

Hurricane Slams Into South Carolina

Storm Center Aims Straight At Charleston

CHARLESTON, S. C. —(AP)— Hurricane Able slammed into the South Carolina Coast Saturday night. Power lines were ripped out in the areas of the blow and there was no estimate of the initial damages.

'A REAL TEXAS DOG'—Dying wish of L. (Little Man) Bryant, six-year-old Samson, Ala., child, ill since birth, was to own a "real Texas dog." Arrangements had been made with Frank H. Rose, general manager of the Midland Humane Society, to ship "Poncho" to him, but the child died before this could be done. "Poncho," a stray mutt, is pictured with Rose.

Little Man's Dream Almost Comes True

"Poncho," a year-old black and white dog, still was without a home Saturday. And a little Alabama boy was dead without knowing his dream of owning a "Texas dog" almost had come true.

Latin-American Dies In Barroom Shooting

Juan Canales, a 60-year-old Latin American, was shot and killed shortly after midnight Sunday during a barroom quarrel in the Latin-American section of the city.

Long Vacation Ends Tuesday For 7,300 Young Midlanders

Some 7,300 Midland youngsters will begin a back-to-school trek at 8:30 a.m. Tuesday, ending a three-month summer vacation.

Iowan Seeks Tom Clark's Resignation

WASHINGTON —(AP)— Representative Gross (R-Iowa) demanded Saturday that Associate Justice Tom C. Clark resign at once from the Supreme Court—and that President Truman call for his resignation if he fails to submit it.

Fliers Killed In Jet Crash At Air Show

DETROIT —(AP)— Tearing itself apart above 37,000 spectators, an Air Force F-89 Scorpion fighter crashed at the International Aviation Exposition here Saturday, killing the pilot and his radar observer.

YOU MAY HEAR FROM OVERSEAS!

News dispatches direct from Europe concerning former West Texas and friends and relatives of West Texans will appear soon as a special weekly feature in The Reporter-Telegram.

Midland Geologists Reported Critical

Robert N. Conkling, independent Midland geologist, was reported in a critical condition in Midland Memorial Hospital Saturday after having been overcome eight days earlier by carbon tetrachloride fumes.

Heat Wave Returns To Midland Sector; Mercury To 101

The showers-produced cool spell became abbreviated in Midland temperatures ranging to 101 degrees at 3 p.m. Saturday. The mercury shot up from a 71-degree minimum.

LATE NEWS FLASHES

AUSTIN —(AP)— Texans hit the road for the long Labor Day weekend Saturday, and at least eight of them had died on the highways before midnight. Three other violent deaths raised the weekend toll in Texas to 11.

Air Force Association Cites Johnson And O'Mahoney

DETROIT —(AP)— The Air Force Saturday night designated two Democratic senators, Lyndon B. Johnson of Texas and Joseph C. O'Mahoney of Wyoming, as aviator's men of the year.

Former Residents Attend Crane Fete

By DOROTHY HENDRICKS Special Correspondent The only present Crane residents who signed the original petition calling for the organization of a county, led the bicycle parade in a bright red convertible automobile.

Bribery Charged In Huge Veterans Housing Program

WASHINGTON —(AP)— A congressional committee Saturday charged widespread irregularities, including bribery and favoritism in administration of the huge veterans housing program.

Johnson Condition Said Satisfactory

Condition of Dr. Homer B. Johnson, 46-year-old Midland physician, was reported as satisfactory Saturday by hospital attendants at Abilene.

Sabre Jets Boost August Kill As MIG's Come Out Of Hiding

SEoul —(AP)— American Sabre pilots reported they shot down five and possibly six Communist jets Saturday and damaged 17 of a force of 100 MIG's over Northwest Korea.

HARRY STARTS MOVING EARLY

DETROIT, MICH. —(AP)— The American Veterans of World War II acted upon a lot of routine matters at their convention here Saturday.

Play Day, Baseball Highlight Midland's Labor Day Holiday

Most retail business establishments, service firms, banks, the Post Office, professional concerns, oil company offices, and city, county, state and federal offices will be closed Monday in observance of the Labor Day holiday.

Explorers Marooned In Greenland Waste

COPENHAGEN, DENMARK —(AP)— Four British scientists on an Arctic expedition to Greenland were reported marooned Saturday in the uninhabited northeastern section of the ice-capped island.

Iran Spurns U. S., British Plan To Settle Oil Dispute

TEHRAN, IRAN —(AP)— Premier Mohammed Mossadeq Saturday night flatly rejected a three-point proposal from President Truman and Prime Minister Churchill for settlement of the Iranian oil dispute that would have put millions of dollars in Iran's almost bankrupt treasury.

### Wag Climbs Tower To Drape 'Justice'

LONDON—(AP)—Someone draped a black cloth on the figure of Justice atop Old Bailey—home of London's Central Criminal Court—early Saturday.

Startled police guessed the person responsible had an off-beat sense of humor or a grudge against the British judicial system.

The newly gilded figure—one of London's famous landmarks—was not damaged. The 12-foot statue stands 200 feet above the ground surmounting the court building.

The climber made use of scaffolding erected outside the dome of the building for repair work. Even with that help police said, the climber feeling his way along in the dark took a terrific chance.

Workers removed the cloth after daybreak.

### Midland Theaters To Conduct Drive For Polio Victims

manager of the Midland theaters, announced Saturday his theaters will participate in the 1952 Texas Theaters Crippled Children's Fund for Gonzales Warm Springs Foundation with audience collection from August 31 to September 2.

Collections will be handled by the following civic clubs at respective theaters: Yucca Theater, Kiwanis Club; Ritz Theater, Fraternal Order of the Eagles; Tower Theater, Optimist Club; Chief and Fiesta Drive-In Theaters, Lions Club.

Screen Star Joan Crawford and former Gonzales patient Beverly Mills of Smiley, will appear in the special theater movie produced at RKO Studios by director Davis Miller, Mrs. Crawford, a native Texan, makes the appeal for financial aid for the treatment center where Texas of every race, color and creed are treated for polio and other neuromuscular diseases.

R. J. O'Donnell, vice president and general manager of Interstate Theaters, and Col. H. A. Cole, head of Allied Theaters of Texas, are co-chairmen of the theater fund. In announcing the third theater-sponsored polio drive, O'Donnell pointed out that this year, more than ever, treatment money is needed at the Texas hospital.

Midland residents may contribute at the theater collections or may make checks payable to the Texas Theaters Crippled Fund and mail them to headquarters at 1809 National City Building, Dallas.

All funds collected will be used in Texas for treatment of young polio victims.

Mid-West Lumber Company Observes Fourth Anniversary

The Mid-West Lumber Company, located at 2010 West North Front Street, is celebrating its fourth anniversary, Joe B. Wright, the owner, announced Saturday.

Mid-West Lumber has a complete line of Seldite paints, builders hardware and all grades of lumber including redwood, yellow or white pine.

Leonard Harris is the yard foreman and Carroll Stroud, accountant. This firm is known for fine quality lumber, and Wright said he would do everything he could to keep that in the minds of his customers at all times. He cordially invites everyone to visit the firm during its fourth anniversary.

### ★ JOHNSON IN HOLLYWOOD ★

### Censors Watch In Hollywood When Couples Go To 'Sleep'

By ERSKINE JOHNSON NEA Staff Correspondent

Movies Without Popcorn: Olivia de Havilland in a blue negligee is brushing her hair and swapping dialog with British newcomer Richard Burton in a key scene for "My Cousin Rachel." The stars are letter-perfect in their lines, but Director Henry Kostar is worried because Olivia and Burton are framed against a four-poster bed.

He holds a conference with the cameraman and a few minutes later the camera set-up is changed. So when you'll see "My Cousin Rachel" in movie theaters you won't see the bed.

In real life when couples go to sleep, the sheets watch. In Hollywood censors watch. An Everglades swamp filled with quicksand has been constructed on the U-I lot for "Seminole," a story of U. S. cavalrymen and Indians in 1835. I arrive the set as Director Bud Boetticher is about to film a scene in which Rock Hudson, Richard Carlson, Jimmy Best and 14 stunt men sink "to the sucking mire."

It's done by means of a hydraulic "jack," hidden under ground cork and there's tension in the air as the camera turns.

When the lights go on and a rescue man in a diving helmet reports that all the actors are safe, Boetticher, who directed "The Bull-Fighter and the Lady," sighs, "Bulls are safer."

MGM Economy: Elizabeth Taylor, Fernando Lamas, William Powell and Gail Young are the principals at work in MGM's "The Girl Who Had Everything." Lamas, on one side of the room, and Gail, sitting with Lita and Powell on the other side, are bidding against one another for a thoroughbred yearling.

Extras crane their necks as the stars start at \$10,000 and raise their bids. At one point, Lamas exceeds the figure in the script and the director calls for another run-through before trying for a "take."

"Twenty thousand, 40 thousand," shrugs Lamas. "Who cares?—It's MGM's money."

Betty Grable, John Carroll and Dale Robertson, coached by Jack Cole, are in the midst of a dream ballet sequence for "The Farmer Takes a Wife" at Fox.

Shapely Betty is dressed in filmy, transparent draperies and there's nothing to indicate that the story takes place on the Erie Canal in 1850.

When I ask about it, I'm told that Betty is indeed a period heroine. "It's just that she has modern dreams," my studio informant explains.

Ida Lupino, dressed as if she were on her way to a lawn party, is directing Edmond O'Brien and Frank Lovejoy for a tense, brutal scene in "The Difference." It's the story of a maniacal killer, played by Bill Talman, who kidnaps two businessmen on a fishing trip and holds them as hostages.

Says frail, delicate Ida: "All I can say is that I hope my next film will be against the background of a French boudoir."

That TV Influence: "The Pony Express" company is shooting outdoors on the Paramount lot and there are more than the usual quota of visitors on hand to watch Charlton Heston, Rhonda Fleming, Jan Sterling and Forrest Tucker at work in front of the studio's permanent Western town.

Wranglers guide horses past the camera and dust clouds rise from the ground as a prelude to a gun fight between Heston, as Buffalo Bill, and Tucker, as Wild Bill Hickok.

A small TV-minded boy who is watching the scene with his parents suddenly blurts it out: "If that's Wild Bill Hickok, where's Andy Devine?"

Pretty Debra Paget, whistle stuff in emerald-green leotards, and a group of dancers are being put through their paces by Dance Director Nick Castle in a musical number in the Bonus biography, "The Stars and Stripes Forever," at Fox. As the dancers rehearse, the camera follows them as it will when actual shooting begins. This is Debra's first chance as a musical comedy queen and I'm told that the voice rising from the play-back machine is her own.

"But not her costume," whispers a studio onlooker. "Betty Grable wore it a couple of pictures back."

### Sailors' Morale Safe Now; Navy Censors Comic Books

SAN FRANCISCO—(AP)—Twelfth Naval District sailors whose literary taste runs to comic books Saturday found their source of supply restricted.

Seven comic books, assailed as "designed to undermine morale," have been placed on a list by the district, which advised officers to keep them out of the hands of susceptible sailors.

A Navy spokesman, who declined to name the books because they were "classified," described the banned books as "stressing fear," but not necessarily subversive.

He cited as example one comic showing two servicemen on a grave digging detail. One says to the other, "All I've done since I'm out here in Korea is burying my buddies." The other replies, "Better than being shot at the front."

A magazine dealer, W. J. Seeley, told reporters the larger distributors were ordered by the Navy about two months ago to stop sending "comic of war" comics to shore exchanges and ships.

"All they got now," another distributor said, "is weird stuff, supernatural, Westerns and kiddie comic books."

### Touring Lawmakers Plan Okinawa Stop

TAIPEH, FORMOSA—(AP)—Eleven U. S. congressmen left Formosa Saturday for Okinawa on their way to Korea.

Rep. Dewey Short (R-Mo) said during their one-day visit on this Chinese Nationalist island the congressmen sought "the answer to the \$64 question—how to pull out of Korea, and still save face."

# Pair Of 'Ten Most Wanted' Men Nabbed; One In Texas

TEXAS CITY—(P)—FBI agents wounded, overpowered and captured Joseph Franklin Bent, Jr., 25, one of their 10 most wanted men, here Friday.

The husky Bent, charged in three states with armed robbery, assault and attempted murder is under 2½-year sentence for robbing a post office at Grand Junction, Colo.

He was placed in handcuffs and leg irons and taken to nearby Houston for arraignment on federal charges of unlawful flight to avoid prosecution.

Bent had boasted he never would be taken alive.

Agents located his house shortly before Bent drove by in a yellow Ford convertible. They stopped the car, but Bent got out and started to run.

His flight was stopped by a slight flesh wound in the right thigh. FBI Agent A. F. Lorton, Jr., said that

even after he was shot the unarmed Bent fought viciously with officers before he was subdued.

Woman Arrested

Texas City police arrested an attractive brunette woman at Bent's apartment. They booked her for investigation as Alicia Larraga, 24, of Monterrey, Mexico. She said she was of Mexican parentage but a native of the United States.

FBI Director J. Edgar Hoover said the six foot one inch Bent is wanted in San Diego, Calif., for armed robbery and attempted murder.

Bent had been working as a pipe-fitter for Belco Engineers, a Texas City caribee concern.

The intensive search for Bent had been conducted from California through Wyoming to Ohio, throughout the Southwest and into Mexico.

Lorton, who heads the FBI Houston office, said a tip was received

## Air Force Expands Training Programs

SCOTT AIR FORCE BASE, ILL.—(P)—The Air Force will soon expand pilot training production to 10,000 men annually under a new program, the Air Force Training Command announced Saturday.

The present program calls for 7,500 newly trained pilots a year.

Beginning in November all pre-flight training will be centralized at Lackland Air Force Base at San Antonio, Texas.

Ten other Air Force bases, previously used for such training, will handle only actual flying training under the new program.

## Goodrich Pact Ends CIO Rubber Strike

AKRON, OHIO—(P)—Headquarters of the CIO United Rubber Workers announced Saturday the ratification of a strike-ending agreement with B. F. Goodrich Company, affecting 16,000 workers in Akron and eight other cities.

Maintenance workers started entering the Akron plant, where 11,000 are employed, to prepare for production after the Labor Day holiday.

Other plants besides that in Akron, are in Miami, Okla., Los Angeles, Clarksville, Tenn., Oake, Pa., Tuscaloosa, Ala., Riverside, N. J., Marion, Ohio, and Cadillac, Mich.

**EX-REPORTER IS CITED**—Maj. Robert F. Prentiss of Sweetwater, left, former reporter for The Midland Reporter-Telegram, is congratulated by Brig. Gen. W. C. Smith, commander of the Seventh Infantry Division, after receiving the Bronze Star Medal during ceremonies in Korea. Prentiss, who departed Korea on August 7 for rotation to the United States, was cited for his meritorious service as public information officer of the Seventh Division. He is a veteran of the Northern Solomons and Luzon Campaigns of World War II.

And he settled his countenance steadfastly, until he was ashamed; and the man of God wept.—II Kings 8:11.

Just How Wrong Can One Be!

President Truman's intimation at a recent news conference that only Texas oil well owners, millionaires and privileged citizens are interested in the Tidelands issue shows just how wrong and ill-advised some national leaders of the Democratic Party can be.

The President told the newsmen there are a lot of people in Texas who do not own oil wells and are not privileged citizens and that he is sure they will vote Democratic in November.

He said there are a lot of other people whose votes count and they far outnumber the owners of oil wells, adding that Presidential Candidate Adlai Stevenson's stand on the Tidelands oil question will not endanger Democratic chances in Texas and Louisiana.

Just how wrong can a President of the United States be?

President Truman, Senator Lyndon B. Johnson, Speaker Sam Rayburn and others, including Adlai, may be surprised when the November 4 votes are tabulated.

The President also told the newsmen that a lot of people who are advocating that offshore oil and other mineral rights be taken from the federal government and given to the states do not seem to understand the real situation.

We think it is the President who does not understand the real situation.

In the first place, Mr. President, who is advocating taking what from whom? Actually, isn't it the federal government that is advocating the taking of the Tidelands from the Lone Star State, which owned them and retained them by agreement when Texas joined the Union? Yes, that is absolutely correct, if you want the truth, Mr. President.

Secondly, far more Texans than just oil well owners and millionaires are interested in their Tidelands and in retaining the ownership of them. The possible loss of their Tidelands is a serious matter to all citizens of Texas—men, women and children—who are threatened with the loss of millions upon millions of dollars in revenue for support of Texas' public schools if the seizure of the Tidelands by the federal government stands. Most Texans vitally are interested in their public schools and most Texans will fight to the limit for them, as they will to retain their Tidelands.

But it all goes far deeper than that. Basically, it is the principle of the thing—the taking of something which belongs to someone else. Texans generally do not approve that sort of thing, Mr. President, and you perhaps will be surprised at the number of Texans who will so state their convictions at the polls come November 4.

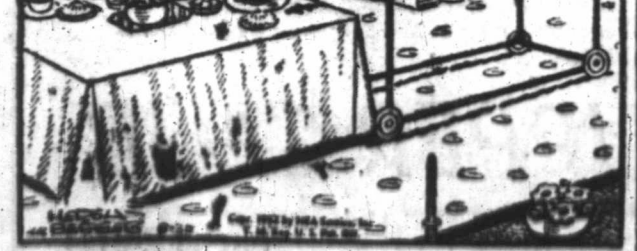

In the third place, Mr. Truman, all Texans are privileged—privileged to live, work and play in the great Lone Star State.

So, it is quite evident to all who really know and understand the situation that oil well owners and millionaires constitute only a small segment of the vast majority of loyal Texans who are interested in keeping their Tidelands, which rightfully belong to the State of Texas.

And it now is quite evident, too, that many Texas Democrats will bolt the party in the November election in answer to Stevenson's recent stand favoring federal ownership of the Tidelands.

Even a President of the United States can be wrong, and certainly President Harry S. Truman is dead wrong in his press conference observations concerning the Tidelands and just who is interested in them in Texas.

FUNNY BUSINESS

"The doctor told me to go home and relax as much as possible—and I'm right along the hospital corridor, dear!"

'Attorney General McGranery Donated This'

The Washington Merry-Go-Round

By Drew Pearson

(Editor's Note: While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several distinguished guest columnists, today's being Senator Hubert H. Humphrey, Democrat of Minnesota.)

(Copyright, 1952, By The Bell Syndicate, Inc.) Senator Humphrey says: Expensive campaigning puts price tag on public office; Staggering sums spent on TV and radio; Multiple devices thwart electioneering laws.

MINNEAPOLIS, MINN. — Campaigning is big business. Millions upon millions of dollars will be spent by both major parties this year to elect their candidates to office.

Hundreds of thousands more were spent by many of the major candidates for the presidential nomination.

Although abuses are uncovered in every campaign, the significant problem is the appalling cost of legitimate and necessary expenditures such as those for radio and TV time.

Just half an hour of "Class A" time—between the hours of 6 and 11 p.m. or on weekends—cost \$30,000 on one major TV network.

General Eisenhower's Abilene homecoming speech, broadcast over all radio and TV networks is said to have cost some \$130,000. A witness before the Senate subcommittee on privileges and elections testified last fall that it would cost at least \$450,000 to distribute just one piece of campaign literature to 10,000,000 homes.

In any campaign, the issues have to be brought before the people. Our parties are performing a public service by conducting a thorough briefing of the American people on the many issues of our times.

Through 16,000,000 TV sets, 102,000,000 radio sets, daily and weekly newspapers with a combined circulation of 68,000,000 and vast numbers of books and magazines, party viewpoints and positions are brought to every American home.

The scale and the scope of these campaigns have long made the limitations on campaign expenditures in the Corrupt Practices Act and other laws both ridiculous and meaningless.

In 1936, Mark Hanna literally assessed banks and business corporations a specific percentage of their assets in order to raise funds for the McKinley campaign. John D. Rockefeller alone contributed \$200,000. Even at that time, it seems, Democratic victories were regarded as the death knell of free enterprise by certain owners of large moneybags.

But it was not until 1907 that the brazen partnership of the corporate giants and the Republican Party was dealt with by legislation. Thanks

to the work of the muckrakers and of the National Campaign Publicity Association, Congress passed a law prohibiting corporations and national banks from contributing to election campaigns. Later restrictions on big business and big businessmen were added by the Corrupt Practices Act—the basic legislation in this field—in 1925, the Public Utility Holding Company Act of 1935 and the Hatch Act of 1940.

These and other laws also contain provisions to keep big labor and big government from participating unchecked in campaigns. Yet, where those and other interests feel their issues are at stake, it is both naive and unrealistic to expect them not to go to the full limit the law allows. Lobbying organization, politically slanted advertising, "research foundations," and other devices have been used.

In 1948, the National Association of Manufacturers spent \$3,000,000 to defeat price controls. In 1950, Fortune estimated that \$100,000,000 of industry's advertising budget was put into the free enterprise campaign.

And Fortune itself drew the obvious conclusion that this money was spent for a Republican victory. "Research Foundations" also have been used by both business and labor to cover lobbying and electioneering activities.

Of course, most research foundations are just what the name implies and have no political significance whatever. But the loopholes and ambiguities in our tax laws relating to foundations are large enough for a whole political party to get through and it is small wonder that they are being used.

Whenever tax-exempt expenditures are made for political purposes, the people pay. Whether in or out of politics, therefore, we should ask ourselves if in this manner of spending gives us our money's worth. Would it not be better to change our whole system of campaign and political expenditures to bring it closer to the people? Would it be feasible for the government to make certain facilities such as free mailing privileges or radio and TV time available to all bona fide candidates on an equal basis? Would it not be better for political parties to charge modest dues for the privilege of membership? If everybody voting in a presidential primary this year had sent a dollar to the party candidate of his choice enough money would have been raised to finance a large share of campaign and expenditures without raising the touchy moral and ethical questions of the obligations a candidate has to his financial backers.

These and other ideas are worth thinking about. But first we need the information on what is really going on. That is why I introduced a resolution in the Senate for a full-scale investigation into the sources of campaign funds, the manner in which they are spent and the obligations candidates have had to assume as a result of their campaigns.

Let's get these cards out in the open and then study them. Let's find out if the presidency can be had only by the wealthy or those whom the wealthy support. Let's find out how to keep political opportunities open for all qualified people. Then let's act to make it possible.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written For NEA Service

If you remember the way he declared he bid his hand you can then keep track of his high cards as he plays them. This will often give you the key to the correct defense.

In today's hand West opened the five of diamonds, and South won in his own hand with the King. South ducked a club, and East won with the nine. East returned a low heart, and South won with the ace. Now South laid down the ace of clubs and continued with a low club, West winning with the Jack.

At this point West knew, of course, that South had another club, and that it was therefore trumps to lead a trump in order to prevent dummy from ruffing out the club. The only question was: which trump to lead from the West hand?

Without thinking carefully, West led the Jack of spades. East hesitated, but his play didn't make much difference. Actually, he made things easier for declarer by putting up the ace of spades. East then returned a heart, and South ruffed.

By this time South had a very good idea of what was going on, and he saw no harm in playing for an overtrick—particularly

if West had led the deuce of trumps, he would have been left with the Jack-king at the end, and could lead a trump safely without losing his trump trick.

At Democratic headquarters, the campaign for the labor vote already is organized and on. It is being run by George M. Harrison, president of the Brotherhood of Railway Clerks, and Bill Oliver, who formerly worked with the late Sidney Hillman in PAC.

Harrison is expected to do a better job of this than he did as labor's representative on C. E. Wilson's Office of Defense Mobilization staff. At ODM, Harrison took his oath of office and never thereafter reported for work.

At Democratic headquarters, there is no false modesty about accepting invitation if he has slight extra strength.

Today's Question The bidding is the same as in the question just answered. You, South, hold: Spades K-J-8-4, Hearts 5-3, Diamonds A-K-J-8-4, Clubs Q-7-2. What do you do?

A—Bid two no-trump. This is an invitation to game. North will pass if he has a minimum opening bid, but will properly accept the

invitation if he has slight extra strength.

Today's Question The bidding is the same as in the question just answered. You, South, hold: Spades K-J-8-4, Hearts 5-3, Diamonds A-K-J-8-4, Clubs K-8-2. What do you do?

Answer Monday.

"I can imagine," I said. "Well, at any rate she continued." "I was shocked to hear David had married her. Not the type. I'm no geneticist, but I know the quality of David's mind.

"One night about a year ago I was coming home from a movie with my sister and her husband, and I saw David. He was with a crowd of loud, ill-dressed men and women, who were straggling along the sidewalk, talking up some of the room. He looked me full in the face, a long, desperate sort of look. But he didn't speak or give sign of recognition, and the incident has rather haunted me at times since."

WHEN David arrived that night he had a package with him. "Here," he said. "This is in response to that glass I dropped last night when I was drying dishes."

"Don't be a dope. I have seven more."

"It's the principle of the thing," answered David. Then, ingenuously, "But I didn't know what an expensive thing it was dropping. A look and a quarter for just a glass!"

"That's called a 'thead tumbler,'" I corrected. "Kathy and I picked out the pattern years ago. Gave them to each other for birthdays and such. I've got eight goblets too."

He took down a teaspoon and held it up curiously. "This here cup, now, I guess it was expensive too!"

"That's English bone china, and yes, I guess it was a little, but not to buy it, though. Mother used it for years, and gave it to Kathy and me when she moved to California. He was hit on the wall now. Ma

WASHINGTON COLUMN

Confusion Reigns As Politics Vie For So-Called Labor Vote

By FETER EDSON

NEA Washington Correspondent

WASHINGTON—The battle for the so-called "labor vote" in the presidential campaign presents one of the more confused sectors on the political front.

Republican spokesmen already have tried to pin on Democratic presidential candidate Adlai Stevenson the label of "Captive of the CIO-PAC"—the Congress of Industrial Organizations-Political Action Committee. An attempt was made to put this hex on the Democrats in the Roosevelt and Truman campaigns, but they won anyway.

On the other hand, some Republican spokesmen like Senator Taft, attempt to prove that there is no such thing as a "labor vote." By his victory in the Ohio senatorial race of 1940, Taft proved to his own satisfaction at least that working men and women are primarily people, and they vote as individuals—not as the dictation of union labor officials.

Some of Senator Taft's Ohio managers and statisticians figured out that at least 25 per cent of the union labor members voted for him in 1950. CIO-PAC people point out here that "25 per cent ain't 51." And until half the union members start voting Republican, the GOP can't claim that it has union labor's support.

Republican campaign headquarters in Washington, however, is determined to make a major pitch for the labor vote this year. The appeal is to be based on the belief that there is considerable difference of opinion between rank-and-file union membership and the labor bosses. Campaign Not Organized

This has been the contention of many big business employers for some time, particularly on the union shop issue and the Taft-Hartley Law as a whole.

Most of these employers probably are Republicans, so this GOP tack will catch their straw votes in the political winds. Whether it will catch many rank-and-file union members' votes is something else again.

The plans for the Republican campaign for the labor vote now are in the hands of GOP National Chairman Arthur Summerfield. No decision has been made on who will head up the drive. Bill Hutchinson of the AFL Carpenters did it in 1948.

At Democratic headquarters, the campaign for the labor vote already is organized and on. It is being run by George M. Harrison, president of the Brotherhood of Railway Clerks, and Bill Oliver, who formerly worked with the late Sidney Hillman in PAC.

Harrison is expected to do a better job of this than he did as labor's representative on C. E. Wilson's Office of Defense Mobilization staff. At ODM, Harrison took his oath of office and never thereafter reported for work.

At Democratic headquarters, there is no false modesty about accepting invitation if he has slight extra strength.

Today's Question The bidding is the same as in the question just answered. You, South, hold: Spades K-J-8-4, Hearts 5-3, Diamonds A-K-J-8-4, Clubs K-8-2. What do you do?

Answer Monday.

Q—For what is Stephen Day remembered?

A—He was the first printer in what is now the United States.

Q—How close to the equator is the city of Quito, Ecuador?

A—It is only a few miles south of the equator.

Q—When was the dime made legal tender?

A—Before 1933, a dime was legal as payment in amounts of 40¢ or less. In that year, Congress made the dime legal tender in any amount.

Q—Which is the shortest book in the Old Testament?

A—The book of Obadiah, having only 21 verses.

held up a spoon next, turning it this way and that, handling it with gentleness and respect. "Spierling silver—that much I do know. But how much would just a spoon like this cost?"

"I told him and he wrinkled his brow. "And yet you eat off it every day!"

"There's no point in having things if you don't use them." I picked up the silver cake knife and ran my fingers over it.

"This silver was going to be my wedding present to Kathy. I bought silver with any extra money that came my way. Now I have a complete service for eight and no Kathy."

David ambled around the room, pricing each item. I jumped him. "Oh, come off it, David. The cost doesn't matter."

"I guess not, but I can't help comparing the way you live to. . . Tell me something, Hector. How much money do you make?"

"When I answered frankly, he looked incredulous. "You're kidding? I make more money than you?"

Have a Laugh

By BOYCE ROUSE

The lower Valley of the Rio Grande, known also as "the Magic Valley," is a place of beauty. A state official, making his first visit, was taken for a drive along a highway lined with palm trees on each side.

He visited an orchard and shook an orange; he saw golden dates and olives and dusky-pink flowers growing in masses on vines that covered walls; and he had a dinner of venison and white-wing across the river in Mexico; and he had the thrill of landing a giant tarpon at Port Isabel.

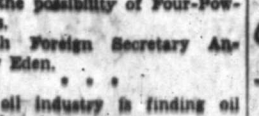

When he returned to Austin, the official was asked, "What was the most impressive sight you saw in the Valley?" He hesitatingly replied, "That man at Donna who controls 1,200 votes."

What's Right?

You dislike writing letters. WRONG: Figure that should excuse you from writing and sending the social notes you should.

RIGHT: Take care of your letter and note writing promptly and you won't feel the need of apologizing for not having written sooner. The prompt letter is always easier to write than the one that has been put off.

LITTLE LIZ

The Congressional Record costs the American taxpayer \$25 a page—and they call that free speech.

So They Say

I saw what a nefarious effect communism can have on a man's mind and on his mental outlook.

—Former Czechoslovakian consul general to Canada Dr. George Mares, explaining his resignation and desire not to return home.

Once the Russian dictatorship starts breaking up, the ice will melt rapidly.

—Sen. Paul H. Douglas (D-Ill.).

We must either get completely in the (Democratic) Party or get completely out. There is no room for us on the fringe.

—Georgia Democrat Spence Grayson.

THE next afternoon I was shopping when I ran into Miss Milford. She taught me English 1st in high school, and she was my favorite teacher. She hadn't changed, except for being a little heavier and grayer, and I took her to a near-by restaurant for tea.

She brought me up to date on a number of my old classmates, and then I asked: "Did you ever teach a boy named David Carlson—six or eight years back?"

"Indeed I did," she exclaimed, setting her cup down abruptly. "I was his homeroom teacher in tenth grade. He quit school in May that year, and it was a blow to me. How do you happen to know him?"

"I told her briefly. She listened with acute interest.

"It's funny, your mentioning David," she said reflectively. "Because I was thinking about him just recently. There are many cases of bright young boys who hate school. But David is, by any standards, exceptional. The day he left school, he came to me at closing time and said good-bye so sweetly, such a big, manly-looking chap. I sat there at my desk after he'd gone and just cried. I thought I'd failed, somehow."

"I shared her another cup of tea and said, "You're discouraging me. You tried and failed."

"Well, possibly the years have improved his home situation. He did have very real family troubles, and I think that's the main reason he couldn't adjust to school. The father drank, and sometimes got out in jail, and the home was held together by the mother. He never had a chance, you see. And he got

married so young! To a girl three years older than he was—Ida Somers. Wore spike heels to school. You know the type. Impudent little thing. Know all the wisecracks.

# Thousands Due On Play Day

Labor Day will be Play Day in Midland. Thousands of West Texans—from 1 to 100—are expected to attend the Midland Play Day activity Labor Day, Monday, Sept. 1, at 1:30 p. m. at Midland Indian Park. It was announced Saturday by J. P. March- loll, president of the sponsoring JayCees.

Hundreds of valuable prizes, made possible by cooperation of Midland businessmen, will be awarded in novel and hilarious contests ranging from hobnobbing for apples to the homeliest man in the country.

**Beauty Contest Set**  
The "Beauty contest will be a double one with pretty Midland girls to select the homeliest man, and the latter in turn will select the prettiest girl.

To the homeliest man in Midland County will go the dubious honor of having a two weeks vacation in Midland County's immaculately-clean county jail, one yard of ready-mix concrete, one ton of fertilizer, and an automobile—that may or may not run.

## WTCC Schedules Two Conferences Here Wednesday

Midland will be the scene Wednesday of two important meetings of the West Texas Chamber of Commerce.

The organization's officer nominating committee, headed by Bill Collins as chairman, will meet at 2 p. m. in the directors' room of The First National Bank. The panel will select a slate of officers whose names will be submitted at the annual convention of the WTCC in Wichita Falls in October.

Other members of the committee are Tom Sealy, Midland; B. P. Bludworth, Brownwood; J. M. Willson, Floydada; John C. Mitchell, Odessa; Charles Switzer, Monahan; Homer Sanders, Muleshoe; Homer D. Grant, Lubbock; J. S. Bridwell, Wichita Falls; H. O. Starks, Amarillo; Fritz Thompson, Borger; Art Jordan, Amarillo, and Douglas Orme, Big Spring.

At 6:30 p. m. Wednesday, Frank Kelley of Colorado City, WTCC president, will address a group of administrative heads of oil companies at a dinner-meeting scheduled at the Midland Petroleum Club. "The Oil Industry and the West Texas Chamber of Commerce" will be the subject of his address.

W. J. L. L. L., vice president of WTCC's district 6, will preside at the session, and Tom Sealy, Midland director in the regional organization, will introduce Kelley.

## Funeral Rites Held For Alpine Woman

McCAMERY—Funeral services for Mrs. Ella Pierce Hall, 46, Alpine, were held Saturday.

Mrs. Hall was found dead in a McCamery hotel Friday morning by a maid. A verdict of death from natural causes was returned.

She had been making her home with her parents, Mr. and Mrs. John T. Pierce in Alpine. A registered nurse, she was graduated from the University of Texas Hospital School of Nursing in Galveston and also from George Peabody College, Nashville, Tenn.

Survivors include two daughters, Barbara, 12, and Charlotte, 10; the parents, and one brother, Paul Pierce, former coach of Sul Ross State College, Alpine, now coach and director of athletics at Sam Houston State College, Huntsville.

One of the top events will be Midland's first world championship donkey ball game. To top it off will be the awarding of a free donkey to some lucky Midland boy or girl.

Other contests for young and old alike will include a pie eating event, watermelon eating event and a greased pig chase.

Awards will include pop up toaster, electric clocks, blankets, radios, watches and other merchandise.

Everyone that attends will receive a free novelty.

Free invitations may be secured from Midland merchants cooperating in the JayCee sponsored activity to give children a last day "fun fling" before returning to school-rooms.

**OILY, THE WILDCATTER**—This is the former Gainesville Community Circus clown that will be on hand to help entertain West Texas kiddies at the Midland Play Day activity at 1:30 p. m. Monday, at Midland Indian Park. Hundreds of valuable prizes will be awarded in novel and hilarious contests, under auspices of the Midland JayCees.

## Pioneer Asks Lower Ticket Rates To Mountain Resort

Pioneer Air Lines has asked the Civil Aeronautics Board in Washington to authorize a major reduction in fares between Texas cities and Santa Fe, N. M., to permit skiers to make inexpensive trips to the area this winter. Harding L. Lawrence, vice president of traffic and sales, has announced.

Present roundtrip fares between Texas cities and Santa Fe are based on a formula of 100 per cent of the one-way fare. Pioneer's request is for a roundtrip fare based upon 150 per cent of the one-way fare, Lawrence said.

This reduction would permit skiers from Texas to make inexpensive, short ski trips to the Aspen Basin in Santa Fe from Nov. 1, 1952, to April 1, 1953.

The application asked for the reduction between Abilene, Austin, Dallas, Fort Worth, Houston, Lubbock, Midland, San Angelo and Santa Fe. Arrangements are being made with Santa Fe's leading resorts for inexpensive, winter rates for the skiers. These rates will include all surface transportation, lodging, meals and ski expenses.

Pioneer operates two roundtrips daily between the Texas cities and Santa Fe.

If granted, the reductions would result in the roundtrip fares being reduced as follows: Abilene to Santa Fe, from \$54.20 to \$42.75; Austin, \$71.90 to \$61.50; Dallas and Fort Worth, \$71.50 down to \$56.40; Houston, \$96.20 to \$75.90; Lubbock, \$36.10 to \$28.50; Midland, \$44.90 down to \$33.40; and San Angelo, from \$57. to \$45. All fares are subject to a 15 per cent federal transportation tax.

"If the Civil Aeronautics Board authorizes these major reductions, Texas skiers will have the opportunity to enjoy that winter recreation in Santa Fe at the lowest possible costs," Lawrence said.

## Midlander Attends Photography Meet

Randolph D. Hubin, Midland photographer, attended the 61st annual national convention of the Photographers' Association of America at the Conrad Hilton Hotel in Chicago, last week.

Purpose of the conference and convention was to insure quality and service in photography at the grassroots level.

It Pays To Advertise!

## Police School Set In City

A one-week training school for members of the Midland Police Department will open here September 22 in cooperation with the Federal Bureau of Investigation.

Final plans for the school, which will be taught by FBI specialists, were worked out last week in a conference between Police Chief Harold Wallace and Harvey G. Foster, special agent in charge of the El Paso office of the FBI.

The school will be conducted two hours of each day, Monday through Friday, and is the second of its kind to be held here this year.

City Attorney Len O. McCormick will open the five-day session with a lecture on city ordinances and court procedures.

FBI instructors include Foster, Special Agent Roy Dahl of Midland and Special Agents Elmer F. Ehrlich, James W. Shepard and Hugh J. Pharies of El Paso.

Subjects will include public relations, police photography, latent fingerprints, plaster castings, report writing and interviews and confessions.

"I feel that the training school will increase the efficiency of our officers," said Wallace, "and will enable them better to serve the citizens of Midland."

## Midland Executives Study Scout Plans At Alpine Meeting

The increased number of youngsters approaching Boy Scout age was a prominent topic at a meeting of Boy Scout workers held at Alpine, last week, reported P. V. Thorson, Scout executive for the Midland area.

Thorson, who returned Saturday from a one week conference, was accompanied by Don Galbreath, assistant Scout executive, and five district executives from Snyder, Big Spring, Sweetwater, Odessa and Pecos.

Thorson said Midland has an additional problem in Scout work due to the large number of persons with children moving to this area. The conference, which ended Friday, provided regular training for Scout leaders through a group of national and regional executives who addressed the assembly.

Among the important matters discussed was the projected Boy Scout jamboree to be held in California next summer.

"Get Out the Vote" campaign for the November election was planned. Boy Scouts from all over the nation will go out the day before the election and place door knock hangers on homes. They will be shaped like a Liberty Bell, with the slogan, "Vote as you think but think when you vote," displayed on them.

## Dick Johnson Wins National Sailplane Title; Records Fall

GRAND PRAIRIE, TEXAS—(AP)—Defending Champion Dick Johnson of Starville, Miss., won the 1952 National Soaring Meet which ended here Friday.

Johnson led the 12-day contest with 2,045 points awarded for successful soaring flights.

Bill Evans of San Diego, Calif., placed second with 1,927 points. Next in line was Bill Coverdale, Chattanooga, Tenn., with 1,890. Betsy Woodard of Santa Monica, Calif., soared 77 miles to Stephenville Friday in 2:40 to set a new record. She's the world champion woman's glider pilot.

Johnson, an iron-nerved fellow who has mastered the art of jockeying his powerless craft over hot-weather updrafts, set a new world speed record during the meet with a 69.6 mile flight at an average speed of 54.9 miles per hour. The previous record, held by a Swiss, was 43.2 miles per hour.

## POSTGRADUATE STUDY

Dr. Kurt Lekisch, 414 West Texas Street, leaves Sunday afternoon for Boston, Mass., to enroll in a post-graduate refresher course in internal medicine at Tufts College. He will return to Midland October 21.

The Australian lungfish has had no near relatives for several million years.

## ALL THIS AND MARILYN, TOO—

# 52 Pretty Girls To Parade For Title Of Miss America

ATLANTIC CITY, N. J.—(AP)—Fifty-two pretty girls will show what they have in the way of beauty, talent and personality this week—all in a try for the title of Miss America of 1953.

They will compete in the twenty-sixth annual Miss America Pageant. The winner will get a \$5,000 scholarship, \$4,000 in cash, an automobile, gown, presents of all kinds. In addition she has a chance to earn a tidy sum in personal appearance fees.

The pageant headquarters, which handles all Miss America's bookings, reported that the 1952 queen, Colleen Kay Hutchins, earned more than \$40,000 above expenses during her reigning year.

Seeking the national beauty title are girls from 45 states, four big cities Chicago, New York, Philadelphia and Washington, Canada, Hawaii and Puerto Rico. They will register for the pageant Monday.

Only states not represented in this year's contest are New Mexico, Arizona and Washington.

## See The Girls

The pageant opens with a fancy boardwalk parade Tuesday afternoon. It is the first chance the public has to view the girls, except for glimpses as they bustle around town with their chaperones, getting settled for the five-day contest.

This year the pageant has added a new feature to the parade. Movie, actress Marilyn Monroe will head the procession as its grand marshal. Past marshalls have been city officials. The switch to Hollywood glamor seemed more appropriate for a beauty parade, pageant officials reported.

But pageant beauties must have more than good looks. Ever since 1945 talent and personality have figured in the judges' scoring.

Half the score is based on beauty, judged with equal emphasis on how the girl looks in a bathing suit and in an evening gown.

Other half of the score is weighted equally between talent and personality, the latter determined at breakfast meetings with judges.

Singing is again the most popular talent, having been picked by 18 contestants. Ten will give dramatic readings and seven will dance, give a speech or play musical instruments.

Preliminary contests are held Wednesday, Thursday and Friday, with girls alternating in bathing suit, evening gown and talent competition. The top 10 scorers compete all over again in finals Saturday.

**GOOD LUCK, GOOD LOOKS**—Miss Texas (who's really Connie Wray Hopping) receives "good luck" phone calls from her friends at Lubbock before leaving for the Miss America pageant in Atlantic City. The long-stemmed Texas Tech co-ed grew this pretty in only 19 years.

## Formosa Troops Rattle Reds With Constant China Attacks

TAIPEIN, FORMOSA—(AP)—A Chinese Nationalist military source says about 20,000 island-based Nationalist guerrillas are conducting commando-type raids "at least every other day" against the Communist mainland.

The source, a general officer in the Mainland Works Department, said the guerrillas get supplies from Formosa and are in daily radio contact with Taipei headquarters.

The Mainland Works Department is a little publicized branch of the Nationalist Defense Ministry. The department controls guerrilla activities on the islands skirting the mainland, along the Yunnan-Indochina border and in South China.

The source, who asked that his name not be used "because the Communists know too much about me already," said the purpose of the raids was to tie down regular Communist army troops so that Peiping cannot use them in Korea or elsewhere.

He said the guerrillas operate in small groups, staging lightning raids against Communist granaries, warehouses, rail lines and supply depots.

"They burned 3,000 barrels of gasoline last year," the general said, "gasoline for which the Reds had to pay high prices."

In addition to the 20,000 island-based guerrillas and 100,000 in and on the border of South China, the general said there are some 420,000 guerrillas with no direct or official connection with the Mainland Works Department.

"Occasionally we air-drop supplies to those units, but not very often as they are officially a part

of our organization," said the general.

The M. W. D. maintains raiding bases along a 400-mile stretch from the Quemoy Island group opposite Amoy to the Tacheng Island group opposite Tainchow in Northeast Chekiang Province. The general said all the islands are within 20 miles of the mainland.

The usual Red order of defense, he said, is a triple-tiered system with guerrillas along the coast, communications troops a few miles in-

land and regular army troops in the rear.

"But now they've been forced to move their troops right up to the coast. We know for a fact that Communist 21st Army units are among them. That's what we want them to do when we really invade. Their best troops will be right on the coast, just where we want them."

Recent Communist broadcasts have admitted that guerrilla activities are particularly widespread in South China.

## Congratulations To

Mr. and Mrs. J. H. Wolfe of Stanton on the birth, Friday of a daughter, Glenna Sue, weighing six pounds, 15 ounces.

Mr. and Mrs. Roy Lee Coleman, General Delivery, Midland, on the birth Thursday of a son weighing eight pounds, three and one-half ounces.

Mr. and Mrs. T. P. Pamplin, 3111 West Louisiana Street, on the birth Thursday of a son weighing eight pounds, six and one-half ounces.

Mr. and Mrs. Vernon Meyer, 801 South Mineola Street, on the birth Friday of a son weighing seven pounds, eight and one-half ounces.

Mr. and Mrs. Roy A. Peyton, 2710 Roosevelt Street, on the birth Friday of a daughter weighing four pounds, nine ounces.

Mr. and Mrs. Tom M. Rice, 804 South Colorado Street, on the birth Friday of a daughter weighing six pounds, one ounce.

Mr. and Mrs. John Kershner, 207 East Pine Street, on the birth Saturday of a daughter weighing five pounds, 15 1/2 ounces.

Mr. and Mrs. Mrs. Wayne Arnold, 802 South M Street, on the birth Thursday of a son, Darrell Wayne, weighing nine pounds.

**COLLISION KILLS MAN**  
FORT WORTH—(AP)—R. H. Huggitt, 55, an employe of the Central Concrete Company, was killed here Friday when his truck collided with a train.

After Sylvester Graham invented and introduced bread made from "unbolted flour"—known as graham bread—bakers started riots and threatened his life if he continued to manufacture the unpopular product.

## Sparkman Schedules Two Stops In Texas

WASHINGTON—(AP)—The Democratic National Committee said Saturday Senator John J. Sparkman, Democratic nominee for the vice presidency, will make campaign stops in El Paso and Dallas.

Sparkman's itinerary includes the following route through the Southwest:

September 4—1:25 p. m. (MST) arrive Albuquerque—drive to Santa Fe, overnight there.

September 5—6:00 p. m. (MST) Democratic rally at Las Cruces in state college auditorium. Overnight in El Paso at Hotel Hilton.

September 6—8:25 a. m. (MST) depart by air to Dallas; 12:45 p. m. (MST) arrive Dallas. Private transportation to Durant, Okla., for a Democratic rally in the afternoon. Then to Tulsa for a Democratic state dinner. Overnight in Tulsa.

September 7—9:45 p. m. (CST) leave Tulsa, by train.

September 8—7:45 a. m. (CST) arrive St. Louis.

## International Gold Medal Is Awarded To Houston Brewery

HOUSTON—Word has been received here from the Institute International d'Alimentation, a world-famous European fair held recently in Antwerp, Belgium, that the Grand Prize Brewery of Houston has received the gold medal award for their Pale Dry Grand Prize Beer. In a letter announcing the award, G. Dhont, Jr., president of the fair, congratulated Virgil Shepherd, president of the Houston brewery, on the clarity, bouquet, and taste of his product. All were considered in the judging. Pointing out that among

beers from all over the world, including more than a hundred fine American beers, that were judged by the European experts, Dhont stated that Pale Dry Grand Prize excelled in all categories.

Charles Lieberman, brewmaster at Grand Prize, recalled that the Houston brewery won its first European award in Ghent, Belgium in 1912. The present beer took its name from that award which was a "Grand Prix," meaning "Grand Prize."

## Gasoline Floods Sewers, Threatens Serious Explosion

GENEVA, N. Y.—(AP)—Water was flushed through Geneva's sewers Saturday to clear the system of gasoline that posed an explosion threat.

The gasoline leaked into the sewer Friday night from a tank at a service station. Heavy fumes hung over the business section and police warned away all those who had no business downtown.

One movie theater closed early. Businessmen hurried downtown to ventilate offices and turn out pilot lights on gas-heating devices. The few residents of the business district were asked to close windows and stay home.

The Reporter-Telegram

4—THE MIDLAND REPORTER-TELEGRAM, SUNDAY, AUGUST 31, 1952

## Yankee Big Sticks Blast Nats, 6 To 4

NEW YORK—(P)—Aided by home runs by Mickey Mantle and Yogi Berra, Allie Reynolds of the New York Yankees turned back the Washington Senators, 6-4, Saturday for his sixteenth victory of the year.

Berra's homer, with Joe Collins on base, provided what proved to be the winning run. A crowd of 41,558, brought out largely by the pre-game ceremonies in which the all-time Yankee team was honored, saw a tight game until the seventh when Berra clubbed his four-bagger. That opened the gap to 6-3 and provided the difference in the final score when the Nats clipped Reynolds for single tallies in the eighth and ninth innings.

Jim Busby drove in Pete Runnels after the latter hit safely in the second inning, gaining a temporary deadlock at 1-1.

The Yanks, who had scored on Mantle's double and Collins' single in the first, broke the tie when Mantle poked his nineteenth round tripper in the following inning.

Successful singles by Gene Woodling, Irv Noren and Oil McDougald, with a scoring fly by Reynolds, added two more in the fourth.

The score:

Washington	010 001 011—4 12 0
New York	101 200 202—6 10 0

Cumpratt, Johnson, Haynes and Grasso; Reynolds and Berra.

## PENNANT FUND DRIVE LAGGING

Loyal fans of the Midland Indians need to throw some money into the Tribe's Pennant Fund pot if the goal of \$2,000 is to be reached, Horace Busby, business manager of the Midland Indians, said Saturday.

Only about \$200 has been raised with five home games remaining on the schedule, Busby said.

The pennant fund will be divided among the players.

## Browns 2, Tigers 1

ST. LOUIS—(P)—Duane Pilliet pitched a thrilling two-hitter as the St. Louis Browns defeated the Detroit Tigers here Saturday night, 2 to 1. Clint Courtney, with a double in the fourth inning and another two-bagger in the eighth, drove in both Brownie runs.

The score:

Detroit	100 000 000—1 2 0
St. Louis	000 100 012—2 5 0

Houtteman and Ginsberg; Pilliet and Courtney.

## Rain Saves A's

PHILADELPHIA—(P)—A heavy rainstorm Saturday night washed out a single game between the Boston Red Sox and the Philadelphia Athletics in the bottom half of the fourth inning with the Red Sox ahead 4-0. The umpires waited 80 minutes before calling the game.

## Sox 11, Indians 6

CHICAGO—(P)—The Chicago White Sox knocked out Bob Feller in a seven-run third inning clinched by pitcher Harold "Skinny" Brown's three-run homer and skipped to a 11-6 victory over the rally-minded Cleveland Indians Saturday night.

The score:

Cleveland	000 300 400—4 10 2
Chicago	101 301 008—11 9 0

Feller, Harris, Rosen, Wilks, Gromek, Brisse and Hegan; Tipton; Brown, Kennedy, Alona and Lollar.

## Grid Drills Start On Coach's Birthday

PECOS—September 1 will have a double significance for Backfield Coach Clifford Johnson—he and Coach Don Houser open pigskin practice with their Pecos Eagles, for one thing. For another, that's his birthday.

Johnson's own football career began in 1920 when he started playing as tailback and halfback for Cisco High School.

After a year in Cisco Junior College, Johnson transferred to Baylor University, where he played baseball, ran track and lettered on the varsity football team.

# Indians Win Eighth Straight Game, 4-2

## Giants Beat Bums, Keep Hopes Alive

BROOKLYN—(P)—The New York Giants kept their flickering pennant hopes alive Saturday night, beating the pace-setting Brooklyn Dodgers, 4-3, on Dave Williams' three-run homer in the fourth inning.

The victory cut Brooklyn's lead over the Giants to eight games.

The largest Brooklyn crowd of the season, 32,154 fans, saw Dodger killer Sal Maglie tame the Brooks for the fifth time.

Brooks' Break Ice Little Johnny Rutherford was staked to a 2-0 lead in the first two innings. Pee Wee Reese locked his fifth homer in the first, and Duke Snider doubled and Roy Campanella singled to account for another run in the second.

The Giants, hitless in the first two innings, broke through in the third, scoring once on singles by Wes Westrum, Williams and Don Mueller.

Bobby Thomson launched the Giants' winning rally in the fourth with a one-out single. Hank Thompson popped out, but Westrum walked and Williams followed with his 13th homer of the season to lock it up.

The score:

New York	001 300 000—4 7 0
Brooklyn	110 100 000—3 10 1

Maglie and Westrum; Rutherford, Moore, Black and Campanella.

TIP-TOP SHAPE—Bill Mims, husky end for the Bulldogs, is shown taking his physical examination here Saturday, prior to the start of football practice Monday. At top, Coach Tugboat Jones weighs Mims in at 183 pounds while at bottom, Dr. Henry Leigh listens for his heartbeat. Mims was in top shape.

## Phils Sweep Pair From Boston Braves

BOSTON—(P)—Relief Pitcher Dave Cole forced in the Philadelphia Phillies swept a doubleheader from the Braves by topping a 4-2 twilight victory with an 8-6 night game triumph.

The Phillies registered the afterpiece's "clinch" in the seventh inning before Walker Cooper lashed a three-run homer for the Braves.

First game:

Philadelphia	000 001 012—4 12 1
Boston	000 010 100—2 7 2

Drews and Burgess; Burdette, Cole and Burris.

Second game:

Philadelphia	000 402 110—8 12 0
Boston	000 201 300—6 7 1

Meyer, Hansen and Burgess; Spahn, Jones, Cole, Chipman, Johnson and Cooper.

## Football Drills To Start For Midland High Bulldogs

It'll be full speed ahead here at 8 a.m. Monday when some 47 members of the Midland High School A and B football squads report for practice, under the supervision of Coach Thurmen L. (Tugboat) Jones and his assistants.

Dispensing with the preliminary "getting in shape" workouts, Coach Jones said Saturday, "The boys are in good shape and are ready to put on the pads and go right to work."

After checking out their equipment Monday morning, the boys will have a skull session to hear their program for the year outlined, then will go through their regular drills.

Following their physical examinations Saturday, Tugboat said "The spirit of the boys is excellent. I just hope they maintain that attitude after a week or so of working out in this hot weather."

## Cards 12, Bucs 2

PITTSBURGH—(P)—The St. Louis Cardinals snapped their six-game losing streak by unleashing their heavy artillery Saturday night to top a 12-2 win from the last-place Pittsburgh Pirates.

Homers by Hal Rice and Dick Stiler and six doubles paced the Cards' 18-hit assault on Rockies Ron Neccai and Jim Waugh.

Gerry Staley gained his fifteenth win.

The score:

St. Louis	108 020 004—12 15 1
Pittsburgh	000 110 000—2 8 0

Staley and D. Rice; Neccai, Waugh and Garagiola.

## Cubs 5, Cincy 3

CINCINNATI—(P)—The Chicago Cubs battered Ken Raffensberger for nine hits in five innings Saturday to score all their runs off the veteran Cincinnati southpaw and chalk up a 5-3 victory.

The score:

Chicago	001 040 000—5 10 2
Cincinnati	000 001 110—3 8 0

Schultz, Kilgus and Chitt; Raffensberger, Schmitz, Smith and Semink.

# Biggest Schoolboy Army in Texas History Arms For Gridiron Season

By HAROLD V. RATLIFF  
Associated Press Sports Editor

History's greatest Texas schoolboy football filed rolls out Monday for the start of the thirty-third campaign.

From the tip of Texas to the Rio Grande, from the El Paso border to Texarkana 879 schools start practice, 467 of them aiming at state championships. There are that many in the classes that play to titles—AAAA, AAA, AA and A. Class B and six-man football decide regional crowns only.

There are 16 games in the AA and A divisions only.

Friday has this schedule: Bertram at Burnet, Sour Lake at Woodville, Robstown at Weslaco, Anson at Coleman, Lexington at Giddings, Hobbs at Roby, Lyford at Bishop, Silverton at Elmore, French (Beaumont) at Kirwin (Galveston), Petersburg at Slaton, Fremont at Fallurus, Alto at San Augustine, Chester, at Joquin, Shamrock at Dalhart.

Saturday action will play at Donna and Roscoe at Andrews. Four-A Openers

## Odessa Meet To Attract Top Golfers

ODESSA—(P)—At least an 80-team field is expected to enter the annual Odessa Country Club's \$7,500 Pro-Amateur Golf Tournament which opens Thursday.

The amateur players list reads like who's who in Texas golf. The amateurs already entered include such well-known amateurs as Dick Martin, Billy Maxwell, Lee Pinkston, Ernie Vossler, Don Addington, Joe Conrad, Billy Erfurth, Wesley Ellis, Stan Mosler, Budd Weaver, Monty Sanders, and Glen Fowler.

On the professional side are such players as Chuck Klein, Elroy Marti, Warren Cantrell, Elford Faircloth, Dick Turner, Warren Smith, Buster Cupit, Graham Ross, Bill Oliver, Roy Fanning and Jim Witche.

The tournament is a partnership low-ball meet played over 72 holes in four days. Action gets under way with all teams playing a full 18 holes, it will be the same Friday and Saturday, but on Sunday for the final, the field will be cut to the low 30 teams. The low 15 teams are in the prize money.

The winning professional will collect \$1,500.

WORKOUTS TO START

MCCAMEY—The McCamey High School football team will begin workouts Monday under Coach Ray Pope. Opening game will be with Eldorado, September 12.

The cost for a pair of jockey's pants is \$20 to \$30. A pair of mud-pants is up to muddy tracks, cost between \$18 and \$25.

## GARNER FALLS BY WAYSIDE—Hawaiian Wears Fem Golf Crown

PORTLAND, ORE.—(P)—Mrs. Jacqueline Pung of Honolulu captured the Women's National Amateur Golf Championship Saturday by defeating young Shirley McFadeter of Long Beach, Calif., 2 and 1.

The 29-year-old, 210-pound hefty from Hawaii, five down and facing a rout Saturday morning, came back in the afternoon to give the islanders their first United States women's title.

Down At 18

Mrs. Pung was five down after 18 holes, and three down to the 21-year-old California girl at the end of 18 holes.

She evaded the match on the twenty-fourth and went to the front on the twenty-fifth hole.

Mrs. Pung missed the green.

Birdie Scored

But Mrs. Pung closed out the match on the thirty-fifth with a birdie four. She was on the green with a tremendous wallop in two shots and two-putted from 15 feet.

Mrs. McFadeter, one of the real "unknowns" of the tournament, eliminated Pat Garner of Midland, 1 up, in a 20-hole semi-final match Friday.

## BOUCHEY GAINS TITLE

VANCOUVER, B. C.—(P)—Larry Bouchey, a big blond biter from Inglewood, Calif., who didn't know when he was whipped, won Canada's Amateur Golf Championship 1 up Saturday in an extra-hole match with Bill Campbell of Huntington, W. Va.

District favorites in Class AA are Perryton, Tulla, Childers, Quannah, Anson, Spur, Brownfield, Pecos, Brady, Ranger, Arlington, Graham, Terrell, Pittsburg, Atlanta, Center, Livingston, Mexia, Huntsville, West, Killeen, Taylor, Gonzales, Bellville, Lamar (Rosenberg), Alvin, Nederland, Uvalde, Rfugio, Robstown and Mercedes.

In Class A Wink's Wildcats again are rated the top state championship possibilities. Wink was picked for the title last year but was upset in the semi-finals by Newcastle, Giddings, the defending champion, doesn't appear anywhere near as strong as last season.

District championship favorites are: White Deer, Amherst, Abert, Denver City, Wink, Menard, DeLeon, Albany, Newcastle, Grapevine, Alvarado, Wilmer-Hutchins, Farmersville, Daingerfield, Van, White Oak, Carlisle, Joquin, Rusk, Cedar Bayou, Fairfield, Granger, Burnet, Giddings, Tomball, Deer Park, Vanderbilt, Floresville, Honda, Tft, Benavides and Lyford.

## Midland Pair Survives Play At Big Spring

BIG SPRING—(P)—Favorites fell right and left in the 21st annual Big Spring Golf Tournament here Saturday but Bob Wortman, Midland, slipped into the third round.

Wortman had a rugged time with R. S. McCullough, Big Spring, in the morning round but prevailed on the nineteenth hole. In the afternoon, the Midlander ousted J. C. Davis, Big Spring, 6-5.

Elton Doster, Big Spring, pre-tournament favorite, advanced without too much difficulty as did Roane Puett, Midland, the medalist, who reached the semi-finals last year. Doster and Puett were co-medalists in this year's meet. Each had a 71.

Doster sidelined Bob Craig, Colorado City, 2-up, and Jerry Scott, Big Spring, 6 and 5, in that order. Rhoden Beasler

The 18-year-old Puett manhandled Marvin Wright, Big Spring, a finalist last year, 5 and 2, and Bill (Red) Rhoden, Odessa, 1-up. Puett was co-medalist with Doster, and, in a playoff, the Midland youth took medalist honors.

Rhoden has won the tournament three times.

Sunday's pairings:

Bob Wortman, Midland, vs. Barney Barnard, Odessa.

Elton Doster, Jr., Big Spring, vs. Luke Thompson, Big Spring.

Roane Puett, Midland, vs. Tommy Hutto, Big Spring.

Bobby Maxwell, Big Spring, vs. J. R. Farmer, Big Spring.

Two matches will be played Sunday with semi-finals and finals down for Monday.

## Ten's Four-Hitter Stops Colts; Selbo, Brown Hit Homers

SAN ANGELO—(P)—With Israel Ten holding the reins, the Angelo Colts to four hits, the Midland Indians made it two straight over the Colts at Guinn Field Saturday, 4-2.

The game was marked by the ejection of three San Angeloans in the ninth inning. Following an argument over whether Ken Kowalik had gone around on a strike, manager Mark Christman, Pitcher Park: Thomas and Hal Swearingen were bounced from the game by Umpire Bill Frank.

Ten, in winning his twentieth game against nine defeats, was master of the situation all the way. He struck out eight and walked only one man in his masterful performance.

The Indians struck at Thomas quickly in the initial frame when Earl Rosenberg opened with a single and moved to third on Woody Pennington's double that was misjudged in right field. Olen Selbo walked to load the bases but Julio de La Torre hit into a double play. Pennington moving to third and Selbo to second. Manuel Ternes scored both with a single but was out a moment later trying to steal.

Kowalik brought the Colts' fight with a solo homer in the fifth, but Selbo duplicated the feat for Midland in the sixth and Bill Brown did the same in the eighth.

Gene Williams homered for the Colts in the ninth to make it 4-3.

The same teams met in the final of the three-game set at 3 p.m. Sunday with Eddie Joame (30-11) scheduled for Midland and Marie Baldana (9-11) ready for the Colts.

## Broncs Hang Another Loss On Odessans

ODESSA—(P)—The Big Spring Broncs for the second straight night downed the league-leading Odessa Oilers. Saturday night the count was 3-2.

Oll Guerra posted his 24th win of the season for the Broncs and out the Odessa first place margin to only two and one-half games. For Odessa, West Oris started and went six and two-third innings before taking snafu in favor of Bello Ortega. Oris was the loser, giving up three runs on eight hits.

Big Spring collected one run in the second inning and added another in the sixth before Odessa could even the tally at 2-2 in the home half of the sixth on two hits, one a home run over the left field wall by big Bill Cearley.

In the seventh Big Spring wrapped the game with a lone tally on two hits, one a double by Ossie Alvarez which did the damage.

The score:

Big Spring	010 001 100—3 9 1
Odessa	000 000 000—2 8 2

Guerra and Valdes; Oris, Ortega (7) and Castro.

## Drillers Sock Rockets, 8-4

ROSWELL—(P)—A hard-hitting band of Artesia Drillers powered their way to an 8 to 4 victory over Roswell here Saturday night to close out the Rockets' home season and sweep a three-game series between the league's two New Mexico rivals.

Big Joe Bauman, recently named the Longhorn's most valuable player, and Rudy Briner paced a 13-hit Artesia attack that cut down a 4-2 Roswell lead and sent the Drillers on to victory. Bauman got a three-run homer and three walks, while Briner blasted a home run, a double and two singles in five trips to the plate to drive in three Drillers runs.

Laverna Herrmann was the winning pitcher, and he turned in a nice job after a few shaky innings at the start. He gave up but six safeties and held the Rockets hitless over the last four innings.

Andy Alonso was the losing pitcher for Roswell. He started out nicely, but weakened in the middle innings and gave up eight hits and seven runs before giving way to Audie Malone in the seventh.

The box score:

Artesia	000 020 301—8 13 0
Roswell	001 130 000—4 8 2

Herrmann and Briner; Alonso, Malone and Crawford.

## Texas Filly Wins Fischer Handicap

DADE PARK, KY.—(P)—Miss Gaffie, a two-year-old filly from sunny Texas, surprised a crowd of 12,000 rain-drenched fans at Dade Park Saturday by winning the \$1,500 A. M. Fischer handicap.

The winner, owned by Dr. E. E. Blackwood of Columbus, never was better than fourth until the stretch when it overtook Corralita Girl and breezed to the wire two lengths ahead of Gunner Lad. Magic Choice was a length back for show money.

Time for the six furlong race: 1:14 3-5 over a muddy track.

Overlooked by the bettors, Miss Gaffie returned \$48.00, \$20.00 and \$9.40.

## Sosa Pitches Third Game in Five Days, Blanks Sweetwater

VERNON—(P)—Jesus Sosa, pitching his third ball game in five days, went the distance here Saturday night to gain the victory when the Vernon Dusters hammered the Sweetwater Braves, 3-0.

A three-run outburst by Vernon in the fifth led the game for the Dusters. In the fifth, the Braves starter Bob Merritt gave up consecutive gratis trips to Dooley and Goldy Gholson to open the inning. This chased Merritt and brought Morales into the fray.

Bucynski filed to deep centerfield. Neidson grounded out and Art Neal hit a long single to center, scoring Dooley and Gholson.

**LONGHORN LEAGUE CHAMPS?**—Currently the hottest team in the Longhorn Loop, these Midland Indians are eyeing the title. They include, back row, left to right, Carl Barbour, Manager Jay Haney, Herb Dwire, Woody Pennington, Glenn Selbo, Gahlen Dinkel and Gordon Tanner. Center row, Manuel Temes, Charles Ratliff, Earl Bossenberry, Bill Brown, Ed Santa and Ed Menapace. Front row, Scooter Hughes, Julio de la Torre, Israel Ten, Eddie Jacome and Keith Nicolls.

## Southwest Conference Grid Teams Open Drills Monday

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Another Southwest Conference football season, expected to follow the usual free-for-all pattern, opens Monday.

Four hundred and sixty-one young men will report to the seven conference camps. Just three weeks away will be opening games in one of the toughest inter-sectional schedules the circuit ever has arranged.

In the outpouring of eager young athletes will be 151 lettermen from last year's frantic campaign in which Texas Christian, having its ups and downs but more ups than downs, won the title.

**Five in Top Bracket**  
At least five teams are bunched in the championship bracket with any one of them able to win the flag and occasion no surprise. The favorite is Texas Christian but not by any long margin.

Texas, Southern Methodist, Rice and Arkansas all are given an excellent chance of capturing the title trophy. Baylor is looked upon as a tough customer that could knock over a share of hopefuls, maybe all of them.

Texas A&M, which lost almost everything and didn't do too well last year with a largely senior team, is relegated to the cellar in every book.

The largest field of candidates will be at Southern Methodist, where 78 will report. Texas will draw 75, Texas Christian 71, Arkansas 66, Baylor 62, Texas A&M 56 and Rice 55.

All the teams will begin two-a-day practice.

The school with the most veterans is Texas Christian, which numbers 28 lettermen among its candidates.

Southern Methodist has 26, Arkansas 24, Rice 21, Texas 20, Texas A&M 17 and Baylor 15.

First games September 20 and 21.

Texas A&M against the University of Houston at Houston, Arkansas vs. Oklahoma A&M at Little Rock, Baylor vs. Wake Forest at Waco, Southern Methodist vs. Duke at Dallas, Texas Christian vs. Kansas at Lawrence, Kan., and Texas vs. Louisiana State at Baton Rouge.

Rice won't swing into action until September 27. The Owls open with Texas Tech at Houston.

STANTON — Approximately 50 boys are expected to report for Stanton High School football practice Monday, with 14 lettermen returning. Coach Charles Read said Saturday.

The Buffaloes will play a 10-game schedule.

Only two players have been lost by the Buffaloes from last year's squad — Billy Overby, who graduated, and Richard Toliver, who has moved to Abilene.

Schedule for the coming season follows:

Sept. 13—Big Spring "B" Here  
Sept. 19—Grand Falls There  
Sept. 26—Coahoma There  
Oct. 3—Crosbyton Here  
Oct. 10—Open Date  
Oct. 17—Midland "B" Here  
Oct. 24—Seagraves Here  
Oct. 31—O'Donnell There  
Nov. 7—Morton Here  
Nov. 14—Sundown There  
Nov. 21—Denver City Here  
\*Denotes conference games.

## 34 Returning Lettermen To Bolster Tech Grid Squad

LUBBOCK — Five vacancies left by graduation of three All-Border Conference players must be filled by Coach DeWitt Weaver when the Texas Tech Red Raiders start grid workouts Monday.

Although 34 lettermen return from last year's Border Conference championship outfit, Weaver will be looking for a linebacker and an offensive center to replace Aubrey (Red) Phillips of Fort Worth, offensive and defensive left tackles to fill the shoes of Brownfield's Jerrell Price, and a quarterback in the slot left by Junior Arterburn of Ranger. Cackburn Missing

Other graduated starters are Jack Cackburn, offensive guard from Denton; Bill O'Grady, defensive left half from Fort Worth; and Linebacker John Paul Jones of Lubbock. Other part-time starters missing are Halfback Frank Graves of McKinney, who boasted Tech's best yardage-carry, and Halfback Bobby Glose of Shamrock, who had the best punting average.

On the other hand, Weaver, launching his second year as a head coach, has returning three players who made The Associated Press all-conference team — Bobby Cavazos of Kingsville at an offensive halfback, Ray Howard of Childress at a defensive guard, and Jim Turner of Olney at a defensive half slot. Actually Turner is rated also Tech's best all-around offensive threat as well.

Vernon (Buddy) Barron, offensive guard from Temple, captain of the Red Raiders, who open against West Texas State here September 20 in a night game.

Bolstering last season's returnees are four more lettermen from the 1950 team — Guard Don Gray of Breckenridge, Tackle David Brown of Weatherford, Linebacker Jimmie Williams of Phillips and Halfback John Moughon of Weatherford.

Lettermen Return

Returning from last season's 7-4 record, Sun Bowl winning team are these lettermen:

Ends Alton Linne of Monahans, Lewis Crossley of Eastland, Billy Wright of Lubbock, Bill Tillman of Surrency, Ga., Paul Erwin of Odessa, Ronnie Cordell of Oklahoma City, Dean White of Lubbock, Bill Bryan of Pecos, and Ken Kummer of Detroit.

GIANTS' UMBRELLA BROKEN

NEW YORK — Otto Schnellbacher, one of pro football's best defensive backs, has retired from the game. The ex-Giant will devote his full time to his insurance business in Topeka, Kan. Schnellbacher, for the past two seasons, was part of the Giants' umbrella quartet which made it tough for the opposition to complete forward passes. The other three umbrella men, Harmon Roe, Tom Landry and Emier Tunnell, will be back.

Tackles Marland Ribble of Fort Worth, Hollice Davis of Fort Worth, Richard Duke of Fort Worth, Kenneth Elmore of Carlsbad, N. M., Paul Barrington of Chipmunk Falls, Wis., and Arlen Wesley of Littlefield.

Guards Vernon Barron of Temple, Gene Hammill of Shamrock, Vernon Whitaker of Batesville, Miss., Bobby Hunt of Altus, Okla., Bill Whitted of Hot Springs, Ark., and Ray Howard of Childress;

Centers Barton Massey of Bowie, Ralph Martin of Fort Worth and Don Funk of Chickasha, Okla.

Backs Jim Turner of Olney, Charles Wilson of Fairmont, West Va., John Thompson of Brownfield, Bobby Cavazos of Kingsville, Don Lewis of Quitaque, Pete Rinaldi of Orange, N. J., Elmer Wilson of Pampa, Jerry Johnson of Hale Center, Rick Spinks of Kermit and Pete Edwards of Vernon.

## Old Timers' Game Slated Here Tuesday

The annual Old-Timers' baseball game will be held at Midland Indian Park Tuesday night before the Midland-San Angelo tilt. The contest will start about 7 p.m. Uniform of the day for the participants, all of whom will be 40 years old or older, will be white T-shirts and shorts.

Piloting one of the squads will be Johnny Bechtel while Kenneth Johnson will mastermind the other.

Bechtel said Saturday, "We have not lost a game yet," then added with an impish grin, "mainly because we haven't played one yet."

Johnson was unavailable for comment but indications were his players would be able to go a full inning, if necessary.

The game is scheduled to run four innings.

**Wright To Umpire**  
And to see that the contest is run according to the rule book, Col. J. B. Wright, a youngster of 82 years, will be umpiring behind the plate.

Johnson boasts such players on his squad as Marvin Beauchamp, A. F. Bell, the Rev. Charles Hedges, Marion Flynt, A. T. Davis, H. B. Hardwick, Carroll Hill, Dr. David Ellis, Sam Timmons and T. E. Foley.

But he'll have to go a long way to outdo Bechtel, who has been recruiting such a formidable list of players that they are almost too numerous to mention.

However Johnny has agreed to loan some of his players to Johnson in the event they are needed.

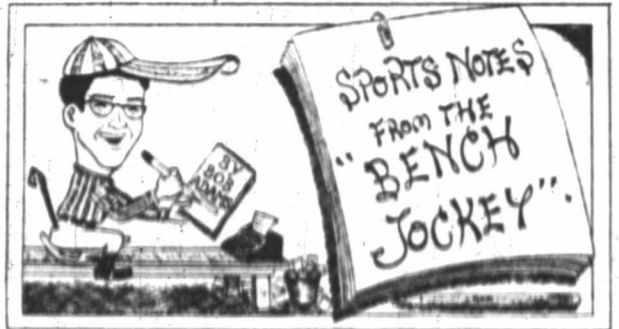

Playing on Bechtel's squad will be Joe Robertson, C. W. Crawley, J. P. Butler, Roy Layton, J. B. McCoy, Ted Witte, Stan Eskine, Chester Shepard, Otis Wicker, Bill Barker, E. D. Richardson, Melvin Haney, R. L. Bell, Maurice Cox, John Woods, Jack Colvert, T. D. Jones, Bill Stewart, Sam Rosson and R. W. Webster.

Fans might be interested in knowing Bechtel has one of the fastest men on either team. The speed-merchant is Melvin Haney, who keeps abreast of the sport by speaking on the public address system at all the Indians home games.

## Bulldog Booster Club Sets Meeting

The Midland Bulldog Booster Club will hold its first meeting of the year at 8 p.m. Tuesday in the Midland High School Cafeteria, retiring president, Tys Carleton, announced Saturday.

Carleton urged that all members be present because officers will be elected for the coming year.

The general impression we received from fans who witnessed the pro football game in Odessa Friday night was that, generally, they were disappointed.

After all, when you plunk down \$5.60 for a seat, you're just naturally going to expect an exciting contest, one in which it's easy to console yourself that you got a measure of enjoyment for turning loose those hard-earned greenbacks.

It's unfortunate that the game had to be one-sided but the same thing might have happened to a person who paid a good price to see a baseball game between the New York Yankees and the Cleveland Indians, only to see the Yanks take a 10-1 decision, or something equivalent to that.

One method in gauging the fans' impression of the game was in listening to comments on the game. For example, several of them were comparing the passers to Odessa High School's Carl Schlemeyer.

It isn't hard to convince yourself that Schlemeyer can pass as well as the pros when you compare the price of the ticket to a pro game and the price of one to a high school game.

Also it is significant that fans were leaving the contest with 11 minutes left on the clock. That hardly conjures the vision of excitement in one's mind.

But the contest had its moments and West Texas fans will follow both teams with much more avid interest during the coming season. Now they feel they know the players a little better.

Just watching negro speedster Buddy Young run was worth considerable.

On the Midland football front, the Midland Bulldog Booster Club has scheduled its first meeting of the year at 8 p.m. Tuesday in the Midland High School Cafeteria.

Tex Carleton, retiring president, has urged that everyone be present since officers for the coming year will be elected.

Starting early this week, Bench Jockey will take off for surrounding towns in the area to write stories on their football teams for the coming season.

We are looking forward to the change of pace and to getting acquainted with some of our neighbors in West Texas.

Wednesday night, over in Odessa, we have been invited to the annual dinner party sponsored by Humble Oil & Refining Company which sort of initiates the gridiron season in the Southwest Conference, at least as far as that particular group of fans is concerned.

Speaking of dinner, the Philadelphia Eagles and their coaches were feted in Midland Saturday night at a barbecue. Those responsible for showing the "Yanks" a bit of good old Southern hospitality include Joseph O'Neill and members of the Civitan Club.

## Pecos Quarterback Clubmen To See SW Games On Screen

PECOS — Pecos Quarterback Club will begin its third season of activity on September 16, President Glenn Hunt announced Saturday. At that first meeting of 1952 pictures of the

Jack Coombs, who this year coached his last Duke University baseball team, pitched and won the longest game in the history of the American League—34 innings between the Athletics and Red Sox.

Home Run Baker, who led the American League in homers in 1911, '12, '13 and tied for the crown in '14, never won a league batting title.

Pecos-Brownfield game (scheduled for September 13) will be shown.

The club will meet every Tuesday night during the football season at the city auditorium. President Hunt said that any man can join. Yearly dues are \$5.

Pecos A&M Club will present the Aggie games in movie form to the Quarterback Club beginning in October. That means that the local fans will see all Southwest Conference teams in action on the screen, during the coming season. Michigan State and Kentucky also are on the A&M schedule this year and those films will be shown here, too.

# Eagles Drub Texans, 24-7, In Grid Tilt

ODESSA—(P)—The Dallas Texans have tasted National Football League competition and found it a tough morsel.

The newest club in the professional circuit played its first game against another league member here Friday night, taking a 24-7 licking from the Philadelphia Eagles.

Eagle passing was too much for the Texans. Bobby Thomson threw one to Ebert Van Buren that covered 44 yards and the Philadelphia touchdown in the opening quarter.

In the second period Bob Celeri, Texan quarterback, was rushed and the ball knocked from his hands as he tried to pass. Johnny Brewer fell on it on the Dallas 39 and the Eagles marched to a touchdown, scoring on a pass from Adrian Burk to Bud Grant in the end zone from the Dallas eight.

In the same period George Taliaferro fumbled a bad pass from center as he attempted to punt and the ball went to Philadelphia on the Texan four-yard line. With time running out Bobby Walton kicked a field goal from the Texan 13.

The final Philadelphia touchdown was in the third period, when the Eagles marched 85 yards. Ralph Goldston hammered over from the one. A 35-yard pass from Fred Enke to Ed Bavel set up the score.

Texans Score Late

Late in the game the Texans got their touchdown when interference was called on a pass on the Eagle three. Billy Baggett, former Louisiana State star who stood out offensively for Dallas, made a yard. Then Dick Hoerner plunged across for the score. Ross Nagel kicked the extra point.

As time was running out the Texans got to the Philadelphia five but had a pass intercepted to end the threat.

A crowd of 17,000 saw the game here.

# Kegler Lead Still Held By Kiwanis

The Kiwanis Keglers continued to roll right along at the top of the Men's Summer Bowling League here last week as they swept two out of three games from Midland Geophysical to pad their margin at the top of the loop.

Meanwhile The Reporter-Telegram team took three straight games from Central Barber Shop to move into the fifth Plumer Lanes for the runner-up spot.

In the only other games, Howard's Chevron rolled two out of three victories over Plamor.

Compiling the high individual score of the week was Ford Buehrle with a mark of 220. K. Johnson rolled the high series total with a score of 564. League Leading Kiwanis is scored both the high team game total with a mark of 824 and the high team series total with a score of 2,423.

The schedule this week will see The Reporter-Telegram Keglers take on Midland Geophysical on alleys five and six; Howard's Chevron contest Kiwanis on alleys seven and eight and Central Barber Shop play Plamor Lanes on alleys nine and 10.

The standings:

Team	W	L
Kiwanis	19	8
Plamor	18	12
Reporter-Telegram	18	13
Midland Geophysical	12	13
Central Barber Shop	10	17
Howard's Chevron	10	17

# Longhorn League's Playoff Brackets Virtually Completed

By The Associated Press

The Longhorn League playoff bracket has virtually been completed.

Artesia Friday night whipped Roswell in a double-header to go 10 1/2 games ahead of Roswell, which is in fifth place. Roswell has only 13 games to play and Artesia 16.

Odessa leads the league but its margin is dwindling fast.

Big Spring beat Odessa, 3-0, to move within three games of the leaders. It was Odessa's second straight loss.

Midland slammed San Angelo, 6-3, and is four and one-half games ahead of fourth-place Artesia. Artesia had little trouble with Roswell, winning the first game, 19-5, and the nightcap 10-7. The Drillers pounded seven home runs in the two games with Joe Bauman clouting two and driving in eight runs.

Midland swept to victory over San Angelo behind the six-hit twirling of Herb Dwire.

Vernon came from behind to beat Sweetwater, 5-4, although Chief Miller of the Braves hit two home runs and drove in all four of the Sweetwater tallies.

# Artesia's Bauman Leads Longhorn League Batters

Man-Mountain Joe Bauman, the south-paw slugger of the Artesia Drillers, is threatening to walk off with most of the hitting honors in the Longhorn League.

In statistics released Sunday, Big Joe is still far out in front of the League's hitters with a .361 mark.

The Artesia first sacker, who already has tied the home run record in the circuit with 44, leads in that department as well as in total bases with 319 and in runs batted across with 137. Bauman has also drawn the most free passes to first, 126.

Johnny Taysom of San Angelo has hit safely the most times, 164, while Odessa's Leo Eastham has tallied the most runs with 139.

Roman Loyko of Odessa leads the loop in triples with 23 while Artesia's Rudy Briner is the pace setter in doubles with 209.

In strikeouts, Midland's Keith Nicolls is the pace-setter with 209, followed by Big Spring's Gil Guerra with 201.

In team statistics, the heavy-hitting Artesia Drillers continue to show the way with a .303 mark, while Big Spring is the top fielding club in the circuit with a .907 average. Midland is tied for third in batting with Roswell. Each have a .288 average. The Tribe is also knotted with three other clubs in fielding. San Angelo, Odessa, Artesia and Midland all have averages of .960.

The following statistics include games played through August 25, with these exceptions: Big Spring at Vernon, August 4 (2); Roswell at Vernon, August 14, 15, 16; Midland at Vernon, August 20, 21, 22; Artesia at Odessa, August 22; and Vernon at San Angelo, August 25 (2).

# Nicolls, Hughes, Ten Named On Longhorn All-Star Teams

ARILENE—(P)—Joe Bauman, the Longhorn League's home run king and leading hitter, Saturday won the circuit's most valuable player award.

The husky Artesia first baseman shared major honors with Bob Lemmel of Roswell and Bob (Pepper) Martin of Odessa. Lemmel was named Rookie of the Year and Martin was selected Manager of the Year.

The picks, along with the All-Star team selections, were made in a poll of the managers, sports writers and sportscasters of the league.

Through this week's official averages Bauman was leading the loop in just about every department that called for stickwork. Besides batting .361 and topping the old home run record, the 240-pound Driller led in total bases, runs batted in and bases on balls.

He broke into organized ball with Amarillo in 1946 and led the West Texas-New Mexico League in home runs with 40 that season. He was with Amarillo in 1947 and with Hartford of the Eastern League in 1948. He played semi-pro ball the last three years at Elk City, Okla.

Rookie of the Year Lemmel is 19 years old and got his first professional trial this spring at his hometown of Albuquerque. The Duke optioned Lemmel to the Roswell club. He is batting .303 and is considered one of the better defensive infielders in the league.

Martin has managed the Odessa Oilers since early in the 1951 campaign. He piloted the Odessans from last place to a fourth-place finish and then won the Shaughnessy playoffs in 1951. This year his Oilers have been front runners most of the way.

All eight clubs placed men on the All-Star team, Odessa setting the pace with three men.

The All-Star selections:

- FIRST TEAM**
- 1B—Joe Bauman, Artesia.
  - 2B—John Taysom, San Angelo.
  - 3B—Witty Quintana, Big Spring.
  - SS—Hayden Greer, Roswell.
  - OF—Lefty Loyko, Odessa.
  - OF—Leo Eastham, Odessa.
  - OF—Charley Buck, Sweetwater.
  - C—Rudy Briner, Artesia.
  - RHP—Keith Nicolls, Midland.
  - RHP—Gil Guerra, Big Spring.
  - LHP—Evello Ortega, Odessa.
  - LHP—Lloyd Wallis, Vernon.
- SECOND TEAM**
- 1B—Warren Sitter, Sweetwater.
  - 2B—Charles Weber, Odessa.
  - 2B—Paul Halter, Artesia.
  - SS—Stanley Hughes, Midland.
  - OF—Pat Stacey, Big Spring.
  - OF—Jim Ackers, Artesia.
  - OF—Bill Haley, Artesia.
  - C—Joe Neidson, Vernon.
  - RHP—Mike Rodriguez, Big Spring.
  - RHP—Israel Ten, Midland.
  - LHP—Parks Thomas, San Angelo.
  - LHP—Gary Young, Roswell.

Harold (Pie) Traynor holds the record for playing the most games at third base, 1,864. He played for the Pirates for 17 consecutive years.

Ed Stewart, outfielder for the Chicago White Sox, graduated from UCLA with a bachelor of education degree.

Adrian "Pop" Anson, star for the Chicago Cubs before the turn of the century, was a student at Notre Dame and introduced the game of baseball there in 1867.

HERB DWIRE  
... Wins duel.

# Dwire Hurls Tribe Past Angelo, 6-3

SAN ANGELO—(P)—The Midland Indians, behind the tight, six-hit hurling of Herb Dwire, knocked off the San Angelo Colts here Friday night, 6 to 3. In the first of a three-game series.

The three runs the Colts scored off the Indian pitcher in the sixth inning all were unearned.

Dwire and Lew Losano of the Colts hooked up in a scoreless pitching duel through the first three innings but with Glen Selbo and Julio de la Torre leading off with home runs, the Indians tallied four times in the fourth.

Manual Temes followed the two homers with a walk, moved to second and third on two groundouts. Losano intentionally walked Gordon Tanner but became wild and gave free passage to Dwire to load the bases. Earl Bosenberry drove in the first two of his three runs with a single and brought about the demise of Losano. Clarence Tinkler came on and retired the side.

The Colts' three runs in the sixth came on singles by George Hayes and Oscar Williams and errors on De la Torre and Selbo.

Midland scored twice more in the eighth on a leadoff single by Temes, a two-base error by John Malgarini, Colt second baseman, a walk to Tanner and a hit-by-pitcher on Dwire.

The score:

Team	AB	R	H	O	A
MIDLAND (6)	35	6	8	27	8

# Petroleum Bowling Loop Here To Start Play September 10

The 18-team Midland Petroleum Bowling League Saturday sent out an invitation to petroleum companies or allied industries here to form a team and join their loop.

At the present time, the Petroleum League would like to add two members to make it a 20-team league. Otherwise, it will be forced to cut back to 18 teams.

Play starts in the league September 10 and will extend 34 weeks, provided there are 20 teams in the league. If there are only 18 teams, the season will last only 30 weeks.

Teams will bowl in two shifts, one night a week.

The Petroleum League also elected the following officers at its meeting last week: Maurice Crawley, president; Kenny Jastrow, vice president; and Ted Witte, secretary.

Any organization desiring to enter the Loop should call Witte at 2-1049 or Crawley at 4-8261.

# PLAYOFF DUCATS TO SELL MONDAY

Ticket sales for the Longhorn League playoffs games in Midland will open Monday.

New seat holders will have an opportunity to retain them for the playoffs. Boxes must be taken by September 8 or they will be made available to a waiting list. Business Manager Horace Busby of the Indians emphasized Saturday.

Cost of a four-seat box for a two-game playoff series will be \$16.

General ticket sales are to start Tuesday. Indian Park offices will be open from 1 until 4 p.m. daily. General admission charge for adults is \$1. Children must pay 50 cents.

(Only game scheduled.)

Pecos Coach Returns Home For Opening Of Grid Workouts

PECOS — Head Coach Don Mouser plans to be back in Pecos Sunday in time to begin football workouts with his Pecos High School Eagles Monday morning.

Mouser has been at the bedside of his wife, seriously ill with polio at Plainview.

Coaches Mitford Johnson and Cecil Jones visited the Mousers at Plainview last week, and reported that Mrs. Mouser's condition remains unchanged.

She is in an iron lung, but is able to breathe for about two minutes without the lung. Her mother has moved to Plainview to be with Mrs. Mouser during her stay in the polo center.

The iron lung purchased from funds raised by Pecos residents is expected to arrive in Plainview in about two weeks.

Four Teams Lose In International Softball Tourney

PLAINVIEW — Four teams were eliminated Friday night in the International Softball League tournament here.

Ray Weber pitched a no-hitter and struck out 14 as Wyoming Angus Ranch of Johnstown, Colo. beat Calgary, Canada, 1-0. Phil Orace hurled another no-hitter for Barber's Point Naval Air Station, Hawaii, with Arizona's Coolidge Boosters the victims, 3-0.

Coldwater AF of L (Ohio) beat Oilman Oil, New Bedford, Ill., 9-0, and Phillips Men's Club, Borger, downed Mancini Hardware, Creighton, R. I., 12-7.

The four losers were knocked out of the tournament which ends Monday night.

Aussie Net Champ Defaults; Bartzan Gains In National

FOREST HILLS, N. Y. — Possibilities of an all-Australian final in the National Tennis Championship were smashed Saturday when Australian Champion Ken McGregor was forced to default in the third set of his first round match.

McGregor, one of the big favorites for the title, was ranked right behind his countryman, Frank Sedgman. But with the score 6-3, 6-4, 5-6 in his match against Calvin MacCracken of Tenafly, N. J., his ailing stomach troubled him so much he had to throw down his racket.

Other results Saturday included: Bernard Bartzan, San Angelo, defeated George Stewart, Drexel Hill, Pa., 6-3, 9-7, 6-0.

Texas Cup Matches Set October 18-19

DALLAS — The Texas Cup Matches in which a team of amateur golfers will clash with the top professionals will be played in Dallas October 18-19.

Dates for the long-delayed resumption of the cup matches were set in a conference between L. W. (Smiley) Rowland of Fort Worth, president of the Texas PGA, and David (Spec) Goldman of Dallas, who heads the amateurs.

The cup matches were not held last year. They were skipped after a year which saw the amateurs beat the pros. There was talk by the Simon-pures that the pros did not care to meet them again. But Rowland quickly took up the challenge.

Texas Featherweight King Seeks Opponent

SAN ANTONIO — Promoter Jim Scaramoni is seeking a fighter to send against State Featherweight Champion Jacky Blair of Dallas in the main event of a boxing show here Tuesday night.

Blair was to have met Santiago Gonzalez but Gonzalez was ruled out by the state commissioner, M. E. Morgan, because cuts over his eye have not healed properly.

THEY'LL DO SOME PLOWING, TOO, AT NATIONAL CONTEST

They'll Do Some Plowing, Too, At National Contest

KASSON-DODGE CENTER, Minn. — They're going to be doing some plowing, too, at the National Plowing Contest September 6.

The site of the big farm event already has shaped up as a major political arena where Gen. Dwight D. Eisenhower and Gov. Adlai E. Stevenson will mount a plank platform and expound farm views.

But officials of the contest, formally known as National Soil Conservation Day and Plow Matches, stress that all the political hoopla won't deter them in their efforts to put on an event aimed at improving farming practices.

Harold Severson, chairman of the publicity committee, said "the forgotten men of the soil conservation demonstration and plowing matches are steadily going ahead with work and their plans."

The event is sponsored by a corporation made up of seven Southern Minnesota soil conservation districts. It will be held on six farms between Kasson and Dodge Center, Rochester, home of the famed Mayo Clinic, is about 17 miles to the east.

There will be two divisions to the plow matches—contour (on hilly land) and level-land. Plowmen from about 18 states have already entered and tractors, plows and other farm machinery have begun to arrive on the scene.

Among the entrants is 80-year-old J. K. Thomas of Reserve, Kan., who won the England Wales plowing contest with horses when he was 21.

At the same time as the matches, soil conservation demonstrations will be going on. These include terracing on hillsides, planting of windbreaks and other practices to slow costly soil erosion. Another demonstration, using 20,000 feet of cylindrical tile section, will show how a marshy area can be drained and put in shape for crops.

The center of interest for many of the expected 150,000 spectators will be a 20-acre "headquarters area." Fifty tents, the biggest 60x90 feet, have been pitched. The Dodge County Red Cross chapter is rolling bandages and getting other equipment for a first aid station.

Two Tons Of Coffee One Kasson grocer has five tons of wetters on order. The American Legion post has made arrangements for two tons of coffee.

Eighteen of the 30 acres have been set aside as a natural amphitheater for the program which will include the Eisenhower and Severson speeches.

Directors of operations for the farm event is W. M. Roberts, a district conservationist for the U. S. Soil Conservation Service.

He said he would just as soon have neither presidential candidate nor any politics injected into the big day, but the sentiment generally seems to be that everyone is welcome. A big sign saying just that is stretched across the main street of Kasson.

Ike Promises Square Deal, Friendship To U. S. Labor

NEW YORK — Gen. Dwight D. Eisenhower offered to America's workers Saturday a Labor Day pledge of fairness, friendship and no coercion.

But even as the Republican presidential nominee was making overtures to labor, he became snarled in something of a dispute with a trio of New Jersey CIO leaders.

They said the general had told them he never had heard of "union security" and didn't know the difference between the open, union and closed shop.

"Not so," an Eisenhower aide came back. Joel R. Jacobson and Hugh Caldwell of the Essex-West Hudson CIO Council and Fred Ascough, United Auto Workers international representative, said in a statement in Newark that when they had called on Eisenhower in New York Thursday they found he "didn't know the answer to a simple question which any students of high school economics could answer."

The Eisenhower aide said he sat in on the general's meeting with the CIO trio and other New Jersey labor leaders — and Eisenhower had stipulated that there could be only a general discussion of labor-management relations because his time was limited.

Subject Too Technical So, he said, Eisenhower turned aside as too technical for discussion at the time questions such as those regarding open, union and closed shops.

Eisenhower had no direct comment himself on the statement from the New Jersey CIO leaders. In his Labor Day statements Eisenhower said there would be no coercion for American workers as he pushed along "the broad middle way toward prosperity without war."

He said he intends to speak out in the days ahead "on the great questions which trouble every one of us" and to consult labor in developing his views and conclusions.

This, Eisenhower said, is his Labor Day pledge: "I will always seek to serve the worthy interests of every group of our people yet make the test of every policy: Is it good for America."

Optimists Announce Workshop Donations

Generous Midlanders have made several voluntary donations toward rebuilding the Optimist Club's Boys Workshop, recently damaged by fire. Jim Velvin, president, announced Saturday.

Ed Adams, who poured the concrete for the original building, has volunteered his services for the proposed new building.

W. O. Worley, Jr., of Resthaven Memorial Park, Inc., sent a check for \$25, and Mrs. J. D. Dillard made a \$3 donation.

Velvin expressed appreciation for the gifts.

BUCK ROGERS MAY BE THERE

BUCK ROGERS MAY BE THERE

STUTTGART, GERMANY — World experts on rocket travel through space — perhaps to the moon and Mars — will meet here Monday in the Third International Astronautical Congress.

Two hundred scientists from 15 nations are expected for the six-day sessions. Dr. Werner von Braun, creator of Germany's wartime V-2 rockets, will speak on "Space Travel—a Common International Task."

Dr. Von Braun, secretly whisked to the United States in 1948 to help in the American development of rocket weapons, holds that mankind is on the threshold of interplanetary voyages.

Oklahoma Golfer Sots Sizzling Pace In Insurance Tourney

WETHEFIELD, Okla. — Shee Riegel of Tulsa, Okla., matched a spectacular sub-par 67 with an earlier 66 for a 133 total to set a sizzling pace at the halfway mark in the 72-hole Insurance City Golf Tournament.

The handsome 180-pound Riegel who has yet to win a "big one" in the pro circuit, held a four-stroke lead over his closest challengers and looked like he'll be tough to beat.

Among these challengers is Art Wall of Honesdale, Pa., who at the end of Friday's opening 18-hole round, was tied with Riegel. National Open Champ Julius Boros, the Connecticut native and sentimental favorite, was down the list with 141.

Abilene Christian College Starts Grid Drills Monday

ABILENE — An estimated 60 candidates for the 1952 Abilene Christian College football team are expected to report to Coach Garvin Beauchamp when Fall practice opens here September 1.

The Wildcats will have two weeks to prepare for their opener September 13 with Southwest Texas State at San Marcos.

The nucleus of the '52 team will be built around 18 returning lettermen, including 10 seniors who have played regularly for the last two seasons.

Of the 14 lettermen gone from last year's squad, 12 were linemen. The tackle and guard posts were the hardest hit by graduation with Little All-Texas Conference Guard Bob Bailey among the casualties. Two other all-TC performers—Center Rob Orr and Fullback Tommy Hinson—also have graduated.

The return of 200-pound Jimmy French, 1948 and 1950 letterman, from the Marines, the rapid development of sophomore tackles like James Cobb and Haskell Sinclair and the agility of hefty Theo Haas, 225-pound transfer guard from Edinburg Junior College prevent the line's prospects from being dim.

In the backfield, the Wildcats are due to be more explosive and will pack more of a scoring punch than they have had in many years. At the man-under slot on Coach Beauchamp's straight-T offense will be Ted Hinton, sleight-of-hand artist, all-conference selection and three-year letterman.

Others in the starting backfield will be Jerry Mullins and Wesley (Red) Rushing, last year's regular halfbacks, and Don Smith at the fullback post. Jimmy Hirth, Paris Junior College transfer, will spell Rushing a lot at the right half slot.

End candidates include five lettermen, Stan Staples, Ray Hansen, James Lyda, James Muns and Tommy Morris. Staples and Hansen were all-conference last year—Staples for the second straight year.

The center post is capably managed by all-conference Wallace Buntington, who serves as team captain along with Fullback Smith. Wally is all-conference linebacker.

Other lettermen returning are Bobby Campbell, quarterback; Joe Powell and Dick Feltz, halfbacks; Byron (Sonny) Cleere, guard; and Bill Wilkinson, tackle.

Woman Dies In New Bakersfield Tremor

BAKERSFIELD, CALIF. — A minor aftershock of the big August 23 earthquake was blamed for the death Friday night of Mrs. Zaida Reynolds, British war bride.

Ralph Reynolds, a real estate man, said his wife was sitting beside him on a sofa when the shock occurred. She leaped up, then fell dead on the floor, apparently of a heart seizure.

He said his wife, 37, had been nervous since going through the German blitz in London in World War II.

Police Seek Trail Of Grocery Bandit

SAN ANTONIO — Police followed a cold trail Saturday of a natty hoodlum who held up a grocery manager, Moses Robins, and escaped with \$580.

He forced a bus driver, H. Kiel, to drive him through a police cordon in a stolen car. In the resulting chase, police said the robber stole at least one more car.

Long Vacation Ends—

(Continued from Page One) of students to be posted on the door of their respective rooms: Seventh—217, 108, 210, 207, 108, 218, 115, 215 and 205.

Eighth—212, 214, 208, 211, 110, 109, 104, 105 and 208. C. D. Johnson, principal of John M. Cowden Junior High School, announced the following home rooms: Seventh—202, 204, 205, 207, 208, 209, 210 and 209.

Three Youths Hurt In Cutting Spree; Officer Attacked

Three Latin American youths were wounded, one of them critically, when a fight broke out at a dance Saturday night in the City-County Auditorium.

And one policeman, Officer John C. Myrick, was dazed momentarily when one of the trio slugged him on the side of the head as he tried to break up the altercation.

Most seriously hurt was Menelido Mendosa, 18, of 707 North Dallas Street, who was treated at Western Clinic-Hospital for knife wounds on his neck and chest.

His brother, 18-year-old Alie Mendosa, suffered a knife wound on his left chest, and Albert Garcia, 208 North Dallas, received a knife wound in his right shoulder.

With few details concerning the fight available, officers still were investigating late Saturday night.

Optimists Announce Workshop Donations

Generous Midlanders have made several voluntary donations toward rebuilding the Optimist Club's Boys Workshop, recently damaged by fire. Jim Velvin, president, announced Saturday.

Ed Adams, who poured the concrete for the original building, has volunteered his services for the proposed new building.

W. O. Worley, Jr., of Resthaven Memorial Park, Inc., sent a check for \$25, and Mrs. J. D. Dillard made a \$3 donation.

Velvin expressed appreciation for the gifts.

John Rankin, Mississippi's Firebrand, Can Cool Off Now

By JAMES MARLOW Washington — John Rankin will have time to cool off now. For most of his life he's been as active and blazing as a man with a box of matches on fire in his hip pocket.

Rankin, the tireless champion of white supremacy who had his hand called on the floor of the House of Representatives for throwing around words like "kike" and "nigger" won't be back next year.

He had been a member of the House from Mississippi 22 years. Last week, the voters of his state turned him down for renomination in favor of a fellow congressman, Thomas Abernethy, who is 48.

At 70, still as lively as a boy, Rankin is one of those old men who never seem bruised by the shoving around time gives them. Even his white hair seems to stand up in constant indignation.

With Mouth Or Fists Unlike some of his ponderous fellow members, far younger, Rankin could be on his feet in an eye-blink for a fight with his mouth or his fists. His didn't faze him. His fellow members, presidents or even Supreme Court all were targets for his tongue and his temper.

In 1948 he swung on Frank Hook, a fellow Democrat from Michigan. Hook, one-time iron ore miner, was a lot bigger man. Rankin had accused Hook of consorting with Communists. When Hook called him a liar, Rankin swung.

Communism was on his mind. He was one of the most enthusiastic Communist-hunters of his time, a pursuit he developed as chairman of the House Un-American Activities Committee.

He was equally attentive to, and equally against, any civil rights moves by the Democratic Administration. He was strictly for segregation of negroes.

Champion Of Veterans At the same time he championed the Tennessee Valley Authority, rural electrification, and war veter-

IGNORANCE IS BLISSFUL

DALLAS — If you've got a low IQ and it's worrying you—don't let it. That's the advice of a Southern Methodist University psychology professor.

Dr. A. Q. Bartolucci told a Dallas business club that: 1. Intelligence tests aren't always accurate, and 2. Their importance is probably exaggerated, anyhow.

Hal Talks To Marilyn Monroe But He Forgets Big Question

By HAL BOYLE NEW YORK — Girls, our success formula for today is simple: "Stay in there and keep pitching those curves."

The symbol of this vibrant Marilyn is Marilyn Monroe, who has proved an ambitious girl doesn't have to come to the big city to get ahead. She can do it in her own home town.

At nine Marilyn earned five cents a month spending money setting tables in a Los Angeles orphan home. At 24, in the nearby film studio where she now has to wait on nobody, she draws down \$750 a week. In Hollywood this naturally is considered peonage.

She arrived for our luncheon appointment in good time—well before dusk. "They keep me so busy," she complained, "sorry I'm late."

She turned her wide blue eyes on me, and I had an uneasy feeling they would melt and drip on the table. Then she sat down beside me—real close—and I had an uneasy feeling that maybe I'd melt.

Wearing Small Towel "I was having my hair fixed in my hotel room, and all I had on was a towel," she said, and added carefully — "a small towel. Some reporters were on the other side of the door asking me questions. And such questions: They wanted to know if I knew how many stomachs a cow had, and they asked real surprised when I gave them the right answer—four."

Marilyn, who recently was in a film called "Monkey Business," rather enjoys people who take her for a real life dumb blonde. She is dumb the same way Mae West is. She is rather amazed by the public interest in her disclosures that she never wears brassieres, girdles or any form of underclothing, and sleeps raw except for a nightgown dab of perfume.

"It's more comfortable not to wear underclothing, and I don't like to feel wrinkles," she said. "What's so unusual about that? You must know a lot of girls who do the same thing—and who put on perfume before going to sleep."

(Editor's note: If Boyle does, he never mentioned it before.) Few Few Undies Miss Monroe feels most American women should follow her example and emancipate themselves from bras, corsets, and girdles.

"But, first, some of them ought to exercise," she said, "in order to be . . . you know . . . firm. I exercise with light weights myself."

"I lie on my back with my arms overhead and lift the weights 15 times. It is a kind of pull against gravity, I guess. I used to walk a lot, too. Walking up a steep hill is the best thing for a woman's legs."

But what about the subject on the minds of 10,000,000 girls this leap year—how to catch a husband? Marilyn, whose own marriage at 16 didn't last, gave two simple rules: "1. A girl should follow her instincts. "2. That will about take care of things, as instincts are important."

As for sex (a current events topic most movie stars and baseball players usually have opinions on), Miss Monroe said: "Truthfully, I've never given it a second thought."

And she was gone before I thought of asking her what her first thought was.

VA Outlines Steps For Vets To Use In Seeking GI Loan

WASHINGTON — The Veterans Administration Saturday outlined the six steps a veteran must follow to obtain a GI loan for a home, farm or business.

Under a new law more than one million veterans who have seen military service anywhere in the world since the Korean War started June 27, 1950, are now eligible for such loans.

The new law—the Korean GI bill—also provides education, training, unemployment and other benefits for veterans with service since June 27, 1950.

The VA said its regional offices throughout the nation now are issuing certificates of loan eligibility to qualified veterans and are processing applications for loan guarantees.

The six major steps to a GI loan, VA said, are: 1. Find the property or business venture you want to buy, or decide on the business you want to establish.

2. Go to a bank, building and loan association or other financial institution from which you want the loan.

3. Present your plan and your original discharge or separation papers.

4. The property, if any is involved, will then be appraised by VA-approved appraisers.

5. The VA will send a certificate of reasonable value to the lender.

6. The lender, if the application is approved, will then make the loan.

Air Industry In U. S. Due 18 Largest Forge Presses

NEW YORK — The United States is set to recapture technological air supremacy from Russia by building 18 of the world's largest warplane making tools.

The tools are giant forge and extrusion presses, weighing from 13,000 to 50,000 tons each. They will pour out a steady flow of wing and fuselage panels, struts, braces, stringers, tubing and bomb-er wheels for the aircraft industry.

The U. S. Air Force has said the Russians may be using the biggest forge press in the world—one of more than 20,000 tons the Reds captured from the Germans—to turn out swarms of its deadly MIG-15 jets.

At present, America's largest is one forge of 18,500 tons brought over from the Ruhr.

The first of the great new machines is being installed at the Lafayette, Ind., plant of the Aluminum Company of America—a 12,500-ton tool which a spokesman for ALCOA says is the world's largest extrusion press. The company now plans another one of 20,000 tons.

The spokesman for ALCOA also announced that within two years the company will have in operation two huge forge presses, one of 50,000 and the other of 35,000 tons. The biggest may go to its Vernon, Calif., plant in the heart of America's aircraft production belt. The other may be put in at Cleveland.

Industry leaders said while these presses will be "American built," tool makers of Western Germany and perhaps elsewhere in Europe may have an opportunity to make many parts for them. Already, the Schloeman Company Works at Düsseldorf has made five huge castings which have arrived at Lafayette.

# The Washington Merry-Go-Round

By Drew Pearson

(Editor's Note) During his vacation, Drew Pearson invited several public figures with whom he has taken issue to write guest columns, guaranteeing them complete freedom of expression. One of these was Gov. Fuller Warren of Florida, whom Pearson has criticized for receiving large campaign contributions from members of the gambling fraternity.

Pearson informed Governor Warren he would print anything he wanted to write in reply to Pearson's criticism, and herewith is offered Warren's guest column. In referring to Pearson as "colonel," Governor Warren presumably has in mind that on his inaugural day he appointed Pearson an honorary colonel on his own staff.

(Copyright, 1952, by The Bell Syndicate, Inc.)

**Gov. Fuller Warren says: Resents columnist's suggestion he be impeached; feels campaign expenditure charges were unfair; however would not have Pearson silenced.**

Pearson, the conductor of this coarsening column, has invited me to fill the space today. I am grateful for his generous invitation.

Little can be said for Colonel Pearson's prowess as a pugilist, but much can be said for his capacity as a chronicler. He perhaps has had no peer in the field on English fiction since Chaucer, or maybe since the translator of Grimm's Fairy Tales.

Like all gifted men, Colonel Pearson has a few failings. Shortly after Gen. William Tecumseh Sherman toured Georgia, a homeless citizen of Atlanta remarked that the general was a great man but a little careless with fire. Something similar could be said about Colonel Pearson. Beyond cavil, he is a clever and easy writer, but a little careless with facts. President Roosevelt went so far as to say he was a "chronic liar." I can't go quite that far. Colonel Pearson sometimes tells the truth. Occasionally, the truth creeps into his widely read column. It may not be intentional, but it's there.

Colonel Pearson usually mangles the fair form of truth when he turns his column into a vehicle of propaganda for an aspiring politician—as he frequently does. He also lacerates the beautiful body of truth when he prostitutes his column to character assassination—as he often does.

Once Colonel Pearson has fathered a falsehood, he usually remains faithful to it. Many untrue statements in his column have been pointed out to Colonel Pearson, but

he rarely has retracted. He does, however, resort to the disarming device of voluntarily correcting trivial untruths, while sticking loyally by his big lies.

It would be impossible, in the limited space allowed me, to recount all the vast mass of misrepresentation Colonel Pearson has perpetrated on his reading public. I use the qualifying "reading," because some people have been deceived so many times by Colonel Pearson's fairy tales—masquerading as fact—that they have quit reading him. "Rough Estimate"

It is possible, however, to make a rough estimate of Colonel Pearson's total output of prevarication. Although no detailed tabulation has been kept, I estimate that Baron Munchausen's contemporary counterpart has told not less than two dozen lies about me within the last two years. Assuming I have received only my pro rata share of Baron Pearson's prevarications, this data may be projected to the conclusion that this modern Munchausen has concocted 24 falsehoods about every person on whom he has unleashed his yelping pack of lies.

Projecting this scientific calculation further, it can be estimated that during the last two years it has suited the purposes of Colonel Pearson to smear at least 2,000 persons (this estimate is almost laughably low). Thus, it mathematically follows that Colonel Pearson has manufactured, within the short time of two years, 48,000 units of men-

of Colonel Pearson's uncanny skill dacity. That is mass production on a massive scale! The miracles of mass production attested by General Motors sink into insignificance when compared to Colonel Pearson's assembly line assault on truth.

Pearson has a keen and cunning knowledge of libel law. Libel laws of most states are such that a writer can smear an innocent person's good reputation and yet escape conviction for defamation. Lefty Grove could not cut the outside corner of the plate with the precision by which Pearson can ruin a reputation and yet not be prosecuted for libel. With a crafty artifice like Pearson loose in the land, our antiquated libel laws afford little, if any, protection to American citizens.

At the apparent behest of his pet candidate for President, on the third day of June, 1952, Colonel Pearson smeared me in a column containing a curious congeries of almost incoherent lies. After making a series of untrue accusations against me, Baron Pearson advised the Florida Legislature to incorporate his charges into articles of impeachment against me.

Pearson concealed from his readers the recorded fact that the Florida House of Representatives already had rejected and refuted his stale accusations by a vote of 75 to 6. One Florida newspaper, which carries his column, apologized for Pearson's nonsensical suggestion by pointing out that he had warned some sour and discredited dregs who already had been thrown out of the Florida Legislature.

Space will not permit a detailed account of his journalistic gibberish, but I will cite two of the monstrosities in this Pearsonian piece of prevarication. The Potomac prevaricator, in an obvious attempt to discredit me to benefit his pet presidential candidate, alleged that under Florida law I swore in an affidavit that contributions to my gubernatorial campaign in 1948 totaled \$5,225. In 1948, Florida law did not require that I or any other candidate swear in an affidavit that the total campaign contributions were. In 1948 Florida law merely required a candidate to file a sworn statement showing the amount of campaign expenditures known to him.

Pearson further alleged that Section 102.62 of the Florida Statutes in 1948 limited the total contributions to a governor's campaign to \$15,000. This is another Pearson whopper. Section 102.62 of the Florida Statutes at that time did not place any limit whatsoever on the total contributions to a governor's campaign fund.

It is not easy to understand why Pearson attempted to deceive his readers about the plain provisions of this law which had been on the statute books of Florida for 25 years. Not Angry As Colonel

Although I have felt constrained to write this column as a sort of clinical contribution to the cause of truth, I want it known that I am not angry at Colonel Pearson. He seems to have a certain benevolence of nature which makes it difficult for me to feel harshly toward him because of his frequent defections from fact and his recurring trappings upon truth. Furthermore, having actively participated in politics for more than a quarter century, I do not easily become indignant at an apostle of Ananias.

Moreover, despite his mounting mass of mendacity, Colonel Pearson does some good. On rare and infrequent occasions truth creeps into his column. When it does, sometimes the public weal is served. Even if I could I would not silence Pearson. I would, however, like to see the fearless fictioneer strike a better balance between fact and falsehood—say, 50-50. That would be a great gain for truth.

## WAC Plunges Knife Into Abdomen, Leaps From Roof To Death

SAN ANTONIO—(AP)—A young woman, dressed in an Air Force Summer uniform and slashed with a knife, plunged to her death Friday night from the roof of the 14-story Nix Professional Building in downtown San Antonio.

She was identified by police as Airman 3/c Shirley J. Rybka, about 27, of Lackland Air Force Base near here.

Blood and a knife fell to the pavement in front of the building; spectators looked upward to see the body smash to earth.

Justice of the Peace M. D. (Buck) Jones, who returned a verdict of suicide, said he was unable to find any reason for the death leap.

Charles Shuster, 68, elevator operator, said he took the WAF to the tenth floor about 9:30 p.m. half an hour before the plunge. She apparently walked to the roof.

On the roof police found a purse containing a pass for Airman Rybka, and a receipt for purchase of a knife.

H. Van Schutte said he was standing 30 feet from where the woman struck. He said he noticed drops of blood, heard the knife fall and looked up to see the falling body.

## Five Persons Killed In Light Plane Crash

ELMIRA, N. Y.—(AP)—Five Pennsylvania men were killed Saturday when a single engine plane crashed into a hillside pasture two miles south of this South-Central New York city.

Chemung County sheriff's deputies said the victims were the pilot and four men who had chartered the plane for a fishing trip to Canada.

They were identified as Elliott R. Kitchen of Harrisburg, the pilot; Earl W. Lynch of Pottsville; Steve Dostak of Johnstown; Charles W. Rook of Fairfield, and Raymond Rose of Selinsgrove.

The sheriff's office said the four passengers chartered Kitchen's plane for a flight from Hagerstown, Md., to Manitowish Island in Georgian Bay, Ontario. They spent Friday night in Williamsport, Pa., and took off Saturday on the next leg of the trip, the deputies said.

Witnesses reported the plane appeared to be attempting a landing at an airport here when it stalled, rolled over and crashed.

## Pollo Adds Three Deaths Over Texas

By The Associated Press  
Two Dallas children and a North Carolina airman died of polio in Texas Friday, and Houston reported two more cases of the paralyzing disease.

The Dallas victims were Theresa Frances Boyd, 15, and William David Small, age six.  
Airman 2/c Joe B. Sills, 21, of Hickory, N. C., died at Sheppard Air Force Base near Wichita Falls where he was flown from Connally Air Force Base at Waco.

The Dallas girl died less than 24 hours after her 20-year-old sister was admitted to Parkland Hospital.

## Midlander Injured In Two-Car Crash

George Tidale, 34, of 307 South Lamasa Road, received possible black injuries Saturday in a two-car collision at Carver and Wall Streets. He was admitted to Midland Memorial Hospital.

Tidale was riding in a car driven by his wife, Rosie Lee Tidale, who was not injured.

The Tidale car hit a telephone pole after being in collision with a vehicle operated by Earl Davis, also of Midland. Alone, he escaped injury.

Both autos were damaged heavily.

## Woman's Accuser In Bank Swindle Attempts Suicide

MINNEOLA, N. Y.—(AP)—William H. Abel, president of a bank which allegedly was swindled out of \$450,000 by a woman business executive, shot and seriously wounded himself Friday—shortly before he was scheduled to appear at the district attorney's office.

Abel, 48, head of the Central National Bank of Minneola, fired a 48-caliber bullet into his chest in the basement of his home. His wife and two teen-aged sons were at the beach.

Saturday his condition at Nassau hospital was described as "fair, but still serious."

Abel was the complainant against Mrs. Lillian B. Robinson, 47, who he said obtained money from the bank over a four-year period by falsifying loan applications and certificates of home improvement jobs.

## Navy Airmen Jump Safely From Plane

OLATHE, KAN.—(AP)—Three crew members parachuted to safety Friday before a Navy bomber crashed on a farm near here.

The plane was one of 17 bombers being flown to the Olathe Naval Air Station from Jacksonville, Fla., to escape possible hurricane damage.

Miss Europe, 1952

Miss France, 1951

Miss England, 1952

Miss Sweden, 1952

**INTERNATIONAL BEAUTY BUSINESS GETS COMPLICATED**—The beautiful side of life used to be so simple, but it's getting pretty snarled up now. For instance, there's Gunseli Bazar, the new Miss Europe, at left above. She competed as Miss Turkey, but she wasn't born in Turkey. Next is Nicole Drouin, Miss France of 1951, who gets upset if she's confused with Miss France of 1952. Then there's Judy Brun, who is Miss England. She was born in New York. The last item above is fairly simple. It's Maria Tistler, 1952's one and only Miss Sweden, who actually comes from Stockholm.

## Texas Labor Leaders Salute Union Gains, Warn Of Peril

AUSTIN—(AP)—The president and secretary of the Texas State Federation of Labor issued Labor Day statements Saturday hailing past accomplishments but warning of perils labor may face in the future.

President William J. Harris of Dallas called Labor Day "a day devoted to reexamination of the position of labor and to planning for the future."

"We in organized labor in Texas send greetings to our fellow workers throughout the nation and urge that they join us in giving thanks for the benefits derived from the efforts of organized labor and in pressing forward for an ever more productive and beneficial program to serve the needs of America," said Harris.

Federation Secretary Paul C. Sparks of Austin warned organized labor not to take its gains for granted.

"We must realize that they are not secure, that they are always threatened," he said. "During years of complacency, the attacks on those rights have increased. In the political field and in the courts, labor's enemies have made serious inroads. We have such laws as the Taft-Hartley and the anti-labor statutes of Texas. The midnight injunction is back with us. Other attacks are in the making."

## Midland Firemen Back From School

Fire Chief Melvin Little and three members of the Midland Fire Department returned Friday night from a five-day firemen's training school conducted at College Station by Texas A&M College.

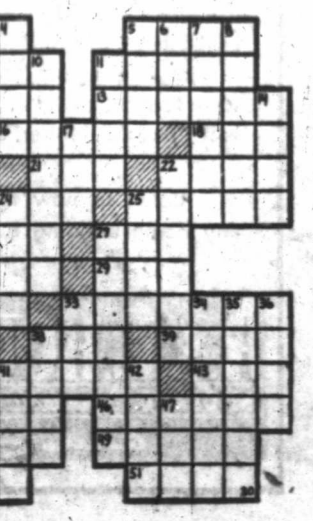

Little served as an instructor at the school while O. A. Goodman, O. C. Tekell and Dick Bevins attended as students.

## Justice Department Again Signs Veeder As Bureau Attorney

WASHINGTON—(AP)—William H. Veeder, attorney who has been handling the government suit over water rights in the Santa Margarita River in California, was reemployed by the Justice Department Friday.

Veeder has been off the Justice Department payroll since August 4 because of a stipulation in the department's appropriation bill for fiscal 1952.

Both Gov. Allan Shivers and Attorney General Price Daniel, who won the Democratic primary race for U. S. senator, oppose Stevenson because he favors federal ownership of off-shore oil lands.

Rep. Francis E. Walter, Pennsylvania Democrat who was a leader in a fight for laws granting state ownership claims sent Shivers and Daniel a telegram asking them to change their minds.

He said that opposing Stevenson would jeopardize passage of the legislation and put "believers in the principle involved in the middle of a sectional fight."

President Truman has vetoed legislation already passed by Congress, and Stevenson told Shivers he believes the President was right in doing so.

## Farley Reassures Truman On Election

WASHINGTON—(AP)—James A. Farley, former Democratic chairman, told President Truman Saturday that Governor Adlai Stevenson is going to win a "very substantial victory" in November.

Farley talked with reporters at the White House after a 15 minute visit with the President. Farley said he repeated to Truman what he said in an interview in New York Friday, that the Democratic Party has better unity than at any time since 1936.

He did not say what Truman's reaction was to his predictions.

## Five Workers Hurt In Railway Mishap

PRESIDIO—(AP)—Five men in a railroad section gang were injured Friday when their motor car rammied the back end of a train.

The Panhandle and Santa Fe Railroad train had halted to unload crushed rock about six and one-half miles northeast of here when the section motor car smashed into the rear end. No one on the train was hurt. It carried no passengers.

Seriously hurt were E. Ramirez, 50, Raymond Salgado, 28, and E. S. Rodriguez, 35. Gustavo Torres, 55, and M. H. Jimenez, 35, were less seriously hurt. All were hospitalized at Alpine.

## Neither Conflict Nor Peace Inevitable, Says Stevenson

SPRINGFIELD, ILL.—(AP)—Gov. Adlai E. Stevenson asserted Saturday night that even if it costs him the election in November he will tell the people the "hard, distasteful truths" and there are dangerous times ahead in the battle with communism.

The Democratic presidential nominee said in a broadcast recorded for the armed forces he does not believe a third world war is inevitable "but neither is peace inevitable."

Stevenson's statement was released here after he had received assurances from a group of negro church and civic leaders that they will support him and his running mate, Senator John Sparkman of Alabama.

Barclay Monroe Sweetland, Democratic national committeeman from Oregon, emerged from a conference at the executive mansion—where the governor spent the day

## Texas Voters Face Dilemma Choosing Between Ike, Adlai

By The Associated Press  
A pennsylvanian who fought in Congress for state title to the Tidelands urged Texas' governor and attorney Saturday to string along with Presidential Nominee Adlai Stevenson.

Meanwhile, Texans were busy choosing sides in the presidential race.

Both Gov. Allan Shivers and Attorney General Price Daniel, who won the Democratic primary race for U. S. senator, oppose Stevenson because he favors federal ownership of off-shore oil lands.

Rep. Francis E. Walter, Pennsylvania Democrat who was a leader in a fight for laws granting state ownership claims sent Shivers and Daniel a telegram asking them to change their minds.

He said that opposing Stevenson would jeopardize passage of the legislation and put "believers in the principle involved in the middle of a sectional fight."

President Truman has vetoed legislation already passed by Congress, and Stevenson told Shivers he believes the President was right in doing so.

## Midland Gun Victim Leaves Oxygen Tent For First Time

Blue-eyed, 25-year-old Vivian Grubough is on the road to recovery.

Saturday she spent the first day without an oxygen tent since she was brought to Midland Memorial Hospital eight days earlier, her body riddled with 10 bullet holes.

"And except for three cracked ribs," she grinned, "I feel pretty good. I'm just glad to get out from that oxygen tent."

Jenny Lind, the "Swedish Nightingale," had the first private railroad car, especially outfitted for her use, during her tour of the United States in 1850.

## Clubs Being Formed

An Eisenhower for President move was underway in Denison, meanwhile, and some Navarro County Democrats planned to match it with a Stevenson for President club.

Stevenson got backing, too, from the Harris County Democratic Executive Committee.

A crusade for Republican Dwight Eisenhower was launched Friday in Denison, his birthplace. A handful of Denison residents elected Mrs. Jack Martin temporary chairman and vowed, "We have definite hopes of carrying Denison for Ike."

Thirty-one Navarro County Democrats will organize a Stevenson club in Corsicana next Friday night.

Stevenson pluggers, including county Democratic Chairman Drew Gillen, made basic plans for the club at a meeting last week. They hoped to get U. S. Rep. Sam Rayburn, who has said he will back Stevenson, to speak at the organization meeting Friday.

Rayburn announced in Bonham, meanwhile, that he'll put in a statewide radio boost for Stevenson

## Young Democrats Plan

Speaker of the House Rayburn and Senator Lyndon B. Johnson of Texas said they'll back Stevenson regardless of his stand on the Tidelands.

Meanwhile, Bill McKnight of Wills Point, president of the University of Texas Young Democrats, said in Dallas that within a month Texas will have a "Young Democrats organization that's stronger than anything the Young Republicans can muster."

"Preliminary planning is already underway, and we expect to have a Young Democrats organization in every county in the State of Texas," McKnight said.

The University Young Democrats executive committee issued a statement last week calling Shivers and Daniel political traitors for turning against Stevenson because of his Tidelands policy.

**MAY RAZE "WORLD'S TINIEST CHURCH"**—Picturesque Montee Casino Chapel, called the world's tiniest church, may soon be torn down to make way for a housing project. Located high above Ft. Mitchell, Ky., on the ground of the former Benedictine vineyard, the beautiful shrine is surrounded by a modern housing project of nearby Covington. Nearly 50 years ago, two Benedictine monks quarried stone from the hillside and built the shrine. Photo at left, above, shows the interior, decorated with traditional religious symbols and a small altar. It can only hold three worshippers. Other photo shows the exterior, with a belfry so small the Benedictines have never been able to ring a bell for it.

IT'S SCHOOL TIME

Yes, mothers... most of you know that a lot of extra cash was needed in getting the children ready. And most often the question comes up... how are we going to keep the budget balanced. Pacific Finance has a fast answer to your "school-time" financial problem... you call one of our representatives or stop at the office and they will tell you how easily a loan may be arranged. And too, it is always easy to repay a PF loan... they make a payment plan to suit you.

## Midland School Bands Hold Summer Practice

Preparing for the opening of the football season and other school activities, Midland school bands Wednesday completed summer band practice that opened August 4.

Participating were band members and prospective members from Midland High School, Cowden Junior High School, and from Midland's new junior high school opening this Fall—San Jacinto Junior High.

Continued high standards of performance are expected this year from the bands, which have won many honors in the past. Last year both the high school and Cowden junior high bands were sweepstake winners—placing in the first division in concert playing, sight-reading, and marching—at the Interscholastic League Band Contest held in Kermit, making Midland the only city that

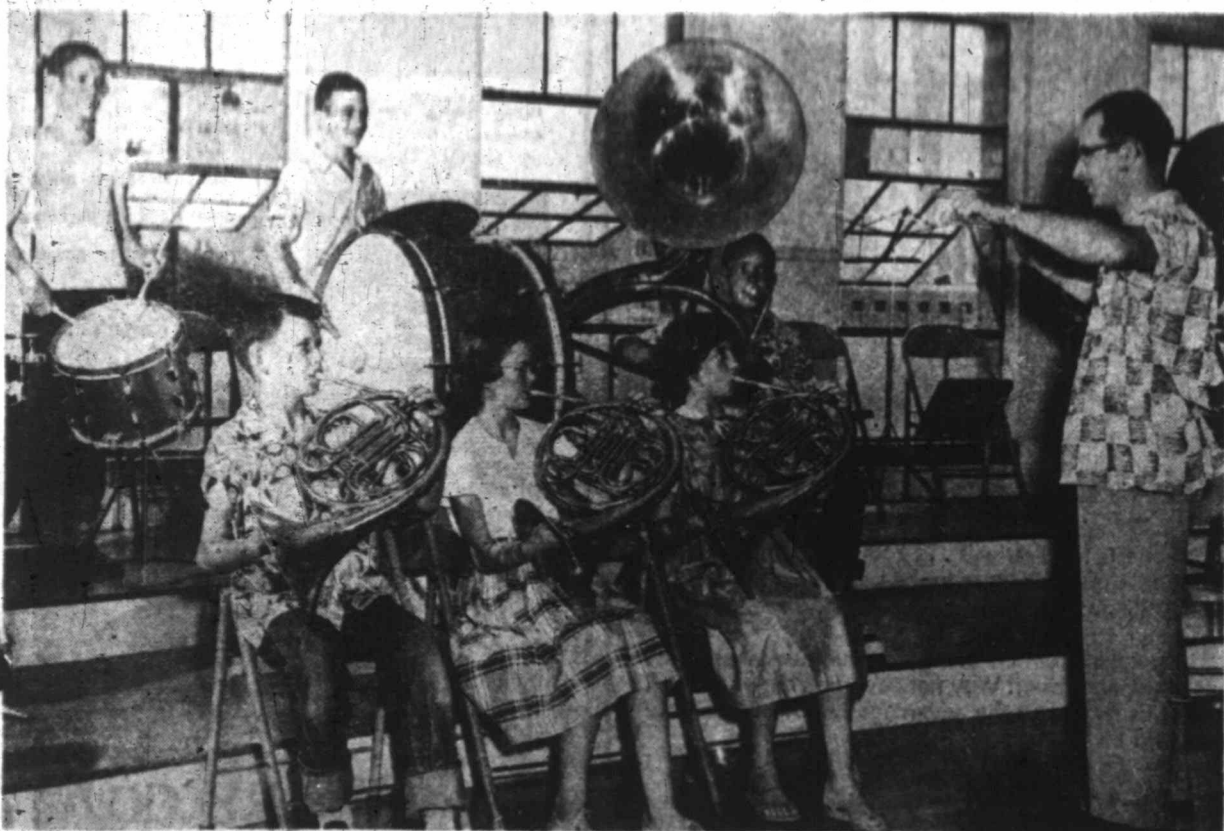

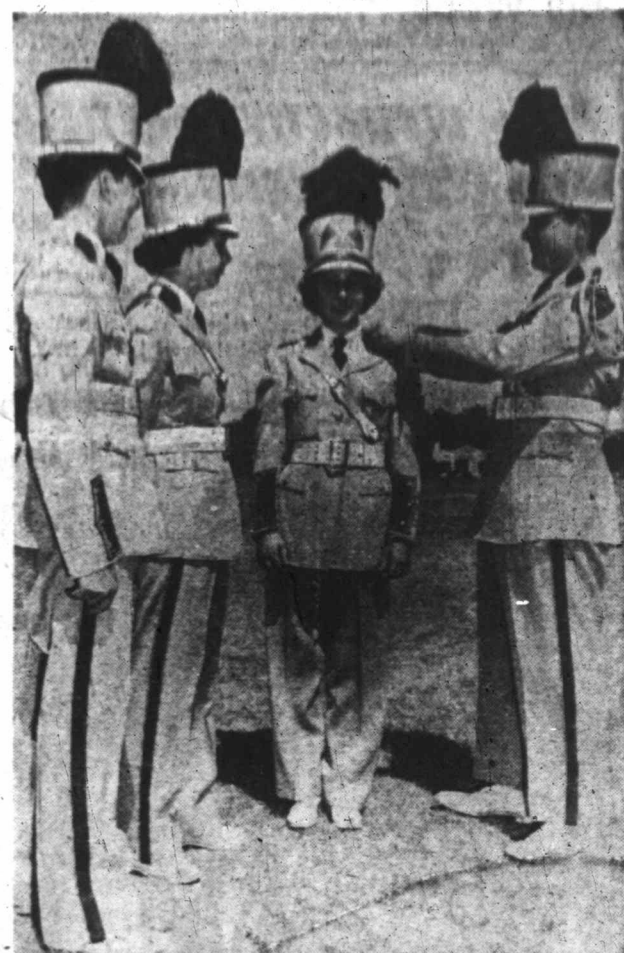

**HIGH SCHOOL TWIRLERS**—For the millions of fans who love a parade, a band, with its lively music and pretty twirlers, always is a thrill. Handling the jobs as twirlers for the Midland High School Band this year will be the quartet pictured above. They are, left to right, Bobbie Jean Willig, Sarah Jackson and Barbara DeVaney, twirlers, and Linda Muse, alternate.

**PRE-SCHOOL BAND PRACTICE**—Among Midland band students participating in the Summer band practice program was the group pictured above. Members of the San Jacinto Junior High School Band, they are getting personal instruction from their director, Ted James. Front row, left to right, includes B. J. Whitehead, playing the marimba, David Stubbeman and James. Students pictured in the back row, left to right, are Don Cox, Hazen Woods, Barry Cummings, Jonny Walker and Kay Lord.

### UNIFORM INSPECTION

—This is the way to wear the citation cord, Larry Lindsley, who is in charge of uniforms for the Midland High School Band, tells three fellow band members. In the picture to the right, left to right, are Bill Mayfield, Betty Needham, Sue Michener and Lindsley. The silver grey uniforms are trimmed in the MHS colors of purple and gold, worn with white Sam Browne belts and gold citation cords. Shoulder patches show the Midland High School shield.

### PLAY IT THIS WAY—

Let's all start in the same key, says Ralph Mills, supervisor of the instrumental music program of Midland schools and high school band director, as he coaches a reed section of the high school band. Pictured above, left to right, are Carlton Bell, Marshall Chase, Bobbie Jean Willig, Rhydora Wilson, Annette Wells, Linda Muse, Phyllis Chambers, Barbara DeVaney, Ann Shelton, Jackie Matthews and Mills.

**LEADER OF THE BAND**—Robert R. Gans, standing to the right in the picture above, director of the Cowden Junior High School Band, works with a drum and brass section of his band. Students in the front row, left to right, are Bill Turner, Patricia Wilson and Kay Reynolds, who play French horns. In the back row, left to right, are Yondell Drinkard, snare drum; Tommy Kingon, bass drum; and Byron Vest, bass horn.

## Elizabeth Arden

introduces

### Egg Fluff Shampoo

Elizabeth Arden's real Egg Fluff Shampoo does more than wash hair to bright cleanliness... it gives hair a wonderful Beauty Treatment which makes it shimmer with younger, more sparkling highlights!

Imagine! Real eggs, rich in natural beautifying elements, are an integral part of the creamy-smooth new formula. With each Egg Fluff Shampoo, hair receives the extraordinary benefits of valuable vitamin properties contained in fresh eggs. Egg Fluff Shampoo bubbles up into the most penetrating lather, and new, efficient cleansing agents make its action more thorough.

- In plastic bottle... wonderful for travel
- Recommended for the whole family
- A "must" if hair is dry, bleached, or dyed because of its natural restorative qualities

3 oz. 1.35—6 oz. 2.00 prices plus tax

## Big Spring To Be Host To Workshop

A home grounds beautification workshop will be held Wednesday and Thursday in Big Spring. The workshop is being held in connection with the Experiment Station and the Howard County Junior College.

Anyone interested in improving his home grounds is invited to attend. The workshop especially is designed for home demonstration club women, garden club women, home demonstration and county agricultural agents.

The sections on flower arrangement are being conducted from 1 until 2:30 p.m. so that all who attend may see the demonstrations that are to be given. A tentative arrangement has been made for Mrs. Albert, Morrow of Morton to conduct this meeting. Mrs. Morrow is a national judge and teacher of flower show schools.

Other sessions will be held on trees and windbreaks, shrubs, planning the home grounds, insect control on ornamentals, cuttings and cutting beds.

The general assembly will be held at 9:30 a.m. each morning in the Howard County Junior College auditorium.

Anyone interested in attending from Midland is asked to contact Pauline McWilliams, county home demonstration agent.

## Oil Scouts Wives Have Luncheon

The Midland Oil Scouts Wives Association held its monthly meeting Thursday in the Blue Star Inn.

Hostesses were Mrs. Dave Bear, Mrs. Woody Adams and Mrs. W. R. Proctor. After a luncheon and short business meeting bridge and canasta were played.

Those winning high scores were Mrs. Bill Fincher, Mrs. Ronnie Gibson and Mrs. Jean Kincannon.

Twenty-one members and one guest attended.

## Beta Sigma Phi Chapters Plan First Meetings Of Fall Season

Plans were announced Saturday for opening meetings of the fall season for Midland's five chapters and 125 members of Beta Sigma Phi Sorority, cultural and social organization for young women in business.

The five Midland chapters include three ritual of jewels chapters—Beta Delta, the original Midland chapter; Iota Beta, and Mu Psi—in addition to two exemplar chapters—Xi Theta and Xi Alpha Mu. Beta Sigs become exemplar members when they have completed four years of study prescribed by the organization.

Newest chapter is Mu Psi, organized this year, which will have its first fall meeting September 9. Mu Psi officers are Mrs. Rudy Rubin, president; Mrs. Evelyn Cox, vice president; Mrs. Paul Wecker, recording secretary; Betty Jo Greene, corresponding secretary; Mrs. Ray Rubin, treasurer, and Mrs. Jean Sutton, extension officer.

Beta Delta chapter, headed by Mary Katherine McDade, and Xi Alpha Mu, headed by Mrs. Sara Johnson, will hold their first meetings Tuesday. Mrs. Jimmie Walker is president of Xi Theta chapter, which will meet Thursday, and Betty McWhorter is president of Iota Beta, which will meet September 9.

Work of the five chapters and all their major projects are co-ordinated by a Beta Sigma Phi City Council. Officers of the council and their chapters are Elizabeth Knox,

Mrs. Rudy Rubin

Xi Alpha Mu, president; Mrs. Lucille Johnson, Xi Theta, vice president; Helen White, Beta Delta, secretary; Flo Lamp, Beta Delta, treasurer; and Mrs. Charles Reeder, Xi Alpha Mu, reporter.

Midland also has a chapter of Nu Phi Mu, baby sister affiliate of Beta Sigma Phi. Bert Matthews is president and advisors are Norma Sinclair and Verda Bartlett.

Local Beta Sigs will be cooperating again this year in the sorority's state-wide project to assist Girlstown near Lubbock.

## Rankin News

RANKIN—Mrs. Johnnie Ruth Gary and daughter, Nancy, left Thursday for their home in Kerrville after spending the summer with Mrs. Gary's mother, Mrs. Duke Hill. Mrs. Gary is a teacher in the Kerrville schools and her daughter is a high school student.

Mr. and Mrs. Joe T. McCombie, Jr., left Friday to visit McCombie's parents in Valley Mills. Mrs. Lawrence Holcomb and daughter, Gay, have returned from a two-week vacation visit with relatives in Brownwood.

Mrs. John J. Watts of Odessa was a Rankin business visitor last week.

Gordon Steele, who was injured several months ago when a heavy piece of steel fell on his foot, is in Shannon Hospital at San Angelo. A part of the foot was amputated about a month ago, and, although Steele's condition is reported as satisfactory, it is expected he will have to remain in the hospital for some time.

The Friendship and Lydia circles of the Methodist Woman's Society of Christian Service held a Christmas party at the Park Building. Attending were sixteen members who brought Christmas gifts to be sent to foreign missions. Mrs. Elizabeth Rains and her granddaughter, Rhonda Beth Gibson of Odessa, visited Shirley Hamilton at the Gonzales Polio Foundation last week. It is expected that Shirley will be returned home in about a month.

## Ceremony Unites Midland Couple

Mrs. John R. Moor

Barbara Glynn Long and John Russel Moore were married last Sunday in the Bellview Baptist Church. The Rev. J. H. Goins, pastor, read the double-ring ceremony.

The bride is the daughter of Glynn F. Long. Moore is the son of Mr. and Mrs. John W. Moore.

The ceremony was performed before an altar banked with baskets of white and pink asters. Satin streamers marked the pews. Wanda Burnside, organist, played "Oh Promise Me," "DeKoven," "I Love Thee," "Grieg," "Oh Perfect Love," "Barnby," "Always," Berlin; "Traumerel," Schumann; "Wedding March," Mendelssohn, and "Bridal Chorus," Wagner. Peggy Great-house, soloist, sang "Because" and "I Love You Truly."

Mrs. Bob Merriman was matron of honor. She wore a rose colored taffeta dress with a fitted bodice and a full ballerina length skirt. She carried a bouquet of blue shattered carnations.

Bridesmaids were Mrs. Jim Freyburger of Seminole and Marian Chambers of Midland. They wore dresses of blue taffeta with a fitted bodice and full skirts. They carried bouquets of pink shattered carnations.

Bill Crites was the best man. Groomsmen were Ray Young and Walter Chambers. Virginia Moore and Peggy Claspie were the candlelighters.

The bride, given in marriage by her father, wore a gown of white eyelet embroidery over tulle. It was fashioned with a fitted bodice and a boieiro with elbow length sleeves. Her shoulder length veil of nylon net was attached to a hat of lace over satin covered with lilies of the valley. She carried a bouquet of shattered carnations centered with a white orchid on a white ribbon.

The bride's grandmother, Mrs. M. D. Long, wore a navy blue dress with white accessories and a corsage of white carnations. The bridegroom's mother chose a navy

blue dress with a white carnation corsage.

After the wedding a reception was held in the home of the bride's father and grandmother. The table was covered with a lace cloth and centered with a three-tiered wedding cake decorated with pink roses and miniature bride and bridegroom figurines.

Mrs. Katie B. Chambers, Estellens Warren and Mrs. Rex Long presided at the refreshment table. Georgia Stump registered the guests.

For traveling the bride chose a navy blue taffeta dress with black accessories and a white corsage.

The bride is a graduate of Midland High School and Durham's Business College in Fort Worth. Moore is a graduate of Midland High School and is in the U. S. Air Force stationed at Wichita Falls.

## Midlander Returns From Europe On Board Queen Mary

NEW YORK—Mrs. Naomi Lancaster of Midland was among the 2,097 passengers who arrived recently in New York on the Cunard White Star Liner Queen Mary which docked in the North River after completing a westbound voyage from Europe.

Under the command of Capt. Donald W. Sorell, the 81,337 ton transatlantic liner logged the 2,000-mile voyage from Southampton, Le Harve and Cherbourg in six days.

Among the notables who also disembarked was Lewis W. Douglas, former U. S. Ambassador to Great Britain and Mrs. Douglas, American Legion members returning from Europe were cleared through customs in time to take their places in the Legion's parade up Fifth Avenue.

## Camera Club Will Resume Meetings

The Midland Camera Club will resume weekly meetings with a session at 7:30 p.m. Thursday in the Palette Club Studio.

Plans for the Fall and Winter seasons will be discussed, with emphasis on an exhibit of work by members scheduled in the near future.

In addition to the business meeting, members will have a session of taking pictures. Lights will be set up for those who wish to participate, officials said.

## Marilyn Parker To Operate Mimeograph, Typing Service

Marilyn Parker, a society editor of The Reporter-Telegram the last two years, is opening an office for her new mimeograph and typing service at 116 Central Building.

"There is no job too large or too small" for her service to handle,

Marilyn Parker

Miss Parker said Saturday. She will specialize in direct mail advertising, all types of mailing lists, stenographic work, general typing, and all types of mimeograph work.

Miss Parker moved to Midland two years ago to join the society staff of The Reporter-Telegram. She resigned, effective last week.

The daughter of Mr. and Mrs. H. J. Parker of Odessa, she received a bachelor of science degree in journalism from Texas State College for Women, Denton, in 1950. She also attended the University of Illinois in Champaign.

Miss Parker is a member of the American Association of University Women and the alumnae associations of Theta Sigma Phi, honorary and professional fraternity for women in journalism, and Kappa Alpha Mu, honorary professional fraternity for photographic journalists.

Tessica Martin of Lamesa has joined the society staff of The Reporter-Telegram. She and Patsie Abbott will serve as editors in this department.

## Xi Theta Has Supper, Party

The Xi Theta Chapter of Beta Sigma Phi entertained their husbands Thursday night with a covered dish supper. The supper was held in the home of Mr. and Mrs. Ford Fullingham.

Mrs. F. W. Haver of Webo, Colo., was a guest. Others attending were Alma Herd, Lucille Johnson, Maedee Roberts, Verda Bartlett, Mr. and Mrs. Alton Brown, Mr. and Mrs. Howard Atwater, Mr. and Mrs. W. E. Nance, Mr. and Mrs. Loyd Zellner, Mr. and Mrs. Walter Weems and Mr. and Mrs. S. R. McKinney, Jr.

## Country Club Plans Labor Day Program

A special Labor Day program has been announced for Monday at the Midland Country Club.

Included in the day's activities will be a swimming meet at 4 p.m. and a buffet dinner served from 8 until 9 p.m.

## HOLIDAY IN RUIDOSO

Mrs. J. T. Baker is spending the Labor Day weekend visiting relatives in Ruidoso, N. M.

**NEW HOSPITAL EQUIPMENT**—Dr. Dorothy Wyvell, upper left, is shown with the air lock at Midland Memorial Hospital. This piece of equipment "literally" breathes for the babies, changing the air pressure inside to induce respiration, and thus has saved the lives of many newborn infants: The baby boy, shown inside, son of Mr. and Mrs. B. L. Yett, 1004 West Ohio Street, was born two and a half months prematurely on August 27 and was estimated to weigh two and one-half pounds. He has since been removed to an incubator and is in fine health. Six-year-old Judy Goedeke, upper right, of Jal. N. M., is undergoing an examination by Dr. Wyvell. This little girl was a victim of sleeping sickness but has fully recovered.

**Eubanks Auto Employees Feted**

Mr. and Mrs. E. P. Eubanks, 1604 North Edwards Street, entertained their employes at Eubanks Auto Parts and families with a barbecue supper Thursday.

Guests gathered on the lawn at the Eubanks home, and after supper was served, colored films were shown by the host and hostess of their vacation trip to the West Coast and Canada.

Attending the supper were Mr. and Mrs. L. S. Sparks and children, Barbara and Donny, Mr. and Mrs. Busby Steger, Mr. and Mrs. H. C. Cloninger and daughter, Janell, Mr. and Mrs. Ralph Dishman and son, Charles, Mr. and Mrs. J. L. Thompson, Mr. and Mrs. John D. Wilson, J. M. Sheen, T. E. Nelson, the host and hostess and their daughter, Eddy.

**Esther Class Has Kidnap Breakfast**

The Esther Class of the First Baptist Church held a kidnap breakfast Friday in the home of Mrs. W. G. Epley, class teacher. Breakfast was served in the garden by the social chairman, Mrs. Harlin Thomas.

The table was covered with a pink and green cloth and centered with a bowl of assorted fruits and flowers.

Others attending were Mrs. Victor Horn, Mrs. Leslie Sherman, Mrs. D. D. Miles, Mrs. Clarence Given, Mrs. W. D. Smith, Mrs. Frank Conally, Mrs. Glenn Bennett, Mrs. R. B. Baker, Mrs. C. V. Williamson, Susie Sherman, Randy and Janis Williams, Neal Conally and Linda Huff.

**SAVED BY AIR LOCK**—Frances Magruder, daughter of Mr. and Mrs. Edwin H. Magruder, Jr., was born August 20. The baby did not breathe by herself for 5 minutes after birth and was placed in the air lock. She has been taken home by her parents in fine condition, her life saved by the air lock.

**Woman Doctor Has Busy Life**

By JOHN BOWERS

Emergency treatment of a child suffering with meningitis who would die in an hour without it. . . . A quick trip to the hospital to adjust the air lock machine that breathes for a newborn baby. . . . the treatment of a baby with a hole in his diaphragm which has caused all his organs to be located in his chest. . . . these are typical of daily tasks in the busy life of Midland's only woman pediatrician, Dorothy Wyvell, who specializes in the treatment of children's diseases.

Dr. Wyvell has her headquarters in a well-equipped clinic at 307 North M Street, conveniently located for speedy access to the Midland Memorial Hospital, where she may be called at any hour of the day or night for consultation. The well-designed building was constructed according to her own specifications, and it has more than a dozen rooms available for her patients, including those for examinations, an isolation room, laboratory, and even her own living quarters within the confines of the building. She is assisted by a staff of four persons—a secretary, full time nurse and two others who handle anything from cooking to preparing the children for examinations. An interesting feature of her office is that she has 13 telephones scattered about the various rooms.

Life is never routine at the clinic. Children brought in to her may be suffering from anything minor like a cut finger to a severe case of poisoning. She treats many of them for the ailment by washing out the stomach. She says "More children die from accidents than any four diseases combined." Most of the poisoning cases are preventable, resulting usually from carelessness on the part of parents in leaving toxic substances lying around where children accidentally can swallow them.

She can talk all day describing some of the unusual cases she has treated or diagnosed in her clinic. One was a baby from Andrews, born (Continued On Page Seven)

Mrs. J. E. Morgan

### Bennie Koon And J. E. Morgan Wed

In a single ring ceremony Saturday in the First Christian Church Bennie Frances Koon became the bride of J. E. (Junior) Morgan. The Rev. Clyde Lindley, pastor officiated.

The bride is the daughter of Mr. and Mrs. A. B. Garden of Midland. Morgan is the son of Mr. and Mrs. J. W. Morgan of Odessa.

The church was decorated with a center arrangement of branched candelabra with white tapers entwined with white gladiolus and fern. A similar arrangement was on either side of the altar banked with arrangements of white gladiolus, baby breath and white asters. The chancel rail was decorated with white gladiolus and emerald fern. Pew markers of white satin bows and flowers completed the decorations.

Mrs. Marian Alles, organist, played "Liebestraum," Liszt; "The Joy of Love," Martini; "Calm as the Night," Bohm; "Traumerel and Romance," Schumann; "Wedding March," Wagner, and recessional wedding march from "A Midsummer Night's Dream," Mendelssohn. Calva Ann Haynes, soloist, sang "Because," Teschemacher, and "O Perfect Love," Pedretta.

Attendants Named  
Mrs. Jack Vaught of Odessa was the matron of honor. Bridesmaids were Maurine Craig of Odessa, Beverly Morrow and Bonnie Lee Daniels of Midland. Herb Woods of Odessa was the best man. Bill Masterson, Bob Hester and Ed Stone of Odessa were ushers.

The bride, given in marriage by her father, wore an all white gown of Chantilly lace and nylon tulle. The bodice was of lace with a scalloped yoke of illusion. The long sleeves extended to petal points over the hands. The very full skirt of

nylon tulle extended into a chapel length train. The three tiered skirt created a bustle effect in the back and had an apron panel of lace.

Her fingertip length veil of illusion was attached to a bonnet of illusion decorated with seed pearls and orange blossoms. She carried a white Prayer Book topped with a bouquet of white roses and a white orchid. The bouquet was pinned to the Prayer Book with a gold brooch belonging to her great grandmother.

The matron of honor wore a blue gown of nylon net over taffeta. The strapless gown was ballerina length with a bouffant skirt. She wore a stole and half mitts of blue nylon net over taffeta. She carried a bouquet of pale pink asters.

The bridesmaids' gowns and flowers were like that of the maid of honor. Miss Craig wore Nile green, Miss Morrow, orchid, and Miss Daniels, yellow. The flowers were tied with ribbon matching their dresses.

For the wedding Mrs. D. D. Martin, grandmother of the bride, wore a navy blue crepe dress with a white carnation corsage. The bride's mother chose a powder blue lace over taffeta ballerina length gown. She wore natural colored accessories and her corsage was of pink rosebuds. The mother of the bride wore a cinnamon brown lace and net gown with gold accessories.

Reception Held  
After the wedding a reception was held in the church parlor. The couple was assisted in receiving by their parents and the bridal party.

Mary Grace Alcorn of Odessa registered the guests.  
The table was covered with a cut-work cloth and centered with a three-tiered white wedding cake topped with white orchids and centered on a large mirror surrounded with white roses. The cake was banked with an arrangement of roses and fern flanked on either side with white tapers. Baskets of white gladiolus and asters decorated the room.

After a wedding trip to New Mexico and Colorado the couple will be at home in Duncan, Okla., where Morgan is division manager for K & G Tool Company.

For traveling the bride wore a satin cotton suit of ice blue decorated with rhinestone teardrop buttons. She wore pink accessories and an orchid corsage.

The bride is a graduate of Midland High School and has been employed by Superior Oil Company in Midland.

Morgan is a graduate of Fort Stockton High School and North Texas Agricultural College.

Mr. and Mrs. Garden were hosts to the rehearsal dinner held Friday night in the Blue Star for the wedding party.

Mrs. William Lee Scrivner

### Isleta Terry Weds William L. Scrivner

In a double ring ceremony Saturday, Isleta Terry and A. L. William L. Scrivner were married in the St. Ann's Catholic Church. The Rev. T. J. Kennedy officiated.

The bride is the daughter of Mr. and Mrs. Frank A. Terry of Midland. Scrivner is the son of Mr. and Mrs. De Lancey B. Scrivner of Baltimore, Maryland.

The church was decorated with white gladiolus, asters and daisies.

Mrs. Albert Kelley, organist, played "Model Theme No. 30 and No. 40," Benoit; "Three Verses," Boellman; "At Church," Tchaikowsky; "An Convent," Borodin; "Antiphon," Zulgard; "No. 8 Offertory," Rossini; "Motet No. 5," Longhetti; "Fantasy on a Theme to the Blessed," and "Virgin Mary," Raffy.

Mrs. Frank Thompson, soloist, sang "Ave Marie," Kuhlner, and "O Perfect Love," Beckner.

Shirley Harrison was the maid of honor. Bridesmaids were Lynn Griffith, Sara Thurber of Jackson, Miss., and Dorothy Gayle of Shreveport.

La. The bridegroom's father served him as best man. Ushers were A. L. Sydney S. Popt, Jr., T. J. Donald O. Huffman, and A. L. Wayne E. Underwood, all of Reese Air Force Base in Lubbock. Clair Edman was the flower girl.

Given in marriage by her father, the bride chose a gown of imported ivory Chantilly lace and satin. Outlined with lace applique, the sculptured lace bodice had long sleeves ending in points over the hands and the princess panel of lace extended the full length of the dress at the center front. The full skirt terminated in a chapel length train.

Her fingertip length veil of illusion was attached to a crown of seed pearls and rhinestones. She carried a wedding bouquet of white camellias surrounded with stephanotis and white satin ribbon.

The maid of honor wore a gown of blue net over taffeta. The bodice was of lace with a net yoke and puffed sleeves. The skirt was ballerina length. She wore a small scal-

loped hat of blue net and carried a bouquet of yellow asters. The bridesmaids were dressed identically like the maid of honor.

The flower girl wore a net dress over taffeta and a wreath of yellow asters as a headdress.

After the ceremony a reception was held at the home of the bride's parents. The couple was assisted in receiving by their mothers, the best man, maid of honor and bridesmaids.

Those in the houseparty were Marjolin Forrest, Mrs. George Byrne, Mrs. D. B. Davis, Mrs. A. G. Tydings, Mrs. Phillip Grant, Mrs. Douglas Edman and Mrs. C. Thurber, Jr.

The bride's table was centered with an arrangement of yellow asters. Assorted cut flowers were used throughout the reception rooms.

After Monday the couple will be at home in Lubbock where Scrivner is stationed at Reese Air Force Base.

For traveling the bride chose a navy blue faille suit with navy and white accessories and a white corsage.

The bride is a graduate of Midland High School and attended Texas Tech in Lubbock. Scrivner is a graduate of Baltimore City College and attended the University of Baltimore.

# Mary Helen Hunt, Harold Hughes Wed

In a candlelight ceremony Saturday evening Mary Helen Hunt became the bride of Harold Glen Hughes. The double ring ceremony took place in the First Assembly of God Church with the Rev. Frank Hoop officiating.

The bride is the daughter of Mr. and Mrs. G. S. Hunt of Midland. She is the son of the Rev. and Mrs. J. A. C. Hughes of Midland.

The ceremony was performed before an arch covered with white asters and greenery flanked on each side with branched candelabra. The altar was banked with greenery and candles. The pews were marked with white satin ribbons.

**Miss Stults Plays**  
Freddie Mae Stultz of Midland, organist, played the Bridal Chorus from Wagner's opera, "Lohengrin," "I Love You Truly," Jacobus Bond; "At Dawning," Cadman; "Always," Berlin; "O Perfect Love," Barnby, and "Wedding Prayer," Dunlap. Miss Stultz also accompanied Jeanita Rice who sang "Oh Promise Me," DeKoven, and "Because," D'Hardelot, and Bobby Hughes, who sang "The Lord's Prayer," Malotte.

## UCYM Officers Are Announced

New officers of the United Christian Youth Movement, interdenominational, protestant organization of young people, were announced Saturday.

They are Mary Jane Miller, president; Dick Spencer, vice president; Judy Ridge, secretary-treasurer; John Petty, chairman of fellowship commission; Frances Hefren, chairman of faith commission; and Lindell Sleuth, sponsor.

**ADAI TREATED**  
F. A. Adair, 1005 South Fort Worth Street, received emergency medical treatment Thursday at Western Clinic-Hospital.

Irma Dean Hunt, sister of the bride, was the maid of honor. Bridesmaids were Earline Hancock of Midland, Wilda Myers and Rita Daniels of Kermit. L. G. Hughes, brother of the bridegroom, was the best man. Ushers were Fred Crawford of Wickliff, Dalton Brown and Harry Grandstaff of Midland. Gail Hughes, son of Mr. and Mrs. L. G. Hughes, was the ring bearer.

The bride, given in marriage by her father, wore a gown of white bridal satin. The gown was fashioned with a fitted bodice, long sleeves and a full skirt terminating in a chapel length train.

**Bride Wears White**  
Her nylon veil studded with seed pearls was attached to a small caplet covered with seed pearls. She carried a bouquet of white carnations and stephanotis.

The maid of honor's gown was pastel shades of pink and blue net with a full skirt, fitted bodice and stole. She carried a bouquet of pink carnations.

The bridesmaids wore gowns fashioned with full skirts, fitted bodices and stoles. Miss Hancock's gown was light blue and Miss Myers and Miss Daniels wore light pink. They carried bouquets of pink carnations.

For her daughter's wedding Mrs. Hunt chose a tan faille suit with brown and white accessories and a white carnation corsage. Mrs. Hughes wore a dark green dress with brown accessories and a white carnation corsage.

After a wedding trip the couple will be at home at 104 South Baird Street.

For traveling the bride wore a light wool rose suit with navy blue accessories with a white carnation corsage.

The bride is a graduate of Midland High School and is employed by the American Trading and Production Corporation. Hughes is a graduate of Commanche High School and is an employe of Cool and Stille Civil Engineers.

Mrs. Harold Glen Hughes

## Midland Doctor -

with a hole in its diaphragm, his organs forced up into his chest. He was brought in a car, hardly able to breathe, supplied with oxygen to keep him alive. After her diagnosis, he was X-rayed and operated on, and is a healthy child today. He was only five days old at the time.

Another child with meningitis was brought in for emergency treatment. She was given glucose and intravenous aureomycin to save her life. Without this attention she would have died in another hour. Her case was diagnosed by a spinal fluid test. Still another, now a healthy little girl, had sleeping sickness, but has completely recovered.

**Likes Good Equipment**  
Dr. Wyvell is a great believer in well-equipped hospitals. The air locks at the Midland Memorial Hospital are among her most valued pieces of equipment. They are used for premature babies who are unable to breathe at birth. The machine breathes for them, so to speak, and it is a controlled environment for small babies. Humidity and atmosphere are completely regulated in it. Air pressure is either kept at a constant level of two pounds, or it is varied rhythmically from one to three pounds.

The temperature inside an air lock is kept near 100 degrees, accomplished by a thermometer and thermostat. The oxygen and air supply also may be changed to suit the needs of the infant. It can operate as a respirator or an incubator. The machine requires skillful supervision at all times by trained personnel. When the baby starts to breathe on its own, it is removed and placed in an incubator in the nursery. One baby, a little girl, did not breathe by herself for a full period of 45 minutes. Without the air lock to save her life, the child certainly would have died, reports Dr. Wyvell.

Dr. Wyvell's greatest problem is winning the affections and confidence of her little patients. She generally is successful in this, as most of the tots affectionately call her "Doc," and they believe she is trying to help them. They have an almost instinctive fear of the treatment room, where painful attention often is administered, such as shots and intravenous injections. She laughingly says the children call the room the torture chamber.

The woman physician says that Midland serves a large area in the medical attention provided, and it is known as a medical center. Asked about her choice of a career, she states, "I would do the same thing all over again." She maintains that her greatest reward is seeing the children get well when they are sick.

She has some pertinent advice for parents. The most important thing they can do before bringing a child in, especially in emergency cases, is to advise her by telephone what is wrong with the child, in order that she may make the necessary preparations to treat them when they arrive. She also hopes that the parents will limit routine calls of a non-serious nature from 9 a.m. to 5 p.m. in order that she might be available in the evenings for serious cases demanding immediate attention.

## Club 15 Opening Set Friday; Sox Party Is Planned Soon

Plans for the Fall and Winter season of Club 15 were discussed when student committees and executive board members for September met with the adult board Friday in the home of Dr. and Mrs. Oliver Gooch, 2202 Bedford Drive.

Beginning at 8 p.m. Friday of this week, Club 15, recreation center for junior high school students, will be in session every Friday night in the Trinity Episcopal parish house, corner of H and Illinois Streets.

Among the first special programs of the year will be a sox dance late in September, when prizes will be given for the prettiest and most amusing sox. Also scheduled are a Halloween masquerade dance on October 31, a hobo party on November 28, and a Christmas formal on December 19.

The club will observe twirp season and several lessons in square dancing are being planned. On Friday nights of home football games, the club will be open after the games, it was announced.

It was also voted at Friday's meeting to have student executive board members and committees appointed by the adult board, rather than elected by club members.

Admission fee for the club is being raised to 25 cents per person per night, club officials have announced, to help pay for the club's records, refreshments and to assist in buying prizes and staging special programs.

Mr. and Mrs. Jack Bliss, Dr. and Mrs. Gooch, and other members of the adult board are arranging for the opening night program. Student executive board members will serve as hosts and hostesses throughout the month of September. Special programs will be planned by the entertainment committee, refreshments prepared by the chef committee, and the musical programs selected by the record committee.

Club 15 is open to all junior high school students, Mrs. Bliss, chairman, explained, and the students may come without dates. However, she added, no students will be admitted in shorts or blue jeans.

According to the rules of the club, students must register and pay their fees when they arrive and may not leave without checking with a sponsor. If a student is barred from the club by a sponsor for misconduct, Mrs. Bliss stated, he can be readmitted only when accompanied by his parents.

In May, for the first four weeks the club was open, more than 1,000

students participated in its programs. The club was closed during the Summer months.

Adult board members attending the Friday session were Mrs. Bliss, Mrs. Gooch, Mrs. C. C. Green, and Mrs. John Gallaher.

Members of the student executive board for September are David Gooch and Judy Bliss, ninth grade; Don Henderson and Eliza Jane Payne, eighth grade; Sybil Gallaher and J. G. Cornish, Jr., seventh grade.

# Two Ector Prospects Trying To Complete

Two Northeast Ector County wildcats are setting in the Wolfcamp (Permian) to try to complete as commercial producers and the operators of a new oil field.

The projects are one and one-half miles apart. They are about 21 miles northwest of Midland and approximately 11 miles northeast of Odessa.

V. A. Brill and associates, (Herman and George Brown) of Houston, No. 1 David and Inez Fasken

# Puett Named Member Of Federal Petroleum Board

Nelson Puett of Midland has been appointed to be the junior member of the two-man Federal Petroleum Board. The board maintains its headquarters at Kilgore.

Mr. and Mrs. Puett will move to that city during September and he will assume his new duties by the end of the month.

# Powell Added To Staff Of PETEX Division At University Of Texas

AUSTIN—William K. Powell, a veteran of more than 20 years in the oil business, will join the University of Texas public service staff Monday, Dean J. R. D. Eddy of the extension division announced Saturday.

Powell will be a management and supervision specialist in the University of Texas Extension Service. He has had experience in scouting, leasing, contract drilling and production.

A well-known writer on petroleum subjects, he is the author of numerous oil trade journal articles and a two-volume work on accounting for contract drillers.

Powell has presented institutes on management methods for Canadian oil firms and has engaged in consulting work in Canada and the southwestern oil states.

He practiced law and engaged in various activities in the oil industry at Breckenridge and Luling until 1940. At that time he became an examiner for the Federal Petroleum Board.

Mr. and Mrs. Puett and their family have lived in Midland 11 years. During all of that time he has been an examiner in the Midland office of the Federal Petroleum Board.

The Puetts have four children, a son, Roane, currently a student of the University of Texas, is the only one of the four who makes his home in Midland.

Puett attended Baylor University and the University of Texas. He studied law at the latter institution.

He practiced law and engaged in various activities in the oil industry at Breckenridge and Luling until 1940. At that time he became an examiner for the Federal Petroleum Board.

He started with that organization at its Kilgore headquarters. After about a year there he was transferred to the Midland office and has remained there since.

swabbing to clean out and test on perforated section in the Wolfcamp at 8,560-84 feet.

Has Other Possibilities

That zone, and two below it—at 8,730-56 feet and 9,531-61 feet, had all shown possibilities of production.

Operators will test each of those intervals separately and then test them together and try to complete an oil well from the entire formation.

This project drilled to a bottom of 10,314 feet in barren Pennsylvanian lime. It had a bad fishing job at that point. The junk could not be pulled out of the hole.

Operators plugged back to 9,750 feet and set and cemented 8 1/2-inch casing at that point for the testing in the Wolfcamp.

Location is 467 feet from south and 2,179 feet from west lines of section 17, block 42, T-1-N, T&P survey.

It is four miles east of the shallow North Cowden field.

One mile to the south and one-half of a mile to the west of Brill No. 1 Fasken, Herman Brown and associates of Houston are swabbing on perforations in the Wolfcamp at 8,590-9,700 feet in their No. 1 Ratliff.

The swabbing is to clean out the perforated interval and then try to make it produce oil in commercial amounts.

Had Flowed Oil

This wildcat had flowed oil at the rate of 11 barrels per hour through a three-eighths inch tubing choke from perforations at 8,590-9,700 feet.

However, after a short time that zone started flowing salt water and the oil flow was out.

Operators thought the water was coming through channels in the cement back of the casing and in an effort to eliminate it more cement was squeezed back of the pipe.

The present test should determine whether or not that water has been shut off.

Location Listed

This wildcat is 660 feet from north and west lines of section 11, block 42, T-1-S, T&P survey.

Brown No. 1 Ratliff drilled to a bottom of 13,874 feet in barren Ellenburger. It had logged some good shows of oil in the Atoka section of the lower Pennsylvanian and it plugged back to 11,088 feet and set pipe at that point and tested those shows.

The Atoka had flowed oil in varying amounts during an extended period. It finally showed only a small oil yield and that zone was plugged off with a retainer and operators went back up the hole to try to make an oil well from the Wolfcamp.

Wildcat failures in Cochran, King and Irion Counties of West Texas have been plugged and abandoned.

Stanolind Oil & Gas Company No. 1-C D. C. Reed, in Central-South Cochran County, 18 miles southwest of Whiteface drilled to a bottom of 13,660 feet in granite.

It tested shows of oil in the Ellenburger, the Monterey and the Devonian. None of these formations yielded anything worth being sold. Each zone had considerable water.

Near London Pool

Location was 990 feet from north and east lines of section 15, Harrison & Brown survey. It was four miles northeast of the London multiphase field.

Continental Oil Company No. 1-A Mary A. Martin in Southwest King County, 15 1/2 miles northwest of Swenson and about the same distance southeast of Guthrie drilled to 4,841 feet in Canyon reef lime.

That formation made only water. No shows of oil or gas in commercial quantities was logged in any section penetrated.

Location is 467 feet from south and west lines of section 17, block F, H&TC survey.

Later he worked for several years with Phillips Petroleum Company in Oklahoma and Arkansas before joining the Lion Oil organization.

He was a division production superintendent at El Dorado before his promotion to the Midland position.

Here Since 1930

Maxwell, a graduate in mining engineering from the University of Kansas, has been attached to Lion's Midland office since 1930.

Most recently he has had the title of division exploitation geologist.

He holds a U. S. Navy commission of lieutenant, junior grade, having served for four years in the U. S. Coast and Geodetic Survey during World War II. He was first employed by Lion in 1941.

Chase has been district landman at Midland since 1950. A graduate in petroleum production engineering from Texas A&M, he has been employed by Lion since 1948. His war service was in the Air Transport Command as petroleum section technician for three years.

HAND LACERATED

Gaylord Owens, 418 East Elm Street, employed by Tide Water Associated Oil Company, suffered a lacerated hand on a bottle Thursday. He was treated at Midland Memorial Hospital.

Production was through a one-half inch tubing choke and perforated (Continued On Page 11)

## Wood, Maxwell And Chase Given New Jobs By Lion

F. H. McGuigan, manager of Lion Oil Company's recently established regional office in Midland, has announced the names of three department executives who will serve as his immediate staff.

The Midland office will control the exploration and production activities of the company in Lion's Southwestern Region consisting of Texas, West-Central Texas and the Texas Panhandle.

Wood, a native of Boulder, Miss., was educated at Oklahoma University and Tulsa University in petroleum engineering.

His experience in the oil business dates from 1931 when he was employed by Skelly Oil Company at Seminole, Okla.

Later he worked for several years with Phillips Petroleum Company in Oklahoma and Arkansas before joining the Lion Oil organization.

He was a division production superintendent at El Dorado before his promotion to the Midland position.

Here Since 1930

Maxwell, a graduate in mining engineering from the University of Kansas, has been attached to Lion's Midland office since 1930.

## Drilling Increases In Several WT Counties

Oil well drilling activity picked up in several West Texas Counties during the period between August 10 and August 25.

That was revealed by the semi-monthly survey of active rotary drilling rigs in the Permian Basin of West Texas and Southwest New

Mexico which is compiled by Reed Roller Bit Company.

Despite the fact that the number of active operations in several counties increased during the 15-day period, the total of turning rotary rigs decreased in the entire area.

There were 486 active rotary rigs working in the Permian Basin on August 25. The figure for the region on August 10 was 500 active rigs.

On August 25, 1951 there were 653 active rotary rigs in the Permian Basin.

Due To Steel Shortage

Practically all of the drop in drilling activity from both a year ago and from a month ago is attributed to the shortage of oil field tubular goods.

The steel strike during June and July is blamed for that shortage.

Present indications are that drilling activity will begin to show a gradual upward climb in the near future and continue to increase until it gets back to the high mark it had reached before the steel strike caused many companies and independent operators to curtail their development work.

Increases Shown

Counties which have shown an increase in drilling operations between August 10 and August 25 are:

Cochran, up 9; Coke, up 5; Crane, up 1; Crockett, up 1; Dawson, up 1; Gaines, up 5; Glasscock, up 1; Kent, up 1; Pecos, up 2; Schleicher, up 1; Ward, up 3; and Yoakum, up 4.

Counties which showed decreases during the 15-day period are:

Andrews, down 4; Borden, down 3; Howard, down 1; Martin, down 2; Midland, down 1; Reagan, down

1; Scurry, down 2; Upton, down 5; Lea County, New Mexico, down 18.

The Spraberry Trend area were down 16 rigs.

The county breakdown from the last two reports follows:

County	August 25	August 10
Andrews	21	26
Borden	11	14
Cochran	15	6
Coke	9	4
Crane	6	1
Crockett	13	11
Dawson	8	7
Ector	21	21
Gaines	24	19
Glasscock	12	11
Howard	9	10
Kent	9	8
Martin	1	3
Midland	10	10
Pecos	13	11
Reagan	27	28
Schleicher	12	11
Scurry	14	17
Terry	3	2
Tom Green	4	4
Upton	46	61
Ward	14	11
Yoakum	10	19
Lea Co., N. M.	100	118
Spraberry Trend	83	99

What It Includes

The figures in the Reed survey include only rotary rigs which were actually drilling on August 25. The count did not cover petroleum projects which were testing or on which any other form of activity, except actual rotary drilling, was being carried on.

The totals of the counties shown above does not add up to the full total for the entire Permian Basin. Only the more active counties are shown in the breakdown.

## Sunray Consolidates All Pipe Lines In One Operating Division

TULSA—The various pipe line systems of Sunray Oil Corporation and its subsidiary pipe line companies have been consolidated into one operating division of the company's manufacturing, sales, and pipe line department.

Purpose of this consolidation is to obtain a more uniform and efficient operation of all pipe line systems operated by the corporation.

J. R. (Dick) Ellis has been named division manager of Sunray's new pipe lines and terminals division, and R. E. Slippy will be assistant manager of this division.

Superintendents Listed

Superintendents of the various Sunray pipe line segments will be as follows: George Martin, superintendent of Sunray Coastal Pipe Line Company, Victoria, Tex.; R. T. Plaisance, superintendent of Sunray Pipe Line Company, Bristol, Okla.; C. V. Bishop, chief operator, Sunray Oil Corporation's Duncan-Alton utilities pipe line, Wynnewood, Okla., and M. E. Carroll, chief operator, Duncan, Okla.; R. E. Gilmore, superintendent, Allen pipe line gathering system, Velma, Okla. Joe Kanter is foreman of the Sunray Coastal Pipe Line Co. segment at DeQuincy, La.

## Roche Has Resigned Job As Engineer On Midland RRC Staff

James B. Roche, who has been an engineer on the staff of the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas has resigned.

Roche has not announced his plans for the future.

No successor to handle the job to which Roche had been assigned in the RRC office has been selected, according to Joe L. Greer, district supervisor.

## Loving-Reeves Plot Finished By MMC

A new oil map of Loving County and of the north part of Reeves County has been completed by Midland Map Company. The two areas are carried on the same map.

Lease and fee ownership of lands in the region covered is up to August 23. Completed, drilling or dry oil wells are shown up to August 23.

Other interesting papers to be read are "College Men and the Drilling Industry," by W. H. Garson, Dean, College of Engineering, University of Oklahoma; "Drilling with Tubing," by W. F. Bates, Shell Oil Company, Los Angeles; "Application of Torque Converters and Hydraulic Couplings to Drilling Machinery," by Jack N. Yetter, Twin Disc Clutch Company, Tulsa; "Performance of High Pressure Power Pumps," by Marie C. Hellum, Crook and Gracey Corporation, and "Cooled Holes," speaker to be announced.

A. W. Thompson, association president, will address the meeting of the afternoon of September 29, in the form of a report on the drilling industry generally.

Rev. W. H. Alexander, pastor, First Christian Church, Oklahoma City, will be toastmaster at the annual banquet on September 30.

The various standing committees will meet during the morning of September 29, and will be open to all registrants.

The pipe line, to be built by the U. S. Pipeline Company of New York, is designed partly to ease the fuel oil situation in the Northeast. But PAD said unless there is a marked change in the steel outlook, the line will not be completed for more than a year.

Houston and New York.

"It looks like crude oil runs are about what they should be but the yield of distillates is not," one PAD official said.

Ground is expected to be broken in October for a new 140 million dollar pipe line which will carry fuel oil, gasoline and other petroleum products to Middle and North Atlantic states from Texas and Louisiana refineries.

The process tried at Rifle would require use of considerable water—across in that area—for condensing vapors. But the latest method being tested does away with the need for any large quantity of water, Schroeder said.

In the bureau's Louisiana, Mo., experimental plant, the hydrogenation process has been used to extract oils from coal but Schroeder said more extensive work is planned in gasification of coal, followed by gas synthesis, to obtain synthetic liquid fuels.

Schroeder said the United States already is an importing nation and domestic oil production may have to be supplemented in the future, especially in an emergency, with synthetic fuels.

Coal and shale processes could play an important part in supplementing the crude oil supply, he said.

The Bureau of Mines contends that synthetic fuels can be supplied at just a few cents above the cost of products from crude.

East and Gulf Coast refineries, which supply the East, must step up production of kerosene, home heating and diesel fuels if a shortage is to be averted this winter, the Petroleum Administration for Defense (PAD) says.

## Program Is Set For Annual Meeting Of Well Drillers Group

An imposing array of oil company men will address the twelfth annual meeting of the American Association of Oilwell Drilling Contractors, to be held in Oklahoma City September 29-30. Subjects vary from company-contractor relations to the more technical aspects of drilling operations.

W. C. Whaley, president of Sunray Oil Corporation, Tulsa, will be the principal banquet speaker on the night of September 30. He will talk on "The Contractor and the Oil Company."

Whaley will be introduced by C. H. Wright, chairman of the board, Sunray Oil Corporation.

Morgan Will Speak

Frank Morgan, vice president Richfield Oil Corporation, Los Angeles, will make the principal address on the afternoon of September 29 on the significance of geology to the drilling phase of the industry. Morgan is a past president of American Association of Petroleum Geologists.

Other interesting papers to be read are "College Men and the Drilling Industry," by W. H. Garson, Dean, College of Engineering, University of Oklahoma; "Drilling with Tubing," by W. F. Bates, Shell Oil Company, Los Angeles; "Application of Torque Converters and Hydraulic Couplings to Drilling Machinery," by Jack N. Yetter, Twin Disc Clutch Company, Tulsa; "Performance of High Pressure Power Pumps," by Marie C. Hellum, Crook and Gracey Corporation, and "Cooled Holes," speaker to be announced.

A. W. Thompson, association president, will address the meeting of the afternoon of September 29, in the form of a report on the drilling industry generally.

Rev. W. H. Alexander, pastor, First Christian Church, Oklahoma City, will be toastmaster at the annual banquet on September 30.

The various standing committees will meet during the morning of September 29, and will be open to all registrants.

Associate Members will entertain all registrants and their ladies at a party at the Oklahoma City Golf and Country Club, on the night of September 28.

Jack H. Abernathy, Big Chief Drilling Company, Oklahoma City, is chairman of the general arrangements committee.

HEAD MAN — W. J. (Sam) Garrison is the new chief scout for Humble Oil & Refining Company for its West Texas division, which headquarters in Midland. He succeeds C. H. (Judge) Ervin, who has been transferred to a similar assignment at Tallahassee, Fla., for Humble's Eastern division. Garrison came to Midland from Wichita Falls, where he has been chief scout for the company's North Texas division. He has been with Humble 18 years.

## PBGS Is To Hold First Fall Meeting Tuesday In Midland

The Permian Basin Geophysical Society will hold its first Fall meeting Tuesday at 8 p.m. in the Cowden Junior High School Cafeteria in Midland.

Charles J. Charke of the research section of Humble Oil and Refining Company, Houston, will be the speaker. His subject will be "Seismic Velocity Logging," a paper which he wrote in collaboration with W. D. Mounou, C. L. Hubbard and H. P. Kupperts, all with Humble at Houston.

Charke's paper will discuss an instrument containing a sound source and a pair of receivers which measures the time required for a pulse to travel vertically one foot through the earth.

These travel times are recorded at the surface at a rate of approximately 10 feet per second as the instrument is moved continuously through a borehole. Examples of logs made in several different geologic provinces are given, and comparisons with other logs and with cores will be shown.

Charke is a native of Pecos. He received his B. S. degree in electrical engineering from Texas A&M University in 1934. Upon graduation he joined Humble in geophysical field work.

He supervised a seismograph party in the Dutch East Indies from 1938 to 1940. In 1942 he joined the Navy as a sonar design engineer, and he now holds the rank of lieutenant commander in the Naval Reserve. He returned to Humble after the war in 1945.

A color film entitled "Desert Venture" will be shown and coffee and doughnuts will be served. The society cordially invites all those interested in oil exploration to attend whether they are members or not.

Lester H. Johnson, Honolulu Oil Corporation, Midland, president of PBGS, will preside. Other officers for the remainder of the year include George A. Grimm, Tide Water Associated Oil Company, first vice president and program chairman; Paul C. Reed, second vice president and chairman of the arrangements committee; R. M. Nugent, Magnolia Petroleum Company, treasurer; and L. Decker Dawson, Jr., Dawson Geophysical Company, secretary.

## INDUSTRY TAKES OFF LABOR DAY

All Midland oil offices and many service concerns in this city and the Permian Basin area will take a holiday Monday in observance of Labor Day.

Most drilling operations will keep working. However routine field work, and all other activities which can be delayed without trouble developing will be shut-down.

Many persons connected with the oil industry have taken advantage of the three-day period of Saturday, Sunday and Monday to make trips or to enjoy other forms of recreation.

## Three Wildcats In WT Region Are Dry, Abandoned

Wildcat failures in Cochran, King and Irion Counties of West Texas have been plugged and abandoned.

Stanolind Oil & Gas Company No. 1-C D. C. Reed, in Central-South Cochran County, 18 miles southwest of Whiteface drilled to a bottom of 13,660 feet in granite.

It tested shows of oil in the Ellenburger, the Monterey and the Devonian. None of these formations yielded anything worth being sold. Each zone had considerable water.

Near London Pool

Location was 990 feet from north and east lines of section 15, Harrison & Brown survey. It was four miles northeast of the London multiphase field.

Continental Oil Company No. 1-A Mary A. Martin in Southwest King County, 15 1/2 miles northwest of Swenson and about the same distance southeast of Guthrie drilled to 4,841 feet in Canyon reef lime.

That formation made only water. No shows of oil or gas in commercial quantities was logged in any section penetrated.

Location is 467 feet from south and west lines of section 17, block F, H&TC survey.

Later he worked for several years with Phillips Petroleum Company in Oklahoma and Arkansas before joining the Lion Oil organization.

He was a division production superintendent at El Dorado before his promotion to the Midland position.

Here Since 1930

Maxwell, a graduate in mining engineering from the University of Kansas, has been attached to Lion's Midland office since 1930.

Most recently he has had the title of division exploitation geologist.

He holds a U. S. Navy commission of lieutenant, junior grade, having served for four years in the U. S. Coast and Geodetic Survey during World War II. He was first employed by Lion in 1941.

Chase has been district landman at Midland since 1950. A graduate in petroleum production engineering from Texas A&M, he has been employed by Lion since 1948. His war service was in the Air Transport Command as petroleum section technician for three years.

HAND LACERATED

Gaylord Owens, 418 East Elm Street, employed by Tide Water Associated Oil Company, suffered a lacerated hand on a bottle Thursday. He was treated at Midland Memorial Hospital.

Production was through a one-half inch tubing choke and perforated (Continued On Page 11)

## Glober Aviation Firm Here Observes Sixth Anniversary

Sixth anniversary is being observed this week by Glober Aviation Company, located at Terminal, with West Texas invited to inspect facilities. It was announced Saturday by Bill Glober, owner.

Since beginning operations six years ago, Glober Aviation Company has expanded until they can now service any type of aircraft with factory inspected parts.

Inspections are made by Civil Aeronautics Administration inspectors of whom Virgil Fisher, general

manager is one. Fisher came to Glober Aviation Company from Wichita, Kansas, where he spent two years of authorized service on Beechcraft airplanes. He was associated with the Beechcraft factory for 10 years, prior to that.

John Moulton, sales manager, recently became associated with the firm, and invites his friends to visit him.

The company is now displaying the new Beechcraft Bonanza, which has a top speed of 184 miles per hour; cruising speed of 170 miles per hour; range of 790 miles; service ceiling of 17,000, and a fuel economy of 8 1/2 gallons per hour.

Comfort features of the Bonanza include the exclusive retractable step, louvered entrance, insulated and sound-proofed cabin, quickly removable rear seat, and luggage compartment accessible two ways.

The Beechcraft Twin has a top speed of 230 miles per hour, cruises 200 miles per hour, cruising range of 1,200 miles, and carries eight passengers and the pilot.

W. T. Lynde

## Lynde Is Made Head Of Gulf-Southwest Field Work Of OIIC

DALLAS—The petroleum industry's public relations program in Texas, New Mexico, Arkansas, Louisiana, Mississippi and Alabama has a new head man for its field operations. He is W. T. Lynde, headquartered in Dallas.

Lynde's appointment as Gulf-Southwest district representative-in-charge for the Oil Industry Information Committee of the American Petroleum Institute was announced jointly in Houston and New York by Madison Farnsworth, OIIC district chairman, and E. W. Esmay, OIIC acting executive director.

Promotion came with the resignation of Don Agnew, a key field man in the OIIC program since its inception five years ago, and includes responsibility for operation of field offices in New Orleans, La., and Jackson, Miss.

Lynde has been a district representative working out of the Dallas office since November, 1950. He has had 12 years' experience in public relations and the newspaper business, beginning as editor of the weekly Crane, Mo. Chronicle upon graduating from the University of Missouri school of journalism in January, 1940.

Subsequently, the 37-year-old Coshocton, Ohio, native worked for the St. Louis Star-Times. Associated Press and was in public relations posts in New York City and El Paso, Tex., before moving to Dallas five years ago to handle press relations for the Texas & Pacific Railway.

## Several From City To Attend Funeral For Cameron Leader

A number of Midland Wm. Cameron & Co. officials will attend funeral services for G. H. Zimmerman, 63, president and chairman of the board of the company, at 2 p.m. Monday in Waco.

The services are to be held from the Austin Avenue Methodist Church.

Attending from here will be V. G. Stolte, division manager; J. T. Sikes and H. S. Buke, assistant division managers; and Jack Porter, manager of the Midland Retail Yard.

Both the division offices and retail yard were to remain closed Saturday through Monday.

Zimmerman died of a heart attack in Wichita Falls Friday.

The lumber yard official had visited in Midland on numerous occasions and was well known throughout West Texas.

Zimmerman became associated with the Cameron firm in 1910. He became president in 1949 and chairman of the board in 1950.

Survivors include his wife, and a sister, Mrs. Corinne Susan Howard, both of Waco.

## WTCC Unit Sets Study Of Highways

ABILENE—First meeting of the Highway Policy Committee of the West Texas Chamber of Commerce will be held here September 12 beginning at 2 p.m. Chairman Virgil P. Patterson of Amarillo has announced.

The committee has 100 members, 10 representing each of the WTCC districts.

In a preliminary planning session recently, a steering committee voted to recommend that this committee conduct in West Texas a program of education as to highway problems confronting the state.

## Midland District Offices Of Railroad Commission Moves To New Quarters

The Midland district offices of the Oil and Gas Division of the Railroad Commission of Texas moved to new quarters Saturday.

The regulatory body is now located on the second floor of the new building in the 300 block on the east side of North Main Street.

That building is between the Woolworth store and the Tower Theatre.

The commission offices had been located in the Petroleum Building for many years.

The move to the new quarters was made in order to secure more space, Joe L. Greer, district supervisor Tuesday, Greer said. The visitor in charge of the office, said. All departments in the organization will be set up and ready to commission, along with all oil company offices in Midland, will be closed Monday for the Labor Day holiday.

(Continued From Page One)  
 ations between 5,684 and 5,732 feet. Top of the pay was picked at 5,694 feet on derrick floor elevation of 2,297 feet.  
 Tubing pressure was 750 pounds and pressure on the casing was 225 pounds. Plugged back total depth is 5,719 feet.  
 Location is 467 feet from south and west lines of section 42, block M, GH&SA survey and one-half of a mile south of a completed producer. It is the third offer for these operators.

**Pan American Will Drill Ellenburger Tester In Howard**

Pan American Production Company has staked location for an 8,500-foot Ellenburger wildcat in Northwest Howard County as its No. 1 Pauline Hamlin.  
 Drill site is 2,390 feet from south and 660 feet from east lines of section 43, block 32, T-3-N, T&P survey and on a 426-acre lease.  
 That makes its five and one-half miles northwest of Luther and three miles southwest of the Vealmoor field.  
 Rotary tools will be moved in and drilling will begin in the near future.

**SE Hockley Wildcat To Deepen For Test Of Fusselman Lime**

Honolulu Oil Corporation and Sunray Oil Corporation No. 1 E. G. Moore-Southeast Hockley County wildcat, four miles southeast of the town of Ropes, is making hole below 10,472 feet in lime, which is possibly the Mississippian.  
 This project was originally started to dig to 10,500 feet to test the Pennsylvania reef lime.  
 Operators have decided to carry the No. 1 Moore on down to at least 11,150 feet to try to find and test the Fusselman lime.  
 The prospector may go on to the Ellenburger. That formation is expected between 11,500 feet and 11,600 feet.  
 Location is 2,014 feet from south and 660 feet from west lines of the southwest quarter of section 4, block O, pel survey.

**W-C Tom Green Is Site For Second Shallow Wildcat**

Cities Service Oil Company has staked location for a second shallow wildcat in the immediate vicinity of its No. 1-C Washington, scheduled 6,000-foot Ellenburger wildcat in West-Central Tom Green County.  
 The new venture is No. 2-C Washington-Shallow and located 165 feet north and east of the same company's No. 1-C Washington-Shallow, a 150-foot failure in league 106.  
 Cities Service No. 1-C Washing-

ton is deepening after a drillstem test in the Strawn from 4,872 to 4,919 feet. Tool was open one hour. No Oil Shows  
 There was a fair blow of air which died in on hour. Recovery was 270 feet of gas cut mud, 300 feet of salt water with no shows of oil.  
 Top of the Strawn is at 4,874 feet on a minus datum point of 2,939 feet.  
 Location of the deep wildcat is 660 feet from south and 5,208 feet from east lines of section 106, Washington County School Land survey.

**NW Ector Wildcat Gets Load Oil And Mud In Wolfcamp**

The Hanley Company of Midland No. 1 C. V. Headlee, Northwest Ector County wildcat, yielded only load oil and drilling mud on tests of the Wolfcamp through perforations from 10,085 to 10,130 feet, after acidizing with 7,500 gallons.  
 Plans are to squeeze more cement back of the casing to shut off mud believed coming through channels in the cement and re-perforate pipe for further tests.  
 Location is 660 feet from north and west lines of section 39, block 41, T-1-S, T&P survey. It is 10 miles northeast of Odessa and 10 miles west of Midland.

**Plymouth Is Slated To Take Potential On Martin Wildcat**

Plymouth Oil Company is scheduled to take potential test at its No. 4 W. R. Morris, Spraberry prospect one and one-half miles northeast of Stanton in Southeast Martin County.  
 On the latest 24-hour test, it pumped 64 barrels of oil. Total depth is 7,946 feet. This testing was through perforated section in the lower Spraberry at 7,873-7,897 feet. That zone had been fractured and acidized.  
 Location is 660 feet from west and 1,980 feet from south lines of section 7, block 35, T-1-S, T&P survey.

**Phillips Spots West Offset To Benedum Field In C-E Upton**

Phillips Petroleum Company has staked location for a one-half mile west offset to Spraberry production in the Benedum field of Central-East Upton County.  
 It is No. 2 Benedum and is located 1,980 feet from south and 660 feet from east lines of section 13, block 4 1/2, GC&SP survey. It is also 13 miles northeast of McCamey on a 640-acre tract.  
 Rotary tools will be moved to drill to contract depth of 1,800 feet. Operations will begin at once.

**Glasscock Venture Makes Gas, No Oil In Wichita-Albany**

Fred Turner, Jr., of Midland No. 1 B. C. Currie, wildcat in Southeast Glasscock County, yielded a little gas and no oil on swabbing tests of the Wichita-Albany after washing the line with 800 gallons of mud acid through perforations at 6,158-6,196 feet.  
 It is now shut down for orders.  
 Location of No. 1 Currie is four miles north of the southeast Garden City (Wichita-Albany) field and 660 feet from south and west lines of section 4, block 32, T-5-S, T&P survey.

**Tide Water Stakes Aldwell Link Test**

Tide Water Associated Oil Company has staked location for a link test in the Aldwell (Spraberry) field of Northwest Reagan County.  
 It is No. 1 R. L. Miller and is 1,980 feet from north and 660 feet from west lines of section 8, block B, L&SV survey and on an 80-acre lease.  
 Rotary tools will be moved in and drilling toward contract depth of 7,750 feet will begin at once.  
 It is one and one-quarter miles northwest and southwest of producers.

**NE Dawson Test Tops San Andres High Structurally**

Cities Service Oil Company and American Republics Corporation have topped the San Andres high structurally at their No. 1-B J. B. Leverett, Northwest Dawson County wildcat.  
 The project entered the San Andres at 4,510 feet, on a datum of minus 1,443 feet, or 37 feet high to El Tee Oil Company of Fort Worth No. 1-69 Briley, the Mungerville field opener which is one and one-half miles to the west and slightly north.  
 No. 1-B Leverett is now bottomed at 4,550 feet, where intermediate casing is being cemented. Deepening toward projected depth of 12,900 feet to test the Ellenburger is slated.  
 Location is at the center of the northeast quarter of the southwest quarter of section 3, block 4, D. L. Cunningham survey. That makes it about nine and one-half miles northwest of Lamesa.

**SPC Office In Midland Now On Division Status**

The Southern Production Company, Inc. office in Midland has been raised from a district to a division status.  
 Under the new arrangement the Midland office will have more responsibility and more authority over operations in the regions which are assigned to it.  
 The concern's Midland staff handles its geological and land work in the Permian Basin of West Texas and Southwest New Mexico.  
 N. B. (Po) Larsh, who has been head man for Southern Production in this region since the company started operating here has been named division exploration manager.

**Lawton Abandons NW Lea Wildcat**

Lawton Oil Company No. 1 State-Cities Service, wildcat in Northwest Lea County, has been plugged and abandoned at total depth of 10,632 feet in barren Mississippian lime. That formation was topped at 10,513 feet on an elevation of 4,355 feet derrick floor.  
 Location was 660 feet from north and east lines of section 11-11a-32e and six miles northwest of the Bagley field.

**Directory Of Oil Country Is To Be Larger This Year**

Increased content and improved format will mark the 1952-53 Oil and Gas Directory now in final compilation for publication in October by Oil and Gas Directory Inc., of Houston.  
 The book was published from 1947-51 as The Texas Petroleum Directory.  
 It then was expanded to include Oklahoma, New Mexico and Louisiana and the name was changed to The Oil and Gas Directory.  
 The 1952-53 issue will contain over 400 pages and 65,000 listings, classified and cross-indexed for quick reference. It includes the names, addresses and telephone numbers of all businesses, including officials and key personnel, and is divided in the industry in the Southwest.

**Loaded Air-Liner Spills On Landing; Passengers Unhurt**

ATLANTA—(P)—An Eastern Air Lines Constellation, loaded with Labor Day weekend travelers, nosed over at the municipal airport here early Saturday, pinning two crewmen in the crumpled nose. Fifty-four passengers and the other crew members were shaken up in the pre-dawn mishap.  
 The 50-passenger Detroit-to-Michigan plane had made a routine landing and was taxiing toward the loading ramp when the big dual nose-wheels ran off the runway and sank deep into the rain-softened earth.  
 The flight engineer, James E. McCammon, 39, of North Miami, Fla., and the co-pilot, Paul Towne, 33, of Hialeah, Fla., were trapped in the wrecked nose for about two hours before they could be cut free.

**WASHINGTON OIL — Proration System Called Part Of International Cartel In FTC Report**

By JOSEPH HUTTLINGER, Reporter-Telegram Washington Oil Correspondent  
 WASHINGTON—The American proration system, under which crude oil production is limited to market demand on the grounds of conservation, is called a part of the international cartel system in oil in the big report out last week.

The report, prepared by the Federal Trade Commission, asserts that the aim of proration is to hold up crude oil prices at home and abroad, more than to save oil, and adds:

"Moreover, the detailed features of the proposed conservation plan and the subsequent restrictive effects of proration as operated under state compact fitted admirably into the world-wide 'as is' agreement of the 1920's by limiting United States flush production and thereby tending to enhance and maintain published Gulf prices which were the base prices or values used in determining world prices.  
 "Today, these effects appear to be no less important to the industry as a means of maintaining prices in the United States and other markets of the world while a market is found in the United States and elsewhere for greatly increased Middle East production."  
 The 378-page report helped touch a federal grand jury inquiry—starting this week—into operations of five American and two foreign oil companies. The companies are Standard Oil Company (N.J.), Standard Oil Company (Calif.), Socony-Vacuum Oil Company, Texaco and Gulf, and Anglo-Iranian and Shell.

**Drilling Slackens; 166 Wells Come In**  
 AUSTIN — (P) — A continued slackening of the drilling pace saw only 163 oil wells and three gas wells brought in this week.  
 The year's total of oil wells, at one time nearly 500 ahead of last year's figure, now stands at 7,553 compared with 7,256 a year ago. There have been 605 gas wells completed compared with 562 last year at this date.  
 Wildcat operations led to 12 oil wells and 67 dry holes. Plugged were 118 dry wells, one gasger, and 53 oil wells.  
 The total average calendar day allowable as of Saturday was 2,983, 770 barrels, up 9,584 from a week ago.

**No Commercials To Mar New Trucks Bearing U. S. Mail**  
 It should be easier for Midlanders to recognize a Post Office truck from now on.  
 Postmaster N. G. Oates has just received two new one-half ton Dodge panel trucks. They will be marked "U. S. Mail" and will not carry advertising as do rented mail trucks.  
 Oates said that the use of rented trucks by the Post Office has caused some confusion in the past. People seeing a vehicle approaching with posters plastered on its sides are sometimes not sure whether they are due for a registered letter or maybe a bale of hay, he pointed out. He hopes eventually to replace all the rented units with government trucks.  
 At present, the Midland department has 10 government-owned vehicles and only two rented trucks. Oates believes that the Post Office trucks are cheaper to use than the rented vehicles.

W. D. (Bill) Knickerbocker

**Knickerbocker Quits Wilshire; To Work As Independent**

W. D. (Bill) Knickerbocker has joined the ranks of the independent oil operators in Midland. He has been employed in the division office of Wilshire during all of that time.  
 He has done land and leasing work, production, drilling and other assignments for that concern.  
 Knickerbocker has had a varied experience in the oil business. He started out as a broker and trader soon after he got out of the university.  
 He had two years of that activity. He then spent two years doing all sorts of work for one of the major oil companies.  
 Then he had a tour of duty with an oil field supply company in California which lasted about two years. He left that job to come to Midland for Wilshire.  
 He will now function as a broker, trader and independent operator.

**Reynolds Appointed To Appraisers' Post**

Henry P. Reynolds, president of Southwest Appraisal Service, Inc. in Midland has been appointed governor of Region 6 in the American Society of Appraisers. His territory includes Kansas, Oklahoma, Arkansas, Texas and Louisiana. The new organization, launched on August 21, replaces two previous groups, acquiring their membership.  
 Reynolds said that the Midland chapter probably will be expanded to a membership of 15 to 20 appraisers. Other members at present are M. S. Reynolds, Bob Jones, Ralph H. Fitting, Jr., and Frank Hawks.  
 The society ranks third in the nation in total membership among appraisal societies. Reynolds believes that the new set-up will aid in eliminating duplication of effort under the old system.  
 Richard B. Hall, a former Midland resident, now in Washington, D. C., received the appointment as governor of Region 3, embracing a large group of Southeastern states.

**Special Committee To Map Highway 90 Appointed By WTGS**

A special committee has been appointed by the West Texas Geological Society to work up a detailed road log of U. S. Highway 90, across Texas from its point of origin at Van Horn, to Houston.

It goes from Van Horn to Marfa, Alpine, Sanderson, Del Rio, Uvalde, San Antonio, Seguin, Columbus and Houston.  
**Much Information**  
 This road map is to contain geological information points along the route, as well as listings of other information of interest such as oil fields, historical sites and general tourists data.  
 This project will be undertaken by the special WTGS committee in connection with other geological societies in Texas as a part of the arrangements for the 1953 annual meeting of the American Association of Petroleum Geologists to be held in Houston in March of 1953.  
 It is thought that the road log will be of value and interest to many geologists who travel U. S. Highway 90 in going to Houston to attend the convention.

**Members of Committee**  
 Members of the group, which is to be called the Highway Logging committee include Hugh Frenzel of Ryan, Hays & Burke, chairman; and Howard P. Butler, Standard Oil Company of Texas; R. W. Bybee, Humble Oil & Refining Company; Kenneth M. McClain, Standard Oil & Gas Company; Harry A. Miller, Hancock Oil Company and Charles S. Patterson, also with Standard.

Announcement of the appointment of this committee was made Saturday by L. E. (Ed) Patterson, president of the West Texas Geological Society.

PLANT CHIEF — T. R. (Ted) Sparling

Sparling is the superintendent of the new McElroy-Wilshire gasoline plant in Central-West Upton County, 11 miles northeast of Crane. He came to the new installation from Ranger where he has been headman of Lone Star Gasoline Company's fractionating plant. The new Upton County plant is owned by Lone Star and The Wilshire Oil Company, Inc., and is operated by the latter concern.

**A Housing Plan for Oil Personnel**  
 A Lease-Rental Plan . . . Popular With Oil Companies  
 That Want Homes Without Owning Them  
 Here is a unique and practical plan for a qualified oil company that wants a few houses or a large group, on a 20-year plan. ABSOLUTELY no capital investment on the part of the company. Tax-wise, monthly rental paid for the dwellings, is all deductible as an expense item. In some cases, absentee ownership of employee housing eliminates employee friction within the company. Here is a convenient way to keep up employee relations. The homes are built in the conventional manner, so that quality is never sacrificed. The distinctive designs are varied, so that each home has its own personality. A few homes or any larger amount may be built in the oil field, in town, or at your direction.  
 If you are interested in finding out more about this unique and popular plan, get in touch with R. C. Maxson, of the firm of

**New Midland Construction Goes By \$15,500,000 Mark**

Construction in Midland continued its record-breaking pace last week as the year's total building permits zoomed past the \$15,500,000 mark.

**TRAFFIC FINE NON-POLITICAL**

PECOS—Wheels of justice grand out no favoritism for party politics—at least they don't in the court of Justice of Peace F. D. (Tuffy) Alley.

To prove it, Alley holds a letter from a former defendant who was fined \$25 and costs for driving 80 miles an hour in a 55-mile-an-hour zone. Written by Charles Winford Flynn, who's in the produce business at Laredo, the letter reads:

"Dear Judge:

"I think you are a little rough, but what you don't get some other part of the Truman deal will. Signed, Republican Flynn."

**Mother Of Midland Resident Interred**

Funeral services for Mrs. Mary A. Sikes, 92, of Baird and mother of Mrs. Herman Williams of Midland, were held Saturday at Elliott's Chapel of Memories in Abilene.

H. E. Speck, former dean of Abilene Christian College and now associated with San Marcos State College, conducted the services. Interment was in Elmwood Memorial Park.

Mrs. Sikes died Thursday in an Abilene hospital after nine days confinement with a broken hip.

Born in Alabama, Mrs. Sikes had lived in the Rowden community near Baird for 60 years. She was the widow of Samuel Watson Sikes. They came to Callahan County 11 years after their marriage in Alabama. He preceded her in death by 15 years.

Other survivors include three daughters, three sons, 17 grandchildren, 19 great-grandchildren, and one great-great grandchild.

**Officers Nab Texas Pair, Recover Post Office Loot**

RENO, NEV.—(AP)—Two Texas men were captured after a wild chase through Reno streets Friday night and, officers said, some \$250,000 in loot from a Tehachapi, Calif., Post Office burglary was found in their car.

The men gave their names as Jim Darwood Kennedy, 27, who was released from Texas State Penitentiary last June, and Johnny Edward Watson, 26, Big Elm, Texas, who escaped from the prison August 5. Kennedy said his home was Fairfax, Okla.

Officers said it was the first time the burglary at Tehachapi had been disclosed publicly.

The town was damaged badly by an earthquake July 27.

Officers said the burglary occurred last Tuesday night.

They reported the recovered loot

include \$100,000 in postal money orders made out in amounts of \$100 each, plus government bonds, postal notes and stamps.

Some \$1,500 in cash also was stolen in the burglary, but Kennedy and Watson were almost broke when they were arrested. Their arrests came about shortly after a man tried to cash a \$100 money order in a Reno gambling club.

**Escapes From Leveillard**  
Texas Prison records show that Johnny Edward Watson escaped from the Retrieve State Prison Farm near Engleton, in Southwest Texas, August 6 by walking away from a construction crew. He was serving a six-year term for burglary and theft from Collin, Navarro, Hunt and Denton Counties. Watson listed Leveillard, Texas, as his home.

Records on Jim Darwood Kennedy show that he was released from the Texas State Prison on June 8, 1952, after serving a two-year term for forgery from Hutchinson County, Texas. He listed Bakersfield, Calif., as his home town. He is said to have an eagle tattooed on his back.

Deputies said the men admitted they rolled two safes out of the Tehachapi Post Office Tuesday night and broke them open four miles outside the town.

The officers said Watson and

**Casualties in Korea**

WASHINGTON—The Department of Defense Saturday announced the following casualties in the Korean area:

Killed in action, Army: Cpl. R. V. Hagle, Jr., Abilene; Pfc. Enrique O. Rodriguez, San Antonio.

Killed in action, Marine Corps: Sgt. Raymond R. McComber, Lubbock; Sgt. Clarence H. Verett, Jr., Rollis; Pfc. Milton M. West, Groesbeck.

Wounded, Army: Pfc. Roland Hayes, Boling.

Wounded, Marine Corps: Pfc. Raymond C. Chavez, San Antonio; Sgt. Robert D. Hollingsworth, Jr., Turnerville; Cpl. Jack E. Kintred, Conlidge; Pfc. Billie J. Pagitt, Franklin; Pfc. Charles J. Plowman, Boonville; Pfc. Ruben G. Robles, Yalata; Pfc. Robert S. Slovak, Abbott; and Pfc. Louis E. Stanley, Buna.

### Miller Quits Post As Bureau Leader

AUSTIN—(AP)—R. V. (Bob) Miller announced his resignation Saturday as chief of seed divisions for the State Department of Agriculture. He served under four commissioners. A Friendly Person is never without Friends!

### Hutchins To Head Reeves PMA Group

PECOS—Charlie E. Hutchins was elected chairman of the Reeves county PMA committee at a meeting of representatives from the four PMA communities here last week.

## Dirt, Squir and Quirt

— FARM, DAIRY AND RANCH NEWS —

It's showering around again, Farmer, and none too soon either. The late Thursday afternoon shower caused cowpokes to untie their slickers for the first time in several weeks.

It is hoped that was just the start of bigger and better rains over the Midland sector, so you better keep that slicker handy, Farmer.

The market was slow and weak on cattle at the Midland Livestock Auction Company sale Thursday. Butcher cattle were down 50 cents to \$2 a hundred from the week before. Better grade stocker calves and yearlings were off 10 and plain and common kinds more. Receipts were 273 head.

Medium to good grade slaughter calves and yearlings cleared at \$22 to \$27, common to medium \$17 to \$22, culls \$12 to \$17. Choice butcher cows and heiferish kinds cashed at \$17 to \$18.50, mediums \$14 to \$17, canners and cutters \$8 to \$14.

Stocker steer calves, none choice, drew \$24 to \$27 and yearling steers and heifers sold for \$15 to \$18.

The agriculture picture in the irrigated farming area a few miles south of McCarney is not as bright as it might be due to the unfavorable weather conditions, according to Mrs. J. L. West, Reporter-Telegram correspondent at McCarney.

She quotes T. L. George, manager of the Paymaster Gin in the farm district, as saying the extreme hot and dry weather has caused rapid deterioration of the cotton crop in the area.

It is estimated that 4,500 bales will be ginned this season, as compared to 4,900 bales last year.

Average planted to cotton this year totals 4,900 acres, compared to 4,400 acres last year. Eight hundred acres are planted to alfalfa and 900 acres to grain.

Watermelons and cantaloupes were very short and of poor quality this season due to drought conditions.

Early in the spring it was thought the acreage would be greatly increased, but due to the slowing up of the irrigation wells and the hot weather, much of the new land was not planted.

The 1952 crop still is expected to be an important factor in McCarney's Fall business as the cotton begins to reach the gins, Mrs. West stated.

Meanwhile, cotton in the irrigated fields of Midland County reportedly is doing fine, and it is estimated that some fields will produce as high as two bales to the acre.

The county should have about 5,000 bales of cotton this season, about a quarter of which will be from irrigated lands.

So, quite a number of cotton dollars will be turned loose in Midland County as the harvesting of the 1952 crop progresses.

DSQ extends congratulations to Clark Moreland, who produced Mid-

land County's first bale of cotton of the 1952 season. Clark did right well, too, at the public auction of the first bales conducted by the Midland Chamber of Commerce Friday.

Moreland is a 28-year-old dryland farmer whose farm is located nine miles south of Midland. His first bale weighed 406 pounds.

It appears that the 1952 San Angelo Fat Stock Show and Rodeo may be a drought casualty.

According to reports out of San Angelo, no provision for staging the annual event next year was made by Board of City Development directors in approving a drastically reduced budget for 1953. The BCD, incidentally, is faced with only a \$20,000 appropriation from city tax funds for the 1953 fiscal year, a drastic reduction from the 1952 appropriation.

The city commissioners explained the reduced allotment is in line with a policy of bedrock economy, sparked by the severe drought.

"It is hoped that directors of the fat stock show can devise ways and means to continue the event," John Holt, BCD president, stated.

The Texas Weekly Crop and Weather Bulletin of the U. S. Department of Agriculture also presents a pretty dark drought picture, as follows:

Crop and pasture prospects faded further as the serious drought with scorching 100 to 107 degree afternoon temperatures continued over most of the state. Scattered showers in the Northern High Plains and also along the Upper Coast lowered temperatures and gave temporary relief in those areas, but soaking state-wide rains were urgently needed. Harvesting the short corn crop was moving at a fast clip and combining rice along the Upper Coast was gaining momentum.

Cotton prospects declined further throughout much of the state as damaging hot, dry weather continued. In East Texas and some Red River bottom areas condition remained fair to good and good yields were being realized in the Coastal Bend and upper Coastal counties. In Central and Northern Blacklands, however, growth and fruiting was stopped, shedding was excessive and picking of prematurely opened cotton was becoming general. Most of the extreme Southern Low Rolling Plains acreage was beyond recovery and prospects over the Northern Low Rolling Plains continued to decline. Some crops in this area were holding on and still would benefit if rains are received soon. In the High Plains growth and fruiting of non-irrigated cotton was slowed and the crop was suffering for moisture, especially in some South Plains areas. Condition of irrigated cotton continued generally good. Harvest made rapid progress in Southeast and South-Central counties and was becoming active in Central counties. Ginnings were past the peak in the Coastal Bend and nearing completion in South Texas with stalk destruction completed on many farms.

Grain sorghum prospects deteriorated further except where irrigated and in scattered spots in the Panhandle where local showers occurred. Corn harvest continued active in Central Texas and Blackland counties. Yields were running light. Most hay has been harvested and rain is needed to produce a Fall cutting.

A total of \$4,900 in grants have been received by the Texas Agricultural Experiment Station and the loan of a Brahman heifer, also has been received. Dr. R. D. Lewis, director of the station, has announced.

The grants are from the Chipman Chemical Company of Round Brook, N. J.; Dan Dixon, professional of the Galveston Country Club; Texas Cottonseed Crushers' Association, Inc., of Abilene; The Dow Chemical Company of Midland, Mich.; Horace Golf Association; Dallas Public Links Golf Association and the E. I. Du Pont de Nemours and Company, Grassell Chemicals Department of Wilmington, Del.

The loan of the Brahman heifer is from Oath Whitcomb of Houston.

### TEMPERATURE RISES TO 104 DEGREES

## Mother Earth Runs High Fever In Midland County

A fever up to 140 degrees is being run by Mother Earth in Midland County.

While temperatures climb to the 100 plus degree mark, soil temperatures reach the 140-plus mark.

This fact is borne out in tests made by Cal Boykin, Jr., Soil Conservation Service official, who recently studied effect of grass cover on the soil's temperatures at a time

when the sun's heat was at a summit.

Boykin's test revealed that when the air temperature is 100-plus, the thermometer rose to 140 plus degrees when placed into bare ground. Two inches under the ground, however, the temperature was about 10 degrees cooler.

Just for the sake of curiosity, the SCS official decided to take the temperature of the soil under a good native grass cover. Under a cover of little bluestem, sideoats grass and white triodia, he found the soil temperature had dropped to 101 degrees and under buffalo and mesquite grass, it registered 110 degrees.

"One would draw the conclusion, then, that a good grass cover does a lot less soil moisture through evaporation than does land that is sparsely covered or bare," Boykin pointed out.

Not only does a good grass cover do that, but it catches and holds more rainfall, he said.

Boykin connected his soil temperature tests with stocking rates and deferred grazing during normal years.

"A good program of this type will prevent those bare spots from showing up during the drought years," he said.

### Pecos Kids' Rodeo Events Are Listed

PECOS — The seventh annual Kids' Rodeo will open in Pecos with a contestants' parade at 10 a.m. on October 4, reminds Jess Burner, general manager.

Performances featuring boys and girls under 16 are slated at 2 p.m. and 8 p.m. October 4, and at 2 p.m. October 5.

Entries will be accepted until 6 p.m. on October 3. Saddles are to be awarded to the grand champion cowboy and grand champion cowgirl, while final winners in each event will receive silver and gold belt buckles.

Among the contests are calf-roping, steer-riding, calf-bell, Shetland pony race, boot scramble, boy and girl team goat roping and the barrel race.

Gay Evans of Fort Davis was crowned grand champion cowboy in the 1951 show, while D'Aun Young of Lovington, N. M., was named grand champion cowgirl.

# ★ Daddy Ringtail ★

## Daddy Ringtail Wolf Up A Tree

The Huffen-Puffen, the friendly wolf, lives on down the Elephant Path from the tall tree where Daddy Ringtail lives. The Huffen lives in a hollow tree house.

Oh, but now the Huffen (would you believe it!) was doing a something very strange. He was climbing the tree where he lived, and everyone knows that a wolf can't climb!

Noooo, a wolf just doesn't know how to climb a tree, but there the Huffen was sitting out on a limb like a monkey, or maybe like a bird.

That's what he was doing when Daddy Ringtail came walking along to find him. "Huffen Puffen," said

Daddy Ringtail, "You shouldn't be sitting up in a tree."

"No?" asked the Huffen. "Of course not, said Daddy Ringtail. "Why? a wolf does not know how to climb, and a wolf is who you are."

The Huffen answered: "I guess I forgot, I did, that a wolf does not know how to climb, but here I am. Yoo-Hoo! How am I going to get down?"

"Silly!" said Daddy Ringtail. "You'll have to climb down."

"Oh no!" said the Huffen. "I can't do it. I'm a wolf, remember. A wolf does not know how to climb, it doesn't. I can't climb down."

"Mmmm," said Daddy Ringtail to think about this. The Huffen was right. He couldn't climb down. A wolf does not know how to climb. "But Huffen," said Daddy Ringtail, "you climbed up there."

"Sure I did, I did," answered the Huffen. "But I climbed up here before I knew that a wolf can't climb."

What a problem! How was the Huffen ever going to get down? Would Daddy Ringtail have to call the firemen with a fire ladder, all for the Huffen to climb down? "Nope," said the Huffen. "I'm

a wolf. A wolf can't climb at all."

"Well then," said Daddy Ringtail, "I guess you'll have to stay up there." Having said these words, Daddy Ringtail started to walk away. "ZZZZ-zoup!" down did the Huffen at last go with him for supper.

Ah yes, because people do what they have to do, when they have to, especially if they've done it before. Happy day.

## Attached Garage, Oak Floors And One-Story Construction Preferred By Home Buyers

If you prefer a house having oak floors, one-story construction, attached garage, basement, painted interior walls, and separate dining room, then you have plenty of company among today's home owners and prospective home buyers.

Surveys and trade reports reveal these features are highly popular both among those who now own homes and those who plan to buy.

Want Floor Beauty  
Floor of oak are favored for most rooms, principally because of their durability, natural beauty and ease of upkeep. Surveys show that about 85 per cent of homemakers prefer them. Builders and lumber dealers report that in many communities, due to this strong demand all new houses are being floored with oak. Such homes sell faster, they say.

One poll by a national magazine, besides disclosing the preference for one-story construction, attached

garage and painted interiors, shows that basements are desired by a strong majority except in the South, where basementless construction, long has been favored. Even there, however, 40 per cent expressed preference for basements. Virtually all owners who now have basements said they would not wish to be without them.

Despite the trend in recent years toward combination living-dining rooms, more than 40 per cent declared in favor of separate dining rooms. Again, those who have them would not care to sacrifice them for other advantages. This preference especially is predominant in the South, according to another survey by a governmental agency.

Nine out of ten Southern families interviewed in that poll voted for separate dining rooms, although only about one-half of these questioned now have them.

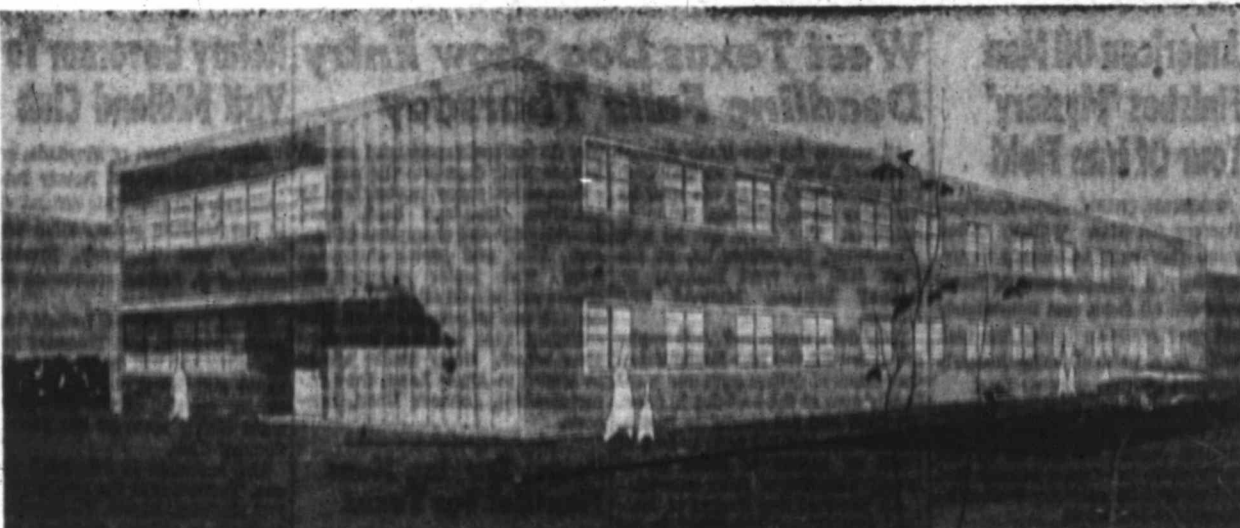

Within Reach Of All  
The increased use of oak floors is in keeping with a steady trend of many years. In the early 1900s, for example, only the better and more expensive dwellings were equipped with floors of oak. Since then the introduction of high speed milling machinery and advanced scientific kiln-drying processes have made oak flooring well within the reach of every home buyer.

Today it is the rule, rather than the exception, to find homes floored with oak. This applies both to houses with basements and basementless homes of off-the-ground construction. More and more basementless dwellings of the slab-on-ground type also are being floored with oak, builders report.

## Dates Are Changed For Chamber Course

ABILENE—September 19 and 20 are the new dates for the West Texas Chamber of Commerce short course for chamber of commerce managers, presidents and office secretaries.

Rez Jennings of Brownwood, chairman of the committee that is changing the short course, said the change was made necessary because of conflict with a previously planned meeting in Abilene. The course originally was scheduled to be conducted September 12 and 13.

**FUTURE HOME OF FIDELITY UNION LIFE INSURANCE COMPANY**—This is a drawing of the beautiful two-story office building which will be constructed for the Midland district offices of Fidelity Union Life Insurance Company at Loraine and Michigan Streets. Wyatt C. Hedrick of Dallas is the architect and engineer. Inge Hayman of Dallas is contractor, with construction to begin Monday.

## Insurance Company Begins New Office Building Here

Construction will begin Monday on a new two-story ultra-modern office building at Loraine and Michigan Streets, for Midland district offices of Fidelity Union Life Insurance Company. Carr P. Collins of Dallas, company president, has announced. Collins was in Midland last week.

Inge Hayman of Dallas is contractor for the Roman brick and stone 60 by 140 foot structure, which is due to be completed by December 1.

Wyatt C. Hedrick of Dallas is the architect and engineer.

Collins said the building was being erected as part of a company expansion program in the Midland district.

Some of the office space in the building will be used by other tenants. While some of the space already has been spoken for, Collins said that other space is available. Interested persons should contact Rodney Vick, local representative for the company.

## Loan Association Adds To Building

As part of an expansion program, construction is underway on a \$55,000 addition to the offices of Midland Federal Savings and Loan Association at 601 West Texas Avenue, Preston P. Bridgewater, secretary-treasurer, announced Saturday.

A total of 2,800 square feet will be added to the present modern brick structure, making a net total of 8,500 square feet of floor space.

Pete Stonehocker of Midland is contractor, with completion due within 90 days.

The association, established here in 1934, has enjoyed a fine patronage, making the enlargement necessary, Bridgewater said.

## Houses 'Grow' To Keep Pace With Families

A lot of families who have been buying houses with "expansion" attics finally are getting around to expanding them. And even though a great many houses never did have unfinished sections meant to be converted into additional living space, their owners now are finding ways to add on an extra room or two.

That information comes largely from building material dealers, some of whom say that remodeling and maintenance sales make up 90 per cent of their current business. Federal Housing Authority records indicate that more money for property improvement.

Making New Match Old  
The word "expansion" applies not only to the attics of many postwar houses. It's also an appropriate word for what's happening to young families that rapidly are outgrowing the small homes they bought.

Two favorite ways of expanding a house for an expanding family are to make full use of attic space or to build an additional wing, which might consist of one room or half a dozen. Where exterior work is necessary, one of the main considerations is making the new part match the old, but this problem usually can be solved by careful selection of two principal exterior materials—paint and asphalt roof shingles.

Use Same Color Shingles  
Modern methods of color-mixing take paint-matching out of the guesswork stage, but buying new roofing to match roofing already in use is not so easy. However, asphalt roofing's great variety of solid and blended colors makes it practical to blend new asphalt shingles harmoniously with old, even if an exact match is not possible. Asphalt shingles are easy to apply on irregular roof shapes that result when a new section is added to a building.

If the roofing on an old building is so badly worn that it would have to be replaced soon anyway, uniformity of appearance can be achieved by re-covering the old roof with the same color shingles that are chosen for the new section. In work of this kind, asphalt shingles, which are the most widely used re-roofing material, can be laid directly on top of most old roofs for a less expensive job.

Many people who bought houses without attics also are beginning to build garages, breezeways, porches or covered terraces, and other additions. The original house has been likened to a seed potato that's starting to grow to maturity.

## Explosion In Home Takes Woman's Life

HOUSTON—(P)—Mrs. Ruth Willis, 37, who was trapped in her home by a gas explosion that wrecked the building last Monday died in a hospital Saturday.

The woman was hurled 25 feet from the living room into the yard surrounding the one-story frame duplex and was picked up semi-conscious by a neighbor, L. C. West, 41, who whipped out flames in her clothing.

## American Oil Man Finishes 'Mystery' Tour Of Iran Field

TEHRAN, IRAN—American Mystery Oil Man William Alton Jones flew back to Tehran Saturday from a four-day tour of Iran's southern oil fields and immediately hid from newsmen behind the high walls of a palatial home formerly occupied by the queen or Iran.

The president of Cities Service Oil Company arrived back in the Iranian capital surrounded by the same cloak-and-dagger secrecy that has covered his movements since he came here last week.

At that time, the U. S. government said Jones was here privately and not as an official representative. New York officials of his company said neither he nor Cities Service had any financial interest in Iranian Oil and that Jones was in Iran as a private mediator.

Tehran newspapers claimed Jones would help Iran out of her financial difficulties by providing tankers and helping her to market her oil throughout the world.

Jones, himself, said nothing. Agricultural, Steve Shannon, Earl Ray, Charles B. Rogers, Jr., R. B. Watkins, John Biggs, Cass Bingham, Charles D. Cobb, Jerry Duncan, Bulletin, C. P. ## West Texas Dog Show Entry Deadline Falls Thursday

All entries for the Sixth Annual All-Breed West Texas Kennel Club Dog Show must be in the mail by Thursday noon, officials reminded Saturday. The show will be held Wednesday, September 17, at the VFW Hall on West Highway 80, midway between Midland and Odessa.

Fifty dollars cash and a \$25 trophy are slated for the best Midland dog. One hundred dollars cash and a \$50 trophy goes to the best dog in show, \$25 cash and \$15 trophy to best in each group, and \$10 cash to best of breed or variety of breed in all breeds with five or more entered.

All purebred dog owners of Midland and Odessa are urged to get their entries in on time in order to compete for the valuable prizes. For entry blanks and any help in filling out entries, call George Woodford at 2-3988, F. B. Pennycook at 2-2007, or C. L. Eavenport at 4-8001.

Any purebred dog may be entered in the show. If the dog is not registered it may be entered as "listed" as long as sire and dam are known. The West Texas Kennel Club has announced that several Midland handlers will be on hand to help in showing dogs for any individuals

who do not feel experienced enough to take their dogs into the ring.

Classes are puppy, novice, bred by exhibitor, American bred, open, specials only (for champions of record), local and junior showmanship. The junior showmanship classes will be held late in the afternoon so that all youngsters will have sufficient time to reach the show after school. Entry blanks are to be mailed to Albert Loest, show superintendent, Lubbock Hotel, Lubbock.

## Pears, Stewing Hens Plentiful For Texas

DALLAS—(P)—Texas housewives are advised that bartlett pears and stewing hens will lead the list of plentiful foods in September.

U. S. Department of Agriculture regional officials said these items also will be in seasonal supply: turkeys, cottage cheese, buttermilk, grapes, lettuce, peaches, frozen fish, honey, salad oils, vegetable shortening and cooking and table fats, including lard.

## Rotary Governor To Visit Midland Club

Alton Chapman of Floydada, governor of District 163, Rotary International, will make his official visit to the Midland Rotary Club Wednesday and Thursday, President Richard S. Brooks announced Saturday.

A club assembly will be held Wednesday evening, and Thursday noon the governor will be the guest of honor and principal speaker at the regular meeting of the club in the main dining room of the Midland Country Club.

The assembly is scheduled at 7 p.m. Wednesday at the Brooks home, 1811 Holloway Street. All Rotarians, particularly officers, directors, committee chairmen and members of the Rotary Information Committee, and their Rotaryans, are invited and urged to attend. An informal picnic will be held prior to the business assembly with Governor Chapman. Special entertainment will be provided for the Rotarians.

Reports of all committees will be submitted to the governor during his visit here. Brooks urged a large attendance of club members at both the night assembly and the noon luncheon.

## Hockett Promoted To Sergeant Rank

Dewey L. Hockett was promoted to the rank of sergeant Saturday and placed in charge of the Midland Police Department's Bureau of Records and Identification.

Hockett was named by Police Chief Harold Wallace to succeed Lt. Jimmie Joyce, who has resigned to join the staff of an oil company here.

The new sergeant this summer was graduated from the three-month Southern Police Institute conducted at Louisville, Ky., by the University of Louisville.

## Scouts See Chief Take SMU Degree

DALLAS—(P)—Twelve Boy Scouts traveled all the way from Tyler Friday to see their Scoutmaster temporarily change his Scout uniform for the cap-and-robe of a university graduate.

The 12 boys, all in uniform, attended the thirty-seventh annual convocation at Southern Methodist University.

Their graduating Scoutmaster was 36-year-old Erada C. Taylor of Tyler, who won his degree through correspondence courses and attending Summer school.
