New Look Chicks Hatching In Time For Easter Debut

Easton, Md., March 22.—The Chicken-of-Tomorrow was born here yesterday, making its timely arrival appropriately enough in the Easter season. More than 25,000 chicks—800 of them representing Texas—picked their way out of the shell at Bradley's Hatchery and found the eyes of the nation's three-billion-dollar poultry industry focused in their direction. One of their number will be chosen as the world's champion meat-type chicken on June 24th, and its breeder will be awarded a \$5,000 cash prize. The newborn chicks were greeted by a reception committee of poultry experts headed by H. L. Strader, senior extension poultry man of the U. S. Department of Agriculture. The original eggs were sent to the incubators on February 28 by 40 finalists among the country's best chicken producers. These breeders qualified for the national Chicken-of-Tomorrow contest as winners of statewide and regional trials held during the past three years.

The contest's goal is the development of a chicken with more white meat and a minimum of bone. "New look" specifications call for a carvaceous chicken with plenty of flesh and fat beneath its fine feathered figure. Poultry geneticists want a meaty fowl well equipped for the roasting oven. The program has the full endorsement of government experts and other leaders in the poultry industry.

The chicks will be shipped to Georgetown, Del., this week to begin a 12-week growing period. Between now and June 21, the various breeds will be raised under identical conditions at the Delaware state experiment station. Judges will check them for feathering, mortality and feed consumption before they make a final stop at the dressing plant at Pocomoke, Md. Winning breeders will be announced at a gala field day at Georgetown on June 24th.

Clean Up All Texas Towns Officer Says

Spring Should Bring Good Old-Fashioned General Face Lifting

Austin, March 22.—"A good old fashioned spring house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state," Dr. Geo. W. Cox, State Health Officer, said today, in urging all communities and cities in the state to cooperate in Texas Clean-Up Week April 4-11. A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off vacant lots. "The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises will be, Dr. Cox said, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid, and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the state." Dr. Cox stressed the fact that many dangerous diseases are filth-borne, and the only possible way to control them is to eliminate the insanitary conditions responsible for their spread.

First Annual F. F. A. Stock Show Held Here Wednesday Declared A Great Success

RATLIFF BROS. BUY PRIZE STEER FROM WAYNE POLK

Wayne Polk, Hico survivor of the wartime USS Reed disaster, was just naturally born under a lucky star. Wednesday he got in from somewhere he has been (he has overlooked interviewing the editor yet) just in time to become owner of the FFA Stock Show prize steer. The animal was valued at about a quarter of a thousand dollars. But his ownership didn't last long. The animal was too big alone—even with Wayne's kind of an appetite. Besides that, he thought the choice cuts of meat would be so good he'd like to share the joy of eating it with friends in his old home town. So he let Ratliff Brothers talk him out of it. But not for a song, for a premium price was reported to have been paid. Fast-moving Ferdinand's present owners are considering cutting him up into little pieces and selling him over their meat counter.

Sponsors Declare Even More Accomplished Than Was Expected

March 24th marked the beginning of a new and very worthy enterprise for Hico and all surrounding areas. The Live Stock Show sponsored by the local chapter of Future Farmers of America was a great success, and all who have been working on it feel that they have accomplished even more than they expected for the first year. Plans will be made next Monday night for next year's show, and the sponsors expect it to be much bigger and better. They ask the continued support of the public. A. F. Vandergriff, local teacher of Vocational Agriculture, sent these words of thanks down: "In behalf of the members of the local FFA Chapter, I wish to express our thanks and appreciation to every one who helped in any way to make our First Annual FFA Live Stock Show the great success that it was. This includes the chairman, division superintendents and judges. We especially want to thank Mr. Jack Nonce and the Rio Grande National Life Insurance Company for the boots won by Clinton Lloyd Roberson with a total of 85 points and the spurs won by Clinton Spotts with a total of 68 points." Next week this paper will publish a complete list of winnings and some pictures if they and the engravings for use in printing can be obtained in time.

Battleship Texas Coming Home For Permanent Berth

Houston, March 22.—The gallant old Battleship Texas is finally headed home.

She has waited for more than two years at the Portsmouth Navy Yards, Norfolk, Va., for that final sea voyage, and on March 15 Navy tugs were to begin towing her out to sea, down the East Coast, and home to Texas.

The big question now is what will happen to her once she gets to the Lone Star State and starts up the Houston ship channel to the San Jacinto Battlegrounds. A total of \$40,000 is still needed to cover the costs of berthing the vessel, it has been reported by Lloyd C. Gregory, chairman of the Battleship Texas Commission. Mr. Gregory urges that every Texan join in one final effort to raise the money needed. Contributions are to be sent to Mr. Allan H. King, Treasurer, Battleship Texas Fund, Citizens State Bank, Houston, Tex.

Meanwhile preparations for receiving the man-of-war are under way. Fleet Adm. Chester W. Nimitz will personally present the ship to Governor Beauford Jester for the State of Texas at San Jacinto, April 21—San Jacinto Day. The presentation will take place at the battleground in a colorful ceremony which will be attended by a host of high naval officials and state and civic leaders.

Lloyd Gregory announced receipt of a telegram from Secretary of the Navy John L. Sullivan advising him that the native Texan strategist of the Pacific Fleet, Admiral Nimitz, will come to Texas for the occasion.

With him will be Assistant Secretary of the Navy Mark Edwin Andrew, native of Houston, who was a naval captain during World War II, and Adm. Louis E. Denfeld, chief of naval operations. Mr. Gregory said the presentation would take place shortly before noon San Jacinto Day. The ship should reach the battlegrounds about April 10. It will be permanently berthed in a slip to be dug near the ship channel in the western section of the battleground, almost directly north of the San Jacinto Inn. Gregory said the commission had been able to save about \$12,000 of the dredging costs through an arrangement with J. E. Hine of Syracuse, N. Y., a former Houstonian, who owns land adjoining the battleground. Mr. Hine agreed to let the contractor pour the silt dredged from the slip on a 21-acre tract, free of charge. There are about 250,000 cubic yards of silt, and at five cents a cubic yard, the amount usually charged, this would have amounted to \$1,250 but for the generous agreement given by Mr. Hine.

Pointing out the need for immediately raising the \$40,000 still needed, Mr. Gregory issued an appeal to civic and patriotic organizations, schools, and all others to help raise the money.

KATY AGENTS CHANGED

Z. T. Wilson, who has been Katy agent here for several years, has been transferred to a similar position in Dublin. He and Mrs. Wilson left Sunday for their new home. A. E. Nuckels of Stamford is serving here as relief agent. The position is up for bids, he said, and no appointment will be made for several days.

Grady Barrow and Associate Announce Funeral Home Purchase

Grady Barrow this week announced repurchase of the local funeral home and management of the burial association, which he relinquished a year ago on account of ill health. He feels that he has regained his health sufficiently to resume his connection with the institutions he founded and operated for so many years. In connection with this statement Mr. Barrow announced also association in the business of Wayne Rutledge, experienced in this line, who will assist in the details. Mr. and Mrs. Rutledge and their family consisting of a daughter, Linda Ann, 9, and a young son, Bill Wayne, 19 months, moved here last week and are occupying the modern apartment on the property. They formerly lived at Dallas and Henderson. George Christopher also has re-entered employment at the funeral home. Many improvements to the property have been made in the past week, and many more are anticipated in the near future.

Hamilton to Have New Radio Station In Operation Soon

Hamilton, Tex., Mar. 20.—Construction is under way on Hamilton's new radio station, KCLW, permit for which was granted five months ago to Clyde L. Weatherly, local businessman. Downtown studios are being built to house the offices and programming department. The transmitter building is located two miles west on Highway 36. The station will have a power of 250 watts and will operate on a frequency of 900 kilocycles.

Bluebonnet Club Members Urged to Attend Meeting

"Your presence is urgently requested at the Bluebonnet Country Club Friday, March 26, at 7:30 p. m. for a meeting in regard to upkeep, etc., of the club." This was the wording on a card sent out this week to members of Hico's popular recreation center. The announcement was made by Odie Petack, president, and Willard Leach, secretary of the organization.

Veterans' News

Veterans needlessly take the chance of losing their money and their insurance protection when they mail cash to pay premiums on National Service Life Insurance policies, the Veterans Administration has warned. A number of NSLI policyholders continue to send cash to the VA Branch Office at 1114 Commerce Street, Dallas, Texas, for premium payments. Early this month, an Eastern VA Branch Office received an envelope with \$1,700 in \$100-bills to be applied to the veteran's insurance account. VA pointed out that a veteran, making his insurance payments in cash through ordinary mail, has no way to prove he made the payment in the event it fails to reach VA. Failure to receive the money leaves VA no choice but to lapse the policy. Veterans are urged to use money orders, postal notes (with the reverse side filled out in full), or checks for NSLI premium payments, and also to use the yellow envelopes furnished by VA in mailing the payments to the Insurance Service in the Dallas Branch Office.

Housing costs must be reduced if builders hope to continue serving the veterans market. Thomas H. King, director of the Veterans Administration loan guarantee service, has informed the National Association of Home Builders. "The variance between the prices currently being paid by veterans' families and the prices which can be afforded on the average" indicate that "the bottom of the barrel is being approached," he said.

Nearly one-third of all patients in Veterans Administration Hospitals take part in sports activities, many of which have been adapted to the limitations of veterans' disabilities.

"Panhandle" Coming To The Hico Theatre Tuesday, Wednesday

The management of The Hico Theatre has a special treat in store for patrons next Tuesday and Wednesday. They feel that they have been fortunate in securing local booking for a lately released film, "Panhandle," on those dates. Mrs. J. T. Hitt stated this week that she and Mr. Hitt and Mrs. Hardin could heartily recommend the picture to patrons who like a high-class Western. Rod Cameron and Cathy Downs have featured roles. They are announcing in their advertising a special April Fool's Prerevue Wednesday night, starting at 10:30. "Glamour Girl" will be the feature picture, starring Jack Leonard and Susan Reed. Also a Three Stooges Comedy will be thrown in for good measure.

Water Facilities Loans Available to Erath Co. Farmers

Water facilities loans of the Farmers Home Administration are available to farmers of Erath County for the purposes of constructing, installing or repairing water systems, according to Mr. Williams, County Supervisor of the Farmers Home Administration. Several farmers in Erath County have obtained these loans and have benefited thereby. In addition to improving the supply and promoting water conservation, these farmers have been able to irrigate small gardens and what is most important, have provided a safe drinking water supply for their home and have been able to increase livestock and food production—important steps in peacetime economy. The water facilities program of the Farmers Home Administration is an attempt to cure one of the ills of American agriculture. Adequate water supplies, convenient to the points where water is most needed, are essential to the success of any well balanced farm enterprise. Spelled out, "Water is the difference between success and failure on many a farm," said Mr. Williams.

The farmstead type of water facilities is the most popular and because of the nominal expense of installation, has enabled many family-type farmers to have a modern water system available to meet the average needs of the farm. Both tenant and landowner may qualify for the loans, provided funds cannot be obtained otherwise. Interested farmers may consult with County Supervisor Charles B. Williams Jr. of Erath County at his office in the City Hall in Stephenville, Texas.

Richard Little Wins Second Place For Oil Painting At Texas U.

Richard Leroy Little of Stephenville won second place in a recent Art Students Association exhibit at the University of Texas. Survivors include her husband, who is president of the First State Bank here, five sons, F. A. of Midland, Cliff of Spur, and Carl, Gus and Glenn Bird of Matador, and a daughter, Mrs. John Moore of Washington; also two brothers in Hico, S. E. Blair Sr. and Penn Blair. Among those from Hico to attend the services were Mr. and Mrs. S. E. Blair Sr. and Mrs. Inez Ford.

Weekly SURPLUS NEWS WAA

In dual ceremonies to be held in a tri-city area of the Rio Grande Valley on March 30, Texas is to receive facilities for a modern, new tubercular sanatorium and Mission, McAllen and Edinburg jointly are to acquire a three million dollar airport. The occasion will mark the transfer of the Moore Army Airfield by the War Assets Administration. The airport property complete with runways, operating and maintenance equipment will be turned over to the three cities, which already own the land. The rest of the field, comprising hundreds of asphalt-shingled buildings, a hospital area and personal property, will be deeded to the state of Texas for administration by the state board of control. The legislature has earmarked \$500,000 for development of a 2,000 bed, cottage type tubercular sanatorium on the grounds. Pressure was on this week all through the states of Texas, Louisiana, Mississippi, Oklahoma and Arkansas for the complete liquidation of surplus personal property. Employing a system of traveling sales crews operating out of the Grand Prairie office, the War Assets Administration quickly readied emergency clearance involving more than ten million dollars worth of materials. The site liquidations will get under way March 25 at New Orleans, and additional sales have been scheduled to follow in quick succession at San Antonio, Houston, Oklahoma City and Little Rock. The agency advises the public to make on the spot inspections, since time will not permit advance information in the form of catalog listings. Other details will be furnished on request. Five hundred and thirty-eight World War II veterans, many of them students at North Texas colleges, succeeded in purchasing surplus typewriters at WAA's recent sale at the Grand Prairie Customer Service Center. The ex-servicemen and women included GI students at Texas Christian, North Texas Agricultural College, Southwestern Junior College, and Southwestern Junior College, among others. War Assets announced that as additional set-aside items become available, they will be offered over the counter on a one-per-veteran basis. Three Texas camps are to be cleared of remaining surplus buildings for offsite use via the sealed bid method. At Camp Barkley, near Abilene, purchasers will have until April 5 to get bids to the Grand Prairie WAA office on 45 structures and 100 target frames. The other bid sales concern 60 Fort Brown buildings, near the city of Brownsville, and 53 GI structures at Camp Swift, near Bastrop. In each of the offerings priority claimants will be considered during an initial period, with the general public buying the residue before final deadlines.

Additions Made to Animal Husbandry Department At JTAC

Stephenville, March 22.—A young Hampshire boar, which has added to the swine herd at John Tarleton College, is of excellent breeding, according to Prof. W. W. Reed, head of the animal husbandry department. Son of Gypsy King G, the new Tarleton boar was purchased from the Bor-Walk farm, which also owns its dam. Gypsy King, grand champion boar at the Texas State Fair in 1947, was sired by Fashion King, first place aged boar at the Illinois State Fair and the Indiana State Fair in 1947. Gypsy King G's dam was from Ringold Lady Dora, the only five-star sire of the breed. Dam of the new Tarleton boar is by the first place senior yearling boar of last year's State of Texas show. The dam was sired by Sturdie Roller G, the grand champion boar of the 1947 State Fair. Other recent additions to Tarleton's animal husbandry department include a young Hereford bull, two Jersey bulls, a Hampshire ram, a Southdown ram, and a Rambouillet ram—all of good type and from the best blood lines.

SENIOR NEWS

We enjoyed the Junior Play last Friday night and thought it was a great success.

We have decided to go to Galveston the 13th of May for our Senior trip.

JUNIOR NEWS

Our play was a success. We want to thank everyone for coming, and Mr. Coats for letting us use some of his furniture. Our knees have stopped shaking and we are all looking forward to putting on the Senior play next year.

SOPHOMORE NEWS

Everyone enjoyed the Junior play last Friday night, and certainly had a good laugh. They had a very large crowd. We are sorry about Margie Grimes' accident, but everything went off all right anyhow.

We are looking forward to the Senior Play with high hopes.

HOMEMAKING II

Since the Junior Play is now over and we have our teacher back with us, we are settling down to study luncheons.

WORM'S EYE VIEW

After seeing "The Daffy Dills" Nilly has decided that the only way to get his mind out of a whirl is to find something different to think about. So Nilly sat down and thought and thought. All week end he couldn't get his mind off "The Daffy Dills." On Monday morning he really found something to take his mind off his troubles.

It was a blue-eyed, blonde-headed Freshman girl. No one would have any trouble in thinking about Wanda Jo Suitt. It seems that she is from Clairette and is one of those terrific basketball players. Really, folks, Nilly doesn't know too much about her, but when he saw her pass by him early Mon-

day morning he decided to trek down the facts of her life.

CRYSTAL BALL

I sure did enjoy the Junior Play and they weren't a bit afraid; although they did have to hold each other up before the play. It was during the play that I saw Jeanette Dowdy and Truman Loden, Joan Golightly and Ray Keller, Mary Nell Battershell and Harold Norrod, Donald Davis and Lois Grey.

Saturday night I see Marlene Adams and Garland Latham, Shirley Seago and Jeep Allen, Pat Duzan and Edward Basham, Loretta Funk and Leroy Bobo, Joan Golightly and Ray Keller, Patsy Roberts and Wendell Knight, Flossie Bolton and "Red" Rushin, "Dink" McLendon and Doyle Nix, "Dub" French and Patsy Meador, Betty Golightly and Paul Allen.

J. S. Minter received word Saturday that his only brother, R. B. Minter, had passed away Monday, March 15, at his home in Falkville, Ala., at the age of 87. Their sister, 82, passed away six weeks before the death of her brother at his home in Falkville. Deepest sympathy is extended to Mr. Minter in his double bereavement.

Mrs. Della Green of Dallas and her sister and husband, Mr. and Mrs. J. B. Turner of Portland, Oregon, spent the past week with their brother and wife, Mr. and Mrs. Claud Williams.

Mr. and Mrs. H. O. Powers of Las Vegas, New Mexico, visited the past week with his mother, Mrs. M. D. Powers.

A large crowd enjoyed the program at the school auditorium last Thursday night, put on by Bob Shelton and the Sunshine Boys and Dewey Groom, all of Dallas. The program was sponsored by the Women's Club and a part of the proceeds was given to the Cemetery Association.

Week-end visitors with Mr. and Mrs. C. L. Thetford were Mr. and Mrs. Crockett Thetford and son, Mr. T. Thetford of Ropesville. Sunday visitors in the Thetford home were Mr. and Mrs. Dee Thetford and son, Conway, of Fort Worth; Mr. and Mrs. Oran Thetford and Oranez, Dublin; Mr. and Mrs. Homer Thetford, Pawhuska, Okla.; Mr. and Mrs. C. B. Thetford and two daughters, Mr. and Mrs. Pat Thetford and daughter and son, Mr. and Mrs. Kay Clark, all of Dallas, and George Fay Thetford and Mrs. G. S. Massingill of Carlton.

Mrs. J. D. Upham returned home Friday after a visit in Waco with her daughters, Mrs. L. C. Vaughan and Mrs. Stuart Partain, and their families, and at Houston with her son and wife, Mr. and Mrs. Marion Upham.

Tom Lowery went to Fort Worth Sunday for medical treatment.

Mrs. Wayne Stidham and Mrs. Pete Stidham and sons, Kenneth and Ronny, of San Angelo, visited Tuesday with their husband's mother, Mrs. Rena Stidham.

Mr. and Mrs. H. E. Bell of Bossiers City, La., formerly of Carlton, were visiting here last week with friends.

Mr. and Mrs. Cecil Byrd and son, Eugene, of Stephenville and Staff Sgt. and Mrs. Carl Moss and baby, Carla, of Fort Worth spent the week end with her mother, Mrs. Lilla Byrd.

Mr. and Mrs. Henry Ellison and daughter, Sandra Kathy, of Purves visited Sunday with his parents, Mr. and Mrs. Mack Ellison.

Mr. and Mrs. Ernest Upham of West Columbia and Mrs. May

Phelps of Enid, Okla. spent Friday night with his mother, Mrs. J. D. Upham.

Mr. and Mrs. Loys Landes and two children of Shloh and Mr. and Mrs. Ross Whitehead of Dublin visited Sunday with their parents, Mr. and Mrs. Milton Whitehead and family.

Mr. and Mrs. Tensil Bryan, who moved from Carlton to Fort Worth in December, attended church services here Sunday. They were accompanied by Miss Mary Louise Fine of Fort Worth, who spent the day with her parents and brother, Mr. and Mrs. L. W. Fine and James Fine and family.

**Hamilton-Coryell
Soil Conservaation
District News**

The Hamilton-Coryell District
Supervisors in order to acquaint
their cooperators with the techni-
cal phases of soil erosion as
caused by falling raindrops, held
three meetings recently in which
slides showing the effects of rain-
drop erosion were shown. A mov-
ing picture showing "Raindrops
and Soil Erosion" was presented
along with experimental data
showing how erosion starts; how
much soil is moved by raindrops;
and how to control this soil move-
ment. The Soil Scientist of the Soil
Conservation Service in order to
correlate these facts with the local
conditions discussed. The way in
which our home Grand Prairie and
Cross Timbers soil with and with-
out cover reacts to rain with
special emphasis on their Colloid
contents.

One of these meetings was held
at Carlton in Cliff Tinkle's zone.
The following named group repre-
sentatives attended this meeting:
Lynn Harbour of the East Carlton
group, A. K. Evans of the South
Carlton group, J. W. Jordan of the
Greyville group, M. V. Knapp of
the North Olin group, Cyrus King
of the West Olin group, Herman
Standifer of the Spurlin group,
and J. O. Guest of the Sunshine
group. These seven with 52 other
Cooperators and interested visitors
studied together these features of
the erosion problem.

Based on type of soil, slope of
land, amount of erosion and the
soil's reaction to water, surveys
have recently been made by the
Soil Scientist of the Soil Conserva-
tion Service as a basis for sound
planning on the farms of Fritz
W. Nauert, Gilbert and Marvin
Sommerfeld, Harmon Trammel,
Edgar and Jesse French, J. B.
Arnett, Chester Vick, W. W. Ar-
nett, J. C. Robeson, H. L. Williams
and Scott Blakeley.

Arthur Riewe, 4 miles southwest
of Pottsville in the South Potts-
ville group, has overseeded 29 acres
of small grain with Madrid clover
and is leaving 15 acres in volun-
teer Hubam clover with grain for
the purposes of adding increased
numbers of helpful bacteria to his
soil which will encourage desirable
chemical reaction in the soil; of
increasing the number of earth-
worms which improves his soil.

tilth and makes it more resistant
to raindrop erosion by increasing
the size and number of soil gran-
ules; and to raise the general fer-
tility or productivity level of his
cultivated land.
C. E. Roberts, 3 miles northeast
of Carlton in the Carlton Conserva-
tion Group, has just seeded 4 acres
of a natural waterway to dallis
and native grasses. When these
grasses have developed and the
area has become well stabilized, it
is to be used as a permanent out-
let for the water disposal system
of his farm. He says that since
1000 pounds of water is required to
produce one pound of grass that
grass in this area will be the best
possible for the most profitable
use of this land and that in addi-
tion it will provide a safe, per-
manent and stable foundation for
his farm terrace system. Mr. Rob-
erts states that he has 27 acres
of rye and vetch which has with-
stood the severe cold of this win-
ter and has furnished an abun-
dant of good grazing for his cat-
tle.

NOTE OF THANKS

We want to thank our good
neighbors and friends for all the
nice things they did for us during
my stay in the hospital and since
I have returned home. Especially
do we thank the doctors and entire
staff at the Hico Hospital for their
willing work. Your thoughtfulness
will always be remembered by us.
Again we say, thank you.

the basket in place of your hat," she told him. "I needed those eggs—if I don't have enough you can just take your allowance and buy some of those high-priced town eggs." That was bad.

He was crying when he got to the house. His father just came in and in a few minutes he found out the trouble and he gave the boy another spanking.

Their daughter and husband and daughters came in that night. Their name was Mr. and Mrs. Roy James. As they lived on a farm, they had plenty of eggs, but never once thought to bring any. All acted like they were glad to see them, in spite of that.

Harold had to buy some more, as some cakes and pies were to be made. The twins bought some candy Easter eggs. Saturday afternoon the children came around to the Smith home and they had an Easter egg hunt. They all enjoyed it.

The old red hen would try to jump on Harold when she saw him for she hadn't forgotten it. This would scare him and make him go like a Comanche Indian.

Sunday was a big day at the home of Mr. and Mrs. Robert Smith.

Harold remembered that Friday evening for a long time, and from then he carried a basket like that one in Knox & Tullio's ad a week or so ago.

Mr. James returned home Monday, while Bertha and the twins remained for a longer visit. The girls would help to gather the eggs in and thought it was great fun. They would always take a bucket of a basket, for they knew it was safer. We can all take a lesson from this.

This incident in Harold Smith's life was a long time remembered. Children, always obey your parents and then you will not get into trouble like Harold did.

my telephone means money in the bank

Folks have told us that they actually put into a bank the money a telephone call saves them. For example, a telephone call will save gasoline or bus fare for an errand or shopping trip—and sometimes the greater cost of a business trip. You yourself know a lot of little ways you save money by telephoning—and if you'd stop to add up the amounts you save, you'd find you're putting away a tidy little sum.

FLY YOUR KITES Safely

Away from Electric Lines!

Kite flying is great fun but danger lurks when kites are flown near electric lines. Many a child has lost his life using wire for a kite string or climbing a pole to get a tangled kite. Play safe by following these rules:

1. Use only dry, cotton string to fly your kite.
2. Do not use metal or wire on kites.
3. Do not climb a pole to get a tangled kite.
4. Fly your kite only in open fields away from power lines or busy highways.

If your kite becomes entangled in electric wires, don't risk injury by trying to get it down yourself. Call our office and we'll send a man to remove it for you safely.

THE MIDDLES . . . By Bob Carp

Fairy

By Mrs. J. O. Richardson

There will be a community singing at the Baptist church in Fairy Sunday afternoon, March 28. Many good singers will be there. Everyone is invited.

We received a very good rain Sunday night, which will be beneficial to crops and gardens.

Seems Fairy was well represented at the Hico Hospital Tuesday of last week. Mrs. Edd Allison had a serious nervous attack on Tuesday about noon. A physician was summoned, who advised her removal to the hospital by ambulance. Mrs. Brittie Little accompanied the writer to the hospital for a check-up and she, too, was requested to spend the night at the hospital in order that a more thorough examination could be given. Mr. J. P. Columbus was also a patient there for several days with a severe cold. We sincerely hope all will soon be much improved.

Mr. and Mrs. Scott Blakley and daughter, Lera Jane, and Mr. and Mrs. Carl Ray Sellers and Carolyn spent last Sunday in Brady. Mr. and Mrs. Blakley and daughter visited in the home of Mr. and Mrs. Jim Burris, while Mr. and Mrs. Sellers visited in the home of Mr. and Mrs. Milton Teague and family. Mr. Teague and Mr. Sellers were buddies in the service.

The writer attended a singing at Littleville last Sunday and visited in the home of Mr. and Mrs. Frank Sellers. Others from here attending the singing were H. S. Pitts and John Abel.

D. E. Allison of Dublin came down to Hico Tuesday to attend funeral services for Mrs. C. L. Woodward, but before the funeral he was called to the bedside of his mother here.

Don't forget the cemetery working today (Friday). Those who desire to do so may bring lunch,

but nothing was said in regard to lunch when we were requested to announce the working.

Mrs. Gladys Cox and Mrs. J. O. Richardson attended the funeral Tuesday of Mrs. Woodward at Hico.

Mr. and Mrs. J. L. McCoy visited Sunday in the home of their son, Mr. and Mrs. Ernest McCoy, and family.

Joe, Bill, John, Walter and Louis Abel attended the funeral of their uncle, Mr. Joseph Humphries, at Fort Worth Monday a week ago.

Mrs. V. H. Heyroth of Gatesville visited with relatives here Wednesday afternoon of last week.

Mr. Wallace of Gatesville, an employee of the Community Public Service Co., has been in this community completing the purchase of right-of-way for the high line from Hamilton to Walnut Springs.

Little Misses Linda Lou and Wilma Grace Goyne were hostesses at a birthday party in honor of their mother, Mrs. W. E. Goyne, on Wednesday afternoon of last week.

Teachers Group Has Shown Rapid Strides In Growth

Publication of the following article has been requested by a group of Hico teachers, including Mr. and Mrs. H. H. Miller, Mrs. B. Jernigan, Mrs. J. E. Lincoln, Mrs. John Rainwater, Mrs. K. C. Parker, Mrs. R. B. Jackson, and Mrs. J. W. Appleby, who would like rounding communities to know the facts set forth about schools and the Texas Teachers Association:

Austin, Tex.—The Texas State Teachers Association has grown rapidly in the last few years and is now the largest professional organization in the South and one of the five largest in the Nation. The organization which has members in practically every city and community in the State now has 40,100 persons on its rolls, or approximately 95 per cent of those eligible.

Sixty years ago the Association had less than 100 members. By 1947 it had 2,792 teachers on its rolls. Its growth has been especially rapid during the last decade. B. B. Cobb, executive secretary, announced here.

Supporting the numerous activities of the Teachers' Association are more than 300 affiliated organizations. They include the Texas Association of School Administrators, the Equalization Aid Association, and the more than 300 district, regional and local teachers' organizations.

"We are proud of the tremendous growth of the Association," Cobb declared.

"Our sole purpose is to improve education in Texas. There is a definite correlation between the growth of the Teachers' Association and the increase in funds allocated by the legislature for our public schools and the resultant improvement in education. State records reveal that in 1880 the per capita apportionment was three dollars. We had less than 100 members then. This year the state allocated \$55 per pupil, plus equalization (rural) aid for several thousand schools which qualified for the supplemental funds."

The equalization aid has kept pace with the increase in per capita apportionment, Cobb pointed out. In 1915 it totaled a half million dollars. This year it amounts to \$18,000,000.

"Keeping in mind the fact that we always have our eyes on the goal of better schools for Texas, I am proud to be able to say that the State Teachers' Association has been 100 per cent successful in its campaigns for major improvements in education through legislation.

"An example of efforts was the successful sponsoring of two major bills in the last legislature. One increased equalization aid \$4,000,000 a year. The other gave the teachers who hold bachelors degrees a minimum salary of \$2,000 annually.

"As a result, Texas children now have far more efficient instructors than at any time in the history of Texas.

"The huge increase in the cost of living has, however, offset the salary increases the legislature has granted us," Cobb pointed out.

That the improving of the calibre of the schools in Texas and their teachers has not been made at the cost of other governmental functions was pointed out by the executive secretary.

He said that during the last fiscal year five per cent less of the

total tax dollar went to the schools than in 1932-33.

Cobb said that only teachers' organizations in the states of New York, Pennsylvania, Ohio and Illinois outrank the Texas association in size.

"Should we maintain our rate of growth we soon will be larger than some of those groups," Cobb said.

More members of college faculties than ever before are now in the state teachers association. Faculties of several colleges and junior colleges are almost 100 per cent association members, Cobb noted.

The Association will hold its 70th annual convention in Dallas November 25, 26, and 27.

Girl Scouts Miss Meeting for Program

Due to a program at the Hico gym last Monday night we didn't have our regular Girl Scout meeting.

We went on our first Scout hike last Tuesday evening. We had lots of fun. We are going on lots of hikes this summer.

Last Saturday the Girl Scouts collected money for the Red Cross Drive. We collected \$103.00.

We hope to order our suits next Monday night. We will be glad to get them.

We played some games, after which we repeated our Scout Promise and went home.

To Our Friends and Customers:

We do not want to bow out of the florist business without expressing our sincerest appreciation to you who --- if we have attained any measure of success as a florist --- all credit is due.

We have done our best to please you during our 24 years of business in Hico. Our experience and ability were used but for one purpose, to serve you.

We thank you kindly for each order, for every one represents a friend of ours. We hope you will be just as kind to Mrs. Wolfe and Mrs. Bates as you have been to us, and make them the best florists you ever had.

THANKS, ALWAYS!

CARLTON H. D. CLUB MET WITH MRS. BATTERSHELL

The Carlton Home Demonstration Club met in the home of Mrs. Virgil Battershell March 18.

Due to bad weather and organizing our club so late in the fall, we had missed some home demonstrations. Miss Hander met with us and gave several demonstrations we had missed.

We all enjoyed them and learned things which will help us.

Coffee and home-made candy were served to the following members: Mmes. Avery Coffman, D. W. Reedy, W. Curry, Shaffer, Evans, C. King, Mitchell, Chancellor, B. Sharp, Anderson, Samford, S. Sharp, Miss Hander, and Mrs. Battershell.

Our next meeting will be held April 8 with Mrs. Walker Curry. Any farm woman interested in this club work is invited to come visit us and join if you are interested.

REPORTER.

THE STATE OF TEXAS

To the Sheriff or Any Constable of Hamilton County, Texas, Greeting:

WHEREAS, on the 9th day of February, 1948, Mrs. Agatha Burney, Woody Burney, Weldon Burney, J. W. Burney Jr., and Mrs. Callie Irene Burney Drennan recovered in the District Court of Hamilton County, a judgment against Fred N. Baker for the sum of Fourteen Hundred and No-100 Dollars with interest thereon from the 9th day of February, 1948, at the rate of 6 percent per annum and costs of suit; and, whereas, the said judgment is a foreclosure of a Judgment lien on the following described property, to-wit:

A one-eighth undivided interest in 350 acres of land out of the Jacob Burleson Survey, situated in Hamilton County, Texas, and known as the J. H. Baker homestead tract of land deeded to said J. H. Baker by Emiline D. T. Kingsbury by deed recorded in Book N, Page 357 of the deed records of Hamilton County, Texas, as said judgment lien existed on the 9th day of February, 1948, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said Fred N. Baker. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed, to purchaser and place the purchaser of said property in possession thereof within thirty days from date of sale.

Therefore, you are hereby commanded that you proceed to seize and sell the above described property, as under execution, and make a good and sufficient deed to the purchaser, he being the highest bidder, and to place the purchaser of the same in possession thereof within thirty days after the date of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of Fourteen hundred and no-100 Dollars, together with the interest that may be due thereon, and the further sum of Dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant, Fred N. Baker. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy said judgment, then you are directed to make the money, or any balance thereof remaining unpaid, out of any other property of the defendant, as in case of ordinary executions.

Herein Pail Not, but due return make hereof within 21 days, showing how you have executed the same.

Given under my hand and seal of the District Court of Hamilton County, at my office in Hamilton, Texas, this 1st day of March, 1948.

Boy Scouts Given Promise of Quarters For Summer Camp

Last Thursday night we met as usual at the Scout Hall and enjoyed our pre-meeting games. We were very happy to have a new Scout to join up with us and he is a fellow who has already gone a long way in Scouting. He is James Hovey, and he is a Life Scout and said he is almost ready to pass his Eagle Scout test. James gave us a short talk on the merit badges he has completed. He has 22 to his credit. We are glad to have you, James.

There have been a few requests from boys at Carlton to join our troop and we voted to extend them a welcome to join with us if they are really interested in Scouting. We had a few boys that were not in uniform and each of these were given the once-over and we feel that they will be in uniform next time without further chatter. Each patrol had a private meeting and each decided to carry out some outdoor activity during the coming week. Word comes to the scribe that most of the patrols have carried out their plans.

It was announced that Mr. E. D. (Gob) Goodloe has given the Boy Scouts permission to use his ranch as a camp. Included in his most generous offer is a two-room house, well of water, good swimming hole, fair fishing, and plenty of pasture and open land for hiking and games. We really appreciate this offer and we assure Mr. Goodloe that it will be used profitably for better Scouting in Hico. After the regular meeting we did a little fancy show drilling and were led in our Scout Oath by our new member, James Hovey. "A Scout Is Reverent."

"BAD" COINS TO A GOOD CAUSE... In Las Vegas, N. M., a coin is "bad" when it is too battered to go into a slot machine or to be stacked regularly on roulette or dice tables. An accumulation of "bad" coins began to work for a good cause when \$110 worth was turned over to the Red Cross at the opening of their drive. Here is Joe Schramm, assistant manager of a Las Vegas hotel, handing the mutilated mazzuma to Mrs. Clifford A. Jones, wife of Nevada's lieutenant governor, who represented the Red Cross.

Facts To Remember When Nursing Baby

SINCE a baby's first experience of how the world is going to treat him is the way in which he is fed, mothers should make feeding time as pleasant and satisfying as possible.

Naturally, nursing the child provides the best opportunities for making the baby feel cherished and safe. But breast feeding must not be hurried, nor should a mother show annoyance if the baby's tempo takes no account of the dirty dishes in the sink! Later on, the child will have to adopt himself to family routines. But in these first months mother must adopt herself to baby's natural tempo. Suppose he likes a wink of

sleep between courses—don't withdraw the breast because he isn't working as hard at getting his dinner as you might wish him to. Aside from the assurance of being loved and of belonging that a happy period of nursing gives a baby, an opportunity for plenty of leisurely sucking is one of baby's rights. It is when the thumb or the sheet become too frequent substitutes for normal sucking that baby develops tenacious habits in this direction.

As your doctor will tell you, a baby should be fed when he is hungry, not on a schedule designed for

the "average" child, which may or may not satisfy your baby. However, this doesn't mean going back to the haphazard feeding of grandmother's day. Then mothers found it difficult to leave home for even a few hours because baby soon acquired the habit of yelling for between-meal snacks. This came about because feeding was used as a pacifier. Baby might be lying on a creased sheet or be soggly wet, and if he cried in discomfort mother nursed him for a few minutes. Babies do need pacifying when they rebel over discomforts, but it's better to remedy what is wrong, than add a few loving pats and a bit of play to let him know you were glad to take a few minutes to look after his wants. Save feeding for times when he's actually hungry, for he'll soon learn how to tell you his wants. The amount of food the baby takes should also be left to his appetite, provided, of course, that he is well.

Later on, baby will accept weaning from breast to bottle, from bottle to drinking from a cup, and then on to solid foods if these changes are introduced gradually. Also, the baby must be ready for each change, which means that babies don't all make them at the same ages.

Most mothers, if they are themselves well-adjusted and happy, instinctively establish a pleasant feeding ritual with their babies. But the anxious, disturbed mother too often passes her own nervousness on to the child through tense, worried feeding periods.
