### Penrose B. Metcalfe Announces for Legislature.

Penrose B. Metcalfe, San Angelo ranchman-attorney, announced today he will be a candidate for election to the legislature from the 91st district including Tom Green, Irion, Howard, Sterling, Reagan and Glasscock counties.

Mr. Metcalfe, a native of this county, is at present the chairman of the board of the Upper Colorado River Authority, the state agency created by the last regular session of the legislature that is endeavoring to obtain funds from the federal government with which to construct a large irrigation project in Coke and Tom Green counties. Applications is now pending with the Public Works Administration.

Mr. Metcalfe served as a member of the 41st, 42nd and 43rd legislatures from this district his membership therein sponsored and procured the passage of much beneficial legislation. Among some laws of which he is the author are the present gasoline tax statute which puts a stop to evasion of this tax, prevented an increase in the tax and brings annually to the state treasury approximately five million dollars that would have otherwise been lost; the present statewide cattle tick eradication law under which the state will very shortly be cleaned of the cattle fever tick; the present livestock sanitary code; the present bill redistricting the state into congressional districts which allocated to West Texas for the first time its rightful share of such districts. He is the joint author of the law designed to prevent transportation of stolen livestock in motor vehicles; he sponsored in the House the measure creating the children's hospital at the tuberculosis sanatorium; he led the fight for five years to a successful conclusion whereby farmers in the pink bollworm area were

paid their expenses incurred by reason of this quarantine; he was the author of the amendment to the constitution which the people adopted authorizing taxation of university lands for county purposes; he successfully led the long drawn-out legislative fight against heavy odds to regain for West Texas the water rights in the Colorado river and its tributaries which had formerly been surrendered.

Mr. Metcalfe bases his claim for election to office on the record he has made of successful accomplishments, of opposition to additional taxes, of actual economy achievements, of support of schools, and of measures beneficial to the people rather than to the special interests. He promises a future course that that will continue to be responsive to the will of the electorate, as shown by previous accomplishments. He said he had no elaborate platform nor any extravagant promises or radical change to the governmental structure to propose, but that he did expect to render to the people that type of faithful, conscientious and trained service to which they are entitled. He said his platform might be covered in three words; "honest, experienced service."

Mr. Metcalfe was admitted to the bar in June of 1934. He is a graduate of the San Angelo schools and holds a B. S. degree from A. & M. College.

### Pellagra Caused by Lack of Proper Food.

Austin, Tex., February 3. — Pellagra, while not a communicable disease, is of concern to the State Department as many people die of each year in Texas. Pellagra is a disease that is caused by the lack of proper foods. It comes on slowly and may not be recognized until the victim begins to have a sore mouth, stomach trouble, and reddening and scaling of the skin. When these symptoms appear, the disease has been present for some time, stated Dr. John W. Brown, State Health officer.

The longer a person has pellagra the harder it is to cure, so one should be on the lookout for the early symptoms, such as nervousness, indigestion, and burning of the feet and hands. The disease may become so severe as to affect the mind.

Pellagra is not contagious. As long as a person eats enough of the right kind of food and is not otherwise diseased, he is in no danger even if he lives with a pellagra patient.

The prevention of pellagra depends upon eating the right kind of food at all times. To make sure that the diet is right should always include plenty of milk daily, some fresh meat, and as many fresh vegetables as possible. Tomatoes, whole wheat products, salmon, brewer's yeast, and fresh fruits are especially valuable. Having provided these essentials of a proper diet, the rest may be arranged according to family and personal likes. In this way pellagra may be avoided.

### For the Voter's Consideration and Thought.

Conscious of the fact that no man should be advanced to any position whose responsibilities he is not fully able to shoulder, I have tried to prepare myself for the place of District Judge before asking for it.

As yet, I have not had the actual experience of being District Judge. Manifestly, that cannot be expected of me until the opportunity is presented. It is submitted, however, that I have had in ample measure the next thing to it. That can perhaps best be shown by comparison—for instance with Hon. John F. Sutton as he was when he first ran for and was elected to this position in the year 1924. At that time—

Judge Sutton was the same age that I am now. He had been practicing law for eight years. I have been practicing for eleven years. He had been serving as County Attorney for two years. And, I have been serving as District Attorney for six years.

Respectfully submitted,  
GLENN R. LEWIS.

### Congress Faces a Dual Responsibility

By RAYMOND PITCAIRN  
National Chairman  
Sentinels of the Republic

As members of Congress reconvene at Washington, America is hearing many familiar promises of economy in government.

Let's hope our legislators mean it this time. Let's hope they remember that the staggering debts piled up by government must be paid out of our earnings and our savings; that what they do to the public budget affects our family budget as well.

Let's hope that, unlike New Year resolutions, the promises will be fulfilled. It's time they were. For today, as a result of reckless spending by our federal, state and local governments, a public debt of more than fifty billion dollars has been written up for us, the workers and the earners of the United States, to pay.

Fifty billion dollars! That's a lot of money. And it will take a lot of taxes to pay it off. The interest and service charges alone cost us billions every year. It's one of the reasons why five out of every twenty-five dollars of the national income—which means the money earned by the American people—is consumed by taxes. And unless the economists are wrong, a lot of the bills which these taxes are straining to meet will be handed down as a grim legacy to our children and our grandchildren.

But you can't blame it all on Congress. The politician's penchant for squandering the people's money has extended to states and cities and smaller units as well. More than twenty billions of our fifty-billion-dollar public debt is, in fact, charged against state and local governments.

We pay for that, too—if not directly, then in higher rents and in heavier bills for food, clothing and other necessities, all camouflaged as "hidden taxes."

Only a large dose of the frequently promised economy in government can lighten the load. Only an escape from the billion-dollar complex of the past few years can help.

Today our Senators and Representatives at Washington can do their part. Because of the importance of the present session, the eyes of the entire nation are upon them as never before. If they keep their promises and apply the brakes instead of the accelerator to public spending they will not only ease our burdens but will set an example for state and local politicians to follow. They face a double and a serious responsibility.

Let's hope they meet it squarely—not only with our own relief in mind, but to assure the security and prosperity of America.

### The Roots of Altruism.

The three eternal roots of altruistic energy are these: First, the principle of justice; that there is a moral law before which all men are equal, so that I ought to help my neighbor to his rights. Second, the principle of charity; that I owe infinite tenderness to any shape or kind of man, however unworthy or useless to the state. Third, the principle of free will; that I can really decide to help my neighbor, and am truly disgraced if I do not do so. To this may be added the idea of a definite judgment; that is, that the action will at sometime terribly matter to the helper and the helped.

Working Girls' Vacations  
It is said that 6,784 out of the 300,000 working girls in New York get vacations through churches, social settlements and societies.

### What Does America Ask of Congress?

By RAYMOND PITCAIRN  
National Chairman  
Sentinels of the Republic

With the new year comes a new session of Congress. What does the average American ask of it?

Basically his demands are modest—and few. All are in conformity with the rights and powers granted him under the Constitution.

He wants those rights respected and preserved.

He wants his collective interests, as a worker, an earner and a taxpayer, considered above and ahead of the demands of organized minorities operating as political pressure groups.

He wants his national Legislators to exhibit those qualities of responsibility and self-reliance expected of the chosen representatives of a free people. He has seen enough of rubber-stamp Congresses, eager and willing to enact hasty measures at the behest of appointed bureau chiefs, in whose selection the voters have no choice and over whose actions they exercise no control.

He wants Congress to know and respect the Federal Constitution—to refrain from legislation which violates our Fundamental Law and its Bill of Rights.

He wants Congress to remember that public debts created by reckless expenditures and waste must be paid out of taxes clipped from the worker's earnings or the earnings of his children and grandchildren. He wants it to stop mortgaging our future.

He wants members of Congress, whatever their party affiliations, to think of the Nation as a whole, rather than in terms of political groups and factions.

In brief, he wants courage, reason and economy in government—and he asks Congress to assure these things. It is a fair request. If the members of Congress will heed it, they can do much to restore that public confidence upon which depends not only our national recovery, but the future security of America.

### Railroad Service in Holland.

Of the railroad in Holland P. W. Lucas writes: "The trains come to the minute and go out to the minute. The officials are intelligent and polite. The carriages are good. Every station has its waiting room, where you may sit and read and drink a cup of coffee that is not only hot and fresh, but is recognizably the product of the berry. It is impossible to travel in the wrong train."

AAA BENEFITS

By EDWARD A. O'NEAL
Head of the American Farm Bureau Federation.
THE program launched by organized agriculture must go forward.

We are going to look to congress to take specific steps which will provide by legislation the mechanism by which agricultural parity is to be continued.

It is up to congress to provide that legislation within the provisions of the Constitution.

THE PARALLEL

By PRESIDENT ROOSEVELT
SOMETIMES at the close of a day I say to myself that the last national election must have been held a dozen years ago—so much water has run under the bridge.

History repeats in these crowded months, as in the days of Jackson—two great achievements stand forth—the rebirth of the interest and understanding of a great citizenry in the problems of the nation and an established government which by positive action has proved its devotion to the recovery and well-being of that citizenry.

A DEFENSE OF CAPITALISM

By JOHN S. THOMAS
President of Clarkson College.
WE LISTEN with rapt attention while our intelligentsia tell us that the chief interest of business men is to bring on periodic collapse.

And poor old capitalism! Capitalism has not a leg to stand on. Being tried for life, she seems not to have a friend left in court.

And all of this, mind you, in spite of the fact that capitalism and the principle of competition in business working together in this country since 1790 have given us the most marvelous 140 years ever enjoyed by any people, anywhere, at any time.

THE PRESIDENT'S MESSAGE

By MR. HOOVER
THE most ominous note of all was the President's warning that the power he has assumed would be dangerous in other hands.

It just happens that the ideal upon which our government was founded and hitherto conducted is that it is dangerous to the people to have any man possess such powers, or to allow any man to thus aspire to personal government instead of a government of laws.

The question is, not that these powers, having been created and now in the hands of the good, might be transferred to the hands of the wicked, if the New Deal is not continued. It is that they never should be possessed by anybody in these United States.

Going Out of Ourselves to Refresh Our Thoughts

Doctor Richardson tells us there is nothing so wholesome for an active mind as to secure rest by variety of work. A man can do five or six times more than he expects if he varies his work.

There is so much that is discouraging and depressing in the world, that we must sometimes go forth, as it were, out of ourselves for fresh thoughts and fresh air. The greatest workers, when they go out for a holiday, are not idle; they find rest by change of occupation.

STAR DUST Movie Radio

By VIRGINIA VALE

IF THE romance between John Gilbert and Greta Garbo had worked out into a happy ending, everything might have been different for the fallen male screen idol.

And people who knew him are saying that, no matter what the doctors say about his physical condition, he died of a broken heart.

They are saying that about another well-known figure in the theatrical world—"Roxy," who died in his sleep. They say that he was beaten by the failure that came after such great success.

Trap Reveals Gold Reef

A game trap has been the means of disclosing a virgin gold reef of extensive width and high values near the well-known Pickstone mine at Gwatuma, South Africa.

Knowing Roxy was exciting; just having dinner with him in his apartment at the Roxy theater, or in the more magnificent one at the R K O Music Hall, was an experience.

Yet I believe that he'd rather be remembered not by the men who followed his lead in the theater, but by the millions who heard him over the air—for he really meant it when he said, at the end of each broadcast, "God bless you."

One of the causes of speculation these days in movie circles is whether Greta Garbo will ever be forced to make an effort to be nice to the newspaper reporters and camera men whom she now avoids so sedulously.

Silent Moments in Which We May Review Our Deeds

Real action is in silent moments. The epochs of our life are not in the visible facts of our choice of a calling, our marriage, our acquisition of an office, and the like; but in a silent thought by the wayside as we walk—in a thought which revises our entire manner of life and says, "Thus hast thou done, but it were better thus."—Emerson.

**ANNOUNCEMENTS**

P. T. A. will meet on Friday, February 7 at the usual time.  
 The Cougars play Sonora at Sonora Thursday night February 6. For Friday afternoon a game with Knickerbocker is tentatively scheduled if they come. They seem to think they will win both games. We hope so. Let's come out and "help" them.  
 There was no assembly this week because of sickness and activity in interscholastic league work.

**PERSONALS**

June Chapple, one of the Senior, has discontinued his school work for this year due to the accident that occurred last Tuesday night, January 28, while he was playing basket ball in San Angelo. June fell against the benches in the Recreation gym and fractured two ribs and fractured his right shoulder. He will have to wear a brace for about six weeks. We are sorry that this accident happened and that it necessitated his withdrawing from school. We hope his pains will soon be over.  
 Mr. White was away Tuesday and Wednesday on business. We missed him very much.  
 We are glad to have two new pupils in high school. Welcome Madeline and Scott Shirley! Harry Cagle, one of the Seniors, has been out of school for two weeks with the flu. We have missed him, and hope he will be able to be with us again next week.  
 Miss Brown was sick several days last week, and Mrs. Chas. Deats taught in her place. We are glad that she is able to be back with us.

**THE WASTE BASKET.**

We wonder if our teachers' boy friends have to bring excuses from their mother when they do not show up.  
 The voice of experience says, "Gather your moonbeams on Sunday nights; for Monday nights are always cloudy from September 1 to May 15."  
 Subject for debate: "Resolved, That the school children should elect their teachers. We wonder???"  
 Why does Beatrice always take the negative side of affairs? Some one said it was a likeness to—  
 What maiden in high school is now watching the Gladewater mail?  
 Down the lane we'll meet by the roses—both faculty and student body.  
 Beatrice has cold hands lately. We have a new boy. Is there a relation here?  
 Dorothy Jean wants to know who went trapping the past weekend.  
 Have you heard of the boy who dreamed he was eating hay and woke up to find the mattress half gone?  
 Hollis—We caught a rat that was 100 years old.  
 Owen—How did you know how old it was?  
 Hollis—He had a date in his mouth.  
 Puge—What could be worse than raining cats and dogs?  
 Notley—Hailing taxis.  
 Some men smoke cigars, some men smoke cigarettes, but Fu Manchu.  
 Some one said that when Lu-

luelle picks up a foot, she puts down 15 inches.

### Texas Old Age Assistance Law.

Austin, Feb. 10. — Because \$7,500 worth of property for a married and \$5,000 for a single person are listed as legal disqualifications under the old-age assistance law, applicants necessarily should be able to give adequate description of all real property owned, as well as personal property if the latter is valued at \$1,000 or more. Orville S. Carpenter, who will be Executive Director of the Old Age Assistance Commission, said today concerning the new law.

"Each applicant should be able to describe all personal property, including jewelry, furniture, automobiles and live stock in addition to his or her real property," Mr. Carpenter explained.

All applicants should have the following information available:

1. Original purchase price and date of purchase of all property.
2. Description of property from the county tax assessor telling block number, etc.
3. Amount of property rendered for on tax rolls.
4. Name of lien holder and amount still due on mortgage, as well as total equity in property. Also date and amount of lien.
5. Description of all property disposed of during the last two years, person sold to, and purchase price obtained from such sale. Also date of transfer. Applicants will be able to get blanks in their own locality Feb. 14. These forms may be filed as soon as filled out by applicants.

### High Lights of Bonus Law.

The high lights of the new bonus law:

Bonds would be issued in \$50 denominations to pay in full next June the 1945 maturity value of the 25-year bonus certificates issued in 1925. Cash would be paid for odd amounts not covered by bonds.

Bonds would be for full value, minus loans against certificates and unpaid interest accrued before October 1, 1931. Interest after that is canceled.

Veterans may cash at any local post office all or part of their bonds, but if they do so the first year they receive no interest.

They may hold the bonds for as many as nine years and receive 3 per cent simple interest annually.

Veterans who haven't applied for the bonus may continue to do so.

Ultimate cost \$2,493,000,000 (billions) including an appropriation authorizing of \$2,237, (billions) and \$254,000,000 in convertible bonds in the adjusted service certificate fund.

### History Essay Contest.

Dallas, Feb. 4.—Sixteen cash prizes totaling \$1,500 will be awarded the State winners in the Woodul Historical Essay Contest being sponsored by the State headquarters of the Texas Centennial Celebrations. This contest is open to all public, private and parochial schools in the State.

Only one month remains for students to prepare their entries for the first elimination will be held within each school during the first week in March.

Subjects for this contest are to be drawn from the history of the county in which the student now lives. The essays will deal with those phases of county development which are ordinarily not included in recorded history. These topics are being gleaned by students from old newspaper files, public records, letters and interviews with living pioneers.

Second eliminations will be conducted by County Centennial Advisory Boards early in April, and the winning essays in the four divisions will be submitted by this Board to the State finals not later than May 1. State winners will be announced after May 15.

Rules governing this contest may be acquired by writing the Public School Division, State Headquarters, Texas Centennial, Dallas.

### Tom Hunter Allowed Damages

Wichita Falls, Tex., Feb. 4.—Finding that charges made in Houston Post editorials had libelled Tom F. Hunter during the gubernatorial race in 1934, a Wichita county jury returned a verdict here Feb. 1 awarding Hunter \$15,000 damages against the Houston Printing Company for two editorials which were published in the Houston Post two years ago.

The jury found that certain statements in the editorials were "false and libelous" and did not constitute a "fair and reasonable comment" upon Hunter's platform and speeches.

Mr. Hunter's attorneys took particular exception to the charges that he had "dictatorial ambitions" that he "would wreck the existing form of government as prescribed by the constitution" and that he "dangled a blended tax before the people as a panacea for our ills."

Seeking to justify publication of the editorials the Post's attorneys brought to Wichita Falls editors and other newspaper writers from Amarillo, Dallas, Houston and other Texas cities. The staff of defense at 400 eyes was headed by Lieutenant Governor Walter Woodul.

In answering the statements that the editorials had been partially based upon his plan for a governor's cabinet, Mr. Hunter explained from the witness stand that such a system had been used in the Federal government since it was founded and had been later adopted by several states.

### Historic Gal!

Marion Rodgers, of Dallas, is the great-great-granddaughter of a Texas soldier who died in the famous "lottery of beans." After the battle of Alamo in 1836, the 177 Texan captives by the Mexicans, 17 drew black beans from an earthen bowl and were shot to death, 159 drew white beans and were sent to a Mexican prison. Miss Rodgers, whose grandfather, Horace Isa Houston, was a first-cousin of Gen. Sam Houston, is a granddaughter of the Texas Centennial Exposition opening in Dallas June 6.

### The Way of Inflation

By RAYMOND PITCAIRN  
National Chairman  
Sentinels of the Republic

If a merchant, or a farmer, or the average householder persistently spends more than he earns, he goes broke. He pays for his folly in the wreck of his business, his property, and, perhaps, his career.

With governments it can be different. From time to time various nations have indulged in continued reckless expenditures, yet escaped immediate collapse. How? By resort to the desperate remedy of inflation—whether of currency or of credit.

The difference is that the individual bears the brunt of the blow himself, while governments pass it on to their citizens.

History has demonstrated this on many occasions. Perhaps the best remembered example of recent years is that of Germany, where post-war inflation brought hardship and hunger to millions of workers. Records do not show that the clever politicians who brought it all about, or the very rich, went hungry. That was reserved for the average, run of citizens, who saw prices rise so swiftly that neither earnings nor savings could keep pace with them.

For a while the situation grew so serious that workmen found it necessary to demand pay for their services at the end of each day's labor. They knew that if they waited, prices might mount so rapidly that even a week's pay couldn't buy one bowl of soup.

Germany's experience was not an isolated one. It has been duplicated to a lesser degree in many countries and in many periods of history. It is because of the evidence such experiments offer, that an increasing number of thoughtful Americans oppose the course of reckless government expenditure that causes inflation.

The concern of such citizens is not for the very rich and the very shrewd—who know just when to buy and sell, or how to rig or play the stock market. It is rather for the average family that depends on a weekly or monthly wage for income, and a savings account or life insurance policy for security. Those are the people who shoulder the burden and suffer the hurts of inflation.

And those are the people who can stop its course.

They face a great responsibility. Under our Constitution the conduct of national affairs rests ultimately in their hands. If they insist on reasonable economy, the men who represent them in government must obey the mandate. If they remain indifferent, they encourage either the burden of increased taxes, or the still heavier toll of inflation with all its golden opportunities for the speculator, and its grim penalties for the worker.

### Texas Exposition Gathers Speed in Exhibitors' Rush

Building Program Takes Form As 5,000 Workmen Labor 24 Hours a Day

DALLAS, Texas.—Three shifts of workmen—close to 5,000 men working 24 hours a day—are rushing the Texas Centennial Exposition's buildings toward completion by the opening date, June 6.

The Exposition's own \$15,000,000 construction program is well under way. The City of Dallas has broken ground on its \$3,500,000 program, constituting seven permanent buildings which will form a vast civic cultural center when the Exposition is over. The State of Texas is racing work on the \$1,200,000 Hall of State, one of the show pieces of the fair. The Federal Government has its two buildings—the Federal Building and the Hall of Negro Life and Culture—ready to leave the drafting room stage and become realities.

The Midway, probably the greatest the United States has ever seen, is taking a tentative form as entertainment concessionaires fight for choice sites.

Not far from the industrial exhibits—where the latest exhibits of industry and science will be shown—the Exposition two Livestock Buildings are rising.

Here the greatest livestock show the nation ever has seen will be housed.

The buildings alone will cost \$400,000, complete with a veterinarians' hospital and every modern device for the care of livestock.

The value of the stock which will be exhibited here between June 6 and Nov. 29 cannot be estimated.

Paul M. Massmann, in charge of the Exposition's exhibit department, already has laid before General Manager William A. Webb contracts for more than 80 per cent of the available Exposition display space.

Included among the exhibitors with whom negotiations have been completed are:

- Advance Aluminum Casting Corp., Alfa Anco Corp., Aldridge Seed Farms, Inc., American Thread Co., American Telephone and Telegraph, Ball Brothers Co., Beech-Nut Packing Co., Book House for Children, Catholic Exhibit, Continental Oil Co., Dr. Pepper Co., Donna Lee Products, E. I. DuPont de Nemours Co., Famous Mineral Water Co., Ford Motor Co., General Electric Co., Genesee Trading Co., Grennan Bakeries, Inc., The Grolier Society, Gulf Refining Co., Harley-Davidson Motor Co., A. Harris and Co., John A. Hertel Co., Hubinger Co., Interstate Cotton Oil Refining Co., Kellogg Co., Kraft-Phenix Cheese Corp., Missouri-Kansas-Texas Ry., Morten Milling Co., Nassau Pen and Pencil Co., National Life & Accident Ins. Co., H. O'Hayon, National Super Products Co., National Pressure Cooker Co., Peter Pirsch & Sons Co., Portland Cement Association, The Practitioners.
- W. F. Quarrie & Co., Ratliff's Pure Food Products Co., Reynolds Manufacturing Co., Geo. L. Shuman & Co., Southern Rice Industry, Standard Brands, Inc., Standard Tilton Milling Co., Texas and Pacific Ry., The Texas Co., Westinghouse Electric Co., Walker's Austex Chili Co., L. E. Waterman Co.

### Baptists to Honor Houston March 1

DALLAS, Texas.—Baptists all over the United States will join in a religious celebration of the birthday of General Sam Houston, Sunday, March 1.

Houston's birthday falls on Texas Independence Day, March 2, but services will be held in all Baptist churches the preceding Sunday. In his letter to 2,000 Baptist congregations, Rev. Howard Williams, secretary of the Texas Baptist Convention, urges union services in every community where there are two or more Baptist churches.

Special services will be held in First Baptist Church, Washington, D. C., which Houston attended when he was United States senator, at Baylor University in Waco, Texas, whose founder Dr. Rufus G. Burress baptized General Houston and at Independence, Texas, where he joined the church.

The Texas Centennial Exposition which is cooperating with the Texas Baptist Convention in plans for this religious observance will have a \$50,000 Hall of Religion, a spacious and beautiful building for free exhibits by all denominations. In the Baptist section of the structure special stress will be laid on Houston's services to his state and to the Republic of Texas of which he was the first elected president.

Mechanical Horses.  
In training its cavalry recruits the German army is making use of a machine driven by electricity, in which all the movements of horsemanship are simulated.

### She Tells Them How to Park

Dallas, site of the Texas Centennial Exposition next year, has installed parking meters on its main downtown streets. For a nickel in the slot, motorists may leave their car beside the meter for periods from 20 minutes to one hour, according to the time marked on each meter. An additional nickel extends the period.

Clarice Mollenkamp, of the Exposition Rangerettes, is shown above as she tours the streets, the Exposition's ambassador of good-will, to explain to out-of-town motorists just how the meters work.

A meter, indicated by the arrow, can be seen directly behind the horse, which, incidentally, is Texas, famous "yellow pony" owned by Captain Leonard Pack, head of the Exposition's Texas Ranger squad.

The Roots of Altruism.  
The three eternal roots of altruistic energy are these: First, the principle of justice; that there is a moral law before which all men are equal, so that I ought to help my neighbor to his rights. Second, the principle of charity; that I owe infinite tenderness to any shape or kind of man, however unworthy or useless to the state. Third, the principle of free will; that I can really decide to help my neighbor, and am truly disgraced if I do not do so. To this may be added the idea of a definite judgment, that is, that the action will at sometime terribly matter to the higher and the better.

V. I. Brannan of Brownwood, was here Tuesday visiting his brother, Jim Brannan, and old friend, J. A. Barnes.

Emmett Wilson, one of our successful young ranchmen, left a \$ for the Observer to be sent to a friend in McLennan county. Reader, do likewise.

Miss Sophia Petsee of the Head-of-the-River ranch, is the guest of Mrs. John Hannum and family this week.

T. L. Hamm reports the sale of the McCord place to Dr. J. D. Gowen. Consideration, \$1,500. Dr. Gowen expects to move his family here by the opening of school.

George Lewis returned Saturday from Fort Worth, where he sold four cars of cows and on a previous trip he sold three cars. He reports prices down. He has sold his 3-year lease on the Lee Knight ranch and lease on Menard ranch, including caws and calves at \$25; 2s and 3s at 30, and pearl steers \$18 and the heifers and other stuff in proportion. The cattle brought him \$7,500. I. T. Sutton of Menard was the purchaser.

Miss Althea Jones, who has been visiting her sister Mrs. A. W. Bowen of San Angelo, has returned home.

Otto Williams, who has been been sick several days, is at his post again, with the Christoval Mercantile Co.

E. O. Smith has sold his drug store to L. E. Lanford, who will conduct the business at the same old stand.

Mr. and Mrs. John Earnest and children of Westbrook, Tex., are visiting Mr. and Mrs. J. P. Pugh. Mrs. Earnest is a sister of Mrs. Pugh's, and John is the efficient section foreman of the T. & P. He reports crops in Mitchell county much better than last year.

Byrd Hill and Lewis Deats were out squirrel hunting Tuesday afternoon, and after about two hours sport, returned with eight squirrels. Byrd has the champion squirrel dog in these diggins.

Miss Mary Lizzie Ford, who visited relatives on the Ware-Ford ranch for several weeks, will leave tomorrow for home in Dallas, where her home folks will hardly know her, as she has gained nine pounds in flesh and about two pounds of tan. We hope she will come next summer and bring the whole family, as we know they will like the many things we have here to make life worth while.

Lewis Farris and Houston DeLong, who have a contract to break 44 German Coach horses for the XQZ ranch, were in town Tuesday. They have broken 22 and will resume their work as soon as the ground dries off.
