

## Star Lites

By Bill Ellis

**WIFE CAROL** has often chided ye editor for "too often" using the Dallas Cowboys as his theme for a column.

But let's face it: If you watched the Cowboys mop up on their dreaded enemy, the Washington Redskins on Monday night, you have to say at least a few words of praise.

Besides, with the retiring of publisher John Getz at Farwell, his replacement Mike Pomper is more likely to be talking about the Cubs, so someone in Parmer County has to take the part of Tom Landry's boys.

Having a daughter living in the Dallas area, we are occasionally privy to see and hear the Dallas press, as they expound on such things as the great "quarterback controversy," etc.

At one point in last Monday night's ball game, ye editor began to wonder what all of the Dallas critics would have to talk about after their opening game win?

Certainly not the quarterback controversy. Granted, Danny White did not have a picture-perfect game. But his leadership was worth considerable in the 44-14 win.

Tony Dorsett didn't fumble--in fact the Cowboys never had a turnover in their big conference game, so perfect was their season opening performance.

For at least a decade, this writer has been continually amazed that Dallas, for all its success, could not land a top-notch punter. They would come up with a possible replacement for White in that department and his kicks would go maybe 20 yards, and Danny would be back in there punting the next game.

Hurray for the scouts! This year they found a kid who can kick the football, and he even does it under game conditions. This should be a big boost for the team. With all of his other worries and chores, punting is something Danny White didn't need--especially with the injury factor.

It's a tough assignment to have to open your season each year against your possible toughest conference opponent. But when you can do it and win big, then that's a big plus.

The critics will have to really dig for something this week. Maybe they could gripe and complain about Tom Landry's hat style. They're about as qualified on this subject as some of the things they appoint themselves as experts about.

**ONE GAME DOES** not a season make, but things certainly looked good for the Friona Chieftains following their 38-7 rout of River Road, a team that was supposed to play the Chieftains a close game, by most people's estimations.

The team's good showing has elevated Friona in the state schoolboy football ratings, as published by the Harris Rating System. We can't recall when (if ever) the team has been ranked 24th in the state. When you figure that there are 32 class AAA districts in Texas, that isn't bad at all.

**MAYBE IT WAS THE** late start of school, or whatever, but several of our "regular" contestants missed the opening week in the Star's football contest.

If you did, then be sure and get back into the thing. Some say "Oh, I've missed a week, so I don't have a chance" (at the grand prize).

**WE HAVE BEEN** advised that there have been some changes by the people who make the rules in regard to hunting season. County residents who hunt pheasants may need a hunting license if they hunt birds other than on their own homestead this time around.

There is an 800 number hunters may call for more information on the situation. It is 1-800-792-1112.

## Area Receives Good Rainfall This Week

Corn harvest in the Friona area was halted this week by a good general rain. It was the first rain to amount to anything in more than a month.

In Friona, Rodney Dunnam, official weather recorder, reported that the early-morning shower of Wednesday totalled .22 inch. The late evening rain, which hit the area around 7 p.m., added another .82 inch, and then Thursday morning, just after the regular 7 a.m. reading, another .10 inch was received. This made the week's moisture reading 1.14 in the official gauge.

The rainfall appeared to be general around the area, with rain reported at Bovina, Hub, the Rhea community and in the Black area.

On Wednesday evening, when Friona received its inch of rain (in

a nice-falling type of shower), the city of Hereford received over two inches.

Since some farmers may have been rushing things with the corn harvest anyway, the delay probably won't be long.

The area's maize, much of which is still green, should be helped considerably by the week's moisture.

"It will strengthen the stalks, and keep them from falling so bad, which they are apt to do as they mature," commented one farmer.

A cotton farmer said the rain should help the late bolls' growth.

The latest round of showers adds to the year's already good total. Farm crops are by and large much better than average, with the only drawback being the market prices for the crops.

## Seven Girls Enter L'il Miss Pageant

Only seven entries have been received for the Little Miss Friona Pageant, with the deadline for entering set for Monday, September 16.

Those young ladies who have entered include:

Valerie Hardgrove, daughter of Glenda and Jimmy Yohn of Friona and David Hardgrove of Amarillo, sponsored by Reeve Chevrolet-Olds.

Tara Rector, daughter of Roy Don and Sherry Rector, sponsored by the Friona Young Homemakers.

Tiffany Blackburn, daughter of Mike and Johnna Blackburn, sponsored by White's Auto.

Amanda Pope, daughter of Mike and Bonnie Pope, (needing a sponsor).

Amanda Hicks, daughter of Darrell and Brenda Hicks, (needs a sponsor).

Genie Salcido, daughter of Armando and Hilda Salcido, (needs a sponsor).

Vanette White, daughter of Troy and Veca White, sponsored by Plains Hardware.

The pageant will be held Tuesday, September 24 at 7:30 p.m. at the Friona High School Auditorium, and is sponsored by the Women's Division of the Chamber of Commerce.

The contest is open to girls who are five years of age before September 24, and not older than seven. Entry fee of \$15 will be charged. Girls may be sponsored by a business, interested person, parents or grandparents.

Entry forms are available at the Friona Chamber of Commerce office. Those needing sponsors are asked to contact Claudia Hanes at 247-3445.

## M.D. Art Show Set

For the first time in several years there will be an art show during Maize Days this year.

The Friona Fine Arts Council will sponsor the event which will be held at the Boy Scout Hut, next to the Community Center. All categories of art will be accepted and judged. There is no limit as to size or number of the art works submitted. Art should be framed or matted in a manner suitable for hanging.

Paintings should be brought to

the Boy Scout Hut on Thursday, September 26 from 1 to 4 p.m. They will be judged on Friday morning by an out-of-town judge. Ribbons for first, second, third and honorable mention will be awarded.

Pick-up time will be 4 p.m. on Saturday.

This year's participation by area artists will determine whether or not the art show will be continued in the future. So all artists are being urged to participate.

**'PHONE REPAIR...** If you tried to call a business in the 900 block of Main Street or Washington Street Thursday morning, you couldn't get them, because every telephone in the square block was out of order to begin the day. General Telephone Company's repairman is shown making the repairs.

**SCHOOL TIME...** Among the students off to a good start in the Friona school system are these students in Linda White's first grade room. In the foreground, and reading clockwise, are Jaime Cruz, Melissa Stevens, Anna Espino, Coby Clark, Twyla Roth, Victor Grajeda, Mrs. White and Pam Springer. Claudia Cardenas is slightly visible in the background.

# Fourteen Girls Are Entered In Pageant

Preparations are well underway for the annual Miss Friona Pageant Saturday, September 21.

Fourteen girls are entered this year, and they have been holding rehearsals several times weekly.

Those entered are:

Sonia Lafuente, sponsored by Claborn Floral; Leslee Upton, sponsored by Modern Study Club; Tammy Harguess, sponsored by the Friona Young Homemakers; Kelly Wied, sponsored by the Friona Evening Lions.

Also, Sheila O'Brian, sponsored by Eclectic Ideas; Sharlene Parr, sponsored by Ruthie's; Dana Marie Berend, sponsored by Parmer County Implement Co.; Karla Skipworth, sponsored by Bi-Wize Drug; Wendy Hinkle, sponsored by Friona State Bank.

Also, Deanna Poarch, sponsored by Poarch's Furniture; Glenda Ellis, sponsored by the Friona Star; Layce Osborn, sponsored by Parmer County Pump Co.; Ashlee Gee, sponsored by Ethridge-Spring Agency; and Robin Houlette, sponsored by the Friona Noon Lions.

Tickets for the event are on sale at the Chamber of Commerce office between the hours of 9 a.m. and 4 p.m. each day. Advance tickets are \$3.50 and \$4.00 at the door.

The pageant is sponsored by the Women's division of the Friona Chamber of Commerce and Agriculture. Winners of the pageant will receive cash scholarships.

## Joseph Tullis Wins Star Grid Contest

Joseph Tullis was the winner of the first week of the Friona Star football contest, edging out two other contestants on the basis of the tie-breaker score.

Jon Field of Dalhart placed second for the week, and Kevin Stephens, also of Dalhart, placed third. The top three contestants picked 19 of the 24 contest games correctly.

Tullis, who is the father of Friona High School science instructor Rick Tullis, took top honors by predicting the Friona-River Road score within ten points. Field missed the score by 17 points, to nail down second place, and Stephens was 24 points away.

Eight other contestants correctly picked 18 games, just one away from a shot at the weekly prize money. These were Shaun Aguirre, Kevin Beavers, Laura Field, Beelee Goodwin, Ky Graham, Susie Howard, Tom Johnson of Maple, Dale Milner, Hal Ratcliff, Roy Smith and Craig Trimm.

A total of 15 contestants correctly picked 17 games on the opening week's slate of games, and 23 more, including defending champion Tommy Moss, had scores of 16. The score of 15 was the most popular for the week, with 30 contestants logging that number, and 28 more came in at 14.

Tullis' misses were Tulia-Lockney, WTSU-ACU, Atlanta-Detroit, Chicago-Tampa Bay and Denver-L.A. Rams.

Field's misses were Muleshoe-Portales, Houston-Tulsa, Nebraska-Florida State, Denver-L.A. Rams and San Diego-Buffalo. Stephens missed Muleshoe-Portales, Houston-Tulsa, UCLA-BYU, Florida-Miami and Denver-L.A. Rams.

Tullis received the weekly first place prize of \$10; Field will receive \$7.50, and Stephens will get \$5 for third place.

The contestants also are vying for the contest's grand prize of \$100 cash.

Another weekly contest appears inside this issue of the Star. Contestants are reminded to be consistent in entering the event, in order to have the best chance at winning the grand prize.

Those who did not do too well in the first week should not despair, as considerable ground can be made up over the course of the 13-week contest.

**WEEK'S WINNER...** Joseph Tullis was the winner of the first week's Friona Star football contest. Tullis is being presented his check by Claudia Hanes of Bi-Wize Health-Mart Drug, one of the contest sponsors.

# A. Snyder's Rites Are Held Monday

Funeral services for Allie B. Snyder, 80, of Tucumcari, New Mexico, were held Monday, September 9, at 11 a.m. in the Ellis Funeral Home Chapel of the Chimes at Muleshoe with Rev. Jesse Allen, pastor of the Lisbia Baptist Church of Tucumcari, and Rev. Vergil Ichtertz, pastor of Calvary Baptist Church, Friona, officiating.

Burial was in the Muleshoe Cemetery with Rebekah graveside services.

Born November 30, 1904 in Hot Springs, Arkansas, she moved to Muleshoe with her family in January, 1924. She married Frank Snyder December 13, 1924 in Muleshoe.

They made their home in Muleshoe until 1977 when they moved to Friona for five years and then moved to Tucumcari, New Mexico for three and one-half years.

Mrs. Snyder was a member of the Lisbia Baptist Church in Tucumcari, and was a charter member of the Muleshoe Rebekah Lodge No. 114. She was a homemaker. Mrs. Snyder died Friday, September 6 in the Tucumcari hospital following a lengthy illness.

Survivors include her husband, Frank Snyder of the home in Tucumcari; one daughter, Joy Morgan of Tucumcari; one son, Charles Snyder of Tucumcari; two sisters, Lucy Jones and Joann Mills, both of Friona; three brothers, Bill Chitwood of Charlie, Texas, Al Chitwood of Brownwood and L.D. Chitwood of Friona; seven grandchildren and thirteen great-grandchildren.

Pallbearers were Cecil Atchley, Claude Wilemon, Bill Maddox,

ALLIE B. SNYDER

L.A. Green, Tom Berry and Arnold Gross.

Honorary pallbearers were members of the Oddfellows Lodge No. 58 and Rebekahs Lodge No. 114, both of Muleshoe.

### 55 YEARS AGO--AUG. 22, 1930

When F.S. Truitt of the Truitt & Landrum Lumber Company, entered the office to begin the business of the day Tuesday morning, he was not long in learning that the office safe had been rifled during the night. When the safe was opened, it was found that the cash drawer had been forced open and its contents taken. The drawer contained a little over \$2.00 in cash and about \$10,000 worth of notes, but the notes were later found underneath the safe where the burglars had placed them.

### 50 YEARS AGO--AUG. 23, 1935

Two engineers from the State Highway Engineer's office at Lubbock were here Thursday and Friday of last week checking up on the field notes of the former survey of State Highway No. 33, or that part of it that passes through Friona.

### 45 YEARS AGO--AUG. 23, 1940

Word was received here Tuesday morning to the effect that Jess M. Osborn, Muleshoe banker, and formerly cashier of the Friona State Bank, had been seriously hurt in a car wreck.

### 40 YEARS AGO--AUG. 24, 1945

What was formerly known as the "Conoco" filling station, which has been closed almost ever since the war began, was reopened this week with France Welch as

W.L. Edelson, chairman of the Parmer County Water Conservation program, has called a meeting of all Parmer County taxpayers for this Friday night in the Bovina School gymnasium; the subject demanding immediate attention is the course this county will take in a proposed Underground Water Conservation District including Parmer County.

### 30 YEARS AGO--AUG. 19, 1955

Well over \$2,000 damage to two trucks was incurred Wednesday afternoon at the intersection collision at Hub. James Troy Westfall, 30, of Canyon, received a broken collar bone, only serious injury of the accident. His truck received some \$1,200 damages. Westfall was going south on the Farm-Market Road 299, driving a semi-truck trailer. He was struck from the west by a 1954 Ford pickup, driven by Newman Lee

Maynard, 44, of Elmendorf, Texas. Maynard received numerous lacerations to the scalp and face. Over \$1,000 damage was estimated to the pickup. Maynard was charged with failure to stop at the "stop sign" on Highway 86, by investigating officers.

### 25 YEARS AGO--AUG. 18, 1960

Dan True, Channel 10's weathercaster in Amarillo, will serve as the master of ceremonies during the annual Maize Days Queen Contest, announced Deke Kendrick, chairman of the contest. In addition to this announcement, a deadline for those desiring to enter this year's contest has been slated for Saturday, August 27.

### 20 YEARS AGO--AUG. 19, 1965

All regular classrooms are to be finished at the new high school building in time for the opening of school August 30, Superintendent of Schools Alton Farr stated this week. Certain parts of the high school complex, such as the auditorium, cafeteria and gymnasium will be ready for the opening of school, but will be completed as soon as possible after the opening of school. For the third straight year, the

Friona Star has been judged as prize-winner in the West Texas Press Association's "Better Newspaper" contest. At the association's annual convention at El Paso last weekend, the Star was awarded first place in the "general excellence" division. It marked the third time the Star has won this coveted award in as many tries for the honor.

### 15 YEARS AGO--AUG. 20, 1970

Two Friona residents have been recent winners in the Amarillo Globe-News photography contest. Nelson Lewis was a winner the past Sunday, in the color photography division. Earlier, Dr. Bob Alexander had been a weekly winner, also in the color division.

### 10 YEARS AGO--AUG. 31, 1975

Cleanup operations were going full speed near Summerfield Friday, following a massive derailment involving about 25 cars of an eastbound Santa Fe freight train. The derailment happened about 1:15 p.m. Thursday at the crossing at the Big Tex Elevator, just west of Cattle Town Feed Yard. The cars were strewn along a quarter-mile length of track.

## County Is Second In Crop Yield

Producers in Parmer County placed second in Texas corn production during 1984, harvesting 14.81 million bushels or ten per cent of the state's total crop.

According to figures released by the Texas Crop and Livestock Reporting Service, yield for the county averaged 153.8 bushels from 96,300 acres.

Nationally, Texas ranked 14th in corn production during 1984 with a total of 144.15 million bushels.

"Producers in Parmer County can be proud of the outstanding contribution they made to this national ranking," state statistician Dennis Findley reported.

Corn county estimates are published in the 1984 Texas Field Crop Statistics. Copies of the bulletin can be obtained by writing to the Information Section, Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767.

## Patty Bryant Joins "TEXAS" Staff As Advertising Consultant

Advertising consultant, Patty A. Bryant, has joined the staff of "TEXAS" to assist with the publicity. She will join the founder of "TEXAS," Margaret Harper in designing and carrying out the publicity program for the show.

Mrs. Bryant will help develop a plan to encourage young people to become members in the Texas Panhandle Heritage Foundation and to increase the reserves for the Foundation and the production.

Following graduation from Kansas State University in 1972 with a Bachelor of Science degree in Journalism, Mrs. Bryant worked in the radio and newspaper fields in the states of Washington and Colorado. She has managed a system of television translators which carried the Public Broadcast System network in three Colorado counties.

She has operated her own advertising and public relations consulting business for several years, assisting clients with marketing promotions, newsletters, brochures, and radio and television production. She is a regular contributor to *Accent West* magazine.

Bryant is a member of the Amarillo Advertising Federation, the Amarillo Women's Network, Panhandle-Plains Historical Museum Auxiliary, and serves on two committees of the Amarillo Chamber of Commerce. She is enrolled in the Leadership Amarillo Program for 1985-1986.

She is the Vice President of the National Rural Electric Women's Association, previously served as secretary-treasurer of that organization, and formerly served as President of the Colorado

Women's Task Force of the Colorado Rural Electric Association.

During the fall and winter, Mrs. Bryant and Mrs. Harper will be traveling throughout the Panhandle talking to groups about the show and its needs for the future. The plan for strengthening the membership has already been

recognized by the Meadows Foundation of Dallas in a grant which will give \$100 toward the endowment for every new membership gained up to 500 members and \$50,000.

If any groups in the Panhandle would like a program on the present and future of "TEXAS," they may write "TEXAS" at Box

268, Canyon, Texas 79015 or call Mrs. Bryant or Mrs. Harper at 806-655-2181.

The 1986 "TEXAS" season, The Sesquicentennial, will begin June 11 and run through August 23 every night except Sundays. Reservations are already being accepted for the new season.

# South America Is New Export Target

A grain sorghum promotion team recently returned from South America with assurance that more Texas grain will be going to that continent this year. Venezuelan livestock producers will be importing up to 500,000 metric tons of U.S. sorghum between now and September. That is more than twice as much as they purchased in all of last year. Colombian feeders have just completed a contract for 20,000 metric tons for delivery this month.

The sorghum team spent the last two weeks of June working with livestock producers, feed manufacturers and government officials in Venezuela, Colombia and Peru. They conducted seminars with poultry and swine producers in all three countries. The mission was a sorghum promotion project of Texas Grain Sorghum Producers Board (TGSPB).

Members of the team were: Weldon Shelton, a Lamesa, Texas farmer and TGSPB director; Elbert Harp, executive director of National Grain Sorghum Producers Association; Dr. Tom Sullivan, Poultry Nutritionist at the University of Nebraska and Erick Erickson, Latin American Director for U.S. Feed Grains Council. Arrangements were made by Erickson and Manuel Rodriguez, USFGC Country Director for South America with offices in Caracas.

In the seminars, Dr. Sullivan compared U.S. yellow (low tannin) sorghum to the brown (high tannin) type grown in most of South America. Brown sorghum is grown in tropical regions because its high tannin content is distasteful to birds, making it "bird-resistant." The tannin also reduces the nutritional value by as much as 30 per cent. The nutritional value of U.S. yellow sorghum is much closer to corn than to brown sorghum.

Harp gave instructions for a simple "bleach test" to differentiate between brown and yellow sorghum. The test is necessary because—in spite of their color names—the two grains often look alike. When treated with a

mixture of potassium hydroxide and household bleach, yellow (low tannin) sorghum turns pearly white while brown (high tannin) sorghum turns black.

Livestock feeders in Venezuela are well aware of U.S. sorghum's superior value but feeders in Peru think all sorghum is the same low quality as that grown in their country. Peru has not imported sorghum for about 12 years and Peruvian feeders use sorghum only when they are required to. When the team told Peruvian poultry and swine producers of the high value of U.S. sorghum and its price advantage, the feeders asked to see it demonstrated. Plans are being developed for demonstration trials this fall.

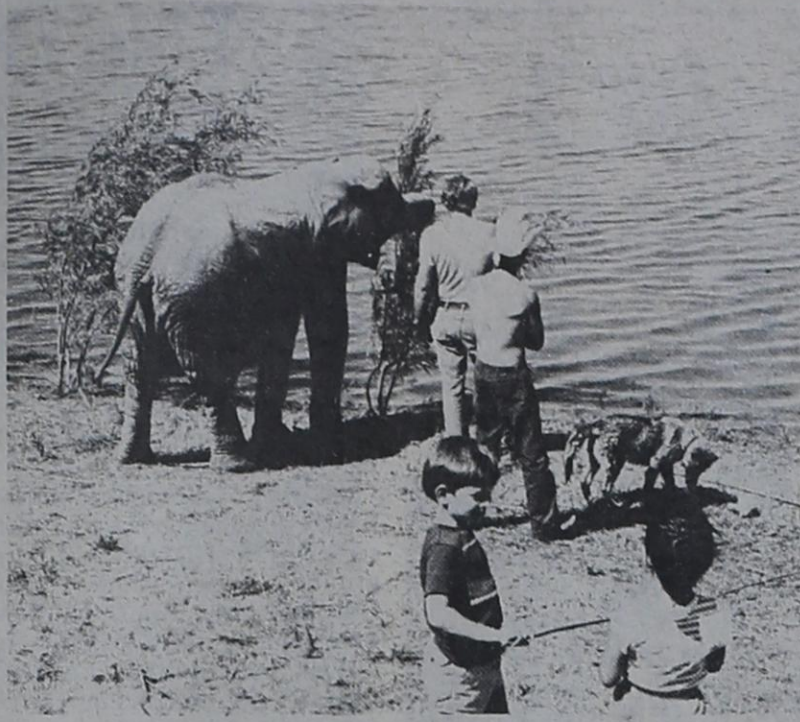

Another challenge to sorghum feeding is South American preference for dark yellow coloring in egg yolks and poultry fat. The yellow color is produced by xanthophyll, which occurs naturally in yellow corn but is not present in sorghum.

## Chiefs Are Rated 24th By Harris

The Harris Rating System has ranked the Chieftains 24th in the state for Class AAA teams in the system's second rating week of the season.

This is the highest rating for a Friona football team in memory, and Coach Tommy Moss recalls that the first such rating he saw for Friona in his first year as coach, the team was ranked 180th statewide.

By comparison, the 1983 Chieftains, who were district runners-up and made the bi-district playoffs, managed to get only to 50th spot in the Harris poll. "They've got us ranked ahead of some awfully good teams. I don't know if we're that good or not, but it's a nice feeling," Moss said regarding the ranking.

SNACK TIME...Tillie the elephant was taken by his trainer down to the edge of Reeve Lake for a drink of water and she also enjoyed a nibble from one of the small trees at the lakeside. The event was well-covered by the early arrivers at the setting up by Roller Bros. Circus.

## Use Of Furrow Dikes Is Growing In Popularity

The utilization of furrow dikes is a growing practice among High Plains irrigators. One of the contributing factors to the increased use of dikes may be attributed to the fact that the initial investment to use this technique may be received within the first season.

A survey of the number of acres furrow diked in the 15-county area served by the High Plains Underground Water Conservation District No. 1, reveals that there were approximately 365,000 acres utilizing furrow dikes in April of 1984. The furrow dikes installed in the month of April, which is prior to the growing season for summer crops grown in the area, were being wisely utilized to collect and store water in the soil for mid or late summer use.

According to a U.S. Department of Agriculture report by Dr. Glen L. Wistrand, furrow diking equipment requires an initial investment of \$140 to \$300 per row. A producer using a nine-row tool bar to dike all furrows would need to invest \$1,500 to \$3,000 for the dike unit and dike removal mechanism.

A one-year cost would be about \$3.09 per acre. Average equipment utilized for seven years on 640

acres would cost approximately 44 cents per acre per year.

Assuming that the tractor used to pull the furrow dikers is not grossly overwhelmed by the additional weight and leverage of the dikers selected, operating costs for diking in conjunction with other operations is estimated at 43 cents per acre per year.

Total cost then is 44 cents per acre fixed and 43 cents per acre operational cost, a total of 87 cents per acre per year.

The installation of furrow dikers may afford conservation, and more efficient use of land, water and energy resources.

Researcher plots at Bushland, Texas compared dryland furrow diked grain sorghum to open furrow at two locations. The diked plots had no crop season runoff during a study period from 1975-80, while the undiked plots averaged 1.7 inches of runoff. In one of the years of study, the undiked dryland had 3.4 inches of runoff, while the diked had no runoff.

Every acre-inch of water held in place and not permitted to run off is available for cropping with no energy cost required to pump water from the aquifer. For instance, if 1.5 inches average

rainfall runoff is saved and the need for irrigation is reduced a like amount, the cost of energy needed to pump the same amount of water would range from \$2.50 to \$5.00 per acre.

The potential for economic savings is even greater for retaining irrigation runoff. Runoff saved due to furrow diking in a Limited Irrigation Dryland (LID) system test represents a potential savings of irrigation water of \$12.50 to \$25.00 per acre.

The amount of irrigation water pumped can be reduced by an amount equal to the amount of precipitation retained by furrow dikes, consequently reducing costs. In tests, the cost savings would be \$5.93 per acre at \$2.50 per acre-inch of irrigation, or \$12.86 per acre at \$5.00 per acre-inch of water not pumped.

Add to these savings the increased yields which can be realized by having stored soil moisture available to the crop, and the benefits of furrow diking can be substantial. Net benefits of furrow diking in the Texas High Plains tests averaged \$21.49 and \$81.00 per acre for grain sorghum held at a long-term price of \$5.43 per cwt.

## Around The House

By JANETTE PIERCE

Frozen fruits and vegetables spice year-round menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving.

Most fruit can be frozen satisfactorily according to Janette Pierce, CEA-Home Economics, Farmer County.

Select sound, ripe fruit which is slightly riper than for canning but not soft or mushy. Tree or vine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing.

In general, fruit is prepared for freezing as for eating.

Keep fruit cool until it is frozen. Wash it in cold water but do not allow it to stand in the water. Some fruit loses food value and flavor and some gets water soaked, she said.

Some fruits, such as peaches, apricots, apples and pears, discolor easily. Here are some ways to prevent this:

Ascorbic acid (Vitamin C) is available in tablet, crystalline or powdered form. Use 1/2 teaspoon of this per quart of syrup to prevent this discoloration.

If you don't want to pack the fruit in syrup, sprinkle dissolved ascorbic acid over fruit just before adding sugar. Use 1/2 teaspoon in 1/2 cup cold water to each quart of fruit.

Some special commercial anti-darkening preparation of ascorbic acid are now on the market.

These materials can be found at drug stores or where other freezing supplies are sold.

Most fruits have better texture and flavor if packed in sugar or syrup. Some may be packed without sweetening for use in

special diets.

The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry sugar or unsweetened is better for most cooking because there is less liquid in the products.

Quickly getting vegetables from the garden to the freezer is a must for top-quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat.

Vegetables at optimum maturity will have best flavor and texture.

If you must store vegetables before freezing, spread them out loosely in a cool, well-ventilated place or pack loosely in the refrigerator.

Prepare vegetables for freezing similar to cooking them. Wash thoroughly in cold water, drain and sort, peel, trim and cut.

Heat vegetables in boiling water before freezing. Use one gallon of boiling water to each pound of vegetables. The length of heating time varies with the vegetable.

This kills enzyme action in the product. The enzymes help the plants grow and mature but if not deactivated the vegetables will develop off flavors and often discolor or toughen during freezing.

Place the scalded vegetables immediately into running cold or ice water. When the product is cool to the tongue when tested, it is cool enough to pack.

After the vegetables have been heated, cooled and drained, pack in airtight moisture-vapor-proof containers, leaving 1/2 inch headspace.

Cook all vegetables in the frozen state, except corn-on-the-cob which should be partially defrosted. Cook them only until tender in a small amount of water.

# Chieftains Roll Past River Road, 38-7

**HERE HE COMES....** Brad Moyer (21), tailback for the Friona Chieftains, scored three touchdowns against the River Road Wildcats, including this 30-yard TD scamper to begin the second quarter of Friona's opening game.

**THERE HE GOES....** Brad Moyer, Friona Chieftain tailback, is shown on the continuation of the play shown above, just before crossing the goal-line on his second touchdown. Friona popped River Road, 38-7.

"We played about as well as we could have played," commented a happy Coach Tommy Moss after his Friona Chieftains opened their 1985 football season with a convincing 38-7 win over the River Road Wildcats last Friday night at Chieftain Field.

The opportunistic Chieftains gobbled up a mis-handled pitchout after just over a minute of play, and quickly turned the break into a 7-0 lead. They had command of the game the rest of the way, turning in a great defensive performance.

River Road took the opening kickoff, and had the ball at their own 19 when disaster struck the visiting Wildcats. Jeremy Johnson's pitch went wild, and Friona claimed it at the River Road 13.

Two plays later, tailback Brad Moyer bolted up the middle and into the end zone from six yards out. Sam Montoya's kick gave Friona a 7-0 lead, and only 2:16 had elapsed in the opening quarter.

The fired-up Chieftains held on down and reclaimed the ball. They had another spirited drive going, until a clipping penalty, followed by a motion penalty set them back to their own 28 and forced a Montoya punt.

The Chieftain defense again held the potent Wildcat attack to two yards in three plays, and Friona took over the ball at their 37, following the second R.R. punt.

Moyer broke loose on a 21-yard gallop to the Wildcat 38, and then on the first play of the second quarter, he weaved his way 27 yards for his second touchdown of the game.

A bad snap foiled the point-after try, but Friona had extended its lead to 13-0 with 11:50 to play in the half. Even more impressive, to this point, the Chieftain defense had held the visitors to -2 yards.

The next time Friona had the ball, quarterback Jeff Brown directed the team on a nifty 70-yard scoring drive. First downs were gained by Jimmy Williams, Moyer (who gained 30 yards in the drive), and Lonnie Phillips, who had runs of five and 21 yards.

Moyer got his third straight TD on a one-yard slant on fourth down, and Brown flipped a pass to Rusty Rainey for a two-point conversion. The Chiefs had increased their lead to 21-0 as 3:12 remained before halftime.

Nor were the Chieftains ready to pack in their point-making machine for the first half. The big-

play Friona defense had one more feature.

Cornerback Leroy Mercado raced in front of a would-be River Road defender, swiped the ball, and darted untouched 40 yards for the third Friona touchdown of the quarter and fourth of the first half. Montoya's kick made the score 28-0. Only 58 seconds of clock time separated Friona's third and fourth TDs.

The Chieftains found themselves in a hole after taking the second half kickoff out to their own five yard line, and River Road enjoyed good field position for the only time in the game.

On their second possession, the Wildcats clicked as Johnson hit on two passes for a touchdown. River Road was called for holding on one scoring toss, then after Friona was cited for roughing the passer, they got one that counted. The kick made the score 28-7 with 5:09 left in the quarter.

Friona couldn't get its offense in gear in the third quarter, but early in the fourth quarter, the defense again started the ball rolling.

Mercado and Moyer combined on a pass interception, with Mercado tipping the ball in the air and Moyer making a diving catch at the River Road 25.

Three plays later, Friona was on the scoreboard again. Brown hit Moyer on a 16-yard strike to the Wildcat nine, and then Phillips got his first TD of the season on a sweep to the left.

Montoya's kick ran the score to 35-7, as 10:02 remained in the game.

Brent Gatlin got in on the interception parade, snaring a Johnson aerial at the Friona 25 and returning it to the 20.

Three plays found the Chieftains back at the River Road 22, so Montoya was called in to try his toe on a long field goal. He responded with a nifty 40-yard kick, squarely through the uprights, and 'way over the crossbar. This ran Friona's lead to the final margin of 38-7.

Shy Burney got the fifth Chieftain interception before the fourth quarter was over, and Friona had one last chance to score. But the reserves couldn't punch it across after having a first and goal at the nine.

The Chieftains outgained the visitors, 310-91 yards. Their defensive effort (allowing 91 yards) was the second best effort of any class AAA team in the South Plains area, in statistics

compiled by the Lubbock Avalanche-Journal.

Coach Moss was reluctant to single out a member of the Chieftain defensive unit, saying "All eleven starters played extremely well. Also, the offensive line played a super game. They reacted to their (River Road's) stunts well," Moss said.

## JV Team Topples BR Team, 14-12

The Chieftain junior varsity edged Boys Ranch, 14-12 in action here Thursday night.

Glen Trimmell and Stephen Thornton scored the TDs for Friona.

Daniel Echols gained 71 yards on seven tries; Trimmell had 37 on 13 carries; Wade Nuttall gained 49 yards on eight tries and Terry Widner had eight yards for Friona. Echols completed three of four

passes, including the TD pass to Thornton.

An Echols to Thornton pass for two points after the same combo worked for the TD turned out to be the difference in the game, and then Friona had to turn on its defense.

Cited for their performances were Albert Trevino, Wade Nuttall, Echols and Glen Trevino.

## Mustangs To Visit Chieftains

The Bovina Mustangs will be the opposition next Friday night at Chieftain Field in Friona's second home game of the season. The game also will serve as Friona's Homecoming Game for 1985.

Bovina's team is in a rebuilding year, with an incredibly young team. Bill Talley is the first-year coach at Bovina, and points out that he has only one senior, quarterback Blake Scaff, on the starting lineup, just two juniors, and eight freshmen.

Numbers are also a problem. In the team's 35-0 loss at Happy, the Mustangs had only seven substitutes. Coach Talley said this week his squad was up to 20, and that "every little bit helps."

"We're just trying to improve some in each game. When you don't have experience, it just takes some time," he said.

Besides a tough-enough regular schedule, the Mustangs scrimmaged against Dimmitt and Vega, both of whom have been given shots at post-season play in their respective districts.

## 9th Graders Win First Two Games

The Friona freshman football team has won their first two starts of the season.

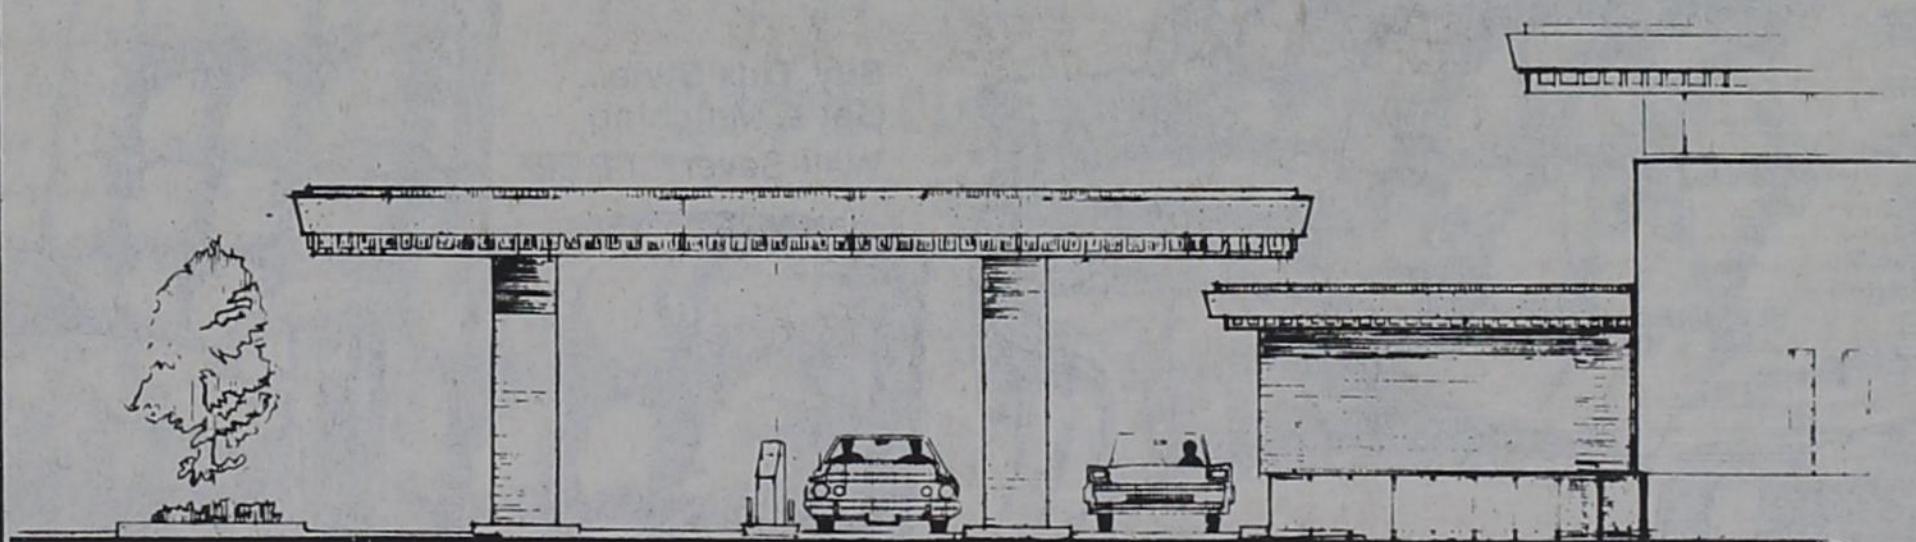

Last Thursday, the team downed River Road, 28-6, and came back this week for a 16-0 win over the Boys Ranch Frosh.

Cody Bracken carried seven times for 97 yards and a touchdown against Boys Ranch. Ben Osborn scored once, gaining 89 yards on 12 carries. Cody Burney added 53 yards on 16 tries and scored two extra points.

Bracken completed one of three passes for ten yards.

"Defensively we played a hard-hitting game. Some who were outstanding were Paul Trimmell, Ben Osborn, Jeff Williams and Jimmy Madrid," said coach Steve Williams.

## 'Friends' Tell Slate

The Friends of the Friona Public Library met in their regular annual session June 27 at the Library with Darla Bracken, secretary-treasurer, presiding in the president's absence.

The secretary-treasurer introduced and welcomed next year's officers: Lola White, president; Nancy Peace, vice president; and Dale Mann, secretary-treasurer. She then gave the activity and treasury reports for the past two years followed by a brief history of the local Friends group.

Following a motion by Nancy Edelman to accept the nominees by acclamation with a second by Marie Perkins, the group unanimously accepted the new officers. The group then agreed to adjourn and refreshments were served.

**NEW OFFICERS....** The officers for the Friends of the Public Library are shown at a recent meeting. From the left are Nancy Peace, vice president; Lola White, president; librarian Darla Bracken and Dale Mann, secretary-treasurer.

## Local Group Back From Ohio Trip

On Friday, September 6, Tom Griffith of Bovina and Lauretta Brookfield of Friona left Amarillo by way of American Airlines for Columbus, Ohio. Joan McNamara joined them at the Dallas-Fort Worth Airport for the trip.

This was the annual Griffith, Huggins, Mauk and Edison reunion held at the Fairview Church west of Mt. Pleasant, Ohio.

The church was built in the 1800s and still has the original pews and other furnishings. In the family cemetery behind the church, are Tom and Lauretta's great-grandparents, Jessie and Hanna Griffith, born during the year 1824 and their grandparents, Joshua Griffith and his wife Nancy Huggins Griffith married November 7, 1861. Numerous

other uncles and aunts and a lot of family history are buried on that hill top.

A family picnic meal was held Sunday, September 8 at noon, with a business meeting following. A new paint job for the church both inside and out was to be done.

Tom Griffith got the prize for traveling the farthest distance, but an 85-year-old cousin was the oldest one in attendance.

On Monday, September 9, Wash Bowers took Tom out to their father's old home place to see the old coal mine that ran through the place and to visit a cousin.

Jeff Bowers, Joan McNamara and Lauretta Brookfield toured parts of Ohio, seeing the Ohio Ceramic Center at Roseville, the "Y" bridge at Zaneville, the only

one of its kind, New Concord, the home of Astronaut John H. Glenn, Jr., saw the Zane Gray Museum, the Cambridge Glass Co. at Cambridge, Ohio, the Fostoria Glass Co. and numerous antique and basket shops.

The group stayed in the home of Wash and Ella Louise Bowers in Logan, Ohio.

On their scheduled return flight on Tuesday, September 10 from the Columbus Airport, the big Concord made its first time stop there and the group got to see it take off for England and listened to the chatter of the crew that flew it into Columbus.

The group reported that it was a wonderful trip, visiting relatives both old and young and seeing all the wonderful scenery.

## WTSU Sets Parent Fete September 28

West Texas State University's Parent's Day has been scheduled for Saturday, September 28. Organizers expect a strong turnout for this event, which has been popular with both parents and students since 1978.

Some of the organized activities include Parent Olympics, a reception with faculty members, an equestrian display at the Horse Center, a style show, a buffet luncheon, and a football preview with Coach Bill Kelly. Organizers have also allowed

plenty of time for parents to visit with their sons and daughters and tour the campus together.

That evening at 7:30, WTSU's Buffaloes play Texas A&I at Kimbrough Memorial Stadium. Parents of WTSU students may purchase tickets at reduced rates. At halftime, the Parent(s) of the Year will be presented a plaque from President Ed Roach.

Parents of WTSU students or other interested parties may call (806) 656-2296 for further details.

## Committee Urging Steps On Park Site

A committee of members of the Community Heritage Society met Monday, September 9, with the Parmer County Commissioners in Farwell to discuss legal steps toward locating Friona's old Santa Fe Depot building on the City Park.

Friona is in the unusual position of having its City Park actually owned by the County Commissioners' Court. The commissioners were quite helpful and agreed to take the necessary steps toward aiding the city and the Heritage Society in their goal.

Fund-raising activities were discussed at the society's regular meeting on Tuesday evening. It was decided that the group would hold a drawing during Maize Days for a 72-piece Tyco Rail-Master electric train set. Tickets for the train set will be \$1.00 and will be available at Ethridge-Spring Agency and at the Friona Star. Members will be selling the tickets during all Maize Days activities.

Memberships and donations to the Heritage Society will also be sold during Maize Days, with booths being set up at the former Blossom Cottage location on Main Street and also in the City Park. Memberships are \$5.00 for adults. A junior division membership in the Society has been set at \$1.00 per member for young people who are interested in seeing the history of Friona preserved for the future.

A "Depot Donor's Honor Roll" will be established in the Depot when it is settled at its new permanent home in the Park. The Honor Roll will list all who have donated money to this project. Memorials will also be noted on the Honor Roll. A Depot Fund has been established at the Friona State Bank for this purpose. The Community Heritage Society of Friona, Inc. is a non-profit organization and all donations to

the depot project may be listed on the donor's income tax return as a tax-free charitable donation.

Some suggestions for future use of the depot once it has been moved, were discussed at the Tuesday meeting. In addition to the proposed museum and art gallery, traveling exhibits and historical programs were suggested. The Heritage Society plans to hold its regular meetings at the depot building. The public will be invited to attend a gala annual meeting at the depot once each year. But the immediate goal of the group is to raise, as soon as possible, the \$6,000 needed to get the depot moved to its new location.

The next regular meeting of the Society will be Tuesday, October 1 at 8 p.m. at the Ethridge-Spring Meeting Room.

**WEEK PROCLAIMED...** Mayor Clarence Monroe is shown signing a proclamation naming the week of September 17-23 as Constitution Week in Friona. The special week is sponsored by the DAR, represented by Laura Blackburn, left, and Allo Reeve.

## Roots & Branches

By CAROL ELLIS

Notice how attentively small children sit and listen to stories of the "old days" told by their grandparents. When those children are grown with families of their own, they will again return to an interest in family history.

A hundred years from now, will your descendants know anything about you? Not unless you write down your own personal history now and make sure that it will be preserved for your future generations. Your family history begins with you. At this particular moment in time, YOU are the most important link in the chain which binds the future to the past. Isn't it nice to be number one?

If you feel inadequate to the task of writing down your own history, then why not try telling it to a tape recorder. Someone else in your family can undertake to type off the stories you have told.

Next you are going to say, "My life has been so uninteresting. What could I put into a personal history?" Years from now the smallest details will be interesting to your descendants. For instance, wouldn't you give anything to know what your great-great-grandmother served her family for breakfast on Christmas morning nearly 100 years ago? Your history can consist of practically anything you can remember.

Here are some examples: What games did you and your brothers and sisters play when you were growing up? What schools and churches did you attend and what were they like? Did you and your family take any interesting trips when you were young? How you and your spouse met, fell in love and got married. Describe the first home or apartment you lived in as a newlywed. What humorous things have happened to you or your family members? Your most embarrassing moments, favorite family celebrations, holidays, traditions, yes even favorite family recipes.

Of course, your history should also include all your own vital statistics such as: your birthdate, when you graduated, marriage date, birthdates of your spouse and children; plus the birth, marriage and death dates of your parents, your brothers and sisters. Include spouses of your brothers and sisters, if possible.

"Where" is as important as "when." Many old family Bible records give the vital dates of the family history such as births, deaths, etc. Yet they do not tell where the family was living when various children were born, where they got married, where the parents died, etc. Don't overlook giving locations in your family history.

## Club Buys New Stereo

The Friona Boosters Club met Tuesday, September 10, at the Friona High School cafeteria.

Coach Tommy Moss reviewed the film of the River Road-Friona game.

Officers were elected for the 1985-86 years. They are Jim Dixon, president; Mike Chaney, vice president; and Gary Brown, secretary-treasurer.

The Booster Club meets every Tuesday night at 8 p.m. and films from the previous Friday night football game are shown. Everyone is invited to attend these meetings and back the Chiefs.

The club voted to purchase a new stereo unit which will provide music for the athletic dressing rooms. The unit has been purchased and installed.

**F&S Turkey Shoot To Be Held In Friona**

*Field & Stream* magazine and the National Volunteer Fire Council is proud to announce the Second Annual Turkey Shoot Sweepstakes to help local fire departments raise needed funds.

Turkey Shoots are traditional autumn or pre-holiday events held at Volunteer Fire Departments. Eight to twelve shooters fire at a target and one will win a turkey (usually frozen). The winners of each local event will be entered in a sweepstakes funded by *Field & Stream*.

The grand prize is a trip for two to British Columbia, Canada and a Jaco "J Series 806" pop-up camping trailer. Participants are also eligible to win: 100 Jim Beam Model "A" fire engine decanters; 3 Winchester rifles Model 70 XTR Sporter magnum; Nikon binoculars; 5-Z10 Regency electronic scanners; 5 Whistler 5 radar detectors; Goodyear all season Wrangler radial tires; Shimano rods and reels; Black and Decker sunlance halogen flashlights; Skoal long cut brass spittoons; Berkley triline fishing line; and Purina hi-pro dog food.

In addition, there are other events that will take place at the Turkey Shoot. Crosman Firearms has set up a Junior Shooters event, for people under 18—grand prize, a Crosman air gun. Campbell Chunky Soup will have a soup station at the Turkey Shoots to warm the shooters with nutritious Chunky Soup.

The *Field & Stream* NVFC Turkey Shoot promotion is sponsored by Shimano, Regency, Nikon, AT&T, Mobil 1, Skoal Long Cut, Arrow, Goodyear, Crosman Air Guns, Ford, Purina Hi-Pro, DeKuyper, Independent Insurance Agents, U.S. Repeating Arms, Winchester, Jim Beam, Jayco, Berkley Triline, Campbell's Chunky Soup, Black & Decker, August West Systems and the National Rifle Association.

The Turkey Shoot is being held on October 13, sponsored by Friona Volunteer Fire Department. The local contact is Roger M. Fields, telephone number 247-2761.

## Amy Blankenship Reports On United Nations Tour

Amy Blankenship, daughter of Dorothy Blankenship of Friona, was sponsored on the United Nations Pilgrimage Tour July 17 by the Rebekah Lodges in District 5. Members of District 5 are Hereford Rebekah Lodge 228, Dimmitt Rebekah Lodge 54, Muleshoe Rebekah Lodge 114 and Friona Rebekah Lodge 308.

Amy flew to Dallas from Amarillo and the bus tour began in Irving, Texas on Monday, June 17. A send-off breakfast was held by Irving I.O.O.F. Lodge and they were on their way to Springfield, Missouri where they joined the Missouri delegation.

On Wednesday, June 19, they entered West Virginia and stayed at Clarksburg with lodge members who had watermelon and a dance for the group.

Thursday, June 20, they arrived at Gettysburg at noon. They toured the battlefield and arrived in Washington, D.C. for the night on Friday, June 21.

They toured the F.B.I. building, saw the sharpshooters in action on the Ford Theatre where Lincoln was shot and toured the house across the street where President Abraham Lincoln died. They toured a part of the Smithsonian Institute and saw the Vietnam Memorial, which impressed and affected each one since some in the group had relative's names engraved on the monument.

### Scouts Are Asked To Register

It is time for Girl Scout registration and this year there will be two new age groups eligible for scouting, according to Linda Barker, Field Service Chairman.

Kindergarten girls are eligible to register for the Daisies, and there will be a first grade girls Brownie troop as well as a second grade Brownie troop.

The kindergarten, first and second grade girls and their mothers are asked to come to the Girl Scout House on Ashland Street, Tuesday, September 17, at 7:30 p.m. to register. A program will be presented and cookies and punch will be served.

Any mother that would be interested in being a leader or assistant leader is asked to attend the program also.

All girls who were Girl Scouts or Brownies last year will register Wednesday, September 18, at 4 p.m. at the Girl Scout House. This is for girls third grade and up.

### Around The House

By JANETTE PIERCE

Have you had problems of spoilage of home canned foods? The Parmer County Extension Home Economist, Janette Pierce, has had several calls this season about canned food not sealing. "This can be frustrating because of the waste of time, energy, money and food."

Take a look at the jars and lids you have been using.

Do the jars have chips or nicks at the top? If they do, this can cause a poor seal--thus spoilage. Do not use these jars for canning.

Do you tighten the two piece lid as tight as you can get before and after processing? If you do, this can cause the sealing material to be broken--and again spoilage.

What can you do? Run your finger around the tops of jars and inspect them visibly to make sure they are smooth and free from nicks and cracks.

If two piece, self-seal lids are used, follow the manufacturer's instructions in adjusting the lid and tightening the metal ring. After processing, when the canned product is thoroughly cool, take off the metal ring, if possible without forcing. If the ring sticks, cover it with a hot, damp cloth for a minute or two to loosen. Then wash them to prevent rust and they may be used again. However, the lid may be used only once.

Also, consider the age of lids being used. The sealing compound may not be as good quality as it once was, preventing sealing.

For more information about canning, contact County Extension Agent, Janette Pierce, at the Courthouse in Farwell or call 481-3619.

Saturday, June 22, they toured the White House, the Capitol and Library of Congress, the Washington Monument and Lincoln Memorial.

Sunday, June 23, they left Washington and went to Philadelphia. They toured the Betsy Ross home, saw the Liberty Bell and Independence Hall. They arrived in New York in the afternoon and toured Time Square at 10:45 p.m.

On Monday, they got their first experience at eating "running eggs" at Penn Gardens Hotel. They visited the United Nations, were briefed on the U.N. itself, population control and peace keeping. This was at the peak of the hostage crisis. They also visited the Empire State Building at night.

Tuesday, June 25, they visited the U.N. and were briefed in development, before walking to Rockefeller Center at lunch time and saw the Disney show at Radio City Music Hall and the Rockettes.

On Wednesday, June 26, a bus tour of New York City took them to Chinatown, the Cathedral of St. John, the Divine, then drove past the World Trade Center and returned to the hotel. They rode the subway back to the World Trade Center and ate there, then returned to the hotel and had a

talent show. Tammy Schettrino and Kathy Lawson won the contest.

Then on June 27 they took the cold boat ride around Manhattan Island, then disembarked and toured the U.S.S. Intrepid War Museum, saw mostly scaffolding, but saw the work being done on the Statue of Liberty.

On Friday, June 28, goodbyes were said to the Louisiana delegation and to New York City itself. They arrived in Niagara Falls that night.

Saturday, June 29, the group got a good look at Niagara Falls, had some minor bus repairs and traveled to Windsor, Ontario, Canada.

Sunday, June 30 was a travel day. They had more bus trouble so rested and played in a farmer's field. They stayed in lodge member's homes that night.

Monday, July 1 was a sad day as the group said goodbye to the Missouri delegation and spent the night at the Holiday Inn.

Tuesday, July 2, they returned to Texas, back to the starting point at Irving, Texas, with a big supper served by the Irving Lodge.

Goodbyes were said and each parted with a lasting remembrance of a wonderful trip and a lasting friendship for all.

Everyone who is over fifty missed a real treat when they didn't attend the Guy Lombardo & His Royal Canadians concert at Dimmitt High School Sunday afternoon. The music brought back many enjoyable memories to all of us who were there.

Other Frionans attending included the Carl Masons, J.T. Gees, Hollis Hortons, Jake Outlands, Von Edelmans, Richard Collards, J.L. Wittens, Bill, Carol and Richard Ellis, Geraldine Taylor, Fay Reeve, Decimae Beene, Martha Mae Pruet, Edith Johnson, Pearl McLean, Ilene Osborn and Kathryn Smith.

Duane and Jean Baize returned home Tuesday evening after an extended visit in the home of Chris and Adell Clark, who live at Cisco, Texas.

Chris, who is Jean's brother, is seriously ill and is confined to his home. He and Adell are former residents of Friona and the Hub Community.

Tom Griffith of Bovina and Lauretta Brookfield of Friona recently made a trip to Mt. Pleasant, Ohio for the 70th reunion of the Griffith, Huggins, Mauk and Edison families.

They left Friday, September 6, met Joan McNamara in Dallas and the trio traveled on to Ohio. They returned home Tuesday, September 10.

A full account of their trip can be found elsewhere in this issue.

Oleta Houser is home again. She spent several days last week in New Mexico and Arizona. She and Amber Hartman, who had been visiting here several weeks, first drove to Albuquerque, where they were guests in the home of Mr. and Mrs. Buddy Witherspoon.

They visited other kith and kin there before driving to Show Low, Arizona, with the Witherspoons and other family members.

At Show Low, the group was

joined by Amber's dad, Leon, and some other kin from Phoenix, Arizona, for a fun weekend.

Craig and Sharla Trimm and children, Michelle and Jarred, who live in Lamesa, Texas, were weekend visitors in the home of Sharla's dad, Stan Benge.

Mr. and Mrs. James Procter and Mr. and Mrs. Ted Procter drove to Oklahoma City Saturday to attend the wedding of Marc Peterson and Mary Ann Brunsman of that city.

The groom, who is Mrs. Procter's nephew, is the son of Mr. and Mrs. Dewayne Peterson.

The Frionans returned home Sunday afternoon.

Jack and Linda Chapman of Lubbock were weekend guests in the home of her parents, Mr. and Mrs. David Carson.

Mr. and Mrs. Bob Bailey of Wolfforth, Texas, spent the weekend visiting in the home of Mr. and Mrs. Bob Welch and children, Ben and Katie. Bailey is Mrs. Welch's brother.

Elvin and Wilma Johnston returned home Monday after spending several days at their Oklahoma ranch, which is near Lake Texoma.

One of their grandsons, Scott Johnston of Amarillo, is visiting in their home.

John and Debra Baxter were accompanied to a Ford sales meeting in Honolulu last week by Oscar and Opal Baxter.

These four flew from Lubbock to Honolulu by way of Dallas-Fort Worth on Tuesday and returned home Saturday.

Odie Claborn Rohde, who lives in Maderia, California, has returned to her home after spending several weeks visiting local friends.

She also visited her mother, Mrs. Eunie West, and other relatives and friends in Hereford.

Mailyann Lonvick, who is employed by American Airlines at Dallas-Fort Worth Airport, spent a recent weekend with her maternal grandparents, Mr. and Mrs. Wesley Foster.

Miss Lonvick, a former teacher in the Lakeview and Memphis school systems in Hall County, visited here often for several years, so friends and customers of the Fosters have been missing her smiling face on holidays and weekends.

For many years, Ruben and Ollie Pearl and Duard and Tiny Taylor, have hosted an annual fish fry in Ruben's and Ollie Pearl's back yard.

Early Saturday evening, guests began to appear from Friona, Hereford, Bovina and possibly another place or two. Soon the patio was filled with long tables loaded with salads, vegetables and desserts...and people of all ages.

It was a treat to watch Ruben removing the crisp golden fish out of the cooker and the platters were soon heaped to capacity.

About one hundred persons attended.

When Charles and Dorothy Wikle recently moved from 805 Woodland to Melrose, New Mexico, they literally moved "lock stock and barrel." They had their house moved, too.

Larry Fairchild of Adrian, a former Friona resident, entered St. Anthony's Hospital in Amarillo Friday as a medical patient. He was dismissed Monday, then was re-admitted Tuesday morning and had surgery Wednesday morning.

His condition as of Thursday is being reported as satisfactory.

Tuesday, September 17, is the

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

### CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

#### PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalination. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalination, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

#### PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

#### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

#### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

#### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

#### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

#### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

#### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

#### PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

#### PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

#### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

#### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

#### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

#### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

## Local Y-H'ers Have Annual Member Tea

The Friona Young Homemakers held their annual membership tea Thursday, September 5 at the High School Library.

Plans were made for a new year, that promises to be full of excitement for anyone involved. Aundrea Frye gave a presentation based on the book, "Train Up A Child," by Gwendolyn G. Webb.

Special guests were Lori Bandy, Deirdre Osborn, Annette Frye, Leigh Monroe, Jana Brown and Sandra Wynec.

Members who attended were Karene Bass, Johnna Blackburn, Holly Campbell, Kristi Carr, Cathy Carthel, Lanis Graham, Cindy King, Kathi Miller, Sherri Rector, Linda Welch, Diane White, Varla Wilcox, Mary Beth Wyly, Marka Herbert, Gayle Murdock and Kim Smiley.

Anyone interested in having a booth at the Halloween carnival please contact Mary Beth Wyly at 295-6774, Sherri Rector, 265-3839 or any other Young Homemaker.

## Sr. Citizens To Meet Here

The Friona Senior Citizens will hold their regular monthly covered dish luncheon Tuesday, September 17 at the Friendship House, Fifteenth and Washington.

The Beltone representative will be at the meeting about 10:30 a.m. to check hearing aid equipment and test your hearing.

Games will be played before and after lunch.

The covered dish luncheon will be served at noon. All Senior Citizens are invited to bring a covered dish and spend the day.

## Riding Club Sets Maize Days Events

The Friona Riding Club held their monthly meeting at the Club House on Saturday evening, September 7.

A discussion was held about sponsoring the annual steer roping and barrel race during Maize Days. The steer roping and barrel race are scheduled for Saturday night, September 28.

The barrel race will start at 6 p.m. with two young age groups of nine and under and 10-18. This will be followed by an open barrel race for anyone to enter.

The steer roping will begin at 8 p.m. and will consist of two divisions--the century to be followed by the jackpot roping.

A salad supper preceded the meeting.

Those present were Randy and Patsy Highsmith, Joe and Marlene Mueller, Honel, Judy, Amendia and Boots Cross, J.C., Frances and B.J. Parvin and Robert and Carol Zetsche.

WIN AWARDS....Members of the Friona Young Homemakers won awards at the Area I Conference in Plainview, recently. Shown left to right, are Mary Beth Wyly, Lanis Graham, Lori Bandy, Kristi Carr, and Linda Welch, with their ribbons and certificates.

## YH Members Attend Area I Conference

Friona Young Homemakers were represented at the Area I Conference on Saturday, September 7 by Lori Bandy, Kristi Carr, Lanis Graham, Cindy King, Sherri Rector, Linda Welch, Mary Beth Wyly, Marka Herbert and Kim Smiley.

The local organization was recognized for having the largest number of members present and for traveling the farthest distance.

The conference was held at the Wayland Baptist University in Plainview. The theme this year was "Young Homemakers Care." A business meeting was held and then Peggy Eversol of the Rape Crisis Center gave a presentation on "Rape Awareness" and "Child Sexual Assault."

The Friona chapter took second place in the table exhibits. They had the table decorated with pictures and information about the Halloween carnival. The chapter's scrapbook won third place. It was compiled by Varla Wilcox, the 1984-85 reporter-historian.

After the awards luncheon, Young Homemakers from Area I were treated to two more speakers.

## 4-H Club To Meet Monday

The Friona 4-H Club will meet Monday, September 16 at 7:30 p.m. at the Friona Community Center.

A hamburger cookout is planned for all members, their parents and anyone interested in joining the local club for the coming year.

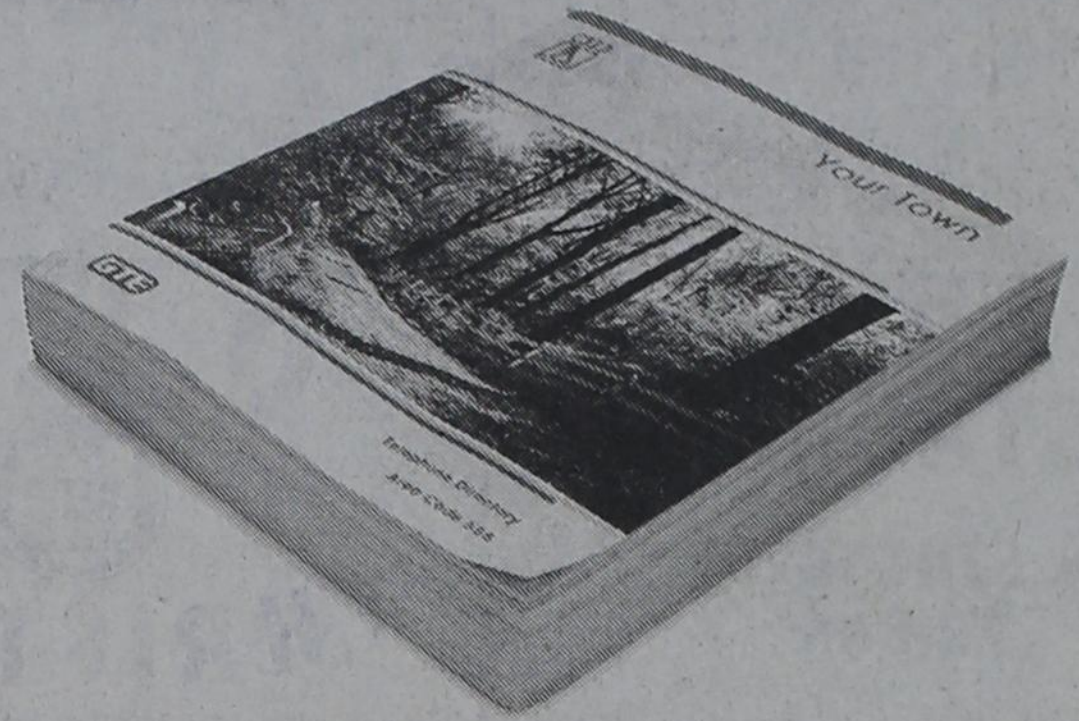

Some projects this year will be cooking, sewing, method demonstrations, stock shows, shooting sports and more.

Students are invited to sign up for the coming year. Bring your parents and interested friends to our opening meeting.

The first speaker was Jacque Hastings from Lubbock General Hospital. The topic of her presentation was "Bringing Miracles Into Reach." She told about the hospital's neonatal and pediatrics unit.

The second speaker, Zaphryn Green, showed slides of different table settings for fun and festive occasions.
