## Shallow Wildcat Is Scheduled For West Pecos Area

C. H. Priddy, W. S. Montgomery, R. O. Barker and others filed application with the Railroad Commission of Texas requesting permission to start drilling by December 1 on a 3,200-foot wildcat in West Pecos County.

The prospector is to be drilled as No. 1 Leon Land & Cattle Company, 1,900 feet from the most northerly south line and 330 feet from the east line of section 3, block 203, T. Walter survey.

It is seven miles northwest of the town of Fort Stockton.

## Superior Stakes Offset To Extender In SW Andrews

The Superior Oil Company No. 5-11-C University is to be drilled as a northeast stepout to Group Oil Company No. 1 University, assured one-mile southwest extender to Devonian production in the Block 11 field of Southwest Andrews County.

The new test will be dug 660 feet from south and 330 feet from west lines of section 27, block 11, University Lands survey. It is slated for a 9,000-foot bottom.

Group No. 1 University is botched at 8,250 feet in Silurian lime and is to be cemented to harden on five and one-half-inch casing set on bottom.

Operator will drill out the cement and perforate and test for completion in the Devonian. The Silurian has had no shows for commercial production.

Last drillstem test was taken in the bottom of the Devonian and top of the Silurian from 8,145 to 8,250 feet. Tool was open two hours and 24 minutes. Gas surfaced in 12 minutes, mud in 54 and oil in 65 minutes. It was flowed to pits 19 minutes and then turned to tanks. During the next hour it made 20 barrels of oil.

The Silurian was topped at 8,230 feet, elevation 3,294 feet. The project already had flowed oil on a drillstem test in the Devonian from 9,046 to 8,265 feet.

Location is 330 feet from south east line of section 28, block University Lands survey.

## Applications Flood New Mexico Land Office For Acreage

SANTA FE, N. M. (AP)—The New Mexico Land Office had a flood of applications Friday for oil and gas leases on 278,000 acres of land recently opened to leasing by application.

The land, located in Lincoln and Chaves Counties in Southeastern New Mexico, was removed from the restricted list because of lack of interest on the part of buyers. Oil and gas men say that to date the land has tested out as worthless.

Land on the restricted list is leased only by competitive bidding.

Land Commissioner Guy Shepard said unexpected nationwide interest has been shown in obtaining leases on the land and he may have to return it to the restricted list.

The land will be leased for 10 years at a minimum rental of 10 cents an acre in Lincoln County and 25 cents an acre in Chaves. A minimum of \$100 is set per application. The rent doubles after five years.

Land Office records show that tracts in the two counties have sold for bids ranging from 15 cents an acre to \$125 an acre. Shepard said the tracts bringing higher prices had been requested for leasing.

It is the first time since 1944 that land in the state has been leased by application.

## NW Terry Wildcat Drills In Glorieta: No Good Shows Yet

Joseph I. O'Neill of Midland and associates No. 1 Brownfield, Northwest Terry County wildcat, 13 1/2 miles northwest of Gomez is drilling below 5,959 feet in hard, dry Glorieta dolomite.

Only slight oil shows have been logged by this prospector since it entered the Glorieta. That formation was topped at 5,880 feet. Elevation is 2,845 feet.

The interval at 5,955-55 feet had slight oil stains in the drilling samples. A core was then cut at 5,930-55 feet. Recovery was 20 feet of hard dolomite and anhydrite with no petroleum shows.

Operators then resumed drilling. They will continue that activity until a porous or soft section is found and will then take a drillstem test.

Location is 660 feet from south (Continued On Page Nine)

# Texas' December Crude Flow Cut Slash Trims Off 66,975 Barrels Daily

**A JOB FOR HARRY**—President Harry S. Truman, left, has been offered \$250,000 a year plus travel expenses to serve as vice president in charge of road sales for the Resistol Hat Company of Garland, Texas, by Harry Rolnick, right, the firm's president.

## Five Killed, Six Hurt As Tanker, Transport Crash

NORFOLK, VA. (AP)—A fast Navy attack transport engaged in amphibious warfare maneuvers and The Texas Company tanker Washington collided 50 miles east of Cape Henry Friday, with a toll placed by the Navy at five dead and six injured.

The Navy said all casualties were among Army personnel aboard the transport Ruchamkin. There were no injuries reported among the Ruchamkin's crew or aboard the 10,000-ton Washington. The tanker continued to Philadelphia.

All of the dead and injured were transferred from the Ruchamkin to the USS Fremont, flagship of the

## TANKER CREW MOSTLY TEXANS

PORT ARTHUR (AP)—Capt. John D. Cain, Port Arthur, is master of The Texas Company tanker Washington which was involved in a collision with a Navy attack transport 50 miles off the Atlantic Coast Friday.

Most of the 40 crew members, none of whom was reported injured, are from Southeast Texas.

Attack force, and were taken to the Norfolk Naval Base.

Naval spokesmen said the five killed and six injured were attached to the Intelligence and Reconnaissance Platoon of the 27th Infantry Regiment Combat Team, formerly a Tennessee National Guard outfit.

The Navy did not know how many Army men were aboard the Ruchamkin, but only the dead and injured were removed, spokesmen said.

## Fire Razes Air Force Building At Amarillo

AMARILLO (AP)—A maintenance building at Amarillo Air Force Base was destroyed by fire of undetermined origin early Friday.

Capt. E. B. Coontz, base fire marshal, estimated damage at \$100,000.

The fire burned itself out in about 20 minutes. Equipment and the building were destroyed. The building was used in the repair of motor vehicles.

## Feller's Death Touches Off New Wrangles In UN Probe

NEW YORK (AP)—The death plunge of United Nations Counsel Abraham H. Feller has touched off controversy between UN Secretary General Trygve Lie and the McCarran subcommittee, probing the loyalty of American employees of the world organization.

The 47-year-old Feller tore himself from his wife's arms Thursday and leaped to death from their 12th floor apartment.

Lie, who announced his resignation from his UN post Monday, said Feller killed himself because of the strain of defending UN employees "against indiscriminate smear and exaggerated charges."

A federal grand jury as well as Senator Pat McCarran (D-Nev.) Internal Security subcommittee has been looking into charges of subversive affiliations aimed at some American members of the Secretariat.

Robert Morris, counsel for the

## Pinpoint Hill Torn Between Reds, ROK's

SEOUL (AP)—Counter-attacking South Koreans and die-hard Chinese Communists were locked in confused battle as darkness and a blinding ground fell on blood-soaked Pinpoint Hill Friday night.

AP Correspondent John Randolph, reporting from the central front, said the Reds' furious artillery and stubborn infantry resistance combined to deny South Koreans recapture of Pinpoint—dominant height on Sniper Ridge.

It was the first time in the month-long desperate battle for the Kumhwa Ridges that South Korean shock troops had failed to carry their objective in a daylight attack.

Still Short Of Crest  
After 13 hours of steady fighting, ROK troops were part-way up the scarred and muddy slopes but still short of Pinpoint's crest.

Screaming Chinese infantrymen took the hill early Friday in fanatical human-wave attacks that swept them into ROK entrenchments. Hand-to-hand fighting raged in foxholes.

The valiant South Koreans counter-attacked four hours later. Again it was close-quarter fighting on the hill the ROK's have taken and lost 14 times in 32 days.

ROK division reports at mid-morning placed the Allies on Pinpoint—apparently an error that grew out of the confused situation.

As night fell, a revised announcement said the ROK's were only part way to their objective.

Aside from the flaming central front sector around Sniper Ridge, action on the battlefield was light.

## 65 Dead, 600 Hurt In Formosa Typhoon

TAIPEH (AP)—A howling tropical typhoon battered southwest Formosa Thursday night, leaving a wake of destruction and death in the important port city of Keelung and the nearby Nationalist China Toyung Naval Base.

The known toll at those two points exceed 65 dead and 600 injured.

There were only fragmentary reports from other points isolated by ripped telephone and telegraph lines.

Official reports said at least 25 were killed, 400 injured and many unaccounted for at Toyung. More than 100 houses were wrecked there.

First official reports listed 40 killed, more than 200 injured and hundreds of houses wrecked or badly damaged at Keelung.

## MP's Fear For Ike's Life In Commie-Infested Seoul

SEOUL (AP)—Many Americans are worrying about the dangers President-elect Eisenhower will face if he goes to the Korean battle front.

That's not what's bothering authorities here. They are worrying about the dangers Eisenhower will meet if he comes to Seoul—and almost certainly he will.

Filtering among Seoul's thousands are spies, Communists and malcontents, some known but most unknown. There's simply no way to

keep them out. Military regulations require a valid reason for a civilian to enter Seoul but as a military policeman said Friday:

"There's no way to keep Koreans out if they really want to come in. They sneak across the Han River in boats at night—sometimes we catch them—and they sneak in by land. When they get into town, how do you tell a North Korean Communist from a South Korean ally? You can't tell by looking. Anyway I can't."

Pfc. Carl R. Davis of the 558th Military Police Company in Seoul, from Tahlequah, Okla., put it this way:

"There are Communist guerrillas still left in this part of the country and it really would be a feather in their caps to pick off General Eisenhower. Communists are here with us. We have a line on most of the important ones. But a lot of the areas around this town just aren't what you call healthy for Americans."

## Man Hit By Pulley Reported Critical

Raymond Buchanan, 40, employed by Delta Gulf Drilling Company of Odessa, was in a critical condition Friday, after suffering a head injury in an oil field accident Thursday 18 miles south of Stanton.

Attached at Midland Memorial Hospital said Buchanan was placed inside an iron lung upon being admitted at 5:01 p.m. Thursday. His condition was described as "very critical."

Buchanan suffered the injury, attaches said, when a catline tumbled and broke with the pulley striking him in the back of the head.

**BIRTHDAY**—Britain's Queen Elizabeth II watches over Bonnie Prince Charlie as he sits in his toy auto on the grounds of Balmoral Castle, Scotland. The car was one of many gifts the prince received as the royal family celebrated his fourth birthday. (See story, Page Two.)

## OPENS SHOP, CLOSSES MOUTH—Lodge Starts Task Of Fact Gathering

WASHINGTON (AP)—Senator Henry Cabot Lodge set up shop Friday as President-elect Eisenhower's liaison man with the Truman Administration and emphasized that his job is to gather information—not to give it out.

The Massachusetts Republican, working in shirt sleeves at his desk in the Senate Office Building, received reporters briefly. He said he already had been given some information by the Administration but declined to say what was its nature or to say what appointments he has with government officials.

"There is no prospect whatever for any news out of me until after Eisenhower has come and gone," Lodge said. "Even after that it is doubtful that I will have any news to give out."

Eisenhower is to come here Tuesday for a conference with President Truman.

Lodge said most of the things he will discuss with Administration officials are "top secret" in any event. He said some officials already had been in touch with him but would not say who they are.

Lodge arrived in Washington Thursday night. He said Friday he had notified John R. Steelman, assistant to President Truman, that he was on hand to begin the liaison work. Truman urged General Eisenhower immediately after the election to name such advance agents.

Indications were that Truman directed his officials to cooperate fully in providing information to Lodge, just as facts on the next government budget already are being laid before Eisenhower's special representative to the Budget Bureau, Joseph M. Dodge, who arrived Wednesday.

Lodge told reporters at Washington Airport he might have a confidential report ready for the Eisenhower-Truman conference. He said he had no hard-and-fast plans about how to gather his information, but anticipated no difficulty in obtaining access to confidential data.

## Four Howard Milk Producers Barred From Midland Market

Four Howard County milk producers have been barred from selling their milk to Midland dairies because of violations of state pure food and drug laws, Dr. C. A. Pigford, director of the City-County Health Unit, said Friday.

The four, among the dozen Howard County producers who supply Midland with some 10,000 pounds of milk daily, were not identified.

"We have contended with these four producers for a year now," said Dr. Pigford, "and, in spite of repeated warnings, they have continued to violate these health ordinances."

The health unit director said the permits to sell their milk to Midland dairies were revoked during the last week, after conferences with Richard Brasse, milk inspector for the health agency here.

"We have pointed out their violations," continued Dr. Pigford. "We have offered our assistance in correcting unsatisfactory conditions and we have de-graded their milk."

"And we have had to revoke their permits as a last resort."

He said three major violations were listed against the four.

The milk, he said, is adulterated with water or other foreign substances being added.

The milk has had a high bacteria count.

The milk has been de-graded to

## Midlander Tells Police Of Robbery

A Midland real estate operator reported to police early Friday that he had been bound and gagged by three men in his home shortly after midnight and robbed of a \$14,000 ring, two pistols and a quantity of cash.

The reported victim was Clark Smith, operator of the realty firm bearing his name at 2614 West Wall Street.

A 1950 Cadillac, which he said also was taken, was recovered a short time later only a few blocks away.

Three Men Waiting  
Smith reported to police that he had returned home from a movie around midnight.

When he entered his bedroom, the three men were waiting for him. They grabbed him, cut the cords from the venetian blinds, threw a bedsheet over him and tied him.

The only description he could give, according to Police Captain Jack Truman, was that one of the men talked in broken English.

They stripped the ring from his finger, picked up an automatic pistol and a revolver and then took his car keys along with \$78 in cash, Smith said.

Captain Truman said Smith told police he, finally, struggled free of his bonds and summoned help.

Police said they found the Cadillac a short time later, parked in the 2700 block of Franklin Street.

## Dallas Representative To Seek Quick House Action On Tidelands

DALLAS (AP)—Rep. Frank Wilson says he will press for quick action on a bill for state ownership of the Tidelands.

The Dallas member of Congress is a member of the House Judiciary Committee, which will handle the bill in its initial stages.

"I hope we can get the bill out of committee without delay and on the agenda," Wilson said Friday.

## Falls To Death

DALLAS (AP)—Norman Lee Barnes, 25, Lancaster, fell to death in a 25-foot elevator shaft at a beer distributing company warehouse Friday.

The commission will hold a state-wide hearing on this question December 9 in Austin.

## Four Howard Milk Producers Barred From Midland Market

Four Howard County milk producers have been barred from selling their milk to Midland dairies because of violations of state pure food and drug laws, Dr. C. A. Pigford, director of the City-County Health Unit, said Friday.

The four, among the dozen Howard County producers who supply Midland with some 10,000 pounds of milk daily, were not identified.

"We have contended with these four producers for a year now," said Dr. Pigford, "and, in spite of repeated warnings, they have continued to violate these health ordinances."

The health unit director said the permits to sell their milk to Midland dairies were revoked during the last week, after conferences with Richard Brasse, milk inspector for the health agency here.

"We have pointed out their violations," continued Dr. Pigford. "We have offered our assistance in correcting unsatisfactory conditions and we have de-graded their milk."

"And we have had to revoke their permits as a last resort."

He said three major violations were listed against the four.

The milk, he said, is adulterated with water or other foreign substances being added.

The milk has had a high bacteria count.

The milk has been de-graded to

## LATE NEWS FLASHES

DALLAS (AP)—Tennessee Friday was invited by telephone to play in the Cotton Bowl, and Gen. Bob Neyland, the Texan who coaches the Tennesseans, quickly accepted the invitation.

PITTSBURGH (AP)—The CIO Executive Board Friday ratified plans of the vice presidents to delay the group's 14th constitutional convention two weeks and open it Monday, December 1, in Atlantic City instead of next Monday at Los Angeles.

NEW YORK (AP)—Gov. Thomas E. Dewey said Friday "there is no possibility" of his taking a cabinet post in the Eisenhower Administration.

CHERRY POINT, N. C. (AP)—Marine Capt. Ted Williams, former major league batting star, received his orders Friday to report to the Pacific Coast for further transfer beyond the seas.

**Tatum, 72, Pioneer Party Leader, Dies**

DALHART—(P)—Frank M. Tatum, 72, pioneer Panhandle attorney and Democratic leader, died here Thursday following a stroke he suffered November 4 shortly after voting. Funeral services will be held here Saturday at 2 p.m. Tatum had been an attorney here since 1908. He was a member of the legal staffs of the Rock Island and the Fort Worth & Denver Railroads, and chief counsel for several other organizations.

**New Drug Combats Malaria, Tests On Prisoners Reveal**

GALVESTON—(P)—Promising results in the use of a new anti-malarial compound were reported Friday by scientists of the National Institute of Health.

The report, was prepared for the annual meeting of the American Society of Tropical Medicine and Hygiene and the American Academy of Tropical Medicine in joint session here.

The meeting opened Thursday with some 400 doctors. The new compound is a pyrimethamine drug known as daraprim. Tests on its effectiveness against re-

lapse vivax malaria (where fever occurs every other day) were made on prisoner volunteers at the U. S. Federal Prison in Atlanta, Ga.

Three groups of four prisoners each were bitten by infected mosquitoes from the same lot. One group received dosages of chloroquine, another, chloroquine. Both these groups came down with malaria.

For Korea Veterans The third group received dosages of daraprim on the same schedule as the other two drugs and has shown no evidence of malaria a year after being injected.

Present supplies of daraprim are available only to investigators for experimental use. Tests on its effects are the work of Drs. G. Robert Coatsney, Albert V. Myatt, Thomas Hernandez, Geoffrey M. Jeffery and W. Clark Cooper, all of the National Microbiological Institute.

The same team also played an important role in the development of primaquine, the drug now in current use for the cure of relapsing vivax malaria.

Primaquine now is given to returning Korean veterans while they still are aboard ship on the voyage home.

**BUSINESS IN SNYDER** Leonard Bennett, 3000 Cunningham Drive, returned Thursday from a business trip to Snyder.

**His Four-Year-Old Highness Prince Charles Has Birthday**

LONDON—(P)—All Britain said happy birthday Friday to a small prince with a long handle—the Royal Highness the Duke of Cornwall, Earl of Carrick, Baron Renfrew, Lord of the Isles and Prince and Great Steward of Scotland.

In other words—chubby-faced Prince Charles, heir to the throne of his mother Queen Elizabeth II—is four today.

For one thing, he's heir to the British throne now—grandfather King George VI died last February 6. Consequently special flags were flown atop Buckingham Palace and government buildings, and booming guns saluted him from the tower of London.

And it's his first birthday together with both his parents. This year the queen and the duke kept the day free of all official engagements so they could spend all their time with Charles and his two-year-old sister Princess Anne.

The day began as usual—at 8 a.m. for Charles when he and his sister were awakened by nurse Helen Lightbody for their morning bath.

Next came breakfast and then the great moment of opening a mail bag of parcels. Aunt "Margot"—Princess Margaret—and Grandmother Queen Elizabeth and to come around for this.

Charles will be allowed to keep presents from relatives and his own special circle of friends. Others will be acknowledged and then passed on to children of members of the palace staff.

At tea time, a blue-blooded birthday party is scheduled. The party, not one of those late night affairs, broke up around 6:30 p.m. This is strictly Charles' bedtime.

**FROM CALIFORNIA** Mr. and Mrs. Ben Williams of Los Angeles stopped briefly in the city Thursday, enroute to Dallas.

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, NOVEMBER 14, 1952-3

## P-TAs Observe Education Week

American Education Week was emphasized in meetings Tuesday of the South Elementary and San Jacinto Junior High Parent-Teacher Associations.

Approximately 400 persons attended the open house and program at San Jacinto Junior High School.

Featured on the program was a panel discussion by W. R. Houston, dean of students; David Stubbsman, student; Mrs. Stanley Erskine, parent; Flozelle Jones, teacher; and Letia McCreath, First Presbyterian educational director.

During a business session members voted to give \$50 to assist the Cowden Elementary P-TA to send delegates to the state P-TA meeting November 19-21 in Wichita Falls.

Fathers were in charge of the meeting of the South Elementary P-TA. An open house was held at the close of the session.

Included on the program were members by the school's chorus, a square dance by students from Carolyn Wooten's room, and group singing.

Vinton Newberry presided for the meeting and the secretary's report was given by W. T. Davis. Mrs. B. O. Howard, treasurer, reported the P-TA has a balance of \$970.34. A report on the Halloween carnival was given by Mrs. Harvey Kizer. Devotional was by Mrs. Lois Cunningham.

## Church Slates Two Addresses By Missionary

Dr. Evelyn Whitthoff, missionary for the Church of the Nazarene in India since 1947 will speak at the Sunday school hour and for the morning worship service Sunday in the Church of the Nazarene 300 South Big Spring Street.

Originally sailing for India in 1941 Dr. Whitthoff was intercepted at Manila by the Japanese and was

Dr. Evelyn Whitthoff

interned in Santo Tomas Prison for three years. She returned to the United States in 1945 and sailed again for India in 1947.

She has spent her full term at the Reynolds Memorial Hospital in Basni Berra, an interior city. More than 10,000 natives come every year to be treated at the hospital.

Dr. Whitthoff was graduated from the University of Illinois with a bachelor's degree and from the University of Michigan with a doctor of medicine degree.

In her address for the Sunday School hour Sunday she will speak on her years in Santo Tomas and for the worship service will discuss her missionary work. It was announced by the church pastor, the Rev. F. W. Rogers.

### RETURN TO MIDLAND

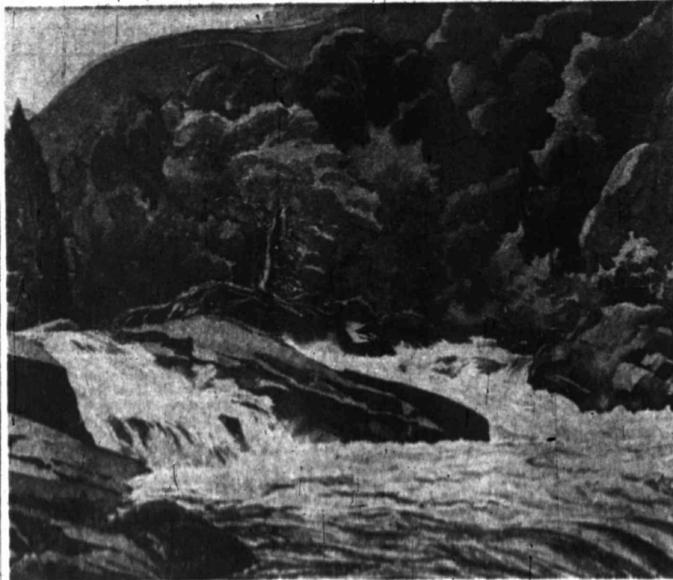

Mr. and Mrs. Foy Proctor have returned to their home at 2001 West Holloway Street after an absence from Midland of approximately two months.

### VISITS GRANDSONS

Mrs. J. T. Ballew of San Angelo is visiting here with her grandsons, Len McCormick and W. H. Conklin.

### ATTENDED WATER SCHOOL

Albert Davis, water pumper at Cole Park, attended a three day water and sewer school in Lubbock this week.

**SEQUOIA PAINTING**—Pictured above is Albert Marshall's watercolor painting of Kaweah River and Hospital Rock in the Sequoia National Park. An all-watercolor exhibit of the California artist's work opens Friday in the Palette Club Art Center. The exhibit will continue through November 23 and will be open to the public from 2:30 until 5:30 p.m. and from 7:30 until 9:30 p.m. daily.

## Thetas Schedule Christmas Party

The Kappa Alpha Theta Alumnae Association made plans Tuesday for a Christmas party to be held December 16 in the home of Mrs. H. C. Hood.

The party will be for members and their husbands or dates. It also was decided to adopt a needy family for Christmas.

The group met in the home of Mrs. Joe Dickerson for a covered dish supper. Mrs. Terry Wilson, a new member, reported on the Theta chapter which is to be established soon at Texas Technological College in Lubbock. She also spoke on the Thetas' national convention last year in Sun Valley.

Mrs. W. C. Hubbard presided over the business session.

In 1910 farmers made up about 40 per cent of the U. S. population.

## Circle Eight Has Dance Meeting

Mr. and Mrs. Winston Manuel and Mr. and Mrs. Jim Blackwood were host couples when the Circle Eight Square Dance Club met Tuesday night in the American Legion Hall.

Callers were Charlie Blacklock, John Mills, Jack Patterson, Athel Cole, Jay Johnson, Hub Hagler, Ida Manuel, Jack Craft, Earl Reid, Maxine Still, A. R. Brownlee, Evelyn Atkinson and Macon Cecil.

About 60 members attended and guests were Mr. and Mrs. Johnny Shelton, Mr. and Mrs. I. S. Richardson, Mr. and Mrs. W. K. Rucker, Nina James, Mr. and Mrs. F. W. Cagle, Mr. and Mrs. Frank Saunze, June and Jean Saunze, Larry Munday, Mr. and Mrs. Jack Craft and Mrs. Steve Lamneck, Vi and Runt Evans.

## Theater Sponsors Membership Drive

The Midland Community Theater still has a number of memberships available, theater officials said Friday.

The memberships are being offered all through this week which has been designated Community Theater Week by Mayor Perry Pickett.

Each year the Theater presents two children's plays and six adult productions, including plays-in-the-round and musicals.

Those wishing further information may telephone 2-2504 or write to the Community Theater at 301 West Missouri Street.

### HERE FROM EL PASO

L. M. Baldwin and Joe L. Baldwin of El Paso were business visitors here Thursday.

## Evangelists Class Meets For Supper

Members of the Evangelists Sunday School Class of the First Baptist Church held a covered dish supper Tuesday night in the home of Mrs. T. E. Neely, 3105 Douglas Street.

Plans were made for a Christmas party and for collecting toys for the Roundrock Baptist Home.

Present were H. S. Collins, Mrs. J. C. Herdman, Mrs. Herbert King, Mrs. Agnes Cutsall, Mrs. C. P. Pope, Mrs. A. M. Queen, Mrs. James L. Daugherty, Mrs. J. E. McDuffey, Mrs. Ann Graham, Mrs. Jack Hill, Mrs. Jimmy Schroder, Mrs. M. T. Rollin, Mrs. Scott, Mrs. Neely and a guest, Mrs. Guy Russell.

### TO WEST COAST

Mr. and Mrs. Allen Collins and family of Shreveport, La., enroute to the West Coast, stopped Thursday and Friday in Midland.

West Needs Economic Unity

A year or so ago the free nations were saying confidently that if they could just keep Western Germany and Japan out of the Russian orbit they would have the resources to stand off the Communist threat.

Basically there are two reasons for the change of mood. The first is that the free world's industrial potential—although theoretically superior to that of the Communist realm—actually depends for fulfillment on a high degree of economic unity.

By contrast, Russia, being able to press the Iron Curtain countries into a tighter mold through ruthless exercise of dictatorial controls, possibly may achieve a stronger economic empire.

Secondly, even the most hopeful economic specialists have not yet suggested how Western Europe can find lasting prosperity without trading with Eastern Europe, or how Japan can get on a permanent economic footing unless it trades with China.

Certainly the United States, for all its continuing growth, is not prepared to take enough of European and Japanese goods to compensate these regions for the loss of old markets.

Right now this dilemma partly is cloaked by the fact of substantial economic aid from the U. S. to Europe and Japan. But this is a mere prop, not a foundation.

One of the hardest yet best things to remember is to forget your troubles. Things may be trying these days—but not so much so if you are.

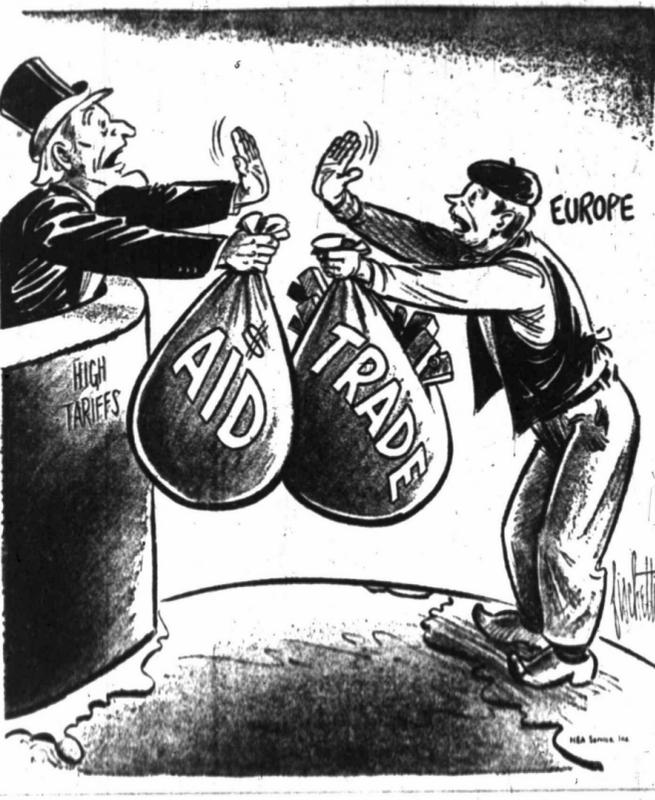

Your neck and your pride are two things that should hold your head up. We hear more and more about life on other planets. Isn't it about time we were sending them some money?

To the optimist, the time is always right—to the pessimist, plain rotten. Some men get a reputation for truthfulness because they can't think fast enough.

Dames' Names

"Take It—N o Thanks!"

The Washington Merry-Go-Round

Washington — Premier Pinay of France has thrown out feelers for an early—if not immediate—visit to the United States for a conference with General Eisenhower and President Truman.

Stake in this visit is the entire structure of the carefully built up Western European defense. We have been so busy with our own elections that the public doesn't realize that this now hangs in the balance.

This was the reason President Truman sent a special courier to Eisenhower last week carrying a secret communication.

Briefly, here are the reasons for Premier Pinay's proposed pilgrimage and the vital factors awaiting decision in West Europe.

1. The French are sore as blazes over our discussion of the Arab demands for North African independence at the UN. They even threaten to pull out of NATO if we don't back them up against the Arabs.

2. The French feel they have been denied white in Indo-China and are about ready to dump this in our lap in the same way the British dumped Greece.

3. The Pinay government is in danger of being voted out of office. Yet it's one of the most efficient governments France has had and definitely pro-American. If it will need political support from the U. S. to stay in power, and that political support will have to come either in regard to the Arabs or Indo-China.

4. A huge Chinese Communist army is reported poised on the Indo-Chinese border. If there's peace in Korea, more troops and more material can feed the Communist "revolt" against the French.

Perhaps worst of all and hanging over it all is the growing anti-Americanism, growing isolationism of the French. In the same way that many Americans are getting more isolationist, so are the French. They are increasingly suspicious of Germany, are backing the United European Army, and it looks as if the great strides toward peace and unity might go down the drain.

Divide and rule is the Kremlin's strategy, and it will take superhuman steps by an inspired leader to weld us together again with our allies.

This is the greatest problem the new President will have to face for.

Q—Was there an astronomical basis for beginning the year on January 1?

A—January 1 possesses no celestial significance different from that of other days.

Q—Why do the British say "leftenant" for lieutenant?

A—There seems to be no explanation for this. In the British army, it is "leftenant," but in the navy, lieutenant is pronounced as in America.

Q—What type of a clam is a quahog?

A—The hard-shell clam found in the waters south of Cape Cod.

Q—When was the first civil service legislation enacted?

A—In 1871.

Q—Does the Seine River flow through the City of Paris?

A—Yes.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service

About half of the bridge players in the "Experts' Room" at the Regency Club are famous bridge experts, but the other half are famous for other reasons. In the case of today's hand, North was a novice.

West opened the three of clubs, and South with the ace. South now proceeded to play the hand in a novel way.

Bridge hand analysis table with columns for NORTH (D), WEST, SOUTH, EAST, and North-South val. Includes card counts and opening lead information.

to his hand by ruffing a heart and ruffed his last low diamond in the dummy. Now he had to return to his hand with another ruff, which left him with four trumps and the king of diamonds.

This would have been all right with a 3-2 trump break, but the actual 4-1 break was too much for declarer.

The correct play, which a ranking bridge expert would see at a glance, is to cash both high diamonds at the very beginning and then ruff a diamond with the ace of trumps.

South eventually will give up two spade tricks, but those are the only tricks he will lose.

CARD Sense

Q—The bidding has been: North 1 Heart, East Pass, South 2 Spades, West 3 Clubs. What do you do?

A—Bid four hearts. This shows five or more trumps, a singleton or void suit, and a count of not more than nine points in high cards.

Murder she yelled

By Joseph Shellie

I TRIED a wild swing. "I'm here to pick up the girl." That did something to Cookie. His thick shoulders tensed. He looked down hard at the sink.

"What's the matter?" "Nothing's the matter," he said roughly. "I just don't want nothing to do with it. You talk to Torchy."

"Who's Torchy?" I caught myself—almost snapped my tongue off—but it was too late. Cookie stared intently at his onions. I could see his knuckles tightening around the bowl. His head didn't move. Slowly I leaned toward him to get a hold-up.

He roared—I had a fableful of onions—he pounded across the kitchen toward the hallway.

Something snagged his foot at the door. He slipped—grabbed at the doorpost. I was on his back before he could regain his footing. The paring knife flashed at my face. I whacked his wrist aside. He got a double handhold on the back of his hand and pushed the palm in toward the wrist, an excruciating judo hold. I punched. The knife slid to the floor.

There was no point in hurrying now. I was looking into the dark muzzle of an automatic. Behind it was a long, lanky, round-shouldered fellow with thin features and very little expression. Close up behind came my old friend, the man with the blue serge suit.

I wasn't much surprised to see him—I'd known I would run into him somewhere in this area. But was he surprised to see me! His eyes popped like dice out of a slot. "What—what're you doing here?" he spluttered.

"Get 'em up," his slim friend said listlessly.

I did as I was told, but I didn't raise my hands too high. As soon as he got near me, I was going for that gun.

But it wasn't Slim who frisked me—it was Blue Serge. His hands cased down over me. The trick-

WASHINGTON COLUMN

President-Elect Must Think About Anti-Inflation Policies

By PETER EDSON, NEA Washington Correspondent

WASHINGTON — Present wage and price controls expire April 30, 1953. That puts it right up to the New Man in the White House to recommend to Congress what kind of an anti-inflation program he wants for his new administration.

President Truman talked tough during the Summer about calling a special session of Congress before the year is out to deal with this question. When the old Congress showed not only no interest in this proposal, but downright opposition to it, the idea was modified.

A special session would be called only if inflation got worse. It has not gotten worse. So anything that is done from here on in will be up to the new President.

Only about half of the items priced by the Bureau of Labor Statistics in determining its cost-of-living index now are under price controls. All fruits and vegetables specifically were exempted from price controls by Congress. Rent controls expired September 30, except for defense areas and communities continuing rent control under local authority.

With this much of the economy already decontrolled and with the price index actually down by two-tenths of one per cent from August 15 to September 15, there is considerable feeling that the economy now is pretty well in balance. In this situation, there is strong agitation from business interests to take off all controls.

WNB Closes Doors in April. The Wage Stabilization Board will go out of business April 30, if the board itself doesn't fall apart before that time.

The fiasco over the coal miners' wage case, following on the heels of the steel wage case which wrecked the first wage board, is sure to leave a bad taste in many labor and management mouths with monkey soup in the future. Yet it is recognized there can be no inflationary controls if both prices and wages are not under ceiling restraints of some kind.

Priority and allocation powers for channeling scarce materials into defense production expire June 30. Henry H. Fowler, the mobilization director who succeeded Charles E. Wilson, has declared he would recommend extension of this authority, even though supplies of many materials are catching up with demand.

Fowler wants to resign December 31. The new President in picking his successor as top mobilization director, also will pick a man to set and carry out the new administration's anti-inflation policies.

Powder has asked his price, rent and wage authorities for recommendations on what the continuing policies should be. But these recommendations may be largely by the new Congress, which will want to write its own ticket.

New High in Credit Buying. One other important phase of the

TODAY'S QUESTION. The bidding is the same as in the question just answered. You, South, hold: Spades K-Q-3-2, Hearts K-9-7-4, Diamonds 9, Clubs 8-7-5-4. What do you do?

Answer: Southday

What's RIGHT? Your wife works in an office and you pick her up after work each evening so that the two of you can drive home together.

WRONG: When you happen to stop by early go into the office and wait for her to finish her work.

RIGHT: Realize that her employer may not like having you waiting around while she finishes her work. So, instead, wait for her outside her office.

His open hand whipped across my mouth. He whirled and went to the door. "I'm going up and talk to the boys—we got to do something quick with this pair. Keep your eye on him, Steve."

"Hey, I got a game waiting," Steve protested. "I came here for a vacation."

"You got to help. This jerk can queer the spot for everybody." He went heavily up the stairs. I liked my tingling lips. I tasted blood. I didn't care for the flavor. "Where's the girl?" I said, working my arms cautiously behind me, trying to find a loose spot in the rope.

"You make me get up again, I'll make hash out of your face."

In a little while, on the stairs heavy footsteps on the walls again. I could already recognize Torchy's walk. He came in looking wild. "Those punks!"

"Hang up, Torchy," said Steve, seeming to enjoy the fuss.

"Wouldn't make a move!" Torchy said bitterly. "It's my worry, it's my worry, everything's my worry. Rocky and the girl and this—He walked over to me, his hands clenched at his sides. "What did you come here for? Did Rocky tell you about this place?"

"Look," I said, "all I want is to take the girl home."

Whack! his hand against my mouth. "Enough of that, you bum!" I yelled.

He looked startled at my noise. Something slow and clumsy moved behind his eyes.

"Let me take care of it," Steve said.

"Stay where you are," Torchy said thoughtfully. He walked away toward the pool table, picked up a folding chair and came back. He put it down and sat beside me. "Listen, boy," he said harshly. "Let's talk this over. I think I can get you out of this mess with you getting hurt."

He was worrying his way into my confidence. He was thinking he was the slickest character that ever escaped a Senate subpoena.

"Now, let's get it straight about you and Rocky," he said softly. (To Be Continued)

Have A Laugh

By BOYCE HOUSE

Tom Reed of Maine, contemporary of James G. Blaine and Grover Cleveland, was speaker of the national House of Representatives when the Republicans were in control and floor leader when they were in the minority. He was called the mentor of the Republicans and the tormentor of the Democrats.

He defined a statesman as "a successful politician who is dead."

An absent member telegraphed, "Wasn't on line; can't come. Reed wired back, 'Buy another shirt and come on next train.'"

LITTLE LIZ

Love-making hasn't changed in centuries. Even the girls of ancient Greece sat all night and listened to a lyre.

### Officers Elected By Gulf Club

Officers were elected when the Gulf Town and Country Club met Tuesday night in the home of Mrs. M. A. Horne at the Gulf Tank Farm, with Mrs. Fred Hawkins as co-hostess.

The officers, who will assume their duties in January, are Mrs. E. B. Estes, president; Mrs. J. M. Stewart, vice president; Mrs. Hawkins, secretary, and Mrs. H. C. Savage, treasurer.

Carnation corsages were presented to the newly-elected officers by the president, Mrs. A. C. Barnes.

It was announced that the next meeting will be a Christmas party in the home of Mrs. Tom Lampe. Members will exchange gifts.

A Thanksgiving motif was featured in refreshments and decorations. The refreshment table was centered with a basket of fruit encircled with Autumn leaves. Lavender dahlias centered the coffee table, and a large arrangement of marigolds completed the decorations.

### Mrs. R. O. Burkett Gives Book Review

Mrs. R. O. Burkett reviewed "The Dawn of Glory" by Agnes Turnbull Wednesday at the meeting of the Contemporary Literature Group of the American Association of University Women.

Mrs. S. M. Slaley was hostess. Others attending were Mrs. R. B. Cornell, Mrs. Bill Mathis, Mrs. R. V. Hollingsworth, Mrs. Ernest Sidwell, Mrs. H. L. Poik, Mrs. Tom Younger, Mrs. J. M. McConnell, Mrs. J. W. Carroll, Mrs. Lee B. Parks, Mrs. John R. Braue, Mrs. Tom Harrington.

Mrs. G. R. Adams, Mrs. W. J. Sprecher, Mrs. W. B. Anders, Mrs. William Carter, Mrs. Morgan Oist and Mrs. Hafry Denton.

### Children's Workers To Hold Conference Sunday Afternoon

Workers of the children's departments of the church schools of Midland are invited to participate in a conference with Dr. Mary Esther McWhirter Sunday.

Dr. McWhirter is the executive secretary to the Committee on Educational Materials for Children of the American Friends Service Committee. She is in West Texas to assist with children's work regional conferences in San Angelo and Lubbock.

The Midland conference will be held at 4 p.m. Sunday in the First Presbyterian Church.

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, NOVEMBER 14, 1952-5

### Progressive Club Continues Study Of World's Religions

The Progressive Study Club continued its study of the world's major religions Wednesday at a meeting in the home of Mrs. W. C. Kimball.

Mrs. Hulon B. Brown spoke on the scriptures of Brahmanism.

In this religion, she said, are found the following three concepts of the growth of religion: The religion of nature found in the hymns of the Vedas; the religion of the law of the priests (the Brahman trinity); and the religion of the spirit which is found in the Upanishads.

The speaker was introduced by Mrs. Donald N. Johnson. Lella McGeath, religious education director of the First Presbyterian Church, talked to the group on "Religious Education." The church begins, she said, by teaching infants how to play and work together. She pointed out that state institutions are putting more emphasis on religious education and also that God is mentioned more in education today than in the past.

During the business session Mrs. John H. Beatty announced the Pittsburgh Plate Glass Company plans to donate a large mirror to the proposed Woman's Club building. The mirror will be given in the name of the Progressive Study Club.

Guests at the meeting were Mrs. J. Ford Schrock, Mrs. E. E. Nearburg, Mrs. Bill Rogers and Miss McGeath. Others present were Mrs. Sol Bunnell, Mrs. R. A. Estes, Mrs. Perry D. Pickett, Mrs. E. A. McCullough, Mrs. Hugh McCullough, Mrs. W. E. Cox, Mrs. Charles O. White, Mrs. K. E. McFarland, Mrs. J. K. Ridley, Mrs. Henry A. Weindold, Mrs. A. A. Jones, Mrs. George J. Helis and Mrs. H. B. Welch.

### Service League Assists Theater With Fall Play

Members of the Midland Service League are assisting the Children's Theater with preparations for their Fall production, "Mr. Popper's Penguins."

The production is slated for five performances beginning Wednesday with a special presentation in Carver School.

With the exception of Sunday the play will be presented daily from its opening through November 24.

Performances are free to all children and any adults accompanying them, a privilege which has been extended only since the Fall of 1951 when the Service League took over financial sponsorship of the group.

Besides contributing to the theater financially, Service League members also assist Cole in painting the sets, collecting or making the properties, providing the sound effects, printing the programs and handling the publicity.

Working on the current production from the League are Mrs. Robert Zonne, coordinator of League workers; Mrs. Frank Thompson, stage manager; Mrs. Thomas Houghton, prop chairman; Mrs. Carl Martin and Mrs. Edmond Penland, assistant prop chairmen; Mrs. S. W. Reeder, costume chairman; Mrs. Ben Black and Mrs. Charles Marsh, assistant costume chairmen.

Mrs. Clem George, sound effects; Mrs. Tom Sealy, chairman of the house committee; Mrs. Jack Matthews, assistant chairman of the house committee, and Mrs. Wright Cowden, Mrs. Herschel Ebell and Mrs. Leland Thompson, publicity chairmen.

### Zeta Alumnae Hold Luncheon

The Zeta Tau Alpha Alumnae Association held a luncheon meeting Wednesday in the Midland Country Club with Mrs. Harris Eastham as hostess.

Those attending were Mrs. Tom Sloan, Mrs. Erle Payne, Mrs. Lynn Durham, Mrs. Thornton Hardie, Mrs. L. O. Thompson, Mrs. H. D. Gilliam, Mrs. Sherman White, Mrs. W. S. Nelson, Mrs. Paul J. Nicholson, Mrs. L. E. Andrews, Mrs. Rhoads, Carole Caselman, Norma Jean Hubbard, LaMoine Sindorf and Jane Ferrell.

Following the luncheon a business session was held, presided over by Mrs. White, president.

### AAUW Art Group Works On Projects

The Art Group of the American Association of University Women discussed and worked on its projects Wednesday at a meeting in the home of Mrs. Ed J. Harris.

It was announced the next meeting will be held Wednesday in the home of Mrs. Bush Elkin, 2211 Harvard Drive.

Those attending were Mrs. W. J. Sprecher, Mrs. Helen Thomas, Mrs. F. H. Walker, Mrs. J. F. Warren, Mrs. Ward Hower, Mrs. Richard Sullivan, Mrs. L. Fields, Mrs. Elkins, Dolores Walden, Nancy Armstrong and Betty McWhorter.

### FROM PECOS

Leora Gibson of Pecos was in Midland on business, Thursday.

### Iota Beta Chapter Plans To Enter Christmas Parade

The Iota Beta Chapter of Beta Sigma Phi discussed plans Tuesday for joining the other Beta Sigma Phi chapters in decorating a float for the Jaycee-sponsored Christmas parade December 4.

The group met in the home of Mrs. W. M. Johnson, with Mrs. J. S. Roberts as hostess.

It was decided to continue ushering for the Community Theater plays. Other projects discussed by the group were sending Christmas gifts to Christown and engaging a name band for a dance in 1952.

Announcements were made that final orders are being taken for Christmas cards and that a rummage sale will be held December 1. Mrs. Ralph Mills summarized the City Council meeting and Betty McWhorter reported on the Area Council meeting which was held last weekend in Abilene. The next area meeting is scheduled to be held in Midland.

Miss McWhorter talked on "Manners in Business" during the program. Other speakers and their topics were Mrs. Dave Watson, "Friendship—the Highest Relation of Man to Man" and Jessie Whiteside, who spoke on the Danish proverb, "Go often to the house of thy friend."

### Women Voters Slate Luncheon

Approximately 150 members and guests are expected to attend the luncheon meeting of the Midland and Odessa League of Women Voters Saturday.

Judge Alan Frazer of Alpine, recently-elected to the Court of Civil Appeals in El Paso, will be the guest speaker for the meeting at 1 p.m. in the Midland Country Club.

Special guests will include District Judge R. W. Hamilton and members of the American Association of University Women and the Business and Professional Women's Club.

# ★ Daddy Ringtail ★ Daddy Ringtail And Tracking People

Daddy Ringtail, your monkey friend, and Mugwump Monkey, the monkey boy were far away from their monkey houses. They were sitting on a log in a far-away corner

# ★ Daddy Ringtail ★

of the Great Forest. The sun was bright and the air was warm and the trees were tall around them.

"Uh-oh!" said Mugwump. "Trouble!" asked Daddy Ringtail. Mugwump pointed with his finger. "Look!"

Daddy Ringtail looked, and there came an Indian following after them. The Indian looked at the ground as he came, watching closely to see where our friends had gone. He followed their footprints through the sand that was close by the Whispering River. He followed their trail where they had walked along through the grass.

"Mercy me!" said Daddy Ringtail in a whisper. "I do believe that Indian-man is going to find us."

"Be sure is good at following a trail," whispered Mugwump.

But was this a dangerous Indian? He had a bow and arrows with him. All of his hair was shaved from his head, except for a little top knot

where one feather was fastened. The Indian-man had striped paint on his face like a dangerous Indian on the warpath.

Mugwump said: "Daddy Ringtail." "I hear you Mugwump," Daddy Ringtail answered.

Mugwump explained how he thought they really ought to be going home before the Indian-man had found them. He hadn't even been there yet, but that Indian-man was coming closer and closer along their trail. What to do, what to do?

Could they get away if they tried? Could the Indian-man run fast enough to catch them if they ran? Could he track them and follow them anyway even if he didn't see them?

For the answer to these and other interesting questions, be sure to read Sunday's adventure with Daddy Ringtail and Mugwump and Honest Injun.

But I'll tell you one thing right now: Daddy Ringtail knows some tricks that make it hard for people to follow him. He learned the tricks from Wily Fox who is a very clever fellow. All the king's horses and all the king's men couldn't follow after Wily, not even with their dogs to help them. Happy day!

## Armistice, Education Week, Art Week Observed At Club Meet

Emphasizing Armistice Day, American Art Week and American Education Week, members of the Twentieth Century Club continued their study of "Our Heritage" at a Guest Day program Tuesday.

The meeting was held in the home of Mrs. B. R. Mathews, 1901 West Ohio Street, with Mrs. Carl O. Hyde as hostess.

### Program Gives

Mrs. James O. Simmons, Jr. was chairman for the program, given by R. C. Michener, vocal music director of the high school, Inez Parker, art consultant for the city's public schools, and a group of art, music and speech students from the High School.

Musical numbers were given by Ruth Ann Rhodes and by a trio, including Miss Rhodes, Elaine Johnson, and Ann Kenamer. Glenda Ferrell was accompanist.

Speech students contributing to the program were Sandra McMath, Charles Whitmore and Bill Robitsek. Art students participating included Katherine Carter, James J. Johnson and Elaine Conger.

The art students discussed "What Art Means to Me" and showed examples of their art work, including oils, watercolors, showboard work, colored pencil sketches, etchings, textile paintings and silk screen printing.

Mrs. Duke Jimerson, first vice president, presided in the absence of Mrs. J. B. Bain, president, who is attending the Texas Federation of Women's Clubs convention in Austin. An Armistice Day prayer was given by Mrs. W. Harry Rhodes.

Members brought to the meeting gifts to be sent to the Old Ladies Home in Austria. Members who still have gifts for the home are asked to take them to Mrs. Robert Donnell.

Guests for the day were Mrs. J. H. Shelton, Mrs. Paul Crandall, Mrs. Jack Dyson, Mrs. R. C. Michener, Mrs. Frank Monroe, Mrs. Carl Peay and Mrs. G. H. Lang.

## Scout Leaders Elect Officers

Mrs. Walton Cates was named president of the Girl Scout Leaders Club Wednesday at a meeting in the Little House.

Other officers elected were Mrs. Robert Johnson, vice president; Mrs. Bill Holland, secretary; Mrs. W. A. Dunn, hospitality chairman; Mrs. Sam Wood, program chairman, and Mrs. W. G. Moxey, publicity chairman.

Delbert Downing, manager of the Midland Chamber of Commerce, spoke to the group, urging them to ask the assistance of other adults in carrying out their youth programs. Plans were discussed for the Christmas program to be given by the Girl Scouts.

It was announced the annual clothing drive, in which the Scouts collect clothing for the Children's Service League, will begin Monday and extend through November 26.

Little Milk Rebels Call For More!

## WHEN IT'S RICH MILK

Some children balk at the idea of drinking the quart of milk they need each day. But not when it's Borden's Rich Milk! Every drop is so good, so rich, they ask eagerly for more. One quart daily supplies a child's calcium needs. And calcium helps keep kids fit, with healthier nerves, sunnier dispositions. For more happiness, less snappiness, give your child Borden's Rich Milk.

# UN Medic Slain In Neutral Zone

MUNSAN —(AP)—UN liaison officers Friday took Communist officers behind Allied lines to investigate the killing of an American Navy medical corpsman in a neutral "no fire" corridor along a road leading to the Panmunjom truce site.

In an official protest, the UN labeled the killing "wanton."

## Hearing On Scurry Field Utilization Recessed To Monday

AUSTIN —(AP)—Hearing on utilization of the Canyon Reef Pool of the Kelley-Snyder and Diamond M fields in Scurry County was recessed Thursday until 1:30 p.m. Monday after seven hours of testimony and cross-examination.

William L. Horner, Tulsa, vice president and manager of Sunray Oil Corporation's reservoir engineering division, spent all afternoon on the witness stand explaining and defending the utilization program sought by his company, Magnolia Oil Company and others.

He said studies of the last two years convinced the engineering committee of SACROC, Scurry area Canyon Reef Operators Committee, that secondary recovery program under a utilization plan would pull an extra 730,000,000 barrels out of the reservoir.

Some Say Would Lose  
Attorneys for W. A. Moncrief and Associates, Joe A. Humphrey and Associates and Superior Oil Company bitterly opposed the application.

They said the formula for the basis of participation would knock out the present proration formula determined by the commission and would give more oil to the promoters of this utilization plan, less oil to those opposing it.

Allied spokesmen said the bullet which killed the medic while he was standing in a tent was the kind used by Communist troops.

And they argued during the two and one-half hour investigation, that the bullet's line of flight showed it had come from Communist territory. A companion said the bullet pierced the man's armored vest.

When Communist officers started walking toward the indicated area, the way was barred by a ring of armed U. S. Marines. It was the first time the Communists had been taken behind Allied lines. They got a peek, but a very small peek, at UN territory. The Marine ring had a radius of less than 50 yards around the tent.

Standing in Tent  
The medic, whose name was not released, was killed two days ago, Marine T/Sgt. Jess W. Condon, Newport, R. I., told the investigators he was standing beside the corpsman inside the tent when there was a "ping."

He said the corpsman keeled over and murmured, "I think I am shot."

Condon said he went for aid, but the man died within 20 minutes. The UN officers took the Communists to the tent area after first making a "strong protest" at the truce-talk site at Panmunjom.

## Court Ruling Backs Women's Refusal Of Medical Aid

BOSTON —(AP)—Municipal Judge Frank E. Tomasello ruled Friday that two women members of the Christian Science Church were not negligent when they declined medical care after they were injured in a bus accident near Bow, N. H., June 5, 1948.

Mrs. F. J. Schmidt, 33, of Houston, awarded \$15,000 and Mrs. Lona S. W. Dwyer, 62, also of Houston, was awarded \$7,500 in suits against Gray Lines, Inc., a Boston bus firm.

The women were members of a Christian Science group making a chartered bus trip to the Mary Baker Eddy Memorial in Bow when the accident occurred. Mrs. Eddy was the founder of the Christian Science religion.

The bus firm asked the court to find that the women's injuries were aggravated by failure to accept medical aid.

## Gas War Charges Unfounded, Says American Expert

SEOUL —(AP)—A U. S. chemical warfare expert called unfounded South Korean soldiers' charges that Chinese Reds used gas shells against them on Sniper Ridge Friday.

Lt. Col. Harrison A. Markham said after an investigation at the front that one South Korean was made ill by fumes of picric acid. Such fumes are a by-product of artillery shell explosions, particularly if the explosive powder is old.

## Turner Services Held At Andrews

ANDREWS —Funeral services for Mrs. R. R. Turner, 48, were held at 10 a.m. Friday in the Methodist Church. The Rev. Mr. Van Zandt officiated. Interment was slated at 3 p.m. Friday in Belvedere Cemetery at San Angelo.

Mrs. Turner died Wednesday. Before moving to Andrews seven years ago, she lived in Sterling County. Survivors include the husband; a sister, Mrs. E. R. Roles of San Angelo; three brothers, Cole Boswell of Turkey, Brady Boswell of Pensacola, Fla., and Douglas Boswell of Midkiff, and several nephews and nieces.

## GUESTS IN WATTS HOME

Weekend guests in the home of Mrs. C. J. Watts, 803 North Lorraine Street, are Mr. and Mrs. Jim Watts from the Watts ranch at Iran.

## MEDINA VOTES 111 PER CENT

HONDO —(AP)—The Medina County Commissioners Court found on completion of canvassing the general election vote that 5,254 persons had voted.

That's 569 more than the registered eligible voters, but it was all right—no contest is anticipated. A large number of persons over 65 who didn't have to register their exemptions ran the total beyond the "eligible" list.

## Sadler Addresses Investment Bankers At Close Of Course

FORT WORTH —(AP)—A week-long school for investment bankers was set to close Friday after hearing a talk by Dr. M. E. Sadler, president of Texas Christian University.

The group Thursday heard Dr. Ellis M. Sowell, dean of the school of business at Texas Christian, rank the Fort Worth-Dallas industrial area first in the Southwest. He ranked the rapidly growing two-city area fifteenth in the nation.

Dr. Sowell, in a lecture on industrial development of the Southwest, said Houston ranks second behind the Tarrant-Dallas community, and that New Orleans is third.

The business professor told the bankers that deposits in banks of the five southwestern states — Arkansas, Louisiana, New Mexico, Oklahoma, and Texas — jumped from \$2,864,000,000 in 1940 to 12 and one-quarter billion dollars in 1950, a hike of 328 per cent.

During the same period, he pointed out, bank deposits in the entire country increased only 147 per cent. But the Texas increase, he said, topped even the high Southwest average with a phenomenal jump of 367 per cent.

## Texas Will Move Criminally Insane To Rusk Hospital

AUSTIN —(AP)—All the state's criminally insane will be moved to Rusk State Hospital as soon as three isolated buildings there can be made escape proof.

Plans for the transfer were told Thursday by state hospitals Director Larry O. Cox.

Cox said the Hospitals Board allocated \$110,000 at its Monday meeting at Wichita Falls to ready the buildings. He estimated it would take four or five months before transfers would begin.

# Mathews Describes Progress Of U. S. Free School System

The piece of public free schools in America was discussed by Charles F. Mathews, director of curricular services for the Midland public schools, at a meeting of Men of the Church of the First and Westminster Presbyterian Churches here Thursday night.

He was introduced by Frank Stubbeman, secretary-treasurer, who presided at the session. The devotional was led by George Baumgartner, Don Galbraith, Boy Scout executive, discussed the Scout program in Midland and throughout the nation. He was introduced by Bill Kubic.

A Thanksgiving theme was predominant at the meeting, with a turkey dinner being served by members of the Priscilla Circle of the Westminster Church and the Training Circle of the First Church.

Mathews, in his address, discussed the development of education through the centuries, climaxed by the establishment of public free schools in America.

"The United States will be known throughout history for its contribution toward education of the masses," the educator declared. "Public free education is the crowning achievement of our great and democratic nation."

Twentieth century changes and improvements in education were mentioned by the speaker, who also discussed the overall program of the Midland public school system. He stressed the importance of proper training and supervision of students in citing the obligations of the public school. He stated his belief that a better and more thorough job now is being done in the public schools than ever before.

The program was presented in connection with the observance of American Education Week.

Galbraith, in discussing the purpose, functions and overall benefits of Boy Scouting, said Scouting is the largest youth organization in the free world today.

He said the basic program of Scouting is to supplement the work of the home, the church and the school in building character into a boy.

The speaker outlined the Boy Scout program in Midland and told of the opportunities for service through adult leadership in Scouting.

## 'Lost' Name Plate Puzzles Sugartree Ridge Resident

HILLSBORO, OHIO —(AP)—Mrs. Goida M. Mariatt hasn't been postmistress at nearby Sugartree Ridge for 23 years. She doesn't recall ever having had a key ring name plate made. She never has been in Colorado.

In spite of that, she said Friday, she has received a key ring name plate from Jesse Garcia of Pueblo, Colo. It bore the notation that if found to return it to "Mrs. Goida Mariatt, postmaster, Sugartree Ridge."

Jesse's accompanying note said he was "just a schoolboy" and Mrs. Mariatt said she intends to write Jesse a "thank you" note. But, she added, "he probably would not know where it (the name plate) came from either."

The seaman admitted through counsel that he was on watch on the bridge at the time of the accident. He admitted he had ordered the quartermaster to alter to a starboard course about 10 minutes before the lookout sighted land close at hand.

Then, he informed the justice, forgetting his previous order he ordered "hard to starboard" a few seconds before the ship slid high upon a rock.

Savage was commended by the government attorney for his candor.

## Chief Admits Error In Command Caused Grounding Of Ship

VANCOUVER, B. C. —(AP)—A chief officer who admitted his memory lapse led to the loss of a luxury liner on rocks in Alaskan waters September 7 has been beached for six months.

He is Charles W. Savage, who was chief officer aboard the Princess Kathleen when it grounded and later sank near Juneau. There were 300 passengers aboard the ship but all escaped the vessel before it slipped from the rocks into a watery grave.

Justice Sidney Smith Thursday ordered Savage's master's license suspended for one year but recommended that he be given a ticket as a chief officer again after six months. Savage had a master's license at the time of the mishap but was acting as chief officer of the Princess Kathleen.

The seaman admitted through counsel that he was on watch on the bridge at the time of the accident. He admitted he had ordered the quartermaster to alter to a starboard course about 10 minutes before the lookout sighted land close at hand.

Then, he informed the justice, forgetting his previous order he ordered "hard to starboard" a few seconds before the ship slid high upon a rock.

Savage was commended by the government attorney for his candor.

# GREAT GOING -any way you figure

Only Buick provides them all  
DYNAFLOW DRIVE • FIREBALL 8 ENGINE  
NEW WIDE-BAND BRAKES • MILLION DOLLAR RIDE  
TOP-CAPACITY TRUNKS • NEW TWO-TONE INTERIORS  
SWEEPSPAR STYLING • POWER STEERING  
EASY-EYE GLASS\*\*  
Plus These, Too, On ROADMASTER  
AIRPOWER CARBURATION • NEW SILENCE

NUMBER ONE item on most anyone's list of automobile "musts" is power — the life and lift of your going.

In this Buick SPECIAL you get a valve-in-head high-compression Fireball 8 Engine that can pour out a wealth of the thrillingest power you ever held rein on—more power per dollar than you'll find elsewhere.

Number Two is ride—the way you go—the comfort and steadiness and luxury of your travel.

Every Buick has big soft coil springs on each wheel to cushion your way—and an unyielding torque-tube that firms and steadies your ride. Yet these are just two of the fifteen Buick ride

features that cost, literally, more than a million dollars to engineer.

Then there's style, there's room, there's visibility, there's handling ease—all part of your travel—all helping to make the difference between good going and great going.

But price is very much part of the picture, too—what you pay for what you get.

So when you add in the big horsepower rating you get in a Buick, plus the extra thrill and thrift of its Fireball performance . . .

When you measure the inches of room, count up the many hours of comfort through the

years, check off things like durability and solid satisfaction and high trade-in value . . . And when you put this total against the price of a Buick—you're going to say, "Man! That's great going all the way!"

Come in and see us today or tomorrow, won't you?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. \*\*Optional at extra cost on Roadmaster and Super only. \*\*Optional at extra cost—available on most models.

Two great television events: The TV Football Game of the Week every Saturday and Buick Circus Hour every fourth Tuesday.

### Permian Basin Oil And Gas Log—

(Continued From Page One)  
 and west lines of section 16, block D-34, C&S survey. It is two and one-half miles east of the Alex (San Andres) field which produces from pay above 5,100 feet.  
 This exploration is an old failure in the San Andres above 5,253 feet. It was drilled to that bottom several years ago as the George P. Livermore and associates No. 1 Abilene State Bank.  
 After it failed in the San Andres it was abandoned and plugged.  
 O'Neill and associates recently reworked and cleaned it out and reworked to deepen it to 8,350 feet to test through the Clear Fork-Permian. It will go on to that objective, regardless of what it finds in the Golieta.

### Conoco Stakes Wildcat In C-W Stonewall Area

Continental Oil Company has staked location for a new 4,500-foot

wildcat in Central-West Stonewall County as its No. 1 T. O. SoRelle. Location is 1,980 feet from south and east lines of section 413, block D, H&TC survey and 10 miles southwest of Peacock.  
 Rotary tools will be used to drill the project, beginning immediately.  
 It is one-half of a mile northwest of Couoco's No. 1 B. Brown Smith, a failure which had a show of oil along with salt water in a Permian sand at 3,840-49 feet.

### Cities Service Sets Half-Mile Outpost To Andrews Field

Cities Service Oil Company and others No. 2-E University will be drilled as a one-half mile northeast stepout to production in the Shafter Lake, North (San Andres) field of North-Central Andrews County.  
 Site is 440 feet from north and east lines of section 17, block 14, University Lands survey and 10 miles northwest of the town of Andrews.  
 It is slated for a 4,700-foot bottom

### Coronet Completes Another Oiler In NE Howard Field

Coronet Oil Company No. 4-2 Boyd has been completed as the fourth producer in the Coronet 2900 field of Northeast Howard County. Operator reported a calculated

24-hour flowing potential of 220.68 barrels of oil. The potential is based on an actual eight-hour flow of 71.56 barrels of oil through a one-half inch choke and from pay at 2,845-2,860 feet. Operator used 500 gallons of mud acid.  
 No gravity or gas-oil ratio report has been made.  
 Location is 320 feet from north and 990 feet from west lines of section 4, block 28, H&TC survey and one location south of another producer.

### Three WT Counties Report Dry Holes

Three wildcats in West Texas have been plugged and abandoned as failures.  
 Humble Oil & Refining Company No. 1 Martin, wildcat in Northeast Crockett County, was abandoned at total depth of 8,408 feet.  
 Location was 1,980 feet from south and east lines of section 38, block OP, GC&SF survey and 10 miles north of Osga.  
 In North-Central Kimble County, Anzac Oil Corporation has quit its No. 3 H. H. Lawler. Total depth was 2,050 feet. Elevation was 2,072 feet.  
 It was 990 feet from south and east lines of section 12, block 15, TW&NG survey and three miles northwest of the Junction field.  
 Barnes & Basin Petroleum No. 1 Thrash, wildcat in Central-South Upton County, has been plugged and abandoned at 8,448 feet in the Ellenburger. Estimated elevation was 2,400 feet.  
 Location was 690 feet from south and west lines of section 5, GC&SF survey, certificate 3590, abstract 206

### New Pay Opened In Pecos Field

Brown & Thorp Drilling Company of McCamey has re-completed No. 1 Cruise Sanders as a small pumper from the Ellenburger and a discovery for a new pay in the Brown & Thorp (Golieta) field of East Pecos County.  
 Originally completed from the Clear Fork at total depth of 3,017 feet, the well was deepened to 4,826 feet for the Ellenburger completion.  
 Operator reported a daily pumping potential of five barrels of oil and 28 barrels of water. Completion was from open hole at 4,770-4,826 feet after 15,000 gallons of acid were used.  
 Pay was topped at 4,770 feet and five and one-half-inch casing cemented at that point.  
 Location is 330 feet from north and east lines of section 32, block 11, H&GN survey and six miles southeast of Girvin.

### Sharples Finishes NW Extension To Pegasus In Upton

Sharples Oil Corporation has extended the Pegasus (Pennsylvanian) field of Northwest Upton County five-eighths of a mile northwest on the west side with the completion of its No. 2-C, XL.  
 The well was completed for a daily flowing potential of 537.77 barrels of oil. Gravity was 45.3 degrees and gas-oil ratio was 2,240-1.  
 Production was through a 24.64-inch choke from open hole between 10,264.3 feet, where 5 1/2-inch casing is set and total depth of 10,345 feet. Top of pay was picked at 10,285 feet on derrick floor elevation of 2,881 feet.  
 Tubing pressure was 1,000 pounds with packer on casing.  
 The well is one location southwest of Ellenburger production.  
 Location for No. 2-C, XL is 690 feet from north and east lines of section 47, block 41, T-4-S, T&P survey.

### Humbles Schedules Another Test In SW Gaines Area

Humble Oil & Refining Company No. 3 Sam C. Jenkins and others is to be drilled as a 10,000-foot Devonian project in the Jenkins, North (Devonian) field area of Southwest Gaines County.  
 Drillsite has been staked 690 feet from north and 633 feet from west lines of section 10, block AX, pa. survey and 14 miles southwest of Mempho.  
 It is one and one-quarter miles southwest of Humble No. 1 Riley, active project which has shown for a discovery in the Pennsylvanian Reef lime. It also is one-half mile southwest of Devonian production in the field.  
 Operations are to start at once.

### Reef Water Table Found At Wildcat In Howard Secor

Pan American Production Company and Seaboard Oil Company of Delaware No. 1 Pauline Hamlin, Northwest Howard County wildcat which had logged some slight shows of possible production in the Pennsylvanian lime between 8,134 and 8,269 feet has found the water in the reef.  
 It may run casing and test the shows which have been encountered.  
 The water came in a "drillstem test" at 8,260-8,223 feet.  
 The tool was open 80 minutes. Gas surfaced in 45 minutes. There was no gauge or estimate on the gas volume.  
 Recovery was 200 feet of gas cut salty drilling mud and 7,200 feet of gas cut salty water. There were no shows of oil in the test.  
 Location is 2,290 feet from south and 690 feet from east lines of section 43, block 32, T-3-N, T&P survey. It is five and one-half miles northwest of Luther and three miles

southwest of the Vesimoor field which produces from the Pennsylvanian reef lime.  
 Top of the reef in the Pan American and Seaboard No. 1 Hamlin is at 8,134 feet. Elevation is 2,755 feet.

### C-S Scurry Gets Clear Fork Test

Robinson Drilling Company of Colorado City is scheduled to drill No. 1 J. H. Taylor as a lower Clear Fork wildcat in Central-South Scurry County.  
 Drillsite is 990 feet from south and 2,310 feet from east lines of section 133, block 97, H&TC survey. That makes it one-half mile west of Ira and one mile north of the shallow Sharon Ridge area.  
 Projected depth is 4,500 feet. Rotary tools will be moved in and drilling will begin at once.

### Texas Crude Sets Drillite In Dawson

Texas Crude Oil Company of Fort Worth and Midland staked location for another Pennsylvanian test in the Mungerville field of Northwest Dawson County.  
 It will be drilled as No. 1-97 S. E. Cone, 640 feet from north and west lines of the northwest quarter of section 97, block M, EL&M survey. It is 16 miles northwest of Lamea.

### Indian Girl Lives Happily Sans Food, Puzzles Scientists

MADRAS, INDIA—(AP)—Medical men puzzled Friday over a pretty 17-year-old girl who says she has taken neither food nor water for the last six months and hasn't lost an ounce of weight.  
 The girl, whose name is Dhanalakshmi, has been under medical observation in a hospital in Mercara, capital of the Southwest Indian state of Coorg, for the last two weeks.  
 The state's health minister told newsmen: "Her case is astonishing. While we wait for an answer, Dhanalakshmi lives gay and vivacious as ever."  
 The girl reportedly developed an aversion to food and water in 1949 and six months ago began refusing to take any at all.

### UN Resumes Bitter Arguments On Korea

UNITED NATIONS, N. Y.—(AP)—The UN resumed its bitter debate on Korea Friday as delegates continued to work behind the scenes for a compromise to end the bitter prisoner-of-war stalemate.  
 Debate on the No. 1 issue came up once again in the 60-nation Political Committee. Speakers scheduled Friday were from Cuba, Pakistan, Israel, El Salvador and Panama.

### Ellenburger Tester Set For Schleicher

L. E. (Lou) Scherk of San Angelo is scheduled to drill a 4,000-foot Ellenburger wildcat in Southeast Schleicher County.  
 It is No. 1 D. C. O. Wilson. Location is 690 feet from north and west lines of section 4, block K, OH and SA survey.  
 That makes it 19 miles southwest of Eldorado and 10 1/2 miles southwest of production in the P a g e (Strawn) field.  
 Rotary tools will be moved in and drilling will begin at once.

### Pegasus In Upton Extended To South

The Pegasus (Pennsylvanian) field of Northwest Upton County has been extended one-half of a mile south with the completion of Gulf Oil Corporation No. 3-88 TXL.  
 The well was finished for a daily flowing potential of 241 barrels of oil. Gravity was 42.4 degrees and gas-oil ratio was 810-1.  
 Production was through a 10/64-inch choke from perforations between 10,304 feet and 10,508 feet the plugged back depth of 10,554 feet.  
 Top of the pay was picked at 10,490 feet on elevation of 2,873 feet. Pay section was acidized with 5,000 gallons. Tubing pressure was 1,870 pounds and there was a packer on the casing.  
 Location is 1,985 feet from south and 690 feet from east lines of section 47, block 41, T-4-S, T&P survey.

### Adventurous Curley Hitches Ride Into Wild Blue Yonder

SEATTLE—(AP)—It was a nice routine flight for pilot Roy Aitchison as he gunned his seaplane along at 2,000 feet until he looked out a window. Then he almost froze with fright.  
 What he saw was the Aitchison family's pet cocker spaniel pup, Curley, clinging desperately to a window. The dog's tail was toward the front and his fur was blowing like crazy.  
 Aitchison thought it was hopeless, he related here, Thursday, but he throttled the plane down to 60 miles an hour. Then, making a slow, flat turn, he flew back to nearby Lake Sammamish with Curley still hanging on.

### PORT ARTHUR EXPANDS

PORT ARTHUR—(AP)—Four square miles of area and 2,000 population were added to the City of Port Arthur Thursday by action of the City Commission. The territory is on the east and north flanks of the city.

## Revamped Bulldogs Await Amarilloans

Amarillo's Golden Sandstorm blows down from the North Friday night for a District 1-AAAA clash.

The Bulldogs engaged in the customary pre-game activities Thursday with padless exercises and blackboard sessions. Coach Jones and his assistants, Red Rutledge, Audry Gill and Jimmy Williams, went over various defense patterns designed to halt the Split T maneuvers of the invaders from the Panhandle. It is on defense that the question of victory or defeat rests for the Bulldogs who are expected to make at least three touchdowns in the eyes of Midland observers.

The Bulldogs have been beaten in their last two district games and Coach Tuboat Jones will present a revamped lineup in Memorial Stadium in an effort to ring the victory bell again.

The kickoff is scheduled for 8 p.m. Jones has altered both his offense and defense for the first meeting between the once-feared Sandies and Midland High School. Big Larry Friday will get the call as starting quarterback. An injured knee has kept the senior letterman sidelined most of the year but an open date for the Bulldogs opened Friday to fully recuperate from the pre-season incident.

Rusty Russell, the 165-pound carrier, moves into the starting offense, replacing the speedster, Jesse Hatfield, who'll remain in the defensive pattern. Roy Kinsey and Dick Spencer take their usual assignments in the offensive platoon.

**Reagan Doubles Up**  
James Reagan will join Rutledge in double duty Friday night. The 210-pound lineman has been a starter on the defense and against the Amarilloans will see service with the offensive crops.

Kenneth Schrum, 165-pound starting guard in a majority of the Bulldog games this year, will replace Melton Jones on defense. Jones keeps his position at center for operations of the Bulldog single wing.

Otherwise, the rested Bulldogs will offer the same faces in opening positions for the Friday night encounter. They appear to be in the best condition for the history-making game.

Amarillo wasn't expected to be a District 1-AAAA contender this season. The Sandies had only three experienced footballers returning. But they have gained a place of respect in conference circles and received the nod from some observers in the Midland game.

There isn't enough difference in weight between the two clubs to cause an argument. Lines and backfields of both vary little in average poundage.

**Records Compared**  
Comparative 1952 records offer little encouragement for partisans seeking to fix the favorite Friday night. Amarillo looked better against the Pampa Harvesters, holding them to 13-7 in Amarillo. Pampa turned back the Midlanders, 38-28, in Harvesters Park. Abilene edged Amarillo, 7-6, and blanked the Bulldogs, 6-0.

On the other hand, the Sandstorm swept over San Angelo, 41-7, while the Bobcats held the Bulldogs to a 24-12 score.

Coach Bill Defee's Amarilloans have allowed only 67 points. No rival has tallied more than two touchdowns. Total difference of the five losses has been 29 points, less than a touchdown per game.

District 1-AAAA foes have aggregated 63 points against the Bulldogs in four games, an average of better than 15 per game.

The Bulldogs engaged in the customary pre-game activities Thursday with padless exercises and blackboard sessions. Coach Jones and his assistants, Red Rutledge, Audry Gill and Jimmy Williams, went over various defense patterns designed to halt the Split T maneuvers of the invaders from the Panhandle. It is on defense that the question of victory or defeat rests for the Bulldogs who are expected to make at least three touchdowns in the eyes of Midland observers.

## Sam Houston Bearkat Back Aims At New Scoring Mark

HUNTSVILLE—(AP)—Mac Moore, Sam Houston State halfback, will be out to set a new Lone Star Conference scoring record when the Bearkats end the 1952 season against the Stephen F. Austin Lumberjacks here Saturday night.

Moore has rolled up 97 points on 14 touchdowns and eight extra points—just 10 behind the record held currently by Marvin Brown of East Texas State.

The hammering 185-pounder failed to score, last week in Sam Houston's 35 to 27 loss to Southwest Texas State. However, he played only briefly following an attack of influenza earlier in the week.

Before his illness, Moore was the second-ranking scorer in the nation and led the nation in individual pass-receiving. He has caught 33 aerials for 583 yards and five touchdowns.

Should Moore break the record, it would be the fifth record shattered by a Bearkat performer this year.

Donald (Cotton) Gottlieb, Sam Houston's brilliant All-America candidate, has set new conference and college records in passing and punting as well as new national college marks in those departments.

**Aggies To Honor Olympic Athletes**  
COLLEGE STATION—(AP)—The four Texas A&M College athletes who have participated in the Olympic Games will be honored in halftime ceremonies at the Texas A&M-Rice football game Saturday.

They are Jack Mahan, who was sixth in the javelin in the 1920 games; Art Harnden, who ran on the United States champion 1,600-meter relay team in 1948; and Walter Davis, first-place winner in the high jump, and Darrow Hooper, second-place winner in the shot put, in this year's games. Hooper will be playing in the Aggie-Rice football game.

## Shantz Will Demand Big Pay Increase

NEW YORK—(AP)—Pint-sized Bobby Shantz, fortified by the American League's Most Valuable Player Award for 1952, is going to demand a giant-sized increase in his pay check when he sits across the table from General Manager Art Ebers of the Philadelphia Athletics Monday.

The wee left-hander is expected to ask for \$35,000, an increase of almost 300 per cent over what he received during the last season for winning 24 games while dropping only seven for the fourth place Athletics.

**Top American Hurler**  
Shantz's 1952 salary was only \$12,000 as he topped the American League pitchers in games won and finished high up in the earned-run average column.

Bobby sought to talk contract with Ebers last week but the A's general manager told the little hurler:

"Let's not talk contract now. I've got to see X-rays of your broken wrist first. I don't want to sign a pitcher without an arm."

Shantz fractured a left wrist bone in the final week of last season. Ebers' refusal to talk contract at that time probably will cost the Athletics several thousand dollars. For since then the 27-year-old southpaw has received the league's highest honor—the first time a non-championship club player has won the award since Ted Williams of Boston in 1949. The last Philadelphia to be honored was Jimmy Fox in 1933.

Shantz received 16 of the possible 24 first-place votes cast by two dozen members of the Baseball Writers Association of America. He rolled up a total of 280 votes, a wide margin over Alie Reynolds, ace of the New York Yankees' pitching staff.

**Reynolds Is Second**  
Reynolds, third last year, polled 183 points. He was followed by two of his teammates—Mickey Mantle and Yogi Berra. Early Wynn of Cleveland, Ferris Fain of the Athletics, Nelly Fox of Chicago and a trio of Cleveland players—Bob Lemon, Mike Garcia and Al Rosen—round out the first 10.

"I don't want to be unreasonable but I think I am entitled to a pretty good increase," said Shantz. "I realize that the Athletics don't draw as many people as, for instance, the Yankees and Indians, and probably can't afford to pay as much money as I feel I am worth. But taking everything into consideration I don't think I am asking for too much."

Bobby said his arm feels sound again and he is certain he can pick up where he left off when he was hit by a ball thrown by Walt Masterson of Washington while at bat.

**Stanton To Play In Sundown Friday**  
STANTON—The Stanton Buffaloes, who are holding down second place in District 4-A, will invade Sundown Friday night.

The Buffs have won four and lost four in district battles this season.

The Denver City Mustangs are in top place with six victories and only two defeats. They also lead the league in scoring and defense.

Other district games this weekend finds the Mustangs at Morton, and O'Donnell at Seagraves.

## Vols, Pitt, Ole Miss, Bama Remain On Cotton Bowl List

DALLAS—(AP)—The team to meet the Southwest Conference champion in the Cotton Bowl here New Year's Day is expected to be named over the weekend.

Cotton Bowl officials wouldn't say so but they obviously are waiting for some results Saturday before making the choice.

The list of prime eligibles has been trimmed to four—Tennessee, Pittsburgh, Mississippi and Alabama—with Tennessee cons.

Mississippi, unbeaten but twice tied, plays Maryland Saturday. Tennessee, once defeated, engages Florida. Pittsburgh, twice beaten

but conquerer of Notre Dame, takes on North Carolina State. Alabama battles Georgia Tech, already in the Sugar Bowl.

The Southwest Conference representative may be known Saturday. If Texas beats Texas Christian at Fort Worth it will clinch the host spot in the Cotton Bowl although it still will have a game to play and could be tied for the conference championship. But the team that could tie—Southern Methodist—was beaten by Texas in regular season play. Precedent would give the Cotton Bowl spot to Texas.

Howard Grubbs, secretary of the Cotton Bowl, wouldn't say exactly when the announcement would be made. "It might come in a day or so," he said, "and then again, it might be some time next week."

The signing of Tennessee probably would mean a rematch of the 1951 Cotton Bowl teams—Texas and Tennessee. Tennessee won that game 20-14.

The Big Seven Conference's decision to stick with its ban on post-season games eliminated any chance of either Kansas or Oklahoma playing in the New Year's Day classic here.

## Wichita Falls, Temple Can Sew Up Titles Friday Night

By The Associated Press  
Wichita Falls plays Tyler and Temple meets Lufkin in feature games of Texas schoolboy football Friday night.

Wichita Falls, rated in many quarters as the No. 1 team of Class AAAA, virtually can sew up its district championship if it beats Tyler at Tyler.

Temple, the top-rated eleven in Class AAA, and Lufkin will be hooking up in a District 5 game at Temple but the contest is more important than that—it matches unbeaten teams. Temple is undefeated and untied. Lufkin is unbeaten but has been tied.

All through the four divisions of schoolboy football district championships will be determined this weekend. Thirteen already have been crowned in the lower classes—AA and A.

**Austin-Reagan Saturday**  
Saturday night, Austin and Reagan clash for the Houston district title of Class AAAA. Friday night, McAllen plays Edinburg needing to win to clinch the District 8 championship in Class AAA.

Thursday night saw Edison of San Antonio continue among the undefeated, untied teams and advance within whispering distance of the District 7 championship in Class AAA. Edison straddled Alamo Heights of San Antonio, 28-0.

**Indians To Start Training March 22**  
The Midland Indians will start Spring training March 22 at Fredericksburg. Manager Jay Haney said Friday.

Haney plans two weeks of workouts in the Hill Country before hitting the road for exhibition games with Big State, Longhorn and possibly Texas League teams. Some games may be booked with semi-pro clubs in the Hill Country.

## Football Slate

DISTRICT 1-AAAA  
AMARILLO at MIDLAND. Lubbock at Abilene. Borger at San Angelo. Pampa at Odessa (Saturday).

DISTRICT 1-AAA  
Big Spring at Vernon. Lamesa at Plainview. Snyder at Sweetwater.

DISTRICT 8-AA  
Seminole at Monahans. Pecos at Andrews. Jai. N. M., at Kermit.

DISTRICT 5-A  
Iran at Wink. Fort Stockton at Crane. Marfa at Alpine. McCamey at Big Lake.

DISTRICT 4-A  
Stanton at Sundown. Denver City at Morton. Seagraves at O'Donnell.

DISTRICT 7, SIX-MAN  
Sterling City at Garden City. Fortan at Christoval.

**SCORES DON'T SAY ANYTHING**  
LUBBOCK—Believe in comparative scores?  
Here's what confronts Texas Tech's Red Raiders, who meet Hardin-Simmons University in Abilene Saturday afternoon.

Texas Western beat Tech 20-14, later losing to Hardin-Simmons 27-26—a seven point advantage for the Cowboys. North Texas lost to Hardin-Simmons 28-13, then knocked off Tech 24-19—a 39 point Hardin-Simmons bulge.

What's more, it's Homecoming for Hardin-Simmons.

**Tut Bartzten Wins**  
RIO DE JANEIRO—(AP)—Bernard Bartzten of San Angelo, Texas, swept through Paulo Ferras of Brazil in a first-round match of the South American Tennis Tournament Thursday, winning 6-0, 6-1, 6-0.

**EAGLE PASS GETS PRO**  
EAGLE PASS—(AP)—Milton Ward, veteran Texas golf professional, has been employed as professional at the Eagle Pass municipal course.

## Maryland To Down Mississippi In Fast Contest

MARYLAND at MISSISSIPPI—A split-T jamboree from the word go, with touchdowns coming from all directions. And what's more the fired-up Johnnie Rebs will make their share of 'em. Maryland has called seven straight shots and it's too late in the season for them to start misting.

ALABAMA at GEORGIA TECH—This could be a tough spot for the Bambling Wreck with Hardeman out. Bama has come a long way since the Tennessee fiasco, with Marlow and Tharp spearheading an improved offense. Tech has too many good shootin' irons for the Tide to handle.

**RECORD TO DATE: 348 Winners 84 Losers 24 Ties 81% Av.**

**LEADING MAJOR TEAMS**  
1. MICHIGAN STATE 5. SOU. CALIFORNIA 9. MISSISSIPPI  
2. MARYLAND 6. TENNESSEE 10. PITTSBURGH  
3. GEORGIA TECH 7. NOTRE DAME 11. WISCONSIN  
4. U.C.L.A. 8. OKLAHOMA 12. PRINCETON

# It Is Last Stand For TCU's Frogs In Longhorn Go

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Texas lashes at Texas Christian Saturday in what could be the last game of the Southwest Conference football race.

Texas can gain a certain tie for the title and the host spot in the Cotton Bowl by knocking down its bitter enemy in the week's feature at Fort Worth.

For Texas Christian it's the last stand. The Horned Frogs must win or they'll be all. But a TCU victory

could do a lot of things. It might even put Texas Christian in the Cotton Bowl.

As Texas and TCU settle their annual gridiron feud, Southern Methodist will be fighting to stay in the championship running. The Methodists will be playing vengeance at Fayetteville, SMU, keener of one game, might wind up in a tie for the title but can't afford to drop another one along the way to do it.

Rice vs. Texas

Texas A&M and Rice, already out of the championship race, get together in what should be a steady touchdown exchange at College Station. Rice will be fighting to stay out of the cellar, a place reserved for Arkansas if the Razorbacks lose to SMU as expected. But Rice could tie the Pipers for last place if it didn't win any more games.

Texas Christian over the years has been a pain in the neck to Texas, mainly because of the Horned Frogs' fierce determination to beat the Longhorns above all other teams. There have been times when it was doubly painful to Texas in being knocked out of a championship by the Frogs.

Texas will be a seven-point favorite but feeling none too comfortable about it. The Longhorns became ninth in the nation this week. That's another thing TCU would enjoy removing.

SMU fears the Arkansas fury on homecoming in the Ozarks. Also, SMU can realize the feelings of a Razorback team that took a 47-7 drubbing at Dallas last season. It all adds up to trouble aplenty for the Methodists.

Rice hasn't lost a game to A&M since 1944 but is an underdog although the Aggies will be without the services of their great quarterback, Ray Graves. Graves won't get into the game except as a token gesture because he's a senior. Graves is still nursing an injury received against Southern Methodist last week.

Owls Roll Along

The Rice running game finally has hit its peak and that means the Aggies will have to score often if they expect to win.

Baylor, out of the championship race, plays University of Houston, a Missouri Valley Conference member, at Houston. This game appears to be a tossup but the Bears are likely to puncture the ironbound Houston defense several times. One thing about the Bayers: You may beat them but they'll make a lot of points.

A crowd of 45,000 is expected for this game, the biggest of the day. Texas-TCU is due to draw 33,000 with 20,000 at Fayetteville and probably that many at College Station.

THE CORE—Fullback Richard Ochoa, left, teams with fleet Gil Dawson to give Texas a formidable one-two punch. Doubtful Andy Kozar, center, is the heart of the Tennessee attack operating from fullback. Stout Steve Eisenhauer rates among Navy's all-time great guards. (NBA)

# Deer, Turkey Crop 'Good'

AUSTIN—(AP) A good crop of deer and turkey is the prospect for the big game season opening Sunday.

Deer in the Hill Country, despite the drought, are well fed and fat because there were plenty of acorns and persimmons this year. Turkey are plentiful because the nesting season was favorable. Executive Secretary Howard Dodgen of the Game Commission said.

Deer and Turkey season in all Texas east of the Pecos runs from November 16-December 31. West of the Pecos the season is from December 20-December 25. The bag limit east of the Pecos is two bucks and three turkey toms, except where special laws apply. Hunters are urged to check up on local game regulations.

They also were asked to be extra careful of fire this year because of the drought and to adopt safety measures against hunting accidents. Four hunters already have been killed by gunshot and one drowned this season.

South Texas deer were reported fat on mesquite beans. There was a growing supply of deer in East Texas.

# High School Football Charges Without Application In Texas

By HAROLD V. RATLIFF  
Associated Press Sports Editor

A former Pennsylvania high school coach tells in a magazine article, of the evils that have beset schoolboy football. He cites commercialism, inadequate facilities for the boys, coddling of athletes in the classroom so they'll be ready for the big Friday night game, and pressure to win on the coach.

The ex-coach, Don Group, explains that he's talking about a minority but that the minority is growing too big for the general good of football. He ends up by saying he's through with high school football although he still thinks it's a good thing.

Let us examine the Texas high school situation and see if Group's indictment should be confined to Pennsylvania or applied to high school football in general. Texas is a good place to start—it has the most and the best high school football in the nation. There are 882 schools playing the game.

The high school football player in Texas is well taken care of physically. In the first place he gets the very best equipment as a guard against injury. In the second place 90 per cent of the high schools in Texas carry athletic insurance on the boys. All schools except a few in Class B and six-man football carry this insurance. Those that don't just feel they can't afford it with the gate receipts what they are. But the injured boy gets medical treatment from the school even if he is not covered in athletic insurance. There may be a few schools that do not do this but it would be a very small percentage.

There is little coddling of the athlete in the classroom in Texas. The boy must pass three one-half credit courses each semester and must be passing seven days prior to his participation. The normal load in high school is four one-half credit courses per semester. The rule seems to be three out of five in Pennsylvania. Group says a boy isn't adequately prepared for college with such lenient system, especially since he doesn't have to do much studying.

There is pressure on many high school football coaches in Texas. Every year some are fired for failure to win. We see no reason why a high school coach shouldn't do a good job just as much as a college coach or a shoe salesman. In everything you are supposed to produce. What kind of football would we have if nobody cared whether a team won or not? The coach would be the English teacher who was seeing his first football game.

There doesn't appear to be much commercialization of high school football in Texas. Not more than 50 per cent of the schools make a profit out of football. And in most cases that profit is much smaller than you hear on the street corners. The larger the gate the more expenditures is the usual story. The profit usually is taken up in paying the expenses of the band, pep squad and other allied activities.

Group deprecates the practice of a school having a training camp in the Fall before the season opens. In Texas there is a stringent rule against this, thus there are no training camps.

Group talks of the magnificent football stadiums that are built alongside school buildings that are inadequate. I don't believe there is much evidence of this in Texas high schools. The bigger the place the larger the stadium out it is built out of revenue-bearing bonds backed by the school district but paid for out of gate receipts. Anything wrong with that?

# Wink Storms Way To 5-A Leadership

WINK—With all the fury of a Texas norther, the Wink Wildcats have stormed their way into the scoring lead and the No. 1 spot in District 5-A.

In six straight victories, the Cats have breezed their way to 294 points, just short of a 50 point average.

The touchdown wind that has soared the Cats to 5-A heights reached 80 points against McCamey last week. For the entire season Wink holds offensive honors, having amassed 334 tallies.

Once beaten Alpine Bucks have the top defensive record for the district and season play. For the year, Alpine has given up 101 counters, and only 63 in six district affairs.

Danny Villarreal, the Wink one man hurricane, is the leading individual scorer with 108 points. Sammy Jimenez of Marfa is second with 84. Bobby Locker of Iran has dropped to third place with 81 tallies.

DISTRICT STANDINGS

| W             | L | T | Pts. | Opp. |
|---------------|---|---|------|------|
| Wink          | 6 | 0 | 294  | 94   |

# Rankin Runs Over Pecos B Gridders

RANKIN—Rankin defeated the Pecos "B" eleven here Thursday night by a lopsided score of 56-18.

Three touchdowns were pushed across by the Rankin team in the first quarter. Eddie Rumples went over for the first one from 13 yards out. With a 65-yard punt, Norman Yocham made the second. On a 45-yard gallop, Jimmy Yocham tallied the third.

# Galveston Announces Shrimp Bowl Elevens

GALVESTON—P—Sam Houston State College and Northeastern State College of Oklahoma have been named to play in the Shrimp Bowl set here December 27.

The game is sponsored by the Galveston post of the Veterans of Foreign Wars.

# All Games Must Give Way For Irish-Michigan State

NEW YORK—(AP)—The 1952 college football season, an extravagant production from the opening curtain, moves toward the closing scenes Saturday with the current bowl game contenders in supporting roles and two non-bowl teams taking over the center of the stage.

Conference crowns and roles in the January 1 bowl extravaganzas will be awarded the winners of several key games, but all must give way to Notre Dame-Michigan State clash at East Lansing, Mich., as the day's top attraction. Notre Dame pulled the upset of the week last Saturday in topping Oklahoma, and the big question now is can the Fighting Irish do it again against the nation's No. 1 team.

Knocking off the nation's best and ending a 22-game winning streak are not the only incentives for Notre Dame, however. State's hard-running stable of backs ran up a 35-0 score on the Irish last year, and that's the worst drubbing ever handed a Frank Leahy team. Notre Dame could skyrocket its present sixth-ranking with a victory.

For the second straight week, football fans who like to watch from their living room instead of a stadium seat will see a top-notch contest. After watching Notre Dame and Oklahoma last week, the stay-at-homes will see Sugar Bowl-bound Georgia Tech against Alabama. Bama, the last team to defeat Georgia Tech, 22 games ago in

1950, has not been in a bowl game since 1948, but a victory over the nation's second-ranked team would give the team something to do next New Year's Day.

Two other games that have a direct bearing on the eventual bowl line-up are slated for the Southland.

**JUST MAKE MINE VANILLA**

LIANO—(AP)—The Llano High School football boys are sweet-smelling gent as football players go.

Every time a Llano player bounces off the turf of the high school field, he comes up smelling like a perfume salesman.

For, instead of chalk, the Llano club uses talcum powder donated by a hometown plant. L. line off the yard markers and end zones.

Maryland, No. 3 in the country, meets an undefeated but twice-tied Mississippi team anxious to become the school's first bowl representative since 1936. Maryland, barred from the bowls by a Southern Conference edict, is a two-touchdown favorite. Tennessee, No. 7 in the A\* poll, takes on Florida, which has never been in a New Year's Day game. Tennessee is talked of as a favorite for the Cotton Bowl and Orange Bowl.

Out on the Pacific Coast, Southern California must get by Washington to keep its record perfect for the big clash next week with UCLA. If Southern Cal lives up to its fifth place ranking Saturday, the game with fourth-rated UCLA will determine the coast entry in the Rose Bowl, grand-daddy of the bowl classics. UCLA has an open date Saturday.

**SPORTS MIRROR**  
By The Associated Press

A YEAR AGO—Jimmy Carter of New York successfully defended his world lightweight title for the first time by battering Art Aragon of Los Angeles to win a unanimous 15-round decision.

FIVE YEARS AGO—Alabama knocked Georgia Tech from the ranks of the football unbeaten 14-7.

REPORTING THE TOP NEWS IN REAL ESTATE

THE EXECUTIVE AND HIS FAMILY may temporarily lack a lot of cash, so we have arranged wonderful financing on this EXECUTIVE'S HOME.

Constructed of white brick, this magnificent home has 3 large bedrooms, 2 beautiful ceramic tile baths, gracious living rooms, and a kitchen patterned after a picture in HOUSE BEAUTIFUL. Central heating and air-conditioning, softly carpeted throughout, and highly peppered with generous closets. Attractive landscaping, 2-car attached garage (paneled) with storage, and high fence all the way 'round. It's loaded with PICTURE-BOOK features for comfort and beauty. Assume established loan of \$21,000, and ONLY \$7,500.

LET'S BE OLD FASHIONED—and talk down-right economy. For as little as \$1,250 down, you could move into this home immediately. Located in TOWN NORTH, this attractive home has 2 lovely bedrooms, welcoming living room, and kitchen-dining room combination. Tile bath, YOUNGSTOWN metal kitchen cabinets, washer connection; central heating, air-conditioning unit. Draperies and carpeting. Attached carport, storage, eger water well, nice lawn, paved street. Priced at \$10,100.

THE HOUSE IS ABSOLUTELY FREE. It is an immaculate 2-bedroom, living and dining room combination, tile bath, cheerful kitchen, home. Constructed of white asbestos siding, it has an attached garage, washer connection, blower fan over stove, draperies, and air-conditioning unit. Attractive lawn in front and back, and surrounded by tile fence. All you have to do to get this house free is to buy the lot. The lot is priced at \$10,200, and can be handled for as little as \$1,500 down.

CALL 2-1693. Ask for someone in the real estate department, then they will tell you the scoop on the GI house that you have on Roosevelt. "We'll do the rest."

YOU SAVE—BECAUSE IT'S SLASHED to a loss for this owner. Located on Storey Street, this brick and paneled home has three nice sized bedrooms, 1 1/2 baths, comfortable living rooms and approximately 32 feet of biggest in the kitchen. The attached garage can easily be converted into a huge den. Some carpeting, air-conditioned, and COLEMAN heating. Only one year old and just over 1,500 square feet of living area. Originally priced at \$18,900, owner has tumbled price to \$15,666.66. Can be handled for as little as \$4,500.

IF YOU ARE NOT ELIGIBLE for a GI loan, you can still buy a GI's equity, and assume the existing loan. 2 nice bedrooms, lovely living room, and convenient kitchen. Located on East Hamby, priced at \$7,500, and can be purchased for ONLY \$1,900 down. After you call, you'll be glad that you did.

DOES A SOLID MASONRY HOME WITH 930 SQ. FT. OF LIVING SPACE INTEREST YOU? IF YOU COULD GET IT FOR ONLY \$1,725 DOWN! PRICED AT \$8,570 AND IT'S TERRIFIC! THE ONLY SURE WAY of getting your ideal home is by comparing. Here's one that will make your eyebrows jump up. Located on East Lynn, it has two really large bedrooms, inviting living room, and immaculate kitchen. Attached garage. The corner lot is large, and the street is paved. Nice landscaped. Can be handled for \$1,928, and priced at \$8,998.50.

IF YOU HAVE 20 CENTS, we'll treat you to this magnificent, new, Austin Stone home which is located in Urbandale. Three large bedrooms, 2 full, ceramic tile baths, spacious living and dining room arrangement, and a huge 2-car attached garage. The kitchen is a realized dream—with tile features, wainscoting paneling, natural-finish cabinets with antique hardware. If you appreciate magnificence in a home, let us escort you through this one. If it ain't all that we say, then we'll give you the 20 cents back. Priced at \$26,500—below the appraised value.

I'M RUNNING OUT OF SPACE, so I'll make it short. 3 bedrooms, 2 tile baths, huge living and dining room combination, magnificent kitchen, attached garage. Brand new, Louisiana Street, and best of all, the price is a low, LOW \$16,500!!

**QUICKIES**

### Reds In France Antagonize American Troops, Families

By GRACE HALSELL  
Special Reporter-Telegram Correspondent

NANCY FRANCE—In and around this old capital of Lorraine, servicemen, among them a large number of Texas boys who have been sent over here to help save the world for peace and freedom, get spit upon, stoned and are faced with "U. S. G. Home" signs.

Most of the boys I interviewed said they were ready to go home, and "Give France back to the French—and the Communists."

One woman I interviewed said:

she was fired upon as she drove along the road from Metz, France, to Pont-a-Mousson.

This occurred, she said, at 10:30 a.m., November 1. I was the first, and as far as I know, the only Stateside reporter to interview her.

When I talked with Mrs. Paul A. Jones, wife of Second Lt. Paul A. Jones, of Cincinnati, Ohio, she had arrived in the village of Pont-a-Mousson, where her husband is stationed as a Air Force supply officer.

"I was coming along the road in our 1952 Austin, and the baby, Paula, (she's 11 months) was in the back seat. This car came toward me, weaving, an old dirty Renault, and the boys inside, they looked about 20, forced me off the road."

"Americans Go Home."

By hanging her head out of the window, Mrs. Jones was able to drive far enough to get aid.

"When I got out, my knees collapsed," she said.

She is 23, has long black hair, and was wearing loafers. She looked more like a college co-ed than an American having to dodge the Communists.

Although officers at first inspection said her car had been hit by a small caliber bullet, M Sgt. Sam Johnson of Weatherford, Texas, a calmer type, intelligent investigator, said more likely it could have been a rock sent from a sling-shot.

As yet, no official report from investigators has determined what the boys used to send Mrs. Jones and her baby careening off the road with the "Go Home" threats.

A couple of weeks ago, this young officer's wife told me she was in Paris, sitting alone with Paula in their little English car.

"About 10 of the Communist rowdies came up and started rocking the car, and shouting, 'Americans Go Home!'" she related.

Mrs. Jones has been in Europe since January.

### 63 Texas Counties Delinquent In Filing November Returns

AUSTIN—(P)—If the official election returns don't come in soon, the secretary of State is going after them.

Thursday, 63 counties had failed to report. Friday was the deadline under the new election law. Secretary of State Jack Ross said if the returns don't come right in, he'll send messengers out—the county's expense—to do the job.

The law provides for such extraordinary measures if the official general election returns are not reported to the secretary of State by county judges within 10 days after the election.

These were the counties not heard from Thursday:

Andrews, Archer, Bexar, Borden, Brown, Camp, Cass, Cherokee, Comanche, Crane, Crosby, Culberson, Dallas, DeWitt, Eastland, Ector, Ellis, Fannin, Fayette, Floyd, Garza, Glasscock, Hale.

Haskell, Hardeman, Harrison, Haskell, Hill, Howard, Hunt, Karnes, Kaufman, Kerr, Knox, Lee, Lipscomb, Loving, Lynn, Matagorda, Maverick.

Medina, Mitchell, Montgomery, Morris, Newton, Ochiltree, Orange, Parker, Potter, Presidio, Randall, Reeves, Rockwall, Sabine, San Augustine, Scurry, Taylor, Terry, Titus, Val Verde, Wharton, Yoakum and Zapata.

### Services Conducted For Mrs. Hobbs, 73

Funeral services for Mrs. J. V. Hobbs, 73, a Midland resident since 1915, were held at 9:30 a.m. Friday in the Neville W. Ellis Chapel, The Rev. Jim Goins, pastor of the Bellevue Baptist Church, officiated. Interment was slated Friday afternoon in the Tulla cemetery.

Mrs. Hobbs died shortly after noon Wednesday in a Midland hospital following an extended illness. She was born June 30, 1882, in Telahoma, Tenn. She moved to Midland from Tulla.

Survivors include the husband, a son and daughter, and three grandchildren.

### MORAL: DON'T DO HIM DIRTY

DALLAS—(P)—Mrs. D. R. Rapp, Raymondville, recovered \$2,500 fur scarf because a man wanted to get even with his estranged wife.

Mrs. Rapp left the stone marten fur in a Dallas phone booth 21 months ago.

A 25-year-old man Thursday tipped police that his 23-year-old estranged wife had found the fur and still had it in her possession.

"She did me dirty plenty of times," the tipster said.

### CURIOUS COON DOUSES LIGHTS

AUSTIN—(P)—This capital city's first electric power failure since 1935 may have been caused by a ring-tail coon.

Some areas of the city were without power Thursday night for an hour and a half after the coon crawled into a transformer at Marshall Ford Dam.

### Rankin Invites Bids On School Buildings

RANKIN—Bids will be received in the elementary school auditorium at 2 p.m. December 4 for construction of a new high school for Rankin and additions and alterations to the existing elementary school building.

Wilson and Patterson, Fort Worth architects, drew the plans.

The new high school will include 20 classrooms, an auditorium, shop and administration area. It will be of steel and reinforced concrete construction, two-story, built of face brick and exposed lightweight hydrite.

The elementary school work will include the rearrangement of existing kitchen area and additions of more dining room space. It also will include the changing of the heating systems in both schools from oil to gas.

### Leader Of British Party Critically Ill

SCARBOROUGH, ENGLAND—(P)—Anxiety was expressed Friday for the seriously ill chairman of the Conservative party, Lord Woolton, who suffered a relapse Thursday night.

The 69-year-old political leader became ill early last month. He underwent an operation for a perforated appendix, and erythritolitis and lung complications set it.

### Business Council Predicts Friendly Attitudes By GOP

SEA ISLAND, GA.—(P)—Managers of the nation's business, consulting each other on the business outlook Friday, reportedly have found it good—for the next six or nine months at least.

Some members of the Commerce Department's Business Advisory Council, holding a four-day, closed-door session here, acknowledged that the Republican election sweep heightened their optimism.

None of the representatives, with the exception of Gen. Lucius D. Clay, chairman of Continental Can company, would tell reporters anything for publication Thursday. Clay waved a hand toward the hotel's assembly room where the council was holding its meeting and observed: "They all seem very happy to me."

Others individually had voiced belief that high rates of sales, production and employment are assured at least until government defense spending levels off sometime after mid-1953.

**Ready To Expand**

The belief was widespread that the GOP election sweep means a friendlier attitude toward business both in the White House and Congress, and that this may mean a greater willingness to build, invest and expand business.

The members made a point of mentioning, however, that the council, made up of about 100 of the country's leading figures in industry and finance, is non-political and still is advisory to a Democratic Administration. The industrialists here, about half of whom have served in key government jobs at one time or another, were asked Thursday to accept duties in the new Administration if President-elect Eisenhower asks them to serve.

At least three members—Clay, former Mobilization Director Charles E. Wilson; Paul G. Hoffman, head

### Volunteers Prepare Letters For Mailing In Seal Sales

Volunteer workers from four Midland organizations for women gathered at the offices of the Texas Employment Commission Wednesday night to assist in the preparation of over 12,000 Christmas Seal letters which will go into the mail Monday to begin the 1952 Christmas Seal Sale.

They contributed several hours to placing letters and seals into envelopes and sealing them for mailing.

Representing the Iota Beta Chapter of Beta Sigma Phi were Pat Shuffield, Barbara Marshall and Maxine Ebeling. From the Business and Professional Women's Club were Edie Robinson, Edith Hall, Faye Casper, Gertrude Taylor, Mrs. Eleanor Linton, Mrs. Gladys Beckham, Mrs. Clara Gabbert and Mrs. W. A. Heck.

Also assisting were Billy June

### GOTTA WATCH THOSE SHELLS

WITH U. S. THIRD DIVISION, KOREA—(P)—A Chinese mortar shell recently hit Cpl. James D. Perry, Dayton, Ohio, squarely on the head.

Result: A hole in his helmet, a scraped nose and a headache.

The shell, which failed to explode, tipped his helmet, slid down his face and buried itself in the ground two feet in front of Perry.
