Marine Capt. Ralph Mayfield of Cameron has been awarded the Air Medal for "meritorious achievement while on cargo dropping missions in the Solomon Islands area."

In Italy, 1st Lt. Dan Cunningham, 22-year-old native of Corsicana, received the Air Medal for his many exploits aboard a Flying Fortress.

That happened to a Texan, Lt. Bob Wicker of Slaton... and the situation was further complicated by the presence of Jap planes, too.

Waco Office of Social Security Board Has 6th Anniversary

This week marks the sixth anniversary of the opening of the Waco office of the Social Security Board. This office, located in the Medical Arts building was established in November, 1938, in order to render prompt service to people who want social security cards, or to apply for benefits.

Irvin Lane has been promoted to Technician, Fifth Grade, according to his mother, Mrs. John Lane, who received a letter from him Sunday. Last time the editor heard from the new-corporal, Irvin was in New Guinea.

BACK IN ACTION NOW

Private Henry Neal, reported wounded in Germany Oct. 14, has recovered and is back in action with his unit now, according to a letter received last week by Mrs. O. E. Meador from the service man's sister at San Angelo.

Young Neal lived here several years ago, and has many friends who will be glad to learn that his injuries were not serious.

Mrs. S. A. Wilson, Iredell Route 1, has renewed a prescription for her son, Bobby Jack Wilson, Seaman First Class, with the Staff Command of an amphibious force in the Pacific.

Sgt. Weldon Roberts, recently stationed with an engineering unit of the U. S. Marine Corps at Norfolk, Va., has been visiting here this week en route to San Francisco, where he is to report the latter part of this month.

The Sixth War Loan opens next week, and its importance cannot be too strongly impressed upon the American public.

Plans are under way for making the local drive a success, as announced elsewhere in this paper, and the prospects are good for getting the job done in a hurry.

Treasury officials have repeatedly pointed out to newspapers, small and large, the importance of advertising in the success of these undertakings. Local advertisers, as usual, have the thanks of the management for their whole-hearted cooperation with the home paper in its efforts to help give publicity. Their spirit in answering the request for a part of their advertising budget to be spent on the War Bond messages is one of the things that makes Hico people outstanding as a community noted for teamwork. Thanks, and may there never be any disappointment in the way the home paper handles its part of the responsibility.

Even if the weather hadn't taken a change mid-week, we would all know that a new season is upon us. Deer hunters have been passing through Hico daily on their way to the hunts. One bus driver reported having met 23 cars between towns on a 20-mile trip. Prospects for a good hunting season are indeed good, we are told, unless the hunters outnumber the hunted.

Several parties have gone out from Hico each year, and before the season is over, many people will be a number of locals who will try their hands. So far, however, the only deer hunting party reported to the editor is that composed of Roy and Fudge Taylor, remembered here for their participation in the establishment of Blair Field several years ago, and others from Fort Worth, who were joined here Monday by Jake Blair and C. D. Hanson.

If the usual luck holds out for these Nimrods, we may expect them back home soon bringing in the bacon-er, venison. Their ramrod will see to that.

A soldier alighted from a Union bus last Friday afternoon at the station at Segrist's, and inquired of Mrs. Cecil Segrist if there was another bus later that would get him into Mineral Wells by midnight.

Upon being told there was, the soldier thanked his adviser, looked around a bit, and then popped another question. "Which way do I go to get up town?"

That one stopped her, Dorothy said. And the funny part, she declared, was that the visitor didn't seem to be joking.

A letter addressed to the NR circulation manager this week enclosed a check and the following note: "Tell 'Pegler' to stop lousing up his sheet with politics, or he is going to lose his most constant reader. Does he love Orson, too? We said check was enclosed, didn't we? Naturally we aren't mad. In fact, the editor is flattered, for he always did want to write something so moving and forcible and earth-shaking that it would make a reader threaten to stop his subscription—and then relent, of course."

There has been no weather the past week.

You who have been here may doubt that statement. But, as the editor so often says, if you don't believe it we can prove it by the paper.

L. L. Hudson, local observer, slipped off down to Austin last week end with his wife, ostensibly to visit their dotters, but actually—well, we believe—to witness the football game Saturday between Texas and Oklahoma A. & M. incidentally, Double-ElI says he believes he could have played better football than Texas did while they were letting the visitors run away from them in the latter part of the game.

So there's no weather, Mr. Hudson's report, faithfully and regularly rendered weekly, didn't show up this time. If he had a salary, we'd dock him, but it's a gratis job.

If your paper is earlier or newer this week, thank an old home boy, Roscoe Purdon, who volunteered to sit and set at the linotype in his spare time while visiting home. The funny part is, he says he's just keeping in practice. We believe he's tired of hearing the editor wife complain about late hours.

Rheumatic Heart Disease Dangerous; May Be Prevented

Austin, Tex., Nov. 13.—Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Let's Echo that cry with BONDS!

Our boys won't quit until they've reached their goal. Let's not stop buying Bonds until we've reached ours! In this 6th War Loan Drive, the Nation's goal is \$14 billions... our individual job is to buy at least an extra \$100 Bond... another and then another... let's keep on going... let's keep on buying... let's keep on saying it with Bonds... IREDELL POUNDS HICO 21 TO 7

The Hico Tigers lost their last scheduled game of the season Friday night when the Iredell Dragons took things by storm and ran 21 points against the Tigers' 7.

The Tigers began at the opening kick-off to show great strength and spirit. Every man in the home eleven was clicking. First down after first down was made; one good tackle followed another. The score in the second quarter was seven to nothing in favor of the Tigers.

After the half it was Iredell's ball game. Plowing repeatedly through the Hico line, the Dragons scored three times, each try for conversion being successful. These three touchdowns resulted from long marches down the field, one being run from the Hico 45-yard line and another being run from the Hico 38-yard line.

The Tigers brought forth their bag of tricks, passing and running doggedly, but to no avail. The visitors from further down the Bosque intercepted several Hico passes, making a touchdown from one intercepted pass.

This game closed the season for the Tigers.

MOST BEAUTIFUL GIRL TO BE SELECTED AT REVIEW

In store for Hico people is an evening of entertainment such as has seldom been offered to this community.

The Most Beautiful Girl and the Most Handsome Boy must be chosen from the student body for the "Tiger's Lair" of 1945. Three girls and three boys have been elected from each class to enter the contest. It is the main feature of a program which will also present a dancing chorus and a host of popular songs. The favorites will be selected by competent judges. In order to be judged more fairly, the girls will appear in several attires.

For the enjoyment of the audience will be a mock wedding wherein the bride is our 1945 Annual. She will marry Hico High School. This will be a pageant, colorfully portrayed by students. Singing and pretty girls, dancing and nice-looking boys — these are

what the Rhythm Review will give you.

The time and place are Wednesday night, November 22, in the Hico High School auditorium. Admission will be 10c and 25c. The money obtained will help pay for the "Tiger's Lair," a worthy cause and one which needs your support.

WHO'S WHO IN THE SENIOR CLASS

Good-looking, energetic, with laughing brown eyes and black hair—that's a picture of Paul Kenneth Wolfe, prospective musician. He has great hopes for a musician, when his hair grows a little longer. Paul dislikes having nothing to do and finds pleasure in thinking about going to Texas University. Something tells him, once there, he'll have plenty to keep him busy.

Blushing slightly, Paul admits long brown hair, brown eyes, and a dark complexion compose his idea of a dream girl. He has a dream car which his parents rarely see, but Paul thinks people are inclined to insult him and so his favorite saying is, "I resent that." In his Freshman year he was described as "short but sweet." In his Senior year, we revise above description to read "short."

Seriously, Paul's okay. He is very polite and has the best of manners. He is an active and cooperative individual. He is serving as business manager for the annual and official typist for the teachers.

REFLECTIONS

If your name begins with an "R" or a "W" or a "Z," you just haven't been stepping on enough Lucky Strike wrappers lately. Lunch room eaters way down the alphabetic line are casting envious glances at those favored "A's" and "B's." A new method has done away with tickets. Everybody was given a number and the nearer the top of the alphabet your name is, the sooner you eat. Imagine Mrs. Segrist's dismay when she was told her number was 126.

We feel qualified to speak for any poor person who has the misfortune to possess a last initial past "P." When it comes to saying poetry or some such form of torture, the fellow at the end is the guy with the breaks. But how ironical is Fate! He who says poetry last must eat last. That can't possibly be fair, especially from the viewpoint of one who prefers the art of cuisine to that of the bard.

Surely there's a way to balance things regularly so that the same students won't be the same starved students. Perhaps a complete reverse, letting the first be last and the last first, would work. But the middle "M's" might grumble because their status would remain unchanged. Can everyone be pleased? Nay. Then enough of this griping. It's after dinner now, anyway.

Who's the prettiest girl in school? There, dear readers (the plural is used because it sounds better) is the unanswerable question. There is a problem to be solved by capable judges of feminine beauty. Is the best-looking boy in school a Junior? Time will tell.

James Howerton was spied taking a turn around the campus. James lives in Waco, but he knows these parts rather well, having spent four years of his life climbing the Hico High Hill. We couldn't discover his favorite flavor of

chewing gum, but we do know he enjoys removing the Miller from Millerville.

Another name added to the list of H. H. S. service men who have come back to visit their Alma Mater is that of Billy McKenzie. Graduated last year, Billy joined the Navy in August and has finished boot training at San Diego. Accept a hearty welcome from everyone. Sailor, and that includes a certain blonde.

Sixty sentences are waiting to be typed by all those interested in passing this course in typing. Exercises being worked on at present range from Lesson 7 to Lesson 17. Some students claim their lesson number is a military secret, which isn't a bad idea.

The Civil War is over as far as Hico High School is concerned. We may have been fighting it until recently when a broad-minded Wisconsin lad threw some words of good cheer into the wind and that last norther blew them the rest of the way to us. Buzzie Liljequist, who laid aside Hico's red-and-blue to don the popular khaki, remarked to his cousin that no one should graduate from high school without a year at H. H. S. To use an expression Buzz made famous in his lighter moments—"Chees!"

BONDS OVER AMERICA

Early in the 19th century a seacoast and gristmill operator at Henderson, Kentucky, took to studying birds as an antidote for ennui and added much to man's knowledge of ornithology. His name is a byword to this day. It is John James Audubon.

Keep On Backing the Attack With War Bonds

Only the knowledge of despotism, destruction, killing, maiming brings one to the surface of Nazism. It has no place for gentle souls; only Himmlers, Schleichers, von Papens, Heydrichs.

Clairette

Mrs. H. Alexander

Mr. and Mrs. Will Cranfill received a message from the War Department last Saturday stating that their son, Pvt. Icum Cranfill, was killed in action Dec. 15, 1943. They had received word several months ago that their son was missing, and the entire community was hoping with them that they might get good news of his safety. But we extend our deepest sympathy to the parents and relatives of this loyal hero who fought and gave his life for his country.

Mr. and Mrs. Mac McGough and baby of Ranger were week-end guests in the home of Mr. and Mrs. Homer Wolfe. Mrs. McGough and baby remained over for a longer visit with her parents.

Rev. Arch Jones filled his regular appointment here last Sunday.

Mr. and Mrs. Burette Stanford and daughter of Dallas spent the week end here with relatives.

Week-end guests of Mrs. H. K. Selfe were Mrs. Dow Selfe and children of Carlton and Mrs. H. L. Selfe of Stephenville.

Mr. and Mrs. Roy Stipe and children of Clairette, Mr. and Mrs. J. T. Stipe and baby of Fort Worth were guests of Mr. and Mrs. Frank Stipe Sunday.

Pvt. Conda Salmon of Camp Hood spent the week end here with his family.

Mrs. Elwanda Jones and Miss Florine Havens of Fort Worth spent the week end here in the home of their parents.

Mrs. Earl Mayfield and son, Cotton, who is working in Fort Worth, Mr. and Mrs. Truman Littleton and baby of San Angelo and Sgt. Etheridge Mayfield of California spent the week end here with Mr. Earl Mayfield and other relatives.

Mrs. Ben D. Cook of Pampa is here visiting in the home of Mr. and Mrs. Grady Wolfe and other relatives.

Sunday guests in the T. M. Lee home were Mr. and Mrs. Glenn Lee and children of Fort Worth, Mrs. Sam Wolfe and son, Sam Jr., of Dublin.

Mrs. Billie Hudgens, who has been in Florida with her husband, who is in the U. S. Army, is here for a visit in the home of Mr. and Mrs. Homer Lee.

Mr. Grady Wolfe made a business trip to Austin this week.

Mrs. R. W. Sherrard and daughter, Charline, and Mrs. Conda Salmon were in Dublin Monday on business.

Sammie D. Martin left for El Campo to secure work.

Mr. I. E. Durham of Belton spent the week end here in the home of his mother, Mrs. S. O. Durham.

Mrs. J. O. Richardson

Well, the threatening weather last week passed away with a dry norther, but at this writing (Tuesday) we again have indications of rain which we would be glad to receive.

Mr. Miller of Fort Worth, but who only recently moved from here, was in our midst Wednesday of last week. He came down to make arrangements to have his tractor carried to Fort Worth. Paul Hutton carried it by truck.

Mr. and Mrs. Floyd Noland and little daughter, Wanda, and Mr. and Mrs. Claud Brunson spent Monday over at Blue Ridge at the place where the Noland family will move in a short time. The menfolks were doing some farm work while the ladies were there to prepare the eats and work about the house.

A number of ladies enjoyed a get-together Wednesday afternoon of last week at the home of Mrs. Paul Hutton. They spent the afternoon quilting.

Mr. and Mrs. Guy Blount of San Antonio were in our midst Friday night and Saturday of last week. They formerly resided here. They also visited with her mother and brother, Mrs. Webb and J. D. of near Hamilton. They stated that their son, Howell (Buster) Blount was O. K. when last heard from. He is in the service, and stationed in India.

Misses Ovie and Cleoyone Parks of Kerrville spent Sunday in the home of their parents, Mr. and Mrs. M. E. Parks and family.

Mrs. Emma Ogle has had her farm terraced and our road commissioner, Mr. Hancock, will have the fence set in on two sides of the field in order to give more room for proper ditching, which will be an advantage both to the roads and to her farm.

Our Senior boys and girls played a contesting game of basketball with Priddy High School boys and girls last Friday night. Our girls won, but our boys were defeated. Our boys made an excellent effort for victory, but those Priddy boys know how to play ball, and we don't mean "maybe."

Our ball teams will have a contesting game with Evant, here this Friday night.

Mrs. W. C. Pendleton and grandson, Tommie Gaston, of Cranfill's Gap visited her daughter, Mrs. P. A. Newman Thursday of last week.

Mrs. Harp Buried Here

The remains of Mrs. Laney Harp of Cleburne, Texas were laid to rest in the Fairy cemetery last Saturday. Mrs. Harp was before her marriage, Miss Laney Crow.

She was first married to A. J. Mullens, who passed away at the age of 32 years, and was buried here in the year of 1897. To this union there children were born, namely Mrs. Eula Edwards (now deceased), Mrs. May Yarbrough (also deceased), and Johnnie Mullens, now of Mt. Pleasant, Tex. About 20 years ago she was married to Mr. Harp of Cleburne and has since made her home there. Mr. Harp, who is now 85 years of age, has been a good provider and will always be remembered by her family for the good deeds of kindness he has shown to Mrs. Harp and her children and their families and other relatives.

She has had many heartaches in the departure of her daughters and her first husband, and has reared several of the grandchildren in her home.

She was reared in this community, the Crow homestead being located about two miles north of Fairy. She united with the Church of Christ about 18 years ago.

Funeral services were held at Cleburne Saturday morning and the body conveyed here and laid to rest beside the grave of her first husband. She is survived by her husband, Mr. Harp, several step-children, her son, Johnnie Mullens, and seven sisters and two brothers. One brother, J. N. Crow of Hico, and five of the sisters were in attendance at the funeral. The others were unable to attend.

Rev. Oran Columbus of the Church of Christ here rendered the closing prayer at the graveside. Those acting as pallbearers were M. E. Parks, I. N. Adams, J. O. Richardson, Bill Lackey, H. S. Pitts, and Ben Wright.

We extend sympathy to her aged husband and all others bereaved at her passing.
