**Strawn Discovery Is Indicated At Martin Wildcat**

Phillips Petroleum Company uncovered shows of possible Strawn lime production on a drillstem test at No. 1-C Schar, wildcat in Southwest Martin County, 13 miles north of the city of Midland.

Interval tested was from 10,902 to 11,030 feet. A 2,025-foot water blanket was used. Tool was open 150 minutes.

Recovery was 2,025 feet of slightly and gas-cut water blanket and 200 feet of slightly oil and gas-cut mud. No formation water was developed. Open flowing bottomhole pressure ranged from 975 up to 1,005 feet. Shutin pressure after 15 minutes was 2,050 pounds.

Top of the Strawn has not been picked.

Location is 1,220 feet from south and 6,888 feet from west lines of league 324, LaSalle County School Land survey. It is four and one-half miles north of the discovery well of the Glass (Spraberry) field.

**Houston Oil Enters Ellenburger Zone In NW Crockett Wildcat**

Houston Oil Company of Texas and associates No. 1 Mrs. Margaret A. Shannon estate and others, Northwest Crockett County wildcat was coring below 7,592 feet in Ellenburger.

Top of the Ellenburger is at 7,590 feet. Elevation is 2,591 feet. So far no petroleum shows have been reported from the Ellenburger.

The project logged some shows of possible production in the Pennsylvanian. If the Ellenburger fails to produce it probably will be plugged back and the Pennsylvanian some with the shows of production will be tested.

**Last Show Test**

The last show encountered in the wildcat in the Pennsylvanian was at 6,550-6,700 feet. The tool was open four hours. Gas came to the surface in two hours.

Recovery was 90 feet of heavily oil and gas cut mud, 240 feet of 42-gravity free oil and 600 feet of oil and gas cut mud water.

The prospect is low geologically, on the top of the Ellenburger and the prospects for it producing in some are not considered very bright.

Location is 1,685 feet from south and 2,433 feet from east lines of the Richard Pillow survey. It is 34 miles northwest of Ozona and 10 miles east of Iraan.

It is seven and one-half miles south of the Lula (Devonian) field and four miles northwest of the Shannon (San Andres) field.

**Gaines Prospector Dry In San Andres; May Drill Deeper**

Joe S. Hill and W. W. Meeker of Midland, No. 1 P. G. Northrup, West-Central Gaines County wildcat, six and one-half miles west of the town of Seminole is bottomed at 5,302 feet in San Andres-Permian lime and is shut down waiting orders.

It had a slight show of oil and gas in the San Andres in the drillstem test at 5,152-5,205 feet. Length of the test was not reported.

Recovery was 30 feet of slightly oil and gas cut drilling mud. No signs of formation water was reported.

**May Be Deepened**

The project has completed its San Andres contract. The show at 5,163-5,205 feet is not considered of commercial quantity.

There is a possibility that arrangements may be made to drill the No. 1 Northrup deeper to test lower sections of the Permian. That will be determined shortly.

Location is 1,990 feet from north and east lines of section 295, block G, WTRR survey. The project is three and one-half miles west of the Seminole field and about the same distance southeast of the West Seminole field. Both areas produce from the San Andres.

**Detrital Oil Found At Wratner Tester In SE Nolan Area**

D. Wratner, Jr., of Dallas No. 1 J. E. Davis wildcat in Southeast Nolan County, developed flow of gas and recovered oil on a drillstem test in the detrital above the Ellenburger on a drillstem test.

Section tested was from 6,530 to 6,570 feet. Tool was open two hours and 21 minutes. Gas surfaced with a steady blow for the remainder of the test. Recovery was 780 feet of clean oil, estimated to be more than 45 gravity, 170 feet of heavily oil and gas-cut mud and 19 feet of heavily oil and gas-cut base/sediment.

Open flowing pressure was from 55 to 394 pounds and 30-minute (Continued On Page Eight)

Six Midlanders including four members of one family were injured, at least two seriously, in a headon collision two miles east of the city on Highway 80 at 5 p.m. Thursday. All remained in Midland hospitals Friday morning.

Injured were:  
Roland Jack Fryer, Sr., 1123 East Pecan Street, possible head and internal injuries, abrasions and lacerations of the head and face and possible leg injuries.

**New Cabinet Hints Major Changes Due**

WASHINGTON — (P) — President Eisenhower's Cabinet Thursday plunged into its first working day amid reports that some already had departmental shakeups in mind.

Secretary Benson, for one, issued an order to regroup some 25 agencies of the Agriculture Department with the aim of greater efficiency.

Secretary of State Dulles had a staff conference and was understood to have made one or two operating decisions. They were not disclosed.

**The Bids Sea Goodbye**

Eisenhower was in his office at 8:50 a.m. This was 50 minutes later than the hour he clocked in Wednesday, but he had a special reason for lingering in the White House living quarters. His son, Maj. John Eisenhower, was leaving on the first leg of a trip back to Korea.

Soon after Eisenhower reached his office, he had a 15-minute conference with his staff to begin the working day.

Eisenhower set aside time to go over his State of the Union message with an aide. The President will go before the Senate and House for the first time to deliver it in person, possibly next week.

Aides said the address will set forth Eisenhower's legislative program in general terms on both domestic and foreign issues.

**EARLY TICKET BUYING URGED**

Chamber of Commerce officials Thursday urged members and other interested persons to make reservations now for the organization's annual membership meeting and banquet scheduled at 7:15 p.m. Tuesday in the high school cafeteria.

They said special arrangements for the banquet have to be made well in advance of the meeting date in order to take care of the record attendance anticipated. Banquet tickets may be obtained at the C. of C. office in Hotel Scharbauer.

C. R. Smith of New York City, president of American Airlines, Inc., will be the principal speaker at the event.

**Mother Crawls Under Moving Train To Save Tiny Daughter**

CORPUS CHRISTI — (P) — A frantic young mother Wednesday crawled under a slow moving train and retrieved her infant daughter. Both were unhurt.

But Mrs. Richard Suarez, 25, only could look on helplessly as her younger sister was dragged almost 40 feet beneath the wheels of a boxcar.

Mrs. Suarez, her five young children, and her sister, Helen Gomez, 11, were walking beside a string of boxcars.

Mrs. Suarez was carrying her youngest child, Melinda, and Helen had Celia, one and one-half in her arms. The other children, aged seven, five and two, were walking.

"Helen was about 15 feet ahead of us," Mrs. Suarez said, "when suddenly she screamed and was on the ground with her leg entangled in the wheels of a boxcar." City police said the girl apparently was hit by the projecting steps on the side of the boxcar and knocked under the wheels.

Mrs. Suarez continued, "The train was moving very slowly and by the time I reached her (Helen), Celia had crawled under the train between the rails. I remember by that time I was screaming, too, and nobody seemed to hear us."

**Wheels Drive Her Back**

Mrs. Suarez said she ran and placed Melinda away from the track. Then, "I grabbed my sister's arm, but her leg seemed to be hung on the wheels and the train was still moving, but very slow. So I tried to get my baby out from under the train before she crawled under the wheels."

"It seemed that every time I reached for her, some more wheels would come by, driving me away. But finally I managed to crawl far enough under the moving boxcar to grab her and throw her out to one side. Then I backed out just in time."

"By that time the train was stopped and some men had come to help me. We pulled Helen away from the train and called the ambulance."

Helen was reported in poor condition Thursday, but her leg had not been amputated.

**COMPACT COMMISSIONERS ON THE JOB**—Members of the Pecos River Compact Commission approve the agenda for their annual meeting which opened here Thursday morning. Left to right, they are: John H. Bliss and Berkeley Johnson, both of Santa Fe, N. M., and J. C. Wilson of Pecos.

**Pecos Engineers Cite Water Flow Slump, Suggest Remedy**

The Pecos River is bringing less water and worse water into Texas than at any time since records have been kept, the two-state Pecos River Compact Commission was told here Thursday at the opening of its fourth annual meeting.

The speaker was R. J. Tipton of Denver, Colo., nationally known engineer and head of the commission's Engineering Advisory Committee.

"Much of it," he said in submitting the report of his committee, which held an all-day session Wednesday, "can be blamed on the vagaries of nature. Some of it is due to something else."

But a positive program of action must be undertaken by the commission, he added, or the condition will grow steadily worse.

Tipton's report was made shortly after the opening ceremonies of the commission meeting, participated in by Governor Edwin L. Mechem of New Mexico and Attorney General John Ben Shepperd of Texas.

Meeting in Hotel Scharbauer, the three-man commission heard Shepperd urge a comprehensive statewide survey of Texas water resources in an effort to solve "the most important problem we have in the state today."

"Texas and New Mexico," he told the group, "have many problems of mutual concern, which can only be solved by both states working together."

"The only alternative is federal domination, and we do not want that."

He continued by pointing out that the water problem is not confined to West Texas but exists all over the state.

"We need some kind of comprehensive survey of our water resources," he said. "We have been doing this thing on a piece-meal basis and that is not the answer. We need a state-wide survey."

"The cost of such a survey would scare a lot of our people but I believe it would pay for itself in 10 years."

The 40-year-old New Mexico governor was in a less serious mood as he referred to recent claims that the southeast corner of his state is 18 miles north of where it should be and that New Mexico could claim some of the area now in West Texas.

"It's a pleasure to be back in this section of New Mexico," he grinned. "I just thought I'd come down here and look around and see if I can find out when you're going to start paying us some taxes."

But, after the preliminaries, the commission, headed by Chairman Berkeley Johnson of Santa Fe, quickly settled down to business with the other two commissioners, J. C. Wilson of Pecos and John N. Bliss of Santa Fe, present.

In his report of the engineering committee, Tipton asserted that the amount of water flowing through the Pecos into Texas is only 13 per cent of the annual average flow.

**Salt Major Problem**

"The quality of this water," he added, "is directly related to the quantity."

"Peculiarly, when nature turns off the water, she doesn't shut off the salt. So you have the same (Continued On Page Fourteen)

**Blood Drive Nearing Goal**

Midlanders continued to respond to the Red Cross blood drive with enthusiasm Thursday, as the mass production collection of vital blood went into its second day.

A total of 163 pints of blood was taken from Midlanders Wednesday to give the drive a strong push toward the 300-pint goal. At 11:30 a.m. Thursday, 65 additional pints had been taken in by the latest official count.

But it was estimated that by noon Thursday the total would rise to 85 pints. This would leave Midland a scant 50 pints short of the quota, with operations at the Blood Mobile due to continue until 3 p.m. Thursday.

The scene at the headquarters of blood collecting center was one of orderly confusion. Crowds jammed the Blood Mobile office at 819 West Indiana Street, waiting their turn to donate blood.

Rosebud Spacey, executive secretary of the Midland Red Cross Chapter, said an unusually high proportion of office girls and secretaries were coming to the center to participate in the donation of the needed blood.

One man was turned away from the center. He had a rare type of blood Red Cross officials thought was needed for possible use in Midland in the event of emergency.

**Only 1,767 Pay Poll Taxes As Deadline Shadow Creeps**

Less than 2,000 Midlanders have qualified to vote in 1953's elections and the deadline is only nine days away.

County Tax Collector-Assessor J. M. Speed reported Thursday morning that only 1,767 Midland County residents had paid their poll tax, which will enable them to vote in any elections this year.

"This being an off-year," said Speed, "we naturally don't expect to reach the 14,000 who paid their poll tax last year for the national, county and local elections."

"But the 1,700 still to go below the approximately 7,000 who paid their poll tax in the last off-year two years ago."

Elections will be held this year to elect a mayor of Midland, three city councilmen and two school board members. In addition, there probably will be at least one bond issue election.

Deadline for paying the poll tax is January 31.

**Republican Leaders Tell Eisenhower Wilson Must Sell GM Stock, Or Else**

WASHINGTON — (P) — Some Republican senators have sent word to President Eisenhower that the Senate probably would reject Charles E. Wilson as new Defense secretary if he holds on to his stock in his former firm, General Motors.

Indications were that the White House would make a decision within a day or two. Senate leaders insisted they did not know what the decision would be.

"It's up to them," Republican Leader Taft of Ohio told reporters, referring to the new President and his advisers. "My job is to get them (presidential appointments) confirmed when they send them down here."

Taft late Wednesday won voice-vote confirmation of eight new Cabinet members—all except the Defense secretaryship, for which Eisenhower has not made a formal nomination.

A few hours later, each of the eight took the oath from Chief Justice Vinson at a White House ceremony. So did Mrs. Oveta Culp Hobby, the new federal security administrator.

Strong opposition to Wilson's appointment has developed in the Senate on the ground that he holds stock in General Motors, biggest Defense Department private contractor.

The question has been raised whether he would run afoul a law which bars federal officials from dealing with firms in which they have even an indirect financial interest.

White House Press Secretary James G. Hagerly said he knew of no change in Eisenhower's intention to nominate Wilson.

The Senate Armed Services Committee would have to pass on Wilson's nomination before the Senate acted, and Chairman Saltonstall (R-Mass.) said it will do nothing until a name is submitted officially.

One highly placed GOP senator, who asked that his name not be used, said efforts were being made to persuade Wilson to sell his GM stock.

"Mr. Wilson is a stubborn man," this senator added. "He takes the position that they should have known what they were doing when they offered him the job, that asking him to sell his stock is a reflection on his character and integrity."

Wilson could not be confirmed now, the senator said, "even if they come up with some maneuver" like changing the law to fit his case or the issuance of a presidential order which would bar him from passing upon GM contracts. He added that the White House had been appraised of this sentiment.

The other eight Cabinet members were confirmed in a group Wednesday, after several hours of discussion. Then, in an 11-minute ceremony at the White House, with the Eisenhowers and their own relatives looking on, they took the oath in this order:

John Foster Dulles, secretary of State; George M. Humphrey, secretary of the Treasury; Herbert Brownell, Jr., attorney general; Arthur E. Summerfield, postmaster general; Douglas McKay, secretary of the Interior; Sara Taft Benson, secretary of Agriculture; Sinclair Weeks, secretary of Commerce, and Martin P. Durkin, secretary of Labor.

No dissenting votes were heard in the Senate on confirmation of the eight Cabinet members.

**Phone, Power Lines Downed In Panhandle**

Winter's wrath ruffled Midland Thursday after a rambunctious wind of near-hurricane force knocked out power and phone lines in the Amarillo area earlier. The cold front struck Midland at 10 a.m. from the Northwest and plunged deeper into Texas.

The temperature had dropped to 44 degrees here at noon and sand-bearing wind from the North and Northwest reached 25 miles an hour with gusts up to 30. Forecasts indicated below-freezing readings for the Midland sector early Friday with a warmup to follow later in the day.

Visibility was limited to four miles, CAA observers at the Midland Air Terminal said.

The howling wind, which reached 75 miles an hour at Dalhart and better than 50 miles at Amarillo, brought snow flurries to most of the Panhandle, the Associated Press reported.

The East and South sections of Amarillo were without power Thursday morning after the wind had snapped lines. A number of long distance phone lines were down. The Amarillo Globe-Times reported at mid-morning that it was without power and its leased news wires out of operation. Later the news wires were restored.

**Heavy Snow Near Pampa**

At Borger, the wind reached a velocity of 65 miles an hour and blew out windows. Pampa reported heavy winds and snow flurries. The heaviest reported snowfall was at Gruver, where two and a half inches had fallen by mid-morning.

The new cold front, which moved into the state during the early morning hours, failed to drop temperatures sharply. Amarillo reported its temperature at just above the freezing mark.

Colder temperatures over the state were forecast for Thursday night. More light snow was expected in the Upper Panhandle and a light rain was forecast for North Texas. Scattered thunderstorms were forecast in East and South Central Texas.

The howling wind was reported diminishing in the wake of the front. During the morning, the wind at Amarillo dropped to approximately 20 miles an hour.

At mid-morning, the front lay on (Continued On Page 14)

**1-Day Strain Sends Texans To Hospital**

WASHINGTON — (P) — Five Kilgore, Texas, College Rangerettes and their director were in Garfield Memorial Hospital Thursday suffering from exhaustion as a result of participation in inaugural activities.

None was believed seriously ill.

The Rangerettes, who perform in cowgirl costumes and bare legged, were the only non-professional unit in an hours-long festival Monday night. On Tuesday, they marched near the end of the long inaugural parade and had to wait four hours before filing into the procession after dark to cover the two-mile route.

Taken by ambulance from their special Pullman cars to the hospital were Mildred Brady, 19; Mrs. Martha Ater, 19; Betty Kerch, 19; Mrs. Shirley Thrash, 18; Barbara Janosky, 19, and the director, Gussie Nell Davis, 43.

**June 3-7 Selected For Midland Rodeo**

The 19th Annual World Championship Midland Rodeo will be held Wednesday through Sunday, June 3-7, Marion Flynt, president of Midland Fair, Inc., announced Thursday. All night shows will be presented.

Flynt said the show dates have been approved by the Rodeo Cowboys Association.

Guaranteed purses for the cowboy events this year have been increased \$625 to a total of \$5,625, according to L. A. Bartha, secretary-treasurer of the fair association. Last year the purses, including entry fees, totaled \$10,445, and Bartha estimated they will exceed \$12,000 at the 1953 rodeo.

**Mrs. M. E. Ward, 27-Year Midland Resident, Dies**

Mrs. M. E. Ward, 71, died at 3 p.m. Wednesday at the residence, 710 South Weatherford Street. She moved here 27 years ago from Gaines County.

Funeral services will be held at 2:30 p.m. Friday in the Newline W. Ellis Chapel with the Rev. J. W. Rosenberg officiating. Interment will be in Fairview Cemetery.

Mrs. Ward was born Aug. 1, 1881, in Lamar County.

Survivors include the husband; three sons, C. R. Ward of Goldsmith, T. C. of Midland and R. E. Ward of Monahan; a daughter Mrs. G. D. Thompson of Hobbs, N. M.; three brothers, J. A. Asher of Plainview and Ed and L. T. Asher of Roswell, N. M.; two sisters, Mrs. Hattie Brewer of Bokchito, Okla., and Mrs. Harvey Smith of Springfield, Ore.; 14 grandchildren, and 10 great-grandchildren.

## Garden Council Slates School

The Midland Council of Garden Clubs will sponsor its Flower Show Judging School No. 3 January 29-30 in the educational building of the Church of Christ, North Tennessee and A Street.

Classes will be held each of those days from 9 a.m. until noon and from 1 to 4 p.m.

Thursday's speaker will be Mrs. John R. Salois, accredited chairman of the National Council of State Garden Clubs. She will lecture on "Horticulture and Flower Show Practice."

Mrs. W. C. Hamilton of Wichita Falls will speak Friday on "Analogous Colors and Design in Flower Arrangement."

General chairman of the school is Mrs. Charles F. Henderson. She has designated as her assistants Mrs. James T. Gist, advertising; Mrs. Frank N. Shriver, publicity; Mrs. Harry S. Murray, Sr., hospitality; Mrs. D. E. Smith, finance; Mrs. L. L. Worden, supply; Mrs. C. E. Bissell, clean-up, and Mrs. A. P. Shroyer, proctor.

The school is one of a series being sponsored by the council to raise standards of staging, exhibiting in and judging amateur flower shows. Such shows are held for a two-fold purpose: To raise standards of perfection in gardens throughout the nation and to develop the aesthetic sense of exhibitors and visitors alike by skillfully displaying well-planned gardens, beautiful flowers and fine flower arrangements.

Tickets for the school will be on sale at the door.

## More Women Needed To Aid Mothers' March

With only one week remaining to complete plans for Midland's Mothers' March on Polio, Mrs. Ray Howard, chairman, Thursday appealed for Midland mothers to volunteer for this important part of Midland's March of Dimes.

"While response has been very good from many sections of the city, we still are in need of leaders to help complete final plans," Mrs. Howard said.

She announced that several captains for the Mothers' March already have been appointed, including Mrs. J. E. Bain, Mrs. Paul Anderson, Mrs. Tilman Hill, Mrs. J. T. Smith, Mrs. Ewing Allen, Mrs. H. H. Redding, Mrs. James O. Simmons and Mrs. Murray Pasken.

"We still are in need of six captains," Mrs. Howard said. "Two on the south side and four to be in charge of trailer camps and outlying districts." There also is a great need for a number of lieutenants in the March, she added.

"In addition to the six captains and numerous lieutenants," Mrs. Howard said, "there will be a need for approximately 2,000 Block Mothers to actually collect the funds during the intensive one hour campaign next Thursday evening."

Mrs. Howard requests that women's organizations, including Parent-Teacher Association units, support the Mothers' March on Polio with volunteers to serve as leaders and Block Mothers.

## Registrations Due For Palette Club Art Course

The Midland Palette Club Art Center now is accepting registrations for the art course to be taught by Buckley Mac-Gurrian, internationally-known artist, which is to begin February 2.

Persons interested in the course are requested by club directors to register early to give ample time to organize the classes, which must be limited to convenient working groups.

The four-week course is to include 20 three-hour sessions and four half-hour lectures. There will be a \$10 registration fee, and students will furnish their own equipment.

For the convenience of persons wishing to register, the Palette Club, 604 North Colorado Street, will be open from 1 until 5 p.m. each Thursday and from 7:30 until 10 p.m. each Tuesday until the classes start.

Registrations also will be taken by Mrs. Robert N. Williams, telephone 4-7875, by the Simmons Paint and Paper Company and the Midtex Paint Company.

## Legislative Skit Given For P-TA

"Who Killed Bill?" a skit which first was presented at the State Parent-Teacher Association Convention, was repeated Tuesday at the meeting of the Crockett P-TA. The group met in the school.

Mrs. J. J. Black, president of the 16th district, explained the state P-TA platform in regard to legislation and how the unit members, as individual parents, would figure in it.

In addition to Mrs. Black, special guests were Mrs. Raymond Leggett, P-TA City Council president; Mrs. J. B. Elder, San Jacinto P-TA president; Mrs. Victor Horn, West Elementary P-TA president; Mrs. H. C. Rowland, Ruth Eyerly, Preschool P-TA president, and Mrs. Clarence Givens, member of the West Elementary unit.

Six representatives of the newly organized DeZavala P-TA also were honor guests. They were Louis Bohn, principal; Mrs. Guajardo, and Mrs. Hernandez, vice presidents; Mrs. Larez, secretary; Mrs. Velez, treasurer, and Mrs. Munoz.

## Crockett P-TA Plans Subscription Contest

The David Crockett Parent-Teacher Association has announced plans to conduct a subscription contest for the sale of the Texas P-TA magazine and the National P-TA publication.

The contest will extend through February 6. Prizes will be two pictures, one to be presented to the upper grades and one to the lower.

Mathys Abas

## Netherlands Musician To Conduct Orchestra

Mathys Abas, organizer and conductor of the Midland Symphony and Choral Association, will present his group in its first full concert Saturday in the San Jacinto Junior High School Auditorium.

The program has been set for 8:15 p.m.

Abas came to Midland early last Fall under the auspices of the Amer-

ican Symphony Orchestra League to investigate possibilities for the development of classical music here.

He was instrumental in launching the city's first symphony orchestra. Arriving in the United States in July, 1951, Abas studied at the Berkshire Music Center in Tanglewood, Mass., and at the University of Illinois.

He was born in Zeist, Holland, in 1924, and received his first musical training there from his parents at the age of five.

His first conducting experience came in high school when the orchestra leader suddenly became ill before a concert and Abas was asked to take over.

During World War II he served with the Netherlands Underground Forces and was imprisoned by the Germans in the Fall of 1943. He spent a year in German prisons and finally managed to escape from a Buchenwald transport. Following the war he became a repatriation officer with the Allies.

Abas studied at the Amsterdam Conservatory and took violin lessons from J. De Clerck and conducting from Dr. A. van der Horst. He also has broadcast with KRO Corporation.

He played a prominent part in forming the Netherlands Youth Orchestra which went on tour to Prague.

His professional debut as a conductor was made on Memorial Day, 1951, with the Haarlem Symphony Orchestra.

The Saturday concert will feature approximately 25 vocalists and 25 instrumentalists from Midland and 15 guest artists from the Lubbock and Abilene Symphonies.

Members of the houseparty were Mrs. Dan Peterson and Elizabeth Underwood. The table was covered with a white embroidered cloth and centered with an arrangement of pink and white stock and white candytuft. White candles flanked the centerpiece.

Approximately 75 guests called.

**TO HOLD DANCE**  
The Midland Officers Club will hold a dance from 9 p.m. until 1 a.m. Saturday, it has been announced. Music will be furnished by Bob Goebert and his orchestra.

Elected to serve on a nominating committee were Mrs. James Peck, Mrs. L. F. Uhrig and W. D. Ladd. Attendance prizes went to the rooms of Elizabeth McQuiston and Mrs. Gaines.

## Gamma Phi Betas Plan Projects

Project plans were discussed when the Gamma Phi Beta Alumnae met Wednesday in the home of Mrs. John Cornwall, 801 North A Street.

It was announced the next meeting will be at 8 p.m. on February 19 in the home of Mrs. L. E. Patterson, Jr., 1806 West Michigan Street.

Present Wednesday were Mrs. Roger Northrup, Mrs. H. W. Stoltenberg, Mrs. Fred Kotyza, Mrs. Patterson, Mrs. Robert N. Williams, Mrs. Sol Bunnell, Mrs. Cornwall and a guest, Mrs. C. D. Littrell.

**Lydia Circle Has Program Meeting**  
The Lydia Circle of the Calvary Baptist Women's Missionary Union met Tuesday night for a program on "A Challenge and a Heritage," given by Mrs. Judy Dennison.

During a business session, plans were made to furnish refreshments for the school-age Sunbeams of the church.

Mrs. H. A. Wells, W.M.U. president, was a visitor. Other circle members attending were Mrs. Christine Lane, Mrs. C. N. Tunnell, Mrs. Jerry Drinkard, Mrs. Lela DeLay, Mrs. J. B. Lowery and Mrs. Margaret Glendening.

## Chopin Club Has Costume Music Recital

A costume recital was the highlight of a meeting Tuesday night of the Chopin Music Club in the home of Linda Latham, 2003 Harvard Street. Co-hostess was Diane Kerth.

Members played folk tunes from a number of different countries, with each student dressed in the costume of the country whose folk tune he played.

Dharma Harms was narrator for the program, and also gave a musical number. Other students playing folk tunes were Linda Latham, Diane Kerth, Judy Givens, Sue Walker, Betty Lumpkin, Jerry Gerald, Barbara Porter, Julia Marberry and Carol Matteson.

Others present were Charley Hayes, Judy Cook, Sylvia Jones, Alison Gray, Tevis Herd and Mrs. Hans Rowek.

Hostesses for the February meeting are to be Alison Gray and Dharma Harms.

## Theta Alumnae Elect Officers

Mrs. W. C. Hubbard was elected president when the Kappa Theta Alumnae Club met Tuesday night in the home of Mrs. Bill Matthews, 2410 West Kansas Street.

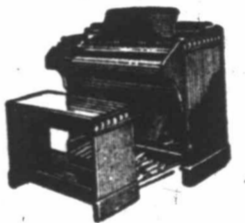

Other officers elected were Mrs. Bill Lloyd, vice president and rush chairman; Patsy Patterson, assistant to the rush chairman; Mrs. Ross Bruher, secretary; Mrs. Nibe Walker, scrapbook chairman, and Mrs. Roger Cummings, Panhellenic representative.

Plans were discussed to make a donation to charity, and it was announced that the February meeting will be a dessert bridge to be given by the outgoing and incoming presidents.

Attending were Mrs. Cummings, Mrs. Joe Dickerson, Mrs. Lloyd, Mrs. Ann Adams, Mrs. R. W. Patterson, Mrs. Robert Townsend, Mrs. H. C. Hood, Miss Patterson, Mrs. Hubbard, and the hostess.

A Wise First Step

General Eisenhower's plan to send his new secretary of State, John Foster Dulles, and Harold Stassen, the new Mutual Security administrator, to Europe soon is a wise first step.

It ought to offer stout reassurance to our friends in Europe that the Eisenhower team's determination to devote more time to the problems of Asia does not mean it intends to neglect Europe.

We need to understand fully the forces at work in Europe. As military entities the separate nations of that continent have been dead for a long time, and they know it.

The realistic Europeans appreciate, too, that their various countries cannot much longer go their separate ways economically and politically.

Forward-looking leaders have pushed and driven these nations to make remarkable strides toward an all-embracing continental unity. But in all lands there persists a reluctance to take those last crucial steps, like drawing Western Germany into a European defense community or setting up an effective European political assembly.

Naturally this feeling crystallizes in firm opposition, opposition that cannot steadily be ignored. When the enlightened leaders press too hard, or reach too far forward, they find themselves compelled to ease up or step back.

That is the meaning of German Chancellor Adenauer's sudden call for defense treaty revisions. He has not overnight become a foe of unified defense; he simply is trying to placate internal opposition.

That also is part of the meaning of Rene Mayer's coming to power in France. Mayer could form a government only by promising treaty changes which would win the backing of 81 followers of nationalist General de Gaulle.

Neither in Germany nor France are the present leaders turning against defense unity. They are accommodating themselves to nationalistic protest.

But there nevertheless is grave danger in this new course of events. France, especially, now is committed to seek revision of the European defense treaty. The risk is that in achieving change the interested powers may bog down interminably in the delays of new negotiation.

What Dulles and Stassen must do, with all the delicateness of a masterful diplomacy, is to try to spur Europe through this new difficulty as swiftly as possible.

The Shouts Heard 'Round The World

The Washington Merry-Go-Round

By Drew Pearson. (Copyright, 1953, By The Bell Syndicate, Inc.)

Drew Pearson says: Eisenhower will direct foreign policy himself; Taft leaders worry about Dewey in 1956; Western lobbyists plan drive to take over public lands.

WASHINGTON—Here is how the policies and plans of the Eisenhower Administration begin to look as it tackles one of the most momentous political change-overs in history.

Foreign Policy—It's becoming apparent that the new President is going to keep his hands closely on foreign policy, and that his new secretary of State, John Foster Dulles, will be kept busy abroad as a foreign-policy salesman.

Crime Busting—Attorney General Brownell, who's also made a good impression—except among the Taftites—has picked one of the top crime-busters of the nation, Warren Olney, to head his criminal division.

Secretary of Defense—What embarrasses Republicans re Charles E. Wilson's confirmation is the battle they themselves put up against Democrat Ed Pauley to be undersecretary of the Navy and Carl Helfritz as head of the Munitions Board.

Public Lands—After the Tidelands oil row is over, a move will start to transfer all other public lands to about a dozen Western states.

New Cabinet—The Cabinet member who has made the best impression so far is new Secretary of the Treasury George Humphrey. Unlike Charles E. Wilson, Humphrey has

considered for undersecretary of Agriculture. Again Butler objected. Now he even has objected to Peterson's going to distant India as ambassador.

That king (Farouk of Egypt) used the old constitution as an instrument of his whims and caprices, taking advantage of its loopholes with the help of those who administered the country's affairs.

So They Say

The public appetite for more and better housing has been sharpened rather than satisfied by the tremendous production of the past seven years.

That king (Farouk of Egypt) used the old constitution as an instrument of his whims and caprices, taking advantage of its loopholes with the help of those who administered the country's affairs.

This nation will meet the great challenge of world leadership in the years ahead only if it has the vision and courage to adopt constructive programs for the expansion of our economy while strengthening our security.

Senatorial Courtesy—It's not happy about the road-blocks put in front of Gov. Val Peterson of Nebraska by his fellow Republican, Senator Butler of Nebraska.

Senator Butler already has tipped his hand by permitting three wool, oil, and mining lobbyists inside his Interior Committee during the confidential hearings on Douglas McKay's confirmation as secretary of the Interior.

JACOBY ON BRIDGE

By OSWALD JACOBY. Written for NEA Service.

My friend, Sam Stayman, is coming all the way from New York to play with me this weekend in a tournament in Dallas. I prefer to believe that it is a sheer coincidence that he has some important business to transact in Dallas this weekend.

Most bridge players make some plays quickly and other plays slowly, depending on how long it takes them to think and plan the move.

In the hand shown today, Stayman found himself in a reasonable enough contract of six hearts. The contract depended at worst, on a

Bridge hand diagram showing North, West, East, and South (D) cards and their suits.

successful finesse for the king of diamonds. Many players would think of no other chance for the slam, but Sam never neglects a resource, no matter how unlikely it may seem.

After winning the first trick with the king of clubs, Stayman drew two rounds of trumps and then led the ten of spades from his hand. West had to decide in a split second whether or not to play his ace.

As it happened, West made the wrong decision, playing a low spade. This was the chance that Stayman had been hoping for. He put up dummy's king of spades, winning the trick. Now, with no losing trick in spades, declarer could afford to lose the diamond finesse and still make his slam contract.

WASHINGTON COLUMN

'Ike Should Do This' Is Refrain Hauntingly Voiced on All Sides

By PETER EDSON. NEA Washington Correspondent.

WASHINGTON—President Dwight D. Eisenhower is getting more unsolicited advice on how to run the country than any U. S. Chief Executive ever got before.

This indicates that lobbying in the new Administration may be particularly heavy. It has dropped off considerably in the last six months. The new congressional report on registered lobbyists' activities is thinner than usual, with fewer than 700 entries.

The reason is simple. Nobody can get anything out of a dead duck. But here is a fat new goose to be hung on the rack. Some people seem to think the picking is going to be good.

To President Eisenhower this presents a special handicap. He can't satisfy everybody. Anyone whose advice he doesn't follow on Korea, Stalin, taxes, foreign trade or foreign aid, farm or power policy, price controls, labor legislation or the gold standard is going to feel let down.

Everybody expects so much. That adds to the trouble. "For the first time in two decades," says the First National Bank of Boston News Letter, "American business will enjoy a favorable political climate under the incoming Administration in Washington."

Donald F. Carpenter of the Du Pont company adds a warning to this which may or may not be heeded. "It is now time for us to show our statesmanship," he says, speaking of the new opportunity for American business executives.

We must not change from the hunted animal to the devouring beast. Rather, we must emerge from behind the tree confident that we will not be fired on by the first government agency that spots us. We must quietly, sincerely and energetically carry on our duties like the true domesticated animals—the best of burden if you like, but the servant of our country."

Leaders Don't Agree. The important point here is that there are divergent views among business leaders on what ought to be done. Take the favorite old Republican issue of the tariff.

The Detroit Board of Commerce has come out for the complete removal of all tariffs and the adoption of a free-trade policy. Head of this group is John S. Coleman, president of Burroughs Adding Machine.

On the other hand, the American Tariff League resolutions declare that "the tariff is universally admitted to be the fairest, most equitable and most liberal method of trade regulation. . . . The President should formally advise foreign nations that . . . all U. S. tariff concessions negotiated in trade agreements with other countries are subject to withdrawal or modification."

Three of the most powerful organizations in the U. S.—the American Bar Association of Manufacturers—now are ready to give their support to a proposed constitutional amendment limiting tax rates to a maximum of 25 per cent of income.

Edward A. Rumley's Committee for Constitutional Government, which has been pushing this idea for 14 years, says success is within reach this year. Adoption of this

three glassed-in cubicles that looked like private offices. They were each about six feet square and held the usual desk and chair. The main room had four typist's desks in a line near the door.

Rudi laughed lightly. He touched his frail mustache with his little finger. "My cousin has stern requirements, sir," he said to me. "It will not be advisable to delay luncheon, I assure you."

Lunch was a quiet business. At the foot of the table sat a slim young woman with a pale thin face and a high burnished mound of dark hair massed on her head. She looked up brightly with light gray eyes and smiled at me. She didn't seem to have much family resemblance to Rudi, except possibly in the thin light bone structure, but they both had the same careful masked faces, the quiet watchful eyes.

Rudi was the light conversation man and he carried the load. He had a flock of stories about a cross-country fight he had made to California with his flying instructor early in March while the weather was still erratic. They had used a light plane and to hear him tell it, Rudi had more troubles than the Marines on Guadalcanal. Most of the troubles took a funny twist as Rudi told his stories between mouthfuls. Occasionally Lida laughed politely and once Jack snorted happily.

Jonas turned abruptly away from the table and motioned to the butler behind him. He told him to bring coffee to the gatehouse. The gatehouse stood at the end of a driveway that ran to the front of the house, up the steep hillside. The drive had long been abandoned in favor of the back road, and the thick lawn-grass had grown densely among the gravel, making it difficult to be sure just where the roadway had been. Jonas cut straight across the lawn and we trailed him.

Originally, the ground floor of the gatehouse had been three or four small rooms but now it was one large room that had been furnished as an office. At the side opposite the door was a row of

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, JANUARY 22, 1953-5

## Midlander's Parents To Observe Fiftieth Wedding Anniversary

Mr. and Mrs. D. B. Horn of Christoval, parents of Victor Horn of Midland, will observe their fiftieth wedding anniversary January 23.

An open house in observance of the occasion will be held from 2 to 5 p.m. Sunday in the home of the pioneer West Texas couple. Mr. and Mrs. Victor Horn and other children and grandchildren of the honorees will attend the celebration.

Mr. and Mrs. D. B. Horn's parents came to West Texas before the turn of the century, settling in South Taylor County. They were the "small home owner" type farmers. D. B. was born in Henderson County and came with his parents to West Texas. His parents bought a place near the present site of Bradshaw. They had only one neighbor in what is now the Bradshaw community, but west of them about four miles there were four or five other families. One of them was the J. G. Mayhew family, which had migrated from Coryell County in '89 or '90.

**School Sweethearts**  
The Horns and the Mayhews took the lead in establishing a school district in South Taylor County, erecting a building without benefit of taxes, bonds or state aid. It was there that D. B. Horn and Mattie Mayhew attended school and became sweethearts. They were married Jan. 28, 1903.

The couple has five surviving children: Victor of Midland, Burton Horn of San Angelo, Mrs. Floy Ranson of Lamesa, Clifford Horn of McAllen, and Mrs. Beth Neighbors of Pampa, Calif. There are 13 grandchildren, and one great-grandchild.

The D. B. Horns have resided within a 50-mile radius of San Angelo most of their married life, with the exception of nine years spent in Dawson County.

**ENGAGEMENT ANNOUNCED**—Mr. and Mrs. Sid Ervin of Crane have announced the engagement and approaching marriage of their daughter, Dorothy, above, to Billy Dan Lively, son of Mr. and Mrs. Dan Lively, also of Crane. The wedding is to be held in February.

## Mrs. Peck Program Leader For Pyracantha Garden Club

Mrs. James E. Peck was in charge of the program when the Pyracantha Garden Club met Tuesday in the Officers Club.

The program featured the second committee reports on the club's study projects on perennial vines, flowering shrubs, roses and day lilies.

Mrs. George Putnam reported that a silver glow juniper tree had been planted near the entrance to the Officers Club building as the Pyracantha Garden Club's commemoration of Arbor Day.

**Project Explained**  
Beautification of the grounds of the Officers Club has been a project of the garden group for the last several years. Many shrubs, bulbs, pyracantha bushes, a Chinese elm windbreak hedge and perennial flowers, as well as a tree each year, have been planted.

Membership rules and regulations were explained at the Tuesday meeting by Mrs. Frank Shriver, and the flower show judging school to be held January 29-30 was discussed by Mrs. Ed Shakely. Mrs. Coe Mills gave a financial report from the Midland Woman's Club, Inc.

Mrs. E. V. Mitchell presided for the meeting and hostesses were Mrs. Mills and Mrs. H. G. Counts. The exhibit arrangement of fruits,

vegetables and agarita in a metal container was by Mrs. Counts.

**Guests Listed**

Members present were Mrs. S. M. Sisley, Mrs. E. A. Wahlstrom, Mrs. Earl Johnson, Mrs. J. M. Orman, Mrs. J. N. Castner, Mrs. Shakely, Mrs. J. H. Free, Mrs. Frank Downey, Mrs. J. J. Travis, Mrs. Putnam, Mrs. Willard Bumpass, Mrs. I. W. Hynd, Mrs. Peck, Mrs. Shriver, Mrs. Mitchell.

Mrs. Douglas Edman, Mrs. Counts, Mrs. Mills, Mrs. E. W. Cowden, Mrs. Harry Murray, Mrs. H. S. McFadden, Mrs. T. P. Drew, Mrs. C. D. Templeton, Mrs. E. C. Ruhmann, Mrs. A. B. Jenks, Mrs. W. H. Oswald, Mrs. J. M. Barnes, Mrs. L. A. Kuykendall, Mrs. Clyde Sharrer, Mrs. Frank W. Reeves, Mrs. John Stillely and Mrs. Max David.

## HD Club Holds Program Meet

Mrs. L. H. Moncrief and Mrs. H. A. Palmer, Sr., gave the program on sewing centers for the meeting of the West Side Home Demonstration Club Tuesday in the home of Mrs. H. B. Spears, 1306 South Colorado Street.

They also reported on a sewing school held in Stanton by the Simplicity Pattern Company. Preceding the program, members held an apron grab-bag exchange and an apron parade.

Mrs. O. B. Jackson was in charge of the recreation hour, when a pink and blue shower was held for Mrs. W. T. Ross and Mrs. J. W. Dunn.

Guests for the meeting were Mrs. O. P. Golding, Mrs. Kay Hansen, Mrs. Virgil Holman and Mrs. N. Krause. Members attending were Mrs. J. E. Roberts, Mrs. Guy Creighton, Mrs. Palmer, Mrs. B. W. Hughes, Mrs. S. C. Daugherty, Mrs. Moncrief, Mrs. P. L. Crawley, Mrs. Jackson.

Mrs. R. E. Shelton, Mrs. C. G. Murray, Mrs. J. C. Hudman, Mrs. Joe Hewett, Mrs. Spears, Mrs. Joe Davis, Mrs. Dunn, Mrs. Ross and Mrs. O. R. Phillips.

## Four Scout Troops Work On Activities

Highlighting four Girl Scout troop meetings Monday and Tuesday were a field trip, story-telling, a folk dance and a planning session for future activities.

Anita Hancock became a new member of Intermediate Troop 22 Monday when the group met in the Little House. Mrs. L. Ingram and Mrs. J. W. Dorman are the leaders. Folk dancing was the feature of the program. Eddie Carol Davis was a guest.

Brownie Troop 48 planned a field trip to the airport at its Tuesday meeting. Mrs. Frank B. Paup read an animal story and the Brownie story to her Brownie troop Tuesday. Members of the group dramatized the stories. Refreshments were served by Brenda Walker.

Girl Scout Troop 57, with its leader, Mrs. Clarence Laidley, toured the Blue Star Inn in connection with work on the Nutrition Badge. After being shown through the kitchen, the group ate dinner in the dining room. Ronnie Laidley was a guest.

**BUSINESS HERE**  
Dr. and Mrs. E. C. Inman of Phoenix, Ariz., were in the city Tuesday on business.

**FROM LUBBOCK**  
R. A. Garner and Troy Boatwright were in Midland from Lubbock.

'Contrary Old Man' Gives Answer To \$64 Question

SAN FRANCISCO—(P)—Who ordered Maj. John Eisenhower home from Korea to see his father inaugurated as President? The Eisenhower said they didn't know. Thursday, the Chronicle's Washington correspondent reported: Dwight D. Eisenhower learned the answer just before Tuesday's inauguration by asking President Truman: "Sir, may I ask you a question: Who ordered my boy home from Korea? He's been giving me hell about it."

Increased Storage Stocks Reduce Retail Beef Prices

By The Associated Press Retail beef prices, particularly of chuck and rib roasts, were trimmed in many food stores this week. Lamb and veal were irregularly higher and pork was generally unchanged except where loin roasts were reduced as shopping specials. Chicken prices steadied following declines in the last couple of weeks. Eggs showed little change. And a handful of fresh vegetables moved higher as adverse weather slowed shipments from some growing areas.

CHARLESTON, W. VA. —(P)— West Virginia citizens are taking to "dog tag" identification pieces in a big way, says Edgar M. Sites, deputy state director of civil defense. Colonel Sites said more than 10,000 applications for the 25-cent tags have been received since the program was started a month ago.

Harry Truman, ex-President of the United States, is a restless man who has been working 17 hours a day at the White House in Washington, and he's already worrying how long he can "take it easy."

"It's not hard work that gets a man into trouble," he told reporters. "It's the lack of it. When a fellow has nothing to do he gets into devilment."

Offers of high-paying jobs continued to pour in from all parts of the country but he withheld any acceptance until he can find something to his liking and suitable to his talents.

He already has rented a private office in the Federal Reserve Bank Building in nearby Kansas City and put Rose Conway, his personal stenographer, to work on his mail. Greeted By Throng

The ex-President and Mrs. Truman, happy to be home again, stepped from the presidential private car Wednesday night to find a crowd estimated at 10,000 gathered around the little depot to give them an emotional greeting.

Truman choked up as he gazed at the assembled thousands, some of whom had been waiting for hours. "I appreciate this reception," he told them. "It's magnificent. There's not any more I can say except that we are back home for good."

Bodies Of Moose, Miner Tell Tragic Story Of Struggle

FAIRBANKS, ALASKA —(P)— The body of a 70-year-old miner, a dead cow moose and an empty, broken rifle were found on a lonely trail 15 miles north of here Wednesday, mute evidence of a bitter woodland battle. U. S. marshal's deputies theorized that Lawrence Magnusia was attacked by the moose after shooting it to down the moose, then broke the weapon hitting the animal. Magnusia then died himself, the victim of wounds suffered in the struggle or by a heart seizure from exertion.

Magnusia's half-wild Malamute dogs were crouched in the snow near the dead moose, upon which they had been feeding.

Midland Boy Stands Alone In Meeting Odessa Boast

Randolph Hurt, Jr., nine-year-old David Crockett student, who Wednesday accepted a challenge made Monday by the Ester County March of Dimes organization, was planning Thursday to uphold the good name of Midland's 24,000 residents, as he other Point Pledges were reported to the Midland County March of Dimes Headquarters.

Ray Gwyn, Midland County March of Dimes chairman, expressed disappointment that Midland businessmen and individuals had not joined in the friendly rivalry with Odessa in building up the Point Pledges. Indications are that Odessa has built up an impressive figure for Midland to try and top.

"I am pleased that at least one Midlander has responded and I wish to publicly express my appreciation for his noble offer to the March of Dimes," Gwyn said. "I think it is fitting that a child should make the first pledge, since polo so frequently strikes our youth."

Gwyn again urged Midlanders to back up the Midland Bulldogs and the March of Dimes by calling 4-8339 and pledging dimes, dollars or even pennies to the March of Dimes for each point scored by the Bulldogs against the Odessa team in the basketball game between the two teams Friday night.

Italian Ship Defies British Ban On Iranian Oil Exports

ROME —(P)—The snub-nosed old Italian tanker Mirella headed home through the Persian Gulf Thursday with a 5,000 tons of Iranian oil in a new try at running the British blockade on petroleum sales by Iran. Successful completion of the voyage may bring a head-on collision in Italian courts with Britain's Anglo-Iranian Oil Company in a billion-dollar test case of the company's claim to Iran's petroleum riches.

PANAMA, TOO, HAS INFLATION

PANAMA, PANAMA —(P)—President Jose Antonio Remon reminded Americans living here Wednesday night that his country would like more rent for the Panama Canal Zone than the present \$250,000 yearly. The President, addressing the American Society at a banquet in his honor, said Panama hopes for more "equitable compensations" in return for the "sacrifices and obligations" imposed on her by the canal.

New Swedish Drug Is Flown To Combat Hiccoughs In Brazil

RIO DE JANEIRO, BRAZIL —(P)— A new drug is being flown from Sweden in response to press reports that a hiccough epidemic in Recife has killed 35 infants in two weeks, but state health authorities deny the outbreak. The mysterious malady, said to affect only infants under one year old, was reported this week by the Rio de Janeiro newspaper O Globo. However, Pernambuco State Health Secretary Arthur Coutinho said only eight infants—a normal number—had died in the last two weeks in the Recife suburb where the disease was reported. Recife is on the coast 1,100 miles north-east of Rio de Janeiro.

In Sweden, Yves Gyden, managing director of the Astra Chemical Company, read reports of the outbreak and offered the Brazilian envoy in Stockholm a supply of a drug developed recently by two Swedish doctors. The offer was accepted, and 2,000 doses were loaded on a plane for Brazil Wednesday.

3,000 Residents Still Homeless In Flooded Areas

SAN FRANCISCO —(P)— Possibly 3,000 residents of Northern California and Oregon still are homeless as a result of last weekend's storm, the Red Cross said Thursday. A spokesman said that of 965 families affected by the floods, 472 still are homeless. Four hundred eleven families were being fed at Red Cross centers and 225 families were being cared for in Red Cross shelters. The spokesman said the floods destroyed 109 houses and damaged 378 others. Clearing weather Wednesday gave the storm-drenched residents of 11 counties in Oregon and two in California an opportunity to restore some order to their communities. Food supplies were reported adequate and repair crews hoped to have main highway slides cleared and washouts repaired by the weekend.

Red China Charges Superfort Violated Manchurian Borders

TOKYO —(P)—Red China's No. 2 boss charged Thursday that a U. S. B-29 Superfort violated Manchurian skies January 12 and was shot down by Communist night fighters. U. S. Far East Air Force confirmed the loss of the bomber but asserted it was 12 to 15 miles inside North Korea—well below the Yalu River boundary of Manchuria—when crippled.

"The B-29 transmitted a 'Mayday' distress signal and it is assumed it was shot down at that point," said an official FEAF announcement. The Reds alleged the B-29 was shot down nine miles northwest of Antung, big Communist airbase across the Yalu from Northwestern Korea.

Peiping radio broadcast the charge and an angry protest by Red China's Premier and Foreign Minister Chou En-lai. It quoted him as saying 11 crewmen, including a colonel and a major, were captured and that three other crewmen "died after parachuting."

Chinese People 'Furious' "The Chinese people are furious over this violation of our skies," Chou was quoted. "The American government... has planned dangerous preparations to enlarge the war in the last two months."

The Central People's Government of the Chinese People's Republic recognizes that the plans being adopted by the American government are not only affecting the Far East but are threatening to the peace of the world."

Chou charged that U. S. planes "violated our Northeastern skies" three other times in the last two months "on November 28, December 8 and December 12." It is an old propaganda charge. Allied pilots are under strict orders not to cross the Yalu River—not even if engaged in furious air combat.

The Air Force said the B-29 in question "was on a regularly scheduled mission dropping psychological warfare news leaflets over North Korean cities" on the night of January 12.

The aircraft was plotted and followed throughout its flight by "friendly radar stations," said the announcement. "When over a town approximately 12 to 15 miles south of the Yalu River, the B-29 'plot' merged on the radar screens with the plots of 12 hostile fighter aircraft."

Three Crewmen Named The announcement did not rule out the possibility the Superfort might have glided into Manchuria after it was hit.

The Air Force confirmed the names of three of the crewmen whom the Communists said were captured after the four-engine bomber was shot down. They are Col. John Knox Arnold Jr. (home town not available immediately), Maj. William H. Baumer of Lewisburg, Pa., and Capt. Eugene John Vandi of Clayton, N. Y.

Chou's statement identified Arnold as commander of the 51st Air Resupply Communications Wing of the U. S. 13th Air Force; and Baumer as operations officer of the 81st Squadron, Yokota, Japan.

In Washington, the Defense Department said it was presumed the Communist broadcasts referred to one of two B-29's acknowledged lost in North Korea last week in air combat. Those were the first Superfort losses announced since last September 20.

### Unofficial Sources Say Phillips Back In Val Verde Wildcat

Unofficial sources report that Phillips Petroleum Company No. 1 B. E. Wilson, Northeast Val Verde County wildcat recently re-entered to test the Ellenburger, was running tubing to test after plugging back from 16,456 feet, total depth in the Wilberna sand, to approximately 15,480 feet. The Ellenburger was topped at 14,895 feet. It is located 1,980 feet from north and east lines of section 82, block E, G&C SF survey. This exploration was abandoned in August, 1952, after having logged some shows in several sections. It was abandoned on account of inability to secure casing to allow testing to the zones.

### Field In C-S Terry Gets New Oil Well

Stanolind Oil & Gas Company has completed its No. 1 Myrtle M. Edwards as a new producer in the Wellman field of Central-South Terry County. The well flowed 24 hours through a 20/64-inch choke to make an initial production of 315 barrels of 45-gravity oil and no water. Gas-oil ratio was 563-1. Top of pay is 9,865 feet and total depth is 9,999 feet. Five and one-half-inch oil string is set at 9,997 feet. Production is coming from perforations between 9,865 and 9,864 feet and 9,890 and 9,900 feet. The perforations had been acidized with 1,000 gallons.

## Rockview Convicts Offer Guard Swap, Continue Rebellion

REBELLOPTE, PA. —(AP)—Rebel convicts at Rockview State Penitentiary, holding six guards as hostages, offered Thursday to exchange one hostage for another guard, but there was no sign of an end to the four-day mutiny of 325 prisoners. An ominous calm hung over the prison with the convicts sitting tight in their barricaded cellblock. One of the rebel convicts called the prison office over the telephone communications system and offered to exchange any of the guards they held as hostages for another man. Gordon C. Lewis, prison cashier who took the call, referred it to state officials. They took no immediate action. As the fourth day of the outbreak dawned, the troopers and prison guards, armed with sub-machine guns, tear gas, small arms and riot sticks, were ready to move if state officials decided an all-out assault is the only solution to the stalemate. State Attorney General Robert E. Woodside, acting on direct orders from Gov. John S. Fine, has been in charge of the efforts to dialogue the convicts in Cell Block A, center of the original outbreak Monday night. He has refused to confirm or deny reports that a showdown might develop Thursday by sending the

### Reports Say Delhi To Plug Back And Test In N-C Gains

Delhi Oil Corporation of Dallas No. 1 Oil Development Company of Texas, wildcat in North-Central Gaines County, is reported by unofficial sources to be bottomed at 14,020 feet, reportedly in Ellenburger. Drilled "tight," it is understood the venture will be plugged back for tests of several sections up the hole. Location is six miles southeast of Seagraves and 660 feet from north and west lines of section 27, block G, G&M survey.

### Tom Green Wildcat Plugged, Abandoned

Bridwell, Perkins-Prothro No. 1 John Abe March, wildcat in North-Central Tom Green County, was plugged on total depth of 6,750 feet in the Ellenburger, topped at 6,332 feet, elevation not reported. Location was 867 feet from south lines of the northeast 193 acres and 690 feet from east lines of section 184, Washington County survey and four and one-half miles east of Carlsbad.

### Services Are Held For Infant Victim Of Puzzling Death

PALESTINE —(AP)—Funeral services were held Thursday for little Linda Sue Toomey, who died under mysterious circumstances. The two and one-half-year-old girl died in Palestine hospital Tuesday. Results of autopsy were not known immediately. Linda Sue came to the Daniel Orphans Home from Hodge, La., last Wednesday. Two five-year-old girls at the home decided Tuesday to give their new playmate a bath. The tiny girl was burned on the feet, hands and legs by water that was too hot, but doctors said the burns weren't serious.

### TV Seen As Answer To Segregation Ban

MONTGOMERY, ALA. —(AP)—An Alabama legislator proposed Thursday establishment of a state-owned television system to carry public school work directly into homes if the courts ban segregation schools. Rep. Sam N. Engelhardt, Jr., Mason county, where the famed negro college, Tuskegee Institute, is located, outlined the proposal. Negroes outnumber whites about four to one in his county. "There would be no problem of segregation if instruction were beamed directly into homes," he said, "and it might help to put some of the burden of education on the parents where it belongs."

### GOLD'S WHERE YOU FIND IT

SYDNEY, AUSTRALIA —(AP)—The public trustee's office Thursday ordered exhumation of Scotsman Donald McDonald's body to determine if a small fortune is cached in his wooden leg. Relatives in Scotland believe the 56-year-old seaman hid his life's savings there and they requested that the body be exhumed. But undertaker Bruce Maurer, who supervised the burial in April, 1951, said he didn't know whether the leg was interred with McDonald—chances are it never was taken away from the city morgue.

## Patience As World Power Urged In Dr. Lee's Talk

Dr. Umphrey Lee had a few words of advice Wednesday night for members of the Midland Kiwanis Club. And they well could have been said before any group of American citizens. The 59-year-old president of Southern Methodist University at Dallas appeared as the principal speaker at the annual banquet of

the Midland club. "But," he told the Kiwanians early, "I'm not going to spend your time telling you what a wonderful place Midland is. "I'm so astonished by what I've seen here, I couldn't put it into words anyway." Then speaking with easy informality—sometimes serious and sometimes humorous—he began telling the Kiwanians something about the country in which they live. "There are two or three things," said Dr. Lee, "I think you should know about our country. Realization Strange "First, you live in a country with the second oldest government in the world. That may sound strange but it is true. We have been taught too long that we are a young country and that our government is a young government."

Dr. Lee said it's not "because we are smarter but we are luckier. "We have profited from the fact that we are a frontier country. That, I think, has kept us democratic." In the early days, he added, "we didn't get much chance to think about who we were or who our parents were." And third, said Dr. Lee, "you are living in the most nearly classless society in the world." "Knowing all this," he concluded, "as we go into this new situation, where we are the big boy, the world power, we must learn the patience that comes from experience. "We may have to take on the world and whip them, but let's don't start out and do it just to show them we can."

New Officers Installed Dr. Lee spoke after a new slate of officers, headed by Frank Beagan as president, was installed by White of Lamesa, district lieutenant-governor of Kiwanis International. Other new officers include E. F. Swenson, first vice president; Tom Campbell, second vice president; Wesley Martin, secretary-treasurer; and Bob Sutton, Norris Greath, O. B. Horton, R. B. Gillies, Kelly Bell, C. L. Chase and Williams S. Montgomery, director. The Rev. R. Matthew Lynn, pastor of the First Presbyterian Church, was toastmaster at the banquet, held at the Midland Country Club.

## Odessa Bid Low On Water Main

An Odessa construction company was the apparent low bidder Wednesday afternoon on the first of a series of water and sewer projects designed to bring such services to every section of Midland by the end of this year.

The Moore Construction Company submitted a bid of \$41,413.90 for the job of laying a 12-inch water main across the south border of the city. This company barely slipped under the bid of another Odessa firm—Clyde Yarbrough, Inc.—which submitted a bid of \$41,525.26 for the project. Five other bids ranged as high as \$55,469.

Public Works Director J. M. Orman said the low bid was well under the estimated cost of around \$50,000. Bids will be taken periodically within the next several weeks on extensions to existing water and sewer lines.

The city announced plans last week for a series of projects, on which more than \$750,000 will be spent, to expand water and sewer services throughout the city.

## Remington Says He Sought To Be Informer For G-Men

NEW YORK —(AP)—William W. Remington says he offered to become an informer for the FBI when first approached about his alleged Communist connections. Remington, testifying Wednesday at his perjury trial, denied intentionally violating security regulations when he turned over secret government papers to Elizabeth Bentley, a self-admitted Soviet courier.

Later, when authorities approached him, Remington said he wanted to cooperate with the G-men and added: "I knew by this time I had been involved in something I would have given anything to have undone."

Under cross-examination the former government economist, now 35, said he passed over to Miss Bentley wartime papers containing information on plane production and a secret formula for making synthetic rubber out of garbage. But, said Remington, he thought Miss Bentley was a free-lance writer who was compiling a book and he thought he might become a "big shot" by appearing in the book. The defendant testified that Monday he gave Miss Bentley was a "charity" contribution and not Communist party dues. Remington was convicted of perjury in 1951 for lying to a grand jury about whether he ever was a member of the Communist party. His present trial stems from alleged perjury in the initial trial. The current five-count indictment includes the accusation that he lied in denying he ever turned over government wartime secrets to Russia. Remington's conviction in the first trial was set aside by a higher court, which based its reversal on a defective charge by the judge to the jury.

## WOTTA SHOCK IT GAVE HIM!

JERUSALEM —(AP)—Life returned Wednesday to a man who had been pronounced officially dead 10 hours and was being prepared for interment. Khalil Krishan, 40, was handed to his family for interment by Amman Hospital authorities. While the body was being washed with hot water in accordance with Moslem religious traditions, one of the family poured cold water on the body by mistake. Immediately Krishan opened his eyes, looked around and said, "Who is washing me with cold water?"

## Ochoa Vows Return To Laredo As Soon As Release Granted

MEIXCO CITY —(AP)—George Ochoa, former customs broker, says he will go to Laredo, Texas, just as soon as he is freed from prison. Ochoa, charged in Texas with murder in the slaying of two men, fought extradition for two years. His younger daughter, Margarita, 14, accidentally was shot and killed last week. Ochoa said Wednesday he was anxious to leave prison but that the best day of all would be when "I can kiss the earth of Laredo which covers my darling daughter." Mexico refused to extradite the one-time border country playboy but he is being held while the Justice Department studies the possibility of trying him in Mexico for the two slayings in Laredo.

## Spunk, While It Lasts, Thwarts Try At Robbing Bank

PASADENA, CALIF. —(AP)—While she lasted, Eleanor Ramish, 23, showed a lot of spunk toward a man who tried to hold her up in the bank where she is employed as a teller. "He was rugged and about six feet, four inches tall," she told police. He handed her a note demanding all the cash and displayed a pistol. "That gun doesn't look real to me," she said. "It's real enough," the man replied. "I still don't believe it's real," replied Miss Ramish. And at this juncture, "The floor gave way and I went down behind the counter," to use the teller's own words. The bump roused here and she called the chief teller, but the thwarted holdup man escaped.

## HORSE SENSE MISSING HERE

DENVER —(AP)—Two men were arrested Wednesday night as they stepped from a taxicab with a \$200 roping saddle and bridle. Detective Sgt. Art Roush thought they didn't look 100 per cent wide open spaces and did some questioning. "Oh," one explained, "some guy just put it (the saddle) on my back and said walk down the street." "Yeah," snorted Roush, "you look like the old gray mare," and headed the pair for the pokey.

## Dulles Tells Foreign Agents Their Loyalty Must Remain Positive

WASHINGTON —(AP)—Secretary of State Dulles told foreign secret agents Thursday they will tolerate nothing less than "positive loyalty" to the nation's policies in this, its time of greatest peril. As his first official act after being sworn in with other Eisenhower Cabinet members Wednesday, Dulles addressed a letter to some 16,500 Americans employed by the State Department. He advised them to expect changes under the Republican Administration and said: "The national welfare must be given priority over individual concerns." Dulles added: "President Eisenhower recently stated, 'This nation stands in greater peril than at any time in our history.' "The peril is of a kind which places a special responsibility on each and every member of the Department of State and the foreign service. It requires of us competence, discipline and positive loyalty to the policies that our President and the Congress may prescribe. "Less than that is not tolerable at this time."

## Speaker Of House Calls Digest Story Completely Untrue

AUSTIN —(AP)—The speaker of the House, taking note of a February Reader's Digest article on a "boss" of the Texas Legislature, called that body "the most independent I know." The article named an Austin attorney, Edward Clark, as the boss. Speaker Reuben Senterfitt told a reporter Wednesday the author had visited him several months ago and outlined his theory. "I think your presumption is all wrong," Senterfitt said he had told Lester Velle, the author, adding he considered the Texas Legislature "the most independent body of people I know." Clark called the article a smear and completely untrue and said he was giving close study to what "legal rights and remedies" he might have.

## Post Office Intake Gains At Andrews

ANDREWS —(AP)—Postal receipts in Andrews post office showed an increase of \$5,534.27 for 1952 over the previous year, Mrs. Maggie Burnett, postmistress, reported Thursday. The 1952 total showed \$27,696.88 as compared with \$22,161.31 at the close of 1951.

## KISSIN' KIN OF MIDLAND BIRDS?—

## No Love Lost On Starlings In Berry Trees Of Lovington

LOVINGTON, N. M. —(AP)—Jesse Benson figures he'll just have to get a grip on his patience and wait until the horde of starlings leaves. The normally mild-mannered courthouse custodian has just had his annual go-round with the Lea County Commission about the pests. He'll have to bear with the raucous screams of the small, speckled birds until they decide they like some other place better. The session with the commission started quietly enough. West Texas Friends "Jesse," asked Commissioner Carl Denson, "what have you done about those starlings?" Jesse rose from his chair, staring at the commission with a glare usually reserved for those who walk on public laws. "I've thought about them. I've dreamed about them. And I've called to the Lord about them," Jesse declared. "Every morning at daylight they leave those trees and I take hope. Then, every evening they return and bring back a lot of friends from West Texas. Laughing Fit To Kill "I have come to think that starlings were just created to cooperate with county commissioners in driving custodians crazy. "We tried shooting them with a shotgun, but you shoot 'em and up in the air go 999,981 live ones, laughing fit to kill. Long after the last shotgun shell in Lea County is fired, we still will have plenty of starlings in those mulberry trees. "Last year we tried Roman candles. They got used to them, and

## Speaker Of House Calls Digest Story Completely Untrue

AUSTIN —(AP)—The speaker of the House, taking note of a February Reader's Digest article on a "boss" of the Texas Legislature, called that body "the most independent I know." The article named an Austin attorney, Edward Clark, as the boss. Speaker Reuben Senterfitt told a reporter Wednesday the author had visited him several months ago and outlined his theory. "I think your presumption is all wrong," Senterfitt said he had told Lester Velle, the author, adding he considered the Texas Legislature "the most independent body of people I know." Clark called the article a smear and completely untrue and said he was giving close study to what "legal rights and remedies" he might have.

## Post Office Intake Gains At Andrews

ANDREWS —(AP)—Postal receipts in Andrews post office showed an increase of \$5,534.27 for 1952 over the previous year, Mrs. Maggie Burnett, postmistress, reported Thursday. The 1952 total showed \$27,696.88 as compared with \$22,161.31 at the close of 1951.

## KISSIN' KIN OF MIDLAND BIRDS?—

## No Love Lost On Starlings In Berry Trees Of Lovington

LOVINGTON, N. M. —(AP)—Jesse Benson figures he'll just have to get a grip on his patience and wait until the horde of starlings leaves. The normally mild-mannered courthouse custodian has just had his annual go-round with the Lea County Commission about the pests. He'll have to bear with the raucous screams of the small, speckled birds until they decide they like some other place better. The session with the commission started quietly enough. West Texas Friends "Jesse," asked Commissioner Carl Denson, "what have you done about those starlings?" Jesse rose from his chair, staring at the commission with a glare usually reserved for those who walk on public laws. "I've thought about them. I've dreamed about them. And I've called to the Lord about them," Jesse declared. "Every morning at daylight they leave those trees and I take hope. Then, every evening they return and bring back a lot of friends from West Texas. Laughing Fit To Kill "I have come to think that starlings were just created to cooperate with county commissioners in driving custodians crazy. "We tried shooting them with a shotgun, but you shoot 'em and up in the air go 999,981 live ones, laughing fit to kill. Long after the last shotgun shell in Lea County is fired, we still will have plenty of starlings in those mulberry trees. "Last year we tried Roman candles. They got used to them, and

# SPORTS PARLEY

By CHARLEY ESKEW

The Frank Phillips Men's Club, composed of Phillips 66 employees, were let down sadly late Wednesday because they had no takers to their challenge of backing the March of Dimes.

The club earlier announced it would back each point compiled in the Bartlesville-Midland 66er cage game Thursday with a dollar donation to the polo fund.

They still stand alone in the worthy cause as the zero hour before game time approaches. So, in order to make the most of the last seconds and bring the drive into a central agent, the clubmen appointed this columnist to take the last minute pledges. We accept.

Now, this fun way of fund raising is not novel. It calls for a person, firm or group merely to pick out the team he wants to back with his money, make a pledge to donate the amount per point to the drive and await the outcome. No one bets, it isn't a gamble, it's a graciousness to favor those victims of poliomyelitis.

At San Angelo last week, businessmen and fans went so heartily in favor of the plan that each Bobcat point scored against Midland was worth more than \$15, and the next night, against Odessa, the points for San Angelo were worth \$26.

That happened—with a benefit of about \$1,800—when San Angelo got behind its home club.

The Phillips group here, however, is backing both teams. And it seeks anyone else to follow one team, for any size pledge.

Some Odessa individuals reportedly are going for the plan at 50 cents a point, some at 25 cents.

But Midland? So far, nobody at any amount.

You can get in the drive by contacting the sports desk (Phone 3-3344) of The Reporter-Telegram before 6:30 p.m. Thursday or the game press table thereafter. We'll make sure your pledge gets either to the Midland County or to the Ector County March of Dimes drive, whichever you prefer.

Remember, nothing is more dreadful than polio, unless it's a public that doesn't care.

Add three more fighters to the 19 who previous to Wednesday night were listed on the Midland Golden Gloves squad.

They are Ray Pierce, 72, Bobby Cryer, 78, and Edward Jonas, 145, who turned up at the Odessa bouts as Midland battlers.

In all 18 were on hand. Four were used in exhibitions because of the lack of outside opponents in their class, and Flyweight Chilly Reeves was unmatched.

Only four of the previously-listed fighters did not make the trip, making 15 of 19 on hand, a remarkable showing.

The business end of picking the football players for the Texas Football Coaches Association All-Star game in August will get its start in Midland sometime soon, tentatively February 9.

Coach Tugboat Jones, who is head of the Class AAAA selection, also is chairman of the selecting committee and has sent out letters to the four other men in the group proposing a meeting here on that date.

The fivesome will lay plans for listing the squad.

On the committee are Coach Lee Mitchell of Gladewater, Class AAA; Coach Moon Mullins of Anson, Class AA; Coach Wilson Head of Denver City, Class A, and Coach J. T. Russell of Sabine, Class B.

Both Mitchell and Badger pace Carver scoring. They led the team to a third place finish in the Odessa meet, played Saturday.

Carver will be seeking its third triumph of the season in the Friday game with Hobbs.

## Line Admits Changing Story In Spivey Basketball Trial

NEW YORK —(AP)—A key witness against Bill Spivey, accused of perjury in the college basketball scandal probe, has conceded changing his story about how much money changed hands because of crooked play in one game.

The matter arose Wednesday as the witness, Jim Line, a former basketball teammate of Spivey at the University of Kentucky, testified that Spivey had helped fix games for pay.

Line, now an engineer at Odessa, Texas, said he, himself, once had been given money to split with Spivey and another player for their part in the St. Louis-Kentucky Sugar Bowl game Dec. 29, 1950.

He said gambler Jack West, 40, now in prison for his part in fixing games, had given him \$2,600 to divide with Spivey and Walter Hirsch, then the team captain and now an Army private.

Line related that he kept \$800, gave Hirsch \$800 and gave \$1,000 to Spivey, a former All-American center.

Spivey's attorney, John Young Brown, read to the court what he called conflicting testimony Line previously had given the grand jury that indicted Spivey.

Line conceded he had said previously that West had given him \$1,600 to divide, but he said \$2,600 was correct.

Under questioning by General Sessions Judge Saul S. Streit, Line said West had told him how to split the sum.

Spivey, 23, is accused of committing perjury when he told the grand jury he never had discussed basketball fixes or accepted bribes. The state charges he helped fix games and accepted money for it.

Line testified that he introduced West and Spivey at a private meeting in the Little Inn at Lexington, Ky., in the Fall of 1950. Hirsch also was present, he said.

Spivey agreed to go along and agreed that the price for him in games where the teams went under the point margin would be \$1,000 a game and \$100 when the team exceeded the spread," Line said.

Gamblers usually bet on the point margin in a basketball game instead of merely wagering on the outcome. Line said he had known West because, as a player, he had helped fix games in the previous season. He was an assistant coach at the time of the Spivey introduction, Line said.

Follows Hirsch Story His testimony was similar to much of Hirsch's earlier account in the trial.

Line said he urged Spivey last March to make a clean breast of the matter to the grand jury after he himself had testified before the jury and admitted a conspiracy to fix games—something Spivey had denied.

But he said Spivey told him: "If I am convicted without admitting it, lots of people would believe me innocent."

Line added that Spivey believed "The people of Kentucky believed him innocent and he would lose his friends if he changed his story about denying everything."

# Midland, Bartlesville 66ers Clash Thursday

How to stop a team that uses All-Americans to substitute for All-Americans and averages 89.5 points a game is the problem before Midland's Phillips 66ers Thursday night when they tangle with the Bartlesville, Okla., 66ers in Odessa.

And, adding to the Midlanders' job will be the fact that the Sooner shooters seek to get back on the long winning streak they maintained up until Monday.

The game begins at 8 p.m. in the Odessa Broncho fieldhouse, and finds Bartlesville starting from scratch in search of a new victory string. They lost a 90-plus point scoring average Monday night when Los Alamitos, Calif., Navy handed them their first setback this season, 74-64, after 31 triumphs.

Bartlesville is bright with stars, so much so that Clyde Lovellette, voted the nation's outstanding cager as a Kansas collegian last season, plays only two quarters of each game. He is spelled by Chuck Darling, from Iowa, who was all-Big Ten in 1952 and ranked among the top 15 U. S. players.

On game averages to date, you can figure the final score about 90-62 in Bartlesville's favor. For Midland's entry has posted a 5-4 season record by totaling 559 points.

Midland can match the visitors with great players, but thereafter has to avoid their being dated. Gerald Tucker in his thirties, ex-All-American from Oklahoma and the Bartlesville crew, headlines the Texans' attack while Kenny Jastrow, Don Grove, Ray Ebling and Jim Line also can produce high merit

mentions. They are former Bartlesville team members.

Line more than likely will miss the tilt, 66er officials announced Wednesday, since he was delayed in New York pending the completion of the Spivey basketball fix case.

The team had hoped he would be able to fly back in time for the game.

Besides Lovellette, who has tallied more than 570 points this season, and Darling, Bob Likens of Oklahoma A&M; Bobby Wallace of Regis College, an NAIB All-American; Bus Whitehead of Nebraska, a 1952 AAU All-American, and Jewell McDowell of Texas A&M are the standouts.

Darling ranks right behind Lovellette in team scoring with more than 535 points. Those two also give Bartlesville a height advantage over Midland, whose tallest is Don Grove, at six-foot-six. Lovellette is 6-9, Darling 6-8.

Bartlesville enters the clash with a season scoring total of 2,228 in 32 games, topped by a 134-55 win over the Montana All-Stars. It has surpassed 100 points in four games (Kelly-Ryan 102-84, Montana All-Stars, Ricks College 101-41 and Col lege All Stars 109-52) and attained a 90-plus total 17 times.

Midland's best mark to date is an 85-61 over Reese AFB.

The feature game follows a 6 p.m. preliminary between two Odessa city League clubs, Phillips of No-trees and Holder Grocery.

## Sauer, Crane Guest, Likes Free Subbing

CRANE—Coach George Sauer of Baylor went on record as being in favor of two-platoon football when he spoke to the Crane Golden Cranes at their annual football banquet here recently.

Sauer, the guest speaker at the fete, pointed out both the advantages—the latter mostly affecting small colleges—of the free substitution rule that was banned by NCAA directors last week.

The banquet was held under the direction of the Crane Lions club, honoring the 1952 team. The banquet featured the presentation of the 1952 Sportsmanship Award to the Cranes, after careful selection from District 5-A schools.

Wink, the state Class A champion, was runner-up for the award which is presented by the Crane Lions each year.

Former Supt. L. L. Martin of the Lions Club made the presentation—an engraved plaque designed with a gold shield on a polished oak background.

Martin stressed the importance of sportsmanship in any game and in everyday living, in being proud of losers as well as winners.

Coach Harold Riley, former Baylor player under Sauer, introduced his former coach and special guest, three from Odessa—Chock Saunders, Jimmy Cook and Raymond Stokes.

The film of Texas' 35-33 win over Baylor was shown to the Lions, Cranes and school board members, about 100 attending, by Coach Sauer.

## Cranes' Cage Fans Make Points Worth \$7.25 In Campaign

CRANE—Each point scored by Crane when it meets Iraan Tuesday in a District 5-A basketball game will be worth \$7.25 to the March of Dimes.

Crane ranchers, businessmen and fans pledged the amount early this week with the value of each Crane point due to go up before game time.

Bill Averitt of the First State Bank, Johnny Bindman at Leaman's Store and Ken Spencer at the courthouse are taking pledges in the drive.

## North, Lamar Grade Schools Slate Catch-Up Cage Battle

North and Lamar Elementary school teams doubled up to catch up Thursday and Friday in the City Elementary Basketball League.

North invaded Lamar at 2:15 p.m. Thursday to make up a game postponed last week because of cold weather. The two teams then turn around Friday to join the other six clubs in regularly-scheduled clashes.

So far Sam Houston, DeZavala and West maintain the league pace after copping two straight victories without mishap.

North and Lamar both will be after a first victory in their game. For Friday games, Crockett goes to West, Terminal is at Sam Houston, Lamar at DeZavala and South at North. The games usually begin at 2:15 p.m.

So far, Sam Houston is the loop's highest scoring team. Getting by South, 30-19, Tuesday, Sam Houston ran its total to 77 points, three better than DeZavala, which trounced Crockett, 40-18. A third makeup clash Tuesday saw Terminal fall a second time this season, 32-19, to West.

In the girls volleyball games that accompany each cage encounter, Sam Houston is the leader; the school whipped South, 15-4, 15-2, Tuesday to hold to its unbeaten record.

## Landy Plans Saturday Try To Crack Four-Minute Mile

John Landy, fastest known miler in the world today, will go out Saturday in a calculated attempt to crash through the four-minute barrier.

Landy, a 22-year-old curly-haired Australian student of agricultural science, ran a mile December 13 in 4 minutes, 2.1 seconds. He looks like the best prospect for a four-minute performance and, what's more, he believes it is possible for him to do it before very long.

Saturday he'll be running in the Australian Championship Meet at Perth in torrid West Australia.

"It will be a fast mile," Landy said just before he left Melbourne for the West.

"I'll be trying hard, but it's a gamble. It will depend on the condition of the track, how I'm feeling that day, and the weather. Most people agree it is very difficult to break a record with the temperature anything over 85."

The weather may be a very important factor Saturday. Perth is noted for its heat and Landy and his coach, Percy Cerutti, have been campaigning for a program that would allow him to make his record attempt late in the day after the temperature has begun to drop.

They point out that the Swedish record-breakers do their running just before dark, when it is cool and still and there's no wind to hamper them.

Landy's 4:02.1 mile, third fastest ever run and only seven-tenths of a second slower than Gudar Haegg's world record, will go down in the Australian record books as 4:02.2. Under international regulations all races above 1,000 meters are timed only in fifths of a second because of the belief that tenth-second watches become inaccurate after two minutes.

## FLU STRIKES AMERICAN SERVICEMEN IN EUROPE

FRANKFURT, —(AP)—The U. S. Army moved swiftly Thursday to vaccinate more than 260,000 American servicemen in Europe against influenza and reported 378 flu cases in military hospitals in Germany, England and France.

## STILL UNBEATEN— Coach At Seton Left A-Frettin'

SOUTH ORANGE, N. J. —(AP)—Remember the old line, "Stagg fears Purdue," that they used to quote when Amos Alonzo Stagg's Chicago football teams were strong and Purdue's weak?

Well, Honey Russell, coach of the undefeated Seton Hall basketball team, says, "I'd worry if we were playing the Nova Scotia fire department."

The fire ladders, of course, are not among the 12 teams standing between the Hall and a perfect season.

"But anything can happen in basketball, and we could lose all 12 of our remaining games," he insists when you ask if his team, the only major unbeaten club in the nation, can go through without a loss.

"Painting For Us!" "The toughest ones look like Villanova, St. Bonaventure, Siena—they're always tough for us, and our Western trip at the end with Loyola in Chicago, Dayton and Louisville. And I understand Dayton will be pointing for us after we beat them last week."

Russell, always a realist, already has taken steps to ward against his team being affected by its ranking as No. 1 team in the Associated Press poll. With his team scheduled to go after No. 19 against Memphis State Thursday night, he called the boys together Wednesday and told them bluntly, "We want no inflated heads on this squad."

"I gave them examples, and there are lots of them, of how writeups, pictures and so forth can go to your head if you believe all of it."

How has Seton Hall managed to go through without a loss thus far? "Well, we've been very, very lucky, particularly in several key games, and the kids have never lost their poise," Russell said. "We had to change our whole style of play in one week because we lost Arnie Ring and Jim Ahearn just before the season started."

"With those guys, who are both big and fast, we were going to play strictly fast-break basketball, with no pivot plays and very little outside shooting. But they were declared ineligible because of marks, and we had to shift to pivot plays and outside shooting. And I had to work two new players, Harry Brooks and Harry Cooper, into the lineup."

## Midland Teams Enter Junior High Tournament At Odessa

Basketball games by the baker's dozen are scheduled in the Broncho fieldhouse in Odessa Friday and Saturday—with three of the teams from Midland.

The occasion is the annual Odessa Junior High School Invitational Tournament for ninth grade teams. A high school clash between the Bulldogs of Midland and Odessa Bronchos is thrown in for good measure.

Both San Jacinto and Cowden Junior High Schools of Midland will be among the eight teams in the tournament. Others are Crockett and Bowie of Odessa, Big Spring, Lee and Edison of San Angelo, and Lamesa.

## Garner Tabs 81 To Qualify For Doherty

MIAMI, FLA.—(AP)—Match play begins Thursday in the twenty-first Helen Lee Doherty Golf Tournament with defending champion Mary Lena Faulk, Thomasville, Ga., and Polly Riley, Fort Worth, leading the championship flight.

Miss Riley lead qualifying play Wednesday with a one-undar-par 74 over the 6,200-yard Miami Country Club course. Miss Faulk was next from qualifying.

She took an 84 or better to qualify for championship play and the field of 166 women amateurs was trimmed to 112 for match play. Finals will be played Sunday.

Pairings in the championship flight, with qualifying scores, include:

Miss Faulk vs. Marjorie Lindsay McMillen, Milwaukee, Wis. (83).

Pat Garner, Midland (81), vs. Charlotte de Cosen, Montclair, N. J. (86).

Miss Riley (74) vs. Peg Cirino, Orangeburg, S. C. (84).

## Robin Roberts Inks Near-\$40,000 Pact

PHILADELPHIA —(AP)—Pitcher Robin Roberts of the Philadelphia Phillies, 28-game winner last year, signed a 1953 contract Wednesday for almost \$40,000.

Another ace hurler for the National League club, Southpaw Curt Simmons, signed for a previously agreed sum of \$16,000. His record season last year was 14-8.

Owner Bob Carpenter of the Phillies said he is counting on their one-two pitching punch to provide a total of 80 victories and a possible pennant this year.

# Midland Boxers Score Five Wins

## Pointer Jabs Foe For TKO Win In Open Class Feature

By CHARLEY ESKEW  
Reporter-Telegram Sports Editor  
ODESSA—Open Lightweight John Pointer of Midland punched out a blood-moored technical knockout triumph over Earl Johnson of Odessa here Wednesday night as Midland's boxing team won five of 13 bouts in their pre-Golden Gloves regional warmups.

Pointer proved the biggest surprise. After only two workouts, the extra-heavy lightweight, 134, carried his punches to the head of Odessa's Earl Johnson, 130, to bring on the bloodiest fight of the night—from Johnson's nose—with strong right-hand punching.

Pointer won the first round easily and was more masterful as the referee halted the battle in mid-round after 1:35 minutes of the second round.

A big disappointment was that 1952 flyweight champion Chilly Reeves of Midland was unmatched. And the Gloves officials said no foe likely would be found to oppose the 112-pounder in the regional open division.

After Pointer won Midland's first open fight, both Bantam weight Bill Burns and Middleweight Charles Crites were slammed out by kayos.

For Burns, 114, it was his first fight in three years—and what a

way to return! He rose up from a case of flu this week, four pounds under the bantam limit, to pace the first round and a half against Monahan's Benny Davis, the 1952 regional titlist.

He was spotting eight pounds to the 123-pound defending titlist and paid the price when Davis railed in the closing minute of the second round.

Then Davis added the clincher in the third, a hard right while infighting. Burns buckled as the referee stepped between the two fighters and the lapse brought the two together again without a count for Burns. Davis, who had been out-counterpunched in the opening minutes, added about two more good rights with Burns holding on.

The referee then stepped in to call it off.

Crites, 153, who'll trim to welterweight for the regional, fought on even terms with Bill Adams, 158, in a tug-and-maul brawl through the first round; but even as the two wrestled in the second round, Adams' round room for a straight right that bounced Crites off the ropes for the count at 1:18.

Four Kayos

In all, four knockouts and five TKO's were recorded in the 27 bouts, with Midland Novice Evans, 139, scoring one of the most rousing knockouts Evans, a Bulldog trackman, mastered Doug Howell, 141, Odessa, for the first minute of each round—until he pumped the wind out of himself—with a two-handed buggy-whip style. The third time out, Howell fell back from the onslaught, too weary and, too beat to go on.

Boyce McKnight, 138, outpunched Fred Crowley, 136, Odessa, in three rounds of a crowd-pleasing slugfest. Warren, 132, became the first Midlander to win two bouts this year, repeating in a decision over his last week foe, Brent Hickman, 135, Odessa. Henley, 151, started ahead over Odessa's Leroy Trout, 153, tired earlier but stuck it out to gain a close, but unanimous verdict.

Among Midland's losing fighters, a couple were obviously out of match: chunky 90-pounder Jerry McReynolds gave away experience, reach and height to Andrews' Danny Green in the opening bout. Then 78-pounder Larry Jones was swarmed over by a tough Don Paul Jones, 81, of Andrews in a bout that was halted after the first round.

Bill Swicki, veteran end on the Detroit Lions in the NFL, owns and operates an insurance agency in his home town of Southbridge, Mass.

## Demaret Sacks Up Thunderbird Purse

PALM SPRINGS, CALIF. — (AP) — The spotlight was on the big threesome of Ben Hogan, Byron Nelson and Lloyd Mangrum, but when pay-off time came, the man in the center of the stage was Jimmy Demaret.

Such was the scene Wednesday when smiling Jimmy won the "Battle of the Texans" and the \$10,000 Thunderbird Country Club Invitational Golf Tournament.

Demaret captured the 54-hole special event with a score of 69-67-201, which was 15 strokes under par for the 6,300-yard course.

The gallery tagged along with Nelson, Hogan and Mangrum. About the only ones with Jimmy were baseball star Ralph Kiner and his wife, Nancy, just ahead of the featured three.

Demaret whacked three strokes off par 36 on the first nine, and two off par 36 on the return. He didn't know it, but he was home free. With a typical Demaret flourish, his second shot to the eighteenth green landed five inches from the pin and he tapped it in for an eagle.

On came Hogan, getting hot and very determined on the back nine. Mangrum remained a threat, too. But Ben's 33 wasn't good enough and neither was Mangrum's 34.

So he and Mangrum registered 69's for 203, tying with Jim Turnesa, in the runner-up spot, and Lord Byron's 70 gave him 206.

Demaret won \$1,500, and Hogan, Mangrum and Turnesa, with a final 69, collected \$816.66 apiece.

Hogan, Nelson, Mangrum and Demaret are native Texans. Mangrum is 38 and the others are in the fortysix bracket.

Hogan, Winter pro at the neighboring Tamarisk Country Club here, was playing in his first tournament since the National Open last June. He played well but he had absolutely no luck on the greens.

## Grid Change Called Boost For Baseball

DALLAS — (AP) — Death of the two-platoon system in football was hailed by the American Association of College Baseball Coaches as signaling a return of college baseball to the ranks of big-time sports.

Pete Collett, Fort Worth, public relations director of the association, said the huge budget required to support football under the two-platoon rule partially killed other sports on many campuses.

"With the steady decline of minor league baseball, major league baseball is recognizing the colleges and its prime source of material," Collett said.

"With professional baseball's recent ruling on the bonus question, plus the decline of minor league activity, harmony between these two factions is indeed possible now. Professional baseball's signing of college players before completing their education long has been a high point of argument.

"The era of a balanced athletic program on the college campus looms bright indeed. At least college baseball stands to gain."

IT DIDN'T GET AWAY—This six-foot 10-inch, 67-pound white marlin is nothing like a record, but it's a far cry from a sea bass or a pesky skate. It took Abraham Bates of New York 30 minutes to land his catch off Hamilton, Bermuda. (NEA)

## Baltimore, Bonus Pick Top Subjects At Pro Grid Meet

PHILADELPHIA — (AP) — The National Football League club owners, accustomed to operating their business like a gigantic cut-throat poker game, wrangled over two subjects Thursday in spite of Commissioner Bert Bell's warnings that they'd better settle down and act like businessmen.

The bonus pick and Baltimore were the two hottest subjects of discussion as the league's annual meeting began. And the club owners, elated with the news that they'd just finished a record-breaking season in attendance and gate receipts, gave little indication that they would heed Bell's ominous warnings.

At Wednesday night's meeting of the league's rules committee, a locker full of code changes were tossed out the window—leaving the NFL mode of play intact for the coming season.

The annual draft of college players, the annual all-day bicker session at which the owners and coaches try to outguess one another in selecting college talent, began Thursday's proceedings. Six clubs were eligible for the "bonus pick" by which one club each year gets to choose one player before the regular round of selections starts.

The best guess Thursday was that the club which drew the lucky number would choose either Billy Vessels, the Oklahoma speedster, or sturdy Johnny Olszewski of California.

Vessels and Olszewski can play both ways—offense and defense—if necessary, a factor that may become more important.

Long, Lively Debate

The Baltimore question won't come up until Friday, but hotel lobby discussions indicated there may be a long and lively debate before it is decided whether the new Colts belong with the Western or Eastern clubs.

There's a spot open in the National or Western Conference, vacated by the defunct Dallas Texans. But George Marshall, the influential boss of the Washington Redskins, wants Baltimore in the American Conference to promote a natural rivalry against his club. And the new Baltimore owners would like to avoid the expensive trips to the West Coast.

That would mean shifting the Chicago Cardinals to the West, a move which would meet with resistance. There also is a proposal for an entirely new divisional alignment, dropping the present conference names.

## Dizzy Dean, Simmons Named To Baseball's Hall Of Fame

NEW YORK — (AP) — Dizzy Dean, the last 30-game winner in the majors, and Al Simmons, a 20-year-man with a 334 lifetime batting average, are the 1953 additions to baseball's Hall of Fame.

Once again Bill Terry, former New York Giants' manager-first baseman, just missed election by the 10-year veterans of the Baseball Writers Association. Memphis Bill missed by seven votes.

Joe DiMaggio, believed a sure thing to make the grade in his first year of eligibility, didn't even come close. The retired Yankee Clipper finished eighth, short 81 votes.

The veteran writers keep the Cooperstown, N. Y., club very exclusive. With a total of 264 writers voting, it took 75 per cent—or 198—to gain the Hall of Fame. On four different years, nobody made it.

Election of Dean and Simmons raises the membership to 64, of whom 27 have been picked by the writers. A special committee, headed by Clark Griffith, Washington owner, selects the old-timers who were not active in the last 25 years.

Dean drew an impressive popular vote of 209 votes, moving past Terry, whom he trailed in last year's voting. Simmons, also behind Terry in 1952, just scraped home by one vote with a total of 199.

"It's pretty doggone nice for an ole Arkansas cotton picker to be up there with those boys," Dean drawled when he heard the news.

Simmons, reached at Hialeah race track, chuckled that "it's my lucky day—I just had three straight winners in the races."

Six-Year Phenom

The colorful Dean, a radio and television personality since arm trouble forced him out of baseball, was a six-year phenom with the St. Louis Cardinals. In 1934 he had a 30-7 record for the Cards with Dix and his brother Paul practically pitching St. Louis to a pennant.

Simmons, with his famous "foot in the bucket" stance, ruined the life of American League pitchers for years. A powerful right-handed

### OL' DIZ SURPRISED—Thought Ike Was Here, Or Somethin'

SAN FRANCISCO — (AP) — "I saw all those flash bulbs goin' off an' I thought, 'Is Eisenhower here, or somethin'."

But it was news photographers "shootin'" Dizzy Dean as he arrived by airplane last night.

And that's how Ol' Diz, the one-time St. Louis Cardinals' pitching great, learned he'd been named to baseball's Hall of Fame.

"Completely dumbfounded," Diz acknowledged.

"I read I was being considered a week ago, but I never thought I'd make it. This is the highest honor ever bestowed on me—it's the greatest thrill in baseball."

"It's pretty doggone nice for an old Arkansas cotton picker to be up there with those boys. It's the happiest day of my life."

The old "nothin' ball" right-handed hero of the famous mid-30's Gas House Gang praised Al Simmons, Philadelphia Athletic outfielder who also was named to the Hall of Fame.

"That Simmons," he said. "He's one of the toughest guys I ever faced. And now that son-of-a-gun is with me."

Dean modestly added: "There's 20 guys I'd have rather seen in there than me."

And he thought "Joe DiMaggio and Bill Terry (who failed to make it) deserved the honor more than me."

The 42-year-old sports announcer said the highpoint of his career had been the 1954 pennant race won by the Cardinals. "But this beats all," he added.

Asked if he still had his "high, hard one," Old Diz smiled. "Never lost it," he said.

**Rotary Cage Team Tries Webb Cadets In Thursday Clash**

The Rotary Engineers finish up their pre-City League schedule Thursday night with a visit to Big Spring for a tussle with a team made up of Webb Air Force Cadets.

The game is scheduled at 8 p. m. in the Midway gym.

Rotary's only other game this week, set last Tuesday, was thwarted by a siege of flu that forced the Big Lake Independent All-Stars to abandon the clash.

Rotary has a 6-2 season mark going into Thursday's game.

The first city league game for the Engineers is slated Tuesday, while four others of the loop begin action Friday.

**New Dennis Chapel Sets Formal Opening Here This Weekend**

The new Cecil Dennis Chapel, one of the latest additions in the influx of new enterprises entering Midland, will hold its formal opening this weekend. Three days are scheduled for admission of the public to inspect the new and modern equipment and facilities—from 10 a. m. to 10 p. m. Friday and Saturday and from 2 p. m. to 10 p. m. Sunday.

Located at 2316 West Ohio Street near the rear entrance of Midland Memorial Hospital, the Cecil Dennis Chapel affords a complete funeral service for Midlanders. A spacious new building contains six rooms, softly decorated in green and pink shades—chapel, music, slumber, reception, preparatory and music sections.

Orchids will be presented to each woman inspecting the chapel during the opening, plus a useful gift for the men. Visitors will be conducted on a complete tour of the building.

Three licensed morticians are available at the Cecil Dennis Chapel—Cecil Dennis, Charles Westbrook and Mrs. Cecil Dennis, one of the few women in West Texas authorized to practice the profession.

Bill Tate completes the personnel of the organization, serving as ambulance driver and general assistant at the chapel.

**Of 17 Escaped Hospital Inmates Returned To Ward**

KINGS PARK, N. Y.—Seventeen male patients Thursday smashed their way out of Kings Park State Hospital, a mental institution, and 11 were reported recaptured within a few hours.

A police alarm described the 17 as "violent." A staff physician at the hospital, Dr. Murray Rossmann, classed them as "mentally disturbed" but he declined to state in what degree.

The bolting patients wrecked all the furnishings of the second-floor ward. One chased a doctor with a broken piece of a bed. He and the five attendants on duty in the ward escaped harm.

The patients, quartered in a room with barred windows, broke down a door leading to a corridor and ran out into a snow and sleet storm.

Two were caught on the hospital grounds, and nine others within a few miles of here—some at Long Island Railroad stations. All submitted without a struggle.

**Divers Find Debris Of Plane Loaded With Nazi Riches**

VIENNA—Divers have found deep in an Austrian lake wreckage of a German transport plane rumored to be loaded with the gold and platinum hoard of several Nazi big game.

A Junkers transport plane was shot down over the Alttersee a few hours before the end of World War II. The pilot was killed but two crewmen were rescued and later disappeared.

The Junkers was reported to be the last courier plane of the Wehrmacht. According to reports, it contained a large treasure in rare jewels.

Divers hope to check on the rumored treasure when weather permits.

**Church-A-Day Set As Building Goal**

BUCK HILL PA. PA.—Fifty million dollars will be raised by Methodist Church members in the next four years for new church buildings and renovation work, the Methodist Board of Missions was told Wednesday night.

Dr. Earl R. Brown, general executive secretary of the church's division of home missions, set that figure as the overall total to be raised by local annual Methodist conferences.

A minimum of 1,500 new churches—one a day—must be constructed in the next four years, speakers told the meeting.

REPORTING THE TOP NEWS IN REAL ESTATE

THE BOSS-MAN ASKED ME to count up the number of homes that we have sold since December. Being humanly lazy, I stopped after counting 22 which our firm sold. This proves that when looking for your ideal home, KWM is the place to go. Look you close, some dreams are fulfilled in this column.

FASHIONFUL OF NEW ENGLAND, because this exquisite home is on Ridgelen, where the trees are taller than Texas trees. Two lovely bedrooms, colorful and huge den, "white" room, elongated kitchen with dining area, and magnificently generous (15x21) living room. Attached garage, lots of storage, and carpeted throughout. For your outside dining room there are trees, attractive lawns, and the open, almost dustless sky as appointments. Only the price is down-to-earth, \$15,500.

IF I WERE ELOQUENT WITH WORDS I would attempt a description of the home that is available on Country Club Drive. It is a study in graciousness. Two huge bedrooms, paneled den, two private rooms of ceramic tile, utility room, attached garage, and bathroom living room. The kitchen defies articulation. Central heating, air-conditioned, completely carpeted, and finished with closets. Cedar fence, a thousand-dollar landscaping job, water well, patio, and a treasury of finer features. Dramatically reduced for a rapid disposition.

ONLY TWO LEFT ON KESSLER STREET from an original 19 which were constructed. We have taken great pride in handling these Austin Construction Company homes—and this was our first venture in GI homes. We sincerely believe that these homes offer the veteran more for his money than any that we have seen. Almost all purchasers are college graduates and their families. On alternate Thursday nights, the men will play poker while the women baby-sit, and vice versa when the women hold their cat-togethers. But what kind of a home is it that we're selling? Call our office and we'll be delighted to show you. Only \$600 down for the veteran.

DID YOU ENJOY our open house last Sunday? Now inspect these homes more thoroughly with one of us. The addresses, again, are 1108 Latham, 2507 Country Club Drive and those in the 2800 block of Louisiana. The personal touch is the purchasing touch. Like a game of tag, you get in touch with us, and we'll do the rest.

WESTWARD BOUND FOR CALIFORNIA, and so this owner must sell his attractive home consisting of 3 bedrooms, comfortable living room, kitchen with area for your breakfast suite, and 8x12 storage room. Located in western section. Assume GI and FHA loan and make payments of only \$65 per month. Priced at \$9,500.

ALIGN YOUR REQUIREMENTS to the offerings of this new, brick home in the northwest area. 3 bedrooms, 2 tile baths, huge kitchen with walk-in pantry, and 2-car attached garage. The living and dining room combination is 31 feet of beauty, with a wood-burning fireplace as the focal point. Entrance hall, w/w carpeting in warm tones, central heating and air-conditioning. TOUCHPLATE silent switches. It's got its own water well. Approximately 1,800 square feet of living area. Invitingly priced at ONLY \$21,500.

STATE OFFICIALS RELAX—Texas Attorney General John Ben Shepperd, right, and New Mexico Gov. Edwin L. Mechem take time out from their discussions of river compact problems and other Texas-New Mexico matters to relax following a dinner given in their honor in the Petroleum Club.

### Visiting Governor Urges Cooperation On River Pacts

Close cooperation between affected states is essential if river compacts are to serve the purposes for which they are intended, Gov. Edwin L. Mechem of New Mexico told Midland Rotarians at their regular meeting Thursday noon in the Cactus Club.

### 1,000-Man Agency To End Army Waste

HEIDELBERG, GERMANY—(AP)—The U. S. Army announced Thursday a new 1,000-man construction agency has begun work "to end duplication and waste" in America's multi-million-dollar defense projects in Europe.

concerning the purpose, operation, problems and benefits of the river compact system generally.

He is in Midland to attend the fourth annual meeting of the Pecos River Compact Commission, which opened here Thursday morning.

Texas Attorney General John Ben Shepperd, who is in Midland to attend the compact session, also was a special guest at the Rotary meeting, as were the members and the Pecos River Compact Commission, their staffs and other out-of-city visitors here for the annual conference.

All were introduced at the Rotary meet. Members of the commission are J. C. Wilson of Pecos and John Bliss and Berkeley Johnson, both of Santa Fe, N. M.

Governor Mechem, in his address, said the prime purpose of the compact system is to see that the states involved receive their proportionate shares of stream flows.

He cited the difficulties states can get themselves into if they do not work together in compact matters.

He said the prolonged drought in the Southwest has increased the problems of compact operation.

The many and varied benefits to be derived through efficient river compact operation were enumerated by the speaker.

Referring briefly to a recent statement of a Texas representative that the Lone Star State has short-changed New Mexico through a land survey error, Governor Mechem said, "We still are looking for the surveyor's bottle which would prove the claim to the Texas Panhandle."

"Those people residing in the Panhandle already are New Mexicans just living in Texas," he declared.

## Sabotage Hinted In Train Mishap

WASHINGTON—(AP)—Senator Tobey (R-NH) said Thursday the case of the runaway train which crashed into Union Station here "begins to look like sabotage."

Tobey heads a Senate Commerce Committee investigating the wreck, which injured more than 50 persons a week ago Thursday.

The committee Wednesday heard two Pennsylvania Railroad employees testify someone may have tampered with the brakes—possibly twice—before the crack Boston-Washington train plunged through a wall and into the station concourse. But the train's engineer, H. W. Brower, said he would guess the cause was an obstruction in the brake air line.

Tobey announced the FBI is investigating the possibility of sabotage. He told a reporter its report would not be ready in time for Thursday's hearing.

He did not say upon what evidence he based a personal belief that sabotage was involved.

Testimony Wednesday showed the train had developed brake trouble at Kingston, R. I. It was repaired there but not reported to the new crew which took over the train at New York City and brought it to Washington.

Adelbert Schroeder, assistant general counsel of the railroad, testified "it seems very plausible" that the Kingston failure resulted from tampering with the brakes at Boston just before the trip started. J. W. Moyer, fireman on the train, said it "would be my idea" that there had been tampering with the brakes at Baltimore—the last stop of the train made before Washington.

One announced objective of the inquiry is to determine whether railroads should be required to equip their trains with new safety devices including electronic brakes. Tobey indicated he is going to press for action on a bill to do so.

Six ambulances sped from Midland to the scene of the collision. A few minutes earlier, a Newline W. Ellis ambulance had picked up David Schoemaker, 14, at South Fort Worth and Dakota Streets. His motor scooter was in collision with a bread truck.

Schoemaker, son of Mr. and Mrs. G. L. Schoemaker, 2105 West Louisiana Street, was dismissed from the Western Clinic-Hospital Friday morning. He suffered slight injuries in the accident.

Hundreds of motorists followed the ambulances to the mishap east of the city. Officers held traffic a mile west of the scene to prevent congestion and allow the removal of victims.

Mrs. Fryer and her two children are at Midland Memorial Hospital. Fryer was admitted at the Western Clinic-Hospital.

Davis is a patient at Western Clinic-Hospital and his companion remains at Midland Memorial Hospital.

All were handled in Ellis ambulances. State patrolmen continued their investigation Friday afternoon.

## Pecos Engineers—

(Continued from Page One) amount of salt as always but in a lesser amount of water.

Tipton said that when the compact was signed by Texas and New Mexico in 1947, "I'm sure many water users in Texas thought the compact would make more water."

"The compact was not intended to make water unless the commission did something in the way of a program of action. The terms of the contract permitted the commission to undertake such an action program."

"You can make water. We have indicated that at previous meetings but now we are prepared to show you what is happening on the river."

He suggested that a program on the Pecos would set a pattern "throughout the Southwest."

The principal difficulty lies at Lake McMillan at the head of the Pecos "where nature has seen fit to bring water-loving plants," particularly salt cedars.

Nature Exact's Toll

In bringing those plants there, which serve one purpose in retarding the silt, he said, "nature has exacted her toll of some 50,000 or 60,000 acre-feet of water a year and the plants are still growing."

An extensive study of these plants indicated they have covered an additional 5,000 acres in the last six years and will continue up to five or six acre feet of water per acre.

Tipton pointed out that he previously had urged:

Digging of a channel through the salt cedars to permit the freer flow of water.

Construction of a floodway with offset levees confining flood waters and preventing them from spreading over a wide area to be lost in evaporation and "action of these cedars."

Expansion of a laboratory project to permit the increased spraying of the cedars in certain areas to kill them.

"We have not receded from these ideas," Tipton asserted.

bly twice—before the crack Boston-Washington train plunged through a wall and into the station concourse. But the train's engineer, H. W. Brower, said he would guess the cause was an obstruction in the brake air line.

Tobey announced the FBI is investigating the possibility of sabotage. He told a reporter its report would not be ready in time for Thursday's hearing.

He did not say upon what evidence he based a personal belief that sabotage was involved.

Testimony Wednesday showed the train had developed brake trouble at Kingston, R. I. It was repaired there but not reported to the new crew which took over the train at New York City and brought it to Washington.

Adelbert Schroeder, assistant general counsel of the railroad, testified "it seems very plausible" that the Kingston failure resulted from tampering with the brakes at Boston just before the trip started. J. W. Moyer, fireman on the train, said it "would be my idea" that there had been tampering with the brakes at Baltimore—the last stop of the train made before Washington.

One announced objective of the inquiry is to determine whether railroads should be required to equip their trains with new safety devices including electronic brakes. Tobey indicated he is going to press for action on a bill to do so.

HHA Head Convicted On Six Fraud Counts

CORPUS CHRISTI—(AP)—E. M. Blum, former Houston housing authority manager, was acquitted of one count and found guilty on six counts of defrauding the government, Judge James V. Alford ruled in a memorandum filed in federal court Thursday.

Judge Alford is to sit in a Houston district court the week of January 26 and he advised that Blum appear that week for sentencing.

"We think these should be studied and whatever is decided on should be prosecuted vigorously."

Members of the Red Bluff Water Control District also attended the conference as special observers.

Governor Mechem, Shepperd, members of the commission and their staff and special guests were honored at a dinner given by Commissioner Wilson Wednesday night in the Petroleum Club. More than 30 persons attended.

# Legislators Fill Hopper With Measures Designed To Cure Most Of State's Woes

AUSTIN—(AP)—Scores of bills, including a variety of tax measures to solve the state's money woes, were ready for introduction in the House Thursday after a last-minute rush to make use of priority numbers before midnight Wednesday.

Eye-catcher of the revenue raising bills was that of Rep. Dolph Briscoe, Uvalde, and others, proposing a natural gas compressor tax to raise 60 million dollars a year. This is the bill behind which opponents of Governor Shivers' gasoline tax increase suggestion are likely to rally.

Besides the taxing bills, representatives offered legislation to allow parimutuel betting on horse races by local option, promote water conservation, to provide stiffer penalties for sale of narcotics to minors, to prevent cross-filing of candidates in general elections and to give Texas junior colleges \$500,000 a year more than they now get.

## Sale Of Hereford Breeding Bulls Hit By Falling Market

DENVER—(AP)—Cattlemen said Thursday that because of a depressed market, possibly one-third of the 3,500 purebred bulls on sale at the National Western Stock Show will fail to find buyers.

At last year's show, when 1,284 bulls were auctioned, the average price was \$1,080. This year \$800 is considered a good sale.

Show officials estimated the show's grand champion carload of 12 Hereford bulls, entered by the CK Ranch of Brookville, Kan., would bring \$4,500 a head. Last year, a carload sold for \$7,000 each.

Carloads of cattle competing for blue ribbons at the show were sold Wednesday for an average of 34 cents a pound. The current top price for commercial fat cattle is 28 1/4 cents.

The grand champion carload of 15 Herefords sold for 48 cents a pound and the reserve champion load, also Herefords, was bought for 35 cents.

Both loads were from Father Flanagan's Boys Home, which also won the grand champion steer award with a Hereford. This animal was sold for a record \$3,400 a pound.

Congratulations To

they are not and never have been Communists, and permitting issuance of search warrants to look for subversive material.

Rep. Lamar Zivley, Temple, tossed in a bill to prevent what he called unfair competition. He would ban advertising, offering for sale or selling goods at below cost to injure competitors or to destroy or lessen competition.

Tax bills included the following: A processing tax of one cent per gallon on all combustible condensates, including all forms of gasoline, coupled with reduction of the motor fuel gasoline tax from four cents to two cents a gallon. Rep. Grady Hogue, Martin Mills, the author, said this would give the state an extra 54 million dollars a year.

Water Measures Entered

A tax of 11/20 of one cent per 1,000 cubic feet of natural gas processed in Texas, Rep. Charles Hughes, Sherman, proposed an additional 9/20 of one cent tax if the present gathering tax of 9/20 of a cent is declared invalid by the courts.

Other bills:

Rep. Waggoner Carr, Lubbock,

offered legislation to create the High Plains Underground Water Conservation District No. 1. The district would have broad power to prevent waste of underground water.

Rep. J. F. Gray, Three Rivers, renewed his fight with Corpus Christi over use of water in the South Texas area.

To Prevent Pumping

Gray said his bill was aimed at preventing the Lower Nueces Water Supply District from pumping wells in Atascosa County—above Three Rivers—for use by Corpus Christi, except in case of disaster.

Rep. Grainger McIlhenny, Wheeler, proposed punishment ranging from a minimum of 10 years to a maximum of life imprisonment for persons selling, giving or bartering narcotics to anyone under 18.

Rep. R. L. Strickland, San Antonio, suggested a 10-year sentence on first conviction, 20 years on second conviction and a life term for third conviction of selling, giving or bartering narcotics to a person under 18.

Rep. William J. Ehlert, Brenham, became sponsor of a bill ap-

propriating \$2,532,000 a year for junior colleges, with a provision for equalized aid for schools in areas where taxable property valuations are low.

GOP Primary Possible

Rep. A. D. Downer, Center, launched an effort to knock out the cross-filing provisions of the Texas Election Code. His bill would prohibit a candidate's name appearing more than once on an official ballot.

It also would prohibit a party whose candidate got 200,000 or more votes for governor in the last general election from placing a candidate on the next general election ballot unless that candidate was nominated by primary election.

Downer's bill thus would force the Republican Party to hold a primary election the next presidential election year in order to place a candidate for governor on the general election ballot. This year, the Republican State Convention cross-filed Governor Shivers and other state officials on the general election ballot.

## Sabre Pilots Down Four More MIG's

SEOUL—(AP)—Outnumbered American Sabre pilots Thursday blasted at least four Communist MIG's from North Korean skies in the second straight day of furious air battles, the U. S. Fifth Air Force reported.

Three MIG's were damaged in the clash between 10 Sabres and 20 Red warplanes. Additional claims of

one MIG destroyed and three damaged are pending confirmation. The Sabres destroyed seven MIG's and damaged three Wednesday without the loss of a plane. Gen. O. P. Weyland, Far East Air Force commander, sent a message of congratulations to his pilots, calling it "a most appropriate way to celebrate President Ike's inauguration."

Capt. Dolphin D. Overton of Andrews, S. C., downed his third MIG in two days. He shot down two and damaged one Wednesday. A Sabre ace, Capt. Cecil G. Foster of San Antonio, on his ninety-fifth combat mission, downed his seventh MIG.

While the jet battles raged near the Yalu River, Allied fighter bombers swept north and hit Red supply facilities within 40 miles of the Manchurian border. Other fighter-bombers smashed at Communist targets along the length of the Korean Front.

Ground action remained relatively light, the U. S. Eighth Army said.

J. T. Morris, 82, Retired Mitchell Farmer, Dies Here

J. T. Morris, 82, retired farmer, died at 2 a.m. Thursday at the residence, 904 South Colorado Street. He farmed in Mitchell County 46 years before moving to Midland.

Funeral services will be conducted at 10 a.m. Friday in the Elker & Son Chapel in Colorado City. Interment is set in Cedar Hill Cemetery at Abilene.

Survivors include seven daughters, Mrs. W. Y. Butler of Dallas, Mrs. Ethel Lightfoot, Mrs. Adeline Widener and Mrs. Zeldia Armstrong of Abilene, Mrs. T. W. Mansell of Midland and Mrs. Myrtle Cline and Mrs. Mildred Lancaster of Odessa, and two sons, Jim and C. A. Morris, both of Abilene.

Winds Rake—

(Continued from Page One) a line roughly between Wichita Falls, Childress and south to Big Spring.

Behind it: Wild winds of 75 miles an hour at Dalhart, light snow at Dalhart and Amarillo, light rain at Lubbock and gritty, blowing dust at several points.

Sand Cuts Visibility

Ahead, the frontal action caused widespread fog which also cut visibility sharply. Austin reported light rain.

At Big Spring, you could see only three-fourths of a mile because of the sand. At Abilene, visibility was down to four miles. Childress also reported dust and so did Amarillo, Lubbock and Wichita Falls.

No damage was reported, however, from the high, whipping winds. Fog cloaked Dallas, Fort Worth, Waco, Laredo, Cotulla, Beaumont, Houston and Galveston. Dallas and Waco had four miles visibility, Fort Worth six.

The weatherman said the front would reach San Antonio by dark.

As the front approached, scattered light rain fell Wednesday. Lubbock received .02 inch. Amarillo, Austin, San Antonio, Palestine, Texarkana, Lufkin, College Station, Tyler and Dalhart all reported traces of precipitation.

Some temperatures at mid-morning: Amarillo 34, Lubbock 37, Childress 40, Wichita Falls 44, Dalhart 32. The morning high was 61 at Brownsville.

## U. S. Court Rules Restaurant's Race Ban Practice Legal

WASHINGTON—(AP)—The U. S. Court of Appeals, dividing 5 to 4, ruled Wednesday that eating places in the capital may refuse service to negroes.

The majority held that laws passed by the Legislative Assembly in 1872 and 1873 against racial discrimination cannot be enforced for these major reasons:

1. The anti-discrimination laws weren't valid in the first place.

2. Since they were not enforced for 78 years, they can only be put into execution now by legislative action.

The case grew out of the refusal of a John R. Thompson Restaurant to serve negroes.

## Solons Would Remove Curb On Texas' Welfare Spending

AUSTIN—(AP)—A new attempt to remove the 35-million-dollar annual ceiling on Texas public welfare spending was launched Thursday by Rep. Edgar Hutchins, Jr., Greenville, and Joe Chapman, Sulphur Springs.

They offered for introduction in the House a proposed constitutional amendment to place no limit on spending for the needy aged, needy blind and dependent children.

The proposition, if approved by two-thirds of the House and Senate, would be submitted to Texas voters the first Tuesday in November of this year.

A constitutional amendment to raise the pay of the governor from \$12,000 to \$25,000 a year and to pay the lieutenant governor \$10,000 was introduced by Rep. J. F. Gray, Three Rivers.

The lieutenant governor now draws \$10 a day only when the Legislature is in session.

## Soldiers Become 'Texas Ranger' Outfit Policing Large German Military Area

By GRACE HALSELL  
Reporter-Telegram Special Correspondent

MUNICH, GERMANY—A Texas Lt. Col. James S. Killough, former lawyer, Treasury agent and military mayor of Seoul, now heads the largest military post in the world. As commanding officer of the 508th Military Police Battalion, Colonel Killough has police responsibility for the entire 11,000 square miles of Munich Military Post, as well as the Garmisch Military Post. This area covers most of Bavaria, is bounded by Switzerland, Austria and the Iron Curtain of Czechoslovakia.

To police the largest military post in the world Colonel Killough (pronounced Kil-lo) has only 372 men, which he spreads as sparsely as Texas Rangers.

The battalion's duties and responsibilities are as varied as the Midland, Texas, Police Department's, but simply defined, within urban areas, the men have a "town patrol" with an obligation to maintain law and order, and in field work, the battalion "keeps everything moving... and moving in order and on time."

Colonel Killough says cooperation between German and American police is close. For some time, it has been a practice to have a German policeman ride with American MPs, but only recently was the practice of having an American MP ride in German patrol cars instituted.

And Assistance

The colonel said he would like to see that a great part of the battalion's work is providing aid and assistance, not just arresting and reprimanding. "We serve as information agents, we pull motorists out of snow drifts, and we assist not only troops, but all American and Allied nationals," he pointed out.

The battalion in its performance of military police work, demonstrates the men can administer "justice without prejudice" to all, he said, adding that the "Golden Bear" insignia of the 508th now is a "familiar sight" to all Germans in Bavaria.

The 508th has existed on paper as the 308th since 1938. It was redesignated and activated as the 508th Military Battalion on March 20, 1944, at Fort Sam Houston.

It is the oldest occupation battalion in Germany.

Colonel Killough was born in Dallas, where his parents still reside. From 1930 until 1935, he practiced law in that city. From 1938 until 1940, he was a Treasury agent. He was in charge of the state of Arkansas for the Bureau of Narcotics when he came into the Army in 1940. He served with military intelligence in Guam, Japan and throughout the Central Pacific.

In September, 1945, he became military mayor of Seoul, a city, he says, which is the same to Korea as Mexico City to Mexico.

At that time the city had about 1,000,000 population, with an additional 500,000 refugees from the North. "It is an ancient city, with a culture older than the Japanese culture."

Heads Masonic Club

Colonel Killough said the Korean is a man "proud of his culture and his independence." He knew well Korean President Syngman Rhee, who, he says, "speaks perfect English."

Before coming to Munich on July 10, 1951, he was a district intelligence officer at Fort Bliss, and an instructor at Fort Leavenworth.

is president of the Masonic here, which meets once a month at the Burgerbraukeller, birthplace of Nazism which sought to extinguish Masonry.

Because so many Masonic Club members here are Texans, "we hope to get a special dispensation from the Grand Lodge of Texas to operate a Texas Lodge" and initiate new members, he said.

Colonel Killough said there are about 150 active Texas Masons in this area, and that chances of getting the dispensation "look favorable."

## GI Ideas Bring In Heavy Rewards

TOKYO—(AP)—The U. S. Army is encouraging economy at the "fox-hole level" in Korea.

A Far East Command spokesman says the Army is distributing postcard-size "personal" messages from Army Secretary Frank Pace, Jr., telling every soldier "What you are costing you money."

More than a million dollars worth of money-saving ideas have been submitted by GIs during the past year, the spokesman says. The suggestions cram a 68-page pamphlet

## Old Piano Roll Blues Catch Professor With Music Down

AUSTIN—(AP)—They laughed when Dr. Hob Gray set out to find a player piano.

And they laughed again when the University of Texas Teacher Placement Service director sang the piano-roll blues. For the fascinating tubes which he found in the basement of Sutton Hall contained just words... no music.

Dr. Sutton is College of Education coordinator for remodeling the 35-year-old building where students learn to be teachers. It was more fun than looting the attic of the old homestead when he dug up what

he thought to be 18 player-piano recordings.

Some of them bore such intriguing labels as "The Man in the Cabin-Sealed Room," "Snakes Alive," "Long Knives," "The Most Dangerous Game" and "The Pearl Pirates." But other drab titles had the academic tone of mathematics, English, geography, general science and other subjects.

Dr. Gray was more than a little disappointed when he unrolled the scrolls and found they were the "artifacts" of a primitive visual-but-not-audio teaching system: just words, no music.

Sutton Hall received a face-lift in 1937 after University administrative offices were moved to the new Main Building. Dr. Gray, director of the Teacher Placement Service, was chairman for that job, too.

The remodeling now in progress will provide a new darkroom, preview rooms and other facilities for audio-visual instruction, a sound-proof room for research on hearing, physical and health education laboratories and other improvements.

Several classrooms will be reduced in size to provide for additional offices and laboratories. Floors, walls and woodwork will be re-finished, and lighting will be improved throughout the building.

## Smith Vetoes Annapolis To Continue Air Plan

Paul Dale Smith, 20-year-old Midland senior at the University of Texas, has turned down an offer of appointment to the U. S. Naval Academy so he can serve in the Air Force.

Smith, son of Mr. and Mrs. Paul Smith, 110 South Pecos Street, and grandson of F. C. Dale of Midland, was offered the appointment to Annapolis by Congressman Ken Regan.

The principal appointment would have admitted Smith, a 1948 graduate of Midland High School, to the academy about July 1, 1953.

"I consider it a high honor and would very much like to attend the academy," Smith wrote Regan.

"But in consideration of the four years I already have spent in the engineering field, in college, and the

**Paul D. Smith** fact that I will complete the four-year Air Force ROTC program this June and will receive a commission. I must decline the appointment.

"I feel that to accept such an appointment at this time would be both a disadvantage to me and someone else who would like to attend the academy."

Ray High School there, and then at mid-term she came back so she can graduate from good old Midland High School. She is staying with Frances Hefren. We really are glad to have you back "Tubby."

The Youth Center Membership drive still is in full swing. If you haven't bought your membership card yet, you still can buy it but you can't get in unless you have the card. Be sure and remember your number so that when Myrt and Fern ask you for your card you can tell them your number if you don't have your card.

The picture show Saturday night proved to be very good. The show this week will be held at 7:30 p.m. Friday.

There will be a Bulldog Stomp after the show Friday night. Everyone be sure and come to both of them.

**Ripe Old Age**  
Congratulations to Frank Midkiff who has added one more year to his age. Yes, Frank has reached the ripe old age of 18. Say, Frank, where are your crutches?

There are many "high-brows" in the Youth Center. How do we know? Well, there always are many teen-agers who attend the Civic Music Association concerts.

Virginia Lou Wilkinson, Barbara Tom, Sharon Herrell and Helen Zant will be back Friday from Washington, D. C., where they attended the inauguration of President Dwight Eisenhower. They stayed with Margie Hensley.

Where had Mona Leigh, Sarah Morgan, Ann Hamilton, Susan Alstrin, Judy Bilas and Carolyn Leggett been Sunday afternoon?

Tuesday MHS'ers did something different. This year for the Caloto, there will be a Miss MHS and a Mr. MHS. The results will not be known until the annual comes out this Spring.

Dorothy Black also had a birthday Wednesday. She had a party at her house, but those attending did not know it was her birthday until they arrived. Dorothy is 17. Those attending the party came dressed as little girls and even smaller girls. Everyone had a good time laughing at everyone else.

We wonder why Arthur Mayhew came blaring out of his car and yelling at the top of his voice Sunday afternoon? Those in the car were Stu Chancellor, Frank Midkiff, Gary Dee Howard, Phillip Hubbard and David Gooch. Did you boys have anything to do with it?

The Midland Bulldogs will journey over to Odessa Friday night to play a basketball game with the

Broncos. All of you who can go be sure and attend so the Bulldogs will have good backing.

Bill Mayfield has put off his moving and everyone is glad. Bill and his family still are going to move to Austin, but it may not be right away.

**"B" Squad Sweaters**  
Have you noticed the new gold letter sweaters? Members of the "B" squad football team got their sweaters at their annual banquet last Friday night.

While on the subject of banquets, the "A" squad banquet will be held Monday night in the cafeteria. The "A" squad boys are wondering if they will get their letter jackets. Hope so!

San Jacinto Junior High School finally has moved in its new gym. The boys got in there Monday and the girls' side was opened Tuesday. We know the students are glad to get into their gym.

High School students will have some tough competition this Spring, or rather starting right away. Yes, the building expansion program is scheduled immediately.

Tuesday night, both Midland Junior High played both Odessa Junior High, Odessa won both games, but not by large margins. Next time Midland is going to collect both victories, aren't we?

Whenever you are in the mood for dancing all you have to do is just mention the word and everyone at the Y. C. sure will take you up on it. Yes, it seems as though everyone has the "dancitus." It is alright with Myrt and Fern, so you can dance anytime.

Jane Wight, who is a freshman at San Jacinto Junior High, is moving to Houston this week or the beginning of next. We surely do hate to see Jane move. Jayman Edwards gave a going-away party for her after San Jacinto's victory over

Cowden last Friday night. It was a complete surprise to Jane. We hate to see you move, Jane, but be sure and come back to see us.

**All-School Party Slated**  
The All-School Party will be held in the Youth Center Saturday night. It will start at 8 p.m. and end at midnight. Everyone in school and of age may attend this dance. You do not have to have a membership card to attend this party.

Have you noticed the new ping pong table in the Y. C.? Yes, at long last we have added another ping pong table which was needed badly. Everyone is enjoying it. We wish we had gone more because they all would be in use. Thanks a lot to whoever provided it.

This just about winds it up for this week, so until next Thursday we will remind you that the membership drive still is in full swing and your dollar will provide the essential card.

and here's his recipe preferred by gourmets, the world over

**MEXENE MEAT LOAF**

1 lb. ground beef  
1/4 tsp. salt  
1/2 tsp. black pepper  
1/2 tsp. Mexene seasoning  
1 egg

1 tbsp. Worcestershire sauce  
1 medium onion, chopped  
1 small green pepper, chopped  
2 slices toast, crumbled  
1 cup canned tomatoes

Blend all ingredients, shape and pat well to form close texture loaf. Cover loaf with thin slices onion and cover with this sauce: 2 cups canned tomatoes, or 1 cup tomato juice and 1 cup water. Salt and pepper to taste. Sprinkle 1/2 teaspoon Mexene seasoning. Bake 1 hour, basting occasionally, in 400° oven. Remove loaf to platter, thicken sauce slightly and pour over sliced meat loaf. (Serves 4 to 6.)

**DON'T STARVE TO TAKE OFF FAT**

Many people have reported amazing results with this home recipe. It's easy—no trouble at all, and costs much less than most reducing preparations. Just go to your drugstore and ask for the new improved Barconate. Pour into a pint bottle and add grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, breast, abdomen, hips, calves and ankles. Just return the empty bottle for your money back.

**LOST 25 POUNDS**  
Mrs. L. R. Fitzgerald, 2280 Seaton Dr., Dallas, Texas, writes us as follows: "I have lost 25 pounds this summer taking Barconate West from size 18 dress to size 14."

**20 POUNDS LOST**  
"I sincerely recommend Barconate to anyone with a reducing problem," writes Mrs. E. R. Cox, 1274 Portland, Abilene, Texas. "I reduced from 165 to 145 pounds, a loss of 20 pounds. I now feel stronger, do my own housework with a smile. My friends say I look much younger, too. It really is surprising how simple it is to use Barconate and not gain back a single pound."

## Waldorf Salad Is Popular Hit

Winesap apples are the mark of distinction in the Waldorf marshmallow salad, which also features grapes and walnut meats.

By GAYNOR MADDOX  
NEA Food and Markets Editor

Practically everybody likes Waldorf salad. It's refreshing, easy to make and packed with health. Now, with so many Winesap apples in the market, enjoy this recipe:

**Waldorf Marshmallow Salad**  
(Serves 4)

Two cups diced, unpeeled Winesap apples, 1 cup sliced celery, 1/2 cup chopped walnut meats, 1/2 cup toasty grapes, cut in half and seeded, 8 marshmallows, cut in small pieces, mayonnaise, salt to taste.

Combine apples, celery, nuts, grapes and marshmallows. Mix with enough mayonnaise to moisten and season to taste. Serve in lettuce cups.

Note—Marshmallows are easy to cut when you use scissors. To prevent the marshmallows from sticking run scissor blades through powdered sugar.

Here's another recipe using the all-purpose Winesaps:

**Apple-Currant Crisp with Lemon Sauce**  
(Serves 6)

Five to six red all-purpose apples, 1/2 cup currants, 1 teaspoon cinnamon, 1 tablespoon lemon juice, 3/4 cup sugar, 2 1/2 cup flour, 1/4 teaspoon salt, 1/3 cup butter or margarine.

Peel, core and slice apples and mix with currants, cinnamon, lemon juice and 1/4 cup of the sugar. Place in a 10-inch round baking dish. Combine remaining 1/2 cup with flour and salt. Cut in butter or margarine until mixture is crumbly and sprinkle evenly over apples.

Bake in a moderate oven (350 degree F.) for 1 hour or until apples are tender. Serve warm with the following lemon sauce:

**Lemon Sauce**  
One-half cup sugar, 1 tablespoon cornstarch, 1 1/8 teaspoon salt, 1 cup boiling water, 2 tablespoons butter or margarine, 1 teaspoon grated

Cooking utensils of glass are easy to keep clean because they have a hard smooth surface. Soak the utensils to loosen stuck-on food. Use fine cleaning powder rather than rough cleansers that might scratch the surface.

Want to give fish fillets the glamor treatment? Serve them with cream sauce into which you've stirred diced cooked shrimp. You'll need about a half cup of the diced shrimp for a cup of medium sauce, and this amount of the shrimp sauce will be enough for your portions of the fillets. Sprinkle with minced parsley before serving!

**U. S. Receives Formosa 'Apple'**  
HONG KONG—(P)—Formosa is sending five million dollars worth of canned pineapple to the United States annually, a member of the Chinese Nationalist legislature reported here recently.

He said Formosa also was exporting about 300,000 tons of sugar, 30,000 tons of salt and "a large quantity of rice" annually to other Asian countries.

Boned roasts need a longer roasting time than do roasts with the bone in. But use low temperatures for either kind of roast.

**Sitting High 'Dog' Proves Huge Bear**  
PROCTOR, MONT.—(P)—A "dog" sitting high up in a tree didn't seem surprising to a little boy—he hardly mentioned it to his fellow second graders. But they wanted to see the tree-climbing "dog." And so did the boy's neighbor, Mrs. Maude Adams.

She took one look at the "dog" and then blasted the animal with her rifle. A 200-pound bear crashed down from the tree.

## Daddy Ringtail And Trouble At The Zoo

Uncle Bunkum lives at the zoo. He likes to live there in his monkey cage. The Monkey Catcher brings him breakfast in bed. The Monkey Catcher even comes by at times in the night to be sure that Uncle Bunkum is warm with plenty of cover.

Yesir, and if Uncle Bunkum ever wants something special, all he has to do is give a shout out loud for help. Then the Monkey Catcher will come a-running. Yesir, he comes a-running in the middle of the night, even with only a night-shirt on.

"Help! Help!" Uncle Bunkum shouted out late one night. The night was cold and rainy too, but there came the Monkey Catcher as fast as he could. He had come in much too much of a hurry to wear his house shoes. He hadn't even put on his robe.

"You having trouble, Uncle Bunkum?" the Monkey Catcher asked through the bars of the cage.

Uncle Bunkum laughed a sly little laugh. He asked if the windows on his cage were fixed all right for the rain not to be coming in if

the rain rained down real hard. The Monkey Catcher looked at the windows of the cage to be sure that they were all right. Then the Monkey Catcher went on back to his own house and his own bed, shivering with cold as he went.

Uncle Bunkum laughed out loud to see him go. Yes sir, he laughed out loud. Oh, it was fun to call out for help and see the Monkey Catcher

run so fast to come and see what was the matter. Uncle Bunkum called out again: "Help! Help!" And again the Monkey Catcher came running fast through the rain in the cold dark night with only his night-shirt on.

Well, it was fun while it lasted. At least Uncle Bunkum was think-

Catcher caught a terrible cold in his head, and a cold in his chest. Oh, he was a mighty sick Monkey Catcher. I can tell you, and I will tell you. Uncle Bunkum was ashamed of himself for causing it all, and sorry too, because all the next night, Uncle Bunkum had to sit up by the Monkey Catcher's bed until morning to give the medicine every hour. It will be a long, long time, believe me, before Uncle Bunkum plays another trick of having a someone run through the cold, wet night. He will never do it again. Happy day!

**HIGHWAY LEAPFROG**—Impossible though it seems, no one was seriously hurt in this deadly looking pile-up near Waco, Texas. The Mercury coupe on top of the pile collided with a truck, and leapfrogged onto what once was a Chrysler. Captain Robert S. Hammer, who was driving the Chrysler, escaped with only a broken foot. James C. Land, top man in the pile-up, was only cut and bruised.

## Army Gives Germans Cash, GI's Praise For Good Ideas

By TOM STONE  
**HEIDELBERG, GERMANY**—(AP)—The U. S. Army is paying Germans cash for hot ideas. Some of the ideas are corkers, saving Uncle Sam large sums in money and manpower.

The Army is shelling out cash prizes in a campaign to get more use out of its funds, materials, facilities and personnel. All concerned are prattling by it.

American and German employees of the Army, as well as GI's, are eligible to turn in suggestions and ideas. But the Germans are the biggest contributors.

Civilians are awarded cash prizes. Soldiers earn commendations.

In a three-month period last year, German employees submitted 1,630 suggestions, of which 681 were adopted. For these, the Army paid out 24,681 marks, or the equivalent of \$2,900.

The Army estimates that year's savings resulting from these suggestions will amount to \$7,895 and 2,118,794 marks (\$262,170).

That means for \$2,900 worth of German marks the Army gets the equivalent of \$271,164 worth of ideas.

One German prize-winning suggestion was a better way to fasten wooden screws in brick walls.

Someone clicked with the obvious idea of building a vehicle washing rack at a military post here instead of using one more than a mile away—netting a yearly saving of \$2,700 in manpower and transportation costs.

**Taps On Tools**  
 Sleeve patches once discarded by soldiers leaving the command are now cleaned and reissued because a master sergeant thought of it.

Another winner was the substitution of paper tape for costlier adhesive tape in packaging. It saves the Army \$195,760 a year.

Following a suggestion, the Army substituted a combined passenger-freight vehicle for two smaller vehicles. The saving is \$20,000 a year.

At the same time, the Army is putting price tags on everything from screwdrivers to tanks so the men using them can see what they cost. The Army figures they'll be more careful.

**Notches In Pay**  
 Former Secretary of the Army Frank Pace sent a message to military and civilian personnel in Europe urging them to cooperate in common-sense economies. Enclosed with paychecks, it said: "A portion of your pay has already been deducted for income taxes. A portion of what you receive today in cash will be paid out in both direct and indirect taxes. Some of this money will be spent by the government for Army weapons and equipment which will be issued to you. I urge you to take special care of these things, which are costing you money."

# Hangover Cure Takes Herring-Do; Balm Sounds Worse Than The Bite

By WADE JONES

PARIS — (NEA) — Americans seeking balm for too much celebrating might get a tip from a few of the curious cures of Europe. On the other hand, they might feel worse.

Some of the remedies seem worse than the ailment they're supposed to cure. In fact, they seem to be based on the theory that the cure is awful enough, the patient will forget all about his original indisposition.

Fish, for instance. In parts of Germany, where a hangover is called a katzenjammer, and in several other north European countries, it's the custom before retiring to gulp down a whole herring dipped in chopped onion.

The technique is simple. You just take the herring—preferably raw—by the tail, lean your head back and swallow it down. It's supposed to absorb the alcohol in the system and make you wake up in the morning feeling like a million marks.

In Germany, fish thus eaten are called rollmops, but have more the effect of vacuum cleaners.

Most Europeans subscribe to the theory that an ounce of prevention is worth a quart of cure. So they eat a lot before and while they're drinking.

In countries like Belgium, Holland, Norway, and Sweden many people eat a chunk of butter beforehand if they haven't had time to eat anything more. In southern Europe they often eat several slices of bread dunked in olive oil.

After a party in Holland it's

often customary for the host to give you something called "uitsmyter," which literally means something to get you out of the place with. It usually consists of bread and butter and fried ham and eggs.

In France, which boasts more running feet of bar space per person than any other country in the world, people also eat a

bistro and call for a rince cochen, which is white wine and seltzer and which picturesquely means to wash the pig out of the system.

Jacques, head barman at the swank Relais-Plaza, unhesitatingly recommends a mixture of ice cold beer and tomato juice. "But not if you've been drinking scotch the night before," he adds. Jacques is firm on the point that the only morning-after cure for too much scotch the night before is a drop more of the same.

But Jean, bar chief at the Tangage Restaurant, doesn't entirely approve of the hair-of-the-dog business.

"It doesn't cure the hangover," he says. "It only postpones it.

We once had a client who came in here, a genteel type. He drank every morning to postpone a hangover he had acquired 20 years before. One day he forgot to drink and the hangover caught up with him—a 20-year-old hangover, my friend—and he just sort of exploded like this—pft. They could not even find the little pieces of him."

**FREE CHURCH RIDE**

**NEW ORLEANS** — Because an anonymous donor recently gave St. Paul's Episcopal Church a station wagon, the Rev. Anthony Diefenbaugh, church rector, has announced free rides to church. All that is needed is a telephone call.

**HEAVY, HEAVY**, hangs the hangover of Frenchman Raoul Presse, here trying an international cure, to wit: a raw herring to be followed by hair-of-the-dog (in glass) while he wears American-made hangover hat compartmented for ice, aspirin, and other panaceas.

lot while they're drinking. And that's despite the fact the country has 580,000 bars and only 49,000 bakeries.

Parisians, young people particularly, like to go Les Halles, the great market place, after a late party and eat onion soup.

When food fails, though, Europeans are great believers in the hair-of-the-dog theory.

The French have two words for hangover which are good yardsticks in the matter. One is "mal aux chevaux," which means aching hair and the other "gueule de bois," which is mouth of wood. If you've got either of these it probably means you've grievously afflicted and can take stern curative measures.

Louis of the Crillon Hotel bar, recommends what he calls a juice and three parts vodka with ice.

The French workingman will probably step into the corner

## Midland Nurse Recalls Care Given Pearl Harbor Victims

By JOHN BOWERS  
Reporter-Telegram Staff

A former Army nurse, who went through the horror of Pearl Harbor on Dec. 7, 1941, as a civilian nurse, now lives in Midland as an anesthetist employed by the Western Clinic-Hospital.

Carmel Dorlan, an attractive brunette, remembers the Japanese air raid on Pearl Harbor more than a decade ago as clearly as if it had happened yesterday. She was working in the Kapolani Maternity Hospital, Honolulu, Hawaii, when the attack came. Many of her patients were wives of servicemen killed or injured in the Japanese sneak raid.

Carmel was asleep when the air assault began. "At first I didn't believe it," she reminisced. "But the radio kept on broadcasting time after time that it was not maneuvers, but the real thing—war."

### Cares For Wounded

"I joined up like everybody else," she said. The Navy Shore Patrol shuttled her back and forth between her job at the maternity hospital to the Pearl Harbor naval base to care for wounded sailors and soldiers. Maintaining her three to eleven shift at the civilian hospital, she worked caring for injured servicemen, sleeping whenever she had a chance.

Often she had to rest only when the wards were quiet, or while sitting up in a chair. There were no regular hours for anyone after the Japanese attack—just keep going until weariness forced short snatches of sleep.

Carmel was assigned to the "burn" ward at the military hospital, attending to sailors and soldiers who swam through a sea of burning oil to reach the land. Those who had been burned seriously and were given little chance to live were allowed heavy doses of morphine to ease the agony of their last moments.

### Supplies Were Short

She reported the situation after Pearl Harbor as being worse than a "battle zone." Supplies were pitifully short. Sheets were torn up to make bandages, and morphine prepared in bottles instead of hypodermics.

Recalling the influx of injured military personnel and civilians after the Jap raid, she related, "It seemed like everybody there was flat on their backs."

There were problems at the maternity hospital also. The young mothers were worried about their service husbands, and many of them had their children prematurely. And the hospital was kept dark without lights.

Some of the Japanese bombs landed a short block away from her home during the air raid. She remembered how the perfume bottles on her dresser shook from concussion when the bombs exploded nearby.

### Her Japanese Helper

She watched the enemy planes come in to attack the harbor. Only a quick retreat from her balcony saved her from a shower of shrapnel thrown by an exploding bomb. A rigid curfew was imposed after

the Japanese assault. She had a special pass to permit her to enter the harbor area. Once she turned a flashlight on and was told to put it out or be shot.

No one trusted the Japanese living in Hawaii after the Pearl Harbor air raid. Carmel recalled that she had a Japanese helper, a meek little woman. But the nurse thought the woman might try to kill her at any time.

She returned to the United States about three weeks after Pearl Harbor as one of two nurses caring for Fannie Halsey, wife of the famed Pacific admiral "Bull" Halsey. They traveled on the SS President Coolidge.

Even after her return to the United States, her memories stayed with her. She recalled a party she attended where a flight of planes flew over. Forgetting where she was, she dove beneath the nearest table.

Carmel joined the Army as a second lieutenant in the latter part of 1941. She was discharged the following year, being taken off duty as a head nurse in a ship platoon slated for overseas duty.

She received her nurse's training in the Merritt Hospital, Oakland, Calif., in 1940. From there she went to Honolulu, Hawaii.

The Midland anesthetist entered the field of anesthesia at the Harris Hospital, Fort Worth, where she underwent the exacting and difficult training for her profession in 1952.

**PLEASANT DREAMS**—Carmel Dorlan, who survived the Pearl Harbor attack on Dec. 7, 1941, to go on from general nursing and become a trained anesthetist, is shown at her work. She is applying a face mask to Ruth McKinley, chief surgical nurse, who acts as the patient. Both work at Western Clinic-Hospital.
