The proposed drill site is 14 miles southwest of Portales. The Atlantic Refining Company, Gulf Oil Corporation, Sinclair Oil & Gas Company and Magnolia Petroleum Company have agreed to support Ross & Holder Deal

The wildcat is to be drilled as a result of a deal worked up by W. G. (Bill) Ross and A. C. Holder of Midland and Lovington, N. M.

Congratulations, Mothers

Congratulations surely are in order for the Midland Mothers who rang doorbells throughout the city during the annual Mothers March on Polio.

It was an unselfish and generous gesture on the part of the hundreds of Mothers who marched on the dread disease, and the tremendous success of their efforts reflects the thorough job they did.

More than \$10,000 was obtained during the one-hour march. A remarkable feat, indeed, and every Mother who participated deserves the sincere thanks and appreciation of all Midlanders.

The march was well-organized, well-handled and well-staffed by Mothers whose hearts were in their work. Response to the call for funds with which to fight polio had not been too gratifying in the current campaign until the Mothers took over, and then things began to

It takes interest, interest on the parts of many persons to conduct such a campaign, and the Mothers of Midland furnished the interest. Dr. Rhea Williams, league ath- this year. letic director, said Sunday that the TIL executive committee is hoping for a quick decision from NCAA rules Chairman Fritz Crisler of Michigan so it can ask high schools to vote on the two systems-limited substitution or two-platoon.
