**British-American Is
To Dig To Granite In
E-C Chaves Wildcat**

The British-American Oil Producing Company is to start operations at once on its No. 1 White Ranch, a slated 8,000-foot rotary wildcat in East-Central Chaves County, New Mexico.

The prospector is to be 24 miles east and one mile north of Roswell and six miles northeast of the Chisum field which has production from the San Andres-Permian and from the Siluro-Devonian.

To Go To Granite
The projected destination of 8,000 feet for this wildcat is calculated to take it through the Siluro-Devonian and the Ellenburger and into the granite.

Location is 1,300 feet from north and west lines of section 19-10a-28a. On Farmout Acreage

The project is being drilled on a backboarded spread of 2,880 acres of leases secured by British-American in a farmout deal with Magnolia Petroleum Company and Dekalb Agricultural Association, Inc.

Exploration Drilling Company of Midland has the rotary contract and is now moving in tools.

**Kewanee Is To Drill
Ellenburger Wildcat
In SE Coke Region**

Kewanee Oil Company has staked location for a 4,400-foot Ellenburger venture one and three-quarter miles northeast of the lone producer in the Wendland (Ellenburger) field of Southeast Coke County.

It is No. 1 H. O. Wendland and is located 467 feet from north and east lines of the west 1,339.66-acre tract in section 33, Cimarron Rubio survey.

Location is on a farmout from Keweenaw Oil & Gas Corporation, which opened the Wendland field.

Kewanee holds 1,200 acres more in the area.

Rotary tools will be used to drill the project. Operations will begin immediately.

**Phillips Discovers
Silurian Production
In SW Ector Field**

Phillips Petroleum Company No. 1-B Millard, west offset to a recently completely five-eighths mile northwest extension to the Penwell (Ellenburger) field of Southwest Ector County, has discovered flowing oil in the Silurian.

On a two-hour drillstem test of that formation from 7,397 feet to 7,497 feet, gas came to the surface in five minutes, mud in 26 and oil in 35 minutes.

Tested to tanks one hour, it flowed 44 barrels of 43-gravity oil. Recovery was 210 feet of oil and gas cut mud from below the circulating sub.

Flowing pressure was 1,433 pounds shut-in bottom hole pressure. In 15 minutes was 3,045 pounds. Operator is now drilling deeper.

Earlier, the No. 1-B Millard flowed 43 barrels of oil and 28 barrels of salt water on a drillstem test of a lower Permian lime, possibly Wichita Albany at 6,590-6,750 feet.

The nearest Silurian production is three and one-half miles south and slightly east of the Jordan (multistage) field.

Phillips No. 1-B Millard is 660 feet from north and 665 feet from east lines of section 24, block B-15, pal survey and one mile northeast of Judkins.

**Correct Potential Is
Reported For Oponer
In NW Scurry Area**

A corrected and official potential test gauge has been reported by The Superior Oil Company and Intex Oil Company No. 1-518 Eva F. Laws and others, Mississippi discovery in Northwest Scurry County.

The wildcat pumped 94 barrels of pipe line oil in 24 hours on the official completion test.

There was no water. Gas-oil ratio was 119-1. Gravity of the oil was 38.8 degrees.

Of the Mississippian pay is at 2,710 feet. Ground elevation is 2,710 feet. 7-inch oil string is at 8,196 feet. Plugged back total depth is 8,245 feet. Total depth drilled was 8,300 feet in Ellenburger which made only water.

The open hole zone in the Mississippian is at 8,196 feet.

Shivers To Act Friday On Drouth

Farm, Ranch Views Sought By Governor

Gov. Allan Shivers Thursday called for immediate response from farm leaders and small farmers and ranchers on whether they think Texas should seek benefits of the federal drouth disaster program.

He said he wanted wire replies Thursday so he could decide Friday whether to act or not.

"I think if we're going to take any action, it should be taken immediately," he said.

His request for wires went directly to county agents, farm editors, editors and county judges in areas he considered most seriously affected by the drouth. He asked each to contact at least six small farmers and ranchers to determine if they want the program in Texas and what they think the benefits will be.

Shivers said he also has wired Undersecretary of Agriculture C. J. McCormick to determine the benefits of the program for small farmers and ranchers and how soon assistance could be given.

No Question Of Need
Shivers said he was "amazed if not astounded" to find at a drouth conference he called Wednesday that state leaders did not know what the federal drouth program involves.

"There's no question that some small Texas farmers and ranchers need help," he said, "but I don't want anybody to mislead them about what they can expect to get."

Shivers Wednesday questioned political implications of a move to declare the state a drouth disaster relief area less than three months before the presidential elections.

"Dilly-Dallying" Charged
"We've had the drouth about three years," he told a meeting in Austin. "I don't know whether this being a particular year has anything to do with it." Asked what he meant by "particular year," he answered that this was an election year.

He was addressing about 75 West Texas farmers, ranchers, agriculture officials, bankers, chambers of commerce leaders and others at a meeting.

(Continued on Page 16)

MIDLAND COUNTY'S FIRST 1952 COTTON BALE—Clark Moreland, a 28-year-old dryland farmer nine miles south of Midland, is shown with his bale of cotton which was the first to be produced in 1952 in Midland County. The bale, weighing 400 pounds, was turned out Tuesday afternoon at Planters Gin. Moreland, his wife and neighboring children picked the bale in five hours. They went over 15 acres to get the bale, which is on display in front of The First National Bank.

**AS PRESIDENT TRUMAN SEES IT—
Democrats Need New Blood,
But Stand On Party Record**

WASHINGTON—(AP)—President Truman said Thursday there ought to be some new blood in the Democratic Party but he knows of no names in Washington.

At a news conference with the accented politician, Truman said he had no comment on the way the Democratic candidates, Gov. Adlai Stevenson and Senator John Sparkman, have started their campaign.

He said to that: "He doesn't have to read what the opposition says—he knows ahead of time what it is going to say and it's all wrong."

He thinks he knows more about the government than anyone in the United States.

Certainly Stevenson can have the advantage of the good research which fortified his own campaign speeches in 1948. Stevenson can have all the information he wants—and so can Gen. Dwight D. Eisenhower, the Republican nominee.

Truman said he will give them the truth and if they want to use it, it's up to them.

While the Democratic Party can stand some new blood, that doesn't mean we are going back on what the Democratic Party has done in the last 20 years.

There was no comment on Sparkman's statement that the recent steel strike had been mishandled.

Another line of questioning centered on an exchange of correspondence between Governor Stevenson and a Portland newspaper editor which referred to "the mess in Washington." Truman said he had no comment because he knew nothing of any mess.

No Turning Back
A reporter noted that Stevenson has said something "to the effect that he wants to bring a refreshing of what's gone on for 20 years."

It was then that Truman spoke of infusing new blood into the Democratic Party while declaring there will be no turning back on what the party has done for 20 years.

He said he couldn't comment on Stevenson's statement to a news conference Wednesday that corruption has been "proven" to exist in Washington because he hadn't seen an article on it.

As for Eisenhower's remark Wednesday at Boise, Idaho that the administration is applying "the philosophy of the left," Truman said he hadn't read that either, or the Republican nominee's statement that the government does everything but come in and wash the housewife's dishes.

Asked how he keeps up with general matters such as these if he doesn't read about them, Truman said he knows more about government than any man in the United States. And he said he knows exactly what the opposition is going to say.

Read Wendell L. Wilkie, he suggested. Read Thomas F. Dewey. He said you get a repeat—it's all been said before.

Weekend Tour By Cadillac Puts Negro Pair In Pokey

A negro maid and her boy friend were in the Midland County jail Thursday, languishing with their memories of a happy weekend in East Texas at the wheel of a new, yellow Cadillac convertible.

The two, Erma Buggs and A. B. Simpson, faced charges of stealing the automobile from Henry Hoffman, 1615 Harvard Drive.

Erma, Detective Lt. Dick Hemingway reported Thursday, was the maid in the Hoffman home and last Saturday she promised to take good care of the place as the Hoffmans left for a trip.

"But," said Hemingway, "as soon as the family departed, Erma called her boy friend, they backed the convertible out of the garage, lowered the top and roared off to Tyler."

"They must have had a fine time because some of their friends decided to come back to Midland with them. Midland must have looked pretty good if Erma could promote a Cadillac."

The three passengers contributed \$12 each to pay the expenses of the trip back to Midland and they reached here Monday.

When the Hoffmans arrived home Wednesday, they found their new automobile a little bit worse for the wear it had had.

Erma, said Hemingway, had a good explanation.

"She said a white man came to the house and said he was Mr. Hoffman's son and wanted to use the car," explained the officer.

"She said she gave him the keys and he took the car away for the weekend."

Hemingway, however, was skeptical and brought Erma to the station for further questioning.

She finally admitted the weekend spree, he said, and named Simpson as her boy friend.

County Attorney Reagan Legg filed suit to get charges against both of them before Justice of the Peace L. C. Stephenson.

Living Costs Soar To New Record High

WASHINGTON—(AP)—The cost of living as measured by the government reached a new record Thursday, bringing a three-cent hourly pay hike to more than one million auto workers.

The newest consumer's price index, reflecting the cost of food, clothing, shelter and other consumer items as of July 15, moved to 190.8 per cent of the 1935-1939 average.

Five Month Climb
It was 1.2 points higher than the June index and five per cent higher than the level of January, 1951, when price and wage controls took effect.

The increase continued a steady, five-month climb in the cost of living for moderate income city families.

The Bureau of Labor Statistics (BLS), an arm of the Labor Department, publishes a cost of living index each month.

BLS said "a sharp rise" in food prices was primarily responsible for the higher overall living costs.

Miscellaneous goods and services, including higher automobile insurance rates and medical care, advanced three-tenths of one per cent, rents were up two-tenths of one per cent, and food advanced one and one-half per cent between June 15 and July 15.

SATURDAY VOTE SNAFU CLEARED

Persons who cast absentee ballots in the July 28 Democratic primary election will not need their poll tax receipts to vote Saturday in the runoff balloting.

County Clerk Rosabelle Cherry said that under the law, the office is required to keep the poll tax receipts at least 30 days after an election.

"So these voters who left their receipts with us in the first election," she said, "will not get them back in time for Saturday."

Seriously Injured, Lubbock Man Drives Wrecked Car Here

Despite a serious spine injury suffered when his automobile overturned, George B. Bond, Lubbock attorney, drove the wrecked car 30 miles into Midland early Thursday for medical treatment.

Bond was admitted to Western Clinic-Hospital at 12:15 a.m., suffering from a fractured spine. The attending physician said the injury was serious but not critical.

Bond told hospital attaches he was driving his automobile on Farm-to-Market Road 1212, and went to sleep at the wheel. The car struck a "soft" shoulder in the road and overturned, landing on its wheels.

Draft Board Gets Big October Call

The Midland County draft board received Thursday one of its largest draft calls for October since the outbreak of the Korean war.

Mrs. Nell Roberts, clerk of Board No. 137, reported 17 men will be sent from the county on October 12.

There was no official estimate of damage at the Missouri State Fair, but officials indicated it might exceed \$500,000.

The dead man was identified as Harry Pyle, Kalamazoo, Mich., a concessionaire with the carnival.

One Of Brazilian Quintuplets Dies

SAO PAULO, BRAZIL—(AP)—One of the girl quintuplets born to Mrs. Maria Albano, 38, at Sao Carlos Tuesday night died at a hospital here Thursday. The other four were reported in good condition.

The babies, weighing less than three pounds each at birth, are in an incubator in a maternity hospital here.

Navy Brass Confers

LONDON—(AP)—Maj. Gen. Field Harris, commander of U. S. Marine aviation in the Atlantic, flew into London Thursday for discussions with Vice Adm. Jerud Wright, U. S. Naval commander in the Atlantic and Mediterranean.

Special Rites Honor Memory Of Noted Midland Educator

"To many people here and other places, he was Mr. Midland."

That remark by John F. Butler, president of the First National Bank in Midland, summarized tributes at a memorial service to the late Dr. W. W. Lackey, pioneer Midland educator, Wednesday night in the First Baptist Church.

Highlighting the service was the presentation by the Rev. Vernon Yearby, church pastor, of a \$5,000 check to Dr. Rupert N. Richardson, president of Hardin-Simmons University at Abilene, as a scholarship fund for deserving graduates of Midland High School.

Honored guests were members of the Board of Trustees of H-SU, who were in Midland for a business session and to attend the memorial service.

Butler pointed out that Dr. Lackey came to Midland in 1906, with the school system consisting of only one building and saw it expand to many times that size before retirement as superintendent of schools in 1941.

"Dr. Lackey would not tolerate any slipshod methods, and one of his favorite sayings was 'You cannot improve on the book,'" Butler said in discussing "W. W. Lackey and Midland."

Heat Claims Three More Texas Victims

in West, North, Central or South Texas.

It fell in one of the few spots where it wasn't really needed—just Orange County on the Gulf Coast.

So the state still squirmed under its double blight of heat and drouth.

Both Vernon, in Northwest Texas, and Dallas reported heat deaths. Vernon's victim was Hoyt Julian Muller, 70, the first fatality there this summer. Dallas counted two more heat deaths, raising the city's total for the summer to 16. The latest fatalities were Mrs. Jewel Pate, 63, and Mrs. Mary Taylor, 71.

A weak cool front that moved into the Panhandle Wednesday night was dissipating under the barrage of intense heat. Weather Bureau spokesmen indicated its effect would be negligible and predicted the intense heat would hang on many more days.

Wednesday's highest temperature was 109 degrees at Presidio. About a score of weather stations in the state reported temperatures of 100 degrees and up.

Weak Front To Bring No Rain, Little Cool

A cold frontal passage was expected to hit Midland late Thursday afternoon. But CAA observers weren't anticipating rain or a wide variance in temperature.

Instead they predicted blowing sand with gusts up to 35 miles an hour.

Near-100 temperatures were continuing Thursday. The mercury had reached 92 at noon.

37 Seamen Saved After Two Ships Collide Near England

DOVER, ENGLAND—(AP)—Two British lifeboats hauled the 37 crewmen of the American Liberty ship Western Farmer from the gale-swept English Channel Thursday after their freighter, rammed by a Norwegian tanker, split in two and sank.

The lifeboats landed Capt. Gunnar Utvik of Galveston, Texas, and the rest of his crew—some bruised and battered but all safe—at this famous old port of Southeast England and at nearby Ramsgate.

The 11,732-ton tanker Bjorholm, out of Oslo, came through without serious damage. She stood by until the rescue boats picked up the crew of the ill-fated 7,133-ton Western Farmer, a nine-year-old veteran of World War II.

The collision occurred shortly after 10 p.m. Wednesday in a wind-driven rain near the Goodwin Sands—the "channel graveyard" eight miles off the southeast coast of England.

The tanker's bow, one survivor related, smashed into the freighter amidships—"right into the radio room." The crash put the American ship's engines and radio out of action, but emergency signals from the tanker brought rescue craft rushing to the stormy scene.

Ship Breaks Up
As searchlights from the rescue ships played over the wallowing wreck, the forward part of the stricken ship broke away and the crew abandoned her, some taking to the ship's boats and others going over the side straight into the rescue craft.

Among 13 men in the lifeboat which landed at Dover was Steve Munroe Fish, third engineer, of Texas City, Texas.

The Western Farmer, which sailed under the name Henry Lomb during the war, was on her way to Bremen, Germany with a load of coal from Norfolk, Va.

Doctor of Laws degree in 1937 in recognition of his contribution to the field of education, said "His influence was paramount in molding the type of schools we have here."

The university president pointed out that Dr. Lackey was one of only 55 persons to receive honorary degrees from H-SU in the university's 62-year history.

"He planted seeds of integrity and character in boys and girls," Dr. Richardson said. "The influence of a man like that does not die."

Mrs. Earley Sledge, a niece of Dr. Lackey, was presented. She expressed the opinion that the scholarship fund was a "wonderful tribute."

Mrs. Yearby gave the invocation. Special music included a solo, "The Lord Chord," by Mrs. Gene Sheburne, Jr., and choir members.

Dr. Richardson, president of H-SU which awarded Dr. Lackey a

SOCIETY

Coming Events

FRIDAY
The Terminal Library's Children's Story Hour will meet at 10:30 a.m. in the library, The Dunbar Branch will meet at the same time.

SATURDAY
The Midland County Museum will be open from 2:30 until 5 p.m.

Mrs. Grimes Is Shower Honoree

Mrs. T. E. Grimes was honored with a wedding shower, given in the home of Mrs. Felix Weismaker, 1809 North Lamesa Road. Mrs. Edwin Garland and Buriene Mangum were the hostesses.

The honoree was Betty Kimbrough before her marriage July 26 to T. E. Grimes in El Paso. The couple was married in the First Christian Church in a single ring ceremony and now reside at 230 West Montgomery Street. She is a teller at the First National Bank and he is associated with Johnson-Grimes Building Contractors in Midland.

For the shower, Mrs. Grimes wore a navy blue and white crepe suit and her accessories were navy blue. An arrangement of yellow mums and gladiolus decorated the serving table.

Out of city guests attending were Mrs. Love Kimbrough of Brady, mother of the honoree, and Mrs. A. E. Murr of Stanton.

Other guests included Mrs. J. T. Baker, Mrs. R. A. Whitson, Mrs. John P. Butler, Mrs. M. J. Thatcher, Mrs. Curtis Rogers, Mrs. Edwin Autrey, Mrs. John P. Bates, Mrs. Johnny Rhoden, Mrs. Scott Phillips, Mrs. C. M. Burke, Mrs. George Cook, Mrs. C. J. Kelly, Mrs. J. M. Herrod, Mary Nell Price, Mary Adele Loomis, Betty McWhorter, Susan Gould and Pat Sheffield.

ENTERS HOSPITAL
Mrs. Inez Howell, 5111 2 South Loraine Street, is a medical patient at Midland Memorial Hospital.

Dance Club Adds Members

Four new members were introduced when the Swing Away Square Dance Club met Wednesday night at the American Legion Hall.

They were Mr. and Mrs. Jerry Duncan and Mr. and Mrs. H. L. Hagler.

Hosts for the meeting were Mr. and Mrs. John Mills and Mr. and Mrs. Allen Dorsey, and callers included Charlie Blalock, Eddie Halfast, T. A. Cole, Hollis Newman, Steve Lamiack, John B. Mills, Warren Shaggs and A. R. Brownlee.

Guests included Eddie Halfast, B. G. Blackwood, Mrs. Ruth Manuel, V. P. Tippett, Mr. and Mrs. G. C. Denison, Dr. D. G. Gibbs, Mrs. H. E. McKinley, Grace B. Wallace, Mrs. Garrett, Miss Hughes, Mrs. and Mrs. Dell Scott, Nina James, Helen Hendricks and Mr. and Mrs. A. R. Brownlee.

Approximately 80 members attended.

Get-Acquainted Coffee Given P-TA Board

Members of the executive board of Cowden Junior High Parent-Teacher Association were entertained with an informal get-acquainted coffee given by their president, Mrs. T. J. Smith, at her home 407 East Maple Street, Wednesday.

An arrangement of ivy in a deep yellow bowl decorated the refreshment table, which was laid with a white cloth.

Guests included Mrs. Sam Giesey, Mrs. O. L. Kirby, Mrs. D. N. Pittman, Mrs. O. W. Hatfield, Mrs. John Carter, Mrs. Lester E. Shirley, Mrs. John Daly, Mrs. Jack C. Reynolds, Mrs. C. H. Fink and Mrs. John E. Adams.

Mrs. Welch Party Honoree

Mrs. Buster Welch was named honoree for a pink and blue shower given Tuesday night by Mrs. G. B. Welch and Troyce Eiland at the Welch home, 803 South J Street.

A floral arrangement of pink and blue flowers, combined with white ribbons, centered the refreshment table, which was laid with a white cloth.

Guests were Mrs. Gene Rogers, Mrs. J. E. Roberts, Mrs. H. B. Keith, Mrs. Fred Jones, Mrs. B. C. Caudle, and Mrs. G. E. Welch.

RUTH MILLETT

Children Don't Have To Be Entertained All The Time

"Children must have fun," seems to be the slogan of American parents," says British philosopher, Dr. Cyril Joad.

Well, that has become our philosophy, hasn't it? And to carry it out, American mothers run themselves ragged trying to see that their children constantly are entertained. And American fathers wear themselves out trying to foot the bill for this constant entertainment.

If Mama isn't taking the children to swimming or dancing or a movie or whatever, she is being nagged to let them do this or that—and made to feel like a heel if she doesn't.

First Christian Vacation School Enrollment Is 190

Enrollment in the Vacation Church School now in progress at the First Christian Church, 1301 West Louisiana Street, has reached 190, church officials announced Thursday.

The largest attendance on a single day was 178.

Mrs. S. P. Hall is general superintendent for the school, which opened Monday and will close August 29. Instruction is being given to children from the age of four through junior-high school age, with classes held from 9 until 11 a. m. daily.

St. Ann's Club Has Sewing Bee

Members of St. Ann's Mothers Club met Wednesday afternoon at the home of Mrs. Ellison Tom, 1010 West Texas Street, for a sewing bee.

The meeting was one of a series of weekly sewing bees being held by the club to prepare for the Family Fair scheduled September 27.

Introduced as new members were Mrs. W. E. Doolin and Mrs. B. W. Andrews.

Others present were Mrs. L. B. Henry, Mrs. Ralph Geisler, Mrs. H. T. Olson, Mrs. Charles DeBarbie, Sr., Mrs. M. M. Collins, Mrs. J. A. Morehouse, Mrs. Cecil Yaden, Mrs. B. A. Kelly, Mrs. G. C. Arnold, Mrs. Ray Kelly, Mrs. Allen Tolbert, Mrs. Robert Johnson and Mrs. Charles Turner.

604 question so far as the modern small fry are concerned. And Mama feels it is up to her to supply the answer.

This effort to keep the children entertained is a constant drain on Mama's time and strength and on Papa's pocket book.

It might be worth while, if this desperate effort to keep children constantly entertained made them happy. But it doesn't.

Restless And Demanding

Before one pleasure is finished, they already are wondering what they are going to do next. All that the struggle to entertain them does is make them restless and demanding. They don't appreciate how much is done for them because there always is some kid whose family does more. And they aren't bashful about pointing out that fact, either.

Is there an answer to the problem? There is, if parents have the gumption to toss out the idea that children must have fun all the time and take them into the family as working, responsible members.

Where a family works together and, when the work is done, plays together, there isn't any problem of keeping the children constantly amused.

That may be an old-fashioned concept of family life. But it works far better than the modern one of thinking that children have to have fun all of the time.

THDA To Discuss Redistricting Plan

KINGSVILLE — A major item on the agenda of the Texas Home Demonstration Association's convention in Kingsville this month will be reduction of the organization's 14 districts in the state to 12. Mrs. G. W. Ferguson of Temple, information director and editor of the THDA official organ, "The Messenger," said Thursday the change in administrative districts is being made to conform to the new districts set up by the Extension Service of Texas A&M College at Bryan.

Cuts in appropriations for the extension service, which through its county agents cooperates closely with the HD club program, have made the curtailment of field services necessary, Mrs. Ferguson explained.

The convention will open formally at Jones auditorium at A&I College at 8 a.m. Tuesday and will last through Thursday noon.

Last week, Mrs. R. M. Almarode of Munday, THDA president, announced that a feature of the convention will be a mass chest X-ray to be conducted by the Texas Tuberculosis Association as a part of its TB control program.

Approximately 1,000 delegates representing 45,000 HD club members throughout Texas are expected for the annual meeting, Mrs. Almarode said.

Rooms will be provided for the delegates in college dormitories and meals in the cafeteria, the THDA president announced.

The MATURE PARENT

Children Rate Us According To Value We Put On Ourselves

By MURIEL LAWRENCE

Last Spring, Mr. Davis lost several thousand dollars in a poor investment. As a result, his son Jack had to plan to enter the state university this fall instead of the expensive private college three of his friends are going to.

Jack has deeply resented this change of plan. Since it was made, he has had very little to say to his father.

The other night, when he came home from a date with his crowd, he said goodnight to his mother and went upstairs, pointedly ignoring his father.

When the door had slammed, Mrs. Davis looked at her husband and began to cry. She said, "You can't blame the boy, Ed. His heart was set on the other school. He's only got one life to live. Isn't there anything you can do?"

Mr. Davis decided there was. The next morning he went down to the bank and took out a mortgage on his home. Although his head throbbed with one of his blinding headaches, although his hand shook as he signed the papers, it never occurred to him to throw down his pen and say, "No, I am not going to mortgage my future for an insufficient reason! I, too, have only one life to live!"

This is because Mr. Davis has got into the habit of depreciating himself. It has betrayed him into giving his son a bad example for the solution of a financial mistake. It has led him to conspire with that son's irresponsibility.

If he had not got into this wicked habit, he would have said to his boy, "You go to state college this term and give mother and me a chance to save again. Back me up—and we'll all pull out of this doldrum together."

He is incapable of defending his right to live the one life he's been given as he really wants to live it because he is firmly convinced that parents are only good to serve as fuel on the altar of sacrifice for children.

This kind of self-contempt lurks back of much of our over-anxiety to insure their futures at the cost of our own. It is doubt of our own growth, our own progress that impels us to over-extend our strength to cater to young irresponsible demands.

It is self-deprecation that whispers to us, "You've had your chance and muffed it. You better be on somebody else now. As a person that counts, you're done."

Like other people, children rate us according to the value we put upon ourselves. If we infect them with contempt for our worth, if we panic with fear of our ability to patiently rectify our mistakes, if we do not trust in the steady unfoldment of our creative powers, they will write us off as dead ducks, too.

Like any other creditor who smells bankruptcy in the wind, they will beseege us with complaints and demands.

The day you and I remember that we are equally the children of God, along with our boys and girls, will be a fine day for them. The day we can love enough to trust our own tomorrows as faithfully as we trust theirs, we will begin to produce happier, more confident, more grateful and more loving sons and daughters.

The best university in the world will not be able to undo the hurt done to Jack Davis by his parents' false love. He will have to wait for life's stern instruction to teach him that no man profits by the enslavement of another.

ABOUT MARGARET, AT LEAST—

Secret Service Men Always Right, Declares President

WASHINGTON —(AP)— President Truman, asked Thursday about Swedish newspaper assertions that Secret Service men guarding his daughter, Margaret, roughed up photographers, said Secret Service men always are right.

MARGARET TRUMAN
... Her guards got tough.

He told his news conference he had read reports of the inquiry as they came to him.

But, otherwise, the President dismissed the now-celebrated Swedish incident.

The question of Margaret's bodyguards still ping ponged across the Atlantic.

Tough Guy Tactics

Swedish newspapers had first served Wednesday. They reported what they called "tough guy" tactics used by three Secret Service agents accompanying the President's daughter on her European tour.

The Swedish newspaper Express said the bodyguards flung aside a photographer who tried to snap Miss Truman's picture at Stockholm's Central Station, blocked a theater entrance until her arrival.

Supper Meeting Held By B&PW

Members of the Business and Professional Women's Club were entertained with an ice cream supper Wednesday on the back lawn at the home of Mrs. Emily Atkinson, 808 East Maiden Lane.

Voted in as new members of the club were Joan Bailey, Mrs. Grace Earnest, Mrs. Elizabeth Kirby, May Belle Grayson, Mrs. Helen Lusk, Mrs. DeAlva Brewer, Gertrude Witt, and Dixie Weaver.

Other guests were Ouelle Dill, Mrs. Thalia Heck, Mrs. Leoda Owens, Mrs. Maudie Son, Mrs. Albert McLinnis, Mrs. Maxine Mitchell and Louise Neis.

A gift was presented by the club to Mrs. Sarah Kornegay, who was married recently.

Members signing the register were Mrs. Neta Stovall, Peggy McCourt, Lois Robison, T. K. White, Ruth Donnell, Mary Emma Elder, Fannie Bess Taylor, Jack L. Harbison, Mrs. Emma Johnson, Mrs. Thelma Gardner, Jewell Anderson, Beniah Taylor, Anna Belle Anderson, Mrs. Faye Carson, Maria Spencer.

Mrs. Winifred Estill, Mrs. Vida Severance, Mrs. Iva Maxon, Mrs. Atkinson, Mrs. Miri Hall, Mrs. Kornegay, Mildred Brown, Laura Jesse, Cordelia Taylor, Mrs. Joy McCoy, and Mrs. Eleanor Luton.

right Miss Truman's bodyguard was armed in Sweden, where even the police traditionally are unarmed.

The U. S. Secret Service, also traditionally, arms its agents whenever they are on duty—whether bodyguarding or trailing counterfeiter.

State Department Press Officer Michael McDermott told newsmen he was confident Swedish-American relations would not suffer as a result of the reported incident.

Republicans Comment

There was some comment from Republicans in Congress.

Senator Bourke Hickenlooper of Iowa expressed curiosity as to why Miss Truman should be traveling with bodyguards at government expense on a private trip abroad.

Short emphasized to reporters that the Secret Service is required by law to guard members of the President's immediate family as well as the President himself.

Rep. Albert M. Cole of Kansas said he feared the hubbub could be "quite damaging to our friendship with Sweden."

Senator Wallace F. Bennett of Utah suggested Communists might have engineered the whole thing.

Meanwhile, the 38-year-old Miss Truman, has left Sweden for Helsinki, Finland.

there and kept newsmen and photographers outside Stockholm's Town Hall while she visited it.

Aftonbladet, Sweden's biggest newspaper, called the agents "brilliant." It said they were uncouth and intercepted Swedes who wanted to pass "any place where it pleases Miss Truman to be at a given moment."

The White House bounced back an unequivocal denial. Joseph Short, the President's press secretary, said: "Our preliminary reports indicate there is not one word of truth in any of the stories alleged to have been published in the Swedish newspapers." He said the investigation was continuing.

The Swedish Foreign Office, meanwhile, had begun its own investigation. Stockholm dispatches said it wanted to know by what

Suspect Arrested In Smuggling Ring

SACRAMENTO, CALIF. —(AP)— State and federal narcotics agents engaged in a crackdown on an alien and narcotics smuggling ring said to be operating from Mexico, have arrested a suspect on charges of possessing a three-pound brick of marijuana and 18 heroin capsules.

State Narcotics Officer John Mistry identified the suspect as Antonio Alvarez, who was seized with the dope in his hotel room Wednesday.

Mistry said it is known Alvarez's supplier is an illegal Mexican alien who still is at large.

THIS IS FOR YOU, PARENTS

Beginning pupils or others entering Midland elementary schools for the first time are only being registered prior to the opening of the new scholastic period Tuesday, September 2, Sept. Frank Monroe emphasized Thursday.

This means, he explained, that all first graders plus newcomers in grades from the second through the sixth, are being enrolled at this time.

In other words, all first graders and those who were not in Midland last year and will enter through the sixth must enroll before regular classroom work gets underway.

Helicopters Fish Three U. S. Pilots From Korean Seas

TOKYO —(AP)— Three American pilots were fished unhurt from Communist waters off Northwest Korea Wednesday after they ditched their crippled aircraft, U. S. Far East Air Forces said Thursday.

Two were rescued by a helicopter flown by Capt. Edwin L. Leonard, Spokane, Wash.

Leonard first picked up a Sabre jet pilot, Lt. Norman Schmidt of Boulder Creek, Calif. On his way back to UN lines with Schmidt, Leonard dropped down again, within range of Communist shore batteries and rescued a Marine fighter bomber pilot, Maj. J. B. Griffin, Jacksonville, Fla.

A thunderjet pilot, Lt. G. L. Whisenant, Oushing, Okla., was hoisted to safety in a helicopter flown by Capt. Walter E. Karuta, Sacramento, Calif.

None of the rescued pilots was injured. All managed to fly their crippled planes over water and parachuted.

Crewmen aboard Leonard's helicopter included Lt. James P. Kirkland, Port Arthur, Texas. In Karuta's crew was Lt. Walter L. Johnson, Highlands, Texas.

BUTTONED BEETS

FARRSBORO, CANADA —(AP)— Gardener James John Phinney found a tiny twin beet plant growing through the holes of an old button. The plant had pushed its roots through the button in the garden of Mrs. John Spicer.

EYE IS TREATED

Henry M. Sparks, Midland, employed by Vaughn & Taylor Construction Company, had a foreign body removed from an eye Wednesday at Midland Memorial Hospital.

Mexico To Regulate Shipment Of Cattle

MEXICO CITY —(AP)— Mexican cattle will start moving northward across the Rio Grande on September 1 for the first time in six years.

But the Mexican government still has not decided how fast the flow will be.

Government export plans are in the hands of President Aleman and will not be made public until he approves them.

Mexico's problem is to make sure that enough cattle remain in the country to feed her own people and to keep 18 packing plants running. The plants were built after the closing of the border to shipped canned or frozen beef.

At the same time Mexico wants to export as many live cattle as possible to bring in the dollars.

UNDERGOES SURGERY

Mrs. Billy Jane Norwood, 1708 Princeton Street, is a surgical patient at Midland Memorial Hospital.

Hardin-Simmons Trustees Approve Dormitory Plans

Final plans were approved for the construction of a new women's dormitory to house 125 women at Hardin-Simmons University at Abilene, at a two-hour session of the board of trustees at 3 p.m. Wednesday in the studios of Radio Station KORS in Hotel Scharbauer.

As a climax to its activities, the board attended memorial services Wednesday evening for Dr. William Wilson Lackey, pioneer Midland educator.

The new dormitory will replace Smith Hall, formerly occupied by women. Construction is expected to be completed early in November. Trustees Welcomed

Delbert Downing, manager of the Midland Chamber of Commerce, welcomed the 20 trustees to Midland, "the administrative center of the Permian Basin."

Downing declared that "church schools—such as Hardin-Simmons—offer the greatest hope of America in retaining free enterprise, trial by jury and other freedoms so dearly prized."

O. D. Dillingham of Abilene, vice president of the board, who presided, expressed appreciation to Midland and said that the appearance of the H-SU board here is the first of a series of out-of-town meetings.

The board also announced approval of construction of a furniture store on a downtown lot owned by H-SU in Odessa. The lot was donated by Mrs. F. L. Burroughs of Odessa to the university.

More than 800 students are expected to enroll in a military leadership training program, which will begin September 19 at the university.

INFANT CUTS HAND

Hank Stearman, 21-month-old son of Mr. and Mrs. Henry Stearman, 408 1/2 North Baird Street, fell down Wednesday and broke his nursing bottle, cutting his left hand. He was treated at Midland Memorial Hospital.

city, it was announced by President Rupert N. Richardson. The university is one of five schools in Texas which will give military training for the first time this Fall. The president said that indications were a large number of men students would take advantage of the Reserve Officers Training program at H-SU.

President Richardson also reported that denomination schools would be facing a serious problem during the coming years because of inflation, and, in Texas, because of the drought. He reminded the board that approximately one-third of the income of church-related schools is derived from donations by friends.

The Rev. Vernon Yearby, pastor of the First Baptist Church in Midland and a member of the board, said that there was encouraging evidence that young people were becoming increasingly interested in attendance of church-related schools. The Rev. P. D. O'Brien of Big Spring endorsed Yearby's opinion.

Frank Junell, newly appointed vice president in charge of public relations and in the university's development program, said that the expansion program "looked encouraging."

Following the meeting, the trustees were guests of the Rev. and Mrs. Yearby for a dinner at the Hotel Scharbauer.

Coach Makes Talk Murray Evans, head coach, and Wayne Evans of Hereford, president of the ex-students association, made brief talks at an ex-students reception at 6:30 p.m. in the home of Mr. and Mrs. Carl Peay, 1600 North J Street. Mrs. Yates Brown presented plans music.

Records of music by the H-SU Cowboy Band and A Cappella Choir also were heard. Trustees were honored guests.

Trustees attending the Wednesday activities were: C. R. Simmons and the Rev. George Wilson of Sweetwater; Barney Hubbs of Pe-

cos; the Rev. Yearby of Midland; the Rev. O'Brien of Big Spring; Frank Junell, Guy Caldwell, E. M. Collier, Leroy Jennings, W. W. Haynes, Dillingham, President Richardson, E. W. Ledbetter, John Alvis, Evans, Truett Walton, Mrs. W. J. Behrens and Mrs. H. A. Pender.

Levelland Rites Held For Redwine Infant

Services were held at the Levelland Cemetery August 13 for Emmie Frank Redwine, infant daughter of Mr. and Mrs. Frank J. Redwine, 404 West Hart Street.

The child, born August 10 in Midland Memorial Hospital, died the following day.

Survivors include the parents; a brother, Joe Wesley Redwine; maternal grandparents, Mr. and Mrs. W. C. Ingram of Levelland; and paternal grandparents, Mr. and Mrs. J. M. Redwine of Cotton Center.

Stevenson's Office Reached But Demo Leader Isn't In

By BILL COLLYNS
Reporter-Telegram Editor

ALBERT NORRIS FARM, SALEM, MO. (Aug. 18)—Back on the farm and it is raining and delightful—cool this morning. Had a big rain with lots of thunder and lightning and wind sometime during the night, and the moisture continues off and on this morning.

Your correspondent had intended to help with the farm work—feeding the hogs, working the cattle, pitching hay, and pulling a way in the fields—but the rain saved us. We even put on our boots, but the breakfast table was about as far as we got. I did pretty well there, however.

And Lorraine caught her first fish this morning in a large pond near the house. She never before had been fishing, and pulling six small fish out of the water was quite a thrill for her. She may even learn to bait her hook before we leave on the return trip to West Texas. Her dad doesn't know much about baiting fish hooks, either.

Traffic Heavy
We drove back from Springfield, Ill., and the Illinois State Fair Sunday afternoon, and don't let anyone tell you U. S. 66 Highway from Springfield to Rolla, Mo., isn't carrying plenty of traffic. Almost a steady stream of cars traveling in both directions on this trans-continental highway which is in direct competition with our own U. S. 80. The highway generally is in pretty fair condition, but widening is needed over much of the route we traveled.

We enjoyed the state fair, which doesn't seem to be as large or as diversified as the Texas State Fair, and the sights of historic Springfield. We spent one morning inspecting the state house and other public buildings. We were in Governor Stevenson's office, but a note on his desk advised he was in conference in the executive offices in the governor's mansion. (It later developed he was conferring with Senator Sparkman and other Democratic bigwigs concerning the presidential campaign. Veep Barkley had visited the governor—the day previous. Politics seem to be humming in Springfield.)

Then when we went to the mansion yesterday morning, the front door was guarded closely by two burly state troopers, who advised courteously but firmly the governor was not receiving visitors at that particular time. So, we did not get to see him and we did get to see where he lives and works. He is pretty popular in Springfield.

We enjoyed very much, too, seeing and visiting the Abraham Lincoln shrine in Springfield. First, there was the house in which Lincoln lived, and then the old courthouse in which he practiced law. The most impressive, however, was the real shrine—the tomb of the sixteenth president of the United States. One cannot but bow in all the reverence and humility possible as he stands before the tomb of one of the greatest of all Americans—Abraham Lincoln. Then, too, there is his Gettysburg Address, engraved in bronze and set into the marble walls of the memorial. One, too, cannot but think that the massive, marble memorial to Lincoln cost more perhaps than the former president ever had or dreamed of having.

"Now He Belongs To The Ages" is a fitting inscription over Lincoln's tomb.

The family reunion between Alice, her father, her brother, her cousin and their families also was a most enjoyable occasion.

And we cannot close this column without mentioning one William Blais, manager of Springfield's ultra-modern Magnolia Auto Motel. He, somehow, managed to take care of our gang, even in the face of the odds occasioned by the record

Shelburne Rites Held In Midland

Funeral services for Mrs. Catherine Elizabeth Shelburne, 79, of 211 East New York Street, were to be held at 4 p.m. Thursday in the Calvary Baptist Church.

The Rev. Fred McPherson of Lubbock was to officiate. The Rev. Leon P. Woods, pastor of the Calvary Baptist Church, and the Rev. J. G. Woodward, associate pastor of the First Baptist Church, were to assist. Interment was scheduled in Fairview Cemetery under the direction of Newt W. Ellis Chapel.

A Midland resident since 1904, Mrs. Shelburne died at the family residence Wednesday.

Survivors include five son, four daughters, 22 grandchildren and 19 great-grandchildren.

crowds in Springfield to attend the state fair. Never before have we received any finer treatment, and we are most grateful.

Blais, incidentally, served at two or three Texas air fields during World War II, and was mess sergeant at the Harlingen Army Air Force Base for quite a spell. Naturally, he was interested in what is going on down Texas way.

"Knew you were from Texas when I first heard that drawl," he told us. "You ALL have fun while here." Have to take time out now for a generous slice of watermelon grown on the Norris farm by young Jim Norris. See you later.

He was plowing a field when his ox stepped on a mine. The ox was blown to bits. The farmer was scratched in the chest. Allied troops took him to a nearby evacuation hospital for treatment. A little iodine and some bandage patched him up nicely. To show his appreciation, the farmer offered to help around the hospital tent for a while.

But by and by he got sleepy, lay down on a stretcher inside the tent, and soon was fast asleep.

A helicopter landed to pick up a wounded South Korean Marine and fly him to a hospital ship in Incheon. A sergeant said the wounded Korean was right by the tent door. Medics rushed into the tent, picked up the first stretcher and

lashed it to the outside of the helicopter. The "egg-beater" took off for Incheon with its burden—the sleeping farmer.

The farmer awakened high in the air. It was worse than a dream. The helicopter blades whirled crazily overhead. His beloved earth lay several thousand feet below. Only a thin piece of canvas held him aloft.

The farmer yelled and lashed his arms wildly. The pilot waved back reassuringly and flew on toward Incheon. He understood no Korean.

On the ground at Incheon, the farmer made his plight understood—between gasps.

The pilot flew him back to the hospital, this time inside the helicopter.

Arriving there, the farmer trudged slowly back to his field, still shaking his head.

Plans for the nonscientific excursion were laid this summer in the bars of the Paris Latin Quarter. Fellow students donated most of the ping pong balls. A former British Royal Air Force pilot, Michael Jones, another American, Don Kinner, 26, of Jessup, Md., and a slim 23-year-old British nurse, Muriel Grand, volunteered as a crew.

The four bobbed down the Rhone River from Lyon this week. Two then quit the expedition. Undaunted, Miller and Jones were rounding up more volunteers when the French officials put a halt to the venture.

DALLAS—(AP)—Two \$50,000 Baptist Student Center buildings will be built this fall near the campuses of Southwest Texas State Teachers College at San Marcos and West Texas State College at Canyon, the Baptist General Convention said Wednesday.

WINSTON-SALEM, N. C.—(AP)—A young doctor stabbed her three-year-old daughter to death, wounded her two other children, and then sought to end her own life with poison Thursday.

Detective Lt. J. R. Bowles said Dr. Norma Holt, 27-year-old pediatrician, stabbed her young daughter Vickie through the heart with a needle-sharp pair of scissors, killing her instantly.

She then turned on Ann, four, and jabbed the scissors into the child's breast. Next, said Bowles, the young mother inflicted a serious stomach wound upon her 11-month-old son Larry.

Bowles said the mother, the wife of Dr. L. Beverly Holt, 33, an eye specialist, recently had been under the care of a psychiatrist.

Frenchmen Forbid Ken-Tooki Voyage On Pingpong Balls

MARSEILLE, FRANCE—(AP)—Safety-minded French officials say an adventuresome Chicago youth and his crew of three aren't going to sail from this port on ping pong balls.

The maritime authorities have ruled that 28-year-old Richard Miller's raft Ken-tooki—which floats on 75,000 ping pong balls in steel drums—is not a fit craft for his dream voyage across the Mediterranean.

Their decision appeared to have sunk the Miller expedition before it really got started.

Rev. Norris' Funeral Rites Set In Fort Worth Saturday

FORT WORTH — A large portion of the Southwest will pay respects to the memory of the Rev. J. Frank Norris here Saturday at 2 p.m. when his funeral services are conducted in the auditorium of the First Baptist Church.

Texas Thursday recalled the high spots in the long life of Norris who died Wednesday at the age of 74. Death came at a Florida camp meeting for the man who termed himself a fighter for fundamentals.

The Rev. R. D. Engle of Jacksonville, Fla., a close friend of the Rev. Norris who was with him when he died of a heart attack, will conduct the Saturday services.

"How do you administer the British Empire, scattered all over the world?" Norris countered.

"What do Fundamentalists believe?" Pope Pius XII asked the Texas preacher during a special audience in 1947.

"I believe the supernaturally inspired written word of God," Norris answered.

When the Pope blessed Norris and his group, the Texan with the hearty informality of the Southwest, responded:

"And may God bless you, too. Your Holiness."

Met All Corners

The fiery Fort Worth evangelist gave battle on religious, moral or political issues, and in the pulpit, on the courthouse square or on the world scene, he met all corners rough and tumble.

He lived and died a fighting camp meeting preacher of the old school, differing even with his own Baptists to the extent of establishing his own Fundamental Church in Fort Worth. For years he was pastor of two big churches, one in Fort Worth and the other, the Temple Baptist Church of Detroit, Mich., 1,300 miles away.

Often the center of controversy and tempest, he killed a man in 1926 and was acquitted on a plea of self-defense. It was a famous Texas court case.

Widely Travelled
 Widely travelled, Rev. Norris came home from his last trip abroad only a few months ago. He championed the Jewish cause in Palestine. For years he spoke out against Russian Communism. His early career was devoted to "striving up the devil" in Texas. World War II saw him on the world stage, speaking his mind in Great Britain and other countries.

During a wartime visit with Prime Minister Winston Churchill at Downing Street, the British war leader asked Norris:

"How do you serve as pastor of two great churches 1,300 miles apart?"

Police Find Data On Secret Chinese Nationalist Bases

MINNEOLA, N. Y. — Secret code books and "top secret" information on all airfields in Chinese Nationalist territory were reported Wednesday to have been found in the home of a dismissed Nationalist general.

The home, belonged to Lt. Gen. P. T. Mow, former chief of a Chinese Air Force purchasing commission in Washington. He now is in a Mexico City jail, accused of failing to account for at least 25 million dollars in Nationalist funds.

Nassau County police and Nationalist officials searched the home Tuesday on a search warrant obtained by the Nationalists. District Attorney Frank A. Gulotta impounded the records.

Glasscock To Open Bids On Two Roads

GARDEN CITY — Bids will be opened by the Glasscock County Commissioners Court at 10 a.m. August 29, for construction of two lateral roads in the county.

One of the roads will connect Lee's with U. S. 87, and the other from Bohio camp to Bigby Corners.

Permian Basin Oil And Gas Log—

(Continued from Page 1) Mississippi had been fractured with 12,000 gallons.

This new field opener is 600 feet from north and 1,800 feet from west lines of section 316, block 97, H&TC survey.

It is one and one-half miles northwest of the town of Fluvanna and one and three-quarter miles east of the Fluvanna (Mississippi) field.

It had previously been reported through error that this wildcat pumped 150.9 barrels of oil in 24 hours on the potential test.

It did pump that amount of oil in one day—but that was after the well had been shut in for a considerable period. It pumped 84 barrels of oil from the formation the next day and that has been reported as the potential.

Humble Is To Drill NE Stepout To SW Gains Discovery

Humble Oil & Refining Company No. 1 James B. Riley and others, is to be an effort to extend the Devonian production of the Jenkins, North (Devonian) field of Southwest Gaines County a long location to the northeast.

This exploration will be 660 feet from south and west lines of section 363, block G, CC&D&RNG survey. It is projected to 9,800 feet and will start operations at once. Stepout To Opener Rotary tools will be used. The

drillite is 13 miles southwest of Seminole. It is a long northeast stepout to Agrora Gasoline Company No. 1 Dosa, pumping discovery from the Devonian which opened the Jenkins, North (Devonian) field. Another operator announced a location several months ago at the same site as that given for Humble No. 1 Riley. Never Was Started That project never was started. Apparently that operator released the lease and it has been acquired by Humble.

This will be the first well to be drilled to the Devonian in that area since the Aurora opener was completed early this year.

Wilshire Tests Top Of Ellenburger; No Shows Found

The Wilshire Oil Company No. 43-41 Gantt, wildcat in South-Central Upton County, is drilling below 13,140 feet in Ellenburger dolomite, topped at 12,985 feet on elevation of 2,865 feet.

A drillstem test was taken from 13,080 to 13,124 feet.

Tool was open 45 minutes. There was a good blow of air which decreased in six minutes and died in 33 minutes. Recovery was 3,050 feet of water blanket plus 30 feet of drilling mud with no shows.

Location is 660 feet from north and east lines of the south half of section 41, block C, CC&D&RNG survey.

Conoco Slates Project To 9,200 Feet In Lea Undeveloped Region

Continental Oil Company No. 1-B-28 Burger - Federal is to be a 9,200-foot wildcat in Central Lea County, New Mexico.

It is located 660 feet from north and 2,310 feet from east lines of section 23-30-38e.

That puts it in an undeveloped area about 13 miles southwest of Hobbs. It is scheduled to drill to granite or production in Ordovician at a lesser depth.

Operations will start at once. Rotary tools will be used.

Conoco Sets Site For 5,400-Foot Project In NW Stonewall

Continental Oil Company No. 1-A-C-F. Springer is to be a 5,400-foot wildcat in Northwest Stonewall County.

It is to test through the Pennsylvanian formations. Location is 660 feet from south and west lines of section 199, block F, H&TC survey.

It is 13 miles northwest of the town of Swenson and six and one-quarter miles northwest of the Carlisle (Pennsylvanian) field.

Drilling with rotary tools is to start at once.

SE Chaves Failure Is Abandoned

George R. Gibson of Midland and associates have plugged and abandoned their No. 1 Humble-State, Southeast Chaves County, New Mexico wildcat as a failure.

This duster was 23 miles east and slightly south of Roswell. It was 660 feet from south and west lines of section 12-12a-27e.

It bottomed at 8,236 feet in barren Ellenburger. Top of that formation by electric log was 7,885 feet. Top of the Mississippian was at 7,099 feet.

There were no shows of possible commercial production in any zone penetrated by this dry hole.

Two Rannels Tests Plugged, Abandoned

Two projects in Rannels County have been abandoned as dry holes. Three-quarters of one mile northeast of the Sykes (Morris sand) pool in Northeast Rannels County, S. C. Herring has quit No. 1 Billups at 4,441 feet.

Location was 725 feet from south and 192 feet from west lines of E. H. Williamson survey No. 861-2.

O. W. Killiam of Laredo No. 3 W. W. Early is a dry test on the southwest side of the El Creek (multiphase) field of Southeast Rannels County. It was abandoned at 4,268 feet.

It was 2,360 feet from north and 1,100 feet from west lines of block 436, BBB&C survey.

Continental Stakes Three Explorations In Crockett Field

Continental Oil Company has spotted three 3,600-foot rotary projects in the Eikhorn (Ellenburger) field of Northeast Crockett County.

No. 28-A Shannon is located 470 feet from north and 2,040 feet from west lines of section 21, block UV, CC&D&RNG survey.

Location for No. 27-A Shannon is 2,008 feet from south and 804 feet from west lines of section 22, block UV, CC&D&RNG and Conoco No. 28-A Shannon is 2,008 feet from north and 804 feet from west lines of section 22, same block and survey.

No. 28-A is a west offset to a recent three-eighths of a mile northeast extension to the pool. No. 27-A is one location east of a recent half-mile west extension and No. 28-A is a one-location west outpost to the pool.

S-C Eddy Is To Get 1,900-Foot Wildcat

Martin Yates, III, No. 1 Belle McCord is to be a 1,900-foot cable tool wildcat in South-Central Eddy County, New Mexico.

It is 1,880 feet from north and 660 feet from west lines of section 22-23a-36e. That makes it approximately 10 miles south and slightly west of Carlisle.

Digging is due to start in the near future.

Zephyr Drilling Quits Failure In SW Crane Region

Zephyr Drilling Corporation No. 1 Y. B. Reed, Southwest Crane County wildcat, one mile northwest of the Tucker (Wadwell) field, off 20 miles west of the town of Crane, has been abandoned and plugged on total depth of 6,470 feet in Ellenburger dolomite.

The prospector did not log any commercial shows of oil or gas and it had sulphur water with slight signs of gas in the Ellenburger.

Location was 660 feet from north and northeast lines of section 10, block 4, H&TC survey. Top of the Ellenburger was approximately 6,323 feet. Elevation was 2,420 feet.

Stenotex Fails At Stepout To Hobe Field In Borden

Standard Oil Company of Texas No. 6-E-14 T. L. Oriffin, Southeast Borden County exploration, one mile south of the Hobe (Pennsylvanian) field, has been abandoned at total depth of 7,176 feet in Pennsylvanian reef lime.

That section, which was thin, had some slight show of oil and gas, but it also had salt water along with the petroleum.

Had No Possibilities It had no possibility of making a producer and it has been marked off the list of active projects.

Location was 15 miles southwest of Gall and 467 feet from north and 1,980 feet from east lines of section 26, block 28, H&TC survey.

Location was 2,310 feet from south and 230 feet from east lines of section 7, block 22, University survey.

Truman Veers To Left, Ike Charges In Opening Speech

KANSAS CITY—(AP)—Gen. Dwight D. Eisenhower says the path to the extreme left and the far right both lead to tyranny—and that the Truman Administration has been traveling left.

The Republican presidential nominee set forth those views in a speech Wednesday night in Boise, Idaho, and then flew here for a conference Thursday with GOP leaders from seven Midwestern states.

Eisenhower's plans circled an hour and 30 minutes before landing at Fairfax Airport early Thursday waiting for rain and gusts of wind sweeping the runways to moderate.

Eisenhower showed no concern during the wait aloft, chatting with members of his staff most of the time. A crowd of approximately 200 greeted him at the airport and another group cheered him as he entered his hotel for a few hours sleep before the conference.

At Boise, Eisenhower told a police-estimated crowd of about 20,000 persons: "We have had for a long time a government in power that applies the philosophy of the left to government."

And he said centralization of power in Washington has become so great that the government "does everything but come in and wash the dishes for the housewives."

"The great problem of America today," he said, "is to take that straight road down the middle, the path of progress that will never allow tyranny to become the feature of the American government."

The general promised that, as President he would devote all his efforts to providing a government "that does not grow complacent, that does not grow away from the people and become indifferent to them, that does not become arrogant in the exercise of its power, but strives to be the partner and servant of the people and not their master."

"Too Long In Power" When one party has been too long in power, Eisenhower said, it becomes so sure of itself it does not have to uproot the first sign of dishonesty in government. Instead, he added, it "goes along

Reserve Officers Attend Conference Eight officers of the 9181st VART Squadron attended a training conference of the 9172nd VART group at Reese Air Force Base at Lubbock this week.

Attending were: Major Patrick E. Fletcher, 1st Lt. Guy A. Landrum; M-Sgt. H. E. Cook, and 1st Lt. Edna Jean Elliott of Midland; Major Wendell E. Cook and 1st Lt. Ernest J. Wallace, Jr., of Kermit; Capt. James L. Lewis, Jr., Capt. Palmer C. Stanley and 1st Lt. Robert E. Neely of Odessa.

After a steak dinner, the training program for the next quarterly period was discussed.

Crockett Explorer Dry And Abandoned

C&H Drilling Company No. 1 University, wildcat in Crockett County, has been plugged and abandoned at 1,222 feet after topping the San Andres at 1,148 feet. Elevation was unreported.

Location was 2,310 feet from south and 230 feet from east lines of section 7, block 22, University survey.

and thinks never mind, that it will be all right."

The general called for devotion of the nation's energies to peace, and "not to the sterile, negative, stupid business of war or preparation for war."

The general told a news conference, "We dwell in an atmosphere of hysteria and fear," but that in the light of American resources and ingenuity, "it is silly for us to be scared."

The Eisenhower conference here Thursday is with about 140 GOP leaders from the states of North Dakota, South Dakota, Missouri, Nebraska, Iowa, Oklahoma and Kansas.

Eisenhower plans to fly back to Denver late Thursday.

"We have had for a long time a government in power that applies the philosophy of the left to government."

And he said centralization of power in Washington has become so great that the government "does everything but come in and wash the dishes for the housewives."

"The great problem of America today," he said, "is to take that straight road down the middle, the path of progress that will never allow tyranny to become the feature of the American government."

After a steak dinner, the training program for the next quarterly period was discussed.

Schumacher, German Socialist Boss, Dies

BONN, GERMANY—(AP)—The strongest foe of West German rearmament and alignment with the West, Socialist chief Dr. Kurt Schumacher, died here Wednesday night. He was 66.

The fervent leader—second only to Chancellor Konrad Adenauer as a political force in postwar Germany—succumbed to a blood circulation ailment. A cripple with only one arm and one leg, he had been failing ever since his health was ruined in Nazi concentration camps.

Quiet, soft-spoken Socialist Party Vice Chairman Erich Ollenhauer is slated to inherit Schumacher's party leadership. Ollenhauer is expected, however, to keep pushing the Socialists in the same nationalistic course opposed to communism on the one hand and European federalism and common defense on the other.

NW Crane Wildcat Abandoned In Tubbs
Ted Weiner, agent of Fort Worth, No. 1-19 Scott, Northwest Crane County wildcat, has been abandoned after acidizing the Tubbs with 2,000 gallons through perforations at 4,812-4,830, 4,828-4,844 and 4,852-4,854 feet. They project tested 54 barrels of water and two barrels of oil in nine hours of swabbing. Total depth is 4,829 feet. No. 1-19 Scott was re-entered and deepened to 4,829 feet after being abandoned several months ago at 4,048 feet in the Clear Fork. Location was 230 feet from south and east lines of section 19, block 23-30, pt survey and 15 miles southeast of Monahans. It also was two and one-half miles northeast of a recently completed Tubbs discovery in the West Sand Hills area.

Deep Rock Abandons NE Lynn Duster
Deep Rock Oil Corporation No. 1 Rackler, Northeast Lynn County wildcat, 17 miles northeast of Tahoka has been abandoned and plugged at total depth of 9,043 feet in barren Ellenburger. That formation made only water. None of the upper beds had any shows of production. Location was 600 feet from south and 1,090 feet from east lines of section 1428, block 18, EL&RR survey. Top of the Ellenburger was at 9,362 feet.

SW Stonewall Dry Hole Is Abandoned
In Southwest Stonewall County, 11 miles southwest of Aspermont and one and one-half miles northeast of the Nenny (Pennsylvanian) field, General Crude Oil Company has plugged and abandoned. The prospector drilled to a total depth of 6,067 feet in an unidentified formation. It reported no shows of oil or gas. Location was 330 feet from south and 330 feet from west lines of section 173, block 1, H&TC survey.

HAND INJURED
Allan Brooker, 213 North Adams Street, employed by Midland Memorial Hospital, suffered an injured right hand when a washing machine lid fell on him. After treatment at the hospital where he is employed, he went back to work, attaches said.

Armin, Drillers Stop Oilers, 7-2

ODESSA—(P)—The Artesia Drillers, behind the fine five-hit pitching of Irvin Armin, took a 7-2 decision over the Odessa Oilers here Wednesday night.

Armin was in control of the contest all the way and never was in serious trouble. The Oilers on the other hand had pitching worries through the entire ball game.

Little Wes Ortiz started on the mound for the league leaders, but didn't have anything but his glove on the hill. Wes went to the sixth inning before finally giving way to newcomer Nelson Campver who in turn was lifted for a pinch hitter in the eighth, with Carlos Perez going in the ninth.

Ortiz was the loser, giving up all seven runs on 11 hits. Campver in going two and one-third frames, was tapped for one single, while Perez was touched for three safeties in the final frame.

Artesia started with two runs in the third on four solid base hits. The big blow was a long single by Paul Halter which scored the two tallies. The Drillers came up with two more in the fifth on three bingles and an error, while in the sixth they tallied three more on three hits and two Oiler miscues.

The two teams resume action here again Thursday night, with Ben Quintana slated to work for the Oilers and probably Frank Fernandez for the Artesia nine.

The score:

Artesia	003 023 000—7 15 2
Odessa	000 011 000—2 5 4

Armin and Briner, Halter; Ortiz, Campver, Perez and Castro.

TAAP SOFTBALL MEET

DRAWN 16 FEM TEAMS

TYLER—(P)—Sixteen teams will be in the Texas Amateur Athletic Federation Women's Softball Tournament which opens Thursday.

The tourney runs through Saturday.

Ten, Indians Tag Defeat On Dusters

Tribe Uses Long Ball In 14-4 Victory

VERNON—(P)—Using the long ball, mixed with the eight-hit pitching of Israel Ten, the Midland Indians hammered the Vernon Dusters here Wednesday night, 14-4, handing the Dusters their fifteenth consecutive loss.

Earl Bossberry, Glen Selbo and Manuel Temes hit for the circuit, good for seven runs and enough for a victory without the other blasts in the 14-hit attack.

The brunt of the homer and hitting in general came at the expense of Starter Al Richardson. Ten won his eighteenth victory of the year against 11 losses in setting the Dusters down.

Goldy Gholson spoiled Ten's bid for a shutout in the sixth inning with a solo four-bagger. Vernon staged a minute rally in the seventh with three more runs off two hits and both Midland miscues of the night.

The Tribe jumped off to a 2-0 lead in the first off three hits, but really went to town in the fourth and seventh innings.

Bossberry hit his fence-clearer in the fourth with two mates on board to spark the four-run outburst. In the seventh, Selbo hit for the circuit with one team mate on to get the ball rolling.

Julio de la Torre and Ten hit singles, but a triple by Bill Brown and a double by Gordon Tanner must come in for much consideration in this chukker.

Temes hit one over the right field barriers with De la Torre on in the eighth.

This was the first of a three-game set with Glen Selbo scheduled to face Lefty Wallis on the mound for the Tribe in the second game, Thursday night.

Guerra Hurls Broncs Past Rockets, 4-3

ROSWELL—(P)—Runs in the early innings and Juan Guerra's steady pitching gave the Big Spring Broncs a 4-3 victory over Roswell here Wednesday night and all but robbed the Rockets of any chance of gaining a place in the Longhorn League playoffs next month.

Roswell's loss and a 7-3 Artesia victory over Odessa boosted the Drillers' fourth-place lead over the Rockets to eight games. Third-place Midland has a nine and one-half game buge over Roswell.

The visitors' victory was achieved through a steady 14-hit attack on Elwood Grantham, plus the hurling of their own mound ace. Big Spring hit safety in every inning.

The score:

Big Spring 102 010 005—4 16 6

Roswell 100 000 205—3 5 2

Guerra and Valdes; Grantham and Crawford.

Amarillo Gold Sox Win Pair To Gain WT-NM Third Spot

By The Associated Press

The home-run happy Amarillo Gold Sox spun out a double victory in the West Texas-New Mexico League Wednesday night and netted third place in the standings.

Stan Machinsky homered twice in the first game and one in the nightcap to pace Amarillo. The Gold Sox humbled Abilene, 20-5 and 7-1.

Lubbock held out for a 11-5 victory over Clovis in the opener of their twin bill but gave in on the comeback, 9-8.

Borger stopped Lamesa, 15-2, and Albuquerque edged Pampa, 5-4, in the other games.

Ed Hamman . . . And Susie

One Of Baseball's Greatest Clowns Shows Here Saturday

If the St. Louis Browns go into a tailspin and their crowds fall off it wouldn't be surprising if Bill Veck turned towards Ed Hamman.

Hamman is one of baseball's greatest clowns and has turned down offers from the circus and vaudeville troupes.

Veck remembers when Hamman had 86,388 Cleveland fans in stitches during the 1948 World Series between the Indians and Boston Braves.

Hamman brought his little black box out to the pitcher's mound. In it was his pet duck, then "Caldonia." He walked to the dugout and as he did the duck left the box and started walking around the mound just manuevered by the ground crew.

The duck led Bossard's men a merry chase which ended when "Caldonia" answered the call of Hamman, his master.

When Hamman appears here he will have "Susie," a trained duck he has had the last two seasons.

Hamman, who has toured with the Harlem Globe Trotters basketball team, is bound to liven the game between the Midland Indians and the Sweetwater Braves here Saturday night.

Besides his pre-game antics, he will work during the game and between innings. His pepper game, in which he uses a six-foot bat, is something to see.

When he throws a baseball backward from third base to first base it is hard to believe. He does the same thing from home plate to second base. Major leaguers have tried this but none of them can compare with Hamman when it comes to timing and accuracy.

Cherry Advances In Seattle Meet

SEATTLE—(P)—Sixteen survivors of play, headed by former champion Charlie Coe and such strong challengers as Walker Cup player Jimmy McHale, sailor Gene Littler and grouser Don Cherry, head into another double round of match play today in the Men's National Amateur Golf Championship.

Coe, the 1949 champion, and McHale are familiar names in the national classic.

Littler and Cherry earned their way into prominence by producing the two most resounding triumphs of the fifth round yesterday afternoon.

Littler, 22-year-old former junior star, with perhaps the most brilliant play thus far in the tournament, defeated the British amateur champion, Harvie Ward, Jr., of Tarboro, N. C., 4 and 2.

Cherry, 28, a former Odessa, Texan, and now of Garden City, N. Y., well known in the East as a professional singer, made it another year of sorrow for Frank Stranahan, the perennial contender from Toledo.

Cherry, who has played without acclaim in three other nationals, defeated the handsome Ohio 'strong boy, 3 and 1.

Stranahan, twice British champion, never has won the American crown.

Arnold Blum, Macon, Ga., a hot threat, cooled off before the golf of Paul Johanson, Seattle. Johanson came out of a tree, literally, on the ninth fairway—to have the hole—and go on to win, 1-up.

Ray Billows, Poughkeepsie, N. Y., a three-time runner-up like Stranahan, will have to wait a year to try again. Johanson beat him, too, 8 and 9.

Littler, 22-year-old former junior star, with perhaps the most brilliant play thus far in the tournament, defeated the British amateur champion, Harvie Ward, Jr., of Tarboro, N. C., 4 and 2.

Cherry, 28, a former Odessa, Texan, and now of Garden City, N. Y., well known in the East as a professional singer, made it another year of sorrow for Frank Stranahan, the perennial contender from Toledo.

Cherry, who has played without acclaim in three other nationals, defeated the handsome Ohio 'strong boy, 3 and 1.

Burns Leads Colts Past Braves, 10-3

SAN ANGELO—(P)—Continuing their murderous assaults of the last week, the San Angelo Colts swept past the Sweetwater Braves here Wednesday night, 10 to 3.

With Glen Burns again leading the way with two home runs, two singles and a walk in five trips, the Colts powered 15 hits off the combined pitching of Oil Morales and Merritt of the Braves.

The win was the fourth in a row for the Colts and was achieved in the first of a three-game set with the Braves.

Low Lozano, returning to action after more than two weeks absence due to an injured ankle, held the Sweetwater nine to eight hits and never was in trouble after the Colts took a two-run lead in the first inning.

The two markers, both unearned, came on Burns' first circuit clout. The Colts added another in the second on a pair of singles and a walk but the Braves came back for their first marker in the third on successive doubles by Morales and Ernie Cortez.

San Angelo ran up a 7-1 lead before the Braves were able to scratch again in the sixth. Burns' home run following George Hayes' triple in the fourth accounted for two of the markers.

The Braves tallied their two in the sixth on a Colt error, a triple by Chino Berna and a single by Manager Johnny Morris.

The Colts tallied the final three in the eighth on three singles and a double by John Tayaon.

The score: R H E Sweetwater . . . 001 002 000—3 8 3 San Angelo . . . 211 300 008—10 15 1

Morales, Merritt and Finley; Lozano and Dacko.

TEXANS IN GOOD SHAPE FOR TILT WITH ARMEN

KERRVILLE—(P)—No injuries are anticipated that would keep any Dallas Texans on the bench for their game with Carwell Air Force Base at Corpus Christi Friday night.

All the Texans are in good shape, Trainers Raymond West and Frank Medina said.

BIG LUKE'S BAT THUNDERS—Indians Close Gap On Yanks

By RALPH RODEN Associated Press Sports Writer

Ever since Luke Easter became a regular with the Cleveland Indians it has been said, "As Easter goes so go the Indians."

Cleveland's pennant hopes have waxed and waned the last two seasons coinciding with the rise or decline of Easter's fortunes at the plate.

A trick knee more than lack of punch in the clutch has been responsible for Easter's failure to deliver the goods in the past.

His value to the Indians is demonstrated clearly by his performance this year. Big Luke is hot right now and so are the Indians.

Cleveland, with Easter playing a leading role, swamped the Boston Red Sox, 18-8, Wednesday and pulled to within a game of the American League's front-running New York Yankees. The Yanks were humiliated, 12-3, by the Chicago White Sox. Philadelphia tripped Detroit, 4-3, in the circuit's only night game. A night game between St. Louis and Washington was rained out.

Brooklyn moved seven games ahead of the New York Giants in the National League chase, downing Cincinnati, 6-3. The Giants and Chicago Cubs were rained out. In other games, Philadelphia tamed Pittsburgh, 3-1, and St. Louis trounced Boston, 9-2, in a game called in the eighth inning because of rain.

The Indians could take over the lead Thursday with the help of Chicago. A Cleveland victory over Boston and a Chicago triumph over the National League chase, downing Cincinnati, 6-3. The Giants and Chicago Cubs were rained out. In other games, Philadelphia tamed Pittsburgh, 3-1, and St. Louis trounced Boston, 9-2, in a game called in the eighth inning because of rain.

Variety Of Matches Set In Net Tourny Thursday

With time becoming a factor in the first annual Tennis tournament here, a variety of matches will be unreel Thursday and Friday to speed the meet toward its conclusion.

Men's veterans singles matches, men's doubles matches and women's singles competition all will be played Thursday.

Men's veterans singles matches will start things off for the day at 4:30 p.m. when Cliff Hall engages Stanley Levitt.

Then at 5:30 p.m. three men's doubles matches involving the following teams will start play: Brady and McCall will play Belew and Coone; Hurley and Patterson will play Scuddy and Lawhon, and Elder and Chase will engage Barnes and Bellows.

A little later, at 6 p.m., Fifi Pryor will meet Gene Campbell in the initial game of the women's singles competition, and Pat Boles will play Pat Butcher in the only other women's singles match.

Following Thursday's matches, the tourny really will swing into high gear Friday with contests scheduled to run from 9:30 a.m. to 8:30 p.m. Junior girls singles matches will initiate play at 9:30 a.m. Friday when Mona Leigh contests Sarah Morgan. At 11 a.m., Pat Boles will take on Sandra McMath and at 2 p.m., Fifi Pryor will meet the winner of the Leigh-Morgan match.

At 3:30 p.m. Friday, Shirley Blevins will meet Barbara Miller and play Lawhon and the winner of the Krisp-Burke match will play Peemster.

Results in Wednesday's singles matches ran just about according to the play of the first two days. Practically all of the matches were lopsided.

Paul Hurley, Oklahoma singles champ, plastered Stan Levitt, 6-0, 6-0; Lawhon defeated Qualla, 6-0, 6-0; Scuddy beat Robertson, 6-0, 6-0; Gerner measured Coone 6-1, 6-1; Stan Bellows waltzed past Warner, 6-2, 6-1; Lindner won by default over Patterson; Barnes beat Cochrane, 7-5, 6-2, and Winston Farquer walked over Belew, 6-0, 6-0.

Both won Wednesday night and extended into the fifth day their matching strides that are a game apart. What's more, the two have been rubbing shoulders with no more than two and a half games difference for more than a month.

Dallas' Dave Hoskins tossed his best game of the year to get the Eagles by Beaumont, 2-0, the third time the Roughnecks have been shut out in five days. Hoskins' performance was a two-hit job and he drove in the first Eagle run in the third with a double.

Getting only four hits, the Cowtown club mustered three of them in the second inning for all of its runs and a 3-2 victory over Shreveport.

In the other games, San Antonio enjoyed a rare 20-hit night in beating Tulsa, 19-2, and Houston snapped Oklahoma City's streak at four games by a 6-2 margin.

The Indians have a very good chance of moving into second place in the standings because their remaining schedule, on paper at least, appears to be much easier than that of the Big Spring Bronco, who currently are in second place.

Take a look at the two. The Tribe, now playing a three-game series with Vernon, will finish out its schedule in this order:

Play Sweetwater three games, Vernon three, five with San Angelo, two with Big Spring, two with Rowell and two with Artesia.

The Bronco close out their campaign in this fashion: After finishing out their current three-game stand with Rowell, they play three with Artesia, three with Rowell, five with Odessa, two with Midland, and four with Sweetwater.

If the Indians could push the Bronco out of the runner-up spot, they will reap a larger share of the pennant dividends. For example, the team which finishes out the season first gets 40 per cent, the runner-up gets 30 per cent, the third-place nine gets 20 per cent and fourth place 10 per cent.

If Midland could push Big Spring out of the runner-up spot, the Indians would split around \$1,500 between them. A third-place berth would be 10 per cent less than that, of course.

Glenn Selbo, the most recent addition to the Midland squad is quite a versatile fellow. He will draw the starting role on the mound for Midland Thursday night against Vernon instead of playing in his customary outfield post.

Actually, Selbo is an infielder, having played a lot of shortstop. Back to the pitching end though, he and Manager Jay Haney both used to pitch about once a week when they played with Lamesa.

Speaking of versatile ball players, Bert Baes of Big Spring seems to be old veratilly himself. Baes has played in every position except catcher. And he's done a good job at all positions.

Now, before the season is out, he would like to try a turn behind the plate. That is, if the Bronco are not too hard pressed to stay in second place. But with the way the Indians are playing ball, it looks like Baes will have to console himself with taking turns at the other eight positions on the team.

On the football front—Tugboat Jones has arrived in Midland from his camp in Colorado and currently is busy checking all the grid equipment and those thousand and one little things a coach has to do before practice starts.

Texas League Race Slays Neck-To-Neck As Eagles, Cats Win

By The Associated Press

Dallas and Fort Worth, first and second in the Texas League, are bound and determined for a last-ditch, finish fight over the championship this year.

Both won Wednesday night and extended into the fifth day their matching strides that are a game apart. What's more, the two have been rubbing shoulders with no more than two and a half games difference for more than a month.

Dallas' Dave Hoskins tossed his best game of the year to get the Eagles by Beaumont, 2-0, the third time the Roughnecks have been shut out in five days. Hoskins' performance was a two-hit job and he drove in the first Eagle run in the third with a double.

The Bronco close out their campaign in this fashion: After finishing out their current three-game stand with Rowell, they play three with Artesia, three with Rowell, five with Odessa, two with Midland, and four with Sweetwater.

If the Indians could push the Bronco out of the runner-up spot, they will reap a larger share of the pennant dividends. For example, the team which finishes out the season first gets 40 per cent, the runner-up gets 30 per cent, the third-place nine gets 20 per cent and fourth place 10 per cent.

If Midland could push Big Spring out of the runner-up spot, the Indians would split around \$1,500 between them. A third-place berth would be 10 per cent less than that, of course.

Glenn Selbo, the most recent addition to the Midland squad is quite a versatile fellow. He will draw the starting role on the mound for Midland Thursday night against Vernon instead of playing in his customary outfield post.

Actually, Selbo is an infielder, having played a lot of shortstop. Back to the pitching end though, he and Manager Jay Haney both used to pitch about once a week when they played with Lamesa.

Speaking of versatile ball players, Bert Baes of Big Spring seems to be old veratilly himself. Baes has played in every position except catcher. And he's done a good job at all positions.

Now, before the season is out, he would like to try a turn behind the plate. That is, if the Bronco are not too hard pressed to stay in second place. But with the way the Indians are playing ball, it looks like Baes will have to console himself with taking turns at the other eight positions on the team.

On the football front—Tugboat Jones has arrived in Midland from his camp in Colorado and currently is busy checking all the grid equipment and those thousand and one little things a coach has to do before practice starts.

SPORTS NOTES from the BENCH JOCKEY

By BOB ADAMS

With the month of August hastily slipping by, the end of the Longhorn League baseball season looms on the not-to-distant horizon.

You can draw the time perspective a little nearer into focus when you realize the Midland Indians have only 10 more home games to play. They wind up their home schedule September 5-6 in a two-game series with Rowell. Then two days later they ring down the curtain on the regular season with two games at Artesia.

The Indians have a very good chance of moving into second place in the standings because their remaining schedule, on paper at least, appears to be much easier than that of the Big Spring Bronco, who currently are in second place.

Take a look at the two. The Tribe, now playing a three-game series with Vernon, will finish out its schedule in this order:

Play Sweetwater three games, Vernon three, five with San Angelo, two with Big Spring, two with Rowell and two with Artesia.

The Bronco close out their campaign in this fashion: After finishing out their current three-game stand with Rowell, they play three with Artesia, three with Rowell, five with Odessa, two with Midland, and four with Sweetwater.

If the Indians could push the Bronco out of the runner-up spot, they will reap a larger share of the pennant dividends. For example, the team which finishes out the season first gets 40 per cent, the runner-up gets 30 per cent, the third-place nine gets 20 per cent and fourth place 10 per cent.

If Midland could push Big Spring out of the runner-up spot, the Indians would split around \$1,500 between them. A third-place berth would be 10 per cent less than that, of course.

Glenn Selbo, the most recent addition to the Midland squad is quite a versatile fellow. He will draw the starting role on the mound for Midland Thursday night against Vernon instead of playing in his customary outfield post.

Actually, Selbo is an infielder, having played a lot of shortstop. Back to the pitching end though, he and Manager Jay Haney both used to pitch about once a week when they played with Lamesa.

Speaking of versatile ball players, Bert Baes of Big Spring seems to be old veratilly himself. Baes has played in every position except catcher. And he's done a good job at all positions.

Now, before the season is out, he would like to try a turn behind the plate. That is, if the Bronco are not too hard pressed to stay in second place. But with the way the Indians are playing ball, it looks like Baes will have to console himself with taking turns at the other eight positions on the team.

On the football front—Tugboat Jones has arrived in Midland from his camp in Colorado and currently is busy checking all the grid equipment and those thousand and one little things a coach has to do before practice starts.

vin will meet Barbara Miller and at 6 p.m. Jima Lou Gumm will play Mrs. Earl Craig. At 7 p.m. Friday, junior boys in the 18-year-old singles bracket will start play when John Zant meets Jim Wolfe and Stanley Krisp contests Richard Burke.

Women's doubles competition will start at 7:30 p.m. Friday when Jima Lou Gumm and Pat Butcher play Barbara Miller and Sue Bracken in one match and Pat Boles and Fifi Pryor play Shirley Blevins and Gene Campbell in the other contest.

At 8:30 p.m. Friday, in the boys junior singles competition, the winner of the Zant-Wolfe match will

Billy Graham Beats Basilio, Tackles Kid Gavilan October 4

CHICAGO—At the age of 30, and after 113 professional fights, Irish Billy Graham is willing to admit it's hard work being a boxer.

"I always liked to fight and can remember when I'd rather fight than eat," he said. "But now it's just plain hard work. The only thing that keeps me going is the chance at Gavilan's title."

After polishing off rugged Carmen Basilio, the Uptate New York former on-on-grower, in 10 rounds at Chicago Stadium Wednesday night, Graham wasn't even breathing hard.

"I'm going back to New York and rest for five days then go back to work," he said. "I'll start preparing for Gavilan by doing roadwork at Greenwood Lake, N. Y., then move my training quarters to Miami about September 10 or 12. I'll go to Cuba 10 days before the fight."

The powerfully-built Graham, who, in his Chicago debut, impressed ringiders as the sharpest and cleverest boxer since Ray Robinson, will shoot for Kid Gavilan's welterweight crown in Havana October 4.

Texas Youth Added To Junior Net Team

BROOKLINE MASS.—Sam Giammalva, Houston, will join the rest of the U. S. Junior Davis Cup Tennis Team Saturday for practice matches at Forest Hills, N. Y.

Col. James H. Bishop, squad committee chairman, announced the addition of Giammalva to the squad Wednesday night.

Johnny Hernandez, Houston, declined an invitation to take part in the junior squad training.

13 Teams Entered In Softball Meet

TEXAS CITY—The Texas Amateur Athletic Federation State Softball Tournament opens Thursday night. Thirteen teams are entered.

The strongest contenders are Austin's Merchants, Lackland Air Force Base, Bostwick's Cafe of La Marque and Houston Grand Prize. Other teams are entered from Corpus Christi, Baytown, Galveston, Kingsville, Waco, Dallas and Fort Worth.

Sufficient parking space to accommodate 12,000 automobiles is available at Delaware Park race track. The parking area total more than 65 acres.

Bean Wins Midland Junior Golf Meet; Moreno Second

A tall junior from Abilene Wednesday walked off with top honors in Midland Country Club's first annual Junior Invitational Golf Tournament.

Bob Bean, who will enroll at Hardin-Simmons University this fall, recorded a 54-hole total of 328 to win the championship flight of the meet, nosing out Midland's Marcelino Moreno by two strokes.

Moreno and Bean tied Tuesday with identical scores of 153. However, Wednesday the Abilene junior, playing the same steady brand of golf which kept him in front throughout the meet, hoked out a one-over-par 37 on the front nine, then slipped to a three-over par on the backside for a 76 for the day.

On the outgoing nine, the junior champ scored five pars and two birdies. Coming in, he marked up six pars but failed to score a birdie.

Meanwhile, the bespectacled Midland junior who will be a senior on Midland High School's golf team this year, slipped to a 78 Wednesday, to take runner-up honors with a 54 hole total of 331.

Taking third spot in the championship flight was Paul Patton of Midland with 384. Lee Sneed, who fired a scalding par-tying 72 Tuesday, fell 30 strokes off his pace Wednesday with a 92 to drop out of contention.

In first flight competition, junior golfers from Odessa swept the top three places. Edward Moore won the flight with a score of 251, while Bill Oliver, Jr., son of the Odessa pro,

placed second with 256. Floyd Smith was third with a total of 259.

In the special nine-hole flight, Billy Brown of Midland and Tommy McClatchy of Snyder tied with scores of 169 at the end of 27 holes.

But in a one-hole, sudden death playoff, Brown defeated McClatchy by notching a six.

Taking third place was Charles Marsh III of Midland, a golfer who had his first lesson less than a month ago on July 30.

Only 11 years old, Marsh was described as a "very promising golfer," by Jay McClure, assistant pro at the Country Club.

Trophies were presented Wednesday to golfers who placed one, two, three in each flight.

And, even before the final results were in, tournament officials were praising the meet and making preparations for an even better tournament next year.

"We were very well pleased with the response in view of the short time we had to get ready for the meet," said McClure. "and I think all the kids had a good time."

LONE STAR

Oh Boy—What a Wonderful Beer!

Its popularity GROWS and GROWS

Why do people change their minds about beer? . . . Thousands and thousands switch from brand to brand every few weeks. That's a lucky habit as far as we are concerned. It's their SHARCH for a better-tasting beer that gives us a chance to make new friends. When they try LONE STAR — most people stick! That's made LONE STAR the fastest growing brand of beer in the U. S.!

Do you know how fast LONE STAR'S popularity has grown? Ans. Sales of LONE STAR have grown 886% faster than sales of the next fastest growing brand of beer in America — from 1941 through 1951. In 11 years — LONE STAR'S total sales have grown 1403%! And its popularity grows and grows! Lone Star Brewing Company, San Antonio, Texas.

TEXAS POLITICAL POT BUBBLES—

Taft Republicans Plan Separate Slate; Presidential Primary Proposal Readied

By The Associated Press
Conservative Republicans, a Fort Worth GOP leader said, are planning a separate party slate for the November election.
Edward B. Holman, a witness for the Taft Texas delegation at the Chicago presidential convention, said the new group would be composed of Republicans opposed to the leadership of National Republican Committeeman Jack Porter of Houston.
Holman said the new group called itself the Conservative Party and would present a full slate of "real Republicans" for state and local offices.
Gen. Dwight D. Eisenhower and Senator Richard Nixon would head the Conservative ticket, he said, but complete slates of local candidates would be added to the present Republican line-up.
While the new party developed, Gov. Allan Shivers urged Texas Democrats to exercise their right of vote in Saturday's Second Democratic Primary.
"All elections are important in a democracy," Shivers said. "The second primary is no exception," and he added:
District Races Cited
"The fact that only one state race is at issue should not lessen the interest of the voters in having a voice in their government, since many important district and local races will be decided."
Seeking Place 1 of the Texas Supreme Court, Judge Frank P. Culver of Fort Worth and Spurgeon Bell of Houston are the contestants in the lone state race.
District races include one Civil Appeals Court post, four congressional seats, three State Senate seats, two district judgeships, four district attorney posts, one criminal district attorney place and 29 seats in the state House of Representatives.
While the governor prodded apathetic Democrats and while feuding Republicans fumed and fumed, a state senator announced he had a bill proposing a preferential primary law for Texas ready for the next Legislature.
Evils Of Convention
Senator Jimmy Phillips of Angleton said his aim was "to eliminate the evils of the convention system of election delegates to national nominating conventions."
"If ever we have had proof that

the convention system allows small political cliques to rig the political system without too much regard for public opinion it was this year," Phillips said.
In both Republican and Democratic conventions—at every level—this year in Texas there were rump meetings, walkouts and contests. Both parties sent contesting delegations to their national conventions in Chicago.
Tired Of Walkouts
"The public is tired of walks and rumps and so-called contests," Phillips said.
The proposed measure calls for presidential primaries every fourth year on the second Saturday in June preceding the national conventions.
Every political party whose nominee for governor in the last preceding general election received as many as 25,000 votes would be required to name its national convention delegates by popular election in that primary. Delegates would be elected by congressional districts.
The new committee will assume office September 1.
Advertise or be forgotten.

Four members of the Andrews County Production Marketing Association committee were re-elected and one new member named in balloting which ended Wednesday, it was announced Thursday by Charles Champion, FMA secretary for Andrews and Midland Counties.
Reselected were: W. T. Albright, chairman; J. A. Fowler, vice chairman; J. B. Pusey, member; and Bill Pusey, first alternate member. J. A. Rosch was named a new second alternate member.
Champion said balloting was unusually heavy with 43, or 50 per cent, of the eligible farmers and ranchers in the county, casting votes.
The new committee will assume office September 1.
Advertise or be forgotten.

PMA Committee Named In Andrews

WASHINGTON—(AP)—A top Justice Department official was reported Thursday to be a prime target of House investigators in hearings starting next Tuesday.
Representative Chelf (D-Ky), chairman of the special Judiciary

Justice Probers Put Finger On High Department Official

subcommittee investigating the department, declined to identify the official beyond saying he is still in the department.
Most of the top assistants to former Attorney General J. Howard McGrath have resigned or have been given new duties in a department shakeup instituted by McGrath's successor, James P. McGranery.
The subcommittee is known to have been working on one official "in particular" for some time, and investigators reported they now think they have the "missing link" of evidence they needed.
Chelf gave no indication of the nature of the committee's case, but said there would be some "surprising revelations."
Since taking over the Justice Department helm, McGranery has got

along well with the department's critics on Capitol Hill and has won Chelf's praise for his "cooperation" in the ensuing shakeup.
Committee sources say the shuffle is not completed yet, and predict that others in the department will go to complete what Chelf terms "that new look."
Mullally Suspended
One of the latest to go was James A. Mullally, 62, long-time lawyer in the department's Criminal Division, who was suspended late Wednesday pending an investigation of his "outside activities."
Mullally recently had been assigned to the division's racket unit, which has been correlating reports from special grand juries assigned to racket investigations around the country.
McGranery declined to elaborate on the reasons for his suspension, but other department officials said it had "nothing to do with cases which he has been handling in the Criminal Division."

North Texas Milk Prices Will Go Up

DALLAS—(AP)—Milk distributors in 16 North Texas counties will be allowed to raise their ceiling prices for home delivered homogenized and pasteurized milk, according to an Office of Price Stabilization order prepared Wednesday.
The new Grade A milk price of 27 cents will be allowed.
The changes, effective August 21, will represent an increase of one and one-half cents for homogenized and two and one-half cents for pasteurized milk.

Congratulations To

Mr. and Mrs. A. E. Patterson, 401 West Parker Street, on the birth Thursday of twins a son weighing six pounds, 10 1/2 ounces and a daughter weighing six pounds, 13 1/2 ounces.
Mr. and Mrs. Thern Gambin, 1800 North Terrell Street, on the birth Thursday of a daughter weighing six pounds, 13 1/2 ounces.

Bernard Ubnoski, Midland Mechanic, Dies In Hospital

Bernard Ubnoski, 27, of 808 South Marshall Street, died at 8 a.m. Wednesday in the Veterans Hospital at Big Spring, where he had been a patient almost a week.
A veteran of World War II, with overseas service in the Asiatic-Pacific Theater as a private first class in the Air Force, Ubnoski came to Midland four years ago after discharged from service. He was employed as a garage mechanic.
He was born Feb. 28, 1925, in Grimes County.
Services will be held Sunday at Plantersville, with interment there. The body will be forwarded overland by Newline W. Ellis Chapel.
Survivors include the widow, the former Henrietta Friday of Midland; three children, Bernard W. and Oscar Ubnoski and Betty Jean Ubnoski, all of Midland; the parents, Mr. and Mrs. John Ubnoski of Navasota; five sisters, Mrs. Louise Daniels of Beaumont, Mrs. Alma Hubbard of Sydney, Ohio, Paralee Ubnoski, Rosalee Ubnoski and Willie Mae Ubnoski, all of Navasota, and two brothers, John Ubnoski of Houston and Adam Ubnoski of Navasota.

Boy Hit By Bike Suffers Fracture

Steven Godwin, five-year-old son of Mr. and Mrs. I. E. Godwin, 1218 South Weatherford Street, received emergency treatment at Western Clinic-Hospital at 7:50 p.m. Wednesday, after he was run over by a bicycle.
Attaches said he suffered a skull fracture and laceration of the lower lip.
Other details of the accident were not immediately available.

Mother Seeks Baby Police Say Father Attempted To Sell

HOUSTON.—(P)—The mother of little Sharon Ribnikar, whose father was charged with trying to sell her for \$500 and an automobile, appeared here Thursday to try to get the two-year-old blonde returned to her.

Drouth—

tending his hurriedly-called drouth conference.

Some sided with the governor in seeking the delay. Others were inflamed at what was called "dilly-dallying."

Dairyman-Farmer Joe Bob Shelton of Brownwood said, "We're at the end of our rope. We have come to a point where we need some help that we're not able to get at home."

James McAnelly, assistant manager of the Brownwood Chamber of Commerce, added: "We didn't come here to talk politics... If we dilly-dally around, it's going to be too late. I think it's time we do something."

Agriculture Commissioner John C. White, backing the Shivers stand, said the governor had not been slow to act but had waited to hear from the farmer before doing anything.

F. Vance, state director of the USDA's Production and Marketing Administration, was doubtful his office information could be secured on how the program would work.

Shivers wanted to know if farmers would get hay at subsidized prices, what kind of herds it could be used for, and what would happen to hay prices. He asked Vance to seek the best answers possible from Under-Secretary of Agriculture C. J. McCormick, who attended the West Texas drouth conference in Abilene Monday.

Joe Montague of Fort Worth, attorney for the Texas and Southwestern Cattle Raisers Association, said his organization opposed any form of federal subsidy.

Texas' designation as a drouth disaster area for FERA loans, as declared last year by Secretary Brannan, expires next December. But L. J. Cappelman, FERA state director, said the designation undoubtedly could be extended with no trouble.

Thin Cattle Sold
Cappelman, who Tuesday predicted his agency would handle 20 million dollars in loans this year, said one good reason for seeking extra help in the form of feed imports by the Commodity Credit Corporation is that many ranchers are shipping boy livestock out of the state. "That's something of a disaster in itself," he said, "shipping them while they're too thin."

Under the designation sought—and delayed until the governor acts—the CCC buys feed in areas which have surplus stocks.

The agency ships this feed into disaster areas and sells it at prices determined as fair by a committee supervised by the CCC. Any cost to the government, including freight rates over the price is taken care of by funds under Public Law 475, Banker Says 'Politely'

Meanwhile, a bank president in the stricken West Texas area called FERA's offer of assistance "a lot of politeness."

San Angelo National Bank President Ray B. Johnston said, "The government won't lend a farmer anything a bank wouldn't lend him."

"As far as I know," Johnston said in San Angelo, "West Texas banks would rather take the risk of lending to farmers and ranchmen than to subordinate their accounts to the FERA."

Johnston added that the government "just wants the farmers to think it is doing something for them."

men caught in the flash flood Monday had been recovered.

Boats with grappling hooks swept the unidentified South Korean river for the other 18 missing men of the 48th Infantry Division.

Rain from a typhoon which lashed Okinawa and Korea this week unleashed the crushing nine-foot wall of water in the normally knee-deep river.

The men, part of one platoon, were trapped on a sandbar as they started to ford the river.

The Army said the platoon leader lost his life trying to reorganize his men and get them to safety when the flood roared down the stream.

It called the tragedy an "act of God" and said the tricky terrain in Korea made sudden river floods possible at any time.

A truck bearing eight men and some ammunition was caught in the flood as it started across at a shallow point.

A sudden rise bowled over the truck and swept it and its passengers downstream.

The Army said the missing 18 included one officer and 17 enlisted men.

Eleven of the platoon were swept onto higher sandbars and escaped.

The 48th Division originally was made up of Oklahoma National Guardsmen called to active duty but in recent months it has become something of a rainbow division, with soldiers from all over the United States making up its ranks.

Sharon has been in the custody of the Harris County probation department since her father was charged with trying to sell her. The father, Steve Ribnikar, was sentenced to nine months in jail, but has been freed on a \$500 appeals bond.

Pereira Pays Fine For Buddy, Nabbed On Vagrancy Count

DALLAS.—(P)—Victor E. Pereira, convicted embezzler in a "love swindle" case, came to the aid of a buddy Wednesday and paid a \$50 vagrancy fine for Eugene Brading, 37.

"More persecution," commented Brading, who accompanies Pereira to most everywhere he goes. He was best man at the August 7 wedding in Cheyenne, Wyo., when Pereira married Mrs. D. A. Little, wealthy socialite widow of a Dallas oilman.

Both Pereira and Brading are free on \$15,000 appeal bonds they made after being convicted in an El Paso, Texas, federal court last Fall on charges of embezzling \$48,000 from Mrs. Gertrude Joyce of Rowell, N. M., a former wife of the 44-year-old Pereira.

Officers said Brading had "been hanging around town doing no work that we know of." Brading and Pereira came to Dallas shortly after their conviction. Both men, police said, had been living at the new Mrs. Pereira's home.

Low Estimate In On Sewer Project

The Roger Smith Construction Company of Waco was the apparent low bidder Wednesday afternoon for the job of constructing a new trunk sewer line to serve the north side of Midland.

Smith submitted a bid of \$137,983, the lowest of the five which were opened in the Council Chambers.

Other bids included Joe Copeland of Midland, \$145,751; Ernest Loyd of Midland, \$198,324; T. and L. Construction Company of Midland, \$196,830, and J. C. Trueheart of San Antonio, \$163,955.

The job will be completed within 120 days.

Stab-Wound Victim Reported Recovering

B. E. Roberts, 39-year-old Midland carpenter, was reported recovering Thursday from serious knife wounds received early Wednesday in a fight at Spraberry.

Midland Memorial Hospital physicians reported his condition as slightly improved and said he probably will undergo surgery sometime Thursday.

A companion who being held in the Midland County Jail and County Attorney Researd Legg said charges were awaiting developments in Roberts' condition.

ROUGHNECK INJURED

Roy Eugene Thomas, 704 North Loraine Street, roughneck for Drilling Exploration Company, suffered an injured right hand Wednesday on a pile of logs. Treatment was given at Midland Memorial Hospital.

Stevenson Gets Ballot Tag But Not Louisiana Support

BATON ROUGE, LA.—(P)—Louisiana Democratic leaders have pledged to Gov. Adlai Stevenson the party's elephant and rooster emblem but withheld endorsement.

The 100-member Democratic State Central Committee whipped up a 77-9 vote Wednesday to assure the Stevenson-Sparkman ticket full billing on the ballot.

It was a victory for Stevenson and Senator John Sparkman of Alabama, the national party nominees, although members said they were not necessarily endorsing them and certainly were not endorsing the party platform.

A top party platform leader who asked not to be identified said the action gave the nominees "a seat in the balcony instead of the front row of the party."

Members snuffed out a "split ticket" move by a 58-32 vote.

Committee Vice Chairman W. J. Erikson of New Orleans termed the final decision a big Stevenson victory because "it pledges our electors to no ticket."

In the past, the committee usually has not pledged its electors.

Two electors, W. Scott Wilkinson and George Stafford, promptly resigned after blasting the national party. They will be replaced by action of congressional district committees.

Gov. Robert Kennon, strong anti-Trumanite who refuses to discuss Stevenson or Sparkman, said he was not surprised at the committee's action.

"Members made it easy for the people of the state as a whole to see the difference between the national Democratic platform and the ideals of our Louisiana party," Kennon said.

"With that information, and with the action of the committee before them, Louisiana voters can make a clear-cut choice between the two parties."

Pyeongyang Blazes After UN Bombing

SEOUL, KOREA.—(P)—UN B-29 Superforts, B-26's and fighter-bombers left communist factories, stockpiles and troop installations in flames Thursday in two massive raids over Northwest Korea.

Thirty-eight Okinawa-based B-29's hurled 350 tons of bombs on Pyongyang, the North Korean capital, Wednesday night and Thursday after civilians had been warned to get out.

The Air Force said the big bombers rumbled 400 acres of troop, supply and industrial areas and left huge fires burning at opposite ends of the city in the four-hour strike. All 35 planes returned safely despite Red antiaircraft fire and fighter opposition.

Pact Bars Wildcat Strikes At Atomic Plant In Kentucky

PADUCAH, KY.—(P)—A plan to block and further unauthorized walkouts at the billion-dollar atomic energy plant was agreed upon by union and management officials Wednesday.

While there was no word on whether the dispute involving AFL carpenters had been settled, the agreement, drawn up by President Truman's atomic energy labor relations panel, was signed four hours after the carpenters withdrew their picket line at the plant.

The declaration of policy provides penalties for workers taking part in wildcat walkouts and failing to return when ordered by the company and the union.

Rotarians Enjoy Music By Gans

Robert Gans, Cowdard Junior High School band director, entertained Midland Rotarians Thursday noon, at their meeting in the Midland Country Club, with a number of piano selections.

Ballads and popular selections were on the program of the pianist, who won applause for his entertainment.

J. P. Carson, vice president, presided at the session and C. E. Downing was program chairman.

The Rev. Luther Kirk asked the invocation and Bob Lewis introduced the visitors.

Former Midlander Dies In Oklahoma

Funeral services for Mrs. Paul G. Busby of Muskogee, Okla., the former Mrs. W. A. Hyatt of Midland, were held Tuesday, Eastern Star services were conducted at an Altus, Okla., cemetery.

Mrs. Busby died Sunday night after an extended illness.

COTTON

NEW YORK.—(P)—Thursday noon cotton prices were 25 cents a bale lower to 20 cents higher than the previous close: October 28.45, December 28.25 and March 28.25.

Grain Suit Filed On Amarillo Bank

WICHITA, KAN.—(P)—The First National Bank of Amarillo was named as a defendant in a suit filed Wednesday by the Central Surety and Insurance Corporation against creditors of the bankrupt Garden Grain and Seed Company.

The suit was filed in Federal District Court against every creditor of the company that holds a claim to the grain lost in the alleged "manipulations" of Wayne S. Martney, ex-president of the defunct Garden City, Kan., firm.

Bonds upon the lost grain amount to \$147,500.

Oklahoma May Get Drouth Area Rating

WASHINGTON.—(P)—Oklahoma congressional offices were informed Thursday that the Farmers Home Administration is recommending to Secretary of Agriculture Brannan that the entire state of Oklahoma be designated a drouth disaster area.

The action, if taken, would permit FERA loans to be made to farmers throughout the state who are affected by the drouth.

Mrs. Snow To Cook For Ike But Plans Nothing Special

DODGE CENTER, MINN.—(P)—Mrs. Henry Snow hopes General Eisenhower will like her chicken dinner. But the friendly farmwife isn't likely to have an attack of nerves over the prospect of entertaining the Republican candidate for President during the National Ploving Contest September 6.

"I don't know what they expect," said Mrs. Snow as she treated a group of visitors—among the first

Harvester Workers Strike At 10 Sites

CHICAGO.—(P)—The Independent Farm Equipment-United Electrical Workers Union called a strike Wednesday midnight at 10 International Harvester Company plants in three states after contract negotiations broke off on a bitter note.

The union called 25,000 workers off the job, declaring, "The company has asked for a fight and is going to get a hell of a licking."

The company in turn accused the union of "irresponsible leadership." Plants involved in the dispute are at Canton, East Moline, Rock Island, Rock Falls, Ill., four in the Chicago area, and at Richmond, Ind., and Louisville, Ky.

Local sponsors of the affair—as earnest as they are unruffled—want the outside world to get a few points straight.

In the first place, it's not just a ploving contest. The main billing is "National Soil Conservation Day," and farmers are more concerned with soil conservation than in who plows the straightest furrow fastest.

Second, there's a good deal of local and understandable concern about which of the three tiny towns almost equidistant from the Snow farm sets its name into the national headlines.

If the show is described by outsiders as "near Kasson," the folks in Dodge Center and Mantorville aren't going to like it. And vice versa.

The three towns together don't total 3,000 persons, and this point they're sure of: You won't be able to see the towns for the visitors on the big weekend.

Is the Eisenhower visit going to influence any votes in the Snow family?

Henry Snow, a tanned and wiry dirt farmer, every bit as calm as his wife, says with a laugh: "Just say we're independents."

Midland County Due To Split \$1,000,000 From '52 Cotton

The Midland Reporter-Telegram

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

FIRST WITH THE NEWS

MIDLAND, TEXAS, THURSDAY, AUGUST 21, 1952

SECTION TWO

King Cotton will result in an estimated \$1,000,000 more to be split by Midland County farmers in 1952 based on the price support of \$1.71 cents a pound, Charles Champion, secretary of the Production Market-Association, predicted Thursday.

Champion estimates that Midland County residents have some 10,000 acres in cotton and should have a yield of 8,000 bales.

Of the total cotton acreage, less than a fourth is in irrigation and will have a yield of two bales an acre, Champion said. Remainder of the cotton acreage is dry-land and will have a smaller yield.

The price support of \$1.71 cents a pound is for middling length (15/16) cotton, with rates varying according to location, Champion said.

Cotton prices will be supported by means of loans and purchase agreements.

Forms Available

Loans will be made on cotton represented by warehouse receipts issued by warehouse approved by the Commodity Credit Corporation, and on farm-stored cotton in structures approved by PMA county committees, he said. Loan forms are available through approved cotton warehouses, approved lending agencies and PMA county committees.

Purchase agreements, whereby CCC agrees to buy toward the end of the marketing year a stated amount of cotton at the price support rate, may be obtained only through PMA county committees, Champion said.

Loans will be made through lending agencies, principally banks, approved by CCA, or directly by the corporation through county committees.

A special form of loan agreement

Bond Issue Approved

CRANE—Attorney General Price Daniel has approved a \$450,000 bond issue for the Crane Independent School District, paving the way for delivery of cash to the school district.

Dated July 15, 1952, Nos. 1 through 10, the bonds are valued at \$1,000 each. Interest rate is as follows:

Nos. 1-263, three per cent; Nos. 264-273, two one-fourth per cent; and Nos. 274-450, two and one-half per cent. Interest is payable on Jan. 15, 1953, and semi-annually thereafter.

Retirement of the bond issue will be accomplished by substantial payments beginning in 1953 and continuing until 1967.

The bonds provide for necessary repairs of non-wood public school buildings and the purchase of building sites.

A tax of 11 cents per \$100 valuation has been levied on school district property, assessed this year at \$23,780,365, to pay principal and interest on the bonds.

Telephone Company Granted Increase in Kermitt Rates

KERMITT—An increase of approximately 25 per cent in telephone service rates has been granted Southwestern Bell Telephone Company by the Kermitt City Commission. The telephone company earlier had been denied an increase of 25 and one-third per cent over the present rate.

After the three-man city commission, composed of Mayor Frank Williams and Commissioners Harvey Mitchell and W. L. Ehrbridge had unanimously approved the increase, M. J. Williams, assistant general manager of revenue requirements for the telephone company, presented a letter to the commission.

In the letter, Southwestern Bell Telephone Company agreed to remove all telephone poles from Austin Street, which is the main downtown avenue in Kermitt. This work is to be completed within 18 months.

Midland Fire Total Holds

Instances of fires in Midland from January to August 19 this year is similar to that for the same period in 1951, records at the Midland Fire Department reveal.

Blazes totaled 222 for the January to August 19 period this year as compared with 213 for the same period last year.

Record number of blazes for this year was 44 in the month of January. Total first for other months were: February, 35; March, 31; April, 30; May, 26; June, 32; July, 28; and August (up to the 19th), 18. For the year of 1951, a total of 366 fires were reported.

will be available to cotton cooperative marketing associations, where by the associations may obtain a loan on cotton on which such associations have made loans to their producer-members, the PMA official said.

3,000 Bales Produced
Last year, Midland County produced 3,000 bales on from 30,000 to 35,000 acres. In 1950, under allotment program, the county netted 12,000 bales on 29,500 acres.

"In a normal year, Midland County has some 40,000 acres in cotton," Champion said. He pointed out that in 1949, the last normal year for cotton in the county, a yield of 24,000 bales was realized from 48,000 acres.

YOU CAN'T FOOL A FOOD BUDGET!

Every smooth-running plan for economy knows that all-purpose **MRS. TUCKER'S SHORTENING** is triple thrifty. This ONE Shortening does the work of three. It is **BETTER** for baking, frying and seasoning. Pamper your budget and appetites with **MRS. TUCKER'S SHORTENING**.

Mrs. Tucker's IS THE CREAMIEST SPEED-MIX SHORTENING IN THE WORLD!

MEADOLAKE IS THE BETTER SPREAD FOR OUR DAILY BREAD

NOW, TIDE ACTUALLY WASHES WHITER THAN ANY BLEACH CAN BLEACH!

Yes, **TIDE** washes clothes even **WHITER** than soaking in bleach overnight!

New TIDE miracle! No need to bleach—except for stubborn stains!

YES! New laboratory tests prove Tide washes whiter than any bleach can bleach! Just put your wash in Tide's gentle suds... and all the white things will come out whiter than if you'd soaked them overnight in the strongest bleach! It's washday's big news!

SO SAFE TO USE! With all its amazing whitening action, Tide is really safe for all washables... the most delicate fabrics, the daintiest colors. Colors love Tide's gentle suds!

CLEANER CLOTHES, TOO—when you rinse out a Tide wash! No soap of any kind will get out so much grimy dirt, yet leave clothes so free of dulling film. Get Tide today! Remember, no other washday product—bleach, soap, or "detergent," will give you a whiter, cleaner wash than Tide!

NO OTHER WASHING PRODUCT CAN PROMISE ALL THIS!

WASHES CLOTHES **WHITER** THAN ANY BLEACH CAN BLEACH!

GETS CLOTHES **CLEANER** THAN ANY SOAP OF ANY KIND!

FOR HANDS THAN ANY OTHER LEADING "DETERGENT"!

So kind to hands!
So safe for all washable colors!

SO KIND, SO GENTLE! Yes, with all its cleaning and whitening action, Tide has an amazing new mildness. Not even the leading "detergents" made especially for dishwashing are so gentle and kind to hands as Tide!

ACTUALLY BRIGHTENS COLORS! For dramatic proof of Tide's safety, watch soap-dulled colors come brighter after just one Tide wash! Yes, Ma'am! You can trust even your daintiest wash-prints and pastels to Tide's gentle care.

SO THRIFTY TO USE! Such a little Tide makes such oceans of rich, long-lasting suds... goes so far in hardest water, it's a miracle of economy. Get Tide today, and next wash-day you'll rinse out cleaner, whiter clothes—with no bleaching!

Youth Center Chatter

By NANCY LOU KLINGLER

Here we are. We told you last week that we would be back this week and we were right.

Members of the Youth Center cleaned off the new Youth Center lot for clean-up week and they all did a very fine job of it. Of course, there still is more to be done so those of you, who are dying to pull weeds, just tell "Myrt" or "Fern" and they will be glad to let you help them with it. Maybe even do it!

Tuesday night there were many teen-agers out at the Harry James show which was sponsored by the Shrine Club of Midland. Everyone seemed to enjoy it very much.

Doggie Cooper and Max Schaefer informed us that they worked very hard in helping clean up the new lot. "Myrt" told us that they did. Since they did such a good job, the rest of you come and see if you can do that much.

Wednesday the Youth Center got four long wooden benches to go around the pool tables. They are 18 feet long and there is a little catch to it. As usual, they need painting. We bought them unpainted. So we need some expert painters up there to help paint them. The benches are supposed to hold about 40 people, so don't anybody start going to sleep on them.

Wednesday, the floor was waxed. It looks very nice so please be careful with the things that will spill. Don't go sliding in there, either, or they might be carrying you out on a stretcher because that floor is extra slick when it has been waxed.

Congratulations to "Pit" Pryor, who was chosen state-wide De Mo-

lay Sweetheart last Friday night. She sent her picture in and they all voted her picture. The De Mo-lays brought her up to the Western Dance Friday night, and presented her with some roses. We are all very glad that the honor came to a Midland girl.

In the second week in September the picture shows will start again. They were stopped during the Summer for the lack of an audience. We don't know the name of the first film but we shall tell you as soon as we find out.

There is to be a dance at the Youth Center on September 8. It will be a semi-formal dance, starting at 8:30 p.m., and probably lasting until 11 or 11:30 a.m. This is a date affair so, boys, don't fall down on the job.

The concession stand will open the day school starts. They are not taking you away from the cafeteria, so don't tell your parents that we are. If you prefer to eat over at the Youth Center you are invited to do so. "Myrt" will make his own hot-dogs this year and he says that they are very good. We haven't sampled them yet but we know that they will be, because if he can't make them, Fern can.

Fern is back from her vacation. She said that they had a wonderful time but were ready to come back. To those of you that don't know, she is the assistant director of the Youth Center and a wonderful person. If you don't know her, be sure and meet her.

"Myrt" is leaving for a two-week vacation Thursday, going to St. Louis, Chattanooga and other places. He plans on having a very good time and, knowing him, we are sure that he will. He also is going fishing in some mountain stream.

Mrs. Stanley Erskine and Mrs. R. W. Hamilton, who are members of the Senior Board, are to take over in the afternoon and some of the men of the board will take over at night time.

Jambalaya is the new hit record at the Youth Center. Jambalaya means on the bayou. Oh yes, the jukebox isn't allergic to those round pieces of coin called nickels. Be sure and feed the kitty and it won't give you music.

Roane Puett, who just returned from a cruise on the USS Wisconsin, won honors at the Kerrville Golf Tournament. The tournament lasted all week. Roane cruised in Scotland, France and Cuba before his return trip home.

There is a Junior Golf Tournament going on at the Midland Country Club. The last we heard Teddy Kerr and a boy from Abilene were in the lead. We sure hope that you win, Teddy.

The Midland High School Half-Timers have started practicing for the football games this Fall. They practice every night and we have heard that they are going to look very sharp. The Half-Timers will be led by Drum Major Barbara Ware and Majorettes Barbara Whitson, Lanetta Early, Jean Waddill and Retta Haulip. There is a va-

cancy to be filled where Margie Hensley was to march. The Hensleys are moving to Washington, D. C. Try-outs will be held for this shortly after school starts.

The band also is practicing every morning. Mills is having them to practice also every Tuesday night and Thursday night. The band should be all ready for football season when it comes.

Did you notice anything different about Sally Breeze? Well she has her face a little darker than usual. She got sunburned the first time by trying to bake and then the second time she played tennis all day long and it burned the sunburn that was already there. We feel sorry for her poor skin. Bet it was sore.

Sandra McMath wants her name in the paper but she told us that she just didn't want it in here for nothing so we can say that Sandra McMath was playing cards the other night at the Youth Center. Is that okay?

A former Midlander, Martha Piek, is visiting in Midland for about a week. It seemed she and Benny Bedford were really having a good time discussing the "kids" there. Corpus is the former home town of Benny and he knew all of the kids that Martha has met and they were really talking up a storm Friday night at the Youth Center. Fact is they were talking so hard that they were practically out in the middle of the dance floor.

The Western Dance turned out very good. It seemed everyone had a wonderful time. There was a very large crowd.

Penny Jones has been limping around like she was part dead or something, but we found out the reason. She has been twisting a little too much for her old bones to take. She, along with Shirley Henderson, Jane Calley and Sue Scaggs, are trying out for the extra place which was left by Margie Hensley. Good luck to you all and may the best one win. Hope that your bones get well, Penny.

Everyone is buzzing around like bees telling everyone their schedule for the new school year which is about to start. The seniors are the happiest. We don't know how come or why they are happy but they just are!

Midland's Stan Coker has been seeing a lot of the bowls lately. We mean, by that, he has been playing in several different bowl games. Football games. You know what we are talking about, don't you? He was playing in three in the last three weeks.

We were really shocked the other night when Robert Keating sat down at the piano and started making use of his talent for that one thing. We didn't know that Robert even could play and you are in for a big surprise, for he is very good. We must let you play more often, Robert.

Nancy Klingler is home from school. That is confusing isn't it? Well, there happens to be two Nancy Klinglers in this town. The one that we are mentioning is

UTILITY COSTS

More than one-fourth of all housing costs are devoted to utilities, such as fuel, lighting supplies, gas, electricity and water.

Nancy Rae Webb Klingler. Does that distinguish us apart? In other words she is Mrs. John Thomas Klingler, Jr., and she is my sister-in-law. She has been going to school in Boston at the Boston Conservatory for Music. John Klingler, my brother, is to be home in a week. He is a student at Massachusetts Institute of Technology—in other words, MIT. We are very glad to have you home, Nancy.

Now that you are all confused we will sign off by saying "bye-bye" and we will see you next week.

Sul Ross State College Set For Active 1952-1953 Term

One can enjoy both study and recreation at Sul Ross State College, located at Alpine in the cool, scenic playground of the "Alps of Texas."

R. M. Hawkins has been president of the institution since Sept. 1, 1948. He says the school is designed to meet the needs of young men and women who come to it regardless of the vocation or profession they may wish to pursue.

With a total valuation of more than three million dollars, Sul Ross College has enjoyed a remarkable growth that has been commensurate with the expansion of wealth and population in the area it serves.

Twenty-eight years ago in the first year of its operation the enrollment was 80 students. The college now serves more than 2,000 students a year.

The college has an enviable record in scholastic accomplishments and offers seven degrees, Hawkins says. Among the fields of study now receiving emphasis at Sul Ross are: range animal husbandry, geology, business administration, audio-visual, fine arts, health and physical education, teacher education, vocational and industrial courses, division of social studies, division of sciences and foreign languages and all phases of English.

The major sports of football, basketball, baseball and rodeo at Sul Ross are recognized nationally, while the program of intramural games is wide and varying enough in nature to offer opportunity for all students.

Unusual 'Beauty' Contest Planned At JayCee Event

In one of the most unusual "beauty" contests ever staged in Midland County, the homeliest man will be selected at the JayCee Play Day at 1:30 p.m. Monday, September 1, at Indian Park.

The homeliest man will capture a number of prizes, including an automobile and free vacation.

Nominations for the honor should be sent to "JayCees Play Day," Room 307, Crawford Hotel, Midland, Texas. The persons submitting the winning nomination will receive a \$25 savings bond.

Judges will include some of Midland's attractive girls.

Charles Lacy is chairman of the "Play Day" event, designed to give Midland County schoolchildren a "fun fling" before school opening.

Prizes, valued at several hundred dollars, will be awarded, including electrical pop-up toasters, 850 mantle clocks, wrist watches, costume jewelry, automobile tires, motor oil, and a 1952 Kirby Vacuum Cleaner made available by C. C. Sides of the Kirby Vacuum Cleaner Company at 203 South Main Street.

Present plans for the Play Day include a World Championship Donkey Softball game, greased pig chase, watermelon eating contest, pie eating contest and other competitive events.

TRADE BALANCE FAVORABLE

TAIPEI, FORMOSA —(AP)—The Chinese Nationalist had a favorable balance of trade of more than nine million dollars in the first five months of the year, thanks to increased production in all fields, the Ministry of Economic Affairs reports. Increased production was noted in rice, sugar, cement, salt, coal, textiles and fertilizer.

On-The-Farm Visits Become Hub For 1953 PMA Program

"Operation of the 1953 Agricultural Conservation Program will center around the on-the-farm visits of elected Production Marketing committees," W. E. Pigg, chairman of the Midland County PMA committee, said Thursday.

An election is presently in progress to name three new county committees and two alternates, Pigg said.

Mail balloting will end Thursday, with voting in the office of Charles Champion, secretary, at the Midland County Courthouse from 8 a.m. to 5 p.m. Friday.

Pigg said there are 380 farmers and ranchers in Midland County and each elected committee will have about 75 farms to visit.

Under the 1953 Agricultural Conservation Program, the assistance available will be directed to the most urgently needed conservation on the farm, Pigg said.

"In the field-by-field check, the conservation needs of the farm will be noted and the most needed conservation determined," Pigg said. "Farm plans prepared for the farm by the Soil Conservation Service or other agency will be considered in determining practices to be carried out in 1953 with Agricultural Conservation Program assistance."

Midland Boy Enters Children's Hospital

Jimmie Epp Leonard, Jr., seven-year-old son of Mr. and Mrs. Jimmie Leonard of Midland, has been admitted to the Scottish Rite Hospital for Crippled Children in Dallas.

The hospital was founded 27 years ago by Texas Masons to provide the best possible treatment for Texas' crippled children at no extra cost to the patient.

Since that time the hospital has treated more than 15,000 children in the wards and 68,000 clinical patients. The expert staff of doctors, nurses and therapeutic technicians carry on their corrective treatment through contributions from the public.

JayCees Will Hear Address By German

MONAHANS—A German student brought to this country to attend a term at Texas Western College in El Paso will give his impression of what he has observed in the United States at the Bilingual convention of Texas JayCees here Saturday and Sunday.

He is Dieter Kreplin, whose attendance at the El Paso school is an international relations project of the El Paso Junior Chamber of Commerce.

Kreplin served in the German Army in Poland and Russia in World War II.

Included on the entertainment program are the Pecos Lions Club band and a dramatic group from the Midland Little Theater. A Midland orchestra will play for the JayCee dance Saturday night.

The delegates from 17 West Texas cities will register at 10 a.m. Saturday at the Monahans Country Club.

Texas Gal Finds Lone Star Law No Help In California

WEST LOS ANGELES, CALIF.—(AP)—Said Municipal Judge Leo Freund: "Miss Norma Vickers, you are charged with double parking. How do you plead?"

In a dialect drawl, the beautiful defendant replied: "Y' Honor, in Texas we can double park as long as some one is in the car who can drive."

Gravely, the judge turned to John Rogers, assistant city attorney: "Mr. Rogers, does Texas recognize California laws?"

Just as gravely, Rogers answered: "No, your honor."

"That will be \$2, Miss Vickers," the judge went on. "And when you are in California, please do as the California laws say."

Miss Vickers paid, and stalked out before reporters could learn her Texas address.

San Jacinto Pupils To Register At MHS

Ninth grade students of San Jacinto Junior High School who failed to register at the proper time may do so by reporting to Room 120 in Midland Senior High School, it was announced Thursday.

Hours for registration are 8 a.m. to 5 p.m. for the remainder of this week, and students who have not enrolled are urged to do so at the earliest opportunity.

Seventh and eighth grade San Jacinto Junior High School students who were not in Midland public schools last year will register Monday and Tuesday at Room 120 of MHS.

The state capitol at Richmond, Va., was designed by Thomas Jefferson after the Malcon Carre, an ancient Roman structure at Nimes.

Modern Way to Control Roaches, Ants

Scientists Discover New, Easy Way To Kill Crawling Insects
WHY be bothered with crawling insects any longer? Now there is no need to tolerate roaches, ants, waterbugs or silverfish.

Science has just come forth with a new discovery, a colorless, odorless, stainless coating that controls these pests and that stays effective for months. It is called Johnson's NO-ROACH.

Just brush this liquid near cabinets, sink, and baseboards to kill roaches and silverfish. Applied to these spots, the coating attracts roaches. They will walk across it contacting the chemicals. Within two or three hours they become paralyzed and die. The coating stays effective for months to kill any strays and thus prevent reinfestation.

To kill the waterbugs that crawl into your home from sewer pipes, brush NO-ROACH around the drain openings in your basement.

Effective for Months
 To keep ants out of your home, brush NO-ROACH across window sills and door sills. Ants will not cross this invisible barrier. Pour a few drops into ant hills to eliminate their nests.

Roaches and ants are found near food and cooking utensils where contaminating sprays should not be used. Just brush Johnson's NO-ROACH where you want it, without having to move your pots and pans. Guard against crawling insects this modern NO-ROACH way.

Prices are 8 oz. for 89¢, pint for \$1.09, and a quart for \$2.09.

Daddy Ringtail

Daddy Ringtail And Poor Old Patrick Finnigan

Daddy Ringtail, your monkey friend, had gone to visit with the Huffen Puffen, the friendly wolf. The Huffen lives in a hollow tree house, up on the Elephant Path, you know.

The Huffen had cooked a very fine dinner, and the two friends were sitting down to eat when a knock came on the door. "I will see who it is, I will," said the Huffen, and he hurried to open the door, and what do you think he saw?

"Why, the man was little and skinnily with a neck almost like a match. His bow tie was neatly tied, and he held a hat straight out to the side like he was going to point at something, but he wasn't. He was going to sing, and he sang: "Poor old Patrick Finnigan! He has whiskers on his chinnegan! He pulled them out but they grew in again! Poor old Patrick Finnigan!"

Yes, and when the Huffen leaned forward to look, there! The Huffen saw three whiskers growing on Patrick Finnigan's chinnegan, and so after the man had finished his song, he swept his hat to the front and back again to the side. He bowed very politely. "Gentlemen," said he to Daddy Ringtail and the Huffen.

"Gentlemen, you are looking at the poor, unfortunate Patrick Finnigan."

"Are you really Patrick Finnigan?" asked the Huffen.

And to show that Patrick Finnigan is who he really was, again the stranger sang: "Poor old Patrick Finnigan! He has whiskers on his chinnegan! He pulled them out but they grew in again! Poor old Patrick Finnigan!"

Yes, and when the Huffen leaned forward to look, there! The Huffen saw three whiskers growing on Patrick Finnigan's chinnegan, and so after the man had finished his song, he swept his hat to the front and back again to the side. He bowed very politely. "Gentlemen," said he to Daddy Ringtail and the Huffen.

chinnegan! He pulled them out but they grew in again! Poor old Patrick Finnigan!"

The BIBLE

—Can You Quote It?

Copyright 1952
LAVINA ROSS FOWLER

1—The Lord thy God will hold thy right hand, saying unto thee, Fear not; I will. —Isaiah 41:13.

2—When did man first start blaming his mistakes on his wife? —Genesis 3:12.

3—Blessed is he that considereth the poor: The Lord will deliver him in time of. —Psalms 41:1.

4—Despise not the chastening of the Lord neither be weary of. —Proverbs 3:11.

5—Be watchful, and strengthen the things which remain, that are ready to die: for. —Revelation 3:2.

6—For we brought nothing into this world, and it is certain we can. —I Timothy 6:7.

7—Name the one decent man who kept the earth and all living things from destruction. —Genesis 7:1, 8, 1.

Six correct—excellent. Four correct—good.

For wisdom, courage and peace read the Bible daily.

WORKING WIVES

Eight million wives of the United States, or nearly one-fourth of all married women, have jobs outside the home, with one-half of these working wives being mothers.

Students At Carver Register On Monday

Registration dates for the 1952-53 year at Carver Schools were announced Wednesday by E. L. Jordan, principal.

All new students and junior and seniors will register from 9 a.m. to 3:30 p.m. Monday.

Freshmen and sophomores and all new students will register during the same hours Tuesday.

CARNIVAL

"Junior has a problem what to do with the money he earned this summer—whether to buy a motorcycle or get married!"

SIDE GLANCES

"If we could somehow project your mother into his dream world, he'd be glad to return to reality!"

GOP Labels 1952 Campaign Greatest In Dixie's History

ATLANTA—(AP)—Republicans will back up their high hopes of cracking the Solid South this year with the most intensive presidential campaign ever waged in Dixie.

In contrast to previous efforts of either party, an Associated Press survey shows Republicans preparing to campaign extensively at the precinct level in most of the 13 Southern states.

The usual mass appeal mediums—newspapers, radio, television and billboards—will be used as finances permit. But it is the planned telephone and door-to-door personal appeals that will introduce a new factor to Southern presidential campaigning.

Democrats on the other hand appear to be planning only their usual routine campaigns in behalf of their national ticket.

Because of their traditionally Democratic status, Southern states in the past have been pretty well ignored in presidential campaigns. To the Republicans it was hopeless and to the Democrats useless to waste campaign effort in them.

But now, in Dwight D. Eisenhower, the Republicans have a nominee with great popular appeal in the South. And in addition they have the support of many dissatisfied Democrats.

The situation has encouraged Republican leaders to think they have a good chance to carry five Southern states.

Primer On Ko-War GI Bill of Rights

Q. What's the rule on avocational courses under the new GI Bill of Rights?

A. A veteran may not take courses commonly considered as avocational or recreational in nature, unless the first submit justification to the VA, showing that the course will be of bona fide use in connection with his present or contemplated business or occupation. He has to have approval before he can start.

Q. How many changes will a veteran be allowed in a course under the new bill?

A. Only one.

Q. What is the rule on changes in courses?

A. If a vet makes his change before his deadline for starting training, he will not need VA's approval. However, if his progress was unsatisfactory, he will have to show VA that it was not because of his own misconduct, neglect or lack of application.

If a veteran wants to change after his deadline for entering training, he will need VA's approval. This may be granted if VA finds out that (1) he has not been making satisfactory progress in his present program through no fault of his own, and the program he wants to change to is more in keeping with his aptitudes and previous training, or (2) the program to which he wants to change is a normal progression from his present program.

Q. What's the rule about widows of Korean veterans being eligible for a guaranteed loan?

A. Un-remarried widows of men who served during the qualifying period and who either died in service or as a result of a service-connected disability qualify for GI loans.

Q. Can you get a guaranteed loan to buy an airplane?

A. Only if it's for use in your business.

Only State Races Up For Winkler Ballot Saturday

KERMIT—The second Democratic primary election Saturday will be almost a cut and dried affair here.

Only two men out of three on the ballot will be running with opposition. Frank P. Culver and Spurgeon Bell will contest for the vacancy in State Supreme Court No. 1. The third man, Martin Dies, is unopposed in the race for Congressman-at-large since his opponent has conceded.

County-wide elections were decided in the first primary when incumbents virtually had no opposition. Two county commissioners were opposed, but they won without run-offs.

Only four requests for absentee ballots had been received this week as compared to more than 100 at a similar stage of the race in the July primary.

Terse Verse

A cockroach lay writhing in pain, His pangs he could scarcely restrain. KNOX-OUT caused his trouble. He died "on the double" And nevermore haunted the drain.

Remember... **KNOX-OUT** **KNOCKS OUT BUGS!**

KNOX-OUT is a powerful, quick-acting Chlorine bleach that kills germs and keeps them from coming back. It kills all cockroaches, ants, flies, mosquitoes, and many other pests. KNOX-OUT, P.O. 1, N.C.

PROGRESSIVE CHEMISTRY FOR OVER A CENTURY.

Louisiana National Committee-man John Minor Wisdom, after a conference with Eisenhower, predicted the party will carry Texas, Florida, Virginia and Louisiana.

National GOP Organization Director Wesley Roberts added North Carolina to that list.

Most of the regular state Republican organizations are being assisted directly or indirectly by dissatisfied Democrats.

The state by state situation, as shown by the survey:

Alabama: For the first time since 1928, the Republicans will do more than go through the motions of campaigning. They have opened state headquarters in Birmingham and a Citizens for Eisenhower headquarters is planned in Montgomery.

South Carolina: State Vice Chairman Hans Koebig reports Republicans will set up headquarters in every county in which the party is organized—about 40 of the 46.

An independent "South Carolinians for Eisenhower" movement, however, is gaining momentum. Gov. James Byrnes is among the Democrats who have signed petitions to get an independent state of electors, pledged to Eisenhower, on the ballot.

The independent ticket would split the Eisenhower vote, but on the basis of past elections, probably would get many more votes from dissent Democrats than the regular Republican ticket could expect to get.

Arkansas: Planning to campaign on a much larger scale, Republicans will have state and district headquarters and organizations in every county. There is separate "Democrats for Eisenhower" organization.

Any Democratic campaigning will be directed by a new State Executive Committee to be named next month.

Florida: Florida is high on the list of states the Republicans hope to carry and an intensive campaign is certain. State Republicans expect Eisenhower to speak in Miami and St. Petersburg or Tampa in October, and Senator Richard Nixon to speak in Orlando and Jacksonville.

The Democrats have announced no campaign plans.

Georgia: Chairman Elbert P. Tuttle said the Republicans will conduct the most extensive campaign ever attempted in Georgia. State and district headquarters will be opened and local telephone and doorbell campaigning will be conducted by district committees.

A Democratic source said the Democrats probably will conduct a routine campaign.

Louisiana: National Committeeman Wisdom said, "We will make the most active campaign for Eisenhower that has ever been carried on for a Republican candidate in our state." Eisenhower is scheduled to speak in Louisiana.

Democrats are undecided on their course of action.

Mississippi: The state is in the unique position of having possibly three Eisenhower slates of electors on the ballot: (1) an independent slate; (2) the white Republican slate known as the "Lily Whites"; (3) the negro Republican slate known as the "Black and Tans."

White Republicans who registered first and under Mississippi law have exclusive use of the name Republicans, have warned that the division of Eisenhower support could cost him the state even if he should get the largest popular vote.

The Democrats also are in an uproar and may have two or more slates of electors.

North Carolina: Republicans put on a real campaign in this state in 1948 and are planning an even greater one this year. Chairman J. M. Bailey said,

"We will endeavor to organize our people from the precinct up."

He reported several Eisenhower clubs are being organized largely with Democratic membership.

Democrats plan to match the Republican campaign, and will concentrate on the Western centers of Republican strength.

Oklahoma: Republicans plan about the same type of campaign as in the past, with county headquarters in the North, where the Republican vote is large enough to be a factor. An independent Eisenhower group to attract dissident Democrats will be set up.

Democrats probably will concentrate on a get-out-the-vote campaign in the solidly Democratic Southern counties.

Texas: National Committeeman H. J. Porter, Houston oil man, said, "We will pull all stops and use all advertising mediums" in our campaign.

Porter said Eisenhower has promised to campaign in the state and the only question is how much time he will spend.

Democrats are not planning an extensive campaign.

Kentucky: Republicans usually campaign actively in Kentucky, and State Chairman Thurston B. Morton of Louisville said they hope to intensify the effort this year. A separate Democrats for Eisenhower movement is underway.

Gov. Lawrence Wetherby said the Democrats will stage an "active and aggressive" campaign.

Tennessee: State Chairman Guy Smith of Knoxville said Tennessee Republican plans are indefinite this time.

Chairman S. Floyd Landreth said Republicans will open state and district headquarters to carry the campaign to precinct levels. In addition, an independent Virginians-for-Eisenhower group already has set up 20 campaign offices in various sections.

Eisenhower will make at least one speech in Virginia and Nixon has been invited to campaign in the state. Democratic leadership is expected to endorse the national ticket and conduct a routine campaign.

Newcomer Believes Midland Could Become Health Resort

Midland may be overlooking a good bet in its potentiality as a leading health resort of the Southwest.

Stephen B. Rice, 707 West Tennessee Street, is convinced that this area is a fine place for those who suffer from asthma or sinus trouble. He said, "I am able to breathe since I came out here six weeks ago from Colorado. If you can't breathe, life isn't worth very much."

Since coming here, Rice has noticed a marked improvement in his condition. He hardly sneezes any more, and he has cut down his daily use of eight or 10 handkerchiefs to one or two a day. He came here for his health, and he said "If it hadn't agreed with me, I would have gone on to Arizona."

Rice works as a desk clerk at the Crawford Hotel. He came West from New Haven, Connecticut, where, as he phrases it "my family does not believe the U. S. extends west of the Hudson River."

IF YOU LIKE TO USE BOTTLED STARCH

You can make your own for **1¢ a quart** (save about 25¢ a quart)

A RECIPE FOR BOTTLED STARCH

- Put 1 quart of water in a 2-quart pan and bring to a rolling boil.
- Mix 1/4 cup (4 Tablespoons) Faultless Starch with 1/2 cup of cool water, until the thickness of light cream.
- Slowly pour this mixture into the boiling water while stirring. Boil for 1 minute. This is important—it keeps the starch from separating.
- Add 1 quart of hot faucet water and stir well. This keeps it from forming.
- Pour into jars that can be tightly closed. Cover canning jars are ideal.
- Allow to cool to room temperature, then place in the refrigerator. Will keep sweet and fresh for at least 10 days. Shake well before using.
- Use "on lo" for a medium-heavy starch. Dilute to suit with water from hot water faucet for lighter finishes.

Better Bottle Starch Use FAULTLESS STARCH

Perfect for regular OR bottle starch.

- Contains ironing aids to make ironing smooth and easy!
- No preservatives to turn yellow after ironing.
- Why pay around 25¢ a quart for a bottled starch when you can make your own, right at home, for a penny a quart?

Represent All Voters

There's considerable talk in the country today about devising a simpler, more direct, more truly representative way of choosing our Presidents.

Some people want to abolish the electoral college, some want to abolish the national conventions, some would do away with both.

Roscoe Drummond, writing in The Christian Science Monitor, presents still a third idea, and it deserves attention.

He points out that as things now stand only 16 of the 48 states have presidential preferential primaries. Which means that about 60,000,000 citizens have no direct voice at all in choosing their parties' presidential nominees.

That, in turn, means that a majority of states and a minority of voters have an undeservedly big voice in the nominations. That's because of the psychological influence which attaches to this relatively small slice of voters and states as being the best available cross section of opinion.

So what Drummond and others advocate is a national advisory presidential primary, with all states participating and all eligible voters represented.

That sort of a primary set-up would certainly leave the national conventions in no doubt whatsoever as to what candidates the voters favored. As things are, doubt seems to be what there's the most of.

Drummond questions, for instance, whether Eisenhower would have beaten Taft in a national Republican primary. He's also not sure that Stevenson would have won out over Kefauver in a contest determined entirely by all Democratic voters.

"All I am saying and all that the advocates of a national presidential primary are saying," Drummond writes, "is:

"That the voters of both parties—who are the real owners of our political parties, not the professional politicians—deserve to have an orderly, authoritative, available opportunity to register whom they want their party to nominate.

"That is a right, not a privilege, and that if the political professionals continue to deny this right they soon are going to get into trouble with the voters."

Drummond believes national primaries should be only advisory, to begin with, until they have proved their worth. It might turn out, for instance, that not enough people would vote in such primaries to give them authority and real representativeness.

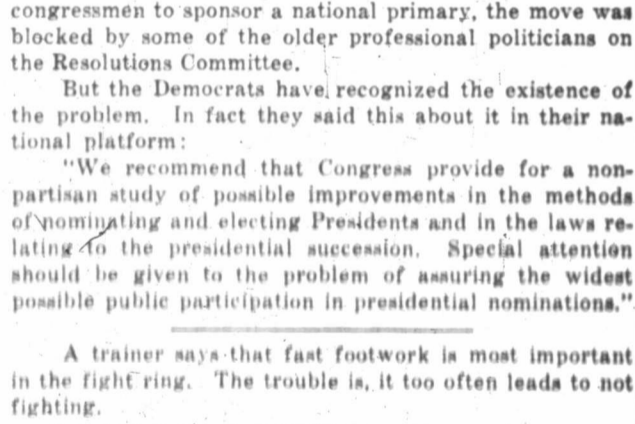

Perhaps Congress should go outside its own halls and select a commission to make an impartial survey on the problem. Already, despite the urging of 53 Democratic congressmen to sponsor a national primary, the move was blocked by some of the older professional politicians on the Resolutions Committee.

But the Democrats have recognized the existence of the problem. In fact they said this about it in their national platform:

"We recommend that Congress provide for a non-partisan study of possible improvements in the methods of nominating and electing Presidents and in the laws relating to the presidential succession. Special attention should be given to the problem of assuring the widest possible public participation in presidential nominations."

A trainer says that fast footwork is most important in the fight ring. The trouble is, it too often leads to not fighting.

FUNNY BUSINESS

"I keep 'em on the line with the pockets turned out—it keeps collectors away!"

Mr. O'Dwyer's presence continues to be damaging to Mexican-American relations. —Mexico City merchant Carlos Solis, commenting on the American ambassador to Mexico, William O'Dwyer.

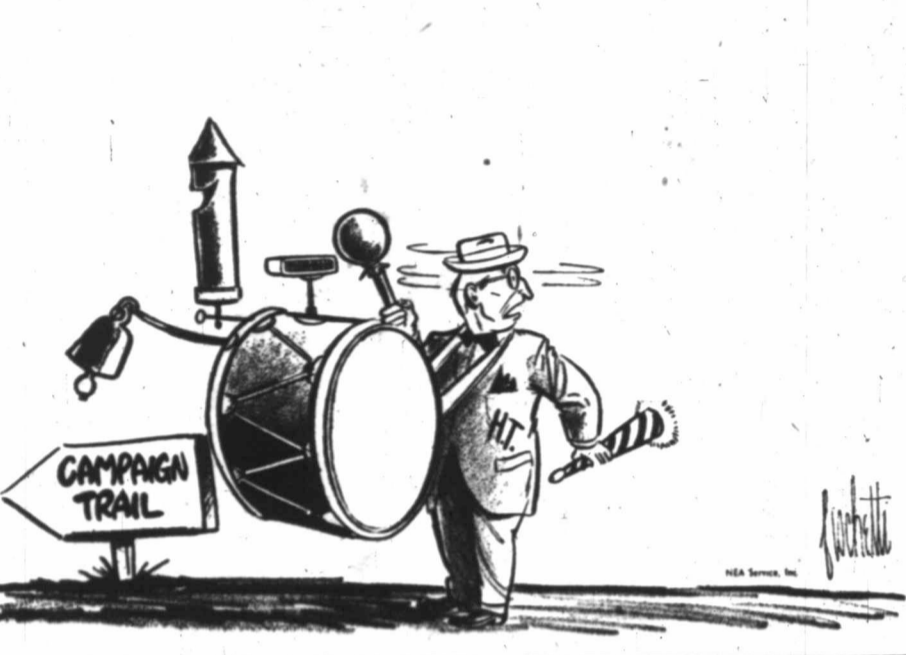

It is particularly agreeable to me that in this late date in my life I can pass from a profession of destruction to one of construction. —Gen. Douglas MacArthur

I do not know what to expect from Army life, but I guess few other fellows do, either, when they are inducted. —Arthur Weinfeld, America's one-millionth draftee.

In 65 per cent of the cases when polio is treated by my method in the early stages, its effects are minimized in the invaded areas. —Sister Kenny, Australian nurse.

Discrimination is a form of leprosy that imperils the foundations of the democratic institutions and there is no reason to hide it. —U. S. Ambassador to Mexico, William O'Dwyer.

'Where's Everybody?'

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.) Sen. Kefauver says: My campaign was a great experience; understanding friends made defeat easier; our cause was not lost.

MEMPHIS, TENN. — During the last few weeks, I have been resting from the hardest campaign of my life. I lost the campaign, but my faith in the basic greatness of the American people has been increased tremendously by this experience.

I don't want anyone to get the impression that I enjoyed losing. I don't like to lose, any better than the next fellow. It was especially hard to lose in this case, when we had been at it for so long and my friends had worked so hard for me.

When the Democratic convention was over, my wife Nancy and I came to McMinnville, Tenn., to get some rest in the country on a farm of a good friend of ours, Cowan Oldham. I didn't want to talk about the convention when friends came to see me, but the subject always seemed to come up, and to be frank I think I brought it up as often as anyone else. I couldn't sleep at night, although I tried to relax my mind and get good and tired swimming, fishing, and boating with the children.

I would keep going over the events of the convention in my mind, trying to see where I could have changed things by taking a different course. Should I have held out and tried to deadlock the convention? Did I do right in going to the convention hall to withdraw? Should I have advised my friends to vote differently on some of the issues?

"Stop worrying about it Estes," Nancy told me at last. "You did your best and the people realize it. They believe in you regardless of the outcome."

My friends were very understanding. They wrote me thousands of encouraging letters from every section of the nation. Those who lived near enough came to see me. When I went to Memphis to make a radio and television talk, they gave us such a welcome and were so thoughtful of us that I began to feel for the first time that things weren't so bad after all.

Rewards of Campaign I began to see some of the good things that came out of our campaign, even though we were beaten. Campaigning across the nation is a tremendous experience. I should certainly be a better equipped senator.

As each delegation cast its vote, memories crowded in on me of long, hard campaigns. In the hot sun of California and Florida, through the cold snow of New Hampshire, Wisconsin and Nebraska. I remembered the courage of free people fighting against distasteful and selfish political machines, and the enthusiasm of inspired young citizens who had never taken an active part in politics before. I remembered victory celebrations with New Englanders, with middle Westerners and far Westerners; and I remembered one or two post-mortems when we were beaten.

I do not think these good people who supported me lost what they were fighting for. They had a lot to do with the Democratic Party presenting a sound and progressive platform. Also, I have a deep conviction that many beneficial reforms such as a federal presidential primary law will emerge.

Have A Laugh

By BOYCE HOUSE A merchant who was being pressed for the payment of a long overdue bill wrote back: "I want to pay this bill and I will pay it, eventually. But if the Angel Gabriel was to blow his horn now and I was no better prepared to see the hereafter than I am to pay this bill, I would go to hell as sure as shooting."

What's RIGHT? When you are marketing in a house dress you run into an acquaintance who is so dressed up you feel embarrassed at the way you look. WRONG: Apologize for your clothes and say that you had hoped you wouldn't see anyone you knew. RIGHT: Don't apologize. Women who are always apologizing for how they look are never charming.

LITTLE LIZ There was a general gasp of astonishment. Then each of her listeners tried to make helpful suggestions for disposing of the money. "Gee, with that we could get an automobile, I should think," Ted offered hopefully. "Oh, Mom, couldn't we go away this summer on a real trip?" Eleanor so expressed her longings. "We could put in a new furnace with some of the money," Harry spoke slowly. He was waiting to see if Louise would turn the case over to him. That was his idea of the proper thing for a wife to do, and yet he hesitated to tell her so.

LOUISE WESTON, avoiding her husband's eyes, was explaining her plans to the children. She was going to an art school on West 10th Street. "That will be for three or four days a week. Then, because we haven't room enough in the house for a study, Ted asked seriously, 'Isn't nice to have around anyway, I've rented a room that can be fixed up as a studio.' "Oh, Mother, what fun!" Eleanor cried entranced. "Will you have parties there like a real artist?" Ted asked seriously. "Well, maybe, but I'll be working very hard trying to be a real artist myself."

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

Very seldom do you get the chance to make the same type of play in a single hand for three different reasons. This happened, however, to Fred Sheinwald in the recent tournament at Secandaga Park, N. Y.

West opened the ten of spades, and East naturally played the king. Sheinwald played low instead of winning the trick. He hoped that East's king was a singleton, in which case East would have to shift to a different suit, leaving the ace of spades in the South hand.

This was actually the situation, and East shifted to the ten of hearts. Sheinwald played a low card on this trick also, but his reason was different. If West held both the ace and queen of hearts, the situation was hopeless.

West would then be able to establish and cash the spades. If

West had only the ace of hearts, but not the queen, there could be no harm in playing low on the first round of that suit. After all, the ace might be blank.

Once again luck was with declarer. West had to win with his blank ace of hearts. West returned a spade, and South won with the ace. He then led a low diamond from his hand. West played the eight of diamonds, and Sheinwald played a low diamond from the dummy instead of trying to win the trick.

The reason this time was that at least one diamond trick had to be lost no matter how favorably the diamonds were located. Declarer just wanted to make sure that he lost a diamond trick to East rather than to West. Since the eight of diamonds was the lowest outstanding card of that suit, Sheinwald could feel fairly sure that East would be obliged to win the trick.

This again, was a good guess. East won with the ten of diamonds and returned another heart, allowing declarer to win a finesse with the jack. The diamond finesse now brought in the rest of that suit, and declarer made ten tricks for a top score.

Q—The bidding has been: North South East South West 1 Diamond Pass 1 Heart Pass 1 Spade Pass ? You, South, hold: Spades 7-2, Hearts K-Q-7-4, Diamonds K-Q-7-6-3-2, Club 6. What do you do? A—Bid four diamonds. This unusual leap suggests unbalanced distribution and very good support for diamonds. North is expected to go on to game with almost any kind of opening bid. If North has enough ace, he should either suggest a slam or simply bid one.

WASHINGTON COLUMN

Record Living-Cost Increase Predicted For BLS Price Index

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The biggest monthly increase in the cost of living since the start of the Korean war now is predicted for the July report on the Bureau of Labor Statistics' consumers' price index. This report will be released about August 25.

This cost-of-living index for June 15, 1952, stood at 189.6, an all-time high. The biggest monthly increase of the Korean war period was the 2.3 point jump from Jan. 15 to Feb. 15, 1951. An increase of that size now would put the index around 192.

It would mean another wage increase for the last quarter of the year for all General Motors and other union labor contracts having an automatic cost-of-living adjustment clause for its pay scales.

This would be definitely inflationary, if it touched off new demands for compensating wage increases by unions whose members are not working under contracts providing for automatic cost-of-living adjustments.

The July 15 cost-of-living index increase was forecast accurately by the preliminary mid-month report on food costs. This BLS estimate, based on advance reports from eight cities, put the food index at 235.1.

This July increase was attributed to an 18 per cent rise in egg prices and a two per cent rise in dairy products prices, both attributed to recent drought. Pork, lamb and poultry prices also were up, more than offsetting slight drops in beef and fish.

Index Is Big Riddle The new monthly report also is expected to reflect some increases in the prices of fresh, canned, frozen and dried fruits and vegetables. They all were decontrolled on July 1 by the new Defense Mobilization law, passed by Congress in June.

The big riddle, of course, is what the cost-of-living index will show for the report month ending August 15. Some government price experts think the index will level off and even maybe show a slight decline.

But if the index shows another jump like that from June to July, then the pressure for calling Congress back for a special session, to toughen up the price control law will be hard to resist.

President Truman's policy on this special session business seems to be one of watchful waiting. The August 15 price report, which will be published about September 25, should give the tip-off.

By that time there also will be a clearer picture of how many cities are going to retain retail controls. Sharp retail increases, plus price increases, might start the howl again for more controls.

Ex-Oov. Ellis Arnall's blast from the White House steps—when he simultaneously submitted his resignation as director of price stabilization and demanded a special session of Congress to deal with inflation immediately—fell on deaf ears.

He was the only one excited about the danger. He was tired and discouraged from the beating he took on the steel price rise. Nobody else

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades 9-8-6-3, Hearts A-Q-7-4, Diamonds 5-6, Clubs 6-5-2. What do you do? Answer Friday

Q—What country inaugurated an old-age pension program? A—Germany in 1889.

Q—What American postal establishment the Canadian postal system? A—Benjamin Franklin.

Q—Did the United States retain Corregidor after the Philippines gained their independence? A—No.

Q—Why are the Virgin Islands important to the United States? A—As a military and naval base in the Caribbean Sea and for guarding the Panama Canal.

Q—What country inaugurated an old-age pension program? A—Germany in 1889.

Q—What American postal establishment the Canadian postal system? A—Benjamin Franklin.

Q—Did the United States retain Corregidor after the Philippines gained their independence? A—No.

Radar Not Only Finds Discs, But 'Angels' Appear As Well

WASHINGTON—(AP)—Dr. Robert M. Page, who declares he built the world's first radar in 1924, says that if it weren't for the speed of those strange blips noted on some radar sets in "flying saucer" con-

scious Washington he'd be inclined to lump them with the mysterious "angels" which have popped up on radar screens ever since the invention's infancy.

The newly noted blips are ascribed to "something" moving at 100 to 3,000 miles an hour. The "angels" are slow pokes.

"Angels"—which also appear as blips—have been ascribed to such various things as atmospheric phenomena; large insects or spiders, wafted aloft by winds; and even high-flying cobwebs—but no ra-

darman definitely has pinned them down.

Just Hover Around
The "angels" are said to "fly" at speeds up to three miles an hour, although they sometimes reportedly just hover. They're not known to give visible light.

Dr. Page is associate director of electronics research at the Naval Research Laboratory here and is called "the father of American radar" by Navy scientists. He says he believes the unexplained blip apparitions recently reported in the nation's capital could be caused by unusual conditions in the atmosphere.

But radar's "angels," he theorizes, are caused by "some material object, such as large insects, small spiders or spider webs."
Birds, he says, are all stuff and are no puzzle to a radarman. Dr. Page says he believes he was the first man ever to spot a bird by radar during a 1939 shakedown trial of the first naval radar set built in the United States aboard the historic battleship New York.

He Waxes Poetic
Page says he saw his first "angels" in 1944 when looking at radar equipment set up by M. W. Baldwin, Jr., of the Bell Telephone Laboratories at the Navy's Chesapeake Bay Research Station.

"They appeared," he recalled, "to be reflections of something drifting with a very slow wind at various heights between 100 and 1,000 yards, and they would disappear for a time and then come back again." Other "angel"-spotters have pegged them at altitudes up to 3,000 yards.

Baldwin, in a published account of the "angels" over Chesapeake Bay, waxed somewhat more poetic. He said:

"When a fully automatic tracking antiaircraft radar follows an 'angel' the motions are what you might call majestic."

NOTHING IS MORE IMPORTANT TO MIDLAND COUNTY THAN THE HEALTH OF ITS CITIZENS. I PROMISE YOU THAT I WILL WORK FOR A PROGRESSIVE, CONTINUING HEALTH AND SANITATION PROGRAM.

O. J. HUBBARD

candidate for

County Commissioner
Precinct 1

(Pol. adv. paid for by O. J. Hubbard)

Kermit Sets City Ballot

KERMIT—Fourteen men are seeking posts as city councilmen in a special election set for September 8, Jim Tuggle, city secretary, reports.

The election was called after residents of Kermit voted in favor of changing the present commission form of government, including a mayor and two commissioners.

The three men elected September 8 will serve until April 1, 1963. The present commission was elected April 1. It is composed of Mayor Frank Williams and Commissioners Harvey Mitchell and W. L. Edwards.

The 14 candidates for the three positions to be created are W. L. Arnold, Steve Baldwin, J. W. Brundlow, A. R. Carr, W. L. Champion, C. M. Chastain, L. L. Deaton, J. Dickson, E. O. McIver, W. L. Rascoe, W. H. Spears, T. Spinks, P. E. Stokes, and J. M. Waddell.

Voting will be held in the City Hall.

Crane To Observe City's Anniversary

CRANE—State Senator Dorsey B. Hardeman of San Angelo will be the principal speaker at Crane County's twenty-fifth anniversary August 30.

Events will include a bicycle parade, an art exhibit, box supper, baseball game, dance and match roping competition.

The schedule:
9 a.m. to 10 a.m.—Bicycle parade.

9 a.m. to 5 p.m.—Art exhibit in the new annex of the Community Hall.

10 a.m. to 11 a.m.—Kids races at the football stadium.

2 p.m.—Little League All-Star game at the baseball field.

4 p.m. to 8 p.m.—Games in County Park.

8 p.m.—Box supper in County Park.

8 p.m.—Recognition of Old Timers. Steve Thomas will be master of ceremonies.

8:30 p.m.—Public speaking program. Hardeman, main address at County Park.

9:00 p.m.—Square dance in the Community hall. Match roping in the roping arena north of town.

Culver Cites Record In High Court Race

FORT WORTH—The only candidate in the race for the State Supreme Court with judicial experience, Justice Frank P. Culver of Tarrant County says:

"I respectfully offer my record of 21 years service as district judge and appellate judge as the basis for asking promotion to the state's highest court."

Culver, veteran of both World Wars, was high man in the first primary and led his runoff opponent in two-thirds of the counties. The primary is Saturday.

PMA Panel Named In Crane County

CRANE—Three members and two alternates have been selected to the Crane County Production Marketing Association committee, Maxine Moan, administration officer, has announced.

Selected were: Glenn Allen, chairman; Cannon Lyles, vice chairman; Hawley Van Court, member; K. P. Looney and Tom Barnsley, alternates.

The committee administers the PMA program, which has expanded to include soil conservation practices, price supports, loans, federal crop insurance and production guides.

BOARD TO MEET

CRANE—Valuations of property within the city limits of Crane will be set by the Board of Equalization in sessions from 8 to 10:30 p.m. September 2, 3, and 4. It was announced by J. K. Price, city secretary.
