DOCTOR RETIRING

“Dr. Paul” Reflects On 42-Year Career

By BILL ELLIS

He has seen medicine advance from the use of sulfa drugs to the development of penicillin and hundreds of other “wonder drugs.”

He has delivered over 5,000 babies in his career.

He has served as the “family doctor” for literally thousands of area residents.

On Wednesday, June 20, 1990, Dr. Paul Spring officially retired from his practice at Parmer County Community Hospital, ending a 42-year career as a staff member of the Friona medical facility.

“Doctor Paul,” as he is known by most of his patients and friends, said he felt as though he had practiced medicine during the profession’s “Golden Age.”

“I have always had a great doctor-patient relationship with my patients. I feel as though I was lucky to see all of the changes in medicine during my career. It has been a great 42 years,” Dr. Spring said.

The longtime Parmer County physician said that his medical career locally had been extremely interesting as well as enjoyable. “The people in this area have been great, and I have always had a most helpful staff who have put in a lot of hours. It has been wonderful,” he added.

Dr. Spring, who was born and raised in Parmer County, observed his 74th birthday on the job last Friday, June 15 at the hospital.

As a high school student working at J.R. Roden’s Drug Store in Friona, he watched a doctor administer a sulfa pill to a

young patient. Sulfa drugs, once considered the “main weapon” against certain serious diseases, are no longer used by the medical profession.

The young Paul Spring used to hang around the doctor’s office, which was located in the rear of the drug store, and this may have whetted his appetite for a career in medicine.

As a medical student, Dr. Paul recalls that a doctor at his medical school called several of the students in and had them watch as the doctor gave a seriously ill patient a penicillin shot.

Penicillin was still in its experimental stages, and Dr. Paul remembers that the dose given the man was greenish in color. “It was unpurified. But it saved the man’s life. We saw an almost immediate change in his condition. The doctor thought he was giving the patient a ‘massive’ dose of penicillin, but it was less than we now give to newborn infants,” he commented.

Dr. Spring received his B.S. degree from Texas Tech in chemistry. He attended Baylor Medical School in Dallas two years, before the school made a change and moved to Houston. He finished at Southwestern Medical School of Dallas.

He served an internship at the University of Arkansas, and then spent two years in the Armed Forces as a doctor in Korea, attached to the U.S. Air Force.

Following his stint in Korea, Dr. Spring decided he needed a “refresher course,” so he took residency at St. Rita’s Hospital in Lima, Ohio.

He was serving as a resident at the Ohio hospital when he began getting calls from Dr. H.H. Cook, who was the only doctor at the fledgling Parmer County Hospital.

“Dr. Cook told me that he had more than he could handle, and was in bad health, and needed help immediately. I secured permission from the Ohio hospital to leave, and came back to Friona. It turned out that Dr. Cook was in fine health, and as soon as I got settled, he left, and then I was the only doctor for about two years,” Dr. Spring said.

At the time, “Dr. Paul” was unmarried, so he spent considerable time at the hospital as the only doctor in the county. “I practically lived at the hospital,” he recalls.

In those days, the “hospital,” consisted of the old POW barracks which had at one time housed German prisoners near Hereford. The hospital was located on Highway 60 at the present site of Friona State Bank.

Dr. Paul recalls that the first baby he delivered in Friona was Joe Bob Mann, who himself is 41 years old, and still lives in Friona. Dr. Paul delivered Mann on June 8, 1949.

He also delivered Mann’s youngest son, Steven Paul, and has a “whole slew” of other two-generation babies, plus more than two generations on patients.

“If all the babies I delivered still lived here, we’d have a much bigger population than we do,” he said with a laugh. Of his total of approximately 5,000 births attended, Dr. Spring figures that

(Continued on Page 2)

FROM PEOPLE TO PLANTS....Dr. Paul Spring was caught “doctoring” his garden this week. Turns out he is quite the horticulturist and plans to spend lots of time in this “practice.”

IN KANSAS

Lumbrera To Stand Trial For Murder

A former Bovina resident, Diana Lumbrera, will have to stand trial on charges of murdering her four-year-old son, Jose, after the conclusion of a hearing last Friday in Garden City, Kansas.

The former Parmer County resident sat motionless as Magistrate Judge Claude Heath said at the end of 2½ days of testimony that the prosecutor had met the burden of proving a crime had been committed, and establishing that Ms. Lumbrera, 31, probably committed the killing.

She is accused of smothering Jose Lumbrera, then taking his body to a hospital emergency room.

Parmer County authorities are continuing their investigation of the deaths of five other children of Ms. Lumbrera, plus a cousin’s child that she was baby-sitting, while she lived in this area.

Testimony from a Garden City police detective during the Friday morning session revealed Ms. Lumbrera had said she believed her children had died because she was cursed by a “curandero,” a person with witch-like magical powers.

She also claimed to have suffered from at least one blackout prior to Jose’s death, after another detective asked her if she was subject to such temporary lapses of consciousness.

Ms. Lumbrera appeared to briefly wipe tears away as she spoke quietly with her attorney, Michael Quint, after the hearing. Quint again argued unsuccessfully that she should be released on her own recognizance, or that her \$50,000 bond be reduced.

“Her initial reaction was disappointment,” Quint said. “She was hoping it was all over with.” One of Ms. Lumbrera’s sisters, 25-year-old Virginia Bribiesca of Garden City, sat through the hearing. She said it was “stupid” of authorities to believe her sister killed her only surviving child.

“That girl has worked so hard, to try to support that kid and herself,” she said. The two women worked together at the Montford beef packing plant in Garden City. Prosecutor Richard Hodson opposes any reduction in bond because Ms. Lumbrera might flee to Mexico if released.

Dr. Eva Vachel, a Garden City pathologist, ruled that Jose

Lumbrera died of “asphyxia due to smothering,” and found no signs of life-threatening illness.

However, a second pathological report showed that the boy died of a chronic viral infection that showed up in his liver, lungs, heart and other organs.

The prosecutor wants to secure a third pathological opinion.

Hodson contends that Ms. Lumbrera’s motive for killing the child was “a combination of sympathy and money—sympathy to get money.”

“Diana Lumbrera was in debt-

chronically in debt,” he said.

Hodson cited testimony that Ms. Lumbrera had applied for several loans at a local credit union, saying she needed money to pay for cancer treatments for her son.

She even told a loan officer her father had been killed in a car wreck taking the boy to Mexico for treatment. Her father is still alive, and there were no signs her son ever had cancer, or received broken bones she claimed he suffered in the car crash, Hodson declared.

New Girls BB Coach Is Named

Shirlene Lilley, the assistant girls coach at Dumas High School the past three years, was named as the head girls basketball and track coach at Friona High School at a special called meeting of the Friona I.S.D. Board of Trustees Monday evening.

Ms. Lilley is a 1979 graduate of Durant High School in Durant, Oklahoma. In high school, she participated in basketball, track, band and chorus. She played college basketball at Southeastern Oklahoma State University where she received her bachelor’s degree in 1983.

In 1985, she served as a clinician for a sports clinic in Hawaii and also was a clinician at Las Vegas High School in Las Vegas, Nevada. She served as the 1989 coordinator and director of the girls basketball camp at Dumas and also directed the Dumas Summer League for high school girls. She has also worked at the W.T.S.U. Summer Camp.

Coach Lilley has indicated that she hopes to have a summer basketball camp in Friona if she can get moved to Friona in time.

Superintendent Hal Ratcliff stated, “We were very impressed with Coach Lilley. Her experience working with Coach P.D. Fletcher at Dumas along with having played basketball in high school and at the college level, gives her a very strong foundation in fundamentals. Her enthusiasm and positive attitude are contagious.”

SHIRLENE LILLEY

Show Steer Validation Set June 26

Parmer County show steer validation for all 4-H and FFA exhibitors will be held Thursday, June 26 from 9 a.m. until noon at the Jerry London farm located four miles west of Hub on the Bovina-Dimmitt Highway.

All show steers to be exhibited in the county, regional and state shows must be validated at this time.

If anyone should desire more information, please contact the Parmer County Extension Agent or the Agri-Science instructor in your respective community.

Appreciation Reception Set

The Women’s Division of the Friona Chamber of Commerce and the Hospital Auxillary will honor “Dr. Paul” at an appreciation reception on Sunday, July 29.

The reception will be held at Friendship House from 2-4 p.m. Everyone is invited to attend.

INVESTIGATION CONTINUES....Diana Lumbrera, a former Bovina resident, is on trial in Kansas following the death of her four-year-old son, Jose. Authorities are also investigating the deaths of her five other children and a cousin’s child. Pictured standing by three of the graves in the Bovina Cemetery is Deputy Sheriff Richard Bonham.

DO YOU EVER think about all the wrecks that never happened? Of course not. It is only when disaster occurs that we think of the importance of an employee. The head honchos of Exxon probably never heard of the captain of the Exxon Valdez until he allegedly spent the afternoon in a bar taking on fluids and that evening disgorging them. Those drinks brought one of the world’s largest companies to its knees and cost about \$2 billion...and still counting. (That’s about \$400 million a drink. I think.)

Speaking of drink, the Perrier Company of France also found out the hard way about the power of people. It is now speculated that a single employee cleaned Perrier’s water filters with benzene instead of the usual cleaner, and that simple mistake cost the company its reputation and \$40 million.

AT&T customers had a hard time reaching out and touching someone recently because a single technician forgot to program some information into a computer. People couldn’t get through. AT&T was embarrassed on national television, and MCI and Sprint got some new customers all because of a single individual. That one person had a bigger effect on AT&T’s bottom line than the Chairman of the Board.

Conglomerates today are run by committees, task forces and consensus, but it is the person at the counter or the driver of the truck who is often the image of your company. That is why the world will never be taken over by the junk bond kings. McDonald’s may have fancy ads on television, but if the kids at the counter were rude, nobody would come back. If the pump jockey at the local station filled your gas tank with diesel you wouldn’t believe Exxon when it said the situation in Alaska was “environmentally stabilized.”

Oftentimes our impressions of a company are formed by just one employee out of 12,000. A good example was brought to mind recently on a local television show. A trash disposal firm was trying to get the county’s okay for a new landfill near a small town. All the city fathers were against it but finally it was before the townspeople in a referendum. Much to everyone’s surprise it passed. When a little old lady was asked why she voted for it, she replied, “because my trashman always comes early and on time. I figure it is a responsible company.” Ah, the power of the person!

I was thinking about why I deal with certain businesses in the area and it almost always came down to a single person. I buy my farm supplies from a firm because once I ordered some heavy panels from them and a nice young man not only delivered them, he helped me put them in place. I go back to a local fast food joint because one time I accidentally knocked a Coke out of the waitress’ hand and she insisted it was her fault. I buy my cars from a nice man largely because when I take my car in to get it serviced he also washes it for me. I patronize a restaurant because the waiter always remembers my name and knows how I like my steak.

So here’s to the company truck driver who stops and helps a lady fix a flat and here’s to the garbage man who is always on time. Here’s to the cowboy who always leaves a gate as he found it. Here’s to the newspaper boy who doesn’t throw your paper on your roof. Here’s to the baker who gives you a baker’s dozen, to the clerk who gives you a smile and here’s to the farmer who is careful with chemicals.

Thank goodness for the insults that were never spoken, the gates that were closed, the doors that were opened and all the wrecks that never happened.

And here’s to the people who know the power of the person. (Borrowed from Lee Pitts, Durango, Colo., by way of Jake Outland.)

RANDY THOMAS

Ownership Change Is Announced

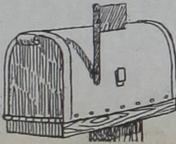

New ownership has been announced for the former Black Grain Company, which has previously been a part of Friona Industries, Inc.

Attebury Grain, Inc., has bought the elevator, and Randy Thomas has been named its new manager.

Sam Attebury of Amarillo, has been in the grain business since 1954. He has expanded from one elevator to 20, owning facilities from Tucumcari, N.M. to Wichita Falls, and from north of Gruver to Lubbock.

"We feel we're very strong in the Panhandle, and have done some trading in this area, dealing with the feedlots and the elevators. We're happy to be here," says Thomas, who previously managed an Attebury facility in Happy.

"We have a full-time marketing staff, and have dealings all over the nation. We feel we can offer the producers some advantages and stability, and we look forward to serving their needs," Thomas said.

Letter To The Editor

Mr. Bill Ellis, Editor
Friona Star
Friona, Texas

Dear Mr. Ellis,

A word of thanks for your handling of all the Friona news. Lucille and I really appreciated the "graduation issue." Almost all of them were some of Lucille's kids.

I found Dorothy Jackson's letter of particular interest. Dorothy is a serious lady and if she says her church needs help, then that is the Gospel Truth (I can't resist a pun!)

The situation provides Parmer County residents with a rare opportunity to do a good turn for a group of fellow Christians and at the same time, preserve a very important landmark.

Had it not been for the Bank many present day prosperous people would have "packed up and gone."

Years ago I surveyed the building. The roof was bad--now it's worse. The windows suffered the ravages of time and some vandalism. But the first class pressed brick cannot be bought today--even by the rich folks whose fortunes began within their red walls.

It must NOT be destroyed! I have talked to Hugh Moseley and he agrees. The building is worth a State Medallion.

Dorothy's people need help. Now is the time for all of Friona's Christians to "put their money where their mouths are."

It doesn't matter who holds the title. The Bank building belongs to all of us, just like the old "station."

Look on page 93 of the Parmer County History Book I helped with.

Love and God bless,
Nelson Lewis

Modeling Clinic To Be Held

Would you like to become poised, learn how to walk correctly, learn how to take care of your skin and practice make-up application?

If so, a special modeling clinic is being planned for you.

The Modeling Clinic will be held Friday, June 29 at the Farwell Community Center from 10 a.m. to 3 p.m. Participants should bring a sack lunch. Drinks will be provided. This is for youth aged 8-19.

Those interested in participating should call for reservations by June 26 to the County Extension Office at 481-3619.

HONORED....David Grimsley, left, and Ernest Osborn, center, were presented plaques of appreciation by Friona Wheat Growers manager Ron Smiley, right, at last Tuesday's 56th annual meeting of the cooperative. Grimsley served 15 years, and Osborn 24, on the board.

"Dr. Paul" Retires....

(Continued from Page 1)

around 3,000 of them were here in Parmer County.

A Dr. Childress joined Dr. Spring at the hospital in about 1950, but his hometown of Tulia kept on until they lured him back to Swisher County after a year or so. Later, Dr. Tom Smith was his medical partner, but after a year he moved to San Antonio. Dr. Metzner was the next member of the local medical team, and Dr. McDowell was also here for a time, as well as a Dr. Stokes.

In 1954, Dr. Paul's brother, Lee Spring, joined the hospital staff, and the two formed a unique brother team at the hospital for 31 years, until Lee's retirement in January of 1985.

Doctors George Anderson and Lee Cranfill joined the medical team in about 1958, and when Dr. John Humphrey joined the staff in 1962, the hospital had five doctors on staff.

Doctors Anderson, Cranfill and Humphrey left, and Dr. Bob Alexander came, to create a three-member medical team for a number of years until Dr. Lee Spring's retirement.

Dr. Tracy Toten joined the staff in 1989, and Dr. Natasha Shah is expected to come here in September to get the staff back up to three.

When Dr. Spring came to the local hospital, one of the nurses was June Pleszewski. They were married in 1952.

June and a friend, Kelly Harrelson, had started their nursing careers in their homestate of New York when they answered an ad placed by Dr. Cook. They had been at the Friona hospital about a month when Dr. Paul arrived.

"They had planned to eventually locate in California, and Friona was about 'half way.' But it never developed that way," Dr. Paul said.

Dr. Spring said that the local hospital developed an immunization program for school children many years prior to the time that the state of Texas began to require students to have certain immunizations.

Dr. Spring said that he had seen a tremendous change in the procedure for treatment of patients. "When I first started, you had to use your mental faculties more so than today, as we now have computerized machines that help us. The space age revolutionized medicine as far as diagnosis is concerned," he said.

When Dr. Spring first began his career, he said surgeons were "opening a few chests" to remove parts of lungs, but that heart operations were unheard of. Now, these operations are virtually commonplace.

At one time, pneumonia was a very critical illness, but due to modern techniques, this isn't the killer it once was.

Dr. Spring said that there was hardly any vaccinations when he first began practice, except for smallpox. During his career, he has witnessed new treatments for the prevention of polio, hepatitis, measles, mumps and chicken pox.

"It's mind boggling to think that they can now train bacteria to produce insulin to resemble human insulin," Dr. Spring said.

Another big change that the longtime medical expert has witnessed that isn't necessarily on the positive side is the further involvement of government with the medical profession, with all of the directives, regulations, etc.

For a number of years, the local hospital prided itself in not having accepted any government funds

with the accompanying "strings." But with the coming of federal programs such as Medicare, this had to change.

Dr. Paul has served as Parmer County Health Officer for the past 40 years, but said during this interview that he had penned the commissioners court his resignation in this capacity.

As to future plans, Dr. Spring, who is an avid gardener, said he expected to make a bigger garden, and travel some. "I enjoy fishing, so I'll probably do some of this. Also, I may have to do some babysitting," he added. The Springs have a nine-month-old grandson, Travis, the son of Johnny and Christy Spring.

Then in July he plans to work a few days while one of his cohorts takes a vacation.

As to his own health, Dr. Spring says he is bothered somewhat by

News About Our Area Servicemen

Marine Pfc. James W. Ryan, son of George L. and Jacquelyn M. Ryan of Friona, has completed the Marine Corps Basic Combat Engineer Course.

During the course at the Marine Corps Engineer School, Marine Corps Base, Camp Lejeune, N.C., Ryan studied the fundamentals of engineering support for combat units. He received instruction on the tools and procedures for building bridges, roads and field fortifications. He also studied the use of demolitions, landmine warfare and camouflage techniques.

A 1989 graduate of Friona High School, he joined the Marine Corps in November, 1989.

Navy Petty Officer 3rd Class Anthony A. Day, son of Donald L. and Betty L. Burnett of Friona, was graduated from Aircraft Firefighting and Rescue School.

During the four-week course at the Naval Air Technical Training Center, Naval Air Station Memphis, Millington, Tennessee, Day studied the causes and types of fires, rescue techniques and emergency operations procedures. He was taught to operate and maintain fire-fighting equipment, including fire trucks, and the use of special rescue tools.

A 1986 graduate of Friona High School, he joined the Navy in August, 1987.

Marine Lance Cpl. Daniel G. Rubio, son of Domingo and Geneva G. Rubio of Farwell, recently reported for duty with 2nd Marine Aircraft Wing, Marine Corps Air Station, Cherry Point, N.C.

A 1987 graduate of Farwell High School, he joined the Marine Corps in December, 1988.

Ex-Resident Is Buried In Utah

John T. Burton, 75, died May 29, in Salt Lake City, Utah.

Born November 9, 1914 at Clovis, New Mexico, he was a son of John T. Burton, Sr. and Mary S. Beard. He married Mary Lee Henegar October 23, 1942 at Lubbock.

Burton served in the U.S. Army during World War II. He was a commander of the DAV and a member of NAAF. He retired from the Tooele Army Depot.

He and his family moved to Friona in 1924 from Clovis. He attended schools locally, as the Burtons lived here a number of years.

He was a member of the Methodist Church.

Survivors include his wife; one daughter and son-in-law, Jeff and Bennah Burton-Burt of West Hollywood, California; one son, Wallace L. Burton of Midvale; granddaughter Brooke and her mother Sue; grandson, Ian and his mother Sherry; one sister, Mrs. Gilman Pratt of Graham, Texas; four brothers-in-laws and their wives, Mr. and Mrs. Bill Henegar, Mr. and Mrs. Floyd Henegar, Mr. and Mrs. Warren Henegar and Mr. and Mrs. Wayne (Buddy) Henegar; several nieces and nephews.

"Gout and diabetes run in my family." He also had two back surgeries in recent years, causing him to miss a couple of months' work.

This was one of the few times he missed work in his 42-year career at the local hospital.

Good luck, Dr. Paul. Hope you get a chance to examine a lot of fish!

JOHN T. BURTON

Driving Class Set July 26

Friona Senior Citizens board meeting was held Tuesday, June 12 at Friendship House with nine members present.

The meeting opened with a prayer. Decisions were made that will affect working toward getting more senior citizens interested in attending all events.

The upcoming defensive driving course was discussed. The class will be held Thursday, July 26 from 8 a.m. to 4 p.m. at Friendship House. If your name is on the list of 30, and you are unable to attend, please let W. Odell Holley know, as others have asked to be included.

Facts About The BIBLE BY JOHN LEHTI

WE DO IT EVERY NIGHT OF OUR LIVES, WITHOUT EVEN THINKING ABOUT IT-BUT, IN BIBLICAL TIMES, IT COULD HAVE A VERY SERIOUS CONNOTATION!

THE TAKING OFF OF A SHOE IN BIBLICAL TIMES WAS THE SIGN A MAN USED TO SHOW THAT HE WAS NOT WILLING TO MAKE A DEAD BROTHER'S WIDOW HIS WIFE—THIS WAS A LEVIRATE DUTY WHICH ENABLED THE DEAD MAN'S NAME TO BE KEPT ALIVE IN ISRAEL, FOR THE FIRST SON OF THIS UNION WOULD BE COUNTED AS THE DEAD MAN'S SON AND WOULD RECEIVE HIS INHERITANCE. BOAZ, A NEAR-KINSMAN OF THE WIDOW RUTH (RUTH 4:1-4) WISHED TO MARRY HER BUT THERE WAS A NEARER KINSMAN TO WHOM THE PRIVILEGE BELONGED. HOWEVER, THIS MAN WAS UNWILLING AND, IN THE PRESENCE OF TEN ELDERS AS WITNESSES, HE TOOK OFF HIS SHOE AND GAVE IT TO BOAZ, SHOWING HE DIDN'T WISH TO "STAND IN THE SHOES OF THE DEAD MAN" THUS BOAZ WAS FREE TO MARRY RUTH AS NEXT OF KIN, WHICH RESOLVED THE MATTER HAPPILY—HOWEVER.....

...IT DIDN'T ALWAYS WORK OUT AS EASILY AS THAT! THE LAW, AS STATED IN DEUT. 25:5-10, HELD THAT A BROTHER OR NEAREST OF KIN WAS DUTY-BOUND TO TAKE HIS BROTHER'S WIDOW TO WIFE IF THE BROTHER DIED CHILDLESS (IF THE WIDOW HAD CHILDREN, THEY HAD TO CARE FOR HER IN HER OLD AGE). NOW, IF A MAN REFUSE TO TAKE HIS BROTHER'S CHILDLESS WIDOW AS A WIFE, THEN, BEFORE THE ASSEMBLY OF THE TRIBE SHE WOULD "LOOSE HIS SHOE FROM OFF HIS FOOT, AND SPIT IN HIS FACE", BECAUSE THE CULPRIT WOULDN'T DO HIS DUTY TO HIS DEAD BROTHER BY GIVING HIM A LIVING SON! HIS NAME WOULD THEN BE KNOWN THROUGHOUT ISRAEL AS "THE HOUSE OF HIM THAT HATH HIS SHOE LOOSED", SO TO REFUSE THIS DUTY WAS A MARK OF SHAME TO THESE ANCIENT PEOPLE—BEFORE A MAN DID THAT, HE'D BE BETTER TO—IN THE JARGON OF TODAY'S YOUNG PEOPLE—"COOL IT WITH THAT SHOE, MAN!"

Angler's Corner

By M.D. McCALLUM

At the end of last week's column, we were exploring habits of the walleye and the use of a depth finder in locating the wily creature.

First let's look at what a depth finder is primarily used for. When these devices first came out they were hailed as a boon to fishermen and faulted as a device that could destroy the fishery through over-harvesting. Luckily the latter never came to pass and former was never more true.

These sonar units were called fish finders which in itself is not the whole story. These devices are better suited for locating a particular habitat than actually displaying the fish. While it is true that the unit will show fish, you will more than likely catch fish

when none are shown especially when hunting for the walleye as these fish tend to be bottom huggers thereby making it difficult for even the most sophisticated sonars to differentiate between the fish and the bottom or structure.

Considering the types of lakes in these areas which are primarily deep and devoid of open lake cover this unit when combined with marker buoys will help you in maintaining the desired boat position. Next time you're on the lake, toss a marker on the water wait a couple of minutes and see how far you have drifted from the marker. You might be surprised at how far you have gone even in calm conditions. Using the shore for reference can leave too large an area to cover thereby reducing the chances of catching anything.

Depth finders range from the relatively inexpensive to units costing over a thousand dollars or more. A liquid crystal display (LCD) is much easier to use than the flasher type as the LCD shows you a computer generated picture of what's below the water. A flasher is much more difficult to master as the bottom and fish are displayed only as lines on the dial.

When using any depth finder you need to keep in mind the location of the transducer which sends the signal down and receives a return. If the transducer is located in the rear of the boat you have already passed over the image you are looking at. Even on a midships or bow mounted transducer the display speed selected may cause the image to still be behind you. I use the fastest display speed available on the LCD

in order to receive the info quickly and ascertain its actual location in relation to the current boat position. Positioning is as important as your tackle since misread sonar images will lead to frustration with the unit. Every unit, even those of the same brand, work a little differently and experience with your unit is the only way to come to appreciate your sonar's ability to locate a particular spot.

Don't worry about those other functions of the unit until you are comfortable with the read-out. You don't have to use other features such as bottom lock or zoom. With most sonars, simply turning them on will produce the desired results. The speed of the display might be all you ever need to use.

When using a marker buoy for reference, an electric trolling motor will keep you on position or you can anchor. When anchoring be sure to ease the anchor into the water. Do not just drop the anchor as the resulting splash and noise will most certainly frighten any fish below it and disturb the habitat. On windy days, which walleye prefer, anchoring is your best bet. With the depths involved be sure to have at least 100 feet of strong line. Anchoring from the bow is the safest way as a stern anchored boat can be quickly swamped by a large wave. A bow anchored boat will always swing into the wind and rides higher on the water. Be sure to keep a sharp knife safely tucked near the anchor rope so that you can cut the rope if an unsafe situation develops. An anchor is easier to replace than an angler and usually much cheaper,

too.

The walleye is not necessarily a hard striking fish. When compared to a bass that inhales a volume of water surrounding its prey, the walleye will simply pick up your offering from the tail then will turn and move away from you. This is why many professional walleyes use spinning gear with the bail open holding the line with their finger. Too much pressure on the fish will cause it to spit out the bait as it feels unnatural to the walleye. Finesse is the key.

Slab-spoons and jigging spoons tipped with live bait are documented producers for walleyes. You need to remove the treble hook and replace it with a single bait hook to accomplish this. Modifying lures is common practice in modern angling. There are various spinners available for live bait which add flash and vibrations when working or trolling the lure. Check with your local tackle shop or marina for these devices.

As mentioned in the first column, crankbaits also produce. This is usually at night or early in the morning before the water heats up or when trolling. Numerous anglers have caught walleye while crankbaiting for bass. A double crappie rig with minnows also works on this fish. My first experience with walleyes involved a double hook-up on a crappie rig much to the chagrin of my boat partners. Doubles are rare though.

We will continue on the subject of walleyes next week. Until then keep that line tight (but not too tight in the case of walleyes) and good luck on the water.

Assistance Available For Women

The Breast Screening Program of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo, in cooperation with South Plains Health Care Providers, Inc., will begin community breast cancer screening clinics in Littlefield in June for women in need of financial assistance.

Funding is available through the Texas Cancer Council for Texas residents requiring financial assistance for screening mammography, in an effort to provide screening to a previously underserved group of women.

Early detection of breast cancer is the major goal of cancer control for each woman seen in the clinic. The clinic provides low cost screening which includes a breast exam by a Registered Nurse trained in breast cancer detection, teaching of breast self examination and a mammogram.

Currently, the most effective method known to win the battle against breast cancer is early detection. Early detection is best done by following the guidelines recommended by the American Cancer Society for breast cancer screening for women who have no signs or symptoms of breast cancer. The guidelines are:

1. Learn and perform breast self examination every month.
2. Have a physical examination of the breasts every year.
3. Have a mammogram according to the recommendations by age (age 35-40, one baseline mammogram); 40-50, a mammogram every 1-2 years; over 50, yearly mammograms.

A clinic will be held on Wednesday, July 18 from 10 a.m. to 3 p.m. in Friona at Parmer County Community Hospital. Exams are done by appointment only. For more information about the clinic or to make an appointment, please call the Harrington Cancer Center at our toll free number, 1-800-274-4673. Locally, for more information, contact Elda Hart at 247-2754.

European Teens Seek Host Families In America

American Intercultural Student Exchange (AISE) is seeking host families for exchange students from Scandinavia, Europe, South America and Australia for the upcoming school year, 1990/91.

All AISE Students are between the ages of 15 and 17 years old. They are carefully screened and have studied English for many years. The students have medical insurance and provide their own spending money. The host family provides room, board and a supportive family atmosphere.

By opening your heart and your home to an exchange student you will be helping them fulfill their dream of spending a school year in America.

For further information about hosting a student call TOLL FREE 1-800-SIBLING or the State Coordinator Office listed below:

Diana Cooley
(713) 933-8649

VOLLEYBALL TOURNAMENT

*Teams or individuals may pre-register for the second annual Bovina Chamber of Commerce July 4th volleyball tournament.

*Fee--\$30 per team or \$5 for individuals.

Send to Susan Hughes, HCR 1-C3, Bovina.

*More information, call (806) 238-1474.

*Entries due by July 3. Teams or individuals need to be at the field by 4:30 p.m. Games begin at 5 p.m.

CHIROPRACTIC FOR BETTER HEALTH

DR. GERALD GLASSCOCK

CHIROPRACTOR

OH, MY ACHING BACK

If you're like a lot of people, you may have occasional or persistent back pain and wonder what caused it. You try to think of some incident in which you may have strained your back, and come up with nothing. But there must be some reason why you have back pains. The truth is that even the simplest of incidents may be the cause, such as reaching high on a shelf to get something. Or stooping suddenly to pick up something that has fallen. Or maybe you need some tips on good posture.

Whatever the cause, the problem may be that your spinal column is out of

alignment. No pain-killing drug can cure the CAUSE. It can dull the pain for awhile and give you temporary relief. But if your back is out of alignment, the pain will probably not go away unless you get the treatment you need. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

Friona To Host AAU Track Meet

The Friona Track Club will be hosting the 1990 AAU/USA Junior Olympics West Texas Track and Field meet, sanctioned by the West Texas AAU Assn. next Saturday, June 30, beginning at 8 a.m. at the FHS track.

Tana Stephens will serve as meet director. Age divisions which will compete include bantam (1980 and after); midget (1978-79); junior (1976-77); intermediate (1974-75); and senior, those born after September, 1971 through 1973.

teams must have a club/team membership, which costs \$15.

The top four athletes in each event are authorized to advance to the regional meet in Harvey, Louisiana, July 6-7. Alternates are not authorized at any level of AAU competition, except on relays.

Events will include 100, 200, 400, 800, 1500 and 3000-meter runs; 1500-meter racewalk; 80-meter hurdles (midget division), long jump, high jump, discus, shot put, 4x100 meter relay and 4x400 meter relay.

Preliminaries and field events will be held beginning at 8 a.m. on the 30th. Finals begin at 4:30 p.m. Medals for the first three places in each event will be presented.

A concession stand will be operated during the meet.

CUTTING WHEAT IN THE HEAT...The local wheat harvest has been underway in full swing during the recent heat wave. The annual harvest almost always brings untimely rainfall, but unfortunately not this year.

FAMILIAR SCENE....Wheat field and grass fires have been a common sight lately. Extremely dry conditions and winds increase the severity of these fires.

Sixty-One Attend Sr. Citizens Lunch

The Friona Senior Citizens held their monthly luncheon Tuesday, June 19.

The program was presented by Jessie Douglas's children, Nelda Ellis and J.D. Douglas. They presented a program of piano music and songs.

Roy V. Miller, Sr., president, welcomed those present and brought them up-to-date on the organization's activities. Sixty-one signed the register with twelve guests from Prairie Acres.

Grace Whitehall thanked those in attendance. Mary Johnston took blood pressures. Marca Herring brought a can of popped corn from Friona State Bank. The Beltone representative was there until noon checking hearing aids.

Planned activities include two (or more) trips to Palo Duro Canyon for the new "Texas"

pageant.

Drawing for the queen sized quilt will be held at the luncheon July 17. Chances are still available at \$1.00 each.

Jessie Douglas served as the hostess for the Thursday night pot luck supper and games June 21. There has been an average of eighteen at tables these past weeks. Bill and Mavis Burnam will direct the activities for the next Thursday night activities on June 28. The Thursday night sessions are the monthly birthday parties for those celebrating birthdays during the month.

Ellis-Blackwell Funeral Home provides the birthday cakes for these parties.... "Thanks, John."

"To all of you who contribute to the happiness of us Senior Citizens, a heartfelt thanks...we love you!" says a spokesman for the group.

Proof of age will be required. This must be with an official record, such as birth certificate, driver's license, military ID card or baptismal record.

Cost includes \$6 for an AAU card, plus \$2 per event. Relay

Town Talk

By Geneva Williams

Call 247-3249 With Your News Item

Even though the change of weather has not been all that great, at least we have a little relief from the 100 degree temperatures, and did that nice cool breeze feel good. Thank you Lord for all your blessings to us and your care for us through the heat. We should take more time to count our blessings even when we feel that everything is going against us. Our Heavenly Father knows what we have need of--thank you!

Father's Day is that special time when we can show our appreciation to and for our fathers. Several families enjoyed each other Sunday.

Bud and Sis Ferguson enjoyed their Friona family for Sunday dinner at their home and everyone brought their special dish and what a banquet it was. Those present were Fred and Shirley Ferguson and son, Gary from Amarillo; Ira and Bessie Holt, Reba and Glenna; Doris Smith, Heather and Alicia, and Geneva Williams.

Phyllis Landrum had Sunday visitors, too. Her son, Sam Landrum, has been a patient in

Prairie Acres Party Line

By JANICE STOWERS

There are very few weeks in the Prairie Acres environment that are quiet, but this past week has been very peaceful. The highlight of the week was when we got to watch someone chase a cow across our parking lot and try to capture it on the other side!

We are happy to report that we have several new residents. We want to have a hearty welcome to Mrs. Ina Coker. Mrs. Coker is here for a short visit and is so friendly and pleasant.

Also as newcomers to Prairie Acres are Charles and Martha Russell. Martha has been in the hospital in Lubbock but is feeling some better. Charles is taking good care of Martha and we are enjoying this lovely couple.

A large group of residents went to the monthly Senior Citizens luncheon. Our residents look forward to this gathering monthly and I know that they had a great time.

Alice Hough will be back for the weekend from Bivins Rehabilitation Center. She will be in Friona from Saturday around noon until late Sunday evening. We urge her friends to come by and cheer her up. She has been away for a month now and is missing her friends from our fine community.

We would like to thank the Bill Stewart family for their donations of reading material. Bill will be with us in a little longer convalescent period.

The following donations have been made to the Love Fund this week:

In memory of Ethie Woodard: Gary and Debbie Sweatt and Family.

In memory of Huck Nichols: Mr. and Mrs. Gary Renner.

In memory of Bill Gibson: Mr. and Mrs. Gary Renner.

In memory of Bobby Hix: Mr. and Mrs. G.R. White, Floyd and Mary Damron and Alice Moore.

In memory of Evelyn Wendt: Mr. and Mrs. G.R. White.

High Plains Hospital and is home. He was glad to have his grandparents, the Jordans from Borger visiting. Christie and Dempsey Jordan were also present.

Myrl Buske has been on the go again. She had a hard time trying to find time to have eye surgery and not miss some of her goings. She and her daughter, Lila Gay Vars of Canyon, flew to Dallas and visited with Misty Vars Evans and Gary. They all attended the fiftieth wedding anniversary and retirement of Wayne and Zona Evans who is retiring from Baptist Seminary at Fort Worth, Texas.

After Myrl's eye surgery, she stayed with Lila Gay and Max Vars until her doctor released her. Myrl said she never missed a stitch from her sewing and that her surgery was a great success.

Mabel DeLong, who suffered a fall last week and spent most of the week in our local hospital, is home again but is taking it rather easy for a few more days. But, knowing Mabel, she will be up and at it soon.

Charlie Phipps is spending a few days in our local hospital, also. Reports are that he will be returning home in a day or so. We wish him the best of health.

B.K. and Janet Buske and children enjoyed Father's Day with his mother, Myrl Buske, Sunday and it is always a treat for Myrl to have her family with her on special occasions.

Mr. and Mrs. J.T. Gee have spent a few days in the mountains enjoying the cool weather and visiting friends along the way.

Ann Spring and daughter, Sandy, and granddaughter, Amanda, spent some time in the Corpus Christi area and were joined by Gigi Spring from San Antonio.

Mrs. Eula Hamilton enjoyed a visit with her granddaughters and a great-granddaughter during the last week. Vikki Smith and Donna Hamiga, granddaughters from Albuquerque, New Mexico, and her great-granddaughter, Terri Simpson and children, Shaina, Rachelle and Seth from San Diego, California, visited in her home and with the Glen Hamiltons.

Elizabeth Ferguson and Geneva Williams learned of the death of an aunt, Bessie Price of Dallas. She was the wife of M.K. Price, brother of the late Beulah Price Massey. Services were held in Dallas.

If you should see Lillian Williams and she is walking "on cloud nine," it is because she is a great-grandmother for the third time as of June 21.

Tammy and David Adkins of Midland are the proud parents of a baby girl who weighed in at seven pounds, fifteen ounces and is nineteen inches long.

And, as of this writing, they have not decided on her name but feel sure that she will have a name.

Grandparents are Dale Williams of Midland and Linda (Jim) Holland of Lubbock. Reports

BALLOONS 'R' US....Local children attending Vacation Bible School at Friona United Methodist Church last week participated in this helium balloon launching project Friday afternoon.

Becky and LaFawnda Mays and Elizabeth McLellan attended, also.

Jim, Jane and Milli Dixon went to Overton, Texas to visit their son, Mendan, last weekend.

Mendan has an internship at the Texas Ag Experiment Station there. He is currently doing hormone research on Brahman cattle. He has one more year of school at A&M.

The Dixons visited the Kilgore Oil Museum and rode the Texas State Railroad from Rush to Palestine.

June Floyd will be back with Town Talk next week and I am sure she will appreciate your calling her any news you might have. Thank you for your assistance during these two weeks while I have tried to write Town Talk.

Resident Camp Set

All youths are invited to attend and sign up for Camp Makuiwa. The Camp Summer Life is located 18 miles southwest of Taos, N.M. and will be held June 24-30. The closing ceremonial will be held Friday, June 29 at 7:30 p.m. (MST).

Camping has been a Camp Fire tradition. The Camp Fire approach is flexible and child-centered with an emphasis on fun, adventure and learning.

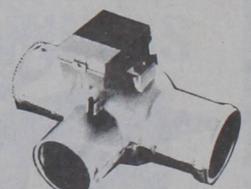

Cost will be \$165 for members and \$172 for non-members. Membership is open to all youths first grade and up.

Resident Camp registration forms are available at the Hereford Camp Fire Office or call 364-0395 for more information.

Resident camp is a child's community with experience geared to the needs and interests of children.

PUBLIC NOTICE CITY OF FRIONA TEXAS COMMUNITY DEVELOPMENT PROGRAM

The City of Friona will hold a second public hearing at 5:00 p.m. on June 27, 1990, at the Friona City Hall, 623 Main, in regard to the submission of an application to the Texas Department of Commerce for a Texas Community Development Program (TCDP) grant. Topics to be discussed will include the application for paving improvements in the amount of \$74,150 and the estimated amount of funds proposed for activities that will benefit low and moderate income persons. The application will be available for review at City Hall during regular business hours. The Friona City Hall is accessible to the handicapped.

Moths Have Been Local Nuisance

A large number of moths are
now congregating at night around
lights in Parmer County. These
moths are the adults of two or
three species of mesquite
cutworms. The number of these
moths increased rapidly during the
past few days. They will be present
in large numbers for about a week
then they will quickly disappear.

The mesquite cutworm larvae
feed on mesquite leaves. They feed
at night and remain hidden under
the rough bark or at the base of the
tree during the day. When full
grown the larvae are about 1 1/4
inches in length. They are black
with light-colored to gray parallel
lines running the length of the
body.

Most of the foliage may be
stripped from mesquite trees that
are heavily infested by mesquite
cutworms. When these cutworms
are damaging mesquite trees in the
home landscape, carbaryl (Sevin)
will provide effective control when
sprayed on the foliage.

The moths which are almost
black have a light colored line
about 1/3 of the way back across
the wings. When the wings are
folded this line forms a V. There is
a crescent shaped orange spot on
the end of the underwings.

If the moths become a problem
in the home, aerosol sprays
containing pyrethrins or
resmethrins will be helpful in
controlling the moths. They will
not cause any damage in the home
but may be a nuisance. Use yellow
lights that do not attract the moths
if the presence of large numbers of
moths become a problem.

Registration Set For SPC Summer Term

Registration for the second
summer session at South Plains
College's Levelland and Lubbock
campuses will be July 5, according
to Bobby James, dean of
admissions and registrar.

Enrollment for the SPC
Levelland campus will be 4:30-6:30
p.m. in the Student Center and will
continue 9 a.m.-noon July 6.

Sign-up at the SPC Lubbock
campus, located at 1302 Main, will
be 9 a.m.-1 p.m. and 4-7 p.m. July
5 on the first floor of the building.
Courses offered will include a

college course focusing on building
skills in taking notes, studying for
exams and managing time;
petroleum technology courses
dealing with automation and
drilling, human growth and
development, microbiology, busi-
ness statistics, history of the U.S.
and many others.

To obtain a 1990 summer
bulletin or find out more
information, contact the SPC
registrar's office at 894-9611, ext.
372, or SPC-Lubbock at 747-0576.

Robin Wyly, Michael Williams United In Church Ceremony

Mrs. Michael Williams

Miss Robin Renae Wyly of Plainview and Michael Lovoy Williams of Olton were united in marriage at 2 p.m. on Saturday, June 9.

The double ring candlelight ceremony was performed by J. Henderson, brother-in-law of the bride, at the Tenth Street Church of Christ in Friona.

Parents of the couple are Mr. and Mrs. James A. Wyly of Friona and Mr. and Mrs. Kenneth Williams of Olton. Grandparents are Irene Pope of Amarillo, Ethel Carthel of Hereford, D.L. and Enid Givens and Thelma Williams of Olton.

Guests were registered by Melinda Williams of Olton.

Wedding music was provided by Debra Baxter, sister of the bride, Brenda Patterson and Melinda Williams, sister of the groom.

The wedding vows were exchanged before a heart shaped candleabra flanked on each side by spiral shaped candleabras. The unity candle was positioned on a brass candleabra.

As the bride was escorted to the altar by her father, she wore a formal length white satin gown. The bodice was covered with schiffli beaded lace and appliques. Sheer English net covered the back and front of the yoke with small satin covered buttons in the back. The basque waistline formed a box bow in the back. The long slender sleeves of sheer English net were accented with beaded schiffli lace appliques. Satin cuffs formed beaded bridal points with tiny covered buttons lining the cuffs.

The softly gathered full length skirt featured sheer open schiffli embroidery lace cut-outs throughout the back of the skirt and train. Crystal pleating ruffles decorated the train and edge of the skirt along with bands of schiffli lace. The skirt formed a cathedral length train. Bridal pearls and sequins highlighted the gown.

Her pencil edged fingertip length veil fell from a bridal halo of

iridescent on white silk flowers and floating pearl filaments. Long pearl loops formed a ruffled back pouff. Schiffli beaded appliques accented the veil.

She carried a bouquet of pink roses, baby's breath and satin ribbons.

The maid of honor was Heidi Longanecker of Plainview. Courtney Baxter of Friona served her aunt as flower girl.

The bride's attendants wore cornflower blue taffeta tea length dresses with puffed sleeves and sweetheart necklines accented with a bow atop three tiers of ruffles in the back.

The maid of honor carried a single pink rose accented with baby's breath.

The flower girl carried a white eyelet basket and scattered potpourri down the aisle before the bride entered.

Tim Givens of Olton served his nephew as best man. Cameron Baxter, nephew of the bride, served as ring bearer.

The groom wore a white western

shirt with black Wranglers and a black doggie tie.

The male attendants wore blue western shirts with gray Wranglers and gray doggie ties.

The parents and grandparents were escorted down the aisle by Paul Henderson and Terry Jesko as the vocalists sang "Let It Be Me."

Following the ceremony, a reception was held in the Fellowship Hall of the church. The three tiered bride's cake was accented with pink and blue flowers and was topped with the Precious Moments bride and groom figurine. The bride's bouquet composed the centerpiece. Nuts and mints were served from crystal appointments. Punch was served from a crystal bowl. Janet and Misty Baxter served from the bride's table.

The groom's table featured a German Chocolate cake. The table was decorated with a southwestern theme. Mints in the shape of hats and boots were served from a pewter dish and coffee was served from a pewter coffee pot. Melanie Aalls of Wheeler, sister of the groom, served from the groom's table.

The couple is making their home at Olton.

REHEARSAL DINNER

The groom's family honored the couple with a rehearsal dinner in the church Fellowship Hall. The

dinner consisted of Mexican pile-on and chocolate cake.

Prior to the wedding, the couple was honored with showers in Plainview, Olton and Friona.

T. Osborn Makes TCU Honor List

Tiffany Ann Osborn, a Friona resident, was among students named to the Dean's Honors List at Texas Christian University for the 1990 spring semester. This recognition cites undergraduate students for academic achievement.

Though not the only indication of educational accomplishment, outstanding grades mark the meeting of high challenges set by the university's faculty members, according to Dr. William H. Koehler, vice chancellor for academic affairs.

In order to be eligible, a student must have been enrolled for 12 or more semester hours of study and have earned an exceptional grade point average.

Miss Osborn achieved a 4.0 (straight A) grade point average and is a sophomore business pre-major. She is the daughter of Mr. and Mrs. M.C. Osborn of Friona.

(See Related Adv. Below)

typically offer yields superior to both CDs and Treasury securities.

The second benefit is the unique way principal is repaid. Because they consist of mortgages, part of the principal is repaid each month along with the regular interest payment. This allows principal either to be used or to be reinvested at current interest rates. In this way, part of your money is locked-in at today's rates and some is available for reinvestment if a higher rate were to come along.

Although interest is earned at a stated 30-year maturity, the average life of a mortgage pool is only 12 years. This provides the benefit of long-term interest rates for a much shorter maturity.

Finally, while corporate bonds and CDs generally pay interest only twice a year, these bonds provide a monthly check backed by the U.S. government. A monthly check gives you more control over your money.

All three investments are convenient and easy to purchase. Ginnie Maes require an initial investment of \$25,000 with additional investments of \$5,000. Fannie Maes and Freddie Maes are available in increments of \$1,000 after an initial investment of at least \$5,000.

If you need to sell these bonds before they mature or before all the principal is repaid, there is an active market in which these types of bonds are priced daily based on the remaining principal and current interest rates.

Don't let an old name discourage you from otherwise simple, straightforward investments that offer safety, competitive returns, as well as the benefit of monthly checks. Get to know Ginnie Mae, Fannie Mae and Freddie Mac. It could be a lasting friendship.

What makes these three types of bonds possibly more attractive than other guaranteed investments? First, the income. They

Six Make Texas Tech Honor List

More than 2,000 Texas Tech University students qualified for the academic honors lists at the end of the 1990 spring semester.

Students on the President's Honor List earned a perfect 4.0 (A) grade point average while enrolled in 12 or more semester hours of class work. Those finishing 12 or more hours with a grade point average of 3.5-3.9 qualified for the Dean's Honor List.

Kelly Denae Wied, a senior art education major was listed on the President's List.

Students making the Dean's List included: Glenda Lynn Ellis, a senior food and technology major; Donald Reese Hand, a junior pre-veterinary major; Angela Denae Reeve McLellan, a senior early childhood major; Amber Lynette Rhodes, a junior psychology major; and Lory Anne Tannahill, a sophomore pre-nursing major.

Musical Jamboree Dates Set

The Plainview Musical Jamboree will be held the fourth Saturday of each month at the Ollie Liner Center from 6:30-11 p.m. The next Jamboree date is June 23.

The non-profit Jamboree was instigated to help our area have fun. Admission is free.

A door prize of \$25 will be given at each Jamboree. "Let us entertain your clubs, reunions, R.V. groups, etc. We are looking for 'new' and 'old' talented people from the area," said a Jamboree spokesperson.

Local service organizations are in charge of the concession booth, with all proceeds going into their project fund. Beta Gamma Phi is the organization for this month.

"Come and enjoy an evening of hand-clappin', toe-tappin' music," the spokesperson concluded.

SINDY PRESTON and SCOTT SCAFF.... Butch and Gloria Preston of Friona announce the engagement and approaching marriage of their daughter, Sindy, to Scott Scaff, son of Tommy and Bonnie Scaff of Bovina. The couple plans to exchange wedding vows Saturday, July 21 at 6 p.m. in the First Baptist Church, 308 Third, Bovina. Invitations will not be sent locally. Friends and relatives of the couple are invited to attend. The bride-elect is a 1989 graduate of Friona High School and is attending Texas Tech University. The prospective bridegroom is a 1989 graduate of Bovina High School and is attending Texas Tech.

Dates Are Set For Drama Workshop

The Summer Drama Workshop, sponsored by the Friona Fine Arts Council, is scheduled locally July 2-14.

Participants are encouraged to pick up registration forms at the Farm Bureau Office, from Teresa Buske or Michael Griffin. Auditions for the high school and older group will be held at 2 p.m. on Sunday, July 1. The auditions for grade school will be at 9 p.m. on July 2 and junior high auditions are at 1 p.m. on July 2. It is helpful for participants to pre-register, however, those who do not have the opportunity to do so, may register the day of the auditions.

Mollie Marsh, a Texas A&M graduate in parks and recreation, will direct the high school show, "You Can't Take It With You." This Moss and Hart comedy is a delightful trip into the lives of the Sycamore family. Most of the Sycamores and their friends could be classified as "crazy," but perhaps they are not.

Ms. Marsh is a graduate of Caldwell High School where she was active in band, Thespians, speech, Student Council, National Honor Society, tennis, and the Flag Corps. Her high drama credits include "Fiddler On The Roof," "Oklahoma," "Black Elk Speaks," and "Galileo." She also appeared in the Summer Drama Workshop production of

"Shenandoah."

She attended MCC at Waco two years and did lighting and tech work for "The Shadow Box," "Barnum" and "A Funny Thing Happened On The Way To The Forum." Currently, she has returned to A&M to work on teacher certification in earth science and sociology. Eventually, she hopes to be a high school counselor.

Returning for the third year as the junior high director will be Michael Griffin, a Friona High School graduate. He is a student at Wayland Baptist University. His major is elementary education and he hopes to become a school administrator in the future.

His drama credits in Friona include "Winnie the Pooh," "Cinderella," "Sleeping Beauty," "The Pied Piper," "Dark of the Moon," "Shenandoah," "Oliver," "The Matchmaker," "Once Upon A Clothes Line," "My Friend the Fox," "Amadeus," "Anne Of The Thousand Days," "The Music Man," "Godspell," "The Rimers of Eldritch," and "Livin de Life."

He will be directing "Pegora, the Witch." Pegora is a witch with a serious flaw. She likes to do good and therefore, she cannot pass the witch's test. The head witch gives her a second chance and the blunders she makes creates a funny and delightful story.

Tal Lostracco, who has taught at Canadian High School and is presently teaching at Dumas, returns for his fourth show here in Friona. This year the grade schoolers will perform "The Wizard of Wobbling Rock."

This marvelous musical play features such interesting characters as the Wizard, the Dippies, King Amnesia, Princess Poppy, the Warlocks, Duke Devastating, the Ding-Dongs, and the Book Worms, just to mention a few.

Among his directing credits are "Sleeping Beauty," "Guess Again," "Snow White and the Seven Dwarfs," "A Midsummer Night's Dream," "Livin de Life," "The Small World of Millie McIvor," "Dope," "The Prince of Miss Jean Brodie," "What I Did Last Summer," "A Company of Wayward Saints," "Peer Gent," "Mother Courage and Her Children," "Twelfth Night," "You're A Good Man, Charlie Brown," "The Diviners," and "Alice In Wonderland."

"The Fine Arts Council appreciates the community of Friona for its continuing support of the endeavor. We encourage you to come out and enjoy the performances," said a spokesman for the drama workshop.

KELLIANNE COFFEY and DAVID McINTIRE.... Mr. and Mrs. Leonard Coffey of Friona announce the engagement and approaching marriage of their daughter, Kellianne, to David Charles McIntire, son of Mrs. Diane McIntire and the late Thomas Charles McIntire. The couple will exchange wedding vows July 28 at 7:30 p.m. at the First Baptist Church in Friona. The bride-elect has been attending Texas A&M University and will enroll at North Texas State University for the fall semester. The prospective bridegroom is a graduate of Texas A&M University and is employed by K-Mart. The couple will reside in Arlington.

Happy Birthday

WEEK OF JUNE 24-30

Friona residents having birthdays next week are:

June 24-- Janet Buske, Mitch Smiley, Cecil Sisk.

June 25-- Elmo Dean, Sydonia Tongate Pena, Linda Pope, Tom Pruett, Kimberlee Ryan.

Robin Houlette, Leslee Adams Exchange Wedding Vows Here

Robin Gail Houlette and Leslee Dean Adams were united in marriage Saturday, May 12 at 5 p.m. in the home of the bride's parents.

The double ring ceremony was performed by the Reverend Leland Hart of Friona.

Parents of the couple are Mr. and Mrs. Dale E. Houlette of Friona and Mrs. Myrna Adams and the late Robert Dean Adams of Friona. Charlie Phipps of Friona is the bride's grandfather and Mr. and Mrs. Lester Roth, also of Friona, are the groom's grandparents.

The ceremony was held before a twelve foot wall of full length stained glass windows featuring an outdoor scene of trees and water. The setting was accented by weeping fig trees and trailing ivy plants, creating a garden effect. Guests were seated in old fashioned white folding garden wedding chairs.

Guests were registered by Kimberly Collier, cousin of the bride. The registration table was draped in a white floor length crocheted cloth and was centered

with the bride's book, which was flanked by antique miniature bride and groom dolls from the bride's mother's collection.

The bride was escorted and presented in marriage by her father. She wore a tea length gown of white linen featuring a high cuffed neckline covered in Grecian lace and topping a bodice of appliqued and inserted white imported Grecian lace, pearls and translucent sequins. Renaissance sleeves accented the neckline and bodice and were enhanced with insets of the same lace and pearl trim. The princess waistline dipped to a peplum flounce which softly caressed the hips and flowed to a teardrop point in the back, held by a large bow. The slim split skirt featured a hemline of wide Grecian lace which fell into handkerchief points just above the ankle.

The bride wore lengths of pearls woven in her hair.

Her bouquet was fashioned of royal blue forget-me-nots and soft pink miniature roses accentuated with pearl insets and enhanced by royal blue and pink satin ribbon streamers and strung pearls.

For something old, the bride wore a gold wedding band which has belonged to her maternal great-grandmother, Mrs. Jim Mayo, and dated back to the 19th century. Something borrowed was a hand-fashioned garter of lace, ribbon and rosettes which belonged to her cousin, Wenonah Williams of Denver, Colorado. Her wedding dress was new and her bridal bouquet contained blue. The traditional penny, minted in the year of her birth, was worn in the bride's left satin slipper.

The groom was attired in a black tuxedo, white wing-tipped shirt and a royal blue cummerbund and tie.

For her daughter's wedding, Mrs. Houlette chose a tea length dress of royal blue and white floral silk organza.

The groom's mother wore a street length dress of cobalt blue silk linen. Both wore corsages of white gardenia and royal blue forget-me-nots.

The bride's table was draped in a floor length puffed lace cloth. The bride's cake was topped with five

large white orchids, entwined with pale pink daisies cascading down the side of the cake and connecting the tiered layers together. A cobalt blue glass urn, holding a bouquet of free-flowing royal blue and pink silk flowers, graced the center of the table. The arrangement was flanked by long blue beeswax tapers in cobalt blue glass candle holders. Silver appointments and antique cobalt blue depression glass completed the table setting.

Presiding at the bride's table and serving cake, coffee, punch and finger foods to the guests were Colleen Collier and Darena Adams.

Jennifer Adams of Amarillo and Stephanie Collier of Friona, both cousins of the bride, delivered rice bags of bird seed held in white tulle and tied with royal blue ribbon knotted around silver wedding bands, to the guests.

The couple will be establishing their home in the Rocky Mountains of Colorado this summer where they will be engaged in a logging business.

Mr. and Mrs. Leslee Dean Adams

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m.-4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.

Parenting Seminar To Be Held Locally

All of us, as adults, like to feel good about ourselves, to feel we're doing a good job and to know that we're appreciated; the children of today are no exception.

Children, in that fragile time of growing up and learning about the world around them, need to feel accepted by others. They need to know that they are "okay" even though they may be a little different from their friends.

In today's society where we are constantly bombarded by stories that we are not "good enough" until we lose 10 pounds or buy that new car, we all find it hard to see the good in ourselves and in others.

A series of seminars is scheduled to focus on building self-esteem in the family environment. The purpose of the seminars is to help all of us feel better about ourselves. In turn, we can help others, especially the children in our homes and community.

The first seminar will focus on discipline and affirmation (praising). Ron Trusler, psychotherapist and coordinator of outpatient services for Central Plains MH/MR in Plainview will be the speaker for this program.

It will be held on Monday, June 25 at Friona State Bank meeting room from 7:30-9 p.m.

The Friona Against Drugs and Alcohol (FADA) and its family subcommittee are sponsoring these seminars.

For reservations, please call the Parmer County Extension Office (481-3619) or the First Baptist Church in Friona (247-3933).

Ron Trusler, who will be the first speaker at the seminars, is a licensed professional counselor and holds a master's degree from West Texas State University in

professional counseling and psychology and a bachelor's degree from Wayland Baptist University in religion and occupational technology.

He has been a psychotherapist for the past 2½ years, serves as coordinator of outpatient services for Central Plains MH/MR and of Crisis Line for Central Plains MH/MR. He is an adjunct professor at Wayland Baptist University.

If his name sounds familiar to you, it may be because several years ago, he served as the pastor of the Calvary Baptist Church in Friona.

The next generation FARMER

It has never been easy for young people to start farming on their own. Today, just as in the past, young people are turning to their Land Bank Association for financing.

Dependable long-term financing — generation after generation.

That's the Land Bank way.
