S-C Borden Wildcat Makes Oil On Two Mississippian DSTs

Rowan Drilling Company, Inc., of Fort Worth developed oil on two drillstem tests at No. 1 L. I. Long, wildcat in South-Central Borden County. The tests were taken in a lime formation, thought to be Mississippian.

Operator took a one-hour drillstem test in the section from 8,508 to 8,548 feet. Recovery was 808 feet of oil and 170 feet of heavy oil and gas-cut mud.

A second test was taken in the interval from 8,548 to 8,578 feet. Tool was open 45 minutes. Recovery was one foot of oil and 10 feet of heavy oil and gas-cut mud.

Operator was drilling below 8,697 feet in line.

Location is nine miles southeast of Gall and 660 feet from north and 1,980 feet from east lines of section 37, block 30, T-4-N, R-2P survey.

CSOC Gets Water From Ellenburger In Glasscock Test

Cities Service Oil Company No. 1-B Cross, wildcat in Northeast Glasscock County, found salty sulphur water on a drillstem test in the Ellenburger from 11,120 to 11,198 feet.

Tool was open two hours. Recovery was 1,080 feet of water blanket, 1,680 feet of black salt, sulphur water cut with drilling mud and 8,730 feet of salty, sulphur water. Open flowing bottomhole pressure was from 2,300 to 4,700 pounds. Shutin pressure after 15 minutes was 4,825 pounds.

Operator was running electric logs.

The Ellenburger was topped at 11,120 feet, elevation 2,620 feet.

No. 1-B Cross flowed oil from a shale section at 9,215-9,280 feet.

Location is at the center of the northwest quarter of the northeast quarter of section 17, block 35, T-4-S, R-2P survey.

Former Midlander Is Elected Officer Of Geology Group

Elliot H. Powers of Fort Worth, vice president of exploration for Southern Production Company, Inc., has been elected secretary-treasurer of the American Association of Petroleum Geologists.

Powers is a former Midlander, having worked here for Gulf Oil Corporation as field geologist in 1935 and as district geologist in 1947.

Announcement of his election followed that of John Emery Adams, of Midland, who was elected president of the organization.

Other officers chosen include: Leslie M. Clark, director and vice president, Pacific Petroleum, Ltd., Calgary, Alberta, Canada, vice president, and Armand J. Eardley, chairman, division of earth sciences, University of Utah, editor of the AAPG monthly Bulletin of Petroleum Geology.

The new officers will be installed at the close of the AAPG's 38th annual meeting, to be held at Houston March 22-26.

Water Is Developed On Ellenburger DST At Coke Exploration

Lion Oil Company was preparing to take a straddle drillstem test in No. 1 Edward from 5,756 to 5,793 feet in a section above the Ellenburger dolomite, after salty water developed on a drillstem test in the Ellenburger from 5,783 to 5,800 feet.

Tool was open two hours and 30 minutes. Gas surfaced in 31 minutes. Recovery was 3,000 feet of oil, 80 feet of oil and gas-cut mud and 100 feet of salt water.

A previous drillstem test, from 5,783 to 5,793 developed 3,100 feet of oil on the recovery. No formation water was found on that test.

No. 1 Edward is one mile north of Lion No. 1 Mary, recently completed producer at the north edge of the Bronie field of Central-East Coke County.

It is 660 feet from south and east lines of section 365, block 1-A, H&TC survey.

New Pay Opener In Ector Field Flows 365 BOPD

Gulf Oil Corporation No. 24-B W. E. Connell Estate, prospective Clear Fork discovery in the Jordan (multiphase) field of Southwest Ector County, has begun production.

Cross Filing Stirs Fight In House

State Security Files Looted, Says Witness

WASHINGTON—(P)—A State Department security officer testified Thursday his report on a "suspected Communist" employed by the department disappeared from secret files.

John E. Matson, special agent in the department's Division of Security and Investigation, was a witness before the Senate Investigations subcommittee headed by Senator McCarthy (R-Wis.).

McCarthy has charged that State Department files have been "looted" of derogatory information concerning some employes, including some under fire in his Communist-in-government fight.

Matson did not identify the employee concerned in the missing report, except to say the man was attached to the U. S. Embassy in Ecuador.

Matson told the senators he had "on several occasions" found documents were missing from the files. He named one of them as a letter written by Lawrence Duggan, a former State Department official who plunged to death from a New York City building window.

McCarthy, questioning Matson, termed Duggan's death "a suicide" and referred to the official as a man "who had been exposed—or was under fire as a possible Communist."

Duggan's death plunge was in December, 1948. Congressional committees were digging at the time into charges of Communist infiltration of the government.

McCarthy, presiding at the inquiry, disclosed he also has summoned Vladimir Tomanoff, a State Department official, as a witness in this second day of public hearings.

The senators heard sworn testimony Wednesday that a letter written by Owen Lattimore has disappeared mysteriously from one file, and that an official still not named once ordered a derogatory letter removed from another department worker's personnel file and burned.

Lattimore, a Johns Hopkins University lecturer, is a longtime State Department consultant now facing trial on charges that he led to a Senate committee when he denied Communist sympathies.

McCarthy's group also heard testimony that John Stewart Service, since fired on grounds of questionable loyalty to the government, was allowed day and night access to the department's confidential files on foreign service personnel.

One committee member, Senator Potter (R-Mich.), suggested this was "like putting an arsonist in charge of a match factory."

Driver's License Committee To Get First Applications

The driving license screening committee, will consider its first applications from juveniles at 9:30 a. m. Saturday in a meeting at the county courthouse, it decided Thursday.

The panel studies requests from applicants between the ages of 14 and 16 years. Members heard recommendations on committee operations from Capt. H. B. Matthews of the Texas Highway Patrol in a meeting Thursday in Hotel Scharbauer. He urged consistency in interviews. Rotating of committee members was suggested.

The screening group considers not only requests for permits to operate automobiles and scooters but also for learner's permits.

County Judge Clifford C. Keith presided at Thursday's meeting of the committee.

*** LATE NEWS FLASHES ***

LOWELL, MASS.—(P)—A flash fire in a classroom Thursday burned at least 50 girl students, some of them critically, at Lowell Teachers College and spread hysteria among some 500 girls in the building.

WASHINGTON—(P)—A secret report sharply criticizing the Air Force for waste and poor planning on multi-million-dollar overseas projects came up for action Thursday by the Senate Armed Services Committee.

LONDON—(P)—Deputy Labor Party Leader Herbert Morrison, speaking before the House of Commons Thursday night, accused President Eisenhower of "egg-ing" Chiang Kai-Shek to attack the Red China mainland.

CIO Urges End Of Wage Controls Now

WASHINGTON—(P)—The CIO Thursday called for an immediate end of government wage controls amid reports that President Eisenhower will issue an executive order, probably before the end of the week, decontrolling wages and some prices.

The CIO's president, Walter P. Reuther, wrote Eisenhower Thursday saying that the Wage Stabilization Board (WSB) has "virtually ceased to function" and said pay curbs should be dropped immediately.

Government stabilization officials disclosed they were informed at a conference with mobilizer Arthur S. Flemming Monday that Eisenhower planned a "control order before the end of the week."

Meanwhile, the White House declined again Thursday to say when an order will be issued ending wage controls.

Press Secretary James C. Hagerty was asked about a report wage controls would be brought to an end in 48 hours. He declined comment beyond saying the matter still "is under study and consideration."

Stabilization officials said the present plan is to decontrol wages at one stroke, but to remove price controls in a series of steps in order to avoid any marketing disruptions.

Reuther's statement pointed out that approval applications for wage increases involving hundreds of thousands of workers now are stalled before the WSB.

TRIPPERS SET JUNKET TIME

Midland goodwill trippers will leave at 9:30 a. m. Friday from Hotel Scharbauer bound for Garden City and the annual Glasscock County Livestock Show.

The trip is sponsored by the Midland County Livestock Association and everyone is invited to join the motorcade. Burvin Hines, assistant manager of the Chamber of Commerce, is in charge of arrangements.

Livestock judging at the Garden City show will be completed by noon, when a free barbecue is scheduled. An auction sale will be held during the afternoon.

Ken Regan Reported In Line For Mexico Ambassadorship

Rep. Ken Regan of Midland was one of three Texans reportedly being considered Thursday for the appointment as United States ambassador to Mexico.

In spite of reports circulating in Washington that President Eisenhower would not appoint a Texan to the post, the name of Regan and two other Texans kept popping up as possible choices, according to The Associated Press.

The other two Texans were identified as George Strake, Houston oil man, and Wright Morrow, Houston, former national Democratic committeeman.

The 59-year-old Regan, now serving his third term as a congressman from West Texas, was an outspoken foe of the Truman Administration during the recent presidential election campaign.

There was no verification of reports President Eisenhower would not name a Texan to the post. The reason given was that there still might be some resentment in Mexico because Texas fought for and won its right to be a republic instead of a part of Mexico.

In the past, Texas congressmen have denounced this attitude. They have observed that Texans have more in common with Mexico than any other state and there is a heavy movement of people and commerce between Texas and Mexico.

SCARE MAIL—Postal employes at Bellaire, Ohio, had the scare of a lifetime when 500 snakes like the one above, exhibited by Eileen Wenzel, fell out of a parcel post package. Snakes, however, are no novelty to Eileen, who doesn't mind them a bit—when they're made of rubber. The shipment of vulcanized reptiles was addressed to the novelty shop where she works.

Dulles Turns On Pressure For European Unity Plans

BONN—(P)—U. S. Secretary of State John Foster Dulles Thursday called upon Continental Europe to put away its "old dangerous rivalries" and join quickly in armed union to "provide the indispensable cornerstone of a strong Atlantic Community."

The secretary and Mutual Security Director Harold E. Stassen flew here from London, where they reportedly left behind a warning to British leaders that concrete progress must be made within 75 days toward creating a European Defense Army including German troops or America "may reduce its aid program."

After a brief preliminary meeting with Chancellor Konrad Adenauer, they swung into a series of conferences with German and Allied leaders which virtually will fill their 21-hour stay here.

Dulles read a brief formal statement to the press after his first chat with Adenauer. He praised the 77-year-old chancellor as "one of the great postwar statesmen who has the vision to move forward and realize the possibilities of the future."

Dulles said he and Stassen were making this fact-finding tour of the six nations which have signed the treaty to create an European Defense Army because "we believe these countries stand on the threshold of a great evolutionary change which will supplant national rivalries with unity."

On April 29 Deadline "In that way, and only in that way," Dulles added, "can the nations of Europe put aside their rivalries which have been so dangerous in the past."

"In that way, Europe can provide the indispensable cornerstone of a strong Atlantic Community and set up attractions which can peacefully unite Germany."

The 75-day period of which Dulles reportedly warned British Prime Minister Churchill and Foreign Secretary Eden—as well as Italian and French government chiefs—would put the deadline on April 20. That is three days before the North Atlantic Council of Foreign Ministers is to meet in Paris.

Dulles, in a farewell statement before leaving London, said his visit there had revealed British-American accord on basic aims and only "very minor" differences over how to reach the goals.

As in his Paris and Rome talks, Dulles reportedly made it clear to the British that unless progress is made on the six-nation army project within the 75 days, the U. S. Congress may refuse to pour any more aid billions into this part of the world.

None of the participating countries yet has ratified the European army treaty.

Garvin had been coming to Midland 20 years and at one time his firm—Garvin, Welborn and McCulloch of Dallas—maintained offices here. He was the senior member of the widely known business which audited for Texas Baptists and other organizations in the state.

The certified public accountant arrived in Midland a week ago. His clients included leading business concerns in the city.

The body was forwarded by train Thursday to Dallas, where services will be conducted Friday or Saturday in the Marrs, Munday and Quill Funeral Home.

Survivors include the widow; a daughter, Mrs. Grace Rynders; two brothers, Walter L. Garvin of Dallas and J. B. Garvin of Como, and two sisters, Eva Garvin of Dallas and Sarah Garvin of Commerce.

Neville W. Ellis Chapel had charge of arrangements here.

AMSTERDAM, THE NETHERLANDS—(P)—The death toll in Holland's disastrous floods reached 1,320 Thursday. This brought the total in the Low Countries and Britain to 1,880.

The Dutch figures fell short, however, of the approximately 2,000 deaths which reliable, but unconfirmed reports say the surging flood waters have caused since the weekend.

And the end was not in sight. Four new breaks in the dike, system of Schouwen-Duiveland Island, in Southwest Holland, posed a new peril for thousands of homeless flood victims stranded there.

Boats fought through heavy seas and planes bucked snow and winds in a race against time to get almost 3,000 stranded persons off Schouwen-Duiveland before the next high tide late Thursday.

Dutch parachute troops were ordered dropped into the surrounded dry parts of the flood area to help in rescue efforts and to direct parachute drops of relief supplies. Rescue officials set up a "flying windmill" helicopter airlift from Woensdrecht Airport here to pick up people most in danger in stricken areas.

The Dutch Ministry of War offered an extra gulliver's day (about 30 cents) and a pack of cigarettes to each of the 4,000 to 5,000 American soldiers who have been sent in to help in the rescue work. But Gen. Manton S. Eddy, commander of U. S. Army forces in Europe, asked that the money and cigarettes be turned over to the national relief fund.

Although Britain herself is staggering under heavy flood damage, British troops and helicopters have been sent to help stricken Holland. Queen Juliana of the Netherlands sent her thanks to Britain's Queen Elizabeth II.

As fleets of boats and small planes rushed to the rescue through rough waters apt sleet and snow, a new storm bore down on the flood-battered Dutch coast.

In Eastern England, gale-whipped seas again broke through hastily patched dikes along the Lincolnshire coast and spread through already battered streets of Mablethorpe and Sutton.

Bill Returned To Committee For Re-Study

AUSTIN—(P)—The House Thursday refused to vote on passage of a bill that would repeal Texas cross filing law. Instead it sent the measure back to a committee for further study by a vote of 83-53.

AUSTIN—(P)—Charges of intimidation were injected Thursday into the dispute over whether Texas cross filing election law should be repealed.

The accusation was hurled by Rep. A. D. Downer, Center, as debate began prior to a vote on his bill.

The new law under which Shivers became the first Texas governor to be elected as the dual nominee of the Democrats and Republicans would be erased by the bill that went before the House with 12-8 committee approval.

Several members of the House had told The Associated Press trouble shooting aides of the governor were putting pressure on freshman members of the House to vote to kill or delay the bill.

Representatives who refused to be quoted said they were told the bill was "an affront to the governor."

"One of the biggest demonstrations of intimidation in the history of the Legislature took place yesterday," Downer declared.

"Dures, coercion and intimidation were exerted against freshman members of the Legislature."

Downer did not specify who he thought was responsible for the alleged intimidation.

Shivers himself was not available for comment on the earlier statements of members that they had been approached by the governor's aides.

"I hope those who have been intimidated will vote your conscience. . . . Let's don't be a jellyfish floating with the tide," Downer said.

He denied his bill to eliminate cross filing was "levelled against any one person."

"It is leveled in favor of the people of the State of Texas," Downer said, asserting cross filing had caused confusion among the voters at the last general election.

"The entire history of American politics is based on a two-party system," he continued, questioning how a two-party system can operate successfully if the same candidates are nominated by both parties.

He said cross filing would make for a one-party system such as Hitler's.

At one point during Downer's explanation of his bill, Rep. Doug Crouch, Denton—a supporter of the measure—raised the point of order that "persons not entitled to the privileges of being on the floor" (Continued On Page Nine)

Bedford Drive Angel Fish Hum Lullabies No Longer

The little angel fish of Bedford Drive have put away their watery lullabies and quit humming their ichthyological lullabies.

There'll be no baby Angel fish at this time.

And the City of Midland resumed its noisy work on a nearby water project.

Work on the project was called off eight days ago after Joel and David Gooch, sons of Dr. and Mrs. Oliver Gooch, 2202 Bedford Drive, informed city officials their angel fish had laid eggs and were expecting some little baby angels.

The noise of the city crew's air drills, they said, might excite the mama and papa fish and cause them to eat the eggs.

The eggs were supposed to have hatched in eight days.

Sunday, the Gooch family noticed the eggs had disappeared.

"We were hoping they had only been removed to another section of the 15-gallon tank," said Mrs. Gooch, "but we couldn't be sure."

The deadline for the hatching of the fish rolled around Wednesday and still no little angels made their appearance.

"We can only conclude," reported Dr. Gooch Thursday, "that there will be no baby fish at this time."

"Apparently the mama and papa fish ate the eggs."

Death Count Reaches 1,880 As Europe's Tragedy Mounts

WASHINGTON—(P)—The White House said Thursday President Eisenhower will begin holding regular news conferences next week.

The date of the first one since the inauguration has not been set definitely but indications were the conferences would be held on Thursdays. That is the same day on which former Presidents Roosevelt and Truman normally met with newsmen.

HARBOR TIEUP SPREADS NEW YORK—(P)—Longshoremen refused to go to work on the city's piers Thursday, throwing their weight behind a strike of tugboat crewmen in a move that could paralyze the port of New York.

Eisenhower's First Press Conference Set WASHINGTON—(P)—The White House said Thursday President Eisenhower will begin holding regular news conferences next week.

The date of the first one since the inauguration has not been set definitely but indications were the conferences would be held on Thursdays. That is the same day on which former Presidents Roosevelt and Truman normally met with newsmen.

AMSTERDAM, THE NETHERLANDS—(P)—The death toll in Holland's disastrous floods reached 1,320 Thursday. This brought the total in the Low Countries and Britain to 1,880.

The Dutch figures fell short, however, of the approximately 2,000 deaths which reliable, but unconfirmed reports say the surging flood waters have caused since the weekend.

AFTER MONTHS OF RUMORS—

Actress June Haver Turns Back On Films For Church

HOLLYWOOD—(AP)—Actress June Haver turned her back on movie-making's glittering brilliance Thursday to become a nun.

The 26-year-old blonde dancing star, whose salary rose to \$2,500 a week but whose career also brought her personal tragedy, ended months of rumors about her intentions by issuing a poignant statement Wednesday night.

Without disclosing her whereabouts, nor where and when she will enter a convent, Miss Haver telephoned the statement to her studio and asked that it be distributed publicly. It said:

"To all my friends:

"Now that I am about to do something that some of you perhaps will find it difficult to understand, I have thought it well to make a public statement.

"I am going away to prepare myself, by several years of prayer and study, for something I have been contemplating for the past two years. I am determined to be a Sister of Charity, with the grace

of God and the approval of His church, and to consecrate my life to the service of God in His sick and in His children.

"To do this will take more ability than I have. That is why I am going to prepare myself in a novitiate of work and prayer. If at the end of my two years of preparation, my religious superiors judge that I am able to do this, I shall consecrate myself by vow to this kind of life.

"His Will Be Done"

"As far as I am concerned, I know what I want to do. But what I want must also be what God wants. May His will be done.

"You, my friends who have helped me so well in the past, I know will continue to help me with prayer, that I may always be generous in the service of God."

Miss Haver sold her home in the Chevy Chase section a year ago and recently auctioned her possessions, closed her apartment and moved in with her mother, Mrs. Marie Otstead. She has terminated her nine-year association with 20th Century-Fox Studio, her most recent contract running to February 20.

She finished her last picture, "The Girl Next Door," a musical comedy with Dan Dailey, last November and has done no movie

work since. The picture is yet to be released.

Born June Stovenour in Rock Island, Ill., Miss Haver came to Beverly Hills, Calif., as a youngster. She sang with Ted Fio Rito's band, then went into the movies in 1944 at \$75 a week. Her pictures included "Home In Indiana," "Three Little Girls in Blue," "Irish Eyes Are Smiling," "The Daughter of Rosie O'Grady" and "The Dill Sisters. Tragedy Crowds Life."

But as her movie star ascended, tragedy clouded her life. In 1947 she eloped with Jimmy Zito, swing band trumpeter. Later they were married in the Catholic church. But the marriage ended in divorce a few months later.

She resumed an old friendship with a dentist, Dr. John Dusik, and they reportedly planned to marry, but he died after a short illness in October, 1949.

Miss Haver visited the Vatican in Rome during the Holy Year pilgrimage in 1951 and became active in the Newman Club of Catholic students at the University of California at Los Angeles.

During the filming of her last picture, she fell, injuring her leg, while doing a dance on a whirling table. The injury, and internal complications, kept her from work for months.

★ JOHNSON IN HOLLYWOOD ★

Jane Russell Knows Answer To Marilyn Monroe's Problem

By ERSKINE JOHNSON
NEA Staff Correspondent

Behind the Screen: Jane Russell is in Marilyn Monroe's corner, seconding the Calendar Girl's dream of getting a juicy dramatic role to escape the "dumb blonde" tag.

As Jane sees it:

"She's going through the same thing I went through. She doesn't like what the studio is doing to her and she doesn't know how to say no. One of these days she will learn as I did. She'll start swinging axes."

Chill Wills, the voice of Francis the mule, is due for a starring film of his own this year at Universal-International. There's talk of a romantic comedy and Chill's saying: "I think it would be a great part for one of those fading glamor queens who would like to try character comedy with an old bumpkin like me."

Chill made his first big hit in Hollywood as Clark Gable's pal in "Boonville" and MOM promised him a starring ticket.

"But something happened," he laments. "All they'd ever let me play were idiots with two heads."

Hollywood's "mental smog" is one of the main reasons for unimpaired film making.

Credit independent producer Lester Cowan for the phrase and then listen to why he's vowing to uproot himself from movietown:

"There are too many rules for film-making in Hollywood—and all of them are cliches. 'Experience' means redoing things you've done before—and that means repeating cliches.

"Creative talent shouldn't live in Hollywood, or listen to what Hollywood has to say. From now on I want to make the world my home and escape this town's mental smog."

The Truth Hurts

Dramatic license taken by writers in fictionalizing film biographies reminds me of the time Mrs. Lou Gehrig was invited to a projection room to see "The Pride of the Yankees."

When Lou's death scene was over, Mrs. Gehrig commented:

"But, gentlemen, it didn't happen that way."

Immediately three of Sam Goldwyn's writers leaped to their feet and chorused:

"But, Mrs. Gehrig, it's better that way."

Even over Mrs. Gehrig's protests, the fictionalized death scene was used in the film.

The word's out that Warner's first three-dimensional movie, "The House of Wax," is miles ahead of "Ewans Devil" in clarity, color and camera work, and that viewers need suffer no eyestrain.

Every studio feverishly is experimenting with three-dimensional processes behind locked doors these days, and one film executive told me:

If Cinerama and three-dimensional movies do for the film industry what we expect, there won't be any more 'flat' pictures in 1954. That will give us the chance to sell our libraries of old pictures to television without fear that we're hurting the film industry. Flat pictures won't have any value for theater exhibition."

Wife Divorced Actor Tom Brown

SACRAMENTO, CALIF.—(AP)—The language actor Tom Brown, 40, used his wife testified in divorce court, was not only "terrible, very profane," but so bad that she didn't know the meaning of many of the words.

Mrs. Barbara Brown said, furthermore, he used such language in the presence of his family.

She was granted a divorce decree, custody of their two children, \$100 a month support and a percentage of his gross earnings.

Lucille Ball Top Candidate For TV's Version Of 'Oscar'

HOLLYWOOD—(AP)—Thursday night, Lucille Ball will have her first night out since the birth of her celebrated baby, and she may take home some awards with her.

The cartoon-topped comedienne is a favored contender for three principal awards to be handed out by the Academy of Television Arts and Sciences. She is entered in the races for the best comedienne and most outstanding personality in TV; the show starring her and Desi Arnaz, "I Love Lucy," is up for the "best situation-comedy program" title.

If Miss Ball wins the Academy's "Emmy" (derived from "image"), it will be a delayed tribute. Last year Red Skelton received the best comic of the year. He remarked that it should have been awarded to Lucille and tried to hand it to her. She refused.

Stars and workers of the West Coast TV industry will gather at the Statler Hotel for the gala event. Obviously patterned after the Oscars of motion pictures, the Emmies are voted by the 400 members of the TV Academy.

Agricultural seeds first were sold commercially in the United States about 1747.

Executive Board Positions Filled For West Texas C-C

ABILENE—With appointment of directors-at-large, membership of the executive board of the West Texas Chamber of Commerce is complete for the coming year, President R. Wright Armstrong announced.

Three directors-at-large were re-appointed. They are W. O. Fortenberry, Lubbock; Price Campbell, Abilene, and John A. Couch, Haskell. The others are H. R. Budke, Amarillo, and J. Carter King, Jr., Albany, who was a district vice president last year.

Vice presidents were elected in district membership meetings in December. Re-elected were Art Jordan, Amarillo; Homer D. Grant, Lubbock; W. H. Bill Collins, Midland; and E. L. Buelow, San Angelo. New vice presidents are A. G. Hargrave, Childress; Fred Brown, Mineral Wells; W. G. Swenson, Stamford; Calvert Tucker, Yaleta; Sam H. Walk, Del Rio, and Wendell Mayes, Brownwood.

Other members of the board are Frank H. Kelley, immediate past-president, Colorado City; Ed S. Stewart, Sr., treasurer, Abilene; Fred H. Husbands, executive vice president and general manager, and President Armstrong.

As president of the Chamber of Commerce Managers Association of West Texas, A. C. Bishop of Sweetwater is an ex-officio member.

DUSTY STATUE SAVES SOONER

YUKON, OKLA.—(AP)—An old Oklahoma law making it a crime for a patient to pull a dentist's tooth was discovered Wednesday—and just in time.

Dr. David Harris was about to let the highest bidder do the thing everyone has thought of at one time or another—give the dentist a taste of his own medicine. He would have allowed the bidder to yank his ailing wisdom tooth—for charity.

He was saved from the ordeal—the result of a rash Christmas promise—when someone dusted off the old statute.

Funeral Rites Held For Pioneer Woman

Funeral services for Mrs. Flora Agnes Glenn, 64, who had lived in Midland for 63 years, were conducted at 10 a.m. Thursday from the Newline W. Ellis Chapel with the Rev. Clyde Lindsey, pastor of the First Christian Church, officiating. Interment was in Fairview Cemetery.

Mrs. Glenn was born at Colorado City. Survivors include three daughters, two sons, a sister and a brother.

Bonham Honors Ike

BONHAM—(AP)—President Dwight Eisenhower, who recently decided to attend the Presbyterian Church while in Washington, has been an honorary member of the Presbyterian church Men's Club here.

CAPITALIZED

Tennessee had three different capitals before Nashville became its capital city. Knoxville was first, followed by Kingston and Murfreesboro.

Chill Wills, the voice of Francis the mule, is due for a starring film of his own this year at Universal-International.

There's talk of a romantic comedy and Chill's saying: "I think it would be a great part for one of those fading glamor queens who would like to try character comedy with an old bumpkin like me."

Chill made his first big hit in Hollywood as Clark Gable's pal in "Boonville" and MOM promised him a starring ticket.

"But something happened," he laments. "All they'd ever let me play were idiots with two heads."

Hollywood's "mental smog" is one of the main reasons for unimpaired film making.

Credit independent producer Lester Cowan for the phrase and then listen to why he's vowing to uproot himself from movietown:

"There are too many rules for film-making in Hollywood—and all of them are cliches. 'Experience' means redoing things you've done before—and that means repeating cliches.

"Creative talent shouldn't live in Hollywood, or listen to what Hollywood has to say. From now on I want to make the world my home and escape this town's mental smog."

The Truth Hurts

Dramatic license taken by writers in fictionalizing film biographies reminds me of the time Mrs. Lou Gehrig was invited to a projection room to see "The Pride of the Yankees."

When Lou's death scene was over, Mrs. Gehrig commented:

"But, gentlemen, it didn't happen that way."

Immediately three of Sam Goldwyn's writers leaped to their feet and chorused:

"But, Mrs. Gehrig, it's better that way."

Even over Mrs. Gehrig's protests, the fictionalized death scene was used in the film.

The word's out that Warner's first three-dimensional movie, "The House of Wax," is miles ahead of "Ewans Devil" in clarity, color and camera work, and that viewers need suffer no eyestrain.

Every studio feverishly is experimenting with three-dimensional processes behind locked doors these days, and one film executive told me:

If Cinerama and three-dimensional movies do for the film industry what we expect, there won't be any more 'flat' pictures in 1954. That will give us the chance to sell our libraries of old pictures to television without fear that we're hurting the film industry. Flat pictures won't have any value for theater exhibition."

Lucille Ball Top Candidate For TV's Version Of 'Oscar'

HOLLYWOOD—(AP)—Thursday night, Lucille Ball will have her first night out since the birth of her celebrated baby, and she may take home some awards with her.

The cartoon-topped comedienne is a favored contender for three principal awards to be handed out by the Academy of Television Arts and Sciences. She is entered in the races for the best comedienne and most outstanding personality in TV; the show starring her and Desi Arnaz, "I Love Lucy," is up for the "best situation-comedy program" title.

If Miss Ball wins the Academy's "Emmy" (derived from "image"), it will be a delayed tribute. Last year Red Skelton received the best comic of the year. He remarked that it should have been awarded to Lucille and tried to hand it to her. She refused.

Stars and workers of the West Coast TV industry will gather at the Statler Hotel for the gala event. Obviously patterned after the Oscars of motion pictures, the Emmies are voted by the 400 members of the TV Academy.

Agricultural seeds first were sold commercially in the United States about 1747.

DUSTY STATUE SAVES SOONER

YUKON, OKLA.—(AP)—An old Oklahoma law making it a crime for a patient to pull a dentist's tooth was discovered Wednesday—and just in time.

Dr. David Harris was about to let the highest bidder do the thing everyone has thought of at one time or another—give the dentist a taste of his own medicine. He would have allowed the bidder to yank his ailing wisdom tooth—for charity.

He was saved from the ordeal—the result of a rash Christmas promise—when someone dusted off the old statute.

Sorority Alumnae Discuss Projects

The Alpha Delta Pi Alumnae Association discussed community service projects Tuesday at a meeting in the home of Mrs. C. C. Thomas. The group made a donation to the March of Dimes. Plans also were discussed for the state convention to be held March 22-23 in El Paso. Those attending were Mrs. W. L.

Graham, Mrs. C. S. Aycock, Jr., Mrs. William H. Dunlap, Mrs. W. H. Oswald, Emma Jean Rindsig and Wanda Hawkins. The Capitol and White House in Washington, D. C., are both on Pennsylvania Avenue, about a mile apart.

P-TA Awards Membership To Mrs. Elder

Mrs. J. B. Elder, president of the San Jacinto Junior High School Parent-Teacher Association, was awarded a life membership in P-TA at the unit's meeting Tuesday night in the school.

The award was made by Mrs. Stanley Erskine, member of the state P-TA board and president of the high school P-TA.

In keeping with the observation of Safety Week in the school, the group heard a panel discussion on safety given by W. P. Z. German, Jr., Midland attorney; Duke Jimeron, insurance representative, and Charles Mathews, director of curriculum for the Midland schools.

Featured in the discussion was the question of safety in driving by underage children. The speakers stressed that a driver's license is required for driving motor scooters and motorcycles, as well as for automobiles.

They discussed the difference in insurance rates when juveniles are allowed to drive and mentioned the responsibilities of the parents for underage children who drive.

It also was stressed that underage children are required to apply for their driver's licenses in the county in which they reside.

It was announced that W. P. Crosby will represent the San Jacinto P-TA on the advisory screening committee which will assist in hearing requests for driver's licenses for juveniles.

A report from the City P-TA Council was given by Mrs. H. C. Rowland and Mrs. Martha Hall, a new teacher in the school, was introduced. The invocation was given by Dr. Wain Estes.

It also was announced that the school library already has received 1,800 to 2,500 new books that have been ordered.

HD Club Holds Program Meet

The West Side Home Demonstration Club held a business and program meeting Tuesday in the home of Mrs. L. H. Moncrief, 604 West Storey Street.

Mrs. Moncrief led the program on styles of clothing best suited to women with various figure problems.

During the business session conducted by Mrs. Joe Davis, Mrs. Karoline Hansen was named as a new member. Mrs. R. L. Mims was elected secretary after a resignation was accepted from Mrs. B. W. Hughes.

Visitors were Mrs. William N. Mosher and Mrs. Virgil Holman. Other members attending were Mrs. O. B. Jackson, Mrs. G. C. Murray, Mrs. Joe Hewitt, Mrs. J. C. Hudson, Mrs. W. T. Ross, Mrs. Guy Creighton and Mrs. H. B. Spears.

WMC Plans Rummage Sale

Plans for a rummage sale to be held Saturday were discussed at the meeting Tuesday of the Women's Missionary Council of the First Assembly of God Church. The group met in the church.

Mrs. Marshall Blocker, president, presided at the meeting. The devotional was directed by the Rev. R. I. Stewart, pastor.

Fifteen members were present.

LEAVE FOR MISSOURI

Mr. and Mrs. R. G. Allen and children, 716-B West Louisiana Street, left Wednesday night for Joplin, Mo., to attend funeral services for Mrs. Allen's father.

Before you buy your new refrigerator, be sure to determine the actual kitchen space you have available. For efficient operation, the equipment must have a space above it of at least 10 inches, and two or three inches at the sides and back to allow for free circulation of air.

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, FEBRUARY 5, 1953-3

First Baptist Church Circles Have Bible And Mission Study

Circles of the First Baptist Church met Monday and Tuesday for Bible and mission study.

Mrs. E. F. Conner was hostess to the Jaxie Short Circle and Mrs. E. H. Thacker presided over the business session.

The mission study, "Adventuring with God," was brought by Mrs. R. L. Merrill. Mrs. W. H. Dempster gave the closing prayer.

Others present were Mrs. Marshall Bagwell, Mrs. C. L. Wristen and Bess Miller.

Mrs. R. E. Vick led the Bible study Monday at the meeting of the Lockett Circle in the home of Mrs. W. B. Preston.

Mrs. C. G. Murray and Mrs. B. C. Girdley gave the opening and closing prayers.

Sebok-Neal Vows Read In Mount Olive

Iona Sebok of Midland became the bride of Willis Neal Sunday in a single-ring ceremony performed by Elder Jesse Bass in the Mount Olive Primitive Baptist Church.

The bride wore a powder blue suit with lapels and cuffs embroidered with pearls. Her accessories were navy and her corsage was of white carnations.

Mrs. Neal arrived in the United States approximately a year ago from her native Hungary. Since that time she has been employed in Midland.

The bridegroom, son of Mr. and Mrs. A. B. Neal of Caradan, was graduated from, Hamilton High School. He spent more than three years in the military service during World War II and was in the European theater 17 months.

Mr. and Mrs. Neal will live in their newly constructed home in the Mount Olive community where he is engaged in stock farming.

Attending the wedding from Midland were Mr. and Mrs. W. D. Cahey and children.

Others present were Mrs. J. F. Godwin, Mrs. R. E. Green, Mrs. C. W. Kerr, Mrs. Albert Clement, Mrs. O. L. Berrill, Mrs. T. Whitehead and Alta Merrill.

The Lottie Moon Circle met with Mrs. J. M. Teague Tuesday for study on "Herodius and Salome."

Those participating on the program were Mrs. H. I. Hancock, Mrs. J. K. Hazlip, Mrs. A. J. Tisdale, Mrs. O. A. Buttry, Mrs. Marks and Mrs. Paul Campbell. Mrs. Teague gave the opening prayer.

Others present were Mrs. Joe J. Smith, Mrs. A. P. Belcher, Mrs. J. H. Caldwell, Mrs. C. F. Hunter, Mrs. C. C. Smith, Mrs. Ellie Davidson, Mrs. Guy Russell, Mrs. Carl Peay, Mrs. James L. Bradley, and Mrs. O. D. Dillingham.

Mrs. A. D. L. Price and Mrs. C. Fred Carl became new members of the Letha Saunders Circle Tuesday at a meeting in the home of Mrs. O. L. Evans.

The Bible study on "Women of Destiny" was led by Mrs. C. M. Dunagan. Mrs. Evans gave the opening prayer and Mrs. W. H. Hill the closing prayer. Mrs. W. S. Dill presided during the business session.

Others attending were Mrs. R. L. Denton and Mrs. Morris Hill.

The Blanche Groves Circle met with Mrs. Glenn Bennett Tuesday.

Mrs. D. D. Miles gave the Bible study on "Women of Destiny" and Mrs. Arnold Scharbauer gave the closing prayer.

Others present were Mrs. Walter Krevis, Mrs. Charles Mathews, Mrs. Paul Martin and Mrs. Melvin Jorgenson.

Mrs. J. D. Monroe was hostess to the Sarah Bryant Circle Tuesday.

Mrs. Vernon Yearby gave the opening prayer and Mrs. Robert Goff, the closing prayer. Mrs. M. M. Bell presented the Bible study.

Others attending were Mrs. Lloyd Waldron, Mrs. Frank Griggs, and Mrs. Carl Cubbison.

Mrs. Venator Is Hostess To Circle

Mrs. Richard Venator, 404 West Parker Street, was hostess to nine members of the Naomi Circle of the St. Mark's Methodist Woman's Society of Christian Service.

Mrs. J. B. Carver led the program from "African Heritage" by Emily Ross and Mrs. John Grief gave a short discussion on Africa.

Mrs. Syd Fowler is a new member of the circle.

LOST 75 POUNDS WITH THIS HOME RECIPE

Overweight can be a menace to health, not to mention one's self-esteem. A rigid diet over a protracted period of time can also do harm. Why not try the Barconate way as countless others have done with remarkable results? Barconate contains no harmful drugs. In fact, it contains ingredients to make you feel better. Just go to your drugstore and ask for four ounces of Barconate. Pour into a pint bottle or jar and add 12 ounces of grapefruit juice. Then take 2 tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off bulky fat, return the empty bottle for your money back.

Many headaches are caused by eyestrain — don't handicap your health by neglecting your eyes. Let our registered optometrists tell you if glasses are needed. If so, properly prescribed and fitted glasses will aid your vision problems.

THE RIGHT STYLE OF GLASSES...

WILL IMPROVE YOUR LOOKS AS WELL AS YOUR VISION

SOCIETY

4—THE MIDLAND REPORTER-TELEGRAM, THURSDAY, FEBRUARY 5, 1933

Mrs. Cowden, Mrs. Chastain Are Pyracantha Club Speakers

Mrs. E. W. Cowden and Mrs. Joe Chastain were the speakers Tuesday when the Pyracantha Garden Club met in the Officers Club.

Mrs. J. H. Free and Mrs. George Putnam were hostesses. In her talk on "Chrysanthemums," Mrs. Cowden pointed out the plants are grown easily here since they can withstand both sun and wind. She named the following rules for growing the flowers: Choose well-drained soil; Move plants before blooming starts or give them extra plant food and water; Stake the plants early; Mulch ground heavily the first Winter; Mulch with peat moss during the Summer; Keep buds pinched off until mid-July or August 1 for larger specimen blooms and to make taller plants.

By dis-budding, she said, you can have massed flowers on one plant.

The first bud should be removed, she explained, when the shoot is five to seven inches tall, thus causing new shoots to form.

Types of mums which she discussed included spider, spoon, quill, cushion, ball and pompon.

Speaks On Herbs

Mrs. Joe Chastain, who spoke on "Growing an Herb Garden," told the group that in general, herbs are easy to grow.

They usually grow better, she said, in light, moderately rich, well-drained soil and with sunny exposure. They should be started indoors, she said, and transplanted to the garden when they are large enough.

She emphasized that it is best to plant each variety by itself and that most varieties are planted in the Fall. When planting herbs in the garden, she said, it's best to space plants four to six inches apart and 15 to 12 inches between rows.

The herbs she discussed included marjoram, rosemary, sage, savory, thyme, mint chives, parsley, caraway, dill and anise. Mrs. Chastain cautioned members to use a light hand when cooking with herbs since their flavor expands.

GROUPY COUGHS*

Mrs. E. V. Mitchell presided during the business session and Mrs. Harry Russell served as program leader. A Valentine arrangement of paper white narcissus in a glass container was shown by Mrs. Free. Mrs. Earl Johnson was named to the board of directors of the Women's Club and Mrs. S. M. Sisley was chosen as representative to the Garden Club Council.

A covered dish luncheon featuring herbs was served after the meeting. Mrs. R. D. Allen of Pacific Grove, Calif. was a guest.

Others attending were Mrs. A. B. Jenks, Mrs. T. P. Drew, Mrs. A. J. Hill, Mrs. H. S. McFadden, Mrs. Howard Counts, Mrs. Johnson, Mrs. Sisley, Mrs. Richard Hinkle, Mrs. Ed Shakeley, Mrs. James E. Peck, Mrs. Charles Sherwood, Mrs. W. H. Dunn, Mrs. Harry Murray, Mrs. Willard Bumpass, Mrs. Morgan Gist, Mrs. W. E. Scott, Mrs. G. D. Templeton, Mrs. R. G. Brantley.

Mrs. B. G. Grata, Mrs. E. C. Ruhmann, Mrs. E. D. Williams, Mrs. I. W. Hynd, Mrs. L. A. Kuykendall, Mrs. Douglas Edman, Mrs. Cal Boykin Jr., Mrs. Frank Downey, Mrs. Paul Lathrop, Mrs. L. F. Uhrig, Mrs. Robert Spivey, Mrs. John Castner, Mrs. J. M. Orman, Mrs. Harry Russell, Mrs. Joe Smith, Mrs. Frank Shriver, Mrs. John Stille, Mrs. W. H. Oswald, Mrs. Clyde Sharrer and Mrs. Max David.

Couple Reads Vows In Baptist Church

ANDREWS — Joan Arnold of Odessa became the bride of Kay Don Cheshire of Andrews in a single ring ceremony Saturday in Hobbs, N. M.

The bride is the daughter of Mr. and Mrs. Howard Arnold of Odessa. Mr. and Mrs. J. B. Cheshire of Andrews are the parents of the bridegroom.

The ceremony was read in the First Baptist Church with the Rev. Allen, pastor, officiating. Mrs. C. L. Millican and Mrs. H. L. Lopez of Hobbs, aunts of the bride, accompanied the couple. The bride wore a silver shantung taffeta dress with blue accessories and a corsage of silver carnations.

Mr. and Mrs. Cheshire are at home in Andrews.

Four cents of the average consumer's dollar in the United States goes for medical care.

Mrs. Reeder Gives Program For Gardeners

Mrs. Bill Reeder was the speaker for a meeting of the Green Thumb Garden Club Wednesday in the home of Mrs. W. C. Walker, 1112 Mogford Street.

Discussing service yards, she illustrated her talk with pictures showing various ways to divide a yard into two areas—using walls, trellises, shrubbery and flowers.

The speaker was introduced by Mrs. Gene McDaniel. Mrs. Paul Anderson reported on the Mother's March on Polio and thanked the members for their assistance in the march.

Refreshment table for the meeting was decorated with jonquils in a straw basket.

Mrs. Leland Ellis was a guest. Others present were Mrs. P. V. Anderson, Mrs. C. W. Chancellor, Jr., Mrs. Earl Craig, Mrs. Howard Davis, Mrs. Evans Dunn, Mrs. H. T. Hilliard, Mrs. Jack Huff, Mrs. Joe Huff, Mrs. Frank Jackson, Mrs. Paul Jordan, Mrs. Reagan Legg, Mrs. H. J. Rucker and Mrs. G. C. Tompson.

Two Are Hostesses To Police Auxiliary

Mrs. Roy Merket and Mrs. Odie Davidson were co-hostesses Tuesday when the Police Auxiliary met in Mrs. Merket's home.

Several committee reports were given. It was announced the next meeting will be held in the home of Mrs. Wayne Taylor.

Refreshments were served to Mrs. Walter Sanders, Mrs. J. W. McCurry Jr., Mrs. Roger Walker, Mrs. Willy Hill, Mrs. Harold Wallace, Mrs. Melvin Little, Mrs. O. W. Roberts Jr., Mrs. Billy Patterson, Mrs. John Wood, Mrs. Davidson, Mrs. Taylor, Mrs. Joe Curry, Mrs. Merket, Mrs. Ed Darnell and Kathryn Hughes.

Andrews News

ANDREWS—Mrs. Chester Allen was hostess to the 66 Home Demonstration Club Friday.

Mrs. Russell D. Austin, Andrews County Librarian, reviewed the historical novel, "Destree," Thursday at a meeting of the Progressive Study Club.

Mrs. Carl Ellis and Mrs. Ted Huestis entertained approximately 40 friends with a bridge party in the Community Building clubroom Thursday.

Mr. and Mrs. Lawrence Rhodes and daughter of Abilene have moved to Andrews where Rhodes will be associated in business with his father, A. L. Rhodes.

Coming Events

FRIDAY

The Ladies Golf Association of Ranchland Hill Country Club will hold a luncheon meeting at 12:30 p.m. in the clubhouse, to be followed by a bridge and canasta party. Hostesses will be Mrs. J. T. Sikes, Mrs. Walter Rankin, Mrs. M. R. Proctor, Mrs. J. V. Neuman and Mrs. W. E. Nance.

The Beginners Garden Group of the AAUW will meet at 9:45 a.m. in the home of Mrs. W. E. Cox, 1205 Country Club Drive.

The Terminal Library's Children's Story Hour will meet at 4 p.m. in the library.

Sashaway Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

The Past Matrons-Past Patrons Club will meet at 7:30 p.m. in the home of Mrs. Leo Baldrige, 600 South Fort Worth Street.

SATURDAY

The Midland Country Club will hold a formal Valentine Dance from 9 p.m. until 1 a.m., with a buffet breakfast at 1 a.m. Music will be by Dick Jurgens and his Orchestra.

The Midland Officers Club will hold a game night, beginning at 8:30 p.m. in the clubhouse.

The Order of the Rainbow for Girls will meet at 3 p.m. in the Masonic Hall.

The AAUW will hold a luncheon meeting at 1:15 p.m. in Ranchland Hill Country Club. Corson M. Spellman, professor of art at TSCW, Denton, will speak on "Prints and Print Making."

The Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland Public Library. The Story Hour in the Dunbar Branch will be held at 11 a.m.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, FEBRUARY 5, 1953-5

Girl Scouts Elect Officers, Schedule Valentine Activities

Valentine activities and elections of officers were highlights of 11 Girl Scout troop meetings Monday, Tuesday and Wednesday.

Brownie Troop 8 made candy heart bracelets and necklaces for Valentine gifts. Susie Jeter and Sue Ann Yeargan were guests.

New officers for Brownie Troop 10 are Susan Degelbeck, Sandra Massey, Doris Wallace and Karen Hatch. The group met Wednesday in the Little House.

Mrs. Hjemburger was guest speaker at the meeting of Intermediate Troop 39 Wednesday. Intermediate Troop 28 practiced archery and Intermediate Troop 17 filled out friendship cards for the Japanese.

Intermediate Troop 42 elected the following officers: Carolyn Chappell, president; April Scott, vice president; Sue Ernest, secretary, and Brooksie Williams and Pat Bennett, helpers.

Intermediate Troop 9 named Betty Bybee, president; Barbara Nugget, secretary, and Jo Paris, reporter. Sue Carver was a guest at the meeting of Brownie Troop 72. The following officers were elected: Mary Lou Johnson, president; Sylvia Eudary, secretary; Flora Mae Dugan, treasurer. Mary Priscilla Holland was hostess. The girls made Valentines.

Intermediate Troop 43 discussed mending and caring for books and Brownie Troop 74 discussed cleanliness and health. Suzanne Northcutt was a guest at the Troop 74 meeting.

Martha Orth was named chairman of Brownie Troop 50. Georgann Johnson was named secretary; Patti Hall, treasurer, and Patricia Matlock, errand runner.

BPO Does Discuss Plans For Future

The BPO Does, Drove 83, discussed plans for future activities Wednesday at a meeting in the Elks Lodge.

Events scheduled include Foundation Day February 12; initiation followed by a dance February 21, and a cake sale and Elks family party February 14. Mrs. Eddie Flannery was named as a two-year trustee.

Attending were Mrs. W. T. Joyce, Mrs. Henry Krause, Dolores Wilson, Mrs. Tom D. Frye, Mrs. Bertha Kenney, Mrs. Otis A. Kelly, Mrs. E. D. Richardson, Mrs. B. J. Moore, Mrs. George B. Christy, Peggy McCourt, Mrs. Winifred Estell, Mrs. Jack Petosky and Mrs. Flannery.

Does that tell-tale look on your face say change of life?

A great many women suffer "change of life" after forty. They tire easily, have "nerves," sleep poorly, are hard to live with. Their eyes and face get that "change" look.

Cardui has helped thousands of women to lose that "change" look. Cardui acts to (1) improve appetite, (2) thus build strength and resistance, (3) ease tension and nervousness—sleep better, (4) ease Cardui help you feel better, look better and be your normal, cheerful self again. Get Cardui today. (Say "cardui-oo-ee").

Mrs. Hatfield Is New President

Mrs. O. W. Hatfield was elected president of the John M. Cowden Junior High School Parent-Teacher Association Tuesday at a meeting in the school cafeteria.

She will succeed Mrs. T. J. Smith. Mrs. C. C. Huett was appointed to represent Cowden in the screening of teenage drivers and Mrs. J. C. Reynolds was named alternate. Appointment also was made of Mrs. Noel Gadberry as representative to the P-TA City Council.

Mrs. Lester Shirley presided during the business session.

Mrs. J. J. Black, Sixteenth District president, spoke to the group on Founder's Day. She told of the first meeting and of how the small group developed into the present organization. She named the association's achievements and explained the use of the Founder's Day gift.

Two musical selections under the direction of Mrs. Sara Macina completed the program. Eloise Hatfield, accompanied by Annett Smith, sang "Perfect Day" and La Nell Horn sang "I'll See You in My Dreams," accompanied by Sonya Bunt.

Mrs. Don Johnson, Mrs. James L. Daugherty and Mrs. Raymond Leggett, past presidents, were guests at the meeting. Mrs. C. D. Johnson gave the invocation. Room count was won by Mrs. Helen Thomas' room.

All women of the United States first had the right to vote in a national election in 1920.

Beta Sigs To Name Sweetheart At Valentine Dance Saturday

Presentation of the Beta Sigma Phi Sweetheart of Midland will be a highlight of the Valentine formal dance to be held by members of the sorority Saturday night in the Scharbauer Ballroom.

The dance is an annual event for Midland's Beta Sigma Phi City Council and five chapters. Guests for this year's event will be members of the Stanton and Odessa chapters and members of the Midland chapter of Nu Phi Mu, baby sister sorority to Beta Sigma Phi.

The Beta Sigma Phi Sweetheart will be selected at the dance. Nominees are Mrs. Dave Watson, Iota Beta Chapter; Mrs. John Horton, Mu Psi Chapter; Helen White, Beta Delta Chapter; Mrs. Gerald Keeler, Xi Theta Chapter, and Mrs. W. S. Kotch, Jr., Xi Alpha Mu Chapter.

Also presented will be the Nu Phi Mu Sweetheart. Nominees are Pat Walker, daughter of Mr. and Mrs. Doyle Walker, and Jean Waddill, daughter of Mr. and Mrs. H. V. Waddill.

Dean Baker and his orchestra will furnish music for the dance, which is to begin at 9 p.m.

Serving on the general arrangements committee are Mrs. Horton, chairman, Mrs. Victor Chancellor, Jr., Mrs. Lucille Johnson, Mrs. Pat Shuffield, Miss White and the Nu Phi Mu advisor, Norma Sinclair.

The decorations committee includes Dee Annis Barlow, chairman, Ina Hubbard, Anne Harris, Mrs. A. V. Reid, Mrs. Alton Brown, and a Nu Phi Mu representative, Anne Kiebold.

Modern Study Has Program

"Parliamentary Procedure" was the program topic Wednesday when the Modern Study Club met in the home of Mrs. Bryan Denson.

Mrs. Lee B. Park was in charge. A humorous skit based on erroneous procedure was presented. Those participating, in addition to Mrs. Park, were Mrs. R. E. Morgan, Mrs. John Daly, Mrs. Harry Denton, Mrs. C. C. Keith, Mrs. Brandon Rea, Mrs. Bryan Denson, Mrs. T. J. Smith, Mrs. Carl Westlund and Mrs. W. B. Smith.

It was announced the March 3 meeting place had been changed from the home of Mrs. Brandon E. Rea to the home of Mrs. Douglas F. Edman, 1614 Bedford Drive.

Others attending were Mrs. W. B. Anders, Mrs. J. W. Brown, Mrs. John Caselman, Mrs. Douglas F. Edman, Mrs. Bob Franklin, Mrs. J. T. Gist, Mrs. C. Richard Harrell, Mrs. Earl A. Johnson, Mrs. C. H. Shepard, Mrs. Charles L. Sherwood, Mrs. K. C. Slough and Mrs. M. H. Brady.

Mrs. Bradford Gives Program

Mrs. A. A. Bradford was the reader when the Play Readers met Wednesday in the home of Mrs. James D. Martin, 1401 Princeton Street.

Guests were Mrs. Bob Payne, Mrs. Miles Hall and Mrs. John Parker.

Other members attending included Mrs. Elliott Barron, Mrs. Ralph Barron, Mrs. J. E. Beakry, Mrs. DeLo Douglas, Mrs. John Fitzgerald, Mrs. Wade Heath, Mrs. J. H. Herd, Mrs. Ray Howard, Mrs. W. W. Irwin, Mrs. Charles Klapproth, Mrs. C. E. Marsh, Mrs. W. T. Schneider and Mrs. Wilmer Stowe.

Curtain Time Set For 'Gondoliers' Insurance Club Has Luncheon

Curtain time has been set for 8:30 p.m. for "The Gondoliers," which will open for its second weekend of scheduled performances Thursday in the City-County Auditorium.

Final performances will be Friday and Saturday. The operetta is being produced by the Midland Community Theater and Midland Music Club.

Tickets for the production may be purchased from 1 until 5 p.m. and after 7 p.m. on Thursday, Friday and Saturday in the box office in the City-County Auditorium.

Assisting as ushers for the performances are a group of members of Beta Sigma Phi Sorority, including Hazel Schneider, Lucille Johnson, Mrs. Bob Macina, Barbara Marshall, Mrs. Frances Atwater, Ina Hubbard, Flo Lamp, Mrs. Erwin Lehker, Verda Bartlett.

Maxine Ebeling, Helen White, Norma Sinclair, Mrs. John Rhoden, Alma Herd, Jesse Whiteside, Mrs. Jean Reinhold, Fern Kelly and Blanche Orand.

TSCW EXES TO MEET

There will be a meeting of the TSCW Ex-Students Club at 7:30 p.m. Thursday in the home of Mrs. T. D. Ward, 1114 East Maiden Lane.

Johnny Johnson of the Floyd West Insurance Company was guest speaker for a luncheon meeting of the Insurance Women of Midland. Topic for the address was "Liability Insurance."

The luncheon was held Wednesday in the Cactus Restaurant, with Fern Kelly, president, presiding.

Other guests were Norma McMullan, Mrs. Drucilla Pickett, Jimmy Motherhead and Bobby Pieper. Twelve members attended.

Chou Demands Truce On Reds' Terms Or Face 'Fight To Last'

By OLEN CLEMENTS
TOKYO (AP)—Red China Wednesday warned the U. S. to accept Communist terms for peace in Korea or face a fight to the finish along the bleak battlefield.

In a direct challenge to U. S. President Eisenhower's new Administration, Red Premier Chou

En-Lai demanded unconditional resumption of truce talks at Panmunjom, an immediate cease-fire and an 11-power political conference to settle the thorny question of war prisoners.

FRANKIE WORKS ON NIGHT SHIFT

ALBUQUERQUE, N. M. (AP)— To oblige a fellow officer, Sheriff Harold Hubbell made five-year-old Frankie Du Bois a deputy.

Frankie got a real deputy's badge. Hubbell signed but didn't tell the boy he didn't notarise the commission.

The child's harassed mother complained: "He's taking it too seriously. Last night after school we found him directing traffic."

American officials immediately rejected the broadcast threat as "old stuff." They said it was the same proposal advanced by Russia in the UN last December and voted down, 40-5.

These are the conditions laid down by Red China's No. 2 leader in a broadcast over Peiping radio:

1. "If the U. S. has the will and desire for peace in Korea she should unconditionally resume talks at Panmunjom."
2. Red China and North Korea "are ready for an immediate cease-fire on the basis of agreement already reached at Panmunjom."
3. "Thereafter we are prepared to discuss the question of prisoners of war at an 11-power political conference."

Then Chou hurled this belligerent challenge: "If the new American Administration continues to adopt policies of the Truman Administration in Korea and intends to further enlarge and extend the Korean War, we are thoroughly prepared to fight it out with the aggressors to the last."

Point In Dispute
 Allied negotiators, fed up with 15 months of fruitless wrangling, walked out of the Panmunjom talks October 8. They said, they would return only if the Communists agreed to one of several UN proposals or come up with something new.

The Communists want back all of the 123,658 POW's held by the UN. The Allies have agreed to send back only the 83,000 willing to return.

Chou's tirade was a quick Red reply to President Eisenhower's State of the Union speech Monday. Eisenhower said he was ordering the U. S. Seventh Fleet to stop "shelving" the China mainland from possible invasion by Chiang Kai-Shek's Nationalist Chinese.

GI Slain By Soldier In Berlin Identified As Tyler County Man

BERLIN (AP)—A U. S. Army sergeant shot to death by another GI in Western Berlin Saturday night was identified by the Army Thursday as Gerald Dalton Smith, 27, Woodville, Tyler County, Texas.

An Army announcement said Opl. Lamar Simpson, Jr., Ardmore, Pa., had confessed in writing to the slaying and had given this account of what took place:

Simpson caught a ride with Smith, who was driving a car in the city. As they were going along a street, he shot the sergeant with a .45 caliber pistol and stole \$1,500 in military payment certificates from him. Then he went on to pick up a girl friend.

A German police patrol investigated the car after it had stood at a curb for two hours with its motor running. They found Smith's body slumped in the front seat.

First Lt. William T. E. Storey, Columbus, Ga., said Simpson and the girl came to his quarters with the gun and the blood-soaked military scrip. The lieutenant finally persuaded Simpson to surrender the gun and give himself up.

Amarilloan Slated To Die Early Friday For Wife's Slaying

HUNTSVILLE (AP)— Roy Jack Hulien, 43, Amarillo, is scheduled to die in the electric chair in the early morning hours Friday for the fatal beating of his estranged wife.

He is the first man ever sentenced to death by a Potter County jury. His wife, Mabel Rachel Hulien, was beaten to death with a pipe in her Amarillo home April 25, 1951. Mrs. Hulien earlier had filed for divorce.

Hulien appealed his conviction, saying he confessed under pressure. State witnesses said the confession was voluntary.

He carried the appeal to the U. S. Supreme Court without success.

Turkish President Seeks Nobel Peace Award For Truman

ANKARA, TURKEY (AP)—Turkish President Celal Bayar has joined Greek Premier Alexander Papagos in proposing former U. S. President Truman for the Nobel Peace Prize.

Bayar cabled his proposal Wednesday to the Norwegian Parliament, which elects a five-man committee to make the awards. Papagos made a similar proposal last week.

Bayar said Truman should receive the award for his "invaluable services to the cause of peace and fraternity among nations."

The former President is regarded highly in Greece and Turkey as author of the "Truman Doctrine" of postwar military aid to the two countries and for his efforts to have them included in the North Atlantic Alliance.

Stanton Boy Shows Reserve Champion

HOUSTON (AP)—Bobby Sale of Stanton exhibited his reserve champion Herford steer in the Houston Fat Stock Show Wednesday. The calf weighed in at 800 pounds, had won a first place in the lightweight class.

Stanley Keese, 15, of Llano, showed his first place Herford steer, a winner in the middleweight class.

Other West Texas winners included Stanley Edwards, Rotan, fine fat wool lamb, first; Topper Rawlings, Marfa, pen of three fine fat wool lambs, first; Carroll King, Banga, first in fat swine, 241-270-pound class, and Delbert Ballinger, first in fat swine, 211-240-pound class.

Husbands! Wives! want new pep and vim?

Thousands of people are weak, worn-out, exhausted, easily become body lumps. For new vim, vitality, try **Woodford's Tablets**. Supplies from 75¢, too, may need for pep, supplementary dose 15¢. Buy 12 for \$1.50 and save. Or save real money. See money-saving "Economy" size. At all drug stores everywhere—in Midland, at Midland Drug.

NEW COMMANDERY OFFICERS—Here are the new highest elected officers for Midland Commandery No. 84, Knights Templar, which will receive a visiting representative of the Grand Commandery of Texas at 7:30 p.m. Friday when the annual inspection is scheduled. Left to right, the high officers are Larry Burnside, generalissimo; B. Franklin Davidson, commander, and Sam E. Hilburn, captain general. Other newly elected officers include L. H. Fox, senior warden; J. P. Butler, junior warden; Frank L. True, prelate; M. A. Floyd, secretary, and G. G. Hazel, treasurer.

CONFLICT OF POCKETBOOK AND VANITY— Price Of Engagement Ring Tests Marriage's Prospects

ALBUQUERQUE, N. M. (AP)— If you're proposing to propose, take some advice from those experts on romance, the engagement ring salesman.

You and the future spouse settle in advance how big the sparkler is to be which will advertise to all that she's yours alone.

With Valentine's Day only nine days off, the seasonal dash to the marital hitching post has started. And Albuquerque jewelry salesmen are reluctant to see the common occurrence of a wailing ex-fiancee and huffy ex-fiance because there was no meeting of minds on the cost of a ring.

The Gold Diggers
 One couple severed relations on the spot when the would-be bride

Atom Power Plants Not For Space Ships, Says German Expert

SAN ANTONIO (AP)—An Air Force space expert said Thursday he doubts atomic energy will be used to power ships zipping between planets.

An atomic power plant would be too heavy, Dr. Fritz Haber said in a speech prepared for the Southwest Section of the Institute of Radio Engineers.

Dr. Haber, former German aircraft designer, now is doing research in space medicine at the U. S. Air Force School of Aviation Medicine.

wailed, "I could never marry a man who bought me such a tiny ring."

Another primed the salesman to show her fiance a \$1,200 ring. When he came in, he said he couldn't afford it and bought one for \$400.

The tearful girl returned it the following day with the tragic lament: "I can't wear this puny thing. It isn't half the size of my sister's."

All this hurts the salespeople, who take a real interest in the folks to whom they sell the stuff that marriages are partly made of. Four-Year Effort

One saleswoman went to New York and spent two weeks patching up a quarrel between a young couple who had bought a ring while passing through Albuquerque, then wanted to send it back after the romance faded.

Another swain asked for his money back on an unused ring he had bought four years before. "I finally got up nerve last night and asked her, but she wouldn't take it," he explained.

If you don't want to talk over ring prices with the light of your life, jewelers have another suggestion which can save a lot of public arguments.

Pick out a ring and give it to her with the understanding she can trade it in if she doesn't like it.

That gives her an idea what the pocketbook will stand and still leaves her the satisfying feeling of having made her own choice.

IF HE'S DRY HOW CAN HE?

WASHINGTON (AP)— Representative Burdick (R-ND) said Thursday he will produce a pink elephant for anyone who can convince him liquor is beneficial.

The ex-football player, in a newsletter to constituents, said there is entirely too much drinking in Washington, and he continued:

"The people may think they need some stimulant to quiet their nerves in this cold war, but if there was ever a time when the people should have clear minds, it is now. If anyone can show me one beneficial contribution intoxicating liquor makes to the people of the United States, I will show you a pink elephant."

Permanent Waves Waive Nippon Elite From Classes

TOKYO (AP)—The Tokyo Jogakusha, exclusive girls' high school, Thursday suspended 44 Japanese students for getting permanent waves.

Fifty-nine others were ordered to get letters of apology from their parents for the same offense.

Principal Genichi Sawada said the penalties were proposed by the Student Council.

He said permanent waves were banned "to nurture wholesomeness among the students and to avoid showiness which would make the girls susceptible to advances by delinquents."

Other school regulations:

1. Fix the number of creases, color and style of overcoats.
2. Prescribe the type of socks and shoes.
3. Ban hair clips and compel girls to braid long hair.
4. Ban conspicuous hair decorations, limit the width and length of hair ribbons and the color to

that of the girl's hair. One 17-year-old girl complained the regulations made school life drab.

She was told not to return while her permanent still waved.

Wombats are bearlike in gait and structure, but they are small animals living in Australia and are marsupials.

Wingless Back Yard Angel Nurses Harp In Altogether

MALIBU, CALIF.—(P)—Right out there in Dorothy Betts' back yard was an angel with a harp.

She wasn't strumming the harp; she was carrying it toward the end of the yard.

The woman with the harp, who was quite unaccompanied with clothing, yelled "fire," and startled neighbors looked up to see smoke pouring from Mrs. Betts' roof.

Mrs. Betts explained that the fire started from a toaster while she was taking a shower. Her first, panic-stricken impulse was to save her \$2,000 harp, which at 85 pounds, weighs only 15 pounds less than she.

"By the time I realized what I was doing, I found myself in the middle of the yard without a stitch on, dragging my harp to safety," she explained to her neighbors, film actress Ann Dvorak and television actress Joanna Jordan.

The actresses helped firemen fight the flames, but Mrs. Betts' loss was estimated at \$9,000.

Eisenhower's Axe Knocks Out DPA, More Price Curbs

WASHINGTON—(P)—President Eisenhower's quick-moving campaign to put the country back on a free-market economy was shifting Thursday into a third phase—lifting of price controls on the things people buy.

His latest step, taken Wednesday was to knock out the Defense Production Administration, mainstay of the Truman Administration's industrial controls program. The agency's functions were turned over

to the Office of Defense Mobilization.

Dismissal notices went out the day before to all 2,000 or so employees of the federal boards which have controlled wages and salaries.

Soon and probably Friday, a price control official said, an order now in preparation will decontrol prices of meat and a lot of other consumer items, such as canned fish and canned meat, furniture and small electrical ware.

Order To Follow

Within two weeks, the official said, a follow-up order will call off controls on such major appliances as stoves, refrigerators and washing machines.

The decontrol order expected Friday would just about end price ceilings on wearing apparel. It would lift the lid on children's and infants' clothing at retail. Shoes and men's and women's clothing already are out from under controls.

Meat decontrol would be across the board, from stockyard to butcher, and would include veal, the only meat now selling well below ceiling prices.

Red Tape Slashed

Lamb, mutton and pork prices are controlled now only at retail.

The chief effect of meat decontrol would be to free dealers from much record-keeping as well as from requirements to cut and grade meats according to government specifications. Little change in price was expected since retail meat prices are generally well below ceilings.

In fact, two Democratic senators Wednesday called for swift steps to bolster sagging prices of beef cattle. Senators Monroney of Oklahoma told the Senate prices to cattle producers had dropped to a point where they endangered the economy.

Smith, Conant Win Committee Approval

WASHINGTON—(P)—Unanimous committee endorsements of Gen. Walter Bedell Smith and James Bryant Conant for top diplomatic posts foreshadowed their confirmation by big votes when the full Senate considers them, possibly Friday.

All 15 members of the foreign relations committee voted late Wednesday in favor of Smith as undersecretary of State, the No. 2 man in the department, and Conant as high commissioner for Germany.

Smith was chief of staff to President Eisenhower in World War II and is the retiring head of the Central Intelligence Agency. Conant is winding up a 20-year career as president of Harvard University.

Major Eisenhower Becomes G-2 Chief

WITH 3RD DIVISION, KOREA —(P)—John H. Eisenhower, son of the President, Thursday became staff intelligence officer of the U. S. 3rd Division.

Eisenhower had been acting intelligence officer since December 19. He attended his father's inauguration on orders of then-President Truman.

Young Eisenhower left the U. S. January 30 for Korea and arrived to find himself in the Army's official language, assistant chief of staff, G-2 (intelligence).

OIL OPERATOR DIES

DALLAS —(P)—Leight I. Dodwell, 72, independent oil operator, died here Wednesday night. Most of his oil operations were in the Ranger, Corsicana and East Texas fields.

Steve Hannagan, Noted Press Agent, Dies Of Heart Ailment

NAIROBI, KENYA —(P)—Steve Hannagan, the press agent who put the bathing beauty on America's front pages, died of a heart ailment in a hospital here Thursday. He had arrived in the Kenyan capital on Tuesday.

The publicist came here on a business trip for the Coca-Cola Company, one of his industrial clients.

Born in Lafayette, Ind., 53 years ago, Hannagan at an early age became one of America's most colorful and famous publicity experts—the popularizer of Miami Beach, Sun Valley and the Indianapolis Speedway.

Cheese Cake Promoter

Among his clients, he numbered almost a host of large industrial organizations, sports and entertainment figures.

Employed to promote Miami Beach, Hannagan launched the flood of winter bathing beauty pictures which became a sure space-winner in newspapers. Grateful Miami Beach paid him \$25,000 a year for his services.

His clients in later years included a variety of actresses and well-known figures. He was credited with publicizing Gene Tunney as the prizefighter who read Shakespeare.

Hannagan's first marriage, in 1931 to Ruth Kelly, ended in divorce. In 1939 he was married to model Suzanne Brewster, but they also were divorced, in 1943.

In recent years, he had been the frequent companion of movie actress Ann Sheridan.

Texans Invite New Agriculture Chief To Visit Lubbock

WASHINGTON—(P)—Four Texas congressmen Wednesday passed an invitation to Agriculture Secretary Benson to visit Texas—and also quite a bit about the farm problems in their state.

The four were Senators Johnson and Daniel and Representatives Poage and Mahon.

They invited Benson to attend the American Cotton Congress meeting in Lubbock June 25-27. Mahon said they also "pointed out that there is an acute farm labor problem in parts of Texas which must be dealt with some way."

"We also noted that there is a continued threat of losses from drought that will require maintenance of a feed program and some form of credit device to tide a stockman or farmer over through emergency periods."

Mahon said Benson agreed to give serious consideration to attending the Lubbock meeting.

Repeated Auction Of Horse Helps Cowboy Fight Disease

AMARILLO —(P)—A small shaggy 14-year-old horse brought \$2,500 at an auction Friday in a display of admiration for a cowboy's efforts to help a cause.

The money will go to the Muscular Dystrophy Association of America, Inc., the national organization leading the fight to find a cure for the crippling disease.

Sherman Cox of Happy, Texas, is the cowboy. His eight-year-old son Glen is a muscular dystrophy victim. Last month, Cox decided to pay a debt of gratitude to the association for its advice and encouragement during his son's illness.

Cox felt the best way he could do that was by selling Shorty, his roping horse known as one of the best by Panhandle cowboys.

Wednesday at an auction company's monthly sale, Shorty quickly was bought for \$850 by the Lions Club of Happy, which had collected donations from merchants and residents of the small town.

Then, for more than half an hour Shorty was sold and resold as one bidder after another bought him and turned him back to the auctioneer. Finally, Sherman Cox was asked if he'd like to keep his horse.

"No," he said, "I brought him here to sell."

The last buyer, John McCarthy of Amarillo, plans to keep the horse at a park for the muscular dystrophy fund, using the animal at a park he operates. Money paid by those who ride Shorty will be turned over to the fund.

Big Business Of Writing Dictionaries Must Keep Constant Ear For New Words

By ADELAIDE KERR
 NEW YORK—(P)—Did you ever realize, when you pick up a dictionary, that you may have contributed to its making?
 "The big business of a dictionary maker is to know the times," says Clarence L. Barnhart, one of America's leading dictionary-makers, now working on his ninth.

"The language is growing all the time. Every period brings its new developments and interests and produces special new words."
 "I estimate that, in every dictionary, about 5,000 new words come up for consideration and about 3,000 of them get in. One such word is 'minutiae'; a word coined by a press agent, meaning to broadcast

by radio and television simultaneously. Another is 'fluoridate' meaning to add small amounts of fluoride to drinking water.
 "Words are dropped out too, as they drop out of general use. In the last analysis, educated people make the dictionary."
 Barnhart, a big brown-haired,

scholarly looking man who loves a laugh, has been making dictionaries for 25 years. He started with a part-time job with a Chicago textbook publisher while he was a University of Chicago student.
 He now is in business for himself in Bronxville, N. Y., under contract to Doubleday and Company, New York publishers, and Scott Foresman, Chicago publishers of schoolbooks. At present he is working on a new college dictionary which he hopes will be ready in five years.

Two Vocabularies
 "The dictionary is divided into the common vocabulary (words like get and give) and the technical vocabulary (scientific terms)," says Barnhart. The technical keeps growing and crowding the common. The hardest job becomes deciding how to define the common words, which have so many meanings.

"The meticulous work required on thousands of words can make dictionary making an expensive business. The dictionary maker is in a constant race with time. A college dictionary often has 125,000 to 150,000 entries. If 100,000 of these are technical terms and the average time for a definition is 10 minutes, this means a million minutes—or more than eight years of one person's time, working 40 hours a week.
Big Typing Bill
 "Then there is the cost of typing the manuscripts. There are generally three of these and they cost \$15,000 apiece to type."

This is the way the Barnhart crew assembles a dictionary:
 The boss does much of the work on the common vocabulary, using a complicated system of semantic counts and checks.
 For the big job of selecting the right technical words, he reads two hours a day. A corps of readers reads all year, every year. The words they select and their definitions are written on slips go into an alphabetical file.

The slips are divided among a group of editors. Each editor checks his list against such questions as "How many newspapers and magazines use them?" and "How important has the term become?" He decides which ones meet the test and writes a finished definition. If there is any question, Barnhart has the final word.

Common and technical words then are assembled in one list and typed by a corps of housewife typists living between here and Chicago. The list goes back to the editors, who read it all, make corrections and out. It then goes to Barnhart for complete reading and editing. The second typing incorporates changes. The third is generally the final manuscript.
 After three to five years of work the new book is ready for the market.

OUT ON A LIMB—William Coile, pilot, and a companion, had to scramble 15 feet to the ground after crash-landing their light plane in treetops at Alton, Mo. Coile said he was blinded by the sun when attempting to land in a field after engine trouble developed. Neither man was hurt.

Agents Say Mealey Ignores \$40,897 In Reporting Gains

WASHINGTON—(P)—Federal tax agents said Thursday Carroll E. Mealey failed to report \$40,897 in income during the five years he headed the Alcohol Tax Unit of the Internal Revenue Bureau.
 Testifying before a House Ways and Means subcommittee investigating revenue practices, the agents related locating \$92,094.06 in income during the 1946-51 period when Mealey's income returns totaled \$51,196.99.

The agents, Martin L. Webb, St. Louis, and Charles H. Malmesbury, Philadelphia, resumed the witness stand as House tax fraud investigators probed deeper into Mealey's financial affairs as a one-time top tax official.
 Chairman Kean (R-NJ) observed that on the basis of this testimony, Mealey's unreported income was "almost twice the income he reported."

Closed Session
 Kean announced that Dwight E. Avis, chief of the alcohol tax division, would be heard later Thursday in closed session on politics in the division. Avis has told the committee that "the wrong kind" of

ERSKINE TO ATTEND AUTO DEALERS MEET

Mr. and Mrs. Stanley M. Erskine left Thursday for San Pedro, Calif., where they will visit a few days with Mr. and Mrs. Charles Soderstrom before continuing on to San Francisco to attend the annual convention of the National Automobile Dealers Association. They also will visit in Palm Springs and Las Vegas, Nev. before returning to Midland.

Erskine, Lincoln-Mercury dealer here, is an area director of the National Automobile Dealers Association.

politics had hampered efficient administration of his unit.

Agents Webb and Malmesbury testified Wednesday that in 1946 and 1947, Mealey's first two years with the tax unit, he spent—or received—\$13,095 more than he listed on his income tax returns.

One such unexplained item: \$1,900 paid in cash by Mrs. Mealey to a New York dealer for a nutria coat valued for insurance purposes at \$2,400.

Liquor Permit
 The agents said Mealey, of Albany, N. Y., was steered to the dealer by Louis Pokrass, a liquor dealer named in earlier testimony as an associate of gambling figure Frank Costello.

"That same year, the agents said, Mealey personally intervened to get a federal liquor permit for Pokrass."

Brownie Troop 58 Inspects Newspaper

Members of Brownie Troop 58 journeyed The Reporter-Telegram Wednesday for their regular meeting. The group was accompanied by Mrs. John Cooper, leader, and Mrs. Roger Northup, assistant leader.

Members attending were Sheryl Luckie, Glenna Bennett, Norma Phillips, Susan Speers, Claudia Morgan, Earlene Billingsley, Jan Howell, Carol Cooper and Kay Page. Eve Northup also is a member of the troop.

Forum Meets Thursday

Facts Forum, meeting at 8 p.m. Thursday on the second floor of Midland Tower, will discuss two topics: "Should we declare war on Russia?" and "Should our Social Security laws be repealed?"

who previously had been denied a permit on various occasions.

The witnesses said Pokrass denied paying for the coat himself.

They said he told them he did put down \$1,847 for a new car bought on Mealey's behalf in 1947. But they quoted Pokrass as saying Mealey reimbursed him—in cash and with no record of the transaction.

Carroll L. Thomas Elected President Of Rotary Club

Carroll L. Thomas, oil company attorney, was elected president of the Midland Rotary Club for 1933-34 at its regular meeting Thursday noon in the Cactus Club. He succeeds Richard Brooks, whose term expires July 1.

John Wilkinson was named vice president, and the Rev. W. R. Mann was reelected secretary-treasurer. Directors elected are Brooks, Dr. Henrie Mast, C. C. Smith and Malcolm Brenneman.

Dr. J. O. Shannon submitted the report of the nominating committee. W. I. Pratt presided at the meeting.

A panel discussion on public school operation was presented as a feature of the program, which was arranged by Dr. Mast. The panel included Frank Monroe, superintendent of Midland public schools, who served as moderator; Judge R. W. Hamilton and Thornton Hardie, school board members, and Charles F. Mathews, director of curricular activities for the school system.

School finances, buildings, general operation and on-the-job training were the major subjects of discussion.

Three members of the Board of Education, Mrs. John J. Redfern, Jr., John Cornwall and Holt Jewell, attended the meeting as special guests.

Senator Says Ike's Appointees Are Not 'Fairy Godmothers'

WASHINGTON—(P)—A Senate Republican and businessman quipped Thursday that President Eisenhower's appointment of wealthy executives to high government posts won't give business and industry an "economic paradise or fairyland."

And Senator Bennett (Utah) said there should be no idea the government, under the Republicans, has become "a benighted fairy godmother" with business as "her falch-haired favorite to be showered with privileges and immunities."

Bennett, former president of the National Association of Manufacturers, sounded this note after Senate confirmation Wednesday of the last of the "big five" Defense Department high command.

The Senate confirmed, 76-6, Eisenhower's nomination of Harold E. Talbott, wealthy Dayton, Ohio, manufacturer, to be secretary of the Air Force. It previously had confirmed Charles E. Wilson, former president of General Motors, as defense secretary; Roger M. Kyes, former GM vice president, as Wilson's deputy; Robert T. Stevens, Army secretary; and Robert B. Anderson, Navy secretary. All were prominent businessmen.

Stevens, Anderson and Talbott took the oath of office at a White House ceremony late Wednesday.

Livestock
 PORT WORTH—(P)—Cattle, 600; calves 200; active, strong; good and choice fed steers and yearlings \$18.50-\$22; plain and medium \$12-\$18; beef cows \$13-\$15; good and choice fat calves \$18.50-\$22; plain and medium \$12-\$18; stocker steer calves and yearlings \$14-\$21.

Cotton
 NEW YORK—(P)—Noon cotton prices Thursday were 85 cents a bale lower to five cents higher than the previous close. March 33.01, May 33.32 and July 33.66.

MOVE TO AUSTIN
 Mr. and Mrs. Jimmy Miles, Rankin Highway, left Tuesday for Austin, where they will make their home.

CONDITION IMPROVED
 Mrs. J. W. Bailey, 1214 East Golf Course Road, who has been seriously ill with pneumonia, is considerably improved, according to members of the family.

FROM ODESSA
 Mrs. T. A. Mullins and Mrs. Art Withers were here Thursday from Odessa.

FROM SEAGRAVES
 Mrs. Ralph Johnson and Ralph, Jr., of Seagraves visited Thursday in Midland.

Mary Jean Parsons' Mother Says Daughter 'Changeable'

WICHITA FALLS—(P)—Mrs. Jan Fleeger testified Thursday her daughter, Mary Jean Parsons, was moody and changeable preceding her marriage to the young Army officer she is accused of murdering.

Mrs. Fleeger was one of several witnesses and defense called to try to prove the pretty Tulsa socialite was insane when she shot her bridegroom to death in their El Paso apartment February 16.

While attending the University of Oklahoma during the Fall of 1931, Mrs. Fleeger said, Mary Jean appeared tired and anxious. She said her daughter told her she wanted to quit the university because she "couldn't make sense of school work and wasn't well."

When Mary Jean returned from the university, Mrs. Fleeger said her daughter talked incoherently. "I couldn't calm her down all night long. I called it nerves," Mrs. Fleeger told the court.

The mother said Mary Jean made two visits to a psychiatrist and, on the advice of the family physician, spent a week in a hospital.

Prior to her marriage to Lt. Richard O. Parson on Jan. 2, 1932, Mary Jean seemed uncertain about wanting to marry and changed her mind a number of times, Mrs. Fleeger testified.

The defense entered as evidence Thursday a letter the defendant wrote on her honeymoon to her parents.

Excerpts from the letter included, "I guess this is the end of the trail for me and I've probably ruined the career of a fine young man."

Also introduced as evidence was a letter written by the defendant from El Paso to her mother. After praising her parents and her husband she wrote, "I know, too, that nobody likes me for my own character. I don't even like myself."

A housewife friend of Mrs. Parsons testified Wednesday how the 22-year-old blonde visited her

twice after her husband had been killed.

"She knew she was over there, yet she was talking to me about curtains for her apartment," Mrs. Tom Fields, 22 wife of a Fort Bliss Lieutenant, said.

Mrs. Fields said the Parsons had played canasta in their apartment the night before the shooting and returned to the Parsons apartment—just across a patio—between 11 and 11:30 p.m.

She said Mary Jean had offered to loan her a vacuum cleaner and

about 10:30 the next morning brought it over to her.

"I told her to sit down and we talked about a number of things, mostly about making curtains for her apartment," Mrs. Fields testified.

She said they also talked about the two couples going to a movie that night and Mrs. Parsons said she and her husband would decide about the matter later.

She said she returned the vacuum cleaner to Mrs. Parsons that afternoon and noticed an empty beer can on a chair in the living room. The door to the bedroom, where Parsons' body was found, was closed.

Cross Filing—

(Continued From Page One)
 of the House" were in the House Chamber.

Speaker Reuben Senterfitt called for strict enforcement of the rules and several persons left the floor. Among them was Maurice Acers, and administrative assistant to the governor. He had been named by several members who talked to The Associated Press as one of the men who asked them to cast their votes against Downer's bill.

Downer and supporters of his bill appeared to be stalling for time in an effort to win votes to their side. **Bar Study Incomplete**

Shivers has said he thinks the cross filing provision needs clarification, but he has never called for its repeal.

One of his aides said the Administration's effort was not to defeat the bill but to delay action on it pending a study of the Election Code by a State Bar committee.

The Associated Press had asked for comment from the governor. In Shivers' opening message to the Legislature, he had suggested the Election Code needs revising. Shivers promised to make recommendations based on the State Bar study, which is not yet complete.

Many House members known to be sharp critics of the Shivers Administration are among backers of the bill to repeal cross filing.

Mrs. Fields said she asked Mary Jean if she and her husband had decided to go to the show with them. Mrs. Parsons replied she had talked with her parents by telephone and they were going to El Paso to visit her and they would be unable to go.

The Fields did not learn of the slaying until they returned from the movie about 11:30 p.m.

"Had I known that day Dick was dead, I would have thought she was insane. . . . She knew he was over there yet she was talking to me about curtains for her apartment."

EDEN PLANS U. S. TRIP

WASHINGTON—(P)—Britain's Foreign Minister Eden and Chancellor of the Exchequer Butler will come here next month for an "exchange of views," the State Department announced Thursday.

A filter device developed by the U. S. Army detects and identifies germs in the air in 15 hours instead of almost four days.

Call this agency for: **FIRE-CASUALTY-AUTO-POLIO** and General Insurance Coverage. Many hours of experience in this business.

SPORTS PARLEY

By CHARLEY ESKEW

The Odessa Region Golden Gloves squad this week lost one of its Midland boxers—with the promise another from here would take the place of Billy Burns.

Burns announced that the length of the Fort Worth State tournament would keep him away from work too long. He'll have to give up plans to try for the state title.

Burns is a fireball boxing addict and forfeiting the trip comes as a big disappointment to him. There aren't many more chances for him to return either, he's reaching a boxing peak. At 26, he's missing out on his second chance to go after becoming eligible.

He won the bantamweight title, as in Odessa, while fighting in the Fort Worth regionals in 1948. That time, however, Burns was sidelined with a broken finger.

"I sure am sorry I can't go," he said, "but the tournament lasts too long for me to get away." It starts February 11 and ends February 14. "I'd miss a week's work," he said.

With Burns out, Gloves officials seek Midland's Pat Morgan, currently a featherweight, as his replacement.

Morgan, a natural 118-pounder, went into the Odessa tourney after a moment's consideration. He took about two workouts, entered at his regular weight and beat three opponents to cop the novice feather crown. He'll go well, Odessa officials said, as a bantam against the Fort Worth competition.

For three years now, we've beat around two Texas pro leagues—the Longhorn and the Big State—and have yet to find a more mysterious man than A. C. Gonzales, club owner, league director, club-transfer artist. Trusting to memory, he never attended a league meeting in a dozen chances—yet generally he's the leading actor.

He's forever putting Paris at Sherman-Denison to Paris again, or Sweetwater at Pecos to Lamesa. It's no bad guess that half the money these leagues' directors pay out goes to traveling for Gonzales' benefit, voting okay for him to go ahead and move a club again.

Right now, everyone awaits his agreement with Lamesa to field a Longhorn League team there in 1953. No one awaits more anxiously, nor more on guard, than does Lamesa. It seems that at last Gonzales is being wondered about. His record leaves room for it.

Is he a good risk for a town? Are his teams popular? Lamesa would like to know.

Is he going to splash his lineup with Cubans who make a good team but lose color when they make up the majority of the players—bargain basement baseball? Is he going to run the Paris Express solely for outgoing Lamesa players, bolstering Paris in a higher class league?

Those things only time answers. Sweetwater protested with a low gate last year. Paris even complained, but to keep alive in baseball, not too loudly.

Lamesa wisely sought satisfaction at the league meeting this week that if Gonzales fails to keep his agreement with them, would the town lose its ball club in mid-season? No, President Hal Sayles said, Gonzales can not pull out in mid-season except by forfeiting the franchise. There'll be no R. W. (Dick) Burnett Gainesville-to-Longview deals in the Longhorn League as in the Big State League.

Gonzales would do well to make ready for a long stay at Lamesa—try stability for a change—it's a sharp baseball town.

Pros Will Kick-Off Rotary-Trotter Bill

Basketball's three-ring circus, the Harlem Globe-Trotters, will play the Rotary Engineers in Odessa at 8 p.m. Saturday, instead of 8 p.m. At that time, the Washington Generals and the Boston Whirlwinds take to the Bronco Fieldhouse court. These two, Locke said, aren't in on the Globe-Trotters act, but stick to strict competitive play.

Harlem, of course, is the king of the clowning court but boast one of the most fabulous winning records in basketball. Its star is Goose Tatum, the long-armed, double-jointed former Indianapolis baseball player. He also is the highest paid player in pro basketball. Tatum teams with Marvis

Haines in leading the Globe-Trotters. Locke announced that four Rotary part-time players, all West Texas cage coaches, definitely will be with his club Saturday.

Of these, Benny Rutherford of Sweetwater, has been a member of the Engineers several years. He recently scored 34 points in a Rotary game.

The other coaches, who'll join the Engineers are Glen Whitta, Monahan; Gerald Rogers, Crane, and Bud Hopkins, Iran.

The Saturday doubleheader has been a sellout for a week, with about 3,000 to attend.

Bonnies Threaten Seton Hall Record

NEW YORK (AP)—Seton Hall, top-ranking college basketball team in the country and only major unbeaten power, goes after its twenty-second straight victory against St. Bonaventure Thursday night in Madison Square Garden.

Coches Honey Russell of Seton Hall describes the Bonnies as one of the "toughest" foes left on the Pirates' 30-game schedule, pointing out that the upstate New York team has won three of its last four, including a 70-58 victory over Duquesne.

St. Bonaventure, which reached the National Invitation Tournament semi-finals with virtually the same team last year, has an 8-6 record after getting away to a slow start.

To Bill Edwards will fall the task of stopping Walt Dukas, Seton Hall's 6-11 center who currently is the nation's leading scorer and rebounder. The lanky center has 566 points and 497 rebounds in 21 games, respective averages of 27.0 and 23.3. Edwards, who is 6-5, is a good defensive player who held Duquesne's Dick Ricketts to only two field goals.

Penn's Ernie Beck and Villanova's Larry Hennessy put on one-man shows in a Philadelphia Palestra twin bill that featured Wednesday night's play. Beck got 24 points as he led Penn to a 63-56 victory over Columbia in an Ivy League struggle.

Hennessy tossed in 44 as Villanova beat Canisius, 93-80, with 53 points in the second half.

LaSalle, ranked fourth nationally, took Baltimore Loyola, 73-61, and Western Kentucky, ranked eighth, whipped Dayton, 88-77.

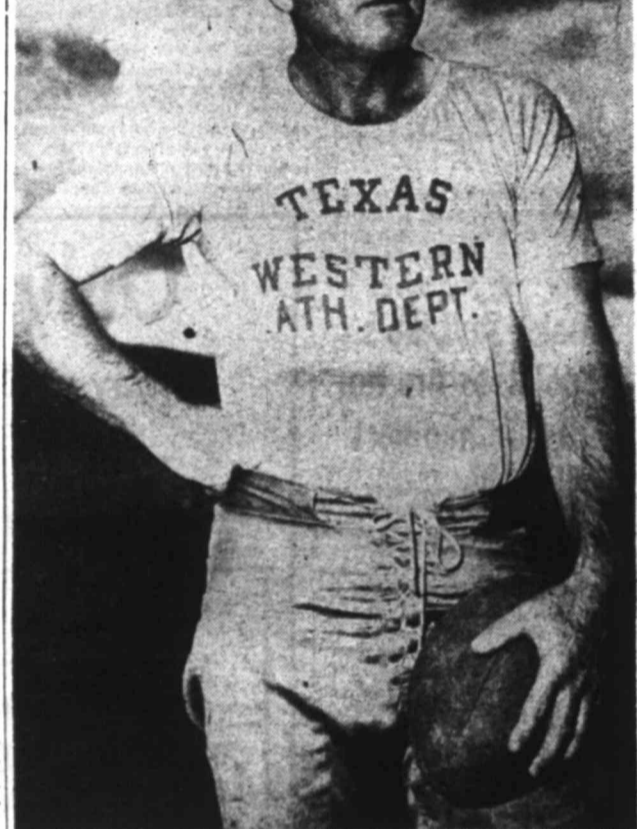

The other teams in the top 10 rankings were idle.

PAT EXTENDED TO WIN MATCH

PALM BEACH (AP)—Favorites went into second round matches Thursday in the annual Palm Beach Women's Golf Tournament but most of them called themselves lucky to be there.

Medalist Pat Garner of Midland had to go 19 holes to oust Mary Agnes Wall of Mid Pine, N. C. She will meet Carol Diring of Tiffin, Ohio, in the second round. Miss Diring won from Mrs. Peg Cirino of Orangeburg, S. C., 5 and 4.

Folly Riley of Fort Worth, the 1951 winner, went 29 holes before defeating Mrs. Jo Ann Tracy of Bloomfield, N. J.

GOING UP?—Mike Brumbelow, head football coach at Texas Western College and former Midland businessman, ranks high in the books of Athletic Director Matty Bell in consideration as the next head coach at Southern Methodist University.

Mike Brumbelow Heads List Of SMU Coaching Prospects

DALLAS (AP)—Mike Brumbelow, an affable fellow known better to fellow football coaches than most fans in his home state of Texas, may wind up as new ringmaster of Southern Methodist's aerial circus.

Three other coaches are due for interviews in the quest to fill the vacancy created when H. N. (Rusty) Russell unexpectedly resigned Sunday night because of what he termed "pressure" from the fans.

These three—J. O. (Buddy) Brothers, former Tulsa University

coach; Andy Pinesy, backfield coach at Tulane, and Milburn (Calfish) Smith, East Texas State College coach—probably will be interviewed early next week.

But SMU Athletic Director Madison Bell said after Brumbelow spent almost five hours with the school's faculty committee Tuesday night that Brumbelow appeared to have made a "fine" impression.

Bell is a strong booster of the current coach at little Texas Western College in El Paso. He coached Brumbelow for two years at Texas Christian University and Brumbelow was credited publicly by Bell with a brilliant scouting job for SMU when the Mustangs came within a touchdown of upsetting what Notre Dame Coach Frank Leahy called his "finest team."

A graduate of Texas Christian in 1929 and former assistant coach at that school, Brumbelow is known among his fellow coaches as a brilliant tactician. A former high school coach and good mixer, Brumbelow is not widely known to the average fan in Texas.

He said after visiting the SMU campus that if he got the job, he'd probably install the T formation. This is a formation that would be

Dickens To Succeed Wyatt At Wyoming

LARAMIE, WYO. (AP)—The University of Wyoming Wednesday signed Phil Dickens, 38, Wofford College, Spartanburg, S. C., to a three-year contract as head football coach.

Dickens succeeds Bowden Wyatt, who resigned to become coach at Arkansas.

Bill Renne, rookie outfielder from Kansas City making a bid for the New York Yankees this Spring, holds a B.A. degree from Santa Clara U.

AIRBORNE—Al Ferrari springs like a kangaroo leaping up and over the head of Ohio State's Paul Ebert to score another bucket for Michigan State in a Big 10 duel. The crack sophomore paces the Spartans with a 15-point average. (NEA)

Fain Becomes Top Salaried White Socker

By JERRY LISKA

CHICAGO (AP)—Ferris Fain, two-year American League batting champion, Thursday became perhaps the highest player ever signed by the Chicago White Sox, reportedly coming to "happy" terms for more than \$30,000.

Recently acquired first sacker Fain, who earned a reported \$28,500 last season with the Philadelphia Athletics, needed just a two-minute phone conversation with Sox General Manager Frank Lane to agree on a 1953 contract.

Guesses were the Sox awarded Fain a \$2,000 or \$3,000 boost over his Philadelphia salary. The Sox once paid Outfielder Al Simmons \$33,000 for a season, but it was the final year of a three-year \$100,000 contract Simmons had with the A's.

Fain inherits the top-salary role enjoyed last season by Eddie Robinson who was swapped for Fain in a five-player deal January 27. Robinson currently is engaged in a hassle with the Athletics for a "substantial increase" over the approximate \$25,000 paid him last season by the White Sox.

'NO ONE EQUALS HIM'— Indians Purchase Infielder Della Betta From Centralia

The Midland Indians Thursday bought an infielder—whom as a prospect "no one in our league equals"—from Centralia, Ill., of the Mississippi-Ohio Valley League.

Indian General Manager Horace Busby announced the deal and hinted that several more trades were pending before Midland goes to Spring training March 23.

The new tribesman is Roger Della Betta, a second baseman with a mammoth build.

Midland took to dealing for him about a week ago when the front office got hold of M-OV correspondence, from Centralia Presi-

dent Joe Modina to the loop president.

Della Betta currently is preparing to join organized ball again after two years in the service, but, since the Centralia club and the Class D M-OV circuit is on the brink of folding, he was offered for sale.

Getting ready to dispose of the team members, Modina told the league president there was never any player in our league who equaled him as a prospect. Modina was speaking principally of Della Betta as a defensive in-

fielder; he said Della Betta was the best in the league for completing double plays on the 1950

Centralia club. His work at bat, however, is equally impressive.

The youngster batted 300 in 1950 and ranked third in his league in total bases. His 183 hits included 22 doubles, 11 triples and eight home runs.

"We bought him because he was fast, too," Busby said. "He stole 33 bases and scored 116 times."

Afield, Della Betta was in on 97 double plays and recorded 330 assists and 318 putouts, marking up a .955 average.

Busby said the deal to bring Della Betta here was part of the move to complete the Indian infield, including a utility player, before Spring training starts. Already Manager Jay Hanes and third baseman Julio de la Torre are included on the roster along with two first basemen.

Della Betta, Busby said, would be carried on the roster as a National Defense returnee, neither classed as a rookie or limited service player. The new Indian is in his early twenties.

Ez Feels Sharp In TKO Victory

DETROIT (AP)—Ezzard Charles and the fans agree Thursday: The former heavyweight champion's sixth straight comeback victory was his most impressive.

Since losing the title to Jersey Joe Walcott, Charles had plodded past Bernie Reynolds, Cesar Briot, Frankie Buford, Jimmy Brins and Wes Bascom—none of them world-beaters—in 40-80 fashion.

Then came Young Tommy Harrison Wednesday night, and, being a ranking light-heavy, he was supposed to give Charles his toughest test of all.

But after eight rounds of pummeling, Harrison stumbled back to his stool for a quick freshening-up.

Texas Western's Miners Nip Buffs

EL PASO (AP)—The Texas Western Miners edged the West Texas State Buffaloes, 59-57, in a Border Conference basketball game here Wednesday night.

A field goal awarded the Miners when Ray Burrus of West Texas tipped a ball above the rim of a basket gave Texas Western the victory.

It was the Miners' second win in six circuit starts and the second loss in as many nights for the Buffs.

Ed Babers paced the Western attack with 17 points. Jimmy Scott, Troy Burrus and Ray Burrus with 14, 12 and 11 points respectively led the Buff attack.

West Texas led at the half, 28-27. A weed has been defined as a plant growing in the wrong place.

Ada Oilers, Phillips 66 Quints Collide Thursday

GAME PRINCIPALS—Irby Weaver (in suit) sent the Phillips 66er team into practice this week as he turns over the ball to 66er Gerald Tucker. The team worked out preparing for the Lions Club's Irby Weaver Leader Dog Benefit game at the high school gym Thursday night against Ada's Oilers of Houston. Phillips players are, left to right, J. B. Collins, Ray Ebling, Don Grove, Tucker, Jim Watson, Kenny Jastrow and Glenn Mitchell.

Charity Tilt To Aid Blind Irby Weaver

Phillips 66 of Midland and the Ada Oilers of Houston fight it out for the No. 1 ranking among Texas AAU basketball teams here Thursday night—and the winner will be Irby Weaver, blind concessionaire at the Post Office Building.

The game, set for 8 p.m. in the high school gym, is being sponsored by the Lions Club to raise money in the Irby Weaver Leader Dog Fund. With a sellout expected, Lions said Thursday the drive will be benefitted enough to enable Weaver to attend a Michigan training school. There he will purchase a seeing eye dog and work with it under supervision.

Weaver, who has set plans to attend the training school March 1 to about 30 days, will be the Lions' guest at the clash.

Its principals, the 66ers and Oilers, as well as the game officials, Lee Holman and Frank Ford, are contributing their expenses to the fund.

In the game, the company cousins—both 66ers—boast fabulous names in sports. Heading the visitors lineup will be Johnny Stanich, former Bartlesville All-American from UCLA; Olympic high jump champion Walt (Buddy) Davis, from Texas A&M; Royce Ray, all-Missouri Valley cager from Houston; Ralph Johnson, all-Southwest from Baylor; Jim Dowies, all-SW from Texas, among the long list of standouts.

On the sideline directing the team's backstage activities is Fred Walcott, former holder of two world hurdling records.

Midland's team counters with former all-American and 1948 Olympic cager, Gerald Tucker from Oklahoma, to head the list of ex-Bartlesville stars, Kenny Jastrow, Jim Line, Don Grover, Ray Ebling and Claude Houchin.

Tucker, who leads 66er scorers with an average near 20 points, has been chosen to open the program. He will sing "The Star Spangled Banner" as he formerly began all Bartlesville home games, just before the teams clash.

For a first year team, Ada is stacking up as a real comer in National Industrial Basketball League.

It's defaults have come chiefly at the hands of the perennial leader, Bartlesville, and more recently, in nip-and-tuck duels with the AAU defending champions, the Peoria Caterpillars.

Against outside competition, Ada has whipped eight foes while losing three.

The Bartlesville 66ers, Caterpillars and company have dipped the Ada record to a 11-10 mark overall. Ada's visit to Midland brings one Oiler home to tackle former teammates. He's Bill Klein, six-foot-10 center, who started the season as a 66er.

It has made a valuable addition to the NIBL club by scoring 55 points in four games. Dividing duty with Walt Davis at the pivot, Klein enjoyed his biggest night last week when he sank 23 points to lead the Oilers by Pemex Oil of Posa Rica, 115-58.

With Klein at 6-10, Davis at 6-8, Paul Sullivan of Alabama at 6-8, J. C. (Spider) Mase of Southwest Texas at 6-6, the Oilers can claim a height advantage against Phillips with just about any unit.

The starters probably will be Davis, Stanich, Dowies, Johnson and J. L. Jones, former Oklahoma A&M standout.

Midland's team will send Houchin, Tucker, Grove, Jastrow and Line out first to meet them.

DEPARTING SPECIALISTS—Texas is seeking double-duty performers in Spring training to replace two of its leading specialists of last year's championship team—Quarterback T. Jones, an all-conference performer, and Linebacker Jack Barton, the defensive signal caller.

Two All-Americans, Five All-Conference Stars Missing As UT Begins Grid Drills

AUSTIN—Spring drills for the University of Texas football team, Southwest Conference and Cotton Bowl champion, were put off Wednesday because of the funeral services for Uncle Billy Diech, Sr.

Former baseball coach, Coach Ed Price will start the practices later this week.

"We scheduled our training early, because it is our desire to give the boys who want to participate in Spring sports a full opportunity to do so," Coach Ed Price said.

A major overhauling job confronts Coach Price and his staff. Missing from the 1952 championship squad will be 16 lettermen, most of whom were key players.

Among those missing are two all-

America performers—End Tom Stohlanske and Guard Harley Sewell—and five others who gained all-Southwest Conference recognition. This quintet includes three backfield starters: Quarterback T. Jones, Halfback Gib Dawson and Fullback Richard Ochoa, and Tackle Charles Genthner and End Bill Georges.

The departing backfield acres grabbed one-two ball-carrying honors in the league (Ochoa and Dawson), top passing and total offense laurel (Jones), and the runner-up spot in scoring (Dawson). Developing successors to that triumvirate is aggravated by the fact the replacements must learn to play defense as well as offense.

However, Coach Price feels the controversial rule change on substitutions will have very little effect on the team or the individuals. "Normally we check almost all of our candidates in the Spring on both offense and defense in an effort to determine the job which they would be best suited for. Now, of course, we are appraising them from an all-around viewpoint."

Proud of the fact 40 of his players lettered last season, Coach Price will try to utilize as many boys under the new set-up.

The returning contingent for Spring training includes such luminaries as Halfback Billy Quinn, all-conference and the league's leading scorer as a sophomore; Guard Phil

Wink Football Club To Hear Sam Baugh

WINK—A player with a name in pro football to match a team as well considered in schoolboy circles is the feature of Wink's annual grid banquet at 7 p.m. Thursday.

Sam Baugh, who set records everytime he stepped on the field at Washington in recent years, will address the Wildcats. Class A champions of Texas.

A 16-year veteran of pro ball, the fabulous passer presently is assistant coach at Hardin-Simmons University and maintains a ranch near Rotan.

The Wink's Lion Club is sponsoring the fete, in the high school cafeteria, and its president, Alf Edwards, will serve as master of ceremonies.

Coach Frank Barton, recently named to the head mentor's job here replacing Glenn Frazier, announced Wednesday that no special awards will be made at the banquet. The football team already has presented the state championship trophy to the school.

Either Barton, a Wink Junior high and line coach during the last four years, or Frazier, head coach last year, will present the team's letterman.

Frazier recently took over as Andrews' coach Junior High School Coach J. L. Dodd moved into Barton's old position.

Kilgore JC Enters Grid Coach Market

KILGORE—(AP)—Kilgore Junior College was looking for a new football coach Thursday.

President B. E. Masters of the college announced Wednesday Coach Wood Johnson had resigned effective immediately.

Johnson said he had no immediate plans for the future.

'Mild' Man Bolt Rates Tops In Tourney Field At El Paso

By HAROLD V. RATLIFF
EL PASO—(AP)—Gold's Winter visitors—the star-studded PGA tournament out Thursday in the opening round of the \$10,000 El Paso Open with the bee on Tommy Bolt, the lanky Texan with the game to fit the course.

Tommy, who swears he's a new man and doesn't get mad and throw his clubs anymore—and explains that that's why he's now winning—

probably will be tested sorely. The word goes out among the players that "the guy who holds his temper will win this one."

The \$300-yard El Paso Country Club course presents some problems, particularly on the greens, there has been less than a half-inch of rain in El Paso in five months. A sprinkler system wasn't available in time to do any good and the course is as dry as a bone. The greens are bumpy and have little grass. If you go for a putt of any distance and miss, the ball rolls from here to yonder.

Some of the players didn't even practice Wednesday.

"It won't do any good on this course," said Jack Burke. Cary Middlecott, the defending champion from Memphis, Tenn., confined his efforts to the putting green. Jim Ferrier didn't hit a lick.

Bolt wasn't worried about the course Wednesday, anyway. He shot a 67 to tie for low score honors of the pro-amateur with Art Wall of Pocono Manor, Pa. Their four-under-par gave them \$150 each. Bolt also paired with amateur Blaine McNutt of El Paso for a best ball of 66 and a tie for second place, earning another \$25.

Fellow golfers say Bolt's chipping and putting have been sensational of late and that's what will go good on this course.

No tantrums
Bolt, the Houston linkster who registers out of Maplewood, N. J., said he wasn't going to lose his temper over anything anymore, at least not enough for the gallery to know it. "I've found it pretty costly," said the erstwhile temperamental Tommy. "Getting mad and throwing your club can mean you'll end up with \$200 instead of \$2,000. And it has been costly for me with the PGA, too."

He said the last time he threw a club was seven months ago. Since then he has won about \$15,000. "I didn't even get mad when I shot a 78," he said proudly. Bolt has taken two tournaments on the Winter tour and if he captures the El Paso title can the Lloyd Mangrum of Niles,

Ill., for honors of the year. Mangrum, who isn't playing here, has won three.

There was some par-smashing Wednesday in the pro-amateur but even those with good scores grumbled about the poor greens, Jimmy Clark of Laguna Beach, Calif., and Toiny Holguin of Midlothian, Ill., each shot a 68 and won \$50 apiece.

In the pro-amateur, the team of E. J. (Dutch) Harrison of Ardmore, Okla., and Malcolm Webb, El Paso amateur, had a best ball of 64 to lead the field and Harrison won \$200.

There were 141 players going out Thursday in the tournament's opening round. Friday the field will be eliminated to the low 60 and ties for the final 36 holes Saturday and Sunday.

Midland C's Travel To Odessa For Game

The C team players of the Midland Bulldog basketball squad travel to Odessa at 4:30 p.m. Thursday for their fourth encounter with the Odessa Cs.

Coach Pat Pattison's Midland club, comprised mostly of sophomores, boasts a 2-1 advantage over the young Bronchos going into the game. Joe Nicholson paces team scoring.

Eagles Hand Trinity Seventh Loss In Row

SAN ANTONIO—(AP)—North Texas State's Eagles and the Trinity Tigers play the second game of a two-game basketball series here Thursday night.

The Eagles racked up their third straight Gulf Coast cage victory Wednesday night with a 75-68 win over the Trinity U cagers.

It was the Tigers' seventh defeat in Gulf Coast play against no wins.

NEW YORK—(AP)—The New York Yankees have close to a million dollars they're ready to ladle out in salaries—the largest payroll pot in baseball history—but no club is having more trouble getting diamond employes under contract.

The players' theme song seems to be: "No, gimme more."

"You don't realize what a problem it is to sign up a ball club that has won four straight world championships," said George Weiss, general manager of the Yankee empire and the man with the chronic Winter headache.

"I don't think there's an organized holdout campaign or anything like that. Each of these fellows figures he was greatly instrumental in our success and he wants his reward on the pay check."

Two Signed
The Yankees have signed only two of their regulars for the 1953 season while most other clubs are announcing signings in clusters. The Brooklyn Dodgers, the Yankees' victims in the last World Series, for instance, have signed all of their players.

The two regulars who have come to terms are Catcher Yogi Berra, who autographed a contract for a reported \$40,000, a \$5,000 raise, and Infielder Gil McDougald, who signed for what's believed to be around

Yankees Finding It Difficult To Get Rid Of Million Bucks

\$20,000.
Alie (Big Chief) Reynolds, who has had two tremendous years with the world champions, failed to get any satisfaction on his second conference with Roy Hamey, assistant general manager, who does the Yankee negotiating.

The Oklahoma City right-hander, who had a 20-8 record last season and 17-8 the year before, is said to be demanding at least a \$7,000 raise over the \$35,000 he collected in 1952. That would be approximately the salary paid to Vic Raschi, who also is asking a hike for his 16 pitching victories last season.

The Yankees must come to terms with lefty Ed Lopat, a reliable veteran; Whitey Ford, who is returning from the service; Bob Kuza, Tom Morgan and others.

Also yet to be dealt with across the bargaining table are young Mickey Mantle, the 1952 World Series hero, and his outfield mates, Hank Bauer and Gene Woodling; big John Mize, the slugging first baseman; Infielders Phil Rizzuto, Billy Martin and others.

Reports have the 40-year-old Mize backing at a 30 per cent slash in salary. He is insisting on a carbon copy of his last season's contract, which called for \$20,000.
"I can't, for obvious reasons, say what our payroll will be this year,"

said Weiss. "But it's tremendous. You can safely say it's the largest we've ever had."

A few years ago a congressional committee revealed the Yankees' payroll as \$660,000. It's known the figure has grown substantially every year since, despite the departure of \$90,000-a-year Joe DiMaggio.

Manager Casey Stengel signed a contract before he left for California in the Fall. He hinted his salary was "close to \$100,000."

Take the work out of baby training!

It's no longer a bother with a **'Big Bear-Little Bear'**

In closed position, "Big Bear-Little Bear" cover looks like standard cover.

Cover raises on normal manner for adult use. Child's seat and baby trainer are neatly recessed in cover.

Small seat is easily lowered for children's use. Assures natural posture with complete comfort.

Back rest and safety strap are raised for baby's use. Convenient, simple—the ideal trainer.

Here's the answer to weary parent's prayers. No more frantic searches for misplaced trainers... no more messy gadgets cluttering up the house. "Big Bear-Little Bear" is a permanent fixture, yet it is easily installed just like an ordinary seat. Sturdily constructed for years of satisfactory service, it comes in your choice of colors — Black, Peach, Green, Blue, Ivory, Tan and White.

REPORTING THE TOP NEWS IN REAL ESTATE

HAS MIDLAND SOCIETY accepted you? If not, maybe it can be traced to your not having a home in which to entertain. But a HOME is much more than this. And here is one with that "much more." Three large bedrooms, modernistic living room with slab window overlooking rear patio, two tile baths, and attached garage. Breath-taking kitchen with more cabinets than you can use. Central heating, central air-conditioning, and huge utility room. It's new, it's brick, it's carpeted, and can be purchased for ONLY \$7,000 down, including closing costs, \$21,000. Please, appointment only.

THE YEARLING ON CHESTNUT LANE. This well constructed home ushers you into a security of knowing that it was well designed and well built. Two lovely bedrooms, large living room with "L" shaped dining area, family-sized bath, and attached garage. Panel-ray heating. In excellent condition thru-out. As some FHA loan. Priced at \$11,250.

WE MEN WILL INSIST upon whistling at beautiful women. And women, bless 'em, will whistle at a beautiful kitchen. In this particular home, they are justified. Challenge me by asking us to escort you thru it and the rest of the home. 'Course, it's got bedrooms, too. Two. And a den, and two ceramic tile baths, and a utility room, and an attached garage, and full carpeting, and central heating and air conditioning, and magnificent landscaping, and fence. All this, and on Country Club, too. But there's so much, much more for only \$29,500.

WE EXTEND OUR SINCEREST best wishes to the Western States Mutual Life Insurance of Dallas for siting Midland as its future home. To all the men instrumental in this move, our sincerest thanks. See, even an insurance company needs a home of its own.

IF YOU TRY, I'll bet that you could talk us into trading your house in on this home. It's brick, new, has two bedrooms and den (for three bedrooms), two tile baths, lovely living room and dining area, and attached garage. You'll love the tile kitchen, the carpeting, the convenience of central heating, and the deep lot. You first pick up the telephone, then you dial 2-1693, then you ask to see the trade-in house priced at only \$16,500. We'll do the rest.

2307 CUTHBERT (Of course, you'd like me to say more. That I have said "Cuthbert" should be enough. The Chinese have a phrase for a thousand words.)

DRIVE-BY'S OF THE WEEK:
1403 West Michigan
3111 Thomas

ON WEST ESTES STREET (Midland, that is), there stands a vacant home. It stands, waiting it out for a smart buyer to come along. It's been a sleeper among our listings. And the smart shopper gets 3 bedrooms, living room, dining room, tile bath, utility room, and attached garage. Clean-line construction of brick and asbestos siding, it has some carpeting, distributed heating, air-conditioning unit, and attic insulation. This one, you've GOT to see. Priced at \$13,750.

TO THOSE OF YOU who were unable to secure one of our Kessler Street homes, hold your fire. We got plans. **THE OWNERS MIGHT NOT KNOW IT**, but their home has a poker room in it. I guess that they politely call it a den. Anyway, they do know of the 3 large bedrooms, 2 baths, the full living room, separate dining room, and the 2-car attached garage. Huge furnace room, selectively conditioned, high tile fence, air-plastic water wall covered by a huge well house, and unexcelled location. I could prolong this teasing by saying that it is brick with a shake shingle roof, completely draped, touch-plate lighting system, over 2,200 sq. ft. over-all, and spacious lawns. But I'll stop with the price, \$26,500.

ORIVE CAREFULLY. It's lots more fun not to be a statistic!

Midland's Store For Men And Women

YMCA Directorate Names Roy McKee To Presidency

Roy McKee, Midland insurance man, was named Wednesday afternoon as president of the temporary board of directors of the Midland Young Men's Christian Association.

McKee was named at the initial meeting of the board, held at the First Presbyterian Church.

Other officers named at the Wednesday meeting are Homer Craver,

campaign and the setting up of a permanent organization.

The 30 members of the temporary board of directors were selected at a charter membership meeting Tuesday night.

Felix Fights Jinxed Jack

WEYMOUTH, MASS.—(AP)—Milkman Jack Crawford says Felix the Pheasant is making things unpleasant for him.

Crawford said Wednesday night the pheasant doesn't bother anyone else. But the minute he comes into the neighborhood, out of the woods comes Felix as fast as his legs will carry him.

Felix chases his truck until it stops, then it chases Crawford, pecking at his hands and metal carrier.

When Crawford finishes his deliveries, the pesky bird chases him back to the house and follows the vehicle until it leaves the neighborhood.

Roy McKee

first vice president; Edwin T. Stitt, second vice president; Murray Fassen, treasurer, and Mrs. Ellis Scobey, secretary.

The appointment of chairmen of the important budget, charter membership enrollment, publicity and constitution committees will be announced within the next few days.

The organization of the board of directors set in operation plans for organizing a charter membership

Kermit Defendant In Horsemeat Case Reported Missing

PECOS.—(AP)—Officers searched Thursday for Tom Gordy, Kermit, charged on six counts of selling horsemeat for human consumption.

Texas Ranger Earl Stewart said a pickup call went out Wednesday for Gordy after two bondsmen complained Gordy disappeared after posting bond on a charge in Kermit Monday. Five additional charges were filed here Wednesday.

Gordy is owner of the Kermit Provision Company, which sells to retail dealers in Kermit, Lubbock, Big Lake, Midland, Odessa, Monahans, Pecos, Seminole, Andrews, Crane and a number of other cities in West Texas.

District Attorney John Denison said five of six samples taken from the provision company and tested by the State Health Department contained horse meat.

Nationalist Raiders Strike China's Coast

TAIPEI, FORMOSA.—(AP)—Well-equipped Nationalist raiders landed on the Red China coast January 9, joined waiting guerrilla troops and struck into the interior, the Ta Tao News Agency said Thursday.

The report gave no details, even whether the raiders withdrew.

Ta Tao asserted two divisions of Chinese Communist troops were rushed up in an effort to encircle the guerrillas.

Lethal Poison In Medicine Traced To Same Drug Store

LINDEN.—(AP)—The mysterious death of a 41-year-old woman and how many East Texas residents have been given arsenic concerned County Attorney Wesson Bartlett Thursday.

Bartlett said Wednesday an analysis of a capsule taken from a prescription bought by A. D. Surratt, 62, a farmer, showed it contained the deadly poison.

Other residents who obtained capsules from prescriptions filled at a Linden drug store, Bartlett said, have become alarmed.

Mr. Lorenz Cross, Linden, died January 14 in Shreveport, La., after taking about a dozen "cold capsules." Her body was exhumed Friday after an analysis showed one of the capsules from the prescription contained a lethal dose of arsenic.

Mrs. Cross had been believed to have died of encephalitis until her husband, J. W. Cross, mentioned she began feeling worse after taking the medicine.

Surratt turned over to authorities remaining capsules of his prescription after reading of Mrs. Cross' death. Surratt said he, too, felt much worse after taking eight or nine capsules.

Officers still are awaiting the report on the amount of arsenic found in Mrs. Cross' liver and stomach, but Sheriff Johnny Thompson has sent about eight more capsules to Austin for analysis. The department ran tests on the Surratt capsules and found arsenic in at least one. The amount was not determined at once.

Dunlap's THE SCOTCH REDEMPTION CENTER

Redistricting Bill Hearing Set Back

AUSTIN.—(AP)—The House Committee on Motor Traffic Wednesday night dealt a chilling blow to a bill designed to abolish speed traps in small towns along state highways.

The committee refused to recommend the bill, then sent it to subcommittee with no instructions on when to report. That in effect left it with only the slimmest chance of floor consideration.

Hearing on a congressional redistricting bill was postponed indefinitely by a House committee to allow time for subcommittee study.

Postponed was a hearing previously set for February 11 on a plan by Rep. Harold B. Parish, Portland, to redistrict the state.

Parish wants to create a 22nd district for the extra congressman to which Texas is entitled by virtue of population growth. A congressman-at-large, Rep. Martin Dies, was elected last year.

Rep. Morris G. Cobb, Amarillo, said his committee on redistricting had been divided into four subcommittees to give representation to each of the state's present 21 congressional districts.

The subcommittees represent four geographic divisions and will study all redistricting bills with an eye to working out the best congressional districts for their areas, Cobb said.

Auction Bill Approved. No redistricting bill will be set for public hearing for at least two weeks.

A bill to require higher bond for livestock auction barns won 10-3 House committee approval.

Givens Parr, President of the Alice Auction Barn and president of the Alice State Bank, testified in behalf of the bill.

He and others said higher bond requirements are needed to protect the public so the public will have confidence in the auction barns and bring cattle to the barns for sale.

Rep. Gilbert M. Spring, Apple Springs, indicated opposition to the bill. He said it hadn't been proved to him that any people are losing money because of the present low bond requirement.

The Senate's State Affairs Committee ordered a one-week subcommittee study of a bill to revise the state law regulating hairdressers and cosmetologists.

The measure would increase board members salaries from \$3,600 to \$4,800 a year, require monthly instead of quarterly license examinations and empower the board to demand health examinations of licensed operators at will.

Public hearing was set February 18 by the State Affairs Committee on bill to empower the State School Land Board to lease school lands for development of salt, sulphur and other minerals as well as oil and gas.

Georgia Voters Fill Vacancy In Congress

ALBANY, GA.—(AP)—Victor in a special "high-man-win" election to name a successor to the late Rep. E. C. Cox (D-Ga) is a farmer and businessman, J. L. Pilcher, of Meigs, also a Democrat.

Pilcher's two major rivals conceded his election Wednesday night when the unofficial count, fourths complete, showed signs of lengthening a 1,000-vote lead for the Georgia Second District Congress seat.

MISHAP KILLS CHILD

TYLER.—(AP)—Lloyd Olan Parrott, 21-month-old son of Mr. and Mrs. Leo Parrott, Nacogdoches, was killed Wednesday night near here when he fell from the family car and was struck by another car.

Eisenhower Assets Reported In Trust

SAN FRANCISCO.—(AP)—President Eisenhower voluntarily placed his financial assets in an irrevocable trust fund to prevent any charge that they might influence his presidential decisions, reports his wartime aide.

Capt. Harry Butcher, USNR, told the San Francisco Advertising Club Wednesday that Eisenhower told him last December:

"On the advice of my legal staff I have had to create an irrevocable trust so the charge cannot be made that my holdings influenced any White House decisions."

Eisenhower Reaffirms Role Of Christianity

WASHINGTON.—(AP)—President Eisenhower said Thursday this nation's government must be based on a firm foundation of religious faith "or it makes no sense."

Speaking at a prayer breakfast opening the annual meeting of the International Council of Christian Leadership, the President said that if, we constantly remind ourselves of that principle "we can hold up our heads and be sure the country will be preserved."

Brass-Heavy Armed Forces Face Weeding-Out Process

WASHINGTON.—(AP)—Representative Short (R-Mo) said Thursday Congress may have to write more restrictive new laws to stop what he termed a deplorable growth of military brass.

Short, chairman of the House Armed Services Committee, said present laws governing promotions in the armed services and setting limits on the number of officers in each rank may have to be thor-

oughly reviewed and revised. Rep. Glenn R. Davis (R-Wis) told the committee Wednesday the number of officers above the rank of lieutenant colonel has increased since the war, although the armed forces now are only one-half or one-quarter as large.

This means, he said, the ratio of senior officers to enlisted men is about four times greater today. The Army, he said, will have 451

major generals next June for a 1,600,000-man Army, compared to 458 for the 7,000,000 men of the war.

Representative Norbold (R-Ore), a committee member, said the Navy has 295 admirals for a million-man fleet, compared to 287 for a 4,000,000-man wartime force.

The committee heard these statistics at the start of hearings to consider ways of altering regulations to prevent freeing the careers of 10,000 junior naval officers. The hearings will resume Friday.

Davis sponsored a controversial amendment to a money bill, adopted during last year, which limits the number of officers in each rank. The amendment becomes effective April 1.

Navy's Dilemma. Vice Adm. Laurence DuBose, chief of naval personnel, said the immediate effect of the Davis amendment would be to force the demotion of 5,400 senior naval lieutenants and the freeing of 4,891 more junior officers.

Davis and committee members agreed prompt action should be taken.

The committee is studying a bill to repeal the Davis amendment, but Short told a reporter it probably would retain the measure with adjustments to exempt junior officers of all services, doctors and dentists.

After that, Short said, the committee probably will consider writing a new blueprint for the officer structure.

Beef, Egg Prices Continue Decline

By The Associated Press

Retail beef prices continued their week-long decline in many stores this week with reductions ranging from four to as much as 10 cents a pound.

Steaks, roasts, ground beef and other items were selling in some places at lower prices than those in effect when the Korean War broke out.

Eggs were down one to four cents in most markets but dealers said a firmer trend probably foreshadowed a retail advance.

Price movements in fresh fruits and vegetables were small.

Senate Panel Reverses Self On Reorganization Powers

WASHINGTON.—(AP)—With a strong assist from Senator Taft (R-Ohio), President Eisenhower seemed assured Thursday of getting the same government reorganization powers ex-President Truman used frequently.

In an about-face, the Senate Government Operations Committee voted Wednesday to accept a House-passed bill giving Eisenhower authority to reshuffle executive agencies and functions.

The measure, to be taken up in the Senate Friday, would extend two years beyond April 1 a law providing that reorganization plans submitted to Congress by the President become effective in 60 days unless vetoed by a constitutional majority in either the Senate or the House.

A constitutional majority is a majority of all the members—49 in the Senate, 218 in the House.

Taft, who was Eisenhower's chief rival for the GOP presidential nomination last year, went to bat for the House bill at a session of the government operations committee called to reconsider its earlier stand in favor of making it easier for Congress to block reorganization proposals.

Taft said not only had Eisenhower made it clear he wanted as much authority as Truman had been given to revamp government agencies but that the new Republican President felt that to deny him this power would indicate "a kind of lack of confidence in him" by Congress.

Previously the Senate committee, like the House Government Operations Committee, had recommended a bill under which presidential reorganization plans could be killed by a simple majority of either the Senate or the House—as few as 25 votes in the Senate or 110 in the House.

STITCH IN TIME SAVES NOTHING

TOKYO.—(AP)—The weatherman predicted the heaviest snowstorm of the year would hit Tokyo Thursday. This warned, the city government armed by:

Mobilizing 5,000 laborers to shovel snow.

Fixing up 33 snowplows.

Alerting railroad men to keep tracks clear.

Outcome: No snow.

Hometown Fetes Trumans' Return

INDEPENDENCE, MO.—(AP)—Former President Harry S. Truman, Mrs. Truman and their daughter, Margaret, will be honored by their home town Thursday night at a welcome home dinner.

The dinner will be a homey affair—lots to eat and few speeches. Fifty-five cooks, salad makers and bakers and 60 servers will take care of 650 diners in the dining room of the Church of the Reorganized Latter Day Saints. Turkey—700 pounds of it—tops the menu.

Former Midlander Sworn In As Dallas City Council Member

A native Midlander, T. M. (Tom) Schrock, Oak Cliff electrical contractor, was sworn-in Tuesday as a Dallas city councilman, succeeding Harold B. Wright, resigned.

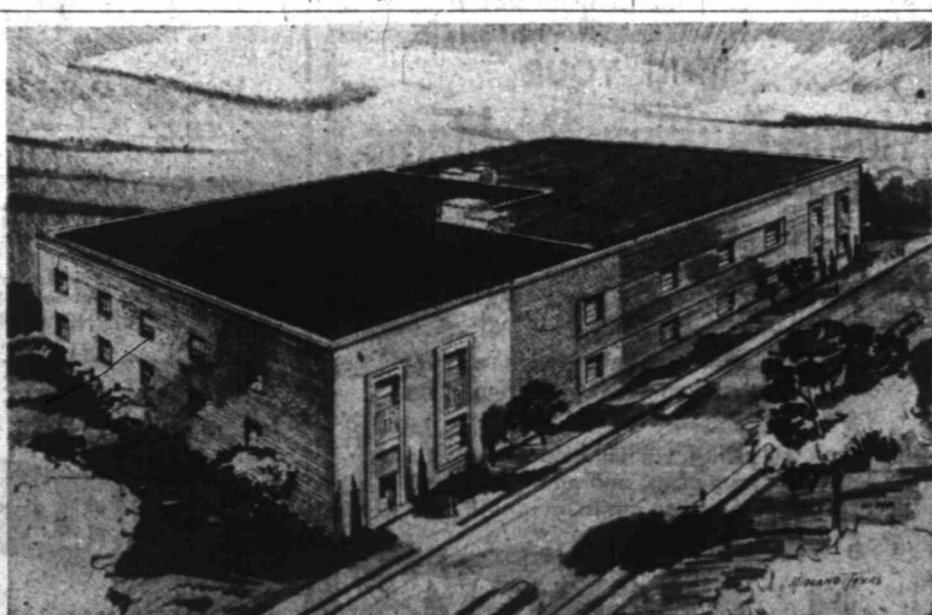

The new council member is the former member of the City Plan Commission of Dallas.

Schrock, a graduate of Midland High School, has resided in Dallas since 1921, and has had his own electrical contracting business since 1931. His mother, Mrs. W. M. Schrock, formerly of Midland, now resides in Dallas. His father, who died here several years ago, was a prominent Midland rancher and property owner.

Tom Schrock's brother, Ford Schrock, resides in Midland.

The new Dallas councilman long has been active in civic affairs in Oak Cliff. He is a past secretary of the Oak Cliff Lions Club and now is secretary of the Oak Cliff Country Club. Mr. and Mrs. Schrock have a nine-year-old daughter, Mary Joe.

Cultivation of tobacco in New Mexico was introduced by the Spaniards.

EXPANDED TELEPHONE COMPANY BUILDING—The Southwestern Bell Telephone Company building at 410 West Missouri Street will look like this drawing when the proposed addition is completed. Bids will be returned February 19. The addition of a basement and two stories (heavily shaded area) will almost double the size of the present structure.

Ballinger Cowpoke Wins Roping Purse

FORT WORTH.—(AP)—Comfortable weather kept the crowds pouring in Thursday at the Southwestern Exposition and Fat Stock Show roared toward a climax.

Already behind was such events as the Aberdeen Angus show and selection of the top sheep and Hereford queen.

The junior heifer calf PHR Dandy Miss 24th was named Hereford female champion Wednesday. It was bought recently by A. T. McDannald, Houston, from Painter Hereford Ranch, Denver.

Reserve champion female Hereford was MW Zetot Larryans 4th, shown by Milky Way Hereford Ranch, Phoenix.

There were these other top events:

1. Doyle Riley, a Ballinger cowboy, won the first calf roping go-around and \$1,915.26 with a winning 15.2 time turned in after the Tuesday night performance. He was one of 39 ropers who took part in a between-show event so the go-around could end Wednesday.

2. Desert Song, owned by Missouri Stables, St. Louis, and ridden by Kenny Rogers, won the five-gaited novice class at the matinee performance of the horse show.

3. J. V., Hampton, Fort Worth, was named president of the Texas Aberdeen Angus Association Wednesday night and Angus breeders heard Frank Richards, Chicago secretary of the American Aberdeen Angus Association, paint a bright picture for the black breed's future.

Pole Blasts NATO Bases In Denmark

LONDON.—(AP)—Polish Foreign Minister Stanislaw Skrzyszewski said Thursday Denmark is endangering world peace by allowing Americans and British to build military bases on Danish territory.

The foreign minister's statement, given to PAF, official Polish telegraph agency, was broadcast by Warsaw radio.

The Danish government has been holding discussions with other NATO governments including the U. S. concerning the leasing of Danish bases but no action has been taken.

Jet Night Fighter Begins War Duties

SEOUL.—(AP)—Pilots of a radically new U. S. jet night fighter plane—the Skyraider—have shot down Red planes in Korea without even seeing them, the Marine Corps said Thursday.

The new marine plane, the twin-jet F3D built by Douglas, made a secret appearance in Korea several months ago. It is equipped with an intricate radar system which locks the plane on a target in darkness.

Communists Hoard Rubber Production

COLOMBO, CEYLON.—(AP)—Cargo vessels chartered by the Communists are arriving here from Red China for rubber faster than the strategic material can be collected, trade circles said Thursday.

A total of 8,000 tons have been scheduled for shipment to China this month.

Scout Exposition Plans Completed

Plans have been completed for the Second Annual Boy Scout Exposition to be staged here by the El Centro District of the Buffalo Trail Council.

The exposition will be held February 13 and 14 at 411 West Texas Street as the main feature of the Midland observance of the 43rd anniversary of the Boy Scouts of America. Tickets will be sold by Cub Scouts, Boy Scouts and Explorers at nine cents each. Proceeds go to the units and to defray expenses of the exposition.

The exposition will be a demonstration of skills, activities, handicrafts and collections of Cub Scouts, Boy Scouts and Explorers of Midland County.

More than 20 unit and district adult leaders attended a meeting Wednesday night at Boy Scout headquarters, 318 North Colorado Street, to plan the exposition. Mor-

ris Howard is chairman for the event.

Units and their work selected for the exposition include: Pack 6, Kiwanis Club, games and handicraft; Pack 7, Episcopal Church, handicrafts and collections; Pack 47, Lamar P-TA, wild west and handicrafts; Pack 53, Terminal Lions, handicrafts and collections; Pack 155, St. Mary's Methodist, handicrafts; Troop 48, Greenwood School, first aid; Troop 51, Trinity Episcopal, fingerprinting; Troop 53, Terminal Lions, Indian lore; Troop 54, First Baptist Church, first aid; Troop 84, Knights of Columbus, camping; Troop 152, Methodist Men, Indian lore; Troop 153, First Christian Church, leather work; Air Squadron 41, Optimist Club, aircraft engine and model airplanes; Squadron 53, Terminal Lions, archery, and Post 152, Methodist Men, geology.

MIDLAND, TEXAS, THURSDAY, FEBRUARY 5, 1953

SECTION TWO

More Firms Find Sharing Profits Increases Output

By DOUGLAS LARSEN
NEA Staff Correspondent

PHILADELPHIA—A new and sizable group of U. S. workers may soon be cut in on a big share of the profits of the country's larger corporations.

This prediction came out of the fifth annual conference of the Council of Profit Sharing Industries, a fast growing organization with a membership of more than 600 firms employing more than 2,000,000 workers. Members include such outfits as Sears Roebuck, Motorola, Procter & Gamble and Eastman Kodak.

More than half of those attending the annual meeting, for the first time, were representatives of companies from all over the U. S. and Canada who were not members but who were eager to learn more about the profit sharing plans.

Plans In Store
These are some of the plans in store for workers:

A cash plan wherein a certain percentage of the firm's profit is added to the regular wages and distributed periodically.

Wage dividend plans where the percentage of the dividend is announced at the same time stockholder dividends are declared and

William Loeb: Every worker becomes a capitalist.

In some cases is determined by the amount of dividend paid to the stockholder, according to a pre-arranged formula.

Stock ownership plans in which the employee shares through the issuance of company stock, and thus becomes one of the owners.

Convincing Argument
Trust plans in which a certain percentage of the company's profit is accumulated in a trust fund for employees, with or without employee contributions, and payable upon retirement.

Most convincing argument presented was that as a group the profit sharing firms had far higher earnings and paid higher regular wages than the country's average. James F. Lincoln, founder of the Lincoln Electric Company of Cleveland, pioneer of the profit sharing idea, revealed at the meeting that this year the average income of all of his 1,500 employees would be over \$7,500, topping every company in America.

It also was reported that such major corporations as the Pennsylvania, Railroad, General Electric, General Motors, U. S. Steel and Du Pont had recently become seriously interested in studying profit sharing.

New GOP Outlook
Other significant facts noted at the meeting were an expected friendlier attitude toward profit sharing by the new Administration and most labor leaders.

"It has seemed that the government's attitude in the past 20 years has been to try to limit the output of labor," Lincoln explained. "Maybe the new Administration will take a more enlightened view about increasing labor output through profit sharing," he said.

In the past there have been complaints about the reluctance of the Bureau of Internal Revenue and Wage Stabilization Board to approve profit sharing plans.

Seeing The Light
Labor leaders and employees took a bigger part in the meeting than ever before. The friendlier attitude of labor leadership toward the idea was explained by George Baldanzi, official of the AFL United Textile Workers of America. He admitted that more and more union leaders were now seeing the light on profit sharing.

"As soon as employees learn what profit sharing really is and that it's not a speed-up or some other gimmick," said Clarence Folland, union representative of American Velvet Company, Stonington, Conn., "they are all for it."

William Loeb, chairman of the council and publisher of the Manchester, N. H., Union Leader, told the group that "the importance that profit sharing puts on the contribution of an individual spirit, as well as his strength raises the dignity of the individual worker."

"In the American tradition, profit sharing places the emphasis on the worth of the individual," he added. "In contrast, in socialism orders come down from the top and the individual is considered only a cog in the machine of the state."

SHOEMAKERS FEEL PINCH

SINGAPORE—(P)—An increasing demand for Hong Kong-manufactured shoes is sending Singapore shoemakers into near panic. The shoemakers, who fear loss of their trade and unemployment, said they plan taking up the matter with the government.

College Graduates Offered Interesting Air Force Jobs

New opportunities for interesting assignments within the rapidly expanding U. S. Air Force are being offered to college graduates in a program aimed at securing highly qualified commissioned personnel.

Headquarters Fourteenth Air Force announced that this program is designed to attract persons with scientific or engineering backgrounds for work in certain technical specialties. Those appointed as officers in the Air Force Reserve will be called to immediate active duty and trained at technical schools, if necessary, to completely qualify them for assignment to duties in the electronics, communications, research and development, and weather fields.

College graduates, and those who have completed three and one-half years study toward a degree majoring in engineering, mathematics, physics or chemistry, are urged to consider the advantages of career advancement in the Air Force. Applications may be submitted prior to graduation, but appointment will not be made until a final transcript of scholastic record is submitted.

College graduates with a baccalaureate degree, including mathematics through integral calculus and one year of college physics, may apply specifically for a reserve commission in the meteorology field. This particular specialty offers great opportunity for further study at several leading colleges and universities.

Applicants must be less than 37 years of age, American citizens, and able to meet the physical qualifications for military service. Application for appointment as an Air Force Reserve officer under this program may be obtained from 9816 VART Sqd., Midland.

WOOL SHIPMENTS INCREASE
RED DEER, CANADA—(P)—The Central Alberta Wool Growers' Association reports it shipped almost 65,000 pounds of wool during 1952, an increase of more than 2,700 pounds over 1951.

Capture Of Red Prisoners Becomes Tougher In Korea

WASHINGTON—(AP)—The bag of new prisoners is dwindling to virtually nothing in the stalled Korean War, where both sides sit in heavily fortified positions.

Records made available Wednesday by the Defense Department in response to a query showed that during December only 28 Red soldiers were captured.

By contrast, the total take of prisoners by United Nations forces when the big Allied offensive was cutting up Red divisions and rolling swiftly northward in October, 1950, was 51,886. The monthly figure showed a slump after three weeks started in mid-1951 and has been dropping almost continuously since winter set in that year.

Most Are Koreans

The stockades on January 16 of this year were 122,658 Red prisoners of war. By far the greater part, 101,356, were North Koreans; the rest were Chinese. To a considerable degree, this reflected the huge groups of North Koreans captured in 1950, before the Chinese entered the war.

No overall total for United Nations personnel taken by the Reds is available.

The U. S. lists 2,142 American military personnel as captured by the enemy. But this figure is essentially only the total reported back through international channels. To it should be added at least some of the 9,269 currently listed as missing.

It is difficult to say how many of any given number of missing

Youth Center Chatter

By NANCY LOU KLINGLER

We are back again just like we promised last week. Here is the low-down on the happenings around here.

Tuesday morning the Seniors got out of class during part of the morning to take the Kuder Preference Exam. San Angelo College gave this test.

Tuesday night, the Bulldogs played Sweetwater in the gym. The "B" squad defeated the Sweetwater "B" team. The "A" squad bowed to the Sweetwater "A" but will do better next time.

Looks as though Spring is just around the corner for Midland even though the little groundhog did see his shadow.

There was another picnic at Cole Park Sunday afternoon. This time the crowd was larger and it was more fun. Everyone had a wonderful time and we suppose there will be another one this coming Sunday.

Cowden and San Jacinto Junior High basketball teams were out of town last weekend, participating in the San Angelo Junior Tournament.

We have two climbers in our presence. These two energetic boys are Jimmy Claiborne and "Snooky" Roberts. Say boys, when are you going to tackle the Swiss Alps? Anytime in the near future?

Betty Wins Award

The volleyball girls of MHS seemed to have fun on their trip to Grand Falls last Saturday for a tournament. Betty Bolton, a Midland player, was on the All-Star team. Congratulations, Betty.

The Seniors measured for their caps and gowns recently. Quite an event.

Friday night, there will be a Bulldog Stomp. All of you know about the Bulldog Stomps, don't you? Well, the Stomp is the most informal dance the YC has. You may come as you are, and Stag or Drag. We prefer you to come stags as usual Myrt and Fern have some new dances for you to try out. Be sure and attend to see what is in store. It will start rolling about 8 p.m. and the closing time depends upon you and how you are acting.

Wonder what James Reagan has for Frank Midkiff when he sees him again for a few minutes. Frank seemed to be annoying James in some way the other night so James is going to "pay" Frank what he has coming.

Why were Nell and Pat Curran fussing Tuesday morning and especially Tuesday night? Could it have been or had anything to do with Monday night? Pat ran out of gas and Nell went out looking for her and they got in past the usual bedtime.

Buddy McDonald and Jimmy Claiborne seemed to be trying to teach Jessie Pierce some Spanish the other night. Jessie really was learning fast, but she couldn't remember very well. Ask her what she learned.

Friday The Thirteenth

Next Friday will be the thirteenth. There will be something happening

CARNIVAL

"As a lad I shoulda listened to me old lady and got a job! Look at all the unemployment insurance I'm missing!"

Congratulations To

Mr. and Mrs. Sydriek Brown, 204 South Terrell Street, on the birth Tuesday of a son weighing eight pounds, one-third ounce.

Mr. and Mrs. William F. Fennebaker, 618 West Storey Street, on the birth Tuesday of a son weighing six pounds, four ounces.

Mr. and Mrs. George W. Weinkauff, 2041 1/2 South Weatherford Street, on the birth Tuesday of a son, Ronald Gene, weighing eight pounds, two ounces.

Kansas Angus Wins Grand Championship

FORT WORTH—(AP)—The grand champion Aberdeen Angus bull of the Southwestern Exposition and Fat Stock Show was picked here Wednesday with the junior champion winning the honor.

Prince 106 of SAF, owned by Simon Angus Farms, Madison, Kan., won this award. Reserve championship went to Prince Squire of Sunbeam, shown by Sunbeam Farm, Miami, Okla.

The Sunbeam entry was senior champion.

REDS HEED WARNING

TOKYO—(AP)—An American Air Force spokesman said Wednesday night U. S. radar operators have not intercepted any intruding planes over Japan since the January 13 warning they might be shot down.

Buying window shades with extra length allows for renewal or repair. The soiled few inches that have become discolored with handling can be clipped off and the shade rehemmed.

Goldthwaite Youths Sweep Houston Event

HOUSTON—(AP)—A 90-minute parade and judging of 608 boys' class fat sters opened the Houston Fat Stock Show Wednesday.

Johnny Wigley, 13, Goldthwaite 4-H Club boy, saw his 1,006-pound entry, Prince Bob, take the blue ribbon among heavyweight Herefords. Second place went to the entry of another Goldthwaite boy, Wayne Poe.

Family Of Six Killed

SAULTE STE MARIE, MICH.—(AP)—A father, mother and four of their children were burned to death Wednesday when fire destroyed their farmhouse near here.

Old paint can be removed from window glass with an old safety razor blade or a pad moistened with paint remover.

A grand selection of delicacies is at your Snowwhite Bakery . . .

... so why not come by and see for yourself what a wonderful variety awaits you in our gleaming show cases . . . and in our wonderful refrigerated show case. You'll be pleasantly surprised at the wide, wide variety you have to choose from at Snowwhite Bakery, 105 North Pecos.

MACARON DEVILS CAKE
 A delicious devil's cake with the MACARON BAKED IN! A taste treat that has taken Midland by storm . . . delicious at any time during the day or night. Fresh from our gleaming Snowwhite oven . . . baked to perfection. 65¢

CHERRY CREAM PIE
 Tender cherries whipped into a smooth custard, baked in a flaky pie crust and topped with mountains of meringue. Kept in our refrigerated show case to assure healthful goodness. 49¢

BOSTON CREAM PIE
 A delicious cake pie filled to overflowing with tasty, wholesome custard and topped with tender pineapple and wonderful cherries. Kept in our refrigerated show case to assure you wholesome deliciousness. 60¢ each

French Cream Horns
 French pastry at its finest . . . filled with a tasty cream that invites the appetite to satisfaction deluxe! Baked to perfection in our gleaming oven . . . kept for you in our refrigerated show case. 2 for 15¢

CREAM PUFFS and CHOCOLATE ECLAIRS
 America's favorites . . . French pastry and wholesome, smooth custard . . . kept in our refrigerated show case. 2 for 15¢

DATE-NUT BREAD
 Rich, tender dates and wholesome satisfying nuts blend together in this outstanding loaf of bread to give you something SPECIAL! For a variety in breads . . . Choose Date-Nut Bread this week-end. 25¢ loaf

VALENTINE CAKE
 Place your order NOW by simply calling your Snowwhite Bakery and letting them reserve your order for when you want it. You can depend on your order being ready when you are . . . CALL NOW!

The Entertainment Center

Organizations, civic and otherwise, who are taking the lead in providing top-flight entertainment and other special events for citizens of Midland and the Permian Basin Empire are due the commendation and certainly the all-out support of all Midlanders.

Mild criticism has been voiced from time to time concerning the means used by some organizations in getting the job done. At times, however, it takes a prod to move some persons and organizations. They often resent it, but once the mission or job is accomplished they smile with all other citizens of the empire.

Although some residents decline to believe it, or don't want to face facts, Ever-Growing Midland has become a city—the capital of the vast Permian Basin Empire. A city to hold its rightful place must serve its citizens and those of its vast territory. When it fails to do this, it fails its obligations and ceases to be a place of importance.

If Midland is to continue as the financial, oil, livestock and retail center of the Permian Basin Empire, it also must maintain its position as the entertainment center of the vast territory.

Alert, progressive citizens are aware of this fact. They have banded together to assure Midland the best entertainment available, be it rodeo, sports, musical comedy, dances, drama, tragedy, opera, music, etc. These citizens are 100 per cent correct. They are on the right track. They are thinking properly. They are determined to bring the best possible entertainment features to our city.

And they deserve the support of every citizen. A bigger and better Midland means greater opportunities for every citizen.

If these progressive citizens did not occasionally put the "bite" on some fellow townsmen to support these events, many would resort to the old "Let George Do It." Well, George is doing his part and it is only fair for each merchant and businessman to do his part, even if he prefers to stay at home. Let's see that every worthwhile sport and entertainment feature here is assured a capacity audience. That builds cities.

Remember what Madison Square Garden means to New York City!—What the New York Yankees did for Manhattan! And, certainly you know what the Cotton Bowl and the Texas State Fair mean to Dallas.

Midland can do the same in the Permian Basin Empire and should be grateful for the citizens and organizations who take the lead in these most worthwhile undertakings.

Express your gratitude by purchasing tickets to special events and if it is a worthwhile undertaking throw in your support and a few extra dollars.

It will make Midland a more progressive and popular city—a better place in which to live. It will help Midland hold its place as the top-city and capital of the Permian Basin Empire.

Your duty is to support every worthwhile project.

Something New In Politics

Peter Edson, Washington columnist for NEA, has drawn an interesting word portrait of Wesley Roberts, the new Republican national chairman. A more unusual occupant of the post would be hard to find.

Roberts is quiet, intensely hard working, tremendously efficient. He toils at politics like man dedicated to a cause.

In one year he made the big leap from state politics in his native Kansas, where he had been GOP chairman, to the national stage. He accomplished it because his way of politicking paid off in results.

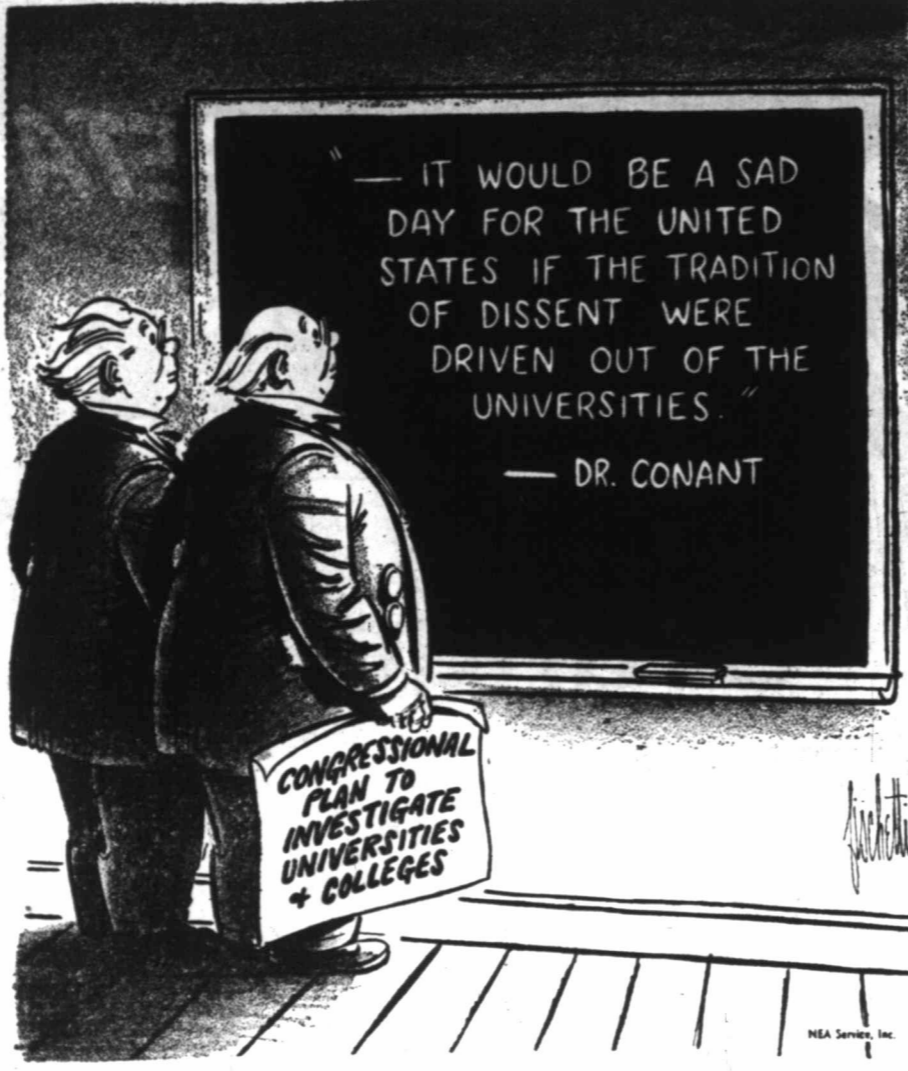

Those who could observe first-hand know that Roberts played a highly important role in the successful Spring campaign last year which led to President Eisenhower's nomination. After that he managed to put the rambunctious Eisenhower amateurs in harness with the Old Guard professionals for the pull to the November 4 election.

Roberts lacks the customary earmarks of the national chairman. He has no money, and there's no bluster or hokum about him. Newsmen quickly learned that he always shot straight. If he can maintain that record in this bigger job, he will be breaking new ground.

He has his work cut out for him. Patronage is one worry. It's an especial headache for a party that has been out for 20 years; the demand for jobs greatly exceeds the supply. And Roberts has to try to widen in 1954 the thin margins by which the Republicans now control the two houses of Congress.

Many Americans use the term "professional politician" almost with contempt. A few more practitioners like Roberts, and a new, highly respected profession of politics may be born.

One Can Truly Learn In A Classroom

The Washington Merry-Go-Round

Draw Pearson says: U. S. airborne troops scheduled for Okinawa; Artillery shell shortage still hampers Korea; Dr. James Conant regrets his decision.

WASHINGTON—On the military timetable for the Far East are several important moves in addition to unfreezing the Chinese Nationalist fleet at Formosa. They include:

- 1. Sending two U. S. airborne divisions to Okinawa. From this point they could go on to Korea, if needed, or to reserve duty in Japan, or there's also the very remote possibility of use on the Chinese mainland. Okinawa is a focal point for all three.
2. Sending a major amount of supplies to Indo-China. This is the lollipop Secretary Dulles will hold out to the French. So far supplies to Indo-China have been merely in dribs.
3. Transfer captive Chinese prisoners from Korea to Formosa if they want to go; strengthen the Chinese Nationalist navy; send more supplies to Chiang.
4. Dulles himself will go to the Far East in May.
It's believed that the threat of naval raids along the China Coast, and the possible threat of airborne divisions on Okinawa may prevent the Chinese Reds from sending more troops and supplies into Indo-China, also more troops to Korea. The Far Eastern picture, according to the military planners, must be dealt with as a whole. The Kremlin does it that way, and we must do likewise.

Ammunition Shortage
In my files is a rather important memo which I have never published. It's dated Dec. 15, 1951. Part of it can be published now, because General Eisenhower, following his trip to Korea, touched on the same thing. The memo states:
"The whole U. S. Army is currently plagued with a most critical shortage of artillery ammunition. In the event of all-out war, we would have only five days supply of 105-mm ammunition..."

Capital News Capsules
Tax Prediction — Speaker Joe Martin and GOP Congressman Dan Reed of New York, powerful chairman of the House Ways and Means Committee, exchanged angry words last week over Reed's efforts to pass a quick tax-reduction bill. Despite Reed's statement that Speaker Martin would delay action on taxes over his "dead body," it's a safe prediction that the GOP high command will postpone a vote on tax reduction until May or June so Congress first can tackle reduction of government spending.

Moscow's Lies—Moscow's propaganda artists go to incredible lengths to twist the news. It was reported in the Philippines recently that Drew Pearson had predicted all

sorts of military plans but we can't carry them out until we lick our worst bottleneck—production. Conant's Headache
Inside fact about Dr. James Conant's appointment as high commissioner to Germany is that he turned down the job once, said he could not leave his post as president of Harvard. In fact, the Eisenhower staff almost gave up the idea of appointing him.

Then Gov. Sherman Adams of New Hampshire said he thought they should make one more try, and that he would approach Dr. Conant again. He did so, telling Conant that Eisenhower was anxious to get the very top men of the nation to serve under him, and that no part of the world was more important for peace or war than Germany.

So President Conant yielded. Now, with a political storm raging around his head, he wishes he hadn't.

The Senate debate over his confirmation illustrates the same problem. Truman complained about the difficulty of persuading good men to serve the government if they are subject to Senate attack. The campaign against Conant was so carefully organized that copies of the Boston Post carrying an eight-column streamer headline against him were distributed by messenger to senators' offices in Washington on the afternoon of the same day it was published in Boston.

Senator McCarthy also had researchers working in New York digging into every phase of Conant's life, with William F. Buckley, Jr., author of "God and Man at Yale," helping him on the side.

Longest-lived mammal in the life chart is the whale, with a 70-year life expectancy.

WRONG: Hope that he will know how to act on a date. RIGHT: Anticipate the situations he may meet, and tell him what is expected of him in the way of courtesies.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service

In most hands you can afford to make a small mistake. Not every slip is fatal, and you occasionally may play a hand carelessly and still live to tell the tale.

In today's hand, however, declarer had no such luck. He made one false move and woke up to find himself dead.

West opened the queen of diamonds, and dummy won with the king. South quite properly congratulated himself on reaching an excellent slam contract. It wasn't easy to bid, but it was practically a lay-down with a normal trump break.

At the second trick declarer cashed dummy's ace of hearts, discarding the bad news. He continued by leading a low trump from dummy and won a finesse with the eight of hearts. South next led the

Bridge hand diagram showing North (D) and South hands with cards and a bidding table below.

queen of spades, overtaking with dummy's king. East held off, but took the next round of spades with his ace.

East returned a diamond and dummy won with the king. South now made his fatal error by cashing the top clubs and ruffing a club with dummy's king of hearts. East promptly discarded his last spade on the third round of clubs, and it was all over but the shouting.

Declarer was in the dummy for the last time and therefore had to try to cash dummy's last spade. East could now ruff, however, and there was no way for South to dispose of his last club. Down one at a cold slam contract!

The correct play was very simple. South should have cashed dummy's last spade before touching the club. East would have been forced to follow suit on the third round of spades, and South could have discarded a club.

After this play, it would be easy to cash the top clubs and ruff a club with dummy's king of trumps. A second trump finesse through East would then produce the rest of the tricks.

PERSPIRING IN SUB-ZERO COLD—

Infantrymen Praise Coldbar Clothing For Winter Combat

By JIM BECKER
CENTRAL FRONT, KOREA—(AP)—The U. S. Army's new Coldbar suit has received its first test in combat and a patrol leader who wore it gave it hearty endorsement. "It's amazing," said Lt. William E. Aaron, Jr., of Lyon, Miss. "These new suits kept me and my men warm in spite of zero weather." Plans call for the brown-colored plastic suit, named from a contraction of "cold barrier," to be issued to 3,000 infantrymen of the 32nd Infantry Regiment for mass tests. Aaron and his patrol engaged a Communist patrol the night of January 16. Tests under combat conditions were continued for several days. **No Underwear** The suit is worn next to the skin without undergarments of any kind. It is covered by regulation cotton twill field trousers and jackets to prevent snagging the spongelike material. If the suit is snagged it can be quickly patched with special tape issued with each garment. The plastic suit creates a vapor layer next to the skin which keeps body warmth in and outside cold out—like the vapor barrier boot first used last year.

The Coldbar suit weighs about four to five pounds—eliminating eight pounds of ordinary winter combat gear. **Booyant Material** The man wearing the new is in a perpetual "steam" of his own perspiration, but Aaron said the slight discomfort was more than made up by its warmth. An Army team headed by Maj. John W. Irving is supervising the Coldbar test. Irving says the suit will keep a man warm in temperatures as low as 50 degrees below zero. Due to its multicellular design, the Coldbar gives a buoyancy that will keep a man afloat even when weighted down with weapons. The small amount of water that seeps into the suit through ankles and wrist holes reaches body temperature in less than a minute. **Gasoline Limited** The new and highly successful Mickey Mouse boots have been issued to front line soldiers. They seal out the cold and prevent frostbite. Meanwhile, gasoline for heating bunkers and tents have been put on a quota basis to cut down black market operations in fuel.

Eighth Army supply officers said four men living in a bunker get slightly more than five gallons of gasoline a day for their stove. "No man will go cold," an officer said. "We haven't had any complaints yet." **Shell Rations** As for the reported shortage of ammunition, supply officers claim artillery and mortar shells are issued to units under a quota system, but they are in plentiful supply. An Eighth Army officer explained, "We have found the troops here are shooting slightly more ammunition than they did in similar situations in World War II. So recently we increased the shell allotment." A front line visit appears to confirm that there is no real shortage of anything for U. S. troops in Korea. As one infantryman put it: "We get enough of everything—except sleep and rotation points."

Standards Bureau Rates U. S. No. 18

NEW YORK —(AP)—The United States ranks eighteenth among the national standards organizations of 34 nations in degree of participation in international standards work, says the American Standards Association. The United States holds secretariats of eight technical committees. The group coordinates national standards in electrical and mechanical fields, the rubber, plastics and building industries and others.

Can You Prove Your Birth? U. S. Bureau Offers Help

Can you prove that you were born? In 1952, more than 100,000 Americans lacking birth certificates or proof of citizenship turned to the U. S. Census Bureau for transcripts of their personal census records. In most cases, the census records have been accepted as satisfactory substitutes for those who had no birth certificates.

District Supervisor James M. Hamilton of the U. S. Census Bureau emphasized that the personal information recorded is confidential and may be furnished only to the individual whom it concerns. Application blanks and instructions for those desiring census records may be obtained from the Census Bureau's District Office, 525 T. and P. Building, Fort Worth.

The normal fee is \$3 for searches of two censuses for one individual, usually requiring 30 days. Expedited handling is provided for a \$4 charge.

COSTLIER THAN ALASKA
The United States acquired the Virgin Islands from Denmark in 1917. The price of \$25,000,000 for these 133 square miles was three and one-half times the amount paid for Alaska's 586,400 square miles.

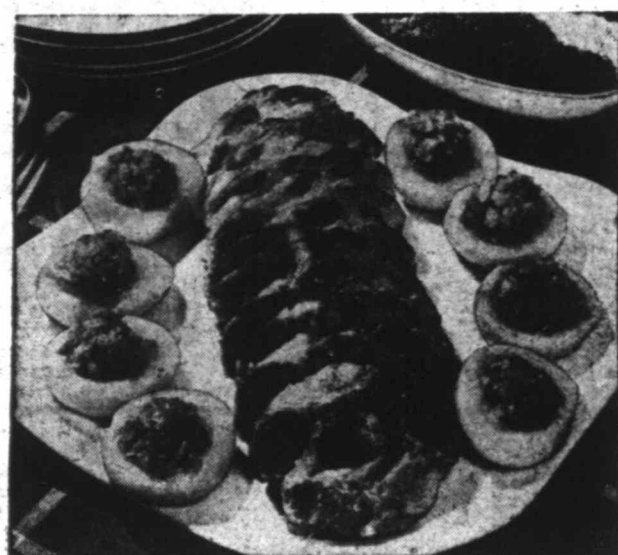

Now Many Wear FALSE TEETH
With More Comfort
FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate color" (denture breath). Get FASTEETH at any drug store.

Peach Halves Are Pork Garnish

Shoulder pork butt served with spiced peach or pear halves filled with pickle relish is a simple economy dish. **By GAYNOR MADDOX**
NEA Food and Market Editor
On the list of thrifty meat cuts for January is boneless, smoked shoulder pork butt, a nugget of lean, flavorful meat weighing from one to four pounds and cooked either by simmering or by roasting. It is delicious when garnished with spiced California peach halves filled with pickle relish. **Roast Shoulder Pork Butt**
(Approximately 8 servings)
Place a one to four-pound boneless shoulder butt in shallow baking pan. Do not cover; do not baste. Roast in a slow oven (325 degrees F.) 45 to 50 minutes per pound or until meat thermometer registers 185 degrees F. **Spiced Peach Halves**
One No. 2 1/2 can Cling peach halves, 1 tablespoon vinegar, 1/2 cup sweet pickle relish. Drain peaches; boil syrup until reduced to approximately one half. Add vinegar and peaches; simmer until heated. Drain and fill each half with 1 tablespoon of the pickle

Daddy Ringtail

Daddy Ringtail And Uncle Bunkum's Conscience

Uncle Bunkum lives at the zoo, but now he had come for a visit to the monkey house. He was all by himself, waiting for the folks to come back home from whatever place they had gone.

Down in the chicken yard, the rooster crowed. Uncle Bunkum thought maybe the Featherman was trying to grab away a feather that the rooster was using. Down Uncle Bunkum slid to the ground to see about it. The Featherman wasn't there, I am happy to say. The rooster was crowing to hear himself crow.

Then Uncle Bunkum got to thinking more about the Featherman. He was thinking of how much fun the Featherman seemed to have in his grabbing of feathers away from people. Uncle Bunkum looked at the rooster. The rooster was busy with his crowing, but he had some very nice tail-feathers and waiting for someone to try to grab them away. Uncle Bunkum laughed to keep himself. Yes, why didn't he grab away one of those feathers, and

see the rooster jump high in the air? Uncle Bunkum's hand reached out to do it. "Uncle Bunkum!" said a strange, strange voice. "Shame on you, Uncle Bunkum!"

"Who—who are you?" Uncle Bunkum asked.

"Did you want something, Mr. Conscience?" Uncle Bunkum asked. "Uncle Bunkum," said his conscience, "I want you to behave yourself. I work awfully hard to keep you out of mischief. It is hard, hard work."

"Sorry to work you so hard, Mr. Conscience."

By Wesley Davis

Conscience." Uncle Bunkum said. "Uncle Bunkum," said his conscience, "you are a rascal. What will the children think—if you get into mischief?"

"Uncle Bunkum," his conscience, "you are a rascal. What will the children think—if you get into mischief?"

Uncle Bunkum began to worry. He knew what the children would think. They would be ashamed of him. Yes, sir, his conscience was right. He mustn't get into mischief. He mustn't get into mischief. He mustn't get into mischief. Having said it three times, Uncle Bunkum felt better all over. He didn't get into mischief because he listened to his conscience that told him not to do it, and no one then was ashamed of him. Happy day!

POPULAR "INFLATION"—Londoners can keep leaking tires pumped up while riding to the repair shop, if they own one of the devices pictured above. A small compressor is on the market which runs on storage-battery power. It can be attached by means of tubing to a universal joint clipped to the wheel hub, and from there to the valve stem of the inner tube.

In the ancient world it usually was assumed women could take no part in politics except when they became reigning queens.

UNCLE EF

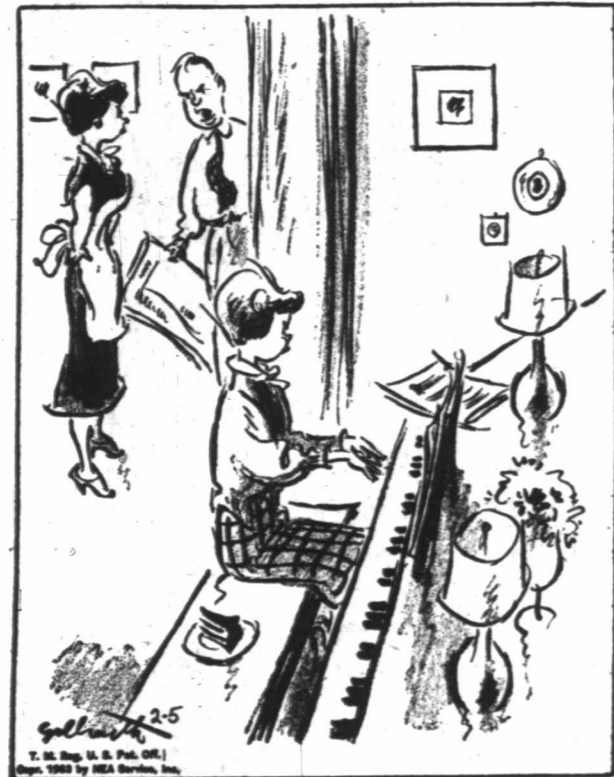

Some Republicans, returning from the inauguration, say they hadn't been to Washington for so long, they were afraid they might have to have passports, same as if they were visiting a foreign country.

Midland Region Gains 11 New Prospectors

Locations for 11 new wildcat projects were included among a total of 53 new petroleum developments reported to the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas during the last week.

Two new prospectors were staked in each of Andrews, Loving and Mitchell Counties. The remaining new ventures were divided one each among Martin, Motley, Pecos and Presidio Counties and one new wildcat was staked on the Reagan-Sterling County line.

Gaines County received five new field projects Cochran and Ward Counties reported four new locations and Andrews, Crane and Pecos each reported three.

Borden, Glascock, Howard, Kent, Midland, Scurry, Sterling and Yoakum Counties each reported two new explorations.

The remainder of the locations were divided one each among Ector, Hockley and Terry Counties.

Andrews County
Hutex (Devonian) wildcat—Humble No. 1-R State University, 1,980 feet from north and west lines of section 15, block 8, University survey, rotary to 13,000 feet.

Wildcat—Neville G. Penrose, Inc., of Fort Worth No. 1 Fisher, 660 feet from south and 990 feet from east lines of section 8, block A-36, pal survey, rotary to 4,750 feet.

Unamed—Phillips No. 1-TT Texas University, 660 feet from north and 667 feet from east lines of section 41, block 5, University survey, rotary to 14,100 feet.

Shafter Lake, North (San Andres)—Tooe Foster of Lubbock No. 2-A University, 1,319.7 feet from south and 2,204.7 feet from west lines of section 17, block 14, University survey, rotary to 4,600 feet.

ONLY TWO FIGHTS, SO FAR—

Odessan, Brother-In-Law In Overseas Outfit

By GRACE HALSELL
Reporter-Telegram Special Correspondent

HEIDELBERG, GERMANY—Two Texans who are buddies and brother-in-law as well have one of the Army's outstanding service records. "It's outstanding, because since our induction, we have had only two fights with each other," Pfc. James W. Keenum, Jr., of Dallas, explained.

His brother-in-law buddy is Pfc. Bobby L. Stroud, formerly of Odessa and now of Dallas.

Keenum is married to Stroud's sister, Patricia Ruth, who is service representative for the telephone company in Dallas.

The two boys went into service at the same time, Feb. 13, 1952, had

basic training together at Camp Roberts and Camp Kilmer, were processed at the same time, and sailed together. They even went through two replacement depots in Germany together.

Keenum, son of Mrs. J. W. Keenum of Dallas, was born in Cleburne and attended junior high and high school in Waco. Two brothers, G. O. and A. J. Keenum, live at Fort Arthur and Hale Center. Three sisters, Mrs. P. E. Watson, Mrs. R. R. Rich and Mrs. J. W. Martin, live in Dallas; two in Waco, Mrs. J. W. Long and Mrs. L. H. Rancher. Mrs. L. T. Seiber lives in Cleburne and Mrs. J. W. Nixon lives in Whitney.

When he gets out of service, the six-foot Texan says "I'm going back to my old job at Chance-Vought at

Grand Prairie . . . and will be so happy to be back there again."

Misses The Sun

Before entering the service, Private Stroud was in the contracting business in Dallas with his father. "I like Germany pretty well. I've met some fine people over here. I have one friend who treats me like a son. I spend a great deal of my time at his home."

However, the 24-year-old Texan added: "I miss my family a lot. I miss all those fishing trips my dad and I used to go on. And that Texas sun doesn't shine over here."

Stroud is the son of Mr. and Mrs. J. W. Stroud of Dallas. A brother, H. W., lives in Cedar Hill, Texas, and another, J. W. Stroud, Jr., in

Odessa. A sister, in addition to Mrs. Keenum, lives in Dallas. She is Mrs. Glenn Railsback.

Two Texans with the Second Armored Division, Pfc. Bobby C. Joplin, 22, of Graham, and Sgt. Lavelle Williamson of Martinsville, agreed "Germany isn't bad in itself." The only bad part is that it is so far from home.

Sergeant Williamson has 17 years' service. Private Joplin, 22, serving with the 41st Armored Infantry battalion, has been overseas 16 months.

7,486 OBTAIN VOTE PERMITS

Midland County has a potential 7,486 votes to cast in any elections held during 1953. County Tax Officer J. M. Speed announced the final count on poll tax payments and exemptions Thursday after the deadline last Saturday night. He said that 6,748 persons had paid their poll tax while 738 had been issued exemption certificates.

Motorists To Receive Bacon With Gasoline

Midlanders will have a chance Saturday to enjoy a free breakfast at the expense of the Reed Oil Company, Inc., 1709 Rankin Highway, when Station No. 2 holds its first anniversary celebration.

The recent addition to the string of Reed filling stations in Midland will offer a pound of bacon without extra charge to each driver who has his gas tank filled there Saturday. Tom Reed, president of the company, said that the prize will be handed to motorists regardless of how much fuel is needed to fill the gas tank. Balloons also will be given to the youngsters.

Open hours of the station on the Rankin Highway will be from 7:30 a. m. to 9 p. m. Saturday. The Reed company has two other gas stations in Midland, No. 1 on West Highway 90 and No. 3 on the Rankin Highway. The Reed organization also operates filling stations in Big Spring, Colorado City and Snyder.

No Money Needed To Have A Power Mower

The grass will be growing before you are ready, but you can have that pushing job licked by reserving your power mower now.

It is easy to do. Drop into the Wilcox Hardware before the big rush starts. We will be glad to discuss your lawn problems with you, and recommend the mower best-suited to your needs.

In our display you will find all sizes in all of these most famous brands, Toro, Jacobsen, Reo, Johnson, Worthington, Exceol and Sherrill.

Let us help you pick the mower you need, we will set it aside for you. You pay nothing down, not a penny! When you are ready for your mower, your mower will be ready for you.

If you have a mower, it is likely that it needs sharpening, cleaning, oiling, or repairs. Call us, we will pick it up, do the necessary work, and return it to you. Our service is complete, the charge is modest. You will be pleased.

Chiang's Warriors Ready To Fight

By GERALDINE FITCH
NEA Special Correspondent
TAIPEH, FORMOSA—The Nationalist troops on Formosa are a bargain in strategic world-wide planning, says General William Chase, head of America's Military Advisory Aid Group here.

In an exclusive interview, he declared: Formosa is a constant threat to the Reds, actually and psychologically. It is also a strategic deterrent to any Chinese Communist move toward Indo-China.

"For a few hundred dollars per man per year," he explained, "you can have a first-class fighting force of half a million men."

General Chase would make no guess as to where Nationalist forces might first be used—in Korea, Indo-China or for an invasion of the Chinese mainland. His job is to get the 500,000 soldiers ready, and that's no small task.

Chiang's guns on review: "When the time comes for action, we're going to need a lot of ammunition soonest," says Gen. William Chase, head of U. S. Military Advisory Aid in Formosa.

Price Decontrol May Help, Not Hinder Most Consumers

By SAM DAWSON

NEW YORK —(AP)—What will price decontrol do to the cost of living? Merchants believe most of the things you buy will move only slightly either way.

Most pressure right now is toward price cutting rather than price boosting.

Businessmen, however, may find a long list of materials they buy are likely to rise—mostly in the metal fields, but including probably oil, some machinery, office machines

and such specialized things as surgical instruments. Such price rises in materials would indicate the costs of making consumer goods and—if consumer demand is high enough—this cost could be passed along to you as higher prices.

At present, however, the tendency is to cut prices on such things as cars—and not pass on higher costs.

Uncertain Period
The timetable of decontrol worries businessmen most right now. In the period of uncertainty, some sellers may withdraw from the markets. Those who expect their products to rise in price once they get free of controls may slow down their current sales. If this happens, there will probably be cries of shortages.

Both consumers and businessmen noted President Eisenhower's predictions—"some up, some down."

They expect the first decontrol measures very shortly will free those products likely to be down. These include consumer items now selling well below price ceilings—like meat, some clothing and textiles still under controls and some consumer durable goods.

These also include such raw materials as natural rubber, lead and zinc.

Last products likely to be freed are those bouncing against the price ceilings. These include copper, steel, aluminum, petroleum and some machinery. And such consumer items as cigarettes, washing machines and office equipment.

But while these wait out their turn in the dying days of controls, there will be a lot of jockeying among producers and manufacturers.

But the cost of living—after a few more weeks—is going to be set in the market place once more. That is, it will depend upon the supply of goods available and the urge you have to buy any particular item—plus that important factor, the number of dollars you have in your pocket.

staff officers and those of Generalissimo Chiang Kai-shek. **Quick Blockade**
"The Chinese navy and air force could lay an effective blockade along the China coast within a matter of hours," General Chase said.

There are strong indications that something of a "bootleg blockade" probably is going on even now. The Chinese Nationalist Navy was quick to reach the sinking merchant ship *Avanti* off the Red coast and rescue its personnel not long ago. The Chinese Air Force was on its toes when a Chinese Communist tried to hijack a Philippine Air Lines plane this winter.

Wait The Word
"There's a high potential here," said General Chase. "How soon this team is ready to play in the big league depends on Washington. When the time comes for action we're going to need a lot of ammunition soonest."

This seemed to echo his statement to 600 Chinese and American officers and newsmen last December when he said: "We have received some hardware this past year. We're going to receive a lot more of it this next year. . . . I think business will be picking up this year, and I think you know what I mean."

Some of that "pick-up in business" is now indicated in reports of Nationalist guerrilla forces actively operating on or close to the mainland under direct command from Formosa.

Top Young Officers
In his interview, General Chase said he felt that President Eisenhower "definitely" felt the strategic importance of Formosa. When General Chase met the new President in Korea, he said, he had "every opportunity to brief him on all phases of the situation in Formosa."

Last October Chiang Kai-shek retired some 131 generals and admirals who were over-age, physically unfit, or had reached maximum term of service. It is the new, younger officers who will lead the next move of the Nationalist troops.

Asked if these new generals had learned the importance of cooperation, or would be inclined to fight individual brands of war, General Chase said "the high command, through our school system, is getting the modern viewpoint."

As for the younger officers, he said, "they're tops."

The faces of Chiang's men: "For a few hundred dollars per man per year, a first-class fighting force of half a million men."

THE LINCOLN COUNTRY

Sketched on the Spot by Ralph Lane

NO. 1—THE OLD MILL
Abraham Lincoln's first view of New Salem, Ill., was its grist mill located on the Sangamon River. Lincoln, then a lanky youth of 21, was employed by Denton Offutt to help float a boat of trade goods to New Orleans. The boat stuck fast on the mill dam. Offutt liked New Salem and opened a trading post there and later Lincoln joined him. After much research the mill was re-created in 1941 with flawless authenticity on its original site. And since the river had changed its course, the rebuilders dug a pond and pumped Sangamon River water into it.

THERE IS NO AGE LIMIT— Women Are Able To Pluck Victory From Any Calamity

By HAL BOYLE

NEW YORK —(AP)—A woman is able at any age to snatch from disaster some morsel of feminine victory.

They know life too thoroughly ever to let it keep them behind the eight-ball very long. For example: Over the weekend, Frances and I visited at the suburban home of our two grandchildren—Nina, half-past five, and Zona, going on four.

It was so cold Sunday the little sisters had to stay indoors and by nightfall they were bored. Nina wandered into the kitchen and picked up Jet, the family cat.

"Let me hold her," said Zona, tugging at the cat.

"No," said Nina. And when she persisted, Nina reached out and bopped her on the head. Zona immediately began to wail.

Hubby To Punish
The mother, Helen, had seen the entire incident. Punishment was in order.

Helen called her husband, George, and explained the crisis.

"All right, Nina," he said. "Go up to your room and you and I will have a talk."

There was complete silence as Nina, embarrassed and guilty, trudged with averted face by her grandma and Frances and me. We were silent, too.

After talking with her, George came down and announced:

"I told her to change into her pajamas, and stay upstairs until 7:30 and think about what she had done."

Tick, Tock
The clock on the mantel said 6:30. Tick, tock . . . at 6:32 a small sound of weeping filtered downstairs.

Tick, tock . . . at 6:33 Helen went upstairs, and returned saying: "Nina has decided she'll clean grandma's room."

Silence . . . tick, tock . . . Zona suddenly found she had to go to the bathroom. Up the stairs she went. The weeping overhead ceased. When Zona came down, George asked:

"What did you say to Nina?"
"Nothing, Daddy," fibbed Zona gallantly. He let it pass.

Nobody felt like saying anything . . . tick, tock . . . at 6:44 grandma said, "George, don't you think—?"
Zona said, "Daddy, can't Nina come down now?" and George, who was getting fidgety too, said "all right."

For the next 45 minutes we all

sat laughing and talking before the fireplace, smelling the good things cooking in the kitchen. Nina then pointed at the clock.

"See, daddy, it's 7:30 now," she said, a note of feminine triumph in her voice.

It was her way of showing that, although she had been desperately lonely without us, she knew very well that we hadn't been able to do without her very long either.

FREEZING WIND
Wind, as well as cold, makes the Arctic a savage land. A wind of only 10 miles an hour, at 40 degrees below zero, can freeze exposed human tissue in one minute.

Each day erosion causes a loss of 8,000 acres of land in the United States.

First Settlers Land 81 Centuries Tardy

ATTLEBORO, MASS.—(AP)—The first New England settlers preceded the Pilgrims by about 8,100 years, according to Dr. William S. Fowler, executive secretary of the Massachusetts Archaeological Society.

Dr. Fowler says these early settlers were lured around 8,800 B. C. into the region about Twin Rivers, R. I., chasing game, possibly elk and mammoth. They came from the south in large canoes hollowed out by fire from great trees. Fowler says Rhode Island then had no forests. Everywhere were sand dunes, gravel hillocks, tundra and arctic moss in the wake of retreating glaciers.

These deductions are made possible by a new type analysis called Carbon 14, a by-product of the discovery of atomic energy.

BOTH GRASSES

Creeping bent, a fraction of an inch high, and bamboo, more than 100 feet tall, are both grasses, according to the Encyclopedia Britannica.

The materials that capture the sunlight's energy in the blue-green algae are concentrated in particles within the living cells, very much as they are in other green plants.

PEACE TENT—UN troops in Korea find a few welcome moments of peace in this tent chapel, part of a new rest center near the front

THE POWER OF POSITIVE THINKING

By NORMAN VINCENT PEALE

Power To Solve Personal Problems

Chapter 16

A businessman stopped me one day following a meeting at which I had made a speech. He told me that something he had read in one of my newspaper columns had, as he put it, "completely revolutionized his attitude and saved his business."

Naturally I was interested and pleased that any little thing I had said would bring about such a splendid result.

"I had been having quite a difficult time," he said. "In fact, it was beginning to be a serious question as to whether I could save my business. I read this article of yours in which you advanced the idea of taking God in as a partner. I think you used the phrase, 'effect a merger with God.'"

"When I first read that it seemed to me a rather 'cracked-brain idea.' How could a man on earth, a human being, take God as a partner? Besides, I had always thought of God as vast being so much bigger than man that I was like an insect in His sight, and yet you were saying that I should take Him as a partner. The idea seemed preposterous. Then a friend gave me one of your books and I found similar ideas scattered all through it. You told actual life stories about people who followed this advice. They all seemed to be sensible people, but still I was unconvinced. I always had the idea that ministers are idealistic theorists, that they know nothing about business and practical affairs. So I sort of 'wrote you off.'"

Funny Thing Happened

"However, a funny thing happened one day. I went to my office so depressed that I actually thought perhaps the best thing for me to do would be to blow my brains out and get away from all these problems which seemed completely to floor me. Then into my mind came this idea of taking God as a partner. I shut the door, sat in my chair, and put my head on my arms on the desk. I might as well confess to you that I hadn't prayed more than a dozen times in as many years. However, I certainly did pray on this occasion. I told the Lord that I had heard this idea about taking Him in as a partner, that I wasn't actually sure what it meant, or how one did it. I told Him I was sunk, that I couldn't get any ideas except panicky ones, that I was baffled, bewildered, and very discouraged. I said, 'Lord, I can't offer You much in the way of a partnership, but please join with me and help me. I don't know how You can help me, but I want to be helped. So I now put my business, myself, my family, and my future in Your hands. Whatever You say goes. I don't even know how You are going to tell me what to do, but I am ready to hear and will follow Your advice if You will make it clear.'"

"Well," he continued, "that was the prayer. After I finished praying I sat at my desk. I guess I expected something miraculous to happen, but nothing did. However, I did suddenly feel quiet and relaxed. I actually had a feeling of peacefulness. Nothing out of the ordinary occurred that day or that night, but next day when I went to my office I had a brighter and happier feeling than usual. I began to feel confident that things would turn out right. It was hard to explain why I felt that way. Nothing was any different. In fact, you might even say things were a shade worse. But I was different, at least a little different.

"This feeling of peacefulness stayed with me and I began to feel better. I kept praying each day and talked to God as I would to a partner. They were not churchy prayers—just plain man-to-man talk. Then one day in my office, all of a sudden an idea popped up in my mind. It was like toast popping up in a toaster. I said to myself, 'Well, what do you know about that?' for it was something that had never occurred to me, but I knew instantly that it was just the method to follow. Why I had never thought of it before I haven't the slightest idea. My mind was too tied up, I guess. I hadn't been functioning mentally.

"Out Of The Woods" immediately followed the hunch. "No, it was no hunch, it was my partner talking to me. I immediately put this idea into operation and things began to roll. New ideas began to flow out of my mind, and despite conditions I began to get the business back on an even keel. Now the general situation has improved considerably, and I'm out of the woods."

"Then he said, 'Whenever you get a chance to talk to businessmen tell them that if they will take God as a partner in their business they will get more good ideas than they can ever use, and they can turn those ideas into assets. I don't merely mean money, although a way to get a good return on your investment, I believe, is to get God-guided ideas. But tell them that the God-partnership method is the way to get their problems solved right.'"

"This incident is just one of many similar demonstrations of the law of Divine-human relationship working itself out in practical affairs. I cannot emphasize too strongly the effectiveness of this technique of problem solving. It has produced amazing results in the many cases coming under my observation.

Here are 10 simple suggestions as a concrete technique to use in solving your problems:

1. I believe that for every problem there is a solution.
2. Keep calm. Tension blocks the flow of thought power. Your brain cannot operate efficiently under stress. Go at your problem peacefully.
3. Don't try to force an answer. Keep your mind relaxed so that the solution will open up and become clear.
4. Assemble all the facts impartially, impersonally, and 'judicially.' List The Facts
5. List these facts on paper. This clarifies your thinking, bringing the various elements into orderly system. You see as well as think. The problem becomes objective, not subjective.
6. Pray about your problem, affirming that God will flash illumination into your mind.
7. Believe in and seek God's guidance on the promise of the 13rd Psalm, "Thou wilt guide me by thy counsel."
8. Trust in the faculties of insight and intuition.
9. Go to church and let your subconscious work on the problem as you attune to the mood of worship. Creative spiritual thinking has amazing power to give "right" answers.
10. If you follow these steps faithfully, then the answer that develops in your mind, or comes to pass, is the right answer to your problem.

SCISSORS CHOP TAILS OFF SPIRITS—

Doctor Also Must Combat Witchcraft In New Mexico

By JOHN KAY ADAMS

DALLAS—(AP)—Many of his patients believe in witchcraft and claim hospitals are "only a place to die." Dr. W. A. Jenkins, Las Cruces, N. M., said Tuesday.

He told his spellbound colleagues about some of the strange beliefs he encounters while delivering babies in the community of 12,000 near the Mexican border.

His remarks were addressed to a convention of the American College of Osteopathic Obstetricians and Gynecologists here.

Despite the extreme poverty and unsanitary living conditions of many of his patients, Dr. Jenkins said he had not lost a mother in more than 26 years of delivering babies.

"Part of my success," he said, "may be due to the amount of punishment these women can take."

No More Surprises
"He said nothing much surprises him any more. He knows that a pair of open scissors hanging,

AUTOMOTIVE HINT

A BB shot dropped into the end of the valve stem will help inflate a tire when the valve has been screwed so far into the stem that the airtight connection will not depress it. The stem, of course, must be removed before replacing the valve-stem cap.

In a strict sense, a wigwam is a dom-shaped wooden American Indian house, the skin structures of similar shape being tepees.

blades down, in a window are there to cut off the tail of any evil spirit trying to enter.

Most of the competing witch doctors remain across the border in Old Mexico drawing their patients from the New Mexico side.

"They do a thriving business at a flat \$40 a patient," he said. "No fancy sliding scale based on ability to pay."

Odd Treatment Told
Many of the migrant workers and Indians have an intense fear of fresh air. For 40 days after a baby is born, winter or scorching summer, mothers bundle themselves in sweaters to keep from being exposed to a breeze.

A treatment for nausea is to rub an egg on the patient's abdomen, then break the egg, pour it into a saucer and place the dish back of the sick one's head.

Dr. Jenkins told of going to deliver an expectant mother and finding her smeared with a mixture of eggs and onions. He was told it was to ease the pain and draw out the baby.

It Works

"Evidently it worked," the doctor said with a smile. "For while I went out to my car to get clean towels, the baby arrived."

Split beans pasted on a patient's head are supposed to cure a head-

ache. A split potato attached to the head is a treatment for sinus trouble.

Most of Dr. Jenkins' patients will not agree to be X-rayed. Many have a desperate fear of a hospital.

The community if building a new hospital. Until recently the nearest hospitals were 40 miles away.

But Dr. Jenkins told his colleagues, "They are kindly, affectionate people, and I would not exchange my practice for any you are enjoying."

KIDNEYS MUST REMOVE EXCESS WASTE

Stagnant backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 12 million kidney tubes and filters flush out waste. Get Doan's Pills today!

SPRY "WATER-WHIP" PIECRUST

(Use accurate, level measurements)

½ cup Homogenized	2 eggs all-purpose flour, sifted
¼ cup boiling water	butter measuring
1 tablespoon milk	1 teaspoon salt

Put Spry in medium-sized mixing bowl. Pour on boiling water and milk and break up shortening with fork. Then stir and, with rapid cross-the-bowl strokes, whip or beat with fork until mixture is smooth and thick like whipped cream and will hold soft peaks when fork is lifted.

Sift flour and salt together onto Spry mixture. Stir quickly, with round-the-bowl strokes, into a dough that clings together and "sticks" the bowl. Pinch up and shape into a smooth, flat round. The dough can be rolled in the desired way: between waxed paper or on a pastry cloth or board.

Yield: pastry for a 9-inch piecrust pie.
