Review Club Members Discuss G. B. Shaw In Meeting Last Week

The Review Club met in the home of Mrs. R. B. Jackson who was hostess.

Our subject was George Bernard Shaw and his play, "St. Joan."

In the absence of Mrs. H. N. Wolfe, who was to have given an account of the author's life, Mrs. E. H. Persons substituted and gave a splendid report.

In the words of Shaw, himself: "My education began when I left school and went to work in the office of a Dublin land agent. I am an educated man because I escaped from school at the age of fourteen. My culture is largely musical. I have always been interested in science, and I even claim to have made certain little contributions to the theory of creative evolution. I mastered economics completely in four years. I do not read any foreign language except French. I am an extraordinarily witty, brilliant, and clever man."

Excerpts gathered from Mrs. Persons' report follow: "In 1875 at the age of nineteen, Shaw made his first appearance in print. He wrote a letter to "Public Opinion," and declared himself an atheist after hearing Moody and Sankey preach.

"The first thirty years of his life were lived almost in poverty. He existed on his mother's earnings as a music teacher.

"Shaw was a vegetarian, a teetotaler, and a non-smoker. He is ninety years of age and thinks he will survive one hundred years.

"Shaw is the world's highest-paid dramatist, and the highest-paid screenwriter. He has refused a peerage and one of Great Britain's greatest rewards—the Order of Merit.

"He believes that the name 'Bernard Shaw' needs no adornment."

Mrs. May Bates, in her witty and clever way, pleasingly reviewed Shaw's play, "Saint Joan." Quotations follow:

"Joan of Arc was born about 1412 and burnt for heresy, witchcraft, and sorcery in 1431. She is the most notable warrior Saint in the Christian calendar. She was a professed Catholic but one of the first Protestant martyrs. Joan was the pioneer of rational dressing for women, and she dressed and fought as men did. As the result of asserting herself with such force, she was a famous character, throughout Europe in her early teens. Joan claimed to be the ambassador of God, and a member of the church triumphant while still in the flesh. She was a great statesman, and had unbounded contempt for official opinion.

"There were two opinions about Joan—one, that she was miraculous; the other, that she was unbearable. When Joan was rehabilitated in 1456, it produced evidence enough to prove that she went to the stake without a stain on her character except the weening presumption that led her on.

"We may admire Joan for being an extraordinary, shrewd, country girl with a great strength of mind. She was a woman of thorough calculation, and in war, a realist. She talked and dealt with people of all classes from laborers to kings, without embarrassment or affectation, and got them to do what she wished."

The hostess served a salad plate consisting of chicken salad, Ritz crackers, olives, hot spiced punch and mints to the following guests: Miss Louise Angell, May Bates, Eileen Copeland, J. W. Fairley, J. E. Lincoln, Marvin Marshall, W. J. Moore, E. H. Persons, E. H. Randals, Lusk Randals, and L. J. Wood.

Hico Ward School Honor Roll For Past Six Weeks

H. H. Miller, principal of Hico Elementary Schools, has released a list of pupils entitled to a place on the honor roll for the past six weeks of school.

To be on the honor roll, the principal explains, pupils must make not less than A or A- on any subject. Physical education and citizenship are included.

The list follows:

Eighth Grade: Carl Wayne Barnett and Joyce Helen Howerton. Both these students also were named on the honor roll of distinguished students for the semester.

Seventh Grade: Wilma Joyce Woodard, Betty Rae Shook, and Betty Jo Bolton. There are no students in the Seventh grade who made the term honor roll.

Sixth Grade: Peggy Goodloe and Edna Walker. The latter made the term honor roll.

Fifth Grade: Ronald McKenzie, Percy Warren, and Karon Higginbotham. All three were named on the term honor roll.

Fourth Grade: Margo Partain, Joyce Rae Lowe, and Betty Booth. All of whom were distinguished students for the term.

Third Grade: Jerry Hamrick, Tommy Leeth, Carey McKenzie, Bud Teague, Julia Ann Hedges, Rachel Ogle, and Marguerite Watkins. Named for the term honor roll were Jerry, Tommy, Carey, Bud, Julia Ann and Marguerite.

Second Grade: Marietta Churchill, Regina Ellis, David Grey, Verne Horsley, Virginia Jones, Joe Knight and Jan Nelson. Marietta, Regina and Joe were on the honor roll for the term.

First Grade: Gary Duncan, Billy Booth, Archie Allison, Buddy Ablee, Sue Parker, Sanford Grey, and Wanda Griffiths. For the term Sue, Sanford, Gary, Archie and Ruddy were named.

MARRIED IN ROME, ITALY

The News Review force this week received an invitation to a wedding which they will not be able to attend.

The invitation was mailed from Rome, Italy, and carried the following information in two languages: "Omeler W. W. Heffer Jr., Chief Yeoman, U. S. Navy, and Michelina Ricci announce their wedding."

"The ceremony will take place at 11:00 hrs., 17th January, 1948, Santa Croce, S.ulla Via, Flaminia, Rome, Italy. Reception will be at 12:15 at Taverna Appia, Via Puenza 10."

The young serviceman, whose parents and family live in Hico, will have the best wishes of his many friends here.

CLOVIS IS A SERGEANT

Mrs. W. M. Grant has written from Dublin to have a change made in the address on the paper going to her son, Clovis Grant, whose rating has changed from corporal to sergeant.

Mrs. Grant says Clovis is still in Korea, and doesn't want to miss a copy of the home paper. He wanted us to tell everyone hello for him.

Veterans' News

More veterans reinstated lapsed National Service Life Insurance during December than in any one month since last August. Veterans Administration has announced.

VA said 193,668 veterans in December reinstated lapsed insurance with a total value of \$671,518,000. During the last eleven months of 1947, a total of 1,106,919 veterans renewed lapsed policies worth nearly \$6,790,000,000.

VA last month extended to July 31, 1948, the period during which veterans with lapsed insurance may apply for reinstatement of their term policies by merely filling out a simple form and paying two monthly premiums. Ordinarily, no physical examination is required if the veteran certifies that his health is as good as it was when the policy lapsed.

No penalty or fee of any sort is paid by a veteran who reinstates his term insurance. VA emphasized. Of the two monthly premiums submitted with the reinstatement application, one covers the 31-day grace period for which his insurance was continued in force without payment of premium; the other is payment for the current month of reinstatement.

After July 31, 1948, veterans whose policies have been lapsed for three months or more will be required to take a physical examination and qualify as insurable risks in order to reinstate. VA said.

Applications for total disability income riders on National Service Life Insurance policies increased steadily throughout the year, reaching 15,000 by the end of September. Veterans Administration said.

About 309,000 veterans requested changes in their National Service Life Insurance contracts during the third quarter of 1947 ending September 30, Veterans Administration said.

Veterans' applications for converting term National Service Life Insurance to any of the half-dozen available permanent forms numbered 182,000 for the third quarter of 1947 ending September 30, compared with an all-time high of 240,000 applications for the quarter ending June 30, Veterans Administration said.

Covered Dish Supper Enjoyed by O. E. S. Members and Guests

Members of the Order of the Eastern Star entertained their husbands and guests with a covered dish supper at the Masonic Hall on Thursday evening, Jan. 15 at 6:30. Ample quantities of hot coffee were served with the delicious meal.

After the departure of the guests, a very enthusiastic meeting of the chapter was conducted. REPORTER.

Serious Loss In Fire Saturday Night At Home of Hamricks

The Hico Fire Department was called to the residence of Mr. and Mrs. H. D. Hamrick, near the school building, last Saturday night about 7:00 where a fire had gained such headway that it practically destroyed the house and most of its contents.

Mr. and Mrs. Hamrick and children were at home, but were in another part of the house from where the flames started. Only a few items of furniture and clothing were saved.

Hico Boy Scouts were assisting this week in the collection of clothing and a sum of money which was contributed by friends to help alleviate the unfortunate loss.

The house, which belongs to Speck Wright, was badly damaged, along with a quantity of hardwood flooring he had stored there.

Another Patrol Added At Recent Scout Meeting

When the Scouts settled down at their recent meeting, they filled out an order for badges, medallions and troop numbers.

Then Mr. Norton read the year's happenings, after which he told us we were going to make another patrol, the "Indian Patrol." The names of the other patrols are the "Wolf," the "Blazing Arrow" and the "Renegade."

We are also running a contest for a first-aid kit. Before the close of the meeting Wayne Barnett, Poncho Ross, Ray Battershell and Bobby Watkins were awarded their second-class badges. R. W. Leeth became a tenderfoot, and also Dean Barnett.

After this we repeated the Scout Oath after Dean Barnett, and then we left for home. "A Scout Is Loyal."

Scribe, Scout Troop 99, Hico.

IN LOUISIANA HOSPITAL

Mrs. Ray Sumral is in a hospital at Lake Charles, La., according to a note received from her daughter, Mrs. H. H. Talley. The message continues:

"Mother had a cataract removed from her left eye January 15. She will now enjoy reading the Hico paper, something she hasn't been able to do for the past six months."

"I always read to her about old friends. She does love Hico and she hopes to be out there this summer for a visit. We are expecting to bring her home any day now."

Weekly SURPLUS NEWS WAA

Several tractors, some with farm equipment attachments, and various items of construction equipment will be included in a \$100,000 sale ending February 7 announced this week by the WAA at Grand Prairie. All of the equipment will be sold at fixed prices to veterans and other priority buyers. Locations include Fort Bliss, Camp Hood, and San Antonio as well as government installations in adjoining states. Listings are currently available at Customer Service Centers throughout the southwest zone.

The plant liquidation program of War Assets will be concentrated Jan. 22 and 23 at the Phillips Petroleum Plains plant four miles west of Borger, where about \$200,000 worth of residual surplus will be marketed through informal bidding. The property includes four used trucks, to be sold separately, several welders needing repair, hardware, plumbing supplies and a small amount of hand tools. Bids will be opened and awards made on the 30 lot offering at 11 a. m. Friday, January 23.

Texans in need of housing and building materials will have the opportunity Jan. 27, 28, and 29 at a final clearance sale of surplus Camp Maxey buildings. The sale, comprising 485 structures of the usual GI types, will be non-priority, open to the public, with awards and titles delivered without delay by means of bidding from the floor. More than 110 residents of the North Texas area around the Paris installation were successful at the initial public sale held Dec. 29 and 31, and WAA again will offer the items singly for the benefit of individual buyers.

Floyd Sharp, who has headed the program of real property disposal in the Little Rock region, was named this week as associate administrator for the southwest WAA zone. He succeeds Col. Frank Palmer, who held the position throughout the tenure of Gen. C. B. Rucker, who retired January 9. The new zone administrator, Col. Karl E. Wallace, announced he would press for team work to carry out the gradual zone-wide liquidation of war surplus.

Thirty-four lots containing thousands of standard automotive and machinery parts are to be sold by competitive bidding ending January 27. WAA has announced. Parts for cars, tractors, diesel engines, and construction machines are included. Descriptive listings are available by contacting the WAA Customer Service Center, Grand Prairie.

Widely sought merchandise such as tents, scaffolding, soil pipe, light globes and hardware items are included in a combination fixed price and sealed bid offering of the Grand Prairie WAA office closing February 6. In all, goods valued at \$215,000 will be marketed to veterans, commercial buyers and others. The sale will include air conditioning registers, gun scabbards, bed rolls, extension ladders and laundry ironers.

LOSE HOME IN FORT WORTH

The following item from Sunday's Fort Worth Star-Telegram bears news of the misfortune of the son of Mr. and Mrs. W. A. Moss:

"When Joe Moss, Convair employe, and his family return from a week-end visit to Hico, they will find their four-room rock home at 3200 Ramona, Riddle, in ruins."

"Fire of undetermined origin destroyed the house at an estimated loss of \$5,000 at 4:45 a. m. Saturday. Only the garage was left standing."

County's Rural Property Shows Huge Valuation

Farm property in Hamilton county is now worth more than \$13,554,000, and rural homes here and throughout the state are in the best condition in history, according to a report just released by the Title Council of America.

More than 75 per cent of farm dwellings in Texas and the South are in excellent condition or need only such minor repairs as painting or general maintenance, the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of the Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by a great increase in the number of rural homes equipped with such modern conveniences as electric lights, tiled baths and showers and running water," said P. B. Ortmann, chairman of the Council's residential construction committee.

Electricity, for instance, has gone into hundreds of thousands of the nation's rural dwellings since 1940, Ortmann noted. More than 59 per cent of all farm homes now have electric lights, in contrast to 31.3 per cent in 1940.

More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths, according to the Title Council report. In 1940, 17.7 per cent had running water and only 10.6 per cent had private baths.

Freedom Train To Be In Waco Monday, Feb. 2

The Freedom Train will be on display in Waco Monday, February 2, according to a letter to Mayor J. C. Barrow of Hico from John Nix, president of the Waco Chamber of Commerce.

"Although we would like very much to write individual letters," the message continued, "we hope you will consider this a personal invitation to you and your citizenry to visit the Freedom Train."

The Freedom Train, an eight-car red, white and blue special carrying more than one hundred historic documents of our American Heritage, will be on display from 10 a. m. until 10 p. m. on the side track of the M-K-T Railroad on Eighth Street in Waco. No scheduling of times for any group will be made because of the large number of persons in Central Texas who will want to see these priceless documents."

Heavy Loss Monday In Rural Fire At Laminack Home

Mr. and Mrs. R. F. Laminack, who live in the Black Stump Valley, lost most of their household possessions early Monday morning in a fire at their home.

The fire, which was reported to have started in a defective oil stove, consumed the residence in a short time, in spite of efforts of neighbors to put it out. Only a few small items were saved.

Jewell Ramage was in Hico this week making up a list of donations among friends who were anxious to help out in the emergency.

Deputy Collector Of Internal Revenue To Be Here Feb. 24

A deputy collector of the Internal Revenue Service will be in Hico February 24 to assist local taxpayers in filing income tax returns, according to a message from John M. Parker, Chief of Field Division, addressed to Mayor J. C. Barrow.

The mayor has made arrangements for accommodation of the deputy at the City Hall.

Santa Claus Will Protect Us

NO OUTSIDER really knows how powerful the Russian military machine has become, but if the consensus of opinion is anywhere near correct then we are practically licked already. If the Slav Confederation possesses 14,000 planes to our 4,000, and a total fighting force 5 or 6 times the size of ours, and the atomic bomb, and the determination to conquer the world—then what on earth is going to prevent them from sending a huge army across the few miles of Behring Strait next summer and bringing it down through Alaska, Canada, and into the United States? Certainly not a few young soldiers up in Alaska without even the help of radar!

Now we don't believe the Slavs are ready to attack us next summer, and we don't believe they have as yet perfected the atomic bomb. We do believe however that if and when they possess as many as 100 of these town-lamers, they will order their American dogs to plant them in our big cities and have plenty of time to amble down from Behring Strait before we recovered from the multiple shocks.

Since the days of Ivan the Slavs have had the world-conquest bee—and we can't think of any race we crave less as masters. Science has made it more difficult to stop them today and our best defense is to be prepared to destroy every city in Russia within a few hours following the bombing of our own. A thousand atom bomb-carrying long distance planes in hidden underground runways will never have to be used if the power-mad upstarts in the Kremlin know they exist. Such extravagance of course is too much to expect! It might cost as much as three weeks' actual warfare! But at least we could prepare for some delaying action in Alaska; or do we think Santa Claus will do it?

The Government of the United States represents the people—their Heaven—and is amenable to their will. If we, the people, prefer not to spend the money which would make this nation practically immune from attack; if we aren't even willing to give our sons the advantage of universal military training; if we are satisfied with a small army, a small air force and a big faith in the kind hearts of the Kremlin boys—then what's left of us can't even blame Congress when the end comes.

W. D. Oldham

Mr. William David Oldham was born January 28, 1867 near Palestine, Texas. He made his departure of this life January 14, 1948, at the Hico Hospital.

He was married to Elizabeth Brashear Feb. 22, 1895. To this union were born five children, all surviving. They are: Mrs. Jeanne Benson, Burrus, La.; Mrs. Neta Stephens, De Leon; Mrs. Katherine Baker, Amarillo, and O. G. Oldham, Iredell.

He is also survived by his wife and two brothers and one sister. They are: C. L. Oldham, Glen Rose; J. O. Oldham, Canyon, Tex.; and Mrs. Mabe McMullin of Irazul. He has eight grandchildren and four great-grandchildren.

Mr. Oldham became a Christian and united with the Iredell Baptist Church in 1910. From this time on he was loyal to the church and what it stood for.

Mr. Oldham's health had been bad for some time before his death. Before his health got bad he ran a broom factory, which he had been running for many years. He sure made nice good brooms.

When he could he would come to town and he would always speak to one and all. He was a good old man, was honest in all his dealings with all. I knew Mrs. Oldham before he and Lizzie (as she is called) were married. Their married life was a happy one and if I recollect right, all of their life was spent in Iredell. He had many friends and was respected by all. He did all he could to one and all.

Perhaps all his deeds will not be known until the Last Day.

His last illness was long, but he was patient all along. He came to the end of the way and God called and he was ready to go, never to suffer again, and to be forever at rest.

His wife and children and other relatives miss him so much. They did all they could for him.

Besides the loved ones mentioned there are many other rela-

"CHRISTMAS TREE" or Gas Well Head — in gas fields, pipes are run from several wells to form a network which is part of a gathering system to carry natural gas from the wells to main transmission lines.

Helps Assure More Natural Gas
For Lone Star Customers This Winter

One of the most important activities in 1947 on the Lone Star Gas System was the addition of new natural gas reserves to meet a rapidly growing demand for natural gas. Three major gas fields were tapped by new lines during this first year of a five-year expansion program.

Fish Creek Field gathering line adds enough delivery capacity to Lone Star System to supply natural gas to a city the size of Waco. This line is but one of more than 75

lines from different fields feeding gas from more than 1,500 wells to the Lone Star System.

Coupled with the addition of new reserves is the construction of new compressor stations, new distribution lines for new customers and many other projects. At the completion of this program \$40,000,000 will have been invested in new facilities.

This \$40,000,000 program is Lone Star's biggest undertaking since the building of the System. It's a program planned to maintain Lone Star as the finest of Natural Gas Services.

Meet Walter Roberge—"buyer" with 25 years' service in purchasing department at Lone Star. He has this to say about Lone Star's expansion program:

"One can measure the growth of Lone Star Natural Gas Service by the amount of pipe we buy. For example, we're planning to buy 360 miles of four-inch and smaller pipe for construction of new town distribution plants alone this year. This is but a small fraction of planned pipe purchases in 1948, which I believe, will be a year of record growth."

... and friends who join in the mourning at the passing of Mr. Oldham.

Funeral services were held at the Iredell Baptist Church Jan. 16 at 2:30 p. m. The Hico undertakers had charge of the funeral. A large crowd was there for the afternoon was very cold. The floral offerings were very large and beautiful, which told of the high esteem in which he was held.

The following were pallbearers: Messrs. B. L. Mitchell, L. J. Simpson, J. D. Tidwell, Rex Mitchell, Ralph Phillips, and Joe Tidwell.

Interment was in the new cemetery. The out-of-town relatives who attended the funeral were: Mr. and Mrs. J. B. Oldham, Houston; Mr. and Mrs. Pickle and daughter, Miss Vera, Cleburne; Mr. and Mrs. Clark Oldham and family, Glen Rose; Mr. and Mrs. E. F. Stephens and children, De Leon; Mr. and Mrs. C. R. Self and children, Stephenville; Mr. and Mrs. Marion Burson, Burrus, La.; Mr. and Mrs. E. H. Baker and children, Amarillo; and Mr. and Mrs. Herschell Patterson and Mrs. Joe Phillips.

Mrs. Oldham and family and other relatives have the sympathy of their friends in the loss of their loved one.

The officiating clergy were Rev. Tension, pastor of the Iredell Baptist Church; Rev. Norris, pastor of the Iredell Methodist Church and Rev. C. M. Tidwell, pastor at Fairy.

Fairy
— By —
Mrs. J. O. Richardson

At this writing we are in the grip of real winter weather, with a good coat of snow and sleet on the ground. Work on the farm-to-market highway has been discontinued until favorable weather conditions prevail.

Mr. and Mrs. J. W. Blakley and baby visited recently in the home of his parents, Mr. and Mrs. Roy Blakley, and sister, Mr. and Mrs. Paul Hutton and Carolyn.

Mrs. Gladys Cox and her sister, Mrs. E. M. Hoover, spent Wednesday of last week in Fort Worth on a shopping tour.

Mr. and Mrs. Carl Ray Sellers and Carolyn visited a while last Saturday night in the home of his brother, Mr. and Mrs. Frank Sellers of Hamilton.

Mr. and Mrs. Edd Allison and Texie visited Sunday afternoon in Dublin in the home of their son and brother, Mr. and Mrs. D. E. Allison and family.

The writer spent Sunday afternoon in Hamilton visiting and attending the singing at Littleville.

Mr. and Mrs. Louis Abel are guests of her parents, Mr. and Mrs. J. T. Jackson and family last Sunday. Mr. and Mrs. Abel, who were married on Tuesday of last week, are at home at his farm home, the former Will Smith place near Fairy. We extend congratulations to this young couple, and wish for them much happiness throughout their life together.

As the weather has been so disagreeable and we have been unable to get away from home much the past week, out news this week will be short, unless the drop box yields us a portion. At least we're going to make an effort to get up to Fairy this morning (Tuesday) and pick up the news—if any. (She did, but there wasn't—Ed.)

J. W. Perry
Mr. J. W. Perry was born April 4, 1862 in Cleburne County, Alabama, and died January 14, 1948 at the age of 85 years, 9 months and 10 days.

Bro. Perry came to Texas in 1900 and settled near Duffau. He lived there until 1940, when he moved to Iredell to live with his daughter.

He was married to Lou Pendergrass in 1883. Mrs. Perry preceded him in death September 2, 1937. To this union were born eight children, five of whom preceded him in death.

Bro. Perry was converted and united with the Prairie Springs Baptist Church in 1908 and was a faithful member of that church until three weeks ago when he united with the Iredell Baptist Church.

He was ill for some time, was at the home of his daughter, Mrs. A. B. Russell of Iredell, and she took good care of him. The other relatives also did all they could for him. At 5:15 p. m. as the day was coming to a close, his life came to an end. He had lived out his days and no doubt he did many good deeds which will be revealed on that Last Day. He was a great deal of company to Mrs. Russell and they will miss him.

He is survived by two sons and one daughter, Mrs. Russell of Iredell. The sons are J. L. and J. P. Perry, both of Midlothian, Texas. They all expect to meet him some day.

He is also survived by two brothers and one sister; ten grandchildren and 19 great-grandchildren.

The funeral was held on Thursday afternoon at 2:30 in the Baptist Church, in charge of Mr. Brister. The message was brought by Rev. Cecil McBeath, pastor of the Meridian Baptist Church. He was assisted by Rev. Norris, the Methodist pastor at Iredell.

The floral offerings were beautiful. Six of his grandsons acted as pallbearers.

The day was very bad but a good crowd of relatives and friends came to show their last respect, for he was a good man and had many friends. He lived a quiet Christian life.

Interment was in the Duffau Cemetery, where he will await the Resurrection Day.

Mrs. Russell and other relatives have the sympathy of their many friends.

Out-of-town relatives who attended the funeral were: Mr. Perry of Meridian; Mr. and Mrs. Henry Land and children, Texas City; Mr. and Mrs. Host Perry of near Temple; Mrs. Homer Wilson, Stephenville; Mr. and Mrs. Otis Perry and children, Mr. and Mrs. Len Ford and children, and Mrs. Lucille Pruett and children, Midlothian. His sons, J. L. and J. P. Perry, also of Midlothian, attended the funeral. All the grandchildren were here except two.

WERE ON OUR HONOR

D. H. McMurray, former Hico citizen who moved from here to Brownwood and now lives at Brooksmith, Texas, has given us a wholesale order for subscription.

"Enclosed find \$5.00, for which please renew my paper for the proper period of years, months, weeks and days."

That way Mr. McMurray saves himself the bother of renewing each year, and saves us the trouble of working the list for whatever time our statistician figures out he has coming.

**Hamilton-Coryell
Soil Conservation
District News**

During this month Application of Conservation Practices Meetings have been held with the following groups: the Henderson Point Meeting was held in the home of N. B. Jones; the Ohio meeting was held in the home of J. T. Anglin; the Ireland group met at the school house; the Live Oak group met in the home of Mrs. Ella Shepherd.

The average attendance of District Cooperators at those meetings was 86%, and almost as many visitors were present as co-operators. At all of these meetings land owners discussed among themselves and with the representatives of the Soil Conservation Service their soil saving and improving problems and decided on schedules for applying measures according to the needs of the land.

The following Soil Conservation group representatives attended the called meeting of the Hamilton-Coryell District Supervisors at the Hamilton office Friday, Jan. 16:

- Lynn Harbour, East Carlton
- G. D. Neal, Edison Group
- C. R. Houston, Elza Group
- J. W. Jordan, Granville Group
- J. B. Wooten, East Hico Group
- C. W. West, North Lund Valley
- J. T. Anglin, Ohio Group
- Cyrus King, West Olla Group
- Sid Dickerson, Percyville Group
- Art Erdman, Pottsville Group
- A. G. Witzsche, South Pottsville
- Willie Spitzberger, Shive
- Ansel Horton, West Shive Group
- Herman Standifer, Spurlin
- Otto Schwartz, Springdale Group
- John Blom, Tonkaway Group
- W. E. Farmer and E. B. Stiles, Trading Post Group

These representatives assisted the District Supervisors by furnishing needed data for completing their Annual Report. After this was done, they presented some technical phases of the Conservation program which were discussed by the group under the leadership of District Conservationist Roland C. Madeley.

At later meetings of the Supervisors representatives of every group in the District will be invited, but due to the small assembly room, only 15 to 20 men are invited at one time.

BUY HOME IN DALLAS

Mr. and Mrs. Raymond Hefner have bought a home in Dallas at 1519 Conner Drive, according to a card received this week from Mary.

Raymond seems to be getting along well in his new duties as head of a statistical bureau for the Dallas Times-Herald.

SOMEBODY ELSE DID IT

Andy Duncan, writing from Oakland, Calif., accused us of sending him a copy of the Wewoka Times-Democrat by mistake last week.

There must be some error about the mistake, for that paper doesn't come to the News-Review desk. So if someone else sent the paper, they will have to write Andy and clear us.

"I'm no oakie!" was his parting shot, after saying that they expected to be home for a visit next August.

During World War II, 4,781,755 personnel served in the Navy, Marine Corps, and Coast Guard compared to 682,980 in World War I.

EMPLOYER AIDS BOY TOWARD SUCCESS

THE International Rotary Club held a contest for deciding who could furnish the best personal experience under the title, "The Man Who Taught Me the Most." Manuscripts came in from all over the world; or, as the Rotarian Magazine stated, "from Kenya to New Zealand." The contest was won by Louis Payler, Miamisburg, Ohio.

You'll probably be surprised to learn what he considered the two most valuable lessons ever taught him by any man.

When he was fifteen years old he went to work for a druggist in Cincinnati—a Mr. Bolton. Mr. Bolton was a wise and understanding man and he seemed to realize that there had come to him a boy who was in the formative period of his life. In Mr. Payler's own words:

One warm afternoon I mixed a nectar soda for a high school boy like myself. As I opened the jar, I smelled the sirup and I knew that it wasn't right. But I thought it might get by.

When the boy tasted the soda, he wrinkled his nose. "This nectar's off in smell," he said. I was about to argue with him when Mr. Bolton stepped up and said:

"Why not try a cherry instead?"

After the boy had gone, Mr. Bolton turned to me. "Never argue with a customer, nor insist that you are right." He proved his wisdom in this policy time and again by making refunds that I knew were not deserved. But in the long run he made friends.

"Now that you are earning money," said Mr. Bolton, one day, "you should put some aside. Did you plan on that?"

"No, sir," I thought money was to spend as soon as I got my hands on it.

He told me that I should put aside a quarter of a dollar every week. "All right," I agreed, but far from enthusiastically.

The following Saturday something happened that puzzled me. I had scrubbed the floor for the first time, taking the place of the scrub woman, and I was to get 50 cents extra for that. But when I opened my pay envelope I had only my usual \$2.

The next day I screwed up courage to ask Mr. Bolton about my extra fifty cents. "You forgot to pay me," I said.

"I did pay you."

I was about to explain about that extra fifty cents when he reached into a drawer and brought out a stiff black book with my name written on it, and a number—and \$1 entered opposite my name. He said that book was my building-association book, and he added, "I put in your scrubbing money and then added half a dollar from my own pocket. Now you follow on from here."

That made me feel grown up and important. I had a savings account! I was not merely working behind a soda counter, I was a young business man. Today I still have an account in that same building association, and the habit Mr. Bolton instilled in me has never lost its hold. To the lesson I learned from that act of Mr. Bolton's, I owe any property and money I have accumulated.

JUNIOR NEWS

Congratulations to the boys and girls for winning the basketball game with Comanche Friday night.
We hope our pictures we had made Tuesday are good.
The Junior class has picked out their play and they will order the books soon and start learning their parts.

FRESHMAN NEWS

We are sorry the stage show Saturday night was not a success. The performers played a sample

of their music to the small crowd that was here, and it was pretty good. They are coming back when the weather is better.
Speaking of weather, we have a hard time staying warm in our school rooms.

SPORTS

The basketball boys and girls went to Comanche last Friday night, and the boys won, 13-19. The girls played a very good game and won, 18-11.
Tonight we will play Eastland at Eastland.

WORM'S EYE VIEW

Nilly has found his ideal freshman girl. This girl renews my faith in the prettiest half of the American population. Nilly's girl friend had run out on him and he was really thinking some hard thoughts about all of her kind. Then along came this cute brown-eyed, brown-headed freshman girl who changed Nilly's outlook on life to a bright rose color. This wonderful person is Jo Nell Roberts.

Jo Nell is really an all right kid with plenty of friends. She's not all sugar and spice, but then, who wants a girl made of sugar; she might melt! Right now I'm going to see if I can find Jo Nell; I feel my outlook on life changing to a dark brown color.

CRYSTAL BALL

I'll wipe the ice and snow from my crystal ball and see quite a few having a wonderful time at the ball game Friday night at Comanche.

Saturday night at the schoolhouse I see Pat Duzan and “Stub” Funk, Patsy Tooley and Vernon Hill, Shirley Seago and Wendell Burden, Betty Gollightly and Paul Allen, Mary Battershell and Har-

old Norrod, Joan Gollightly and Ray Keller, Nell Dunn and “Jasper” Proffitt, La Verne Parker and Ralph Turner. I think it was a shame more of you didn't turn out because I really enjoyed the program, although it was a little old on top of the schoolhouse.
I see quite a few more at the midnight show: Mildred Ellis and Charles Gollightly, Mary Nell Keller and Kenneth Graves, Patsy Roberts and Wendell Knight, and Mary Nell Battershell and Coolidge Wade.

From where I sit... by Joe Marsh

From Sheepskin to Sheep

There aren't too many college graduates in our town. Good honest thinking, yes...but most folks went from high school into farming.

No harm in that! But I admire veterans like Dick Newcomb... who's 23, but going to college under the G.I. Bill of Rights. Intends to be a sheep farmer—but a better-informed, more scientific farmer, with more know-how!

And veterans like Dick aren't letting anything interfere. What little relaxation they allow themselves is in the form of needed exercise or books, or conversation and an occasional glass of beer with friends.

Seems as if, just by having their education postponed, they've put a higher value on it...and on things like temperance (that glass of beer, for instance), understanding, and good citizenship. And from where I sit, when Dick gets his sheepskin—he won't have lost much time. He'll be an even better farmer than his Dad. (Exactly what Dad wanted!)

24 hours of electric service for the average family served by this company. (The average for 1947 was actually 11.6 cents.)

Although the average family served by this company is using 32% more electricity than in 1941, the average bill for home electric service has increased only slightly during the same period — from 11 cents to 11.6 cents per day.

Electricity remains cheap because so far rising production costs have been absorbed by increased use and careful business management. Your electric service today is more than ever your biggest bargain.

Mr. and Mrs. Will Wright of Stephenville and son, Roy, of Fort Worth visited Sunday with their daughter and sister, Mrs. Milton Whitehead, and family.

Mr. and Mrs. Wave Walton, their daughter-in-law, Mrs. James Walton and two children of Midland spent the week end with Mrs. Walton's mother and sister, Mrs. J. H. Tull and Mrs. Lillie Anderson. Mrs. Tull accompanied them home for a visit.

Mr. and Mrs. Purley Sharp visited Sunday in Dallas with their daughter and husband, Mr. and Mrs. Doyle Beene, and new son.

Mr. and Mrs. E. A. Blanchard of Stephenville visited Sunday with her mother, Mrs. Lillie Anderson, who accompanied them home for a visit.

After a week's visit with her sisters and brother, Mrs. Fred Geyer, Miss Willie Johnson, and Arthur Johnson, Mrs. Flora McKibben left Saturday for a visit in Cisco with her sister-in-law, Mrs. Henry Johnson, and family before returning to her home in California.

Mr. and Mrs. Dow Self and sons spent Sunday in Stephenville with his parents, Mr. and Mrs. H. K. Self. Their son, Connie Mack, returned home with them after a visit with his grandparents.

Mr. and Mrs. Douglas Vaughan and children of Fort Worth spent the week end with her parents, Mr. and Mrs. Charley Proffitt, and Melba Jean.

Miss Melba Jean Proffitt returned home Friday from the Hico Hospital and is rapidly recovering from an appendix operation she underwent last Monday afternoon.

Martha Jean Turney

Funeral services for little Martha Jean Turney, the 9-year-old daughter of Mr. and Mrs. Troy Turney of the Wilson community, were held at the Baptist church here Thursday afternoon, January 15 at 2:00 p. m., conducted by Rev. Oby Nelson, pastor of the Baptist church in Dublin, assisted by Rev. Chester Sylvester, local Baptist pastor.

Martha Jean was born March 4, 1938, and lived all her young life near Wilson, and passed away Jan. 14 in the Dublin Hospital after several days' illness. She loved Jesus, believed and trusted in Him, loved the Bible and the church and Sunday school. She believed in prayer in her home and often prayed for others. While sick in the hospital, an aged man across the hall from her room was ill; she said to her mother, "Mother, let's pray for him." As young as she was, she always thought of others, the spirit that Christ had. She attended school here, and her little schoolmates will miss her. The little girls in her class carried the many, many lovely flowers.

Surviving the little one are her grief-stricken parents; one sister, Joyce, and one brother, Kenneth; a grandmother, Mrs. N. A. Turney of Wilson, and a host of other relatives and many friends.

Harrell funeral directors of Dublin had charge of all the arrangements, with burial in the local cemetery. Pallbearers were her cousins, Dale Bramlett, James Russell Turney, Wendell Cathey, and Sidney Lee Pine.

Lone Star's Gas Supply Is Adequate For Home Demand

Lone Star Gas Company has assured its domestic consumers that it will have sufficient gas to supply all their fuel needs, no matter how cold the weather, barring unforeseen difficulties. This information was contained in a prepared statement issued by officials following current government recommendations for rationing and restrictions in the use of natural gas and other fuels in some sections of the United States.

Lone Star, which serves this territory and 232 other cities and towns in Texas and Oklahoma, pointed out that some of its industrial consumers may be cut off temporarily at times to protect the gas supply for homes. "There is no shortage of gas as far as Lone Star Gas Company customers are concerned," the statement said. "We expect to handle, barring pipe line breaks or washouts by floods, the fuel needs of homes on the Lone Star system. Should there be any instance of low pressure areas, they would be extremely isolated and result from unusual shortages of material over which the company has no control."

"Homes have first call on Lone Star service. On extremely cold days, as in past years, it may be necessary to discontinue service to large industrial users as all our pipe line capacity may be used in supplying fuel for homes. Industries contract for service with this understanding."

"Lone Star Gas Company is in the midst of a forty-million-dollar expansion and improvement program for the thousands of new customers that are being added each year. In 1947, the first year of this program, 100 major projects were completed over the system to protect and strengthen gas service for more than 400,000 homes."

It was pointed out that Lone Star's pipe line system contains more than 2,000 miles of transmission mains which bring gas from more than 1,200 gas wells in about seventy-five widely scattered fields in Texas and Oklahoma.
