Moore Has Shows Of Oil And Gas At S-C Iron Project

Moore Exploration Company of Midland found some slight shows of oil and gas in a lower Strawn sand in the Pennsylvanian at its No. 1-P W. M. Noelke estate, South Central Iron County prospector.

The first show came in a drill-stem test at 7,400-96 feet. The tester was open four hours. There was a fair blow of air at the start and gas and oil started spraying out at the top after the tool had been opened 40 minutes. The spray continued for most of the rest of the test period.

Recovery Free Oil
Recovery was 100 feet of 39.8 gravity oil and 320 feet of oil and gas cut drilling mud.

The project deepened to 7,498 feet and tried a drillstem test. The packer was set at 7,465 feet. The packer slipped and there was no test.

Operator then set the packer at 7,469 feet and ran a one hour drill-stem test to the total depth of 7,498 feet.

There was a blow of air at the top for five minutes and it then died. Recovery was 35 feet of oil and gas cut drilling mud. There were no signs of water on either test.

Will Test Again
The project is now drilling below 7,564 feet in sand. It will drill a little deeper and then stop and take another drillstem test late Tuesday or early Wednesday.

The widest is 12 miles southwest of Merton and 660 feet from north and east lines of section 1, G.C. & S.F. survey, A-148, certificate 3273. It was started out to dig to 8,300 feet to test the Ellenburg.

If it should develop commercial production in a higher formation it probably would stop and complete.

Work Stopped On Mendota Wildcat In SW Glasscock

Operator is moving off rotary equipment at Mendota Oil Company No. 11-A wildcat in Southwest County, after an eight-hour swabbing run made only load oil and salt water.

Swabbing was at the rate of one barrel of fluid per hour. It was 20 per cent load oil and 80 per cent salt water. The section swabbed was the upper Spraberry.

After rotary is moved off operator probably will move in cable tools and deepen to the lower Spraberry, according to unofficial and unverified sources.

No. 11-A Daniels is 660 feet from south and west lines of section 10, block 35, T-5-S, T&P survey and 12 miles southwest of Garden City.

Four Corner Area Gets Ten Projects, Two New Producers

Ten new explorations and two new oilers have been reported for the Four Corner area of the Spraberry Trend area.

In the Northeast Upton County portion of that region, Phillips Petroleum Company spotted locations for seven projects. The concerns No. 11-A through 13-A Tippet will be drilled in section 26, block 38, T-5-S, T&P survey.

No. 11-A is 668 feet from north and 671 feet from west lines of that section. No. 12-A is 2,004 feet from south and 1,980 feet from east lines of the section. No. 13-A Tippet is 668 feet from north and 1,980 feet from west lines of the section.

Phillips No. 14-A and No. 15-A Tippet will be drilled in section 47, block 38, T-5-S, T&P survey. No. 14-A is 2,004 feet from north and 660 feet from east lines of the section. No. 15-A is 660 feet from north and east lines of the section.

More On Tippet
Phillips No. 16-A Tippet will be dug 668 feet from north and 1,980 feet from east lines of section 27, block 38, T-5-S, T&P survey.

Phillips No. 6-A Tippet will be dug 668 feet from north and 660 feet from west lines of section 39, block 38, T-5-S, T&P survey.

John A. Barnett and Ashland Oil & Refining Company spotted sites for three tests in the Southwest Glasscock County Side of the Four Corner area.

Their No. 1-3 R. S. Davenport will be dug 660 feet from south and west lines of section 3, block 37, T-5-S, T&P survey. Their No. 2-3 R. S. Davenport is 660 feet from south and 1,980 feet from west lines of section 3, block 37, T-5-S, T&P survey.

Their No. 3-3 R. S. Davenport will be drilled 1,980 feet from south and west lines of the same section. (Continued On Page 10)

Ridgway Hikes Atrocity Estimate

Newsprint To Be Placed On Essential List

WASHINGTON—(P)—Newsprint shortly will be declared essential, clearing the way for a 250,000-ton expansion of producing capacity in this country, it was reported Tuesday.

Arthur R. Treanor, retiring as director of the Printing and Publishing Division of the National Production Authority (NPA), said the ruling he has sought for months "undoubtedly will be favorable" and may come this week.

Treanor foresaw a slight improvement ahead in newsprint supply and a probability that it will not be necessary to impose a rationing system.

In an interview, Treanor paid tribute to the willingness of newspaper publishers to conserve supplies. There also has been "remarkable cooperation," he said, in the voluntary arrangement by which bigger newspapers divert part of their shipments to small papers which run into trouble.

"Newsprint will be critical for a great many years in spite of gradual enlargement of the mill capacity here and in Canada," he said. Six proposed new mills or additions, representing an estimated 250,000 tons additional annual capacity by 1955, have been hanging fire pending a review of the committee's decision. The plants represent a planned total outlay of about \$63,000,000.

Applications now pending include projects of the Bowater Paper Company, Inc. in Eastern Tennessee, \$39,725,000; Southern Paper Mills, Inc., Lufkin, Texas, \$15,040,000; West Tacoma Newsprint Company, Steilacoom, Wash., \$5,000,000; Great Northern Paper Company, Maine, \$2,000,000; Michigan Paper Company, Plainwell, Mich., \$1,500,000; Crown Zellerbach Corporation, West Linn, Ore., \$124,000.

New City Buses May Start Rolling Here February 1

Midland's first public transportation system in more than a year is scheduled tentatively to begin operation February 1.

City Manager W. H. Oswalt said Tuesday he had been informed that delivery of five buses has been promised late in January.

He said he had been informed by Raymond Thomason, Jr., one of the operators of the new bus company, that orders had been placed for the buses—three of which will be 31-passenger vehicles and the other two, 27.

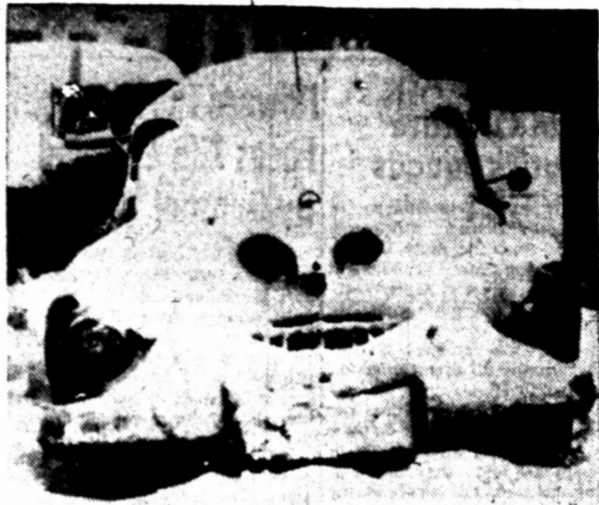

Midland voters early this month approved a 20-year franchise for the company.

Dove Delivered To U. S. Delegation

PARIS—(P)—A white dove of peace in a blue cage, was delivered to the United States delegation to the United Nations Tuesday.

The bird arrived by messenger. The delegation said it had no idea who sent it.

Soviet Foreign Minister Andrei Y. Vishinsky was presented a dove last week as a symbol of world union.

SNOW MONSTER—A 13-inch snowfall struck the City of Cleveland, Ohio, slowing traffic to a near-standstill and causing many suburban schools to be closed. This car resembles a grinning monster as it is piled with snow as high winds caused drifts as high as seven feet.

City Maps Plans For Safer, More Orderly Traffic

An intensified traffic program, aimed at eliminating hazardous conditions on city streets and creating a more orderly flow of traffic, was ordered Monday afternoon by City Manager W. H. Oswalt.

The program was worked out in a lengthy conference between Oswalt and Police Chief Rube Hemingway after a railway crossing tragedy Sunday night claimed three more traffic deaths for the city.

As a direct result of the Sunday night accident, Oswalt said the city would request the erection of mechanical warning signals at the city's seven railway crossings.

"Only two of the crossings, those at Terrell and Main Streets," he said, "now have mechanical warning devices."

"The other five crossings have nothing more than signs, which have no reflecting devices so they can be seen at night."

But the traffic program outlined by Oswalt is not confined to railway crossings.

"Of course," he said, "we are going to try to eliminate the more dangerous traffic hazards first. A list of them has been compiled and we are now taking steps toward correcting them."

Hazards Eliminated
The list was compiled by Sgt. Jack Tramm, head of the Police Department's traffic detail.

The parade, to begin at 4:30 p.m., will include Boy Scouts, representing the dead and injured, and a long line of wrecked vehicles pulled by tow-cars.

Injuries Fatal To Monahans Woman
MONAHANS—Funeral arrangements were pending Tuesday for Mrs. Myrtle Hammer, about 50, who died Monday night of injuries received earlier in the day in a car-train collision here.

Mrs. Hammer was manager of the El Reno Hotel here.

A Texas & Pacific troop train struck Mrs. Hammer's car at the Ida Street crossing in the eastern outskirts of Monahans at 9 a.m. Monday, hurling the automobile into a telephone pole.

Survivors include two daughters, Mrs. Doris Nell Russell of Monahans and Mrs. James Jones of Texas; a brother, Jack Young of Ozona; a sister, Mrs. Mildred Graham of Monahans; three half-brothers, and three half-sisters.

Brief Services Held For Crash Victims
Brief rites for Paul Dillon and his six-year-old daughter, Paula Elaine, who were killed in an automobile-train collision here Sunday, were held jointly in the Newvie W. Ellis Chapel at 2:30 p.m. Tuesday with the Rev. Vernon Yearby officiating.

Funeral services for them will be held at 11 a.m. Wednesday in the First Baptist Church at Audley, Texas, and interment will be there.

The body of Lester Flannigan, who also was killed in the accident, has been forwarded to Centralia, Ill., and funeral services have not been announced, the Ellis Chapel reported.

Mrs. Pansy Dillon, who was injured in the crash, remained in a critical condition in a Midland hospital Tuesday. She was the wife of Dillon and mother of the child.

Survivors of Dillon and the child include the widow and a daughter, Eva Dell, of Midland; Mr. and Mrs. Leroy Dillon of Bradford, Ill., his parents and his brother, Jim Dillon also of Bradford, Ill.

Abdullah Takes Off On Flight To Samia
DALLAS—(P)—Sheppard W. (Abdullah) King called himself a "very, very happy man" as he waited for the plane which would take him to his future wife—Egyptian dancer Samia Gamal.

King left here at 4:15 a.m. Tuesday on a non-stop plane (American Airlines) for New York.

King's itinerary after leaving here scheduled his arrival in Cairo Thursday. He and Samia plan to be married this weekend.

Truman To Talk Politics

KEY WEST, FLA.—(P)—President Truman interrupted a Florida vacation Tuesday to rally the Democratic Party for the big fight in 1952.

He flew back to Washington for a speech at 9 p.m. (CST) at a banquet of the National Woman's Democratic Club in which he is expected to leave undisclosed whether he will seek reelection.

His speech will be broadcast on the ABC network.

The President told a news conference here Thursday he will not say yes or no until after he has sent three major messages to Congress in January, and that it may be even a little later.

Keeps Promise To Wife
Truman took off in the presidential plane "Independence" at 7:58 a.m. from the Boca Chica Airport on his flight to Washington.

His decision to interrupt for little more than 24 hours his work-and-play vacation in Florida carried out a promise he made to Mrs. Truman some time ago to talk to the National Woman's Democratic Club. She will fly back to Key West with him Wednesday.

The political speech has been in preparation here for some time. His aides regard it as the most important party speech since a September talk at a Democratic luncheon in San Francisco, where the President laid into the Republican opposition.

The President has been dividing his time since he came here November 8 between walking, swimming, sunning and work on his State of the Union and other messages and conducting regular business with his staff at the Little White House.

He will leave Washington at 8 a.m. Wednesday on the return flight and remain here, possibly until the middle of December.

UN Debate On Arms Limitation Delayed

PARIS—(P)—British and Russian jockeying for the star speaking position forced a suspension of debate Tuesday on Western disarmament proposals before the United Nations Political Committee.

Both British Minister of State Selwyn Lloyd and Soviet Foreign Minister Andrei Y. Vishinsky want to speak last in the discussion opened Monday by U. S. Secretary of State Dean Acheson.

A British spokesman said he believed the "very profound impression" created in the 60-member committee by Acheson made Vishinsky hesitate to answer too quickly.

According to this view, the Russians do not want to appear before the world as spurning the Western plan without considerable thought.

Despite pleas from Committee Vice Chairman Carlo Bianco of Cuba for speakers, the group adjourned, until Wednesday after brief talks by Brazil, Peru, Haiti and Iran asking the big powers to compose their differences in order to reduce the burden of armaments on the world.

Meanwhile a welter of unconfirmed rumors of small power "mediation efforts" swept through the corridors of the Palais de Chaillot, Paris, prominently mentioned as trying to find a way of breaking the East-West deadlock were Argentina, Canada, India and Israel.

Members of the jury which returned the verdict to Judge R. W. (Bob) Hamilton included J. C. Williamson, foreman; H. S. McFadden, O. B. Jones, E. N. Spiars, O. H. Jones, Henry McSpangler, A. B. Fabian, Lee B. Park, Thomas M. West, M. Brazzil, Clyde G. Sharrer and J. C. Bradley.

Developments Crimp Hopes For Armistice

TOKYO—(P)—Allied headquarters Tuesday said there is "considerable evidence" that about 6,000 American soldiers died in Red atrocity killings, although bodies of only 365 have been recovered.

The statement from Gen. Matthew B. Ridgway's headquarters made no mention of Communist countercharges of Allied atrocities.

Each side accused the other of atrocities in Korea while the Panmunjom circus tent truce talks were in a one-day recess asked by the Communists. The Reds wanted time to study a United Nations proposal for a tentative cease-fire.

General headquarters of the UN Command made it clear the report of wholesale Red atrocities issued last week by Col. James M. Hanley did not involve an increase in the known American dead in the Korean war.

There were two notable differences between the GHQ report and Hanley's. The headquarters' figure of 6,000 was almost 500 above Hanley's. The colonel listed his total as definitely atrocity victims. GHQ said "neither the fact nor manner of death" of all has been established.

It also gave Hanley this mild reprimand for releasing the figures: "His duties do not involve responsibility." (Continued On Page Four)

Tax Probe Looks Into Own House

WASHINGTON—(P)—The congressional committee making a many-sided investigation of federal tax scandals went behind closed doors Tuesday to take a look at activities of its own chairman.

The House Ways and Means subcommittee probing irregularities of the Internal Revenue Bureau decided to look further into rumors Representative King (D-Calif.) had brought "improper influences" to bear on certain California tax cases.

King said the rumors were false, and called the full inquiry himself. High Official Quits

The committee expects quickly to get back to its investigation of the Internal Revenue Bureau, shaken again Tuesday by the resignation of another top official.

Daniel A. Bolich stepped aside as assistant Internal Revenue commissioner. He said he was quitting because of his health.

His resignation was the third among the bureau's top level officials since last June. It came at a time when the committee reportedly had him under investigation.

There were these other developments:

1. Senator Williams (R-Del.) announced that Attorney General McGrath had assured him Charles O'Gara would not be fired as assistant U. S. attorney in San Francisco for telling senators there was "a shocking system of corruption" in the San Francisco Internal Revenue Bureau.

2. An official announcement impeded involving the office of the Detroit collector of Internal Revenue—the nature of which was not disclosed.

Jury Assesses Eight-Year Term In Club Robbery

A 70th District Court jury Monday afternoon convicted N. L. Jackson of burglary in connection with the 1949 robbery of the Service Club and fixed his penalty at eight years in the State Penitentiary.

Jackson was one of three charged in connection with the robbery, in which the safe was carried from the club and blown open. An estimated \$1,200 cash and some checks were taken.

Members of the jury which returned the verdict to Judge R. W. (Bob) Hamilton included J. C. Williamson, foreman; H. S. McFadden, O. B. Jones, E. N. Spiars, O. H. Jones, Henry McSpangler, A. B. Fabian, Lee B. Park, Thomas M. West, M. Brazzil, Clyde G. Sharrer and J. C. Bradley.

U. S. Plane With Four Aboard Missing

FRANKFURT, GERMANY—(P)—A U. S. Air Force C-47 transport plane with four crewmen aboard vanished Monday enroute from Bavaria to Belgrade. A mammoth air search was organized to comb the Northern Adriatic Sea, where it may have crashlanded.

The pilot's last emergency message, at 4:16 p.m. Monday, reported the plane was "low on fuel and I'm not sure I can make Venice or an emergency landing."

Ten C-52 "Flying Boxcars" and one C-47 were dispatched from Germany to Rome to set up an advanced search base for the plane, lost less than a week after another Air Force transport crashed into a French mountain with 36 fatalities.

Aboard the missing plane were two officers, two airmen and miscellaneous cargo for American diplomatic and military personnel at Belgrade. The plane took off from Erding Air Base at 9:58 a.m. with enough gas for eight hours of flying.

HOSPITAL AUXILIARY—The Woman's Auxiliary to the Midland Memorial Hospital recently began publication of a monthly pamphlet, Review which featured, among other articles, a series of stories on the hospital's history. Members of the staff pictured above are Mrs. John P. Butler, at typewriter, and Mrs. Coy Watson, at table. Others, left to right, are Mrs. Vernon Redpath, Mrs. W. D. Lane, Mrs. M. C. Ulmer, Mrs. Walter Cowden, Mrs. Clyde Sharrer, Mrs. C. M. Goldsmith, Mrs. Ralph Geisler and Mrs. Ray Gwyn. Readers of the Review are invited to write letters asking questions to be answered in the magazine, providing the letters are signed with the writers name and address.

Nine Leaders Complete Study

Girl Scout leadership certificates were presented to nine women Monday at the investiture service and program which climaxed the Scout training course.

Certificates went to Mrs. W. A. Dunn, Mrs. Jack Locke, Mrs. Loren Shock, Mrs. D. K. Coffman, Mrs. D. A. Chase, Mrs. R. K. Shock, Mrs. Jack Petosky, Mrs. J. T. Windham and Mildred Ehrig. Thirteen women attended one or more sessions, but did not qualify for certificates.

Mrs. Petosky acted as spokesman for the Brownie Scout group which reviewed the arts and crafts program they have been studying. Mrs. J. C. Rinker was the instructor. The Intermediate group presented a pantomime and flannelgraph prepared in connection with the Troop Dramatics Badge. Mrs. C. C. Boles was spokesman and Mrs. I. A. Searles, instructor.

Refreshments were served by Mrs. W. L. Woolley, vice president.

Junior Music Club Is Formed By 17 Young Musicians

The young musicians from the studio of Homer B. Meek, Jr., met recently in the home of Mrs. J. P. Wilkinson to form a Junior Federated Music Club.

"The Clavier Club" is the name of the newly-organized group. Carol Ann Wilkinson was elected president, Elaine Johnson, vice president. Sue Michener, secretary, treasurer; Janice Michener, historian, and Hope Russell, reporter. Meek is the sponsor.

Miss Wilkinson gave a short report on the life of Bach. Piano solos were "Hide and Seek" (Cora Mae Raezer) played by Marion Wilkinson, "Prelude in D Minor" (Bach) by Miss Wilkinson and "Gavotte in G Major" (Bach) and "Scherzo in A Minor" (Bach) by Jane Park.

Other members of the club are Lorita Shock, Marcille Shock, Jerry Mathews, Martha Marks, Mary Breedlove, Kathie Erwin, Betsy Monroe, Hettie Currie and Jack Michener.

Midland Churches Will Observe Thanksgiving With Services

Midland churches will open their doors Thursday for special services in observance of Thanksgiving Day. The annual Union Thanksgiving Service will be held at 10 a. m. in the First Methodist Church under the sponsorship of the Midland Ministerial Association. The Rev. Robert J. Snell, rector of the Trinity Episcopal Church, will be the main speaker. His sermon topic will be "Thanksgiving Thoughts." The Rev. F. W. Rogers, pastor of the Church of the Nazarene and president of the association, will preside. Dr. R. Matthew Lynn, pastor of the First Presbyterian Church, will lead the prayer and the scripture will be read by the Rev. C. B. Hedges, pastor of the Trinity Baptist Church. Music will be under the direction of George DeHart, minister of music at the First Methodist Church. Also included in the service will be "Every good gift and every perfect gift is from above and cometh down from the Father of light with whom there is no variableness, neither shadow of turning." The passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, will be "God is not moved by breath of praise to do more than He has already done nor can the infinite do less than bestow all good, since He is unchanging in wisdom and love." St. Ann's Catholic Church will have mass at 7 a. m. Thursday according to the Rev. Thomas J. Kennedy, O. M. I. A mass of Thanksgiving will be held at 7 a. m. in the St. George's Catholic Church, according to the Rev. Edward Murray, O. M. I. The church also will say the rosary in Spanish at 2:45 p. m. over KJBC.

Organists Guild Hears Talk By George DeHart

George DeHart gave a paper on "The Christian Year" at the Monday meeting of the American Guild of Organists. The Guild met in the First Christian Church. DeHart, dean, presided at the meeting and the minutes were read by Mrs. Joe Mims. DeHart read the monthly letter from the national headquarters in New York. The national committee on publicity requested the cooperation of the chapters in a church survey, which, when compiled, will give the total national audience with which members of the guild are associated professionally. Robert Reilly and Joanne Himmel were appointed to make the survey. Members voted to sponsor William C. Teague, organist, in a recital here in January. Committees were appointed to make the arrangements. A program of Christmas music will be given at the next meeting, December 17. Others attending were Edith Conyers, Mr. and Mrs. Ben Dansby, Jr., Ruth Ann Farrer, Warren Hammel, Mrs. Albert Kelley, Mrs. Preston Lea, Mrs. Joe Mims, Wallace Wimberly, Lotta Williams, Mrs. James R. Smith, Mrs. Charles Reeder, Mrs. Stanley Hoke and Mrs. Bernice Stephens.

Modern Study Will Announce Contest Winners

Winners of the Modern Study Club poster contest will be announced Wednesday at a meeting in the home of Mrs. Brandon E. Rea. The contest is being held in connection with the club-sponsored book review scheduled for 10 a. m. November 30 in the Tower Theater. Mrs. Herbert Emery of Dallas will review "The Scandalous Mrs. Blackford," Kane. The contest was open to the art students of Ines Parker, art supervisor. Monday was the deadline for entries. Three winners will be chosen from the following contestants: James Johnson, Tommy Webb, Helen Bowen, Elaine Conger and Jane Beakey and Patay Wells, who collaborated on a poster. Following the judging the posters will be displayed in downtown stores. Mrs. Douglas F. Edman is ticket chairman for the book review and Mrs. Carl Westlund, president, will introduce the speaker.

Ridgway—

(Continued From Page One) abilities for reporting of casualties arising from the Korean operations. "Of the 10,836 persons (Americans) still carried as missing in action," the report said, "there is no conclusive proof as to the number of dead, though there is considerable evidence to justify presumption of death by atrocity of a large number which may approximate 6,000." Broadcasts from Red radios in Pyongyang and Peiping conceded some American prisoners of war had died in prison camps but denied the report issued by Colonel Hanley of the Eighth Army's legal section as an "absurd lie" and a "slander." Red radios in turn accused the Allies of (1) killing 17,000 Chinese and Korean Red prisoners of war or allowing them to starve to death, (2) killing or injuring 14,500 North Korean civilians in bomb raids, and (3) shipping out 1,000 Korean and Indo-Chinese Reds for use in atomic tests. A UN command spokesman called the atom story "pure fabrication." Red Switch Aims Simultaneously, top level Reds made an abrupt switch in their true aims. Red radios gave no indication whether Communist armistice negotiators would advance this new pattern when truce talks resume at Panmunjom at 11 a. m. Wednesday 8 p. m. Tuesday (CST). The new, high-level Red statements could set truce talks back to where they were when they started four months ago. The North Korean foreign minister proposed injecting punishment for war crimes against Koreans. Red China's foreign minister endorsed the truce plan of Soviet Foreign Minister Andrei Vishinsky, including an immediate cease-fire, a buffer zone along the 38th parallel and immediate withdrawal of foreign troops from Korea. UN Command negotiators have turned all these points down and indicated they would do so again if the Reds raise them. Communist negotiators themselves long since abandoned these points and switched to talking about a cease-fire along the battle line. Rejection Suggested The Communists have promised to reply Wednesday morning (Tuesday night, U. S. time) to the newest UN truce plan aimed at a Korean armistice within 30 days. Views aired by Red radios in Peiping and Pyongyang suggested the Communist negotiators might reject the plan. The Allied plan, advanced Saturday, would fix a tentative cease-fire line now. This would become permanent if an armistice is signed within 30 days. Even if the Reds accept, Ridgway said, "there will be no cessation or slow-down of ground operations in Korea."

Midland Memorial Hospital Reports Record Population

Midland Memorial Hospital, whose growth has just about matched that of Midland itself, boasted a record-breaking population Tuesday. Administrator Richard Harrell said 91 adults and children and 21 babies were being cared for on Tuesday, the largest number ever to be in the hospital at one time. "On this day a year ago," he said, "we had only 33 patients, not counting the babies. So we have almost tripled in the last year." He pointed out that the hospital originally was designed to care for 75 adult patients. "But we still can't turn anyone away," he added. "We can always find some place to put them." Since the hospital was opened in July, 1950, it has cared for 5,463 patients and a total of 993 babies have been within its walls.

Jan Knickerbocker Weds Roger Coverly

Mr. and Mrs. A. Knickerbocker announce the marriage of their daughter, Jan, to Roger Coverly at Billings, Montana. The ceremony was held Monday in the First Presbyterian Church of Billings, with the Rev. Claude Clayton Boydston officiating. Mr. and Mrs. W. W. Walmaley, former Midland residents, were in attendance. Mr. and Mrs. Coverly will be at home in Sidney, Mont.

Church Group Reports Plans For Yule Fair

The Christmas Fair, to be sponsored by the Woman's Society of Christian Service of the St. Mark's Methodist Church, will feature handmade white holiday candles. It was announced recently by Mrs. Brandon Rea, publicity chairman. The fair will be held December 7 in the David Crockett Elementary School Auditorium. Mrs. Joe LeMasters will be in charge of making the candles. It also was announced that the doll committee would furnish complete wardrobes, including such items as blue jeans, shorts and nurses uniforms. Mrs. G. C. Merket is committee chairman. Mrs. W. C. Hammit has been named chairman of the decoration committee. No committee meetings have been scheduled for the next 10 days.

P-TA Will Sponsor Annual Open House

The High School Parent-Teacher Association will hold its annual open house for parents at 7:30 p. m. November 27 in the school. New teachers will be introduced and refreshments will be served by the home economics department. The open house will begin with a meeting in the high school auditorium. The P-TA announced that it had received a good response from the 1,200 invitations to membership which have been sent out. It extended another membership invitation to those who have not yet responded.

2,500 Miles Of New Farm-Market Roads Approved

AUSTIN — Plans for construction of 2,500 miles of farm-to-market roads were approved Tuesday by the State Highway Commission. This includes 80 per cent of the program for which the 52nd Legislature provided funds, Chairman E. H. Thornton, Jr., of the commission said. The remaining 20 per cent will be taken care of at the commission's December meeting. In the 20 per cent, Thornton said, agreements have not yet been reached between county officials and the Highway Department on roads to be improved. He said he hoped these differences could be ironed out quickly.

Woman Found Dead in Swimming Pool

MINERAL WELLS — Mrs. C. A. Moline, about 60, of Wichita Falls was found dead in the swimming pool of the Baker Hotel Tuesday. A hotel employe found the body about 7 a. m. Justice of the Peace J. R. Watkins returned an inquest verdict of suicide by drowning. "Mrs. Moline, a cripple, was fully clothed. Her cane and hotel door key lay on the bank of the swimming pool."

City Maps—

(Continued From Page One) dead-end street into a 10-foot drainage ditch. Since that time, Oswald said, the dead-end has been eliminated by excavating North Lee Street until it is even with Mulberry Lane, which also serves as a drainage ditch. For the first time, he said, the city is going to erect "dip" warning signs at intersections where there are dangerous dips. These will be placed near the intersections of Mulberry Lane with Lee, Lamesa Road, Madison, Minnola and Terrell Streets and the intersections of Terrell with Kansas, Tennessee and Ohio Streets. The city manager said another dangerous condition existed where four streets are brought to a dead end at the eastern part of a new storm drainage canal being constructed by the county. "At these points," said Oswald, "the drainage canal is uncovered and we have asked the county to construct suitable barricades with adequate reflectors that can be seen at night." The city also will seek the elimination of visual obstructions at busy intersections. "Some of these are shrubbery and trees on city-owned property," said Oswald, "and we will see that they are removed." While the elimination of hazards is important, the city manager said the traffic program also includes a more orderly flow of traffic. Hemingway said all available police officers would be concentrated in the business district during the peak traffic periods. "There will be no more double parking," said the police chief, "not even around the Post Office. I am giving orders to my men to keep the traffic moving and to eliminate all double parking." Sidewalk Blocking Another common complaint, he said, has been the blocking of sidewalks around service stations and grocery stores by automobiles. "I sent men around Monday," said the police chief, "to contact the operators of drive-in cafes, grocery stores, drug stores, service stations and other such businesses to keep the sidewalks clear around their places." Midland motorists, too, will see within the next few days a change in the operation of its traffic signal lights. Oswald said a master control box has been installed and that a traffic expert will arrive in Midland Tuesday to study the situation here and recommend the best system of timing the traffic lights so the traffic will move in an orderly fashion.

WCS Has Combined Meeting Of Circles

The Woman's Society of Christian Service of the First Methodist Church met in a joint meeting of the circles Monday for the last study of the book, "The Americas." Mrs. Luther Tidwell spoke to the group on "The Voice of the Andes." Mrs. Earl Chapman was in charge of the film, "Wings of the Word." It was announced a new morning circle will be formed in the home of Mrs. J. H. Frazier, 424 East Magnolia Street, Monday. All women of the church who are not members of a circle are invited to attend. Thirty persons attended the meeting.

Babs-Tone—

(Continued From Page One) home town, shortly after Tone was released from a hospital here. He spent several days in bed recovering from a beating given him by actor Tom Neal in a dispute over the blonde actress' affections. Meanwhile, Tone lost a round Monday in his legal dispute with columnist Florabel Muir. He wants to question her in connection with a contemplated suit—he accuses her of listening in on telephone conversations he had with Miss Payton—charging libel and invasion of privacy. But superior court ruled she won't have to give a deposition in the case at least until after Tone's trial December 11 on charges of battery and disturbing the peace. These charges stem from a night club encounter October 29 during which, Miss Muir alleged, Tone spit in her face and kicked her shins. UNDERGOES SURGERY James Dobson, 311 Cottonwood Circuit, recently underwent surgery at Western Clinic-Hospital.

Steadily Rising Temperatures Seen

By The Associated Press Mid Autumn weather prevailed in Texas Tuesday following a night in which freezing temperatures hit scattered points from Waco to the northern boundary. The U. S. Weather Bureau said temperatures should show a steadily rising trend the new few days. Waco, in Central Texas, had an overnight minimum of 31 degrees. The lowest in the state was 25 at Junction and Salt Flat, the highest was 53 degrees at Brownsville, in the extreme southern tip. Yesterday's maximums ranged from 49 degrees at Texarkana, in the northeast corner, to 68 at Presidio, on the Mexican border.

New City Police Patrol Car Damaged

One of Midland's new police patrol cars was damaged slightly Tuesday when it struck a railroad track at the Big Spring Street crossing. Officer Bill Miller reported he was chasing a speeder west on North Front Street and, when he turned south on Big Spring Street, he struck the railroad track. Police Chief Rube Hemingway said the extent of the damage had not been estimated.

Tennessee Goes To Top Spot; Baylor Bears Are Tenth

NEW YORK—(AP)—Tennessee reclaimed No. 1 position in The Associated Press football poll Tuesday, pushing Michigan State back into the runner-up spot.

The Sugar Bowl-bound Volunteers, who meet Kentucky Saturday in one of the top games of the day, received 60 of the 166 first-place votes cast by sports writers and broadcasters across the nation.

The Vols won their eighth straight game last weekend, smashing Mississippi, 46-21. Michigan State's Spartans, meanwhile, had a tight squeeze with battered Indiana before prevailing, 30-26.

Tennessee and Michigan State have staged a nip-and-tuck battle for national honors from the very start of the campaign.

The Spartans led the first two weeks, California barged in for a single week on top and then Tennessee took over for a three-week reign. Michigan State shot to the front a week ago after a rousing 35-0 victory over Notre Dame.

The Spartans lost some luster against Indiana and drew 38 first-place votes compared with 55 in the previous poll. They get another chance to impress the experts against Colorado Saturday.

Illini Scoreless
There was no change in the personnel of the top 10, but the order of standings underwent a slight shakeup. Illinois, held to a scoreless tie by Ohio State, was the only member of the elite not to win its game.

The fighting Illini tumbled from third to sixth place while Stanford and Maryland, impressive winners over formidable rivals, pushed to the front of contention.

Stanford leaped to third place on the strength of its 35-14 triumph over Oregon State. Maryland, already named as Tennessee's opponent in the Sugar Bowl, smothered North Carolina State, 33-0, and won fourth place.

The Indians, apparently assured of a Rose Bowl assignment, received 18 first-place votes while Maryland collected 26. Both rated more than 1,000 points on the basis of 10 points for a first-place vote, nine for second, etc. Stanford had a total of 1,193 and Maryland 1,167.

Princeton, working on football's longest current winning streak of 21 games, also moved up a notch, from sixth to fifth. Georgia Tech finished seventh and Wisconsin, Kentucky and Baylor held firm to their positions of 8-9-10.

Stanford's perfect record is threatened this week by the game in Palo Alto with California. Maryland closes with West Virginia Saturday.

Princeton plays Dartmouth, Illinois meets Northwestern, Georgia Tech clashes with Davidson, Wisconsin opposes Minnesota and Baylor faces Southern Methodist.

The top 10 (with first-place votes and season's records in parentheses):

Rank	Team	Record	Points
1.	Tennessee	(8-0)	1348
2.	Michigan State	(8-0)	1290
3.	Stanford	(9-0)	1193
4.	Maryland	(8-0)	1167
5.	Princeton	(8-0)	814
6.	Illinois	(7-0-1)	802
7.	Georgia Tech	(2-8-0-1)	673
8.	Wisconsin	(3-6-1-1)	442
9.	Kentucky	(4-7-3)	339
10.	Baylor	(6-1-1)	333

Martin Reveals Ticket Plan For Playoff Tilt Here

Season ticket holders will get a chance to obtain their regular seats for the Midland-Breckenridge bi-district game here at 2 p.m. December 1—provided they present evidence of the seats they hold to Wesley Martin, ticket director.

This evidence shall be: (a) ticket stubs from previous games or (b) cancelled check for the purchase of season tickets or other bona fide evidence of season ticket holding. The ticket applicant must have proof of the seat he held and may purchase no tickets other than the number or numbers he holds.

This proof of having held season tickets must be presented to Martin at the Midland High School building no later than noon November 24.

Each ticket holder who has turned in to the school officials his ticket or tickets with his name and address on the back will not have to go through the above procedure.

The season ticket holders may pick up the tickets in the foyer of the Midland High School Auditorium next Monday between the hours of 8 a.m. and 6 p.m. That definitely is the latest they may be picked up.

Sale of tickets—other than the ones for season ticket holders—will begin at 9 a.m. November 27 and continue until 5 p.m. The tickets will be on sale the same hours through November 30 at the high school.

The entire stadium, with the exception of sections H, M, N and O, will be reserved.

Tickets left over will be on sale at the stadium at 10 a.m. December 1—the day of the game.

Martin said no ticket requests will be taken by telephone and no tickets will be "pulled" and held.

Each ticket purchaser will be limited to 10 tickets when the sale of tickets other than the season tickets begin November 27.

Adult tickets will go at \$2 each and student tickets are 50 cents each.

101 Cars Start Pan American Race

MEXICO CITY—(AP)—The first of 101 competitors in the 1,933-mile Pan American auto race roared across the starting line at 7 a.m. Tuesday.

American and European stock cars, piloted by drivers from eight countries, are competing for a first prize of \$23,180 and for others ranging down to \$1,159 for tenth place.

The order of starting Tuesday was fixed by a lottery 10 days ago. Cars left every minute. First car to start was a Chrysler driven by Jose Antonio Marin of Mexico.

The first American to start was Bud Bennett of Los Angeles, Calif., who drew second place in the draw. He was driving the Oldsmobile which won last year's race.

The first European to start was Louis Chiron, French racing champion, in a French Delahaye, in fourth place.

Capt. Ian C. Eddy, Naval Academy Director of Athletics, played right guard on the 1929 Navy eleven.

FATHER KNOWS BEST—Amos Alonzo Stagg, 89, right, who has retired and returned to the gridiron more times than he can remember, gives his son, Amos Alonzo, Jr., some pointers as the latter's undefeated and untied Susquehanna eleven crushes Haverford, Pa., College, 27-7. The Old Master turned over the reins to his son at Susquehanna, in 1947, after 37 years as a head coach, 40 at the University of Chicago. (NEA)

District 1-AAA Grid Standings

District 1-AAA winds up its district play for 1961 this week.

Midland already has topped the district title, and Tailback Ralph Brooks jumped to the front in scoring by tabbing 12 points in the 39-0 romp over Sweetwater. Brooks now has 84 points.

Games this week find Midland at Plainview, Vernon at Lamesa and Big Spring at Sweetwater.

The standings:

Team	W	L	T	Pts	Opp
Midland	4	0	0	133	29
Vernon	2	1	1	64	39
Lamesa	2	1	1	73	53
Plainview	1	1	2	38	54
Sweetwater	1	3	0	47	85
Big Spring	1	3	0	23	121

Lubbock, Ysleta Meet Saturday In Bi-District Tilt

LUBBOCK—(P)—The quarter-final Class AAAA playoff football game between Lubbock and Ysleta will be played at 2 p.m. Saturday at Kidd Field in El Paso.

The site and time was decided Monday after officials of the two schools met in Hobbs, N.M.

Warren Giles, new president of the National League, was born in Tuskawilla, Ill.

Graham Captain, Injured By Bucks, Now In Hospital

DALLAS—(P)—Kenneth Knox, captain of the Graham High School football team, was in a hospital here with critical injuries received in a game at Breckenridge last Friday.

Hospital attendants said he suffered a brain injury.

Bulldogs, Coaches Feted With Dinner

Members of the Midland High School football team and their coaches were entertained with a dinner by the Baptist Brotherhood of the First Baptist Church Monday night.

The dinner was held in the recreation hall at the church. More than 140 persons attended and viewed a film, "Southwest Conference Highlights Of 1950." Charlie Mason gave the devotional.

Kentucky Accepts Cotton Bowl Bid

DALLAS—(P)—The Cotton Bowl settled down to a "lets you and him fight" routine Tuesday, its troubles all taken care of for another year. It has Kentucky as the visiting team and knows the host eleven is coming up—the winner of the most unpredictable race in Southwest Conference history.

The colorful Wildcats from the Blue Grass country Monday voted to accept the Cotton Bowl's invitation and play the Southwest Conference champion, no matter whom it might be, in the sixteenth annual Dallas New Year's Day classic.

Kentucky still has to meet Tennessee at Lexington, Ky., Saturday.

The 1950 Cotton Bowl selection was made under similar circumstances. Taking a chance, the Cotton Bowl invited Tennessee—which still had to meet Kentucky. Tennessee came through with an upset of Kentucky and made the Cotton Bowl look mighty good. Kentucky then went to the Sugar Bowl and beat Oklahoma to end college football's mightiest winning streak.

Cotton Bowl officials are making no bones about it—they'd like for Kentucky to beat Tennessee Saturday. "I'm a real Kentucky fan," smiled Leonard M. Green, Cotton Bowl president.

Vols In Sugar
Tennessee already is in the Sugar Bowl, opposing Maryland.

Kentucky, coached by Paul (Bear) Bryant, has played in Texas twice in the three years. In 1949, Southern Methodist beat the Wildcats 20-7. Last September Texas defeated Kentucky, 7-6.

This Is New?
The Southwest Conference race is a mess. It can be clarified Saturday but the champion can not be determined before December 1.

Texas Christian and Rice are tied for first place with 3-1 records. Baylor is next with 2-1-1, followed by Texas with 2-2 and Southern Methodist with 1-2-1. Texas Christian, Rice, Baylor and Texas all have a chance at the title. Southern Methodist could tie for first place.

Saturday, Texas Christian and Rice play at Fort Worth, Baylor and Southern Methodist at Waco, Texas has one more game—against Texas A&M at College Station November 29.

Kentucky will be playing its third bowl game. The Wildcats were in the Orange Bowl in 1950, losing to Santa Clara, 21-13, and in the Sugar Bowl last January 1, beating Oklahoma, 13-7. Texas, Rice, Southern Methodist and Texas Christian all have been in both the Cotton Bowl and other major bowls. Baylor never has played in either.

Baylor is favored in many quarters to win the conference championship. If so, it would match two of the game's finest quarterbacks Kentucky's Parilli and Larry Isbell. There has been considerable discussion this year over which is the better. Both are great ball-handlers and passers.

Gorgeous George

Human Orchid To Grapple Here Soon

Gorgeous George, "The Human Orchid," will appear November 28 at the VFW Hall on the Midland-Odessa highway.

The gorgeous one will tussle with Alex (The Mad Russian) Kasoboski in the main event, a two-out-of-three falls, one hour time limit affair.

In the semi-windup, Frankie Murdoch and Howard Cantonwyne grapple. Vic Weber and Joe Perez introduce the card in an opener at 8 p.m.

Tickets may be purchased at the Crawford Hotel Coffee Shop in advance. Promoter Pat O'Dowdy said.

Eddie Stanky has played on three different National League pennant winners in five years. In 1947 he was with the Brooklyn Dodgers, in '48 with the Boston Braves and in '51 with the New York Giants.

Coody, Baylor Back, Declares Lord Strengthens His Game

WACO—(P)—Baylor's drive that may bring the school its first Southwest Conference football championship in 27 years is being

sparked by a young ministerial student who says the Lord is giving him the strength.

Jerry Coody, a 185-pounder whose runs were responsible for Baylor's 18-6 victory over Texas to put the Golden Bears back into the title race, used quotations to show why.

From a Psalm of Thanksgiving he quoted these words: "For thee I have run through a troop; and by my God I have leaped over a wall."

That day, Coody had galloped through a troop of Texas footballers in the last half for the tying touchdown. And he had leaped over a wall to the Texas one-yard line to set up the winning Baylor touchdown.

"And I was injured and sick," said Sophomore Coody, a black-haired handsome young man of Cherokee extraction. "I asked God to strengthen me."

When he got out on the playing field, Coody said: "I felt the presence of the Lord. And he lifted me up."

Preaches First Sermon
The football player from Tulsa preached his first sermon at Dallas Sunday at the Munger Place Baptist Church: "I surrendered to preach last Summer at the Baptist encampment at Paisano in Brewster County," he said. "I had always been a Christian and I'd taught Sunday School classes."

Back to football, Coody declared the Lord had strengthened him in Baylor's 42-0 victory over Wake Forest Saturday. He was the leading ground-gainer with 98 yards—an average of 8.9 yards per carry.

Jerry used a favorite Biblical quotation when he talked of Baylor's team spirit: "We know that all things work together for good to them that love God..."

But he told the people at the Munger Place Church football was by no means uppermost in his mind. "Athletics give me a thrill," he said. "But Christ gives me a constant joy."

Zeke Bonura pens from New Orleans that the Midland Indians have obtained a training camp site. It's at Luteher, La., some 30 miles from New Orleans. Bonura says the camp is in fine shape and the Midland players will live in major league style this Spring. The boys report for workouts March 1.

When Midland clobbered Sweetwater, 39 to 0, here last Friday night it was the most one-sided defeat a Pat Gerald-coached Sweetwater team had suffered in seven years. The last time Sweetwater had been held scoreless was in 1947, when powerful Odessa turned the trick, 32 to 0.

Tickets for the Midland-Plainview game now are on sale. They may be obtained in the foyer of the auditorium at Midland High School. They'll be on sale until 5 p.m. Tuesday, then from 9 a.m. until 5 p.m. Wednesday.

The Golden Gloves tourney held annually in Odessa is scheduled for January 24, 25 and 26, scribe Gammon reports. Gammon says the Odessa team—which last year copped the open title—will be weaker this year.

Midland won the novice title last year but Coach Bill Gildewell is Army bound and won't be around this time.

An organization meeting for the proposed JayCee Winter Basketball League is set for 7:30 p.m. Tuesday on the mezzanine of Hotel Scharbauer. All interested players and sponsors are urged to attend. Ed Dillon, JayCee athletic director, will ramrod the deal.

Sears Will Retail K-F Built Automobile

DETROIT—(AP)—A Kaiser-Frazer built automobile soon will go on sale in Sears Roebuck stores. Initially the new car, to be called the "Allstate," will be sold in 17 cities in the South and Southwest, probably before Christmas. Announcement of the project was made jointly Monday night by Sears and Kaiser-Frazer. Specifications of the new car have not been disclosed, but it is reported to be similar in many details of the K-F Henry J model, although with distinguishing characteristics.

Auto Thefts Increase in Southwest States

DALLAS—(AP)—A Southwest conference of police officers on automobile thefts was told that one-third of the national increase in stolen vehicles came from Texas, Arkansas, Louisiana and Oklahoma. Fred H. McIntire, FBI agent in charge at San Antonio, spoke to the group Monday. He said 69 per cent of the nation's car thieves are under 21 and there are more 18-year-old thieves than any other age group.

Mexico Antes Up Another Installment

WASHINGTON—(AP)—Mexico owes about \$9,000,000 for property claims of U. S. citizens negotiated in 1941. The sum includes oil properties expropriated by Mexico. It's Bulldogs Vs. Bulldogs In Big Turkey Day Clash

Tugboat Jones' Midland Bulldogs hit the road Wednesday heading for the last regular-season game on their 1951 slate.

The Plainview Bulldogs furnish the opposition at 2 p.m. Thursday in a Turkey Day clash at Plainview. Jones said his team—the entire squad—would leave for Plainview at 12:30 p.m. Wednesday and arrive in time for a brief workout on the Plainview field late Wednesday.

The Midland eleven worked harder Monday than usual, but because of the game being Thursday this week, Jones speeded up the tempo of drills.

The district 1-AAA champs were to get another stiff drill Tuesday, then taper off lightly at Plainview the night before the contest.

Robert Kealing, end, and Freddy Bilbo, blocking back, will captain the team in the Thursday clash. Midland will be favored to capture the contest Thursday. The Midland Bulldogs have copped seven games, lost one and tied one. Plainview's Bulldogs have three wins, a tie and five defeats.

Going by comparative scores, Midland rates the edge in some and Plainview in some. Midland look Sweetwater—who beat Plainview 27-6—by a 29-0 margin. The Bulldogs murdered Big Spring, 46 to 0; Plainview lost to the same team, 21-20. Midland edged Vernon, 14-13; Plainview and Vernon tied, 6-6.

Plainview, however, romped to a 40 to 27 win over Poly (Fort Worth)—and Midland was tied by the same eleven, 13 to 13. Both teams hold wins over Lamesa. Midland took the Tornadoes, 34 to 7, and Plainview did it, 6-0.

Jones said his entire team would be in shape for the contest with the exception of End Jimmy Lineberger who is out with an injured knee.

Judge Blasts At Football Policy

NEW YORK—(AP)—Some college athletic leaders were quick Tuesday to dispute a New York judge's accusation that football and basketball are sordid big business deals.

But a committee of seven college presidents, meeting in Washington, agreed "something must be done" to remove whatever evils are in the intercollegiate athletic program.

And in Chicago, Hugh Willett, president of the National Collegiate Athletic Association, said a substantial majority of the organization's 320 members supported a 12-point program for tighter controls on college athletics.

Basketball and football came under the fire of General Sessions Judge Saul Streit in a 41-page statement issued Monday shortly before the jurist sentenced a basketball fixer and five former players from three New York Universities to prison terms and gave nine other ex-players suspended sentences.

"Commercialism and over-emphasis in intercollegiate football and basketball are rampant throughout the country," said Judge Streit. He said the nation's schools are courting an "atomic athletic scandal."

The jurist blamed college authorities, alumni and coaches—labeling as "despicable" the attitude of many big-time coaches. He advised the schools to clean house in a hurry or have congress or the states do it for them.

Judge Streit singled out Oklahoma, Texas, Texas A&M, Southern Methodist, Pennsylvania, Tennessee, Maryland and Kentucky as examples of over-emphasis in football. Kentucky is the only one of the group involved in the basketball point-fixing scandal that has reached more than 30 players from seven schools and a referee.

The judge called a college athlete a paid commercial and said academic standards for athletes are a laugh.

University of Oklahoma athletes are required to maintain proper scholastic standards. University President Dr. George L. Cross said in answering Judge Streit's statement that one Oklahoma football player was taking introduction to geography and loaded his program with theories of basketball, swimming games and volleyball in his senior year.

The reaction of Bud Wilkinson, Oklahoma football coach, was to go into the records and announce that football lettermen have been graduated at a 92 per cent pace since he became coach of the Sooners.

I'LL BE HOME FOR CHRISTMAS!

You can count on that—the builder has told me to sell at a sacrifice! Three bedrooms—two ceramic tile baths, one in knotty pine.

Old St. Nick Will Have No Trouble

With the extra-wide chimney, so hang your stockings on the massive fireplace, with built-in brick wood box alongside. Huge living room, separate dining room, big, big kitchen with cabinets every-where—plumbed for washing machine. Knotty pine breakfast area and then! Aluminum, dustproof windows, copper screens, steel sliding doors in closets, select (the best) oak floors, central heat, garage and carport. 20-gallon per minute soft water well. Unique fence around the front yard, and brick and tile fence around the rear. Shrubs, lawn, trees already in. AND located on corner lot, 99'x181'.

IT'S NEW, AND READY FOR YOU!

DEATH CAR—This is all that remained of a late model automobile which collided with a passenger bus three miles east of the city on U. S. Highway 80, claiming the life of L. D. Bass, Midland negro. His death was one of four traffic fatalities reported here in a single day.

Permian Basin Oil And Gas Log—

(Continued From Page One)
All three are to be drilled to around 7,300 feet with rotary. One mile north and slightly east of Goldston Oil Corporation No. 1 Sherrod, recently completed Spraberry strike in the Four Corner area of Northeast Upton County, Sunray Oil Corporation finished its No. 1-18 Sherrod for a daily flowing potential of 188 barrels of 37.6-gravity oil through a 17 64-inch tubing choke.
Production was from open hole in the Spraberry at 6,886-6,992 feet. That section was treated with 3,000 gallons of Hydracrac.
Location is 660 feet from north and 1,980 feet from west lines of section 18, block C, LS&V survey.
Humble Oil & Refining Company reported completion for its No. 1-C Ralph Pembroke in the southwest edge of the Pembroke field of East-Central Upton County.

114 BOPD
It finished for a daily pumping potential of 114 barrels of 37.4-gravity oil from open hole in the Spraberry at 6,895-7,043 feet. Production came after open hole had been treated with Hydracrac. Gas-oil ratio was 509-1.
Location is 660 feet from east and 3,760 feet from south lines of section 2, J. T. Priest survey.
In the Southeast Midland County side of the Four Corner area, Humble Oil & Refining Company completed its No. 1 TXL for a daily flowing potential of 143 barrels of 35.1-gravity oil plus eight per cent water.

Production was from open hole at 7,130-8,107 feet and through a 21 64-inch tubing choke.
Gas-oil ratio was 150 pounds. Location is 660 feet from south and west lines of the lease in section 5, block 37, T-4-S, T&P survey.

Tex-Harvey
In the Tex-Harvey field of Central-East Midland County, Sunray Oil Corporation and Tex-Harvey Oil Company each reported the completion of a new oiler.
Sunray No. 4 Annie S. Boone, 660 feet from south and east lines of the lease in section 42, block 36, T-3-S, T&P survey, flowed 24 hours on potential test and made 546 barrels of 37.6-gravity oil and no water.
Production was from open hole at 6,925-7,048 feet and through a 22 64-inch tubing choke. Operator used 3,000 gallons of Hydracrac to complete the well. Gas-oil ratio was 825-1 and tubing pressure was 150 pounds.

Williston Basin Cited As Promising Discovery Area
DALLAS—(AP)—The Williston Basin is this country's newest and one of its most promising areas for oil development, the state geologist of North Dakota said Tuesday.
Dr. W. M. Laird said the basin covers about two-thirds of North Dakota, overlapping into South Dakota, Montana, Manitoba and Saskatchewan.
His speech was prepared for delivery before the fifth annual Midwestern meeting of the Society of Exploration Geophysicists.
"In North Dakota, about 14,000 feet of sediments have been deposited in the deepest part of this vast sedimentary basin," Dr. Laird said, "and 10,000 feet of these rocks can be considered to contain potential oil-bearing strata."

Huggins Is Deputy Air Force Secretary
KEY WEST, FLA.—(AP)—A New Jersey business executive, Edwin V. Huggins, is the new assistant secretary of the Air Force.
President Truman Monday named Huggins to succeed Roswell L. Gilpatrick, who recently was moved up to the undersecretaryship of the Air Force.

Central Tom Green Wildcat Gets Gas, Oil In Palo Pinto
M. H. McKinney of Pecos, No. 1 M. B. Pulliam, Central Tom Green County wildcat, one and five-eighths of a mile west of the city limits of San Angelo has developed some in-

teresting shows of oil and gas in the middle Palo Pinto lime of the Pennsylvanian.
Top of that formation was at 5-132 feet. Elevation is 1,943 feet. A drillstem test was run at 5,155-69 feet. The tool was open two hours and 15 minutes.
Had Gas And Oil
Recovery was 1,500 feet of free gas in the drill pipe, 10 feet of heavily gas cut mud, 60 feet of oil and gas cut mud and 60 feet of heavily gas cut oil and drilling mud, estimated to have been 60 per cent oil.
Open flowing bottom hole pressure reached a maximum of 50 pounds. Shut-in bottom hole pressure, after 15 minutes was 280 pounds.
After the hole had been circulated to clean out a four hour drillstem test was taken on the same section —5,155-69 feet.

More Of The Same
Recovery was 3,270 feet of free gas in the drill pipe, 35 feet of heavily oil and gas cut mud, and 120 feet of heavily gas cut oil and mud, estimated to have been 50 per cent oil.
Open flowing bottom hole pressure reached a maximum of 60 pounds. Shut-in bottom hole pressure, after 30 minutes was 565 pounds.
The formation covered by the two tests was reported to have been slightly tight.
Drilling Deeper
Operator is now making more hole. If any additional shows of oil or gas are developed in the Palo Pinto more testing will be undertaken.
In the event any more indications of production are found the prospector will drill on to the Strawn and test that formation.
The McKinney No. 1 Pulliam is 660 feet from southeast and 330 feet from southwest lines of the J. Seiler survey No. 195.

Field In C-E Borden Gets West Stepout
Robert L. Wood of Midland and others are scheduled to drill their No. 1 W. Ed Murphy as a west stepout to production in the Von Roeder field of Central-East Borden County.
Location is 660 feet from north and west lines of section 82, block 25, H&TC survey and 11 miles north of Vincent.
Rotary tools will be used to drill to projected depth of 7,000 feet, beginning at once.

C-S Stonewall Gets Ellenburger Wildcat
Columbian Fuel Corporation and R. A. Josey, Inc., of Houston No. 1 Roger Smith is to be a 6,550-foot wildcat in Central-South Stonewall County to try for production in the Ellenburger—or in any of the formations above that horizon.
Location Given
It is to be 560 feet from south and west lines of the northeast quarter of section 148, block 1, H&TC survey. That puts it four miles southeast of the nearest completed oil wells in the Double Mountain-Pennsylvanian lime field.
Drilling with rotary tools is to start in the near future.

Central Andrews Gets New Wildcat
Imperial Petroleum Company, and others of Dallas staked location for No. 1-A W. Crenshaw eight miles west of the town of Andrews in Central Andrews County.
Drillsite is set 660 feet from north and east lines of section 9, block A-46, psi survey.
The wildcat is a west stepout from the Deep Rock Glorieta pool. Contract depth is 6,000 feet, with rotary tools beginning immediately.

Opener In Dawson Gets East Offset
Pacific Western Oil Corporation has staked location for an east offset to the Greenbrier Oil Company and Mendota Oil Company No. 1 Lindsey, recently completed discovery of the Mungerville-Pennsylvanian reef field in Central-West Dawson County.
The new project is No. 1 M. G. Belew. Location is 660 feet from south and west lines of section 131, block M, EL survey. That makes it 11 miles west of Lamesa.
Scheduled depth is 10,500 feet. Rotary tools will be moved in and drilling will begin immediately.

AIME Group Has Deadlock On Vote For 1952 Chief

A tie vote on two ballots prevented the Permian Basin Chapter of the American Institute of Mining and Metallurgical Engineers from electing a chairman for 1952 at the annual election of that organization Monday night.
Representatives of the organization say another vote will be taken at the December meeting of the group to attempt to break the deadlock and come out with a majority vote for one of three candidates listed on the Monday night ballot.
Three Candidates
The three candidates were Joe Chastain, engineer for Bethlehem Supply Company; Ray Howard, division engineer for The Atlantic Refining Company and Curtis McCarthy, district engineer for Stanolind Oil & Gas Company. All are of Midland.
James C. Blackwood of Midland, district engineer for Amerada Petroleum Corporation, was elected vice chairman and J. T. Lewis, of Odessa, representative of Kobe, Inc., was elected secretary-treasurer.
The meeting was held at the Roski Club in Odessa.

Lecture Is Given
Jack M. Moore of Midland, with Dowell, Incorporated, the retiring chairman presided. Other retiring officers are Chastain, vice chairman, and Ray S. Ousterhout, also with Dowell, secretary-treasurer. All are Midlanders.
The election followed a dinner.
Gus Archie of Houston, a senior engineer with Shell Oil Company, gave an illustrated lecture on "Classification of Carbonate Rocks and Petrophysical Considerations."
More than 100 persons attended the meeting.

Fullerton Abandons Tom Green Wildcat
Fullerton Oil Company is preparing to plug and abandon No. 1 Harris, wildcat in Central-South Tom Green County, nine miles southeast of Christoval at total depth of 5,850 feet.
On a drillstem test from 5,738-58 feet recovery was 20 feet of drilling mud with no shows of oil or gas. Tool was open 30 minutes.
The Ellenburger was stopped at 5,738 feet which is on a datum of minus 3,447 feet.
The failure was 1,980 feet from south and 660 feet from west lines of section 64, block 25, H&TC survey. It is 11 miles southwest of the Susan Peak field.

Sun Spots Tester In Central Nolan

Sun Oil Company has staked location for a 7,000-foot wildcat in Central Nolan County as its No. 3 Susie R. Featherstone.
Drillsite is 660 feet from north and east lines of section 37, block X, T&P survey. That makes it 11 miles south of Sweetwater and two miles northeast of the discovery of the Featherstone-Strawn pool.

Canyon Flowing Oil In Nolan Prospector

Union Oil Company of California No. 1 TXL, wildcat in North-Central Nolan County, is flowing oil from the Canyon after washing the perforations at 5,158-5-170 feet with 500 gallons of mud acid.
The project was swabbed four times after the mud acid injection and then the well kicked off and flowed an estimated four barrels of oil per hour for nine hours.
Operator plans to kill the well, perforate the casing from 5,208 to 5,232 feet and test both sections together.
Location is 660 feet from south and west lines of section 33, block X, T&P survey.
That makes it one and three-quarter miles south of the Lake Trammell-Canyon field.

Canyon Producer Indicated In Nolan

Seaboard Oil Company of Delaware and Continental Oil Company No. 1-A Billie Hanks, west offset to a Pennsylvanian discovery in Southeast Nolan County, flowed oil from the Canyon reef lime.
No. 1-A Hanks is the second well in the Hylton-Strawn area to show for production in the Canyon.
The flow came on a drillstem test from 4,487 to 4,509 feet. Tool was open two hours. Gas was at the surface in seven minutes and oil in 35, with the well flowing oil to tanks at the rate of 19 1/2 barrels per hour.
Pressure Good
Recovery was 3,060 feet of oil and 10 feet of drilling mud, having a sulphur odor. Flowing pressure was 1,350 pounds and shut-in pressure was 1,575 pounds in 15 minutes.
Operator drilled a little deeper and then took a two and three-quarter hour test from 4,509 to 4,534 feet. It showed gas at the surface in 30 minutes and oil in two hours. The well flowed 10 to 15 barrels of oil per hour during the final 45 minutes. Recovery was 3,780 feet of oil.
Flowing pressure was 1,320 pounds and shut-in pressure was 1,560 pounds after 15 minutes.
The discovery well of the Hylton-Strawn field, Seaboard and Continental No. 1 Hanks, also flowed oil from the Canyon reef but was completed in the Strawn.

Location of No. 1-A Hanks is 1,498 feet from north and west lines of section 28, block X, T&P survey and seven miles north of Blackwell.

Extortion Charged Psychology Teacher
LOS ANGELES—(AP)—A psychology teacher faced felony extortion charges Tuesday.
Robert W. Major, 48, was accused formally Monday of demanding \$8,100 from ex-actor Ben Bard and his young wife under threat of publicizing certain recordings.
Police said Major claimed the recordings were of conversations between Mrs. Bard and a student at her husband's drama school. Mrs. Bard has denied the conversations ever took place.
Major, a teacher in the city school system, was jailed in lieu of \$10,000 bail.
In the tropics, where the banana is grown, it is a main dish.

DREAM CAR—Something new in passenger car design is Chrysler Corporation's K-310 European type sports sedan developed as an experimental companion to a powerful new Chrysler K-310 engine which produces 310 horsepower on ordinary premium grade gasoline without supercharging. Built on a 125 1/2-inch wheelbase, the car is only 59 inches high, with low sweeping lines and full head-room, with a low flat hood and large wire wheels.

Rising food prices in 13 months after the Korean invasion added 13 per cent to the cost of feeding a family. The Newschart above, based on data from the National Industrial Conference Board and the Bureau of Labor Statistics, shows relative increases, from June, 1950, to July, 1951, in prices of various food groups. Eggs showed the most spectacular rise, of 22.5 per cent in 13 months; fruits and vegetables the least.

American Rubber Man Takes You On Jungle Jaunt Like One On Which Briton Killed

Limousine of death: Police officers count bullet holes in Rolls Royce in which Sir Henry Gurney, British High Commissioner in Malaya, met his death in a Red ambush. He traveled openly, but planters ride in cars with cast-iron windows.

By WARREN S. LOCKWOOD
Director of the Natural Rubber Bureau

WASHINGTON —(NEA)— "I'll call for you at 8 a.m. to go out and have a look at the estate," the rubber planter had said.

And promptly on time, he arrived with his home-armed car, with Malay driver and Gurkha guard armed with a Sten gun in the front seat.

The car was converted by the simple substitution of cast iron for glass windows, and the addition of an iron windshield, which could be lowered when advisable, and which had just enough of a hole in it for the driver to see out.

Pieces of iron sheet were tacked on the outside at strategic points, but somehow it seemed extremely vulnerable at other strategic points, such as the tires.

Entirely All Right

The estate was only 16 miles from Kuala Lumpur (Sir Henry Gurney's death ambush was 60 miles north of the Malayan capital) and I was reassured that the first eight miles were entirely okay.

After the okay bit, we came to a piece of road with jungle close by on the left, and as we approached, the driver stepped on the gas and my escort said, "I think we'll just raise these windows on the left. This is a bit sticky for a few miles here. It is perfectly all right on your side."

With that the Gurkha also raised his window part way, got his gun ready, and my escort opened his briefcase and pulled out a revolver.

The driver speeded up and a mile or two later, as we came to a sharp right turn ahead, lowered the iron windshield, and I was advised to raise my steel window also. "Probably all right here, but you never know," I was informed.

And so we proceeded to the estate;

with raising and lowering of windows—and more speed—as we passed jungle patches.

Just at the entrance to the estate, I was shown a spot where a new assistant was ambushed the previous month, and we drove up to the office where our home-armed car joined with two other real armored cars with a private "army" of special police and guards.

(Sir Henry Gurney had been traveling with an armored car escort, too, but it did not prevent Communist guerrillas from ambushing him.)

There was obviously an air of tension around the place, because word had been received earlier that a bandit attack was expected that morning, and an unusual number of Tamil tappers had not reported for work.

Relayed To Police

Word had been relayed to the police, and they were waiting—as a surprise reception committee—for the expected attack in the expected area. Actually, nothing happened that day, but something does happen all too frequently.

We proceeded around the estate, however, though everything was in order, and only the armored car, the guards and the undersurface alertness of the estate personnel told you that there's a war on.

It's a war against an unseen enemy who strikes behind your back, or from behind a tree, or a patch of jungle—whose purpose is to create disorder, to disrupt production, to upset law and order, to play the Communist game.

Surrounded by chaos, with constant attack by Red gangsters within its borders, Malaya has held and is holding back the Communist pressure front which extends from Indochina across Southeast Asia.

Near-Record Times Set At Calf Roping

OZONA—Elsewhere in the state footballs filled the air but in Ozona Sunday top calf ropers of the Southwest competed against each other to set near-record times.

Cliff Lowry of Del Rio turned in the best time of the day by roping and tying his calf in 11.5 seconds to win the jackpot competition.

A fiery battle between Buddy Groff of Ozona and Jim Bob Altizer of Del Rio in matched competition developed into the most spectacular roping event of the day.

Each roped six calves. Groff's total time was 80.5 seconds to 81.5 for Altizer. Groff averaged about 13.4 for each calf.

The Ozona Roping Club sponsors ropings each Sunday afternoon and issues invitations to all area ropers to participate.

Groff won the first jackpot with a 13.7 time. Cliff Lowry won the second with 11.5, while Bill Low of Crane won the third jackpot with a time of 12 flat.

C. D. HILLIARD IS TRANSFERRED HERE

HOUSTON — Cyril D. Hilliard has been transferred to Midland as district industrial salesman in the Permian Basin area for Humble Oil & Refining Company.

For the last several months Hilliard has been receiving on-the-job training in the Sales Technical Service Division in Houston. A graduate of Texas A&M, he joined Humble as a truck salesman in McCamey in 1950.

The Indiana University Library's Department of Special Collections and Rare Books houses some 23,000 books and pamphlets and 170,000 manuscripts.

Baker Oil Company Is Prepared To Aid Winter Motorists

Baker Oil Company, situated at 1503 East Highway 80, is prepared to help the motorist withstand the onslaughts of Winter.

The firm has a large supply of permanent type anti-freeze which includes the well-known brands of Humble, Texaco and Prestone.

Also on the must list for Winter drivers is a fine line of X-Seal batteries, especially designed to give sluggish automobile motors that extra lift on cold mornings.

And Mansfield tires and tubes, which can be obtained at Baker Oil Company, are favorites with motorists for Winter driving.

Other Products Listed

In addition to the products listed above, the firm handles Para Fine Motor Oils, Veedol Motor Oils, and U. S. Tires and Tubes.

Or if you want power-plus driving, stop in at Baker Oil Company and get a tank full of new 93-Octane, cat-cracked ethyl gasoline—found at the sign of the Couden traffic cop. You'll be pleased with the results.

R. B. Baker, manager of the firm, has been a Midland resident the last 25 years and stands ready to serve his many customers.

Beer-to-go also is available at the firm so drive in today and try the friendly, courteous service which is a trademark of Baker Oil Company.

ART SCHOOL ANCESTOR

The Royal Academy of Fine Arts, founded in Paris in 1648, was the forerunner of present-day art schools, according to the Encyclopedia Britannica.

Acetylated cotton ironing board covers and pads are highly resistant to injury from hot flatirons and are claimed to outlast usual covers five to six times. The material is a cotton chemically treated under a process developed by the U. S. Department of Agriculture.

QUALITY MILL WORK—The best of equipment and highly-trained personnel spell quality work, and that is the claim made by the Midland Planing Mill. The firm backs up its claim with ample proof, having performed thousands of jobs of all kinds in the mill-working line. The shop is located at 415 South Baird Street. The dial number is 2-3231. You are invited to call for estimates.

Durable Redwood Lumber Is Available At J. C. Velvin's

Durable redwood lumber, ideal for outdoor trimming on a house, now is available in quantity at the J. C. Velvin Lumber Company, located at 204 North Fort Worth Street.

A material that won't rot when exposed to the outside elements, the lumber was obtained by J. C. Velvin in keeping with his company's plan to obtain quality materials for his many customers.

J. C. Velvin Lumber Company has been a reliable Midland firm since 1937. Formerly known as the Velvin-Strauch Lumber Company,

who desires that information, all you need to do is dial No. 4-7591.

With Midland setting a record pace for building, the Velvin Lumber Company is prepared to do its part to make the year a banner one.

Before you build, stop in and look over the wide selection of materials available at the company. You'll be well pleased with the variety provided for you to choose from.

K&K Tire Firm Establishes 'Santa Claus' Headquarters

Christmas is just around the corner so you'd better plan now for that gift with which to surprise and please your child Christmas morning.

K&K Tire Company, 619 West Wall Street, has a fine line of bicycles for the youngsters. Small wheel goods, including pedal-type autos, wagons and small appliances also are available.

Also attainable at K&K Tire Company are all types of household appliances such as waffle irons, coffee makers, toasters, food mixers—all ideal Christmas gifts.

for the housewife.

Or beautiful table model radios designed to suit the taste of the most discriminating buyer—can be obtained at the store.

W. G. Keeler is the owner of the K&K Tire Company and service station which is operated in connection.

U. S. Wins World Bridge Championship

NAPLES, ITALY (AP)—The United States Sunday night won the world contract bridge championship for the second straight year. The American team defeated the Italian challengers, 533 match points to 417.

Members of the American team are John R. Crawford of Philadelphia and George Rapee, Sam Staymen and Howard Schenken, all of New York. Julius L. Rosenblum of New Orleans is their non-playing captain.

Auto Accessories

The firm also handles a complete line of auto accessories, batteries and automobile tires.

Why take chances with thin, worn tires? Thin tires cut, bruise and puncture easily—causing needless repair bills, delays and inconveniences.

Weakened cord bodies invite blow-outs, and blowouts all too often cause serious accidents. Smooth tires make driving hazardous.

K&K Tire Company will trade safe, trouble free, new Goodyear miles for the dangerous, unsafe miles in your present tires if they are worn.

For tires, tubes, batteries, complete road service, station service, accessories and other needs—pay a visit to the K&K Tire Company at 619 West Wall Street. The dial number is 2-4359.

RACKS CHURCHILL — Deputy Premier Hossein Fatemi of Iran is seen as he charged at a Washington press conference that British Prime Minister Winston Churchill is deliberately blocking any settlement of the Anglo-Iranian oil dispute. He said Britain's efforts to force Iran to compromise with its principles would fail because Iran's economy is stronger than Britain's.

Deaf Girl Becomes Good Tap Dancer

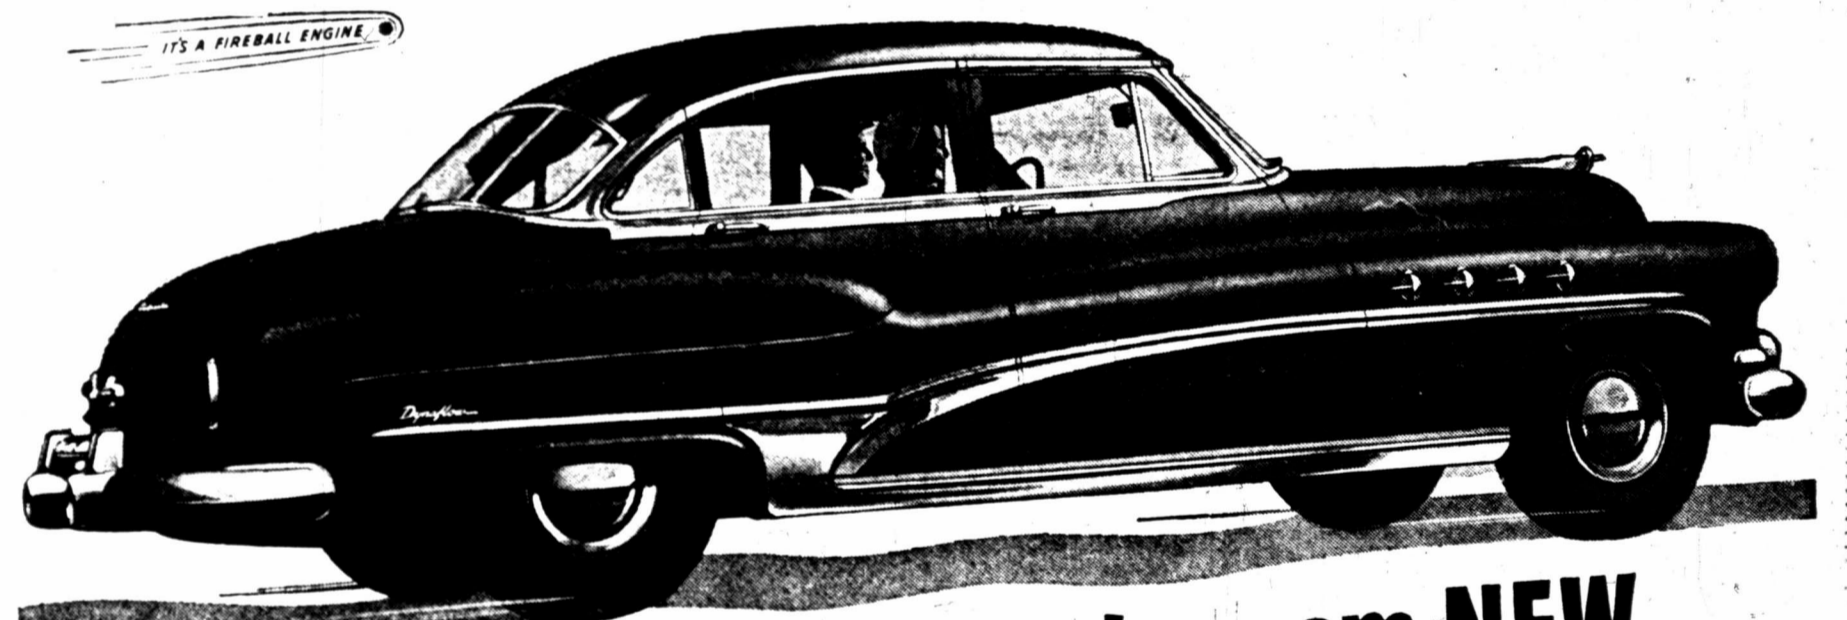

LOS ANGELES (AP)—A nine-year-old girl, who can't hear music because she's deaf, has become a proficient tap dancer nonetheless. Her mother says she feels the music through her toes.

The girl's mother, Mrs. Don Rodgers, said little Elaine made the discovery by accident. "A record player was on and she suddenly felt the vibrations through a wooden floor. She let out an exclamation, pointed to the machine, then to her ears and feet."

Elaine joined a dancing class and is one of the star pupils.

How to make old roads seem NEW

different when you travel in a Buick. You're riding on big, soft coil springs that let every wheel dance beneath you, without passing on the jolts to you in the car. You're driving a car that's plenty inches broader than it is high—a sure-footed road-hugger if there ever was one. And you're riding behind a Fireball Engine — Buick's time-tested version of a high-compression valve-in-head— an engine that packs more power than most people ever need to use.

serenely over the top. You just feed the power as you need it— climb with a sure, steady swoop without buck or bobble all the way up.

There's a lot more that we could tell you about a Buick. But such things as room, and comfort, the confident way it steers, and the way it shortens the miles are things you can best discover from personal experience. So why not follow the routine already suggested? You supply the road—we'll supply the car — and let it speak for itself.

PICK a road that you know by heart. Not too good a road. One that has some bumps—some unbanked turns—a tough hill or two.

Then get in touch with us, and let us put you behind the wheel of a Buick, with Dynaflo Drive.*

Now you're all set for a new experience. You'll find out this:

Those bumps seem to lose their bobble. You just take them with a smooth and level stride.

Those unbanked turns don't seem so sharp, and those hills seem almost to flatten out.

How come? Well, a lot of things are

DENTAL TRAINING IN ASIA

PENANG, MALAYA.—(AP)—Malaya thinks it is the second country in the world, after New Zealand, to have a dental nurses training program. Its headquarters is in this city. C. F. Mummery, chief dental officer, Federation of Malaya, just back from an extensive holiday and survey tour of New Zealand, said this institution might become the nucleus of dental training in Southeast Asia.

LIGHT-CONDITION YOUR WORK AREAS

Avoid Eyestrain

Whoever said "Woman's work is never done"... had a point, as any homemaker can tell! Ironing, either by hand or machine, isn't the labor it was in pre-electric days...but it is work that you'll do easier and better with proper lighting. Sewing and other homemaking tasks will become easier when you use the lighting recipes in Reddy's free booklet, offered you below.

Bring new light on your needlework with the lamp arrangement illustrated. Fine needlework and mending become less fatiguing. Try this the next time you have socks to darn!

A fixture suspended over the center of the ironing board will speed up your ironing. It's easier to prevent scorching and wrinkles when you can see clearly what you're doing.

The ease of seeing keeps pace with the ease of working with modern electric equipment when a light fixture of this type is suspended over the ironer.

GET YOUR FREE COPY! 22 TESTED RECIPES FOR HOME LIGHTING! Phone, come in or write your Texas Electric Service Company office for your free copy of "See Your Home in a New Light."

New Mexico Hermit, Who Joined Army 'To Do Some Gun-Fighting,' Put On AWOL List

ABERDEEN, Md. —(AP)— Peter Grainger, self-educated New Mexico hermit who joined the Army to do some gun-fighting, was on the AWOL list Tuesday.

His disappearance a week ago last Sunday was just as casual as his start of Army life November 3 in San Antonio.

Texas Ambassador Of Pelicans Told Winnie Will Visit

LONDON —(AP)— James Carter, news editor of the Galveston News, was due home Tuesday night with the promise that Winston Churchill will visit Galveston early next year.

Carter escorted four Texas pelicans to London's St. James Park last week as the official pelican ambassador of the State of Texas. The famous park had been pelicanless until Texas heard its plea for the big-mouthed birds.

"I have the promise from two people that Mr. Churchill will come to Galveston when he visits the United States in January," Carter said Monday before leaving for home.

"David Eccles, the minister of works, who entertained me at lunch x x x assured me that if at all possible the prime minister will come," the Texan said. "David Hunt, Mr. Churchill's private secretary, told me the same thing in the cabinet room at No. 10 Downing Street."

"We would be proud to have him. After all, Texas has the biggest and best of everything to show him," Carter said.

Stratojet Crash Kills Three Airmen

EDWARDS AIR FORCE BASE, CALIF. —(AP)— One of America's newest and fastest atom bomb carriers crashed in taking off from this Southern California desert base Monday, killing the crew of three.

The six-engine B-47 Stratojet exploded after the crash.

Dead are Capt. Joseph E. Wolfe, Jr., 33, experimental pilot, Chattanooga, Tenn.; Maj. Robert A. Mortland, 30, co-pilot, Clarion, Pa., and M/Sgt. Christy N. Spiro, 32, Worcester, Mass.

Cause of the crash was not determined but an inquiry is under way. The 60-ton, 600-mile-an-hour bomber was on a routine test flight.

Advertise or be forgotten.

The 24-year-old mountaineer was waiting along with five other recruits for a short bus ride to the Army Proving Grounds here after a cross-country train trip.

One of the recruits quoted Grainger as saying: "I think I'll take a walk and see what Aberdeen looks like."

He had nine days to see the town now and Monday, the Army officially made him absent without leave. Military Police throughout the country have been alerted to watch for him.

Reported In Wisconsin
The only report on Grainger's whereabouts came from Waukesha, Wis. A man who said he was Grainger and who resembled pictures of the mountaineer showed up there Friday to meet Carol Amidon, 17, who struck up a "pen pal" relationship with Grainger after reading about him in the newspaper. He had a date with Carol—which he said was his first. He left Waukesha Saturday by bus, saying he was due in Aberdeen Monday.

Grainger startled San Antonio recruiters when he sauntered in and told them, "I buried paw on top of a mountain and then set out to join the Army."

He said his father died last May. Up to that time the only world Grainger said he knew was the small mountain cabin and its wild surroundings.

When his father died, Grainger related, he packed his mule with two guns and food. The mule died during the mountain trek and Grainger hitched his first ride in a car. Later he got his first store clothes, and his second shave and haircut.

Army testers scratched their heads when he scored an amazing 93 on the armed forces qualification test. The passing mark is 10 and the average high school graduate makes 35. His only education came from books his father gave him.

But the missing mountaineer still hadn't fathomed all the Army's red tape. He had an idea it was going to be simple.

"I thought they'd just gimme a uniform and a gun and send me out to fight."
