## Seaboard Has Reef Opener In Dawson

Seaboard Oil Company of Delaware has found flowing oil and gas production in the Pennsylvania reef lime at its No. 1 Herman Pettaway, Southeast Dawson County wildcat, 15 miles southeast of Lamesa.

This prospector topped the reef lime at 7,885 feet on a datum of minus 4,969 feet. It took a two-hour and 50-minute drillstem test at 7,884-7,910 feet.

**Fluid Came To Top**

Gas surfaced in five minutes and mud and oil came to the top in one hour and 25 minutes. The flow was to pits for 10 minutes to clean and it was then turned to tanks.

During the first 15 minutes it flowed through a one-inch opening and made 5.2 barrels of oil. In the next 60 minutes, still flowing through the one-inch opening it made 11.4 barrels of oil.

There were no signs of formation water. Open flowing bottom hole pressure was between 375 pounds and 1,900 pounds. Shut-in bottom hole pressure, after 15 minutes was 2,275 pounds.

**To Core Deeper**

Gravity of the oil was approximately 29.2 degrees. No gas-oil ratio figures have been reported. The discovery is to core deeper.

This wildcat is 1,980 feet from south and 1,500 feet from west lines of section 40, block 34, T-3-N, R-2P survey. It is one-half of a mile west of the Spraberry Deep field and it is 4 1/4 miles northeast of the one-well Sparenberg (Pennsylvanian) field. No. 1 Pettaway has also shown as a possible producer from the Spraberry.

## Wilshire Wildcat Shows Gas And Oil On Wolfcamp DST

Gas and heavily oil and gas-cut mud developed on a drillstem test of the Wolfcamp at the Wilshire Oil Company of Texas No. 33-16 Cox, wildcat in Central-North Andrews County.

Drillstem test was taken from 8,509 to 8,542 feet. Tool was open two hours. Recovery was 900 feet of gas in drilpipe and 100 feet of heavily oil and gas-cut mud.

Flowing pressure was from 30 up to 45 pounds and shut-in pressure was 120 pounds.

More hole was being made below 9,784 feet.

Location is 1,980 feet from south and east lines of section 16, block A-33, plat survey and 13 miles northwest of the town of Andrews.

## More Pay Found, Potential Slated At Howard Opener

Potential test was slated for Oceanic Oil Company, Charles C. Green and J. W. McSpadden No. 1 Winans, Pennsylvania reef discovery in North-Central Howard County, after additional pay section was uncovered on a drillstem test from 8,170 to 8,195 feet.

After setting five and one-half inch casing at 8,138 feet, operator drilled out cement and then deepened from 8,170 to 8,195 feet.

The drillstem test was for one hour and 30 minutes. Gas surfaced in one minute and mud in 35 minutes. Oil came to the top in 37 minutes. The well made 25 barrels of oil during the remainder of the time tool was open.

Flowing pressure was from 500 to 1,525 pounds. Shut-in pressure after 15 minutes was 3,600 pounds.

Operator reversed out a full string of oil and then ran logs.

The project was flowing to clean out test from the open hole section at 8,138-8,195 feet at last report.

Location is 660 feet from south and west lines of the northeast quarter of section 25, block 33, T-3-N, R-2P survey.

It is one-half mile south of the town of Vealmoor.

## Texas Gulf Gets Flow From Devonian In Headlee Project

Texas Gulf Producing Company No. 4 E. V. Headlee has flowed oil in commercial amounts from the Devonian to assure the second pay zone for the Headlee field of Central-East Ector County.

All the wells so far drilled in that area have been drilled to the El-

## U. S. To Retaliate If Reds Hold Prisoners

### 14,605,000 Bales Is First Estimate For Year's Cotton

WASHINGTON—(AP)—The Agriculture Department, in its first forecast of the year, reported a prospective cotton crop of 14,605,000 bales of 500 pounds gross weight.

Officials have said a crop of 12,000,000 or more bales would require Secretary Benson to invoke rigid controls on production next year to prevent a burdensome surplus.

Benson has until October 15 to make a decision.

The indicated crop compares with 15,136,000 bales last year and 12,215,000 for the 10-year (1942-52) average.

Officials said it was inconceivable that weather between now and harvest would reduce the indicated production enough to make controls unnecessary.

A control program probably would require farmers to reduce plantings next year to around 18 million acres, compared with 24,618,000 this year.

The department said production prospects were more favorable August 1 than was indicated a month earlier. A month ago, the department said, about 1,500,000 acres in Texas and Oklahoma had not germinated because of dry weather.

**Abandonment Considered**

The department said special surveys late in July indicated about one million acres of this land had germinated and was up to a sufficient stand to be retained for harvest. The remaining one-half million acres appears to have been already abandoned, the department said.

In arriving at its forecast, the department said it took into account a greater than average abandonment of planted land in Texas and Oklahoma.

This year's production will be supplemented by a reserve of 5,200,000 bales from previous crops.

The indicated yield of cotton per harvested acre was reported at an average of 291.7 pounds compared with 282.7 pounds last year and 271.4 for the 10-year average.

The condition of the crop August 1 was reported at 79 per cent of normal, compared with 75 per cent a year ago and 77 per cent of the 10-year August 1 average.

The condition of the crop August 1, the indicated acre yield and

### 24 'Chutists Of Downed Boxcar Safe

WIESBADEN, GERMANY—(AP)—All 24 men who parachuted from their disabled C-119 Flying Boxcar over the Libyan Desert Saturday night have been found alive, the U. S. Air Force said Monday.

Twenty-one airmen were found early Monday. The other three were spotted later by an air rescue party.

The wreckage of the big plane and the survivors were spotted from the air 80 miles southwest of Tripoli. The Air Force said a rescue helicopter was at the crash scene and a land party was on the way there.

The plane, carrying a crew of six and 18 passengers, was on a flight across the Mediterranean from Udine, Italy, to Wheelus Field, the big Air Force base near Tripoli.

Earlier reports said the craft crashed in the sea and five survivors had been picked up, but the wreckage and the survivors were spotted in the desert from the air by Col. Royal Anthis, commander of the Wheelus Air Base.

### White Says Heat May Slash Texas' Expected Yield

AUSTIN—(AP)—Agriculture Commissioner John White said Monday Texas' cotton yield would hold up to expectations if the heat wave continues much longer.

He said he thought the Department of Agriculture estimate placing Texas' cotton crop at 3,325,000 bales "is just about right as of the present."

"But we certainly won't make any more than that. If this hot weather continues, some of our good crops, such as those in Central Texas, are going to deteriorate and we won't make that much," he said.

Central Texas temperatures have hovered for several days around 105. More of the same is forecast.

## Mystery Shrouds Shooting Of Duo On Frying Pan Ranch

AMARILLO—(AP)—How a woman got shot to death and a man companion wounded at a ranch water hole remained a mystery to officers Monday even though the victims were identified tentatively.

The pair was found Saturday on the Frying Pan Ranch 17 miles northwest of here.

The woman was identified Sunday as Tillie Taylor, about 53, a Tulsa, Okla., waitress. She was named by Mrs. Mildred Amos, a waitress who came here recently from Tulsa.

The man, hospitalized here, says he is Walter Ellis. He has given New Jersey and California addresses.

This is the scene officers found at the ranch.

The woman's body was on a hilltop two miles off U. S. Highway 66. She had been shot once in the back of the head. A pistol with two discharged shells lay near her body.

The man was found sitting nude in the shallow water hole about 150 yards from the woman's body. He had been shot once in the back of the head. He was severely sunburned and babbling incoherently.

## First Freed GI's Start Trip Home

PANUNJOM—(AP)—Seventeen disabled but happy Americans left Tokyo Monday night by plane for the United States, leaving behind grim months in North Korean prison camps.

Another 328 Americans boarded a Navy transport in Inchon harbor and will sail for home Tuesday. About 1,800 U. S. Marines returning home on regular rotation also are aboard the ship, the Gen. Nelson M. Walker.

The big Air Force plane carrying the vanguard of more than 3,000 Americans scheduled to be liberated in the massive prisoner exchange took off from Tokyo's Haneda Airport at 7:07 p.m. (4:07 a.m. Texas time) Monday.

Although destination and landing time were not given, the transport probably will set down at Travis Air Force Base near San Francisco about noon Tuesday.

The ship probably will take about two weeks to cross the Pacific to Seattle or San Francisco.

Monday saw 338 more Allied soldiers return from North Korean stockades—laughing, happy Americans, British and Turks, and 189 South Koreans, many of them human wrecks.

Panunjom's mood swung sharply between sadness and gaiety, depending on what nationality was on the trucks.

The 125 Americans and 25 Turks all appeared in good condition. The British, 50 in all, were in excellent spirit.

But here were grim faces among 50 U. S. Marines who unloaded Red ambulances loaded with wasted, emaciated ROK soldiers.

Two hundred non-Koreans were exchanged Monday. It was the first day that more non-Koreans than ROK's have been returned. Early Monday, the Reds suddenly announced they were substituting 25 more Americans and 25 more British for 50 South Koreans. Whether this was merely a mixup in the Red schedule or had some deeper significance remained to be seen.

**Nehru Watches Delivery**

Nehru, a member of the Neutral Nations Advisory Commission which will oversee prisoners who refuse repatriation, reached Panunjom in time to witness the third hourly delivery of prisoners. This was the exchange group that was switched by the Reds.

Tuesday's group, the Reds announced, all will be in good health. It will be made up of 100 Americans, 25 British, 25 Turks and 250 South Koreans.

The total will raise the number of UN soldiers returned in seven days to 2,774, including 623 of 3,313 Americans the Reds said they held. The Communists have said they will return 12,763 prisoners all told.

## No Relief Sighted From Texas Heat

Midland sweated along with the rest of Texas Sunday, the mercury here reached a high of 102 degrees, with little prospect for relief Monday, which is expected to remain clear to partly cloudy.

Occasional gusts up to 18 miles an hour from the south may disturb the cloud patterns somewhat, weathermen predict.

The Southern half of Texas still was being baked Monday with no rain forecast for any part of the state.

The hottest spot Sunday was Cotulla with 109. Austin's 106 was the hottest since June 21, 1936. San Antonio also had 106—one degree below the record high of 107.

## Right-Of-Way Purchase Set On Stanton Highway Project

Midland County Commissioners decided Monday to proceed immediately with negotiations for purchase of right-of-way needed for widening of U. S. Highway 80 into a four-lane divided artery from Midland east to the Martin County line.

The decision came as Judge Clifford C. Keith reported that the preliminary appraiser's report on the needed right-of-way indicated it would cost "slightly in excess of \$300,000."

"The bond money is in the bank," said Judge Keith, "so we will begin within the next few days the negotiations with the property owners."

Earlier this year, a \$350,000 bond issue to finance the right-of-way purchases was approved at a special election.

Last week bond company representatives delivered \$351,999 to the county on the sale of the bonds.

## Ex-Prisoners Say 'Progressives' Plan To Form Communist Fronts In America

By JIM BECKER

FREEDOM VILLAGE—(AP)—Americans freed from Red prison stockades said Monday Red indoctrinated U. S. prisoners are among those returning—including 30 "progressives" in the United States.

Cpl. Leslie E. Scales, 22, of Folsomville, Ind., said he was one of 30 members of his 306-man company at Camp 5 in Pyoktong on the Yalu River.

Most of the men in the company were anti-Red, he said in an interview at Inchon, but he knew the 30 personally.

Other repatriated prisoners have told of Americans who collaborated with the Reds, but only Scales told of repatriates returning to work for communism in America.

Scales said he had heard the 30 talk about joining organizations called the "Ex-POW's for Peace" and the "Veterans for Peace," but he did not know if they had been formed.

Scales said he did not know if the "progressives" planned to join the Communist Party in America, but said he heard them talk of a reunion at the home of a friend in San Francisco to discuss their next moves.

Cpl. Harold Wilson, 22, of Mobile, Ala., said one prisoner—considered the "No. 1 progressive" in Camp 5—had said he would "kill his own mother and father if they interfered with his being a Communist and would never even spit on an American dollar again."

Three other Americans who returned Monday said the Reds have returned "No. 1 progressives" from Camp 5.

Another prisoner liberated Monday said some POW's "played along" to get better treatment and "no one could tell for sure which were real progressives."

Scales said he also knew of several British POW's returning who had collaborated with the Reds. One, he said, had told him he was a card-carrying Communist.

Scales said not all of the 30 were "rats" in camp. He said some believed in Communism but did not inform.

Most, he said, were in their 20's, poorly-educated and had served long terms in the camp.

Scales said about the 30: "They speak quiet here. They speak to you like nothing ever happened. The majority of them are right here in Inchon, waiting for the ship home."

"I think something should be done to them. A lot of guys have suffered on account of them."

Asked if Army investigators knew about the men, Scales answered: "I hope they do."

He said if enough "reactionaries" from his company arrive in time to catch the ship "it wouldn't be safe"

## Dulles Says Army Trying For Return Of All Americans

DENVER—(AP)—Secretary of State Dulles said after a conference with President Eisenhower Monday that the United States probably would adopt "reciprocal measures" if the Communists refuse to return some American prisoners of war.

Dulles left no doubt he meant this country would take retaliatory steps if prisoners are withheld in violation of the armistice terms.

## Court Awaits Plea For New Precinct Plan

The deadline that wasn't a deadline arrived Monday and, at least up till noon, Midland County still had the same old commissioner precincts.

Monday—the second Monday in August and the date for the first Commissioners Court meeting—was supposed to be the day on which the commissioners could vote to re-district the county.

Such action had been urged during the county election campaign last year to give heavily-populated Midland more representation on the Court.

Actually, it developed during the last two weeks, the commissioners, under the laws of the State of Texas, could approve such a change at any time it is deemed to be the best interests of the people.

But, anyway, Monday was looked on as the day on which such action would be proposed.

"I've heard rumors," admitted Commissioner Alvey Bryant, "that there would be a delegation up here on the matter. But none has showed up. There were two or three men here earlier but all of them were against the redistricting."

At noon, the commissioners still were waiting, and none of them had proposed themselves that the districts be changed.

## Population Of U. S. Hits 160,000,000

WASHINGTON—(AP)—America gets its 160 millionth person Monday, almost nine million above the official figure of three years ago.

That's the reckoning of a 10-foot machine ticking away in the Commerce Department lobby.

The machine records a net gain of one person every 12 seconds. It figures on a birth every eight seconds and a death every 21 seconds. It also takes into account the number of persons entering and leaving the country.

## C. B. Willingham Dies In Monahans

MONAHANS—Clyde Barron (Cotton) Willingham, 51, died at 3 a.m. Monday in a Monahans hospital.

He was born and reared in Midland, where he was married to Mrs. Gladys Barton. He had lived in Ward County 16 years, being engaged in construction work. Willingham retired two years ago.

Funeral services will be held at 4 p.m. Wednesday in the First Baptist Church with the pastor, the Rev. Levi Price, officiating. Interment will follow in Monahans cemetery.

Survivors include the widow; a daughter, Gene Marie; a stepson, Jack Barton of Houston; a brother, Harvey Willingham of Monahans, and a sister, Mrs. Agnes Outshall of Midland.

MEET THE MAN WITH THE ANSWERS—

Neighbors Of Dr. Kinsey Appreciate His Efforts To Expand Sex Knowledge

By WADE JONES  
NEA Staff Correspondent

BLOOMINGTON, IND. — Of the several dozen people I've talked to here about Dr. Alfred C. Kinsey and his forthcoming book on "Sexual Behavior in the Human Female," only one had an objection to the nature of his work.

The lone dissenter was Mrs. Ray Fisher, a kindly-looking woman of about 70 who sat on her front porch holding her grandson in her lap.

"I haven't read too much about what he's doing," she said, "but I don't think it ought to be put in print. I think it's just curiosity."

**Off The Campus**  
A Gallup poll several years ago showed people throughout the country to be 5 to 1 in favor of Kinsey's work.

To appreciate the attitude of people here toward Kinsey and his work, it should be remembered that there is a sharp difference between the interests and thinking of university people and townpeople.

The shaded quiet of the campus is a green oasis of thought and ideas in the intellectual Sahara of Bloomington and the surrounding countryside.

**Don't Shock Easily**  
Research of the academic sort Kinsey is doing, is going on in smelly laboratories and hot, high-ceilinged rooms in more than a dozen of the campus's gray Indiana limestone buildings.

These researchers and thousands more like them, working in the ad-

people. That's all there is to it. It's not dirty."

Nick Poolitsan, co-owner of the Gables Restaurant, believes "most people need to be broadened in the sex field. I'm pretty dumb about it. I guess most people are."

Bernard Houhour, a cab driver: "It won't hurt anything. I learned a lot in the Army that's done me good. Maybe it will make less cases of kids not having any fathers."

**Face Lights Up**  
Houhour, like a surprisingly large number of townpeople, didn't know at first who Dr. Kinsey was.

Mose McGlocklin, a construction worker, didn't know. But his face lit up when sex was mentioned.

"Anybody that can do anything that that subject there," he said, "it's all right with me."

Shirley Cary, 21-year-old University senior from Topeka, Kan.: "Oh, of course what he's doing is a good thing! The surface has only been scraped."

**Minister's Reaction**  
The Rev. Howard Anderson, Christian Church minister, is heartily in favor of what Dr. Kinsey is doing, but wouldn't allow his picture to be taken.

"I don't like the sensational way the press has treated the Kinsey work," he said.

Richard Sims, a barber: "A lot of people think what he's doing is something to snicker about. I don't think it is. What does my wife think about it? She doesn't read anything—just comic books."

**Lessons Of Barnyard**  
What does Dr. Kinsey himself think about the value and purpose of his work?

He goes back to the time he began his work in 1928, when some students asked for a marriage counsel course and he found out how little they knew about sex.

"The scientific knowledge of sex at that time was equivalent to what was known about indigestion in the 15th Century," he says. "It is unbelievable that there was any function of the human body about which so little was known. We knew more about the sex habits of barnyard animals than of people."

**More Reasonable Laws**  
He has expressed the hope that as a result of his findings, our laws governing sex offenses will be brought more in line with the facts of life. As it is, he says, if all our sex laws were enforced, 85 per cent of our women and 95 per cent of the men would be in jail.

He has said, too, that his work should provide a basis for intelligent sex education of children, and for a better understanding between married couples.

He said in a recent speech that 75 per cent of married couples interviewed had some sex difficulty. Also, he says, 60 per cent of the nation's marriages go on the rocks, not 40 per cent as reported by census figures. The extra 20 per cent are those which never get to the divorce courts, he says.

(Next: What Kinsey is talking about.)

"BROADENING": Nick Poolitsan thinks most people need it.

"GOOD THING": That's how Shirley Cary regards report.

"IT'S NOT DIRTY": Marietta De Aubrey's a researcher.

"WHO'S KINSEY?" said Mose McGlocklin O.K.'s the idea

Parkinson Disease Hits Nervous System Control

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

Each year a great many inquiries are received concerning Parkinson's disease. This common disorder of the nervous system also is called paralysis agitans, or shaking palsy.

There usually is a trembling or shaking of the hands while at rest, and many of the motions of the

body become stiff and slow. The first sign frequently starts in one hand and the other one may not be involved for months or years.

The cause of this disease is not too well understood, but in answer to a question by Mr. B. it is not inherited. A portion of the brain is damaged but the thinking processes do not seem affected as a rule. In some cases the damage is the result of infection, such as occur in encephalitis or sleeping sickness.

In most, however, such a cause cannot be discovered and hardening of certain arteries is a more likely explanation.

Shaking palsy, except after encephalitis or brain fever, is a disease of older people and more common among men than women. It tends to start slowly, though sometimes the symptoms develop suddenly after a mental or physical shock of some kind.

In addition to the shaking in one or both hands, victims often complain of a loss of muscular strength and difficulty in performing movements which they previously did with ease. The physician is helped in making a diagnosis by a certain lack of expressiveness in the patient's face and by the way he walks. Both things which the patient may not know are present at all.

As yet there is no method of preventing the development of Parkinson's disease. In fact, it seems doubtful that anything can be developed along this line until more is learned about the cause. Prevention is the ultimate aim, of course, and it cannot be lost sight of in this disease or in any other.

**Not Much To Be Done**  
Everyone who is afflicted by paralysis agitans or has a dear one so involved is most anxious to know what can be done for it and what the future is likely to bring. Sad to say, there is so far no sure, complete cure, but there are drugs available which, together with satisfactory attention to the general health, will relieve many of the symptoms and make life not at all unbearable.

Drugs alone are not enough and avoidance of fatigue and strenuous physical activity also is necessary. It is not advisable to give up everything and some occupation which keeps one reasonably busy mentally and physically is in order.

The outlook for the victim of shaking palsy is not so bad. It is a chronic, not an acute illness. Many who have it enjoy fairly good health for many years. If they get good care and do not become discouraged often it can be taken as a minor ailment for a very long time.

Woman Walks Off 110 Pounds Of Fat

LOS ANGELES.—Mrs. Helen Fedorowicz, 42, lost 110 pounds in four months, but her reducing method probably won't become popular.

It was her husband's idea anyway. Mrs. Fedorowicz is only five feet tall but she weighed 265 pounds that day in April when her spouse, John, 59, a roofer, said to her: "Let's take a walk."

They did. They started to Fresno and trudged 350 miles to the Mexican border. Then they turned eastward over mountains and desert, camping at night and braving all kinds of weather.

Two thousand miles later, Mrs. Fedorowicz weighed a mere 155 lbs. She plans to stay home and soak her feet awhile.

Crash Victim's Body Discovered On Roof Of Service Station

LONG BEACH, CALIF.—Impact of a high-speed collision in which both drivers were killed threw a third victim to his death 81 feet onto the roof of a service station Sunday.

The body of bartender Leonard Salisbury, 30, was found on the roof several hours later. Also killed were David Raus, 30, and Walter Sluder, 48. Sluder's wife Willie, 45, was hurt critically.

Police said Salisbury, Raus' passenger, was dressed in feminine clothing. Firemen who removed the body at first identified the victim as a woman.

Entry By Midlander Wins Eastland Toad Race, Awarded \$300

An entry owned by Dr. R. L. Spencer of Midland won the silver anniversary running the Old Rip Horned Toad Derby in Eastland Saturday as 5,000 spectators watched the races.

Twenty preliminary heats in which the owner of each winning toad received \$25 preceded the running of the final sweepstakes event.

Spencer's toad crossed the finish line in the sweepstakes to bring the Midland dentist, \$300 first prize. Three Eastland residents owned the second place toad, splitting a \$200 award. Mrs. Rita Barber of Abilene owned the toad coming in third for \$100.

More than 400 horned toads were entered in the Eastland derby. The Chamber of Commerce sponsored the event. Boyce House, Midland Reporter-Telegram editorial page writer, recalled in the finish how the famed toad was taken from his 30-year confinement in the old Eastland County. Editor of the Eastland paper at the time, House related how a news story gained public interest and led to old Rip's fame.

Longtime McCamey Resident Interred

MCCAMEY.—Funeral rites for Mrs. Eva Lorena Dennis, 69, McCamey resident for more than 20 years, were to be held at 10 a. m. Monday in the McCamey Methodist Church with the Rev. J. W. Griffin, pastor, officiating. Interment was planned in the McCamey Cemetery.

Mrs. Dennis died Saturday in the Rankin hospital. She was born in West Virginia Nov. 24, 1883. Mrs. Dennis was a member of the Eastern Star and the Rebekah Lodge, whose members had charge of graveside services. Members of the McCamey IOOF Lodge were pallbearers.

Survivors include a son, Clifford Dennis of McCamey; a daughter, Mrs. Mildred Cantner of Crane, two granddaughters and seven great-granddaughters.

Midlander's Kin Dies In Eldorado

Funeral services for Grover C. Joiner, 60, father of Ben W. Joiner of Midland, were conducted at 2 p. m. Monday in San Angelo. He died in an Eldorado hospital Saturday after a long illness in San Angelo from 1928 until 1951.

Joiner, a former employee of the Santa Fe Railroad in San Angelo, also served as assistant base engineer at Concho Field during World War II. He had operated a newsstand in Eldorado since moving there two years ago. He was born Jan. 25, 1893 in Albertville, Ala., and was a member of the American Legion and the Veterans of Foreign Wars.

Survivors include the widow, the son, one sister, Mrs. Lula McCauley of Megargel, and one grandson.

Cap Rock Co-Op Re-Elects Three Directors To Board

STANTON — Three directors of the Cap Rock Electric Co-Op re-elected to serve for the next three years include J. D. McCreless of Stanton, E. G. Phillips of Big Spring and W. D. Howell of Leonard.

They were named at the annual membership meeting and electric fair last weekend when more than 2,000 persons thronged the co-op's grounds in Stanton.

Holdover directors are Glenn Cantrell, Miss Arah Phillips and Mrs. Lee Castle, all of Big Spring.

Paul Adams of Ackerly, D. W. McDonald of Midland and C. F. Gray of Stanton.

Manager O. B. Bryan showed members a graph which detailed how each revenue dollar the co-op received in 1952 was spent. Twenty-two cents of each dollar went for power which was, in turn, distributed to members. Payments on the money borrowed to finance the co-op's construction took 11 cents of each dollar and interest on the borrowed money took 12 cents.

A printed report on the co-op's financial condition was given to each member attending.

Jan and Linda Nichols, Stanton, were winners of the amateur talent contest. They sang "Tennessee Wickwalk" and received a radio as their prize. The Nichols girls will be judged against winners of talent contests being held this Summer at rural electric co-op meetings throughout Texas. Six finalists will be selected for the statewide finals to be held in Mineral Wells in October.

Cap Rock Refrigeration Co-Op members met briefly, re-elected their directors and heard a report on their Co-op's financial condition from Manager Bryan. Bryan said that at the present rate, the refrigeration co-op will be paid for next year and after that patronage refunds can be made to members.

Refrigeration Co-Op directors re-elected include J. D. McCreless, W. D. Howell, C. P. Gray, Mrs. Lee Castle and Glen Cantrell.

Other survivors include two daughters, Mrs. Aelene Morton of Amarillo and Mrs. Merle Moore of Goree; a son, Alton T. Chamberlain of San Francisco, three brothers and two sisters.

Presbyterian Men Slate Melon Feast

Men of the Church of the First Presbyterian Church will stage a watermelon feast at 7:15 p. m. Thursday at the manse, 1210 West Missouri Street. President Otto Deats announced Monday.

All men of the church are invited and urged to attend, he said.

The watermelon feed will supplant the organization's regular dinner meeting this month.

SPRING LAKE, N. J.—Vice President Richard M. Nixon was 40 minutes late for a golf date Sunday because he lost his way.  
Soon after he left nearby Mantoloking, where he is spending weekends this month, he found himself headed for Philadelphia instead of the Spring Lake Golf Country Club.  
He stopped at two filling stations for directions. Neither time was he recognized. In fact, one of the attendants told him to wait until I get through with this other customer, sir."  
Nixon finally reached the club and carded a 99 for the 18 holes. He took up golf only last February.

Somebody once said that everybody complains about the weather but nobody does anything about it. Since you can't do anything about it, it is kind of silly to complain all summer about the heat and all winter about the cold.

Anyway, talking constantly about the weather shows a lack of something more interesting to talk about.

**FALSE TEETH That Loosen Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTEETH**, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTEETH** at any drug store.

## AP Photographer, Released By Reds, United With Wife

**TOKYO**—AP photographer Frank Noel and his wife, Evelyn, were reunited Monday after a three-year and one-month separation. Noel spent 32 of those months in a Red prison stockade. 42 straight days in solitary confinement facing blank walls.

The longing and waiting ended as the 48-year-old cameraman strode briskly from an air evacuation plane after being flown here from Korea, where he was released Sunday. Tears welled in the eyes of Mrs. Noel but her face was bathed in a radiant smile. Noel, with a wide grin spread across his tanned face, grasped his wife firmly by the arm and said:

"Come on, Toots, let's go."

Mrs. Noel flew here from the United States to greet her husband.

## Geological Society Adds Book On Oil

The West Texas Geological Society has made a major addition to the reference section of its collection of books on geology and petroleum at the Midland County Free Library. It is the "Science of Petroleum" edited by A. E. Dunstan and published originally in four volumes. These latter volumes also were purchased: Volume V, part one, "Crude Oil," part two, "Synthetic Products of Petroleum," and Volume VI, part one, "The World's Oilfields: The Eastern Hemisphere."

Volumes to this set now in preparation will be added as published.

## +Crane News+

**CRANE**—Mrs. Richard Modisett feted her daughter, Peggy Lou, with a party on her fifth birthday Wednesday. The event was held in the Gulf Camp.

Treva Jean, daughter of Mr. and Mrs. V. M. Virdell, is visiting relatives in Dallas.

Mr. and Mrs. Dick Modisett and children, Dickie, Patricia, Peggy Lou, Raymond and Johnny are on a three-week trip to visit Mrs. Modisett's parents, Mr. and Mrs. W. M. Virdell, Sr., in Gainesville, and Modisett's mother in Magnolia, Ark. They also plan to go through St. Louis, Mo.

Mrs. Merwyn McCully returned last week from Vallejo, Calif., where she had been visiting her husband who is stationed in the Navy there. Mrs. McCully is employed in Crane as secretary to the principal of the elementary school, Joel Williams.

## Mrs. Tucker Opens New Illinois Plant

**SHERMAN**—Reversal of the traditional North-to-South expansion of industry will become a reality Thursday when Gov. William Stratton accepts the dedication of a new multi-million dollar Mrs. Tucker's Foods plant at Jacksonville, Ill., on behalf of the people of his state. Home offices of the company are at Sherman.

The new Mrs. Tucker's plant in Jacksonville is the most modern and has one of the largest capacities for refining and processing vegetable oils in the world. Construction has required three years. The plant will require between 400 and 500 employees for operation, ultimately.

Founded in 1913, Mrs. Tucker's was a pioneer in the manufacture of vegetable oil food products and, for many years, has been a leader in the Southwest vegetable oil field. In February, 1952, Mrs. Tucker's Foods became a part of Anderson, Clayton & Company, the largest cotton merchandisers operating around the world.

## Former Presbyterian Pastor Here Accepts State Duties

Dr. Hubert H. Hopper of Houston, a former pastor of the First Presbyterian Church of Midland, has accepted the position of executive secretary of the Presbyterian Foundation of the Synod of Texas, Presbyterian Church, U. S., according to information received here. He is a former moderator of the Texas Synod.

Dr. Hopper has been pastor of the Memorial Oak Presbyterian Church in Houston the last three years, having served as pastor of the First Presbyterian Church of McAllen about five years before moving to Houston. He resigned his pastorate here in 1945 to go to McAllen. Before coming to Midland, Dr. Hopper was assistant pastor of the Highland Park Presbyterian Church of Dallas. He is a native of Lubbock, and is a graduate of Texas Tech and Austin Presbyterian Theological Seminary.

The Presbyterian Foundation was created recently to receive gifts, handle legacies and make endowment investments for the institutions and agencies of the Synod of Texas. Dr. Hopper, who is expected to headquarters either in Dallas or Austin, will be its first executive secretary. W. H. Gilmore of Midland is a trustee of the Foundation.

Dr. Hopper was active in civic and service club affairs while residing here, having served as president of the Midland Lions Club and the Junior Chamber of Commerce.

## Location Is Approved For Club Building

Directors and the building committee of the Midland Woman's Club, Inc., and C. W. Chancellor, chairman of the advisory committee, met Saturday at the site of the proposed Woman's Club clubhouse to accept the site, which had been offered to the club by the city.

The group also approved the location of the building as staked on the plot of ground.

**Location Designation**  
The 300 foot square plot of land given to the club by the city is located 400 feet from the road and east of the softball park in Hogan Park, north of Midland.

As announced in the last Spring, the building will be erected on the main drive entering Hogan Park and on the east side of horseshoe drive—the location designated by the Park Commission and approved by representatives of the thirteen member organizations of the Woman's Club.

Contract for the masonry building, which will include 7,300 square feet of floor space and cost approximately \$51,500, has been let to a Midland contractor and construction is to begin soon. The City Council last week voted to pave the drive leading to the building and to have it completed by the time construction of the building is finished.

**Officials Named**  
Mrs. Earl A. Johnson, vice president of the Woman's Club, presided for the Saturday meeting. Mrs. C. M. Goldsmith is chairman of the building committee.

Others present were Mrs. Wilson Bryant, Ruth Donnell, Mrs. Lindley Latham, Mrs. W. E. Cox, Mrs. J. T. Gist, Mrs. Coe Mills, Mrs. Harlan Howell, Mrs. Harold Welch, Mrs. K. E. McFarland, Mrs. I. E. Daniels, Mrs. Tom C. Bobo, Mrs. C. H. Shepard, Mrs. George Glass, Mrs. C. W. Chancellor, Mrs. R. E. Gillespie and Mrs. Joe V. Birdwell.

## New Eastern Star Chapter Instituted By Judge Rawlins

The Norman Read Chapter, U. D. Order of the Eastern Star, was instituted Friday in the new Masonic Temple at 1600 West Wall Street.

Judge John A. Rawlins, worthy grand patron, was in charge. Preceding the meeting in the Temple a banquet honoring the grand visitors was held in the Crystal Ballroom of the Hotel Scharbauer.

Grand officers present for the event were Judge Rawlins, Mildred Garlitz, worthy grand matron; Judge M. A. Childers and William G. Vollas, past grand patrons; Florence Read, Lillah Mae Vollas, Birdie J. Easterling and Esther Baldwin, past grand matrons; Eunice Connell, Virginia Phillips, J. C. Garlitz, Mollie Goodpasture, Annie Lee Howard, Ruby Enlow, Willie Laura Howington, Maud Shaw, Lillah Mae Weaver, Hazel Nunn, Ophie Pope, Jettie Childers, Pauline Smith and Annie Daniels.

**Gives Invocation**  
Judge M. A. Childers gave the invocation and Mrs. James O. Simmons, mistress of ceremonies, welcomed the visitors. John B. Richards, Master of the Masonic Lodge, extended a welcome from his group and Mrs. Julie Laura Howington responded. Mrs. Dewey Pope, deputy grand matron, District Two, Section Eight, introduced the grand officers.

Mildred Garlitz, worthy grand matron, assisted Judge Rawlins in instituting the new chapter. Others assisting were Mrs. Norman Read, associate grand matron; M. A. Childers, associate grand patron; Mollie Goodpasture, grand secretary; William G. Vollas, grand treasurer; Eunice Connell, grand conductress; Birdie J. Easterling, associate grand conductress; Lillah Mae Vollas, grand marshal.

### Permian Basin Oil And Gas Log—

Continued from Page One  
lombur and have been completed from that formation.

Each of the Ellenburger producers in the Headlee field have shown possibilities of producing from the Devonian, but up to now no production tests were run.

Texas Gulf drilled No. 4 Headlee as a Devonian exploration. It is one-quarter of a mile east of the same concern's No. 1 Headlee, the initial Ellenburger producer in the field. It is one-quarter of a mile north of Texas Gulf's No. 2 Headlee, another Ellenburger oil well.

Location of No. 4 Headlee is 860 feet from south and 1,890 feet from west lines of section 8, block 41, T-2-S, T&P survey. It is four miles northeast of Odessa and 17 miles southwest of Midland.

Texas Gulf No. 4 Headlee is bottomed at 11,888 feet in the Devonian. It has 7-inch casing cemented at the total depth.

Was Acidized

That casing is perforated at 11,796-842 feet. The perforated interval has been treated with 2,000 gallons of 20 per cent low tension acid.

After the acid load and residue has been swabbed out the well kicked off and flowed three hours through a 16 64th inch tubing choke and made 54.2 barrels of clean oil.

In the next 12 hours it flowed 148.3 barrels of oil through the 16 64th inch choke.

Will Complete Soon

No formation water has been developed. Flowing to clean out, test and completed is continuing. The well will take potential test in the near future.

Texas Gulf is drilling the Ellenburger pay in the Headlee field on a pattern of one well to 80 acres—using a staggered arrangement on that pattern.

It is possible that the concern will drill Devonian wells on the same spacing arrangement.

### AT&PC Completes Wilberns Discovery In NE Nolan Area

American Trading & Production Corporation No. 2 Jessie Little, first producer from the Wilberns dolomite in the White Flat (Mullipay) field of Northeast Nolan County, has been officially completed for a calculated 24-hour potential of 1,869.82 barrels of 46-gravity oil.

The flow was natural and there was no water. The 24-hour initial potential figure was calculated from an actual flow of 840.92 barrels in seven hours and 40 minutes.

That flow was through a 32 64th inch tubing choke. Flowing tubing pressure was 600 pounds. Gas-oil ratio was 541-1.

To Dually-Complete

The production was from perforated section at 5,506-30 feet.

Operator is now preparing to perforate and test in the Strawn lime. The well showed for commercial production from that zone.

No. 2 Little will be completed as a dual producer from the Strawn and the Wilberns.

Location is 2,775 feet from west and 1,333 feet from south lines of section 25, block 20, T&P survey. It is two miles southeast of Herndon.

This is one of the few Wilberns dolomite producers in the United States.

### New Prospectors Set In Schleicher

Ralph Lowe of Midland and G. L. Reaser of Chicago, Ill., each staked location for a wildcat operation in Schleicher County.

Lowe will drill No. 1 O'Harrow as a 5,800-foot test 15 miles northeast of Eldorado and in the north-east portion of the county. Drill-site is 660 feet from north and west lines of section 80, block A, OH&SA survey.

It is three miles southeast of production in the Butler (Canyon) field.

Reaser No. 1 B. M. Boyd will be drilled as a 5,400-foot wildcat 26 miles east and slightly north of Eldorado.

Operator staked location at the center of the northeast quarter of the southeast quarter of section 19, block 8, TW&NG survey. It is four and one-half miles south and slightly west of the BMB (Canyon) field.

Operations will start by August 20 on the Reaser project. The Lowe test is to start at once.

### Hamman Will Dig San Andres Test In N-C Andrews

Hamman Oil & Refining Company No. 1-3-B University is to be a 5,000-foot San Andres-Permian wildcat in North-Central Andrews County.

The location is 2,310 feet from north and east lines of section 8, block 14, University survey. It is four miles northwest of the town of Andrews.

The wildcat is near production in the Shafter Lake (Yates Gas field). The projected destination of the Hamman No. 1-3-B University of 8,000 feet will take it through and below the gas pay zone. Operations will start at once.

### Scurry Wildcat Plugs Back To Test Shows

Robert J. Zonne and Coronet Oil Company No. 1-574 Browning, Northwest Scurry County wildcat, three miles northeast of Fluvanna failed to get commercial production in the Ellenburger and has plugged back to 2,800 feet to test a section in the Permian lime above that point which had some interesting shows of oil and gas.

The project took a driller's test in the Ellenburger at 8,182-8,300 feet. The tool was open two hours. Recovery was 290 feet of drilling mud and 330 feet of slightly oil and gas cut drilling mud.

Was Near Water

There were no shows of water, but a check against a nearby Ellenburger dry hole which did find water revealed that the Zonne and Coronet project was just above the level at which it was due to get the water.

An electric log corrected the total depth to make 8,300 feet equal 8,307 feet.

It is now in process of plugging back to 2,800 feet to test the shallow show.

Location is 660 feet from south and west lines of section 574, block 97, H&TC survey.

### Trebol, Rodman To Dig Shallow Wildcat In Upton

Trebol Oil Company and E. G. Rodman of Odessa staked location for a shallow cable tool wildcat in Southwest Upton County.

It will be drilled as No. 1 Marlow, 2,310 feet from south and 1,850 feet from east lines of section 2, block W, GC&SF survey and seven-eighths mile southeast of production in the Rodman-Noel (Grayburg) field.

Operations to 2,000 feet are to start at once.

### Two Runnels Tests Plugged, Abandoned

Plugging reports have been made on two wildcat prospectors in Runnels County.

Lee Brothers and Ronald Perkins No. 1 Mrs. Laura Black was plugged and abandoned on total depth of 5,443 feet in lime.

Location was 467 feet from south and 1,727 feet from east lines of D. P. Richardson survey No. 462, abstract 415 and four miles northwest of Norton.

Ab-Tex Drilling Company and Twin Oil Corporation No. 1 Billie Hanka, wildcat in North-Central Runnels County, has been abandoned on total depth of 4,805 feet in lime.

Location was 1,960 feet from north and 1,643 feet from west lines of section 499, H. Chapman survey.

It was four miles north of the town of Winters.

### Butler, And Others Finish Extension To Schleicher Pool

Ray Butler and others No. 2 Harkey has been completed as a one-location south extension to the Butler (Canyon) field of Northeast Schleicher County.

The well was completed as a gas-distillate producer, from perforations at 4,852-58 feet and through a one-half-inch choke. The well gauged 9,500,000 cubic feet of gas daily plus 50 to 55 barrels of distillate daily.

The Canyon sand was topped at 4,830 feet, elevation 2,425 feet.

The new producer has been shut in.

Location is 467 feet from north and 1,431 feet from east lines of section 77, block H, GH&SA survey and six miles northeast of Huldale.

### Two Runnels Tests Plugged, Abandoned

Plugging reports have been made on two wildcat prospectors in Runnels County.

Lee Brothers and Ronald Perkins No. 1 Mrs. Laura Black was plugged and abandoned on total depth of 5,443 feet in lime.

Location was 467 feet from south and 1,727 feet from east lines of D. P. Richardson survey No. 462, abstract 415 and four miles northwest of Norton.

Ab-Tex Drilling Company and Twin Oil Corporation No. 1 Billie Hanka, wildcat in North-Central Runnels County, has been abandoned on total depth of 4,805 feet in lime.

Location was 1,960 feet from north and 1,643 feet from west lines of section 499, H. Chapman survey.

It was four miles north of the town of Winters.

## Labor Secretary's Stand-In Blasts Republican Policies

WASHINGTON (AP)—Secretary of Labor Arthur W. Miller, stand-in as head of the AFL Plumber's Union lashed out Monday at what he called the "pattern of plunder" of the Eisenhower Administration.

Writing in the union's journal, Peter Schoemann asserted:

"Today, the pattern of plunder is designed to eradicate hard-won gains such as the minimum wage law, unemployment compensation, public power development, public housing, social security, etc. These are all under attack. Certainly the public climate forbids the expectation of further advances. We will do well to hold our own."

Durkin, a Democrat, is on a four-year leave of absence as president of the union to serve in the Cabinet. "He has no voice, no vote, and he is not consulted," Schoemann said. "Neither does he ask to be consulted."

He said Durkin is a dues-paying

member of Chicago Local 587 and can exercise a voice and vote in the local's affairs if he so desires.

Schoemann wrote that the worker "had a better break during the past 20 years" in Washington, adding:

"Now Washington has changed. The Administration is again in the hands of business with emphasis on big business. It was powerful voices in Congress, representatives in most Cabinet posts and men in all important administrative posts. This is a formidable array."

"As a result of the change labor now fights on two fronts. In the states labor fights off additional anti-union laws. In Washington, labor fights a policy of plunder-plunder of resources, welfare programs, and minimum standards..."

## Negro, 111, Weds 22-Year-Old Girl

NEW BERN, N. C. (AP)—When Elliot Ogman applied for a marriage license, Register of Deeds Jane Holland smiled.

"Don't laugh at me, lady," the old negro said. "When I went to one doctor for my blood test and he laughed at me, I went to another one."

Ogman said he was 111 and was grown when the Civil War broke out. His bride, Clyde Mae Godard of Williamston, gave her age as 22. "Wait until my baby boy hears about this," said Ogman. "He's 79."

# Daddy Ringtail

## Daddy Ringtail And The Two Friends

A long, long time ago before the Huffen Puffen had ever heard of old MacDonald or of Uncle Bunkum either, the Huffen was fast asleep behind a log, there in the middle of the great Forest.

Uncle Bunkum, who is a monkey, you know, had come from the zoo for a vacation in the Great Forest. He hadn't seen his friend, Old MacDonald, who has a farm, in a long, long time. So here came Uncle Bunkum, walking one way down the Elephant Path. And here came Old MacDonald in his wagon, driving the other way down the Elephant Path. They met in front of the log where the Huffen, the friendly wolf, was sleeping.

"Happy day, you old rascal!" said Old MacDonald to Uncle Bunkum. Old MacDonald jumped down from his wagon.

"Happy day to you, you old rascal!" said Uncle Bunkum. The two friends, Uncle Bunkum and Old MacDonald, stood there laughing together. They were hap-

py to see each other. Why, anyone could see that they were friends. The Huffen could see it. "Happy day again, you old rascal!" said Old MacDonald, and he slapped Uncle Bunkum on the back—to show how happy he was to see his friend from the zoo. Now this was a happy thing to do, for Old MacDonald to slap Uncle Bunkum on the back, I mean, to show how happy he was to see him, except Old MacDonald slapped too hard. Uncle Bunkum's knees went out from under him, and down he sat on the ground. Uncle Bunkum sat there and laughed. Then he got up. Said he: "Happy day again to you, you old rascal!" And Uncle Bunkum slapped Old MacDonald on the back so hard that Old MacDonald's knees went out from under him and down he sat on the ground. Old MacDonald sat there laughing, and then he got up. He slapped Uncle Bunkum down again, and Uncle Bunkum laughed and got up and slapped Old MacDonald down again. They kept on slapping each other down and laughing and getting up again for more slapping until the Huffen was quite sure they were fighting. The Huffen shouted: "Stop! Stop!" And what happened next will surprise you, and I'll tell you about it tomorrow. Happy day!

# 15-Hit Spree Enables Indians To Win, 10-3

By CHARLEY ESKEW  
Reporter-Telegraph Sports Editor

They say that Sykes will be on the base when Haney, who has said he'll be quieter, makes his return.

Romario Soto (9-4) or Jack Schaenig (6-3) will start Monday in the 8:15 p.m. encounter, while Skipper Pat Stasey may pitch Rolando Barcardi (9-8) or Bob Weaver (9-9).

The Indians had little trouble Sunday as they slammed 15 hits off two Rocket chumpers. The first rap of Rolando Torres ignited a spree that put Midland ahead 2-0 in the second inning, a lead it never relinquished.

Tex Stephenson, in the second, drilled a one-out double down the first base line before Julio de la Torre swatted a follow-up home run that landed in the road beyond left field.

The Indians peaked away thereafter for a run in the third, two in the fourth, one again in the sixth and wound up with Lou Dawson and Mickey Diaz belting four-baggers in the eighth.

Diaz, on by a fielder's choice, stole second and ran home when Art Bowland singled in the third.

Atkinson proved effective enough, despite an 11-hitter, to leave 11 runners stranded as he picked up his first victory as an Indian.

inning for a 3-0 margin.

Wayne Crawford, Ossie Alvarez and Al Costa hit consecutive singles to get Roswell its first run in the fourth. Then Alvarez made it 3-2 by going home on Bowland's low throw in an effort to catch the runner off third base in a rundown.

Scouter Hughes plated one run and made home, all the way from first, in Midland's fourth as Roger Dalla Betta's single got through the Rocket left fielder.

Working on Rocket reliever Juan Del Toro, Midland added another run in the sixth on singles by Hughes, Dalla Betta and Atkinson. The Rockets came back to make it 6-3 in seventh on two hits before Midland pulled out its long-range raps.

Dalla Betta, who doubled for his third hit of the game, scored when Rickey Gonzalez erred on Atkinson's sacrifice bunt in the eighth. Dawson next clubbed his home run over the right field railing to make it 9-3.

Diaz chased Del Toro's next pitch to clout his homer over right field. Atkinson proved effective enough, despite an 11-hitter, to leave 11 runners stranded as he picked up his first victory as an Indian.

After being stopped on one lone hit for the first eight innings, Carlsbad erupted for three runs in the top of the ninth to take a 4-1 victory over Artesia in a brilliant pitching duel Sunday night.

# Davis Cupper To Get Word

NEW YORK—(AP)—The Davis Cup selection committee, in no mood to take any more abuse, met Monday to straighten out the tangle involving the makeup of the United States doubles team.

Young Tony Trabert is the center of the controversy. He wants to play doubles with Bill Talbert. The committee wants him to team with Vic Seixas.

The committee has decided to take a firm stand and tell the University of Cincinnati student that he will play with Seixas—or else.

"We were as surprised as anyone when Tony teamed with Talbert during the Eastern Tournament at South Orange," said one highly placed member of the committee. "Like everyone, we assumed that he and Seixas would play together."

# Joe Fortin Bought From Driller Nine

ARTESIA—(AP)—The Artesia Drillers Sunday announced the sale of Joe Fortin, a veteran outfielder, to Grand Forks, N. D. of the Class C Northern League.

Fortin was hitting .330 and had slammed 19 home runs at the time of his sale.

The Artesia club also announced that Paul Halter, who last year had a .327 mark with the Drillers and drove in 125 runs, will return to their lineup Monday night as an outfielder.

Halter had played with the Drillers early this season until a leg injury forced him to be placed on the disabled list.

# Texas Tech Football Ticket Sales Slated In Basin This Week

Permian Basin football fans this week have the convenient opportunity to purchase tickets for 1958 Texas Tech games which include Southwest Conference games.

# Moreno Loses, 3-2, To Hulen In Flight Finals

LUBBOCK—The trophy that goes with the Lubbock Country Club's Invitational golf tournament didn't travel far at all after Sunday's final, when the man who knew the course best of all beat two outsiders with a 72-hole medal score of 274.

Lubbock's Dick Jennings, a 35-year-old tax attorney playing his home course, broke out of a three-way tie with Chris Gers of Oklahoma City and Men's West Texas tourney Champion Jack Williams of Plainview on a 66-70-136 score for the final day. The other two wound up in a second place tie as Gers registered Sunday scores of 70-67-137 and Williams 68-69-137, for 275 total.

Jennings beat par over the route by eight strokes.

Ernie Vossler of Fort Worth wound up fourth with a 277 and Arlyn Scott of Odessa and Richard Patton finished tied in fifth place with 280s.

Scott pulled up from a sixth place tie with rounds of 70-67-137 Sunday.

The last surviving Midland golfer, state high school Champion Marcelino Moreno fell to young Ken Hulen of San Antonio, 3 and 2, in the match to decide the President's Flight crown. And Jim Bell Harris of Monahans lost to Gus Freeland of Tahoka, 6 and 5, in the Class A championship flight final.

Odessa's Ken Garrison and Jack Collins earned runner-up places in the Class B and C divisions.

# Cafemen Await Protest Ruling At Softball Meet

BROWNFIELD—The Rendezvous Cafe All-Stars, a team composed of Midland city league players and three guest hurlers, travel here Monday night to play in either the State Softball Tournament's winners or losers bracket—they don't know which.

Rendezvous Co-managers Bernard Selle and Les Cobb had lodged a protest a ruling by the umpires on a decision involving the ground rules while their team was losing to Primm Drug of Brownfield last week. And through Monday morning they had not received an answer to the protest.

Some of the officials here believed Midland might win a judgement in its case and have its setback reversed.

As things stand now, though, the Cafemen are slated to oppose Amherst at 8:30 p.m. in a win-or-be-outcast battle in the losers bracket of the double-elimination tourney.

Cecil Ellis, a former All-American from Waco, probably will make his first appearance as Midland's pitcher.

Roy Weeks of Stamford and Art Pickert of Abilene are All-Stars strengthening the Rendezvous mound staff.

## Red Watkins Leads Ranchland Golfers Into Semi-Finals

Ranchland Hill Country Club golfers had to wait another day to see just whether Pearl Ward or Buddy Branum would join three others in the semi-finals after Sunday's second round action.

Branum, who traveled to Lubbock earlier to compete in the medal play tournament there, was scheduled to play Ward Sunday when the other 128 golfers went about trimming the field to half. So Branum and Ward put off their duel until this week.

The winner then will go play Saturday against defending champion and medalist Red Watkins who's finding it tough to be a repeater. For a second straight day Watkins, who beat the 6,100-yard Ranchland layout's par by two

strokes in qualifying, was pushed to the limit before winning.

This time, Carl Peay kept things even until Watkins won out on the twenty-fourth hole, 1-up. The other two semi-finalists in the championship flight found things easier: Bill Hightower walloped Choc Broome and Bob Wortman sidelined Randy Brown by identical 6 and 5 scores. Hightower and Wortman, a former champion, will tangle in the semi-finals next Saturday. The title matches in all seven flights will be run off Sunday.

Oddity Nelson, J. J. Conry, Kit Carson and M. R. Proctor all moved ahead in the championship flight consolation rounds.

Wortman was four-under-par for the first 13 holes, which was far the best golf fired Sunday.

## Dick Jennings Wins Lubbock Golf Meet

LUBBOCK—P—Dick Jennings of Lubbock held the Lubbock Invitation Golf Tournament championship Monday.

The Lubbock star captured the 72-hole medal play meet with 136 for the final 36 holes Sunday to make his total 274—four strokes under par over the Lubbock Country Club course.

He finished a stroke ahead of Jack Williams of Plainview and Chris Gers of Oklahoma City.

A blazing 4-under-par 68 in the third round actually sewed it up for Jennings. He coasted in with a par 70. Williams wound up with 68—69—137 and Gers with 70—67—137.

## Feminine Grapplers Return To Odessa

CRANE—Carlsbad became the fourth team to qualify for the Sectional Little League tournament to be held at Crane Tuesday and Wednesday by defeating Los Alamos, 8-3, Saturday.

Carlsbad will play McCamey in the opening round at 8 p.m. Tuesday after a battle between Midland and San Angelo at 6 p.m.

Rev. R. O. Tomlinson of Crane, director of the tournament, said Monday that capacity crowds are expected both nights. The tournament final is scheduled for 8 p.m. Wednesday.

## Worsham's Eagle Hailed As Greatest Single Shot

CHICAGO—P—Lew Worsham has the answer to a question that has bothered golfers since the game was invented.

"Is a hole-in-one luck or skill?" Worsham didn't make an ace. He did sink a long approach, estimated by onlookers as 144 yards, for an eagle two on the last hole Sunday to beat out Chandler Harper by one stroke for the \$25,000 first prize in the "World" golf championship at Tam O'Shanter.

That shot, made with a sand wedge while Harper was being congratulated on winning the tournament, was worth \$15,000. It undoubtedly was the most lucrative single shot in the history of the ancient game.

toward Worsham and lifted him to their shoulders.

Old-time observers contended that it was the greatest shot in the game's history—which can be debated endlessly in the hot-stove league.

They said it will rub out that memorable 235-yard spoon shot by Gene Sarazen in 1935 that bounded into the sixty-ninth hole for a double eagle two during the last round of the Masters at Augusta.

That one gave Sarazen a deadlock with Craig Wood at the end, and Gene went on to win the title in a playoff.

Let's create the drama it all entailed:

1. It meant winning the "world" championship of golf, a title lacking in prestige but compensating in cold cash—a first prize of \$25,000, tops in golf. Second place paid \$15,000 less.
2. Harper, who had lost two other tournaments this season by one-stroke margins, had just finished with a 70 for 279, nine under Tam O'Shanter par, by pitching a No. 9 iron about 20 inches from the cup for a cinch birdie three.
3. Television cameras were trained on Harper. Radio commentators were praising his finish. He stood there for the eighteenth green being cheered for winning, on record and before 10,000 or 15,000 frenzied spectators.
4. Then came Worsham. He had just dropped a seven-foot putt for a birdie three on the seventy-first hole. He needed another birdie three on the 410-yard seventy-second to tie Harper and send the showdown into a sudden death playoff.
5. Worsham belted a tremendous drive.
6. Jimmy Demaret, famous pro, was on radio at the eighteenth green, lauding Harper's finish.
7. About 140 yards in front of the green, Worsham pulled a sand wedge from his bag.
8. He fired away. The ball lit on the lower part of the green, bounced about three times and covered 35 to 40 feet before it rolled into the cup.
9. Harper stared in disbelief.
10. Demaret muttered one word after a pause: "Gawddamn."
11. Approximately 500 fans rushed

## Ex-Texas Baseball Player May Become Bullfighter In Spain

NEW YORK—P—A former semi-pro baseball player sailed for Spain Saturday in hopes of becoming a bullfighter.

Harry L. Whitney, Jr., 25, told newsmen as he boarded the liner Vulcanica that he had practiced footwork and wrist motions with a cape in Central Park and would undergo further training under an expert in Spain.

Whitney said he played semi-pro ball in Temple, Texas.

He described himself as the son of Mr. and Mrs. Harry L. Whitney, La Jolla, Calif., and said he attended high school in San Antonio.

# Baseball's Big Names Feature Sunday Tilts

By JOE REICHLER  
Associated Press Sports Writer

Whether Chicago's Billy Pierce is the best left-handed pitcher in baseball is no doubt where the White Sox would be Monday without him.

The 25-year-old ace, sore arm and all, shut out the New York Yankees Sunday, 5-0, to keep alive the flag hopes of the runner-up White Sox. The victory left Chicago seven games behind New York with 44 left to play.

Sunday proved a great day for the "big names" of baseball. Ted Williams, making only his second appearance at bat for Boston since his return from Korea, smashed a towering 400-foot home run into the distant centerfield bleachers at Fenway Park. Williams was serving as a pinch hitter against Cleveland's Mike Garcia in the seventh inning.

Despite Ted's three hundred and twenty-fifth round-tripper of his career, the Red Sox bowed to Cleveland and Mike Garcia, who coasted to his fourteenth victory behind a 9-3 score.

Stan Musial rapped his seventeenth home run with a teammate on base in the seventh to help the St. Louis Cardinals defeat the New York Giants, 6-2, for a sweep of the three-game series.

Ralph Kiner blasted his twenty-eighth round-tripper to lead the Chicago Cubs to a second-game 6-5 victory after the Philadelphia Phillies had won the opener, 7-0.

Duke Snider clouted his twenty-third four-bagger with the bases loaded as the National League-leading Brooklyn Dodgers crushed the Cincinnati Redlegs, 9-1.

Eddie Mathews, National League home run leader, smashed his thirty-sixth as the Milwaukee Braves swept both ends of a double-header from Pittsburgh, 7-4, and, 8-3.

Philadelphia's Gus Zernial took over the American League's home run lead, hitting his twenty-eighth and twenty-ninth as the Athletics defeated and tied the Detroit Tigers, 4-3, and, 8-8. Each game went 10 innings. Zernial's homer in the second game was a grand slammer in a pinch-hit role. He had to leave the opener with a pulled Achilles' tendon in his left heel.

Satchel Paige relieved St. Louis starter Duane Pilette to snuff out a Washington threat in the eighth and was credited with the first game 3-0 victory when the Browns tallied three times off Johnny Schmitz in the ninth. The Senators walked off with the second game, 12-3.

Pierce's brilliant pitching was in the form of a lifesaver for the White Sox, whose pennant hopes were dampened considerably when the Yankees whipped them in the first three of the vital four-game series.

To make matters worse, Manager Paul Richards had announced Saturday that Pierce would not be

available for the series. The little southpaw's arm was stiff and sore, he explained, as a result of a scoreless 6 2/3 innings relief job Wednesday after pitching nine innings of shutout ball Monday night.

"I can hardly raise my arm to comb my hair," Pierce told a reporter in the visitors' dugout at Yankee Stadium before Saturday's double-header.

An overnight miracle must have occurred because Pierce permitted only three widely scattered hits and fanned eight to run up his league-leading total to 137 strikeouts. It was his fifteenth victory and his fifth shutout. He now owns a consecutive scoreless inning streak of 24 2/3 and a low earned-run average of 2.41.

Showing no signs of folding, the Braves pounded out 26 hits in their double victory over Pittsburgh to cut Brooklyn's first-place margin to seven games. Andy Park slammed a pair of homers in the nightcap to enable Jim Wilson to coast to his fourth triumph.

Russ Meyer threw a three-hitter against Cincinnati, his twelfth triumph against five losses as the Dodgers handed the Redlegs their sixth straight defeat.

Joe Presko, who previously had lost three straight to New York, hurled a five-hitter against the Giants to move the Cardinals into a third-place tie with the Phillies.

# WHILE POSSE BLANKETS GEORGIA — Mother Of Suspected Slayer Doesn't Believe Son Vicious

ST. PAUL, MINN. —(AP)— "Always remember me in your prayers, Mom, please."

And Mrs. Herbert Juelich said Monday she and her husband both were praying for the welfare of that boy, their son Eugene, 23.

But while they voiced those prayers, that same son and his

companion, Woodward Larson, 31, were still the objectives of a manhunt in the South.

"I just don't understand it because he wasn't a bad boy," said Mrs. Juelich as newspaper headlines and radio broadcasts told of the urgent search for her son and Larson.

"They are sought in the woods near Adairville, Ga., for the slaying of a federal marshal, Sam E. Vaughn of Murfreesboro, Tenn. The officer was shot down while taking the pair from a Nashville jail to the Atlanta Federal Penitentiary to start serving five-year terms for car theft.

"Does this letter sound like my son is that sort of vicious and revengeful person?" asked Mrs. Juelich. And she passed to newsmen a letter her son had written her last Thursday while still in the Nashville jail:

"Mom, all in all, I could've received quite a bit of time, 10 or 20 years, but again I've been lucky," the letter said. "My buddy (Larson) and I each received five years. . . . 'Isn't much to say Mom, except I've done it again—and I'm sorry again. . . . Mom, my receiving five years may not sound like we were lucky but, believe me, we were. Then again, maybe it wasn't luck. It could have been your prayers—I believe it was. Always remember me in them—please."

Your loving son, H. E. J."

Mrs. Juelich said with pride that her son had joined the Navy on his sixteenth birthday and was honorably discharged in August 1950.

Before that hitch he twice had been placed on probation for car thefts.

"Develops Complex"

Eight months after his discharge, he was sentenced to six years in the St. Cloud, Minn., reformatory for robbing a St. Paul filling station. It was there he apparently met Larson.

Juelich was paroled last Fall and got a job with a St. Paul printing firm. He was laid off in January and—

"After that, everything seemed to go wrong," Mrs. Juelich said. "He'd get a job and they would find he was on parole and let him out. He developed an inferiority complex. He was always thinking people had it in for him."

"Out Of His Mind"

When he ran away in mid-February with Larson and Joan Marie Wenberg, 18, of St. Paul, "it seems he must have gone out of his mind," said his mother.

Mr. and Mrs. Bill Wenberg, who live in St. Paul not far from the Juelichs' were less communicative. They would admit only that their daughter had come home under \$3,000 bond provided by her dad at Nashville, where she, too, is charged with complicity in theft of the auto in which the trio was captured last February.

Miss Wenberg has denied knowing the car was stolen. Meantime, her parents will say only that "she's on a trip."

# Weekend Violence, Mishaps Rub Out 27 Lives In Texas

By The Associated Press

Weekend violence claimed 27 lives in Texas.

Sixteen died in traffic. Shootings, stabbings, plane crashes, suicides, asphyxiations and drownings accounted for the others.

Mary Morris, 27, of Dallas was killed and four men were injured in a two-car crash near Amarillo Sunday.

Duane Smith, 24, was overcome by gas when he lowered himself in a well to investigate a pump that had cut running. The accident occurred seven miles north of Fredericksburg Sunday.

The body of Luis Perez, 57-year-old Aransas Pass shrimp, was found floating off Indian Point in Corpus Christi Bay Sunday. Justice of the Peace W. A. Gilleland returned an inquest verdict of accidental drowning.

Leon Fitzgerald, Bartlett, was killed Saturday night when his car overturned near Taylor.

The body of a woman, shot in the back of the head was found Saturday on the Fryling Pan Ranch about 17 miles northwest of Amarillo. She was identified tentatively as Tillie Taylor, a Tulsa, Okla., waitress.

Airman 2/c Robert E. Kennet, 22, Kelly Air Force Base, was killed when the handlebars of his motorcycle locked with those of another motorcycle Saturday night near San Antonio. The other cyclist was injured seriously.

Raymond Soto, 19, was stabbed to death in Corpus Christi Saturday. Police who are seeking another youth, for questioning say that the fight culminated in a feud over a girl.

John Marth of Woodboro and Mary Helen Zimmerman of Gillette, both 13, were killed when the car in which they were riding overturned near Woodboro Friday night. Their companions, two 13-year-old boys, were injured.

Gene Hurt of Childress was killed Friday night near Estelline when a car careened into the panel truck he was driving.

An Alpine man, Alonso Cash, 25, died Saturday of injuries received when a private plane in which he was a passenger crashed near Big Spring Friday. The pilot was injured.

David Moore, about 16, of Kermit was killed when hit by a car after he went to sleep on the highway near Denver City Saturday.

A verdict of suicide was returned at Houston Saturday in the death of Joseph Kowalski, 40, merchant seaman formerly of Buffalo, N. Y. Police said a pistol and letters were

found in his room at a Port Houston hotel.

Cidar Severinsen, 36, a Norwegian seaman, died of asphyxiation Saturday at Houston when he went below decks without a gas mask as the crew of his tanker was unloading a cargo of benzol.

Two persons were burned to death when a car and a gasoline truck collided and burst into flames Saturday near Victoria.

The victims were identified as Mrs. Winnie Faye Denman, 38, driver of the car, of Placedo, and George H. Eller, 64, of Victoria, who was driving the truck.

Alberta Marcise, 26, of Houston drowned early Sunday swimming off a Galveston beach.

Mrs. Anna Pierce, 63, of Yoakum died Sunday night in an automobile-truck collision near Stafford.

John Arthur Means, 11-month-old son of Mr. and Mrs. J. A. Means of Houston, was electrocuted Saturday night when he touched a light socket of bare wire at a home in Sealy, where his parents were visiting.

Killed By Tractor

Burgess Lee Campbell, 20, Holliday, was killed Sunday when a tractor he was unloading overturned on him near Bowie.

Three Harris County residents died in weekend traffic collisions. They were:

Hartford Reed, 16, Houston, who

burned to death after being pinned in a flaming automobile which had overturned in Baytown.

Mrs. Irmelle Conner, 40, killed when the automobile in which she was riding plunged into a ditch at the end of a dead end Houston street.

John Pequeno, 53, fatally injured when struck by an automobile on a Houston street.

Loveless Paul Henry, Jr., 35, died of head injuries Saturday night at Houston. Police said he fell to the ground and became unconscious as he was leaving a cafe.

Darce Lemuel Miller, 42, of San Antonio was killed when the pickup truck he was driving overturned and burned near Lake Corpus Christi Sunday.

Edward Jackson, nine, was killed Sunday at Dallas when he tumbled from the bed of his uncle's pickup truck.

Gordon L. Cook of Ida was killed Sunday when his car left Highway 75 near Sherman and smashed into a parked truck.

# Officers, Dogs Comb Forest For Killers Of U. S. Marshal

ADAIRVILLE, GA. —(AP)— Two federal prisoners who escaped with a guard as hostage after a deputy U. S. marshal was slain still were at large Monday despite a relentless around-the-clock search by a mammoth posse.

More than 200 law officers used bloodhounds to comb a densely wooded, 25-square-mile area slightly west of here and about 70 miles northwest of Atlanta.

The vast search, which brought federal and state officers from throughout North Georgia into the pine mountains, was launched Saturday after Marshal Sam E. Vaughn, 54, of Murfreesboro, Tenn., was shot five times and thrown from his car two miles south of Adairville.

The fugitives, Eugene Juelich, 25, of Butte, Mont., and Woodward Larson, 31, of St. Paul, Minn., were being

ing transported from Nashville, Tenn., to the federal prison at Atlanta when the marshal was slain. They were given five-year sentences Thursday for transporting a stolen car across state lines.

Vaughn, father of 13 children—10 still are living—told a service station owner at Murfreesboro Saturday that the prisoners were "the toughest I have ever transported."

He said they had given him trouble on the first leg of the trip. Juelich and Larson, who had been placed in solitary confinement at Nashville as trouble makers, wore leg irons and were handcuffed when they left Nashville.

Accused with the pair in the auto case was blonde Joan Marie Wenberg, 18, of St. Paul. She is free in \$3,000 bond and awaiting trial.

The searchers believe George Hightower, 34, of Nashville, still is being held as a hostage by the pair. Hightower, son of the turnkey at the Davidson County Nashville Jail, was helping Vaughn guard the prisoners.

# U. S. Production, Earnings, Spending, Inventories Climb

WASHINGTON —(AP)— The nation's output of goods and services set a record in the April-May-June quarter, but inventories went up too.

The Commerce Department, reporting this Sunday said cognomines generally put increased spending power into purchases.

Yet, it said, the first quarter's \$2,800,000,000 annual rate of inventories—unsold stock on business—men's shelf—climbed to \$8,800,000,000 in the second quarter of the calendar year.

The report, touching on the whole economy, said the increased inventory consisted in the manufacturing industry, particularly durable goods.

It said the gross national product, which is the total market value of all goods and services, hit a record annual rate of about \$72.2 billion dollars in the second quarter. That is 10.2 billion above the previous three months.

Personal income, at an annual rate of 284.2 billion, was three billions higher than the previous quarter's rate and included a drop in farm income.

Consumer spending for the quarter was at the annual rate of 31 billion for durable goods, notably automobiles, and was half a billion higher than in the January-February-March quarter.

# Clergyman Denies Russian Claims

Last week this column ran a feature on the Russian claim of the invention of the power lawnmower. Details were given about the presentation of high orders to one of the comrades for his excellent work in perfecting this labor saving device. We refuted the claims of the USSR by showing how an immigrant boy, Knud Jacobsen, was the actual father of the first successful device of this nature.

We understand that further substantiation of our story was given to the people of Midland from the pulpit of one of the local churches. It is not to be wondered that the clergy would rise to the defense of American craftsmanship and the power mower.

This church maintains a large lawn area in top condition with a Jacobsen Bantam Mower that has given yeoman service for three years. The church well knows that the operation and maintenance of this mower has been at a ridiculous low figure, considering the vast expanse of lawn that must be mowed.

You, too, can have all of the joy of this bourgeois invention. You, too, can attend church next Sunday knowing that your lawn has been easily and quickly manuevered with one of these sick Jacobsen Power Mowers. Why not swap struggle for stroll? Why not swap push for pew? Why not swap work for worship? Get a Jacobsen.

# Rites Held Monday For Retired Texas Ranger M. Bailey

HOUSTON —(AP)— Marvin E. Bailey, retired Texas Ranger who is said once to have captured four Mexican generals, was interred Monday.

"He was a good shot with his peacemaker," another former Ranger, Frank Hamer of Austin, said of Bailey, who died here Saturday night.

Bailey was captain of a Ranger company which in 1908 patrolled the rugged Big Bend Country along the Rio Grande.

Hamer said Bailey once captured four Mexican generals who "were out to recruit 'friends of the revolution' for Pancho Villa."

ABILENE — Abilene will be host this week to publishers and editors and their wives from over West Texas.

They will gather here Friday and Saturday for the annual convention of the West Texas Press Association. The Wooten Hotel is convention headquarters.

Marvin Hunter, Jr. of Grand Prairie is president of the association, and Bill Collins, editor of The Midland Reporter-Telegram and E. B. Harris, Jr. of Graham are vice presidents. Mrs. June Jones of Hamilton is secretary-treasurer. Directors are Nev H. Williams, Kermit; Aaron Edgar Munday; Charles Roberts, Sr.; Andrews; Roy Fox, Colorado City; Ben Oglesby, Bronte and L. B. Smith, Brady.

Top personalities in Texas newspaper and political circles headline the two-day program. President Hunter said.

The Abilene Reporter-News, Abilene Chamber of Commerce, West Texas Utilities Company, and the West Texas Chamber of Commerce will join in playing hosts to the party.

A reception for early arrivals is scheduled Thursday night in the headquarters hotel, with the Abilene Chamber as host.

The Abilene Club will be the scene of a Friday luncheon given by the utilities concern, and the Reporter-News will be the host for a buffet supper Friday night in the country club.

The West Texas Chamber will be host for its traditional breakfast Saturday morning in the hotel.

Wes Isard, editor and publisher of the Amarillo Daily News, will

speak Friday morning. His subject will be, "It's Your Town—What Are You Doing About It?"

Other Friday morning speakers will be Vern Sanford of Austin, manager of the Texas Press Association; Mary Katherine McDougall, woman's editor of the Abilene Reporter-News; and Forrest Weimhold, publisher of the Levelland News-Sun.

The Rev. Sterling Price, pastor of Abilene's University Baptist Church, will address the Friday luncheon.

Friday afternoon will be devoted to a panel discussion of rising costs and diminishing profits. Participating will be Roy Fox, Colorado City; Jetty V. Clare, Haskell; Ed Harris, Jr., Graham; George Baker, Fort Stockton; Dick Reavis, Coleman, and Roy Craig, Stamford.

Reception For Women

A reception for women visitors is scheduled for 3 p.m. Friday in the Wooten.

Fred Husbands, manager of the WTCC, will speak at the Saturday breakfast session.

Other Saturday morning speakers include Walter Dufraim, Eden; Mrs. Lyle Young, Menard; J. A. Templeton, Jacksonville; Wed E. Reid, Dallas, and L. B. Smith, Brady.

Officers for 1953-54 will be elected Saturday morning.

Rep. Reuben Senterfitt of San Saba, speaker of the Texas House of Representatives, will address the concluding session Saturday noon.

# Seven More Texans Cross Into Freedom

By The Associated Press

Seven more Texans crossed the "bamboo curtain" into freedom Sunday night in the sixth Korean war prisoner exchange.

There was additional good news for relatives of at least three Texans released earlier by the Communists. They left Japan by plane Monday (4 a.m. CST) for the United States.

Released Sunday night were: Pfc. James M. Connolly of High Lamar County; Cpl. Walter R. Williams of Alletson, Colorado County; Cpl. Billy J. Campbell of Lorraine; Pfc. Billy A. Brown of Houston; Cpl. Billy J. Smith, Dallas; Cpl. Gene L. Roberts, Leakey; and Cpl. Billie W. Jones, whose father is Martin B. Jones of Kermit.

"The good Lord has been with Billy and with us," said O. W. Brown, Houston oil drilling superintendent, when advised by phone Sunday night that his son had been freed.

"12 Years Younger"

Mrs. Brown said simply, "Gosh, that's wonderful."

Brown said his son served on front lines eight or nine months before being captured Oct. 9, 1951. Billy, who spent his twenty-first birthday last July 24 in captivity, entered the Marine Corps while attending Houston's Stephen F. Austin High School.

"I feel 12 years younger," exclaimed Mrs. Odessa Johnson when told of her son's return.

# Oklahoman Who Served As Cancer Guinea Pig Dies

OKLAHOMA CITY —(AP)—George T. Montgomery, 36, who offered himself to the Oklahoma Medical Research Foundation when he was told he had glandular cancer, died Sunday.

A cancer specialist said he "even refused sedatives the last few days so that we might better test his reaction to treatment."

Montgomery's expectant wife asked her physician to induce labor a week early so her husband would know his child was born. Told of the birth of a healthy son, he said through the pain, "That's fine."

Doctors said he improved slightly, then lapsed into a coma a few days later and died.

VISIT NATIONAL PARK

Mr. and Mrs. V. A. Cain and Mr. and Mrs. Joe C. Davis are on a trip through the Western States. Stops include Yellowstone National Park,

her son, Cpl. Booker T. Johnson, had been returned.

Lucille Holland of the Texarkana Gazette drove to the suburbs on the Arkansas side of Texarkana to carry the news to the 55-year-old widow.

Just Keeps Praying

"When I first saw you tonight I was afraid it was bad news," she told the newspaper woman.

"But I just kept praying. God bless you. God bless you."

Among 17 repatriates being flown to the United States are:

Pvt. Freddie Dobbins, son of Mr. and Mrs. Abe Dobbins, Anson.

Pfc. Floyd M. Pendarvia, son of Mr. and Mrs. William L. Pendarvia, Gilmer.

Pfc. Edward O. de Anda, whose wife is Mrs. Luisa Ortiz de Anda of El Paso.

## Former Envoy Says Russia Certain To Have Upheavals

WASHINGTON —(AP)—Former Ambassador George Kennan said Monday he is sure revolution eventually will "take place in the Soviet orbit."

He cautioned against official United States interference in the internal troubles of the Communists lest this tend to stimulate Red unity.

Kennan, ambassador to Moscow last year and a recognized authority

on Russia, gave his views at a seminar on Soviet imperialism.

He pictured Russia's danger to the outside world as probably on the wane.

Kennan said Soviet ideas no longer have a powerful attraction in the Western world—where the danger, he said, is one of military power. In Asia, he suggested, there has been "a certain turn of the tide of battle" toward realism and common sense.

"Plainly the edifice of Soviet power is faced today with severe strains and crisis," Kennan said. "If our own beliefs are sound, Soviet power will continue to suffer, as it is suffering today, by the effects of its own unsoundness—its incompatibility with the deepest human needs, and it will eventually earn the retribution it so justly deserves. x x x"

"The weaknesses of the Soviet system will catch up with it eventually. We should remember that interference often has effects opposite from those intended. Interference in the affairs of a nation is like interference in a family quarrel when the intrusion of an outsider is the only thing that can unite the family."

Kennan differed here, as he has done before, from the announced policy of the Eisenhower Administration, which is to assist Russia's satellites by peaceful means in breaking loose from Moscow's domination.

## Feed Dealer Pushes Demand For Probe Of Relief Abuses

By The Associated Press  
A demand for an investigation into alleged profiteering attempts and other abuses of the government's drought relief program was pressed Monday by a former president of the Texas Feed Manufacturers Association.

Grapevine feed dealer W. Floyd Deacon—whose charges touched off a state-wide controversy during the weekend—talked Sunday with U. S. Rep. Wingate Lucas (D-Texas) in Grapevine.  
Deacon asked Lucas to seek an investigation either by Congress or

the Production and Marketing Administration.  
"I intend to contact the people who have been talking with me and get names and dates of the abuses and give them to Congressman Lucas within 24 hours," Deacon said.  
Saturday, Deacon charged that some Texas ranchers who got relief cottonseed at \$35 a ton were trying to peddle it to Midwest brokers for \$45. Others, he said, have acquired as much as two-year supply at the government's bargain prices. He claimed the wealthiest West Texas ranchers were getting more out of the relief program than needy cattlemen.  
He was joined in his charges by D. R. Crowley of San Antonio, association president.  
Sheep Man Talks Back  
Their accusations brought a quick retort from Penrose Metcalfe of San Angelo, president of the Texas Sheep and Goat Raisers Association. Metcalfe told officials of Texas feed associations to "put up or shut up" on their charges.  
"Those voicing these grave rumors of profiteering resales of feed and hoarding of the feed should be prepared to back up their charges under oath," Metcalfe said.  
State Agriculture Commissioner John C. White and Claude McCann of Victoria, chairman of Texas Drought Aid Committee, said they knew of no abuses.  
"There have been no official complaints that I know of," said McCann. McCann said county committees who are distributing feed should know of any abuses and that not one of these had complained.  
White favors probe  
"These local committees know who's getting the feed," he said. "They're the ones who give it out. They keep records and these records are open for inspection."  
White said that although he knew of no abuses, the U. S. Agriculture Department should make an investigation.  
Deacon did not say who informed him ranchers were trying to re-sell the cheap livestock feed for a higher price.  
Deacon has been a Grapevine feed dealer 25 years. He said that because of the relief program the multi-million dollar feed business in his section "is at a standstill."  
However, Deacon said there is no attempt to sabotage the program to help Texas ranchers and farmers through the state's worst drought.

## U.S. To Retaliate—

(Continued From Page One)  
not exchanged by the Chinese Communists and the North Koreans.

That matter, Dulles said, is "very much on our minds." He said those in charge administering the armistice, including Gen. Maxwell Taylor, 8th Army commander, are going to do "all that is humanly possible to get back all American boys."

Returned Checked Carefully  
Dulles was asked to elaborate on what precautionary steps are being taken in an effort to prevent the Reds from withholding prisoners.  
The secretary said prisoners who have been returned are being checked carefully to find if they can furnish the names of any others who may be withheld.  
Then Dulles said that "if they (the prisoners) don't get back, we would presumably adopt reciprocal measures."

Asked whether that meant that this country in turn would withhold some Communist prisoners, the secretary said that would "seem to be a normal procedure."  
Dulles said this government has received no official word that any American prisoners of war are refusing to be repatriated. A few men have turned down a chance for release.

Red 'Criminals' Held  
Dulles left by plane for Washington.  
"There is a very considerable number of Chinese and North Korean prisoners who have been convicted of crimes since being captured," Dulles said.  
He added they would not be returned unless United Nations prisoners who have been convicted of crimes since being captured.

Range Feed Picture In Western States Worst Since 1939  
DENVER —(AP)—Although July rains gave some relief to dry ranges in some areas, the overall condition of range feed in the West was reported Monday to be the worst since 1939.  
The Department of Agriculture report was based on a survey up to August 1.  
It said grazing conditions are good in the northern Great Plains and the Northwest and mountain sections, and fair to good in other northern areas.  
Critically dry conditions were reported in the western half of Texas, parts of Western Oklahoma and New Mexico and the southern sections of Utah and Nevada.  
Livestock are in generally good condition, the USDA said, except in the dry areas. Cattle were reported in good shape in Montana, Nebraska, the Dakotas, Wyoming and Colorado. A similar report was made for sheep in Montana, the Dakotas, Colorado and the higher areas of Wyoming.

Vehicles Damaged In Weekend Fires  
Weekend alarms summoned Midland firemen included blazes of an automobile, a motorcycle and a mattress.  
An automobile belonging to Core Laboratories was damaged heavily by fire about four miles south of Midland on the Rankin Highway, said firemen who answered the alarm at 6:10 p.m. Saturday. The cause was undetermined.  
A blazing mattress at the residence of J. P. Matthews, 2600 West Mariana Street, brought firemen at 5:45 a.m. Sunday. Damage was slight, they reported.  
A blaze, caused by a backfire, heavily damaged a motorcycle belonging to Bill Rust at 404 Sunset Drive, at 3:30 p.m. Sunday. The scene was in the 100 block of West North Front Street.

Nuernberg Prison Events Described  
Life in Nuernberg Prison during the trial of 21 Nazi war criminals following World War II was described Monday for members of the Kiwanis Club.  
The principal speaker at the club's weekly luncheon-meeting at the Hotel Scharbauer was Paul Peck, member of the Odessa College and former assistant jail officer at Nuernberg.  
Peck described his contacts with such men as Goering, Hess and other Nazi leaders of the war.  
He was presented by program chairman F. S. Swenson while President Frank Besoni presided.

Meteor Shower To Be Visible  
NEW YORK —(AP)—A shower of shooting stars, as many as 40 or 50 in an hour, may be seen Monday through Friday nights, the American Museum-Hayden Planetarium says.  
The Planetarium said the best time for watching the meteors is after midnight and the best places are away from the bright lights of cities.  
The show is the annual Perseid meteor shower, so called because the meteors seem to diverge from the constellation of Perseus in the northern sky.

## DENVER GETS IN THE GROOVE

DENVER —(AP)—"Denver White House," the telephone operator greets you when you call President Eisenhower's vacation headquarters at Lowry Air Force Base.

The President's modest office is in the Base Administration Building. It's a room about 15 by 15 feet, less than a third the size of the presidential office in Washington.

On newly lettered signs over other office doors down the corridor are the names of the small staff of aides who accompanied Eisenhower from Washington.

## Midlanders Attend State 4-H Camp

County Agent Charles Green and four 4-H Clubbers from Midland County have returned this weekend from Tyler, where they attended the annual State 4-H Conservation Camp.

The youths were Audie and Leonard Porter and Donna Howard of the Valley View Community and Sunda Roberts of the Sunshine Baker 4-H Club near Midland.

Main theme at the week-long camp was conservation of soil, life, water and human resources. The well-rounded camp program included recreation and other activities.

The Midland County 4-Hers represented District Six at the camp. Midland County was chosen out of 26 counties in the district to attend. The youths won their right to the camp by turning in winning essays on conservation.

There were approximately 48 boys and girls and 24 extension agents at the camp, including wildlife, soil and water specialists.

## Youthful Traffic Victims Improving

Little Wayne Jones, 19-month-old son of Mr. and Mrs. James Jones, 204 Walcott Street, still was in serious condition but doing somewhat better Monday in Western Clinic-Hospital, where he was taken after being injured Saturday in a traffic accident.

Wayne suffered thermal and brush burns on about one-third of his body when he was thrown from an automobile and pinned under its radiator.

Gerry Register, five-year-old son of Mr. and Mrs. Frank Lyles, 500 East Kentucky Street, who was struck by a truck in downtown Midland Saturday, was released from Western Clinic-Hospital Monday and returned home, where he will have to rest.

Gerry suffered a fracture of the skull and concussion.  
FROM STANTON  
Mrs. Charles Norton and Mrs. L. E. Hotchkiss of Stanton attended to business here Saturday.

## Ex-Prisoners—

Continued from Page One  
for them (the 30) to go back . . . Scales said he got his information because he worked in the camp kitchen near camp headquarters where the "progressives" hung out.

Cpl. Carl J. Raup of Franklin, Pa., said that between Feb. 1 and Aug. 1, 1951, 4,400 prisoners died at the Pyoktong camp.

"Later," Raup said, "the Communists tried to tell us that they lived as hard as we did. I was a cook and I know that wasn't true. They ate white rice and dog meat and we ate slop like cracked corn.

"I've seen the time I sure would have liked a piece of dog meat," he said.  
Raup said he felt seven Americans from Camp 5 were not coming back.

## Facts Forum Slates Discussion On Laws Pertaining To Polls

Questions of allowing 18-year-olds to vote and the revision of the Texas election law will be the topics for discussion at the Midland Facts Forum meeting Wednesday.

The meeting will be at 8 p.m. on the second floor of the Midland Tower Building and is open to the public.

The question of lowering the legal voting age has been the subject of much controversy, especially since the induction of many 18-year-olds into the armed forces, said M. W. Frock, who will be moderator of this discussion.

Facts Forum feels recent difficulties in both parties during the presidential primaries left dissatisfaction with many over the manner in which they were conducted. J. S. Knauer will lead the discussion, which is expected to point out solutions to the problems encountered at the time.

At the last meeting of Facts Forum, the group voting after the discussion showed a large majority vindicating Winston Churchill of the "appeaser" label attached to him recently in some quarters.

The question propounded was "Is Churchill's Policy Appraisal?" and the two main illustrations pointed out in favor of this view were his insistence on trade with Red China and his willingness to admit China to the UN.

He said bitterly that if he ever meets any of the seven "I'd beat the hell out of him if he wasn't a better man than me and if he was I'd use a chair."

§ Raup said one of the seven told him that he wanted to go home, but about a week ago the prisoner was taken off in another direction. The corporal said two more men were taken with the first man on a one-way trip to China.

Prisoner From Lorraine  
Cpl. Billy J. Campbell of Lorraine, Texas, said that at Pyoktong there was "no organized resistance against the 'progressives' no matter how much we hated their guts. . . . We were spied on constantly and we would have been in real trouble if we had tried to discipline these men."

Sgt. John P. Pingree of High Grove, Calif., said, "the spy system the Chinese had working among the progressives was so damn good that the Chinese knew how many hours you slept a night and if you had to get up during the middle of the night."

Many released prisoners told of being lectured on allegations of American germ warfare by Alan Winnington, Communist correspondent for The London Daily Worker, who has been in North Korea more than two years.

Raup said many men, including himself, were forced to sign petitions for the Communists.

"They worked on me all one night," Raup said, "from 7 o'clock in the evening until the next day, trying to make me sign one of their petitions for peace. At 3 a.m., they told me they were going to put me in solitary confinement if I didn't sign and I still refused."

"At 6 a.m., one of the guards pulled out a revolver and waved it in my face and said, 'You had better sign.' I signed."

## Wheat Referendum Means Little Work In Midland County

Midland County's vote on the national wheat referendum will be tabulated in the county PMA office Friday, Charles Champion, office manager, has announced.

However, not too much work is expected to be involved in the counting since there is only one farmer currently eligible to vote, according to office records.

Champion said that to be eligible to vote a person must have an interest or share in the 1954 wheat crop and must have planted at least 15 acres of wheat.

If there are any farmers who have not notified the office of their eligibility they may do so Friday at the polls, which will be open from 8 a.m. to 5 p.m.

## Midland Churches Send Delegations To Methodist Event

Representatives of Midland's four Methodist Churches were among the more than 500 men attending the annual men's meeting of the Methodist Church's Northwest Texas Conference at Ceta Canyon over the weekend.

Featured speaker for the three-day session was the Rev. Howard Hollowell, pastor of the Oak Cliff Methodist Church, Dallas, and former pastor of the Midland First Methodist Church.

Attending the meeting from the First Methodist Church were Jack W. Oodard, J. V. Birdwell, W. I. Pratt, Daryl Davis, Roy McKee, Jack Mogle, Ralph M. McCleskey, Lee May, R. O. Smith, Ray Gwyn, S. H. Gwyn, Curtis Reagan, Dr. R. L. Kirk, Bob Baker, J. P. Matthews, Dan Peterson, Fred Adcock, C. C. Thomas and Earl Ray.

Representing St. Luke's Methodist Church were Jim Blackwood, Alfred Walker, Hugh McCullough, Ray Puckett, Otis Petty, Bob Peyton and the Rev. Clarence Collins. Attending from the Asbury Methodist Church were Clyde Gwyn, Woody Allen, Jim Orimes, Harrison Bickley and Fred Adcock.

Members of St. Mark's Methodist Church who attended included Ray Laester, L. M. Springer, Fred Carroll, Randy Rubin, Jack Collins, Terry Grove, Oscar Farrar, Louis Morris, S. J. Cooley, J. D. Henderson, Billy E. Curry, the Rev. J. B. Sharp and Raymond Griffith.

## Moderate Weather With Few Showers Enjoyed By Nation

CHICAGO—Another day of moderate temperatures was in store for most of the nation Monday, and more showers sprinkled the eastern Great Lakes region, southern New England and coastal areas of the Carolinas and Florida.

Parts of the Rocky Mountain region also were in for another wetting.

Heavy thunderstorms Sunday brought 1 1/2 inches of rain to Goodland, Kan., including one to one and a half inches of hail. Billings, Mont., also had hail. Other Sunday precipitation figures included Cape Hatteras, N. C., 2.45; Orlando, Fla., 1.50; Akron, Ohio 1.06 and Rochester, N. Y., 1.71.

Temperatures of 100 or more were recorded only in states along the Mexican border Sunday. The overnight low was 38 at Grand Marais, Mich.

## Kansas Creamery Operator Recalls Ike's Employment

DENVER—Back in June, 1906, a Kansas creamery paid out \$32.50 to a "fun loving" boy of 15 named Dwight Eisenhower for 26 nights of work at \$1.25 a night.

For all his love of practical jokes around the creamery, the boy—now President of the United States—"impressed his associates and employers alike as being quite conscientious about his work and most willing to cooperate with his fellows."

The account of Eisenhower's work and play is told in those words in a recent letter to friends by F. D. Hoffman, an operator of the Belle Springs Creamery of Abilene, Kan., where the Eisenhower family settled two years after Dwight's birth in Texas, October 14, 1890.

## Solon Sees Little Action On Civil Rights Measure

WASHINGTON—Senator Lehman (D, Lib-NY) says the record of the Republican-controlled 83rd Congress in the session just completed was a total blank on civil rights legislation.

But Senator Ives (R-NY) says he is convinced the Republicans have

a better chance of enacting civil rights legislation than the Democrats.

Lehman said that, of more than a dozen civil rights bills introduced in the Senate this year, not a single one even got so far as a committee hearing.

In recent Democratic Congresses, he said, Senate committees not only held hearings on such measures but reported them to the floor. Some of these were called up for debate but never passed, largely because of Southern Democratic opposition which used lengthy speeches to block them.

The New York Democrat emphasized that former President Truman often spoke out for civil rights bills. But the White House this year provided Congress no leadership on the issue, Lehman said, adding "They just sat on their hands."

President Eisenhower, in his nationwide radio report on his Administration and Congress, asserted without elaboration:

"We have used the power of the federal government, wherever it clearly extends, to combat and erase racial discrimination and segregation—so that no man of any color or creed will ever be able to cry, 'This is not a free land.'"

This appeared to be a restatement of Eisenhower's previously expressed view that there should be no racial segregation, but that the states should handle their own problems except in cases falling under federal jurisdiction.

Eisenhower's Administration recently banned racial segregation in schools on U. S. military reservations. The Justice Department is taking a hand in several segregation suits now before the Supreme Court.

Ives was one of 16 prominent Eastern Republicans who signed a statement last August declaring that a GOP victory in November would hasten enactment of a civil rights program.

As to this contention Lehman commented "It certainly did not work out that way this year."

However, Ives said the Democrats never had succeeded in getting key civil rights measures enacted.

He said he planned to push ahead in the second week of January next with hearings on a Fair Employment Practices Commission (FEPC) measure.

Hope For New Hearings

Ives and Senator Humphrey (D-Minn) wrote it, and introduced it with 17 co-sponsors last January.

The bill would give the proposed commission compulsory powers to enforce its rulings against discrimination in employment but only as a last resort. Small businesses would not be affected.

A voluntary FEPC measure, with persuasion and publicity as its weapons, was introduced on the first day of the 1953 session by Senator Dirksen (R-Ill).

Senator Hendrickson (R-NJ) head of a judiciary subcommittee to which it was referred, said he hoped to have hearings on it next year.

## Midlander Gets Medal At Culver

CULVER, IND.—Mid. Paul L. Davis, Jr., from Midland, Texas, has been awarded the silver Tuxis Medal by the Culver Military Academy Summer Schools where he is a member of the Naval School this Summer. He earned the silver medal in competition with 667 boys enrolled in the Naval School, one of four Summer programs on the Culver campus enrolling more than 1,400 boys from 38 states, the District of Columbia, and 10 foreign countries.

The silver Tuxis Medal is awarded to midshipmen after they have demonstrated distinguished accomplishment in six different phases of the Culver camp program: individual and competitive athletics, aquatic, military, seamanship, academics and social activities.

Davis now is eligible to begin work on his gold Tuxis Medal which is the highest award given by the Summer Schools faculty.

He is the son of Mr. and Mrs. Paul L. Davis, 1701 West Ohio Street, Midland.

## Ex-Queen Narriman Goes Broke, Seeks Money From Egypt

CAIRO—An ex-Queen Narriman is reported to have told Egyptian authorities she is broke and needs a government allowance.

The independent newspaper Al-Ahram said Monday the estranged wife of deposed King Farouk had asked financial assistance and also requested the return of personal effects left behind in four Egyptian palaces when she followed her husband into exile last year.

The former queen, 19, has lived quietly at her mother's villa since she left Farouk and returned last March to Egypt. She has been seen in public only once at the swank Semiramis Hotel, but has spent some time at the beach at Alexandria.

Despite repeated statements by Narriman's uncles that she would sue for a divorce and claim her son, former King Ahmed Fuad II, no proceedings have been announced. The child is with his father.

### Miss Willis' Oath As Envoy Climaxes Diplomatic Career

By RUTH COWAN  
WASHINGTON —(AP)—America's first woman to climb the diplomatic ladder from vice consul to ambassador was sworn in as envoy to Switzerland Monday at a ceremony in the State Department.

### Funeral Rites Set Tuesday For Oil Operator McElreath

Funeral services for A. R. McElreath, 65, who had extensive oil holdings in West Texas, will be conducted at 4 p.m. Tuesday in the First Methodist Church at Fort Worth with the Rev. Gaston Foote officiating. Interment is planned in Greenwood Cemetery.

### Original Site Of Taft's Cancer Still Is Unknown

WASHINGTON —(AP)— Doctors close to the situation say it's now possible that the original site of the spreading cancer that killed Senator Robert Taft of Ohio may remain a mystery.

14 blocks north on Big Spring St. We'll be looking for you.  
**KINGBURGER**

"SCREENS" PICTURES—This Indian woman, a film technician, really "screens" pictures as part of her film-editing job in Bombay. She still observes the ancient custom of "Purdah," and must observe the world, and her job, through the mesh of her veil.

### Reds Jam Airways To Slow Foods Gifts, East Revolt Threat

BERLIN —(AP)—The Russians have started a vast new radio jamming campaign further to isolate East Germany's 18,000,000 people from the West. The Reds hope this will lessen chances of more anti-Communist rebellions like the June 17 revolts.

### Hoover, 79, Plans Return To Harness

SAN FRANCISCO —(AP)—Former President Herbert Hoover quietly observed his seventy-ninth birthday Monday preparing to again become a consultant on federal government reorganization.

### Men's Business Suits Vanishing

Houston —(AP)—A garment industry spokesman says the traditional men's business suit with matching coat, pants and vest is "fast disappearing."

### Malenkov Picks Up Power, Prestige At Home, Abroad

By JAMES MARLOW  
WASHINGTON —(AP)—Just suggesting Russia has the hydrogen bomb—whether it does or not—gave Malenkov a chance to try to fry a few eggs for himself.

### H-Bomb Boast Sets Off Week Of Air-Scanning In America

By FRANK E. CAREY  
WASHINGTON —(AP)—The next week or so could be a tense watch-and-wait period for American officials scanning the atmosphere for proof of Russia's boast that it has the dread hydrogen bomb.

### Rites Set Tuesday For Auto Victim

KERMIT — Funeral services for David Moore, 16, will be held at 2:30 p.m. Tuesday in the West Side Church of Christ with Joe Hunter, minister, officiating. Interment will be in the Kermit cemetery.

### Three Brothers Now On Same Navy Craft

POTSDAM, N. Y. —(AP)—The Makuire brothers—John, 22, Patrick Jr., 21, and Vincent, 20—enlisted in the Navy a year apart.

### Two Gunmen Flee With \$811 Grabbed From Yorktown Bank

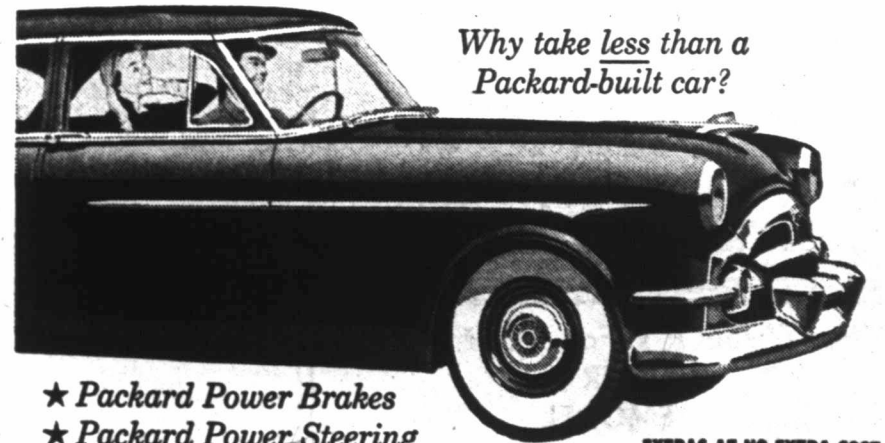

SAN ANTONIO —(AP)—A search was on Monday for two gunmen, one bald and the other curly haired, who robbed a bank Sunday at Yorktown, 65 miles southeast of here.
