

One of the greatest heroes of Texas has probably never been heard of by more than a handful of people. He was George Arnold, a modest young farmer of Hill County.

Arnold's act — one of singular courage — is described in Coronet Magazine in the August issue under the title, "Greater Love Hath No Man." The incident occurred in 1880, just five years before Louis Pasteur discovered the cure for hydrophobia.

George Arnold had been bitten by a mad dog. Saying nothing about it to his family, he waited several months until the hot summer came, studying meanwhile of the grim fate that was to befall him.

After writing a farewell note to his wife and children, Arnold chained himself to a tree in the woods, locked his ankle to the chain, and threw the key out of reach. He judged rightly the consequences, for when two days later his body was found, the ground had been torn up the full length of the chain, the nails of his fingers wrenched off, and all his front teeth out, in biting.

Arnold thus saved his family and neighbors the consequences of facing a mad man. The Texas' bitter courage made his ancestors' last stand at the Alamo look easy, declares the Coronet article.

"A Printer's Prayer" appearing in the weekly column of Boyce House, who ran up such a successful showing in last Saturday's primary for Lieutenant Governor, makes use of terms that are connected with the work and equipment of a newspaper composing room:

"To the Great Printer Who prints in all colors of the rainbow and whose type faces are stars and clouds, autumn leaves and sunbeams, snowflakes and flowers, this is my prayer:

"That I may set up my life to the measure of a man; that I may have the courage, win or lose, to follow the rules of the game; that I may point my life toward the things that count; that I may look up within my heart idle tales, gossip and words that hurt; that I may make ready for the opportunities to serve that come my way; that I may register in my memory the splendor of sunsets, the glow of friendships, the thrill of great music, and the mental lift of inspiring thoughts; that I may press forward in the spirit of adventure toward the new horizons of achievement; that I may also consummate worthy accomplishments; that the impressions I make on the white pages of time may encourage, cheer and inspire all those who cross my path; that I may bind together in my own life all those positive qualities that make for happy, creative, triumphant living; and finally, O Master of Printers, help me avoid the disgrace of making pi of my life and guide me safely around the yawning mouth of the hell box."

Mrs. Jim D. Wright, who really is a Hicoan but moved out to Carlton with her husband when they sold their home here, has gained recognition as a poet by having a piece printed in the Fort Worth Press.

The News Review has not had much room for poetry lately, but we don't have any hard and fast rules about anything that appears in this column. So we are taking the liberty of reprinting the poem with the understanding that if Mrs. Wright is offended, we will get her back in good humor by coming out to eat fried chicken with her and Jim and Mayme.

DAILY POEM

Do we take time to live? Do we see the beauty in the beginning of a new day, the beautiful sun rise and the breath of fresh air, the songs of the birds on the window sills?

Do we take time to live? Do we thank God for the many blessings, and the beautiful world in which we live, and our health where there are no ills?

Do we take time to live? Do we try to make someone happy each day, do we share our neighbors' sorrows, as we would want them to share ours?

Do we visit the shut-in who is on the bed ill? Do we take time to live? Do we see the beauty of the sunset at the close of a day, that never again will come this way?

Yes, there is a sadness that seems to remind us when the sun is sinking behind the hills.

Heavy Voting Here Saturday In First Primary Election

Majority of Races Decided Without Runoffs Necessary

A record number of four hundred and ninety-nine ballots were counted last Saturday in Hico's largest Democratic Primary turnout in several years.

A. A. Brown, election judge, reported that the voters started coming in early, and that voting was steady throughout the day.

A shortage of official ballot forms developed late in the afternoon, but the stock was replenished from the county seat before the closing of the polls.

Brown gave credit to his crew of helpers for the orderly and efficient manner in which the vote was tabulated.

Commissioner Upset One of the biggest surprises in the local voting, according to expressions heard on the streets, was the defeat of Bob Hancock by Fern Jordan for commissioner of Precinct 3.

Hancock is serving his fourth term in the office. There were only two in the race and Jordan, a newcomer on the political horizon, took an early lead which was maintained until the closing of the polls.

The voting by the four boxes in the precinct, covering the north part of Hamilton County, was as follows:

Hancock: Hico, 259; Carlton, 29; Fairy, 47; Olin, 18. Jordan: Hico, 233; Carlton, 149; Fairy, 71; Olin, 57.

Hancock has announced that at the insistence of friends he will serve out his present term. Runoffs will be necessary in the three other precincts of the county.

Other Precinct Results A. A. Brown, present precinct chairman, was renominated. There were two names on the ticket for this office which usually requires a write-in for decision.

B. F. Williams was reelected as constable of Precinct 3, while W. M. Horsley got a write-in vote for nomination as justice of the peace in the same precinct.

W. A. Patterson, unopposed, was reelected Democratic county chairman. He has served in this capacity for several years.

Lighting, Parking, Improvements, Rodeo Talked by C. of C.

The Hico Chamber of Commerce held its regular monthly meeting at Bill Long's Texan Cafe at 8:00 o'clock Tuesday evening, July 30, with ten members and one guest present for the luncheon.

President Webb McEver presided at the meeting. The following account is taken from the notes of Secretary E. H. Persons:

Minutes of the June meeting were read and approved. In addition to the members attending the luncheon, J. B. Woodard attended the business session at the City Hall following the lunch.

The members discussed in a general way improvements, rodeo, etc., as well as more lighting for the business part of town, and on motion of Morgan Moon, seconded by S. W. Everett, the Chamber authorized the president to appoint a committee to meet with and discuss the matter with the City Council. The motion having carried, the president appointed Morgan Moon and S. W. Everett on said committee.

The Chamber extended a vote of thanks to the Colemans for their extensive improvements in and around the Hico Theatre since they came to Hico.

Morgan Moon and others discussed in a general way the desirability of again teaching band music in the Hico School, and it was developed that Mr. A. G. Macy, now a resident of Hico, is well qualified to teach a band here.

Marking off streets for orderly parking of cars was discussed and on motion by J. R. Bobo, seconded by Morgan Moon, the Chamber voted to pay for the necessary paint provided the City Council will agree to pass and enforce a uniform parking ordinance in Hico. The Chamber then adjourned.

Thompsons Suffer Heavy Loss Through Fire at Their Home

Irreparable damage was done to the home of Mr. and Mrs. J. E. Thompson, in the southeast part of town, when fire of undetermined origin early Wednesday morning gutted the residence and ruined most of the contents.

Mr. and Mrs. Thompson, who bought the home from M. E. Waldrop at the same time they acquired the local Texaco agency, had arisen early and gone to work shortly before the fire was discovered. Curtis Wright, employee of the Thompsons, went to the house about 7 a. m. to get his truck out of the garage where it is customarily stored, and detected smoke coming from the rooms at the back.

He entered and found flames engulfing the back porch kitchen and bedroom, and called the fire department, meanwhile fighting the fire the best he could.

A quick run was made by the firemen and they did valiant work, but the blaze had gained such headway that they could only save the main structure, confining the main fire to the interior and the contents. All the rooms were damaged, most of them seriously, and although a considerable quantity of furniture and personal effects were removed, there was scarcely anything undamaged.

Some insurance was reported on the residence but the loss in furniture and furnishings was not covered, Johnnie said.

Pending plans for reconstruction and replacement, difficult under present shortage of materials and furnishings, the Thompsons have taken quarters in the Russell Hotel.

Boosters Will Carry Reunion Tidings to Neighbors Monday

NEW RESIDENTS HERE OPEN LAUNDRY MONDAY Mr. and Mrs. W. A. Jenkins, who recently moved here from Duffau, are the owners of the Hico Steam Laundry which will open Monday in the location previously occupied by the Horton Laundry.

In an advertisement on another page of this paper, customers are invited to patronize the happily and enjoy their new equipment.

While living in Duffau, Mr. Jenkins bought and operated the grocery store owned by Paul Fallon and Mrs. Jenkins was postmaster there. They have purchased the Morgan Moon house in the east part of town where they are now living, with their daughter, Wanda Sue. A son, W. A. Jr., is attending school in Fort Worth.

Leaving City Hall in Hico at 8 a. m. next Monday, the caravan will visit Clairette, Alexander, Dublin, Stephenville, Glen Rose, Walnut Springs, Meridian, Cranfills Gap, Fairy, Olin, Hamilton, and Carlton, in the order mentioned.

Tentative arrangements have been made for a school bus to accompany the trippers, carrying a string band under the direction of R. E. Goff, who is getting an aggregation of musicians in shape to provide lively entertainment. A public address system will be installed so that the music and messages may be broadcast.

S. J. Cheek Sr., general manager for the Reunion, joins Blair in urging participation of as many as possible in the booster trip. So far as possible everyone is asked to provide his own car, and take along whatever he pleases.

Those who are willing to assist in this undertaking, which will be pleasurable as well as profitable in a civic way, are requested to register their intentions with either Cheek or Blair. It is hoped that an impressive delegation can be lined up for the excursion, the first of its kind originating from Hico since 1941.

The big four-page circulars advertising the Reunion are off the press and will be distributed along the route followed by the trippers. Extra copies are available from Cheek for those who want to mail them away.

by Miss Stella Jones, Local Correspondent

Mrs. N. L. Mings
Mrs. Rosa Alice Bowman Mings was born in Hill county to Mr. and Mrs. John Bowman, Nov. 5, 1880, and came with her parents to Bosque county when a child and lived here the remainder of her life.

Her parents raised a large family of five sons and four daughters. Her parents and two brothers preceded her in death.

Rosa Alice Mings married Nathan L. Mings, Oct. 16, 1904, at Iredell. Two sons were born to them, Silvester Olen Mings of Hamilton, and Alvin Lee Mings of Iredell. Also to add to her pleasure were four grandchildren, two little grandsons and two little granddaughters, and two very devoted daughters-in-law. Silvester and Lillian have two little boys, Grady Alton, age 9, and Celburn Olin, age 6. Alvin and Nina have two little daughters, Myrtle Louetta, age 7, and Mildred Jean, age 15 months.

Mrs. Mings was converted early in life and after her marriage united with the Flag Branch Baptist Church and was a faithful member until her death, which was on Friday afternoon at 17 minutes until 6, July 19, 1944, as she was called by all, was truly all that a wife, mother, grandmother and a friend could be, for to know her was to love her.

She had been in bad health for two or more years. She never did complain about her ailments. She was also so cheerful and in town every Saturday afternoon, talking with her many friends who will miss her.

She looked well after her household, kept up her household duties till she was taken to the Holt Hospital. She underwent an emergency operation at 10 o'clock Sunday night, July 14. Everything was done for her that could be done. Her life was lived out; God called and she was ready to go. The sweet influence that came from her life will live on. She is missed by her husband and children. All were devoted to her and all loved her very much. She loved her Lord in the fullest measure and lived a very devoted Christian life.

The funeral was held Sunday afternoon in the Iredell Baptist Church in the presence of a host of relatives and friends. Rev. Tension, pastor of the Hamilton First Baptist Church, read Scripture and prayed. Rev. Potter delivered the funeral message. The floral offerings were large and beautiful. The body was laid to rest in the cemetery east of town.

Besides her husband and sons she is survived by three sisters and three brothers, and four grandchildren. The sisters are Mrs. W. R. Stokes of Hico, Mrs. Ed Helburn of Walnut Springs, and Mrs. Jim Gosdin of Glen Rose. Her brothers are Wysong Bowman of Richland Springs, Joe Bowman of Gorman, and J. C. Bowman of Iredell. There are a host of other relatives who mourn her passing.

Out-of-town relatives who attended the funeral were: Mr. and Mrs. W. R. Stokes of Hico, Mr. and Mrs. Wysong Bowman and son, T. C., and wife and daughter of Richland Springs; Mr. and Mrs. Joe Bowman and little son and daughter of Gorman; Mr. and Mrs. Ed Helburn and Mr. and Mrs. Ray Younger of Walnut Springs; Mr. and Mrs. Jim Gosdin of Glen Rose; Mr. and Mrs. Herman Smith of Walnut Springs; Mr. and Mrs. Meador and two sons of Clifton; Odie Bowman of Meridian; Mr. and Mrs. J. Dorothy Rae Clepper of Dallas and her brother, Ted, who is in the Navy, spent the week end with their grandparents, Mr. and Mrs. C. L. Tidwell.

The write-up of the wedding of Miss Beverly Phillips and Mr. Hoover Pylant was handed to me Friday night by one of the guests. After the wedding a reception was held in the home. White tapers, flowers and greenery decorated the living room. Mr. W. A. Pylant was best man. Mrs. R. D. Ford of Hico was matron of honor. Miss Trudy Yoeham of Iredell was the bridesmaid. The bride was given in marriage by her father, Marvin Phillips. She wore a dress embellished with sequins outlining the

neck and shoulders; ruffles formed a triple-tiered draped skirt. The bridal crown was made of white tulle roses and net. All bridal traditions were observed. "Something old, something new, something borrowed and something blue, and a lucky penny in her shoe." The wedding confection was encircled with fern and white net bells embedded with fern and flowers, finished with white tapers. The cake was on a table dressed with a lace damask cloth. Other wedding guests included Mr. and Mrs. Calvin Pylant, Killeen; Mr. R. D. Ford, Hico, and Danny Fred and Arthur Earl Pylant of Iredell. The couple will live in Iredell for a while.

To The Taxpayers OF COMMISSIONERS Precinct 3 HAMILTON COUNTY

At the close of the election I want to thank all the people for the votes they gave me. Although I was defeated, I hold no grudge against anyone. I am still interested in you and the precinct, and anything I can do for the betterment of the county and you good people, I will do so.

I did say that if I got beat I would quit, but after so many have come to me and asked that I stay on until the first of January, I will do so. I and the good boys that have been with me will still give you the best we know.

I will give you a complete inventory of the precinct at the first of the year and you can count on it being in tip-top shape.

Thanking you for everything,

I remain,

R. W. HANCOCK

TO THE CITIZENS OF HAMILTON COUNTY

I want to express to the people of Hamilton County my deep appreciation for their approval and for my reelection to a second term as your Sheriff.

I appreciate it all the more because I did not make an active campaign. I did not have any cards printed or buy any advertising in the papers or put forth any extra effort. I did this because my opponent was a veteran and I felt that I should leave him an open field. That I was elected anyway, is of course deeply appreciated by me and my friends.

I realize the responsibility that goes with the office of Sheriff, especially in these times. I realize also that many of my predecessors in office have made fine records. Hamilton County has had some of the best Sheriffs in the entire state. They have been so recognized by all law enforcement authorities including the State Department of Public Safety, the State Liquor Control Board and even the F. B. I. I shall try to live up to their good records to the best of my ability.

Again thanking you for the confidence you have reposed in me as expressed by your vote Saturday, I am

Respectfully,

is offered by the Renewable and Convertible Term Insurance issued by the Amicable Life Insurance Company. There are two forms of these attractive policies (the 5-Year and the 10-Year Policies). Either form may be renewed as a Term Policy from period to period, the final renewal being on the renewal date at or immediately preceding age 65; or the policy may be converted to any form of Life or Endowment policy at any time prior to the date of the final renewal.

Evidence of insurability is not required for either renewal or conversion.

Under the provision "Premium Deposit Fund," included in each Amicable Term Policy, the policyholder may make deposits for purpose of paying future premiums. The deposits will draw 2 1/2% compound interest. Such deposit fund may be withdrawn by the policyholder at any time, or may be used to pay premiums, or may be applied toward conversion to a life or endowment policy, or in event of death will be paid to the Beneficiary in addition to the face amount of the policy, or at the expiration of the policy will be paid in cash to the Policyholder.

Is It Renewable ?	Is It Convertible ?	Is It Safe ?	Is It Modern ?
YES	YES	YES	YES
It may be renewed from term to term without evidence of insurability even though the policyholder may become uninsurable. The last renewal will provide insurance protection beyond age 65.	It may be converted, without evidence of insurability, at any time prior to the last renewal date into any form of life or endowment policy.	It is legal reserve protection, and backed by the resources of Amicable Life just the same as all its other contracts. It is absolutely safe.	It provides a savings account at 2 1/2% compound interest in the form of a premium deposit fund. Such deposits may be made at the time of paying premiums or at any other time desired.

If payment of premium should be overlooked, the policy WILL NOT LAPSE so long as the premium deposit fund is sufficient to pay the premium.

Better get your old car fixed up. It is true that automobile manufacturers have temporarily satisfied union leaders and have managed to straighten out quite a lot of their problems and are speeding up production, but it's still going to be a long time before supply of new cars will even approach demand.

THE PUBLIC DOMAIN

IT NEVER seems to occur to the contestants in public utility rows that the property which they are haggling over belongs—not to them—but to the American people.

These franchises are only given by the public for the purpose of advancing its own welfare—not to feather the nest of capital nor to create soft jobs for labor.

It does not seem logical therefore that the privilege of "strike" or "shutdown" should be allowable in this type of industry.

Unless we are to continue to suffer from these devastating stoppages in the public utilities, we must create some new type of legislation which will handle fairly—the complaints of employer and of employee without at the same time delegating too much power to the government itself.

But above all, the stockholders, bondholders, management and labor must be made to realize that they become the servants of the public whenever they invest in, or when they take a job in, the public's business.

THIS AND THAT By JOE SMITH DYER

WONDERFUL BUSINESS: There is one man that the housewife will always welcome, for she is always interested in having him call. His clothes may be worn, his shoes covered with mud or dust, but let that man whistle to a housewife and she will come running.

The postman sometimes carries to the housewife's door one or two pieces of advertising matter along with the other mail, but this direct-by-mail selling appeal gets into that home, and is the copy is good and the printing well done, that advertising matter is read, and read at a time when the housewife is ready and willing to carefully consider all of the advantages of that printed presentation.

You have that always-welcome postman to carry your message to Mrs. Jones, or Mrs. Brown, or Mrs. White, for the very small sum of one or two or three cents, and I call this kind of advertising wonderful business.

NATIONAL CHARACTERISTIC: "Health is the greatest wealth." You say: "Shucks! why harp on so trite, so hackneyed a phrase? Yes, money is the wealth that seems desirable and is what most of us struggle for, but like the small boy left alone unmolested in an apple orchard, to possess all the money we think we need can develop pains that will take away all the joy of living.

So you work and you wait impatiently for the chance to demonstrate that money is greater wealth than health, as do the majority of us.

WEEK'S BEST BOOK: Nine hundred and ninety-nine buttons—each one different—make up a "Maine Charm String" and that's the title of Elinor Graham's new book.

Even though "It Pays To Advertise" is a universal slogan, there is one instance when it was bad business.

Advice, be it ever good, is most annoying, even when solicited, unless it is quite in accord with our own deductions—unless it conforms to our own conclusions.

152 Million Units Of Surplus Goods Have Been Moved

Approximately 152 million units of surplus consumer goods, ranging from household appliances to fence posts, have been disposed of in more than 140 nationally conducted sales programs completed to date, War Assets Administration has announced.

On the basis of figures received from its 33 regional offices, WAA estimated that the goods, which cost the government about \$160,000,000, brought and average return of more than 47 per cent.

It does not seem logical therefore that the privilege of "strike" or "shutdown" should be allowable in this type of industry.

AAF'S ANNIVERSARY . . . President Truman is shown at the White House as he signed a proclamation announcing August 1 as the 39th anniversary of the army air forces.

This Cock in WASHINGTON

WASHINGTON, D. C. (NWNS)—It looks like the federal budget for the new fiscal year may be balanced after all. Back in January, President Truman estimated that \$35,800,000,000 would be enough to cover current expenses during the 1947 year, but since then new appropriations and higher costs have knocked this figure into a cocked hat.

Quite unexpectedly, however, government income has run way ahead of hopes. It now appears that federal revenues from all sources will total between 41 and 42 billion dollars by the end of the fiscal year.

Expansion of veterans' welfare programs, higher military salaries, and certain deferred expenses were cited by Steelman as reasons for the greater army and navy budgetary estimates.

Contrary to expectations, it was not these workers who were hardest hit by earnings losses through strikes and other shutdowns who cashed in the largest percentage of bonds.

LOCAL ELECTION (Continued from Page 1)

three-sided race for county judge, between O. R. Williams, present tax assessor-collector and World War I veteran, and Eugene Tate, World War II veteran who withdrew four years ago to enter the service after announcing for the same office.

J. B. Pool, third man in the race and a former holder of the office for two terms, was eliminated.

Terral was credited with 1843 votes for renomination, while Baird's vote was reported at 1652.

Other Races Decided: Two other contested races in the county were decided in the first primary.

Cecil A. Nix was credited with a majority over two opponents in the race for tax assessor-collector.

Holders of war bonds are not cashing them in huge volume, as was predicted about a year ago.

Contrary to expectations, it was not these workers who were hardest hit by earnings losses through strikes and other shutdowns who cashed in the largest percentage of bonds.

Representative Runaway: A runaway in voting for one of the ex-servicemen in the race for representative from the 94th district was registered when Sid Gregory Jr. of Gatesville amassed a big lead over three opponents.

State Vote Representative: Local voters just about followed the crowd in their choice for State officers.

Tom Connally received his usual whopping vote for U. S. Senator, getting 343 in the five-man race.

Boysse House, with 210 votes, seemed to be the popular favorite for lieutenant governor.

Price Daniel got 258 local votes for attorney general while Pat Neff Jr. received 193.

J. E. McDonald, biennial candidate for commissioner of agriculture, lost the usual number of votes through his Republican tendencies, but still got a plurality here, and a majority over the rest of the state.

Other state officers were voted on in about the same manner that they ran throughout Texas.

THANKS TO ALL OF THE GOOD CITIZENS OF HAMILTON COUNTY FIRST: To those who gave me their votes and active support in the race for County Judge last Saturday. SECOND: To all the people who have ever been so courteous to me in public and private life. I am in the runoff and, as in the past, I shall continue to conduct my campaign by presenting my record and qualifications to the voters. You are my friends, so far as I am concerned, whether you voted for me or not. I Gratefully and Urgently Solicit Your Support, and Hope to See You Before the 24th of August. O. R. WILLIAMS COUNTY JUDGE

To The People I wish to take this opportunity to offer my sincere thanks and appreciation to those who supported me in the recent race for State Representative. A man could work his head off in a political race and still wouldn't get anywhere if his friends, new and old friends, didn't push him along. Again sincerely and humbly I thank you. Many have asked me how I felt after the prize was over. Well, the results were a big surprise to me and the only feeling I have is that I feel deeply humbled. There is no feeling of "victory" or anything like that, and there never will be. I also want to thank my opponents for the clean and honorable way in which they conducted their campaigns. We were opponents but we were friends, and still are. The race isn't over yet. We are still working—not to "be" anything, but to get in a position to "do" for the people of our district. I will always remember the kindness and friendliness you gave my wife and I as we went throughout the district meeting you and making new friends. Political races come and go, but friendships like these are lasting. Sincerely, Sid Gregory

Young Women

Graduates Urged to Consider Nursing

AUSTIN, July 30.—Dr. Geo. W. Cox, State Health Officer, is appealing to young women high school graduates to seriously consider the public health nursing profession as a career, when re-entering school this fall.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. Demands for professional nurses now exceed the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, varied experience, income, and other features of the profession compare

very favorably with those open to women in other careers."

Education for nursing is available in 37 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Prerequisite training in public health nursing includes a 36 month course including vacations, medical, surgical, obstetric, pediatric, psychiatric and communicable disease nursing are studied. Completion of courses entitles the individual to the diploma of the School and to take State Board Examinations leading to the R. N. Certificate.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations and local health departments, as well as the Texas State Department of Health.

We had somewhat threatening weather here Monday until about noon, but it seems the weather man could give us only a light sprinkle. Roads are very dusty and grass pastures are so dry, every precaution should be used against fires.

H. C. Beck and son, Charles, are now operating the ice house, which will be a great convenience to those using ice boxes. Mr. Beck will also keep fresh watermelons as much of the time as possible.

Miss Frances Cable and girl friend of Fort Worth came in Monday afternoon for a visit in the home of her aunt, Mr. and Mrs. M. E. Parks and family. Francis was reared in the Parks home, after the death of her mother when she was only three years of age.

The Baptist revival closed Sunday with several additions to the church.

Mr. and Mrs. Edwin Sellheimer of Hamilton visited a while Sunday afternoon with her parents, Mr. and Mrs. Edd Allison, and family.

Mrs. Emma Lackey is staying at the home of her son, Bill, and family during the illness of Mrs. Lackey's father, Mr. J. C. Sills, who is in the Hamilton Hospital in a very serious condition.

We are sorry to report the illness of Miss Ola Frances Grimes who has been quite ill with an attack of pneumonia the past week. She was slightly improved at last report. We hope she will soon be fully recovered.

We rejoice to learn that the W. F. Clayton family of Dallas are to make Hico their home. They resided here for many years and we are glad to learn that this fine family are returning near us. We understand Mr. Clayton has already resumed his work as barber there.

We also noticed in last week's paper where another one of our former Fairy citizens and his family have moved to Hico, this being Fred Dunn and family. We'll be seeing you folks soon, we hope.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited last Sunday afternoon in the home of his brother, Mr. and Mrs. Dewel Sellers of Pecan community.

Those from here attending singing at Littleville Sunday afternoon were Ernest Brummitt, Nat Grimes and the writer. All of them visited Mr. J. C. Sills at the Hamilton Hospital after the singing. Mr. Sills, whose home is in Hamilton, is a former resident of the Fairy community.

Mr. and Mrs. Newt Adams Jr. became the proud parents of a little daughter, born Friday of last week at the Hamilton Hospital. Newt is in the service and his wife has been making her home with her parents, Mr. and Mrs. Higginbotham. We hope he will soon be able to return home. Sorry we do not have his rating or where he is stationed.

Mr. and Mrs. Ernest Brummitt visited Sunday with Mr. and Mrs. Nat Grimes and daughters.

Norman Thompson and others of the Dalton Memorial Co. of Hamilton were here recently installing a nice monument at the tomb of Sammie Davis.

T. L. Betts spent the week end in Stillwater, Okla., visiting in the home of his son, Lester, and family and seeing the new granddaughter whose name he tells us in part is Irene. He stated that he just couldn't remember the rest. Mrs. Betts, who has been there

the past several weeks, will probably accompany Mr. Betts back to Fort Worth, where she is employed.

Miss Peggy Ruth Allison of Waco spent the week end with her parents, Mr. and Mrs. Edd Allison, and Texie Dell.

Mrs. Lawrence Adams and son, Jimmy, of Hico are visiting at this writing in the home of her sister, Mr. and Mrs. H. O. Richardson, and son, Jerry.

Mr. and Mrs. H. L. Roddy and children, Ruth and Leighton, of Tahoka visited last week with Mrs. A. Alford and Mr. and Mrs. Benn Gleason.

We received the sad news Tuesday morning of the death of Mr. J. C. Sills of Hamilton, who passed away Monday night after a lingering illness. Funeral services were set for Tuesday at the Church of Christ at Hamilton. The family have the sympathy of their friends and former neighbors of this community.

NOT BIG ENOUGH FOR THE JOB

MUNICIPAL SWIMMING POOL
 RENT BATHING SUITS HERE

Is your home wiring system BIG ENOUGH for its job?

There's a limit to how far home wiring will "stretch," just as there's a limit to how far a bathing suit will stretch.

If the wiring in the walls of a home is too small, it chokes down the flow of current to lights and appliances. Lights dim when the refrigerator starts up or the iron is in use. Heating appliances come up to temperature slowly, taking longer to do their jobs and wasting current.

If there are not enough branch circuits and outlets, it necessitates resorting to unsightly tangles of extension cords or disconnecting one appliance to plug in another. Circuits become overloaded, causing wires to heat up dangerously or fuses to blow out.

Before you build, buy or remodel a home, it will pay you to check the wiring system with your electrical contractor. Make sure it has large enough wire, enough circuits and enough outlets and switches to take care of your needs, now and in the future. Adequate wiring is the key to better electrical living.

What is Adequate Wiring?

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, conveniently located.

Eggs Need Extra Care in Summer:

Heat plays an important part in reducing egg quality, says F. Z. Beanblossom, poultry marketing specialist for A. & M. College Extension Service, pointing out that extra care is needed in handling and storing eggs to maintain egg quality during the summer months.

Eggs are a very perishable product and will start deteriorating within a few hours after they are laid if the temperature is not controlled. But egg quality can be maintained by proper storage and care.

The specialist offers these suggestions for better egg quality:

- Gather the eggs at least three times each day during hot weather and cool them immediately. Gathering the eggs in a wire basket permits circulation of air through the eggs to reduce temperature caused by body heat of the hen.
- Store eggs in the coolest part of the house until they can be marketed, but do not store them near onions, kerosene, apples or other materials that have strong odors or flavors.
- Unless hatching eggs are being produced, don't allow roosters to run with the hens. Hens will lay as many eggs without roosters in the flock and infertile eggs will not deteriorate as rapidly as fertile eggs.
- During warm weather, market eggs at least twice a week. Keep them in a cool place, 45 to 60 degrees F., until sold.

New illustrated leaflets on the care of eggs are available upon request from the local county agricultural agent or the Extension Service, College Station, Texas.

Final Plans For Peach, Fruit Show At Stephenville

STEPHENVILLE, July 30.—Final plans are being made at this time for the third annual Texas Peach and Fruit Show to be held here August 2 and 3 at the city park. Highlight of the show will be the coronation of the queen at the intermission of the square dance which is to be held Friday night, Aug. 2. Election of the queen is being held in Erath county at this time.

Over \$250 is to be awarded in the various classes of the show, which will include peach, pear, grape, plum, apple, fig, tomatoes, and watermelon exhibits. Canned fruits have also been added to the contest this year, and exhibits are expected from all of the home demonstration clubs in Erath county and several from adjoining counties. The following clubs are expected to enter from this county: Lone Oak, Clairette, Alexander, Green Creek, Purves, Lingleville, Huckabay, and Duffau.

Many fruit growers from over the state are expected to bring fruit here for the show. Lloyd W. Terry, horticulturist for Wolfe Nursery has been touring the state for the past two weeks in interest of the show and reports that there will be many exhibits here from points in the state. Many growers have already shipped their fruit here to be placed on cold storage to await the show.

A parade will be held at 10 a. m. Friday morning, in which a group of representatives of the Dublin Rodeo will appear, as well as other delegations.

The annual discussion meetings will be held in connection with the show this year, and many of the most famous names in Texas fruit culture will be here Saturday morning to give talks and answer questions relative to the many things which are of interest to the fruit grower.

I want the voters of Hamilton County to know that I am indeed grateful for the splendid vote of confidence accorded me in last Saturday's primary election. As you know, I felt that conditions did not warrant an intensive campaign, choosing rather to devote my time to the duties of the office during the campaign period.

That the voters were so considerable of my position, and have expressed their confidence in me in so definite a way, inspires me to even greater efforts of service. I hope that I may be able to make a better public servant in the future than ever before.

Again I thank you, and invite you to call on me at any time I may serve you.

Sincerely,

IRA MOORE

County Clerk, Hamilton County.
