**ON THE MOVE AGAIN**

Bos'n Ted Roberson and wife Loukie, who have been living at Orange while he was stationed at the navy yard there, visited here with relative last week end before leaving Saturday for New Orleans, where Ted is being transferred.

**LETTER FROM BOB WREN**

Bobby Joe Wren, S 2/c, who is on the USS Pasadena and about ready to start for China, writes the editor a slightly homesick note commenting on football and other things he reads in the paper. Bob hopes the Hico team, of which he was a member last year, will get in there and pitch from now on. He asks how our man Buck Meador is getting along with the women. Buck asks, "What women is he talking about?"

**SAXON L. JOHNSON HAS NICE SURPRISE UPON HIS RETURN HOME FROM NAVY**

Saxon L. Johnson arrived here Sunday at the home of his mother, Mrs. Cecil Segrist, on terminal leave until Dec. 1 after five years, five months and twenty-eight days in the Navy.

At Seattle, on his way home, he won a dancing contest and was awarded some nice prizes, which he thought was very fortunate. At that time a movie talent scout spotted him, gave him an interview, and promised that the Texas lad would hear from him later.

When he arrived in Hamilton Monday for a visit at the home of his grandmother, Mrs. E. S. Camp, he was advised that a telegram was waiting for him. The message, from Los Angeles, read: "HAVE THREE-YEAR CONTRACT AND TEST FOR YOU AT PARAMOUNT. MEET ME AT MY OFFICE JAN. 15. CONGRATULATIONS, JOHNNIE ROGERS."

Young Johnson is undecided about accepting the offer, his mother said, until he makes sure it will not interfere with continuance of his studies in chemical, mechanical and civil engineering.

Until the expiration of his terminal leave he will relax and visit around home with relatives and old friends.

**LOCAL VETS GET EXPERT TREATMENT AND RECREATION IN VETERANS' HOSPITALS**

Probably not a week will go by in the next 20 years but that some Hamilton County veteran will check into a Veterans' Administration Hospital and, like Gail E. Bullard of Hico, will discover for himself that the war isn't over for a lot of men—and discover that treatment, care and recreational facilities are as tops as capable and conscientious men and women can make them.

At the Liskem Veterans' Hospital near Dallas, where Mr. Bullard is a patient, it is a little like being back in the service in a good outfit.

Every patient has the common bond of service—veterans of World War I and II are in the great majority although there are a few veterans of the Spanish-American War and an occasional patient who helped fight the Indians in the last days of the Southwestern Indian raids.

Planned recreation is a big part of the treatment now, a very different thing, veterans of other wars will tell you, from the deadly monotony of some Veterans' Hospitals before World War II. The Special Service Office, the Red Cross, and the USO shows are all part of the program to keep men active, interested and entertained.

The Special Service Office heads an organization including a library of several thousand books, a recreation hall with continuous movies, music and games and outdoor recreation ranging from baseball to archery and from fishing trips to horseback riding.

The USO Shows come twice a month, playing ward shows for bed-ridden patients and a general show for all the patients able to get around. The USO has been asked to continue its shows through 1947 until permanent arrangements for "live talent" shows can be made. "Good deal" is the usual comment by patients when they learn USO shows will continue to tour the military and Veterans' Administration Hospitals during 1947.

For the bed-ridden patients there are new gadgets to keep their minds occupied and to prevent "the hospital blues." Portable 16 mm. movie projectors weighing only 22 pounds and using the ceiling for a screen can play to a lot of bed-ridden men at once and, besides the couple of hours of entertain-

**V. F. W. Chapter To Be Organized Wednesday Night**

All eligible veterans are requested to meet at the Bluebonnet County Club next Wednesday night at 7:30 p. m. for the purpose of organizing a local chapter of Veterans of Foreign Wars.

Mr. Woods of Austin, the state representative of VFW, plans to be here for the meeting, according to Cecil Ogle, who is serving as temporary commander until the election of officers.

All overseas veterans in this area who wish to join this organization are extended a special invitation to be present.

**Near Record Milk Supply Available For County Diets**

Hamilton County residents will consume more than 3,325,000 quarts of milk and milk products this year in maintaining the county's high nutritional standards. It was predicted early this month by the nation's leading distributor of dairy products.

With a near record supply of milk coming from the nation's dairy farms, consumption of dairy products this year will nearly equal that of 1945 when more than 60,000,000,000 quarts were consumed," said G. W. Diehl, head of A. & P. Food Stores' national dairy department. "A 22 per cent increase in per capita consumption of milk during the war years helped overcome the loss of nutrition caused by curtailed supplies of fats and oils and helped bring about the nation's high nutritional wartime levels."

An increased supply of most cheese products is now available in many sections of the country and the other milk products are expected to be adequate during the fall and winter months. Diehl said. These products contain nearly 14 per cent of the calories, 24 per cent of the proteins, 18 per cent of the fats, 74 per cent of the calcium and 45 per cent of the riboflavin consumed by the average individual.

The pioneering efforts of food chains in developing a streamlined distribution system, Diehl said, have made possible the quick movement of milk and milk products from dairy centers to densely populated consumer areas. Modern refrigeration, equipment and improved handling methods were also cited as instrumental in maintaining the high nutritional qualities of dairy products.

Hamilton County's 2,950 farms are expected to produce more than 7,200,000 quarts of milk this year.

**B. & P. W. Club Celebrates Fifth Birthday Oct. 1st**

The Business and Professional Women's Club met Tuesday, Oct. 1 in the lovely home of Mrs. Lawrence Lane for a celebration of the Club's birthday.

Mrs. Z. T. Wilson, Mrs. C. B. Segrist and Mrs. Lane were hostesses for the occasion, and directed an interesting program during which Mrs. Lane, the retiring president, reviewed the activities and accomplishments of the club since its organization five years ago.

Mrs. Hurshel Williamson, president of the Club, lighted the five candles with each charter member lighting her own candle.

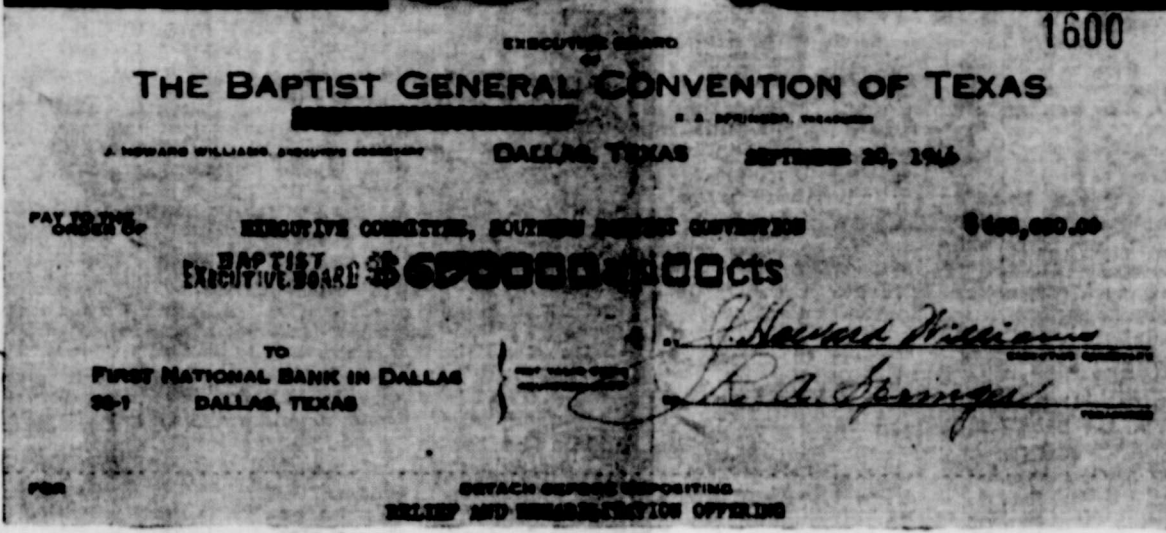

A covered dish dinner was enjoyed by the members and several guests.

At the business session Mrs. Herbert Miller was reinstated in the Club, and Mrs. J. L. Goodman and Mrs. A. G. Macy were elected new members.

The Club adjourned, looking forward to many more anniversaries.

**Hamilton Man Named Chairman of Good Roads Group**

Special to The News Review: Austin, Oct. 9.—Mayor C. E. James, prominent Hamilton County good roads advocate, has been chosen chairman of the Hamilton County Good Roads Amendment Campaign Committee. It was announced last week by Charles E. Simons, executive vice-president of the Texas Good Roads Association.

Appearing on the ballot in the November 5th General Election as Amendment Number Three, the Good Roads Constitutional Amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for good roads purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available Free School Fund.

"His deep interest in better and more improved highways and farm-to-market roads was the primary factor in his selection to head the Hamilton County campaign," Simons said.

Simons also pointed out that the Texas Safety Association, Texas Farm Bureau Federation, State Board of Education and thirty other state organizations have adopted resolutions strongly endorsing the amendment.

"With so many outstanding organizations backing the Amendment," Simons continued, "we feel that every citizen in Hamilton County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we have selected Mayor James to head the Hamilton County committee and direct a vigorous educational campaign to point out the merits of this amendment."

Chief purpose of this proposal, it was emphasized by the Good Roads Association executive vice-president, is to assure the ultimate construction of rural mail and school bus routes, and all-weather farm-to-market roads. Also, it will insure improvement, maintenance and policing of all roads and urban trafficways.

**Change Made In Handling Records of Old Age Assistance**

Heretofore the greater part of Hico Old Age Assistance, Aid to Dependent Children, and Aid to Needy Blind records have been handled by a representative of the State Department of Public Welfare from Meridian, Texas. The State Department believes that the people of Hico would prefer their records be handled out of their own county seat in Hamilton and have reorganized their work on that basis.

All Hamilton County cases are now handled out of the local office in Hamilton by Mrs. Sue Rucker and Mr. J. Allan Covey. The day for applications will be each Monday in the Hamilton office, and those who are not physically able to go to Hamilton and wish to make application should communicate with the office.

**Vernon Jenkins Successful Purchaser At WAA Surplus Sale**

Special to The News Review: Fort Worth, Oct. 9.—Vernon H. Jenkins, Route 3 Hico, veteran of World War II, was listed among the successful purchasers at a two-day sale of surplus used motor vehicles conducted at Camp Hood by War Assets Administration. Jenkins purchased a Ford truck, 1942 model, for \$521.00.

The sale, which was exclusively for ex-servicemen who held certificates from WAA for motor vehicles, resulted in the disposal of 369 vehicles recently declared surplus to the needs of the Army at Camp Hood. All vehicles were sold at fixed prices in accordance with their used condition and the sale was the largest and most successful from the veteran's standpoint of any held by WAA since early Spring when there were far more surplus vehicles available for veterans to buy.

**Local School Bands Eligible to Appear At U. of T. Games**

Special to The News Review: Austin, Oct. 9.—The Hico High School Band is eligible to attend the University of Texas-Arkansas University football game here Oct. 19 and participate in Band Day which is being renewed at the University after a war-time lapse.

Visiting bands will be given free seats at the football game by the University Athletic Council. In return they will pay their own transportation expenses and participate in a pre-game parade beginning at 10:30 a. m. They will not be called on to play during the game but visiting baton twirlers will join the University of Texas Longhorn Band in a half-time special event.

Col. George E. Hurt, director of the Longhorn Band, emphasized that any high school band may attend. Band directors should notify Colonel Hurt by mail not later than Oct. 12. He should be addressed at Box G, University Station, Austin. Band directors accepting the general invitation (individual invitations will not be sent) should notify Colonel Hurt of the number of players in each band and the number of baton twirlers. No other correspondence is necessary. Full instructions will be mailed to directors on Oct. 14, Colonel Hurt said.

**Oil and Gas Taxes Promote Education Of Texas Children**

Dallas, Oct. 9.—Nearly half a million Texas school children had the entire cost of their schooling paid last year by taxes from the oil and gas industry, a survey by the Texas Mid-Continent Oil and Gas Association shows.

Virtually one out of every three Texas school children was educated in 1945 by oil and gas taxes, the survey reveals. In addition, the petroleum industry paid more than \$8,500,000 last year in lease and royalty payments to the State Permanent School and Permanent University Funds, such payments having totalled \$199,000,000 to date.

"Texas school children have an important stake in the State's petroleum industry since over 30 per cent of them have their schooling paid for by oil and gas taxes," Fred W. Shield, Texas Mid-Continent president, said. "Last year taxes collected from the petroleum industry which went directly to the support of Texas public schools aggregated \$34,205,291, against \$78,478,814 from all other sources combined. The petroleum industry totals do not include the schools' one-fourth, or about \$10,000,000, of the gasoline tax paid by Texans motorists on our industry's principal product."

Using the average per capita schooling cost of \$78.62, petroleum industry taxes alone paid for the education of 452,331 Texas boys and girls. They represent 30.4 per cent, or almost one-third, of the 1,490,059 scholastics last year. In many independent school districts of the State, taxes collected from the petroleum industry and its properties make up most of the revenue from all sources.

Besides taxes, Texas oil and gas operators pay large sums annually in lease bonuses and rentals and royalties to the Permanent School and Permanent University Funds. Figures from the State Comptroller of Public Accounts show that from 1932 through July, 1946, petroleum payments to the Permanent School Fund totalled \$42,278,123, while from 1925 on, such payments to the Permanent University Fund aggregated \$57,539,362. Petroleum payments to both funds totalled \$99,817,485.

**FUNERAL SERVICES FOR MISS KOONSMAN TODAY**

Funeral services for Miss Mary Koonsman will be held today (Friday) at 10 a. m. at the Church of Christ in Duffau.

Miss Koonsman died Wednesday at the old Koonsman home place near Duffau, after a long illness.

**WEATHER REPORT**

The following weather report is submitted by L. L. Hudson, local observer:

Date	Max.	Min.	Prec.
Oct. 2	76	46	0.00
Oct. 3	72	53	0.00
Oct. 4	80	70	0.00
Oct. 5	80	69	0.73
Oct. 6	81	68	0.00
Oct. 7	80	61	0.00
Oct. 8	78	65	0.65

Total precipitation so far this year, 26.48 inches.

It is said that half a million matches a minute are lighted in the United States. But it takes only one of those, dropped unextinguished or left within reach of a venturesome child, to cause a destructive and tragic fire. The Texas Safety Association asks you always to break matches in two before they are discarded. And store them beyond the reach of children's hands.

Farmers in this region who certify through the Department of Agriculture, that their production is impaired by a shortage of farm equipment and supplies will be given assistance to obtain available property from government surplus. Hamilton Morton, WAA regional director announced this week.

Morton appointed Duncan D. Myers in the Fort Worth War Assets Administration office to handle agriculture and major farm organizations.

It is generally provided that surplus property needed to prevent impairment shall be disposed of to farm organizations, cooperative associations and farmers and orders have been issued to expedite action on such certificates of impairment issued by the Department of Agriculture. This will be of immediate benefit to all farmers in this part of Texas.

As part of its program to relieve the veterans' housing shortage, the FHPA has purchased from War Assets Administration \$3,270 worth of valves and fittings for gas and water mains. With many of the items selling for as low as two and three cents each, this adds up to a huge quantity of valves and fittings.

Believe it or not, there need be no shortage of shaving brushes. WAA in Fort Worth has 161,000 brushes for sale. In addition, WAA has many cases of famous brands of after shave lotion on hand, acquired, of all places, from the army. Tooth-paste and tooth-powder, shaving cream and anti-septic powders are other items offered for sale.

Much in demand prior to the war, double-deck bunk beds are now being offered for sale by War Assets in Fort Worth. Ideal for families with two or more children, WAA has 41,502 of these beds which are suitable for painting any color. The sale will continue until all are sold and that many more children made happy.

Returned doctors and dentists back from services in the army or navy and seeking to again equip their offices will find many items of essential equip-ment available to them through the veterans' division of the Fort Worth WAA offices in the T. & P. building. Much of the equipment needed by doctors and dentists is "set aside" and will be sold exclusively to returned ex-servicemen.

By JOE SMITH DYER

PARALLEL: Modern life is lived so rapidly and speed is so generally accepted as the only way, that we have come to regard hustle and bustle as the only real evidence of progress and growth.

Because we do not think consistently, we are forced to the conclusion that rapidity of movement is the only desirable form of expression without which the individual person is a hopeless back-number and only cluttering up the road.

Let's stop long enough to consider seriously this complex and to parallel life with modern means of transportation—let us consider a modern, present-day highway.

Sufficiently wide for three lanes of traffic, the highway of today provides for speeders going both ways and for those who like to journey more leisurely there is another lane. One on which the traveler can go along slowly and enjoy the scenery and a lane which insures safety—or rather is supposed to.

## FRANCES GUEST WEDS LUTHER GARDNER JR. AT HAMILTON SEPT. 25

Miss Frances Guest, daughter of Mr. and Mrs. John Guest of Hamilton, became the bride of Luther Gardner Jr., in a ceremony held Sunday afternoon, September 25, at 3 o'clock. The rites were read at the home of Mr. and Mrs. Cecil Guest, the bride's uncle and aunt. Rev. Jimmie Smart was the officiating minister and the impressive double ring ceremony was used.

The wedding music was played by Mrs. Grace R. Woodward of Hico, who used the traditional wedding marches for both professional and recessional. Miss Mary Jo Evans of Dallas and Mrs. Cecil Guest sang "Perfect Day" and "I Love You Truly." Little Miss Rita Joyce Guest served as flower girl and Master Jackie Trammell, nephew of the bride, was ring bearer. Miss Ida Mae Guest, sister of the bride, was maid of honor for the occasion and Fred Pendleton of Hamilton served the groom as best man.

Miss Guest, given in marriage by her father, John Guest, wore an aqua blue wool costume with black accessories and carried an arm bouquet of white chrysanthemums.  
The wedding party was tendered a reception immediately following the ceremony at which the wedding cake was cut by the bride and groom and served by Mrs. Sam Trammel. Mrs. E. G. Kelsey, aunt of the bride, of Dallas, presided at the punch bowl and Mrs. Austin Guest of Marlin officiated at the bride's book. The couple left for a short wedding trip amid a shower of rice.

Mrs. Gardner is a graduate of the Carlton High School, class of '41, and has been employed at Dallas for some time. The groom, a veteran of World War II, the son of Mr. and Mrs. Luther Gardner Sr. of Hamilton, is owner, with his father, of a business in Hamilton.—Hamilton Herald News.

**Your Confidence Is Appreciated . . .**

All through the years—since 1890, to be exact — we have striven to merit your confidence. We have weathered the depressions and kept on an even keel during inflation periods.

We are now conducting our banking in a manner to assure your safety in the uncertain days to come.

It is our aim to safeguard the depositor at all times.

**OUTWEARS PREWAR TIRES**

The better the tire, the faster it sells . . . and we've never seen a tire sell as fast as the new postwar B. F. Goodrich Silvertown that outwears and outlasts tires of prewar construction. That's why, in the face of outstanding production, we've had to ask so many of our customers to wait just a little longer for this tire.

It's Extra Safety that caused the Extra Demand for **B. F. GOODRICH SILVERTOWNS**

Extra safety is an engineered factor in the new B. F. Goodrich tires . . . extra safety and greater resistance to "road shock" from the 35% stronger body with more cords and an entirely new and stronger cord . . . extra safety and greater protection against shidding from the wider, flatter surface that spreads the wear more evenly, gives you many more miles of service than prewar passenger car tires. If you want the tire that outwears prewar tires, order immediately for earliest delivery.

**SPORTS**

Friday night the Hico Tigers met the Glen Rose team in a fight to the finish. Glen Rose kicked off to Hico, first. During the first quarter, there was more or less an exchange of balls, no first downs being made. In the second quarter, Glen Rose began to get a move on and came down within Hico's ten yard line. Then the Tigers stiffened and refused to be pushed. Then, Glen Rose fumbled the ball and Walter Latham recovered it. The Tigers kicked it back upfield and held the Glen Rose team at about the 35-yard line. After four downs in which little yardage was gained, the Tigers took over the ball, and kept it until the half.

In the third quarter, Glen Rose made a touchdown and an extra point. Then when Hico received the ball they rushed toward Glen Rose's goal, refusing to be stopped. In line rushes and passes they went for a touchdown. Keeney ran the ball up twenty yards within a yard of the goal line and Ellis went through the line for a touchdown. In a try for an extra point a forward pass, which was incomplete, was thrown to R. W. French.

There was a lot of action in the fourth quarter and Glen Rose came close to the Tigers' goal line but they did not make a touchdown. The game ended with a 7-6 score in favor of Glen Rose.

**SENIOR NEWS**

The game last Friday was enjoyed by all who went, but it would have been enjoyed much more by our side if the Tigers had won. The seniors made quite a bit of profit through the sale of popcorn and cold drinks. Our thanks to everyone who bought and remember, there's always more where that came from.

You should certainly want to be a Senior this week. We are going to the State Fair at Dallas! Aren't you envious? Just think of all the fun we're going to have. We'll tell you about it when we get back. My humblest apologies to L. B. Neal for excluding him from the new arrivals in our class. He is very much with us and we're glad to have him. I kneel for forgiveness.

We've been racking our brains ever since school started, trying to find ways to make money. We sold popcorn and cold drinks, and did pretty well but not enough to show much. But at last we've found a good idea. All in favor say "Aye." The only trouble with this brainchild is that no one would be interested in buying.

**SOPHOMORE NEWS**

We all enjoyed the football game Friday night. Though the Tigers lost, they played a good game. We are proud of the Sophomore boys that play football. We are all looking forward to six weeks' tests, next week. (We didn't say which way. Maybe it's because the first six weeks will be gone).

The Homemaker II girls cooked a lunch Monday. Is that why everyone looked so sick around 12 o'clock Monday?

**FRESHMAN NEWS**

At the ball game Friday night, P. D.'s and L. F.'s friends wondered what happened between them and if it was very serious.

Wonder why Flossie B. changed her date Saturday night?

Who is this guy F. M. met in Colorado on her vacation this summer? It seems from her description of him that he is the exact duplicate of Guy Madison. Betty Hicks was searching the lost and found department Saturday for a certain boy. Apparently she didn't find him.

**HOMEMAKING NEWS**

The Future Homemakers Club met Friday after initiating the new members Monday. Officers were elected and are as follows: President, Mildred Ellis; Vice-president, Wanda Johnson; Secretary, Imogene Elder; Treasurer, Dale Haggard; Reporter, Frances McCullough; Song Leader, Shirley Seago; Program Leader, Betty Knight; Historian, Gayle Reesing. The girls have started their new projects and like them very much. We all know we will enjoy the coming year in Homemaking under the supervision of Miss Hammons.

**REFLECTIONS**

I got to thinking not long ago that I had not been shooting off my mouth to you all for a couple of weeks, now about what you ought to do to revive the School Spirit and I figured it was about time that you get a chance to tell me what you think should be done. Everyone needs to have a say about how to revive Junior, instead of one big jerk who sits back behind a typewriter and cracks a whip at the fifteen faithful slaves who serve her. (A slight fragment of the imagination.) I'm going to lay off this week (no lecture, kids) and if you want to have a finger in the pie, I would be glad to receive from any source any suggestions, no matter how slight, which you feel would arouse the interest of the Student Body. All suggestions will be considered, and please don't be nervous about sending them in. If everyone hangs back, I won't have a subject for this column next week, and that would be terrible.

**THE WORM'S EYE VIEW**

The little worm whom you all read about last week, and who will from now on be known as Nillwonnawlin which spelled backwards is Nillwonnawlin, was on the prowl again. While ambling along the halls one day, it happened to wiggle into the Junior room, and there to its wondering eyes came the sight of a girl. A rather peculiar looking creature, but also rather attractive, in an odd sort of way. Dark brown hair, pretty brown eyes, a talkative mouth, a skinny figure, and a cute personality combined to make Patsy Roberts. She's supposed to be a reporter, but if you don't read the "Mirror" carefully every week you won't see her news. Patsy needs to put on a few pounds and quit being so sarcastic, but otherwise she's really very entertaining. Ask Wendell. (Ed. Note—You need a microscope to find the Junior news this week. I never did.)

**THE CRYSTAL BALL**

This seems to have been the most romantic week end of them all so far. Here are a few things that happened.

Quite a few of the Freshmen were courting last Saturday night. For instance—Wendell Burden and Shirley S. Lester Simpson and Patsy T. Betty H. and Bobby Ogle. Also I see Billy Jackson (a Senior) with M. Sparks (a Fresh-

man) at the show Saturday night. He acquired a bracelet which he is very proudly wearing.

The back row of seats in the show seems to be a very popular place, especially with Ralph Ellis and Pat M.; and Ralph Turner and La Verne Parker; and Mildred Ellis and Walter Latham.

I see Louise Hyles' escort to the midnight show turned out to be none other than Billy Ellis. How about that?

With a look into the future, I see that certain something is going to last a long time between W. D. H. and D. H.

Next I see Annette with Ray Martin taking off towards Stephenville Saturday night. What's Stephenville got that Hico hasn't?

Margie Land was far from being blue Saturday night, but no wonder—Junior Jenkins came in from Cow Town.

The happy foursome was doing the town again Saturday night, which included Betty Dodd and Dub F.; and Louise H. and L. R. M.

It is getting to be a habit of Dorothy L. and Shortie H., also Betty Land and Wesley G.

It's nice that you can always get Mom's car, isn't it, Mildred? The bad part is that Mom has to be along.

It's kinda windy in a convertible, isn't it, Joan? Guess it's O. K. as long as Jimmy W. is with you. Yes or no?

The Texas Safety Association gives a word of warning about burning dead leaves. The word is "watch!" Watch the fire closely. Watch it all the time it is burning and see that it is not left smoldering at night.

## RURAL DIGEST

By W. J. DRYDEN  
NWSN Farm Editor

- Inadequate irrigation of crops or watering of lawns and gardens moisten the surface and causes the roots to grow upward where they will die, thus doing more harm than if no water was used.
- One member in each of 1,400,000 farm families in the United States will suffer from some injury this year, unless some drastic reduction is made in the accident rate which prevailed last year.
- Sales of electric farm pumps and water pressure systems are expected to reach an all-time high of 500,000 this year, despite the shortage of component parts and labor.
- Use of sulfamerazine in the feed of chicks at the time of exposure to coccidiosis protects them against fatal infections, says the American Veterinary Medical Association.

Despite new types of rat traps, such as the electronic one shown above, the population of this Farmers Enemy No. 1, continue to increase. More loss results from rats than any other one cause on the farm.

Paved barn yards have proven economical. The type of pavement to be used will depend upon local prices—as well as effect of weather upon the various types of pavement.

In the near future it is possible that glass flowerpots made of a new nutrient glass fertilizer developed at the University of Illinois will be available. The glass will supply all food elements except nitrogen, organic matter and water.

## The KNOTHOLE

By ELLIOTT PINE  
NWSN Sports Writer

Heading the brilliant Boston Red Sox mound staff is Dave "Boo" Ferriss, the big right hander who did so much to clinch the league flag. He is 6 feet, 2 inches tall, and weighs 205 pounds, heavy for a hurler. He has a good curve, a satisfactory fast ball, plenty of control and coolness. Although troubled with asthma, he manages to overcome his handicap during the baseball season. The dopesters thought that this would be a poor year for Dave, since his ailment was bothering him in the spring. As often happens, the experts guessed wrong. Dave is leading both leagues in games won and in pitching percentage.

Dave Ferriss

A new strikeout record has been hung up—in amateur softball, though. Jim Chambers of the Chicago Match Corp. of America team fanned 40 batters in 19 innings to defeat the Springfield, Mo. Knights of Columbus in the American Softball Association tournament at Cleveland.

## LOOKING AHEAD

**CHANGE IN WAY OF LIFE . . .** While Donna Rachele Mussolini, widow of Il Duce, one-time mistress of a Roman palace, keeps house and supplements the family diet by raising rabbits, her son Romano plays piano and accordion at a bar on the picturesque little island in the bay of Naples. The Mussolinis are now living at Ischia.

## Successful Parenthood

BY  
**MRS. CATHERINE CONRAD EDWARDS**  
Associate Editor, Parents' Magazine

MANY children have small defects that make them overly self-conscious. Freckles are a prime offender, or maybe it's stringy hair, big feet or floppy ears and hands. Mothers are apt to think it best to overlook childish disatisfactions with things most everyone outgrows anyway. But you can lessen the child's sensitiveness, which may stay with him long after the original cause has disappeared, by showing your understanding of his problem. It isn't good for children to suffer in secret even about an imaginary defect. So bring these seemingly unimportant causes of inferiority into the open. Then instead of shaming a child into being a good sport about his mild afflictions, reassure him.

## HOUSE AND HOME

By MARY E. DAGUE  
Author of Sister Mary's Kitchen

That old "vanity" relegated to the attic may have some possibilities you have overlooked. The ends might make a pair of bedside tables and the mirrors could make the top for a dressing shelf. If there was a long drawer between the ends, a set of ball casters fastened to the corners could produce a roll-away chest. Your local cabinet maker can tear the piece of furniture apart and turn out the extra legs for the bedside tables at very little expense.

The height of the mirrors may preclude a table top but in that case take off the wings and hang the center mirror on the wall over a skirted dressing table or a shelf mounted on brackets and screwed to the wall. You will think of several ways to finish the shelf if you use a plain unfinished board but one of the easiest to take care of is a glass top. Cover the shelf with the drapery material or a plain fabric of the predominating color of the room before putting on the glass. Powder and lotions and creams and toilet waters wipe off the glass without doing any damage while they all smudge and stain a fabric and finished wood top.

If the mirrors were not too tall, spread the wings out straight, supporting them underneath if you use them as a shelf and mount on brackets which can be screwed firmly to the wall. The mirror top will be attractive and easy to care for.

The mirror from an old side-board of the golden-oak-era may furnish a full length mirror for a closet door in your bedroom.

Are you sure you haven't a corner or an end in your kitchen that with the help of your local carpenter you can turn into a cheerful spot for dining this winter?

A corner in the kitchen can be made attractive and efficient by building a pair of high backed wooden settles along each wall and putting a square table to match the seats in the angle.

## Fairy

By Mrs. J. O. Richardson

We have received more rainfall since our last writing and only a small amount of farm work has been accomplished during the past week.

The highway men were in our midst again last week and completed the laying off of the new right-of-way, and Mr. Hoyt Walker and Mr. Claud Brunson began work early Monday morning setting fences back and making other necessary fencing changes where the new road falls to follow the old route.

Word has been received by Mrs. A. L. Newman and family of the death of their brother-in-law and uncle, Mr. Frank Newman of Colorado City, who passed away September 2.

Two of our promising young Senior boys, Thomas Slater and J. D. Noland, took advantage of the G. I. Bill of Rights for four years of college work and enlisted in the Regular Army last week. They will be allowed to continue their studies to finish up their high school work. We understand both would have completed their high school work this term. Thomas is the son of Mr. and Mrs. Byrd Slater, and J. D. is the son of Mr. and Mrs. Marvin Noland. We extend best wishes to them.

Mr. and Mrs. Bernal Richardson of near Cranfills Gap spent Tuesday of last week visiting in the home of his uncle, Mr. and Mrs. J. O. Richardson, and cousins, Mr. and Mrs. H. O. Richardson and Jerry and Mr. and Mrs. Carl Ray Sellers and Carolyn. They have been making their home near Elida, N. M., for the past two years, but recently sold their property there and have purchased farm and ranch property near the Parks Branch between Cranfills Gap and Meridian. Bernal's parents, Mr. and Mrs. I. A. Richardson, reside at Meridian.

Mr. and Mrs. H. W. Howeth and Mr. C. W. Beck of Glen Rose spent last Sunday visiting in the home of their son and daughter, Mr. and Mrs. H. C. Beck and son, Charles.

Mrs. Maud Whitson received a phone message from her son, Whit Whitson of Dallas, last Sunday stating that a little daughter had been born to him and his wife in a Dallas hospital, with weight given as 4 1/2 pounds, and stated the baby had been placed in an incubator with hope of survival.

Mr. and Mrs. Doby Hutton and family of near Cranfills Gap visited here Saturday night with Mr. and Mrs. Paul Hutton and Carolyn Ann.

Mrs. A. R. Hoover of Dublin and son, Clyde, of Dallas visited Saturday night with their son and brother, Mr. and Mrs. E. M. Hoover, and daughters, Patsy Ann and Daphne.

Mrs. V. H. Heyroth of Gatesville visited Sunday afternoon in the home of her mother, Mrs. A. L. Newman, and other relatives.

Those from here attending singing at Hico Sunday afternoon were Mr. and Mrs. J. T. Abel and daughter, Mrs. Ovie Clark, Mr. and Mrs. H. S. Pitts, Mrs. Brittle Little and the writer. All enjoyed some good singing.

Mr. and Mrs. Melvin Hurst and family of Star spent last Sunday visiting in the home of his sister, Mr. and Mrs. Nat Grimes, and family. Other visitors in the Grimes home Sunday were his sisters, Mrs. Laura Newton and Mrs. John Hucabay and husband of Fort Worth, Miss Otha May Grimes, who is now employed at Martha Washington Candy Company at Fort Worth, accompanied the latter relatives and spent the week end with her parents and sisters, Mr. and Mrs. Ernest Brummitt and his sister, Mrs. Elsie Wetterman, were also guests in the Grimes home Sunday.

Mr. and Mrs. W. N. Bridges of McGregor visited old friends and relatives here last week. They formerly resided here.

Our hearts were made sad when we received word of the death of Mrs. Mullican of Hico, the writer having no knowledge of her death until we received our Hico paper. Mrs. Mullican and family spent many years in the Fairy community during the life of her first husband, Mr. Pittman. She possessed a sunny disposition, always looking forward to the brighter side of life. Our hearts go out in deepest sympathy to all the relatives in the loss of their loved one.

Mr. and Mrs. R. L. Anderson of Grand Prairie were visiting relatives here Monday of this week. Mrs. Brittle Little accompanied them home for a few days' visit.

Mrs. Maud Whitson spent the week end in Dallas visiting in the home of her son, Mr. and Mrs. Whit Whitson and little daughter.

## MARY BETH RODDY AND BILLY NEEL MARRIED IN HICO CEREMONY SUNDAY

In a candlelight ceremony early Sunday morning, October 6, at the home of Mrs. Alsey Alford of Hico, her granddaughter, Miss Mary Beth Roddy, daughter of Mr. and Mrs. Harry Roddy of Tahoka, became the bride of Billy Neel, son of Mr. and Mrs. Paul Neel of Hico.

The Rev. C. C. Klingman of Comanche read the double ring service before palms, basket arrangements of peach, gladiolus and glimmering tapers in candelabra which graced the altar space. The wedding music was presented by Miss Thoma Rodgers, soloist, who sang "Because" and "Always" and Mrs. Markum Shockley of Lamkin, accompanist at the piano.

Given in marriage by her father, the bride wore a gown of sheer white nylon designed with a fitted bodice and full skirt which extended into a graceful semi-train. She carried a white and gold Bible topped with gardenias. She wore away a crimson wool suit with matching accessories and a corsage of gardenias.

Miss Virginia Roddy of Tahoka, sister of the bride, was maid of honor and the groom was attended by his brother, Jack Neel, as best man. Julia Ann Hedges served as flower girl and little Leighton Roddy, brother of the bride, was ring-bearer.

Mrs. Neel was reared in Hico and was graduated from high school at Tahoka, where her family moved several years ago. She also attended West Texas State Teachers College at Canyon.

The groom finished high school at Lamkin before his parents moved to Hico about three years ago. He was graduated from John Tarleton College, and later attended Texas Tech before entering the service. He was given a commission as midshipman in the Naval Reserve at Columbia University, and was in the service three years, having been released in June of this year. Most of his time was spent as communications officer on an LST in the European Theatre.

After spending the summer at home, young Neel resumed his law studies at State University at the beginning of the fall semester. The couple expect to make their home in Austin.

## W. S. C. S. MEETS OCT. 15

The Woman's Society of Christian Service will meet Oct. 15 at the Firemen's Hall, with Mrs. Annie Waggoner, Mrs. Jno. Haines, and Mrs. Stella Stringer as hostesses.

### Methodist Church

Church School 10 a. m. Tyrus King, Superintendent. A class and a place for all.

Preaching 11:00 a. m. Subject, "We Be Brethren."

Our church life is so organized that everything centers in and radiates from the services of public worship. It is here that we develop Christian fellowship and brotherhood, which gives us strength for the great task of life. Your regular attendance will help you in developing that stability of character which you so admire in others. Public worship, to be full of value, must be attended and participated in by all followers of Christ.

Preaching 7:30 p. m. by Rev. Floyd Johnson. After the preaching service there will be an intermission so that all persons may meet and have a word with the District Superintendent.

We will look for you.

JEFFERSON F. ISBELL, Pastor.

### Pentecostal Church

There will be a Fellowship Meeting at the Pentecostal Church Monday evening, beginning at 7:15. Everybody invited to come enjoy fellowship and hear good singing and the old-time gospel preached.

Study School Sunday morning, 9 o'clock each Sunday. Preaching services each Sunday evening at 8:00 o'clock. Prayer meeting each Wednesday evening at 8:00 o'clock. Everybody has a welcome to worship with us.

DOLLIE LINC'H, Pastor.

### First Christian Church

Preaching service every first and third Sunday morning of each month at 11:00 o'clock. Sunday School every Sunday morning at 10:00 o'clock.

You need your church and the church needs you. Come worship with us, your presence is greatly needed.

WILLIAM LE MAY, Pastor.

## Early Treatment Of Pyorrhea Will Cure Disease

Austin, Oct. 9.—Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to take time by the forelock and seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important." The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of the teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine home-care of the mouth by the patient will effect a cure in the majority of early cases. Concern regarding pyorrhea should not be based upon the misguided notion of its incurability, according to the State Health Officer, but rather that it be discovered by the dentist when still in a curable stage.

Mrs. Fred Geye

Miss Modesta Ellison, employed at the bank in Dublin, has been at home with her parents, Mr. and Mrs. Mack Ellison, since last Friday recovering from a broken bone in her left foot she received in a car wreck near Stephenville on Wednesday afternoon of last week.

Mr. and Mrs. Charley Riley, their daughter and husband, Mr. and Mrs. McLean of Hamilton, visited Sunday afternoon with Mr. and Mrs. W. H. Vick.

There will be no singing here Sunday afternoon, as the Shiloh singing convention meets at Harbin.

Mr. and Mrs. Grady Littleton are erecting a nice home near the school building, on the lot where the Addie Gibson residence formerly stood.

Mrs. J. W. Morgan returned home Wednesday after a visit at Goldthwaite with her daughter, Mrs. Eric Adams, and family.

Mr. and Mrs. Stuart Partain of Waco accompanied her mother, Mrs. Ophelia Upham, home Saturday for the week end. Mrs. Upham returned home with them Sunday afternoon for a longer visit.

Mrs. Fred Geye and daughter, Mrs. Dow Self and sons spent Wednesday at Dublin with her daughter, Mrs. Paul Warren, and family.

Mr. and Mrs. C. C. Clarkson and daughter, Leta, and Eddie Welch of Dublin visited Sunday with Miss Modesta Ellison and her parents, Mr. and Mrs. Mack Ellison.

Mr. and Mrs. John H. Clark and children John Ralph and Patricia, visited Sunday in Dallas with her sisters, Mrs. Gladys Smith and Mrs. Lillian Tatum, and attended the Dallas State Fair.

Mrs. Dow Self and sons, her mother, Mrs. Fred Geye, and Miss Melba Jean Proffitt were Gorman visitors Monday afternoon.

Mrs. Lilla Byrd and son, Billy, were week-end visitors in Stephenville with her daughter and son, Mrs. Beryl Coxy and family, and Cecil Byrd and family.

Mr. and Mrs. Milton Whitehead attended the celebration of her mother's, Mrs. Will Wright's, 71st birthday, held in her home at Duffau Sunday. All the children, seven girls and one son, were present to enjoy this happy occasion, except one daughter, Mrs. Millie Turner of Purves. Present were Mr. and Mrs. Milton Whitehead, Helen and Margaret, Mrs. Rufus Whitehead, Thelma and Geraldine, Mr. and Mrs. Corkie Lee and Clifford, all of Carlton; Mr. and Mrs. Loys Landee and Ronnie, of Highland; Mr. and Mrs. Ross Whitehead, Carolyn and Royce Dean, Mrs. Ray Van Meter and Donnie, all of Dublin; Will Wright of Duffau; Mr. and Mrs. W. R. Wright Jr., Gary and Jerry Dean, W. R. Wright Sr. and daughter, Mrs. Jean Clark, all of Fort Worth; Mr. and Mrs. Doyle Fowler, Mr. and Mrs. J. D. Richards, Rev. and Mrs. R. A. Cox, Mr. and Mrs. W. H. Collins, Mr. and Mrs. Emmett Fowler, Frances, Jas. Lowell, Donald Wayne and Martha Jane Fowler, all of Stephenville; Mr. and Mrs. Leslie Anderson and Eddie, Mr. and Mrs. Jim Ray Anderson, Martha and Leslie, all of Duffau; and Melba Jean Proffitt of Carlton. The mother received many nice gifts and at the noon hour a bountiful feast was spread.

YOUTH FELLOWSHIP MET AT MOSHEIM OCTOBER 1

The Methodist Youth Fellowship of the North Gatesville District met at Mosheim Tuesday night, October 1. There were 101 present and more towns were represented than there were last time.

We discussed plans for starting a sub-district paper. We decided to let the churches talk about it and bring their decision to our next meeting at Walnut Springs, November 6. Let's all bring a lot of ideas to this next meeting.

The program this time was given by members of the council and everyone learned a lot about the Youth Fund from them. The next program is based on India, so everyone can come and help us carry over the theme.

The sun is shining brightly this Monday morning, and farmers are making every preparation for the peanut harvest, which will be above the average in yield. Sowing of grain will be resumed in a few days, if the dry weather continues.

There was not much visiting in our community over the week end. Most of the folks were at home listening to the World Series baseball game. A few were at the singing at the Hico Methodist Church and some drove to Stephenville to spend the afternoon.

Bruce Burgan and son, Oscar, have returned from Haskell County where they had gone for a few days to pull bolls. The inclement weather necessitated their return home.

Mrs. Price, principal of the school here, says there will be a social at the gym Friday night, Oct. 11. The pie supper last Friday night was a success, although it was very muddy, and raising about \$39.00 was raised, which will go toward improving the teacherage.

Mr. and Mrs. Will Wright entertained about fifty relatives and friends Sunday. It was Mrs. Wright's birthday.

Mrs. Prentiss Hook of Fort Worth spent Sunday with her parents, Mr. and Mrs. Felix Landers.

Chas. Raymond Bailey, who is a patient at McCloskey Hospital, is visiting his wife's parents, Mr. and Mrs. W. A. Bell. Mrs. Bailey has been staying at Temple while Charles has been confined to the hospital. He will return to Temple on the 17th of this month and at that time will undergo an operation.

Miss Mary Koonsman, an old-time resident and sister of the late Will and Harry Koonsman, has been seriously ill at the old home place. Her condition was very grave early this week.

CARD OF THANKS

We wish to take this opportunity to express our thanks to our friends and neighbors for the assistance given us during the recent illness and passing of our beloved wife and mother, Mrs. A. J. Mulligan. The many kindnesses and helpful deeds rendered by our friends in the community are sincerely appreciated. May God's blessings rest on each of you.

From where I sit... by Joe Marsh

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life . . . how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs . . . going with the same nice home-town girls (getting married, some of them, and setting up families) . . . renewing the same old friendships.

Even their amusements are the same. Nothing more exciting than fishing Seward's creek or pitching horseshoes . . . enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance . . . tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

We, too, are on a waiting list

If you've been trying to buy a new car, you know how hard it is to get delivery with production running so far behind the tremendous demand.

A similar situation is retarding our efforts to extend service to new users and make needed increases in the capacity of our lines. We urgently need more transformers, wire, poles and pole hardware for immediate use. Manufacturers would like to supply them, but production is simply not enough.

We want those who have applied for service to know that we, too, are on a waiting list, with deliveries of many items of line material even slower than during the war.

We're stretching the limited materials we receive as far as they will go. You can count on us to bring you electricity and push ahead our improvement program just as rapidly as the supply situation will permit. Meanwhile, your understanding and cooperation are sincerely appreciated.

None of us can see into the future well enough to predict definitely just what is going to happen to markets. But those who have followed the sound advice to improve their product have seen this foresightedness pay off in dollars and cents.

Current shortage of red meats makes a strong demand for eggs and poultry right now. Continued production of quality eggs, proper feeding, intelligent care, and wise marketing will always show a profit.

We are in the market all the time for quality eggs, trying to help you realize the profit that you are due. Call on us frequently for any assistance we may render — and deal with us confident of a genuine consideration of your welfare in every transaction.

WORLD'S LARGEST PALOMINO HORSE . . . Ernest Specht is shown mounted on "King Cortez," world's largest Palomino horse, decked with \$20,000 worth of hand-wrought silver trappings and saddle. Photo was taken at San Gabriel during celebration emulating the days of bygone Spanish grandees, who first founded the city 175 years ago.

WITH THE COLORS (Continued from Page 1)

ment they afford, furnish conversational material for many more hours.

Each day the portable library carts make their rounds of the wards, bringing a wide selection of books to the bed-ridden patients.

Everyone is encouraged to move about as much as his condition permits, for the doctors know that unnecessary lying in bed causes muscles to atrophy and hinders blood circulation. Even bed patients are encouraged to take exercises of hands or arms or legs when their condition permits. Any exercise helps convince the patient he is still a person, still capable of doing things.

Down in the physiotherapy and occupational therapy departments this double benefit to body and mind is continued. Each patient ready for physiotherapy is studied to see what exercises he is ready for and needs. Interesting machines are there with which the patient can exercise his legs or arms or back and can tone up whatever particular muscles need strengthening. It isn't just treatment the patients get—the informal atmosphere and "bull sessions" create a social atmosphere beneficial to men grown sullen with pain and disease.

Over in occupational therapy patients are doing really first-class painting, drawing, sculpturing and weaving. And for the men who want to build things there are good tools and materials. There are "power" tools such as saws and drills which are pumped like a bicycle. It is surprising how many men with leg or back injuries are interested in building things that require the use of these "leg powered" tools.

Up in the main offices of almost any Veterans' Administration Hospital, the head men will be a little proud of the good work being done by their staff, but they will also tell you the not-so-good things. They will emphasize that capable doctors and nurses and executives are hard to find—and keep—at the salary levels allowed by law. They will point out that hospitals designed and staffed for, say, 250 beds are overcrowded and under-staffed when 400 patients are necessary.

Some hospitals frequently have waiting lists although, of course, there is always immediate attention for any emergency case. Today, Veterans' Administration officials will tell you, there are about 90,000 veterans in Veterans' Administration Hospitals—and the number is expected to rise each year for many years as the wear and tear of time weakens the resistance of the "young men" of 1941-45 to their old war-time injuries and diseases. And middle age and old age will bring their own physical troubles.

But the Veterans' Administration officials are not discouraged. They believe the money and the men and the buildings will be found to care for the physical, mental and recreational needs of the increasing number of disabled veterans.

THE FAIRIES FROM FAIRY HIGH SCHOOL

Senior News

We Seniors are planning to make this a big year. We are all trying to make good in our studies and sports. We have had a few three-week tests and a few of the grades weren't so extra good, but the majority of them were passing.

We have elected class officers: President, James Abel; vice-president, Truitt New; secretary-treasurer, Frances Grimes; sponsors, Mrs. Tommie Harper and Mr. Columbus.

We have three new teachers this year. They are Mr. and Mrs. Tommie Harper and Mr. Sammie Harper. We like them very much, but Mrs. Tommie Harper just won't let us chew gum.

When school started our class had twelve members, but in about one week one girl decided she'd quit—but she soon came back. Two of our boys, Thomas Slater and J. D. Noland, left to join the army. J. D. came back in a few days. We are glad to have him back in our classes.

We have had a very good attendance in class, but a few are picking cotton.

The eleven now enrolled in our class are: Barberette Jamison, Fay Grimes, Frances Grimes, Pansy Prater, Winnie Riley, Barbara Anderson, Nella Noland, J. D. Noland, Truitt New, James Abel, and Bobby Todd.

Junior News

Juniors have elected class officers as follows: President, Lloyd Akin; vice-president, Dorothy Streater; secretary, Margene Perry; treasurer, Doris Streater; reporter, Billy Massingill. Our class sponsor is Mr. Sammie Harper.

The Juniors have elected Edward Jenkins their duke and Doris Streater their duchess for the Halloween Carnival this year.

Mary Nell Rhone of Cranfills Gap was a visitor this week in Fairy school. Do come back.

Fairy High School has five new teachers this year. Mr. Tommy Harper is our ball coach and algebra teacher. His wife, Mrs. Tommy Harper, is our English teacher. Mr. Sammie Harper is our history teacher. Mrs. W. E. Goynne and Mrs. Burleson are the new teachers in grammar school.

We like all our teachers and hope they learn to like us and we hope they have a successful school year at Fairy High. We children are going to do our best to cooperate with them.

Sophomore News

We are very proud to get started in what we think will be a successful school year. We have some wonderful teachers.

Class officers recently elected are: President, O. J. Clark; vice-president, Texie Allison; secretary and treasurer, Doris Smith.

We also elected our duke, O. J. Clark, and our duchess, Ione Arrant, for the Halloween Carnival. The honor (or should we say headache) of being sponsor fell upon the shoulders of Mr. Columbus.

Freshman News

We elected our class officers and sponsor Tuesday morning: President, Bobbie Streater; vice-president, Milton Clark; secretary and treasurer, Oleta Perry; assistant secretary, Bobbie Jo Edmondson; reporter, Pansy Nell Hicks. Our queen and king for the Halloween Carnival are Oleta Perry and Milton Clark.

Sports

Fairy school is very proud of its football team this year. The Tigers are very proud of their new football equipment. The Tigers are striving very hard to make a success of their team, as this is their first year of football.

Our captain is James Abel, and our co-captain is Joe Blakley. Our players are: Center, Fred Duncan; left end, Joe Blakley; right end, Billy Massingill; halfbacks, Texie Allison and Truitt New; fullback, James Abel. The substitutes are: Lloyd Akin, Gene Glenn, Weldon Parks, Milton Clark, Danny Hanson, and Clayton Massingill.

We are sorry that both Pottsville and Evant defeated us, but we are sure we will defeat Pearl Friday.

Pep Squad

We are very proud of our pep squad. We have the attendance of about fourteen girls and six boys.

We have received our shipment of blue material and everyone has their shirts completed and we have white "Sloppy Jo" sweaters. Our skirts are royal blue and most of them are pleated alike.

We have three yell leaders, Betty Adams, Oleta Perry and Ione Arrant. We have learned many yells and hope to learn many more and we also hope to have a successful pep squad throughout the football term.

This week is the anniversary of the Great Chicago Fire of 1871. Probably you don't have Mrs. O'Leary's cow in the garage, but are you sure you don't have any fire hazards in the house? Have you had your heating apparatus cleaned and checked recently. Are your electrical appliances in good repair? Do you always keep cigarette trays handy? The Texas Safety Association says good housekeeping is one of the first steps in fire prevention.

Life is made up of very small things. It is these small things that cause all the trouble. We brace against the big things because we know they are coming, but the small, unknown, unforeseen things are the ones that always sink the ship.

Former Hicoan Buried Here Sunday, Oct. 6

Funeral services for T. D. Bess were held Sunday morning, Oct. 6, at the Barrow Funeral Home, conducted by Rev. O. D. Carpenter, pastor of the local Baptist church. Burial was in the Hico Cemetery.

Thomas David Bess, a native Texan, was born March 3, 1877, and died Friday, Oct. 4, in Austin. For many years he lived in Hico.

He is survived by two daughters and four sons, namely: Mrs. G. C. Frank, Cleveland, Ohio; Mrs. W. B. Kerr, Tomball; William Bess, Kirbyville; C. C. Bess, Arkadia, Calif.; B. O. Bess, San Diego, Calif.; and M. T. Bess, U. S. Navy, Oakland, Calif. There are also two grandchildren.

Among those here to attend the funeral services were Mr. and Mrs. W. P. Bess and son, Billy, of Kirbyville and Mrs. W. B. Kerr and daughter, Shirley, of Tomball.
