

E. A. Willis some time ago brought a newspaper around to the editor for the latter's perusal.

The paper carried an editorial about a man whom he admired—and after reading it, the local editor thoroughly agreed with the original editor and with Mr. Willis, who said he had preserved it because it stated his feelings so definitely.

Excerpts from the editorial are reprinted below. We'd like to know whether our readers can guess right off the historic character referred to.

"Hall and farewell, statesman and patriot, lover of liberty and lover of justice.

"Hall and farewell, ripe scholar and incorruptible citizen.

"Hall and farewell, tribune of the people and champion of the rights of the masses.

"Hall and farewell, distinguished successor of Washington and Lincoln.

"Hall and farewell, scarred chieftain of an historic party, for many years the chief magistrate of the mightiest republic the world has ever known and incomparable advocate of the aristocracy of the brain and democracy of the soul.

"Hall and farewell, American of Americans, who directed for the American people the waging of a gigantic war and the winning of a glorious triumph in the overthrow of the central empires founded upon military feudalism, divine right to rule and the power of the sword."

So far you think you know the subject of the editorial, don't you? A great majority of you are probably wrong, for the writer was not referring to the late President Franklin D. Roosevelt, but to the twenty-eighth president of the United States, Woodrow Wilson.

Mr. Willis didn't tell us what his opinion of our late President Roosevelt is, but everyone knows that the NR editor admired him greatly. And we believe most of our readers will agree that there is a parallel in the careers of the two great Democratic presidents—and that fate was kind in giving us such leaders in time of need.

Now that we have identified the subject of the editorial, let's continue further with extracts from the 22-year-old editorial. Pretend we hadn't told you the secret of its age and see if you think, like we do, that it could be applied to President Roosevelt:

"As laurels for the victor as well as reward for the achievements of the administration of Woodrow Wilson. Envy handed him the cup of hemlock and Malice circled his forehead with the poison ivy of calumny.

"After eight years of idealism, when the soul, rather than the pocket, guided the American conscience, Reaction came out of its bats' cave and declared for the old order of things and the conditions and methods which existed in the old and the new worlds before the coming of a war, the bloodiest and costliest that man has ever known.

"History repeated itself but our great president builded wiser than he knew. His economic policies for eight years were the policies which make the masses prosperous and happy and the selfish and the sordid pay a legitimate share of the cost of the government, the cost of war, the cost of education, the cost of the uplift of those who needed the uplift, the cost of bludgeoning illiteracy, the cost of the effacement of superstition, the cost of the legitimate advancement of the race, the cost of the protection of the voiceless and the weak from the insidious encroachments or the predatory attacks of the powerful on the inalienable rights of the many or the confiscation of the fruits or products of their toil or their skill.

"Men say he was an autocrat. He may have been, but what if he was?"

"An autocrat was necessary to force the enactment of laws that would give at least partial protection to the tillers of the soil, the wealth-producers and the wage-earners of America.

"An autocrat was necessary to watch and wait and finally to wage and win the world war that saved Great Britain and France and Italy and Belgium and all other menaced nations of Europe, Asia and Africa.

"He has won his place in history. He has won his place in the hall of fame. He has won his place in the ranks of that noble galaxy of men, acclaimed by the civilized world as benefactors of their kind.

"Broken in health, a pathetic casualty of the war, unconquerable in spirit, asking not even for justice from savage political enemies or merciless, saffron-tinted critics, he walks alone undaunted and unafraid, fully conscious that he has given to his people and the world at large the best that was in him, the best that he knew."

C. of C. Members Enjoy Meeting At Home Ec. Cottage

The Hico Chamber of Commerce met Tuesday, April 30, at 7:30 p. m. in its regular monthly session. The meeting was held at the Home Economic Cottage on the school grounds, where Miss De Alva Hammans and her home economics students served an excellent lunch. President Webb McEyer presided, with 15 members present.

The following account of the meeting is taken from the notes of E. H. Persons, secretary: Don Griffiths was present as the representative of the younger people of Hico and presented arguments for a recreation center for Hico to be sponsored and supported by the various organizations of the city. On motion of Rev. J. F. Isbell, seconded by J. E. Lincoln, the chamber authorized the president to appoint a committee of three members to serve with the other representatives from other organizations on a plan. Paul Neel, Morgan Moon and D. R. Proffitt were appointed to serve in that capacity.

Luther Knox, as chairman of the membership committee, reported the following new members since the last meeting: Johnnie Boyd, E. A. Thompson, R. E. Goff, Jack Nance, and W. W. Carson Jr. The question of the Chamber of Commerce sponsoring an annual rodeo for Hico was discussed in a general way, and on motion of Luther Knox, seconded by Rev. J. F. Isbell, the Chamber voted to authorize the president to appoint a committee of three members to confer with the school board on using the High School athletic field for the rodeo, to secure estimates of the probable costs, and said committee to make its report to the directors prior to the next regular meeting. The motion carried and the president appointed the following men on said committee: Johnnie Thompson, E. C. Allison Jr., and W. W. Carson Jr.

Morgan Moon reported that his committee had met with the City Council on the question of establishing a public rest room in Hico for visiting farmers and their families and got some encouragement. The chamber then adjourned.

Commission and 'Wings of Gold' Are Open to Young Men

NEW ORLEANS, April 30.—A college education, a commission and "Wings of Gold" are offered under the Naval Aviation Preparatory Program. Enlistments are now open for men between the ages of 17-23, according to Commander Fred M. Sloss, USNR, Director of Naval Officer Procurement for the Eighth Naval District.

Qualified applicants can enlist under the Y-5 program which is pending enactment into legislation by Congress. Those enlisting will be given a chance to resign in the event the peacetime Naval Aviation Preparatory Program is not passed.

Under proposed plans, a young man will receive two years of college in civilian clothes at the college of his choice. He can secure admission for this coming Fall term and elect his course of study. Tuition, books, laboratory fees and fifty (\$50) dollars per month will be paid by the Navy.

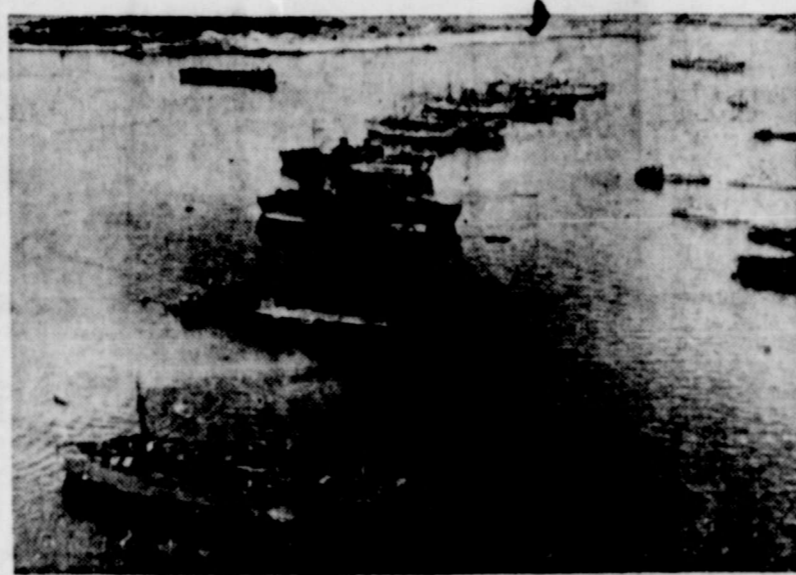

Selective flight training will be given during the summer between Freshman and Sophomore years. The young man will get fifteen months of flight training, after which he will serve nine months aboard a carrier as a Midshipman.

Upon commissioning as an ensign naval aviator he serves two years with the fleet. After completion of this tour he can go two years to the Naval Academy or its equivalent, or take two more years of college work at the University of his choice with all fees and one hundred (\$100) dollars a month paid by the Navy.

Qualified applicants are now being accepted for the future program at the Office of Naval Officer Procurement, 611 Gravier St., New Orleans. Further information can be obtained at this office. A drive for applicants will begin shortly when Commander Sloss and his staff visit and contact high schools throughout the Eighth Naval District.

ROSS RADIO SHOP MOVED TO DOWNTOWN LOCATION

Morse Ross, who went into business for himself after winding up the duties Uncle Sam assigned to him during his career with the Navy in the Hawaiian Islands, this week moved his radio repair and sales shop downtown. He is now located next door to Lon Ross, Jeweler, and says he will appreciate visits in his new location.

Your Baby's Picture to Be Published Free

The Hico News Review wants a picture of every baby girl or boy in this trade territory so it can have a cut made and the picture published in this paper. To be certain that we receive a late picture and a good one that will portray your baby just as it is now, we have made arrangements with the Wolz Studios of Des Moines, to come to Hico on Monday, May 13, and take these pictures free of charge.

The studio will be set up in the Russell Hotel and open to take these pictures from 10 a. m. until 6 p. m. On this date a representative of the above mentioned studio will be here with all the necessary studio equipment, ready for taking pictures of the youngsters. There are no strings attached to the offer. You don't have to be a subscriber to the News Review and it is not compulsory that you buy any pictures of your baby after they are taken.

We just want the pictures taken of all the youngsters that we can get, and the more the better. Parents of the children will be given the opportunity to buy pictures if they wish — it is entirely up to them.

So fathers and mothers of Hico and surrounding communities should remember the date and place, Monday, May 13, at the Russell Hotel. Bring your child in and have his or her picture taken. You'll be mighty glad afterwards if you did and mighty sorry if you didn't. For where is there a father or a mother of a little tike who wouldn't be proud to see his or her picture in the home paper?

There is no age limit; however, all children must be accompanied by a parent.

Gas Firm Begins Pension Plan for Employees June 1

A pension plan providing retirement income and additional insurance for employees of Lone Star Gas Company and Lone Star Producing Company will be effective June 1, officials announce. Approximately 3,000 employees in the 200 Texas and Oklahoma cities and towns in which Lone Star operates will be eligible to participate, including returning servicemen whose benefits cover time spent in the service.

Normal retirement age will be 65. Annual cost to the company is estimated at \$485,000. Lone Star will pay for all past service benefits and its contributions for future benefits will exceed three dollars for each dollar contributed by an employee.

Certain employees will be entitled to benefits if they sever connections with the company prior to age 65 due to causes other than death, sickness or physical or mental disability.

A booklet is to be issued to employees explaining the plan and application blanks will be provided. Participation will be voluntary.

The pension set-up has been termed by insurance representatives as most complete and it is being used as a pattern for similar plans. It is one step in the company's plans for strengthening its peace-time service throughout its system.

Amateur Night And Old Fiddlers' Contest May 4th

An old fiddlers and amateur contest will be held in the District Courtroom at Hamilton Saturday, May 4, beginning at 8 p. m. It will be sponsored by the County Home Demonstration Council and the admission fee charged will be used by the Council to further its plans.

There will be three types of contests. Mrs. Bill Lackey, of the committee in charge of arrangements said Tuesday. These will be: 1. Old Fiddlers' contest. 2. General Amateur Group. 3. Junior Group (School Age).

Cash prizes will be awarded in each group and the form of entry of entertainment will be varied. Not all of them will be musical numbers. The public is promised unusual entertainment if they attend and in addition they will be assisting a very worthy organization. The Home Demonstration Council is doing a vital work for the rural women and 4-H Club girls.

County to Benefit By Money Spent On Rural Repair Jobs

Expenditures totaling more than \$334,000 will be made in the next few years by home owners on farms in small communities of Hamilton County to improve present electric service and home plumbing.

These outlays will mean additional income to practically every local business and will finance additional wiring, bathroom improvements and new electrical equipment for the country's 1,905 farm and rural homes already served with electricity according to a study released by the Title Council of America.

Introduction of running water, installation of tiled bathrooms and replacement of out-moded plumbing fixtures head the list of most wanted farm home features, D. P. Forest, chairman of the Council's Residential Construction Committee, revealed. One in five farm families throughout the nation plan bathroom improvements, he said.

Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.

Expenditures in the county are part of a \$96,617,000 program to be undertaken by Texas farm and rural home owners in the next five years, the study revealed. An estimated \$2,294,900,000 on similar improvements to present electric service will be spent in the nation during that time.

HONORED BY NAVY... For her work in planning and editing a naval cookbook, Miss Ina S. Lindman, New York, was honored by a citation and the distinguished civilian service award from the navy.

May 11 Set As Closing Date On Memorial Book

The closing date for bringing in pictures and service records of the men and women from Hamilton County who served in World War II has been changed from May 4 to May 11, due to failure to mail the final notice ad in time for last week's paper. This change in date will give everyone time enough to see that their pictures and records are included in the Memorial Book.

The response has been gratifying, but there are still some men and women who have not furnished the information asked for. It is the earnest hope of the publisher that everyone who has served during or since the war be included. There is no obligation and certainly in the years to come such a record is sure to become more and more valuable. Even if each man or woman did not personally care to have his picture and record in the book, he has friends who are buying it because they expect to find their neighbors represented.

Many copies of the book have been bought by persons who have no serviceman listed just so they can have the picture and record of their friends. The publisher has received orders from as far away as Long Island, N. Y.

The Memorial Book has been approved by the heads of every veterans organization in the county, including the American Legion and Veterans of Foreign Wars. Several pastors of churches have voiced their approval. Numerous others have expressed their appreciation. The book itself is beautifully bound and will be a valuable addition to any library.

In other counties where similar volumes have been printed, many persons have been disappointed at not being able to get the records of their loved ones included. They let the final date pass without doing anything about it, only to regret it later.

There will probably be no other place where the men from Hamilton County can record their part in history's greatest war.

Don't wait until May 11, but bring your picture and record to the McEyer and Sanders Hatchery in Hico or the Herald-News office in Hamilton. Photos or kodak pictures up to 8x10 inches in size can be used. Elsewhere in this issue will be found a blank for the record. Don't wait until the last day. Do it today.

"We want all of them in the book," Publisher Perry said, "and will appreciate it if those interested will see that their friends know about it."

Motorists Urged To Strictly Observe Highway Markings

AUSTIN, April 30.—State Highway Engineer D. C. Greer today made a strong plea to motorists, urging them to more strictly observe the highway signs and markings to help reduce a mounting highway accident toll which threatens to take more lives than war.

"There are many physical hazards on our highway system and thousands of miles of our roads are obsolete and unable to adequately and safely accommodate the growing traffic burden," he said. "These deficiencies can only be remedied by redesigning and reconstruction which entails expenditures of large sums of money."

"Unfortunately, the funds are not available, and will not be available for many years, to make our highways as safe as they can be made from an engineering standpoint," he pointed out. "Many collisions also may be attributed to mechanical defects in the vehicle, but despite these defects and the physical hazards of the road, a cautious driver can usually avoid trouble regardless of the condition of the vehicle or the highway."

"Head-on collisions and side-swiping accidents on our highways would be virtually eliminated by observance of our center stripe system," he said.

"This system of marking prohibits a motorist from passing another when the auxiliary dashed line is on his side. The continuous center stripe should not be crossed except when one vehicle is passing another."

Greer asked drivers to keep a sharp eye for the yellow caution series signs which are designed and placed to warn of approaching curves, cross roads, narrow bridges, and other danger spots. "These are simple rules," he said, "but hospitals and cemeteries are daily claiming too many people who have violated or forgotten them."

Calling attention to the fact that any good traffic system will save lives if correctly followed, he said that the Texas system, developed from years of study by competent traffic engineers, is likewise of no value unless it is observed.

LT. JIMMIE RAMAGE NOW AT HOME ON TERMINAL LEAVE

First Lieutenant Jimmie L. Ramage arrived Wednesday at the home of his parents, Mr. and Mrs. H. H. Ramage, in Black Stump Valley, where he will visit while on terminal leave from the army. He reported to the separation center at Camp Beale, California, April 19, and then made the trip home by automobile.

Lieutenant Ramage had served at Camp Stoneman, Calif., for the past 13 months. He was assigned to transportation duties with a Quartermaster Truck Company. During the United Nations Conference last year he was stationed at San Francisco.

Entering the army in March, 1943, he took his basic training at Fort Warren, Wyoming, returning to A. & M. College in September of that year to resume his schooling with ASTP. The following February he entered Officers' Candidate School at Camp Lee, Va., being graduated there in June, 1944, and commissioned as a second lieutenant. The remainder of the time until his separation from the army had been spent at Camp Stoneman, with the exception of two months temporary duty at New Orleans Army Air Base.

Young Ramage expects to re-enter A. & M. College, perhaps at the beginning of the Fall term. He was accompanied on the trip home by Lt. Col. Elmer Shannon of Muncie, Indiana, who is visiting in the Ramage home prior to his return overseas. Shannon, who returned to the States Feb. 18 this year after service in the ITO, expects to ship out of New York May 14 for his further overseas service. He will be stationed at Vienna, Austria, representing the United States on the Allied Military Commission. His work is also with transportation.

SKINK IS SOMETHING YOU'D NEVER LEARN IN HICO, ISN'T IT, BILLY?

Hotel Shigo Heights, Negano, Japan, April 14, 1946

Dear Mr. and Mrs. Holford: I'll try to drop you a few lines since I haven't written you in quite a while.

I'm at rest camp now and have been all of this week. Things are really nice up here. When we arrived here there was snow at least five feet deep everywhere. It has melted some since we've been here. So naturally the favorite pastime is skiing. I've had my share of it. Of course I got buried up in the snow quite a bit until I learned to stand up. After that I had a pretty good time.

This place is away from everything. It's about 300 miles from Yokasuka. The nearest town is ten miles and we had to come all the way from there in a weazel. The hotel is run by GIs and a Japanese staff and the place is unbelievable after you've been living GI for quite a while.

By the way you can hold my paper as I'll leave for home before it could reach me here. Hope to see you soon.

As ever, BILLY (Billy G. McKenzie, MoMM 2/c)

Doyle Nix, now ex-T/4 of the Engineer Corps, visited with us a few minutes Wednesday to let us know that we could call him Mister now. Doyle, son of Mr. and Mrs. Henry Nix, went into

Modernization of 2 Buildings Planned By New Owners

Work started this week on removing the upper story from the old Hico National Bank building. Henry Alex Wiesner of Hamilton, who has announced the purchase of the property from his aunt, Mrs. George Anderson and Miss Nettie Wiesner, plans extensive improvements and modernization of same. A new, modern front will be part of the improvements to be made on the remodeled one-story structure.

Announcement also has been made of the purchase of the Corner Drug Store building from Dr. C. M. Hall by J. B. Ogle, the present occupant of the front quarters. This is one of the landmarks of Hico, having housed a drug store ever since the early days of the present location of the town.

Mr. Ogle also has stated that he will make extensive repairs, remodeling and improvements to the property, details of which have not as yet been worked out.

Mrs. Macy's Pupils To Be Presented In Recital May 10th

Mrs. A. G. Macy announces that her students will be presented in a recital program at the school auditorium, Friday, May 10, on page 2 of this issue of the paper she is running the complete program which will be presented at that time.

The general public has a cordial invitation to attend the recital, Mrs. Macy says, with the assurance that the program will be varied enough to interest all.

Curtain time has been set for 8:30 p. m. There will be no charge for admission.

Warning Issued Against Danger of Malarial Fever

AUSTIN, April 30.—Dr. George W. Cox, State Health Officer, today issued a warning against the danger of malaria following the heavy rainfall of Texas, which usually occurs during the spring and early summer months.

"Malaria will remain a major public health problem as long as breeding places are accessible to the female Anopheles mosquito," Dr. Cox said. "Every householder should make sure that there are no tin cans, broken bottles, or other types of rubbish on his premises that will hold water and offer breeding places to this enemy of good health."

Dr. Cox pointed out that in our practice of mosquito control, we are sometimes like the man who locked the stable door after the horse was stolen; we are content to wait until all our premises are swarming with mosquitoes before we bring ourselves into actual warfare against these recognized agents of malaria transmission.

Dr. Cox further stressed the importance of conserving the public health and preventing the spread of disease in our present crowded conditions, and he also emphasized the fact that malaria is one of the more debilitating diseases, often causing its victim to lose weeks or even months from his regular employment or from his school attendance.

Said Dr. Cox: "The best cure for mosquitoes is prevention. Make sure your premises are free from any stagnant waters. In which may breed the female Anopheles mosquito that transmits disease."

TEXAN CAFE PURCHASED BY HILL LONG OF STEPHENVILLE

W. R. (Bill) Long of Stephenville Thursday morning announced operation of the Texan Cafe, purchased from George Tabor and Dick Stegall in a deal completed Wednesday. The former owners have not announced their plans for the future.

Mr. Long, who has been living at Stephenville with his wife and two children since his discharge from service, announces that the business will be run along the same general lines as in the recent past, and invites the patronage of the public in an announcement advertisement on Page 6 of this issue of the News Review.

MEDALS DUE TO BE ISSUED LATE IN 1946

DALLAS, April 29.—American Defense Area Campaign and Victory medals will probably not be available until the end of the year. Secretary of the Navy James Forrestal announces in a directive issued to all Navy men.

Requests for medals are not to be submitted for men meriting the awards until notification that supplies are available. The directive said. Previous requests must be resubmitted at that time.

Compliments are like perfume—to be inhaled but not swallowed.

Senior News

Last Friday night the Senior Class presented their play to a very large crowd assembled in the High School Auditorium. As most of you know, the name of it was "The Haunted Chair". Outside of leaving out half of the first act and three fourths of the last, we did pretty good.

Next week I'll give you a good report on our trip to Galveston and not knowing what will happen at the present, it's very hard to write about it.

HHS

Junior News

We really enjoyed the Senior play Friday night; it was a good play.

The Juniors are really getting down to hard work these last few weeks of school. All of our subjects seem to be getting harder every day. I believe if someone should mention "typing" to a few Junior girls, they would scream.

We miss Lee Roy Brooks, who has been working very hard lately so he could visit relatives this week in New Mexico. I understand he was also going to a wedding of a cousin while he is there.

Class Will

The time is close at hand when the Senior Class of 1946 will pass through the doors of H. H. S. for the last time as a student. Knowing that the end is near, or rather, hoping it is, we have drawn up our final will and testament leaving the Junior Class as our sole heirs. And so to the future Seniors possessions as follows:

I, Mary Louise Nachtigall, bequeath my ability to throw erasers to Frances Angell.

I, Stella Barnett, bequeath my ability to pop gum to R. C. Walker.

I, Donald Hefner, bequeath my ability to make a three-second drive down the hill to Velton Funk.

I, Nelda Fallin, bequeath my ability to chase men to Dale Haggard.

I, Mary Helen Hollis, bequeath my ability to maintain a subdued nature to Margaret Allen.

I, Wendall Seago, bequeath my ability to break hearts to Billy Jackson.

I, Don Griffiths, bequeath my ability to argue with teachers to Annette Phillips.

I, Jerry Dowdy, bequeath my ability to play the piano to Ralph Ellis.

I, Leroy Bobo, bequeath my

ability to skip classes to Mildred Trammel.

I, Ada Lee Grimes, bequeath my ability to wash and iron on school days to Bonnie Haley.

I, Marie Nix, leave to Willa Dean Hancock my secret for keeping slender.

I, LaVerne Reue, bequeath my talent for ignoring men to Margio Nell Land.

I, Max Hill, bequeath my flirtatious character to Ralph Jaggars.

I, Russell Johnson, bequeath my dark wavy hair to Leroy Brooks.

I, Jack Neel, bequeath my ability to get my father's car every night to Wendell Knight.

I, Dale Randals, bequeath my ability for ignoring my lessons to Louise Hyles.

Since I intend to devote all my time to studying lessons as I have in the past, I, James Lindy Rainwater, bequeath my energy and vitality to Wynonne Williams.

And finally, the Senior Class of 1946 bequeaths to the Juniors of 1946 the privilege of being Seniors next year.

The Crystal Ball
Did you see the Senior play last Friday night? If you did, I was the third ghost from the left, swaying by my eyelashes from the curtain rod.

Sunday night, we see Frank G. being tracked down by M. H. E. He did look so sad when she finally caught him. Who says a word to the wise is sufficient? Who was that girl he was with at the play Friday or was he with her?

M. T. spends most of her time talking about M. D. and her new nickname is "Wildcat". I see that he did not come after her Sunday to take her to the show. Seems like she went with Mama and Papa. Tough luck, old girl!

Jackie G. was out with Jack N. Friday night after the play, but James R. B. was her escort Saturday.

We see Laverne and Ralph T. together again. The date is uncertain, but one thing we do know—it was a date.

I see that Patsy Ruth is all dressed up like for a really hot date. Gee, how interesting!

Next we find Doris N. waiting for a mysterious guy. Who, how, why?

Margie L. was not with W. S. We thought they would be a right steady two-some.

Bonnie could hardly sit still at the play Friday night. Seems like she kept looking towards the back for a certain C. L. (Guess who?)

Jack seems to be varying his interests; he was seen for a short time with Jackie Sunday, but later was seen with Mary Helen. A busy-little-bee.

Wendall Houston kind of goes for Charlene Sherrard's little sister, doesn't he?

Our faithful correspondents are still faithful. Two whole letters we got here.

THINGS TO CHECK

—before calling an electric refrigerator serviceman

Sometimes a needless service call can be avoided if a few simple checks are made first. Not infrequently the cause of unsatisfactory refrigeration is a simple thing that can easily be corrected. If trouble develops, check these points before calling a refrigerator serviceman:

IF REFRIGERATOR UNIT DOES NOT RUN:

- 1 Check to see if plug is making contact in wall outlet.
- 2 If plug is making contact in outlet, check outlet with light cord and bulb to see if current is on.
- 3 If current is not on at outlet, check for blown fuse in housefuse panel.

IF MECHANISM RUNS TOO MUCH:

- 1 Make sure door seal is tight.
- 2 Clean the condenser.
- 3 Temperature control may be set for too cold a temperature.
- 4 Refrigerator may need defrosting.

IF MECHANISM RUNS . . . but there is little or no refrigeration:

- 1 Stop mechanism by turning off switch or removing wall plug.
- 2 Allow all frost to be melted off cooling unit.
- 3 Start once more and see if cooling unit gets cold.

IF IT TAKES TOO LONG TO MAKE ICE:

- 1 Check temperature control. It may be set on warm position.
- 2 Too much frost on freezer unit may be retarding cold-making.

If your check-up fails to relieve the trouble, then call a serviceman without delay. Servicemen are busy now and will be extra busy during the midseason rush. You'll save possible inconvenience and food spoilage later by having needed repairs made now.

Clairette

By Mrs. H. Alexander

This community was saddened last Friday morning to learn of the death of Mr. Jake Salmon (better known as Uncle Jake) of Stamford, Texas, who passed away Thursday night at the hospital there. He was born here and had lived here all of his life until about 1925 when he moved his business to Avoca after being in the mercantile business here for several years among his relatives and many friends. When a young man he was married to Maggie Powers who preceded him in death in 1934. To this union three sons were born, who survive him: Ernest Salmon of Carlton, Albert Salmon of Stamford, and Eunice Salmon of Avoca, and 10 grandchildren and also a later wife of Stamford. After funeral services at Stamford Saturday morning, conducted by the pastor of the First Baptist Church there, he was brought here to the Clairette Cemetery where a short service was conducted and he was laid to rest by the side of the grave of his wife. This community extends heartfelt sympathy to the family and relatives.

Mr. and Mrs. Henry Mackey and children, Royce Lea, Doyle and wife, spent Saturday night in the home of Mr. and Mrs. Roy Stipe and sons of near Hico.

Mrs. Morgan Martin visited Mrs. Mollie Cook a while last Sunday afternoon.

Bulet East of Stephenville spent last Thursday night with his aunt, Mrs. Pearl Durham.

Mr. and Mrs. Homer Duncan and children of Dickens attended the funeral here Saturday and remained a few days to visit relatives.

Mr. and Mrs. Sam Garrett of Breckenridge attended the funeral Saturday and spent Saturday night in the home of Mr. and Mrs. R. W. Sherrard and family.

Kyle Dowdy of Denison is visiting his mother, Aunt Mary Dowdy.

Lila Sherrard of Mineral Wells attended the funeral here Saturday and remained for a visit with her parents.

Mr. R. M. (Uncle Dock) Alexander, who has been in the Dublin hospital suffering from injuries received from his horse, was brought home Saturday, and is resting very well considering his condition.

Mr. and Mrs. T. T. Alexander of Marshall visited his father, R. M. Alexander, Saturday.

Mr. and Mrs. C. G. Alexander of Waco, Mr. and Mrs. Joe Kibler of Fort Worth visited Mr. R. M. Alexander Sunday. Mrs. Alice Fenley, who has been at the bedside of her father, returned with the Kiblers to her home in Fort Worth Sunday.

Mr. and Mrs. Eunice Salmon and family of Stamford remained after the funeral Saturday to visit Mrs. Salmon's mother, Mrs. Lewis Roberson.

Mr. and Mrs. T. B. Roberson and twin daughters of Haskell, R. Lee Roberson of Valley Mills, Mr. and Mrs. L. E. Roberson and Mrs.

To the People of the 17th Congressional District of Texas

The next Congress, in which I hope to represent you, will have before it two matters of such great importance as to overshadow all others. One will be the problem of how to avoid another war. The other will be the great over-all issue as to whether we will keep or surrender our personal freedom. Each of these matters involves concrete issues upon which no candidate for Congress should be allowed to remain silent or play both sides.

PEACE OR WAR

I believe there would have been no World War I and no World War II, if the United States had been prepared for them. I believe that disarmament and unpreparedness by the United States will be the surest invitation to World War III, and that if we are caught unprepared again in an atomic age it will be our finish. I believe that our only sure way to prevent war is to be prepared for it.

I am for the American Legion plan for compulsory military training.

I am for ending the un-American caste system, as the greatest cause of poor morale, poor discipline and poor living conditions among enlisted men, and as the greatest obstacle in the way of voluntary enlistment.

I am for ending waste, idleness and social pursuits as outstanding characteristics of our armed forces.

I am for showing no mercy in getting rid of weak, ignorant, lazy, stupid, corrupt, or unpatriotic officers, especially senior officers possessing one or more of those qualities.

I am for giving the armed forces what they need to do their job, and for the constant vigilance to see to it that they are the up-to-date, hard-working fighting machine we are paying for and must have.

II.

FREEDOM OR OPPRESSION

Our personal freedom is today threatened by a vast federal bureaucracy which has saddled itself upon us, and seeks to perpetuate and extend itself at our expense and to control us at every turn.

It is also threatened by the dictatorial labor union, which has left its role of protecting the weak from the strong, and has become the exploiter and oppressor of a.

I hold personal freedom to be

Charlie Roberson of Stephenville attended the funeral of Mr. Salmon Saturday and visited their mother, Mrs. Roberson, while here.

Buck East of Stephenville and Hester Jordan of Hico visited Mrs. S. O. Durham Sunday afternoon.

Mrs. S. O. Durham visited relatives at Stephenville and Fort Worth the first part of the week.

Mr. and Mrs. Ira Williams and son, Malcolm, were dinner guests of Mr. and Mrs. W. L. Williams Sunday.

the greatest political good and arbitrary power of man over man to be the greatest political evil.

Federal Bureaucracy
I am for radical reduction of the oppressive federal bureaucracy and its powers.

I am against paying slick rascals big salaries to come down here from New York and tell us what to do.

I am against bureau-made law.

I am against kangaroo administrative tribunals.

I am against government interference with business except to prevent monopolies and corrupt practices which are beyond control of the States.

I am against their plan to take eight percent of our earnings and to make us put our name on the sick book and stand in line to wait for whatever doctor they want us to have when we get sick.

I am against the bid for federal control of our schools, using federal aid to education as a bait.

Labor Unions
I am for the repeal of the National Labor Relations Act, which has put the working man and the whole country at the mercy of a handful of professional union racketeers, whose lust for power knows no bounds.

I am against the closed shop, as a denial of the fundamental American freedom to work, and as an instrument of oppression in the hands of the unscrupulous.

I am against picketing for the same reason.

I am for requiring strict accounting for union funds.

I am for making unions responsible on their contracts.

I am for making union officials subject to the anti-racketeering and anti-trust laws, from which they are now exempt.

I am for requiring the democratic control of unions by the rank and file of on-the-job members. The lack of democracy within unions lies at the root of all our labor troubles.

I am against creating any more tribunals to decide labor disputes. We already have too many boards and commissions. What we need are fair laws for our present courts to enforce.

Outside the great legislative issues, this district needs a Congressman who will do its chores in Washington. It needs an ex-overseas-GI who will give the bureaucrats a joy when the veterans aren't getting their rights. It needs a man who knows Congress and Washington like a book and who won't have to stay up there two years before he gets started.

It needs a Congressman with enough education, experience and sound judgment to fight the cleverest opponent, and with enough courage to fight the most determined. It needs a Congressman who isn't afraid to say what he thinks.

disclose whether history will or will not repeat in respect to the association of nations. Everyone knows how the United States fell down on leadership in the formation of the League of Nations.

Our best statesmen are slaying on plans for United Nations, the present-day successor to the proposed World Court of a quarter century ago.

We can only hope that predictions being made now will turn out better than those of the old Fort Worth Record writer who penned the following climax to his tribute:

"All the mighty constructive measures enacted into laws following the recommendations that he made will survive the test of time, the test of courts and the test of popular judgment.

"A world's peace will be declared; a league of nations will have its birth; general disarmament will come some day and the seeds planted at the peace conference will sprout and blossom and bear fruit as a result of the labors of this passing president, and in the fullness of time peace shall reign on earth and men shall dwell together as brothers."

So mote it be.

LETTERS from Readers

REPORT FROM MABLE ON WHAT THE BAILEYS ARE DOING THESE DAYS
Harlingen, Texas
April 16, 1946

Dear Holfords,

How about letting us build something for you in concrete (and how about telling me what I can do to make this blamed typewriter spell a little better?)

We moved down here in February and Roger and my brother, Carl, went in partnership in the concrete construction business — as you can see from the letter-head. However, we know what's going on in this neck of the woods, but since Mama left Hico we don't know what you guys up there are up to, so how's about sending us the Hico News Review for awhile? We gotta keep up with everybody, you know. Gee, but I would really like to come back up there for a few days and see everybody again.

We really like the Valley, but I still fee like we are living on a Technicolor Movie set all of the time because of the unbelievably lovely flowers, shrubs, trees and birds. There are things here that I never saw before, even in pictures, and it is hard to believe the evidence of my own eyes. The citrus trees have about quit blooming now, but for awhile the scent of the blossoms as you rode by the acres and acres of orchards was almost overpowering, and it was a beautiful sight to see blooms, green fruit and ripe fruit, all on the same tree . . . and the taste of the real tree-ripened is something out of this world. I guess I am just a "Pore ignorant gal who ain't never been took no place and showed nothin'", because I looked so hard and so long when we first came down here that I had to attach a windlass to my eyes to roll them back in my head so I could bat them once in a while. My poor eyes stayed bagged out on a stem for a long time. And the flowers down here! . . . wild orchids, bougainvillea, azaleas, hibiscus and a dozen or more things that I don't even know the names of . . . Gad, but they are gorgeous — And the pot plants that I used to pamper like a sick baby . . . begonias, geraniums, etc., etc., . . . grow out in the yards and get three to five feet high. It is a perfect riot of color anywhere you look . . . and I wish you could see some of the birds! Mexican wild canaries, parakeets, and a peculiar looking critter that is every color in the rainbow and sounds like H — when it starts to sing. Oh, yes, I wish you could have seen the Poinsettias in full bloom . . . big ruffled things as big as a dinner plate. I tell you I still can't believe it! Oh, well, enough of this stuff.

Tell everybody we know "hello" and take care of yourselves. We are looking forward to a year of enjoyment of the "Home" news, so, bye for now.

ALL our best,
MABLE & ROGER BAILEY.

CAMERON GIRL BECOMES BRIDE OF FORMER HICOAN
Bertice Barnett Jr. of Hico and Miss Mary Holcek of Cameron were united in marriage Saturday, April 29th, at 7:30 p. m. The ceremony took place at Weatherford in the home of Judge Banks with only three members present besides the bride and groom, Sonny Holcek, the bride's brother, as best man, and the groom's sister, Miss Stella Barnett, bridesmaid, and the latter's fiance, Roy Davis, of Ireddell.

The bride wore a blue suit with white accessories and a corsage of pink carnations.

After the ceremony a reception was held in Fort Worth by some friends of the couple. Wedding cake and punch were served. The cake was beautifully decorated and had a miniature bride and groom on it. The couple made their wishes and cut the first piece of cake together. After the reception they left for Carlsbad, N. M., on their honeymoon.

Bertice is a graduate of Hico High School and Mary attended school at Cameron. They plan on making their home in Fort Worth after the trip as Bertice is employed at the Globe Aircraft Plant.

A Tribute to Our Children

TO PUBLISH PICTURES OF LOCAL CHILDREN

Pictures of the children of this city and surrounding community are to be printed in this paper as a special tribute to our young citizens. Tomorrow the responsibility of guiding the destinies of the world will be placed upon their shoulders. All are invited and urged to participate in this featured event. Among our children are those destined to fame and fortune, so let's not omit any of them!

Every parent should cooperate to make this a colorful and inspiring exhibit. You can cut out and keep these pictures of every youngster in the community. They will always be treasured keepsakes and cherished memory records that could not be acquired in any other way.

You are all guests of ours, and all photographs will be taken free of charge.

We have made arrangements with the Woltz Studios, nationally known portrait photographers, to come and take the pictures right here in town. You do not have to order photographs, subscribe to, or be a subscriber to this newspaper, to have your pictures taken and run in this featured event. All that is necessary is that the children be brought by their parents to the photographer on the date and at the location mentioned below. Proofs of all poses will be submitted to the parents, and sets of approved poses will be prepared, identified, written up, and printed in this paper.

If photographs are wanted for yourself it will be necessary to arrange for them direct with the Studio when proofs are submitted for examination because they cannot be obtained through this paper.

Remember, all children must be accompanied by parents or guardians.

HERE IS THE TIME AND PLACE TO HAVE YOUR PICTURE TAKEN FREE OF CHARGE.

THIS AND THAT
By JOE SMITH DYER

DESTINY:
Destiny is defined as a predetermined state. It is fate; lot; doom.

Destiny, according to the highest authority, is a relentless power or agency; the foreordained future.

Thackeray, Disraeli, Shakespeare, Longfellow, Voltaire, and so many more great minds all refer to destiny.

Goldsmith says: "We are all sure of two things at least; we shall suffer and we shall die."

Bryant insists that no man or woman born, coward or brave, can shun his or her destiny.

Voltaire wrote this thought: Everything is done by immutable laws, and Destiny is already recorded.

George Elliot asked this question: "Can man or woman choose duties? No more than they can choose their birthplace or their father or their mother."

Shakespeare insists: "What the fates impose, that man must needs abide."

In the presence of those great thinkers, marvelous philosophers, you would not expect a small man like you or me to doubt the irrevocable command of destiny.

Millions of men contradict the power of destiny and just as many deny that such a thing exists.

Bulwer Lytton said a few words one time that seemed to be a crushing blow to destiny:

"It is destiny — phase of the weak human heart; a dark apology for every error made by man. The strong and the virtuous admit no destiny. On earth, guides conscience; in heaven, watches God."

And destiny is but the phantom we invoke to silence the one: to dethrone the other.

Destiny can not send man anywhere. Thumb over the pages of history and you will find that defeat is nothing but wavering feebleness, or lack of strength, somewhere, at some vital time.

Most humans misconstrue the meaning of the human language. I believe that great thinkers employed the word "Destiny" for the sake of convenience.

They took the poetical license in their teeth and ran away with the word.

They attached too much importance to an impotent idea.

The chart of human duty is — ethics.

Geography gives us the definite location of a certain town or city, but ethics is the beautiful chart

HONEYMOON TRIP THROUGH ARIZONA TAKEN BY COUPLE
On a trip through Northern Arizona are Mr. and Mrs. Claude Max McCully, who were married recently in the home of the bride's parents, Mr. and Mrs. G. B. Campbell, of Phoenix, Ariz. The couple plans a home in Upland, Calif., after their honeymoon.

Mrs. McCully, the former Mary Jo Campbell, is a niece of Mrs. Jacques Nonce of Hico and Mrs. Cyrus King of Carleton. She was graduated from Longview High School in Longview, Tex., and Kilgore Junior College in Kilgore, Tex. Active in San Souci sorority, she is a charter member of the K. C. Rangerettes.

A graduate of Prescott High School, Mr. McCully was active in the Prescott Elks Lodge. He is the son of Mrs. Treasie M. McCully of Goodyear, Ariz.

The wedding reception was held in the Campbell home following the ceremony.

HONORED WITH SHOWER BY MRS. HANSON LAST WEEK
Mrs. E. C. Allison Jr. was honored at a stork shower given in the home of Mrs. Harold Hanson last Wednesday, April 24.

The colors of blue and pink were predominant in the floral arrangements of roses, delphiniums, corn flowers and Queen Anne's lace. Games and reading were enjoyed by the guests prior to the presentation of many lovely gifts. Little Martha Hanson wheeled in a part of the gifts in a doll buggy trimmed in pink and blue bows. The rest of the gifts were carried in on a similarly trimmed game table.

The refreshment plate of pear salad, wafers, Bavarian cream, angel food cake and punch used the same colors and in the plates were tiny parasols trimmed with baby faces.

Those attending were Mesdames Ollie Davis, Curtis Wright, B. H. Dunklin, John Haynes, Orren Wilford, Wallace Edward, Rice Edwards, Wallace Hale, C. D. Hanson, the honoree and hostess, Mrs. Bill Lackey was a tea guest. Those sending gifts were Mesdames J. F. Isbell, J. C. Prater, B. S. Washam, Jesse Bobo, Ed Allison and Tommy Jo, Mrs. Gayan and Mrs. Jim Barrow.

Mrs. J. I. Tooley had as her week-end guests last week, her son-in-law and daughter, Mr. and Mrs. Clared Newsom of Wichita Falls, and another daughter, Mrs. Almer Pierson, of Dallas. Mrs. Pierson spent a week with her mother, and with another sister, Mrs. W. E. Cunningham, and family of Fairby.

"You might sue me for damages and stop my paper if I don't pay you when my subscription is due," says a card from Mrs. J. I. Pruitt of Iredell Route 1. But to avert that chance, she has taken the proper course by paying our representative at Iredell, Miss Stella Jones, and everybody ought to be happy now about the whole thing.

Leland Alton of Fort Worth visited Thursday afternoon in his old home town. In the '20s he was co-publisher with his father, the late Jno. M. Alton, of the News Review, but has been living in Denison and Fort Worth for the past ten years.

C. P. Coston of Clifton, division manager of Community Public Service Co., was in Hico Thursday on company business. He was accompanied by Messrs. Stout and Parsons of the Fort Worth office of CPS.

Mrs. Anna Shelley of Jacksonville, Florida, has announced the marriage of her daughter, Marian, to Gene Ramey of the U. S. Navy, on April 1, 1946. Gene is the son of Mrs. Bettie Ramey of Hico.

Floyd Blair, who is attending an aeronautical school at Fort Worth, spent the week end here with relatives and friends. His wife and baby are making their home at Spur.

C. M. Moore of De Leon was a visitor in Hico Saturday with C. A. Crouch. Dinner guests in the Crouch home included Mr. Moore, Earl Huddleston of Ogleby, and Kal Segrist of Dallas.

Mr. and Mrs. Ray Adams and daughter, Miss Buna Lee, of Fort Worth, and Miss Lois Adams of Breckenridge were Sunday visitors of Mr. and Mrs. L. D. Adams and Mr. and Mrs. G. C. Driver.

Mr. and Mrs. A. W. Jones of Turnersville spent last Saturday night and Sunday in the home of Mr. Jones' brother-in-law, Mr. and Mrs. J. P. Owen.

Mrs. H. L. Stanley was in Waco last week where she visited with her niece, Mrs. Lottie Worrell. She also enjoyed some gardening and fishing with her husband on their farm at Falls Creek during her vacation.

Earl Huddleston of Ogleby was in Hico last week end.

Young Doctors Theme of Film Coming to Hico

Paramount's "Miss Susie Slagle's," bowing in Tuesday at the Hico Theatre, was adapted from August Tucker's popular novel of young doctors in the making. It is an exciting story, vividly told.

The film launches many promising new faces including blonde, talented Joan Caulfield who first became known as the original "Kiss and Tell" girl of George Abbott's famous Broadway hit. Miss Caulfield co-stars with Veronica Lake and Sonny Tufts with Lillian Gish prominently featured as the warm-hearted proprietress of a boarding house for doctors in training. Produced by John Houseman, the picture is John Berry's first directorial assignment. Berry previously devoted his talents to the stage and was responsible for the successful revival of "Native Son."

"Miss Susie Slagle's" is an original production on many counts. For one thing, Sonny Tufts plays his very first dramatic role. And, lovely Joan Caulfield is reputedly one of the season's most notable "finds" as the determined coquette who goes after her man with delightful, disarming frankness. The man in this case is young Tufts himself.

Preview commentaries indicate that "Miss Susie Slagle's" is an absorbing story, gay and tender and rich with the tradition of a great profession.

Suspense, Thrills Pack New Film Hit Sunday, Monday

"The House on 92nd Street," the suspense-filled story of the house that hid a secret more terrifying than the mind can conceive, opens Sunday at the Hico Theatre with William Eythe, Lloyd Nolan and Signe Hasso in starring roles.

The story of the 20th Century-Fox motion picture was adapted from cases of the Federal Bureau of Investigation. Filmed with the official cooperation of the F. B. I., it could not be made public until the first atomic bomb was dropped on Japan.

"The House on 92nd Street" was produced by Louis de Rochemont and directed by Henry Hathaway.

Wakely Stars In Latest Western For Week End

Jimmy Wakely heads a cast of western favorites when his latest musical outdoor drama, Monogram's "Moon Over Montana," opens at the Hico Theatre on Thursday. Featured again as Wakely's comical buddy is Lee "Lasses" White.

Jennifer Holt has the main female role and others in the cast are Jack Ingram, Louise Arthur, Stanley Blystone, Brad Slavin, Terry Frost, Eddie Mapors, Bob Duncan and Arthur Smith. A musical group heard for the first time in a Wakely western is that of Woody Woodell and his Riding Rangers.

S. U.'s newest degree, bachelor of Art in medical art, is the first ever offered in the United States.

Fairy

By —
Mrs. J. O. Richardson

We received a good rain late Monday, accompanied by high winds, but only slight damage occurred that we heard of. There were two trees blown down at the front yard fence at the Richardson place in Fairy. One of the trees was on the outside of the fence and the other was on the inside of the yard. The trees inside fell to the street, laying the lawn fencing flat to the west, while the one outside fell to the inside of the yard, laying flat the fence to the east. Mrs. Carl Ray Sellers and little daughter, who reside at the residence, were at the home of her parents, Mr. and Mrs. J. O. Richardson.

All were very sorry to learn of the misfortune of Mr. and Mrs. W. P. (Woodard) Brummitt in the loss of their home by fire about 1 p. m. Friday of last week. They had purchased the former Jim Grogan home near Agee, recently and had made extensive improvements to the house, both inside and outside, and it was completely modern in every way. A new ideal kitchen cabinet was one of their latest additions to the home. It has not been fully determined how the fire started, unless from sparks from some trash and cedar tops he had burned in a ditch some distance from the house. Mr. Brummitt looked the house over before leaving to go to the field to work, and later while plowing he noticed the smoke on the roof and hurried to the house, calling for help, and neighbors nearby in the fields and their homes heard his call for help and hurried to the scene. Mrs. Brummitt, who is a member of the Fairy school faculty, had one of her pupils, a daughter of Marvin Nolan (who lived near the Brummitt home) to receive an arm injury and Mrs. Brummitt carried the child home about 1 o'clock and noticed their home on fire. By the time she got there neighbors had arrived and they succeeded in saving their refrigerator, cook stove, a few quilts, and some clothing and a few other pieces of furniture. They also lost about \$40.00 worth of baby turkeys which were being kept on a back porch until a suitable place could be prepared outside. These could have been saved had they thought of them in time. Their smoke-house was also destroyed. They saved a few things from it by chopping in at the back side. The house caught in the roof and was not very far advanced when Mr. Brummitt got to the house, and he made a vain effort to extinguish the blaze, but the house being one and one-half stories high and no help at that time to hand him water, the fire got beyond his control before help arrived.

A miscellaneous shower for Mr. and Mrs. Brummitt is being given tonight (Friday) at the home of his parents, Mr. and Mrs. H. R. Brummitt, and all are invited to attend. Even though your gift might be small, we feel sure it will be greatly appreciated by this young couple, who had worked so hard to modernize their home, only to see it go up in smoke and ashes.

Mrs. Carl Ray Sellers and little daughter, Carolyn, came in late Monday after more than a two weeks' visit in Houston with her sister, Mrs. D. E. Allison, and family of Houston.

Mr. and Mrs. Odus Pendleton of Needles, Calif., were here last week looking after property interests here. They sold what is known as the Wilson lot to Hoyt Walker while here.

Mr. and Mrs. Edwin Sellheimer have moved to Hamilton. They have an apartment at the home of Mrs. Lena Gordon. They plan to build a new home on their farm near Hamilton in the near future.

Mrs. J. O. Richardson and Mrs. Brittle Little attended singing at Littleville Sunday afternoon and enjoyed some good singing.

Miss Peggy Ruth Allison of Waco spent the week end here with her parents, Mr. and Mrs. E. C. Allison and Texie Dell.

Word has been received from Joe Bette that he has been transferred from Chicago to Treasure Island, Calif., for an extended period of Navy schooling.

Methodist Church

Church School 10 a. m. Tyrus King, Superintendent.
Preaching 11:00 a. m.—Subject, "The religious Waste Basket."
There is no doubt that America's troubles are fundamentally spiritual and political and economic. We have been building without God. We have been animated by the rankest spirit of materialism. Spiritual values have been depreciated even in the church. The principles of the crucified Savior has been ignored. We must get back to the Holy Bible and back to our knees if we expect to meet the World Situation. We will be looking for you Sunday.
J. F. ISBELL, Pastor.

Forestry Booklet Gives Opportunity For Study of Trees

COLLEGE STATION, April 30.—An opportunity to learn more about the trees of the state was given nature lovers today through a 140 page booklet, "Forest Trees of Texas," prepared by the Texas Forest Service, A. & M. College and just published by the Texas Forestry Association.
N. D. Canterbury, association president, said that the book is designed mainly for school use, but that it would appeal to many tree-loving citizens as well.

"Right now we are seeking to place it in the hands of our young people through school teachers, boy and girl scout leaders and farm club groups," he stated.

Canterbury suggested that local industries, merchants, banks, utility companies, civic organizations and others make the booklet available for their local schools and scout groups. He cited an instance of the First National Bank of Bryan sponsoring 140 of the tree books for students in a class in the Bryan High School who were studying forestry.

More than 8,000 tree booklets have already been purchased by public spirited citizens for use by schools and scout groups. Funds derived from the sale of the books will be used for educational projects of the Forestry Association, in cooperation with the Texas Forest Service, Canterbury said.

"Forest Trees of Texas," was prepared by the Texas Forest Service, A. & M. College and Canterbury stated that college authorities had given in the Texas Forestry Association permission to reprint the bulletin as an educational project to stimulate greater appreciation of the trees in the state.

A total of 145 trees common to Texas are described in the book, with their use and location also given. Most of the trees are illustrated with drawings of the leaves and twigs. Special sections describe the value of the forests and how to study and identify trees. The book is printed on paper made from East Texas trees, Canterbury said.

Complete information on how to obtain the tree booklet may be obtained by writing to the Texas Forestry Association, College Station, Texas.

Tom Connally Will Run Again For U. S. Senate

WASHINGTON, April 27.—Senator Tom Connally has filed with Honorable Harry L. Seay, Chairman State Executive Committee of Texas, his application for a place on the primary ballot as a candidate for United States Senator. In connection with the matter Senator Connally made the following statement:

"The rumor that I might not be a candidate for re-election, but would accept a high position with United Nations is wholly without foundation. I would not accept any position with United Nations or in the foreign service if tendered me.

"My preference is to remain in the United States Senate where I can be of the greatest service to the people of Texas.

"I am grateful for the support of the people of Texas and have undertaken to give my best efforts to representing their interests in the Senate."

the Army on March 22, 1944 and served in both the European and the Pacific Theaters, landing first in England and spending some time in Belgium and Northern France, and doing a Pacific stint on Guam. They landed in the U. S. on the 18th of April, was discharged April 22 at Fort Sam Houston, San Antonio, and lost no time in getting back to Hico the next day.

Billy W. Hutton, 18, fireman, second class, Hico, Tex., is assigned to the USS Robert K. Huntington, a destroyer which is to take part in the "Crossroads Project." The mission of the Joint Army-Navy Task Force One is primarily to determine the effects of the atomic bomb upon Naval vessels and military equipment in order to gain information of value to national defense.

Master Sergeant Roy Burleson, who has been stationed at Brooks Field, San Antonio, since his reenlistment after overseas service in the ETO, was through Hico last Friday on his way to Coleman for a visit with his parents, Mr. and Mrs. J. E. Burleson. Roy expects to be sent to Florida on temporary duty soon.

An interesting picture of Korean children was brought in Tuesday, sent by Pfc. William B. Prater to his wife here. The picture showed three Korean children who appeared to be seven or eight years old, carrying bundles of pine and weeds. Mrs. Prater informed us that their actual ages were in the range of fifteen years, and that the weeds carried by one of them were used by the Koreans for food. The picture was taken only a few yards from his quarters and showed the wooded hills of that country in the background. William has picked up a number of souvenirs of Korea and the Korean people, but says he can't find any way to send them home.

Among Texans recently honorably discharged from the United States Navy were two men from this vicinity. The Eighth Naval District publicity release lists the names of J. T. Leonard, Specialist Third Class, Hico, Route 3, and William Hodnett, Motor Machinist's Mate Second Class, Hico, Route 2.
