Band Leader For Hico Seems Reality, Says Committee

Citizens of Hico will be pleased to learn that the services of A. G. Macy, well known, experienced band leader, have been secured to organize a municipal band. Mr. Macy has had many years of experience and was formerly employed at Dublin, where he had many fine bands.

A committee composed of Max Hoffman, Paul Neel, and Walton Gandy has been active for the past several days in efforts to finance the project, and this week announced that sufficient interest and enthusiasm existed to practically assure success of the project. In asking for the further cooperation of those whom they may not have seen yet, they requested an opportunity to talk the plan over at any convenient time. The following statement was released for publication:

"The band is being sponsored and financed by Hico business houses, civic organizations, and parents who wish their children to take music. Tuition rates are being fixed as low as possible and are very reasonable.

"Classes will be taught at the school in conjunction with other school work. Any parents who wish their children to take music are urged to get in touch with Mr. Macy or one of the committee members at once. Also any one who has a musical instrument for sale is requested to notify Mr. Macy, as many instruments will be needed."

A list of sponsoring business houses and individuals signed up so far for one year includes:

First National Bank
Hico Chamber of Commerce
Everett Home & Auto Supply
J. B. Woodard Produce
Walton Gandy Insurance
Hoffman's Department Store
Knox & Tulloh Produce

They'll Be Rough Sept. 12, 13, 14, 15 at Dublin, Texas, Rodeo

An unusual picture of a Dublin rodeo bronc really "In the Air." The Preview Madison Square Garden Rodeo will be held in Dublin, Texas, on the nights of Sept. 12, 13, 14 and 15, just before the World's Championship Rodeo Corporation embarks by special train from Dublin for Madison Square Garden show. All New York special acts, stock, cowboys and equipment will be used in the preview rodeo at Dublin this year. A 10,000 seating capacity "Colborn Bowl" has just been completed with seven chutes, complete lighting and loud speakers. This is the seventh annual rodeo at Dublin that has become known as the outstanding show of Texas and ranks second to none in the nation.

Hico Garden Club Held Its Regular Monthly Meeting

The Hico Garden Club had its regular monthly meeting on August 9th at the Methodist Church. After the roll call and business meeting, a very timely and interesting program was given.

Mrs. John H. Golightly gave a talk on frame gardens, and Mrs. Harold Hanson gave a talk on fall gardens.

Following the program pamphlets containing valuable information on both subjects were distributed. The club was glad to welcome several new members.

Hico Firemen Request Caution In Burning Trash

The Hico Volunteer Fire Department met in regular session Monday of last week, August 12, with 15 members present.

After roll call, minutes were read and approved.

Frank Falls, post commander of the American Legion, had the fire boys to burn off the grass on the lot by the old swimming pool in preparation for its use by the firemen as a parking lot during the Reunion. They also burned off another lot below the railroad.

The Hico Fire Department received a letter from Mr. B. J. Pruet thanking the department for assistance in putting out the grass fire on his ranch between Hico and Stephenville, and as a gift to the department he enclosed a check for \$50.00. We certainly do thank Mr. Pruet for this fine donation, also Mr. Roy Cathey, who gave us \$10.00 for services in extinguishing a grass fire at his ranch near Clairette. Also Charlie "the Jew" Gross gave us \$1.00. We appreciate each one of these gifts.

We have the fire hall all re-papered now and it sure looks nice and clean.

The Fire Department wishes to request that every citizen in the town and community be very careful in burning trash, and try to prevent pasture fires which are so dangerous to property and lives.

With no further business to attend to, the meeting was adjourned subject to call by Chief Charlie Meador.

Hamilton to Get Street Lights and Power Rate Cut

At a meeting held last Thursday afternoon the Hamilton City Council accepted a proposed cut in light and power rates that will save the users of electricity here approximately \$2,500 to \$2,800 per month. The new rates went into effect for the current month.

At the same time the Council accepted the Community Public Service Company's offer to furnish the physical properties free of cost to the city, for the installation of a system of street lights around the square and one block off the square on eight adjacent streets. The city and county will pay for the fixtures around the square under the terms agreed upon while the Community Public Service Company will furnish fixtures and equipment on the adjacent streets.

The rate cut also includes a reduction for 44 power users of the city, not originally included. This will result in a saving of 13.2 percent to these firms. — Hamilton Herald-News.

ANNOUNCE ARRIVAL OF SON

Mr. and Mrs. John Mortocci announce the arrival of an 8-pound, 8 1/2 ounce son, born Tuesday, August 13, at 11:20 a. m. at the St. Joseph Hospital, Fort Worth, Texas. He has been given the name of John Douglas. The mother is the former Miss Margaret Barbee.

State Championship Golf Tournament to Be Here Aug. 25-28

Invitations are being sent out over a wide section to golfers for a tournament to be held at Bluebonnet Country Club, Hico, on August 25, 26, 27, and 28. Title will be awarded for state championship on sand greens. A small entrance fee will be charged, and there will be prizes for all, according to Ray Cheek, who is chairman of the publicity committee.

Qualifying rounds will start the first day, Sunday, and continue through Monday, with match play in all flights scheduled to start Tuesday morning. There will be driving and approaching contests Monday afternoon.

A Calcutta pool and barbecue will take place at the clubhouse on Monday night.

Rev. J. F. Isbell is general chairman of the tournament, and the general committee is composed of Goodwyn Phillips, A. A. Brown, and H. F. Sellers. Other committee members have been named as follows:

Publicity: Ray Cheek, Emory Gamble, Roland Holford.

Calcutta Pool: H. N. Wolfe, A. A. Brown, E. H. Randals.

Finance: Paul Neel, S. J. Cheek, Morse Ross.

Greens: Ralph Cook, Billie McKenzie, Billie Keeney.

Refreshments: C. B. Mackie, Johnnie Thompson, J. L. Goodman.

Prizes: Brother Isbell and Paul Wren.

Rules: A. A. Brown, H. F. Sellers, H. N. Wolfe.

Caddy Master: Billie Keeney.

Manager Declares Reunion A Success "In Every Way"

S. J. Cheek Sr., manager for Hico's 80th Annual Reunion which closed last Saturday night, made his report to the committee this week. The report showed a satisfactory net profit above expenses, which was put in the bank for use in future events of the same nature.

"There were good crowds each day and night," Cheek said, "and the whole world turned out Saturday night." The veteran reunion manager said he had worked under severe handicaps this year, since this was the first celebration held since before the war and everything was out of gear. Shortages of bottled drinks, sugar, bread and meat made headaches for the manager and concessionaires, and a lot of extra expense was caused by higher prices of labor etc. But in spite of this, the finances did as well as could have been expected and gross business was the greatest ever.

Crowds were orderly, and very few disturbances were reported, none of them serious. City and county officials were assisted by the State Highway Patrol, and good humor seemed to predominate during the four-day show.

Cheek has asked the News Review to express his sincere thanks to the public for having made the 1946 Reunion a success "in every way." He feels that the hard work and expense put out on the affair was more than repaid by the people's enjoyment, and hopes each one who had a part feels the same way about it.

Fire Damages Gulf Warehouse Sunday Afternoon

A blaze originating inside the Gulf Company's warehouse last Sunday afternoon threatened to spread to other property, but good work on the part of Hico firemen who arrived on the scene promptly confined the fire to the interior of the building where Gulf Spray and other products were stored.

The department has been called out often for the past several days to extinguish grass fires. Last Thursday the firemen went to assist in putting out a grass fire at the property of John Golightly and George E. Holladay. Another grass fire Monday afternoon near the residence of J. H. Ellington was quickly extinguished.

\$375,000 Allotted Erath County REA To Make Extensions

Telegrams have been received from Senator Connally and Congressman Bob Poague advising that the Erath County Electric Cooperative had been allotted \$375,000.00 to make extensions in the counties served by this cooperative, according to information submitted to the News Review by George L. Martin of Stephenville, president of the cooperative.

"Members whose applications have been received and who are located on the extensions to be made will be notified by letter," Martin said.

Actual Construction On New Locker Plant Started Wednesday

Workmen started Wednesday excavating for foundations for the new frozen locker plant to be constructed on the lots north of J. B. Woodard's produce house. Y. C. Paschall of Brownwood, who with his partner, M. S. Norton, of Brownwood, recently completed details for the local enterprise, expected to start pouring concrete by the latter part of the week.

A large crew of local laborers is being used, and Mr. Paschall said that work on the \$39,000 plant would be rushed. All materials needed are available now, he said, and when completed there will be facilities for 450 lockers, thoroughly modern in every respect, and rendering a complete locker service, including slaughtering, chilling, cutting, sharp-freezing, pork-curing, rendering fat, poultry dressing, etc.

Frank Vernon of Brownwood will construct the building and Cotten Insulating Company of Dallas will construct the vaults. The Frigidaire Company of Waco will install the equipment.

Considerable demand for lockers has developed since the plant was assured, Mr. Paschall said, adding that notice will be given through the paper when they are ready to begin receiving applications. The first proposal for installing such a plant was made at a meeting of the Hico Chamber of Commerce in February. Several things have come up since then and Mr. Paschall said he was discouraged for a time, but that the cooperation he had received here only strengthened his determination to proceed with the enterprise. He feels especially indebted to Chas. M. Hedges, George Jones, and J. B. Woodard for the work they have done in ironing out details, and also wished to express thanks to the following business houses and individuals who contributed toward the purchase price of the three lots the plant will occupy:

Randals Brothers, Everett's Home & Auto Supply Store, Max Hoffman, Grady Barrow, Paul Neel, O. L. Davis, John Rusk, R. B. Jackson, L. W. Howard, H. N. Wolfe, Roland L. Holford, Raymond Lowe, Roy French, Barnes & McCullough, D. R. Proffitt, Knox & Tulloh, W. A. Jenkins, J. W. Riebhorn, Herrington's Grocery, Cecil Segrist, Blair's Fin Shop, E. A. Thompson's Cafe, J. H. Ellington, Arthur Burden, Willard Leach, J. D. Jones, Ogle Bros., R. E. Turner, Elder's Cleaners, Hico Cleaners, Dr. H. V. Hedges, Texan Cafe, Don's Cafe, Blackie's Cafe, J. C. Prater, E. C. Federal Aid Airport Development to Be Discussed At Waco

Special to The News Review:

Under the Federal Airport Act, approved May 13, 1946, the Civil Aeronautics Administrator is directed to prepare a National Airport Plan outlining the development of public airports in the United States which is justifiable from an aeronautical viewpoint and estimated to be required within the next three years. This National Airport Plan will be the basis for establishing construction programs within the limitation of funds appropriated by Congress for accomplishing the same.

A public meeting will be held at 10:00 a. m. on August 26, 1946 at Waco, Texas, in the Roosevelt Hotel Ballroom. At this meeting a representative of the Civil Aeronautics Administration will explain the provisions of the Federal Airport Act and will welcome data and information concerning the aeronautical needs of this area, which area is comprised of the following counties: Bosque, Hamilton, Coryell, Bell, Falls, McLennan, Navarro, Freestone and Limestone.

The attendance of all interested officials and persons is requested, according to C. L. Willis Jr., District Airport Engineer, Civil Aeronautics Administration.

Two Hico Veterans Attend "Site Sale" Of Surplus Property

Special to The News Review:

Two Hico veterans, Homer V. Hedges and Hester D. Hamrick, were among the 1,000 certified veterans who attended the five-day "site sale" of \$2,000,000 worth of surplus property at the Fort Worth Quartermaster Depot, Aug. 13 through August 15.

War Assets Administration officials in Fort Worth announce similar "site sale" to be held at the Pantex Ordnance Plant, Amarillo. Certified veterans can make purchases Aug. 27, 28, 29, 30, and Sept. 3.

Fairy

By
Mrs. J. O. Richardson

We have been having thunder showers around the past few days and are in hopes the weather man will send us a good rain soon.

The Church of Christ meeting is in progress, with good attendance. All are invited to attend the services the remainder of the week.

Mr. and Mrs. Oscar Reeves and family have moved to the Dunklin ranch. Mr. and Mrs. Dooly Whitaker have moved to the Parks place vacated by the Reeves family.

Mrs. Edd Allison and sons, Waynand and Texie Dell, and Miss Peggy Allison were in Hamilton last Sunday to see their new grandson and nephew, the infant son of Mr. and Mrs. Edwin Seilheimer of near Lund Valley, who made his arrival early Sunday. The mother is the former Miss Tommie Jo Allison. The young man has been named Dan Keith.

Mr. and Mrs. Raymond Driver and family of Dallas spent the week end here with their parents, Mr. and Mrs. M. E. Parks and Mr. and Mrs. B. F. Driver. Their little son, Kenneth, and daughter, Neida Jo, who had been visiting here for several weeks, returned home with them.

Mr. and Mrs. O. L. Jacobs of Muleshoe, Texas, spent from Sunday until Tuesday in the home of her brother, Mr. and Mrs. J. O. Richardson.

Mrs. Della Seago and little daughter, Sherry, of Waco were visiting her parents, Mr. and Mrs. Edd Allison last Tuesday and Wednesday and attending the Hico Reunion and parade.

Mr. and Mrs. J. O. Richardson and Mr. and Mrs. O. L. Jacobs were in Iredell and Meridian last Sunday. The ladies attended the singing at Iredell and all motored on for a short visit with Mr. and Mrs. L. A. Richardson at Meridian.

Mr. and Mrs. Jerry Todd and Mrs. V. L. Thompson of Lubbock visited here this week with their parents, Mr. and Mrs. Jerry Todd Sr., and attended the Hico Reunion. Mrs. Thompson is the former Miss Lola May Todd. Her little one-year-old daughter has been visiting here with her grandparents for several weeks.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited last Sunday afternoon in the home of his brother, Mr. and Mrs. Dewey Sellers, of the Pecan community.

Mr. and Mrs. Layrence Adams

and Marlene and Jimmy of Hico attended church services here last Sunday at the Church of Christ and spent the remainder of the day visiting in the home of her sister, Mr. and Mrs. H. O. Richardson, and Jerry. Marlene remained for a few days' visit.

Mr. and Mrs. C. M. Tinkle were in Dublin last Sunday for a visit with Mr. and Mrs. D. E. Allison and family.

Waynand Allison of Baytown who had been spending his vacation period here with his parents, returned home the first of the week.

Below is a copy of an item appearing in last Sunday's Fort Worth Star-Telegram regarding Mrs. Kathryn Flowers Housley, great-niece of W. E. Goynes and Mrs. O. E. Whitson of this place: "Mrs. Kathryn Flowers Housley, 29, a student nurse, walked onto a foot-wide ledge outside a window on the 7th floor of Harris Memorial Methodist Hospital Friday night to rescue a woman patient who had crawled there. 'I wasn't scared then,' she said, 'but when I got us both back inside, I nearly passed out. If she had rolled just a little bit, we would have both plunged to the ground.' A 16-year-old boy police patient saw the woman crawl out the window. He attracted the attention of a nurse's aide, who called Mrs. Housley. She had to take two full steps down the ledge to get to the woman before pulling her inside. The woman had been despondent over ill health, it was reported. Mrs. Housley, of 522 Youngblood, will graduate from the nurses' school this year." Mrs. Housley has visited in Fairy on various occasions. Her mother, the former Miss Sybil Blakely, was reared

at Fairy. We congratulate her on her bravery.

The name of R. J. Parks was omitted from the list of pallbearers in last week's news, who served at Mr. Whitson's funeral. We regret the omission.

Visitors last week in the Benn Gleason home were Mr. and Mrs. B. A. Gleason and daughters of Lott, Mrs. H. L. Roddy and children of Tahoka, and Miss Sallie Alford of Dallas.

THIS AND THAT
By JOE SMITH DYER

ARE WOMEN WEAK?
Practically all men are prone to call women weak and silly. Women are wise. It's men that are made of the gauzy stuff.
Most men are unsafe, rickety, unfirm and feeble and I'll prove it.
Wise women place a very high value on their looks.
They are as proud as a hen with one chicken.
They spend much time — and feeble man's money — in order to appear attractive. They marry a man who is perhaps as bald as Allah and as homely as the King of Spades.
But—women are smart enough to know that it is what is in a man's head and not what is growing on top, if anything—that is going to contribute to their happiness.
Women are wise enough to know that a "screen shik" is liable to lose his good looks some moonlight night.
Wise women accept brains while weak men prefer paint and powder.
I said I'd prove it!

STEELWAYS OF NEW ENGLAND
"Steelways of New England" is the first volume of a great railroad series because New England is first in railroad building.
Here's the record:
The first railroad in America was a horse-operated line in Quincy, Mass.
The first design for a sleeping car was made by a Massachusetts man 35 years before Pullmans time.
The first vestibule train was operated in Connecticut in 1857.
The first express business was started in Massachusetts.
The first five-mile railroad tunnel (The Hoosac) was begun in 1855, many years before the construction of the great Alpine tunnels.
The first three trans-continental lines — the Union Pacific, the Santa Fe-Southern Pacific, and the Northern Pacific were built, operated and financed by New Englanders.

In the book the author, who is Alvin F. Harlow, presents facts about early railroading not found in ordinary railroad histories.
The book is illustrated with photographs of old wood burning engines, mushroom and diamond stack locomotives, historic old railroad stations, old time cards, excursion handbills and funny announcements of stops for dinner. The book is published, as all in the series will be from time to time, by the Creative Age Press, New York.

Women, it is said, change their minds oftener than men and this perhaps accounts for the fact that a woman's mind is usually clearer.

SEVERAL weeks ago a Chicago theatre booked the film "Suspense" starring Belita, British skating artist, and as a special treat, also featured the glamorous blonde in an ice revue on the stage.
To round out the stage bill, Jack Owens, cruising crooner of ABC's Breakfast Club was signed... Instead of being just an ingredient of the cake, however, Jack Owens proved to be the whipped cream topping, for when the audiences dispersed, it was Jack Owens people talked about.

You can't meet Jack without feeling a surge of admiration for the fellow. Chatting with him is like holding a conversation with the friendly chap at the neighborhood store... He's sincere, cheerful and sharp-witted... You rarely catch him without a broad smile. Handsome, he's the type of crooner that appeals to men as well as women. He has brown hair and twinkling brown eyes. He's married and the proud father of three children: Mary Ann, 11; Johnny, 9, and Noel, 5.

Thrill in Composing
Besides his singing, Jack also plays the piano and is a composer of some distinction. He's written such hits as "Roundup Time in Reno," "Lullaby Lullaby," the amazing "Hot Hot Song," and the current favorite, "Cynthia's in Love." He has completed another entitled "Don't Publish a Word They Say," to be published soon. Any excitement in composing? "Well, it sure was a thrill to have 'Hot Hot Song' make number one on the Hit Parade," he grinned.
He spent his vacation this year in California and is working diligently on future plans. He's always been popular, but once he gets the one small break he needs, watch this chap's thunder... he's destined for big things. And success couldn't come to a nicer person.

Frank Crosetti, now back to his old post at shortstop on the Yankees, is noted for his cheerful gab-bing. He is enough to spark a second place team into pennant winning form, according to Larry McPhail. Frank is hitting around .240 considered good for an infielder. McPhail loudly denied a rumor that Crosetti was to be shifted to Oakland. Joe McCarthy bought him for \$75,000 in 1931 from San Francisco.
In an effort to work out a defense against the "F" formation, Coach Charley Baer of the University of Detroit made a scientific study of the starting speed of the backs. He found that it took a typical half-back 1 and 13/64 seconds to hit the line... too fast for most linemen to stop. He concluded that defense men must be exceptional to make up the time in his initial charge. "A split second deceptive maneuver by the offense and he's too late," Baer points out that mistakes by the offense... the "T" requires letter-perfect timing and ball handling... gives the defense a break.

Florida ball fans are too rambunctious. It appears. W. G. Bramham, czar of the Florida State league has threatened to halt all games unless attacks on umpires cease. It has passed the stage of pop-bottle hurling. Players, backed up by fans, who swarm over the field, have repeatedly assaulted umpires. The blue-suited arbiters have tendered their resignations en masse unless conditions improve.
Del Zesiger, 21, a veteran and University of Utah student, died after being knocked out in a professional boxing match at Salt Lake City. Zesiger becomes the sixth boxer to die following ring injuries since 1946 began. Mexican league money isn't as attractive as it was a few months ago. Mickey Owen's jump back to the states has set other American ball players to thinking. Vern Stephens quit after two games. Some 25 American stars are still in the Mexican league, but there is much grumbling. The high altitude (7,500 feet) digestive troubles, the mixture of races on the teams, all irk the boys from the U. S.
Tony Lazzeri, for 12 years a star on pennant-winning Yankee teams, died at his suburban home outside San Francisco. He was 42.

Florida ball fans are too rambunctious. It appears. W. G. Bramham, czar of the Florida State league has threatened to halt all games unless attacks on umpires cease. It has passed the stage of pop-bottle hurling. Players, backed up by fans, who swarm over the field, have repeatedly assaulted umpires. The blue-suited arbiters have tendered their resignations en masse unless conditions improve.

Ed. Note: This newspaper has arranged with the Washington Bureau of National Weekly Newspaper Service, 1616 Eye St. N. W., Washington 6, D. C., to answer questions pertaining to servicemen and veterans. These questions will be answered in this column if addressed as above. No replies can be made by mail, but this paper will print answers to all questions received.

Q. Is it possible for me to visit my son's grave at government expense? If so, how soon?—R. S., Denver, Colo.
A. There is no law at present which provides for any appropriation which may be used for expenses of civilians for travel to graves of veterans buried overseas.
Q. My former husband served in the army three years. During the time there I received an allotment for my two children. We were divorced a year before he joined the army. The divorce papers state he has to pay alimony for the children and myself. The government sent us \$40 we were getting as alimony and now I'm told all that the government paid was the allotment. Can you answer this?—Mrs. G. L. D., Branch, Mich.
A. This is a legal case and you should consult an attorney. You might write to the Office of Dependency Benefits, 215 Washington Street, Newark 2, N. J., giving them full details.
Q. My husband served with Boak's troops in Texas and Mexico at the time of the trouble down there. His discharge was destroyed by fire quite a few years ago. On August 24, 1945 he passed away and I am a widow and have been unable to work since Oct., 1945. My husband was an invalid for five years before he died. I would like to know if I am in any way entitled to a pension or a small income. We have a medal he received for Mexican border service in 1916 and he also served with the Pennsylvania National Guard.—Mrs. M. L. R., Lewistown, Pa.
A. I do not like to arouse your hopes then have them killed, but it is possible that you may be entitled to a pension. Write to the Office of the Adjutant General, War Department, Washington 25, D. C., and ask for a certified copy of your husband's discharge and as much of his service record as they will send you. You might also contact the National Guard headquarters in Pennsylvania for any additional data concerning his service. Would suggest that you enlist the aid of the Red Cross or of the American Legion Post in your town. When you have all possible information apply to your nearest office of the Veterans Administration and they will determine your eligibility for a pension.
Q. I was honorably discharged in Sept. 1943. I filed my claim while still in the hospital and received a card in Feb. 1944 which acknowledged receipt of my claim 526. I filed supporting affidavits, I believe, in March 1944 and had them notarized and returned. I was not called for examination at the Veterans hospital until Dec. 1944. Then my disability was proven. The Veterans Administration at Chicago held that since my claim was not proven until more than a year after discharge I was only entitled to back disability pay until Dec. 18, 1944, or date of proof.
I feel that since I filed before a year had elapsed after my discharge that I am entitled to back pay from the date of my discharge Sept. 1943. Please advise me on my rights and how to proceed to collect the 15 months back pay on the 10 percent service connected disability.—R. D. W., Iola, Ill.
A. I am inclined to believe you are right for under ordinary circumstances if you file for disability under a year from discharge you are generally entitled to disability pay from date of discharge. Of course, I am not conversant with all details but you have the right of appeal in your case. Have asked the Veterans Administration to look up the case from this end. Suggest that you ask the Chicago office to reopen your case on appeal and for review. Your local American Legion Post may be able to help you.

This Week in WASHINGTON

What Chief Justice Fred M. Vinson can or will do to restore dignity and decorum to the United States supreme court is a subject of interesting conversation in Washington and in judicial circles throughout the nation.
The return of Justice Robert H. Jackson from Nuremberg where he has been prosecuting Nazi war criminals has added to the conjecture as to the final outcome of the open feud between Justice Jackson and Justice Hugo L. Black. And the Jackson-Black feud is not the only difficulty which faces the new chief justice, who replaced the last of the "Nine Old Men" who were the objects of the purge plan of the late President Roosevelt. There is a complete set of new faces on the bench, with an average of 56 as compared to an average of 71 when the late president sought liberal decisions on his great legislative and social reforms back in the 1930's.
There are rumors of other deep rooted differences between the court members and there also is considerable gossip concerning activities of one or two members of the body. All of which tends to lessen respect for the efficiency of the court itself. It is said there is a large backlog of cases which the court has not decided due to its internal bickering.
The new chief justice has held many big jobs which required administrative ability of a high nature. He says he comes from a country where it is dangerous to be afraid. He has no more authority on the court than any other member since he has only one vote. But as chief justice he fixes the docket and perhaps has the authority to guide the court at least to a judicial attitude.
For the sake of the court and also for the sake of the country, let's hope that Chief Justice Vinson can use his courage and his administrative ability, his judicial knowledge and his reputation for settling major disturbances among conflicting personalities, to bring back once more a smooth working, dignified United States supreme court.
The last days of the 79th Congress brought to light some new and bizarre examples of the use of riders attempting to defeat legislation favored by a majority or to obtain approval of measures opposed by a majority or by the President. And probably for the first time the filibuster and the rider were combined to force a new parliamentary weapon.
This combination was used first by Senator Wayne Morse, (R-Ore.) when he threw the senate into an uproar by introducing the filibustered anti-poll tax bill as a rider on the Tidewater Land bill then under consideration. Senator W. Lee O'Daniel also threatened a comparable filibuster-rider tactic when, as a bitter foe of the OPA he threatened to tack the Fair Employment Practices bill, also a filibustered bill, as a rider on the OPA bill to defeat it.
As a result of these tactics, Senator William F. Knowland, (R-Cal.) introduced two resolutions into the senate seeking to prevent riders by forbidding amendments not germane to bills under discussion. He also sought, in another resolution to amend the 30-year old cloture rule to permit limitation of debate by a mere majority instead of the two-thirds rule. Of course no action was taken on these resolutions.

"Just a brief note to say hello, and have the paper changed, because you can plainly see I'm not in Miami, Okla. any longer, and I do not have a permanent address out here," says a note from an ex-Waco, Mattie Greer. Then Mattie goes on to tell some real news: "You may also change the name on the paper from Mattie Greer to Mrs. James Hamilton. Will drop you a line as soon as we get located."

J. J. Smith enjoyed a chain of pleasant surprises last Saturday afternoon that he considers rather out of the ordinary. All of his children visited him for the first time since their mother died over eight years ago, and none of them knew beforehand that the others were coming. Mr. and Mrs. J. H. McNeill of Waco drove up first, and Mrs. McNeill went out to Black Stump Valley for her sister, Mrs. L. W. Weeks. About thirty minutes after they returned, Claude Smith drove in from Houston, and in less than an hour later another car arrived, bringing Will Smith from Temple, and Mr. and Mrs. Carroll Smith and Bill D. Smith from Waco. Mr. Smith said he was so delightfully shocked that he just sat there and took it easy all the time his visitors were present.

Mexican Government Sending Big Exhibit To Texas State Fair

That the Mexican Government will send a big exhibit to the State Fair of Texas this year, for the first time since 1924, was announced by W. H. Hitzelberger vice president and general manager of the Fair, this week. Hitzelberger stated that he had received word from the Mexican Tourist Department at San Antonio that the exhibit would arrive at Fair Park about September 15. More than a thousand articles of Mexican silver, pottery, leather and rare lacquers will be included in the exhibit, as well as a large collection of colorful Mexican regional costumes. The exhibit will occupy some 1500 square feet in the Foods Building.
The exhibit was procured with the aid of Fernando de al Gerso San Antonio offices of the Mexican Tourist Department; Gustavo Ortiz-Hernan, Mexican Consul General; and Alejandro Buelna, head of the Tourist Department, Mexico City.

When individuals have symptoms which they think are caused by a disease of various organs—heart, stomach, gall bladder and others—yet there is no real organic trouble present, they are said to have neurosis.
In neurosis the nervous system is upset but there is no change in its structure or in the structure of the organs affected. It may follow shock, illness, injury, overwork. The patient feels that he needs "attention," and should be excused from effort.

IN APPRECIATION

The children of Mrs. George W. Hail take this means of extending to the many friends of our beloved mother their sincere appreciation of the unnumbered gestures of sympathy and words and messages of condolence so graciously extended during the hours of our great bereavement. Each of us desire that every one of you know that your expressed Christ-like sympathies lifted much of the heavy burden from our broken hearts.

May a Divine Providence, whom our departed Mother so consistently followed, tender you His special blessing because of what you have done for us.

An Egg Shell has 8,000 Pores!

Through these pores in the shell, heat draws water from the egg, causing it to shrink . . . wilt . . . lose freshness.

That's why it's always important — and particularly in hot weather—to keep eggs where the air is cool and moist.

It's the only way to keep eggs FRESH . . . and they must be fresh to bring the top price. So gather them often, cool them quickly—and KEEP THEM COOL!

Allan Shivers Runs For Lt. Governor On Qualifications

Senator Allan Shivers, leading candidate for lieutenant governor, is seeking election to that office solely on the basis of his qualifications.

Shivers, a war veteran of two years overseas, during which time he earned 5 battle stars, did his best to make this a free country for a free people. He will continue that course as lieutenant governor. He has conducted a dignified campaign, free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers, enlarged public safety facilities, a thorough public health program, redistricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the pardon and parole system, a first class university for the colored, and equal responsibility from both labor and management. He is against a sales, state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people. In addition to integrity, sincerity and ability, he has a background of training and a record of public service already performed which gives him the right to ask for promotion.
[Political Adv.]

The Texas Safety Association says common sense counts on bicycles, just as it does anywhere else. You can "gangway" into a group of smaller children playing on the sidewalk—and see them scramble or get hurt. Or you can think of them first. You can be a fool on a bike or you can be bright beyond your years. You can hitch on trucks, run red lights, dart into traffic. Or you can be careful. Remember, when bike hits auto, auto usually wins. When bike hits child or grown-up, bike usually wins. But in either event, if you're riding the bike, you lose!

OF SCHOOL CHILDREN SHOULD HAVE ATTENTION NOW!

Health authorities of the State are urging parents to pay special attention to the health of their children before the opening of the fall school term.

"No longer," they say, "is it necessary to have school children provided only with books and some new fall clothing. Their health should be guarded closely, and at all times they should feel fit and able to do their best work."

Included in our stock are a number of tonics and remedies which will be of immense value in toning up the school child's system so that the maximum effort may result.

EVEN AT 60 M.P.H. NEW TIRE OUTWEARS PREWAR TIRES

Here is your answer to "Will today's tire stand up under a long grind at high speed?" In a test of the new B.F. Goodrich tire, test cars were driven steadily at sixty miles per hour, hour after hour, averaging over a thousand miles a day in all kinds of weather. Side by side on the wheels of these cars were prewar tires and the new B.F. Goodrich tire. The new B.F. Goodrich Silvertowns outran the prewar tires—showed less wear—were good for thousands of extra miles.

Mrs. Geo. W. Hall, Pioneer's Daughter, Buried Here Sunday

In the death of Mrs. George W. Hall, who passed away at the family residence at 305 Sackville St., Dublin, Tex., Friday morning, was ended life of the last remaining member of one of the outstanding pioneer families identified with this immediate section of Texas through almost three quarters of a century. She was the daughter of the late Captain and Mrs. Rufus Stinnett, who came to Hamilton county, near Old Hico, in 1872.

The pretentious two-story brick rock home erected by Captain Stinnett soon after his removal to Hamilton county still stands as a landmark of early day progress in this part of the State.

Mrs. Hall passed away quietly following a lingering illness to close a long, useful Christian life. She has resided in Dublin during the past 33 years. Funeral rites were conducted from the Harrell Funeral Home, Dublin, Sunday morning at 9:30, with the Rev. Oby Nelson, pastor of the First Baptist Church, officiating.

Mrs. Hall was held by those who had known her in life. Friends and relatives of the deceased were present for the rites, both in Dublin and at the graveside from Brownwood, Stephenville, Fort Worth, Comanche, De Leon, Dublin, Hico, Brady, Clairville, Alexander, Carlton, and other communities.

Mrs. Hall, nee Ella Stinnett, was born near Cameron, Milam county, on January 31, 1858. She was married to George W. Hall of Hico on December 27, 1876. To this union were born ten children, two of whom, Mrs. Lizale Christopher and Rufus W. Hall, preceded her in death.

All eight of the surviving children were present for the funeral rites. These include Mrs. William Denman of Dublin, Mrs. Carl Sowell of Brady, Mrs. Dudley Christopher of De Leon, Mrs. W. S. Cooper of Dublin, D. H. Hall of Los Angeles, Calif., Temple Hall of Lawton, Okla., George Hall of Odessa, and Byron Hall of Midland.

For many years the late George W. Hall, husband of deceased, was prominently identified with the industrial progress of this section of Texas. He was among the early day cattlemen of the area. In 1885 he moved overland a large herd of cattle from Hamilton county to pasture in El Paso county. The family returned to Hico in 1888 where for a number of years he was engaged in the retail hardware and implement business. In 1909 the family established their residence in Brownwood, removing from there to Dublin in 1913.

Active pallbearers were Luke Barrett, Joe Dorsey, W. M. Fowell, W. P. Hallmark, Albert Palmer and Jerome Schillburg.

HOUSE JOINT RESOLUTION

proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the

State; authorizing counties to provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State, provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasurer of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless provided for herein, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid."

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued

Madison Square Garden Rodeo At Dublin Sept. 12-15

Dublin, Texas, Aug. 21 (Special) — The Madison Square Garden, New York, rodeo will appear at Dublin, Texas, Sept. 12, 13, 14 and 15 in its entirety this year. The special train for New York leaves Dublin the day following the rodeo. All the special acts, cowboys, and cowgirls will assemble for the Dublin rodeo and to ride the special train.

Dublin has this nationally known rodeo only because the Gene Autry World Championship Rodeo and Associates, Ltd. have their rodeo ranch at Dublin. The Madison Square Garden, Boston, Fort Worth, Los Angeles, California, and Dublin rodeos are staged by this organization. This is their home.

Gene Autry and Champion will appear at every performance of the Dublin rodeo this year. This is the second time that he has appeared here. This is one of the most beautiful acts imaginable, and is a pleasure to every child and grown-up.

A new 9,000 seating capacity "Colborn Bowl" rodeo arena has just been completed and this year's show will be the first time it will be used. The enclosure inside the arena is large enough for a football field, providing a good view for everyone attending.

This is the seventh year of the Dublin rodeo and will be the biggest of them all. Every New York act will be given at the Dublin show. The time of each performance is Thursday night, Sept. 12, 8 p. m.; Friday night, Sept. 13, 8 p. m.; Saturday night, Sept. 14, 8 p. m.; Sunday afternoon, Sept. 15, 2 p. m.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1946, at which all ballots shall have printed thereon:

"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE," and "AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expense of such publication and election. (10-41c)

Criminals Preying On Rural Population At Alarming Rate

Special to The News Review: AUSTIN, Aug. 20. — Criminals are preying upon the rural population of Texas at nearly double the rate of two and a half years ago. Director Homer Garrison of the Department of Public Safety declared today.

Garrison said rural crime increased 85.27 per cent from the first six months of 1944 to the first six months of 1946.

Biggest gain was in robbery, up 158 per cent. Another staggering gain was shown in burglary, up 121 per cent. Auto theft jumped 96 per cent; felony theft 61 per cent; murder and homicide 55 per cent; and rape 48 per cent.

During the same period crime increased 42 per cent in the cities. The overall gain for both rural and urban jurisdictions was 54 1/2 per cent.

Garrison said law enforcement officers are "holding their own against long odds," for arrests have increased in direct proportion to the gain in crime.

Convictions, however, are lagging behind. The penitentiary system received 930 new prisoners in the first half of 1944; 862 in the first half of 1945; and 1221 in the first half of 1946, Garrison said. This represented an increase of 31 per cent from the 1944 to the 1946 period.

Health Protection For School Children Most Necessary

AUSTIN, August 21. — From a health standpoint children are not ready to enter school until they have been successfully vaccinated against smallpox," Dr. Geo. W. Cox, State Health Officer, reminds parents who expect to enroll their youngsters in September. "Many school districts make vaccination an entrance requirement, and children who have never been vaccinated, and also those vaccinated in babyhood, should be taken to the physician for vaccination now, so that the scar will be well healed before school opens."

Immunization against diphtheria is also strongly recommended for further protection. Parents are urged to have their children protected from diphtheria by immunization with toxoid. Children who had this protection in infancy should receive a booster dose before entering school in order to maintain immunity at a high level.

"These two types of protection against disease should be considered 'musts' for preschool children," Dr. Cox declared. "Any other immunizations that the physician may recommend will, of course, provide additional health security."

In addition to this protection against specific communicable diseases each child getting ready to enter school should also receive a complete physical examination by his private physician or

at the nearest clinic. Any treatment or correction of defects advised by the doctor should be undertaken immediately that the child may enter school in the best possible physical condition.
