**Lower Spraberry Producing Area Is Opened In Glasscock**

Sohio Petroleum Company has opened up a new lower Spraberry producing area at its No. 1-A Mary V. Bryans, prospector at the southeast edge of the upper Spraberry region in Southwest Glasscock County.

The prospector is now shuttin for bottom hole pressure surveys after flowing 330 barrels of new oil in 10 hours from perforations opposite the lower Spraberry at 7,700-7,730 feet.

No. 1-A Bryans is four and one-quarter miles northwest of Sohio No. 1 Leonard Proctor, the closest other lower Spraberry production. No. 1 Proctor is in Northwest Reagan County.

Operator drilled No. 1-A Bryans to total depth of 8,325 feet in the Dean sand and then plugged back to 7,700 feet after tests of the Dean failed to develop commercial production.

As soon as bottom hole pressure surveys are completed No. 1-A Bryans will be potentialized and put on regular production.

Drill site is 680 feet from north and east lines of section 12, block 37, T-5-S, T&P survey.

**Casing Is Cemented In Dean At Sohio Wildcat In Upton**

Sohio Petroleum Company is waiting for cement to harden on seven-inch casing cemented on total depth at 8,767 feet in the Dean at its No. 1 Eli D. Bernstein, exploration in East-Central Upton County.

Operator cored from the top of the Dean at 8,548 feet, elevation 3,747 feet, to total depth of 8,767 feet. Cores from that interval were bleeding oil and gas.

Operator will perforate casing opposite the Dean section and then hydraulic fracture and try to develop commercial production.

**Sinclair Completes South Extension To Pool In W-C Upton**

Sinclair Oil & Gas Company reported the completion of its No. 3 R. S. Windham as a one-quarter-mile south extension to Ellenburger production in the Wilshire field of West-Central Upton County, 18 miles northwest of Rankin.

It finished for a daily flowing potential of 1,537 barrels of 53.3-gravity oil and no water through perforations at 12,306-12,406 feet. That set was washed with 4,000 gallons of acid. Gas-oil ratio was 716-1.

Location is 1,900 feet from north and east lines of section 12B, block D, CCSD&RGNG survey.

**Swab Gauge Is Reported For Tom Green Test**

The Texas Company No. 1 Bumbak, indicated discovery from an unidentified Pennsylvanian lime in West-Central Tom Green County, was reported to have been swabbed at the rate of four barrels of clean oil per hour for an undetermined length of time.

At last report operator was to acidize and test further.

It is believed that recovery came from the top 10 feet of the 20-foot pay section. Production was through perforations at 5,472-53 feet.

Location is 3,330 feet from most northerly south line and 475 feet from the east line of 147.55 acre lease in section 226, Wilhelm Lueders survey.

**Texaco Gets Lease On Part Of Wolcott Ranch In Martin**

The Texas Company is reported to have acquired a five-year, paid-up oil and gas lease on approximately 7,000 acres of the Wolcott ranch in Northwest Martin County.

Reports from Fort Worth, headquarters for the concern's West Texas division, are that Texaco paid around \$100-per acre for the acreage.

**Midlanders Hear From Soldier Son Missing In Korea**

From the unfriendly hills of North Korea there came Tuesday the welcome—even if twisted—words of Bill Thomas.

For little hope had been held for Cpl. William G. Thomas of the United States Army.

Almost a year ago, the Midland youth had vanished in battle with the North Koreans and only one pitiful telegram had been received about him since.

It was on January 22 that Mr. and Mrs. R. S. Thomas of Terminal received the official Defense Department notification that their son was missing in action.

"Since that time," reported the father, who has been working as a

**Planes Hunt For Missing Cargo Craft**

BELGRADE, YUGOSLAVIA — (P) — Hungary and Romania Wednesday complained officially that a United States Army cargo plane—still missing after being fired on by the satellite border guards Monday—crossed over their territories illegally.

Notes were presented to the American missions in Budapest and Bucharest, even as U. S. planes prepared to search for Yugoslavia for the missing C-47 transport, which disappeared Monday with four crewmen and diplomatic cargo aboard.

The two Cominform countries maintain a tight control all along their borders with Yugoslavia.

**Notes Follow Inquiries**

The notes were presented after American inquiries were made concerning the whereabouts of the plane, whose pilot had radioed his base at Munich Monday afternoon that he had been fired upon by the border patrols of the two countries and had turned back westward.

The pilot's reports, as disclosed by the U. S. Embassy in Belgrade, did not mention any damage from the shooting.

Bad weather hampered the search. Fifteen U. S. Air Force planes were poised at Treviso in Northern Italy, at the junction of the Italian, Austrian and Yugoslav borders, ready for the word that would send them over an area of 7,000 square miles, much of it craggy mountains and wooded hills.

Premier Marshal Tito's government gave the search planes permission to fly over the northwest part of Yugoslavia, an area previously forbidden to foreign planes, which had been confined to several well-defined air corridors over the country.

**Vandenberg Terms Rising Chinese Air Power Grave Threat**

WASHINGTON — (P) — Gen. Hoyt Vandenberg Wednesday said the Allies' "complete air superiority over Korea is now being seriously challenged by the MIG's but so far the situation is in hand."

The Air Force chief of staff told a long and grim news conference that possible "serious potentials" exist. Among these he listed the fact that "Overnight China has become one of the major air powers of the world."

Vandenberg added that the Peiping regime obviously has attained that status "as the direct beneficiary of another power possessing the essential industrial and technical resources that Communist China itself lacks."

**Ground Rules Hinder War**

He did not mention Russia by name.

Vandenberg, just back from the Korean war front, also said: "Under the ground rules established at the outset of the Korean war, it is impossible for us to gain air supremacy because, 'for reasons that we all understand we have followed a policy of not attacking the strongholds of enemy air power directly across the Yalu River in Manchuria."

A reporter asked whether any consideration has been given to a new request for permission to bomb the Manchurian bases. Vandenberg replied:

"The crossing of the Yalu River is a political decision that must be taken by the United States with its United Nations Allies."

Vandenberg was careful to draw a distinction between air superiority and air supremacy.

The official definition of air superiority is "that degree of capability of one air force over another which permits the conduct of air operations by the former at a given time and place without prohibitive interference by the opposing air force."

Air supremacy is defined as "that degree of air superiority wherein the opposing air force is incapable of effective interference."

**Price Of Hot Dogs, Bologna To Increase**

WASHINGTON — (P) — The price of hot dogs, bologna and some pork sausage will go up about two cents a pound, effective Monday, under the new rules issued Wednesday by the Office of Price Stabilization.

OPS said new rules governing prices of fresh and semi-dry sausage containing beef — hot dogs and bologna for example — were revised to pass on to processors higher material costs.

An announcement said the increase will compensate processors for a hike in the permissible price for beef at wholesale which it ordered in mid-September.

Pork sausage packed in sheep casings also is covered by the order, reflecting what OPS said are higher costs for the casings.

Officials estimated the increase in both cases will average about two cents a pound at retail shops.

CENTRAL FRONT, KOREA — (P) — The traditional pumpkin pies will be made with sweet potatoes. The holiday wine will be cans of 3.2 beer.

Battered mess kits will substitute for gleaming silver service and spotless China.

With those exceptions, many American soldiers on this front are going to have a real Thanksgiving dinner Thursday—young tom turkey and all the trimmings.

**Midland Will Close Shop For Traditional Thanksgiving Day**

It will be the traditional "turkey and all the trimmings" for most Midlanders Thursday, as this city observes Thanksgiving Day.

Most retail business firms, service establishments, banks, city, county and federal offices, professional firms and all company offices will close for the holiday. The Reporter-Telegram will publish early Thursday.

Classes in the public school system will be dismissed Thursday and Friday.

Thanksgiving Day services, scheduled in several churches, are expected to attract large crowds. The Union Thanksgiving Service, sponsored by the Midland Ministerial Association, will be held at 10 a. m. in the First Methodist Church.

Scores of football fans are expected to follow the Midland High School Bulldogs to Plainview for their Turkey Day clash with the Plainview Bulldogs.

Grocery and Produce firms reported an especially large demand for turkeys and other Thanksgiving dinner essentials.

**Indian Air Crash Claims 16 Lives**

NEW DELHI, INDIA — (P) — Sixteen persons died Wednesday in the crash of an Indian airliner at Calcutta's Dum Dum Airport. The seventeenth person aboard was reported in serious condition.

The plane, operated by Deccan Airways, was completing a flight from New Delhi to Calcutta and crashed as it came in for a landing.

The dead included Deshbandhu Gupta, managing editor of the Delhi Indian News Chronicle and president of the All-India Newspaper Editors Conference, and A. C. Hines, security officer of the British high commissioner's Calcutta office.

**Truman Blasts GOP Lies, Smears; Taft, Gabrielson Answer**

WASHINGTON — (P) — President Truman, in a speech reminiscent of his 1948 "Give 'em hell" style, Tuesday night declared the Democrats won't take lying down the "lies and smears" he said he anticipates from Republicans and "special interests" in the 1952 presidential campaign.

Truman told an audience of party members here he thinks more money will be spent "in trying to defeat the Democratic Party next year than has ever before been spent in any election in the history of the country."

This brought from Republicans more "corruption" charges. Truman did not mention in his speech any of the charges of wrongdoing which have been alleged against his Administration.

His declaration that "the truth and the facts are on our side" brought a retort from Senator Robert A. Taft (R-Ohio) that "President Truman should certainly get the prize for political effrontery" for his speech.

**Flash Of Realism**

Guy G. Gabrielson, chairman of the Republican National Committee, said Truman had "a flash of realism" when he said "A mistake in a presidential election can cause the country untold harm."

"The reminder isn't necessary for millions of Americans," Gabrielson said. "They are disgusted and alarmed at the high taxes, high prices, corruption, crises and war of his incompetent Administration. They won't make the mistake again."

Without naming the senator, Truman singled out Taft with the assertion that "special interests" had poured money into Ohio last year to elect the Republican.

Taft, an avowed candidate for his party's presidential nomination, said in a statement in Cincinnati, (Continued On Page Seven)

**Community Chest Finance Campaign Still \$13,000 Short**

Midland's Community Chest finance campaign Wednesday was approximately \$13,000 short of its \$55,447 quota as contributions continued to trickle in.

Returns received to date total \$42,400, leaving a balance yet to be subscribed of \$13,047 if the campaign is to be concluded successfully. Chest officials said.

Pat Ruckman, general chairman, said it is a gloomy picture Midlanders face as they prepare to observe Thanksgiving Day. In that citizens have failed to take care of their Community Chest needs.

"Here in a city of plenty—prosperous and progressive Midland—it is a shame that our 1951 Chest drive is lagging miserably," another campaign leader stated. "Unless the goal is reached promptly, seven youth and welfare organizations will be forced to curtail their operations and activities next year."

John E. Reid, campaign coordinator, urged Midlanders who have not been contacted in the drive to mail their contributions to Community Chest, Midland, Texas.

"Giving to the Community Chest is an excellent manner in which to show our true thankfulness on Thanksgiving Day," Reid declared.

**City Traffic Lights Go On Experimental Operation Cycles**

There's method in the mad way in which Midland's traffic control lights will be setting the next day or so.

For months now they've worked as regularly as the clockwork which operates them, completing the cycle of red, amber and green every 40 seconds.

Then John E. Metzenthin came to town.

Metzenthin, who lives in Dallas, is field engineer for the Crouse-Hinds Company, which manufactured an intricate new control device for the traffic lights.

Tuesday, he went into a huddle with City Manager W. H. Oswalt, Police Chief Rube Hemmingsway and Traffic Sgt. Jack Tramm and they began figuring out ways to try to speed up Midland's downtown traffic.

Wednesday, they started experimenting with variously-timed cycles, hoping to hit on the answer by trial and error.

With the new control panel, the cycles can be changed automatically at various periods of the day to meet light and heavy traffic flows.

John Tom Baker of Denison will take over Monday as director of the Midland Youth Center. Baker will replace Bill Glidewell, who left Tuesday for the U. S. Air Force. He will be stationed at Lackland Air Force Base, San Antonio.

Mrs. Glidewell will remain here as assistant director until the first of the year. Mr. and Mrs. Glidewell have been director and assistant director of the Youth Center more than a year.

Baker is a graduate of Texas Tech, where he was a member of the football squad. Since his graduation he has been teaching and coaching in the Denison High School.

**Reds' Cease-Fire Plan Surprisingly Like UN Proposal**

MUNSAN, KOREA — (P) — Truce hopes brightened Wednesday when Communist negotiators submitted a cease-fire plan of their own that could open the way for a Korean armistice by Christmas.

It was similar to a United Nations plan for creating a buffer zone along the present fighting line, to take effect if an armistice is signed within 30 days.

A UN Command communique referred to the resemblance as superficial.

But the command's official spokesman, Brig. Gen. William P. Nuckols, said if the Red plan "means what we think it means x x x then I think we are very close to solution" of the buffer zone question.

The point in doubt was whether the Communist proposal means "that troops will be withdrawn from the buffer zone after an armistice is signed," as the UN has proposed.

After the Communists submitted their counterproposal at Pannunjom at Wednesday's two-hour truce session, Allied negotiators tried to determine whether the Reds contemplated an immediate or delayed withdrawal from a buffer zone to be created along the present front.

**UN To Reply Thursday**

At the close of the session Maj. Gen. Henry I. Hodes, heading the UN subcommittee, told the Red delegates, "We will present you with the necessary revisions to clear up this proposal," at Thursday's meeting. It is set at 11 a. m. (8 p. m. Wednesday CST).

At Pannunjom, Nuckols said there were traces of fundamental differences between the Allied and Red proposals. He said the Communist plan contained "rather ambiguous and vague phraseology." (Continued On Page Seven)

**Casualties In Korea Climb To 100,176**

WASHINGTON — (P) — Announced U. S. battle casualties in Korea reached 100,176 Wednesday.

The Defense Department's weekly summary, reporting an increase of 950 since last week, sent the total above the 100,000 mark. By comparison, U. S. combat casualties in the first year of this country's participation in World War II were 59,000.

Of the 950 new battle casualties reported Wednesday, 150 were killed outright in action, 782 were wounded, and 38 are missing.

By services, the new casualties included 836 Army personnel, 95 Marines, 14 Navy personnel and five members of the Air Force.

**22,000 Since Talks Began**

American families have been told of some 22,000 casualties among their men since Gen. Matthew B. Ridgway first offered to talk about an armistice on June 30.

About seven out of every 10 American battle losses have been suffered since the Chinese Reds poured across the Manchurian border into the then virtually-untaken Korean battlefield a little more than one year ago.

The 70,000 U. S. casualties reported since the Chinese entered the war include almost 8,000 of the 12,500 Americans listed at one time or another as missing in action. This missing figure has been reduced to a current total of around 10,800. Among these are the some 5,500 Americans reported by Col. James M. Hanley, chief of the war crimes (Continued On Page Seven)

### Red Cross Prepared To Assist Prisoners If Ko-Reds Consent

WASHINGTON — (AP) — If an agreement can be worked out with the Communists to send food and medicine to prisoners of war in Korea, the American Red Cross says it is ready with a program.

The Red Cross announced Tuesday that 5,000 food packages assembled by volunteers in Washington are at a West Coast port, ready for shipment to Japan. It said 4,000 other special packages have been made available for prisoners who may be ill or undernourished.

Arrangements relating to prisoners of war of both sides is on the agenda of the current armistice talks in Korea.

## Gable-Lady Sylvia Divorce Battle May Hit Front Pages

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD—The Clark ("I'm from Nevada, son") Gable-Lady Sylvia battle can turn into lurid headline stuff at any moment unless one of them yields. There's talk that both have new accusations up their sleeves.

Robert Taylor's wordage on a possible reconciliation with Barbara Stanwyck before their divorce becomes final in February of 1952:

"I wish I did know the answer. There's no answer for it. I haven't the faintest idea."

Sunkbed notes from Palm Springs:

Hollywoodites can't escape "television" even in a town where there is no TV.

There's a 20-inch screen and a hidden 18 mm. movie projector in a Palm Springs bar to simulate television. The same heroes and badmen are shooting it up in old Western thrillers. No commercials, though, and nothing gets out of focus except the customers.

Betty Hutton, whooping it up in a cashmere sweater trimmed with mink at Charley Farrell's Racquet Club, whispered that Paramount can count her out of a rumored co-starring film with Dean Martin and Jerry Lewis.

She wailed: "There isn't a plot that will hold all three of us."

Current hoop: A Hollywoodsman covered with bandages showed up at his studio and sheepishly explained to friends:

"I was on my way to Barbara Payton's house and a funny thing happened."

Audie Murphy will star in U's "Claim Jumpers." The story has a Colorado setting in the 1870's.

Orson Welles and Uncle Sam have agreed on how he'll pay \$60,000 in back income taxes. The U. S. will take 75 per cent of his salary for future movies until all is paid.

Luxury note: Dixie Crosby's favorite perfume costs \$110 for a two-ounce bottle.

The late Robert Walker's foreign car is up for sale. His estate has been cleared completely of debts outstanding at the time of his death and his sons are in possession of his stocks, investments and other assets.

Bud Abbott and Lou Costello say their future films will be tailored 100 per cent for the kids and that they'll produce a series of fantasies as a follow-up to "Jack and the Beanstalk."

Bruce Cabot's been telephoning his soon-to-be-ex, Francesca de Soffia, from Houston, Texas. No reconciliation she vows.

The ad campaign for a new novel by Ari Ibn-Zahav titled "David and Bathsheba," due soon, has movie-towners gasping. One line of advertising will read:

"Positively not based on the movie of the same name."

The word is out that Kay Young, estranged wife of Michael Wilding, will wed Douglas Montgomery, the one-time film star, when she sheds the British actor.

There have been blasts at Hedy Lamarr in the Mexican press and the climate will be chilly if she returns to Acapulco. Hedy's remarks about the school's of Mexico to American newsmen did the damage.

Yvonne de Carlo, meanwhile, snagged the lead in Fidelity's "The Scarlet Flame," which Hedy wanted as her next movie. The film will be made in Mexico City next May as a joint American-Mexican film venture.

The Joe "Fingers" Carr of Capitol's bar-room piano records is Lou Busch, husband of Margaret Whiting. Mark down March 20, 1952, as the date for the 24th annual Oscar awards. They may be televised.

It-always-happens dept: A couple of fan magazine editors are screaming. They are caught with almost-in-print yarns about Howard Duff, who just married Ida Lupino, and the reason he remains a bachelor.

### Brother, He Had Time On His Hands

The fellow acted as if he had the hotel lobby.

A friend, who knew the fellow usually was very busy, asked:

"How come you're loafing?"

Said the man with the time:

## Fellowship Class Holds Dinner

The Fellowship Class of the First Methodist Church held its annual Thanksgiving dinner Tuesday in the Blue Star Inn, with Mr. and Mrs. Hugh McCullough, Mr. and Mrs. Boyd Crain, Mr. and Mrs. Guy Willis and Mr. and Mrs. L. H. Whigg serving as host couples.

Special guests were the Rev. and Mrs. R. L. Kirk, Mr. and Mrs. W. L. Brady, George DeHart and Ruth Ann Farrar. Following the invocation by Mr. Kirk, the program opened with a song by a quartet composed of Priscilla Walcher, Betty Black, Susie Starr and Sue Mills.

Hugh McCullough served as toastmaster for a quiz program during which winners were named in a variety of classifications, ranging from the person living longest in Midland to the person with the youngest child.

Mrs. Jack Walcher served as narrator for the Thanksgiving play written by Mrs. McCullough. Those participating in the pantomime were Dr. Charles Gaines, Priscilla, Frank Paup, John Alden, Jack Gibson, Capt. Miles Standish, Paul Wecker, Pocahontas, Bob Baker, Capt. John Smith, George Brown, Indian Chief, Walcher and Crain, two Indians.

The program was closed with an old-fashioned sing-song led by a quartet made up of Noel Oates, Dr. Jimmy Gaines, Curtis Hicks and Warren Scott.

More than 100 members and guests attended.

## Midland Churches Plan Special Services Thursday

Midland churches will observe Thanksgiving Thursday with special services, mass and communion. The annual Thanksgiving Service, sponsored by the Midland Ministerial Association, will be held at 10 a. m. in the First Methodist Church. Ten churches will participate.

A special Thanksgiving service will be held at 10:30 a. m. in the Grace Lutheran Church. The annual Thanksgiving breakfast, sponsored by the Training Union of the First Baptist Church, will begin at 8 a. m. Guest speaker will be the Rev. Arthur DeLoach, pastor of the First Baptist Church in Odessa.

The Thanksgiving service at the Christian Science Church will begin at 11 a. m. The Golden Text of the service will be "It is a good thing to give thanks unto the Lord and to sing His praises, unto Thy name, Oh, Most High."

The St. Ann's and St. George's Catholic Churches will have a mass of Thanksgiving at 7 a. m.

The Trinity Episcopal Church will have a special Thanksgiving communion service at 9 a. m.

WHY WE CAUTION  
...choose jewelers before choosing gems!  
It is a mistake to assume that the most trustworthy jeweler is "more expensive." More frequently, we find the opposite to be the case. There are so many ways that one can be confused—even misled—in the purchase of an engagement ring, unless one happens to be a trained gemologist. It often saves you important money to consult the jeweler you can trust implicitly.  
In the interests of the buying public, the American Gem Society has undertaken to identify those jewelers who can and choose to pass strict yearly examinations of their gem-knowledge and ethical business practices. We know and endorse any jeweler who displays this membership insignia.

Endless Truce Talks

For exactly one-fourth of a year we have been endeavoring to negotiate a truce with the Communists in Korea. In the annals of war, this must be close to a record.

At all times speculation has ranged the gamut, from the belief the Reds do indeed want a truce to the conviction that their council table game is nothing but another tactic in the war itself.

The weight of evidence leans toward support of those who feel the Communists would like to halt the conflict, or at least transfer it to the political arena. They grudgingly have loosened their grip on a fat slice of Red territory. The glum report of their failure has been read in every capital.

Today their enterprise in limited aggression does not stand high. It has not paid the hoped-for dividends. Worse, it is a burden and a handicap.

All this is beyond the realm of opinion. Yet there can be no proof that the Communist negotiators honestly are seeking truce. The dogged persistence with which they reflect the negotiations into side paths just when they seem headed for decisive progress is bound to stir doubts.

Lately correspondents have been refreshing our minds on the Reds' cynical use of the truce in their war against the Chinese Nationalists. Time and again a truce was dangled invitingly in front of the Nationalists' eyes, but always the carrot turned out to be booby-trapped. The Communists simply seized the chance afforded by the lull to build up for another attack.

If this is really their purpose at Panmunjom, the supporting evidence is not so easy to discern. Our military leaders do report a build-up on the Communist side. But they are emphatic in declaring it insufficient to sustain an effective assault against our forces.

Perhaps the Spring will see more fevered preparation for attack, although everything suggests such a purpose necessarily must hinge on more generous aid from Russia than the Chinese and North Koreans yet have had.

It could be, however, that winning all Korea by force of arms no longer is within the scope of Communist aims. Their present goals may be cheaper and easier of attainment—to keep the United States and its UN Allies deeply mired in the mud of indecisive battle.

Stalemate obviously can tie up our forces as thoroughly as smashing offensive warfare. And the Reds always may hope that time will destroy the patience of the American people, compelling us either to strike harder—in dangerous disregard of other vital fronts—or to settle on terms which might give the Communists politically what they could not gain by arms.

If you rule out the likelihood of a genuine truce, as many are doing, then our dilemma is a great one. Anyone who pretends otherwise is dodging reality. Conflict with Communists is like no other. Its shape is vague, its forms are many, its rules are new with each day. And possibly it is endless.

The Washington Merry-Go-Round

By Drew Pearson

Copyright, 1951, by The Bell Syndicate, Inc. Drew Pearson says: Candidate Taft brags has corralled more than 600 delegates; Midwest and New England reports encouraging; Senator Malone reverses himself on tidelands.

WASHINGTON — At a relaxed dinner at the Carlton Hotel recently Senator Robert Taft cheerfully bragged to close friends that his delegate strength was "way over 600 and going up."

The senator had just come from a month of political bush-beating and a press conference where he was heckled for almost an hour. In high good humor, however, he told top aides Jack Martin and Lou Guylay: "This has been the most productive political month in my career. Everywhere I've been in the Midwest and South we are gaining strength. If the convention was today, I would get the nomination on the first ballot."

Guylay supplemented this by giving details on a Taft managers' report placing delegate strength at an all-time high of 600—enough to win on the first roll call. (At the 1948 convention, Taft never hit 300 votes.)

Senator Taft listened, beamed, but commented: "After this trap, I would say our strength is way over 600 and still going up."

Taft's Line-Up Reason for the optimism are the following reports sent in by Taft managers: Three Midwest states which turned their backs in 1948—Indiana, Kentucky and Wisconsin—are now on the Taft team. In Indiana, a Dewey state three years ago, National Committeeman Ralph Gates, the former governor; Ex-Senator Roy Willis, and 68 GOP members of the state legislature are on record for Taft. In Kentucky, National Committeeman J. Bennett Ross Todd, a Dewey man in 1948, actively is pushing Taft. In Wisconsin, Republican Boss Tom Coleman is lining up delegates. Coleman is Senator Joe McCarthy's friend. In Illinois, Senator Everett Dirksen has dropped "favorite son" ambitions to be Taft's manager. This means Illinois' 60 votes probably will go for Taft on the first ballot. In Pennsylvania, the three top-ranking GOP organization leaders, who photographed with Taft at Harrisburg—State Chairman Harvey Taylor, National Committeeman Mason Owlett, and Senator Edward Martin, the other Pennsylvania senator, rugged, independent, Jim Duff, is Eisenhower's biggest booster.

New England Trends The same story of organization politics, deserting the Eisenhower campaign to line up with Taft, is true in New England. Taft managers report. At the 1948 convention, Taft received only four votes from the whole area, now is making heavy inroads in Massachusetts, despite Nevada Friendships The Senate always is quick to investigate anyone but its own members. However, one situation which badly needs investigating is the way Senator Malone, Nevada Republican, has reversed positions on tidelands oil.

At first, Malone fought to turn tidelands oil over to the states. This was at the same time his assistant, Ben Whitehurst, wrote to the Long Beach Harbor Commission on Malone's official stationery, asking \$50,000 to lobby for state ownership. However, the deal fell through. Now Malone completely has reversed himself.

At the Carlton dinner the other night, Taft gleefully revealed two surprises. They were promises of strength from both Kansas, Ike's home state, and from New York, under the careful thumb of Governor Dewey. Publisher Frank Ganett is determined to break Dewey's hold by splitting the delegation for Taft. He has the undercover support of 10 New York congressmen. Taft did not reveal his contacts in Kansas, but did say that while visiting in Kansas City he had received definite pledges of support from key party leaders. Taft's lieutenants pooh-poohed claims that Eisenhower will purchase Taft's hold in the South. They say that while the senator will not go into California to oppose Gov. Earl Warren, he expects to break even or better in seven of the 11 Western states.

However, the deal fell through. Now Malone completely has reversed himself.

At the Carlton dinner the other night, Taft gleefully revealed two surprises. They were promises of strength from both Kansas, Ike's home state, and from New York, under the careful thumb of Governor Dewey. Publisher Frank Ganett is determined to break Dewey's hold by splitting the delegation for Taft. He has the undercover support of 10 New York congressmen. Taft did not reveal his contacts in Kansas, but did say that while visiting in Kansas City he had received definite pledges of support from key party leaders. Taft's lieutenants pooh-poohed claims that Eisenhower will purchase Taft's hold in the South. They say that while the senator will not go into California to oppose Gov. Earl Warren, he expects to break even or better in seven of the 11 Western states.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service There were several traps and pitfalls in the hand shown today, but South managed to thread his way safely through all of them. If South had been less expert at managing the play, perhaps his partner would have been less aggressive in the bidding.

Bridge hand diagram showing North, South, West, and East cards and tricks.

West opened the deuce of diamonds, and East won with the ace. East then returned the four of hearts—not the best defense. South carefully took this trick in his own hand with the queen of hearts in order to try the spade

finesse at once. When that succeeded he cashed the ace of spades and led a third round of spades from the dummy. East hopefully stuck in the ten of hearts, but South did not make the mistake of over-ruffing. Instead he discarded a diamond.

East had to return a diamond, making dummy ruff with the king of hearts. Declarer could now safely ruff a fourth round of spades, cash the ace of hearts, and give up a heart trick to West's jack. Nothing could prevent declarer from reaching dummy with the ace of clubs in time to discard his remaining club on the last spade.

Neatly played by South, to be sure, but not the best defense. If East returns a diamond at the second trick, it is all misery and floundering for poor South. Declarer must ruff the second diamond in the dummy. What next? The best shot is to try for an extra spade trick by laying down the ace and then the queen of spades. (South would do better if he started the clubs, but he cannot know that.)

West takes the king of spades and returns a club. If declarer tries a club finesse, East wins and returns a diamond to make dummy ruff with the king. That sets up a trump trick for West as the fourth defensive trick.

Nor does it help declarer to go up with dummy's ace of clubs. He must then try to cash the jack of spades, but East ruffs with the ten of hearts and the jig is up.

CARD Sense

East South West North 1 Heart Pass 2 Clubs Pass 2 Hearts Pass 3 Hearts Pass 4 Hearts Pass Pass

Ybu, South, hold: Spades K-J-7-5, Hearts 10-9-8, Diamonds 5-2, Clubs K-10-6-3. What do you lead? A—Lead the five of diamonds. It looks as though dummy has a good club suit behind you and that the setting tricks must come from spades and diamonds. A spade lead might well sacrifice a trick, whereas, a diamond lead is unlikely to give declarer anything that he could not have done for himself.

Kitten in the Woods

OLLIE, Lee and Lucia did not return from Burlington until late evening. By that time Elizabeth had almost forgotten about Aaron Riggs in the library. Apparently he had grown tired of waiting for when she went down to prepare Mrs. Steinhardt's tray he had done. After making sandwiches and chocolate for herself and Allister, and taking hers upstairs, she had sat around reading, waiting for the sound of Ollie's car on the gravel below.

When it did arrive, Lucia emerged with her arms full of packages from the shops in Burlington. Both Lee and Ollie looked red and exasperated. Obviously, they too had done their share of waiting. The light burned late in Lucia's room as she tried on her new purchases but the others went early to bed.

At 7 the next morning Elizabeth decided she could safely rise and dress without waking her patient. Her toes had barely touched the floor when a timid knock sounded on her door. Mrs. Murphy stood outside, her red-knuckled hands twisting together nervously. Elizabeth saw at once that she had been crying and that her lips still trembled.

"Oh Miss, I have terrible news for you!" "Surely it can't be so bad!" Elizabeth tried to make her tone light but her heart was turning over.

Yugoslav Arms Aid Program Needs Close U. S. Supervision

By PETER EDSON NEA Washington Correspondent

BELGRADE, YUGOSLAVIA—The military aid pact just signed by the United States and Yugoslavia, under which Marshal Tito's anti-Soviet forces will get modern American weapons, points up a puzzle. It is: just how much security are the U. S., Britain and France buying in Yugoslavia?

Military planners at General Eisenhower's headquarters feel that Marshal Tito's forces are worth an investment. They were good guerrilla fighters in World War II. How good a modern army they may be is something else again. And the Yugoslav economy supporting them may be pretty much of a hollow shell.

Before the new pact was signed in Belgrade, Marshal Tito had said he could take care of his forces on small arms and ammunition, but he wanted heavy artillery, tanks and planes from the United States. He wanted these arms without any strings tied to them and said he would make no concessions to the Western powers to gain their assistance.

But the aid he will get will have strings on it, because the pact provides for an American mission at Belgrade that will check on the use made of whatever materiel we give him. Also Tito made concessions—at least to the extent of making available to the U. S. raw and semi-processed materials Yugoslavia has for export.

There is another side to this question, however, from the U. S. viewpoint. There is a parallel of American experience in giving aid to Turkey. At the start of the Truman doctrine, the U. S. planned merely to turn over to Turkey tanks and heavy artillery, without supervision.

Had To Build Roads But it was soon found that Turkey had no road system capable of carrying gasoline and ammunition to the Northern Turkish borders, to support mechanized forces. So the first requirement was to help the Turks build a modern road system.

Then it was found that the Turks had no mechanics capable of repairing motorized equipment. So a training system and military schools had to be established, with American instructors in Turkey and Turkish instructors sent to the U. S. for specializing training.

Yugoslavia today has no road system capable of carrying heavy artillery, tanks or supply trucks. And while American-made automobiles dash madly about the streets of drab, Slav Belgrade, mechanics capable of repairing motorized military equipment are few.

It is now three years since Tito broke with the Russians. Last year Yugoslavia suffered from a severe drought. It may have cost the country as much as \$100,000,000 in loss of food export sales, as well as internal suffering which U. S. food loans helped to relieve. This year's crops were good.

All prices and all wages are paid in a complex system of coupons, bonds, and discounts. Tags on clothing and shoes in the store windows bear three prices—the full

lot of difference, one way or the other. But you're only 23" "Bill!"

"He reached out and took her hand. "Pretty cold-blooded, aren't it?" Can't you see why I'm worried about you?" "Bill please, I—" She withdrew her hand.

"Okay, this isn't the proper time or place for romance, is it? And everything has to be in its proper time and place." "I didn't mean that exactly."

BUT he had withdrawn into his shell like an annoyed hermit crab. He got out, came around to her door, took the box with the dead kitten in one hand and her elbow in the other. "Let's find out the worst."

Dr. Appleby usually just tore became severe when she told him what they wanted. The young surgeon didn't mention the fact that the kitten came from Black Fir but they knew he suspected. He took the box without comment and left them to perform the autopsy. Bill waited until the door closed then phoned the Avondale Pharmacy. After a low-voiced conversation with the proprietor he turned to Elizabeth.

"Ollie is the only person who has purchased cyanide within the last three months. He bought a small package for his bug catching."

Elizabeth sighed wearily. "I know he's a strange person, Bill, but I just can't believe he'd kill a defenseless kitten." "It's all in the point of view. Black Fir is his home—the cat didn't belong there. If he felt it would harm his collection, he probably thought I had a right to remove it from the scene." "Legally, I suppose he does."

"The point is when will he feel that something more human than a cat is interfering with his life?" She stared at him aghast. "Oh Bill, he couldn't!" "The door to the autopsy room opened. Dr. Appleby stood in the entrance polishing his glasses, avoiding their questioning eyes. "There isn't any doubt. All the tests were positive. It was cyanide." (To Be Continued)

Fans had been gathered all summer, and stored away to be made into winter clothing. That fall an abundant harvest was reaped.

William Bradford was elected to the first of many terms as governor of Plymouth Colony, succeeding the first governor, John Carver, who died in office.

The 51 members of the colony, plus their Indian allies, held a great feast of Thanksgiving, which lasted three days. It was America's first Thanksgiving Day.

Many hardships remained to be overcome. But with Thanksgiving in their hearts, the Pilgrims knew that, with God's help, they had won their battle for freedom.

**★ THE DOCTOR SAYS ★**  
**Complete Cure For Diabetes Is Doubtful In Near Future**

By EDWIN P. JORDAN, M. D.  
Written for NEA Service  
Although diabetes is most common after the age of 40, it is by no means rare in childhood, and at this age, it is particularly distressing.  
Typical of the questions which parents of children with diabetes would like answered is the following letter from Mrs. H.: "My daughter, 11 years old, has diabetes. Will there be a cure soon, or ever? I am wondering if the pancreas could ever be stimulated, or if an operation could ever be performed. Do children outgrow diabetes?"  
In answer to Mrs. H.'s first question, I can only say that I am not a prophet. It seems doubtful that a complete cure will develop soon, but being an optimist, I feel that sometime this will come.  
So far as stimulating the pancreas by operation is concerned, one can say that experiments in this direction have been made, and although some interesting results have been obtained, there appears to be nothing as yet of practical value. This, too, may come.  
Finally, Mrs. H. asks whether children outgrow diabetes. In a sense, some of them do in that they may develop a much greater tolerance for sugar, and a much greater ability to use it within the body as they get older.  
The prompt and satisfactory treatment of children with diabetes have to be regulated carefully according to their needs and the state of the disease. A great many of them also need insulin injections, and these injections must be planned exactly and administered conscientiously.  
Limits Exercise  
Since the amount of exercise taken affects the disease to some extent, children with diabetes often are restricted in their athletic activities.  
In this connection I should like to mention the fact that there are a number of Summer camps for diabetic children throughout the country. This is a wonderful thing because it makes it possible for many children with this disease to have the normal Summer experience of camping and still receive the special care which they may need.  
Information on these camps can be obtained from the American Diabetes Association (11 West 42nd Street, New York 18, N. Y.), or the American Camping Association (343 South Dearborn Street, Chicago, Ill.).

**Turkey Dinner Costs Little More Says U. S. Bureau**

WASHINGTON —(AP)—A turkey dinner for four Washingtonians will cost about \$6.16, or 34 cents more than it cost last Thanksgiving Day, the government says.  
The Bureau of Labor Statistics, announcing the estimate Tuesday, said there will be local variations but that generally the higher cost will hold true throughout the country.  
Its figure was based on the probable consumption of five pounds of turkey, plus the customary side dishes.  
Last year, the bureau said, the same dinner here would have cost \$5.82; two years ago, \$5.72.

**Parents Of Cancer-Doomed Child Refuse Doctor's Offer To Prolong Life With Drugs**

ALAMEDA, CALIF. —(AP)—The distraught parents of three-year-old Rodney Gale have made a heart-breaking decision—to let him die of cancer as soon as possible.  
It was one of the toughest decisions a parent could be called upon to make.  
A hospital doctor told Mr. and Mrs. LeRoy Gale a nitrogen-mustard compound might keep the spark of life alive in Rodney's pain-racked body two or three months more.  
"We thought about it for a long time," said 29-year-old Mrs. Bonnie Gale Tuesday night.  
"Then we decided against it. It would only prolong Rodney's misery. And he's miserable enough now."  
Death may come at any time. Already Rodney has had his Christmas tree and toys. But he scarcely was able to know it.  
Little Rodney became ill last August. Doctors collapsed a lung in September and operated. They found cancer cells were filling his body.  
They told the parents to take him home. There was nothing more they could do.  
The 33-year-old father laid off work as a freight handler to be with his son.  
Breathing for Rodney became laborious. He couldn't walk, scarcely

**68 Drivers Survive First Day Of Wild Pan-American Race**

MEXICO CITY —(AP)—A narrow field of 68 drivers faced the second and third legs of the Pan-American Auto Race Wednesday over the mountainous highway from Oaxaca to Mexico City.  
The second leg is 256 miles from Oaxaca to Puebla. Then, after a 30 minute stop, the cars take off in order of arrival for the 81 mile-run to Mexico City.  
Veteran French driver Jean Trevoix, piloting a 1951 Packard, set a new record on Tuesday's 329-mile run from Tuxtla-Gutierrez to Oaxaca. He was clocked at 4:11:37 for an official speed of 78.45 miles per hour. U. S. driver John Mantz set last year's pace with 73:03.2 MPH.  
Of 106 cars entered in the border-to-border race, 10 failed to start and 27 dropped out because of mechanical failure, accident, or failure to make the first leg in the maximum time limit of six and a quarter hours.  
Two Mexicans, experienced 51-year-old racing driver Jose "Che" Estrada, and his co-pilot, Miguel Gonzalez, died in an Oaxaca hospital after their car veered off the highway, overturned and burned.  
Last year's winner, Hershel McGriff, Portland, Ore., was eliminated in the first leg. He failed to make Oaxaca in the maximum time.  
Still in the running are 28 Mexican drivers, 25 United States, seven Venezuelans, three Italians, two Frenchmen, two Peruvians and one Colombian.

**Chapman Denies U. S. Will Seize Tidelands Control**

WASHINGTON — Secretary of the Interior Chapman says the executive branch of the government has decided existing laws can not be used in administering Tidelands and their oil and gas deposits.  
In a letter to Senator Tom Connally, Chapman Tuesday denied there was any new proposal under consideration to "take over" or "seize" the offshore oil lands in the Gulf of Mexico.  
However, he declared it was of utmost importance that fullscale development of the oil and gas resources along the gulf be started as a national defense matter.  
Chapman called for enactment of legislation by Congress to lay down the rules for administration of the marginal lands.  
Connally had protested against the Interior Department or any other agency "undertaking to take over the Tidelands oil" without congressional action.

# DADDY RINGTAIL

## Daddy Ringtail And Blue Magic

Thanksgiving Day with Thanksgiving dinner almost had come to the Great Forest. Oh, but the day was bright and dry and hot like a

day in Summer. What a fine thing everyone decided, if the rain would come and cool the day to make it like a day in Autumn when the days are snug and cool and Thanksgiving.

"Stand back, you folks!" said the Rainmaker, and so Daddy Ringtail

By WESLEY DAVIS

The Rainmaker opened his suitcase once real quick and out came a puff of blue smoke. It was blue magic, really, and up it went in the sky to the north where the blue of the magic grew, and grew, and grew.

It grew until the sky was blue in the north all over, and the blue was a blue that was almost black. Not a breath of wind was stirring. The gold and yellow and brown of the leaves of the forest made not a sound.

"Something's about to happen," said Daddy Ringtail.

"Sure," said Mugwump.

But the Rainmaker said not a single word. He stood there smiling a very mysterious, Rainmaker smile. And when the something about to happen began to happen.

From out of the blue of the blue, blue sky of the north, the wind then came gently at first. And then it came with a bustle. The trees bowed before the wind, and tossed their branches. And the gold and brown and yellow leaves went scurrying away before the wind, and suddenly the wind was cool.

"Run!" shouted Daddy Ringtail, and the three friends ran away as fast as they could to the monkey house. The Rainmaker held his hat on his head while he ran. His other hand held onto his Rainmaker suitcase. Up they went to the monkey house, and then inside, and slammed the door, just as the rain came raining down like barrels of water. Oh, the cold of the rain outside made the monkey house seem very snug and warm and dry inside. The noise of the wind and rain made everyone think of a cool Autumn day when Thanksgiving Day is here almost, and I wish it would hurry, don't you? Happy day! Happy Thanksgiving, too, when it comes.

### Candy And Cash Taken In Three Break-Ins Here

Three burglaries were reported to police Wednesday, but only \$25 in cash and a quantity of candy were taken. Burglars smashed through a rear window of the King's Conoco Station at 410 West Wall Street during the night and took \$25 in cash. Someone also broke into the Midland High School building, broke open a candy-dispensing machine and took an undetermined amount of candy. Nothing was reported missing from the Planters Gin Company on South Front Street after someone broke into it during the night.

### Crane News

CRANE — Funeral services were held here Sunday for George Edward Stokes, who died Wednesday in the veteran's hospital at McKinney. J. F. Kendrick, minister of the First Christian Church, officiated. Survivors include the widow; a two-year-old daughter, Patricia Ann; a year-old son, Johnny Edward; the mother, Mrs. Tessie Stokes, and a brother, John L. of Crane.

A son, Ray David, was born to Mr. and Mrs. Ben J. Renshaw Sunday in the Baylor Hospital in Dallas. The firemen's auxiliary met in the home of Mrs. A. T. Carroll recently for a social.

Seventh grade students attended a session of the district court Monday. Judge G. C. Olson and State Senator Hill D. Hudson of Pecos spoke to the students. The Rev. R. O. Tomlinson spoke at a meeting of the Crane Elementary P-T.A.

Mr. and Mrs. T. G. Jackson and son, Stevie, of Bartlesville, Okla., were weekend visitors of Mr. and Mrs. John Webb and family. Mr. and Mrs. James R. Dublin and son, Jimmie, of Houston, are visiting with Mr. and Mrs. Ben Dublin.

### Parade Is Sample Of Real Thing

The parade of wrecked automobiles scheduled Wednesday afternoon in the business district is only a sample of the real thing. Nobody knows it better than Willard Opp, the former policeman who was to drive one of the wrecker in the parade arranged by the Police Department and the Boy Scouts in the interest of safer driving. Opp left the police force about four months ago and since that time has been driving a tow-car for the Speed Body and Paint Shop, which pulls in a large percentage of all wrecked cars in Midland County. Real Tragedies "When I was a policeman," said Opp, "I thought the wrecks were bad enough but since I've been driving a tow-car, I know what tragic things they really are.

"The first month I worked at this job, I helped pull 11 bodies out of an assortment of wrecks and it really started me thinking. "If all drivers could see these wrecks they'd be a little more careful."

The last 30 days have been particularly busy ones for Opp and the drivers of other tow-cars in Midland.

In Midland County, there have been 50 wrecked cars which couldn't be driven away from the scene of the accident. "Forty of them," said Opp, "were total wrecks, too."

In those wrecks seven persons died and dozens of others were sent to the hospitals with injuries. "Total damage to the automobiles has been estimated at \$40,000."

### Conoco Has Free Oil In Ellenburger Zone At Crockett Venture

Continental Oil Company No. 1-C, T. Harris, Northwest Crockett County wildcat, eight miles north-east of Iraan has found some shows of oil and gas in the top of the Ellenburger and is making more hole. The show was at 7,643-96 feet. A drillstem test was taken on that zone for one hour. There was a strong blow of gas at the surface after 55 minutes.

Recovered Free Oil Recovery was 400 feet of 37-gravity oil and 100 feet of heavily oil and gas cut drilling mud. There were no signs of formation water. Open flowing bottom hole pressure was 100 pounds. Shut-in bottom hole pressure was 2,700 pounds. Length of the shut-in period was not reported.

Operator deepened to 7,727 feet and was preparing to take another drillstem test. Location is 3,300 feet from south and 1,980 feet from east lines of section 1, T. 10R, S. 10E. The wildcat is five and one-half miles southwest of the discovery well and lone producer in the Lula-Devonian field. Top of the Ellenburger was picked from samples to be at 7,622 feet. The elevation of the prospector has not been reported.

### Asiatic War Wives Leave Japan By Air With GI Husbands

TOKYO —(AP)— Eleven shy and excited Asiatic war wives left Wednesday night for strange new homes in the United States with the American soldiers they married in war-battered Korea.

Ten are Korean nationals. The other is Chinese, born in Peiping but a resident of Seoul since 1946. Korean-American babies accompanied three.

The 11 families left on a Military Air Transport plane for a 36-hour flight via Honolulu to San Francisco.

The wives and their husbands had spent 12 awesome hours in this bustling city. They came from Korea by boat and train.

Hardship, Bitter Memories In Korea the wives left war, hardship and bitter memories. Some had been caught behind Communist lines in the war. One was jailed for a time as a spy.

The parents of one were killed in the fighting. The parents of another and the father of still another are missing.

Wednesday, the wives were shyly hopeful of the future. They were neatly dressed in new tailored suits and blouses.

Wha Ok Brychel, wife of Sgt. Adam C. Brychel of Chicago, voiced their common view: "I want very much to see the big stores, the movie theaters, all the cars and the big hotels my husband has told me about."

"But most of all, I am very anxious to meet my husband's family and I am praying that they will like me."

### Rotarians, Lions Hold Joint Meeting

The hallowed observance of Thanksgiving by early Americans, especially after their hardships, gives us hope for today and incentive to give thanks for our blessings, the Rev. Luther King told Rotarians and Lions of Midland Wednesday at their annual joint luncheon club meeting in Hotel Schaubauer.

The joint meeting at Thanksgiving annually is presented a program by the Ministerial Association of Midland.

"Thanksgiving is an act—an act of rendering thanks to God," Mr. Kirk said. He quoted the scripture, "Enter into His gates with thanksgiving."

The speaker traced the origin of Thanksgiving as we observe it, pointing to its meaning and spirit as more than just a holiday.

There were 160 persons at the meeting. Rotarians were recognized and introduced by their club president, Dr. J. O. Shannon, J. P. (Kitt) Carson, president of the Lions Club, introduced and recognized his members. Carson presided at the luncheon. W. R. Mann was in charge of the program.

Ministers and their wives of the city were special guests. The invocation was given by the Rev. Cecil C. Hardaway. The Rev. F. W. Rodgers introduced the speaker.

### Abdullah Expects To Wake Up Cairo

NEW YORK —(AP)—Sheppard King III expected to "wake up the town" when he arrived in Cairo Wednesday for a scheduled marriage with Egyptian dancer Samia Gamal.

"I will be very glad to get back to the desert again," the Texas playboy told reporters before stepping on a plane here Tuesday.

King carried a \$1,500 gold and platinum cigarette case as a wedding gift for Samia. He also carried what he called "a sack full of divorce papers."

### Formation Of Scout Troop Is Discussed

The organization of a Scout Troop was discussed in a meeting of the Grace Lutheran Church Men's Club Tuesday night. In charge of the meeting were Don Galbreath, assistant Scout executive, and J. B. Elder, a member of the El Centro District Organization and Extension Committee.

An organization committee, including Rush Bailey, Leland Huffman, Walter Blair and Herb Schauer, was named. The meeting was held in the church.

TOT INJURED — W. M. Johnson, Jr., three-year-old son of Mr. and Mrs. W. M. Johnson, 205 West Nobles Street, suffered a forehead laceration in a fall Tuesday. He was given emergency treatment at Western Clinic-Hospital.

FORMATION OF SCOUT TROOP — An organization committee, including Rush Bailey, Leland Huffman, Walter Blair and Herb Schauer, was named. The meeting was held in the church.

### Midlanders—

(Continued From Page One) Terminal Post Office to see if there was mail. There was. The clerk handed Mrs. Thomas an envelope of a strange, thin kind of paper.

"Mrs. R. S. Thomas, Gen. Del. Terminal, Tex.," it read. Stamped across the end was "Services Des Prisonniers de Guerre" and "The Chinese People's committee for World Peace and against American Aggression."

And in tiny script at the left-hand corner of the letter were the words that brought tears to Mrs. Thomas' eyes: "Cpl. William G. Thomas."

The two-page letter inside was scrawled in pencil and there was no doubt about the hand-writing. "Dear Mom and Family," it said. "I would like you to know that I am alive, well and safe. Please don't worry about me because I am in good hands and the Chinese Volunteers treat us POW's with a lot of consideration."

Mrs. Thomas and her husband continued to read, and a puzzled frown came on their faces. "I am hoping to be home soon," the letter continued, "and that is one of the main reasons I am writing this letter. I know that you and most all the folks back home hate war so you can understand my feelings."

"We hear that our delegation at the peace talks are causing a lot of difficulty at the meetings with unreasonable demands, etc. "Well, mom, I will tell you that I am in full support of the three proposals of the Chinese and Korean delegation and also against a separate peace treaty with Japan. It is a direct threat to the whole Asiatic continent."

"Mom, I have been away from home almost three years, 13 months were in Korea, and eight months, of that I have been a POW. So you can understand that I am anxious for this problem to end so I can return to the ones I love."

"I hope you and all your friends do everything in your power to speed peace. Love always, William." Thomas snorted later as he showed the letter around.

"He wouldn't write anything like that," he said. "They made him write that. There's no doubt about it. Just some more of their propaganda."

"He joined the Army when he was 18 years old and I know he wouldn't say anything like that. "But propaganda or not, it's a letter from our son and, at least, we know he's alive."

### Texans To Enjoy Mild Weather, Lots Of Turkey, Football

Mild, cloudy weather, scattered showers, 20 high school football games, one college game, a good supply of turkeys—that's Thanksgiving in Texas Thursday.

It will be the last time for a while that Texas will celebrate any day but the last Thursday of November as Thanksgiving.

The last State Legislature passed a law that after this year Texas will celebrate Thanksgiving on the last Thursday in November.

The traditional Turkey Day football classic—the University of Texas vs. Texas A&M won't be played until the last Thursday, November 29, this year.

The only college football game in the state Thursday will be Abilene Christian vs. Howard Payne at Brownwood. But 20 high school games will decide three district champions and 17 bi-district winners in the state schoolboy football race.

The turkey supply was reported good, and wholesale prices were just about the same as last year.

### PMA Committee Members Chosen

A record number of Midland County farmers and ranchers turned out Tuesday to vote on members of the Production and Marketing Association Committee for Midland County for 1952. The total number of voters cast was 193.

Chairman W. E. Pigg and Vice Chairman D. W. McDonald were re-elected to serve on the committee for 1952.

Other members elected included Oswald Raggett, first alternate member, and Palmer Evans, second alternate.

### UN Forces Throw Back Red Attempts To Halt Latest Push

SEOUL, KOREA —(AP)— United Nations forces Wednesday threw back the Reds' strongest attempt to halt an Allied line-strengthening drive on the Central Korean front. The UN push has gained almost five miles since Saturday.

The Republic of Korea (ROK) Sixth Division stopped counterattacks by elements of two Red battalions. The South Koreans had the support of a tremendous artillery barrage.

An Allied officer said, "We clattered the hell out of them all night. Without the artillery the Reds could have made it hard on the ROK's."

The South Koreans also threw back several other jobs at their Pukhan River line, southeast of Kumsong. Tuesday, they knocked the Reds off three important hills in that sector.

On the eastern front, United Nations soldiers repulsed a Red attack northwest of the Punchbowl after a five and one-half hour fight that ended shortly before dawn Wednesday. No other major action was reported from that mountainous front.

The only action on the western front was northwest of Chorwon. An Allied raiding party occupied one hill position in Communist territory.

Pog slowed the air war Wednesday, but Allied bombers continued their attacks on Communist road and rail facilities.

### Truce-By—

(Continued From Page One) But at a later briefing for the press in Munsan, he said: "I am more optimistic than I have been for some time past."

"The basic point at issue is when the buffer zone will be cleared of troops."

Under questioning of Hodes, North Korean Maj. Gen. Lee Song Cho said, "The troops will be withdrawn after the agreement is signed."

He did not say whether he referred to the cease-fire line proposal now before the subcommittees or to the final armistice agreement. And UN delegates did not ask. They are expected to clarify this Thursday.

Reds Agree In Principle In submitting the Communist counterproposal, Lee said: "We agree in principle to your proposal. However, we consider the form not proper or suitable for final agreement. Also, we hold different views with respect to certain details."

One of these details was the Allied proposal for creating a "provisional military demarcation line." Lee said the agenda provided the "demilitarized zone must be determined, so we oppose all that is provisional."

After the UN Command subcommittee had studied the Red plan for hours, Nukolski said: "If the apparent ambiguities in the Communist proposal can be clarified and if the insertion of key words or phrases to obtain the clarification will be acceptable to the Communists, then we are well on the road to an agreement on the subdelegation level."

### Casualties—

(Continued From Page One) section of the U. S. Eighth Army in Korea, to have been killed by their captors.

General Ridgway said in a report early Wednesday there was "considerable evidence" that approximately 6,000 U. S. soldiers captured by the Communists were victims of "death by atrocity." He said there was no "conclusive evidence" of the number of atrocity deaths, and that 254 victims had been identified and their families notified. Most of the 6,000 who, the general said, may have been atrocity victims, are included in the current missing category, his report stated.

### John N. Garner, 83, Heads For Hills To Hunt Deer, Turkey

UVALDE —(AP)— Former Vice President John N. Garner got out his fur-lined britches and headed for the hills Wednesday to celebrate his eighty-third birthday Thursday hunting deer and turkey.

The only Texan who ever had even a fighting chance to be President of the United States enforced his long-standing "no politics - no quotes" rule, but he was talkative about hunting.

He took up his rifle and shotgun after a one-year lapse. A year ago he told Ross Brumfield, his hunting companion for 30 years, that he was through.

"I never saw him change his mind before, but he weakened," Brumfield said.

"I swore I wasn't ever going to hunt any more but here I go again," Garner told Brumfield as they planned the hunt around an oil-cloth-covered kitchen table on the back porch of Garner's Uvalde home.

"What you said was you weren't going to sleep on the ground any more, but up there you won't have to sleep on the ground," said Tully Garner, the former vice president's son.

"Up there" is a remonte ranch in the rugged Rio Grande country, about 60 miles north of here. Takes "Long Tom" Garner took his 25 caliber Remington automatic for deer and a shotgun he calls "Long Tom." Long Tom" is a 32-inch Winchester pump gun Garner uses on turkey.

Brumfield, a garage owner, was Garner's steady hunting partner in the long years when the bristling-browed Texan was speaker of the House, then vice president in the first years of the Franklin D. Roosevelt Administration. Whenever he could, Garner came home to relax during the hunting season. Brumfield said Garner, despite his almost 83 years, still is a fine shot. His eyes are good and he still spends many early morning hours every day reading newspapers, magazines and books. Right now he is half finished with Jesse Jones' new book, which he told friends was mighty fine reading. Jones sent him an autographed copy.

Garner still is going strong in many other respects at 83. He still goes to bed early and is up at dawn. He feeds the poultry at his place here in Uvalde, takes a walk every day and mostly handles his still-big correspondence. He got more than 300 letters after a recent picture, showing him shelling pecans, appeared nationally.

Garner answers as much of his mail as he can, often with a pencilled reply scrawled across the bottom of the letter.

Garner put himself on a diet two years ago and has lost 12 pounds. He eats four small meals a day, usually including vegetable soup with a liberal amount of ground meat in it. He eats cornbread and Uvalde honey. He's short and stocky but has no paunch.

His ambition is to live to be 92 so he can have the satisfaction of saying he spent his life as a private citizen. He spent 46 years in

public office, starting as a county judge and winding up as vice president. He retired from public life in 1941 after breaking with the New Deal.

The way he looked Wednesday, it seems Garner, with reasonable luck, will achieve that ambition.

### Christmas Seals Feature Design Of Santa Claus

One of the world's most familiar symbols of unselfish giving, Santa Claus, is featured on the 1951 Christmas Seals, which are being received by Midland County residents. The seals were mailed this week.

Returns from sale of the seals already have begun to be received, according to Richard L. Hughton, chairman. But no figure had been announced Wednesday.

The red, chubby face of Santa Claus is portrayed on the Christmas Seal against a green-blue background. The designer was Robert Stephens of Newark, N. J. The design was selected from 44 submitted by various artists.

Midland County annually meets its quota for Christmas Seal sales and 1951 is expected to bring another success, according to Dr. Fred Gaarde, publicity chairman.

# Owls, Bears Chosen

By HAROLD CLAASSEN  
LEXINGTON, KY. (AP)—Trying to pick football winners with one eye on the past performance charts of the various teams while the other wanders from cigarette factories to coals to turkeys.

So, under a handicap, here are Saturday's victors:  
Tennessee over Kentucky: A total of 13 points was scored in the last two meetings of these Dixie Giants, all by Tennessee. The Vols may not be able to shut out the Wildcats for a third straight year but Tennessee has the horses to outscore Kentucky.

California over Stanford: This week's ring-tailed special, Stanford to taste defeat for the first time this year.

Michigan State over Colorado: The No. 2 team in the country smacks down the No. 2 team in the Big Seven Conference.

Princeton over Dartmouth: Dick Kammaler, Princeton's candidate for all-anything honors, says farewell to the home folks.

Maryland over West Virginia: It is as simple as this—Maryland defeated Washington & Lee, 54 to 14; Washington & Lee, in turn, trounced West Virginia, 34 to 0. By comparative scores it should be 88 to 14. Yale over Harvard.

Illinois over Northwestern: The Illinois conquer their jinx team and get game tickets for the Rose Bowl game all in one rugged afternoon.

Wisconsin over Minnesota and Purdue over Indiana: Wisconsin and Purdue finish their Big Ten schedules with victories but will wind up in that order behind Illinois in the conference standings.

Rice over Texas Christian and Baylor over Southern Methodist: Rice and Baylor will win to set the stage for their own climatic clash at Houston with the conference title at stake on December 1.

Georgia Tech over Davidson. Thursday:  
Denver over Colorado A&M, Utah over Idaho, Virginia Military over Virginia Tech, Washington & Lee over Richmond, Wichita over Detroit, Xavier over Toledo.

Saturday:  
East: Boston University over Syracuse, Columbia over Brown, Cornell over Penn, Fordham over New York University, Holy Cross over Temple, Pittsburgh over Penn State, Rutgers over Colgate.

South: Alabama over Florida, Clemson over Auburn, Duke over North Carolina, Florida State over Bradley, Villanova over Louisiana State, Virginia over William & Mary, Wake Forest over South Carolina.

Notre Dame picked  
Middle West: Cincinnati over Miami, Notre Dame over Iowa, Ohio State over Michigan, Oklahoma over Nebraska.

Southwest: Hardin Simmons over Arizona, Houston over Oklahoma A&M, Tulsa over Arkansas.

Far West: Oregon State over Oregon, Temple State over Wyoming, Texas Tech over New Mexico, Washington State over Washington.

# Midland, Kermit Wink To Win Tilts

By LARRY KING  
Reporter-Telegram Sports Editor  
Midland's Bulldogs get a 27 to 14 call over the heavier Plainview Bulldogs in a Turkey Day grid clash Thursday in Plainview. With the loop title in the bag, Midland has little to worry about when the 2 p.m. kickoff time rolls around.

It's just one of many Thanksgiving Day games, several of them A and AA bi-district playoff contests.

Other 1-AAA games will find Sweetwater beating Big Spring, 26 to 13, and Lamesa whipping visiting Vernon, 20 to 13.

Wink's Wildcats, with a fine line and the rugged offensive team of Dale Dodd, Danny Villarreal, Kenneth Vinson and Fuzz Herring, should powder Eden, 34 to 14, in a bi-district clash. It's 2 p.m. Thursday at Wink.

Friday, also at 2 p.m., Kermit gets a 19 to 14 call over Littlefield in another bi-district scrap. If Kermit's line performs as it did against Seminole, then it might even be more.

Midland's first-round opponent in the AAA playoff—Breckenridge—gets a 27 to 20 call over Leodous Fry, Tommy Leverette and Brownwood.

Other AAA games Thursday look this way: Stephenville 21, Graham 7; Weatherford 13, Cleburne 6; Grand Prairie 26, McKinney 6; Paris 13, Irving 0; Temple 45, Bryan 7; Lufkin 27, Nacogdoches 0; Palestine 33, Corsicana 14. Friday, it's Kilgore 14, Gladewater 13, and Longview 6, Marshall 0 for the district title.

The AAAA division has this picture: Thursday: Odessa 20, Amarillo 7; Abilene 26, Borger 14;

Graham Grid Star Dies After Injury  
DALLAS (AP)—Kenneth Knox, halfback and captain of the Graham, Texas, high school football team, died here Tuesday of a brain injury received in the Graham-Breckenridge game last Friday.

Coach Don Orr said the 17-year-old got to his feet after making a tackle in the second quarter but collapsed on the following play.

The youth was in a critical condition when brought to a Dallas hospital.

# DON'T KNOW WHO TO WATCH— Kentucky Scouts Working Overtime

DALLAS (AP)—One thing about it: Kentucky will spread its coaching staff pretty thin if it scouts all the teams it might play in the Cotton Bowl January 1.

Another thing: this could be the most expensive Cotton Bowl game of them all for the visiting team because those scouts spend money.

The trouble this time is that there are five teams to watch as the Southwest Conference, whose campaign is host team in the bowl game, are mixed in the closest and most confusing race for the title in history.

Kentucky signed up to play in the Cotton Bowl Monday. The Wildcats entered this business without having any idea whom they would play.

Texas Christian and Rice lead the race with three victories and one loss apiece. Baylor is second with two wins, one loss and one tie. Texas is next with three wins and two losses. Southern Methodist, which can't win the title but if certain screw things happen might tie for it, has won one, lost two and tied one.

Saturday Texas Christian and Rice struggle for the lead at Fort Worth. If they were to tie and Baylor beat Southern Methodist at Waco, three teams would be tied for the top—TCU, Rice and Baylor.

If Baylor lost to Southern Methodist but beat Rice December 1 while Southern Methodist was beating Texas Christian, then TCU, Rice, Baylor and SMU all would tie for the championship—that is, provided Texas lost to Texas A&M November 29. But if Texas won, then Texas would be champion. And there are other possibilities.

But for Kentucky's information, Baylor would appear to be the team on which to place two scouts, provided there are enough scouts to have two on one team. Baylor leads the Southwest Conference in defense, giving up only 225.5 yards per game. It also is tops in offense among the teams left in contention for the Cotton Bowl.

The Bears have rolled up 336.1 yards per contest.

You'll pardon us if we slice off a Thanksgiving drumstick and talk a little baseball.

For most interesting are the actions and talk of Lou Boudreau, manager of the Boston Red Sox.

The former Cleveland manager seems almost anxious to put cloutin' Ted Williams on the block.

Recently he said outright he would "trade Williams for Chico Carrasquel."

But Frank Lane, general manager of the White Sox and Chico, felt this way about it: "Why should I trade Carrasquel for an outfielder who batted .318 and isn't too strong defensively?" he asked.

"Williams couldn't play shortstop with six arms and a lacrosse racket," said the White Sox official.

Boudreau then stated he wouldn't trade Williams for St. Louis' pitching Ned Garver, as "Garver might not be a better pitcher with a better team."

This evoked a storm of protest from Bill Veeck, the sportshirt-wearing Browns owner.

"That's challenging Garver's courage," steamed Veeck. "If I were on the Red Sox team, I wouldn't question anyone's courage. They fold like an Army cot every September."

Will Joe DiMaggio quit this year?  
"I wish you'd leave me alone," Joe exploded to a group of newsmen recently. "It's my decision to make and I'll make it when I'm ready."

DiMaggio had just returned from Japan where he was touring with Lefty O'Doul's all-stars. The day he departed, Joe hit a home run which beat a Japanese all-star outfit, 3-2.

Back to football:  
Midland almost had a playoff game here November 30.

Reports from Rankin said the Red Devils were interested in playing their regional championship game here. However, after a check it was discovered the field would have to be marked off to accommodate six-man football—which would make line marks fall on the playing field here as the fields are of different size.

With the Midland-Breckenridge game here the following day, it was felt the markings would be too confusing to the eleven-man boys.

Rankin still hasn't determined its site.

DOTS AND DASHES: Jim O'Neal of Midland will start at tackle when the SMU frosh eleven meets the TCU Wogs Friday in Dallas.

Bucknell has been invited to the Tangerine Bowl. The Sun Bowl previously had made advances toward the Bisons. The Oleander Bowl in Galveston will be played at the unusual hour of 10 a.m. New Year's Day. End of The Row for now!

# Plainview To Outweigh Midland 11

Two gigantic squads of Bulldogs tangle at 2 p.m. Thursday in Plainview—and Plainview, in size at least, will have the better of it.

The Plainview Bulldogs will average 190 pounds per man in the line and 177 in the backfield—by far the largest team the Bulldogs of Midland have encountered all season.

Midland, usually as large as any team it faces, will be outweighed nine pounds per starter in the line. The Bulldogs line will go in at 181. In the backfield, the Midland team will be 10 pounds smaller at 187 pounds.

Jimmy Lineberger, 160-pound regular end, is to be held out of the contest, according to Coach Tugboat Jones. Lineberger has an injured knee and will be allowed some healing time to get ready for the bi-district game with Breckenridge December 1.

His place in the starting lineup will be filled by Bill Mims, 165-pound sophomore.

On the comparative records, Midland rates as the favorite. The Midland Bulldogs—with the 1-AAA crown already sacked up—boasts seven wins, a loss and a tie. Plainview has won three, dropped five and tied one.

In District competition, Midland holds wins over Lamesa, 34-7; Vernon, 14-13; Big Spring, 46-0; and Sweetwater, 27 to 6.

The Thanksgiving Day game is to be witnessed by a capacity house at Plainview, with a goodly number of Midlanders following the team. The Bulldogs left at 12:30 p.m. Wednesday. A light workout, Wednesday afternoon is tap in Plainview.

Probable starting lineup:  
MIDLAND  
ENDS—Mims (165) and Keisling (160).

TACKLES—Coker (220) and Cast (170).  
GUARDS—English (190) and Byerley (200).

CENTER—Roberts (170).  
BACKS—Brooks (175), Friday (170), Bilbo (155) and Kimsey (170).

PLAINVIEW  
ENDS—Ramsay (165) and Dye (175).

TACKLES—Finney (205) and Jameson (250).

GUARDS—Morgan (185) and Bristol (180).

CENTER—Harrison (176).  
BACKS—Scott (180), Silverthorn (160), Caylor (190) and Caskey (180).

Tyler JC Team Ends Unbeaten  
TYLER (AP)—Tyler Junior College downed North Texas State College B team, 15-7, here Tuesday night, giving the Apaches an undefeated, unlied season record.

Tyler expects to be invited to play in the Junior Rose Bowl at Pasadena, Calif., in December.

## Permian Basin Oil And Gas Log-

(Continued From Page One)

leagues 254 and league 251 and 252, Ward County School Land survey. The Fort Worth reports indicate that Texaco secured a lease on three-quarters of the Wolcott property, with one-quarter interest being retained by the owners in scattered tracts.

### Leaman, Et Al Get Flowing Opener At SE Ward Project

Max Leaman of Midland and associates have completed a new discovery in Southeast Ward County from a Permian well about one and one-half miles southwest of the nearest completed oil wells in the South Ward field. Their No. 2 E. H. Cary, nine miles west of Grandfalls and 330 feet from northeast and southeast lines of the D. K. Taylor survey made a daily initial production of 245 barrels of 27.9 gravity oil, plus 20 per cent water, flowing naturally through a one-half inch tubing choke.

#### From One Foot of Pay

The production came from one foot of pay in a lime section, which is not yet officially identified, at 2,587 feet.

Gas-oil ratio was 175-1. Casing pressure was 180 pounds. Flowing tubing pressure was 40 pounds. The production is from open hole. The 7-inch casing is cemented at 2,335 feet.

Operator reports that when the pay was entered at 2,587 feet the well blew out and started flowing oil and up to now deeper drilling has been impossible.

#### No Samples To Top

No samples from the bottom of the hole have been secured and for that reason it has not been possible to check the pay section to determine its age.

In filing an application with the Railroad Commission for a new discovery designation and a new discovery allowable operator says that it is thought that the pay found in No. 2 Cary is a different one from that which produces on The Atlantic Refining Company Miller lease, the nearest part of the South Ward field.

#### Deeper Than Field

Average total depth of the deep-er producers in the South Ward field is 2,448 feet. The production in the Leaman, et al. No. 2 Cary is from total depth of 2,587 feet.

The new well is one-half of a mile north of the Pecos River.

### Wellman In Terry Gets New Oil Well

Anderson-Prichard Oil Corporation has completed its No. 4 Gladys Seales as a new producer in the Wellman field of Southwest Terry County.

The well flowed through a 15 64-inch choke to make an initial production of 520.99 barrels of oil and no water.

Gravity of the petroleum was 41 degrees. Gas-oil ratio was 388-1. Tubing pressure was 660 pounds and there was a packer on the casing.

#### Production Natural

Top of pay is 9,750 feet and total depth is 9,991 feet. Five and one-half-inch casing is cemented at 9,965 feet. Production is coming from perforations between 9,750 feet and 9,821 feet. Production was natural. Location is 1,980 feet from south and 660 feet from west lines of section 22, block C-36, psi survey and 10 miles southwest of Brownfield.

### Runnels Gets Two Shallow Wildcats

Locations for two new shallow wildcats have been staked in Runnells County.

Aztec Oil Company of San Angelo will drill No. 1 Hugh Campbell four and one-half miles north of Ballinger and 330 feet from north and 1,200 feet from west lines of Joseph Bays survey No. 530.

Projected depth is 3,600 feet with rotary tools. Twin Oil Company, et al. have set drillsite for the No. 1 Otto Speen 1,280 feet from south and 5,475 feet from east lines of L. M. Lee survey No. 299-1-2. That puts it 11 miles north of Ballinger.

Contract depth is 3,600 feet with rotary tools.

### Andrews Venture Is Drilling Deeper

Phillips Petroleum Company No. 1-DD Texas University, wildcat in Central-South Andrews County, is making hole below 7,578 feet in the Wichita-Albany.

Gas was at the surface in 14

minutes. Recovery was 30 feet of oil cut mud, 30 feet of mud cut oil, 245 feet of clean oil and 120 feet of slightly oil cut salt water.

On a previous test at 7,350-7,514 feet gas came to the surface in 14 minutes, estimated at 29,000 cubic feet per day.

#### Open Three Hours

Tool was open three hours. Fluid was unloaded from the drill pipe while coming out with the tester. Final recovery was 150 feet of heavily gas cut mud, 1,200 feet of 38-gravity oil and 4,500 feet of salt water.

Flowing pressure was from 700 to 2,700 pounds and shut-in pressure after 15 minutes was 2,700 pounds.

No. 1-DD Texas University is a southwest outpost to the recently completed Kerr-McGee Oil Industries No. 1-B-11-23 University, a discovery from the Wolfcamp sand. Drillsite is 2,002 feet from south and 2,300 feet from east lines of section 22, block 11, University lands survey.

### NE Fisher To Get Ellenburger Tester

Skelly Oil Company will drill a 6,500-foot Ellenburger wildcat in Northeast Fisher County one and one-half miles north of Royston and two miles southwest of the Round Top pool.

No. 1 B. C. Carraker will be 3,395.2 feet from north and 3,151.2 feet from west lines of section 74, block 1, NT&B survey.

### Shallow Venture Is Scheduled In Garza

Thornton Lomax, Jr. of Dallas has staked location for a wildcat in Northwest Garza County as his No. 1 H. O. Wheeler.

Location is 1,115 feet from north and 467 feet from west lines of section 722, Robertson & Scott survey and three miles east of Southland. Rotary tools will be used to drill to 3,700 feet, beginning at once.

### Wildcat Spotted In NE Coke Area

W. M. and A. P. Fuller of Midland have spotted a 6,500-foot wildcat in Northeast Coke County, eight miles northeast of Robert Lee.

Drillsite for No. 1 J. A. Waldrop is 1,980 feet from west and 661.5 feet from south lines of section 340, block 1-A, H&TC survey. It is on a farmout lease from Lion Oil Company.

Rotary tools will be used to drill the venture, beginning at once.

### Two Runnels Tests Plugged, Abandoned

Two Runnels County tests have been plugged and abandoned.

A three-quarters of a mile southwest outpost to the nearest production in the Cree-Sykes field in Northeast Runnels County, G. B. Cree No. 1 J. M. Pyburn was barren.

It was drilled to a total depth of 3,945 feet in sand.

The failure was 330 feet from north and west lines of section 20, M. J. Parramore survey.

B. C. Morrison No. 1 Billie Hanks, wildcat five miles north of Winters in Central-North Runnels County has been quit at 4,803 feet in lime and shale.

Location was 330 feet from north and 5,162 feet from west lines of H. Chapman survey No. 499.

### N-C Howard Tester Plugging To Abandon

Deep Rock Oil Corporation is preparing to plug and abandon its No. 1 J. O. McCarty, North-Central Howard County wildcat, at total depth of 9,287 feet in the Pennsylvania.

Birth the Spraberry and Pennsylvania showed signs of oil and gas but after testing, operator could not get commercial production.

Location of this failure is six miles north of Big Spring and 660 feet from north and 2,980 feet from east lines of section 1, block T-1-N, T&P survey.

## Hamon Schedules 8,000-Foot Test In C-W Glasscock

Two and one-half miles southeast of the south side of the Tex-Harvey field of Central-West Glasscock County, Jake L. Hamon of Dallas will drill No. 1 Glenn Brunson as an 8,000-foot Spraberry wildcat.

Drillsite is 660 feet from north and west lines of section 2, block 36, T-4-S, T&P survey and 13 miles west of Garden City. The completion rate continued at a high pace in the Spraberry Trend Wednesday as six new oil wells were added to the area, one being a stepout to a discovery in Northwest Reagan County.

In addition to the new wells, five more explorations have been spotted in the trend.

#### Discovery Offset

The Blackwood & Nichols Company completed the discovery offset in Northwest Reagan as the No. 1 Gidney, one location east of James H. Snowden and Associates No. 1-37 Gidney, recently completed Spraberry discovery.

Blackwood & Nichols completed its well for a daily flowing potential of 314 barrels of 37-gravity oil through a 3/8-inch tubing choke and from perforations at 6,480-6,485 feet. The section was acidized with 3,000 gallons of acid.

Location is 671 feet from south and 1,971 feet from west lines of section 37, block 36, T-5-S, T&P survey.

The Tex-Harvey field of Central-East Midland and Central-West Glasscock Counties received four of the new oilers.

In the Glasscock County side, Phillips Petroleum Company completed its No. 7 Judkins for a daily flowing potential of 336 barrels of 35.5-gravity oil through a one-half-inch tubing choke and from open hole at 6,843-7,151 feet. Gas-oil ratio was 482-1 and tubing pressure was 90 pounds. Operator used 4,500 gallons of Hydracraft to complete the well. Location is 660 feet from south and west lines of the lease in section 43, block 36, T-3-S, T&P survey.

In the Midland County side of the same field, A. N. Hendrickson and J. H. Floyd No. 2-A Gentry, 2,000 feet from north and 674 feet from east lines of section 24, block 37, T-3-S, T&P survey, was completed for a daily flowing potential of 336 barrels of 37.3-gravity oil through a one-half-inch tubing choke and from open hole at 6,915-7,150 feet. Operator treated open hole with 6,000 gallons of Hydracraft. Gas-oil ratio was 702-1 and tubing pressure was 90 pounds.

Magnolia Petroleum Company completed one of the Midland County Tex-Harvey wells. It is No. 14 E. T. O'Daniel, 660 feet from south and 1,980 feet from east lines of the lease in section 4, block 37, Susannah Wright survey. It finished for a 24-hour flowing potential of 247 barrels of 37.5-gravity oil through a 24 64-inch tubing choke and from open hole at 7,051-7,265 feet. Operator used 15,750 gallons of Hydracraft. Tubing pressure was 200 pounds and gas-oil ratio was 308-1.

Mid-Continent Petroleum Corporation No. 2-T TXL was completed at the extreme west edge of the Tex-Harvey field for a daily flowing potential of 514 barrels of 36-gravity oil through a 2 5/8-inch tubing choke and from open hole at 7,093-7,280 feet. Tubing pressure was 150 pounds and gas-oil ratio was 1,351-1. Operator used Hydracraft to complete the producer. Location is 660 feet from south and east lines of the north half of section 31, block 37, T-3-S, T&P survey.

Four Corner  
Flowing 66.26 barrels of 38.6-gravity oil in 24 hours, General American Oil Company No. 1-A Proctor was finished in the Four Corner area of Northeast Upton County. Production was through a 22 64-inch tubing choke and from open hole at 6,886-7,171 feet. Location is 660 feet from south and west lines of the northwest quarter of

section 28, block 37, T-5-S, T&P survey.

In the Benedum-Spraberry pool of Central-East Upton County, Plymouth Oil Company spotted locations for two 8,000-foot rotary projects. No. 3-B H. F. Neal will be 2,400 feet from west of the most easterly east line and 3,878 feet north of the most southerly south line of section 8, block 41-2, GC&SF survey.

Plymouth No. 3-14 Neal will be drilled 467 feet from north and east lines of the south half of section 14, GC&SF survey.

In the Tex-Harvey field of Central-East Midland County, G. E. Karlen No. 1-42 A. S. Boone will be drilled as an 8,000-foot test, 660 feet from south and east lines of the northwest quarter of the south-west quarter of section 42, block 36, T-2-S, T&P survey.

Phillips Petroleum Company No. 1 Keeter will be dug in the same field, 667 feet from north and 675 feet from west lines of the south-east quarter of section 32, block 36, T-2-S, T&P survey.

In the Germania field of North-east Midland County, Phillips will dig No. 2 Mashburn 660 feet from south and west lines of the north-west quarter of section 6, block 36, T-2-S, T&P survey.

**Schleicher Wildcat Plugged, Abandoned**

James G. McCarrick, Trustee, No. 1 E. C. Wilson, wildcat in Central-North Schleicher County, has been plugged and abandoned at total depth of 6,311 feet.

Location was 2,964.8 feet from north and 330 feet from west lines of section 80, block M, GH&SA survey. It was one and one-half miles northwest of the North Huldale field.
