From where I sit... by Joe Marsh

### Going Fishing? Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies. Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #1X&#17!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than a few inches.

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

### SPORTS

The Hico Tigers opened their 1946 football season at Meridian last Friday night. The Meridian Yellow Jackets outweighed the Tigers from five to fifteen pounds per man. It was a hard-fought ball game, and Hico just couldn't get started. The score was a tie, 0-0.

The Meridian team played on Hico's end of the field most of the night. They got inside Hico's ten-yard line three times, but the Tigers wouldn't let them cross for a touchdown.

The Tigers finally got the lead out of their pants in the last quarter of the game, but it was a little too late. The Tigers have a very good defensive team which they proved Friday night.

The Tigers play their old rivals, the Hamilton Bulldogs, tonight, Friday, Sept. 27. We hope to see everybody out to watch the game. The Tigers promise all the Hico fans a good ball game, so let's all be there to back them.

### REFLECTIONS

A little rumor has been buzzing around over the High School building to the effect that it's about time the girls took matters into their own hands and started asking the boys for dates. In other words, it's time we had what is known as Sadie Hawkins Day.

In case some of you poor underprivileged characters don't know what Sadie Hawkins Day is, we shall undertake the duty of explaining to you, in words of one syllable, the full import of this dreadful expression.

Sadie Hawkins Day is merely a day, to be determined at a later date, on which the girls ask the boys for dates. If a boy can offer, truthfully, none of the following excuses, he must accept her kind invitation:

1. He has another date.
2. He has a broken leg.
3. His grandmother is sick or dying.
4. He is married.
5. He is too young to date women.

The rules for this contest will be published at a later date.

### SENIOR NEWS

The "dear old golden rule days" are here again, although it seems to be more rule than dear. But this year we have become what is known as privileged characters. Even Mr. Parker had to admit it last Friday when our rings came. And if you aren't a Senior, you certainly should be envious of us; we have the prettiest rings any Senior class has ever had. That's just our opinion, of course, but then who's going to argue?

We organized our class last week, and gave Mrs. Angell the honor—or should we say, headache—of being our sponsor. Ralph Ellis became our president; and, since no one else seemed to want the job, Billy Jackson is our vice-

president. After some debate, Mildred Trammel was elected secretary, and Willa Dean Hancock, treasurer. Willa Dean was also chosen to represent us at the football games as pep leader; Wendell Knight is going to help her with the yelling. This is Willa Dean's fourth year at this job, and we're pretty proud of her.

Back to our class officers; Frances Angell is going to edit "The Mirror" this year, and yours truly has turned reporter.

We sorta think we have a pretty good class, but then doesn't everyone? Anyway, we are going to do our best to live up to the honor and tradition of being a SENIOR!

### JUNIOR NEWS

The Juniors elected their sponsor and class officers last week. They are as follows:

Sponsor, Miss Hammons. President, Mary Nell Battershell. Vice-President, Betty Dodd. Sec.-Treas., Joan Gollightly. Pep Leader, Betty Dodd. Reporter, Patsy Roberts.

The Juniors will be selling sandwiches at the football game Friday night.

### SOPHOMORE NEWS

Last week the Sophomores met and elected class officers. They are as follows:

President, Odell Terry. Vice-President, Charles Gollightly. Secretary, Patsy Meador. Treasurer, La Verne Parker. Pep Leader, Margie Grimes. Reporter, Shirley Seago.

We have two new students this year, Lois Williams from Monahan and Jo-Nell Caughy from Big Spring.

Those who went to the football game Friday night enjoyed it very much. The Tigers played a good game and we hope they play as well, if not better, with Hamilton.

### FRESHMAN NEWS

The Freshman class elected class officers last Monday morning. They are as follows:

President, Wendell Burden. Vice-President, Lester Simpson. Secretary, Patsy Tooley. Treasurer, Barbara Brooks. Class Reporter, Wanda Nell Johnson.

We are glad to have Mr. Parker as our sponsor, and we're looking forward to a very nice school year.

### CRYSTAL BALL

Now we take a look to see if everyone is starting off this school term the right way.

Willa Dean seems to have had a good time Saturday night at the dance at John Tarleton. No wonder—Jack Neel was along! Or maybe we should say they were together.

Next, we see Betty Land in a green Dodge Saturday night with Wesley Gosden.

I'm beginning to see another picture in the C. B. It looks like—it is Betty D. and Dub F. and with them are Louise H. and L. R. M.

Wonder why Margie Land was so blue Saturday night. It couldn't be because Junior Jenkins didn't come in, could it?

I see Dorothy Lewis in the show with Shorty H. from Iredell. I believe.

Wendell K. and Patsy R. were together again Saturday night. This could get to be a habit.

Ralph T. you had better watch your step or La Verne might get jealous. Hico girls are always better than Stephenville girls, anyway.

Shirley S. and Wendell B. seem to find lots to talk about at noon every day at school. They make a cute twosome.

There seemed to be a mix-up

with clothes on the bus Friday night between B. D. and L. F.

If anyone has any troubles that they want help with, just write Zingara a letter. I'll be very glad to set it. I might have to get help from Zingosa, so make it easy for our superior brains can stand only so much.

### Carlton

By Mrs. Fred Geye

## Stronger Body Helps This New Tire OUTWEAR PREWAR TIRES

No sensible driver would deliberately run his tires over a rock like the one in the picture. But sometimes it can't be helped...and that's when you will be glad if you have B.F. Goodrich passenger car tires. Built with more and stronger cords, the tire body is better engineered and 35% stronger than in wartime tires. But in building this stronger body to hold the more durable, wider, flatter tread, B. F. Goodrich engineers built into it greater resistance to "road shock."

Supplies of this new tire are still limited. However, we'll do our best to keep your car rolling until we can get new tires for you.

HOUSE AND HOME

By MARY E. DAGUE Author of Sister Mary's Kitchen.

OCTOBER'S not brown days are just around the corner, so it behooves the gardener who wants to plant peonies this fall to order his stock now.

The Mrs. Livingston Farrand is considered an outstanding pink peony by many authorities. Others that are rated very high by the American Peony Society are the Etulis Superba which is a large dark pink, very fragrant and one of the earliest.

Other pinks of the first rank are Blanche Ring, Diadem, Mrs. Franklin D. Roosevelt, Walter Lindgren and Westhill.

Splendid, pure reds are Blazing Star, Dearborn, Dixie and half a dozen others.

Prepare the soil a week or two before you plan to plant the roots. Enrich with old manure and bone meal, digging it in at least two feet deep.

While you must make a deep bed for peonies, be sure not to plant the roots deep. The "eyes" or buds on the crown should be two or three inches below ground level, with the roots going straight down into the well pulverized soil.

Peonies like a well drained spot with plenty of light and air and room. Partial shade is desirable because the delicate colors of the blooms fade if exposed to the full sun all day.

Put down in your garden notebook any changes you contemplate in planting and border arrangements. Mistakes that have been made are obvious object lessons now but may be forgotten by next spring if they are not recorded in black and white.

POSTNATAL EXERCISE NECESSARY

A FIGURE improving campaign following the birth of a baby should have your doctor's O. K., for postnatal months need supervision as well as the prenatal period.

ample, the usual plan of time budgeters is for the housewife to dash upstairs and make a bed while the washing machine runs. But why not do some exercises on the spot instead?

In the kitchen, while you wait for water to heat, get down on your knees, forehead resting on the floor—put your arms under it for comfort. Then draw your abdomen in, pressing the small of the back up to straighten the spine.

But the very best exercise is to walk correctly and to do this you must think about it—not every second, of course, but enough to make sure that the muscles of the abdomen are pulled in and up, the end of your spine tucked under, and your chest held high.

J. W. Richbourg and Miss Jessie Garth were in Dallas Tuesday and Wednesday, buying merchandise for the J. W. Richbourg store.

Auford Russell returned home Tuesday from Memphis, Tenn., after a few days visit with his sister, Mrs. L. C. DeShazo, and family.

Mr. and Mrs. Charles Clark and daughter, Jane Ann, of Hillsboro and son, Charles Jr., of Austin spent the week end here with Mrs. Clark's parents, Mr. and Mrs. D. F. McCarly.

Mrs. Hattie Norton and granddaughter, Miss Ima Bowden, of Fort Worth visited here Saturday with Mrs. Norton's brothers, E. H. T. A., and Lusk Randals, and their families.

Mrs. Ray Duckworth of Goldthwaite, who has been here several weeks with her mother, Mrs. J. A. Garth, while recuperating from an operation, returned home last Friday, accompanied by her mother.

George Campbell and his son, Lester Campbell, who moved from this community several years ago to a place between Dublin and Stephenville, visited old friends in this section last Saturday.

Mr. and Mrs. E. O. Battles accompanied their houseguests, Mr. and Mrs. G. V. Battles of Portales, New Mexico, and Mr. and Mrs. J. F. Battles of Kansas City, Mo., to Robert Lee, Texas this week for a visit with other relatives.

Mr. and Mrs. Gene Langston have announced the arrival of a granddaughter, Elizabeth Suzanne, born to Mr. and Mrs. Vyron C. Parr at Waelder, Texas, on September 6. Mrs. Parr is the former Miss Sue Langston.

Miss Elva Jo Rainwater, who is employed in the office of Elmo White, county clerk of Erath county, at Stephenville, is spending her vacation here this week with her parents, Mr. and Mrs. Fred Rainwater.

Week-end and Sunday visitors in the home of Mr. and Mrs. B. B. Gamble were Mr. and Mrs. Vernon Swor and children, Donald and Paula, of Houston and Mr. and Mrs. Doris Gamble and Mr. and Mrs. Robert Malone of Fort Worth.

Mrs. W. J. White and daughter, Devalca, left Thursday afternoon for their home in Richmond, Calif., after an extended visit here with her grandparents, Mr. and Mrs. J. W. Jones. They were accompanied to California by Miss Josephine Spadaro, who was returning to her home in San Francisco after a visit here with Mr. and Mrs. C. W. Polk and son, Derwood.

Mrs. Webb McEver was accompanied by her husband last Sunday to Fort Worth, from where she left by train for Chicago, Ill., to visit her brother-in-law and sister, Mr. and Mrs. Ralph Sanders. She also expects to visit with her mother, Mrs. Hilda Liljequist, there, and to continue to Madison, Wisconsin, for a short visit with her nephew, Adrian (Buzzy) Liljequist, a student at the University of Wisconsin. Buzzy, a graduate of Hico High School, had hoped to attend John Tarleton College after his discharge from the service, but was unable to enroll because of crowded conditions.

### WHITLOCKS HONORED ON GOLDEN WEDDING DATE BY SURPRISE CELEBRATION

Mr. and Mrs. J. H. Whitlock were surprised Sunday, Sept. 22, with a family reunion at their ranch home southeast of Hico, in honor of their Golden Wedding Anniversary. A turkey dinner, which included a beautifully decorated three-tier anniversary cake, was enjoyed by the following members:

Mr. and Mrs. Whitlock, Mr. and Mrs. Morris Berger and Bob Berger of San Angelo, Mr. and Mrs. F. L. Havenhill and daughter, Marilyn, of Fort Worth, Mr. and Mrs. R. W. Broumley and sons, Scotty and Jimmy, of Aledo, Mr. and Mrs. George Petrie of Denton, and Mrs. Eileen Copeland and J. P. Whitlock who reside at the ranch home.

Mrs. Berger, Mrs. Havenhill, Mrs. Broumley, and Mrs. Copeland are daughters of Mr. and Mrs. Whitlock. J. P. Whitlock is their son, and Mrs. Petrie is their granddaughter. Another granddaughter, Mrs. W. E. Coop of Anton, Texas, was unable to attend but telephoned her congratulations. Other members of the family who were absent were two granddaughters, Mrs. Horace Daniels of Lubbock, and Mrs. Leo Johnson of Breckenridge; and three great-grandchildren, Glenda Daniels and Toni and Sharon Johnson.

Gifts and cards were received from other relatives and friends.

### FORMER PARATROOPER, ONCE A HICO STUDENT, MARRIES ABILENE GIRL

Miss Dovie Jean Ohlhausen, daughter of Mr. and Mrs. V. L. Ohlhausen of Abilene, and Mr. Alfred T. Bales, son of Mr. and Mrs. C. M. Bales of Clyde, were united in marriage Friday, Sept. 13 at the groom's home, with N. P. Gibble, minister of the Buffalo Gap Church of Christ, officiating.

The bride was dressed in teal blue, with black accessories. She wore the traditional "something old, something new, something borrowed, and something blue," with the lucky penny in her shoe. Maid of honor was her sister, Miss Betty Ohlhausen of Abilene, and Mr. Billy Hodges of Baird served as the best man.

Mrs. Bales is a graduate of the 1945 class of Wylie High School, and Mr. Bales attended Dublin and Hico High Schools before he entered the service as a U. S. Army Paratrooper.

The couple will make their home in Abilene.

Preaching 11:00 a. m. Subject, "Religion and Civilization"

Preaching 7:30 p. m. Subject, "The Cheerful Life"

One of the tragedies of church life is that it is so hard to get professing Christians to undertake the things that are worth while, things that require personal sacrifice and aggressive effort. All manner of cheap excuses are heard. Some church members are terribly afraid of hurting themselves, of bringing on high blood pressure, of overstretching their nerves. It is no soft, easy task to prove one's self a Christian. Faith, determination, self-sacrifice, courage, willingness to carry a cross—these are essentials to the life heroic.

We will be looking for you Sunday.

### GIRL SCOUT REPORT

The Girl Scouts of Troop No. 2 met Friday, Sept. 26. We elected officers, which were as follows:

Treasurer, Imogene Elder. Secretary, Marie Ramey. Reporter, Genelle Elder.

The Scout meetings will be held every Wednesday evening after school. Every High School girl is cordially invited to attend the next meeting on Wednesday, Oct. 2.

The girls also met Wednesday Sept. 26, we discussed the Second

Class Badge. Marie Ramey lacks two items on her second class rank. Imogene Elder has finished hers and had it checked by Mrs. Angell. Genelle Elder has completed her design badge which was also approved of by Mrs. Angell.

We hope to have some kind of entertainment soon. We also plan to keep a scrap book of all the reports cut out of the paper.

The glamorous Gypsy Rose Lee, actress and authoress, is bringing her own company of girls to the State Fair of Texas Auditorium Oct. 5-20 and will be a feature of the Tommy Dorsey Show during the State Fair, announced Julius Schepps, chairman of the Entertainment Committee of the State Fair Association.

Miss Lee, prima donna nuda of the American stage who finds time in her strips about the country to write first rate detective novels with a burlesque background and to study the writings of Marcel Proust, has been starred both on the Broadway stage and in Hollywood movies.

The engagement of Gypsy Rose Lee and Company for the star-studded Auditorium show marks her first State Fair of Texas appearance.

**National Soup Week Is Being Promoted By Dairy Council**

CHICAGO, Sept. 24.—Promotion of National Soup Week, Oct. 7 to 13, had the wholehearted cooperation of the National Dairy Council. Announcement of the Dairy Council's participation in the soup week program was made here by Milton Hult, NDC president, who pointed out that the uses of dairy products in soups "not only contribute to the family's eating pleasure but to the family's health and welfare."

"Our home economics department," said Mr. Hult, "supplied copies of recipes for soups made with milk, butter, cream and cheese, which we developed and tested to Institutions Magazine and to the National Restaurant Association. The Association distributed these recipes to its own membership. Also, we disseminated information concerning the nutritional importance of milk in the balanced diet. We were glad to assist in National Soup Week for we know, on the basis of sound research, the vital importance of educating the public in improved eating habits, and we should not forget that an estimated 62 million meals a day are served in the restaurants of our nation."

We are still having plenty of rain here. Had a little cool spell Monday, after a good rain Sunday night, which made a coat feel good.

H. E. Wilson, wife and Raymond spent a while visiting in the Akin home Monday night.

J. B. Jaggars and family of Carlton spent Sunday with M. T. Fields and family.

S. D. Akin and family spent Sunday afternoon with N. N. Akin and family of Hico, and ate supper with them Sunday night.

Mrs. Sam Pace of Ireddell spent a few days last week with her children in this community. Cort Clark and family, Ovie Clark and family, Audie Clark and family, and Leslie Arrant and family.

E. N. Lambert and family are planning to move to West Texas, out near Lubbock, some time this week. We hate to lose these folks from our community. We understand they have sold to a Mr. Davidson, who has been living near Carlton.

Mr. and Mrs. Winfred Gardner are the proud parents of a little girl. She was born in the Meridian Hospital one day last week. She has been given the name of Sandra Lou.

We were made sad the first of the week when we learned of the death of Mr. Joe Shepherd. He was a brother-in-law of Mrs. Ella Shepherd. He was at one time the pastor of the Fair Methodist Church. We extend our sympathy to the bereaved ones.

**We need several carloads of each for use at once**

A shortage of transformers, wire, insulators, poles and pole hardware is delaying our efforts to extend electric service to new users and make needed increases in the capacity of our system.

Line materials ordered many months ago are still undelivered, due to the fact that production is lagging far behind the tremendous demand.

We want those who have applied for electric service to know that we, too, are on a waiting list . . . with many items of line material harder to get than ever before.

We are stretching our limited supplies as far as they will go. We'll extend service to new users and push ahead our improvement program just as rapidly as the supply situation will permit. Meanwhile, your patience and understanding are sincerely appreciated.

### Number 13 Lucky For Tires, Says Goodrich Dealer

The much-abused "13" is the luckiest number in the book for the automobile, according to Clyde "Sandy" Ogle, manager of the B. F. Goodrich Store at Hico.

"Thirteen per cent is the ideal percentage of deflection in a tire," Sandy explained. "That is," he added, "there is that much 'give' in a tire when it is properly inflated."

Sandy pointed out that while it is hardly convenient for a motorist to measure the deflection of his tires, he can easily gauge a tire's air pressure and keep it at the point recommended by the tire manufacturer. Keeping tires at the recommended pressure, he said, "not only insures riding comfort, but is by far the greatest single aid to getting maximum service life out of them."

Describing under-inflation and over-inflation as "the two deadliest enemies of tire life," Ogle asserted that "these twin evils cost hundreds of thousands of dollars annually, and this is particularly serious at a time when even the present record-breaking tire production is overshadowed by the demand and there still are not enough tires to go around."

"Right now," Ogle said, "there is an epidemic of over-inflation. Tire servicemen all over the country have noticed it. It seems to be a holdover from the war years when it was impossible to replace tires and some drivers, mistakenly, thought they were being a little kinder to their tires by giving them a little extra pressure. It is to be hoped that this 'epidemic' will be over before we are fully embarked upon the new era of higher speed that will come with improved postwar autos."

Keeping tires at recommended pressure involves knowing what pressure the manufacturer recommends for your tires and checking tires frequently and regularly to be sure they have the right amount of air, Ogle said, adding that any B. F. Goodrich store attendant will look up the pressure recommendations for drivers on request.

## VETERANS QUESTION BOX

The following information will answer countless inquiries which have come into the Washington office of the National Weekly Newspaper Service with reference to the new law on terminal leave pay for enlisted men.

1—Obtain from any postoffice in the U. S. a form entitled "Claim for Settlement Unused Leave" and the instructions sheet which goes with it.

2—Fill out this form, following the instruction sheet. If assistance is desired, consult your local Veterans Community Information or Advisory Center.

3—Swear to or affirm before a Notary Public, the statements made in the form.

4—Mail the completed form, together with your discharge certificate or certificate of service, for each period of service covered in the claim, to the appropriate Army, Navy, Marine Corps, or Coast Guard paying officer listed on the reverse side of the claim form. The discharge certificate may be the original, a photostatic copy or a certified copy. If the original discharge has been lost or destroyed, a certificate in lieu of discharge may be obtained upon application to the appropriate one of the following agencies: For Army—Office of the Adjutant General, 4300 Goodfellow Blvd., St. Louis 20, Mo.; For Navy—Chief of Navy Personnel, Navy Department, Washington 25, D. C.; For Marine Corps—Headquarters, U. S. Marine Corps, Washington 25, D. C.; For Coast Guard—Commandant of the Coast Guard, Washington 25, D. C.

5—Upon receipt of claims and supporting papers, the paying officer will examine all documents and if in proper form, the supporting documents will be mailed back to you. Payment will be made as soon as possible, likely by Oct. 1. Do not write or call in person inquiring about progress of your claim for this will merely slow up settlement.

6—If the amount of claim is less than \$50, or if the claimant was separated before Jan. 1, 1943, payment in full will be made by Treasury check. For amounts over \$50 payment will be made in bonds in multiples of \$25, with check for the balance. For instance, if the claim amounts to \$213, a check will be made for \$13 and the balance will be paid in bonds in multiples of \$25.

7—All payments will be made at the pay rate in effect at the time of the last separation from active service. Persons still on active duty will have their leave compensated for at the last enlisted grade or rating held.

8—All claims must be filed by Sept. 1, 1947. Maturity date of the bonds is determined by the date of the last separation from active service. For instance if a man was separated on Jan. 10, 1943, his bonds would mature on April 1, 1948.

9—All bonds are U. S. Government bonds, not negotiable and not transferable. They cannot be pledged as collateral and cannot be used prior to maturity for anything except for payment of premiums, loans or conversions on government or national service Life Insurance.

10—The act is estimated to give about \$2,700,000,000 in cash and bonds to about 13,000,000 former Army, Navy, Marine and Coast Guard members. It limits the amount of leave which may accrue to 60 days. Men still in active service who have accumulated from 61 to 120 days leave as of Sept. 1, 1946 will be reimbursed in cash and bonds for the balance over 60 days, and on Sept. 1, will have their credit 60 days leave. As more leave time accrues, they must take it or lose credit for it.

11—All veterans who have left service will be paid in cash and bonds for accumulated leave not taken up to 120 days between Sept. 8, 1943 and Sept. 1, 1946.

Q. My son was killed in service and my husband and myself are unable to do any hard work and we have three children under 18. Is there anything I can do to claim a pension for the death of my son? I am receiving his insurance but with that we cannot come out for we have to see the doctor every 14 days.—Mrs. E. L. Z., Caldwell, Texas.

A. You certainly are entitled, from what you tell me, to a service connected dependent's parents pension for the death of your son and should draw at least \$25 each for yourself and your husband if he is the boy's father. Suggest you write or go see either of the Veterans Administration offices at Federal Office Building at Houston or at 106 East 6th Street, Austin and give them all details. They will determine your eligibility for a pension.

### Popular Broadcasters to Appear At State Fair

Visitors to Lone Star Gas Company's exhibit building at the State Fair of Texas in Dallas, October 5-20, will have an opportunity to witness radio broadcasts by the Dude Ranch Buckaroos, popular orchestra specializing in folk music and western tunes.

The orchestra's radio show over WFAA will originate from the Lone Star building Monday through Friday from 11:30 to 12 noon during the Fair. The Buckaroos are sponsored by Lone Star Gas Company over WFAA in a regular program from 11:45 to noon on Monday, Wednesday and Friday.

Members of the orchestra are Elmer Thompson, Louis Cook, Cotton Whittington, Buzz Burnam,

and Alphonse (Jumbo) Drouin. Cook is from Dallas and Whittington's home is in Post City, Texas. Gas air conditioning units that produce made-to-order temperatures, colorful kitchens to save steps, and vented heating equipment that makes for more healthful living will be among the magical gas appliances to be seen at the Lone Star exhibit.

Visitors will be shown the 1947 gas refrigerator featuring silent operation and a frozen food storage compartment. Trained personnel will explain various appliances. Free ice water and comfortable lounging chairs will be available, and the building, recently modernized, will be cooled by the gas air-conditioners.

When she did not seem convinced, he said, "Hundreds of people have worked at this job. If the job could be done in a better way, some of them would have thought of it."

Mrs. Mechling decided to try, anyway. So she "put a handle on a bobby pin." That is the way the others in the factory expressed it. She took two small metal prongs, shaped like the ends of a bobby pin, and fastened them in a screwdriver handle. Then with a single twist of the wrist, the sheet of copper could be bent into the correct shape. By the use of this simple device, she could do in three and one-half hours the work that formerly had taken five hours.

The company was so impressed by the effectiveness of this simple device that the company gave her a cash award of \$111, and a \$25 war bond.

The important thing here is that Mrs. Mechling, a housewife, worked out something that none of the learned engineers around the plant had thought of.

Charles R. Riker of this plant made a significant statement. He is the coordinator of suggestions for the company, and has examined 17,000 ideas. Of this number he says that 5,380 were accepted and put to work. He says: "In going over these ideas and in studying them, I am more and more impressed with this truth: good ideas are just common sense."
