring Europe, report that the Alpine troops on Italy's northern border look excellent. A big new U. S. supply base is being built in the Leshorn area, and a new supply line for Austria is being established across Northern Italy.

Italian industry in the Turin-Milan area is humming. Italian agriculture in the fertile Po Valley is producing at record highs.

Further south, however, the picture is not so good. Unemployment is around the 2,000,000 mark and there are another 2,000,000 only partially employed.

More than a fourth of Italy's gross national product is taken in taxes, and a third of the government's budget goes to military preparedness.

Fundamental Weaknesses
Before the war, Italy had 60 divisions. Gen. Elio Marras, Italian chief of staff, maintains that Italy's 12 divisions of today have more fire power than 70 prewar divisions, but that is on paper only.

A demonstration for American newspapermen arranged at Italy's Infantry Officers' Training School at Cesano, near Rome, showed fundamental weaknesses even in the training stage. The school had just received Browning light automatics. They had no ammunition for bazookas, and so had not fired them, although they had given basic training to non-coms and junior officers.

At a rudimentary platoon field exercise, with live ammunition, the student officers stood on the sidelines and heard a lecture while a demonstration team went through the maneuver. At an equivalent U. S. officers' training school, the lieutenants and captains themselves would have been put through the exercise in the mud, to gain the experience the hard way. Overcoming the old Italian army officer caste system is proving difficult.

The peace treaty limited Italy to an army of 250,000 men, a Navy of 25,000 men, an Air Force of 25,000 men. No limitations were put on plans, however, so Italy is planning to increase her forces just as soon as the treaty limitations can be set aside.

Q—What type of people inhabit the Andaman Islands?
A—The Andaman are among the pygmies of the world. The average man there is hardly as tall as a year-old boy in our country and the average Andaman woman is shorter than the average 12-year-old girl.

Q—What honor was accorded Longfellow that no other American poet has ever received?
A—A bust of him is in the Poet's Corner, in Westminster Abbey.

"Lucia told me she left him there. She came to my room asking, 'If I'd seen him, ...'"

"What time was that?"
"Eleven-thirty."

"Hmmm. Lucia is a sly minx. She's been sitting up waiting for him. Finally her impatience got the better of her—she came to me about 2 o'clock. I went back to the mill-race. I know the path like the palm of my hand. Didn't see a thing. The moonlight was fading. Now it's very dark outside."

"Perhaps Mr. Benson has simply lost his way."

Ollie shook his head emphatically. "No, something serious has happened. I have a feeling for these things, a heightened perception. Black Firs has been throbbing with vibrations all evening."

If he meant the undercurrent of hostility that permeated the conversation, Elizabeth agreed. But he had a queer listening expression as if he could actually hear the old mansion tremble with mystical vibrations.

"But we've got to look for Courtney."

"I should think so."
He licked his lips. "You see, Missie, there isn't a lantern or a flashlight at Black Firs."

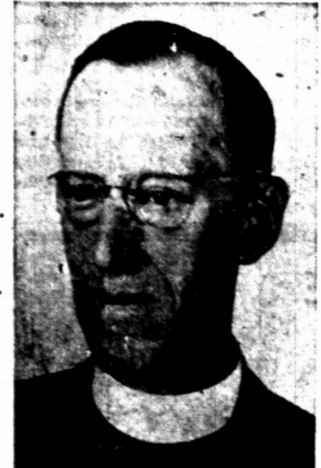

Ollie's face was screwed up in concentration. He was trying to tell her something without putting it into frank actual words. She felt very stupid. "What about your butterfly lantern?" she asked.

"Broke it this evening, unfortunately. Stumbled over a rock. Quite unrepairable. Don't you see what I mean?"
"I'm afraid I don't."

He tapped his fingertips together. "You're making it very difficult for me, Miss. The fact is, we were wondering. Stumbled over a rock. Quite unrepairable. Don't you see what I mean?"
"Ollie, you said you liked Bill," she interrupted.
"I do personally, but, after all, I am a Steinhart!"
She stared at him for a long incredulous moment before she began to descend the gloomy stairway.

Buddy Poppies Are Aid To VFW Home For Orphans Of Veterans

Hundreds of orphans of America's veterans have the chance to become healthy, self-supporting citizens because the American public generously supports the annual sale of Buddy Poppies by the Veterans of Foreign Wars.

How this is accomplished is explained in statements from Commander John Henderson of the Temple and Weldon Harris Post 4149 of Midland, with announcement Saturday will be official Poppy Day in Midland this year.

"One penny from poppy the VFW sells is earmarked for maintenance of the VFW National Home for widows and orphans," Commander Henderson said.

Home Is Unique
 "This national home is the only project of its kind supported by a veterans organization. This national home is unique in the very fact it is not operated as a typical orphan asylum, or anything that resembles an institution."

"On the contrary, it is a village for children, a community of homes, comparable to a typical residential section of a modern city. Children are brought up as members of an average family. There are no regulations, no uniforms and no signals."

"The children are treated as own children with clothes to fit their individual personalities. They get their education at public schools."

"The support of the VFW national home is only one of the many welfare projects financed through money raised annually from the sale of buddy poppies. Every penny provides relief and assistance to needy," Henderson pointed out.

TESCO Honors Its Quarter Century Club Members In District

Two new members of the Quarter Century Club of Texas Electric Service Company in the Midland area received watches and special recognition at TESCO's 1951 Presentation Dinner held Thursday night in the Ector County Auditorium at Odessa. More than 450 persons attended the event, which honored all Quarter Century Club members in this district.

J. B. Thomas of Fort Worth, TESCO president, presented engraved watches to W. E. Bruce and H. C. Mitchell of Odessa.

Principal speaker at the dinner-meeting was Clayton Rand, noted golf sport, Miss. editor, who decried socialism and called for a return to true Americanism in his address, "The Golden Age and Our American Heritage."

Miller Presides
 R. L. Miller of Midland, district manager for TESCO, was master of ceremonies at the gathering, and the invocation was by John Drummond of Midland.

Piano selections were furnished by Bob Bauh of Midland, and Jimmy Furman's Orchestra of this city provided music for dancing, which followed the dinner.

Other members of the TESCO Quarter Century Club include C. W. Campbell, J. W. Drummond, W. F. Jones, R. S. Johnston, F. W. McGuire, J. W. Thorne and G. C. Wilmore.

Texas Electric employees and their families from throughout the Midland area attended the gathering.

Witnesses Report Daylight Crashes Of 'Flaming Objects'

EL PASO—(AP)—Two brilliant, flaming objects were reported to have landed Thursday miles apart near Chihuahua, Mexico, and Sierra Blanca, Texas.

The flaming objects were seen falling by Charles E. Smith of the Country Club Road, near Guzman, Chihuahua, about 95 miles south of El Paso, and by W. H. Lane of Fort Worth, who was traveling on the highway near Sierra Blanca, en route to El Paso.

A light so brilliant it blinded him for 30 seconds was the way Smith, a company pilot with Minas Consolidated, S. A., described the ball of fire which started across the sky at Guzman about 11 a.m.

Two minutes after Smith and about 25 employees of the mines saw the brilliant light, the ball of fire split in half and exploded behind some mountains in the direction of Acconson, south of Guzman.

Smith said, "The first thing that caught our eye was some smoke. Then we heard a sizzling sound and looked up to see a blinding light streaming from a northwest to a southeast direction."

Rocket-Like Smoke Trail

The object was about 40,000 to 50,000 feet off the ground when it passed overhead, he estimated.

The object left a smoke trail similar to the one a V-2 rocket does, Smith said, adding that the smoke stayed in the air about eight or 10 minutes.

Smith, who said the incident created a mild panic in Guzman, said he immediately got into a plane and flew over the area in the direction where the object hit the ground but could not see anything of it.

Lane said he was driving along the highway on his way to El Paso about five and a half miles east of Sierra Blanca at 11:45 a.m. when he saw a flaming object, about as big as a gasoline pump, hit some 200 yards from the road behind a windmill.

Lane said the object had a purplish red, teardrop shaped tail, the bottom of which was bright red. He did not investigate any further. Lane said.

Fair, Cool Weather Expected To Continue

By The Associated Press

Texas weather was excellent Friday, the weatherman said.

Partly cloudy skies were expected to continue with no rain reported or forecast.

The overnight low reading Thursday was 33 degrees at Wink with 34 recorded in Amarillo. Otherwise, low temperatures ranged from the fifties in North Central Texas to the sixties in South Central Texas.

The forecast called for slightly lower temperatures in West Texas Friday night.

STRUCK BY PIPE

J. A. Thompson, 403 East Mississippi Street, drilling company employe, suffered severe abrasions and contusions of the thigh and knee Friday when a joint of pipe struck him at a rig. He was given emergency treatment at Western Clinic-Hospital.

purpose is to promote the candidacy of Mr. (Jack) Porter for Republican national committeeman, using General Eisenhower as a stalking horse.

"The meetings (that Duff is holding) are not 'harmony meetings' but dinners given and being held with the hope of creating disunity among Texas Republicans."

Porter was defeated by Zweifel for the national committeeman post. Duff's trip to Texas is being sponsored by Porter.

None of the state officials of the Republican Party have been invited to meet or accompany the senator on his tour. However, Porter is a member of the State Executive Committee.

Duff came here Thursday night for a statewide rally of Republicans who are backing the general for president.

Pennsylvanian Talks Back

In the interview, Duff said, "When I came to Texas, I came for one purpose. I want to urge the nomination of one of the most distinguished sons of this state, General Eisenhower, as a candidate for president."

"I find, however, a man by the name of Zweifel does not care very much for General Eisenhower and does not believe a senator from Pennsylvania should have the privilege of expressing an opinion of his own."

Duff said he had been fighting Zweifel's type of "contemptible political bosses" all his life.

"The Republican Party of Texas is like it is because men of his type have been running it. I would like to put his type of leadership out of business. If he were up in my state, I'd give him the same type of beating that I have given some up there."

RECEIVES HAND INJURY

Harold Edison, 206 West California Street, received contusions of the right hand Thursday after a falling object struck his hand in an oil field accident. He was given emergency treatment at Midland Memorial Hospital.

(Continued From Page One)

Scharbauer with a banquet scheduled in the hotel at 6 p.m.

Senator Duff, although fighting a crowded schedule, was happy to talk about Eisenhower, with whom he said he talked "several times" during his visit early this week in the U. S. A.

Sure Ike Will Run

"I am positive in my own mind," he said, "that Eisenhower will run under the proper circumstances."

He did not elaborate on the nature of these "proper circumstances."

"But first, he has an important mission to fill as commander of Supreme Headquarters of Allied Powers in Europe."

He said he planned to confer further with Eisenhower in December, when he visits Europe.

He was asked pointedly if he thought Eisenhower would be a candidate.

"Yes," answered Senator Duff. "I don't have any doubt about it at all. Otherwise, I wouldn't be here at all, although, understand, I am not undertaking to be his spokesman."

Senator Duff said he was elated at the favorable reaction he had encountered in Texas since his arrival earlier in the week.

"I have visited in Texas many times," he added, "since my first visit 40 years ago."

"In fact, I even drilled three wells in this state. No production, though."

Asked about the verbal running battle with Henry Zweifel of Fort Worth, Republican national committeeman from Texas, he said he disagreed with Zweifel's aim to leave the Texas delegation uninstructed to the national convention.

"He just wants to be able to control it himself," Duff added.

Senator Duff said he didn't think he ever had met the Texas Republican.

"I don't know if I ever met him or not," he explained. "If I did, he didn't make a favorable impression for I don't remember him."

Crime Panel Hears Of Dope Addiction Among Delinquents

AUSTIN—(AP)—A recent survey at the State School for Girls at Gainesville showed more than 20 per cent of the girls definitely had been "involved with narcotics," Mrs. Maxine Burlington, school superintendent, told the House Crime Investigating Committee Friday.

She said the 20 per cent figure would not present a "true picture" because it was based only on case records which accompany the girls to the school or on verified statements of the girls themselves.

Average age of the girls with narcotics records was 15.4 years, but one was only 12, she reported.

Four of the five committee members were present for the morning session of the one-day hearing.

Boyd Band Robbers Sentenced To Prison

FORT WORTH—(AP)—Carl William Powers Friday was under 20-year sentence after his conviction of the September 11 robbery of the Boyd Bank.

His companion, Pete Vardas, was assessed a 10-year term by Federal Judge T. Whitfield Davidson.

Vardas pleaded guilty. He accused Powers of informing on him.

COTTON

NEW YORK—(AP)—Friday noon cotton prices were \$8 to \$10 a bale higher than the previous close, December 43.75, March 43.56 and May 43.30.

The U. S. sulphur output from all sources have averaged five million long tons annually since 1948.

Newsprint Will Continue Scarce

WASHINGTON—(AP)—Supplies of newsprint will continue scarce through next year, the National Production Authority said Thursday, although it looks for a continued increase in production.

NPA officials reported to publishers who make up the Newspaper Industry Advisory Committee that production this year will approximate 6,600,000 tons in North America, compared with 6,200,000 tons last year.

Agency officials also estimated that from 40,000 to 50,000 tons probably will be needed in the first half of next year to make emergency shipments to friendly foreign countries.

Modern Study Club Discusses Contemporary American Art

Modern American Art was the program topic Wednesday at the Modern Study Club meeting in the Palette Club.

The program was planned in observance of American Art Week. Mrs. L. J. Epperson, of Midland spoke on the title subject and introduced as other speakers: Bob Baldwin of Modern House and Clayton Henri Staples, guest art instructor now conducting classes in the Palette Club.

Baldwin brought a display of mobiles, which are three dimensional pictures. One of the featured articles on display was a sun mobile

designed and created by Frederick Jean Thallinger of Croton-on-the-Hudson. The mobile is made up of the sun, earth, prominent flames, spectrum, Big Dipper, North star and the scientific symbol of infinity.

He also showed mobiles of a parrot, a face, a fish bowl and a Christmas tree. Stables, or mobiles which don't move, were mentioned briefly. He stressed functionalism in home living.

"Art does not progress," Staples said in his discussion. "The art of today is no better than the art of any other period. Each art period

L. related to its own time of living and art today merely fits into today's living."

Following his talk and an exhibit of several of his paintings, a question and answer period was held. Staples served for 30 years as art director at the University of Wichita in Wichita, Kan. At present he owns and operates a studio and summer art school in Cuchara, Colo. He plans to teach in Midland for four weeks.

Mrs. D. F. Edman distributed the tickets for the club-sponsored book review to be held November 30 in the Tower Theater. Mrs. Herbert

Pall Of Indifference Blankets Texas As Ballot On Amendments Approaches

By The Associated Press
The great pall of indifference blanketed Texas Friday as the date approached for a decision on five proposed changes in the state's constitution.
Equally unconcerned were voters about 12 races for seats in the Texas House of Representatives. That is understandable. The winners possibly never will serve in the present Legislature and probably will draw no pay.
The election is Tuesday.
Here and there, scattered local questions brought a smattering of interest.
Political observers said it's always been that way about constitutional amendments. Then, this is an election off-year. The big year for the voters will be in 1952.
The legislative races are to fill

vacancies. Unless there is a special session, the winners will not serve, since a new election is scheduled in 1952.
Special Session Possible
Also, many are running for positions that will be obsolete next year. Redistricting of the state will be in effect by the time the new Legislature meets, meaning many changes in the areas incorporated in many districts.
Possibility of a special session is strong. If voters Tuesday pass an amendment approving a higher ceiling on old-age assistance payments, Gov. Allan Shivers will call a special session to enact suitable legislation.
Also, some natural gas companies are paying the new tax on that resource under protest. That means the state can't get the money. The governor has warned that if a suit ties up the funds and threatens to put the state in the red, he will call a special session to find more revenue.
A spot check of several cities in Texas by The Associated Press shows absentee voting—usually a good indicator of how large the final vote will be—is very small.
Examples: Fort Worth has 88 absentee ballots; Corpus Christi 19.

Big Spring six, San Angelo 11, Lubbock nine, Amarillo 13, Gainesville 19, Greenville 14, Wichita Falls 26, Brownsville two.
Governor Shivers and civic groups have urged a good turnout at the balloting places Tuesday. The governor pleaded with the voters, not to let a minority of Texas citizens change the Constitution. "x x x a change in our fundamental law may prove to be much more important in the long run than the outcome of a political race," he said.
The proposed amendments in brief:
1. To authorize a statewide system of retirement and disability pensions for county appointive officers and employees.
2. To permit investment of the permanent University of Texas fund in securities other than federal, state and some city bonds.
3. To authorize a maximum tax of 50 cents on each \$100 valuation of property in rural fire prevention districts to provide equipment and personnel for fire fighting.
4. To permit the amount of bonds the state can issue for aiding veterans to buy farms and ranches to be raised from \$25,000,000 to \$100,000,000.
5. Increase the state welfare program ceiling from \$35,000,000 to \$42,000,000 annually.

Plea For Aid Lands Applicant In Jail
DECATUR, ILL.—(AP)—A stranded motorist with no money applied to the Decatur relief office for aid Thursday and ended up in jail.
Floyd A. Huston, 40, of Rockford, Ill., asked the relief office for five gallons of gasoline to make the 150-mile trip to his home.
The Decatur office checked with the Rockford relief office, which learned Huston was driving a stolen car.
A warrant was issued against him charging car theft and parole violation.

Former El Paso Officers On Trial For Stealing Car

LOS ANGELES—(AP)—Sam Farkas, a former bodyguard for gambler Mickey Cohen, Thursday denied he gave an automobile to two former El Paso policemen as they claim.
The former officers, Robert Fields, 25, and John E. Hartridge, 30, went on trial Thursday on auto theft charges. They claim Farkas gave them permission to take the car, which they drove to El Paso last August.
The car belonged to Harry Weire, Hollywood actor.
Deputy District Attorney A. B. Nathanson said Fields resigned from the El Paso Police Force and Hartridge was suspended for being "too friendly" with Cohen.
The pair also is charged with issuing bad checks.

Recruiting Office Has New Schedule

The U.S. Army and Air Force Recruiting Sub-Station here now is operating on a staggered schedule, with M. Sgt. Sedron Davis of Odessa in charge.
The office will be open here from 8 a.m. until 5 p.m. Tuesday and Thursday and the recruiter may be contacted in Odessa on other days.
Sgt. I. C. Shelby Wheeler, who has been operating the recruiting office on a full-time basis, has reported to Fort Bliss for reassignment.
An attempt is being made to get a replacement to operate the station here on a full-time basis again.

Tory Majority In Commons Drops

BARNSELY, ENGLAND—(AP)—The Conservative Party's overall majority in the House of Commons dropped to 16 votes Friday after a Labor Party victory here in the final contest of the general elections.
Thursday's election in this Yorkshire city—a traditional labor stronghold—was delayed for two weeks because the original Labor candidate died just before the October 25 election date.
Sidney Schofield, the new Labor candidate, swept to victory with a majority of 21,225 over the combined total of his Conservative and Liberal opponents.

Bulldogs Off For Big Spring To Do Battle With Steers

The Bulldogs of Midland and the Steers of Big Spring clash Friday in a District 1-AAA schoolboy contest. Kickoff time for the clash, to be unrehearsed in Big Spring's Steer Stadium, is 8 p.m.

Both squads were pronounced "physically fit and ready" for the clash which will find Midland a prohibitive favorite but Big Spring ready to do desperate battle in order to stay in the chase for the loop title.

Big Spring, at various times this season, has moved its offense from the split T, straight T and spread formations. The Steers expect to stick to the split T formation for the most part, although it would not be surprising if they went into the spread against Midland.

There will be very little difference in the line weights. The Midland forward wall expects to weigh 180 pounds to 178 for the Steers. The starting backfields will average 167 for Midland, 151 for the Steers.

Bill Mims, sophomore end; Roy Kinsey, junior wingback and Dan Black, defensive senior back, will act as tri-captains for the Midland team in the battle with Big Spring. The team's records: Midland 21, San Angelo 6. Midland 7, Ysleta 0. Midland 28, Crozier Tech (D) 9. Midland 13, Brownwood 19. Midland 13, Poly (Fort Worth) 13 (tie). Midland 34, Lamesa 7. Midland 14, Vernon 13.

Big Spring 14, Quanah 37. Big Spring 12, San Angelo 44. Big Spring 25, Bowie El Paso 39. Big Spring 0, Ysleta 40. Big Spring 12, Haskell 7. Big Spring 21, Plainview 20. Big Spring 0, Lamesa 34.

WING BACK—Roy Kinsey, Bulldog wingback, was the leading ground gainer in Midland's 14-13 win over Vernon last week. He'll be a tri-captain, along with Bill Mims and Dan Black, when the Bulldogs meet Big Spring Friday night.

Parilli Now On All-America Squad

NEW YORK (AP)—Babe Parilli, Kentucky's wizard "T" style quarterback, heads this week's 19 nominations to the Associated Press All-America squad, bringing the grand total to 145.

Parilli's work earlier this season was obscured by his team's defeats, but last Saturday he came into his own with three touchdown passes as Miami of Florida went down to defeat, 33 to 0. In all, he gained 103 yards on passes.

Recognition also was given John Coatta, the quarterback of Wisconsin's surprising team, who threw the winning forward pass in the last minute of play against Indiana.

The 1961 Associated Press All-America team will not be chosen until the big games of December 1 have been played.

These are among the 19 nominations for last Saturday:

- OFFENSIVE**
- East—Mitch Price, Columbia quarterback.
 - Big Seven—Dick Healy, Oklahoma halfback.
 - Southern—Billy Hair, Clemson halfback.
 - Southeastern—Babe Parilli, Kentucky.
 - Pacific Coast—Ollie Matoon, San Francisco University fullback.
 - Southwest—Alton Taylor, Texas Christian guard.
- DEFENSIVE**
- Southern—Ed Meadows, Duke guard.
 - Southeastern—Ralph Carrigan, Alabama linebacker.
 - Southwest—Ted Vaught, Texas Christian end.

Thirty Nine Texans On Pro Grid Clubs

By The Associated Press
Thirty-nine Texans and two others who played football in Texas colleges are performing in the National Football league this season. The oldtimers are Sammy Baugh of Texas Christian, Bulldog Turner of Hardin-Simmons and Stuart Clarkson of Texas A&M.

The two who played college football in Texas but are from other states are V. T. Smith of Abilene Christian College, with the Los Angeles Rams, and Bob McChesney of Hardin-Simmons, with the New York Giants. Smith, a halfback, is from Washington and McChesney, an end, from California.

Here are the Texans with their colleges and home towns:

- Chicago Bears—Ed Sprinkle, Hardin-Simmons, Abilene, end; Les Cowan, McMurry, Stamford, tackle; Wayne Hansen, Texas Western, Monahans, guard; Stuart Clarkson, Texas A&M, Corpus Christi, center; Ed Neal, Tulane, Wichita Falls, center; Clyde (Bulldog) Turner, Hardin-Simmons, Sweetwater, center; Brad Rowland, McMurry, Hamlin, back.

Chicago Cardinals—Cliff Patton, Texas Christian, Clyde, guard; Bill Cross, West Texas State, Canadian, back; Bill Svoboda, Tulane, Bonham, back.

Perform With Browns
Cleveland Browns—Forrest Gregg, Tulsa, Longview, tackle; Derrill Palmer, Texas Christian, Abilene.

Detroit Lions—Dan Rogas, Tulane, Port Arthur, tackle; Bobby Layne, Texas, Lubbock, quarterback; Don Walker, Southern Methodist, Dallas, halfback.

Green Bay Packers—Paul Burris, Oklahoma, Odessa, guard; Hamilton Nichols, Rice, Houston, guard; Tobin Rote, Rice, Houston, quarterback.

Cowden Eleven Cops Grid Twin-Bill With 26-0 And 7-0 Wins

With six straight football wins, the seventh grade team of John M. Cowden Junior High School wanted more.

So Coaches Glen-Rhodes and O. C. Penn scheduled a grid double-header here Thursday—and the Midland boys won it, taking the first game, 26-0, and the second, 7-0. Both games were against Lamesa, and ran the Cowden winning string to eight straight.

Jim Owens started scoring in the first game, ripping 60 yards up the middle to score. Owens romped 20 yards to tally in the second quarter, and S. L. Vann plunged for the extra point. Vann, in the third quarter, ripped 19 yards to tally and then in the final frame went 20 yards to score with Owens plunging for the twenty-sixth point.

In the second game, Midland held off several Lamesa first-half rallies and then came back to win in the last half on a nine-yard run by Joe Tom. Nichols plunged for the extra point.

Owens, Vann, Arthur Adams and Cunningham were standouts in the first game. Tom, Nichols, Smith Klapproth and Greathouse were the second-game stars.

In the final five games between the Yankees and Red Sox, the Boston team suffered three shutouts and made a total of four runs.

The Boston Red Sox lost 12 of their last 13 games in 1961. Their last nine games were all losses.

Middlecoff Leads North, South Meet

PINEHURST, N. C. —(AP)—Despite a costly lapse that cost him a stroke which might loom large by payoff time Sunday, Cary Middlecoff, the golfing dentist from Memphis, Tenn., was top man by one stroke going into Friday's third round of the North and South Golf Tournament.

Middlecoff came up with his second one-under par 71 Thursday for a 142 and a stroke edge over three rivals—Dick Chapman, the British Amateur Champion from Pinehurst; Jimmy Adams, Scotch member of the British Ryder Cup team, and Tommy Bolt, Durham, N. C., professional.

Although Middlecoff had his work cut out for him, with four challengers two shots away a 144 and four more at 145, his task was made easier by the troubles of Sam Snead and Julius Boros.

Snead, the White Sulphur Springs, W. Va., slugger, who captained the U. S. Ryder Cup team in its rout of the British here earlier this week and was favored to win his third North and South in a row, withdrew after skying to 78, the same score posted by Boros, of Southern Pines, N. C., the first day leader with 68. Neither could buy a birdie.

Ratliff Says It's Texas, SMU, Rice In Southwest Tilts

Texas lashes at Baylor Saturday in a game that can set the stage for a smashing showdown in the Southwest Conference football race.

The headliner of an all-conference schedule, Texas can make next week's battle with Texas Christian the all-important one if it knocks down the desperate Golden Bears.

Texas Christian is the most interested sideline spectator in the territory. The Horned Frogs don't play but they're hoping Baylor plays this one to the hilt and wins it. It would remove what appears to be the greatest obstacle in the path of the Frogs in their march toward a title and the Cotton Bowl.

Defeat for Texas would mean virtual elimination from the race. Defeat for Baylor would mean dashing any hope of even sharing the title. Should Arkansas, the upsetter of the season, kick Rice, TCU could start counting the money in the Cotton Bowl. Rice also would be out of the race.

Texas and Baylor clash in an afternoon game at Austin. Rice and Arkansas get together at Houston at night.

Everybody seems to be expecting Texas to beat Baylor, including Texas Christian. And Bill Henderson, Baylor scout, has tabbed Texas as the best team in the conference. The record wouldn't indicate Texas is better than Baylor except that records mean little when blood rivals like the Bears and Longhorns get together.

The Rice-Arkansas game should be a thriller and the Razorbacks are even money to clip the Owls' feathers.

Southern Methodist and Texas A&M play at College Station with nothing much up for grabs. A&M is a seven-point favorite to win but there's nothing guaranteed.

Grid Teams Fight For Bowl Spots

NEW YORK —(AP)—Major bowl spots will have their binoculars trained on half a dozen stadia Saturday but they'll painstakingly avoid one of the big football battles of the day.

That's the clash at East Lansing, Mich., between unbeaten, untied Michigan State, fifth-ranked nationally, and once-defeated Notre Dame, bounding back toward its former heights.

Neither is bowl fodder. As a member of the Big Ten not yet able to jettison the Western Conference's Rose Bowl gravy, Michigan State is ineligible. The Fighting Irish simply shun post-season activity.

But elsewhere you'll find the pieces gradually falling into place in the giant jig-saw puzzle that makes up the January 1 bowl program.

Feature games in this respect are at Los Angeles, where all-winning Stanford tackles once-defeated Southern California for the almost-certain Rose Bowl plum, and at Austin, Texas, where Texas and Baylor vie to keep their post-season aspirations alive.

As of this moment, the major bowl games stack up like this: Rose Bowl—Illinois (6-0) vs. Stanford (7-0) or Southern California (7-1).

Sugar Bowl—Maryland (6-0) vs. Tennessee (6-0). Cotton Bowl—Texas Christian (4-3), or Texas (6-1) vs. Tennessee or Georgia Tech (6-0-1).

Orange Bowl—Georgia Tech vs. one of the top southwest teams (TCU, Baylor or Texas). A crowd of 90,000 is expected to turn out at Los Angeles to witness the battle of the Western titans. If Stanford prevails, it must yet take the measure of Oregon State and California for a perfect yardage mark. Southern Cal, whose only blot is a 27-17 defeat handed its third stringers by Camp Pendleton, has UCLA and Notre Dame remaining.

Illinois, ranked second behind Tennessee nationally, can wrap up the other Rose Bowl berth by conquering Iowa this week and then subduing Ohio State and Northwestern. That's a considerable order but Illinois has proved itself considerable football team.

In the Southwest, which provides the host team in the Cotton Bowl, in its usual stew, with no team dominant, TCU leads the league with a perfect record and after a rest this week takes on Texas, Rice and SMU in that order.

The other bowl aspirants have a fairly easy week of it. Top-ranked Tennessee is a strong choice over Washington & Lee at Knoxville and Maryland, No. three, is favored to add to the woes of winless, down-trodden Navy at Baltimore.

Georgia Tech, tied by Duke last week, entertains Virginia Military Institute, no pushover but figured no match for the fast, offensive-minded Engineers.

Wisconsin, still in the running for Western Conference and Rose Bowl honors in case Illinois should stub a toe, risks its No. nine national ranking against Pennsylvania in one of the top intersectional frays.

Winneton and its tailback wizard, Dick Kazmaier, are expected to have a breeze at Harvard and extend football's longest current winning streak to 20 games. The Tigers are fourth ranked nationally.

Wisconsin, still in the running for Western Conference and Rose Bowl honors in case Illinois should stub a toe, risks its No. nine national ranking against Pennsylvania in one of the top intersectional frays.

The petitioner was the Commodities Credit Corporation. It claimed the CCC has receipts for grain stored in an elevator owned by Shannon with contracts dating back to Sept. 1, 1948.

The petition said Shannon failed to deliver the grain when he was ordered to and that he doesn't have the grain now.

Shannon has been ordered to appear in federal court in Amarillo November 16 for a hearing.

Shannon also was served with a restraining order directing him not to dispose of any assets until the hearing is held.

Shannon said the government had set the price of the grain considerably higher than it should be. He said the CCC still owed him about \$100,000 for grain storage.

Jailed Prof Blames Disgruntled Woman For All His Woes

SANTA BARBARA, CALIF.—(AP)—A handsome sociology professor Friday awaited his preliminary hearing on burglary charges and declared indignantly:

"Why, I never stole a single thing in my whole life."

Dr. Gwynne Nettler, labeled by his students as the best dressed prof on the Santa Barbara College campus, was arraigned Thursday on charges of burglary and one of carrying a concealed weapon, to wit: one pistol in his automobile.

At the same time, Dr. J. Harold Williams, provost of the college, announced Nettler had resigned.

The professor, in jail for lack of \$3,000 bail, comes up for preliminary hearing November 15. He insists he is innocent and blames a woman for his plight.

The authorities contend that by day, Nettler was a respectable teacher of sociological subjects, including crime detection, but that by night he looted rich homes in Santa Barbara's Montecito District.

Tip From Girl Friend
Sheriff's deputies who arrested him Wednesday on a tip from a disgruntled girl friend said they found stolen furnishings such as rugs, lamps, and chairs in the prof's \$150-a-month rented house.

The district attorney's office has refused to reveal the woman's identity, saying only that she will be a witness against Nettler when he comes to trial.

Nettler, however, had this to say about her:
"She and I had differences, you know, and she vowed that if she couldn't have me, no other woman shall."

Talking with reporters, the 38-year-old professor said he was raised in Boyle Heights, a tough section of Los Angeles.

Nettler apparently had risen above his environment, however, to become a doctor of philosophy and a fellow of the American Psychological Association. Before coming to Santa Barbara, he had taught at Pomona (Calif.) College, Stanford, Reed College in Oregon, and the University of Washington.

Wounded Negro Accuses Officers In Twin Shootings

EUSTIS, FLA. —(AP)— Sheriff Willis McCall and a deputy were accused by Walter Irvin of shooting him and killing a fellow negro prisoner without cause.

Irvin said Thursday night: Deputy James L. Yates shot him while he lay wounded on the ground after McCall fired two bullets into him.

He related Yates shot him in an effort to make sure he was dead. Irvin is a defendant in a rape case. Samuel Shepherd, also charged in the same case, was killed Tuesday night while he and Irvin were being returned from the state prison at Raiford.

McCall said he shot the two negroes when they "jumped" him and tried to escape when he stopped to inspect a faulty tire. Yates said he had no comment.

The two negroes were being taken to Tavares for a hearing in connection with a re-trial on charges they raped a farm wife in July, 1949.

They were convicted in September of that year and sentenced to death, but the conviction was reversed by the U. S. Supreme Court and a re-trial ordered.

Irvin gave his version of the shooting in a sworn statement to J. J. Elliott, special investigator for Gov. Fuller Warren.

He denied he and Shepherd tried to escape and also denied they struck the sheriff.

MHS Homecoming Set November 16

Midland High School's annual homecoming event for students and ex-students will be held November 16, it was announced Friday.

The homecoming event will take place in the Midland-Sweetwater football game, a stand-out 1-AAA engagement. There also will be a dance in the Youth Center following the game.

Friends and ex-students of MHS have a blanket invitation to come home, November 15.

Socony-Vacuum Shuts Off Fuel Oil Supply To British In Egypt

CAIRO —(AP)—The American-owned Socony Vacuum bulk storage plant told the British Friday it no longer could sell them fuel oil for military use. Egyptian workers will force the plant to shut down if such deliveries are made, the Americans explained.

Socony has supplied the British with oil through an arrangement with Shell Oil Company, which refines the oil Socony produces in Egypt.

EXCHANGES TO OBSERVE MONDAY AS HOLIDAY

NEW YORK —(AP)—Financial and commodity exchanges throughout the United States will be closed Monday in observance of Armistice Day.

Livestock markets will be issued as usual by the Department of Agriculture.

French Premier Wins Vote Of Confidence

PARIS —(AP)—Premier Rene Pleven won a vote of support in the French National Assembly Friday.

By a 303 to 219, the Assembly turned down a motion of censure against his middle-of-the-road government.

The two extreme parties—the Communists and General Charles De Gaulle's Rally of the French People (RPF)—voted against him.

Bulldog B Eleven To Meet Kermit Team

Midland's B Bulldogs, with three wins in five starts this season, will meet the Kermit B eleven at 8 p.m. Saturday in Memorial Stadium.

After this game, the B lads will have only one more game—a November 17 meeting with the strong Big Spring B club.

Last week the B team whipped Grandfalls varsity, 13 to 0, in an impressive showing.

The Midland B record: Midland 46, Snyder B 6, Midland 7, Big Lake 28, Midland 12, Lamesa B 14, Midland 13, Lamesa B 6, Midland 13, Grandfalls 0.

District Titles To Go On The Line In Schoolboy Football

District championships go on the line from Panhandle to Gulf Friday night throughout the far-flung divisions of Texas schoolboy football.

Five titles already have been determined and the bulk of the 75 remaining to be decided will be known this weekend.

The feature game of the state sends Texarkana to Waco in district five of the class AAAA division. Texarkana can win with the championship with a victory or tie. However, a defeat for Texarkana could throw the race into a mess.

In Class AAA, Grand Prairie plays at Paris in the game destined to determine the district three championship.

A smattering of games was played in the two divisions Thursday night. El Paso High whipped Albuquerque, N.M., 47-19, in an intersectional clash. Fort Worth Tech and North Side (Fort Worth) fought to a scoreless tie in a district three conference game in class AAAA.

Forest (Dallas) licked Crozier Tech (Dallas), 19-7, in a district four conference tie. San Jacinto (Houston) beat Jeff Davis (Houston), 21-14, in a district seven conference game.

Only one game was played in class AAA. Edison (San Antonio) ruined the chances of Harlandale (San Antonio) in the district six race by administering a 24-6 whipping.

Class AA already has three district champions—Tahoka, Cameron, Huntsville, district 20, and Cameron, district 23.

W. A. Dealy, Jr., Seminary Student Will Preach Here

W. A. (Al) Dealy, Jr. of the Austin Presbyterian Seminary will preach at morning and evening services Sunday in the First Presbyterian Church of Midland.

During World War II, Dealy served in the Pacific theater as a Marine Corps captain. Following the war he returned to his home in Dallas as assistant secretary-treasurer of the Dallas Morning News and operators of Radio Station WFAA. His late father, W. A. Dealy, Sr., had been widely known as president of The News. His mother resides in Dallas and his grandfather, G. B. Dealy, who died in 1946, was regarded as one of the great newspaper publishers of the nation.

Young Dealy, who is married and the father of a four-year-old son, decided last year to study for the Presbyterian ministry. He enrolled in the Austin Seminary.

In 1937, he was graduated from the University of Texas with a bachelor of business administration degree. In Dallas he was active in civic affairs and became prominent in Junior Chamber of Commerce activities.

Drouth Conditions Continue In Texas

AUSTIN —(AP)—Rainfall was below normal in Texas during October, and drouth conditions continued throughout most of the state, the Texas Board of Water Engineers said Thursday.

The agency's monthly review showed nine major reservoirs were only 44 per cent full at the end of October compared with 61 per cent storage a year earlier.

Records in key observation wells showed the ground-water table had remained at a record low generally throughout the state last month.

HOUSES FOR SALE 75

1600 Harvard Drive Austin Stone
Here is a very charming home in one of the most desirable locations in Midland. It wouldn't be fair to deny your family and yourself the pleasure of owning this darling. There are two large bedrooms with extra large wardrobes; lovely living room with dining area; cozy den and two baths. The gracious kitchen is the answer to any woman's dream. She'll have oodles of cabinet space and the arrangement is such as to make every day a happy day for the little lady. And, too, you will find a good size rumpus room for the kiddies. The large single car attached garage has plenty of room for extra storage. A feature that dad will like is the work shop that has been included. Wall-to-wall carpeting has been laid throughout. If you want comfort and beauty you will want to own this home. A pretty green lawn with shrubs and trees surrounds this dream-land. And a sturdy tile fence has been built. It is being sold (furnished or unfurnished) by the owner, Dave Bauer. As you probably have heard, the Bauer sisters, Midland's great golf duet, have accepted a position in Sarasota, Florida, and the family want to remain together, hence this home is being sold. Why not drive out with the family and inspect this wonderful home.

HOUSES FOR SALE 75

1600 Harvard Drive Austin Stone
Here is a very charming home in one of the most desirable locations in Midland. It wouldn't be fair to deny your family and yourself the pleasure of owning this darling. There are two large bedrooms with extra large wardrobes; lovely living room with dining area; cozy den and two baths. The gracious kitchen is the answer to any woman's dream. She'll have oodles of cabinet space and the arrangement is such as to make every day a happy day for the little lady. And, too, you will find a good size rumpus room for the kiddies. The large single car attached garage has plenty of room for extra storage. A feature that dad will like is the work shop that has been included. Wall-to-wall carpeting has been laid throughout. If you want comfort and beauty you will want to own this home. A pretty green lawn with shrubs and trees surrounds this dream-land. And a sturdy tile fence has been built. It is being sold (furnished or unfurnished) by the owner, Dave Bauer. As you probably have heard, the Bauer sisters, Midland's great golf duet, have accepted a position in Sarasota, Florida, and the family want to remain together, hence this home is being sold. Why not drive out with the family and inspect this wonderful home.

Stop Suffering
NO MATTER HOW LONG YOU HAVE SUFFERED, or what drugs you have put in your body, you can now hope for MIRACULOUS RELIEF with natural HOPE MINERAL TABLETS. In just a few days, you will see results. The black poisonous waste will begin to leave your body and you will feel a wondrous change. Mother Nature has blessed trees with FIFTEEN DIFFERENT MINERALS in Hope Mineral. Perhaps your body is craving just one of these to start your lazy organs working again.

Nature Heals
More and more doctors are turning back to nature for cures. Penicillin was discovered in a natural mold growth; raw onion will kill bacteria; and, a new substitute for blood plasma has been found in Okra Plants. NATURE PROVIDES: HOPE MINERALS come from the earth, manufactured in nature's own laboratory. There is absolutely NO ALCOHOL in Hope Mineral. It will not give you that false lift which wears off when the alcohol wears off. Before Your Time, lose that sparkle and feel dead tired, maybe your body is craving something.

New Life
Not only will you FEEL results with HOPE MINERAL, but you will SEE the results. Watch your elimination a few days after using HOPE MINERAL. You will see the waste—BLACK AS NIGHT—begin to leave your body and you will realize the minerals are doing their work. The years will begin to slip away and you will want to tell your friends and all the world about these wonderful minerals.

Guaranteed
Don't Suffer Another Day. We urge you to try a bottle of HOPE MINERAL TABLETS. Use it and if you are not wonderfully satisfied, we will gladly refund your money.

Permian Basin Oil And Gas Log—

(Continued From Page One)
805-1 and tubing pressure was 180 pounds.
Seaboard Oil Company of Delaware No. 2 TXL, 1,980 feet from north and 660 feet from east lines of the lease in section 45, block 37, T-3-S, T&P survey, was finished for a 24-hour flowing potential of 238 barrels of 39-gravity oil through a 20/64-inch tubing choke and from open hole at 7,115-7,204 feet. Gas-oil ratio was 850-1 and tubing pressure was 180 pounds.
Magnolia No. 2 William Shackelford is a new oiler in the Four Corner area of Southeast Midland County.
It was finished for a daily flowing potential of 434 barrels of 38.7-gravity oil through a 24/64-inch tubing choke and from open hole at 7,201-7,410 feet. Gas-oil ratio was 808-1 and tubing pressure was 225 pounds.
Location is 660 feet from north and west lines of the lease in section 8, block 37, T-4-S, T&P survey.

Westlund, Et Al, Gets Good Shows In Gaines Wildcat
Carl J. Westlund, trustee, of Midland, and associates, No. 1 Ellis Flanagan, South-Central Gaines County wildcat, 10 miles southwest of Seminole, and between the Flanagan and the Jenkins fields has shown, as a possible discovery from the Glorieta lime of the middle Permian and is now preparing to test shows of petroleum in the upper Clear Fork zone of the same formation.
The Glorieta was tested at 5,900-6,000 feet. The tool was open one and one-half hours. Recovery was 150 feet of highly oil and gas cut mud and approximately three gallons of clean oil.
Will Test Clear Fork
There were no signs of formation water. The prospector has drilled ahead to 6,393 feet in the upper Clear Fork line and is now conditioning the hole to run a drill-stem test on the zone above that point.
Samples in the upper Clear Fork have carried some indications of possible production.
Location is 660 feet from south and 1,980 feet from west lines of section 10, block A-23, psi survey.

Spraberry Trend Gets Three Wells, Seven Explorers
Seven more new explorations and three oilers have been added to the Spraberry Trend areas of Midland, Glasscock and Upton Counties.
Hewley Drilling Company No. 1-9 H. F. Neal will be drilled in the Benedum-Spraberry pool of Central-East Upton County. Site is 2,040 feet from north and 640 feet from west lines of section 9, GC&SF survey. It is to go to around 7,800 feet.
A three-quarter mile north outpost has been staked to Goldston Oil Corporation No. 1 Sherrod, recently completed pumping discovery from the Spraberry in the Northeast Upton County side of the Four Corner area.
Sunray Test
The outpost is Sunray Oil Corporation No. 2-18 Sherrod. It is 1,980 feet from north and 660 feet from west lines of section 18, block C, L&SV survey.
At the extreme east side of the Four Corner area in Southwest Glasscock County, American Republics Corporation staked locations for two Spraberry tests.
No. 3-10 J. O. Bigby and wife, will be drilled 1,999 feet from south and 1,979 feet from west lines of section 10, block 36, T-5-S, T&P survey.
Another Bigby
No. 4-10 J. O. Bigby and wife will be drilled 1,999 feet from south and 660 feet from west lines of section 10, block 36, T-5-S, T&P survey.
Seaboard Oil Company of Delaware will drill No. 1-18-4 Andrew Paskin in the Germania field of Northeast Midland County. Drill-site was set 660 feet from north and east lines of the southeast quarter of section 18, block 36, T-2-S, T&P survey.
Allied-Ashland Tankers, Inc., No. 2-36 W. A. Hutchison is to be dug an 8,000-foot Spraberry test in the Central-East Midland County side of the Tex-Harvey field. It is 1,320 feet from south and west lines of section 36, block 37, T-3-S, T&P survey.
Magnolia
In the same field, Magnolia Petroleum Company, will drill No. 18 E. T. O'Daniel and others. Location is 660 feet from north and west lines of the northeast quarter of section 1, block 37, T-2-S, T&P survey.
Two new oilers were added to the Tex-Harvey field of Central-East Midland County.
Ted Weiner, Trustee No. 4-1-A M. H. O'Daniel, 660 feet from north and east lines of the lease in section 1, block 37, T-2-S, S. Wright survey, was completed for a daily flowing potential of 744 barrels of 38.2-gravity oil through a one-half-inch tubing choke and from open hole at 7,112-7,245 feet. Gas-oil ratio was

Los Nietos Stakes Wildcat And Plugs Failure In SE Coke
Los Nietos Company has taken a wildcat location and abandoned a prospector in the vicinity of the Wendland-Ellenburger field in Southeast Coke County.
The new wildcat is Los Nietos No. 2 H. G. Wendland and is 2,970 feet from north and 2,310 feet from west lines of block 22, Jose A. Gutierrez survey.
That makes it one mile north-west of the one-well Wendland pool.
Projected depth is 5,500 feet with rotary tools. Operations will begin at once.
No. 2 Wendland is on a 5,012.3-acre block.
One mile southwest of the new location, Los Nietos has plugged and abandoned its No. 1 Wendland, at 4,394 feet in an unidentified formation.
Location is 1,376 feet from east and 330 feet from south lines of tract 1, G. W. Gaudle Paent, D&SE survey and six miles south of the McCutcheon field.

Sterling Is Site For Wichita-Albany Test
H. S. Moss of Dallas and others are scheduled to drill a 5,500-foot rotary tools wildcat in Southwest Sterling County.
It is the No. 1-A M. S. Dayvault and is 660 feet from north and 1,980 feet from west lines of section 1, block 13, SP survey and two miles southwest of the Marvin pool.
That makes it 10 miles southwest of Sterling City and three-quarters of a mile southwest of the Moss, et al, No. 1 Jackett, an active wildcat.
The 5,500-foot destination is calculated to take the venture to the Wichita-Albany. Operations will begin at once.

Sun Completes Oil Well From New Pay In NW Coke Field

Sun Oil Company has completed its No. 1 Blanks-Perkins unit as the discovery of a new pay for the South Lyggy-6,700 Caddo field in Northwest Coke County.
This exploration found commercial production in an upper Pennsylvanian sand. It was a failure in the Caddo. The Sun discovery is a southwest offset to the Caddo opener in the pool, which up to now is the only oil well in that reservoir.
Completed As Flowing Well
Sun No. 1 Blanks-Perkins completed for a 24-hour potential of 125 barrels of oil, flowing through a 14/64th inch tubing choke from perforated section at 6,011-22 feet.
That interval had been given a Hydracrac treatment. Gas-oil ratio was 1,545-1. Location is 1,980 feet from north and 660 feet from east lines of the S. M. Conner survey No. 72.

C-W Scurry Is To Get New Explorer
American Liberty Oil Company of Dallas has staked a 7,400-foot wildcat in Central-West Scurry County, 14 miles west of Snyder.
No. 1 Hugh Taylor will be drilled 660 feet from north and 1,980 feet from west lines of section 287, block 97, H&TC survey. That makes it two and one-half miles northwest of the Kelley-Snyder district. It is slated to test through the Pennsylvanian lime.

Ellison Stakes NW Stonewall Venture
Kenneth Ellison of Oklahoma City spotted a 6,500-foot venture in Northwest Stonewall County five miles northwest of Swenson as his No. 1 Pat Mitchell.
Drill-site will be 660 feet from north and east lines of section 247, block D, H&TC survey. Location is a southwest offset to the Woodley Petroleum Company and Kirby Petroleum Company No. 1 Tincy Godfrey, a 6,717-foot Ellenburger failure, which had some oil shows.

Smith Schedules NW Mitchell Test
Lloyd H. Smith, Inc., Houston, will attempt to extend Canyon reef production into Northwest Mitchell County with his No. 1 Chester L. Jones, 660 feet from south and west lines of section 60, block 20, Lavaca Navigation Company survey.
The 7,800-foot operation is one mile northeast of the Houston firm's No. 1 Boyd, recent one and one-half mile east extension to the Vincent, lower Canyon pool in Howard County.

Texaco To Deepen Midland Explorer
Three-quarters of one mile northwest of the Hi-Lonesome-Wolfcamp field of Northwest Central Mitchell County, The Texas Company is deepening No. 2-D Clarence Scharbauer to 10,900 feet for a test of the Bend lime of the Pennsylvanian.
Location is 1,980 feet from south and 660 feet from west lines of section 19, block 39, T-2-S, T&P survey.
The project was originally drilled to 8,750 feet in barren Spraberry.

SE Nolan Gets New Prospector
General Crude Oil Company has staked location for its No. 1 Elmer Jordan as a new wildcat in Southeast Nolan County.
Projected depth is 6,500 feet. Rotary tools will be moved in and drilling will begin at once.
Drill-site is 660 feet from north and east lines of section 24, block Z, T&P survey. That makes it six miles north of Blackwell and two and three-quarters miles west of the recently opened Hylton-Strawn pool.

Holman Says New Oil Finds, Technology Are Key To Demand

CHICAGO (AP)—The president of Standard Oil Company of New Jersey said Thursday new oil finds and new technological developments hold the greatest promise of meeting the constantly growing demand for more oil.
Eugene Holman of New York City told the American Petroleum Institute's closing session that world oil consumption, exclusive of Russia now is more than double what it was 12 years ago.
"We can get some idea of what this means when we consider that the increase in domestic use in each of the past two years was more than the oil output of the entire state of Oklahoma. To take care of an annual increment of this magnitude requires that much new oil—a new Oklahoma each year."
From Domestic Fields
Holman said most of the oil American consumers will use in the future "undoubtedly will come from domestic fields."
"Recently," he said, "major discoveries have been made in the Scurry and Spraberry areas (in Texas). Today we may be on the verge of seeing important developments in the Williston Basin (ND) and Uinta Basin (Utah). Tomorrow the names will differ, but the story will be the same."
"Many of these finds are not 'new' in the sense of occurring in fields that have not been explored before. New finds may be made beneath, or above, older producing horizons, or in places where... all previous reports have been: 'No show of oil.'"
The kind of "newness" represented by such finds, Holman declared, "holds our greatest promise."
"It springs from the almost limitless soil of human ingenuity," he said.

E-C McCulloch Gets Shallow Prospector
W. A. and Clinton Lankford will begin drilling immediately on their No. 1 Bill Lankford, wildcat in East-Central McCulloch County.
Location is two miles southwest of Placid and 1,400 feet from south and east lines of block 797, August Zahn survey.
The project is to be drilled to a projected depth of 660 feet.

Houston Men To Dig Schleicher Wildcat
Frank and George Frankel of Houston have staked location for their No. 1 W. A. Williams as a wildcat in Northwest Schleicher County.
It will be drilled to a depth of 7,300 feet with rotary tools, beginning immediately.
Location is 1,980 feet from north and east lines of section 27, HD and WT survey and 18 miles northwest of Eldorado. That makes it one mile southeast of the Tankersley field in Irion County.

Gifts Get Wrapping Of Glamor

By using only imagination and materials at hand, this young woman has solved the problem of wrapping odd-shaped gifts.

By GAILE DUGAS
During the Christmas season, it isn't so much what you get, it's what you get it in. This is just another way of saying that the prettier the wrappings, the more desirable any gift seems.

Giving a jar of purple plums to Aunt Lydia and a bottle of hair tonic to Uncle Clovis immediately creates certain problems. How can you make the plums look attractive and how can you disguise the hair tonic sufficiently to give it glamor? It's simple. A jar of anything—plums, kumquats, moth balls—can take on a new look if it's prettied up by candy canes hooked around the top. These canes, perhaps six of them, can be secured in place by transparent tape. Then decorate the top with a large ribbon bow that has a center of tiny bells. Bow, too, is fastened with tape.

The hair tonic for Uncle C. can wear a jolly disguise in the form of a paper Christmas tree. Make a cardboard pattern of the tree shape, as high as the bottle, leaving one-fourth inch of space free

Glass jar of plums is brightened with candy canes, its top covered with ribbon bow.

Homemade cookies are placed in boat-shaped bread basket, given holly-leaf sail.

Tree sides should project at angles. Last, make stars of alternate paper colors, attach them with tape at top of tree.

The bride who can't cook probably deserves to get a casserole. Her husband would appreciate it, particularly if it comes wrapped in

recipes. Casseroles and things like that are always tough to do. The handle is always poking through the paper and the lid invariably falls off and breaks.

First thing to do, then, is to tape the lid on securely with strips of red tape. Then, criss cross holly leaves on the sides and fasten with tape. These leaves can be cut from red-and-green art paper, with the red ones an eighth of an inch larger than the others.

Next, hand-letter recipes on the dark green leaves with white ink, arrange about the center of the

knob and fasten with tape. Give the handle and the knob big, glossy ribbon bows.

If you feel like giving someone a pie, homemade or otherwise, don't just hand it over in a tin. Instead, fasten paper doilies to the top and bottom of the pie tin with tape.

Then, put together a Christmas wreath by taping holly leaves in a circle. Fix the wreath to the top doily with tape and finish the whole thing off with a big, stylish bow.

People are always giving—and getting—homemade cookies at Christmas. If you get some, you'd probably rather they arrived in a pretty basket and not an old shoe box, though the shoe box kind of thing has been popular for years.

For your cookie gifts, use a boat-

Texas Almanac Has Story Of Midland County's Growth

The 1952-53 Texas Almanac is off the press and among the many interesting facts and figures about all of Texas, there is a story to be found in the great population growth charted by Midland County.

As is generally known, Midland County was carved out of part of Tom Green County in 1885. Now, from figures found in the Almanac entitled "100 Years Population Growth by Texas Counties," here is what happened in Midland County.

In 1890, when the county was just five years old, it had a population of 1,033. By 1900, this was increased to 1,741 and by 1910 there were 3,464 persons in Midland County. Then came a drop. The county reported 2,444 population in 1920.

Ah yes, but Midland County sprang up rapidly in population in the next 10 years, recording 8,005 in 1930. By 1940, this figure was 11,721.

Growth? You said it. In 1950, Midland County had 25,785, which was a gain of 120.0 per cent over 1940's mark.

In Midland County today, there are but two post office installations—Midland and Terminal. The Terminal Post Office was established in October 1948.

Go Out Of Picture
Through the years, there have been several post offices in the county but for one reason or another, they passed out of the picture.

Did you know that around 1909 there was a Slaughter, Texas, in Midland County? There was. It was located between Midland and Stanton. Also in the early 1900's, there was a post office called Midkiff, located in the southeast sector of the county. It is said some of the old trees that surrounded this post office still are in existence to mark the spot of a departed, once-bustling postal installation.

Warfield community, between Midland and Odessa, twice has had a post office. But both faded.

Can't Buy Stamps There
Once, you could buy stamps and mail packages at Germania in Midland County. But you can't now. The post office has long gone since World War II and the community is called Paul. It is said the postmaster at Germania went off to war and there was no one to substitute for him and thus the post office died.

Many said that was just as well since the name Germania was not so popular in World War II time.

One busy post office in Midland County that disappeared was a branch of the Midland Post Office at Midland Army Air Field. It did a rushing business during World War II. But when the war was over and the base abandoned, it disappeared as did the early post offices of Slaughter and Midkiff.

Use Lay-Away Plan To Avoid Late Rush Christmas Shoppers

The Midland Christmas shopper is determined not to be-caught in the late shopping rush this season. Taking advantage of a Pre-Christmas lay-away plan being sponsored by Midland merchants, the early shopper already has laid away more Christmas gifts this year than he did during the entire season last year, according to the merchants.

And the Christmas shopping season doesn't even officially open until November 27.

Midland Merchants are well pleased with the public's response to the Pre-Christmas Lay-Away Plan and are quick to point out its advantages.

It permits the shopper to choose from a more complete selection of gifts.

And by laying them away early, the gifts can be paid for by the time Christmas arrives.

Already Making Rounds
With the Midland Christmas shopper already making his rounds, the spirit of the Yuletide season is seeping into the downtown area as the windows and store interiors take on a colorful holiday hue.

And preparations are underway for the sparkling Christmas parade, sponsored by the Junior Chamber of Commerce, which will be held at 7 p.m. November 27.

Following the parade, Midland shoppers will participate in the annual Christmas Treasure Hunt which attracts thousands of persons to the downtown show windows.

Stores will remain open four Thursday nights. They will be open the nights of November 29, December 6, 13 and 20.

However, all stores will close at 5:30 p.m. on Christmas Eve.

Possils of three and five-toed Eolippus horses are found in the John Day fossil beds near John Day, Oregon.

Triple Amputee Brings Down Deer

POCATELLO, IDAHO—(P)—La-Verl Johnson bagged his deer on his first shot this year.

Spotting a deer, he dismounted from his horse, sighted with one hand and dropped the deer with a shot through the head. The animal was a running target, 75 yards away.

This is not too unusual—except that Johnson is a triple amputee and gets around mostly by wheel chair.

Leatherneck Foils Commies In Korea

FIRST MARINE DIVISION, KOREA—(P)—Opl. Clarence Baraman took an old mortar shell casing, a couple of discarded helmets, a few cigarette butts and ration cans and made himself a swell dummy machine gun position on a ridge.

The shell casing was the "machine gun." The helmets were placed at the head of two old sleeping bags and the cigarette butts and ration cans were scattered around.

Then Baraman and his comrades withdrew. Next morning North Koreans rushed the dummy position and 15 of them were killed by the waiting Marines, Baraman said.

There is a way out of the deep darkness that engulfs the world; it is the way of the Bible, the way of light.

The sweet Singer of Israel found this way and exclaimed, "Thy word is a lamp unto my feet and a light unto my path." The prophet Isaiah knew of it when he told the Israelites, "The Lord shall be unto thee an everlasting light, and thy God thy glory."

The Bible has been God's Pillar of Fire to lead men and nations out of darkness into light. The chaotic blackness of the Augustan Age was shattered by the Light which came out of Israel in fulfillment of the Scriptures. In this light new faith and hope were born.

The darkness of the Middle Ages disappeared in the brightness of the Renaissance and the Reformation when the leaders of men searched the Scriptures and found the Light of God. Every great revival of spiritual religion has cleared the mists from human eyes and lighted man's way to peace.

The darkness that envelops the world today will roll away on the wings of the morning when men and nations turn back to the Bible and back to God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DADDY RINGTAIL

Daddy Ringtail And Old Gray Mule

Old MacDonald has a farm, ee-ee-ee-oh! And on that farm there was a mule, ee-ee-ee-oh! The mule was an old gray mule, and his name was Lightning because he was

never quick or in a hurry the way that lightning is. Now the old gray mule whose name was Lightning was a great favorite of Old MacDonald. Lightning was a pet and he would eat out

right out of your hand. Besides, Lightning could wiggle his ears. A wiggle down to the side meant "yes." A wiggle down to the front meant "no." Oh, Lightning was a very wonderful mule indeed, as you can plainly see.

Yes, but Old MacDonald now was going away for a little vacation, and where on where should Lightning stay? Who oh who would look after him? "Daddy Ringtail," said Old MacDonald, "what should I do with Lightning while I am away?" "Well," said Daddy Ringtail, "I could look after Lightning myself, except I too may go away for a little vacation. Old MacDonald, why don't you leave Lightning with the Huffen Puffen?"

Yes, and why not leave Lightning with the Huffen Puffen? The Huffen is a friendly wolf, you know, and he said he would do his best to give Old Lightning the best of care.

"Don't let him eat green apples," said Old MacDonald. "Lightning will have the stomach ache, if he eats green apples."

"Oh, I won't let him eat them, I won't," promised the Huffen.

"Be sure he goes to bed every night at dark," said Old MacDonald. "When Lightning doesn't sleep enough, he is cross all day the very next day."

"Oh, I will see that he sleeps enough at night, I will," promised the Huffen.

"See that he doesn't catch a cold," said Old MacDonald.

"Oh, I will, I will," promised the Huffen.

And so Old MacDonald kissed Lightning a goodbye kiss, and away Old MacDonald hurried to begin his vacation. But did he enjoy a happy vacation? No, sir, he didn't. He worried and fretted all the time about whether Lightning had a stomach ache, or whether Lightning was sleeping enough, or whether Lightning was catching a cold.

Silly, silly Old MacDonald to worry, because Lightning all the time was healthy and happy as a mule. Happy day!

Comely Brunette Is Head Of Washington Corporation

By ARTHUR EDSON
WASHINGTON—(AP)—The president of Washington's newest corporation is a luscious looking brunette named Marjabelle Young.

The secretary is a luscious looking brunette named Anne Hinson and the treasurer is an L.L.B. named Julie Shadel.

And every one of the stockholders of Shy, Inc. is pretty enough to be a model. Which, by the way, is what each of them is.

All these tidbits were disclosed last week at what was easily the prettiest news conference ever held here.

Miss Young explained to the reporters that in the past it has been every model for herself. Under the corporation, she said, the girls won't have to go out and drum up jobs for themselves, for the chore will be done through Shy, Inc.

(The name, Shy, comes from the initials of the last names of the three officers: Shadel, Hinson and Young.)

Miss Young said she figures the corporation will develop new lines of business, like serving as hostesses at the hundreds of conventions held here.

Can Pin On Roses

"We can even pin on roses," she said, "and heavens knows more roses are pinned on here than anywhere in the world."

Purely in the interest of science,

of course, I circulated around to see what the models did in their spare time, and it turned out that most of them have husbands and half of them have children.

Really?

"Really," said Nancy Hinkle DeMaas. "Now you take me. I've got a Marine." And as if to prove her point, her Marine came up, and thinking of nothing to say at the moment, I drifted on.

One unmarried model is 21-year-old Joan Brooks, Miss Fire Prevention of 1951. But, she said, "I'm pinned to a football coach, a big one."

At this point Miss Young called the meeting to order, and each of the 20 models sauntered up and signed the contract.

One stockholder missed the signing.

"Virginia Johnson can't be here," Miss Young said. "She has the measles."

On this clinical note, the stockholders' meeting broke up.

IT'S MOURNING, PLUS WARNING—Like penitents of the Middle Ages, motorists in Munich, Germany, dressed in weird black costumes, parade through the city streets in a demonstration against the rising death toll of traffic accidents. There is a black cross for each of the 217 persons killed in Munich traffic last year. (NEA-Acme photo by Gerhard P. Seinig.)

CHRISTIAN SCIENCE SOCIETY
607 North C Street
9:30 a.m.: Sunday School
11:00 a.m.: "Adam and Fallen Man" will be the subject of the

lesson-sermon in the church service. The Golden Text will be "Ye were sometimes darkness, but now are ye light in the Lord; walk as children of light; . . . proving what is acceptable unto the Lord."
The lesson-sermon reference also will include "The law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death." Romans 8:2.

And from "Science and Health with Key to the Scriptures," the Christian Science textbook by Mary Baker Eddy, the reference will be "Christ is the ideal Truth, that comes to heal sickness and sin through Christian Science, and attributes all power to God. God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did 19 centuries ago."

Just Send Mail To White House

McALESTER, OKLA. — (AP) — When George Washington, cook at the White House Cafe, reported at his draft board, he had trouble.

"What's your name?" asked the Selective Service official filling out the questionnaire.

"George Washington."

The draft official non-plused, but continued: "How do you get your mail?"

"Just send it in care of the White House," George Washington smiled.

Way Is Discovered To Beat Auto Traffic

COLUMBUS, OHIO. — (AP) — The General Machine Products Company has found a way to beat Columbus automobile traffic—they use airplanes.

When company officials have business at North American Aviation Inc., they hop in a plane of the nearby Jones Flying Service and make the trip in six minutes. Ordinarily it takes 45 minutes to drive from one plant to the other. The company claims it saves money as well as time.

The turban was a favorite head covering of many ancient peoples, including the Armenians, Babylonians and Phoenicians.

Song To A Christmas Tree

By GAILE DUGAS

Had you been alive in the year 1851, you might have wanted a Christmas tree for the holidays.

But if you had been living in Cleveland, Ohio (or elsewhere, for that matter), and had put up a tree, you would have been boycotted in business, possibly threatened with discharge by your employer and otherwise placed under community pressure.

The Christmas tree, which we now take for granted, wasn't known in this country a hundred years ago. It was introduced first to the startled members of Cleveland's Zion Lutheran church by the Rev. Henry C. Schwan, their pastor.

He remembered nostalgically the Christmas trees of his youth in Germany. The tree was prettily decorated with candles, apples, gilt, tinsel and candies.

Its effect on Clevelanders was immediate and electric. The tree threw the town into an uproar. But despite the high feeling about it, the Reverend Schwan and his flock had another tree the next year. First Clevelanders got used to the idea, then they took it to heart.

Through the practice of having a tree as part of the Christmas celebration is thus only a century old in this country. It dates much farther back in Europe. St. Boniface, an English monk living around 700 A. D., brought the custom with him to Germany when he was sent there as a missionary.

He replaced the sacrifices to idols with fir trees adorned in honor of the Christ child. This custom came from early tree worship and is also related to the laurel of the Romans and many pre-Christian festivals.

Eventually, what became a German custom traveled back to England in 1841, by means of Prince Albert, husband of Queen Victoria. The German prince had a Christmas tree at the palace that year and soon

English families were imitating the royal family.

In Seventeenth-Century France, travelers reported seeing Christmas trees beautifully decorated with roses made of colored paper, apples, wafers, gold foil and sugar. And Paris, the City of Light, can lay claim to having had the very first community Christmas tree at the Tuilleries around 1840.

The beauty of the tree has made people see it as a symbol of good-will and joy. There are even songs in its honor. One of the oldest of these, and the best known, is the German: "O Christmas Tree" (O Tannebaum). To the familiar melody, its lyrics run: "O Christmas Tree, O Christmas Tree, how sturdy God hath made thee!"

Thus, no matter what the color of the tree you bring home this year—blue, pink, white or the traditional green—you're following a custom dating to the druids and made merry and bright through the passing of years.

Youngster Is Quick To Oblige His Dad

BOELUS, NEB. —P. No. he didn't swallow his gum, two and one-half year-old Bruce Jensen insisted.

Then where did he put it, his father, Paul Jensen, inquired. "I put it on a chair," said Bruce. His father asked which one.

"Move over, daddy; move over and I'll show you," replied the boy.

Columbus Church Has Wrestling Minister

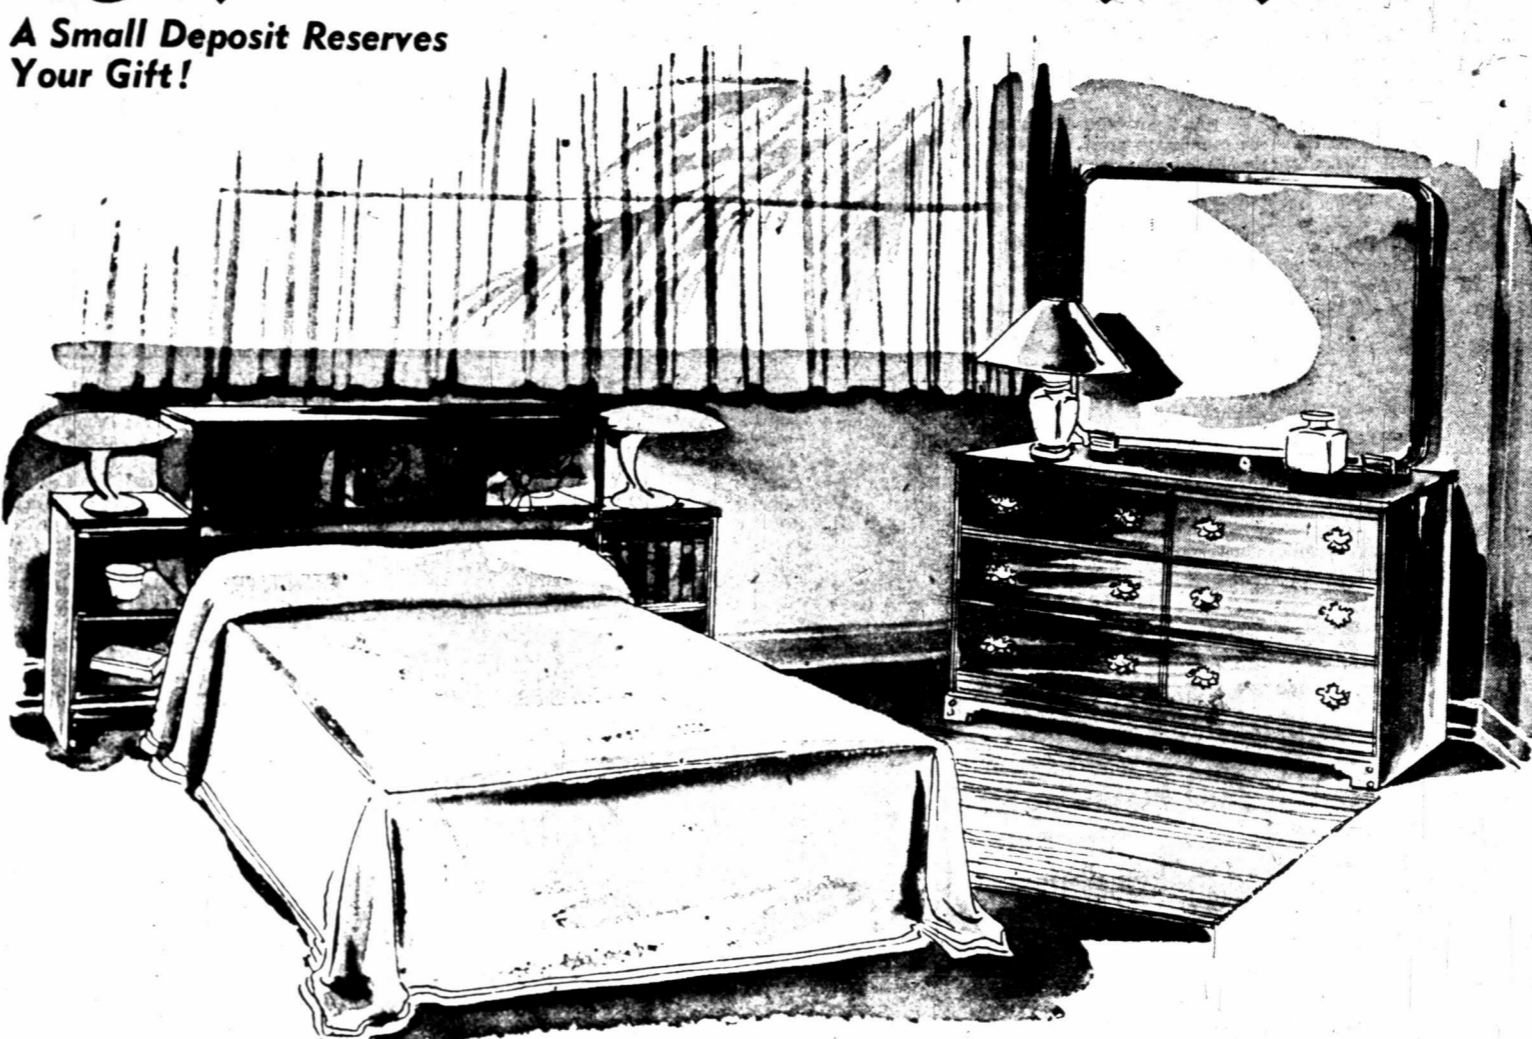

COLUMBUS, OHIO —P. The Rev. William Charles Jones wrestles with sin—and other wrestlers. He is pastor of the Nelson Memorial Presbyterian Church. While he never wrestled professionally, he taught wrestling at Hanover College in Indiana and at the University of Kentucky. Every few days the 190-pound preacher goes downtown to Al Haft's second-floor gymnasium for a workout with some of the promoter's professional mat stars. The professional wrestlers treat him just like any other wrestler—except they watch their language a little more.

FULL DRESS DEBATE

KUALA LUMPUR, MALAYA —P. A delegation of the Malayan railway traffic operating union showed up in dress suits to discuss salary questions with the government. Its president headed a 12-man group that wore black ties and white suits as a mark of mourning for British High Commissioner Sir Henry Gurney who was killed by Communist terrorists October 6.
